Pursuant to Government Code Section 56653, the following Plan for Services to be extended to the affected territory has been prepared for the Wells Avenue Residential Annexation to the City of Modesto:

A. Project Area and Service Agreements

1. Traffic and Circulation: The annexation area is bounded by City of Modesto jurisdiction to the west and south. No roadway dedication or improvements are required as a part of the annexation. Transit services are provided by the Modesto Area Express (MAX), which has three routes in the vicinity of the property along McHenry Avenue, Tully Road, and Standiford Avenue.
2. Waste Water Collection: There is an existing 10-inch sewer main in Pelandale Avenue that terminates just north of MID Lateral #6 on the west side of Modesto's Pelandale Storm Basin. This main is not connected to the downstream waste water collection system, and is dry. Modesto has a project to extend the North Trunk in Bangs Avenue from Carver Road to Tully Road, including an extension of the 10-inch main in Tully Road and connection to the North Trunk extension, which is anticipated to be completed by the end of 2019. These pipelines would serve the annexation area and have adequate capacity to do so. The project proponent will be required to extend the 10-inch main under MID Lateral #6 and connect to the existing 6-inch main in Detroit Lane, to serve both future residential development and adjacent commercial and industrial areas.
3. Water Delivery: Modesto has existing 10-inch water mains in Detroit Lane and Crocus Drive. The project proponent will be required to extend a 10-inch main from Crocus Drive to Detroit Lane, including a crossing of the Hetch Hetchy right of way. The City of Modesto has adequate water supply to serve the annexation area.
4. Storm Water Drainage: Future residential development will be required to address its storm water drainage on site. Drainage from public roadways is being captured in existing storm drainage basins.
5. Solid Waste Disposal: The annexation area is not developed and has no need for waste disposal at this time. Following development, Gilton Waste Management will collect and dispose of solid waste from the site.
6. Fire Protection: The annexation area will detach from Salida Fire Protection District and be served by the Modesto Fire Department following annexation. Two fire stations are located near the site. Station No. 7, located at 1800 Mable Avenue, is approximately 2.2 miles east of the site. Station No. 11, located at 4225 Carver Road, is approximately 1.25 miles west of the site. No

adverse impacts on staffing or response times are expected to occur with this annexation.

7. Police Protection: Following annexation, the area will be served by Modesto Police Department. The police department has expressed no concerns about staffing or response times for this area.

B. Level and Range of Services

The City of Modesto is a full service provider of municipal services. The City will provide full services to the area upon annexation.

C. When Can Services Be Provided?

The services described above will be provided or available upon development. The project proponent will be required to construct some infrastructure prior to development in order to connect with the waste water collection and water delivery systems.

D. Improvements Required as a Condition of Annexation

No improvements are required as a condition of annexation.

E. How Will Services be Financed?

Capital facilities fees will be levied at the time building permits are issued. Additional funding for services will be financed through utility and service fees, property tax revenues, and the general fund.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-239**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): GENERAL PLAN AMENDMENT TO ELIMINATE THE REQUIREMENT TO PREPARE A SPECIFIC PLAN FOR THE PELANDALE / McHENRY COMPREHENSIVE PLANNING DISTRICT, TO PREZONE 35.19 ACRES TO PLANNED DEVELOPMENT (P-D) ZONE, AND TO ANNEX THE SAME AREA TO THE CITY OF MODESTO AND SIMULTANEOUS DETACHMENT FROM THE SALIDA FIRE PROTECTION DISTRICT

WHEREAS, on March 5, 2019, by Resolution 2019-109 ,Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, Tesoro Homes and Calandev, LLC, have proposed the Wells Avenue Residential Annexation, consisting of annexation to the City of Modesto and the simultaneous detachment from the Salida Fire Protection District of 35.19 acres located west of McHenry Avenue and south of Pelandale Avenue, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2019-08 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on April 24, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 14, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed general plan amendment, prezone to Planned Development (P-D) zone, and annexation, a copy of which is **attached** hereto as **Exhibit “A”**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of May, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: All You

ATTEST: 
STEPHANIE LOPEZ, City Clerk

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Wells Avenue Residential Annexation and general plan amendment is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Wells Avenue Residential Annexation and General Plan Amendment
- B. Address or Location: west of McHenry Avenue and south of Pelandale Avenue
- C. Applicant: Tesoro Homes and Calandev LLC
- D. Project Manager: Cindy van Empel, AICP, CNU-A
Department: Community & Economic Development
Phone Number: 209-577-5267
E-mail address: cvanempel@modestogov.com
- E. Current General Plan Designation(s): R, Residential (Modesto)
UT, Urban Transition; PI, Planned Industrial; PD, Planned Development (Stanislaus County)
- F. Current Zoning Classification(s): A-2-10, PI (24), PD (143) (Stanislaus County)

- G. Surrounding Land Uses:
North: self storage and industrial properties
South: residential development
East: vacant land proposed for mini-storage / RV parking
West: residential development
- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

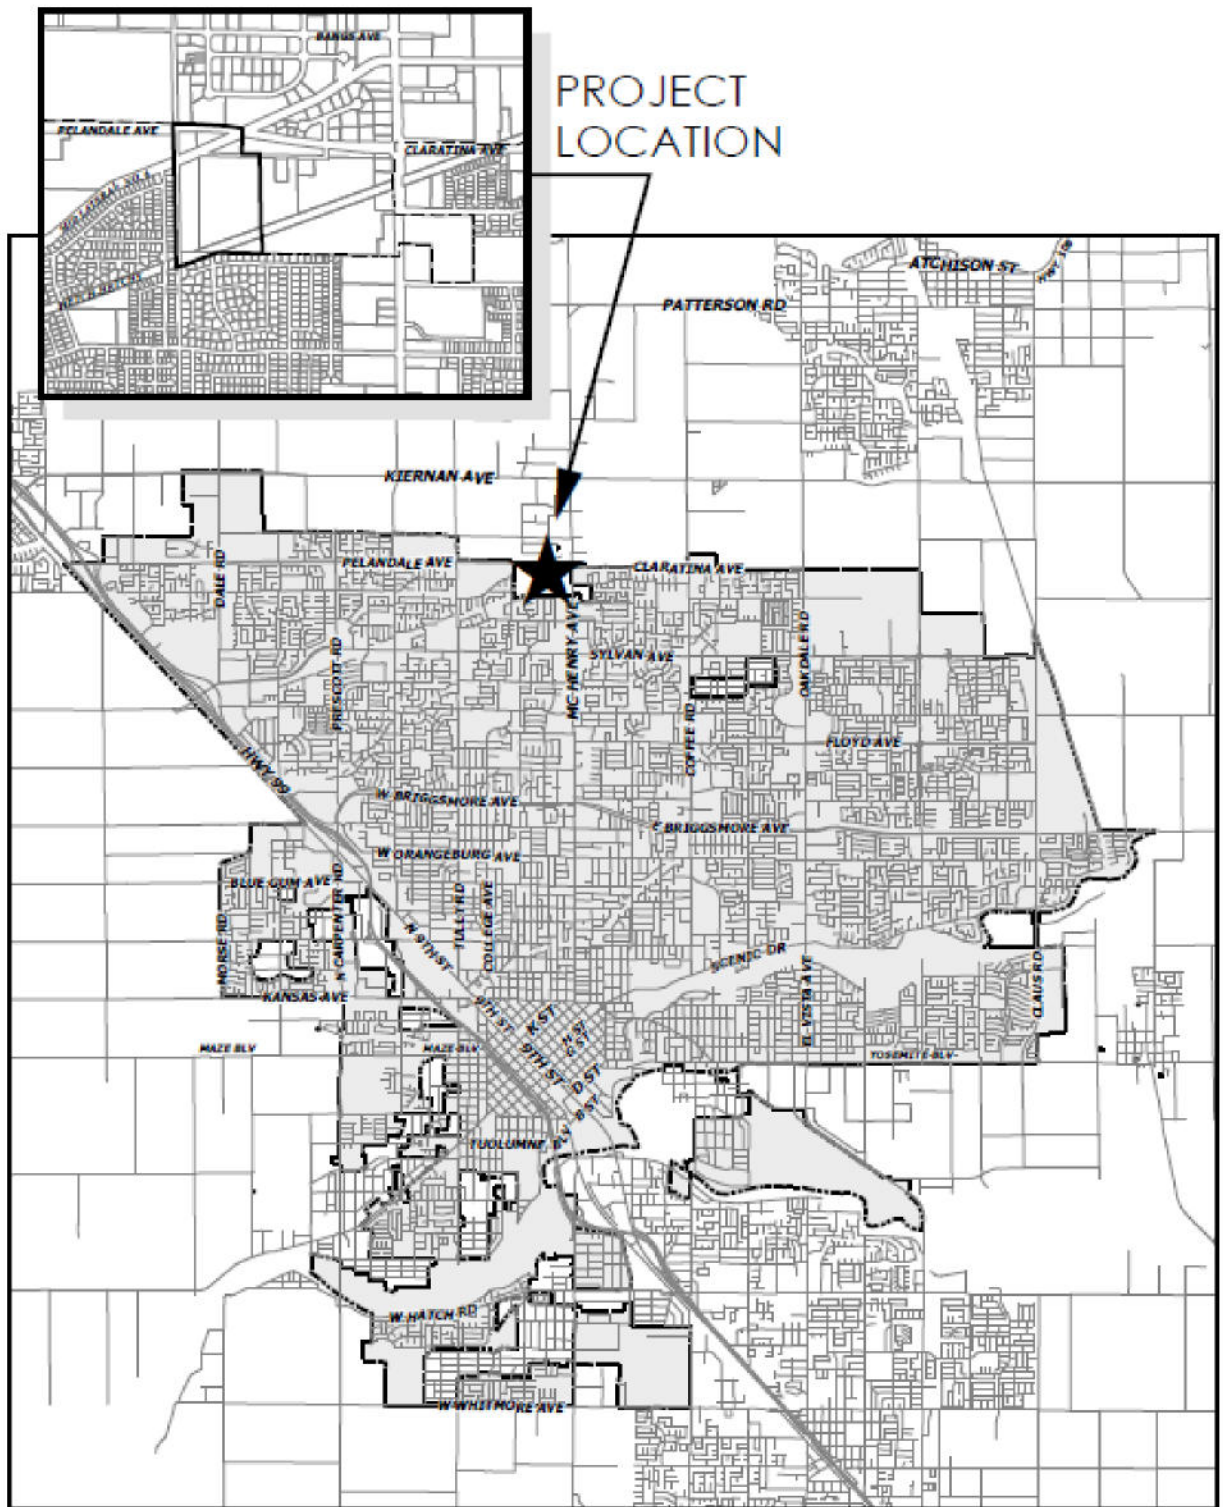

The proposed project is a general plan amendment, prezone, and annexation. The general plan amendment affects the entire Pelandale / McHenry Comprehensive Planning District (CPD), and the prezone and annexation affect approximately 35.19 acres at the western end of that CPD. **Figure 1** illustrates the location of the proposed project.

A general plan amendment is proposed that would eliminate the requirement for preparation of a specific plan for the Pelandale / McHenry CPD and to remove the CPD from the Planned Urbanizing Area and add it to the Baseline Developed Area. **Figure 2** shows the general plan designations in the CPD, reflecting the designations on the adjoining property as they are today and as proposed under a separate application by a different applicant. (City Council will hear this request on April 23.) Other supporting amendments to the General Plan would be made, including changes to Figure III-1 of the General Plan, as shown on **Figure 3**.

The applicant proposes the annexation of seven parcels totaling 35.19 acres within the Sphere of Influence and including roadways and the former Tidewater Southern Railroad right of way to attach to the City of Modesto and Modesto Municipal Sewer District #1 and the simultaneous detachment from the Salida Fire Protection District, as shown on **Figure 5**. Three of these parcels (APNs 046-004-011, 046-004-021, and 046-009-001) are publicly-owned storm drainage basins. Another parcel (APN 155-036-016) is owned by the City and County of San Francisco and is underlain by a portion of the Hetch Hetchy pipelines. The remaining three parcels would be developed as a gated single-family residential subdivision with a storm drain basin and open space.

Figure 5 also shows the area to be prezoned to P-D, Planned Development. A development plan, P-D amendment, and tentative subdivision map will eventually be processed together and heard before Planning Commission and an environmental evaluation specific to the development proposal will be required at that time.

- I. Other Public Agencies Whose Approval is Required: Stanislaus Local Agency Formation Commission, San Francisco Public Utilities Commission.

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR;
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,
- E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

2. **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3. **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;

- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Project Manager

Title

Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MASTER EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	<input type="checkbox"/>
(2) City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	X	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	<input type="checkbox"/>
(5) The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	X	<input type="checkbox"/>
(6) Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	X	<input type="checkbox"/>

Discussion:

- (1) The City of Modesto is the lead agency for processing general plan amendments and rezones / rezones within the corporate limits and sphere of influence. The Stanislaus County Local Agency Formation Commission is the lead agency for determining whether the City has services adequate for future development and whether the annexation to the City of Modesto can occur.
- (2) General plan policies will be applied to the proposed development. Should LAFCo approve the annexation application, Planning Commission will have authority over subsequent future entitlements.
- (3) This project does not propose and City staff is unaware of any changes to local, State, or federal policies that would have the effect of being less restrictive than existing policies. The proposed general plan amendment requests the requirement that areas developing at the edges of the City prepare specific plans and environmental documents prior to processing an annexation. General plan policy requiring the preparation of a specific plan is intended to ensure that development over a large area—approximately 480 acres, or an area large enough to support an elementary school. The developable area of this CPD is so small that the preparation of a specific plan has become an impediment to development, in addition to physical impediments affecting the CPD. City staff is ensuring that the development that occurs in the area is orderly and consistent with policies affecting development.
- (4) There are no known resources in the area, as disclosed in the General Plan Master EIR.

- (5) The proposed project lies within the City of Modesto’s Sphere of Influence.
- (6) The proposed annexation and subsequent development will be required to comply with all relevant policies in the general plan.

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any “no” response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is “within the scope” of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City’s obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the Master EIR will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-6) Nothing in the proposed project would increase the amount of traffic expected to occur from development of the Pelandale / McHenry Comprehensive Planning District, nor change any element of the transportation system, nor add any hazards to the system. The proposal is also consistent with relevant regional plans, including the Congestion Management Plan. The project site is not near any airport and would affect no air traffic.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the Master EIR will be applied to this project, although some policies will be applied to future development. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse gases.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-8) The proposed project is consistent with development that is anticipated in the General Plan Master EIR. The general plan amendment, prezone, and annexation are fundamentally administrative activities that will result in no physical impacts. The proposed project does not conflict with an air quality plan nor impair the attainment of air quality goals. Odors anticipated to occur as a result of future development would be consistent with residential development throughout the area. Prior to development, further environmental review of a future proposed subdivision map and planned development amendment will be required.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City's noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the Master EIR will be applied to this project, although some policies will be applied to future development. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA L _{max} inside bedrooms or 55 dBA L _{max} inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-7) The proposed project consists of a general plan amendment, prezone, and annexation. These are administrative activities that will have no physical impacts and generate no noise. Prior to development, further environmental review of a the specific future proposed subdivision map and planned development amendment will be required.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

None of the mitigating policies in the General Plan Master EIR will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-4) The property in question is vacant land and has not been farmed in many years. The property is classified by the State of California as Grazing Land, although stock is not grazed in this location and the property is substantially surrounded by urban development.

The proposed project is consistent with the Residential land use designation in the General Plan and is, therefore, future development of the site is consistent with Policy AL-16. The potential for agricultural use of the property is compromised by being virtually surrounded by urban development, as described in Policy AL-19. The project includes a general plan amendment that would reclassify the site as within the Baseline Developed Area. Policy AL-12 indicates that development in the Baseline Developed Area is considered to have a minimal impact on the conversion of agricultural land.

No impacts on farmland are expected to occur.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

None of the mitigating policies in the General Plan Master EIR will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-3) The City of Modesto has adequate water supply to serve future residential development on the site. However, the infrastructure needed to deliver water to the site has not yet been built. Water lines are expected to be extended to the west side of the MID canal by winter of 2019-2020.

In order to receive water service, the developer will be expected to extend water lines across the MID right of way and from Crocus Drive to the site across the Hetch Hetchy right of way as a condition of development. A third connection point may also be required. No major facilities will be required to be expanded or constructed for this project, and no impacts are expected to occur that are greater than those anticipated in the General Plan Master EIR.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

None of the mitigating policies in the General Plan Master EIR will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-3) The proposed project is consistent with the wastewater policies contained in the General Plan and the City of Modesto has adequate capacity to provide service to the project site without need to expand major facilities.

In order to receive sewer service, the developer will be expected to extend the sewer line across the Hetch Hetchy right of way as a condition of development. No major facilities will be required to be expanded or constructed for this project, and no impacts are expected to occur that are greater than those anticipated in the General Plan Master EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

None of the mitigating policies in the General Plan Master EIR will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-7) The project, which is a general plan amendment, prezone, and annexation, will not affect any wildlife, wildlife habitat, or wetlands is consistent with General Plan policies relating to wildlife and habitat. The site is not a wildlife corridor, nor does the City of Modesto have any ordinance protecting native trees, and there is no habitat conservation plan or other conservation plan that affects the project site. Further environmental review will be conducted at the time a specific development proposal is received, in order to ensure that policies applied are current and relevant.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

None of the mitigating policies in the General Plan will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-6) There are no known historic or archaeological resources on or anywhere near the project site. No discoveries are expected and no impacts are expected occur. The project, which is a general plan amendment, prezone, and annexation, would have no physical impact. However, additional environmental review will be required when a specific development proposal has been received.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto's urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-3) Although the annexation area includes storm drain basins, the capacity of these basins is committed to existing development. A future development proposal will be evaluated to determine consistency with General Plan policies that require on-site retention of storm water.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) The project site does not lie within or near a 100-year flood zone or near any dam. Flooding risk associated with dam failure is similar on the project site to all areas within the City of Modesto. Development will be required to be consistent with the terms of the City's Stormwater Pollution Prevention Program. Runoff will be required to be controlled on site and treated if it is to be moved off site. No impacts are anticipated to occur, although specific environmental review will be required for a future development proposal.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	X

Discussion:

- (1-3) The proposed project consists of an administrative general plan amendment, a prezone to Planned Development, and annexation. None of these activities is anticipated to result in physical impacts. Additional environmental review will be required to evaluate a future, specific development proposal.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) Future development of the project site, which would be facilitated by the requested entitlements, is consistent with the expected use of the site, as described in the General Plan. Modesto City Schools and Sylvan Union School District had no comments on the project, which is administrative in nature. They will have another opportunity to comment on the project when a subdivision map and planned development amendment applications are received. School impact fees will be assessed at the time building permits are applied for and no impacts greater than those anticipated in the General Plan Master EIR are expected.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) Modesto Police Department had no comments on the proposed project, and no impacts greater than those anticipated in the General Plan Master EIR are expected to occur. The Police Department will have additional opportunities to comment when the subdivision map and planned development amendment applications are received.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) Modesto Fire Department had no comments on the proposed project, and no impacts greater than those anticipated in the General Plan Master EIR are expected to occur. The development concept includes gating the future residential development, which will require the provision of emergency access, as specified by the Fire Marshal’s office. The Fire Department will have additional opportunities to comment when the subdivision map and planned development amendment applications are received.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) Impacts on solid waste collection and disposal resulting from the proposed project are expected to be similar in scope and scale to impacts resulting from other residential areas throughout the City of Modesto. There is currently adequate landfill capacity to handle household waste.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-4) The project site is not on the State's list of known hazardous sites and there is no feature of the proposed project or future development of the site that would involve hazardous materials other than those typically being used as part of development or in a typical household. No impacts are expected to result.
- (5) The project site is farther than two miles from the nearest public or private airport. The risks associated with airport proximity would not be expected to occur at this site.
- (7-8) There are no know hazards on the site that are different from or greater than hazards that occur elsewhere throughout Modesto on similar sites. No impact on the City's emergency response or evacuation plans would result from the proposed project or from eventual development on the site.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-2) The proposed project consists of administrative activities, including a general plan amendment, prezone, and annexation. None of these actions will have a physical impact on the environment. Additionally, future development is not expected to have an impact on geology, soils, and mineral resources, as there are no known hazards or resources in the project area.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) The proposed general plan amendment, prezone, and annexation are administrative in nature and would result in no impacts on the type of development expected to occur on the site in the General Plan Master EIR analysis. When a specific development proposal is received by the City, it will be evaluated to determine whether it is consistent with General Plan policies in effect at that time.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would substantially degrade the existing visual character or quality of the site and its surroundings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-7) The proposed project consists of a series of administrative activities that will facilitate urban development on the project site, but is not expected to result in physical impacts. The future specific development application will be further evaluated to determine whether it will be consistent with General Plan policies. However, the project site is not a scenic area, nor is it near a scenic area and there are no views on or off site that are considered to be of scenic value.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigating policies in the General Plan will be applied to the proposed project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) The proposed general plan amendment would eliminate the requirement for preparation of a specific plan for the Pelandale / McHenry Comprehensive Planning District (CPD) and to remove the CPD from the Planned Urbanizing Area and add it to the Baseline Developed Area, as shown on **Figures 2, 3, and 4**. The purpose of a CPD is to ensure that planning and development are coordinated over a relatively large area. This CPD, however, is both fairly small (80 acres) and largely developed or committed to development, and much of the infrastructure needed to serve the area has been designed. An area of approximately 27 acres remains to be committed to development or developed. In light of the small area and the planned and designed infrastructure, it is unnecessary for the applicant to go to the significant effort and expense of preparing a specific plan. General Plan policies relating the provision of infrastructure will be adhered to and no impact is expected to occur.
- (2-4) The project site is at the edge of an established neighborhood, at the end of a stubbed residential street, Crocus Drive. The conceptual development proposals include gating the future residential development, which would reduce traffic impacts. Additional environmental review of a future specific development proposal will be required prior to development.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

None.

Air Quality and Greenhouse Gases:

None.

Generation of Noise and Vibration:

None.

Effects on Agricultural Lands:

None.

Increased Demand for Long-Term Water Supplies:

None.

Increased Demand for Sanitary Sewer Services:

None.

Loss of Sensitive Wildlife and Plant Habitat:

None.

Disturbance of Archaeological/Historic Sites:

None.

Increased Demand for Storm Drainage:

None.

Flooding and Water Quality:

None.

Increased Demand for Parks and Open Space:

None.

Increased Demand for Schools:

None.

Increased Demand for Police Services:

None.

Increased Demand for Fire Services:

None.

Generation of Solid Waste:

None.

Generation of Hazardous Materials:

None.

Geology, Soils, and Mineral Resources:

None.

Energy:

None.

Effects on Visual Resources:

None.

Land Use and Planning:

None.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-240**

RESOLUTION APPROVING THE CITY OF MODESTO PROGRAM YEAR 2019-2020 ANNUAL ACTION PLAN FOR USE OF COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAMS, EMERGENCY SOLUTIONS GRANT, AND HOME INVESTMENT PARTNERSHIP PROGRAM FUNDING RECEIVED FROM THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO NEGOTIATE AND EXECUTE ANY RELATED PROGRAM AGREEMENTS, CONTRACTS OR OTHER DOCUMENTATION REQUIRED FOR IMPLEMENTATION OF THE PROGRAM YEAR 2019-2020 ANNUAL ACTION PLAN AND AUTHORIZATION TO SUBMIT APPLICABLE DOCUMENTATION AND PROVIDE TECHNICAL ALTERATIONS, AS REQUIRED BY HUD, INCORPORATE COMMENTS RECEIVED PRIOR TO THE CLOSE OF THE PUBLIC COMMENT PERIOD, AND TO MAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISION OF THIS RESOLUTION

WHEREAS, each year the City of Modesto receives Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME) and Emergency Solutions Grant (ESG) funds from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the CDBG and HOME grant programs also generate program income and revolving loan fund income which further fund the grant programs and are to be used under similar rules and regulations as grant funding, and

WHEREAS, HUD requires these amounts to be presented to the City Council each year in an Annual Action Plan (AAP), and

WHEREAS, the Program Year 2019-20 Annual Action Plan proposed budget submitted to the U.S. Department of Housing and Urban Development which is **attached** hereto as **Exhibit A**, and incorporated herein by reference, and

WHEREAS, funding availability and specific project and activity budgets consistent with the AAP are managed in HUD's online Integrated Disbursement and

Information Management (IDIS) system and the City's financial system simultaneously,
and

WHEREAS, according to HUD rules and regulations, substantial amendments to an AAP must be presented to the City Council for approval, while unsubstantial amendments, remaining consistent with the AAP, can be made in IDIS by City staff, and

WHEREAS, funding availability and specific project and activity budgets consistent with the AAP are managed in HUD's online Integrated Disbursement and Information Management (IDIS) system and the City's financial system simultaneously,
and

WHEREAS, synchronization of the City's financial system and IDIS necessitates budget adjustments within the City's financial system, and

WHEREAS, budget adjustments are necessary to revise CDBG, HOME and ESG budgets included in the City of Modesto 2019-2020 Annual Operating, Multi-Year and Capital Improvement Budgets, and

WHEREAS, budget amendments performed under the authority of this resolution will be presented to the Finance Committee and the Council as part of the existing Monthly Budget Adjustment Report process, and

WHEREAS, the authority of this resolution will not be used to satisfy any HUD rules or regulations requiring information to be presented to the City Council or the public.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto Program Year 2019-2020 U.S. Department of Housing and Urban Development Department (HUD) Annual Action Plan for use of the

Community Development Block Grant, HOME Investment Partnerships Program, and Emergency Solutions Grant funds.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to submit applicable documentation and provide technical alterations, as required by HUD, negotiate and execute any related program agreements, contracts or other documents required for implementation of the "Program Year 2019-2020 Annual Action Plan", **attached** hereto as **Exhibit A** and incorporated herein by reference, and to make the necessary steps to implement the provision of this resolution..

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Ah You

ATTEST: 
STEPHANIE LOPEZ, City Clerk

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Modesto's Program Year (PY) 2019-2020 Annual Action Plan represents the fifth (5th) year plan of the City of Modesto's 2015-2020 Consolidated Plan. The PY 2019-2020 AAP identifies activities to be undertaken during the program year to address community priority needs. Further, the PY 2019-2020 AAP identifies the expected resources to be available and the activities to be funded along with related activity accomplishments.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Modesto has identified the following areas on which to focus funds, based on the 2015-2020 Consolidated Plan Priorities,

- Affordable Housing
- Fair Housing
- Ending Chronic Homelessness
- Public Services
- Public Facilities Improvements
- Public Improvements

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Modesto identified a number of activities in the PY 2018-2019 Annual Action Plan in an attempt to address the community needs as identified in the Consolidated Plan. Through these activities, the City of Modesto continued to take an active role in promoting and producing affordable housing, addressing the social and economic needs of low- and moderate-income individuals, and serving the special needs populations within the City of Modesto.

Specific activities that were accomplished include:

Affordable Housing Activities:

1. 522 E. Granger: Partnered with Stanislaus County Affordable Housing Corporation (STANCO) for the completion of four 650 square foot one bedroom, one bath energy efficient apartments (HOME Funds - \$563,000); CDBG funds were also awarded to this project for the renovation of a community center to provide services to tenants of the housing project.

2. 615 5th Street: Awarded CDBG funds to STANCO for the acquisition of a 2 bed/1 bath unit to provide transitional affordable housing to special needs populations (CDBG Funds \$189,600).
3. 201 E. Coolidge Ave: Partnered with the Housing Authority of the County of Stanislaus (HACS) to rehabilitate a 40-unit multi-family housing complex. The project scope included rehabilitation work to address health and safety repairs, landing replacements, mold remediation, water leaks, dry rot, replace outer walls of existing stairwells and stairwell headers to assist with the first Housing First Pilot project for HACS (CDBG Funds - \$450,000).
4. Vine Street Acquisition: Partnered with the HACS to acquire property to develop a two phase affordable housing project. Phase I will consist of 23, 1 bedroom units to provide housing for veterans. Phase II will consist of 12 senior housing units (CDBG Funds - \$280,000).
5. 416 E. Coolidge Ave: Awarded funds to the HACS for the construction of eight (8) 1 bedroom units to provide affordable housing to mental health clients served by Stanislaus County Behavioral Health and Recovery Services (BHRS) (HOME Funds - \$800,000).
6. Edwards Estates: Awarded HOME CHDO funds to Great Valley Housing Development Corporation for the construction of two affordable housing units to be sold to first time homebuyers (HOME – \$488,657).

Owner Occupied Housing Rehabilitation:

A total of 22 households have received housing rehabilitation assistance to address health and safety related repairs on their homes including but not limited to installation of energy efficient windows, energy efficient HVAC systems, re-roof improvements, ADA bathroom improvements, electrical repairs, and ADA ramps.

CDBG Public Services

Under the City of Modesto's 2018-2019 CDBG Public Service program, the City provided a total of \$309,484 to 10 non-profit organizations to deliver essential public services to extremely low to moderate income families and individuals.

ESG Homeless Services

The City awarded a total of \$152,195 four (4) non-profit organizations to deliver essential homeless services homeless or persons at risk of homelessness.

In PY 2018-2019 the City carried out several affordable housing activities to supplement the City's affordable housing stock. These projects have paved the way for work to be carried out in PY 2019-2020 continuing efforts to provide affordable housing opportunities to low income households. In PY 2019-2020, the City will continue to work with its local partners to carry out more affordable housing projects including shelter, transitional, and permanent housing.

4. Summary of Citizen Participation Process and consultation process

For the 2019-2020 Annual Action Plan, the City held community meetings within each City Council Districts and when possible, community meetings were held within low income Census Block Group areas. The meetings were held at different times and locations in an effort to accommodate the needs of low-income residents, particularly persons with Limited English Proficiency community needs.

Spanish-speaking translators were made available at all meetings. Limited English Proficiency assistance may be accommodated for other languages upon advance notice. All community input meetings were held at public buildings accessible to disabled individuals.

All community meetings were open to the public. A meeting notice listing all the meetings and the public hearing were distributed via email and published in the Modesto Bee. The draft AAP was made available online at: <https://www.modestogov.com/1850/Annual-Action-Plans> and hard copies were made available for review at the City of Modesto Community and Economic Development Department at 1010 10th street, Suite 3100, Modesto CA.

The draft AAP was made available for a minimum 30-day public review and comment period from March 25, 2019 to May 14, 2019.

See section AP-12 for a summary of Citizen Participation community meetings held.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

See AP-12 Participation for a summary of comments received.

A summary of all public comments will be provided to the City of Modesto City Council at the May 14, 2019 Public Hearing to consider adoption of this AAP.

6. Summary of comments or views not accepted and the reasons for not accepting them.

Pending end of public comment period.

7. Summary

The City of Modesto's Program Year (PY) 2019-2020 Annual Action Plan represents the fifth (5th) year plan of the City of Modesto's 2015-2020 Consolidated Plan. The PY 2019-2020 AAP identifies activities to be undertaken during the program year to address community priority needs.

For the 2019-2020 Annual Action Plan, the City held community meetings within each City Council Districts and when possible, community meetings were held within low income Census Block Group areas. The meetings were held at different times and locations in an effort to accommodate the needs of low-income residents, particularly persons with Limited English Proficiency community needs.

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan
 Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	MODESTO, CA	
CDBG Administrator	MODESTO, CA	Community & Economic Development Department
HOME Administrator	MODESTO, CA	Community & Economic Development Department
ESG Administrator	MODESTO, CA	Community & Economic Development Department

Table 1 – Responsible Agencies

Narrative (optional)

The City of Modesto’s Community and Economic Development Department, Community Development Division is the lead agency responsible for the preparation of the Consolidated Plan and related Annual Action Plans.

The Community Development Division collaborates with two Citizen Advisory committees in the development and approval of HUD planning documents as well as for the approval of HUD funded projects and activities: 1) the Citizens Housing and Community Development Committee (CH&CDC), and 2) the Housing Rehabilitation Loan Committee (HRLC).

The CH&CDC is an 11-member committee appointed by the Modesto City Council and is comprised of representatives from the Modesto City Council, Planning Commission, Housing Rehabilitation Loan Committee, Human Relations Commission and several citizens-at-large. Generally, the citizens-at-large represent low-income and racial minority groups. The CH&CDC provides overall review of the City's Housing and Urban Development (HUD) plans (Con Plan, AAP, CAPER) and funds. The committee makes funding recommendations to the Modesto City Council regarding the HUD Community Development Block Grant, Emergency Shelter Grant, and Home Investment Partnerships Grant programs.

The Housing Rehabilitation and Loan Committee considers all Homeowner Rehabilitation Program projects for eligibility and approval.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Modesto consulted with various organizations including service providers within Stanislaus County. Consultation with service providers not only takes place during the development of the Annual Action plan but occurs throughout the year through the City's engagement in the Community System of Care and Focus on Prevention initiative. The City realizes that consultation and collaboration with stakeholders and service providers is key in ensuring that meaningful dialogue takes place so that the best strategy to address underserved needs is set in place and HUD resources are used in the most effective way.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Since 2014, there has been an extraordinary amount of coordination among service providers throughout Stanislaus County. This coordination began with the launch of the Focus on Prevention Countywide initiative with the aim to improve the quality of life for all Stanislaus County residents and families through coordinated prevention efforts that work across multiple sectors and address root causes. The sectors include arts, entertainment and sports, business, education, faith, government, healthcare, media, non-profits, neighborhoods, and philanthropy. When this initiative began, the first area of focus was preventing and reducing homelessness.

The City of Modesto has been a key partner in the Focus on Prevention initiative. The City's active involvement in the Community System of Care (CSOC), which acts as the local Continuum of Care, is key in ensuring that there's coordination between public and assisted housing providers and private governmental health, mental health and service agencies.

In January 2019, the CSOC released a “Plan to Address Homelessness in Stanislaus County”. The plan consolidates and updates community planning and feedback processes from the past four years, and draws upon the work of community leaders and agencies at the front lines of serving homeless people and families. Included in the plan are strategies designed to strengthen and further unite the efforts of government and community partners in multiple sectors: housing and shelter providers, healthcare providers, the members of the CSOC, housing developers, law enforcement/justice system stakeholders, behavioral health/substance abuse treatment agencies, emergency response system members, faith-based community, educational leaders, people with lived experience of homelessness, and a wide range of service providers.

In an effort to create a formal public/private governance structure to establish a single point of community leadership and oversight to guide the response to homelessness in Stanislaus County, a new governance structure called the Stanislaus Homeless Alliance is being established. The intent of this new community-wide leadership structure is to develop one vision, one program strategy, and one funding strategy to communicate performance outcomes to the community and serve as the framework for mutual accountability. The Homeless Alliance will include elected officials, executive staff and non-government community leaders to reinforce the core principle that effective solutions must include all sectors of the community working together with a common purpose and strategy.

With regard to economic development, the City of Modesto has strong partnerships with Opportunity Stanislaus, the county-wide economic development partner that focuses on growing and strengthening Stanislaus County through programs designed to build a strong workforce and create a thriving business environment. The City continues to coordinate with Opportunity Stanislaus to enhance business opportunities for low income individuals. The City currently has a contract with Opportunity Stanislaus to support operations of its VOLT Institute program which offers fast-paced training for high-wage, in demand careers in industrial maintenance mechanics to low income individuals.

In addition, the City of Modesto partners with Access Plus Capital (previously Fresno Community Development Financial Institution) on a small business loan project. The program provides competitive loans to business start-ups and/or existing businesses for working capital, tenant improvements, and/or equipment.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As part of the CSOC’s Plan to Address Homelessness in Stanislaus County, the CSOC is currently working on efforts to better align local, state, and federal resources to respond to the needs of the community’s homeless population including families and individuals living with serious mental illness who are homeless, chronically homeless, or at risk of chronic homelessness.

The City continues to coordinate efforts and leverage funds with our local Community System of Care and jurisdictions to have a greater impact in the areas of housing and homeless services. The City of Modesto and its partners also continue to work toward an effective and efficient Coordinated Entry system designed to ensure that people experiencing homelessness and those at risk of homelessness are quick matched to the supportive services, shelter, and housing that most effectively and efficiently end their homelessness.

In addition, the City is working with the CSOC on the coordination with local institutions to minimize the discharge of people from publicly funded institutions, hospitals, and prisons into homelessness. Due to the California law change in January 2019, the local Behavioral Health and Recovery Services County agency is working with medical institutions and their discharge policies to assist homeless patients in preparing for their return to the community and helping identify a post-discharge destination, with priority given to identifying a sheltered destination with supportive services. There is still a large shortage in permanent supportive housing and supportive services and the community has applied for No Place Like Home Funding in order to help address those shortages.

In the coming year, the City will partner with the local youth service provider to assist with additional youth facilities such as a one-stop-shop “Youth Access Center”.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

With regard to consultation with the Continuum of Care in determining how to allocate ESG funds, the CSOC is currently working on restructuring the CSOC oversight to form a homeless alliance which will oversee all funds designated for homeless services in the community, including ESG, to ensure the funding has the greatest impact among the population it serves.

To develop performance standards and evaluate outcomes of projects and activities assisted by ESG funds, the City of Modesto uses performance measures captured annually by HMIS to evaluate the outcomes of projects assisted with ESG funds. The performance measures will help evaluate the performance to determine the most effective services and assist with future allocation of ESG funds. These include: length of homelessness, returns to homelessness, number of sheltered homes persons, employment and income growth for persons, homeless for the first time, and exit and retention to permanent housing.

The CSOC has adopted policies and procedures to administer the operation of the Homeless Management Information System. The City of Modesto, as HMIS Lead, will utilize California Emergency Solutions and Housing (CESH) Program funds from the State of California and HMIS Capacity building funds to enhance the current HMIS system for more streamlined coordinated entry and to illustrate the outcomes of individual homeless services.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities.

1	Agency/Group/Organization	Housing Authority of the County of Stanislaus
	Agency/Group/Organization Type	Housing PHA Services – Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consulted via ongoing collaboration of housing projects that the City has as well as coordination during CSOC (CoC) meetings. Anticipated outcomes include the identification of gaps and services and continued partnership in delivery of affordable housing projects and services with the end goal of serving low income and homeless households in the most effective and efficient manner.
2	Agency/Group/Organization	Haven Women's Center
	Agency/Group/Organization Type	Services-Victims of Domestic Violence
	What section of the Plan was addressed by Consultation?	Housing Needs - Victims of Domestic Violence
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.
3	Agency/Group/Organization	STANISLAUS COUNTY
	Agency/Group/Organization Type	Other government - County

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	City and County staff collaborate on an ongoing basis to address homeless needs in the community. The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.
4	Agency/Group/Organization	THE SALVATION ARMY - MODESTO CA
	Agency/Group/Organization Type	Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. As one of the largest homeless services provider, located in and serving Modesto, this agency provides insight in the needs and issues the homeless population are facing. The anticipated outcome is that the City and County governments continue to work closely with this agency to increase its capacity with the goal of delivering effective and efficient services to the homeless population as well as improving program related requirements.

5	Agency/Group/Organization	THE DISABILITY RESOURCE AGENCY FOR INDEPENDENT LIVING (DRAIL)
	Agency/Group/Organization Type	Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>
6	Agency/Group/Organization	Stanislaus County Community Services Agency
	Agency/Group/Organization Type	Services-Children Services-Elderly Persons Services-homeless Services-Health Other government - County
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>
8	Agency/Group/Organization	Turning Point Community Programs
	Agency/Group/Organization Type	Housing Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>As the operator of the Outreach and Engagement Center and Housing Assessment Team, the anticipated outcome is that the City and County governments continue to work closely with this agency to increase its capacity with the goal of delivering effective and efficient services to the homeless population as well as improving program related requirements. They will also assist in being the provider for the low-barrier shelter. We have reached out to the HCD Department from the State of California for technical assistance and training for the shelters and the Housing First model.</p>
9	<p>Agency/Group/Organization</p>	<p>Community Impact Central Valley</p>
	<p>Agency/Group/Organization Type</p>	<p>Housing Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-homeless</p>
	<p>What section of the Plan was addressed by Consultation?</p>	<p>Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans</p>
	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>As a housing provider serving persons with HIV/AIDS, the CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>

10	Agency/Group/Organization	West Modesto King Kennedy Neighborhood Collaborative
	Agency/Group/Organization Type	Services-Children Services-homeless Services-Education
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Homelessness Needs - Unaccompanied youth
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The neighborhood collaborative was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing community collaboration. Anticipated outcomes include ongoing collaboration with neighborhood groups and working together to address and solve social and neighborhood problems via HUD programs and other community resources.
12	Agency/Group/Organization	Airport Neighborhood Collaborative
	Agency/Group/Organization Type	Services-Children Services-Education
	What section of the Plan was addressed by Consultation?	Homelessness Needs - Veterans
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The neighborhood collaborative was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing community collaboration. Anticipated outcomes include ongoing collaboration with neighborhood groups and working together to address and solve social and neighborhood problems via HUD programs and other community resources.
13	Agency/Group/Organization	CITY OF TURLOCK
	Agency/Group/Organization Type	Other government - Local Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homelessness Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>As a member of the CSOC and an entitlement community of CDBG and HOME funds, the City seeks to improve the coordination of regional housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>
14	Agency/Group/Organization	Parent Resource Center
	Agency/Group/Organization Type	Services-Children
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>

No additional narrative.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

In order to ensure maximum participation in the AAP process among all populations and special needs groups and to ensure that their issues and concerns are adequately addressed, the City of Modesto has a Citizen Participation Plan (CPP) in place. The community outreach process included community meetings, CH&CDC public meetings, and a City Council Public Hearing.

All community meetings are open to the public, and in addition to newspaper publications, notices of the meetings were distributed via e-mail, and hard copy posting. Community meetings provide a forum for citizens to participate in matters related to the City’s HUD Programs as well as provide staff an opportunity to review policy issues and obtain public feedback.

In compliance with Citizen Participation requirements, the City encourages citizen participation among all community sectors including but not limited to low and moderate income persons, residents from

blighted areas predominantly low and moderate income neighborhoods, areas where CDBG funds are proposed for use, minorities, non-English speaking persons, persons with disabilities, public housing residents, and local and regional institutions including the CoC, businesses, developers, and non-profit organizations, among others. The following efforts took place for each of these groups:

- Low and moderate income persons: City staff conducted community meetings in each of the six City Council Districts. Meetings were strategically located within or near Census Block Groups categorized as low-income block groups by HUD. The intent was to reach out to and encourage low income residents living within low income block groups to participate in the AAP process.
- Residents from slum and blighted areas: City staff conducted community meetings in each of the six City Council Districts. Meetings were strategically located within or near Census Block Groups categorized as low-income block groups by HUD. The intent was to reach out to and encourage low income residents living within low income block groups to participate in the AAP process.
- Minorities: The City of Modesto encourages participation of all population groups. Many of the low income block groups where community meetings were held contain a high concentration of minorities.
- Non-English Speaking Persons: AAP publications are posted in English and Spanish. Spanish speaking staff is also available at all community meetings to assist Spanish speaking persons. Assistance to persons in other languages is available upon request.
- Persons with Disabilities: Community meetings are held in places accessible to persons with disabilities. Special accommodations requests are addressed on a case by case basis.
- Public Housing residents: The City of Modesto collaborates with the Housing Authority of the County of Stanislaus, the largest public housing provider in Stanislaus County, during the development of the AAP.
- Local & regional institutions including the CoC: The CoC is consulted during the development of the AAP. The CoC is made up of representatives of multiple community sectors such as business, nonprofit organizations, philanthropic organizations, and community and faith based organizations

The public comment period was held from March 25, 2019 through May 14, 2019. During the Citizen Participation process, a number of community meetings were held to inform community groups of the 2019-2020 Annual Action Plan (AAP) and the programs offered by the various funding sources covered under the AAP. Comments received at meetings were considered for goal setting. An AAP publication announcing the AAP citizen participation process was published in the Modesto Bee and Vida en el Valle, the local Spanish newspaper. Dates, times and locations of community meetings as well as public hearings were published through these mediums and are summarized in Table 4 below.

Any comments obtained from the community meetings will be incorporated into the Program Year 2019-2020 Annual Action Plan. HUD has directed entitlement grantees to submit the AAP only after

official allocation awards are made available by HUD. The public review period to review and comment on the draft documents opened on March 25, 2019 and is scheduled to close with a public hearing at the Council meeting on May 14, 2019, subject to official HUD allocation award amounts being available. Per HUD's direction, the public hearing may be changed to a different date if awards are not available by May 14, 2019.

The following is a list of meetings that were held during the public comment period.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of comments received	Summary of comments not accepted and reasons
1	Public Meeting 3/21/19 Strategic Plan Meeting – Enochs High School – District 6	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A
2	Public Meeting 3/26/19 Strategic Plan Meeting – Modesto Fire Station 6 – District 1	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

- Funds covered under the Consolidated Plan: CDBG, HOME and ESG:

During Program Year 2019-2020, the City of Modesto anticipates receiving \$1,872,692 of Community Development Block Grant (CDBG) program funds, \$871,210 of HOME Investment Partnerships (HOME) Program funds, and \$170,023 of Emergency Solutions Grant (ESG) funds. The table below is a summary of expected resources in PY 2019-2020.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	Public-federal	Admin and Planning Acquisition Public Services	\$1,872,692	\$500,000 \$900,000 (RLF) \$500,000 (NSP P.I Convert to CDBG)	\$500,000	\$4,272,692	\$0.00	Expected Uses: Program Administration; Public Services; Housing Programs; Fair Housing Enforcement ;Public Facility Improvements Eligible ADA Improvements Homeless Services Activities

-----	------------------------	---	-----------	--------	-----------	-----------	--------	---

Table 5 - Expected Resources – Priority Table

**HUD allows up to 24 months for the expenditure of ESG funds. Via this AAP, the City will reprogram any funds unable to be spent by any of the ESG sub-recipients during Program Year 2018-2019. Up to \$23,474 of 2018-2019 ESG funds may need to be reprogrammed. The exact amount will be unknown until June 30, 2019.*

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City understands the importance of leveraging federal HUD funds with other resources. In the upcoming program year, the City is looking at leveraging HUD funds with funds such as No Place Like HOME (NPLH), California Emergency Solutions and Housing (CESH) Program, State Low income Tax Credits and Homeless Emergency Aid Program (HEAP) to maximize the impact of HUD funded programs. During the last program year the City of Modesto was able to leverage funding from a multitude of places.

The following is a list of sample HUD assisted projects in 2018-2019 that leveraged with other sources:

Project Name	HUD Source	Leverage Amount(s)	Total Project Cost
615 5 th Street	CDBG- \$189,600	BHRS- \$59,775	\$249,375
0 Vine Street	CDBG- \$280,000	Self Help Enterprises, No Place Like Home, HOME funding: \$5,519,882	\$5,799,882
Fire Hydrants	CDBG \$627,000	Local Water Fund \$299,591	\$926,591
201 E Coolidge	CDBG \$450,000	BHRS \$550,000	\$1,000,000
VOLT	CDBG: \$50,000	Other: \$550,000	\$600,000

With relation to Public Services and ESG funded activities, the City tracks leverage amounts from all sub-recipients via the ZoomGrants software reporting/invoicing system. Public Service sub-recipients are required to submit leverage amounts with supporting documentation as part of the City of Modesto’s quarterly monitoring reviews. The City of Modesto uses this data for its HUD reports in IDIS.

HOME – 25% Match Requirement

The 25% HOME match requirements are met through the contributions or layers of funds that the developers provide for each HOME -assisted project. The match includes private financing, waiver or deferral of development fees approved by the Modesto City Council, Tax Credit Allocations, and any other eligible source.

During the 2018-2019 Program Year, the City leveraged HOME funding for the following projects:

Project Name	HUD Source	Match Amount(s)	Total Project Cost
416 E. Coolidge	HOME \$800,000	\$475,000	\$1,275,000
Edwards Estates	HOME CHDO \$488,657	\$50,000	\$538,657
TOTAL	\$1,288,657	\$525,000	\$1,813,657

ESG – 100% Match Requirement

For the ESG program, the City of Modesto requires that ESG sub-recipients provide a dollar-for-dollar match for ESG funds received. Typically, the City of Modesto is able to generate significantly more match than the amount required for ESG activities primarily through the cash and non-cash contributions provided by ESG sub-recipients as a result of the generosity of their donors, supporters, and other funders. As part of the ESG monitoring process, ESG sub-recipients submit reimbursement requests; invoices and accompanying receipts are reviewed for reimbursement eligibility. Sub-recipients are

required to submit dollar-for-dollar match verification with each reimbursement request and City of Modesto reimbursement is conducted after match verification documentation is satisfied.

During Program Year 2018-2019 ESG subrecipients were able to match ESG funds through local, state, and other sources as shown below:

Project Name	HUD Source	Match Amount(s)	Total Project Cost
CHS Hutton House	ESG \$35,000	\$596,525	\$631,525
CHSS Homeless Prevention	ESG \$30,000	\$30,000	\$60,000
The Salvation Army Berberian Shelter	ESG \$63,721	\$396,940	\$460,661
TOTAL	128,721	\$1,023,465	\$1,152,186

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The City is reviewing its inventory of City owned properties to determine the best use for the upcoming AAP. The intent is to transfer eligible properties to non-profit organizations to utilize the units for low income households or rehabilitate the units and sell them to a low income household. Additionally, the City as the successor housing entity to the former Redevelopment Agency of the City of Modesto, owns a parcel that will be utilized to develop 74 affordable housing units for low and very low income households. The City is working with EAH, a non-profit affordable housing developer, to obtain project construction financing including State grants and tax credits to leverage HOME funding.

Table 4 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

There is a great need for affordable housing in the area. According to an August 2018 report by the California Housing Partnership Corporation, Stanislaus County needs approximately 20,000 more affordable rental homes to meet current demand. The report further indicates that, the elimination of redevelopment in 2012 and exhaustion of stat bond funding foreshadowed a 16% rise in homelessness from 2016 to 2017.

Allocation priorities for the use of HUD CDBG, ESG, and HOME focus on addressing homelessness and the shortage of affordable housing. Local efforts are currently focused on addressing the local homeless crisis while at the same time trying to identify ways to supplement the City’s affordable housing stock with limited financial resources available to the community.

Because of the shortage, the City has shifted funding to assist with acquisition and rehabilitation of the affordable housing stock. Additionally, funding is being allocated to assist with the expansion of public facilities to include additional shelter beds, and transitional housing. The housing and rental costs continue to increase, and for the first time in over five years the FMR has decreased for the area.

An additional obstacle we have been struggling with is Rapid-rehousing. We are working hard to engage additional landlords to partner with, and we are applying for technical assistance from the State of California to assist with engaging more landlords.

AP-38 Project Summary

Project Summary Information

1	Project Name	CDBG: FY 20192-020 CDBG PLANNING & ADMINISTRATION
	Target Area	N/A
	Goals Supported	N/A
	Needs Addressed	N/A
	Funding	CDBG: \$474,538

	Description	This project will fund administrative expenses related to the planning and administration of CDBG projects and activities including but not limited to development of HUD plans, contract development, project monitoring, and enforcement of federal regulations. Matrix Code: 21A - General Program Administration Regulatory Citation: 570.206 National Objective: N/A
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	1010 10th Street, Modesto CA 95354
	Planned Activities	Program Administration.
2	Project Name	CDBG: AFFORDABLE HOUSING – ACQUISITION
	Target Area	N/A
	Goals Supported	Acquisition and Rehabilitation
	Needs Addressed	HM-2 Increase Transitional Housing
	Funding	CDBG: \$613,154
	Description	Partner with local homeless service providers and/or affordable housing developers to acquire properties and convert to homeless facilities and/or supplement the City's affordable housing stock. Matrix Code: 01 Acquisition of Real Property Regulatory Citation: 570.201(a) National Objective: 570.208(a)(3) LMH
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	1 homeless facility
	Location Description	Modesto

	Planned Activities	Homeless Facility
3	Project Name	CDBG: 2018 HOUSING REHAB ADMINISTRATION/ACTIVITY DELIVERY (14H)
	Target Area	
	Goals Supported	Housing Rehabilitation Program
	Needs Addressed	H-3 Preserve Existing Affordable Housing
	Funding	CDBG: \$250,000
	Description	Activity delivery costs related to carrying out housing rehabilitation activities (rental and owner occupied). Examples include appraisal, architectural, engineering, and other professional services; preparation of work specifications and work write-ups; loan processing; survey, site and utility plans; application processing; and other fees. Matrix Code: 14H Rehabilitation Administration Regulatory Citation: 570.202(b)(9) National Objective: N/A
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	City staff will facilitate housing rehabilitation projects for 20 eligible households at or below 80% of the Area Median Income.
	Location Description	Citywide/Low Income Census Tracts.
	Planned Activities	Owner Occupied Housing Rehabilitation Activity Delivery.
4	Project Name	CDBG: SECTION 108 LOAN REPAYMENT FY 2019-2020
	Target Area	N/A
	Goals Supported	N/A
	Needs Addressed	N/A
	Funding	CDBG: \$300,000
	Description	Planned repayment of Section 108 Loan Principal.
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	N/A
	Planned Activities	Repayment of Section 108 Loan Matrix Code: 19F Planned Repayment of Section 108 Loan Principal Regulatory Citation: 570.700 National Objective: N/A
5	Project Name	CDBG: MICROENTERPRISE COTTAGE FOOD OPERATOR PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	
	Funding	CDBG: \$110,000
	Description	Partner with Opportunity Stanislaus to fund a pilot Microenterprise Cottage Food Operator program for West Modesto, South Modesto, and Airport neighborhood residents to allow small artisan food makers producing goods out of their own home kitchens. The program will offer food entrepreneurship accelerator classroom instruction covering: food safety, city/county regulations, marketing, liability, and small business planning. Assistance will be provided to those interested in obtaining CFO business license and microenterprise business startup. Matrix Code: 18C Economic Development: Micro-Enterprise Assistance Regulatory Citation: <u>570.201(o)(1)</u> National Objective: 570.208(a)(2)
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	30 unduplicated business entrepreneurs participating in CFO program; 5 businesses created.
	Location Description	South Modesto, West Modesto, Airport Neighborhood.
	Planned Activities	Economic Development

6	Project Name	CDBG: ACCESS CENTER
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$500,000
	Description	<p>This is a multi-year project that has been carried over from previous years.</p> <p>Partnership with Stanislaus County and Salvation Army. Acquisition of property be used a one-stop-shop Access Center for homeless services coordinated assessment system. The permanent location of the facility is yet to be determined.</p> <p>Matrix Code: 01 Acquisition of Real Property</p> <p>Regulatory Citation: 570.201(a)</p> <p>National Objective: 570.208(c) LMA</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	100 homeless individuals per year
	Location Description	608 E. Granger Avenue, Unit 25, Modesto, CA 95350
	Planned Activities	Housing services for youth experiencing homelessness.
7	Project Name	CDBG: WATER LINE REPLACEMENT PROJECT
	Target Area	
	Goals Supported	Public Improvements
	Needs Addressed	Arrest Physical Decline of LMAs
	Funding	CDBG: 500,000

	Description	<p>Replace existing water mains around South Martin Luther King Boulevard. The existing water mains in this area are old 2"- 4" undersized galvanized steel mains which are prone to leaking and low pressures. The project will replace water lines in the alleys for the following streets: Vine Street, Spruce Street, Walnut Street, Ruberto Street, Ash Street and Leon Avenue. The project will improve the existing water system with new City Standard water mains, valves and hydrants to improve system reliability, flows and pressures.</p> <p>Matrix Code: 03J Water/Sewer Improvements</p> <p>Regulatory Citation: 570.201(c)</p> <p>National Objective: 570.208(c) LMA</p>
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	50 housing units within a low income project area will benefit from project improvements.
	Location Description	
	Planned Activities	
8	Project Name	RLF: AFFORDABLE HOUSING – OWNER OCCUPIED HOUSING REHABILITATION
	Target Area	N/A
	Goals Supported	Housing Rehabilitation Program
	Needs Addressed	H-3 Preserve Existing Affordable Housing
	Funding	CDBG: \$740,000
	Description	<p>Provide direct financial assistance eligible households through the Homeowner Rehabilitation Program to address health and safety repairs.</p> <p>Matrix Code: 14A Rehab: Single Unit Residential</p> <p>Regulatory Citation: 570.202(a)(1)</p> <p>National Objective: 570.208(a)(3) LMH</p>
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	20 households at or below 80% of the AMI
	Location Description	Citywide
	Planned Activities	Housing Rehabilitation
9	Project Name	RLF: AFFORDABLE HOUSING – ACQUISITION
	Target Area	N/A
	Goals Supported	Acquisition and Rehabilitation
	Needs Addressed	HM-2 Increase Transitional Housing
	Funding	CDBG: \$400,000
	Description	Revolving Loan Fund: Partner with local homeless service providers and/or affordable housing developers to acquire properties and convert to homeless facilities and/or supplement the City's affordable housing stock. Matrix Code: 01 Acquisition of Real Property Regulatory Citation: 570.201(a) National Objective: 570.208(a)(1) LMH
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	1 homeless facility
	Location Description	N/A
	Planned Activities	Homeless Facility
10	Project Name	PS-19 DOWNTOWN STREETS TEAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$50,000

	Description	Provide case management and employment services to homeless individuals. Homeless and low-income people volunteer and work collaboratively on beautification projects around the community. Team Members will pick up litter, needles, trash, and encampment debris and other such garbage items in the Program area while outreaching to the current residents. The Downtown Streets Team will work with existing housing and shelter providers, other service providers (medical, legal, etc.), employers, and local government agencies to remove barriers to self-sufficiency for every Team Member. Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	30 individuals at or below 80% AMI
	Location Description	Citywide
	Planned Activities	Public Services
11	Project Name	PS-19 CENTER FOR HUMAN SERVICES – PATHWAYS PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$23,100
	Description	Pathways is a 16 bed transitional housing program that addresses the need for shelter and support services for homeless youth 18 to 21 years of age. Shelter is provided up to 21 months. This project addresses the City of Modesto Five-Year Consolidated Plan, 2015-2020 priority of transitional housing, particularly for an at- risk population. (HM 2 and 4). Matrix Code: 05D Youth Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC

	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	25 low income youth at or below 80% AMI.
	Location Description	608 E. Granger Avenue, Unit 25, Modesto, CA 95350
	Planned Activities	Homeless Services
12	Project Name	PS-19 CHILDREN'S CRISIS CENTER – RESPITE CHILDCARE SHELTER PROJECT
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$24,501
	Description	<p>This project is designed to deliver child/youth services to a disadvantaged population of abused, neglected and high risk infants, toddlers, preschool and school-age children residing in Modesto. This program will offer respite childcare and shelter services to impoverished children endangered by detrimental family circumstances of domestic violence, incest, molestation, substance abuse, mental illness, homelessness, transgenerational trauma and/or generational abuse. Services will be responsive to the poverty and safety related needs of children disadvantaged by socioeconomic events or trauma. Child beneficiaries will be members of households subsisting in very low to moderately low income circumstances (below 80% of the area median income), while enduring various social and economic difficulties.</p> <p>Matrix Code: 05L Child Care Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	215 children from households 80% AMI or below.
	Location Description	Sawyer House
	Planned Activities	Respite Childcare Shelter
13	Project Name	PS-19 COURT APPOINTED SPECIAL ADVOCATES (CASA) – CASA OF STANISLAUS COUNTY
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$27,699
	Description	<p>This project will provide coordinated case management to address the needs of dependent youth in the foster care system. The advocate works with everyone involved and makes independent, informed recommendations on the child's behalf directly to the Judge who makes all orders regarding the case. The dedication of CASA volunteers allows judges to ensure successful outcomes for children.</p> <p>Matrix Code: 05D Youth Services</p> <p>Regulatory Citation: 570.201(e)</p> <p>National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	28 foster youth at or below 80% AMI
	Location Description	801 11th Street, 3rd Floor, Modesto, CA 95354
	Planned Activities	Advocacy through court system
14	Project Name	PS-19 HAVEN WOMEN'S CENTER – DV SHELTER
	Target Area	
	Goals Supported	Services - Anti-poverty

	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$22,164
	Description	Haven Womens Center will offer a variety of supportive services to individuals and families impacted by domestic violence, sexual assault, and human trafficking. Haven operates the only confidential domestic violence shelter in Stanislaus County. Victims fleeing abuse, who are homeless or imminently homeless, are eligible for up to six weeks of shelter. Available services include 24 hour crisis intervention and safety planning, peer counseling, legal advocacy, and support groups for adults and children affected by trauma. Matrix Code: 05G Battered and Abused Spouses Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	105 unduplicated individuals at or below 80% AMI.
	Location Description	Haven Women’s Center Emergency Shelter is identified as a confidential domestic violence shelter as defined in the California’s Welfare and Institutions Code 18301. The location of the shelter is confidential in accordance with California Penal Code 273.7.
	Planned Activities	Services to DV victims.
15	Project Name	PS-19 OPPORTUNITY STANISLAUS – VOLT INSTITUTE
	Target Area	N/A
	Goals Supported	
	Needs Addressed	Services - Anti-poverty
	Funding	\$28,350

	Description	<p>VOLT Institute is an industry led manufacturing training center that teaches advanced manufacturing skills to area workers. In our first graduating class we placed 88 percent of our class into good jobs. Currently, there is a huge skill gap issue in the manufacturing sector. There are approximately 200 open, unfilled maintenance mechanics positions which start at \$50,000 a year with benefits. These type of jobs are living wage positions that will elevate people out of poverty and give them a great career.</p> <p>Matrix Code: 05H Employment Training Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	20 unduplicated individuals below 80% AMI.
	Location Description	1625 I Street Modesto, CA 95354
	Planned Activities	Job Training
16	Project Name	PS-19 PARENT RESOURCE CENTER – MOMS PARENTS PLUS
	Target Area	N/A
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$21,000

	Description	<p>PRC will offer an expansion of individuals served with the Connecting Families program, a 12-week co-ed parenting education program offered in multiple sessions throughout the year in English and Spanish, through partnerships with Housing Authority, Stanislaus Family Justice Center, Modesto Gospel Mission, Community Housing and Shelter Services, Modesto City Schools Healthy Start sites, Salvation Army Red Shield Center, Family Promise and the Department of Family Self-Sufficiency, and other partners. The program will target low-income parents and their at-risk children through a 12-week parenting education program enhanced with life skills education. Partnership with other agencies includes providing the location for classes or providing instruction for the life skills components.</p> <p>Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	06/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	100 individuals at or below 80% AMI
	Location Description	811 5th St. Modesto, CA 95350
	Planned Activities	Parenting education to young parents.
17	Project Name	PS-19 PROJECT SENTINEL – FAIR HOUSING PROGRAM
	Target Area	
	Goals Supported	Fair Housing Services and Education
	Needs Addressed	H-4 Continue to Support Fair Housing.
	Funding	CDBG: \$25,000

	Description	<p>The proposed project will enable people to resolve housing problems. By providing fair housing services, the project will also assist the City of Modesto to affirmatively further fair housing by combating housing discrimination and promoting diverse and inclusive communities.</p> <p>Fair housing coordinators investigate complaints through testing, interviews, surveys, and document review. When there is evidence of a violation the complainant is given a range of options: educate the person causing the violation, conciliate/mediate the complaint, refer the complainant to HUD, DFEH or to an attorney for enforcement.</p> <p>Matrix Code: 05J Fair Housing Activities (subject to 15% cap)</p> <p>Regulatory Citation: 570.201(e)</p> <p>National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	5 fair housing discrimination investigation cases; 350 persons will receive fair housing education via workshops, presentations, and information & referral.
	Location Description	1231 8th St., Ste 425, Modesto, CA 95354.
	Planned Activities	Fair housing discrimination investigation, Tenant/Landlord Mediation, Fair Housing Education
18	Project Name	PS-19 UNITED SAMARITANS FOUNDATION – DAILY BREAD LUNCH PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$23,100

	Description	Daily Bread Mobile Lunch Program delivers nutritious meals directly into the neighborhoods where extremely low, very low, low income, and, homeless individuals reside. The program ensures those individuals living in these neighborhoods have access to at least one nutritious meal a day, five days a week, 52 weeks a year. During the week we provide as many EXTRAS (milk, juice, bread, eggs, dairy, produce, etc) as we have available to supplement their diet with higher nutrition foods. Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC
	Target Date	06/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	385 unduplicated individuals at or below 80% AMI.
	Location Description	
	Planned Activities	Mobile Lunch Program.
19	Project Name	PS-19 SALVATION ARMY – BERBERIAN SHELTER
	Target Area	
	Goals Supported	Emergency Shelter Beds
	Needs Addressed	HM-1 Address Chronic Homelessness HM-5 Coordinated case management
	Funding	CDBG: \$100,000

	Description	<p>The Salvation Army shelter addresses chronic homelessness for individuals including the elderly and persons with physical disabilities by providing overnight shelter. Shelter services include beds, showers and restrooms for individuals to care for basic hygiene and have a nutritious hot meal. The project will serve the homeless population including no income to low- and very low- income which impedes ability to secure housing.</p> <p>This safe environment enables one to focus on other areas of need to self-sufficiency. Such services include those directed at the social and health needs of homeless individuals. By moving homeless individuals into a shelter aids in the prevention or elimination of slums or blight.</p> <p>Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2019
	Estimate the number and type of families that will benefit from the proposed activities	694 extremely low income individuals at or below 30% AMI.
	Location Description	320 Ninth Street Modesto, CA 95351

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Wherever possible, the City reviews low income Block Groups to determine where the City can direct assistance. Over the next several years, the City’s goal will be to create a CDBO or NRSA to have a greater impact in disadvantaged communities and take advantage of CDBO or NRSA flexibilities related to program requirements and project implementation.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

SP-10 of the Consolidated Plan identifies the City of Modesto’s “Low Income Census Tracts” as geographic areas of investment. Wherever possible, the City has identified activities that will benefit residents within these geographic areas. For area based activities, the City must ensure that the project is located within an eligible block group which meets this SP-10 requirement. Where possible, the City of Modesto will distribute CDBG funds throughout the low income block groups located throughout the six city council districts.

Discussion

No additional discussion.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Rental Assistance:

- 0; The City of Modesto does not provide tenant-based rental assistance.
- Production of New Units:
- Special Needs: 8 units for BHRS mental health clients – 416 E. Coolidge Ave Project.
- Homeless: Acquisition of 1 public facility and convert into a Youth Access Center. This project will add beds for homeless youth and serve as a temporary emergency shelter.
- Rehab of Existing Units:
- Non-Homeless: Assist 20 owner occupied households with housing rehabilitation assistance.
- Acquisition of Existing Units:

- Non Homeless: 2 First Time Homebuyer loans: Assist 2 first time homebuyer households with the purchase of their first home

Total Units: 31

Discussion

The City of Modesto, in partnership with the CoC and Stanislaus County, is working with The Salvation Army, one of Modesto’s homeless shelters, to expand the capacity of the shelter by 150 beds. CDBG funds may be used for the renovation to allow expansion of its current shelter.

The City is also working with Center for Human Services, a local youth service provider, for a potential partnership for the acquisition of a property to convert into a Youth Access Center. This project would include the addition of youth shelter beds to serve as an emergency shelter, and transitional housing for homeless youth.

The City will also continue to assist owner occupied households through the Homeowner Rehabilitation program with grants and loans to address health and safety related repairs in their home. In addition, an eight (8) single family unit project will be completed in partnership with the Housing Authority of the County of Stanislaus to serve persons with mental health issues.

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Stanislaus (HACS) is the largest public housing provider in Stanislaus County. The City of Modesto has a close working relationship with the Housing Authority of the County of Stanislaus (HACS) and meets on an as needed basis to discuss concerns relevant to public housing and other housing matters. In prior years the City of Modesto has partnered with the HACS by leveraging available funds to address affordable housing needs through the development and/or

rehabilitation of affordable housing units for low and moderate income persons and families. Whenever possible, City will continue to work with the HACS and any other housing and social service providers to foster public housing improvements and resident initiatives.

Actions planned during the next year to address the needs to public housing:

- The following actions are planned during the next year to address public housing
- 201 E. Coolidge Ave: Continue partnership with the HACS to rehabilitate a 40 unit multifamily affordable housing complex to address health and safety repairs, landing replacements, mold remediation, water leaks, dry rot, replace outer walls of existing stairwells , stairwell headers, and damaged flooring. Project rehabilitation began in PY 2018 and should be completed in PY 2019-2020.
- Vine Street Acquisition: Continue partnership with the HACS to acquire property to develop a two phase affordable housing project. Phase I will consist of 23, 1 bedroom units to provide housing for veterans. Phase II will consist of 12 senior housing units (CDBG Funds - \$280,000).
- 416 E. Coolidge Ave: Partner with the HACS for the construction of eight (8) 1 bedroom units to provide affordable housing to mental health clients served by Stanislaus County Behavioral Health and Recovery Services (BHRS) (HOME Funds - \$800,000).
- Edwards Estates: Partner with Great Valley Housing Development Corporation (GVHDC) for the construction of two affordable housing units to be sold to first time homebuyers (HOME – \$488,657).

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of the County of Stanislaus (HACS) provides homeownership resources to participants in the Housing Choice Voucher Program. The Family Self-Sufficiency (FSS) Program has established partnerships with a variety of community resources to refer participants for services including pre- and post-secondary education, health care, child care, employment development, supported employment, and small business development including micro-loans. The FSS Program also encourages families to participate in financial wellness programs including financial literacy and credit repair with an emphasis on long-term financial stability for the purposes of homeownership.

Efforts to improve communications with residents and program participants include: on site resident training/informational meetings, regular newsletters and flyers. The HACS has implemented a “curb-side” appearance program. The focus of the program is the exterior of buildings, parking areas, play grounds and other areas of the complexes. Rodent and insect problems are addressed when residents report a problem and/or on Annual Inspections. In an effort to better education residents concerning these problems, information is regularly provided through the HACS newsletter. These actions have assisted the HACS in creating an atmosphere which emphasizes customer satisfaction and communication.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable. The PHA is not designated as troubled.

Discussion

No additional discussion.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In the coming year, the City will continue to partner with local service providers and agencies with the goal of reducing and ending homelessness via street outreach, homeless prevention, and rapid rehousing. In addition, the City will work with the Community System of Care on addressing the emergency shelter and transitional housing needs of homeless persons as well as continuing to find creative approaches to addressing homelessness and special needs populations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Modesto has participated in CSOC's planning process to move individuals and families from homelessness to permanent housing and independent living through a network of housing linked to supportive services. The primary strategy document is the annual CSOC Application. Additionally, the CSOC continues to work with its members toward a continuum-wide coordinated intake system.

In the coming year, the City will continue to partner with organizations such as Center for Human Services (CHS) which conducts street outreach to unsheltered homeless youth. CHS' goal, through street outreach, is to engage with homeless youth and connect them to resources including housing at CHS' Hutton House, a runaway and homeless youth shelter (ages 13-17), or Pathways, a transitional living place for older youth (ages 18-21). With the funding to assist with a Youth Access Center for 19-20 it will increase the outreach opportunities and services for the youth population with everything being available at one location.

HEART Team: In April 2018, the Homeless Engagement and Response Team (HEART) has provided intensive outreach and engagement over the last couple years. This team was later reassigned to join the CARE team described below.

CARE Team: In 2017, a City and County joint effort created a "Community Assessment Response and Engagement" (CARE) initiative. The CARE team met over a 90 day period on a weekly basis to map assets and identify service gaps while building a new approach that could increase accountability, and alignment-developing a system and services model that had never been used in the community. As part of the CARE initiative, a CARE Engagement Team emerged to conduct and coordinate daily outreach and engagement in Downtown Modesto, the McHenry Avenue corridor, and surrounding parks with the aim

of building trusting relationships, implementing coordinated individualized intervention plans, and connecting with individuals directly to services. The team's goal is to connect with those most in need and be available to respond to crisis situations to ensure that the target population is connected to vital services.

Access Center: The end goal of the efforts carried out by the CARE team is to reduce homelessness in the community. In February 2019, the City and County entered into a Memorandum of Understanding (MOU) aimed at addressing emergency shelter bed capacity. As part of the MOU, the county will lease space from the Salvation Army to provide these high-access shelter beds, and will lease space from the city for the one-stop Access Center. As a partner in the MOU, the city will be making substantial infrastructure improvements to the facility, including to Salvation Army's sewer and water lines, and parking lots.

Addressing the emergency shelter and transitional housing needs of homeless persons

CHS Youth Shelter

Increasing capacity of Salvation Army: In February 2019, the City and County entered into a Memorandum of Understanding which established a creative arrangement between the City and County and the Salvation Army aimed at increasing the transitional beds available to those experiencing homelessness in the Modesto community. The MOU, seeks to add 180 additional beds to those existing – roughly 150 – at the Salvation Army shelter on 9th and D Streets in downtown Modesto.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Our community's most recent System Performance Measures (comparing data between Fiscal Years 2016 and 2017) has demonstrated a 98% successful retention rate of clients placed in permanent housing, which is slightly higher than the previous year. This means that 98% of clients who are placed in permanent housing do not return to homelessness.

With regard to the length of time persons remain homeless, although the average length of time people remained homeless slightly increased by 13 days, could possibly be explained by the fact that the number of persons experiencing homelessness for the first time increased by 1,244 persons. As a community, we have helped clients increase their total income by 38% and upon exit, clients also increased their earned income by 16%.

In order to assist in helping homeless persons making the transition to permanent housing and independent living, , the City will partner with Community Housing and Shelter Services (CHSS) to assist

with homeless prevention and rapid re-housing. CHSS offers the entire spectrum of housing services for residents that includes housing counseling, emergency shelter, rental assistance and permanent housing supportive services. CHSS is the only HUD- approved agency in Stanislaus County that is certified to provide Rental Housing Counseling and Homeless Services Counseling.

Housing Assessment Team (HAT): Turning Point Community Programs' (TPCP) Housing Assessment Team (HAT) is co-located at the Outreach and Engagement Center (OEC) with other community partners serving the homeless and providing a variety of services to help support individuals/households into housing. HAT uses a strength-based, flexible and integrated approach to services. The staff of HAT are the first line of contact with individuals coming into the OEC. HAT has been serving an average of 60 homeless individuals each month. Services being provided include a housing and needs assessments; completion of the VI-SPDAT when appropriate; assisting clients with collecting documentation necessary to obtain permanent housing and benefits; providing a supportive environment for individuals/households to explore housing opportunities utilizing evidence-based and supportive approaches; and connecting clients with needed services (i.e., mental health, substance abuse).

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Modesto has been funding homeless prevention for the last five years in order to assist families and individuals from becoming homeless.

The city will partner with Center for Human Services to serve youth 14-24 who have aged out of the foster care system and are in need of assistance to help obtain support and housing. In Program Year 2019-2020 CHS expects to expand their services for an access center for Youth to have the services all in one area.

As part of the COC the City works directly with BHRS, Golden Valley Health Centers, and probation department to discuss the process and issues when individuals are discharged health care facilities, mental health facilities, corrections programs and institutions.

Discussion

No additional discussion.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City of Modesto will continue to work with its partners at the local, state and federal levels to find innovative ways to provide affordable housing opportunities for low income families and individuals

including addressing barriers to affordable housing. The State of California's 2019-2020 budget includes various proposals aimed at improving the affordability of housing in the state including but not limited to providing planning and production grants to local governments, expanding the state Low Income Housing Tax Credit program and expanding a loan program for middle income housing production. Wherever possible, the City will seek funding opportunities

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Discussion:

In order to ameliorate the negative effects of public policies that serve as barriers to affordable housing, the City of Modesto has policies in its impact fee program for affordable housing. The current CFF Policies and Procedures provide, with respect to very low and low income housing exemptions, the total number of housing exemptions granted are not to exceed two percent (2%) of the cumulative total CFF program housing units. The CFF Policies and Procedures also allow a Community Housing and Development Organization (CHDO) to submit an application and request CFF be waived on new affordable units for households earning sixty (60%) or less of the Area Median Income.

Since 1989, a total of 13,913 residential building permits have been issued, of which 678 were granted CFF exemptions.

In December 2018, the City of Modesto declared a shelter crisis. This declaration allows the City to adopt by ordinance reasonable local standards and procedures for the design, site development, and operation of homeless shelters and the structures and facilities therein, to the extent that it is determined at the time of adoption that strict compliance with state and local standards or laws in existence at the time of that adoption would in any way prevent, hinder, or delay the mitigation of the effects of the shelter crisis.

During the shelter crisis, provisions of any housing, health, habitability, planning and zoning, or safety standards, procedures, or laws shall be suspended for homeless shelters, provided that the city, county, or city and county has adopted health and safety standards and procedures for homeless shelters consistent with ensuring minimal public health and safety and those standards are complied with.

The City is utilizing this declaration to assist with the 150 bed expansion at the local Salvation Army shelter. This declaration will help streamline and expedite development to ensure the shelter opens in fall 2019.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

City of Modesto 2019-2020 Annual Action Plan

Because of the shortage, the City has shifted funding to assist with acquisition and rehabilitation of the affordable housing stock. Additionally, funding is being allocated to assist with the expansion of public facilities to include additional shelter beds, and transitional housing. The housing and rental costs continue to increase, and for the first time in over five years the FMR has decreased for the area.

An additional obstacle we have been struggling with as a region, is finding housing units and willing landlords to work with service providers in local Rapid-rehousing efforts. The City is diligently working to engage additional landlords to partner with, and we are applying for technical assistance from the State of California to assist with engaging more landlords.

Actions planned to foster and maintain affordable housing

Affordable housing is identified as one of the high priorities of the 2015-2020 Consolidated Plan. In order to address need for additional affordable housing the City of Modesto works with local affordable housing developers in efforts to identify new projects and/or ways to enhance the supply of affordable housing. As described in AP-55, the following are the City’s 2019-2020 affordable housing goals:

Rental Assistance	0
The Production of New Units	9
Rehab of Existing Units	20
Acquisition of Existing Units	2
Total	31

Actions planned to reduce lead-based paint hazards

The City of Modesto has adopted policies to be implemented in its housing programs, which comply with HUD requirements relating to lead-based paint hazards. In alignment with HUD’s requirements, lead-based paint remediation actions will depend on the level of subsidy provided on a project by project basis. The following is the City’s lead based policy for reduction of lead paint hazards:

	Subsidy Amount		
	<\$5,000	\$5,000-\$25,000	>\$25,000
Approach to Lead Hazard Evaluation and Reduction	“Do No Harm”: Use lead safe work practices	Identify and control Lead hazards	Identify and Abate Lead Hazards
Homeowner Notification	Yes	Yes	Yes
Lead Hazard Evaluation	Presume Presence of LBP (alternative: Paint testing of surfaces to be disturbed by rehabilitation)	Paint testing of surfaces to be disturbed by rehabilitation AND Risk assessment	Paint testing of surfaces to be disturbed by rehabilitation AND Risk assessment
Lead Hazard Reduction	Repair surfaces disturbed during rehabilitation, use lead-safe work practices, clearance test of work site upon completion.	Interim controls, lead- safe work practices, clearance test of unit upon completion.	Complete abatement, lead-safe work practices, clearance test of unit upon completion.

Most housing rehabilitation projects are subject to federal regulations for Lead-Based Paint and contractors must be certified in safe work practices when completing the rehabilitation work. This effort in the past has resulted in more contractors being able to bid on and participate in the projects that contain lead-based paint.

The cost for the stabilization of lead based paint can be included in the City of Modesto’s housing rehabilitation loan program. The cost of the lead-based paint inspection and/or clearance is paid from entitlement funds.

The City of Modesto will continue to provide lead-based paint testing as a component of its housing repair and rehabilitation programs when required by HUD regulations. Given the age and condition of the City of Modesto’s housing stock, there are a significant number of homes where lead-based paint testing is needed.

Actions planned to reduce the number of poverty-level families

The City of Modesto, through its engagement in the local Focus on Prevention initiative, is engaged in the Coordinated Entry system. Coordinated entry (also known as coordinated assessment system) is a consistent, community wide process to match people experiencing homelessness or at-risk of homelessness to community resources that are the best fit for their situation. In a community using coordinated entry, homeless individuals and families complete standard triage assessment survey that identifies the best type of services for that household. Participating programs accept referrals from the system, reducing the need for people to traverse the county seeking assistance at every provider separately. The process helps prioritize housing and homeless assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner. The process also provides information about service needs and gaps to help plan assistance and identify needed resources in our community.

The intent is to provide coordinated entry to the entire geographic area through Access Points. Access Points are places—either virtual or physical—where an individual or family in need of assistance accesses the coordinated entry process. People experiencing homelessness can complete the assessment survey to participate in coordinated entry and are matched with community resources that best fit their situation. All locations and methods offer the same assessment approach and referrals using uniform decision-making processes. The Access Points in Stanislaus County include: 1) A centralized physical location (Access Center) in Stanislaus County where housing and support services, among others are provided, 2) 211 hotline system that screens and directly connects people to services, 3) Continuum of Care partners that provide assessments using the same tool county-wide, 4) A specialized Multi-disciplinary Outreach and Engagement Team that scouts the geographic area to provide access to those who might not want to engage at a physical access point.

Actions planned to develop institutional structure

Modesto will continue to work collaboratively with service and shelter providers to identify and address gaps in the institutional structure and service delivery system.

Modesto generally has a well-developed institutional structure and service delivery system.

Modesto will continue to work to increase the resources devoted to permanently affordable housing to serve as a stabilizing force preventing homelessness.

Modesto will focus increased resources on homeless prevention/crisis intervention, especially on homeless youth, aging-out foster youth, families with children, and persons being discharged from institutions.

Modesto will continue to devote resources to address the needs of the chronically homeless including comprehensive case management, supportive housing, shelters and transitional housing.

Modesto will target resources to the lowest income groups with the highest needs including the chronically homeless, homeless youth, homeless families with children, and those living in transitional shelters.

Actions planned to enhance coordination between public and private housing and social service agencies

City of Modesto relies primarily on its (A) close consultation with the CSOC, which is made up of representative stakeholders and (B) monthly meetings with its public and private housing development partners, which include local private CHDOs (e.g., Habitat for Humanity, Stanislaus County and Stanislaus Affordable Housing Corporation, and Great Valley Housing Development Corporation (GVHDC)) and the Housing Authority (to enhance coordination in the areas of community housing and social services).

The City of Modesto relies on non-profit organizations and for-profit developers to build and acquire, develop, and rehabilitate affordable units. The City of Modesto will continue to work closely with these entities to ensure that each year as many new affordable units are developed or made available.

The City of Modesto also relies on the non-profit service sector to provide emergency shelter and transitional and special needs housing. The City of Modesto will continue to support eligible organizations and their activities with local, state and federal funding as it's made available and upon their governing entity's approval.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

The following subsections identify specific requirements of each HUD program covered under this Annual Action Plan – CDBG, ESG, and HOME. The City has tools and measures in place to address each of these requirements during the implementation of every HUD funded activity:

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0.00
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	0.00
3. The amount of surplus funds from urban renewal settlements	0.00
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0.00
5. The amount of income from float-funded activities	0.00
Total Program Income	

Other CDBG Requirements

1. The amount of urgent need activities	0.00
---	------

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Modesto does not use forms of investment within the local HOME program other than those identified in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Pursuant to 24 CFR 92.254(a)(5)(ii), the City requires that HOME funds be recaptured if the property does not continue to be the principal residence of the buyer for the duration of the Affordability Period secured by an Affordable Housing Covenant. The Recapture Provision shall apply to a HOME assisted property only when a Direct HOME Subsidy is provided to a homebuyer.

The Recapture provision will ensure that the City of Modesto recoups all or a portion of the HOME assistance to the homebuyers, if the housing does not continue to be the principal residence of the family for the duration of the affordability period.

Per, 24 CFR 92.254(a)(5)(ii)(A), In establishing recapture requirements, the City of Modesto is subject to the limitation that when the recapture requirement is triggered by a sale (voluntarily or involuntarily) of the housing unit, and there are no net proceeds or the net proceeds are insufficient to repay the HOME investment due, the City of Modesto will only recapture the net proceeds, if any. The net proceeds are the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

Of the recapture options described in 92.254(a)(5)(ii)(A), the City of Modesto will use a the "Shared Net Proceeds" option as outlined in 24 CFR 92.254(a)(5)(ii)(A)(3). With this option, if the net proceeds are

not sufficient to recapture the entire HOME investment, the City and original homebuyer will share the net proceeds.

To calculate the amount of net proceeds (or shared appreciation) to be returned to the City the following formula will be applied:

$$\frac{\text{HOME investment}}{\text{HOME Investment} + \text{Homeowner Investment}} \times \text{Net proceeds} = \text{HOME amount to be recaptured}$$

To calculate the amount of net proceeds (or shared appreciation) to available to the homebuyer the following formula will be applied:

$$\frac{\text{HOME investment}}{\text{Direct HOME Subsidy} + \text{Homeowner Investment}} \times \text{Net proceeds} = \text{HOME amount to be recaptured}$$

Since the HOME rule limits recapture to available net proceeds, the City will only recapture what is available from net proceeds. In this case, the City is not required to repay the difference between the total direct HOME subsidy and the amount the City is able to recapture from available net proceeds.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The same methodology outlined in question 2 above will be used to ensure affordability for any units acquired with HOME funds.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds to refinance existing debt.

Emergency Solutions Grant (ESG)

Reference 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Standards for providing ESG homelessness prevention and rapid re-housing assistance include respectively targeting households with dependent children and persons experiencing homelessness connected to or eligible to receive (within 6 months) assistance from mainstream benefits and services.

These standards also include limiting assistance for a period of up to six (6) months and extending the period of assistance up to the maximum 18 months on a case-by-case basis.

HUD-VASH (U.S. Department of Housing and Urban Development-U.S. Department of Veterans Affairs Supportive Housing) program participants are also prioritized to receive security deposit assistance upon HUD-VASH intake.

Income qualification guidelines are no less restrictive than ESG guidelines (30% or below AMI for homelessness prevention assistance and not-applicable for rapid re-housing).

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The City of Modesto is currently working with the Community System of Care (local Continuum of Care) to develop the Coordinated Entry System and include larger scale service provider participation. The CSOC is in the process of updating the Coordinated Entry System's policies and procedures and is currently providing a series training sessions to CoC and ESG service providers to further enhance Coordinated Entry within the community. The goal is to continue working with the CSOC to improve the Coordinated Entry System and have a system that complies with applicable regulations.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Modesto competitively awards ESG funding through an RFP process. This RFP process conforms to the City of Modesto's rigorous procurement process, including public noticing and utilizing its ZoomGrants online based system.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Modesto is unable to meet the homeless participation requirement in 24 CFR 576.405(a) due to the fact that its policy-making entity is made up of elected officials. The City of Modesto, however, works very closely with the CSOC which is made up of a representative group of diverse stakeholders, including persons experiencing homelessness and those who at one time in their lives had experienced homelessness. The City of Modesto intends to work with the CSOC and elected and appointed City of Modesto officials to develop a formal homeless participation plan that will engage persons experiencing homelessness in a meaningful way that influences homelessness-related policies, including development of funding priorities and funding allocation.

5. Describe performance standards for evaluating ESG.

The City of Modesto conducts quarterly performance reviews of each ESG subrecipient. This includes review of HMIS data entry requirements, accomplishment narratives, reimbursement requests, ESG dollar to dollar match documentation, and review of program beneficiary files.

This allows City staff to closely monitor the performance of each subrecipient and address any deficiencies as well as the ability to provide any technical assistance necessary.

Discussion

The City of Modesto consults closely and regularly (at least monthly) with the CSOC and its HMIS, ESG/HPRP, and SHP subcommittees, which develop policies and procedures for these programs and is taking the lead in building the service infrastructure that will be necessary to sustain a centralized or coordinated assessment system. This consultation takes the form of reports and presentations that are placed on the CSOC monthly meeting agendas.

The operation and administration of the Homeless Information Management System (HMIS) designated by the CSOC is led by the Stanislaus Housing Authority. The City of Modesto may pay the costs of contributing data to the HMIS via funding to sub-grantees or to the HMIS Lead.

The City of Modesto is member of the CSOC/HMIS Subcommittee which meets monthly to develop policies, procedures, and best practices and offers trainings developed by the developed by the HMIS Lead.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-241**

**RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 CITY OF
MODESTO'S ANNUAL OPERATING, MULTI-YEAR AND CAPITAL
IMPROVEMENT PROJECT BUDGETS TO REFLECT THE ALLOCATION OF
FUNDS OUTLINED IN THE PROGRAM YEAR 2019-2020 ANNUAL ACTION
PLAN BUDGET PROPOSAL SUBMITTED TO THE U.S. DEPARTMENT OF
HOUSING AND URBAN DEVELOPMENT AND AUTHORIZING THE CITY
MANAGER, OR HIS DESIGNEE, TO TAKE THE NECESSARY STEPS TO
IMPLEMENT THE PROVISIONS OF THIS RESOLUTION**

WHEREAS, each year the City of Modesto receives Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME) and Emergency Solutions Grant (ESG) funds from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the CDBG and HOME grant programs also generate program income and revolving loan fund income which further fund the grant programs and are to be used under similar rules and regulations as grant funding, and

WHEREAS, HUD requires these amounts to be presented to the City Council each year in an Annual Action Plan (AAP), and

WHEREAS, the Program Year 2019-20 Annual Action Plan proposed budget submitted to the U.S. Department of Housing and Urban Development which is **attached** hereto as **Exhibit A**, and incorporated herein by reference, and

WHEREAS, funding availability and specific project and activity budgets consistent with the AAP are managed in HUD's online Integrated Disbursement and Information Management (IDIS) system and the City's financial system simultaneously, and

WHEREAS, according to HUD rules and regulations, substantial amendments to an AAP must be presented to the City Council for approval, while unsubstantial amendments, remaining consistent with the AAP, can be made in IDIS by City staff, and

WHEREAS, funding availability and specific project and activity budgets consistent with the AAP are managed in HUD's online Integrated Disbursement and Information Management (IDIS) system and the City's financial system simultaneously, and

WHEREAS, synchronization of the City's financial system and IDIS necessitates budget adjustments within the City's financial system, and

WHEREAS, budget adjustments are necessary to revise CDBG, HOME and ESG budgets included in the City of Modesto 2019-2020 Annual Operating, Multi-Year and Capital Improvement Budgets, and

WHEREAS, budget amendments performed under the authority of this resolution will be presented to the Finance Committee and the Council as part of the existing Monthly Budget Adjustment Report process, and

WHEREAS, the authority of this resolution will not be used to satisfy any HUD rules or regulations requiring information to be presented to the City Council or the public.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2019-2020 City of Modesto's annual operating, multi-year and capital improvement project budgets to reflect the allocation of funds outlined in the program year 2019-2020 Annual Action Plan budget proposal,

which is **attached** hereto as **Exhibit A**, submitted to the U.S. Department of Housing and Urban Development.

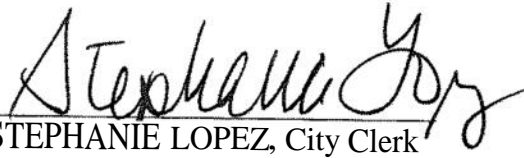

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Ah You

ATTEST: 
STEPHANIE LOPEZ, City Clerk

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Modesto's Program Year (PY) 2019-2020 Annual Action Plan represents the fifth (5th) year plan of the City of Modesto's 2015-2020 Consolidated Plan. The PY 2019-2020 AAP identifies activities to be undertaken during the program year to address community priority needs. Further, the PY 2019-2020 AAP identifies the expected resources to be available and the activities to be funded along with related activity accomplishments.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Modesto has identified the following areas on which to focus funds, based on the 2015-2020 Consolidated Plan Priorities,

- Affordable Housing
- Fair Housing
- Ending Chronic Homelessness
- Public Services
- Public Facilities Improvements
- Public Improvements

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Modesto identified a number of activities in the PY 2018-2019 Annual Action Plan in an attempt to address the community needs as identified in the Consolidated Plan. Through these activities, the City of Modesto continued to take an active role in promoting and producing affordable housing, addressing the social and economic needs of low- and moderate-income individuals, and serving the special needs populations within the City of Modesto.

Specific activities that were accomplished include:

Affordable Housing Activities:

1. 522 E. Granger: Partnered with Stanislaus County Affordable Housing Corporation (STANCO) for the completion of four 650 square foot one bedroom, one bath energy efficient apartments (HOME Funds - \$563,000); CDBG funds were also awarded to this project for the renovation of a community center to provide services to tenants of the housing project.

2. 615 5th Street: Awarded CDBG funds to STANCO for the acquisition of a 2 bed/1 bath unit to provide transitional affordable housing to special needs populations (CDBG Funds \$189,600).
3. 201 E. Coolidge Ave: Partnered with the Housing Authority of the County of Stanislaus (HACS) to rehabilitate a 40-unit multi-family housing complex. The project scope included rehabilitation work to address health and safety repairs, landing replacements, mold remediation, water leaks, dry rot, replace outer walls of existing stairwells and stairwell headers to assist with the first Housing First Pilot project for HACS (CDBG Funds - \$450,000).
4. Vine Street Acquisition: Partnered with the HACS to acquire property to develop a two phase affordable housing project. Phase I will consist of 23, 1 bedroom units to provide housing for veterans. Phase II will consist of 12 senior housing units (CDBG Funds - \$280,000).
5. 416 E. Coolidge Ave: Awarded funds to the HACS for the construction of eight (8) 1 bedroom units to provide affordable housing to mental health clients served by Stanislaus County Behavioral Health and Recovery Services (BHRS) (HOME Funds - \$800,000).
6. Edwards Estates: Awarded HOME CHDO funds to Great Valley Housing Development Corporation for the construction of two affordable housing units to be sold to first time homebuyers (HOME – \$488,657).

Owner Occupied Housing Rehabilitation:

A total of 22 households have received housing rehabilitation assistance to address health and safety related repairs on their homes including but not limited to installation of energy efficient windows, energy efficient HVAC systems, re-roof improvements, ADA bathroom improvements, electrical repairs, and ADA ramps.

CDBG Public Services

Under the City of Modesto's 2018-2019 CDBG Public Service program, the City provided a total of \$309,484 to 10 non-profit organizations to deliver essential public services to extremely low to moderate income families and individuals.

ESG Homeless Services

The City awarded a total of \$152,195 four (4) non-profit organizations to deliver essential homeless services homeless or persons at risk of homelessness.

In PY 2018-2019 the City carried out several affordable housing activities to supplement the City's affordable housing stock. These projects have paved the way for work to be carried out in PY 2019-2020 continuing efforts to provide affordable housing opportunities to low income households. In PY 2019-2020, the City will continue to work with its local partners to carry out more affordable housing projects including shelter, transitional, and permanent housing.

4. Summary of Citizen Participation Process and consultation process

For the 2019-2020 Annual Action Plan, the City held community meetings within each City Council Districts and when possible, community meetings were held within low income Census Block Group areas. The meetings were held at different times and locations in an effort to accommodate the needs of low-income residents, particularly persons with Limited English Proficiency community needs.

Spanish-speaking translators were made available at all meetings. Limited English Proficiency assistance may be accommodated for other languages upon advance notice. All community input meetings were held at public buildings accessible to disabled individuals.

All community meetings were open to the public. A meeting notice listing all the meetings and the public hearing were distributed via email and published in the Modesto Bee. The draft AAP was made available online at: <https://www.modestogov.com/1850/Annual-Action-Plans> and hard copies were made available for review at the City of Modesto Community and Economic Development Department at 1010 10th street, Suite 3100, Modesto CA.

The draft AAP was made available for a minimum 30-day public review and comment period from March 25, 2019 to May 14, 2019.

See section AP-12 for a summary of Citizen Participation community meetings held.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

See AP-12 Participation for a summary of comments received.

A summary of all public comments will be provided to the City of Modesto City Council at the May 14, 2019 Public Hearing to consider adoption of this AAP.

6. Summary of comments or views not accepted and the reasons for not accepting them.

Pending end of public comment period.

7. Summary

The City of Modesto's Program Year (PY) 2019-2020 Annual Action Plan represents the fifth (5th) year plan of the City of Modesto's 2015-2020 Consolidated Plan. The PY 2019-2020 AAP identifies activities to be undertaken during the program year to address community priority needs.

For the 2019-2020 Annual Action Plan, the City held community meetings within each City Council Districts and when possible, community meetings were held within low income Census Block Group areas. The meetings were held at different times and locations in an effort to accommodate the needs of low-income residents, particularly persons with Limited English Proficiency community needs.

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan
 Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	MODESTO, CA	
CDBG Administrator	MODESTO, CA	Community & Economic Development Department
HOME Administrator	MODESTO, CA	Community & Economic Development Department
ESG Administrator	MODESTO, CA	Community & Economic Development Department

Table 1 – Responsible Agencies

Narrative (optional)

The City of Modesto’s Community and Economic Development Department, Community Development Division is the lead agency responsible for the preparation of the Consolidated Plan and related Annual Action Plans.

The Community Development Division collaborates with two Citizen Advisory committees in the development and approval of HUD planning documents as well as for the approval of HUD funded projects and activities: 1) the Citizens Housing and Community Development Committee (CH&CDC), and 2) the Housing Rehabilitation Loan Committee (HRLC).

The CH&CDC is an 11-member committee appointed by the Modesto City Council and is comprised of representatives from the Modesto City Council, Planning Commission, Housing Rehabilitation Loan Committee, Human Relations Commission and several citizens-at-large. Generally, the citizens-at-large represent low-income and racial minority groups. The CH&CDC provides overall review of the City's Housing and Urban Development (HUD) plans (Con Plan, AAP, CAPER) and funds. The committee makes funding recommendations to the Modesto City Council regarding the HUD Community Development Block Grant, Emergency Shelter Grant, and Home Investment Partnerships Grant programs.

The Housing Rehabilitation and Loan Committee considers all Homeowner Rehabilitation Program projects for eligibility and approval.

Consolidated Plan Public Contact Information

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Modesto consulted with various organizations including service providers within Stanislaus County. Consultation with service providers not only takes place during the development of the Annual Action plan but occurs throughout the year through the City's engagement in the Community System of Care and Focus on Prevention initiative. The City realizes that consultation and collaboration with stakeholders and service providers is key in ensuring that meaningful dialogue takes place so that the best strategy to address underserved needs is set in place and HUD resources are used in the most effective way.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Since 2014, there has been an extraordinary amount of coordination among service providers throughout Stanislaus County. This coordination began with the launch of the Focus on Prevention Countywide initiative with the aim to improve the quality of life for all Stanislaus County residents and families through coordinated prevention efforts that work across multiple sectors and address root causes. The sectors include arts, entertainment and sports, business, education, faith, government, healthcare, media, non-profits, neighborhoods, and philanthropy. When this initiative began, the first area of focus was preventing and reducing homelessness.

The City of Modesto has been a key partner in the Focus on Prevention initiative. The City's active involvement in the Community System of Care (CSOC), which acts as the local Continuum of Care, is key in ensuring that there's coordination between public and assisted housing providers and private governmental health, mental health and service agencies.

In January 2019, the CSOC released a “Plan to Address Homelessness in Stanislaus County”. The plan consolidates and updates community planning and feedback processes from the past four years, and draws upon the work of community leaders and agencies at the front lines of serving homeless people and families. Included in the plan are strategies designed to strengthen and further unite the efforts of government and community partners in multiple sectors: housing and shelter providers, healthcare providers, the members of the CSOC, housing developers, law enforcement/justice system stakeholders, behavioral health/substance abuse treatment agencies, emergency response system members, faith-based community, educational leaders, people with lived experience of homelessness, and a wide range of service providers.

In an effort to create a formal public/private governance structure to establish a single point of community leadership and oversight to guide the response to homelessness in Stanislaus County, a new governance structure called the Stanislaus Homeless Alliance is being established. The intent of this new community-wide leadership structure is to develop one vision, one program strategy, and one funding strategy to communicate performance outcomes to the community and serve as the framework for mutual accountability. The Homeless Alliance will include elected officials, executive staff and non-government community leaders to reinforce the core principle that effective solutions must include all sectors of the community working together with a common purpose and strategy.

With regard to economic development, the City of Modesto has strong partnerships with Opportunity Stanislaus, the county-wide economic development partner that focuses on growing and strengthening Stanislaus County through programs designed to build a strong workforce and create a thriving business environment. The City continues to coordinate with Opportunity Stanislaus to enhance business opportunities for low income individuals. The City currently has a contract with Opportunity Stanislaus to support operations of its VOLT Institute program which offers fast-paced training for high-wage, in demand careers in industrial maintenance mechanics to low income individuals.

In addition, the City of Modesto partners with Access Plus Capital (previously Fresno Community Development Financial Institution) on a small business loan project. The program provides competitive loans to business start-ups and/or existing businesses for working capital, tenant improvements, and/or equipment.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As part of the CSOC’s Plan to Address Homelessness in Stanislaus County, the CSOC is currently working on efforts to better align local, state, and federal resources to respond to the needs of the community’s homeless population including families and individuals living with serious mental illness who are homeless, chronically homeless, or at risk of chronic homelessness.

The City continues to coordinate efforts and leverage funds with our local Community System of Care and jurisdictions to have a greater impact in the areas of housing and homeless services. The City of Modesto and its partners also continue to work toward an effective and efficient Coordinated Entry system designed to ensure that people experiencing homelessness and those at risk of homelessness are quick matched to the supportive services, shelter, and housing that most effectively and efficiently end their homelessness.

In addition, the City is working with the CSOC on the coordination with local institutions to minimize the discharge of people from publicly funded institutions, hospitals, and prisons into homelessness. Due to the California law change in January 2019, the local Behavioral Health and Recovery Services County agency is working with medical institutions and their discharge policies to assist homeless patients in preparing for their return to the community and helping identify a post-discharge destination, with priority given to identifying a sheltered destination with supportive services. There is still a large shortage in permanent supportive housing and supportive services and the community has applied for No Place Like Home Funding in order to help address those shortages.

In the coming year, the City will partner with the local youth service provider to assist with additional youth facilities such as a one-stop-shop “Youth Access Center”.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

With regard to consultation with the Continuum of Care in determining how to allocate ESG funds, the CSOC is currently working on restructuring the CSOC oversight to form a homeless alliance which will oversee all funds designated for homeless services in the community, including ESG, to ensure the funding has the greatest impact among the population it serves.

To develop performance standards and evaluate outcomes of projects and activities assisted by ESG funds, the City of Modesto uses performance measures captured annually by HMIS to evaluate the outcomes of projects assisted with ESG funds. The performance measures will help evaluate the performance to determine the most effective services and assist with future allocation of ESG funds. These include: length of homelessness, returns to homelessness, number of sheltered homes persons, employment and income growth for persons, homeless for the first time, and exit and retention to permanent housing.

The CSOC has adopted policies and procedures to administer the operation of the Homeless Management Information System. The City of Modesto, as HMIS Lead, will utilize California Emergency Solutions and Housing (CESH) Program funds from the State of California and HMIS Capacity building funds to enhance the current HMIS system for more streamlined coordinated entry and to illustrate the outcomes of individual homeless services.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities.

1	Agency/Group/Organization	Housing Authority of the County of Stanislaus
	Agency/Group/Organization Type	Housing PHA Services – Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consulted via ongoing collaboration of housing projects that the City has as well as coordination during CSOC (CoC) meetings. Anticipated outcomes include the identification of gaps and services and continued partnership in delivery of affordable housing projects and services with the end goal of serving low income and homeless households in the most effective and efficient manner.
2	Agency/Group/Organization	Haven Women's Center
	Agency/Group/Organization Type	Services-Victims of Domestic Violence
	What section of the Plan was addressed by Consultation?	Housing Needs - Victims of Domestic Violence
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.
3	Agency/Group/Organization	STANISLAUS COUNTY
	Agency/Group/Organization Type	Other government - County

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	City and County staff collaborate on an ongoing basis to address homeless needs in the community. The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.
4	Agency/Group/Organization	THE SALVATION ARMY - MODESTO CA
	Agency/Group/Organization Type	Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC. As one of the largest homeless services provider, located in and serving Modesto, this agency provides insight in the needs and issues the homeless population are facing. The anticipated outcome is that the City and County governments continue to work closely with this agency to increase its capacity with the goal of delivering effective and efficient services to the homeless population as well as improving program related requirements.

5	Agency/Group/Organization	THE DISABILITY RESOURCE AGENCY FOR INDEPENDENT LIVING (DRAIL)
	Agency/Group/Organization Type	Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>
6	Agency/Group/Organization	Stanislaus County Community Services Agency
	Agency/Group/Organization Type	Services-Children Services-Elderly Persons Services-homeless Services-Health Other government - County
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>The CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>
8	Agency/Group/Organization	Turning Point Community Programs
	Agency/Group/Organization Type	Housing Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>As the operator of the Outreach and Engagement Center and Housing Assessment Team, the anticipated outcome is that the City and County governments continue to work closely with this agency to increase its capacity with the goal of delivering effective and efficient services to the homeless population as well as improving program related requirements. They will also assist in being the provider for the low-barrier shelter. We have reached out to the HCD Department from the State of California for technical assistance and training for the shelters and the Housing First model.</p>
9	<p>Agency/Group/Organization</p>	<p>Community Impact Central Valley</p>
	<p>Agency/Group/Organization Type</p>	<p>Housing Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-homeless</p>
	<p>What section of the Plan was addressed by Consultation?</p>	<p>Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans</p>
	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The agency was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing collaboration and coordination effort of the CSOC.</p> <p>As a housing provider serving persons with HIV/AIDS, the CSOC seeks to improve the coordination of housing and human services to address social problems, reduce chronic homelessness, and increase the supply of affordable housing.</p>

10	Agency/Group/Organization	West Modesto King Kennedy Neighborhood Collaborative
	Agency/Group/Organization Type	Services-Children Services-homeless Services-Education
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Homelessness Needs - Unaccompanied youth
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The neighborhood collaborative was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing community collaboration. Anticipated outcomes include ongoing collaboration with neighborhood groups and working together to address and solve social and neighborhood problems via HUD programs and other community resources.
12	Agency/Group/Organization	Airport Neighborhood Collaborative
	Agency/Group/Organization Type	Services-Children Services-Education
	What section of the Plan was addressed by Consultation?	Homelessness Needs - Veterans
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The neighborhood collaborative was consulted during the formulation of the annual action plan and over the course of the year as part of the ongoing community collaboration. Anticipated outcomes include ongoing collaboration with neighborhood groups and working together to address and solve social and neighborhood problems via HUD programs and other community resources.

No additional narrative.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

In order to ensure maximum participation in the AAP process among all populations and special needs groups and to ensure that their issues and concerns are adequately addressed, the City of Modesto has a Citizen Participation Plan (CPP) in place. The community outreach process included community meetings, CH&CDC public meetings, and a City Council Public Hearing.

All community meetings are open to the public, and in addition to newspaper publications, notices of the meetings were distributed via e-mail, and hard copy posting. Community meetings provide a forum for citizens to participate in matters related to the City’s HUD Programs as well as provide staff an opportunity to review policy issues and obtain public feedback.

In compliance with Citizen Participation requirements, the City encourages citizen participation among all community sectors including but not limited to low and moderate income persons, residents from

blighted areas predominantly low and moderate income neighborhoods, areas where CDBG funds are proposed for use, minorities, non-English speaking persons, persons with disabilities, public housing residents, and local and regional institutions including the CoC, businesses, developers, and non-profit organizations, among others. The following efforts took place for each of these groups:

- Low and moderate income persons: City staff conducted community meetings in each of the six City Council Districts. Meetings were strategically located within or near Census Block Groups categorized as low-income block groups by HUD. The intent was to reach out to and encourage low income residents living within low income block groups to participate in the AAP process.
- Residents from slum and blighted areas: City staff conducted community meetings in each of the six City Council Districts. Meetings were strategically located within or near Census Block Groups categorized as low-income block groups by HUD. The intent was to reach out to and encourage low income residents living within low income block groups to participate in the AAP process.
- Minorities: The City of Modesto encourages participation of all population groups. Many of the low income block groups where community meetings were held contain a high concentration of minorities.
- Non-English Speaking Persons: AAP publications are posted in English and Spanish. Spanish speaking staff is also available at all community meetings to assist Spanish speaking persons. Assistance to persons in other languages is available upon request.
- Persons with Disabilities: Community meetings are held in places accessible to persons with disabilities. Special accommodations requests are addressed on a case by case basis.
- Public Housing residents: The City of Modesto collaborates with the Housing Authority of the County of Stanislaus, the largest public housing provider in Stanislaus County, during the development of the AAP.
- Local & regional institutions including the CoC: The CoC is consulted during the development of the AAP. The CoC is made up of representatives of multiple community sectors such as business, nonprofit organizations, philanthropic organizations, and community and faith based organizations

The public comment period was held from March 25, 2019 through May 14, 2019. During the Citizen Participation process, a number of community meetings were held to inform community groups of the 2019-2020 Annual Action Plan (AAP) and the programs offered by the various funding sources covered under the AAP. Comments received at meetings were considered for goal setting. An AAP publication announcing the AAP citizen participation process was published in the Modesto Bee and Vida en el Valle, the local Spanish newspaper. Dates, times and locations of community meetings as well as public hearings were published through these mediums and are summarized in Table 4 below.

Any comments obtained from the community meetings will be incorporated into the Program Year 2019-2020 Annual Action Plan. HUD has directed entitlement grantees to submit the AAP only after

official allocation awards are made available by HUD. The public review period to review and comment on the draft documents opened on March 25, 2019 and is scheduled to close with a public hearing at the Council meeting on May 14, 2019, subject to official HUD allocation award amounts being available. Per HUD's direction, the public hearing may be changed to a different date if awards are not available by May 14, 2019.

The following is a list of meetings that were held during the public comment period.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of comments received	Summary of comments not accepted and reasons
1	Public Meeting 3/21/19 Strategic Plan Meeting – Enochs High School – District 6	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A
2	Public Meeting 3/26/19 Strategic Plan Meeting – Modesto Fire Station 6 – District 1	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A
3	Public Meeting 3/27/19 Strategic Plan Meeting – Stanislaus Veterans Center – District 5	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A
4	Public Meeting 4/4/19 Strategic Plan Meeting – La Loma Jr High – District 4	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	N/A
5	Public Meeting 4/8/19 Airport Neighborhood Collaborative – District 4	Minorities Other: Low Income Block Group area Low Income individuals	A general discussion about the AAP and City's housing programs was held. No comments were received.	N/A

6	Public meeting 4/11/19 CH&CDC Meeting - Citywide	Minorities Other: Low income Block Group area Low Income individuals	The draft AAP and proposed projects was presented to the CH&CDC committee. Support was expressed for the AAP and featured projects including the proposed Microenterprise project for West Modesto, South Modesto, and Airport Neighborhood residents.	N/A
7	Public meeting 4/11/19 Strategic Plan Meeting – West Modesto King Kennedy Memorial Center – District 2	Minorities Other: Low income Block Group area Low Income individuals	Comments were received expressing the need for more affordable housing.	
8	Public meeting 4/17/19 Strategic Plan Meeting – Modesto Senior Citizens Center – District 3	Minorities Broad Community	Comments were received expressing the need for more affordable housing.	
9	Public meeting 4/17/19 West Modesto People of Action Council Monthly Meeting – District 2	Minorities Other: Low Income Block Group area Low Income individuals	A general discussion about the AAP and City’s projects in West Modesto was held. Parks and Recreation Department staff conducted a presentation related to CA Prop 68 Parks grant opportunities and its plans to submit an application for additional Mellis Park improvements.	

10	Public Meeting 4/18/19 Community System of Care (CSOC/CoC) – Citywide	Minorities Broad Community	The draft AAP and proposed projects was presented to the CSOC. No comments were received.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

- Funds covered under the Consolidated Plan: CDBG, HOME and ESG:

During Program Year 2019-2020, the City of Modesto anticipates receiving \$1,872,692 of Community Development Block Grant (CDBG) program funds, \$871,210 of HOME Investment Partnerships (HOME) Program funds, and \$170,023 of Emergency Solutions Grant (ESG) funds. The table below is a summary of expected resources in PY 2019-2020.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	Public-federal	Admin and Planning Acquisition Public Services	\$1,872,692	\$500,000 \$900,000 (RLF) \$500,000 (NSP P.I Convert to CDBG)	\$500,000	\$4,272,692	\$0.00	Expected Uses: Program Administration; Public Services; Housing Programs; Fair Housing Enforcement ;Public Facility Improvements Eligible ADA Improvements Homeless Services Activities
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	\$871,210	\$400,000	\$3,313,882	\$4,585,092	\$0.00	Expected Uses: Homebuyer Assistance Owner Occupied Housing Rehabilitation Rental Housing Rehabilitation Rental Housing New Construction

ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re- housing (rental assistance) Rental Assistance Services Transitional housing	\$170,023	\$0.00	\$23,474*	\$193,497	\$0.00	Expected Uses: Homeless Services Homeless Prevention Rapid Re- Housing
-----	------------------------	---	-----------	--------	-----------	-----------	--------	---

Table 5 - Expected Resources – Priority Table

**HUD allows up to 24 months for the expenditure of ESG funds. Via this AAP, the City will reprogram any funds unable to be spent by any of the ESG sub-recipients during Program Year 2018-2019. Up to \$23,474 of 2018-2019 ESG funds may need to be reprogrammed. The exact amount will be unknown until June 30, 2019.*

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City understands the importance of leveraging federal HUD funds with other resources. In the upcoming program year, the City is looking at leveraging HUD funds with funds such as No Place Like HOME (NPLH), California Emergency Solutions and Housing (CESH) Program, State Low income Tax Credits and Homeless Emergency Aid Program (HEAP) to maximize the impact of HUD funded programs. During the last program year the City of Modesto was able to leverage funding from a multitude of places.

The following is a list of sample HUD assisted projects in 2018-2019 that leveraged with other sources:

Project Name	HUD Source	Leverage Amount(s)	Total Project Cost
615 5 th Street	CDBG- \$189,600	BHRS- \$59,775	\$249,375
0 Vine Street	CDBG- \$280,000	Self Help Enterprises, No Place Like Home, HOME funding: \$5,519,882	\$5,799,882
Fire Hydrants	CDBG \$627,000	Local Water Fund \$299,591	\$926,591
201 E Coolidge	CDBG \$450,000	BHRS \$550,000	\$1,000,000
VOLT	CDBG: \$50,000	Other: \$550,000	\$600,000

With relation to Public Services and ESG funded activities, the City tracks leverage amounts from all sub-recipients via the ZoomGrants software reporting/invoicing system. Public Service sub-recipients are required to submit leverage amounts with supporting documentation as part of the City of Modesto’s quarterly monitoring reviews. The City of Modesto uses this data for its HUD reports in IDIS.

HOME – 25% Match Requirement

The 25% HOME match requirements are met through the contributions or layers of funds that the developers provide for each HOME -assisted project. The match includes private financing, waiver or deferral of development fees approved by the Modesto City Council, Tax Credit Allocations, and any other eligible source.

During the 2018-2019 Program Year, the City leveraged HOME funding for the following projects:

Project Name	HUD Source	Match Amount(s)	Total Project Cost
416 E. Coolidge	HOME \$800,000	\$475,000	\$1,275,000
Edwards Estates	HOME CHDO \$488,657	\$50,000	\$538,657
TOTAL	\$1,288,657	\$525,000	\$1,813,657

ESG – 100% Match Requirement

For the ESG program, the City of Modesto requires that ESG sub-recipients provide a dollar-for-dollar match for ESG funds received. Typically, the City of Modesto is able to generate significantly more match than the amount required for ESG activities primarily through the cash and non-cash contributions provided by ESG sub-recipients as a result of the generosity of their donors, supporters, and other funders. As part of the ESG monitoring process, ESG sub-recipients submit reimbursement requests; invoices and accompanying receipts are reviewed for reimbursement eligibility. Sub-recipients are

required to submit dollar-for-dollar match verification with each reimbursement request and City of Modesto reimbursement is conducted after match verification documentation is satisfied.

During Program Year 2018-2019 ESG subrecipients were able to match ESG funds through local, state, and other sources as shown below:

Project Name	HUD Source	Match Amount(s)	Total Project Cost
CHS Hutton House	ESG \$35,000	\$596,525	\$631,525
CHSS Homeless Prevention	ESG \$30,000	\$30,000	\$60,000
The Salvation Army Berberian Shelter	ESG \$63,721	\$396,940	\$460,661
TOTAL	128,721	\$1,023,465	\$1,152,186

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The City is reviewing its inventory of City owned properties to determine the best use for the upcoming AAP. The intent is to transfer eligible properties to non-profit organizations to utilize the units for low income households or rehabilitate the units and sell them to a low income household. Additionally, the City as the successor housing entity to the former Redevelopment Agency of the City of Modesto, owns a parcel that will be utilized to develop 74 affordable housing units for low and very low income households. The City is working with EAH, a non-profit affordable housing developer, to obtain project construction financing including State grants and tax credits to leverage HOME funding.

Table 4 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

There is a great need for affordable housing in the area. According to an August 2018 report by the California Housing Partnership Corporation, Stanislaus County needs approximately 20,000 more affordable rental homes to meet current demand. The report further indicates that, the elimination of redevelopment in 2012 and exhaustion of stat bond funding foreshadowed a 16% rise in homelessness from 2016 to 2017.

Allocation priorities for the use of HUD CDBG, ESG, and HOME focus on addressing homelessness and the shortage of affordable housing. Local efforts are currently focused on addressing the local homeless crisis while at the same time trying to identify ways to supplement the City’s affordable housing stock with limited financial resources available to the community.

Because of the shortage, the City has shifted funding to assist with acquisition and rehabilitation of the affordable housing stock. Additionally, funding is being allocated to assist with the expansion of public facilities to include additional shelter beds, and transitional housing. The housing and rental costs continue to increase, and for the first time in over five years the FMR has decreased for the area.

An additional obstacle we have been struggling with is Rapid-rehousing. We are working hard to engage additional landlords to partner with, and we are applying for technical assistance from the State of California to assist with engaging more landlords.

AP-38 Project Summary

Project Summary Information

1	Project Name	CDBG: FY 20192-020 CDBG PLANNING & ADMINISTRATION
	Target Area	N/A
	Goals Supported	N/A
	Needs Addressed	N/A
	Funding	CDBG: \$474,538

	Description	This project will fund administrative expenses related to the planning and administration of CDBG projects and activities including but not limited to development of HUD plans, contract development, project monitoring, and enforcement of federal regulations. Matrix Code: 21A - General Program Administration Regulatory Citation: 570.206 National Objective: N/A
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	1010 10th Street, Modesto CA 95354
	Planned Activities	Program Administration.
2	Project Name	CDBG: AFFORDABLE HOUSING – ACQUISITION
	Target Area	N/A
	Goals Supported	Acquisition and Rehabilitation
	Needs Addressed	HM-2 Increase Transitional Housing
	Funding	CDBG: \$613,154
	Description	Partner with local homeless service providers and/or affordable housing developers to acquire properties and convert to homeless facilities and/or supplement the City's affordable housing stock. 5	Project Name	CDBG: MICROENTERPRISE COTTAGE FOOD OPERATOR PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	
	Funding	CDBG: \$110,000
	Description	Partner with Opportunity Stanislaus to fund a pilot Microenterprise Cottage Food Operator program for West Modesto, South Modesto, and Airport neighborhood residents to allow small artisan food makers producing goods out of their own home kitchens. The program will offer food entrepreneurship accelerator classroom instruction covering: food safety, city/county regulations, marketing, liability, and small business planning. Assistance will be provided to those interested in obtaining CFO business license and microenterprise business startup. Matrix Code: 18C Economic Development: Micro-Enterprise Assistance Regulatory Citation: <u>570.201(o)(1)</u> National Objective: 570.208(a)(2)
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	30 unduplicated business entrepreneurs participating in CFO program; 5 businesses created.
	Location Description	South Modesto, West Modesto, Airport Neighborhood.
	Planned Activities	Economic Development

6	Project Name	CDBG: ACCESS CENTER
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: \$500,000
	Description	<p>This is a multi-year project that has been carried over from previous years.</p> <p>Partnership with Stanislaus County and Salvation Army. Acquisition of property be used a one-stop-shop Access Center for homeless services coordinated assessment system. The permanent location of the facility is yet to be determined.</p> <p>Matrix Code: 01 Acquisition of Real Property</p> <p>Regulatory Citation: 570.201(a)</p> <p>National Objective: 570.208(c) LMA</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	100 homeless individuals per year
	Location Description	608 E. Granger Avenue, Unit 25, Modesto, CA 95350
	Planned Activities	Housing services for youth experiencing homelessness.
7	Project Name	CDBG: WATER LINE REPLACEMENT PROJECT
	Target Area	
	Goals Supported	Public Improvements
	Needs Addressed	Arrest Physical Decline of LMAs
	Funding	CDBG: 500,000

	Description	<p>Replace existing water mains around South Martin Luther King Boulevard. The existing water mains in this area are old 2"- 4" undersized galvanized steel mains which are prone to leaking and low pressures. The project will replace water lines in the alleys for the following streets: Vine Street, Spruce Street, Walnut Street, Ruberto Street, Ash Street and Leon Avenue. The project will improve the existing water system with new City Standard water mains, valves and hydrants to improve system reliability, flows and pressures.</p> <p>Matrix Code: 03J Water/Sewer Improvements</p> <p>Regulatory Citation: 570.201(c)</p> <p>National Objective: 570.208(c) LMA</p>
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	50 housing units within a low income project area will benefit from project improvements.
	Location Description	
	Planned Activities	
8	Project Name	RLF: AFFORDABLE HOUSING – OWNER OCCUPIED HOUSING REHABILITATION
	Target Area	N/A
	Goals Supported	Housing Rehabilitation Program
	Needs Addressed	H-3 Preserve Existing Affordable Housing
	Funding	CDBG: \$740,000
	Description	<p>Provide direct financial assistance eligible households through the Homeowner Rehabilitation Program to address health and safety repairs.</p> <p>Matrix Code: 14A Rehab: Single Unit Residential</p> <p>Regulatory Citation: 570.202(a)(1)</p> <p>National Objective: 570.208(a)(3) LMH</p>
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	20 households at or below 80% of the AMI
	Location Description	Citywide
	Planned Activities	Housing Rehabilitation
9	Project Name	RLF: AFFORDABLE HOUSING – ACQUISITION
	Target Area	N/A
	Goals Supported	Acquisition and Rehabilitation
	Needs Addressed	HM-2 Increase Transitional Housing
	Funding	CDBG: \$400,000
	Description	Revolving Loan Fund: Partner with local homeless service providers and/or affordable housing developers to acquire properties and convert to homeless facilities and/or supplement the City's affordable housing stock. Matrix Code: 01 Acquisition of Real Property Regulatory Citation: 570.201(a) National Objective: 570.208(a)(1) LMH
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	1 homeless facility
	Location Description	N/A
	Planned Activities	Homeless Facility
10	Project Name	PS-19 DOWNTOWN STREETS TEAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$50,000

	Description	<p>Provide case management and employment services to homeless individuals. Homeless and low-income people volunteer and work collaboratively on beautification projects around the community. Team Members will pick up litter, needles, trash, and encampment debris and other such garbage items in the Program area while outreaching to the current residents. The Downtown Streets Team will work with existing housing and shelter providers, other service providers (medical, legal, etc.), employers, and local government agencies to remove barriers to self-sufficiency for every Team Member.</p> <p>Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	30 individuals at or below 80% AMI
	Location Description	Citywide
	Planned Activities	Public Services
11	Project Name	PS-19 CENTER FOR HUMAN SERVICES – PATHWAYS PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$23,100
	Description	<p>Pathways is a 16 bed transitional housing program that addresses the need for shelter and support services for homeless youth 18 to 21 years of age. Shelter is provided up to 21 months. This project addresses the City of Modesto Five-Year Consolidated Plan, 2015-2020 priority of transitional housing, particularly for an at- risk population. (HM 2 and 4).</p> <p>Matrix Code: 05D Youth Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>

	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	25 low income youth at or below 80% AMI.
	Location Description	608 E. Granger Avenue, Unit 25, Modesto, CA 95350
	Planned Activities	Homeless Services
12	Project Name	PS-19 CHILDREN'S CRISIS CENTER – RESPITE CHILDCARE SHELTER PROJECT
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$24,501
	Description	<p>This project is designed to deliver child/youth services to a disadvantaged population of abused, neglected and high risk infants, toddlers, preschool and school-age children residing in Modesto. This program will offer respite childcare and shelter services to impoverished children endangered by detrimental family circumstances of domestic violence, incest, molestation, substance abuse, mental illness, homelessness, transgenerational trauma and/or generational abuse. Services will be responsive to the poverty and safety related needs of children disadvantaged by socioeconomic events or trauma. Child beneficiaries will be members of households subsisting in very low to moderately low income circumstances (below 80% of the area median income), while enduring various social and economic difficulties.</p> <p>Matrix Code: 05L Child Care Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	215 children from households 80% AMI or below.
	Location Description	Sawyer House
	Planned Activities	Respite Childcare Shelter
13	Project Name	PS-19 COURT APPOINTED SPECIAL ADVOCATES (CASA) – CASA OF STANISLAUS COUNTY
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$27,699
	Description	<p>This project will provide coordinated case management to address the needs of dependent youth in the foster care system. The advocate works with everyone involved and makes independent, informed recommendations on the child's behalf directly to the Judge who makes all orders regarding the case. The dedication of CASA volunteers allows judges to ensure successful outcomes for children.</p> <p>Matrix Code: 05D Youth Services</p> <p>Regulatory Citation: 570.201(e)</p> <p>National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	28 foster youth at or below 80% AMI
	Location Description	801 11th Street, 3rd Floor, Modesto, CA 95354
	Planned Activities	Advocacy through court system
14	Project Name	PS-19 HAVEN WOMEN'S CENTER – DV SHELTER
	Target Area	
	Goals Supported	Services - Anti-poverty

	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$22,164
	Description	<p>Haven Womens Center will offer a variety of supportive services to individuals and families impacted by domestic violence, sexual assault, and human trafficking. Haven operates the only confidential domestic violence shelter in Stanislaus County. Victims fleeing abuse, who are homeless or imminently homeless, are eligible for up to six weeks of shelter. Available services include 24 hour crisis intervention and safety planning, peer counseling, legal advocacy, and support groups for adults and children affected by trauma.</p> <p>Matrix Code: 05G Battered and Abused Spouses</p> <p>Regulatory Citation: 570.201(e)</p> <p>National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	105 unduplicated individuals at or below 80% AMI.
	Location Description	Haven Women’s Center Emergency Shelter is identified as a confidential domestic violence shelter as defined in the California’s Welfare and Institutions Code 18301. The location of the shelter is confidential in accordance with California Penal Code 273.7.
	Planned Activities	Services to DV victims.
15	Project Name	PS-19 OPPORTUNITY STANISLAUS – VOLT INSTITUTE
	Target Area	N/A
	Goals Supported	
	Needs Addressed	Services - Anti-poverty
	Funding	\$28,350

	Description	<p>VOLT Institute is an industry led manufacturing training center that teaches advanced manufacturing skills to area workers. In our first graduating class we placed 88 percent of our class into good jobs. Currently, there is a huge skill gap issue in the manufacturing sector. There are approximately 200 open, unfilled maintenance mechanics positions which start at \$50,000 a year with benefits. These type of jobs are living wage positions that will elevate people out of poverty and give them a great career.</p> <p>Matrix Code: 05H Employment Training Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	20 unduplicated individuals below 80% AMI.
	Location Description	1625 I Street Modesto, CA 95354
	Planned Activities	Job Training
16	Project Name	PS-19 PARENT RESOURCE CENTER – MOMS PARENTS PLUS
	Target Area	N/A
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$21,000

	Description	<p>PRC will offer an expansion of individuals served with the Connecting Families program, a 12-week co-ed parenting education program offered in multiple sessions throughout the year in English and Spanish, through partnerships with Housing Authority, Stanislaus Family Justice Center, Modesto Gospel Mission, Community Housing and Shelter Services, Modesto City Schools Healthy Start sites, Salvation Army Red Shield Center, Family Promise and the Department of Family Self-Sufficiency, and other partners. The program will target low-income parents and their at-risk children through a 12-week parenting education program enhanced with life skills education. Partnership with other agencies includes providing the location for classes or providing instruction for the life skills components.</p> <p>Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>
	Target Date	06/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	100 individuals at or below 80% AMI
	Location Description	811 5th St. Modesto, CA 95350
	Planned Activities	Parenting education to young parents.
17	Project Name	PS-19 PROJECT SENTINEL – FAIR HOUSING PROGRAM
	Target Area	
	Goals Supported	Fair Housing Services and Education
	Needs Addressed	H-4 Continue to Support Fair Housing.
	Funding	CDBG: \$25,000

	Description	<p>The proposed project will enable people to resolve housing problems. By providing fair housing services, the project will also assist the City of Modesto to affirmatively further fair housing by combating housing discrimination and promoting diverse and inclusive communities.</p> <p>Fair housing coordinators investigate complaints through testing, interviews, surveys, and document review. When there is evidence of a violation the complainant is given a range of options: educate the person causing the violation, conciliate/mediate the complaint, refer the complainant to HUD, DFEH or to an attorney for enforcement.</p> <p>Matrix Code: 05J Fair Housing Activities (subject to 15% cap)</p> <p>Regulatory Citation: 570.201(e)</p> <p>National Objective: 570.208(a)(2) LMC</p>
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	5 fair housing discrimination investigation cases; 350 persons will receive fair housing education via workshops, presentations, and information & referral.
	Location Description	1231 8th St., Ste 425, Modesto, CA 95354.
	Planned Activities	Fair housing discrimination investigation, Tenant/Landlord Mediation, Fair Housing Education
18	Project Name	PS-19 UNITED SAMARITANS FOUNDATION – DAILY BREAD LUNCH PROGRAM
	Target Area	
	Goals Supported	Services - Anti-poverty
	Needs Addressed	CD-3 Provide Public Services for Residents
	Funding	CDBG: \$23,100

	Description	Daily Bread Mobile Lunch Program delivers nutritious meals directly into the neighborhoods where extremely low, very low, low income, and, homeless individuals reside. The program ensures those individuals living in these neighborhoods have access to at least one nutritious meal a day, five days a week, 52 weeks a year. During the week we provide as many EXTRAS (milk, juice, bread, eggs, dairy, produce, etc) as we have available to supplement their diet with higher nutrition foods. Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC
	Target Date	06/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	385 unduplicated individuals at or below 80% AMI.
	Location Description	
	Planned Activities	Mobile Lunch Program.
19	Project Name	PS-19 SALVATION ARMY – BERBERIAN SHELTER
	Target Area	
	Goals Supported	Emergency Shelter Beds
	Needs Addressed	HM-1 Address Chronic Homelessness HM-5 Coordinated case management
	Funding	CDBG: \$100,000

	Description	<p>The Salvation Army shelter addresses chronic homelessness for individuals including the elderly and persons with physical disabilities by providing overnight shelter. Shelter services include beds, showers and restrooms for individuals to care for basic hygiene and have a nutritious hot meal. The project will serve the homeless population including no income to low- and very low- income which impedes ability to secure housing.</p> <p>This safe environment enables one to focus on other areas of need to self-sufficiency. Such services include those directed at the social and health needs of homeless individuals. By moving homeless individuals into a shelter aids in the prevention or elimination of slums or blight.</p> <p>Matrix Code: 05Z Other Public Services Regulatory Citation: 570.201(e) National Objective: 570.208(a)(2) LMC</p>

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Wherever possible, the City reviews low income Block Groups to determine where the City can direct assistance. Over the next several years, the City’s goal will be to create a CDBO or NRSA to have a greater impact in disadvantaged communities and take advantage of CDBO or NRSA flexibilities related to program requirements and project implementation.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

SP-10 of the Consolidated Plan identifies the City of Modesto’s “Low Income Census Tracts” as geographic areas of investment. Wherever possible, the City has identified activities that will benefit residents within these geographic areas. For area based activities, the City must ensure that the project is located within an eligible block group which meets this SP-10 requirement. Where possible, the City of Modesto will distribute CDBG funds throughout the low income block groups located throughout the six city council districts.

Discussion

No additional discussion.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Rental Assistance:

- 0; The City of Modesto does not provide tenant-based rental assistance.
- Production of New Units:
- Special Needs: 8 units for BHRS mental health clients – 416 E. Coolidge Ave Project.
- Homeless: Acquisition of 1 public facility and convert into a Youth Access Center. This project will add beds for homeless youth and serve as a temporary emergency shelter.
- Rehab of Existing Units:
- Non-Homeless: Assist 20 owner occupied households with housing rehabilitation assistance.
- Acquisition of Existing Units:

- Non Homeless: 2 First Time Homebuyer loans: Assist 2 first time homebuyer households with the purchase of their first home

Total Units: 31

Discussion

The City of Modesto, in partnership with the CoC and Stanislaus County, is working with The Salvation Army, one of Modesto’s homeless shelters, to expand the capacity of the shelter by 150 beds. CDBG funds may be used for the renovation to allow expansion of its current shelter.

The City is also working with Center for Human Services, a local youth service provider, for a potential partnership for the acquisition of a property to convert into a Youth Access Center. This project would include the addition of youth shelter beds to serve as an emergency shelter, and transitional housing for homeless youth.

The City will also continue to assist owner occupied households through the Homeowner Rehabilitation program with grants and loans to address health and safety related repairs in their home. In addition, an eight (8) single family unit project will be completed in partnership with the Housing Authority of the County of Stanislaus to serve persons with mental health issues.

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Stanislaus (HACS) is the largest public housing provider in Stanislaus County. The City of Modesto has a close working relationship with the Housing Authority of the County of Stanislaus (HACS) and meets on an as needed basis to discuss concerns relevant to public housing and other housing matters. In prior years the City of Modesto has partnered with the HACS by leveraging available funds to address affordable housing needs through the development and/or

rehabilitation of affordable housing units for low and moderate income persons and families. Whenever possible, City will continue to work with the HACS and any other housing and social service providers to foster public housing improvements and resident initiatives.

Actions planned during the next year to address the needs to public housing:

- The following actions are planned during the next year to address public housing
- 201 E. Coolidge Ave: Continue partnership with the HACS to rehabilitate a 40 unit multifamily affordable housing complex to address health and safety repairs, landing replacements, mold remediation, water leaks, dry rot, replace outer walls of existing stairwells , stairwell headers, and damaged flooring. Project rehabilitation began in PY 2018 and should be completed in PY 2019-2020.
- Vine Street Acquisition: Continue partnership with the HACS to acquire property to develop a two phase affordable housing project. Phase I will consist of 23, 1 bedroom units to provide housing for veterans. Phase II will consist of 12 senior housing units (CDBG Funds - \$280,000).
- 416 E. Coolidge Ave: Partner with the HACS for the construction of eight (8) 1 bedroom units to provide affordable housing to mental health clients served by Stanislaus County Behavioral Health and Recovery Services (BHRS) (HOME Funds - \$800,000).
- Edwards Estates: Partner with Great Valley Housing Development Corporation (GVHDC) for the construction of two affordable housing units to be sold to first time homebuyers (HOME – \$488,657).

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of the County of Stanislaus (HACS) provides homeownership resources to participants in the Housing Choice Voucher Program. The Family Self-Sufficiency (FSS) Program has established partnerships with a variety of community resources to refer participants for services including pre- and post-secondary education, health care, child care, employment development, supported employment, and small business development including micro-loans. The FSS Program also encourages families to participate in financial wellness programs including financial literacy and credit repair with an emphasis on long-term financial stability for the purposes of homeownership.

Efforts to improve communications with residents and program participants include: on site resident training/informational meetings, regular newsletters and flyers. The HACS has implemented a “curb-side” appearance program. The focus of the program is the exterior of buildings, parking areas, play grounds and other areas of the complexes. Rodent and insect problems are addressed when residents report a problem and/or on Annual Inspections. In an effort to better education residents concerning these problems, information is regularly provided through the HACS newsletter. These actions have assisted the HACS in creating an atmosphere which emphasizes customer satisfaction and communication.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable. The PHA is not designated as troubled.

Discussion

No additional discussion.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In the coming year, the City will continue to partner with local service providers and agencies with the goal of reducing and ending homelessness via street outreach, homeless prevention, and rapid rehousing. In addition, the City will work with the Community System of Care on addressing the emergency shelter and transitional housing needs of homeless persons as well as continuing to find creative approaches to addressing homelessness and special needs populations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Modesto has participated in CSOC's planning process to move individuals and families from homelessness to permanent housing and independent living through a network of housing linked to supportive services. The primary strategy document is the annual CSOC Application. Additionally, the CSOC continues to work with its members toward a continuum-wide coordinated intake system.

In the coming year, the City will continue to partner with organizations such as Center for Human Services (CHS) which conducts street outreach to unsheltered homeless youth. CHS' goal, through street outreach, is to engage with homeless youth and connect them to resources including housing at CHS' Hutton House, a runaway and homeless youth shelter (ages 13-17), or Pathways, a transitional living place for older youth (ages 18-21). With the funding to assist with a Youth Access Center for 19-20 it will increase the outreach opportunities and services for the youth population with everything being available at one location.

HEART Team: In April 2018, the Homeless Engagement and Response Team (HEART) has provided intensive outreach and engagement over the last couple years. This team was later reassigned to join the CARE team described below.

CARE Team: In 2017, a City and County joint effort created a "Community Assessment Response and Engagement" (CARE) initiative. The CARE team met over a 90 day period on a weekly basis to map assets and identify service gaps while building a new approach that could increase accountability, and alignment-developing a system and services model that had never been used in the community. As part of the CARE initiative, a CARE Engagement Team emerged to conduct and coordinate daily outreach and engagement in Downtown Modesto, the McHenry Avenue corridor, and surrounding parks with the aim

of building trusting relationships, implementing coordinated individualized intervention plans, and connecting with individuals directly to services. The team's goal is to connect with those most in need and be available to respond to crisis situations to ensure that the target population is connected to vital services.

Access Center: The end goal of the efforts carried out by the CARE team is to reduce homelessness in the community. In February 2019, the City and County entered into a Memorandum of Understanding (MOU) aimed at addressing emergency shelter bed capacity. As part of the MOU, the county will lease space from the Salvation Army to provide these high-access shelter beds, and will lease space from the city for the one-stop Access Center. As a partner in the MOU, the city will be making substantial infrastructure improvements to the facility, including to Salvation Army's sewer and water lines, and parking lots.

Addressing the emergency shelter and transitional housing needs of homeless persons

CHS Youth Shelter

Increasing capacity of Salvation Army: In February 2019, the City and County entered into a Memorandum of Understanding which established a creative arrangement between the City and County and the Salvation Army aimed at increasing the transitional beds available to those experiencing homelessness in the Modesto community. The MOU, seeks to add 180 additional beds to those existing – roughly 150 – at the Salvation Army shelter on 9th and D Streets in downtown Modesto.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Our community's most recent System Performance Measures (comparing data between Fiscal Years 2016 and 2017) has demonstrated a 98% successful retention rate of clients placed in permanent housing, which is slightly higher than the previous year. This means that 98% of clients who are placed in permanent housing do not return to homelessness.

With regard to the length of time persons remain homeless, although the average length of time people remained homeless slightly increased by 13 days, could possibly be explained by the fact that the number of persons experiencing homelessness for the first time increased by 1,244 persons. As a community, we have helped clients increase their total income by 38% and upon exit, clients also increased their earned income by 16%.

In order to assist in helping homeless persons making the transition to permanent housing and independent living, , the City will partner with Community Housing and Shelter Services (CHSS) to assist

with homeless prevention and rapid re-housing. CHSS offers the entire spectrum of housing services for residents that includes housing counseling, emergency shelter, rental assistance and permanent housing supportive services. CHSS is the only HUD- approved agency in Stanislaus County that is certified to provide Rental Housing Counseling and Homeless Services Counseling.

Housing Assessment Team (HAT): Turning Point Community Programs' (TPCP) Housing Assessment Team (HAT) is co-located at the Outreach and Engagement Center (OEC) with other community partners serving the homeless and providing a variety of services to help support individuals/households into housing. HAT uses a strength-based, flexible and integrated approach to services. The staff of HAT are the first line of contact with individuals coming into the OEC. HAT has been serving an average of 60 homeless individuals each month. Services being provided include a housing and needs assessments; completion of the VI-SPDAT when appropriate; assisting clients with collecting documentation necessary to obtain permanent housing and benefits; providing a supportive environment for individuals/households to explore housing opportunities utilizing evidence-based and supportive approaches; and connecting clients with needed services (i.e., mental health, substance abuse).

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Modesto has been funding homeless prevention for the last five years in order to assist families and individuals from becoming homeless.

The city will partner with Center for Human Services to serve youth 14-24 who have aged out of the foster care system and are in need of assistance to help obtain support and housing. In Program Year 2019-2020 CHS expects to expand their services for an access center for Youth to have the services all in one area.

As part of the COC the City works directly with BHRS, Golden Valley Health Centers, and probation department to discuss the process and issues when individuals are discharged health care facilities, mental health facilities, corrections programs and institutions.

Discussion

No additional discussion.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City of Modesto will continue to work with its partners at the local, state and federal levels to find innovative ways to provide affordable housing opportunities for low income families and individuals

including addressing barriers to affordable housing. The State of California's 2019-2020 budget includes various proposals aimed at improving the affordability of housing in the state including but not limited to providing planning and production grants to local governments, expanding the state Low Income Housing Tax Credit program and expanding a loan program for middle income housing production. Wherever possible, the City will seek funding opportunities

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Discussion:

In order to ameliorate the negative effects of public policies that serve as barriers to affordable housing, the City of Modesto has policies in its impact fee program for affordable housing. The current CFF Policies and Procedures provide, with respect to very low and low income housing exemptions, the total number of housing exemptions granted are not to exceed two percent (2%) of the cumulative total CFF program housing units. The CFF Policies and Procedures also allow a Community Housing and Development Organization (CHDO) to submit an application and request CFF be waived on new affordable units for households earning sixty (60%) or less of the Area Median Income.

Since 1989, a total of 13,913 residential building permits have been issued, of which 678 were granted CFF exemptions.

In December 2018, the City of Modesto declared a shelter crisis. This declaration allows the City to adopt by ordinance reasonable local standards and procedures for the design, site development, and operation of homeless shelters and the structures and facilities therein, to the extent that it is determined at the time of adoption that strict compliance with state and local standards or laws in existence at the time of that adoption would in any way prevent, hinder, or delay the mitigation of the effects of the shelter crisis.

During the shelter crisis, provisions of any housing, health, habitability, planning and zoning, or safety standards, procedures, or laws shall be suspended for homeless shelters, provided that the city, county, or city and county has adopted health and safety standards and procedures for homeless shelters consistent with ensuring minimal public health and safety and those standards are complied with.

The City is utilizing this declaration to assist with the 150 bed expansion at the local Salvation Army shelter. This declaration will help streamline and expedite development to ensure the shelter opens in fall 2019.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

City of Modesto 2019-2020 Annual Action Plan

Because of the shortage, the City has shifted funding to assist with acquisition and rehabilitation of the affordable housing stock. Additionally, funding is being allocated to assist with the expansion of public facilities to include additional shelter beds, and transitional housing. The housing and rental costs continue to increase, and for the first time in over five years the FMR has decreased for the area.

An additional obstacle we have been struggling with as a region, is finding housing units and willing landlords to work with service providers in local Rapid-rehousing efforts. The City is diligently working to engage additional landlords to partner with, and we are applying for technical assistance from the State of California to assist with engaging more landlords.

Actions planned to foster and maintain affordable housing

Affordable housing is identified as one of the high priorities of the 2015-2020 Consolidated Plan. In order to address need for additional affordable housing the City of Modesto works with local affordable housing developers in efforts to identify new projects and/or ways to enhance the supply of affordable housing. As described in AP-55, the following are the City's 2019-2020 affordable housing goals:

Rental Assistance	0
The Production of New Units	9
Rehab of Existing Units	20
Acquisition of Existing Units	2
Total	31

Actions planned to reduce lead-based paint hazards

The City of Modesto has adopted policies to be implemented in its housing programs, which comply with HUD requirements relating to lead-based paint hazards. In alignment with HUD's requirements, lead-based paint remediation actions will depend on the level of subsidy provided on a project by project basis. The following is the City's lead based policy for reduction of lead paint hazards:

	Subsidy Amount		
	<\$5,000	\$5,000-\$25,000	>\$25,000
Approach to Lead Hazard Evaluation and Reduction	“Do No Harm”: Use lead safe work practices	Identify and control Lead hazards	Identify and Abate Lead Hazards
Homeowner Notification	Yes	Yes	Yes
Lead Hazard Evaluation	Presume Presence of LBP (alternative: Paint testing of surfaces to be disturbed by rehabilitation)	Paint testing of surfaces to be disturbed by rehabilitation AND Risk assessment	Paint testing of surfaces to be disturbed by rehabilitation AND Risk assessment
Lead Hazard Reduction	Repair surfaces disturbed during rehabilitation, use lead-safe work practices, clearance test of work site upon completion.	Interim controls, lead- safe work practices, clearance test of unit upon completion.	Complete abatement, lead-safe work practices, clearance test of unit upon completion.

Most housing rehabilitation projects are subject to federal regulations for Lead-Based Paint and contractors must be certified in safe work practices when completing the rehabilitation work. This effort in the past has resulted in more contractors being able to bid on and participate in the projects that contain lead-based paint.

The cost for the stabilization of lead based paint can be included in the City of Modesto’s housing rehabilitation loan program. The cost of the lead-based paint inspection and/or clearance is paid from entitlement funds.

The City of Modesto will continue to provide lead-based paint testing as a component of its housing repair and rehabilitation programs when required by HUD regulations. Given the age and condition of the City of Modesto’s housing stock, there are a significant number of homes where lead-based paint testing is needed.

Actions planned to reduce the number of poverty-level families

The City of Modesto, through its engagement in the local Focus on Prevention initiative, is engaged in the Coordinated Entry system. Coordinated entry (also known as coordinated assessment system) is a consistent, community wide process to match people experiencing homelessness or at-risk of homelessness to community resources that are the best fit for their situation. In a community using coordinated entry, homeless individuals and families complete standard triage assessment survey that identifies the best type of services for that household. Participating programs accept referrals from the system, reducing the need for people to traverse the county seeking assistance at every provider separately. The process helps prioritize housing and homeless assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner. The process also provides information about service needs and gaps to help plan assistance and identify needed resources in our community.

The intent is to provide coordinated entry to the entire geographic area through Access Points. Access Points are places—either virtual or physical—where an individual or family in need of assistance accesses the coordinated entry process. People experiencing homelessness can complete the assessment survey to participate in coordinated entry and are matched with community resources that best fit their situation. All locations and methods offer the same assessment approach and referrals using uniform decision-making processes. The Access Points in Stanislaus County include: 1) A centralized physical location (Access Center) in Stanislaus County where housing and support services, among others are provided, 2) 211 hotline system that screens and directly connects people to services, 3) Continuum of Care partners that provide assessments using the same tool county-wide, 4) A specialized Multi-disciplinary Outreach and Engagement Team that scouts the geographic area to provide access to those who might not want to engage at a physical access point.

Actions planned to develop institutional structure

Modesto will continue to work collaboratively with service and shelter providers to identify and address gaps in the institutional structure and service delivery system.

Modesto generally has a well-developed institutional structure and service delivery system.

Modesto will continue to work to increase the resources devoted to permanently affordable housing to serve as a stabilizing force preventing homelessness.

Modesto will focus increased resources on homeless prevention/crisis intervention, especially on homeless youth, aging-out foster youth, families with children, and persons being discharged from institutions.

Modesto will continue to devote resources to address the needs of the chronically homeless including comprehensive case management, supportive housing, shelters and transitional housing.

Modesto will target resources to the lowest income groups with the highest needs including the chronically homeless, homeless youth, homeless families with children, and those living in transitional shelters.

Actions planned to enhance coordination between public and private housing and social service agencies

City of Modesto relies primarily on its (A) close consultation with the CSOC, which is made up of representative stakeholders and (B) monthly meetings with its public and private housing development partners, which include local private CHDOs (e.g., Habitat for Humanity, Stanislaus County and Stanislaus Affordable Housing Corporation, and Great Valley Housing Development Corporation (GVHDC)) and the Housing Authority (to enhance coordination in the areas of community housing and social services).

The City of Modesto relies on non-profit organizations and for-profit developers to build and acquire, develop, and rehabilitate affordable units. The City of Modesto will continue to work closely with these entities to ensure that each year as many new affordable units are developed or made available.

The City of Modesto also relies on the non-profit service sector to provide emergency shelter and transitional and special needs housing. The City of Modesto will continue to support eligible organizations and their activities with local, state and federal funding as it's made available and upon their governing entity's approval.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

The following subsections identify specific requirements of each HUD program covered under this Annual Action Plan – CDBG, ESG, and HOME. The City has tools and measures in place to address each of these requirements during the implementation of every HUD funded activity:

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0.00
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	0.00
3. The amount of surplus funds from urban renewal settlements	0.00
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0.00
5. The amount of income from float-funded activities	0.00
Total Program Income	

Other CDBG Requirements

1. The amount of urgent need activities	0.00
---	------

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Modesto does not use forms of investment within the local HOME program other than those identified in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Pursuant to 24 CFR 92.254(a)(5)(ii), the City requires that HOME funds be recaptured if the property does not continue to be the principal residence of the buyer for the duration of the Affordability Period secured by an Affordable Housing Covenant. The Recapture Provision shall apply to a HOME assisted property only when a Direct HOME Subsidy is provided to a homebuyer.

The Recapture provision will ensure that the City of Modesto recoups all or a portion of the HOME assistance to the homebuyers, if the housing does not continue to be the principal residence of the family for the duration of the affordability period.

Per, 24 CFR 92.254(a)(5)(ii)(A), In establishing recapture requirements, the City of Modesto is subject to the limitation that when the recapture requirement is triggered by a sale (voluntarily or involuntarily) of the housing unit, and there are no net proceeds or the net proceeds are insufficient to repay the HOME investment due, the City of Modesto will only recapture the net proceeds, if any. The net proceeds are the sales price minus superior loan repayment (other than HOME funds) and any closing costs.

Of the recapture options described in 92.254(a)(5)(ii)(A), the City of Modesto will use a the "Shared Net Proceeds" option as outlined in 24 CFR 92.254(a)(5)(ii)(A)(3). With this option, if the net proceeds are

not sufficient to recapture the entire HOME investment, the City and original homebuyer will share the net proceeds.

To calculate the amount of net proceeds (or shared appreciation) to be returned to the City the following formula will be applied:

$$\frac{\text{HOME investment}}{\text{HOME Investment} + \text{Homeowner Investment}} \times \text{Net proceeds} = \text{HOME amount to be recaptured}$$

To calculate the amount of net proceeds (or shared appreciation) to be available to the homebuyer the following formula will be applied:

$$\frac{\text{HOME investment}}{\text{Direct HOME Subsidy} + \text{Homeowner Investment}} \times \text{Net proceeds} = \text{HOME amount to be recaptured}$$

Since the HOME rule limits recapture to available net proceeds, the City will only recapture what is available from net proceeds. In this case, the City is not required to repay the difference between the total direct HOME subsidy and the amount the City is able to recapture from available net proceeds.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The same methodology outlined in question 2 above will be used to ensure affordability for any units acquired with HOME funds.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds to refinance existing debt.

Emergency Solutions Grant (ESG)

Reference 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Standards for providing ESG homelessness prevention and rapid re-housing assistance include respectively targeting households with dependent children and persons experiencing homelessness connected to or eligible to receive (within 6 months) assistance from mainstream benefits and services.

These standards also include limiting assistance for a period of up to six (6) months and extending the period of assistance up to the maximum 18 months on a case-by-case basis.

HUD-VASH (U.S. Department of Housing and Urban Development-U.S. Department of Veterans Affairs Supportive Housing) program participants are also prioritized to receive security deposit assistance upon HUD-VASH intake.

Income qualification guidelines are no less restrictive than ESG guidelines (30% or below AMI for homelessness prevention assistance and not-applicable for rapid re-housing).

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The City of Modesto is currently working with the Community System of Care (local Continuum of Care) to develop the Coordinated Entry System and include larger scale service provider participation. The CSOC is in the process of updating the Coordinated Entry System's policies and procedures and is currently providing a series training sessions to CoC and ESG service providers to further enhance Coordinated Entry within the community. The goal is to continue working with the CSOC to improve the Coordinated Entry System and have a system that complies with applicable regulations.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Modesto competitively awards ESG funding through an RFP process. This RFP process conforms to the City of Modesto's rigorous procurement process, including public noticing and utilizing its ZoomGrants online based system.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Modesto is unable to meet the homeless participation requirement in 24 CFR 576.405(a) due to the fact that its policy-making entity is made up of elected officials. The City of Modesto, however, works very closely with the CSOC which is made up of a representative group of diverse stakeholders, including persons experiencing homelessness and those who at one time in their lives had experienced homelessness. The City of Modesto intends to work with the CSOC and elected and appointed City of Modesto officials to develop a formal homeless participation plan that will engage persons experiencing homelessness in a meaningful way that influences homelessness-related policies, including development of funding priorities and funding allocation.

5. Describe performance standards for evaluating ESG.

The City of Modesto conducts quarterly performance reviews of each ESG subrecipient. This includes review of HMIS data entry requirements, accomplishment narratives, reimbursement requests, ESG dollar to dollar match documentation, and review of program beneficiary files.

This allows City staff to closely monitor the performance of each subrecipient and address any deficiencies as well as the ability to provide any technical assistance necessary.

Discussion

The City of Modesto consults closely and regularly (at least monthly) with the CSOC and its HMIS, ESG/HPRP, and SHP subcommittees, which develop policies and procedures for these programs and is taking the lead in building the service infrastructure that will be necessary to sustain a centralized or coordinated assessment system. This consultation takes the form of reports and presentations that are placed on the CSOC monthly meeting agendas.

The operation and administration of the Homeless Information Management System (HMIS) designated by the CSOC is led by the Stanislaus Housing Authority. The City of Modesto may pay the costs of contributing data to the HMIS via funding to sub-grantees or to the HMIS Lead.

The City of Modesto is member of the CSOC/HMIS Subcommittee which meets monthly to develop policies, procedures, and best practices and offers trainings developed by the developed by the HMIS Lead.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-242**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE LEGAL SERVICES AGREEMENT WITH VAN DERMYDEN MADDUX TO CONTINUE ATTORNEY SERVICES FOR ADDITIONAL PROJECTS THAT INCLUDE CONFIDENTIAL INVESTIGATIONS INVOLVING EMPLOYEES IN THE AMOUNT OF \$40,000, FOR A TOTAL NOT TO EXCEED AMOUNT OF \$70,000 TO AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, On March 5th, 2019, the City entered into a standard legal services agreement with for Van Dermynen Maddux for employment related legal counsel and advice, in an amount not to exceed \$30,000; and

WHEREAS, the City has a need to continue attorney services for additional projects that include confidential investigations involving employees; and

WHEREAS, Costs for Van Dermynen Maddux will be absorbed in the fund, with a total not to exceed amount of \$70,000; and

WHEREAS, the City Attorney's office has drafted a First Amendment to the Legal Services agreement with Van Dermynen Maddux.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Legal Services Agreement with Van Dermynen Maddux to continue attorney services for additional projects that include confidential investigations involving employees in the amount of \$40,000, for a total not to exceed amount of \$70,000, as provided in **Exhibit A attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit A**.

BE IT FURTHER RESOLVED, that the City Manager or his designee, are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: 
ADAM U. LINDGREN, City Attorney

FIRST AMENDMENT TO LEGAL SERVICES AGREEMENT

This First Amendment to the Legal Services (this “**First Amendment**”), is made and entered into on 28th day of May 2019 (“**Effective Date**”), by and between the **CITY OF MODESTO**, a California Municipal Corporation (“**City**”), and **VAN DERMYDEN MADDUX** (“**Attorney**”), located at 899 Northgate Dr. Suite 210, San Rafael, CA 94903. City and Attorney are hereinafter collectively referred to as the “**Parties,**” and singularly as “**Party**”.

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement (“**Agreement**”) to provide employment related counsel and legal counsel and advice to City; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement for further service by increasing the previously approved amount of fees from \$30,000 to \$70,000, expanding the Scope of Work to include confidential investigations and adding additional provisions requested by Attorney.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement between the City of Modesto and Van Dermynen Maddux dated March 5th, 2019, is amended as follows:

1. Section 1(a) of Paragraph 1, “Services,” is amended to state as follows:

“**Scope of Work:** Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services (“**Services**”):

Employment related legal counsel and advice and to perform legal services for City in the form of an impartial investigation regarding claims of potential employee misconduct. The Firm will perform these duties as an attorney at law for the purpose of facilitating the rendering of legal advice to City by its counsel. The Firm’s communications, work product, and the final report will be protected from disclosure pursuant to the attorney-client privilege, unless waived by the City.

Attorney shall not be compensated for services outside the scope of work identified under this Section unless prior to the commencement of such services: (i) Attorney notifies City and City agrees that such services are outside the scope of work under this Section; (ii) Attorney estimates the additional compensation required for these additional services; and (iii) City, after notice, approves in writing a Supplemental Agreement specifying the additional services and amount of compensation therefor.”

“Limited Scope Agreement: The scope of this attorney-client representation is limited. The Firm will perform an investigation as an attorney at law for the purpose of facilitating the rendering of legal advice to the City by its counsel. The Firm will not render a legal determination whether there were violations of any law or statute. The Firm will not act as an advocate or provide advice to City with respect to what employment actions, if any, should be taken as a result of the findings. The Firm will not represent City in any legal action or proceeding. It is expressly agreed that City will look to its regular legal counsel for such services, as well as for advice with respect to issues which may arise relating to the investigation. This includes, without limitation, the admonitions, if any, to be made to employees who are interviewed concerning confidentiality; the consequences of employee failure to cooperate in the investigation; the accessing of electronic and other data; document retention; litigation holds; appropriate interim employment measures pending investigation; compliance with the federal Fair Credit Reporting Act; and compliance with the California Investigative Consumer Reporting Agencies Act. City also agrees it will look to its regular outside counsel for advice with respect to issues of attorney-client privilege, scope of privilege, waiver, and work product in connection with the Firm’s services.”

2. Section 2(a) of Paragraph 2, “Fees and Costs,” Hourly Rates is amended to state as follows:

“The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the “**Service**”), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed a total sum of seventy thousand dollars (\$70,000).”

Compensation for Post-Investigative Work. This engagement shall be considered concluded after the Firm has provided a final investigation report in this matter. After the conclusion of this engagement, should a need arise for the Firm to respond to any subpoena or discovery, to provide testimony at deposition, trial or arbitration, or to otherwise perform services with respect to any matter relating to or arising out of this engagement, City shall compensate the Firm at a negotiated rate for time expended, including all required preparation time. City agrees to reimburse the Firm for all reasonable fees and costs incurred in obtaining necessary representation for such proceedings, including legal fees and costs that the Firm incurs in preparing for such proceedings. City shall also compensate the Firm at a negotiated rate for time expended in defending against any actual or threatened claim with respect to which the Firm is entitled to indemnification pursuant to this Agreement, below. If costs and/or expenses, including the costs of legal representation should reasonably be expected to exceed \$5,000, City shall advance the funds to the Firm or the Firm's designee.

3. Paragraph 7, “General Provisions.” Section(a) is amended to state as follows:

iv. As an independent contractor, the Firm has the right to determine the means, manner and findings related to the investigation. City agrees to allow the Firm full discretion to undertake the investigation and otherwise make findings without

influencing or interfering with the outcome. City understands and acknowledges that the Firm will exercise its independent judgment to make whatever findings it deems are warranted based on the evidence developed in the investigation, and that this Agreement is not dependent on the Firm's making or failing to make any particular credibility determination, finding of fact, or conclusion.

