

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-01**

**RESOLUTION APPROVING THE RE-APPOINTMENT OF TED BRANDVOLD
AS THE 2012 PLANNING COMMISSION REPRESENTATIVE TO THE BOARD
OF ZONING ADJUSTMENT**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Planning Commission met on November 7, 2011, and recommended the re-appointment of Ted Brandvold as its representative to the Board of Zoning Adjustment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Ted Brandvold is hereby re-appointed as the 2012 Planning Commission representative to the Board of Zoning Adjustment, with a term expiration of January 1, 2013.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Board of Zoning Adjustment, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-03**

**A RESOLUTION REAPPOINTING CHRIS TYLER TO THE CITY OF
MODESTO PLANNING COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Economic Development Committee met on December 15, 2011, and recommended reappointment of Chris Tyler to the Modesto Planning Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Chris Tyler is hereby reappointed to the Planning Commission with a term expiration of January 1, 2016.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the reappointed member of the Modesto Planning Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-06**

RESOLUTION APPROVING AN AMENDMENT TO AN AGREEMENT BETWEEN THE CITY OF MODESTO AND MODESTO IRRIGATION DISTRICT RELATED TO THE RELOCATION OF ELECTRIC UTILITY POLES IN THE AMOUNT OF \$18,403.41 FOR THE ADDITIONAL EXPENSES WHICH OCCURRED DURING THE RELOCATION OF MODESTO IRRIGATION DISTRICT FACILITIES AT THE SOUTHEAST CORNER OF MCHENRY AVENUE AND BRIGGSMORE AVENUE; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, the Congestion Mitigation Air Quality (CMAQ) Management CML 5059 (168) -- Construct Right Turn Lane Northbound (NB) McHenry Avenue to Eastbound (EB) Briggsmore Avenue Project involves the expansion of Briggsmore Avenue and McHenry Avenue to include a northbound right turn lane at the southeast corner of Briggsmore Avenue and McHenry Avenue, and

WHEREAS, the City of Modesto requested Modesto Irrigation District to relocate its facilities prior to the construction of the street improvements, and

WHEREAS, Caltrans determined this project to be a categorical exclusion pursuant to the National Environmental Policy Act (NEPA) and all other applicable federal environmental law, regulations and executive orders, and

WHEREAS, on March 25, 2010, Caltrans approved Categorical Exemption/Categorical Exclusion Document, and

WHEREAS, the project is consistent, and is in conformance to the General Plan Master E.I.R. and no additional California Environmental Quality Act clearance is needed, and

WHEREAS, the City of Modesto required an Agreement Related to the Relocation of Electric Utility Poles for the relocation of Modesto Irrigation District facilities, and

WHEREAS, the Agreement between the City of Modesto and Modesto Irrigation District related to the relocation of electric utility poles indicated the cost for relocation of facilities as an estimated amount, and

WHEREAS, the Right Turn Lane Northbound (NB) McHenry Avenue to Eastbound (EB) Briggsmore Avenue Project is eligible for CMAQ funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Agreement between the City of Modesto and Modesto Irrigation District related to the relocation of electric utility poles.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-07**

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE FURNISHING OF PUMP STATION REJUVENATION SERVICES FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION AND WASTEWATER DIVISION, TO AMERINE SYSTEMS, INC. OAKDALE, CA AS "PRIMARY" CONTRACTOR, DON PEDRO PUMP, HUGHSON, CA AS "SECONDARY" CONTRACTOR AND GSE CONSTRUCTION CO., INC., LIVERMORE, CA AS "THIRD" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF \$185,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of pump station rejuvenation services, and

WHEREAS, the Purchasing Division issued RFB No. 1112-03 Pump Station Rejuvenation Services, to eight (8) prospective bidders, five (5) of which were local vendors, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three (3) companies chose to respond, none of which were local vendors. All three (3) companies provided responsive and responsible bids, and

WHEREAS, in order to ensure continued services to the City, contracts shall be awarded to more than one contractor to provide for backup in case the primary contractor is unable to meet the City's needs. A secondary position contractor may be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the time frame required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on providing responsive and responsible bids, City staff recommends the award of bids for the furnishing of pump station rejuvenation services for the Public Works Department, Water Division and Wastewater Division, to Amerine Systems, Inc. Oakdale, CA as “primary” contractor, Don Pedro Pump, Hughson, CA as “secondary” contractor and GSE Construction Co., Inc., Livermore, CA as “third” contractor, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the furnishing of pump station rejuvenation services for the Public Works Department, Water Division and Wastewater Division, to Amerine Systems, Inc. Oakdale, CA as “primary” contractor, Don Pedro Pump, Hughson, CA as “secondary” contractor and GSE Construction Co., Inc., Livermore, CA as “third” contractor, conforms to the Modesto Municipal Code, and

WHEREAS, funds shall be budgeted for the furnishing of pump station rejuvenation services in Appropriation Unit: 4100-55090-53100 and 4210-54313-53100.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the furnishing of pump station rejuvenation services for the Public Works Department, Water Division and Wastewater Division, to Amerine Systems, Inc. Oakdale, CA as “primary” contractor, Don Pedro Pump, Hughson, CA as “secondary” contractor and GSE Construction Co., Inc., Livermore, CA as “third” contractor.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of \$185,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-08**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF ONE TRANSFER TRUCK WITH TRAILER, FOR THE PUBLIC WORKS DEPARTMENT, STREETS DIVISION, THROUGH THE FLEET SERVICES DIVISION, TO DELTA TRUCK CENTER, FRENCH CAMP, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF \$164,144

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, throughout FY 11/12 through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The transfer truck and trailer were included in the FY 11/12 new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the transfer truck with trailer is a replacement for the Streets Division and has been subjected to a thorough evaluation and has met or exceeded the replacement criteria before being placed on the replacement list. The transfer truck with trailer falls under the City's compliance program, approved by the California Air Resources Board, requiring a progressive program to remove older diesel trucks from service, and

WHEREAS, on October 25, 2011, the City Council, by Resolution No. 2011-407, rejected all bids for the purchase of the transfer truck with trailer based on a letter received from one of the bidders. The information received suggested the motor being proposed by the lowest responsive and responsible bidder would not provide the performance and warranty required for the application, and

WHEREAS, the lowest responsive and responsible bidder retracted their proposed bid for the medium size engine and requested to price a heavy duty engine, and

WHEREAS, in the best interest of the City and to provide all vendors a fair and competitive process, staff recommended rejection of all bids and to re-issue a formal Request for Bid with revised specifications, and

WHEREAS, the Fleet Division discussed the engine requirements with the manufacturers and revised the specification to provide more specific details regarding the engine requirements and the use of this equipment, and

WHEREAS, the Purchasing Division issued RFB No. 1112-16 for the purchase of one transfer truck with trailer to fourteen (14) prospective bidders, posted the bid on the City's website and formally advertised as required by law. Three (3) of the fourteen (14) prospective bidders are located within Stanislaus County, one of which is a local vendor, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the fourteen (14) prospective bidders, four (4) companies chose to respond, two (2) bidders are located in Stanislaus County. The one local vendor could not provide this type of equipment and did not submit a bid. All four (4) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of one transfer truck with trailer to Delta Truck Center, French Camp, CA, for a total estimated cost of \$164,144, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in appropriation unit 5410-53241-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services

to be formally bid. The award of bid for the purchase of one transfer truck with trailer to Delta Truck Center, French Camp, CA, for the Public Works Department, Fleet Services Division, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of one transfer truck with trailer for the Public Works Department, Streets Division, through the Fleet Services Division, to Delta Truck Center, French Camp, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for a total estimated cost of \$164,144.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-09**

**RESOLUTION AMENDING THE FISCAL YEAR 2010-2011 AND 2011-2012
ANNUAL OPERATING BUDGETS**

WHEREAS, a financial analysis has been completed and it has been determined that a budget adjustment is required to the Annual Budgets of the City of Modesto for Fiscal Years 2010-2011 and 2011-2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2010-2011 and 2011-2012 annual operating budgets as shown in **Exhibit A**, which is **attached** hereto and incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following votes:

EXHIBIT A

CITY MANAGER'S OFFICE

An adjustment is necessary to City Manager's Office budget in the General Fund (0100) to recognize \$6,211 in previously unbudgeted Miscellaneous Donations/Contributions revenue from Stanislaus Foundation and appropriate it to Professional Services expense for Branding Modesto website development.

COMMUNITY AND ECONOMIC DEVELOPMENT

An adjustment is necessary to recognize \$2,060 of previously unbudgeted Miscellaneous Revenue in the Traffic Engineering Division of CEDD in the Surface Transportation Fund (1700) for rental of additional office space on the 4th floor of Tenth Street Place to the Parks, Recreation and Neighborhoods (PR&N) Solid Waste Management Division. The expense will be paid from existing budget in PR&N's Solid Waste Fund (4890).

An adjustment is necessary to close Project 100047-Coffee/Claratina Intersection Improvements and re-appropriate the project's \$1,054,936 existing expense budget to Project 100051-Claratina/McHenry/Coffee 4 Lanes in the Streets CFF Fund (3410). The two projects due to their similarity in scope and location are being combined into Project 100051 which will be renamed Claratina/McHenry to Coffee (4 Lanes & Intersection Improvements).

FINANCE

On October 21, 1997 the Modesto Public Financing Authority, by Resolution 97-1 approved the award of the 1997 Water Bonds. The 1997 Water Bonds were paid off in Fiscal Year 2010-11 and an adjustment is necessary to write off the remaining Deferred Amount on Refunding – Amortization expense in the amount \$1,000,428 in the Water COP 97 Fund (4120) in Fiscal Year 2010-11. The expense would have been amortized at \$74,736 annually until Fiscal Year 2022/23 had the bonds not been refunded. This action is a bookkeeping correction to reflect the refunding of the bonds and does not impact cash flow. **This transaction is for fiscal year 2010/11.**

Due to implementation of the City's new Oracle financial system spanning two fiscal years, \$81,270 budgeted but unspent for ERP temporary labor backfill expense fell to General Fund (0100) reserves at the end of Fiscal Year 2010-11. An adjustment is necessary in Fiscal Year 2011-12 to re-appropriate the \$81,270 to the Accounting Division in the Finance Department in the General Fund (0100) for Temporary Employee Services expense to backfill for key staff members who are vital in the success of the conversion.

An adjustment is necessary to increase the budgeted transfer from the General Fund (0100) to the Public Financing Authority 98 & 07 Bonds Fund (2150) in the amount of \$662,728 from General Fund reserves. As described in the agenda report for Resolution 2011-358, the execution and delivery of a reimbursement agreement fee letter for the 2008 Leave Revenue bonds included previously unbudgeted expense for legal and advisory services (\$157,728) and additional LOC costs (\$505,000), and, increase the expense budget in the Public Financing Authority 98 & 07 Bonds Fund (2150) to allow for the unbudgeted professional services and LOC costs.

POLICE

An adjustment is necessary to recognize \$2,500 of previously unbudgeted Miscellaneous Donation/Contribution revenue received from Target Corporation and appropriate the same City Council, January 10, 2012 Monthly Budget Adjustment Report – November & December 2011 Page 3 of 3 amount in Patrol Field Operations in the Police budget in the General Fund (0100) for Tools, Shop and Field Supplies expense to purchase McGruff kits for the Safe Kids Program.

PARKS, RECREATION AND NEIGHBORHOODS

An adjustment is necessary to appropriate \$50,000 from the Parks Fund (3130) reserves to the Thurman Field Improvements Project 100301 – Construction for two previously unbudgeted additional parking lots at John Thurman Field.

An adjustment is necessary to recognize \$89,343 in previously unbudgeted revenue in the Grants-RLF Housing Loan Program Fund (1150) and appropriate it to expense for the Housing Rehabilitation Programs in that fund.

PUBLIC WORKS

On November 10, 2009 on Resolution 2009-543 the City Council approved ARRA Grant funded Capital Improvement Project #100453 - ARRA Wells 283 & 236 Blending. Per the terms of the Grant Debt Service Repayment Agreement, once reimbursements are received for work completed, payments of principal and interest are payable to the Federal Government.

An adjustment is necessary to appropriate \$18,634 from Water Fund (4100) Reserves to establish a debt service budget for Safe Drinking Water State Revolving Fund ARRA Financing.

An adjustment is necessary to appropriate \$6,500 from the Wastewater Fund (4210) reserves to Salary and Wages in Laboratory Services for an Administrative Office Assistant II position approved by Council on June 7, 2011.

UTILITY PLANNING & PROJECTS

An adjustment is necessary to reduce the Engineering/Design/Administration expense budget by \$200,000 in Capital Improvement Project #100467 - Industrial Tank 13 Transmission Mains and re-appropriate the funds to Capital Improvement Project #100672 - Codoni Transmission Mains. The Codoni Transmission project was approved by the Capital Improvement Project Task Force on October 24, 2011.

An adjustment is necessary to re-appropriate \$250,000 from Capital Improvement Project #100568 - Install New Wells Primary project to Capital Improvement Project #100472 – Hickman Water Tank & Well project to provide additional budget for Engineering/Design/Administration activities in the Hickman Water Tank & Well project.

An adjustment is necessary to re-appropriate \$710,000 from Capital Improvement Project #100564 – Wellhead treatment Primary to Capital Improvement Project #100628 – Kiernan Ave. Water Main Extension for costs associated with the water main extension

from the intersection of Dale Rd and Bangs to Kiernan Avenue and the replacement of the existing water main on Kiernan Avenue from the Sisk Rd. intersection to across the Hwy 99 bridge.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-10**

**RESOLUTION AMENDING THE CITY'S ALCOHOL AND DRUG TESTING
POLICY AND PROCEDURE AND RENAMING IT THE ANTI-DRUG /
ALCOHOL MISUSE PROGRAM TO ENSURE CONTINUED COMPLIANCE
WITH REGULATIONS OF THE UNITED STATES DEPARTMENT OF
TRANSPORTATION**

WHEREAS, the Omnibus Transportation Employee Testing Act of 1991 requires drug and alcohol testing of safety-sensitive transportation employees in transportation industries, and

WHEREAS, on December 13, 1994, by Resolution No. 94-695, the Council of the City of Modesto approved the original Alcohol and Drug Testing Policy and Procedure, and

WHEREAS, on December 16, 1996, by Resolution No. 96-716, the Council of the City of Modesto amended the Alcohol and Drug Testing Policy and Procedure, and

WHEREAS, on March 10, 2009, by Resolution No. 2009-104, the Council of the City of Modesto amended the Alcohol and Drug Testing Policy and Procedure, and

WHEREAS, the City of Modesto Alcohol and Drug Testing Policy and Procedure is governed by both the Federal Motor Carrier Safety Administration and the Federal Transit Administration, and

WHEREAS, as a result of a recent audit, there is a need to revise the City's Alcohol and Drug Testing Policy and Procedure to ensure compliance with the Federal regulations of the United States Department of Transportation, and rename it the Anti-Drug/Alcohol Misuse Program,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION I. POLICY AMENDMENT AND TITLE. The City's Alcohol and Drug Testing Policy and Procedure is hereby renamed the Anti-Drug/Alcohol Misuse Program. The Anti-Drug/Alcohol Misuse Program **attached** hereto is hereby approved.

SECTION II. EFFECTIVE DATE. This resolution shall become effective on and after January 10, 2012.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

1. Purpose of Policy

This policy complies with 49 CFR Part 655, as amended, 49 CFR Part 40, as amended, and 49 CFR Part 382, as amended. All drug and alcohol testing is conducted in accordance with these regulations.

Copies of Parts 382, 655 and 40 are available in the Anti-Drug Program/Alcohol Misuse Program Manager's office and can be found on the internet at the Office of Drug & Alcohol Policy & Compliance's website <http://www.dot.gov/ost/dapc/index.html>.

The City of Modesto has written and implemented its Anti-Drug/Alcohol Misuse Program to ensure compliance with Federal Regulations of the Department of Transportation. This program is implemented in addition to the City's Drug-Free Workplace Program. This policy and these procedures are adjunct to the City of Modesto's Alcohol and Drug Abuse Policy, dated October 7, 2009. In the event that Federal Regulations conflict with the City's Drug-Free Workplace Program, the Federal Regulations shall prevail. In the event that Federal Regulations fail to provide language for a particular situation, the employee shall be subject to this policy, the City's 2009 Drug-Free Workplace Program or other applicable City Policies.

It is the goal of the City of Modesto to attract and maintain a work force that is free of alcohol or drugs that impair judgment, impact job performance or result in accident or injury to employees or the general public. For the purpose of this program an employee who tests positive on a drug test, as defined by DOT, shall be considered impaired.

2. Statement of Philosophy

A. Drugs and Alcohol in the Workplace

In passing the Omnibus Transportation Employee Testing Act of 1991, Congress found that:

- (1) Alcohol abuse and illegal drug use pose significant dangers to the safety and welfare of the Nation;
- (2) Millions of the Nation's citizens utilize transportation by aircraft, railroads, trucks, and buses, and depend on the operators of aircraft, trains, trucks and buses to perform in a safe and responsible manner;
- (3) The greatest efforts must be expended to eliminate the abuse of alcohol and use of illegal drugs, whether on duty or off duty, by those individuals who are involved in the operation of aircraft, trains, trucks and buses;
- (4) The use of alcohol and illegal drugs has been demonstrated to affect significantly the performance of individuals, and has been proven to have been a critical factor in transportation accidents;
- (5) The testing of uniformed personnel of the Armed Forces has shown that the most effective deterrent to abuse of alcohol and use of illegal drugs is increasing testing, including random testing;
- (6) Adequate safeguards can be implemented to ensure that testing for abuse of alcohol or use of illegal drugs is performed in a manner which protects an individual's right to privacy, ensures that no individual is harassed by being

- treated differently from other individuals, and ensures that no individual's reputation or career development is unduly threatened or harmed; and
- (7) Rehabilitation is a critical component of any testing program for abuse of alcohol or use of illegal drugs, and should be made available to individuals, as appropriate.

B. City Philosophy

As stated in the City of Modesto's Alcohol and Drug Abuse Policy, employees shall not utilize or be under the influence of alcohol or drugs while in City vehicles, at work locations, or while on duty or paid standby; shall not possess alcohol or drugs while on duty, or in City vehicles; shall not sell or provide or participate in or arrange for the selling or provision of prescription or illegal drugs to any other employee or to any person while such employee is on duty or paid standby; nor have their ability to work impaired as a result of the use of alcohol or drugs. Employees must be able to perform their duties safely and efficiently, in the interest of the public and their fellow workers, as well as themselves. The influence of drugs and alcohol on employees is not consistent with this objective.

The City will act to eliminate any substance abuse. Examples include alcohol, illegal drugs, prescription drugs, or any other substance which could impair an employee's ability to perform safely and effectively the functions of the particular job that increases the potential for accidents, absenteeism, substandard performance, poor employee morale, or damage to the City's reputation.

3. Scope

A. Covered Employees

This policy applies to every employee whose position requires the possession of a commercial driver's license (CDL); every employee performing a "safety-sensitive function" as defined herein, and any employee applying for such positions.

Under Federal Motor Carrier Safety Administration (**FMCSA**), an employee is performing a safety-sensitive function if they are:

- Driving a commercial motor vehicle which requires the driver to have a commercial driver's license (CDL),
- Inspecting, servicing, or repairing any commercial motor vehicle,
- Waiting to be dispatched to operate a commercial motor vehicle,
- Performing all other functions in or upon a commercial motor vehicle,
- Loading or unloading a commercial motor vehicle, supervising or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipment being loaded or unloaded,
- Performing driver requirements associated with an accident, or
- Repairing, obtaining assistance, or remaining in attendance upon a disabled commercial motor vehicle.

Under Federal Transportation Authority (**FTA**), you are a safety-sensitive employee if you perform any of the following:

- Operation of a revenue service vehicle, in or out of revenue service,
- Operation of a non-revenue vehicle requiring a CDL,
- Controlling movement or dispatch of a revenue service vehicle (this is optional and determined by employer),
- Security personnel who carry firearms,
- Maintenance (including repairs, overhaul and rebuilding) of a revenue service vehicle or equipment being used on revenue service, or
- Contract employees that stand in the shoes of Transit System employees who have to comply.

Covered employee means a person, including an applicant or transferee, who performs or will perform a safety-sensitive function. A volunteer is a covered employee if: (1) The volunteer is required to hold a commercial driver's license to operate the vehicle; or (2) The volunteer performs a safety-sensitive function for an entity subject to CFR 49 Part 655, 40 or 382 and receives remuneration in excess of his or her expenses incurred while engaged in the volunteer activity.

See Attachment A and B for a list of covered positions by job title.

B. Contact

For questions regarding the City's anti-drug use and alcohol misuse program, please contact the City's Program Manager 209-571-5134 or Risk & Loss Control Coordinator at 209-577-5446.

4. Prohibited Substances

- Marijuana
- Cocaine
- Amphetamines
- Opiates
- Phencyclidine (PCP)
- Alcohol

5. Prohibited Conduct

All covered employees are prohibited from reporting for duty or remaining on duty any time there is a quantifiable presence of a prohibited drug in the body above the minimum thresholds defined in 49 CFR Part 40 (as amended).

Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report to duty. If the covered employee claims ability to perform his or her safety-sensitive function despite prior consumption of alcohol, they must take an alcohol test before being allowed to work.

No department shall permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol.

Each covered employee is prohibited from reporting to work or remaining on duty requiring performance of safety-sensitive functions while having an alcohol concentration of 0.02 or greater regardless of when the alcohol was consumed.

No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.

No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.

6. Testing Procedure

Testing shall be conducted in a manner to assure a high degree of accuracy and reliability using techniques, equipment and laboratory facilities which have been approved by the U.S. Department of Health and Human Services (HHS). All testing will be conducted consistent with the procedures as required in 49 CFR Part 40 (as amended). The following types of tests and testing protocols apply:

A. Pre-Employment Testing

Pre-employment alcohol tests are conducted after making a preliminary offer of employment or transfer that is subject to the employee passing the pre-employment alcohol test.

FTA Procedures: A negative pre-employment drug test result is required before an employee can first perform safety-sensitive duties.

A pre-employment (return to work) test is required for covered employees who are away from work for more than 90 consecutive calendar days, are removed from the random testing pool, and plan to return to a safety-sensitive function.

When a covered employee or applicant has previously failed or refused a DOT pre-employment drug and/or alcohol test, the employee must provide proof of having successfully completed a referral, evaluation and treatment plan meeting DOT requirements.

FMCSA Procedures: A negative pre-employment drug test result is required before an employee can first perform safety-sensitive duties. An employer is required to administer a pre-employment controlled substances test if:

- (1) The driver has participated in a controlled substances testing program that meets the requirements of this part within the previous 30 days; and
- (2) While participating in that program, either:
 - a) Was tested for controlled substances within the past six months (from the date of application with the City of Modesto), or
 - b) Participated in the random controlled substances testing program for the previous twelve months (from the date of application with the City of Modesto); and
- (3) The City of Modesto ensures that no prior employer of the driver (of whom the City of Modesto has knowledge) has records of a violation of this part or the controlled substances use rule of another DOT agency within the previous six months.

B. Reasonable Suspicion Testing

As currently provided in the City of Modesto's Alcohol and Drug Abuse Policy, the City shall conduct a drug and/or alcohol test when the City has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse.

The determination that reasonable suspicion exists shall be based on specific, contemporaneous, objective observations concerning the appearance, behavior, speech, or body odors of the covered employee. A supervisor or other City official, trained in detecting the signs and symptoms of drug use and alcohol misuse, must make the required observations and document them in writing on the form provided. (Attachment D)

You may ask to have a representative with you prior to being tested. We will provide access to a telephone to contact a representative. Your representative must be present within one and one half hours of the time we directed you to take the test. If the representative cannot be present or is not present within that time, we may allow additional time at our discretion or we may choose to have you undergo the evaluation and/or testing without your representative being present.

The City of Modesto may direct a covered employee to undergo DOT reasonable suspicion testing for alcohol only while the employee is performing safety-sensitive functions, just before the employee is to perform safety-sensitive functions; or just after the employee has ceased performing such functions. However, all City employees (BOT and non-DOT) can be tested under the City's Alcohol and Drug Abuse Policy for reasonable suspicion.

If an alcohol test is not administered within two (2) hours following the determination to conduct a reasonable suspicion test, the supervisor shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test is not administered within eight (8) hours following the determination to test, the City shall cease attempts to administer an alcohol test and update the record with the reasons for not administering the test in a timely manner.

Where there is reasonable suspicion that the employee is under the influence of alcohol or drugs, the manager or supervisor should arrange for the employee to be safely transported home after the employee has undergone testing. The employee shall be placed on paid administrative leave pending the outcome of the test.

C. Post-Accident Testing

FMCSA and FTA Procedures: Covered employees shall be subject to post-accident alcohol and controlled substances testing under the following circumstances:

Fatal Accidents: As soon as possible following an accident involving the loss of human life, DOT drug and alcohol tests are conducted on all surviving covered employees. In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, is tested.

Non-Fatal Accidents: Post-accident testing is required if one of the following conditions is met,

- An accident results in injuries requiring immediate medical treatment away from the scene, and the covered employee may have contributed to the accident,

or

- One or more vehicles receive disabling damage and have to be towed from the scene, and the covered employee may have contributed to the accident.

In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, is tested.

Disabling damage means damage which prevented the departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs.

Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, tail lights, turn signals, horn, or windshield wipers that makes them inoperative.

If an alcohol test is not administered within two hours following the time of the accident, the supervisor shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test is not administered within eight hours following the determination to test, the City shall cease attempts to administer an alcohol test and update the record with the reasons for not administering the test in a timely manner. The drug test should be taken as soon as possible. Cease attempts to collect the drug test after 32 hours.

If the decision not to administer a drug and/or alcohol test under this section shall be based on the City's determination, using the best available information at the time of the determination that the employee's performance could not have contributed to the accident, such a decision must be documented in detail, including the decision-making progress used to reach the decision not to test (Attachment C).

Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident or to prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

D. Random Testing

Random drug and alcohol tests are unannounced and unpredictable, and the dates for administering random tests are spread reasonably throughout the calendar year. Random testing must be conducted at all times of the day when safety-sensitive functions are performed.

Testing rates will meet or exceed the minimal annual percentage rate set each year by the DOT Administrator. The current year testing rates can be viewed on line at <http://www.dot.gov/ost/dapc/rates.html>. The 2011 FMCSA minimum testing requirement is to annually perform drug tests on 50% and alcohol tests on 10% of the average number of commercial driver positions. The 2011 FTA minimum testing requirement is to annually perform drug tests on 25% and alcohol tests on 10% of the average number of safety-sensitive employees. If a given agency or driver is subject to random alcohol or controlled substances testing under the random alcohol or controlled substances testing of more than one DOT agency for the same employer, the drivers shall be subject to random alcohol and/or controlled substances testing at the annual percentage rate established for the calendar year by the DOT agency regulating more than 50 percent of the driver's function.

The selection of employees for random drug and alcohol testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator

that is matched with employees' Social Security numbers, payroll identification numbers, or other comparable identifying numbers. Under the selection process used, each covered employee shall have an equal chance of being tested each time selections are made.

Each employee selected for testing shall be tested during the selection period. A covered employee shall only be randomly tested for alcohol misuse while the employee is performing safety-sensitive functions; just before the employee is to perform safety-sensitive functions; or just after the employee has ceased performing such functions. A covered employee may be randomly tested for prohibited drug use anytime while on duty.

Each covered employee who is notified of selection for random drug or random alcohol testing shall proceed to the test site immediately.

E. Test Refusal

You have refused to take a test if you:

1. Fail to provide a breath or urine sample,
2. Provide an insufficient volume without valid medical explanation,
3. Adulterate or substitute a specimen,
4. Fail to appear within a reasonable time,
5. Leave the scene of an accident without just cause prior to submitting to a test,
6. Leave the collection facility prior to test completion,
7. Fail to permit an observed or monitored collection when required,
8. For an observed collection, fail to follow the observer's instructions to raise your clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if you have any type of prosthetic or other device that could be used to interfere with the collection process,
9. Possess or wear a prosthetic or other device that could be used to interfere with the collection process,
10. Admit to the collector or MRO that you adulterated or substituted the specimen. As an employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test,
11. Fail to take a second test when required,
12. Fail to undergo a medical examination when required,
13. Fail to cooperate with any part of the testing process,
14. Fail to sign Step 2 of alcohol test form,
15. Once test is underway, fail to remain at site and provide a specimen, or
16. The MRO verifies that you provided an adulterated/substituted sample.

For pre-employment tests only, failure to appear, aborting the collection before the test commences, or failure to remain at site prior to commencement of test is NOT a test refusal.

F. Shy Bladder

If an employee is unable to provide at least 45 milliliters of urine, collection site personnel shall direct the individual to drink not more than 40 ounces of fluids and, after a period up to three (3) hours time, attempt to provide a complete sample. If employee is still not able to give an adequate sample the MRO shall refer the individual for a medical evaluation to determine if individual's inability to provide a sample is a genuine medical condition or constitutes a refusal to test. An employee's refusal to be examined by a physician shall be regarded as a refusal to test.

G. Dilute Samples

In instances where the employee produces a dilute specimen, he or she must undergo a second test.

Dilute negative results of 2-5 mg/dl require an immediate recollection under direct observation (see §40.155(c)).

H. Split Sample

Any covered employee who questions the results of a required drug test under this policy may request that the split sample be tested. The test must be conducted on the split sample that was provided by the employee at the time of the primary specimen. The employee's request must be made to the Medical Review Officer within 72 hours of notice of the verified results from the original sample. Requests after 72 hours will only be accepted at the discretion of the MRO. The split specimen test is at the employee's expense and will be sent to a different DHHS-certified laboratory for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen.

I. Consequences

Following a positive drug or alcohol (BAC at or above 0.02) test result or test refusal, the employee is immediately removed from safety-sensitive duties, referred to a substance abuse professional (SAP), and put on paid administrative leave pending disciplinary action.

J. Return to Duty Testing

Any employee who is allowed to return to duty after a refusal to submit to a test or failing an alcohol and/or drug test, must first be evaluated by a substance abuse professional (SAP), and provide a negative drug, alcohol (or both) test result.

K. Follow-Up Testing

Employees returning to duty following a leave for substance abuse rehabilitation will be required to undergo unannounced follow-up alcohol and/or drug testing as directed by the SAP. The number and frequency of such follow-up testing shall be directed by the SAP. The employee will be subject to follow-up testing for a period of 1 to 5 years as determined by the SAP. All testing will be conducted in accordance with 49 CFR Part 40, subpart O. All such follow-up testing will be paid for by the employee.

L. Compensation

Time spent in conjunction with pre-duty (first test to add into the Random pool), post-accident, random and reasonable suspicion testing shall be considered as paid time. The City shall also pay for the cost of these tests, pre-employment tests and the initial evaluation by the SAP. Cost of SAP-required treatment and testing, time spent while testing for return to duty, and time spent on follow-up testing shall be borne by the employee.

7. Employee admission of alcohol and controlled substances use

All employees are encouraged to make use of the available resources for treatment for alcohol misuse and illegal drug use problems. Under the City of Modesto's policy, any employee who **voluntarily discloses** a substance abuse problem **before a disciplinary matter develops and/or before notification for a required test**, will be subject to return-to-duty and follow-up testing under the City of Modesto's authority (using non-DOT testing paperwork). The purpose of the return to duty testing is to provide a degree of assurance that the employee is drug and alcohol free and that the employee is able to return to work without undue concern of continued drug abuse or alcohol misuse.

The employee must be referred to EAP and evaluated by a substance abuse professional and pass a return-to-duty test. A return to duty test must include both drug and alcohol testing as well as meet other return-to-duty requirements. The employee must have a verified negative drug test result and a breath alcohol test result of less than 0.02 before returning to his/her safety-sensitive functions. Once returned and as a condition of ongoing employment, the employee must follow the recommended frequency and duration of follow-up testing from the EAP/substance abuse professional. **Any employee who refuses or fails to comply with requirements for treatment, after care, or return-to-duty shall be subject to disciplinary action, up to and including termination.** The cost of any treatment or rehabilitation services will be paid for directly by the employee or their insurance provider. Employees will be allowed to take accumulated sick leave and vacation leave to participate in the prescribed rehabilitation program.

Any follow-up testing will be apart from and in addition to participation in the random testing program.

8. Prescription Drug Use

The appropriate use of legally prescribed drugs and non-prescription medication is not prohibited. It is however, the employee's responsibility to explain to their physician their job duties and ask their physician, or other health care professional, whether or not the prescribed drug may impair their job performance or mental or motor function. It is the responsibility of the employee to remove themselves from service if they are unfit for duty due to prescription drug use.

Employees are required to report the use of medically authorized drugs or other substances that may create a direct threat by impairing performance of safety-sensitive functions to his/her supervisor, and to provide written medical authorization to work from a physician.

Failure to report the use of such drugs or failure to provide proper evidence of medical authorization to work may result in disciplinary action, up to and including termination.

9. Over-The-Counter Medications

It is the responsibility of the employee, when selecting an over-the-counter medication, to read all warning labels **before** selecting medications for use while performing safety-sensitive function. Medications known to affect mental function, motor skills or judgment should not be selected. The advice of a pharmacist, if available at the purchase site may be helpful in making a selection that is appropriate for the safety-sensitive functions. If no alternate medication is available for the condition, the employee should seek professional assistance from a pharmacist or physician. Ultimately, the employee may be the best judge of how a substance is impacting him/her. It is the responsibility of the employee to refrain from using any over-the-counter medication that may cause altering side effects inconsistent with doing their job.

10. Evaluation/Rehabilitation

The Substance Abuse Professional (SAP) must be a licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, social worker, employee assistance professional; or an addiction counselor certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission or the International Certification Reciprocity Consortium/Alcohol and other Drug Abuse.

The SAP will perform responsibilities and retain confidential records as required by 49 CFR Part 40 (as amended).

An employee who fails a drug test, alcohol test (0.02 or greater), or refuses to be tested will be referred to a substance abuse professional who shall determine what assistance the employee needs in resolving problems associated with alcohol misuse or drug use. Applicants not hired and employees who are to be disciplined as a result of a violation of this policy shall also be referred to the SAP. Each employee identified as needing assistance in resolving problems associated with alcohol misuse or drug use shall be evaluated by a substance abuse professional to determine if the employee has properly followed a rehabilitation program and shall be subject to unannounced follow-up alcohol and controlled substance testing.

Participation in rehabilitation through the EAP will not result in disciplinary action. However, successful completion of the prescribed program, if it is determined that participation in such a program is needed, will be required for the employee to continue in the employment of the City of Modesto. The employee shall be placed on sick leave, vacation leave, or leave without pay if sick or vacation leave is not available, in order to enter into an approved rehabilitation program.

Participation in rehabilitation through the EAP will not prevent or prohibit disciplinary action where warranted for violations of rules and regulations.

Return to duty will be conditioned upon consent for substance/alcohol retesting as scheduled by the SAP for a time period not to exceed 60 months. Positive results on a follow-up test or other evidence of relapse will be grounds for disciplinary action, up to and including termination.

The SAP's determination that an employee is medically qualified to be returned to duty will not prevent or prohibit disciplinary action for violation of rules and regulations.

Employees who have been determined to need treatment to resolve an alcohol misuse or drug use problem shall be referred to the City's Employee Assistance Program.

11. Employee and Supervisor Training

Every safety-sensitive employee will receive a copy of this policy and will have ready access to the corresponding federal regulations including 49 CFR Part 40 and Part 655 (as amended) on the City's Intranet, by contacting the Program Manager, or by contacting the Risk & Loss Control Coordinator.

All-covered employees will undergo a minimum of 60 minutes of initial training on the signs and symptoms of drug use including the side effects and consequences of drug use on personal health, safety, and the work environment. Follow-up training will be done as regulations and requirements change. The initial training also includes manifestations and behavioral cues that may indicate prohibited drug use. Upon completion of the training, employees will sign and date the Employee Acknowledgement Form to confirm receiving the document and the training. Training forms will be forwarded to Human Resources for retention.

All supervisory and management personnel who are in a position to determine employee fitness for duty will receive a minimum of 90 minutes of reasonable suspicion training on the physical, behavioral, and performance indicators of probable drug use and 60 minutes of additional reasonable suspicion training on the physical, behavioral, speech, and performance indicators of probable alcohol misuse. Follow-up training will be done as regulations and requirements change.

Information on the signs, symptoms, health effects, and consequences of substance abuse is found in Attachment G of this policy.

12. Medical Review Officer (MRO)

The MRO must be a licensed physician or doctor of osteopathy who is responsible for receiving laboratory results generated by the drug testing program and who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his/her medical history and any other relevant biomedical information.

The MRO will perform responsibilities, perform notifications, and retain confidential records as required by 49 CFR Part 40 as amended.

13. Testing Laboratory

The City shall use a drug testing laboratory certified under HHS Mandatory Guidelines for Federal Workplace Drug Testing Programs; 53 FR 11970, April 11, 1988 and subsequent amendments.

The testing laboratory will comply with all methods and procedures of 49 CFR Parts 40, 382, and 655 (as amended). The laboratory shall have a qualified individual to assume professional, organizational, educational, and administrative responsibilities for the laboratory's urine drug testing facility.

14. Reporting of Anti-Drug/Alcohol Testing Results

The City shall prepare and maintain an annual calendar year summary of the results of its alcohol and controlled substances testing programs. By March 15 of each year, the City shall complete the annual summary covering the previous calendar year.

If the City is notified, during the month of January, of a request by the FMCSA and/or FTA to report the employer's annual calendar year summary information, the City shall prepare and submit the report to FMCSA and/or FTA by March 15 of that year. The report shall be in the form and manner prescribed by FMCSA and/or FTA in their requests. When the report is submitted to FMCSA and/or FTA by mail or electronic transmission, the information requested shall be typed, except for the signature of the certifying official.

Each annual calendar year summary containing information on controlled substances and alcohol screening test results shall include all informational elements as required by the FTA.

15. Confidentiality

Each individual's record of testing and results under this policy will be maintained as private and confidential. Except as provided by law or expressly authorized by DOT regulations, the results of individual drug/alcohol tests will not be released to anyone without the specific, written consent of a safety-sensitive employee authorizing release of the information to an identified person. Prior to testing, the individual will be informed about who will receive test data (e.g., testing laboratory, MRO, Program Manager, or Department Administrator if removal from safety-sensitive function is necessary).

All written records will be stored in locked containers or in a secure location with access available only by the Program Manager and DOT upon request. Drug and alcohol testing and/or rehabilitation records shall only be released to subsequent DOT covered employers upon written consent from the covered employee. Under these circumstances, only the specific information requested by the employee shall be released.

Terms and Definitions

Accident – The types of accidents requiring testing can be found under Post-Accident Testing.

Air Blank – A reading by an Evidential Breath Testing Device (EBT) of ambient air containing no alcohol.

Alcohol – The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol including methyl and isopropyl alcohol.

Alcohol Concentration – The alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath testing device.

Alcohol Use – The consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.

Blind Sample or Blind Performance Test – A urine specimen submitted to a laboratory for quality control testing purposes, with a fictitious identifier, so that the laboratory cannot distinguish it from employee specimens. This specimen is spiked with known quantities of specific drugs or can be blank, containing no drugs.

Breath Alcohol Technician – An individual who instructs and assists individuals in the alcohol testing process and operates an EBT.

Canceled or Invalid Test – In drug testing, a drug test that has been declared invalid by a Medical Review Officer. A canceled test is neither a positive nor a negative test. A sample that has been rejected for testing by a laboratory is treated the same as a canceled test. In alcohol testing, a test that is deemed to be invalidated under §40 Subpart N – Problems in Alcohol Testing is considered canceled or invalid.

Certification – A recipient's (of federal funds) written statement, authorized by the organization's governing board or other authorizing official, that the recipient has complied with the provisions of this part (FTA).

Chain of Custody – Procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition of the specimen. These procedures shall require that an appropriate drug testing custody form from a Department of Health & Human Services (DHHS) certified laboratory be used from time of collection to receipt by the laboratory.

Collection Site – A place designated by the employer where individuals present themselves for the purpose of providing a specimen of their urine to be analyzed for the presence of drugs.

Collection Site Person – A person who instructs and assists individuals at a collection site and who receives and makes a screening examination of the urine specimen provided by those individuals.

Commercial Motor Vehicle (CMV) – means a motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor 1) Has a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight of more than 10,000 pounds; or 2) Has a gross vehicle weight rating of 26,001 pounds; or 3) Is designed to transport 16 or more passengers, including the driver; or 4) Is of any size and is used in the transportation of materials found to be hazardous for the purposes of the Hazardous

Materials Transportation Act and which require the motor vehicle to be placarded under the Hazardous Materials Regulation (49 CFR Part 172, subpart F).

Confirmation Test – For alcohol testing this means a second test, following a screening test with a result of 0.02 or greater, that provides quantitative data of alcohol concentration. For controlled substances testing this means a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test and which uses a different technique and chemical principle from that of the screen test in order to ensure reliability and accuracy.

Covered Position (Safety-Sensitive position) – A duty position or job category that requires the performance of safety-sensitive (covered) function(s).

Covered Function (Safety-Sensitive Function) (1) FMCSA: operation of a commercial motor vehicle. (2) FTA: (a) Operating a revenue service vehicle, including when not in service; (b) Operating a non-revenue service vehicle, when required to be operated by a holder of a Commercial Driver's License; (c) Maintaining a revenue service vehicle or equipment used in revenue service; (d) Carrying a firearm for security purposes; (e) A volunteer who operates a vehicle designed to transport sixteen or more passengers, including the driver.

Dilute Specimen – A specimen with creatinine and specific gravity values that are lower than expected for human urine.

DOT Agency – An agency of the United States Department of Transportation administering regulations related to drug or alcohol testing. The Federal Motor Carrier Safety Administration and Federal Transit Administration are DOT agencies.

Drug Metabolite – The specific substance produced when the human body metabolizes a given drug as it passes through the body and is excreted in the urine.

Drug Test – The laboratory analysis of urine specimen collected in accordance with 49 CFR part 40 and analyzed in a DHHS-approved laboratory.

Education – Efforts that include the display and distribution of informational materials, a telephone number for employee assistance, and the City's policy(ies) regarding drug use in the workplace.

Employee Assistance Program (EAP) – A program provided to assist employees in dealing with drug or alcohol dependency and other personal problems. Rehabilitation and reentry to the work force are usually arranged through the EAP.

Employer or operator – (1) FMCSA: means any person who owns or leases a commercial motor vehicle or assigns persons to operate such a vehicle. (2) FTA: A recipient or other entity that provides mass transportation service or which performs a safety-sensitive function for such recipient or other entity.

Evidential breath testing device (EBT) – A device approved by the National Highway Traffic Safety Administration (NHTSA) for evidential testing of breath and placed on NHTSA's conforming products list of evidential breath measurement devices (CPL), and identified on the CPL as conforming with the model specifications available from the National Highway Traffic Safety Administration, Office of Alcohol and State Programs.

Federal Motor Carrier Safety Administration (FMCSA) – The DOT operating authority that regulates commercial motor vehicles.

Large Operator – 1) FMCSA: an employer who has more than 50 covered employees, 2) FTA: A recipient or subrecipient primarily operating in an area of 200,000 or more in population.

Medical Review Officer (MRO) – A licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by an employer's drug testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his or her medical history and any other relevant biomedical information.

Performing a Covered Function: An employee is considered to be performing a covered function during any period in which he or she is actually performing, ready to perform, or immediately available to perform such covered functions.

Permanent Employee – An employee hired for a period of more than 120 days (FTA).

Post-Accident Test – A drug test administered to an employee when an accident has occurred and the employee performed a safety-sensitive function that either contributed to the accident, or cannot be completely discounted as a contributing factor in the accident.

Pre-Employment Test – A drug test given to an applicant or employee who is being considered for a safety-sensitive position. The applicant or employee must be informed of the purpose for the urine collection prior to actual collection.

Prohibited Drug – Marijuana (including all hemp products), cocaine, opiates, phencyclidine (PCP), and amphetamines.

Random Test – A drug test of safety-sensitive employees who are selected on a scientifically defensible random and unannounced basis. The number of tests performed is based on a percentage of safety-sensitive employees as directed by DOT.

Reason to Believe – Objective information indicating that a particular individual may alter or substitute a urine specimen.

Recipient – FTA: An entity receiving Federal financial assistance under Section 3, 9, or 18, of the FT Act, or under Section 103(e)(4) of Title 23 of the United States Code.

Refuse to Submit to Test – means that a covered employee (1) Fails to provide adequate breath for testing without a valid medical explanation after he/she has received notice of the requirement for breath testing; (2) Fails to provide adequate urine for controlled substances testing without a valid medical explanation after he/she has received notice of the requirement for urine testing; or (3) Engages in conduct that clearly obstructs the testing process.

Return to Duty Test – An initial drug or alcohol test prior to return to duty and additional unannounced drug tests (Follow-up Tests) given to employees performing in safety-sensitive functions who previously tested positive, or refused a drug/or alcohol test and are returning to safety-sensitive positions.

Revenue Service Vehicle – A vehicle used to transport passengers, including a bus, van, car, railcar, locomotive, trolley car, trolley bus, ferry boat, or a vehicle used on a fixed guideway or inclined plane.

Screening Test (Initial Test) - In alcohol testing, it means an analytical procedure to determine whether a covered employee may have a prohibited concentration of alcohol in his/her system.

In controlled substances testing, it means an immunoassay screen to eliminate “negative” urine specimens from further consideration.

Specimen Bottle – The bottle that, after being labeled and sealed, is used to transmit a urine sample to the laboratory.

Split Specimen – An additional specimen collected with the original specimen, to be tested in the event the original specimen tests positive for alcohol or drugs.

Substance Abuse Professional (SAP) – The Substance Abuse Professional for this program must be a 1) licensed physician (medical doctor or doctor of osteopathy), licensed or certified psychologist, social worker, employee assistance professional; or 2) an addiction counselor certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission or the International Certification Reciprocity Consortium/Alcohol and other Drug Abuse.

Training – Providing information about the effects and consequences of drug use on personal health, safety, and the work environment; and about manifestations and behavioral clues that may indicate drug use or abuse.

Verified Positive (Drug Test Result) – A drug test result reviewed by a Medical Review Officer and determined to have evidence of prohibited drug use.

Volunteer – A permanent, temporary, or part-time worker who is not compensated for his/her service. Volunteers are included in the requirements of FTA drug and alcohol regulations if a CDL is required to operate the vehicle.

ATTACHMENT C

DOT Post-Accident Drug and Alcohol Testing Decision and Documentation Form

Accident Information:

Date of Accident _____ Time of Accident _____ a.m./p.m.
Employee Name _____ Location of Accident _____
Covered under _____ FTA or _____ FSCMA ?

Decision Questions:

Was there a fatality? Yes _____ No _____ (If yes, DOT drug and alcohol testing required)

If there was NO fatality, answer the following questions:

Did any individual involved in the accident suffer bodily injury and immediately receive medical treatment away from the scene of the accident?

Yes _____ (If yes, drug and alcohol testing required) No _____

Did the commercial vehicle or any other vehicle involved in the accident sustain disabling damage* requiring any of the vehicles to be transported away from the scene by a tow truck or other vehicle?

Yes _____ (If yes, drug and alcohol testing required) No _____

If there was No fatality AND you checked YES for either or both of the answers above, a DOT Post-Accident DRUG and ALCOHOL test is required unless you determine, using the best information available at the time of the decision, that the employee's performance can be completely discounted as a contributing factor in the accident. Any reason for discounting the employee's performance as a contributing factor to the accident MUST be documented on page two of this form.

Could the actions of any other safety-sensitive employee have contributed to the accident (e.g., mechanic)?

Yes _____ (If yes, contact the employee's supervisor to report the testing requirement)

No _____

*DISABLING DAMAGE is damage that precludes the departure of any vehicle from the scene of an accident in its usual manner in daylight hours after simple repairs. Disabling damage includes: damage to vehicles that could have been operated, but would have caused further damage if so operated. Disabling damage does not include: damage that could be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, or windshield wipers that makes them inoperable.

If ALCOHOL testing is not conducted within 2 hours after the accident, document the reason for the delay on page two of this form. If no alcohol test is administered within 8 hours, cease all efforts to have the test administered and update the documentation.

If DRUG testing is not conducted within the first 8 hours after the accident, document the reason for the delay on page two of this form. If no drug test is administered within 32 hours, cease all efforts to have the test administered and update the documentation.

DOT Alcohol Testing Location: _____

DOT Alcohol Testing Time: _____

DOT Urine Drug Testing Location: _____

DOT Urine Drug Testing Time: _____

If testing is delayed, document the reasons below:

Reason the ALCOHOL test was not conducted within 2 hours after the accident. Update this statement if no test conducted within 8 hours.

Reason the DRUG test was not conducted within 8 hours after the accident. Update this statement if no test conducted within 32 hours.

Reason the employee's performance was completely DISCOUNTED as a contributing factor to the accident and therefore, FTA post-accident testing was not conducted.

Supervisor Signature: _____

ATTACHMENT D

CITY OF MODESTO

Reasonable Suspicion Test Memorandum

Date: _____

Time: _____

TO: _____

FROM: _____

_____ (Department Director or designee or designated city management staff) is directing you to submit to a drug or alcohol screening test and/or a medical evaluation. You are being directed to submit to the screening and/or evaluation because I suspect you are under the influence of alcohol or drugs so that your ability to perform the functions of your job efficiently and safely is impaired. I observed or have information regarding the following:

- ___ Odor of alcoholic beverage on breath
- ___ Slurred and/or thick speech
- ___ Staggered gait (Unsteady walking and movement)
- ___ Vertical and/or horizontal nystagmus
- ___ Abnormally constricted pupils (below 2.5 mm), which are non-responsive to light
- ___ Abnormally dilated pupils (above 6.5 mm), which are non-responsive to light
- ___ Loss of attention span under controlled conditions
- ___ Inability to comprehend under controlled conditions
- ___ Hallucinating
- ___ An accident involving City property, where there is reason to believe that employee impairment may have been a factor
- ___ Possession of alcohol on the job
- ___ Possession of an illegal drug
- ___ Possession of a prescription drug without a valid prescription
- ___ Objective symptoms of drug usage identified by a trained medical practitioner or law enforcement officer
- ___ Other _____

This/these were observed by _____ at _____

You will be transported to _____

Anti-Drug Program/Alcohol Misuse Program

Reasonable Suspicion Test Memo

Page 2

There you may be evaluated by professional health care staff. At the site, you may also be required to provide a sample for drug and/or alcohol testing. If you refuse to submit to the testing, you may be disciplined, up to and including termination. If you leave the worksite or testing site without my permission or the permission of _____ prior to testing or evaluation, you may be disciplined. Because I believe your ability to drive may be impaired, I may arrange for you to be transported home at an appropriate time.

You may ask to have a representative with you prior to being tested. We will provide access to a telephone to contact a representative. Your representative must be present within one and one half hours of the time we directed you to take the test. If the representative cannot be present or is not present within that time, we may allow additional time at our discretion or we may choose to have you undergo the evaluation and/or testing without your representative being present.

ATTACHMENT E

Alcohol Fact Sheet

Alcohol is a socially acceptable drug that has been consumed throughout the world for centuries. It is considered a recreational beverage when consumed in moderation for the enjoyment and relaxation during social gatherings. However, when consumed primarily for its physical and mood-altering effects, it is a substance of abuse. As a depressant, it slows down physical responses and progressively impairs mental functions.

Signs and Symptoms of Use

- Dulled mental processes
- Lack of coordination
- Odor of alcohol on breath
- Possible constricted pupils
- Sleepy or stupor like condition
- Slowed reaction rate
- Slurred speech

(Note: Except for the odor, these are general signs and symptoms of any depressant substance.)

Health Effects

The chronic consumption of alcohol (average of three servings per day of beer [12 ounces/serving], whiskey [1 ounce/serving], or wine [6 ounce/serving]) over time may result in the following health hazards:

- Decreased sexual functioning
- Dependency (up to 10 percent of all people who drink alcohol become physically and/ or mentally dependent on alcohol and can be termed "alcoholic")
- Fatal liver diseases
- Pancreatitis
- Spontaneous abortion and neonatal mortality
- Ulcers
- Birth defects (up to 54 percent of all birth defects are alcohol related).

Social Issues

- Two-thirds of all homicides are committed by people who drink prior to the crime.
- Two to three percent of the driving population is legally drunk at any one time. This rate is doubled at night and on weekends.
- Two-thirds of all Americans will be involved in an alcohol-related vehicle accident during their lifetimes.
- The rate of separation and divorce in families with alcohol dependency problems is 7 times the average.
- Forty percent of family court cases are alcohol problem related.
- Alcoholics are 15 times more likely to commit suicide than are other segments of the population.
- More than 60 percent of burns, 40 percent of falls, 69 percent of boating accidents, and 76 percent of private aircraft accidents are alcohol related.

The Annual Toll

- 24,000 people will die on the highway due to the legally impaired driver.
- 16,000 more will die on the highway due to the alcohol-affected driver.
- 15,800 will die in non-highway accidents.
- 30,000 will die due to alcohol-caused liver disease.
- 15,000 will die due to alcohol-induced brain disease or suicide.
- Up to another 125,000 will die due to alcohol-related conditions or accidents.

Workplace Issues

- It takes one hour for the average person (150 pounds) to process one serving of an alcoholic beverage from the body.
- Impairment in coordination and judgment can be objectively measured with as little as two drinks in the body.
- A person who is legally intoxicated is 6 times more likely to have an accident than a sober person.

Amphetamine Fact Sheet

Amphetamines are central nervous system stimulants that speed up the mind and body. The physical sense of energy at lower doses and the mental exhilaration at higher doses are the reasons for their abuse. Although widely prescribed at one time for weight reduction and mood elevation, the legal use of amphetamines is now limited to a very narrow range of medical conditions. Most amphetamines that are abused are illegally manufactured in foreign countries and smuggled into the U.S. or clandestinely manufactured in crude laboratories.

Description

- Amphetamine is sold in counterfeit capsules or as white, flat, double-scored "mini-bennies." It is usually taken by mouth.
- Methamphetamine is often sold as a creamy white and granular powder or in lumps and is packaged in aluminum foil wraps or sealable plastic bags. Methamphetamine may be taken orally, injected, or snorted into the nose.
- Trade/street names include Biphphetamine, Delcobese, Desotyn, Detedrine, Chetrol, Ritalin, Speed, Meth, Crank, Crystal, Monster, Black Beauties, and Rits.

Signs and Symptoms of Use

- Hyper-excitability, restlessness
- Dilated pupils
- Increased heart rate and blood pressure
- Heart palpitations and irregular beats
- Profuse sweating
- Rapid respiration
- Confusion
- Panic
- Talkativeness
- Inability to concentrate
- Heightened aggressive behavior

Health Effects

- Regular use produces strong psychological dependence and increasing tolerance to drug.
- High doses may cause toxic psychosis resembling schizophrenia.
- Intoxication may induce a heart attack or stroke due to spiking of blood pressure.
- Chronic use may cause heart and brain damage due to severe constriction of capillary blood vessels.
- The euphoric stimulation increases impulsive and risk-taking behaviors, including bizarre and violent acts.
- Withdrawal from the drug may result in severe physical and mental depression.

Workplace Issues

Since amphetamines alleviate the sensation of fatigue, they may be abused to increase alertness because of unusual overtime demands or failure to get rest.

Low-dose amphetamine use will cause a short-term improvement in mental and physical

functioning. With greater use or increasing fatigue, the effect reverses and has an impairing effect. Hangover effect is characterized by physical fatigue and depression, which may make operation of equipment or vehicles dangerous.

Cocaine Fact Sheet

Cocaine is used medically as a local anesthetic. It is abused as a powerful physical and mental stimulant. The entire central nervous system is energized. Muscles are more tense, the heart beats faster and stronger, and the body burns more energy. The brain experiences an exhilaration caused by a large release of neurohormones associated with mood elevation.

Description

The source of cocaine is the coca bush, grown almost exclusively in the mountainous regions of northern South America. Cocaine Hydrochloride "snorting coke" is a white to creamy granular or lumpy powder that is chopped into a fine powder before use. It is snorted into the nose, rubbed on the gums, or injected in veins. The effect is felt within minutes and lasts 40 to 50 minutes per "line" (about 60 to 90 milligrams). Common paraphernalia include a single-edged razor blade and a small mirror or piece of smooth metal, a half straw or metal tube, and a small screw cap vial or folded paper packet containing the cocaine. Cocaine Base is a small crystalline rock about the size of a small pebble. It boils at a low temperature, is not soluble in water, and is up to 90 percent pure. It is heated in a glass pipe and the vapor is inhaled. The effect is felt within seven seconds. Common paraphernalia includes a "crack pipe" (a small glass smoking device for vaporizing the crack crystal) and a lighter, alcohol lamp, or small butane torch for heating. Trade/street names include Coke, Rock, Crack, Free Base, Flake, Snow, Smoke, and Blow.

Signs and Symptoms of Use

- Financial problems
- Frequent and extended absences from meetings or work assignment
- Increased physical activity and fatigue
- Isolation and withdrawal from friends and normal activities
- Secretive behaviors, frequent non-business visitors, delivered packages, phone calls
- Unusual defensiveness, anxiety, agitation
- Wide mood swings
- Runny or irritated nose
- Difficulty in concentration
- Dilated pupils and visual impairment
- Restlessness
- Formication (sensation of bugs crawling on skin)
- High blood pressure, heart palpitations, and irregular rhythm
- Hallucinations
- Hyper-excitability and overreaction to stimulus
- Insomnia
- Paranoia and hallucinations
- Profuse sweating and dry mouth
- Talkativeness

Health Effects

Research suggests that regular cocaine use may upset the chemical balance of the brain. As a result, it may speed up the aging process by causing irreparable damage to critical nerve cells. The onset of nervous system illnesses such as Parkinson's disease could also occur. Cocaine use causes the heart to beat faster and harder and rapidly increases blood pressure. In addition, cocaine causes spasms of blood vessels in the brain and heart. Both effects lead to ruptured vessels causing strokes or heart attacks. Strong psychological dependency can occur

with one "hit" of crack. Usually, mental dependency occurs within days (crack) or within several months (snorting coke). Cocaine causes the strongest mental dependency of any known drug. Treatment success rates are lower than for other chemical dependencies. Cocaine is extremely dangerous when taken with depressant drugs. Death due to overdose is rapid. The fatal effects of an overdose are not usually reversible by medical intervention. The number of cocaine overdose deaths has tripled in the last four years. Cocaine overdose was the most common drug emergency.

Workplace Issues

- Extreme mood and energy swings create instability. Sudden noises can cause a violent reaction.
- Lapses in attention and ignoring warning signals greatly increase the potential for accidents.
- The high cost of cocaine frequently leads to workplace theft and/or dealing.
- A developing paranoia and withdrawal create unpredictable and sometimes violent behavior.
- Work performance is characterized by forgetfulness, absenteeism, tardiness, and missed assignments.

Cannabinoids (Marijuana) Fact Sheet

Marijuana is one of the most misunderstood and underestimated drugs of abuse. People use marijuana for the mildly tranquilizing and mood- and perception-altering effects it produces.

Description

Usually sold in plastic sandwich bags, leaf marijuana will range in color from green to light tan. The leaves are usually dry and broken into small pieces. The seeds are oval with one slightly pointed end. Less prevalent, hashish is a compressed, sometimes tar like substance ranging in color from pale yellow to black. It is usually sold in small chunks wrapped in aluminum foil. It may also be sold in an oily liquid. Marijuana has a distinctly pungent aroma resembling a combination of sweet alfalfa and incense. Cigarette papers, roach clip holders, and small pipes made of bone, brass, or glass are commonly found. Smoking "bongs" (large bore pipes for inhaling large volumes of smoke) can easily be made from soft drink cans and toilet paper rolls. Trade/street names include Marinol, THC, Pot, Grass, Joint, Reefer, Acapulco Gold, Sinsemilla, Thai Sticks, Hash, and Hash Oil.

Signs and Symptoms of Use

- Reddened eyes (often masked by eye drops)
- Slowed speech
- Distinctive odor on clothing
- Lackadaisical "I don't care" attitude
- Chronic fatigue and lack of motivation
- Irritating cough, chronic sore throat

Health Effects

- When marijuana is smoked, it is irritating to the lungs. Chronic smoking causes emphysema-like conditions.
- One joint causes the heart to race and be overworked. People with undiagnosed heart conditions are at risk.
- Marijuana is commonly contaminated with the fungus *Aspergillus*, which can cause serious respiratory tract and sinus infections.
- Marijuana smoking lowers the body's immune system response, making users more susceptible to infection. The U.S. government is actively researching a possible connection between marijuana smoking and the activation of AIDS in positive human immunodeficiency virus (HIV) carriers.

Pregnancy Problems and Birth Defects

The active chemical, tetrahydrocannabinol (THC), and 60 other related chemicals in marijuana concentrate in the ovaries and testes. Chronic smoking of marijuana in males causes a decrease in sex hormone, testosterone, and an increase in estrogen, the female sex hormone. The result is a decrease in sperm count, which can lead to temporary sterility. Occasionally, the onset of female sex characteristics including breast development occurs in heavy users. Chronic smoking of marijuana in females causes a decrease in fertility and an increase in testosterone. Pregnant women who are chronic marijuana smokers have a higher than normal incidence of stillborn births, early termination of pregnancy, and higher infant mortality rate during the first few days of life. In test animals, THC causes birth defects, including malformations of the brain, spinal cord, forelimbs, and liver and water on the brain and spine.

Offspring of test animals who were exposed to marijuana have fewer chromosomes than normal, causing gross birth defects or death of the fetus. Pediatricians and surgeons are concluding that the use of marijuana by either or both parents, especially during pregnancy, leads to specific birth defects of the infant's feet and hands. One of the most common effects of prenatal cannabinoid exposure is underweight newborn babies. Fetal exposure may decrease visual functioning and causes other ophthalmic problems.

Mental Function

Regular use can cause the following effects:

- Delayed decision-making
- Diminished concentration
- Impaired short-term memory, interfering with learning
- Impaired signal detection (ability to detect a brief flash of light), a risk for users who are operating machinery
- Impaired tracking (the ability to follow a moving object with the eyes) and visual distance measurements
- Erratic cognitive function
- Distortions in time estimation
- Long-term negative effects on mental function known as "acute brain syndrome," which is characterized by disorders in memory, cognitive function, sleep patterns, and physical condition

Acute Effects

- Aggressive urges
- Anxiety
- Confusion
- Fearfulness
- Hallucinations
- Heavy sedation
- Immobility
- Mental dependency
- Panic Paranoid reaction
- Unpleasant distortions in body image

Workplace Issues

The active chemical, THC, stores in body fat and slowly releases over time. Marijuana smoking has a long-term effect on performance. A 500 to 800 percent increase in THC concentration in the past several years makes smoking three to five joints a week today equivalent to 15 to 40 joints a week in 2008. In 2009 over 16.7 million Americans admitted to using marijuana at least once a month. Combining alcohol or other depressant drugs and marijuana can produce a multiplied effect, increasing the impairing effect of both the depressant and marijuana.

Opiates (Narcotics) Fact Sheet

Opiates (also called narcotics) are drugs that alleviate pain, depress body functions and reactions, and, when taken in large doses, cause a strong euphoric feeling.

Description

Varieties of opiates include natural and natural derivatives—opium, morphine, codeine, and heroin as well as synthetics such as meperidine (Demerol), oxymorphone (Numorphan), and oxycodone (Percodan). Opiates may be taken in pill form, smoked, or injected, depending upon the type of narcotic used. Trade/street names include Smack, Horse, Emma, Big D, Dollies, Juice, Syrup, and China White.

Signs and Symptoms of Use

- Mood changes
- Impaired mental functioning and alertness
- Constricted pupils
- Depression and apathy
- Impaired coordination
- Physical fatigue and drowsiness
- Nausea, vomiting, and constipation
- Impaired respiration

Health Effects

IV needle users have a high risk for contracting hepatitis and AIDS due to the sharing of needles. Narcotics increase pain tolerance. As a result, people could more severely injure themselves or fail to seek medical attention after an accident due to the lack of pain sensitivity. Narcotics' effects are multiplied when used in combination with other depressant drugs and alcohol, causing increased risk for an overdose.

Social Issues

There are over 600,000 heroin addicts in the U.S., most of whom are IV needle users. An even greater number of medicinal narcotic-dependent persons obtain their narcotics through prescriptions. Because of tolerance, there is an ever-increasing need for the narcotic to produce the same effect. Strong mental and physical dependency occurs. The combination of tolerance and dependency creates an increasing financial burden for the user. Costs for heroin can reach hundreds of dollars a day.

Workplace Issues

Unwanted side effects such as nausea, vomiting, dizziness, mental clouding, and drowsiness place the legitimate user and abuser at higher risk for an accident. Narcotics have a legitimate medical use in alleviating pain. Workplace use may cause impairment of physical and mental functions.

Phencyclidine (PCP) Fact Sheet

Phencyclidine (PCP) was originally developed as an anesthetic, but the adverse side effects prevented its use except as a large animal tranquilizer. Phencyclidine acts as both a depressant and a hallucinogen, and sometimes as a stimulant. It is abused primarily for its variety of mood-altering effects. Low doses produce sedation and euphoric mood changes. The mood can change rapidly from sedation to excitation and agitation. Larger doses may produce a coma-like condition with muscle rigidity and a blank stare with the eyelids half closed. Sudden noises or physical shocks may cause a "freak out" in which the person has abnormal strength, extremely violent behavior, and an inability to speak or comprehend communication.

Description

PCP is sold as a creamy, granular powder and is often packaged in one-inch square aluminum foil or folded paper "packets." It may be mixed with marijuana or tobacco and smoked. It is sometimes combined with procaine, a local anesthetic, and sold as imitation cocaine. Trade/street names include Angel Dust, Dust, and Hog.

Signs and Symptoms of Use

- Impaired coordination
- Severe confusion and agitation
- Extreme mood shifts
- Muscle rigidity
- Nystagmus (jerky eye movements)
- Dilated pupils
- Profuse sweating
- Rapid heartbeat
- Dizziness.

Health Effects

The potential for accidents and overdose emergencies is high due to the extreme mental effects combined with the anesthetic effect on the body. PCP is potentiated by other depressant drugs, including alcohol, increasing the likelihood of an overdose reaction. Misdiagnosing the hallucinations as LSD induced, and then treating with Thorazine, can cause a fatal reaction. Use can cause irreversible memory loss, personality changes, and thought disorders. There are four phases to PCP abuse. The first phase is acute toxicity. It can last up to three days and can include combativeness, catatonia, convulsions, and coma. Distortions of size, shape, and distance perception are common. The second phase, which does not always follow the first, is a toxic psychosis. Users may experience visual and auditory delusions, paranoia, and agitation. The third phase is a drug-induced schizophrenia that may last a month or longer. The fourth phase is PCP-induced depression. Suicidal tendencies and mental dysfunction can last for months.

Workplace Issues

PCP abuse is less common today than in recent years. It is also not generally used in a workplace setting because of the severe disorientation that occurs. However, use in the workplace can expose the user and others to extreme safety hazards.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-11**

RESOLUTION APPROVING A \$70,600 HOME REPAIR PROGRAM/DISABLED ACCESS PROGRAM (HPR/DAP) LOAN FOR CHRISTI MARIE WHITE AND SHERRY M WHITE OF 3833 HONEY CREEK ROAD, MODESTO, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE RELATED DOCUMENTS

WHEREAS, the City Council, on May 3, 2011, by Resolution No. 2011-154, approved the Fiscal Year 2011-12 U.S Department of Housing and Urban Development Annual Action Plan, and

WHEREAS, funding was approved to provide low interest loans to low/moderate income households to repair or eliminate dangerous conditions in homes, including critical health and safety hazards, and

WHEREAS, funding was approved to provide low interest loans to assist disabled persons to make homes more accessible and safe, and

WHEREAS, this 1,582 square foot home, located at 3833 Honey Creek Road, Modesto owned by Christi Marie White and Sherry M. White, needs a large number of improvements, and

WHEREAS, the household income is less than 50% of Median Area Income for a household of four, and therefore, is eligible for a deferred payment loan, and

WHEREAS, eight bids were received for this project, and

WHEREAS, Scott Redenbaugh Construction, Modesto was the lowest responsible bid at \$61,325, and

WHEREAS, the \$70,600 loan amount includes additional funds for contingency, permit fees, title insurance, and the 2% loan fee, and

WHEREAS, the Housing Rehabilitation Loan Committee considered the proposed request at its November 3, 2011 meeting, and recommends that the City Council approve the relocation costs and recommends Council approval of the proposed loan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a \$70,600 HPR/DAP loan for Christi Marie White and Sherry M White of 3833 Honey Creek Road, Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

APPROVED AS TO FORM:

By: 
SUSANA ALCALA WOOD, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-12**

RESOLUTION ACCEPTING THE WORK BY ELITE LANDSCAPING, INC., FOR THE HIGHWAY PLANTING AND IRRIGATION STATE ROUTE 99 AT BRIGGSMORE AVENUE PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY RECORDER AND AUTHORIZING PAYMENT OF AMOUNTS TOTALING \$944,947.39

WHEREAS, a report has been filed by the Director of Utility Planning and Projects that the Highway Planting and Irrigation State Route 99 at Briggsmore Avenue project has been completed by Elite Landscaping, Inc., in accordance with the contract agreement dated January 22, 2008,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Highway Planting and Irrigation State Route 99 at Briggsmore Avenue project is hereby accepted as complete from said contractor Elite Landscaping, Inc., that the City Clerk is authorized to file a Notice of Completion with the Stanislaus County Recorder and that payment of amounts totaling \$944,947.39 is authorized as provided in the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-13**

RESOLUTION ACCEPTING THE WORK BY AMERINE SYSTEMS, INC., FOR THE AIRPORT IRRIGATION WELL PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION WITH THE STANISLAUS COUNTY RECORDER UPON RECEIPT OF APPROVED WARRANTY BOND, AND AUTHORIZING PAYMENT OF AMOUNTS TOTALING \$123,882

WHEREAS, a report has been filed by the Interim Director of Utility Planning and Projects that the Airport Irrigation Wells project has been completed by Amerine Systems, Inc., in accordance with the contract agreement dated June 9, 2010,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Airport Irrigation Well project is hereby accepted as complete from said contractor Amerine Systems, Inc., that the City Clerk is authorized to file a Notice of Completion with the Stanislaus County Recorder upon receipt of approved Warranty Bond, and that payment of amounts totaling \$123,882 is authorized as provided in the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-14**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): AMENDMENT TO PLANNED DEVELOPMENT ZONE, P-D(347), PROPERTY LOCATED ON THE SOUTH SIDE OF SYLVAN MEADOWS DRIVE BETWEEN HAIG WAY AND FOREST GLENN DRIVE, 3621 FOREST GLENN DRIVE (GIRL SCOUTS HEART OF CENTRAL CALIFORNIA)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, Girl Scouts Heart of Central California has proposed an amendment to Planned Development Zone, P-D(347) to expand the uses allowed to include permitted and conditional uses allowed in the P-O, Professional Office Zone, property located on the south side of Sylvan Meadows Drive between Haig Way and Forest Glenn Drive, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED EA/C&ED 2011-32 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on November 29, 2011, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on January 10, 2012, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to P-D(347), a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Muratore

EXHIBIT A
Initial Study
EA/C&ED 2011-32

City of Modesto

Finding of Conformance to General Plan Master EIR:

Initial Study Environmental Checklist C&ED No. 2011-32

For the proposed:

**Amendment to Planned Development Zone, P-D(347), to
Expand the Uses Allowed to Include All Permitted and
Conditional Uses Allowed in the P-O, Professional Office
Zone for the Existing
Girl Scouts Program Service Center**

**Prepared by:
City of Modesto
Community & Economic Development Department
Planning Division**

October 21, 2011

(Intentional Blank Page)

City of Modesto Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Planned Development Amendment Project P-D(347) is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Amendment to Planned Development Zone, P-D(347), to Expand the Uses Allowed to Include All Permitted and Conditional Uses Allowed in the P-O, Professional Office Zone for the existing Girl Scouts Program Center
- B. Address or Location: South west corner of Sylvan Meadows Drive and Forest Glenn Drive, located at 3621 Forest Glenn Dr. Modesto, CA 95355
- C. Applicant: Bill Emmart, Girl Scouts Heart of Central California 6601 Elvas Avenue.
Sacramento, CA 95819
- D. City Contact Person: Rita Doscher

Project Manager: Rita Doscher
Department: Community and Economic Development Department
Phone Number: (209) 577-5267
E-mail address: rdoscher@modestogov.com

- E. Current General Plan Designation(s): "C" Commercial
- F. Current Zoning Classification(s): Planned Development zone, P-D(347)

- G. Surrounding Land Uses: North: Low Density Residential, R-1
 South: Planned Development Zone, P-D (53)
 East: Medium Density Residential, R-2
 West: Planned Development Zone, P-D(418)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The project site is currently zoned Planned Development Zone, P-D(347). The Girl Scouts Program Center consists of one large single-story building (totaling 9,751 square feet), with required on-site parking. The applicant is proposing to amend P-D(347) to expand the uses allowed to include permitted and conditional uses allowed in the P-O, Professional Office Zone.

- I. Other Public Agencies Whose Approval is Required:

None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
- B. No new or additional mitigation measures or alternatives are required.
- C. The subsequent project is within the scope of the project covered by the Master EIR.
- D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The proposed project is of a type described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The proposed project is of a type described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

	YES	NO
(1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c) Policies remain in effect which require site-specific mitigation, and avoidance or other	<input checked="" type="checkbox"/>	<input type="checkbox"/>

mitigation of impacts as a prerequisite to future development.		
--	--	--

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

Discussion:

The proposed expansion of uses to the Girl Scouts Program Center site is compatible with the existing surrounding residential and office development and church located in this neighborhood. The project is consistent with the surrounding uses and will not result in a change to the existing road capacities or levels of services.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.				
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) Engineering and Transportation Staff reviewed the proposed project and have no comments pertaining to the project:
 - A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
 - B. A site access study is not required for this project.
- (2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering

and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards.

- (3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.
- (4) The 48 parking spaces located in to the south of the existing building provided by the original P-D approval meets the parking required for medical and/or dental office uses, and exceeds office and/or services parking requirements.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: AQ-17 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} by the San Joaquin Valley Air Pollution Control District (SJVUAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project was not referred to the San Joaquin Valley Unified Air Pollution Control District because the project is to allow an expansion of uses not development, and it was determined that the project would not have any significant effect on the ambient air quality.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).
- (4) The project is not a contributor to pollution levels. PM10 emissions created through any construction will be mitigated as called for by the MEIR by the measures listed above.
- (5) The proposed project will not produce any objectionable odors.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City’s noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: N-4, N-5 and N-6 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project’s effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.
- (2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto’s planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

Discussion:

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project is an infill development and the surrounding properties are located within a fully developed urbanized area.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan’s policies relating to agricultural land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.
- (2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanized land.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock sub-basins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both sub-basins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both sub-basins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of

whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past

or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially interfere with the movement of any native resident	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.				
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V.7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: AH-8, from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would modify or demolish a structure more than 50 years in age.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: SD-7, from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project does not propose to increase the impervious surface, the building already exists. The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.
- (3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: FWQ-14, from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project does not comply with Modesto's Guidance Manual for New Development	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Storm Water Quality Control Measures.				
6) The proposed project would violate water quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. It is not near any of the riparian areas identified by Figures V-7-1a through V-11-19 MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

1. The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan "C" (Commercial) designations in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--	---------------------------------------	---	-------------------------------------	------------------

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General "C" (Commercial) designations in both land use and intensity.
- (2) - This is an infill project, which involves an expansion of uses to an existing Girl Scouts Program Center. No hazardous materials will be involved with this project.
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.
- (5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	[]	[]	[]	[X]
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	[]	[]	[]	[X]

Discussion:

- (1) The proposed project is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of C "Commercial". The Commercial land use designation allows for uses as permitted within the P-O Zone, subject to Planned Development Amendment approval by the Planning Commission.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. The project site is already developed with one building used as the Girl Scouts Program Center.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan "C" (Commercial) designations in both land use and intensity.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The development already exists.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan "C" (Commercial) designations in both land use and intensity.
- (2) No amendment to the General Plan is required by this project.
- (3) The project is an infill project that will not result in division of a community.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in average automobile trip lengths or CO ₂ emissions higher than those assumed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-3) The proposed project is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of "C" (Commercial). The Commercial land use designation allows for uses as permitted within the Planned Development Zone, P-D(347)/P-O Zone, subject to approval by the Planning Commission. Any future development would be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the

project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Degradation of Air Quality:

1. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.

Generation of Noise:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.
- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or

permitted action, depending upon the nature of the emergency and the type of action requested.

- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

N/A

Increased Demand for Storm Drainage:

N/A

Flooding and Water Quality:

N/A

Increased Demand for Parks and Open Space:

N/A

Increased Demand for Schools:

N/A

Increased Demand for Police Services:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-15**

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO CITY EMPLOYEES ASSOCIATION (MCEA); AND REPEALING RESOLUTION NO. 2000-396

WHEREAS, the City Council, by Resolution No. 2000-396, adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, the City amended its contract with CalPERS to provide a second tier retirement formula 2% @ 60 to local miscellaneous members entering employment with the City of Modesto for the first time in the miscellaneous classification effective January 17, 2012, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

For Miscellaneous employees hired before January 17, 2012, the City of Modesto elects to pay six and six-tenths percent (6.6%) of the normal member contributions of seven percent (7%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation.

For Miscellaneous employees hired on or after January 17, 2012, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of seven percent (7%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on January 17, 2012.

BE IT FURTHER RESOLVED that effective January 17, 2012 Resolution No. 2000-396 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

SUSANA ALCALA WOOD, City Attorney

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-16**

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO POLICE AND FIRE NON-SWORN ASSOCIATION (MPNSA); AND REPEALING RESOLUTION NO. 2000-396

WHEREAS, the City Council, by Resolution No 2000-396, adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, the City amended its contract with CalPERS to provide a second tier retirement formula 2% @ 60 to local miscellaneous members entering employment with the City of Modesto for the first time in the miscellaneous classification effective January 17, 2012, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

For Miscellaneous employees hired before January 17, 2012, the City of Modesto elects to pay six and six-tenths percent (6.6%) of the normal member contributions of seven percent (7%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation.

For employees hired on or after January 17, 2012, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of seven percent (7%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on January 17, 2012.

BE IT FURTHER RESOLVED that effective January 17, 2012, Resolution No. 2000-396 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

RESCINDED

JUL 10 2012

THIS RESOLUTION WAS
RESCINDED BY MODESTO
CITY COUNCIL RESOLUTION
NO. 2012-273

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-17**

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION (MCMA); AND REPEALING RESOLUTION NO. 2000-273

WHEREAS, the City Council, by Resolution No. 2000-273, adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, the City amended its contract with CalPERS to provide a second tier retirement formula 2% @ 60 to local miscellaneous members entering employment with the City of Modesto for the first time in the miscellaneous classification effective January 17, 2012, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

For Miscellaneous employees hired before January 17, 2012, the City of Modesto elects to pay six and six-tenths percent (6.6%) of the normal member contributions of seven percent (7%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation.

For Miscellaneous employees hired on or after January 17, 2012, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of seven percent (7%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on January 17, 2012.

BE IT FURTHER RESOLVED that effective January 17, 2012 Resolution No. 2000-273 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-18

RESOLUTION AMENDING A LABOR POLICY FOR PAYING AND REPORTING THE VALUE OF EMPLOYER PAID MEMBER CONTRIBUTIONS TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM (CALPERS) ON BEHALF OF EMPLOYEES REPRESENTED BY THE MODESTO CITY FIRE FIGHTERS' ASSOCIATION (MCFFA); AND REPEALING RESOLUTION NO. 95-401

WHEREAS, the City Council, by Resolution No. 95-401, adopted a labor policy providing for Public Employees' Retirement System (PERS) employee contributions to be paid by the City on behalf of employees and for reporting of employer-paid normal member contributions to PERS as compensation, and

WHEREAS, the City amended its contract with CalPERS to provide a second tier retirement formula 3% @ 55 to local fire safety members entering employment with the City of Modesto for the first time in the fire classification effective January 17, 2012, and

WHEREAS, the governing body of the City of Modesto has the authority to implement Government Code Section 20636(c)(4) pursuant to Section 20691, and

WHEREAS, the governing body of the City of Modesto has a written labor policy or agreement which specifically provides for the normal member contributions to be paid by the employer, and reported as additional compensation, and

WHEREAS, one of the steps in the procedures to implement Section 20691 is the adoption by the governing body of the City of Modesto of a Resolution to commence paying and reporting the value of said Employer Paid Member Contributions, and

WHEREAS, the governing body has the authority to amend all members in a group or class of employment pursuant to Government Code Section 20691

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

For Fire Safety employees hired before January 17, 2012, the City of Modesto elects to pay seven and one half percent (7.5%) of the normal member contributions of nine percent (9%) as employer paid member contributions and report the same value to CalPERS as compensation earnable as additional compensation.

For Fire Safety employees hired on or after January 17, 2012, the City of Modesto elects to pay zero percent (0%) of the normal member contributions of nine percent (9%). No payment shall be implemented pursuant to the provisions of Section 20636 (c)(4) of the California Government Code.

BE IT FURTHER RESOLVED that this Resolution shall become effective on January 17, 2012.

BE IT FURTHER RESOLVED that effective January 17, 2012, Resolution No. 95-401 is hereby repealed in its entirety.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-20**

RESOLUTION APPROVING A REQUEST FROM THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS TO ACQUIRE AT A COST OF \$61,000, THE PROPERTY LOCATED AT 505 EAST COOLIDGE AVENUE, MODESTO TO PROVIDE HOUSING UNITS FOR THE EMANCIPATED FOSTER YOUTH AND/OR HOMELESS YOUTH PROGRAM PARTICIPANTS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND RELATED DOCUMENTS

WHEREAS, on January 14, 2010, the City of Modesto (City) was granted \$25 million under the Neighborhood Stabilization Program 2 of which \$6 million was specifically set-aside for an innovative program under the Housing Authority of the County of Stanislaus, and

WHEREAS, this program, the Emancipated Foster Youth and/or Homeless Youth Program, is intended to acquire 40 foreclosed, abandoned or vacant units, to house foster and homeless youth between the ages of 18 to 28, and

WHEREAS, on January 11, 2011, the City and the Housing Authority of Stanislaus County entered into a Memorandum of Understanding to implement the Emancipated Foster Youth and/or Homeless Youth Program, and

WHEREAS, on November 28, 2011, the City received a request from the Housing Authority to purchase a foreclosed duplex located at 505 E. Coolidge Avenue, Modesto, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to acquire the property located at 505 E. Coolidge Avenue, Modesto for the Emancipated Foster Youth and/or Homeless Youth Program for a total cost not to exceed \$61,000,

NOW, THEREFORE, BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the Agreement and related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-21**

A RESOLUTION APPROVING THE TERM SHEET TO BE USED IN THE DEVELOPMENT OF A NEW SERVICE AGREEMENT WITH COVANTA STANISLAUS, INC.; AUTHORIZING THE CITY MANAGER OR DESIGNEE TO SIGN THE TERM SHEET SO A NEW SERVICE AGREEMENT CAN BE DEVELOPED; AUTHORIZING THE CITY MANAGER OR DESIGNEE TO NEGOTIATE A NEW SERVICE AGREEMENT WITH STANISLAUS COUNTY AND COVANTA STANISLAUS, INC.; AND, AUTHORIZING THE CITY MANAGER TO ENTER INTO A CONTRACT WITH SIDLEY AUSTIN, LLP, FOR THE DEVELOPMENT OF THE NEW SERVICE AGREEMENT ON BEHALF OF THE CONTRACTING COMMUNITIES

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus (Contracting Communities) entered into an agreement for administration of the City/County Service Agreement with the Stanislaus Waste Energy Company (now Covanta Stanislaus) for supply and acceptance of solid waste, and

WHEREAS, since that time, the City has been partners with Stanislaus County and Covanta Stanislaus in the Stanislaus Resource Recovery Facility (the "Waste-to-Energy" or "WTE" Facility), and

WHEREAS, the City and County operate the project as a Joint Powers Agency under a Joint Powers Agreement, with the County acting as the Treasurer, and

WHEREAS, under the current Service Agreement, the Contracting Communities pay Covanta a service fee to operate the facility and are also responsible for all pass through costs associated with the facility such as taxes, insurance, air permit fees, ash disposal, etc., and

WHEREAS, the Contracting Communities are also responsible for any costs associated with unforeseen circumstances such as changes in law, major upgrades or any

acts, events or conditions that have a material adverse effect on the operation of the facility, and

WHEREAS, the Contracting Communities are responsible for delivering wastes to the facility under a minimum tonnage guarantee of 243,300 tons, and Covanta uses this waste to generate electricity, which it sells to PG&E under a Power Purchase Agreement (PPA), and

WHEREAS, the Contracting Communities currently retain 90% of the electric revenue generated by the facility, all of the disposal fees, 50% of metal recycling revenue and 30% of supplemental waste revenue, which revenues are used to offset costs, and

WHEREAS, the existing Service Agreement was set to expire on December 31, 2009, and in 2007, staff from the County Department of Environmental Resources and the City of Modesto Solid Waste Division began negotiations on a new contract with Covanta, and

WHEREAS, those negotiations proved unsuccessful, so in May 2009, the County and the City of Modesto exercised an option given in the original contract to extend the contract under the same terms an additional six years through December 31, 2015, and

WHEREAS, when the Power Purchase Agreement (PPA) with PG&E expired in January, 2010, Covanta elected to extend its contract with PG&E under extension provisions pursuant to California Public Utilities Commission (CPUC) Decision No. 07-09-040, and

WHEREAS, those provisions caused the price paid for power to revert to the Short Run Avoided Cost, or "SRAC", which was about \$55 per MW at the time and has since dropped even further, and

WHEREAS, this pricing also did not include a premium for renewable energy, and the capacity payment was reduced, and as a result, revenues from electricity generation declined sharply resulting in a significant operating deficit, and

WHEREAS, both the Contracting Communities and Covanta recognized that it would be in our joint interests to return to the negotiating table and secure a long term commitment that would motivate Covanta to negotiate a new PPA at much more favorable rates than current SRAC rates, and

WHEREAS, a new negotiating team was formed and reopened negotiations with Covanta, with the objectives of preserving the current RRA balance, a stable and predictable tipping fee, a commitment to no increased importation of waste, meeting diversion requirements and preserving landfill capacity, and reducing City/County risk exposure from change-in-law, public perception, and change in science/technology, and

WHEREAS, the Contracting Communities negotiating team has met on a regular basis over the past year and has provided periodic updates on the status of negotiations to the Solid Waste-to-Energy Executive Committee and the City-County Liaison Committee, and

WHEREAS, major deal points from the negotiations have been agreed upon by the team and Covanta and are outlined in the **attached** Term Sheet (**Attachment A**), and

WHEREAS, Legal Counsel to the Executive Committee, Sidley Austin LLP, has reviewed the Term Sheet and provided comments on the terms to protect the interests of the Contracting Communities, and

WHEREAS, upon approval of the Term Sheet, staff is also recommending that the City Manger be authorized to enter into a contract with Sidley Austin, LLP, for the

development of the New Service Agreement on behalf of the Contracting Communities,
and

WHEREAS, upon approval of the Term Sheet, staff is also recommending that the City Manager, or designee, be directed to negotiate a new Service Agreement with Stanislaus County and Covanta Stanislaus, Inc. consistent with the Term Sheet and return to the City Council for final approval of the new Service Agreement, and

WHEREAS, now that the major business points have been negotiated and outlined in the Term Sheet, staff is working to expedite the development of the New Service Agreement and return to the City Council for final approval.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Term Sheet to be used in the development of a new Service Agreement with Covanta Stanislaus, Inc., a copy of which is **attached** hereto as **Attachment "A"** and incorporated herein by reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the Term Sheet.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby directed to negotiate a new Service Agreement with Stanislaus County and Covanta Stanislaus, Inc. consistent with the Term Sheet and to return to the City Council for final approval of the new Service Agreement

BE IT FURTHER RESOLVED that the City Manger is authorized to enter into a contract with Sidley Austin, LLP, for the development of the New Service Agreement on behalf of the Contracting Communities,

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

TERM SHEET
among Covanta Stanislaus, Inc. ("Covanta"),
the City of Modesto, CA (the "City") and
the County of Stanislaus, CA (the "County");
the City and the County, collectively
(the "Contracting Communities")

The Contracting Communities and Covanta are parties to that certain Amended and Restated Service Agreement for the Supply and Acceptance of Solid Waste dated as of June 1986, as amended through the date hereof (the "**Original Service Agreement**"). The term of the Original Service Agreement, as previously extended, is scheduled to expire January 1, 2016. Covanta and the Contracting Communities wish to amend and restate in its entirety the Original Service Agreement in accordance with this Term Sheet. The Original Service Agreement as so amended and restated is hereinafter referred to as the "**New Service Agreement**". The term of the New Service Agreement shall commence on April 1, 2012 and continue until April 1, 2027. This Term Sheet is not intended and shall not be construed as a binding contract between the parties but shall serve solely to memorialize the understanding between the parties on the issues addressed herein. Capitalized terms used but not defined in this Term Sheet, if defined in the Original Service Agreement, shall have the meaning ascribed to such terms in the Original Service Agreement.

1. **Tipping Fee.** The tipping fee shall be \$32 per ton of Acceptable Waste, escalated annually on July 1st of each year, beginning July 1, 2013, by the increase as of January 1st of the then current year compared to January 1st of the immediately preceding year, in the Consumer Price Index, "Urban Wage Earners and Clerical Workers, All items, West – Size B/C (1996 = 100, not seasonally adjusted)". At the time of each annual escalation, the as-escalated tip fee shall be (a) no greater than 120% of the average of the posted gate rates per ton for the landfills (whether or not owned by the County) within fifty miles of the Facility; and (b) no less than \$32 per ton; and if 120% of such average is less than \$32 per ton, then the tip fee for such year shall nevertheless be \$32 per ton (the "**Tipping Fee**").
2. **Electric Revenues.** Subject to Sections 3(a)(ii) and 3(b)(ii) below, Covanta shall have the right to receive and retain all electric revenues generated by the Project. Electric revenues shall mean all revenues derived from the sale of electrical energy, capacity or ancillary services from the Facility, including any benefit of environmental attributes reflected in the price of the foregoing. (the "**Electric Revenues**").
3. **Unforeseen Circumstance Cost.**
 - (a) From April 1, 2012 until January 1, 2016:
 - (i) Covanta shall bear 75% of Unforeseen Circumstance Costs (including Cap and Trade Costs as defined below) and the Contracting Communities shall bear 25% of such Unforeseen Circumstance Costs, subject to Cost Substantiation.
 - (ii) Covanta shall separately account for the portion of Electric Revenues in excess of \$82.50/MWH (the "**Excess Electric Revenues**"). Excess Electric Revenues

shall be deemed to reduce the costs of complying with legislation or regulations imposing a cap and trade program on greenhouse gas emissions (“Cap & Trade Costs”), including without limitation, regulations promulgated pursuant to the Global Warming Solutions Act of 2006, if any, before the allocation between the parties described in Section 3(a)(i) above is applied, and the Contracting Communities shall have no responsibility for Cap & Trade Costs in excess of 25% of the net amount remaining after such deemed reduction. If on January 2, 2016, the New Service Agreement remains in effect and there are any Excess Electric Revenues which have not been applied as contemplated by the immediately preceding sentence, then any such balance of Excess Electric Revenues shall be added to the amounts provided under Section 3(b)(ii) below and applied as provided therein. However, if there is a termination of the New Service Agreement before January 2, 2016, and there is any such balance of Excess Electric Revenues remaining, then such balance shall be for the account of Covanta.

(b) From January 2, 2016 until the termination of the New Service Agreement:

(i) Covanta shall bear 75% of Unforeseen Circumstance Costs and the Contracting Communities shall bear 25% of Unforeseen Circumstance Costs, subject to Cost Substantiation.

(ii) Covanta shall separately account for Excess Electric Revenues from Electric Revenues in excess of \$92.50/MWH. Such Excess Electric Revenues, together with any balance transferred in accordance with Section 3(a)(ii) above, shall be deemed to reduce any and all Unforeseen Circumstance Costs before the allocation between the parties described in Section 3(b)(i) above is applied, and the Contracting Communities shall have no responsibility for Unforeseen Circumstance Costs in excess of 25% of the net amount remaining after such deemed reduction. If upon expiration or termination of the New Service Agreement after January 2, 2016 there is any balance of such Excess Electric Revenues remaining, then such balance shall be for the account of Covanta.