2. **Entire Agreement.** The parties to this First Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated March 5, 2019, remain in full force and effect to the extent they are not in conflict with this First Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this First Amendment. No alteration to the terms of this First Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority.** The person signing this First Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this First Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this First Amendment as of the dates stated below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-243**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE UPGRADE TRAFFIC SIGNALS – 2013 PROJECT, ACCEPTING THE BID, AND AWARDING THE CONSTRUCTION CONTRACT TO ST. FRANCIS ELECTRIC, LLC, OF SAN LEANDRO, CALIFORNIA IN THE AMOUNT OF \$736,450, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE CONTRACT

WHEREAS, in April 2010 the City applied for Congestion Mitigation and Air Quality (CMAQ) funds to upgrade the traffic signals at the following four intersections: 7th Street/G Street, 7th Street, H Street, 7th Street/I Street, and 9th Street/B Street in the City of Modesto, and

WHEREAS, on August 3, 2011, as per Resolution No. 2011-321, Council approved a new Capital Improvement Program project and accepted CMAQ funds in the amount of \$77,000 for the Preliminary Engineering phase of this project, and

WHEREAS, on December 2, 2014, by Resolution No. 2014-511, Council amended the Fiscal Year 2014-15 Annual Operating and Capital Improvement Budget and accepted \$577,750 in CMAQ funds for the Construction, Contingency, and Construction Administration phases of this project, and

WHEREAS, on May 12, 2015, by Resolution No. 2015-149, Council accepted an additional \$210,101 in CMAQ funds for the Construction, Contingency, and Construction Administration phases of this project, and

WHEREAS, on July 5, 2017, by Resolution No. 2017-269, Council approved \$175,000 of Measure L funds for the Construction, Contingency, and Construction Administration phases of this project, and

WHEREAS, the project was advertised for bids on April 2, 2019, and

WHEREAS, bids were publicly opened on April 30, 2019 pursuant to Modesto Municipal Code Section 8-3.403 and Modesto Charter Section 1307 and four responsive bids were received, and

WHEREAS, St. Francis Electric, LLC, of San Leandro, California, is the lowest responsive and responsible bidder, and

WHEREAS, the Director of Community and Economic Development has recommended that the bid of \$736,450 received from St. Francis Electric, LLC of San Leandro, California, be accepted as the lowest responsible and responsive bid and the contract be awarded to St. Francis Electric, LLC.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Upgrade Traffic Signals – 2013 project, accepts the bid, and awards the construction contract to St. Francis Electric, LLC of San Leandro, California in the amount of \$736,450.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-244**

**RESOLUTION OF INTENTION TO ANNEX 3200 ROSELLE TO CITY OF
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE
#2) AND TO AUTHORIZE THE LEVY OF A SPECIAL TAX WITHIN THE
TERRITORY PROPOSED TO BE ANNEXED (ANNEXATION #17)**

WHEREAS, pursuant to Chapter 2.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Article 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (the “District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, pursuant to California Streets and Highways Code Section 3113.5, this Council did, by its Resolution No. 2005-566, adopted on November 9, 2005, direct that all prior modifications, amendments and annexations to the District be consolidated into a single map of the District, specifically all prior boundary maps and amendments thereto related to formation of the District and Annexation Nos. 1 through 10 to the District, and

WHEREAS, on November 23, 2005, said boundary maps were consolidated into a single map entitled “Consolidation of Boundary Maps of Community Facilities District No. 2004-1 (Village One #2)” and recorded with the County Recorder of the County of Stanislaus at Book 4 of Maps of Assessments and Communities Facilities Districts, at Page 33 (the “Consolidated Boundary Map”), and

WHEREAS, subsequent to the recordation of the Consolidated Boundary Map, additional territory was annexed to the District through Annexations Nos. 11, 12, 13, 14, 15 and 16, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of additional certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, it is intended that the territory be annexed to Tax Zone #2.

NOW, THEREFORE, BE IT RESOLVED, by Council of the City of Modesto that the Council finds and orders the following:

1. The above recitals are true and correct.
2. The current boundaries of the District are shown on the Consolidated Boundary Map as supplemented by the map entitled “Annexation Map No. 11 of

Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 36, the map entitled “Annexation Map No. 12 of Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 42, the map entitled “Annexation Map No. 13 of Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts at Page 57, the map entitled “Annexation Map No. 14 of Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts at Page 98, the map entitled “Annexation Map No. 15 of Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 5 of Maps of Assessment and Community Facilities Districts at Page 52, and the map entitled “Annexation Map No. 16 of Community Facilities District No. 2004-1 (Village One #2)” on file with the County Recorder at Book 5 of Maps of Assessment and Community Facilities Districts at page 67. The territory proposed to be annexed to the District (the “Territory”) is described in **Exhibit A, attached** hereto.

3. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 17 of Community Facilities District No. 2004-1 (Village One #2)”, City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, which map is hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date

and adoption of this Resolution, file the original in her office and, not later than fifteen (15) days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110 and 3110.5 of the California Streets and Highways Code; including a reference to the title, book, page and recording date of the original boundary map of the District.

4. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

5. The special taxes to be levied in the District are set forth in the Resolution of Formation. It is intended that the same special taxes be levied in the Territory, except that the increase of the One-Time Facilities Special Tax component of the special taxes, as authorized by the Resolution of Creation of Tax Zone #2, shall be levied in the Territory.

6. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday July 2, 2019, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95354, such time being not less than 30 or more than 60 days following the adoption hereof.

7. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing

and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

8. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being the Modesto Bee, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the proposed annexation or the levying of the special tax therein will be heard.

9. If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

10. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-245**

RESOLUTION ADOPTING THE ANNUAL INVESTMENT POLICY

WHEREAS, staff has identified the need to update the City's Annual Investment Policy in order to continue to effectively invest funds in accordance with the principles of sound treasury management and applicable laws, and

WHEREAS, the City desires to adopt the Annual Investment Policy.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby adopts the Annual Investment Policy.

BE IT FURTHER RESOLVED that City staff is hereby authorized and directed to proceed with any and all actions deemed necessary or advisable, following the adopted policy guidelines pursuant to this Resolution, in connection with the future investments of funds, for future consideration by this City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-246**

RESOLUTION ADOPTING THE REVISED DEBT MANAGEMENT POLICY

WHEREAS, pursuant to the City of Modesto Debt Management Policy, last adopted on June 12, 2018, the City of Modesto is required to periodically review and update its Debt Management Policy to address changes to the primary objectives related to the City's debt and financing related activities, and

WHEREAS, staff has identified the need to update the City's Debt Management Policy in order to continue to maintain cost-effective access to the capital markets through prudent yet flexible policies; moderate principal and debt service payments through effective planning and project cash management; achieve the lowest cost of borrowing; and achieve the highest practical credit ratings.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby adopts the revised Debt Management Policy.

BE IT FURTHER RESOLVED that City staff is hereby authorized and directed to proceed with any and all actions deemed necessary or advisable, following the adopted policy guidelines pursuant to this Resolution, in connection with the future issuances of the City Debt, for future consideration by this City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-247**

**RESOLUTION APPROVING THE FIRST AMENDMENT TO THE
AGREEMENT WITH MODESTO JUNIOR COLLEGE AND STANISLAUS
COUNTY FOR A BUS PASS PROGRAM FOR THE MODESTO AREA
EXPRESS FIXED ROUTE BUS SYSTEM FOR STUDENTS AT MODESTO
JUNIOR COLLEGE AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AMENDMENT**

WHEREAS, the City of Modesto operates the Modesto Area Express (MAX) bus system, and

WHEREAS, Stanislaus County operates the StaRT bus system, and

WHEREAS, college students are a demographic that utilize the bus due to their economic status, growing reluctance to use a personal vehicle and general focus on a sustainable environment, and

WHEREAS, on April 11, 2017, by Resolution No. 2017-136, Council authorized an agreement with Modesto Junior College (MJC) to provide rides for MJC students at no cost, in exchange for a flat annual fee, and

WHEREAS, MJC is willing to enter into an amendment to the agreement with the City and the County to for a bus pass program for all MJC students, and

WHEREAS, MJC will now pay a set amount of \$150,000 per year of the agreement to the City's MAX system, and

WHEREAS, the revenues from the MJC bus program will be budgeted for the operations of MAX's fixed route system as part of the annual budget process.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to the agreement with MJC and Stanislaus County, commencing July 1, 2019 to provide a bus pass program for the MAX transit

system.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-248**

**RESOLUTION REJECTING ALL BIDS FOR THE SONOMA SANITARY
SEWER TRUNK EXTENSION PROJECT AND AUTHORIZING STAFF TO RE-
ADVERTISE THE PROJECT FOR BIDS AT A FUTURE DATE WITH AN
AMENDED SCOPE OF WORK**

WHEREAS, the bids received for the Sonoma Sanitary Sewer Trunk Extension Project were opened at 11:00 a.m. on April 16th, 2019, and later tabulated by the Director of Utilities for the consideration of the Council, and

WHEREAS, the project plan set advertised for bid included a break in the sewer trunk extension system at Sylvan Avenue and Aria Way due to a conflict with a 48-inch diameter MID irrigation main referred to as the Cavil Drain, and

WHEREAS, during the course of the bid phase, the design was re-evaluated and staff concluded that additional coordination with MID was necessary to ensure the sewer trunk is a continuous system able to serve proposed development, and

WHEREAS, the Utilities Department staff determined that it would be in the best interest of the City to reject all bids and re-advertise the project to include the scope of work related to the MID coordination to ensure competitive bids of the entire revised project scope.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids received for the Sonoma Sanitary Sewer Trunk Extension Project.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project for bids with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-249**

RESOLUTION ACCEPTING THE NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$41,623,872 TO MYERS-RADOS, A JOINT VENTURE, OF SANTA ANA, CA

WHEREAS, the North Valley Regional Recycled Water Program (NVRWP) includes construction of a regional water supply project to deliver recycled water produced by the cities of Modesto and Turlock to the Delta-Mendota Canal (DMC), a major component of the Central Valley Project owned by U.S. Bureau of Reclamation, and

WHEREAS, recycled water will be conveyed from Modesto and Turlock through pipelines from their wastewater treatment facilities, crossing under the San Joaquin River, ending at the DMC, and

WHEREAS, Water in the DMC would then be conveyed directly to Del Puerto Water District (DPWD) turnouts and its customers, and

WHEREAS, in order to achieve an expedited project completion by the December 2017 deadline, City staff selected the Design-Build (D-B) approach, which expedites the design and construction process by combining these services under a single entity, and

WHEREAS, on December 22, 2015, the City issued a Request for Qualifications (RFQ) to invite interested parties to submit their team's D-B experience and qualifications to create a pre-qualified short-list of proposers, and

WHEREAS, on February 23, 2016, by Resolutions No. 2016-60, 61 and 63, the City Council approved the final short-list, authorized issuance of the Request for

Proposals (RFPs) and designated City Councilmember Bill Zoslocki as the Modesto representative to participate on the selection committee, and

WHEREAS, on March 2, 2016, RFPs were issued to the three D-B teams and proposals were received on May 2, 2016, and

WHEREAS, interviews were held on May 23, 2016, and on May 24, 2016, with the panel selecting Myers-Rados, a Joint Venture (MRJV), of Santa Ana, as the most qualified D-B team to design and construct the NVRRWP project, and

WHEREAS, the final negotiated D-B contract price for the construction of the NVRRWP pipeline and pump station is \$40,860,428 and

WHEREAS on August 3, 2016, by Resolutions No. 2016-324, the City Council awarded a Design-Build Contract to Myers-Rados, Santa Ana, CA in the amount of \$\$40,860,428 for the North Valley Regional Recycled Water Program Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the North Valley Regional Recycled Water Program project is hereby accepted as complete from said contractor Myers-Rados, Santa Ana, CA, and that the City Clerk is authorized to complete all necessary steps to file with the County Recorder, release securities and authorize payments totaling \$41,623,872, as is authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of May, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-250**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE VILLAGE ONE SLURRY SEAL PROJECT, ACCEPTING THE BID, AND AWARDING A CONTRACT TO CALIFORNIA PAVEMENT MAINTENANCE, DBA C P M, OF SACRAMENTO, CALIFORNIA, IN THE AMOUNT OF \$2,094,666 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, plans and specifications have been prepared for the Village One Slurry Seal project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Village One Slurry Seal Project were publicly opened at 11:00 a.m. on May 7, 2019, and later tabulated by the Director of Community and Economic Development for the consideration of Council, and

WHEREAS, the Director of Community and Economic Development has recommended that the bid of \$2,094,666 received from California Pavement Maintenance, dba C P M, of Sacramento, CA be accepted as the lowest responsible and responsive bid and the contract be awarded to California Pavement Maintenance, dba C P M, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow the formal bid procedures. An award of \$2,094,666 and agreement for construction for Community and Economic Development Department to use California Pavement Maintenance, dba C P M, Sacramento, CA, conforms to the Modesto Municipal Code because the City complied with the formal bid procedures and California Pavement Maintenance, dba C P M, was the lowest responsive bidder.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the plans and specifications for the Village One Slurry Seal project, accepts the bid of California Pavement Maintenance, dba C P M, of Sacramento, CA, in the amount of \$2,094,666 and awards California Pavement Maintenance, dba C P M the contract for the Village One Slurry Seal project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki,
Mayor Brandvold

RESOLUTION NO. 2019-251**

**RESOLUTION AUTHORIZING THE DIRECTOR OF UTILITIES TO
APPROVE CHANGE ORDERS UP TO THE CUMULATIVE AMOUNT OF
\$209,467 (10% OF THE ORIGINAL CONTRACT PRICE) FOR THE VILLAGE
ONE SLURRY SEAL PROJECT**

WHEREAS, the Village One Slurry Seal project bids were publicly opened on May 7, 2019, and California Pavement Maintenance, dba C P M, of Sacramento California was the apparent low bidder with the amount of \$2,094,666, and

WHEREAS, the contingency cost for the Village One Slurry Seal project is estimated to be \$209,467 10% of the original contract price, an amount which exceeds the Director's authority for the project as enacted by Council Resolution No. 94-443 on July 19, 1994.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to approve change orders up to the cumulative amount of \$209,467 (10% of the original contract price).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-252**

RESOLUTION AMENDING THE FISCAL YEAR 2018-2019 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET AND INCREASING THE MEASURE L ROAD TAX FUND TRANSFER FOR PROJECT #101120 IN THE AMOUNT OF \$900,000 FOR THE VILLAGE ONE SLURRY SEAL PROJECT

WHEREAS, the Village One Slurry Seal project will rehabilitate deteriorated pavement with a type 2 slurry seal, install new striping and ADA curb ramps within street limits of Sylvan Avenue, Roselle Avenue, Merle Avenue and Claus Road, and

WHEREAS, in November 2016, the voters of Stanislaus County approved the county wide, 25-year, half-percent sales tax increase known as Measure L, and

WHEREAS, on September 4, 2018, by Resolution No. 2018-380, Council approved a list of projects including the Village One Slurry Seal project to be funded with Measure L tax proceeds in Fiscal Year 2018-19, and

WHEREAS, bids were opened April 9, 2019 with the lowest bidder 12.29% below the engineer's estimate, and

WHEREAS, the Measure L funds in FY 2018-19 for the local streets and roads category have not all been allocated and are available to use, and

WHEREAS, on February 28, 2019 staff recommended to the Citizens Transportation Sales Tax Commission the allocation of \$900,000 of the \$1,658,925 Measure L funds available for FY 2018-19 to fund the additional costs for the Village One Slurry Seal project, and

WHEREAS, the Fiscal Year 2018-19 Capital Improvement Program Budget for Project #101120 – Village One Slurry Seal must be amended by \$900,000 with a transfer from Measure L Road Tax fund and allocation of funds to the projects expense budget.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2018-2019 Capital Improvement Project (CIP) revenue and expense budget for project #101120 and increases the transfer from Measure L Road Tax fund to the project in the amount of \$900,000 to continue the project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-253**

RESOLUTION APPROVING AN AGREEMENT FOR COLLECTION AGENCY SERVICES WITH RAY KLEIN, INC, DBA PROFESSIONAL CREDIT SERVICES, SPRINGFIELD, OREGON, FOR A TWO-YEAR AGREEMENT WITH THREE ONE –YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST NOT TO EXCEED \$50,000 AND A TOTAL AMOUNT NOT TO EXCEED \$250,000 OVER FIVE YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City uses a third party agency for the collection of unpaid and delinquent miscellaneous receivables including, but not limited to, invoices for damage to City property, business license tax and penalties, code enforcement citations, returned checks, utility bills and other miscellaneous receivables, and

WHEREAS, in January 2018, a bid authorization to issue a formal Request for Proposal (RFP) was approved and forwarded to the Purchasing Division, and

WHEREAS, on November 16, 2018, the Purchasing Division issued Request for Proposal (RFP) 1718-61 through PlanetBids with a proposal response due January 8, 2019, and

WHEREAS, on January 8, 2019, bids were formally opened in the City Clerk’s Office; eight companies chose to respond with responsive and responsible proposals, and

WHEREAS, after five City staff members evaluated all eight proposals, the evaluation committee ranked Ray Klein, Inc, DBA Professional Credit Services highest overall to perform collection of the City’s unpaid and delinquent accounts receivables, which include, but are not limited to, invoices for damage to City property, business license tax and penalties, code enforcement citations, returned checks, utility bills and other miscellaneous receivables, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases whose total maximum costs to the City exceeds fifty thousand dollars for material, equipment or contractual services to follow the formal bid procedures. An award for RFP 1718-61 and agreement for collection agency services to Ray Klein, Inc, DBA Professional Credit Services of Springfield, Oregon, conforms to the Modesto Municipal Code because the City complied with the formal bid procedures and Ray Klein, Inc, DBA Professional Credit Services, was the lowest responsive and responsible bidder.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement for collection agency services with Ray Klein, Inc., DBA Professional Credit Services, Springfield, Oregon, for a two-year agreement with three one-year extension options, for an annual cost not to exceed \$50,000 and a total amount not to exceed \$250,000 over five years.

BE IT FURTHER RESOLVED, the City Manager, or his designee, is authorized to execute the agreement, in a form approved by the attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-254**

**RESOLUTION APPROVING THE AGREEMENT WITH BERTOLOTTI
MODESTO DISPOSAL INC., CERES, CA, TO PERFORM GARBAGE
REMOVAL AND DISPOSAL SERVICES AT THE MODESTO OUTDOOR
EMERGENCY SHELTER AND FOR HOMELESS ENCAMPMENT BLIGHT
REMOVAL BY THE MODESTO POLICE DEPARTMENT BEAT HEALTH
UNIT THROUGH MAY 31, 2021 FOR A TOTAL AMOUNT NOT TO EXCEED
\$150,000; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE,
TO EXECUTE THE AGREEMENT**

WHEREAS, in response to an emerging and concentrated homeless population precipitated by recent legal developments and case law the City permitted a temporary homeless encampment at Beard Brook Park, and

WHEREAS, the Modesto Police Department (MPD) established a blight abatement team to assist with on-going City efforts in city-wide cleanup and the temporary encampment at Beard Brook Park, and

WHEREAS, the City established a temporary outdoor shelter underneath the 9th Street Bridge known as the Modesto Outdoor Emergency Shelter (MOES) to accommodate the growing number of homeless individuals which Beard Brook Park could no longer sustain, and

WHEREAS, the maintenance and cleanup of both encampments required extensive use of garbage and disposal services which nearly depleted the city-wide blanket purchase order, and

WHEREAS, the Finance Purchasing Division issued an emergency purchase agreement, not to exceed \$50,000, with Bertolotti Disposal designated to cover MOES expenses through December 31, 2019, and

WHEREAS, funding for the emergency purchase agreement has been exhausted,
and

WHEREAS, the City and Bertolotti desire to enter into a new purchase agreement to include garbage and disposal services for MOES and for MPD's Beat Health expenses for illegal homeless camps and dumping to capture all costs related to encampment cleanup, and

WHEREAS, the total amount for MOES garbage and disposal services through December 31, 2019 is \$105,000, and

WHEREAS, the total amount for MPD's Beat Health homeless encampment blight removal through May 31, 2021 is \$45,000, and

WHEREAS, the total amount of the agreement with Bertolotti for both MOES and homeless encampment blight removal by MPD's Beat Health Unit is \$150,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Bertolotti Modesto Disposal Inc., Ceres, CA, to perform garbage removal and disposal services at the Modesto Outdoor Emergency Shelter and for MPD Beat Health homeless encampment blight removal by the Modesto Police Department Beat Health Unit through May 31, 2021 for a total amount not to exceed \$150,000.

BE IT FURTHER RESOLVED, that the City Manager or his designee is authorized to execute the Agreement, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-255**

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING WITH THE KING KENNEDY MEMORIAL CENTER, INC. BOARD OF DIRECTORS FOR THE PROVISION OF FUNDING FOR CERTAIN EVENTS AND SERVICES, IN AN AMOUNT NOT TO EXCEED \$22,000 OVER 5 YEARS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MEMORANDUM OF UNDERSTANDING

WHEREAS, the City of Modesto entered into an agreement with the King Kennedy Memorial Center, Inc. Board of Directors (formerly known as Westside Neighborhood Center Inc.), on January 13, 1969 for the purposes of serving as an advisory board to the City regarding the operation of the facility and programs at the King-Kennedy Memorial Center located at 601 Martin Luther King Drive; and

WHEREAS, upon expiration of the previous agreement the City and the King Kennedy Memorial Center Inc., Board of Directors entered into a second agreement dated August 20, 1996 through City Council Resolution 96-484, for the continued purpose of serving as an advisory board regarding the operations of the King-Kennedy Memorial Center; and

WHEREAS, the City and the King Kennedy Memorial Center Inc., Board of Directors both desire to enter into this Agreement outlining the responsibilities and requirements allowing the King Kennedy Memorial Center Inc., Board of Directors to continue to utilize the CENTER to support the community.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Understanding with the King Kennedy Memorial Center, Inc. Board of Directors for the provision of funding for certain events

and services, in an amount not to exceed \$22,000 over five years, **attached** herein as **Exhibit "A"**.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Memorandum of Understanding in a form approved by the City Attorney.

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING, made and entered into in the City of Modesto, State of California, this ____ day of _____ 2019, by and between the CITY OF MODESTO, a municipal corporation of the State of California, hereinafter referred to as "CITY", and the King-Kennedy Memorial Center, Inc., (King-Kennedy Board of Directors), a California non-profit agency, hereinafter referred to as "AGENCY".

This Agreement is made with regard to the following recitals:

- A. Whereas, CITY entered into an agreement with AGENCY (formerly known as Westside Neighborhood Center Inc.), dated January 13, 1969 and which expired on January 13, 1989, for the purposes of AGENCY serving as an advisory board to CITY regarding the operation of the facility and programs at the King-Kennedy Memorial Center (601 Martin Luther King Drive) ("CENTER"); and
- B. Whereas, CITY and AGENCY entered into a second agreement dated August 20, 1996 and which expired on December 30, 2000, for the purposes of AGENCY continuing to serve as advisor to CITY regarding the CENTER; and
- C. Whereas, CITY and AGENCY desire to enter into this Agreement outlining the responsibilities and requirements allowing AGENCY to continue to utilize the CENTER to support the community; and
- D. Whereas, the CITY and AGENCY also desire this Agreement to detail the roles and responsibilities of each party regarding the use of the CENTER by AGENCY.

NOW, THEREFORE, the parties mutually agree as follows:

1. TERM OF AGREEMENT

This Agreement shall commence on the date of execution ("Effective Date") outlined above, and continue for a period of (3) Three years followed by (2) Two one-year renewal options for a total length not

exceeding 5 years from Effective Date. CITY retains the right to terminate this Agreement, as provided in Section 11.

2. OBLIGATIONS OF CITY

a) CITY will provide a CITY Parks, Recreation, & Neighborhoods staff liaison to serve as the primary contact to AGENCY in all matters related to the support and operation of the AGENCY in relation to the CENTER. The staff liaison will also assist AGENCY with the interpretation and application of all policies, procedures, administrative directives or City Council Directives governing the operations of the CENTER.

b) CITY will permit AGENCY the use of the CENTER and Mellis Park (601 Franklin for the conducting of monthly board meetings and the operation of programs that provide a direct benefit to the community, at no cost to AGENCY. AGENCY will be required to submit a complete rental application to CITY to be entered into the Facility Rental Management Program. All requests must be submitted no later than 10 days prior to the desired date of registration and up to thirteen (13) months in advance. All requested rentals are subject to facility availability and the discretion of CITY. In addition to CITY's existing rules and regulations regarding site and facility rentals, AGENCY's use of CITY sites shall be subject to the following:

- i. AGENCY must make a written request to use a CITY site at least 10 days prior to its planned event. This notice time is to ensure CITY possesses adequate time to assign CITY staff for the event, for all uses requiring access to the facility outside of normal hours of operation (8am – 5pm, Monday - Friday).
- ii. All rental requests submitted for activities to be conducted during regular hours of operation (8am – 5pm, Monday - Friday) will require additional written approval from the CENTER's operating partner.

c) City will provide monetary support for AGENCY activities, as outlined in **Section 3 “Compensation”** of this Agreement, provided the activities meet the following set parameters and are included in the approved list of activities attached hereto and incorporated herein as Exhibit A.

d) CITY will permit AGENCY to hold fundraisers at the CENTER at no cost to AGENCY for the sole purposes of raising funds to support the proposed events and programs attached hereto and incorporated herein as Exhibit A.

3. COMPENSATION.

CITY will provide financial support to AGENCY in an amount not to exceed \$4,000.00 (Four Thousand Dollars) for the first year of this Agreement (“Financial Support”), and \$22,000 (Twenty-Two Thousand Dollars) for the Term of this Agreement (“Total Financial Support”). Each year thereafter, CITY may adjust the Financial Support for the succeeding calendar year to account for inflation and other cost of living increases. However, in no event shall the cumulative Financial Support paid by City exceed the Total Financial Support. AGENCY will submit to CITY an invoice for the requested amount along with supporting documentation including, but not limited to, letters of commitment, copies of checks, copies of receipts, bank statements, and audited financial records. CITY will review and approve the invoice submission. Upon approval, the invoice will be processed through the CITY Accounts Payable Division. All payments and reimbursements from CITY to AGENCY shall be in accordance with CITY policies and procedures.

4. OBLIGATIONS OF AGENCY.

a) AGENCY, under the direction of the Director or their designee, will assist as a liaison between the CENTER, CITY, and the community on issues pertaining to social health, education, training, diversity, and recreation.

b) AGENCY will list the “City of Modesto and Parks, Recreation & Neighborhoods” as a co-sponsor on all advertisements, promotional materials, event programs, banners, and other applicable mediums for all AGENCY programs and activities conducted at the CENTER or Mellis Park under the terms of this Agreement.

c) AGENCY will submit to CITY a list of all activities and programs to be conducted under this Agreement attached hereto and incorporated herein as Exhibit A. Any amendments to Exhibit A after the Effective Date of this Agreement must be submitted in writing to CITY by AGENCY, prior to implementation, and shall require the CITY’s written approval of the amendment, which the CITY shall not unreasonably withhold. AGENCY understands that it cannot implement new programs or events until it receives written approval from the CITY.

d) AGENCY will submit to CITY, a copy of AGENCY’s bylaws which define the purpose(s), functions, organization, and delegations of authority of AGENCY within 30 days of the effective date of this agreement.

e) AGENCY’s bylaws shall comply with all federal, state, and CITY laws and regulations.

f) AGENCY will comply with all CITY policies and procedures that govern the CENTER and other CITY owned and operated sites utilized by AGENCY.

g) AGENCY acknowledges it will not have exclusive fund raising privileges or use of the CENTER

h) AGENCY shall provide CITY with a roster of AGENCY board of directors, their mailing addresses, phone numbers, and email addresses. AGENCY is responsible for informing CITY, in writing, of any changes to the roster throughout the term of this agreement as outlined in **Section 1 Term of Agreement.**

i) AGENCY must maintain current and eligible non-profit status from the Internal Revenue Service (“IRS”). AGENCY is responsible for providing CITY with a copy of the letter from the IRS determining AGENCY’s tax-exempt status under section 501 (c)(3) of the Internal Revenue Code, attached

KKBoD MOU

hereto and incorporated herein as Exhibit D. AGENCY shall give CITY a copy of the letter from the California Franchise Tax Board designating tax-exempt status under section 23701(d), Revenue and Taxation Code, attached hereto and incorporated herein.

j) In the event that AGENCY facilitates or directly provides programming that serves minors, AGENCY will comply with the child abuse and neglect reporting act stipulations attached hereto and incorporated as Exhibit B to this document.

5 MONITORING AND REPORTING

In order to ensure that AGENCY's use of the CENTER and other CITY facilities meets the needs of both CITY and the community, CITY reserves the right to monitor AGENCY operations as deemed necessary by the Director or their designee. AGENCY shall furnish all data, statements, records, meeting minutes, applicable information, and reports necessary for CITY to monitor, review, and evaluate the performance of AGENCY under this agreement.

6. INTEREST OF AGENCY.

AGENCY warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. AGENCY warrants that, in performance of this Agreement, AGENCY shall not employ any person having any such interest. AGENCY agrees to file a Statement of Economic Interests with the City Clerk at the start and end of this contract if so required by CITY.

7. INDEPENDENT AGENCY.

All acts of AGENCY, its agents, officers, volunteers and/or employees and all others acting on behalf of AGENCY relating to the performance of this Agreement, shall be performed on behalf of AGENCY, and not as agents, officers, or employees of CITY. AGENCY has no authority or responsibility

KKBoD MOU

to exercise any rights or power vested in the CITY except for such rights or powers expressly set forth in this agreement. No agent, officer, or employee of the CITY is to be considered an employee of AGENCY. It is understood by both AGENCY and CITY that this Agreement shall not, under any circumstances, be construed or considered to create an employer-employee relationship or a joint venture. AGENCY, its agents, officers, volunteers and/or employees are, and at all times during the term of this Agreement, shall represent and conduct themselves as an independent AGENCY and not as employees of CITY. It is understood and agreed that as an independent AGENCY and not an employee of CITY neither the AGENCY or AGENCY's assigned personnel shall have any entitlement as a CITY employee, right to act on behalf of the CITY in any capacity whatsoever as an agent, or to bind the CITY to any obligation whatsoever. It is further understood and agreed that AGENCY must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of AGENCY's personnel, if applicable. As an independent AGENCY, AGENCY hereby indemnifies and holds CITY harmless from any and all claims that may be made against CITY based upon any contention by any person that an employer-employee relationship exists by reason of this Agreement, including any entitlement to CalPERS or similar retirement funds set aside for City employees.

8. ASSIGNMENT.

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the CITY in each and every instance.

9. NOTICES.

Notice required by this Agreement shall be given in writing and shall be deemed given and effective upon receipt provided that such are delivered in accordance with the provisions of this section. Notices shall be delivered either by: (a) personal delivery (including delivery by an overnight courier services which obtains confirmation of receipt); or (b) by facsimile, provide that such transmission is

followed by delivery by an overnight courier service which obtains confirmation of receipt; or (c) postage prepaid, return receipt requested, certified mail, or (d) by electronic transmission subject to reasonable proof that the notice was both transmitted and received. Each such notice shall be sent to the parties at the address respectively set forth below or to such other address as a party may designate by written notice given in accordance with the provisions of this section:

FOR AGENCY: Name: King Kennedy Memorial Center, Inc.
 Address: PO Box 582623
 Modesto, CA. 95351
 Attention: President

FOR CITY: Name: City of Modesto
 Address: PO Box 642
 Modesto, CA. 95353
 Attention: PRND Contract Administrator
 Phone: (209) 577-5344
 Facsimile: (209) 544-3982
 Email: recreation@modestogov.com

10. INSURANCE REQUIREMENTS.

The AGENCY shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the CITY as may be required by the Risk Manager of the CITY. The policies of certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the CITY via the PINS Advantage Insurance Program, for all of the following stated insurance policies.

(a) Workers’ Compensation – in compliance with the statutes of the State of California, plus employer’s liability with a minimum limit of liability of \$1,000,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and property damage. If commercial General Liability Insurance of other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. This insurance

KKBoD MOU

shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations, broad form contractual, independent AGENCY and subagency's, products and completed operations as applicable.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and property damage. This insurance shall cover any automobile for bodily injury and property damage.

(d) If applicable, Professional Liability insurance with a minimum limit of \$1,000,000 per claim and policy aggregate. If coverage is on a claims made basis it shall be maintained for at least three (3) years following completion of the work.

If at any time any of said policies shall be unsatisfactory to the CITY, as to form a substance, or if a company issuing such policy shall be unsatisfactory to the CITY, the AGENCY shall promptly obtain a new policy, submit it the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the AGENCY to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the CITY, may be forthwith declared suspended or terminated. Failure of the AGENCY to obtain and/or maintain any required insurance shall not relieve the AGENCY from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the AGENCY concerning indemnification. The CITY, its agents, officers, officials, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Worker's Compensation and Professional Liability. The Worker's Compensation insurer shall agree to waive all rights of subrogation against the CITY, its agents, officers, officials, employees, and volunteers for losses arising from work performed by AGENCY for the CITY. The AGENCY's insurance policy(ies) shall include a provision that the coverage is primary as respects the CITY: shall include no special limitations to coverage provided to additional insured: and, shall be placed with insurer(s) with acceptable Best's rating of A: VII or with

approval of the Risk Manager. The AGENCY must provide certificates evidencing existence of the insurance listed above to the CITY prior to the time the contract is signed.

AGENCY shall provide CITY with separate endorsements evidencing proof of the CITY'S additional insured status as to both the general liability and automobile liability insurance policies. In addition, AGENCY shall provide CITY with a Workers Compensation subrogation waiver by way of a separate endorsement. All endorsements referenced above must include the applicable policy number.

For any claims related to this project, the AGENCY's insurance coverage shall be primary insurance as respects the Entity, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, agents, or volunteers shall be excess of the AGENCY's insurance and shall not contribute with it.

This indemnity, and duty to defend, also expressly includes premises liability for any injury or death which may occur on AGENCY's License Use Agreement for any premises, regardless of cause.

11. TERMINATION OF AGREEMENT.

Termination by CITY for Default of AGENCY

Should AGENCY default in the performance of this Agreement or materially breach any of its provisions, at its option, City may terminate this Agreement by giving written notification to AGENCY. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include, but not be limited to, any of the following: failure to perform required services or duties, willful destruction of City's property by AGENCY, dishonesty or theft.

Termination by City for Convenience

The City may also terminate the AGENCY's performance under the Agreement, either in whole or in part, at its own discretion, or when the City is prevented from proceeding with the Agreement by act of God, by law,

KKBoD MOU

or by official action of a public authority, or upon a determination by the City that such termination is in the best interest and convenience of the City. The City shall provide no less than ten (10) calendar days written notice of its intent to terminate the Agreement for convenience, and shall endeavor to provide AGENCY with consultation with the City prior to termination.

Voluntary Termination

The parties may terminate this contract upon mutual written Agreement.

Post-Termination Procedure

Upon receipt of a written notice of termination pursuant to either of the foregoing paragraphs, AGENCY shall:

a) Cease its work as directed in the notice of termination as of the termination date and see to it that its employees, subagencies and agents are notified of such termination and act as specified in the notice of termination;

CITY will pay AGENCY an amount based on the percentage of satisfactory work completed on the termination date. and this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled “Termination by City for Default of Agency,” Agency agrees and understands that CITY may, in CITY’s sole discretion, refuse to pay AGENCY for that portion of AGENCY’s services which were performed by AGENCY prior to the termination date and which remain unacceptable and/or not useful to CITY as of the termination date.

Authorization to Terminate Agreement

Termination of the Agreement may be invoked by the City Manager, or his/her designee, subject to the right of the AGENCY to appeal the City Manager, or his/her designee’s, decision to the City Council. The AGENCY shall appeal by notifying the City Clerk in writing within ten (10) calendar days of receipt of written notification from CITY of termination of the Agreement. In the event that termination of this Agreement is upheld by the City Council, any cessation of payment of delay claims shall be retroactive to the date of termination effectuated by the City Manager, or his/her designee.

12. INDEMNITY.

AGENCY, its agents, officers, volunteers and or employees shall defend, indemnify, and hold harmless CITY, its agents, officers, and employees from and against all claims, damages, losses, judgment, liabilities, expenses, and other costs including litigation costs and attorney's fees from every cause, including but not limited to injury to person or property or wrongful death arising directly or indirectly out of any act or omission of AGENCY whether or not the act or omission arises from the negligence or other liability of CITY (except for the sole negligence or willful misconduct of the CITY), or its agents, officers, and employees or volunteers relating to or during the performance of its obligations under this Agreement.

AGENCY's obligation to defend, indemnify, and hold the CITY, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for AGENCY to procure and maintain a policy of insurance.

13. WAIVER.

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

14. ENTIRE AGREEMENT.

This Agreement, including any exhibits hereto, contains the entire understanding and agreement between CITY and AGENCY. All previous proposals, offers and the communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by both parties.

15. AMENDMENT.

Both parties to this Agreement understand that it may become desirable or necessary during the term of this Agreement, for CITY or AGENCY to modify the scope of services or any other term provided for under this Agreement. Any amendment or change shall be discussed with CITY and the change shall be memorialized in a written amendment. This Agreement may not be modified without a duly executed, written amendment by both Parties.

16. CONSTRUCTION.

The language of each and all paragraphs, terms, and/or provisions of this Agreement shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

17. GOVERNING LAW.

This Agreement shall be governed according to the laws of the State of California.

18. HEADINGS NOT CONTROLLING.

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

19. COMPLIANCE WITH LAWS.

AGENCY shall fully comply with all applicable federal, state, and local laws, ordinances and regulations, including but not limited to, all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws.

20. CONFLICT OF INTEREST

AGENCY shall avoid all conflict of interest or appearance of conflict of interest in performance of this Agreement. AGENCY certifies that it is familiar with conflict of law provisions set forth in California Government Code Sections 87100 et seq. and Government Code Section 1090. AGENCY certifies they do not know of any facts which constitute a violation of such section. AGENCY further certifies that it shall not assign any personnel to provide services under this Agreement which would be cause for a violation of any conflict of interest law.

21. CITY BUSINESS LICENSE.

AGENCY will have a valid City of Modesto business license.

22. MISCELLANEOUS PROVISIONS

A. The headings of the sections and subsections of this Agreement are inserted for convenience only. They do not constitute a part of this Agreement and shall not be used in its construction.

B. If a court of competent jurisdiction adjudges any provision of this Agreement as void or unenforceable, the remaining provisions shall not be affected hereby and shall remain in full force and effect.

C. Where this Agreement refers to CITY and no officer of the CITY is named, CITY's Manager shall have the authority to act on CITY's behalf.

D. Each of the factual statements set forth in the recitals is true and correct in its entirety and is incorporated into the Agreement as a term of the Agreement.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 2019-____, adopted by the Council of the City of Modesto on the ____ day of _____, 2019 and King Kennedy Community Center Inc., has caused this Agreement to be duly executed.

- Mother's Day Brunch (May)
- Old time Jubilee (May)
- Scholarship Award Ceremony (May)
- Annual Juneteenth Celebration (June)
- Community Information Reception (September)
- Annual Turkey Give Away (November or December)

EXHIBIT B

EMPLOYEE/VOLUNTEER CLEARANCE VERIFICATION AND COMPLIANCE WITH THE CHILD ABUSE AND NEGLECT REPORTING ACT

If AGENCY provides services involving minors AGENCY shall conduct a criminal background check through the database of the California Department of Justice and an FBI criminal database or equivalent national database as approved in writing by AGENCY's liability insurance provider, on each of its employees and volunteers who have supervisory or disciplinary authority over minors.

AGENCY shall also comply with the provisions of the Child Abuse and Neglect Reporting Act, California Penal Code SECTION 11164 *et. seq.* Additionally, AGENCY certifies the following:

1. Any and all personnel employed or retained by AGENCY in conducting the operations of AGENCY's program shall be qualified to perform the duties assigned to them by AGENCY. AGENCY agrees that AGENCY shall not at any time allow its employees or volunteers to be in any position with supervisory or disciplinary authority over minors, if they have been convicted of any offense identified in California Public Resources Code SECTION 5164.

CITY and AGENCY understand that results of background checks on minors may be confidential under state law. Therefore, all employees or volunteers must be at least 18 years of age if they are to be in a position having supervisory or disciplinary authority over any minor.

If AGENCY intends to have employees or volunteers under the age of 18 providing services under this AGREEMENT, AGENCY must obtain CITY's prior consent, and AGENCY shall ensure that none of

its employees or volunteers under 18 years of age have any supervisory or disciplinary authority over any minor, as such term is used in California Public Resources Code SECTION 5164.

2. AGENCY shall be responsible for ensuring that no person who has supervisory or disciplinary authority over minors, who is paid or unpaid by AGENCY, shall be permitted to provide services unless appropriate background checks, including fingerprints, have been performed prior to the beginning of services under this AGREEMENT, and the person meets the standards set forth above. If requested by CITY, and to the extent allowed by law, AGENCY shall promptly provide documentation listing each person that has provided or is providing services hereunder involving supervision or disciplinary authority over minors, and certifying that the AGENCY has conducted the proper background check on such person or persons, and each of the named persons is legally permitted to perform the services described in this AGREEMENT. Regardless of whether such documentation is requested or delivered by AGENCY, AGENCY shall be solely responsible for compliance with the provisions of this SECTION.

3. That no person paid or unpaid by AGENCY shall be permitted to provide services requiring contact with children or providing food concessionaire services or other licensed concessionaire services in that area, unless AGENCY has complied with the TB testing requirements set forth in SECTION 5163 of the California Public Resources Code, verifying that the person or persons has provided evidence/verification of a negative TB skin test reading less than two (2) years old (if newly hired) or within four (4) years (if current employee) of the effective date of this AGREEMENT and every four (4) years thereafter, if the term of this AGREEMENT exceeds four (4) years.

4. For persons with a positive TB skin test reading, a physician's medical clearance must be obtained prior to services being provided as specified above. AGENCY shall keep on file each "Certificate" of

clearance for the persons described above, and shall also make available a copy of each Certificate to CITY, if requested and allowed by law. "Certificate" means a document signed by a licensed examining physician and surgeon or a notice from a public health agency or unit of the tuberculosis association which indicates freedom from active tuberculosis.

- 5. AGENCY understands that if services are rendered on a school site, there may be additional requirements that may apply including, without limitation, requirements under the California Education Code. AGENCY acknowledges that it is AGENCY's sole responsibility to comply with all applicable laws, regulations and licensing requirements in AGENCY's provision of services hereunder.

I, the AGENCY signing below, verify that I have read and agree to the above:

CALIFORNIA PUBLIC RESOURCES CODE SECTION 5164

5164. (a) (1) A county or CITY or CITY and county or special district shall not hire a person for employment, or hire a volunteer to perform services, at a county or CITY or CITY and county or special district operated park, playground, recreational center, or beach used for recreational purposes, in a position having supervisory or disciplinary authority over any minor, if that person has been convicted of any offense specified in paragraph (2).

(2) (A) Violations or attempted violations of SECTION 220, 261.5, 262, 273a, 273d, or 273.5 of the Penal Code, or any sex offense listed in SECTION 290 of the Penal Code, except for the offense specified in subdivision (d) of SECTION 243.4 of the Penal Code.

(B) Any felony or misdemeanor conviction specified in subparagraph(C) within ten (10) years of the date of the employer's request.

(C) Any felony conviction that is over ten (10) years old, if the subject of the request was incarcerated within ten (10) years of the employer's request, for a violation or attempted violation of any of the offenses specified in Chapter 3 (commencing with SECTION 207) of Title 8 of Part 1 of the Penal Code, SECTION 211 or 215 of the Penal Code, wherein it is charged and proved that the defendant personally used a deadly or dangerous weapon, as provided in subdivision (b) of SECTION 12022 of the Penal Code, in the commission of that offense, SECTION 217.1 of the Penal Code, SECTION 236 of the Penal Code, any of the offenses specified in Chapter 9 (commencing with SECTION 240) of Title 8 of Part 1 of the Penal Code, or any of the offenses specified in subdivision (c) of SECTION 667.5 of the Penal Code, provided that no record of a misdemeanor conviction shall be transmitted to the requester unless the subject of the request has a total of three (3) or more misdemeanor convictions, or a combined total of three (3) or more misdemeanor and felony convictions, for violations listed in this SECTION within the ten (10)

year period immediately preceding the employer's request or has been incarcerated for any of those convictions within the preceding ten (10) years.

(b) (1) To give effect to this SECTION, a county or CITY or CITY and county or special district shall require each such prospective employee or volunteer to complete an application that inquires as to whether or not that individual has been convicted of any offense specified in subdivision (a). The county or CITY or CITY and county or special district shall screen, pursuant to SECTION 11105.3 of the Penal Code, any such prospective employee or volunteer, having supervisory or disciplinary authority over any minor, for that person's criminal background.

(2) Any local agency requests for Department of Justice records pursuant to this subdivision shall include the prospective employee's or volunteer's fingerprints, which may be taken by the local agency, and any other data specified by the Department of Justice. The request shall be made on a form approved by the Department of Justice. No fee shall be charged to the local agency for requesting the records of a prospective volunteer pursuant to this subdivision.

(3) A county, city, city and county, or special district may charge a prospective employee or volunteer described in subdivision (a) a fee to cover all of the county, city, city and county, or special district's costs attributable to the requirements imposed by this section.

CALIFORNIA PUBLIC RESOURCES CODE SECTION 5163

5163. (a) No person shall initially be employed in connection with a park, playground, recreational center, or beach used for recreational purposes by a CITY or county in a position requiring contact with children, or as a food concessionaire or other licensed concessionaire in that area, unless the person produces or has on file with the CITY or county a certificate showing that within the last two (2) years the person has been examined and has been found to be free of communicable tuberculosis.

(b) Thereafter, those employees who are skin test negative shall be required to undergo the foregoing examination at least once each four (4) years for so long as the employee remains skin test negative. Once an employee has a documented positive skin test which has been followed by an X-ray, the foregoing examination is no longer required and a referral shall be made within thirty (30) days of the examination to the local health officer to determine the need for follow-up care.

"Certificate" means a document signed by the examining physician and surgeon who is licensed under Chapter 5 (commencing with SECTION 2000) of Division 2 of the Business and Professions Code, or a notice from a public health agency or unit of the tuberculosis association which indicates freedom from active tuberculosis.

5163.1. The examination shall consist of an approved intradermal tuberculosis test, which, if positive, shall be followed by an X-ray of the lungs.

Nothing in SECTIONs 5163 to 5163.2, inclusive, shall prevent the governing body of any CITY or county, upon recommendation of the local health officer, from establishing a rule requiring a more extensive or more frequent examination than required by SECTION 5163 and this SECTION.

5163.2. The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a licensed physician and surgeon.

5163.3. The CITY or county shall maintain a file containing an up-to-date certificate for each person covered by SECTION 5163.

5163.4. Nothing in SECTIONs 5163 to 5163.3, inclusive, shall prevent the CITY or county from requiring more extensive or more frequent examinations.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-256**

**RESOLUTION APPROVING A SECONDARY AGREEMENT FOR AS-NEEDED
PRE-EMPLOYMENT PSYCHOLOGICAL SERVICES WITH CORDICO
PSYCHOLOGICAL CORP. FOR AN AGREEMENT TERM OF TWO YEARS
WITH TWO, ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST OF
\$10,000 WITH A TOTAL NOT TO EXCEED COST OF \$40,000 FOR THE LIFE
OF THE AGREEMENT TERM, AND AUTHORIZING THE CITY MANAGER,
OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, recruiting and retaining police officers is a lengthy and highly competitive process; and

WHEREAS, prior to being hired, candidates must go through an extensive selection process that includes an application, written examination, physical agility examination, selection interview, polygraph examination, background investigation, medical examination and psychological examination; and

WHEREAS, on June 2, 2015, by Resolution 2015-178, Council approved an agreement with Jocelyn E. Roland, PhD., ABPP for pre-employment psychological evaluation services and pre-employment psychological screenings; and

WHEREAS, on December 12, 2017, by Resolution 2017-531, Council approved an amendment with Jocelyn E. Roland, PhD., ABPP to increase the rate and annual cost for the pre-employment psychological screening; and

WHEREAS, the current vendor, has been backlogged for several months to complete these required psychological evaluations and screenings, and

WHEREAS, the Finance Department recommends establishing a secondary agreement for pre-employment psychological evaluations to Cordico Psychological Corp., for an agreement term that coincides with the remainder of the agreement term with Jocelyn E. Roland, PhD., ABPP; and

WHEREAS, Cordico Psychological Corp. meets the City's insurance requirements and has agreed to the terms of a two year agreement with two one year extension options for a total not to exceed \$10,000 annually; and

WHEREAS, there was not competitive bid process; however, Modesto Municipal Code 8-3.204(a) "Exceptions to Formal Bidding Requirements," agreements for professional services are exempt from the bidding requirements of Modesto Municipal Code 8-3.203; and

WHEREAS, the approval for the pre-employment psychological evaluations and screenings to Cordico Psychological Corp. conforms to Modesto Municipal Code 8-3.204, subdivision (a) as they are providing professional services for pre-employment psychological evaluations and screenings.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a secondary agreement for as-needed pre-employment psychological services with Cordico Psychological Corp. for an agreement term of two years with two, one-year extension options, for an annual cost of \$10,000 with a total not to exceed cost of \$40,000 for the life of the agreement term.

BE IT FURTHER RESOLVED, that the City Manager, or his designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-257**

RESOLUTION COMBINING THE CITY MANAGER’S DRAFT BUDGET AND THE MAYOR’S FINAL BUDGET MODIFICATIONS INTO THE PROPOSED BUDGET FOR FISCAL YEAR 2019-20 (INCLUDING FUNDING THE MODESTO SISTER CITIES PROGRAM IN THE AMOUNT OF \$35,000), AND NOTICING A PUBLIC HEARING TO BE HELD ON JUNE 25, 2019 FOR COUNCIL’S CONSIDERATION AND ADOPTION OF THE FISCAL YEAR 2019-20 PROPOSED BUDGET AND RELATED ACTIONS

WHEREAS, the Finance Committee head the City Manager’s Draft Budget on April 29th, April 30th, May 2nd, and May 3rd, and

WHEREAS, the Finance Committee approved the City Manager’s Draft Budget with a 3-0 vote and approved the motion to have the Mayor make modifications to the City Manager’s Draft Budget 30 days prior to the adoption by the City Council, and

WHEREAS, the Mayor has presented his modifications to the City Manager’s Draft Budget to City Council and has presented any changes for incorporation into the City of Modesto’s Final Proposed Budget for Fiscal Year 2019-20, and

WHEREAS, discussion was held by City Council concerning funding for the Sister Cities program in the amount of \$35,000 and its inclusion in the Proposed Budget for Fiscal Year 2019-20, and

WHEREAS, the City of Modesto’s Final Proposed Budget for Fiscal Year 2019-20 will be inclusive of the City Manager’s Draft Budget as well as the Mayor’s Final Budget Modifications, and the inclusion of \$35,000 in funding for the Sister Cities program, and will be heard at a public hearing scheduled to be held on June 25, 2019.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the combination of the City Manager’s Draft Budget and the Mayor’s Final Budget Modifications into the Proposed Budget for Fiscal Year 2019-20,

including funding the Modesto Sister Cities program in the amount of \$35,000, and directs a notice to be published for a public hearing to be held on June 25, 2019 for Council's consideration and adoption of the Fiscal Year 2019-20 Proposed Budget and related actions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of June, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-258**

RESOLUTION APPROVING A MEMORANDUM OF JOINT POWERS AGREEMENT WITH STANISLAUS COUNTY FOR THE RIGHT OF WAY ACQUISITION AND UTILITY RELOCATION PHASE OF THE 7TH STREET BRIDGE PROJECT IN AN AMOUNT NOT TO EXCEED \$344,100 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE MEMORANDUM OF JOINT POWERS AGREEMENT

WHEREAS, the 7th Street Bridge at the Tuolumne River was built in 1916 and has a sufficiency rating of 2 on a scale of 1 of 100, with 100 being the best, and

WHEREAS, the bridge is listed as Structurally Deficient on the Caltrans Structures Maintenance and Investigation Local Bridge List, and

WHEREAS, the bridge requires reconstruction or replacement to meet standards for seismic events, and

WHEREAS, on April 5, 2011, by Resolution No. 2011-113, Council approved a Memorandum of Agreement (MOA) to facilitate the cooperation between the City of Modesto and Stanislaus County for the construction of the 7th Street Bridge, and

WHEREAS, the MOA obligated the parties to split costs for project planning throughout the Preliminary Engineering Phase (50% City and 50% County) with the intent to create a separate MOA for the Right-of-Way and Utility Relocation Phase and the Construction Phase of the project, and

WHEREAS, on May 7, 2019, by Resolution 2019-206, Council approved an Amended and Restated MOA with Stanislaus County to include Final Design for the development of plans, specifications and estimate, and

WHEREAS, Preliminary Engineering is anticipated to be completed by July 2019 and Stanislaus County desires to move forward with acquiring portions of real properties and relocating existing utilities within project limits.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Joint Powers Agreement with Stanislaus County for the right of way acquisition and utility relocation phase of the 7th Street Bridge Project in an amount not to exceed \$344,100.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the Memorandum of Joint Powers Agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-259**

**RESOLUTION DECLARING INTENTION TO CONSIDER AUTHORIZING
CHANGES TO THE RATE AND METHOD OF APPORTIONMENT OF
SPECIAL TAX FOR THE CITY OF MODESTO COMMUNITY FACILITIES
DISTRICT NO. 2016-2 (THE VINTAGE)**

WHEREAS, on January 26, 2016, the City Council of the City of Modesto (“the City”) adopted Resolution No. 2016-21 (the “Resolution of Intention”) declaring its intention to establish City of Modesto Community Facilities District No. 2016-2 (The Vintage) (“CFD No. 2016-2), pursuant to the Mello-Roos Community Facilities Act of 1982, Government Code Sections 53311 et seq. (the “Act”); and

WHEREAS, on March 8, 2016, the City Council adopted Resolution No. 2016-95 (the “Resolution of Formation”) declaring the formation of CFD No. 2016-2 for the purpose of financing all costs associated with the creation of CFD No. 2016-2, the determination of the amount of special taxes to be levied and costs otherwise incurred in order to carry out the authorized purposes of the community facilities district and administering the community facilities district (collectively, the “Incidental Expenses”) and to pay the costs of the services listed in Appendix A of the Resolution of Intention; and

WHEREAS, by adopting the Resolution of Formation, the City Council declared its intention, subject to the approval of the qualified electors of the proposed community facilities district, to levy the proposed special taxes at the rates set forth in the Rate and Method of Apportionment of Special Tax (the “Original RMA”) **attached** thereto as **Attachment A**; and

WHEREAS, on March 8, 2016, the City Council adopted Resolution No. 2016-

97 declaring the results of the election pertaining to CFD No. 2016-2, and determining that the qualified electors had approved the Original RMA; and

WHEREAS, it has been determined that it is necessary and prudent to adjust the maximum special taxes set forth in the Original RMA; and

WHEREAS, the Original RMA is proposed to be modified as set forth in the Amended and Restated Rate and Method of Apportionment of Special Tax, **attached** hereto as **Exhibit B** to this Resolution and incorporated herein (the “Amended and Restated RMA”); and

WHEREAS, the Act requires, as a condition to ordering the modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 to read as set forth in the Amended and Restated RMA, that proceedings for consideration of the proposed change be undertaken as prescribed by Government Code Sections 53331 and 53334 through 53338, inclusive; and

WHEREAS, the Developer desires by this Resolution to initiate the required proceedings to consider the proposed modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 to read as set forth in the Amended and Restated RMA.

NOW, THEREFORE, BE IT RESOLVED THAT the City Council of the City of Modesto hereby finds, determines and resolves as follows:

1. In conformity with the provisions of Section 53331 of the Act, the City Council finds, determines and declares that the public convenience and necessity require the modification of the of the rate and method of apportionment of the special tax for CFD No. 2016-2 to read as set forth in the Amended and Restated RMA, **attached** hereto

as **Exhibit B**.

2. These proceedings are being conducted with respect to CFD No. 2016-2. The boundaries of CFD No. 2016-2 and the proposed future annexation areas to the community facilities district are established as shown on the map designated “Boundary Map of Proposed City of Modesto Community Facilities District No. 2016-2 (The Vintage)”, a copy of which is on file in the Office of the City Clerk, and which was recorded in the Book of Maps of Assessment and Community Facilities Districts in the official records of the Office of the County Recorder of the County of Stanislaus in Book No. 5, at Page 42, as Instrument No. 2016-0009797-00.

3. There are no proposed changes to the list of services or facilities eligible for financing by CFD No. 2016-2. The proposed new rate and method of apportionment of the special tax for CFD No. 2016-2 is set forth in **Exhibit B**. Except for the changes to the rate and method of apportionment of the special tax for CFD No. 2016-2, no other changes are being made with respect to CFD No. 2016-2.

4. This City Council hereby fixes Tuesday, August 7, 2019 at 5:30 p.m., or as soon thereafter as the matter may be heard, in the Modesto City Council Chamber, 1010 Tenth Street, Modesto, California 95353 as the date, time and place for a public hearing to consider the proposed change to the rate and method of apportionment of the special tax for CFD No. 2016-2.

5. In conformity with Section 53335 of the Act, the City Clerk is hereby authorized and directed to cause the publication of a notice of hearing, containing the matters specified by Section 53335, one time in a newspaper in general circulation in the area of CFD No. 2016-2 no later than seven days prior to the date of the public hearing.

In addition to published notice, the City Clerk is authorized to provide for mailed notice of hearing by first-class mail, postage prepaid, in accordance with Section 53322.4 of the Act, to each landowner within the boundary of CFD No. 2016-2.

6. This Resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Mayor Brandvold

EXHIBIT A

Amended and Restated Rate and Method of Apportionment of Special Tax

APPENDIX A
CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT No. 2016-2
(VINTAGE MAINTENANCE)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel in the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2016-2, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the CFD, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or "Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other recorded County parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5 (commencing with Section 53311), Division 2, of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2016-2, including, but not limited to, levying and collecting the Special Tax; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to property owner inquiries regarding the Special Tax; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Tax according to this RMA.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel Number.

“Assessor’s Parcel Number” or **“APN”** means a unique number assigned to an Assessor’s Parcel by the County Assessor for purposes of identifying a property.

“Authorized Services” means the public services authorized to be funded by the CFD as set forth in the documents adopted by the City Council when the CFD was formed.

“CFD” or **“CFD No. 2016-2”** means the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance).

“CFD Formation” means the date on which the Resolution of Formation to form CFD No. 2016-2 was adopted by the City Council.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2016-2.

“Commercial Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a commercial building, as determined by the City.

“County” means the County of Stanislaus.

“Developed Property” means, in any Fiscal Year, the following:

- for Single Family Residential Property, all Parcels of Taxable Property for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year;
- for Multi-Family Property, all Parcels of Taxable Property for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year; and
- for Commercial Property, all Parcels of Taxable Property for which a building permit for construction of a commercial structure was issued prior to June 30 of the preceding Fiscal Year.

“Escalation Factor” means, in any Fiscal Year, the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%).

“Final Map” means a final map approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410, *et seq.*) that creates individual lots on which a building permit can be issued for construction of residential units without further subdivision of the lots.

“Fiscal Year” means the period starting on July 1 and ending on the following June 30.

“Land Use Class” means one of the three mutually-exclusive land use classes identified in Table 1 in Section C below and defined in this Section A.

“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any Fiscal Year.

“Multi-Family Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

“Proportionately” means, for Developed Property, that the ratio of the actual Special Tax levied in any Fiscal Year to the Maximum Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Taxable Property that is Developed Property. For Undeveloped Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Property that is Undeveloped Property. For Taxable Public Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Public Property.

“Public Property” means, in any Fiscal Year: (i) all Parcels within the boundaries of the CFD that are owned by or irrevocably offered for dedication to the federal government, the State of California, the City or any other public agency; provided, however, that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act (as such section may be amended or replaced) shall be taxed and classified in accordance with its use; and (ii) all Parcels within the boundaries of the CFD that are encumbered by an unmanned utility easement making impractical its utilization for other than the purpose set forth in the easement.

“RMA” means this Rate and Method of Apportionment of Special Tax.

“SFR Lot” means an individual numbered lot which is in its final configuration and for which a building permit may be issued for a single family residential unit.

“Single Family Residential Property” means, in any Fiscal Year, all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure on an SFR Lot.

“Special Tax” means a special tax levied in any Fiscal Year to pay the Special Tax Requirement, as defined below.

“Special Tax Requirement” means the amount of revenue needed in any Fiscal Year to pay for: (i) Authorized Services, (ii) establishment of reserves, (iii) Administrative Expenses, and (iv) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred in prior Fiscal Years.

“Taxable Property” means all Assessor’s Parcels within the boundaries of the CFD that are not exempt from the Special Tax pursuant to law or Section F below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within the CFD that, (i) based on a tentative map or other development plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in prior Fiscal Years.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2016-2 that are not Developed Property.

B. DATA FOR SPECIAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel Numbers for all Parcels of Taxable Property within the CFD. The Administrator shall also determine: (i) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) which Parcels are Commercial Property, Single Family Residential Property, and Multi-Family Property, (iii) the Acreage of each Parcel of Commercial Property and Multi-Family Property, and (iv) the Special Tax Requirement for the then-current Fiscal Year.

In any Fiscal Year, if it is determined that (i) a Final Map or parcel map for a portion of property in the CFD was recorded after the last date upon which the Assessor will incorporate the newly-created Parcels into the then current tax roll, (ii) because of the date the Final Map or parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map or parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Taxable Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map or parcel map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map or parcel map.

C. MAXIMUM SPECIAL TAXES

Table 1 below identifies the Maximum Special Tax assigned to all Parcels of Taxable Property.

**TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2015-16**

	<i>Land Use Category</i>	<i>Fiscal Year 2015-16 Maximum Special Tax*</i>
Developed Property	Single Family Residential Property Multi-Family Property Commercial Property	\$326 per SFR Lot \$300 per Acre \$300 per Acre
Undeveloped Property	Single Family Residential Property Multi-Family Property Commercial Property	\$1,950 per Acre \$300 per Acre \$300 per Acre

** On January 1, 2016 and each January thereafter, the Maximum Special Tax rates shall be adjusted by the Escalation Factor. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1*

D. METHOD OF LEVY OF SPECIAL TAXES

Each Fiscal Year, the Administrator shall determine the Special Tax Requirement for that Fiscal Year. The Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:* The Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 2:* If additional revenue is needed after Step 1, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property that is not Commercial Property within the CFD, up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 3:* If additional revenue is needed after applying the first two steps, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel of Taxable Public Property.

E. COLLECTION OF SPECIAL TAXES

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Special Taxes through foreclosure or other available methods. The Special Tax shall be levied and collected in perpetuity unless and

until the City determines that the Special Tax no longer needs to be levied to pay Authorized Services and Administrative Expenses.

F. EXEMPTIONS

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on Parcels of Commercial Property that are Undeveloped Property and Parcels of Public Property, except Taxable Public Property, as defined herein.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by resolution of the City Council for purposes of clarifying any vagueness or ambiguity in this RMA.

H. ENFORCEMENT

All delinquent Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

ATTACHMENT B

CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT No. 2016-2
(VINTAGE MAINTENANCE)

AMENDED AND RESTATED RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel in the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2016-2, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the CFD, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or "Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other recorded County parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5 (commencing with Section 53311), Division 2, of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2016-2, including, but not limited to, levying and collecting the Special Tax; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to property owner inquiries regarding the Special Tax; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Tax according to this RMA.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel Number.

"Assessor's Parcel Number" or "APN" means a unique number assigned to an Assessor's Parcel by the County Assessor for purposes of identifying a property.

“Authorized Services” means the public services authorized to be funded by the CFD as set forth in the documents adopted by the City Council when the CFD was formed.

“CFD” or **“CFD No. 2016-2”** means the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance).

“CFD Change” means the date on which the Resolution of Change for CFD No. 2016-2 was adopted by the City Council, thereby making this RMA the operative tax formula for the CFD.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2016-2.

“Commercial Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a commercial building, as determined by the City.

“County” means the County of Stanislaus.

“Developed Property” means, in any Fiscal Year, the following:

- for Single Family Residential Property, all Parcels of Taxable Property for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year;
- for Commercial Property, all Parcels of Taxable Property for which a building permit for construction of a commercial structure was issued prior to June 30 of the preceding Fiscal Year.

“Escalation Factor” means, in any Fiscal Year, the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%).

“Final Map” means a final map approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410, *et seq.*) that creates individual lots on which a building permit can be issued for construction of residential units without further subdivision of the lots.

“Fiscal Year” means the period starting on July 1 and ending on the following June 30.

“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any Fiscal Year.

“Proportionately” means, for Developed Property, that the ratio of the actual Special Tax levied in any Fiscal Year to the Maximum Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Taxable Property that is Developed Property. For

Undeveloped Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Property that is Undeveloped Property. For Taxable Public Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Public Property.

“**Public Property**” means, in any Fiscal Year: (i) all Parcels within the boundaries of the CFD that are owned by or irrevocably offered for dedication to the federal government, the State of California, the City or any other public agency; provided, however, that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act (as such section may be amended or replaced) shall be taxed and classified in accordance with its use; and (ii) all Parcels within the boundaries of the CFD that are encumbered by an unmanned utility easement making impractical its utilization for other than the purpose set forth in the easement.

“**RMA**” means this Amended and Restated Rate and Method of Apportionment of Special Tax.

“**SFR Lot**” means an individual numbered lot which is in its final configuration and for which a building permit may be issued for a single family residential unit.

“**Single Family Residential Property**” means, in any Fiscal Year, all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure on an SFR Lot.

“**Special Tax**” means a special tax levied in any Fiscal Year to pay the Special Tax Requirement, as defined below.

“**Special Tax Requirement**” means the amount of revenue needed in any Fiscal Year to pay for: (i) Authorized Services, (ii) establishment of reserves, (iii) Administrative Expenses, and (iv) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred in prior Fiscal Years.

“**Taxable Property**” means all Assessor’s Parcels within the boundaries of the CFD that are not exempt from the Special Tax pursuant to law or Section F below.

“**Taxable Public Property**” means, in any Fiscal Year, all Parcels of Public Property within the CFD that, (i) based on a tentative map or other development plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in prior Fiscal Years.

“**Tax Area**” means one of the three mutually exclusive geographic areas defined below and identified in Attachment 1.

“**Tax Area A**” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with low-density single family detached residential units, and (ii) is specifically identified as Tax Area A in Attachment 1 of this RMA.

“**Tax Area B**” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with medium-density single family detached residential units, and (ii) is specifically identified as Tax Area B in Attachment 1 of this RMA.

“**Tax Area C**” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with commercial land uses, and (ii) is specifically identified as Tax Area C in Attachment 1 of this RMA.

“**Undeveloped Property**” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2016-2 that are not Developed Property.

B. DATA FOR SPECIAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel Numbers for all Parcels of Taxable Property within the CFD. The Administrator shall also determine: (i) the Tax Zone within which each Parcel is located; (ii) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) the Acreage of each Parcel of Commercial Property, and (iv) the Special Tax Requirement for the then-current Fiscal Year.

In any Fiscal Year, if it is determined that (i) a Final Map or parcel map for a portion of property in the CFD was recorded after the last date upon which the Assessor will incorporate the newly-created Parcels into the then current tax roll, (ii) because of the date the Final Map or parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map or parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Taxable Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map or parcel map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map or parcel map.

C. MAXIMUM SPECIAL TAXES

Table 1 below identifies the Maximum Special Tax assigned to all Parcels of Taxable Property.

**TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2019-20**

<i>Tax Area</i>		<i>Fiscal Year 2019-20 Maximum Special Tax*</i>
A	Developed Property Undeveloped Property	\$665.28 per SFR Lot \$5,281.13 per Acre
B	Developed Property Undeveloped Property	\$350.87 per SFR Lot \$3,880.83 per Acre
C	Developed Property Undeveloped Property	\$340.56 per Acre \$0 per Acre
All Tax Areas	Taxable Public Property	The Maximum Special Tax that would have applied to the Parcel prior to the Parcel becoming Public Property (as determined by the City)

** On January 1, 2020 and each January thereafter, the Maximum Special Tax rates shall be adjusted by the Escalation Factor. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1.*

D. METHOD OF LEVY OF THE SPECIAL TAX

Each Fiscal Year, the Administrator shall determine the Special Tax Requirement for that Fiscal Year. The Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:** The Special Tax shall be levied Proportionately on each Parcel of Developed Property within all Tax Areas in the CFD up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 2:** If additional revenue is needed after Step 1, the Special Tax shall be levied Proportionately on each Parcel of Undeveloped Property in Tax Areas A and B, up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 3:** If additional revenue is needed after applying the first two steps, the Special Tax shall be levied Proportionately on each Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel of Taxable Public Property.

E. COLLECTION OF SPECIAL TAXES

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Special Taxes through foreclosure or

other available methods. The Special Tax shall be levied and collected in perpetuity unless and until the City determines that the Special Tax no longer needs to be levied to pay Authorized Services and Administrative Expenses.

F. EXEMPTIONS

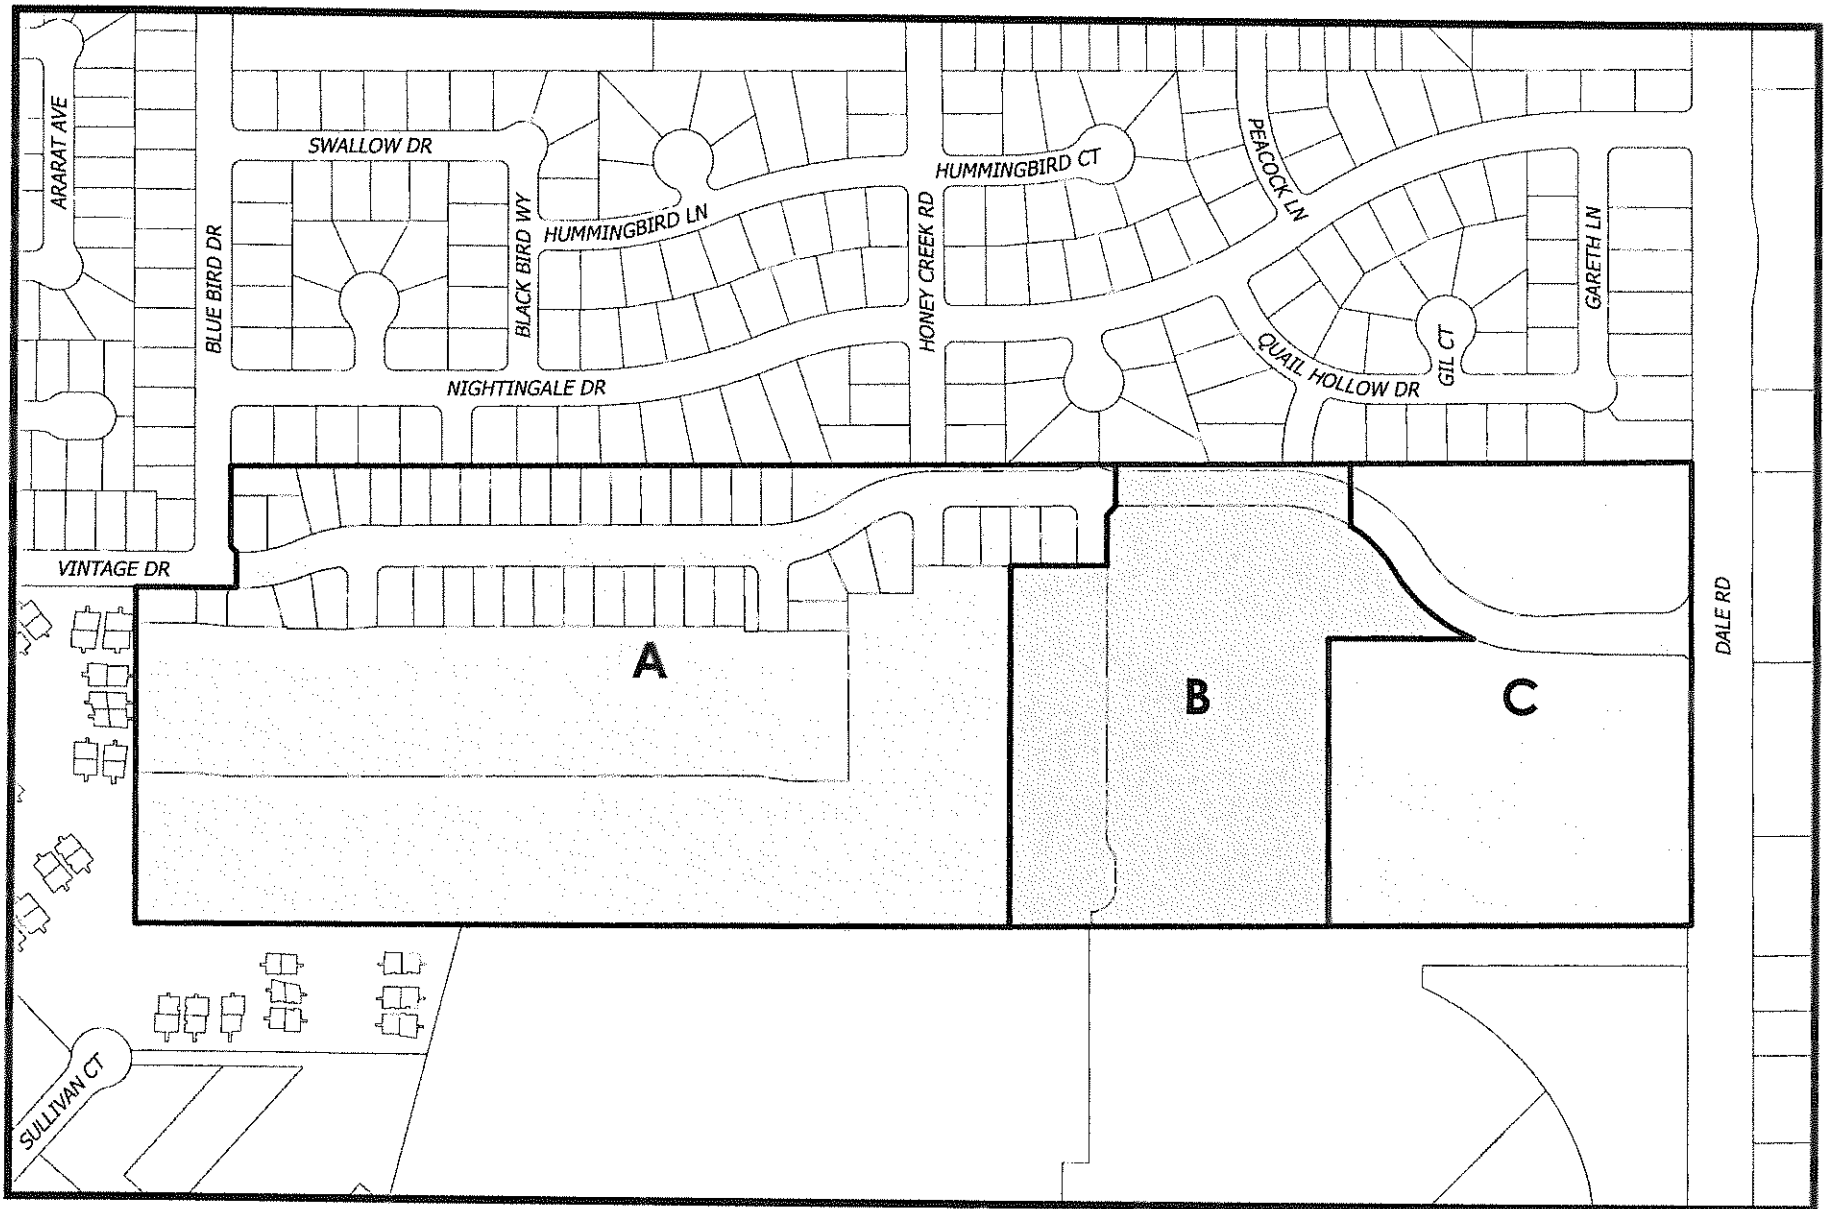

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on: (i) Parcels of Undeveloped Property within Tax Area C, and (ii) Parcels of Public Property, except Taxable Public Property, as defined herein.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by resolution of the City Council for purposes of clarifying any vagueness or ambiguity in this RMA.

H. ENFORCEMENT

All delinquent Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-260**

RESOLUTION APPROVING THE PURCHASE AGREEMENT OF BALLISTIC VESTS TO ADAMSON POLICE PRODUCTS, LOS ALAMITOS, CA FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST NOT TO EXCEED \$62,800, AND A TOTAL AMOUNT NOT TO EXCEED \$314,000; AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Modesto Police Department requires sworn officers and some civilian positions to wear ballistic vests; and

WHEREAS, these vests are intended for daily wear and an undergarment and an outer garment for special occasions; and

WHEREAS, custom fitted vests are provided at time of hire and current personnel are provided a replacement vest every five years; and

WHEREAS, on March 21, 2019 the Purchasing Division issued RFB 1819-42 for the procurement of ballistic vests for the Modesto Police Department on the City's website; prospective bidders were notified online of the bid opportunity and twenty-three vendors downloaded the RFB; and

WHEREAS, on April 16, 2019 bids were formally opened in the City Clerk's Office and two vendors responded and both were considered responsive and responsible; and

WHEREAS, Modesto Municipal Code Section 8.3203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures; and

WHEREAS, the award of RFB 1819-42 for Ballistic Vests conforms to the Modesto Municipal Code because the City complied with the formal bid procedures and Adamson Police Products was the lowest responsive and responsible bidder.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and agreement for ballistic vests to Adamson Police Products, Los Alamitos, CA for a two-year agreement with three one-year extension options for an annual cost not to exceed \$62,800 and a total amount not to exceed \$314,000 over five years.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute the agreement

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-261**

RESOLUTION APPROVING THE PURCHASE OF ONE ANIMAL CONTROL TRUCK (ACO BODY) WITH SPECIFIC CONFIGURATIONS TO TOWNE FORD, REDWOOD CITY, CA FOR A TOTAL AMOUNT NOT TO EXCEED \$67,836, AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE, TO ISSUE THE PURCHASE ORDER

WHEREAS, the animal control truck replacement will be used by the Police Department; and

WHEREAS, replacement units are essential in maintaining current operations, facilities and/or services assigned to various department; and

WHEREAS, on February 26, 2019 the Purchasing Division issued RFB 1819-39 for the purchase of one animal control truck with specific configurations on the City's website; and

WHEREAS, on April 23, 2019 bids were formally opened in the City Clerk's Office; and

WHEREAS, two companies downloaded the RFB, one vendor responded; and

WHEREAS, one vendor was found responsive and responsible; and

WHEREAS, based on lowest responsive and responsible bid staff recommends awarding one animal control truck to Towne Ford, Redwood City, CA; and

WHEREAS, sufficient funds for one animal control truck have been encumbered in the Fleet Replacement Fund: 5409.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one animal control truck to Towne Ford, Redwood City, CA.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute the purchase order for an estimated total of \$67,836.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-262**

RESOLUTION APPROVING THE PURCHASING AGREEMENT FOR OFFICE SUPPLIES TO STAPLES, MODESTO, CA AS THE PRIMARY SUPPLIER BY UTILIZING THE COMPETITIVELY BID PROCESS WITH SOURCEWELL, FORMALLY KNOWN AS NATIONAL JOINT POWERS ASSOCIATION (NJPA); A PURCHASING AGREEMENT FOR OFFICE SUPPLIES TO OFFICE DEPOT, MODESTO, CA. AS THE SECONDARY SUPPLIER BY UTILIZING THE COMPETITIVELY BID PROCESS WITH NATIONAL INTERGOVERNMENTAL PURCHASING ALLIANCE (NATIONAL IPA) & OMNIA PARTNERS; AND APPROVING A PURCHASING AGREEMENT FOR OFFICE FURNITURE TO WARDEN'S, MODESTO, CA. BY UTILIZING THE COMPETITIVELY BID PROCESS WITH NATIONAL INTERGOVERNMENTAL PURCHASING ALLIANCE (NATIONAL IPA) FOR TWO-YEAR AGREEMENTS, WITH THREE ONE-YEAR EXTENSION OPTIONS FOR AN ANNUAL COST NOT TO EXCEED \$250,000 FOR A TOTAL COMBINED AMOUNT COST OF \$1,250,000 AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASE AGREEMENTS

WHEREAS, the City has utilized Office Depot since 1993 primarily to order office supplies and breakroom supplies with very minimal restrictions or regulations on the types of supplies being purchased; and

WHEREAS, during Fiscal Year 2017-2018 there were 3,330 different items purchased from the Office Depot website resulting in a spending of \$231,878; and

WHEREAS, of the 3,330 items purchased through the Office Depot business account approximately 15% of the items could have been purchased from the current agreements that were competitively bid that the City has established with other vendors; and

WHEREAS, staff recommends approving a purchasing agreement with Staples, by utilizing the competitive bid process with Sourcewell for office supplies as a primary vendor; and

WHEREAS, staff recommends approving a purchasing agreement with Office Depot, by utilizing the competitively bid process with Omni Partners formerly NJPA for office supplies as a secondary vendor when the items needed cannot be found at the primary vendor; and

WHEREAS, staff recommends approving a purchasing agreement with Warden's a local vendor; by utilizing the competitively bid process with National IPA for office furniture; and

WHEREAS, staff recommends utilizing the Central Sanitary Agreement #147851, approved by Council on August 8, 2018, by Resolution No. 2018-306 effective August 8, 2018 through August 7, 2020 for disinfectant wipes, disinfectant sprays, dish soap, cleaners, deodorizers, brooms, facial tissue, paper towels, cups, and air fresheners; and

WHEREAS, staff recommends utilizing the Fastenal Vending Agreement #149397, approved by Council on September 11, 2018, by Resolution No. 2018-393, effective October 1, 2018 through September 30, 2020 for batteries, safety gloves, and other safety items; and

WHEREAS, the City will implement a new Administrative Directive to standardize the purchase of office supplies and the purchase practices across the organization; and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, however, exceptions to the formal bidding process are granted in MMC 8-3.204(d); and

WHEREAS, the Purchasing Manager has determined, pursuant to Section 8-3.204 (d) of the MMC, that the process other than the formal bid process set forth in Section 8-3.201 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes approving the purchasing agreement for office supplies to Staples, Modesto, CA as the primary supplier by utilizing the competitively bid process with Sourcewell, formally known as National Joint Powers Association (NJPA); a purchasing agreement for office supplies to Office Depot, Modesto, CA. as the secondary supplier by utilizing the competitively bid process with National Intergovernmental Purchasing Alliance (National IPA) & OMNIA Partners; and approving a purchasing agreement for office furniture to Warden's, Modesto, CA. by utilizing the competitively bid process with National Intergovernmental Purchasing Alliance (National IPA) for two-year agreements, with three one-year extension options for an annual cost not to exceed \$250,000 for a total combined amount cost of \$1,250,000.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee is hereby authorized to execute the purchase agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-263**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND AGREEMENT FOR EDUCATION AND GOVERNMENT BROADCAST PRODUCTION SERVICES TO FINAL CUT MEDIA, OF MODESTO, CA, FOR A FIVE-YEAR AGREEMENT WITH TWO ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST NOT TO EXCEED \$233,097 AND A TOTAL AMOUNT NOT TO EXCEED \$1,584,701 OVER SEVEN YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto manages the Education and Government Channel, and

WHEREAS, the EG Channel provides a platform for live broadcasting and programming of City Council meetings, Board of Supervisor meetings, special events and other government meetings, and

WHEREAS, the City of Modesto requires an ongoing need to maintain and support the Education and Government Channel, and

WHEREAS, the City Manager authorized the distribution of formal Request for Proposals for the furnishing of Education and Government Broadcast Services, and

WHEREAS, the City issued RFP 1819-45 Education and Government Broadcast Services on the City's website, and

WHEREAS, proposals were formally opened in the City Clerk's office on March 12, 2019, and

WHEREAS, two (2) local companies chose to respond, and

WHEREAS, an evaluation committee comprised of five (5) City staff members and three (3) County staff members evaluated and graded the proposals, and

WHEREAS, Final Cut Media Inc., was ranked highest in total evaluation criteria and most responsive bidder, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the award of proposal and contract for the furnishing of Education and Government Broadcast Production Services for the Information Technology Department to Final Cut Media, of Modesto, California, conforms to the Modesto Municipal Code, 8-3.203 because they were the highest ranking proposer, and

WHEREAS, upon approval of this agreement a separate cost sharing agreement will be developed between the City of Modesto and Stanislaus County.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it awards the bid and agreement with Final Cut Media Inc., for a five-year agreement with two one-year extension options, for an annual cost not to exceed \$233,097 and a total amount not to exceed \$1,584,701 over seven years.

BE IT FURTHER RESOLVED, that the City Manager or his designee are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-264**

**RESOLUTION APPROVING AN INCREASE TO THE AGREEMENT WITH
REMIX SOFTWARE, INC., SAN FRANCISCO, CA, FOR THE TRANSIT
PLANNING AND SCHEDULING SOFTWARE UTILIZED BY MODESTO AREA
EXPRESS BY \$41,000 FROM \$194,160 TO \$235,160, TO ALIGN WITH THE
APPROVED AGREEMENT**

WHEREAS, on October 14, 2016, the City entered into an Agreement for \$41,000 with Remix Software, Inc., for the transit planning software system for the Modesto Area Express bus system, and

WHEREAS, on January 23, 2018 by Resolution 2018-31, Council approved an amendment to the agreement with Remix Software of \$194,160 which extended the agreement for transit planning for three years, and included a new scheduling module for the software, and

WHEREAS, during a recent review of an invoice from Remix Software, it was found that the original agreement of \$41,000 was not included in the total amount authorized by the Council in Resolution 2018-31. That amount only included the amendment increase, and

WHEREAS, approval is needed to increase the approved amount and continue using the Remix software as described in the agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves increasing the agreement amount with Remix Software, Inc., San Francisco, CA, by \$41,000 from \$194,160 to \$235,160, for the transit planning and scheduling software utilized by Modesto Area Express to align with the approved agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-265**

RESOLUTION APPROVING THE AWARD OF BID AND AGREEMENT FOR AS-NEEDED CONCRETE SERVICES AT MULTIPLE LOCATIONS THROUGHOUT THE CITY TO MACHADO & SONS CONSTRUCTION INC., TURLOCK, CA, FOR A FIVE YEAR AGREEMENT, FOR A TOTAL COST NOT TO EXCEED \$525,659, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City operates the Modesto Area Express (MAX) bus system which includes 680 bus stops around Modesto, and

WHEREAS, as bus stops are ready to be improved with new benches, shelters, other amenities, or are in need of repair, concrete work is often needed to prepare the site, and

WHEREAS, on January 30, 2019, the Request for Bids (RFB 1819-26) was issued for the Bus Stop Curb, Gutter, Pad and Sidewalk Services, and

WHEREAS, the RFB sought a contractor to provide concrete services to locations primarily, but not limited to MAX bus stops, including work on curb, gutter, pad, sidewalk, taper, transition apron, including the fabrication and installation of handicap accessible ramps, on an "as needed" basis throughout the year, and

WHEREAS, on March 19, 2019, the City of Modesto received two bids, and

WHEREAS, Machado & Sons Construction Inc. was the lowest responsive and responsible bidder with their total cost not exceeding \$375,659, and

WHEREAS, after confirming with the Purchasing Division that it was acceptable since the work was within the scope that was proposed, the Traffic Division added an additional \$150,000 to the overall contract bringing the total cost to \$525,659.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the award of bid and agreement for as-needed concrete services at multiple locations throughout the City to Machado & Sons Construction Inc., Turlock, CA, for a five year agreement, for total cost not to exceed \$525,659.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-266**

RESOLUTION APPROVING THE SOLE SOURCE AGREEMENT WITH EAST BAY MUNICIPAL UTILITY DISTRICT FOR THE DISPOSAL OF GRAY WATER FOR THE UTILITIES DEPARTMENT, WATER SERVICES DIVISION, FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST NOT TO EXCEED \$66,150 FOR THE FIRST YEAR OF SERVICE, WITH ANNUAL INCREASES OF \$0.01 PER GALLON ANNUALLY OVER THE FIVE YEAR PERIOD AND 15% CONTINGENCY FUNDS FOR POTENTIAL INCREASES, FOR A TOTAL NOT TO EXCEED \$489,037 OVER FIVE YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto operates a water treatment facility in the community of Grayson, and

WHEREAS, this treatment facility provides safe and reliable drinking water for the residents of the community, and

WHEREAS, as part of the water treatment process, a waste brine is generated that needs to be disposed of on an as-needed basis. Brine waste has been delivered to East Bay Municipal Utility District (EBMUD) since initial operations of this treatment plant in 2007. Modesto's wastewater treatment permit does not allow the disposal of this brine waste at its facility, and

WHEREAS, the City of Modesto entered into a contract purchase agreement No. 65944 with East Bay Municipal Utility District (EBMUD), by Resolution No. 2014-305 in 2014 for an estimated annual cost of \$27,000 which equals \$135,000 over a five year period, and

WHEREAS, on September 11, 2018, Council approved Resolution No. 2018-394, increasing the Purchasing Agreement with East Bay Municipal Utility District \$73,710, for a new agreement total amount not to exceed \$208,710, and

WHEREAS, the current purchase agreements for gray water disposal expires on August 5, 2019, and

WHEREAS, per Finance Policy and Procedures, staff reached out to other vendors to determine their ability to provide brine waste disposal services and established that the only facility receiving brine waste is EBMUD and staff completed a Bid Waiver to EBMUD for non-hazardous brine waste disposal, and

WHEREAS, per MMC Section 8-3.204 generally requires all purchases, in excess of fifty thousand dollars (\$50,000) to follow formal bid procedures. However, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirement where the Purchasing Agency's requirements can be met solely by a single article or process. Additionally, MMC 8-3.204(d) provides that a purchase may also be exempted where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality. Here, EBMUD should be exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(b), since they are the only licensed facility in the surrounding area that can accept disposal of non-hazardous brine. Additionally, EBMUD should be exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(d) as they are a vendor qualified to accept non-hazardous brine, and

WHEREAS, based on historical and projected needs, fluctuating dissolved solid rates, and price increases, staff is seeking Council authority to approve the sole source agreement with EBMUD for the estimated projected costs listed below:

Vendor	Year	# Loads/ Annually	Gallons/ Truckload	Disposal Price/Gallon	Total Projected Disposal Cost
EBMUD	Year 1	150	6,300	\$0.07	\$66,150.00
	Year 2	150	6,300	\$0.08	\$75,600.00
	Year 3	150	6,300	\$0.09	\$85,050.00
	Year 4	150	6,300	\$0.10	\$94,500.00
	Year 5	150	6,300	\$0.11	\$103,950.00
Total					\$425,250.00
15% Contingency Funds for Potential Increase					\$63,787.00
5-Year Estimated Needs					\$489,037.00

Funds are budgeted in Water Fund Professional Services 4100-45050-53300.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the sole source agreement with East Bay Municipal Utility District for the disposal of gray water for the Utilities Department, Water Services Division, for a two-year agreement with three one-year extension options, for an annual cost not to exceed \$66,150 for the first year of service, with annual increases of \$ 0.01 per gallon annually over the five year period and 15% contingency funds for potential increases, for a total not to exceed \$489,037 over five years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-267**

RESOLUTION APPROVING THE AWARD OF BID FOR THE RENTAL OF THREE DV-400C PUMPS FROM UNITED RENTALS, SALIDA, CA, IN AN AMOUNT NOT TO EXCEED \$100,000 TO ENSURE THE CITY HAS THE NECESSARY EQUIPMENT TO MITIGATE ANY SERVICE DISRUPTIONS DURING PEAK CANNERY DISCHARGE SEASON AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE, TO EXECUTE THE PURCHASE ORDER

WHEREAS, in January 2012, West Yost Associates completed a draft of the Cannery Segregation Line (CSL) and River Trunk Diversion Plan (Plan), and

WHEREAS, the Plan consisted of several elements: 1) a risk assessment, which included a complete inspection of the CSL and a hydraulic analysis of CSL flows; 2) a temporary bypass pumping plan in the event of a CSL failure; and 3) preliminary design of permanent diversion structures, and

WHEREASE, through the use of Closed Circuit Television inspection and hydraulic analysis, it was determined that the risk of CSL failure is low, yet still a possibility, and

WHEREAS, in January 2015, an emergency bank repair was completed due to significant bank erosion at the Tuolumne River; subsequently, staff developed a seasonal bypass pumping plan to be used until capital improvements for reliability of the sewer trunk system are completed, and

WHEREAS, on June 2, 2015, by Resolution No. 2015-180, Council approved the rental bypass pumps from Rain for Rent in the amount of \$100,000 and these pumps have been rented from Rain for Rent each year since 2015, and

WHEREAS, in the event of a CSL failure, the Bypass Plan could quickly restore service to CSL users, and

WHEREAS, staff recommends the City rent three bypass pumps to have them on standby at the local United Rentals yard, and

WHEREAS, not having this equipment on standby rental has the potential to result in a sanitary sewer overflow from either the domestic or CSL sewer trunks and the City would receive monetary penalties and civil liability enforcement actions from the State Water Resources Control Board, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid; however, there are exceptions to the rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3-204(c) states that where the Purchasing Manager, in her discretion, determines that calling for bids on a competitive basis as set forth in Section 8-3-203 is undesirable due to exigent circumstances, and

WHEREAS, an award of bid for bypass pumps by United Rentals, Salida, CA, conforms to the Modesto Municipal Code because there is an urgency for these pumps to be in place before the cannery season begins.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid for the rental of three DV-400c pumps from United Rentals, Salida, CA, in an amount not to exceed \$100,000 to ensure the City has the necessary equipment to mitigate any service disruptions during peak cannery discharge season.

BE IT FURTHER RESOLVED the Purchasing Manager or her designee, to execute the purchase order.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-268**

**RESOLUTION ACCEPTING THE SENIOR CITIZENS CENTER & AIRPORT
NEIGHBORHOOD COMMUNITY CENTER KITCHEN RENOVATION AS
COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE
COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING
PAYMENTS TOTALING \$435,253 TO JHK CONSTRUCTION, INC., ESCALON,
CA**

WHEREAS, the City's Senior Citizens Community Center opened in 1968. Since then, there has been one major expansion to the building along with assorted minor updates to the facility including previously replacing the kitchen appliances in 1990, and

WHEREAS, the Senior Citizens Community Center serves as a hub of activity for residents of all ages in Modesto but its primary focus is to serve the needs of Modesto's seniors, and

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, on June 14, 2016, Council, by Resolution No. 2016- 254, approved the Program Year 2016-2017 Annual Action Plan (Plan), and

WHEREAS, included in the Plan was anticipated use of CDBG funds for Public Facility Improvements for the Senior Citizens Center (100865) and Airport Neighborhood Community Center (100868), and

WHEREAS, this project renovated the existing Senior Citizen's Center kitchen providing new appliances, sinks, counters, and expanded the kitchen to accommodate the needs of the users of the facility, and

WHEREAS, on April 4, 2017, by Resolution No. 2017-119, Council awarded a contract to JHK Construction, Inc., for the construction of the Senior Citizens Center and Airport Neighborhood Community Center Kitchen Renovation Project, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of April 28, 2017, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed. The work is covered by a one-year warranty for any issues that could arise.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Senior Citizens Center & Airport Neighborhood Community Center Kitchen Renovation as complete, authorizing all necessary steps to file with the County Recorder, releasing securities, and releasing payments totaling \$435,253 to JHK Construction, Inc., Escalon, CA.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-270**

RESOLUTION APPROVING AN AGREEMENT TO PROVIDE FIRE PROTECTION SERVICES BETWEEN THE CITY OF MODESTO, THE CITY OF OAKDALE AND THE OAKDALE FIRE PROTECTION DISTRICT FOR A THREE-YEAR TERM, WITH A TWO-YEAR EXTENSION OPTION, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Oakdale (“Oakdale”) and the Oakdale Fire Protection District (“District”) are currently in contract with Stanislaus Consolidated Fire Protection District that will expire June 30, 2019; and

WHEREAS, Oakdale and District approached the City of Modesto (“COM”) to provide the following services within Oakdale’s and District’s jurisdictional boundaries: fire protection, prevention, suppression services, and related services such as emergency medical services, emergency preparedness, mitigation of hazardous materials incidents, and special operations including, but not limited to, confined space rescue, technical rescue and water rescue; and

WHEREAS, the initial term of the Agreement will be for three years, from July 1, 2019 through June 30, 2022, with the option of a two-year extension; and

WHEREAS, Oakdale and District will compensate COM for all services provided, pursuant to the terms and conditions of the Agreement; and

WHEREAS, in the event the Agreement is terminated, Oakdale and District intend to offer employment to COM Fire Department personnel affected by such termination; and

WHEREAS, the Agreement will generate approximately \$14,566,064 in new revenue to the General Fund, with total anticipated expenses at \$13,816,064 and net revenue at \$750,000, over the three-year term.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement to provide fire protection services between the City of Modesto, the City of Oakdale and the Oakdale Fire Protection District for a three-year term, with a two-year extension option.

BE IT FURTHER RESOLVED, that the City Manager, or his designee is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-271**

**RESOLUTION APPROVING THE SIDE LETTER TO THE MODESTO CITY
FIRE FIREFIGHTERS ASSOCIATION MEMORANDUM OF
UNDERSTANDING AS IT RELATES TO THE AGREEMENT TO PROVIDE
FIRE PROTECTION SERVICES BETWEEN THE CITY OF MODESTO, THE
CITY OF OAKDALE AND THE OAKDALE FIRE PROTECTION DISTRICT,
AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO
EXECUTE THE AGREEMENT**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Fire Fighters Association (MCFFA) expires on June 30, 2021, and

WHEREAS, representatives of the CITY and the MCFFA have met and conferred in good faith concerning vacation boards and minimum staffing, and

WHEREAS, the CITY and MCFFA have reached agreement on language changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

ARTICLE 32, VACATION, SECTION (J) of the MOU is amended to provide the number of vacation shifts boards available per work shift shall be five (5) with the exception of all holidays listed in Article 30 where the available vacation boards shall be six (6), and

ARTICLE 18, MINIMUM STAFFING POLICY, SECTION (A) of the MOU is amended to provide Effective upon adoption of this agreement by the City Council, there shall be a minimum of three (3) employees per engine (Captain/Engineer/Firefighter), four (4) employees per non-tiller truck company per shift (Captain/Engineer/2 Firefighters), four (4) employees per tiller truck (Captain/2 Engineers/Firefighter) and

two (2) employees per Crash Fire Rescue (Captain/Engineer) and two (2) employees per engine company (Captain/Engineer) assigned to Oakdale Fire Protection District Stations 29 (Knights Ferry) or 30 (Valley Home). The airport/crash rescue unit may be unstaffed. Prior to implementing any reduction in force from daily staffing levels that are in effect at the time of adoption of this contract and/or any changes to the City's current delivery platform, the City shall provide notice to MCFFA and meet and confer over the proposed change, and

ARTICLE 26, PROBATION, Lateral Firefighters, Engineers, and Captains hired through a contract for fire services shall serve a twelve (12) month probationary period and are exempt from the minimum four (4) weeks of training and competency test, and

WHEREAS, this contract amendment shall become effective upon ratification by the MCFFA and adoption by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the side letter to the Modesto City Fire Firefighters Association Memorandum of Understanding as it relates to the Agreement to provide fire protection services between the City of Modesto, the City of Oakdale and the Oakdale Fire Protection District.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

And

Modesto City Fire Fighters Association, IAFF Local 1289

The City of Modesto, hereby referred to as "City" and the Modesto Professional Firefighters, IAFF Local 1289, hereby referred to as "Union" execute this Letter of Understanding ("LOU") on this 11th day of June 2019 regarding the following:

The City and the Union agree effective June 11, 2019 and for the term of the contract of Fire Protection Services with the City of Oakdale and the Oakdale Fire Protection District:

Article 18. MINIMUM STAFFING POLICY

1. Effective July 1, 2019 Article 18 Section A is amended to allow two (2) employees per engine company (Captain/Engineer) assigned to Oakdale Fire Protection District Station 29 (Knights Ferry) or Station 30 (Valley Home).
2. The parties recognize the extenuating circumstances of The Contract for Service Agreement between the City, Oakdale Fire Department, and the Oakdale Fire Protection District. Particularly, the time restraints associated with said agreement.
3. The Union is not now; nor will it enter into any future discussions with the City, in support of 2-0 staffing on any apparatus that Modesto Fire Department personnel staff. Regardless, it is solely because of the extenuating circumstances aforementioned, that the Union enters into this LOU.
4. Reserve, intern, or any unsworn person shall not supplement or replace staffing on any apparatus staffed with Modesto Fire Department personnel.
5. It shall be the intent of the City of Modesto to obtain 3-0 staffing for any and all 2-0 apparatus staffed with Modesto Fire Department personnel as soon as administratively and financially possible. Furthermore, LOCAL 1289 requests that staffing levels at Station 29 and or Station 30 be discussed at any and all bi-annual Review of Service and, or any and all Advisory Committee meetings; as outlined in Article IV Section 4.2 of the Agreement to Provide Fire Protection Services Between the City of Modesto, The City of Oakdale, and The Oakdale Fire Protection District.

Article 26. PROBATION

1. Lateral Firefighters, Engineers, and Captains hired through a contract for fire services shall serve a twelve (12) month probationary period and are exempt from the minimum four (4) weeks of training and competency test.

Article 32. VACATION

1. For the term of the contract of Fire Protection Services with the City of Oakdale and the Oakdale Fire Protection District, the number of vacation boards shall be five (5) with the exemption of all holidays listed in Article 30 where the available vacation boards shall be six (6)
2. Lateral Firefighters, Engineers, and Captains hired through a contract for fire services may have annual vacation time credited in advance, although all of the time may not be earned at the time the vacation starts.

This Letter of Understanding shall become effective upon ratification by the effective membership of the Union and by the Modesto City Council.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-272**

**RESOLUTION AMENDING THE POSITION ALLOCATION FOR FISCAL
YEAR 2019-20 AS ADOPTED IN THE OPERATING BUDGET**

WHEREAS, per Personnel Administrative Order 2.2-87-12, a classification study may be conducted in response to a reclassification request, to develop/revise a classification specification, or to assist in a reorganization; and

WHEREAS, classifications are being added to support a contract for fire services with the City of Oakdale and the Oakdale Fire Protection District; and

WHEREAS, position changes will be effective the pay period in which July 1, 2019 falls, (Pay Period beginning June 25, 2019).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation and the Fiscal Year 2019-20 Operating Budget for various departments as follows:

1. Create one (1) Battalion Chief, nine (9) Fire Captains, nine (9) Fire Engineers, and seven (7) Firefighters in the Modesto Fire Department.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-273**

RESOLUTION APPOINTING EDUARDO FLORES, WITH A TERM EXPIRATION OF JUNE 30, 2023, JULIA WASHINGTON, CATHERINE MARTINEZ AND ALAN FALCONER, WITH TERM EXPIRATIONS OF JUNE 30, 2022, AND CARRIE MILLER AND BROCK WILEY, WITH TERM EXPIRATIONS OF JUNE 30, 2021 TO THE ENTERTAINMENT COMMISSION

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Entertainment Commission is a seven-member advisory commission responsible for overseeing the entertainment permits process for the City of Modesto, and

WHEREAS, the Rules and Procedures of the Entertainment Commission defines the eligibility requirements and authorizes that seven (7) Commissioners and two (2) Alternates shall be available to serve on the Entertainment Commission, and

WHEREAS, there are six vacancies on the Entertainment Commission which includes one Business Permit Holder for a term of four years, one Event Planning or Marketing Specialist for a term of three years, one At-Large Citizen for a term of two years, one representative from a Board of Directors of an Economic or Tourist organization that promotes Modesto for a term of three years, and two Alternates with a respective term ending of three years and two years, and

WHEREAS, the Appointments Committee met on May 22, 2019 and recommended the Entertainment Commission appointments of Eduardo Flores for the Business Permit Holder vacancy, Julia Washington for the Event Planning or Marketing Specialist vacancy, Catherine Martinez for the representative from a Board of Directors of an Economic or Tourist organization vacancy, Brock Wiley for the At-Large Citizen

vacancy, Alan Falconer for an Alternate that is a Non-Permit Holder vacancy, and Carrie Miller for an Alternate that is a Non-Permit Holder vacancy.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby appoints Eduardo Flores to the Entertainment Commission for the term of July 1, 2019 to June 30, 2023, Julia Washington, Catherine Martinez, and Alan Falconer to the Entertainment Commission for the term of July 1, 2019 to June 30, 2022, and Brock Wiley and Carrie Miller to the Entertainment Commission for the term of July 1, 2019 to June 30, 2021.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-274**

RESOLUTION APPROVING A WILL SERVE LETTER AND OUTSIDE SERVICE AGREEMENT WITH VARNI BROS, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY TO CONNECT TO THE CITY OF MODESTO'S EXISTING SEWER SYSTEM FOR THE PROPERTY LOCATED AT 301 HOSMER AVE (APN: 038-002-005), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO THE SIGN THE WILL SERVE LETTER AND EXECUTE THE OUTSIDE SERVICE AGREEMENT

WHEREAS, Varni Bros, LLC, a California Limited Liability Company owns commercial property located at 301 Hosmer Ave which is located outside of Modesto City Limits and inside the City's Sphere of Influence, and

WHEREAS, the property located at 301 Hosmer Ave, is not connected to City's sewer system and is requesting a sewer connection to construct a Warehouse building with an office space and restrooms on this lot, and

WHEREAS, on November 25, 2014, City Council approved Resolution No. 2014-473 amending City Council Policy 5.002, and

WHEREAS, on December 9, 2014, City Council approved adoption of Ordinance No.3612-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS both of these amendments included language allowing the City Manager, upon the recommendation of the Director responsible for utility system planning to approve standard agreements of service for extension of sewer services into certain unincorporated areas without City Council approval, and

WHEREAS, the property located at 301 Hosmer Ave is not located within one of those designated areas and therefore requires City Council approval prior to allowing the sewer connection, and

WHEREAS, City staff has completed an analysis and determined that it is reasonable for the City of Modesto to provide sewer service to this property, and

WHEREAS, the sewer connection fees shall be paid and associated permits will be obtained prior to connecting to the City sewer system, and

WHEREAS, the property owner has executed an Outside Service Agreement for sewer service with the City as required to receive sewer service outside the City limits.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve Letter and Outside Service Agreement with Varni Bros, LLC for sewer service for the property located at 301 Hosmer Ave (APN: 038-002-005) in Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to approve the Will Serve letter and execute the Outside Service Agreement for sewer service.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-275**

**RESOLUTION APPROVING THE AWARD OF ADDITIONAL HOME
COMMUNITY HOUSING DEVELOPMENT ORGANIZATION (CHDO) SET
ASIDE FUNDS IN THE AMOUNT OF \$47,557 TO STANISLAUS COUNTY
AFFORDABLE HOUSING CORPORATION (STANCO) FOR THE
COMPLETION OF 522 E. GRANGER AVENUE, AND AUTHORIZING THE
CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENTS**

WHEREAS, on September 8, 2015, City Council, by Resolution No. 2015-349, City approved a HOME Loan Agreement, as amended from time to time, in the amount of \$540,000, with Stanislaus County Affordable Housing Corporation (STANCO) whereby the City agreed to provide HOME funds for the conversion of an existing 1,572 square foot home to a community resource center and the addition of four one-bedroom, one bathroom apartments to house persons with serious mental illness who are homeless or at risk of homelessness, located at 522 E. Granger Avenue, Modesto CA 95350, and

WHEREAS, on April 26, 2016 City Council, by Resolution No. 2016-160, approved a First Amendment to the HOME Loan Agreement to provide for an extension to revise specified defined terms, amend the default interest rate, clarify repayment obligations, clarify marketing and tenant selection obligations, and adjust insurance requirements, and

WHEREAS, on July 12, 2016, City Council, by Resolution No. 2016-305, approved a Second Amendment to the HOME Loan Agreement to increase the amount of the HOME Loan to reflect an increase in the cost of construction to \$563,000, and

WHEREAS, on September 13, 2016, City Council, by Council Resolution No. 2016-347, the City approved a Third Amendment to the HOME Loan Agreement to allow for the HOME Loan to be disbursed in three components, and

WHEREAS, due to unforeseen circumstances that delayed project construction, the project has endured significant cost increases, and

WHEREAS, the project is currently 55% complete. The following project components are pending completion: Utilities trenching, plumbing, flashing/sheet metal, and electrical, and

WHEREAS, STANCO is requesting an additional amount of up to \$47,557 of to allow the completion of the project, and

WHEREAS, the HOME program allows additional funds to be added to a project that is not yet complete to allow project completion, as long as the total per unit HOME investment is less than the current maximum allowed, and

WHEREAS, the current HOME maximum per-unit subsidy limit is \$168,600 for a one bedroom housing unit, and

WHEREAS, the addition of the requested amount will not exceed the current HOME per unit subsidy limit.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the awarding of up to \$47,557 in HOME Investment Partnerships Program CHDO Set Aside funds to Stanislaus County Affordable Housing Corporation for completion of 522 E. Granger Avenue.

BE IT FURTHER RESOLVED, that the City Manager or his designee, is hereby authorized to execute the related contract documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-276**

RESOLUTION AMENDING THE MULTI-YEAR OPERATING PROJECT 100918 BUDGET TO ALLOCATE \$47,557 IN HOME INVESTMENT PARTNERSHIP PROGRAM (HOME) COMMUNITY HOUSING DEVELOPMENT ORGANIZATION SET-ASIDE (CHDO-CR) FUNDS TO STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION (STANCO) FOR THE COMPLETION OF 522 E. GRANGER AVENUE, AND UP TO 10% OF TOTAL PROJECT COST FOR ACTIVITY DELIVERY COSTS IN THE AMOUNT OF \$61,056 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the City of Modesto, as an entitlement community, receives HOME Investment Partnership Program (HOME) funds annually, and

WHEREAS, under HOME regulations, a minimum of fifteen (15%) percent of HOME entitlement funds must be allocated to qualified Community Housing Development Organizations (CHDO) for housing development activities in which the CHDO is the owner, developer and/or sponsor, and

WHEREAS, these funds, referred to as HOME CHDO Set-Aside funds, may be used to acquire and/or rehabilitate rental housing and homebuyer properties or to construct rental or homebuyer properties, and

Whereas, on June 3, 2015, the City issued a Request for Qualifications for Affordable Housing Developers and a Request for Proposals for Community Housing Development Organizations (CHDOs), and

WHEREAS, on August 19, 2015, the City of Modesto's Citizens' Housing & Community Development Committee (CH&CDC) reviewed, discussed and approved a final funding recommendation to the City Council, and

WHEREAS, on September 8, 2015, by Resolution No. 2015-

344, Council approved the allocation of \$490,000 in HOME entitlement funds and \$50,000 in HOME CHDO Set-Aside funds to Stanislaus County Affordable Housing Corporation (STANCO) for the construction of four one-bedroom permanent supportive units for persons with mental health disabilities at 522 Granger Avenue (Project 100918), and

WHEREAS, on September 22, 2015, the City Council, by Resolution No. 2015-349, approved a HOME Loan Agreement with STANCO in the amount of \$540,000, and

WHEREAS, on April 26, 2016, the City Council, by Resolution No. 2016-160, approved the First Amendment to the HOME Loan Agreement with STANCO, which reduced the default interest rate, clarified repayment obligations, clarified marketing and tenant selection obligations and adjusted insurance requirements, and

WHEREAS, on July 12, 2016, by Resolution No. 2016-305, Council approved the Second Amendment to the HOME Loan Agreement with STANCO which increased the amount of HOME entitlement funds from \$490,000 to \$513,383 and increased the overall HOME Loan Agreement from \$540,000 to \$563,383, and

WHEREAS, on September 13, 2016, by Resolution No. 2016-137, Council approved the Third Amendment to include the acquisition of the property for four one-bedroom permanent supportive units for persons with mental health disabilities.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby authorizes amending the multi-year Project 100918 budget to allocate \$47,557 in HOME Investment Partnership Program (HOME) - Community Housing Development Organizations Set-Aside (CHDO-CR) funds to Stanislaus County Affordable Housing Corporation (STANCO) for the completion of 522 East Granger

Avenue and 10% of total project cost for activity delivery totaling \$61,056.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-277**

RESOLUTION AWARDING \$55,269 OF EMERGENCY SOLUTIONS GRANT FUNDS FOR HOMELESS PREVENTION (\$40,000) AND RAPID REHOUSING (\$15,259) TO COMMUNITY HOUSING AND SHELTER SERVICES AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE RELATED AGREEMENTS

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, every year, as part of the HUD Annual Action Plan process, ESG funds are made available to non-profit organizations on a competitive application basis, and

WHEREAS, for Program Year 2019-2020, three ESG grant applications were received and Community Housing and Shelter Services was one of three ESG applicants, and

WHEREAS, on May 14, 2019, by Resolution No. 2019-240, Council approved the City of Modesto Program Year 2019-2020 Annual Action Plan which included funding recommendations to Community Housing and Shelter Services under the Emergency Solutions Grants Program to assist persons experiencing homelessness or at risk of homelessness through Homeless Prevention and Rapid Rehousing activities, and

WHEREAS, as required by Section 8-3.102 of the Modesto Municipal Code, this item requires City Council approval since the combined contract amounts exceed \$50,000, and

WHEREAS, the award of ESG funds will take effect via the execution two separate ESG agreements, one for Homeless Prevention services in the amount of \$40,000 and the other for Rapid Rehousing services in the amount of \$15,259.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves awarding \$55,269 of Emergency Solutions Grant funds for Homeless Prevention (\$40,000) and Rapid Rehousing (\$15,259) to Community Housing and Shelter Services.

BE IT FURTHER RESOLVED; by the Council of the City of Modesto that the City Manager or his designee, is authorized to execute related agreements.

**RESOLUTION APPROVING THE AWARD OF COMMUNITY
DEVELOPMENT BLOCK GRANT FUNDS IN AN AMOUNT NOT TO EXCEED
\$100,000 TO OPPORTUNITY STANISLAUS FOR THE CDBG
MICROENTERPRISE CFO PROGRAM, AND AUTHORIZING THE CITY
MANAGER OR HIS DESIGNEE TO EXECUTE RELATED AGREEMENTS**

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, from time to time, the City receives project proposals to address the needs of low and moderate income persons, and

WHEREAS, in February 2019, City staff received an Economic Development Microenterprise project proposal by Opportunity Stanislaus, and

WHEREAS, the project proposed a pilot Microenterprise Cottage Food Operator Program for West Modesto, South Modesto, and Airport neighborhood residents to allow small artisan food makers producing goods out of their own home kitchens, and

WHEREAS, the program will offer food entrepreneurship accelerator classroom instruction covering: food safety, city/county regulations, marketing, liability, and small business planning. Assistance will be provided to those interested in obtaining CFO business license and microenterprise business startup, and

WHEREAS, staff vetted the project through HUD and received eligibility approval, and

WHEREAS, the project concept was presented to the Citizen's Housing and Community Development Committee on April 11, 2019 and was recommended to be forwarded to City Council, and

WHEREAS, on May 14, 2019, by Resolution No. 2019-240, Council approved the City of Modesto Program Year 2019-2020 Annual Action Plan which included a funding recommendation to Opportunity Stanislaus for the Microenterprise Cottage Food Operator Program, and

WHEREAS, as required by Section 8-3.102 of the Modesto Municipal Code, this item requires City Council approval since the contract amount exceeds \$50,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of \$100,000 in Community Development Block Grant funds to Opportunity Stanislaus.

BE IT FURTHER RESOLVED that the City Manager or his designee, is authorized to execute related agreements, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-279**

RESOLUTION AMENDING THE FISCAL YEAR 2019-20 MULTI-YEAR OPERATING PROJECT BUDGET TO ESTABLISH A NON-CAPITAL PROJECT TO BE FUNDED WITH COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS IN THE AMOUNT OF \$100,000 TO OPPORTUNITY STANISLAUS AND 10% OF TOTAL PROJECT COSTS FOR ACTIVITY DELIVERY FOR A TOTAL OF \$110,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, from time to time, the City receives project proposals to address the needs of low and moderate income persons, and

WHEREAS, in February 2019, City staff received an Economic Development Microenterprise project proposal by Opportunity Stanislaus, and

WHEREAS, on May 14, 2019, by Resolution No. 2019-240, Council approved the City of Modesto Program Year 2019-2020 Annual Action Plan which included a funding recommendation to Opportunity Stanislaus for the Microenterprise Cottage Food Operator Program for an amount not to exceed \$100,000, and

WHEREAS, a new non-capital project, to be funded with Community Development Block Grant Funds will be established in the amount of \$100,000 (Direct Grant) plus 10% for activity delivery costs for a total project budget of \$110,000, and

WHEREAS, these activity delivery costs are expenses directly related to carrying out eligible activities (pre-award costs before agreement approved to ensure compliant, environmental reviews and grant oversight) and may occur in both the current and prior year CDBG funds, and

WHEREAS, as required by Section 8-3.102 of the Modesto Municipal Code, this item requires City Council approval since the contract amount exceeds \$50,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approved amending the Fiscal Year 2019-20 Multi-Year Operating Project budget to establish a non-capital project to be funded with Community Development Block Grant Funds in the amount of \$100,000 to Opportunity Stanislaus and 10% of total project costs for activity delivery for a total of \$110,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this Resolution.

RESOLUTION NO. 2019-280**

RESOLUTION APPROVING THE AWARD OF CDBG FUNDS IN AN AMOUNT NOT TO EXCEED \$100,000 AND ESG FUNDS IN AN AMOUNT NOT TO EXCEED \$67,013 TO THE SALVATION ARMY, MODESTO CITADEL, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE ALL RELATED AGREEMENTS

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan that describes proposed activities funded with Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, every year, as part of the HUD Annual Action Plan process, ESG funds are made available to non-profit organizations on a competitive application basis, and

WHEREAS, for the Program Year 2019-2020, a total of 10 CDBG and three ESG grant applications were received, and

WHEREAS, in support of The Salvation Army's expansion of 180 beds at the Berberian Shelter, the 2019-2020 Annual Action Plan (AAP) included a recommendation recommended fully funding the Salvation Army at \$167,013, and

WHEREAS, due to ESG funding distribution results and the 60% ESG cap for Street Outreach and Shelter activities, the maximum ESG award to Salvation Army for Emergency Shelter was \$67,013; therefore, the AAP included a recommendation to award \$100,000 from CDBG funds, and

WHEREAS, the award of CDBG and ESG funds will take effect via the execution two separate agreements: a CDBG agreement in the amount of \$100,000 and an ESG agreement in the amount of \$67,013.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of \$100,000 in Community Development Block Grant Funds and \$67,013 in Emergency Solutions Grant funds to The Salvation Army, Modesto Citadel.

BE IT FURTHER RESOLVED; by the Council of the City of Modesto that the City Manager or his designee, is authorized to execute all related the agreements.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-281**

**RESOLUTION ESTABLISHING THE APPROPRIATION LIMIT FOR THE
FISCAL YEAR 2019-2020 ANNUAL BUDGET**

WHEREAS, Proposition IV of the California State Constitution requires the City to establish an Appropriation Limit calculation each fiscal year, and

WHEREAS, Article XIII B of the California Constitution specifies that appropriations made by state and local governments may increase annually by a factor comprised of the change in population combined with either the change in California per capita personal income or the change in the local assessment roll due to local nonresidential construction, and

WHEREAS, the staff has been consistently using the change in population within the city limit of Modesto and change in California per capita personal income every year when calculating the Appropriation Limit, and

WHEREAS, the Appropriation Limit calculated for Fiscal Year 2019-2020 is \$469,267,726, and

WHEREAS, during the Fiscal Year 2018-2019 interim audit, a calculation error was identified in the Fiscal Year 2018-2019 Appropriation Limit and the updated Fiscal Year 2019-2020 Appropriation reflects the correct beginning balance, and

WHEREAS, this calculation was made available for public viewing at least fifteen days prior to the Council meeting and a copy of Schedule A and the calculation detail is on file at the City of Modesto Finance Department.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that the Appropriation Limit for Fiscal Year 2019-2020, including the price and

population factors to be used in the calculation, is hereby established as shown on Schedule A, **attached** hereto, and made a part hereof.

BE IT FURTHER RESOLVED, that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-282**

**RESOLUTION APPROVING PAYMENT OF VARIOUS EQUIPMENT
MAINTENANCE AGREEMENTS FOR FISCAL YEAR 2019-2020 WITH
MULTIPLE EQUIPMENT MANUFACTURERS FOR ALL CITY
DEPARTMENTS, FOR AN ANNUAL COST NOT TO EXCEED \$619,281; AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE
EQUIPMENT MAINTENANCE AGREEMENTS ASSOCIATED WITH THE
ITEMS IN EXHIBIT B – FISCAL YEAR 2019-2020 EQUIPMENT
MAINTENANCE AGREEMENTS (MORE THAN \$50,000)**

WHEREAS, the City purchases office and operational equipment through the purchasing bidding process based on the requirements of the City of Modesto Municipal Code Title 8 Chapter 3, and

WHEREAS, as part of the bidding process for the office equipment, for purchases such as copiers, the City has frequently selected a local vendor to provide maintenance service due to the quick turnaround in service that can be provided with a local vendor compared to a vendor located outside of the Modesto area, and

WHEREAS, as part of preparation of the annual fiscal year budget, the annual costs for this maintenance service has been historically approved by Council through the annual budget adoption process, and

WHEREAS, the Purchasing Division will bring an item to Council every fiscal year to provide transparency for all maintenance agreements being utilized by City Departments; The Purchasing Division will continue to evaluate the cost-effective use of these maintenance agreements especially as the equipment ages over the depreciated life of the asset, and

WHEREAS, **Exhibit A** is an itemized list of the equipment maintenance agreements being utilized by City departments for agreements less than \$50,000 under the City Manager's approval authority, and

WHEREAS, **Exhibit B** provides the itemized equipment maintenance agreements utilized by the City departments greater than \$50,000 requiring authorization by City Council, and

WHEREAS, per MMC Section 8-3.204(c), the Purchasing Manager, in his or her discretion, may determine that calling for bids on a competitive basis as set forth in Modesto Municipal Code section 8-3.203 is undesirable due to exigent circumstances, and

WHEREAS, per MMC 8-3.204(d) states that where the Purchasing Manager, in his or her discretion, determines that a process other than the formal proposal procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality, the purchase may be exempt from the formal bid process.

NOW, THEREFORE, BE IT RESOLVED by the Council of City of Modesto that it hereby authorizes the approving of payment for various equipment maintenance agreements for Fiscal Year 2019-2020 with multiple equipment manufacturers for all City Departments.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the equipment maintenance agreements for an estimated annual cost of \$619,281.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-283**

RESOLUTION APPROVING A MASTER AGREEMENT WITH TEXTRON SPECIALIZED VEHICLES, INC., A DELAWARE CORPORATION, FOR GOLF CARS AND A SERVICE VEHICLE FOR A FOUR-YEAR LEASE AGREEMENT, FOR AN ANNUAL COST NOT TO EXCEED \$84,154, AND A TOTAL AMOUNT NOT TO EXCEED \$226,455 OVER THE FOUR YEARS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City's municipal golf system includes two eighteen-hole courses: Creekside Golf Course and Dryden Park Golf Course, and

WHEREAS, the courses are maintained and managed by BrightView Golf Maintenance and KemperSports (collectively "BrightView/KemperSports), and

WHEREAS, BrightView/KemperSports are responsible for managing golf car operations, and

WHEREAS, in past years, golf car rentals have generated \$450,000 - \$500,000 in revenue annually, and

WHEREAS, the City's golf car fleet is in need of replenishment and repair, resulting in a significant loss of rental revenue, and

WHEREAS, the current golf car lease between KemperSports and E-Z-GO is set to expire on June 30, 2019, and

WHEREAS, due to the short term remaining on the BrightView/KemperSports contract, and the City's current assessment of one or more of the City's golf courses, golf car providers are unwilling to enter into a direct agreement with BrightView/KemperSports for new cars and a service vehicle, and

WHEREAS, the City has agreed to enter in a Master Agreement with Textron Specialized Vehicles, Inc., a Delaware Corporation, for golf vehicles, and

WHEREAS, the City has agreed to lease 50 new golf cars and 1 service vehicle for a term of four years for Creekside Golf Course, and 40 used golf cars for a term of one year for Dryden Park Golf Course, and

WHEREAS, the cost to lease said vehicles shall not exceed \$84,154 annually, and \$226,455 over the four year lease period, and

WHEREAS, due to the substantial loss in revenue and current assessment to potentially close one or more of its golf courses in the near future, the Purchasing Manager has confirmed this lease agreement is exempt from Modesto Municipal Code 8-3-204(c).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Master Agreement with Textron Specialized Vehicles, Inc., a Delaware Corporation, for a four year lease of 50 new golf cars and 1 service vehicle for Creekside Golf Course and a one year lease of 40 used golf cars for Dryden Park Golf Course, with a total annual lease cost not to exceed \$84,154 and \$266,455 over the four year lease period.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Master Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-284**

RESOLUTION APPROVING AN AGREEMENT WITH AMERICAN CHILLER, INC., FOR SCHEDULED AND EMERGENCY HEATING, VENITLATION, AND AIR CONDITIONING MAINTENANCE SERVICES FOR THE MODESTO CENTRE PLAZA FACILITY FOR A FOUR-YEAR AGREEMENT, FOR AN ANNUAL COST NOT TO EXCEED \$75,000, AND A TOTAL COST NOT TO EXCEED \$300,000 OVER FOUR YEARS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in 1988 the 24,000 square foot Modesto Centre Plaza (MCP) convention facility was constructed, and

WHEREAS, American Chiller, Inc., installed the climate control system (System) which houses one small and one large chiller unit, and

WHEREAS, regularly scheduled maintenance of the System was initially maintained but later reduced and eventually eliminated due to budget reductions, and

WHEREAS, system failures and disrepairs have increased over the last thirty years, and

WHEREAS, in 2017 and 2018, the City contracted American Chiller to recondition the units to prolong the life of the equipment, and upgrade the computer components to monitor and control the operating system, and

WHEREAS, on May 15, 2018, by Resolution No. 2018-175, Council approved a purchase agreement with American Chiller to complete additional system repairs necessary to maintain full operation of the climate control system with contingent funding for emergency repairs, and

WHEREAS, the City desires to continue these services through the end of fiscal year 2022-2023, and

WHEREAS, the Purchasing Manager has exempted this purchase from the formal bidding process in accordance with Modesto Municipal Code 8-3.204(d), and

WHEREAS, the annual agreement cost shall not exceed \$75,000, and the total agreement cost shall not exceed \$300,000, and

WHEREAS, funding for Fiscal Year 2019-2020 is budgeted in the Cultural Services Administration Operating budget, and

WHEREAS, funding for additional fiscal years will be budgeted in the Cultural Services Operating budget.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with American Chiller Inc., for scheduled and emergency heating, ventilation, and air conditioning maintenance services for the Modesto Centre Plaza facility, for a four-year agreement and an annual cost not to exceed \$75,000, and a total cost not to exceed \$300,000 over four years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to issue the Agreement with American Chiller, Inc., in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-285**

RESOLUTION APPROVING A REIMBURSEMENT TO THE CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION IN THE AMOUNT OF \$55,552 IN ORDER TO TERMINATE THE CITY OF MODESTO'S URBAN AND COMMUNITY TREE REPLANTING GRANT ACTIVITY, AGREEMENT NO. 8GG14411, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE REIMBURSEMENT

WHEREAS, the City authorized an application for the California Department of Forestry and Fire Protection (Cal Fire) FY 2014/2015 Urban and Community Tree Replanting Grant Activity in April, 2015, and

WHEREAS, in September 2015, the City was awarded a Cal Fire grant not to exceed \$326,940 to plant and maintain 5,000 trees from September 2015 through December 19, 2019, and the objective of the grant was to help meet the state's greenhouse gas emission reduction targets by planting trees in areas throughout the City that met site requirements, and

WHEREAS, the terms of the grant were laid out in Agreement No. 8GG14411, which was signed by the Acting City Manager and the Deputy Director of Resource Management at Cal Fire, and

WHEREAS, Cal Fire agreed to reimburse the City a total grant amount not to exceed \$326,940 for approved activities and purchases, including labor and tree purchases, and the City would spend \$107,097 in match funds to plant and maintain 5,000 trees by December 2019, and

WHEREAS, City staff initiated a tree planting program according to Cal Fire grant guidelines, and

WHEREAS, after implementing the grant it was observed that the actual cost incurred by the City was significantly greater than anticipated due to high tree mortality related to statewide drought, as well as funding deficits which resulted in fewer staff available to perform work, and

WHEREAS, during the second year of the four-year grant period, it was observed that only fifty-seven percent of trees had been planted and remained alive in planting sites, and in order to meet the grant objective of planting and maintaining a total of 5,000 trees for at least five years after the grant ended, the City was anticipated to spend in excess of an additional \$200,000 for labor, watering, and tree replacement, and

WHEREAS, after thorough financial analysis and deliberation, City staff determined that continuing the tree planting project would cause extreme financial hardship to the City, and

WHEREAS, Cal Fire advised the City could either (1) complete the grant as agreed upon and continue to expend monies in order to plant and maintain an additional 2,000 trees, or (2) terminate the grant and reimburse Cal Fire for any monies overspent and for any trees that were no longer alive in-ground, and

WHEREAS, the Cal Fire Regional Urban Forester determined that if the City chose to terminate the grant and reimburse Cal Fire, the total amount owed to Cal Fire to be \$55,552, based upon the cost per tree, monies spent per date and replacement of trees that died after planting, and

WHEREAS, after review with the Director of Finance and the Director of Public Works, staff recommended that the City should reimburse Cal Fire the total amount of \$55,552 and terminate the grant, and

WHEREAS, on April 22, 2019, the Finance Committee reviewed the reimbursement proposal and recommended it be forwarded to Council for consideration.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the following:

- A) Terminate the City of Modesto's Urban and Community Tree Replanting Grant Activity, Agreement No. 8GG14411, and
- B) Reimburse Cal Fire the amount of \$55,552.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-286**

RESOLUTION ACCEPTING THE CONGESTION MITIGATION AND AIR QUALITY (CMAQ) GRANT AWARD, HIGHWAY SAFETY IMPROVEMENT PROGRAM (HSIP) GRANT, AND SURFACE TRANSPORTATION FUNDS FOR UPCOMING CAPITAL IMPROVEMENT CONSTRUCTION PROJECTS FOR THE TRAFFIC ENGINEERING DIVISION WITHIN THE PUBLIC WORKS DEPARTMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, on August 3, 2016, staff applied for an HSIP grant and was approved by the California Department of Transportation (Caltrans) to use the funds on November 29, 2016, and

WHEREAS, the City of Modesto has received a HSIP Grant for project #101188 in the amount of \$370,980 for construction and \$20,250 for preliminary engineering, totaling \$391,230, along with using Surface Transportation Funds in the amount of \$41,220 for construction and \$2,250 for preliminary engineering, totaling \$43,470 in local funds, for the installation of retroreflective traffic signal backplates, marked crosswalks, painted stop bars, and pavement markings throughout the City, and

WHEREAS, on August 31, 2016, staff applied for a CMAQ grant and was approved by Caltrans to use the funds on December 18, 2018, and

WHEREAS, the City of Modesto has received a CMAQ grant for Project #101186 in the amount of \$1,050,000 for construction and \$150,000 for preliminary engineering, totaling \$1,200,000 for the upgrade to traffic signals at Carpenter Rd. at Blue Gum Ave., I St. at 14th St., I St. at 17th St., G St. at 12th St., and G St. at 17th St., and

WHEREAS, on August 25, 2016, staff applied for a CMAQ grant and was approved by Caltrans to use the funds on April 29, 2019, and

WHEREAS, the City of Modesto has received a CMAQ grant for Project #101192 in the amount of \$1,050,000 for construction and \$150,000 for preliminary engineering, totaling \$1,200,000 for the upgrade of the City's Advanced Traffic Management System (ATMS) equipment and communications software, and

WHEREAS, the City will be reimbursed by Caltrans for expenses covered by the HSIP and CMAQ grants.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the HSIP Grant Funds in the amount of \$391,230, and Surface Transportation Funds in the amount of \$43,470, to install retroreflective traffic signal backplates, marked crosswalks, painted stop bars, and pavement markings.

BE IT FURTHER RESOLVED that the Council accepts the CMAQ Grant Funds in the amount of \$1,200,000 for the upgrade to traffic signals at Carpenter Rd. at Blue Gum Ave., I St. at 14th St., I St. at 17th St., G St. at 12th St., and G St. at 17th St, and in the amount of \$1,200,000 for the upgrade of the City's Advanced Traffic Management System (ATMS) equipment and communications software.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, the bids received for the Bus Maintenance Facility- Parts Storage Room Project were opened at 11:00 a.m. on May 21st, 2019, and later tabulated by the Director of Utilities for the consideration of the Council, and

WHEREAS, the project plan set advertised for the construction of a new parts room building which is crucial in the safety and efficiency of the Fleet Services Operations, and

WHEREAS, only one bid was received which was more than double the engineer's estimate, and

WHEREAS, the Utilities Department staff determined that it would be in the best interest of the City to reject the bid received and re-advertise the project for bids at a future date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects the bid received for the Bus Maintenance Facility- Parts Storage Room Project.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project for bids at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-288**

RESOLUTION APPROVING AN AGREEMENT WITH CONSOLIDATED CM, INC., OF OAKLAND, CA, FOR CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES FOR THE EMPIRE SANITARY SEWER TRUNK PROJECT IN AN AMOUNT NOT TO EXCEED \$240,603 FOR THE IDENTIFIED SCOPE OF SERVICES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ANY AMENDMENTS UP TO A CUMULATIVE AMOUNT OF 10 PERCENT (\$24,060)

WHEREAS, on April 2, 2019, by Resolution 2019-141, the City Council awarded a \$3,866,093 contract to Rolfe Construction Company of Atwater, CA for the construction of the Empire Sanitary Sewer Trunk Project, and

WHEREAS, the Empire Trunk is known as a secondary trunk and conveys all flow from the Empire sewer system to the River Trunk, and

WHEREAS, the proposed improvements will correct the hydraulic deficiencies and provide better access for maintenance in Empire, and

WHEREAS, due to the limited availability of the City's Construction Administration staff and the complexity of this project, staff recommends utilizing a consultant to provide construction management and inspection services for the construction phase, and

WHEREAS, the selection process followed the City's policy, Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, and

WHEREAS, for the construction management and inspection services, a Request for Proposals (RFP) was issued to the prequalified list of firms for construction management and inspection services for this project, and

WHEREAS, after careful review and evaluation by the selection committee, Consolidated CM was selected as the most qualified firm for the Project, and

WHEREAS, Consolidated CM demonstrated experience with multiple projects similar in scope and size, and

WHEREAS, Consolidated CM will be the main point of contact for all construction activities and reporting during this project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Consolidated CM, Inc., for Construction Management and Inspection Services for the Empire Sewer Trunk Project in an amount not to exceed \$240,603 for the identified scope of services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement and any amendments to this Agreement in a cumulative amount up to 10 percent of the original agreement amount (\$24,060).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION ACCEPTING THE TUOLUMNE RIVER REGIONAL PARK
GATEWAY PARCEL – PHASE 2 PROJECT AS COMPLETE, AUTHORIZING
ALL NECESSARY STEPS TO FILE A NOTICE OF COMPLETION WITH THE
COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING
PAYMENTS TOTALING \$2,382,926 TO EMPIRE LANDSCAPING, INC. OF
DAVIS, CA**

WHEREAS, the Gateway Parcel is part of the greater Tuolumne River Regional Park (TRRP) system which is overseen by a Joint Powers Authority (JPA) among the cities of Ceres and Modesto and the County of Stanislaus, and

WHEREAS, on September 13, 2005, by Resolution No. 2005-472, Council approved the TRRP Gateway Parcel Precise Plan, which included the current Phase 2 portion of the Gateway Parcel, and

WHEREAS, TRRP was awarded a \$2.2 million Proposition 84 Statewide Parks Development grant from the California State Resources Agency for the development of the Gateway Parcel Phase 2, and

WHEREAS, on November 4, 2014, by Resolution No. 2014-442, the City Council approved a Professional Services Agreement with AECOM Technical Services, Inc. to provide construction and environmental documentation for the development of the TRRP Gateway Parcel – Phase 2 Project, and

WHEREAS, bids were advertised on November 6, 2015, and

WHEREAS, six bids were publicly opened on December 17, 2015, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and Empire Landscaping, Inc. of Davis, CA was the apparent low bidder, and

WHEREAS, on February 2, 2016, by Resolution No. 2016-41, Council awarded a contract to Empire Landscaping, Inc. of Davis, California for the construction of the TRRP Gateway Parcel – Phase 2 Project in the amount of \$2,067,738, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of May 2, 2016 and all contract work was completed by February 2, 2019, and

WHEREAS, the total project costs were \$3,048,155 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$3,048,155 which included \$2,274,512 for the construction contract and contingency with Empire Landscaping, Inc., and

WHEREAS, there were 10 change orders resulting in an overall increase of \$315,188 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the TRRP Gateway Parcel – Phase 2 Project is hereby accepted as complete from said contractor, Empire Landscaping, Inc. of Davis, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$2,382,926, as is authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-293**

RESOLUTION ACCEPTING THE JOHN THURMAN FIELD VIDEO BOARD REPLACEMENT PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE A NOTICE OF COMPLETION WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$567,982 TO DAKTRONICS, INC., OF BROOKINGS, SOUTH DAKOTA

WHEREAS, on December 13, 2016, by Resolutions 2016-503 and 2016-504, Council approved an agreement with HWS Baseball, IV, LLC (the Nuts), for the use, operation and management of John Thurman Field and establishing a fund for capital improvements to the stadium, and

WHEREAS, the Agreement authorized the City Manager to approve or disapprove the list of priority capital improvement projects, and

WHEREAS, on October 9, 2018, Council received a report on the 2019 Capital Improvement Project Priorities for John Thurman Field as provided by the Nuts management and approved by the City Manager which listed the top two priorities; 1) Replacement of the video board and 2), and Replacement of approximately 1,000 box seats, and

WHEREAS, at the same meeting, by Resolution No. 2018-449, Council awarded the box seats replacement and by Resolution No. 2018-451 approved an amendment to the 10-year operating agreement for John Thurman Field, and

WHEREAS, this amendment included the pre-funding the City's General Fund contribution of \$120,000, previously scheduled to be funded in FY 2025-2026, to Finance the Replacement of the Video Board Project, and

WHEREAS, on December 11, 2018, by Resolution No. 2018-551, Council awarded a contract to Daktronics, Inc., for the construction of the John Thurman Field Video Board Replacement Project in the amount of \$558,992, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of February 8, 2019 and all contract work was completed by March 29, 2019, and

WHEREAS, Change Order No. 1 resulted in an overall increase of \$8,990 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed and all work is covered by a one-year warranty for any issues that could arise, and

WHEREAS, staff recommends the project for acceptance as the contractor has complied with all contract requirements for the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the John Thurman Field Video Board Replacement Project is hereby accepted as complete from said contractor, Daktronics, Inc., Brookings, South Dakota, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$567,982, to Daktronics, Inc., Brookings, South Dakota.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-295**

RESOLUTION APPROVING AN AGREEMENT WITH WSP USA INC. FOR CONSTRUCTION MANAGEMENT SERVICES FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY – PHASE 1 PROJECT IN AN AMOUNT OF \$8,973,533 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$897,353 FOR ADDITIONAL SERVICES (IF NEEDED), FOR AN AGREEMENT TOTAL NOT TO EXCEED \$9,870,886, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the purpose of the State Route 132 West Freeway/Expressway - Phase 1 Project (Project) is to improve regional and interregional circulation, relieve traffic congestion along existing State Route 132, and enhance safety and operations for the existing and proposed transportation network, and

WHEREAS, the final design of the Project is complete and is scheduled to go out to bid in July 2019, and

WHEREAS, City staff determined that current staffing was already committed to management and inspection of other capital improvement projects, and using a consultant for this project would provide the best benefit for the City and the public, and

WHEREAS, the selection process for construction management services followed the City's selection procedures for professional consultants, and

WHEREAS, in accordance with Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, in October 2018, Community and Economic Development staff issued a Request for Proposals for Construction Management Services for the Project, and

WHEREAS, on November 2, 2018, two firms submitted Proposals, and City staff along with representatives from StanCOG, Caltrans and Stanislaus County reviewed the Proposals and determined that both firms were qualified for the Project, and

WHEREAS, both firms were then interviewed by the review panel and the panel ranked the firms based on qualifications and experience demonstrated in the proposal and the interview, and

WHEREAS, WSP USA INC. (WSP) was selected as the most qualified firm to provide construction management services and has experience managing similar types of projects, and

WHEREAS, WSP will be the main point of contact for all construction activities and reporting during this project, and

WHEREAS, a designated City project manager in the Community & Economic Development Department will manage this agreement and provide oversight and coordination with various City departments, and

WHEREAS, the final design is complete and construction bid advertisement is scheduled for July 2019, staff desires to enter into an agreement with WSP to perform construction management services for the State Route 132 West Freeway/Expressway - Phase 1 Project, and

WHEREAS, WSP will be paid on a cost plus fixed fee (time and materials) basis for actual hours required performing individual tasks at a set rate and other direct costs, and

WHEREAS, the agreement will initially be funded with Capital Facility Fee (CFF) funds but as soon as Regional Measure L funds are approved, costs from that point forward will be paid for with Regional measure L funds.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with WSP USA INC. for Construction Management Services for the State Route 132 West Freeway/Expressway – Phase 1 Project in an amount of \$8,973,533 for the identified scope of services, plus \$897,353 for additional services (if needed), for an agreement total not to exceed \$9,870,886.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-297**

RESOLUTION APPROVING THE REQUEST FOR LOCAL ADVANCED CONSTRUCTION AUTHORIZATION IN THE AMOUNTS OF \$4.135M FOR THE CONSTRUCTION PHASE AND \$2.081M FOR RIGHT OF WAY FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY – PHASE 1 PROJECT AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE REQUIRED DOCUMENTS

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, the Project is supported by a complex matrix of funding elements including a combination of local, Regional Measure L, State and Federal sources; each with various requirements and constraints, and

WHEREAS, the authorization to spend federal funds occurs when the City receives the “Authorization to Proceed” (E-76) for construction, and

WHEREAS, the E-76 is needed prior to advertisement of the Project which is anticipated to begin July 3, 2019, and

WHEREAS, sufficient Regional Surface Transportation Program (RSTP) funds are not currently available to fund our request for \$2,081,000 in right of way funds and \$4,135,256 in construction funds that were budgeted in this project and Caltrans cannot guarantee that they will be available, however it is very likely that these federal funds will be available in August, and

WHEREAS, the rigid schedule included in the TIGER grant agreement requires that we award a construction contract by the end of September, 2019 and in order to give

the contractors adequate time to review the bid documents and submit competitive bids, the City anticipates advertising the project on July 3, 2019, and

WHEREAS, per Caltrans direction, the only way to secure the E-76 for construction prior to July 3rd, the City must submit a request for “Advanced Construction”. A request for Advanced Construction requires the City Manager to sign a form stating that the City will provide the \$2.081M plus the \$4.135M in the event that the RSTP funds are not obligated to this project, and

WHEREAS, the \$4.135M of RSTP funds were given to the project by Stanislaus County and in the event that those funds do not become available as expected, the County is committed to providing County Public Facility Fee (PFF) funds to backfill the \$4.135M of RSTP funds, and

WHEREAS, this funding will not be needed until we award the construction contract which is anticipated to occur on September 24, 2019 and prior to this date, City staff will confirm if the \$4.135M of RSTP has been secured or if the County PFF funding will be needed, and

WHEREAS, if the County PFF funding is needed, City will request a formal, written commitment from the County to secure these funds prior to the award of the construction contract, and

WHEREAS, the City’s obligation is to commit an additional \$2.081M from the City’s Streets Capital Facility Fee funds in the event that the \$2.081M of RSTP funds do not become available.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the request for local advanced construction authorization in the

amounts of \$4.135M for the construction phase and \$2.081M for right of way for the State Route 132 West Freeway/Expressway – Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the required documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-298**

RESOLUTION APPROVING AN AMENDMENT TO THE COOPERATIVE AGREEMENT WITH THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY - PHASE 1 PROJECT TO CORRECT THE PROJECT POSTMILE LIMITS, MODIFY THE FUNDING TABLE TO ADD \$33.124M OF REGIONAL MEASURE L FUNDS AND \$21M IN TRADE CORRIDOR ENHANCEMENT FUNDS, AND ADD VARIOUS STANDARD LANGUAGE NECESSARY TO MEET THE REQUIREMENTS OF THE TRADE CORRIDOR ENHANCEMENT GRANT AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AMENDMENT

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, Caltrans required that the City of Modesto enter into the Cooperative Agreement prior to submitting a request for funding authorization to Caltrans; and

WHEREAS, the Cooperative Agreement sets forth the roles and responsibilities of the City and Caltrans with respect to the Project; and

WHEREAS, on August 8, 2018, per Resolution 2018-315, the City Council approved the Cooperative Agreement for the Project, and

WHEREAS, on June 13, 2019, City staff was notified by Caltrans that an amendment to the Cooperative Agreement was needed prior to the City's receipt of the Authorization to Proceed (E-76) with construction, and

WHEREAS, the E-76 is required prior to advertisement of the Project which is anticipated to begin on July 3, 2019, and

WHEREAS, the amendment is required to modify the funding table in the agreement to add regional Measure L funds and the Trade Corridor Enhancement Program grant.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the amendment to the Cooperative Agreement with the California Department of Transportation (Caltrans) for the State Route 132 West Freeway/Expressway-Phase 1 Project to correct the Project postmile limits, modify the funding table to add \$33.124M of regional Measure L funds and \$21M in Trade Corridor Enhancement funds, and add various standard language necessary to meet the requirements of the Trade Corridor Enhancement grant.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the Amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-299**

RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE CROWS LANDING SEWER TRUNK PROJECT, ACCEPTING THE BID, AND APPROVING A CONSTRUCTION CONTRACT TO A. TEICHERT & SON, INC. DBA TEICHERT CONSTRUCTION, ROSEVILLE, CA, IN THE AMOUNT OF \$2,976,842 PLUS \$297,684 FOR CONTINGENCY (IF NEEDED) FOR A TOTAL AMOUNT NOT TO EXCEED \$3,274,526 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Crows Landing Sewer Trunk provides service to south Modesto and west Ceres, and

WHEREAS, during a routine maintenance of the trunk in 2018, crews noticed severe deterioration of the reinforced concrete pipe's crown, and

WHEREAS, the proposed improvements will reroute the 30-inch trunk onto Crows Landing Road and connect to an existing stub-out at the Ceres Trunk prior to the Tuolumne River crossing, and

WHEREAS, specifications have been prepared for the Crows Landing Sewer Trunk Project, and

WHEREAS, on April 23, 2019 staff received bids from six companies that were responsible and responsive, including a bid from A. Teichert & Son, Inc. dba Teichert Construction, and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, and the award of bid for the Crows Landing Sewer Trunk Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$2,976,842 received from A. Teichert & Son, Inc. dba Teichert Construction be accepted as the lowest responsible and responsive bid and the contract be awarded to A. Teichert & Son, Inc. dba Teichert Construction.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Crows Landing Sewer Trunk Project and accepts the bid of \$2,976,842 plus \$297,684 for contingency (if needed) for a total amount not to exceed of \$3,274,526 and Awards A. Teichert & Son, Inc. dba Teichert Construction, of Roseville, CA, the contract for the Crows Landing Sewer Trunk Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-300**

**RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S
AUTHORITY TO ISSUE CHANGE ORDERS FOR THE CROWS LANDING
SEWER TRUNK PROJECT FROM 8% (\$238,147) TO 10% (\$297,684) OF THE
CONSTRUCTION CONTRACT PRICE OF \$2,976,842 WITH A. TEICHERT &
SON, INC. DBA TEICHERT CONSTRUCTION, ROSEVILLE, CA**

WHEREAS, specifications have been prepared for the Crows Landing Sewer Trunk Project, and

WHEREAS, staff recommends awarding a \$2,976,842 contract to A. Teichert & Son, Inc. dba Teichert Construction, of Roseville, CA for the construction of the Crows Landing Sewer Trunk Project, and

WHEREAS, given the nature of the project, additional work may be needed to address unexpected conditions that require changes in project scope, and

WHEREAS, the City's "Change Order Approval Policy", enacted by Council Resolution No. 94-443 on July 19, 1994, established a contract change order budget of 8% for projects over \$1 Million, and

WHEREAS, staff is requesting authorization to increase the contract change order budget to 10% (\$297,684) due to the construction on Crows Landing Road and Crater Avenue (County jurisdiction), which presents unknown challenges.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Crows Landing Sewer Trunk Project from 8 percent (\$238,147) to 10 percent (\$297,684) of the construction contract price of \$2,976,842 with A. Teichert & Son, Inc. dba Teichert Construction, of Roseville, CA.

RESOLUTION NO. 2019-304**

RESOLUTION APPROVING THE ADOPTION OF THE FISCAL YEAR 2019-20 ANNUAL AND MULTI-YEAR OPERATING BUDGETS AND THE 2019-20 CAPITAL IMPROVEMENT PROGRAM FOR THE CITY OF MODESTO AND THE RELATED INTER-FUND TRANSFERS

WHEREAS, pursuant to the Charter of the City of Modesto, the City Manager presented the Draft Operating Budget and Capital Improvement Program for the 2019-2020 Fiscal Year to the Finance Committee at workshops held on April 29, April 30, and May 2, 2019, and

WHEREAS, the Finance Committee reviewed the Draft Operating and Multi-Year Operating Budgets and the Capital Improvement Program in a series of televised public workshops on April 29, May 30, and May 2, 2019, and at a joint Planning Commission/Finance Committee meeting held on May 20, 2019, and

WHEREAS, the Finance Committee recommended the City Manager's Draft Operating and Multi-Year Budgets to the full City Council for consideration, and

WHEREAS, the Finance Committee recommended the proposed Capital Improvement Program budget to the full City Council for consideration, and

WHEREAS, on June 4th, 2019, the City Council combined the City Manager's Draft Budget and the Mayor's Final Budget Modifications into the Final Proposed Budget and set a date for the public hearing and adoption of the Final Proposed Budget to take place on June 25, 2019, and

WHEREAS, in accordance with the City Charter, a duly noticed public hearing was scheduled on June 25, 2019 during which the City Council considered the

recommendations of the Finance Committee relating to the Draft Operating and Multi-year budgets and the Capital Improvement Program, and

WHEREAS, prior to any discussion of the budgets and prior to the final adoption, the City Council by separate motion considered each CIP project that could be the source of a potential conflict of interest to one or more members of the City Council without the participation of those members, and

WHEREAS, the adoption of the Final Proposed Budget for FY 2019-20 includes the proposed Operating Budget, Multi-Year operating budget, Capital Improvement Program budget, approved adjustments, approved addendums, transfers in and out, adoption of budget controls and financial policies, and

WHEREAS, the effective date of the adopted budget for FY 2019-20 shall be July 1, 2019, and

WHEREAS, copies of the Final Proposed Operating and Multi-year budgets and the Capital Improvement Program have been and are available for inspection by the public at the office of the City Clerk.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the adoption of the Final Proposed Operating Budget, Multi-Year Budget, and Capital Improvement Program Budget for Fiscal Year 2019-20 inclusive of the Mayor's Final Budget Modifications, adjustments, and addendums to be in effect July 1, 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

Mayor's Final Budget Modifications

May 31, 2019

As Mayor, I have the duty to prepare and deliver to the City Council the Mayor's Final Budget Modifications for the draft budget under Modesto City Charter Section 1303.

Under our City Charter, the Mayor has specific duties related to the budget such as this message.

The one proposed modification I recommend is a result of the valuable Town Hall meeting on the role of the City Auditor recently hosted by the local chapter of the NAACP and organized by its President, Wendy Byrd. As almost the entire City Council was present, I believe you will agree that invaluable input was heard from recently retired Berkeley City Auditor Ann-Marie Hogan and current Sacramento City Auditor Jorge Oseguera. In listening to their remarks at the NAACP forum and in follow-up discussions I had with Ms. Hogan, it became evident that a clear City Council commitment to the Office of the City Auditor is needed for us to attract quality candidates for this Charter office.

Consequently, in order to attract first-rate candidates for the office of City Auditor, I recommend we modestly augment the budget for the Auditor's Office as described below. The augmentation of the Auditor's Office are based on input obtained from retired Berkeley City Auditor Ann-Marie Hogan. For a city with a budget of our size, she recommended an office initially comprised of 3.0 FTEs – (the City Auditor, an additional senior auditor, and one support employee). In addition, she recommended a budgeted amount of \$100,000 for supplemental services. She believed this combination of 3 employees plus a budget for services to supplement the office would help convince candidates for the Charter City Auditor's position that the City Council was supportive of and committed to our Auditor's Office.

I recommend that our 2019-20 budget be modified as needed to secure the items described above. I am happy to report that when the City Manager and I reviewed our current proposed budget, we were very close to the minimums recommended above.

Since our proposed budget already includes 2.0 FTEs and \$101,971 in professional services, we only need to add 1.0 FTE to secure these minimums. The current budget proposal for the 2019-20 budget for the City Auditor was \$350,714. The augmented budget amount to add 1.0 FTE would be about \$100,000.

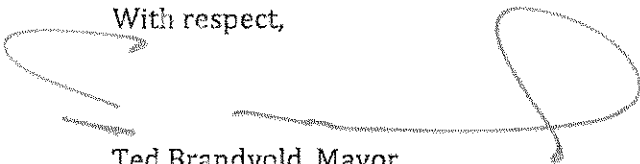

I don't want to minimize the addition of up to \$100,000.00 to the City Auditor's budget, but I do think this is important given what we learned at the NAACP Town Hall meeting. By the standards of our City budget, the increase is modest.

The City Charter requires the Mayor to identify how any additional spending that is recommended will be paid for. I asked the City Manager to develop options for us to consider. He believes given the length of time that recruitment of a new City Auditor will take, it is likely that the full budget amount would not actually be spent in the next fiscal year's budget. By freezing 2.0 of the 3.0 FTEs, he believes this will more accurately reflect the amounts spent in our next fiscal year. He indicates adjustments can be made later as the new Auditor's Office matures.

I am always open to better ideas on how to achieve our goals and will always be happy to receive any input from you: the City Council members entrusted by the citizens and taxpayers with these important decisions. As always, I welcome additional input from City staff, members of the 100-Day Committee, and any other concerned citizen, taxpayer, or group in our community.

I continue to remain confident that by working together, the City Council, our City Manager, all City employees, the 100-Day Committee and all concerned citizens and taxpayers, we can achieve long-term financial sustainability of our City for our taxpayers and for city operations.

With respect,

A handwritten signature in black ink, appearing to read 'Ted Brandvold', written over a horizontal line.

Ted Brandvold, Mayor
City of Modesto

Recommended Budget Principles

1. Annually Adopt a Structurally Balanced Budget

A structurally balanced budget means on-going revenues and on-going expenditures are in balance with on-going revenues meeting or exceeding expenditures during the same time period. If a structural imbalance occurs, a plan must be developed and implemented to bring the budget back into balance.

2. Use of One-Time Resources

Once brought into balance, one-time revenues (excess reserves above reasonable risk calculations, revenue spikes, prior year budget savings, sale of property, etc) shall not be used for current or new on-going operating costs. Examples of appropriate uses of one-time revenues include early retirement of debt, capital expenditures without significant operating or maintenance costs, and other non-reoccurring expenditures.

3. Budget Revisions

New programs, services, or staffing requests are considered in light of the Council's priorities and shall include a spending offset at the time of the request so that the request has a net-zero impact on the budget.

4. Reserves

All City funds must maintain an adequate reserve level and/or ending fund balance as determined annually as appropriate for each fund. For the General Fund, the contingency reserve amount, which is a flat \$7 million, shall be maintained. Any use of the General Fund contingency reserve will require a majority vote of the Council.

5. Debt Issuance

Long-term General Fund debt will not be incurred to support on-going operating costs (other than debt service) unless such issuance achieves net operating cost savings and such savings can be independently verified. All General Fund debt issuances shall identify a method of repayment or have a dedicated revenue source.

6. Employee Compensation

Recognizing that employees are the City's major resource, negotiations for employee compensation shall focus on the total compensation costs (e.g. increases in salary, steps, and benefit costs) while considering the City's fiscal condition, revenue growth, and changes in the cost of living.

7. Capital Improvement Projects

Capital Improvement Projects shall not proceed for projects with annual operating and maintenance costs in the General Fund without City Council certification that funding will be available in the applicable year of the cost impact. Certification shall demonstrate that the entire cost of the project, including operating and maintenance costs, will not require a decrease in the City's core services.

8. Fees and Charges

The development of fees and fee increases shall be utilized where appropriate to assure fee program costs are fully recovered by fee revenue.

9. Grants

Staff will seek out, apply for, and effectively administer grants that address the City's priorities, policy objectives, and provide an overall positive benefit to the City. Before a grant is pursued, staff shall provide a detailed fiscal analysis addressing both the immediate and long-term costs and benefits of the grant. With the exception of pilot projects, one-time grant revenues shall not be used to begin or support the costs of on-going programs.

10. General Plan

The General Plan is the primary long-term fiscal planning tool. Recommendations to create new development capacity beyond the existing General Plan shall be analyzed to ensure that capital improvements and operating/maintenance costs are within the City's financial capabilities.

11. Performance Measurement

All requests for funding shall include performance measure data so funding requests can be reviewed and approved in light of anticipated service level outcomes.

CITY OF MODESTO OPERATING BUDGET POLICY

INTRODUCTION

The purpose of this policy is to identify roles, responsibilities, and actions related to the preparation and monitoring of the City of Modesto's annual operating budget. The operating budget is adopted annually at the fund level by the City Council. The budget provides a detailed estimate of how much the City needs to spend in its fiscal year to meet its ongoing financial obligations and provide programs and services.

RESPONSIBILITIES

Per the City Charter (Section 1302.1 through 1304), each year:

The City Manager shall, on or before December 15 of each year, submit to the Mayor and to the Council a five (5) year economic forecast of expenditures and revenues for each City Department.

The Mayor shall, on or before January 15 of each year, prepare and deliver to the Council the Mayor's Proposed Budget Priorities and Direction for both the City's Capital Budget and for the City's Operating Budget.

The City Manager shall, on or before February 1 of each year, prepare and deliver to the Mayor and to the Council a Capital and Operating Mid-Year Budget Report for each City Department.

The Mayor shall, on or before February 15 of each year prepare and deliver to the Council the Mayor's Budget Message which shall include:

- a) A statement of the fiscal priorities which the City should adopt for the ensuing fiscal year; and
- b) Which City services, departments, offices or agencies the Mayor proposes to be expanded or reduced.

The Council shall hold a public hearing to consider the Final Mayor's Budget Message and to make any additions or revisions the Council deems advisable. Upon closing of the public hearing, the Council shall approve the Mayor's Budget Message as presented, or as revised.

By April 30 of each year, the City Manager shall send to Council a draft budget consisting of a careful estimate of the amounts of expenditures required for the business and proper conduct of the various departments, offices, boards, and commissions of the City, over which the City Manager has control during the next ensuing year. The City Manager shall also include in the draft budget an estimate of the amount of income/revenues that are to be included as part of the

draft budget. The draft budget shall accurately reflect the recommendations and priorities specified in the Final Mayor's Budget Message as adopted by the Council.

At least thirty (30) days prior to the new fiscal year, the Mayor shall prepare and deliver to the Council the Mayor's Final Budget Modifications of the draft budget. Following the receipt of the Mayor's Final Budget Modifications, the Council shall consider and review the draft budget as submitted by the City Manager together with the Mayor's Final Budget Modifications and make such revisions as the Council may deem advisable. The resulting document shall be deemed the "Proposed Budget."

After the creation of the "Proposed Budget" document, the Council shall determine the time for the holding of a public hearing upon the "Proposed Budget" and a notice shall be posted not less than ten (10) days prior to said hearing. This public hearing will be used by the Council to allow for interested persons desiring to be heard an opportunity to speak upon the "Proposed Budget."

At the conclusion of the public hearing, the Council shall further consider the "Proposed Budget" and make any revisions that it may deem advisable; and thereafter it shall adopt the budget with revisions, if any. Any revisions may add or increase programs or amounts or may delete or decrease programs or amounts except expenditures required by law or for debt service provided that no budget revision to the budget shall increase proposed expenditures to an amount greater than the total estimated income plus unencumbered available reserves and estimated unencumbered balances of funds carried over from the preceding fiscal year.

The Mayor is responsible for preparing and delivering to the City Council the Mayor's Proposed Budget Priorities and Direction for capital and operating budgets, the Mayor's budget message, and final budget modifications.

The City Manager is responsible for preparing and delivering to the Mayor and Council a five-year forecast of expenditures and revenues, mid-year budget reports, and a draft budget.

The City Council is responsible for reviewing the proposed budget, holding a public hearing, revising the draft budget as needed, and approving the budget.

Under the Modesto Municipal Code (MMC) 2-3.401, the Finance Department is responsible for annually preparing and submitting to the City Manager a proposed preliminary budget prior to the beginning of the next succeeding fiscal year, and maintaining a system of budget control to ensure that monies are available and appropriated.

POLICY

Budget Development

1. It is the policy of the City of Modesto to prepare an annual budget using the accounting basis that is in conformance with generally accepted accounting principles (GAAP). To prepare the organization's budget, the Budget Manager shall gather proposed budget information from all Department directors (and others with budgetary responsibilities).
2. Budgets proposed and submitted by each department should be accompanied by a narrative explanation of the sources and uses of funds and explaining all material fluctuations in budgeted amounts from prior years. All requests for additional personnel shall include a narrative explaining the need for an increase in staff potential duties for the new

- employee and expected salary. All requests for capital shall include a narrative explaining the reason for the need of the respective item.
3. After appropriate revisions and a compilation of all department budgets a draft of the organization-wide budget is prepared by the Budget Manager. The appropriated budget is prepared by:
 - Fund (e.g. General Fund)
 - Department (e.g. Police).
 - Division (e.g. Field Operations)
 - Revenue/Expense Account (e.g. Sales and Use Tax/Office Supplies)
 4. The draft of the organization-wide budget, individual departments' budgets as well as the narratives, and multi-year project budgets are presented to the City Manager for discussion, revision, and initial approval. Each individual capital request is evaluated to determine whether the capital item is needed to clear a safety issue a legal requirement or to improve customer service. This process is separate from the creation and adoption of the City's Capital Improvement Program (CIP). The policy for the CIP adoption follows a different set of guidelines. All request for additional staff are reviewed for viability based on the economic condition of the City.
 5. At a public hearing the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them. The proposed budget is presented to City Council for discussion, revision and adoption.
 6. Public hearings are conducted at City Hall to obtain citizen input. Prior to July 1, the budget is adopted by motion of the City Council.
 7. It is the policy of the City of Modesto to adopt a final budget prior to July 1 of the new fiscal year. The purpose of adopting a final budget at this time is to allow adequate time for the Budget Division to input the budget into the accounting system and establish appropriate budget and reporting procedures to ensure proper classification of activities and comparison of budget versus actual once the year begins.
 8. The City will prepare and annually refine written goals and policies to guide the preparation of financing, spending, and performance plans for the City budget. Proposed budgets will comply with the adopted budget polices and Council priorities.
 9. Department and program managers will not exceed the Council-approved appropriations in any fund. The City Council may approve modifications to these appropriations throughout the year as warranted by revenue collections and activity demands.
 10. Enterprise funds and other non-general fund operations should be self-supporting and should maintain reserve levels that are adequate to protect against fluctuations in revenue and expenditure levels. Activities that deviate from this requirement shall be identified for the City Council annually at the time of budget adoption. Exempt from this requirement are those funds that account solely for grant funds.
 11. Interest shall be allocated quarterly to all funds based on their average monthly balances during each quarter.
 12. Costs charged between funds such as force-account labor and other direct costs shall be charged on the basis of actual cost and not on the budgeted amount, unless a separate contract exists between the managers of the two programs allowing the use of the budgeted amount as the basis for the charge.
 13. Appropriations for certain grants and on-going Capital Improvement Program projects that were authorized in previous years and that are not fully expended shall be deemed valid until revoked. Appropriations related to certain developer-funded expenditures may also be treated as multi-year appropriations.

Inter-fund Transfers and Loans

1. Ongoing operating program costs will not exceed the amount of ongoing revenue to finance those costs. Inter-fund loans will not be used as a funding mechanism to address ongoing gaps between revenues and costs. If a new program is added on an ongoing basis, an ongoing revenue source will be identified to fund the program costs. Any available carryover balance will only be used to offset one-time costs.
2. Unless direction is given at the time an inter-fund transfer is approved that the amount to be transferred between funds is not subject to adjustment based on a share of cost formula, all inter-fund transfers shall be based upon the sending fund's pro rata share of any project costs or other obligation that is the basis for the transfer. Therefore, a reconciliation of the share of costs allocable to the fund(s) from which resources are to be transferred shall be performed prior to the year-end closing of the city's financial records and shall become the basis for determining the actual amount of any resources to be transferred. It is the intent of this policy that any transfers designed to provide a subsidy to the operations of another fund shall not exceed the amount needed to provide sufficient resources to make revenues equal expenditures unless other direction is provided by the City Council.
3. All inter-fund transfers and their purpose shall be identified to the Council annually, at the time of the budget adoption.
4. All inter-fund transfers between a fund and Capital or Non-Capital project shall not lapse at the end of the fiscal year but instead shall remain active until the project is completed and the funding is no longer needed. Inter-fund transfers will be evaluated at each year-end and then the remaining funds will be re-appropriated in the new fiscal year as the inter-fund transfer continues on for the continuing project.
5. Loans between funds and loans to other component units of the city should be considered in light of a multi-year business plan that demonstrates a reasonable ability to repay the loan. All inter-fund loans and loans to component units, either existing or proposed, shall be identified for the City Council at the time of budget adoption. Generally, inter-fund loans and loans to component units shall be established with a repayment deadline that reflects the earliest feasible opportunity for repayment of the loan. Interest rates charged on the loan shall be based on the actual rate of return earned by the City's investment portfolio during the 12-month period immediately preceding a payment date.
 - a. Note that the terms and conditions for existing loans between the City and the former Redevelopment Agency are governed by one or more separate resolutions adopted at the time the loans were approved and are subject to the laws put into place by recent redevelopment dissolution legislation passed by the State of California.

Reserves

1. *General Fund Reserve:* The Council has adopted a policy that uses the Fund Balance Guidelines for the General Fund that has been established by the Government Finance Officers Association (GFOA). The Council has established the following policies pertaining to General Fund reserves:
 - The General Fund's minimum reserve requirement should be maintained at a level of no less than the average of two months of regular General Fund operating expenditures. The amount of General Fund reserves are to be calculated as the total of the Emergency Reserves category.
 - Any unassigned reserves/carryover in the General Fund at the end of a fiscal year will be distributed out based upon the following guidelines:
 - 1/3 of the unassigned reserves/carryover will be distributed to the Emergency Reserves category.

- 1/3 of the unassigned reserves/carryover will be used to fund pension obligations (i.e. pension trust funding, etc.)
 - 1/3 of the unassigned reserves/carryover will be used to fund deferred maintenance.
2. *Fund Replacement Reserves*: In order to provide future resources for the replacement or repair of depreciable assets, each fund shall establish a list of depreciable assets, including useful lives and replacement costs that will determine the amount to be set-aside annually to allow the timely replacement or repair of these assets. Each program manager shall also establish a plan for funding the reserve and shall disclose the adequacy of the reserve level annually to the City Council as part of the annual budget adoption process.

Fund Balance Information Requirements

1. The requirements of GASB Statement No. 54 are intended to enhance the usefulness, including the understandability, of fund balance information, in the financial statements. The City will spend the most restricted dollars before less restricted, given equal eligibility, in the following order:
- Non-Spendable - if funds become spendable (inventories, prepaid amounts)
 - Restricted (grants, bond proceeds)
 - Committed (capital acquisitions, pending projects)
 - Emergency Reserves (set aside funds in the General Fund that can only be appropriated through Council action)
 - Assigned (purchase orders, encumbrances)
 - Unassigned (residual fund balance after deducting the other fund balance categories)

Budget Adjustment Authority

1. Any adjustment that would appropriate any amount from the General Fund Emergency Reserves must receive Council approval to be appropriated. The authority to approve any other type of budget adjustment in the amount of \$25,000 or less is delegated to the Budget Manager. The authority to approve any other type budget adjustment between \$25,001 and \$50,000 is delegated to the City Manager.
2. Authority for any budget adjustment over \$50,000 is delegated to the parties shown below with the exception of appropriations from the General Fund Emergency Reserves:
- City Council
 - Appropriation of undesignated reserves
 - Appropriation of new revenues
 - Does not include Developer Payments
 - Budgeting inter-fund transfers
 - Does not include adjustments to budgeted transfers where the intent is to subsidize an enterprise operation as shown in item (v) under the City Manager's budget adjustment authority
 - Creation of inter-fund loans
 - Creation of, or increase in, any multi-year appropriation except for the allocation of interest
 - Addition of permanent staff positions
 - Appropriation of payments for new indebtedness including operating leases
 - All other budgetary actions not delegated to another official

- City Manager
 - Adjust appropriations between departments within a fund
 - Change any capital equipment appropriation
 - Appropriate reserves, excluding General Fund Emergency Reserves, for litigation on a case-by-case basis
 - Adjustments to Inter-fund transfers intended to balance enterprise fund operations where the cumulative total of any adjustment does not increase the original City Council approved appropriation by more than \$50,000
 - Appropriate Developer Payments not previously budgeted
 - Annexation Deposits
 - Special District Formation Deposits
 - Developer Deposits to be recognized as revenue

- Budget Manager
 - Appropriate unbudgeted grant interest
 - Revise the allocation of Internal Service Fund charges between departments, provided that the total allocated amount does not increase (any such changes to the allocation shall not result in an increase or decrease to the total amount of discretionary appropriations provided to the affected departments)
 - Changing any CIP line item appropriation
 - Revoke multi-year appropriations
 - Close Capital Improvement Program or Non-Capital projects
 - Make technical budget corrections to implement the intent of Council-approved actions and resolutions
 - Transfer fiscal appropriations between sub-funds of a single fund (except where this changes appropriation amounts for temporary agency labor and/or capital equipment purchases over \$25,000)

- Department Director
 - Transfer appropriations within a department, within a single fund (excludes appropriations related to capital equipment, capital improvement program)
 - Acting as a designee of the City Manager, the Parks, Recreation, & Neighborhoods Director shall be authorized to appropriate private donations or grants made to the Fund Development Program of the Parks, Recreation, & Neighborhoods Department for specified purposes up to \$25,000

Monitoring Performance

1. It is the policy of the City of Modesto to monitor its financial performance by comparing and analyzing actual results with budgeted results. This function shall be performed periodically by the Budget Manager.
2. Budgetary review
 - Budget-to-actual comparisons are made on a monthly basis by the Budget Division.
 - Budget-to-actual comparisons are presented for City Council review at mid-year and on an as needed basis.
 - Budget-to-actual comparisons are provided in the comprehensive annual financial report (CAFR) for each individual governmental fund, for which an appropriated annual budget has been adopted.

3. The City maintains an encumbrance accounting system of purchase orders and contracts as a means of accomplishing budgetary control. Purchase orders are reviewed to ensure that funds are available and that requests are properly authorized prior to being released to vendors.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-306**

**RESOLUTION AMENDING THE POSITION ALLOCATION FOR FISCAL
YEAR 2019-20 AS ADOPTED IN THE OPERATING BUDGET**

WHEREAS, a Position Allocation for the City of Modesto was adopted by Modesto City Council on June 12, 2018, as part of the Annual Budget of the City of Modesto for Fiscal Year 2018-2019, and

WHEREAS, classification studies are conducted to ensure that a classification system is equitable and consistent within an organization and that positions are correctly classified, and

WHEREAS, per Personnel Administrative Order 2.2-87-12, a classification study may be conducted in response to a reclassification request, to develop/revise a classification specification, or to assist in a reorganization, and

WHEREAS, classification studies were conducted by Human Resources to determine appropriate classification, and

WHEREAS, position changes will be effective the pay period in which July 1, 2019 falls, (Pay Period beginning June 25, 2019), and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation and the Fiscal Year 2019-20 Operating Budget for various departments as follows:

1. Allocate one (1) Multimedia Designer in the Administration Division (02010) of the City Manager's Office.
2. Eliminate one (1) Legal Secretary II in the City Attorney's Office Division (04010) of the City Attorney's Office.

3. Add one (1) Senior Auditor in the City Auditor Division (06010) of the City Auditor's Office and freeze for one year.
4. Freeze one (1) Auditor II in the City Auditor Division (06010) of the City Auditor's Office for one year.
5. Allocate one (1) Administrative Office Assistant I/II in the Building Safety Division (14210) of the Community and Economic Development Department.
6. Allocate one (1) Building Inspector I/II in the Building Safety Division (14210) of the Community and Economic Development Department.
7. Allocate one (1) Plans Examiner in the Building Safety Division (14210) of the Community and Economic Development Department.
8. Allocate one (1) Executive Assistant in the Administration Division (14110) of the Community and Economic Development Department.
9. Allocate one (1) Storeskeeper in the Central Stores Division (12530) of the Finance Department.
10. Allocate one (1) Senior Buyer in the Central Stores Division (12530) of the Finance Department.
11. Eliminate one (1) Senior Human Resources Analyst in the Administration Division (17210) of the Human Resources Department.
12. Eliminate five (5) Relief Engineers in the Suppression Division (18210) of the Fire Department.
13. Allocate two (2) Maintenance Worker I/II positions in the Operations Services Administration Division (35220) in the Parks, Recreation and Neighborhoods Department.

14. Freeze one (1) Building Inspector II in the Building Safety Division (14210) of the Community and Economic Development Department for three (3) months.
15. Freeze one (1) Business Manager in the Administration Division (14110) of the Community and Economic Development Department for three (3) months.
16. Freeze one (1) Senior Planner in the Planning Division (14410) of the Community and Economic Development Department for three (3) months.
17. Move one (1) Business Manager from the Administration Division (14110) to a newly created Economic Development Division (14180) in the Community and Economic Development Department.
18. Move one (1) Senior Business Analyst from the Administration Division (14110) to a newly created Economic Development Division (14180) in the Community and Economic Development Department.
19. Move one (1) Economic Development Marketing Specialist from the Administration Division (14110) to a newly created Economic Development Division (14180) in the Community and Economic Development Department.
20. Freeze one (1) Financial Analyst II in the Accounting Division (12110) of the Finance Department for one (1) year.
21. Freeze five (5) Relief Engineers in the Suppression Division (18210) of the Fire Department for one (1) year.
22. Freeze three (3) Relief Fire Fighters in the Suppression Division (18210) of the Fire Department for one (1) year.

23. Freeze one (1) Administrative Analyst II in the Administration Division (31010) of the Parks, Recreation and Neighborhoods Department for three (3) months.
24. Freeze one (1) Cultural Services Program Manager in the Historical Properties Division (34110) of the Parks, Recreation and Neighborhoods Department for three (3) months.
25. Allocate one (1) Water Resource Analyst in the Water Quality Division (45055) of the Utilities Department.
26. Allocate one (1) Water Conservation Specialist in the Water Conservation Division (45065) of the Utilities Department.
27. Reallocate one (1) Administrative Office Assistant II to one (1) Administrative Office Assistant III in the Water Services Administration Division (45010) of the Utilities Department.
28. Reallocate one (1) Administrative Office Assistant II to one (1) Administrative Office Assistant III in the Water Conservation Division of the Utilities Department.
29. Reallocate one (1) Administrative Analyst I/II to one (1) Administrative Services Officer in the Administration Division (41010) of the Utilities Department.
30. Eliminate one (1) Water Meter Technician in the Water Service and Meters Division (45060) of the Utilities Department.
31. Eliminate one (1) Utilities Services Worker in the Water System Maintenance Division (45020) of the Utilities Department.

32. Eliminate one (1) Utilities Services Worker in the Water Construction Division (45040) of the Utilities Department.
33. Reallocate three (3) Maintenance Worker II to three (3) Plant Mechanic Trainee in the Jennings Plant Maintenance Division (44314) in the Utilities Department.
34. Reallocate one (1) Maintenance Worker II to one (1) Plant Mechanic Trainee in the Sutter Plant Maintenance Division (44313) in the Utilities Department.
35. Reallocate one (1) Electrical and Instrumentation Technician to one (1) Electrician Crewleader in the Wastewater Electrical Services Division (44410) of the Utilities Department.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-307**

**RESOLUTION AMENDING THE CLASSIFICATION PLAN FOR THE
CITY OF MODESTO TO CREATE THE CLASSIFICATION OF
MULTIMEDIA DESIGNER AND TO DELETE THE CLASSIFICATION
OF ENVIRONMENTAL REVIEW SPECIALIST**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 2018-388 pursuant to Rule 2.2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. CLASSIFICATION PLAN AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to create the classifications of Multimedia Designer at salary range 125 and to delete the classification of Environmental Review Specialist.

2. EFFECTIVE DATE. This Resolution shall become effective the pay period in which July 1, 2018 falls, (Pay Period beginning June 25, 2019).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-308**

RESOLUTION CONFIRMING THE FISCAL YEAR 2019-20 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1-6

WHEREAS, on April 23, 2019, by Resolution No. 2019-170, Council declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6 under the provisions of the California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by the allocated cost shown within the Annual Engineer's Report, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996. The City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby orders the levy and collection of such charges within City of Modesto Landscape Maintenance Assessment District No. 1 for Dry Creek Meadows Subdivisions Nos. 1-6 for Fiscal Year 2019-20, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that a certified copy of this resolution and **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2019-20 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district, which is **attached** hereto, and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-309**

RESOLUTION CONFIRMING THE FISCAL YEAR 2019-20 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION AND YOSEMITE MEADOWS SUBDIVISION UNITS 1 & 2

WHEREAS, on April 23, 2019, by Resolution No. 2019-171, Council declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivisions, and Yosemite Meadows Subdivision Units 1 and 2 under the provisions of California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by the Engineer of Work, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS, the City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges, and

WHEREAS, on June 25, 2019 a public hearing was held.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby orders the levy and collection of such charges within City of Modesto

Landscape Maintenance Assessment District No. 2 for Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivisions, and Yosemite Meadows Subdivision Units 1 and 2 for Fiscal Year 2019-20, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that a certified copy of this resolution and **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2019-20 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district, which is **attached** hereto, and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-310**

RESOLUTION CONFIRMING THE FISCAL YEAR 2019-20 DIAGRAM AND ASSESSMENT, AND ORDERING THE LEVY AND COLLECTION OF CHARGES WITHIN THE SHACKELFORD LANDSCAPE AND LIGHTING DISTRICT

WHEREAS, the City of Modesto by Resolution No. 2019-172, adopted on April 23, 2019, declared its intent to levy charges or assessments for the purpose of administering the maintenance of seventy-seven 200-watt high pressure sodium street lights in the Shackelford Landscape and Lighting District under the provisions of California Streets and Highways Code Sections 22500 through 22679, more commonly known as the Landscape and Lighting Act of 1972, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by the Engineer of Work, and

WHEREAS, a public hearing was held on June 25, 2019, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996. The City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it orders the levy and collection of such charges within City of Modesto Shackelford Landscape and Lighting District for Fiscal Year 2019-20, and in each subsequent fiscal year in which the charges may validly be levied; that a certified copy of this resolution

and **attached** documentation shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2019-20 County Tax Roll, and in each subsequent fiscal year in which the charges may validly be levied.

BE IT FURTHER RESOLVED that the diagram of said assessment district, **attached** hereto, and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

VI.	Annual Assessment List by Parcel & Property Owner

SECTION I HISTORY

On June 29, 1999, the Shackelford Landscape and Lighting District ("Shackelford LLD") was formed in accordance with the Landscape and Lighting Act of 1972 (California Streets and Highway Code §22500 through §22679) ("the Act") to install and maintain streetlights to deter crime, promote traffic safety, and aid law enforcement officers. All costs for the Shackelford LLD are funded by the annual assessments levied on each property within the district. The Act requires several courses of action on the part of City staff and City Council prior to August 10th of each year.

The Act initially requires the City Council to order, prepare, and file an Engineer's Annual Report for the City Council. This report is prepared for the purpose of detailing the plans and specifications for the maintenance, operation, and servicing of the District, including, but not limited to the materials, equipment, labor, and administrative expenses. The following services maintain facilities and improvements provided by the District as a special benefit to the parcel owners within the District; the cost of the services is paid entirely by the assessments levied by the District:

- Payment to local utility company for monthly power costs of energizing street lights in the District
- Payment to local utility company for maintenance of street lights in the District that the utility company owns (usually those lights that are mounted on wooden poles)
- Maintenance provided by the City of Modesto for street lights in the District that are owned by the City of Modesto (usually those lights that are mounted on steel poles)

Upon City Council's approval of the Engineer's Annual Report, the City Council adopts a resolution declaring its intent to levy and collect assessments within the Shackelford LLD for the following fiscal year and schedules a public hearing. This public hearing and proposed resolution levying the proposed assessments is in accordance with the annual assessment procedures.

Finally, in compliance with the Act, the City Council conducts the public hearing and adopts certain resolutions in accordance with the California Streets and Highways Code §22625 through 22641. The City Clerk is required to give the Modesto Bee notice of the public hearing no less than ten (10) days prior to the scheduled hearing date. All interested persons are afforded the opportunity to be heard during the public hearing. Should there be any protests, whether written or oral, the City Council may choose to continue the hearing to a later date and/or may change any part of the Engineer's Annual Report to address the concerns of the property owner(s). The adopted resolution is then forwarded to the Auditor-Controller of the County of Stanislaus for placement of such charges on the upcoming year's County Tax Roll.

SECTION II ANNUAL ASSESSMENT REVIEW AND SUMMARY

A. PARCEL REVIEW

There are 493 residential parcels within the Shackelford LLD, unless otherwise determined.

B. ANNUAL ASSESSMENTS

Each parcel receives equal benefits from the Shackelford LLD. The annual assessment levied is calculated by dividing the total cost estimate by the total number of parcels within the Shackelford LLD.

The total annual assessment for the Shackelford LLD for Fiscal Year 2019-2020 is \$24,902.70. This is based on the amount needed for Fiscal Year 2019-20 based on projected expenses and fund balance.

C. PROJECTED ANNUAL ASSESSMENT SUMMARY

Residential Annual Assessment – 493 Parcels

\$ 24,902.70	Annual Assessment for Fiscal Year 2019-2020
÷ 493	# of Parcels
<hr/>	
\$ 50.51	Annual assessment per parcel

D. COMPARISON TO PREVIOUS FISCAL YEAR

The proposed 2019-2020 annual assessment for residential parcels has decreased from \$51.85 to \$50.51 per parcel.

SECTION 3 FINANCIALS – ANNUAL ASSESSMENT REVENUE & EXPENSE PROJECTIONS

Shackelford LLD Fund 6470		Estimated FY 2018-19 ¹	Proposed FY 2019-20
Beginning Fund Balance		\$ 13,110	\$ 13,274
Revenues (Cost Center 80015)			
	Account		
Special Assessments	47051	\$ 13,869 ²	\$ 24,903 ³
Interest Revenue on Bank Account	48010	\$ 2	
<i>Estimated - Special Assessments</i>		\$ 11,693 ⁴	
Total Revenues		\$ 25,564	\$ 24,903
Expenses (Cost Center 80015)			
	Account		
<i>Operating Budget</i>			
Electricity Utility Expenses	53040	\$ (12,356)	\$ (16,000)
Legal Services	53450	\$ -	\$ (5,000)
Services City Forces - Interfund	54500	\$ (2,944)	\$ (5,848)
<i>Estimated – Electricity Utility Expenses</i>	53040	\$ (4,119)	\$ -
<i>Estimated – Legal Services</i>	53450	\$ (5,000)	\$ -
<i>Estimated - Services City Forces - Interfund</i>	54500	\$ (981)	\$ -
Total Expenses		\$ (25,400)	\$ (26,848)
Ending Fund Balance		\$ 13,274	\$ 11,329 ⁵

¹ The estimated amount shows what has been expended as of 03-28-19. There may be more expenses posted for the fiscal year; these are shown as *Estimated*.

² Actual revenue received for FY 2018-19 tax levy.

³ Proposed levy for FY 2019-20.

⁴ Estimated revenues for second installment of FY 2018-19 tax levy.

⁵ Reserve funding equals 42.209% of Annual Operating Cost (50% is maximum allowable)

SECTION IV MAINTENANCE & PLAN SPECIFICATIONS

Plans and specifications are available for review in the Public Works Department, located at 512 Jefferson Street, Modesto, CA. For more information, contact Kelly Gallagher, Parks Operations Manager at (209) 524-2330.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-311**

**RESOLUTION DECLARING RESULTS OF MAJORITY PROTEST
PROCEEDINGS AND ESTABLISHING THE MODESTO TOURISM
MARKETING DISTRICT (MTMD)**

WHEREAS, the Property and Business Improvement District Law of 1994 (Streets and Highways Code §36600 et. seq.) authorizes the City to establish business improvement districts upon petition by a weighted majority of the business owners located within the boundaries of the district; and

WHEREAS, lodging business owners who will pay more than fifty percent (50%) of the proposed assessment, as weighted according to the amount of the assessment to be paid by the petitioner, within the boundaries of the MTMD have petitioned the City Council to establish the MTMD; and

WHEREAS, included with the petitions was a Management District Plan (Plan) summary that describes the proposed assessment to be levied on lodging businesses within the MTMD to pay for sales and marketing programs, and other improvements and activities set forth in the Plan; and

WHEREAS, the assessed lodging businesses within the MTMD will receive a specific benefit from the activities and improvements set forth in the Plan; and

WHEREAS, on May 7, 2019 at 5:30 PM 1010 10th Street, Modesto, CA 95354, the City Council adopted a Resolution of Intention, Resolution No. 2019-213; and

WHEREAS, the public meeting and public hearing to consider the establishment of the MTMD have been properly noticed in accordance with Streets and Highways Code §36623; and

WHEREAS, on June 11, 2019 at 5:30 PM at 1010 10th Street, Modesto, CA 95354, the City Council held a public meeting regarding the establishment of the MTMD, and the City Council heard and received objections and protests, if any, to the establishment of the MTMD and the levy of the proposed assessment; and

WHEREAS, on June 25, 2019 at 5:30 PM at 1010 10th Street, Modesto, CA 95354, the City Council held a public hearing regarding the establishment of the MTMD, and the City Council heard and received all objections and protests, if any, to the establishment of the MTMD and the levy of the proposed assessment; and

WHEREAS, the City Clerk has determined that there was no majority protest. A majority protest is defined as written protests received from owners of businesses in the proposed MTMD which would pay fifty percent (50%) or more of the assessments proposed to be levied. Protests are weighted based on the assessment proposed to be levied on each lodging business; and

WHEREAS, the City bears the burden of proving by a preponderance of the evidence that an assessment imposed for a specific benefit or specific government service is not a tax, that the amount is no more than necessary to cover the costs to the City in providing the specific benefit or specific government service, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the specific benefits or specific government services received by the payor.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL THAT:

1. The recitals set forth herein are adopted by the City Council as findings and they are true and correct.
2. The MTMD is hereby established for a four (4) year and eleven (11) month term, beginning August 1, 2019 through June 30, 2024.

3. The Plan dated April 11, 2019 is hereby adopted and approved.
4. The activities to be provided to benefit businesses in the MTMD will be funded by the levy of the assessment. The revenue from the assessment levy shall not be used: to provide activities that directly benefit businesses outside the MTMD; to provide activities or improvements outside the MTMD; or for any purpose other than the purposes specified in this Resolution, the Resolution of Intention, and the Plan. Notwithstanding the foregoing, improvements and activities that must be provided outside the MTMD boundaries to create a specific benefit to the assessed businesses may be provided, but shall be limited to marketing or signage pointing to the MTMD.
5. The City Council finds as follows:
 - a) The activities funded by the assessment will provide a specific benefit to assessed businesses within the MTMD that is not provided to those not paying the assessment.
 - b) The assessment is a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.
 - c) The assessment is a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.
 - d) Assessments imposed pursuant to the MTMD are levied solely upon the assessed business, and the business owner is solely responsible for payment of the assessment when due. If the owner chooses to collect any portion of the assessment from a transient, that portion shall be specifically called out and identified for the transient in any and all communications from the business owner as the "MTMD Assessment" or "Tourism Assessment" as specified in the Plan.
6. The assessments levied for the MTMD shall be applied towards sales and marketing programs to market Modesto lodging businesses as tourist, meeting and event destinations, and other improvements and activities as set forth in the Plan.

7. Assessments levied on lodging businesses pursuant to this resolution shall be levied on the basis of benefit. Because the services provided are intended to increase room rentals, an assessment based on room rentals is the best measure of benefit.
8. The assessments for the entire MTMD will total approximately \$284,350 in year one (1).
9. Bonds shall not be issued to fund the MTMD.
10. The MTMD shall include all lodging business located within the boundaries of the City of Modesto. A boundary map is **attached** hereto and incorporated herein by reference.
11. The assessments shall be used for the purposes set forth above and any funds remaining at the end of any year may be used in subsequent years in which the MTMD assessment is levied as long as they are used consistent with the requirements set forth herein.
12. The assessments to fund the activities and improvements for the MTMD will be collected by the City on a quarterly basis, and in accordance with Streets and Highways Code §36631.
13. The City Council, through adoption of this Resolution and the Plan, has the right pursuant to Streets and Highways Code §36651, to identify the body that shall implement the proposed program, which shall be the Owners' Association of the MTMD as defined in Streets and Highways Code §36612. The City Council has determined that Modesto Convention and Visitors Bureau shall be the MTMD Owners' Association.
14. Modesto Convention and Visitors Bureau, pursuant to Streets and Highways Code §36650, shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvement and activities described in the report. The first report shall be due after the first year of operation of the MTMD.
15. The MTMD established pursuant to this resolution will be subject to any amendments to the Property and Business Improvement District Law of 1994 (California Streets and Highways Code §36600 et. seq.).
16. The City Clerk, or his or her designee, is directed to take all necessary actions to complete the establishment of the MTMD and to levy the assessments.

17. This Resolution shall take effect immediately upon its adoption by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember ?, who moved its adoption, which motion being duly seconded by Councilmember ?, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-312**

**RESOLUTION APPROVING CITY HEALTH CARE CONTRIBUTION
INCREASES IN THE AMOUNT OF \$923,784 FOR CITY EMPLOYEES ON THE
CITY HEALTH INSURANCE PLAN AND A SICK LEAVE BENEFIT IN THE
AMOUNT OF \$75,000 FOR THE FISCAL YEAR 2019-20**

WHEREAS, the City of Modesto provides its employees with employee and dependent health insurance coverage; and

WHEREAS, on March 1, 2019 the premiums for health insurance increased with the change of health coverage carriers; and

WHEREAS, the City and Labor Groups met in good faith to agree on City contributions to cover increases in premiums; and

WHEREAS, the City agrees to raise City contributions in the amount of \$818,784 beginning June 25, 2019 and increasing the contribution by two (2%) percent on January 1, 2020 for a total amount of \$923,784 and a sick leave benefit in the amount of \$75,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the increase to health care contributions in the amount of \$923,784 for City employees on the city health insurance plan and a sick leave benefit of in the amount of \$75,000 for the fiscal year 2019-20 beginning June 25, 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-313**

RESOLUTION APPROVING A SUCCESSOR MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND MODESTO POLICE OFFICERS ASSOCIATION (MPOA) FOR A TERM OF JULY 1, 2019 TO JUNE 30, 2023 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Officers Association (MPOA) expired on June 30, 2019 and the Memorandum of Understanding between the City of Modesto and Modesto Police Management Association (MPMA) expires on June 30, 2019, and

WHEREAS, the two separate unions, MPOA and MPMA negotiated together as one union under MPOA, and

WHEREAS, representatives of the CITY and the MPOA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MPOA have reached agreement on language changes for a successor MOU which shall be **attached** hereto and made a part hereof as **Exhibit “A”**, and

WHEREAS, the MOU provides as follows:

ARTICLE 2. TERM. The term of the MOU shall be from July 1, 2019 to June 30, 2023.

ARTICLE 4. SALARY.

a. Effective June 23, 2020 - Increase base salary ranges for all classes by 3.0% as shown in **attached Exhibits “B” through “C”**.

b. Effective June 22, 2021 - Increase base salary ranges for all classes by 3.0% as shown in **attached Exhibits “D” through “E”**.

c. Effective June 21, 2022 - Increase base salary ranges for all classes by 3.0% as shown in **attached Exhibits “F” through “G”**.

d. Effective June 25, 2019, each employee shall contribute 1.5% of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

SECTION 5. MASTER OFFICERS PAY.

Effective June 25, 2019, employees shall be eligible for Master Police Officer Incentive Pay as follows:

1) Members are eligible for two and one half percent (2.5%) with a minimum of Ten (10) years of experience as a full time sworn Peace Officer AND three (3) years in a special assignment and/or FTO.

2) Members are eligible for an additional two and one half percent (2.5%) for a total of five percent (5.0%) with a minimum of fifteen (15) years of service as a sworn Peace Officer AND two (2) years in an additional special assignment (within the officer's total years of service) OR experience as a FTO OR possession of a POST Instructor Certificate for at least one (1) year OR one (1) year of supervisory experience.

3) Members are eligible for one percent (1.0%) for a total of six percent (6.0%) with twenty (20) years of service AND must meet the requirements above.

SECTION 5. RETENTION. For the term of this contract, the City shall pay each member one thousand dollars (\$1,000) as a retention bonus on the second pay period in July of each year. Employees must be a MPOA member in active paid status at time of pay date to be eligible.

SECTION 5. FIELD TRAINING. Effective June 25, 2019, Police Officers or Police Detectives temporarily assigned to act as Field Training Officers shall increase from \$30 per day to \$40 per day.

SECTION 5. EDUCATIONAL INCENTIVE PAY – MANAGEMENT. Employees in the rank of Lieutenant possessing both a bachelor’s degree and masters, as provided in Section 5: Special Compensation of the MOU, shall be eligible for a maximum pay differential of four percent (4%) regardless of the number of degrees obtained.

SECTION 12. HEALTH. Effective June 25, 2019 and the pay period that includes the premium rate changes for calendar year, 2020, 2021, 2022, and 2023 the City shall increase the monthly rate increase to medical, dental and vision insurance premiums as described below.

	2019	2020	2021	2022	2023
Employee only	\$622	\$634	\$648	\$660	\$673
Employee plus 1	\$1,112	\$1,134	\$1,157	\$1,180	\$1204
Employee plus family	\$1,572	\$1,603	\$1,635	\$1,668	\$1701
Opt out	\$498	\$508	\$519	\$528	\$539

SECTION 18. WELLNESS/SICK LEAVE INCENTIVE.

For the term of this contract, the Incentive Program allows employees to deposit the value of twenty-four (24) hours of regular sick leave into a Health Savings Account

(HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must meet the following requirements:

1. Must have a balance of no less than 240 hours of regular sick leave for the calendar year.
2. Sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage.

CHANGES AND REMAINING PROVISIONS. Other changes and remaining provisions of the July 1, 2016 through June 30, 2019 MOU and Letters of Agreements through June 30, 2019 between the CITY and MPOA shall continue in the new MOU. The exact language of all provisions shall be set forth in the MOU between the CITY and MPOA.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a successor Memorandum of Understanding between the City of Modesto and the Modesto Police Officers Association, which covers a term from July 1, 2019 through June 30, 2023, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager, or designee, is hereby authorized to take the necessary administrative action to implement the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

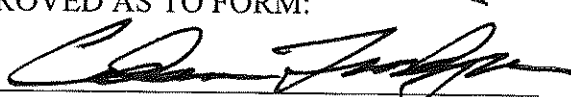

NOES: Councilmembers: None

**Tentative Agreement Between City
of Modesto
and
Modesto Police Officers Association**

June 5, 2019

Article 2. TERM OF MEMORANDUM

- a) The term of this Memorandum of Understanding shall be the period of July 1, 2019 through June 30, 2023, inclusive.
- b) The CITY and MPOA agree to begin subsequent negotiations no later than January 15, 2023.

Section 4. SALARY

B:

Effective June 23, 2020, the salary ranges shall be adjusted upward by three percent (3.0%) as provided in Exhibit A of this Agreement. Effective June 22, 2021, the salary ranges shall be further adjusted upward by an additional three percent (3.0%) as provided in Exhibit B of this Agreement. Effective June 21, 2022, said ranges will be further adjusted upward an additional three percent (3.0%) as provided in Exhibit C of this Agreement.

Effective the first full pay period following adoption by the City Council, each employee shall contribute one and one half percent (1.5%) of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

Section 5. SPECIAL COMPENSATION

A: Field Training

Effective June 25, 2019, Police Officers or Police Detectives temporarily assigned to act as Field Training Officers shall increase from \$30 per day to \$40 per day

I: Educational Incentive Pay – Management

Employees in the rank of Lieutenant possessing both a bachelor's degree and masters, as provided in Section 5: Special Compensation of the MOU, shall be eligible for a maximum pay differential of four percent (4%) regardless of the number of degrees obtained.

G: Master Police Officer Pay

Effective June 25, 2019, employees shall be eligible for Master Police Officer Incentive Pay as follows:

- 1) Members are eligible for two and one half percent (2.5%) with a minimum of Ten (10) years of experience as a full time sworn Peace Officer AND three (3) years in a special assignment and/or FTO
- 2) Members are eligible for an additional two and one half percent (2.5%) for a total of five percent (5.0%) with a minimum of fifteen (15) years of service as a sworn Peace Officer AND two (2) years in an additional special assignment (within the officer's total years of service) OR experience as a FTO OR possession of a POST Instructor Certificate for at least one (1) year OR one (1) year of supervisory experience.
- 3) Members are eligible for an additional one percent (1.0%) for a total of six percent (6.0%) with twenty (20) years of service AND must meet requirements above.

M: Retention

For the term of this contract, the City shall pay each member one thousand dollars (\$1,000) as a retention bonus on the second pay period in July of each year. Employees must be a MPOA member in active paid status at time of pay date to be eligible.

Section 18. SICK LEAVE

M: Wellness/Sick Leave Incentive

For the term of this contract, the Incentive Program allows employees to deposit the value of twenty-four (24) hours of regular sick leave into a Health Savings Account (HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must meet the following requirements:

1. Must have a balance of no less than 240 hours of regular sick leave for the calendar year.
2. Sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage.

Section 12. HEALTH

E:

Effective June 25, 2019 and the pay period that includes the health rate changes for calendar year 2020, 2021, 2022, and 2023 the City shall increase the monthly rate increase to medical, dental and vision insurance premiums as described below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-314**

**RESOLUTION GRANTING SALARY CHANGES TO NON-SWORN
UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES
INCLUDING CHARTER OFFICERS AND EXECUTIVES AND
UNREPRESENTED SWORN POLICE EMPLOYEES, AS OF JUNE 25, 2019,
RESCINDING RESOLUTION NO. 2019-165, AND AUTHORIZING THE CITY
MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY
ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES**

WHEREAS, on April 9, 2019, by Resolution No. 2019-165, Council approved Class Range Tables and salary schedule changes for unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the Council of the City of Modesto adopted an agreement with Modesto Police Officers Association (MPOA) on June 25, 2019 which included salary increases, and

WHEREAS, the City desires to approve a three percent (3.0%) base salary increase for all Unrepresented Sworn Police Management effective June 23, 2020; followed by an additional three percent (3.0%) base salary increase for all Unrepresented Sworn Police employees effective June 22, 2021 and an additional three (3.0%) base salary increase for all Unrepresented Sworn Fire employees effective June 21, 2020; and

WHEREAS, the City desires to maintain competitive position with the labor market.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approved the following:

1. SALARY RANGES, RATES AND EFFECTIVE DATES. For Unrepresented Fire Captains, the City shall increase the salary schedule by three percent (3.0%) effective April 16, 2019 and for all Unrepresented Sworn Fire employees, inclusive of the

Fire Chief, the City shall increase the salary schedule three percent (3.0%) effective June 25, 2019; followed by an additional increase of three percent (3%) effective June 23, 2020. For Unrepresented Police Management and for all Unrepresented Police employees, inclusive of the Police Chief, the City shall increase the salary schedule by three percent (3.0%) effective June 23, 2020, followed by an additional increase of three percent (3.0%) effective June 22, 2021; and an additional increase of three percent (3%) effective June 21, 2022. The salary rates, salary ranges and salary steps as set forth in the following **exhibits** which are **attached** hereto and made a part hereof provide for amending the Police Management salary ranges.

28. **Exhibit “A-7”** City of Modesto Schedule of Salary Ranges in City Service for FY 22/23, Effective June 21, 2022 – Management/Confidential Police Chief – Unrepresented.

2. CHARTER OFFICERS. The salaries for the positions of the Charter Officers shall be as follows effective March 1, 2016:

<u>TITLE</u>	<u>HOURLY</u>	<u>BI-WEEKLY</u>	<u>MONTHLY</u>
City Manager	103.68	8,294.40	18,040.32
City Attorney	78.75	6,299.88	13,702.24
City Clerk	53.13	4,250.40	9,244.62

3. USE OF CLASSES. The designated classes of positions may be used in any organizational unit of the City deemed proper by the City Manager.

4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

6. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for

part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

8. REPEAL. Resolution No. 2019-165 is hereby rescinded effective June 25, 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember ?, who moved its adoption, which motion being duly seconded by Councilmember ?, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-315**

**RESOLUTION RESCINDING RESOLUTION NO. 2019-166 TO UPDATE
BENEFIT OFFERINGS FOR UNREPRESENTED MANAGEMENT AND
SWORN POLICE MANAGEMENT EMPLOYEES; AND AUTHORIZING THE
CITY MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY
ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES**

WHEREAS, on April 9, 2019, by Resolution No 2019-166, Council approved salary and benefit changes to Unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the City has historically implemented terms and conditions of employment for Unrepresented Police Management consistent with the terms and conditions of employment covering employees in the Modesto Police Management Association (MPMA) bargaining unit, and

WHEREAS, the Modesto Police Management Association (MPMA) is now merged with the Modesto Police Officers Association (MPOA).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. PROBATIONARY PERIOD. All original and promotional appointments to positions in the Classified Service shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness, whether or not job-related, shall not be considered as part of any probationary period, and such time will be added to

the probationary period. Any further extension of probation will only be upon mutual agreement. During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

SECTION 2. COMPENSATORY TIME OFF CAP. Management and Confidential employees who are overtime-eligible shall be paid quarterly for all CTO over their established cap. For employees hired on or after December 6, 2005, the CTO cap shall be 100 hours. For employees hired before December 6, 2005, the cap shall be 160 hours.

SECTION 3. HOLIDAY CAP. Holiday time for unrepresented non-sworn employees may be accrued up to a maximum of 40 hours. When the employee reaches the 40 hour maximum, additional holiday time shall be compensated in cash at straight time rates on a quarterly basis.

SECTION 4. MANAGEMENT LEAVE. Commencing January 1, 2012, management employees in exempt regular positions shall be advanced 80 hours of Management Leave (Fire Battalion Chiefs on a 56-hour schedule shall be advanced 112 hours) January of each calendar year to be taken at the discretion of the employee and upon approval of City Manager, or designee, and shall be prorated for less than full-time employees. Management Leave will be forfeited if not used by the last pay period ending in December. An exempt employee hired after Management Leave has been advanced shall be eligible for a pro-rated portion of Leave.

In the event of separation from City employment of any person who has taken Management Leave prior to the time all of said leave is earned, the employee shall be required to make full restitution to the City for that portion of leave taken but remaining unearned on the date of termination of employment. Employees separating from City service will be paid for earned Management Leave credit.

SECTION 5. MANAGEMENT LEAVE ANNUAL CASHOUT. The maximum number of hours available for cash out each December shall be 40 hours annually for Management employees. All employees may cash out Management Leave once annually during the pay period in which December 1 falls.

Effective December 2007, the maximum annual cash out shall be 80 hours for Executives and Charter Officers, and 60 hours for Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City Attorney and Deputy City Attorney I/II/III/Senior. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cash out shall be 84 hours.

SECTION 6. MEDICAL LEAVES OF ABSENCE. Effective December 6, 2005, employees requesting an Authorized Medical Leave of Absence without pay, due to a medical incapacity to perform the duties of their position, must provide written medical verification of a long-term disability, illness or injury.

SECTION 7. CATASTROPHIC LEAVE. Effective December 6, 2005, employees requesting Catastrophic Leave donations must provide a written medical verification of long term illness or injury, or verification of a family member's illness or injury.

SECTION 8. NEGATIVE VACATION. Effective March 7, 2006, use of

negative vacation will be permitted only for extenuating circumstances and will require the approval of the City Manager, or designee.

SECTION 9. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cash out up to 61 hours of vacation leave per calendar year (at straight time rates) and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003. Employees in the classification of Fire Battalion Chief working a 56 hour schedule shall be afforded the opportunity to cash out up to 72 hours of vacation leave per calendar year (at straight time rates) effective June 20, 2000, and up to 132 hours of holiday leave per calendar year (at time and one-half). Holiday leave may not be carried over year-to-year regardless of the schedule worked.

SECTION 10. SICK LEAVE. Non-sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective the pay period ending October 22, 2012. Sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective pay period ending August 25, 2014. For employees hired on or before December 31, 2010 and who promoted to an unrepresented management classification, employee's grandfathered accrued balance and regular sick accrued balance shall follow the employee. Employees who promote from MCFFA shall have their sick leave balance as of promotion date split between grandfathered sick leave and regular sick leave as follows:

- Grandfathered sick bank – Eligible for sick leave balance on the books as of

September 8, 2015, reduced by hours previously converted to Deferred Compensation, and up to the amount of hours in employee's sick leave bank upon promotion.

•Regular sick bank – remaining sick leave balance as of promotion date not grandfathered When taking sick leave, employees with grandfathered sick leave banks shall utilize new sick leave accrued hours prior to utilizing hours from the grandfathered bank.

For the term of this contract, the Incentive Program allows employees to deposit the value of twenty-four (24) hours of regular sick leave into a Health Savings Account (HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must meet the following requirements: Must have a balance of no less than 240 hours of regular sick leave for the calendar year. Sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage.

SECTION 11. SICK LEAVE CASHOUT FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire management employees who leave City service in good standing (other than retirement) after five (5) years of continuous service, shall be paid the first twenty- two hundred (2,200) hours of their current unused grandfathered sick leave, reduced by hours previously converted to Deferred Compensation, as follows: (1) Ninety (90%) percent of sick leave hours as of the date of the employee's initial promotion to a management classification shall be paid out at the current regular rate of pay (top step) for Fire Captain, and (2) In addition, twenty-five (25%) percent of the remaining sick leave hours accrued after promotion to a management classification shall be paid out at the employee's then current regular rate of pay. Sworn Police Management

employees may deposit the value of twenty-four (24) hours of regular sick leave into a Health Savings Account (HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must have a balance of no less than 240 hours of regular sick leave for the calendar year and sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage.

SECTION 12. PROMOTION. Employees promoted on or after November 17, 2015, prior to an employee's promotion to an unrepresented management classification, all compensatory time off (CTO) and grandfathered compensatory time off (GCTO) shall be compensated in cash at the employee's then current regular rate of pay.

SECTION 13. MASTERS DEGREE INCENTIVE PAY. Effective June 29, 2004, employees who possess a Master's Degree or Juris Doctor from an accredited institution, shall be granted one and one half percent (1.5%) Masters Pay, subject to criteria as established by the City. Effective December 26, 2017, for Unrepresented Sworn Police employees who possess a Master's Degree or who have obtained their certificate from either Command College or the Federal Bureau of Investigations National Academy shall be granted two and one half percent (2.5%) Masters Pay.

SECTION 14. REGISTRATION AND CERTIFICATION FEES. Effective July 1, 2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam fee, if any).

SECTION 15. VEHICLE ALLOWANCE. Per Resolution No. 2001-271 effective July 1, 2001, the vehicle allowance for Executives and Charter Officers who receive an allowance, shall be \$400/month, and the City Manager is authorized to grant Deputy Directors either an assigned City vehicle or a vehicle allowance in the amount of \$300/month. The City Manager is also authorized to grant selected Management employees a vehicle allowance of \$100-\$200/month based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting City business. Effective May 27, 2008, per Resolution 2008-305, the vehicle allowance for Charter Officers is increased to a maximum of \$500/month.

SECTION 16. UNIFORM ALLOWANCES. Uniform allowances for unrepresented Management and Confidential employees who are required to wear a uniform, are as follows:

<u>Positions</u>	<u>Effective Date</u>	<u>Allowance</u>
Sworn Police	February 1, 2015	\$101.67
Sworn Fire Management	April 16, 2019	\$100.00

SECTION 17. POST CERTIFICATION PAY. Effective September 6, 2016, Police Captains who provide evidence that they have received a Supervisory POST Certificate shall be eligible for one and eight tenths percent (1.8%) certification pay. Effective March 7, 2017, the same shall be eligible for an additional two percent (2.0%) certification pay for a total of ten percent (10%). Effective September 6, 2016, Police Captains who provide evidence that they have received a Management POST Certificate shall be eligible for two and three tenths percent (2.3%) certification pay. Effective

December 27, 2016, Management POST Certificate pay shall be eight percent (8.0%).
Effective March 7, 2017, Management POST Certificate pay shall be ten percent (10%).
Effective September 6, 2016, Police Chief shall be eligible for five percent (5.0%)
Executive POST pay. Effective January 10, 2016, Police Chief shall be eligible for an
additional five percent (5.0%) Executive POST pay, for a total of ten percent (10%).
These amounts are not cumulative and Captains receiving Management POST pay shall
not also receive Supervisory POST pay. The maximum allowable POST pay is ten
percent (10.0%).

SECTION 18. BONUS PAY FOR UNREPRESENTED POLICE
MANAGEMENT. City shall pay one thousand dollars (\$1,000) to Sworn Police
Management as a retention bonus to be paid out in the second pay period of November
each year for the term of the contract.

SECTION 19. ASSISTANT CHIEF OF POLICE ASSIGNMENT PAY.
Effective May 26, 1998, subject to the approval of the City Manager, the Police Chief
may appoint employees currently employed by the Police Department in the
classification of Police Captain to the assignment of Assistant Chief of Police. Such
appointment may be made without competitive examination and shall continue at the will
and pleasure of the Police Chief. The Police Chief may end the assignment at any time
and such employee shall return to an assignment as Police Captain (unless removed due
to dismissal) at a step no lower than the step the employee held at time of assignment.
The total number of assignments shall be at the sole discretion of the City Manager.

SECTION 20. EMERGENCY MEDICAL TECHNICIAN CERTIFICATION
PAY.

Sworn Fire Management employees in the classifications of Fire Battalion Chief and Fire Division Chief, who are certified as Emergency Medical Technicians (EMT-I), shall receive a five percent (5.0%) of the base salary for their classification. Effective July 12, 2016, the five percent (5%) pay for EMT certification will be rolled into base salary for their classification.

SECTION 21. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized five percent (5%) Haz Mat Pay, when certified as a Hazardous Materials Specialist and assigned to administer the City of Modesto's participation in the Regional Hazardous Materials Response Team. This pay replaced the annual Haz Mat Stipend.

SECTION 22. ALS PARAMEDIC PAY. Effective July 14, 2015, one (1) Fire Department Battalion Chief or Division Chief shall be authorized six percent (6%) ALS Paramedic pay, when assigned to the ALS Paramedic Program and have the required California State Paramedic License and all additional local required ALS certifications.

SECTION 23. FIRE CHIEF OFFICER SHIFT STIPEND. Effective December 2, 2014, Fire Battalion Chiefs and Fire Division Chiefs assigned to work extra shifts in order to maintain a consistent staffing of two (2) Battalion Chiefs to the extent possible, may receive a stipend of one thousand five hundred dollars (\$1,500) per 24-hour shift. Criteria for assignment to extra shifts with the stipend shall be at the discretion of the Fire Chief, who shall also determine when staffing at the level of one Battalion Chief is acceptable. The Fire Chief shall annually determine the maximum number of assignments available for stipend, subject to funds budgeted and the needs of the City. As FLSA

Exempt management employees, Fire Battalion Chiefs and Fire Division Chiefs may be required to work both emergency and non-emergency assignments without additional compensation.

SECTION 24. MUTUAL AID ASSIGNMENT. Sworn Fire Management employees in the classification of Fire Battalion Chief and Fire Division Chief shall receive a stipend when assigned to fill Strike Team and Task Force Leader assignments. Fire Battalion Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of \$1500 for a 24 hour period. Fire Division Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of \$1500 for a 24 hour period subject to the following conditions:

1. The assignment results from a request through the California Office of Emergency Services.
2. The assignment is subject to reimbursement through the "Cooperative Agreement for Local Government Fire Suppression."
3. Regularly scheduled work hours are not included and partial periods are pro-rated to the nearest hour.

The City Manager is authorized to adjust the stipend amount, from time to time, consistent with increases in overall Fire Management salaries and reimbursement rates.

SECTION 25. DEFERRED COMPENSATION 457 PLAN. The CITY shall continue to provide access to a 457 deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and one-half

percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective January 1, 2006, this increase in the City's contribution shall be effective with the first pay period to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

SECTION 26. DEFERRED COMPENSATION 401(a) MONEY PURCHASE PLANS. The 401(a) Money Purchase Plans shall provide for a City-paid contribution and equal mandatory employee contribution, effective January 1, 2006, of 5% for Charter Officers, 3% for Executives other than Charter Officers, and 2% for all other unrepresented Management and Confidential employees.

SECTION 27. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to health, dental and vision benefits for Unrepresented Management and Confidential employees, including Charter Officers and Executives, shall be a three-tier system as follows and the City contribution (excluding opt out) shall increase by two (2) percent annually as follows:

	Beginning July 1, 2019	2020	2021	2022
Opt-out of City Medical Coverage	\$525.00	\$525.00	\$525.00	\$525.00
Employee only	\$622.00	\$634.00	\$648.00	\$660.00
Employee plus 1	\$1112.00	\$1134.00	\$1157.00	\$1180.00
Employee plus family	\$1572.00	\$1603.00	\$1635.00	\$1668.00

The City shall deposit into the employee's deferred compensation account any balance remaining from the above listed contributions not needed to pay for the employee's health, dental or vision premiums. Effective July 22, 2008, for employees enrolled in the City-sponsored High Deductible Health Plan, any balance of said contributions shall be directed to the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

SECTION 28. DOMESTIC PARTNERS. Benefits applicable to spouses shall be extended to registered domestic partners, as required by law.

SECTION 29. RETIREE HEALTH INSURANCE. Employees who retire prior to December 31, 2015, may elect on a one-time basis at retirement to purchase health, dental and vision insurance under a City-authorized plan and are responsible for all cost.

Non-sworn employees hired **on or before December 31, 2010** and who retire from the City prior to October 23, 2012 after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided in

an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

Non-sworn employees hired **on or before December 31, 2010** and who retire from the City between October 23, 2012 and December 31, 2014, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided as needed to cover the cost of retiree health, dental and vision premiums up to a monthly rate of \$621 for retiree without dependents and up to \$1,100 for retirees with dependent coverage.

Sworn employees hired **on or before December 31, 2010** and who retire from the City prior to January 1, 2015, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at a rate of eight (8) hours equals one month of contribution (employees promoted on or after December 30, 2014 into a Fire Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution). Said insurance shall be provided in an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

For all Non-Sworn and Sworn employees hired on or before December 31, 2010 who retire from the City on or after January 1, 2015, the City will no longer offer retiree medical plans through City's group plans effective December 31, 2015, however, retirees may elect on a one-time basis at retirement the option to purchase and maintain City's dental and vision plans at retiree's cost. For these employees who retire after five (5) continuous years of service in good standing may, on a one time basis, have ninety (90%) percent of their unused grandfathered sick leave converted to the City sponsored defined contribution retiree medical benefit plan at the rate of eight (8) hours equals one month of contribution (Fire Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution) to purchase medical insurance. For each eight hours (or twelve hours) converted to the retiree medical program, the recipient shall be provided a monthly contribution under one of the following schedules:

<u>Non-Medicare Eligible Recipient</u>	<u>Medicare Eligible Recipient</u>
Retiree Only = \$500	Retiree Only = \$250
Retiree +1 Dep = \$1,000	Retiree +1 Dep = \$500
Retiree + Family= \$1,000	Retiree + Family = \$500

Combined contributions for Retirees

1 Non-Medicare + 1 Medicare coverage = \$750

Retiree only contribution for eligible recipients is allowable regardless of where the retiree acquires authorized and legitimate medical insurance coverage (i.e. through State Exchange, through individual insurance company, through a current employer, or through spouse employer). Retiree shall not be eligible to receive a contribution for

dependent, spouse, or registered domestic partner under the Retiree + 1 or Retiree + Family levels if retiree's dependent, spouse, or registered domestic partner has medical insurance coverage through their current employer, is covered under Retiree's current employer, or if Retiree does not purchase individual insurance for dependent. Upon retirement only, the City shall transfer contributions based on eligibility above into the City's sponsored Retiree Health Reimbursement Arrangement (HRA) for the individual. Employees will not be eligible for these contributions should they separate from City service prior to retirement. Contributions to eligible retirees will be made as follows: Upon Retirement – initial contributions will be made for the months following loss of coverage with City through either December 31st or June 30th, whichever date is earlier. Contributions will be deposited no later than 30 days after retirement date.

Ongoing Contribution – a semi-annual years' worth of contributions will be made on a semi- annual basis no later than Jan 31st (for months January – June) and July 31st (for months July - December) until exhaustion of sick leave conversion. To receive the semi-annual contribution, the retiree must provide the City with proof and cost of coverage by December 15th each year to receive a contribution for the following calendar year. Failure to provide proof of coverage will result in the retiree losing a City contribution for that calendar year; however, if the retiree provides proof of coverage before June 15th, the retiree will be eligible for the July contribution. Lose of contribution will not result in a reduction to the number of months the retiree is eligible to receive contributions in the future. If retiree has a status change during any calendar year that would change the monthly contribution, such as a marriage, divorce, death, birth, spouse or dependent loss of coverage, the City will reconcile the new amount the retiree

is eligible for with the following semi-annual contribution. The change in status is presumed effective the 1st of the month following the month when the retiree provided notice to the City of the change in status. For example, if the retiree's status changes from retiree only to retiree +1 on November 15, the City will provide an additional \$500 along with the total semi-annual contribution for the following calendar year to compensate the retiree for the change in status for the month of December in the previous calendar year. If the retiree's change in status results in monies owed to the City, the City will recoup the amount owed by deducting it from the following semi-annual contribution. However, in the event of a death of the retiree receiving a contribution for the retiree only level during the calendar year in which the contribution was already received, any remaining months of contribution will be deleted for subsequent calendar years, but the City will not endeavor to seek payments already made for the months following the retiree's death. In the event of the death of retiree participating in the contribution program, surviving qualified spouse will be eligible to receive a contribution for the following calendar year if the retiree would have been eligible to receive a contribution. If eligible, the contribution will be consistent with the eligibility criteria set above and continue until the exhaustion of the deceased retiree's sick leave bank, upon the death of the surviving spouse, upon the spouse and/or dependents coverage for other insurance through an employer, or upon voluntarily election to not continue with the contribution program.

For employees hired on or before December 31, 2010, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA). For non-sworn

employees, effective July 2, 2013, the City shall contribute \$25.00 per month. For sworn employees, effective August 26, 2014 the City shall contribute \$25.00 per month. For a full time employee, this equates to a maximum of \$300 per year. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month. Beginning January 1, 2015, the defined City contribution for non-sworn and sworn employees shall increase annually through January 1, 2019, by an additional \$10 per year, per employee each January. The defined City contribution shall be a maximum contribution of \$75 per month by January 2019. For all employees regardless of date of hire by January 1, 2019, the City will increase the City contribution to the City HRA by an additional ten dollars (\$10.00) monthly per employee effective January 1, 2017; followed by an additional increase of ten dollars (\$10.00) monthly per employee effective January 1, 2018; and followed by an additional increase of ten dollars (\$10.00) monthly per employee effective January 1, 2019.

The contribution effective January 1, 2019 will be \$100.

For all unrepresented employees (sworn and non-sworn) hired on or after January 1, 2011, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA) account. An employee is eligible to receive a City HRA contribution upon completion of two full years. If an employee separates employment before meeting eligibility requirement, the employee shall receive no benefit. On the first pay period following completion of two full years of continuous City service, the CITY shall deposit \$2,400 into an HRA account established in the employee's name. Employees in regular positions budgeted less than eighty (80) hours per pay period or

job-shared positions, shall receive a pro-rated lump sum contribution based on hours worked. After the initial contribution is made, the City shall contribute \$100 per month for each eligible full time employee.

Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro- rated amount per month. Employees hired on or after January 1, 2011 and subject to this defined contribution plan shall not be eligible for any sick leave conversion towards retiree medical premiums of any sort. The City's contribution under this section represents the entire contribution towards employee retiree medical.

SECTION 30. PAYCHECK ADVICES. All employees who are on direct deposit will no longer be receiving hard-copy pay advices for. Employees will now be able to utilize the Employee self-service tool available via Oracle under the CoM Employee Self Service responsibility to view their pay advices including their annual W-2s. For any employees who currently are still receiving a payroll pay check, they will continue to receive a hard copy check with their attached payroll remittance. Pay advices will be available anytime during payday Friday and payslips can be printed utilizing city computer workstation.

SECTION 31. EDUCATIONAL INCENTIVE PAY. Effective July 1, 2018, Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief shall be eligible for Educational Incentive Pay for designated certifications or degrees as follows:

- 1) Fire Science/Fire Officer 1%
- 2) AA/AS 2%

- 3) BA/BS 3.5%

Qualifying certificates and degrees:

- 1) Fire Science or Fire Technology certificate from a community college accredited by the Western Association of Schools and Colleges OR completion of Fire Officer Certification from the Office of the California State Fire Marshal.

- 2) Associates Degree in Fire Science, Fire Technology, or a related field, OR a Bachelor's Degree in Fire Science, Fire Management, Public Safety Administration or a related field. Fire Chief reserves the right to determine qualifying degrees.

Education incentives are not stackable or cumulative. Employees receive pay for the highest certification or degree earned.

SECTION 32. LONGEVITY INCENTIVE PAY. Effective July 1, 2018, Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief shall be eligible for Longevity Incentive Pay for the following years of service:

- 1) 10 years of service 1.5%
- 2) 15 years of service 3%
- 3) 20 years of service 4%

Longevity incentives are not stackable or cumulative. Employees receive pay for the highest years of service for which they qualify.

SECTION 33. UNFUNDED LIABILITY.

- 1) Effective April 16, 2019, each unrepresented Fire Management employee shall contribute one percent (1.0%) of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

2) Effective June 25, 2019, each Police Management employee shall contribute one and one half percent (1.5%) of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2019-166 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-316**

**RESOLUTION AMENDING THE FISCAL YEAR 2019-20 OPERATING
BUDGET IN THE AMOUNT OF -\$1,468 FOR THE MPOA INCREASES AND IN
THE AMOUNT OF \$24,357 FOR THE UNREPRESENTED SWORN POLICE
PERSONNEL INCREASES FOR TOTAL OF \$22,889**

WHEREAS, funding for the MOU agreement between the City and MPOA is currently not budgeted in fiscal year 2019-20, and

WHEREAS, certain budgetary actions are required to fulfill this action.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the fiscal year 2019-20 operating budget in the amount of \$22,889.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-317**

RESOLUTION APPROVING THE PAYMENT OF HARDWARE AND SOFTWARE MAINTENANCE SUPPORT AGREEMENTS FOR FISCAL YEAR 2019-20 FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$4,226,906; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE ROUTINE RENEWAL AGREEMENTS ASSOCIATED WITH EXHIBIT B

WHEREAS, the City has an ongoing need for maintenance/support agreements for hardware and software assets utilized by the City of Modesto, and

WHEREAS, the expenditures for maintenance/support agreements have been approved by Council through the budget process, and

WHEREAS, the items listed in **Exhibit A and B** have current agreements that have been approved through the required contracting and purchasing policies and processes and are categorized based on where the contract authority resides, and

WHEREAS, in order to maximize efficiencies, staff is recommending the Council consider authorizing payment of these agreements in one action instead of authorizing them individually as their respective invoices are presented for payment, and

WHEREAS, staff requests the approval for payment of invoices presented for Fiscal Year 2019–20 for an estimated annual cost not to exceed \$4,226,906.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves payment for invoices for various hardware and software maintenance/support agreements from software companies for Fiscal Year 2019-20 for an estimated annual cost not to exceed \$4,226,906.

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute routine renewal agreements over \$50,000 for hardware and software maintenance support during Fiscal Year 2019-20.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of June, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-318**

RESOLUTION APPROVING A ONE-TIME PURCHASE WITH ATLANTIC MACHINERY, INC., SILVER SPRINGS, MD., BY UTILIZING “PIGGYBACKING” UNDER THE COMPETITIVE BID PROCESS WITH NATIONAL JOINT POWERS ALLIANCE (NJPA)/SOURCEWELL, FOR A VAC-CON COMBINATION SEWER AND STORM DRAIN CLEANER MOUNTED ON A NEW PETERBILT 348 6X4 TRUCK CHASSIS FOR A TOTAL AMOUNT NOT TO EXCEED \$455,917 AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE TO ISSUE THE PURCHASE ORDER, AND RESCINDING RESOLUTION NO. 2019-212

WHEREAS, the Vac-Con combination sewer and storm drain cleaner replacement unit will be used by the Water Construction Division, and

WHEREAS, replacement units are essential in maintaining current operations, facilities and/or services assigned to various departments, and

WHEREAS, the Vac-Con has the capacity to clean up large water leaks in emergency situations and is used to excavate around buried utilities such, and

WHEREAS, in reviewing the National Joint Powers Alliance (NJPA)/Sourcewell Request for Proposals (RFP) for Sewer Vacuum, Hydro-Excavation and Street Sweeper Equipment with Related Accessories and Supplies, and

WHEREAS, on December 21, 2017 thirty proposals were formally opened, and

WHEREAS, thirteen vendors were awarded contracts, and

WHEREAS, Modesto Municipal Code authorizes entities to rely on terms that have already been competitively bid “piggybacking” in certain situations; based on the review of the bidding process for National Joint Powers Alliance (NJPA)/Sourcewell, the City will “piggybacking” on their bid, and

WHEREAS, Resolution 2019-212 was approved by Council to award the purchase of the Vac-Con combination sewer and storm cleaner to Municipal Maintenance Equipment (MME), and

WHEREAS, MME is the incorrect vendor and the correct vendor is Atlantic Machinery, and

WHEREAS, the Purchasing Manager has determined, pursuant to Section 8-3.204(d) of the MMC, that the process other than the formal bid procedure set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, sufficient funds for Vac-Con Combination Sewer and Storm Drain Cleaner have been encumbered in the Fleet Replacement Fund 5409.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase of a Vac-Con Combination Sewer and Storm Drain Cleaner mounted on a new Peterbilt 348 6x4 truck.

BE IT FURTHER RESOLVED, the Purchasing Manager, or her designee, is hereby authorized to issue a purchase order for an estimated cost of \$455,917.

BE IT FURTHER RESOLVED, that Resolution No. 2019-212 is hereby rescinded.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-319**

RESOLUTION APPROVING A PAYMENT TO THE STANISLAUS ANIMAL SERVICES AGENCY IN THE AMOUNT OF \$112,583 FOR THE FISCAL YEAR 2017-18 PARTNER ALLOCATION TRUE-UP

WHEREAS, in 2009, the cities of Ceres, Hughson, Modesto, Patterson, Waterford and the County of Stanislaus entered into a Joint Powers Agreement establishing the Stanislaus Animal Services Agency; and

WHEREAS, the agreement states that “the joint operations and management of an animal shelter for the mutual benefit of the parties and their respective residents provides efficiency and economy in government operations through the cooperation of member governments and the pooling of common resources”; and

WHEREAS, the fiscal matters related to the Stanislaus Animal Services Agency are outlined in Section 5 of the Agreement; and

WHEREAS, at the completion of each fiscal year, the Stanislaus Animal Services Agency performs a final accounting; and

WHEREAS, historically, the prior years have closed with a surplus resulting from the previous fiscal year Operating Budget fund balance, and

WHEREAS, the final accounting for Fiscal Year 2017-2018 resulted in a deficit in the amount of \$202,231; and

WHEREAS, On February 21, 2019, the Stanislaus Animal Service Agency Joint Powers Authority Board voted to approve the true-up of Fiscal Year 2017-18 partner agency financial contributions and authorized the Executive Director to invoice the partner agencies for their respective contributions.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a payment to the Stanislaus Animal Services Agency in the amount of \$112,583 for the Fiscal Year 2017-2018 partner allocation true-up.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-320**

**RESOLUTION CALLING A SPECIAL ELECTION FOR THE CITY OF
MODESTO TO ANNEX TERRITORY TO CITY OF MODESTO COMMUNITY
FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)**

WHEREAS, on May 28, 2019, by Resolution No. 2019-244, Council adopted a Resolution of Intention to Annex to indicate its intention to annex certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and authorize the levy of the District special taxes within the territory proposed to be annexed (the "Annexed Territory"), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and set a hearing thereon, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004, create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, the Annexed Territory will be annexed to and subject to the special taxes in Tax Zone #2, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk, and

WHEREAS, a map of the Annexed Territory, entitled “Annexation Map No. 17 of Community Facilities District No. 2004-1 (Village One #2) City of Modesto, County of Stanislaus, State of California” was recorded on June 11, 2019, in the Office of the County Recorder of the County of Stanislaus, in Book 5 of Maps of Assessment and Community Facilities Districts, at page 87, and

WHEREAS, at the time and date set for the hearing (July 2, 2019) pursuant to the Resolution of Intention to Annex, this Council held the public hearing, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon, and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory, and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners, and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election.

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

1. The foregoing recitals are true and correct.
2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form **attached** hereto as **Exhibit A**.

6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowner(s) of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

7. Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 2nd

day of July 2019. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

8. The City Clerk shall accept the ballots of the qualified electors in the office of the City Clerk up to and including 5:30 p.m., Pacific Time, on July 2, 2019, and/or up to the conclusion of the Public Hearing, whether said ballots shall be personally delivered or received by mail.

9. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

10. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

11. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

12. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

13. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the

“Resolution of Formation”). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681), and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-321**

RESOLUTION DECLARING THE RESULTS OF THE JULY 2, 2019 SPECIAL ELECTION AND ORDERING THE ANNEXATION OF THE ADDITIONAL TERRITORY TO CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2019-244 entitled A Resolution of Intention to Annex Territory to City of Modesto Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes within the Territory Proposed to be Annexed (Annexation No. 17)", pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, the owners of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2019-320, adopted on July 2, 2019, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for July 2, 2019, or as soon thereafter as practicable, relative to the foregoing; and

WHEREAS, on July 2, 2019, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owner or owners of the territory proposed to be annexed are as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is **attached**.

3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2019-244 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory.

4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

ADAM U. LINDGREN, City Attorney

CERTIFICATE OF CITY CLERK

I, STEPHANIE LOPEZ, City Clerk of the City of Modesto, hereby certify that, pursuant to Resolution No. 2019-320, A Resolution of the City Council of the City of Modesto Calling an Election for the Purpose of Submitting the Levy of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) Special Taxes to the Qualified Electors of the Territory Proposed to be Annexed to the District (Annexation No. 17) adopted on July 2, 2019, by the City Council of the City of Modesto, I did conduct the Special Tax Election on July 2, 2019, and that the election was conducted by mail or in person at the City Hall of the City of Modesto.

I further certify that the following shows the full text of the measure submitted to the voters at the election and the full and true totals of all votes cast for and against the measure.

MEASURE SUBMITTED TO VOTE OF VOTERS

Proposition A. Shall special taxes for Tax Zone #2, with maximum rates, method of apportionment, and manner of collection as provided in Exhibit A to the City’s Resolution No. 2004-683, entitled “A Resolution of the City Council of the City of Modesto Creating Tax Zone #2 in Community Facilities District No. 2004-1 (Village One #2), Approving an Increase in the One-Time Facilities Special Tax Therein, and Approving Updates of the Rate and Method of apportionment of Special Taxes for the District”, adopted by the City Council of the City of Modesto on December 14, 2004, which is incorporated herein by this reference, be levied within the territory proposed to be annexed to Tax Zone #2 of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) pursuant to the City’s Resolution No. 2019-244, entitled “A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 17)” adopted by the City Council of the City of Modesto on May 28, 2019, for the purposes set forth in Resolution No. 2004-199, entitled “A Resolution of the City Council of the City of Modesto of Formation, Establishing City of Modesto Community Facilities District No. 2004-1 (Village One #2), Authorizing the Levy of Special Taxes within the District, Preliminarily Establishing an Appropriations Limit for the District, and Calling an Election for the Purpose of Submitting the Levy of the Special Taxes and the Establishment of the Appropriations Limit to the Qualified Electors of the District”, adopted by the City Council of the City of Modesto on April 6, 2004, which is incorporated herein by this reference?

Stephanie Lopez
City Clerk of the City of Modesto

Dated: _____, 2019

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-322**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): REZONE FROM PROFESSIONAL OFFICE, (P-O), TO NEIGHBORHOOD COMMERCIAL, (C-1), PROPERTY LOCATED AT THE NORTHWEST CORNER OF SYLVAN AVENUE AND FOREST GLENN DRIVE

WHEREAS, on March 5, 2019, by Resolution No. 2019-108, City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, Leslie Minson has proposed a rezone from Professional Office (P-O) zone to Neighborhood Commercial (C-1) zone, property located at the northwest corner of Sylvan Avenue and Forest Glenn Drive, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2019-14 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on June 12, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on July 2, 2019, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone from Professional Office (P-O) zone to Neighborhood Commercial (C-1) zone, property located at the northwest corner of Sylvan Avenue and Forest Glenn Drive, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki

NOES: Councilmembers: None

ABSENT: Councilmembers: Ridenour, Mayor Brandvold

ATTEST:

EXHIBIT A

Initial Study

EA/C&ED 2019-14

City of Modesto

Finding of Conformance with the Urban Area General Plan Master EIR (SCH No. 2014042081)

Initial Study Environmental Checklist C&ED No. 2019-14

For the proposed:

RZN-19-002 – Rezone from Professional Office (P-O) zone to
Neighborhood Commercial (C-1) zone at the northwest corner of
Sylvan Avenue and Forest Glenn Drive

**Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division**

May 14, 2019

(Intentional Blank Page)

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Rezone from Professional Office (P-O) zone to Neighborhood Commercial (C-1) zone is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Rezone from Professional Office (P-O) zone to Neighborhood Commercial (C-1) zone
- B. Address or Location: Northwest corner of Sylvan Avenue and Forest Glenn Drive
- C. Applicant: Leslie Minson
- D. City Contact Person: Paul Liu, Principal Planner

Project Manager: Paul Liu
Department: Community and Economic Development Department
Phone Number: 209 577 5267
E-mail address: pliu@modestogov.com

- E. Current General Plan Designation(s): Mixed Use
- F. Current Zoning Classification(s): Professional Office, P-O
- G. Surrounding Land Uses:
 - North: Assisted living complex
 - South: Duplexes
 - East: City Park

West: Medical office

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The proposed project is to rezone 1.17 acres from P-O zone to C-1 zone. No specific development has been proposed with the rezone. Development of the site will need to apply for a Development Plan Review application.

- I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR;
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,

2. **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,

3. **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;

- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,

Paul Liu
Project Manager

Principal Planner
Title

5-14-19
Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MASTER EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5)	The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6)	Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

1. TRAFFIC AND CIRCULATION	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a rezone of 1.17 acres from P-O zone to C-1 zone. It will have no effect on the circulation system. The Master EIR assumed vehicle trips based on a Mixed Used designation which allows a mixture of uses that include residential, commercial, office, and institutional. The project will not increase vehicle trips above what is assumed in the adopted Master EIR because it accounted for a mixture of office and commercial uses.
- (2) The proposed project will have no effect on the level of service standard established by the county congestion management.
- (3) The proposed project will have no effect on air traffic patterns.
- (4) The proposed project will not increase circulation hazards due to design or incompatible uses or have no effect on emergency access above what is assumed in the adopted Master EIR.
- (5) The proposed project will have no effect on alternative transportation policies.
- (6) The proposed project will have no effect on Level of Service.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse gases.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan air quality and greenhouse gas policies.
- (2) The proposed project will not conflict with any air quality plan.
- (3) The proposed project will not violate any air quality standard or contribute substantially to an existing or projected violation.
- (4) The proposed project will have no increase of any criteria pollutant effect on Urban Area General Plan air quality and greenhouse gas policies.
- (5) The proposed project will have no effect on sensitive receptors.
- (6) The proposed project will not result in the creation of objectionable odors.
- (7) The proposed project will not generate greenhouse gas emissions above what is assumed in the adopted Master EIR.
- (8) The proposed project will not conflict with a plan, policy or regulation adopted for the purpose of reducing the emission of greenhouse gasses.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City's noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

3. NOISE AND VIBRATION	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

3. NOISE AND VIBRATION	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA L _{max} inside bedrooms or 55 dBA L _{max} inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan noise and vibration policies.
- (2) The proposed project will not generate excessive permanent noise or vibration levels. Construction of any new building will generate a temporary amount of noise and vibration. The Master EIR contains mitigation measures to minimize the impacts so that they are less than significant.
- (3-4) The proposed project will not generate any noticeable increase in ambient noise levels above what is assumed in the adopted Master EIR.
- (5-6) The proposed project is not close to a public airport or private airstrip.
- (7) The proposed project is not within 200 feet of active rail lines.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

4. EFFECTS ON AGRICULTURAL RESOURCES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan agricultural resources policies.
- (2) The proposed project will not convert any farmland. The site is infill surrounded by urban development.
- (3) The proposed project will have no effect on any agricultural use or Williamson Act contract.
- (4-5) The proposed project will have no effect on any forest land or timberland.
- (6) The proposed project will have no effect on farmland or forest land.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the water supply policies.
- (2) The proposed project will have no effect on groundwater supply above what is assumed in the adopted Master EIR.
- (3-4) The proposed project will have no effect on water demand above what is assumed in the adopted Master EIR.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
effects.				
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the wastewater policies.
- (2) The proposed project will have no effect on sewage flows and no effect on wastewater facilities above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on wastewater capacity above what is assumed in the adopted Master EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

7. LOSS OF PLANT AND WILDLIFE HABITAT	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

7. LOSS OF PLANT AND WILDLIFE HABITAT	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
ordinance.				
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on wildlife and plant habitat policies.
- (2) The proposed project will have no effect on a candidate, sensitive, or special status species in local or regional plans.
- (3) The proposed project will have no effect on riparian habitat or other sensitive natural community identified in local or regional plans.
- (4) The proposed project will have no effect on wetlands. No wetlands exist on or near the site.
- (5) The proposed project will have no effect on native resident or migratory fish or wildlife species.
- (6) The proposed project will have no effect on local policies or ordinances protecting biological resources.
- (7) The proposed project will have no effect on local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

8. ARCHAEOLOGICAL / HISTORICAL SITES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on archaeological/historical resource policies.
- (2) The proposed project will have no effect on historical buildings or landmarks. There are no historical buildings or landmarks that exist on or near this site.
- (3) The proposed project will have no effect on existing structures that are more than 50 years old that are determined to have historical significance.
- (4) The proposed project will have no effect on known significant resources.
- (5) The proposed project will have no effect on cultural resources.
- (6) The proposed project will have no effect on tribal cultural resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto's urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

9. INCREASED DEMAND FOR STORM DRAINAGE	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on storm drainage policies.
- (2-3) The proposed project will have no effect on surface runoff above what is assumed in the adopted Master EIR.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

10. FLOODING AND WATER QUALITY	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

10. FLOODING AND WATER QUALITY	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.				
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on flooding and water quality policies.
- (2) The proposed project will not result in more housing within a 100-year flood hazard zone.
- (3) The proposed project will not be in the 100-year floodplain.
- (4) The proposed project will not expose people to flooding.
- (5) The proposed project will not alter existing drainage patterns of the site that would result in flooding onsite or offsite.
- (6) The proposed project will have no effect on water quality standards or waste discharge requirements.
- (7) The proposed project will have no effect on existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation.
- (8) The proposed project will have negligible contribution to water runoff above what is assumed in the adopted Master EIR.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

11. INCREASED DEMAND FOR PARKS AND	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on parks and open space policies.
- (2) The proposed project will have no effect on parks and open space above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on parks and open space needs above what is assumed in the adopted Master EIR.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

12. INCREASED DEMAND FOR SCHOOLS	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in new	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

12. INCREASED DEMAND FOR SCHOOLS	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.				

Discussion:

- (1) The proposed project will have no effect on school policies.
- (2) The proposed project will have no effect on SB 50/Proposition 1A funding provisions.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

13. INCREASED DEMAND FOR POLICE SERVICES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on police policies.
- (2) The proposed project will not result in the need for more police personnel and facilities.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

14. INCREASED DEMAND FOR FIRE SERVICES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on fire service policies.
- (2) The proposed project will not result in the need for more fire service facilities.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

15. GENERATION OF SOLID WASTE	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on solid waste policies.
- (2) The proposed project will have no effect on landfills or solid waste-reduction facilities above what is assumed in the adopted Master EIR.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

16. HAZARDS AND HAZARDOUS MATERIALS	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

16. HAZARDS AND HAZARDOUS MATERIALS	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
airstrip, a safety hazard would result for people residing or working in the project area.				
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on hazardous materials policies
- (2) The proposed project will not involve hazardous materials.
- (3) The proposed project will not result in emitting hazardous emissions or handling hazardous materials.
- (4) The proposed project will not be located on a hazardous materials site.
- (5-6) The project site is not within two miles of any airport.
- (7) The proposed project will not interfere with an emergency response plan or evacuation plan.
- (8) The proposed project will not expose people to wildland fires. The project site and surround area is already developed with urban uses.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

17. GEOLOGY, SOILS, AND MINERAL RESOURCES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on geology, soils, and mineral resources policies.
- (2) The proposed project will not result in exposing people or structure to seismic activities, location on expansive soils, or loss of mineral resources above what is assumed in the adopted Master EIR.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

18. ENERGY	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on energy policies.
- (2) The proposed project will not result in wasteful energy consumption during future construction activities above what is assumed in the adopted Master EIR.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

19. VISUAL RESOURCES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially degrade the existing visual character or quality of	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

19. VISUAL RESOURCES	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
the site and its surroundings.				
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is consistent with the Urban Area General Plan visual resource policies.
- (2) The proposed project will not have an adverse effect on a scenic vista.
- (3) The proposed project will not damage scenic resources.
- (4) The proposed project will not degrade the visual character of its surroundings above what is assumed in the adopted Master EIR.
- (5) The proposed project will not create light or glare that would affect views.
- (6) The proposed project will have no effect on views from riverside areas and parks.
- (7) The proposed project will have no effect on views of riverside areas from public roadways and nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

20. LAND USE AND PLANNING	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will be consistent land use and planning policies. The proposed rezone would be an extension of the commercial centers on the west side of Kingswood Drive along Sylvan Avenue.
- (2) The proposed project will not result in the physical division of an established community.
- (3) The proposed project will have no effect on a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact.
- (4) The proposed project will have no effect on applicable habitat conservation plan or natural community conservation plan.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Air Quality and Greenhouse Gases:

AQ-100. Reduce particulate emissions from construction, grading, excavation, and demolition to the maximum extent feasible in accordance with the requirements of SJVAPCD Regulation VIII. Regulation VIII was adopted to reduce the amount of particulate matter suspended in the atmosphere as a result of emissions generated from anthropogenic (man-made) fugitive dust sources. (Policy VII.H.2.jj)

AQ-101. Require all access roads, driveways, and parking areas serving new commercial and industrial development to be constructed with materials that minimize particulate emissions in accordance with the requirements of SJVAPCD Regulation VIII and are appropriate to the scale and intensity of use. (Policy VII.H.2.kk)

AQ-102. Reduce PM10 emissions from City-maintained roads to the maximum extent feasible. (Policy VII.H.2.ll)

AQ-103. Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes. (Policy VII.H.2.mm)

AQ-104. Effectively stabilize dust emissions using water or chemical stabilizer / suppressant, all onsite unpaved roads and off-site unpaved access roads. (Policy VII.H.2.nn)

AQ-105. Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities. (Policy VII.H.2.oo)

AQ-106. Wet all exterior surfaces of buildings that are more than six stories tall during demolition. (Policy VII.H.2.pp)

AQ-107. When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container. (Policy VII.H.2.qq)

AQ-108. Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (Policy VII.H.2.rr)

AQ-109. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, effectively stabilize said piles for fugitive dust emissions utilizing sufficient water or chemical stabilizer / suppressant. (Policy VII.H.2.ss)

AQ-110. Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday. (Policy VII.H.2.tt)

AQ-111. Prevent carryout and trackout for any site with 150 or more vehicle trips per day. (Policy VII.H.2.uu)

AQ-112. Limit traffic speeds on unpaved roads to 15 mph. (Policy VII.H.2.vv)

AQ-113. Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%). (Policy VII.H.2.ww)

AQ-114. Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site. (Policy VII.H.2.xx)

AQ-115. Install wind breaks at windward side(s) of construction areas. (Policy VII.H.2.yy)

AQ-116. Suspend excavation and grading activity when winds exceed 20 mph (regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit). (Policy VII.H.2.zz)

AQ-117. Limit the area subject to excavation, grading, and other construction activity at any one time. (Policy VII.H.2.aaa)

Generation of Noise and Vibration:

Noise-4 Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (UAGP Policy VII-G.3.b)

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

AH-14: For any project that involves earth-disturbing activities within the archaeological resource study area (defined as the Riparian and Vernal Pool Locations shown on MEIR Figure V-7-1), or on a site determined to be archaeologically or culturally sensitive by City staff through consultation with Native American tribes or bands and a qualified archaeologist, require the project applicant to implement the following mitigation measures, at a minimum:

- (1) Where excavation or construction would occur outside of areas where development has occurred, or where excavation / construction would occur at depths greater than existing foundations, roads, and/or trenches in the immediate vicinity, evaluate the site via a qualified archaeologist retained by the project applicant. Said evaluation would include at minimum a records search, a Phase I pedestrian survey, and preparation of an archaeological report containing the results of this cultural resources inventory identification effort for submittal to the Central California Information Center. If a Phase II archaeological evaluation is recommended, complete a report of the survey and any excavations with recommendations prior to project approval;
- (2) In the event of the discovery of a burial, human bone, or suspected human bone, immediately halt all excavation or grading in the vicinity of the find and protect the area of the find. The project applicant shall immediately notify the Modesto Police Department and County Coroner of the find and comply with the provisions of California Health and Safety Code Section 7050.5,

including California Public Resources Code Section 5097.98, if applicable. If human remains are identified, also retain a Native American monitor at the applicant's expense;

- (3) A qualified archaeological monitor will be present and will have the authority to stop and redirect grading activities, in consultation with the Native Americans and their designated monitors, to evaluate the significance of any Native American archaeological resources discovered on the property; and,
- (4) Relinquish ownership of all Native American human remains and/or artifacts that are found within the project area, to the appropriate Native American Most Likely Descendent (MLD), as assigned by the Native American Heritage Commission, for proper treatment and disposition. The MLD will decide whether or not standard archaeological analysis will be allowed on human remains and associated artifacts from burials.
- (5) If paleontological resources are discovered during earth-moving activities, the construction crew shall immediately cease work in the vicinity of the find, and the City's Planning Manager shall be notified. A qualified paleontologist shall evaluate the resource to determine if it is significant. If the resource is significant, prepare a proposed mitigation plan in accordance with Society of Vertebrate Paleontology guidelines. The proposed mitigation plan may include a field survey of additional construction areas, sampling and data recovery procedures, museum storage coordination for any specimen recovered, and a report of findings. Recommendations determined by the lead agency to be necessary and feasible shall be implemented before construction activities can resume at the site where the paleontological resources were discovered. (UAGP Policy VII.F.2[k])

AH-15: Whenever possible, avoid disturbing or damaging archaeological resources. Preservation in place to maintain the relationship between the artifacts and the archaeological context is the preferred manner of mitigating impacts to archaeological sites. Preservation may be accomplished by:

- (1) Planning construction to avoid archaeological sites;
- (2) Incorporating sites within parks, green space, or other open space;
- (3) Covering the sites with a layer of chemically stable soil; and/or,
- (4) Deeding the site into a permanent conservation easement.

When in-place mitigation is not feasible, data recovery through excavation may be necessary. A data recovery plan, which makes provisions for adequately recovering the scientifically consequential information about the site, shall be prepared and adopted prior to any excavation being undertaken. Such studies must be deposited with the Central California Information Center in Turlock, California. Special rules apply to any archaeological sites known to contain human remains (Health and Safety Code Section 7050.5; Guidelines Section 15126.4(b)).

Data recovery shall not be required if the lead agency determines that testing or studies already completed have adequately recovered the necessary data, provided that the data have already been documented in another EIR and are available for review at the California Historical Resource Regional Information Center (Guidelines Section 15126.4(b)). (UAGP Policy VII.F.2[l])

AH-16: Allow reasonable time for the qualified archaeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time,

excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site. (UAGP Policy VII.F.2[m])

AH-17: If any find is determined to be significant by the qualified archaeologist, representatives of the construction contractor and the City, the qualified archaeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) will meet to determine the appropriate course of action. (UAGP Policy VII.F.2[n])

AH-18: All cultural materials recovered as part of a monitoring program are subject to scientific analysis, professional museum curation, and a report prepared according to current professional standards. (UAGP Policy VII.F.2[o])

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-323**

RESOLUTION APPROVING THE ANNUAL RATE ADJUSTMENT TO THE MAXIMUM RATE SCHEDULE FOR CITY SOLID WASTE COLLECTION SERVICES PROVIDED BY THE GARBAGE HAULERS, FOR AN INCREASE OF \$0.81 PER MONTH FOR RESIDENTIAL SERVICES, \$2.33 PER CUBIC YARD PER MONTH FOR COMMERCIAL SERVICES, AND \$5.42 PER PULL FOR INDUSTRIAL SERVICES EFFECTIVE JULY 1, 2019, AND RESCINDING RESOLUTION NO. 2019-36 FOR THE JANUARY 1, 2019 MID-YEAR RATE ADJUSTMENT

WHEREAS, with the adoption of Ordinance No. 3068-C.S. in November of 1997, the City no longer sets rates for the collection of garbage in Modesto, and instead performs a comprehensive review of cost information submitted by the contract garbage haulers, and

WHEREAS, the City sets the maximum rate that the haulers may charge for the various types of services provided under the contracts based on cost data provided by the lowest cost hauler, and

WHEREAS, Section f (2) of the City's Service Agreements with its solid waste collectors requires that when the City makes adjustments to the collection services provided under the Agreements, any additional costs should be covered by adjustments to the maximum rates, and

WHEREAS, in addition, maximum rates for solid waste collection services are reviewed annually as per the Agreements with the City's garbage collection companies, and

WHEREAS, on June 12, 2018, by Resolution No. 2018-242, Council approved the annual rate adjustment to the Maximum Rate Schedule for Solid Waste Services conducted by SCS Engineers, Inc. based on the haulers FY 15/16 audited financial statements, and

WHEREAS, during the rate hearing staff proposed a mid-year rate review utilizing the FY 16/17 audited financial statements with any adjustments to become effective January 1, 2019, and

WHEREAS, on January 22, 2019, by Resolution No. 2019-36, Council approved the mid-year annual rate adjustment to the Maximum Rate Schedule rate review, and

WHEREAS, the proposed rate review utilizes the audited financial statements of the garbage haulers for FY 17/18, and

WHEREAS, during the Solid Waste Rate Study it was determined that residential, commercial, and industrial customers should be contributing fees based on the allocation of waste combined with the number of customers from each sector, and

WHEREAS, the allocation for FY 17/18 is 49.4% residential, 23.9% commercial, and 26.7% industrial, and

WHEREAS, the residential and commercial allocations decreased slightly and industrial increased as compared to FY 16/17, and

WHEREAS, these percentage allocations were then utilized in applying fees accordingly, and

WHEREAS, to keep enterprise revenues in line with the increases in expenses each year, staff applied a Consumer Price Index (CPI) adjustment of 2.4% to the Recycling and Green Waste Diversion Program Fees, and

WHEREAS, the current maximum monthly rate for standard residential service is \$34.71 per household per month, and

WHEREAS, based on the cost structure of the lowest cost hauler, the FY 17/18 audited financial statements, and the rate analysis conducted by staff, an \$0.81 increase in the maximum residential rate is recommended for a new maximum residential rate of

\$35.52, to be effective July 1, 2019, and

WHEREAS, the current base maximum rate for commercial detachable container service is \$46.50 for one-cubic yard picked up once weekly per month, and

WHEREAS, based on the cost structure of the lowest cost hauler, the FY 17/18 audited financial statements, and the rate analysis conducted by staff, a \$2.33 increase in the base maximum commercial rate is recommended for a new maximum rate for commercial detachable container service of \$48.83 for one-cubic yard picked up once weekly per month, to be effective July 1, 2019, and

WHEREAS, the maximum rates for industrial drop boxes and roll-off compactors are set for the pickup charge and daily rental rate only, and

WHEREAS, the actual disposal charge is negotiated directly between the garbage collection company and the customer, and

WHEREAS, the current maximum rate per pick-up is \$405.79, however, based on the cost structure of the lowest cost hauler utilizing the FY 17/18 audited financial statements and analysis conducted by staff, a \$5.42 increase in the maximum rate per pick-up is recommended for a new rate of \$411.21 per pick-up, to be effective July 1, 2019, and

WHEREAS, it was found and determined by the Council of the City of Modesto that the existing schedules of rates and charges for garbage service in the City of Modesto should be revised as recommended, and

WHEREAS, the fiscal impact related to the proposed adjustments for residential, commercial and industrial garbage and recycling services will increase revenue over the next fiscal year to the General Fund by \$58,100, the Streets Fund by \$29,400, the Solid Waste Fund by \$13,800, and the Green Waste Fund by \$132,300.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the Maximum Charges for Garbage Services provided by the garbage haulers, as **attached** hereto as **Attachment A**, dated July 1, 2019, and incorporated herein by reference. Said Maximum Charges for Garbage Service shall include all other services as stipulated in the Service Agreements and shall become effective July 1, 2019 and shall remain in effect until revised or rescinded by Council.

BE IT FURTHER RESOLVED, that Resolution No. 2019-36 for the January 1, 2019 mid-year rate adjustment is hereby rescinded effective July 1, 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 2nd day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

NOTATION: Pursuant to Section 11-6.16(c)(2) of the Modesto Municipal Code, the garbage company may require a deposit equivalent to two months service charge from customers prior to beginning service. The deposit will be credited back to the customer after 18 months under specified conditions.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-324**

RESOLUTION APPROVING AN EIGHTH AMENDMENT TO THE LEASE AGREEMENT WITH SKY TREK AVIATION FUELS, INC., EXTENDING THE AGREEMENT FOR 20 YEARS SET TO EXPIRE IN 2053, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE EIGHTH AMENDMENT

WHEREAS, Skytrek Aviation Fuels, Inc (“SKY TREK”), is a tenant of the City at the Modesto City-County Airport; and

WHEREAS, Sky Trek has a long-term Lease Agreement with the City, initially entered into on February 21, 1989, that will expire in 2033; and

WHEREAS, Sky Trek and the City have executed seven amendments to the Lease Agreement, by Resolution Nos. 89-910, 90-824, 92-366, 93-646, 94-49, 97-114, 1999-510; and

WHEREAS, Sky Trek, for the duration of the Lease Agreement with the City has remained in good standing; and

WHEREAS, Sky Trek and the City have agreed to amend the Lease Agreement, and

WHEREAS, Sky Trek and the City agree to extend the Lease Agreement for an additional twenty (20) years, set to expire on November 23, 2053; and

WHEREAS, Sky Trek and the City will both mutually benefit from this Eighth Amendment to the Lease Agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Eighth Amendment to the Lease Agreement with Sky Trek Aviation Fuels, Inc., that extends the lease agreement an additional twenty (20) years, terminating on November 23, 2053.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Eighth Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-325**

**RESOLUTION AMENDING FISCAL YEAR 2018-2019 ANNUAL OPERATING
AND CAPITAL IMPROVEMENT FUND BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2018-19.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2018-19 Annual Operating and Capital Improvement budget as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

FISCAL YEAR 2018-19

COMMUNITY AND ECONOMIC DEVELOPMENT

A budget adjustment is needed in the Village One Community Facilities District (CFD) Fund (3200) to budget \$2,500 in revenues related to refunds and damages and \$75,100 in expense related to repair & maintenance, utility expense, services city forces-interfund, and legal service.

A budget adjustment is needed in the Village One #2 CFD Fund (3290) to budget \$2,500 in revenues related to refunds and damages and \$74,600 in expense related to repair & maintenance, utility expense, services city forces-interfund, and legal service.

A budget adjustment is necessary to recognize \$242,831 of unbudgeted revenue for Project #100673 (Abatement of Public Nuisance). The increase comes from Abatement Reimbursements, Abatement Program Administrative Costs, Abatement Program Citations, Civil Penalties, Miscellaneous Revenues and Interest Revenue. The expense budget will be increased by \$433,020 to match the overall revenue budget.

HUMAN RESOURCES DEPARTMENT

A budget adjustment in the amount of \$1,780,658 is necessary in the Workers Compensation Fund (5320) to budget the workers compensation excess insurance revenue and increase the claim payments expense budget by the same amount.

A budget adjustment in the amount of \$2,626,000 is needed to establish a transfer from the Employee Benefits Fund (5510) to the Insurance – Health Fund (5360) and increase the claim payments budget by the same amount. On April 2, 2019, via Resolution 2019-147, the Council approved the use of \$2,626,000 of Employee Benefit Fund reserves to fund unpaid healthcare claims, however the required fiscal resolution was not included in the Council item to allow the transfer and increase in budget.

A budget adjustment in the amount of \$250,000 is needed to increase the budget in the Employee Benefit Fund Admin (5520) to fund professional and legal services related to unbudgeted labor contract negotiations and Riverstone Insurance legal costs.

NON-DEPARTMENTAL

A budget adjustment is necessary to increase the revenues in the Non-Departmental cost center which is used to house the revenues associated with the major taxes received by the City of Modesto. These adjustments are ones that were presented in the mid-year adjustment report that went to Finance Committee in January and were overlooked on being taken to Council on a previous monthly adjustment. This action will correct that oversight. The revenues being adjusted are noted on the table below:

Revenue						
Account Number	Account Name	Department	Current Budget	Adjustment	Revised Budget	
0100-90001-41201	Sales and Use Taxes	General	\$ 31,238,582	\$ 400,000	\$ 31,638,582	
0100-90001-41402	Business License Tax - Mill Tax	General	\$ 10,408,454	\$ 800,000	\$ 11,208,454	
0100-90001-41403	Business License Tax - Mill Tax DID	General	\$ -	\$ 100,000	\$ 100,000	
0100-90001-41204	Transient Occupancy Tax	General	\$ 2,340,177	\$ 100,000	\$ 2,440,177	
0100-90001-41406	Business Tax - Cannabis Tax	General	\$ 1,500,000	\$ (1,200,000)	\$ 300,000	
0100-90001-42420	Intergov - Local - McHenry Tax Sharing Agreement	General	\$ 2,200,000	\$ 150,000	\$ 2,350,000	
				Total Adjustments	\$ 350,000	

PARKS RECREATION AND NEIGHBORHOODS

A budget adjustment is necessary to establish the Tuolumne River Regional Park (TRRP) Riverwalk Trail – Gateway to Neece Drive Boat Launch Project (101164) appropriations in the amount of \$150,000 within the TRRP Capital Improvement Program (CIP) Fund (6710) and a \$150,000 transfer in from Parks Capital Facility Fee Fund (3460) to cover these costs. This project will fund the design, permitting, bidding and development of the Riverwalk Trail from the TRRP Gateway Parcel to the Future Neece Drive Boat Launch which will include pathways, site furnishings and habitat restoration.

PUBLIC WORKS

A budget adjustment is necessary to decrease the FY 2018-19 10th Street Joint Powers Agreement (JPA) Allocation from various City funds for the assessment that was approved by the 10th Street JPA Board on May 22, 2018. The City received confirmation that the Board Chambers Project Upgrade is complete and that their assessment is being reduced to \$848,228 for the fiscal year. A budget adjustment is necessary in the amount of \$105,687 to account for the reduction in the City's assessment:

Fund Name	Fund	Decrease
General Fund	0100	\$ (65,270)
HUD Administration	1133	\$ (821)
Capital Improvement Support	1300	\$ (5,722)
Surface Transportation Fund	1700	\$ (3,319)
Water Fund	4100	\$ (12,488)
Sewer Operations Fund	4210	\$ (4,277)
Bus Fixed Route Max Operations Fund	4540	\$ (3,176)
Solid Waste Fund	4891	\$ (2,751)
Mail Services ISF	5120	\$ (271)
Information Technology Fund	5230	\$ (6,666)
Insurance - Administration Fund	5310	\$ (527)
Employee Benefits Management Fund	5520	\$ (399)
	Grand Total	\$ (105,687)

This adjustment will also decrease the revenue and expenses in the 10th Street JPA Fund by the amounts below in the following accounts:

Account	Amount
5810-52310-42405 (City of Modesto Contribution)	\$ (105,687)
5810-52310-53505 (Intergovernmental Services – Other)	\$ (105,687)

A budget adjustment in the amount of \$805,072 to fund 4540-53490-53505 is necessary for the payment of pass-through Federal Transit Administration grant funds to the City's Sub-grantee Stanislaus Regional Transit (StaRT). A budget adjustment increasing revenue account 4540-53490-42113 in the amount of \$805,072 is also necessary to record the revenues reimbursed by FTA from grants CA-2017-157-00 and CA-2019-001.

The following adjustments are being made from the various city Fleet Replacement sub-funds to the Fleet Replacement Fund (5409). This action is being done to correct prior year transactions and to reimburse the Fleet Replacement Fund (5409) for vehicle purchases that had been made as required by fund accounting rules in FY 18-19. Below is a table showing the net effect in each sub-fund as a result of the various adjustments.

Fund	Fund Name	Net Impact of Adjustments
1139	CDBG Direct Program Fleet Replacement Fund	(\$10)
1709	Surface Transportation Fleet Replacement	\$6,783
4109	Water Fleet Replacement Fund	(\$2,220)
4219	Wastewater Fleet Replacement Fund	\$89,959
4899	Solid Waste Fleet Replacement Fund	\$89,959
5410	GF Equipment Replacement	\$616,979
	Total Transfer Outs	\$801,450
5409	Transfer In – Fleet Management Fleet Replacement	\$801,450
	Total Transfer Ins	\$801,450

A budget adjustment is necessary to correct the transfer from Community Development Block Grant (CDBG) Direct Program Fleet Replacement Fund 1139 to Fleet Replacement Fund 5409 by decreasing the amount by \$10 for purchase made in FY16/17: (1) Mid-size Sedan.

A budget adjustment is necessary to establish a transfer in the amount of \$6,783 from Surface Transportation Fleet Replacement Fund 1709 to Fleet Replacement Fund 5409 for purchases made in FY 18/19: (1) Walk Behind Roller.

A budget adjustment is necessary to correct the transfer from Water Fleet Replacement Fund 4109 to Fleet Replacement Fund 5409 by decreasing the amount by \$2,220 for purchase made in FY17/18: (1) ¾ Ton Extended Cab Utility Truck.

A budget adjustment is necessary to establish a transfer in the amount of \$89,959 from Wastewater Fleet Replacement Fund 4219 to Fleet Replacement Fund 5409 for purchases made in FY 18/19: (1) Loader with Claw Attachment.

A budget adjustment is necessary to establish a transfer in the amount of \$89,959 from Solid Waste Fleet Replacement Fund 4899 to Fleet Replacement Fund 5409 for purchases made in FY 18/19: (1) Loader with Claw Attachment.

A budget adjustment is necessary to establish a transfer in the amount of \$616,979 from General Fund (GF) Fleet Replacement Fund 5410 to Fleet Replacement Fund 5409 for purchases made in FY16/17, FY17/18, and FY18/19: (10) Investigation Sedan, (8) Patrol Sedan, (2) SUV, (1) Patrol K9 Sedan, (1) Sargent Sedan, (1) Patrol Slick Top Sedan, (1) TPU Patrol Sedan, (1) Hybrid Gas/Electric Sedan, (1) Small/Medium Sedan, (1) Investigation Van, (1) Seven Passenger Van, and (1) Mid-Size ½ Ton Truck.

A budget adjustment is necessary to recognize \$150,000 of unbudgeted Department of Transportation (Caltrans) revenue in the Capital Grants – Streets CIP Projects Fund, Fund 3160, to the Upgrade Traffic Signals – 2019 Capital Improvement Project, #101186, and reallocate funding to Engineering/Design/Administration expense task as approved by Caltrans per the E-76.

A budget adjustment is necessary to recognize \$150,000 of unbudgeted Department of Transportation (Caltrans) revenue in the Capital Grants – Streets CIP Projects Fund, Fund 3160, to the Upgrade ATMS – 2019 Capital Improvement Project, #101192, and reallocate funding to Engineering/Design/Administration expense task as approved by Caltrans per the E-76.

UTILITIES

A budget adjustment is necessary to establish the Arc-Flush Study project (101189) appropriations in the amount of \$200,000 from the Wastewater Reserves (Fund 4210). This project will identify and address safety requirement at wastewater lift stations citywide.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-326**

**RESOLUTION APPROVING UPDATES TO THE CHANGE ORDER
APPROVAL POLICY FOR THE CITY OF MODESTO CAPITAL
IMPROVEMENT PROJECTS (CIP)**

WHEREAS, on July 19, 1994 under Resolution 94-443, City Council approved establishing a Change Order approval policy for the City of Modesto Capital Improvement Construction projects, and

WHEREAS, this written policy provided clear and defined guidelines within the Public Works and Transportation Department to issue contract change orders consistent with the City's construction principles and practices with maintaining Council controls over the budgetary concerns, and

WHEREAS, the policy revisions includes defining the department authorized to approve the change orders and added delegation authority for management positions.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a policy revision entitled "Change Order Approval Policy," a copy of which is **attached** here to marked **Exhibit A** and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

CITY OF MODESTO
CITY COUNCIL POLICY

ORIGINAL EFFECTIVE DATE: 07/19/1994
REVISE EFFECTIVE DATE: POLICY NUMBER:
3.6
CITY DEPARTMENT: UTILITIES

SUBJECT: Change Order Approval Policy

PURPOSE:

Providing a written policy establishing clear guidelines within which the Utilities Departments can issue Contract Change Orders on Capital Improvement Projects (CIP) and/or Public Works Projects.* The policy is consistent with current-day construction principles and practices while maintaining Council control over budgetary concerns.

BACKGROUND:

Each Construction Contract includes language which provides the Director of Utilities with the authority to execute Change Orders during the course of construction. In the opinion of the City Attorney's Office, this language appears to delegate complete and unlimited authority to the Director. By approval of this policy, the Council also provides that authority.

POLICY:

The Director of Utilities are authorized to issue changes in construction contracts via written change orders within the limitations established below after determining that the change order is within the original project scope, both reasonable and necessary and that funds are available in the approved Capital Improvement Program budget.

1. For contracts originally awarded for a cost of less than \$250,000, the Director has the authority to issue change orders for an increase in contract price of up to \$25,000, provided that the sum of all such change orders for any single contract does not exceed \$25,000.
2. For contracts originally awarded for a cost of at least \$250,000, but less than \$1,000,000, the Director has the authority to issue change orders, provided the sum of all such change orders for any single contract does not exceed ten percent (10%) of the original contract price.
3. For contracts originally awarded for a cost of at least \$1,000,000, but less than \$10,000,000, the Director has the authority to issue change orders, provided the sum of all such change orders for any single contract does not exceed eight percent (8%) of the original contract price.
4. For contracts originally awarded for a price of \$10,000,000 or more, the Director has the authority to issue change orders, provided the sum of all such change orders for any single contract does not exceed six percent (6%) of the original contract price.

LEGISLATIVE HISTORY:
RESO 94-443

POLICY No. 3.6

5. Any individual change order in excess of \$20,000 will require the approval of both the Director and the City Manager.
6. Any individual change order up to \$5,000 will require the approval of the Senior Civil Engineer over Construction Administration Division.
7. Any individual change order up to \$20,000 will require the approval of the Engineering Division Manager.
8. Variance from the above limitations may be requested at the time of bid award for unusual situations, including, but not limited to contracts for building renovations. In addition, variances may be requested in response to unforeseen conditions which may arise in the field.
9. Notwithstanding the above limitations, if in the Director's discretion it becomes necessary to issue a change order in order to:
 - Prevent the interruption of work which has the potential to result in a substantial increase in cost to the City; or
 - Protect the work, equipment, or materials to be used in the work, human safety, or the environment at or near the site of the work, from substantial and immediate danger or injury; or
 - Protect, where damage or injury has occurred, the work, equipment, or materials to be used in the work, human safety, or the environment, at or near the site of the work from further damage, injury or deterioration caused by man, nature or other sources;

The Director shall have the authority to issue change orders in such sums as may reasonably be necessary for such purposes; provided, however, in the event any such action exceeds the specific authority set forth in the above, the Director shall report to the City Council regarding any such action as soon as it is reasonably possible, but no later than thirty (30) days subsequent. If said change orders will require an adjustment to the approved budget for the project, prior approval shall be obtained based on the appropriate budget approval authority.

* Capital Improvement Projects (CIP): A capital improvement project provides for the construction, repair, or improvement of buildings or grounds. This includes new construction, additions, renovations, renewals, repairs, site development, utility services, extensions and plant improvements, parking facilities, roads, traffic, fixed equipment installation and similar projects. Capitalization begins with a minimum project budget of \$50,000.

*Public Works projects: A Public Works project provides for the construction or improvement of public buildings, works, drains, sewers, utilities, parks, playgrounds and streets (exclusive of projects for resurfacing, maintenance and repair of streets, or any park or parks playground project).

Directive requires City Council Approval.

Original Council approval – Resolution 94-443.

REPORT ON COMPLIANCE OF THE MEASURE L: LOCAL ROADS FIRST
TRANSPORTATION FUNDING MEASURE**

WHEREAS, in November of 2016 the voters of Stanislaus County approved the county wide, 25-year, half-cent sales tax increase for the Local Roads First Transportation Funding Measure, known as Measure L. As part of the safe guards built into the expenditure plan an annual independent audit and annual reporting must be completed, and

WHEREAS, on December 12, 2017, per resolution 2017-505, Council approved the Measure L master funding agreement with the Stanislaus Council of Governments (StanCOG) which requires an annual independent audit of all of recipients Measure L accounts which audit shall be conducted at recipients sole cost and expense, and

WHEREAS, for the audit related to FY 2017-2018 the City received information from StanCOG that they would be conducting the annual audit and that it would be at the expense of StanCOG as part of the 1% allowable administrative expenses within the Measure L ordinance, and

WHEREAS, the accounting firm of Hudson Henderson & Company, Inc., was selected by StanCOG to conduct the Fiscal Year 2017-2018 audit report, and

WHEREAS, as part of the City's Fiscal Year 2017-2018 Measure L Program Audit, the accounting firm verified the revenues and expenditures, fund balances, and that the Maintenance of Effort requirement was met, and

WHEREAS, Hudson Henderson & Company, Inc. issued the final independent auditor's report of the Measure L program for the fiscal year ending in June 30, 2018. In

addition, the firm issued a letter to the Policy Board of Stanislaus Council of Governments with the final report. Both the final report and the letter to StanCOG did not have any findings for the year ending June 30, 2018.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2017-2018 Auditor's Report on Compliance of the Measure L: Local Roads First Transportation Funding Measure.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-328**

RESOLUTION APPROVING PURCHASE AGREEMENTS WITH VARIOUS VENDORS AS DEFINED UNDER ATTACHMENT A; APPROVING TERMINATION DATES FOR THE SERVICES STATED HEREIN; AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE IDENTIFIED ANNUAL PURCHASE AGREEMENTS TERMINATION DATES APPROVED BY COUNCIL

WHEREAS, City staff continues to review and monitor over 1,000 purchasing items and identify the best and most efficient way to procure the needs of the City, and

WHEREAS, City staff has continued to work diligently in monitoring all purchasing agreements and implementing recommendations to establish improvements with the City's purchasing controls, and

WHEREAS, the Finance Department has implemented monthly purchasing training to educate City Staff about the standards which govern the City's purchases, including the City's Charter, Municipal Code, and the implementation of Administrative Directive 7.5 Purchasing Policy, and

WHEREAS, the Finance Department continues to work with departments to address the on-going procurement needs of the City and strategizing the best solution to ensure a new agreement can be approved by the time the existing 24/7 annual purchasing agreements expire, and

WHEREAS, the Finance Department, via the Purchasing Division, has identified a number of agreements that require further time extensions of their termination dates (as shown in **Attachment A – Purchasing Agreement Extension Dates**), and

WHEREAS, the extension of these term dates for existing agreements will not alter the dollar amount of said agreements nor the terms and conditions of the agreements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchasing agreements with various vendors as **attached** and term dates for the services stated herein.

BE IT FURTHER RESOLVED, the Purchasing Manager, or her designee, is hereby authorized to issue the identified Annual Purchase Agreements terms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-329**

RESOLUTION APPROVING THE PURCHASE OF TWO ARTICULATING LOADERS WITH CLAW BUCKET WITH SPECIFIC CONFIGURATIONS TO VOLVO CONSTRUCTION EQUIPMENT AND SERVICES, TURLOCK, CA FOR A TOTAL AMOUNT NOT TO EXCEED \$188,041, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASE ORDER

WHEREAS, the two articulating loaders with claw bucket will be used by the Forestry Division; and

WHEREAS, replacement units are essential in maintaining current operations, facilities and/or services assigned to various departments; and

WHEREAS, on March 20, 2019 the Purchasing Division issued RFB 1819-53 for the purchase of two articulating loader with claw bucket flatbeds with specific configurations on the City's website; and

WHEREAS, on April 30, 2019 bids were formally opened in the City Clerk's Office; and

WHEREAS, fourteen companies downloaded the RFB, four companies chose to respond, one was the lowest responsive and responsible bidder; and

WHEREAS, based on overall lowest responsive and responsible bids staff recommends awarding the purchase of two articulating loader with claw bucket flatbeds with specific configurations to Volvo Construction Equipment and Services, Turlock, CA; and

WHEREAS, sufficient funds for two articulating loaders with claw bucket flatbeds have been encumbered in the Fleet Replacement Fund 5409; and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed \$50,000, for material, equipment or contractual services to be formally bid; and

WHEREAS, based on providing the overall lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of two articulating loaders with claw bucket flatbeds with specific configurations to Volvo Construction Equipment and Services, Turlock, Ca which conforms to the Modesto Municipal Code, 8-3.203.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid for the purchase of two articulating loader with claw bucket flatbeds with specific configurations to Volvo Construction Equipment and Services, Turlock, CA.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to issue a purchase order for an estimated total amount of \$188,041.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-331**

RESOLUTION APPROVING THE AWARD OF BID AND AGREEMENT FOR STREET SWEEPING SERVICES ON AN AS-NEEDED BASIS TO ADVANCED BUILDING CLEANERS, INC., MODESTO, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$75,000, AND A TOTAL AMOUNT NOT TO EXCEED \$375,000 OVER FIVE YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Public Works Streets Division is in their third full year of an ongoing Pavement Preservation Program, and

WHEREAS, this program applies a type II surface treatment which is a preventative maintenance seal coat comprised of ¼” aggregate, oil, water, and cement to the roadway surface. Part of this process, which is performed by a private contractor, is to ensure the street is clean of all debris prior to the surface treatment and is swept again after the treatment has been applied, and

WHEREAS, in January 2016, the City conducted an informal bid process for the furnishing of Street Sweeping services, and

WHEREAS, on October 2, 2018 bids were formally opened in the City Clerk’s office, and

WHEREAS, one Company Environmental Systems, Modesto, CA chose to respond, and

WHEREAS, the Purchasing Division planned to award the bid to Environmental Systems but Environmental Systems ultimately declined the award in mid-April because equipment required to perform the work was not operational, and

WHEREAS, April 2019, the Purchasing Division compiled a list of 15 local vendors and invited them all to bid on the street sweeping work; only received one responsive bid was received which was submitted by Advance Building Cleaners, Inc., and

WHEREAS, staff recommends the award of bid for the “as-needed Street Sweeping Services” to Advance Building Cleaners, Inc., Modesto, CA for an annual cost not to exceed \$75,000, not to exceed \$375,000 over a five year period, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, exceptions to the formal bidding process are granted in MMC 8-3.204 (d) “Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with desired quality”; in addition, MMC 8-3.204 (c) states “Where the Purchasing Manager, in his or her discretion, determines that calling for bids on a competitive basis as set forth in Section 8-3.203 is undesirable due to exigent circumstances”, and

WHEREAS, an award of bid for the purchase of as-needed sweeping services from Advance Building Cleaners, Inc. conforms to the Modesto Municipal Code because the Purchasing Division complied with the formal bid procedures due to soliciting several bids and these services are essential for the upcoming street pavement program.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid and agreement for Street Sweeping services on an as-needed basis to Advanced Building Cleaners, Inc., Modesto, CA, for a one-year

agreement with four one-year extension options, for an annual estimated cost not to exceed \$75,000, and a total amount not to exceed \$375,000 over five years.

BE IT FURTHER RESOLVED, the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-332**

RESOLUTION APPROVING A THREE-YEAR AGREEMENT WITH KIDZ LOVE SOCCER TO PROVIDE SOCCER CLASSES TO AREA YOUTH ENDING JUNE 30, 2022, WITH AN AGREEMENT TO SPLIT GROSS REGISTRATION PROGRAM REVENUE BETWEEN THE CITY AND KLS AT 30/70% AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto entered into an agreement with Kidz Love Soccer in September of 2008 for the purpose of providing soccer camps and training sessions for community youth; and

WHEREAS, on January 23, 2018, by Resolution No. 2018-53, Council established an end date to this original contract and approved a subsequent nine month agreement with Kidz Love Soccer to continue providing programming through the end of June 2019; and

WHEREAS, the City has identified the community demand for an increase to the level of programming offered to the community; and

WHEREAS, the City and Kidz Love Soccer desire to continue working together to serve the community; and

WHEREAS, the terms of the new agreement will include an increase to the percentage compensation received by the City from 25% to 30%.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a three-year agreement with Kidz Love Soccer to provide soccer classes to area youth ending June 30, 2022, with an agreement to split gross registration program revenue between the City and KLS at 30/70%.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to execute the Agreement as approved to form by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-336**

**RESOLUTION ACCEPTING THE TRANSPORTATION DEVELOPMENT ACT
TRIENNIAL PERFORMANCE AUDIT CONDUCTED BY THE STANISLAUS
COUNCIL OF GOVERNMENTS FOR TRANSIT OPERATIONS AND CAPITAL
EXPENSES**

WHEREAS, the Transportation Development Act (TDA) of 1971 is a funding mechanism administered by the California Department of Transportation (Caltrans) through Regional Transportation Planning Agencies (RTPA), and

WHEREAS, in Stanislaus County, the RTPA is Stanislaus Council of Governments (StanCOG), and

WHEREAS, as the RTPA, StanCOG programs and administers TDA funds to the local jurisdictions for transit and non-transit projects, and

WHEREAS, TDA funds are expended for StanCOG administration and planning of public transportation, distributed to local jurisdictions for operations of public transit systems, non-motorized projects, and streets and roads, and

WHEREAS, the Public Utilities Commission (PUC) requires all recipients of TDA funding to complete an independent audit on a three-year cycle in order to maintain TDA funding eligibility, and

WHEREAS, each transit operator in the County, including the City, is also subject to these triennial independent audits, and

WHEREAS, in 2018, StanCOG selected Moore & Associates, Inc., to prepare Triennial Performance Audits of itself as the RTPA and the four transit operators to which it allocates TDA funding, and

WHEREAS, the TDA audit report summarizes key findings and recommendations developed during the TPA of the City's public transit program for the period Fiscal Year (FY) 2015/16 through FY 2017/18, and

WHEREAS, based on discussions with City staff, analysis of program performance, and an audit of program compliance and function, the audit team presented no compliance findings, and

WHEREAS, Moore & Associates identified one functional finding, that the City should revise the current Short Range Transit Plan, with a more comprehensive document that contemplates a five to ten year planning horizon. The recommendation is addressed in the City's FY19/20 work plan. While the finding does not affect TDA compliance, it is significant enough to be addressed within this audit.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby accepting the Transportation Development Act Triennial Performance Audit conducted by the Stanislaus Council of Governments for transit operations and capital expenses.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-337**

RESOLUTION APPROVING A 10-YEAR LICENSE AGREEMENT WITH MAD MONK HOLDINGS, BERKELEY, CA, FOR THE USE OF PARKING SPACES FOR THE MODESTO AREA EXPRESS PARK AND RIDE LOT AT 2800 SISK ROAD FOR A TOTAL AMOUNT OF \$6,000 IN THE INITIAL YEAR, AND A TOTAL NOT TO EXCEED \$63,000 FOR THE TERM OF THE AGREEMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City has used the parking spaces it currently occupies at the former Orchard Supply Hardware (OSH) store at 2800 Sisk Road since 2004 when the City entered into the original agreement, and

WHEREAS, the parking lot is used for a Park and Ride lot for people using the Modesto Area Express (MAX) commuter bus to the Bay Area Rapid Transit (BART) station in Pleasanton, and

WHEREAS, the parking lot provides a lighted, convenient and well-maintained location for people to park their vehicles for the day, and

WHEREAS, the City entered into a 10-year agreement with OSH in 2018 to continue using the parking lot for commuter services. However, later in 2018 the OSH store was closed. The parking lot has been continuously used after the OSH store closed until present day, and

WHEREAS, the new owner of the property is willing to enter into a similar agreement with the City to provide the same services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a 10-year license agreement with Mad Monk Holdings, Berkeley, CA, for the use of parking spaces for the Modesto Area Express Park and Ride lot at

2800 Sisk Road for a total amount of \$6,000 in the initial year, and a total not to exceed \$63,000 for the term of the agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-338**

RESOLUTION APPROVING THE FIRST AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH TOKEN TRANSIT, SAN FRANCISCO, CA, TO INSTALL AUTOMATIC MOBILE TICKET VALIDATORS ON BUSES FOR MOBILE TICKETING SERVICES APP USED BY MODESTO AREA EXPRESS BY \$144,769 FROM \$178,000 TO A NEW TOTAL AMOUNT OF \$322,769, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the City's fixed route transit system currently uses cash, magnetic striped fare cards, and the visually validated Token Transit mobile ticketing application for fare payment to allow bus riders to pay for rides on Modesto Area Express (MAX), and

WHEREAS, Token Transit has developed technology to validate the Token Transit mobile ticket with hardware on the bus, and

WHEREAS, the new validators will automatically confirm the validity of a Token Transit mobile ticket, and

WHEREAS, the driver will no longer be required to visually validate the mobile ticket or record the ride, and

WHEREAS, mobile ticketing services were formally bid in a Request for Proposals in 2018, with Token Transit being the successful proposer, and

WHEREAS, the validators were not available at the time of the proposal, but were discussed as a future add-on option during the demonstration interviews, and

WHEREAS, an amendment to agreement is required to add this new functionality to the MAX system.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment increasing the agreement amount with

Token Transit, San Francisco, CA, to install automatic mobile ticket validators on buses for mobile ticketing services app used by Modesto Area Express by \$144,769 from \$178,000 to a new total amount of \$322,769.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-339**

**RESOLUTION APPROVING THE IMPLEMENTATION OF CHANGES TO
THE MODESTO AREA DIAL-A-RIDE SYSTEM ALLOWING MAINTENANCE
AND OPERATIONS TO BE PERFORMED AT THE BUS MAINTENANCE
FACILITY**

WHEREAS, Modesto Area Dial-A-Ride (MADAR) is the City of Modesto's shared ride public transportation service for qualified persons with disabilities and senior citizens of age 65 and older, and

WHEREAS, MADAR is currently operated as a turnkey operation, where the Contractor provides everything including a facility, vans, maintenance, dispatching software and personnel, and

WHEREAS, the Transit Division proposes to use the existing Bus Maintenance Facility, purchase the vans and provide maintenance by existing City staff, and

WHEREAS, by using City owned assets and maintenance, there would be savings in a new contract, and

WHEREAS, the savings primarily come from reduced maintenance, facility and fuel costs which will provide a more efficient use of funding for the program.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the implementation of changes to the Modesto Area Dial-A-Ride system allowing the City to purchase vans, purchase a Computer Aided Dispatch software, conduct vehicle maintenance and provide Contractor space at the Bus Maintenance Facility.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-340**

RESOLUTION APPROVING A FIVE-YEAR LEASE WITH THE OPTION OF A FIVE YEAR EXTENSION LEASE AGREEMENT WITH CIVIL AIR PATROL (CAP) AS A NON PROFIT SERVICE PROVIDER AT THE MODESTO CITY-COUNTY AIRPORT (MOD), AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the Airport Building No. 2, is one of the older building facilities at the Modesto City-County Airport, and

WHEREAS, Civil Air Patrol (CAP) seeks to lease all of Airport Building No. 2 for use for their cadet program, and

WHEREAS, CAP has presented a lease stipulation where a rent reduction of 50% would be in effect throughout the duration of the lease, and

WHEREAS, the lease agreement is expected to provide revenues of approximately \$2,970 annually in rents to the Airport Enterprise Fund Account No. 4310-53312-43887, and

WHEREAS, CAP will be responsible for stipulated tenant improvements as defined in the lease agreement, and

WHEREAS, CAP agrees that if the lease is terminated prior to the end of the period, any and all in-kind and donated improvements would be forfeited and become the property of the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Airport Lease Agreement for the use of Building No. 2 with the option of a five year extension between the City of Modesto and Civil Air Patrol, a non-profit service provider, authorizing the City Manager, or his designee, to execute the agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-341**

RESOLUTION REJECTING ALL BIDS FOR THE 9TH STREET STORM DRAIN BASIN PROJECT AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT FOR BIDS AT A FUTURE DATE WITH AN AMENDED SCOPE OF WORK

WHEREAS, proposed 9th Street Storm Drain Basin is located north of the Kansas-Needham overpass, and

WHEREAS, the storm drain basin is designed to alleviate flooding during the rainy seasons along 9th Street and the surrounding tributary area, and

WHEREAS, the project was advertised for bids on May 8, and bids were publicly opened on June 4, 2019, pursuant to City Charter Section 1307, and

WHEREAS, three bids were received which were above the engineer's estimate, and

WHEREAS, sufficient funding to cover the project at the lowest bid cost is not available in the Storm Drain Fund, and

WHEREAS, staff recommends rejecting all bids received and re-advertising the project for bids at a later date with a reduced scope.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects the bids received for the 9th Street Storm Drain Basin Project.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project for bids at a future date with an amended scope of work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-342**

**RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE
MODESTO FIRE DEPARTMENT ASSISTANCE TO FIREFIGHTERS GRANT
EXHAUST SYSTEMS PROJECT, ACCEPTING THE BID, AND APPROVING A
CONSTRUCTION CONTRACT WITH BENZ AIR ENGINEERING INC.,
BEAVERTON, OR, IN THE AMOUNT OF \$128,080 PLUS \$19,212 FOR
CONTINGENCY (IF NEEDED) FOR A TOTAL AMOUNT OF \$147,292 AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE
THE AGREEMENT**

WHEREAS, specifications have been prepared for the Modesto Fire Department (MFD) Assistance to Firefighters Grant (AFG) Exhaust Systems Project, and

WHEREAS, on May 14, 2019 staff received one bid that was responsible and responsive, from Benz Air Engineering Inc., and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, and the award of bid for the MFD AFG Exhaust Systems Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$128,080 received from Benz Air Engineering Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to Benz Air Engineering Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Modesto Fire Department Assistance to Firefighters Grant Exhaust Systems Project and accepts the bid of \$128,080 plus \$19,212 for contingency (if needed) for a total amount of \$147,292 and Awards

Benz Air Engineering Inc., of Beaverton, OR, the contract for the Modesto Fire Department Assistance to Firefighters Grant Exhaust Systems Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

RESOLUTION NO. 2019-343**

**RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S
AUTHORITY TO ISSUE CHANGE ORDERS FOR THE MODESTO FIRE
DEPARTMENT ASSISTANCE TO FIREFIGHTERS GRANT EXHAUST
SYSTEMS PROJECT FROM 10% (\$12,808) TO 15% (\$19,212) OF THE
CONSTRUCTION CONTRACT PRICE OF \$128,080 WITH BENZ AIR
ENGINEERING INC., BEAVERTON, OR**

WHEREAS, the Modesto Fire Department Assistance to Firefighters Grant Exhaust Systems Project will provide new exhaust systems for the Fire Department vehicles in five different fire stations throughout the City, and

WHEREAS, given the nature of the project, additional work may be needed to address unexpected conditions that require changes in project scope, and

WHEREAS, the City's "Change Order Approval Policy", enacted by Council Resolution No. 94-443 on July 19, 1994, established a contract change order budget of 10% for projects up to \$1 Million, and

WHEREAS, staff is requesting authorization to increase the contract change order budget to 15% (\$19,212) due to the construction within five different fire stations, which presents unknown challenges.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Modesto Fire Department (MFD) Assistance to Firefighters Grant (AFG) Exhaust Systems Project from 10 percent (\$12,808) to 15 percent (\$19,212) of the construction contract price of \$128,080 with Benz Air Engineering Inc., Beaverton, OR.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-344**

RESOLUTION APPROVING A PURCHASING AGREEMENT FOR THE FURNISHING OF HOT PATCH WORK WITH PATCH CREW, MODESTO, CA, FOR AN ANNUAL ESTIMATED COST NOT TO EXCEED \$400,000 AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE AGREEMENT, AND AUTHORIZE THE DIRECTOR OF FINANCE, OR HER DESIGNEE TO ADJUST THE FINANCIAL AMOUNTS BETWEEN THE TWO PROVIDERS (UNITED PAVEMENT AND PATCH CREW) WITHOUT EXCEEDING THE ANNUAL ESTIMATED COST OF \$4,306,500

WHEREAS, the Utilities Department's Water and Wastewater Divisions request contractual assistance to perform hot patch work throughout Modesto and the outlying areas included in the City's regional water systems; and

WHEREAS, on May 22, 2018, by Resolution 2018-188, Council approved the award of bids for the furnishing of hot patch work to Garrett Thompson Construction, Inc., Modesto, CA, for an annual cost not to exceed \$4,106,500; and United Pavement Maintenance, Hughson, CA, for an annual cost not to exceed \$200,000, for two-year agreements with three one-year extension options; the annual combined total costs of the contract were not to exceed \$4,306,500, and approval of any of the one year extensions would require approval by Council; and

WHEREAS, upon review of the insurance certification for the hot patch contractors, it was discovered that the insurance had expired on February 28, 2019 for the primary contractor, Garrett Thompson; and

WHEREAS, the delay in proof of insurance coverage, coupled with a coverage gap and the performance of work without proper insurance led to the City's decision to terminate the contract with Garrett Thompson and immediately engage the secondary provider; and

WHEREAS, with United Pavement becoming the primary vendor, it was important to identify and secure a backup provider to avoid service interruptions, the Purchasing Division reached out to all contractors who participated at the bid conference on January 18, 2018 to solicit bids for Hot Patch work; and

WHEREAS, one contractor, Patch Crew responded with a reasonable bid and is being recommended as the new secondary contractor; and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.204(c), the Purchasing Manager has the authority to recognize the department's current situation as an exigent circumstance; based on the need for availability of a secondary vendor, the Purchasing Manager, within the scope of this authority, recommends staff be allowed to transfer amounts between both contractors in accordance with MMC Section 8-3.204(c) ensuring hot patch services continue and needed work is not significantly delayed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a Purchasing Agreement for the furnishing of hot patch work with Patch Crew, Modesto, CA, for an annual estimated cost not to exceed \$400,000.

BE IT FURTHER RESOLVED, that the Director of Finance, or her designee, is hereby authorized to adjust financial amounts between two providers (United Pavement and Patch Crew) without exceeding the annual estimated cost of \$4,306,500.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-345**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): AMENDMENT TO SECTION 20-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL (R-1) TO MEDIUM DENSITY RESIDENTIAL (R-2) PROPERTIES LOCATED AT 1215 AND 1225 W. ROSEBURG AVENUE

WHEREAS, on March 5, 2019, by Resolution 2019-108, City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, Ly Nguyen has proposed an amendment to Section 20-3-9 of the Zoning Map to rezone from Low Density Residential (R-1) to Medium Density Residential (R-2) properties located at 1215 and 1225 W. Roseburg Avenue, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2019-011 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on June 19, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on July 9, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

(Intentional Blank Page)

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Roseburg Residential Rezone is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Roseburg Residential Rezone
- B. Address or Location: 1215 and 1225 W. Roseburg Avenue
- C. Applicant: Ly Nguyen
- D. City Contact Person:

Project Manager: Jonnie Lan, AICP
Department: Community and Economic Development Department, Planning Division
Phone Number: 209.577.5267
E-mail address: jlan@modestogov.com

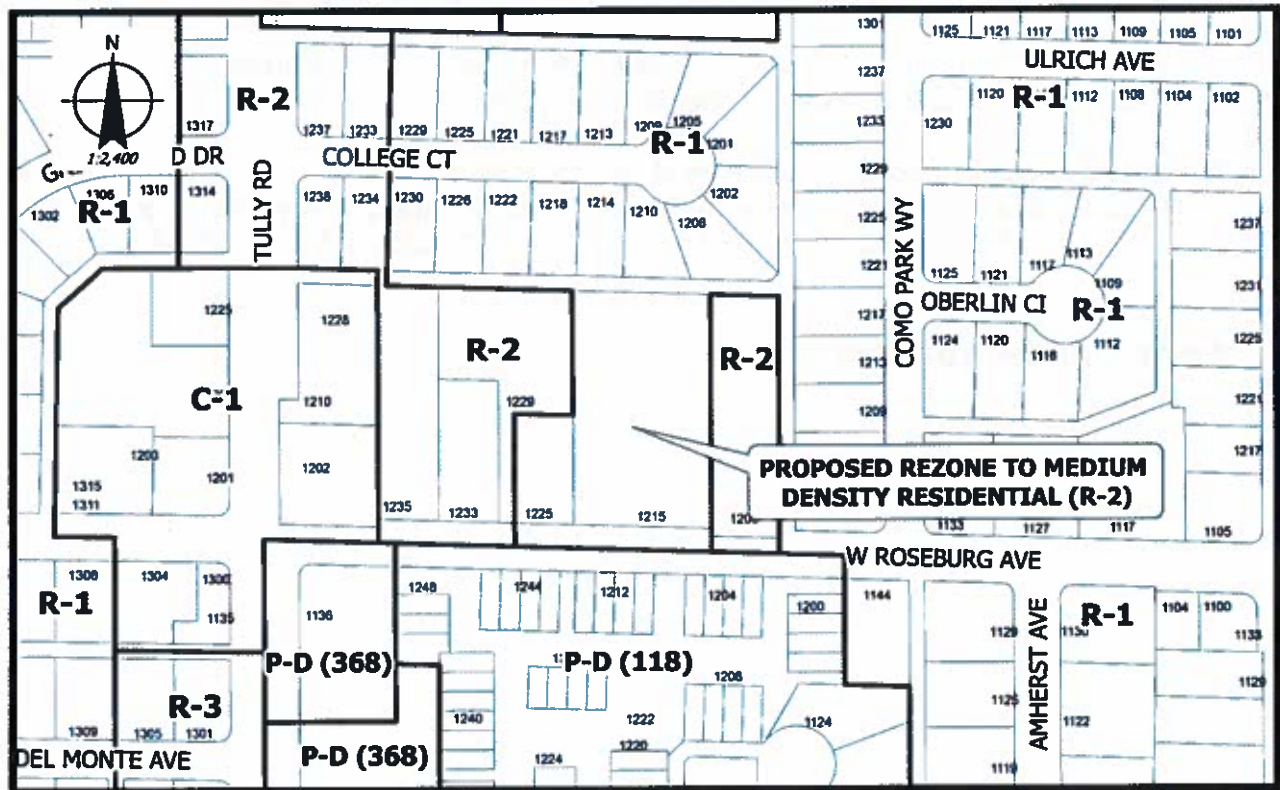

- E. Current General Plan Designation(s): Residential (R)
- F. Current Zoning Classification(s): Low Density Residential (R-1)
- G. Surrounding Land Uses:
 - North: Low Density Residential (R-1)
 - South: Planned Development (118) (Medium Density Residential)
 - East: Medium Density Residential (R-2)

West: Medium Density Residential (R-2)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Rezone two parcels for a total of 1.45 acres from Low Density Residential (R-1) to Medium Density Residential (R-2). There is an application that has been submitted for the larger of the two properties (1215 W. Roseburg Avenue). The applicant proposes to develop the 1.21 acre site into a 14 unit multi-family residential project. Under the City of Modesto R-2 requirements, this property could be allowed 13 to 17 dwelling units on 1.21 acres. The property at 1225 W. Roseburg Avenue is being rezoned to Medium Density Residential to maintain a consistent land use pattern.

PROPOSED PROJECT AREA

- I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR;
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,

2. **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3. **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could

not have been known at the time that the Master EIR was certified as complete, has become available.

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the Master EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5) The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6) Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

	YES	NO
(1) Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c) Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project are included in the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a rezone of two parcels totaling 1.45 acres. It will have no effect on the circulation system. The project will not increase vehicle trips above what is assumed in the adopted Master EIR.
- (2) The proposed project will have no effect on the level of service standard established by the county congestion management.
- (3) The proposed project will have no effect on air traffic patterns.
- (4) The proposed project will not increase circulation hazards due to design or incompatible uses or have no effect on emergency access above what is assumed in the adopted Master EIR. It is a rezone of the two properties that is in line with the zoning of adjacent properties.
- (5) The proposed project will have no effect on alternative transportation policies.
- (6) The proposed project will have no effect on Level of Service.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
purpose of reducing the emission of greenhouse gases.				

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan air quality and greenhouse gas policies.
- (2) The proposed project will not conflict with any air quality plan.
- (3) The proposed project will not violate any air quality standard or contribute substantially to an existing or projected violation.
- (4) The proposed project will have no increase of any criteria pollutant effect on Urban Area General Plan air quality and greenhouse gas policies.
- (5) The proposed project will have no effect on sensitive receptors.
- (6) The proposed project will not result in the creation of objectionable odors.
- (7) The proposed project will not generate greenhouse gas emissions above what is assumed in the adopted Master EIR.
- (8) The proposed project will not conflict with a plan, policy or regulation adopted for the purpose of reducing the emission of greenhouse gasses.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City’s noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City’s noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project’s effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA Lmax inside bedrooms or 55 dBA Lmax inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan noise and vibration policies.
- (2) The proposed project will not generate excessive permanent noise or vibration levels. Construction of the new units on 1215 W. Roseburg Avenue, will generate a temporary amount of noise and vibration. The Master EIR contains mitigation measures to minimize the impacts so that they are less than significant.
- (3-4) The proposed project will not generate any noticeable increase in ambient noise levels above what is assumed in the adopted Master EIR.
- (5-6) The proposed project is not close to a public airport or private airstrip.
- (7) The proposed project is not within 200 feet of active rail lines.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with existing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
zoning for agricultural use, or with a Williamson Act contract.				
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan agricultural resources policies.
- (2) The proposed project will not convert any farmland. The site is infill surrounded by residential development.
- (3) The proposed project will have no effect on any agricultural use or Williamson Act contract.
- (4-5) The proposed project will have no effect on any forest land or timberland.
- (6) The proposed project will have no effect on farmland or forest land.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the water supply policies.
- (2) The proposed project will have no effect on groundwater supply above what is assumed in the adopted Master EIR.
- (3-4) The proposed project will have no effect on water demand above what is assumed in the adopted Master EIR.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the wastewater policies.
- (2) The proposed project will have no effect on sewage flows and no effect on wastewater facilities above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on wastewater capacity above what is assumed in the adopted Master EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City’s contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
California Department of Fish and Game or U.S. Fish and Wildlife service.				
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on wildlife and plant habitat policies.
- (2) The proposed project will have no effect on a candidate, sensitive, or special status species in local or regional plans.
- (3) The proposed project will have no effect on riparian habitat or other sensitive natural community identified in local or regional plans.
- (4) The proposed project will have no effect on wetlands. It is infill residential development, so no wetlands exist on or near the site.
- (5) The proposed project will have no effect on native resident or migratory fish or wildlife species.
- (6) The proposed project will have no effect on local policies or ordinances protecting biological resources.
- (7) The proposed project will have no effect on local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on archaeological/historical resource policies.
- (2) The proposed project will have no effect on historical buildings or landmarks. There are no historical buildings or landmarks that exist on or near this site.
- (3) The proposed project will have no effect on existing structures that are more than 50 years old that are determined to have historical significance.
- (4) The proposed project will have no effect on known significant resources.
- (5) The proposed project will have no effect on cultural resources.
- (6) The proposed project will have no effect on tribal cultural resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto’s urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
manner that would result in on- or off-site flooding.				
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on storm drainage policies.
- (2-3) The proposed project will have no effect on surface runoff above what is assumed in the adopted Master EIR.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on flooding and water quality policies.
- (2) The proposed project will not result in more housing within a 100-year flood hazard zone.
- (3) The proposed project will not be in the 100-year floodplain.

- (4) The proposed project will not expose people to flooding.
- (5) The proposed project will not alter existing drainage patterns of the site that would result in flooding onsite or offsite.
- (6) The proposed project will have no effect on water quality standards or waste discharge requirements.
- (7) The proposed project will have no effect on existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation.
- (8) The proposed project will have negligible contribution to water runoff above what is assumed in the adopted Master EIR.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on parks and open space policies.
- (2) The proposed project will have no effect on parks and open space above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on parks and open space needs above what is assumed in the adopted Master EIR.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on school policies.
- (2) The proposed project will have no effect on SB 50/Proposition 1A funding provisions.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on police policies.
- (2) The proposed project will not result in the need for more police personnel and facilities.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in any	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.				

Discussion:

- (1) The proposed project will have no effect on fire service policies.
- (2) The proposed project will not result in the need for more fire service facilities.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on solid waste policies.
- (2) The proposed project will have no effect on landfills or solid waste-reduction facilities above what is assumed in the adopted Master EIR.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on hazardous materials policies
- (2) The proposed project will not involve hazardous materials.
- (3) The proposed project will not result in emitting hazardous emissions or handling hazardous materials.
- (4) The proposed project will not be located on a hazardous materials site.
- (5-6) The project site is not within two miles of any airport.
- (7) The proposed project will not interfere with an emergency response plan or evacuation plan.
- (8) The proposed project will not expose people to wildland fires. The project site and surround area is already developed with urban uses.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on geology, soils, and mineral resources policies.
- (2) The proposed project will not result in exposing people or structure to seismic activities, location on expansive soils, or loss of mineral resources above what is assumed in the adopted Master EIR.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on energy policies.
- (2) The proposed project will not result in wasteful energy consumption during future construction activities above what is assumed in the adopted Master EIR.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
degrade the existing visual character or quality of the site and its surroundings.				
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is consistent with the Urban Area General Plan visual resource policies.
- (2) The proposed project will not have an adverse effect on a scenic vista.
- (3) The proposed project will not damage scenic resources.
- (4) The proposed project will not degrade the visual character of its surroundings above what is assumed in the adopted Master EIR.
- (5) The proposed project will not create light or glare that would affect views.
- (6) The proposed project will have no effect on views from riverside areas and parks.
- (7) The proposed project will have no effect on views of riverside areas from public roadways and nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will be consistent land use and planning policies.
- (2) The proposed project will not result in the physical division of an established community.
- (3) The proposed project will have no effect on a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact.
- (4) The proposed project will have no effect on applicable habitat conservation plan or natural community conservation plan.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Air Quality and Greenhouse Gases:

AQ-100. Reduce particulate emissions from construction, grading, excavation, and demolition to the maximum extent feasible in accordance with the requirements of SJVAPCD Regulation VIII. Regulation VIII was adopted to reduce the amount of particulate matter suspended in the atmosphere as a result of emissions generated from anthropogenic (man-made) fugitive dust sources. (Policy VII.H.2.jj)

AQ-101. Require all access roads, driveways, and parking areas serving new commercial and industrial development to be constructed with materials that minimize particulate emissions in accordance with the requirements of SJVAPCD Regulation VIII and are appropriate to the scale and intensity of use. (Policy VII.H.2.kk)

AQ-102. Reduce PM10 emissions from City-maintained roads to the maximum extent feasible. (Policy VII.H.2.ll)

- AQ-103.** Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes. (Policy VII.H.2.mm)
- AQ-104.** Effectively stabilize dust emissions using water or chemical stabilizer / suppressant, all onsite unpaved roads and off-site unpaved access roads. (Policy VII.H.2.nn)
- AQ-105.** Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities. (Policy VII.H.2.oo)
- AQ-106.** Wet all exterior surfaces of buildings that are more than six stories tall during demolition. (Policy VII.H.2.pp)
- AQ-107.** When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container. (Policy VII.H.2.qq)
- AQ-108.** Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (Policy VII.H.2.rr)
- AQ-109.** Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, effectively stabilize said piles for fugitive dust emissions utilizing sufficient water or chemical stabilizer / suppressant. (Policy VII.H.2.ss)
- AQ-110.** Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday. (Policy VII.H.2.tt)
- AQ-111.** Prevent carryout and trackout for any site with 150 or more vehicle trips per day. (Policy VII.H.2.uu)
- AQ-112.** Limit traffic speeds on unpaved roads to 15 mph. (Policy VII.H.2.vv)
- AQ-113.** Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%). (Policy VII.H.2.ww)
- AQ-114.** Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site. (Policy VII.H.2.xx)
- AQ-115.** Install wind breaks at windward side(s) of construction areas. (Policy VII.H.2.yy)

AQ-116. Suspend excavation and grading activity when winds exceed 20 mph (regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit). (Policy VII.H.2.zz)

AQ-117. Limit the area subject to excavation, grading, and other construction activity at any one time. (Policy VII.H.2.aaa)

Generation of Noise and Vibration:

Noise-4 Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (UAGP Policy VII-G.3.b)

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

AH-14: For any project that involves earth-disturbing activities within the archaeological resource study area (defined as the Riparian and Vernal Pool Locations shown on MEIR Figure V-7-1), or on a site determined to be archaeologically or culturally sensitive by City staff through consultation with Native American tribes or bands and a qualified archaeologist, require the project applicant to implement the following mitigation measures, at a minimum:

- (1) Where excavation or construction would occur outside of areas where development has occurred, or where excavation / construction would occur at depths greater than existing foundations, roads, and/or trenches in the immediate vicinity, evaluate the site via a qualified archaeologist retained by the project applicant. Said evaluation would include at minimum a records search, a Phase I pedestrian survey, and preparation of an archaeological report containing the results of this cultural resources inventory identification effort for submittal to the Central California Information Center. If a Phase II archaeological evaluation is recommended, complete a report of the survey and any excavations with recommendations prior to project approval;
- (2) In the event of the discovery of a burial, human bone, or suspected human bone, immediately halt all excavation or grading in the vicinity of the find and protect the area of the find. The project applicant shall immediately notify the Modesto Police Department and County Coroner of the find and comply with the provisions of California Health and Safety Code Section 7050.5, including California Public Resources Code Section 5097.98, if applicable. If human remains are identified, also retain a Native American monitor at the applicant's expense;
- (3) A qualified archaeological monitor will be present and will have the authority to stop and redirect grading activities, in consultation with the Native Americans and their designated monitors, to evaluate the significance of any Native American archaeological resources discovered on the property; and,
- (4) Relinquish ownership of all Native American human remains and/or artifacts that are found within the project area, to the appropriate Native American Most Likely Descendent (MLD), as assigned by the Native American Heritage Commission, for proper treatment and disposition. The MLD will decide whether or not standard archaeological analysis will be allowed on human remains and associated artifacts from burials.
- (5) If paleontological resources are discovered during earth-moving activities, the construction crew shall immediately cease work in the vicinity of the find, and the City's Planning Manager shall be notified. A qualified paleontologist shall evaluate the resource to determine if it is significant. If the resource is significant, prepare a proposed mitigation plan in accordance with Society of Vertebrate Paleontology guidelines. The proposed mitigation plan may include a field survey of additional construction areas, sampling and data recovery procedures, museum storage coordination for any specimen recovered, and a report of findings.

Recommendations determined by the lead agency to be necessary and feasible shall be implemented before construction activities can resume at the site where the paleontological resources were discovered. (UAGP Policy VII.F.2[k])

AH-15: Whenever possible, avoid disturbing or damaging archaeological resources. Preservation in place to maintain the relationship between the artifacts and the archaeological context is the preferred manner of mitigating impacts to archaeological sites. Preservation may be accomplished by:

- (1) Planning construction to avoid archaeological sites;
- (2) Incorporating sites within parks, green space, or other open space;
- (3) Covering the sites with a layer of chemically stable soil; and/or,
- (4) Deeding the site into a permanent conservation easement.

When in-place mitigation is not feasible, data recovery through excavation may be necessary. A data recovery plan, which makes provisions for adequately recovering the scientifically consequential information about the site, shall be prepared and adopted prior to any excavation being undertaken. Such studies must be deposited with the Central California Information Center in Turlock, California. Special rules apply to any archaeological sites known to contain human remains (Health and Safety Code Section 7050.5; Guidelines Section 15126.4(b)).

Data recovery shall not be required if the lead agency determines that testing or studies already completed have adequately recovered the necessary data, provided that the data have already been documented in another EIR and are available for review at the California Historical Resource Regional Information Center (Guidelines Section 15126.4(b)). (UAGP Policy VII.F.2[l])

AH-16: Allow reasonable time for the qualified archaeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site. (UAGP Policy VII.F.2[m])

AH-17: If any find is determined to be significant by the qualified archaeologist, representatives of the construction contractor and the City, the qualified archaeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) will meet to determine the appropriate course of action. (UAGP Policy VII.F.2[n])

AH-18: All cultural materials recovered as part of a monitoring program are subject to scientific analysis, professional museum curation, and a report prepared according to current professional standards. (UAGP Policy VII.F.2[o])

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-346**

RESOLUTION ACCEPTING THE APPLICATIONS OF CITIZENS MEDICAL RESPONSE, LLC AND THE MEDIC'S PLUS INC, AND ISSUING BOTH ENTITIES A PERMIT TO OPERATE AS A NON-EMERGENCY MEDICAL TRANSPORT COMPANY IN THE CITY OF MODESTO

WHEREAS, Citizens Medical Response, LLC and The Medic's Plus Inc. have submitted applications to provide non-emergency medical transport services within the City of Modesto, and

WHEREAS, Citizens Medical Response, LLC and The Medic's Plus Inc. have paid the required \$1,000 filing fee and has provided all necessary information as outlined in Modesto Municipal Code Section 3-9.03-3-9.04, and

WHEREAS, the Modesto Police Department has completed background investigations regarding Citizens Medical Response, LLC and The Medic's Plus Inc. per Modesto Municipal Code Section 3-9.05, and

WHEREAS, Council approval is required for Citizens Medical Response, LLC and The Medic's Plus Inc. to function as a non-emergency medical transport service providers within the City of Modesto, and

WHEREAS, a duly noticed public hearing was held by the City Council of the City of Modesto on July 9, 2019, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider authorizing the issuance of permits to Citizens Medical Response, LLC and The Medic's Plus Inc. for non-emergency medical transport service within the City of Modesto, and

WHEREAS, Modesto City Council finds that Citizens Medical Response, LLC and The Medic's Plus Inc. will serve the public convenience and necessity requirements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the applications of Citizens Medical Response, LLC and The Medic's Plus Inc. and issues both entities a permit to operate as a non-emergency medical transport company in the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-347**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE MODESTO CENTRE PLAZA ENTRY DOOR REPLACEMENT PROJECT, ACCEPTING THE BID AND AWARDING A CONTRACT TO R&S ERECTION TRI-COUNTY, INC OF MODESTO, CA IN THE AMOUNT OF \$63,500 AND AUTHORIZING THE DIRECTOR OF UTILITIES TO APPROVE CHANGE ORDERS UP TO THE CUMULATIVE AMOUNT OF \$6,350 (10% OF THE ORIGINAL CONTRACT PRICE) IF NEEDED FOR A TOTAL AMOUNT NOT TO EXCEED \$69,850 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the Modesto Centre Plaza was constructed in 1988 and has served as the primary community event center for the City of Modesto, and

WHEREAS, the main entrance of the facility features four sets of clear tempered glass double doors and serves as the primary entry point for the facility, and

WHEREAS, the main entry doors have experienced 3 decades of use and no longer function properly, and

WHEREAS, staff has determined that deferring the replacement of these doors is no longer a feasible option, and

WHEREAS, plans and specifications have been prepared for the Modesto Centre Plaza Entry Door Replacement Project, and City staff recommends approval by the City Council, and

WHEREAS, formal bids were unable to be obtained through standard best practices, and

WHEREAS, the Purchasing Manager approved an informal bid process due to the exigent circumstance pursuant to Modesto Municipal Code Section 8-3.204(c), and

WHEREAS, a single responsive and responsible bid was received on for the Modesto Centre Plaza Entry Door Replacement Project from R&S Erection Tri-County, Inc. of Modesto, CA, and

WHEREAS, the City staff recommends that the bid of \$63,500 received from R&S Erection Tri-County, Inc. of Modesto, CA be accepted as the lowest responsible and responsive bid and the contract be awarded to R&S Erection Tri-County, Inc. of Modesto, CA, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow the formal bid procedures, and

WHEREAS, this situation meets the exception authorized by Modesto Municipal Code Section 8-3.204(c) which authorizes the Purchasing Manager, in his or her discretion, to determine that calling for bids on a competitive basis as set forth in Section 8-3.203 is undesirable due to exigent circumstances. An award of \$63,500 and agreement for the Parks, Recreation and Neighborhoods Department to use R&S Erection Tri-County, Inc. of Modesto, CA conforms to the Modesto Municipal Code because the City complied with the informal bid procedures and R&S Erection Tri-County, Inc. of Modesto, CA was the only responsive and responsible bidder. Therefore, City staff and the City Manager recommend awarding the contract to R&S Erection Tri-County, Inc. of Modesto, CA.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the plans and specifications for the Modesto Centre Plaza Entry

Door Replacement Project, accepts the bid and awards a contract to R&S Erection Tri-County, Inc. of Modesto, CA in the amount of \$63,500.

BE IT FURTHER RESOLVED, that the Director of Utilities may approve change orders up to the cumulative amount of \$6,350 (10% of the original Contract price) if needed.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-348**

RESOLUTION APPROVING THE AWARD OF BID FOR THE FURNISHING OF ASPHALT AND EMULSIFIED ASPHALT MATERIALS FOR ROAD MAINTENANCE ON AN AS-NEEDED BASIS, WITH GEORGE REED, INC., ESCALON, CA, AND CALAVERAS MATERIALS INC., HUGHSON, CA FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COMBINED COST NOT TO EXCEED \$543,151, AND A TOTAL COMBINED AMOUNT NOT TO EXCEED \$2,715,755 OVER A FIVE YEAR PERIOD, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASE AGREEMENTS

WHEREAS, the Streets Division is responsible for maintaining residential streets, major arterial and collector streets, and alleys within the City of Modesto, in which, asphalt materials are essential for staff to perform its street maintenance function, and

WHEREAS, the timely furnishing and availability of asphalt and emulsified asphalt materials is vital to the Streets Division being able to perform its primary function of maintaining the residential streets, major arterial and collector streets, and alleys throughout the City, and

WHEREAS, on December 5, 2018, the Purchasing Division issued RFB 1819-06RB for as-needed furnishing of asphalt and emulsified asphalt materials and posted on PlanetBids via the City's Website, and

WHEREAS, on January 8, 2019, bids were formally opened in the City Clerk's Office, and

WHEREAS, only one vendor responded to the bid and due to the critical need of this material the Purchasing Division solicited additional bids to identify a secondary vendor, and

WHEREAS, four additional bidders were contacted and two bidders responded, and

WHEREAS, one of the two bidders, Teichart Aggregates was responsible but non-responsive because they did not meet the twenty-five mile radius requirement from the center of City of Modesto located at 1400 Coffee Road, Modesto CA, 95355 for any asphalt plant manufacturer which was over by 0.6 miles from this center point, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid; the award of bid for the purchase of as furnishing of asphalt and emulsified asphalt materials George Reed, Inc. conforms to the Modesto Municipal Code, 8-3.203, and

WHEREAS, exceptions to the formal bidding process are granted in MMC 8-3.204(d) "Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set for in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality;" the seeking of an additional vendor conforms to the Modesto Municipal Code, 8-4.204 (d) as the Purchasing Division solicited additional pricing to obtain the lowest cost.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid for the furnishing of asphalt and emulsified asphalt materials for road maintenance on an as-needed basis, with George Reed, Inc., Escalon, CA, and Calaveras Materials Inc., Hughson, CA for a two-year agreement with three one-year extension options, for an annual combined cost not to exceed \$543,151, and a total combined amount not to exceed \$2,715,755 over a five year period.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute the purchasing agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of July, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-351**

RESOLUTION APPROVING A TWO YEAR CONTRACT WITH ECCOVIA SOLUTIONS FOR HOMELESS MANAGEMENT INFORMATION SYSTEM (HMIS) ADMINISTRATION SERVICES IN AN AMOUNT NOT TO EXCEED \$115,200 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, on July 11, 2017, by Resolution No. 2017-289, the City assumed the Collaborative Applicant role for the COC, and

WHEREAS, the City is responsible for administration and oversight of the Homeless Management Information System (HMIS) for COC, and

WHEREAS, the City utilizes a tool called ClientTrack by Eccovia, an HMIS system which is a requirement by HUD which enables the network of homeless service providers to collect uniform client information over time including the size, characteristics, and needs of the homeless population, and

WHEREAS, the system meets Federal requirements, collaborates, and enhances homeless prevention services delivery, and

WHEREAS, ClientTrack offers HMIS Administrator Services which can assist with continued compliance with federal partner standards, advise on effective HMIS policy, and administer day-to-day system operations, and

WHEREAS, the community is transitioning into a shared data system which will increase the effectiveness of homeless funds and the people being served in the community, and

WHEREAS, this service will also create a more streamlined approach to Coordinated Entry which is the process developed to ensure that all people experiencing

a homeless crisis have fair and equal access, and are quickly identified, assessed for, referred and connected to housing and assistance based on their strengths and needs, and

WHEREAS, ClientTrack HMIS administrators have over ten years of experience, and has intimate knowledge of the unique needs faced by communities large and small in supporting a truly functional and integrated HMIS, and

WHEREAS, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirement where the Purchasing Agency's requirements can be met solely by a single article or process, and

WHEREAS, MMC 8-3.204(d) provides that a purchase may also be exempted where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, ClientTrack should be exempt from the formal bidding procedure in accordance with the Modesto Municipal Code 8-3.204(b), since as our contracted HMIS software provider no other company can provide the internal software programming updates to their software, and

WHEREAS, services will be paid for by California Emergency Solutions and Housing (CESH) grant funds in partnership with Stanislaus County.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a two year contract with Eccovia Solutions for Homeless Management Information System (HMIS) Administration Services in an amount not to exceed \$115,200.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-352**

RESOLUTION APPROVING THE SUBMISSION OF A GRANT APPLICATION AS THE COLLABORATIVE APPLICANT FOR CONTINUUM OF CARE FUNDS; AND APPROVING A CONTRACT WITH THE CENTER FOR COMMON CONCERNS, INC. DBA HOMEBASE FOR ASSISTANCE WITH THE CONTINUUM OF CARE GRANT IN AN AMOUNT NOT TO EXCEED A TOTAL OF \$62,000, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT AND ANY RELATED GRANT DOCUMENTS

WHEREAS, on July 11, 2017, by Resolution No. 2017-289, the City assumed the Collaborative Applicant role for the COC, and

WHEREAS, as the Collaborative Applicant, the City is responsible to collect and submit the required Continuum of Care application information for all projects the COC¹ selects for funding, and

WHEREAS, the City is responsible for administration and oversight of the Homeless Management Information System (HMIS) for COC, and

WHEREAS, the City will be responsible for submitting the grant of approximately \$3.3 million on behalf of the community and local COC, and

WHEREAS, if the funding is approved, agreements are executed directly from HUD to the agencies running the projects, and

WHEREAS, as the Collaborative Applicant for a COC, the City is eligible to apply for a Planning Grant and HMIS Grant to help offset staffing and oversight costs, and

WHEREAS, the Planning Grant application can total up to 3% of the total grant application; it is anticipated that the application will be approximately \$105,000, and

¹ <https://csocstan.com/>

WHEREAS, the grant includes funding for salary and benefits, in order to assist with coordination, project evaluation, monitoring, and compliance of the COC program awarded participants, and

WHEREAS, HMIS² is a requirement by HUD which enables the network of homeless service providers to collect uniform client information over time including the size, characteristics, and needs of the homeless population, and

WHEREAS, the system meets Federal requirements, collaborates, and enhances homeless prevention services delivery. The grant includes funding for salary and benefits, oversight, computer software, training, and licenses for the client management software, and

WHEREAS, City staff anticipates applying for \$225,000, and

WHEREAS, the grant requires a 25% match that will come from fees for additional reporting support and user licenses for agencies that request them, and

WHEREAS, Administrative Directive 7.2 Grant Management, grant award acceptance requires Council approval based on the award requiring local match funding, and

WHEREAS, over the last three years, the COC has contracted with The Center for Common Concerns dba Homebase for assistance with the Notice of Funding Availability, and

WHEREAS, HomeBase provides diverse capacity-building support to communities, COCs, and individual agencies across the country, with expertise in

facilitating action planning and assisting stakeholders in identifying, implementing and monitoring best and promising practice approaches to ending homelessness, and

WHEREAS, HomeBase will work closely with the COC, its committees, and agency applicants in compiling and submitting by the deadline a fully qualified, strong, consolidated application to HUD, including the COC Application, project proposals, and all required forms and certifications, and

WHEREAS, based on the services provided and HomeBases's intricate history, knowledge, and expertise with the Stanislaus Community System of Care and the complexities of the U.S. Department of Housing and Urban Development's application process, it has been identified and confirmed as a Professional Service as defined under MMC 8-3.103, and

WHEREAS, Modesto Municipal Code Section 8-3.204 generally requires all purchases, in excess of fifty thousand dollars (\$50,000) to follow formal bid procedures. However, MMC 8-3.204(a) provides an exemption to the formal bidding process for professional services. Therefore, HomeBase should be exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(a).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the submission of a grant application as the Collaborative Applicant for Continuum of Care funds; and approving a contract with The Center for Common Concerns, Inc. dba HomeBase for assistance with the Continuum of Care Grant in an amount not to exceed a total of \$62,000.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the agreement, and any related grant documents.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-353**

RESOLUTION APPROVING THE FIRST AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH COMMUNITY REINVESTMENT FUND (CRF), FOR CONTINUED LOAN SERVICING OF HUD FUNDED LOANS BY \$40,000 FROM \$50,000 TO A NEW TOTAL AMOUNT OF \$90,000 AND EXTENDING THE TERM OF THE AGREEMENT FROM MAY 1, 2020 TO JUNE 30, 2023 AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AMENDMENT

WHEREAS, as a HUD entitlement community, the City receives a formula grant allocation each year for the following type of funding: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, this funding is allocated to eligible projects for homeowner repair and acquisition and rehabilitation of new housing units, and

WHEREAS, an agreement is executed to secure funds in a loan or a grant, and to ensure the property remains affordable under the grant terms and guidelines, and

WHEREAS, the City receives program income from these outstanding loans on a monthly basis, and

WHEREAS, in order to manage the loan profile, the City of Modesto contracts with a loan servicer who manages the loan profile and collects the monthly program income payments from the outstanding loans, and

WHEREAS, the City of Modesto has utilized CRF loan servicing to manage our HUD loan profile since 1994, and

WHEREAS, the most recent contract was executed in 2015 and the City has previously exercised its right to extend the contract for the last three years, and

WHEREAS, the current contract is approaching expending \$50,000, and

WHEREAS, staff is requesting an additional three year extension for this agreement, with a total amount not to exceed \$90,000, and

WHEREAS, since 2017, staff has been reviewing all of the outstanding loan and grant documents, and

WHEREAS, staff has systematically been scanning and verifying loan terms and affordability requirements, and

WHEREAS, at this time, the project is at approximately 70% of completion, and

WHEREAS, Staff will need to continue with this process and ensure a total inventory of all of loans, prior to moving forward with a transition, therefore, it is recommended to continue the contract with CRF until the City's entire loan program is on file, and

WHEREAS, we project this to take an additional 12-24 months, and

WHEREAS, the loan servicing fees are paid from the loan repayments received on a monthly.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment increasing the agreement amount with Community Reinvestment Fund (CRF), for continued loan servicing of HUD funded loans by \$40,000 from \$50,000 to a new total amount of \$90,000 and extending the term of the agreement from May 1, 2020 to June 30, 2023.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-354**

**RESOLUTION ACCEPTING THE LANDMARK PRESERVATION
COMMISSION ANNUAL REPORT FOR FISCAL YEAR 2018-2019**

WHEREAS, Section 1104 of the City Charter specifies that appointed commissions shall report on their fiscal year activities to City Council on or before September 1 of each year, and Section 9-10.03(d) of the Modesto Municipal Code specifies that the Landmark Preservation Commission shall report its activities to City Council each year, and

WHEREAS, at its regular meeting of June 17, 2019, at 1010 10th Street, Modesto, California, the Landmark Preservation Commission accepted the Annual Report for Fiscal Year 2018-2019, and

WHEREAS, said matter was scheduled for the regular City Council meeting of August 7, 2019, in the 10th Street Palace Chambers located at 1010 10th Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the Landmark Preservation Commission Annual Report for Fiscal Year 2018-2019 as described in **Exhibit "A"**, **attached** hereto and incorporated herein by reference, is accepted.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

Landmark Preservation Commission Annual Report for FY 2018-2019

LANDMARK PRESERVATION COMMISSION ANNUAL REPORT FOR FISCAL YEAR 2018-2019

The City of Modesto Landmark Preservation Commission (Commission) was formed by the City Council to promote public recognition and appreciation for Landmark Preservation Sites and for the City's history; to conduct continuing surveys and research in order to identify and classify as to their relative importance, properties which have historic, architectural, archaeological, engineering, or cultural significance to the community; to recommend properties which meet the criteria of significance for designation as Landmark Preservation Sites; to protect Landmark Preservation Sites by public review of proposed alterations, relocations, demolitions, or new construction affecting those properties; and to advise property owners and educate the public in appropriate maintenance, rehabilitation, or restoration methods and to encourage continued use of such properties. The Commission is also responsible for requesting of the Board of Zoning Adjustment, the Planning Commission, various City departments, or the City Council adoption of measures required or appropriate for the preservation, protection, or maintenance of Landmark Preservation Sites; providing general preservation plans and guidelines to owners of Landmark Preservation Sites regarding appropriate maintenance, restoration, and rehabilitation; promoting public recognition and appreciation for Landmark Preservation Sites; and for the solicitation of gifts and contributions to support the activities and purposes of the Commission.