(c) The Contracting Communities shall have the right to cause an independent third party to audit the books and records of Covanta relating to the accounting of all revenues, costs, liabilities or expenditures that affect the rights, obligations or liabilities of the Contracting Communities under the New Service Agreement, by providing to Covanta written notice of exercise of such audit right within three years after the closing of the books for any period to be audited. The independent third party shall enter into a confidentiality agreement reasonably acceptable to Covanta and the Contracting Communities before accessing such books and records of Covanta. Following execution of such confidentiality agreement, Covanta shall cooperate in all reasonable respects with the audit. The parties shall reconcile any discrepancy revealed by the audit within 60 days after the conclusion thereof, subject to the dispute resolution provisions of the New Service Agreement for any good faith disputes arising from the conclusion of the audit.

(d) If the cumulative total Unforeseen Circumstance Costs incurred from the date of commencement of the New Service Agreement collectively by Covanta and by the Contracting Communities exceeds \$15,000,000, excluding amounts reimbursed by proceeds of insurance and excluding Excess Electric Revenues applied pursuant to Section 3(a)(ii) or Section 3(b)(ii) above (such net amount being the “**Initial UCC Termination Threshold**”), then each of Covanta, on the one hand, and the Contracting Communities, acting jointly on the other hand, shall have the right to terminate the New Service Agreement (a “**UCC Termination**”) by providing written notice thereof to the other within 90 days after receiving notice or other written confirmation that such Initial UCC Termination Threshold has been reached. The party to whom such notice of termination is given shall have the right to avoid the UCC Termination by paying to the party giving the notice, within 30 days after receipt of the notice, the amount incurred in excess of \$3.75 million in the case of the Contracting Communities, and the amount in excess of \$11.25 million in the case of Covanta (each a “**Termination Avoidance Amount**”). If neither party timely exercises the UCC Termination when the Initial UCC Termination Threshold is reached, or if a party avoids the UCC Termination pursuant to the immediately preceding sentence, then the New Service Agreement shall continue uninterrupted and in full force and effect, unless and until additional Unforeseen Circumstance Costs, in excess of the Initial UCC Termination Threshold, incurred collectively by Covanta and by the Contracting Communities exceed a cumulative total of \$1,500,000 (a “**Subsequent UCC Termination Threshold**”), at which time a UCC Termination right shall arise for each party again in accordance with the foregoing provisions of this Section 3(d), based on a Subsequent UCC Termination Threshold amount of \$1,500,000 (rather than \$15,000,000) and including the termination avoidance provisions with Termination Avoidance Amounts of \$375,000 for the Contracting Communities and \$1,125,000 for Covanta. If neither party timely exercises the UCC Termination when the Subsequent UCC Termination Threshold is reached, or if a party avoids the UCC Termination pursuant to the immediately preceding sentence, then this same process shall apply each time a new Subsequent UCC Termination Threshold is reached during the term of the New Service Agreement.

4. Waste Delivery and Disposal Obligations.

(a) Quantity of Waste. The Contracting Communities shall deliver or cause to be delivered to the Facility, on a put-or-pay basis, and the Company shall accept, for Processing or, subject to Section 9(e) below, disposal, 243,300 tons of Acceptable Waste per year during the term of the New Service Agreement (“**Guaranteed Tonnage**”). Acceptable Waste delivered or tendered for delivery to the Facility by or on behalf of the Contracting Communities and rejected by Covanta due to one or more scheduled maintenance outages during any calendar year which aggregate more than 672 hours shall count towards the put-or-pay obligation of the Contracting Communities, in addition to other remedies if any applicable to such rejection under the New Service Agreement. In addition, the Contracting Communities may tender for delivery, and if so tendered and if Processing Capacity (hereinafter defined) at the Facility is available, the Company shall accept, additional Acceptable Waste (originating within the territorial limits of the Contracting Communities) in excess of 243,300 tons per year up to the Processing Capacity of the Facility as set forth in Section 9 below (“**Excess Waste**”). The tipping fee for the first 10,000 tons per year of Excess Waste shall be \$2 per ton less than the then applicable Tipping Fee, and the Tipping Fee for all further Excess Waste shall be \$4 per ton less than the then applicable Tipping Fee. The Contracting Communities acknowledge that waste that requires

special handling or secure destruction "**Special Waste**" will have priority over the processing of Excess Waste, as provided in Section 9(e) below.

(b) Quality of Waste. The Contracting Communities shall deliver Acceptable Waste to the Facility. Any inadvertent delivery of Hazardous Waste and/or Unacceptable Waste to the Facility by the Contracting Communities shall not constitute a breach of the Contracting Communities, and the New Service Agreement shall contain provisions similar to the Original Service Agreement governing the procedures, costs and liabilities associated with the delivery of Hazardous Waste and/or Unacceptable Waste to the Facility. If Hazardous Waste and/or Unacceptable Waste are delivered to the Facility by or on behalf of third parties, the Contracting Communities' share of the cost incurred to remedy such delivery shall be in accordance with their share of the tipping fee benefit from the delivery of such Waste to the Facility had it been Acceptable Waste.

(c) Delivery Schedule. The New Service Agreement shall contain a delivery schedule which is negotiated between Covanta and the Contracting Communities. The delivery schedule will set forth the hours for waste deliveries to the Facility and the daily and monthly tonnage maximums. Also, the New Service Agreement will outline terms for notifying Contracting Communities when the Facility is unable to accept and Process Acceptable Waste.

(d) Weight. The tonnage of waste delivered to the Facility shall be weighed at the scales owned by Covanta, but operated by the County of Stanislaus at the Facility. The New Service Agreement shall contain provisions similar to the Original Service Agreement for addressing periods when the scales become inoperative, for maintaining the accuracy of the scales, resolving discrepancies, observing testing and other procedures.

5. Landfill Disposal. The Contracting Communities shall provide disposal capacity throughout the term of the New Service Agreement at the Fink Road Landfill (the "**Landfill**") for Covanta's disposal of all Process Residue, Unacceptable Waste and By-Pass Waste from the Facility. Covanta may dispose of all Process Residue, Unacceptable Waste and By-Pass Waste from the Facility at the Landfill and shall pay to the Contracting Communities (i) a tipping fee of \$26 for each ton of Process Residue, and (ii) the then-posted gate rate at the Landfill for By-Pass Waste, delivered to the Landfill. Such tipping fee for Process Residue shall escalate annually at the same time and by the same percentage as the tipping fee for Acceptable Waste escalates, after giving effect to the limiting parameters described in Section 1(a) and (b) above. Covanta may dispose of Unacceptable Waste delivered to the Facility by or on behalf of the Contracting Communities at the Landfill free of charge. The Contracting Communities shall not be obligated to pay to Covanta the tipping fee for Unacceptable Waste delivered to the Facility by or on behalf of the Contracting Communities but shall only pay to Covanta substantiated incremental handling, removal and transport costs for removing such Unacceptable Waste from the Facility, provided that the Contracting Communities make the Landfill available to Covanta for disposal of such Unacceptable Waste free of charge. The New Service Agreement shall otherwise contain provisions similar to the provisions in Article VII of the Original Service Agreement.

6. Recovered Resources. Subject to Section 3 above, Covanta shall have the sole and absolute right, at Covanta's option, and pursuant to such terms and conditions as Covanta determines in its sole and absolute discretion, to sell, trade, donate or otherwise alienate any and

all Recovered Resources, solely for the account of Covanta. “Recovered Resources” means (i) steam, electric energy, capacity, ancillary services, ferrous and non-ferrous metals, ash and such other materials of whatever nature or description as the Company may from time-to-time recover from Solid Waste, Process Residue or any other material, whether at the Facility or elsewhere, as determined by the Company in its sole and absolute discretion, and (ii) offsets, credits or benefits of whatever nature or description, for emissions, pollution, green house gas, renewable energy generation, investment, production, taxes or any certificate, grant or intangible entitlement relating to the Facility or its operation, exclusive of diversion credits from the State for wastes processed by the Facility.

7. **Costs of Facility.**

(a) Except as provided in Section 3 above and clause (b) below in this Section, or as is expressly provided in the Facility Site Lease or the New Service Agreement, Covanta shall solely bear all costs and risks and have all benefits of ownership, operation and maintenance of the Facility including casualties and liability.

(b) Notwithstanding the immediately preceding sentence, Covanta shall have a right to reimbursement from the Contracting Communities for any taxes, assessments or fees imposed by the County, the City, or any special taxing district or authority under the control of the County or City, that are imposed on Covanta, the Facility, its operation or the solid waste industry and that are not generally applicable throughout the entire County (collectively, “Discriminatory Taxes”). Except for Discriminatory Taxes, Covanta will be responsible for the payment of any ad valorem, personal or business property and possessory interest lease or property taxes.

8. **Site Lease.** The Facility Site Lease Agreement dated as of June 1, 1986 between the County and Covanta shall be amended as follows:

(a) The initial term thereof shall be extended to expire on April 1, 2027. One fifteen-year renewal option shall remain in effect; and

(b) The rental provision shall be amended to provide for a fixed annual base rent of \$198,000 per year until the earlier of (i) the termination of the New Service Agreement or (ii) April 1, 2027.

9. **Waste Capacity.**

(a) The Contracting Communities shall have a right of first use of all Processing Capacity (as such term is defined in Section 9(d) below) at the Facility, subject to the following procedures. If at any time and from time to time the Contracting Communities have not delivered sufficient waste to fill the Processing Capacity of the Facility, then within 24 hours of Covanta’s notice to the Contracting Communities of the existence of excess Processing Capacity at the Facility, Covanta shall have the right to market, for the benefit of both the Contracting Communities and Covanta as provided in Section 9(c) below, the difference between the Processing Capacity and the total of Acceptable Waste being delivered by the Contracting Communities.

(b) If Covanta procures waste from third parties to mitigate a shortfall in the Contracting Communities meeting their scheduled Guaranteed Tonnage (a **“Waste Delivery Shortfall”**), then Covanta shall be entitled to, and the Contracting Communities shall owe, a procurement fee of 15% (the **“Procurement Commission”**) of the tipping fee paid by such third parties (the **“Third Party Tipping Fee”**) for the procurement of such waste. In addition, if the Third Party Tipping Fee is less than the Tipping Fee then, in addition to the Procurement Commission, (a) the Contracting Communities will pay the difference between the Third Party Tipping Fee and the then current Tipping Fee (**“Shortfall Payment”**), but (b) the Contracting Communities shall have the right, upon 48 hours notice, to terminate any such supply arrangement which results in net payments by the Contracting Communities and direct Covanta to accept waste from alternative sources procured by the Contracting Communities in order to reduce the Waste Delivery Shortfall. If the Third Party Tipping Fee is greater than the then current Tipping Fee, the **“excess revenues”** derived therefrom shall be separately accounted for and used as a credit to satisfy past, present and/or future Shortfall Payments. For the purposes of this calculation, it is assumed that the Procurement Commission, in such cases will be paid separately by the Contracting Communities to Covanta, and the Contracting Communities may permit such excess revenues to be applied toward such purpose. Any such excess revenues remaining at the expiration or termination of the New Service Agreement shall be entirely for Covanta’s account.

(c) If Covanta is procuring Excess Waste (other than Special Waste) from third parties, (i) Covanta shall retain for its own account the portion of the tipping fee for such Excess Waste up to the then applicable reduced Tipping Fee (under Section 4(a)), and (ii) the portion of such tipping fee in excess of the then applicable reduced Tipping Fee shall be split 60% to Covanta and 40% to Contracting Communities. Covanta shall retain for its own account the entire tipping fee for Special Waste. Covanta agrees that the Contracting Communities may dispose at the Facility, free of charge, Special Waste arising out of governmental activities occurring within Stanislaus County, such as illegal drugs confiscated by law enforcement agencies.

(d) **“Processing Capacity”** shall mean the actual Processing Capacity of the Facility but not more than 310,000 tons per year unless the Contracting Communities consent to the establishment of a greater amount, which consent for a greater amount shall not be unreasonably withheld, conditioned or delayed if the basis for the Processing Capacity being set above 310,000 tons per year is due to the lower heating value of the waste then being Processed at the Facility. Any Cap & Trade Costs resulting from an increase in the capacity of the Facility beyond 310,000 tons shall be solely Covanta’s responsibility, unless otherwise agreed to by the Contracting Communities. The definition of Processing Capacity shall not alter or diminish Covanta’s obligation to accept the Guaranteed Tonnage.

(e) Acceptable Waste delivered by the Contracting Communities pursuant to this Agreement shall have priority over any waste arranged by Covanta, except that Excess Waste shall be subordinate as follows:

(i) From April 1, 2012 until January 1, 2016, up to 7,300 tons per year of Special Waste arranged by Covanta shall have priority over Excess Waste; and

(ii) From January 2, 2016 until April 1, 2027, up to 12,200 tons per year of Special Waste arranged by Covanta shall have priority over Excess Waste.

10. **Default & Termination.** Events of default similar to those set forth in the Original Service Agreement (and adjusted to remove construction related defaults), which continue following notice and an applicable cure period negotiated as part of the New Service Agreement, shall permit the non-defaulting party to pursue the defaulting party for the put-or-pay amount and/or direct damages, as applicable and subject to Section 11 below, and/or terminate the New Service Agreement. Direct damages for the Contracting Communities and for Covanta will be further described as mutually agreed in the New Service Agreement. If Covanta defaults by violating the Contracting Communities' right of first use of the Facility, as described in Section 9 above, then the Contracting Communities shall have as an additional remedy the right to seek a decree of specific performance to enforce such right of first use and to preliminary and permanent injunctive relief in connection therewith and/or similar remedies in equity. If the Contracting Communities default in their delivery obligations by delivering Acceptable Waste to locations other than the Facility while failing to meet their obligation to deliver the Guaranteed Tonnage, then Covanta shall have as an additional remedy the right to seek a decree of specific performance to enforce such delivery obligations and to preliminary and permanent injunctive relief in connection therewith and/or similar remedies in equity. The remedies described in this Section 10 shall be the sole and exclusive remedies of the parties.

11. **Limit of Liability.** Notwithstanding any other provision of the New Service Agreement, in no event shall Covanta, on the one hand, or the Contracting Communities, on the other hand, be obligated to pay damages to the other for any and all breaches and events of default from the beginning of the New Service Agreement and thereunder, in a cumulative amount in excess of \$25 million. Excluded from such limit of liability are tort claims for injury to persons or damage to property, even if pursued under a provision of contractual indemnity. And if either party reaches the \$25 million limit, the other party shall have the right to terminate the New Service Agreement. The defaulting party's obligation to make payment, up to the limit of liability, shall survive such termination of the New Service Agreement.

12. **Right of First Refusal.** During the term of the New Service Agreement, the Contracting Communities shall have a right of first refusal to purchase the Facility, on the same terms and conditions and for the same price, as set forth in an offer to purchase from a third party which Covanta is willing to accept. The New Service Agreement will contain notice provisions and procedures for exercising such right of first refusal. The right of first refusal will not be triggered by one or more sales of equity interests in Covanta or its direct or indirect parent companies.

13. **Purchase Option.** At the expiration of the term of the New Service Agreement(2027), and at the end of the term of the Site Lease if extended (2042) by Covanta exercising its renewal option, or upon earlier termination of the Site Lease as result of a Covanta default thereunder, the Contracting Communities shall have the option to purchase the Facility for its fair market value. The option to purchase will contain notice provisions and exercise and valuation procedures similar to those set forth Sections 11.19 and 11.20 of the Original Service Agreement.

14. **Parent Guaranty**. Covanta Holding Corporation (“CHC”) shall provide a financial guaranty of the obligations of Covanta under the New Service Agreement. The guaranty agreement will contain provisions permitting substitution of guarantors (i) without the approval of the Contracting Communities if the substituted guarantor assumes CHC’s obligations under the guaranty and posts for the benefit of the Contracting Communities a letter of credit in the amount of the limit of liability, or (ii) with the approval of the Contracting Communities, which approval shall not be unreasonably withheld.

**MODESTO CITY COUNCIL
RESOLUTION NO 2012-22**

**A RESOLUTION DIRECTING THE CITY MANGER TO NEGOTIATE
AMENDMENT NO. 3 TO THE AGREEMENT BETWEEN CITY OF MODESTO
AND COUNTY OF STANISLAUS RELATING TO ADMINISTRATION OF
SERVICE AGREEMENT FOR SUPPLY AND ACCEPTANCE OF SOLID
WASTE WITH THE COUNTY OF STANISLAUS**

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus entered into an agreement for administration of the City/County Service Agreement with the Stanislaus Waste Energy Company (now Covanta Stanislaus) for supply and acceptance of solid waste, and

WHEREAS, since that time, the City has been partners with Stanislaus County and Covanta Stanislaus in the Stanislaus Resource Recovery Facility (the “Waste-to-Energy” or “WTE” Facility), and

WHEREAS, the City and County operate the project as a Joint Powers Agency under a Joint Powers Agreement, with the County acting as the Treasurer, and

WHEREAS, under the current Service Agreement, the Contracting Communities pay Covanta a service fee to operate the facility and are also responsible for all pass through costs associated with the facility such as taxes, insurance, air permit fees, ash disposal, etc., and

WHEREAS, the Contracting Communities are also responsible for any costs associated with unforeseen circumstances such as changes in law, major upgrades or any acts, events or conditions that have a material adverse effect on the operation of the facility, and

WHEREAS, the Contracting Communities are responsible for delivering wastes to the facility under a minimum tonnage guarantee of 243,300 tons, and Covanta uses this

waste to generate electricity, which it sells to PG&E under a Power Purchase Agreement (PPA), and

WHEREAS, the Contracting Communities currently retain 90% of the electric revenue generated by the facility, all of the disposal fees, 50% of metal recycling revenue and 30% of supplemental waste revenue, which revenues are used to offset costs, and

WHEREAS, the existing Service Agreement was set to expire on December 31, 2009, and in 2007, staff from the County Department of Environmental Resources and the City of Modesto Solid Waste Division began negotiations on a new contract with Covanta, and

WHEREAS, those negotiations proved unsuccessful with Covanta, so in May 2009, the County and the City of Modesto exercised an option given in the original contract to extend the contract under the same terms an additional six years through December 31, 2015, and

WHEREAS, when the Power Purchase Agreement (PPA) with PG&E expired in January, 2010, Covanta elected to extend its contract with PG&E under extension provisions pursuant to California Public Utilities Commission (CPUC) Decision No. 07-09-040, and

WHEREAS, those provisions caused the price paid for power to revert to the Short Run Avoided Cost, or "SRAC", which was about \$55 per MW at the time and has since dropped even further, and

WHEREAS, this pricing also did not include a premium for renewable energy, and the capacity payment was reduced, and as a result, revenues from electricity generation declined sharply resulting in a significant operating deficit, and

WHEREAS, both the Contracting Communities and Covanta recognized that it would be in our joint interests to return to the negotiating table and secure a long term commitment that would motivate Covanta to negotiate a new PPA at much more favorable rates than current SRAC rates, and

WHEREAS, a new negotiating team was formed and reopened negotiations with Covanta, with the objectives of preserving the current RRA balance, a stable and predictable tipping fee, a commitment to no increased importation of waste, meeting diversion requirements and preserving landfill capacity, and reducing City/County risk exposure from change-in-law, public perception, and change in science/technology, and

WHEREAS, the Contracting Communities negotiating team has met on a regular basis over the past year and has provided periodic updates on the status of negotiations to the Solid Waste-to-Energy Executive Committee and the City-County Liaison Committee, and

WHEREAS, major deal points from the negotiations have been agreed upon by the team and Covanta and are outlined in the **attached** Term Sheet (**Attachment A**), and

WHEREAS, Legal Counsel to the Executive Committee, Sidley Austin LLP, has reviewed the Term Sheet and provided comments on the terms to protect the interests of the Contracting Communities, and

WHEREAS, as the Contracting Communities enter into a new contractual arrangement with Covanta, it will also be important to discuss and clarify a number of areas relative to the ongoing working relationship between the County and City, such as the disposition of the Resource Recovery Account (RRA), guaranteed tonnage

obligations, gate processing, notifications, etc., through the negotiation of an Amendment to the JPA Agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby directs the City Manger to negotiate Amendment No. 3 to the Agreement Between City Of Modesto And County Of Stanislaus Relating To Administration Of Service Agreement For Supply And Acceptance Of Solid Waste with the County of Stanislaus regarding the disposition of the Resource Recovery Account and other operating procedures upon commencement of a new Service Agreement, and return to the City Council for final approval of the Amendment concurrent with the approval of the new Service Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

APPROVED AS TO FORM:

By: 
SUSANA ALCALA WOOD, City Attorney

TERM SHEET
among Covanta Stanislaus, Inc. ("Covanta"),
the City of Modesto, CA (the "City") and
the County of Stanislaus, CA (the "County");
the City and the County, collectively
(the "Contracting Communities")

The Contracting Communities and Covanta are parties to that certain Amended and Restated Service Agreement for the Supply and Acceptance of Solid Waste dated as of June 1986, as amended through the date hereof (the "**Original Service Agreement**"). The term of the Original Service Agreement, as previously extended, is scheduled to expire January 1, 2016. Covanta and the Contracting Communities wish to amend and restate in its entirety the Original Service Agreement in accordance with this Term Sheet. The Original Service Agreement as so amended and restated is hereinafter referred to as the "**New Service Agreement**". The term of the New Service Agreement shall commence on April 1, 2012 and continue until April 1, 2027. This Term Sheet is not intended and shall not be construed as a binding contract between the parties but shall serve solely to memorialize the understanding between the parties on the issues addressed herein. Capitalized terms used but not defined in this Term Sheet, if defined in the Original Service Agreement, shall have the meaning ascribed to such terms in the Original Service Agreement.

1. **Tipping Fee.** The tipping fee shall be \$32 per ton of Acceptable Waste, escalated annually on July 1st of each year, beginning July 1, 2013, by the increase as of January 1st of the then current year compared to January 1st of the immediately preceding year, in the Consumer Price Index, "Urban Wage Earners and Clerical Workers, All items, West – Size B/C (1996 = 100, not seasonally adjusted)". At the time of each annual escalation, the as-escalated tip fee shall be (a) no greater than 120% of the average of the posted gate rates per ton for the landfills (whether or not owned by the County) within fifty miles of the Facility; and (b) no less than \$32 per ton; and if 120% of such average is less than \$32 per ton, then the tip fee for such year shall nevertheless be \$32 per ton (the "**Tipping Fee**").

2. **Electric Revenues.** Subject to Sections 3(a)(ii) and 3(b)(ii) below, Covanta shall have the right to receive and retain all electric revenues generated by the Project. Electric revenues shall mean all revenues derived from the sale of electrical energy, capacity or ancillary services from the Facility, including any benefit of environmental attributes reflected in the price of the foregoing. (the "**Electric Revenues**").

3. **Unforeseen Circumstance Cost.**
 - (a) From April 1, 2012 until January 1, 2016:
 - (i) Covanta shall bear 75% of Unforeseen Circumstance Costs (including Cap and Trade Costs as defined below) and the Contracting Communities shall bear 25% of such Unforeseen Circumstance Costs, subject to Cost Substantiation.

 - (ii) Covanta shall separately account for the portion of Electric Revenues in excess of \$82.50/MWH (the "**Excess Electric Revenues**"). Excess Electric Revenues

shall be deemed to reduce the costs of complying with legislation or regulations imposing a cap and trade program on greenhouse gas emissions (“**Cap & Trade Costs**”), including without limitation, regulations promulgated pursuant to the Global Warming Solutions Act of 2006, if any, before the allocation between the parties described in Section 3(a)(i) above is applied, and the Contracting Communities shall have no responsibility for Cap & Trade Costs in excess of 25% of the net amount remaining after such deemed reduction. If on January 2, 2016, the New Service Agreement remains in effect and there are any Excess Electric Revenues which have not been applied as contemplated by the immediately preceding sentence, then any such balance of Excess Electric Revenues shall be added to the amounts provided under Section 3(b)(ii) below and applied as provided therein. However, if there is a termination of the New Service Agreement before January 2, 2016, and there is any such balance of Excess Electric Revenues remaining, then such balance shall be for the account of Covanta.

(b) From January 2, 2016 until the termination of the New Service Agreement:

(i) Covanta shall bear 75% of Unforeseen Circumstance Costs and the Contracting Communities shall bear 25% of Unforeseen Circumstance Costs, subject to Cost Substantiation.

(ii) Covanta shall separately account for Excess Electric Revenues from Electric Revenues in excess of \$92.50/MWH. Such Excess Electric Revenues, together with any balance transferred in accordance with Section 3(a)(ii) above, shall be deemed to reduce any and all Unforeseen Circumstance Costs before the allocation between the parties described in Section 3(b)(i) above is applied, and the Contracting Communities shall have no responsibility for Unforeseen Circumstance Costs in excess of 25% of the net amount remaining after such deemed reduction. If upon expiration or termination of the New Service Agreement after January 2, 2016 there is any balance of such Excess Electric Revenues remaining, then such balance shall be for the account of Covanta.

(c) The Contracting Communities shall have the right to cause an independent third party to audit the books and records of Covanta relating to the accounting of all revenues, costs, liabilities or expenditures that affect the rights, obligations or liabilities of the Contracting Communities under the New Service Agreement, by providing to Covanta written notice of exercise of such audit right within three years after the closing of the books for any period to be audited. The independent third party shall enter into a confidentiality agreement reasonably acceptable to Covanta and the Contracting Communities before accessing such books and records of Covanta. Following execution of such confidentiality agreement, Covanta shall cooperate in all reasonable respects with the audit. The parties shall reconcile any discrepancy revealed by the audit within 60 days after the conclusion thereof, subject to the dispute resolution provisions of the New Service Agreement for any good faith disputes arising from the conclusion of the audit.

(d) If the cumulative total Unforeseen Circumstance Costs incurred from the date of commencement of the New Service Agreement collectively by Covanta and by the Contracting Communities exceeds \$15,000,000, excluding amounts reimbursed by proceeds of insurance and excluding Excess Electric Revenues applied pursuant to Section 3(a)(ii) or Section 3(b)(ii) above (such net amount being the “**Initial UCC Termination Threshold**”), then each of Covanta, on the one hand, and the Contracting Communities, acting jointly on the other hand, shall have the right to terminate the New Service Agreement (a “**UCC Termination**”) by providing written notice thereof to the other within 90 days after receiving notice or other written confirmation that such Initial UCC Termination Threshold has been reached. The party to whom such notice of termination is given shall have the right to avoid the UCC Termination by paying to the party giving the notice, within 30 days after receipt of the notice, the amount incurred in excess of \$3.75 million in the case of the Contracting Communities, and the amount in excess of \$11.25 million in the case of Covanta (each a “**Termination Avoidance Amount**”). If neither party timely exercises the UCC Termination when the Initial UCC Termination Threshold is reached, or if a party avoids the UCC Termination pursuant to the immediately preceding sentence, then the New Service Agreement shall continue uninterrupted and in full force and effect, unless and until additional Unforeseen Circumstance Costs, in excess of the Initial UCC Termination Threshold, incurred collectively by Covanta and by the Contracting Communities exceed a cumulative total of \$1,500,000 (a “**Subsequent UCC Termination Threshold**”), at which time a UCC Termination right shall arise for each party again in accordance with the foregoing provisions of this Section 3(d), based on a Subsequent UCC Termination Threshold amount of \$1,500,000 (rather than \$15,000,000) and including the termination avoidance provisions with Termination Avoidance Amounts of \$375,000 for the Contracting Communities and \$1,125,000 for Covanta. If neither party timely exercises the UCC Termination when the Subsequent UCC Termination Threshold is reached, or if a party avoids the UCC Termination pursuant to the immediately preceding sentence, then this same process shall apply each time a new Subsequent UCC Termination Threshold is reached during the term of the New Service Agreement.

4. Waste Delivery and Disposal Obligations.

(a) Quantity of Waste. The Contracting Communities shall deliver or cause to be delivered to the Facility, on a put-or-pay basis, and the Company shall accept, for Processing or, subject to Section 9(e) below, disposal, 243,300 tons of Acceptable Waste per year during the term of the New Service Agreement (“**Guaranteed Tonnage**”). Acceptable Waste delivered or tendered for delivery to the Facility by or on behalf of the Contracting Communities and rejected by Covanta due to one or more scheduled maintenance outages during any calendar year which aggregate more than 672 hours shall count towards the put-or-pay obligation of the Contracting Communities, in addition to other remedies if any applicable to such rejection under the New Service Agreement. In addition, the Contracting Communities may tender for delivery, and if so tendered and if Processing Capacity (hereinafter defined) at the Facility is available, the Company shall accept, additional Acceptable Waste (originating within the territorial limits of the Contracting Communities) in excess of 243,300 tons per year up to the Processing Capacity of the Facility as set forth in Section 9 below (“**Excess Waste**”). The tipping fee for the first 10,000 tons per year of Excess Waste shall be \$2 per ton less than the then applicable Tipping Fee, and the Tipping Fee for all further Excess Waste shall be \$4 per ton less than the then applicable Tipping Fee. The Contracting Communities acknowledge that waste that requires

special handling or secure destruction "**Special Waste**" will have priority over the processing of Excess Waste, as provided in Section 9(e) below.

(b) Quality of Waste. The Contracting Communities shall deliver Acceptable Waste to the Facility. Any inadvertent delivery of Hazardous Waste and/or Unacceptable Waste to the Facility by the Contracting Communities shall not constitute a breach of the Contracting Communities, and the New Service Agreement shall contain provisions similar to the Original Service Agreement governing the procedures, costs and liabilities associated with the delivery of Hazardous Waste and/or Unacceptable Waste to the Facility. If Hazardous Waste and/or Unacceptable Waste are delivered to the Facility by or on behalf of third parties, the Contracting Communities' share of the cost incurred to remedy such delivery shall be in accordance with their share of the tipping fee benefit from the delivery of such Waste to the Facility had it been Acceptable Waste.

(c) Delivery Schedule. The New Service Agreement shall contain a delivery schedule which is negotiated between Covanta and the Contracting Communities. The delivery schedule will set forth the hours for waste deliveries to the Facility and the daily and monthly tonnage maximums. Also, the New Service Agreement will outline terms for notifying Contracting Communities when the Facility is unable to accept and Process Acceptable Waste.

(d) Weight. The tonnage of waste delivered to the Facility shall be weighed at the scales owned by Covanta, but operated by the County of Stanislaus at the Facility. The New Service Agreement shall contain provisions similar to the Original Service Agreement for addressing periods when the scales become inoperative, for maintaining the accuracy of the scales, resolving discrepancies, observing testing and other procedures.

5. Landfill Disposal. The Contracting Communities shall provide disposal capacity throughout the term of the New Service Agreement at the Fink Road Landfill (the "**Landfill**") for Covanta's disposal of all Process Residue, Unacceptable Waste and By-Pass Waste from the Facility. Covanta may dispose of all Process Residue, Unacceptable Waste and By-Pass Waste from the Facility at the Landfill and shall pay to the Contracting Communities (i) a tipping fee of \$26 for each ton of Process Residue, and (ii) the then-posted gate rate at the Landfill for By-Pass Waste, delivered to the Landfill. Such tipping fee for Process Residue shall escalate annually at the same time and by the same percentage as the tipping fee for Acceptable Waste escalates, after giving effect to the limiting parameters described in Section 1(a) and (b) above. Covanta may dispose of Unacceptable Waste delivered to the Facility by or on behalf of the Contracting Communities at the Landfill free of charge. The Contracting Communities shall not be obligated to pay to Covanta the tipping fee for Unacceptable Waste delivered to the Facility by or on behalf of the Contracting Communities but shall only pay to Covanta substantiated incremental handling, removal and transport costs for removing such Unacceptable Waste from the Facility, provided that the Contracting Communities make the Landfill available to Covanta for disposal of such Unacceptable Waste free of charge. The New Service Agreement shall otherwise contain provisions similar to the provisions in Article VII of the Original Service Agreement.

6. Recovered Resources. Subject to Section 3 above, Covanta shall have the sole and absolute right, at Covanta's option, and pursuant to such terms and conditions as Covanta determines in its sole and absolute discretion, to sell, trade, donate or otherwise alienate any and

all Recovered Resources, solely for the account of Covanta. “**Recovered Resources**” means (i) steam, electric energy, capacity, ancillary services, ferrous and non-ferrous metals, ash and such other materials of whatever nature or description as the Company may from time-to-time recover from Solid Waste, Process Residue or any other material, whether at the Facility or elsewhere, as determined by the Company in its sole and absolute discretion, and (ii) offsets, credits or benefits of whatever nature or description, for emissions, pollution, green house gas, renewable energy generation, investment, production, taxes or any certificate, grant or intangible entitlement relating to the Facility or its operation, exclusive of diversion credits from the State for wastes processed by the Facility.

7. **Costs of Facility.**

(a) Except as provided in Section 3 above and clause (b) below in this Section, or as is expressly provided in the Facility Site Lease or the New Service Agreement, Covanta shall solely bear all costs and risks and have all benefits of ownership, operation and maintenance of the Facility including casualties and liability.

(b) Notwithstanding the immediately preceding sentence, Covanta shall have a right to reimbursement from the Contracting Communities for any taxes, assessments or fees imposed by the County, the City, or any special taxing district or authority under the control of the County or City, that are imposed on Covanta, the Facility, its operation or the solid waste industry and that are not generally applicable throughout the entire County (collectively, “**Discriminatory Taxes**”). Except for Discriminatory Taxes, Covanta will be responsible for the payment of any ad valorem, personal or business property and possessory interest lease or property taxes.

8. **Site Lease.** The Facility Site Lease Agreement dated as of June 1, 1986 between the County and Covanta shall be amended as follows:

(a) The initial term thereof shall be extended to expire on April 1, 2027. One fifteen-year renewal option shall remain in effect; and

(b) The rental provision shall be amended to provide for a fixed annual base rent of \$198,000 per year until the earlier of (i) the termination of the New Service Agreement or (ii) April 1, 2027.

9. **Waste Capacity.**

(a) The Contracting Communities shall have a right of first use of all Processing Capacity (as such term is defined in Section 9(d) below) at the Facility, subject to the following procedures. If at any time and from time to time the Contracting Communities have not delivered sufficient waste to fill the Processing Capacity of the Facility, then within 24 hours of Covanta’s notice to the Contracting Communities of the existence of excess Processing Capacity at the Facility, Covanta shall have the right to market, for the benefit of both the Contracting Communities and Covanta as provided in Section 9(c) below, the difference between the Processing Capacity and the total of Acceptable Waste being delivered by the Contracting Communities.

(b) If Covanta procures waste from third parties to mitigate a shortfall in the Contracting Communities meeting their scheduled Guaranteed Tonnage (a “**Waste Delivery Shortfall**”), then Covanta shall be entitled to, and the Contracting Communities shall owe, a procurement fee of 15% (the “**Procurement Commission**”) of the tipping fee paid by such third parties (the “**Third Party Tipping Fee**”) for the procurement of such waste. In addition, if the Third Party Tipping Fee is less than the Tipping Fee then, in addition to the Procurement Commission, (a) the Contracting Communities will pay the difference between the Third Party Tipping Fee and the then current Tipping Fee (“**Shortfall Payment**”), but (b) the Contracting Communities shall have the right, upon 48 hours notice, to terminate any such supply arrangement which results in net payments by the Contracting Communities and direct Covanta to accept waste from alternative sources procured by the Contracting Communities in order to reduce the Waste Delivery Shortfall. If the Third Party Tipping Fee is greater than the then current Tipping Fee, the “**excess revenues**” derived therefrom shall be separately accounted for and used as a credit to satisfy past, present and/or future Shortfall Payments. For the purposes of this calculation, it is assumed that the Procurement Commission, in such cases will be paid separately by the Contracting Communities to Covanta, and the Contracting Communities may permit such excess revenues to be applied toward such purpose. Any such excess revenues remaining at the expiration or termination of the New Service Agreement shall be entirely for Covanta’s account.

(c) If Covanta is procuring Excess Waste (other than Special Waste) from third parties, (i) Covanta shall retain for its own account the portion of the tipping fee for such Excess Waste up to the then applicable reduced Tipping Fee (under Section 4(a)), and (ii) the portion of such tipping fee in excess of the then applicable reduced Tipping Fee shall be split 60% to Covanta and 40% to Contracting Communities. Covanta shall retain for its own account the entire tipping fee for Special Waste. Covanta agrees that the Contracting Communities may dispose at the Facility, free of charge, Special Waste arising out of governmental activities occurring within Stanislaus County, such as illegal drugs confiscated by law enforcement agencies.

(d) “**Processing Capacity**” shall mean the actual Processing Capacity of the Facility but not more than 310,000 tons per year unless the Contracting Communities consent to the establishment of a greater amount, which consent for a greater amount shall not be unreasonably withheld, conditioned or delayed if the basis for the Processing Capacity being set above 310,000 tons per year is due to the lower heating value of the waste then being Processed at the Facility. Any Cap & Trade Costs resulting from an increase in the capacity of the Facility beyond 310,000 tons shall be solely Covanta’s responsibility, unless otherwise agreed to by the Contracting Communities. The definition of Processing Capacity shall not alter or diminish Covanta’s obligation to accept the Guaranteed Tonnage.

(e) Acceptable Waste delivered by the Contracting Communities pursuant to this Agreement shall have priority over any waste arranged by Covanta, except that Excess Waste shall be subordinate as follows:

(i) From April 1, 2012 until January 1, 2016, up to 7,300 tons per year of Special Waste arranged by Covanta shall have priority over Excess Waste; and

(ii) From January 2, 2016 until April 1, 2027, up to 12,200 tons per year of Special Waste arranged by Covanta shall have priority over Excess Waste.

10. **Default & Termination.** Events of default similar to those set forth in the Original Service Agreement (and adjusted to remove construction related defaults), which continue following notice and an applicable cure period negotiated as part of the New Service Agreement, shall permit the non-defaulting party to pursue the defaulting party for the put-or-pay amount and/or direct damages, as applicable and subject to Section 11 below, and/or terminate the New Service Agreement. Direct damages for the Contracting Communities and for Covanta will be further described as mutually agreed in the New Service Agreement. If Covanta defaults by violating the Contracting Communities' right of first use of the Facility, as described in Section 9 above, then the Contracting Communities shall have as an additional remedy the right to seek a decree of specific performance to enforce such right of first use and to preliminary and permanent injunctive relief in connection therewith and/or similar remedies in equity. If the Contracting Communities default in their delivery obligations by delivering Acceptable Waste to locations other than the Facility while failing to meet their obligation to deliver the Guaranteed Tonnage, then Covanta shall have as an additional remedy the right to seek a decree of specific performance to enforce such delivery obligations and to preliminary and permanent injunctive relief in connection therewith and/or similar remedies in equity. The remedies described in this Section 10 shall be the sole and exclusive remedies of the parties.

11. **Limit of Liability.** Notwithstanding any other provision of the New Service Agreement, in no event shall Covanta, on the one hand, or the Contracting Communities, on the other hand, be obligated to pay damages to the other for any and all breaches and events of default from the beginning of the New Service Agreement and thereunder, in a cumulative amount in excess of \$25 million. Excluded from such limit of liability are tort claims for injury to persons or damage to property, even if pursued under a provision of contractual indemnity. And if either party reaches the \$25 million limit, the other party shall have the right to terminate the New Service Agreement. The defaulting party's obligation to make payment, up to the limit of liability, shall survive such termination of the New Service Agreement.

12. **Right of First Refusal.** During the term of the New Service Agreement, the Contracting Communities shall have a right of first refusal to purchase the Facility, on the same terms and conditions and for the same price, as set forth in an offer to purchase from a third party which Covanta is willing to accept. The New Service Agreement will contain notice provisions and procedures for exercising such right of first refusal. The right of first refusal will not be triggered by one or more sales of equity interests in Covanta or its direct or indirect parent companies.

13. **Purchase Option.** At the expiration of the term of the New Service Agreement(2027), and at the end of the term of the Site Lease if extended (2042) by Covanta exercising its renewal option, or upon earlier termination of the Site Lease as result of a Covanta default thereunder, the Contracting Communities shall have the option to purchase the Facility for its fair market value. The option to purchase will contain notice provisions and exercise and valuation procedures similar to those set forth Sections 11.19 and 11.20 of the Original Service Agreement.

14. **Parent Guaranty.** Covanta Holding Corporation (“CHC”) shall provide a financial guaranty of the obligations of Covanta under the New Service Agreement. The guaranty agreement will contain provisions permitting substitution of guarantors (i) without the approval of the Contracting Communities if the substituted guarantor assumes CHC’s obligations under the guaranty and posts for the benefit of the Contracting Communities a letter of credit in the amount of the limit of liability, or (ii) with the approval of the Contracting Communities, which approval shall not be unreasonably withheld.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-23**

**RESOLUTION AUTHORIZING THE CITY OF MODESTO WATER
ENTERPRISE FUND TO POST COLLATERAL UP TO \$25 MILLION WITH JP
MORGAN CHASE BANK UNDER TERMS OF A SWAP AGREEMENT FOR
THE 2007 MODESTO IRRIGATION DISTRICT REVENUE BONDS RELATED
TO THE DOMESTIC WATER TREATMENT AND DELIVERY SYSTEM**

WHEREAS, in May 2007, the City Council, by Resolution No. 2007-275, approved the issuance of revenue bonds by the Modesto Irrigation District Financing Authority related to the financing of Phase 2 of the Domestic Water Treatment and Delivery System of the Modesto Irrigation District, and

WHEREAS, this debt issue included an interest rate swap with JPMorgan Chase Bank, and

WHEREAS, the purpose of an interest rate swap is to create a synthetic fixed interest rate that holds each party harmless as the variable interest rate moves up or down, and

WHEREAS, due to current economic conditions, interest rates are at historically low levels, therefore creating a negative swap termination value currently calculated to be approximately \$16 million that the City would be required to pay to JPMorgan if this agreement was terminated, and

WHEREAS, under the swap agreement the City can be required to post collateral to assure JPMorgan's financial interests in the event the agreement is terminated, and

WHEREAS, on June 22, 2010, the City Council, by Resolution No. 2010-278, authorized staff to post collateral up to \$18 million; however, staff recommends raising the collateral posting from \$18 to \$25 million, and

WHEREAS, the City retains ownership of collateral on deposit and earns interest at market rates, thus minimizing impacts to the Water Enterprise Fund,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City of Modesto Water Enterprise Fund to post collateral up to \$25 million with JPMorgan chase Bank under terms of a Swap Agreement for the 2007 Modesto Irrigation District Revenue Bonds related to the Domestic Water Treatment and Delivery System.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-24**

**RESOLUTION APPROVING THE APPOINTMENT OF CHRIS TYLER AS THE
2012 PLANNING COMMISSION REPRESENTATIVE TO THE CITIZENS
HOUSING & COMMUNITY DEVELOPMENT COMMITTEE**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, on November 7, 2011, the Planning Commission recommended Chris Tyler as its representative to the Citizens Housing & Community Development Committee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Chris Tyler is hereby reappointed as the 2012 Planning Commission representative to the Citizens Housing & Community Development Committee, with a term expiration of January 1, 2013.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Citizens Housing & Community Development, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Mayor Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-25**

RESOLUTION AUTHORIZING THE AWARD OF CONTRACT FOR THE PURCHASE OF A JOHN DEERE BACKHOE LOADER FOR THE WATER DIVISION, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO PAPE MACHINERY, FRENCH CAMP, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF \$108,477

WHEREAS, the Public Works Department, Fleet Services Division, has requested the purchase of a John Deere Backhoe Loader for use by the Water Division, and

WHEREAS, State Assembly Bill 2575 requires that urban water suppliers install water meters on all service connections by the year 2025, and

WHEREAS, the City Council has approved the addition of a second meter crew and the equipment for that crew in order to meet this deadline, and

WHEREAS, the State of California, Department of General Services, went through a competitive bid process for the purchase of John Deere construction products and issued contract #4-08-23-0022A, and

WHEREAS, the most responsive and responsible bidder that met the bid specifications was Pape Machinery, French Camp, CA, and

WHEREAS, Pape Machinery was awarded the California Multiple Award Schedules (CMAS) contract #4-08-23-0022A for John Deere construction products and is extending the CMAS discount to the City of Modesto, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12, in Water Fund account #4180-59999-57970-100574, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual

services to be formally bid; however, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, acting within his discretion, the Purchasing Manager invoked that exception for this purchase due to the cost savings of staff time and the limited number of competitors,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of contract for the purchase of a backhoe loader for the Public Works Department, Water Division, through the Fleet Services Division, to Pape Machinery, French Camp, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for a total estimated cost of \$108,477.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-26**

**RESOLUTION AMENDING THE CITY OF MODESTO FINANCIAL POLICIES,
SPECIFICALLY SECTION 11, REGARDING THE BUDGET ADJUSTMENT
AUTHORITY AND INCORPORATE GOVERNMENTAL ACCOUNTING
STANDARDS BOARD STATEMENT NO. 54 REQUIREMENTS INTO THE
FINANCIAL POLICIES**

WHEREAS, a review of the City of Modesto financial policies has been performed, and in order to create a more operationally efficient budget adjustment process and include Governmental Accounting Standards Board Statement No. 54 requirements, Finance staff recommends amending the City of Modesto financial policies,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the City of Modesto financial policies as shown in **Exhibit C**, which is **attached** hereto and incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following votes:

City of Modesto Financial Policies

1. Budget Adoption Level: The city wide, legally adopted level for the budget of any program is by department at the Fund level.
2. General Fund Reserve: The Council has established the unappropriated reserve's minimum level to be 8% of the current appropriations for operating expenditures and operating transfers-out.
3. Forecasting Model: For the General, Enterprise, Internal Service and Capital Project and other major funds the Finance Department will maintain either a 5 or 10-year financial forecasting model to assess the city's ability to respond to changes in anticipated revenue levels, capital improvement program needs and changes proposed in operating costs. (the use of a 5 or 10-year model will depend on the conditions that apply to each fund)
4. Enterprise Funds and other Non-General Fund Operations: These activities should be self-supporting and should maintain reserve levels that are adequate to protect against fluctuations in revenue and expenditure levels. Activities that deviate from this requirement shall be identified for the City Council annually at the time of budget adoption. Exempt from this requirement are those funds that account solely for grant funds.
5. Inter-fund Loans and Loans to Component Units: Loans between funds and loans to the RDA and other component units of the city should be considered in light of a multi-year business plan that demonstrates a reasonable ability to repay the loan. All inter-fund loans and loans to component units, either existing or proposed, shall be identified for the City Council at the time of budget adoption. Generally, inter-fund loans and loans to component units shall be established with a repayment deadline that reflects the earliest feasible opportunity for repayment of the loan. Interest rates charged on the loan shall be based on the actual rate of return earned by the city's investment portfolio during the 12-month period immediately preceding a payment date.
 - a. Note that the terms and conditions for existing loans between the City and the Redevelopment Agency are governed by one or more separate resolutions adopted at the time the loans were approved.
6. Interest Allocation: Interest shall be allocated quarterly to all funds based on their average monthly balances during each quarter.
7. Direct Charges between Funds: Costs charged between funds such as force-account labor and other direct costs shall be charged on the basis of actual cost and not on the budgeted amount, unless a separate contract exists between the managers of the two programs allowing the use of the budgeted amount as the basis for the charge.