The Commission meets on the third Monday of the month at 1:00 p.m. The 2018-2019 Annual Report highlights a few key projects the Commission has worked on this year.

I. MEMBERSHIP

The Landmark Preservation Commission is currently comprised of a total of five (5) registered voters residing in Modesto, with two vacant positions. A total of nine (9) commissioners have served during the past fiscal year.

Current Commissioners:

- Joseph Cahill
- Patrick Cavanah (Culture Commission Representative)
- Will Crew
- Naramsen Goriel
- David Leamon
- Matthew Lippert (Chair)
- David Roddick (Vice Chair)

Former Commissioners:

- Joanna Esparza *

* Resigned from Landmark Preservation Commission for personal reasons

II. BYLAWS

No bylaws amendments were proposed or adopted during the fiscal year.

III. PROJECTS

Web Pages

In addition to the Landmark Preservation Commission page, the Landmark Preservation Program now has web pages to promote Modesto's history and raise the profile of established landmarks, as well as other historic properties. The web site is regularly updated with agendas, minutes, and resolutions. A new Historic Guide to Modesto: Modesto Landmarks 1870 - 1940 (http://www.modestogov.com/1967/History_of_Modesto) brochure has been added to the web site that can be used on mobile phones or printed.

Mills Act Contract Monitoring

In accordance with the existing Mills Act contracts on 12 landmark properties, staff has requested property owners update the list of improvements that is attached to each contract. Mills Act contracts require the list be updated to ensure the properties are being maintained as required by the contract. Nine property owners responded in 2018. Two of the three remaining property owners have responded by providing an updated list of improvements.

Update Ordinance

Updates to the Landmark Preservation Ordinance, Title 9, Chapter 10, of the Modesto Municipal Code were approved by City Council after review by the Landmark Preservation Commission. Amendments were minor in nature and typically reflected changes to the way the Landmark Preservation Program is administered.

Applications and Permits Reviewed

Landmark 19: In February, the Commission took a guided field trip to the Southern Pacific Railroad Depot in anticipation of an application to modify the site. The City's Transit Manager, Adam Barth, and architect Barrett Lipomi of RED Architects narrated their concerns with the current programming of the building and site and discussed ideas for accommodating increased passenger traffic in the future.

Future Projects

In addition to evaluating resources nominated for landmark status, the Commission is responsible for reviewing proposed alterations to historic resources and proposed demolitions. Applications are processed on a case-by-case basis.

Other projects that may be undertaken by the Commission include:

Update the status of buildings in the historic resources survey More than 20 years have passed since Modesto hired Carey & Co. to prepare a survey of some of Modesto's historic resources that were 50 years old or older at the time of the survey. During that time, many buildings have been altered or demolished and the city's records should be updated. This is a multi-year project.

Develop historic brochures Cities often highlight their historic resources by preparing walking tours or brochures, often themed. Brochures promote the city's unique history, civic involvement and pride, and offer added appeal for visitors. Three brochures have been produced to date highlighting Modesto's landmarks, buildings from the Establishment Period, and Mid-Century Modern buildings. Additional brochures will feature other periods of Modesto's development. This is a multi-year project.

Develop a list of high-priority resources and pursue landmark status Modesto's historic resources survey, prepared in the 1990s by Carey & Co., has been used as a starting point for preservation efforts. The survey was performed in-depth on a few properties known to have significance in addition to architectural qualities, but most of the survey was limited to architecture. In the past, the historic resources survey served to promote designation of potential historic resources for landmark status by the Commission. This is a multi-year project.

IV. PURPOSE OF THE ANNUAL REPORT

This annual report is prepared in compliance with Article XI, Section 1104, of the City Charter, and with Modesto Municipal Code Section 9-10-03(d) which require a report of the Commission's activities be prepared and submitted to the City Council annually. Reporting shall be made on a fiscal year basis and shall be submitted to Council on or before September 1.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-355**

RESOLUTION APPROVING THE AWARD OF BID AND SERVICE AGREEMENT FOR LANDSCAPE MAINTENANCE, WEED ABATEMENT AND TRASH REMOVAL SERVICES TO GROVER LANDSCAPE SERVICES INC, MODESTO CA, FOR A TWO YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$155,000 AND A TOTAL AMOUNT NOT TO EXCEED \$853,000 OVER FIVE YEARS, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, retention basins are utilized to collect water through a sequence of pipes which feed water into detentions basins, and

WHEREAS, detention basins are utilized to remove storm water through pump stations to open waterways, MID canal, creek or river, and

WHEREAS, the need to maintain retention and detention basins is important in order to allow water to properly flow or evaporate in order to mitigate flood danger, and

WHEREAS, overgrown basins could lead to a fire hazard, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of landscape maintenance, weed abatement and trash removal services, and

WHEREAS, prospective bidders were notified online of the bid opportunity, and

WHEREAS, fourteen companies chose to download the RFB document, and bids were formally opened in the City Clerk's office. Four companies chose to respond, two of them being a local vendor and three companies responding provided a responsive and responsible bid, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid and agreement for landscape maintenance, weed

abatement and trash removal services to Grover Landscape Services Inc, Modesto CA for an estimated annual cost of \$155,000 and not to exceed \$853,000 over five (5) years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures. The award of RFB No. 1718-45 and agreement for landscape maintenance, weed abatement and trash removal services to Grover Landscape conforms to the Modesto Municipal Code because the City complied with the formal bid procedures and was the lowest responsive and responsible bidder.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid and agreement for landscape maintenance, weed abatement and trash removal services for the Utilities Department, Storm Water collections and Sewer collections Divisions, to Grover Landscape Services Inc., Modesto CA for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost of \$155,000, and not to exceed \$853,000 over five (5) years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-356**

RESOLUTION APPROVING THE AWARD OF BID AND PURCHASE AGREEMENT FOR VARIABLE FREQUENCY DRIVE UNITS TO WILLE ELECTRIC SUPPLY COMPANY, MODESTO, CA, FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL AMOUNT NOT TO EXCEED \$189,334 AND A TOTAL AMOUNT NOT TO EXCEED \$946,670 OVER FIVE YEARS, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASING AGREEMENT

WHEREAS, the Utilities Department, Water and Wastewater Divisions need to purchase Variable Frequency Drive (VFD) units in order to stabilize water pressure and wastewater flows in the City's water and wastewater systems, and

WHEREAS, the Water Division has approximately one hundred twenty-five VFD's, and

WHEREAS, the Wastewater Division has approximately ninety-seven VFD's, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase variable frequency drive units throughout the city, and

WHEREAS, on January 9, 2019, the Purchasing Division issued RFB No. 1718-60RB for the purchase of variable frequency drive units to eleven prospective bidders, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Seven companies chose to respond and six provided responsive and responsible bids. Four local vendor responded, and

WHEREAS, based on providing the lowest responsive and responsible bids, City staff recommends the award of bid for the purchase of variable frequency drive units to Wille Electric, Modesto, CA, for a two (2) year agreement with three (3) one year extension options, for an estimated annual cost not to exceed \$189,334 and total amount not to exceed \$946,670 over five years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of variable frequency drive units to Wille Electric, Modesto, CA, conforms to the Modesto Municipal Code, and

WHEREAS, due to higher cost of materials, addition of Tertiary Phase 2, and addition of well sites, staff requests an estimated annual total of \$189,334 for this agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid and agreement for the purchase of variable frequency drive units for the Water and Wastewater Divisions to Wille Electric, Modesto, CA, for a two year agreement with three one-year extension options for an estimated annual cost not to exceed \$189,334 and a total amount not to exceed \$946,670 over five years.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to issue the purchasing agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-357**

RESOLUTION APPROVING THE AWARD OF BID AND PURCHASING AGREEMENTS FOR SEWER & STORM DRAINAGE PIPE & FITTINGS TO PACE SUPPLY CORPORATION, STOCKTON, CA, R&B COMPANY, MANTECA, CA AND PIRANHA PIPE & PRECAST, CHOWCHILLA, CA FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$414,331, \$158,332, AND \$118,690, RESPECTIVELY, AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO ADJUST THE FINANCIAL AMOUNTS BETWEEN THE THREE PROVIDERS WITHOUT EXCEEDING THE ESTIMATED COMBINED ANNUAL COST OF \$691,353 AND A TOTAL COMBINED COST NOT TO EXCEED \$3,802,442 OVER FIVE YEARS FOR ALL VENDORS AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASE AGREEMENTS

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of circle clamps, gaskets, pipe couplings and tapping sleeves, and

WHEREAS, the Purchasing Division issued RFB No. 1819-04 for the purchase of sewer & storm drainage pipe & fittings to twenty-one prospective bidders, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three companies chose to respond, none of which were local companies, and

WHEREAS, all four companies responding provided responsive and responsible bids, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of sewer & storm drainage pipe & fittings to Pace Supply Corp., Stockton, CA, R&B Company, Manteca CA and Piranha Pipe & Precast, Chowchilla, CA for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost not to

exceed \$414,331, \$158,332, and \$118,690, respectively, and an estimated combined cost not to exceed \$3,802,442 over five (5) years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of sewer & storm drainage pipe and fittings to Pace Supply Corp., Stockton, CA, R&B Company, Manteca CA, and Piranha Pipe & Precast, Chowchilla CA, conforms to Modesto Municipal Code 8-3.203.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the Wastewater Division for the purchase of sewer & storm drainage pipe & fittings to Pace Supply Corp., Stockton, CA, R&B Company, Manteca CA and Piranha Pipe & Precast, Chowchilla, CA for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$414,331, \$158,332, and \$118,690, respectively, and an estimated combined cost not to exceed \$3,802,442 over five (5) years.

BE IT FURTHER RESOLVED the Finance Director, or her designee, is hereby authorized to adjust the financial amounts between all three providers, without exceeding the estimated combined annual cost of \$691,353.

BE IT FURTHER RESOLVED the Purchasing Manager, or her designee, is hereby authorized to execute the purchasing agreements.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING REVISIONS TO COUNCIL POLICY 2.009,
“INJURY AND ILLNESS PREVENTION PROGRAM,” TO UPDATE
REGULATORY REFERENCES AND DESIGNATE RESPONSIBILITY FOR
THE PROGRAM TO THE CITY MANAGER, OR DESIGNEE**

WHEREAS, the City of Modesto wishes to ensure the safest possible work place for our employees and to comply with all applicable safety regulations; and

WHEREAS no function of the City of Modesto is so critical as to require a compromise of safety, and

WHEREAS, by Resolution No. 2013-204, Council adopted an Injury and Illness Prevention Program (IIPP) as Council Policy 2.009, and as required by Title 8, Section 3203 of the California Code of Regulations on June 4, 2013, and

WHEREAS, it is necessary to periodically review and update the IIPP to ensure that program information is current and aligned with the City’s organizational structure, goals, and strategies.

NOW, THEREFORE, BE IT RESOLVED that the City Council of Modesto hereby approves revisions to Council Policy 2.009, “Injury and Illness Prevention Program,” to reflect the most current regulatory references.

BE IT FURTHER RESOLVED that the City Manager, or designee, is hereby designated as the responsible person for this program.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-359**

RESOLUTION APPROVING AN AGREEMENT WITH WINDMILL SEPTIC, LLC, RIPON, CA, FOR PORTABLE TOILET RENTALS AND SERVICES AT THE MODESTO OUTDOOR EMERGENCY SHELTER THROUGH DECEMBER 31, 2019 FOR A TOTAL AMOUNT NOT TO EXCEED \$90,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City established a temporary outdoor shelter underneath the 9th Street Bridge known as the Modesto Outdoor Emergency Shelter (MOES) to accommodate the growing number of homeless individuals, and

WHEREAS, the City issued informal bids for portable toilet rentals and services to keep the encampment safe and sanitary for a period not to exceed seven months, and

WHEREAS, Windmill Septic, LLC, provided the lowest responsible bid and the Finance Purchasing Division issued a purchase agreement, not to exceed \$50,000, to cover MOES expenses through October 31, 2019, and

WHEREAS, at three months into service, staff has increased the amount of portable toilets and service levels to keep pace with the influx of homeless individuals at MOES, and

WHEREAS, staff also expects the need for portable toilets through the end of December, and

WHEREAS, the current purchase order does not meet these needs, and

WHEREAS, the City and Windmill Septic, LLC, desire to enter into a new purchase agreement for portable toilets and services for MOES through December 31, 2019 for a total not to exceed \$90,000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, exceptions to the formal bidding process are granted in MMC 8-3.204(c) where the Purchasing Manager, in his or her discretion, determines that calling for bids on a competitive basis as set forth in Section 8-3.203 is undesirable due to exigent circumstances, and

WHEREAS, MMC 8-3.204(d) provides that a purchase may be exempt where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, Windmill Septic is exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(d) since the informal bidding procedure, of which Windmill Septic provided the lowest bid, had five responsive and responsible bids and was recently solicited, and

WHEREAS, Windmill Septic is exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(c) since a formal bidding process would require six months to process, at which point, the purchase order in place would be fully exhausted.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Windmill Septic, LLC, Ripon, CA, for portable toilet rentals and services at the Modesto Outdoor Emergency Shelter through December 31, 2019 for a total amount not to exceed \$90,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-360**

RESOLUTION APPROVING AN EIGHTH AMENDMENT TO THE AGREEMENT WITH SCS ENGINEERS, INC., MODESTO, CA, TO ANALYZE RIVER FLOWS AND PRODUCE A NO-RISE CERTIFICATION FOR THE CARPENTER ROAD LANDFILL PROJECT IN ACCORDANCE WITH FEMA REGULATIONS, AND THE CENTRAL VALLEY REGIONAL WATER QUALITY CONTROL BOARD COMPLIANCE ABATEMENT ORDER R5-2015-0700, IN AN AMOUNT NOT TO EXCEED \$9,807 THROUGH DECEMBER 31, 2019 OR UNTIL THE PROJECT IS COMPLETE, FOR A REVISED TOTAL AMOUNT NOT TO EXCEED \$1,506,156, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the City of Modesto owned and operated the Carpenter Road Landfill from 1956 to 1968, and the landfill includes fill sites on both the east and west sides of Carpenter Road, along the Tuolumne River, and

WHEREAS, the City is required by State law to perform post closure landfill maintenance, monitoring, and reporting for the landfill site, and

WHEREAS, in December 2005, it appeared that methane gas levels at the landfill's Northern boundary exceeded the maximum limits, and the California Integrated Waste Management Board (CIWMB) required the City to determine the cause and develop a Mitigation and Monitoring Plan, and

WHEREAS, the Central Valley Regional Water Quality Control Board (CVRWQCB) subsequently required the City to assess the potential for groundwater impacts, and

WHEREAS, on June 12, 2007 by Resolution No. 2007-341, Council authorized a Professional Services Agreement with SCS Engineers, Inc. in an amount not to exceed \$299,500 to assess the landfill and recommend corrective action, and

WHEREAS, after the initial site assessment, Resolution No. 2007-728 authorized a no-cost Letter Amendment to shift the focus of the work to installation of gas probes, design and installation of groundwater monitoring wells, and ongoing monitoring and reporting of methane gas and groundwater, and

WHEREAS, the assessment determined that migration of methane gas past the boundaries of the landfill was not a problem, but that a groundwater monitoring event determined that the landfill had experienced a “release” that could potentially have affected groundwater, and

WHEREAS, an engineering feasibility study had to be completed and the CVRWQCB required the City to submit a Corrective Action Plan (CAP), and

WHEREAS, in May 2009 by Resolution 2009-199, Council approved a Second Amendment to the Agreement with SCS Engineers, Inc. to further evaluate the site, develop the CAP, and provide ongoing monitoring and reporting services in an amount not to exceed \$242,000, and

WHEREAS, in November 2010, after conducting 12 hydro punch borings to sample groundwater and analyzing them for Volatile Organic Compounds (VOC’s), SCS submitted the CAP to the CVRWQCB proposing to use an injection of a hydrogen releasing compound to remediate any groundwater impacts, and

WHEREAS, subsequently , the VOC concentrations began to consistently decline, and City staff and SCS Engineers, Inc. determined that the proposed CAP needed to be re-evaluated, and

WHEREAS, in August 2013 by Resolution No. 2013-277, Council approved a Third Amendment to the Agreement with SCS Engineers, Inc. for ongoing monitoring,

lab analysis, compliance reports, corrective action monitoring and maintenance, and re-evaluating and implementing the CAP in a cost not to exceed \$290,500, and

WHEREAS, in October 2014, a revised CAP and post closure maintenance plan was submitted to the CVRWQCB and in March 2015, the CVRWQCB issued the City a Cleanup and Abatement Order (CAO R5-2015-0700) requiring the City to clean close the Eastern Fill, move all the waste to the Western Fill, install a final cover atop the Western Fill, and construct a storm water retention basin, and

WHEREAS, in April 2015, SCS Engineers, Inc. submitted the plans and drawings to address the CAO and it was conditionally approved by the CVRWQCB in July 2016, with mitigation to be completed by October 2017, and

WHEREAS, the Central Valley experienced a significant wet winter at the end of 2016 and into the beginning of 2017, with the Tuolumne River above flood stage and not expected to completely recede until September or mid-October 2017, and

WHEREAS, the City petitioned the CVRWQCB in June 2017 for an extension to the CAO due to the groundwater elevation being higher than that of the waste to be excavated, and

WHEREAS, in mid-July the CVRWQCB approved the City's request to postpone the execution of the Clean Closure Work Plan with the condition that the approved background soil assessment would be completed and submitted to the water board by October 20, 2017 and the Final Construction and Completion Report for the CAO would be submitted no later than October 31, 2018, and

WHEREAS, in September 2017, by Resolution No. 2017-341, Council approved a Fourth Amendment to the Agreement with SCS Engineers, Inc. to complete these tasks and carry the project through December 31, 2018 in a cost not to exceed \$92,349, and

WHEREAS, in July 2018 the City opened the bid process for the Clean Closure work, and in August 2018, awarded the bid to Pacific States Environmental Contractors for a total of \$3,776,598 by Council Resolution No. 2018-345, and

WHEREAS, in addition, a Fifth Amendment to the SCS Agreement in an amount not to exceed \$520,000 was approved by Council Resolution No. 2018-348 for environmental and design support services to the Clean Closure work, and

WHEREAS, Resolution No. 2018-348 also authorized the City Manager to execute any amendments up to a cumulative amount of 10% of the Fifth Amendment, or \$52,000, and

WHEREAS, in September 2018, it was determined that the City needed to have a No-Rise Certification in order to be in compliance with Federal Emergency Management Agency (FEMA) Regulation, and

WHEREAS, the City requested that SCS Engineers perform this analysis but since nothing was identified in their agreements for this type of work, in December 2018 a Sixth Amendment to the SCS Agreement in an amount not to exceed \$44,036 was approved under the authority of the City Manager, for SCS to hire HDR Engineering to produce the model runs, analysis, and No-Rise Certification needed to be in compliance with FEMA, and

WHEREAS, the last six months HDR Engineering has been diligently working with SCS Engineers and the City to help the City achieve a No-Rise Certification and has

recently determined that with some slight design modifications and their site review of the vegetation layout, that the No-Rise Certification can be met, and

WHEREAS, with the number of analytical models that needed to be run and the slight design modifications that needed to be made, the Sixth Amendment fell short by \$17,771, and in order to keep the project moving to meet construction deadlines, the City Manager executed a Seventh Amendment to the SCS Agreement, under his authority in the Fifth Amendment by Resolution No. 218-348, for the balance of the cumulative total of 10%, which was \$7,964, and

WHEREAS, the previous amount was approved in the Sixth Amendment in the amount of \$44,033, and the City Manager total delegated authority was \$52,000, and

WHEREAS, this Eighth Amendment is for the remaining \$9,807 of the \$17,771 needed to complete the No-Rise Certification, and

WHEREAS, it is critical that this amendment be processed for several reasons: 1) the health and safety of the neighborhood in and around the landfill as the longer the project is delayed, the longer the waste sits in a non-line landfill without groundwater protection; 2) the contract was awarded almost a year ago and the contractor has been in a holding pattern; 3) there are time limitations to when construction can occur due to wildlife cycles; and 4) if the project does not get started as mandated by the CVRWQCB, the City will be subjected to fines of up to \$10,000 per day, and

WHEREAS, funds are collected in the garbage rate for this mitigation project, estimated to cost \$4.6 million and to date the Carpenter Road Landfill Fund (Fund 4893-56016) has approximately \$5 million.

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Eighth Amendment to the Agreement with SCS Engineers, Inc. to analyze river flows and produce a No-Rise Certification for the Carpenter Road Landfill Project in accordance with FEMA Regulations, and the Central Valley Regional Water Quality Control Board Compliance Abatement Order R5-2015-0700, in an amount not to exceed \$9,807 through December 31, 2019 or until the project is complete, for a revised total amount not to exceed \$1,506,156.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Eighth Amendment to the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-361**

RESOLUTION AUTHORIZING THE REPAYMENT OF COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS TO HUD EXPENDED ON INELIGIBLE ACTIVITIES IN THE AMOUNT OF \$154,160, REALLOCATING \$36,586 FROM HOME FUNDING FOR HOME ADMINISTRATION ELIGIBLE EXPENSES, AND \$1,570 FROM NSP2 FUNDING FOR NSP2 ADMINISTRATION ELIGIBLE EXPENSES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE RELATED DOCUMENTS

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City receives Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, annually, and

WHEREAS, in September 2017, the Office of Inspector General (OIG) reached out to the City of Modesto to notify staff that the OIG would perform an audit to ensure that the City used CDBG funds in accordance with HUD requirements, focusing on the City's Housing Rehabilitation Program, and

WHEREAS, from October 2017 through April 2018, the OIG was at the City reviewing and auditing funding and projects that were a part of the Housing Rehabilitation Program, and

WHEREAS, the OIG reviewed projects and documentation from July 2015 through September 2017, and

WHEREAS, in July 2018, the OIG finalized and published their audit report, and

WHEREAS, the OIG made sixteen findings totaling \$1,686,739 in unsupported funds and \$257,737 in ineligible funds for a total of \$1,944,332, and

WHEREAS, the OIG directed the City to work directly with HUD's San Francisco Office of Community Planning and Development to resolve the findings of the audit, and

WHEREAS, The OIG directed the City to:

1. Support that its use of more than \$1.6 million in CDBG funds met program requirements or repay the program from non-Federal funds
2. Repay the program \$257,737 for duplicate costs from non-Federal funds
3. Implement policies and procedures to ensure that CDBG funds are used in accordance with program requirements
4. Provide training to its staff to ensure sufficient knowledge of CDBG program requirements, and
5. Implement policies and procedures to ensure that it includes all of its CDBG recipients in its monitoring plan and that it selects objective samples, and

WHEREAS, staff has worked closely with HUD over the last year, and submitted documentation and support for the OIG findings, and

WHEREAS, staff has updated the policies to ensure they meet both HUD and City standards, implemented procedures and checklists to ensure proper documentation is completed before any project is approved, agreement is signed, or funding is expended, and provided ongoing training for staff to ensure sufficient knowledge of CDBG program requirements, and

WHEREAS, The City provided supporting documentation for all of reported OIG findings, and

WHEREAS, HUD reviewed all of the information and submitted it to the OIG for approval, and

WHEREAS, as a result, the OIG agreed that the City would not have to repay \$1,790,316 of the total \$1,944,332 that was identified in the report, and

WHEREAS, eleven findings are closed, and five findings remain open and require partial repayment in order to close the findings and audit, and

WHEREAS, HUD and the OIG identified \$154,160 that would have to be repaid from non-federal funds to the CDBG program, \$36,586 reallocated from HOME funding for HOME Administration eligible expenses, and \$1,570 reallocated from NSP2 funding for NSP2 Administration eligible expenses, and

WHEREAS, a substantial portion of this funding needs to be repaid due to staff charging their time to the incorrect funding source, and

WHEREAS, to correct this issue moving forward, the division has worked with finance and budget to move all staff to a non-grant funded cost center, and now charge out the staff time according to the project and grant they are working on, and

WHEREAS, the repayment of funds is required to be made from a non-federal source, and will be repaid from 2019-2020 Community and Economic Development Department savings, and

WHEREAS, the funding that is returned to HUD will be added to the City CDBG account, and can be used on future CDBG eligible projects, and

WHEREAS, HUD has requested that the audit be completed by August 1, 2019, and

WHEREAS, Staff was able to address two findings and wire a repayment under City Manager authority totaling \$28,243.34, \$25,169.84 repaid from non-federal funds, and \$3,073.50 reallocated from other HUD grant funds, and

WHEREAS, because the remainder of the findings exceeded \$50,000 to return to HUD, HUD has granted an extension until August 8, 2019 for the closeout.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizing the repayment of Community Development Block Grant funds to HUD expended on ineligible activities in the amount of \$154,160, reallocating \$36,586 from HOME funding for HOME Administration eligible expenses, and \$1,570 from NSP2 funding for NSP2 Administration eligible expenses.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or his designee, is hereby authorized to execute related documents.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-362**

**RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 ANNUAL
OPERATING AND MULTI-YEAR PROJECT BUDGETS AND AUTHORIZING
THE CITY MANAGER OR HIS DESIGNEE, TO TAKE THE NECESSARY
STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION.**

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City is required to develop an Annual Action Plan (AAP) that describes proposed activities funded with Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, in September 2017, the Office of Inspector General (OIG) reached out to the City of Modesto to notify staff that the OIG would be auditing to ensure that the City used CDBG funds in accordance with HUD requirements, focusing on the City's Housing Rehabilitation Program, and

WHEREAS, from October 2017 through April 2018, the OIG was at the City reviewing and auditing funding and projects that were a part of the Housing Rehabilitation Program, and

WHEREAS, during the audit, they reviewed projects and documentation from July 2015 through September 2017, and

WHEREAS, HUD and the OIG identified \$154,160 that would have to be repaid to the CDBG program, and

WHEREAS, HUD's preference is that the City repay the disallowed costs from a non-federal source.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes amending the Fiscal Year 2019-2020 Annual Operating and Multi-Year Project budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED by the Council of the City of Modesto authorize City Manager or his designee, to take the necessary steps to implement the provisions of this resolution.

Exhibit A

- Amend the Community Development Administration operating budget (0100-14210) for fiscal year 2019-20, to decrease the Salaries and Benefits budget by \$154,161, and to increase the Discretionary Expenses budget (0100-14210) by \$154,161, to reflect the transfer of ineligible expenses from CDBG Rehab Admin and RLF Rehab Direct Loans.
- Amend the Community Development HUD Administration operating budgets for fiscal year 2019-20 (1130-14010-54500) as follows to allow for the transfer of expenses from CDBG Rehab Admin (1130-14020):
 - Activity 1170 – Increase budget by \$11,808
 - Activity 1224 – Increase budget by \$889
 - Activity 1255 – Increase budget by \$17,561
- Amend the Community Development HOME Administration operating budgets (1170-14030-54500) as follows to allow for transfer of expenses from CDBG Rehab Admin (1130-14020):
 - Activity 1317 – Increase budget by \$36,587

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-363**

**RESOLUTION CALLING A SPECIAL ELECTION REGARDING
PROPOSED CHANGES TO RATE AND METHOD OF APPORTIONMENT OF
SPECIAL TAX FOR CITY OF MODESTO COMMUNITY FACILITIES
DISTRICT NO. 2016-2 (THE VINTAGE)**

WHEREAS, on January 26, 2016, the City Council of the City of Modesto (“the City”) adopted Resolution No. 2016-21 (the “Resolution of Intention”) declaring its intention to establish City of Modesto Community Facilities District No. 2016-2 (The Vintage) (“CFD No. 2016-2), pursuant to the Mello-Roos Community Facilities Act of 1982, Government Code Sections 53311 et seq. (the “Act”), and

WHEREAS, on March 8, 2016, the City Council adopted Resolution No. 2016-95 (the “Resolution of Formation”) declaring the formation of CFD No. 2016-2 for the purpose of financing all costs associated with the creation of CFD No. 2016-2, the determination of the amount of special taxes to be levied and costs otherwise incurred in order to carry out the authorized purposes of the community facilities district and administering the community facilities district and to pay the costs of the services listed therein, and

WHEREAS, by adopting the Resolution of Formation, the City Council declared its intention, subject to the approval of the qualified electors of the proposed community facilities district, to levy the proposed special taxes at the rates set forth in the Rate and Method of Apportionment of Special Tax (the “Original RMA”) **attached** thereto as **Attachment A**, and

WHEREAS, on March 8, 2016, the City Council adopted Resolution No. 2016-97, declaring the results of the election pertaining to CFD No. 2016-2, and determining that the qualified electors had approved the Original RMA, and

WHEREAS, it has been determined that it is necessary and prudent to adjust the maximum special taxes set forth in the Original RMA, and

WHEREAS, on June 11, 2019, this City Council adopted Resolution No. 2019-259, (the "Resolution of Consideration"), by which this City Council declared its intention to modify the rate and method of apportionment of the special tax for CFD No. 2016-2, as set forth in the Amended and Restated RMA, which was **attached** to the Resolution of Consideration as **Exhibit A**, and

WHEREAS, by its Resolution of Consideration, this City Council scheduled a public hearing on the matter of the modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 for August 7, 2019, and directed the publication of a notice of the hearing, and

WHEREAS, the required notice of hearing was published in the manner required by the Act, and

WHEREAS, the public hearing having been conducted and closed on this date, this City Council hereby finds and determines that a majority protest was not made at the hearing, as provided by Section 53338 of the Mello-Roos Act, and

WHEREAS, it has been established that there are no registered voters residing within the boundary of CFD No. 2016-2, and

WHEREAS, on the basis of the Certificate and Waiver of Certain Election Procedures With Respect to Landowner Election” (the "Certificate and Waiver”), a

separate copy of which has been executed on behalf of each landowner owning property within boundaries of CFD No. 2016-2 (each a "Landowner"), filed with the City Clerk and presented at this meeting, this City Council hereby further finds and determines as follows:

A) each of the Landowners has consented to the conduct of the special mailed-ballot election on this date and has waived the requirements to

- (1) prepare and distribute an impartial analysis,
- (2) invite arguments in favor of or against the ballot measure,
- (3) publish a notice of the election and
- (4) mail the special election ballot a prescribed number of days prior to the election; and

B) each of the Landowners has agreed to accept personal service of the ballot or service by mail; and

WHEREAS, this City Council, by this Resolution, wishes to call the special election to be held on this date immediately upon adoption of this Resolution, and to direct that, forthwith upon receiving an executed and completed ballot from each of the Landowners, the City Clerk shall close the election and declare the results to this City Council.

NOW, THEREFORE, BE IT RESOLVED THAT the City Council of the City of Modesto hereby finds, determines and resolves the foregoing recitals are true and correct, and this City Council hereby expressly so finds and determines that pursuant to Sections 53326 and 53338 of the Act, this City Council hereby calls a special

mailed-ballot election, to be held and conducted forthwith upon adoption of this Resolution, and sets this same date as the election date.

BE IT FURTHER RESOLVED that the measure to be submitted to the Landowners, as the qualified electors of CFD No. 2016-2, shall be as set forth in **Exhibit A, attached** hereto and by this reference incorporated herein. The action of the City Clerk in providing the special election ballot to the Landowners by personal service or mail is hereby ratified.

BE IT FURTHER RESOLVED The City Clerk is hereby directed, forthwith upon receiving an executed and completed ballot from each of the Landowners, to close the election and declare the results to this City Council.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

APPENDIX A
CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2016-2
(VINTAGE MAINTENANCE)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel in the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2016-2, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the CFD, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or "Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other recorded County parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5 (commencing with Section 53311), Division 2, of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2016-2, including, but not limited to, levying and collecting the Special Tax; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to property owner inquiries regarding the Special Tax; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Tax according to this RMA.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel Number.

“Assessor’s Parcel Number” or **“APN”** means a unique number assigned to an Assessor’s Parcel by the County Assessor for purposes of identifying a property.

“Authorized Services” means the public services authorized to be funded by the CFD as set forth in the documents adopted by the City Council when the CFD was formed.

“CFD” or **“CFD No. 2016-2”** means the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance).

“CFD Formation” means the date on which the Resolution of Formation to form CFD No. 2016-2 was adopted by the City Council.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2016-2.

“Commercial Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a commercial building, as determined by the City.

“County” means the County of Stanislaus.

“Developed Property” means, in any Fiscal Year, the following:

- for Single Family Residential Property, all Parcels of Taxable Property for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year;
- for Multi-Family Property, all Parcels of Taxable Property for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year; and
- for Commercial Property, all Parcels of Taxable Property for which a building permit for construction of a commercial structure was issued prior to June 30 of the preceding Fiscal Year.

“Escalation Factor” means, in any Fiscal Year, the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%).

“Final Map” means a final map approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410, *et seq.*) that creates individual lots on which a building permit can be issued for construction of residential units without further subdivision of the lots.

“Fiscal Year” means the period starting on July 1 and ending on the following June 30.

“Land Use Class” means one of the three mutually-exclusive land use classes identified in Table 1 in Section C below and defined in this Section A.

“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any Fiscal Year.

“Multi-Family Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

“Proportionately” means, for Developed Property, that the ratio of the actual Special Tax levied in any Fiscal Year to the Maximum Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Taxable Property that is Developed Property. For Undeveloped Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Property that is Undeveloped Property. For Taxable Public Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Public Property.

“Public Property” means, in any Fiscal Year: (i) all Parcels within the boundaries of the CFD that are owned by or irrevocably offered for dedication to the federal government, the State of California, the City or any other public agency; provided, however, that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act (as such section may be amended or replaced) shall be taxed and classified in accordance with its use; and (ii) all Parcels within the boundaries of the CFD that are encumbered by an unmanned utility easement making impractical its utilization for other than the purpose set forth in the easement.

“RMA” means this Rate and Method of Apportionment of Special Tax.

“SFR Lot” means an individual numbered lot which is in its final configuration and for which a building permit may be issued for a single family residential unit.

“Single Family Residential Property” means, in any Fiscal Year, all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure on an SFR Lot.

“Special Tax” means a special tax levied in any Fiscal Year to pay the Special Tax Requirement, as defined below.

“Special Tax Requirement” means the amount of revenue needed in any Fiscal Year to pay for: (i) Authorized Services, (ii) establishment of reserves, (iii) Administrative Expenses, and (iv) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred in prior Fiscal Years.

“Taxable Property” means all Assessor’s Parcels within the boundaries of the CFD that are not exempt from the Special Tax pursuant to law or Section F below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within the CFD that, (i) based on a tentative map or other development plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in prior Fiscal Years.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2016-2 that are not Developed Property.

B. DATA FOR SPECIAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel Numbers for all Parcels of Taxable Property within the CFD. The Administrator shall also determine: (i) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) which Parcels are Commercial Property, Single Family Residential Property, and Multi-Family Property, (iii) the Acreage of each Parcel of Commercial Property and Multi-Family Property, and (iv) the Special Tax Requirement for the then-current Fiscal Year.

In any Fiscal Year, if it is determined that (i) a Final Map or parcel map for a portion of property in the CFD was recorded after the last date upon which the Assessor will incorporate the newly-created Parcels into the then current tax roll, (ii) because of the date the Final Map or parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map or parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Taxable Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map or parcel map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map or parcel map.

C. MAXIMUM SPECIAL TAXES

Table 1 below identifies the Maximum Special Tax assigned to all Parcels of Taxable Property.

**TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2015-16**

	<i>Land Use Category</i>	<i>Fiscal Year 2015-16 Maximum Special Tax*</i>
Developed Property	Single Family Residential Property	\$326 per SFR Lot
	Multi-Family Property	\$300 per Acre
	Commercial Property	\$300 per Acre
Undeveloped Property	Single Family Residential Property	\$1,950 per Acre
	Multi-Family Property	\$300 per Acre
	Commercial Property	\$300 per Acre

** On January 1, 2016 and each January thereafter, the Maximum Special Tax rates shall be adjusted by the Escalation Factor. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1*

D. METHOD OF LEVY OF SPECIAL TAXES

Each Fiscal Year, the Administrator shall determine the Special Tax Requirement for that Fiscal Year. The Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:* The Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 2:* If additional revenue is needed after Step 1, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property that is not Commercial Property within the CFD, up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 3:* If additional revenue is needed after applying the first two steps, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel of Taxable Public Property.

E. COLLECTION OF SPECIAL TAXES

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Special Taxes through foreclosure or other available methods. The Special Tax shall be levied and collected in perpetuity unless and

until the City determines that the Special Tax no longer needs to be levied to pay Authorized Services and Administrative Expenses.

F. EXEMPTIONS

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on Parcels of Commercial Property that are Undeveloped Property and Parcels of Public Property, except Taxable Public Property, as defined herein.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by resolution of the City Council for purposes of clarifying any vagueness or ambiguity in this RMA.

H. ENFORCEMENT

All delinquent Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-364**

**RESOLUTION DECLARING RESULTS OF LANDOWNER-VOTER
ELECTION AND ORDERING CHANGE TO RATE AND METHOD OF
APPORTIONMENT OF SPECIAL TAX FOR CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2016-2 (THE VINTAGE)**

WHEREAS, on March 8, 2016, the City Council adopted Resolution No. 2016-95 (the "Resolution of Formation") declaring the formation of CFD No. 2016-2 for the purpose of financing all costs associated with the creation of CFD No. 2016-2, the determination of the amount of special taxes to be levied and costs otherwise incurred in order to carry out the authorized purposes of the community facilities district and administering the community facilities district and to pay the costs of the services listed therein, and

WHEREAS, by adopting the Resolution of Formation, the City Council declared its intention, subject to the approval of the qualified electors of the proposed community facilities district, to levy the proposed special taxes at the rates set forth in the Rate and Method of Apportionment of Special Tax (the "Original RMA") **attached** thereto as **Attachment A**; and

WHEREAS, it has been determined that it is necessary and prudent to adjust the maximum special taxes set forth in the Original RMA, and

WHEREAS, on June 11, 2019, this City Council adopted Resolution No. 2019-259, (the "Resolution of Consideration"), by which this City Council declared its intention to modify the rate and method of apportionment of the special tax for CFD No. 2016-2, as set forth in the Amended and Restated RMA, which was **attached** to the Resolution of Consideration as **Exhibit A**, and

WHEREAS, by its Resolution of Consideration, this City Council scheduled a public hearing on the matter of the modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 for August 7, 2019, and directed the publication of a notice of the hearing, and

WHEREAS, the public hearing having been conducted and closed on this date in accordance with the Resolution of Consideration, the published notice, and no protests against the proposed changes prescribed by the Resolution of Consideration having been made either orally or in writing, and

WHEREAS, this City Council then adopted its resolution calling a special mailed-ballot landowner-voter election to submit to the owners of the taxable land in CFD No. 2016-2 (the "Landowners"), as the qualified electors of CFD No. 2016-2, the question whether this City Council shall be authorized to modify the rate and method of apportionment of the special tax for CFD No. 2016-2, and

WHEREAS, on the basis of executed copies of a "Certificate and Waiver of Certain Election Procedures With Respect to Landowner Election" submitted by all Landowners owning property within CFD No. 2016-2, and all of which instruments are on file with the City Clerk, the election was scheduled to occur immediately upon adoption of the resolution calling the election and approving the form of ballot, which was **attached as Exhibit A** to said resolution, and

WHEREAS, the City Clerk has advised this City Council that she has received an executed and completed ballot from all of the Landowners and has therefore closed the election and declared to this City Council that the ballot measure was unanimously approved by the Landowners, and

WHEREAS, this City Council wishes by this Resolution to declare the results of the landowner-voter election and to order the modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 as set forth in the Amended and Restated RMA, which is **attached** hereto as **Exhibit A**.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Modesto hereby finds the foregoing recitals are true and correct, and this City Council hereby expressly so finds and determines.

NOW, THEREFORE, BE IT FURTHER RESOLVED that this City Council hereby declares that the measure submitted to the landowner-voter election respecting the proposed modification of the rate and method of apportionment of the special tax for CFD No. 2016-2 has been passed.

NOW, THEREFORE, BE IT FURTHER RESOLVED that in conformity with the provisions of Section 53338 of the Mello-Roos Act, this City Council orders that rate and method of apportionment of the special tax for CFD No. 2016-2 be modified to read as set forth in the Amended and Restated Rate and Method of Apportionment of the Special Tax for CFD No. 2016-2, a copy of which is **attached** hereto as **Exhibit A** and by this reference incorporated herein.

NOW, THEREFORE, BE IT FURTHER RESOLVED the City Clerk is hereby authorized and directed to cause the preparation and recordation of a notice of the change represented by Amended and Restated Rate and Method of Apportionment of the Special Tax for CFD No. 2016-2 pursuant to Section 3117.5 of the California Streets and Highways Code, to take all other action necessary to carry out the purpose and intent of this resolution .

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 7th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

APPENDIX A
CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2016-2
(VINTAGE MAINTENANCE)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel in the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2016-2, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the CFD, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or **"Acreage"** means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other recorded County parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5 (commencing with Section 53311), Division 2, of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2016-2, including, but not limited to, levying and collecting the Special Tax; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to property owner inquiries regarding the Special Tax; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Tax according to this RMA.

"Assessor's Parcel" or **"Parcel"** means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel Number.

“Assessor’s Parcel Number” or **“APN”** means a unique number assigned to an Assessor’s Parcel by the County Assessor for purposes of identifying a property.

“Authorized Services” means the public services authorized to be funded by the CFD as set forth in the documents adopted by the City Council when the CFD was formed.

“CFD” or **“CFD No. 2016-2”** means the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance).

“CFD Formation” means the date on which the Resolution of Formation to form CFD No. 2016-2 was adopted by the City Council.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2016-2.

“Commercial Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a commercial building, as determined by the City.

“County” means the County of Stanislaus.

“Developed Property” means, in any Fiscal Year, the following:

- for Single Family Residential Property, all Parcels of Taxable Property for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year;
- for Multi-Family Property, all Parcels of Taxable Property for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year; and
- for Commercial Property, all Parcels of Taxable Property for which a building permit for construction of a commercial structure was issued prior to June 30 of the preceding Fiscal Year.

“Escalation Factor” means, in any Fiscal Year, the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%).

“Final Map” means a final map approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410, *et seq.*) that creates individual lots on which a building permit can be issued for construction of residential units without further subdivision of the lots.

“Fiscal Year” means the period starting on July 1 and ending on the following June 30.

“Land Use Class” means one of the three mutually-exclusive land use classes identified in Table 1 in Section C below and defined in this Section A.

“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any Fiscal Year.

“Multi-Family Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure consisting of two or more residential units that share common walls, including but not limited to, townhomes, condominiums, duplexes, triplexes, fourplexes, and apartment units.

“Proportionately” means, for Developed Property, that the ratio of the actual Special Tax levied in any Fiscal Year to the Maximum Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Taxable Property that is Developed Property. For Undeveloped Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Property that is Undeveloped Property. For Taxable Public Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Public Property.

“Public Property” means, in any Fiscal Year: (i) all Parcels within the boundaries of the CFD that are owned by or irrevocably offered for dedication to the federal government, the State of California, the City or any other public agency; provided, however, that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act (as such section may be amended or replaced) shall be taxed and classified in accordance with its use; and (ii) all Parcels within the boundaries of the CFD that are encumbered by an unmanned utility easement making impractical its utilization for other than the purpose set forth in the easement.

“RMA” means this Rate and Method of Apportionment of Special Tax.

“SFR Lot” means an individual numbered lot which is in its final configuration and for which a building permit may be issued for a single family residential unit.

“Single Family Residential Property” means, in any Fiscal Year, all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure on an SFR Lot.

“Special Tax” means a special tax levied in any Fiscal Year to pay the Special Tax Requirement, as defined below.

“Special Tax Requirement” means the amount of revenue needed in any Fiscal Year to pay for: (i) Authorized Services, (ii) establishment of reserves, (iii) Administrative Expenses, and (iv) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred in prior Fiscal Years.

“Taxable Property” means all Assessor’s Parcels within the boundaries of the CFD that are not exempt from the Special Tax pursuant to law or Section F below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within the CFD that, (i) based on a tentative map or other development plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in prior Fiscal Years.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2016-2 that are not Developed Property.

B. DATA FOR SPECIAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel Numbers for all Parcels of Taxable Property within the CFD. The Administrator shall also determine: (i) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) which Parcels are Commercial Property, Single Family Residential Property, and Multi-Family Property, (iii) the Acreage of each Parcel of Commercial Property and Multi-Family Property, and (iv) the Special Tax Requirement for the then-current Fiscal Year.

In any Fiscal Year, if it is determined that (i) a Final Map or parcel map for a portion of property in the CFD was recorded after the last date upon which the Assessor will incorporate the newly-created Parcels into the then current tax roll, (ii) because of the date the Final Map or parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map or parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Taxable Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map or parcel map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map or parcel map.

C. MAXIMUM SPECIAL TAXES

Table 1 below identifies the Maximum Special Tax assigned to all Parcels of Taxable Property.

**TABLE I
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2015-16**

	<i>Land Use Category</i>	<i>Fiscal Year 2015-16 Maximum Special Tax*</i>
Developed Property	Single Family Residential Property	\$326 per SFR Lot
	Multi-Family Property	\$300 per Acre
	Commercial Property	\$300 per Acre
Undeveloped Property	Single Family Residential Property	\$1,950 per Acre
	Multi-Family Property	\$300 per Acre
	Commercial Property	\$300 per Acre

** On January 1, 2016 and each January thereafter, the Maximum Special Tax rates shall be adjusted by the Escalation Factor. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1*

D. METHOD OF LEVY OF SPECIAL TAXES

Each Fiscal Year, the Administrator shall determine the Special Tax Requirement for that Fiscal Year. The Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:* The Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 2:* If additional revenue is needed after Step 1, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property that is not Commercial Property within the CFD, up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 3:* If additional revenue is needed after applying the first two steps, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel of Taxable Public Property.

E. COLLECTION OF SPECIAL TAXES

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Special Taxes through foreclosure or other available methods. The Special Tax shall be levied and collected in perpetuity unless and

until the City determines that the Special Tax no longer needs to be levied to pay Authorized Services and Administrative Expenses.

F. EXEMPTIONS

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on Parcels of Commercial Property that are Undeveloped Property and Parcels of Public Property, except Taxable Public Property, as defined herein.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by resolution of the City Council for purposes of clarifying any vagueness or ambiguity in this RMA.

H. ENFORCEMENT

All delinquent Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

ATTACHMENT B

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2016-2 (VINTAGE MAINTENANCE)

AMENDED AND RESTATED RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel in the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2016-2, unless exempted by law or by the provisions of Section F below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the CFD, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or "Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other recorded County parcel map.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5 (commencing with Section 53311), Division 2, of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2016-2, including, but not limited to, levying and collecting the Special Tax; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to property owner inquiries regarding the Special Tax; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

"Administrator" means the person or firm designated by the City to administer the Special Tax according to this RMA.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown on an Assessor's Parcel Map with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the County Assessor designating parcels by Assessor's Parcel Number.

"Assessor's Parcel Number" or "APN" means a unique number assigned to an Assessor's Parcel by the County Assessor for purposes of identifying a property.

“Authorized Services” means the public services authorized to be funded by the CFD as set forth in the documents adopted by the City Council when the CFD was formed.

“CFD” or **“CFD No. 2016-2”** means the City of Modesto Community Facilities District No. 2016-2 (Vintage Maintenance).

“CFD Change” means the date on which the Resolution of Change for CFD No. 2016-2 was adopted by the City Council, thereby making this RMA the operative tax formula for the CFD.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2016-2.

“Commercial Property” means all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a commercial building, as determined by the City.

“County” means the County of Stanislaus.

“Developed Property” means, in any Fiscal Year, the following:

- for Single Family Residential Property, all Parcels of Taxable Property for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year;
- for Commercial Property, all Parcels of Taxable Property for which a building permit for construction of a commercial structure was issued prior to June 30 of the preceding Fiscal Year.

“Escalation Factor” means, in any Fiscal Year, the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%).

“Final Map” means a final map approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410, *et seq.*) that creates individual lots on which a building permit can be issued for construction of residential units without further subdivision of the lots.

“Fiscal Year” means the period starting on July 1 and ending on the following June 30.

“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any Fiscal Year.

“Proportionately” means, for Developed Property, that the ratio of the actual Special Tax levied in any Fiscal Year to the Maximum Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Taxable Property that is Developed Property. For

Undeveloped Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Property that is Undeveloped Property. For Taxable Public Property, “Proportionately” means that the ratio of the actual Special Tax to the Maximum Special Tax is equal for all Assessor’s Parcels of Taxable Public Property.

“**Public Property**” means, in any Fiscal Year: (i) all Parcels within the boundaries of the CFD that are owned by or irrevocably offered for dedication to the federal government, the State of California, the City or any other public agency; provided, however, that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act (as such section may be amended or replaced) shall be taxed and classified in accordance with its use; and (ii) all Parcels within the boundaries of the CFD that are encumbered by an unmanned utility easement making impractical its utilization for other than the purpose set forth in the easement.

“**RMA**” means this Amended and Restated Rate and Method of Apportionment of Special Tax.

“**SFR Lot**” means an individual numbered lot which is in its final configuration and for which a building permit may be issued for a single family residential unit.

“**Single Family Residential Property**” means, in any Fiscal Year, all Parcels of Taxable Property for which a building permit has been or may be issued for construction of a residential structure on an SFR Lot.

“**Special Tax**” means a special tax levied in any Fiscal Year to pay the Special Tax Requirement, as defined below.

“**Special Tax Requirement**” means the amount of revenue needed in any Fiscal Year to pay for: (i) Authorized Services, (ii) establishment of reserves, (iii) Administrative Expenses, and (iv) amounts needed to cure any delinquencies in the payment of Special Taxes which have occurred in prior Fiscal Years.

“**Taxable Property**” means all Assessor’s Parcels within the boundaries of the CFD that are not exempt from the Special Tax pursuant to law or Section F below.

“**Taxable Public Property**” means, in any Fiscal Year, all Parcels of Public Property within the CFD that, (i) based on a tentative map or other development plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in prior Fiscal Years.

“**Tax Area**” means one of the three mutually exclusive geographic areas defined below and identified in Attachment I.

“**Tax Area A**” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with low-density single family detached residential units, and (ii) is specifically identified as Tax Area A in Attachment I of this RMA.

“Tax Area B” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with medium-density single family detached residential units, and (ii) is specifically identified as Tax Area B in Attachment 1 of this RMA.

“Tax Area C” means the geographic area that: (i) at the CFD Change, was anticipated to be developed with commercial land uses, and (ii) is specifically identified as Tax Area C in Attachment 1 of this RMA.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2016-2 that are not Developed Property.

B. DATA FOR SPECIAL TAX LEVY

Each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel Numbers for all Parcels of Taxable Property within the CFD. The Administrator shall also determine: (i) the Tax Zone within which each Parcel is located; (ii) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) the Acreage of each Parcel of Commercial Property, and (iv) the Special Tax Requirement for the then-current Fiscal Year.

In any Fiscal Year, if it is determined that (i) a Final Map or parcel map for a portion of property in the CFD was recorded after the last date upon which the Assessor will incorporate the newly-created Parcels into the then current tax roll, (ii) because of the date the Final Map or parcel map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map or parcel map, and (iii) one or more of the newly-created Parcels meets the definition of Taxable Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map or parcel map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map or parcel map.

C. MAXIMUM SPECIAL TAXES

Table 1 below identifies the Maximum Special Tax assigned to all Parcels of Taxable Property.

**TABLE 1
MAXIMUM SPECIAL TAXES
FISCAL YEAR 2019-20**

<i>Tax Area</i>		<i>Fiscal Year 2019-20 Maximum Special Tax*</i>
A	Developed Property Undeveloped Property	\$665.28 per SFR Lot \$5,281.13 per Acre
B	Developed Property Undeveloped Property	\$350.87 per SFR Lot \$3,880.83 per Acre
C	Developed Property Undeveloped Property	\$340.56 per Acre \$0 per Acre
All Tax Areas	Taxable Public Property	The Maximum Special Tax that would have applied to the Parcel prior to the Parcel becoming Public Property (as determined by the City)

** On January 1, 2020 and each January thereafter, the Maximum Special Tax rates shall be adjusted by the Escalation Factor. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1.*

D. METHOD OF LEVY OF THE SPECIAL TAX

Each Fiscal Year, the Administrator shall determine the Special Tax Requirement for that Fiscal Year. The Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:* The Special Tax shall be levied Proportionately on each Parcel of Developed Property within all Tax Areas in the CFD up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 2:* If additional revenue is needed after Step 1, the Special Tax shall be levied Proportionately on each Parcel of Undeveloped Property in Tax Areas A and B, up to 100% of the Maximum Special Tax for each Parcel of Taxable Property for such Fiscal Year;
- Step 3:* If additional revenue is needed after applying the first two steps, the Special Tax shall be levied Proportionately on each Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel of Taxable Public Property.

E. COLLECTION OF SPECIAL TAXES

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Special Taxes through foreclosure or

other available methods. The Special Tax shall be levied and collected in perpetuity unless and until the City determines that the Special Tax no longer needs to be levied to pay Authorized Services and Administrative Expenses.

F. EXEMPTIONS

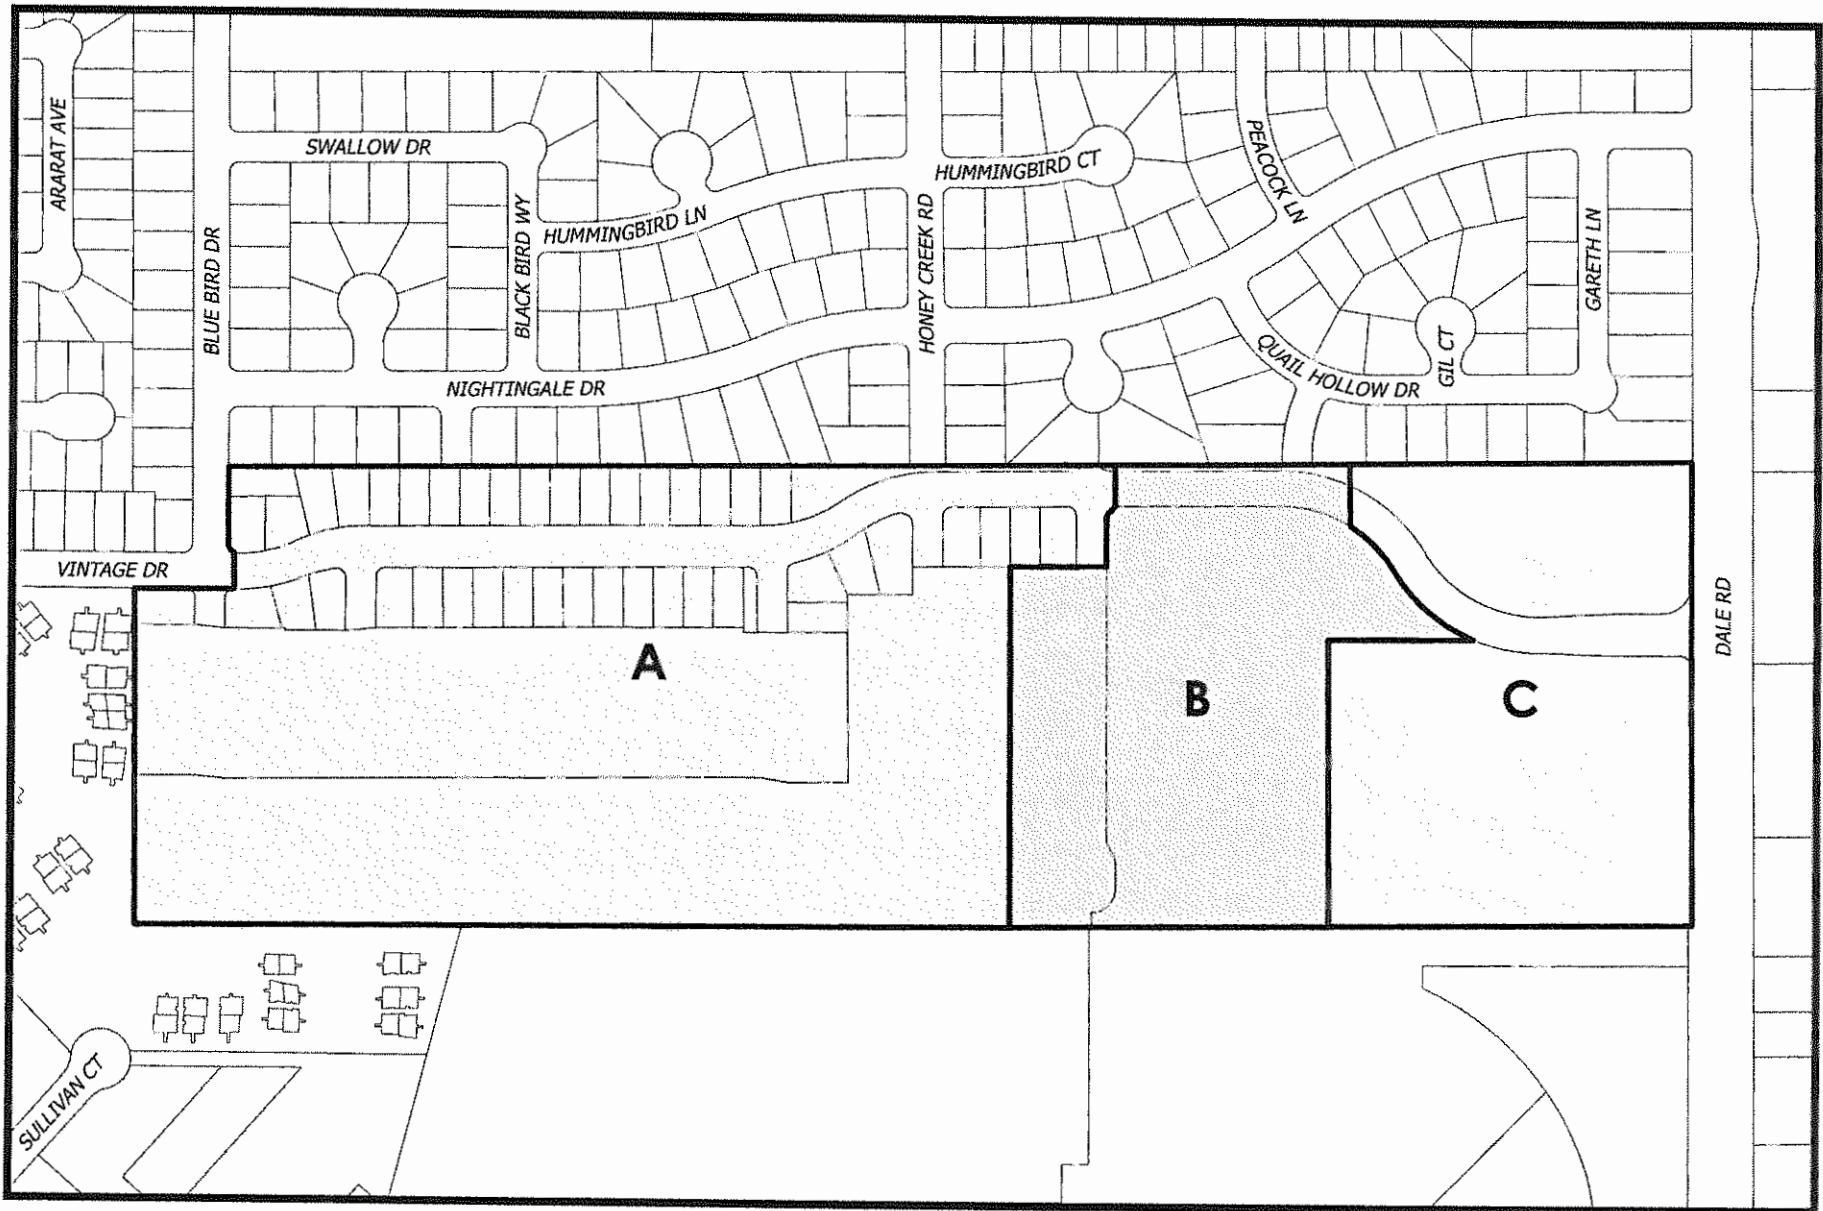

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on: (i) Parcels of Undeveloped Property within Tax Area C, and (ii) Parcels of Public Property, except Taxable Public Property, as defined herein.

G. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by resolution of the City Council for purposes of clarifying any vagueness or ambiguity in this RMA.

H. ENFORCEMENT

All delinquent Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5 % as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-365**

RESOLUTION APPROVING A THIRD AMENDMENT TO THE RESTATED LEGAL SERVICES AGREEMENT WITH ARATA, SWINGLE, VAN EGMOND & GOODWIN IN THE AMOUNT OF \$150,000, FOR A TOTAL NOT TO EXCEED AMOUNT OF \$650,000 TO CONTINUE REPRESENTING THE CITY OF MODESTO IN TORT CASES, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on June 24, 2014 by Resolution No. 2014-241, Council approved a standard legal services agreement with Arata, Swingle, Van Egmond and Goodwin (Arata), a Modesto based law firm, for representation of the City in numerous tort liability cases; and

WHEREAS, since their original agreement, Arata has handled 68 cases, the majority of the City's tort cases involving dangerous conditions, trip and falls, sidewalk issues, trees and other related matters on an on-call basis; and

WHEREAS, on December 12, 2017, by Resolution No. 2017-500, Council approved a Restated Legal Services Agreement in the amount of \$130,000; and

WHEREAS, on August 14, 2018, by Resolution No. 2018-328, Council approved a First Amendment to the Restated Legal Services Agreement in the amount of \$125,000, for a total agreement amount of \$255,000; and

WHEREAS, on February 12, 2019, by Resolution No. 2019-56, Council approved a Second Amendment to the Restated Legal Services Agreement in the amount of \$245,000, for a total agreement amount of \$500,000; and

WHEREAS, the City is still in need of outside counsel services; and

WHEREAS, the City Attorney's office has drafted a Third Amendment to the Restated Legal Services agreement with Arata, Swingle, Van Egmond and Goodwin.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Third Amendment to the Restated Legal Services Agreement with Arata, Swingle, Van Egmond & Goodwin, in the amount of \$150,000, for a total amount not to exceed \$650,000 to continue representing the City of Modesto in tort matters, as provided in **Exhibit A attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit A**.

BE IT FURTHER RESOLVED, that the City Manager or his designee, are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

THIRD AMENDMENT TO RESTATED LEGAL SERVICES AGREEMENT

This Third Amendment to the Restated Legal Services (this "**Third Amendment**"), is made and entered into on _____ day of _____ 2019 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**City**"), and **ARATA, SWINGLE, VAN EGMOND AND GOODWIN**, a Professional Corporation ("**Attorney**"), located at 1207 I Street, Modesto, California 95354. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as "**Party**".

RECITALS

WHEREAS, City and Attorney entered into a Restated Legal Services Agreement ("**Agreement**") to provide legal advice, representation and assistance to City in defense of tort claims, as assigned; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Restated Agreement for further service by increasing the previously approved amount of fees from \$500,000 to \$650,000.

NOW, THEREFORE, it is hereby agreed that the Restated Legal Services Agreement between the City of Modesto and Arata, Swingle, Van Egmond and Goodwin dated December 12, 2017 authorized by Resolution No. 2017-500, amended by Resolution No. 2018-328 and Resolution 2019-56 is amended as follows:

1. Section 2(a) of Paragraph 2, "Fees and Costs," Hourly Rates is amended to state as follows:

"The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the "**Service**"), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed a total sum of six hundred and fifty thousand dollars (\$650,000)."

2. **Entire Agreement.** The parties to this Third Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated December 12, 2017, remain in full force and effect to the extent they are not in conflict with this Third Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this Third Amendment. No alteration to the terms of this Third Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority.** The person signing this Third Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this Third Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this Third Amendment as of the dates stated below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-366**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE LEGAL SERVICES AGREEMENT WITH ALLEN, GLAESSNER, HAZELWOOD & WERTH, LLP IN THE AMOUNT OF \$215,000, FOR A TOTAL AMOUNT NOT TO EXCEED \$245,000, FOR CONTINUED REPRESENTATION AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on February 2, 2019, the City entered into a standard Legal Services Agreement with Allen, Glaessner, Hazelwood & Werth, LLP in the amount of \$30,000 for representation in the *Perkins v. City of Modesto* police case; and

WHEREAS, our office would like to add additional anticipated police matters, including use of force and the discharge of a weapon to this contract and increase the budget for continued representation; and

WHEREAS, the City Attorney's office has drafted a First Amendment to the Legal Services agreement with Allen, Glaessner, Hazelwood & Werth, LLP for additional services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Legal Services Agreement with Allen, Glaessner, Hazelwood & Werth, LLP in the amount of \$215,000, for a total not to exceed amount of \$245,000, and the addition of anticipated police matters, including use of force and the discharge of a weapon as provided in **Exhibit A attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit A**.

BE IT FURTHER RESOLVED, that the City Manager or his designee, are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

FIRST AMENDMENT TO LEGAL SERVICES AGREEMENT

This First Amendment to the Legal Services (this “**First Amendment**”), is made and entered into on ___ day of ___ 2019 (“**Effective Date**”), by and between the **CITY OF MODESTO**, a California Municipal Corporation (“**City**”), and **ALLEN, GLAESSNER, HAZELWOOD & WERTH, LLP** (“**Attorney**”), located at 180 Montgomery Street, Suite 1200, San Francisco, California 94104. City and Attorney are hereinafter collectively referred to as the “**Parties**,” and singularly as “**Party**”.

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement (“**Agreement**”) to provide litigation, trial counsel, legal advice, representation and assistance to City in relation to *Perkins v. City of Modesto, et al.*; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement for further service by increasing the previously approved amount of fees from \$30,000 to \$245,000, and expanding the Scope of Work to include additional anticipated police matters, including use of force and the discharge of a weapon.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement between the City of Modesto and Allen, Glaessner, Hazelwood & Werth, LLP dated February 2, 2019, is amended as follows:

1. Section 1(a) of Paragraph 1, “Services,” is amended to state as follows:

“**Scope of Work:** Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services (“**Services**”):

Perform such work that may be necessary and reasonable on the case of *Perkins v. City of Modesto, et al.*, and additional anticipated police matters, including use of force and the discharge of a weapon, including but not limited to: trial counsel, discovery, pleadings, securing and working with experts, and participating in any pretrial negotiations.

2. Section 2(a) of Paragraph 2, “Fees and Costs,” Hourly Rates is amended to state as follows:

“The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the “**Service**”), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed a total sum of two hundred forty-five thousand dollars (\$245,000).”

2. **Entire Agreement.** The parties to this First Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated February 2, 2019, remain in full force and effect to the extent they are not in conflict with this First Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this First Amendment. No alteration to the terms of this First Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority.** The person signing this First Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this First Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this First Amendment as of the dates stated below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-367**

RESOLUTION APPROVING A SECOND AMENDMENT TO THE LEGAL SERVICES AGREEMENT WITH BARTKIEWICZ, KRONICK & SHANAHAN, P.C. IN THE AMOUNT OF \$50,000, FOR A TOTAL AMOUNT NOT TO EXCEED \$142,300, FOR CONTINUED REPRESENTATION AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on December 6, 2016, by Resolution No. 2016-479, Council approved an agreement with Bartkiewicz, Kronick & Shanahan, P.C. (BKS) to provide legal services for the State Water Resources Control Board Substitute Environmental Document, in the amount of \$57,300; and

WHEREAS, on July 11, 2017, by Resolution No. 2017-282, Council approved a First Amendment to the Legal Services Agreement with BKS for continued services in an amount not to exceed \$35,000; and

WHEREAS, the City is currently seeking to overturn the State Water Resources Control Board's action in approving the Bay-Delta Plan; and

WHEREAS, this is the suit challenging the State Water Board's approval of regulatory changes that require that 40% of the flow of the Tuolumne River remain in the stream for fish; the regulations are known locally as the "water grab"; and

WHEREAS, the City Attorney's office has drafted a Second Amendment to the Legal Services agreement with Bartkiewicz, Kronick & Shanahan, P.C., to continue services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to the Legal Services Agreement with Bartkiewicz, Kronick & Shanahan, P.C., in the amount of \$50,000, for a total amount not

to exceed \$142,300 to continued representation, as provided in **Exhibit A attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit A**.

BE IT FURTHER RESOLVED that the City Manager or his designee, are hereby authorized to execute the amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

SECOND AMENDMENT TO LEGAL SERVICES AGREEMENT

This Second Amendment to the Legal Services (this "**Second Amendment**"), is made and entered into on ___ day of ___ 2019 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**City**"), and **BARTKIEWICZ, KRONICK & SHANAHAN, P.C.** ("**Attorney**"), located at 1011 22nd Street, Sacramento, California 95816. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as "**Party**".

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement ("**Agreement**") to provide legal services for the State Water Resources Control Board Substitute Environmental Document; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement for further service by increasing the previously approved amount of fees from \$92,300 to \$142,300.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement between the City of Modesto and Bartkiewicz, Kronick & Shanahan, P.C. dated December 6, 2016, is amended as follows:

1. Paragraph No. 3 "Compensation" is amended to state as follows:

"Consultant Services specifies the sum of **ONE HUNDRED FORTY- TWO THOUSAND AND THREE HUNDRED DOLLARS (\$142,300)** as the total compensation, Consultant agrees to accept for performing all services and furnishing all staffing and materials for the project as well as performance by Consultant of all of its duties and obligations required in the Original Agreement."

2. **Entire Agreement.** The parties to this Second Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated December 6, 2016, remain in full force and effect to the extent they are not in conflict with this Second Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this Second Amendment. No alteration to the terms of this Second Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority.** The person signing this Second Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this Second Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this Second Amendment as of the dates stated below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-368**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE LEGAL SERVICES AGREEMENT WITH SLOAN, SAKAI, YEUNG AND WONG, LLP IN THE AMOUNT OF \$50,000, FOR A TOTAL AMOUNT NOT TO EXCEED \$250,000 FOR ADDITIONAL SERVICES AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on September 11, 2018, by Resolution No. 2018-386, Council approved a two year agreement with Sloan, Sakai, Yeung and Wong, LLP, in the amount of \$200,000 for labor negotiations; and

WHEREAS, staff has requested to consult with Management Strategies Group (MSG), a division within Sloan Sakai Yeung Wong LLP; and

WHEREAS, MSG will help assess the City's Risk Management Division within the Human Resource Department for best management practices; and

WHEREAS, the Risk Management Division oversees critical areas such as the City's workers' compensation program, disability interactive process, general liability program, loss control, recovery, commercial driver program, property insurance and contract insurance; and

WHEREAS, MSG's assessment will benchmark the programs performance and needs and develop recommendations to improve performance from a cost and outcome basis; and

WHEREAS, the City Attorney's office has drafted a First Amendment to the Legal Services agreement with Sloan, Sakai, Yeung and Wong, LLP for these additional services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Legal Services Agreement with Sloan,

Sakai, Yeung and Wong, LLP in the amount of \$50,000, for a total not to exceed amount of \$250,000, and adding the additional scope of services to the Legal Services Agreement for Management Strategies Group (MSG), as provided in **Exhibit A attached** hereto and incorporated herein, and further authorizes the City Attorney to execute such agreement in a form substantially similar to **Exhibit A**.

BE IT FURTHER RESOLVED, that the City Manager or his designee, are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

FIRST AMENDMENT TO LEGAL SERVICES AGREEMENT

This First Amendment to the Legal Services (this "**First Amendment**"), is made and entered into on ___ day of ___ 2019 ("**Effective Date**"), by and between the **CITY OF MODESTO**, a California Municipal Corporation ("**City**"), and **SLOAN, SAKAI, YEUNG & WONG LLP** ("**Attorney**"), located at 1220 Seventh Street, Suite 300, Berkeley, California 94710. City and Attorney are hereinafter collectively referred to as the "**Parties**," and singularly as "**Party**".

RECITALS

WHEREAS, City and Attorney entered into a Legal Services Agreement ("**Agreement**") for legal advice, representation and assistance on matters involving labor negotiations; and

WHEREAS, Attorney is specially trained, experienced and competent to perform such services; and

WHEREAS, the public interest, economy and general welfare will be served by the Agreement; and

WHEREAS, City and Attorney desire to amend the Agreement for further service by increasing the previously approved amount of fees from \$200,000 to \$250,000, expanding the Scope of Work to include additional services from Management Strategies Group (MSG), a division within Sloan Sakai Yeung Wong LLP to assess the City's Risk Management Division within the Human Resource Department for best management practices.

NOW, THEREFORE, it is hereby agreed that the Legal Services Agreement between the City of Modesto and Sloan Sakai Yeung Wong LLP dated September 11, 2018, is amended as follows:

1. Section 1(a) of Paragraph 1, "Services," is amended to state as follows:

"Scope of Work: Subject to the terms and conditions set forth in this Agreement, Attorney shall provide to City the following services ("**Services**"):

Labor Negotiations and services from Management Strategies Group (MSG), a division within Sloan Sakai Yeung Wong LLP to assess the City's Risk Management Division within the Human Resource Department for best management practices.

2. Section 2(a) of Paragraph 2, "Fees and Costs," Hourly Rates is amended to state as follows:

"The total of all fees paid to Attorney for the performance of all services set forth in Section 1 (hereafter the "**Service**"), and for all authorized Reimbursable Expenses (as defined hereafter), shall not exceed a total sum of two hundred and fifty thousand dollars (\$250,000)."

2. **Entire Agreement.** The parties to this First Amendment understand and agree that except as stated herein all terms and conditions of the original Agreement, dated September 11, 2018, remain in full force and effect to the extent they are not in conflict with this First Amendment. This document, including all exhibits, contain the entire amendment to the Agreement between the Parties and supersedes whatever oral or written understanding they may have had prior to the execution of this First Amendment. No alteration to the terms of this First Amendment shall be valid unless approved in writing by Attorney and by City, in accordance with applicable provision of the Modesto City Code.

3. **Authority.** The person signing this First Amendment for Attorney hereby represents and warrants that he/she is fully authorized to sign this First Amendment on behalf of Attorney and to bind Attorney to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the Parties have executed this First Amendment as of the dates stated below.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-369**

RESOLUTION APPROVING AN AGREEMENT WITH WILLDAN, FRESNO, CA, FOR TRAFFIC ENGINEERING SERVICES IN AN AMOUNT NOT TO EXCEED \$145,000 FOR UP TO ONE YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on June 21, 2019, staff solicited and formally advertised for a Request for Proposal (RFP) through Planet Bids (#1819-72) for traffic engineering consulting services, and

WHEREAS, on July 5, 2019, staff received six proposals, and

WHEREAS, two City staff members rated each of the proposals based on various categories and objectives, and

WHEREAS, from the ratings that were received, Willdan received the top score and was the firm selected, and

WHEREAS, staff negotiated a final Scope of Services and Cost Proposal with Willdan in an amount not to exceed \$145,000 for up to one year, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.204(a) Exceptions to Formal Bidding Requirements, this agreement is for professional services and, therefore, exempt from the bid requirement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Willdan, Fresno, CA, for Traffic Engineering Services in an amount not to exceed \$145,000 for up to one year.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-370**

RESOLUTION ACCEPTING THE RESULTS OF THE “FINAL REPORT – CITY OF MODESTO, PROPOSITION 1B AUDIT” FOR THE STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT FROM THE CALIFORNIA DEPARTMENT OF FINANCE OFFICE OF STATE AUDITS AND EVALUATIONS, AND REMITTING \$13,167 OF PROPOSITION 1B EXPENSES

WHEREAS, the State Route (SR) 99 / Pelandale Avenue Interchange Reconstruction Project included reconstruction of the Pelandale Avenue overcrossing, the SR-99 on and off ramps in new alignments, and construction of a southbound auxiliary lane, and

WHEREAS, the project was critical to enhancing safety, relieving congestion, and improving traffic operations within the Interchange and along the adjacent streets, and

WHEREAS, Project funding sources include City of Modesto Capital Facilities Fees (CFF), Federal Funds, City Water Funds and the SR 99 Proposition (Prop) 1B Bond Savings funds for a total project cost of \$54.1 million, of which \$41.6 million Prop 1B is programmed for construction, and

WHEREAS, on April 25, 2017, by Resolution No. 2017-154, Council approved the SR 99 / Pelandale Avenue Interchange Reconstruction Project improvements as complete, and

WHEREAS, the project is currently in the final closeout process to submit all required documentation to Caltrans for project completion, and

WHEREAS, in November 2018, the City was contacted by the Department of Finance Office of State Audits and Evaluations that an audit would be conducted on the

SR 99/Pelandale Avenue Interchange Reconstruction Project of the Prop 1B funds used,
and

WHEREAS, after an extensive review, the Department of Finance Office of State Audits and Evaluations provided a confidential draft report on April 15, 2019 for the City to review, and

WHEREAS, the report detailed they found one finding in which costs were expended outside the Caltrans Program guidelines, and

WHEREAS, \$13,167 of professional engineering expenditures within the construction support expenditure category were outside the contract period, and

WHEREAS, according to the January 2018 Caltrans Local Assistance Procedures Manual (LAPM), Chapter 10.3, costs shall be allowable only if the cost is incurred and allowable in accordance with contract provisions. Expenditures incurred outside a contract period may not be enforceable, leading to ineligible project expenditures, and

WHEREAS, on April 25, 2019, the City responded to the Confidential Draft Report findings, in which the City stated these costs were within the scope of work of the contract and authorized by the City in an exigency to keep the project on the critical path and within the project delivery schedule to avoid potentially dire consequences. The City requested that the State consider these mitigating factors in preparing its final response, and

WHEREAS, on May 15, 2019, the Department of Finance Office of State Audits and Evaluations provided the “Final Report-City of Modesto, Proposition 1B Audit.” The report stated it reviewed the City’s response to the draft audit report and since the

City did not provide any additional supporting documentation to the contrary, the finding and recommendations will remain unchanged.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the results of the “Final Report – City of Modesto, Proposition 1B Audit” for the State Route 99/Pelandale Avenue Interchange Reconstruction Project from the California Department of Finance Office of State Audits and Evaluations and remitting \$13,167 of Proposition 1B expenses.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-371**

RESOLUTION APPROVING A LETTER OF AGREEMENT AMENDING THE MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND MODESTO POLICE MANAGEMENT ASSOCIATION (MPMA) FOR THE TERM OF JULY 1, 2017 THROUGH SEPTEMBER 3, 2019 TO CORRECT THE LANGUAGE IN SECTION 4, SALARY TO ADJUST THE AUGUST 20, 2019 EFFECTIVE DATE FOR A SALARY RANGE INCREASE TO AN EFFECTIVE DATE OF JUNE 25, 2019; AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management' Association (MPMA) for the term of July 1, 2017 through September 3, 2019 was approved by Resolution 2017-05, and

WHEREAS, the Modesto Police Officers Association (MPOA) and MPMA have been individual entities and have negotiated separately in previous years, and

WHEREAS, to create parity and consistency between the two associations, the decision was made to merge into one association under MPOA effective fiscal year 2019-20, and

WHEREAS, the City and the newly formed MPOA recently negotiated a new MOU with a term of July 1, 2019 through June 20, 2023 which includes both groups under one agreement, and

WHEREAS, the existing approved language in MPMA MOU states in Section 4, Salary:

Effective August 20, 2019, salary ranges shall be adjusted upward by an amount equal to the change in CPI-U, Western Cities for the twelve-month period ending March

2019. However, in no event shall the wage increase be less than two (2%) percent or more than four (4%) percent, and

WHEREAS, the CITY and MPOA have reached agreement in order to create parity and consistency between the two associations effective fiscal year 2019-20 by amending the effective date in Section 4, Salary to reflect:

Effective June 25, 2019, salary ranges shall be adjusted upward by an amount equal to the change in CPI-U, Western Cities for the twelve-month period ending March 2019. However, in no event shall the wage increase be less than two (2%) percent or more than four (4%) percent, and

WHEREAS, changes for a Letter of Agreement (LOA) which, upon execution, shall be **attached** hereto and made a part hereof.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Letter of Agreement between the City of Modesto and the Modesto Police Management Association (MPMA), amending the Memorandum of Understanding which covers a term from July 1, 2017 through September 3, 2019, Section 4, Salary to reflect:

Effective June 25, 2019, salary ranges shall be adjusted upward by an amount equal to the change in CPI-U, Western Cities for the twelve-month period ending March 2019. However, in no event shall the wage increase be less than two (2%) percent or more than four (4%) percent and upon execution of same, a copy of the LOA will be on file in the office of the City Clerk.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

Letter of Agreement
Between
City of Modesto
And
Modesto Police Management Association

The City of Modesto, hereby referred to as "City" and the Modesto Police Management Association, hereby referred to as "Union" execute this Letter of Agreement ("LOA") on this 13th day of August 2019 regarding the following:

The City and the Union agree effective June 25, 2019:

Article 4, Salary, Section (b) of the MOU is amended to change the effective date of the August 20, 2019 salary adjustment to June 25, 2019.

This Letter of Understanding shall become effective upon ratification by the effective membership of the Union and by the Modesto City Council.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-372**

**RESOLUTION GRANTING SALARY CHANGES TO NON-SWORN
UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES
INCLUDING CHARTER OFFICERS AND EXECUTIVES AND
UNREPRESENTED SWORN POLICE EMPLOYEES, AS OF JUNE 25, 2019,
RESCINDING RESOLUTION NO. 2019-314, AND AUTHORIZING THE CITY
MANAGER OR HIS DESIGNEE TO TAKE THE NECESSARY
ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES**

WHEREAS, on June 25, 2019, by Resolution No. 2019-314, Council approved Class Range Tables and salary schedule changes for unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the adopted a Letter of Agreement with Modesto Police Management Association (MPMA) on August 13, 2019 which included changes in the effective date for previously approved August 20, 2019 salary increases, and

WHEREAS, the City desires to approve a change to the effective date of this salary adjustment, and

WHEREAS, salary ranges shall be adjusted upward by an amount equal to the change in CPI-U, Western Cities for the twelve-month period ending March 2019 effective June 25, 2019. However, in no event shall the wage increase be less than two (2%) percent or more than four (4%) percent; and

WHEREAS, the City desires to maintain competitive position with the labor market.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. SALARY RANGES, RATES AND EFFECTIVE DATES. For Unrepresented Police Management employees, the City shall increase the salary schedule by 2.4%

percent effective June 25, 2019. The salary rates, salary ranges and salary steps as set forth in the following **exhibits** which are **attached** hereto and made a part hereof provide for amending the Police Management salary ranges. In addition, based on the results of the City's most recent labor market study, the salary range for each of the benchmark classes listed in **Exhibit X**, along with any related classes, shall increase in accordance with the schedule and is set forth in these **Exhibits**.

1. **Exhibit "A"** entitled "City Of Modesto Class Range Table, Unrepresented Management And Confidential Non-Sworn Classes, Effective July 12, 2016."

25. **Exhibit “A-4”** City of Modesto Schedule of Salary Ranges in City Service for FY 22/23, Effective June 21, 2022 – Management/Confidential Police Captains – Unrepresented.
26. **Exhibit “A-5”** City of Modesto Schedule of Salary Ranges in City Service for FY 20/21, Effective June 23, 2020 – Management/Confidential Police Chief – Unrepresented.
27. **Exhibit “A-6”** City of Modesto Schedule of Salary Ranges in City Service for FY 21/22, Effective June 22, 2021 – Management/Confidential Police Chief – Unrepresented.
28. **Exhibit “A-7”** City of Modesto Schedule of Salary Ranges in City Service for FY 22/23, Effective June 21, 2022 – Management/Confidential Police Chief – Unrepresented.

2. CHARTER OFFICERS. The salaries for the positions of the Charter Officers shall be as follows effective March 1, 2016:

<u>TITLE</u>	<u>HOURLY</u>	<u>BI-WEEKLY</u>	<u>MONTHLY</u>
City Manager	103.68	8,294.40	18,040.32
City Attorney	78.75	6,299.88	13,702.24
City Clerk	53.13	4,250.40	9,244.62

3. USE OF CLASSES. The designated classes of positions may be used in any organizational unit of the City deemed proper by the City Manager.

4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

6. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

8. REPEAL. Resolution No. 2019-314 is hereby rescinded effective August 13, 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-373**

**RESOLUTION APPROVING A COMMERCIAL CANNABIS CULTIVATION 3A
BUSINESS PERMIT FOR FARM 209 CULTIVATION, LOCATED AT 901 E.
WHITMORE AVENUE, WITH APPROPRIATE CONDITIONS**

WHEREAS, the City Council has adopted a Commercial Cannabis Ordinance, Ordinance 3684-C.S., that established the City's regulatory framework for commercial cannabis uses, and

WHEREAS, the Ordinance establishes certain standards and criteria that apply to all potential commercial cannabis businesses, and

WHEREAS, under Section 10-3.704(g) and City Council Resolution 2017-525, the City Manager designed the application forms and procedures for commercial cannabis business permits, and

WHEREAS, under Section 10-3.704(f), commercial cannabis business permits must be awarded by the City Council and such decisions are final and not subject to appeal, and

WHEREAS, the City Council held a properly noticed public hearing to consider the Farm 209 commercial cannabis cultivation 3A business permit application on August 13, 2019, and

WHEREAS, the City Council desires to issue commercial cannabis business permits to qualified operators at permitted locations that comply with state and local laws and regulations, enhance the diversity of the City's economy, mitigate negative impacts, provide a variety of locations and types of cannabis businesses to the community, and best promote the public health, safety, and general welfare of Modesto residents and businesses.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed project application for a Commercial Cannabis Cultivation 3A Business Permit is exempt from further analysis under the California Environmental Quality Act under the existing facilities exemption in Regulation 15301 and that the proposed cannabis cultivation business is permitted under the current zoning code.

BE IT FURTHER RESOLVED by the City Council that a Commercial Cannabis Cultivation 3A Business Permit is issued to Farm 209 Cultivation, located at 901 E. Whitmore Avenue.

BE IT FURTHER RESOLVED by the City Council that the City Manager is authorized to apply necessary and appropriate general and site-specific conditions of approval, including but not limited to the following:

1. City staff, with assistance from HdL Companies staff, will be authorized to access the business site / location during construction of tenant improvements in order to document various components of business operations, security systems, and/or any other points of concern.
2. Farm 209 Cultivation staff is required to submit a completed City of Modesto Wastewater Discharge Permit Application form within 30 days of beginning operations. City staff will conduct ongoing inspections as needed to verify wastewater discharge from the business.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-376**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE DEL RIO WELL 70 (REPLACING WELL 271) SURFACE IMPROVEMENTS PROJECT, ACCEPTING THE BID, AND APPROVING A CONSTRUCTION CONTRACT WITH CONCO-WEST, INC., OF MANTECA, CA, IN THE AMOUNT OF \$2,320,450 PLUS \$185,636 FOR CONTINGENCY (IF NEEDED) FOR A TOTAL AMOUNT OF \$2,506,086 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Del Rio Well 70 (Replacing Well 271) Surface Improvements Project will enable the newly installed Del Rio Production Well (Well 70) to increase service reliability of the City's water system as described in the 2010 Water System Engineer's Report, and

WHEREAS, the existing Well 271 site is not large enough for a replacement well, and no property adjacent to the well site is available, and

WHEREAS, a portion of the parcel at the northwest corner of McHenry Avenue and Stewart Road was identified as a proposed replacement well site, and

WHEREAS, specifications have been prepared for the Del Rio Well 70 (Replacing Well 271) Surface Improvements Project, and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, on July 2, 2019 staff received bids from six companies that were responsible and responsive, including a bid from Conco-West, Inc., and

WHEREAS, the award of bid for the Del Rio Well 70 (Replacing Well 271) Surface Improvements Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$2,320,450 received from Conco-West, Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to Conco-West, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Del Rio Well 70 (Replacing Well 271) Surface Improvements Project and accepts the bid of \$2,320,450 plus \$185,636 (8 %) for contingency (if needed) for a total amount of \$2,506,086 and Awards Conco-West, Inc., of Manteca, CA, the contract for the Del Rio Well 70 (Replacing Well 271) Surface Improvements Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-377**

RESOLUTION SUPPORTING INCLUSION AND EMBRACING DIVERSITY

WHEREAS, Modesto is a thriving, diverse and inclusive city.

WHEREAS, the City Council recognizes that mass violence, hate crimes and bigotry continue to take a tragic and unacceptable toll on our country, state and community.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that:

1. The City denounces hate and hate crime.
2. The City condemns oppression, decries violence, supports inclusion, and embraces diversity.
3. The City opposes the use of words, images and ideologies that feed fear, hatred or intolerance.
4. We are committed to leading our community by civil, respectful, uplifting public discourse.
5. The City encourages our entire community to take this opportunity to join the City Council in support of this Resolution and for citizens and community leaders to unite to support tolerance and oppose hate.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of August, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

FISCAL YEAR 2018-19

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment in the amount of \$93,706 is necessary to increase the existing transfer from Village One CFD (3200) to Village One #2 CFD (3290) Project 100892 – Playground Improvements from \$153,550 to \$247,256. This increase of transfer will correct the funding source of this project which should be funded 50% by Village One CFD (3200) and 50% by Village One #2 CFD (3290).

FINANCE

A budget adjustment is needed to increase the interfund transfer from the General Fund (0100) to debt service fund 2150-Public Financing Authority 98 & 07 Bonds by \$79,174. The General Fund provides funding annually to the Public Financing Authority Fund (2150) for debt service payments on the '08 Lease Revenue Bonds. This transfer adjustment will true-up the balance of the debt service fund based on debt service requirements as of June 30, 2018.

HUMAN RESOURCES DEPARTMENT

A budget adjustment in the amount of \$110,655 is needed to establish a transfer from the various funds listed in the table below to the Medical (5360) Dental (5350), Vision (5390), and EAP (5380) Insurance Funds to account for previously uncollected employer and employee medical, dental, vision, and EAP contributions for periods of the time when an employee was on non-protected leave, from calendar year 2012 through June 2018.

Fund	Medical - Employer	Medical - Employee	Dental	Vision	EAP	Total
0100 - General Fund	\$44,763	\$9,294	\$8,827	\$1,446	\$268	\$64,598
1700 - Surface Transportation Fund	\$5,643	\$129	\$1,136	\$160	\$31	\$7,099
3220 - IFP Admin	\$918	\$157	\$154	\$22	\$3	\$1,254
4100 - Water Fund	\$2,439	\$43	\$749	\$143	\$29	\$3,403
4210 - Wastewater Fund	\$14,024	\$1,162	\$2,223	\$429	\$42	\$17,880
4310 - Airport Operating Fund	\$324	\$0	\$47	\$12	\$1	\$384
4480 - Storm Drain Fund	\$1,173	\$0	\$98	\$13	\$6	\$1,290
4540 - Bus Fixed Route Max Ops Fund	\$2,050	\$0	\$108	\$29	\$15	\$2,202
4700 - Community Center Ops Fund	\$283	\$43	\$22	\$6	\$1	\$355
4890 - Compost Fund	\$273	\$0	\$23	\$3	\$1	\$300
4891 - Solid Waste Fund	\$2,114	\$0	\$1,079	\$154	\$24	\$3,371
4892 - Green Waste Fund	\$6,282	\$1,113	\$632	\$136	\$32	\$8,195
5800 - P/R Building Services Fund	\$270	\$0	\$41	\$10	\$3	\$324
Grand Total	\$80,556	\$11,941	\$15,139	\$2,563	\$456	\$110,655

MEASURE L - COMMUNITY & ECONOMIC DEVELOPMENT/PUBLIC WORKS

A budget adjustment is necessary to establish a transfer in the amount of \$327,362 from the Measure L Fund (1410) Transit Services (53402) cost center to the Bus Fixed Route Max

Operations Fund (4540) and Bus Service Fund – DAR (4520). \$307,362 of the transfer will go to the Bus Fixed Route Max Operations Fund (4540) and \$20,000 to the Bus Service Fund – DAR (4520) to offset transit operations and maintenance services in the fiscal year.

A budget adjustment is necessary to increase the transfer from the Surface Transportation Fund – Measure L/SB1 Maintenance of Effort (MOE) Fund (1420) to the Measure L – Capital Projects Fund (3300), Standiford Avenue Pavement Rehabilitation Project #101088 in the amount of \$259,505 to offset project expenses in the fund and meet the Senate Bill 1 RMRA/Measure L MOE requirement. Additionally, the transfer in from the Measure L Road Tax Fund (1410) to the Standiford Avenue Pavement Rehabilitation Project #101088 needs to be reduced by \$259,505 so that the funds can be available for a future local streets and roads Measure L project.

A budget adjustment is necessary to re-establish the transfer out from the Surface Transportation Fund – Measure L/SB1 Maintenance of Effort (MOE) Fund (1420) to the Measure L – Capital Projects Fund (3300) in the amount of \$123,604. This transfer was budgeted originally in fiscal year 2017-2018, however, the entire transfer was not completed in that fiscal year as those projects did not have enough expenses incurred by the fiscal year end. The projects now have sufficient expenses and the transfer out budget now needs to be re-established.

A budget adjustment is necessary to establish a transfer from the Surface Transportation Fund – Measure L/SB 1 Maintenance of Effort (MOE) Fund (1420) to the Surface Transportation Fund (1700) in the amount of \$1,155,496 to offset transportation operations in the fund and meet the Senate Bill 1 RMRA/Measure L MOE requirement.

PARKS RECREATION AND NEIGHBORHOODS

A budget adjustment is needed to increase the interfund transfer from the RDA Successor Agency Debt Service Fund (2903) to debt service fund 2150-Public Financing Authority 98 & 07 Bonds by \$35,074. The RDA Successor Agency Debt Service Fund provides funding annually to the Public Financing Authority Fund (2150) for debt service payments on the '08 Lease Revenue Bonds. This transfer adjustment will true-up the balance of the debt service fund based on debt service requirements as of June 30, 2018.

A budget adjustment is necessary to increase the Fiscal Year 2018-19 Golf Operating Expenditure Fund budgets as well as the General Fund Transfer Out to the Golf Fund to cover the operations of the City's golf courses in Fiscal Year 2018-19. Revenues for the three golf courses were down in fiscal year 2018-19 due to certain factors including decreases in rounds of golf by approximately 10,000 rounds due to inclement weather as well as golf cart revenue decreasing due to issues with the carts themselves. The requested action will increase the budget in expenditure account 59002 (Interest Expense) by \$18,208 in Fund 4600 (Golf Fund) in cost center 34170 (Golf General) and increase the budget in expenditure account 54900 (General and Administrative Services) by \$104,933 in Fund 4605 (Golf Kemper Fund) in cost center 34181 (Golf Kemper Dryden Course). This action will also increase the General Fund Transfer Out to the Golf Fund by \$525,000 which will be funded via an offsetting reduction to various General Fund Transfer Outs to other funds that were no needed in their entirety in fiscal year 2018-19. The chart below details those changes to offset the increase to the Golf Fund Transfer:

Account	Fund being Transferred To	Increase	Decrease
0100-70100-74600	Transfer from General Fund to Golf Fund	\$ 525,000	
0100-19383-71342	Transfer from General Fund to Grants - Police		\$ (245,541)
0100-70100-74700	Transfer from General Fund to Centre Plaza		\$ (181,241)
0100-70100-72150	Transfer from General Fund to 98 & 07 Bonds		\$ (49,873)
0100-70100-73120	Transfer from General Fund to Special Fund for Capital Outlay		\$ (48,345)
	Totals	\$ 525,000	\$ (525,000)

PUBLIC WORKS

A budget adjustment in the amount of \$150,000 is necessary in the Fleet Fund (5400) to account for unanticipated repair and maintenance costs. The increase in budget is covered by Fund 5400 reserves and will be recouped from the appropriate departments in two years using the Internal Service Fund (ISF) allocation model.

A budget adjustment is necessary to recognize \$284,852 of unbudgeted Department of Transportation (Caltrans) SHOPP revenue in the Streets Capital Facility Fees Fund, Fund 3410, to the State Route 132 West Expressway Project, #100614, and reallocate funding to Engineering/Design/Administration expense task as approved by Caltrans.

A budget adjustment is necessary to establish a transfer from the Waste to Energy Fund (4895) to the Cal Fire Grant for Trees project, within the Grants - Operation Grants Reimbursed fund (1341), in the amount of \$92,765 to cover the reimbursement to Cal Fire of \$55,552 authorized by Resolution 2019-285 and cover the additional revenue shortage of \$37,212.34 to allow the project to be closed.

A budget adjustment is necessary to re-establish the transfer out from the LTF – Non-Motorized Fund in the amount of \$168,095 to the TRRP Gateway Phase 2 project. In fiscal year 2015-16, a transfer was established from LTF – Non-Motorized Fund (1520) to the TRRP Gateway Phase 2 project (100599) in the amount of \$168,095 by Resolution 2016-42 but at the end of the fiscal year the transfer out appropriation lapsed. As the project is coming to completion all the funding sources are needed and the transfer out needs to be re-established.

A budget adjustment in the amount of \$942,249 to the Bus Fixed Route Fund (4510) is necessary to meet the In-kind and local contribution requirements for the California Air Resource Board (CARB) grant. The budget adjustment will establish a transfer in from Bus Fixed Route MAX Operations Fund (4540) to project 101132 - Electric Bus Purchase-CARB in the amount of \$670,074 and will increase Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) revenues in the amount of \$272,175 and will reduce Local transportation fund revenues for project 101132 in the amount of \$942,249.

UTILITIES

A budget adjustment in the amount of up to \$25,000,000 is needed to establish a transfer from the Water Fund (4100) to the Water CIP Fund (4180) for Capital Improvement Projects (CIP). For tracking purposes, Water Capital Projects are housed in Water CIP Fund (4180), and at the end of the fiscal year, a transfer is made from the Water Fund (4100) to the Water CIP Fund (4180) to fund the expenditure.

A budget adjustment is needed to increase the interfund transfer from fund 4210-Sewer Operations Fund to the debt service fund 4245-State Revolving Loan (Tertiary Treatment Funding) by \$108,758. The Sewer Operations Fund provides funding annually to the Tertiary debt service fund from which payments on the State Revolving Loan are made. This transfer adjustment will true-up the balance of the debt service fund based on debt service requirements as of June 30, 2018.

FISCAL YEAR 2019-20

COMMUNITY & ECONOMIC DEVELOPMENT

A budget adjustment is necessary to recognize \$2,396,616 of unbudgeted Miscellaneous Revenue in the Special Fund For Capital Outlay, Fund 3120, to the 10th Street Improvements (B St to D St) – Stanislaus Food Products Capital Improvement Projects, #101196, and reallocate to the projects discretionary expense tasks.

A budget adjustment is necessary to recognize \$200,000 of unbudgeted Miscellaneous Revenue in the Special Fund For Capital Outlay, Fund 3120, to the 10th Street Aesthetic Improvements – Stanislaus Food Products Capital Improvement Projects, #101206, and reallocate to the projects discretionary expense tasks.

A budget adjustment is necessary to recognize \$150,000 of unbudgeted Miscellaneous Revenue in the Special Fund For Capital Outlay, Fund 3120, Stanislaus Food Products Traffic Study Non-Capital Improvement Project, #101207, and reallocate to the projects discretionary expense tasks.

HUMAN RESOURCES DEPARTMENT

A budget adjustment in the amount of \$1,340,976 is needed to reduce the Premium Assessments revenue in the Workers Compensation Fund (5320). In Fiscal Year 2019-20, a 19.8% rate reduction was implemented, which reduced the cost to all departments; however the revenue budget in the Worker's Compensation Fund was inadvertently not reduced to account for the reduction in revenue from other departments. This adjustment will not have any impact to any departments or the rate reduction.

A budget adjustment in the amount of \$30,552 is needed to increase the Premium Assessments revenue in the Insurance Admin Fund (5310) to budget the Long Term Disability (LTD) Surcharge.

POLICE DEPARTMENT

A budget adjustment is necessary to 1) recognize SLESF revenue received in the amount of \$609,639 and \$1,858 from interest earned for a total of \$611,497, 2) program offsetting expenses in a like amount, and 3) to release a transfer out to another project in which expenses came in lower than expected and re-appropriate those funds.

UTILITIES

A budget adjustment is needed in the Water CIP Fund (4180) to reduce the City Construction Forces in the Residential Meter Installation – South Modesto Capital Project (100576) by \$500,000 and increase the City Construction Forces in the Residential Meter Installation – Outlying Areas Capital Project (100577) by \$500,000. It has been determined that this is more efficient and cost effective to move the meter installation date for the town of Empire up and install those meters as a soon as possible while meter installation crews are still located at the Codoni Ave. yard and in close proximity to the town of Empire. Crews will be relocating to the new Litt Rd. Yard at the end of the year and that location is much further away and would

require more time and greater cost to complete the installation. There are 400 unmetered water services in Empire and the \$500,000 increase to project 100577 will fund these installations.

A budget adjustment is necessary to establish the appropriations for the Sewer Line Replacement – Tully and Briggsmore (Project 101201) in the amount of \$420,000. This project is necessary due to the failure of the liner.

A budget adjustment is necessary to establish the appropriations for the Automatic Transfer Switch (ATS) Replacement - Sutter Wastewater Treatment Plant (Project 101202) in the amount of \$650,000. These ATS units are old and obsolete and require custom orders to get the replacement parts.

A budget adjustment is necessary to reduce appropriations by \$1,400,000 in the Crows Landing Sewer Trunk project (101100). This amount was approved in the FY 2020 CIP Adopted Budget but when the contract was awarded on 6/25/19 there was also a budget adjustment (Resolution 2019-301) to fully fund the project making the \$1.4 million apart of the CIP Adopted Budget not necessary.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-379**

**RESOLUTION APPROVING THE FINAL MAP OF VINTAGE SQUARE
SUBDIVISION, APPROVING THE SUBDIVISION AGREEMENT AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE A
SUBDIVISION AGREEMENT WITH THE OWNER, NRB INVESTMENTS, LLC
AND THE DEVELOPER, MODESTO ROSELLE, LLC AND AUTHORIZING
THE CITY CLERK TO CERTIFY THE FINAL MAP AND RECORD IT WITH
THE STANISLAUS COUNTY RECORDER'S OFFICE**

WHEREAS, Modesto Roselle, LLC, a California limited liability company ("SUBDIVIDER"), is in possession of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 8.87 acres, known as the VINTAGE SQUARE SUBDIVISION ("SUBDIVISION"), and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on October 19, 2015 with conditions of approval as noted in Planning Commission resolution Number 2015-26, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the project is currently under construction and the public improvements have not been completed, and

WHEREAS, as required by Section 4-4.605 of the Modesto Municipal Code, the SUBDIVIDER has executed a Subdivision Agreement, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and the City Surveyor has determined that the map is technically correct, and

WHEREAS, the SUBDIVIDER has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities are in forms acceptable to the City Attorney and in the amounts required by the City Engineer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said Final Map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and approve the subdivision agreement and authorize the City Manager or his designee to execute the Subdivision Agreement.

BE IT FURTHER RESOLVED that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Kenoyer, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-381**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND AGREEMENT FOR SB-90 STATE MANDATES REIMBURSEMENT CLAIMS PROCESSING SERVICES TO LOCAL GOVERNMENTAL CONSULTANTS, LLC, ROSEVILLE, CA FOR TWO YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL ESTIMATED COST NOT TO EXCEED \$11,900 AND A TOTAL AMOUNT NOT TO EXCEED \$59,500 OVER FIVE YEARS AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City Manager authorized the Purchasing Manager to issue a formal Request for Proposal (RFP) for the procurement of SB 90 Mandate Reimbursement claims processing, and

WHEREAS, prospective bidders were notified online of the bid opportunity, and

WHEREAS, eight (8) vendors downloaded the RFP; two vendors responded, none of which were local vendors; both were determined to be responsive and responsible bids, and

WHEREAS, an evaluation committee comprised of Finance Department and Modesto Police Department staff evaluated the proposals based on the selection criteria listed in the RFP, and

WHEREAS, based on being ranked highest in total evaluation criteria, the committee recommended award of contract for SB-90 State Mandates -Reimbursement Claims Processing services to Local Governmental Consultants, LLC, Roseville, CA, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures, and

WHEREAS, an award of proposal and agreement for SB-90 state mandates reimbursement claims processing services for the Finance Department use to Local Governmental Consultants, LLC, conforms to the Modesto Municipal Code because the City complied with the formal bid procedures and Local Governmental Consultants, LLC was the highest score proposer including being a responsive and responsible bidder;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of proposal and agreement for SB-90 state mandates reimbursement claims processing services to Local Governmental Consultants, LLC, Roseville, CA for two year agreement with three one-year extension options, for an annual estimated cost not to exceed \$11,900 and a total amount not to exceed \$59,500 over five years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-382**

RESOLUTION APPROVING PURCHASING AND CONSULTANT AGREEMENTS WITH VARIOUS VENDORS AS DEFINED UNDER ATTACHMENT A; APPROVING TERMINATION DATES FOR THE SERVICES STATED HEREIN; AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO ISSUE THE IDENTIFIED PURCHASE AND CONSULTANT AGREEMENTS TERMINATION DATES APPROVED BY COUNCIL

WHEREAS, City staff continues to review and monitor over 1,000 purchasing items and identify the best and most efficient way to procure the needs of the City, and

WHEREAS, to ensure that goods and services are available to effectively manage the operations of the City, the Purchasing Division is making every attempt to expedite the bidding process and making sure we have new agreements in place before the current agreements expire, and

WHEREAS, the Finance Department has implemented monthly purchasing training to educate City Staff about the standards which govern the City's purchases, including the City's Charter, Municipal Code, implementation of Administrative Directive 7.5 Purchasing Policy, and updated Purchasing Purchase Manual, and

WHEREAS, the Finance Department continues to work with departments to address the on-going procurement needs of the City and strategizing the best solution to ensure a new agreement can be approved by the time the existing annual purchasing and consultant agreements expire, and

WHEREAS, the Finance Department, via the Purchasing Division, has identified a number of agreements that require further time extensions of their termination dates (as shown in **Attachment A – Purchasing and Consultant Agreement Extension Dates**), and

WHEREAS, the extension of these term dates for existing agreements will not alter the dollar amount of said agreements nor the terms and conditions of the agreements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchasing agreements with various vendors and approves the term dates for the services stated, shown in **Attachment A** – Purchasing and Consulting Agreement Extension Dates, **attached** hereto and incorporated herein.

BE IT FURTHER RESOLVED, the Purchasing Manager, or her designee, is authorized to issue the identified Annual Purchase and Consultant Agreements terms.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-383**

**RESOLUTION APPROVING AN AGREEMENT WITH YOSEMITE
COMMUNITY COLLEGE DISTRICT FOR USE OF THE MODESTO JUNIOR
COLLEGE REGIONAL FIRE TRAINING CENTER, FOR AN ESTIMATED
ANNUAL COST NOT TO EXCEED \$30,000 AND A TOTAL AMOUNT NOT TO
EXCEED \$150,000 OVER A FIVE-YEAR TERM, AND AUTHORIZING THE
CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, the Modesto Junior College Regional Fire Training Center (MJC RFTC) offers vital training and educational opportunities for area firefighters and is known throughout the state as a premier fire training facility; and,

WHEREAS, historically, the Modesto Fire Department (MFD) has accessed the MJC RFTC for educating, training and skill evaluation of personnel; and,

WHEREAS, the Yosemite Community College District (District) and City recognize each other as valued partners in fire and emergency service education and training; and,

WHEREAS, the partnership agreement allows MFD personnel the ability to schedule and use the MJC RFTC buildings and grounds, as available for meetings, training and skill evaluations; and,

WHEREAS, the term of the agreement is for five years, from July 1, 2019 to June 30, 2024; and,

WHEREAS, the City will pay District an annual partnership fee of \$30,000 each academic year; and,

WHEREAS, the total estimated cost for Fiscal Years 19-20, 20-21, 21-22, 22-23 and 23-24 is \$150,000 and the cost for FY 19-20 will be paid from the AMR/General

EMS Project 100960; the remaining FY costs will be paid from the Fire Department Operating Budget.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the agreement with Yosemite Community College District for use of the Modesto Junior College Regional Fire Training Center, for an estimated annual cost not to exceed \$30,000 and a total amount not to exceed \$150,000 over a five-year term.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-384**

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING FOR SERVICE BETWEEN THE CITY OF CERES, THE CITY OF MODESTO AND THE SALIDA FIRE PROTECTION DISTRICT FOR FIRE DEPARTMENT TRAINING SERVICES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Modesto Fire Department is an all-risk fire department that responds to multiple types of emergency incidents and firefighters must be well trained and proficient in all emergencies; and,

WHEREAS, a partnership between Modesto Fire Department, Salida Fire Protection District and Ceres Fire Department will provide training staff, equipment, and facilities to meet the training needs of the agencies and better serve the communities; and,

WHEREAS, the Joint Training Division will be responsible for the on-going training of all operational personnel; and,

WHEREAS, the Modesto Fire Department will provide administrative oversight of the training division and will provide two (2) forty-hour training officers, along with administrative support from a part-time administrative assistant; and,

WHEREAS, the City of Ceres will provide the facility for the Joint Training Division, utilizing the existing unstaffed Fire Station No. 3 on Service Road; and,

WHEREAS, the City of Modesto's FY 19/20 General Fund budget for the Fire Department is not impacted by this Memorandum of Understanding.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Memorandum of Understanding for service between the City of Ceres, the City of Modesto and the Salida Fire Protection District for Fire Department Training Services.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-385**

RESOLUTION APPROVING THE FIRST AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH PROTERRA, FOR THE SALES TAX OF THE PURCHASE OF FIVE ELECTRIC BUSES AND ASSOCIATED COSTS BY \$381,647 FROM \$5,278,559 TO A NEW TOTAL AMOUNT OF \$5,660,206; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, on January 26, 2016, by Resolution 2016-23, Council approved joining a multi-agency partnership to apply for grant funds under the CARB's Zero-Emission Bus Deployment Project, and

WHEREAS, on June 28, 2016, by Resolution 2016-278, Council accepted the grant award from the San Joaquin Valley Air Pollution Control District (SJVAPCD), and

WHEREAS, on June 26, 2018, by Resolution 2018-273, Council approved a grant agreement with SJVAPCD for \$4,016,188, and

WHEREAS, on September 4, 2018, by Resolution 2018-378, Council approved the agreement with Proterra Inc. for \$5,278,559, and

WHEREAS, on February 12, 2019, by Resolution 2019-62, Council approved the payment to the California Department of Tax and Fee Administration for the State and Local sales tax of \$415,687, and

WHEREAS, after approval of this item, Proterra found they were required to submit the sales tax directly to the California Department of Tax and Fee Administration, and that the City was not able to do that process, and

WHEREAS, the funds have been previously budgeted, and

WHEREAS, the total cost for the agreement is \$5,660,206.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the First Amendment increasing the agreement amount with Proterra, for the sales tax of the purchase of five electric buses and associated costs by \$381,647 from \$5,278,559 to a new total not to exceed amount of \$5,660,206.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment, in a form approved by the City Attorney.

BE IT FURTHER RESOLVED that Resolution 2019-62 is hereby authorized rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-386**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND AGREEMENT FOR A NEW VIDEO SURVEILLANCE SYSTEM FOR THE MODESTO AREA EXPRESS BUSES TO IVS, INC. DBA ANGELTRAX, DOTHAN, AL, FOR A FIVE YEAR AGREEMENT, FOR AN ESTIMATED COST IN THE FIRST YEAR NOT TO EXCEED \$333,520 FOR EQUIPMENT, INSTALLATION, SERVICE, HOSTING, WARRANTY AND SUPPORT AND A TOTAL AMOUNT NOT TO EXCEED \$352,720 OVER FIVE YEARS FOR ON-GOING SERVICE, HOSTING, WARRANTY AND SUPPORT; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the City's fixed route transit system currently uses a 10-year old system for video surveillance, and

WHEREAS, on June 12, 2018, by Resolution 2018-229, Council approved the award from the California Governor's Office of Emergency Services under Proposition 1B for the California Transit Security Grant Program – California Transit Assistance Fund for a project total of \$435,985 for a new on board video surveillance system, and

WHEREAS, a Request for Proposal (RFP) was issued by the City to select, through a competitive proposal process, a contractor to provide a new video surveillance system for the Modesto Area Express (MAX) transit buses, and

WHEREAS, after evaluation and demonstration of the proposals, AngelTrax was determined to be the most advantageous and greatest value to the City, and

WHEREAS, AngelTrax is a leading designer, manufacturer and provider of in-vehicle mobile surveillance for student transit, mass transit, waste management, law enforcement and locomotive industries, and

WHEREAS, AngelTrax is providing a video surveillance system that will monitor and record video, audio and selected auxiliary equipment onboard the vehicles, and

WHEREAS, AngelTrax is providing a cloud hosted video surveillance system solution that is compatible with the City's data network and Wide Area Network (WAN) architecture, connectivity, and bandwidth parameters.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the proposal and agreement for a new video surveillance system for the Modesto Area Express buses to IVS, Inc. dba AngelTrax, Dothan, AL, for a five year agreement, for an annual estimated cost not to exceed \$333,520 and a total amount not to exceed \$352,720 over five years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment, in a form approved by the City Attorney.

RESOLUTION NO. 2019-388**

RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE WELL 295 SALT TANK PLATFORMS, ACCEPTING THE BID, AND APPROVING A CONSTRUCTION CONTRACT TO SMITH CONSTRUCTION COMPANY, INC., FRESNO, CA, IN THE AMOUNT OF \$76,600 PLUS \$15,000 FOR CONTINGENCY (IF NEEDED) FOR A TOTAL AMOUNT NOT TO EXCEED \$91,600 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, Well Site 295 is equipped with an ion exchange water treatment system, where the system utilizes a sodium brine soaked resin for the ion exchange process, and

WHEREAS, this current process of refilling the salt tanks is unsafe and time consuming, and a permanent working platform is required where operators can safely stand and refill the tanks as needed, and

WHEREAS, specifications have been prepared for the Well 295 Salt Tank Platforms Project, and

WHEREAS, on June 25, 2019 staff received bids from two companies that were responsible and responsive, including a bid from Smith Construction Company Inc., and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, and the award of bid for the Well 295 Salt Tank Platforms Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$76,600 received from Smith Construction Company Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to Smith Construction Company Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Well 295 Salt tank Platforms Project and accepts the bid of \$76,600 plus \$15,000 for contingency (if needed) for a total amount of \$91,600 and Awards Smith Construction Company Inc., of Fresno, CA, the contract for the Well 295 Salt Tank Platforms Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

RESOLUTION NO. 2019-389**

**RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S
AUTHORITY TO ISSUE CHANGE ORDERS FOR THE WELL 295 SALT TANK
PLATFORMS PROJECT FROM 10% (\$7,660) TO 19.6% (\$15,000) OF THE
CONSTRUCTION CONTRACT PRICE OF \$76,600 WITH SMITH
CONSTRUCTION COMPANY, INC., FRESNO, CA**

WHEREAS, on September 3, 2019, Council is concurrently awarding a \$76,600 contract to Smith Construction Company, Inc., Fresno, CA for the construction of the Well 295 Salt Tank Platforms Project, and

WHEREAS, given the nature of the project, additional work may be needed to address unexpected conditions that require changes in project scope, and

WHEREAS, the additional costs may exceed the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the Well 295 Salt Tank Platforms Project from 10 percent (\$7,660) to 19.6 percent (\$15,000) of the construction contract price of \$76,600 with Smith Construction Company, Inc., Fresno, CA.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-391**

RESOLUTION APPROVING AN AGREEMENT WITH THE ALKALI SINK CONSERVATION BANK FOR THE PURCHASE OF SWAINSON'S HAWK CONSERVATION MITIGATION CREDITS FOR PROJECT IMPACTS OF THE WATER CORPORATION YARD PROJECT IN AN AMOUNT OF \$131,100 AND FOR THE DEL RIO TANK AND WELLS PROJECT IN AN AMOUNT OF \$69,000 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Utilities Department is currently constructing two projects that require mitigation for the endangered Swainson's hawk; the Water Corporation Yard Project and the Del Rio Tank and Wells Project, and

WHEREAS, both required extensive environmental review prior to design and start of construction, and

WHEREAS, On April 1, 2014, by Resolution No. 2014-116, Council approved an agreement with Horizon Water and Environment, LLC (Horizon) for Project Level Environmental Impact Report (EIR) for the Del Rio Water System Improvements Project, and

WHEREAS, On August 28, 2017, by Resolution No. 2017-347, Council certified the EIR for the Del Rio Tank and Wells Project, and

WHEREAS, in May, 2016, staff requested a proposal from Horizon for Environmental Services for the Water Corporation Yard project. Staff negotiated with Horizon to complete the Environmental Services which included all the required mitigation requirements for the Swainson's hawk, and

WHEREAS, due to both projects impacting the hunting grounds for the Swainson's hawk, it was noted in the Environmental Report for the Tank and Wells Project, as well as the Initial Study/Finding of Conformance for the Water Corporation

*amended for clerical error

Yard, that a mitigation measure was necessary to compensate for the loss of the hawk's foraging habitat, and

WHEREAS, as a result, Horizon was able to determine the approximate mitigation ratio needed to comply with the environmental document for both projects, and

WHEREAS, to comply with the requirements of the environmental document for both projects Horizon approached the Alkali Sink Conservation Bank (Alkali) about possibly providing credits for the Swainson's hawk, and

WHEREAS, in order to fulfil the requirements of the environmental documents for the Water Corporation Yard Project and Del Rio Tank and Wells Project staff is recommending that Council approve the agreements with the Alkali Sink Conservation Bank for the Swainson's hawk, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with the Alkali Sink Conservation Bank for the Swainson's hawk for the Water Corporation Yard Project in an amount of \$131,100 and for the Del Rio Tank and Wells Project in an amount of \$69,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-392**

RESOLUTION APPROVING A PURCHASING AGREEMENT WITH FERRELLGAS LP, ELK GROVE, CA, BY UTILIZING THE COMPETITIVE BID PROCESS WITH THE STATE OF CALIFORNIA DEPARTMENT OF GENERAL SERVICES FOR THE PURCHASE OF LIQUEFIED PETROLEUM GAS FOR THE WATER CORPORATION YARD PROJECT FOR A ONE YEAR AGREEMENT NOT TO EXCEED AN ANNUAL COST OF \$31,320 AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE A PURCHASING AGREEMENT.

WHEREAS, the Utilities Department, Water Services Division, has been in search of a replacement corporation yard since 2013, and

WHEREAS, as the City's demands increase, a new water corporation yard provides benefits to existing and future customers, while improving overall operational and fiscal efficiencies, and

WHEREAS, The new water corporation yard will replace the existing facilities used by the Water Services Division, and

WHEREAS, On November 4, 2015, by Resolution No. 2015-424, Council approved the purchase of a 48.62-acre site at 4240 Litt Road in northeast Modesto for the future corporation yard. The project site is approximately 3,000 feet north of Sylvan Avenue and 850 feet south of Plainview Road, just outside of City limits but within the City's sphere of influence, and

WHEREAS, on February 27, 2018, by Resolution No. 2018-93, Council awarded a \$14.1 million design build contract to Diede Construction for the Water Corporation Yard Project, and

WHEREAS, the Water Corporation Yard is currently being constructed and is expected to be complete in December 2019.

WHEREAS, to meet the Water Corporation Yard Project contract end date of December 10, 2019 and allow staff to begin utilizing the facility at the completion of the project, staff is requesting a purchase agreement with Ferrellgas, LP, Elk Grove, CA, by utilizing the competitive bid process, “piggybacking”, with the State of California’s contract to provide Liquefied Petroleum Gas., and

WHEREAS, MMC Section 8-3.204(d) is available where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS In addition, MMC 8-3.202(h) encourages the Purchasing Manager to join with the State of California and other units of government in cooperative purchasing plans when the best cost savings interest of the City would be served, and

WHEREAS, Ferrellgas meets the requirement under this MMC due to their recent award from the competitive bidding process utilizing the cooperative purchasing agreement through the State of California.,

WHEREAS, staff determined that utilizing propane for the Water Corporation Yard would be the best option for the project at this time to meet the requirements of meeting the project timeframe of December 2019, Staff is in the process of negotiating a permanent solution with PG&E, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a purchasing agreement with Ferrellgas LP, Elk Grove, CA, by utilizing the competitive bid process with the State of California Department of General

Services for the purchase of Liquefied Petroleum Gas for the Water Corporation Yard Project for a one year agreement not to exceed an annual cost of \$31,320.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute a purchase agreement.

RESOLUTION NO. 2019-394**

RESOLUTION ACCEPTING THE LA LOMA NEIGHBORHOOD PHASE 2B FIRE HYDRANT ADDITIONS PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$675,929 TO ROLFE CONSTRUCTION COMPANY OF ATWATER, CA

WHEREAS, this project is a partnership between the City's Community and Economic Development Department and the Utilities Department, and

WHEREAS, the Community and Economic Development Department administers Community Development Block Grant funds (CDBG) which were used to partially fund this project, and

WHEREAS, this project had been vetted to ensure it met CDBG eligibility criteria which required the project be located within a primarily residential area and be within an income eligible Census Block Group, and

WHEREAS, the La Loma Phase 2B Fire Hydrant Addition Project included installation of approximately 17 fire hydrants in the La Loma Neighborhood to meet current City Standard spacing requirements, and

WHEREAS, the installation of the hydrants will assist in providing reliability, flow, pressure and the added safety for the La Loma Neighborhood

WHEREAS, bids were advertised on November 20, 2018, and

WHEREAS, three bids were publicly opened on December 18, 2018, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and Rolfe Construction Company of Atwater, CA was the apparent low bidder, and

WHEREAS, on January 22, 2019, by Resolution No. 2019-29, Council awarded a contract Rolfe Construction Company of Atwater, CA for the construction of the La

Loma Neighborhood Phase 2B Fire Hydrant Additions Project in the amount of \$692,963.

WHEREAS, the contractor received the Notice to Proceed with a first working day of February 11, 2019 and all contract work was completed by March 29, 2019, and

WHEREAS, the total project costs were \$754,915 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$926,274 which included \$762,259 for the construction contract and contingency with Rolfe Construction Company, and

WHEREAS, there was 1 change order resulting in an overall decrease of \$17,304 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the La Loma Neighborhood Phase 2B Fire Hydrant Additions Project is hereby accepted as complete from said contractor, Rolfe Construction Company of Atwater, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$675,929, as is authorized.

WHEREAS, City of Modesto's Congestion Mitigation Air Quality (CMAQ) Management CML 5059 (191) Expand ATMS and CCTV along Briggsmore Avenue Project is identified as a desirable project to expand the existing Advanced Traffic Management System (ATMS) and install Closed Circuit TV (CCTV) cameras at signalized intersections along the south side of Briggsmore Avenue from Oakdale Road to Claus Road, and

WHEREAS, Traffic Engineering staff applied for and received 100% Congestion Mitigation and Air Quality (CMAQ) funding for the engineering and construction phases with zero local match money for this project in the amount of \$400,000, and

WHEREAS, this project is beneficial for the City of Modesto because it provides fiber optics along the south side of Briggsmore Avenue between Oakdale Road and Claus Road and closed circuit TV cameras at the intersections of Briggsmore Avenue at Roselle Avenue and Briggsmore Avenue at Claus Road, and

WHEREAS, CCTV cameras were installed at the signalized intersections of Briggsmore Avenue at Roselle Avenue and Briggsmore Avenue at Claus Road, and

WHEREAS, five bids were publicly opened on February 16, 2016, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and Carl Joseph Bartaldo Construction of Palo Cedro, CA was the apparent low bidder, and

WHEREAS, on March 22, 2016, by Resolution No. 2016-113, Council awarded a contract to Carl Joseph Bartaldo Construction of Palo Cedro, California for the construction of the CML 5059 (191) Expansion of ATMS and CCTV Along Briggsmore Avenue from Oakdale Road to Claus Road Project in the amount of \$280,350.

WHEREAS, the contractor received the Notice to Proceed with a first working day of April 18, 2016 and all contract work was completed by January 23, 2018, and

WHEREAS, the total project costs were \$428,037 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$336,982 which included \$308,385 for the construction contract and contingency with Carl Joseph Bartaldo Construction, and

WHEREAS, on December 12, 2017 by Resolution No. 2017-519, Council authorized an increase in the Director's authority to issue change orders from 10 percent of the construction contract (\$28,035) to 16 percent of the construction contract (\$44,856), and

WHEREAS, this was due to a change order that was generated when it was determined that a viable connection to the City's ATMS System was not available at the Oakdale Road and Briggsmore Avenue hub, as originally designed and after thorough review of all the alternatives, the best option required installation of a new 48 strand Single Mode Fiber Optic (SMFO) cable from the hub cabinet at Oakdale Road and Scenic Drive to the hub cabinet at Oakdale Road and Briggsmore Avenue, and

WHEREAS, there were 5 change orders resulting in an overall increase of \$40,580 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the construction of the CML 5059 (191) Expansion of ATMS and CCTV Along Briggsmore Avenue from Oakdale Road to Claus Road Project is hereby accepted as complete from said contractor, Carl Joseph Bartaldo Construction of Palo Cedro, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$320,930, as is authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-397**

RESOLUTION ACCEPTING THE HIGHWAY SAFETY IMPROVEMENT PROGRAM (221) HIGH FRICTION SURFACE TREATMENT PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$205,852 TO AMERICAN CIVIL CONSTRUCTORS WEST COAST LLC, OF BENICIA, CA

WHEREAS, the City of Modesto's Highway Safety Improvement Program (HSIP) (221) High Friction Surface Treatment (HFST) project was identified as one of the City's top safety priorities through the City's regular review of collision data, and

WHEREAS, Scenic Drive and West Orangeburg Avenue are two major Arterial streets in the City that connect East Modesto to Highway 99 that are on the top list of roadways for the number of collisions in the City roadway systems, and

WHEREAS, due to the existing geometry of the roadway and constraints by adjacent properties, HFST will help reduce collisions by helping vehicles stay in their lanes as they are driving thru these curves, and

WHEREAS, Traffic Engineering staff applied for HSIP funding for Preliminary Engineering on May 31, 2016 and was granted \$45,000 on June 23, 2016, and

WHEREAS, Traffic Engineering staff applied for HSIP funding for construction on June 30, 2017 and was granted \$301,200 on November 27, 2017, and

WHEREAS, the total grant awarded for the project was \$346,200 and the 10% local match of \$38,600 was funded from Surface Transportation Fund, and

WHEREAS, bids were advertised on August 28, 2018, and

WHEREAS, one bid was publicly opened on September 25, 2018, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and American Civil Constructors West Coast LLC, of Benicia, CA was the apparent low bidder, and

WHEREAS, on November 13, 2018, by Resolution No. 2018-507, Council awarded a contract to American Civil Constructors West Coast LLC, of Benicia, California for the construction of the Highway Safety Improvement Program (221) High Friction Surface Treatment Project in the amount of \$212,200.

WHEREAS, the contractor received the Notice to Proceed with a first working day of January 28, 2019 and all contract work was completed by March 11, 2019, and

WHEREAS, the total project costs were \$251,986 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$384,800 which included \$233,420 for the construction contract and contingency with American Civil Constructors West Coast LLC, and

WHEREAS, there were 2 change orders resulting in an overall decrease of \$6,348 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Highway Safety Improvement Program (221) High Friction Surface Treatment Project is hereby accepted as complete from said contractor, American Civil Constructors West Coast LLC, of Benicia, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$205,852, as is authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-398**

RESOLUTION APPROVING AN AGREEMENT WITH STANISLAUS COUNTY FOR ENGINEERING REVIEW AND CONSTRUCTION INSPECTION SERVICES RELATING TO THE WEST MODESTO AREA 7 SEWER INFRASTRUCTURE PROJECT, IN AN AMOUNT NOT TO EXCEED \$48,966, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Spencer/Marshall Community, referred to as County Area 7, is an unincorporated, disadvantaged community located on the west area of the City of Modesto (City) with approximately 114 parcels that rely on septic systems for treatment of sewage, and

WHEREAS, the Spencer/Marshall Community's septic systems are failing and pose a threat to public health and groundwater, and

WHEREAS, the City owns and operates a sanitary sewer system adjacent to the Airport, and is prepared to provide sewer services to the Spencer/Marshall Community, and

WHEREAS, the Stanislaus County (County) will submit a grant application to the State Water Resources Control Board for financing through the Clean Water State Revolving Fund and will enter into a "Grant Agreement" for funding necessary to construct Project Improvements, , which includes installation of gravity sewer pipe systems with sewer mains, service laterals, clean-outs, manholes and trench paving in accordance with City Standards, and

WHEREAS, once the Project Improvements are constructed, the residences will be allowed to connect to the City's sewer system, and

WHEREAS, the County will transfer ownership of the Project Improvements to City, upon Notice of Completion filed by the County and upon inspection and approval by the City, and

WHEREAS, the County has requested assistance from the City to provide engineering review and construction inspection for the Project Improvements, and

WHEREAS, the City has qualified staff with experience to perform these services, and the County has agreed to compensate the City in an amount not to exceed \$48,996, and

WHEREAS, the purpose of this Agreement is to facilitate cooperation between the City and the County for the above referenced services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Stanislaus County for engineering review and construction inspection services to be provided by the City related to construction of the West Modesto County Area 7 Sewer Infrastructure Project, in an amount not-to-exceed \$48,996.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-399**

RESOLUTION ADOPTING THE REVISED ENFORCEMENT RESPONSE PLAN (ERP) FOR ASSESSING VIOLATIONS TO CHAPTER 6 OF TITLE 5 FOR NON-COMPLIANT WASTEWATER DISCHARGES TO THE CITY'S PUBLICLY OWNED TREATMENT WORKS (POTW).

WHEREAS, the Wastewater Division, Environmental Services permits, inspects, and monitors discharges from industrial and commercial users to ensure compliance with Federal and State Law, and

WHEREAS, Environmental Services provides immediate response for any industrial or commercial incident that a business may experience and ensures that discharges of hazardous or toxic material do not compromise employees, the public's health and welfare, or damage the City's collection and treatment systems, and

WHEREAS, an increase in Federal, State, and Local Municipal regulatory requirements has facilitated an update to the City's 1991 ERP that references the civil penalties provisions for all non-compliance issues assessed by a Notice and Order, and

WHEREAS, Tetra Tech, an Environmental Protection Agency contractor, recommended that civil and criminal provisions in the current ERP be updated and include progressive noncompliance enforcement under Modesto Municipal Code (MMC) 5-6.703, rather than MMC-1-6.404, and

WHEREAS, this update will ensure that the penalties provisions are a sufficient deterrent of noncompliance, and

WHEREAS, as required by Title 40 Code of Federal Regulations 40 CFR 403.8(f)(5)), the City is required to implement an ERP which reflects the current investigating and reporting procedures of noncompliant Industrial Users (IU). The ERP

was crafted to ensure that IU's discharges to the City Publicly Owned Treatment Works (POTW) are in compliance with the MMC, Title 1 Chapter 6, as well as all Federal and State Regulations, and

WHEREAS, the ERP includes the following elements: 1) Identification of enforcement authority and personnel responsible for enforcement response, 2) Procedures for the City to identify and characterize instance of noncompliance, 3) Range of escalating enforcement actions the City may take to respond to instances of noncompliance, 4) Reference to MMC sections authorizing the City to enforce applicable Federal and State pretreatment requirements and standards, and

WHEREAS, under MMC 5-6.703, the City is allowed to collect applicable fees in accordance with any noncompliance or Permit Conditions that is required by the ERP, and

WHEREAS, the ERP was developed in accordance with 40 CFR 403.8(f)(5), which consists of the following elements: 1) Investigation of noncompliance, 2) Escalation of enforcement, 3) Identify responsible officials, and 4) Ability to enforce all pretreatment requirements and standards as specified in 40 CFR403.8(f)(1) &(2), and

WHEREAS, the City agreed to a first-step notification without a Notice of Violation or monetary fee, and

WHEREAS, the ERP was amended to include the following: 1) Notice of Corrective Action, 2) Noncompliance fees, MMC 5-6.703, 3) Civil penalties, MMC 1-6.304 and 4) Criminal prosecution, MMC. 5-6.713, and

WHEREAS, stakeholder and staff comments were incorporated into the revised ERP that was presented to stakeholders at a follow-up meeting on May 23, 2019.

NOW, THEREFORE, BE IT RESOLVED the Council of the City of Modesto adopts the Revised Enforcement Response Plan for Assessing Violations to Chapter 6 of Title 5 for Non-Compliant Wastewater Discharges to the City's Publicly Owned Treatment Works,

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-400**

**RESOLUTION AUTHORIZING THE ACCEPTANCE OF THE
RELINQUISHMENT OF THOSE PORTIONS OF STATE RIGHT-OF-WAY
ALONG HIGHWAY 99 BETWEEN POST MILE 21.0 AND POST MILE 22.1
FROM THE STATE OF CALIFORNIA TO THE CITY OF MODESTO**

WHEREAS, the State Route 99 / Pelandale Avenue Interchange Reconstruction Project is a project to increase safety, relieve congestion, and enhance traffic operations within the Interchange and along the adjacent streets, and

WHEREAS, State Route 99/Pelandale Avenue Intersection Reconstruction Project funds were programmed in accordance with California Department of Transportation's (Caltrans) Project Development Procedures Manual, and

WHEREAS, an initial study with Mitigated Negative Declaration was prepared by the City's consultant and submitted to Caltrans for approval. This Document (SCH# 2009072012) was approved by Caltrans on September 28, 2009, and

WHEREAS, on July 10, 2012, by Resolution No. 2012-277, Council approved an Agreement between the City of Modesto and Caltrans for maintenance of improvements within State Highway Right of Way on Route 99 (Pelandale Avenue) within the City of Modesto for the State Route 99 and Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, on February 25, 2014, by Resolution No. 2014-71, Council approved the contract with Teichert/MCM, a Joint Venture, Fowler, California in an amount of \$30,999,969, and authorized the City Manager, or his designee, to execute the contract, and

WHEREAS, on April 25, 2017, by Resolution number 2017-154, Council accepted the State Route 99/Pelandale Avenue Interchange Reconstruction Project improvements as complete, and

WHEREAS, a Record of Survey must be submitted to the State for final closeout of the project to be completed, and

WHEREAS, for the Record of Survey to be submitted, Council must first approve the relinquishment of land to both County and State, and

WHEREAS, on January 23, 2018, by Resolution number 2018-42, Council approved the transfer of real property, APNs 135-029-038 and 135-029-039 to Stanislaus County and State of California, and APNs 135-029-040 and 135-029-041 to the State of California for the SR-99/Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, now that Caltrans received both City and County approval of relinquishment, approval is then needed by the California Transportation Commission (CTC) for the State's property to be relinquished to the City and County, and

WHEREAS, Caltrans is requesting an approved resolution from the City authorizing the acceptance of State right of way for CTC to approve the relinquishment of State property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the acceptance of the relinquishment of those portions of State right-of-way along Highway 99 between post mile 21.0 and post mile 22.1 from the State of California to the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of September, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-401**

RESOLUTION APPROVING ONE-TIME SOFTWARE IMPLEMENTATION COSTS ASSOCIATED WITH THE COMPUTERIZED MAINTENANCE MANAGEMENT SYSTEMS FROM LUCITY, INC., OVERLAND PARK, KS, FOR \$70,500, AND ESRI GIS FROM ENVIRONMENTAL SYSTEMS RESEARCH INSTITUTE, INC., REDLANDS, CA, FOR \$2,000

WHEREAS, on January 12, 2016, by Resolution No. 2016-08, Council approved an agreement with Lucity Inc., Overland Park, KS (Lucity), for the purchase and implementation of a Computerized Maintenance Management System (CMMS) for the Wastewater Collections Division of the Utilities Department to improve critical business processes using the most effective and efficient system to support utility operations, and

WHEREAS, the Public Works Department will also be implementing this software within some of its divisions, and

WHEREAS, implementation includes the use of Lucity Mobile which provides crews within the Traffic Electrical, Streets, and Community Forestry Divisions the ability to receive, create, and complete work orders in real time at the work location, and

WHEREAS, Lucity CMMS is fully integrated with the City's Geographic Information System (GIS), which enables crews to display work orders on a GIS map of the city and thus greatly increases work efficiencies, and

WHEREAS, the Community Forestry Division will utilize Lucity as an asset management resource to develop and maintain a comprehensive database of the City's public tree inventory and urban forestry system, and

WHEREAS, the Traffic Operations and Traffic Electrical Divisions will utilize Lucity to help implement a paperless method in tracking tasks and quantities, as well as track existing and new infrastructure that can integrate with GIS, and

WHEREAS, the Streets Division will utilize Lucity to improve the tracking of citizen concerns reported by phone or on the City's GoModesto app on streets and sidewalk deficiencies, as well as data that will be collected to monitor costs associated with all repairs done by the crews within the City's right-of-way related to streets, curb, gutters, and sidewalks.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a one-time software implementation cost associated with the Computerized Maintenance Management Systems from Lucity, Inc., Overland Park, KS, for \$70,500, and ESRI GIS from Environmental Systems Research Institute, Inc., Redlands, CA, for \$2,000.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to sign all documents related to this implementation.

RESOLUTION NO. 2019-402**

**RESOLUTION APPROVING A COMMERCIAL CANNABIS MICROBUSINESS
TYPE 12 BUSINESS PERMIT FOR BIG DIPPER BRANDS LLC, LOCATED AT
901 E. WHITMORE AVENUE, WITH APPROPRIATE CONDITIONS**

WHEREAS, the City Council has adopted a Commercial Cannabis Ordinance, Ordinance 3684-C.S., that established the City's regulatory framework for commercial cannabis uses, and

WHEREAS, the Ordinance establishes certain standards and criteria that apply to all potential commercial cannabis businesses, and

WHEREAS, under Section 10-3.704(g) and City Council Resolution 2017-525, the City Manager designed the application forms and procedures for commercial cannabis business permits, and

WHEREAS, under Section 10-3.704(f), commercial cannabis business permits must be awarded by the City Council and such decisions are final and not subject to appeal, and

WHEREAS, the City Council held a properly noticed public hearing to consider the Big Dipper Brands LLC commercial cannabis microbusiness Type 12 business permit application on September 10, 2019, and

WHEREAS, the City Council desires to issue commercial cannabis business permits to qualified operators at permitted locations that comply with state and local laws and regulations, enhance the diversity of the City's economy, mitigate negative impacts, provide a variety of locations and types of cannabis businesses to the community, and best promote the public health, safety, and general welfare of Modesto residents and businesses.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed project application for a Commercial Cannabis Microbusiness Type 12 Business Permit is exempt from further analysis under the California Environmental Quality Act under the existing facilities exemption in Regulation 15301 and that the proposed cannabis cultivation business is permitted under the current zoning code.

BE IT FURTHER RESOLVED by the City Council that it hereby finds and determines that the proposed project application for a Commercial Cannabis Microbusiness Type 12 Business Permit meets the security requirements, and development and operational standards set forth in Modesto Municipal Code Sections 10-3.706 and 10-3.707.

BE IT FURTHER RESOLVED by the City Council that a Commercial Cannabis Microbusiness Type 12 Business Permit is issued to Big Dipper Brands LLC, located at 901 E. Whitmore Avenue.

BE IT FURTHER RESOLVED by the City Council that the City Manager is authorized to apply necessary and appropriate general and site-specific conditions of approval, including but not limited to the following:

1. City staff, with assistance from HdL Companies staff, will be authorized to access the business site / location during construction of tenant improvements in order to document various components of business operations, security systems, and/or any other points of concern.
2. Big Dipper Brands LLC staff is required to submit a completed City of Modesto Wastewater Discharge Permit Application form within 30 days of beginning operations. City staff will conduct ongoing inspections as needed to verify wastewater discharge from the business.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of September, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

RESOLUTION NO. 2019-404**

**RESOLUTION APPROVING AMENDMENT NO. 1 TO CITY OF MODESTO
PROGRAM YEAR 2019-2020 ANNUAL ACTION PLAN, AND AUTHORIZING
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE
AMENDMENT**

WHEREAS, as a U.S. Department of Housing and Urban Development (HUD) entitlement community, the City of Modesto is required to develop a Substantial Amendment to the Annual Action Plan when it makes changes to its planned or actual activities funded with Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds, and

WHEREAS, HUD requires the City of Modesto develop, in consultation with its citizens and community-based service providers, a funding strategy that furthers its housing and community development goals as described in the City's Five-Year Consolidated Plan for FY 2015-2020, and

WHEREAS, citizen participation is a key component of the Substantial Amendment to the Annual Action Plan process, and

WHEREAS, HUD regulations require the City provide ample opportunity and means for the populations served by the grants, as well as the general citizenry, to provide input on the goals and priorities and the specific type of activities to be funded in the City's Substantial Amendment to the Program Year 2019-2020 Annual Action Plan, and

WHEREAS, staff held three community meetings to assess local needs and priorities related to community services, economic development, community facilities and infrastructure, housing and fair housing, and

WHEREAS, the information obtained from the community meetings was used to prepare the Substantial Amendment to the Program Year 2019-2020 Annual Action Plan, and

WHEREAS, the 30-day public review period to review and comment on the draft documents opened on August 10, 2019 and will close the 30-day public comment period with a public hearing at the City Council meeting on September 10, 2019, and

WHEREAS, any comments received during the public review period or during the September 10, 2019, City Council meeting will be incorporated into the Substantial Amendment to the Program Year 2019-2020 Annual Action Plan that is submitted to HUD, and

WHEREAS, there is no impact to the General Fund and the Annual Action Plan Amendment No. 1 would reallocate existing funds and programming carryover funds identified with Program Year 2018 closeout to new projects in order to meet HUD's timeliness deadline on April 30, 2020, and

WHEREAS, on August 29, 2019, the City's Citizens Housing and Community Development Committee recommended forwarding the Substantial Amendment Program Year 2019-2020 Annual Action Plan to the City Council for consideration and approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 1 to City of Modesto Program Year 2019-2020 Annual Action Plan, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto authorizes the City Manager or his designee, to execute the Amendment in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-406**

**RESOLUTION AWARDING \$2,500,000 OF COMMUNITY DEVELOPMENT
BLOCK GRANT FUNDS (CDBG) TO THE HOUSING AUTHORITY OF THE
COUNTY OF STANISLAUS (HACS), FOR THE ACQUISITION AND
REHABILITATION OF 722 KANSAS AVENUE, AND AUTHORIZING THE
CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE AGREEMENTS.**

WHEREAS, the City of Modesto receives Community Development Block Grant (CDBG), HOME Investment Partnerships Program and Emergency Solutions Grant funds from the U.S. Department of Housing and Urban Development each year, and

WHEREAS, these funds are allocated through an Annual Action Plan which is reviewed by the Citizens' Housing and Community Development Committee and approved by the City Council, and

WHEREAS, on May 14, 2019, by Resolution No. 2019-240, Council approved the City of Modesto Program Year 2019-20 Annual Action Plan, and

WHEREAS, on August 29, 2019 the Citizen's Housing and Community Development Committee reviewed, approved and forwarded the project proposal and funding recommendation to the City Council for review and approval, and

WHEREAS, the Kansas House project is a collaborative project in partnership with Stanislaus County and the Stanislaus County Regional Housing Authority, and

WHEREAS, funding will assist with the acquisition and rehabilitation of a local motel at 722 Kansas to provide 103 permanent supportive housing units to assist approximately 200 homeless individuals.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the awarding \$2,500,000 in Community Development Block

Grant funds to the Housing Authority of the County of Stanislaus (HACS), for the acquisition and or rehabilitation of 722 Kansas Avenue.

BE IT FURTHER RESOLVED; authorize the City Manager or his designee, to execute the agreements in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of September, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-407**

RESOLUTION APPROVING A FIRST AMENDMENT EXTENDING THE TERM OF THE AGREEMENT WITH SLATE COMMUNICATIONS, FOR ON-CALL GRAPHIC DESIGN SERVICES FOR ONE ADDITIONAL YEAR WITH THREE, ONE-YEAR EXTENSION OPTIONS, AND INCREASING THE AGREEMENT AMOUNT BY \$200,000 FROM \$50,000 TO A NOT TO EXCEED AMOUNT OF \$250,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, on September 1, 2018, the City entered into a one-year Professional Consultant Services agreement with Slate Communications in the amount of \$50,000 for on-call graphic design services; and

WHEREAS, Slate Communications has made a number of effective communication tools for the City, including a guide to ensure all city departments were utilizing a consistent theme and style, designing recycling program advertisements, and rebranding city newsletters; and

WHEREAS, Slate Communications has several projects in the cue for design including a Site Selector Tool to refresh Modesto's web pages; and

WHEREAS, the City would like to extend the term of the agreement with Slate Communications for the period September 1, 2019 through August 31, 2023 for a new total amount not to exceed \$250,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment to the Professional Consultant Services agreement with Slate Communications in an amount not to exceed \$250,000 for graphic design services.

BE IT FURTHER RESOLVED, that the City Manager or his designee, are hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-408**

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING WITH THE COUNTY OF STANISLAUS FOR SHARED SECURITY COSTS AT THE MODESTO OUTDOOR EMERGENCY SHELTER (MOES) TO BE REIMBURSED BY THE COUNTY FOR A TOTAL OF \$168,560 FOR SECURITY SERVICES; APPROVING A FIRST AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT FOR SECURITY SERVICES WITH RANK INVESTIGATION & PROTECTION, INC. FOR A FIVE-YEAR AGREEMENT WITH TWO ONE-YEAR EXTENSION OPTIONS, INCREASING THE ESTIMATED COST OF THE FIRST YEAR TO AN AMOUNT NOT-TO-EXCEED \$641,498 AND A TOTAL CONTRACT AMOUNT NOT-TO-EXCEED \$3,699,756 OVER SEVEN YEARS; AMENDING THE FISCAL YEAR 2019-20 OPERATING BUDGET TO INCREASE THE EXPENSE BUDGET FOR THE MOES (0100-02030) BY \$235,984 AND THE REVENUE BUDGET BY \$168,560 FOR THE REVENUE BEING RECEIVED AS REIMBURSEMENT FROM STANISLAUS COUNTY FOR SHARED SECURITY COSTS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS

WHEREAS, on February 5, 2019 the City Council approved two agreements for citywide security services at various city facilities to reduce the risk of theft, and vandalism; and

WHEREAS, staff has determined that there is a need for security services at additional sites, including the Modesto Outdoor Emergency Shelter (MOES) and the Modesto Transit Center (MTC); and

WHEREAS, the City has partnered with the County of Stanislaus to provide security services at MOES and have prepared a Memorandum of Understanding to memorialize the responsibilities of both parties; and

WHEREAS, Rank Security Services, Inc. (Rank Security) began providing services at MOES on March 18, 2019 and since that time, there has been a considerable reduction in calls-for-service to the police and fire departments; and

WHEREAS, the Modesto Transit Center requires security services on a 24-7 basis to reduce verbal disputes and physical altercations that occur on a regular basis at the MTC site and at various bus stops across the city; and

WHEREAS, the cost of security services at MOES will be shared between the County and the City through the closure of MOES, which is anticipated to be December 31, 2019; and

WHEREAS, the County shall reimburse the City in an amount not-to-exceed \$168,560 and the City shall fund the remainder in an amount not-to-exceed \$67,424 for a total cost of \$235,984 for MOES; and

WHEREAS, the cost of security services at the MTC is projected to be \$405,514 with annual increases ranging between three to eight percent, in an amount not to exceed 3,699,756 over the seven year period; and

WHEREAS, an amendment is required to the Fiscal Year 2019-2020 Operating Budget to increase the expense budget for MOES by \$235,984 and the revenue budget by \$168,560 to account for the revenue and additional costs of MOES.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a First Amendment to the Professional Services Agreement with Rank Investigation & Protection, Inc. in the amount not to exceed \$641,498 for the first year of service, and a total contract amount not-to-exceed \$3,699,756 over the seven year period, and that City Manager or his designee, is hereby authorized to execute the First Amendment, in a form approved by the City Attorney.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Understanding with the County of Stanislaus for

shared security costs at the Modesto Outdoor Emergency Shelter to be reimbursed by the County of Stanislaus for a total of \$168,560 for security services, and that City Manager or his designee, is hereby authorized to execute the agreement, in a form provided by the City Attorney.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the Fiscal Year 2019-2020 operating budget to increase the expense budget for the Modesto Outdoor Emergency Shelter by \$235,984 and the revenue budget by \$168,560 for the revenue being received as reimbursement by the County of Stanislaus for shared security costs.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-409**

**RESOLUTION AUTHORIZING THE PAYMENT OF \$60,000 TO THE
MODESTO IRRIGATION DISTRICT (MID) FOR THE COMPLETED WORK
OF CONSTRUCTING STEEL POLE FOUNDATIONS AND ERECTING STEEL
UTILITY POLES ON CARPENTER ROAD AS REQUIRED FOR THE STATE
ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT**

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, relocation of the Modesto Irrigation District (MID) power facilities is required to meet Caltrans standards, and

WHEREAS, steel poles are required to relocate MID overhead facilities on Carpenter Road, and;

WHEREAS, on October 10, 2017, by Resolution 2017-403, Council approved a Measure L Cooperative Agreement with StanCOG (StanCOG Cooperative Agreement) for the Plans, Specifications and Estimates Stage of Phase 1 of the State Route 132 Project, through which StanCOG has agreed to reimburse the City up to \$10 million for costs relating to the PS&E Phase of the Project; and

WHEREAS, included in the \$10 million StanCOG Cooperative Agreement is \$1,750,000 for utility relocation; and

WHEREAS, the StanCOG Cooperative Agreement was amended per StanCOG Resolution 18-34 reducing the amount of Measure L funding dedicated to Utility Relocation from \$1,750,000 to \$600,000, and

WHEREAS, on October 9, 2018, by Resolution 2018-446, Council approved payment of a \$100,000 deposit to MID to provide services for the design and installation of steel power poles on Carpenter Road as necessary for the Project, and

WHEREAS, an agreement with MID dated March 6, 2019 states that the total cost of this required work on Carpenter Road would not exceed \$160,000, and

WHEREAS, the City previously paid the \$100,000 deposit after receiving Council authorization per Resolution 2018-446 and therefore only owes the balance of \$60,000, and

WHEREAS, MID has completed the work and provided a final invoice for \$60,000, and

WHEREAS, Measure L funding is currently available in project account #100614 to pay MID the requested \$60,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the payment of \$60,000 to the Modesto Irrigation District for the completed work of constructing steel pole foundations and erecting steel utility poles on Carpenter Road as required for the State Route 132 West Freeway/Expressway Phase 1 Project.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-410**

RESOLUTION APPROVING THE PAYMENT OF \$202,000 TO THE MODESTO IRRIGATION DISTRICT (MID) FOR THE PURPOSE OF EARLY RELOCATION OF ELECTRICAL LINES ON ROSEMORE AVENUE NEAR KANSAS AVENUE AS REQUIRED FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, relocation of the Modesto Irrigation District (MID) power facilities is required to meet Caltrans standards, and

WHEREAS, the existing power lines along Rosemore Avenue near Kansas Avenue are situated such that their presence will be in conflict with pile driving equipment necessary to construct bridge abutments and deep foundations, and

WHEREAS, this relocation is necessary so that work can commence on the bridge crossing of Rosemore Avenue and its associated retaining structures, and

WHEREAS, MID has requested that the City pay the estimated cost of \$202,000 to relocate the facilities as required for the Project, and

WHEREAS, after the work is complete, MID will audit the work order and after completion of the work order auditing process, the City will be billed or refunded the difference between the actual costs and the estimated costs, and

WHEREAS, on October 10, 2017, by Resolution 2017-403, Council approved a Measure L Cooperative Agreement with StanCOG (StanCOG Cooperative Agreement) for the Plans, Specifications and Estimates Stage of Phase 1 of the State Route 132

Project, through which StanCOG has agreed to reimburse the City up to \$10 million for costs relating to the PS&E Phase of the Project; and

WHEREAS, included in the \$10 million StanCOG Cooperative Agreement is \$1,750,000 for utility relocation; and

WHEREAS, the StanCOG Cooperative Agreement was amended per StanCOG Resolution 18-34 reducing the amount of Measure L funding dedicated to Utility Relocation from \$1,750,000 to \$600,000, and the City of Modesto will be seeking reimbursement from StanCOG for the \$202,000 deposit required by MID.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the payment of \$202,000 to the Modesto Irrigation District for the purpose of early relocation of electrical lines on Rosemore Avenue near Kansas Avenue as required for the State Route 132 West Freeway/Expressway Phase 1 Project.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-411**

RESOLUTION APPROVING AGREEMENTS WITH INTERWEST CONSULTING GROUP AND 4LEAF, INC. FOR A TWO YEAR PROFESSIONAL SERVICES AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST OF \$53,000 AND TOTAL NOT TO EXCEED THE AMOUNT OF \$265,000 OVER 5-YEARS FOR EACH CONTRACT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ANY AND ALL DOCUMENTS RELATED TO THESE AGREEMENTS

WHEREAS, by Resolution No. 2012-486, Council approved the award of proposal and contracts for professional assistance with plan review and inspection services to 4LEAF Inc., Bureau Veritas, CSG Consultants and Interwest Consulting Group, and

WHEREAS, on August 19, 2014, an amendment to the Interwest Consulting Group contract was made to provide for Chief Building Official services, and

WHEREAS, by Resolution No. 2014-354, Council approved an amendment to the standard agreement for consultant services with Interwest Consulting Group for Building Official and Code Enforcement services in an amount not to exceed \$180,000, and

WHEREAS, by Resolution No. 2015-364, Council approved an amendment to the standard agreement for consultant services with Interwest Consulting Group for Building Official and Code Enforcement services in an amount not to exceed \$200,000, and

WHEREAS, by Resolution No. 2015-363, Council approved an amendment to the standard agreement for consultant services with 4LEAF Inc., Bureau Veritas, and CSG Consultants Inc., for plan review and inspection services to increase annual compensation for each contract in an amount not to exceed \$50,000, and

WHEREAS, the City exhausted all extensions provided through the Agreements which are set to expire December 31, 2018 and a 6-month extension was approved by the City Council Resolution No. 2018-548 on December 11, 2019, and

WHEREAS, staff is requesting two-year Agreements with an option for three one-year extensions, with Interwest Consulting Group and 4Leaf Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Agreements with Interwest Consulting Group and 4Leaf Inc., to provide services for Plan Review and Building Inspection Services for two-years with the option of three one-year extensions, for an estimated annual cost of \$53,000 and a total not to exceed amount of \$265,000 over five years for each contract.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreements, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-414**

RESOLUTION APPROVING PURCHASING AGREEMENTS FOR ELECTRICAL PARTS AND SUPPLIES TO PLATT ELECTRIC, MODESTO CA, WILLE ELECTRIC, MODESTO CA AND CONSOLIDATED ELECTRIC DISTRIBUTORS, MODESTO CA FOR ONE-YEAR AGREEMENTS WITH FOUR ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$130,000, \$95,000, AND \$30,000, RESPECTIVELY; AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE TO ADJUST THE FINANCIAL AMOUNTS BETWEEN THE THREE PROVIDERS WITHOUT EXCEEDING THE ESTIMATED COMBINED ANNUAL COST OF \$255,000 AND A TOTAL COMBINED COST NOT TO EXCEED \$1,275,000 OVER FIVE YEARS FOR ALL VENDORS; AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE AGREEMENTS

WHEREAS, staff utilizes all three vendors to purchase fuses, wiring, conduit, connectors, fittings, photo controls, and various other electrical parts and supplies, and

WHEREAS, these items are currently being purchased on a blanket purchase order, and

WHEREAS, the blanket purchase orders have exceeded the \$50,000 threshold and alternatives have been evaluated to monitor the spending, and

WHEREAS, staff attempted to gather information for a formal bidding process, but found that with the fluctuating market, vast and unpredictable nature of parts used, it was not feasible to proceed with a competitive bidding process, and

WHEREAS, staff met with Platt Electric, Wille Electric, and Consolidated Electric Distributors to better understand the business and whether or not the City could obtain a deeper discount with each vendor, and

WHEREAS, all three vendors provided discounted pricing, and are located within the City of Modesto, and

WHEREAS, staff will still be required as by Administrative Directive 7.5 to obtain three quotes if the purchase exceeds \$3,500, and

WHEREAS, based on discounted pricing, and local availability, City staff recommends approving purchasing agreements for electrical parts and supplies to Platt Electric, Modesto CA, Wille Electric, Modesto CA, and Consolidated Electric Distributors, Modesto CA for a one year agreement with four one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$130,000, \$95,000, and \$30,000, respectively, and an estimated combined cost not to exceed \$1,275,000 over five years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, exceptions to the formal bidding process are granted in MMC 8-3.204(d) "Where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality.", and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the agreements for the purchase of electrical parts and supplies to Platt Electric, Modesto Ca, Wille Electric, Modesto Ca, and Consolidated Electric Distributors, Modesto CA for a one year agreement with four one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$130,000, \$95,000, and \$30,000, respectively, and an estimated combined cost not to exceed \$1,275,000 over five years.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to adjust the financial amounts between all three providers, without exceeding the estimated combined annual cost of \$255,000 and a total combined cost not to exceed \$1,275,000 over five years of all vendors.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to execute the agreements, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION APPROVING PURCHASING AGREEMENTS FOR EQUIPMENT AND VEHICLE PARTS TO MOTOR PARTS DISTRIBUTION, MODESTO CA, NAPA MODESTO AUTO AND TRUCK PARTS, MODESTO, CA, INTERSTATE TRUCK CENTER, TURLOCK, CA AND FLEET PRIDE INC., MODESTO, CA FOR A ONE YEAR AGREEMENT WITH FOUR ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$100,000, \$60,000, \$100,000 AND \$75,000, RESPECTIVELY; AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE TO ADJUST THE AMOUNTS BETWEEN THE FOUR PROVIDERS WITHOUT EXCEEDING A COMBINED ANNUAL ESTIMATED COST OF \$335,000 FOR A TOTAL COMBINED AUTHORIZATION LIMIT OF \$1,675,000 OVER FIVE YEARS; AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASING AGREEMENTS

WHEREAS, the City Fleet Services Division services and maintains 1,100 vehicles, heavy equipment, buses, fire trucks, trailers and other miscellaneous equipment for all areas of the City, and

WHEREAS, these items are currently being purchased on a blanket purchase order, and

WHEREAS, the blanket purchase orders have exceeded the \$50,000 threshold and alternatives have been evaluated to monitor the spending, and

WHEREAS, staff attempted to gather information for a formal bidding process, but found that with the fluctuating market, vast and unpredictable nature of parts used, it was not feasible to proceed with a competitive bidding process, and

WHEREAS, staff met with Motor Parts Distribution, Napa Modesto Auto and Truck Parts, Interstate Truck Center, and Fleet Pride Inc. to better understand the business and whether or not the City could obtain a deeper discount with each vendor, and

WHEREAS, all four vendors provided discounted pricing, and are located within the City of Modesto and Turlock area, and

WHEREAS, based on discounted pricing, and local availability, City staff recommends approving purchasing agreements for equipment and vehicle parts to Motor Parts Distribution, Modesto CA, Napa Modesto Auto and Truck Parts, Modesto, CA, Interstate Truck Center, Turlock, CA and Fleet Pride Inc., Modesto, CA for a one year agreement with four one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$100,000, \$60,000, \$100,000 and \$75,000, respectively, and an estimated combined cost not to exceed \$1,675,000 over five years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, exceptions to the formal bidding process are granted in MMC 8-3.204(d) "Where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality.", and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the agreements for the purchase of equipment and vehicle parts to Motor Parts Distribution, Modesto CA, Napa Modesto Auto and Truck Parts, Modesto, CA, Interstate Truck Center, Turlock, CA and Fleet Pride Inc., Modesto, CA for a one year agreement with four one-year extension options, for an estimated annual cost not to

exceed \$100,000, \$60,000, \$100,000 and \$75,000, respectively, and an estimated combined cost not to exceed \$1,675,000 over five years.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to adjust the financial amounts between all four providers, without exceeding the combined annual cost of \$335,000 and a total combined cost not to exceed \$1,675,000 over five years of all vendors.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to execute the agreements, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-416**

**RESOLUTION APPROVING REQUIREMENTS FOR ANNUAL TRAINING OF
CERTAIN CITY OF MODESTO EMPLOYEES AND OFFICIALS REGARDING
THE MUNICIPAL DISCLOSURE RESPONSIBILITIES**

WHEREAS, as an issuer of municipal securities, the City's employees and officials must regularly review their responsibilities and internal processes to ensure continuing compliance with the Securities Act, and

WHEREAS, the City's recent update of its Debt Management Policy – which was adopted at the May 28, 2019 Council meeting with Resolution 2019-246 – included updated language requiring annual training for certain City employees and officials, and

WHEREAS, the City contracts with Norton Rose Fulbright to provide legal counsel for bonds and related issues, and

WHEREAS, the training presented under the **Attachment** – Training Presentation will be designed to meet the requirements of applicable securities laws and the City's Debt Management Policy.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts requirements for annual training of certain City of Modesto employees and officials regarding municipal disclosure responsibilities.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-417**

RESOLUTION APPROVING APPLICATION TO THE STANISLAUS LOCAL AGENCY FORMATION COMMISSION TO CONFIRM THE CITY OF MODESTO'S FIRE SERVICE CONTRACT WITH THE CITY OF OAKDALE AND OAKDALE FIRE PROTECTION DISTRICT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE APPLICATION

WHEREAS, effective January 1, 2016, Government Code Section 56134 requires fire protection contracts or agreements for the exercise of new or extended fire protection services outside a public agency's jurisdictional boundaries to be reviewed by the Stanislaus Local Agency Formation Commission, and

WHEREAS, on June 11, 2019, by Resolution 2019-270, the City Council approved an agreement to provide fire protection services between to the City of Modesto, the City of Oakdale, and Oakdale Fire Protection District, and

WHEREAS, this Resolution of Application is proposed pursuant to Government Code Section 56134(c), and

WHEREAS, pursuant to Government Code Section 56134(e) and 56134(f), a plan for services and independent fiscal analysis shall be prepared and submitted with the application, and

WHEREAS, the application for review of a fire service contract is considered exempt from the California Environmental Quality Act under the General Rule, Section 15061(b)(3) as it can be seen with certainty that there will not be a significant effect on the environment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the application to the Stanislaus Local Agency Formation

Commission to confirm the City of Modesto's fire service contract with the City of Oakdale and Oakdale Fire Protection District.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager or designee is hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-418**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND AGREEMENT FOR THE PURCHASE OF DESKTOP COMPUTERS, LAPTOPS, TABLETS, SOFTWARE AND SERVICES TO DELL TECHNOLOGIES, OF ROUND ROCK, TX, FOR A THREE-YEAR AGREEMENT FOR AN INITIAL COST NOT TO EXCEED \$1.35M AND A TOTAL AMOUNT NOT TO EXCEED \$1.95M OVER THREE-YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AGREEMENT

WHEREAS, The City of Modesto uses personal computers to conduct city business, and

WHEREAS, personal computers require replacement because they are beyond their useful life, and

WHEREAS, The City Manager authorized the distribution of formal Request for Proposals for the furnishing of Desktop Computers, Laptops, Tablets, Software and Services, and

WHEREAS, The City issued RFP 1819-44 Desktop Computers, Laptops, Tablets, Software and Services on the City's website and,

WHEREAS, Proposals were formally opened in the City Clerk's office on April 16, 2019, and

WHEREAS, Two (2) companies chose to respond, and

WHEREAS, an evaluation committee comprised of five (5) City staff members evaluated and graded the proposals, and

WHEREAS, Dell Technologies was ranked highest in total evaluation criteria and the lowest responsive bidder and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, this purchase conforms to the Modesto Municipal Code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it adopts Resolution awarding the bid and contract with Dell Technologies, of Round Rock, TX, for a three-year agreement, for an initial cost not to exceed \$1.35M and a total amount not to exceed \$1.95M over three years, and

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

RESOLUTION NO. 2019-419**

RESOLUTION APPROVING THE PURCHASE OF MICROSOFT SOFTWARE AND LICENSING, FROM THE CURRENT MICROSOFT ENTERPRISE AGREEMENT, WITH INSIGHT PUBLIC SECTOR INC., TEMPE, AZ, FOR A TOTAL AMOUNT NOT TO EXCEED \$300,000; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT.