8. Inter-fund Transfers: Unless direction is given at the time an inter-fund transfer is approved that the amount to be transferred between funds is not subject to adjustment based on a share of cost formula, all inter-fund transfers shall be based upon the sending fund's pro rata share of any project costs or other obligation that is the basis for the transfer. Therefore, a reconciliation of the share of costs allocable to the fund(s) from which resources are to be transferred shall be performed prior to the year-end closing of the city's financial records and shall become the basis for determining the actual amount of any resources to be transferred. It is the intent of this policy that any transfers designed to provide a subsidy to the operations of another fund shall not exceed the amount needed to provide sufficient resources to make revenues equal expenditures unless other direction is provided by the City Council.

All inter-fund transfers and their purpose shall be identified to the Council annually, at the time of the budget adoption.

9. Multi-year appropriations: Appropriations for certain grants and on-going Capital Improvement Program projects that were authorized in previous years and that are not fully expended shall be deemed valid until revoked. Appropriations related to certain developer-funded expenditures may also be treated as multi-year appropriations.
10. Fund Replacement Reserves: In order to provide future resources for the replacement or repair of depreciable assets, each fund shall establish a list of depreciable assets, including useful lives and replacement costs that will determine the amount to be set-aside annually to allow the timely replacement or repair of these assets. Each program manager shall also establish a plan for funding the reserve and shall disclose the adequacy of the reserve level annually to the City Council as part of the annual budget adoption process.
11. Budget Adjustment Authority: *The authority to approve any budget adjustment in the amount of \$25,000 or less is delegated to the Director of Finance. The authority to approve any budget adjustment between \$25,000 and \$50,000 is delegated to the City Manager. Authority for any budget adjustment of \$50,000 or more is delegated to the parties shown below:* ~~The following budgetary adjustment actions are delegated to the parties shown below.~~

a. City Council

- i. Appropriation of undesignated reserves
- ii. Appropriation of new revenues
 1. Does not include Developer Payments
 2. ~~Does not include private donations or grants made to the Fund Development Program of the Parks, Recreation, & Neighborhoods Department for specified purposes of less than \$25,000~~

- iii. Budgeting inter-fund transfers
 - 1. Does not include adjustments to budgeted transfers where the intent is to subsidize an enterprise operation as shown in item (x) under the City Manager's budget adjustment authority shown on page 3
- iv. Creation of inter-fund loans
- v. Creation of, or increase in, any multi-year appropriation except for the allocation of interest
- vi. Addition of permanent staff positions
- vii. Appropriation of payments for new indebtedness including operating leases
- viii. All other budgetary actions not delegated to another official

City Manager

- i. Transfer appropriations between departments within a fund
- ii. Changing any capital equipment appropriation
- ~~iii. Changing appropriations for temporary agency labor~~
- iv. Changing any CIP line item appropriation *Move to Director of Finance*
- ~~v. Transfer appropriations to or from salary line items~~
- vi. Appropriate reserves for litigation on a case-by-case basis
- vii. Revoke multi-year appropriations *Move to Director of Finance*
- viii. Adjust operating program appropriation levels at his/her discretion to maintain the required 8% reserve level and any reserve levels for non-GF funds
- ix. Transfer appropriations from a primary capital project to create or modify the budget of a related secondary capital project without increasing the total appropriations *Move to Director of Finance*
- x. Transfer appropriations between two or more related secondary capital projects without increasing the total appropriations *Move to Director of Finance*
- xi. Close Capital Improvement Program projects *Move to Director of Finance*
- xii. Adjustments to Inter-fund transfers intended to balance enterprise fund operations where the cumulative total of any adjustment does not increase the original City Council approved appropriation by more than \$50,000
- xiii. Appropriate Developer Payments not previously budgeted
 - 1. Annexation Deposits
 - 2. Special District Formation Deposits
 - 3. Developer Deposits to be recognized as revenue
- ~~xiv. Appropriate private donations or grants made to the Fund Development Program of the Parks, Recreation, & Neighborhoods Department for specified purposes up to \$25,000~~

- b. Director of Finance
 - i. Appropriate unbudgeted grant interest
 - ii. Revise the allocation of Internal Service Fund charges between departments, provided that the total allocated amount does not increase (any such changes to the allocation shall not result in an increase or decrease to the total amount of discretionary appropriations provided to the affected department(s))
 - iii. Make technical budget corrections to implement the intent of Council-approved actions and resolutions
 - iv. Transfer fiscal appropriations between sub-funds of a single fund (except where this changes appropriation amounts for temporary agency labor and/or capital equipment purchases over \$5,000)

- c. Department Director
 - i. Transfer appropriations ~~between non-salary line items~~ within a department, within a single fund (excludes appropriations related to capital equipment, capital improvement program ~~projects and temporary agency labor~~)
 - ii. Acting as a designee of the City Manager, the Parks, Recreation, & Neighborhoods Director shall be authorized to appropriate private donations or grants made to the Fund Development Program of the Parks, Recreation, & Neighborhoods Department for specified purposes up to \$25,000.00

12. Fund Balance Information Requirements: The requirements of GASB Statement No. 54 are intended to enhance the usefulness, including the understandability, of fund balance information, in the financial statements. The City will spend the most restricted dollars before less restricted, given equal eligibility, in the following order:

Non-Spendable – if funds become spendable (inventories, prepaid amounts)
 Restricted (grants, bond proceeds)
 Committed (capital acquisitions, pending projects)
 Assigned (purchase orders, encumbrances)
 Unassigned (residual fund balance after deducting the other fund balance categories)

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-27**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF THREE (3) PICK-UP TRUCKS FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, THROUGH THE FLEET SERVICES DIVISION, TO THEODORE ROBINS FORD, COSTA MESA, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF \$79,205

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, throughout FY 11/12 through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The three (3) pick-up trucks were included in the FY 11/12 new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, two of the pick-up trucks are replacement trucks for the Water Division, these trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the purchase of one new pick-up truck will support a new meter installation crew, which Council approved in the FY 2011/12 budget, and

WHEREAS, the additional metering crew is needed in order to meet State Assembly Bill 2575 which requires that urban water suppliers install water meters on all service connections by the year 2025, and

WHEREAS, the Purchasing Division issued RFB No. 1112-14 for the purchase of three (3) pick-up trucks to sixteen (16) prospective bidders, posted the bid on the City's website and formally advertised as required by law. Three (3) of the sixteen (16) prospective bidders are located within Stanislaus County, one of which is a local vendor, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the sixteen (16) prospective bidders, four (4) companies chose to respond, three (3) bidders are located in Stanislaus County, one of which is a local vendor. All four (4) companies provided responsive and responsible bids, and

WHEREAS, the five percent (5%) differential for Local Vendor Preference was not a factor in determination for award, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of three (3) pick-up trucks to Theodore Robins Ford, Costa Mesa, CA, for a total estimated cost of \$79,205, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit 5410-53241-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of three (3) pick-up trucks to Theodore Robins Ford, Costa Mesa, CA, for the Department of Public Works, Fleet Services Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of three (3) pick-up trucks for the Public Works Department, Water Division, through the Fleet Services Division, to Theodore Robins Ford, Costa Mesa, CA.

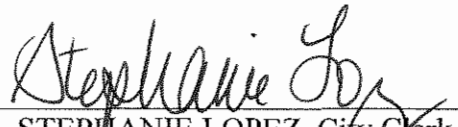

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is authorized to issue a purchase order for a total estimated cost of \$79,205.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-28**

RESOLUTION APPROVING AGREEMENTS BETWEEN THE CITY OF MODESTO AND KAISER PERMANENTE, ANTHEM BLUE CROSS, UNITED HEALTHCARE, OPTUM HEALTH AND STANISLAUS FOUNDATION; CONTINUING DENTAL AND VISION COVERAGE THROUGH THE CITY'S SELF-INSURED PROGRAMS; AUTHORIZING THE EMPLOYEE BENEFITS MANAGER TO SERVE AS THE COORDINATOR FOR THE VARIOUS PLANS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL NECESSARY AGREEMENTS

WHEREAS, the City of Modesto offers its employees, their dependents and eligible retirees group health insurance coverage, and

WHEREAS, the Employee Benefits Advisory Committee (EBAC) consisting of three representatives from each bargaining unit reviewed and made recommendations to City management regarding health insurance coverage for plan year January 1 through December 31, 2012, and

WHEREAS, the City broker was instructed to market the City's health and dental program to existing carriers as well as any other carriers active in the region, and

WHEREAS, the City received declinations from all medical carriers except for existing carriers Anthem Blue Cross and Kaiser Permanente, and

WHEREAS, the City received an overall rate increase of 24% from Anthem Blue Cross and an overall rate increase of 2.6% from Kaiser Permanente for health coverage, and

WHEREAS, the City's post-65 retiree health plans provided by United Healthcare Senior Supplemental and Kaiser Permanente Senior Advantage received minimal rate increases, and

WHEREAS, OptumHealth rates for the employee assistance program will remain the same, and

WHEREAS, the City received several proposals for dental administration and decided to replace Delta Dental with Stanislaus Foundation, and

WHEREAS, the City's self-insured vision and dental rates were decreased slightly for the plan year 2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves agreements between the City of Modesto and Kaiser Permanente, Anthem Blue Cross, United Healthcare, OptumHealth, and Stanislaus Foundation.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves the continuation of dental and vision coverage through the City's self-insured programs.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Employee Benefits Manager, or her designee, is hereby authorized to serve as the coordinator for the various plans.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to execute all necessary agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012 by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-29**

**RESOLUTION APPROVING AN AMENDMENT TO ARTICLE VII OF THE
BYLAWS OF THE MODESTO CITY-COUNTY AIRPORT ADVISORY
COMMITTEE CALLING FOR REGULAR MONTHLY MEETINGS**

WHEREAS, in 1972 the City established the Airport Advisory Committee (AAC) to provide public input and assistance to the City Manager on all policy matters affecting the use, growth and development of the City-County Airport (Airport), and

WHEREAS, on August 9, 2011, the City Council, by Resolution No. 2011-355, approved revised AAC Bylaws incorporating changes to clarify the composition, function and authority of this all-volunteer committee, and

WHEREAS, the revised Bylaws state that regular meetings of the AAC shall be held once per quarter, and

WHEREAS, on October 20, 2011, the AAC unanimously agreed that meeting only four times per year would create a delay in moving issues forward in a timely manner and restrict availability of a forum for matters of importance to the Airport and its users, and

WHEREAS, the City of Modesto operates the Airport for the benefit of all businesses, industries, visitors and residents in and around the City of Modesto, Stanislaus County, and surrounding areas, and

WHEREAS, the Modesto City Council and Stanislaus County Board of Supervisors seek to ensure that the Airport is maintained and developed in such a manner that it will continue to be a high-quality aviation facility for its users and a good neighbor in the community, recognizing that both the users and community may change as the surrounding area continues to grow and develop,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Article VII of the Bylaws of the Modesto City-County Airport Advisory Committee calling for regular monthly meetings of the Committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-30**

**RESOLUTION APPROVING EXTENSION OF PROMOTIONAL AIRPORT
HANGAR RENTAL RATES FOR CALENDAR YEAR 2012 IN ORDER TO
INCREASE OCCUPANCY AT THE MODESTO CITY/COUNTY AIRPORT**

WHEREAS, Section 7-3.401 of the Modesto Municipal Code authorizes the Council, by Resolution, to establish rental charges and fees for activities and services at the Modesto City-County Airport/Harry Sham Field, and

WHEREAS, the economic downturn has impacted local aircraft ownership, which has contributed to a high hangar vacancy rate, and

WHEREAS, the airport has 15 vacant T-hangars that are not leased and there is currently no active waiting list, and

WHEREAS, if all vacant T-hangars were leased there would be an increase of approximately \$2,950 per month, less any discounts, and

WHEREAS, in an attempt to attract new aircraft from outside the Modesto area, Council approved offering new tenants a promotional discount equivalent to three months of free rent for a new 12-month T-hangar lease during calendar year 2011, and

WHEREAS, this promotional rate was extended only to aircraft and tenants that had not been based at Modesto Airport during the past 12 months, and

WHEREAS, during calendar year 2011 seven new tenants signed 12-month leases for T-hangars, and

WHEREAS, new aircraft at Modesto Airport also increased local revenues through new taxes paid on planes based in Stanislaus County, increased fuel sales and local aircraft repairs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the extension of promotional airport hangar rates for calendar year 2012 in order to increase occupancy at the Modesto City/County Airport.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-31**

RESOLUTION APPROVING CALTRANS INVOICES TOTALING \$119,250 WHICH EXCEEDS THE SR132 UTILITY AGREEMENT WITH CALTRANS FOR WATER AND SEWER BY \$85,950, AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, Caltrans has completed roadway improvement construction at the following location: Modesto SR132 Rehab: L Street to San Juan Drive – grind and overlay roadway rehabilitation, and

WHEREAS, the project has City water and sewer utility covers that have been reset to the elevation of the new asphalt pavement, and

WHEREAS, the low-bidding contractor reset the utility covers for Caltrans, who acted as the lead agency, and the City of Modesto has been billed for reimbursement, and

WHEREAS, in order to specify the terms of reimbursement from the City, a Utility Agreement for the project between the City and Caltrans was executed prior to construction, and

WHEREAS, the SR 132 Utility Agreement No. 10-3721.11 with Caltrans was approved by City Council on September 23, 2008, by Resolution No. 2008-553, and

WHEREAS, this agreement indicates terms of reimbursement for adjustment of water valve and sewer manhole covers to the elevation of the new asphalt pavement, and

WHEREAS, the total estimated cost of the reimbursement from the City to Caltrans indicated in the Agreement is \$33,300, and

WHEREAS, however, the actual invoiced cost for this Agreement is \$119,250, and

WHEREAS, the initial number of utility covers to be adjusted to grade and the projected adjustment costs shown in the utility agreement for SR132 were based on preliminary engineer's estimates prepared by Caltrans, and

WHEREAS, however, final payments are based on the actual number of utility covers adjusted at the unit prices bid by the contractor, and

WHEREAS, during construction, 18 more water valve covers and 5 more manhole covers were discovered in the area of work that required adjustment, and

WHEREAS, in addition, just prior to Caltrans' highway project, a new water main was installed in 9th Street and a substandard City water main was replaced in Yosemite Boulevard, and

WHEREAS, this added 141 new water valve covers above the initial estimate indicated in the Agreement, and

WHEREAS, City staff has field verified all quantities and the billing amount is correct, and

WHEREAS, City staff recommends approving Caltrans invoices totaling \$119,250 which exceeds the SR132 Utility Agreement with Caltrans for water and sewer by \$85,950,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Caltrans invoices totaling \$119,250 which exceeds the SR132 Utility Agreement with Caltrans for water and sewer by \$85,950.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-32**

RESOLUTION APPROVING CALTRANS INVOICE OF \$82,007.41 WHICH EXCEEDS SR108 UTILITY AGREEMENT WITH CALTRANS FOR WATER BY \$64,087, AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, Caltrans has completed roadway improvement construction at the following location: Modesto SR108 Rehab: 9th Street to Corralwood Road -- grind and overlay roadway rehabilitation, and

WHEREAS, the project has City water utility covers that have been reset to the elevation of the new asphalt pavement, and

WHEREAS, the low-bidding contractor reset the utility covers for Caltrans, who acted as the lead agency, and the City of Modesto has been billed for reimbursement, and

WHEREAS, in order to specify the terms of reimbursement from the City, a Utility Agreement for the project between the City and Caltrans was executed prior to construction, and

WHEREAS, the SR 108 Utility Agreement No. 10-3772.51 with Caltrans was approved by City Council on September 23, 2008, by Resolution No. 2008-554, and

WHEREAS, this agreement indicates terms of reimbursement for adjustment of water valve covers to the elevation of the new asphalt pavement, and

WHEREAS, the total estimated cost of the reimbursement from the City to Caltrans indicated in the Agreement is \$17,920, and

WHEREAS, however, the actual invoiced cost for this Agreement is \$82,007.41, and

WHEREAS, the initial number of water valve covers to be adjusted to grade and the projected adjustment cost shown in the utility agreement for SR108 were based on preliminary engineer's estimates prepared by Caltrans, and

WHEREAS, however, final payment is based on the actual number of valve covers adjusted at the unit price bid by the contractor, and

WHEREAS, during construction, 50 more valve covers were discovered in the area of work that required adjustment, and

WHEREAS, in addition, just prior to Caltrans' highway project, City forces made several connections to water mains in McHenry Avenue and extended piping to beyond Caltrans' limits of construction for future extensions and/or water system upgrades, and

WHEREAS, this added 50 new water valve covers to the initial estimate indicated in the Agreement, and

WHEREAS, City staff has field verified this total and the billing amount is correct, and

WHEREAS, City staff recommends approving Caltrans invoice of \$82,007.41 which exceeds SR108 Utility Agreement with Caltrans for water by \$64,087,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Caltrans invoice of \$82,007.41 which exceeds SR108 Utility Agreement with Caltrans for water by \$64,087.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Mayor Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-33**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE HICKMAN TEST WELL PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH DAN'S WATER WELL & PUMP SERVICE INC. OF LIVERMORE, CALIFORNIA IN THE AMOUNT OF \$150,096, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Hickman Test Well project, and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Hickman Test Well project were opened at 11:00 a.m. on November 8, 2011, and later tabulated by the Director of Utility Planning and Projects for the consideration of the Council, and

WHEREAS, the Director of Utility Planning and Projects has recommended that the bid of \$150,096 received from Dan's Water Well & Pump Service Inc., of Livermore, California be accepted as the lowest responsible and responsive bid and the contract be awarded to Dan's Water Well & Pump Service Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Hickman Test Well project, accepts the bid of Dan's Water Well & Pump Service Inc., of Livermore, California in the amount of \$150,096, and approves the contract.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-34**

RESOLUTION APPROVING AN AGREEMENT WITH BROWN AND CALDWELL FOR CONSTRUCTION OVERSIGHT AND ANALYSIS SERVICES FOR THE HICKMAN TEST WELL PROJECT IN AN AMOUNT NOT TO EXCEED \$35,777 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$3,578 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$39,355, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in the mid 1990's, the City of Modesto acquired the former Del Este Water System which included the communities of Hickman, Grayson, Del Rio, City of Waterford, and a portion of the City of Turlock, and

WHEREAS, the City now manages, operates, and maintains these five outlying water service areas, and

WHEREAS, as a component of the City of Modesto's Water Engineer Report, the City hired West Yost Associates to provide an individual hydraulic assessment of each of these systems in order to evaluate the ability of existing facilities to meet the current and buildout demands, and

WHEREAS, the existing Hickman water distribution system was evaluated under the demand scenarios of Maximum Day, Peak Hour, and Maximum Day plus Fire Flow, and

WHEREAS, one of the recommended Capital Improvement Projects to correct existing deficiencies in the Hickman system includes the construction of a new 600 gallons per minute (gpm) production well, and

WHEREAS, prior to constructing a complete production well, the City staff recommends drilling a test well to determine a viable water source, and

WHEREAS, the Hickman Test Well project will determine whether this particular site is a suitable location for the Hickman production well, and

WHEREAS, the ultimate improvements (not a part of this project or contract) will include the construction of a 600 gpm production well and onsite pump station, and

WHEREAS, due to the geological and hydrological analysis involved with determining a viable underground water source for safe drinking water, City Staff will rely on the technical expertise of Brown and Caldwell's hydrogeologist to provide insight during construction, as well as interpretation of testing and analysis results, and

WHEREAS, in past practice, City staff relied on the expertise of the well drilling contractor to develop a reliable production well, and

WHEREAS, however, due to increasing costs for wellhead treatment for contaminated wells, it is vital that the City evaluate new wells and their surrounding hydrogeologic conditions before additional funds are spent to install an above ground pump station, and

WHEREAS, Brown and Caldwell was selected from a prequalified list ("shortlist") of hydrogeologist firms consisting of Brown and Caldwell, URS and West Yost Associates that was approved by City Council, on April 7, 2009, by Resolution No. 2009-149, and

WHEREAS, Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, indicates that Requests for Proposals (RFP's) should be sent to all firms on the shortlist for individual projects, depending on whether the project is considered to be "Major" or "Minor" (fees above or below \$50,000, respectively), and

WHEREAS, the Council resolution indicated that the shortlist is to be used on a “rotating, as-needed basis”, however, the other two firms on the shortlist are actively involved in other projects providing hydrogeologist services for the City, and

WHEREAS, since the other two firms were unavailable for this project, it was determined to obtain a proposal from Brown and Caldwell, and

WHEREAS, therefore, City staff recommends approving an agreement with Brown and Caldwell for construction oversight and analysis services for the Hickman Test Well project, and

WHEREAS, using outside professional services will enable this project to be completed in a timely manner,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Brown and Caldwell for construction oversight and analysis services for the Hickman Test Well project in an amount not to exceed \$35,777 for the identified scope of services, plus \$3,578 for additional services (if needed), for a maximum total amount of \$39,355.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-35**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE DEL RIO REPLACEMENT TEST WELL PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH DAN'S WATER WELL & PUMP SERVICE, INC. OF LIVERMORE, CALIFORNIA IN THE AMOUNT OF \$136,935, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Del Rio Replacement Test Well project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Del Rio Replacement Test Well project were opened at 11:00 a.m. on December 20, 2011, and later tabulated by the Director of Utility Planning & Projects for the consideration of the Council, and

WHEREAS, the Director of Utility Planning & Projects has recommended that the bid of \$136,935, received from Dan's Water Well & Pump Service, Inc. of Livermore, California, be accepted as the lowest responsive and responsible bid and the contract be awarded to Dan's Water Well & Pump Service, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Del Rio Replacement Test Well project, accepts the bid of Dan's Water Well & Pump Service, Inc. of Livermore, California, in the amount of \$136,935, and awards Dan's Water Well & Pump Service, Inc. the contract for the Del Rio Replacement Test Well project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-36**

RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC. FOR CONSTRUCTION OVERSIGHT AND ANALYSIS SERVICES FOR THE DEL RIO REPLACEMENT TEST WELL PROJECT IN AN AMOUNT NOT TO EXCEED \$25,982 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$2,598 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$28,580, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in the mid 1990's, the City of Modesto acquired the former Del Este Water System, which included the communities of Del Rio, Grayson, Hickman, City of Waterford, and a portion of the City of Turlock, and

WHEREAS, the City now manages, operates, and maintains these five outlying water service areas, and

WHEREAS, as a component of the City of Modesto's Water System Engineer's Report, hydraulic assessments of each of these systems were performed in order to evaluate the ability of existing facilities to meet the current and build-out demands, and

WHEREAS, the Engineer's Report recommends the construction of a 1,000 gallon per minute (gpm) production well to replace Well 271 in Del Rio, and

WHEREAS, prior to constructing a complete production well pump station, City staff recommends drilling a test well to determine a viable water source, and

WHEREAS, bids were opened for the Del Rio Replacement Test Well project on December 20, 2011, and Dan's Water Well & Pump Service, Inc. of Livermore, California, was the apparent low bidder, and

WHEREAS, due to the geological and hydrological analysis involved with determining a viable underground water source for safe drinking water, City Staff will

rely on the technical expertise of West Yost's hydrogeologist to provide insight during construction, as well as interpretation of testing and analysis results, and

WHEREAS, in past practice, City staff relied on the expertise of the well drilling contractor to develop a reliable production well, and

WHEREAS, however, due to increasing costs for wellhead treatment for contaminated wells, it is vital that the City evaluate new wells and their surrounding hydrogeologic conditions including water quantity and quality before additional funds are spent to purchase a well site property and install an above ground pump station, and

WHEREAS, West Yost Associates was selected from a prequalified list ("shortlist") of hydrogeologist firms consisting of Brown and Caldwell, URS and West Yost Associates that was approved by City Council, on April 7, 2009, by Resolution No. 2009-149, and

WHEREAS, Administrative Directive 3.1, Selection Procedures for Professional Consultants Who Provide Architectural & Engineering Services for Capital Projects, indicates that Requests for Proposals (RFP's) should be sent to all firms on the shortlist for individual projects, depending on whether the project is considered to be "Major" or "Minor" (fees above or below \$50,000, respectively), and

WHEREAS, the Council resolution indicated that the shortlist is to be used on a "rotating, as-needed basis", however, the other two firms on the shortlist are actively involved in other projects providing hydrogeologist services for the City, and

WHEREAS, West Yost Associates has performed well on other projects for the City and the negotiated fee was reasonable, and

WHEREAS, therefore, City staff recommends approving an agreement with West Yost for construction oversight and analysis services for the Del Rio Replacement Test Well project, and

WHEREAS, using outside professional services will enable this project to be completed in a timely manner,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with West Yost Associates, Inc. for construction oversight and analysis services for the Del Rio Replacement Test Well project in an amount not to exceed \$25,982 for the identified scope of services, plus \$2,598 for additional services (if needed), for a maximum total amount of \$28,580.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-37**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): AMENDING SECTION 27-3-9 OF THE ZONING MAP OF THE CITY OF MODESTO TO REZONE FROM THE LOW DENSITY RESIDENTIAL ZONE, R-1, TO THE MEDIUM DENSITY RESIDENTIAL ZONE, R-2, PROPERTY LOCATED AT 1721 YOSEMITE BOULEVARD, BETWEEN ROSINA AVENUE AND N. CONEJO AVENUE (HOGAN INVESTMENTS, L.P.)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, Hogan Investments, L.P. has proposed that the zoning designation for the property located at 1721 Yosemite Boulevard, between Rosina Avenue and N. Conejo Avenue, be amended to rezone from the Low Density Residential Zone, R-1, to the Medium Density Zone, R-2, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2011-36 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on January 4, 2012, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on January 24, 2012, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map to rezone from Low Density Residential Zone, R-1 to Medium Density Residential Zone, R-2, property located at 1721 Yosemite Boulevard, between Rosina Avenue and Conejo Avenue, a copy of which Initial Study is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

(Intentional Blank Page)

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Rezone from Low Density Residential (R-1) Zone to Medium-Density Residential (R-2) Zone is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Rezone from Low-Density Residential (R-1) Zone to Medium-Density Residential (R-2) Zone
- B. Address or Location: 1721 Yosemite Blvd (between Rosina Ave and N. Conejo Ave)
APN: 116-004-040
- C. Applicant: Hogan Investments, L. P.; 1512 Rockhaven Dr; Modesto, CA 95356
- D. City Contact Person: Katharine Martin

Project Manager: Katharine Martin
Department: C&ED Planning Division
Phone Number: 209-577-5465
E-mail address: kamartin@modestogov.com

- E. Current General Plan Designation(s): R "Residential"
- F. Current Zoning Classification(s): R-1 "Low-Density Residential"
- G. Surrounding Land Uses:
North: R-1 Zone, Single-Family Residential uses

South: R-2 Med-Density Residential Zone, Vacant Land; C-2 General Commercial Zone with Three Vacant Commercial Buildings Previously Used as an Automotive Dealership
East: R-2 Med-Density Residential Zone, Church
West: R-2 Medium-Density Residential Zone, single-family Residential uses; R-1 Low Density Residential, single-family residential uses

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The applicant proposes to rezone the northerly 0.57-acre portion of an existing 1.41-acre lot zoned for Low-Density Residential (R-1) uses to the Medium-Density Residential (R-2) Zone in order to match existing zoning adjacent to the area.

The site is a single lot of 100 feet width and 615 feet depth, with the southerly 100 feet on the Yosemite Blvd frontage and the northerly 100 feet on the Miller Avenue frontage. Three separate zoning designations exist on the property: the southerly 268 feet of the lot is zoned C-2 for General Commercial Uses and the northerly 247 feet is zoned R-1 for Low-Density Residential uses. A 100 x 100-foot center portion is zoned for Medium-Density Residential (R-2) uses. Under the current zoning, the northerly 247 feet of the property is limited to Low Density Residential Zone uses.

The portion of the lot proposed for rezoning is vacant and in order to facilitate reuse opportunities that would be consistent with the R-2 Zone designation to the south and west, the applicant proposes to rezone the property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. This would allow for higher-density residential uses than what is currently allowed in the site's existing zone designation, including duplexes or apartments. No development is proposed with this application; however, residential development of one to four units is permitted in the R-2 Zone, and development of five or more units would be subject to Development Plan Review by the Director of the Community and Economic Development Department as provided by Article 30 of the City of Modesto Municipal Code. Any future development would be assessed for consistency to applicable City Zoning Ordinances, Design Guidelines and City Standards.

I. Other Public Agencies Whose Approval is Required: None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:

- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
- B. No new or additional mitigation measures or alternatives are required.
- C. The subsequent project is within the scope of the project covered by the Master EIR.
- D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required**- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Title

Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

		YES	NO
(1)	The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3)	Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4)	No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5)	The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6)	Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The application is a proposal to rezone a portion of the subject property from the R-1 Zone to the R-2 Zone. The appropriate mitigation to be applied to any future development of the site includes: TC-42 and TC-47 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would result in an increase	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

- (1-7) The proposed project to rezone from R-1 Low-Density Residential to R-2 Medium-Density Residential is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential", which assumed traffic generation consistent with the type and intensity of uses that would be permitted by this rezoning. The site is vacant; however, future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards for site access to and from adjacent streets, internal circulation and parking.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The application is a proposal to rezone a portion of the subject property from the R-1 Zone to the R-2 Zone. The appropriate mitigation to be applied to any future development of the site includes: AQ-17 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} by the San Joaquin Valley Air Pollution Control District (SJVAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) - The proposed project to rezone from R-1 Low-Density Residential to R-2 Medium-Density Residential is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential", which assumed traffic volumes and emissions consistent with the type and intensity of uses that would be permitted by this rezoning.

- (2) Any future development at the site will be required to adhere to applicable City Zoning Ordinances, Standards, and applicable best management practices during the construction process.
- (3) The proposed project to rezone from R-1 Low-Density Residential to R-2 Medium-Density Residential is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone.
- (4-5) Any future development at the site will be required to adhere to applicable City Zoning Ordinances, Standards, and applicable best management practices during the construction process.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. No development is proposed with the application. The appropriate mitigation to be applied to any future development of the site includes: N-4 and N-7 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project’s effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone to facilitate future development of the site. No development is proposed with the application. Any future development would be required to adhere to the City’s noise ordinance.
- (2-4) The proposed project to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site’s General Plan Land Use designation of R “Residential”. No development is proposed with the application; however, any increase in ambient noise levels would be construction-related

and temporary. Any future development would be required to adhere to the City's noise ordinance.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No new or additional mitigation measures or alternatives are required.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-2) The proposed project to rezone from R-1 Low-Density Residential to R-2 Medium-Density Residential is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of C "Residential". The site is surrounded by urban uses and would not result in development of land outside of the City's General Plan boundary.
- (3-4) The project site is not zoned for agricultural use. There is no existing Williamson Act contract on the property. The site is surrounded by urban uses and would not cause the conversion of additional farmland to a non-agricultural use.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from

both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. No development is proposed with the application; however, the appropriate mitigation to be applied to any future development of the site includes: WS-11 and WS-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
groundwater recharge.				

Discussion:

(1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site’s General Plan Land Use designation of R “Residential”, which assumed water demand to be consistent with the type and intensity of development that would be permitted by this rezoning. The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson’s hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. No development is proposed with the application; however, the appropriate mitigation to be applied to any future development of the site includes: SS-8 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential", which assumed wastewater generation to be consistent with the type and intensity of development that would be permitted by this rezoning. The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City’s contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes (insert reference nos. for appropriate mitigation, if any measures are required, if none required, indicate "none") from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2-4) The project site is located within the Baseline Developed Area of the City and is therefore completely surrounded by developed urban area. It is not a biologically sensitive site as defined by Figure V-7-1 of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (5-6) The proposal to rezone the property is not in conflict with any local policies or ordinances protecting biological resources, nor is in conflict with any adopted habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would modify or demolish a structure more than 50 years in age.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2-4) The area of the proposed rezone is vacant. The site is not eligible for listing as a historic resource, nor is categorized as an existing historic landmark.
- (5) The proposal to rezone the property would not be in conflict with any policy or ordinance protecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. No development is proposed with the application; however, the appropriate mitigation to be applied to any future development of the site includes: SD-7 and SD-9 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.				
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential", which assumed stormwater runoff to be consistent with the type and intensity of development that would be permitted by this rezoning. The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The application is a proposal to rezone the subject property from R-1 Low-Density Residential to the R-2 Medium-Density Residential Zone. No development is proposed with the application; however, the appropriate mitigation to be applied to any future development of the site includes: FWQ-13 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-2) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (3-4) The proposed project is to rezone the property from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone. The site is outside of the 100-year flood zone as defined by the FEMA 2008 Flood Insurance Rate Maps (FIRM).
- (5-8) Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to the project.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these polcies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

There are no mitigation measures applicable to the project.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-2) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site’s General Plan Land Use designation of R “Residential”. The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes (insert reference nos. for appropriate mitigation, if any measures are required, if none required, indicate "none") from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.				

Discussion:

- (1-2) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-2) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential", which assumed solid waste generation to be consistent with the type and intensity of development that would be permitted by this rezoning. The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2) The area proposed for rezoning is vacant. Three buildings previously used as an automotive dealership exist to the south, and the site overall is surrounded by urban uses. The La Loma Junior High School exists within one-quarter mile of the project site. However, the proposed rezone would allow for residential uses only. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (3) The project is not located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5.
- (4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-2) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would degrade views of	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.				

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2-3) The project site is not in the vicinity of parks or riverside areas. No views into parks or riverside areas would be blocked or degraded from roadways or properties adjacent to the site.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.
- (2) The site proposed for rezoning is vacant and is surrounded by urban uses. The project would not divide an established community.
- (3) The proposed rezoning does not represent a conflict with any land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.
- (4) The proposed rezoning is not subject to any habitat conservation plan or natural community conservation plan.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in average automobile trip lengths or CO ₂ emissions higher than those assumed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.				

Discussion:

- (1-3) The proposed project to rezone from R-1 Low-Density Residential Zone to the R-2 Medium-Density Residential Zone is consistent with the Urban Area General Plan and the site's General Plan Land Use designation of R "Residential". The Residential land use designation allows for uses as permitted within the R-2 Zone. Any future development will be required to adhere to applicable City of Modesto Zoning Ordinances and Standards.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect: None.

Traffic and Circulation:

None

Degradation of Air Quality:

None

Generation of Noise:

None

Effects on Agricultural Lands:

None

Increased Demand for Long-Term Water Supplies:

None

Increased Demand for Sanitary Sewer Services:

None

Loss of Sensitive Wildlife and Plant Habitat:

None

Disturbance of Archaeological/Historic Sites:

None

Increased Demand for Storm Drainage:

None

Flooding and Water Quality:

None

Increased Demand for Parks and Open Space:

None

Increased Demand for Schools:

None

Increased Demand for Police Services:

None

Increased Demand for Fire Services:

None

Generation of Solid Waste:

None

Generation of Hazardous Materials:

None

Geology, Soils, and Mineral Resources:

None

Energy:

None

Effects on Visual Resources:

None

Land Use and Planning:

None

Climate Change:

None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-38**

A RESOLUTION APPROVING THE EXPENDITURE PLAN FOR THE ADDITIONAL FUNDING FROM THE FISCAL YEAR 2010/2011 STATE SUPPLEMENTAL LAW ENFORCEMENT GRANT IN THE AMOUNT OF \$94,678, FROM THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND FOR POLICE EQUIPMENT AND TECHNOLOGY; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS

WHEREAS, on September 28, 2010, the City Council, by Resolution No. 2010-421, accepted the State Supplemental Law Enforcement Grant in the amount of at least \$100,000 from the State Supplemental Law Enforcement Services Fund for police overtime, and

WHEREAS, the Supplemental Law Enforcement Services Fund (SLESF) monies cannot be transferred to, or intermingled with, the monies in any other fund except that monies may be transferred from the SLESF to the City's General Fund to the extent necessary to facilitate the appropriation and expenditure of funds, and

WHEREAS, SLESF monies cannot be used to supplant existing budgeted funds, and

WHEREAS, the allocation to the City of Modesto for FY 2010/2011 was increased to \$194,678, and

WHEREAS, the Modesto Police Department would like approval to spend the remaining \$94,678 for police equipment and technology, and

WHEREAS, the City Council is required to hold a public hearing to consider and approve the SLESF Expenditure Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that after holding a public hearing, it hereby approves the expenditure plan for the

additional funding from the Fiscal Year 2010/2011 State Supplemental Law Enforcement Grant in the amount of \$94,678 from the Sate Supplemental Law Enforcement Services Fund for police equipment and technology.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary program documents.

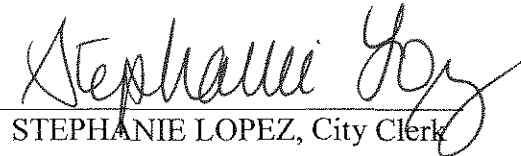

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Ridenour

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-40**

**A RESOLUTION ELECTING TO BECOME THE SUCCESSOR AGENCY TO
THE REDEVELOPMENT AGENCY OF THE CITY OF MODESTO PURSUANT
TO PART 1.85 OF DIVISION 24 OF THE CALIFORNIA HEALTH AND
SAFETY CODE AND APPROVE TITLE TRANSFER OF PROPERTIES**

WHEREAS, the City Council of the City of Modesto (“City”) approved and adopted the Redevelopment Plan for the Modesto Redevelopment Project (“Redevelopment Plan”) covering certain properties within the City (the “Project Area”), and

WHEREAS, the Redevelopment Agency of the City of Modesto (“Agency”) has been engaged in activities to execute and implement the Redevelopment Plan pursuant to the provisions of the California Community Redevelopment Law (Health and Safety Code § 33000, et seq.) (“CRL”), and

WHEREAS, since adoption of the Redevelopment Plan, the Agency has undertaken redevelopment projects in the Project Area to eliminate blight, to improve public facilities and infrastructure, to renovate and construct affordable housing, and to enter into partnerships with private industries to create jobs and expand the local economy, and

WHEREAS, as part of the 2011-12 State budget bill, the California Legislature enacted, and the Governor signed, companion bills AB 1X 26 and AB 1X 27, requiring that each redevelopment agency be dissolved unless the community that created it enacts an ordinance committing it to making certain payments, and

WHEREAS, a Petition for Writ of Mandate was filed in the Supreme Court of the State of California on July 18, 2011 (*California Redevelopment Association, et al. v. Ana*

Matosantos, et al., Case No. S194861), challenging the constitutionality of AB 1X 26 and AB 1X 27 on behalf of cities, counties and redevelopment agencies and requesting a stay of enforcement, and

WHEREAS, on August 11, 2011, and modified on August 17, 2011, the Supreme Court stayed portions of AB 1X 26, and AB 1X 27 in its entirety during the pendency of the matter, and

WHEREAS, on December 29, 2011, the Supreme Court issued its final decision in the aforesaid litigation, upholding AB 1X 26, invalidating AB 1X 27, and extending all statutory deadlines under AB 1X 26, essentially dissolving all redevelopment agencies throughout the State effective February 1, 2012, and

WHEREAS, AB 1X 26 further provides that, upon their dissolution, any property taxes that would have been allocated to redevelopment agencies will no longer be deemed tax increment, and will be allocated first to successor agencies to make payments on the existing indebtedness of the dissolved redevelopment agencies, with remaining balances allocated in accordance with applicable constitutional and statutory provisions, and

WHEREAS, AB 1X 26 provides that successor agencies be designated as successor entities to the former redevelopment agencies, and provides that, with certain exceptions, all authority, rights, powers, duties and obligations previously vested with the former redevelopment agencies, under the CRL, are vested in the successor agencies, and

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Section 1. Recitals. The Recitals set forth above are true and correct and incorporated herein by reference.

Section 2. Election to be Successor Agency. In accordance with Health and Safety Code Section 34173, and based on the Recitals set forth above, the City Council hereby elects and determines that the City of Modesto shall become the “successor agency” to the former Redevelopment Agency of the City of Modesto. Upon dissolution of the Agency pursuant to Part 1.85 of Division 24 of the California Health and Safety Code, and except as provided under the CRL, all authority, rights, powers, duties and obligations previously vested with the former Agency, under the CRL, shall be vested in the City as the successor agency to the Agency.

Section 3. Implementation. The City Council hereby authorizes and directs the City Manager to take any action and execute any documents necessary to carry out the purposes of this Resolution, including but not limited to notifying the Stanislaus County Auditor-Controller, the Controller of the State of California, and the California Department of Finance providing notice of the adoption of this Resolution and the City’s election to be the successor agency to the Agency, in accordance with AB 1X 26.

Section 4. Severability. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution which can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are severable. The City Council hereby declares that it would have adopted this Resolution irrespective of the invalidity of any particular portion thereof.

Section 5. Certification. The City Clerk shall certify to the adoption of this Resolution.

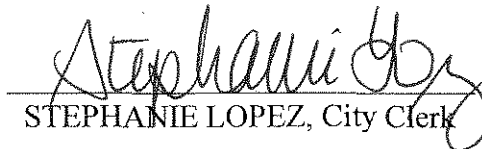

Section 6. Effective Date. This Resolution shall become effective upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-41**

**A RESOLUTION ELECTING TO RETAIN THE HOUSING ASSETS AND
FUNCTIONS PREVIOUSLY PERFORMED BY THE REDEVELOPMENT
AGENCY OF THE CITY OF MODESTO PURSUANT TO PART 1.85 OF
DIVISION 24 OF THE CALIFORNIA HEALTH AND SAFETY CODE**

WHEREAS, the City Council of the City of Modesto (“City”) approved and adopted the Redevelopment Plan for the Modesto Redevelopment Project (“Redevelopment Plan”) covering certain properties within the City (the “Project Area”), and

WHEREAS, the Redevelopment Agency of the City of Modesto (“Agency”) has been engaged in activities to execute and implement the Redevelopment Plan pursuant to the provisions of the California Community Redevelopment Law (Health and Safety Code § 33000, et seq.) (“CRL”), and

WHEREAS, since adoption of the Redevelopment Plan, the Agency has undertaken redevelopment projects in the Project Area to eliminate blight, to improve public facilities and infrastructure, to renovate and construct affordable housing, and to enter into partnerships with private industries to create jobs and expand the local economy, and

WHEREAS, as part of the 2011-12 State budget bill, the California Legislature enacted, and the Governor signed, companion bills AB 1X 26 and AB 1X 27, requiring that each redevelopment agency be dissolved unless the community that created it enacted an ordinance committing it to make certain payments, and

WHEREAS, a Petition for Writ of Mandate was filed in the Supreme Court of the State of California on July 18, 2011 (*California Redevelopment Association, et al. v. Ana*

Matosantos, et al., Case No. S194861), challenging the constitutionality of AB 1X 26 and AB 1X 27 on behalf of cities, counties and redevelopment agencies, and

WHEREAS, on December 29, 2011, the Supreme Court issued its final decision in the aforesaid litigation, upholding AB 1X 26, invalidating AB 1X 27, and extending all statutory deadlines under AB 1X 26, essentially dissolving all redevelopment agencies throughout the State effective February 1, 2012, and

WHEREAS, Health and Safety Code Section 34176 provides that the city that authorized the creation of the redevelopment agency may elect to retain the housing assets and functions previously performed by the redevelopment agency, and

WHEREAS, all other legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Section 1. Recitals. The Recitals set forth above are true and correct and incorporated herein by reference.

Section 2. Election to Retain Housing Assets and Functions. In accordance with Health and Safety Code Section 34176, and based on the Recitals set forth above, because the City Council authorized the creation of the Redevelopment Agency of the City of Modesto, the City Council hereby elects to retain the housing assets and functions previously performed by the Redevelopment Agency of the City of Modesto. Upon dissolution of the Agency pursuant to Part 1.85 of Division 24 of the California Health and Safety Code, and except as provided under the CRL, all rights, powers, duties and obligations, excluding any amounts on deposit in the Redevelopment

Agency of the City of Modesto's Low and Moderate Income Housing Fund shall be transferred to the City of Modesto.

Section 3. Implementation. The City Council hereby authorizes and directs the City Manager to take any action and execute any documents necessary to carry out the purposes of this Resolution, including but not limited to notifying the Stanislaus County Auditor-Controller, the Controller of the State of California, and the California Department of Finance of the adoption of this Resolution and the transfer of all housing assets and functions of the former Redevelopment Agency of the City of Modesto to the City of Modesto, all in accordance with AB 1X 26.

Section 4. Severability. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution which can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are severable. The City Council hereby declares that it would have adopted this Resolution irrespective of the invalidity of any particular portion thereof.

Section 5. Certification. The City Clerk shall certify to the adoption of this Resolution.

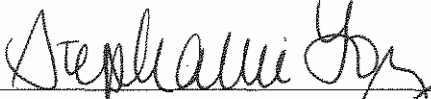

Section 6. Effective Date. This Resolution shall become effective upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-42**

**RESOLUTION ESTABLISHING THE REDEVELOPMENT OBLIGATION
RETIREMENT FUND**

WHEREAS, the City Council of the City of Modesto (“City”) approved and adopted the Redevelopment Plan for the Modesto Redevelopment Project (“Redevelopment Plan”) covering certain properties within the City (the “Project Area”), and

WHEREAS, the Redevelopment Agency of the City of Modesto (“Agency”) has been engaged in activities to execute and implement the Redevelopment Plan pursuant to the provisions of the California Community Redevelopment Law (Health and Safety Code § 33000, et seq.) (“CRL”), and

WHEREAS, since adoption of the Redevelopment Plan, the Agency has undertaken redevelopment projects in the Project Area to eliminate blight, to improve public facilities and infrastructure, to renovate and construct affordable housing, and to enter into partnerships with private industries to create jobs and expand the local economy, and

WHEREAS, as part of the 2011-12 State budget bill, the California Legislature enacted, and the Governor signed, companion bills AB 1X 26 and AB 1X 27, requiring that each redevelopment agency be dissolved unless the community that created it enacted an ordinance committing it to make certain payments, and

WHEREAS, a Petition for Writ of Mandate was filed in the Supreme Court of the State of California on July 18, 2011 (*California Redevelopment Association, et al. v. Ana*

Matosantos, et al., Case No. S194861), challenging the constitutionality of AB 1X 26 and AB 1X 27 on behalf of cities, counties and redevelopment agencies, and

WHEREAS, on December 29, 2011, the Supreme Court issued its final decision in the aforesaid litigation, upholding AB 1X 26, invalidating AB 1X 27, and extending all statutory deadlines under AB 1X 26, essentially dissolving all redevelopment agencies throughout the State effective February 1, 2012, and

WHEREAS, AB 1X 26 provides that the City will be the “successor agency” to the Agency and responsible for the wind down of the Agency’s affairs, and

WHEREAS, the activities of the City, as successor agency, will be overseen by an oversight board, comprised primarily of representatives of other affected taxing agencies, until such time as the debts of the Agency are paid off, and

WHEREAS, all Agency liquidated assets and all property taxes will be redirected to local taxing agencies,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Redevelopment Obligation Fund is hereby adopted in order to process all transactions related to the wind down of redevelopment activity.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-43**

**A RESOLUTION APPROVING CITY OF MODESTO'S GENERAL PLAN AREA
BOUNDARY FOR THE AGRICULTURAL PRESERVATION PLAN 2050**

WHEREAS, the Mayors of the nine cities of Stanislaus County (Mayors Working Group) have initiated a growth management plan/countywide agricultural preservation policy referred to as the "Agricultural Preservation Plan 2050", and

WHEREAS, the Agricultural Preservation Plan 2050 is a regional approach to preserving agricultural land in Stanislaus County, and

WHEREAS, the goal of the Agricultural Preservation Plan 2050 is to create a map that can serve as a centerpiece of a ballot initiative that might be taken to the voters in the summer of 2012, and

WHEREAS, no definitive time line has been established for a ballot initiative and the details of any ballot initiative have not been drafted, and

WHEREAS, joint workshops between the City of Modesto Economic Development Committee and City of Modesto Planning Commission were held on October 12, 2011, November 14, 2011 and December 12, 2011 to discuss the Agricultural Preservation Plan 2050, and

WHEREAS, on December 12, 2011, the City of Modesto Economic Development Committee and the City of Modesto Planning Commission took action by motion (four in favor, three no; two members of the Planning Commission Absent) recommending the City Council accept the City of Modesto's General Plan boundary for the Agricultural Preservation Plan 2050 and encourage other participating Cities to justify and explain their increase in their General Plan urban growth boundaries, and

WHEREAS, the Modesto City Council finds that the current adopted General Plan boundary is sufficient to accommodate future growth to the year 2050, and

WHEREAS, the action by the Modesto City Council to approve the current City of Modesto General Plan Boundary for the Agricultural Preservation Plan 2050 is exempt from environmental review pursuant to Section 15262 of the California Environmental Quality Act, and

WHEREAS, the City Council finds that the Agricultural Preservation Plan 2050 supports goals, policies and strategies of the City of Modesto Strategic Plan and the Modesto Urban Area General Plan, and

WHEREAS, the City Council encourages other participating Cities to justify and explain their increase in their General Plan urban growth boundaries, as part of the Agricultural Preservation Plan 2050 effort,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto's General Plan boundary for the Agricultural Preservation Plan 2050.

The foregoing resolution was introduced at the regular meeting of the Council of the City of Modesto held on the 24th day of January, 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

California
Public Employees' Retirement System

AMENDMENT TO CONTRACT

Between the
Board of Administration
California Public Employees' Retirement System
and the
City Council
City of Modesto

The Board of Administration, California Public Employees' Retirement System, hereinafter referred to as Board, and the governing body of the above public agency, hereinafter referred to as Public Agency, having entered into a contract effective August 1, 1946, and witnessed July 27, 1946, and as amended effective December 1, 1950, July 1, 1956, July 1, 1959, November 1, 1959, January 1, 1960, October 1, 1962, January 1, 1969, May 1, 1973, May 1, 1974, June 24, 1975, March 28, 1978, July 4, 1978, November 1, 1980, October 20, 1981, June 29, 1982, October 15, 1985, June 24, 1986, April 14, 1987, November 22, 1991, July 25, 1997, November 7, 2000, June 19, 2001, July 2, 2002, June 26, 2007, August 1, 2008 and March 6, 2009 which provides for participation of Public Agency in said System, Board and Public Agency hereby agree as follows:

- A. Paragraphs 1 through 13 are hereby stricken from said contract as executed effective March 6, 2009, and hereby replaced by the following paragraphs numbered 1 through 16 inclusive:

4847 01000000 00 1098

1. All words and terms used herein which are defined in the Public Employees' Retirement Law shall have the meaning as defined therein unless otherwise specifically provided. "Normal retirement age" shall mean age 55 for local miscellaneous members entering membership in the miscellaneous classification on or prior to the effective date of this amendment to contract; age 60 for local miscellaneous members entering membership for the first time in the miscellaneous classification after the effective date of this amendment to contract; age 50 for local police members and for those local fire members entering membership in the fire classification on or prior to the effective date of this amendment to contract and age 55 for local fire members entering membership for the first time in the fire classification after the effective date of this amendment to contract.
2. Public Agency shall participate in the Public Employees' Retirement System from and after August 1, 1946 making its employees as hereinafter provided, members of said System subject to all provisions of the Public Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except those, which by express provisions thereof, apply only on the election of a contracting agency.
3. Public Agency agrees to indemnify, defend and hold harmless the California Public Employees' Retirement System (CalPERS) and its trustees, agents and employees, the CalPERS Board of Administration, and the California Public Employees' Retirement Fund from any claims, demands, actions, losses, liabilities, damages, judgments, expenses and costs, including but not limited to interest, penalties and attorneys fees that may arise as a result of any of the following:
 - (a) Public Agency's election to provide retirement benefits, provisions or formulas under this Contract that are different than the retirement benefits, provisions or formulas provided under the Public Agency's prior non-CalPERS retirement program.
 - (b) Public Agency's election to amend this Contract to provide retirement benefits, provisions or formulas that are different than existing retirement benefits, provisions or formulas.

18-17 01012017 53 1300

6. Assets heretofore accumulated with respect to members in the local retirement system have been transferred to the Public Employees' Retirement System and applied against the liability for prior service incurred thereunder. That portion of the assets so transferred which represent the accumulated contributions (plus interest thereof) required of the employees under said local system has been credited to the individual membership account of each such employee under the Public Employees' Retirement System.
7. The percentage of final compensation to be provided for each year of credited prior and current service as a local miscellaneous member entering membership in the miscellaneous classification on or prior to the effective date of this amendment to contract shall be determined in accordance with Section 21354 of said Retirement Law, subject to the reduction provided therein for service on and after January 1, 1956, the effective date of Social Security coverage, and prior to June 30, 1978, termination of Social Security, for members whose service has been included in Federal Social Security (2% at age 55 Full and Modified).
8. The percentage of final compensation to be provided for each year of credited current service as a local miscellaneous member entering membership for the first time in the miscellaneous classification after the effective date of this amendment to contract shall be determined in accordance with Section 21353 of said Retirement Law (2% at age 60 Full).
9. The percentage of final compensation to be provided for each year of credited prior and current service as a local police member and for those local fire members entering membership in the fire classification on or prior to the effective date of this amendment to contract shall be determined in accordance with Section 21362.2 of said Retirement Law (3% at age 50 Full).
10. The percentage of final compensation to be provided for each year of credited current service as a local fire member entering membership for the first time in the fire classification after the effective date of this amendment to contract shall be determined in accordance with Section 21363.1 of said Retirement Law (3% at age 55 Full) .

13. Public Agency shall contribute to said Retirement System the contributions determined by actuarial valuations of prior and future service liability with respect to local miscellaneous members and local safety members of said Retirement System.
14. Public Agency shall also contribute to said Retirement System as follows:
 - a. Contributions required per covered member on account of the 1959 Survivor Benefits provided under Section 21574.5 of said Retirement Law. (Subject to annual change.) In addition, all assets and liabilities of Public Agency and its employees shall be pooled in a single account, based on term insurance rates, for survivors of all local safety members.
 - b. A reasonable amount, as fixed by the Board, payable in one installment within 60 days of date of contract to cover the costs of administering said System as it affects the employees of Public Agency, not including the costs of special valuations or of the periodic investigation and valuations required by law.
 - c. A reasonable amount, as fixed by the Board, payable in one installment as the occasions arise, to cover the costs of special valuations on account of employees of Public Agency, and costs of the periodic investigation and valuations required by law.
15. Contributions required of Public Agency and its employees shall be subject to adjustment by Board on account of amendments to the Public Employees' Retirement Law, and on account of the experience under the Retirement System as determined by the periodic investigation and valuation required by said Retirement Law.

16:17 01/03/12 57 1204

16. Contributions required of Public Agency and its employees shall be paid by Public Agency to the Retirement System within fifteen days after the end of the period to which said contributions refer or as may be prescribed by Board regulation. If more or less than the correct amount of contributions is paid for any period, proper adjustment shall be made in connection with subsequent remittances. Adjustments on account of errors in contributions required of any employee may be made by direct payments between the employee and the Board.

B. This amendment shall be effective on the 17 day of January, 2012.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-45**

**RESOLUTION ACCEPTING THE STRATEGIC GROWTH COUNCIL'S
PROPOSITION 84 SR108 CORRIDOR STUDY GRANT, IN THE AMOUNT OF
\$59,264, ON BEHALF OF THE COMMUNITY & ECONOMIC DEVELOPMENT
DEPARTMENT; AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE ANY NECESSARY GRANT CONTRACTS AND
RELATED DOCUMENTS**

WHEREAS, the people of the State of California in 2006 approved Proposition 84, the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act, which also authorized the Legislature to appropriate \$90 million for planning grants and incentives to reduce energy consumption, conserve water, improve air and water quality, and provide other community benefits, and

WHEREAS, the California Strategic Growth Council has the authority to award grants of financial assistance for the development and implementation of plans that reduce greenhouse gas emissions and achieve other specified public objectives, and

WHEREAS, the City of Modesto is participating in a Proposition 84 grant application prepared and administered by the City of Riverbank to assist in preparing a corridor study for SR108, which will allow Riverbank, Modesto and Oakdale to have greater influence over future development patterns along the SR108 corridor that are consistent with both the San Joaquin Valley Blueprint and the greenhouse gas reduction goals of AB 32 and SB 375, and

WHEREAS, on August 10, 2010, the City Council, by Resolution No. 2010-375, approved the City's joint applications with other cities in Stanislaus County, the County of Stanislaus, and the Stanislaus Council of Governments for Proposition 84 grant funding with a in-lieu match of staff time, and

WHEREAS, the City of Riverbank submitted a grant application to the Strategic Growth Council for a Proposition 84 SR108 Corridor Study Grant as authorized by City Council, and

WHEREAS, the Strategic Growth Council reviewed the grant application and awarded the project a Proposition 84 Planning Grant including \$59,264 for the City of Modesto's portion of the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the \$59,264 Proposition 84 SR108 Corridor Study Grant from the Strategic Growth Council, and authorizes the \$25,852 matching funds of in-lieu staff time.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute any grant contracts and related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, on August 10, 2010, the City Council, by Resolution No. 2010-375, approved the City's joint applications with other cities in Stanislaus County, the County of Stanislaus, and the Stanislaus Council of Governments for Proposition 84 grant funding with a in-lieu match of staff time, and

WHEREAS, the City of Riverbank submitted a grant application to the Strategic Growth Council for a Proposition 84 SR108 Corridor Study Grant as authorized by City Council, and

WHEREAS, the Strategic Growth Council reviewed the grant application and awarded the project a Proposition 84 Planning Grant including \$59,264 for the City of Modesto's portion of the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes amending the Fiscal Year 2011-2012 Multi-Year Operating Grand Fund budget as necessary to accept the Proposition 84 Planning Grant including \$59,264 for the City of Modesto.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-47**

**RESOLUTION APPROVING AN AMENDED LETTER OF UNDERSTANDING
BETWEEN THE CITY OF MODESTO AND MODESTO CITY FIRE
FIGHTERS' ASSOCIATION TO MODIFY THE LEVEL OF CONSTANT
STAFFING NECESSARY TO ACHIEVE IMMEDIATE OVERTIME SAVINGS**

WHEREAS, on June 28, 2011, the City Council, by Resolution No. 2011-257, approved a Letter of Understanding (LOU) with the Modesto City Fire Fighters' Association (MCFFA), that reduced the constant staffing number from thirty-six (36) suppression personnel on duty each shift to thirty-four (34), and

WHEREAS, this change was one of cost reduction strategies proposed and accepted as part of the FY 11/12 budget, and

WHEREAS, the Modesto Regional Fire Authority (MRFA) management has met and conferred with MCFFA to discuss various options to achieve needed cost reductions through July 1, 2012, and

WHEREAS, the amended LOU provides a further reduced level of constant staffing from thirty-four (34) suppression personnel on duty each shift to thirty-three (33), and

WHEREAS, this change will enable the Fire Chief to make the operational changes necessary to ensure cost reductions are realized in the current fiscal year, and

WHEREAS, this amendment allows MRFA management to continue the meet and confer process on the impact of the change in constant staffing levels as cost reductions for future fiscal years,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amended Letter of Understanding between the City of Modesto

and Modesto City Fire Fighters' Association to modify the level of constant staffing necessary to achieve immediate overtime savings.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-48**

RESOLUTION AFFIRMING THE CITY'S CO-SPONSORSHIP OF "EARTH DAY IN THE PARK FESTIVAL, 2012" AT GRACEADA PARK, AND ALLOWING THE SALE OF MERCHANDISE IN THE PARK DURING THE EVENT

WHEREAS, in 1970, Earth Day was established to make the public aware of programs successful in protecting the environment and conserving natural resources, and

WHEREAS, on March 24, 1993, the City Council, by Resolution No. 92-129, acknowledged "Earth Day in the Park" as an annual event, and

WHEREAS, the Citizens' Advisory Committee on Recycling (CACOR) sponsors the event, and the 23rd Annual "Earth Day in the Park" will be held on Saturday, April 21, 2012, at Graceada Park, and

WHEREAS, the event provides a forum for merchants to display and sell their 'environmentally friendly' merchandise, and for the creation of a 'festival atmosphere', while giving the public an opportunity to make purchases of positive benefit to the environment, and

WHEREAS, "Earth Day in the Park Festival, 2011" had 68 vendor booths, and approximately 8,000 attendees, and

WHEREAS, as in prior years, the Committee seeks Council approval for the sale of merchandise in the Park during the event,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby affirms its co-sponsoring of "Earth Day in the Park Festival, 2012" at Graceada Park.

BE IT FURTHER RESOLVED by the Council that it hereby approves the sale of merchandise at Graceada Park during the 'Earth Day in the Park Festival, 2012" event.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-49**

**RESOLUTION APPROVING UPDATES TO THE CITY OF MODESTO'S
SANITARY SEWER MANAGEMENT PLAN**

WHEREAS, the goal of the Sanitary Sewer Management Plan (SSMP) is to facilitate proper funding and management of sanitary sewer systems, and

WHEREAS, the SSMP includes provisions for the proper and efficient management, operation, and maintenance of sanitary sewer systems, while taking into consideration risk management and cost benefit analysis, and

WHEREAS, City staff uses the SSMP as a guiding document to help reduce and prevent SSOs, as well as mitigate any SSOs that do occur, and

WHEREAS, in 2006, the State Water Resources Control Board (Regional Board) implemented regulations governing the operations and maintenance of wastewater collection systems, and

WHEREAS, in 2009 the SSMP was completed and certified, and

WHEREAS, City staff has made significant updates to the SSMP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves updates to the City of Modesto's Sanitary Sewer Management Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-52**

RESOLUTION APPROVING AN AMENDMENT TO THE DEPARTMENT OF HOUSING & URBAN DEVELOPMENT ANNUAL ACTION PLAN FOR FISCAL YEAR 2011-12, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE RELATED DOCUMENTS

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD) and allocates those funds to various eligible activities, and

WHEREAS, the City Council, on May 3, 2011, by Resolution No. 2011-154, approved the Fiscal Year 2011-12 HUD Annual Action Plan (AAP), and

WHEREAS, any changes to the allocations adopted in the AAP are accomplished through an AAP amendment, and

WHEREAS, staff has proposed an amendment to the AAP as set forth in **Exhibit "A"**, **attached** hereto and incorporated herein by reference, and

WHEREAS, notice has been duly given to the community of the proposed amendment to the AAP, and to provide a 30-day comment period, which began January 4, 2012, and ends on February 7, 2012, and

WHEREAS, this first amendment will amend the Fiscal Year 2011-12 AAP to include the allocation of revolving loan and entitlement carryover funds, and

WHEREAS, the Citizens' Housing and Community Development Committee (CH&CDC) considered the proposed amendment to the HUD AAP at its January 25, 2012, meeting, and the Committee recommended that the City Council approve the amendment to the HUD AAP as proposed by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on

February 7, 2012, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, to consider approval of the proposed amendment to the Fiscal Year 2011-12 HUD AAP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Fiscal Year 2011-12 HUD Annual Action Plan.

BE IT FURTHER RESOLVED, that the City Manager, or his designee, is hereby authorized to execute any related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

In addition, this amendment is providing an additional \$50,000 in revolving loan carryover funds for small business loans for a total budget of \$204,780 and an additional \$285,000 for the Home Repair/Disabled.

\$4,070 in ESG carryover is funding administrative oversight

\$27,851 in public service and emergency solutions grant funding will be redistributed to current FY grant recipients.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-53**

RESOLUTION AMENDING THE FY 2011-12 ANNUAL OPERATING AND CAPITAL IMPROVEMENT BUDGETS TO REFLECT THE APPROVED AMENDMENT TO THE ANNUAL ACTION PLAN FOR FISCAL YEAR 2011-12 AND THE REALLOCATION OF CARRYOVER FUNDS AS NOTED IN EXHIBIT A; AND AUTHORIZING THE DIRECTOR OF FINANCE, OR HER DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and allocates those funds to various eligible activities, and

WHEREAS, on May 3, 2011, by Resolution No. 2011-154, the Modesto City Council approved the Fiscal Year 2011-12 HUD Annual Action Plan (AAP), and

WHEREAS, any changes to the allocations adopted in the AAP are accomplished through an AAP amendment, and

WHEREAS, this first amendment will amend the Fiscal Year 2011-12 HUD AAP to include the allocation of revolving loan and entitlement carryover funds as set forth in **Exhibit "A", attached** hereto and incorporated herein by reference, and

WHEREAS, notice has been duly given to the community of the proposed amendment to the HUD AAP, and to provide a 30-day comment period, which began January 4, 2012 and ends on February 7, 2012, and

WHEREAS, the Citizens' Housing and Community Development Committee (CH&CDC) considered the proposed amendment to the HUD AAP at its January 25, 2012, meeting, and recommended that the Council approve, and

WHEREAS, a duly noticed public hearing was held by the City Council on February 7, 2012, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010

Tenth Street, to consider approval of the proposed amendment to the Fiscal Year 2011-12 HUD Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY 2011-12 Annual Operating and Capital Improvement Budgets to reflect the approved amendment to the Annual Action Plan for Fiscal Year 2011-2012, and the reallocation of carryover funds as noted in **Exhibit A**.

BE IT FURTHER RESOLVED, that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of February, 2012, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

This amendment specifically provides CDBG carryover funding for:

- restroom ADA compliance remodeling at the Senior Citizens' Center (\$300,000)
- partial funding of report updating City's ADA Transition Plan (\$25,000)
- restroom ADA compliance remodeling at the Muni Golf Course (\$35,000)
- ADA accessibility pathway at the Elk Park (\$10,000)
- designing and remodeling the Community Center located in the Airport Neighborhood (\$85,000)
- ADA accessibility elevator at McHenry Museum (\$55,000)
- Minor Home Repair Grant Program (\$10,000)
- reduce Home Repair/Disabled Access budget (-\$50,000)

In addition, this amendment is providing an additional \$50,000 in revolving loan carryover funds for small business loans for a total budget of \$204,780 and an additional \$285,000 for the Home Repair/Disabled.

\$4,070 in ESG carryover is funding administrative oversight

\$27,851 in public service and emergency solutions grant funding will be redistributed to current FY grant recipients.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-54**

**RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO
CONFIRMING THE CANVASS OF THE SECOND REGULAR MUNICIPAL
ELECTION WHICH WAS HELD IN THE CITY OF MODESTO ON FEBRUARY
7, 2012, AND DECLARING THE RESULTS OF SAID ELECTION**

WHEREAS, the Charter of the City of Modesto provides that if no candidate for an elective office of Mayor for the City of Modesto receives a majority vote at a regular municipal election, a second Regular Municipal Election shall be held at which the two candidates receiving the highest number of votes at the first election shall have their names on the ballot for the election to the office, and

WHEREAS, at said Regular Municipal Election on November 8, 2011 a majority vote was not cast for Mayor of the City of Modesto, and

WHEREAS, the two candidates receiving the highest number of votes for Mayor Garrad Marsh and Brad Hawn, will have their names on the ballot for a run-off election to be held on Tuesday, February 7, 2012, and

WHEREAS, the Second Regular Municipal Election was held by mail ballot in the City of Modesto on Tuesday, February 7, 2012, to elect the Mayor for the City of Modesto, as mentioned above, and said election was held in accordance with the with law and the proceedings of this Council, and the votes thereat received and canvassed, and the returns thereof ascertained, determined and declared in all respects as required by law, and

WHEREAS, the City Clerk canvassed the returns of said Second Regular Municipal Election in accordance with law, and certified the results of the election to the

Council by a Certificate of Canvass and Statement of Votes dated February 8, 2012, a copy of which is hereto marked **EXHIBIT** "A" and made a part hereof,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Said Canvass by the City Clerk as shown on said Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed and approved.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is **attached** hereto marked as **EXHIBIT** "A" and made a part hereof, shows a complete tabulation of the following:

- (a) The whole number of votes cast in the city
- (b) The names of the persons voted for
- (c) For what office each person was voted for
- (d) The number of votes given in the city for each person

SECTION 3. That, at said Second Regular Municipal Election, held by mail ballot, the following named persons having received a majority of the votes cast for the elective offices, as designated on **Exhibit** "A", are hereby declared to be duly and regularly elected to such office; and, the City Clerk is hereby directed to issue a Certificate of Election to each of said persons, certifying her/her election to the office appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California, and the Charter of the City, to wit:

GARRAD MARSH

**Mayor, for a term of four years, City
of Modesto**

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2011-55**

**A RESOLUTION REAPPOINTING NORMA REED, SUSAN JOHNSTON AND
TAMMY MAISETTI TO THE DOWNTOWN IMPROVEMENT DISTRICT
ADVISORY BOARD**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Downtown Improvement District Board of Directors are recommending the reappointment of Norma Reed, Susan Johnston and Tammy Maisetti to a term ending January 2016 to the Downtown Improvement District Advisory Board.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Norma Reed, Susan Johnston and Tammy Maisetti are hereby reappointed to the Downtown Improvement District Advisory Board.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the reappointed members of Downtown Improvement District Advisory Board, and as Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-56**

**RESOLUTION APPROVING THE PROTECTED-PERMISSIVE TRAFFIC
SIGNALS REPORT FOR 2011**

WHEREAS, Traffic Engineering staff does not recommend any changes this year to the Protected-Permissive Traffic Signals, and

WHEREAS, the City now has protected-permissive signal phasing at 51 intersections, and

WHEREAS, staff recommends continuing the use of protected-permissive phasing at appropriate locations, and monitoring these installations for improvements and/or modifications based on periodic technical analysis, and

WHEREAS, all 51 protected-permissive signalized intersections have acceptable safety records this reporting cycle, and

WHEREAS, the Economic Development Committee approved this report at their January 9, 2012, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Protected-Permissive Traffic Signals Report for 2011.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-57**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF TWO (2) PACKER TRUCKS FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT, PRUNED REFUSE COLLECTION DIVISION, THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO WESTERN TRUCK CENTER, STOCKTON, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF \$394,537

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, throughout FY 11/12 through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The two (2) packer trucks were included in the FY 11/12 new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, packer trucks are used by the Parks, Recreation and Neighborhoods Department, Pruned Refuse Collection Division. The packer trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list. The two (2) packer trucks fall under the City's compliance program, approved by the California Air Resources Board, requiring a progressive program to remove older diesel trucks from service, and

WHEREAS, the Purchasing Division issued RFB No. 1112-13 for the purchase of two (2) packer trucks to twenty-one (21) prospective bidders, posted the bid on the City's website and formally advertised as required by law. One of the twenty-one (21) prospective bidders is located within Stanislaus County, none of which is a local vendor, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the twenty-one (21) prospective bidders, two (2) companies chose to respond to the packer

truck specifications; one prospective bidder is located in Stanislaus County. Both companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of two (2) packer trucks to Western Truck Center, Stockton, CA, for an estimated cost of \$394,537, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit 5410-53241-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of two (2) packer trucks to Western Truck Center, Stockton, CA, for the Parks, Recreation and Neighborhoods Department, Pruned Refuse Collection Division, through the Public Works Department, Fleet Services Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of two (2) packer trucks for the Parks, Recreation and Neighborhoods Department, Pruned Refuse Collection Division, through the Public Works Department, Fleet Services Division to Western Truck Center, Stockton, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is authorized to issue a purchase order for a total estimated cost of \$394,537.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE FURNISHING OF FERRIC CHLORIDE FOR THE PUBLIC WORKS DEPARTMENT, WASTEWATER DIVISION, TO KEMIRA WATER SOLUTIONS, INC., LAWRENCE, KA; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE AGREEMENT

WHEREAS, Ferric Chloride is used by the Public Works Department, Wastewater Division, as a settling agent at the Sutter Wastewater Facility, and

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the furnishing of Ferric Chloride, and

WHEREAS, the Purchasing Division issued RFB No. 1112-11 Ferric Chloride, to twelve (12) prospective bidders, none of which are local vendors, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the furnishing of Ferric Chloride to Kemira Water Solutions, Lawrence, KS, and

WHEREAS, sufficient funds are budgeted annually in the following appropriation unit: 4210-54312-52190, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the furnishing of Ferric Chloride to Kemira Water Solutions, Inc., Lawrence, KS conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the furnishing of Ferric Chloride for the

Public Works Department, Wastewater Division to Kemira Water Solutions, Inc.,
Lawrence, KS.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase agreement for an estimated annual cost of \$81,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-59**

RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH BIGGS CARDOSA ASSOCIATES, INC. TO PROVIDE ADDITIONAL SERVICES RELATED TO THE CONSTRUCTION ADMINISTRATION AND DESIGN FOR THE VIRGINIA AVENUE CORRIDOR PHASE V BIKE TRAIL PROJECT, IN AN AMOUNT NOT TO EXCEED \$32,679, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, the Virginia Corridor is a Rails-to-Trails conversion project on the Union Pacific Railroad right-of-way adjacent to the City's Virginia Avenue, and

WHEREAS, the City is now extending the Virginia Corridor approximately one-half mile, including crossing over Briggsmore Avenue by constructing a bicycle and pedestrian bridge, and

WHEREAS, the City Council, on December 4, 2007, by Resolution No. 2007-718, approved an Agreement with Biggs Cardosa, Inc. to prepare the final project design of this project, and

WHEREAS, the complexity of the construction of the Briggsmore Overcrossing portion of the project has impacted the construction schedule and required additional services of Consultant, and

WHEREAS, staff recommends an Amendment to Agreement with Biggs Cardosa Associates, Inc. to cover additional construction management work and additional design services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Biggs Cardosa Associates, Inc. for additional services related to the construction administration and design services for

the Virginia Corridor Phase V – Briggsmore Overcrossing Project in an amount not to exceed \$32,679.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-60**

RESOLUTION APPROVING A SUBORDINATION AGREEMENT BETWEEN THE CITY OF MODESTO AND STANISLAUS AFFORDABLE HOUSING CORPORATION FOR THE HOME LOAN PROVIDED TO THE STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION FOR THE ACQUISITION OF THE PROPERTY LOCATED AT 901 CALIFORNIA AVENUE, ALSO KNOWN AS COURTNEY MANOR; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SUBORDINATION AGREEMENT AND ANY RELATED DOCUMENTS

WHEREAS, on February 16, 1999, the City Council, by Resolution No. 99-59, approved an allocation of HOME funds in the amount of \$283,950 for Stanislaus County Affordable Housing Corporation (STANCO) to assist with the acquisition of the property located at 901 California Avenue, also known as Courtney Manor, and

WHEREAS, the property has 18 two bedroom units which provide transitional housing to low income individuals, and

WHEREAS, eight of the units are HOME assisted, and

WHEREAS, on June 9, 2009, by Resolution No. 2009-255, the City of Modesto agreed to subordinate the HOME loan per STANCO's request to refinance the property to obtain funds for property repairs, and

WHEREAS, on January 27, 2012, STANCO submitted a letter to the City requesting to subordinate the HOME loan provided by the City for Courtney Manor, and

WHEREAS, STANCO has been awarded funding through the Federal Home Loan Bank of San Francisco (FHLBSF) for rehabilitation of Courtney Manor, and

WHEREAS, the subsidy provided from a member bank of the FHLBSF, in this case Farmers and Merchants Bank (F&M), has been underwritten as a loan, and

WHEREAS, the loan is forgiven if STANCO and F&M perform on the project and maintain the required amount of units affordable for eight (8) years beyond the improvements, and

WHEREAS, in order to complete this process, the financial lending institution requires, as a condition to provide the loan, to be and remain at all times prior and superior to other loans, and

WHEREAS, the Subordination Agreement sets forth the priority of repayment rights against the borrower and its assets,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Subordination Agreement between the City of Modesto and Stanislaus County Affordable Housing Corporation for the HOME loan provided to STANCO for the acquisition of the property located at 901 California Avenue, also known as Courtney Manor.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Subordination Agreement and any related documents.

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-61

RESOLUTION APPROVING SOLE SOURCE PROCUREMENT OF ACCU-TAB POWERPRO CHLORINATION SYSTEMS TO CLEAR SOLUTIONS WEST, ATWATER, CALIFORNIA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE AGREEMENT FOR ONE (1) YEAR, WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR AN ANNUAL COST NOT-TO-EXCEED \$100,000, AND A TOTAL COST OVER FIVE (5) YEARS OF \$500,000

WHEREAS, staff routinely delivers chlorine to each well site either by liquid or tablet form, and

WHEREAS, installing tablet chlorination systems in the outlying areas as well as sites with limited accessibility within the City of Modesto would eliminate the need to haul hazardous chlorine liquid trailers to each site, and

WHEREAS, substantial liability and cost can be avoided with the use of tablet systems, and

WHEREAS, staff researched six vendor products and found that the Accu-Tab Powerpro Chlorination Systems meets the City's specifications, and

WHEREAS, staff is recommending an annual purchase agreement be established to purchase Accu-Tab Powerpro Chlorination Systems which will be used for wellhead chlorination at various well sites throughout the City's water system, and

WHEREAS, Clear Solutions West, Atwater, California is the only firm in Northern California authorized by the manufacturer to market and sell Accu-Tab Powerpro Chlorination Systems,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a sole source procurement of Accu-Tab Powerpro Chlorination Systems to Clear Solutions West, Atwater, California for one (1) year, with four (4) one-

year extension options, at the sole discretion of the City, for an estimated first year cost of \$100,000, and a total cost over five (5) years of \$500,000.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue the Purchase Agreement.

WHEREAS, on July 7, 2009, by Resolution No. 2009-297, City Council approved an agreement for consultant services with Dokken Engineering, Inc. for design and environmental services in the amount of \$275,250.56 for the Carpenter Road Bridge Seismic Retrofit Project "Project", and

WHEREAS, on November 9, 2011, by Resolution No. 2011-429, City Council approved an Amendment to Agreement for design support during construction services and permit support services in the amount of \$171,283.87, and

WHEREAS, per the Project specifications, the City is responsible to remove bird and bat nests from the bridge and ensure that no new nests are established on the bridge until the bridge contractor has been issued a Notice to Proceed by the City, and

WHEREAS, at the request of the City, Dokken solicited bids from contractors to perform the bird and bat removal services as well as the installation of the exclusion netting to prevent and additional nesting, and,

WHEREAS, Dokken submitted a cost of \$51,660 to perform the requested services, and

WHEREAS, City staff recommends approving a second amendment to agreement with Dokken Engineering, Inc. for \$51,660 bringing the revised maximum total agreement amount to \$498,194.43.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a second amendment to agreement with Dokken Engineering, Inc. for additional permit support services for the Carpenter Road Bridge Seismic Retrofit Project, in an amount not to exceed \$51,660, for a maximum total amount of \$498,194.43.

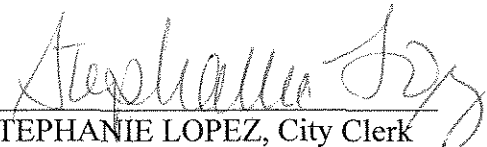

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-66**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF A TRUCK WITH SERVICE BODY FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, THROUGH THE FLEET SERVICES DIVISION, TO DOWNTOWN FORD, SACRAMENTO, CA, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF \$138,354

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, for the water meter installation crew through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The truck with service body is included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the purchase of a new truck with service body will support a new meter installation crew, which Council approved in the FY 2011/12 budget. The additional metering crew is needed in order to meet State Assembly Bill 2575 which requires that urban water suppliers install water meters on all service connections by the year 2025, and

WHEREAS, the Purchasing Division issued RFB No. 1112-15 for the purchase of a Truck with Service Body to thirty-one (31) prospective bidders, posted the bid on the City's website and formally advertised as required by law. Five (5) of the bidders are located within Stanislaus County, one of which is a local vendor, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the thirty-one (31) prospective bidders, three (3) companies chose to respond. The local vendor did not submit a bid. All three (3) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of a truck with service body to Downtown Ford, Sacramento, CA, for an estimated cost of \$138,354, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit: 4180-59999-55010-100574, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of a truck with service body to Downtown Ford, Sacramento, CA, for the Public Works, Water Division, through the Fleet Services Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of a truck with service body for the Public Works Department, Water Division, through the Fleet Services Division to Downtown Ford, Sacramento, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for a total estimated cost of \$138,354.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-67**

RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE AND INSTALLATION OF A MICROWAVE RADIO SYSTEM AND TOWER OBSTRUCTION LIGHT, FOR THE DEPARTMENT OF PUBLIC WORKS, WASTEWATER DIVISION, TO ADVANCED TECHNOLOGY DISTRIBUTORS, INC., CERES, CA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AN AGREEMENT FOR AN ESTIMATED COST OF \$66,983

WHEREAS, the need for data transfer between the primary and secondary treatment plants has exceeded the capacity available using present technology. In anticipation of a further dramatic increase in data transfer needs that will accompany the implementation of tertiary treatment at the Jennings facility, staff evaluated options for a new communication network that would meet the needs into the future. That process revealed that wireless technology was the most cost effective solution to provide the additional capacity as well as to improve reliability, and

WHEREAS, staff worked with the Information Technology Department (IT) on a site survey. The site survey and radio path study was conducted to determine the feasibility for the design of a wireless bridge. It was determined that a radio link was feasible with a high degree of reliability and a greater amount of data capacity, and

WHEREAS, this project was previously approved by Council and bid as a combined project with a Communications Tower and Microwave Radio in August 2008. No bids were received due to the complexities of the project. The project was split into two components with the Engineering Division engaged to coordinate the installation of the Communications Tower with foundation system and the Purchasing Division coordinated the purchase of the Microwave Radio Equipment and Obstruction Light.

WHEREAS, on March 22, 2011, the City Council, by Resolution No. 2011-098, approved the plans and specifications for the communications tower, accepted the bid, and approved the contract with S.R.P. Company to install the Communications Tower and foundation. The construction of the tower is complete, and

WHEREAS, the Purchasing Division issued RFB No. 1112-04 for the purchase and installation of a Microwave Radio System and a Tower Obstruction Light to thirty-two (32) prospective bidders posted the bid on the City's website and formally advertised as required by law. Four (4) of the thirty-two (32) prospective bidders are located within Stanislaus County, three (3) of which are local vendors, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the thirty-two (32) prospective bidders, six (6) companies chose to respond, two bidders are located in Stanislaus County and one of which is a local vendor. All six (6) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid and contract for the purchase and installation of a Microwave Radio System and Tower Obstruction Light to Advanced Technology Distributors, Inc., Ceres, CA, for a total estimated cost of \$66,983, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit 4210-59999-55010-100389, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of a Microwave Radio System and Tower Obstruction Light to Advanced Technology Distributors, Inc., Ceres, CA, for the

Department of Public Works, Wastewater Division conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase and installation of a Microwave Radio System and Tower Obstruction Light for the Department of Public Works, Wastewater Division, to Advanced Technology Distributors, Inc., Ceres, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute an agreement for an estimated cost of \$66,983.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-68**

**RESOLUTION APPROVING THAT THE CITY OF MODESTO WILL
PARTICIPATE IN THE HEALTHY EATING ACTIVE LIVING (HEAL) CITIES
CAMPAIGN**

WHEREAS, in 2004, the League of California Cities adopted an Annual Conference resolution to encourage cities to embrace policies that facilitate activities to promote healthier lifestyles and communities, including healthy diet and nutrition and adoption of city design and planning principles that enable citizens of all ages and abilities to undertake exercise; and

WHEREAS, the League of California Cities has a strategic goal to promote and develop safe and healthy cities, and

WHEREAS, the Healthy Eating Active Living (HEAL) Cities Campaign is a partnership between the League of California Cities and the California Center for Public Health Advocacy, and,

WHEREAS, these agencies work with California cities to adopt policies that will improve the physical activity and healthier food opportunities for residents, and

WHEREAS, obesity takes a tremendous toll on all Californians, in medical bills, workers compensation and lost productivity, costing in excess of \$41.2 billion a year; and

WHEREAS, the City of Modesto commits to do all it can to decrease the rate of obesity in our community and is committed to implementing the necessary policies to create healthier work, school, and neighborhood environments conducive to promoting healthier eating and increased physical activity among residents; now, therefore,

BE IT RESOLVED by the Council of the City of Modesto, as follows:

1. The City of Modesto City Council recognizes obesity is a serious health threat to the health and well-being of adults, children, and families in Stanislaus County. The City Council supports City participation in the Healthy Eating Active Living (HEAL) Cities Campaign that includes statewide, regional and local programs that highlight opportunities to invest in our citizen's health and wellness.
2. The City of Modesto has existing policies and programs that promote active, healthy living, including:
 - Safe Routes to School Program which promotes safe pedestrian access to schools;
 - Parks & Recreation Master Plan that identifies park and recreation services policies and infrastructure needs;
 - The City-wide Non-Motorized Transportation Plan that identifies existing and planned cycling facilities;
3. The City Council directs Staff and Commissions to continue to identify opportunities to encourage healthy choices that may include recommending healthful goals and policies.
4. The City supports General Plan updates that support health and wellness choices such as:
 - walkable neighborhoods throughout the City;
 - safe access to City parks, playgrounds, and recreation amenities;
 - connectivity between redevelopment areas, residential neighborhoods,
 - improvements to the City Transit Plan
5. The City encourages healthy choices that may include:
 - expanding community access to indoor and outdoor public facilities through joint use agreements with schools and/or other partners;
 - addition of a criterion in the Capital Improvement Program ranking system to give consideration for projects that promote opportunities for physical activity;
 - promoting use of City facilities to educate and offer resources to residents on healthy living choices;

- providing healthier options of food, beverages, and snacks authorized for sale in vending machines at all City facilities;

NOW, THEREFORE BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the City of Modesto's participation in the Healthy Eating Active Living (HEAL) Cities Campaign.

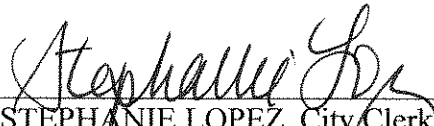

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of February, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-72**

RESOLUTION APPROVING A TEN-YEAR LEASE AGREEMENT WITH ELIZABETH J. BRITT, FOR A 16,835 SQUARE FEET (0.39 ACRES) PARCEL OF LAND (APN 078-013-033), IN THE AMOUNT OF \$1,395.56 PER YEAR, WITH A TOTAL ESTIMATED COST OF \$13,955.60, FOR THE NORTH POINTE BASIN RECONSTRUCTION PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE LEASE AGREEMENT AND ALL RELATED DOCUMENTS

WHEREAS, the City of Modesto owns and operates the North Pointe Storm Drain Basin, which serves the Pelandale Avenue commercial area near Chapman Road, and

WHEREAS, Operations and Maintenance staff have been working to resolve an erosion problem caused by an infestation of rodents that have caused extensive damage to the north basin wall, and

WHEREAS, a determination was made to provide a buffer area that can be controlled and maintained to prevent rodents from entering the basin area, and

WHEREAS, the adjacent property owner has agreed to grant the City of Modesto a lease on a portion of property to provide the required buffer area, approximately 28 feet in width, and

WHEREAS, this lease acquisition is needed to repair, maintain, and to protect the storm drain basin from further erosion, and

WHEREAS, City staff recommends approving the lease agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the a ten-year Lease Agreement with Elizabeth J. Britt, for a 16,835 square feet (0.39 acres) parcel of land (APN 078-013-033), in the amount of

\$1,395.56 per year, with a total estimated cost of \$13,955.60, for the North Pointe Basin Reconstruction Project.

RESOLUTION NO. 2012-75**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF SIX (6) TRUCKS WITH UTILITY BODIES FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, THROUGH THE FLEET SERVICES DIVISION, TO THE FOLLOWING COMPANIES: ALBANY FORD, ALBANY, CA FOR FOUR (4) EXTENDED CAB TRUCKS WITH UTILITY BODIES FOR AN ESTIMATED TOTAL COST OF \$118,847, AND FRITTS FORD, RIVERSIDE, CA, FOR TWO (2) REGULAR CAB TRUCKS WITH UTILITY BODIES FOR AN ESTIMATED TOTAL COST OF \$54,550, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE PURCHASE ORDERS FOR A TOTAL ESTIMATED COST OF \$173,397

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, throughout FY 11/12 through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The six (6) trucks with utility bodies were included in the FY 11/12 new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, these trucks with utility bodies are replacement trucks for the Water Division. These trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the Purchasing Division issued RFB No. 1112-10 for the purchase of six (6) Three-Quarter Ton Trucks with Utility Bodies to twenty-six (26) prospective bidders posted the bid on the City's website and formally advertised as required by law. Three (3) of the bidders are located within Stanislaus County, one of which is a local vendor, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the twenty-six (26) prospective bidders, eight (8) companies chose to respond. Two (2) of which are located in Stanislaus County, one of which is a local vendor. All eight (8)

companies provided responsive and responsible bids. The five (5) percent differential for Local Vendor Preference was not a factor in determination for award, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit: 5410-53241-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of a four (4) extended cab trucks with utility bodies to Albany Ford, Albany, CA, and two (2) regular cab trucks with utility bodies to Fritts Ford, Riverside, CA, for the Public Works, Water Division, through the Fleet Services Division, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of six (6) trucks with utility bodies for the Public Works Department, Water Division, through the Fleet Services Division, to the following companies: Albany Ford, Albany, CA, for four (4) extended cab trucks with utility bodies for an estimated total cost of \$118,847, and Fritts Ford, Riverside, CA, for two (2) regular cab trucks with utility bodies for an estimated total cost of \$54,550.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue purchase orders for a total estimated cost of \$173,397.

**RESOLUTION AMENDING THE POSITION CLASSIFICATION PLAN FOR
THE CITY OF MODESTO TO AMEND THE CLASSIFICATION OF FLEET
MANAGER**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 2008-681 pursuant to Rule 2.2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the Fleet Manager classification. The Fleet Manager job specification is being revised to more accurately reflect how the class is being utilized within the Public Works Department. The revised Fleet Manager class specification, as shown in **attached Exhibit "A,"** which is made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after March 6, 2012.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
No. 2507

FLEET MANAGER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

Plans, organizes, and manages the operations for Fleet Management Services and Parking Services including budget development and administration, revenue forecasting, procurement, utilization, repair, operations, cost allocation, fueling, maintenance, and disposition of all City vehicles, heavy and specialized equipment; coordinates services and activities with other divisions, departments, private sector businesses, and the public; and provides highly complex staff assistance to management.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Director or designee.

Exercises direct and indirect supervision over assigned supervisory, technical, operations and maintenance, and administrative support staff responsible for the day-to-day activities.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

Develop and implement divisional goals, objectives, policies and procedures.

Plan, organize and direct Fleet Management Services Division and Parking Services Division activities including the maintenance, tracking and purchase of fee collection equipment and City vehicles and equipment.

Direct, oversee and participate in the development of divisional work plans; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.

Prepare the internal fund and enterprise fund budgets; assist in budget implementation; participate in forecasting additional funds need for staffing, equipment, materials and supplies; administer the approved budgets.

Develop and implement plans to meet environmental goals, including introduction and

EXHIBIT A

evaluation of alternative fueled vehicles.

Initiate new and innovative maintenance programs to improve service to internal and external customers.

Essential Duties:

Recommend the appointment of personnel; provide or coordinate staff training; conduct performance evaluations; implement discipline procedures as required; maintain discipline and high standards necessary for efficient and professional operation.

Ensure compliance with federal, state, and local regulations for the American with Disabilities Act (ADA) requirements; and storage, handling, and usage of hazardous materials and hazardous waste.

Ensure efficient equipment use, including training for equipment operators.

Analyze and monitor vehicle expenditures for all City departments making recommendations regarding the use and purchase of new vehicles.

Develop and administer a vehicle abuse control program and a vehicle collision prevention program; analyze and monitor equipment lifecycle costs; establish equipment replacement criteria.