WHEREAS, The City of Modesto uses the Microsoft Windows 7 Operating System and Office 2010 products to conduct city business, and

WHEREAS, The Microsoft Windows 7 Operating System and Office 2010 products will no longer be supported by Microsoft, and

WHEREAS, Microsoft will no longer release security patch updates for Windows 7 and Office 2010, and

WHEREAS, Failure to keep systems updated creates a tremendous security risk to the organization from ransomware, viruses and malicious attacks, and

WHEREAS, Purchasing Microsoft Windows 10 and Office 365 will provide a supported operating system and office product for the City, and

WHEREAS, On May 2nd 2017 by resolution 2017-166 the Council approved a three-year Microsoft Enterprise Agreement with Insight Public Sector through the County of Riverside cooperative agreement and,

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, Exceptions to the formal bidding process are granted in MMC 8-3.204 (d) "Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set for in Section 8-3.203 will result in

procurement for the City at the lowest possible cost commensurate with the desired quality”, and

WHEREAS, MMC 8-3.202(h) states that “With the approval of Council, join with the State of California and other units of government in cooperative purchasing plans when the best interest of the City would be served thereby”, and

WHEREAS, this purchase conforms to the Modesto Municipal Codes, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it adopts Resolution authorizing the purchase of Microsoft Software and Licensing to Insight Public Sector Inc., of Tempe, AZ, for a total amount not to exceed \$300,000, and

RESOLUTION NO. 2019-420**

RESOLUTION ACCEPTING THE 2020 SELECTIVE TRAFFIC ENFORCEMENT PROGRAM GRANT IN THE AMOUNT OF \$600,000 FROM THE OFFICE OF TRAFFIC SAFETY TO INCREASE ENFORCEMENT FOR SPEED, DUI, AND OTHER SPECIAL TRAFFIC ENFORCEMENT OPERATIONS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, the City of Modesto Police Department desires to undertake a certain project designated as the Selective Traffic Enforcement Program (STEP) grant from the Office of Traffic Safety (OTS), and

WHEREAS, the Police Department was awarded a grant in the sum of \$600,000 from OTS, and

WHEREAS, acceptance of said \$600,000 grant will increase enforcement for speed, DUI, and other special traffic enforcement operations, while also reducing collisions with speed, DUI, and special operations, and

WHEREAS, OTS will pay overtime for officers, training, and equipment to assist in traffic studies and other traffic related enforcement equipment, and

WHEREAS, the term of this grant will be from October 1, 2019, through September 30, 2020,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Selective Traffic Enforcement Program Grant in the amount of \$600,000 from the Office of Traffic Safety to increase enforcement for speed, DUI, and other special traffic enforcement operations.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary award documents.

RESOLUTION NO. 2019-421**

RESOLUTION AMENDING THE FISCAL YEAR 2019-20 OPERATING AND MULTI-YEAR BUDGET TO APPROPRIATE REVENUE AND EXPENSES IN THE AMOUNT OF \$600,000 RELATED TO THE SELECTIVE TRAFFIC ENFORCEMENT PROGRAM GRANT TO INCREASE ENFORCEMENT FOR SPEED, DUI, AND OTHER SPECIAL TRAFFIC ENFORCEMENT OPERATIONS

WHEREAS, the Police Department acquired a grant award in the amount of \$600,000 from the Office of Traffic Safety (OTS) to increase enforcement for speed, DUI, and other special traffic enforcement operations, and

WHEREAS, the grant will pay overtime for officers for special enforcement operations, DUI saturation patrols, and other traffic related enforcement supplies, and

WHEREAS, there is no local match required for this grant, and

WHEREAS, certain budgetary adjustments are necessary to account for the programing of revenues and offsetting expenses.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2019-2020 Operating and Multi-Year Budget is hereby adjusted as indicated on budget adjustment **attached**.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-422**

**RESOLUTION APPROVING SUPPORTING THE REDUCING CRIME AND
KEEPING CALIFORNIA SAFE ACT OF 2020.**

WHEREAS, protecting every person in our state, including our most vulnerable children, from violent crime is of the utmost importance. Murderers, rapists, child molesters and other violent criminals should not be released early from prison; and

WHEREAS, since 2014, California has had a larger increase in violent crime than the rest of the United States. Since 2013, violent crime in Los Angeles has increased 69.5%. Violent crime in Sacramento rose faster during the first six months of 2015 than in any of the 25 largest U.S. cities tracked by the FBI; and

WHEREAS, The FBI Preliminary Semiannual Uniform Crime Report for 2017, which tracks crimes committed during the first six months of the past year in U. S. cities with populations over 100,000, indicates that last year violent crime increased again in most of California's largest cities.

WHEREAS, recent changes to parole laws allowed the early release of dangerous criminals by the law's failure to define certain crimes as "violent." These changes allowed individuals convicted of sex trafficking of children, rape of an unconscious person, felony assault with a deadly weapon, battery on a police officer or firefighter, and felony domestic violence to be considered "nonviolent offenders."; and

WHEREAS, as a result, these so-called "non-violent" offenders are eligible for early release from prison after serving only a fraction of the sentence ordered by a judge; and

WHEREAS, violent offenders are also being allowed to remain free in our communities even when they commit new crimes and violate the terms of their post release community supervision, like the gang member charged with the murder of Whittier Police Officer, Keith Boyer; and

WHEREAS, this measure reforms the law so felons who violate the terms of their release can be brought back to court and held accountable for such violations; and

WHEREAS, nothing in this act is intended to create additional "strike" offenses which would increase the state prison population, nor is it intended to affect the ability of the California Department of Corrections and Rehabilitation to award educational and merit credits; and

WHEREAS, recent changes to California law allow individuals who steal repeatedly to face few consequences, regardless of their criminal record or how many times they steal; and

WHEREAS, as a result, between 2014 and 2016, California had the 2nd highest increase in theft and property crimes in the United States, while most states have seen a steady decline. According to the California Department of Justice, the value of property stolen in 2015 was \$2.5 billion with an increase of 13 percent since 2014, the largest single-year increase in at least ten years; and

WHEREAS, grocery store operators around the state have seen unprecedented increases in the amount of losses associated with shoplifting in their stores, with some reporting up to 150% increases in these losses from 2012 to present, with the largest jumps occurring since 2014; and

WHEREAS, shoplifting incidents have started to escalate in such a manner that have endangered innocent customers and employees; and

WHEREAS, individuals who repeatedly steal often do so to support their drug habit. Recent changes to California law have reduced judges' ability to order individuals convicted of repeated theft crimes into effective drug treatment programs; and

WHEREAS, California needs stronger laws for those who are repeatedly convicted of theft related crimes, which will encourage those who repeatedly steal to support their drug problem to enter into existing drug treatment programs. This measure enacts such reforms; and

WHEREAS, collecting DNA from criminals is essential to solving violent crimes. Over 450 violent crimes including murder, rape and robbery have gone unsolved because DNA is being collected from fewer criminals; and

WHEREAS, DNA collected in 2015 from a convicted child molester solved the rape-murders of two six-year-old boys that occurred three decades ago in Los Angeles County. DNA collected in 2016 from an individual caught driving a stolen car solved the 2012 San Francisco Bay Area rape/murder of an 83-year-old woman; and

WHEREAS, recent changes to California law unintentionally eliminated DNA collection for theft and drug crimes. This measure restores DNA collection from persons convicted for such offenses; and

WHEREAS, permitting collection of more DNA samples will help identify suspects, clear the innocent and free the wrongly convicted, and

WHEREAS, this measure does not affect existing legal safeguards that protect the privacy of individuals by allowing for the removal of their DNA profile if they are not charged with a crime, are acquitted or are found innocent.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby supports the Reducing Crime and Keeping California Safe Act of 2020.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-423**

RESOLUTION APPROVING A MEMORANDUM OF AGREEMENT WITH STANISLAUS COUNTY FOR A JOINT APPLICATION FOR FUNDING OF LICENSE PLATE READERS AND POD (PORTABLE OBSERVATION DEVICE) CAMERAS IN THE AMOUNT OF \$174,853 THROUGH THE EDWARD BYRNE JUSTICE ASSISTANCE GRANT (JAG) FORMULA PROGRAM; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS

WHEREAS, the JAG Program allows states, tribes and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions, and

WHEREAS, the City of Modesto Police Department is eligible to apply for \$145,293 and Stanislaus County is eligible for \$29,560, and

WHEREAS, the City of Modesto Police Department is considered “disparate” under the terms of this grant because the City is eligible to receive one and one-half times more than than a County (150% more than the County with concurrent jurisdiction), and

WHEREAS, the Modesto Police Department and Stanislaus County are required to submit a joint application for the total eligible allocation of \$174,853, and

WHEREAS, the City of Modesto will use its allocation to help fund the acquisition and implementation of License Plate Reader (LPR) equipment and Portable Observation Device (POD) cameras and associated system components, and

WHEREAS, there is no match required for this grant, and

WHEREAS, Stanislaus County will be the fiscal agent for this grant, and

WHEREAS, the County will charge the City a three percent (3%) administrative fee in the amount of \$4,359 to cover the reporting costs associated with the grant, and

WHEREAS, the grant requires the City, as a disparate agency, to set aside three percent (3%) in the amount of \$4,359 to be used for NIBRS compliance, and

WHEREAS, the City will utilize these set-aside funds to cover costs of building, testing and training staff in the use of this reporting module, and

WHEREAS, the grant requires that a separate multi-year project account must be established for fund deposits, and funds cannot be comingled with funds from any other source, and

WHEREAS, the grant requires a signed Memorandum of Agreement between the City and County for the application.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Agreement with Stanislaus County for the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program Fiscal Year 2019 Local Solicitation and authorizes a joint application with Stanislaus County.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant application upon award.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-424**

RESOLUTION APPROVING AN AGREEMENT WITH AT&T FIRSTNET FOR CELLULAR AND DATA SERVICES FOR THE MODESTO POLICE DEPARTMENT FOR A TWO YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL ESTIMATED COST NOT TO EXCEED \$280,048 IN YEAR ONE, INCREASING BY \$2,700 EACH YEAR FOR ADDITIONAL LINE ALLOTMENT, TO AN ANNUAL ESTIMATED COST NOT TO EXCEED \$290,848 IN YEAR FIVE AND A TOTAL NOT TO EXCEED \$1,459,287 INCLUDING ONE-TIME EXPENSES OVER FIVE YEARS AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT IN A FORM APPROVED BY THE CITY ATTORNEY.

WHEREAS, the First Responder Network Authority was created as part of the Middle Class Tax Relief and Job Creation Act, which was signed into law on February 22, 2012; and

WHEREAS, the law allocated 20 megahertz of spectrum and \$7 billion to establish a broadband network dedicated to the nation's first responders and gave the First Responder Network Authority the mandate to build, operate, and maintain that network; and

WHEREAS, the First Responder Network Authority was required to engage in an open, transparent, and competitive RFP process for the deployment of the network; and

WHEREAS, FirstNet issued its objectives-based RFP in January of 2016; and

WHEREAS, FirstNet awarded a 25-year contract to AT&T in March 2017; and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, exceptions to the formal bidding process are granted in MMC 8-3.204(d) "Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set forth in Section 8-3.203 will result

in procurement for the City at the lowest possible cost commensurate with the desired quality”; and

WHEREAS, in addition, MMC 8-202(d) encourages the Purchasing Manager to join with the State of California and other units of government in cooperative purchasing plans when the best cost savings interest of the City would be served; and

WHEREAS, this exemption is satisfied because the FirstNet Authority was competitively bid at the national level and all States have adopted this as their First Responder Network; and

WHEREAS, the National Purchasing Partners holds a contract for FirstNet and AT&T (AS10296); and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby approves an agreement with AT&T FirstNet for cellular and data services for the Modesto Police Department for a two year agreement with three one-year extension options, for an annual estimated cost not to exceed \$280,048 in year one, increasing by \$2,700 each year for additional line allotment, to an annual estimated cost not to exceed \$290,848 in year five and a total not to exceed \$1,459,287 including one-time expenses over five years.

BE IT FURTHER RESOLVED by the City Council of the City of Modesto that the City Manager is authorized to execute the agreement with AT&T FirstNet network for cellular service for the Modesto Police Department, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-425**

RESOLUTION APPROVING REJECTING THE BIDS FOR THE ON-CALL BORING SERVICE FOR THE HIGH VOLTAGE UPGRADES PROJECT, AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT FOR BID AT A FUTURE DATE WITH AN AMENDED SCOPE OF WORK

WHEREAS, the City currently has a total of 11,576 street lights, of which 490 are high voltage street lights on 26 high voltage circuits (HVC), and

WHEREAS, most of the HVC are 2400 volts to 4000 volts, while modern street lights voltage in residential areas are 120 volts, and

WHEREAS, on February 26, 2019, by Resolution No. 2019-90, Council approved a proposal to upgrade high voltage street light circuits to low voltage by contracting \$500,000 of high voltage work to convert 50 street lights and allocating \$500,000 for City staff to convert 100 street lights, and

WHEREAS, the recommended approach to replace the HVC is to allocate \$1,000,000 per year programmed from the Surface Transportation Fund and Senate Bill (SB) 1 that will replace approximately 150 high voltage street lights each year with estimated completion of the process in four years, and

WHEREAS, City staff initiated design of the plans to go out to bid for the conversion of 50 street lights, and it was determined that the estimated cost of a contractor to complete the conversion was around \$705,000, and

WHEREAS, it was determined the best course of action was to instead request an on-call boring contractor to directional drill under the asphalt/concrete and place the conduit, and

WHEREAS, the City is currently installing by open trench method, which requires a lot more time and material, and

WHEREAS, by utilizing a boring contractor, this minimizes the contractual scope of work to a singular service thereby reducing the overall cost needed for an outside contractor. Additionally, it will greatly improve the overall cost and efficiency of City staff to complete all the circuits, and

WHEREAS, on April 4, 2019, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for an on-call boring service agreement for directional drilling and conduit installation, and

WHEREAS, the project was advertised for bids on May 15, 2019 and bids were publicly opened on June 11, 2019, pursuant to City Charter Section 1307, and

WHEREAS, three bids were received, which the lowest unit cost was \$32.39/lf; more than one and a half times the originally estimated amount, and

WHEREAS, based on the bids received, staff recommends rejecting the bids and re-advertising the project, and

WHEREAS, staff is revising the scope of work to exclude bore pit restoration and exclude liability in restoration costs, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.203, Council shall have the authority to accept or reject any or all bids.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects all bids for the on-call boring service for the High Voltage Upgrades Project, Invitation No. 1819-61, and authorizes staff to re-advertise the project for bid at a future date with an amended scope of work.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-426**

**RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 CAPITAL
IMPROVEMENT PROGRAM BUDGET IN AN AMOUNT OF \$499,000 BY WAY
OF TRANSFER FROM PROJECT #101167 (UPGRADE HIGH VOLTAGE –
CONTRACTOR) TO PROJECT #101166 (UPGRADE HIGH VOLTAGE – CITY)**

WHEREAS, on April 4, 2019, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for an on-call boring service agreement for directional drilling and conduit installation, and

WHEREAS, the project was advertised for bids on May 15, 2019, and bids were publicly opened on June 11, 2019, pursuant to City Charter Section 1307, and

WHEREAS, three bids were received, which the lowest unit cost was \$32.39/lf; more than one and a half times the originally estimated amount, and

WHEREAS, based on the bids received, staff recommends rejecting the bids and re-advertising the project, and

WHEREAS, staff is revising the scope of work to exclude bore pit restoration and exclude liability in restoration costs, and

WHEREAS, Due to the time needed to re-bid and obtain contract execution for the on-call boring service, staff is continuing forward converting circuits, and

WHEREAS, It is anticipated the majority of the remaining circuits will be completed during this timeframe, and

WHEREAS, staff recommends moving \$499,000 in Capital Improvement Project (CIP) #101167 (Upgrade High Voltage – Contractor) to CIP #101166 (Upgrade High Voltage – City) to complete the remaining circuits this fiscal year and start the on-call boring contractor on next year's list of conversions, and

WHEREAS, Currently, CIP #101167 has \$499,000 remaining and will not utilize remaining budget due to the timeframes involved in re-bidding.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2019-2020 Capital Improvement Program Budget in an amount of \$499,000 by way of transfer from project #101167 (Upgrade High Voltage – Contractor) to project #101166 (Upgrade High Voltage – City).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-427**

RESOLUTION APPROVING THE SUBMISSION OF A PROJECT LIST FOR SENATE BILL 1 (SB1) ALSO KNOWN AS THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 FOR THE MODESTO AREA EXPRESS (MAX) BUS SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AND FILE ALL OTHER NECESSARY DOCUMENTS

WHEREAS, the City of Modesto is an eligible project sponsor and may receive State Transit Assistance (STA) funding from the State of Good Repair Account (SGR) now or sometime in the future for transit projects, and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations, and

WHEREAS, Senate Bill 1 (SB1) (2017) named the California Department of Transportation (Caltrans) as the administrative agency for the SGR, and

WHEREAS, Caltrans has developed guidelines for the purpose of administering and distributing SGR funds to eligible project sponsors (local agencies), and

WHEREAS, a project list (**Attachment 1 - SB1 City of Modesto Project List**) has been developed to improve the conditions of the facilities, rolling stock and equipment needed to operate the Modesto Area Express (MAX) bus system.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the project list for the Road Repairs and Accountability Act of 2017 for the City of Modesto Transit Division.

BE IT FURTHER RESOLVED that the fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances document and

applicable statutes, regulations and guidelines for all State of Good Repair funded transit projects.

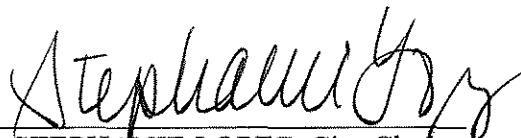

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute and file all required documents of the State of Good Repair program and any Amendments thereto with the California Department of Transportation.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-428**

**RESOLUTION ACCEPTING THE MODESTO JUNIOR COLLEGE BICYCLE
PATH PHASE II – ACTIVE TRANSPORTATION PROGRAM LOCAL 5059(209)
PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO
FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND
RELEASING PAYMENTS TOTALING \$510,932 TO MCFADDEN
CONSTRUCTION INC., STOCKTON, CA**

WHEREAS, On January 6, 2004, Council approved the Virginia Corridor Specific Plan and since then, the Virginia Corridor has been constructed in phases, and

WHEREAS. Phase III of the project constructed the bike path trailhead at the juncture of College Avenue and MID Lateral 4, and

WHEREAS, on August 22, 2014 the City was awarded \$630,000 in competitive Active Transportation Program (ATP) funds that were made available by StanCOG for the Modesto Junior College Bike Path Phase II Project, and

WHEREAS, this project installed a Class I bicycle path, lighting, landscaping and mid-block crossing at Campus Way from College Avenue (existing Virginia Corridor path) to Campus Way along an alley, and

WHEREAS, bids were advertised on August 1, 2017, and

WHEREAS, five bids were publicly opened on August 29, 2017, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and McFadden Construction Inc., of Stockton, CA was the apparent low bidder, and

WHEREAS, on September 12, 2017, by Resolution No. 2017-352, Council awarded a contract to McFadden Construction Inc., of Stockton, CA for the construction of the Modesto Junior College Bicycle Path Phase II – ATPL 5059(209) Project in the amount of \$474,622, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of October 9, 2017 and all contract work was completed by April 30, 2018, and

WHEREAS, the total project costs were \$979,417 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$965,228 which included \$522,084 for the construction contract and contingency with McFadden Construction Inc., and

WHEREAS, there were 7 change orders resulting in an overall increase of \$36,310 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Modesto Junior College Bicycle Path Phase II – ATPL 5059(209) Project is hereby accepted as complete from said contractor, McFadden Construction Inc., of Stockton, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$510,932, as is authorized.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION ACCEPTING THE RIGHT TURN LANE AT PRESCOTT ROAD AND PLAZA PARKWAY CONSTRUCTION PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$755,875 TO CAZADORO CONSTRUCTION, INC. OF SAN FRANCISCO, CA

WHEREAS, in April, 2010, the City applied for Congestion Mitigation and Air Quality (CMAQ) funds to construct a dedicated right turn lane on Southbound Prescott Road at Plaza Parkway, and

WHEREAS, construction of this project modified the existing curb return and the existing traffic signal and constructed a right turn lane within City right-of-way, and

WHEREAS, these improvements will reduce the amount of southbound congestion, while providing a right turn lane consistent with City Standard Specifications, and

WHEREAS, bids were advertised on June 26, 2017, and

WHEREAS, one bid was publicly opened on July 18, 2017, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and Cazadoro Construction, Inc. of San Francisco, CA was the apparent low bidder, and

WHEREAS, on January 23, 2018, by Resolution No. 2018-18, Council awarded a contract to Cazadoro Construction, Inc., of San Francisco, CA for the construction of the Right Turn Lane at Prescott Road and Plaza Parkway Construction Project in the amount of \$735,115, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of April 2, 2018 and all contract work was completed by October 22, 2018, and

WHEREAS, the total project costs were \$1,008,907 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$918,893 which included \$808,627 for the construction contract and contingency with Cazadoro Construction, Inc., and

WHEREAS, there were 8 change orders resulting in an overall increase of \$20,760 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Right Turn Lane at Prescott Road and Plaza Parkway Construction Project is hereby accepted as complete from said contractor, Cazadoro Construction, Inc. of San Francisco, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$755,875, as is authorized.

RESOLUTION NO. 2019-431**

RESOLUTION ACCEPTING THE LA LOMA PHASE 2B STRENGTHEN AND REPLACE WATER MAINS PROJECT AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$3,999,843 TO D.A. WOOD CONSTRUCTION, INC., OF MODESTO, CA,

WHEREAS, this project is one of the many prioritized areas within the City's water service area that require replacement of current, aging water infrastructure, and

WHEREAS, the scope of this CIP includes replacing and upgrading deficient water mains, associated water valves, services and fire hydrants to increase service reliability, flows and pressures, and

WHEREAS, in an effort to replace the worst sections of infrastructure first while ensuring the competitive prices for this work, Phase 2 was separated into 3 sub-phases, and

WHEREAS, Phase 2B (project) is bounded by Encina Avenue to the North, El Vista Ave to the East, Yosemite Boulevard to the South and San Juan Drive to the West, and

WHEREAS, existing water mains in the project area are aged, undersized steel mains which are prone to the most severe leaking and low pressure issues and Phase 2B was identified by operations and engineering staff as most critical to begin construction first and will provide over 4.5 miles of new water mains, 380 water services and 21 hydrants, and

WHEREAS, bids were advertised on August 29, 2017, and

WHEREAS, four bids were publicly opened on October 3, 2017, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and D.A. Wood Construction, Inc., of Modesto, CA was the apparent low bidder, and

WHEREAS, on November 8, 2017, by Resolution No. 2017-507, Council awarded a contract to D.A. Wood Construction, Inc., of Modesto, CA for the construction of the La Loma Phase 2B Strengthen and Replace Water Mains Project in the amount of \$3,749,000, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of December 11, 2017 and all contract work was completed by December 6, 2018, and

WHEREAS, the total project costs were \$4,475,626 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$4,598,800 which included \$4,048,920 for the construction contract and contingency with D.A. Wood Construction, Inc., and

WHEREAS, there were 11 change orders resulting in an overall increase of \$250,843 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the La Loma Phase 2B Strengthen and Replace Water Mains Project is hereby accepted as complete from contractor D.A. Wood Construction, Inc., of Modesto, California, and that the City Clerk is authorized to complete all necessary steps to file the

appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$3,999,843, as is authorized.

RESOLUTION NO. 2019-432**

**RESOLUTION ACCEPTING THE TUOLUMNE RIVER SHEET PILE AND
DAM DEBRIS REMOVAL PROJECT AS COMPLETE, AUTHORIZING ALL
NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER,
RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING
\$1,472,020 TO INNOVATIVE CONSTRUCTION SOLUTIONS OF DUBLIN, CA**

WHEREAS, the Dennett Dam was first constructed in the 1930's and was damaged by high flood waters twice and in 1947 was condemned by the State of California, and

WHEREAS, since then, the remnant of the Dennett Dam has acted as a partial barrier to fish passage and an impediment to recreational boating, and

WHEREAS, the Tuolumne River Preservation Trust (TRT) has been involved with public relations and fund raising efforts for the removal of the Remnant Dennett Dam and ultimately seeks to restore the river channel and enhance the surrounding landscape, resulting in restored instream habitat and fish passage conditions, improved native riparian habitat, and a safe recreational experience, and

WHEREAS, on June 14, 2016, by Resolution 2016-245, Council approved an MOU with the TRT regarding the removal of the Remnant Dennett Dam, and

WHEREAS, bids were advertised on January 23, 2018, and

WHEREAS, seven bids were publicly opened on February 27, 2018, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and Innovative Construction Solutions of Dublin, CA was the apparent low bidder, and

WHEREAS, on June 12, 2018, by Resolution No. 2018-226, Council awarded a contract to Innovative Construction Solutions of Dublin, CA for the construction of the

Tuolumne River Sheet Pile and Dam Debris Removal Project in the amount of \$968,260, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of July 16, and all contract work was completed by September 15, 2018, and

WHEREAS, the total project costs were \$2,028,121 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$1,647,149 which included \$1,161,912 for the construction contract and contingency with Innovative Construction Solutions, and

WHEREAS, permitting restrictions resulted in a small window in which all the work within the active river could be performed (July 15 to September 15), resulting in the Contractor accelerating his work and the City's consultant providing construction management services tracked the additional overtime charges on a force account basis, and

WHEREAS, the other two major additional costs associated with the project construction were (1) extra work related to the diversion of the river during demolition and (2) additional excavation, removal of buried concrete and backfill of materials, and

WHEREAS, on April 23, 2019, by Resolution No. 2019-189, Council approved an increase in the Director's authority to issue change orders from 20 percent (\$193,652) to 52 percent (\$503,760) of the original construction contract price of \$968,260 with Innovative Construction Solutions of Dublin, CA for unforeseen conditions associated with the Tuolumne River Sheet Pile and Dam Debris Removal Project, and

WHEREAS, there was 9 change orders resulting in an overall increase of \$503,760 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Tuolumne River Sheet Pile and Dam Debris Removal Project is hereby accepted as complete from contractor Innovative Construction Solutions of Dublin, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$1,472,020, as is authorized.

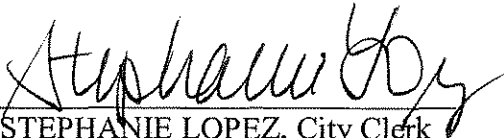

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-433**

RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH CONSOLIDATED CONSTRUCTION MANAGEMENT INC., OF OAKLAND, CA, FOR CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES FOR THE TUOLUMNE RIVER SHEET PILE AND DAM DEBRIS REMOVAL PROJECT IN AN AMOUNT NOT TO EXCEED \$62,994, FOR A TOTAL AGREEMENT AMOUNT OF \$245,367, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE AGREEMENT

WHEREAS, on June 26, 2018, per Resolution No. 2018-260, Council approved an agreement with Consolidated Construction Management (CCM), Inc., of Oakland, CA, for construction management and inspection services for the Tuolumne River Sheet Pile and Dam Debris Removal Project, in an amount not to exceed \$165,794, and authorized the City Manager, or his designee, to execute the agreement and any amendments up to a cumulative amount of 10 percent (\$16,579), and

WHEREAS, the project was scheduled to begin as early as mid-June and be completed by mid-September; however, the work onsite did not begin until the end of July due to delays caused from permitting requirements, nesting Swainson's Hawks, and required advanced notices to regulating agencies, and

WHEREAS, the overlapping permitting restrictions resulted in a small window in which all the work within the active river could be performed (July 15 to September 15), consequently the Contractor accelerated his work and CCM provided construction management services that tracked the additional overtime charges on a force account basis, and

WHEREAS, two other major additional costs associated with the project construction were (1) extra work related to the diversion of the river during demolition and (2) additional excavation, removal of buried concrete and backfill of materials, and

WHEREAS, related to tracking the extra costs and negotiating final change order costs, there were additional costs incurred by CCM, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.2504(a) Exceptions to Formal Bidding Requirements, this amendment to the agreement is for professional services and, therefore, exempt from the bid requirement, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Agreement with Consolidated Construction Management, Inc., of Oakland, CA, for Design and Construction Management and Inspection Services for Tuolumne River Sheet Pile and Dam Debris Removal Project in an amount not to exceed \$62,994 for the identified scope of services, for a revised maximum total amount of \$245,367.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE SUBMITTAL OF A GRANT APPLICATION TO THE STATE WATER RESOURCES CONTROL BOARD, UNDER THE PROPOSITION 1 STORM WATER GRANT PROGRAM, FOR THE ROUND 2 IMPLEMENTATION GRANT FOR THE MODESTO AREA 2 STORM WATER TO SANITARY SEWER CROSS CONNECTION REMOVAL PROJECT PHASE III JM PIKE PARK AND PHASE IV CATHERINE EVERETT PARK.

WHEREAS, proposition 1, the Water Quality, Supply, and Infrastructure Improvement Act of 2014, provides funds for grants to local public agencies, and

WHEREAS, the Storm Water Grant Program include funding for planning, disadvantaged community involvement, implementation, and companion grant programs that support water projects including surface and groundwater storage, ecosystem and watershed protection and restoration, and drinking water protection, and

WHEREAS, the JM Pike Park and Catherine Everett Park Projects encompass all of the requirements of the SWGP with an emphasis on groundwater recharge, and

WHEREAS, like the completed Phase I Garrison Park project and the ongoing construction of the Phase II Roosevelt Park project, the JM Pike Park and Catherine Everett Park projects will utilize Low Impact Development principles and components to remove and store storm water runoff, and

WHEREAS, The project benefits local disadvantaged neighborhoods by reducing localized street flooding and restoring local City parks where the storm runoff volume will be stored underground, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the submittal of a grant application to the State Water Resources Control Board, under the Proposition 1 Storm Water Grant Program, for the Round 2 Implementation Grant for the Modesto Area 2 Storm Water to Sanitary Sewer Cross

Connection Removal Project Phase III JM Pike Park and Phase IV Catherine Everett Park.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-435**

RESOLUTION AUTHORIZING THE SUBMITTAL OF AN APPLICATION ON BEHALF OF THE STANISLAUS AND TUOLUMNE RIVERS GROUNDWATER BASIN ASSOCIATION GROUNDWATER SUSTAINABILITY AGENCY TO THE CALIFORNIA DEPARTMENT OF WATER RESOURCES TO OBTAIN A GRANT UNDER THE 2019 SUSTAINABLE GROUNDWATER MANAGEMENT (SGM) GRANT PROGRAM PLANNING GRANT PURSUANT TO THE WATER QUALITY, SUPPLY, AND INFRASTRUCTURE IMPROVEMENT ACT OF 2014 (PROPOSITION 1) (WATER CODE 79700 ET SEQ.) AND/OR THE CALIFORNIA DROUGHT, WATER, PARKS, CLIMATE, COASTAL PROTECTION, AND OUTDOOR ACCESS FOR ALL ACT OF 2018 (PROPOSITION 68).

WHEREAS, in September of 2014, Governor Edmund G. Brown signed into law, the Sustainable Groundwater Management Act of 2014 , which changed the method for groundwater management, and

WHEREAS, Sustainable Groundwater Management Act is a comprehensive three-bill package that sets the framework for statewide sustainable groundwater management by local agencies, and

WHEREAS, Sustainable Groundwater Management Act requires that a Groundwater Sustainability Agency be formed for all groundwater basins designated by the Department of Water Resources as high-priority basins, which includes the Modesto Subbasin. SGMA also requires that a Groundwater Sustainability Plan (GSP) be prepared for high priority basins, and

WHEREAS, the Stanislaus and Tuolumne Rivers Groundwater Basin Association (STRGBA) member agencies include the cities of Oakdale, Riverbank, Modesto, and Waterford; Stanislaus County; Oakdale Irrigation District; and Modesto Irrigation District, and

WHEREAS, on January 24, 2017, by Resolution No. 2017-030, Council authorized a Groundwater Sustainability Agency Memorandum of Understanding with the STRGBA member agencies and approved the formation of the GSA for the Basin, and

WHEREAS, per the MOU (Section 4.3.4), the STRGBA can designate a party that will enter into contracts, and approve all amendments thereto, for and on behalf of the STRGBA GSA, necessary to carry out the powers and duties of the STRGBA GSA, and

WHEREAS, at the August 14, 2019, STRBGA GSA meeting, the City was appointed to be the lead applicant on behalf of the GSA, and

WHEREAS, the lead applicant, the City is required to enter into Grant Agreements with the DWR, if the applications score high enough for an award and the STRGBA GSA chooses to accept the grants, and

WHEREAS, The Grant will provide funds to install monitoring wells within the various City of Modesto water service areas and key locations to monitor water quality and static water levels to better manage groundwater sustainability throughout the Modesto Subbasin, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves authorizing the submittal of an application on behalf of the Stanislaus and Tuolumne Rivers Groundwater Basin Association Groundwater Sustainability Agency, to the California Department of Water Resources to obtain a grant under the 2019 Sustainable Groundwater Management (SGM) Grant Program Planning Grant Pursuant to the Water Quality, Supply, and Infrastructure Improvement Act of

2014 (Proposition 1) (Water Code 79700 et seq.) and/or the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018 (Proposition 68), and to enter into an agreement to receive a grant for the: Stanislaus and Tuolumne Rivers Groundwater Basin Association Groundwater Sustainability Agency Groundwater Monitoring Wells Project.

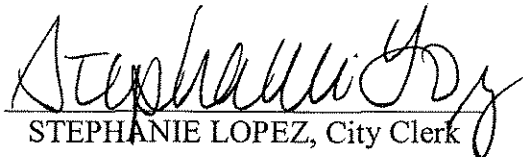

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-436**

**RESOLUTION APPROVING A MEASURE L COOPERATIVE AGREEMENT
WITH THE STANISLAUS COUNCIL OF GOVERNMENTS FOR THE
CONSTRUCTION PHASE OF THE STATE ROUTE 132 WEST
FREEWAY/EXPRESSWAY - PHASE 1 PROJECT AND AUTHORIZING THE
CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, State Route 132 is an east-west highway that extends from I-580 in the Central Valley, south of the City of Tracy, to SR 49 in the foothills of the Sierra Mountains, terminating in the town of Coulterville, and

WHEREAS, the SR 132 corridor is a vital link through the Central Valley, serving local traffic from these communities and providing for regional traffic between the Bay Area and the mountains for the movement of traffic and goods and services, and

WHEREAS, the SR 132 West Freeway/Expressway Project developed by Caltrans proposes to construct a four lane freeway/expressway on a new alignment south of Kansas Avenue from Dakota Avenue to east of SR 99 at Needham Street, and

WHEREAS, the Phase 1 portion of the project, aka the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto on a new alignment south of Kansas Avenue from Dakota Avenue to east of SR 99 at Needham Street, and

WHEREAS, Stanislaus Council of Governments (StanCOG) is the designated Regional Transportation Planning Agency (RTPA), the designated Metropolitan Planning Organization (MPO) and the designated Council of Governments for Stanislaus County, and

WHEREAS, in November, 2016 Stanislaus County voters approved Measure L, a 25-year, ½ cent sales tax to maintain and improve transportation systems, and

WHEREAS, on October 10, 2017, by Resolution 2017-403, Council approved a Measure L Cooperative Agreement with StanCOG (StanCOG Cooperative Agreement) for the Plans, Specifications and Estimates Stage of Phase 1 of the State Route 132 Project, through which StanCOG has agreed to reimburse the City up to \$10 million for costs relating to the PS&E and ROW phases of the Project; and

WHEREAS, On July 24, 2019, the City requested an amendment to the existing Cooperative Agreement to increase the maximum reimbursement for the PS&E and ROW phases of the project by \$4.4M to a maximum total of \$14.4M, and

WHEREAS, StanCOG agreed to provide the requested additional funding for the PS&E and ROW phases of the Project, and

WHEREAS, The Measure L Strategic Plan designates SR-132 Phase 1 as the top regional project and provides for an allocation of \$43.1M, and

WHEREAS, The Strategic Plan escalates the allocation amount by the actual and projected rate of growth of Measure L revenues received each year and currently, the escalated amount for the Phase 1 Project is \$46.2M, and

WHEREAS, With the City's request to allocate \$14.4M for the PS&E and ROW phases of the project, the remaining \$31.8M is available for the construction phase of the project, and

WHEREAS, On July 24, 2019, City of Modesto requested a new Cooperative Agreement (Agreement) for the construction phase of the project in the amount of \$31.8M, and

WHEREAS, StanCOG has agreed to provide funding for the construction phase of the Project in accordance with the terms and conditions set forth in the Agreement between the City and StanCOG, **attached** hereto, and

WHEREAS, StanCOG's Policy Board approved the Agreement on September 18, 2019.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Measure L Cooperative Agreement between the City of Modesto and the Stanislaus Council Of Governments for the Construction Phase of the State Route 132 West Freeway/Expressway – Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to execute the Agreement in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

MEASURE L
REGIONAL CONTROL PROJECT COOPERATIVE AGREEMENT
FOR THE CONSTRUCTION OF PHASE 1 OF THE SR 132 WEST PROJECT

This Cooperative Agreement (“Agreement”) is made and entered into on September ____, 2019 by and between the CITY OF MODESTO (“Sponsor”) and the STANISLAUS COUNCIL OF GOVERNMENTS, acting as the Local Transportation Authority (“Authority”).

RECITALS

WHEREAS, Authority and Sponsor desire to enter into a Cooperative Agreement for funding of transportation improvements in Stanislaus County pursuant to the authority provided by Measure L: Local Roads First Transportation Funding Measure (“Measure L”) which was approved by the voters of Stanislaus County on November 8, 2016; and

WHEREAS, Sponsor desires to receive funding from the Authority for the particular transportation improvement project work specified herein and described in the attached Exhibit “A” (“Project”); and

WHEREAS, the Project is eligible as the construction of Phase 1 of the State Route 132 West Freeway/Expressway project in the Measure L Expenditure Plan; and

WHEREAS, the Authority is authorized to issue Measure L funds to Sponsor; and

WHEREAS, Authority shall issue Measure L reimbursement payments as provided in Section 2.1 to Sponsor pursuant to a request for reimbursement submitted by the Sponsor; however, the Sponsor understands that in no event shall reimbursement payments for eligible expenses under this Agreement, when aggregated with the previously approved reimbursement requests, exceed \$31,800,000.00; and

WHEREAS, any cost savings which result in less than \$31,800,000.00 being spent on the Project will be retained by the Authority and may be re-programmed for other Measure L eligible projects;

WHEREAS, Sponsor agrees to abide by the terms and conditions of the Authority as set forth herein for the receipt of Measure L funds; and

WHEREAS, Authority agrees to provide funding for the transportation improvements of the Sponsor’s Project according to the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual promises and undertakings herein made and the mutual benefits to be derived therefrom, the parties hereto represent, covenant and agree as follows:

AGREEMENT

SECTION I

Covenants of Sponsor

1.1. Project Application. The complete Project description, scope of work, delivery schedule, estimate of cost by activity, anticipated amount and type of funds that will supplement Measure L funds, and the anticipated timing for release of Measure L funds are specified in the application, which is attached as Exhibit "A," and incorporated herein by this reference.

1.2. Change In Project Scope. A change in the Project scope as described in Exhibit "A" may not be implemented until it has been approved in writing by the Authority. Changes in scope implemented prior to Authority approval will not be eligible for reimbursement and in no event will a change in scope result in the Authority reimbursing more than \$31,800,000.00.

1.3. Eligible Reimbursement Costs. Eligible reimbursement costs are the costs as specified in Exhibit "A" or as may be approved from time to time by the Authority pursuant to Section 1.2. In no event shall expenses incurred by Sponsor prior to the execution of this Agreement be considered eligible reimbursement costs.

1.4. Invoices and Progress Reports. Starting one month after the execution of this Agreement, Sponsor will submit monthly progress reports and invoices for activities conducted over the prior unbilled month. These documents will include the following specified information:

1.4.1. Invoices. Sponsor will provide the Authority with one (1) copy of all invoices submitted to Sponsor by every contractor, subcontractor, consultant, or subconsultant performing work related to the Project, timecards reflecting hours invoiced for reimbursement by Sponsor's employees and staff, and invoices supporting direct expenses billed to project by Sponsor.

1.4.2. Progress Reports. The monthly progress reports will include a brief description of the status of the Project including the work completed to date. This summary may be included on the invoices submitted to the Authority or be attached to those invoices.

1.5. Use of Funds. Sponsor will use existing Measure L funds consistent with the Project scope of work described in Exhibit "A" or approved by the Authority pursuant to Section 1.2. Sponsor shall encumber the funds no later than the Project schedule as listed in Exhibit "A." Sponsor may submit extension requests which will be considered and evaluated by Authority.

1.6. Submittal of Documents. Sponsor will provide copies to the Authority of all executed contracts which relate to the Project scope as described in Exhibit "A" or approved by the Authority pursuant to Section 1.2. Sponsor will retain records pertaining to the Project for a five (5) year period following completion of the Project.

1.7. Completion of Project. Sponsor will be responsible for the timely completion of the Project, including meeting any timely use of funds deadlines, if applicable, set forth in

Exhibit "A" and provide management of consultant and contractor activities, including responsibility for schedule, budget and oversight of the services, consistent with the scope of work. Since Sponsor is responsible for the construction management and oversight, any and all costs which exceed \$31,800,000.00, as set forth in Exhibit "A" shall be the sole responsibility of Sponsor. This provision shall apply in all instances, including situations where a change in scope has been approved by the Authority pursuant to Section 1.2.

1.7.1. Letter of Completion. Sponsor will submit to Authority a "Letter of Project Completion" within 45 days of the Final Report of Project Expenditures being approved by the Caltrans District Local Assistance Engineer in accordance with Chapter 5 of the Caltrans Local Assistance Procedures Manual. The Letter of Project Completion will include the date the Final Report was approved by Caltrans and an itemization of the Project's final costs and revenues, including reimbursements received for each funding source. This letter shall accompany Sponsor's final invoice for payment and will act as notice of account closing by Authority.

1.8. Public Outreach. Sponsor will be responsible for the development and administration of a public outreach effort to ensure public awareness and involvement in the Project development and delivery process. Sponsor will provide a copy of the public outreach plan and all materials documenting the public outreach activities, including public notices, press releases, flyers, etc. to the Authority. The public outreach plan must accompany the first invoice for payment from the Sponsor. The materials documenting the public outreach activities must accompany the final invoice for payment from the Sponsor.

1.9. Provision of Signs. Sponsor shall install ~~fundingsigns~~ signs at multiple locations along and near the project site to meet the requirements of the various funding agreements and consistent with the Authority's Project Signs Guidelines and Specifications set forth in Exhibit "B" of this Agreement, attached hereto and incorporated herein by this reference. Measure L signs will be prominently displayed around the perimeter of the project.

1.10. Cost Savings and Excess Costs.

1.10.1. Cost Savings. After payment of the final invoice by the Authority, any positive difference between the cost, as listed in Exhibit "A" or approved by the Authority pursuant to Section 1.2, and the total amount invoiced to the Authority shall be considered cost savings. One Hundred Percent (100%) of the cost savings will be re-credited to the Measure L program for re-programming by the Authority on other eligible projects.

1.10.2. Excess Costs. In the event the actual Project cost exceeds the estimate shown in Exhibit "A," this amount will be considered an excess cost. Sponsor is solely responsible for all costs over the amount identified in Section 1.2.

1.10.3. Reconciliation of Excess Costs. Excess project costs to complete a project are not eligible for reimbursement. The amount of Measure L funds as identified in Section 1.2 are the 'maximum' funds available for reimbursement to the Sponsor and will not be exceeded by the Sponsor without an approved amendment to this Agreement. The Sponsor shall request an

amendment if needed for this purpose in writing to the Authority. Such amended Agreement shall be effective only if approved by the governing body of and signed by the duly authorized representatives of both the Authority and the Sponsor.

1.11. Errors and Omissions. Sponsor shall diligently monitor and manage all aspects of the Project and shall aggressively pursue any and all remedies, including full restitution and damages from any consultant, contractor or sub-contractor and their insureds and sureties suspected of any acts, errors, or omissions committed during business activities that economically or legally damage the project.

SECTION II Covenants of Authority

2.1. Reimbursement Payments. The Authority shall make reimbursement payments to Sponsor for eligible Project costs as specified in Exhibit "A". To receive monthly reimbursement payments for work completed on the Project, Sponsor shall comply with the following reimbursement procedures:

2.1.1. Deadline to Submit Reimbursement Requests. All invoices and progress reports shall be submitted to Authority on or before 5:00 p.m. on the tenth (10th) calendar day of the month in which the Sponsor requests reimbursement payments. Copies of invoices must be complete and legible or the Reimbursement Request will be returned. Reimbursement requests should be accompanied by a cover letter stating the time period for which reimbursement is requested, name of the project, total amount requested and contact name and telephone number. Authority shall issue reimbursement payments to Sponsor on or before the last day of the month for all timely submittals. Invoices are deemed ineligible without the accompanying progress reports. The Authority reserves the right to stop reimbursement payments of invoices without progress reports.

2.1.2. Late Submittals. If Sponsor fails to submit documents to Authority as set forth in Section 2.1.1, above, then Authority may provide reimbursement payments for late submittals in the following calendar month.

2.1.3. Ineligible Costs. The Authority reserves the right to adjust current or future reimbursement payments to Sponsor if an invoice includes ineligible costs. Measure L funds will not be used to reimburse costs if funding sources, other than Measure L, have been secured, granted, committed or provided to fund that specific cost or element of construction as such costs are deemed ineligible costs. The parties expressly acknowledge that SHOPP funds have been granted to Sponsor to cover a portion of the costs for remediation of the project site and such costs and expenses specifically covered by SHOPP funds are ineligible for reimbursement from the Measure L program.

2.1.4. Reimbursement Amount. The amount of reimbursement payments to Sponsor shall not exceed \$31,800,000.00 of eligible expenditures submitted to the Authority as specified in Exhibit "A". All reimbursements will be made subject to available Measure L program cash-flow. Reimbursement of expenditures will be spread over three fiscal years

consistent with the adopted Measure L Strategic Plan. The maximum reimbursements for each fiscal year are specified in Exhibit "A".

2.1.5. Suspension of Reimbursement. If the Authority determines that any costs in an invoice are not allowable, or the lack of supporting documentation or progress reports, the Authority shall return the invoice to Sponsor, with an invoice dispute notice outlining the reason for the return and the proposed remedy, if one exists, which would make the invoice acceptable for payment. Sponsor may re-submit the invoice for payment after reviewing the invoice dispute notice and making any necessary corrections. Sponsor may also immediately submit a new invoice representing only the amounts which are not in dispute, while setting aside the disputed amounts for review in accordance with the provisions set forth in this Section 2.1.

2.1.5.1. Meeting. Once a dispute has occurred, the Authority shall arrange a meeting between the Authority and the Sponsor staff to discuss and attempt to resolve the dispute. If the invoice was received on or before 5:00 p.m. on the 10th day of the month, the meeting shall be held no later than the 20th day of the same month. If the invoice was received after this date and time, then the meeting shall be held no later than the 20th day of the following month.

2.1.5.2. Executive Committee. If an agreement cannot be reached at the meeting, then the Sponsor or the Authority shall have the option to take the dispute to the Authority's Executive Committee, with the understanding that by doing so the reimbursement for the disputed cost item(s) will be delayed until a resolution of the matter is reached.

2.1.5.3. Authority's Board Decision. If the Sponsor or the Authority disagrees with the resolution by the Executive Committee then the dispute shall be submitted to the Authority's Board for resolution. If the Board determines that the disputed cost item(s) is ineligible, the Authority shall not provide reimbursement payment to the Sponsor for the disputed item(s). If the Board determines that the disputed cost item(s) is eligible, then the Authority shall provide reimbursement payment to the Sponsor for the disputed cost.

2.1.5.4. Reservation of Rights. By utilizing the above procedures, the Sponsor does not surrender any rights to pursue available legal remedies if the Sponsor disagrees with the Board decision.

2.1.5.5. Acceptance of Work Does Not Result In Waiver. Neither acceptance of the work nor issuance of reimbursement payments will result in a waiver of the right of the Authority to require fulfillment of all terms of this Agreement.

2.2. Right to Conduct Audit. The Authority shall have the right to conduct an audit of all Sponsors' records pertaining to the Project at any time during the course of construction and up to a five (5) year period after completion of the Project.

2.3. Maximum Obligation. Authority's maximum obligation for all costs under this Agreement shall not exceed Thirty-One Million Eight Hundred Thousand Dollars (\$31,800,000.00), unless such maximum obligation is increased by an amendment to this

Agreement. The parties agree that Measure L funds shall not be used for reimbursement of expenses incurred by Sponsor for the Project that are not covered by this Agreement.

SECTION III
Mutual Covenants

3.1. This Agreement shall remain in effect until discharged or terminated as provided in Section 3.2 or Section 3.15.

3.2. Discharge. This Agreement shall be subject to discharge as follows:

3.2.1. Termination by Mutual Consent. This Agreement may be terminated at any time only by mutual consent of the parties.

3.2.2. Discharge Upon Completion of Project. Except as to any rights or obligations which survive discharge as specified in Section 3.14, this Agreement shall be discharged, and the parties shall have no further obligation to each other, upon completion of the Project and payment of the final invoice by the Authority.

3.3. Indemnity. It is mutually understood and agreed, relative to the reciprocal indemnification of Authority and Sponsor:

3.3.1. Sponsor shall fully defend, indemnify and hold harmless Authority, and any officer or employee of Authority, against any damage or liability occurring by reason of anything done or omitted to be done by Sponsor under the Agreement. It is also fully understood and agreed that, pursuant to Government Code Section 895.4, Sponsor shall fully defend, indemnify and hold the Authority harmless from any liability imposed for injury as defined by Government Code Section 810.8 occurring by reason of anything done or omitted to be done by Sponsor under this Agreement or in connection with any work, authority, or jurisdiction delegated to Sponsor under this Agreement.

3.3.2. Authority shall fully defend, indemnify and hold harmless Sponsor, and any officer or employee of Sponsor, against any damage or liability occurring by reason of anything done or omitted to be done by Authority under or in connection with any work, authority or jurisdiction delegated to Authority under the Agreement. It is also understood and agreed that, pursuant to Government Code Section 895.4, Authority shall fully defend, indemnify and hold the Sponsor harmless from any liability imposed for injury as defined by Government Code Section 810.8 occurring by reason of anything done or omitted to be done by Authority under this Agreement or in connection with any work, authority, or jurisdiction delegated to Authority under this Agreement.

3.4. Liability. As Authority is not the primary or responsible agency for carrying out the Project herein identified, the Authority is not liable for any loss, cost, liability, damage, claim, lien, action, cause of action, demand or expense which may arise as a result of the acts or omissions of Sponsor or its agents, contractors, consultants, engineers, or representatives. Nor

shall the Authority be liable for any loss, cost, liability, damage, claim, lien, action, cause of action, demand or expense which may arise as a result of Authority's provision of funds which may be utilized in, but not limited to the acquisition of, the design, implementation, or construction of the Project herein described.

3.5. Notices. Any notice which may be required under this Agreement shall be in writing and shall be given by personal service, or by certified or registered mail, return receipt requested, to the addresses set forth below:

TO AUTHORITY:
1111 "T" Street, Suite 308
Modesto, CA 95354
Attention: Executive Director

TO SPONSOR:
1010 Tenth Street, 3rd Floor, Suite 3100
P.O. Box 642
Modesto, CA 95354
Attention: Vickey Dion, City Engineer

Either party may change its address by giving notice of such change to the other party in the manner provided in this Section 3.5. All notices and other communications shall be deemed communicated as of actual receipt or after the second business day after deposit in the United States mail.

3.6. Additional Acts and Documents. Each party agrees to do all such things and take all such actions, and to make, execute and deliver such other documents and instruments, as shall be reasonably requested to carry out the provisions, intent and purpose of the Agreement.

3.7. Integration. This Agreement represents the entire Agreement of the parties with respect to the subject matter hereof. No representations, warranties, inducements or oral agreements have been made by any of the parties except as expressly set forth herein, or in other contemporaneous written agreements.

3.8. Amendment. This Agreement may not be changed, modified or rescinded except in writing, signed by all parties hereto, and any attempt at oral modification of this Agreement shall be void and of no effect.

3.9. Independent Agency. Sponsor and Authority renders services under this Agreement each as an independent agency under the terms of this Agreement. None of the Sponsor's agents or employees shall be agents or employees of the Authority and none of the Authority's agents or employees shall be agents or employees of Sponsor.

3.10. Assignment. The Agreement may not be assigned, transferred, hypothecated, or pledged by any party without the express written consent of the other party.

3.11. Binding on Successors. This Agreement shall be binding upon the successor(s), assignee(s) or transferee(s) of the Authority or Sponsor, as the case may be. This provision shall

not be construed as an authorization to assign, transfer, hypothecate or pledge this Agreement other than as provided above.

3.12. Severability. Should any part of this Agreement be determined to be unenforceable, invalid, or beyond the authority of either party to enter into or carry out, such determination shall not affect the validity of the remainder of this Agreement which shall continue in full force and effect; provided that, the remainder of this Agreement can, absent the excised portion, be reasonably interpreted to give effect to the intentions of the parties.

3.13. Counterparts. This Agreement may be executed in one or more counterparts and shall become effective when one or more counterparts have been signed by all of the parties; each counterpart shall be deemed an original but all counterparts shall constitute a single document.

3.13.1. Survival. The following provisions in this Agreement shall survive discharge:

3.13.2. Sponsor. As to Sponsor, the following sections shall survive discharge: Section (obligation to apply funds to Project), Section 1.8 (obligation to provide copies and retain records), Section 1.9 (obligation to continue to manage Project).

3.13.3. Authority. As to Authority, the following section shall survive discharge: Section 2.2 (right to conduct audit).

3.13.4. Both Parties. As to both parties, the following section shall survive discharge: Section 3.3. (mutual indemnities).

3.14. Limitation. All obligations of Authority under the terms of this Agreement are expressly contingent upon the Authority's continued authorization to collect and expend the sales tax proceeds provided by Measure L. If for any reason the Authority's right or ability to collect or expend such sales tax proceeds is terminated or suspended in whole or part so that it materially affects the Authority's ability to fund the Project, the Authority shall promptly notify Sponsor, and the parties shall consult on a course of action. If, after twenty-five (25) working days, a course of action is not agreed upon by the parties, this Agreement shall be deemed terminated by mutual or joint consent. Any future obligation to fund this Project or any other project or projects of Sponsor, not already specifically covered by separate Agreement, shall arise only upon execution of a new Agreement.

3.15. Attorneys' Fees. Should any litigation commence between the parties concerning the rights and duties of any party pursuant to, related to, or arising from, this Agreement, the prevailing party in such litigation shall be entitled, in addition to such other relief as may be granted, to a reasonable sum as and for its attorneys' fees and costs of such litigation, or in a separate action brought for that purpose.

3.16. Time. Time is and shall be of the essence of this Agreement and each and all of its provisions in which performance is a factor.

3.17. Remedies Cumulative. No remedy or election of remedies provided for in this Agreement shall be deemed exclusive, but shall be cumulative with all other remedies at law or in equity. Each remedy shall be construed to give the fullest effect allowed by law.

3.18. Applicable Law. This Agreement shall be governed by, and construed and enforced in accordance with the laws of the State of California.

3.19. Captions. The captions in this Agreement are for convenience only and are not a part of this Agreement. The captions do not in any way limit or amplify the provisions of this Agreement and shall not affect the construction or interpretation of any of its provisions.

3.20. No Continuing Waiver. The waiver by any party of any breach of any of the provisions of this Agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of the same, or of any other provision of this Agreement.

3.21. No Rights in Third Parties. Nothing in this Agreement, express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any third party, nor is anything in this Agreement intended to relieve or discharge the obligation or liability of any third party to any party to this Agreement, nor shall any provision of this Agreement give any third party any right of subrogation or action over or against any party to this Agreement.

3.22. Signator's Warranty. Each party warrants to each other that he or she is fully authorized and competent to enter into this Agreement in the capacity indicated by his or her signature and agrees to be bound by this Agreement as of the day and year first mentioned above upon the execution of this Agreement by each other party.

EXHIBIT A

PROJECT SCOPE, COST, SCHEDULE AND FUNDING PLAN

Project Name: SR 132 WEST PHASE 1 CONSTRUCTION

Project Contact: Vickey Dion, City Engineer, City of Modesto

PROJECT SCOPE

Responsible Agency: City of Modesto

Project Limits: _____

Project Phase:

Construction of Phase 1 (Includes Project Construction & Construction Management)

Project Phase Scope:

Construction of Phase 1 of the SR-132 West Freeway/Expressway consistent with the final design completed in February 2019. The Project Plans (final design) are entitled, "City of Modesto, Community and Economic Development Department Construction on State Highway in Stanislaus County, in and near the City of Modesto on Route 132 from near North Dakota Avenue to 0.2 mile East of Route 99 and on Route 99 from 0.5 mile South of Tuolumne River Bridge to 0.1 mile North of Woodland Avenue Overcrossing Federal Aid Project Number: TGHPLUL 5059(230) in Modesto California."

Generally, the project includes construction of an access-controlled, 2-lane expressway (one lane eastbound and one lane westbound) along a new alignment just south of Kansas Avenue starting from the east side of SR-99 at the base of the Needham Street Bridge west to Dakota Avenue and then along Dakota Avenue to the existing SR-132/Maze Blvd. Grade separations will be constructed at Rosemore Ave, Carpenter Ave, Emerald Ave and SR-99. The project includes improvement to the 5th and 6th Street connections to the new SR-132 expressway and the addition of an auxiliary lane at the northbound SR-99 on-ramp at L Street.

City of Modesto has entered into an agreement with WSP USA INC. for Construction Management Services for Phase 1 in an amount not to exceed \$8,973,533 plus \$897,353 for additional services, if needed.

Project Purpose:

The purpose of this project is to improve regional and interregional circulation, relieve regional congestion, enhance safety and improve operations.

Transportation Benefit:

The project is intended to improve regional and interregional circulation, relieve traffic congestion along existing SR 132 (Maze Boulevard), and improve operations. The project will be built in two phases. Phase 1, is slated to be open to traffic in 2020. Phase 2, is slated for completion in 2028.

Current Status:

City of Modesto is scheduled to award the construction contract for Phase 1 at its September 24, 2019 City Council Meeting.

PROJECT COST AND FUNDING PLAN

Fund Source	Fund Amount
Measure L Regional Funds	\$31,800,000
Trade Corridor Enhancement Grant	\$21,000,000
STIP	\$40,419,000
STIP from Kern County (fund swap)	\$3,500,000

The City of Modesto shall install at least four (4) Measure L project signs that include the project title, Measure L logo, project completion date, project sponsor logo and Measure L website address. The Measure L project signs can be combined or incorporated into signs required for other funding sources provided the Measure L logo is clearly visible and of the same size as other funding source logos contained on the sign.

The signs will be installed around the perimeter of the project. The signs will be posted for the duration of construction of Phase 1.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-437**

**RESOLUTION APPROVING AN AMENDMENT TO THE MEASURE L
COOPERATIVE AGREEMENT WITH THE STANISLAUS COUNCIL OF
GOVERNMENTS FOR THE PLANS, SPECIFICATIONS, AND ESTIMATE
(PS&E) AND RIGHT OF WAY (ROW) PHASES OF THE STATE ROUTE 132
WEST FREEWAY/EXPRESSWAY - PHASE 1 PROJECT AND AUTHORIZING
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE
AMENDMENT**

WHEREAS, State Route 132 is an east-west highway that extends from I-580 in the Central Valley, south of the City of Tracy, to SR 49 in the foothills of the Sierra Mountains, terminating in the town of Coulterville, and

WHEREAS, the SR 132 corridor is a vital link through the Central Valley, serving local traffic from these communities and providing for regional traffic between the Bay Area and the mountains for the movement of traffic and goods and services, and

WHEREAS, the SR 132 West Freeway/Expressway Project developed by Caltrans proposes to construct a four lane freeway/expressway on a new alignment south of Kansas Avenue from Dakota Avenue to east of SR 99 at Needham Street, and

WHEREAS, the Phase 1 portion of the project, aka the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto on a new alignment south of Kansas Avenue from Dakota Avenue to east of SR 99 at Needham Street, and

WHEREAS, Stanislaus Council of Governments (StanCOG) is the designated Regional Transportation Planning Agency (RTPA), the designated Metropolitan Planning Organization (MPO) and the designated Council of Governments for Stanislaus County, and

WHEREAS, in November, 2016 Stanislaus County voters approved Measure L, a 25-year, ½ cent sales tax to maintain and improve transportation systems, and

WHEREAS, on October 10, 2017, by Resolution 2017-403, Council approved a Measure L Cooperative Agreement with StanCOG (Agreement) for the Plans, Specifications and Estimates Stage of Phase 1 of the State Route 132 Project, through which StanCOG has agreed to reimburse the City up to \$10 million for costs relating to the PS&E and ROW phases of the Project; and

WHEREAS, On July 24, 2019, the City requested an amendment to the existing Cooperative Agreement to increase the maximum reimbursement for the PS&E and ROW phases of the project by \$4.4M to a maximum total of \$14.4M, and

WHEREAS, StanCOG has agreed to provide funding for the PS&E and ROW phases of the Project in accordance with the terms and conditions set forth in the Amendment to the Agreement between the City and StanCOG, **attached** hereto, and

WHEREAS, StanCOG's Policy Board approved the Amendment to the Agreement on September 18, 2019.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendment to the Measure L Cooperative Agreement between the City of Modesto and Stanislaus Council Of Governments for the Plans, Specifications and Estimate (PS&E) and Right of Way (ROW) phases of the State Route 132 West Freeway/Expressway – Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to execute the Amendment to the Agreement in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

AMENDMENT #1
MEASURE L COOPERATIVE AGREEMENT
FOR THE PLANS, SPECIFICATIONS AND ESTIMATES STAGE OF PHASE 1 OF
THE STATE ROUTE 132 PROJECT

This AMENDMENT #1 to the Cooperative Agreement dated October 12, 2017 by and between the CITY OF MODESTO, a municipal corporation (“Sponsor”) and the STANISLAUS COUNCIL OF GOVERNMENTS, acting as the Local Transportation Authority (“Authority”) is entered into and effective as of September _____, 2019.

WHEREAS, Authority and Sponsor have entered into that certain Cooperative Agreement (“Agreement”) dated October 12, 2017; and

WHEREAS, the City of Modesto requested an amendment to the Agreement to increase the maximum reimbursement agreement to support the Plans, Specifications and Estimates (PS&E) phase (including Right of Way) of the Project; and

WHEREAS, the Agreement identifies the maximum Measure L reimbursement amount as \$10,000,000; and

WHEREAS, the Sponsor is requesting an additional reimbursement amount of \$4,400,000 for the PS&E phase of the Project.

NOW THEREFORE, in consideration of the mutual promises, covenants, terms and conditions contained herein, the parties desire to amend the Agreement and agree as follows:

1. Section 2.1.d of the Agreement is hereby amended to read as follows:

2.1.d. Reimbursement Amount. The amount of Measure L reimbursement payments to Sponsor shall not exceed \$14,400,000 of eligible expenditures submitted to the Authority as specified in Exhibit “A” for the PS&E Phase, unless the parties agree to otherwise in writing.

2. Section 2.3.B. of the Cooperative Agreement is hereby amended to read as follows:

2.3. Maximum Obligation.

B. Authority’s maximum obligation for all costs under this Agreement shall not exceed Fourteen Million Four Hundred Thousand Dollars (\$14,400,000.00), unless such maximum obligation is increased by an amendment to this Agreement. The parties agree that such Measure L funds shall not be used for reimbursement of expenses incurred by Sponsor for the project that are not covered by this Agreement such as litigation support, construction, construction design support, and construction management, and any other phases of the SR 132 West Freeway/Expressway project not covered by this Agreement.

3. Exhibit "A" attached to the Agreement is hereby amended in part to read as follows:

6. Estimated Cost of PS & E Phase I Project Activities:

PS & E Contract - Dokken Engineering	7,600,000
Contingency	-
PS & E Support	1,400,000
Right of Way Support	3,252,137
Utility Relocation	600,000
Plan Check	400,000
Early Right of Way Acquisitions	5,147,863
TOTAL EXPENSES	18,400,000

8. Sources(s) and Amount of Matching Funds

Source	Amount
City of Modesto Capital City Fees*	4,000,000
Measure L Regional Project Funds	14,400,000
TOTAL	18,400,000

**City of Modesto committed \$4,000,000 of Streets Capital Facilities Fees for the SR 132 West Project, the majority of said monies were utilized for early right-of-way acquisitions. Right-of-Way Acquisition commenced concurrently with PS & E.*

4. Except as modified by this Amendment, the Agreement shall remain unchanged and is in full force and effect.

5. The terms and provisions of this Amendment are incorporated by reference into the Agreement as though set forth in full therein.

6. This Amendment may be executed in any number of counterparts with the same effect as if the parties had all signed the same document, and which together shall constitute one and the same instrument.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-438**

RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET IN THE AMOUNT OF \$85,611,834 FOR THE CONSTRUCTION PHASE OF PROJECT #101119 AND \$6,613,800 FOR THE PS&E AND ROW PHASES OF THE PROJECT #100614 FOR STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY – PHASE 1 PROJECT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the purpose of the State Route (SR) 132 West Freeway/Expressway - Phase 1 Project (Project) is to improve regional and interregional circulation, relieve traffic congestion along existing SR132, and enhance safety and operations for the existing and proposed transportation network, and

WHEREAS, Phase 1 of the project is approximately four miles in length and will allow for construction of the ultimate multi-lane freeway. The City is primarily responsible for the implementation of Phase 1 of the project, and

WHEREAS, on July 24, 2019, the City of Modesto requested an amendment to the existing cooperative agreement to increase the reimbursement for the Plans, Specifications and Estimate (PS&E) and Right of Way (ROW) phases of the Project by \$4.4M to a maximum of \$14.4M, and

WHEREAS, on July 24, 2019, the City of Modesto requested a new cooperative agreement for the construction phase of the Project in the amount of \$31.8M, and

WHEREAS, on September 18, 2019 the StanCOG Policy Board approved an amendment to the existing Cooperative Agreement for the PS&E and ROW phases and the new Cooperative Agreement for the construction phase of the Project, and

WHEREAS, the Project is supported by a complex matrix of funding elements including a combination of local, Regional Measure L, State and Federal sources, and

WHEREAS, the PS&E and ROW phases of the Project will be housed under project #100614 – SR 132 West Expressway, and

WHEREAS, a budget adjustment in the amount of \$6,613,800 is necessary to fully fund the PS&E and ROW phases for project #100614 as outlined in **Exhibit A**, and

WHEREAS, the construction phase of the Project will be housed under project #101119 – SR 132 West Expressway Construction, and

WHEREAS, a budget adjustment in the amount of \$85,611,834 is necessary to fully fund the construction phase for project #101119 as outlined in **Exhibit A**, and

WHEREAS, this funding is essential to support the PS&E, ROW and Construction phases of the Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Fiscal Year 2019-2020 Capital Improvement Program (CIP) Budget in the amount of \$85,611,834 for the construction phase of the project #101119 and \$6,613,800 for the PS&E and ROW phases of the project #100614 for State Route 132 West Freeway/Expressway - Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to implement the provisions of this resolution.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-439**

**RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE
STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT,
ACCEPTING THE BID AND AWARDING A CONTRACT TO BAY CITIES
PAVING & GRADING INC., OF CONCORD, CALIFORNIA, IN THE
AMOUNT OF \$92,054,078, AND AUTHORIZING THE CITY MANAGER, OR
HIS DESIGNEE TO EXECUTE THE AGREEMENT**

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, plans and specifications have been prepared for the State Route 132 West Freeway/Expressway – Phase 1 Project, and City staff recommends approval by the City Council, and

WHEREAS, On January 15, 2019, Caltrans approved final design plans for construction; and

WHEREAS, on June 14, 2019, Caltrans notified Staff that the City's Right of Way Certification submittal was approved, and

WHEREAS, on July 1, 2019, Caltrans notified Staff that Federal Highway Administration (FHWA) had approved the E-76 (funding authorization document) and cleared the Project to advertise for bids, and

WHEREAS, the Project was advertised for bids on July 2, 2019, and

WHEREAS, Bids were publicly opened on August 20, 2019 and Bay Cities Paving and Grading, Inc., of Concord, California was the apparent low bidder, and

WHEREAS, the Director of Community and Economic Development has recommended that the bid of \$92,054,078 received from Bay Cities Paving & Grading, Inc., of Concord, CA be accepted as the lowest responsible and responsive bid and the contract be awarded to Bay Cities Paving and Grading, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the State Route 132 West Freeway/Expressway – Phase 1 Project, accepts the bid of Bay Cities Paving & Grading Inc., of Concord, California in the amount of \$92,054,078 , and awards Bay Cities Paving & Grading Inc. the contract for the State Route 132 West Freeway/Expressway – Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the contract in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-440**

RESOLUTION AUTHORIZING THE INCREASE IN AUTHORITY TO APPROVE CHANGE ORDERS FOR THE CONSTRUCTION OF THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT TO \$9,205,408 (10% OF THE ORIGINAL CONTRACT AMOUNT) AND TO AUTHORIZE STAFF TO APPROVE INDIVIDUAL CHANGE ORDERS FOR THE PROJECT WITHIN THE REQUESTED AMOUNTS

WHEREAS, the State Route 132 West Freeway/Expressway Phase 1 Project (Project) bids were publicly opened on August 20, 2019, and Bay Cities Paving & Grading of Concord, California was the apparent low bidder with the amount of \$92,054,078, and

WHEREAS, City's Change Order Approval Policy 1.028 approved by Council per Resolution No. 2019-36, established a maximum contract change order amount of up to 6% of the construction contract for projects over \$10 Million, and

WHEREAS, Contingency amounts are by nature variable, and should be allocated and specific to each individual project in accordance with its own unique requirements. Contingencies are not a guarantee to the Contractor and are not cost overruns. They are a necessary element for all projects that accounts for uncertainties specific to the project construction. Contingencies allow staff to react and respond to changes efficiently and appropriately to meet the ever-changing demands of the project, and

WHEREAS, due to the size, complexity and speed of this Project, staff is requesting that this contingency amount be increased to 10% of the construction contract value or \$9,205,408 , and

WHEREAS, construction oversight of utility and transportation projects is normally provided by the Construction Administration Division within the Utilities

Department and City Policy establishes approval authority levels for various staff members within the Utilities Department. The specialized nature of Highway construction mandates a thorough knowledge of highway, bridge, drainage and Caltrans construction methods. Construction Management services for the Project are being provided by a consultant specialist (WSP) with oversight provided by the C&ED Department. Staff within C&EDD will maintain direct control over construction via this professional construction management team, and

WHEREAS, staff is requesting that the individual change order approval authorities included in the Policy be amended for this Project as follows:

Staff Person	Change order approval authority
Project Manager	Up to \$50,000
City Engineer	\$50,001 to \$100,000
Director of C&EDD	\$100,001 to \$250,000
City Manager or designee	Over \$250,000

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the increase in authority to approve change orders for the construction of the SR-132 West Freeway/Expressway Phase 1 Project to \$9,205,408 (10% of the original contract amount).

BE IT FURTHER RESOLVED that the Council of the City of Modesto authorizes staff to approve individual change orders for the Project within the following limits:

Staff Person	Change order approval authority
Project Manager	Up to \$50,000
City Engineer	\$50,001 to \$100,000
Director of C&EDD	\$100,001 to \$250,000
City Manager or designee	Over \$250,000

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-441**

RESOLUTION APPROVING A THIRD AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH DOKKEN ENGINEERING, FOR PROFESSIONAL DESIGN SERVICES FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY - PHASE 1 PROJECT BY \$1,363,210 FROM \$7,488,518 TO A TOTAL NOT TO EXCEED AMOUNT OF \$8,851,728, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT

WHEREAS, the purpose of the State Route 132 West Freeway/Expressway - Phase 1 Project is to improve regional and interregional circulation, relieve traffic congestion along existing State Route 132, and enhance safety and operations for the existing and proposed transportation network, and

WHEREAS, on May 2, 2017, by Resolution No. 2017-174, Council approved an agreement with Dokken Engineering for professional design services in the amount of \$6,400,000, plus \$600,000 for additional services, for a total contract amount of \$7,000,000, and

WHEREAS, on January 22, 2019, by Resolution No. 2019-01, Council approved a First Amendment to the agreement with Dokken in the amount of \$344,096, for a total contract amount of \$7,344,096, and

WHEREAS, on May 7, 2019, by Resolution No. 2019-208, Council approved a Second Amendment to the agreement with Dokken Engineering in the amount of \$144,422, for a total contract amount of \$7,488,518, and

WHEREAS, on July 10, 2019, Dokken Engineering submitted to the City a budget augmentation for additional tasks in the amount of \$1,363,210, for a total contract amount of \$8,851,728, and

WHEREAS, these additional needs are described by task as follows:

Task 30: REQUESTS FOR INFORMATION (Hourly)

Task 30.1: Respond to Requests for Information (RFI's)

Task 30.2: RFI Support for Sub-Consultants

Task 30.3: Site Visits to Address RFI's and Coordination

Task 31: REVIEW OF SHOP DRAWINGS (Hourly)

Task 31.1: Review Shop Drawings

Task 31.2: Review of Shop Drawings for Pump Station

Task 31.3: Review of Shop Drawings for Electrical and ITS

Task 31.4: Review of Shop Drawings for 54" Sewer, Landscape and Irrigation

Task 32: ENVIRONMENTAL CONSTRUCTION SUPPORT (Hourly)

Task 32.1: General Environmental Construction Support

Task 33: RELINQUISHMENT SUPPORT (Hourly)

Task 33.1: Plat Maps and Legal Descriptions for 4 Parcel Adjustments

Task 33.2: Relinquishment Support

Task 34: UTILITY SUPPORT (Hourly)

Task 34.1: Utility Support

Task 35: AS-BUILT PLAN PREPARATION (Hourly)

Task 35.1: Prepare As-Built Plans

WHEREAS, the City opened bids for the construction of State Route 132 West Freeway/Expressway – Phase I Project on August 20, 2019, and

WHEREAS, due to the complexity of the project, design support services are required during the construction of the project to provide technical support to the construction manager, and

WHEREAS, Dokken Engineering completed the preliminary design and final design of the project satisfactorily, and

WHEREAS, as the City does not have the staffing level or subject matter expertise to provide design support during construction for the State Route 132 West Freeway/Expressway – Phase I Project, City staff recommends approving a Third Amendment with Dokken Engineering as this will allow for the design support during the construction period for the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Third Amendment increasing the agreement amount with Dokken Engineering, for professional design services for the State Route 132 West Freeway/Expressway - Phase 1 Project by \$1,363,210 from \$7,488,518 to a total not to exceed amount of \$8,851,728.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to execute the Third Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-442**

RESOLUTION APPROVING THE CITY OF MODESTO'S CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT FOR PROGRAM YEAR 2018-2019; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE REQUIRED DOCUMENTS FOR SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WHEREAS, each year, the City receives Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funding from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, to receive these funds, the City must develop and adopt a Consolidated Plan every five years, and

WHEREAS, the Consolidated Plan analyzes the City's housing and community development needs, with priority on serving low- and moderate-income individuals, households, and neighborhoods (as defined by HUD), describes long-term strategies for meeting those needs, and addresses how the City will utilize CDBG, HOME and ESG funding, and

WHEREAS, in addition to the Consolidated Plan, the City must annually prepare and adopt an Annual Action Plan specifying the goals and priorities for that particular Program Year, and

WHEREAS, ninety (90) days after the conclusion of each Program Year, HUD requires the City to prepare and submit a Consolidated Annual Performance Evaluation Report (CAPER), and

WHEREAS, a CAPER describes how the City used its Community Development Block Grant, HOME Investment Partnerships Program, and Emergency Solutions Grant

funds in a particular fiscal year to address the needs and priorities established in the Consolidated Plan, and

WHEREAS, a notice informing the public of the availability of the Program Year 2018-2019 CAPER, and the start of the public comment period, was published in the Modesto Bee and Vida en el Valle on September 4, 2019, and

WHEREAS, the public review comment period will close on September 24, 2019, and

WHEREAS, the Citizens' Housing and Community Development Committee (CH&CDC) considered the proposed CAPER on September 12, 2019, and recommended forwarding it to the City Council for approval, and

WHEREAS, a duly noticed public hearing was held by the City Council on September 24, 2019 at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, and

WHEREAS, any comments received during the public review period or during the City Council meeting will be incorporated into the final CAPER.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes approval of the 2018-2019 Consolidated Annual Performance Evaluation Report for the use of Community Development Block Grant, HOME Investment Partnerships Program, and Emergency Solutions Grant funds.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign any required certifications and documents for submittal to the U.S. Department of Housing and Urban Development.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-443**

**RESOLUTION DENYING THE APPEAL OF K&D ENTERPRISES TO A
REQUEST FOR BID (RFB 1718-50RB) DECISION AWARDING A SPOILS
SCREENING AND ROCK CRUSHING CONTRACT TO ROCK CRUSHING
SOLUTIONS INC. AND DJ ROCHA INC.**

WHEREAS, On June 13, 2019, the City staff sent the intent to award notices to all companies who submitted a proposal to inform them the bid would be awarded to Rock Crushing Solutions Inc. and DJ Rocha Inc., pending City Council's approval, and

WHEREAS, K&D Enterprises attempted to protest this bid award through the City's Purchasing Policies and Procedures by first protesting to the Purchasing Manager with their points of protest, and

WHEREAS, the protest was received in an untimely manner on July 3, 2019, which was beyond the ten (10) working day requirement to respond to an announced decision as stated in Section 1, Procedure No. 5, C-1 of the City's Purchasing Policies and Procedures, and

WHEREAS, the Purchasing Manager denied the protest via letter on July 19, 2019, and

WHEREAS, K&D Enterprises then appealed the Purchasing Manager's decision to the Deputy City Manager, as allowed by the City's Purchasing Policies and Procedures, on July 26, 2019, and

WHEREAS, the Deputy City Manager provided a denial of the appeal to K&D Enterprises on August 2, 2019, and

WHEREAS, K&D Enterprises has now exhausted their final right of appeal

by bringing forward a letter of appeal to the City Council protesting the award of RFB 1718-50RB to Rock Crushing Solutions Inc. and DJ Rocha Inc., and

WHEREAS, this letter has been presented to City Council along with the staff recommendations to deny the appeal from K&D Enterprises in accordance with the decisions provided by the Purchasing Manager and the Deputy City Manager.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby denies the appeal of K&D Enterprises protesting the Request for Bid (RFB 1718-50RB) decision that awards spoils screening and rock crushing contracts to Rock Crushing Solutions Inc. and DJ Rocha Inc..

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 24th day of September, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-444**

**RESOLUTION APPROVING THE PAYMENT OF \$406,196 TO THE
AMERICAN TELEPHONE AND TELEGRAPH COMPANY (AT&T) FOR THE
PURPOSE OF RELOCATION OF EXISTING UTILITY INFRASTRUCTURE
THAT IS IN CONFLICT WITH HIGHWAY CONSTRUCTION FOR THE
STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY - PHASE 1 PROJECT**

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue; and

WHEREAS, on September 24, 2019, the City awarded a construction contract for the Project to Bay Cities Paving and Grading, and

WHEREAS, construction will begin soon and utility relocation work began many months ago and will continue through the construction stage of the project, and

WHEREAS, some utilities were required to be moved prior to construction while others need to be coordinated with the various stages of construction, and

WHEREAS, relocation of the AT&T communication facilities is required so that bridges and walls can be constructed to support the installation of the Project roadway, and

WHEREAS, existing communication lines installed on power poles that run along Rosemore and Kansas Avenues are situated such that their presence will be in conflict with pile driving equipment necessary to construct bridge abutments and deep foundations. Therefore, for safety concerns as well as continuity of communication facilities, this work cannot commence until the lines are moved away from the area for foundation construction, and

WHEREAS, AT&T has provided a cost estimate of \$772,235.62 for the relocation work and a liability apportionment has been determined by Caltrans resulting in a Project obligation of \$406,195.94, and

WHEREAS, on October 10, 2017, by Resolution 2017-403, Council approved a Measure L Cooperative Agreement with StanCOG (StanCOG Cooperative Agreement) for the Plans, Specifications and Estimates Stage of Phase 1 of the State Route 132 Project, through which StanCOG has agreed to reimburse the City up to \$10 million for costs relating to the PS&E Phase of the Project; and

WHEREAS, included in the \$10 million StanCOG Cooperative Agreement is \$1,750,000 for utility relocation; and

WHEREAS, the StanCOG Cooperative Agreement was amended per StanCOG Resolution 18-34 reducing the amount of Measure L funding dedicated to Utility Relocation from \$1,750,000 to \$600,000, and the City of Modesto will be seeking reimbursement from StanCOG for \$238,000 of the \$406,195.94, and

WHEREAS, the remaining \$168,195.94 will be paid for from the various funding sources that are funding the construction phase of the Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the payment of \$406,195.94 to the American Telephone and Telegraph Company (AT&T) for the purpose of relocation of existing utility infrastructure that is in conflict with highway construction for the SR132 West Freeway/Expressway – Phase 1 Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-445**

RESOLUTION APPROVING THE AWARD OF BID AND AGREEMENT FOR THE PURCHASE OF ROCK, SAND AND GRAVEL TO WEST COAST SAND & GRAVEL, MODESTO, CA, AS PRIMARY SUPPLIER, AND CALIFORNIA LANDSCAPE SUPPLY, CERES, CA AS THE SECONDARY SUPPLIER FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS AND AUTHORIZING THE DIRECTOR OF FINANCE, OR DESIGNEE, TO ADJUST THE FINANCIAL AMOUNTS BETWEEN BOTH PROVIDERS WITHOUT EXCEEDING THE ESTIMATED ANNUAL COST NOT TO EXCEED \$606,000, AND A TOTAL COST NOT TO EXCEED \$3,030,000 OVER FIVE YEARS AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE, TO EXECUTE THE PURCHASE AGREEMENTS.

WHEREAS, various departments utilize aggregate base, cut back, fractured rock, hydro patch, concrete mix, ¾" crushed rock, 3/8" crushed rock, drain rock, concrete sand, cobblestone, and track out rock for city related construction projects, and

WHEREAS, the Water Services Division utilizes aggregate base, crushed rock, and sand for infrastructure maintenance, capital improvement projects, backfilling and compacting holes, emergency repairs, and water meter line repairs, and

WHEREAS, commix and base rock is utilized for providing compaction and water absorption for saturated holes, and

WHEREAS, the Modesto Police Department utilizes sand and dirt to create berms in order to capture bullets, and

WHEREAS, when the bullets are mined out, some dirt and sand will need to be replaced, and

WHEREAS, the Modesto Police Department utilizes crushed rock and road base to compact their road, and

WHEREAS, the Public Works Department, Compost Operations has an ongoing project for storage site grading and compaction that requires 1500 tons of base rock, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of rock, sand and gravel, and

WHEREAS, the Purchasing Division issued RFB No. 1819-62 for the purchase of rock, sand and gravel to six prospective bidders, and posted the RFB on the City's website, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three companies chose to respond, one of which was a local company, and,

WHEREAS, all three companies responding provided responsive and responsible bids, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of rock, sand and gravel to West Coast Sand & Gravel, Modesto CA and California Landscape Supply, Ceres CA for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$606,000 and an estimated combined cost not to exceed \$3,030,000 over five (5) years, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of rock, sand and gravel to West Coast Sand and Gravel, Modesto CA and California Landscape Supply, Ceres CA, conforms to Modesto Municipal Code 8-3.203.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids award of bids for Citywide use for the purchase of rock, sand and gravel to West Coast Sand and Gravel, Modesto CA and

California Landscape Supply, Ceres CA for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, for an estimated annual cost not to exceed \$606,000 and an estimated combined cost not to exceed \$3,030,000 over five (5) years.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to adjust the financial amounts between the two providers, without exceeding the estimated combined annual cost of \$606,000.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to execute the agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING THE 2018-2019 WRITE-OFF AND
ADJUSTMENTS REPORTS THROUGH FISCAL YEAR END JUNE 30, 2019 IN
THE TOTAL AMOUNT OF \$1,101,988 AND DIRECTING A REPORT OF
DISPOSITION TO BE FILED WITH THE CITY CLERK**

WHEREAS, the Finance Department maintains a billing system to track monies owed to the City, and

WHEREAS, occasionally the responsible party does not pay the City as required, and

WHEREAS, it is the City's policy to actively pursue collection of past-due accounts and write off amounts deemed to be uncollectible, and

WHEREAS, the City employs various different means of trying to collect past-due accounts, and

WHEREAS, collection efforts continue until the legal statute restricts the City's collections actions, and

WHEREAS, the City's Write-off of Uncollectible Accounts Receivable policy, as allowed under by Section 2-3.406 of Article 4 of Title 2 of the Municipal Code, requires the following approval authority: the Director of Finance is authorized to approve the write-off of accounts with an outstanding balance due of up to \$5,000, and the City Manager is authorized to approve the write-off of accounts with an outstanding balance due in excess of \$5,000 and up to \$25,000; and

WHEREAS, in Fiscal Year 2018-2019, the Finance Department established Administrative Directive 7.20, Accounts Receivable Adjustment Policy, and determined

the Accounts Receivable, Utility Billing, Parking Citations and Business License adjustments should be incorporated into the annual report, and

WHEREAS, the following amounts with an outstanding balance less than \$5,000 have been approved for write-off by the Director of Finance for the Fiscal Year 2018-2019 and as such all available collection remedies have been exhausted: (1) Utilities Accounts - \$336,294, (2) Miscellaneous Receivables - \$181,044, (3) Parking Citations - \$484,223, (4) Business License - \$15,909 and

WHEREAS, for the write off amount in excess of \$25,000 for \$84,518, Section 2-3.406 of Article 4 of Title 2 of the Municipal Code requires the City Manager to report the accounts to the City Council with his recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the City Manager's and Director of Finance reports of uncollectible utility and accounts receivable in the total amount of \$1,101,988, and approve a report of disposition be filled with the City Clerk,

RESOLUTION NO. 2019-448**

RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING WITH THE LA LOMA NEIGHBORHOOD ASSOCIATION AND MODESTO NEIGHBORHOODS, INC. REGARDING THE DESIGN AND CONSTRUCTION OF THE EAST LA LOMA PARK PLAYGROUND PROJECT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MOU IN A FORM APPROVED BY THE CITY ATTORNEY

WHEREAS, the City of Modesto launched an initiative in 1999, known as the Park Partners Program, to formalize the City's efforts to respond to specific community requests to add to or improve park infrastructure needs, and

WHEREAS, the community benefits of the Park Partners Program are Building community ownership and utilization of parks, development of community leadership, expediting redevelopment and modernization of park facilities, and increasing community input in the design and development of parks, and

WHEREAS, the community organizers of the project are responsible, with staff assistance, to provide financial resources and volunteer labor that is necessary to complete these community driven projects, and

WHEREAS, in 2016 the East La Loma Park playground equipment was removed because it was deemed unsafe by the Parks Operations Division due to the condition and age, and

WHEREAS, in 2017, the La Loma Neighborhood Association (LLNA) approached the City to discuss their desire to assist in the replacement of the playground equipment at East La Loma Park, and

WHEREAS, the LLNA, working as a member of Modesto Neighborhoods, Inc. (MNI) organized the community to design and fund the playground project through fundraising efforts and the City's Park Partner's program, and

WHEREAS, the City and Council have expressed a desire to create strong public/private partnerships through which both the City's and the partner's investment value can be leveraged for a greater community impact, and

WHEREAS, the LLNA and MNI are both very effective partners and are capable of fulfilling their responsibilities in this effort to replace the East La Loma Park playground equipment.

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves a Memorandum of Understanding with the La Loma Neighborhood Association and Modesto Neighborhoods, Inc. regarding the design and construction of the East La Loma Park Playground Project.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the MOU, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING THE MODESTO TOURISM MARKETING
DISTRICT OWNERS' ASSOCIATION AGREEMENT AND AUTHORIZING
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, in accordance with Property Business Improvement District Law of 1994, and by Resolution No. 2019-311, Council created the Modesto Tourism Marketing District (MTMD), and

WHEREAS, the Modesto Convention and Visitor's Bureau (CVB) was designated as the Owners' Association, and

WHEREAS, Streets and Highways Code Section 36651 requires the City to contract with the Owners' Association for the provision of MTMD services, and

WHEREAS, the agreement term shall be the last date signed by all Parties and end on June 30, 2024, or if the MTMD is disestablished prior to June 30, 2024, the effective date of the MTMD disestablishment, and

WHEREAS, the CVB will provide marketing and promotional programs intended to increase hotel room night sales at all hotels paying the MTMD assessment as set for in the MTMD Management District Plan, and

WHEREAS, the City shall pass through to the CVB on or before the 15th day of the month following the reporting period in which the MTMD assessment funds are received by the City a total of 99.25% of the MTMD assessment funds collected, and

WHEREAS, the City shall retain the remaining 0.75% for collection and administration costs as detailed in the MTMD Management District Plan.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Modesto Tourism Marketing District Owners' Association Agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute the agreement in form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-450**

RESOLUTION APPROVING AN INCREASE IN THE AUTHORITY THAT MAY BE SPENT UNDER THE AGREEMENT WITH FONG & FONG PRINTERS AND LITHOGRAPHERS, FOR THE PRINTING OF THE MODESTO AREA EXPRESS RIDE GUIDE BY \$42,000 FROM \$121,725 TO A NEW TOTAL NOT TO EXCEED AMOUNT OF \$163,725 THROUGH THE REMAINDER OF THE FIVE YEAR CONTRACT ENDING ON AUGUST 31, 2020

WHEREAS, on September 1, 2015, by Resolution 2015-322, Council approved an agreement with Fong & Fong Printers and Lithographers for the printing of the Modesto Area Express (MAX) ride guide, and

WHEREAS, the MAX ride guide shows routes and timetables for all MAX routes, provides the fare schedule, and other helpful information to make it easy to understand the bus system, and

WHEREAS, the agreement with Fong & Fong Printers and Lithographers was based on an estimated annual total of \$24,345, and

WHEREAS, the system has needed to print more than estimated due to higher demand for the ride guide than expected in 2015, and

WHEREAS, the Transit Division printed 35,000 ride guides for the July 2019 route changes, and anticipates another printing for January and July 2020, and

WHEREAS, the total not to exceed amount of this current five year agreement will be \$163,725, and

WHEREAS, this work is funded by the Transportation Development Act (TDA) as part of the annual budget process, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services

to follow formal bid procedures. This agreement followed the formal bid procedures and the pricing is still valid for the remainder of the original term of the agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an increase in the authority that may be spent under the agreement with Fong & Fong Printers and Lithographers, for the printing of the Modesto Area Express ride guide by \$42,000 from \$121,725 to a new total not to exceed amount of \$163,725 through the remainder of the five year contract ending on August 31, 2020.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-451**

RESOLUTION APPROVING THE SECOND AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH AVAIL TECHNOLOGIES, INC., STATE COLLEGE, PA, FOR SPARE CELLULAR MODEMS AND MOBILE DATA TERMINALS UTILIZED IN THE MODESTO AREA EXPRESS FLEET, BY \$7,897 FROM \$342,794 TO A NEW TOTAL AMOUNT OF \$350,691, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, the City's fixed route transit system uses proprietary software and hardware from Avail Technologies, Inc. to dispatch and track buses, and

WHEREAS, as the system Avail system continues to operate to provide real-time information to MAX riders, system components will occasionally stop working as intended, and

WHEREAS, components are usually sent for repair; however, additional units are needed to keep the bus in operation, and

WHEREAS, this agreement provides two additional spare Sierra Wireless MP-70 modems and two additional spare mSlates which are the mobile data terminal used by Avail, and

WHEREAS, the modems and mSlates will be setup as "ready to use" with active cell data plan to be "plug and play" when needed as spares, and

WHEREAS, the original agreement approved by Resolution 2018-184 was for \$316,144, and

WHEREAS, this work is funded by the Transportation Development Act (TDA) as part of the annual budget process, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment, or contractual

services, to be formally bid. However, Modesto Municipal Code (MMC) Section 8-3.204(b) states one exception to the formal bid process is “Where the Purchasing Agency’s requirements can be met solely by a single article or process.” The sole source purchase of various software/hardware maintenance contracts available only from the original manufacturer conforms to the MMC.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment increasing the agreement amount with Avail Technologies, Inc., State College, PA, for spare cellular modems and mobile data terminals utilized in the Modesto Area Express fleet, by \$7,897 from \$342,794 to a new total amount of \$350,691.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the agreement in a form approved by the City Attorney.

Anderson Land Use Planning on January 17, 2017, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(601) to allow for a 49 unit apartment complex comprised of 5 three-story buildings and 1 two-story building, property located on 2.25 acres at 1432 and 1442 Scenic Drive, described as follows:

R-1 to P-D(601)

BEGINNING at the Southeast corner of the Northwest Quarter of the Northwest Quarter of said Section 27, said point of commencement also being the Southeast corner of that parcel of land conveyed to Raymond Frank Rifenburg, et al by Grant Deed filed in the Office of the Recorder of the County of Stanislaus on July 27, 1984 as Instrument No. 4717; thence North 89° 41' 36" West along the South line of the Northwest Quarter of the Northwest Quarter of Section 27 and the South line of said Rifenburg Parcel a distance of 64.69 feet to the Southwest corner of said Rifenburg Parcel; thence continuing North 89° 41' 36" West along said South line of the Northwest Quarter of the Northwest Quarter of Section 27 a distance of 261.81 feet to the Southeast corner of that parcel of land conveyed to Timothy McClary by Grant Deed filed in the Office of the Recorder of the County of Stanislaus on March 6, 1988 as Document No 20820; thence North 15° 56' 36" West along the Easterly line of said McClary Parcel a distance of 130.64 feet to the Southwest corner of that parcel of land conveyed to Kevin McMiller, et ux, by Grant Deed filed in the Office of the Recorder of the County of Stanislaus on May 11, 2006 as Document No. 70621; thence North 69° 14' 21" East along the South line of said McMiller Parcel a distance of 64.91 feet to the Southeast corner thereof; thence North 15° 56' 36" West along the East line of said McMiller Parcel, a distance of 164.5 feet to a point at the South Right-of-Way Line of Scenic Drive; thence North 69° 14' 21" East along the South Right-of-Way line of Scenic Drive a distance of 215.54 feet to the Northwest corner of that parcel of land conveyed to Raymond Frank Rifenburg, et al by Correction Deed filed in the Office of the Recorder of the County of Stanislaus on January 29, 2008 as Instrument No. 8833; thence South 15° 56' 36" East a distance of 129.58 feet to the Southwest corner of said Rifenburg Parcel; thence North 76° 51' 22"

East a distance of 60.21 feet to the Southeast corner of said Rifenburg Parcel; thence South 10° 28' 17" East along the East line of that parcel of land conveyed to Raymond Frank Rifenburg, et al by Grant Deed filed in the Office of the Recorder of the County of Stanislaus on August 21, 2007 as Instrument No. 107249, a distance of 37.98 feet to the northeast corner of that parcel of land conveyed to Raymond Frank Rifenburg, et al by Grant Deed filed in the Office of the Recorder of the County of Stanislaus on July 27, 1984 as Instrument No. 4717, thence continuing South 10° 28' 17" East along the east line of said Rifenburg Parcel a distance of 236.21 feet to the Southeast corner of said Rifenburg Parcel and the Point of Beginning.

Also including the Southern half of the Right-of-Way of Scenic Drive, being immediately adjacent to the above description.

Containing 2.25 acres, more or less.

APNs 034-015-013, -014, -015 and -017.

WHEREAS, after a public hearing held on August 19, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2019-24, that rezoning of the property as requested will not be detrimental to the public health, safety or welfare because the proposed development will conform to City standards, the requested zone change will result in an orderly planned use of land because the conditions of approval will ensure that the proposed project is compatible with the adjacent residential uses, and there are other apartment complexes located near this section of Scenic Drive in close proximity to the proposed development, and the requested zone change is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) because the proposed change to Planned Development allowing for new multi-family residential uses is consistent with the Modesto Urban Area General Plan, which designates the property as Residential (R), which allows for multi-family residential uses, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on October 1, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of J.B. Anderson Land Use Planning for a Planned Development Zone will not be detrimental to the public health, safety or welfare, will result in an orderly planned use of land, and is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) for the reasons set forth in Planning Commission Resolution No. 2019-24 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3705-C.S. on the 1st day of October, 2019 , reclassifying the above-described property from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(601),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(601), is hereby approved subject to the following conditions:
 1. Prior to the issuance of a building permit, all development shall conform to the Development Plan and building elevations titled "Scenic Village Apartments" stamped approved by the City Council.
 2. The developer will abide by second story review requirements to preserve the privacy of the northern adjacent property in ways such as installing windows on the second and third stories of the northern face of Building C that are fixed and obscure or clerestory.
 3. The developer shall erect a 7-foot high solid decorative masonry wall adjacent to R-1 Zones along the west property line (including that property line north of proposed Building C, bordering APN 034-015-009) and east property line, excluding that property line adjacent to Planned

Development P-D(434). Wall must be constructed prior to occupancy of any structure.

4. Screen landscaping shall be installed along the west and east property lines of the project site where adjacent to are existing residential lots, as approved by the Parks, Recreation and Neighborhoods, prior to certificate of occupancy for the first building.
5. Prior to issuance of a building permit, trash enclosures shall be designed using building materials, colors and finishes which are consistent or compatible with those used for the residential buildings, as approved by the Community and Economic Development Director or designee. Climbing vines shall be included in the landscape surrounding the trash enclosures to discourage tagging.
6. The design of light fixtures and their structural supports should be architecturally compatible with the main structures on the site. Light fixtures should be architecturally integrated into the design of a structure to the satisfaction of the Director of Community and Economic Development or designee.
7. Along pedestrian corridors, the use of low mounted bollard light standards, which reinforce pedestrian scale, shall be used. Steps and ramps should be illuminated wherever possible, with built-in light fixtures to the satisfaction of the Director of Community and Economic Development or designee.
8. All signs shall comply with the sign requirements of the R-3 Zone.
9. Sizing of monument signs shall be in accordance to the requirements of the R-3 Zone. Placement of sign shall ensure clear line of sight for vehicles exiting the development.
10. Developer shall provide signage with appropriate landscaping for visibility and Clear Vision Triangles at Driveway entrances along Scenic Drive. Within the triangle, the area between tree (3) and eight (8) feet in height measured from top of curb adjacent to the front yard shall be clear.
11. Prior to Certificate of Occupancy of any structure, all ground mounted utility structures such as transformers and HVAC equipment shall be located out of view from a public street to the satisfaction of the Director of Community and Economic Development or designee. Equipment shall be placed underground or adequately screened through the use of landscaping or masonry walls.
12. Exterior building elevations showing building wall materials, roof types, exterior colors and appropriate vertical dimensions shall be included in the development construction drawings.

13. Construction drawings shall demonstrate that all building drainage gutters, down spouts, vents, etc. located on exterior walls, are be completely concealed from public view or designed to be architecturally compatible (decorative) with the exterior building design and color to the satisfaction of the Director of Community and Economic Development or designee.
14. Prior to occupancy of any structure, striping of parking stalls, aisles and driveways shall conform to the provisions of MMC Section 10-5.105, Parking Lot Design Standards.
15. Any public improvements that are missing, damaged or not to current City standards shall be designed per City standards in accordance with City Code (Article 7-1.701), standards and specification. Such improvements may include, but not be limited to curb and gutter, drive approach, sidewalk, ADA access ramps, fire hydrants and street lights. All public improvements shall require an encroachment permit.
16. All new improvements, should they be necessary, shall be designed and constructed per City standards in accordance with City Code (Article 7-1.701). Such improvements will include, but not be limited to roadway, storm drainage, curb and gutter, drive approach, sidewalk, ADA access ramps, fire hydrants and street lights. All public improvement plans shall be designed by a Registered Engineer, reviewed and approved by the City Engineer prior to issuance of an Encroachment permit.
17. The proposed gated driveways shall be designed and improved to meet the requirements of the City Engineer or designee.
18. A master water meter is required at property line. The City will not maintain waterline on private property. Property owner will be responsible for maintenance, rehabilitation and replacement when required.
19. Developer shall submit estimated sewer demand calculations to confirm the 6 inch wastewater fly line in Scenic Drive has the capacity to serve the demands of this additional development with the improvement plans submittal for review and approval.
20. The developer must install and maintain a private, on site sewer pump to address the site grade elevation that is at a lower grade than Scenic Drive grade elevation.
21. Proposed project direct access to the public park will be subject to approval by the Parks, Recreation and Neighborhoods, Parks Planning and Development Division.
22. Developer must develop project in compliance with the City of Modesto Second Story development Standards

23. Prior to issuance of a building or encroachment permit, ten-foot-wide public utility easements shall be dedicated along the frontage of Scenic Drive.
24. Developer must submit drainage concept and calculations with plan review for the increased storm water runoff. Also the developer must submit a soils boring report that will indicate the water table level near the river which will determine the French drain design and function in wet years and long term.
25. The Developer shall build the project to meet current Fire Code regulations at the time of building permit submittal. Applicable requirements could include, but not be limited to, the installation of hydrants, sprinklers and Knox Boxes on any vehicle access gates.
26. The project shall manage storm water runoff on-site according to current City standards. Calculations and percolation test shall be submitted to the City for review and approval with the submittal of the improvement plans, prior to issuance of a building permit.
27. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit improvement plans conforming to design requirements of the most current edition of the City of Modesto Guidance Manual for Development, Stormwater Quality Control Measures and the City of Modesto Municipal Code.
28. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to integrate Low Impact Development (LID) principles into the project design. The plan shall retain, treat, and infiltrate the first 0.5" of stormwater run-off on site, and incorporate pervious landscape features into the project design wherever possible.
29. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to provide permanent, post-construction treatment (grass swale, bioretention, vegetative strip, or other approved proprietary device) to remove pollutants from the first 0.5" of stormwater run-off from site.
30. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan for trash enclosures to be sufficiently elevated to prevent stormwater run-on from parking lot. Floor of enclosures shall be graded to drain into adjacent landscape areas.
31. Prior to the issuance of a Grading, Demolition, or Building Permit, Property Owner shall provide a signed and notarized Stormwater Treatment Device Access and Maintenance Agreement to Land Development Engineering, Stormwater for recording.
32. Prior to the issuance of a Grading, Demolition, or Building Permit, Property Owner shall obtain coverage for project under the State Water

Resources Control Board (SWRCB) General Permit for Stormwater Discharges Associated with Construction and Land Disturbance Activities Order No. 2009-0009-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit No. CAS000002, as amended by 2010-0014-DWQ and 2012-0006-DWQ.

33. The Construction General Permit requires the Property Owner to develop a Stormwater Pollution Prevention Plan (SWPPP) for the project. The SWPPP shall include a description of all erosion, sediment, and pollution control BMPs to be used at the construction or demolition site to prevent sediment and other sources of pollution from entering the City storm drain system as well as a site plan showing their placement. Prior to issuance of a Grading, Demolition, or Building Permit, provide one paper copy of SWPPP to Land Development Engineering, Stormwater.
34. Prior to issuance of a building permit, applicant shall submit Landscape and Irrigation plans for review and approval by the City's Parks Planning and Development Division. L&I plans shall meet current State of California water use requirements, MMC requirements and City of Modesto standards at time of submittal.
35. Developer shall provide street trees along Scenic Drive. Tree(s) shall be spaced thirty five (35') feet on center and located within seven feet (7') of the sidewalk or curb. Existing trees to remain to the satisfaction of the Parks Planning and Development Manager or designee.
36. Parking lot shade trees shall be provided per MMC requirements; 1 shade tree per 8 stalls, continuous and intermitted stall locations, within seven feet of stalls (50% coverage within 10 years).
37. Developer shall install a separate landscape water meter.
38. LID control and treatment measures shall be vegetated for erosion protection and sediment entrapment to collect/treat storm water run-off before entering the storm drain system. Storm drainage basins shall be appropriately landscaped and irrigated to address the specific type of storm water control measure. Provide total square feet of landscape in project information.
39. All department Conditions of Approval for the project shall be included with building plans and shall be continuously maintained on-site during project construction to the satisfaction of the Chief Building Official or designee.
40. All construction documentation shall be coordinated for consistency, including but not limited to, architectural, structural, mechanical, electrical, plumbing, landscape and irrigation, grading, utility and street improvement plans. All such plans shall be consistent with the approved entitlement plans on file with the Planning Department.

41. Prior to issuance of a building permit, any variation from the approved site plan or building elevations on file with the City must be reviewed and approved by the Director of Community and Economic Development or designee.
42. Prior to Certificate of Occupancy for any structure, the applicant shall enroll and participate in the City's Crime-Free Multi-Family Housing Program as administered by the Modesto Police Department.
43. All existing underground and aboveground utilities, irrigation, and electrical lines shall be protected, relocated, or removed as required by the City Engineer or designee. Easements for utilities, irrigation, and electrical lines to remain shall be reserved as required.
44. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
45. At the time of issuance of a building permit, the developer shall pay development impact fees at the established rate. Such fees may include but are not limited to, sewer and water connection fees, community facility fees, building permit and plan check fees.
46. Prior to start of construction, all-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions at all times during construction as required by Director of Community and Economic Development.
47. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that shall be applied to the project:

48. Reduce particulate emissions from construction, grading, excavation, and demolition to the maximum extent feasible in accordance with the requirements of SJVAPCD Regulation VIII. Regulation VIII was adopted to reduce the amount of particulate matter suspended in the atmosphere as a result of emissions generated from anthropogenic (man-made) fugitive dust sources.

49. Require all access roads, driveways, and parking areas serving new commercial and industrial development to be constructed with materials that minimize particulate emissions in accordance with the requirements of SJVAPCD Regulation VIII and are appropriate to the scale and intensity of use.
50. Reduce PM10 emissions from City-maintained roads to the maximum extent feasible.
51. Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes.
52. Effectively stabilize dust emissions using water or chemical stabilizer / suppressant, all onsite unpaved roads and off-site unpaved access roads.
53. Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities.
54. Wet all exterior surfaces of buildings that are more than six stories tall during demolition.
55. When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container.
56. Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)
57. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, effectively stabilize said piles for fugitive dust emissions utilizing sufficient water or chemical stabilizer / suppressant.
58. Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday.
59. Prevent carryout and trackout for any site with 150 or more vehicle trips per day.
60. Limit traffic speeds on unpaved roads to 15 mph.
61. Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%).

62. Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site.
63. Install wind breaks at windward side(s) of construction areas.
64. Suspend excavation and grading activity when winds exceed 20 mph (regardless of wind speed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit).
65. Limit the area subject to excavation, grading, and other construction activity at any one time.
66. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:
 - i. Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
 - ii. Require impact tools to be equipped with shrouds or shields;
 - iii. Require that the quietest equipment available be used; and,
 - iv. Require selection of haul routes that affect the fewest number of people.
67. For any project that involves earth-disturbing activities within the archaeological resource study area (defined as the Riparian and Vernal Pool Locations shown on MEIR Figure V-7-1), or on a site determined to be archaeologically or culturally sensitive by City staff through consultation with Native American tribes or bands and a qualified archaeologist, require the project applicant to implement the following mitigation measures, at a minimum:
 - (1) Where excavation or construction would occur outside of areas where development has occurred, or where excavation / construction would occur at depths greater than existing foundations, roads, and/or trenches in the immediate vicinity, evaluate the site via a qualified archaeologist retained by the project applicant. Said evaluation would include at minimum a records search, a Phase I pedestrian survey, and preparation of an archaeological report containing the results of this cultural resources inventory identification effort for submittal to the Central California Information Center. If a Phase II archaeological evaluation is recommended, complete a report of the survey and any excavations with recommendations prior to project approval;

(2) In the event of the discovery of a burial, human bone, or suspected human bone, immediately halt all excavation or grading in the vicinity of the find and protect the area of the find. The project applicant shall immediately notify the Modesto Police Department and County Coroner of the find and comply with the provisions of California Health and Safety Code Section 7050.5, including California Public Resources Code Section 5097.98, if applicable. If human remains are identified, also retain a Native American monitor at the applicant's expense;

(3) A qualified archaeological monitor will be present and will have the authority to stop and redirect grading activities, in consultation with the Native Americans and their designated monitors, to evaluate the significance of any Native American archaeological resources discovered on the property; and,

(4) Relinquish ownership of all Native American human remains and/or artifacts that are found within the project area, to the appropriate Native American Most Likely Descendent (MLD), as assigned by the Native American Heritage Commission, for proper treatment and disposition. The MLD will decide whether or not standard archaeological analysis will be allowed on human remains and associated artifacts from burials.

(5) If paleontological resources are discovered during earth-moving activities, the construction crew shall immediately cease work in the vicinity of the find, and the City's Planning Manager shall be notified. A qualified paleontologist shall evaluate the resource to determine if it is significant. If the resource is significant, prepare a proposed mitigation plan in accordance with Society of Vertebrate Paleontology guidelines. The proposed mitigation plan may include a field survey of additional construction areas, sampling and data recovery procedures, museum storage coordination for any specimen recovered, and a report of findings. Recommendations determined by the lead agency to be necessary and feasible shall be implemented before construction activities can resume at the site where the paleontological resources were discovered.

68. Whenever possible, avoid disturbing or damaging archaeological resources. Preservation in place to maintain the relationship between the artifacts and the archaeological context is the preferred manner of mitigating impacts to archaeological sites. Preservation may be accomplished by:

- (1) Planning construction to avoid archaeological sites;
- (2) Incorporating sites within parks, green space, or other open space;

- (3) Covering the sites with a layer of chemically stable soil; and/or,
- (4) Deeding the site into a permanent conservation easement.

When in-place mitigation is not feasible, data recovery through excavation may be necessary. A data recovery plan, which makes provisions for adequately recovering the scientifically consequential information about the site, shall be prepared and adopted prior to any excavation being undertaken. Such studies must be deposited with the Central California Information Center in Turlock, California. Special rules apply to any archaeological sites known to contain human remains (Health and Safety Code Section 7050.5; Guidelines Section 15126.4(b)).

Data recovery shall not be required if the lead agency determines that testing or studies already completed have adequately recovered the necessary data, provided that the data have already been documented in another EIR and are available for review at the California Historical Resource Regional Information Center (Guidelines Section 15126.4(b)).

- 69. Allow reasonable time for the qualified archaeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site.
- 70. If any find is determined to be significant by the qualified archaeologist, representatives of the construction contractor and the City, the qualified archaeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) will meet to determine the appropriate course of action.
- 71. All cultural materials recovered as part of a monitoring program are subject to scientific analysis, professional museum curation, and a report prepared according to current professional standards.

2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(601):

The entire construction program be accomplished in one phase, construction to begin on or before October 1, 2024, and completion to be not later than October 1, 2026.

3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-7.108 of the Modesto Municipal Code.

4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 1 of Chapter 7 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(601), becomes effective.

BE IT FURTHER RESOLVED that the conditions of project approval set forth herein include certain fees, dedication requirements, reservations requirements, and other exactions, and that pursuant to Government Code Section 66020(d)(1), these conditions constitute written notice of a statement of the amount of such fees, and a description of the dedications, reservations, and other exactions.

BE IT FURTHER RESOLVED that the applicant is hereby further notified that the ninety (90) days approval period in which a protest of these fees, dedications, reservations, and other exactions, pursuant to Government Code Section 66020(a) can be filed, begins on October 1, 2019, and that if a protest is not filed within this ninety (90)-day period complying with all of the requirements of Section 66020, the applicant will be legally barred from later challenging such exactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-453**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): AMENDMENT TO SECTION 27-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL (R-1) TO PLANNED DEVELOPMENT ZONE P-D(601), PROPERTIES LOCATED AT 1432 AND 1442 SCENIC DRIVE

WHEREAS, on March 5, 2019, by Resolution 2019-108, City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, J.B. Anderson Land Use Planning and Scenic Village Apartments, LLC, has proposed an amendment to Section 27-3-9 of the Zoning Map to rezone from Low Density Residential (R-1) to Planned Development Zone P-D(601) properties located at 1432 and 1442 Scenic Drive, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2017-11 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on September 11, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on October 1, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

City of Modesto
Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Scenic Village Apartments Residential Rezone to Planned Development is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Scenic Village Apartments Planned Development
- B. Address or Location: 1432 and 1442 Scenic Drive
- C. Applicant: John Anderson Land Use Planning
- D. City Contact Person:

Project Manager: Jonnie Lan, AICP
Department: Community and Economic Development Department, Planning Division
Phone Number: 209.577.5267
E-mail address: jlan@modestogov.com

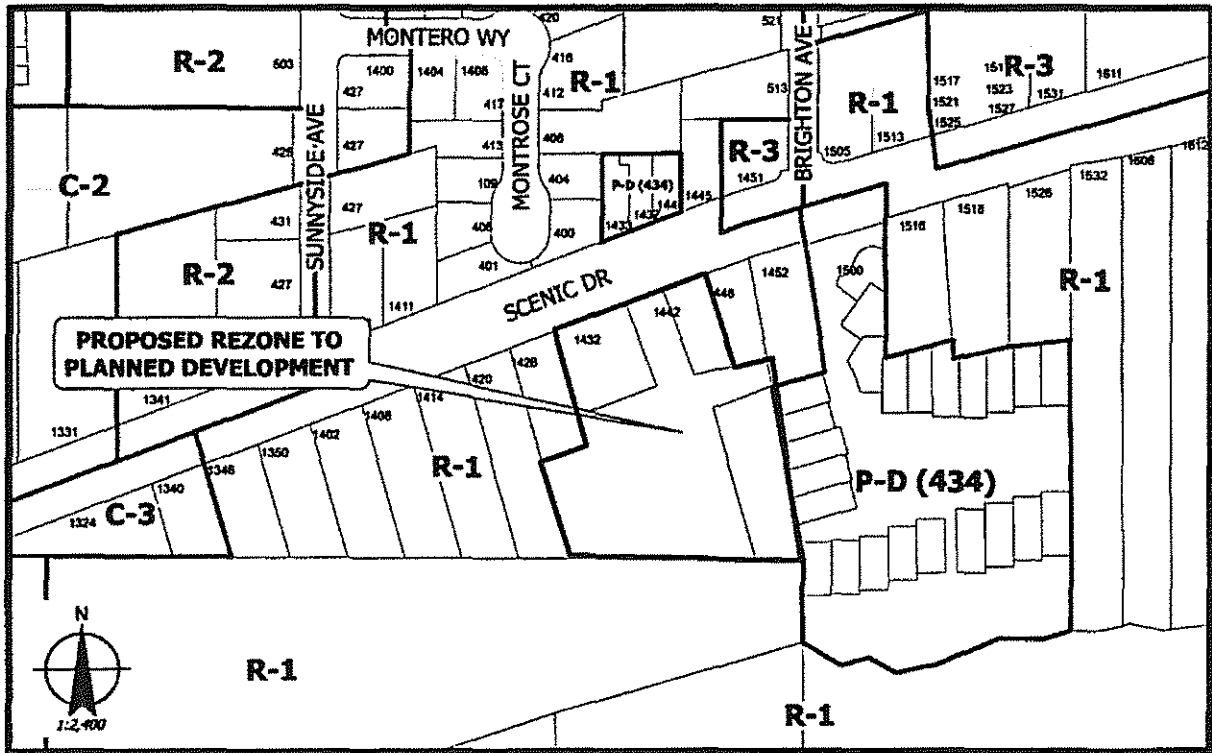

- E. Current General Plan Designation(s): Residential (R)
- F. Current Zoning Classification(s): Low Density Residential (R-1)
- G. Surrounding Land Uses:
 - North: Low Density Residential (R-1) and P-D (551) A Residential Planned Development
 - South: Monterosso Park, Low Density Residential

East: Low Density Residential (R-1) and P-D (434) A Residential Planned Development
 West: Low Density Residential (R-1)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Rezone four parcels for a total of 2.25 acres from Low Density Residential (R-1) to Planned Development 601 (P-D(601)) allowing the construction of a 49 unit apartment complex at an overall density of 21.77 dwelling units per acre. This will consist of five 3 story residential buildings and one 2 story residential building, landscaping and parking.

PROPOSED PROJECT AREA

- I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

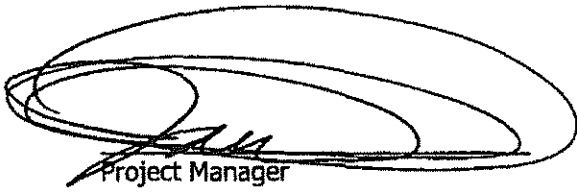

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR;
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,

2. ___ Mitigated Negative Declaration Required – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

3. ___ Focused EIR Required – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the Master EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5)	The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6)	Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will not negatively affect adjacent roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at better than an LOS C, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will not cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-9 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project are included in the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.C of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a rezone of four parcels totaling 2.25 acres. It will have no effect on the circulation system. Scenic has an average peak hour trips of 3100 cars. This new complex will increase the morning peak hour trips by .73% and the evening peak hour trips by .92%. It will increase the number of trips on Scenic Drive by an average of 100 per day. This does not increase vehicle trips above what is assumed in the adopted Master EIR.
- (2) The proposed project will have no effect on the level of service standard established by the county congestion management.
- (3) The proposed project will have no effect on air traffic patterns.
- (4) The proposed project will not increase circulation hazards due to design or incompatible uses or have no effect on emergency access above what is assumed in the adopted Master EIR. It is a rezone of the four properties that is in line with the zoning of nearby properties.
- (5) The proposed project will have no effect on alternative transportation policies.
- (6) The proposed project will have no effect on Level of Service.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
gases.				

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan air quality and greenhouse gas policies.
- (2) The proposed project will not conflict with any air quality plan.
- (3) The proposed project will not violate any air quality standard or contribute substantially to an existing or projected violation.
- (4) The proposed project will have no increase of any criteria pollutant effect on Urban Area General Plan air quality and greenhouse gas policies.
- (5) The proposed project will have no effect on sensitive receptors.
- (6) The proposed project will not result in the creation of objectionable odors.
- (7) The proposed project will not generate greenhouse gas emissions above what is assumed in the adopted Master EIR.
- (8) The proposed project will not conflict with a plan, policy or regulation adopted for the purpose of reducing the emission of greenhouse gasses.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City’s noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City’s noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.				
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA L _{max} inside bedrooms or 55 dBA L _{max} inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan noise and vibration policies.
- (2) The proposed project will not generate excessive permanent noise or vibration levels. Construction of the new units on 1432 and 1442 Scenic Drive will generate a temporary amount of noise and vibration. The Master EIR contains mitigation measures to minimize the impacts so that they are less than significant.
- (3-4) The proposed project will not generate any noticeable increase in ambient noise levels above what is assumed in the adopted Master EIR.
- (5-6) The proposed project is not close to a public airport or private airstrip.
- (7) The proposed project is not within 200 feet of active rail lines.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.				
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on Urban Area General Plan agricultural resources policies.
- (2) The proposed project will not convert any farmland. The site is infill surrounded by residential development.
- (3) The proposed project will have no effect on any agricultural use or Williamson Act contract.
- (4-5) The proposed project will have no effect on any forest land or timberland.
- (6) The proposed project will have no effect on farmland or forest land.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the water supply policies.
- (2) The proposed project will have no effect on groundwater supply above what is assumed in the adopted Master EIR.
- (3-4) The proposed project will have no effect on water demand above what is assumed in the adopted Master EIR.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of

whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on the wastewater policies.
- (2) The proposed project will have no effect on sewage flows and no effect on wastewater facilities above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on wastewater capacity above what is assumed in the adopted Master EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
and Wildlife service.				
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on wildlife and plant habitat policies.
- (2) The proposed project will have no effect on a candidate, sensitive, or special status species in local or regional plans. Based on the Biologic Assessment by Moore Biological Consultants it has been determined that the property has been moderately disturbed and lacks suitable habitat to support special status species. No special status wildlife species are expected to occur in or near the site on more than a very occasional or transitory basis and on the day of survey there were no Swainson's hawk nesting sites observed.
- (3) The proposed project will have no effect on riparian habitat or other sensitive natural community identified in local or regional plans. No potentially jurisdictional Waters of the U.S. or wetlands were observed in the site and the project will not involve work in the Dry Creek riparian corridor south of the site.
- (4) The proposed project will have no effect on wetlands. It is infill residential development. No wetlands exist on the site and the project will not result in impacts to any federally regulated wetlands, riparian corridors or other sensitive habitats.
- (5) The proposed project will have no effect on native resident or migratory fish or wildlife species since the project will not involve work in the Dry Creek riparian corridor, which is south of the site.

- (6) The proposed project will have no effect on local policies or ordinances protecting biological resources.
- (7) The proposed project will have no effect on local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on archaeological/historical resource policies.
- (2) The proposed project will have no effect on historical buildings or landmarks. There are no historical buildings or landmarks that exist on or near this site.
- (3) The proposed project will have no effect on existing structures that are more than 50 years old that are determined to have historical significance. Though buildings more than 50 years old exist on the project site, it has been determined that none of those building are local landmarks or have any local, state or federal historical significance.
- (4) The proposed project will have no effect on known significant resources.
- (5) The proposed project will have no effect on cultural resources.
- (6) The proposed project will have no effect on tribal cultural resources. The local tribes were given an opportunity to review the project and declined to do so.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto's urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on storm drainage policies.
- (2-3) The proposed project will have no effect on surface runoff above what is assumed in the adopted Master EIR.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on flooding and water quality policies.
- (2) The proposed project will not result in more housing within a 100-year flood hazard zone.
- (3) The proposed project will not be in the 100-year floodplain.
- (4) The proposed project will not expose people to flooding.
- (5) The proposed project will not alter existing drainage patterns of the site that would result in flooding onsite or offsite.
- (6) The proposed project will have no effect on water quality standards or waste discharge requirements.
- (7) The proposed project will have no effect on existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation.
- (8) The proposed project will have negligible contribution to water runoff above what is assumed in the adopted Master EIR.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on parks and open space policies.
- (2) The proposed project will have no effect on parks and open space above what is assumed in the adopted Master EIR.
- (3) The proposed project will have no effect on parks and open space needs above what is assumed in the adopted Master EIR.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on school policies.
- (2) The proposed project will have no effect on SB 50/Proposition 1A funding provisions.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on police policies.
- (2) The proposed project will not result in the need for more police personnel and facilities.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on fire service policies.
- (2) The proposed project will not result in the need for more fire service facilities.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be

incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on solid waste policies.
- (2) The proposed project will have no effect on landfills or solid waste-reduction facilities above what is assumed in the adopted Master EIR.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.				
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on hazardous materials policies
- (2) The proposed project will not involve hazardous materials.
- (3) The proposed project will not result in emitting hazardous emissions or handling hazardous materials.
- (4) The proposed project will not be located on a hazardous materials site.
- (5-6) The project site is within two miles of the Modesto City-County Airport and is within the Airport Influence Boundary Referral Area 1. The project site is not within a Noise Impact Zone, Runway Protection Zone, Approach/Departure Zone, Inner Turning Zone, Outer Approach/Departure Zone or Sideline Zone, but the project site is within Zone 6, the Traffic Pattern Zone. Based on the Stanislaus County Airport Land Use Compatibility Plan, Zone 6 is the least likely to have a safety event within the Airport Influence Boundary Referral Area 1.
- (7) The proposed project will not interfere with an emergency response plan or evacuation plan.
- (8) The proposed project will not expose people to wildland fires. The project site and surround area is already developed with urban uses.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will have no effect on geology, soils, and mineral resources policies.

- (2) The proposed project will not result in exposing people or structure to seismic activities, location on expansive soils, or loss of mineral resources above what is assumed in the adopted Master EIR.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.				

Discussion:

- (1) The proposed project will have no effect on energy policies.
- (2) The proposed project will not result in wasteful energy consumption during future construction activities above what is assumed in the adopted Master EIR.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially degrade the existing visual character or quality of the site and its surroundings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is consistent with the Urban Area General Plan visual resource policies.
- (2) The proposed project will not have an adverse effect on a scenic vista.
- (3) The proposed project will not damage scenic resources.
- (4) The proposed project will not degrade the visual character of its surroundings above what is assumed in the adopted Master EIR.
- (5) The proposed project will not create light or glare that would affect views.
- (6) The proposed project will have no effect on views from riverside areas and parks.
- (7) The proposed project will have no effect on views of riverside areas from public roadways and nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/ Mitigating Policies	Less Than Significant Impact	No Impact
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project will be consistent land use and planning policies.
- (2) The proposed project will not result in the physical division of an established community.
- (3) The proposed project will have no effect on a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact.
- (4) The proposed project will have no effect on applicable habitat conservation plan or natural community conservation plan.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Air Quality and Greenhouse Gases:

AQ-100. Reduce particulate emissions from construction, grading, excavation, and demolition to the maximum extent feasible in accordance with the requirements of SJVAPCD Regulation VIII. Regulation VIII was adopted to reduce the amount of particulate matter suspended in the atmosphere as a result of emissions generated from anthropogenic (man-made) fugitive dust sources. (Policy VII.H.2.jj)

AQ-101. Require all access roads, driveways, and parking areas serving new commercial and industrial development to be constructed with materials that minimize particulate emissions in accordance with the requirements of SJVAPCD Regulation VIII and are appropriate to the scale and intensity of use. (Policy VII.H.2.kk)

AQ-102. Reduce PM10 emissions from City-maintained roads to the maximum extent feasible. (Policy VII.H.2.ll)

AQ-103. Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes. (Policy VII.H.2.mm)

AQ-104. Effectively stabilize dust emissions using water or chemical stabilizer / suppressant, all onsite unpaved roads and off-site unpaved access roads. (Policy VII.H.2.nn)

AQ-105. Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities. (Policy VII.H.2.oo)

AQ-106. Wet all exterior surfaces of buildings that are more than six stories tall during demolition. (Policy VII.H.2.pp)

AQ-107. When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container. (Policy VII.H.2.qq)

AQ-108. Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (Policy VII.H.2.rr)

AQ-109. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, effectively stabilize said piles for fugitive dust emissions utilizing sufficient water or chemical stabilizer / suppressant. (Policy VII.H.2.ss)

AQ-110. Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday. (Policy VII.H.2.tt)

AQ-111. Prevent carryout and trackout for any site with 150 or more vehicle trips per day. (Policy VII.H.2.uu)

AQ-112. Limit traffic speeds on unpaved roads to 15 mph. (Policy VII.H.2.vv)

AQ-113. Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%). (Policy VII.H.2.ww)

AQ-114. Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site. (Policy VII.H.2.xx)

AQ-115. Install wind breaks at windward side(s) of construction areas. (Policy VII.H.2.yy)

AQ-116. Suspend excavation and grading activity when winds exceed 20 mph (regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit). (Policy VII.H.2.zz)

AQ-117. Limit the area subject to excavation, grading, and other construction activity at any one time. (Policy VII.H.2.aaa)

Generation of Noise and Vibration:

Noise-4 Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (UAGP Policy VII-G.3.b)

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

AH-14: For any project that involves earth-disturbing activities within the archaeological resource study area (defined as the Riparian and Vernal Pool Locations shown on MEIR Figure V-7-1), or on a site determined to be archaeologically or culturally sensitive by City staff through consultation with Native American tribes or bands and a qualified archaeologist, require the project applicant to implement the following mitigation measures, at a minimum:

- (1) Where excavation or construction would occur outside of areas where development has occurred, or where excavation / construction would occur at depths greater than existing foundations, roads, and/or trenches in the immediate vicinity, evaluate the site via a qualified archaeologist retained by the project applicant. Said evaluation would include at minimum a records search, a Phase I pedestrian survey, and preparation of an archaeological report containing the results of this cultural resources inventory identification effort for submittal to the Central California Information Center. If a Phase II archaeological evaluation is recommended, complete a report of the survey and any excavations with recommendations prior to project approval;
- (2) In the event of the discovery of a burial, human bone, or suspected human bone, immediately halt all excavation or grading in the vicinity of the find and protect the area of the find. The project applicant shall immediately notify the Modesto Police Department and County Coroner of the find and comply with the provisions of California Health and Safety Code Section 7050.5, including California Public Resources Code Section 5097.98, if applicable. If human remains are identified, also retain a Native American monitor at the applicant's expense;
- (3) A qualified archaeological monitor will be present and will have the authority to stop and redirect grading activities, in consultation with the Native Americans and their designated monitors, to evaluate the significance of any Native American archaeological resources discovered on the property; and,

- (4) Relinquish ownership of all Native American human remains and/or artifacts that are found within the project area, to the appropriate Native American Most Likely Descendent (MLD), as assigned by the Native American Heritage Commission, for proper treatment and disposition. The MLD will decide whether or not standard archaeological analysis will be allowed on human remains and associated artifacts from burials.
- (5) If paleontological resources are discovered during earth-moving activities, the construction crew shall immediately cease work in the vicinity of the find, and the City's Planning Manager shall be notified. A qualified paleontologist shall evaluate the resource to determine if it is significant. If the resource is significant, prepare a proposed mitigation plan in accordance with Society of Vertebrate Paleontology guidelines. The proposed mitigation plan may include a field survey of additional construction areas, sampling and data recovery procedures, museum storage coordination for any specimen recovered, and a report of findings. Recommendations determined by the lead agency to be necessary and feasible shall be implemented before construction activities can resume at the site where the paleontological resources were discovered. (UAGP Policy VII.F.2[k])

AH-15: Whenever possible, avoid disturbing or damaging archaeological resources. Preservation in place to maintain the relationship between the artifacts and the archaeological context is the preferred manner of mitigating impacts to archaeological sites. Preservation may be accomplished by:

- (1) Planning construction to avoid archaeological sites;
- (2) Incorporating sites within parks, green space, or other open space;
- (3) Covering the sites with a layer of chemically stable soil; and/or,
- (4) Deeding the site into a permanent conservation easement.

When in-place mitigation is not feasible, data recovery through excavation may be necessary. A data recovery plan, which makes provisions for adequately recovering the scientifically consequential information about the site, shall be prepared and adopted prior to any excavation being undertaken. Such studies must be deposited with the Central California Information Center in Turlock, California. Special rules apply to any archaeological sites known to contain human remains (Health and Safety Code Section 7050.5; Guidelines Section 15126.4(b)).

Data recovery shall not be required if the lead agency determines that testing or studies already completed have adequately recovered the necessary data, provided that the data have already been documented in another EIR and are

available for review at the California Historical Resource Regional Information Center (Guidelines Section 15126.4(b)). (UAGP Policy VII.F.2[l])

AH-16: Allow reasonable time for the qualified archaeologist to notify the proper authorities for a more detailed inspection and examination of the exposed cultural resources. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site. (UAGP Policy VII.F.2[m])

AH-17: If any find is determined to be significant by the qualified archaeologist, representatives of the construction contractor and the City, the qualified archaeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) will meet to determine the appropriate course of action. (UAGP Policy VII.F.2[n])

AH-18: All cultural materials recovered as part of a monitoring program are subject to scientific analysis, professional museum curation, and a report prepared according to current professional standards. (UAGP Policy VII.F.2[o])

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-454**

**RESOLUTION ACCEPTING THE 2019 PUBLIC HEALTH GOALS REPORT IN
COMPLIANCE WITH TITLE 22 OF THE CALIFORNIA HEALTH AND
SAFETY CODE**

WHEREAS, the California Health and Safety Code Title 22 Section 116470 specifies that utilities with greater than 10,000 service connections prepare a special report if any of the water quality measurements taken during the previous three years have exceeded a Public Health Goal (PHG), and

WHEREAS, the water system providers are mandated to hold a public hearing for comments regarding the PHG Report and a copy is on file in the office of the City Clerk, and

WHEREAS, State law requires the report to include numerical public health risk, category/type of health risk, Best Available Treatment (BAT), and estimated treatment cost, and

WHEREAS, only constituents that meet or exceed a PHG or Maximum Contaminant Level Goals (MCLG) if there is no PHG, are addressed, and

WHEREAS, the report was prepared using all water quality data collected between 2016 and 2018, and

WHEREAS, the drinking water quality of the City of Modesto meets all State Water Resource Control Board and U.S. Environmental Protection Agency drinking water standards,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the 2019 Public Health Goals Report in compliance with Title 22 of the California Health and Safety Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Zoslocki,
Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Madrigal, Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-455**

**RESOLUTION APPROVING A STATE OF CALIFORNIA SENATE BILL 2
PLANNING GRANT APPLICATION IN THE AMOUNT OF \$625,000 FOR THE
PURPOSE OF FUNDING VARIOUS HOUSING-RELATED PROJECTS AND
AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO FILE THE
GRANT APPLICATION**

WHEREAS, the issues and problems associated with the on-going housing crises in the San Joaquin Valley and across the State and Nation are serious, well-documented and pervasive, and

WHEREAS, the State of California, Department of Housing and Community Development (Department) has issued a Notice of Funding Availability (NOFA) dated March 28, 2019, for its Planning Grants Program (PGP), and

WHEREAS, the Department is authorized to provide up to \$123 Million under the Senate Bill 2 PGP from the Building Homes and Jobs Trust Fund for assistance to cities and counties for related projects, and

WHEREAS, the City of Modesto desires to submit a project application for the PGP to accelerate the production of housing and will submit a 2019 PGP grant application as described in the NOFA and PGP Guidelines provided by the Department, and

WHEREAS, a public meeting was held on October 1st, 2019, at the Modesto City Hall, in the basement Council Chambers, located at 1010 10th Street, Modesto, California, at which time and place Modesto's 2019 PGP grant application submittal was considered by the Modesto City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto's application for funding, in the amount of \$625,000, from the State of California Senate Bill 2 Planning Grants Program, and

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary grant documents, agreements, MOUs and other documentation needed to carry out the business of the State of California SB2 Planning Grants Program on behalf of the City of Modesto, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of October, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-456**

**RESOLUTION AMENDING FISCAL YEAR 2019-20 ANNUAL OPERATING
AND CAPITAL IMPROVEMENT PROGRAM BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2019-20.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2019-20 Annual Operating and Capital Improvement budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

EXHIBIT A

FISCAL YEAR 2019-20

COMMUNITY & ECONOMIC DEVELOPMENT

- A budget adjustment in the amount of \$994,000 is necessary to increase the expense budget in the capital project # 101209 – Public Facilities Improvements South MLK S&R Water Mains in the Capital Grants – HUD CIP Projects Fund (3170) and establish a transfer from the Water Fund (4100) in the amount of \$519,000 and from the Grants – CDBG Direct Program Fund (1130) in the amount of \$500,000, for a total transfer of \$1,019,000 to the project. A \$25,000 expense budget adjustment has already been processed under the Budget Manager’s authority for the project, which is why this adjustment is requesting \$994,000 bringing the total expense budget to \$1,019,000. This project will replace existing water mains around South Martin Luther King Boulevard near Mellis Park. The existing water mains in this area are old 2”- 4” undersized galvanized steel mains which are prone to leaking and low pressures. The project will replace water lines in the alleys for the following streets: Vine Street, Spruce Street, Walnut Street, Ruberto Street, Ash Street and Leon Avenue. It is expected that the project will be fully complete by April 30, 2020 to meet CDBG and HUD requirements.
- A budget adjustment in the amount of \$420,448 is needed for the below CFD Funds to accurately reflect the special tax levy revenue for FY19-20.

<u>Fund</u>	<u>Account Name</u>	<u>Current Budget</u>	<u>Revised Budget</u>	<u>Adjustment</u>

COMMUNITY & ECONOMIC DEVELOPMENT – MEASURE L

- A budget adjustment in the amount of \$131,563 is necessary to increase the transfer out from Fund 1410 – Measure L Traffic Management category to Project #101040 – Orville Wright Elementary Traffic Flow and Safety Improvements, Fund 3300 – Measure L – Capital Projects and allocate the amount to the projects discretionary expense budget. There is additional revenue available from the Measure L Traffic Management category that will be used on this project to extend the project construction limits and install traffic calming devices at key locations.

- A budget adjustment in the amount of \$100,000 is necessary to increase the transfer out from Fund 1410 – Measure L Traffic Management category to Project #101089 – Tully Road Safety Improvements, Fund 3300 – Measure L – Capital Projects and allocate the amount to the projects discretionary expense budget. There is additional revenue available from the Measure L Traffic Management category that will be used on this project to complete additional concrete work and install signal poles.
- A budget adjustment in the amount of \$180,200 is necessary to increase the transfer out from Fund 1410 – Measure L Bike & Pedestrian category to Project #101180 – Dry Creek Trail Phase II, Fund 3300 – Measure L – Capital Projects and allocate the amount to the projects discretionary expense budget. There is additional revenue available from the Measure L Bike and Pedestrian category that will be used on this project to extend the project construction limits.

PUBLIC WORKS

- *The following adjustments are being made from the various city Fleet Replacement sub-funds to the Fleet Replacement Fund (5409). This action is being done to correct prior year transactions and to reimburse the Fleet Replacement Fund (5409) for vehicle purchases that had been made as required by fund accounting rules in FY 19-20. Below is a table showing the net effect in each sub-fund as a result of the various adjustments.*

Fund	Fund Name	Net Impact of Adjustments
1709	Surface Transportation Fleet Replacement	\$2,288
4009	Parking Fleet Replacement Fund	\$8,310
4109	Water Fleet Replacement Fund	\$182,103
4219	Wastewater Fleet Replacement Fund	\$18,654
4319	Airport Fleet Replacement Fund	\$19,139
4899	Solid Waste Fleet Replacement Fund	\$477,746
5410	GF Equipment Replacement	\$261,423
Total Transfer Outs		\$969,663
5409	Transfer In – Fleet Management Fleet Replacement	\$969,663
Total Transfer Ins		\$969,663

A budget adjustment is necessary to establish a transfer in the amount of \$2,288 from Surface Transportation Fleet Replacement Fund 1709 to Fleet Replacement Fund 5409 for purchases made in FY 14/15: (2) Sales Tax Vehicle Purchase.

A budget adjustment is necessary to establish a transfer in the amount of \$8,310 from Parking Fleet Replacement Fund 4009 to Fleet Replacement Fund 5409 for purchases made in FY 12/13: (1) Trailer.

A budget adjustment is necessary to establish a transfer in the amount of \$182,103 from Water Fleet Replacement Fund 4109 to Fleet Replacement Fund 5409 for purchases made in FY 14/15: (1) Water Truck.

A budget adjustment is necessary to establish a transfer in the amount of \$18,654 from Wastewater Fleet Replacement Fund 4219 to Fleet Replacement Fund 5409 for purchases made in FY 14/15 and 17/18: (3) Sales Tax on Vehicle Purchases and (1) SUV.

A budget adjustment is necessary to establish a transfer in the amount of \$19,139 from Airport Fleet Replacement Fund 4319 to Fleet Replacement Fund 5409 for purchases made in FY 13/14: (1) Power Stroke Plus Airless Striper.

A budget adjustment is necessary to establish a transfer in the amount of \$477,746 from Solid Waste Fleet Replacement Fund 4899 to Fleet Replacement Fund 5409 for purchases made in FY 14/15, 17/19 and 18/19: (1) Stump Grinder, (1) Rear spray bar, (1) Truck 33.0 with aerial bucket and (1) Engine for horizontal grinder.

A budget adjustment is necessary to establish a transfer in the amount of \$261,423 from General Fund (GF) Fleet Replacement Fund 5410 to Fleet Replacement Fund 5409 for purchases made in FY13/14, FY14/15, and FY17/18: (1) Truck ½ Full Size (1) Ball Field Conditioner, (3) Sedan, (2) SUV, (3) Sales Tax on Vehicle Purchases, and (27) Computer and docking stations for various fleet.

- A budget adjustment in the amount of \$136,523 is necessary to reduce the Interfund Charges – Service Credit labor charges revenue account for the Fleet Management Fund (5400) and Services City Forces-Interfund/Non-Labor expense accounts in the Fleet Management Fleet Replacement Fund (5409). The reduction in revenue and expense accounts in both funds are related to the removal of FY 19-20 Direct Charge Agreements. The agreements were established and will no longer be used for the fiscal year.

MODESTO POLICE DEPARTMENT

- A budget adjustment is being made to create a new project (101203) for the 2020 OTS Pedestrian & Bike Safety Program grant, awarded to the Modesto Police Department in the amount of \$60,000. This is to also program revenues and offsetting expenses, as per the approved grant program categories of the expenditure and as contained in the grant contract for Grant Award # PS20013, in the amount of \$60,000.

UTILITIES

- A budget adjustment in the amount of \$1,685,000 is necessary to establish capital project # 101210 – Tank 5 Recoat and Repairs in the Water CIP Fund (4180). This project will provide funding for removal and replacement of the existing interior and exterior coating (epoxy liner) of Tank 5 in order to prevent corrosion of the steel water tank walls. Based on 2018 inspection report, minor repairs will be required on the interior and exterior of the tank. Other repairs to the tanks include the exterior ladder, manways, vents, inlets and should there be items that have been damaged due to corrosion, other minor repairs will be made.

- A budget adjustment in the amount of \$4,119,000 is necessary to establish capital project # 101211 – Tank 12 Recoat and Repairs in the Water CIP Fund (4180). This project will provide funding for removal and replacement of the existing interior and exterior coating (epoxy liner) of Tank 12 in order to prevent corrosion of the steel water tank walls. Based on 2018 inspection report, minor repairs will be required on the interior and exterior of the tank. Other repairs to the tanks include the exterior ladder, manways, vents, inlets and should there be items that have been damaged due to corrosion, other minor repairs will be made.
- A budget adjustment in the amount of \$110,000 is necessary to establish capital project # 101212 – Riverdale Park Water System in the Water CIP Fund (4180). This is phase 1 of the Riverdale Park Tract Community SRF project where City staff will be reviewing the project plans and putting the project out to bid.
- A budget adjustment in the amount of \$1,155,000 is necessary to establish capital project # 101213 – Sunrise Water Mains in the Water CIP Fund (4180). The project will rehabilitate the water main on Sunrise Avenue from Fairmont Avenue to E. Orangeburg Avenue. The water main on Sunrise is old steel undersized which is prone to leaks and low pressure. The project will replace the existing system with City Standard water mains, valves and hydrants to improve system reliability, flows and pressures.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-457**

RESOLUTION APPROVING A PURCHASE ORDER FOR SERVICES BASED ON TIME AND MATERIALS WITH APPLICATIONS SOFTWARE TECHNOLOGY, LLC (AST) FOR THE IMPLEMENTATION OF ENHANCEMENTS TO THE INVENTORY AND MOBILE SUPPLY CHAIN APPLICATIONS (MSCA) MODULES IN THE AMOUNT OF \$66,600 PLUS \$6,660 FOR CONTINGENCY (IF NEEDED), FOR A TOTAL AMOUNT OF \$73,260 AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE, TO EXECUTE THE PURCHASE ORDER

WHEREAS, on November 21, 2016, the City of Modesto made an organizational decision to close the City Central Stores and have a more decentralized approach to storing of inventory/bulk goods that were used across City operating departments, and

WHEREAS, this process was not efficient or effective and departments were dealing with multiple issues related to securing needed parts/bulk goods that adversely impacted operations, and

WHEREAS, for the City to successfully reinstate Central Stores and maintain an inventory system, the Oracle ERP system needs to have its Inventory and MSCA modules upgraded, and

WHEREAS, staff has worked with Applications Software Technology, LLC (AST) to create a Statement of Work (SOW) which is provided in **Attachment A** that details a plan to upgrade the City's Inventory and MSCA modules, and

WHEREAS, the Oracle Inventory and Mobile Supply Chain Application will allow the City to track in real-time the receipting and issuance of all City inventory items, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all

purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures, and

WHEREAS, however, exceptions to the formal bidding process are granted in MMC 8-3.204(d) “Where the Purchasing Manager, in his or her discretion, determines that a process other than the formal bid procedure set for in Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality.”; with utilizing the services of AST, they have the institutional knowledge of the City’s setup which includes customizations which were initially setup in the Inventory and MSCA modules, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the purchase order for services based on time and materials with Applications Software Technology, LLC (AST) for the implementation of enhancements to the Inventory and Mobile Supply Chain Applications (MSCA) modules in the amount of \$66,600 plus \$6,660 for contingency (if needed), for a total amount of \$73,260.

BE IT FURTHER RESOLVED that the Purchasing Manager, or her designee, is hereby authorized to execute the purchase order, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

1. Introduction

1.1 Purpose

The purpose of this Statement of Work (SOW) document is to provide a description of the scope of work, to assist City of Modesto in completing a selected set of inventory related identified optimizations/ upgrades as recommended due to the reopening of a warehouse and the use of MSCA to do inventory transactions

1.2 Background

AST completed an upgrade of the Oracle E-Business Suite (EBS) Applications 2017. Some of the MSCA custom objects were not upgraded as they were not being used due to the close down of the warehouse

The City is seeking functional and the technical consulting required to complete the implementation of these services as documented in the subsequent sections. The city shall provide the project and program management oversight necessary for the project.

1.3 Current Environment

The City currently handles Inventory applications on Oracle EBS, Release 12.2.6

2. Scope of Work

This SOW document contains all elements of work needed to complete a Time and Material project to implement the enhancements for the inventory and MSCA module (hereinafter referred to as the Project).

2.1 Scope of Work

The scope of work for the upgrade of the MSCA module includes the following tasks.

- 1) Add a new location within the same inventory org and provide training guides on how to create a new location.
- 2) Provide best practices for business processes related to managing multiple locations such as but not limited to transferring inventory items between locations and pulling reports to monitor inventory stock and balances by locations.
- 3) With the implementation of Oracle Catalog Blanket Agreements, provide business process on how to complete the process for the purchase of inventory from these agreements and any other processes that should be evaluated associated with this setup
- 4) Provide overview of Purchasing processes related to Stores on how to purchase, receipt and return goods through Purchasing.
- 5) Test and Upgrade Mark-up customization in Oracle Inventory
- 6) Provide overview of Oracle inventory setup for the City related to how the inventory value is determined and billed to City departments (current setup based on Average cost)
- 7) Upgrade and Test Oracle Inventory application in 12.2+
- 8) Upgrade and Test Oracle Mobile application (MSCA or apps) for doing Misc. Issue/Receipts and receiving on the handheld devices and provide training guides on how to utilize the Oracle Mobile application
- 9) Assist the City in evaluating the out of box oracle seeded functionality of Oracle Inventory mobile apps for iPad/iPhone for performing receiving, Misc. issue and receipts.
- 10) Currently there are customization in MSCA to enable DFF's for Requestor, Project, Task, Expenditure and Organization (POET). These customizations will be upgraded and tested.
- 11) Upgrade and Test Customization to populate charge account for POET in both handheld devices and oracle inventory application.
- 12) Train users on the Stores Process including functionality of Cycle count and Physical Inventory in the application and provide User Guides.
- 13) The custom report to print Misc. Issuance/Receipts needs to be upgraded and tested
- 14) Verify all Discoverer and Oracle application reports which pull Inventory data are upgraded and tested.
- 15) The customization to automatically print Misc. Issuance/Receipt report from the handheld MSCA device needs to be upgraded and tested
- 16) To install new patches as required to deploy for the Mobile Applications and apps.
- 17) Address the sales tax issue when printing Purchase Orders.

The technical scope of work includes the following tasks

1. Configure Mobile Devices or ipads with Oracle Stores Smartphone Apps with SSH
2. Verify Software Server Connection and functionality
3. Verify Label Printer Connection and functionality
4. Upgrade and compile Project Misc Issue against Charge Account PLSQL Procedure
5. Upgrade and compile Project Misc Receipt against Charge Account PLSQL Procedure
6. Upgrade and compile Inventory Misc Issue against Charge Account PLSQL Procedure
7. Upgrade and compile Inventory Misc Receipt against Charge Account PLSQL Procedure
8. Upgrade and compile Print Receipt Report PLSQL Procedure
9. Provide Technical Documentations relating to the Upgrade/Changes

3. Assumptions

For the successful execution of the project, the cooperation, support and interaction with City project team members will be valuable to the AST personnel working on the project.

The following assumptions have been made in estimating the cost and time-line of the project as presented in this document:

3.1 Scope and Objectives Assumptions

1. The scope and schedule are fixed. Any change in scope or schedule will result in additional fees. Additional fees due to scope changes will be charged at the rate included within this SOW.
2. AST and the City are committed to executing the project based upon the agreed upon timeline. Any changes to project scope, timeline, approach or resources will be subject to a formal Change Control process and may result in an increase to project costs and/or a change to the schedule.
3. Work will only commence after formal approval of the statement of work and/or after the issuance of a PO or Notice to Proceed.
4. AST functional consultants will be on-site approximately 20% of the time and will perform other work remotely. One of the on-site visits must be on the City's go-live date.
5. AST technical consultants will work remotely.
6. AST will honor all holidays honored by AST or the City, although with concurrence, may choose to work on holidays and weekends.

4. Rate Card

AST shall provide the scoped services based on the schedule listed above on using the below rate card and estimated hours

4.1 Summary of Costs

The following table provides a summary of all project costs by resource

Resource Type	Projected Number of Hours	Hourly Billing Rate	Total
Functional Lead Inventory - Onshore	120	\$165	\$ 19,800
Technical Consultant - Offshore	400	\$50	\$ 20,000
Functional Inventory Consultant - Offshore	320	\$50	\$ 16,000
Database Administrator - Offshore	80	\$50	\$ 4,000
Technical Consultant for report changes -	40	\$50	\$ 2,000
Estimated Travel for Onshore Resources @ \$1600 per visit			\$4,800
Total			\$ 66,600

4.2 Deliverables, Payment Milestones & Costs

The services for this project will be invoiced on a Time and Material basis and will be billed monthly

4.3 Payment Terms

AST shall invoice the City based on the milestone and deliverables listed above.
All invoices shall have payment terms of Net 30 days.

5. Role Definitions

Resource Type	Site	Responsibilities
Functional Lead Inventory - Onshore	Onshore	Responsible for overall solution and will be onsite for the ser testing and production deployment
Technical Consultant - Offshore	Offshore- India	Responsible for migrating and upgrading the custom objects and working with the Offshore functional team on unit testing
Functional Inventory Consultant - Offshore	Offshore- India	Responsible for testing the custom objects and working with the Offshore technical team on unit testing
Database Administrator - Offshore	Offshore- India	Responsible for applying the needed patch set for enabling mobile applications and any other patches needed

6. APPROVALS

AST and the City agree to perform the scope of work in accordance with the conditions within this Statement of Work.

IN WITNESS WHEREOF, the Parties hereto have executed this SOW as of the date set forth below, and represent that each signatory has authority to execute the SOW on behalf of the City and AST, respectively.

Prasad Nettem, Vice President (AST)

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-458**

RESOLUTION APPROVING THE AWARD OF BID AND SERVICE AGREEMENT FOR THE PAINTING OF WATER WELL AND TANK SITES TO HB RESTORATION OF RIO LINDA, CA, FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST NOT TO EXCEED \$79,500 OVER THE FIRST TWO YEARS, AND A TOTAL AMOUNT ACCOUNTING FOR POTENTIAL CPI INCREASES, NOT TO EXCEED \$423,500 OVER FIVE YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto operates and maintains 102 water well sites and thirteen (13) storage tank sites located in and around Modesto, Salida, Turlock, Grayson, Del Rio, Ceres and Empire, and

WHEREAS, the Water Services Division's painting program identifies and prioritizes the painting of well and tank sites and estimates painting 6 (six) well sites and one (1) tank site for each contract year, and

WHEREAS, on September 25, 2018, Council approved Resolution No. 2018-417, rejecting all bids received to Request for Bid No. 1718-59 for the painting of water well and tank sites, and

WHEREAS, the staff needed to amend the original Scope of Service to ensure a more competitive process and eliminate ambiguity, and

WHEREAS, on February 19, 2019, the Purchasing Division issued RFB No. 1718-59RB for the painting of water well and tank sites, and

WHEREAS, on March 19, 2019, bids were formally opened in the City Clerk's office; Ten companies chose to respond, three of which were local vendors; and

WHEREAS, seven companies provided responsive and responsible bids, and three companies were deemed non-responsive, and

WHEREAS, based on providing the overall lowest responsive and responsible bid, City staff recommends the award of the painting of water well and tank sites to HB Restoration, Rio Linda, CA for an estimated annual cost not to exceed \$79,500, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures and RFB No. 1718-59RB conforms with this MMC, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid and service agreement for the painting of water well and tank sites to HB Restoration of Rio Linda, CA, for a two-year agreement with three one-year extension options, for an estimated annual cost not to exceed \$79,500 over the first two years, and a total amount accounting for potential CPI increases, not to exceed \$423,500 over five years.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-459**

RESOLUTION APPROVING AN AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH EAST BAY MUNICIPAL UTILITY DISTRICT, OAKLAND, CA, FOR THE DISPOSAL OF GRAY WATER BY \$72,387 FROM \$489,038 TO A NEW TOTAL AMOUNT OF \$561,425; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto operates a water treatment facility in the community of Grayson, and

WHEREAS, this treatment facility provides safe and reliable drinking water for the residents of the community, and

WHEREAS, as part of the water treatment process, a waste brine is generated that needs to be disposed of on an as-needed basis. Brine waste has been delivered to East Bay Municipal Utility District (EBMUD) since initial operations of this treatment plant in 2007. Modesto's wastewater treatment permit does not allow the disposal of this brine waste at its facility, and

WHEREAS, on June 11, 2019, by Resolution No. 2019-266, Council approved a sole source agreement with EBMUD for the disposal of gray water for a two-year agreement with three one-year extension options, for an annual cost not to exceed \$66,150 for the first year of service, with annual increases of \$0.01 per gallon annually over the five year period and 15% contingency funds for potential increases, for a total not to exceed \$489,037 over five years, and

WHEREAS, on July 22, 2019, staff received notification from EBMUD that based on the sample testing results for Total Dissolved Solids (TDS) taken on August 2018 and March 2019, the TDS level was at 140,000 mg/L. TDS measures the salt (brine) concentration in mg/L of the brine wastewater. Therefore, the City will be

changing from category that is for TDS levels of 50,000 to 100,000 mg/L at a rate of 6 cents/gallon, into the >100,000 mg/L TDS category at 9 cents/gallon, and

WHEREAS, staff does not anticipate TDS levels will decrease, and

WHEREAS, staff is requesting an increase of \$72,387 to the Agreement for a new Agreement total not to exceed \$561,425 over the five-year agreement. This is an amendment to rates based on that previously authorized sole source agreement on June 11, 2019, by Resolution No. 2019-266. Per Finance Policy and Procedures, staff reached out to other vendors and established that EBMUD is the only licensed facility in the surrounding area that can accept disposal of non-hazardous brine, and

WHEREAS, per MMC Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures. Per MMC Section 8-3.204(c), the Purchasing Manager has the authority to recognize the department's current situation as an exigent circumstance. Acting within the scope of this authority, the Purchasing Manager recommends staff be allowed to increase spending authority under this previously approved sole source purchase agreement to \$561,425 in accordance with MMC Section 8-3.204(c), ensuring the City provides safe and reliable drinking water for the residents of Grayson and that services are not interrupted, and

WHEREAS, due to the TDS level exceeding 100,000 mg/L, the City has been notified by EBMUD of an increase in the disposal rate from \$0.06 to \$0.09 per gallon with projected rate increase to \$0.10 per gallon in Year 2 and to \$0.11 per gallon in Year 4. Below is a chart of estimated projected costs with the increased rates through the end of Agreement No. 162136 in 2024.

Year	# Loads / Annually	Gallons / Truckload	Disposal Price/Gal.	Projected 5 Year Cost Approved by Council 6/11/19	Price Increase Disposal Price/Gal.	New Total Projected 5 Year Cost	Increase Requested
Year 1	150	6,300	\$0.07	\$66,150.00	\$0.09	\$85,050.00	\$18,900.00
Year 2	150	6,300	\$0.08	\$75,600.00	\$0.10	\$94,500.00	\$18,900.00
Year 3	150	6,300	\$0.09	\$85,050.00	\$0.10	\$94,500.00	\$9,450.00
Year 4	150	6,300	\$0.10	\$94,500.00	\$0.11	\$103,950.00	\$9,450.00
Year 5	150	6,300	\$0.11	\$103,950.00	\$0.11	\$103,950.00	\$0.00
Total				\$425,250.00		\$481,950.00	\$56,700.00
15% Contingency Funds for Potential Increase				\$63,787.50		\$72,292.50	\$8,505.00
Two invoiced late bills charged on new Agreement						\$7,182.00	\$7,182.00
5-Year Estimated Needs				\$489,037.50		\$561,424.50	\$72,387.00

Funds are budgeted in Water Fund Professional Services 4100-45050-53300.

WHEREAS, this item was considered by the Finance Committee at the September 23, 2019 meeting and was recommended to forward to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment increasing the agreement amount with East Bay Municipal Utility District, Oakland, CA, for the disposal of gray water by \$72,387 from \$489,038 to a new total amount of \$561,425.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

RIVERDALE PARK TRACT COMMUNITY SERVICES DISTRICT FOR
WATER SYSTEM IMPROVEMENTS.**

WHEREAS, the Riverdale Community is located on the south side of the Tuolumne River, west of Carpenter Road and north of West Hatch Road and consists of approximately 178 developed parcels, and

WHEREAS, in April 1992, the City signed a Mutual Aid Agreement with the Riverdale Park Tract Community Services District (RPTCSD or District) for an emergency water service connection, as well as other services, as a short-term back-up water supply to their independent single-well water system in the event they lose water supply capability, and

WHEREAS, the City provides an emergency water supply connection via an 8-inch PVC pipe to the system on West Hatch Rd east of Carpenter Rd and includes a meter by which water delivery is measured for billing at Modesto's industrial water rate, and

WHEREAS, Riverdale's well has had Uranium contaminant concerns, which on occasion, has exceeded the Maximum Contaminant Level (MCL) and in February 2016, the Stanislaus County Department of Environmental Resources (DER) issued a Compliance Order to the District for exceeding the MCL for Uranium for an extended period of time of more than four quarters, and

WHEREAS, in 2016, the District requested assistance from Self-Help Enterprises (SHE), a non-profit disadvantaged community assistance firm, who through use of a State

Technical Assistance Grant, conducted a Feasibility Study (Study) to explore water supply solution alternatives as part of an overall Corrective Action Plan for the community's long-term water supply sustainability, and

WHEREAS, in Autumn of 2018, staff initiated an hydraulic modeling effort with the City's water modeling consultant, West Yost Associates, to identify the specific Capital Improvement Project's (CIP) that would need to be moved forward to serve Riverdale in the near future in the City's buildout expectation, and

WHEREAS, the existing 8-inch water main in West Hatch Road, west of Carpenter Road needs to be upsized to 12-inch, and all 4-inch and 6-inch mains within the Riverdale service area need to be upsized to 8-inch, and

WHEREAS, other water assets also would be brought up to City Standards as required for the City to take possession of the water system, and

WHEREAS, the State agrees to provide State Revolving Fund (SRF) Grant Funding to reimburse 100% for all the necessary water system improvements including new pipes, meters, fire hydrants, etc., and

WHEREAS, as the lead applicant for an SRF Grant, the City will be required to enter into a Grant Agreement with the State to receive the funding, and

WHEREAS, this will be part of a consolidation plan and agreement for project construction funding, and

WHEREAS, the City will need to provide the necessary up-front funding and then be reimbursed 100%, including staff time from SRF funds, and

WHEREAS, SHE will provide SRF grant writing services for the City on behalf of the District using State Technical Assistance funding directly to SHE, and

WHEREAS, the State requires an Authorization action from the Council to validate approval to submit a grant application, and

WHEREAS, authorization allows the State to assign necessary staff to start the application process, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves authorizing the submittal of a grant application for State Revolving Fund Program on behalf of the Riverdale Park Tract Community Services District for water system improvements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-461**

RESOLUTION APPROVING A COST SHARING AGREEMENT WITH THE CITY OF TURLOCK IN AN AMOUNT NOT TO EXCEED \$357,450 TO FUND EXPENSES ASSOCIATED WITH THE ROAD SECTION IMPROVEMENTS ON JENNINGS ROAD FROM WEST MAIN STREET TO WEST MONTE VISTA AVENUE AS PART OF THE TURLOCK NORTH VALLEY REGIONAL RECYCLED WATER PROGRAM; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.

WHEREAS, the City of Turlock has initiated the Turlock North Valley Regional Recycled Water Program (NVRWP) Project and has contracted with Ranger Pipeline, Inc. (Contractor), for the construction of said project, and

WHEREAS, as part of the Turlock NVRWP Project, large diameter pipe will be installed along Jennings Road, resulting in road section improvements of the southbound lane (west side) from West Main Street to West Monte Vista Avenue, and

WHEREAS, the City has jurisdiction and maintenance responsibility of Jennings Road from West Main Street to West Taylor Road, and

WHEREAS, considering the condition of the existing road section along Jennings Road, staff have determined that it would be in the City's best interest to construct road section improvements to the northbound lane (east side) of Jennings Road as well, providing a fully improved road section from West Main Street to West Monte Vista Avenue, and

WHEREAS, the City of Turlock has presented the cost proposal to the City of Modesto and has agreed to issue a change order for said work whereby the City of Turlock will cover the contract portion amount for the southbound lane and the City of Modesto would cover the additional amount for the change order work on the northbound lane, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves authorizing a cost sharing agreement with the City of Turlock in an amount not to exceed \$357,450 to fund expenses associated with the road section improvements on Jennings Road from West Main Street to West Monte Vista Avenue as part of the Turlock North Valley Regional Recycled Water Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-463**

**RESOLUTION ADOPTING THE CITYWIDE 5-YEAR STRATEGIC PLAN, AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO CARRY OUT
THE NECESSARY STEPS TO ACHIEVE THE PRIORITIES IDENTIFIED IN
THE STRATEGIC PLAN**

WHEREAS, a strategic planning process is an organization's process by which it ensures that its resources and priorities reflect the priorities of the community and the City Council; and

WHEREAS, on October 5, 2018 the City entered into an agreement with Management Partners, Inc. to embark on the development of a new strategic plan; and

WHEREAS, the strategic planning process included meetings with the senior executive team, interviews with the Mayor and City Council, focus groups with the chairs and vice chairs of the City's various committees and commissions, focus groups with community leaders, a community survey, and citywide townhall meetings; and

WHEREAS, the City received feedback from approximately 223 individuals from across the city and received surveys from approximately 700 residents; and

WHEREAS, from these discussions and survey responses staff developed the following three priorities Quality of Life, Economic Vitality, Governance and Service Delivery, each of which have their associated goals and strategies that aim to achieve each priority.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the Citywide 5-Year Strategic Plan, and the City Manager, or his designee, are hereby authorized to carry out the necessary steps to achieve the priorities identified in the strategic plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-464**

A RESOLUTION ADOPTING UPDATED PLANNING FEES, LAND DEVELOPMENT ENGINEERING FEES, THE CAPITAL FACILITIES FEES, AND ADOPTING MODIFIED CAPITAL FACILITIES FEES POLICIES AND PROCEDURES, AND AMENDING RESOLUTION 2013-177

WHEREAS, the City Council of the City of Modesto previously adopted Planning Fees and Land Development Engineering Fees applicable to certain approvals, permits and services provided by the City;

WHEREAS, the City of Modesto Capital Facilities Fees (“CFF”) Program was established in 1989 to mitigate the impacts of new development, and the City Council previously established CFF rates based on comprehensive nexus studies; and

WHEREAS, on March 22, 2011, the City Council, by Resolution No. 2011-105, established the nexus for fees imposed by each land use, said nexus and fees were later amended by Resolution No. 2013-177 on May 7, 2013; and

WHEREAS, the City Council desires to update currently established fees to cover inflation and City costs; and

WHEREAS, the City Council, by Resolution No. 2016-277, approved the reconvening of the Comprehensive Fees Task Force (the “Task Force”) and directed the Task Force be of eleven (11) citizen representatives and nine (9) City staff representatives to review all development related fees in the City of Modesto;

WHEREAS, the Task Force met once per month in order to review and make recommendations for all of the development fees in the City of Modesto and reviewed information regarding the fees of each divisions; and

WHEREAS, the Task Force made recommendations regarding changes to certain fees, including increases to ensure cost recovery by the City, and decreases of certain fees to include a subsidy by the City; and

WHEREAS, the Economic Development Committee reviewed the recommendations compiled by Task Force and recommended the City Council adopted those proposed changes;

WHEREAS, the proposed changes to the Planning Fees are included in **Attachment A**, and the proposed changes to the Land Development Engineering Fees are included in **Attachment B**; and

WHEREAS, the fees included in **Attachment A** and **Attachment B** do not exceed the reasonable costs to the City of providing the services provided therein; and

WHEREAS, the City incurs significant costs to obtain and maintain the software and technology necessary to provide the services of the Building Division, such as plan review services;

WHEREAS, the Task Force recommended the City adopt a five percent (5%) technology surcharge on all fees for services of Building Division ; and

WHEREAS, the five percent technology surcharge is less than or equal to a reasonable estimate of the cost of providing the technology used by the Building Division to provide the services for which the fee is charged and not otherwise recouped elsewhere;

WHEREAS, the Capital Facilities Fees Program imposed fees to mitigate the impacts of new development in the following categories: Streets, Police, Fire, General Government, Parks, Air Quality and Administration; and

WHEREAS, the following fees were established by Resolution No. 2013-177:

- The Streets CFF fund was established to accrue funds for arterial roadways, intersections, expressways, freeway interchanges and associated landscaping, and The Transit CFF fund was established to accrue funds for the expansion of the City's transit system including additional buses and their associated facilities.
- The Air Quality Mitigation CFF Fund was established to accrue funds to assist in the reduction of automobile travel, specifically for the development of park and ride lots, Class I Bike Trails.
- The Police CFF Fund was established to accrue funds for additional policing needs including an additional station, police cars and associated equipment, a northeast area precinct, a training facility, a computer aided dispatch system, and an expanded radio system.
- The Fire CFF Fund was established to accrue funds for the construction of additional fire stations, fire vehicles, and a new training station.
- The Parks and Recreation CFF Fund was established to accrue funds for the development of additional regional parks, community centers, and neighborhood parks, and the expansion of the McClure museum.
- The General Government CFF Fund was established to accrue funds for the expansion of City Hall, expansion of the City's corporation yards, and technology expansions, and

WHEREAS, the Capital Facilities Fees Policies and Procedures were adopted on May 7, 2013 by Resolution No. 2013-117 to guide administration of the program; and

WHEREAS, the calculation of fees in the CFF Program currently assumes a level of 1.85 officers per 1,000 residents, but the Task Force recommend reducing this level to 1.2 officers per 1,000 residents to reflect historic staffing levels;

WHEREAS, the proposed revisions to the CFF Program includes an increase of 3.49%, which is equal to the percentage change in 2018-2019 in the San Francisco Bay Area Engineering News Record (ENR) Construction Cost Index through the proceeding December, which is a reasonable estimate of increased costs to carry out the work for which the CFF are imposed since the CFF Program fees were last updated; and

WHEREAS, the proposed Capital Facilities Fees are included in **attachment 3**;
and

WHEREAS, the City Council finds that there is a reasonable relationship between the updated Capital Facilities Fees use, as well as the need for the facilities and services funded by the Capital Facilities Fee, and the type of development project on which the fees are imposed;

WHEREAS, the City Council explicitly adopts and incorporates the findings regarding the CFF included in Resolution Nos. 2011-105 and Resolution No. 2013-177 on May 7, 2013 as if set forth herein in their entirety and applicable to the updated CFF established by this Resolution; and

WHEREAS, this Resolution is intended to amend resolution No. 2013-177; and

WHEREAS, the CFF Policies and Procedures create exemptions for certain qualifying affordable housing projects, and allow certain other projects to defer payment

of the CFF that would otherwise be due at the time a building permit is issued for the project; and

WHEREAS, the City Council wishes to amend the Capital Facilities Fees Policies and Procedures to eliminate certain administrative burdens, as shown in **Attachment 4**; and

WHEREAS, the City Council desires to authorize individual projects to request modified CFFs if it is determined, based on an appropriate trip generation study, that the project will generate a lower number of trips than the trip generation rates that were used as the basis for the current fee schedule; and

WHEREAS, the City Council also desires to authorize the City Manager to approve exemptions and deferrals that comply with the modified Capital Facilities Fees Policies and Procedures, and require further City Council approval only if an application for a deferral or exemption does not meet all requirements or is requesting a waiver of interest; and

WHEREAS, a public hearing has been noticed and held in accordance with Government Code Sections 6062a, 66016, 66017 and 66018.

WHEREAS, the City Council held a duly noticed public hearing pursuant to Government Code Sections 6062a, 66016, 66017 and 66018 on the proposed fees on October 8, 2019 at which time all interested parties had the opportunity to be heard;

WHEREAS, the City Council desires to adopt the proposed fees in order to serve the public interest and promote the health, safety and welfare of the residents of Modesto pursuant to Article XI, Section 7 of the California Constitution.

NOW, THEREFORE, the City Council of the City of Modesto does ordain as follows:

SECTION 1. RECITALS. The above recitals are true and correct, and are incorporated herein.

SECTION 2. ADOPTION OF FEES.

The City Council adopts the following fees:

- a. Updated Planning Fees, **attached** hereto as **Attachment A** and incorporated herein.
- b. Updated Land Development Engineering Fees, **attached** hereto as **Attachment B** and incorporated herein.
- c. A five percent (5%) technology surcharge on all fees charged for the services of the Building Division, as previously adopted by the City Council.
- c. Updated Capital Facilities Fees, **attached** hereto as **Attachment C** and incorporated herein.

SECTION 3. ADOPTION OF CFF POLICIES AND PROCEDURES.

The updated Capital Facilities Fees Policies and Procedures, **attached** hereto as **Attachment D** and incorporated herein, are adopted.

SECTION 4. AMENDMENT OF RESOLUTION 2013-177.

This Resolution is intended to amend Resolution 2013-177. The City Council readopts and incorporates the findings regarding the CFF included in Resolution No. 2013-177 as if set forth herein in their entirety and applicable to the updated CFF established by this Resolution.

SECTION 5. SEVERABILITY. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution which can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are severable. This City Council declares that it would have adopted this Resolution irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of the Resolution be enforced.

SECTION 6. EFFECTIVE DATE. This Resolution shall go into effect and be in full force and operation from and after January 1, 2020.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of October, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

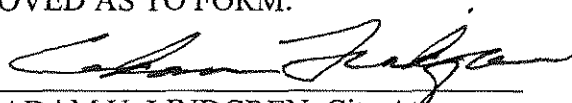

NOES: Councilmembers: None

ABSENT: Councilmembers: Grewal

Outdoor Dining Permits				
Application Fee (Downtown Area Exempt)	\$200.00	\$200.00	Application	Time of Application
Barrier Removal Deposit (Fixed barrier only)	\$250.00	\$250.00	Application	Time of Application
Annual Renewal Fee	\$100.00	\$100.00	Permit	July 1st
Investigations and Site ¹⁴	\$100.00	\$100.00	Each	Permit Issuance
Street Work Area Closure ¹⁵	\$100.00	\$100.00	Each	Permit Issuance

Permits are required for all work done in all public right-of-way, including public utility easements.

Division Endnotes

- ¹ Time and Materials based fee.
- ² Land Surveyor portion of charge will be on a Time and Materials basis because this effort varies significantly.
- ³ Significant additional connection fees apply.
- ⁴ Does not include Land Surveyor review cost. Land Surveyor time will be charged on a Time and Materials basis.
- ⁵ Additional Fees charged if City employees perform staking or staking services.
- ⁶ For lots greater than 100' frontage, each 100' or part thereof is considered to be one "lot" (distance to be measured to nearest 100 feet).
- ⁷ Where no fee is shown, the work is to be performed by others as needed.
- ⁸ Chargeable only when paving is done by City. Developer/Owner shall remove all trenches, unless otherwise approved by the City Engineer.
- ⁹ Costs shall be paid for emergency or other work performed by City for public health and safety in addition to the following minimum charges:
 - a. Cleanup or dust control \$370.00 per street
 - b. Temporary Paving \$233.00 per street
 - c. Temporary Barricades \$142.00 each
- ¹⁰ A trench restoration fee of \$1.50/sf is charged in addition.
- ¹¹ Inspection to be charged on a Time and Materials basis.
- ¹² Applicant shall pay an additional \$3.75/ft for small laterals designed and drawn by the City.
- ¹³ Utility relocation required for City projects is not subject to a charge.
- ¹⁴ Improvements not otherwise listed such as water line extensions, irrigation lines, irrigation line replacements, storm drain lines, etc.
- ¹⁵ Unpermitted Street Work will be assessed a "double fee" penalty.
- ¹⁶ To be calculated by the Public Works Director and other pertinent staff in each instance, based on the actual cost of doing the work, including overhead.
- ¹⁷ \$2.50 per sf of Trench Influence Area
- ¹⁸ \$1.25 per sf of Trench Influence Area
- ¹⁹ Cost estimates over \$1,000,000 will be required to place a deposit and replenish funds as they are exhausted.

NOTE: The following companies have executed Payment Performance Agreements with the City of Modesto and are NOT subject to the Trench Restoration Fee:

- AR&T
- MVO
- PG&E

1. Updates to the current City fees include:

- Combining the Parks and Air Quality fees into one fee
- Reducing the Police Fee by 32% due to the reduction in the police level of service from 1.85 to 1.2 sworn officers per 1,000 residents
- Applying an inflation factor of 3.49% to all fees

INTENT

In 1987, the City of Modesto established a Capital Facilities Fee (CFF) Program to mitigate the impacts of new development as outlined in §6600 of the California Government Code. The CFF collected may be used for the purchase, construction, expansion, rehabilitation or acquisition of public facilities. New development projects that are assessed a CFF include, but are not limited to, new building and construction projects, commercial building additions and changes of use to more intensive land use categories.

The following policies and procedures (Policies and Procedures) shall guide in the administration of the City of Modesto CFF Program. This administrative manual elaborates upon the administrative directions contained in the Modesto's Municipal Code, California State Code and City Council Resolutions.

ADMINISTRATIVE ORGANIZATION & RESPONSIBILITY

CFF Administrator

The Administrator of Infrastructure Financing Programs shall serve as the CFF Administrator and is charged with the overall administration and oversight of the CFF Program. The CFF Administrator has the responsibility of ensuring all issues relating to the CFF Program are managed in accordance with applicable rules and regulations.

ADMINISTRATIVE REQUIREMENTS

Factors Considered

The City Council has determined that the CFF adopted by the City of Modesto shall be based on the following two factors: (i) reflect full cost allocation to each category of new development of capital facilities necessary to serve growth; and (ii) be reviewed annually to consider an escalation to account for inflation.

Annual Report

Annual reporting of a local agency's impact fee program is required by Government Code §66006. The impact fees collected must be segregated from general and other funds containing fees collected for other improvements. Interest on each impact fee fund or account must be credited to that fund or account and be used only for the purpose for which the impact fee was collected.

California Government Code §66006(b) requires that a local agency make the following information available to the public for each separate impact fee fund on an annual basis and that the local agency review that information at a public meeting. The law also requires the annual report include the following information for the prior fiscal year and be made available within 180 days after the last day of each fiscal year:

- Description of the type of impact fee in the account or fund.

- Identification of the amount of the impact fee.
- The beginning and ending balance of the account or fund.
- The amount of impact fees collected and interest earned.
- Identification of each public improvement on which impact fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with the impact fee.
- Identification of an approximate date by which the construction of the public improvements will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete.
- Description of each interfund transfer or loan made from the account or fund, including the public improvements on which the transferred or loaned impact fees were expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.
- The amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of impact funds made to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

In addition to the requirements above, the City Council has determined that the annual report should also contain the following information:

- The cumulative inventory of exempt residential units and the percent of anticipated total exempt units at build-out.
- A comparison of cumulative exempt units to total units built since 1989. During recessions and other times of low production of market-rate housing, it is acknowledged that the cumulative, exempt units may exceed two percent (2%) of the total units built.

Five-Year Report

California Government Code §66001(d) also requires that the local agency make all of the following findings every fifth year with respect to that portion of the account remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the impact fee is to be allocated.
- Demonstrate a reasonable relationship between the impact fee and the purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.
- In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable

relationship between the amount of the impact fee and the cost of the public facility or portion of the public facility attributable to the development on which the impact fee is imposed.

Annual Inflationary Adjustments

In an effort to ensure that all fees collected are adequate, an annual inflationary adjustment is applied each year to the CFF Program. The annual inflationary adjustments are:

- Administratively adjusted annually by the CFF Administrator or his/her designee for all land use categories to account for inflation or deflation.
- Based on the annual change in the San Francisco Bay Area Engineering News Record Construction Cost Index through the month of December the year preceding each inflationary adjustment.
- Becomes effective on or about July 1st of each year.

The City will provide at least one (1) meeting with stakeholders and other interested parties at least sixty (60) days in advance of the effective date of the adjustment. While the annual adjustment is an administrative function, the item should be submitted to the City Council for their information.

CFF Program Updates

The imposition of development impact fees requires identification of the facilities to be provided and the fee amounts imposed must not exceed the cost of the necessary facilities. To fulfill this requirement, the City shall undertake periodic studies to identify the facilities needed and their costs.

Land Value Updates

In an effort to keep pace with market conditions affecting the City's ability to construct public facilities, the City shall annually update the land values of its CFF Program. The intent of the annual updates is to ensure that new development pays for its share of future infrastructure necessary to serve the needs of the City.

DETERMINATION OF CFF

CFF is based on specific land use categories. As a matter of policy, a broad range of uses have been generally categorized as being residential, commercial, office or industrial. Table 1 identifies the approved land use categories. Full definitions of approved land use categories can be found in Appendix A. Undefined uses, as outlined in Table 2, are charged at rates that are determined by the CFF Administrator using similar land use determinations.

An applicant may request a reduction in the CFF if it is determined that the project will generate a lower number of trips than the trip generation rates that were used as the basis for the current CFF. Any such fee reduction must be based on a trip generation study, using

accepted methodology, as determined by the City. The fee reduction shall be no greater than a proportionate reduction in trips demonstrated in the trip generation study. Any such reduction shall be approved by the City Manager.

COLLECTION OF FEES

Calculation and Collection of CFF

As codified in the Modesto Municipal Code, the CFF is collected at the time of building permit issuance. For fee assessments, the Director of the Community and Economic Development Department has the final authority on the determination of land use.

Payments

CFF is collected by the Building Safety Division prior to issuance of a building permit. In the event the payment subsequently proves to be invalid due to insufficient funds, improper execution or for any other reason, the Finance Department shall notify the fee payer, the contractor, and the property owner and a hold shall be placed on the permit and subsequent inspections until the required CFF is paid.

Refunds

If a building permit expires, is revoked, voluntarily surrendered or voided, and no construction or improvement of land has commenced, then the fee payer is entitled to a refund, without interest and less a two and one-half percent (2.5%) administrative fee. Requests for refunds must be made in writing and addressed to the CFF Administrator. Refunds shall be issued within four (4) weeks of the written request.

Protests

In the event a fee payer agrees to pay CFF in protest at the time of building permit issuance, a notification of the protested payment must be made in writing to the CFF Administrator at the time the fees are paid. The protest shall be scheduled for review by the CFF Review Committee and a written response shall be sent to the fee payer.

Appeals

Any individual calculation of the CFF made may be appealed in accordance with the Modesto Municipal Codes 1-4.01 – 1.4.05. Appeals shall be limited to disputes regarding the calculation of CFF due.

EXEMPTIONS, DEFERRALS AND CREDITS

The City of Modesto supports economic development through the growth of Modesto businesses. It also encourages the construction Very Low and Low Income Housing development projects within the City. CFF deferral, credit and exemption programs benefit

economic growth and development by allowing the deferral, credit and/or waiver of impact fees.

Credits and Exemptions

In some situations, credits are provided to acknowledge that the expansion, replacement or reconstruction of a building will have no additional impact on facilities needed as a result of new development. Exemptions are also provided to foster the development of residential units affordable to Very Low Income households, as well as certain qualifying residential units affordable to Low Income households. CFF Credit and Exemption descriptions, qualifications and requirements are provided in Table 3. With respect to Very Low and Low Income Housing exemptions, the total number of housing exemptions granted are not to exceed two percent (2%) of the cumulative total CFF program housing units. However, it is acknowledged that during recessions and other times of low production of market-rate housing, the cumulative, exempt units may exceed two percent (2%) of the total units built. Exemptions that meet the requirements of these Policies and Procedures, including the attached Tables, may be approved by the City Manager. The City Manager, in his or her discretion, may refer any exemption application to the City Council for action. However, any exemptions granted above the two (2%) threshold described above require the approval of the City Council.

Deferrals

The CFF Program allows for two types of deferrals. The first allows non-residential developers to pay a portion of the CFF at the time of building permit issuance and defer payment of the balance over a five (5) year period with interest. The second deferral allows developers of Low Income Housing units to defer payment of CFF for a period of time, not to exceed twenty (20) years, with interest. Table 4 identifies the CFF deferral program guidelines for Low Income Housing and non-residential development projects. All deferrals require an agreement with the City, along with a promissory note and deed of trust recorded on the property to secure payment of the CFF, prior to building permit issuance. CFF Deferrals that meet the requirements of these Policies and Procedures, including the attached Tables, may be approved by the City Manager. The City Manager, in his or her discretion, may refer any exemption application to the City Council for action.

DEVELOPMENT DEDICATIONS

Residential Streets

The collector and local streets required by new development shall be dedicated and improved by the abutting developer in accordance with City Standard Specifications.

Expressways

Expressway improvements shall be constructed as required by the conditions of approval.

- The developer shall be reimbursed the cost of said improvements and right-of-way dedication pending the availability of CFF funds and provided funding for said improvements are included in the CFF Program.
- All reimbursements shall be detailed in a CFF Reimbursement Agreement in advance of construction or dedication in accordance with the municipal code.
- When *interim improvements* are required to facilitate current development prior to future expressway improvements, the interim improvements shall be funded and provided by the abutting developer.
- When *extra facilities* are required specifically for a particular development at hand (i.e.: deceleration/acceleration lanes, slip ramps, etc.), the extra facilities shall be funded and provided by the abutting developer without reimbursement.

Arterial & Major Collector Streets

Arterial and major collector streets shall be constructed per City Standard Specifications. A standard width of forty (40) feet shall be dedicated and improved to City Standard Specifications. ***In all cases described in this section, the forty (40) foot width shall be measured from the new property line on each side of the street towards the street centerline.*** This dedication is a requirement of development and not subject to reimbursement.

- When a developer is required to dedicate and improve more than the required forty (40) feet, the cost of right-of-way and improvements in excess of forty (40) feet shall be reimbursed to the developer pending the availability of CFF funds and provided funding for said improvements are included in the CFF Program.
- All reimbursements shall be detailed in a CFF Reimbursement Agreement in advance of construction or dedication in accordance with the municipal code.
- When there is an *existing street*, where the forty (40) feet dedication and improvements have been previously made, any additional dedication and improvements shall be subject to appropriate reimbursement to the developer.
- When there is an *existing street* and if the streets have not been previously improved to City Standard Specifications, only the dedication or improvements in excess of forty (40) feet will be subject to the appropriate reimbursement.
- When *extra facilities* are required specifically for a particular development at hand (i.e.: deceleration/acceleration lanes, slip ramps, etc.), the extra facilities shall be funded and provided by the abutting developer without reimbursement.

The City's Standard Specifications can be found online at www.modestogov.com. Appendix B details the City's Street Exaction Policy.

REIMBURSEMENT & OTHER RELATED AGREEMENTS

The planning contained in the City's Capital Improvement Program (CIP) and the CFF Program shall guide the amount and the schedule of reimbursements to be paid from CFF funds for reimbursement. Prior to commencement of any work that is eligible for

reimbursement, a Reimbursement Agreement between the developer and the City must be approved per Modesto Municipal Code §8-3.102. A Reimbursement Agreement will be required where the development occurs fronting a planned CFF fund project, or which required CFF funded work off-site. All such work shall be done by developer advances and will be subject to reimbursement pursuant to the terms of the Reimbursement Agreement.

Initial Request for Reimbursement

It is the obligation of the developer, landowner and/or the developer's engineer to submit a request to the CFF Administrator for reimbursement. Requests will not be granted if the dedication or improvements have already been made or started prior to execution of a Reimbursement Agreement. Each request shall include:

- An Engineer's Estimate of the work to be performed that is eligible for reimbursement.
- All exhibits relating to the improvements or right-of-way including the plat and, where applicable, closure calculations.
- Design costs incurred prior to the execution of the Reimbursement Agreement for completed and accepted City-funded facilities as determined and approved by the CFF Administrator.

Reimbursement Agreement

Prior to the issuance of a construction permit and recording of a final map for dedication, the developer will be required to enter into all necessary agreements in a form provided by the City and consistent with these Policies and Procedures. All agreements will be reviewed and approved as to form by the CFF Administrator, City Attorney and others as the City deems appropriate. City Council approval shall be required for all reimbursements over \$49,999.

Timing

The planning contained in the CFF Program and the City's annual adopted Capital Improvement Program shall guide the amount and the schedule of reimbursements to be paid from CFF funds. Furthermore, the CFF Administrator shall determine the fiscal year(s) in which funds will become available and appropriate for reimbursement.

Notice to Proceed

Once the appropriate agreement(s) are executed, a Notice to Proceed shall be issued by the CFF Administrator to the developer to commence construction of reimbursable improvements.

Reimbursement Payments

Upon completion, verification of invoices and acceptance of improvements, reimbursements shall be issued from the applicable CFF fund in the manner set forth in the Reimbursement Agreement.

CONSTRUCTION CONTRACTOR REQUIREMENTS

In retaining construction contractors for work which is reimbursable by the City of Modesto and where a Reimbursement Agreement (or other similar agreement) with the City is less than \$300,000.00, the developer shall abide by the following bid process:

Three Competitive Bids

The developer shall provide three (3) competitive bids. If the developer desires to award to a contractor other than the low bidder, a written request must be submitted to the City. The City may allow this if the developer can provide adequate justification.

Licensing

The developer shall make sure that all contractors and subcontractors are licensed in accordance with §7000 through §7145 inclusive, of the California Business and Professions Code and maintain adequate insurance for any work or services performed. Developer, its contractors and subcontractors shall have and maintain a City business license during the term of any agreement.

Payment of Prevailing Wages

In accordance with California Labor Code §1770, developer shall require the payment of prevailing wages based on the rates determined by the California Director of Industrial Relations. Unless otherwise directed by the City, developer's construction schedule shall provide adequate time for completion of the work such that no holiday or overtime labor shall be required. The City shall not reimburse developer for any labor costs which exceed the normal and customary straight time rates as described in the City of Modesto General Provisions, §4.19, for the work performed unless the City authorizes the use of overtime or legal holiday time, in advance and in writing.

The developer shall maintain certified payroll records for all labor costs incurred on all City reimbursable work for a minimum period of four (4) years from the issuance of the Notice of Completion. Said payroll records shall be made available to the City or any state regulatory agency for review, audit and inspection or copying upon request.

Indemnification

Developer shall indemnify and hold the City harmless for ensuring that the project is bid and constructed in accordance with City standards, and in compliance with all applicable local, state and federal laws. Developer shall also indemnify and hold the City harmless for any damages, claims or actions arising out of said construction activities in a form approved by the City Attorney and the Risk Manager.

Overtime & Change Orders

The City shall retain the right to be in attendance to inspect all bids and change orders. Any extra work or charges during construction for which reimbursement is sought shall be

justified and documented. Except in the case of an emergency, any such charges shall be approved by the City in advance and in writing. In the case of an emergency, any such charges may be authorized by the City if the developer provides adequate justification that an emergency existed and that the extra work or charges incurred were reasonable. Said justification shall be provided within a reasonable time after the emergency ends and prior to reimbursement for any such charges.

TABLE 1 - CFF LAND USE CATEGORIES

CATEGORY	DESCRIPTION
RESIDENTIAL	
Single-Family	Single-family detached homes on individual lots. Density of development is typically ten (10) dwellings per acre or less.
Multi-Family	Multiple-family dwelling units and multi-family residential planned unit developments greater than a density of ten (10) units per acre.
	<ul style="list-style-type: none"> ▪ Duplexes ▪ Triplexes ▪ Mobile Homes ▪ High & Low Rise Apartments ▪ High & Low Rise Condominiums ▪ Medium-Density Developments
Senior Housing	Retirement communities restricted to adults or senior citizens, congregate care facilities, and similar residential uses.
Hotel	Hotel and motel rooms
COMMERCIAL	
Retail	<p><u>Retail, including, but not limited to:</u></p> <ul style="list-style-type: none"> ▪ Convenience Markets ▪ Supermarkets ▪ Drug Stores ▪ Department Stores ▪ New & Used Car Sales ▪ Nursery Sales/Displays ▪ General Merchandise ▪ Building Materials ▪ Lumber Stores ▪ Specialty Retail Stores ▪ Racquetball Courts ▪ Discount Stores ▪ Paint Stores ▪ Hardware Stores ▪ Video Arcades ▪ Health Club Locker Rooms and Showers <p><u>Restaurants, including, but not limited to:</u></p> <ul style="list-style-type: none"> ▪ Fast Food ▪ Sit Down Restaurants ▪ Bars ▪ Cocktail Lounges ▪ Drinking Establishments ▪ Covered and Enclosed Patio Dining <p><u>Banks:</u></p> <ul style="list-style-type: none"> ▪ Banks ▪ Savings & Loans ▪ Credit Unions <p><u>Other:</u></p> <ul style="list-style-type: none"> ▪ Storage facilities, also known as "mini" storage facilities for personal items and not associated with industrial use.
COMMERCIAL - OTHER	
Church	Structures primarily designed as a place for worship. Also includes church multi-purpose rooms.
Daycare & School	An educational, vocational, daycare facility or gyms for private schools.
Hospital	Structures designed for healing services, both in-patient and out-patient, that includes surgical care of the sick, injured, or physically ill and/or therapeutic treatment for the mentally ill. Included as an integral part of a hospital are laboratories, out-patient departments, training facilities, central service facilities, and hospital staff offices on the same site. The preceding ancillary uses are considered "professional offices" if located off-site, unless a multi-site campus is covered by a P-D zone or hospital uses. Separate sets of offices on the same site for physicians are considered "professional offices".

CATEGORY	DESCRIPTION
COMMERCIAL - OTHER	
Nursing Home	Structures designed for use as a convalescent hospital, retirement home, or a twenty-four (24) hour care center for seven (7) or more persons in addition to members of the family.
OFFICE	
Medical Office	Offices and clinics devoted to the practice of medical professions or providing medical services, including pseudo-medical services, but excluding hospitals and nursing homes which are treated separately.
General Office	All other types of general and professional offices.
INDUSTRIAL	
Manufacturing, Light Industrial, & Industrial Park	<p>Facilities in which the primary activity is the production of finished items through manufacture, fabrication, processing, packaging, or treatment of raw materials or parts, except heavy industrial uses. Uses which are considered include:</p> <ul style="list-style-type: none"> ▪ Electronics Assembly ▪ Paper Products ▪ Metal Fabricator ▪ Bottling Plant ▪ Cabinet Shop ▪ Machine Shop ▪ Sheet-Metal Shop ▪ Pulp/Paper Mill ▪ Welding Shop ▪ Wholesale Shop ▪ Recycling Facility ▪ Rock Crushing ▪ Stockyard ▪ Tannery ▪ Equipment Rental Yard ▪ Food Processor, Brewery, or Bakery ▪ Junk Handling, Processing, or Storage ▪ Septic Tank and Cesspool Storage ▪ Vehicle Salvaging and Wrecking ▪ Burning Operations for Wood and Lumber Products ▪ Landfill, Waste Product Disposal, and Transfer Stations ▪ Reduction, Processing, Storage of Offal, Dead Animals, Bones, or similar materials ▪ Manufacture, Fabrication, Processing, Treatment of Explosives, Great Products, Chemicals, Chemical Products, and Oil ▪ Material Testing, Labor Manufacturer <p><i>Note: When a development proposal contains more than an incidental mixture of mixed industrial uses, the general type of uses should be segregated and treated separately.</i></p>
	Warehousing, Distribution, & Heavy Industrial

TABLE 2 - CFF UNDEFINED LAND USES

BUILDING USE	DESCRIPTION
Shell Buildings	<p>Builders will often apply for a building permit to construct the "shell" of a building.</p> <ul style="list-style-type: none"> ▪ The shell use shall be determined at the time of building permit issuance. ▪ The first tenant improvements to the shell building shall be charged according to land use.
Roof Structures	<p>When an open area exists and a roof structure is added, 100% of the total CFF shall be charged if the structure is supported by the addition of one (1) or more side walls. 50% of the total CFF shall be charged if the structure has no side walls.</p>
Multiple Use Structures	<p>With the exception of commercial uses, if there is more than one (1) primary land use within a building, and the applicant can document that a secondary land use accounts for more than fifteen percent (15%) of the gross floor area of the structure, then the CFF shall be calculated separately for each use and the results summed.</p>
Canopy Construction	<p>When an open area exists and a canopy structure is added, 100% of the total CFF shall be charged if the canopy is enclosed on three (3) or more sides and 50% of the total CFF shall be charged if the canopy is enclosed on one (1) or two (2) sides. Canopied business or storefront entryways and freestanding membrane canopies with no sides are exempt.</p>
Mezzanines	<p>When a second floor open area or balcony exists, 100% of the total CFF shall be charged.</p>
Change of Use for Existing Buildings	<p>With the exception of shell buildings, any alteration or change of use to an existing building does not trigger the payment of CFF provided that no additional square footage is added. If additional square footage is added, the CFF shall be charged based on the additional square footage and land use. Should the change of use fall within a lower land use category, no refunds or credits for the previously paid CFF shall be made.</p>
Ancillary Recreation Buildings	<p>The CFF paid on the dwelling unit or room basis is deemed adequate for ancillary recreation buildings such as mobile home clubhouses, cabanas, weight rooms, lounges, or activity buildings which are primarily oriented to the residential development.</p>

TABLE 3 - CFF CREDITS AND EXEMPTIONS

		TYPE	DESCRIPTION & QUALIFICATIONS	REQUIREMENTS (Prior To Issuance of a Building Permit)
RESIDENTIAL		Single-Family Granny Flats	Second dwelling unit located adjacent or connected a single-family dwelling unit.	<ul style="list-style-type: none"> No Charge
		Very Low and Low Income Housing	<ul style="list-style-type: none"> Any Very Low and Low income housing units constructed or expanded by the Housing Authority of the County of Stanislaus or by any entity in which the Housing Authority is a major partner. 	<ul style="list-style-type: none"> Application City Manager Approval if project meets all requirements, otherwise CC approval.
		CHDO Housing	<ul style="list-style-type: none"> Housing constructed or expanded by a CHDO Organization that will be made affordable to households earning sixty (60%) or less of the Area Median Income. CDHO Organization must meet all CDHO Housing qualification for ten (10) year period and residential units must satisfy affordability requirements for 10 year period. If a resale or refinance occurs within the ten (10) year period, the new buyer will be allowed to assume the remainder of the exemption if the buyer meets the CHDO Housing criteria. Staff reports for exemption request shall indicate the cumulative inventory of exempt units and the percent of anticipated total exempt units at build out. The staff report shall also provide a comparison of units to total units built since 1989. If a resale or refinance occurs within the ten (10) year period and the new buyer does not qualify for the exemption, full payment of CFF, equal to the CFF in effect when building permits were issued, would become due, with no interest thereon. 	<ul style="list-style-type: none"> Application Agreement, Promissory Note, Deed of Trust CH & CDC Approval City Manager Approval if project meets all requirements, otherwise CC approval.
		Very Low Income Housing	<ul style="list-style-type: none"> Housing constructed or expanded that will be made affordable to households earning fifty (50%) or less of the Area Median Income. Residential units must be maintained as affordable to Very Low Income households for a period of 10 years. If a resale or refinance occurs within the ten (10) year period, the new buyer will be allowed to assume the remainder of the exemption if the buyer meets the Very Low Income criteria. Staff reports for exemption request shall indicate the cumulative inventory of exempt units and the percent of anticipated total exempt units at build out. The staff report shall also provide a comparison of units to total units built since 1989. If a resale or refinance occurs within the ten (10) year period and the new buyer does not qualify for the exemption, full payment of CFF would become due, with no interest thereon. 	<ul style="list-style-type: none"> Application Agreement, Promissory Note, Deed of Trust CH & CDC Approval City Manager Approval if project meets all requirements, otherwise CC approval.
		Shelters	<ul style="list-style-type: none"> Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary or transitional shelter for the homeless in general or for special populations of the homeless. (Examples include emergency shelters, transitional housing and Safe Havens) 	<ul style="list-style-type: none"> No Charge
		Recreational Buildings	<ul style="list-style-type: none"> For residential projects, the CFF on a dwelling unit or room basis are deemed adequate for ancillary recreation buildings that are oriented and primary to the residential development. Mobile home park club houses, cabanas, weight rooms, lounges, and activity buildings. 	<ul style="list-style-type: none"> No Charge
		Alterations & Additions	<ul style="list-style-type: none"> Any alteration or addition to a residential structure provided that no new dwelling units are created. 	<ul style="list-style-type: none"> No Charge
		Single-Family Replacement & Reconstruction	<ul style="list-style-type: none"> Any replacement or reconstruction of a residential structure that has been destroyed or demolished provided that no new dwelling units are created. Satisfactory documentation must be presented to the CFF Administrator of the existence of the previous residential structure. Non-transferrable. The residential structure is located on the same property of the demolished or abandoned residential structure. 	<ul style="list-style-type: none"> No Charge
		Multi-Family Replacement & Reconstruction	<ul style="list-style-type: none"> Any replacement or reconstruction of a multi-family residential structure that has been destroyed or demolished provided that the square footage of the new structure is equal to or less than that of the previous structure and the number of units in the new structure is equal to or less than that of the previous structure. Satisfactory documentation must be presented to the CFF Administrator of the existence of the previous multi-family residential structure. Non-transferrable. 	<ul style="list-style-type: none"> No Charge

- The new multi-family residential structure is located on the same property of the demolished or abandoned multi-family residential structure.

TABLE 3 - CFF CREDITS AND EXEMPTIONS (Con't.)

TYPE	DESCRIPTION & QUALIFICATIONS	REQUIREMENTS (Prior To Issuance of a Building Permit)
RESIDENTIAL	Replacement due to Eminent Domain <ul style="list-style-type: none"> ▪ Any replacement of an existing building that has been or shall be vacated due to eminent domain proceedings, or the threat of such proceedings. ▪ Building permit for replacement structure must be applied for within two (2) years after the transfer of title or within two (2) years after the property has been vacated. ▪ No additional dwelling units are created and no additional square footage is added. ▪ Use is not devoted to a higher-density capacity and/or does not result in the generation of additional peak hour trip ends. ▪ Satisfactory documentation must be presented to the CFF Administrator of the existence of the previous building and land use type. ▪ The new building is located on the same property of the demolished or abandoned building. ▪ Non-transferrable. ▪ <i>Exception: If the new building is CFF Land Use that is intensified from the CFF Land Use of the previous building, the incremental difference between the new building CFF Land Use and the previous building CFF Land Use shall be due at building permit issuance.</i> ▪ <i>Exception: Additional square footage added shall be subject to payment of applicable CFF at building permit issuance.</i> 	<ul style="list-style-type: none"> ▪ No Charge ▪ Time Sensitive
	Sales & Construction Trailers <ul style="list-style-type: none"> ▪ Maximum term use of two (2) years. 	<ul style="list-style-type: none"> ▪ No Charge
	All Other Trailers <ul style="list-style-type: none"> ▪ All other types of temporary trailers are charged the full CFF. The CFF is refundable (less 2.5% administrative fee) if requested, in writing, within six (6) years of payment of the CFF. 	<ul style="list-style-type: none"> ▪ CFF Charged ▪ Refundable
	Truck Loading Bays <ul style="list-style-type: none"> ▪ Canopied and enclosed and not used as staging area for storage or protection or product. 	<ul style="list-style-type: none"> ▪ No Charge

APPENDIX A - DEFINITIONS

The intent and meaning of the terms that are used shall be as defined in these CFF Policies & Procedures except as specifically noted, revised or added.

Definitions – A

Applicant. The applicant for a building permit for which an impact fee is due pursuant to the provisions of these CFF Policies and Procedures.

Arterial. A moderate or high-volume street with four (4) to six (6) travel lanes which carries large volumes of traffic between areas in urban centers, with flow usually consisting of large, signaled intersections with other arterials and many collector roads.

Definitions – B

Banks. Full service banking institutions with or without drive up windows.
(CFF Rate = Retail)

Building Inspection. The Building Safety Division of the Community & Economic Development Department for the City of Modesto.

Building Safety Division. The Building Safety Division of the Community & Economic Development Department for the City of Modesto.

Definitions – C

Capital Facilities Fee. Impact fees established to mitigate the impacts of new development as outlined in §66000 of the California Government Code for the purchase, construction, expansion, rehabilitation, or acquisition of public facilities.

Certificate of Occupancy. Final sign off of a building permit.

CHDO Housing. Shall mean housing found to be affordable to households earning sixty percent (60%) or less of the Area Median Income as determined from time to time by the United States Department of Housing and Urban Development.

CHDO Organization. A specific type of nonprofit organization that has been certified by HOME Investment Partnership Program (HOME) as a Community Housing Development Organization.

CFF Administrator. The Administrator of the Infrastructure Financing Programs for the City of Modesto.

Church. Structures primarily designed or used as a place of public worship.
(CFF Rate = Church)

City. The City of Modesto.

City Attorney. The City Attorney, or his or her designee, of the City of Modesto.

City Council. The City Council of the City of Modesto (CC).

City Engineer. The City Engineer, or his or her designee, of the City of Modesto.

Collector. A low or moderate-capacity road, usually consisting of a mixture of signaled intersections with arterial roads and signals, circles or stop signs with other collector and local roads.

Commercial. Commercial and retail uses. *(CFF Rate = Retail)*

Community & Economic Development. The Community & Economic Development Department of the City of Modesto.

Convenience Markets. Convenience markets, with or without on-site pumps and open 24 hours or extended hours. *(CFF Rate = Retail)*

Definitions – D

Daycare/School. An educational, vocational or daycare facility.
(CFF Rate = Daycare)

Development Project. Any project undertaken for the purpose of development. Development projects include projects involving issuance of a permit for construction or reconstruction but not a permit to operate.

Developer. See Applicant.

Director. Director of Community and Economic Development.

Definitions – E

Expressway. A high-volume, access-controlled roadway with three classes consisting of four (4) to six (6) lanes where spacing between interchanges with arterial roadways is limited to one mile.

Definitions – F

Facilities. See Public Facilities

Fee. A monetary exaction other than a tax or special assessment whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad-hoc basis, that is charged by a local agency to the applicant in conjunction with approval of a development project for the

purposes of defraying all or a portion of the cost of public facilities related to the development project. This does not include fees specified in §66477, fees for processing applications for governmental regulatory actions or approvals, fees collected under development agreements adopted pursuant to Article 2.5 (commencing with §65864) of Chapter 4, or fees collected pursuant to agreements with redevelopment agencies which provide for their development of property in furtherance or for the benefit of a development project for which a redevelopment plan has been adopted pursuant to the Community Redevelopment Law (Part 1 (commencing with §33000) of Division 24 of the Health and Safety Code).

Fee Payer. See Applicant.

Finance. The Finance Department of the City of Modesto.

Definitions – G (Reserved)

Definitions – H

Hospital. A structure designed for health services, both inpatient and outpatient; that includes surgical care of the sick, injured or the physically ill and/or therapeutic treatment for the mentally ill. Included as an integral part of a hospital are laboratories, outpatient departments, training facilities, central services facilities, and hospital staff offices on the same site. The preceding ancillary uses are considered “professional offices” if located off-site unless a multi-site campus is covered by a P-D Zone or hospital uses. A separate set of offices on the same site for physicians is considered “professional offices.” (*CFF Rate = Hospital*)

Definitions – I

Improvements. See Public Facilities.

Industrial Land Use. (*CFF Rate = Industrial(Manufacturing)*)

Manufacturing, Light Industrial & Industrial Parks Uses:

- Electronic assembly, paper products
- Metal fabricator
- Bottling plant
- Cabinet shop
- Machine shop
- Sheet-metal shop
- Welding shop
- Wholesale shop
- Printing plant
- Mini-warehouse
- Materials testing labors manufacturer
- Food processor, brewery, bakery

- Recycling facility
- Burning operations for lumber and wood products
- Junk handling, processing and storage
- Landfill and waste products disposal or transfer station
- Manufacture, fabrication, processing, packaging and treatment of explosives, oil, great products, chemicals, and chemical products.
- Rock crushing
- Pulp and paper mill
- Reduction, processing, and storage of offal, dead animals, bones or similar materials
- Septic tank and cesspool services
- Stockyard
- Tannery
- Vehicle salvaging and wrecking

Mixed Industrial Uses

When a development project contains more than an incidental mixture of uses, the general types of uses should be segregated and treated separately for the purposes of calculating development fees.

Definitions – L

Low Income Housing. Housing found to be affordable to households earning fifty-one to eighty (51 - 80%) percent of the Area Median Income as determined from time to time by the United States Department of Housing and Urban Development.

Definitions – M

Medium Density Residential. Duplex or triplex buildings located on a single lot designated for occupancy by two (2) or three (3) families. (*CFF Rate = Multi-Family Residential*)

Multi-Family Residential. Multiple family dwelling units of several types, including high and low rise apartments, high and low rise condominiums, and multi-family residential planned unit developments greater than a density of ten (10) units per acre. The category also applies to mobile homes. (*CFF Rate = Multi-Family Residential*)

Definitions – N

Nursing Home. Structures designated for use as a convalescent hospital, retirement home, or a twenty-hour care center for seven (7) or more persons in addition to members of the family. (*CFF Rate = Nursing Home*)

Definitions – O

Office (General). General and professional offices excluding medical offices. *(CFF Rate = General Office)*

Office (Medical). Offices and clinics devoted to the practice of medical and dental professions or providing medical or dental services, including pseudo-medical services, but excluding hospitals and nursing homes which are treated separately. *(CFF Rate = Medical Office)*

Definitions – P

Parks, Recreation & Neighborhoods. The Parks, Recreation & Neighborhoods Department of the City of Modesto.

Public Facilities. Public buildings include the following:

- Public buildings including park, recreation, police, fire and administration buildings.
- Facilities for storage, treatment, and distribution of nonagricultural water.
- Facilities for the collection, treatment, reclamation and disposal of water.
- Facilities for the collection and disposal of storm waters and for flood control purposes.
- Facilities for the generation of electricity and the distribution of gas and electricity.
- Facilities for the distribution of information, including radio and communication like towers and satellite dishes.
- Transportation and transit facilities, including but not limited to streets and supporting improvements, roads, overpasses, bridges, harbors, ports, airports, parkways and related facilities.
- Parks and recreation facilities, including bike trails, public landscape areas and community centers.

Public Works. The Public Works Department of the City of Modesto.

Definitions – Q (Reserved)

Definitions – R

Recreational Buildings. Ancillary recreational buildings that are oriented primarily to a residential development.

Restaurants (Fast Food). Fast food restaurants with or without sit-down facilities and with or without drive up windows. Generally food is ordered and taken to be consumed outside the restaurant building, however some on-site seating is usually provided. *(CFF Rate = Retail)*

Restaurants (Sit-Down – high turnover). Sit-down restaurants where food is ordered and consumed in the restaurants and customers generally stay less than one (1) hour. Sit-down restaurants typically serve breakfast, lunch or dinner and also include drinking establishments such as bars and cocktail lounges.

(CFF Rate = Retail)

Restaurants (Sit-Down – low turnover). Sit-down restaurants which generally have turnover rates of one (1) hour or longer and typically do not serve breakfast, and may or may not serve lunch. *(CFF Rate = Retail)*

Retail. Includes a wide range of retail service uses, both freestanding and in shopping centers, including but not limited to supermarkets, drug stores, department stores, general merchandise, building materials or lumber stores, specialty retail stores, discount stores, hardware/paint stores, video arcades, and new and used car sales, auto repair shops, and car washes. *(CFF Rate = Retail)*

Definitions – S

Savings & Loans. Includes thrift and credit unions, with or without drive-up windows and which typically offer fewer financial services than banks and are smaller in gross floor area than banks. If a given Savings & Loan is 5,000 gross feet or more, or provides full banking services, it should be treated as a bank. *(CFF Rate = Retail)*

Senior Housing Residential. Retirement communities restricted to adults or senior citizens, congregate care facilities, and similar residential uses. *(CFF Rate = Senior Housing Residential)*

Shelter. Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary or transitional shelter for the homeless in general or for special populations of the homeless.

Single-Family Residential. Single-family detached homes on individual lots, such as in residential subdivisions, but could also be in planned developments. Density of development may vary, but is typically ten (10) dwellings per acre or less. *(CFF Rate = Single-Family Residential)*

Square Foot (sf). As used for the calculation of impact fees is the same as the square footage for determination of the issuance of building permits.

Definitions – T (Reserved)

Definitions – U

Utility Planning & Projects. The Utility Planning & Projects Department of the City of Modesto.

Definitions – V

Very Low Income Housing. Shall mean housing found to be affordable to households earning fifty percent (50%) or less of the Area Median Income as determined from time to time by the United States Department of Housing and Urban Development.

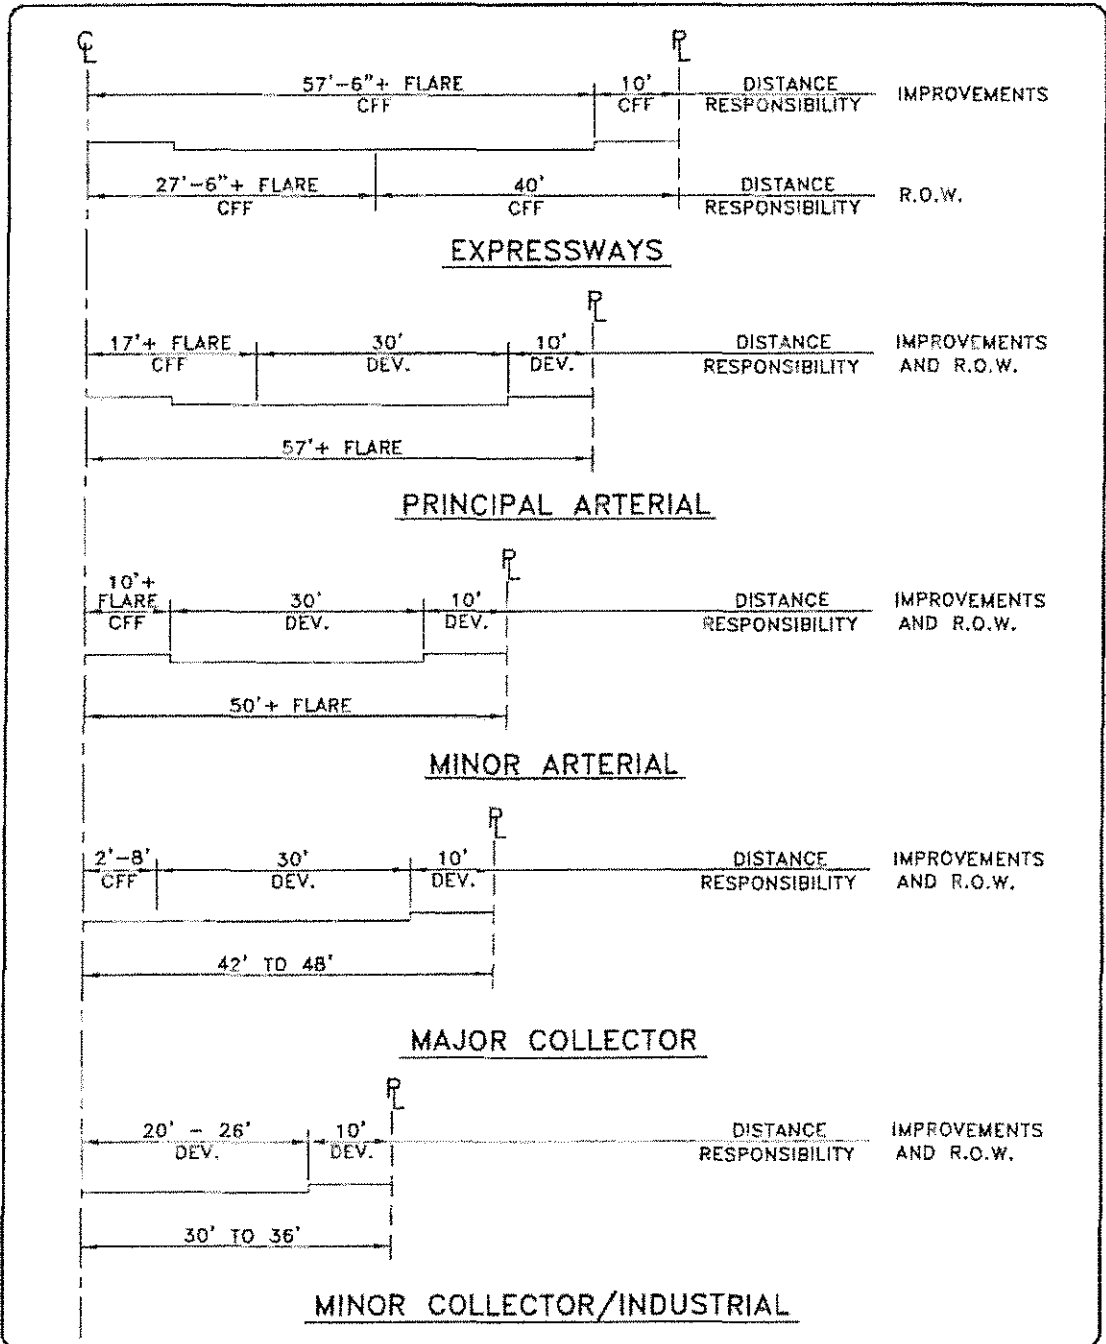

Definitions – W

Warehouse Distribution & Heavy Land Use. Facilities in which the primary activity is the storage of materials or in which the primary activity is receiving and shipping of materials. Uses which are considered to be in this category include freight, warehousing, corporation yard, freight yard, equipment rental yard, moving and storage services, bulk feed storage and lumberyard.

(CFF Rate = Industrial (Warehousing))

**DEFERRAL OF CAPITAL FACILITIES FEES, WATER CONNECTION AND
WASTEWATER CAPACITY FEES
UNTIL CERTIFICATE OF OCCUPANCY AGREEMENT AND NOTICE OF LIEN**

This Deferral of Capital Facilities Fees, Water Connection and Wastewater Capacity Fees until Certificate of Occupancy Agreement and Notice of Lien (“Agreement”) is made, entered into and is effective on the ____ day of _____, 20____, by and between the City of Modesto, a municipal corporation (the "City"), and

(the "Property Owner”).

Recitals

WHEREAS, the Property Owner owns the following parcel (the “Property”)

- Physical Address: _____

- APN: _____; and

WHEREAS, the Property Owner desires to obtain a building permit for a single family residence on the Property; and

WHEREAS, the Property Owner desires to defer payment of:

- Capital Facilities Fees
- Water Connection Fees
- Wastewater Capacity Fees

due on the Property ("Deferred Fees") in the amount of \$ _____ until a final inspection for the issuance of a Certificate of Occupancy is scheduled; and

WHEREAS, in view of the fact that the Deferred Fees would otherwise have been required at building permit issuance, the Property Owner agrees to be separately responsible for payment of the Deferred Fees as set forth herein.

NOW, THEREFORE, the City and the Property Owner agree as follows:

Agreement

The above recitals are correct.

1. Property Owner agrees to pay an administration fee of TWO HUNDRED FIFTY DOLLARS and 00/100 (\$250.00) to process this Agreement, and agrees that the City has no duty to proceed with issuance of a building permit until the administration fee is paid.
2. Property Owner agrees to pay a recording fee of TWELVE DOLLARS and 00/100 (12.00) to remove the lien.
3. Property Owner agrees to pay a title report fee of FIVE HUNDRED DOLLARS and 00/100 (\$500.00) to obtain a current title report to verify ownership of the Property.
4. Property Owner and each successive owner shall notify City of any sale or

pending escrow closing to ensure timely payment of the Deferred Fees.

5. Property Owner agrees to pay the Deferred Fees in the following amounts:

- Capital Facilities Fees: \$ _____
- Water Connection Fees: \$ _____
- Wastewater Capacity Fees: \$ _____

prior to the scheduling of a final inspection for the issuance of a certificate of occupancy.

6. Property Owner will pay the Deferred Fees prior to close of escrow on the Property or prior to the scheduling of a final inspection, whichever first occurs.

7. In the event the Deferred Fees are not paid within eighteen (18) months from the date a building permit is issued, the City shall be entitled to make an immediate written demand to Property Owner for payment of the amount of the delinquent Deferred Fees plus a 10% penalty, and the Property Owner agrees immediately to pay the amount of the demand to the City as payment of the Deferred Fees. If the amount of the demand is not paid within seven (7) days following mailing of the demand or within five (5) days following delivery thereof to the Property Owner, the City shall be entitled to have judgment entered against the Property Owner for the unpaid amount of the delinquent Deferred Fees plus a ten percent (10%) penalty plus interest at one and one-half percent (1.5%) per month accruing the first of each month which is more than 30 days from the expiration of the seven (7) or five (5) day period, plus costs and expenses of suit, including reasonable attorneys' fees. In the event that any portion of the Deferred Fees is paid to the City from any other lawful source, the City may, in the proportion of the payment, assign its rights hereunder against the Property Owner to the payor.

8. In the event that the Property Owner fails in any respect to meet its obligations

under this Agreement to pay the delinquent Deferred Fees, the Chief Building Official shall have the right, irrespective of any other fact or facts, to deny or withhold the scheduling of a Final Inspection on the Property. Such remedy shall be in addition to and not in lieu of any other remedy in equity or law to which the City may be entitled or any cause of action which the City may bring in any state or federal court to enforce the provisions of this Agreement.

9. Property Owner agrees for it, and all subsequent owners of or parties who shall acquire any property interest in the Property (Property Owner assumes a duty to notify of this provision of this agreement) that City may cut off all City utilities to the Property to compel payment of the Deferred Fees after City provides 15 calendar days notice to Owner and to any parties known to City to have an interest in the Property, of breach of this Agreement, and 15 days for cure to be made to the City's sole satisfaction. City may require reasonable interest to be paid on all Deferred Fee amounts owed either in a lump sum with interest, if any, or arrange further payment terms in its sole discretion. Property Owner agrees to hold City harmless from and defend it from any proceeding, claim cost, loss or damage whatsoever arising out of or relating to City's exercise of its rights under this or any other provision of this agreement.

10. The Property Owner may assign its rights and obligations under this Agreement, with the prior written consent of the City, which consent shall not be unreasonably withheld and shall be limited to the City's review and analysis of the proposed assignee's financial ability to pay the Deferred Fees hereunder. No such assignment shall be made unless and until the party to which the assignment is to be made has entered into an agreement with the City expressly assuming the obligations set forth herein. The Property Owner shall not be relieved of any of its

obligations under this Agreement unless and until such an assumption agreement has been fully executed and has become effective.

11. The Property Owner will give notice of the terms of this Agreement to all purchasers of property in respect of which payment of the Deferred Fees has not been accomplished by close of escrow on the transfer from Property Owner and shall especially draw such purchasers' attention to the fact that if the Deferred Fees are not paid at close of escrow, the Deferred Fees shall be immediately delinquent.

12. In the event that any provision of this Agreement is held to be invalid, void or otherwise unenforceable by any court of competent jurisdiction, such provision(s) shall be deemed severable from the remainder of this Agreement and shall in no way affect, impair or invalidate any other provisions contained herein. Should any provision of this Agreement be held unenforceable, the Property Owner and the City shall take such steps as equity and good faith require providing for payment of the Deferred Fees.

13. The Property Owner agrees to defend, indemnify and save and hold harmless the City, its officers, agents and employees from any and all claims, damages, liability or actions arising out of or connected with this Agreement, expressly including any action challenging the validity of this Agreement.

14. In the event that legal action is necessary to enforce the provisions of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees and costs.

15. Amendments or modifications to this Agreement shall be in writing and executed by both parties.

16. This Agreement and any attachments hereto and references herein constitute the

entire agreement and understanding between the City and the Property Owner concerning the subject matter contained herein.

17. All notices requested by this Agreement shall be in writing and delivered in person or sent by first-class mail, postage prepaid. Written notices or communications required by or concerning this Agreement shall be addressed as follows:

City: City of Modesto
c/o Infrastructure Financing Programs
P.O. Box 642
Modesto, California 95333

Property Owner:

Name _____
Address _____
City, State, Zip _____
Phone _____

Any party may change the address stated herein by giving notice in writing to the other party, and thereafter notices and correspondence shall be addressed and transmitted to the new address.

18. This Agreement is to be construed according to the laws of the State of California.

19. This Agreement may be executed in counterparts, each of which shall be treated as an original.

20. This Agreement will terminate and be of no further force, effect or benefit to Owner if Owner fails to obtain a building permit for the Project within one year from the effective date of this Agreement.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized

the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2009-047, adopted by the Council of the City of Modesto on the 13th day of January, 2009, and Resolution No. 2011-106, adopted by the Council of the City of Modesto on the 22nd day of March, 2011, adopted by the Council of the City of Modesto on the 8TH day of October, 2019, and Developer has caused this Agreement to be executed.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-465**

**RESOLUTION APPOINTING MICHAEL MORADIAN, PATRICIA GILLUM
AND RICHARD RODMAN TO THE CITY OF MODESTO MEASURE L
CITIZENS' TRANSPORTATION SALES TAX COMMISSION**

WHEREAS, in November of 2016, Stanislaus County voters approved a county-wide, 25-year, half-cent sales tax increase known as Measure L which went into effect on April 1, 2017, and

WHEREAS, on October 4, 2016, Council approved Ordinance No. 3656-C.S. adding Chapter 10 to Title 8 of the Modesto Municipal Code to establish a Citizens' Transportation Sales Tax Commission, and

WHEREAS, the Commission will consist of eleven (11) members appointed by Council to represent the City's citizens, and

WHEREAS, there are currently three (3) vacancies on the Commission; and

WHEREAS, the purpose of the City's Citizens' Transportation Sales Tax Commission will be to:

- Ensure all transportation revenue collected by the City from Measure L is spent in accordance with the Measure L Ordinance and Expenditure Plan;
- Hold public meetings as necessary regarding the expenditure and status of funds generated by Measure L;
- Review independent audits of the expenditure of tax funds and implementation of the programs and projects in the Expenditure Plan; and
- Issue an annual report on its findings regarding compliance with the requirements of the Expenditure Plan and the Ordinance to Council, and

WHEREAS, the City received 11 applications that were presented to the Appointments Committee for consideration on September 25, 2019, and

WHEREAS, the Appointments Committee recommends appointing Michael Moradian, Patricia Gillum and Richard Rodman to the City's Citizens' Transportation Sales Tax Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

1. Michael Moradian, Patricia Gillum and Richard Rodman are hereby appointed to the City of Modesto Measure L Citizens' Transportation Sales Tax Commission effective October 22, 2019, and
2. The City Clerk is hereby directed to transmit a copy of this Resolution to the Secretary of the Commission, thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-470**

**RESOLUTION APPROVING THE APPOINTMENT OF ANTHONY WINSTEAD
TO THE MODESTO CITY-COUNTY AIRPORT ADVISORY COMMITTEE
(AAC) FOR A TWO YEAR TERM, WITH A TERM EXPIRATION OF
OCTOBER 22, 2021**

WHEREAS, the City of Modesto operates the Modesto City-County Airport (Airport) for the benefit of all businesses, industries, visitors and residents in the City of Modesto, Stanislaus County and surrounding areas, and

WHEREAS, the Modesto City Council and the Stanislaus Board of Supervisors seek to ensure that the Airport is maintained and developed in such a manner that it will continue to be a high quality aviation facility for its users and a good neighbor in the community, recognizing that both the users and community may change as the surrounding area continues to grow and develop, and

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Airport Advisory Committee (AAC) has one vacancy for the position of Small Aircraft Owner / General Aviation, and

WHEREAS, on August 15, 2019, the AAC reviewed six applications and a motion to recommend Anthony Winstead was voted on and unanimously recommended. No other applicants had airport knowledge or previous background in aviation, and

WHEREAS, Council has considered the experience and qualifications of the candidate, Anthony Winstead and find that he would be appropriate to fill the position of the Commercial/Service Provider member.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the appointment of Anthony Winstead to fill the position on the Modesto City-County Airport Advisory Committee, representing a Small Aircraft Owner / General Aviation to the Airport Advisory Committee for a term of two years.

**Meeting dates are subject to change at the request of Council
Calendar by the City Clerk's Office 10/22/2019*

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-472**

RESOLUTION APPROVING AN UPDATE TO THE RETURNED CHECK FEE TO ENCOMPASS ALL RETURNED ITEMS INCLUDING ELECTRONIC PAYMENTS IN THE FINANCE DEPARTMENT STARTING AT \$25.00 FOR THE FIRST RETURNED ITEM AND INCREASING TO \$35.00 FOR ALL SUBSEQUENT RETURNED ITEMS

WHEREAS, this fee has not been updated since initial Council approval in 2008 with Resolution 2008-322, and

WHEREAS, the current fee structure only allows for a returned fee to be added to a check and is not applied to other forms of payment that are returned without payment with no penalty for additional returned items within a twelve month period, and

WHEREAS, the Finance Department conducted a review of various miscellaneous fees to determine if the City was reasonably recovering associated costs, and

WHEREAS, based on the findings of this review the Finance Department is proposing an update to the returned check fee, and

WHEREAS, Government Code Section 6159 (g) allows the City to impose a reasonable charge for a payment that is returned without payment to recover the City's processing and collection costs as long as the charge does not exceed the actual costs incurred by the City, and

WHEREAS, the Finance Department conducted an analysis of the returned check fee indicating actual costs of \$36.74 per returned item, and

WHEREAS, the City currently charges \$25.00 for a returned check, and

WHEREAS, due to a decrease in physical checks and an increase in electronic payments the Finance Department has determined there is a need to recoup the costs of processing all types of returned payments , and

WHEREAS, implementation of this charge will include an update from a returned check fee to a general returned item fee, while allowing for the maximum charge of \$35.00 for subsequent returned items by the same customer within twelve months.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the approval of an update to the returned check fee to encompass all returned items including electronic payments in the Finance Department starting at \$25.00 for the first returned item and increasing to \$35.00 for all subsequent returned items.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Madrigal, Ridenour,
Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-473**

RESOLUTION APPROVING A PROPOSED AGREEMENT INCLUDING LANGUAGE CHANGES FOR A SUCCESSOR MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE AND FIRE NON-SWORN ASSOCIATION (MPNSA) FOR A TERM OF JULY 1, 2019 TO JUNE 30, 2023; AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police and Fire Non-Sworn Association (MPNSA) expired on June 30, 2019, and

WHEREAS, representatives of the CITY and the MPNSA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MPNSA have reached agreement on language changes for a successor MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

Article 1. TERM.

The term of the MOU shall be from July 1, 2019 to June 30, 2023.

Article 5. SALARY.

Amend to include 2.0% salary increase effective October 29, 2019, following ratification of this MOU by MPNSA and adoption by the City Council.

Effective June 23, 2020, employees will receive an additional 2.0% salary increase.

Effective June 22, 2021, employees will receive an additional 2.0% salary increase.

Effective June 21, 2022, employees will receive an additional 2.0% salary increase.

In addition, based on the results of the City's most recent labor market study, the salary range for each of the benchmark classes listed in **Exhibit X**, along with any related classes, shall increase in accordance with the schedules set forth in **Exhibits A through D attached** hereto.

Article 19. Section C. SPECIAL ASSIGNMENTS.

Subsection 1. Additional language to include: The employee's performance will be evaluated annually and must maintain a minimum rating of "professional" to remain in the assignment. The Chief of Police or their designee may exercise, notwithstanding the foregoing limitation, at their discretion to extend these assignments beyond five (5) years.

New Subsection 5. Police Community Service Officer Assignment Pay: Police Community Service Officers assigned to non-patrol duties as set forth in this subsection (C) shall receive an additional two and one half percent (2.5%) in compensation for the duration of that special assignment and ending upon return to patrol duties.

New Subsection 6. Police Records Clerk Assignment Pay: Police Records Clerks serving in a special assignment as set forth in this subsection (C) shall receive an additional two and one half percent (2.5%) in compensation for the duration of that special assignment and ending upon return to traditional Records Division assignment.

Article 32. HEALTH, DENTAL, VISION INSURANCE.

Two percent (2%) increase to City monthly contributions (excluding opt-out) each year as follows:

	Current	2020	2021	2022	2023
Opt-out of City Medical Coverage	\$450.00	\$450.00	\$450.00	\$450.00	\$450.00
Employee only	\$622.00	\$634.00	\$648.00	\$660.00	\$673.00
Employee plus 1	\$1,112.00	\$1,134.00	\$1,157.00	\$1,180.00	\$1,204.00
Employee plus family	\$1,572.00	\$1,603.00	\$1,635.00	\$1,668.00	\$1,701.00

Article 23. UNIFORM ALLOWANCES.

Effective October 29, 2019, all Police Department employees who are required to wear uniforms shall do so in accordance with the Police Department's uniform and equipment regulation and receive uniform allowance as follows:

- a. Police Community Service Officers, Police Animal Control Officers and Police Identification Technicians shall receive an additional \$6 in uniform allowance for a total of 100.00 monthly
- b. Police Evidence and Property Technicians shall receive an additional \$4 in uniform allowance for a total of \$85.00 monthly
- c. Police Clerks shall receive an additional \$4 in uniform allowance for a total of \$72.00 monthly
- d. Police Cadets shall receive a uniform allowance of \$50.00 per month paid on the last paycheck of the month.
- e. Deputy Fire Marshal and Fire Prevention Technician I, II, and Senior Fire Prevention Technicians shall receive an additional \$5 in uniform allowance for a total of \$105 per month.

Article 40. DISCIPLINARY ACTIONS.

Language changes and additions, as per **attached** tentative agreement.

CONTINUATION OF REMAINING PROVISIONS.

Except as provided above, the remaining provisions of the July 1, 2016 through June 30, 2019 MOU between the CITY and MPNSA shall continue in the new MOU. The exact language of all provisions shall be set forth in the MOU between the CITY and MPNSA.

WHEREAS, the Council considered this matter at its meeting of October 22, 2019, NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the language changes for a successor Memorandum of Understanding between the City of Modesto and the Modesto Police and Fire Non-Sworn Association, which covers a term from July 1, 2019 through June 30, 2023, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Madrigal, Ridenour,
Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Kenoyer, Zoslocki

September 27, 2019

ARTICLE 5. SALARY RATES AND STEP ADVANCEMENTS

- (A) Salary Rates and Ranges: ~~The base salary ranges shown in Exhibit 1 (Classifications and Salary Ranges) shall be applicable on the dates indicated for classifications in this Unit for the period commencing March 24, 2016, as provided in Exhibit 2 (Schedule of Salary Ranges and Rates). The salary range for each position shown in Exhibit 1 of those positions shall increase by two percent (2.0%) effective the first pay period following ratification of this agreement by MPNSA and adoption by the City Council, as provided in Exhibit 23. The salary range for each of those positions shall increase by two percent (2.0%) effective the pay period including July 1, 2020~~ June 27, 2017, as provided in Exhibit 34. The salary range for each of those position shall increase by two percent (2.0%) effective the pay period including July 1, 2021 June 26, 2018 as provided in Exhibit 45. The salary range for each of those position shall increase by two percent (2.0%) effective the pay period including July 1, 2022 as provided in Exhibit 5.
- (B) Labor Market Adjustments: In addition to the salary increases described in subsection (A) of this Article, the salary range for each of the benchmark classes listed in Exhibit 6, along with any related classes, shall increase in accordance with the schedule set forth in Exhibit 6.

City proposes providing the following labor market salary adjustments:

<u>Classification</u>	<u>Market Adjustment Effective as of first full pay period following ratification by MPNSA/adoption by City Council</u>	<u>Market Adjustment Effective as of pay period including July 1, 2020</u>	<u>Market Adjustment Effective as of pay period including July 1, 2021</u>
<u>Police Clerk Flex</u>	<u>One salary range</u>	<u>One salary range</u>	<u>One salary range</u>
<u>Police Clerk II</u>	<u>One salary range</u>	<u>One salary range</u>	<u>One salary range</u>
<u>Police Evidence & Property Technician Flex</u>	<u>One salary range</u>	<u>One salary range</u>	<u>One salary range</u>
<u>Police Evidence & Property Technician II</u>	<u>One salary range</u>	<u>One salary range</u>	<u>One salary range</u>
<u>Police Community Services Officer Flex</u>	<u>One salary range</u>	<u>One salary range</u>	<u>No additional adjustment</u>
<u>Police Community Services Officer II</u>	<u>One salary range</u>	<u>One salary range</u>	<u>No additional adjustment</u>
<u>Police Animal Control Officer Flex</u>	<u>One salary range</u>	<u>One salary range</u>	<u>No additional adjustment</u>
<u>Police Animal Control Officer II</u>	<u>One salary range</u>	<u>One salary range</u>	<u>No additional adjustment</u>

Tentative Agreement Between City of Modesto and MPNSA
September 27, 2019

In accordance with California Government Code Section 3500 et al., classification titles and ranges may be amended from time to time by Resolution adopted by the City Council.

- (C) For purposes of this Memorandum, base salary range shall mean the salary range assigned to a specific classification as provided in Exhibit 1. Base salary rate shall mean the hourly rate of pay established pursuant to the Step placement within the base salary range as provided in this Memorandum.

Paid time shall be based upon the base salary rate with the computation rounded to the nearest cent.

- (D) Each salary range shall consist of five (5) Steps, A through E. Progression through the steps shall be based upon both length of service and job performance.

- (1) Step A will normally be paid upon initial employment.

a. The initial salary may be set at a higher Step only upon approval of the Department Director and City Manager. In cases of exceptional performance, employees hired at higher than Step A may be considered for their first Step increase after thirteen (13) pay periods.

- (2) Step B shall be paid upon completion of thirteen (13) pay periods with an overall "meets" performance evaluation. Employees in Step B shall be paid at Step C upon completion of twenty-six (26) pay periods in Step B with an overall "meets" performance evaluation.

- (3) Step D through Step E shall be paid upon completion of twenty-six (26) pay periods with an overall "meets" performance evaluation at each Step.

- (4) Accelerated Step increases within the established salary range may be granted in addition to those above, upon approval of the City Manager.

- (5) When a Step increase is denied, there shall be another performance evaluation of the employee in thirteen (13) pay periods from the effective date of the denied increase. There is no right of appeal to the withholding of a step increase, but the reasons for withholding shall be given in writing to the employee.

- (6) Due to inferior work, lack of application, indifferent attitude or other legitimate reasons, an employee's Step may be reduced to a lower Step. There is no right of appeal due to the lowering of Steps, but the reasons for reduction shall be given in writing to the employee.

- (7) All other salary administration policies shall be as contained in the Personnel Rules and Personnel Administrative Orders.

Tentative Agreement Between City of Modesto and MPNSA
September 27, 2019

ARTICLE 23. UNIFORM ALLOWANCES

(A) Police: All Police Department employees who are required to wear uniforms shall do so in accordance with the Police Department's uniform and equipment regulation and receive uniform allowance as follows:

- (1) Police Community Service Officers, Police Animal Control Officers and Police Identification Technicians shall receive a uniform allowance of ~~ninety-four~~ one hundred dollars (~~\$94100.00~~) per month paid on the last paycheck of the month.
- (2) Police Evidence and Property Technicians shall receive a uniform allowance of ~~eighty-one~~ five dollars (~~\$8185.00~~) per month paid on the last paycheck of the month.
- (3) Police Clerks shall receive a uniform allowance of ~~sixty-eight~~ seventy-two dollars (~~\$6872.00~~) per month paid on the last paycheck of the month.
- (4) Police Cadets shall receive a uniform allowance of fifty dollars (\$50.00) per month paid on the last paycheck of the month.

(B) Fire: All Fire Department employees who are required to wear uniforms shall do so in accordance with the Fire Department Rules and Regulations and receive a uniform allowance as follows:

Deputy Fire Marshal and Fire Prevention Technician I, II, and Senior Fire Prevention Technicians shall receive a uniform allowance of one hundred and five dollars (~~\$100~~105.00) per month. Newly hired employees shall receive an allowance prorated from the date of hire.

(C) Reimbursement for Damage: The City will reimburse employees for the cost of replacing or repairing damaged uniforms in accordance with Personnel Administrative Order 19.1-81-6.

An employee hired into or promoted into a position requiring a uniform or different uniform will receive a uniform allowance advance equal to three (3) months' accrual. The advancement will be provided within twenty (20) days of hire. The employee will not receive a uniform allowance for the first three months of employment. If an employee leaves the department and is subsequently rehired, such advance allowance will be available provided the employee has been separated from city service for more than twelve (12) months.

Tentative Agreement Between City of Modesto and MPNSA
September 27, 2019

ARTICLE 40. DISCIPLINARY ACTIONS

(A) The following shall constitute just cause for disciplinary action. Disciplinary action will be proportionate to the offense and shall follow the progressive discipline procedures described below, including dismissal, demotion, suspension and disciplinary probation.

- 1) Violation of the City Charter
- 2) Violation of the Modesto Municipal Code
- 3) Violation of the Personnel Rules or Personnel Administrative Orders, excluding Personnel Administrative Order No. 13.8-03-2 (Unauthorized Absence)
- 4) Fraud in securing employment
- 5) Incompetency
- 6) Inefficiency
- ~~6)7)~~ Failure to meet job performance expectations, including but not limited to maintaining all required licenses and certifications
- ~~7)8)~~ Inexcusable neglect of duty
- ~~8)9)~~ Insubordination
- ~~9)10)~~ Dishonesty
- ~~10)11)~~ Being under the influence of alcohol or controlled substances while on duty
- ~~11)12)~~ Inexcusable absence without leave, except as described in Personnel Administrative Order No. 13.8-03-2 (Unauthorized Absence)
- ~~12)13)~~ Conviction of a felony or conviction of a misdemeanor involving moral turpitude. A plea or verdict of guilty, or conviction following a plea of nolo contendere, to a charge of a felony or any offense involving moral turpitude is deemed to be a conviction within the meaning of this section
- ~~13)14)~~ Discourteous treatment of the public or other employees, including, but not limited to violations of the Anti-Bullying Policy
- ~~14)15)~~ Misuse of City property and resources
- ~~15)16)~~ Violation of any established departmental rule, regulation, policy and/or manual
- ~~16)17)~~ Other failure of good behavior either during or outside of duty hours, which is of such a nature that it causes discredit to the City
- ~~17)18)~~ Unlawful discrimination and, including harassment, on the basis of race, color, national origin, ancestry, sex, marital status, religion, age, medical condition (cancer-related), physical disability (including AIDS) or sexual orientation as provided under federal, state and local law.
- ~~18)19)~~ Substantial or credible threats of violence against any person including, but not limited to intimidation, harassment and/or coercion made in the course of employment

(B) The City may demote an employee whose ability to perform required duties falls below an acceptable standard, or for disciplinary purposes. Upon request of

Tentative Agreement Between City of Modesto and MPNSA
September 27, 2019

an employee, and approval by the City, demotion may be made to a vacant position as a substitution for layoff.

- (C) The City may suspend an employee without pay at any time for just cause. Suspension without pay shall not exceed ninety (90) calendar days in any fiscal year.
- (D) The City may dismiss an employee at any time. A regular employee in the classified service shall be entitled to a written statement of the just cause for dismissal.
- (E) The City may place an employee on disciplinary probation for a specified period, not to exceed one (1) year. Disciplinary probation returns a non-probationary employee to probationary status. Employees placed on disciplinary probation may be dismissed at any time during the probationary period for failure to meet any requirement established as a condition of the probation. Disciplinary probation may only be imposed by delivery of written notice to the employee, pursuant to the Modesto Municipal Code, stating that the employee has been placed on disciplinary probation and stating the reasons for such action.
- (F) The Department head may authorize an employee for overtime, standby or call-back during the time when he/she is on disciplinary probation but not while the employee is serving a disciplinary suspension without pay.
- (G) An employee shall be given reasonable notice when he/she is scheduled to be interviewed as the subject in an investigation in accordance with the provisions of law. This will include information as to the nature of the allegation, Articles of this Memorandum or other policies and procedures that are believed to have been violated, and the date(s) of the alleged events, if known.
- (H) An employee may request an Association member or MPNSA legal representative if the employee believes an investigatory interview could result in discipline as defined in subsection (A).

While written reprimands are not considered discipline, per se, an employee shall have the right to request a review of the Memorandum and the facts included therein first by the supervisor's supervisor and up the chain of command, ending with the Department Director.

Tentative Agreement Between City of Modesto and MPNSA
September 27, 2019

Specialty Pays: Propose the following revision to Article 19 (C)

(C) Special Assignments - Maintain current language and except as set forth below:

(1) There shall be a five (5) consecutive year limit to special assignments. A special assignment is defined as any assignment that removes the employee from regular patrol duties as a Police Community Service Officer or from the seniority shift bidding process in Records as a Police Clerk. The employee's performance will be evaluated annually and must maintain a minimum rating of "professional" to remain in the assignment. The Chief of Police or their designee may exercise, notwithstanding the foregoing limitation, at their discretion to extend these assignments beyond five (5) years. Absent exceptional circumstances, employees who have completed five (5) consecutive years in special assignments must perform at least twelve (12) months of regular patrol duty or duty in Records before being assigned to another special assignment.

(2) through (4) – No Change

(5) Police Community Service Officer Assignment Pay: Police Community Service Officers assigned to non-patrol duties as set forth in this subsection (C) shall receive an additional two and one half percent (2.5%) in compensation for the duration of that special assignment and ending upon return to patrol duties.

(6) Police Records Clerk Assignment Pay: Police Records Clerks serving in a special assignment as set forth in this subsection (C) shall receive an additional two and one half percent (2.5%) in compensation for the duration of that special assignment and ending upon return to traditional Records Division assignment.

ARTICLE 32. HEALTH, DENTAL, VISION INSURANCE

No proposed changes to preamble or subsections (A) through (E) from prior tentative agreement, adopted by the City Council on 6/25/19.

NEW SUBSECTION (F):

- (F) Effective January 1, 2023, the City shall contribute the following amounts bi-weekly (based on 24 pay periods) toward the combined total premium for health, dental and vision insurance plans; the employee is responsible for the balance of the premium cost, if any.

<u>Coverage Level</u>	<u>Maximum City Contribution</u>
<u>Opt-out</u>	<u>\$225.00</u>
<u>Employee Only</u>	<u>\$336.50</u>
<u>Employee + One</u>	<u>\$602.00</u>
<u>Employee Plus Family</u>	<u>\$850.50</u>

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-474**

RESOLUTION APPROVING A SOLE SOURCE AGREEMENT WITH HYLAND INC., OF WESTLAKE, OH, FOR THE ONBASE AGENDA MANAGEMENT AND ELECTRONIC CONTENT MANAGEMENT (ECM) SOFTWARE FOR A TERM OF THREE-YEARS FOR AN ESTIMATED COST OF \$240,352 WHICH INCLUDES ALL LICENSING, SOFTWARE, INSTALLATION AND CONFIGURATION; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, The City of Modesto currently uses SIRE Agenda Management and Document Management system to conduct City business, and

WHEREAS, the SIRE Agenda Management system has been in service since 2007 and in 2012, SIRE was acquired by Hyland Software, Inc., and

WHEREAS, Hyland currently supports the system, however; they do not provide any additional enhancements or updates to the software/application version used by the City, and

WHEREAS, to continue to receive updates and enhancements, the City needs to upgrade to the newest version – Hyland OnBase Agenda Management and ECM, and

WHEREAS, the SIRE Agenda Management and Document Management system are at end of their lifespans, because they will not work with newer and required Microsoft platforms, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirement where the Purchasing Agency's requirements can be met solely by a single article or process, and

WHEREAS, Hyland Software, Inc. has offered current SIRE Agenda Plus and ECM users a promotional upgrade pricing incentive, to include the transfer of all currently owned licensing from SIRE to Hyland's OnBase platform for no cost, and

WHEREAS, the OnBase Agenda Management Software, licensing, installation and configuration of this agreement to Hyland should be exempt from the formal bidding procedures in accordance with Modesto Municipal Code 8-3.204(b) since Hyland is the sole provider of this software.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it adopts this Resolution approving a sole source agreement with Hyland Inc., of Westlake, OH, for the OnBase Agenda Management and Electronic Content Management (ECM) Software for a term of three-years for an estimated cost of \$240,352 which includes all licensing, software, installation and configuration, and

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Madrigal, Ridenour,
Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Kenoyer, Zoslocki

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-475**

**RESOLUTION APPROVING A SOLE SOURCE AGREEMENT WITH
DOCUSIGN, OF SAN FRANCISCO, CA, FOR ELECTRONIC SIGNATURE
SOFTWARE FOR A TERM OF TWO YEARS FOR AN ESTIMATED TOTAL
COST OF \$40,649; AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, the addition of DocuSign electronic signatures will digitize the signature collection process and eliminate the need for paper documents and ink signatures, and

WHEREAS, additional efficiency and tracking of contract documents will be achieved through using Hyland's integration with DocuSign, and

WHEREAS, document tracking will significantly reduce time and labor spent by City Clerk staff tracking where in the process a contract document resides, and

WHEREAS, additionally, electronic signatures will provide cost savings by reducing the use of paper and printer supplies because fewer documents will need to be printed, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, MMC 8-3.204(b) provides that a purchase may be exempted from the City's formal bidding requirement where the Purchasing Agency's requirements can be met solely by a single article or process, and

WHEREAS, DocuSign is the only electronic signature that integrates directly into OnBase, and

WHEREAS DocuSign is installed during the initial setup and configuration of the Hyland OnBase Agenda Management and Electronic Content Management software, and

WHEREAS, DocuSign should be exempt from the formal bidding procedures in accordance with Modesto Municipal Code 8-3.204(b), as DocuSign is part of a sole process upgrade to the Hyland OnBase Agenda and Document Management system.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it adopts this Resolution approving a sole source agreement with DocuSign, of San Francisco, CA, for Electronic Signature Software for a term of two years for an estimated total cost of \$40,649, and

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-477**

**RESOLUTION APPROVING BI-ANNUAL COMPOST “GIVE BACK TO THE
COMMUNITY DAYS” EACH OCTOBER AND APRIL TO BECOME
EFFECTIVE OCTOBER 2019**

WHEREAS, the City of Modesto Compost Facility began operation in January 1997 due to the City’s waste being comprised of a high level of compostable materials and the City being designated as a City of Trees, and the Compost Facility would provide a way for the City to handle its own green waste and forestry materials, and

WHEREAS, the City also rolled out a two-can residential garbage and recycling collection program which provided a green can for all residential waste, and

WHEREAS, over time that green can functionality has expanded to include all yard waste, paper waste and food waste, and

WHEREAS, the Compost Facility’s primary and stated mandated purpose is to process the City’s diverted yard waste, paper waste, and food waste materials into a reusable soil amendment, this keeping materials from the landfill and lowering our disposal rate, and

WHEREAS, compost is also donated to community gardens and landscape projects, parks, schools, churches, and for use in our own City projects, and

WHEREAS, annually the Facility receives approximately 65,000 tons of raw compostable waste materials and processes it into about 35,000 tons of compost, and

WHEREAS, in 2017-2018 SCS Engineers, Inc. was hired to conduct a comprehensive review of the City’s solid waste system, including the compost facility and its operations, and

WHEREAS, one of the findings discussed the changes in state law that made

organic recycling and composting mandatory, and the demands that would have on the facility operationally and financially, but there was no discussion on what the impacts of the new influx of materials would be, or what would happened to the quality of the compost or the market conditions, and

WHEREAS, AB1826 and SB1383 mandate organics recycling resulting in a 75% diversion of organics materials out of landfills and into composting facilities, yet there are no laws mandating the public or private sectors purchase the finished product back, and

WHEREAS, the new supply of material is estimated to be over 20 million tons annually which creates an overabundance of product inventory statewide and the competition makes pricing and materials quality key factors for moving the project, and

WHEREAS, the new supply of incoming organics material is heavily contaminated with glass, plastics, and trash, and

WHEREAS, an increase in public education and enforcement will help over time, but expensive machinery and labor intensive efforts are needed long term to separate out the contamination, and

WHEREAS, due to the contamination levels, compost sales have dropped by 50% and created an oversupply of product at the facility, which is exceeding our permitted site capacity, and

WHEREAS, this product needs to be moved in order to continue processing incoming material, and while some of the product can be spread on City land, due to the glass it is not feasible to use it in City parks or sports fields, and nut farmers have even diminished their use of the product, and

WHEREAS, on April 2, 2019 by Resolution No., 2019-140, Council approved a

flexible pricing pilot program for one year to help with the oversupply of product, and

WHEREAS, even with these changes there is still an overproduction of material, and the site is impacted for space and at risk for a permit violation, and

WHEREAS, since only 40,000 tons of stockpiled compost is allowed in any phase, staff is requesting to now hold bi-annual "Give Back to the Community Days" every October and April in which current customers/Modesto residents can come and for that day only, pick up compost free for their yards, gardens, community projects, etc.,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves Bi-Annual Compost Give Back to the Community Days" each October and April to become effective October 2019.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-478**

**RESOLUTION AUTHORIZING SUBMITTAL OF A GRANT APPLICATION TO
SEEK GRANT FUNDING FOR THE CALIFORNIA DEPARTMENT OF
RESOURCES RECYCLING AND RECOVERY'S (CALRECYCLE) ORGANICS
GRANT PROGRAM, AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO SIGN THE GRANT APPLICATION**

WHEREAS, the purpose of the California Department of Resources Recycling and Recovery (CalRecycle's) Competitive Organics Grant Program is to further the purposes of the California Global Warming Solutions Act (AB 32) and lower the overall greenhouse gas emissions by expanding existing capacity or establishing new facilities in California to reduce the amount of California-generated green materials, food materials, or alternative daily cover being sent to landfills, and

WHEREAS, the Organic Grants Program is part of California Climate Investments, a statewide program that puts billions of cap-and-trade dollars to work reducing greenhouse gas emissions, strengthening the economy and improving public health and the environment, and

WHEREAS, the Cap-and-Trade program also creates a financial incentive for industries to invest in clean technologies and develop innovative ways to reduce pollution, and

WHEREAS, this grant will offer up to \$17,000,000 in competitive grant funding specifically for construction, renovation, or expansion of facilities to increase in-state infrastructure for the compost or digestion of organics into compost, soil amendments, fertilizers, biofuels, or bioenergy, and

WHEREAS, the City of Modesto Compost Facility began operation in January 1997 and its primary and stated mandated purpose is to process the City's diverted yard

waste, paper waste and food waste materials into a reusable soil amendment product (compost), thus keeping these materials from entering the landfill and lowering the disposal rate, and

WHEREAS, a secondary purpose of the Facility is to then market and sell the finished compost to farmers, landscapers, and backyard gardeners, which in turn helps keep the Facility sustainable, and

WHEREAS, annually the Facility receives approximately 65,000 tons of raw compostable waste materials and processes it into about 35,000 tons of compost, and

WHEREAS, fairly recent changes in state law have made organic recycling and composting mandatory for all jurisdictions in California and this has started to place higher demands on the facility operationally, financially and from a regulatory standpoint, and

WHEREAS, the influx of higher quantities of this new material is and will continue to affect the quality of our compost and our marketability conditions impacting the demand for our compost, and

WHEREAS, first and foremost in applying for this grant, staff will be applying for up to \$4,000,000 focusing on the upgrade to our infrastructure to add an electrical substation that can power electrical equipment that will be required by the San Joaquin Valley Air Pollution Control District for all future stationary pieces of processing equipment and as this is at minimum a million dollar cost, it must be done at some point in the very near future, and

WHEREAS, additionally staff will be applying for specialized equipment that will assist with the processing of the new waste coming in and cleaning it to a high level to rid

the material of glass, plastics, rocks, and packaging which will make it more marketable.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the submittal of a grant application to seek grant funding for CalRecycle's Organics Grant Program, and authorizing the City Manager, or his designee, to sign the grant application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-479**

**RESOLUTION APPROVING SUBMITTAL OF GRANT APPLICATIONS TO
SEEK GRANT FUNDING FOR CONGESTION MITIGATION AND AIR
QUALITY GRANTS**

WHEREAS, the purpose of the Congestion Mitigation and Air Quality (CMAQ) program is to fund transportation projects or programs that will contribute to attainment or maintenance of the National Ambient Air Quality Standards for ozone, carbon monoxide, and particulate matter, and

WHEREAS, the program is administered by the Federal Highway Administration (FHWA), and

WHEREAS, the Fixing America's Surface Transportation (FAST) Act provides approximately \$455 million of CMAQ funds annually to California, with a regional apportionment based on population, and

WHEREAS, projects submitted will be evaluated competitively based on cost effectiveness and requires a minimum of 20% of the Region's CMAQ funds to be directed to projects that meet the San Joaquin Valley region's cost-effectiveness threshold for emission reductions, and

WHEREAS, major emphasis is placed upon projects that support alternative modes of transportation, provide congestion relief measures, provide low-polluting transit vehicles and equipment, and provide new technologies/improvements geared toward providing a more efficient and safer transportation system, and

WHEREAS, CMAQ funding has been distributed in a 2-year cycle, with the next call for projects anticipated this upcoming fall, and

WHEREAS, the StanCOG Policy Board approves the methodology and how the CMAQ funds are distributed, and

WHEREAS, the last call of projects for FY 18/19 and 19/20, each competitive project was capped at \$1.2 million, and

WHEREAS, any future call for projects may have a new cap depending on the Policy Board's approval for that cycle, and

WHEREAS, staff is seeking authority to apply for CMAQ funding any time a call for projects becomes available.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submittal of grant applications to seek grant funding for Congestion Mitigation and Air Quality Grants.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-480**

RESOLUTION AUTHORIZING THE SUBMITTAL OF AN APPLICATION ON BEHALF OF THE STANISLAUS AND TUOLUMNE RIVERS GROUNDWATER BASIN ASSOCIATION GROUNDWATER SUSTAINABILITY AGENCY TO THE CALIFORNIA DEPARTMENT OF WATER RESOURCES TO OBTAIN A GRANT UNDER THE 2019 SUSTAINABLE GROUNDWATER MANAGEMENT (SGM) GRANT PROGRAM PLANNING GRANT PURSUANT TO THE WATER QUALITY, SUPPLY, AND INFRASTRUCTURE IMPROVEMENT ACT OF 2014 (PROPOSITION 1) (WATER CODE 79700 ET SEQ.) AND/OR THE CALIFORNIA DROUGHT, WATER, PARKS, CLIMATE, COASTAL PROTECTION, AND OUTDOOR ACCESS FOR ALL ACT OF 2018 (PROPOSITION 68), AND TO ENTER INTO AN AGREEMENT TO RECEIVE A GRANT FOR THE STANISLAUS AND TUOLUMNE RIVERS GROUNDWATER BASIN ASSOCIATION GROUNDWATER SUSTAINABILITY AGENCY GROUNDWATER MONITORING WELLS PROJECT, AND AUTHORIZE THE CITY MANAGER OF THE CITY OF MODESTO, OR DESIGNEE TO EXECUTE ALL GRANT-RELATED DOCUMENTS, PREPARE THE NECESSARY DATA, CONDUCT INVESTIGATIONS, FILE SUCH APPLICATION, AND EXECUTE A GRANT AGREEMENT WITH CALIFORNIA DEPARTMENT OF WATER RESOURCES TO RECEIVE GRANT FUNDS, IF AWARDED, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO BE THE SIGNATORY OF GRANT INVOICE FORMS DURING REQUESTS FOR REIMBURSEMENTS, AND RESCINDING RESOLUTION NO. 2019-435.

WHEREAS, in September of 2014, Governor Edmund G. Brown signed into law, the Sustainable Groundwater Management Act of 2014 , which changed the method for groundwater management, and

WHEREAS, Sustainable Groundwater Management Act is a comprehensive three-bill package that sets the framework for statewide sustainable groundwater management by local agencies, and

WHEREAS, Sustainable Groundwater Management Act requires that a Groundwater Sustainability Agency be formed for all groundwater basins designated by the Department of Water Resources as high-priority basins, which includes the Modesto

Subbasin. SGMA also requires that a Groundwater Sustainability Plan (GSP) be prepared for high priority basins, and

WHEREAS, the Stanislaus and Tuolumne Rivers Groundwater Basin Association (STRGBA) member agencies include the cities of Oakdale, Riverbank, Modesto, and Waterford; Stanislaus County; Oakdale Irrigation District; and Modesto Irrigation District, and

WHEREAS, on January 24, 2017, by Resolution No. 2017-030, Council authorized a Groundwater Sustainability Agency Memorandum of Understanding with the STRGBA member agencies and approved the formation of the GSA for the Basin, and

WHEREAS, per the MOU (Section 4.3.4), the STRGBA can designate a party that will enter into contracts, and approve all amendments thereto, for and on behalf of the STRGBA GSA, necessary to carry out the powers and duties of the STRGBA GSA, and

WHEREAS, at the August 14, 2019, STRBGA GSA meeting, the City was appointed to be the lead applicant on behalf of the GSA, and

WHEREAS, the lead applicant, the City is required to enter into Grant Agreements with the DWR, if the applications score high enough for an award and the STRGBA GSA chooses to accept the grants, and

WHEREAS, The Grant will provide funds to install monitoring wells within the various City of Modesto water service areas and key locations to monitor water quality and static water levels to better manage groundwater sustainability throughout the Modesto Subbasin, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves authorizing the submittal of an application on behalf of the Stanislaus and Tuolumne Rivers Groundwater Basin Association Groundwater Sustainability Agency, that application be made to the California Department of Water Resources to obtain a grant under the 2019 Sustainable Groundwater Management (SGM) Grant Program Planning Grant Pursuant to the Water Quality, Supply, and Infrastructure Improvement Act of 2014 (Proposition 1) (Water Code 79700 et seq.) and/or the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018 (Proposition 68), and to enter into an agreement to receive a grant for the: Stanislaus and Tuolumne Rivers Groundwater Basin Association Groundwater Sustainability Agency Groundwater Monitoring Wells Project, and authorize the City Manager of the City of Modesto, or designee to execute all grant-related documents, prepare the necessary data, conduct investigations, file such application, and execute a grant agreement with California Department of Water Resources to receive grant funds, if awarded, and authorizing the City Manager, or his designee, to be the signatory of grant invoice forms during requests for reimbursements.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2019-435 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Madrigal, Ridenour,
Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-481**

**RESOLUTION APPROVING THE ANNUAL SEWER RATE REVIEW AND
MAINTAINING THE PREVIOUSLY ADOPTED 6% SEWER RATE INCREASES
TO BE EFFECTIVE JANUARY 1, 2020, FOR FISCAL YEAR 2019-20**

WHEREAS, the City of Modesto provides wastewater (sewer) service to over 60,000 accounts consisting of residential, multi-family, commercial, and industrial customers located within the City of Modesto as well as the City of Ceres and the Empire Sanitary District and portions of unincorporated Stanislaus County; and

WHEREAS, the City's sewer utility is a self-supporting utility enterprise funded by customer revenues; and

WHEREAS, the California Constitution (Article XIID, "Proposition 218") establishes a process that public agencies must follow when imposing new or increasing "property related fees" (Cal. Const.); and

WHEREAS, sewer service fees are property-related fees and thus subject to Proposition 218's procedural and substantive requirements; and

WHEREAS, the City engaged Bartle Wells Associates ("BWA") in 2015 to conduct a comprehensive review of the City's sewer rates and charges in accordance with Proposition 218; and

WHEREAS, BWA prepared a report dated January 2016 entitled "City of Modesto Sewer Rate and Fee Study" ("Report"), containing analyses and recommendations for adjusting the City's sewer rates and charges; and

WHEREAS, the Report concluded that the revenues generated under previous sewer rates were insufficient to meet sewer utility's revenue requirements for fiscal year 2016-17 and subsequent years, given changes and new developments in the City's sewer

system, including new capital improvement projects identified in the soon to be completed Wastewater Master Plan Update; and

WHEREAS, the Report recommended increasing the City's previous sewer rates and charges, and made certain recommendations for the City's sewer services rates for the five-year period beginning fiscal year 2016-17; and

WHEREAS, the Report demonstrated that the recommended rates do not exceed the reasonable cost of providing such service or regulatory activity and, as such, the proposed rates are not levied for general revenue purposes; and

WHEREAS, the Report also demonstrated that the recommended rates result in charges to property owners or ratepayers that do not exceed the proportionate cost of providing sewer services attributable to the parcel or persons; and

WHEREAS, the City mailed a notice of the public hearing, and notice of oral and written protest procedures against the proposed rate increases to all affected property owners and ratepayers in compliance with California Constitution Article XIII D, Section 6; at least forty-five days in advance of the public hearing at which this Resolution was considered; and

WHEREAS, on April 26, 2016, the City Council duly held the public hearing , and at its conclusion the City Clerk tabulated the number of written and oral protests received, and reported that there was not a majority protest of the proposed rates by owners or authorized representatives of identified property owners or ratepayers receiving wastewater services; and

WHEREAS, the City Council subsequently approved a new sewer rate structure in accordance with Proposition 218 by Resolution No. 2016-181 and adopted a five-year

schedule of new maximum sewer service rates beginning in Fiscal Year 2016-17 and increasing those rates by up to 6% annually through Fiscal Year 2020-21; and

WHEREAS, City staff has recently conducted an annual review of the sewer rates as required by Resolution 2016-181 to ensure that the approved 6% increase for Fiscal Year 2019-20 meets the enterprise's revenue needs based on anticipated expenses and the City's policies; and

WHEREAS, upon review of the FY19-20 proposed Wastewater Fund proforma, the City's Budget Division agrees that maintaining a 6% increase in annual rate would allow the fund to maintain a minimum 1.5 debt service coverage ratio required by Council policy, and strive toward obtaining a 2.0 debt coverage ratio in future years as recommended in the recent Fitch Rating review; and

WHEREAS, the Budget Division also recommends maintaining a 6% increase in sewer rates for FY19-20 based upon the anticipated revenues and proposed operating and capital expenses for the upcoming fiscal years; and

WHEREAS, pursuant to Resolution 2016-118, the approved increase in sewer rates for Fiscal Year FY19-20 will become effective 60 days after completion of the annual review, unless the City Council directs otherwise, and Staff recommends the FY19-20 rate increase become effective on January 1, 2020.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. DEFINITIONS. For the purposes of this Resolution the definitions set forth in Section 5-6.103 of Chapter 6 of Title 5 of the Modesto Municipal

Code entitled “Definitions” shall apply, except as provided herein or as context requires a different meaning.

(A) Director: The City officers(s) or designee(s) in charge of utilities.

(B) Monthly Account Charge: A monthly fee charged to every sewer account to pay the actual fixed sewer system costs not allocable to sewer flow and strength components.

(C) Person: Any individual, partnership, corporation or other legal entity whatsoever apply for or receiving City sewer service.

(D) Cannery Segregation Line (CanSeg Line): The line used by City’s cannery customers during caning season. The CanSeg Line collects and conveys the canneries’ process flow directly to the Rancho for land application. The cannery process flow does not receive treatment during the cannery season.

(E) Apartment: One (1) dwelling unit located within in a building or portion thereof containing five (5) or more dwelling units; one (1) mobile home space in a mobile home park.

(F) Secondary Scalping: Secondary treatment to be provided to City’s cannery customers’ process water.

(G) Single Family Residential: One (1) dwelling unit or a suite of one (1) or more rooms which is occupied by or intended to be occupied by one (1) family; one (1) mobile home on any area or tract of land.

(H) Multiple Family: One (1) dwelling unit located within a building or portion thereof containing two (2) to four (4) dwelling units; one (1) additional dwelling unit or mobile home on any area or tract of land.

SECTION 2. SEWER SERVICE CHARGE FOR RESIDENTIAL SEWER

SERVICE. Each person receiving residential sewer service shall pay a sewer service charge to the City . Resolution 2016-181 established the maximum monthly sewer service charges for dwelling units, mobile homes, and mobile home spaces in mobile home parks, including the monthly account charge, for Fiscal Year FY16-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved residential rates for Fiscal Year FY19-20, to be effective January 1, 2020.

Residential Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Monthly Account Charge (\$/Account)	\$4.40	\$4.42	\$4.46	\$4.50	\$4.54
Residential Rates (\$/Dwelling Unit)					
Single Family Residential, Mobile Home on a lot	\$29.36	\$31.36	\$33.39	\$35.67	\$37.91
Multiple Family (2-4 Dwelling Units), one additional Dwelling Unit or Mobile Home on a lot	\$22.59	\$24.03	\$25.57	\$27.50	\$30.85
Apartments (5 or more Dwelling Units), Mobile Home Space in a Mobile Home Park	\$20.33	\$21.50	\$22.73	\$24.36	\$26.45

SECTION 3. SEWER SERVICE CHARGE FOR COMMERCIAL

SERVICE. Each person receiving commercial sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for commercial customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved commercial rates for Fiscal Year 2019-20.

Commercial Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Commercial Quantity Charge (\$/100 cubic feet)					
Group 1-BOD + TSS is 400 mg/l or less	\$2.76	\$3.01	\$3.29	\$3.55	\$3.88
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	\$3.78	\$4.07	\$4.40	\$4.70	\$5.07
Group 2-BOD + TSS is 901 mg/l to 1,400 mg/l	\$4.80	\$5.13	\$5.50	\$5.85	\$6.27
Group 4-BOD + TSS is 1,401 mg/l or more	\$6.03	\$6.40	\$6.83	\$7.23	\$7.71

(A) Commercial users shall be grouped according to Biochemical Oxygen Demand (hereinafter referred to as BOD) and Total Suspended Solids (hereinafter referred to as TSS) strength characteristics and shall pay sewer service charges based on the quantity of water used, and the waste strength characteristics measured in milligrams per liter (hereinafter referred to as mg/l). The Director shall determine the waste strength characteristics of commercial users and assign them to one of the commercial users groups set forth in the table above.

(B) Commercial users shall have all water used on the premises metered in order to determine the users' sewer service charges.

(1) Commercial users on a public water system other than the City's shall obtain a metered water service from the water purveyor and shall pay the sewer service charge which would be made were such water from the City's water system.

(2) Commercial users receiving any water from a private source shall allow the City to furnish, install and maintain a water meter with the user paying for the cost of the meter and installation. The user shall pay the sewer service

charge which would be made were such water from the City's water system.

Authorization shall be granted to City from user to install, read and maintain said meter by user executing an agreement on a form furnished by the Director.

(C) In the case of existing meters which are under the ownership of users, the City will assume responsibility for maintenance of such meters upon:

(1) Receipt of transfer of title from the owner in a form satisfactory to the Director, and

(2) Authorization being granted to City for reading and maintaining the meter as set forth in paragraph (b) above.

(D) Churches, assembly halls and similar facilities shall be considered Group 1.

(E) Schools Districts will have their wastewater flow computed by either of the following methods at their discretion:

(1) School Districts may elect to be billed on water consumption as a Group 1 Commercial discharger.

(i) A one-time inspection by the City's Water Division staff to confirm there is no indoor water use on the outdoor use meter will be done at no charge to the District.

(ii) An annual audit and site inspection will be conducted by the City and paid for by the District.

(a) Inspection fee will be based on time and materials.

(2) School Districts that have not separated all of their outdoor water systems may elect to continue to be billed based on estimates of the average volume per pupil/staff times the average daily attendance (ADA) of pupils plus staff.

(i) School District will be required to enter into an agreement with the City consenting to be billed on an ADA basis.

(ii) The Director is authorized to enter into these agreements with the School Districts on behalf of the City.

(iii) Should the School District fail or refuse to enter into the above noted agreement, District will be billed based on water consumption until an agreement is executed.

(3) For School Districts planning to separate their outdoor water systems in the future, the City will provide the option to be billed on water consumption on an annual basis.

SECTION 4. SEWER SERVICE CHARGE FOR INDUSTRIAL SERVICE.

Each person receiving industrial sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for industrial customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved industrial rates for Fiscal Year 2019-20, to be effective January 1, 2020.

Industrial Charges (these three components are additive)					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Flow Charge	\$2,604	\$2,888	\$3,212	\$3,516	\$3,901

(\$/Million gallons)					
BOD Charge (\$/1,000 lbs)	\$213	\$226	\$238	\$246	\$263
TSS Charge (\$/1,000 lbs)	\$441	\$454	\$471	\$491	\$504

(A) The charges for industrial wastewater services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above.

(B) The monthly sewer service charges for industrial users shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If an industrial customer has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If an industrial customer has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for industrial and sanitary discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

SECTION 5. FLOW ESTIMATES. The Director will estimate flow where he/she determines metered flow measurements are unreliable.

SECTION 6. SEPTAGE CHARGE FOR DUMPING SEPTIC WASTE AT THE SEWAGE TREATMENT PLANT. The City accepts septic waste at its sewage treatment plant. Each person dumping septic waste at the sewage treatment plant shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum septage charge for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved septage charges for Fiscal Year 2019-20, to be effective January 1, 2020.

Septage Quantity Charge					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Flow charge per 1,000 gallons	\$61	\$63	\$66	\$69	\$71

SECTION 7. SEWER SERVICE CHARGE FOR CANSEG LINE SEWER

SERVICE. Each person using CanSeg Line sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for CanSeg customers, including the monthly account charge, for Fiscal Year 2016-17 through the end of Fiscal Year 2020-21, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved CanSeg Line rates for Fiscal Year 2019-20, to be effective January 1, 2020.

CanSeg Line Sewer Rates					
Category	FY2016/17	FY2017/18	FY2018/19	FY2019/20	FY2020/21
Monthly Account Charge (\$/Account)	\$4.40	\$4.42	\$4.46	\$4.50	\$4.54
CanSeg Line Charges (these three components are additive)					
Flow Charge (\$/Million gallons)	\$2,680	\$2,841	\$3,012	\$3,191	\$3,384
BOD Charge (\$/1,000 lbs)	\$1.39	\$1.48	\$1.57	\$1.66	\$1.76
TSS Charge (\$/1,000 lbs)	\$4.04	\$4.29	\$4.54	\$4.81	\$5.11

(A) The charges for CanSeg Line services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above.

(B) The monthly sewer service charges for CanSeg Line users shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If a CanSeg Line user has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If a CanSeg Line customer has an unmetered connection for disposal of

sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for CanSeg Line discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

SECTION 8. SEWER SERVICE CHARGE FOR SECONDARY

SCALPING. Secondary scalping service is anticipated to come online in Fiscal Year 2020/21. Each person receiving secondary scalping sewer service shall pay a maximum sewer service charge to the City. Resolution 2016-181 established the maximum monthly sewer service charges for secondary scalping customers, including the monthly account charges when that service becomes available, as listed in the table below. The City Council hereby accepts the annual report regarding and maintains the approved secondary scalping rates for that service when it becomes available.

Secondary Scalping Rates	
Category	Rate or Charge
Secondary Scalping Rates (these components are additive)	
Flow Charge (\$/Million gallons)	\$891.84
BOD Charge (\$/1,000 lbs)	\$98.25
TSS Charge (\$/1,000 lbs)	\$305.65
Annual Secondary Scalping Secondary Can Seg Capacity Charge (these components are additive)	
Flow (\$/Million gallons per day, maximum day capacity)	\$117,837.54
BOD (\$/lbs per day, maximum day capacity)	\$11.43
TSS (\$/lbs per, maximum day capacity)	\$27.29

(A) The usage-based charges for secondary scalping sewer services—flow, BOD, and TSS—are additive, such that the total monthly charge shall be based upon the amount of each component listed in the table above. In addition, customers who opt to have their wastewater processed through the secondary scalping system will be charged an annual fee labeled a “capacity fee” in the Study, in the amounts set forth in the table above.

(B) The monthly usage-based sewer service charges for secondary scalping sewer services shall be based in part on the number of millions gallons of total flow at the rates set forth in the table above.

(1) If a secondary scalping customer has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows. If an secondary scalping customer has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

(2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.

(C) The BOD and TSS charges for secondary scalping sewer services shall be based on the measured or estimated BOD and TSS for each type of flow.

SECTION 8. SEWAGE TREATMENT FOR OUTSIDE PUBLIC AGENCIES. Pursuant to agreements approved by the City Council , the City of

Modesto will accept and treat sewage collected from sewer systems external to the City and the City's Sewer District No. 1. The City's charges for treatment of sewage collected from outside of the City and the City's Sewer District No. 1 are negotiated by the parties to and established in the agreements.

SECTION 9. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE. The cost of service set forth above shall be re-examined not less than every four (4) years by professionals competent in the field. Such professionals shall provide a report to the City updating both the fixed and volume based costs as appropriate and as recommended to the Council by the Director and Director of Finance. Beginning on July 1, 2017 and annually thereafter, the Director of Finance with the concurrence of the Director, shall have the authority to adjust the above rates by an amount not to exceed the not-seasonally-adjusted annual percentage increase in the April Consumer Price Index (CPI) for Urban Wage Earners and Clerical Workers for the San Francisco CMSA that is currently prepared by the Department of Finance.

SECTION 10. EFFECTIVE DATE. This Resolution shall go into effect and be in full force and operation immediately. The previously approved schedule of rates for Fiscal Year 2019-20, as set forth above, shall go into effect on January 1, 2020.

SECTION 11. ANNUAL REVIEW OF ADOPTED RATE INCREASES. As set forth in Resolution No. 2016-181, the City Council shall conduct an annual review of each adopted sewer rate increase prior to its implementation for fiscal years beginning after June 30, 2017. Said review shall be completed by the City Council at least sixty (60) days in advance of the new sewer rate becoming effective. The rates shown in

Resolution 2016-181 shall be implemented on the dates shown unless City Council takes action otherwise.

SECTION 12. SEVERABILITY. The rates, charges, and all portions of this Resolution are severable. Should any of the rates or any portion of this Resolution be adjudged to be invalid and unenforceable by a body of competent jurisdiction, the remaining rates, charges and/or portions of the resolution shall be and continue in full force and effect, except as to those rates, charges and/or portions of this Resolution that have been adjudged invalid. This City Council declares that it would have adopted this Resolution irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of this Resolution be enforced.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Madrigal, Ridenour,
Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-482**

**RESOLUTION APPROVING THE ANNUAL RATE REVIEW AND ADOPTING
WATER RATE INCREASES, REDUCED FROM THE PREVIOUSLY ADOPTED
RATE INCREASE OF 9% TO 6%, TO BE EFFECTIVE APRIL 1, 2020 FOR
FISCAL YEAR 2019-20**

WHEREAS, the City of Modesto provides water service to over 73,000 accounts consisting of residential, multi-family, commercial, and industrial customers located within the City of Modesto, as well as the communities of Salida, Empire, Grayson, Del Rio and portions of Ceres, Turlock and unincorporated Stanislaus County, and

WHEREAS, the City of Modesto's water sources are groundwater and treated surface water purchased from the Modesto Irrigation District; and

WHEREAS, the City's water utility is a self-supporting utility enterprise funded by customer revenues; and

WHEREAS, Modesto Municipal Code Section 11-6.05 authorizes Council, by resolution, to establish charges for metered water services, and Section 11-6.06 authorizes the Council, by resolution, to establish charges for unmetered water services; and

WHEREAS, Proposition 218 amended the California Constitution to establish a process that public agencies must follow when imposing new or increasing "property related fees" (Cal. Const. Article XIID); and

WHEREAS, water service fees are property-related fees and thus subject to Proposition 218's procedural and substantive requirements; and

WHEREAS, the City engaged Bartle Wells Associates (“BWA”) in July 2015 to conduct a comprehensive review of the City’s water rates and charges in accordance with Proposition 218; and

WHEREAS, BWA prepared a report dated May 2016 entitled “City of Modesto Water Rate and Fee Study” (“Report”), containing analyses and recommendations for adjusting the City’s water rates and charges; and

WHEREAS, the Report analyzes the number of water customers, projections for customer growth, water revenues, water capital improvement programs, operations and maintenance needs, customer services costs, and volumetric use; and

WHEREAS, the Report concludes that the revenues generated under existing water rates are insufficient to meet water utility’s revenue requirements for fiscal year 2016-17 and subsequent years, given changes and new developments in the City’s water system, including new capital improvement projects identified in the soon to be completed Water Master Plan; and

WHEREAS, the Report recommends increasing the City’s existing water rates and charges, and makes certain recommendations for the City’s water services rates for the period beginning fiscal year 2016-17; and

WHEREAS, the Report demonstrates that the recommended rates do not exceed the reasonable cost of providing such service or regulatory activity and, as such, the proposed rates are not levied for general revenue purposes; and

WHEREAS, the Report also demonstrates that the recommended rates result in charges to property owners or ratepayers that do not exceed the proportionate cost of providing water services attributable to the parcel or persons; and

WHEREAS, the City mailed a notice of the public hearing, and notice of oral and written protest procedures against the proposed rate increases to all affected property owners and ratepayers in compliance with California Constitution Article XIII D, Section 6; at least forty-five days in advance of the public hearing at which this Resolution was considered; and

WHEREAS, on August 9, 2016, the City Council duly held the public hearing, and at its conclusion the City Clerk tabulated the number of written and oral protests received, if any, and reported that there was not a majority protest of the proposed rates by owners or authorized representatives of identified property owners or ratepayers receiving water services; and

WHEREAS, the City Council subsequently approved a new water rate structure in accordance with Proposition 218 by Resolution No. 2016-343 and adopted a five-year schedule of new maximum water service rates beginning in Fiscal Year 2016-17 and increasing those rates by up to 25.04% in Fiscal Year 2016-17; 11.08% in Fiscal Year 2017-18; 9.00% in Fiscal Years 2018-19 through 2020-21; and

WHEREAS, on December 12, 2017, by Resolution 2017-522, Council approved the annual review of water rates as required by Resolution 2016-343, which lowered the maximum water service rates for Fiscal Year 2017-18 from 11.08% to 9.00%, effective April 1, 2018; and

WHEREAS, on September 25, 2018, per Resolution No. 2018-419, staff conducted a review of the rates for FY 2018-19 adopted as part of the five-year schedule. The FY 2018-19 adopted rate increase became effective January 1, 2018, and

WHEREAS, City staff has recently conducted an annual review of the water rates as required by Resolution 2016-343 to evaluate whether the approved 9.00% increase for Fiscal Year 2019-20 meets the enterprise's revenue needs based on anticipated expenses and the City's policies; and

WHEREAS, upon review of the FY 2019-20 proposed Water Fund proforma, the City's Budget Division agrees that the proposed rate schedule increase of 6.00% in annual rate would allow the fund to maintain a minimum 1.5 debt service coverage ratio required by Council policy, and maintain a 2.0 debt coverage ratio in future years as recommended in the recent Fitch Rating review; and

WHEREAS, the Budget Division also recommends a 6.00% increase in water rates for FY 2019-20 based on the anticipated revenues and proposed operating and capital expenses for the upcoming fiscal years; and

WHEREAS, pursuant to amended Resolution 2004-627, the approved increase in water rates for Fiscal Year 2019-20 will become effective 90 days after completion of the annual review, unless the City Council directs otherwise, and Staff recommends the FY 2019-20 rate increase become effective on April 1, 2020.

NOW, THEREFORE, BE IT RESOLVED, by Council of the City of Modesto as follows:

SECTION 1. WATER RATE SCHEDULE- METERED WATER RATES.

Metered ratepayers shall pay a water (volume) rate for water as follows, and the drought water rates shall be imposed when the State Water Resources Control Board imposes a mandatory conservation target that exceeds the City's self-imposed conservation target.

Meter Size	Current	FY2019/20	FY2020/21
Fixed Meter Charges (\$/month)			

5/8 inch	\$23.34	\$24.94	\$26.57
3/4 inch	\$23.34	\$24.94	\$26.57
1 inch	\$33.48	\$36.11	\$38.78
1.5 inch	\$58.83	\$64.04	\$69.31

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-483**

**RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE
NORTH TRUNK SEWER PROJECT, ACCEPTING THE BID, AND
APPROVING A CONSTRUCTION CONTRACT WITH ROLFE
CONSTRUCTION COMPANY, ATWATER, CA, IN THE AMOUNT OF
\$1,797,053 PLUS \$179,705 FOR CONTINGENCY (IF NEEDED) FOR A TOTAL
AMOUNT OF \$1,976,758 AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, specifications have been prepared for the North Trunk Sewer Project, and

WHEREAS, on September 24, 2019 staff received bids from four companies that were responsible and responsive, including a bid from Rolfe Construction Company, and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, and the award of bid for the North Trunk Sewer Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$1,797,053 received from Rolfe Construction Company, be accepted as the lowest responsible and responsive bid and the contract be awarded to Rolfe Construction Company.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the North Trunk Sewer Project and accepts the bid of \$1,797,053 plus \$179,705 for contingency (if needed) for a total amount of \$1,976,758 and Awards Rolfe Construction Company, of Atwater, CA, the contract for the North Trunk Sewer Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-484**

**RESOLUTION AUTHORIZING AN INCREASE IN THE DIRECTOR'S
AUTHORITY TO ISSUE CHANGE ORDERS FOR THE NORTH TRUNK
SEWER PROJECT FROM 8% (\$143,764) TO 10% (\$179,705) OF THE
CONSTRUCTION CONTRACT PRICE OF \$1,797,053 WITH ROLFE
CONSTRUCTION, ATWATER, CA**

WHEREAS, the City's "Change Order Approval Policy", enacted by Council Resolution No. 94-443 on July 19, 1994, established a contract change order budget of 8% for projects over \$1 Million, and

WHEREAS, staff is requesting authorization to increase the contract change order budget to 10% (\$179,705) due to the construction on bangs Avenue, which presents unknown challenges.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Director of Utilities to issue change orders for the North Trunk Sewer Project from 8 percent (\$143,764) to 10 percent (\$179,705) of the construction contract price of \$1,797,053 with Rolfe Construction, of Atwater, CA.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-486**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO
APPROVING THE ISSUANCE OF REVENUE BONDS BY THE CALIFORNIA
MUNICIPAL FINANCE AUTHORITY IN AN AGGREGATE PRINCIPAL
AMOUNT NOT TO EXCEED \$17,000,000 FOR THE PURPOSE OF FINANCING
THE ACQUISITION, CONSTRUCTION, IMPROVEMENT AND EQUIPPING
OF FACILITIES FOR GOLDEN VALLEY HEALTH CENTERS AND CERTAIN
OTHER MATTERS RELATING THERETO**

WHEREAS, Golden Valley Health Centers, a California nonprofit public benefit corporation and an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 (the "Corporation"), has requested that the California Municipal Finance Authority (the "Authority") participate in the issuance of one or more series of revenue bonds in an aggregate principal amount not to exceed \$17,000,000 (the "Bonds"), of which approximately \$10,450,000 will be allocable to projects in the City and the remaining amount will be allocable to a project in another city. The projects in the City are the following:

a) Improvements to an approximately 28,000 square foot, single story leased facility at 2401 East Orangeburg Avenue in Modesto California. The improvements will include 9 exam rooms, 3 restorative therapy rooms, 8 adult day health center rooms, 14 admin rooms, 13 bathrooms, and 16 other rooms including the kitchen. It will employ 1 transportation coordinator, 2 registered nurses, 1 registered dietitian, 1 social worker, 2 therapists, 1 medical provider and 1 nurse practitioner. Some services offered are primary care, PT, OT, ST, recreational activities, transportation, meals, adult day health care, social work. The lease for the facility is from December 20, 2018 through December 20, 2029, with an option for the Corporation to extend the term for two additional periods of 5 years each,

b) Improvements to an approximately 11,000 square foot, leased floor of a 5-story facility at 1524 McHenry Avenue in Modesto California. The improvements will include 18 exam rooms, 2 procedure rooms, 2 pre-test and 2 test rooms (optometry). It will employ 2 medical providers, 3 physician assistants/nurse practitioners, 1 optometrist, 1 podiatrist, and 1 licensed clinical social worker. Some services offered will be prompt care, optometry, podiatry, behavioral health, and medication assistant treatment. The lease for the facility is from March 1, 2019 thru June 30, 2031, with an option for the Corporation to extend the term for two additional 5 year periods, and

c) Building improvements to, and acquire capital equipment for, the Corporation's owned facility, the Modesto Women's Health Center, at 1500 Florida Avenue, Modesto, CA 95350. The funds will be used for building improvements and new equipment to provide colposcopy services, (collectively, the "Project") all leased, owned or to be owned and operated by the Corporation in connection with the Corporation's provision of medical services;

WHEREAS, pursuant to Section 147(f) of the Internal Revenue Code of 1986 (the "Code"), the issuance of the Bonds by the Authority must be approved by the "applicable elected representatives" required to approve the issuance of the Bonds under Section 147(f) of the Code;

WHEREAS, the facilities to be financed and described above are located within the territorial limits of the City;

WHEREAS, the Council is the elected legislative body of the City and is one of the "applicable elected representatives" authorized to approve the issuance of the Bonds under Section 147(f) of the Code;

WHEREAS, the Authority has requested that the Council approve the issuance of the Bonds by the Authority in order to satisfy the public approval requirement of section 147(f) of the Code and the requirements of Section 4 of the Joint Exercise of Powers Agreement Relating to the California Municipal Finance Authority, dated as of January 1, 2004 (the "Agreement"), among certain local agencies, including the City;

WHEREAS, on October 14, 2019, the City caused a notice to appear in the Modesto Bee, which is a newspaper of general circulation in the City, stating that a public hearing with respect to the issuance of the Bonds would be held by the Council on October 22, 2019;

WHEREAS, Council held the public hearing described above on October 22, 2019, and an opportunity was provided for persons to comment on the issuance and sale of the Bonds in one or more series and the plan of financing of the Project; and

WHEREAS, pursuant to section 147(f) of the Code, the Council now desires to approve the issuance of the Bonds by the Authority as provided in this resolution;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, as follows:

Section 1. The foregoing recitals are true and correct.

Section 2. The Council hereby approves, solely for the purposes stated in this resolution, the issuance of the Bonds by the Authority. It is the purpose and intent of the Council that this resolution constitutes approval of the issuance of the Bonds by the Authority, for the purposes of (a) section 147(f) of the Code by the applicable elected representative of the governmental unit having jurisdiction over the area in which the Project is located, in accordance with said section 147(f) and (b) Section 4 of the Agreement.

Section 3. The adoption of this resolution shall not obligate the City or any department or officer thereof to: (i) provide any financing to acquire or construct the Project or any refinancing of the Project; (ii) approve any application or request for, or take any other action in connection with, any planning approval, permit, or other action necessary for the acquisition, construction, rehabilitation, installation, or operation of the Project; (iii) make any contribution or advance any funds whatsoever to the Corporation, the Authority, or to any holders of the Bonds; (iv) take any further action with respect to the Authority or its membership therein; or (v) make any investigations, representations, or disclosures in connection with the Bonds.

Section 4. The officers of the City, including by way of example and not as a limitation, the City Manager, the Finance Director, and the City Clerk are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they deem necessary or advisable in order to carry out, give effect to and comply with the terms and intent of this resolution and the financing transaction approved hereby.

Section 5. This resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-487**

A RESOLUTION APPOINTING THE SEVEN INDIVIDUALS RECOMMENDED BY THE CITY COUNCIL TO SERVE AS MEMBERS OF THE CHARTER REVIEW COMMITTEE WITH THE MAYOR'S APPOINTEE SERVING AS THE CHAIR AND THE VICE-MAYOR'S APPOINTEE SERVING AS THE VICE CHAIR OF THE CHARTER REVIEW COMMITTEE, AUTHORIZING THE SEVEN COMMITTEE MEMBERS TO APPOINT FOUR ADDITIONAL COMMITTEE MEMBERS FROM THE COMMUNITY, APPOINTING COUNCILMEMBER AH YOU AS THE CITY COUNCIL AD HOC REPRESENTATIVE, AND APPOINTING TWO REGIONAL REPRESENTATIVES

WHEREAS, on November 6, 1962, the qualified voters of the City of Modesto at a Special Charter Election consolidated with the State of California General Election ratified the Charter of the City of Modesto; and

WHEREAS, this Charter became effective on January 14, 1962; and

WHEREAS, Section 1604 of the Charter provides that the City Council shall cause the Charter to be reviewed at least every ten (10) years commencing with the year of 1908; and

WHEREAS, the Charter was amended in 1990, 1999, and 2008; and

WHEREAS, in the Fall of 2019, the City Council discussed the possible review and amendment of the City of Modesto Charter; and

WHEREAS, it was determined to initiate the review in 2019 for possible consideration at the November 2020 Election;

WHEREAS, at the September 10, 2019 Council meeting, the Council approved the recommendation to consider and take action once the recommendations were received no later than October 2, 2019:

- (i) Each Councilmember to nominate one person to serve as members of the Charter Review Committee with the Mayor's appointee serving as the Chair and the Vice Mayor's appointee serving as the Vice Chair of the Committee;
- (ii) The initial seven (7) Committee members are authorized to nominate up to four (4) additional members to the Committee from the community and forward them to Council for ratification;
- (iii) City staff is authorized to post and publicize information requests, volunteer applicants for the City of Modesto; and
- (iv) Mayor Brandvold will appoint one (1) Councilmember to serve as an ad hoc, non-voting member of the Charter Review Committee. Mayor Brandvold may nominate and forward to Council for approval up to two (2) other ad hoc, non-voting members of the Committee that are not registered voters in the City of Modesto, but are registered voters in Stanislaus County to provide input on regional issues addressed by the Committee.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Modesto hereby approves the appointments of Chris Tyler, Aaron Anguiano, Janice Keating, Michael Moradian, Sam Pierstorff, Wendy Byrd and Cecil Russell to serve as voting members of the Charter Review Committee with Cecil Russell serving as the Chair and Sam Pierstorff serving as the Vice Chair of the Committee.

BE IT FURTHER RESOLVED that the Council of the City of Modesto hereby authorizes the seven Council-appointed committee members to select and appoint four additional members from the community to serve on the Charter Review Committee.

BE IT FURTHER RESOLVED that Mayor Brandvold hereby appoints Councilmember Ah You to serve as an ad hoc, non-voting member of the Charter Review Committee.

BE IT FURTHER RESOLVED that Mayor Brandvold hereby nominates, and the Council of the City of Modesto hereby approves, as regional ad hoc, non-voting members: (i) John Walker, President, Modesto City School Board of Trustees and (ii) George Petrulakis, Past Chairmen of the Charter Review Committee; such approval of the President of the School Board is made notwithstanding the previous direction that these ad hoc, non-voting members would not be voters in the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of October, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-488**

RESOLUTION APPROVING A CATERING AND CONCESSIONAIRE AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO HOSPITALITY, LLC, TO PROVIDE CATERING AND CONCESSIONAIRE SERVICES TO THE MODESTO CENTRE PLAZA, AND AUTHORIZING THE CITY MANAGER, OR DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City operates and manages the Modesto Centre Plaza (MCP) as a destination conference center and community facility, and

WHEREAS, on May 5, 2009, by Resolution No. 2009-197, Council approved a ten-year agreement with Modesto Hospitality Lessee, LLC which owned and operated the hotel as The DoubleTree at that time, and

WHEREAS, by a letter agreement with Modesto Hospitality, LLC, the hotel's current owner/operator, the agreement's expiration date was extended from May 5, 2019 to December 31, 2019, and

WHEREAS, it is the desire of the City and DoubleTree to continue providing the catering and concessionaire services for the Modesto Centre Plaza, and

WHEREAS, the new agreement would commence on January 1, 2020 to December 31, 2023, with two five-year options to extend upon mutual consent of both parties, and

WHEREAS, on October 2, 2019, this matter was considered by the Economic Development Committee which unanimously recommended it be forward to Council for approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Catering and Concessionaire Agreement between the City of Modesto Hospitality, LLC, to provide catering and concessionaire service to the Modesto

Centre Plaza commencing on January 1, 2020 and ending on December 31, 2023, with the option to extend the agreement for a total of two five-year extensions upon mutual agreement of both parties.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute the agreement in form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember

Ridenour, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-489**

RESOLUTION AUTHORIZING THE ACCEPTANCE OF THE RELINQUISHMENT IN ITS CURRENT ENVIRONMENTAL CONDITION AND SETTING AS REFERENCED IN THE HAZARDOUS WASTE INITIAL SITE ASSESSMENT FOR THE STATE ROUTE 99 AT PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT, DATED AUGUST 20, 2019, INCLUDING, BUT NOT LIMITED TO, THE PRESENCE OF HAZARDOUS MATERIALS AS DESCRIBED IN THE RELINQUISHMENT OF PARCEL ALONG SR99 – PM 21.0 - 22.4 (CT PARCEL 17140-4 & 17140-5) AND WAIVING THE 90-DAY NOTICE OF “INTENTION TO RELINQUISH” REQUIREMENT AND RESCINDING AND REPLACING RESOLUTION 2019-400

WHEREAS, on April 25, 2017, by Resolution number 2017-154, Council accepted the State Route 99/Pelandale Avenue Interchange Reconstruction Project improvements as complete, and

WHEREAS, a Record of Survey must be submitted to the State for final closeout of the project to be completed, and

WHEREAS, for the Record of Survey to be submitted, Council must first approve the relinquishment of land to both County and State, and

WHEREAS, on January 23, 2018, by Resolution number 2018-42, Council approved the transfer of real property, APNs 135-029-038 and 135-029-039 to Stanislaus County and State of California, and APNs 135-029-040 and 135-029-041 to the State of California for the SR-99/Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, now that Caltrans received both City and County approval of relinquishment, approval is then needed by the California Transportation Commission (CTC) for the State’s property to be relinquished to the City and County, and

WHEREAS, Caltrans requested an approved resolution from the City authorizing the acceptance of State right of way for CTC to approve the relinquishment of State property, and

WHEREAS, on September 10, 2019, by Resolution 2019-400, Council authorized the acceptance of the relinquishment of those portions of State right-of-way along Highway 99 between post mile 21.0 and post mile 22.1 from the State of California to the City of Modesto for the SR-99/Pelandale Avenue Interchange Reconstruction Project, and

WHEREAS, Caltrans requested the resolution also needs to include language to accept the relinquishment in its current environmental condition/setting and also waive the 90-day notice of “Intention to Relinquish” requirement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the acceptance of the relinquishment in its current environmental condition and setting, including, but not limited to, the presence of hazardous materials as described in the relinquishment of parcel along SR99 – PM 21.0 - 22.4 (CT Parcel 17140-4 & 17140-5), waiving the 90-day notice of “Intention to Relinquish” requirement, and rescinding and replacing Resolution 2019-400.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-492**

**RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 SOLID WASTE
FLEET REPLACEMENT FUND (4899) OPERATING BUDGET IN THE
AMOUNT OF \$254,268 FOR THE PURCHASE OF A JOHN DEERE 644K
LOADER WITH SPECIFIC CONFIGURATIONS FROM PAPE MACHINERY**

WHEREAS, the John Deere 644K loader will be used by the Public Works Department, Solid Waste Division, at the Compost site on Jennings Road in Modesto, CA for moving compost material, loading customer trucks, and general yard maintenance, and

WHEREAS, the purchase will replace an existing John Deere 644J loader that is currently assigned to the Compost Facility, and

WHEREAS, the Solid Waste Replacement Fund (4899) has funding in reserves available to cover the purchase of this loader from replacement funds collected from other solid waste equipment, and

WHEREAS, the replacement fund will be paid back as part of monthly payments to the division in the amount of \$4,238 over the next 10 years, and

WHEREAS, currently, the Compost facility is renting a loader for \$7,075 per month, \$84,900 annually to fill the void until this loader is purchased, and

WHEREAS, in order to purchase the loader, a budget adjustment is necessary to establish the budget in the amount of \$254,268 within the Solid Waste Fleet Replacement Fund for the purchase.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby establishes and amends the Fiscal Year 2019-2020 Solid Waste Fleet Replacement Fund (4899) operating budget in the amount of \$254,268 for the purchase of a John Deere 644K Loader with specific configurations from Pape Machinery.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-493**

**RESOLUTION APPROVING THE PURCHASE OF A JOHN DEERE 644K
LOADER WITH SPECIFIC CONFIGURATIONS FROM PAPE MACHINERY,
FRENCH CAMP, CA, FOR A TOTAL AMOUNT NOT TO EXCEED \$254,268,
AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE,
TO ISSUE THE PURCHASE ORDER**

WHEREAS, the John Deere 644K Loader will be used by the Compost operations site, and

WHEREAS, replacement units are essential in maintaining current operations, facilities and/or services assigned to various departments, and

WHEREAS, on August 30, 2019, Sourcewell Quote ID 20375495 was solicited from Pape Machinery, French Camp, CA, and

WHEREAS, MMC Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, based on the bid submission, staff recommends the awarding of the purchase of one John Deere 644K Loader to Pape Machinery, French Camp, CA, and

WHEREAS, sufficient funds for one John Deere 644K Loader have been encumbered in the Fleet Replacement Fund 5409.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase of one John Deere 644K loader to Pape Machinery, French Camp, CA.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is authorized to issue a purchase order for \$254,268.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-494**

RESOLUTION ACCEPTING THE MODESTO POLICE DEPARTMENT'S HEATING, VENTING AND AIR CONDITIONING RENOVATION PROJECT FOR THE DEPARTMENT'S OPERATIONS BUILDING AS COMPLETE, AUTHORIZING ALL NECESSARY STEPS TO FILE WITH THE COUNTY RECORDER, RELEASING SECURITIES, AND RELEASING PAYMENTS TOTALING \$822,133 TO AMERICAN CHILLER SERVICE, INC., OF RANCHO CORDOVA, CA,

WHEREAS, the existing HVAC systems for the two MPD building facilities had continued to experience maintenance issues and even experienced failure during the summer of 2017 resulting in extreme working conditions for MPD staff, and

WHEREAS, the existing air conditioning chiller units were no longer functioning reliably or efficiently, which has resulted in costly maintenance, and

WHEREAS, additionally the boiler unit was insufficient and the control systems and Motor Control Center (MCC) electrical panel were out of date and inefficient, and

WHEREAS, the renovation replaced the two chiller units, the boiler unit, the control systems and the MCC electrical panel, and

WHEREAS, bids were advertised on May 2, 2018, and

WHEREAS, one bid was publicly opened on May 29, 2018, pursuant to Modesto Municipal Code section 8-3.403 and Charter Section 1307, and American Chiller Service, Inc., Rancho Cordova, CA was the apparent low bidder, and

WHEREAS, on June 26, 2018, by Resolution No. 2018-261, Council awarded a contract to American Chiller Service, Inc., Rancho Cordova, CA for the construction of the Modesto Police Department's Heating, Venting and Air Conditioning Renovation Project for the Department's Administration Building in the amount of \$770,288, and

WHEREAS, the contractor received the Notice to Proceed with a first working day of July 10, 2018 and all contract work was completed by June 1, 2019, and

WHEREAS, the total project costs were \$850,605 which included all construction, design, and construction administration costs. The total project amount originally budgeted was \$959,346 which included \$847,317 for the construction contract and contingency with American Chiller Service, Inc., and

WHEREAS, there were 2 change orders resulting in an overall increase of \$51,845 for change order work, and

WHEREAS, by accepting this project as complete, the City officially accepts the improvements made and authorizes the Notice of Completion to be filed, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Modesto Police Department's Heating, Venting and Air Conditioning Renovation Project for the Department's Operations Building is hereby accepted as complete from contractor American Chiller Service, Inc., of Rancho Cordova, California, and that the City Clerk is authorized to complete all necessary steps to file the appropriate notices and documents with the County Recorder, release securities and authorize payments totaling \$822,133, as is authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-496**

RESOLUTION APPROVING PLANS AND SPECIFICATIONS FOR THE 2017-2018 SANITARY SEWER COLLECTION SYSTEM REPLACEMENT PROJECT, ACCEPTING THE BID, AND APPROVING A CONSTRUCTION CONTRACT WITH ROLFE CONSTRUCTION COMPANY, ATWATER, CA, IN THE AMOUNT OF \$691,296 PLUS \$103,694 FOR CONTINGENCY (IF NEEDED) FOR A TOTAL AMOUNT OF \$794,990 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, specifications have been prepared for the 2017-2018 Sanitary Sewer Collection System Replacement Project, and

WHEREAS, on October 22, 2019 staff received bids from four companies that were responsible and responsive, including a bid from Rolfe Construction Company, and

WHEREAS, MMC 8-3.203 states that all purchases, in excess of fifty thousand dollars (\$50,000), or when directed by the City Manager for any purchase of fifty thousand dollars (\$50,000) or less, shall follow formal bid procedures, and

WHEREAS, and the award of bid for the 2017-2018 Sanitary Sewer Collection System Replacement Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$691,296 received from Rolfe Construction Company, be accepted as the lowest responsible and responsive bid and the contract be awarded to Rolfe Construction Company.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the 2017-2018 Sanitary Sewer Collection System Replacement Project and accepts the bid of \$691,296 plus \$103,694 for contingency (if needed) for a total amount of \$794,990 and Awards Rolfe

Construction Company, of Atwater, CA, the contract for the 2017-2018 Sanitary Sewer Collection System Replacement Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-501**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): CÉSAR E. CHAVEZ PARK IMPROVEMENTS

WHEREAS, on March 5, 2019, by Resolution No. 2019-108 the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, on July 9, 2019, the City Council, by resolutions 2019-333, authorized staff to move forward with the submission of a Prop 68 grant application for the renovation César E. Chavez Park, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C& ED 2019-02 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on October 15, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on November 5, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that the Council has reviewed and considered the Initial Study prepared for the César E. Chavez Park improvements, a copy of which is **attached** hereto as **Exhibit “ A”** , and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the PublicResources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Parks, Recreation and Neighborhoods Department Director, or their designee, is hereby

authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto

**Finding of Conformance with the
Urban Area General Plan Master EIR
(SCH No. 2014042081)**

**Initial Study Environmental Checklist
PRN No. 2019-06**

For the proposed:

César E. Chavez Park Improvements

**Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division**

September 30, 2019

(Intentional Blank Page)

City of Modesto Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed project is "within the scope" of the City's General Plan analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. analyses demonstrate that it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: César E. Chavez Park Improvements
- B. Address or Location: César E. Chavez Park, 615 Sierra Drive, Modesto CA (APN 103-018-001)
- C. Applicant: City of Modesto
- D. City Contact / Project Manager: Nathan Houx, Parks Planning and Development Manager
Department: Parks, Recreation and Neighborhoods Department
Phone Number: (209) 571-5526
E-mail address: nhoux@modestogov.com
- E. Current General Plan Designation: D (Downtown)
- F. Current Zoning Classification: TND (Traditional Neighborhood Downtown)
- G. Surrounding Land Uses: The César E. Chavez Park site is surrounded on all sides by single-family residential neighborhoods.

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR;

The proposed César E. Chavez Park improvements (Parks Facilities Plans project type) consist of the following components:

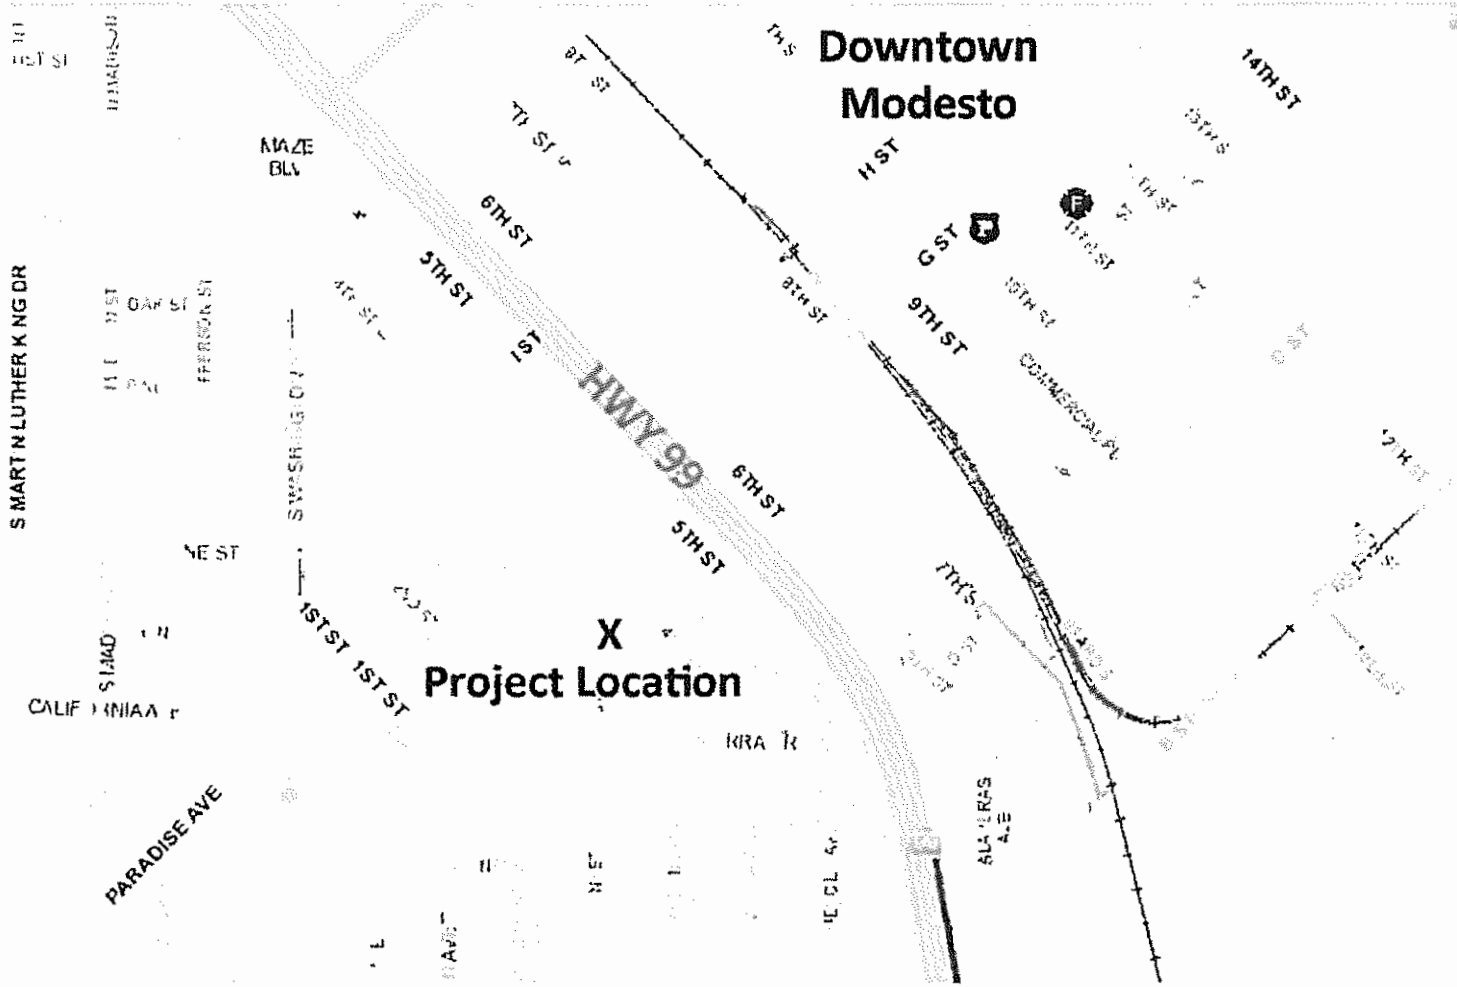

- New approximately 46,000 SF lighted splash park / aquatic center;
- New approximately 1,750 SF multi-purpose rooms suitable for exercise and aerobic classes;
- New approximately 30' x 30' lighted picnic pavilion;
- New full-size lighted basketball court;
- New approximately 10,000 SF lighted skate plaza;
- New approximately 2,500 linear feet of exercise walking paths;
- Three new outdoor fitness stations;
- New youth soccer / sports field;
- New stage area for community events;
- New two-stall restroom building;
- New street-side bioswales and rain garden;
- Fifteen new area park lights;
- Convert approximately 22,500 SF of turf area to planter area; and,
- Remove a total of approximately 126,800 SF of irrigated turf.

The attached concept development plan graphically reflects these proposed park improvements.