Develop proposals for, and recommends improvements to, fleet maintenance facilities and parking service operations.

Develop equipment specifications in cooperation with equipment users.

Develop, oversee and direct equipment motor pool operations; analyze, develop and implement appropriate equipment charge rates.

Build and maintain positive working relationships with co-workers, other City employees, local businesses, and the general public using principles of good customer service.

Represent the divisions and department to outside agencies and organizations; participate in necessary.

Research and prepare technical and administrative reports; prepare written correspondence.

EXHIBIT A

Marginal Functions:

Perform other duties as assigned.

MINIMUM QUALIFICATIONS

Knowledge of:

Principles and practices of fleet and automotive repair shop management for automotive, heavy equipment and buses.

Fleet procurement, charge back systems, utilization and operational management.

Principles and practices of parking lot operations, fee collection, ticketing, traffic control, safety, and the operation, repair, and maintenance of parking control equipment

Current trends and technological developments pertaining to procurement, including technical equipment specifications, utilization, operation, budget, cost allocation, use of alternative fuels, and fueling maintenance.

Business practices applicable including systems analysis, computer utilization, financial record keeping, and management.

Pertinent local, state and federal rules, regulations and laws.

Modern office procedures and computer equipment.

Principles and practices of organizational analysis and management.

Principles and practices of public sector budgeting procedures and techniques; internal service fund structure; enterprise fund structure; long term forecasting; and cost analysis.

Contract development and service negotiations.

Principles and practices of leadership, motivation, team building, conflict resolution, and organizational dynamics

Principles and practices of supervision, training, and personnel management.

EXHIBIT A

Ability to:

Organize and direct the Fleet Services Division and the Parking Services Division operations.

Implement vehicle replacement policies and develop and manage a preventative maintenance program.

Analyze problems, identify alternative solutions, project consequences of proposed actions and implement recommendations in support of goals.

Gain cooperation through discussion and persuasion.

Interpret and apply City and department policies, procedures, rules, and regulations. Prepare and administer Internal Services Fund and Enterprise Fund budgets.

Plan, schedule, train, direct, and evaluate the work of multi-shift, multi-locate staff. Communicate clearly and concisely, both orally and in writing.

Establish and maintain effective working relationships with governmental agencies, City departments, local businesses, the general public, and others contacted during the course of work.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of increasingly responsible experience in administering a fleet management operation that involved the purchase, replacement, maintenance, and disposition of heavy trucks, equipment, and passenger vehicles; including two years of supervisory responsibility.

Training:

Equivalent to a Bachelor's degree from an accredited college with major coursework in public administration, business administration, or a directly related field is desirable.

EXHIBIT A

License or Certificate:

Possession of, or the ability to obtain, an appropriate and valid California driver's license.

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting:** frequently up to 10 pounds; occasionally up to 50 pounds. **Vision:** constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity:** frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking:** frequent hearing and talking, in person and on the phone. **Emotional/Psychological:** frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental:** frequent exposure to noise.

WORKING CONDITIONS

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment. Some positions may be assigned to remote locations. Some duties involve working in a shop environment requiring eye and ear protection. Positions require occasional overtime or weekend work and the ability to travel.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-77**

**RESOLUTION AMENDING EXHIBIT “A” OF RESOLUTION NO. 2008-683 TO
REVISE THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT
AND CONFIDENTIAL NON-SWORN CLASSES TO CHANGE THE SALARY
RANGE FOR FLEET MANAGER FROM SALARY RANGE 441 TO SALARY
RANGE 444**

WHEREAS, the City Council desires to amend Exhibit “A” of Resolution No. 2008-683, which approved the Class Range Table for Represented Management and Confidential Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2008-683. Exhibit "A" entitled, "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes," attached to Resolution No. 2008-683, is hereby amended as shown on the amended **Exhibit “A”** entitled “City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective March 6, 2012,” which is **attached** hereto and made a part hereof as though set forth in full herein. Said **Exhibit “A”** changes the salary range for Fleet Manager from salary range 441 to salary range 444.

SECTION II. EFFECTIVE DATE. This resolution shall become effective on and after March 6, 2012.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-78**

**RESOLUTION APPROVING A FIVE (5) YEAR LEASE AGREEMENT
BETWEEN THE CITY OF MODESTO AND METROPCS FOR A CELLULAR
TOWER SITE TO BE LOCATED ON A PORTION OF ROBERTSON ROAD
PARK WITH THREE (3), FIVE (5)-YEAR OPTIONS TO EXTEND THE LEASE,
AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO
EXECUTE THE LEASE AGREEMENT**

WHEREAS, MetroPCS desires to lease a cellular tower site located on a portion of Robertson Road Park for a period of five (5) years with three (3), five (5)-year options to extend the leases, for the installation of cellular telephone equipment, and

WHEREAS, the City of Modesto is willing to lease a portion of Robertson Road Park to MetroPCS for the said use for the sum of \$1,800 per month with an annual rental increase of 3% after the first anniversary of the commencement of the lease, and

WHEREAS, MetroPCS will install a stealth cellular monopole at Robertson Road Park and place cellular equipment on the ground in the vicinity of the pole, and

WHEREAS, MetroPCS agrees to adhere to the following:

1. Prior to issuance of a building permit, the applicant shall coordinate the design and installation work of the chain link fence with City of Modesto's Parks, Recreation and Neighborhoods Department for review and approval.
2. All landscaping fences and walls shall be maintained and the premises shall be kept free of weeds, trash and other debris.
3. The Capital Facilities Fees payable at the time of the issuance of a building permit for construction shall be based on the rate in effect at the time of issuance of the building permit.

4. The Applicant shall record a Notice of Conditions in the Stanislaus County Recorders Office on a form available in the Community and Economic Development Department.

5. The property owner and developer shall, at their expense defend, and hold harmless the City of Modesto, its agents, officers, and employees from and against any and all claims, actions, damages, losses or expenses of every type and description including, but not limited to payment of attorney's fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any claim, action, or proceeding shall cooperate full in the defense.

6. Construction activities shall follow guidelines listed in the California Storm Water Quality Association (CASQA) Best Management Practice Handbook for Construction to prevent any drag out of soil or sediments onto the public roadway or into the City storm drain system.

7. All improvement plans pursuant to construction shall be prepared, stamped and signed by a California licensed civil engineer and in accordance with the City of Modesto standards.

8. Prior to placement of any stationary lead-acid battery systems or on-site generators, a permit shall be obtained from the City of Modesto Regional Fire Department.

9. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee and shall be at a height and of a type that is least intrusive to the adjacent neighborhood as determined by the City Engineer or designee and the City of Modesto's Parks, Recreation and Neighborhoods Department Director or designees.

10. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration or electrical interference detectable on the premises. All machinery or equipment shall be soundproofed as required by the Parks, Recreation and Neighborhoods Director. The Noise Ordinance prohibits the loud and raucous discharge into the air or the operation of any tools or equipment before 7:00 am or after 9:00 pm daily (except Saturday and Sunday and State and Federal holidays, when the prohibited time shall be before 9:00 am and after 9:00 pm.).

11. Prior to final inspection with the Building and Development Services Division, the applicant shall install signage approved by the Parks, Recreation and Neighborhoods Director or designee to be located on the entrance gate to the cellular communications facility indicating the cell tower provider and the hours permitted for operations and maintenance of the cellular communications for facility, which shall be limited to the hours of operation for the Robertson Road Park and in accordance with the City of Modesto Municipal Code Noise Ordinance Section 4-9.101.

12. Prior to the issuance of a building permit the applicant shall provide the Parks, Recreation and Neighborhoods Department Director or designee with the name, address and telephone number of applicant's contact person designated to receive notices, complaints, documents and other correspondence related to ownership, operation and

maintenance of the cell tower facilities. Applicant and its successors in interest shall notify the Parks, Recreation and Neighborhoods Department Director of any changes to the contact information within ten (10) working days after such a change is made.

NOW THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Five (5)- Year lease agreement between the City of Modesto and MetroPCS for a cellular site to be located on a portion of Robertson Road Park, with three (3), Five (5)-year options to extend the lease.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the lease agreement.

The foregoing resolution was introduced at a regular meeting of the council of the City of Modesto on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-79**

**RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE
JET-VAC DUMP SITE REHABILITATION PROJECT, ACCEPTING THE BID,
AND APPROVING A CONTRACT WITH ROLFE CONSTRUCTION OF
ATWATER, CALIFORNIA IN THE AMOUNT OF \$198,475, AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE
THE CONTRACT**

WHEREAS, plans and specifications have been prepared for the Jet-Vac Dump Site Rehabilitation Project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Jet-Vac Dump Site Rehabilitation Project were opened at 11:00 a.m. on January 24, 2012, and later tabulated by the Director of Utility Planning & Projects for the consideration of the Council, and

WHEREAS, the Director of Utility Planning & Projects has recommended that the bid of \$198,475 received from Rolfe Construction of Atwater, California, be accepted as the lowest responsible bid and the contract be awarded to Rolfe Construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Jet-Vac Dump Site Rehabilitation Project, accepts the bid of Rolfe Construction of Atwater, California, in the amount of \$198,475, and awards Rolfe Construction the contract for the Jet-Vac Dump Site Rehabilitation Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-80**

RESOLUTION AUTHORIZING THE SOLE SOURCE PROCUREMENT FOR A SERVICE AGREEMENT OF THE AUTOMATED PARKING ATTENDANT SOFTWARE AND HOST COMPUTER COMPONENTS FOR THE PUBLIC WORKS DEPARTMENT, PARKING SERVICES DIVISION, TO AMANO MCGANN, INC., MINNEAPOLIS, MN, FOR A FIVE (5) YEAR AGREEMENT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE AN AGREEMENT FOR AN ESTIMATED ANNUAL COST OF \$15,600

WHEREAS, the Parking Services Division manages the automated parking revenue collection systems for the City's three (3) parking garages. The current software and hardware provided by Amano McGann will not meet the Payment Card Industry (PCI) compliance requirements that are being implemented July 1, 2012, and

WHEREAS, the current Amano McGann system must be upgraded to comply with the new PCI requirements, and

WHEREAS, the service agreement with Amano McGann will provide the software, hardware and technical support to meet the PCI requirements for the next five (5) years, and

WHEREAS, sufficient funds are budgeted annually in the following appropriation unit: 4000-53250-53300, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services, to be formally bid. However, one exception to the formal bid process, MMC Section 8-3.204(b), states, whereas the purchasing agencies' requirements can be met solely by a single article or process. The furnishing of a service agreement from Amano

McGann for the Department of Public Works, Parking Services Division, conforms to code, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the sole source procurement for a service agreement for the Automated Parking Attendant software and host computer components for the Public Works Department, Parking Services Division, to Amano McGann, Inc., Minneapolis, MN, for a five (5) year agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, to execute an agreement for an estimated annual cost of \$15,600.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-81**

RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE WATER SYSTEM ENGINEER'S REPORT PROGRAM ENVIRONMENTAL IMPACT REPORT (PEIR) (SCH#2008092095): PROPOSED TANK AND WELL IN THE HICKMAN AREA

WHEREAS, on September 14, 2010, the City Council, by Resolution No. 2010-408 certified the Final Environmental Impact Report ("EIR") for the City of Modesto 2010 Water System Engineer's Report (SCH No. 2008092095, EA/PW2008-18), and

WHEREAS, the City of Modesto intends to construct a water storage tank, booster pump, and domestic water well, which will provide additional storage volume and pressure for the existing water system serving the Hickman community as identified in an appendix to the adopted 2010 Water System Engineer's Report, and

WHEREAS, the Utility Planning and Projects Department has prepared an Initial Study, Environmental Assessment No. EA/UP&P 2011-09 for proposed Tank and Well in the Hickman Area, and

WHEREAS, pursuant to Section 15162 (a) of the CEQA Guidelines, the City of Modesto finds that no new effects could occur or no new mitigation measures would be required, therefore the activity is within the scope of the project covered by the Program EIR and no new environmental document or Public Resources Code Section 21083 findings are required, and

WHEREAS, in accordance with CEQA guidelines on November 24, 2011, the City caused to be published a 30-day notice of the City's intent to make a finding that the proposed project conforms with the Program EIR, and

WHEREAS, said matter was considered by the City Council at a regular meeting on March 6, 2012, at 5:30 p.m., in the Tenth Street Place Chambers, 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it has reviewed and considered the Initial Study prepared for the proposed Project, a copy of which it **attached** hereto as **Exhibit "A"** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

- A. The type of Project under consideration is described in the Program EIR (PEIR).
- B. All applicable policies, regulations, and mitigation measures identified in the PEIR have been applied to the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the PEIR. It has been determined that the project is within the scope of the PEIR (SCH No. 2008092095), which analyzed the potential impacts of build out of the 2010 Water System Engineer's Report.
- D. Pursuant to Public Resources Code 21094 and Government Code Section 15162 and based on the Initial Study, the City of Modesto finds and determines:
 - 1) No substantial changes are proposed in the project which will require major revisions of the Program EIR due to new or substantially more severe significant environmental effects;
 - 2) No substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the Program EIR as a result of new or substantially more severe significant environmental effects; or
 - 3) No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete shows any of the following:

- a. The project will have one or more significant effects not discussed in the Program EIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the Program EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the projects, but the project proponent declines to adopt the mitigation measure or alternative; or
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponent declines to adopt the mitigation measure or alternative.
- E. The Initial Study, Environmental Assessment No. EA/UP&P 2011-09, provides the substantial evidence to support findings A through D, above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Interim Director of Utility Planning and Projects is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk, pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto

Program EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Water System Engineer's Report Program Environmental Impact Report ("Program EIR" or "PEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Hickman Tank and Well is "within the scope" of the project analyzed in the Water System Engineer's Report Program EIR (SCH# 2008092095) (Public Resources Code Sections 21003, 21093, and 21094 and Government Code Sections 15152 and 15168). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Program EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Program EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Program EIR. [Public Resources Code Section 21094]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: **Hickman Tank and Well**
- B. Address or Location: **APN 019-042-064, southeast of the intersection of Hickman Road and Kim Street**
- C. Applicant: **City of Modesto, Utility Planning and Projects Department
1010 10th Street, 4th Floor
Modesto, CA 95354**
- D. City Contact Person: **Rob Christensen**
- Project Manager: Rob Christensen
Department: Utility Planning and Projects
Phone Number: 209.571-5869
E-mail address: rchristensen@modestogov.com
- E. Current General Plan Designation(s): **LDR, Low-Density Residential (County)**
- F. Current Zoning Classification(s): **R-1, Single-Family Residential District (County)**

G. Existing Conditions: The essentially flat 1.37-acre site is vacant at this time.

H. Surrounding Land Uses:

- North: single-family residences
- South: single-family residences
- East: single-family residences
- West: commercial agriculture

I. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Program EIR (Attach additional maps/support materials as needed for complete record):

The City of Modesto intends to construct a water storage tank, booster pump, and domestic water well, which will provide additional storage volume and pressure for the existing water system serving the Hickman community. Currently, the existing water system does not meet certain design pressure and volume storage requirements, and the proposed tank and well will help the system meet these requirements and is sized to meet the needs of Hickman when it is completed as planned by Stanislaus County, but not to allow additional development beyond that planned. Hickman will continue to be an independent water service area, described as Alternative 1 in the Water System Engineer's Report Program EIR.

The total project facilities will consist of an above ground water storage tank, water well and motor, a booster pump station, and other appurtenances including a stand-by generator and motor control center. Site improvements will include a small parking and access area, fencing or walls, a retention basin, low-level night lighting for security and maintenance needs, and low-maintenance landscaping. Landscaping will include trees to help screen the tank from adjacent properties and from Hickman Road. As proposed, the water tank would store a minimum of 400,000 gallons of water. The size of the tank will be a maximum 25 feet above grade, and between 70 feet and 90 feet in diameter. The specific dimensions of the tank will be determined during final design, and will be based on site layout constraints, aesthetic qualities, and cost. The footprint area of the tank will vary with the diameter, and will be between 3,800 and 6,400 square feet.

The site will be enclosed within a security wall or fence, which will be constructed either of an 8- to 12-foot-high masonry block wall, or wrought iron fence topped with no-climb points. The specific type of wall or fence will be determined during the final design, and will be based on site layout constraints, aesthetic qualities, and cost. Vehicular access and parking areas within the site will be paved either with Portland cement concrete or asphaltic concrete. Other portions of the site will be covered either with low-maintenance landscaping or gravel.

Additionally, a transmission main from the tank will be constructed to connect to the distribution system in Hickman Road. Ultimately, about 9,400 feet of distribution line will be laid throughout Hickman, most likely in phases.

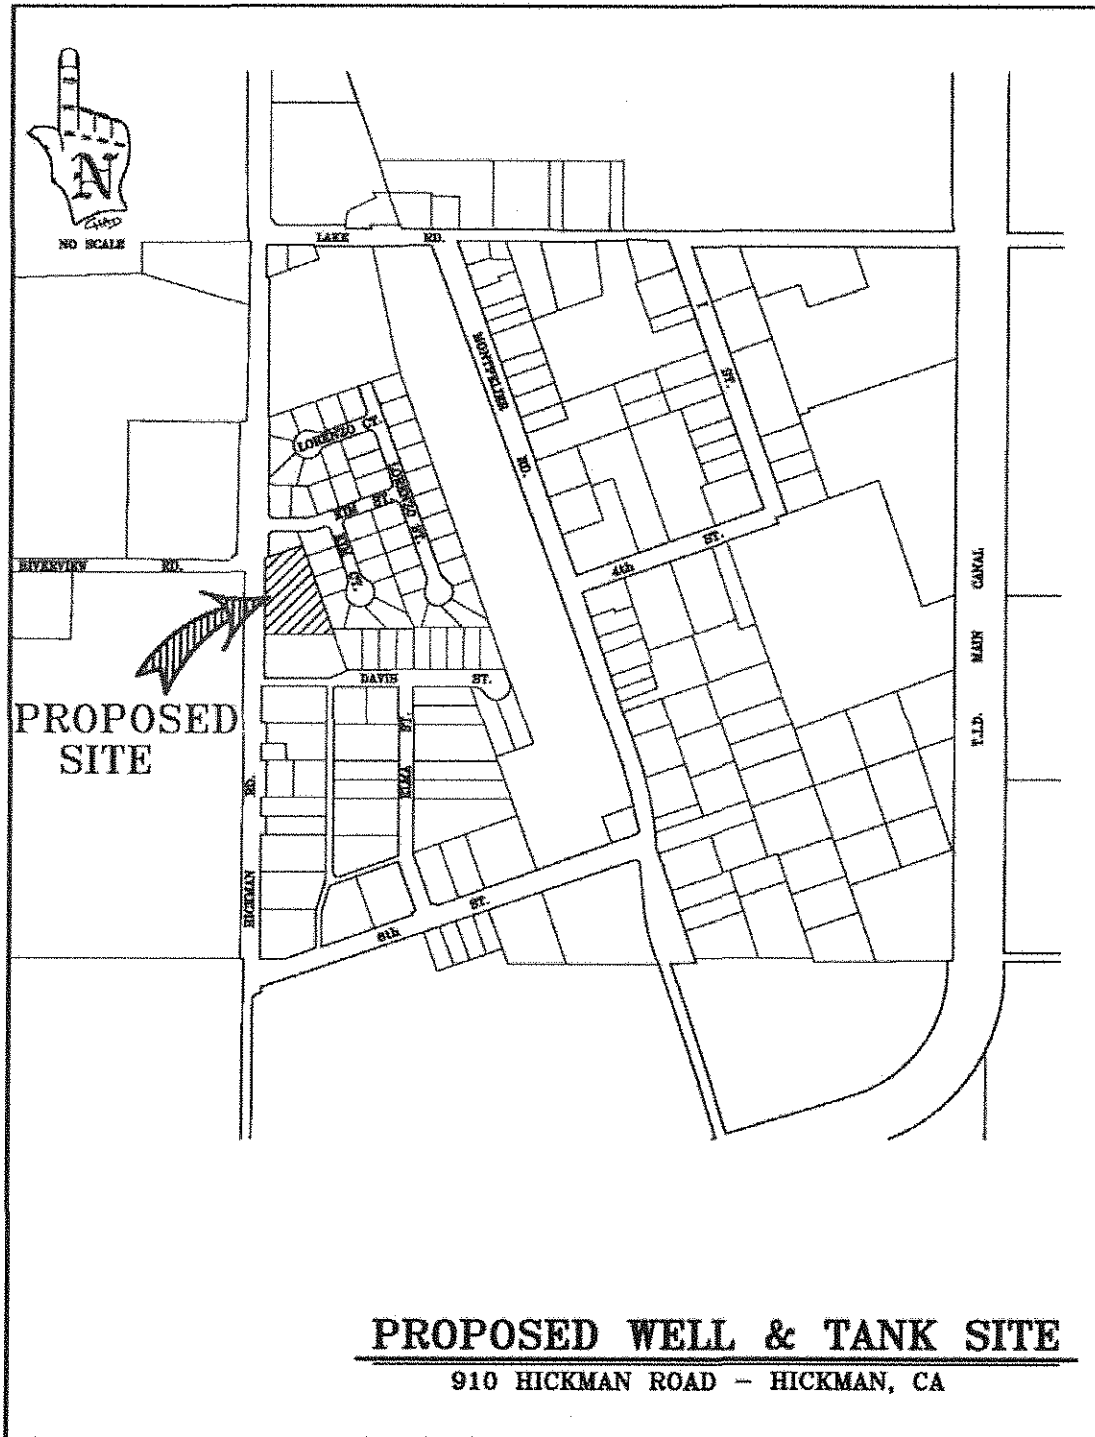

A water well will be drilled to below the Corcoran Clay layer, which lies about 150 to 250 feet below the surface. It is necessary to drill to that depth because the clay layer protects groundwater from pollutants migrating downward from the surface. Municipal wells are held to higher water quality standards than are private wells.

Figure 1 shows the project site and vicinity.

Figure 2 shows the conceptual site plan.

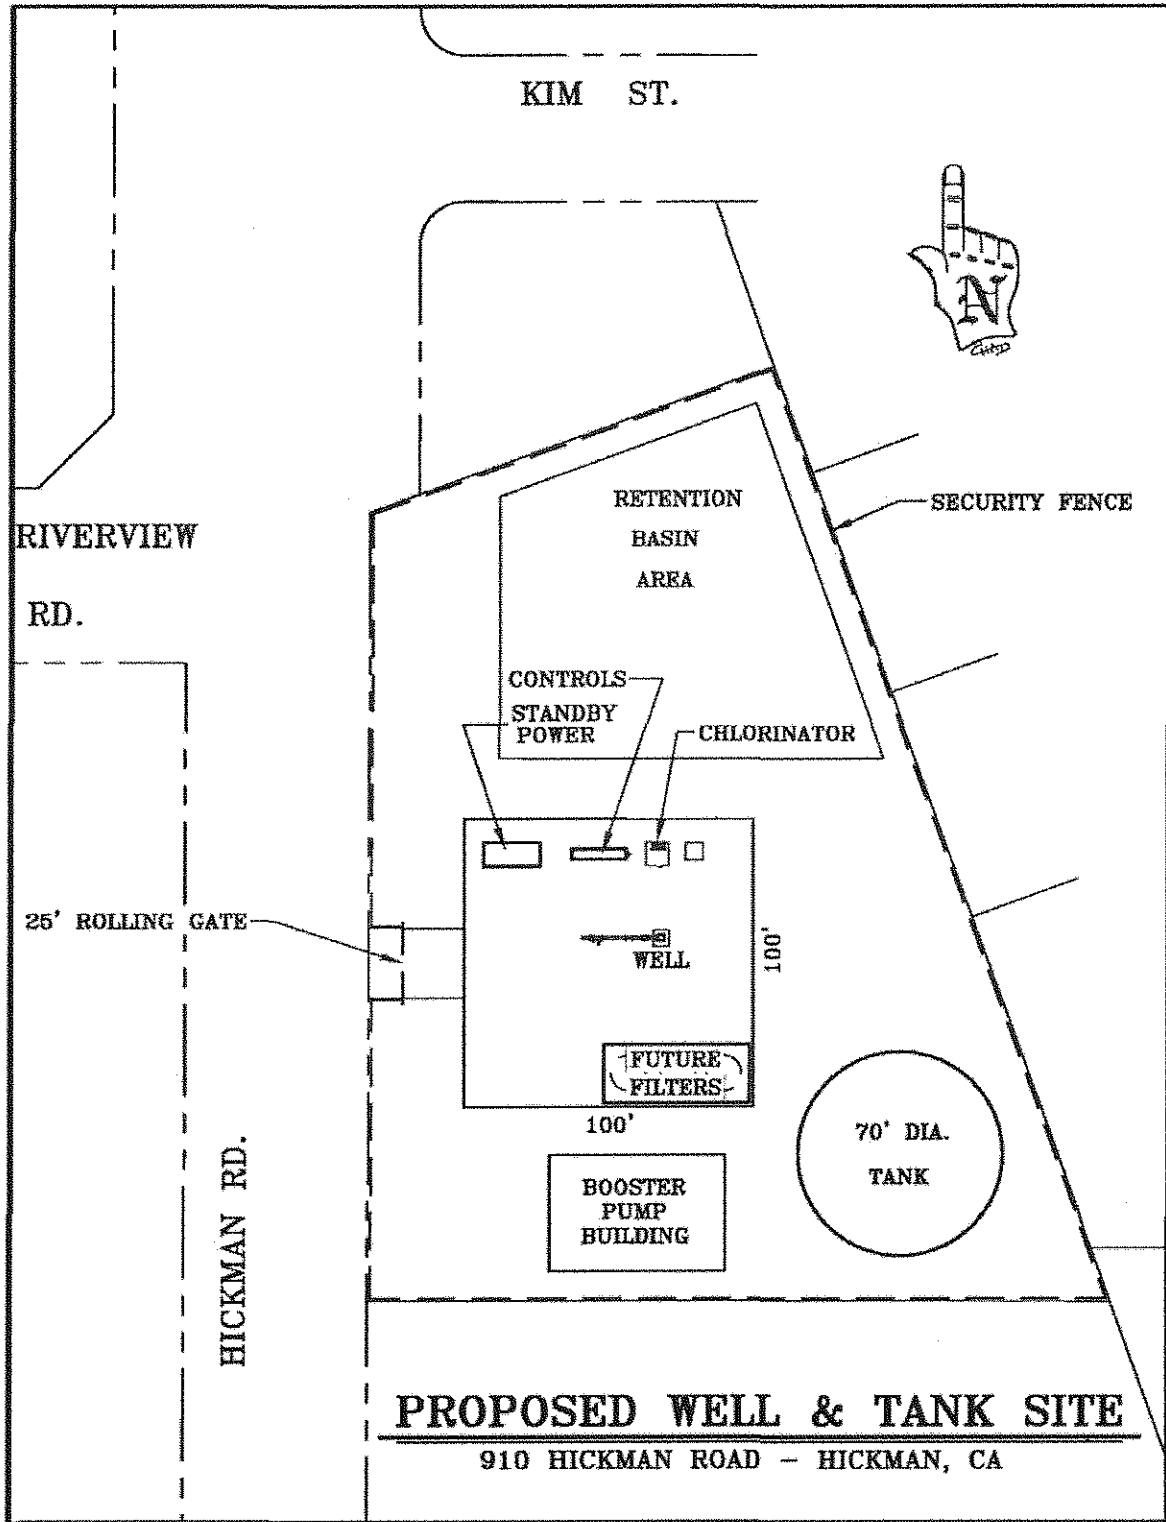

Figure 3 shows the Hickman community boundary

Conceptual Site Plan

Figure 3 Hickman Community

Hickman Community Map

J. Other Public Agencies Whose Approval is Required:

Every municipal water well must receive the following approvals:

Stanislaus County Health Department—permit to drill the well

Regional Water Quality Control Board—receives and approves County permit

State Department of Public Health--issues a permit to use the water after all water testing and distribution procedures have been completed

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The City of Modesto finds that pursuant to Government Code Section 15162, no new effects could occur or no new mitigation measures would be required, therefore the activity is within the scope of the project covered by the Program EIR and no new environmental document or Public Resources Code Section 21083 findings are required. All of the following statements are found to be true:

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the Program EIR and it has been determined that the project was described as being within the scope of the Program EIR.
- D. Pursuant to Public Resources Code 21094 and Government Code Section 15162 and based on the Initial Study, the City of Modesto finds and determines:
 - 1) No substantial changes are proposed in the project which will require major revisions of the Program EIR due to new or substantially more severe significant environmental effects;
 - 2) No substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the Program EIR as a result of new or substantially more severe significant environmental effects; or
 - 3) No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete shows any of the following:
 - a. The project will have one or more significant effects not discussed in the Program EIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the Program EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the projects, but the project proponent declines to adopt the mitigation measure or alternative; or
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponent declines to adopt the mitigation measure or alternative.

2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Program EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. No subsequent Mitigated Negative Declaration or EIR shall be prepared unless the lead agency determines one or more of the following, pursuant to Government Code Section 15162(a):
 - 1) Substantial changes are proposed in the project which will require major revisions of the Program EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects.
 - 2) Substantial changes have or will occur with respect to the circumstances since the Program EIR was adopted which will require major revisions in the Program EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant environmental effects.
 - 3) New information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete (a) shows new significant environmental effects or (b) shows that environmental effects previously examined will be substantially more severe or (c) shows that mitigation measures or alternatives found not to be feasible are indeed feasible or (d) shows that mitigation measures considerably different than those in the Program EIR, but not adopted, would substantially reduce project impacts.
- D. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Program EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required** On the basis of the above determinations, the project is not within the scope of the Program EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. No subsequent Mitigated Negative Declaration or EIR shall be prepared unless the lead agency determines one or more of the following, pursuant to Government Code Section 15162(a):
 - 1) Substantial changes are proposed in the project which will require major revisions of the Program EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects.

- 2) Substantial changes have or will occur with respect to the circumstances since the Program EIR was adopted which will require major revisions in the Program EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant environmental effects.
 - 3) New information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete (a) shows new significant environmental effects or (b) shows that environmental effects previously examined will be substantially more severe or (c) shows that mitigation measures or alternatives found not to be feasible are indeed feasible or (d) shows that mitigation measures considerably different than those in the Program EIR, but not adopted, would substantially reduce project impacts.
- D. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Program EIR. New or additional mitigation measures or alternatives are required as a result.

4. Within the Scope Analysis of this Document:

The Program EIR allows projects to be found within the scope of the PEIR if certain criteria are met. If the following statements are found to be true for all 15 impact categories identified during the Program EIR scoping process, then the proposed project is addressed by the PEIR analysis and is within the scope of the Program EIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects is the City of Modesto or a responsible agency identified in the Program EIR.	X	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using Program EIR mitigations only.	X	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Program EIR).	X	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's contiguous and outlying water service areas, as established in the Water System Engineer's Report.	X	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2010 Water System Engineer's Report Program EIR.	X	<input type="checkbox"/>

Discussion:

All responses are "yes," therefore, there is no need to discuss the responses above.

IV. ENVIRONMENTAL ANALYSIS

In accordance with Section 15168 of the Government Code, this Initial Study discloses whether the proposed project described in Section II above may cause any project-specific significant effect on the environment that was not examined in the Final Program EIR for the Water System Engineer's Report and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Program EIR.

Pursuant to Government Code Section 15168, no new environmental document is necessary for projects that are determined to be within the scope of the Program EIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation if the project is within the scope of the Program EIR.

The Water System Engineer's Report identifies a Capital Improvement Program that will deliver safe and reliable water and effectively meet water demands under existing and future developed conditions. The Program EIR assumes that the City's Sphere of Influence will be completely developed by 2038. Outlying service areas: Del Rio is expected to grow to the north, east, and southwest; Grayson is almost completely developed; Hickman is almost completely developed; Turlock service area is completely developed; Waterford service area is expected to be completely developed in five years.

The environmental impact analysis in the Program EIR for the Water System Engineer's Report is organized in fifteen subject areas. The following analysis is based on the impact analyses contained in Chapter 3 of the Program EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter 3.

1. AESTHETICS

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant aesthetic impacts and their associated mitigation measures. Refer to pages 3.1-9 to 3.1-11 in the PEIR for details.

Direct Impacts

Impact AES-3: Temporary degradation of visual character or quality during construction activities (Less than Significant with Mitigation)

Mitigation Measure AES-1: Locate staging areas away from public areas

Mitigation Measure AES-2: Screen staging and construction areas

Impact AES-4: Permanent degradation of visual character or quality from proposed facilities (Less than Significant with Mitigation)

Mitigation Measure AES-3: Design fencing, storage tanks, and booster pump station and groundwater well buildings to be consistent with the surrounding setting

Impact AES-5: Permanent degradation of visual character or quality from proposed new corporation yard (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

No significant cumulative impacts were disclosed in the PEIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Aesthetic mitigation measures pertinent to this project are found on PEIR pages 3.1-9 to 3.1-11 and above. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigations to be applied to this project are **AES-2 and AES-3**. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.1 of the Program EIR provides an analysis of aesthetic impacts of implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. AESTHETICS				
1) Would the project have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Would the project substantially damage scenic resources, including trees, rock outcroppings, and historic buildings along a scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Would the project substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
4) Would the project create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Would the project substantially degrade views from riverside areas and parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Would the project substantially degrade views of riverside areas from public roadways and nearby properties?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) There are no scenic vistas from or of the project site, which lies near an established residential area. The project site does not lie along or near a scenic highway.
- (3) Development of this site with a well, tank, wall or fence, and landscaping, is consistent with the type of development described in the Program EIR and is expected to occur at various locations in the City's water service area. Mitigation Measures AES-2 and AES-3 would be implemented to reduce visual impacts. Construction activities would be screened to the extent feasible from Hickman Road. Because the site is relatively small and lies in a built area, it will not be possible to completely screen construction from view. The structures would be designed as shown conceptually on Figure 2 and screened with trees, as shown conceptually on Figure 3.
- (4) Night lighting would be used on site for security and to illuminate the site should maintenance be required after dark. When the gate opens or a motion sensor is triggered, additional lighting will be activated. All lighting would be directed on site and would be consistent with existing lighting levels in the project vicinity, as disclosed in the Program EIR. Lighting fixtures will be shielded from neighboring properties.
- (5-6) The project site is not visible from the Tuolumne River, nor will it be visible from any parks along the Tuolumne River. Neither the river nor any parks along the river are visible from the site.

2. AGRICULTURAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on agricultural resources and their associated mitigation measures. Refer to pages 3.2-5 to 3.2-8 and 4-9 for details.

Direct Impacts

Impact AG-1: Direct conversion of Important Farmland (Significant and Unavoidable)

Mitigation Measure AG-1: Compensate for a loss of farmland

Impact AG-3: Indirect conversion of farmland to non-agricultural uses (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

Impact CUM-1: Conversion of agriculture to nonagricultural uses (Significant and Unavoidable)

b. Program EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural resource mitigation measures pertinent to the proposed project are found on pages 3.2-5 to 3.2-8 of the Program EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project is AG-1. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.2 of the Program EIR discloses the impacts resulting from the implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would result in the conversion of Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (loss of farmland).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project conflicts with existing zoning for agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project conflicts with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would indirectly result in the conversion of Farmland to a nonagricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-3) The project site is zoned for single-family residential development and is not in cultivation. Furthermore, there is no Williamson Act contract on the property. No agricultural mitigation is required.
- (4) The proposed well and tank are sized to serve the existing Hickman community and future development in the Hickman community that could occur without a general plan amendment or zone change, as shown in the Draft 2009 Stanislaus County Housing Element (pers. Comm. Bill Carlson). Therefore, no indirect conversion of agricultural land is expected and no mitigation is required.

3. AIR QUALITY

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on air quality and their associated mitigation measures. Refer to pages 3.3-15 to 3.3-21 and 4-9 to 4-11 in the PEIR for details.

Direct Impacts

Impact AIR-1: Conflicts with or obstruction of implementation of the applicable air quality plan (Significant and Unavoidable)

No mitigation measures identified.

Impact AIR-2: Violations of any air quality standard or substantial contribution to existing or projected air quality violation during construction of proposed improvements (Less than Significant with Mitigation)

Mitigation Measure AIR-1: Implement SJVAPCD Regulation VIII control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-2: Implement enhanced control measures for construction emissions of PM₁₀.

Impact AIR-3: Violations of any air quality standard or substantial contribution to an existing or projected air quality violation during operation of proposed improvements (Less than Significant with Mitigation)

Mitigation Measure AIR-3: Implement control measures for operation emissions of PM₁₀ and for ozone precursors (ROG and NO_x)

Impact AIR-4: Result in a Cumulatively Considerable Net Increase of Any Criteria Pollutant for which the Program Region is in Nonattainment under an Applicable Federal or State Ambient Air Quality Standard (Including Releasing Emissions that Exceed Quantitative Thresholds for Ozone Precursors) (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

Impact CUM-2: Construction-related emissions of PM₁₀ and ozone precursors (Significant and Unavoidable)

Impact CUM-3: Emissions of greenhouse gases (Significant and Unavoidable)

Mitigation Measure CUM-1: Greenhouse gas calculations and emissions reduction measures

Impact CUM-4: Result in a cumulatively considerable net increase of any criteria pollutant for which the program region is in nonattainment under an applicable federal or State Ambient Air Quality Standard (including releasing emissions that exceed quantitative thresholds for ozone precursors) (Significant and Unavoidable)

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages 3.3-15 to 3.3-21 and 4-9 to 4-11 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AIR-1, AIR-2, AIR-3, and CUM-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.3 of the Program EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. DEGRADATION OF AIR QUALITY				
1) The project will conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project will violate any air quality standard or contribute substantially to an existing or projected air quality violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project will result in a cumulatively considerable net increase of any criteria pollutant for which the program region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The project will expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The project will create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The project will fail to comply with the SJVAPCD's mitigation measures for particulate matter 10 microns or less in diameter (PM ₁₀) during construction. The SJVAPCD has determined that compliance with its Regulation VIII and the implementation of other control measures presented in its <i>Guide for Assessing and Mitigating Air Quality Impacts</i> will constitute sufficient mitigation to reduce PM ₁₀ impacts to a level considered less than significant.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7) The project would cause emissions of air pollutants that would cause or substantially contribute to either localized or regional violations of the ambient air quality standards. Program emissions of more than 10 tons per year of oxides of nitrogen (NOx) or reactive organic gases (ROG) would substantially contribute to existing violations of ozone standards. Ten tons per year equals 54.8 pounds per day.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The project would cause localized carbon monoxide (CO) concentrations that exceed the California ambient air quality standards (CAAQS) of 9 parts per million (ppm) averaged over 8 hours or 20 ppm averaged over 1 hour.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
9) The project would cause odor problems that result in more than one confirmed complaint per year, averaged over a 3-year period, or three unconfirmed complaints per year averaged over a 3-year period.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
10) The project would expose sensitive receptors or the general public to substantial levels of TACs. The SJVAPCD's threshold of significance is whether the program would exceed: (1) an increased cancer risk for the person with maximum exposure potential by 10 in 1 million, or (2) ground level concentrations of noncarcinogenic TACs resulting in a non-cancer hazard index greater than 1 for the person with maximum exposure.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-4) Construction emissions, as disclosed in the Program EIR, are expected to be significant. However, the proposed well and tank are consistent with the type of project described in the Program EIR and the resulting air quality impacts are expected to be similar to impacts described in the Program EIR. No additional impacts are expected, particularly with implementation of mitigation measures AIR-1 and AIR-2.
- (5) No objectionable odors are expected to result from construction or operation of the well and tank and associated infrastructure.
- (6) Mitigation measures to control PM₁₀ emissions during construction (AIR-1, AIR-2, and AIR-3) would reduce construction impacts to a less-than-significant level, as disclosed in the Program EIR.
- (7-10) The proposed project is entirely consistent with the type of project described and analyzed in the Program EIR. Emissions of nitrogen oxides, reactive organic gases, carbon monoxide, toxic air contaminants, and odors, which would occur almost exclusively during construction, would thus be consistent with emissions analyzed and quantified in the Program EIR. To

reduce operation emissions, mitigation measure AIR-3 will be applied. No additional impact would occur, as compared to impacts disclosed in the Program EIR.

Greenhouse gases do not comfortably fall under any of these impact categories, as emissions of CO₂, CH₄, and N₂O are not criteria pollutants, although these emissions do need to be estimated pursuant to Assembly Bill 32 and Senate Bill 375. Water transmission is one of the most difficult activities in which to reduce energy use. Using electricity to power equipment, instead of generators results in small reductions in greenhouse gas emissions because the Modesto Irrigation District produces electricity largely through combustion of fossil fuels (diesel fuel and natural gas), similar to those used in generators. Solar panels and other alternative sources of electricity are a potential future energy source, but are not efficient enough to warrant the additional expense to the City, particularly given the need for on-site energy storage. Emissions offsets could be purchased but have a number of drawbacks, such as adding significant expense to the project and the uncertainty surrounding what is being purchased. The greatest potential for reduction in energy use may actually occur through water conservation measures: if less water is being treated and transported, less energy is used for treatment and transportation. The amount of energy reduced is related to the reduction in water use.

As detailed in Attachment A, two new mitigation measures will be incorporated into this project.

GHG Measure 1: Limit idling time of off-road construction equipment to three minutes.

GHG Measure 2: Limit idling time of on-road construction vehicles to three minutes.

Each of these measures is expected to reduce source emissions up to 1%. These measures will be included as requirements in the construction service contract for the project.

4. BIOLOGICAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant and unavoidable impacts on biological resources and their associated mitigation measures. Refer to pages 3.4-24 to 3.4-44 and 4-11 and 4-12 for details.

Direct Impacts

Impact BIO-1: Program-related impacts on plants (less than significant with mitigation)

Mitigation Measure BIO-1: Perform focused surveys for Special-Status plant species

Mitigation Measure BIO-2: Avoid and minimize impacts on Special-Status plant species

Mitigation Measure BIO-3: Compensate for unavoidable impacts on Special-Status plant species

Impact BIO-2: Impacts on the Valley elderberry longhorn beetle (less than significant with mitigation)

Mitigation Measure BIO-4: Conduct preconstruction surveys for the Valley elderberry longhorn beetle and its elderberry host species plant

Mitigation Measure BIO-5: Agency coordination and consultation for impacts on the Valley elderberry longhorn beetle

Mitigation Measure BIO-6: Avoid Valley elderberry longhorn beetle habitat

Mitigation Measure BIO-7: Transplant elderberry plants

Impact BIO-3: Construction-related loss of occupied burrowing owl habitat (less than significant with mitigation)

Mitigation Measure BIO-8: Avoid and protect burrowing owls

Mitigation Measure BIO-9: Compensate for loss of burrowing owl habitat

Impact BIO-4: Construction-related loss of Swainson's hawk foraging habitat (less than significant with mitigation)

Mitigation Measure BIO-10: compensate for loss of Swainson's hawk foraging habitat

Impact BIO-5: Construction-related impacts on nesting Swainson's hawks (less than significant with mitigation)

Mitigation Measure BIO-11: Conduct preconstruction surveys for Swainson's hawk nests

Impact BIO-6: Construction disturbance of bald eagle, tricolored blackbird, and other migratory birds, including raptors (less than significant with mitigation)

Mitigation Measure BIO-12: Conduct preconstruction surveys for nesting birds

Mitigation Measure BIO-13: Avoid and minimize impacts on nesting raptors and other migratory birds

Impact BIO-7: Construction impacts on vernal pool branchiopods (less than significant with mitigation)

Mitigation Measure BIO-14: Avoid habitat for vernal pool branchiopods

Mitigation Measure BIO-15: Conduct protocol-level surveys for vernal pool branchiopods

Mitigation Measure BIO-16: Compensate for impacts on vernal pool branchiopods

Impact BIO-8: Construction impacts on California tiger salamander (less than significant with mitigation)

Mitigation Measure BIO-17: Avoid habitat for California tiger salamander

Mitigation Measure BIO-18: Conduct protocol-level surveys for California tiger salamander

Mitigation Measure BIO-19: Compensate for impacts on California tiger salamander

Impact BIO-9: Construction-related impacts on western pond turtles (less than significant with mitigation)

Mitigation Measure BIO-20: Conduct preconstruction surveys for and minimize impacts on western pond turtles

Impact BIO-12: Construction-related impacts on riparian brush rabbit and riparian wood rat (less than significant with mitigation)

Mitigation Measure BIO-21: Avoid habitat for riparian wood rat and riparian brush rabbit

Mitigation Measure BIO-22: Conduct surveys for riparian wood rat and riparian brush rabbit

Mitigation Measure BIO-23: Consult with the USFWS to conduct monitoring for riparian wood rat and riparian brush rabbit / environmental training for construction crews

Impact BIO-13: Construction-related impacts on fish (less than significant with mitigation)

Mitigation Measures HYD-1 and HYD-2 relating to the City's NPDES permit would reduce impacts to a less-than-significant level.

Impact BIO-14: Loss of shaded river aquatic cover and riparian habitat (less than significant with mitigation)

Mitigation Measure BIO-24: Avoid or minimize disturbance to waters, wetlands, or riparian areas

Mitigation Measure BIO-25: Mitigate for permanent disturbance to sensitive habitats
Mitigation Measure BIO-26: Confine project design and construction to minimize impacts on sensitive habitats
Mitigation Measure BIO-27: Preserve habitat values

Impact BIO-15: Impacts on sensitive natural communities (less than significant with mitigation)

Mitigation Measure BIO-28: Preserve native trees
Mitigation Measure BIO-29: Protect riparian corridors
Mitigation Measure BIO-30: Use native species for landscaping

Impact BIO-16: Effects on Waters of the United States and Waters of the State (less than significant with mitigation)

Mitigation Measures BIO-24 through BIO-26 and BIO-28 would reduce this impact to a less-than-significant level.

Impact BIO-17: Effects on wildlife corridors and native wildlife nurseries (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-30 would reduce this impact to a less-than-significant level.

Impact BIO-18: Inconsistency with local policies or ordinances protecting biological resources (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-27 would reduce this impact to a less-than-significant level.

Cumulative Impacts

Impact CUM-5: Effects on biological resources (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-30 would reduce this impact to a less-than-significant level.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Biological resource mitigation measures pertinent to the proposed project are found on pages 3.4-24 through 3.4-44 V-7-24 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes BIO-6, BIO-11, BIO-12, BIO-13, BIO-14, BIO-17, BIO-21, BIO-24, and HYD-1 from the Program EIR; of these, BIO-11, BIO-12, BIO-13, and HYD-1 require the city take specific actions prior to construction, while the remaining mitigation measures have been implemented by selecting a less-sensitive project site than was evaluated in the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.4 of the Program EIR discloses impacts on biological resources resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. BIOLOGICAL RESOURCES				
1) Have a substantial adverse effect, either directly or through habitat modification, on any species identified as a candidate, sensitive, or special-status in local or regional plans, policies, or regulations, or by the DFG or USFWS.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the DFG or USFWS.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Have a substantial adverse effect on federally-protected wetlands, as defined by CWA Section 404 (including marsh, vernal pool, and coastal wetlands) through direct removal, filling, hydrological interruption, or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Interfere substantially with the movement of any native resident or migratory fish or wildlife species, or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Conflict with the provisions of an adopted Habitat Conservation Plan (HCP), Natural Communities Conservation Plan (NCCP), or other approved local, regional, or state Habitat Conservation Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) The Hickman tank and well are proposed on a vacant site bordered on three sides by single-family residential development. Grasslands containing various regulated species are known to occur in the Hickman area, so a preconstruction survey will be performed to determine whether regulated grassland plants (BIO-1, BIO-2, possibly BIO-3) exist on the site. Additionally, burrowing owls, nesting and migratory birds, and tiger salamanders may use the site. A preconstruction survey will be performed to determine whether mitigation measures BIO-8, BIO-9, BIO-12, BIO-13, and BIO-17 should be implemented.

The proposed site is approximately one mile south of the Tuolumne River and therefore, significant impacts on raptors (kites, hawks, and owls) are not expected to occur.

- (2-4) The project site is not occupied by riparian habitat or any known sensitive natural communities. Neither is the site occupied by vernal pools, marshes, or wetlands. The site is not known to be part of a wildlife corridor or a nursery site. The project site also lies outside the 100-year floodplain.
- (5-6) There are neither local policies protecting biological resources nor an HCP, NCCP, or other habitat conservation plan in effect in the project area.

5. CULTURAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on cultural resources and their associated mitigation measures. Refer to pages 3.5-12 to 3.5-17 and 4-12 in the PEIR for details.

Direct Impacts

Impact CR-2: Impacts on previously undiscovered archaeological resources (less than significant with mitigation)

Mitigation Measure CR-1: Implement plan to address discovery of unanticipated buried cultural resources

Impact CR-3: Impacts on previously undiscovered human remains (less than significant with mitigation)

Mitigation Measure CR-2: Implement plan to address the discovery of human remains

Impact CR-4: Impacts on paleontological resources (less than significant with mitigation)

Mitigation Measure CR-3: Minimize potential adverse impacts on paleontological resources

Cumulative Impacts

Impact CUM-6: Effects on Cultural Resources (Less than Significant with Mitigation)

Mitigation Measures CR-1 through CR-3 would reduce this impact to a less-than-significant level.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Cultural resources mitigation measures pertinent to the project being analyzed in this Initial Study are found on page 3.5-12 to 3.5-17 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: CR-2, CR-2, and CR-3 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.5 of the PEIR discloses impacts on cultural resources resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. CULTURAL RESOURCES				
1) The project would cause a substantial adverse change in the significance of a historic resource as defined in Section 15064.5 of the State CEQA Guidelines.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project would cause a substantial adverse change in the significance of a unique archaeological resource pursuant to Section 15064.5.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project would directly or indirectly destroy a unique paleontological resource or site or unique geologic feature.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The project would disturb any human remains, including those interred outside of formal cemeteries.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-4) The project site has no known historic structures on it or within 100 feet and would therefore have no impact on a known historic resource. The area has been under cultivation for many years and is unlikely to yield any significant cultural or paleontological resources as a result of construction. However, should human remains, historic resources, or paleontological resources be encountered during construction, Mitigation Measures CR-1, CR-2, and CR-3 will be implemented to minimize impacts.

6. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on cultural resources and their associated mitigation measures. Refer to pages 3.6-9 to 3.6-10 in the PEIR for details.

Direct Impacts

Impact GEO-1: Damage due to surface rupture, ground-shaking, liquefaction, expansive soils, or landsliding (less than significant with mitigation)

Mitigation Measure GEO-1: Conduct project-specific geotechnical investigation prior to construction

Impact GEO-2: Soil erosion or loss of topsoil due to program construction or operation (less than significant with mitigation)

Mitigation Measure HYD-1 would minimize the potential for erosion and sedimentation to a less-than-significant level.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages 3.6-9 to 3.6-10 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes GEO-1 and HYD-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.6 of the PEIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project would expose people, structures, or infrastructure to potential substantial adverse effects, including the risk of loss, damage, injury, or death involving surface rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area, or based on other substantial evidence of a known fault, strong seismic ground shaking, liquefaction and other related types of seismically induced ground failure, expansive soils, or landslides.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project would cause substantial soil erosion or loss of topsoil due to program operation or construction.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project would result in the loss of availability of a known mineral resource or mineral resource recovery site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) To ensure that the project site is underlain with soils suitable for the proposed tank and well, Mitigation Measure GEO-1 will be implemented.
- (2) Mitigation Measure HYD-1 will be implemented to reduce erosion and sedimentation to a less-than-significant level.
- (3) As noted in the Program EIR, the proposed infrastructure would have no significant impact on the recoverability of any sand and gravel deposits in the vicinity of the project site.

7. HAZARDS AND HAZARDOUS MATERIALS

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to hazards and hazardous materials and their associated mitigation measures. Refer to pages 3.7-8 to 3.7-11 in the PEIR for details.

Direct Impacts

Impact HAZ-4: Release of hazardous materials from an existing contaminated site (less than significant with mitigation)

Mitigation Measure HAZ-1: Prepare a risk assessment prior to construction activity

Mitigation Measure HAZ-2: Control contamination resulting from previously unidentified hazardous waste materials

Cumulative Impacts

No significant cumulative impact was identified in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages 3.7-8 to 3.7-11 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes HAZ-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.7 of the Program EIR discloses impacts on hazardous materials resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. GENERATION OF HAZARDOUS MATERIALS				
1) Create a hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Create a hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Emit hazardous emissions or involve handling hazardous materials, substances, or waste within 0.25 mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Be located on a site that is listed as hazardous by the California Environmental Protection Agency, and, as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Result in safety hazards near a public or public-use airport.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Expose people or structures to risk of loss, injury, or death involving wildland fires.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-3) Most of the equipment to be installed runs on electricity, which neither creates nor uses hazardous materials on the project site. Backup generators use diesel fuel, which would be transported to the site, stored on site, and disposed of from time to time. On-site containment is required and would be implemented as part of project design. This impact is consistent with the impact disclosed in the Program EIR.
- (4) The project site is not known to the State of California to be contaminated with hazardous materials. A Phase I assessment will be prepared for the site, as required by Mitigation Measure HAZ-1. All of the recommended mitigation measures will be implemented in order to reduce, avoid, or eliminate any potentially significant impacts to a less than significant level.
- (5-6) There are no public or public-use airports near the project site. Additionally, the site is vacant. Therefore, there is no anticipated impact from wildfires.
- (7) In order to install distribution pipelines, there may be temporary lane closures in the vicinity of the site. Implementation of a traffic management plan would be included as part of the City's Standard Construction Procedures.

8. HYDROLOGY AND WATER QUALITY

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to hydrology and water quality and their associated mitigation measures. Refer to pages 3.8-17 to 3.8-22 in the Program EIR for details.

Direct Impacts

Impact HYD-1: Water quality impacts from program construction (less than significant with mitigation)

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Impact HYD-5: Flood hazards (less than significant with mitigation)

Mitigation Measure HYD-2: Conduct floodplain studies prior to program design

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Hydrology and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.8-17 to 3.8-22 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project is HYD-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.8 of the Program EIR provides analysis of Hydrology and Water Quality impacts of implementation of the Water System Engineer's Report, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. HYDROLOGY AND WATER QUALITY				
1) Violate water-quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Create or contribute runoff water that would provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Place housing within a 100-year flood hazard area or place structures within a 100-year flood hazard area that would impede or redirect flood flows.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-3) Tuolumne River water quality would not be affected by construction of the tank and well, because the site is approximately one mile from the river. Municipal wells have higher water quality standards than do private wells and are typically drilled to greater depths than are private wells in order to avoid contaminants that permeate shallower soils. Rivers typically draw water from shallower aquifers, thus the proposed well is not expected to significantly affect the local drainage pattern or course of the Tuolumne River. Mitigation Measure HYD-1 would be implemented, further reducing the potential for impacts.
- (4) This project does not involve the construction or relocation of housing and the site does not lie within the 100-year floodplain.
- (5-6) The project site lies outside the 100-year floodplain, so risk of flood damage to the proposed infrastructure is consistent with the degree of risk assumed in the Program EIR. Furthermore, there would be no change in the risk of flooding from dam failure as compared to the risk throughout the area. Finally, the project would not substantially alter any existing drainage pattern or change a watercourse such that flood hazards are increased, and is consistent with the degree of risk analyzed in the Program EIR.

9. LAND USE AND PLANNING

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to land use and planning.

Direct Impacts

No significant direct impacts were disclosed in the Program EIR, therefore no mitigation measures were identified.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

There are no required mitigation measures in the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.9 of the Program EIR discloses impacts of implementing the Water System Engineer’s Report on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. LAND USE AND PLANNING				
1) Physically divide an established community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the program adopted for the purpose of avoiding or mitigating an environmental effect.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Conflict with any applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) Construction and operation of the proposed well and tank would occur at the western edge of the Hickman community. No impact greater than impacts disclosed in the Program EIR would occur.
- (2) The well and tank are permitted in accordance with state law and thus would be consistent with existing land use plans, policies, and regulations.
- (3) There are no habitat conservation plans or natural community conservation plans in effect in Stanislaus County.

10. NOISE

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to noise and their associated mitigation measures. Refer to pages 3.10-8 to 3.10-12 and 4-12 in the PEIR for details.

Direct Impacts

Impact NOISE-1: Exposure of Residences to Noise from Grading and Construction Activities (Significant and Unavoidable)

Mitigation Measure NOISE-1: Employ Noise-Reducing Construction Practices

Mitigation Measure NOISE-2: Limit Nighttime Construction Noise

Impact NOISE-2: Exposure of Residences to Noise from the Operation of Engines at Proposed Improvements Such as Wells and Pump Stations (Less than Significant with Mitigation)

Mitigation Measure NOISE-3: Employ Noise-Reducing Methods During Operations

Cumulative Impacts

Impact CUM-7: Program-Related Noise Emissions (Less than Significant with Mitigation)

Mitigation Measures NOISE-1 through NOISE-3 would reduce this impact to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.10-8 to 3.10-12 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes NOISE-1, NOISE-2, and NOISE-3 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.10 of the PEIR discloses noise impacts resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of the proposed project’s effects is based on the following thresholds. Project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. NOISE				
1) Expose persons to or generate noise levels in excess of standards established in a local general plan or noise ordinance or applicable standards of other agencies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Expose persons to or generate excessive groundborne vibration or groundborne noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Result in a substantial permanent increase in ambient noise levels in the program vicinity above levels existing without the proposed program.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Result in a substantial temporary or periodic increase in ambient noise levels in the program vicinity above levels existing without the program.	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
5) Be located within an airport land use plan area, or, where such a plan has not been adopted, within 2 miles of a public airport or public-use airport and expose people residing or working in the program area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Be located in the vicinity of a private airstrip and expose people residing or working in the program area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-4) Noise from the project would primarily result from construction activities, a temporary impact. Construction noise would be substantial and is likely to exceed noise thresholds at times, however, this impact was disclosed in the Program EIR and the proposed project is expected to result in similar noise impacts. Mitigation Measures NOISE-1 and NOISE-2 would be implemented to reduce the impact of construction noise on nearby residences. Noise during from operation of the well and tank would result from the pumps, which could be significant, as described in the Program EIR. The on-site diesel generator will also be in use on those occasions when there is an electric power interruption, creating substantial temporary noise impacts, also disclosed in the Program EIR. Mitigation Measure NOISE-3 would be implemented to reduce operational noise impacts to a less-than-significant level.

(5-6) There is no airport or airstrip within 2 miles of the project site.

11. POPULATION AND HOUSING

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to population and housing. Refer to pages 3.11-7 to 3.11-11 in the PEIR for details.

Direct Impacts

Impact POP-2: Potential to Induce Substantial Population Growth (Significant and Unavoidable)
No mitigation measures were identified for this impact.

Cumulative Impacts

No significant cumulative impact was identified in the PEIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify mitigation measures to reduce impacts on population and housing. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.11 of the Program EIR discloses impacts of implementing the Water System Engineer's Report on population and housing. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. POPULATION AND HOUSING				
1) Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through the extension of roads or other infrastructure).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Displace a substantial number of existing housing units, necessitating the construction of	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
replacement housing elsewhere.				
3) Displace a substantial number of people, necessitating the construction of replacement housing elsewhere.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) Addition of the proposed well and tank in the Hickman area is intended to improve the reliability of Hickman's water supply to meet the "maximum day" plus fire flow demands that can occur with the level of development allowed under the existing zoning and general plan designations. The well and tank are not of sufficient size to permit growth beyond that expected in the Hickman community. This impact was disclosed in the Program EIR and no mitigation was proposed to reduce the impact; the impact of this specific project is consistent with the impact disclosed in the Program EIR.
- (2-3) No people or housing would be displaced as a result of construction or operation of the proposed well and tank. The proposed project site is currently vacant.

12. PUBLIC SERVICES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to public services. Refer to page 3.12-9 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.12 of the Program EIR discloses impacts of implementing the Water System Engineer’s Report on public services. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. PUBLIC SERVICES				
1) Result in substantial adverse physical impacts associated with the provision of new or physically-altered governmental facilities or the need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for fire protection, police protection, schools, parks, or other public facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) The Program EIR did not identify any significant impacts resulting from the proposed program. The proposed well and tank are very similar to those projects described in the Program EIR, thus impacts would be similar to those disclosed in the Program EIR. No significant impact is anticipated.

13. RECREATION

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to recreation. Refer to page 3.13-9 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the PEIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.13 of the Program EIR discloses impacts of implementing the Water System Engineer's Report on recreation. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. RECREATION				
1) Cause any changes in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

(1-2) Construction and operation of the proposed well and tank are not expected to have any impact on the use or quality of parks. Furthermore, this project would create no demand for new or expanded parks or other recreational facilities.

14. TRAFFIC/TRANSPORTATION

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to traffic/transportation and their associated mitigation measures. Refer to pages 3.14-17 to 3.14-19 and page 4-12 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.14-17 to 3.14-19 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.14 of the PEIR discloses traffic/transportation impacts resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of the proposed project's effects is based on the following thresholds. Project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. TRAFFIC/TRANSPORTATION				
1) Cause an increase in traffic that is substantial in relation to the existing traffic load and the capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Cause, either individually or cumulatively, an exceedance of an LOS standard established by the County congestion management agency for designated roads or highways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Result in inadequate parking capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The proposed program would have a significant impact if it resulted in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed program would have a significant impact if it substantially increased hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed program would have a significant impact if it conflicted with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts and bicycle racks).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1-2) The Program EIR disclosed that a very small number of vehicle trips would occur during construction of individual projects and that even fewer vehicle trips would occur during operation of the well and tank. Construction trips would result from the conveyance of equipment to the site and from construction workers arriving and departing the site. Operation of the well and tank would result in occasional visits to the site primarily for maintenance purposes.
- (3) Construction activities would temporarily increase emergency response times due to lane narrowing or lane closures to allow the installation of approximately 9,400 linear feet of water transmission pipelines throughout the Hickman community. However, these impacts were disclosed in the Program EIR and no greater impacts would be expected to occur as a result of the proposed project. The City's Standard Construction Procedures would be implemented during construction; these include preparing a traffic control plan, public notification, and preconstruction meetings. Adherence to the City's Standard Construction Procedures would result in a less-than-significant impact, consistent with the Program EIR.

- (4) There would be no continuous demand for parking for maintenance staff. Any needed parking would be accommodated on site.
- (5-7) The project site is not located near any airport or airstrip and the infrastructure would have no effect on air traffic due to any of its features. This is consistent with the analysis in the Program EIR. Furthermore, the construction of the tank, well, and associated infrastructure would result in no significant changes to the affected roadways or traffic on them, after construction is complete. The project does not conflict with plans or policies for non-automobile transportation.

15. UTILITIES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to utilities. Refer to pages 3.15-12 and 3.15-13 and page 4-13 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the PEIR, therefore there are no mitigation measures.

Cumulative Impacts

Impact CUM-11: Effects on Water Quality (Less than Significant with Mitigation)

Mitigation Measures HYD-1 and HYD-2 would ensure there is no contribution to identified impairments.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

There is no need to apply mitigation measures from the Program EIR to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.15 of the Program EIR discloses impacts of implementing the Water System Engineer's Report on utilities. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. UTILITIES				
1) Require or result in the construction of new water, storm water, or wastewater treatment facilities or in the expansion of existing facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Have insufficient water supplies available to serve the program from existing entitlements and resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Be served by a landfill with insufficient permitted capacity to accommodate the program's solid waste disposal needs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Fail to comply with federal, state, and local statutes and regulations related to wastewater treatment or solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

- (1) The proposed new water supply infrastructure would not directly result in a substantial increase in the demand for storm water drainage or wastewater treatment facilities. Surface runoff is expected to be minimal, as noted in the discussion of hydrology and water quality. Impacts from this project are expected to be consistent with those disclosed in the Program EIR.
- (2) The purpose of this project is to address existing deficiencies and future demand in the water supply system in the Hickman area. The proposed project would help diversify water supply and improve reliability, consistent with the Program EIR.
- (3) Any solid waste resulting from construction and maintenance of the proposed well and tank would be disposed of at the Fink Road Landfill, if it cannot be recycled, as disclosed in the Program EIR. The Fink Road Landfill is expected to have adequate capacity to serve the very limited need expected to result from this project and no significant impact is anticipated.
- (4) All relevant federal, state, and local statutes and regulations will be complied with and no impact is expected to occur.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below, applies.

A. Program EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21094, in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Program EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

Aesthetics:

Mitigation Measure AES-2: Screen staging and construction areas

Mitigation Measure AES-3: Design fencing, storage tanks, and booster pump station and groundwater well buildings to be consistent with the surrounding setting

Agricultural Resources:

None.

Air Quality:

Mitigation Measure AIR-1: Implement SJVAPCD Regulation VIII control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-2: Implement enhanced control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-3: Implement control measures for operation emissions of PM₁₀ and for ozone precursors (ROG and NO_x)

Mitigation Measure CUM-1: Greenhouse gas calculations and emissions reduction measures
See Attachment A for calculations and emissions reduction measures.

Biological Resources:

Mitigation Measure BIO-1: Perform focused surveys for Special-Status plant species

Mitigation Measure BIO-2: Avoid and minimize impacts on Special-Status plant species

Mitigation Measure BIO-3: Compensate for unavoidable impacts on Special-Status plant species

Mitigation Measure BIO-8: Avoid and protect burrowing owls

Mitigation Measure BIO-9: Compensate for loss of burrowing owl habitat

Mitigation Measure BIO-12: Conduct preconstruction surveys for nesting birds

Mitigation Measure BIO-13: Avoid and minimize impacts on nesting raptors and other migratory birds

Mitigation Measure BIO-17: Avoid habitat for California tiger salamander

Cultural Resources:

Mitigation Measure CR-1: Implement plan to address discovery of unanticipated buried cultural resources

Mitigation Measure CR-2: Implement plan to address the discovery of human remains

Mitigation Measure CR-3: Minimize potential adverse impacts on paleontological resources

Geology, Soils, and Mineral Resources:

Mitigation Measure GEO-1: Conduct project-specific geotechnical investigation prior to construction

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Hazards and Hazardous Materials:

Mitigation Measure HAZ-1: Prepare a risk assessment prior to construction activity

Hydrology and Water Quality:

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

A Phase I hazardous materials study has not yet been prepared for this site, but will be prepared prior to purchase of the property. All mitigation measures identified in the Phase I study will be applied to the project if the City of Modesto elects to utilize the proposed project site.

Land Use and Planning:

None.

Noise:

Mitigation Measure NOISE-1: Employ Noise-Reducing Construction Practices

Mitigation Measure NOISE-2: Limit Nighttime Construction Noise

Mitigation Measure NOISE-3: Employ Noise-Reducing Methods During Operations

Population and Housing:

None.

Public Services:

None.

Recreation:

None.

Traffic/Transportation:

None.

Utilities:

None.

B. New or Additional Mitigation Measures or Alternatives Required

The Water System Engineer's Report Program EIR was certified on September 14, 2010, with City Council Resolution 2010-408, which included a series of findings and statements of overriding consideration addressing project impacts, mitigation measures, and alternatives. Among the significant unavoidable impacts disclosed in the Program EIR was the project's cumulative impact on greenhouse gas emissions.

A mitigation measure from the Program EIR and identified in this Finding of Conformance, CUM-1, required that emission calculations be made and any additional feasible measures to reduce greenhouse gas emissions be considered as part of subsequent environmental documents. This has been done and the additional measures below have been identified as feasible. However, the project's impact will be significant and unavoidable even when the mitigation measures are implemented. Therefore, City Council Resolution 2010-408 continues to be applicable to the project and no further environmental review is necessary.

Air Quality:

GHG Measure 1: Limit idling time of off-road construction equipment to three minutes.

GHG Measure 2: Limit idling time of on-road construction equipment to three minutes.

These mitigations are expected to reduce construction emissions up to 1 percent each. These measures will be included as requirements in the construction service contract for the project.

City of Modesto
Interoffice Memorandum

To: Rob Christensen, Utilities Planning and Projects
From: Cindy van Empel, Planning Division
Date: November 9, 2011
Subject: EA/UP&P No. 2011-09 (Attachment A to EA/UP&P 2011-09)

This memorandum summarizes the estimated carbon dioxide emissions from construction and operation of the proposed Hickman well and tank, as described in the Water Systems Engineer's Report Program EIR (Program EIR) and in EA/UP&P 2011-09.

This memorandum was prepared for the purpose of addressing Mitigation Measure CUM-1 in the Program EIR, certified by the Modesto city Council on September 15, 2010. In summary, CUM-1 requires that greenhouse gas emissions be estimated and feasible emission reduction measures be applied to each project within the scope of the Program EIR. However, City Council adopted Resolution 2010-408, which includes findings and statements of overriding considerations for the expected significant impact on greenhouse gas emissions.

A report from ICF International dated April 2011, titled, "Greenhouse Gas Emissions and Reduction Measure Analysis for the Del Rio Well Project" (Report) was used as the starting point for estimating carbon dioxide emissions for this project, although construction emissions were estimated using the Air Resources Board's latest methodology for in-use off-road diesel-fueled construction equipment.

Construction Phase Emissions

Construction will occur during 2012 and include the following phases (Christensen pers. comm.):

- Site Clearing and Grubbing: 4 days
- Site Grading: 10 days
- Site Utilities: 10 days
- Tank and Mechanical Systems: 50 days
- Paving/Site Work: 4 days
- Waterline Extension: 8 days

During the site clearing and grubbing and water line extension phases, heavy-duty diesel trucks would be required to haul excavated soil and material. It was assumed that a total of 93 trips would be made during the site clearing and grubbing phase and 30 trips would be made during the water line extension phase (Christensen pers. comm.). Carbon dioxide emissions associated with these truck trips were estimated using URBEMIS. Trip distances were assumed to be 20 miles, based on URBEMIS defaults, and six employees for each phase were assumed, using separate vehicles and each making two trips, one inbound and one outbound over the 86 days of construction.

Phase	Source	Construction Emissions in Tons			
		CO ₂	CH ₄	NO _x	CO ₂ e
Clearing and Grubbing	Construction Equipment	3.67	0.00	0.00	3.67
	Personal Vehicles	0.49	0.00	0.02	0.51
Grading	Construction Equipment	14.79	0.00	0.00	14.79
	Personal Vehicles	1.23	0.00	0.07	1.30
Site Utilities	Construction Equipment	17.37	0.00	0.00	17.37
	Personal Vehicles	1.23	0.00	0.07	1.30
Tank and Mechanical	Construction Equipment	60.88	0.00	0.00	60.88
	Personal Vehicles	6.15	0.00	0.32	6.47
Paving/Site Work	Construction Equipment	1.50	0.00	0.00	1.50
	Personal Vehicles	0.49	0.00	0.02	0.51
Waterline Extensions	Construction Equipment	9.38	0.00	0.00	9.38
	Personal Vehicles	0.98	0.00	0.05	1.03
Total Construction Emissions		118.16	0.00	0.55	118.71

Operating Emissions

Operating emissions were estimated using Modesto Irrigation District’s emission factors adjusted for State-mandated Renewable Portfolio Standards for electrical utilities and assuming new rules governing emissions from stationary sources will be implemented. This is a realistic representation of emissions over the 50-year life of the project.

Direct Emissions

Facility inspections will occur three times per week; a total of 156 trips per year were assumed (Christensen pers. comm.). Emissions associated with inspections were modeled using the URBEMIS 2007 model. The site will have one 760 horsepower backup diesel generator. The generator will be used no more than six hours per year (Christensen pers. comm.). Carbon dioxide emissions were modeled using URBEMIS 2007, while methane and nitrous oxide (N₂O) emissions were determined by scaling the construction carbon dioxide emissions.

Indirect Emissions

The California Air Pollution Control Officers Association (CAPCOA) (2010) lists the following energy requirements for the San Joaquin River Basin:

- Water Treatment: 111 kilowatt-hours (kWh) per million gallons (MG)
- Water Distribution: 1,272 kWh per MG

These factors were multiplied by the amount of water produced by the project, which was 69.6 million gallons in 2008. This rate of consumption is not expected to increase appreciably; the purpose of this tank and well is to develop adequate water pressure for fire flow and to create redundancy in the system, considered necessary modifications to the existing system. Hickman can only accommodate a small number of additional houses and the water system is intended to serve those. An increase of 10 percent was assumed for the purpose of estimating potential additional energy use.

Energy use for water treatment and distribution is approximately 96,256.8 kWh annually. Eventually, energy use for water treatment and distribution in Hickman could increase to approximately 105,882.5 kWh annually.

Source	Annual Operating Emissions in Tons			
	CO ₂	CH ₄	N ₂ O	CO ₂ e
Booster Pumps	314.60	0.01	0.00	314.61
Well Pump	210.10	0.00	0.00	210.10
Treatment	2.67	0.00	0.00	2.67
Distribution	29.11	0.00	0.00	29.11
Mechanical Facility	0.00	0.00	0.00	0.00
Diesel Generator	1.10	0.00	0.00	1.10
Maintenance Trips	3.20	0.00	0.18	3.38
Total Annual Operating Emissions	560.78	0.01	0.18	560.97

Results Summary

Construction of the proposed project would generate a total of 118.71 tons of CO₂e. Operating emissions are estimated at 560.97 tons of CO₂e annually over the 50-year life of the project.

Mitigation

Appendix C of the Report identifies several potential mitigation measures, most of which are not feasible for the City of Modesto to implement, primarily due to the expense of many of the mitigation measures, although some mitigation measures are not directly related to the impact of the Hickman Well and Tank.

Measure 1: Limit idling time of off-road construction equipment to three minutes.

Measure 2: Limit idling time of on-road construction vehicles to three minutes.

Each of these measures (Report, p 11-13) is expected to reduce source emissions up to 1 percent. They will be incorporated into the project and into the construction service contracts the City will let. All contractors and staff will be expected to implement these measures, which will reduce fuel use, improve air quality, and reduce greenhouse gas emissions.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-82**

**RESOLUTION APPROVING THE PURCHASE AND SALE AGREEMENT
BETWEEN THE CITY OF MODESTO AND FRANCISCO JAVIER MARQUEZ,
JR., FOR A 1.37-ACRE (59,677 SQ. FT.) PARCEL OF LAND (APN 019-042-064),
IN THE AMOUNT OF \$86,750.00, FOR THE HICKMAN WATER TANK &
WELL PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED
DOCUMENTS REQUIRED TO CLOSE ESCROW**

WHEREAS, on July 12, 1995, the City of Modesto acquired the former Del Este Water Company, and

WHEREAS, a part of the Del Este Water Company included the water service system of the Hickman Community, and

WHEREAS, a Technical Memorandum prepared by West Yost Associates on March 30, 2010, identified certain capital improvements to maintain existing water service levels and to provide additional service for anticipated new development, and

WHEREAS, staff has identified a 1.37-acre parcel for sale located at 910 Hickman Road in Hickman to place a water storage tank as a part of the capital improvements identified for the Hickman Community, and

WHEREAS, staff has completed the required environmental review for the property, and

WHEREAS, an Agreement is needed for the acquisition of the property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase and Sale Agreement between the City of Modesto and Francisco Javier Marquez, Jr., for a 1.37-acre parcel in fee, located at 910 Hickman Road (APN 019-042-064), in the amount of \$86,750 for the Hickman Water Tank and Well project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore,
Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: Cogdill

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-83**

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED, FOR THE ACQUISITION OF PROPERTY LOCATED AT 910 HICKMAN ROAD, OWNED BY FRANCISCO JAVIER MARQUEZ, JR., (APN 019-042-064) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE HICKMAN WATER TANK & WELL PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire a 1.37-acre parcel of land located on Hickman Road, owned by Francisco Javier Marquez, Jr., (APN 019-042-064), to be purchased by the City of Modesto for the Hickman Water Tank & Well project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Grant Deed for the acquisition of real property located at 910 Hickman Road, owned by Francisco Javier Marquez, Jr., (APN 019-042-064) to be purchased by the City of Modesto for the Hickman Water Tank & Well project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-84**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE MODESTO WEST BASIN IMPROVEMENTS PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH HASKELL & HASKELL ENGINEERING & CONSTRUCTION SERVICES, INC. OF KNIGHTS FERRY, CALIFORNIA IN THE AMOUNT OF \$394,731.06, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Modesto West Basin Improvements project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Modesto West Basin Improvements project were opened at 11:00 a.m. on January 17, 2012, and later tabulated by the Director of Utility Planning & Projects for the consideration of the Council, and

WHEREAS, the Director of Utility Planning & Projects has recommended that the bid of \$394,731.06, received from Haskell & Haskell Engineering & Construction Services, Inc. of Knights Ferry, California, be accepted as the lowest responsive and responsible bid and the contract be awarded to Haskell & Haskell Engineering & Construction Services, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Modesto West Basin Improvements project, accepts the bid of Haskell & Haskell Engineering & Construction Services, Inc. of Knights Ferry, California, in the amount of \$394,731.06, and awards Haskell & Haskell Engineering & Construction Services, Inc. the contract for the Modesto West Basin Improvements project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-94**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO,
SUPPORTING ASSEMBLY BILL (AB) 2131-LOCAL GOVERNMENT
INVESTMENTS IN PROPERTY ASSESSED CLEAN ENERGY (PACE) BONDS**

WHEREAS, existing law authorizes the legislative body of a local agency that has a sinking fund or moneys in its treasury that is not required for immediate needs to invest in specific investments, including among other things, United States Treasury notes, bonds, bills, or certificates of indebtedness, and bonds issued by the agency; and

WHEREAS, AB2131 would authorize the legislative body of a city, county, or city and county to invest up to five percent (5%) of the city, county, or city and county's aggregate investment funds in Property Assessed Clean Energy (PACE) bonds or local PACE eligible projects; and

WHEREAS, for the purposes of analyzing the effects of this bill, Finance staff consulted PFM Asset Management to provide a general opinion as to any fiscal impacts from such a proposed bill to the City, and

WHEREAS, they concluded that while there is a potential for a higher yield on investment returns it is also possible that the securities will be illiquid and that this type of investment would differ from the typical objectives of a public agency portfolio that focuses on stability and liquidity; now therefore

BE IT RESOLVED that the City Council of the City of Modesto supports Assembly Bill 2132 legislation that would authorize the legislative body of a city, county, or city and county to invest up to five percent (5%) of the city, county, or city and county's aggregate investment funds in Property Assessed Clean Energy (PACE) bonds

or projects financed with PACE bonds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

A RESOLUTION RESCINDING RESOLUTION NO. 2011-483

WHEREAS, the City Council approved the Economic Development Incentive Program on December 13, 2011, by Resolution No. 2011-483, and

WHEREAS, part of that action was intended to repeal Chapter 7 of Title VIII of the Modesto Municipal Code relating to Enterprise Incentives, and

WHEREAS, it was determined after the fact that the administrative process to repeal a Municipal Code required an Ordinance, which was not done at that time,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby rescinds Resolution No. 2011-483.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-96**

A RESOLUTION ADOPTING THE ECONOMIC DEVELOPMENT INCENTIVE PROGRAM AS RECOMMENDED BY THE COMPREHENSIVE FEE TASK FORCE

WHEREAS, the City Council Finance Committee approved the formation of the Comprehensive Fee Task Force (CFTF) on November 23, 2009, and

WHEREAS, one of the primary objectives of the CFTF was to evaluate and coordinate development fees to ensure they were aligned with the development process, and

WHEREAS, the CFTF made recommendations for new development fees, policy process and procedural changes that were adopted by the City Council in Resolutions 2011-104, 2011-105 and 2011-106, and

WHEREAS, the CFTF was directed by the Finance Committee to continue their work and recommend an Economic Development Incentive Program to assist in the attraction of new business and retention of existing business and the creation of jobs in Modesto, and

WHEREAS, the CFTF considered the goals and strategies of the City of Modesto 2003 Economic Development Plan to identify categories that best measure economic value, and

WHEREAS, the Task Force agreed on the following measurement categories:

1. IMPLAN
2. Number of jobs created
3. Location
4. Infrastructure and services impact
5. Bonus points for higher paid jobs and mixed use projects

WHEREAS, the Finance Committee reviewed and recommended approval of the Task Force recommendations on September 26, 2011,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Economic Development Incentive Program using the 5 measurement categories as recommended by the Comprehensive Fee Task Force and described further in **Attachment A**.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

EXECUTIVE SUMMARY

Communities today can no longer rely on being the low cost alternative to achieve economic development success. Companies are no longer wooed solely by the notion of cheap land and electric rates, but are also looking for unique value. The business of economic development has become more complex with a whole new set of variables such as global competition, advanced technologies and a volatile labor market. The new paradigm that cities must embrace to be successful has changed from marketing a low cost location to seeding a high quality of life that encourages entrepreneurship and attracts or “grows” knowledge workers. The key to success is ensuring that all companies become New Economy industries by adopting the latest technology, training their workers and exporting to global markets.

Facing the challenges of competition in a global economy will be an important key to succeed in economic development in the city of Modesto and Stanislaus County. Having a highly productive workforce, convenient transportation networks, advanced telecommunications infrastructure, and a coveted quality of life are among the key factors that can make a community more desirable.

To help position Modesto in the global economy, city leaders participated in a city and countywide economic development planning process. This process resulted in the creation of a five-year economic development strategic plan to guide economic development decisions and policy in Modesto. Concurrent to the Modesto planning process was the development of a Countywide Economic Development and Marketing Plan whose sole purpose is to support and facilitate economic development in Modesto and other Stanislaus County partner communities.

In creating the Modesto and countywide plans, the ESI Strategic Planning Team conducted a variety of research and planning activities. This included a thorough review of previous studies and plans on the region, county, and cities; local and regional evaluations of site selection factors such as land, building, utilities, and workforce; analysis of industries that would be a good fit for the county; and a marketing assessment.

KEY FINDINGS

An aggressive public policy framework for economic development must be undertaken which addresses the key issues hampering economic growth in Modesto and Stanislaus County. Many of these issues must be resolved at the regional level, while some of them at the local level. The collective interests and participation of government, education, business and social service agencies will be necessary in order to achieve any measure of success.

LEADERSHIP

Stanislaus County, like many other regions, has conducted numerous studies over the years which identified a variety of issues to be addressed. Many of the issues identified are fundamental to economic growth and some speak to the area’s quality of life. In most cases, these studies and plans are still as applicable today as when they were first drafted. However, they lacked the

ATTACHMENT A

leadership, collaboration, human and financial resources, and political will necessary for implementation. Fragmentation of leadership, lack of consensus and a culture of blame and mistrust permeate the area which has hindered the advancement of countywide goals.

EDUCATION

Education and skills are the ticket to upward mobility and increased earnings. More than one-half the jobs created in the U.S. between 1984 and 2005 will require some education beyond high school.¹ In 2000, nearly 30 percent of the county's population 25 and older did not have a high school diploma, and only 14 percent had a four year college degree or higher, this compared to the state at 23 percent and 27 percent respectively. The next generation does not appear to be changing this trend of lower educational achievement. In Stanislaus County 3.7 percent of high school students dropped out in the 2000-2001 school year compared to 2.8 percent in the state, and only 25 percent of high school seniors took the SAT or ACT, the common tests needed to enter college, compared to 38 percent at the state level. The situation for Hispanic students is even more concerning as they represent one-third of the total high school students, but over half of the dropouts.

WORKFORCE

The county experienced significant job growth from 1991 to 2000, growing by 22 percent compared to the neighboring counties of Merced and San Joaquin that grew by 6 and 20 percent respectively. However, the average wage in Stanislaus County grew by only 4 percent when adjusted for inflation showing that the jobs added were not of the type to change the overall trends in the local economy. In addition, unemployment rates remained twice as high as the state, with significant seasonal fluctuations. In 2000, over 20 percent of the employed residents of Stanislaus County worked outside the county.

In comparing regions that Stanislaus County competes with it was revealed that wage rates are a major strength for the county. However, limited basic skills, drug and alcohol issues, and limited English language skills were identified as challenges that employers face. The population and workforce is growing, with all key occupations expected to increase. Skilled job availability is below average, while unskilled, semiskilled, and management availability is above average. Clerical availability is very good. The county lacks engineering or Ph.D. level programs; however California State University, Stanislaus recently started the Agriculture Studies Department to address an important educational track for the local economy. Modesto's education community has begun addressing some of the basic workforce challenges by linking business and education through programs that give students and teachers workplace experience through mentoring and internships.

ATTACHMENT A

TRANSPORTATION

Infrastructure has always played an important role in economic development. Investments in commonly shared economic resources, such as roads and bridges, allowed companies in an industrial economy to be more productive. In Stanislaus County the transportation infrastructure has not kept pace with growth. Much of the existing infrastructure is antiquated and the financial resources are not available to increase overall capacity of the existing transportation network. There is also a lack of consensus on the part of decision makers as to the construction priorities. StanCOG estimates that the minimum transportation needs in the county exceed currently available funding by \$1.6 billion. While many communities across the country today are focusing on the development of New Economy infrastructure, Stanislaus County has to play catch up and significantly increase its investment in transportation improvements.

SITES, BUILDINGS, AND INFRASTRUCTURE

It goes without saying that communities who are successful at recruitment and retention have an adequate supply of fully improved land and vacant buildings. Having an inventory of suitable space will position the County well into the future to successfully compete for quality business opportunities. Today the county lacks large, fully improved sites that are ready for construction, and available buildings that meet current industry standards. There are however many large sites without infrastructure and small sites that are ready for construction. The soon to be available West Patterson Business Park is an excellent example of a business park that meets the needs of today's business.

QUALITY OF LIFE

The key to recruiting and retaining companies in an economy in which skills are the scarcest resource is attracting or "growing" knowledge workers. As a result enhancing the quality of life by providing abundant amenities, a clean environment, and a superior quality of life is more important today to attract and retain a quality labor force.

The communities in Stanislaus County offer a variety of lifestyle choices from urban downtowns to rural ranches. The planned Gallo Arts Center and white river rafting are two examples of the diversity offered. Cost of living and housing prices are lower than large metropolitan areas where the county may attract businesses from, however housing prices are slightly higher than some regional competitors.

AIR QUALITY

Stanislaus County is within the San Joaquin Valley Air Pollution Control District, an eight county region which includes San Joaquin County to the north and Kern County to the south. The combination of internal and external factors results in a non-attainment designation for ozone and PM-10 by both Federal and State criteria for the entire district. While Stanislaus County itself has only minor pollution issues, the higher pollution levels in the southern counties impact the designation for the entire district. The effects of non-attainment status are the need to develop a plan to achieve attainment, and increased federal and state regulation of the amount of pollution that can be emitted by businesses.

ATTACHMENT A

RECOMMENDATIONS

Focusing resources and policy efforts towards improving or rectifying the key issues identified by the ESI Strategic Planning Team will position the county, the cities and The Alliance in developing a vibrant economy and building stronger sustainable communities. Recommendations presented here will help advance the larger progressive goals, such as higher incomes, new job opportunities, more individual choice and stronger communities. Some of the recommendations are best implemented on a city level while others are best at the countywide level.

ECONOMIC DEVELOPMENT

- Develop The Alliance into a true public private partnership for the implementation of economic and workforce development activities. Increase participation and financial contributions from the private sector.
- Create an economic development team (EDT) that will serve as an advisory committee to The Alliance by providing input on marketing, industry targets, research needs, and economic development process and procedures. The Economic Development Team (EDT) should include the key person responsible for economic development from the county and each member city.
- Bring together CEOs and general managers of local companies quarterly to understand the key issues in the business community.
- Develop a countywide Agri-Sciences Industry Cluster. This group of the core agriculture businesses, their related support industries, academia, and workforce training providers will work to improve the competitiveness and profitability of the industry by connecting business with suppliers; academia for innovation; and workforce development for skills enhancement.

EDUCATION AND WORKFORCE

- Develop strong connections between universities, colleges, the public sector, and business community to ensure that research priorities and economic development strategies are linked. This should include the development of a four-year engineering degree focused on agriculture that can be obtained entirely within Stanislaus County.
- Develop a continuum of education from pre-school through elementary school, high school, post secondary technical schools, and colleges. The continuum should offer smooth transitions and articulation of programs between institutions. It should further build relationships between educators to identify challenges, exchange successful strategies, and develop inter-institution solutions.
- Strengthen the relationships between business and K-12 educators. Relationships are strained in many communities as businesspeople do not see quality workers emerging from the K-12 education system, and educators believe that the community at large does not understand the often conflicting mandates with which they must contend. Businesspeople need to understand their dual roles of both explaining their needs to educators and offering workplace experiences for students. Educators need to clearly articulate their constraints, work with the businesspeople to identify solutions to their issues, and be open to regular modification of programs to meet the changing needs of business.
- Implement strategies to lower the dropout rate in the county, especially among Hispanic teenagers.
- Develop post-secondary training programs that hold both businesses and educators accountable for outcomes. Too often educators attempt to build programs that meet the needs

ATTACHMENT A

of business but miss the mark due to reasons that include incomplete articulation of needs from the business community or misinterpretation by the educators. Both parties need to work together to continually assess and refine programs to meet the desired outcome.

BUSINESS DEVELOPMENT

- Foster entrepreneurship and small businesses through targeted training and the creation of a business incubator.
- Develop a collaborative approach to business retention and expansion that will utilize the resources of The Alliance, local chambers of commerce, and jurisdictional staff to meet with existing businesses and spread the word about new programs.

INFRASTRUCTURE AND SITES

- Prioritize and fund needed transportation improvements. Although various groups have come together in the recent past, a solution agreeable to all parties remains elusive. A solution with widespread political support from the business community as well as local and county governments must be developed.
- Increase the amount of land available for commercial and industrial development by extending infrastructure and developing business and industrial parks.

AIR QUALITY

- Confront the issues of air quality in advance of federal sanctions. The air quality issues facing the county are not likely to go away, and choosing a wait-and-see course of action may not be the best approach due to the long timeframes needed to implement a chosen course.

MODESTO STRATEGIC DIRECTION

The Modesto economic development plan is a blueprint of the city's priorities in the area of economic development over the next five years. It identifies specific issues that the city will focus on, and the strategies to be undertaken to perpetuate short and long term economic development successes for Modesto. This plan was developed in conjunction with the Modesto Economic Development Committee and city staff. Their participation in meetings and input to draft reports helped mold a realistic plan that can be implemented over the course of the next five years.

As a foundation to build from, the Modesto Economic Development Committee used the City of Modesto's vision, which follows here:

Modesto: A healthy, safe, attractive, economically vibrant, socially diverse and culturally rich city with a strong sense of identity and pride, a community engaged in the practice of citizenship with governance based on the principle of stewardship.

ATTACHMENT A

The Modesto Strategic Planning Team built on the City's overall vision by agreeing upon the following economic development directive for the future of the community.

Modesto will be an economically diverse and vibrant community, which works with its partners in the region to implement economic development practices that encourage businesses which raise our community's median income and reduces unemployment.

The findings from our research and analysis include a number of key strengths to leverage and key weaknesses to overcome in order for Modesto to optimize business development opportunities.²

STRENGTHS TO LEVERAGE

- Low electric power costs
- Proximity to State Highway 99
- Center of government for Stanislaus County
- Mainline rail access
- Revitalized and flourishing downtown
- Home of the Gallo Arts Center and other cultural amenities
- Planned office projects in downtown
- Large outcommuting population - could be enticed to work locally
- Labor availability is above average (except skilled)
- Quality of life - ability to relocate management

WEAKNESSES TO OVERCOME

- Limited land available for immediate construction due to lack of infrastructure
- Lack of available buildings that meet current market needs and demand
- Lack of basic skills and employability

This plan includes many goals and strategies that will be beneficial to the economic development efforts of the city of Modesto. The Economic Development Committee wanted to ensure a plan that included all the key issues as well as many opportunities for diverse stakeholders to identify some of the ways in which they can have a positive impact on the future success of the community. Pursuing some of these may be beyond the resources available to the city in the next five years, however there are three major issues / opportunities that must be addressed for this to be dubbed a successful plan.

² Derived from various research. Major sources: Labor and Wage Analysis and Strengths and Weaknesses Assessment – City of Modesto prepared by the ESI Corp Strategic Planning Team in 2002.

ATTACHMENT A

1. Adding ready to build land to the City's inventory is a key component to bringing in new jobs to the community. The Kansas-Woodland Business Park and the North Gateway/Kiernan Business Park are the two projects that are most active at this time. Addressing the federal and state regulatory and permitting requirements at the Kansas-Woodland site to ensure that it continues to move forward will be critical to bringing the project online in a timely fashion. Continuing to work with property owners, the County and others in the North Gateway/Kiernan area is important to laying the groundwork for quality development to occur in this area.
2. The development process is an important part of doing business in a community, and one that the local government can readily control. From streamlining the process to investing in state-of-the-art technology, improvements can be made to appeal to the needs of a business community that everyday must move faster.
3. Downtown Modesto is a true asset to the community. Business, entertainment, government, culture and other activities all occur in this vibrant part of the city. Residential development, business development, beautification and infrastructure investments will be the anchors for an even more vibrant and successful downtown Modesto.