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR; and,
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,

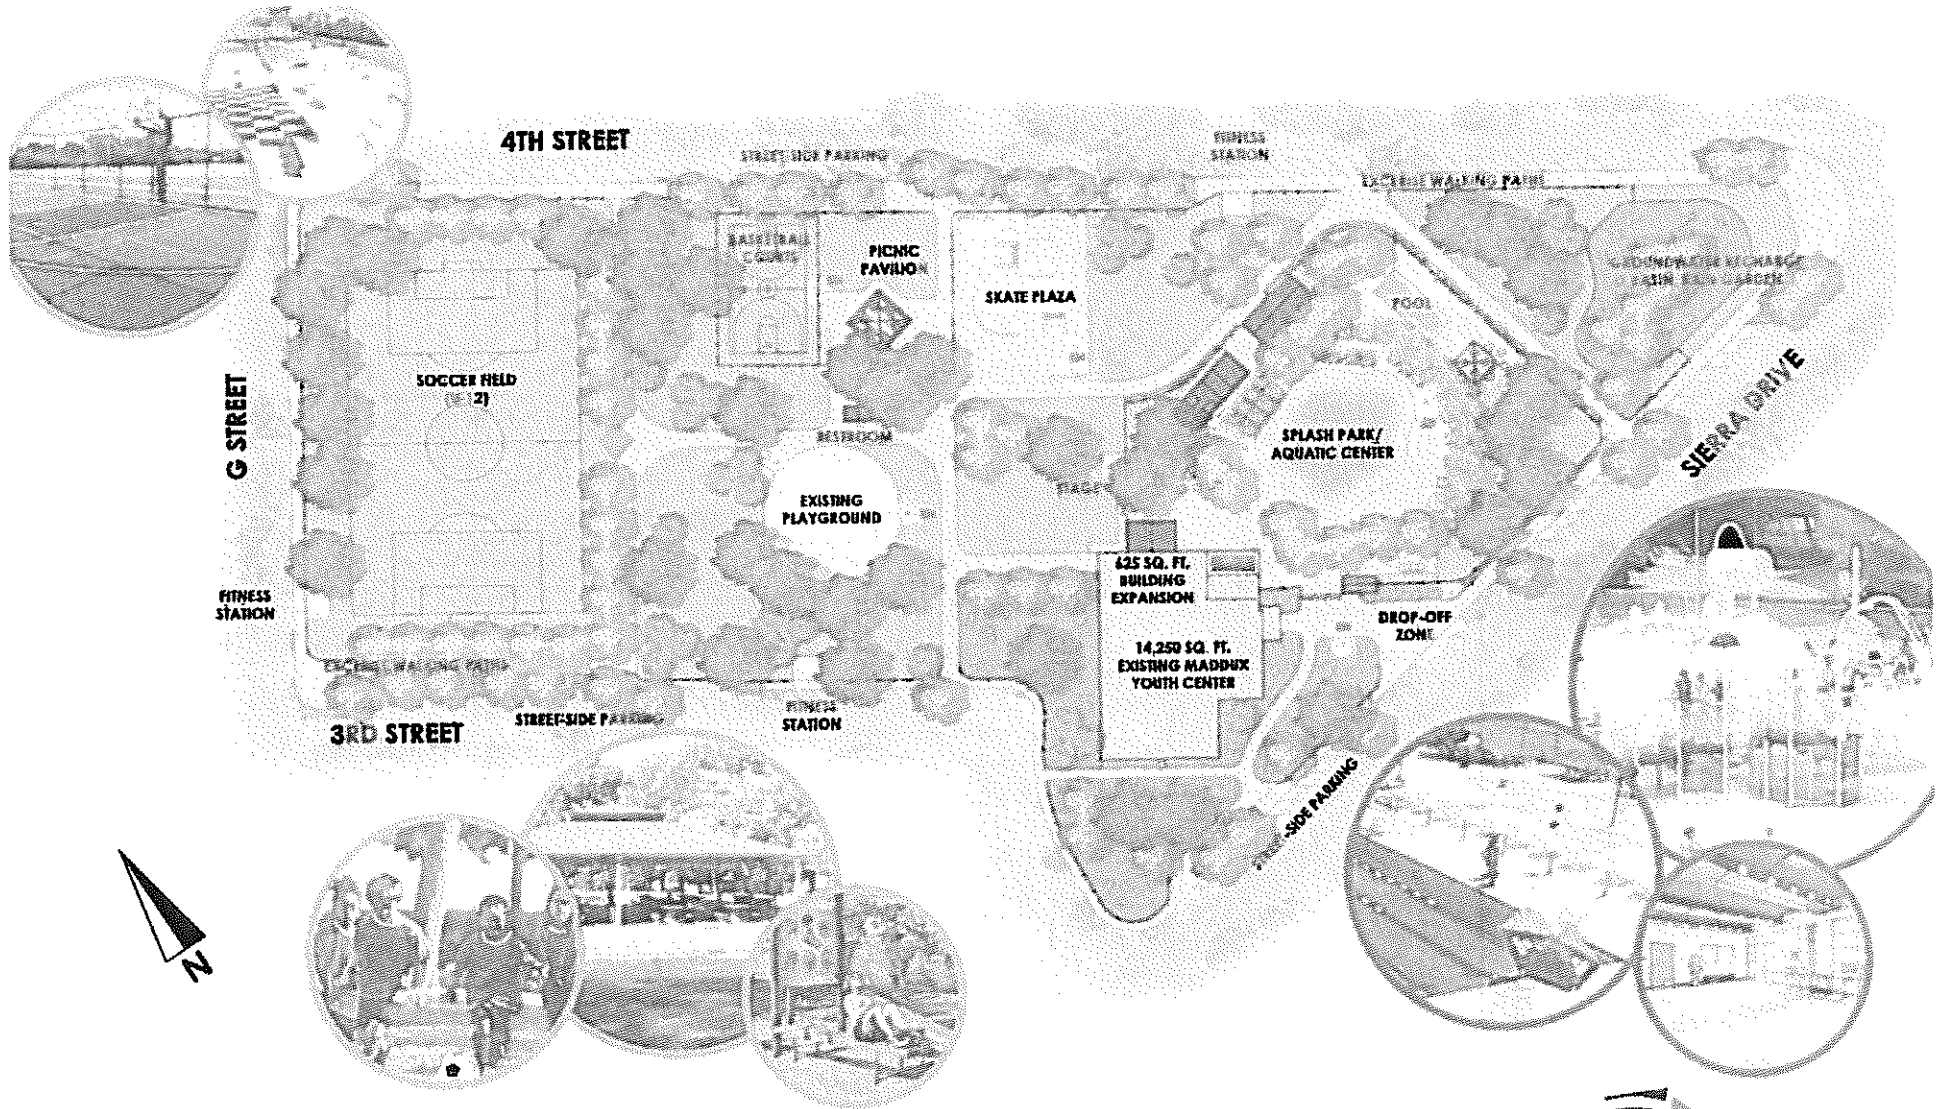

CESAR E. CHAVEZ PARK RENOVATION PROJECT - LOCATION MAP

PROPOSITION 68 GRANT APPLICATION

Parks Planning and Development Division
July 2019

CÉSAR E. CHAVEZ PARK, CONCEPT MASTER PLAN

PROPOSITION 68 GRANT APPLICATION

Parks Planning and Development Division
July 2019

MP

2. **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,

3. **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,

Project Manager

Parks Planning and Development Manager

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the Master EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analyses and is within the scope of the Master EIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	<input type="checkbox"/>
(2)	City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	X	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in subsequent reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	<input type="checkbox"/>
(5)	The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	X	<input type="checkbox"/>
(6)	Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	X	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	X	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	X	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	X	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	X	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation Impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-6) The proposed park improvements would result in no change to the surrounding streets / circulation system. There would be no conflict(s) with any existing plan, ordinance or congestion management program. There would be no effect relative to air traffic, and no conflict(s) associated with transit or non-motorized transportation.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse gases.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-8) The proposed park improvements would be constructed at an existing park site. The proposed project would not be inconsistent with the General Plan, and it would not result in pollution, emissions or odors beyond what has been assumed and analyzed in the Master EIR.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City's noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include those listed in Section V, below, from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a permanent increase of 3 dBA where any noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity compared to a no-project scenario.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	X	<input type="checkbox"/>	<input type="checkbox"/>
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) For a project within the vicinity of a private airstrip, the proposed project would expose people in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA Lmax inside bedrooms or 55 dBA Lmax inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-7) The proposed park improvements would not result in any noise or vibration beyond that analyzed in the Master EIR. However, short-term noise impacts could occur during construction. Applicable General Plan policies would ensure that any such short-term impacts would be less than significant.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
overspray, dust, or noise at urban uses.				
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-6) The proposed project site is within the City of Modesto's downtown, in an area that is long-developed with residential neighborhoods. No impacts to agricultural resources could occur as a result of the project.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-4) The proposed park improvements would not result in any water use, and no demand for long-term water supply, beyond what is anticipated and analyzed in the Master EIR.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-3) The proposed park improvements would not result in any demand for sanitary sewer capacity beyond that anticipated in the Master EIR.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-7) The proposed project site is in downtown Modesto, and has been in use as a park for decades. No significant impacts related to biological resources could occur.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	X	<input type="checkbox"/>	<input type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-6) The proposed project site is in downtown Modesto, and has been in use as a park for decades. There are no known archaeological or historical resources in the vicinity. No significant impacts related to archaeological or historical resources could occur.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto's urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is Inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-3) The proposed park improvements would not result in any demand for storm drainage beyond that anticipated in the Master EIR.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

(1-8) The proposed park improvements would not result in any flooding or water quality impacts beyond those described and analyzed in the Master EIR.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-3) The proposed park improvements would occur within an existing park site. The new park facilities would result in an enhanced and improved park site and system.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-2) The proposed park improvements would not result in demand for schools or related facilities.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-2) The proposed park improvements would not result in increased demand for police services beyond what was identified and analyzed in the Master EIR.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-2) The proposed park improvements would not result in demand for fire services beyond what was assumed and analyzed in the Master EIR.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or it would result in non-compliance with any applicable federal, state or local statutes or regulations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

- (1-2) The proposed park improvements would not result in generation of solid waste beyond what was assumed and analyzed in the Master EIR.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-8) The proposed park improvements would not result in any significant impacts related to hazardous waste or hazardous materials. Liquid chlorine, muriatic acid, and other chemicals that are routinely used for swimming pools and aquatic parks will be stored within a new ventilated building. Handling of these materials will only be done by a Certified Pool Operator.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-2) The proposed park improvements would not result in any impacts related to geology, soils and mineral resources.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

- (1-2) The proposed park improvements would not result in any impacts related to energy beyond those anticipated and analyzed in the Master EIR.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would substantially degrade the existing visual character or quality of the site and its surroundings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-7) The proposed park improvements would not result in any impacts to visual resources, as the project site is an existing downtown park that would be visually enhanced. No scenic resources or vistas can be seen from the project site or the surrounding area.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

(1-4) The proposed park improvements would not result in any impact(s) to land use and planning.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed

project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

Generation of Noise and Vibration:

Noise-4. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (Policy VII-G.3.b)

Noise-11. Limit trucking during construction to specific routes, times, and speeds that avoid or minimize adverse effects on sensitive receptors. (Policy VII-G.3.i)

Noise-16. For construction activities involving high-powered vibratory tools or pile driving within 200 feet of an existing structure, demonstrate that project construction would not exceed the Caltrans construction vibration thresholds to ensure that no damage to structures would occur. (Policy VII-G.3.n)

Disturbance of Archaeological / Historic Sites:

AH-16. Allow reasonable time for a qualified archaeologist to notify the proper authorities for a more detailed inspection and examination of exposed cultural resources, if any. During this time, excavation and construction would not be allowed in the immediate vicinity of the find; however, those activities could continue in other areas of the project site. (Policy VII.F.2[m])

AH-17. If any find is determined to be significant by a qualified archaeologist, representatives of the construction contractor and the City, the qualified archaeologist, and a representative of the Native American community (if the discovery is an aboriginal burial) will meet to determine the appropriate course of action. (Policy VII.F.2[n])

AH-19. Any project subject to CEQA that involves substantial earth-disturbing activities should require consultation by the applicant for the purposes of determining the potential for archaeological and cultural resources impacts and creating appropriate mitigation to address any such impacts. (Policy VII.F.3[a])

AH-21. Any project that involves earth-disturbing activities within previously undisturbed soils in an area determined to be archaeologically or culturally sensitive by the City of Modesto through consultation with Native American tribes or bands and a qualified archaeologist should be required to carry out the following mitigation measures, at a minimum:

- (1) If prehistoric archaeological remains are discovered during project construction (inadvertent discoveries), all work in the area of the find shall cease, and a qualified archaeologist should be retained by the project sponsor to investigate the find, and make recommendations as to treatment and mitigation. In the event of the discovery of a burial, human bone, or suspected human bone all excavation or grading in the vicinity of the find should halt immediately and

the area of the find should be protected and the project applicant immediately should notify the County Coroner of the find and comply with the provisions of California Health and Safety Code Section 7050.5, including California Public Resources Code Section 5097.98, if applicable. If human remains are identified, the project sponsor should also retain a Native American monitor;

- (2) A qualified archaeological monitor should be present and should have the authority to stop and redirect grading activities, in consultation with the Native Americans and their designated monitors, to evaluate the significance of any Native American archaeological resources discovered on the property;
- (3) Native American monitors from the appropriate Native American Tribes, as determined by the NAHC should be allowed to monitor all groundbreaking activities, including all archaeological testing and data recovery excavations that are likely to affect Native American resources, as determined by a qualified archaeologist. The project proponent should be responsible for compensating Native American monitors. If human remains are discovered, the NAHC should assign a Most Likely Descendent (MLD);
- (4) The landowner agrees to relinquish ownership of all Native American human remains and associated burial artifacts that are found within the project area, to the appropriate Native American MLD, as assigned by the NAHC, for proper treatment and disposition. The MLD will decide whether or not standard archaeological analysis will be allowed on human remains and associated artifacts from burials; and,
- (5) If paleontological resources are discovered during earth-moving activities, the construction crew shall immediately cease work in the vicinity of the find, and the City's Planning Manager shall be notified. A qualified paleontologist shall evaluate the resource and prepare a proposed mitigation plan in accordance with Society of Vertebrate Paleontology guidelines. The proposed mitigation plan may include a field survey of additional construction areas, sampling and data recovery procedures, museum storage coordination for any specimen recovered, and a report of findings. Recommendations determined by the lead agency to be necessary and feasible shall be implemented before construction activities can resume at the site where the paleontological resources were discovered. (Policy VII.F.3[c])

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-502**

**RESOLUTION ACCEPTING A TRANSPORTATION PLAN FOR FISCAL
YEARS 2019-20 THROUGH 2023-24**

WHEREAS, the City of Modesto receives transportation related funding from various levels of government to build, operate and maintain a safe, efficient and reliable transportation system across all modes of transportation, and

WHEREAS, funding sources for transportation include, but are not limited to, Measure L, SB-1, Gas Tax Fund, Capital Facilities Fees, Community Facilities District, Regional Surface Transportation Program, Highway Safety Improvement Program, Active Transportation Program, Congestion Mitigation and Air Quality Improvement Program, State funds, Developer Fees/Participation, Transportation Development Act, Federal Transit Administration, California Office of Emergency Services, Low Carbon Transit Operations Program, fares and advertising, and the General Fund, and

WHEREAS, transportation dollars are used and managed across various divisions and departments within the City, and

WHEREAS, current needs have been identified that greatly exceed available funding, thus a comprehensive plan is needed to provide a look ahead to maximize use of available transportation funding, and

WHEREAS, a five year transportation plan was prepared to identify, evaluate and prioritize the City's transportation-related programs and projects for Fiscal Years 2019-20 through 2023-24, and

WHEREAS, programs, projects and priorities for each fiscal year will continue to be reviewed by staff, the Commission and Council on an annual basis,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Transportation Plan for Fiscal Years 2019-20 through 2023-24.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-503**

**RESOLUTION ACCEPTING A 5-YEAR MEASURE L PLAN FOR FISCAL
YEAR 2019-20 TO FISCAL YEAR 2023-24**

WHEREAS, in November, 2016, Stanislaus County voters approved a county-wide, 25-year, half-cent sales tax increase for transportation and pavement rehabilitation projects known as Measure L, and

WHEREAS, the City of Modesto's estimated share of Measure L funds is approximately \$8.9 Million, and

WHEREAS, on May 24, 2016, by Resolution No. 2016-220, the City Council approved a list of proposed projects to be funded upon the successful passage of Measure L within the first 5 years, and

WHEREAS, on October 4, 2016, Council approved Ordinance No. 3656-C.S. adding Chapter 10 to Title 8 of the Modesto Municipal Code to establish a Citizens' Transportation Sales Tax Commission ("Commission"). The Commission will consist of eleven members appointed by the City Council, and

WHEREAS, on July 5, 2017, by Resolution No. 2017-269, Council approved a list of projects to be funded with Measure L tax proceeds for Fiscal Year 2017-18, and

WHEREAS, on December 12, 2017, by Resolution No. 2017-505, Council approved a Measure L Master Funding Agreement between Stanislaus Council of Governments and the City of Modesto, and

WHEREAS, the City's estimated share of Measure L local funds is approximately \$6.87 Million annually for the Local Streets and Roads category which is to be used exclusively for repair and maintenance of our City streets, and

WHEREAS, the City anticipates receiving \$1.37 Million annually for the Traffic Management category which is to be used to upgrade intersections, widen roads, signalize intersections, install traffic calming devices, etc., and

WHEREAS, the City anticipates receiving \$687,000 annually for the Bike and Pedestrian Improvement category which is to be used for local connectivity between communities, local schools, trails and recreation facilities, and

WHEREAS, on March 13, 2018, by Resolution No. 2018-124, Council approved additional projects for FY 2018-19, and

WHEREAS, on September 4, 2018, by Resolution No. 2018-380, Council approved a list of projects for FY 2018-19, and

WHEREAS, starting in FY 2019-20, the Measure L funding projects for each category were presented to the Commission and subsequently brought forth to Council with the annual Capital Improvement Plan budget review, and

WHEREAS, a 5-Year Measure L Plan was prepared to identify, evaluate and prioritize the City's Measure L local funded projects for FY 2019-20 through 2023-24, and

WHEREAS, projects and priorities for each fiscal year will continue to be reviewed by staff, the Commission and Council on an annual basis,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the 5-Year Measure L Plan for FY 2019-20 through FY 2023-24.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-504**

**RESOLUTION APPROVING AN AGREEMENT INCLUDING LANGUAGE
CHANGES FOR A SUCCESSOR MEMORANDUM OF UNDERSTANDING
BETWEEN THE CITY OF MODESTO AND THE MODESTO CITY
EMPLOYEES ASSOCIATION (MCEA) FOR A TERM OF MARCH 9, 2019 TO
JUNE 30, 2023; AND AUTHORIZING THE CITY MANAGER OR DESIGNEE
TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT
THE AGREEMENT**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto City Employees Association (MCEA) expired on march 9, 2019, and

WHEREAS, representatives of the CITY and the MCEA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MCEA have reached agreement on language changes for a successor MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

Article 1. TERM. The term of the MOU shall be from March 9, 2019 to June 30, 2023.

Article 5. SALARY. Amend to include 2.0% salary increase effective November 12, 2019, following ratification of this MOU by MCEA and adoption by the City Council. Effective June 23, 2020, employees will receive an additional 2.0% salary increase. Effective June 22, 2021, employees will receive an additional 2.0% salary increase. Effective June 21, 2022, employees will receive an additional 2.0% salary increase. In addition, based on the results of the City's most recent labor market study,

the salary range for each of the benchmark classes listed in **Exhibit X**, along with any related classes, shall increase in accordance with the **attached** Class Range Tables set forth in **Exhibits A through C attached** hereto.

Article 7. PAY PERIOD DEFINED.

Subsection B. Direct Deposit: Employees have the option to elect to be paid via direct deposit or a debit card.

Article 12. OVERTIME.

Subsection C. Overtime Compensation. Any employee authorized by the Department Director or authorized representative to work overtime will be compensated at the overtime rate, i.e. one and one-half (1½) times the employee's regular hourly rate of pay. Upon an employee's request, overtime may be compensated as compensatory time off (CTO). CTO will be credited at one and one half (1½) times the amount of hours worked.

Each employee hired before September 27, 2005 will be paid on a quarterly basis for all compensatory time over one hundred and sixty (160) hours. Each employee hired on or after September 27, 2005 will be paid on a quarterly basis for all compensatory time over one hundred (100) hours.

Cash out of hours will be calculated by payroll using the CTO hours from the first pay period ending in the months of March, June, September, and December. Cash out of hours will be paid in the second pay period ending in the months of March, June, September, and December. If employees choose to cash out additional time to be paid in the second pay period of the months listed above, employees will be paid out for both the (i) hours such employees elected to cash out, plus (ii) the hours automatically cashed out

in accordance with the preceding paragraph and all cashed out hours will be deducted from the employees' accrued CTO.

At the employees request, payment of CTO will be included as part of a regular paycheck so long as the request is for at least ten (10) hours. Employees will make this request to the Payroll Division of Finance at least fourteen (14) calendar days prior to payout. CTO leave may be taken at the request of the employee with reasonable advance notice and with the approval of the Department Director or designee. Approval of CTO leave will not be denied unless granting the CTO leave request would result in an undue disruption in City operations. CTO will be taken in straight time hours.

MCEA employees will have the opportunity to bank overtime hours as CTO outside of their assigned home cost center. The City agrees to absorb the additional labor costs for tracking these hours outside of the payroll system as a manual work-around. The City will notify MCEA to discuss impacts of the City's ability to absorb the additional cost as a result of the work-around.

Overtime hours worked in connection to grants, capital projects or other time-restricted funded activities are to be paid as cash on the paycheck following the pay period for which time was worked and therefore should not be approved for hours banked to CTO. Notwithstanding the foregoing, overtime hours worked in connection to capital projects that are fully funded by the City, as opposed to outside funding sources, may be banked as CTO subject to the restrictions set forth above. If it is determined by the City that these overtime hours were worked on a project funded in full or part by an outside funding source, the applicable CTO hours will be cashed out and paid to the employee as soon as administratively possible following this determination.

Subsection E. Meal Allowance. An employee required to work unscheduled overtime for four (4) or more consecutive hours beyond the scheduled shift on emergency work, or for four (4) or more consecutive hours of work when on Standby or Call-Back, will be compensated twelve dollars and fifty cents (\$12.50) for a meal allowance during any twenty-four (24) hour period and will be entitled to a thirty (30) minutes unpaid meal period for every additional four (4) hours worked. Only one (1) twelve dollars and fifty cent (\$12.50) payment will be made per shift, unless the employee works four (4) or more consecutive hours, is released from duty, and must return for four (4) or more hours in the same shift.

Article 13. STANDBY.

Subsection B. Eligibility. Section 5. Any employee in the Water Division must have a Grade II certification in Water Distribution from the State of California in order to be eligible for standby. Notwithstanding the foregoing, if the Department Head or their designee determines there is an operational need, electricians in the Water Division may be eligible for standby.

Subsection D. Compensation for Standby Pay. Standby time does not count as time worked for purposes of calculating overtime unless the employee is called back to work.

Article 14. FATIGUED EMPLOYEES.

Subsection A. Policy. It is the policy of the City to ensure that an employee is not required to work such a significant number of hours that it might lead to extreme fatigue of that employee or place that employee in violation of any state or federal law governing employees possessing a commercial driver's license. Further, the City seeks to provide and maintain a safe working environment for each individual.

This Article applies only to employees assigned to a 5/2, 9/80, 12/80 or 4/10 work shift.

Subsection B. Hours Worked. An employee who is required to work more than four (4) hours overtime within a sixteen (16)-hour time period AND whose regularly scheduled work shift begins less than six (6) hours from the time the overtime ends, will be afforded a full eight (8)-hour rest period before returning to work.

As an example, Employee's regular shift ends at 11:00 p.m., and they are required to work five (5) hours of overtime and get off at 4:00 a.m. The employee's next scheduled shift begins at 6:00 a.m. Therefore, the employee is entitled to eight (8) hours of rest beginning at 4:00 a.m. Since the eight (8) hours extends into the regular shift, the employee is entitled to six (6) hours of paid fatigue time from 6:00 a.m. to 12:00 p.m.

Subsection C. Rest Period. If the eight (8)-hour rest period discussed in (B) above extends into the next regularly scheduled work shift, the employee will be absent from the workplace for a period of time totaling eight (8) hours. Any portion of the eight (8)-hour rest period that extends into the regularly scheduled work shift will be considered paid work time.

Subsection D. Additional Rest Period. If, following the eight (8)-hour rest period, the employee is still too fatigued to return to work, the employee may request additional time off to be charged to the employee's vacation, Holiday CTO, or CTO balance. This additional approved time off will not be recorded as an "unscheduled" leave.

Article 18. LICENSES, CERTIFICATES, AND ENDORSEMENTS.

Subsection B. All newly hired employees and/or employees promoted into the Maintenance Worker I classification will be required to possess a valid Class A or B permit

(as required by their job specification or this contract) within ninety (90) days of appointment and a valid Class A or B driver's license within one hundred and twenty (120) days of appointment. All newly hired employees and/or employees promoted into the Maintenance Worker job family at, or above, the classification of Maintenance Worker II at their expense, will be required to possess a valid Class A or B driver's license (as required by their job specification for this contract within one hundred and twenty (120) days of the time of appointment).

Subsection K. Water Division State-Mandated Certifications: Whenever a Water Services Division employee is required by their job specification to possess or maintain a State of California Water Resources Control Board Water Distribution Operator or Water Treatment Operator certificate in order to carry out the duties as assigned, the City will reimburse the costs associated with obtaining or renewing certification up to and including a Water Distribution Operator Grade V ("D-5") and/or a Water Treatment Operator Grade III ("T-3") certificate. City will pay for up to two (2) testing attempts per initial certification or renewal. The time required to take tests will be considered as hours worked. The City may temporarily change an employee's standard tour of duty to accommodate on-duty training and testing for these certificates with seven (7) calendar days' notice as provided under Article 9, Standard Tour of Duty.

Article 19. SHIFT AND PAY DIFFERENTIALS.

Subsection A. Shift Differential Pay. Swing Shift. - Employees whose regular assigned tour of duty includes four (4) hours or more in a swing shift: (3:00 p.m. to 11:00 p.m. shift) will be paid a shift differential of \$6.00 per shift.

Graveyard Shift. - Employees whose regular assigned tour of duty includes four (4) hours or more in "graveyard" shift (11:00 p.m. to 7:00 a.m. shift) will be paid a shift differential of \$8.00 per shift.

If an employee is directed to work overtime in addition to their regular tour of duty, and those overtime hours include four (4) or more hours in both swing shift and four (4) or more hours in the graveyard shift, the employee will be paid twelve dollars (\$12) total shift differential.

Subsection C. Miscellaneous Differentials.

Pesticide Applicator. Employees in the Public Works and Parks, Recreation and Neighborhoods Departments that have certification as a Pesticide Applicator from the State of California to mix and apply pesticides will receive a six dollar (\$6.00) per shift pay differential for each shift in which they are assigned to mix and apply pesticides. A minimum number of hours of application per day are not required to receive this pay differential.

Article 20. ACTING AND OUT OF CLASS PAY

Subsection C. Duration of Assignment. Initially, (i) an Acting Assignment resulting from an incumbent's extended leave of absence or (ii) an Out-of-Class Assignment shall be limited to a term of twelve (12) consecutive months for any one (1) employee. Requests to extend the assignment beyond twelve (12) months will require review and approval by the Department Director and the Human Resources Director. If approved, the extension of the assignment shall be for a maximum of six (6) additional months. One (1) additional extension of six (6) months, beyond the first six (6) month extension, may be authorized with the approval of the City Manager or Deputy City

Manager. Consistent with CalPERS regulations, all other Acting Assignments shall be limited to a term of no more than 960 working hours in any fiscal year.

Article 21. DRESS AND GROOMING.

Subsection F. Safety Footwear. Each department will designate employees in certain job assignments for which safety footwear is required and the City will pay each employee so designated an annual safety footwear allowance of two hundred dollars (\$200) during the first pay period of July.

Subsection I. Working Group. Representatives of the City and MCEA agree to establish a working group to meet to discuss modifications to this provision with a goal of clarifying the classifications who are in need of uniforms/PPE and improving processes related to the issuance of uniforms and PPE. The City's representatives will include Department representatives from Public Works, Utilities, Human Resources, and Purchasing, and the Safety Officer.

Article 22. EQUIPMENT MECHANIC TOOLS ALLOWANCE.

Subsection C. The City will provide all tools larger than the minimum list requires and all specialized tools that are required to work on equipment owned by the City. Such specialized tools will remain the property of the City.

The City shall provide a tool allowance of four hundred and fifty dollars (\$450) per year, paid quarterly to offset the cost of such employee-provided tools. In order to be eligible for each quarterly allowance, an employee must be employed by the City on the last regular working day of that quarter.

Article 24. VACATION.

Subsection E. Emergency Leave - Employees may use up to three (3) days of their accrued vacation in any one (1) fiscal year for protected emergency leave provided that they notify the department prior to the start of the working day that the employee would be absent or as soon as possible. An emergency is defined as an unforeseen urgent matter or situation out of the employee's control that requires immediate leave or could result in serious negative consequences if not attended to. The application of three (3) days is three (3) occurrences.

Example #1: Employee calls in prior to the beginning of the shift, stating the pipes just burst in their home, requiring immediate attention and requesting one (1) of emergency leave day. This day is considered protected and one (1) occurrence.

Example #2: Same scenario, employee calls in prior to the beginning of the shift, stating the pipes just burst in their home, requiring immediate attention and requesting two (2) days off (1 occurrence). The employee will use one (1) day of emergency leave, and the second day will be vacation day. This time off is considered protected.

Article 25. HOLIDAYS.

Subsection B. Floating Holiday. Section 1. Employees in regular positions shall be entitled to a total of eight (8) hours on a 5/2, nine (9) hours for a 9/80, ten (10) hours for a 4/10 schedule, twelve (12) hours for a 12/80 schedule floating holiday time provided that the employee is in active status on the payroll during the pay period in which such floating holiday time is to accrue. Floating holiday time shall be accrued during the pay period in which January 1 falls.

Article 32. HEALTH, DENTAL, VISION INSURANCE. Two percent (2%) increase to City monthly contributions (excluding opt out) each year as follows:

	Current	2020	2021	2022	2023
Opt-out of City Medical Coverage	\$450.00	\$450.00	\$450.00	\$450.00	\$450.00
Employee only	\$622.00	\$634.00	\$648.00	\$660.00	\$673.00
Employee plus 1	\$1,112.00	\$1,134.00	\$1,157.00	\$1,180.00	\$1,204.00
Employee plus family	\$1,572.00	\$1,603.00	\$1,635.00	\$1,668.00	\$1,701.00

Article 36. PROBATION. All original and promotional appointments to positions in the classified service shall be tentative and subject to a probationary period of one (1) year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge. Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness, whether or not job related, shall be considered as part of any probationary period, and such time will be added to the probationary period.

An employee released during, or at the conclusion of, probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

The City may extend an employee's probationary period up to six (6) additional months by mutual agreement with MCEA.

During the probationary period, an employee may be released at any time without right of appeal. Written notice of release shall be furnished the probationer.

CONTINUATION OF REMAINING PROVISIONS. Except as provided above, the remaining provisions of the March 8, 2016 through March 9, 2019 MOU between the

CITY and MCEA shall continue in the new MOU. The exact language of all provisions shall be set forth in the MOU between the CITY and MCEA.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the language changes for a successor Memorandum of Understanding between the City of Modesto and the Modesto City Employees Association, which covers a term from March 9, 2019 through June 30, 2023, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager, or designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of November, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold
NOES:	Councilmembers:	None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-505**

**RESOLUTION AMENDING FISCAL YEAR 2019-20 ANNUAL OPERATING
AND CAPITAL IMPROVEMENT PROGRAM FUND BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual and Capital Improvement Budgets of the City of Modesto for Fiscal Year 2019-20.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2019-20 Annual Operating and Capital Improvement Program fund budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

EXHIBIT A

FISCAL YEAR 2019-20

COMMUNITY & ECONOMIC DEVELOPMENT

- A budget adjustment is necessary to recognize unbudgeted revenue in the amount of \$1,734,493 for Capital Improvement Project #100966 – Pelandale from Sisk to Dale Road within Fund 3160, Capital Grants-Streets CIP Projects as funding was recently awarded by the Department of Transportation (Caltrans). The additional funding needs to be allocated to the discretionary accounts within the project expense budget.
- A budget adjustment is necessary to recognize unbudgeted revenue in the amount of \$850,000 for Capital Improvement Project #100632 – Right Turn Lane Southbound McHenry Avenue to Westbound Briggsmore within Fund 3410, Streets Capital Facility Fee Fund as funding was recently awarded by the Department of Transportation (Caltrans). The additional funding needs to be allocated to the discretionary accounts within the project expense budget.

COMMUNITY & ECONOMIC DEVELOPMENT – MEASURE L

- A budget adjustment in the amount of \$330,000 is necessary to establish the transfer out from Fund 1410 – Measure L Local Streets & Roads category to Project #101214 – Granger Neighborhood Pavement Rehabilitation Project, Fund 3300 – Measure L – Capital Projects and allocate the amount to the projects discretionary expense budget. There is additional revenue available from the Measure L Local Streets & Roads category that will be used on this project to begin the engineering and design plans.

PUBLIC WORKS

- *The following adjustments are being made from the various city Fleet Replacement sub-funds to the Fleet Replacement Fund (5409). This action is being done to reimburse the Fleet Replacement Fund (5409) for vehicle purchases that had been made as required by fund accounting rules in FY 19-20 for the July 2019 – September 2019 period. Below is a table showing the net effect in each sub-fund as a result of the various adjustments.*

Fund	Fund Name	Net Impact of Adjustments
1309	Capital Improvement Support – Fleet Replacement	\$85,466
1709	Surface Transportation Fleet Replacement	\$65,633
4109	Water Fleet Replacement Fund	\$250,994
4219	Wastewater Fleet Replacement Fund	\$62,976
4489	Storm Drainage Fleet Replacement Fund	\$195,035
5410	GF Equipment Replacement	\$268,557
	Total Transfer Outs	\$928,661

5409	Transfer In – Fleet Management Fleet Replacement	\$928,661
	Total Transfer Ins	\$928,661

A budget adjustment is necessary to establish a transfer in the amount of \$85,466 from Capital Improvement Support - Fleet Replacement Fund 1309 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Sedan Mid-Size and (2) Trucks ½ Ton PU Ext. Cab.

A budget adjustment is necessary to establish a transfer in the amount of \$65,633 from Surface Transportation Fleet Replacement Fund 1709 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Forklift 6000 pounds and (1) Truck ½ Ton PU Ext. Cab.

A budget adjustment is necessary to establish a transfer in the amount of \$250,994 from Water Fleet Replacement Fund 4109 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Tractor Loader with Backhoe, (1) Truck ½ Ton PU Crew Cab, (1) Truck ¾ Ton Ext. Cab, (2) Truck ½ Ton Mid-Size PU Crew, and (1) Truck ¾ Ton 4x4 Ext. Cab.

A budget adjustment is necessary to establish a transfer in the amount of \$62,976 from Wastewater Fleet Replacement Fund 4219 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Truck ½ Ton PU and (1) Truck ½ Ton PU Ext. Cab.

A budget adjustment is necessary to establish a transfer in the amount of \$195,035 from Storm Drainage Fleet Replacement Fund 4489 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Tractor Loader with Backhoe, (1) Truck ½ Ton PU 4x4, (1) Truck ½ Ton PU Reg. Cab and (1) Truck ½ Ton PU Ext. Cab.

A budget adjustment is necessary to establish a transfer in the amount of \$268,557 from General Fund Equipment Fleet Replacement Fund 5410 to Fleet Replacement Fund 5409 for purchases made in FY 19/20: (1) Sedan Investigation, (6) Truck ½ Ton Ext Cab PU, (1) Truck ½ Ton Reg Cab, and (1) Truck ½ Ton Responder.

UTILITIES

- A budget adjustment in the amount of \$1,799,406 is needed in the Water CIP Fund (4180) to increase the capital improvement program (CIP) expense budget of the Del Rio Water Tank project (100473). . The previous budget amendment requested on 4/23/19 was based on evaluating the anticipated construction expenditures with the total project budget and did not account for previous expenditures which resulted in a shortfall for the amount being requested. This budget adjustment request accounts for all project costs anticipated compared to the total project budget; thereby providing the amount truly needed to cover all project costs.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-506**

**RESOLUTION REJECTING ALL BIDS RECEIVED FOR RFB NO. 1718-50RB
FOR SPOILS SCREENING AND ROCK CRUSHING SERVICES; AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO REISSUE
THE RFB AT A FUTURE DATE**

WHEREAS, the Utilities, Water and Wastewater Services Divisions, and Public Works Department, Streets Division, require a contractor to provide spoils screening and rock crushing services on an “as needed” basis, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue a formal Request for Bids (RFB) for Spoils Screening and Rock Crushing Services, and

WHEREAS, on August 15, 2018, the Purchasing Division issued RFB No. 1718-50 for Spoils Screening and Rock Crushing Services, and posted the RFB on the City’s website and formally advertised as required by law, and

WHEREAS, on December 11, 2018, by Resolution 2018-559 bids were rejected due to the significant price variances between the 2 bidders, and

WHEREAS, a revised scope of work was completed for the RFB, and

WHEREAS, on January 7, 2019, the Purchasing Division issued the rebid for services, via RFB No. 1718-50RB for Spoils Screening and Rock Crushing Services, and posted the RFB on the City’s website and formally advertised as required by law, and

WHEREAS, on February 26, 2019 bids were formally opened in the City Clerk’s office, and

WHEREAS, six companies chose to respond, none of which were local vendors, and

WHEREAS, on July 3, 2019, the City received a bid protest from K&D Enterprises. and

WHEREAS, on September 24, 2019 by Resolution 2019-443, City Council denied the appeal of K&D Enterprises to RFB 1718-50RB, and

WHEREAS, staff felt it was in the best interest of the City to review and amend the RFB, and

WHEREAS, staff intends to reissue the amended RFB at a later date, and

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby rejects all bids received for RFB No. 1718-50RB for Spoils Screening and Rock Crushing Services.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to reissue the RFB at a future date, with an amended Scope of Services.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-507**

RESOLUTION APPROVING THE FIRST AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH GOVERNMENTJOBS.COM, INC., EL SEGUNDO, CA, DOING BUSINESS AS NEOGOV, TO ADD A MODULE FOR A PERFORMANCE MANAGEMENT PLATFORM INCREASING THE AMOUNT BY \$103,794 FROM \$135,313 TO A NEW TOTAL OF \$239,107, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT.

WHEREAS, the City currently uses Neogov Insight Enterprise Edition (IN Subscription), an electronic platform with an annual subscription for all recruitment and onboarding processes,

WHEREAS, the performance management process within the Human Resources Administration division was electronic with Cornerstone,

WHEREAS, the City of Modesto conducted research to recommend NeoGov to transition the City's performance management from the current provider, and

WHEREAS, the Director of Human Resources, in conjunction with the Human Resources Manager, has recommended that NeoGov be accepted as the most viable option for the City's continued performance management.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an the first amendment to the agreement between GovernmentJobs.com, Inc., El Segundo, CA, doing business as NEOGOV, to add a module for performance management, increasing the amount by \$103,794 from \$135,313 to a new total of \$239,107.

BE IT FUTHER RESOLVED by the Council of the City of Modesto that the City Manager, or designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-508**

RESOLUTION APPROVING THE PURCHASE AND INSTALLATION OF EIGHT AUTOMATED LICENSE PLATE READERS FROM STROMMEL INC., DBA LEHR AUTO ELECTRIC OF SACRAMENTO, CA TO EXPAND THE MODESTO POLICE DEPARTMENT'S AUTOMATED LICENSE PLATE READER PROGRAM FOR A TOTAL AMOUNT NOT TO EXCEED \$87,900, AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESIGNEE, TO EXECUTE THE PURCHASE ORDER.

WHEREAS, the Modesto Police Department has sought to reduce the number of vehicle thefts by implementing an effective auto theft program with modern crime fighting technology; and

WHEREAS, in 2014, the Modesto Police Department made its first purchase of Automated License Plate Readers (ALPR) and the associated software; and

WHEREAS, after use for three years, the department issued a Request for Proposals to ensure the department was best utilizing ALPR technology as part of its commitment to intelligence-led policing; and

WHEREAS, On October 20, 2017, RFP# 1718-23 was issued to solicit proposals for new ALPR software, cameras, and required equipment; and

WHEREAS, in June 2018, based on responsive and responsible bids received, staff recommended and Council subsequently approved Strommel Inc., DBA Lehr Auto Electric to be awarded the contract to install Vigilant ALPR software, equipment and maintenance; and

WHEREAS, the Modesto Police Department desires to expand the use of the ALPR program and purchase an additional eight (8) license plate reader cameras for fixed use in a high-traffic and high auto-theft intersection in the City; and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, MMC 8-3.204(d) provides that a purchase may be exempted where the Purchasing Manager, in her discretion, determines that a process other than the formal bid procedure set forth in section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality; and

WHEREAS, Strommel Inc., DBA Lehr Auto Electric, Sacramento, CA, should be exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(b) since the Modesto Police Department has already procured 13 mobile ALPR cameras and software system to integrate additional cameras would be seamless; and

WHEREAS, Lehr Auto Electric should be exempt from the formal bidding procedure in accordance with Modesto Municipal Code 8-3.204(d) as it is the only local vendor that is able to provide the Original Equipment Manufacturer (OEM) equipment and configurations needed for this expansion; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase and installation of eight Automated License Plate Readers from Strommel Inc., DBA Lehr Auto Electric of Sacramento, CA to expand the Modesto Police Department's Automated License Plate Reader program for a total amount not to exceed \$87,900 and authorizes the Purchasing Manager, or her designee, to execute the purchase order.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-509**

**RESOLUTION REJECTING ALL BIDS FOR REQUEST FOR BID NO. 1718-57
FOR WIRELESS NETWORK EQUIPMENT AND INSTALLATION SERVICES**

WHEREAS, the City of Modesto, Utilities Department, Wastewater Division requested the procurement of Cisco wireless network communications equipment and installation services for the Sutter and Jennings Wastewater Treatment Plants, and

WHEREAS, City Manager authorized the Purchasing Division to issue formal Request for Bids (RFB) for the procurement and installation of Wireless Network Equipment and Installation, and

WHEREAS, on January 2, 2019, the Purchasing Division issued RFB No. 1718-57 for Purchase of Wi-Fi Network Equipment and Installation Services, and

WHEREAS, prospective bidders were notified online, and via email of the bid opportunity and twenty-three companies chose to download the RFB document,

WHEREAS, on January 23, 2019, a mandatory Bidders Conference was held with four vendors in attendance, and

WHEREAS, on March 5, 2019, bids were formally opened in the City Clerk's office with one company choosing to respond, and no local vendors responding, and

WHEREAS, the single bidder provided a responsive and responsible bid, and

WHEREAS, staff conferred with the Wastewater Division and the IT department and it was determined the project was neither feasible nor cost effective to proceed with the installation and expansion of the wireless network, and

WHEREAS, in accordance with Modesto Municipal Code Sec. 8-3.204(a), Formal Bid Procedures, the Council shall have the authority to accept or reject any or all

bids. The rejection of all bids for the Cisco wireless network communications equipment and installation services conforms to Modesto Municipal Code 8-3.204, subsection (e), and

WHEREAS, the award of 1718-57 for Purchase of Wi-Fi Network Equipment and Installation Services conforms to the Modesto Municipal Code based on providing a responsive and responsible bid.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rejects the bids received for Request for Bid No. 1718-57 for Wireless Network Equipment and Installation Services.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-510**

RESOLUTION APPROVING THE GRANT OF A TEMPORARY CONSTRUCTION EASEMENT AND A PERMANENT ACCESS AND UTILITY EASEMENT FROM THE EMPIRE PRESERVATION TRUST WITHIN A PORTION OF APN: 009-019-023 FOR THE EMPIRE SANITARY SEWER TRUNK PROJECT, CONSENTING TO THE RECORDATION THEREOF, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE THE CERTIFICATES OF ACCEPTANCE.

WHEREAS, the City of Modesto provides sewer service to the community of Empire, and

WHEREAS, the Empire Trunk is known as a secondary trunk and conveys all flow from the Empire sewer system to the River Trunk, and

WHEREAS, On April 02, 2019 by Resolution number 2019-141, Council awarded the Empire Sanitary Sewer Trunk Project, and

WHEREAS, the City requested from the Empire Preservation Trust a Temporary Construction Easement (TCE) to facilitate construction and placement of a sewer main extension and manhole for future commercial occupants along Linley Avenue, on the Empire Preservation Trusts property to be put into service at a later date by the Empire Preservation Trust and a Permanent Access and Utility Easement (AUE) to provide access and permanent placement of new sewer apparatus and to cover the existing water line that had not previously been eased, and

WHEREAS, the Empire Preservation Trust has agreed to grant both easements to the City at no financial cost.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts both the temporary construction easement and the permanent access and utility easement granted to the City of Modesto by the Empire Preservation Trust.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Certificates of Acceptance.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-511**

RESOLUTION APPROVING THE DESIGNATION OF THE PUBLIC HEALTH OFFICER (HEALTH OFFICER) FOR THE COUNTY OF STANISLAUS TO ALSO SERVE AS THE PUBLIC HEALTH OFFICER FOR THE CITY OF MODESTO

WHEREAS, California Health & Safety Code Section 101460 requires a city to appoint a health officer except when the City Council has made arrangements for the county to exercise the same powers and duties within the city as are conferred upon city health officers by law, and

WHEREAS, the California Health & Safety Code Section states that a county health officer may enforce all health laws within an incorporated city with the consent of the City Council, and

WHEREAS, the City of Modesto has previously had an agreement with the County of Stanislaus for Public Health Officer services, and

WHEREAS, the City identified inconsistencies in the authority that the City assigned to the Health Officer, and

WHEREAS, the City intends to clarify the responsibilities of the Health Officer for the County of Stanislaus to also serve for the City of Modesto to offer services and support pursuant to the California Health and Safety Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the designation of the Public Health Officer for the County of Stanislaus to also serve as the Public Health Officer for the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-512**

RESOLUTION APPROVING THE DELEGATED MAINTENANCE AGREEMENT WITH THE CALIFORNIA DEPARTMENT OF TRANSPORTATION, DISTRICT 10 (CALTRANS) FOR LITTER ABATEMENT SERVICES, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, a Delegated Maintenance Agreement refers to the delegation of maintenance responsibility for certain duties such as street sweeping, tree maintenance and litter abatement, and

WHEREAS, CalTrans is delegating these duties on State right of ways to the City and reimburses the City for fulfilling the responsibility, and

WHEREAS, the City of Modesto currently has two existing Delegated Maintenance Agreements for tree maintenance and electrical services with CalTrans, and

WHEREAS, the City intends to supplement the litter abatement services on City right of ways, and

WHEREAS, the fiscal impact includes an authorized reimbursable amount of up to \$100,000 for State right of ways and an additional \$50,000 for City right of ways, and

WHEREAS, the City released a Request for Proposals (RFP) to procure a contractor to perform the litter abatement services on behalf of the City, and

WHEREAS, the City received two proposals and is currently evaluating both of them and will bring an additional item forward to Council for consideration.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Delegated Maintenance Agreement for litter abatement services with the California Department of Transportation, District 10 (CalTrans) for

litter abatement services, and authorizing the City Manager, or his designee to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-513**

**RESOLUTION AMENDING SECTION 6 OF THE HOUSING AND URBAN
DEVELOPMENT POLICIES & PROCEDURES MANUAL**

WHEREAS, in order to align with current program guidelines and replace older program policies, Section 6 (Homeowner Rehabilitation Program) needs to be updated. The updated Homeowner Rehabilitation Program Policies & Procedures are included as **Attachment 1**, and

WHEREAS, policy updates: Section 6 – Homeowner Rehabilitation Program Policies. In addition to minor technical language improvements to the policies the following sections have been updated, and

WHEREAS, section 2.0 – Edits made to align with CDBG regulations, and

WHEREAS, section 4.0 – Reverse mortgage allowances added, if enough equity is still in their property. Updated income eligibility to conform with 24 CFR Part 5, and

WHEREAS, section 8.0 – Update affordability term for grants when combined with a loan for single family home rehabilitation to a consistent term of 10 years. Add updated interest rate terms for loans, and

WHEREAS, section 20.0 – Contractor Disqualification/Removal from Contractor List: Section has been added to address any potential issues with contractors as outlined in Section 20 of the Homeowner Rehabilitation Program Policies and Procedures, and

WHEREAS, section 24.0 – Monitoring: Section has been updated to conform to funding requirements, and

WHEREAS, on October 10, 2019, the Citizen’s Housing and Community Development Committee reviewed, approved and forwarded the revised Section 6 –

Homeowner Rehabilitation Program Policies and Procedures to the City Council for review and approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends Section 6 of the Housing and Urban Development Policies & Procedures Manual.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

Homeowner Rehabilitation Program Policies & Procedures

1.0 APPLICABLE LAWS AND REGULATIONS

- 1.1 All Housing Rehabilitation Program activities shall be conducted in accordance with all applicable federal, state, and local program funding standards, building codes, and zoning ordinance requirements.
- 1.2 All work conducted in accordance with an approved Housing Rehabilitation Program activity shall be consistent with program funding requirements and any locally approved repair and replacement standards including, but not limited to: site improvements, windows and doors, roofing, ventilation, electrical, plumbing systems, HVAC, accessibility, and abatement of hazardous materials (i.e. mold, lead based paint, etc.).
- 1.3 All terms used within these policies shall be as defined by applicable funding source(s) or other locally approved Housing Rehabilitation Program policies and/or standards.
- 1.4 All program applications will be processed in accordance to the date of receipt of a complete application and are subject to available funding.

2.0 ELIGIBLE REPAIRS (in order of priority)

- 2.1 Health and Safety repairs as determined by utilization of the City of Modesto HUD Housing Quality Standards (HQS) inspection analysis.
- 2.2 Spot Rehabilitation Eligible non-health and safety related repairs (e.g. - required by State or local Building Code).

Accessibility Repairs to make the home accessible for disabled household members.

- 2.3 Energy Efficiency Improvements may be conducted along with any of the eligible repairs listed above. Energy efficiency improvements may include, but are not limited to:
 - 2.3.1 Replacing single pane windows with double pane windows;
 - 2.3.2 Replacing antiquated water heater;
 - 2.3.3 Replacing antiquated HVAC system;
 - 2.3.4 Weatherization improvements.
- 2.4 Applicant is Encouraged to Explore Other Available Funding Sources in order to comply with program funding requirements. The applicant is encouraged to explore other viable program alternatives/resources that may provide assistance to address any of the above eligible repairs. The Housing Finance Specialist in coordination with the Housing Rehabilitation Specialist shall conduct a resource coordination analysis to ensure the applicant has taken advantage of any other resources that may be available prior to receiving assistance via the City of Modesto's Housing Rehabilitation Program.

3.0 PROPERTY ELIGIBILITY:

- 3.1 The assisted property shall be located within the city limits of the City of Modesto.

- 3.2 The assisted property shall contain a legal residential structure intended for continued residential occupancy and meet applicable rehabilitation standards and ordinances at the time of project completion.
- 3.3 A manufactured home (mobile home) in a mobile home park or on leased land that is not on a permanent foundation may only qualify for a grant as allowed under MANUFACTURED HOMES Section of these policies.
- 3.4 The assisted property shall be owner-occupied and shall be the principal place of residency of owner-occupants (hereafter "Borrowers") and hold legal title to the property.

4.0 HOMEOWNER ELIGIBILITY:

- 4.1 All Borrower households shall have incomes at or below 80 percent (80%) of the Stanislaus County Area Median Income (AMI), adjusted for household size, as published annually by the California State Department of Housing and Community Development (HCD) or United States Department of Housing and Urban Development (HUD). The applicable AMI shall be as required by available funding source(s).
- 4.2 Borrowers without a mortgage shall demonstrate a debt-to-income ratio sufficient to allow for the on-going annual payments of property tax and any insurance required as a result of the Housing Rehabilitation Program assistance.
- 4.3 Borrowers with Reverse Mortgages will be considered on a case by case basis. Borrower must comply with program loan to value requirements.
- 4.4 Borrowers with a mortgage shall show that all mortgage, property tax, and insurance payments are current, and meet both of the following debt-to-income ratios:
 - 4.4.1 Front end (housing) debt-to-income ratio shall not exceed 35 percent (35%) and is the percentage of a Borrower's gross monthly income (before deductions) that would cover the cost of the loan principal and interest payment, property taxes, property insurance, mortgage insurance, and HOA dues, if any.
 - 4.4.2 Back-end (total debt obligation) debt-to-income ratio shall not exceed 45 percent (45%), and is the percentage of the borrower's gross monthly income that includes the cost of housing as described in the Front End ratio above, plus any other monthly debt payments such as car loans, personal loans, credit card debt, or child support and alimony payments.

4.5 Credit Report and Liabilities

- 4.5.1 The Housing Financial Specialist (HFS) must obtain a signed "Authorization to Verify Information" and/or "Eligibility Release Form" from the applicant authorizing the City to pull a credit report and verify any information with a third party.
- 4.5.2 The HFS shall pull the applicant(s) credit report within three business days of determining income eligibility. The HFS shall order a credit report through the City of Modesto's secure account held with a major credit bureau (e.g. Equifax, Experian, or Transunion). A credit report shall be pulled for all program applicants.
- 4.5.3 If the applicant is eligible for a loan, the credit report should be reviewed to determine if any public liens will be in prior position to the City loan, or to compare the applicant's

actual credit liabilities with the liabilities listed on the application. The credit report should be used for verification of information. The credit score is not relevant for a deferred payment loan. Debt-to-income guidelines should be used to demonstrate the household's ability to continue to live in the home.

- 4.5.4 If the applicant is eligible for an amortized loan, the credit report should be analyzed for a credit score, verification of debts, and ability and willingness to repay the loan. The HFS shall use debt-to-income ratios allowable under this policy as a guideline for payment affordability.
- 4.5.5 Special Note: Household income must be collected on all qualifying adult household members per HUD guidelines. However, only the credit liabilities of the applicant will be used in the credit liability calculation. Adult members of the household who are not on title are not a party to the loan transaction.
- 4.6 Borrowers shall meet the following credit worthiness criteria:
 - 4.6.1 No outstanding judgments or liens at the time of loan approval or loan execution. As part of application for assistance, Borrower shall disclose any personal liens that may attach to the property. Failure to disclose any pertinent information that may affect eligibility may be grounds for denial of assistance and application withdrawal. To identify any personal liens, a Judgment and Tax Lien Guarantee search of Borrowers and Preliminary Title Report search on the property shall be conducted after Housing Rehabilitation Loan Committee (HRLC) approval.
 - 4.6.2 Outstanding collections must be paid prior to HRLC approval, unless the HRLC determines, on a case by case basis, that the circumstances that led to collection were outside of the applicant's control, and the payment of the outstanding collection(s) will not impact the applicant's ability to financially retain ownership.
 - 4.6.3 Late payments due to extenuating circumstances will be considered as part of the approval process. Factors leading to late payments will be reviewed and considered on a case by case basis.
 - 4.6.4 Borrower shall not have filed bankruptcy, or received a bankruptcy discharge, in the last three (3) years prior to date of application.
 - 4.6.5 Homeowner Eligibility – the Housing Rehabilitation Loan Committee (HRLC) will consider applications on a case by case basis. The HRLC will have the discretion to consider any extenuating circumstances for a homeowner who may not meet the Homeowner Eligibility Guidelines and may decide to approve the application based on such extenuating circumstances.
 - 4.6.5.1 Applicants with Debt to Income ratios outside the limits established within these policies may be considered for assistance if the Debt to Income ratio is within 10% of the current Homeowner Rehabilitation Program Policies & Procedures guidelines.
 - 4.6.5.2 Applicants who have defaulted on their property taxes may be considered for assistance if a payment plan has been established with the Stanislaus County Treasurer/Tax Collector's Department and applicant is current on those payments.
- 4.7 If at any time the Borrowers filed bankruptcy that resulted in a discharge of any debt owed to City of Modesto, or the former City of Modesto Redevelopment Agency, for housing rehabilitation or down payment assistance, the HRLC shall evaluate the circumstances of the bankruptcy in order to determine if further assistance may be provided without further risk to funding investment.

- 4.8 Borrowers shall not be a person, or the immediate family of any person, who is in a decision-making position relative to the Housing Rehabilitation Program.
- 4.9 Process:
 - 4.9.1 Housing Finance Specialist determines general program eligibility, including income limits and lending loan-to-value ratios along with a process to determine all other funding opportunities have been explored (technical assistance);
 - 4.9.2 Housing Rehabilitation Specialist determines properties needs via Housing Quality Standards (HQS) inspection (pre-1978 visual Lead Based Paint Inspection conducted);
 - 4.9.3 Housing Rehabilitation Specialist scope of work and budget to Housing Rehabilitation Supervisor ;
 - 4.9.4 HRLC reviews for consideration and approval of the overall project proposal;
 - 4.9.5 Housing Rehabilitation Specialist processes approved projects through the bid process;
 - 4.9.6 Application inquiry through program completion within approximately 90-days, unless there are extenuating circumstances beyond staff control (e.g. – rain delays);
 - 4.9.7 Quarterly program updates provided to HRLC.

5.0 MAXIMUM AMOUNT OF PROGRAM ASSISTANCE (24 CFR 570.208 (a)(3);(b), and 24 CFR 570.202):

- 5.1 Single Family Residence: An eligible Borrower may qualify for the full cost of rehabilitation/reconstruction work needed to address any Eligible Repairs outlined in ELIGIBLE REPAIRS Section, and/or comply with state and local codes and ordinances; however, the maximum assistance shall not exceed any maximum subsidy established by the funding source(s) utilized to fund the project.
 - 5.1.1 Reconstruction shall only be authorized when the cost of rehabilitation will exceed 75 percent of the current estimated value of the property, as determined by the Housing Financial Specialist;
 - 5.1.2 Loan amount is determined by the repairs/modifications that are required or eligible, as requested and approved by the owner, Community Development Manager or his/her designee.
 - 5.1.3 Maximum amounts are as follows:
 - 5.1.3.1 Grants up to \$10,000 require HRLC acknowledgement in order for staff to proceed;
 - 5.1.3.2 Loans up to \$49,999 require HRLC approval in order for staff to proceed;
 - 5.1.3.3 Loans of \$50,000 or more require HRLC approval and subsequent City Council approval in order for staff to proceed.
 - 5.1.4 Additional loans may be granted within applicants overall loan-to-value ratios;
 - 5.1.5 Emergency repairs of up to \$5,000 may be authorized by the Director of Community and Economic Development if it poses an "extreme health and safety related emergency (e.g. – plumbing or electrical hazards).

6.0 MAXIMUM AFTER REHABILITATION VALUE

The after rehabilitation value of a home assisted under this program shall not exceed 100% of the current median sales price of a single family home listed for the City of Modesto. This information may be obtained by collecting comparable sales data from sources including but not limited to Zillow, Trulia, Data Quick, Realty Trac, Real Quest, Epraisal.com, or FHA 203(b) loan limits. If necessary, the after rehabilitation value may be determined by ordering a professional appraisal. An After Rehabilitation Value Limit Worksheet must be completed and certified by the housing rehabilitation specialist and placed in the project file.

7.0 MAXIMUM COMBINED LOAN TO VALUE RATIO:

- 7.1 For CDBG funded loans, the total indebtedness against the assisted property shall not exceed 100% of the estimated after-rehabilitation value of the property as determined by "Estimates of Value" conducted by program staff using a Comparable Sales Approach, or an appraisal by a licensed appraiser if required by funding source.
- 7.2 As part of application for assistance, Borrower shall disclose any personal liens that may attach to the property (failure to disclose any pertinent information that may affect eligibility may be grounds for denial of assistance and application withdrawal). To determine the total indebtedness assigned against the property, a title search of the property and Borrowers (for the purpose of verifying any personal liens that may attach to the property) shall be conducted after HRLC project approval.
- 7.3 An "Estimates of Value" using a Comparable Sales Approach shall be based on the sale prices of at least three (3) comparable properties, sold within the last twelve months and located within a one mile radius of the subject property. Any alternative methodology for determining estimated value must be approved by the HRLC.
- 7.4 In the case of a reconstruction, as allowed under Section MAXIUM AMOUNT OF PROGRAM ASSISTANCE Section, the HRLC may consider approval of projects that exceed the CLTV limit. Provided all other criteria for assistance is met and the City of Modesto will be in first lien position.

8.0 RATES AND TERMS OF PROGRAM ASSISTANCE:

- 8.1 Eligible homeowners may receive a deferred payment loan evidenced by a Promissory Note and secured by a Deed of Trust, with no payback required for 20 years unless the borrower sells or transfers title or discontinues residence in the dwelling.
 - 8.1.1 Term of Grant Agreement: The following grant agreement term will apply to those projects with a grant and loan combination, 10 years. During the Grant Agreement term, the homeowner must comply with all Grant Agreement requirements;
 - 8.1.1.1 Grant assistance will be 20% of total project cost or \$10,000 whichever is less.
- 8.2 The homeowner will be able to choose one of the following interest terms prior to contract and loan signing:
 - 8.2.1 Loans will be due at a 20 year maturity date;
 - 8.2.1.1 0% interest for borrowers making consistent monthly payments,
 - 8.2.1.1.1 If in the case monthly payments are not made timely late fees will be incurred per agreement specifications.
 - 8.2.1.2 3% interest for borrowers not making monthly payments.
- 8.3 City of Modesto may accept voluntary payments on deferred loans. Loan payments will be credited to the principal first and then to interest. The borrower may repay the loan balance at any time with no pre-payment penalty. If it is determined by the City of Modesto that repayment of the loan at the maturity date causes a hardship to the homeowner, the City of Modesto may opt, with HRLC approval, the following:

- 8.3.1 Amend the Promissory Note and Deed of Trust to defer repayment of the amount due at maturity, that is the balance of the original principal plus the accrued interest, for up to an additional 20 years (at 0 percent additional interest). This may be offered one time; or,
- 8.3.2 Convert the debt to loan maturity; that is the balance of the original principal plus any accrued interest, to an amortized loan, repayable in 20 years at 0 percent additional interest.
- 8.4 Assistance to households with AMI levels between 81% and 120% may only be available if funding source allowing said limits is available. The following terms shall apply to loans made to households with AMI levels between 81% and 120%:
 - 8.4.1 20 year Loan with monthly payments
 - 8.4.2 3% simple interest
 - 8.4.3 Must meet Debt to Income Ratio limits specified in HOMEOWNER ELIGIBILITY SECTION.
- 8.5 In the event that a homeowner sells, transfers title, or discontinues residence in the rehabilitated property for any reason, the loan shall become due and payable.
- 8.6 Any other transfer of interest, due to homeowner death or other circumstances shall be subject to the requirements of the funding source(s) and shall be defined within the Promissory Note and/or Deed of Trust.
- 8.7 The HRLC may approve a request to subordinate a loan, in order for the owner to refinance the property. Refer to City of Modesto Subordination Policy for subordination approval criteria.

9.0 MANUFACTURED HOMES:

- 9.1 Assistance to manufactured homes on a non-permanent foundation will be provided as follows:
 - 9.1.1 The total assistance provided to a manufactured home shall not exceed \$20,000 (combined total of all grants, if multiples).
 - 9.1.2 Assistance to manufactured homes will be a one-time grant.
 - 9.1.3 Replacement shall only be considered when the cost of rehabilitation will exceed 75 percent of the current estimated value of the property, as determined by the Housing Financial Specialist.
- 9.2 Assistance to manufactured homes will be reflected via the execution of a Grant Agreement.
- 9.3 Length of Grant Agreement: The grant agreement will be in effect for five (5) years from the date of execution.
- 9.4 During the Grant Agreement term, the mobile homeowner must comply with all Grant Agreement requirements;

10.0 BID SOLICITATION:

- 10.1 A detailed scope of work and project independent cost estimate developed by the Housing Rehabilitation Specialist (HRS) based on eligible repairs as listed in ELIGIBLE REPAIRS Section 2.0 shall be prepared prior to consideration for HRLC and bid submittal. The Scope of Work shall be approved by the Housing Rehabilitation Supervisor and Borrower.
 - 10.1.1 The independent cost estimate shall be established utilizing local market data and published construction cost guidelines.

- 10.1.2 The Housing Rehabilitation Supervisor will review the independent cost estimate prepared by the HRS to ensure the cost estimate is reasonable based on local market data. See COST REASONABLENESS Section for further details on Cost Reasonableness.
- 10.2 To comply with HUD requirements, a minimum of three bids by California Licensed Contractors shall be obtained prior to bid approval consideration. The City of Modesto will make every attempt to obtain the highest number of bids possible for every project.
- 10.3 Bids in excess of 15% of the HRLC approved amount must be brought back to HRLC for approval consideration.
 - 10.3.1 If determined appropriate by Housing Rehabilitation Specialist, bids solicitations may be requested from multiple contractors with different disciplines (i.e. general, electrical, roofing, and plumbing, etc.). This approach may be considered as a cost savings measure, if approved by the Housing Rehabilitation Supervisor.

11.0 PROCUREMENT

- 11.1 Procurement projects under this program will occur after Housing Rehabilitation Loan Committee project approval. The HRLC will approve each project based on Housing Rehabilitation Cost Estimates. Upon project approval, project procurement will occur in alignment with the 15% cost reasonableness rule identified in COST REASONABLENESS Section.
- 11.2 Projects procured under the Homeowner Rehabilitation Program will be conducted in a manner that promotes full and open competition and avoid arbitrary action in the procurement process. The following procurement process will be followed by the City:
 - 11.2.1 Procurement of contractors or other services related to the development of housing through either new construction or rehabilitation must be made on the basis of soliciting competitive bids. Advertisements for bids must include the following language: "This is a HUD funded project; Section 3 businesses and/or business that employ Section 3 residents are encouraged to respond."
 - 11.2.2 The projects will be publicly advertised through the City's PlanetBid system, when timing permits. All contractors registered on the City's PlanetBid system will receive notification of project availability.
 - 11.2.2.1 The Community Development Division will notify prospective bidders, when feasible, to encourage as wide a response as possible.
 - 11.2.3 The bid solicitation will include a scope of work, project address, date of mandatory walkthrough, and date bids are due.
 - 11.2.4 Contracts will be awarded to responsible contractors who possess the ability to perform successfully under the terms and conditions of the proposed procurement. Non-responsible contractors will not be allowed to bid on City projects under this program for the duration of the program year.
 - 11.2.5 Rehabilitation projects below \$50,000:

- 11.2.5.1 Contracts under \$50,000 are considered a "Small Purchase" under the City's purchasing policies and HUD's procurement guidelines.
 - 11.2.5.2 The policy aligns with OMB Guidance Section 200.319 and 200.320
 - 11.2.5.3 Projects under \$50,000 shall be purchased with three quotes, with public advertising through PlanetBid, if time permitted.
 - 11.2.5.4 The mandatory walkthrough will take place eight (8) business days from the date of bid posting. Contractors will have the opportunity to view project items to be repaired and ask any questions for clarification of bid specifications.
 - 11.2.5.5 Depending on the nature of questions addressed and clarification provided at the mandatory walkthrough, the Housing Rehab Specialist (HRS) may need to amend the project's Scope of Work. If this occurs, the HRS will issue an amended Scope of Work and release to all contractors who attended the mandatory walkthrough.
 - 11.2.5.6 Bid proposals from contractors will be due 8 calendar days from the mandatory walkthrough.
 - 11.2.5.7 All bids from contractors must be sent via email to housing@modestogov.com, or dropped off in person to 1010 10th Street, Suite 3100, Modesto CA 95354
 - 11.2.5.8 All bids will be reviewed by a program supervisor (e.g. Housing Rehabilitation Supervisor or Senior Community Development Program Specialist) and recorded by a program specialist (e.g. Housing Financial Specialist or Housing Rehab Specialist).
 - 11.2.5.9 The HRS will summarize the lowest responsible bid results on the "Work Specification" document
 - 11.2.5.10 If less than three written quotes are obtained, an exception may be granted with justification documented and approved by the Purchasing Manager.
- 11.2.6 The applicant will be required to accept the lowest responsible bid with certain exceptions. Rejection of the low bidder without cause will result in cancellation of the project.
- 11.2.6.1 If on the basis of references, or the inability to start work within a reasonable timeframe, the property owner request to reject the low bidder, he/she must do so in writing. Upon confirmation of the reason for rejection by City staff, the low bidder will be rejected, and the next lowest bidder will be considered.
- 11.2.7 Upon selection of lowest responsible bidder, the HRS will prepare the respective documents for contractor, homeowner signatures, and City signatures (e.g. Housing Rehabilitation Contract and Grant/Loan Documents).
- 11.2.8 Once contracts are executed, City Staff will record loan documents with the Stanislaus County Recorder's Office.

11.2.9 Upon receipt of recorded documents, the Housing Rehabilitation Supervisor will:

- 11.2.9.1 Issue a Notice to Proceed to the contractor. The contractor will have seven (7) calendar days to begin work from the date of issuance.
- 11.2.9.2 Route contracts for encumbrance the City's financial system.

11.3 Rehabilitation Projects over \$50,000:

11.3.1 In alignment with the City's Procurement policy, all projects in excess of \$50,000 will require HRLC approval and subsequent City Council approval, and must follow the City's Formal Bids/Proposals policy process as follows

- 11.3.1.1 Projects over \$50,000 shall be purchased with through the sealed bid process with obtaining three quotes, with public advertising through PlanetBid
- 11.3.1.2 Procurement of contractors or other services related to the development of housing through either new construction or rehabilitation must be made on the basis of soliciting competitive sealed bids. Advertisements for bid must include the following language: "This is a HUD funded project; Section 3 businesses and/or business that employ Section 3 residents are encouraged to respond."
- 11.3.1.3 The projects will be publicly advertised through the City's PlanetBid system. All contractors registered on the City's PlanetBid system will receive notification of project availability.
 - 11.3.1.3.1 The Community Development Division will notify prospective bidders, when feasible, to encourage as wide a response as possible.
 - 11.3.1.3.2
- 11.3.1.4 The mandatory walkthrough will take place eight (8) business days from the date of bid posting. Contractors will have the opportunity to view project items to be repaired and ask any questions for clarification of bid specifications.
- 11.3.1.5 Depending on the nature of questions addressed and clarification provided at the mandatory walkthrough, the Housing Rehab Specialist (HRS) may need to amend the project's Scope of Work. If this occurs, the HRS will issue an amended Scope of Work and release to all contractors who attended the mandatory walkthrough.
- 11.3.1.6 Sealed bids from contractors will be due sixteen (16) calendar days from the mandatory walkthrough at the following location: 1010 10th Street, Suite 3100, Modesto CA 95354
- 11.3.1.7 The bid opening will be held in a public forum at a City location announced in the Bid solicitation.
- 11.3.1.8 All bids will be opened by a program supervisor (e.g. Housing Rehabilitation Supervisor or Senior Community Development Program Specialist) and recorded by a program specialist (e.g. Housing Financial Specialist or Housing Rehab Specialist).

- 11.3.1.9 The HRS will summarize the lowest responsible bid results on the "Work Specification" document provided to the homeowner.
- 11.3.2 The applicant will be required to accept the lowest responsible bid with certain exceptions. Rejection of the low bidder without cause will result in cancellation of the project.
 - 11.3.2.1 If on the basis of references, or the inability to start work within a reasonable timeframe, the property owner request to reject the low bidder, he/she must do so in writing. Upon confirmation of the reason for rejection by City staff, the low bidder will be rejected, and the next lowest bidder will be considered.
- 11.3.3 Upon selection of lowest responsible bidder, the HRS will prepare the respective documents for contractor, homeowner signatures, and City signatures (e.g. Housing Rehabilitation Contract and Grant/Loan Documents).
- 11.3.4 Once contracts are executed, City Staff will record loan documents with the Stanislaus County Recorder's Office.
- 11.3.5 Upon receipt of recorded documents, the HFS will:
 - 11.3.5.1 Issue a Notice to Proceed to the contractor. The contractor will have seven (7) calendar days to begin work from the date of issuance.
 - 11.3.5.2 Route contracts for encumbrance the City's financial system.

12.0 EMERGENCY REPAIRS PROCEDURE

- 12.1.1 Per MAXIMUM AMOUNT OF PROGRAM ASSISTANCE Section, emergency repairs of up to \$5,000 may be authorized by the Director of Community and Economic Development if it poses an "extreme health and safety related emergency in line with Modesto Municipal Code 8-3.301.
- 12.1.2 From time to time, City of Modesto residents will contact the city with repair requests that constitute an immediate threat to their health and safety. Such cases will be treated as Emergency repairs; e.g. broken sewer line, broken water line, leaking roof (during rainy season), broken HVAC system (during summer/winter), and unsafe electrical and or plumbing conditions.
- 12.1.3 These cases will be given priority over other non-emergency projects.
- 12.1.4 Upon homeowner contact with the City's Housing Division, the HFS will conduct a pre-screening of the prospect applicant and collect pertinent emergency case facts.
- 12.1.5 After pre-screening, the HFS will collect the application and eligibility documentation from the homeowner; the HFS will inform the Housing Rehab Specialist immediately after collecting the pertinent facts.
- 12.1.6 The HFS shall determine program eligibility within three (3) business days of collecting a completed application packet.

- 12.1.7 Upon determining eligibility, the Housing Rehab Specialist shall communicate with the homeowner and will schedule and conduct a property inspection and determine/prepare a detailed scope of work and independent cost estimate within three (3) business days of eligibility determination, depending on the severity of the emergency.
- 12.1.8 Upon completion of the Emergency Repair Scope of Work, the HRS will submit an "Emergency Repair Request" packet which includes the Scope of Work and related case facts to the Housing Rehabilitation Supervisor for review and approval to proceed with procurement for the Emergency Project.
- 12.1.9 Upon approval by the Housing Rehabilitation Supervisor, HRS shall obtain a minimum of three (3) informal bids and shall be awarded to the lowest responsible bidder.
 - 12.1.9.1 Bid documentation will be kept in the file record.
- 12.1.10 Upon contractor selection, the HRS shall prepare the Advanced Payment Agreement and all required loan documentation for homeowner, contractor, and Director of Community and Economic Development execution within three (3) business days of contractor selection. The Notice to Proceed will be issued upon contract execution by all parties. The rehabilitation contract shall specify the number of days for project completion.
 - 12.1.10.1 A homeowner cannot enter into an Advanced Payment Agreement, unless the homeowner meets the homeowner eligibility guidelines as described in Section 4.0 – Homeowner Eligibility.
- 12.1.11 Routine Progress inspections shall be conducted as specified in PROGRESS INSPECTIONS Section; frequency of progress inspections may be increased as needed for emergency repairs.
- 12.1.12 All emergency rehabilitation projects will be presented to the Housing Rehabilitation Loan Committee (HRLC) at the next available HRLC meeting for formal approval.

13.0 CONTRACTOR ELIGIBILITY

- 13.1 All prospective Contractors must submit or must have submitted, within the past 3 years, a *Contractor Application* to the City which will allow the City to collect all pertinent information to determine contractor eligibility (i.e. DUNS number, Tax ID, etc.).
 - 13.1.1 Contractor failure to submit a Contractor Application may result in a "non-responsive" bid and disqualify the contractor from consideration.
- 13.2 Upon Receipt of bids from prospective contractors, the Housing Rehabilitation Specialist shall determine contractor eligibility by conducting the following:
 - 13.2.1 Verify that the City has a *Contractor Application* on file for each prospective contractor;
 - 13.2.2 If the City does not have a *Contractor Application* on file for the prospective contractor, the Housing Financial Specialist will make arrangements to ensure the prospective Contractor completes and submits a *Contractor Application* in a timely manner.
- 13.3 Upon confirmation that the City has a complete *Contractor Application* on file, the Housing Rehabilitation Specialist shall conduct the following searches for each prospective contractor:

13.3.1 Debarred/Suspended Search

- 13.3.1.1 It is the City of Modesto's policy not to conduct business with contractors who are excluded/debarred from conducting business with any federal agency.
- 13.3.1.2 The Housing Rehabilitation Specialist shall ensure that the prospective Contractor is not excluded/debarred from conducting business with any federal agency by conducting a search on the federal System for Award Management website at www.sam.gov.
- 13.3.1.3 To comply with this requirement, Contractors must provide their DUNS number on the *Contractor Application*.
- 13.3.1.4 Prospective contractors who do not have a DUNS number at time of bid submittal, must request one by accessing the following website: <http://fedgov.dnb.com/webform/displayHomePage.do>
- 13.3.1.5 Upon conducting the Sam.gov search, the Housing Rehabilitation Specialist shall print the search results and place a copy in the project file.

13.3.2 California State License Board (CSLB) Search:

- 13.3.2.1 It is the City of Modesto's policy not to conduct business with Contractors who do not hold an active CSLB license.
- 13.3.2.2 The Housing Rehabilitation Specialist shall verify a prospective Contractor holds an active CSLB license by conducting a search on the CSLB website at <https://www2.cslb.ca.gov/OnlineServices/CheckLicense/checklicense.aspx>.
- 13.3.2.3 The CSLB license must be appropriate for the type of rehabilitation work to be conducted (i.e. General Contractor, Electrical, Carpenter, etc.)
- 13.3.2.4 Upon conducting the CSLB search, the Housing Financial Specialist shall print the search results and place a copy in the project file.

13.3.3 Better Business Bureau (BBB) Search

- 13.3.3.1 It is the City of Modesto's policy not to conduct business with contractors who have negative letter rating score (D+ through F) with the BBB.
- 13.3.3.2 The Housing Financial Specialist shall verify a prospective Contractor has a positive letter rating score (A+ through C-) with the BBB.
- 13.3.3.3 Upon conducting the BBB search, the Housing Financial Specialist shall print the search results and place a copy in the project file.

14.0 COST REASONABLENESS AND SCOPE OF WORK:

14.1 As a CDBG recipient, the City of Modesto is held accountable for all funds, property and assets of the CDBG program. The City of Modesto must maintain a financial accounting system for grants that meets the CDBG regulations, 24 CFR Part 84 and OMB Circulars A-87 and A-133. This includes requirements pertaining to financial management systems and records, allowable costs and audits.

14.1.1 The City of Modesto is required to ensure that CDBG funds are spent only on reasonable and necessary costs associated with approved grant activities and must have a procedure for determining the reasonableness, allowability and allocability of costs.

- 14.1.1.1 For all assisted projects, the procedure for determining reasonableness will include the preparation of a detailed scope of work and an independent cost estimate.

- 14.1.1.1.1 A detailed Scope of Work will identify project milestones, reports, deliverables, and end products that are expected to be provided by the performing party. The Scope of Work will also include a timeline for all deliverables.
 - 14.1.1.1.2 An independent cost estimate will be established utilizing local market data and published cost guidelines.
 - 14.1.1.1.3 The project manager and supervisor will work with the appropriate parties to develop the independent cost estimate to ensure the cost estimate is reasonable based on local market data.
- 14.2 To comply with cost reasonableness requirements, the City of Modesto will review all requests for payments to ensure that costs are allowable under regulations, approved in the CDBG grant application, allocated to the correct program activity and are reasonable.
 - 14.3 A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
 - 14.3.1 In determining reasonableness of a given cost, consideration shall be given to whether the cost is of a type generally recognized as ordinary and necessary to address the housing condition being considered for repair.
 - 14.3.2 A cost analysis of the scope of work items shall be made and documented in the project file. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability, and allowability.
 - 14.3.3 Cost analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts.
 - 14.3.4 All change orders will be subject to a cost reasonableness evaluation by the project manager and approval by the HUD Supervisor.
 - 14.4 Cost reasonableness shall be determined by comparing the bids received with the cost estimate prepared by the Housing Rehabilitation Specialist.
 - 14.5 Bids received must be within 15% of the Housing Rehabilitation Specialist's cost estimate.
 - 14.6 An explanation must be provided to the HRLC for any bid selected that exceeds 15% of the estimate.
 - 14.7 Comparable estimates may also be considered, when optimal, for utilization of subcontractors instead of general contractors for work to be performed.
 - 14.8 The Housing Rehabilitation Specialist will work to manage rehabilitation costs through the most efficient and economically feasible project contracting model.
- 15.0 ENVIRONMENTAL REVIEW:**
- 15.1 All assisted properties shall be subject to environmental review as required by the funding source(s). No funds shall be committed and/or released until all environmental reviews have been conducted to the satisfaction of City of Modesto. Refer to HUD Policies and Procedures Manual, Section 14 – Environmental Review Plan – for environmental review process.
- 16.0 HOUSING REHABILITATION LOAN COMMITTEE (HRLC) APPROVAL:**

- 16.1 All Housing Rehabilitation Program activities shall be subject to majority vote approval by the City of Modesto Housing Rehabilitation Loan Committee (HRLC). The HRLC shall be comprised of the following voting members (all terms are four (4) years in length):
 - 16.1.1 One Councilmember (appointed by the Mayor)
 - 16.1.2 One financial institution representative.
 - 16.1.3 One service provider representative.
 - 16.1.4 One general contractor (active or retired).
 - 16.1.5 One Housing Authority of the County of Stanislaus (HACS) representative.
 - 16.1.6 One Citizen-at-Large.
 - 16.1.7 One Citizen's Housing and Community Development Committee Representative.
- 16.2 The City of Modesto Community Development Manager may appoint a substitute voting member using alternative criteria if existing circumstances do not allow for a Committee make-up as specified above and time constraints warrant a substitution.
- 16.3 All actions of the HRLC shall be reflected in meeting minutes to be prepared by staff of the City of Modesto Community Development Division.

17.0 WRITTEN AGREEMENTS:

- 17.1 A written agreement must be entered into between the City and all homeowners receiving assistance under this program. The written agreement forms the basis for the contractual obligation between the parties to fund and implement the activity or program. The written agreement will identify responsibilities attributable to each party, and shall outline in exact measure the scope of services to be provided, methods of accountability, and a schedule for payment.

18.0 PROJECT CONTINGENCIES

- 18.1 All rehabilitation activities approved by the HRLC shall be contingent on meeting the following requirements:
 - 18.1.1 Execution of a construction contract and Notice to Proceed;
 - 18.1.2 Construction Schedule mutually agreed to by the Homeowner, Contractor, and Housing Rehabilitation Specialist;
 - 18.1.3 On-site monitoring and inspections by the Housing Rehabilitation Specialist to verify scope of work, materials, and construction schedule conform to contract requirements;
 - 18.1.4 Written final inspection and approval documentation by the Housing Rehabilitation Specialist;
 - 18.1.5 Recorded Notice of Completion, signed by the homeowner, following final inspection and approval by the Housing Rehabilitation Specialist;
- 18.2 Written change orders, subject to the criteria listed below, shall be required for any changes in the work write-up, such as eliminating an item completely, eliminating one item and substituting another, or adding items:
 - 18.2.1 Contractor must notify Housing Rehabilitation Specialist and homeowner if Contractor deems a change order for work is necessary; Contractor's Change Order request shall be submitted in writing and list the change order items with dollar value for each change;

- 18.2.2 Housing Rehabilitation Specialist shall review and determine if Change Order requests and costs are reasonable and work with Contractor to modify Change Order items if necessary;
 - 18.2.3 Upon reviewing and approving Change Order requests, Housing Rehabilitation Specialist must prepare a City of Modesto Change Order Request Approval form and submit to Housing Rehabilitation Supervisor for final approval signature;
 - 18.2.4 Upon final approval by the Housing Rehabilitation Supervisor, Change Order shall be signed by Homeowner and Contractor;
 - 18.2.5 The combined total of all approved Change Orders shall not exceed the approved financing and contingences;
 - 18.2.6 Homeowners cannot request (non-health and safety) change orders in excess of the approved financing (not including contingency), unless HRLC approves the use of additional funds (Attachment A).
- 18.3 The homeowner shall maintain Homeowner's insurance on the property for the duration of the program loan(s). This insurance must be adequate to cover all encumbrances on the property. The insurer must identify City of Modesto as Additional Insured for the amount of the program loans. A copy of the homeowner's insurance policy shall be provided to City of Modesto annually.
- 18.4 Homes located within a 100-year flood zone will be considered on a case-by-case basis. If approved for assistance, the Borrower is required to maintain flood insurance during the term of the assistance and in an amount adequate to secure the program loan and all other encumbrances. The insurer must identify City of Modesto as Loss Payee for the amount of the program loans. A copy of the homeowner's flood insurance policy shall be provided to City of Modesto annually.

19.0 CONTRACTOR LIST

- 19.1 The Housing Rehabilitation Specialist shall maintain a *Contractor List* that includes contractors that have participated in the Homeowner Rehabilitation Program. These contractors must have been vetted through the City's Contractor Eligibility Process as outlined in CONTRACOR ELIGIBILITY SECTION. The list shall contain the names, addresses, license numbers, CSLB license expiration dates, DUNS Number, insurance information, and business license numbers, expiration dates, insurance information, and business license information for contractors who have been formally approved for participation in the housing rehabilitation programs.
- 19.1.1 Information on the *Contractors List* will be updated on an annual basis, or more frequently, if deemed necessary.
 - 19.1.2 The *Contractors List* will be available to the public, upon request. If the public requests a copy of the *Contractors List*, a disclaimer must appear on the top of the list as referenced in the desk manual.
- 19.2 Any person, partnership, or corporation with a current California General Contractor's License is eligible to have bids considered on a housing rehabilitation project.
- 19.2.1 In accordance with 24 CFR 85.36(c)(4) the City shall encourage qualified contractor participation to ensure that enough bids are received for a successful and adequate solicitation. Staff shall engage in continuous contractor outreach and engagement in order to provide for the maximum open and free competition that will not preclude other potential bidders from qualifying during the bid solicitation period.

20.0 CONTRACTOR DISQUALIFICATION/REMOVAL FROM CONTRACTOR LIST

20.1 Contractor failure to comply with program requirements and/or local, state, and federal laws may be grounds for disqualification from participation in this program.

20.1.1.1 Breach of the terms of a program contract by a willful or material failure to perform in accordance with the terms thereof.

20.1.1.2 Substandard performance on any public contract, including, without limitation:

20.1.1.2.1 A material breach thereof;

20.1.1.2.1.1 A failure to complete work required thereunder in a timely manner or within the contract price when such failure is attributable to the negligent or wrongful actions or inactions of such contractor or such contractor's subcontractors or suppliers;

20.1.1.2.2 Substandard quality of work; or

20.1.1.2.2.1 Any negligent or wrongful failure to cooperate with the contracting agency during performance of the public contract.

20.1.2 Any other grounds that the Community Development Manager determines would impair the ability of the Contractor to perform a public contract or any part thereof.

20.1.3 In any case, the Community Development Manager may have the discretion to consider the facts and circumstances of a violation, and may impose a different disqualification period and/or condition(s) to satisfy the cure of the violation and allow participation in future bid processes.

20.2 Written Complaint Procedure:

20.2.1 In the case a written complaint is submitted to staff regarding a contractor who is on the contractor list; the contractor will be notified in writing of the complaint.

20.2.2 Housing Rehabilitation Supervisor and staff will make reasonable efforts to resolve the complaint;

20.2.3 Written complaint will be kept on file for the duration of the time the contractor remains on the contractor list and will be available as part of public record.

20.3 Scope of Disqualification: Disqualification of a contractor under this Section constitutes disqualification of that Contractor from submitting bids or proposals to the City for the purpose of entering into or in any manner participating in any City contract, or any part thereof, and shall apply to all individuals, divisions, subsidiaries, affiliates and parent corporations of that Contractor unless the decision to qualify is limited by its terms to one or more specifically identified individuals, divisions, subsidiaries, affiliates, parents or other organizational elements.

20.4 Disqualification Procedures: The following procedures will be taken by the City when disqualifying a Contractor from program participation:

20.4.1 City will send a written notice to the Contractor informing him/her that a disqualification is being considered;

20.4.2 The written notice will include the grounds for the proposed disqualification including the specific conduct or action(s) upon which the proposed disqualification is based;

20.4.3 The written notice will include the intended period of disqualification.

20.5 Hearing Request:

20.5.1 A Hearing Officer will be appointed by the Director of Community & Economic Development

20.5.2 Within fifteen (15) calendar days after mailing of the notice of the proposed disqualification, the Contractor may submit a written request for a hearing on the proposed disqualification.

- 20.5.2.1 Such written request shall specify the name and address of the person to which all subsequent notices and communications should be mailed.
- 20.5.2.2 Failure of the Contractor to submit a written request for a hearing within the time provided by this subsection, or failure of Contractor to appear at the requested hearing, shall be deemed to be a waiver by Contractor of Contractor's right to request a hearing on the proposed disqualification and the Hearing Officer's decision shall be final.
- 20.5.3 The hearing will be held within thirty 30 days of the request and the Hearing Officer's decision shall be final.

21.0 PROGRESS INSPECTIONS

- 21.1 The Housing Rehabilitation Specialist shall conduct routine progress inspections on all housing rehabilitation projects to verify the Contractor is adhering to the agreed upon Contract Schedule.
 - 21.1.1 Routine progress inspections shall mean onsite inspections once weekly, unless project timelines call for more frequent inspections.
- 21.2 The Housing Rehabilitation Specialist shall track each progress inspection by completing a *Progress Inspection Report*, documenting the results and date of the inspection, and place the completed *Progress Inspection Report* in the project file.
- 21.3 If applicable, the Housing Rehabilitation Specialist shall include the reasons for any project delays within the *Progress Inspection Report* and describe a revised project schedule agreed upon by the Contractor, Homeowner, and Housing Rehabilitation Specialist.
- 21.4 Revised project schedules shall be signed by the Contractor, Homeowner and Housing Rehabilitation Specialist.
- 21.5 Further unjustified project delays by the Contractor resulting in non-compliance with the agreed upon project schedule shall result in a credit to the Homeowner until the project has been substantially completed or terminated as defined within the section entitled "Time is of the Essence in the Performance of this Agreement" in the Rehabilitation Program Contract.
- 21.6 Contractor progress payment requests shall reflect the percentage of the project completed through the time period for which payment is requested. The project completion percentage shall be indicated on the internal payment request form.

22.0 CONTRACTOR COMPENSATION

- 22.1 Contractor progress payments shall be subject to Housing Rehabilitation Specialist verification, acknowledgement and certification that the work being invoiced for is reflective of the work verified through the Housing Rehabilitation Specialist's progress inspection(s) and through the time period indicated on the payment request.
 - 22.1.1 All contractor progress payments must be accompanied by the "Invoice Checklist" including all required items listed on the invoice checklist for an invoice to be processed by the City's Finance Department.
 - 22.1.2 Progress payment to contractors and reimbursement from HUD will occur only after the Housing Rehab Specialist has verified that the work for which reimbursement is being issued, has been completed.

22.1.2.1 Verification of work completion will take place by conducting onsite progress inspections and including an inspection report reflecting a "pass".

22.2 Contractor payment requests will only be processed if signed by the Contractor, Homeowner, Housing Rehabilitation Specialist, and Housing Rehabilitation Specialist Supervisor. Invoices must be detailed enough to determine payment eligibility, along with accompanying documentation. All efforts will be made to reimburse qualified invoices within a 30-day time frame.

22.3 If the Homeowner is not satisfied with the completed work, or the Contractor has not completed the work in accordance with the Rehabilitation Program Contract, Community Development Division staff will meet with the Homeowner and Contractor to resolve the dispute.

22.4 If such informal resolution is unsuccessful, the Homeowner and the Contractor must follow the arbitration steps and tribunal procedures as outlined in the Rehabilitation Program Contract.

23.0 NON-PROFIT SPONSORED HOUSING ACQUISITION AND/OR REHABILITATION ACTIVITIES

23.1 City of Modesto Housing Program funds, as allowed by the individual funding source(s), may be provided directly to a non-profit entity for the purpose of acquiring and/or rehabilitating housing units that will ultimately benefit an owner-occupant provided that the activity complies with all criteria as set forth in the Sections above and with the following criteria:

23.1.1 Funds provided to a non-profit Developer shall not be used for the administration of the activity.

23.1.2 "Developer's fees" shall not be allowed as part of funds provided to a non-profit. However, Non-profit Developers may be compensated at a rate of up to twelve percent (12%) of the total rehabilitation/construction cost for each project.

23.1.3 Non-profits seeking funding shall submit for Community Development Division review and HRLC approval consideration on a project plan detailing:

23.1.3.1 How the criteria of the Housing Rehabilitation Program will be met;

23.1.3.2 Scope of work including total estimated project cost;

23.1.3.3 Timeline for project completion;

23.1.3.4 Project proforma including all secured funding sources, amounts, and detailed uses to be utilized in fulfillment of the project. "Pledged" or pending sources will not be considered as leverage funding.

23.1.3.5 Financing summary of all loans being transferred to homebuyer.

23.1.4 Following HRLC approval and prior to release of funds, the non-profit must submit to City of Modesto items including, but not limited to a resolution by the non-profit's Board accepting the terms of the request and commitment of repayment, insurance and endorsements, and other items outlined within the Community Development Division contract completion checklist.

23.1.5 The Maximum Sales Price of a City/non-profit sponsored project to be sold to eligible buyers must not exceed 100% of the appraised value, with a 50/50 share of net proceeds between the Developer and the City of Modesto from the sales price of a single family home listed for City of Modesto.

23.1.6 City/Non-profit sponsored projects must comply with Maximum after Rehabilitation Value and Maximum Loan to Value requirements as outlined in MAXIMUM AFTER REHABILITATION VALUE AND MAXIMUM COMBINED LOAN TO VALUE Sections respectively.

23.1.6.1 Additional information may be required by the HRLC in consideration of the request.

23.1.7 All HRLC approved funding shall be provided as a reimbursement subject to review and approval of a Reimbursement Request submitted from Developer to the City of Modesto Community Development Division. All RFF's shall be in a form determined satisfactory to the Department.

24.0 MONITORING

24.1 The Housing Rehabilitation Staff will mail out annual self-re-certification forms throughout the duration of the affordability term to verify the units remain owner occupied.

24.1.1 Participants will be sent two requests to return re-certification documentation prior to triggering repayment of grant/loan;

24.1.1.1 A pay-off demand will be sent out for any non-compliance.

25.0 LEAD BASED PAINT OPERATING PROCEDURES FOR UNITS BUILT PRIOR TO 1978

25.1 All program applicants shall receive notification of Lead-Based Painting hazards as follows:

25.1.1 The City will provide a Lead Hazard Information Pamphlet "Protect Your Family From Lead in Your Home" to all program applicants.

25.2 Homeowner Rehabilitation Federal Assistance Up to \$5,000:

25.2.1 Lead Based Paint Presumption: Paint testing will not be conducted for housing rehabilitation projects not exceeding \$5,000. The City will presume the presence of lead based paint for all housing projects assisted with an amount not exceeding \$5,000. If the rehabilitation project will disturb painted surfaces all lead based paint mitigation activities, other than the actual testing, will be implemented as prescribed by HUD.

25.2.2 If the housing unit is built prior to 1978, the homeowner will be provided a "Notice that Lead-Based Paint or Lead Based Paint Hazards Are Presumed to be Present" to occupants within 5 business days of making such presumption.

25.2.3 Visual Inspection: A visual inspection shall be made by the Rehabilitation Specialist or other staff assigned to make the inspection, to determine if the project will disturb any painted areas. If the project *will not* disturb any painted areas, the case file shall be so documented and the property owner or tenant advised in writing. No additional compliance steps with lead based paint regulations are required.

25.2.4 Repair Work: If the project *will* disturb paint, then the City will require the rehabilitation contractor to be certified as a lead based paint abatement supervisor or as a certified lead safe worker; or the rehabilitation contractor will secure a certified lead base paint abatement supervisor to monitor safe work practices in those areas where painted surfaces will be disturbed by the rehabilitation work. Safety precautions for occupant protection ((§35.1345), work site preparation and cleanup activities and

prohibited methods of removal (§35.140) of lead base paint materials must be followed.

25.2.5 De Minimis Levels: Safe work practices are not required for projects which are determined to disturb surfaces below *de minimis* levels (§35.1350). The case file shall be documented and a Notice of Completion and Notice of Clearance is not required.

25.2.6 Notice of Completion and Notice of Clearance: A clearance examination of the work site (the area in which the rehabilitation construction was performed) is the responsibility of the rehabilitation contractor and must be performed by a certified lead based paint inspector/assessor. Once work is completed, the City will provide the owner a report entitled "Summary Notice of Completion Lead Base Paint Hazard Reduction Activity" within fifteen (15) days of the completion date (the date on which clearance is achieved). A copy shall be placed in the project file as documentation.

25.3 Homeowner Rehabilitation Federal Assistance \$5,001-\$25,000

25.3.1 Information Pamphlet: The City shall provide the pamphlet "Protect Your Family From Lead In Your Home" to the applicant.

25.3.2 De Minimis Levels: Safe work practices are not required for projects which are determined to disturb surfaces below *de minimis* levels (§35.1350). The case file shall be documented and a Notice of Completion and Notice of Clearance is not required.

25.3.3 Paint Testing or Presumption: For projects of this funding level (\$5,001-\$25,000), presumption of the presence of lead base paint **shall not** be made. Instead, paint will be tested in all areas that will be disturbed by the proposed repair work by a certified lead base paint inspector/assessor.

25.3.4 Noticing: The City shall provide the occupants with a "Summary Notice of Lead Based Paint Inspection" after such inspection is made by a certified lead base paint inspector/assessor in accordance with §35.1320(a).

25.3.5 Risk Assessment: The City shall order test samples of those painted surfaces to be disturbed by the rehabilitation construction or, upon visual inspection by the rehabilitation specialist, on any painted surfaces that are deteriorated. If lead is found in the test samples, a risk assessment shall be ordered by the City and conducted by a certified lead inspector/assessor in accordance with §35.1320(b) before rehabilitation construction begins. The lead base paint inspector/assessor will provide a copy of the results to the City who will notify the owners of the property with the "Summary Notice of Lead-Based Risk Assessment."

25.3.6 Interim Controls: If the risk assessment indicates the presence of lead base paint then lead hazard mitigation activities, including paint standards, interim controls and paint stabilization must be performed on all identified lead paint hazards in accordance with §35.1330. Safety precautions for occupant protection (§35.1345), work site preparation and cleanup activities and prohibited methods of removal (§35.140) of lead base paint materials must be followed.

25.3.6.1 A person performing paint standards, interim controls or stabilization must be trained in accordance with 29 CFR 1926.59 and be a certified lead base paint safe worker or certified lead base paint abatement supervisor.

25.3.7 Relocation: As stated in section §35.1345, temporary relocation is required unless: (1) the work will not disturb lead based paint or lead based paint hazards; (2) only exterior work is being conducted and openings to the interior are closed during the work and lead-hazard-free entry to the dwelling is provided; (3) the interior work will be completed in 8 hours, the work sites are contained to prevent dust release into other areas, and no other health or safety hazards are created; or (4) interior work will be completed in 5 consecutive days, work sites are contained, no other health or safety hazards are created, work sites and areas 10 feet from the containment are cleaned at the end of each work day, and occupants have safe access to sleeping, kitchen and bathroom facilities.

25.3.7.1 Safe access to sleeping, kitchen and bathroom facilities can be provided in another convenient location outside of the work site, thereby avoiding unnecessary relocation of residents.

25.3.8 Clearance: Clearance shall be the responsibility of the rehabilitation contractor who will order the clearance inspection from a certified lead base paint inspector/assessor and in accordance with §35.1340(b).

25.3.9 Notice of Completion and Notice of Clearance: Once work is completed and after a clearance examination of the work site is performed by a certified lead paint inspector/assessor, a copy shall be placed in the project file as documentation. The City will provide a "Summary Notice of Completion of Lead Based Paint Hazard Reduction Activity" to the owner within 5 business days from project completion date. The lead base paint inspector/assessor will provide a "Lead Hazard Evaluation Report" (Form DHS 8552) to the City, the owner and to the Department of Health Services.

25.4 Homeowner Rehabilitation Federal Assistance greater than \$25,000 (Identify and Eliminate lead hazards)

25.4.1 Information Pamphlet: The City shall provide the pamphlet "Protect Your Family From Lead In Your Home" to the applicant.

25.4.2 If the amount of assistance is more than \$25,000, the following is required:

25.4.2.1 Paint testing as outlined in Paint testing or Presumption sub-section above;

25.4.2.2 Abatement of all lead based paint hazards identified or produced;

25.4.2.3 Use of interim controls on exterior surfaces not disrupted by rehabilitation; and all applicable lead based paint notices.

25.4.3 All paint tests that result in a negative finding of lead-based paint are exempt from any and all additional requirements. If defective paint surfaces are found, they will be properly treated or abated. A certified Inspector/Assessor shall perform all paint testing, risk assessments, and clearances. A trained supervisor may oversee interim controls; however, a certified supervisor and workers will perform all abatement.

26.0 LOAN MODIFICATIONS

26.1 Loan Modification requests may be considered by the City of Modesto only under the following circumstances:

- 26.1.1 For projects claiming contractor work to be substandard, project completion must have been within the past 5 years;
- 26.1.2 If making payments on City Loan and Borrower is facing a financial hardship, modification may be considered to prevent borrower from defaulting on primary or City loan which may trigger foreclosure
- 26.2 The following information will be collected from the borrower to consider a modification:
 - 26.2.1 Housing Quality Standards Inspection
 - 26.2.2 Financial hardship documentation, if applicable
 - 26.2.3 Borrower must meet current program requirements
 - 26.2.3.1 Income eligibility guidelines (income must not exceed 80% of the Area Median Income);
 - 26.2.3.2 Front and Back End debt to income requirements
 - 26.2.4 Record of any payments made toward the loan
 - 26.2.5 Letter from the borrower which outlines concerns and reason for modification
- 26.3 If Staff determines the borrower meets the requirements for a loan modification, the request will be presented to the Homeowner Rehabilitation Loan Committee for consideration.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-514**

**RESOLUTION ACCEPTING AN ACTUARIAL VALUATION REPORT OF
OTHER POST-EMPLOYMENT BENEFITS (OPEB) AS OF JUNE 30, 2018
PURSUANT TO UPDATED FINANCIAL REPORTING AND ACCOUNTING
REQUIREMENTS FROM THE GOVERNMENTAL ACCOUNTING
STANDARDS BOARD (GASB) STATEMENTS 74 AND 75.**

WHEREAS, the purpose of this report is to update the City Council on the Other Post-Employment Benefits (OPEB) liability valuation as of June 30, 2018, and

WHEREAS, this valuation follows the Governmental Accounting Standards Board (GASB) Standard 75 which determine the City's financial reporting requirements. Included in this report is the funding status of the City's liability which represents the City's current obligation to provide retiree medical benefits, and

WHEREAS, on March 4, 2019, the City solicited informal proposals to perform the actuarial analysis and report on the OPEB liability; Based on the responses received, the City selected Bartel associates based on their level of experience, references and their presentation of their actuarial report, and

WHEREAS, on May 20, 2019, the City entered into an agreement with Bartel Associates, LLC to prepare an actuarial analysis and report on OPEB in accordance to the requirements outlined under GASB 75, and

WHEREAS, based upon the 2018 valuation report, the City's total OPEB (unfunded) liability was reported in the amount of \$26.9 million, in comparison to the City's June 30, 2017 valuation report of \$29.4 million, and

WHEREAS, OPEB actuarial valuations are used by City staff for budget forecasting and funding policy development, and by the Finance Department for financial

reporting for the City's Comprehensive Annual Financial Report (CAFR); the City currently funds the OPEB retiree medical benefits on a pay-as-you-go basis.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the actuarial valuation report of other post-employment benefits (OPEB) as of June 30, 2018 prepared by Bartel Associates which is incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-518**

RESOLUTION APPROVING A PURCHASING AGREEMENT WITH AMAZON BUSINESS THROUGH THE OMNIA PARTNERS PUBLIC SECTOR COOPERATIVE PURCHASING ORGANIZATION (FORMERLY KNOWN AS U.S. COMMUNITIES AND NATIONAL IPA) FOR AN ONLINE MARKETPLACE FOR PRODUCTS, FOR A TWO-YEAR AGREEMENT WITH THREE TWO-YEAR EXTENSION OPTIONS, FOR AN ANNUAL ESTIMATED COST NOT TO EXCEED \$75,000 AND A TOTAL AMOUNT NOT TO EXCEED \$600,000 OVER EIGHT YEARS AND AUTHORIZING THE PURCHASING MANAGER OR HER DESIGNEE TO ISSUE THE PURCHASE AGREEMENT

WHEREAS, City employees have utilized Amazon Business for the purchase of products based on the significant competitive pricing it affords since 2011; and

WHEREAS; the convenience of online ordering and fast shipping has made Amazon Business a popular marketplace for City employees; and

WHEREAS, staff has utilized their personal Amazon accounts to make purchases necessary to conduct business to avoid the City having to pay the annual Amazon Prime membership; and

WHEREAS, the City currently has 71 Amazon accounts set up using the modestogov.com domain; and

WHEREAS, with 6 different types of Amazon accounts resulting in over \$3,000 worth of membership dues; and

WHEREAS, lead agency Prince William County Public Schools issued RFP #R-TC-17006 through OMNIA Partner Public Sector; and

WHEREAS, on October 14, 2016 twelve proposals were formally opened; and

WHEREAS, the evaluation committee elected to award to Amazon Business for an online marketplace; and

WHEREAS, establishing a city-wide Amazon Business Prime account for an annual fee of \$3,499 will ensure proper purchasing control; and

WHEREAS, allowing all City departments access to the benefits of a Prime account; and

WHEREAS, the Purchasing Manager has determined, pursuant to Section 8-3.204(d) of the MMC, that the process other than the formal bid procedure set for in Section 8-3.201 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality; and

WHEREAS, in addition, MMC 8-3.202(h) encourages the Purchasing Manager to join with the State of California and other units of government with cooperative purchasing plans when the best cost savings interest of the City would be served.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of the purchasing agreement with Amazon Business through the OMNIA Partners Public Sector cooperative purchasing organization (formerly known as U.S. Communities and National IPA) for an online marketplace for products, for a two-year agreement with three one-year extension options for an annual estimated cost not to exceed \$75,000, and a total amount not to exceed \$600,000 over eight years.

BE IT FURTHER RESOLVED, that the Purchasing manager, or her designee, is hereby authorized to issue the Purchase Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-519**

RESOLUTION APPROVING A CONSOLIDATION OF THE UTILITY BILLING WATER RATE ASSISTANCE PROGRAM (WRA) AND THE SENIOR/DISABLED LOW INCOME PROGRAM (SDLI) INTO A SINGLE UTILITY BILLING ASSISTANCE PROGRAM AVAILABLE FOR ALL ELIGIBLE CUSTOMERS

WHEREAS, there are currently two assistance programs available to City utility customers, the Senior/Disabled Low Income program (SDLI) adopted by Council Resolution 2007-441 and the Water Rate Assistance program (WRA), adopted by Council Resolution 2016-462, and

WHEREAS, the SDLI program offers a discount of 25% off of the utility bill for eligible applicants, and

WHEREAS, the WRA program offers a flat discount of \$15.00 off the base meter charge for water to eligible applicants, and

WHEREAS, in an effort to reach more customers who are in need of assistance with the rising costs of their utility bill, staff is recommending a consolidation of the two programs, and

WHEREAS, this consolidation will allow for one low-income program available to all customers regardless of age or a classification of permanent disability, with a flat monthly discount of \$35.00 for all eligible applicants, and

WHEREAS, all customers currently enrolled in the WRA or SDLI program will be automatically enrolled in the new single assistance program, and

WHEREAS, the source of funding for the programs is revenue collected by the Utility Billing and Collections Division from various delinquency charges, and

WHEREAS, staff recommends Council approve a consolidation of the Utility Billing Water Rate Assistance program (WRA) and the Senior/Disabled Low Income program (SDLI) into a single Utility Billing Assistance program available for all eligible customers.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a consolidation of the Utility Billing Water Rate Assistance Program (WRA) and the Senior/Disabled Low Income program (SDLI) into a single Utility Billing Assistance program available for all eligible customers.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-520**

RESOLUTION APPROVING A SECOND AMENDMENT TO THE AGREEMENT WITH T2 SYSTEMS, INC., INDIANAPOLIS, IN, FOR SOFTWARE MAINTENANCE AND SUPPORT OF THE T2 PARKING CITATION MANAGEMENT SYSTEM, TO INCLUDE A TEST ENVIRONMENT MODULE AND INCREASING THE AGREEMENT AMOUNT BY \$13,714 FROM \$103,038 TO A NEW TOTAL NOT TO EXCEED AMOUNT OF \$116,752 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on September 25, 2007, Council approved Resolution No. 2007-548, to execute an agreement with T2 Systems, Inc. for the purchase of a Parking Citation Management System (PCMS) for the Customer Services Division of the Finance Department, and

WHEREAS, this system is utilized by the Parking Citation Processing Division in coordination with the Modesto Police Department to manage ticket issuance, the informal and formal Administrative Hearing process, the Residential Parking Permit program, fines and revenue collections, and

WHEREAS, On November 1, 2016, the City Manager approved a one year agreement with a one year extension option with T2 Systems, Inc. for continued software maintenance in the amount of \$35,574.00, and

WHEREAS, on November 14, 2017, by Resolution No. 2017-442, Council approved as First Amendment to the agreement, for a five-year sole source agreement with T2 Systems, Inc. for continued software maintenance support of the Parking Citation Management System in the amount of \$103,038, and

WHEREAS, the Finance Department requires the regular use of its T2 Systems, Inc. module in order to meet its daily business needs including but not limited to the

issuance of parking citations, the collection of parking citation revenues, overseeing the administrative review and adjudication process for contested parking citations and to manage the City's Residential Parking Permit program, and

WHEREAS, this software system includes an online payment and appeals module managed through a cloud-based system providing a more efficient and convenient avenue for our citizens while also ensuring compliance with the Payment Card Industry Data Security Standards (PCI DSS), and

WHEREAS, with regular changes to State and Federal requirements demanding system and process integration as well as annual updates needed for existing programs such as Residential Parking Permit program, staff have found continuous need for a test environment in which to vet out system changes prior to implementation with the public, and

WHEREAS, in addition, a test environment will allow staff to review and test system upgrades prior to implementation in a production environment, and

WHEREAS, system updates can include processes with significant impacts to daily T2 Systems operation such as upload of the online payment file to the General Ledger and the manner in which customers are able to appeal their citations online, and

WHEREAS, this amendment to the existing agreement would include a test environment module for the duration of the agreement, increasing the overall amount of the agreement by \$13,714, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto

Municipal Code. One exception, MMC Section 8-3.204(d), allows for the Purchasing Manager, in his or her discretion, to determine if a process other than the usual formal bid procedure set forth in MMC

Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, the Purchasing Manager has invoked that exception for this purchase due to the cost savings of staff time, and the fact that T2 is the only vendor who could maintain the T2 software, and

WHEREAS, the sole source award of an amendment to the agreement with T2Systems, Inc. will conform to MMC Section 8-3.204(d), and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2019-20 General Fund - Parking Citations, and

WHEREAS, revenues generated from the issuance and collection of citations are utilized to fund the cost of this software.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to the agreement with T2 Systems, Inc., Indianapolis, IN for software maintenance and support of the T2 Parking Citation Management System, to include a test environment module and increasing the agreement amount by \$13,714 from \$103,038 to a new total not to exceed amount of \$116,752.

BE IT FURTHER RESOLVED the City Manager, or his designee, is hereby authorized to execute the Second Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-521**

**RESOLUTION APPROVING THE 2019 CALIFORNIA FIRE CODE ADOPTION
MATRIX**

WHEREAS, the California Building Standards Commission (CBSC) adopted the California Fire Code in July 2019; and

WHEREAS, this code was designed and promulgated to be adopted by ordinance by local jurisdictions as an enforceable set of regulations for the safeguarding of life and property from fire and explosion hazards arising from the storage, handling and use of hazardous substances, materials and from conditions hazardous to life or property in the occupancy of buildings and premises; and

WHEREAS, this code establishes the minimum fire and life safety requirements for the State of California and is automatically adopted by state law; and

WHEREAS, in addition, each local jurisdiction must adopt rules and requirements for administering this code; and

WHEREAS, in order to adopt the 2019 California Fire Code, in addition to the Findings set forth in the code, the City has to approve the **attached** 2019 California Fire Code Adoption Matrix; and

WHEREAS, the Matrix correlates the findings of each amendment to the specific Modesto Municipal Code amendments.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the 2019 California Fire Code Adoption Matrix, **attached** hereto as **Exhibit A**.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

Key to Justification for Amendments to Title 24 of the California Code of Regulations

- A. Summer weather conditions are very dry, hot and windy causing ordinary combustibles to be easily ignited and fires to be fast spreading;
- B. Very dense fog conditions occur in winter. Reduced visibility causes delays in fire response;
- C. Fire response is delayed by railroad tracks which:
 - (1) Divide the City from northeast between Tully Road and McHenry Avenue to the west side of Ninth Street;

EXHIBIT A

- (2) Modesto Irrigation Canal #3 restricts access to the neighborhoods and developments to the north and east of Briggsmore Avenue from Oakdale Road to Claus Road;
 - (3) Run parallel to Yosemite Boulevard restricting access to the airport, Tuolumne Regional Park, and adjacent areas; and
 - (4) Restrict access at intersections and streets in the areas of Ninth, Tenth, D, and E Streets.
- D. Modesto Irrigation Canal #3 restricts access to the neighborhoods and developments to the north and east of Briggsmore Avenue from Oakdale Road to Claus Road;
- E. Fire response is delayed by rivers and creeks which:
- (1) Divide the southwest area of the City and City contract areas and restrict access to these areas; and
 - (2) Divide the City from east to southwest along Scenic Drive.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-522**

RESOLUTION APPROVING A COST SHARING AGREEMENT BETWEEN THE CITY OF MODESTO AND STANISLAUS COUNTY FOR MANAGEMENT AND SERVICES OF THE EDUCATION AND GOVERNMENT (EG) CHANNEL FOR A 57 MONTH AGREEMENT WITH TWO ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL COST NOT TO EXCEED \$145,000 AND A TOTAL AMOUNT NOT TO EXCEED \$960,000 OVER SEVEN YEARS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, The Education and Government Channel provides a platform for live broadcasting and programming of City Council meetings, Board of Supervisor meetings, special events and other government meetings, and

WHEREAS, The Education and Government Channel operates twenty four hours a day making local government accessible to citizens, and

WHEREAS, The City has an ongoing need to maintain and support the Education and Government Channel, associated equipment, broadcast production services and programming for the purpose of airing content on the EG channel for the City and County, and

WHEREAS, by resolution 2003-121 a City-County cost sharing agreement was approved for the management and operation of the Education and Government Channel and broadcast production services.

WHEREAS, the previous City-County agreement expired October 1st 2019 and,

WHEREAS, this purchase of these services conforms to the Modesto Municipal Code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it adopts this Resolution approving a cost sharing agreement between the City of

Modesto and Stanislaus County for management and services of the Education and Government (EG) Channel for a five-year term, with two one-year extension options, for an annual cost not to exceed \$145,000 and a total amount not to exceed \$960,000 over seven years; and

BE IT FURTHER RESOLVED, that the City Manager or his designee are hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-523**

RESOLUTION APPROVING A THIRD AMENDMENT TO AN AGREEMENT WITH BRIGHTVIEW GOLF COURSE MAINTENANCE, INC., IN PARTNERSHIP WITH KEMPERSPORTS MANAGEMENT, FOR GOLF COURSE MANAGEMENT AND MAINTENANCE SERVICES; TO EXTEND THE AGREEMENT TERM FOR ONE YEAR TO DECEMBER 31, 2020; TO INCREASE COMPENSATION BY \$54,000, IN AN AMOUNT NOT TO EXCEED \$2,662,304 FOR THE CURRENT TERM ENDING DECEMBER 31, 2019; TO INCREASE COMPENSATION BY \$65,877 IN AN AMOUNT NOT TO EXCEED \$2,728,181 FOR THE ONE YEAR EXTENSION; AND NOT TO EXCEED \$12,723,338 FOR THE FIVE YEAR TERM OF THIS AGREEMENT; AND TO AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT

WHEREAS, the City owns, operates and manages the Municipal Golf Course (“Municipal Course”), Dryden Park Municipal Golf Course (“Dryden Course”), and Creekside Municipal Golf Course (“Creekside Course”), and

WHEREAS, in February 2015 the City issued a formal Request for Proposals (RFP) to provide golf course management and maintenance services, and

WHEREAS, ValleyCrest Golf Maintenance (“ValleyCrest”) ranked highest, and

WHEREAS, in July 2015, the Finance Committee opted to defer awarding the contract and directed staff to return with additional financial information, potential land use options, and possible closure scenarios for one or more courses, and

WHEREAS, in November 2015, the Finance Committee directed staff to continue pursuing options for repurposing a golf course and to proceed with agreement negotiations for a two-year contract with ValleyCrest, in partnership with KemperSports Management, Inc. (“KemperSports”), and

WHEREAS, on December 15, 2015, by Resolution No. 2015-486, the City Council approved a two year agreement with ValleyCrest, in partnership with

KemperSports, to provide golf course management and maintenance services, in an amount not to exceed \$2,401,705 per year, and

WHEREAS, ValleyCrest is now doing business as BrightView Golf Course Maintenance, Inc. (BrightView), and

WHEREAS, on December 12, 2017, by Resolution No. 2017-504, the City Council approved the First Amendment to the Agreement for a one year extension with BrightView, in partnership with KemperSports, to provide golf course management and maintenance services, in an amount not to exceed \$2,529,443 per year, and

WHEREAS, on December 4th, 2018, by Resolution No. 2018-535, the City Council approved the Second Amendment to the Agreement for a one year extension with BrightView, in partnership with KemperSports, to provide golf course management and maintenance services, in an amount not to exceed \$2,608,304 per year, and

WHEREAS, staff and Council continue to explore and exercise options to reduce the City's General Fund subsidy to the Golf Fund, and

WHEREAS, this included two public golf workshops, a presentation to Council by the Golf Courses Advisory Committee, Council approval, by Resolution No. 2018-377, of a \$2 per round increase in green fees, and retaining consultant services to conduct a full assessment of the golf courses, and

WHEREAS, the golf subsidy grew to \$981,616 at the end of Fiscal Year 2018-2019, and

WHEREAS, in order to maintain service to the City's courses, an extension is required, and

WHEREAS, staff provided three extension options to reduce the golf subsidy for the last year of the agreement to the Finance Committee, and

WHEREAS, on October 28, 2019, the Finance Committee reviewed the extension options and recommended extending the agreement for the final year be forwarded to Council for consideration, and

WHEREAS, BrightView and staff renegotiated the extension of the term and to amend compensation, and

WHEREAS, the proposed Third Amendment extends the term of the Agreement for one year through December 31, 2020; increases the minimum annual compensation by \$54,000, in an amount not to exceed \$2,662,304 for the current term ending December 31, 2019; and increases the minimum annual compensation by \$65,877, in an amount not to exceed \$2,728,181 for the additional year, and

WHEREAS, the increase to the contract covers the rising costs of wages, primarily due to increases in the minimum wage, as well as the cost of merchandise, food and beverages sold in the clubhouses, and

WHEREAS, the total increase is \$119,877, of which \$54,000 is for the current term ending in December 31, 2019, for a total annual cost of \$2,662,304; and \$65,877 for the extension ending December 31, 2020 for a total annual cost of \$2,728,181, and

WHEREAS, funding for the Third Amendment will be covered by the General Fund (0100) to cover the increase in compensation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Third Amendment to the Agreement with BrightView Golf Course Maintenance and:

- A) Extending the term of the Agreement for one year through December 31, 2020;
- B) Increasing the minimum annual compensation by \$54,000, in an amount not to exceed \$2,662,304 for the current term ending December 31, 2019; and
- C) Increasing the minimum annual compensation by \$65,877, in an amount not to exceed \$2,728,181 for the one year extension.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Third Amendment to the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-525**

RESOLUTION APPROVING A THIRD AMENDMENT TO THE AGREEMENT WITH THE DEL RIO CC FOUNDATION, MODESTO, CA (THE FIRST TEE), IN AN AMOUNT NOT TO EXCEED \$88,000, FOR CONTINUED MANAGEMENT OF THE MUNICIPAL GOLF COURSE AND TO EXTEND THE AGREEMENT FOR AN ADDITIONAL ONE-YEAR TERM TO DECEMBER 31, 2020, FOR A TOTAL AGREEMENT AMOUNT NOT TO EXCEED \$188,000 FOR THE FIVE YEAR TERM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT

WHEREAS, the City of Modesto owns, operates, and manages the Municipal Golf Course (“MUNI”), and

WHEREAS, Del Rio CC Foundation is the local sponsor for the World Golf Foundation, Inc., known as the “The First Tee”, and

WHEREAS, The First Tee Program is a national program formed to promote the involvement of young people in golf and teach life skills as part of its curriculum, and

WHEREAS, on June 10, 2003, Council, by Resolution No. 2003-284 approved an agreement with the Del Rio CC Foundation (“Del Rio”) as the non-profit organization to administer the The First Tee program at MUNI, and

WHEREAS, on December 15, 2015, Council, by Resolution No. 2015-487 approved an Agreement with Del Rio to provide professional services to manage the Muni golf course, practice facility, FootGolf program, and concession services, and

WHEREAS, on December 21, 2017, by letter of extension, the City Manager approved the First Amendment to the Agreement for a one-year extension with Del Rio in an amount not to exceed \$25,000 ending December 31, 2018, and

WHEREAS, on December 4, 2018, by Resolution No. 2018-536, Council approved the Second Amendment to the Agreement for a one year extension with Del

Rio to provide continued management of MUNI, in an amount not to exceed \$25,000 ending December 31, 2019, and

WHEREAS, staff and Council continue to explore and exercise options to reduce the City's General Fund subsidy to the Golf Fund, and

WHEREAS, this included two public golf workshops, a presentation to Council by the Golf Courses Advisory Committee, Council approval of a \$2 per round increase in green fees, and retaining consultant services to conduct a full assessment of the golf courses, and

WHEREAS, the golf subsidy grew to \$981,616 at the end of Fiscal Year 2018-2019, and

WHEREAS, in order to maintain management services to the Muni golf course, an extension is required, and

WHEREAS, Del Rio and staff renegotiated the extension of the term, and to amend compensation, and

WHEREAS, on October 28, 2019, staff presented three extension options to reduce the golf subsidy for the last year of the agreement to the Finance Committee, and

WHEREAS, the Finance Committee recommended extending the Agreement for the final year be forwarded to Council for consideration, and

WHEREAS, the proposed Third Amendment extends the term of the Agreement for one year through December 31, 2020; increases compensation by \$63,000, in an amount not to exceed \$88,000 for the additional year; and reiterates provisional language to allow for early termination of the Agreement due to closure or repurposing of one or more of the courses, and

WHEREAS, the increase to the contract covers the rising costs of wages primarily due to the increase in minimum wage, and

WHEREAS, the total increase is \$63,000 for an annual amount not to exceed \$88,000, and

WHEREAS, funding for the Third Amendment will be covered by the General Fund (0100) to cover the increase in compensation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the following:

- A) Extend the term of the Agreement for one year through December 31, 2020.
- B) Increase the minimum annual compensation by \$19,000, in an amount not to exceed \$88,000 for the extension.
- C) Repeat language to allow for early termination of the agreement due to closure or repurposing of one or more of the courses.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Third Amendment to the Agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-526**

RESOLUTION AMENDING THE FISCAL YEAR 2019-2020 OPERATING BUDGET IN THE AMOUNT OF \$19,000 TO FUND THE THIRD AMENDMENT TO THE AGREEMENT WITH DEL RIO CC FOUNDATION, MODESTO, CA (THE FIRST TEE) FOR MANAGEMENT OF THE MUNICIPAL GOLF COURSE AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the City of Modesto owns, operates, and manages the Municipal Golf Course (“Muni”), and

WHEREAS, on June 10, 2003, Council, by Resolution No. 2003-284 approved an agreement with the Del Rio CC Foundation (“Del Rio”) as the non-profit organization to administer the The First Tee program at Muni, and

WHEREAS, on December 15, 2015, Council, by Resolution No. 2015-487 approved an Agreement with Del Rio to provide professional services to manage the Muni golf course, practice facility, FootGolf program, and concession services, and

WHEREAS, on December 21, 2017, the City Manager approved the First Amendment to the Agreement for a one-year extension with Del Rio in an amount not to exceed \$25,000 ending December 31, 2018, and

WHEREAS, on December 4, 2018, by Resolution No. 2018-536, Council approved the Second Amendment to the Agreement for a one year extension with Del Rio to provide continued management of Muni, in an amount not to exceed \$25,000 ending December 31, 2019, and

WHEREAS, in order to maintain management services to the Muni golf course, an extension is required, and

WHEREAS, on October 28, 2019, the Finance Committee recommended extending the Agreement for the final year be forwarded to Council for consideration, and

WHEREAS, the Third Amendment extends the term of the Agreement for one year or through December 31, 2020; increases compensation by \$63,000, in an amount not to exceed \$88,000 for the additional year; and reiterates provisional language to allow for early termination of the Agreement due to closure or repurposing of one or more of the courses, and

WHEREAS, the total increase is \$63,000 for an annual amount not to exceed \$88,000, and

WHEREAS, the Fiscal Year 2019-2020 Operating Budget must be amended to allocate \$19,000 from the General Fund (0100) to the Golf Fund (4600) to fund the increase in compensation.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Amendment of the Fiscal Year 2019-2020 Operating Budget to allocate \$19,000 from the General Fund (0100) to the Golf Fund (4600) to fund the Third Amendment to Agreement with Del Rio CC Foundation, Modesto, CA (The First Tee) for management of the Municipal golf course.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-527**

RESOLUTION APPROVING AN AGREEMENT WITH VALI COOPER ASSOCIATES, INC., OF SACRAMENTO, CA, FOR CONSTRUCTION MANAGEMENT, TESTING AND INSPECTION SERVICES FOR THE AREA 2 STORM WATER TO SANITARY SEWER CROSS CONNECTION REMOVAL – PHASE 2 ROOSEVELT PARK PROJECT IN AN AMOUNT NOT TO EXCEED \$99,612, PLUS \$9,961 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A TOTAL AMOUNT NOT TO EXCEED \$109,573, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ADDITIONAL SERVICES UP TO A CUMULATIVE AMOUNT OF 10% OR \$9,961

WHEREAS, the purpose of the Area 2 Storm Water to Sanitary Sewer Cross Connection Removal – Phase 2 Roosevelt Park project is to remove direct connections of storm drain runoff to the sanitary sewer system and provide necessary storm drain improvements resulting from the removal of the cross connections, and

WHEREAS, the project proposes to capture, treat, and infiltrate stormwater runoff to augment groundwater supplies, reduce flood-related damage, and improve the quality of stormwater runoff percolating to the underlying groundwater basin, and

WHEREAS, on August 14, 2018, by Resolution No. 2018-343, Council awarded the construction contract to D.A. Wood Construction, Inc., Modesto, CA., and

WHEREAS, due to the limited availability of the City’s Construction Administration staff and recent staffing transitions, staff recommends utilizing a consultant to provide construction management, inspection and materials testing services through completion of the construction phase, and

WHEREAS, in accordance with Modesto Municipal Code 8-3.204(a), “Exceptions to Formal Bidding Requirements,” this agreement for professional services is exempt from the bidding requirements of Modesto Municipal Code 8-3.203., and

WHEREAS, for the construction management and inspection services, a Request for Proposals (RFP) was issued to the prequalified list of firms for construction management and inspection services for this project, and

WHEREAS, On January 16, 2018, by Resolution No. 2018-10, Council approved the pre-qualified consultant list for construction management and inspection services for various capital improvement projects with NV5, Inc., Vali Cooper Associates, Inc., 4Leaf, Inc., Drake Haglan and Associates, Inc., Black Water Consulting Engineers, Structure Groups, and CMPROS, Inc., and

WHEREAS, In accordance with City's policy, Administrative Directive 3.1 Selection Procedures for Professional Consultants Who Provide Architectural and Engineering Services for Capital Projects, Vali Cooper Associates, Inc., was selected as the most qualified firm for the project, and

WHEREAS, Vali Cooper Associates, Inc., demonstrated experience with multiple projects similar in scope and size, and

WHEREAS, additionally Vali-Cooper Associates, Inc., has been assisting with the current slurry seal projects and has been very responsive and has provided great service, and

WHEREAS, City staff recommends approving an agreement with Vali Cooper Associates Inc., to provide construction management, inspection and materials testing services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Vali Cooper Associates, Inc., for Construction Management and Inspection Services for the Area 2 Storm Water to Sanitary Sewer

Cross Connection Removal – Phase 2 Roosevelt Park Project in an amount not to exceed \$99,612 for the identified scope of services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement and additional services if needed in the amount of cumulative amount of 10% or \$9,961, for a total amount not to exceed \$109,573, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING A GRANT OF PERMANENT EASEMENT AND
RIGHT-OF-WAY TO MODESTO IRRIGATION DISTRICT (MID) TO COVER
THE EXISTING CAVIL DRAIN WITHIN A PORTION OF APN 084-003-005
AND CONSENTING TO THE RECORDATION THEREOF, AND
AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SIGN THE
GRANT OF PERMANENT EASEMENT DOCUMENT**

WHEREAS, on November 4, 2015, by Resolution No. 2015-424, Council approved the purchase of a 48.62-acre site at 4240 Litt Road in northeast Modesto for the future corporation yard, and

WHEREAS on January 16, 2018, Council, by Resolution No. 2018-09, awarded a construction contract to McFadden Construction (McFadden) in the amount of \$1,533,583.50 for the Litt Road Improvement project, and

WHEREAS, as the Litt Road improvements subsequently took place, City Staff realized that the MID facilities located on the property did not have an easement to permit the placement of the facilities, nor access to upgrade, maintain, repair, replace or modify those facilities, and

WHEREAS, MID has asked the City to provide a permanent easement for the Cavil Drain located at the property located at 4240 Litt Road.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby grants to the Modesto Irrigation District a Permanent Easement and Right-of-Way to MID for the Cavil Drain within a portion of APN 084-003-005.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Grant of Easement Document(s), in a form approved by the City Attorney.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-529**

RESOLUTION APPROVING A WILL SERVE LETTER AND OUTSIDE SERVICE AGREEMENT BETWEEN THE CITY OF MODESTO AND COLD STORAGE GROUP, INC. TO CONNECT TO THE CITY OF MODESTO'S EXISTING WATER SYSTEM FOR THE PROPERTY LOCATED AT 1401 S. 7TH ST. IN MODESTO (APN 038-025-016) AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO APPROVE THE WILL SERVE LETTER AND EXECUTE THE OUTSIDE SERVICE AGREEMENT

WHEREAS, the Cold Storage Group, Inc., owns property located at 1401 S. 7th St., which is located outside of Modesto City Limits and inside the City's Sphere of Influence, and

WHEREAS, a representative of the property owner has requested water service for the existing building, and

WHEREAS, on May 22, 2012, the City Council approved Resolution No. 2012-202 that amended City Council Policy 5.001, and

WHEREAS, on June 5, 2012, the City Council approved final adoption of Ordinance No. 3566-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language which required that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water services into unincorporated areas, and

WHEREAS, on November 25, 2014, the City Council approved Resolution No. 2014-472 that amended City Council Policy 5.001, and

WHEREAS, on December 9, 2014, the City Council approved adoption of Ordinance No. 3611-C.S. amending City of Modesto Municipal Code Section 11-1.05, and

WHEREAS, both of these amendments included language allowing the City Manager upon the recommendation of the Director responsible for utility system planning, to approve standard agreements of service for extension of water services into certain unincorporated areas that are located within the former Del Este Water Service Area without City Council approval, and

WHEREAS, the property located at 1401 S. 7th St. is not located within the former Del Este Water Service area and therefore requires City Council approval prior to allowing the new water service connection, and

WHEREAS, it has been determined that a sufficient quantity of potable water is available for normal usage by the proposed development, and

WHEREAS, the water connection fees will be paid and associated permits be obtained prior to beginning any on site construction, and

WHEREAS, the property owner has executed an Outside Service Agreement for Water Service as required to receive water service outside of City limits,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Will Serve Letter and Outside Service Agreement for Water Service for the property located at 1401 S. 7th St. in Modesto (APN: 038-025-016).

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to approve the Will Serve Letter and execute the Outside Service Agreement for Water Service.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-530**

RESOLUTION APPROVING AN AGREEMENT INCLUDING LANGUAGE CHANGES FOR A SUCCESSOR MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF MODESTO AND THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION (MCMA) FOR A TERM OF JULY 1, 2019 TO JUNE 30, 2023; AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT.

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Confidential and Management Association (MCMA) expired on June 30, 2019, and

WHEREAS, representatives of the CITY and the MCMA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MCMA have reached agreement on language changes for a successor MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the proposed successor MOU provides as follows:

Article 1. TERM. The term of the MOU shall be from July 1, 2019 to June 30, 2023.

Article 5. SALARY. Amend to include 2.0% salary increase effective November 26, 2019, following ratification of this MOU by MCMA and adoption by the City Council. Effective June 23, 2020, employees will receive an additional 2.0% salary increase. Effective June 22, 2021, employees will receive an additional 2.0% salary increase. Effective June 21, 2022, employees will receive an additional 2.0% salary increase. In addition, based on the results of the City's most recent labor market study,

the salary range for each of the benchmark classes listed in **Exhibit X**, along with any related classes, shall increase in accordance with the schedules set forth within **Exhibits A through F attached** hereto.

Article 6. PERFORMANCE EVALUATION. Provides Performance Improvement Plan if an employee doesn't meet expectations in any area of their annual evaluation

Article 14. OVERTIME FOR NON-EXEMPT EMPLOYEES. Subsection E. Meal Allowance. An employee required to work unscheduled overtime for four (4) or more consecutive hours beyond the scheduled shift on emergency work, or for four (4) or more consecutive hours of work when on Standby or Call-Back, shall be compensated twelve dollars and fifty cents (\$12.50) for a meal allowance during any twenty-four (24) hour period and shall be entitled to a thirty (30) minutes unpaid meal period for every additional four (4) hours worked. Only one (1) twelve dollar and fifty cents (\$12.50) payment shall be made per shift, unless the employee works four (4) or more consecutive hours, is released from duty, and must return for four (4) or more hours in the same shift.

Article 18. MANAGEMENT LEAVE. Effective November 26, 2019, during each year of the contract, employees may elect to cash out up to thirty-two (32) hours of Management Leave in December of the applicable year. Upon separation from City service, employees may cash out up to thirty-two (32) hours of Management Leave if the hours are available.

Article 26. PAY DIFFERENTIALS. Effective November 26, 2019:

- Masters Degree Education Incentive increase from 1.5% to 2.5%

- New Notary Pay Incentive of \$50.00 per pay period for employees certified as notaries and assigned notary duties
- Bilingual Compensation modified from \$50 per pay period to the equivalent of three (3) hours of compensatory time off.

Article 27. DRESS, GROOMING AND UNIFORMS. Subsection B. Uniforms. Safety Shoes. Each department will designate employees in certain job assignments for which safety footwear is required and the CITY will pay each employee so designated an annual safety footwear allowance of two hundred dollars (\$200) during the first pay period in July. Replacement shall occur on an as-needed basis as approved by the immediate supervisor. Safety-toed shoes must meet ANSI standards.

Working Group. Representatives of the City and MCMA agree to establish a working group to meet to discuss modifications to this provision with a goal of clarifying the classifications who are in need of uniforms/PPE and improving processes related to the issuance of uniforms and PPE. The City's representatives will include Department representatives from Public Works, Utilities, Human Resources, and Purchasing, and the Safety Officer.

Subsection C. Uniform Allowances – Fire Department. Employees in the classifications of Emergency Medical Services Coordinator shall be required to wear a uniform and shall receive a uniform allowance of eighty-five dollars (\$85) per month, paid monthly. Employees in the classifications of Deputy Fire Marshal shall be required to wear a uniform and shall receive a uniform allowance of one hundred five dollars (\$105) per month, paid monthly.

Article 30. HEALTH, DENTAL, VISION INSURANCE. Two percent (2%)

increase to City monthly contributions (excluding opt out) each year as follows:

	Current	2020	2021	2022	2023
Opt-out of City Medical Coverage	\$450.00	\$450.00	\$450.00	\$450.00	\$450.00
Employee only	\$622.00	\$634.00	\$648.00	\$660.00	\$673.00
Employee plus 1	\$1,112.00	\$1,134.00	\$1,157.00	\$1,180.00	\$1,204.00
Employee plus family	\$1,572.00	\$1,603.00	\$1,635.00	\$1,668.00	\$1,701.00

Parties agree to contract reopener should rates exceed an 8% increase of total premium in any year.

CONTINUATION OF REMAINING PROVISIONS. Except as provided above, the remaining provisions of the July 1, 2016 through June 30, 2019 MOU between the CITY and MCMA shall continue in the new MOU. The exact language of all provisions shall be set forth in the MOU between the CITY and MCMA.

WHEREAS, the Council considered this matter at its regular meeting on November 26, 2019.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the language changes for a successor Memorandum of Understanding between the City of Modesto and the Modesto Confidential and Management Association, which covers a term from July 1, 2019 through June 30, 2023, and upon execution, a copy of the MOU will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the City Manager, or designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO TAKE THE
NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES**

WHEREAS, on August 13, 2019, by Resolution No. 2019-372, Council approved Class Range Tables and salary schedule changes for unrepresented Management and Confidential employees, including Charter Officers and Executives, and unrepresented sworn police employees, and

WHEREAS, the Council of the City of Modesto adopted language for a successor agreement with Modesto Confidential and Management Association (MCMA) on November 26, 2019 which included salary increases, and

WHEREAS, the City desires to approve a change to the effective date of this salary adjustment, and

WHEREAS, the City desires to approve a two percent (2.0%) base salary increase for all unrepresented Management and Confidential employees, including Charter Officers and Executives, effective November 26, 2019; followed by an additional two percent (2.0%) base salary increase for all unrepresented Management and Confidential employees, including Charter Officers and Executives, effective June 23, 2020 and an additional two (2.0%) base salary increase for all unrepresented Management and Confidential employees, including Charter Officers and Executives, effective June 22, 2021, and an additional two (2.0%) base salary increase for all unrepresented Management and Confidential employees, including Charter Officers and Executives, employees effective

June 21, 2022, and

WHEREAS, the City desires to maintain competitive position with the labor market.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. SALARY RANGES, RATES AND EFFECTIVE DATES. The salary rates, salary ranges and salary steps as set forth in the following exhibits which are **attached** hereto and made a part hereof provide for a two (2.0%) percent across-the-board salary adjustment for unrepresented Management and Confidential employees, including Charter Officers and Executives, effective November 26, 2019; salary ranges increased by two (2.0%) percent effective June 23, 2020 for unrepresented Management and Confidential employees, including Charter Officers and Executives; an additional two (2.0%) percent increase effective June 22, 2021 for unrepresented Management and Confidential employees, including Charter Officers and Executives; and an additional two (2.0%) percent base salary increase for all unrepresented Management and Confidential employees, including Charter Officers and Executives, effective June 21, 2022. In addition, based on the results of the City's most recent labor market study, the salary range for each of the benchmark classes listed in **Exhibit X**, along with any related classes, shall increase in accordance with the schedule and is set forth in these **Exhibits**.

2. **CHARTER OFFICERS.** The salaries for the positions of the Charter

Officers shall be as follows effective November 26, 2019:

<u>TITLE</u>	<u>HOURLY</u>	<u>BI-WEEKLY</u>	<u>MONTHLY</u>
City Manager	115.10	9,208.00	20,018.19
City Attorney	96.83	7,746.40	16,840.67
City Auditor	65.23	5,218.40	11,344.80
City Clerk	66.86	5,348.80	11,628.29

3. **USE OF CLASSES.** The designated classes of positions may be used in

any organizational unit of the City deemed proper by the City Manager.

4. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

5. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

6. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

7. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

8. REPEAL. Resolution No. 2019-372 is hereby rescinded effective November 26, 2019.

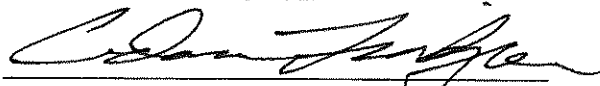

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold
NOES: Councilmembers: None
ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-532**

RESOLUTION APPROVING CHANGES TO BENEFIT OFFERINGS FOR SOME UNREPRESENTED SWORN POLICE EMPLOYEES AND UNREPRESENTED NON-SWORN MANAGEMENT AND CONFIDENTIAL EMPLOYEES CONSISTENT WITH THOSE IN REPRESENTED UNITS AND RESCINDING RESOLUTION NO. 2019-315 AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO TAKE THE NECESSARY ADMINISTRATIVE ACTION TO IMPLEMENT THE CHANGES

WHEREAS, on June 25, 2019, by Resolution No 2019-315, Council approved salary and benefit changes to Unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the City has historically implemented terms and conditions of employment for Unrepresented Management consistent with the terms and conditions of employment covering employees in the Modesto Confidential and Management Association (MCMA) bargaining unit and for Unrepresented Police Management consistent with the terms and conditions of employment covering employees in the Modesto Police Management Association (MPMA) bargaining unit.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. PROBATIONARY PERIOD. All original and promotional appointments to positions in the Classified Service shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness, whether or not job-

related, shall not be considered as part of any probationary period, and such time will be added to the probationary period. Any further extension of probation will only be upon mutual agreement. During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

SECTION 2. COMPENSATORY TIME OFF CAP. Management and Confidential employees who are overtime-eligible shall be paid quarterly for all CTO over their established cap. For employees hired on or after December 6, 2005, the CTO cap shall be 100 hours. For employees hired before December 6, 2005, the cap shall be 160 hours.

SECTION 3. HOLIDAY CAP. Holiday time for unrepresented non-sworn employees may be accrued up to a maximum of 40 hours. When the employee reaches the 40 hour maximum, additional holiday time shall be compensated in cash at straight time rates on a quarterly basis.

SECTION 4. MANAGEMENT LEAVE. Commencing January 1, 2012, management employees in exempt regular positions shall be advanced 80 hours of Management Leave (Fire Battalion Chiefs on a 56-hour schedule shall be advanced 112 hours) January of each calendar year to be taken at the discretion of the employee and upon approval of City Manager, or designee, and shall be prorated for less than full-time employees. Management Leave will be forfeited if not used by the last pay period ending in December. An exempt employee hired after Management Leave has been advanced shall be eligible for a pro-rated portion of Leave. In the event of separation from City employment of any person who has taken Management Leave prior to the time all of said

leave is earned, the employee shall be required to make full restitution to the City for that portion of leave taken but remaining unearned on the date of termination of employment. Employees separating from City service will be paid for earned Management Leave credit.

SECTION 5. MANAGEMENT LEAVE ANNUAL CASHOUT. The maximum number of hours available for cash out each December shall be 40 hours annually for Management employees. All employees may cash out Management Leave once annually during the pay period in which December 1 falls.

Effective December 2007, the maximum annual cash out shall be 80 hours for Executives and Charter Officers, and 60 hours for Assistant Police Chief, Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City Attorney and Deputy City Attorney I/II/III/Senior. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cash out shall be 84 hours.

SECTION 6. MEDICAL LEAVES OF ABSENCE. Effective December 6, 2005, employees requesting an Authorized Medical Leave of Absence without pay, due to a medical incapacity to perform the duties of their position, must provide written medical verification of a long-term disability, illness or injury.

SECTION 7. CATASTROPHIC LEAVE. Effective December 6, 2005, employees requesting Catastrophic Leave donations must provide a written medical verification of long term illness or injury, or verification of a family member's illness or injury.

SECTION 8. NEGATIVE VACATION. Effective March 7, 2006, use of negative vacation will be permitted only for extenuating circumstances and will require the approval of the City Manager, or designee.

SECTION 9. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT

EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cash out up to 61 hours of vacation leave per calendar year (at straight time rates) and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003. Employees in the classification of Fire Battalion Chief working a 56 hour schedule shall be afforded the opportunity to cash out up to 72 hours of vacation leave per calendar year (at straight time rates) effective June 20, 2000, and up to 132 hours of holiday leave per calendar year (at time and one-half). Holiday leave may not be carried over year- to-year regardless of the schedule worked.

SECTION 10. SICK LEAVE. Non-sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective the pay period ending October 22, 2012. Sworn employees hired on or before December 31, 2010 shall have all accrued sick time transferred to a grandfathered sick leave bank effective pay period ending August 25, 2014. For employees hired on or before December 31, 2010 and who promoted to an unrepresented management classification, employee's grandfathered accrued balance and regular sick accrued balance shall follow the employee. Employees who promote from MCFFA shall have their sick leave balance as of promotion date split between grandfathered sick leave and regular sick leave as follows:

- Grandfathered sick bank – Eligible for sick leave balance on the books as of September 8, 2015, reduced by hours previously converted to Deferred Compensation, and up to the amount of hours in employee's sick leave bank upon promotion.

- Regular sick bank – remaining sick leave balance as of promotion date not grandfathered When taking sick leave, employees with grandfathered sick leave banks shall utilize new sick leave accrued hours prior to utilizing hours from the grandfathered bank. For the term of this contract, the Incentive Program allows employees to deposit the value of twenty-four (24) hours of regular sick leave (36 hours for employees in the classification of Fire Battalion Chief working a 56 hour schedule) into a Health Savings Account (HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must meet the following requirements: Must have a balance of no less than 240 hours of regular sick leave (360 hours for employees in the classification of Fire Battalion Chief working a 56 hour schedule) for the calendar year. Sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage (36 hours for employees in the classification of Fire Battalion Chief working a 56 hour schedule).

SECTION 11. SICK LEAVE CASHOUT FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire management employees who leave City service in good standing (other than retirement) after five (5) years of continuous service, shall be paid the first twenty- two hundred (2,200) hours of their current unused grandfathered sick leave, reduced by hours previously converted to Deferred Compensation, as follows: (1) Ninety (90%) percent of sick leave hours as of the date of the employee's initial promotion to a management classification shall be paid out at the current regular rate of pay (top step) for Fire Captain, and (2) In addition, twenty-five (25%) percent of the remaining sick leave hours accrued after promotion to a management classification shall be paid out at the employee's then current regular rate of pay. Sworn Police Management employees may

deposit the value of twenty-four (24) hours of regular sick leave into a Health Savings Account (HSA) or Flexible Spending Account (FSA), if eligible. If not eligible, employees may elect to deposit into a Deferred Compensation Account. Amount is deposited at the first pay period in December annually. To be eligible, members must have a balance of no less than 240 hours of regular sick leave for the calendar year and sick leave usage for the calendar year must not exceed three days based on work schedule at time of usage.

SECTION 12. PROMOTION. Employees promoted on or after November 17, 2015, prior to an employee's promotion to an unrepresented management classification, all compensatory time off (CTO) and grandfathered compensatory time off (GCTO) shall be compensated in cash at the employee's then current regular rate of pay.

SECTION 13. MASTERS DEGREE INCENTIVE PAY. Effective November 26, 2019, employees who possess a Master's Degree or Juris Doctor from an accredited institution, shall be granted two and one half percent (2.5%) Masters Pay, subject to criteria as established by the City. Effective June 25, 2019, for Unrepresented Sworn Police employees who possess a Master's Degree or who have obtained their certificate from either Command College or the Federal Bureau of Investigations National Academy shall be granted four percent (4.0%) Masters Pay.

SECTION 14. REGISTRATION AND CERTIFICATION FEES. Effective July 1, 2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam fee, if any).

SECTION 15. VEHICLE ALLOWANCE. Per Resolution No. 2001-271 effective July 1, 2001, the vehicle allowance for Executives and Charter Officers who receive an allowance, shall be \$400/month, and the City Manager is authorized to grant Deputy Directors either an assigned City vehicle or a vehicle allowance in the amount of \$300/month. The City Manager is also authorized to grant selected Management employees a vehicle allowance of \$100-\$200/month based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting City business. Effective May 27, 2008, per Resolution 2008-305, the vehicle allowance for Charter Officers is increased to a maximum of \$500/month.

SECTION 16. UNIFORM ALLOWANCES. Uniform allowances for unrepresented Management and Confidential employees who are required to wear a uniform, are as follows:

<u>Positions</u>	<u>Effective Date</u>	<u>Allowance</u>
Sworn Police	February 1, 2015	\$101.67
Sworn Fire Management	April 16, 2019	\$105.00

SECTION 17. POST CERTIFICATION PAY. Effective September 6, 2016, Police Captains who provide evidence that they have received a Supervisory POST Certificate shall be eligible for one and eight tenths percent (1.8%) certification pay. Effective March 7, 2017, the same shall be eligible for an additional two percent (2.0%) certification pay for a total of ten percent (10%). Effective September 6, 2016, Police Captains who provide evidence that they have received a Management POST Certificate shall be eligible for two and three tenths percent (2.3%) certification pay. Effective December 27, 2016, Management POST Certificate pay shall be eight percent (8.0%).

Effective March 7, 2017, Management POST Certificate pay shall be ten percent (10%).
Effective September 6, 2016, Police Chief shall be eligible for five percent (5.0%)
Executive POST pay. Effective January 10, 2016, Police Chief shall be eligible for an
additional five percent (5.0%) Executive POST pay, for a total of ten percent (10%). These
amounts are not cumulative and Captains receiving Management POST pay shall not also
receive Supervisory POST pay. The maximum allowable POST pay is ten percent
(10.0%).

SECTION 18. BONUS PAY FOR UNREPRESENTED POLICE

MANAGEMENT. City shall pay one thousand dollars (\$1,000) to Sworn Police
Management as a retention bonus to be paid out in the second pay period of November
each year for the term of the contract.

SECTION 19. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective
July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized
five percent (5%) Haz Mat Pay, when certified as a Hazardous Materials Specialist and
assigned to administer the City of Modesto's participation in the Regional Hazardous
Materials Response Team. This pay replaced the annual Haz Mat Stipend.

SECTION 20. ALS PARAMEDIC PAY. Effective July 14, 2015, one (1) Fire
Department Battalion Chief or Division Chief shall be authorized six percent (10%) ALS
Paramedic pay, when assigned to the ALS Paramedic Program and have the required
California State Paramedic License and all additional local required ALS certifications.

SECTION 21. FIRE CHIEF OFFICER SHIFT STIPEND. Effective December 2,
2014, Fire Battalion Chiefs and Fire Division Chiefs assigned to work extra shifts in order
to maintain a consistent staffing of two (2) Battalion Chiefs to the extent possible, may

receive a stipend of one thousand five hundred dollars (\$1,500) per 24-hour shift. Criteria for assignment to extra shifts with the stipend shall be at the discretion of the Fire Chief, who shall also determine when staffing at the level of one Battalion Chief is acceptable. The Fire Chief shall annually determine the maximum number of assignments available for stipend, subject to funds budgeted and the needs of the City. As FLSA Exempt management employees, Fire Battalion Chiefs and Fire Division Chiefs may be required to work both emergency and non-emergency assignments without additional compensation.

SECTION 22. MUTUAL AID ASSIGNMENT. Sworn Fire Management employees in the classification of Fire Battalion Chief and Fire Division Chief shall receive a stipend when assigned to fill Strike Team and Task Force Leader assignments. Fire Battalion Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of \$1500 for a 24 hour period. Fire Division Chiefs assigned as Strike Team or Task Force Leader or Strike Team or Task Force Leader Trainee shall receive a stipend of \$1500 for a 24 hour period subject to the following conditions:

1. The assignment results from a request through the California Office of Emergency Services.
2. The assignment is subject to reimbursement through the "Cooperative Agreement for Local Government Fire Suppression."
3. Regularly scheduled work hours are not included and partial periods are pro-rated to the nearest hour.

The City Manager is authorized to adjust the stipend amount, from time to time, consistent

with increases in overall Fire Management salaries and reimbursement rates.

SECTION 23. DEFERRED COMPENSATION 457 PLAN. The CITY shall continue to provide access to a 457 deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and one-half percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective January 1, 2006, this increase in the City's contribution shall be effective with the first pay period to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

SECTION 24. DEFERRED COMPENSATION 401(a) MONEY PURCHASE PLANS. The 401(a) Money Purchase Plans shall provide for a City-paid contribution and equal mandatory employee contribution, effective January 1, 2006, of 5% for Charter Officers, 3% for Executives other than Charter Officers, and 2% for all other unrepresented Management and Confidential employees.

SECTION 25. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to health, dental and vision benefits for Unrepresented Management and Confidential employees, including Charter Officers and Executives, shall be a three-tier system as follows and the City contribution (excluding opt out) shall increase by two (2) percent annually as follows:

	Beginning July 1, 2019	2020	2021	2022	2023*
Opt-out of City Medical Coverage	\$525.00	\$525.00	\$525.00	\$525.00	\$525.00
Employee only	\$622.00	\$634.00	\$648.00	\$660.00	\$673.00
Employee plus 1	\$1112.00	\$1134.00	\$1157.00	\$1180.00	\$1,204.00
Employee plus family	\$1572.00	\$1603.00	\$1635.00	\$1668.00	\$1,701.00

**2023 rates apply only to Unrepresented Non-Sworn Management and Confidential employees, including Charter Officers and Executives.*

The City shall deposit into the employee's deferred compensation account any balance remaining from the above listed contributions not needed to pay for the employee's health, dental or vision premiums. Effective July 22, 2008, for employees enrolled in the City- sponsored High Deductible Health Plan, any balance of said contributions shall be directed to the employee's Health Savings Account. Only in the event that an employee does not qualify for enrollment into a Health Savings Account, the City shall deposit any balance of the above contribution not needed to pay for the employee's combined premium into the employee's deferred compensation account.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

SECTION 26. DOMESTIC PARTNERS. Benefits applicable to spouses shall be extended to registered domestic partners, as required by law.

SECTION 27. RETIREE HEALTH INSURANCE. Employees who retire prior to December 31, 2015, may elect on a one-time basis at retirement to purchase health, dental and vision insurance under a City-authorized plan and are responsible for all cost.

Non-sworn employees hired on or before December 31, 2010 and who retire from the City prior to October 23, 2012 after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided in an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

Non-sworn employees hired **on or before December 31, 2010** and who retire from the City between October 23, 2012 and December 31, 2014, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at the rate of eight (8) hours equals one month of contribution. Said insurance contribution shall be provided as needed to cover the cost of retiree health, dental and vision premiums up to a monthly rate of \$621 for retiree without dependents and up to \$1,100 for retirees with dependent coverage.

Sworn employees hired **on or before December 31, 2010** and who retire from the City prior to January 1, 2015, after five (5) years of continuous service in good standing may, on a one-time basis, exercise the option to have ninety percent (90%) of their unused grandfathered sick leave applied by the City upon retirement to premiums for health, dental and vision insurance plans covered by the CITY at a rate of eight (8) hours equals one month of contribution (employees promoted on or after December 30, 2014 into a Fire

Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution). Said insurance shall be provided in an amount up to that contributed to active employees subject to changes in the median priced health HMO plan for active employees, as needed to cover the cost of retiree health, dental and vision premium.

For all Non-Sworn and Sworn employees hired on or before December 31, 2010 who retire from the City on or after January 1, 2015, the City will no longer offer retiree medical plans through City's group plans effective December 31, 2015, however, retirees may elect on a one-time basis at retirement the option to purchase and maintain City's dental and vision plans at retiree's cost. For these employees who retire after five (5) continuous years of service in good standing may, on a one time basis, have ninety (90%) percent of their unused grandfathered sick leave converted to the City sponsored defined contribution retiree medical benefit plan at the rate of eight (8) hours equals one month of contribution (Fire Unrepresented position on a 56-hour schedule, shall have hours at retirement applied at a rate of twelve (12) hours equals one month of contribution) to purchase medical insurance. For each eight hours (or twelve hours) converted to the retiree medical program, the recipient shall be provided a monthly contribution under one of the following schedules:

<u>Non-Medicare Eligible Recipient</u>		<u>Medicare Eligible Recipient</u>	
Retiree Only	= \$500	Retiree Only =	\$250
Retiree +1 Dep	= \$1,000	Retiree +1 Dep =	\$500
Retiree + Family	= \$1,000	Retiree + Family =	\$500

Combined contributions for Retirees
 1 Non-Medicare + 1 Medicare coverage = \$750

Retiree only contribution for eligible recipients is allowable regardless of where the retiree acquires authorized and legitimate medical insurance coverage (i.e. through State Exchange, through individual insurance company, through a current employer, or through spouse employer). Retiree shall not be eligible to receive a contribution for dependent, spouse, or registered domestic partner under the Retiree + 1 or Retiree + Family levels if retiree's dependent, spouse, or registered domestic partner has medical insurance coverage through their current employer, is covered under Retiree's current employer, or if Retiree does not purchase individual insurance for dependent. Upon retirement only, the City shall transfer contributions based on eligibility above into the City's sponsored Retiree Health Reimbursement Arrangement (HRA) for the individual. Employees will not be eligible for these contributions should they separate from City service prior to retirement.

Contributions to eligible retirees will be made as follows: Upon Retirement – initial contributions will be made for the months following loss of coverage with City through either December 31st or June 30th, whichever date is earlier. Contributions will be deposited no later than 30 days after retirement date.

Ongoing Contribution – a semi-annual years' worth of contributions will be made on a semi-annual basis no later than Jan 31st (for months January – June) and July 31st (for months July - December) until exhaustion of sick leave conversion. To receive the semi-annual contribution, the retiree must provide the City with proof and cost of coverage by December 15th each year to receive a contribution for the following calendar year. Failure to provide proof of coverage will result in the retiree losing a City contribution for that calendar year; however, if the retiree provides proof of coverage before June 15th, the retiree will be eligible for the July contribution. Lose of contribution will not result in a

reduction to the number of months the retiree is eligible to receive contributions in the future. If retiree has a status change during any calendar year that would change the monthly contribution, such as a marriage, divorce, death, birth, spouse or dependent loss of coverage, the City will reconcile the new amount the retiree is eligible for with the following semi-annual contribution. The change in status is presumed effective the 1st of the month following the month when the retiree provided notice to the City of the change in status. For example, if the retiree's status changes from retiree only to retiree +1 on November 15, the City will provide an additional \$500 along with the total semi-annual contribution for the following calendar year to compensate the retiree for the change in status for the month of December in the previous calendar year. If the retiree's change in status results in monies owed to the City, the City will recoup the amount owed by deducting it from the following semi-annual contribution. However, in the event of a death of the retiree receiving a contribution for the retiree only level during the calendar year in which the contribution was already received, any remaining months of contribution will be deleted for subsequent calendar years, but the City will not endeavor to seek payments already made for the months following the retiree's death. In the event of the death of retiree participating in the contribution program, surviving qualified spouse will be eligible to receive a contribution for the following calendar year if the retiree would have been eligible to receive a contribution. If eligible, the contribution will be consistent with the eligibility criteria set above and continue until the exhaustion of the deceased retiree's sick leave bank, upon the death of the surviving spouse, upon the spouse and/or dependents coverage for other insurance through an employer, or upon voluntarily election to not continue with the contribution program.

For employees hired on or before December 31, 2010, the City shall contribute to a

Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA). For non-sworn employees, effective July 2, 2013, the City shall contribute \$25.00 per month. For sworn employees, effective August 26, 2014 the City shall contribute \$25.00 per month. For a full time employee, this equates to a maximum of \$300 per year. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month. Beginning January 1, 2015, the defined City contribution for non-sworn and sworn employees shall increase annually through January 1, 2019, by an additional \$10 per year, per employee each January. The defined City contribution shall be a maximum contribution of \$75 per month by January 2019. For all employees regardless of date of hire by January 1, 2019, the City will increase the City contribution to the City HRA by an additional ten dollars (\$10.00) monthly per employee effective January 1, 2017; followed by an additional increase of ten dollars (\$10.00) monthly per employee effective January 1, 2018; and followed by an additional increase of ten dollars (\$10.00) monthly per employee effective January 1, 2019. The contribution effective January 1, 2019 will be \$100.

For all unrepresented employees (sworn and non-sworn) hired on or after January 1, 2011, the City shall contribute to a Defined Contribution retiree medical benefit plan for each eligible employee in the form of a deposit into a Health Reimbursement Arrangement (HRA) account. An employee is eligible to receive a City HRA contribution upon completion of two full years. If an employee separates employment before meeting eligibility requirement, the employee shall receive no benefit. On the first pay period following completion of two full years of continuous City service, the CITY shall deposit

\$2,400 into an HRA account established in the employee's name. Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated lump sum contribution based on hours worked. After the initial contribution is made, the City shall contribute \$100 per month for each eligible full time employee.

Employees in regular positions budgeted less than eighty (80) hours per pay period or job-shared positions, shall receive a pro-rated amount per month. Employees hired on or after January 1, 2011 and subject to this defined contribution plan shall not be eligible for any sick leave conversion towards retiree medical premiums of any sort. The City's contribution under this section represents the entire contribution towards employee retiree medical.

SECTION 28. PAYCHECK ADVICES. All employees who are on direct deposit will no longer be receiving hard-copy pay advices for. Employees will now be able to utilize the Employee self-service tool available via Oracle under the CoM Employee Self Service responsibility to view their pay advices including their annual W-2s. Employees have the option to elect to be paid via direct deposit or a debit card. Pay advices will be available anytime during payday Friday and payslips can be printed utilizing city computer workstation.

SECTION 29. EDUCATIONAL INCENTIVE PAY. Effective July 1, 2018, Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief shall be eligible for Educational Incentive Pay for designated certifications or degrees as follows:

- 1) Fire Science/Fire Officer 1%

2) AA/A

S 2% 3)

BA/BS

3.5%

Qualifying certificates and degrees:

- 1) Fire Science or Fire Technology certificate from a community college accredited by the Western Association of Schools and Colleges OR completion of Fire Officer Certification from the Office of the California State Fire Marshal.
- 2) Associates Degree in Fire Science, Fire Technology, or a related field, OR a Bachelor's Degree in Fire Science, Fire Management, Public Safety Administration or a related field. Fire Chief reserves the right to determine qualifying degrees.

Education incentives are not stackable or cumulative. Employees receive pay for the highest certification or degree earned.

SECTION 30. LONGEVITY INCENTIVE PAY. Effective July 1, 2018, Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief shall be eligible for Longevity Incentive Pay for the following years of service:

- 1) 10 years of service 1.5%
- 2) 15 years of service 3%
- 3) 20 years of service 4%

Longevity incentives are not stackable or cumulative. Employees receive pay for the highest years of service for which they qualify.

SECTION 31. UNFUNDED LIABILITY.

1) Effective April 16, 2019, each unrepresented Fire Management employee shall contribute one percent (1.0%) of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

2) Effective June 25, 2019, each Police Management employee shall contribute one and one half percent (1.5%) of salary to an agreed upon Base as noted in the CalPERS Safety Schedule of Amortization.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2019-315 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of November, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-533**

**RESOLUTION APPROVING A FACILITY AGREEMENT WITH
SACRAMENTO-VALLEY LIMITED PARTNERSHIP, DBA VERIZON
WIRELESS FOR DEPLOYMENT OF SMALL CELL TECHNOLOGY ON
CITY FACILITIES, AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE ALL DOCUMENTS RELATING TO THE
AGREEMENT**

WHEREAS, Sacramento-Valley Limited Partnership, DBA Verizon Wireless requested to place small cell equipment on City assets, and

WHEREAS, on November 22, 2016 by Resolution No. 2016-465, Council approved Master License Agreements for the LinkModesto project Phase One for deployment of future Small Cell technology on the City's Street Light Poles, and

WHEREAS, on September 27, 2018, the Federal Communications Commission (FCC) set a ruling for a safe harbor annual attachment rate lower than what the City MLA currently requires, and

WHEREAS, Federal Communications Commission (FCC) ruling is currently being challenged in federal court and may be overturned, and

WHEREAS, the City has included a fee structure for both the current and future annual fees for placing equipment on city poles, as well as a contingency fee structure if the FCC ruling is found to be invalid by the federal courts.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves of the agreement with Sacramento-Valley Limited Partnership, DBA Verizon Wireless for deployment of small cell technology on City facilities.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is authorized to execute all documents relating to the

Sacramento-Valley Limited Partnership, DBA Verizon agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-534**

**RESOLUTION APPROVING A SUBORDINATION AGREEMENT FOR TEN
HABITAT FOR HUMANITY STANISLAUS PROPERTIES AND
AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE
THE AGREEMENT**

WHEREAS, as a HUD entitlement community, the City receives a formula grant allocation each year for the following type of funding: Community Development Block Grant (CDBG), and

WHEREAS, historically, the City has partnered with Habitat for Humanity Stanislaus (Habitat) to provide affordable housing ownership opportunities to low income residents via loans to Habitat to finance affordable housing development projects, and

WHEREAS, such loans were secured with affordability covenants and Deeds of trust which were placed in first position on the property's title, and

WHEREAS, Habitat for Humanity has requested that the City subordinate ten of the loans of which the City has previously provided assistance to develop affordable housing in order for Habitat to obtain financing from Habitat East Bay/Silicon Valley (EBSV) Community Development, Inc., and

WHEREAS, this financing will go to help further the completion of the River Vista project, and

WHEREAS, City staff has confirmed that the appraised value of each property being subordinated is greater than the amount owed and the City's funding will remain fully secured after subordinating to second position, and

WHEREAS, the Regulatory Agreement for each property will remain effect to enforce affordability covenants and conditions stipulated within the regulatory agreement, and

WHEREAS, all funding by Habitat will go to the completion of the current affordable housing projects in the City of Modesto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Subordination Agreement for ten Habitat for Humanity Stanislaus properties.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-535**

RESOLUTION APPROVING THE AWARD OF BID AND AGREEMENT FOR ON-CALL COMMERCIAL ROLL-UP DOOR MAINTENANCE AND REPAIR SERVICES TO WEST COAST DOOR AND GATE, CERES, CA, FOR A TWO YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS, FOR AN ANNUAL ESTIMATED COST OF \$34,000 AND A TOTAL AMOUNT NOT TO EXCEED \$170,000 OVER FIVE YEARS AND AUTHORIZING THE PURCHASING MANAGER, OR HER DESINGEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Modesto Fire Department requires maintenance and repair service for approximately 60 commercial roll-up doors at 15 Fire Stations located throughout Modesto and Oakdale; and

WHEREAS, there are approximately 100 roll-up doors throughout the City that require maintenance and repair services; and

WHEREAS, the current agreement with Barton Overhead Door Inc, Modesto CA, will reach the end of the agreement term on January 31, 2021; and

WHEREAS, Barton Overhead Door Inc, has reached their amount agreed of \$85,000; and

WHEREAS, on July 29, 2019 the Purchasing Division issued RFB 1819-41 for the procurement of maintenance and repair services for on-call commercial roll-up doors for the Modesto Fire Department on the City's website; prospective bidders were notified online of the bid opportunity and 15 vendors downloaded the RFB; and

WHEREAS, on September 17, 2019 bids were formally opened in the City Clerk's Office and two vendors responded; and

WHEREAS, Modesto Municipal Code Section 8.3-203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to follow formal bid procedures; and

WHEREAS, the award of RFB 1819-41 for On-Call Commercial Roll-Up Door Maintenance and Repair Services conforms to the Modesto Municipal code because the City complied with the formal bid procedures and West Coast Door and Gate was the lowest responsive and responsible bidder.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of bid and agreement for On-Call Commercial Roll-Up Door Maintenance and Repair Services to West Coast Door and Gate, Ceres CA for a two-year agreement with three one-year extension options, for an annual estimated cost of \$34,000 and a total amount not to exceed \$170,000 over five years.