ATTACHMENT A

SUMMARY OF GOALS

The Modesto Economic Development Plan includes the following seven goals, which are summarized below and organized by focus area. The implementation of these goals, in tandem with the countywide goals, will quickly position Modesto in a more competitive role relative to strengthening economic development and building a sustainable economy.

OVERALL GOAL

GOAL 1 Modesto will be designated a "Livable Community" in recognition of its efforts to improve the business climate and quality of life of its residents.

SITES AND BUILDINGS

GOAL 2 Business and industrial parks and ready-to-go sites and buildings will be available to meet the needs of business.

GOAL 3 The City's development process will be efficient, customer friendly and informative.

INFRASTRUCTURE

GOAL 4 Infrastructure will meet the needs of existing and future businesses and residents.

DOWNTOWN AND CULTURAL VIBRANCY

GOAL 5 Our downtown will be a vibrant government, financial, corporate and regional entertainment center with high-density housing and services.

BUSINESS DEVELOPMENT

GOAL 6 The individual resources of the City of Modesto, The Alliance, the Modesto Chamber of Commerce and the Modesto Convention and Visitors Bureau (CVB) and other key economic development partners will be maximized to achieve common goals.

WORKFORCE DEVELOPMENT

GOAL 7 Workforce support programs will be available to Modesto residents so that anyone who is interested in working will have that opportunity.

I. INTRODUCTION

Economic development strategic planning has never been more important to the future success of communities, regions, states or even nations than it is today. The speed of socioeconomic change and technological advances are increasing around the world, and therefore having a plan in place that provides solid footing to address these changes is important. The challenge that economic development faces today is providing value and remaining relevant in this changing world.

In order to provide value and stay relevant, the focus of economic development must be twofold: 1) foster a business environment that will allow a company to be more profitable relative to its other global location options and competitors, and 2) foster a quality of life that will attract and retain skilled workers and corporate decision makers. Economic development today must focus not just on being a cost competitive location, but on offering *value*. Therefore, factors such as productivity, profitability, quality of life, and many others are evaluated by companies in determining where to startup or expand an operation.

Competition in the global marketplace cannot be underestimated as the world grows closer together through socioeconomic ties, technology advancements, and improved transportation systems. The ease of entering foreign markets, for both production and sales, means that most companies work on an international scale or compete with companies that do. Therefore Modesto and Stanislaus County must foster an environment that will allow its businesses to compete globally.

Communities today need a workforce that is motivated and trainable to fit into the higher productivity jobs that will remain in the U.S. They need the ability to quickly and efficiently bring in materials and ship out goods to a global marketplace. A smooth and simple development process is needed that will allow a company to startup or expand on their schedule, not the schedule of the local jurisdiction. The community must offer a quality of life that will attract and retain the skilled workers that will be demanded in any location they choose to locate. This is the environment that is needed to stay relevant.

Economic development is not just the field of business recruitment, retention, and expansion, it involves reforming the workforce development system, marshaling public investment in infrastructure, and molding tax and regulatory policy. To be successful the private and public sectors will need to work as a team, each contributing staff time and financial resources to the economic development efforts. The City of Modesto Community and Economic Development Department will be the primary entity guiding this local plan, and this role includes implementation, coordination and team building. Collaboration with key stakeholders will be the catalyst for community action, which will help build economic sustainability and vitality for the community.

COLLABORATION

The California Department of Housing and Community Development (HCD) during 2001 announced a grant opportunity under the Jobs-Housing Balance Improvement Program. This

ATTACHMENT A

program allowed communities who met HCDs criteria of: 1) having fewer than 1.5 jobs per housing unit and 2) a current housing plan, the opportunity to submit an application for funding to conduct economic development planning.

Leaders in the community determined that a collaborative approach to obtain grant money for the county and eligible communities would be beneficial and submitted application for funding. HCD announced their awards and Stanislaus County, Waterford, Modesto, Turlock, Ceres and Newman were approved for funding. For three cities that did not meet the criteria, Hughson, Oakdale, and Patterson, the Stanislaus County Workforce Investment Board decided to provide funding in order to ensure a comprehensive countywide planning process.³ The ESI Strategic Planning Team was hired to prepare a countywide economic development and marketing plan and a strategic economic development plan for each city and the unincorporated county.

PLANNING PROCESS

The planning process employed for this project drew on the strengths and resources of the entire county to develop a plan for the city of Modesto. While the primary input for Modesto's plan came from the Modesto Economic Development Committee and the City of Modesto, the local plan benefited from the countywide efforts conducted on a parallel track. The following are summaries of the background components of the planning effort conducted by the ESI Strategic Planning Team:

- Previous Studies and Plans – The project team reviewed various county-specific studies on topics including: the economic base, industry clusters and targets, telecommunications and technology, regional transportation and freight, unemployment and workforce development, and the vision for the future.
- Economic Summit – An Economic Summit was held May 14, 2002 to give leaders throughout the county an opportunity to identify the key opportunities and issues they thought were most important for Stanislaus County to focus on in the future.
- Labor and Wage Analysis – This was an evaluation of the labor force of Stanislaus County from the point of view of a corporate site selector. A total of 27 interviews with large employers and key organizations active in Stanislaus County took place in April of 2002.
- Strengths and Weaknesses Analysis – This examined the communities of Stanislaus County in relation to 19 site selection factors from within the major categories of labor force, transportation / market access, sites and buildings, utility / municipal services, and cost of living / relocation. The city was rated on a scale from 1 to 10 in each factor.
- Cost Comparison Reports – These reports compared the costs of locating and operating a hypothetical business in Stanislaus County to other locations in the region and the country. The three types of industries studied were technical support service center, electronics facility, and a plastics molding facility.
- Mock Site Visit – This process evaluated how each jurisdiction worked with a corporate site selector during a mock site selection exercise. The process involved an information request for a hypothetical project, and was followed by a site visit interview with each community. A

³ The City of Riverbank was also awarded the HCD grant. The City developed a local plan and participated in the countywide planning effort.

ATTACHMENT A

debriefing was held at the end of the process to provide constructive criticism in order to achieve greater success in future business attraction opportunities

- Industry Cluster Opportunities – An analysis was prepared detailing the key industry cluster opportunities for Stanislaus County based on industries growing locally and/or regionally and paying above average wages. Agri-Sciences was found to be a key opportunity throughout the county, along with medical services.
- Countywide Marketing Plan – The background sections of the plan evaluated the external audience's perception of Stanislaus County through a survey of national corporate site selectors, assessed the marketability of existing and planned land and buildings based on the key site location factors defined by businesses, and evaluated existing marketing materials and websites produced by each of the jurisdictions. A summary of the goals and strategies contained in the plan is in the following section.

The Modesto Economic Development Committee and city staff were the key groups providing input to the final plan developed. Two meetings were held with the Committee: 1) at the first the group identified their vision and discussed some of the key successes, obstacles and opportunities in the city, and 2) at the second the group discussed the city's goals and strategies in detail. Meetings were held throughout the process with city staff to understand city policy and to refine the plan into a document that will be implemented in the short and long term.

THREE PLANS

The parallel planning process resulted in the development of three distinct implementation plans. The challenges faced by any one community are multifaceted, and in some cases are specific to that community and in others are shared by the entire county. Each of the plans contains strategies that must be implemented to achieve economic development success at the local and countywide levels. The relationship of these documents is as follows:

1. Modesto Economic Development Plan – Certain economic development issues are inherently local in nature. Examples include readying individual sites for development within the city, redevelopment, downtown beautification, infrastructure development, and maintaining a development process that is straightforward and fair. While there are certainly supporting partners present throughout the county and in some cases beyond, the impetus for action must come from the City and local economic development partners to address these issues.
2. Countywide Economic Development Plan – The countywide economic development and implementation plan specifically addresses issues that transcend municipal boundaries and, while impacting the economic development successes of the cities, are not issues that cities can reasonably confront on their own. Examples include air quality, regional transportation, workforce development, education, and how the cities and The Alliance work together in handling leads and providing data to prospects.
3. Marketing Plan – This plan contains five marketing campaigns, Local Business Development, Downtown Retail Development, Branding (Awareness), Master Developers, and Target Industries. These campaigns are designed to afford each community the opportunity to participate as much or as little as their resources will allow. The campaigns can be implemented by a single community, or a partnership of all or some communities.

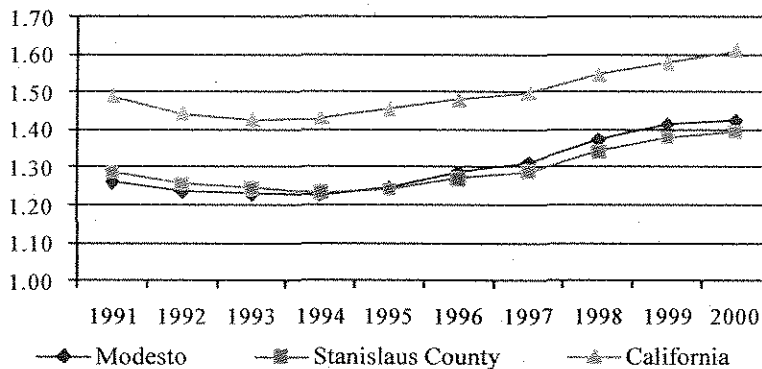

ATTACHMENT A

II. BACKGROUND

The focus of the plan is to improve the jobs to housing balance in the county and ultimately in Modesto. Many of the specific issues discussed here, such as unemployment and wages are best evaluated in a regional context, as opposed to on a city by city basis. Labor markets do not follow city boundaries, and many of the residents of Modesto are in fact employed in other parts of the county and the region. The way these issues are addressed in the city of Modesto, and how local government and organizations are able to work with regional partners and leverage regional assets are important aspects of the local plan.

Modesto added nearly four times as many jobs as housing units (16,111 new jobs and 4,059 new housing units) between 1991 and 2000. As Chart 1 shows, Stanislaus County, with overall jobs to housing balance of 1.39 in 2000 has an overabundance of housing relative to jobs in comparison to the state average of 1.61 as well as the HCD prescribed guideline of 1.5 jobs per house. Modesto's ratio of jobs to housing was slightly higher than the county's at 1.42 in 2000. Stanislaus County has also been plagued by a relatively high unemployment rate (often as much as twice the state average) for decades.

Chart 1 – Job to Housing Balance, Modesto, Stanislaus County, and California, 1991 to 2000

Source: CA Employment Development Dept., CA Dept. of Finance, US Census, BEA, ESI Corp

For these reasons, the primary focus of economic development planning in the county is directed toward job creation, both to provide more and better opportunities for the existing unemployed workers (in conjunction with coordinated training to ensure that workers have the skills to fill the jobs) and in order to mitigate the need for long and costly commutes by residents. As shown on Chart 2, 11.2 percent of employed Stanislaus County residents commute one hour or more one way to work each day and the average commute time has increased from 22.5 in 1990 to 26.8 in 2000.

Chart 2 – Average Commute Time and Percentage of the Population Commuting One Hour or More One Way to Work, Stanislaus County 1990 and 2000

Source: US Census 1990 and 2000

Another key issue of importance in Stanislaus County today is the quality of the available jobs. As Chart 3 shows, while the county has generally been fairly successful in job creation efforts average wages have increased more slowly. This exacerbates the “modern” phenomena whereby more than one full time job is *needed* to support the household, and the associated issues which include long commutes driven by multiple wage earners with jobs not in proximity to one another, air quality impacts, and a time shortage in the household that limits civic and community involvement.

Chart 3 – Growth in Employment and Average Wages in Stanislaus County, 1991 to 2000

Note: Wages adjusted by a rebenchmarking West Urban CPI (1999-2001=100)
 Source: BEA, BLS, ESI Corp

Though Stanislaus County has been relatively successful in job creation efforts in recent years, the potential for housing growth is in many instances greater than the potential for job growth because of transportation infrastructure, lack of suitable sites and available buildings, and market conditions. Overcoming barriers to job creation and creating better (higher skill and higher wage) jobs will be a constant struggle, but one that can and will be undertaken.

ATTACHMENT A

MODESTO TODAY⁴

Understanding the socioeconomic make up of the city of Modesto is an important factor in identifying and taking advantage of appropriate opportunities for regional partnerships and targeting local resources optimally for success.

POPULATION

The population of Modesto grew from 164,730 persons in 1990, to 188,856 persons in 2000. With an overall population increase of 15 percent over this ten year period, Modesto grew slightly faster than the state of California (14 percent), yet somewhat slower than Stanislaus County (21 percent).

HOUSING

According to the 2000 census, there are 67,278 total housing units within the city of Modesto, 65,103 of which are occupied. The renter occupation rate is 41 percent. The median home price is \$126,000, and the median year that a Modesto home was built is 1975, same as that for Stanislaus County, and newer than California as a whole (1970).

RACE, ETHNICITY AND LANGUAGE

The majority of the population of Modesto is white (70 percent). This is somewhat higher than the share of the population at the state level (60 percent), while at the same time equaling the percentage of Stanislaus County as a whole (70 percent). With 26 percent of Modesto claiming Hispanic or Latino ethnicity, the city possesses a moderately lower proportion of Hispanics and Latinos than the county at 32 percent. Modesto and Stanislaus County contain a similar percentage of African Americans at 5 percent and 3 percent respectively. These both contrast to California's figure of 7 percent of the state population being African American. American Indians make up 2 percent of the Modesto population, Asians make up 7 percent, and Pacific Islanders constitute a small 1 percent. According to the census, 15 percent of the population of Modesto classify themselves as some race other than those referenced above.⁵

Of the population 5 years and over, 72 percent speak English exclusively at home. The remaining population speaks Spanish (17 percent), Indo-European languages (4 percent), and Asian and Pacific Island languages (5 percent). The city's percentage of Spanish speakers at home is lower than that of the county at 24 percent, and that of the state of California at 26 percent.

AGE

Age distribution figures for the city indicate that the population of Modesto is relatively young. According to US Census 2000 estimates, 30 percent of Modesto residents are under the age of 18, which is somewhat higher than the same statistic for California (27 percent) and close to

⁴ All data referenced in this section is from the US Census.

⁵ Census respondents are allowed to indicate multiple races and Hispanics can be of any race.

ATTACHMENT A

Stanislaus County (31 percent). Conversely, 59 percent of the Modesto population is of the workforce age (age 18 to 64), which mirrors 59 percent for the county, yet falls below 62 percent for California. Persons age 65 and over constitute 11 percent of the population of Modesto, close to the roughly 11 percent of both Stanislaus County and California that fit in the same age category.

INCOME

The median household income in Modesto is \$40,394, which is nearly identical to the median household income for the county at \$40,101. Both of these are somewhat lower than the median household income of California, with a figure of \$47,493. It is estimated that 30 percent of Modesto households make below \$25,000, while only 10 percent make more than \$100,000 annually. A majority of the households (61 percent) make between \$25,000 and \$100,000. Modesto and the county both have a somewhat higher poverty rate (16 percent) than the state.

EDUCATIONAL ATTAINMENT

Modesto is effectively on par with the county and the state in several educational statistics. The percentage of the Modesto population (age 25 and older) with a high school diploma or more currently stands at 75 percent. While this is higher than Stanislaus County at 70 percent, it is fairly close to a figure of 77 percent for California as a whole. About 17 percent of the Modesto population holds a bachelor's degree or higher, a figure that exceeds the county a whole at 14 percent, but trails the percentage of all Californians (age 25 and older) with a bachelor's degree or higher at 27 percent.

EMPLOYMENT

It is estimated that 28 percent of the employed labor force in Modesto works in management, professional, and related occupations, followed by 28 percent in sales and office occupations, followed by 16 percent in production, transportation, and material moving occupations. This contrasts to Stanislaus County as a whole, where 18 percent of the employed labor force works in production, transportation, and material moving occupations, and a similar 27 percent of the county labor force works in management, professional, and related occupations. At 36 percent, a higher percentage of California's entire labor force works in management, professional, and related occupations.

Source: US Census

ECONOMY

Stanislaus County has a wide and varied distribution of the industries that employ its growing population. Of these industries, the one that employs the largest percentage of the county’s population is the educational, health and social services sector, accounting for 20 percent of the employed civilian population 16 years and over. This is slightly higher than the corresponding figure for the state of California’s as a whole, of which only 19 percent work in the same industry. The manufacturing industry comes in second for the county; employing 15 percent of Stanislaus County’s employed residents, compared to a slightly smaller percentage of California as a state (13 percent). The retail trade sector follows as the third largest employment industry for Stanislaus, employing 12 percent of the county, which is also somewhat higher than 11 percent for the state. Combined, these three aforementioned industries employ approximately 47 percent of Stanislaus County, with the remaining 53 percent of the county employed across a range of ten other industry categories. Some other industries that employ sizeable portions of the county’s working population are construction at 8 percent, and arts, entertainment, recreation, accommodation and food services at 7 percent. Agriculture, forestry, fishing and hunting, and mining also employ a significant 6 percent of the county’s civilian population 16 years and over. One industry area where Stanislaus County lags the rest of California is in professional, scientific, management, administrative, and waste management services, which claim only 7 percent of the county’s working population, yet employs almost 12 percent of California’s working population.

ATTACHMENT A

INDUSTRY CLUSTERS

As was eloquently pointed out in earlier Stanislaus County research, “A Job is Not a Job.”⁶ Industries which make purchases of raw materials locally provide greater support to the local economy, and industries paying higher wages provide more money for consumers to recirculate through the local economy and also have a greater vested interest in further investment in their workforce.

Given limited resources, strategic application of economic development efforts is necessary to achieve the best possible success. The new paradigm of economic development, which Stanislaus County is well positioned to take advantage of, involves a holistic, comprehensive focus on a limited number of key industries as a way to grow the regional economy. Key industries can mean a number of things, including industries that employ a large share of the local workforce, industries that pay high wages, industries that have rapid expansion potential due to market conditions, industries that support the supply chain of others active in the market and so on. Industry clusters embody these factors in their very definition, as shown on Chart 4.

⁶ “A Job is Not a Job,” Center for Public Policy Studies, January 1999.

Chart 4 – Components of an Industry Cluster

Source: "Industrial and Regional Clusters: Concepts and Comparative Applications"

Industry clusters include not only firms active in the same industry and their buyers and suppliers (Trading Sectors), but also other industries that share similar technologies, labor pool, and / or strategies (Related Sectors). When the industry cluster concept is further developed it also considers the Supporting Institutions, such as education and training providers and regulatory agencies, which can support or hinder industries throughout the cluster. The way in which these various entities come together can be enhanced by the recent merger of workforce development and economic development into The Alliance, one of the first mergers of its kind in the nation.

AGRI-SCIENCES CLUSTER

Stanislaus County is at an important crossroads today in terms of economic development. The total value of agricultural products produced in Stanislaus County in 2000 was \$1.2 billion. Agriculture is, and will continue to be a key economic sector in Stanislaus County. The long term trend in this industry is, however, toward increased use of capital (relative to labor) in production. This means that even while maintaining, and possibly increasing, its position as a large scale supplier of agricultural goods, overall agricultural employment in Stanislaus County is likely to remain flat or decrease and the jobs that remain will require (on average) higher skill levels and new skill sets.

The county is well represented in agricultural production and in associated manufacturing industries such as food processing and canning. The brightest future of the county, however, lies in further developing the Agri-Sciences Industry Cluster (of which the aforementioned are an important part) by taking advantage of existing competencies, integrating new and existing

ATTACHMENT A

institutions and partnerships, and investing in and providing tools for success to the local workforce.

MEDICAL SERVICES CLUSTER

Medical services has been identified as an emerging cluster in Stanislaus County to be targeted at the local level. Health care jobs are among the fastest growing in the country. Nationwide shortages of nurses and skilled care professionals make the need to develop local programs to train these individuals and support their career development evident. Health care can be an economic engine for Modesto and Stanislaus County through the siting of hospital campuses and other medical office space, which can employ thousands of health care workers at above average wages.

There are nearly 700 health-care related firms in the county that employ over 13,500 people. Except for intermediate care facilities (SIC 8052) and psychiatric hospitals (SIC 8063) all sectors are represented in Stanislaus County. The industry has shown excellent growth in Stanislaus County over the past ten years and continued growth is projected nationally. Through a coordinated effort the hope is that the county will become the regional medical services hub of the entire Central Valley. Working to develop a formalized industry cluster in this area will facilitate opportunities for supporting activities and research and enhance efforts to retain and recruit associated businesses.

BUSINESS SERVICES CLUSTER

As the center of business and government in Stanislaus County, Modesto will focus on developing the business services cluster. Banking, real estate, advertising, engineering, and architecture are examples of the types of firms that make up higher end business services. While distinct in their fields of specialization, they share many of the same clients and have similar needs for qualified support staff. Strengthening the relationships between these firms will help build the business services industry through referrals and other linkages to keep these activities from leaking outside the county.

III. MODESTO ECONOMIC DEVELOPMENT PLAN

The city of Modesto's economic development plan is a blueprint of the city's priorities in the area of economic development over the next five years. It identifies specific issues that the city will focus on, and the strategies to be undertaken to perpetuate short and long term economic development successes for Modesto. The specific allocation of staff and financial resources for the implementation of the plan will be determined at the time the steps are taken.

This plan has been developed in support of the City of Modesto's vision:

Modesto: A healthy, safe, attractive, economically vibrant, socially diverse and culturally rich city with a strong sense of identity and pride, a community engaged in the practice of citizenship with governance based on the principle of stewardship.

The Modesto Strategic Planning Team built on the City's overall vision by developing the following economic development directive:

Modesto will be an economically diverse and vibrant community, which works with its partners in the region to implement economic development practices that encourage businesses which raise our community's median income and reduces unemployment.

This plan includes many goals and strategies that will be beneficial to the economic development

efforts of the city of Modesto. The Economic Development Committee wanted to ensure a plan that included all the key issues as well as many opportunities for diverse stakeholders to identify some of the ways in which they can have a positive impact on the future success of the community. Pursuing some of these may be beyond the resources available to the city in the next five years, however there are three major issues / opportunities

that must be addressed for this to be dubbed a successful plan.

1. Adding ready to build land to the City's inventory is a key component to bringing in new jobs to the community. The Kansas-Woodland Business Park and the North Gateway/Kiernan Business Park are the two projects that are most active at this time. Addressing the federal and state regulatory and permitting requirements at the Kansas-Woodland site to ensure that it continues to move forward will be critical to bringing the project online in a timely fashion. Continuing to work with property owners, the County and others in the North

ATTACHMENT A

Gateway/Kiernan area is important to laying the groundwork for quality development to occur in this area.

2. The development process is an important part of doing business in a community, and one that the local government can readily control. From streamlining the process to investing in state-of-the-art technology, improvements can be made to appeal to the needs of a business community that everyday must move faster.
3. Downtown Modesto is a true asset to the community. Business, entertainment, government, culture and other activities all occur in this vibrant part of the city. Residential development, business development, beautification and infrastructure investments will be the anchors for an even more vibrant and successful downtown Modesto.

FOCUS AREAS

The economic development plan is divided into six sections: one overall goal and five focus areas. The overall goal relates to coalescing an effort to achieve the “Livable City” designation from the Partners of Livable Cities organization. This goal impacts all of the subsequent goals because for Modesto to receive this designation it will need to be a leader in economic development and community development. The other goals in this plan are listed under the following five key focus areas:

- Sites and Buildings
- Infrastructure
- Downtown and Cultural Vibrancy
- Business Development
- Workforce Development

PLAN ELEMENTS

- Goal – Goals represent our conception of the preferred state of being.
- Current Situation – The current situation describes how things are in the city and / or county today.
- Strategies – A strategy is an approach or step to be taken to achieve a goal. Strategies that are lettered (for example 1A, 1B and 1C) represent sequential steps and / or activities dependant on one another. Numbered strategies (for example 1, 2 and 3) are separate activities that could be complementary activities to achieving the goal but performing one activity does not necessarily depend on the others happening.
- Key Partners – The key partners listed are the groups, organizations or persons that are primarily responsible for taking ownership of, monitoring and implementing the strategy.
- Timeframe – The timeframes delineated in this plan are underway (has already been started), short term (up to two years to implement), long term (more than two years to implement, but at least begun within five years) and ongoing (activities that need to be revisited periodically).
- Support Partners – Support partners are other groups, organizations, or people that will be invited to participate in the implementation of one or more strategies discussed under a given goal.

ATTACHMENT A

- Performance Measures – Performance measures represent criteria that can be reexamined in the future to help to evaluate the success of the plan. They are not necessarily (but may be) direct measures of the goals, but rather factors in the city and county that can be expected to exhibit a relationship to the achievement of the goal.

Brackets are used throughout the plan to designate goals and strategies which are also included in the City's 2001 – 2004 Strategic Plan. A tilde (~) is used if the goal or strategy is linked to the 2001 – 2004 Strategic Plan, but does not use it directly.

ATTACHMENT A

OVERALL GOAL

The quality of life in a community is an asset to economic development efforts. Communities that are desirable places to live and that are both experiencing growth and mitigating any associated negative impacts make good locations for new and existing businesses to develop.

Historically, people moved based on where businesses was located. Today, it is theorized that the location choices of "creative people" drive, rather than follow company location decisions. Thus, locations that are viewed as desirable to live in by skilled workers will tend to be more successful in attracting companies that require a highly educated workforce.

GOAL 1 MODESTO WILL BE DESIGNATED A "LIVABLE COMMUNITY" IN RECOGNITION OF ITS EFFORTS TO IMPROVE THE BUSINESS CLIMATE AND QUALITY OF LIFE OF ITS RESIDENTS.

CURRENT SITUATION

The Partners for Livable Communities, based in Washington, D.C., has identified 33 of the most livable communities in the US over the past 25 years. The designation as a Livable Community is a recognition of the hard work that is put into making a city a great place to live and do business. The selection process is based on the following factors:

- Amenities: environmental quality; parks and open space; arts and culture; design and planning; special places(downtowns and neighborhoods)
- Ability to Put Amenities to Work: economic development (image and marketing); cultural, heritage, and discovery tourism; outdoor performances, street fairs, festivals, etc.; human development (using culture to help youth and minorities, and to train workers)
- Leadership: recruitment, training, and development; public/private partnerships; community visioning and civic engagement; regionalism; evaluation (indices, report cards, and stewardship organizations)

"Community livability is about more than green spaces and parks. It's about a community's ability to retain and attract business, stimulate convention and visitor trade, increase downtown retail activity, and improve the community's image to residents and nonresidents alike." – Robert McNulty, President of Partners for Livable Communities.

Modesto is a city that struggles with the image outsiders have of it, however it has made strides in a number of the criteria used to define a Livable Community. A designation of this type would require significant effort by the City of Modesto and the leadership of the community, but would result in an important tool for the recruitment and retention of high quality businesses and workers.

ATTACHMENT A

Strategies	Key Partners	Timeframe
1. Identify the criteria necessary for being selected a Livable Community, and chart a course of action and timeline to achieve the designation.	City	Short Term
2. Adopt resolutions to marshal local efforts to achieving the designation.	City, Chamber, Downtown Merchants Association, CVB	Short Term

Performance Measures: Designation as a "Livable City"

FOCUS AREA

SITES AND BUILDINGS

Having an inventory of appropriate sites and buildings to accommodate new and expanding businesses in the community is a key component to achieving success in economic development. Growth can come in many forms: small entrepreneurs, midsize companies and large industries, and all should be able to be accommodated. This means a variety of parcel sizes and locations, and existing and speculative buildings should be accessible in the area. Without this all other economic development efforts become more challenging.

Working with land owners and developers to build this inventory through public-private partnerships is generally started at the local government level. All parties must work within the framework of a land owner interested in maximizing their land value, and a city interested in promoting a land use pattern which benefits the entire city. Creativity and open-mindedness are required by all parties to achieve a mutually agreeable outcome.

Related to the identification and facilitation of appropriate sites and buildings is the ease of navigating a city's permitting process. From the initial master plan to the construction of a building, the process must flow smoothly. A clear understanding of what is acceptable to a city and the process that should be followed will help developers and builders bring projects forward which will achieve quick approval.

GOAL 2 BUSINESS AND INDUSTRIAL PARKS AND READY-TO-GO SITES AND BUILDINGS WILL BE AVAILABLE TO MEET THE NEEDS OF BUSINESS.

CURRENT SITUATION

The city lacks sites which are ready for occupancy for targeted businesses. While there are small parcels available throughout the city, fully improved large tracts of land and business/industrial parks are not generally available. A lack of infrastructure to many of the larger sites is an ongoing constraint to development (see GOAL 4 for infrastructure related activities). There are a number of planned industrial projects which are ongoing in or near the city:

- Kansas-Woodland Business Park (FMC) – This is a 45 acre site located in downtown. It is a top priority of the Redevelopment Agency, and will likely soon be purchased by the City. It will likely not be available for occupancy until late 2004 or early 2005 due to regulatory and permitting requirements. This park will likely accommodate small users.
- Beard Industrial Area – This site is located east of the airport along Highway 132, and is outside the city limits. There are approximately 500 acres available there, but growth is constrained by traffic congestion between the site and Highway 99.
- North Gateway / Kiernan Business Park – This is a 614 acre site located east of Highway 99 and south of Kiernan Avenue. It is planned for a mix of uses including business park, office buildings and limited commercial. Part of the site is in the city limits and part is outside, and will require annexation prior to development. This is likely the best prospect for long term accommodation of large users.

ATTACHMENT A

- Northwest Business Park – This is a 240 acre site located west of Highway 99 and north of Shoemaker Avenue. The project outside of the city, and is a long term project.
- Village One Business Park – This is a 220 acre site located on the far eastern side of the city east of Claus Road and north of Parker Road. Lack of access to a highway creates unique challenges for commercial development.
- Westland Office Project – This is 75,000 square foot project located in downtown. It is a City/County cooperative project which will be available by mid-2003.
- Hinchey-Bray Office Project – This 70,000 square foot project is located in downtown. The land is owned by the City. The project is currently stalled.

Strategies	Key Partners	Timeframe
1. Protect viable future business park areas in the general plan from down-zoning to other uses.	City	Underway <i>Ongoing</i>
2. Protect future business park areas in the general plan from encroachment by non-industrial land uses. [V.C.1.a]	City	Underway <i>Ongoing</i>
3. Encourage business park and industrial land development by revising the fee structure for development which meets the City's goals (likely through the existing Enterprise Designation Areas program).	City	Short Term
4. Work with the local stakeholders to develop a unified vision of the area along Kiernan Road including land uses, circulation, school locations, jurisdictions, etc.	City, County, StanCOG, CalTrans, school district, property owners	Short Term

ATTACHMENT A

Strategies	Key Partners	Timeframe
<p>5. A. Work with the County to install storm drainage infrastructure to the Kiernan site.</p> <p>B. Annex those parts of the Kiernan Site not in the city limits.</p> <p>C. Work with the land owners to bring in a developer to improve the site. Recommend a variety of land ownership-developer relationships to make the deal work.</p> <p>D. Share the cost or fund entirely engineering and planning studies needed to bring the project online.</p> <p>E. Developed a master plan with distinct phasing. 9. Include an economic development element in the future general plan update.	City	Short Term
10. Work within the framework developed in consultation with The Alliance to develop a list of business parks and available sites and buildings to support business recruitment.	City, The Alliance	Short Term

Performance Measures: The city will have 450 acres of vacant industrial/business park zoned land with infrastructure to the site in proximity to Highway 99 within five years.

GOAL 3 THE CITY'S DEVELOPMENT PROCESS WILL BE EFFICIENT, CUSTOMER FRIENDLY AND INFORMATIVE. [~V.A.10]

CURRENT SITUATION

Due to the significant growth pressures experienced by Modesto in the past decade, the City's current development process has been identified as challenging to navigate. Within this broad area the challenges seem more weighted toward large scale developments on activities such as subdivisions as opposed to the pulling of an individual permit on a building. Some of the challenges include:

- Multiple departments and divisions involved in any particular development activity
- Conflicting policy toward growth
- Limited staffing especially to facilitate a complicated permit through the process
- Outdated general plan and building code

Strategies	Key Partners	Timeframe
1. Improve customer service at the permits counter. [V.A.10.a]	City, builders, developers	Underway <i>Ongoing</i>

ATTACHMENT A

2. A. Develop a flow chart for each type of development so that developers know up front the various departments which will be involved and the recommended steps to follow and timeframe required. B. Conduct a retreat to help property owners understand the City process.	City, builders, developers City, property owners	Short Term Short Term <i>Ongoing</i>
3. Review the development process and identify steps which can be approved by staff without planning commission or city council approval.	City	Short Term
4. A. Put all the required development forms on the City's website. B. Research "off the shelf" online permitting software and methods for "hosting" the services on the internet. C. Implement online permitting.	City City City	Short Term Short Term Short Term
5. Develop a short evaluation form which can be filled out by developers once they have completed the development process to obtain their feedback on their experience with the City.	City, builders, developers	Short Term
6. Create a permit coordination position to facilitate the development process.	City	Short Term

Performance Measures:

Perceptions about the development process from a survey of those who use the system will improve each year.

An Illustration

Overland Park, Kansas Electronic Permitting

Overland Park, Kansas initiated a series of focus groups and surveys to define problems and identify solutions, resulting in a plan promoted by its city managers to:

- Consolidate the city's building services by merging departments
- Streamline business processes, including improving the quality and speed of plan reviews by adding a prescreening process to assure that plans entering the review process were complete
- Centralize coordination of workflow and establish accountability among all the departments and divisions involved
- Establish high professional standards, multidisciplinary expertise, and substantial training for technical staff
- Implement an efficient enterprise system that would unify information, integrate it with GIS, and provide effective computerized tools for the City's building safety services and other departments.

A task force was created to develop an RFP. It reviewed available vendor systems and learned what programs similar communities were using, identifying Scottsdale and Phoenix, Arizona, as models. After a vendor was selected, an implementation team was formed to work with the vendor for a year to adapt its system to the city's requirements, merge and standardize records, integrate GIS information, and train team leaders. The leaders trained the rest of the staff.

Overland Park's electronic permitting system began operations in 1999 after two years of preparation. It includes a website that provides a broad range of information, forms, and requirements. Upgrade plans include remote inspection capabilities and expanded online services.

**FOCUS AREA
INFRASTRUCTURE**

Available infrastructure, and reliable and inexpensive utilities are key site location factors for all industries. A community's strengths and weaknesses in water, wastewater, transportation, electricity, and telecommunications infrastructure determine, to a large extent, the type of business and industry that will locate in the community. In addition, high quality of fire, police, storm drainage and other city services are also hallmarks of a city in which business would like to locate. The City of Modesto is directly responsible for some of these infrastructure items, and is able to directly or indirectly influence the others. If any one of these site location factors do not meet the needs of the prospective company it does not matter how good the others are. It is therefore important that a city maintain and expand the infrastructure it controls and effectively marshal the maintenance and expansion of those it does not.

**GOAL 4 INFRASTRUCTURE WILL MEET THE NEEDS OF EXISTING AND FUTURE
BUSINESSES AND RESIDENTS.**

CURRENT SITUATION

The City has an immediate wastewater transmission and discharge issue today, leaving it with little excess capacity during years with low precipitation. The City will soon have excess water capacity once the new treatment plant is completed. Overall, the City faces funding challenges for all forms of municipal infrastructure, which will need to be addressed creatively. While overall telecommunications infrastructure is good, there are some business areas of the city that are not adequately served.

Strategies	Key Partners	Timeframe
1. A. Compile data collected through the City's "Trench Cut Ordinance" to build a database of the location of telecommunications infrastructure in the city.	City	Short Term <i>Ongoing</i>
B. Identify the location of telecommunications "points of presence" (POP) using building permit data, assessor data or data from private sources such as www.telcoexchange.com or www.dslreports.com .	City	Short Term <i>Ongoing</i>
C. Ensure that future franchise agreements with telecommunications companies result in the City receiving maps of the installed infrastructure.	City, telecom companies	Short Term <i>Ongoing</i>
D. Create a GIS data layer of telecommunication infrastructure and update it regularly.	City, County	Short Term <i>Ongoing</i>

Strategies	Key Partners	Timeframe
2. Develop a policy that makes city rights of way available to telecommunications companies for installation of their lines for free when the City is rebuilding or otherwise cutting into a roadway.	City, telecom companies	Short Term
3. A. Conduct annual rate reviews/cost-of-service analyses for water, sewer, and storm drainage. [I.A.1.a.(1)] B. Conduct annual development fee reviews/cost-of-service analyses for all fees. [~VII.B.2] C. Update development fees annual to account for changes in level of service and the cost of infrastructure. D. Benchmark rates and development fees against other communities in the state to ensure that the City remains competitive. [~I.A.1.a.(2)]	City City City City	Short Term <i>Ongoing</i> Short Term <i>Ongoing</i> Short Term <i>Ongoing</i> Short Term <i>Ongoing</i>
4. Evaluate the City's ability to refinance its debt to take advantage current low interest rates.	City	Short Term
5. Work with regional partners to develop a mutually agreeable long term plan for the Kiernan corridor.	City, County, CalTrans, StanCOG	Short Term
6. Work with CalTrans and StanCOG on the beautification of freeway off ramps that form entryways into the city. This first impression of the city is an important component for presenting a positive image of the city.	City, CalTrans, StanCOG	Short Term
7. Tap into funding sources such as the Economic Development Bank, EDA, RDA, and EPA to get infrastructure in place for land which is the most economically feasible.	City, The Alliance	Underway <i>Ongoing</i>
8. A. Consider bonded growth financing to provide funding upfront when infrastructure is needed for growth [VII.C.1] B. Utilize CFDs for infrastructure financing. [VII.C.2]	City City, property owners	Underway <i>Ongoing</i> Underway <i>Ongoing</i>

ATTACHMENT A

Performance Measures: Infrastructure plan in place for reaching all targeted industrial areas.
GIS map of telecommunications infrastructure in the city.

An Illustration

Finding Points of Presence (POP) in Your Community

The following two sources, when used in tandem, provide a significant amount of information about the telecommunications providers in a community.

www.telcoexchange.com: The "Carrier Information" section of TelcoExchange, Inc.'s website provides detailed information about the POP related to any telephone number in the country.

www.dslreports.com (also known as www.broadbandreports.com): The "Broadband/CO Finder" section of DSLreports.com (now also broadbandreports.com) provides the address of POPs in the entire county.

FOCUS AREA

DOWNTOWN AND CULTURAL VIBRANCY

The deterioration of downtowns is a national phenomenon that has resulted from changes in land use patterns, transportation, and commercial growth in the periphery of communities. Many cities are recognizing the value of having a vibrant downtown and seeking to build community pride in the area. Success in this effort is almost always through partnerships of the public and private sectors. Municipal and business investment together are what make a downtown a 24-hour 7-day a week destination.

Urban infill housing is a necessary ingredient to downtown redevelopment efforts. It is usually higher density than suburban housing, thus making better use of increasingly limited urban land, and reuses existing properties which oftentimes are neighborhood eyesores. Infill housing takes advantage of infrastructure that is already in place and is often less destructive to the natural environment and supports mass transit and alternative modes of transportation including walking and biking.

A vibrant downtown is an asset as a central gathering place for residents, a focal point for community pride and cohesion, and a signal to visitors of the community's well being.

GOAL 5 OUR DOWNTOWN WILL BE A VIBRANT GOVERNMENT, FINANCIAL, CORPORATE AND REGIONAL ENTERTAINMENT CENTER WITH HIGH-DENSITY HOUSING AND SERVICES. [~IX]

CURRENT SITUATION

Modesto's downtown is a substantial asset for the city and the county. The nucleus has already formed around an eclectic mix of businesses and well maintained buildings. Projects such as the Doubletree conference hotel, 10th Street Place, the Gallo Arts Center, and the many small entrepreneurial ventures show the commitment of private business, local government and non-profit organizations to this area. However, much of this activity has progressed without a plan marshalling the efforts of the various stakeholders in the downtown.

There are two groups which have as their focus to improve downtown. The Downtown Merchants Association (DMA) is a membership organization of people interested in downtown, and the Downtown Improvement District (DID) is a taxing entity which covers a limited area of downtown and spends its funds on targeted cleanup, special events and improvements.

The success which has been seen does not come without hard work, and if future successes are expected, efforts will need to be maintained, if not increased. Funding and planning for major improvements will need to come from a partnership of the public and private sectors. Residential development, business development, beautification and infrastructure investments will be the anchors for an even more vibrant and successful downtown Modesto.

9. Encourage the development of small scale residential projects in downtown in conjunction with non-profit housing providers such as the Housing Authority.	Redev. Agency, Housing Authority	Short Term
10. Encourage the construction of a flagship housing development in downtown. [IX.C.1]	City	Long Term
A. Purchase targeted parcels for future downtown residential project.	Redev. Agency	Short Term
B. Issue a RFP for the construction of a market rate residential project on the land.	Redev. Agency	Short Term
C. Adopt developer incentives for high-density housing (Redevelopment Agency, CDBG, HOME, etc.). [IX.C.1]	Redev. Agency	Short Term

Performance Measures: Completion of the Downtown Master Plan
 At least 100 new residential units available downtown
 At least 1,500 new parking spaces available downtown

FOCUS AREA
BUSINESS DEVELOPMENT

Collaboration and leadership go hand in hand when conducting business development activities. No matter the size of the city or the region, partnerships need to be found and leadership needs to be fostered.

“Going it alone” has long proven to be a fruitless approach to business development as there are rarely enough resources in any one community to conduct successful implementation. Independent implementation tends to lead to duplicated efforts, inconsistent messages, and “turf battles.” The Alliance, the City, the chamber of commerce, and the convention and visitors bureau each have their role, and it is important that each work in concert in the areas where their missions overlap.

Without strong and unified leadership business development will be slow to implement. This leadership must come from the business community, the economic development professionals, and elected officials. Leaders must be able to identify the challenges faced by the community, be able to effectively articulate them, and be able to rally support around the solution. However, it is important that all leaders are open to listening and are willing to recognize the role.

GOAL 6 THE INDIVIDUAL RESOURCES OF THE CITY OF MODESTO, THE ALLIANCE, THE MODESTO CHAMBER OF COMMERCE AND THE MODESTO CONVENTION AND VISITORS BUREAU (CVB) AND OTHER KEY ECONOMIC DEVELOPMENT PARTNERS WILL BE MAXIMIZED TO ACHIEVE COMMON GOALS.

CURRENT SITUATION

There are number of participants in economic development in the city of Modesto including the City, The Alliance, the chamber and the CVB. Each of these entities has their particular strengths which should be maximized. Two significant changes are happening in the area which will impact how these partners relate to each other:

- The Alliance is transitioning from SCEDCO.
- The CVB is transitioning from being housed at the chamber to being an independent entity. During the transition it will be housed at the City.

With these changes provide an ideal time to define the roles of each entity in terms of economic development activities. Better communication and better information exchange, reducing overlaps in the areas of marketing and lead generation and other factors should be addressed during this transition time.

ATTACHMENT A

Strategies	Key Partners	Timeframe
<p>1. A. Enter into a memorandum of understanding with The Alliance that will define the role of each entity, and the processes which will be followed.</p> <p>B. Define the roles and responsibilities of each entity (City, chamber, CVB, The Alliance and others) in order to find ways to better leverage resources.</p>	<p>City, The Alliance</p> <p>City, CVB, Chamber, The Alliance</p>	<p>Short Term</p> <p>Short Term</p>
<p>2. Continue to support The Alliance's efforts through funding and active participation on committees and the organization's governance.</p>	<p>City</p>	<p>Underway <i>Outgoing</i></p>
<p>3. Coordinate retention efforts by the City, the chamber and The Alliance to ensure that an effective business call plan is in place. Efforts will be coordinated through a framework developed in cooperation with The Alliance.</p>	<p>City, Chamber, The Alliance</p>	<p>Short Term</p>
<p>4. Develop a council appointed citizens advisory group focused on economic development and the economic health of the city of Modesto to advise the city council and the Community and Economic Development Department.</p>	<p>City, business leaders</p>	<p>Short Term</p>
<p>5. Coordinate the marketing activities of the City, The Alliance, the chamber and the CVB to ensure that there is no duplication and that mutual goals can be achieved more efficiently.</p>	<p>City, CVB, Chamber, The Alliance</p>	<p>Short Term</p>
<p>6. Review incentive programs on an annual basis to ensure that they continue to meet their stated goals.</p>	<p>City</p>	<p>Short Term</p>
<p>7. Investigate new targeted incentive programs which meet the City's economic development goals.</p>	<p>City, developers, builders, The Alliance</p>	<p>Short Term</p>
<p>8. Continue to exchange information with the Alliance about potential leads, and encourage those which cannot be accommodated in Modesto to locate in other communities within the county.</p>	<p>City</p>	<p>Short Term</p>

ATTACHMENT A

Strategies	Key Partners	Timeframe
9. Participate in efforts by The Alliance to create a common core of economic development data, including documentation of the permitting process, identification of zoned and served land and other information as needed.	City, The Alliance	Short Term

Phoenix Commission on the Economy
 The Phoenix Commission on the Economy is appointed by the Mayor of Phoenix to advise the Community and Economic Development Department and the Phoenix City Council on matters pertaining to the competitiveness of Phoenix and the health of its business community. The Commission is made up of 15 leaders from the Phoenix business community.

An Illustration
City of Yuma Economic Development Policy
 In January 2001 the Yuma, Arizona city council adopted an economic develop policy as a guide for staff regarding the reasoning for and magnitude of economic development incentives. The policy divides the type of businesses that can receive incentives into four categories: 1) industrial or non-retail commercial businesses, 2) large retail businesses, 3) large private commercial recreational or tourism businesses, and 4) redevelopment areas. Within each category is defined how a business can qualify, and the type and level of incentive available to them. (Resolution R2000-88, City of Yuma Economic Development Division (928) 373-5189)

An Illustration

Site Selection Data Standards

For communities to attract new facilities in today's highly competitive environment, they need reliable, comprehensive data that can be quickly provided to corporate location professionals. Responding to this need, the International Economic Development Council (IEDC) formed the Site Selection Data Task