BE IT FURTHER RESOLVED, that the Purchasing Manager, or her designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-536**

**RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT ZONE P-D(607), FOR THE CONVERSION OF AN EXISTING
HOTEL TO SUPPORTIVE HOUSING UNITS, PROPERTY LOCATED AT 722
KANSAS AVENUE**

WHEREAS, in 1974 the property located at 722 Kansas Avenue was developed with a 103-room motel with 95 off-street parking spaces, prior to annexation of the site into the City of Modesto on July 24, 1978 as part of the Kansas Avenue Annexation to the City of Modesto, and

WHEREAS, the site and surrounding area was zoned as General Commercial (C-2) Zone as part of the annexation, and

WHEREAS, the amount of parking spaces at the site is considered legal but non-conforming as the City's parking standards for hotels and motels is one space per each guest room, and the site provides 95 spaces, a shortage of eight parking spaces for motel and hotel uses, and

WHEREAS, the General Plan Land Use designation of the site was amended from Redevelopment Planning District (RPD) to Industrial (I) in the General Plan update adopted on March 5, 2019, and

WHEREAS, Policy III.A.2 of the General Plan provides that rezonings involving less than five acres in size may occur even if not consistent with the land use designation of the site if the rezoning can be found consistent with the Land Use goals and policies of the General Plan, and

WHEREAS, a verified application for an amendment to Section 30-3-9 of the Zoning Map was filed by the Housing Authority of Stanislaus County on October 7,

2019, to reclassify 2.66 acres from the General Commercial Zone, C-2, to Planned Development Zone, P-D(607) to facilitate the conversion of the existing motel at the site comprised of 103 guest rooms into 103 permanent supportive housing units, comprised of studio efficiency units for a target population with an immediate need for housing, with parking at 35 spaces fewer than required by the City's Zoning Code for multi-family residential uses, property located at 722 Kansas Avenue, described as follows:

C-2 to P-D(607)

All that portion of the Southeast Quarter of Section 30, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, described as follows:

Parcel One:

All that portion of Lots 4 and 5 of Maze Ranch Subdivision, in the County of Stanislaus, State of California, according to the Official Map thereof filed in the Office of the Recorder of Stanislaus County, California, on March 19, 1909, Volume 4 of Maps, Page 18, described as follows:

Commencing at the Northeast corner of said Lot 5, thence West along the North line thereof, 66.2473 feet, more or less, to the Northwest corner of the property conveyed to Vesta B. Smith, a Single Man, by Deed recorded March 30, 1948 as Instrument No. 7022; thence South along the West line of said Smith Property, 10.86 feet to a point on the South line of Parcel No. 1 of the property conveyed to Vesta B. Smith, Et Ux, to the State of California by Deed dated September 22, 1958 and recorded October 2, 1958, Volume 1506 of Official Records, Page 62, Instrument No. 24671; thence continuing South along the said West line of the Smith Property, 125 feet to the True Point of Beginning of this Description; thence East parallel with the South line of Parcel No. 1 of the State of California property above referred to, 150 feet; thence North parallel with the said West line of the Smith parcel 125 feet to a point on the South line of Parcel No. 1 of the said State of California property; thence East along the last said South line 115 feet, more or less, to a point on the East line of the West 2-1/4 acres of North Half of Lot 4 above referred to; thence South along the last said East line, 232 feet, more or less, to a point on the North line of the parcel of land described as Parcel No. 2 in the Deed from Vesta B. Smith, Et Ux, to the State of California, above referred to; thence along the last said North line, the following two Courses and Distances: South 83 Degrees 55' 51" West 194.03 feet and North 89 Degrees 47' 00" West 116.63 feet to a point on the West line of the property conveyed to Vesta

B. Smith first above mentioned; thence North along the last said West line 123 feet, more or less, to the True Point of Beginning.

Parcel Two:

A portion of the North Half of Lot 4 of Maze Ranch Subdivision, in the County of Stanislaus, State of California, according to the Official Map thereof, filed in the Office of the Recorder of Stanislaus County, California, on March 19, 1909, Volume 4 of Maps, Page 18, described as follows: Commencing at the Northeast corner of said Lot 4; thence along the North line of said Lot, North 89 Degrees 47' 00" West 242.93 feet; thence South 0° 35' 00" East 10.84 feet to the True Point of Beginning; thence

- (1) South 89° 47' 15" East, 92.01 feet; thence
- (2) South 34° 50' 54" East, 212.03 feet; thence
- (3) South 39° 17' 14" West, 50.47 feet; thence
- (4) South 83° 55' 51" West, 179.85 feet; thence
- (5) North 0° 35' West 232.45 feet to the True Point of Beginning.

Excepting any and all rights of ingress to or egress from the above described Parcel over and across Courses No. (2), (3) and (4) herein above described, as excepted and reserved in the Deed from the State of California recorded October 14, 1965, Volume 2062 of Official Records, Page 101, Instrument No. 40303.

Also including the southerly one-half of Kansas Avenue and the westerly one-half of the right-of-way of California State Highway 99, all being immediately adjacent to the above-described property.

Containing 2.66 acres, more or less.

APN 029-015-021

WHEREAS, after a public hearing held on November 4, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2019-31, that rezoning of the property as requested will not be detrimental to the public health, safety or welfare because the rezone to Planned Development will provide for the development of

permanent supportive housing units, and the conversion of motel rooms into studio efficiency units will be done in accordance to all applicable City Standards and adopted Building Codes, the requested zone change will result in an orderly planned use of land because the conversion of the motel into permanent supportive housing units will be compatible with the surrounding commercial uses including nearby grocery stores and restaurants, and the requested zone change is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) because a) While the site is within the Industrial (I) land use designation of the General Plan, Policy III.A.2 of the General Plan provides that rezonings involving less than five acres in size may occur even if not consistent with the land use designation of the site if the rezoning can be found consistent with the Land Use goals and policies of the General Plan and b) The General Plan Land Use goal of Great, Safe Neighborhoods encourages a mix of housing types affordable to all income levels. The rezone to facilitate the conversion of the motel into permanent supportive housing for local population with an immediate need for housing meets this goal; therefore the rezoning is in accordance with community objectives as set forth in the General Plan, and

WHEREAS, it was also found and determined by the Planning Commission that the requested reduction in parking of 35 parking spaces will not adversely affect surrounding uses because the site provides 95 existing parking spaces would adequately serve the project because the tenants will be a target population with low to very-low income levels, many of whom will not have vehicles, and the site is within one quarter-mile of the nearest transit stop, Modesto Area Express (MAX) Line 26, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on December 3, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of the Housing Authority of Stanislaus County for a Planned Development Zone will not be detrimental to the public health, safety or welfare, will result in an orderly planned use of land, and is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) for the reasons set forth in Planning Commission Resolution No. 2019-31 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3713-C.S. on the 3rd day of December 2019, reclassifying the above-described property from General Commercial (C-2) Zone, to Planned Development Zone, P-D(607),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(607), is hereby approved subject to the following conditions:

1. Prior to the issuance of a building permit, all development shall conform to the Development Plan titled "Building Improvements, SRHA Rehab 2019, 722 Kansas Avenue, Modesto CA 95351", as stamped approved by the City Council on December 3, 2019.
2. Prior to the issuance of a building permit, any variation from the approved site plan or building elevations on file with the City must be reviewed and approved by the Director of Community and Economic Development or designee.
3. Any public improvements that are missing damaged or not to current City standards shall be designed per City standards in accordance

with City Code (Article 7-1.701), standards and specifications. Such improvements may include, but not be limited to curb & gutter, drive approach, sidewalk, ADA access ramps, fire hydrants and street lights. All public improvement plans shall be designed by a Registered Engineer, reviewed and approved by the City Engineer prior to issuance of an Encroachment or Building permit.

4. The improvement plans shall include all landscaping, parking and common areas, and any and all easements required for the establishment of new utilities and the preservation of existing utilities.
5. All existing underground and aboveground utilities, irrigation, and electrical lines shall be protected, relocated, or removed as required by the utility companies and City Engineer or designee. Easements for utilities, irrigation and electrical lines to remain shall be reserved as required.
6. Prior to the issuance of a building permit, plans for the residential units shall incorporate construction techniques to achieve an interior noise limit of 45 decibels or less, to the satisfaction of the Chief Building Official.
7. Prior to issuance of a building permit, plans for any new trash enclosures shall demonstrate the use of building materials, colors and finishes which are consistent or compatible with those used in the major buildings of the development, as approved by the Community and Economic Development Director.
8. Climbing vines shall be included in the landscape surrounding any new trash enclosures and CMU block walls to prevent tagging.
9. All signs shall comply with the sign requirements of the R-3 Zone.
10. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan for trash enclosures to be sufficiently elevated to prevent stormwater run-on from parking lot and floor of enclosures shall be graded to drain into adjacent landscape areas.
11. All aspects of this project to comply with current City of Modesto Standards and also current California Building, Fire, Electrical, Mechanical, Plumbing, Energy codes adopted by the City of Modesto.
12. Improvement plans shall demonstrate the provision of onsite fire hydrants as required.

13. Developer shall provide bicycle parking as required by the California Green Building Standards Code.
14. All department Conditions of Approval for the project shall be included with building plans and shall be continuously maintained on-site during project construction to the satisfaction of the Chief Building Official.
15. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
16. At the time of issuance of a building permit, the developer shall pay development impact fees at the established rate. Such fees may include but are not limited to, sewer and water connection fees, community facility fees, building permit and plan check fees.
17. Prior to Certificate of Occupancy, the applicant shall enroll and participate in the City's Crime-Free Multi-Family Housing Program as administered by the Modesto Police Department.
18. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that are applicable to the project:

19. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (Policy VII-G.3.b)

20. Construction activities shall comply with the requirements of the City's Stormwater Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(607):

The entire construction program be accomplished in one phase, construction to begin on or before November 4, 2021, and completion to be not later than November 4, 2023.

3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-7.108 of the Modesto Municipal Code.

4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 1 of Chapter 7 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(607), becomes effective.

BE IT FURTHER RESOLVED that the conditions of project approval set forth herein include certain fees, dedication requirements, reservations requirements, and other exactions, and that pursuant to Government Code Section 66020(d)(1), these conditions constitute written notice of a statement of the amount of such fees, and a description of the dedications, reservations, and other exactions.

BE IT FURTHER RESOLVED that the applicant is hereby further notified that the ninety (90) days approval period in which a protest of these fees, dedications, reservations, and other exactions, pursuant to Government Code Section 66020(a) can be filed, begins on December 3, 2019, and that if a protest is not filed within this ninety (90)-day period complying with all of the requirements of Section 66020, the applicant will be legally barred from later challenging such exactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-537**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): REZONE OF 722 KANSAS AVENUE FROM GENERAL COMMERCIAL (C-2) ZONE TO PLANNED DEVELOPMENT ZONE P-D(607)

WHEREAS, on March 5, 2019, by Resolution 2019-108, City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, the Housing Authority of Stanislaus County has proposed the rezone of 2.66 acres located at 722 Kansas Avenue from General Commercial (C-2) Zone to Planned Development Zone P-D(607) to facilitate the conversion of an existing motel into permanent supportive housing units, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2019-40 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on November 13, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on December 3, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
6. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Zoslocki, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

October 9, 2019

(Intentional Blank Page)

City of Modesto Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed rezone ("Project") is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

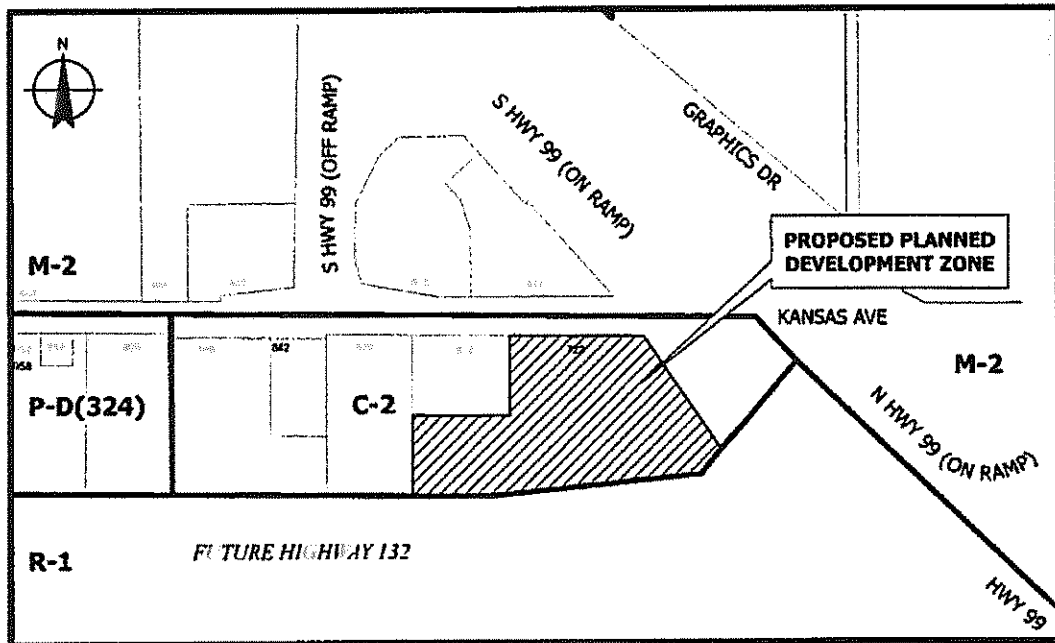

- A. Title: PDZ-19-001—Rezone from General Commercial (C-2) Zone to Planned Development Zone P-D(607)
- B. Address or Location: 722 Kansas Avenue
- C. Applicant: Housing Authority of Stanislaus County; PO Box 581918, Modesto CA 95358
- D. City Contact Person: Katharine Martin, Associate Planner

Project Manager: Katharine Martin
Department: Community and Economic Development, Planning Division
Phone Number: 209-577-5267
E-mail address: kamartin@modestogov.com

- E. Current General Plan Designation(s): Industrial (I)
- F. Current Zoning Classification(s): General Commercial (C-2)

- G. **Surrounding Land Uses:**
 North: Heavy Industrial (M-2) Zone; Gas station/convenience store, fast-food restaurant, right-of-way of State Highway 99
 South: Low Density Residential (R-1) Zone; vacant land dedicated for future alignment of State Highway 132
 East: General Commercial (C-2) Zone; right-of-way of State Highway 99
 West: General Commercial (C-2) Zone; Automotive repair and used car dealership, coffee shop with drive-thru.
- H. **Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):**

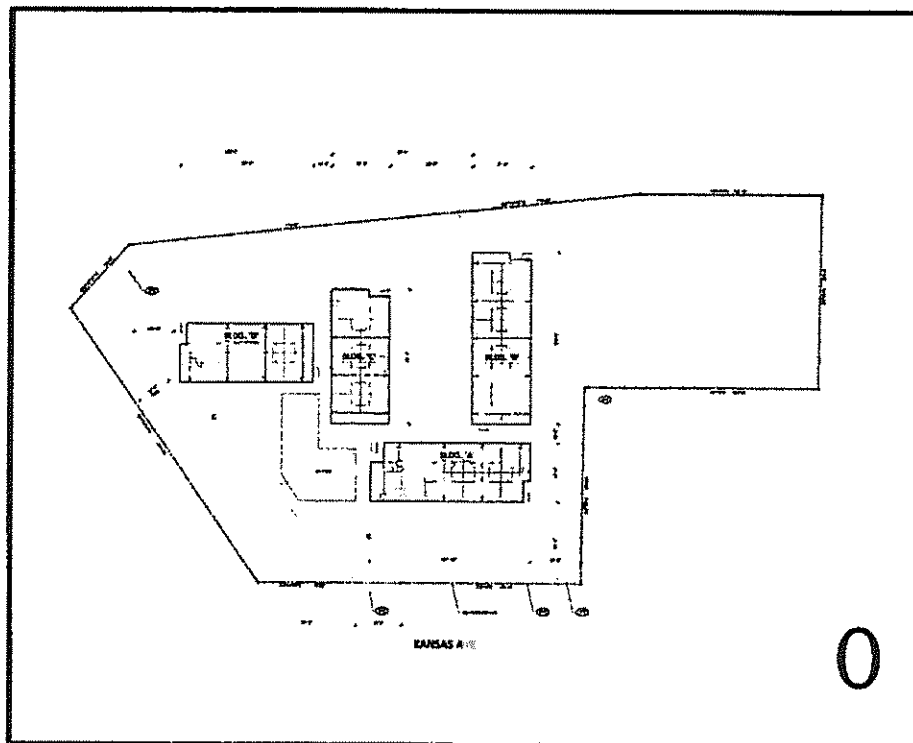

Rezone of a 2.66 acre parcel within the Baseline Developed Area of the City, developed with existing 103-room motel and associated parking lot, from General Commercial (C-2) Zone to Planned Development Zone P-D(607). Rezone is to facilitate the conversion of the motel into permanent supportive housing complex, with conversion of rooms into individual efficiency dwelling units. No demolition or expansion of the existing structure is proposed. The existing swimming pool is to be removed and the area repurposed for an office building. No other site development is proposed.

**AREA MAP
 PDZ-19-001**

**AERIAL OF SITE
PDZ-19-001**

**SITE PLAN
PDZ-19-001**

I. Other Public Agencies Whose Approval is Required: None.

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
- B. No new or additional mitigation measures or alternatives are required;
- C. The subsequent project is within the scope of the project covered by the Master EIR;
- D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,

2. ___ **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,

3. ___ **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR;
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,

Project Manager

ASSOCIATE PLANNER OCT 28, 2019
Title Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MASTER EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5)	The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6)	Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures regarding traffic from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project would not conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system.
- (2) The proposed project would not exceed a level of service standard established by the county congestion management agency (StanCOG).
- (3) The proposed rezone is to facilitate the conversion of an existing motel with 103 rooms into 103 permanent supportive housing units. The project would not cause a change in air traffic patterns or change in location. The nearest public airport is the Modesto City-County Airport approximately seven miles to the southeast, and the nearest private airfield is the Yandell Ranch Airport approximately six miles away to the southwest.
- (4) The proposed project would not substantially increase hazards due to a design feature or incompatible uses, or result in inadequate emergency access.
- (5) The project would not conflict with a transit plan or bicycle plan.
- (6) The project would not result in a level of service of "D".

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures regarding air quality from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
purpose of reducing the emission of greenhouse gases.				

Discussion:

- (1) The proposed project would not be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.
- (2) The project would not conflict with or obstruct implementation of an applicable air quality plan.
- (3) The project would not violate any air quality standard or contribute substantially to existing or projected violation.
- (4-5) The project would not result in an increase of any criteria pollutant nor expose sensitive receptors to pollutants. The project involves rezoning of the site to facilitate the conversion of an existing motel into permanent supportive housing units.
- (6-7) Conversion of the motel would be primarily internal tenant improvement construction, and would not result in the emission of significant construction-related odors or greenhouse gasses that would affect a substantial amount of people. The nearest sensitive receptors are residential areas approximately 250-feet to the south.
- (8) The project would not conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse gases.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City's noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include Noise-4 and Noise-7 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and standards.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4) The proposed project would result in a substantial temporary or periodic increase in	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
ambient noise levels existing without the project.				
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA L _{max} inside bedrooms or 55 dBA L _{max} inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is to rezone an existing motel development to facilitate the conversion of the motel into permanent supportive housing units. The project would not be inconsistent with Urban Area General Plan noise and vibration policies and standards.
- (2) The project would not generate excessive ground-borne noise and/or vibration levels.
- (3-4) The existing motel is within 100 feet west of the right-of-way for State Highway 99 and is adjacent to the future alignment of State Highway 132. Primary noise sources would be from vehicle noise from those sources as well as traffic volumes on Kansas Avenue. A Noise Study provided for the project by Edward L. Pack Associates Inc. dated August 8, 2019 (Attachment A) found that interior noise exposures will exceed the limits of the City's Noise Element, Title 24 of the State of California Code of Regulations, HUD and NEPA, and that noise mitigation measures would be necessary for the project. Recommended noise mitigation measures include installation of double-paned windows and through-the-wall air conditioning units with minimum Sound Transmission Class ratings, installed in an acoustically-effective manner. With such mitigation measures impacts would be reduced to a less-than-significant level.
- (5-6) The nearest private airstrip, the Yandell Ranch Airport, is located approximately seven miles to the west. The area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.
- (7) The project site is not within 200-feet of an active rail line. There would be no impact. No mitigation is required.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

No mitigation measures regarding agricultural lands from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1) The proposed project would be Inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The site is an existing motel constructed in 1974 on property later annexed to the City of Modesto in 1978 as part of the Kansas Avenue Annexation to the City of Modesto. The site and surrounding area is commercial and industrial in nature with no agricultural uses. The project would not be inconsistent with the Urban Area General Plan policies relating to agricultural resources.
- (2) The project would not convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance. The site is within an urbanized area designated as Urban and Built-Up Land by the CA Department of Conservation.
- (3) The project would not conflict with existing zoning for an agricultural use. The site is zoned for commercial uses and is not under a Williamson Act contract.
- (4-6) The site is not located within or near any forest land or timber land, nor would contribute to the conversion of forest land or farmland.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the Urban Area General Plan policies relating to water supply.
- (2) The project involves conversion of motel rooms into dwelling units for permanent supportive housing. The use would not substantially deplete groundwater supply or interfere with groundwater recharge.
- (3) The project would not require construction of new water treatment facilities.
- (4) The project would not exceed existing water supply entitlements or require expansion of entitlements. Water service to the site is provided by the City of Modesto.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider's existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
proposed project, which would cause significant effects.				
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposal involves the conversion of rooms within an existing motel into permanent supportive housing units. The project would not exceed wastewater treatment requirements of the Central Valley RWQCB.
- (2) The project would not require the construction of new wastewater facilities or the expansion of existing facilities. The site is served by existing sewer lines.
- (3) The project would not result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the site. The site is served by existing sewer lines.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The applicable mitigating policies to be applied to this project include none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is not inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat. The site is an existing motel constructed in 1974 and is completely surrounded by urbanized area, including the right-of-way of the existing State Highway 99, a controlled-access freeway, and dedicated right-of-way for the future alignment of State Highway 132.
- (2-5) The project site is located within the Baseline Developed Area of the City and is completely surrounded by developed urban area consisting of commercial and industrial uses including the abovementioned freeway and future highway. It is not a biologically sensitive site as defined by Figure V-7-1 of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (6-7) The project is not in conflict with any local policies or ordinances protecting biological resources, nor is in conflict with any adopted habitat conservation plan. The city does not have a heritage tree ordinance.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-8 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.				

Discussion:

- (1) The project would not be inconsistent with General Plan policies pertaining to archaeological or historic resources.
- (2-6) The project site is an existing motel constructed in 1974 that is surrounded by urban uses. The site is not classified as being of state or federal historic status nor is eligible for listing for such status.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto’s urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: SD-10 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1) The project would not be inconsistent with the Urban Area General Plan storm drainage policies. The site is an existing motel building and associated parking lot, and the rezone to Planned Development is to facilitate the conversion of the existing motel rooms into permanent supportive housing.

(2-3) The project would not increase the rate or amount of surface runoff. The conversion of motel rooms to permanent housing is interior work, and no other alterations are proposed to the parking area. The swimming pool is to be removed and replaced with an office building, a minor alteration that would not increase the amount of impervious surface.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: FWQ-11 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality Impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project would not be inconsistent with the flooding and water quality policies in the Urban Area General Plan.
- (2-3) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA) Flood Rate Insurance Map 06099C0325E dated September 26, 2008.
- (4) The site is not in the vicinity of a levee or dam. The nearest waterway is Dry Creek approximately 1.8 miles to the east.
- (5, 7) The project would not alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.
- (6) The project would not violate water quality standards.
- (8) The project would not increase the rate or amount of surface runoff. The conversion of motel rooms to permanent housing is interior work, and no other alterations are proposed to the parking area. The swimming pool is to be removed and replaced with an office building, a minor alteration that would not increase the amount of impervious surface.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the parks and open space policies in the General Plan.
- (2) The project would not eliminate an existing park or designated open space. The project is on developed land surrounded by commercial and industrial uses.
- (3) The project consists of the conversion of existing motel rooms into permanent supportive housing units. The project would not be required to provide for additional park space.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the policies relating to schools in the General Plan.
- (2) The rezone to Planned Development is to facilitate the conversion of existing motel rooms into permanent supportive housing in the form of studio efficiency units, for a local target population with an immediate need for housing. Any children residing at the site would already be enrolled in the area school districts. The project would not result in student population that would exceed school system capacity.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the policies relating to police services in the General Plan.
- (2) The proposed rezone to Planned Development is to facilitate the conversion of an existing motel into permanent supportive housing units. The site and surrounding area is developed with commercial and industrial uses currently served by the Modesto Police Department.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the policies relating to fire services in the General Plan.

- (2) The proposed rezone to Planned Development is to facilitate the conversion of an existing motel into permanent supportive housing units. The site and surrounding area is developed with commercial and industrial uses currently served by the Modesto Fire Department.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the solid waste policies in the Urban Area General Plan.
- (2) The proposed rezone to Planned Development is to facilitate the conversion of an existing motel into permanent supportive housing units. The site contains one trash enclosure and any additional enclosures required of the project will be constructed in accordance to City Standards.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the hazardous materials policies in the General Plan.
- (2-3) No hazardous materials will be involved with this project. The site is not within a quarter-mile of a school.
- (4) The site is not included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.
- (5-6) The site is not within an airport land use plan nor in the vicinity of any airports or private airfields.
- (7) The project would not interfere with an adopted emergency response or evacuation plan.
- (8) The project site is not located near any wildland areas nor is at risk for wildland fire.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with policies relating to geology, soils, and mineral resources in the General Plan.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no known mineral resources of value to the region and the state on the property.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the energy policies in the General Plan.
- (2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially degrade the existing visual character or quality of the site and its surroundings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with the policies relating the visual resources in the General Plan.
- (2) The project would not have an adverse impact on a scenic vista. The site is located within the Baseline Urbanized Area of the City and is surrounded by urban uses.
- (3-4) The project would not impact scenic resources, nor degrade the existing visual character or quality of the site and its surroundings.
- (5) The project would not cause substantial light or glare.
- (6) The project would not impact views from riverside areas and parks.
- (7) The project would not impact views of riverside areas from roadways or nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is designated as Industrial (I) in the General Plan, which allows for commercial uses such as motels and hotels, though not new uses that are residential in nature.

Policy III.A.2 of the General Plan provides that though rezonings should be consistent with the General Plan land use designation, rezonings involving less than five acres may occur even if they are not consistent with the land use designation of the property, as long as the rezoning can be found consistent with the Land Use goals and policies of the General Plan. Among the Land Use goals of the General Plan is the goal of Great, Safe Neighborhoods, which encourages a mix of housing types affordable to all income levels. The conversion of the motel into permanent supportive housing for local population with an immediate need for housing meets this goal; therefore, the proposed rezoning to Planned Development to facilitate the conversion of the motel into permanent supportive housing is consistent with land use and planning policies in the General Plan.

- (2) The project would not divide an established community. The surrounding area is developed with commercial and industrial uses.

- (3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.
- (4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect: none.

Traffic and Circulation:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Traffic study(ies) may be required for any given project(s).

Air Quality and Greenhouse Gases:

N/A

Generation of Noise and Vibration:

Noise-4. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (Policy VII-G.3.b)

Noise-7. Incorporate construction practices and acoustic treatment in new residential construction to reduce typical indoor noise levels to 45 dB. Developers of residential buildings within the 65 dBA contours shown in the General Plan Master EIR shall demonstrate that interior noise has been reduced to 45 dB. Other types of development should be protected against noise intrusion at least to the levels indicated on UAGP Table VII-2. (Policy VII-G.3.e)

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Water studies / analyses may be required depending on the scope or location of the proposed development project.

Increased Demand for Sanitary Sewer Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Sanitary sewage generation and/or capacity studies may be required depending on the scope or location of the proposed development project.

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological / Historic Sites:

N/A

Increased Demand for Storm Drainage:

SD-10. Construction activities shall comply with the requirements of the City's Stormwater Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

Flooding and Water Quality:

FWQ-11. Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

Increased Demand for Parks and Open Space:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Schools:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Police Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Fire Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Generation of Solid Waste:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Generation of Hazardous Materials:

N/A

Geology, Soils, and Mineral Resources:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Energy:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Effects on Visual Resources:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Land Use and Planning:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

I. Executive Summary

This report presents the results of a noise assessment study, for the proposed conversion of an existing American Budget Inn and Suites motel to the “K House” transitional housing development at 722 Kansas Avenue in Modesto. This study includes an analysis of on-site noise environment and noise impacts to the interior living spaces of the project.

The plans for the facility include improvements to the interiors of the motel guest spaces for longer term living by incorporating kitchenettes, remodeling of the bathrooms and bedrooms, replacement of the windows, the PTAC air-conditioners and window coverings and upgrades to the entry doors as necessary. The swimming pool will be filled in to allow for a storage area. A modular building for support services will be located near the southwesterly portion of the site in the current parking area.

The following report includes background information on acoustics, noise standards applicable to the project and the noise impacts to the project. The noise impacts from exterior sources (primarily traffic on Kansas Avenue, State Route 99 and the planned extension of State Route 132) were evaluated against the City of Modesto Noise Element of the General Plan, The State of California Code of Regulations, Title 24, the US Department of Housing and Urban Development (HUD) and the National Environmental Policy Act (NEPA).

The results of this study reveal that the noise exposure impacts to the project exteriors will exceed the acceptability criterion of HUD. However, there will no exterior living areas associated with this project. All noise sensitive spaces will be interior living spaces. The noise exposures in the project living spaces will exceed the limits of the City of Modesto Noise Element standards, the Title 24 standards, the HUD standards and the NEPA policies. The noise mitigation measures recommended herein will reduce the excessive noise exposures to comply with all of the above prescribed standards and policies.

II. Background Information on Acoustics

Noise is defined as unwanted sound. Airborne sound is a rapid fluctuation of air pressure above and below atmospheric pressure. Sound levels are usually measured and expressed in decibels (dB) with 0 dB corresponding roughly to the threshold of hearing.

Most of the sounds which we hear in our normal environment do not consist of a single frequency, but rather a broad range of frequencies. As humans do not have perfect hearing, environmental sound measuring instruments have an electrical filter built in so that the instrument's detector replicates human hearing. This filter is called the "A-weighting" network and filters out low and very high frequencies. All environmental noise is reported in terms of A-weighted decibels, notated as "dBA". All sound levels used in this report are A-weighted unless otherwise noted. Table I on page 4 shows the typical human response and noise sources for A-weighted noise levels.

Although the A-weighted noise level may adequately indicate the level of noise at any instant in time, community noise levels vary continuously. Most environmental noise includes a mixture of noise from distant sources that create a relatively steady background noise from which no particular source is identifiable. To describe the time-varying character of environmental noise, the statistical noise descriptors, L_1 , L_{10} , L_{50} and L_{90} are often used. They are the A-weighted noise levels exceeded for 1%, 10%, 50% and 90% of a stated time period. The continuous equivalent-energy level (L_{eq}) is that level of a steady state noise which has the same sound energy as a time-varying noise. It is often considered the average noise level and is used to calculate the Day-Night Levels (DNL) and the Community Noise Equivalent Level (CNEL) described below.

TABLE I

**The A-Weighted Decibel Scale, Human Response,
and Common Noise Sources**

<u>Noise Level, dBA</u>	<u>Human Response</u>	<u>Noise Source</u>
120-150+	Painfully Loud	Sonic Boom (140 dBA)
100-120	Physical Discomfort	Motorcycle at 20 ft. (110 dBA) Nightclub Music (105 dBA)
70-100	Annoying	Diesel Pump at 100 ft. (95 dBA) Freight Train at 50 ft. (90 dBA) Food Blender (90 dBA) Jet Plane at 1000 ft. (85 dBA) Freeway at 50 ft. (80 dBA) Alarm Clock (80 dBA)
50-70	Intrusive	Average Traffic at 100 ft. (70 dBA) Pass. Car, 30 mph @ 25 ft. (65 dBA) Vacuum Cleaner (60 dBA) Suburban Background (55 dBA)
0-50	Quiet	Normal Conversation (50 dBA) Light Traffic at 100 ft. (45 dBA) Refrigerator (45 dBA) Desktop Computer (40 dBA) Whispering (35 dBA) Leaves Rustling (20 dBA) Threshold of Hearing (0 dBA)

In determining the daily level of environmental noise, it is important to account for the difference in response of people to daytime and nighttime noises. During the nighttime, exterior background noises are generally lower than the daytime levels. However, most household noise also decreases at night and exterior noise becomes very noticeable. Further, most people sleep at night and are very sensitive to noise intrusion. To account for human sensitivity to nighttime noise levels, the Day-Night Level (DNL) noise descriptor was developed. The DNL is also called the L_{dn} . Either is acceptable, however, DNL is more popular worldwide. The DNL divides the 24-hour day into the daytime period of 7:00 a.m. to 10:00 p.m. and the nighttime period of 10:00 p.m. to 7:00 a.m. The nighttime noise levels are penalized by 10 dB to account for the greater sensitivity to noise at night. The Community Noise Equivalent Level (CNEL) is another 24-hour average which includes a 5 dB evening (7:00 p.m. - 10:00 p.m.) penalty and a 10 dB nighttime penalty. Both the DNL and the CNEL average the daytime, evening and nighttime noise levels over a 24-hour period to attain a single digit *noise exposure*. The proper notations for the Day-Night Level and the Community Noise Equivalent Level are dB DNL and dB CNEL, respectively, as they can only be calculated using A-weighted decibels. It is, therefore, considered redundant to notate dB(A) DNL or dB(A) CNEL.

The effects of noise on people can be listed in three general categories:

- subjective effects of annoyance, nuisance, dissatisfaction;
- interference with activities such as speech, sleep, learning, relaxing;
- physiological effects such as startling, hearing loss.

The levels associated with environmental noise, in almost every case, produce effects only in the first two categories. Workers in industrial plants, airports, etc., can experience noise in the last category. Unfortunately, there is, as yet, no completely satisfactory way to measure the subjective effects of noise, or of the corresponding reactions of annoyance and dissatisfaction. This is primarily due to the wide variation in individual thresholds of annoyance and differing individual past experiences with noise. Thus, an important way to determine a person's subjective reaction to a new noise is to compare it to the existing environment to which one has adapted, i.e., the "ambient". In general, the more a new noise exceeds the previously existing ambient noise level, the less acceptable the new noise will be judged by the receivers.

With regard to increases in A-weighted noise levels, the Environmental Protection Agency has determined the following relationships that will be helpful in understanding this report.

- Except in carefully controlled laboratory experiments, a change of 1 dB cannot be perceived.
- Outside of the laboratory, a 3 dB change is considered a just-perceptible difference.
- A change in level of at least 5 dB is required before any noticeable change in community response would be expected.
- A 10 dB change is subjectively heard as approximately a doubling in loudness, and would almost certainly cause an adverse change in community response.

The adding or subtracting of sound levels is not simply arithmetic. The sound levels, in decibels, must be converted to Bels, the anti-log's of which are then calculated. The manipulation is then performed (arithmetic addition or subtraction), the logarithm of the sum or difference is calculated. The final number is then multiplied by 10 to convert Bels to decibels. The formula for adding decibels is as follows:

$$\text{Sum} = 10\log(10^{SL/10} + 10^{SL/10}) \quad \text{where, SL is the Sound Level in decibels.}$$

For example, $60 \text{ dB} + 60 \text{ dB} = 63 \text{ dB}$, and $60 \text{ dB} + 50 \text{ dB} = 60 \text{ dB}$. Two sound sources of the same level are barely noisier than just one of the sources by itself. When one source is 10 dB higher than the other, the less noisy source does not add to the noisier source.

III. Noise Standards, Goals & Policies

A. City of Modesto General Plan

The noise assessment results presented in the findings were evaluated against the standards of the City of Modesto Noise Element, Ref. (a), which utilizes the Day-Night Level (DNL) descriptor. The DNL is a 24-hour time weighted average noise exposure that penalizes noise created during the nighttime period, and is commonly used to describe community noise environments. The Noise Element standards specify an exterior limit of 65 dB DNL for multi-family residential exterior areas such as balconies, patios and common recreation areas.

The Noise Element specifies a limit of 45 dB DNL is specified for interior living spaces.

B. The State of California Code of Regulations, Title 24

The Title 24 standards, Ref. (b), also use the DNL descriptor and are applicable to all new multi-family developments including conversions. Title 24 specifies an interior noise exposure limit of 45 dB DNL from exterior noise sources.

The Title 24 standards also specify minimum noise insulation ratings for common partitions separating different dwelling units and dwelling units from interior common spaces. The standards specify that common walls and floor/ceiling assemblies must have a design Sound Transmission Class (STC) rating of 50 or higher. In addition, common floor/ceiling assemblies must have a design Impact Insulation Class (IIC) rating of 50 or higher. As design details for the interior partitions of the project were not available at the time of this study, an evaluation of the interior partitions has not been made.

C. United States Department of Housing and Urban Development

The HUD Noise Assessment Guidelines, Ref. (c), use an acceptability criterion of 65 dB DNL at the exterior of the project. The dwelling interiors are limited to 45 dB DNL.

HUD Section 51.101 General Policy

HUD support of modernization and rehabilitation. For modernization projects located in all noise exposed areas, HUD shall encourage noise attenuation features in alterations. For major or substantial rehabilitation projects in the Normally Unacceptable and Unacceptable noise zones, HUD actively shall seek to have project sponsors incorporate noise attenuation features, given the extent and nature of the rehabilitation being undertaken and the level or exterior noise exposure.

In Unacceptable noise zones, HUD shall strongly encourage conversion of noise-exposed sites to land uses compatible with the high noise levels with potential noise problems.

Exterior noise goals. It is a HUD goal that exterior noise levels do not exceed a day-night average sound level of 55 decibels. This level is recommended by the Environmental Protection Agency as a goal for outdoors in residential areas. The levels recommended by EPA are not standards and do not take into account cost or feasibility. For the purposes of this regulation and to meet other program objectives, sites with a day-night average sound level of 65 and below are acceptable and are allowable (see Standards in Sec. 51.103(c)).

Interior noise goals. It is a HUD goal that the interior auditory environment shall not exceed a day-night average sound level of 45 decibels. Attenuation measures to meet these interior goals shall be employed where feasible. Emphasis shall be given to noise sensitive interior spaces such as bedrooms. Minimum attenuation requirements are prescribed in Sec. 51.104(a).

HUD Section 51.103 Criteria and Standards

The table on the following page provides the HUD Site Acceptability Standards.

Site Acceptability Standards		
	Day-night average sound level (in decibels)	Special approval and requirements
Acceptable	Not exceeding 65 dB	None
Normally Unacceptable	Above 65 dB but not exceeding 75 dB	Special Approvals Environmental Review Attenuation
Unacceptable	Above 75 dB	Special Approvals Environmental Review Attenuation

D. National Environmental Policy Act NEPA

The National Environmental Policy Act (NEPA), 42 U.S.C. Title 55, Ref. (d), establishes the use of the local jurisdictional standards for the determination of the significance of noise impacts. If the project is clearly within the standards of the City and State standards and guidelines, the project may fall under a "Categorical Exemption" from further noise analysis. The second level of analysis, if needed, involves a more detailed study, an "Environmental Assessment", to determine the significance of impacts to the project and project-generated impacts. This study is sufficient for an Environmental Assessment.

IV. Acoustical Setting

A. Site and Noise Source Descriptions

The planned project site is located at 722 Kansas Avenue, west of State Route 99, in Modesto. The site is relatively flat and at-grade with Kansas Avenue but is 19.5 to 20.5 above the grade of SR 99. The site currently contains the American Budget Inn and Suites motel. Surrounding land uses include an auto repair facility adjacent to the west, a Jack 'n the Box restaurant across Kansas Avenue to the north, SR 99 adjacent to the east and the SR 132 extension right-of-way adjacent to the south.

The primary existing sources of noise at the site are traffic on Kansas Avenue and SR 99. Kansas Avenue carries an existing (2017) Average Daily Traffic (ADT) volume of 12,400 vehicles, Ref. (e). Truck mix data for Kansas Avenue are not available. We are estimating a 2% medium truck mix and a 2% heavy truck mix. SR 99 carries an existing (2017) ADT volume of 131,000 vehicles, Ref. (f) with a 13.5% truck mix (4.6 % medium trucks and 8.9% heavy trucks), Ref. (g).

The proposed extension of SR 132 past the site will have two eastbound lanes that will terminate east of SR 99, one eastbound interchange ramp from eastbound SR 132 to southbound SR 99, and one westbound lane extending from the onramp from Kansas Avenue, as shown on the Pavement Delineation Plans for the roadway extension, Ref. (h). The road surface will be 13.5 to 16.5 ft. above the project site grade, Ref. (i). The expected posted speed limit SR 32 will be 65 mph. However, we estimate that the typical automobile vehicle speed will be 55 mph. Medium and heavy truck speeds are estimated to be 45 mph as traffic will either come to a stop or take the offramp to SR 99 south. For vehicles entering the roadway, vehicles will be accelerating as they pass by the site. Thus, it is unlikely that automobiles and trucks will be at full speed when passing by the site.

B. Project Description

The planned project includes exterior remodeling of the site and buildings and interior improvements of the existing buildings, Ref. (j). The plans for the facility include improvements to the interiors of the motel guest spaces for longer term living by incorporating kitchenettes, remodeling of the bathrooms and bedrooms, replacement of the windows, the PTAC air-conditioners and window coverings and upgrades to the entry doors as necessary. The swimming pool will be filled in to allow for a storage area. A modular building for support services will be located near the southwesterly portion of the site in the current parking area.

An overview of the site is shown on Figure 1 on page 11.

V. Existing Noise Environment

A. Existing Noise Levels

To determine the existing noise environment at the site, continuous recordings of the sound levels were made at three locations on the site. Location 1 was in Room 105 on the first floor of the westerly end of the building facing Kansas Avenue, 72 ft. from the centerline of the road. Measurement Location 2 was in Room 247 on the second floor of the east end of the building closest to SR 99, 200 ft. from the centerline of SR 99 and 148 ft. from the centerline of Kansas Avenue. Measurement Location 3 was on a light standard at the westerly end of the swimming pool at an elevation of 11 ft. above ground, 70 ft. from the centerline of Kansas Avenue and 225 ft. from the centerline of SR 99. The measurement locations are shown on Figure 1 on page 11. The measurements were made on July 22-24, 2019 for a continuous period of 43 hours and included measurements during the daytime and nighttime periods of the DNL index during typical weekdays.

FIGURE 1 – On-Site Noise Measurement Locations

The sound levels were recorded and processed using Larson-Davis Model 812 Precision Integrating Sound Level Meters. The meter yields, by direct readout, a series of descriptors of the sound levels versus time, which include the L_1 , L_{10} , L_{50} , and L_{90} , i.e., those levels that are exceeded 1%, 10%, 50%, and 90% of the time. The meter also yields the maximum and minimum levels, and the continuous equivalent-energy levels (L_{eq}), which are used to calculate the DNL. The measured L_{eq} 's are shown in the data tables in Appendix C.

To complete the second day's 24-hour data set, five hours of daytime noise data were interpolated from the measured data at each location which also corresponds to the hourly noise data from the previous day's measurements for the same hours. The interpolated data are shown in Red in the Appendix C data tables.

On the first day of measurements, the L_{eq} 's at measurement Location 1 in Room 105, ranged from 43.9 to 47.7 dBA during the daytime and from 39.4 to 45.5 dBA at night. On Day 2, the L_{eq} 's ranged from 44.1 to 46.8 dBA during the daytime and from 39.4 to 45.2 dBA at night.

At measurement Location 2 in Room 247, the L_{eq} 's ranged from 46.3 to 48.6 dBA during the daytime and from 43.6 to 47.7 dBA at night. On Day 2, the L_{eq} 's ranged from 46.3 to 48.8 dBA during the daytime and from 43.8 to 48.0 dBA at night.

At measurement Location 3 at the swimming pool area next to the motel office and at a height of 11 ft. above the ground, the L_{eq} 's ranged from 68.9 to 72.7 dBA during the daytime and from 65.4 to 71.3 dBA at night. On Day 2, the L_{eq} 's ranged from 69.1 to 71.7 dBA during the daytime and from 66.2 to 71.4 dBA at night.

VI. Noise Impacts to the Project

A. Exterior Noise Exposures

To determine the existing exterior noise exposures at the various building facades, which are used to determine the interior noise exposures and determine adequate noise control for noise impacted interior spaces, the DNL's for the survey locations were calculated by decibel averaging of the L_{eq} 's as they apply to the daily time periods of the DNL index. A 10 decibel nighttime weighting factor was applied and the DNL was calculated using the formula shown in Appendix B. The measured L_{eq} 's and DNL calculations are shown in the data tables in Appendix C.

The results of the calculations indicate that the existing noise exposure in Room 105 was 49 dB DNL on both days.

The existing noise exposure in Room 247 was 52 dB DNL on both days.

The existing noise exposure at the west end of the swimming pool and at 11 ft. above the ground was 75 dB DNL on both days.

The exterior noise exposures around the perimeter of the buildings for both first floor and second floor elevations were calculated from the on-site noise measurement data with the Kansas Avenue traffic noise data and the State Route 99 traffic noise data segregated from the measured total by computer traffic noise modeling. The computer model is based off of the Federal Highway Administration RD-77-108 model with additional input parameters for varying road surfaces. The model input parameters are shown below.

TABLE II						
Traffic Noise Model Parameters						
Road	Dist. (ft.)	ADT	Truck Mix	Speed (mph)	Road Surface	Model Year
Kansas Ave.	72	12,400	Med. = 2% Heavy = 2%	30	Asphalt (0 dB)	2017
SR 99	200	131,000	Med. = 4.6% Heavy = 8.9%	60	Asphalt (0 dB)	2017
SR 132 Extension	215	15,900	Med. = 2.6% Heavy = 9.4%	55	Concrete (+3 dB)	2048

The future (2037) traffic volume for Kansas Avenue is predicted to increase to 14,300 ADT, Ref. (e). Future traffic volume data for SR 99 were not available from CalTrans. Thus, an extrapolation was performed using historical data and the annual average traffic volume growth rate from 1997 to 2017. The 1997 traffic volume was 90,000 vehicles ADT, Ref. (k). The 2017 traffic volume was 131,000 vehicles ADT. The annual average growth rate was calculated to be 1.89%/yr. Applying this growth rate to the future 20 years, the 2037 traffic volume was calculated to be 190,503 vehicles ADT. This increase in traffic volume yields a 2 dB increase in the SR 99 traffic noise levels.

The first floor elevations have lower noise levels of SR 99 traffic noise and of SR 132 traffic noise due to noise shielding provided by variations in topography. The shoulder of the slope at the top of the SR 99 cut provides a noise barrier effect as does the edge of the elevated road surface of SR 132. The second floor elevations have direct views to the road surfaces with the exception of locations at greater distances to SR 99, such as measurement Location 1 at Room 105. Thus, most of the second floor elevations of the buildings do not benefit from topographic noise shielding.

Segregating noise levels from a total noise measurement is performed by subtracting a modeled noise level from the measured total. Noise levels or exposures in decibels are added or subtracted using the following formula:

$$\text{Sum/Difference} = 10\log_{10}[(10^{(SL1/10)}) \pm (10^{(SL2/10)}) \dots \pm \dots (10^{(SLx/10)})]$$

Changes in noise levels due to changes in volume are calculated by:

$\Delta\text{dB} = 10\log_{10}(V_1/V_2)$, which is equivalent to 3 dB for every doubling or halving of the noise sources.

The attenuation or noise reduction of moving traffic noise over distance is calculated by:

$\text{NR} = 15\log_{10}(d_1/d_2)$, which is equivalent to a reduction of 4.5 dB for each doubling of the distance.

Figure 2 on page 15 is a Key Map of the project buildings showing locations used for analysis of this project. Key Map locations 1 and 2 correspond to the measurement Locations 1 and 2.

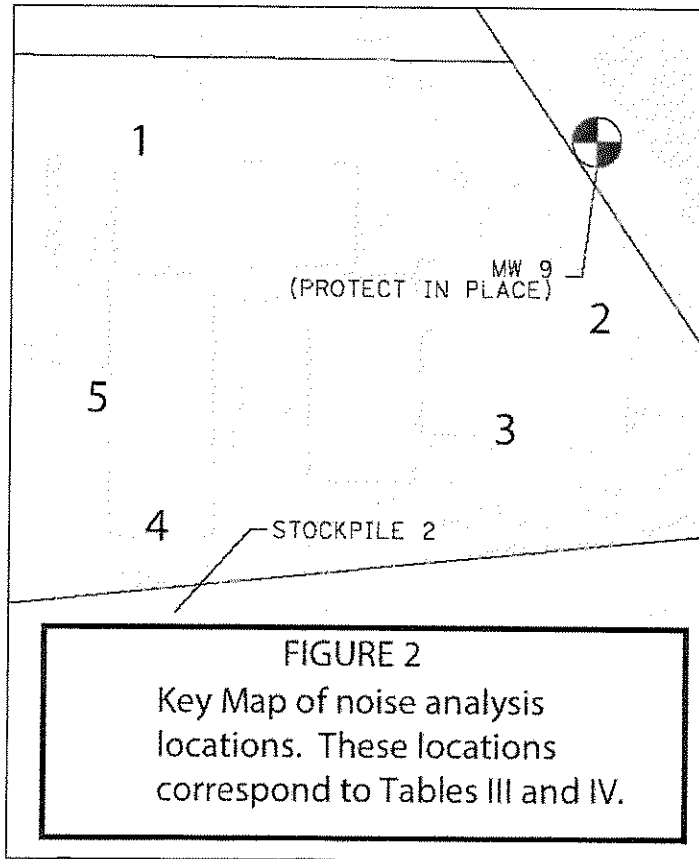

Table III on page 16 provides the existing and future noise exposures for the exterior locations identified on the Key Map. The noise exposures include the noise barrier effects of the topography and from portions of the building or orientation of the façade to the noise source.

The US Department of Housing and Urban Development requires the use of the Noise Assessment Guideline worksheets when on-site measurement data are not available. Thus, the worksheets were prepared for the proposed extension of SR 132 as there is no road at this time of which to obtain measurement data.

The worksheets are provided in Appendix D of this report. The results of the preparation of the worksheets reveals that the noise exposure at the most impacted building setback of the project from the extension of SR 132 will be up to 66 dB DNL at the second floor elevation. Aircraft noise from Modesto Airport and Oakdale airport and railroad noise from the nearby freight tracks along North 9th Street do not add to the on-site noise environment.

The Edward L. Pack Associates, Inc. computer model revealed an expected noise exposure of 69 dB DNL at the same location. The difference between the two models is that the HUD model does not allow the 3 dB upward adjustment to account for the use of the planned concrete road surface.

The combined noise exposures will be up to 75 dB DNL at the most impacted building facades. Thus, the noise exposures will be within the Normally Unacceptable range of the HUD criteria. However, there are no exterior living or noise sensitive areas associated with this project. Noise attenuation or mitigation measures for the exterior of the site will not be required.

B. Interior Noise Exposures

The interior noise exposures in two sample rooms; Room 105 and Room 247 were performed to determine if the existing construction is adequate or if additional modifications to the building shells will be necessary.

The interior noise exposures in Room 105 were measured to be 49 dB DNL on each of two days of measurements. As the exterior noise exposure at Room 105 from all sources was calculated to be 64 dB DNL, the existing building shell is providing 15 dB of noise reduction.

The interior noise exposures in Room 247 were measured to be 52 dB DNL on each of two days of measurements. As the exterior noise exposure at Room 247 from all sources was calculated to be 73 dB DNL, the building shell is providing 21 dB of noise reduction.

Inspections of the windows, doors and PTAC units revealed that significant noise leakage occurs via the window frames, the door frames and through the PTAC's. In addition the windows are single-pane, single-strength (3/32") glass. The existing window, entry door and PTAC unit assemblies are deficient.

To determine the interior noise exposures in the project living spaces, a 25 decibel reduction was applied to the exterior noise exposures at the building facades to represent the noise reduction provided by the building shell under a closed window condition. The closed window condition was used as each living space will have a through-the-wall air-conditioner (PTAC unit) that allows the residences to maintain the windows closed at all times for noise control and receive adequate ventilation.

Table IV, below, provides the interior noise exposures in the living spaces at the Key Map locations assuming standard, modern building construction.

As shown in Table IV, the interior noise exposures will exceed the limits of the City of Modesto, Title 24, HUD and NEPA standards if standard construction methods and products are used. Noise mitigation measures for the interior living spaces will be required.

VII. Recommendations

To achieve compliance with the 45 dB DNL standards of the City of Modesto Noise Element, Title 24, HUD and NEPA, the following noise control measures will be required. In addition, general construction measures affecting the building shell are also recommended, as described in Appendix B.

- Install windows and PTAC units rated with the minimum Sound Transmission Class (STC) ratings shown on Figure 3. Single-strength glass (3/32") is not permitted in any of the sound control window assemblies.

The windows, doors and PTAC units shall be installed in an acoustically-effective manner. To achieve an acoustically-effective window and door construction, the sliding window panels and the doors must form an air-tight seal when in the closed position and the window frames must be caulked to the wall opening around their entire perimeter with a non-hardening caulking compound to prevent sound infiltration. Exterior doors must seal air-tight around the full perimeter when in the closed position using appropriate weather stripping. Expandable/spray-in foams are not acceptable acoustical sealants.

Please be aware that many dual-pane window assemblies have inherent noise reduction problems in the traffic noise frequency spectrum due to resonance that occurs within the air space between the window lites, and the noise reduction capabilities vary from manufacturer to manufacturer. Therefore, the acoustical test report of all sound rated windows and doors should be reviewed by a qualified acoustician to ensure that the chosen windows and doors will adequately reduce traffic noise to acceptable levels.

The implementation of the above recommended measures will reduce excess noise exposures to achieve compliance with the interior standards of the City of Modesto Noise Element, Title 24, HUD and NEPA.

	Window	PTAC	
		STC	STC
	2nd Fl.	35	29
	1st Fl.	31	29
	2nd Fl.	31	29
	1st Fl.	28	26
	2nd Fl.	28	26
	1st Fl.	28	26

FIGURE 3
 Site plan indicating the locations of the recommended minimum Sound Transmission Class (STC) ratings for the living space windows and PTAC units.

VIII. Conclusions

In conclusion, the interior noise exposures will exceed the limits of the City of Modesto Noise Element, Title 24, HUD and NEPA. Noise mitigation measures are required and are provided in this study.

This report presents the results of a noise assessment study for the planned "K House" transitional housing project at 722 Kansas Avenue in Modesto. The study findings for existing conditions are based on field measurements and other data and are correct to the best of our knowledge. Future noise projections are based on information provided by CalTrans and estimates made by Edward L. Pack Associates, Inc. However, significant deviations in the predicted traffic volumes, roadway construction, motor vehicle technology, noise regulations or other future changes beyond our control may produce long-range noise results different from our estimates.

Report Prepared By:

EDWARD L. PACK ASSOC., INC.

APPENDIX B

Noise Standards, Terminology, Instrumentation and General Building Shell Controls,

1. Noise Standards

A. City of Modesto Urban Area General Plan

The City of Modesto Urban Area General Plan, Chapter VII “Environmental Resources Element”, Section G “Noise” was adopted October 14, 2008. The “Noise Element” contains Table VII-2 which depicts “normally acceptable,” “conditionally acceptable,” “normally unacceptable,” and “clearly unacceptable” noise levels for various land use categories. These noise levels identify noise limitations for determining land use compatibility between a new development and neighboring uses. Table VII-2 utilizes the Community Noise Equivalent Level (CNEL), which is the time-varying noise over a 24-hour period with a weighting factor applied to noises occurring during evening and nighttime hours. However, the goals, policies and standards use the Day-Night Level (DNL) noise descriptor. The DNL (L_{dn}) and CNEL are often equivalent.

Table VII-2. Noise and Compatibility Matrix						
Community Noise Exposure – L _{dn} or CNEL (db)						
Land Use Category	55	60	65	70	75	80
Residential – low density single family, duplex, mobile home	█					
Residential -- multi-family	█					
Transient Lodging –motels, hotels	█					
Schools, libraries, churches, hospitals, nursing homes	█					
Auditoriums, concert halls, amphitheaters	█					
Sports arenas, outdoor spectator sports	█					
Playgrounds, neighborhood parks	█					
Golf courses, riding stables, water recreation, cemeteries	█					
Office Buildings, business, commercial and professional	█					
Industrial, manufacturing, utilities, agriculture	█					
█	Normally Acceptable Specified land use is satisfactory, based upon the assumption that any buildings involved are of normal conventional construction					
	Conditionally Acceptable New construction or development should be undertaken only after a detailed analysis of the noise reduction requirements is made and needed noise insulation features are included in the design. t with closed windows and fresh air supply systems or air conditioning, will normally suffice.					
	Normally Unacceptable New construction or development should generally be discouraged. If new construction or development does proceed, a detailed d needed noise insulation features included in the design.					
█	Clearly Unacceptable New construction or development generally should not be undertaken.					
Source: City of Modesto						

- b. During City review of a proposed project consistent with the updated General Plan, the City of Modesto shall use the following guidelines to decide whether to require additional study and/or mitigation for outdoor activity areas typically defined as common outdoor recreational areas, as discussed below:
 - (1) Single-family Residential uses: the noise would exceed 65 dBA, L_{dn} at outdoor activity areas. Outdoor activity areas for single-family residential uses are defined as backyards.
 - (2) Other proposed uses: the noise/land compatibility guidelines (i.e., those noise levels that are “conditionally acceptable,” “normally unacceptable,” or “clearly unacceptable”) shown on Table VII-2. For multi-family residential uses, the exterior noise level standard shall be applied at the common outdoor recreation area, such as pools, play areas, or tennis courts. Where such areas are not provided in multi-family residential uses, the standards shall be applied at individual patios and balconies of the development. Outdoor activity areas of transient lodging facilities include swimming pool and picnic areas.
- c. For new single-family residential development within the 65 dBA, L_{dn} contour, new multi-family residential development within the 65 dBA L_{dn} contour (Figure VII-2), and other land uses located within the “Normally Acceptable” contour distances indicated in Table VII-2 and Figure VII-2, the City of Modesto shall require developers to demonstrate that the proposed development will incorporate measures to reduce noise impacts to a less-than-significant level, as follows:
 - (1) Incorporate construction techniques to achieve an interior noise limit of 45 L_{dn} (these potential techniques are presented in CCR Title 24 standards).
 - (2) Where feasible and consistent with General Plan policy, incorporate setbacks and/or locate less-sensitive uses between a noise source and noise-sensitive uses.
 - (3) Provide (to the extent feasible and consistent with General Plan policy) berms, barriers, or other techniques to shield noise-sensitive uses. This policy is appropriate for more suburban, less densely populated areas of the City. More urban areas of the City would more likely require policies VII-G.3[c.1] and [c.2], above.
- d. The City of Modesto shall use the most recent noise contour map to implement the requirements of Noise Insulation Standards contained in Title 24 of the California Code of Regulations. (Title 24 applies to multi-family housing, not single-family.) Title 24 also specifies minimum values for the sound insulation afforded by interior partitions separating it from each other and from interior common space.

B. Title 24 Noise Standards

2016 California Building Code, Part 2, Volume 1

SECTION 1207 – SOUND TRANSMISSION

1207.1 Scope. This section shall apply to common interior walls, partitions and floor/ceiling assemblies between adjacent dwelling units and sleeping units or between dwelling units and sleeping units and adjacent public areas such as halls, corridors, stairways or service areas.

1207.2 Air-borne sound. Walls, partitions and floor/ceiling assemblies separating dwelling units and sleeping units from each other or from public or service areas shall have a sound transmission class of not less than 50, or not less than 45 if field tested, for air-borne noise when tested in accordance to ASTM E-9-. Penetrations or openings in construction assemblies for piping; electrical devices; recessed cabinets bathtubs; soffits; or heating, ventilating or exhaust ducts shall be sealed lined, insulated or otherwise treated to maintain the required ratings. The requirement shall not apply to entrance doors; however, such doors shall be tight fitting to the frame and sill.

1207.3 Structure-borne sound. Floor/ceiling assemblies between dwelling units and sleeping units or between a dwelling unit or sleeping unit and a public or service area with the structure shall have an impact insulation class rating of not less than 50, or not less than 45 if field tested, when tested in accordance with ASTM E-492.

Exception: Impact sound insulation is not required for floor/ceiling assemblies over non-habitable rooms or spaces not designed to be occupied, such as garages, mechanical rooms or storage areas.

1207.4 Allowable interior noise levels. *Interior noise levels attributable to exterior sources shall not exceed 45 dB in any habitable room. The noise metric shall be either the day-night average sound level (Ldn) or the community noise equivalent level (CNEL), consistent with the noise element of the local general plan.*

1207.5 Acoustical control. *[BSC-CG] See California Green Building Standards code, Chapter 5, Division 5.5 for additional sound transmission requirements.*

2. Terminology

A. Statistical Noise Levels

Due to the fluctuating character of urban traffic noise, statistical procedures are needed to provide an adequate description of the environment. A series of statistical descriptors have been developed which represent the noise levels exceeded a given percentage of the time. These descriptors are obtained by direct readout of the Sound Level Meters and Noise Analyzers. Some of the statistical levels used to describe community noise are defined as follows:

- L_1 - A noise level exceeded for 1% of the time.
- L_{10} - A noise level exceeded for 10% of the time, considered to be an “intrusive” level.
- L_{50} - The noise level exceeded 50% of the time representing an “average” sound level.
- L_{90} - The noise level exceeded 90 % of the time, designated as a “background” noise level.
- L_{eq} - The continuous equivalent-energy level is that level of a steady-state noise having the same sound energy as a given time-varying noise. The L_{eq} represents the decibel level of the time-averaged value of sound energy or sound pressure squared and is used to calculate the DNL and CNEL.

B. Day-Night Level (DNL)

Noise levels utilized in the standards are described in terms of the Day-Night Level (DNL). The DNL rating is determined by the cumulative noise exposures occurring over a 24-hour day in terms of A-Weighted sound energy. The 24-hour day is divided into two subperiods for the DNL index, i.e., the daytime period from 7:00 a.m. to 10:00 p.m., and the nighttime period from 10:00 p.m. to 7:00 a.m. A 10 dB weighting factor is applied (added) to the noise levels occurring during the nighttime period to account for the greater sensitivity of people to noise during these hours. The DNL is calculated from the measured L_{eq} in accordance with the following mathematical formula:

$$DNL = \left[\left[(10 \log_{10}(10^{\sum L_{eq}(7-10)})) \times 15 \right] + \left[(10 \log_{10}(10^{\sum L_{eq}(10-7)}) + 10) \times 9 \right] \right] / 24$$

Where:

- $L_d = L_{eq}$ for the daytime (7:00 a.m. to 10:00 p.m.)
- $L_n = L_{eq}$ for the nighttime (10:00 p.m. to 7:00 a.m.)
- 24 - indicates the 24-hour period
- & - denotes decibel addition.

C. A-Weighted Sound Level

The decibel measure of the sound level utilizing the "A" weighted network of a sound level meter is referred to as "dBA". The "A" weighting is the accepted standard weighting system used when noise is measured and recorded for the purpose of determining total noise levels and conducting statistical analyses of the environment so that the output correlates well with the response of the human ear.

3. Instrumentation

The on-site field measurement data were acquired by the use of one or more of the precision acoustical instruments shown below. The acoustical instrumentation provides a direct readout of the L exceedance statistical levels including the equivalent-energy level (L_{eq}). Input to the meters was provided by a microphone extended to a height of 5 ft. above the ground. The meter conforms to ANSI S1.4 for Type 1 instruments and IEC 61672-1:2002 for Class 1 instruments. The "A" weighting network and the "Fast" response setting of the meter were used in conformance with the applicable ISO and IEC standards. All instrumentation was acoustically calibrated before and after field tests to assure accuracy.

Bruel & Kjaer 2231 Precision Integrating Sound Level Meter
Larson Davis LDL 812 Precision Integrating Sound Level Meter
Larson Davis 2900 Real Time Analyzer
Larson Davis 831 Precision Integrating Sound Level Meter

4. **Building Shell Controls**

The following additional precautionary measures are required to assure the greatest potential for exterior-to-interior noise attenuation by the recommended mitigation measures. These measures apply at those units where closed windows are required:

- Unshielded entry doors having a direct or side orientation toward the primary noise source must be 1-5/8" or 1-3/4" thick, insulated metal or solid-core wood construction with effective weather seals around the full perimeter. Mail slots should not be used in these doors or in the wall of a living space, as a significant noise leakage can occur through them.
- If any penetrations in the building shell are required for vents, piping, conduit, etc., sound leakage around these penetrations can be controlled by sealing all cracks and clearance spaces with a non-hardening caulking compound.
- Ventilation openings shall not compromise the acoustical integrity of the building shell.
- Spray-in or expandable foams are not acceptable as acoustical sealant or as sound absorptive material in walls and ceilings.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-538**

**RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED
DEVELOPMENT ZONE P-D(602). 1192 NORWEGIAN AVENUE**

WHEREAS, on August 14, 1979 by Ordinance 1867-C.S. and Resolution No. 79-844 the Modesto City Council adopted Planned Development Zone P-D(237) that allowed a legally-established but non-conforming broadcasting studio and parking lot on property located at 1192 Norwegian Avenue, and

WHEREAS, since adoption, the broadcast studio building was demolished and site vacated except for an existing radio broadcasting tower associated with the former broadcast studio, with cellular equipment and a cellular equipment lease area, which remains at the site, and

WHEREAS, on August 8, 2017 by Ordinance No. 3677-C.S. and Resolution No. 2017-329 the Modesto City Council adopted Planned Development Zone, P-D(602), to allow for a 16-unit senior assisted and independent housing development for residents 55 years and older, comprised of two single-story residential buildings and common areas, and a storage building for the sole use of the residents of the housing development, together with the existing radio broadcasting tower with cellular equipment and cellular equipment lease area on an as-is basis in accordance to Article 4, Chapter 3 of Title 10 of the Modesto Municipal Code, on property located at 1192 Norwegian Avenue, and

WHEREAS, a verified application for an amendment to P-D(602) was filed by 1192 Norwegian Modesto LP on August 28, 2019 to allow for Medium High Density (R-3) Zone uses and amendment of the approved development plan to allow for a two-story

24-unit apartment complex with parking at three spaces fewer than required by the City's Zoning Code for multi-family residential uses, and

WHEREAS, after a public hearing held on October 21, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2019-30, that amending the allowable uses of Planned Development Zone P-D(602) as requested will not be detrimental to the public health, safety or welfare because the proposed development will conform to City Standards, the requested zone change will result in an orderly planned use of land because the proposed development is compatible with the adjacent residential uses, and the requested zone change is in accordance with the community objectives as set forth in the Modesto Urban Area General Plan and any applicable specific plans(s) because new multi-family residential uses is consistent with the Modesto Urban Area General Plan, which designates the property as Mixed Use (MU), which allows for multi-family residential uses, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on December 3, 2019, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of 1192 Norwegian Modesto LP for a Planned Development Zone will not be detrimental to the public health, safety or welfare, will result in an orderly planned use of land, and is in accordance with the community objectives as set forth in the Modesto

Urban Area General Plan and any applicable specific plans(s) for the reasons set forth in Planning Commission Resolution No. 2019-30 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3714-C.S. on the 3rd day of December, amending the allowable uses of Planned Development Zone P-D(602) to allow:

1. All uses as permitted in the Medium High Density Residential (R-3) Zone.
2. Existing radio broadcasting tower with cellular equipment and cellular equipment lease area, on an as-is basis in accordance to Article 4, Chapter 3 of Title 10 of the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(602), is hereby approved subject to the following conditions:

1. Prior to the issuance of a building permit, all development shall conform to the development plan titled "1192 Norwegian Modesto LP, 1192 Norwegian, Modesto CA", stamped approved by the City Council on December 3, 2019.
2. Prior to the issuance of a building permit, any variation from the approved site plan or building elevations on file with the City must be reviewed and approved by the Director of Community and Economic Development or designee.
3. The improvement plans shall include all landscaping, parking and common areas, and any and all easements required for the establishment of new utilities and the preservation of existing utilities.
4. All existing underground and aboveground utilities, irrigation, and electrical lines shall be protected, relocated, or removed as required by the utility companies and City Engineer or designee. Easements for utilities, irrigation and electrical lines to remain shall be reserved as required. A 10-foot PUE is required along the Norwegian Avenue frontage.

5. Prior to occupancy of any structure, fences and/or walls shall be constructed as follows, to the satisfaction to the Director of Community and Economic Development:
 - a. An eight-foot-high decorative masonry wall with cap treatment along the east, west and south property lines.
 - b. The decorative masonry wall shall be treated with an anti-graffiti coating along the east, west and south exterior facades.
6. Prior to issuance of a building permit, trash enclosures shall be designed using building materials, colors and finishes which are consistent or compatible with those used in the major buildings of the development, as approved by the Community and Economic Development Director.
7. Prior to issuance of a building permit, the developer shall submit a lighting plan that includes the location and design of proposed lighting fixtures for review and approval by the Director of Community and Economic Development. Said plans shall include specifications of the proposed lighting fixtures and demonstrate the adequate shielding of lighting fixtures to minimize glare or light spillage upon neighboring residents west of the project site. The height of the lighting should not exceed 15 feet above grade.
8. Along pedestrian corridors, the use of low mounted bollard light standards, which reinforce pedestrian scale, shall be used. Steps and ramps should be illuminated wherever possible, with built-in light fixtures to the satisfaction of the Director of Community and Economic Development.
9. All signs shall comply with the sign requirements of the R-3 Zone.
10. Prior to Certificate of Occupancy of any structure, all ground mounted utility structures such as transformers and HVAC equipment shall be located out of view from a public street to the satisfaction of the Director of Community and Economic Development. Equipment shall be placed underground or adequately screened though the use of landscaping or masonry walls.
11. Exterior building elevations showing building wall materials, roof types, exterior colors and appropriate vertical dimensions shall be included in the development construction drawings.
12. Construction drawings shall demonstrate that all building drainage gutters, down spouts, vents, etc. located on exterior walls, are be completely concealed from public view or designed to be architecturally compatible (decorative) with the exterior building

design and color to the satisfaction of the Director of Community and Economic Development.

13. Any public improvements that are missing damaged or not to current City standards shall be designed per City standards in accordance with City Code (Article 7-1.701), standards and specifications. Such improvements may include, but not be limited to curb & gutter, drive approach, sidewalk, ADA access ramps, fire hydrants and street lights. All public improvement plans shall be designed by a Registered Engineer, reviewed and approved by the City Engineer prior to issuance of an Encroachment or Building permit.
14. There is an existing water service connection to this property from the 8-inch water main in Norwegian Avenue. If additional connection or an upgrade to the existing connection is required, then water connection fees shall be paid and an encroachment permit obtained from the City prior to any work being done in the public right-of-way.
15. There is an existing sewer connection to this property from the 8-inch sewer main in Norwegian Avenue. If additional connection or an upgrade to the existing connection is required, then sewer connection fees shall be paid and an encroachment permit obtained from the City prior to any work being done in the public right-of-way.
16. The City does not have a positive storm drain in this area. This area is served by rock wells which are for street storm water run-off and do not have the capacity to serve this project's expected on-site run-off demands. The storm water shall be kept on site according to current City standards. Storm water calculations will need to be submitted to the City along with the improvement plans for review and approval.
17. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit improvement plans conforming to design requirements of the most current edition City of Modesto Guidance Manual for Development, Stormwater Quality Control Measures and the City of Modesto Municipal Code.
18. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to integrate Low Impact Development (LID) principles into the project design. The plan shall retain, treat, and infiltrate the first 0.5" of stormwater run-off on site, and incorporate pervious landscape features into the project design wherever possible.

19. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan to provide permanent, post-construction treatment (grass swale, bioretention, vegetative strip, or other approved proprietary device) to remove pollutants from the first 0.5" of stormwater run-off from site.
20. Prior to the issuance of a Grading, Demolition, or Building Permit, Developer shall submit a plan for trash enclosures to be sufficiently elevated to prevent stormwater run-on from parking lot. Floor of enclosures shall be graded to drain into adjacent landscape areas.
21. Prior to the issuance of a Grading, Demolition, or Building Permit, Property Owner shall provide a signed and notarized Stormwater Treatment Device Access and Maintenance Agreement to Land Development Engineering, Stormwater for recording.
22. Prior to the issuance of a Grading, Demolition, or Building Permit, Property Owner shall obtain coverage for project under the State Water Resources Control Board (SWRCB) General Permit for Stormwater Discharges Associated with Construction and Land Disturbance Activities Order No. 2009-0009-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit No. CAS000002, as amended by 2010-0014-DWQ and 2012-0006-DWQ.
23. The Construction General Permit requires the Property Owner to develop a Stormwater Pollution Prevention Plan (SWPPP) for the project. The SWPPP shall include a description of all erosion, sediment, and pollution control BMPs to be used at the construction or demolition site to prevent sediment and other sources of pollution from entering the City storm drain system as well as a site plan showing their placement. Prior to issuance of a Grading, Demolition, or Building Permit, provide one paper copy of SWPPP to Land Development Engineering, Stormwater.
24. Proposed development designs shall comply with building codes adopted by the City of Modesto at time of building permit application, and be "wet" stamped by engineer.
25. Prior to issuance of a building permit, applicant shall specify if solar will be applicable, with reference to current requirements, 2016 Title 24, Building Energy Efficiency Standards.
26. Fire hydrant spacing and distribution for this project is 500-foot O.C. Improvement plans shall demonstrate the provision of onsite fire hydrants as required.

27. Buildings shall be equipped with automatic fire sprinkler systems installed in accordance with NFPA 13 or 13R. Electronic monitoring of automatic fire sprinkler may be required if a separate sprinkler water supply or a separate shutoff valve from the domestic supply is provided.
28. Improvement plans shall demonstrate the provision of required fire hydrants within 90-feet of the Fire Department Connection (FDC) to fire sprinklers.
29. Plans for any electronically controlled vehicle access gates shall be submitted to an approved by the Fire Marshall prior to installation.
30. Applicant shall submit Landscape and Irrigation (L&I) plans for review and approval by the City's Parks Planning and Development (PPD) Division. L&I plans shall meet the current State of California Model Water Efficient Landscape Ordinance (MWELo) requirements, Modesto Municipal Code (MMC) requirements and City of Modesto standards at time of submittal.
31. Applicant shall provide street trees along Norwegian Avenue. Street tree(s) shall be spaced thirty five (35') feet on center and located within seven feet (7') of the sidewalk or curb.
32. Applicant shall install parking lot shade trees per MMC requirements; one (1) shade tree for every eight (8) parking spaces, continuous and intermitted stall locations, within seven feet (7') of stalls.
33. Applicant shall install climbing vines on all walls, in a landscape planter, around the trash enclosure to discourage tagging.
34. Low Impact Development (LID) control and treatment measures shall be planted with vegetation for erosion protection and sediment entrapment to collect/treat storm water run-off before entering the storm drain system. Storm drainage basins shall be appropriately landscaped and irrigated to address the specific type of storm water control measure. Provide total square feet of the landscape area in project information.
35. Applicant shall install bicycle parking racks as part of the project development per MMC and Green Building Standards Code.
36. All department Conditions of Approval for the project shall be included with building plans and shall be continuously maintained on-site during project construction to the satisfaction of the Chief Building Official.
37. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

38. At the time of issuance of a building permit, the developer shall pay development impact fees at the established rate. Such fees may include but are not limited to, sewer and water connection fees, community facility fees, building permit and plan check fees.
39. Prior to start of construction, all-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions at all times during construction as required by Director of Community and Economic Development.
40. Prior to Certificate of Occupancy for any structure, the applicant shall enroll and participate in the City's Crime-Free Multi-Family Housing Program as administered by the Modesto Police Department.
41. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

The following conditions are mitigation measures from the City of Modesto General Plan Master EIR that are applicable to the project:

42. Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes. (Policy VII.H.2.mm)
43. Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities. (Policy VII.H.2.oo)
44. When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container. (Policy VII.H.2.qq)
45. Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the

use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (Policy VII.H.2.rr)

46. Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday. (Policy VII.H.2.tt)
47. Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%). (Policy VII.H.2.ww)
48. Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site. (Policy VII.H.2.xx)
49. Install wind breaks at windward side(s) of construction areas. (Policy VII.H.2.yy)
50. Suspend excavation and grading activity when winds exceed 20 mph (regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit). (Policy VII.H.2.zz)
51. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:
 - Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
 - Require impact tools to be equipped with shrouds or shields;
 - Require that the quietest equipment available be used; and,
 - Require selection of haul routes that affect the fewest number of people. (Policy VII-G.3.b)
52. Construction activities shall comply with the requirements of the City's Stormwater Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

53. Ensure that new development complies with the City of Modesto's *Stormwater Management Program: Guidance Manual for New Development Stormwater Quality Control Measures*. (Policy VI.G.5)
54. Require new development to implement an appropriate selection of permanent pollution control measures in accordance with the City's implementation policies for the municipal NPDES stormwater permit. (Policy VI.G.6)
55. Integrate Low Impact Development principles into proposed development projects' design. Low Impact Development is a storm water management and land development strategy that promotes conservation and use of natural on-site features combined with engineered small-scale hydrologic devices. In designing development projects, minimize the amount of impervious surface in order to maximize on-site infiltration of stormwater runoff and minimize the potential for storm water runoff from the site. (Policy VI.G.8)

2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(602):

The entire construction program be accomplished in one phase, construction to begin on or before two (2) years from the adoption of the Planned Development amendment, and completion to be not later than three (3) years from the date of adoption.

3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-7.108 of the Modesto Municipal Code.

4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 1 of Chapter 7 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance amending the allowable uses of the above-described Planned Development Zone, P-D(602), becomes effective.

BE IT FURTHER RESOLVED that the conditions of project approval set forth herein include certain fees, dedication requirements, reservations requirements, and other exactions, and that pursuant to Government Code Section 66020(d)(1), these conditions constitute written notice of a statement of the amount of such fees, and a description of the dedications, reservations, and other exactions.

BE IT FURTHER RESOLVED that the applicant is hereby further notified that the ninety (90) days approval period in which a protest of these fees, dedications, reservations, and other exactions, pursuant to Government Code Section 66020(a) can be filed, begins on December 3, 2019, and that if a protest is not filed within this ninety (90)-day period complying with all of the requirements of Section 66020, the applicant will be legally barred from later challenging such exactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-539**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2014042081): AMENDMENT TO PLANNED DEVELOPMENT ZONE P-D(602) TO ALLOW FOR NEW 24-UNIT TWO STORY APARTMENT COMPLEX

WHEREAS, on March 5, 2019, by Resolution 2019-108, City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2014042081) for the Modesto Urban Area General Plan, and

WHEREAS, 1192 Norwegian Modesto LP has proposed an amendment to Planned Development Zone P-D(602) to allow for a new 24-unit two-story apartment complex, property located at 1192 Norwegian Avenue, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2019-31 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on November 13, 2019, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on December 3, 2019, 2019, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Planned Development amendment, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of December, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: Ah You

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: 
ADAM U. LINDGREN, City Attorney

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the amendment to Planned Development Zone P-D(602) ("project") is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2014042081) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a Finding of Conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and,
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: PDA-19-003—Amendment to Planned Development Zone P-D(602) to allow for new 24-unit two-story apartment complex.
- B. Address or Location: 1192 Norwegian Avenue (APN 120-048-013)
- C. Applicant: 1192 Norwegian Modesto LP (c/o Andy Harless)
6440 Estelle Ave No. 3, Riverbank CA 95367
- D. City Contact Person: Katharine Martin, Associate Planner

Project Manager: Katharine Martin
Department: Community and Economic Development, Planning Division
Phone Number: 209-577-5465
E-mail address: kamartin@modestogov.com
- E. Current General Plan Designation(s): Mixed Use (MU)
- F. Current Zoning Classification(s): Planned Development Zone P-D(602)

G. Surrounding Land Uses:

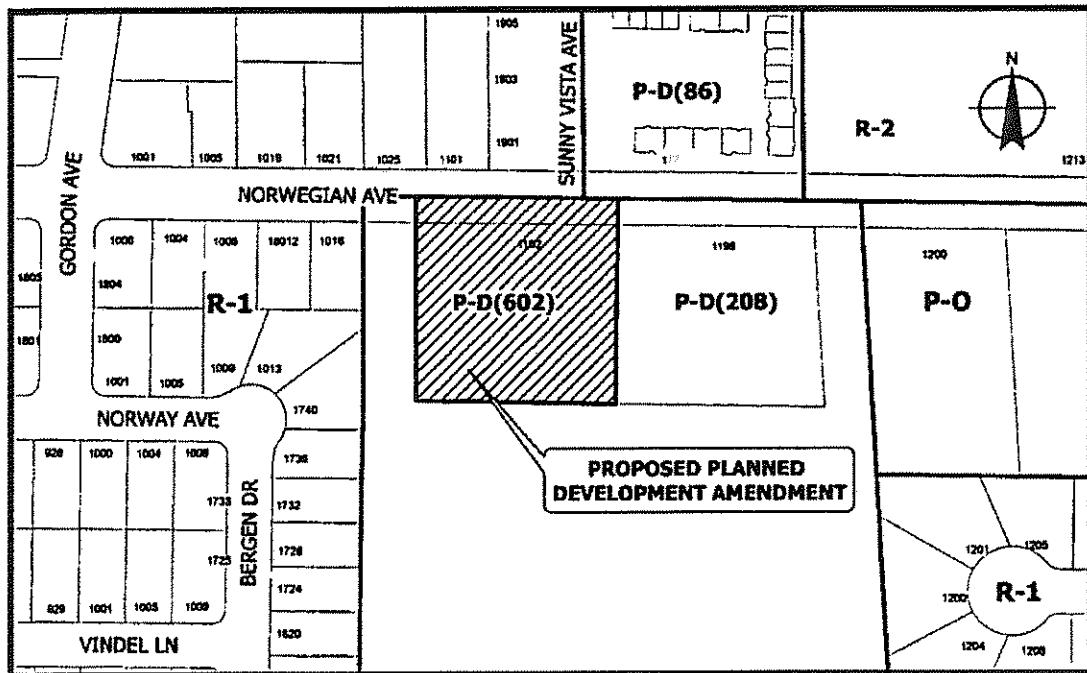

North: Low Density Residential (R-1) Zone, single family residential; Planned Development Zone P-D(86), Residential Condominiums

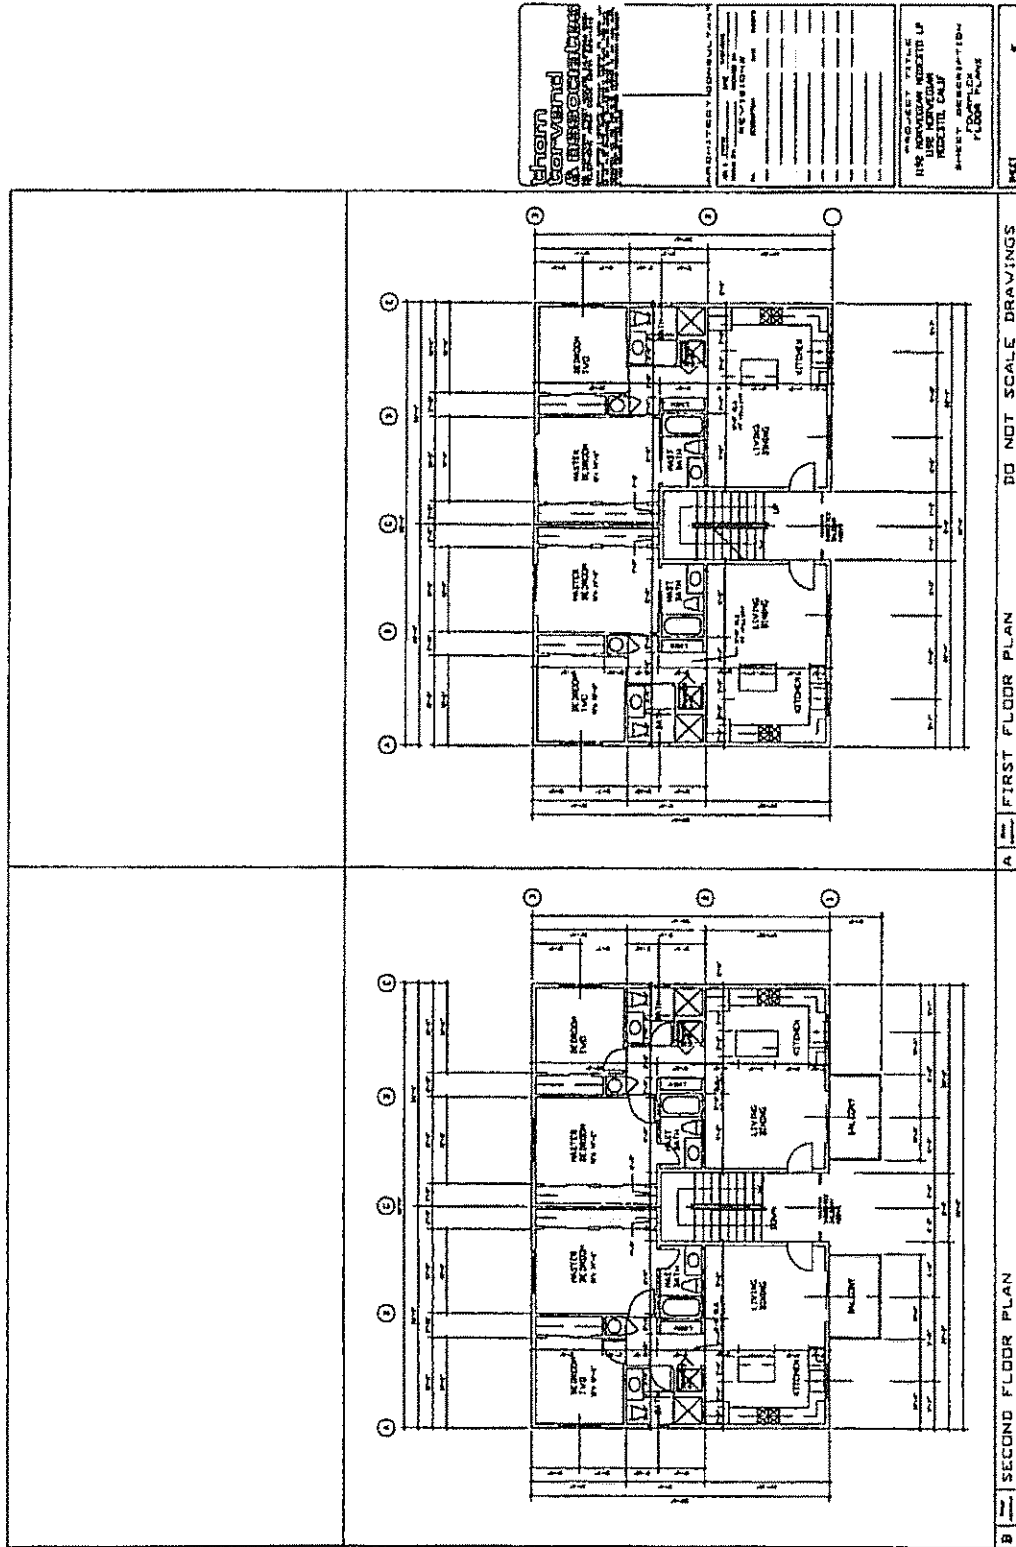

South and East: Planned Development Zone P-D(208), The House Church (formerly Calvary Temple), open space, soccer playing fields

West: Low Density Residential (R-1) Zone, single family residential; Planned Development Zone P-D(208), The House Church (formerly Calvary Temple), driveway to church facility parking lots.

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Proposal to amend the allowable uses and development plan of Planned Development Zone P-D(602) to allow for a 24-unit two-story apartment complex with associated off-street parking. Existing cellular tower at south end of site to remain within a 30-37-ft lease area. Allowable uses proposed to be amended from senior housing only to all uses within the Medium High Density Residential (R-3) Zone.

**PDA-19-003
 FLOOR PLANS**

**PDA-19-003
 BUILDING ELEVATIONS**

I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS / DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** – The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:
- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR;
 - B. No new or additional mitigation measures or alternatives are required;
 - C. The subsequent project is within the scope of the project covered by the Master EIR;
 - D. All applicable policies, regulations, and/or mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project; and,
 - E. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.
2. **Mitigated Negative Declaration Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:
- A. The subsequent project is within the scope of the project covered by the Master EIR;
 - B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
 - C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less than significant level; and,
 - D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.
3. **Focused EIR Required** – On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:
- A. The subsequent project is within the scope of the project covered by the Master EIR;

- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project;
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result; and,
- D. No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified, and no new information, which was not known and could not have been known at the time that the Master EIR was certified as complete, has become available.

Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MASTER EIR if certain criteria are met. If the following statements are found to be true for all 20 impact categories included in this Initial Study, then the proposed project is addressed by the Master EIR analysis and is within the scope of the Master EIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	City policies that reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place as "mitigating policies" attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using the Master EIR's mitigating policies only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5)	The project will occur within the boundaries of the City's planning area as established in the Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6)	Implementation of the project will comply with all appropriate mitigating policies contained and enumerated in the 2019 Urban Area General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The Master EIR should be reviewed on a regular basis to determine its currency, and whether additional analysis / mitigation should be incorporated into the Master EIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 20 of this document in light of the criteria listed below to determine whether the Master EIR is current. The analyses contained within the Master EIR are current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the Urban Area General Plan Master EIR occurred less than five (5) years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	The proposed project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified;	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available; and,	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development, remain in full force and effect.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The General Plan Master EIR was last certified on March 5, 2019. The analysis contained in the Master EIR is adequate for subsequent projects, as documented in the discussion below.
- (2) The project is consistent with the analysis contained in the Master EIR. This is documented in the discussion of the 20 individual evaluation topics within this initial study.
 - (2)(a) There have been no substantive changes to the Urban Area General Plan since the Master EIR was certified that would create additional significant environmental effects that were not analyzed by the Master EIR.
 - (2)(b) There has been no new information that would affect the adequacy of the analysis contained in the Master EIR.
 - (2)(c) All policies contained in the Master EIR that require site-specific mitigation or avoidance of impacts remain in effect and will be applied to the project as appropriate.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect(s) to the environment that was not examined in the Final Master EIR for the Urban Area General Plan, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the Master EIR. Adoption of the findings specified in Section III.1, above, after completion of the Initial Study fulfills the City's obligation in that situation. All environmental effects cited reflect 2040 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty subject / topical areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigating policies.

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see Master EIR Table V-1-6, pages V-1-36 to V-1-39) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled (see Master EIR Tables V-1-7 through V-1-10, pages V-1-44 through V-1-45).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also: Section 2, Air Quality and Greenhouse Gas Emissions; Section 3, Generation of Noise; Section 18, Energy; Section 19, Visual Resources; and, Section 20, Land Use and Planning).

b. Urban Area General Plan Mitigating Policies Applied to the Project

Traffic and Circulation-related mitigating policies pertinent to this project are found on Master EIR pages V-1-7 through V-1-30. All mitigating policies appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures regarding traffic from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan. The following is an analysis of whether the proposed project would result in any new, significant, project-specific effect(s) that were not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following thresholds / criteria:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project would conflict with an applicable plan, ordinance or policy (including those within the Urban Area General Plan) establishing measures of effectiveness for the performance of the circulation system, taking into account all modes of transportation including mass transit and non-motorized travel and relevant components of the circulation system including, but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with an applicable congestion management program, including, but not limited to, level of service standards and travel demand measures, or other standards established by the county congestion management agency, for designated facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially increase hazards due to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment), or result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would conflict with adopted policies, plans, or programs regarding public transit, bicycle, or pedestrian facilities, or otherwise decrease the performance or safety of such facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would result in projected Level of Service "D" or worse for non-exempt City of Modesto roadways, Caltrans facilities, and/or County of Stanislaus roadways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project consists of the development of approximately 1.1 acres within the Baseline Urbanized Area for a 24-unit apartment complex. The site was formerly the location of a radio broadcasting studio, of which the studio building has been since demolished but the radio tower with cellular equipment is to remain within a 30x37-ft lease area. The project was referred to Land Development Engineering, Traffic, who indicated no concerns with traffic volumes or impacts to alternative modes of transportation.
- (2) The project would not exceed a level of service standard established by the county congestion management agency (StanCOG).
- (3) The proposed project would not result in a change in air traffic patterns. The project is proposed to be two-story with a building height of 29-feet. The project site is not located within a safety zone as established by the Airport Land Use Commission. The nearest airport is the City-County Airport approximately three miles away to the southeast.
- (4) The proposed project would not substantially increase hazards due to a design feature. The project was referred to the City Fire Department and Traffic Engineering Department, who indicated no concerns.
- (5) Traffic Staff have reviewed this proposal and indicated no issues with adopted plans for alternative transportation. A bus stop is located on Norwegian Avenue at the northeast corner of the site.
- (6) There are no significant changes in the level of service or the volume-capacity ratio as a result of the project, and therefore there are no significant cumulative (long-term) traffic impacts.

2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigating policies.

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x), and increased carbon monoxide (CO) levels in the project area (see Master EIR Tables V-2-4 through V-2-6, pages V-2-40 through V-2-41).

Effect: Expected construction and development activities could result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see Master EIR page V-2-31, "2. Significant Direct Impacts").

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Air quality-related mitigating policies that are relevant to the proposed project are found on pages V-2-8 through V-2-29 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate policies to be applied to this project include AQ-103, AQ-105, AQ-107, AQ-108, AQ-110, and AQ-113-116 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2. AIR QUALITY AND GREENHOUSE GAS EMISSIONS				
1) The proposed project would be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would violate any air quality standard or contribute substantially to existing or projected violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7) The proposed project would generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing the emission of greenhouse gases.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project involves amendment of a Planned Development Zone to allow for the construction of a new 24-unit two-story apartment complex on 1.1 acres. The proposed project would not be inconsistent with the air quality and greenhouse gas emissions policies in the Urban Area General Plan.
- (2) The proposed project would not conflict with or obstruct implementation of the applicable air quality plan.
- (3) The proposed project is residential in nature and would not violate any air quality standard or contribute substantially to existing or projected violation.
- (4) The proposed project would not result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment under an applicable federal or state ambient air quality standard.
- (5) The proposed project would not expose sensitive receptors to substantial pollutant concentrations.
- (6) The project would not create objectionable odors affecting a substantial number of people.
- (7) The proposed project would not generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.
- (8) The project would not exceed emissions thresholds established by the SJVUAPCD, and is consistent with the development standards for a residential use as established by the General Plan.

3. GENERATION OF NOISE AND VIBRATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise and vibration impacts expected after application of mitigating policies.

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development consistent with the Urban Area General Plan will exceed the City’s noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see Master EIR Table V-3-9, pages V-3-28 through V-3-31).

Effect: New noise-generating land uses could produce noise levels that would exceed the City’s noise thresholds of acceptability at sensitive receptors in the vicinity.

Effect: Construction noise would cause a temporary or periodic increase in noise exposure above ambient noise levels.

Effect: Demolition and construction activities may expose people to excessive vibration levels.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Noise policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-3-18 through V-3-24 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, “Mitigating Policies Applied to Project.”

Discussion:

The appropriate policies to be applied to this project include Noise-4 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the Master EIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project’s effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
3. NOISE AND VIBRATION				
1) The proposed project is inconsistent with Urban Area General Plan noise and vibration policies and	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
standards.				
2) The proposed project would generate excessive ground-borne noise and/or vibration levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a permanent increase of 3 dBA where any other noise threshold or standard would be exceeded, and/or 5 dBA where noise levels would otherwise fall within acceptable limits, in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would result in a substantial temporary or periodic increase in ambient noise levels existing without the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5) For a project located within an airport land use plan, or where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, the proposed project would result in exposure of people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, the proposed project would expose people residing or working in the project area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) For new residential development within 200 feet of active rail lines, the proposed project would result in noise levels generated during train passbys that exceed 50 dBA Lmax inside bedrooms or 55 dBA Lmax inside other occupied areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is not inconsistent with Urban Area General Plan noise and vibration policies and standards.
- (2-3) The project would not generate excessive ground-borne noise or vibration levels, or lead to a permanent increase in ambient noise level. The project is residential in nature with the development of 24 apartment units.
- (4) The project consists of the development of approximately 1.1 acres for a 24-unit apartment complex. Any increase in noise would be construction-related and temporary, and less than significant impact with mitigation measures applied. The subsequent development would be required to adhere to the City's noise ordinance.
- (5) The site is not located within an airport land use plan, and is approximately three miles away from the nearest public airport.

- (6) The site is not within the vicinity of a private airstrip.
- (7) The site is not within 200 feet of an active railroad line.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigating policies.

Direct Impacts

Effect: Development consistent with the Urban Area General Plan may convert up to approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,100 acres of urban development along a 350-foot wide 26-mile boundary between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 10,500 acres of farmland in various categories in the Planned Urbanizing Area to 2040.

b. Urban Area General Plan Mitigating Policies Pertinent to the Project

Agricultural land-related mitigating policies pertinent to the proposed project are found on pages V-4-4 to and V-4-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures regarding agricultural lands from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect(s) not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would be inconsistent with the Urban Area General Plan policies relating to agricultural resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would convert areas of Prime Farmland, Unique Farmland or Farmland of Statewide Importance to non-agricultural uses, impair the agricultural productivity of prime agricultural land, or result in substantial pesticide overspray, dust, or noise at urban uses.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with existing zoning for agricultural use, or with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would conflict with existing zoning for, or cause rezoning of, forest land or timberland.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in the loss of forest land or conversion of forest land to non-forest use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would involve other changes to the environment that could result in conversion of farmland or forest land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is a vacant infill area within the Baseline Developed Area not in agricultural production, and is completely surrounded by urbanized area consisting of residential uses and the House Church of Modesto. The project would therefore not be inconsistent with the General Plan's policies related to agricultural land.
- (2-3) The project site is not zoned for agricultural use, and no Williamson Act contract is in place on the property. The site is surrounded by urban area and would not cause the conversion of farmland to a non-agricultural use.
- (4-6) The project would not cause the rezoning of forest land or timberland. The project site is within an urbanized area not in the vicinity of any forest or timberland.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigating policies.

Direct Impacts

Effect: Implementation of the Urban Area General Plan could substantially deplete groundwater supply or interfere with recharge.

Effect: Implementation of the Urban Area General Plan could necessitate construction of new water treatment facilities, or expansion of existing facilities, the construction of which could cause significant environmental effects.

Effect: Implementation of the Urban Area General Plan could necessitate expansion of existing water supply entitlements.

Cumulative Impacts

Effect: Groundwater withdrawals from both subbasins by the City, when combined with other users' withdrawals, may result in overdrafting.

Effect: Cumulative impacts resulting from construction of new water treatment facilities, or expansion of existing facilities, could cause significant environmental effects.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Water supply-related mitigating policies pertinent to the proposed project are found on pages V-5-11 through V-5-16 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures regarding water supply from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
5. EFFECTS RELATIVE TO INCREASED DEMAND FOR LONG TERM WATER SUPPLIES				
1) The proposed project is inconsistent with the Urban Area General Plan policies relating to water supply.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The proposed project would substantially deplete groundwater supply, interfere with groundwater recharge, result in water demand exceeds the capacity for recharge or that would contribute to overdraft of the groundwater basins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would exceed existing water supply entitlements or require expansion of entitlements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the water supply policies in the General Plan.
- (2) The proposed project is consistent with the ground water demands assumed in the General Plan. The project would not have a significant effect on ground water recharge or depletion of long-term water supplies.
- (3-4) The project was referred to Land Development Engineering Staff who indicated no concerns with water supply to the project. The proposed development will not exceed estimates or water supplies needed to serve other entitlements and resources.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigating policies.

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in exceedance of wastewater treatment requirements of the Central Valley RWQCB.

Effect: Development resulting from implementation of the Urban Area General Plan may require or result in construction of new wastewater facilities, or the expansion of existing facilities, that could cause significant effects.

Effect: Development resulting from implementation of the Urban Area General Plan may result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the projected demand in addition to the provider’s existing commitments.

Cumulative Impacts

Effect: Development resulting from implementation of the Urban Area General Plan may result in cumulative effects similar to those described under "direct Impacts," above.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Sewer service-related mitigating policies that are relevant to the proposed project are found on pages V-6-3 through V-6-7 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan, or would exceed wastewater treatment requirements of the Central Valley RWQCB.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would require or result in the construction of new wastewater facilities or the expansion of existing facilities, beyond those identified improvements needed to serve the proposed project, which would cause significant effects.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would result in a finding that the wastewater treatment facilities do not have adequate capacity to serve the proposed project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project consists of the development of approximately 1.1 acres for an apartment complex of 24 residential units. The project would be consistent with the General Plan's policies relating to wastewater and conform to applicable City Zoning Codes and Standards.
- (2-3) The project would not generate sewage flows greater than estimates for a project of similar residential uses. The project was referred to Land Development Engineering, who indicated no concerns with the project.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plant habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring increased density / intensity for new development than has occurred in the past, or that is expected in the future, would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Wildlife and plant habitat-related mitigating policies that are pertinent to the proposed project are found on pages V-7-18 through V-7-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7. LOSS OF PLANT AND WILDLIFE HABITAT				
1) The proposed project is inconsistent with the Urban Area General Plan policies related to loss of sensitive plant and wildlife habitat.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive or special-status species in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would have a substantial adverse effect on federally-protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marshes, vernal pools, coastal wetlands, etc.) through direct removal, filling, hydrological interruption or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project consists of the development of approximately 1.1 acres for a 24-unit apartment complex. The project would not be inconsistent with General Plan policies pertaining to wildlife and plant habitat.
- (2-5) The project site is located within the Baseline Developed Area of the City and is completely surrounded by developed urban area consisting of residential uses and the House Church of Modesto. It is not a biologically sensitive site as defined by Figure V-7-1 of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (6-7) The project is not in conflict with any local policies or ordinances protecting biological resources, nor is in conflict with any adopted habitat conservation plan. The city does not have a heritage tree ordinance.

8. DISTURBANCE OF ARCHAEOLOGICAL / HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological / historical sites expected after application of mitigating policies.

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historically relevant resource, or the demolition of a listed or eligible historically relevant resource.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR. The Direct impact described above could also result in a significant cumulative impact.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Archaeological or historic resource-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-25 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the Master EIR discloses impacts on archaeological / historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the

proposed project would result in any new, significant, project-specific effect(s) not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
8. ARCHAEOLOGICAL / HISTORICAL SITES				
1) The proposed project is inconsistent with the Urban Area General Plan archaeological / historical resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in a modification that would result in a substantial adverse change in the significance of the resource or demolition of a listed or eligible historic resource.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have an adverse effect on any structure more than 50 years old that has been determined to have historical significance per policy AH-3 as shown in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would involve the removal of known significant resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in an adverse impact to undiscovered archaeological and/or paleontological resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would cause a substantial adverse change to a tribal cultural resource, as defined by State law, that is listed (or is eligible for listing) in the California Register of Historical Resources (or a local register of historical resources), or that otherwise has potential significance to a California Native American Tribe, including human remains.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project would not be inconsistent with General Plan policies pertaining to archaeological or historic resources.
- (2-6) The project site is vacant infill land surrounded by urban uses, previously developed with a radio station building previously demolished and currently the site of a cellular tower within a 30x37 ft lease area. The site is not classified as being of state or federal historic status nor is eligible for listing for such status.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: Existing drainage inadequacies, combined with the associated increase in impervious surface areas created by pavement and structures, have the potential to increase the rate or amount of runoff in a manner that could result in flooding in the urban area. Cumulative hydrologic impacts of storm water flows from Modesto's urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Storm Drainage-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: SD-10, SD-12, SD-13 and SD-15 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MASTER EIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the Urban Area General Plan storm drainage policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in on- or off-site flooding.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3) The proposed project would create or contribute runoff water that would exceed the capacity of existing or planned storm drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) Construction activities will comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. In addition, the City will ensure that new development complies with the City of Modesto's Stormwater Management Program: Guidance Manual for New Development Stormwater Quality Control Measures. These policies will be implemented as conditions of project approval.
- (2) The project is not located in an area that has a positive storm drainage system. The project will be required to manage storm water impacts on-site as required in accordance to current City Standards and its amendments, as a condition of approval.
- (3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures." This requirement will be implemented as a condition of project approval.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Flooding and Water Quality-related mitigating policies that are pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

The appropriate mitigating policies to be applied to this project include: FWQ-11, FWQ-13, FWQ-14 and FWQ-16 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would place housing within a 100-year flood hazard area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place structures within a 100-year floodplain as defined by FEMA.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose people or structures to a significant risk of loss, injury or death including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards, including groundwater standards administered by the SWRCB's DDW, standards for surface water quality such as the NPDES or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
7) The proposed project would substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff water that would provide substantial additional sources of polluted runoff or substantially increase the rate or amount of surface runoff in a manner that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is consistent with the flooding and water quality policies in the Urban Area General Plan.
- (2-3) The project site is not within a 100-year flood hazard zone as established by the Federal Emergency Management Agency (FEMA) Flood Rate Insurance Map 06099C0340E dated September 26, 2008.
- (4) The site is not in the vicinity of a levee or dam. The nearest waterway is Dry Creek approximately 1.7 miles to the south.
- (5, 7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.
- (6) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures. This will be implemented as a condition of project approval.
- (8) The project is not located in an area that has a positive storm drainage system. The project will be required to manage storm water impacts on-site as required in accordance to current City Standards and its amendments, as a condition of approval.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Parks and open space-related mitigating policies that are pertinent to the proposed project are found on pages V-11-2 through V-11-8 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MASTER EIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the Urban Area General Plan parks and open space policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would not provide at least three (3) total acres of parkland and open space per 1,000 people (one acre for neighborhood park facilities; two acres for community park facilities).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the parks and open space policies in the General Plan.
- (2) The project would not eliminate an existing park or designated open space. The project is on a vacant site that was previously developed with a radio broadcasting station, since demolished.

- (3) The project consists of the development of 24 residential apartment units. The project would not be required to provide for additional park space.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts resulting from implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

Schools-related mitigating policies that are relevant to the proposed project can be found on pages V-12-3 through V-12-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with Urban Area General Plan school policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in new student population that exceeds the school system capacity, or if the project conflicts with established educational uses of the area, except to the limits established under SB50 / Proposition 1A as subsequently amended.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the policies relating to schools in the General Plan.
- (2) The project was referred to Modesto City Schools who indicated no concerns with the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Police services-related mitigating policies that are pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to police service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in development occurring in an area(s) that cannot be adequately served by existing or budgeted police personnel and facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the policies relating to police services in the General Plan.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Fire Services-related mitigating policies pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the Master EIR. All mitigating policies appropriate to the

project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with Urban Area General Plan policies relating to fire service.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in any substantial adverse impact(s) associated with the need for – and/or provision of – new or physically altered fire service facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable response times.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the fire service policies in the General Plan.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Solid waste-related mitigating policies that are pertinent to the proposed project are found on pages V-15-4 through V-15-5 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The project would result in solid waste generation that exceeds the projected capacity of existing landfills and waste-reduction facilities, or if it would result in non-compliance with any federal, state or local statutes or regulations related to solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the solid waste policies in the General Plan.
- (2) This project was referred to the Solid Waste Division for review, who indicated no concerns over service to the project area.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Hazardous materials-related mitigating policies that are pertinent to the proposed project are found on pages V-16-5 through V-16-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
16. HAZARDS AND HAZARDOUS MATERIALS				
1) The proposed project is inconsistent with the Urban Area General Plan hazards and hazardous materials policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials, or through reasonably foreseeable upset	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
and accident conditions involving the release of hazardous materials into the environment.				
3) The proposed project would result in hazardous materials emissions or handle hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would create a significant hazard to the public or environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) For a project located within an airport land use plan or, where such a plan has not been adopted, within two (2) miles of a public airport or public use airport, would result in a safety hazard for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) For a project within the vicinity of a private airstrip, a safety hazard would result for people residing or working in the project area.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the hazardous materials policies in the General Plan.
- (2-3) No hazardous materials will be involved with this project. The site is not within a quarter-mile of a school.
- (4) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.
- (5-6) The site is not within an airport land use plan nor in the vicinity of any airports or private airfields.
- (7) The project would not interfere with an adopted emergency response or evacuation plan.

(8) The project site is not located near any wildland areas nor is at risk for wildland fire.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

Geology, soils, and mineral resource-related mitigating policies that are pertinent to the proposed project are found on pages V-17-7 through V-17-10 of the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2) The proposed project would expose people or structures to potential substantial adverse effects including: the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; loss of topsoil; or, result in the loss of availability of known mineral resources that would be of value to the region and the state.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with policies relating to geology, soils, and mineral resources in the General Plan.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no known mineral resources of value to the region and the state on the property.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following energy-related mitigating policies that are pertinent to the proposed project are found on pages V-18-2 and V-18-3 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the energy policies in the General Plan.
- (2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Urban Area General Plan Mitigating Policies Applied to the Project

The following visual resources-related mitigating policies pertinent to the proposed project are found on pages V-19-2 and V-19-3 in the Master EIR. All mitigating policies appropriate to the project will

be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on visual resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
19. VISUAL RESOURCES				
1) The proposed project is inconsistent with the Urban Area General Plan visual resource policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would substantially damage scenic resources, including trees, rock outcrops, and/or historic buildings along a state scenic highway.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially degrade the existing visual character or quality of the site and its surroundings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create a new source of substantial light or glare that would adversely affect daytime or nighttime views.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would substantially degrade views from riverside areas and parks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially degrade views of riverside areas from public roadways and/or nearby properties.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the policies relating the visual resources in the General Plan.

- (2) The project would not have an adverse impact on a scenic vista. The site is located within the Baseline Urbanized Area of the City and is surrounded by urban uses.
- (3-4) The project would not impact scenic resources, nor degrade the existing visual character or quality of the site and its surroundings.
- (5) The project would not cause substantial light or glare.
- (6) The project would not impact views from riverside areas and parks.
- (7) The project would not impact views of riverside areas from roadways or nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigating policies.

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning-related mitigating policies pertinent to the proposed project are found on pages V-20-5 through V-20-12 in the Master EIR. All mitigating policies appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, "Mitigating Policies Applied to Project."

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant w/Mitigating Policies	Less Than Significant Impact	No Impact
2D. LAND USE AND PLANNING				
1) The proposed project is inconsistent the Urban Area General Plan land use and planning policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is designated as Mixed Use (MU) in the General Plan, which allows for residential uses. The project is consistent with the current General Plan Land Use Designation, and therefore is consistent with land use and planning policies in the General Plan.
- (2) The project would not divide an established community. The surrounding area is developed with residential uses including the House Church of Modesto to the south and east. The proposed subdivision is consistent with the surrounding uses and would not divide existing neighborhood.
- (3) The project does not conflict with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.
- (4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

V. APPLICABLE URBAN AREA GENERAL PLAN MITIGATING POLICIES

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration or Focused EIR must be prepared for the project, then Section B, below, applies.

A. Urban Area General Plan Mitigating Policies Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigating policies from the Master EIR shall be incorporated into the proposed

project. Urban Area General Plan Policies that mitigate impacts shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigating policies have been applied to the project (listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect: None.

Traffic and Circulation:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Traffic study(ies) may be required for any given project(s).

Air Quality and Greenhouse Gases:

AQ-103. Effectively stabilize dust emissions using water, chemical stabilizer / suppressant, cover with a tarp or other suitable cover or vegetative ground cover, all disturbed areas, including storage piles, which are not being actively utilized for construction purposes. (Policy VII.H.2.mm)

AQ-105. Effectively control fugitive dust emissions utilizing application of water or by presoaking all land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities. (Policy VII.H.2.oo)

AQ-107. When materials are transported off site, cover all materials, or effectively wet them to limit visible dust emissions, and maintain at least six inches of freeboard from top of container. (Policy VII.H.2.qq)

AQ-108. Limit operations or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (Policy VII.H.2.rr)

AQ-110. Within urban areas, immediately remove trackout when it extends 50 or more feet from the site and at the end of each workday. (Policy VII.H.2.tt)

AQ-113. Install sandbags or other erosion control measures to prevent silt runoff to public roadways from sites with a slope greater than one percent (1%). (Policy VII.H.2.ww)

AQ-114. Install wheel washers for all exiting trucks, or wash all trucks and equipment leaving the site. (Policy VII.H.2.xx)

AQ-115. Install wind breaks at windward side(s) of construction areas. (Policy VII.H.2.yy)

AQ-116. Suspend excavation and grading activity when winds exceed 20 mph (regardless of windspeed, an owner/operator must comply with Regulation VIII's 20 percent opacity limit). (Policy VII.H.2.zz)

Generation of Noise and Vibration:

Noise-4. Implement noise-reducing construction practices as conditions of approval where substantial construction-related noise impacts would be likely to occur, such as with extended periods of pile driving, or where construction is expected to continue or where sensitive receptors would be affected by construction noise. Conditions of approval may include, but are not limited to:

- Require construction equipment, including air compressors and pneumatic equipment to have properly maintained mufflers;
- Require impact tools to be equipped with shrouds or shields;
- Require that the quietest equipment available be used; and,
- Require selection of haul routes that affect the fewest number of people. (Policy VII-G.3.b)

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Water studies / analyses may be required depending on the scope or location of the proposed development project.

Increased Demand for Sanitary Sewer Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category. Sanitary sewage generation and/or capacity studies may be required depending on the scope or location of the proposed development project.

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological / Historic Sites:

N/A

Increased Demand for Storm Drainage:

SD-10. Construction activities shall comply with the requirements of the City's Stormwater Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

SD-12. Ensure that new development complies with the City of Modesto's *Stormwater Management Program: Guidance Manual for New Development Stormwater Quality Control Measures*. (Policy VI.G.5)

SD-13. Require new development to implement an appropriate selection of permanent pollution control measures in accordance with the City's implementation policies for the municipal NPDES stormwater permit. (Policy VI.G.6)

SD-15. Integrate Low Impact Development principles into proposed development projects' design. Low Impact Development is a storm water management and land development strategy that promotes conservation and use of natural on-site features combined with engineered small-scale hydrologic devices. In designing development projects, minimize the amount of impervious surface in order to maximize on-site infiltration of stormwater runoff and minimize the potential for storm water runoff from the site. (Policy VI.G.8)

Flooding and Water Quality:

FWQ-11. Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (Policy VI.G.3)

FWQ-13. Ensure that new development complies with the City of Modesto's Stormwater Management Program: Guidance Manual for New Development Stormwater Quality Control Measures. (Policy VI.G.5)

FWQ-14. Require new development to implement an appropriate selection of permanent pollution control measures in accordance with the City's implementation policies for the municipal NPDES stormwater permit. (Policy VI.G.6)

FWQ-16. Integrate Low Impact Development principles into proposed development projects' design. Low Impact Development is a storm water management and land development strategy that promotes conservation and use of natural on-site features combined with engineered small-scale hydrologic devices. In designing development projects, minimize the amount of impervious surface in order to maximize on-site infiltration of stormwater runoff and minimize the potential for storm water runoff from the site. (Policy VI.G.8)

Increased Demand for Parks and Open Space:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Schools:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Police Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Increased Demand for Fire Services:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Generation of Solid Waste:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Generation of Hazardous Materials:

N/A

Geology, Soils, and Mineral Resources:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Energy:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Effects on Visual Resources:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

Land Use and Planning:

There are no standard / typical examples of general plan policies that would mitigate project-specific impacts for this category.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-541**

**RESOLUTION ACCEPTING THE RESIGNATION OF MIGUEL JIMENEZ, AS
A REGISTERED COUNTY VOTER RESIDING OUTSIDE OF MODESTO,
FROM THE CITY OF MODESTO CULTURE COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Culture Commission is comprised of seven members representing County Registered Voters: five (5) who reside in the City of Modesto and two (2) who live outside of the City of Modesto, and

WHEREAS, Miguel Jimenez was appointed to serve as a member of the Culture Commission on August 8, 2018 by Resolution No. 2018-300, and

WHEREAS, Mr. Jimenez has tendered his resignation from the Culture Commission on November 15, 2019.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts, with regret, the resignation of Miguel Jimenez as a Commissioner of the Culture Commission representing a County Registered Voter residing outside the City of Modesto.

BE IT FURTHER RESOLVED that the City Clerk is hereby directed to transmit a copy of this resolution to the removed member of the Culture Commission, and the Secretary, thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

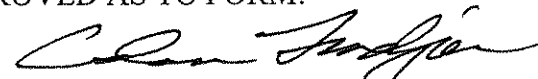

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: 
ADAM U. LINDGREN, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-542**

RESOLUTION APPROVING AGREEMENT NO. 19R465000-0 WITH THE STATE OF CALIFORNIA, DEPARTMENT OF HIGHWAY PATROL FOR THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1 PROJECT IN AN AMOUNT NOT TO EXCEED \$331,486 FOR TRAFFIC CONTROL RELATED SERVICES DURING THE CONSTRUCTION PHASE OF THE PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue, and

WHEREAS, the Project includes construction of an access-controlled, 2-lane expressway along a new alignment just south of Kansas Avenue starting from the east side of SR-99 at the west end of the Needham Street Bridge, west to Dakota Avenue and then along Dakota Avenue to the existing SR-132/Maze Boulevard, and

WHEREAS, grade separations will be constructed at Rosemore Avenue, Carpenter Avenue, Emerald Avenue and SR-99, and

WHEREAS, on September 24, 2019 per Resolution 2019-439, Council awarded a construction contract to Bay Cities Paving & Grading and construction activities are expected to begin in early December, 2019, and

WHEREAS, one of the first items of work will occur within the SR-99 right of way and require traffic control related services from the California Highway Patrol (CHP), and

WHEREAS Caltrans requires that the Construction Zone Enhanced Enforcement Program (COZEEP) is implemented for this project. Prior to the CHP performing the services required of the COZEEP program, an agreement must be executed, and

WHEREAS, the Agreement No. 19R465000-0 commits the City of Modesto to provide reimbursement to the CHP for all traffic control related services provided to the project during the construction phase of the project in an amount not to exceed three hundred thirty one thousand four hundred and eighty six dollars (\$331,486.00).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Agreement No. 19R465000-0 with the State of California, Department of Highway Patrol for the State Route 132 West Freeway/Expressway Phase 1 Project in an amount not to exceed \$331,486 for the traffic control related services during the construction phase of the project.

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Zoslocki, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: 
ADAM U. LINDGREN, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-543**

**RESOLUTION APPROVING A PROJECT OVERSIGHT AGREEMENT
BETWEEN FEDERAL HIGHWAY ADMINISTRATION, THE CALIFORNIA
DEPARTMENT OF TRANSPORTATION AND THE CITY OF MODESTO FOR
THE STATE ROUTE 132 WEST FREEWAY/EXPRESSWAY PHASE 1, AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE
THE AGREEMENT**

WHEREAS, the State Route 132 West Freeway/Expressway – Phase 1 Project (Project) proposes to construct a two-lane highway on a new alignment in Stanislaus County and the City of Modesto from State Route 99 just south of Kansas Avenue to Dakota Avenue, and

WHEREAS, the Project includes construction of an access-controlled, 2-lane expressway along a new alignment just south of Kansas Avenue starting from the east side of SR-99 at the west end of the Needham Street Bridge, west to Dakota Avenue and then along Dakota Avenue to the existing SR-132/Maze Boulevard, and

WHEREAS, on September 24, 2019 per Resolution 2019-439, Council awarded a construction contract to Bay Cities Paving & Grading and construction activities are expected to begin in early December, 2019, and

WHEREAS, per the Federal Highway Administration (FHWA) California Division and the State of California Department of Transportation (Caltrans), a Project Oversight Agreement (POA) is required for any project that has been identified as a Project of Division Interest (PoDI), and

WHEREAS, this Project has been selected as a PoDI because it was awarded a Transportation Investment Generating Economic Recovery (TIGER) grant from the U.S. Department of Transportation, and

WHEREAS, the POA assigns specific project responsibilities for the development and delivery of the PoDI, and

WHEREAS, the POA serves as a supplement to the Stewardship and Oversight Agreement on Project Assumption and Program Oversight between the Federal Highway Administration (FHWA) California Division and the State of California Department of Transportation (Caltrans) dated May 28, 2015.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Project Oversight Agreement between Federal Highway Administration, the California Department of Transportation and the City of Modesto for the State Route 132 West Freeway/Expressway Phase 1 Project.

BE IT FURTHER RESOLVED, that the City Manager or his designee is hereby authorized to execute the agreement in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-544**

RESOLUTION APPROVING AN AGREEMENT WITH ACRO SERVICE CORPORATION (ACRO) FOR THE FURNISHING OF TEMPORARY PERSONNEL SERVICES, FOR A TWO-YEAR AGREEMENT WITH FOUR ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST OF \$490,000, AND A TOTAL AMOUNT NOT TO EXCEED \$3,172,000 OVER SIX YEARS; AND EXTENDING THE CURRENT AGREEMENTS WITH PRIDESTAFF, EXACT STAFF AND NELSON FAMILY OF COMPANIES FOR 90 DAYS, IF NEEDED, THROUGH MARCH 31, 2020, AUTHORIZING THE DIRECTOR OF FINANCE OR HER DESIGNEE TO NEGOTIATE ANY COST INCREASES, EXTRA SERVICES OR SERVICE CHANGES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, temporary employees are utilized to fill vacancies created through retirements, resignations, and terminations; and

WHEREAS, the City has maintained agreements with temporary staffing agencies to enable City departments to supplement staff for projects and work overflow; and

WHEREAS, department staff works directly with the temporary employment agency conducting employee interview, choosing the candidate that best meets their service level requirements; and

WHEREAS, in May 2016 Maricopa County, AZ as the lead agency with OMNIA Partners Public Sector cooperative purchasing organization issued RFP 16111 for Staffing Services with Related Services and Solutions; and

WHEREAS, on July 14, 2016 proposals were opened and five proposals were received; and

WHEREAS, based on scores of the responsive proposals, the evaluation committee determined to short-list the proposals scoring over 90; and

WHEREAS, the multiple award was made to the top two candidates, ACRO Services with 92.4 final points and Knowledge Services with 89.8 final points; and

WHEREAS, the original agreement was awarded for an initial term of three years beginning January 1, 2017 and ending December 31, 2019 with the option to renew for up to six additional one year terms; and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, however, exceptions to the formal bidding process are granted in MMC 8-3.204(d); and

WHEREAS, the Purchasing Manager has determined, pursuant to Section 8-3.204(d) of the MMC, that the process other than the formal bid process set forth in Section 8-3.201 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the award of agreement with ACRO Service Corporation (ACRO) through OMNIA Partners Public Sector cooperative purchasing organization (formerly known as U.S. Communities and National IPA) under the Intergovernmental Cooperative Purchasing Agreement (MICPA) and Maricopa County's Master Agreement for the furnishing of temporary personnel services, for a two-year agreement with four one-year extension options for an annual estimated cost of \$490,000 and a total amount not to exceed \$3,172,000 over six years.

BE IT FURTHER RESOLVED, the current agreements with Pridestaff, Exact Staff and Nelson Family of Companies are extended through March 31, 2020.

BE IT FURTHER RESOLVED, that the Director of Finance, or her designee, is hereby authorized to negotiate any cost increases, extra services or service changes;

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute the agreement, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-545**

RESOLUTION APPROVING THE SECOND AMENDMENT INCREASING THE AGREEMENT AMOUNT WITH VARSITY FACILITY SERVICES, A KBS COMPANY, RANCHO CORDOVA, CA, FOR CUSTODIAL SERVICES BY \$595,000 FROM \$2,559,267 TO A REVISED TOTAL AMOUNT OF \$3,154,267, AND EXTENDING THE AGREEMENT FROM JANUARY 7, 2020 TO DECEMBER 31, 2020, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT

WHEREAS, on July 8, 2014 by Resolution No. 2014-288, Council approved the award of proposal and contract for the furnishing of furnishing of custodial services for Citywide use to Varsity Facility Services, Rancho Cordova, CA, for a two (2) year agreement with three (3) one-year extension options at the sole discretion of the City, and for an estimated annual cost of \$398,354, and over five (5) years of \$1,991,770 with the termination date scheduled for of July 7, 2019, and

WHEREAS, on April 9, 2019, by Resolution No. 2019-150, Council approved the First Amendment to the Agreement extending the term of the Custodial Services Agreement from July 7, 2019 through January 7, 2020, and increasing the spending limit by \$567,497 to cover the term extension, and

WHEREAS, after the First Amendment to the Custodial Services Agreement was authorized and the term was extended, staff investigated the option of utilizing a collaborative purchasing agreement awarded by 1GPA, a national non-profit governmental purchasing cooperative, to ABM Janitorial Services (“ABM”), and

WHEREAS, staff solicited a quote from ABM for custodial services and found that the total cost was nearly double the cost of the current custodial agreement with Varsity Facility Services, and

WHEREAS, the intent of utilizing the cooperative agreement was to reduce cost to the City, staff determined that the City would benefit more from putting the custodial service proposal out to bid in order to generate competitive pricing and obtain the best proposal for these services, and

WHEREAS, an extension of the term will allow time for staff to secure a new agreement through a competitive process, and

WHEREAS, sufficient funds are budgeted and available in the Building Services Fund and the Community Center Operations Fund for these services, staff is requesting an increase in the agreement amount and extension of the termination date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment increasing the agreement amount with Varsity Facility Services, a KBS Company, Rancho Cordova, CA, for custodial services by \$595,000 from \$2,559,267 to a new estimated total amount of \$3,154,267, and extending the agreement from January 7, 2020 to December 31, 2020.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-546**

RESOLUTION APPROVING AGREEMENTS WITH GILTON SOLID WASTE MANAGEMENT, INC. AND BERTOLOTTI MODESTO DISPOSAL, INC. TO PERFORM BILLING AND COLLECTION SERVICES ON BEHALF OF THE TWO GARBAGE COMPANIES FOR CERTAIN SOLID WASTE REMOVAL PROVIDED TO SINGLE-FAMILY RESIDENTIAL CUSTOMERS WITHIN THE CITY LIMITS OF MODESTO FOR TWO YEARS WITH THREE ONE-YEAR EXTENSION OPTIONS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENTS

WHEREAS, Modesto Municipal Code 5-5-135 entitled "Collection of Solid Waste Charges" allows for the City to enter into an agreement with the garbage companies whereby the City will bill and accept payments for certain solid waste service charges on behalf of the garbage companies, and

WHEREAS, the charges are billed on the monthly City utility bill along with other applicable City utility services such as water, sewer and storm drain, and

WHEREAS, on April 26, 2005 Council approved Resolution No. 2005-185 authorizing the execution of an agreement with Gilton Solid Waste Management, Inc. and Bertolotti Modesto Disposal, Inc. for the City of Modesto to provide these billing and collection services on behalf of the two garbage companies, and

WHEREAS, per the agreement the City would charge the garbage companies \$0.98 per bill for billing and collection services provided with the cost increasing automatically each year based on the Consumer Price Index (CPI), and

WHEREAS, on May 26, 2011 a First Amendment was made to the original agreement changing the methodology of the annual cost per bill increase, utilizing the Consumer Price Index for the Bay area rather than the Consumer Price Index for the State of California; and

WHEREAS, on February 26, 2019 Council approved Resolution No. 2019-78 for a Second Amendment to extend the agreement through December 31, 2019 to allow time for staff to complete a comprehensive review of the agreements and enter into new agreements with the garbage companies addressing any deficiencies and defining a term date, and

WHEREAS, it is critical the City recover the costs of billing and collection on behalf of the garbage companies while maintaining revenues that support the General Fund , and

WHEREAS, staff has conducted a detailed cost analysis of the methodology utilized to determine the current cost per bill, the frequency of reconciliation of revenues and recovering the City's costs for ownership of bad debt incurred on uncollectible balances, and

WHEREAS, in order to ensure costs are recovered going forward, staff is recommending an increase in the charge per bill from \$1.35 to \$1.49 to be effective January 1, 2020, and

WHEREAS, the charge per bill will continue to be adjusted effective July 1st by the City on an annual basis for inflation at no more than the annual increase listed in the Consumer Price Index for the Bay Area for the period of January 1st to December 31st of the prior year, and

WHEREAS, the City reserves the right to conduct an annual cost analysis to provided services, and

WHEREAS, in the event the analysis determines the City is no longer recovering costs to provide service as identified in the Scope of Services (**Exhibit A**) the City

reserves the right to adjust the cost per bill accordingly with a 90 day notification to both garbage companies.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves agreements with Gilton Solid Waste Management, Inc. and Bertolotti Modesto Disposal, Inc. to perform billing and collection services on behalf of the two garbage companies for certain solid waste removal provided to single-family residential customers within the City limits of Modesto for two years with three one-year extension options.

BE IT FURTHER RESOLVED the City Manager, or his designee, is hereby authorized to execute the agreements, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A
SCOPE OF SERVICES

1. Charges to be Collected.

This Agreement shall apply only to the customers of Collector within the Modesto City limits who are billed at a single-family residential rate. City will bill at Council approved rates utilizing utility billing software system at locations billed for one or more of the following services: water, sewer or storm drain. City will not bill for garbage as a stand-alone service. Per MMC 5-5.135 City shall neither use nor imply that it will use its police power to collect bills remaining overdue or unpaid.

2. Payment to Collector.

City agrees to make a weekly payment to Collector based on the amount billed by City during the preceding calendar week, less the amount due City pursuant to Section 3 of Agreement titled "Compensation". City will reserve the option to update the payment schedule from time to time as agreed upon by both parties based on variations in billing cycles or business needs. Payment will be based on revenues billed for the prior week and extracted from the utility billing software system accompanied by a detailed reconciliation worksheet.

3. Monthly Billing of Garbage Services.

City shall provide monthly billing of Collectors' garbage customers as defined in paragraph 1 above titled "Charges to Be Collected" acting solely in the role of a private contractor performing customer billing and payment acceptance services for the Collector.

4. Receipt of and Accounting for Payments.

City shall accept, receipt and account for Collector's monthly customer payments for which it bills on behalf of Collector.

5. Assistance Programs and Discounts.

City will apply City's established assistance program discount to Collectors' customer bills as authorized by the Collectors' service agreement with the City at a flat rate of \$5.00 per eligible customer. In the event there is any change to the assistance program, such as to the amount of the monthly flat discount, the City will notify the Collector in writing a minimum of 60 days in advance.

6. Billing Adjustments and Correction of Charges Billed or Due.

City is authorized to review account charges and adjust as necessary, utilizing parameters as set forth in adjustment policy of City's Utility Billing and Collections Division. In the event an adjustment of charges results in flat or negative revenues due the Collector for any given week, no check will be issued for that week. City will notify Collector and provide reconciliation including billing corrections or adjustments that resulted in flat or negative revenues for that billing period.

7. Deposits.

City will not collect deposits on behalf of the Collector for garbage services billed by the City.

8. Communications.

City and Collector will communicate as necessary regarding billing, processing customer account information, and delivery and removal of residential standard containers. All service related issues shall be referred by the City directly to Collector to manage (please refer to sections 11 and 12 below).

9. Utility Bill Inserts.

Collector agrees to pay City its proportional one-third share of the printing costs for public education materials inserted in the monthly utility bill based on its customer count as a percentage of total City garbage customers. Fees will only be billed when applicable in the event an insert has been included the monthly utility bill.

10. Requests for Extra Garbage Service.

All requests received for extra garbage service such as special pickups, extra loads, etc. shall be referred by City to Collector and Collector shall be responsible for billing and collection of the charges for such extra garbage service.

11. Complaints Regarding Garbage Service.

All complaints made to City by customers of Collector relating to garbage service shall be referred by City to Collector and it shall be the responsibility of Collector to investigate such complaints.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-547**

RESOLUTION APPROVING A PAYMENT TO THE STANISLAUS ANIMAL SERVICES AGENCY IN THE AMOUNT OF \$256,720 FOR THE FISCAL YEAR 2018-19 PARTNER ALLOCATION TRUE-UP

WHEREAS, in 2009, the cities of Ceres, Hughson, Modesto, Patterson, Waterford and the County of Stanislaus entered into a Joint Powers Agreement establishing the Stanislaus Animal Services Agency; and

WHEREAS, the agreement states that “the joint operations and management of an animal shelter for the mutual benefit of the parties and their respective residents provides efficiency and economy in government operations through the cooperation of member governments and the pooling of common resources”; and

WHEREAS, the fiscal matters related to the Stanislaus Animal Services Agency are outlined in Section 5 of the Agreement; and

WHEREAS, at the completion of each fiscal year, the Stanislaus Animal Services Agency performs a “final accounting”; and

WHEREAS, historically, the prior years have closed with a surplus resulting from the previous fiscal year Operating Budget fund balance, and

WHEREAS, the final accounting for Fiscal Year 2018-2019 resulted in a deficit in the amount of \$371,569; and

WHEREAS, on September 9, 2019, the Stanislaus Animal Service Agency Joint Powers Authority Board voted to approve the true-up of Fiscal Year 2018-19 partner agency financial contributions and authorized the Executive Director to invoice the partner agencies for their respective contributions.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a payment to the Stanislaus Animal Services Agency in the amount of \$256,720 for the Fiscal Year 2018-2019 partner agency allocation true-up.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-548**

**RESOLUTION APPROVING AN EXTENSION FOR THE DISCOUNT FOR
NATIONAL EXPRESS TRANSIT CORPORATION EMPLOYEES WHO
PURCHASE A TRANSPORTATION CENTER PARKING LOT MONTHLY
PASS**

WHEREAS, the Transportation Center is the central location for Modesto Area Express (MAX) operations. MAX is operated by National Express Transit Corporation (NEXT). NEXT employs the bus drivers, dispatchers, customer service representatives, management and several others that keep the MAX system operational each day, and

WHEREAS, NEXT employees have frequently requested discounted or complimentary access to the parking lot at the Transportation Center, and

WHEREAS, the majority of the time, the parking lot at the Transportation Center is seldom used, and

WHEREAS, this discount will improve the morale of the employees that operate the MAX system, and provide a discount to aid their work experience. It will also further enhance the partnership between the City and NEXT, and

WHEREAS, on December 10, 2018, by Resolution No. 2018-557, Council previously approved a one year pilot discount program for these employees.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the continuation of the \$50 rate for National Express Transit Corporation employees who purchase a Transportation Center parking lot monthly pass.

BE IT FURTHER RESOLVED that the discount is specific to the Transportation Center parking lot not extending to other lots or parking garages, that to obtain the discounted monthly pass, the NEXT employee must show their NEXT ID badge, that only 20 monthly passes will be

issued, which will leave 15 available to the public, and that parking spaces will not be reserved or guaranteed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-549**

RESOLUTION APPROVING THE AWARD OF PROPOSAL AND AGREEMENT FOR THE PURCHASE OF A COMPUTER-AIDED DISPATCH/AUTOMATED VEHICLE LOCATION SYSTEM TO ECOLANE, USA, INC, WAYNE PA, FOR AN ANNUAL ESTIMATED COST NOT TO EXCEED \$213,946, AND A TOTAL AMOUNT NOT TO EXCEED \$447,006 OVER FIVE YEARS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City's complementary American Disabilities Act (ADA) paratransit system operates without benefit of a GIS based scheduling and automated dispatch software, and

WHEREAS, implementation of a computerized scheduling and automated dispatch system is estimated to improve a paratransit system's operational capacity by 20-30% through dispatching efficiencies, and

WHEREAS, a Request for Proposal (RFP) was issued by the City to select, through a competitive proposal process, a contractor to provide Computer-aided Dispatch/Automated Vehicle Location (CAD/AVL) system for the Modesto Area Dial A Ride (MADAR) paratransit buses, and

WHEREAS, after evaluation of the proposals and demonstration of the system components, Ecolane USA, Inc. was determined to be the most advantageous and greatest value to the City, and

WHEREAS, Ecolane USA, Inc. is a leading designer and provider of scheduling software for the public paratransit and mass transit industries, and

WHEREAS, Ecolane USA, Inc.'s scheduling software system includes mobile applications, electronic booking trip reminder, customer payment and Interactive Voice

Response (IVR) components that will improve the passenger experience, improve system reliability, and reduce passenger trip time, and

WHEREAS, Ecolane is providing a cloud hosted CAD/AVL system solution that is compatible with the City's data network and Wide Area Network (WAN) architecture, connectivity, and bandwidth parameters.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the proposal and agreement for the purchase of a computer aided dispatch/automated vehicle location system to Ecolane USA, Inc., Wayne, PA, for an annual estimated cost not to exceed \$213,946 and a total amount not to exceed \$447,006 over five years.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-550**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE SOUTH MARTIN LUTHER KING DRIVE STRENGTHEN & REPLACE WATER MAINS PROJECT, ACCEPTING THE BID, AND AWARDING A CONSTRUCTION CONTRACT TO D.A. WOOD CONSTRUCTION OF OAKDALE, CA, IN THE AMOUNT OF \$865,504 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, S. Martin Luther King Drive Strengthen & Replace Water Mains Project is a partnership between the City's Community & Economic Development Department and Utilities Department, and

WHEREAS, the S. Martin Luther King Drive Neighborhood is one of many prioritized areas in the City's water service area that require replacement of current, aging water infrastructure, and

WHEREAS, the S. Martin Luther King Drive Strengthen & Replace Water Mains Project will replace and upgrade deficient water mains, associated water valves, services and fire hydrants to increase service reliability, flows, and pressures, and

WHEREAS, specifications have been prepared for the S. Martin Luther King Drive Strengthen & Replace Water Mains Project, and

WHEREAS, on November 12, 2019 staff received bids from three companies that were responsible and responsive, including a bid from D.A. Wood Construction, Inc., and

WHEREAS, Modesto Municipal Code 8-3.203 generally requires all purchases, in excess of fifty thousand dollars (\$50,000) for material, equipment or contractual services to follow the formal bid procedures, and

WHEREAS, and the award of bid for the S. Martin Luther King Drive Strengthen & Replace Water Mains Project conforms to the Modesto Municipal code based on providing the overall lowest cost, while providing improved service, and

WHEREAS, the Director of Utilities has recommended that the bid of \$865,504 received from D.A. Wood Construction Inc., be accepted as the lowest responsible and responsive bid and the contract be awarded to D.A. Wood Construction Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby consider approving the plans and specifications for the S. Martin Luther King Drive Strengthen & Replace Water Mains Project, accepting the bid and awarding a construction contract with D.A. Wood Construction Inc. of Oakdale, CA in the amount of \$865,504.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, in a form approved by the City Attorney.

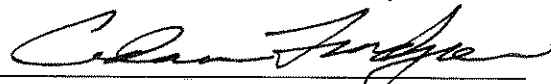

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2019-551**

RESOLUTION AMENDING THE FISCAL YEAR 2019-20 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF \$129,224 TO BE TRANSFERRED INTO THE PROJECT FROM WATER FUND RESERVES IN ORDER TO FULLY FUND THE CONSTRUCTION, CONTINGENCY, CONSTRUCTION ADMINISTRATION, CITY CONSTRUCTION FORCES, AND DESIGN SUPPORT DURING CONSTRUCTION FOR THE SOUTH MARTIN LUTHER KING DRIVE STRENGTHEN & REPLACE WATER MAINS PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, certain budgetary transactions are necessary in the amount of \$129,224 in order to fund construction, contingency, construction administration, City construction forces, and design support during construction plus City staff support for the S. Martin Luther King Drive Strengthen & Replace Water Mains Project, and

WHEREAS, the Fiscal Year 2019-2020 Capital Improvement Program Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2019-2020 Capital Improvement Program Budget as shown in **Exhibit A**, **attached** hereto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Kenoyer, who moved its adoption, which motion being duly seconded by Councilmember Madrigal, was upon roll call carried and the resolution adopted by the following vote:

Exhibit A

Overall project costs are higher than what was budgeted for the project due material cost fluctuation, thus an appropriation transfer in the amount of \$129,224 is necessary to fund construction, contingency, construction administration, City construction forces, and design support during construction from City Staff. Upon Council approval, this amount will be transferred into the project account (101209) from Water Fund Reserves to cover these costs, thereby amending the Fiscal Year 2019-20 Capital Improvement Program Budget.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-552**

RESOLUTION AUTHORIZING AN ADMINISTRATIVE ACTION TO ADJUST OF THE DIRECTOR OF UTILITIES AUTHORITY TO ISSUE CHANGE ORDERS ON THE WATER CORPORATION YARD PROJECT FROM 6% (\$846,000) TO 8% (\$1,128,000) OF THE ORIGINAL CONSTRUCTION CONTRACT PRICE OF \$14,100,000 WITH DIEDE CONSTRUCTION INC., OF LODI, CA.

WHEREAS, on November 4, 2015, by Resolution No. 2015-424, Council approved the purchase of a 48.62-acre site at 4240 Litt Road in northeast Modesto for the future corporation yard, and

WHEREAS, on February 27, 2018, by Resolution No. 2018-93, Council awarded a \$14.1 million design build contract to Diede Construction for the Water Corporation Yard Project, and

WHEREAS, when Council awarded the construction contract to Diede Construction, staff established a contract change order budget of 8% (\$1,128,000) for the project due to it being a design build project, and

WHEREAS, with design build projects, not only is there the potential for unforeseen conditions and additional scope but also design changes that require the designer to update the improvement plans that the contractor is using to build from, and

WHEREAS, per the City's updated "Change Order Approval Policy" enacted by Council Resolution No. 2019 on July 9, 2019, a contract that exceeds \$10,000,000 allows Director's Authority only up to 6%, and

WHEREAS, while the contract change order budget of 8% was noted in the Fiscal Impact table of the February 27, 2018, Agenda Report (reflected as the contingency

amount), a Resolution authorizing this amount for change orders was not submitted for approval, and

WHEREAS, this item is an administrative action to present a resolution formally requesting authorization of the 8% amount for change orders, and

WHEREAS, no additional funds are necessary, as the funds have already been budgeted, and

WHEREAS, therefore staff is requesting an increase to the Director's authority for approving change orders from 6% to 8%, to account for additional costs due to unforeseen design changes, added scope and the remaining change orders to complete the project.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes an administrative action to adjust Director's Authority to issue change orders for the Water Corporation Yard from \$846,000 (6%) to a not-to-exceed amount of \$1,128,000 (8%).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ridenour, was upon roll call carried and the resolution adopted by the following vote:

OF FUNDS HELD FOR FUTURE IMPROVEMENTS, AND MAKING FINDINGS
RELATED TO EACH SECURITY ON FILE**

WHEREAS, California Government Code Sections 66000 and 66006 require that the City make certain information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City is collecting impact fees as security for future improvements that will be needed as a condition of approval for new development, and

WHEREAS, \$2,500 in impact fees were paid by Fuentes Construction on March 8, 2001, as a condition of approval for the project located at 1024 Florence Avenue, Modesto, for future improvements including connection to the City sewer system and the installation of curb, gutter and sidewalk improvements, and

WHEREAS, \$29,393.72 in impact fees were collected from American Home Builders as a condition of approval for its project located at 3055 Floyd Avenue, Modesto, on September 2, 2005, for future improvements including the expansion of Beta Street to the north of the property, and

WHEREAS, \$27,165 in impact fees were collected from Best Modesto Partners on September 30, 2008, as a condition of approval for its project located at 3019 Floyd Avenue, Modesto, for future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway, and

WHEREAS, it has been determined that full funding for the various improvements has not yet been received, and

WHEREAS, it has been determined by staff that the impact fees collected for all three projects should be retained until additional funding can be obtained, and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 10, 2019, to enable the public to have the opportunity to comment on the impact fees collected.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby finds and determines that the impact fees collected for future improvements are necessary to fund future infrastructure needed for new development.

1. That the revenue anticipated for the full development of infrastructure improvements required for these projects have not been fully collected to complete the financing of said improvements. It is presently anticipated that there will be no regular sources of funding to develop the required improvements apart from impact fees collected from neighboring properties.
2. That the anticipated dates for the full collection of fees is unknown at this time as impact fees are based on development activity which is not controlled by the City.
3. That the funding for the future improvements to include connection to the City sewer system and the installation of curb, gutter and sidewalk improvements located at 1024 Florence Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.
4. That the timing for the future improvements including the expansion of Beta Street to the north of the property located at 3055 Floyd Avenue, Modesto, is not

yet known, but there is still a need, and therefore fees should still be retained for these purposes.

5. That the timing for the future improvements including the construction of an on-site driveway and the reconstruction of the nearby bus turnout and off-site driveway located at 3019 Floyd Avenue, Modesto, is not yet known, but there is still a need, and therefore fees should still be retained for these purposes.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Grewal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-554**

**RESOLUTION ACCEPTING THE CAPITAL FACILITIES FEES ANNUAL
REPORT FOR FISCAL YEAR 2018-2019 AND MAKING FINDINGS
RELATED TO EACH OF THE FEE CATEGORIES**

WHEREAS, the City of Modesto imposes fees to mitigate the impacts of development, pursuant to Government Code section 66000 *et seq.*, and

WHEREAS, California Government Code sections 66001 and 66006 require cities to annually make certain fee-related information available to the public and findings relating to the necessity of collecting fees for new development, and

WHEREAS, the City, in accordance with Government Code section 66006(a) and Section 8-1.904 of the Modesto Municipal Code, established Capital Facilities Fees (CFF) for the purpose collecting fees to fund the construction of public improvements that will be needed as a result of new development, and

WHEREAS, on March 22, 2011, by Resolution No. 2011-105, Council established the nexus for fees imposed by each land use, said nexus and fees were later amended by Resolution No. 2013-177 on May 7, 2013, and

WHEREAS, the following fees were established by Resolution No. 2013-177:

- The Streets CFF fund was established to accrue funds for arterial roadways, intersections, expressways, freeway interchanges and associated landscaping, and
- The Public Transportation CFF fund was established to accrue funds for the expansion of the City's transit system including additional buses and their associated facilities, and

- The Air Quality Mitigation CFF Fund was established to accrue funds to assist in the reduction of automobile travel, specifically for the development of park and ride lots, Class I Bike Trails, and
- The Police CFF Fund was established to accrue funds for additional policing needs including an additional station, police cars and associated equipment, a northeast area precinct, a training facility, a computer aided dispatch system, and an expanded radio system, and
- The Fire CFF Fund was established to accrue funds for the construction of additional fire stations, fire vehicles, and a new training station, and
- The Parks CFF Fund was established to accrue funds for the development of additional regional parks, community centers, and neighborhood parks, and the expansion of the McClure Country Place, and
- The General Government CFF Fund was established to accrue funds for the debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and

WHEREAS, the Capital Facilities Fee Annual Report for Fiscal Year 2018-19 has been completed and is on file with the City Clerk and is **attached** as **Exhibit "A"**, and

WHEREAS, a public hearing at the City Council in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California was set for December 10, 2019, to enable the public to have the opportunity to comment on the CFF collected.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby makes the following findings relating to each of the fee categories:

- 1) The Capital Facilities Fee program, set forth in City Council Resolution No. 2013-177, and incorporated herein by reference, continues to be a necessary program to fund future infrastructure needed for new development.
- 2) The Capital Facilities Fee Annual Report for Fiscal Year 2018-19 (**Exhibit A**) reports on the below information for each of the fee categories:
 - a. The amount of the fee. (Table 1)
 - b. The beginning and ending balance of the account or fund. (Table 2)
 - c. The amount of the fees collected and the interest earned. (Table 2)
 - d. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees. (Table 10)
- 3) The CFF revenue anticipated for the full development of infrastructure improvements for new development has not been fully collected to complete the financing of incomplete improvements. It is presently anticipated that there will be no regular sources of funding to develop CFF infrastructure improvements apart from CFF collections.
- 4) The anticipated dates for the full collection of CFF fees is unknown at this time as CFF fees are based on development activity which is not controlled by the City.
- 5) The necessary funds for constructing and/or purchasing the following have not yet been accumulated and the approximate date is not yet known, but there is still a need

as outlined in Resolution No. 2013-177, and therefore Capital Facilities Fees should still be collected for the following purposes:

- Additional fire stations, fire vehicles, and a new training station, and
- An additional police station, police cars and associated equipment, a northeast area precinct, a training facility, a computer-aided dispatch system, and an expanded radio system, and
- Development of additional regional parks, community centers, neighborhood parks, and the expansion of McClure Country Place, and
- Debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles and the City's information technology expansion, and
- Reduction of automobile travel, specifically for the development of park and ride lots and Class I Bike Trails, and
- Arterial roadways, intersections, expressway, freeway interchanges and all of their associated landscaping, and
- Expansion of the transit system.

6) All reportable fees, collections and expenditures have been received, deposited, invested and expended in compliance with the relevant sections of the California Government Code and all other applicable laws for the Fiscal Year 2018-19.

7) No refunds and allocations of reportable fees, as required by California Government Code section 66001, are deemed payable at this time.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2018-19 Capital Facilities Fees Report as described in **Exhibit "A", attached** hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Ah You, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

LEGAL REQUIREMENTS

A. What Are Impact Fees?

California Government Code §66000 allows a local jurisdiction to establish an impact fee to mitigate the impacts of new development. These fees may be used for the purchase, construction, expansion, rehabilitation, or acquisition of public facilities, and must be consistent with the adopted fee program, which is updated every five years.

New development increases the demand for health and safety service provided by a city, affects the quality of the community's infrastructure, and increases the need for public facilities. Typically, impact fees are paid to a city at the time a building permit is issued and assist in paying for the cumulative impact of new development through infrastructure improvements and additions. Facilities partly funded by impact fees include police, fire and administrative buildings, park sites, bike trails, public landscape areas, community centers, transportation and transit facilities and roadway improvements. Impact fees cannot be used for maintenance of existing or future city facilities.

B. Establishing An Impact Fee Program

The City of Modesto ("City") impact fee program, more commonly known as the Capital Facilities Fees Program ("CFF Program"), was established in 1987 and has been updated periodically to reflect the changes in land values, projects and costs. Impact fees imposed on new development must have the proper nexus to any project on which they are imposed. The CFF Program sets forth the relationship between contemplated future developments, facilities needed to serve future development and the estimated cost of those improvements based on the current General Plan for build-out. Estimated project costs and the summary of fee apportionment for each CFF Program fee category are identified in the 2003 and 2011 CFF Program updates.

C. Adoption of a Capital Improvement Program

California Government Code §66002 requires local agencies that have implemented an impact fee program to adopt a Capital Improvement Program (CIP) indicating the approximate location, size, and time of projects, plus an estimate for the costs of all facilities or improvements to be financed by the impact fees. At a minimum, a formal CIP is recommended as a five-year plan. The City annually produces a five-year CIP which assists in maintaining and updating the City's General Plan.

The City's CIP connects annual capital expenditures to a long-range plan for public improvements. The City's CIP also assists in maximizing the funds available, connecting the plan for public improvements to the City's capacity for funding, and projecting expenditures over a period of years. This type of fiscal management is particularly

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2018-19**

important during periods where budgetary demands exceed financial resources. The City's CIP is financed in part by the impact fees collected through the CFF Program.

D. Reporting

Annual reporting of a local agency's impact fee program is required by Government Code §66006. The impact fees collected must be segregated from general and other funds containing fees collected for other improvements. Interest on each impact fee fund or account must be credited to that fund or account and be used only for the purpose for which the impact fee was collected.

California Government Code §66006(b) requires that a local agency make the following information available to the public for each separate impact fee fund on an annual basis and that the local agency review that information at a public meeting. The law also requires the annual report include the following information for the prior fiscal year and be made available within 180 days after the last day of each fiscal year:

- Describe the type of impact fee in the account or fund.
- Identify the amount of the impact fee.
- Provide the beginning and ending balance of the account or fund.
- Provide the amount of impact fees collected and interest earned.
- Identify each public improvement on which impact fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with the impact fee.
- Identify an approximate date by which the construction of the public improvement will commence, if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement and the public improvement remains incomplete.
- Describe each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned impact fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.
- Provide the amount of refunds made due to sufficient funds being collected to complete financing on incomplete public improvements, and the amount of reallocation of impact funds made to administrative costs of refunding unexpended revenues exceeding the amount to be refunded.

If an agency no longer needs the funds for the purposes collected or fails to make the required findings or perform certain administrative tasks prescribed, the agency may be required to refund, on a prorated basis to owners of the properties upon which the impact fees for the improvement were imposed, the monies collected for that project and any interest earned on those funds.

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2018-19**

California Government Code §66001(d) also requires that the local agency make all of the following findings every fifth year with respect to that portion of the account remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the impact fee is to be allocated.
- Demonstrate a reasonable relationship between the impact fee and the purpose for which it is charged.
- Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements.
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.
- In any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the impact fee and the cost of the public facility or portion of the public facility attributable to the development on which the impact fee is imposed.

DESCRIPTION OF CAPITAL FACILITIES FEES

The CFF Program mitigates the impacts associated with new development on certain public facilities. The CFF Program is used to finance the acquisition, construction, and improvement of public facilities as a result of new development. The City has the following eight (8) CFF Program fee categories:

Streets Capital Facilities Fee – Fund 3410

This fee is collected for roadway improvements such as expressways, interchanges, arterial and collector roads, turn lanes, intersections and traffic signals.

Public Transportation Capital Facilities Fee – Fund 3420

This fee is collected for new buses, bus shelters, bus stops, the bus maintenance facility, and the northeast transfer station.

Air Quality Mitigation Capital Facilities Fee – Fund 3430

This fee is collected for facilities that reduce automobile travel by facilitating alternative modes of travel such as the Amtrak station parking lot, park and ride lots, vanpooling, carpooling, Class I bike trails, bike storage, turn lanes, footpaths, and pedestrian accesses.

Police Capital Facilities Fee – Fund 3440

This fee is collected for the Police Tactical Training Center, police vehicles, parking facilities, communication systems, special equipment, and the future Northeast Area Precinct (to be shared with Fire).

**CITY OF MODESTO
CAPITAL FACILITIES FEES ANNUAL REPORT
FISCAL YEAR 2018-19**

Fire Capital Facilities Fee – Fund 3450

This fee is collected for fire facility expansions, fire vehicles, special equipment, and the future Northeast Area Precinct (to be shared with Police).

Parks Capital Facilities Fee – Fund 3460

This fee is collected for land and construction costs for neighborhood, community, and regional parks, sports facilities, and community buildings.

City Hall and Other Government Facilities Capital Facilities Fee – Fund 3470

This fee is collected for debt service payments on City Hall, related parking facilities, the corporation yard and related facilities, City vehicles, and the City's information technology expansion.

Administration Capital Facilities Fee – Fund 3480

This fee is collected for the administration of the CFF Program. This includes preparation of an Annual CFF Program Report, preparation of a Five-Year CFF Report, day-to-day management of the CFF Program including preparation of annual CIP budgets, CFF Program annual inflationary updates, land value analyses and updates and CFF Program Proformas.

CURRENT FEE SCHEDULES

The current CFF Program allows for an annual inflationary adjustment equal to the increase in the annual change in the San Francisco Bay Area Engineering News Record Construction Cost Index through the month of December of the preceding year. No increase was applied in Fiscal Year 2018-19. Table 1 provides the adopted fee schedule for Fiscal Year 2018-19.

COMBINING STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES¹

The Combining Statement of Revenues, Expenditures and Changes in Fund Balances provided in Table 2 outlines the beginning and ending balance of each fund for Fiscal Year 2018-19. Expenditures are identified by general categories. All revenue, unless collected under the deferral program, is collected at the time a building permit is issued. Since the CFF Program is a "pay-as-you-go" program, the City must accrue enough revenue prior to commencing construction of a project, resulting in an "aging" of fund balances. The aging or accumulation occurs until enough revenue has been collected to construct a project.

¹ - Financial data is current as of November 7, 2019

FIVE YEAR REVENUE AND EXPENSE HISTORY²

As previously discussed, most revenue is collected when a building permit is issued for new development. Overall, CFF Program revenues decreased between Fiscal Years 2017-18 and 2018-19 while expenditures increased over the same time period. Tables 3 and 4 provide a five-year snapshot of the CFF Program revenues and expenditures, respectively. Table 5 offers a combined picture of revenues, expenses and fund balance levels over the past five years.

DEFERRED CAPITAL FACILITIES FEES

Multi-Family, Commercial and Industrial

CFF Deferral Programs for Multi-Family, Commercial, and Industrial developments have been in place since 1991. Deferrals assist in off-setting the cost of new development by allowing applicants to pay a portion of the CFF due at the time of building permit issuance and the balance, plus interest, over a predetermined period of time. Table 6 details the three (3) active deferrals in Fiscal Year 2018-19.

EXEMPTIONS

The City of Modesto encourages the construction of Very Low and Low Income Housing development projects within the City. CFF exemptions can be provided to the Housing Authority of Stanislaus or to Community Housing Development Organizations (CHDO) for the development of low and very-low income households (under 60% of the area median income). Table 7 details the three (3) exemptions processed in Fiscal Year 2018-19.

REFUNDS

CFF may be refunded if a building permit expires, is revoked, voluntarily surrendered or voided, and no construction or improvement of land has commenced. In addition, CFF paid for placement of Trailers may be refunded if requested in writing within six years of payment, minus the administration component. There were no CFF refunds made in Fiscal Year 2018-19.

CREDITS

CFF credits are granted when previously existing building(s) are removed and new building(s) are constructed. These credits may off-set up to but not more than 100% of the CFF due for the new development. Table 8 details the credits provided in Fiscal Year 2018-19.

² - Financial data is current as of November 7, 2019

TRANSFERS

A total of nine (9) inter-fund transfers occurred in Fiscal Year 2018-19. Table 9 offers details of each transfer.

CAPITAL IMPROVEMENT PROJECTS³

Information on projects funded by the CFF Program can be found in Table 10. The information in the table includes a listing of current projects, estimated construction start and end dates, estimated project costs, percentage of project funded by the CFF Program and general accounting information.

3- Financial data is current as of November 7, 2019

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-555**

**RESOLUTION ADOPTING THE 2020-2025 BLIGHT ABATEMENT STRATEGY
AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO
INITIATE THE PROCESS TO ESTABLISH A BLIGHT ABATEMENT FEE IN
SUPPORT OF THE 2020-2025 BLIGHT ABATEMENT STRATEGY**

WHEREAS, throughout the history of the organization, the City of Modesto has implemented various initiatives aimed at tackling blight and reducing litter, and

WHEREAS, in 2001 the City initiated the Neighborhood Environmental Action Team (NEAT) that encouraged schools, businesses, and other stakeholders to be responsible for the cleanliness of a certain area, referred to as a “NEAT Zone,” and

WHEREAS, in 2003 the Modesto City Council approved the “Don’t Trash Modesto” campaign and approved the adoption of zones throughout the City that would allow residents to attract sponsorships to support the effort, and

WHEREAS, during the economic recession in 2008 efforts to continue the “Don’t Trash Modesto” suffered due to the reduction in resources, and

WHEREAS, the City intends to develop a new strategy aimed at tackling Blight, which includes litter, illegal dumping, graffiti, abandoned vehicles, shopping carts, and code violations on private property, and

WHEREAS, the implementation of the Blight Abatement Strategy will include various actions steps to enhance the detection and mitigation of blight on public and private property across the community, and

WHEREAS, the City intends to establish a Blight Abatement Fee in support of the 2020-2025 Blight Abatement Strategy.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the 2020-2025 Blight Abatement Strategy.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to initiate the process to establish a Blight Abatement Fee in support of the 2020-2025 Blight Abatement Strategy.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Madrigal, who moved its adoption, which motion being duly seconded by Councilmember Ah You, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Ah You, Grewal, Kenoyer, Madrigal, Ridenour, Zoslocki, Mayor Brandvold

NOES: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2019-556**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE AGREEMENT WITH MANAGEMENT PARTNERS, INC. (MANAGEMENT PARTNERS) INCREASING THE TOTAL AMOUNT BY \$110,000 FOR A TOTAL AGREEMENT AMOUNT NOT TO EXCEED \$152,900 TO ADD SERVICES FOR SUPPORT WITH THE BUDGET DIVISION TO SUPPORT THE DEVELOPMENT OF THE FISCAL YEAR 2020/2021 BUDGET, A TEN-YEAR FORECAST, AND ADDITIONAL FINANCIAL ANALYSIS AND SUPPORT AS NECESSARY, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT

WHEREAS, the Budget Division for the City of Modesto oversees the City's budget process, prepares and maintains the Annual Operating Budget and Capital Improvement Program, and assists the organization with revenue and expense projections and other financial analysis, and

WHEREAS, the division consists of a Budget Manager, Senior Financial Analyst, and three Financial Analysts, and is experiencing vacancies in the Budget Manager and Financial Analyst positions, and

WHEREAS, in spite of these vacancies, the City will continue to require a timely budget and analytical support for departments to ensure that the organization is making informed decisions with its financial resources, and

WHEREAS, to minimize the impact of these critical vacancies for the Budget Division, the City intends to enter into an Agreement with Management Partners to ensure that the organization continues to be supported with sufficient staff , and

WHEREAS, the scope of work for Management Partners will also include the technical support for the completion of the City's annual budget development and adoption process, development of a ten-year forecast fiscal model, and additional miscellaneous financial analysis and support, and

WHEREAS, because of the City's increasing pension liability and its significant impact on the General Fund, Mayor Brandvold has indicated his desire to create an ad hoc committee (Blue Ribbon Commission) comprised of community members and labor representatives to offer recommendations to the City for improving the City's financial health and reducing its pension liability, and

WHEREAS, if the creation of the Commission is approved by Council, Management Partners will also offer support to this commission by providing best practices for municipal finance, preparation of meeting materials, presentations to the commission, coordination of the work of the commission, and other associated tasks, and

WHEREAS, on October 5, 2018, the City of Modesto entered into an Agreement with Management Partners for Strategic Plan Consulting Services in an amount not to exceed \$42,900, and

WHEREAS, the estimated cost for the additional services that includes technical support for the completion of the City's annual budget development and adoption process, development of a ten-year forecast fiscal model, and additional miscellaneous financial analysis and support is not to exceed \$110,000, bringing the total not to exceed amount to \$152,900.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves of a First Amendment to the Agreement with Management Partners, Inc. (Management Partners) increasing the total amount by \$110,000 for a total Agreement amount not to exceed \$152,900 to add services for support with the Budget Division to support the development of the Fiscal Year 2020/2021 budget, a ten-year forecast, and additional financial analysis and support as necessary.

BE IT FURTHER RESOLVED, that the City Manager or his designee, is hereby authorized to execute the amendment, in a form approved by the City Attorney.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of December, 2019, by Councilmember Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Grewal, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Grewal, Kenoyer, Madrigal, Ridenour,
Zoslocki, Mayor Brandvold

NOES: Councilmembers: Ah You
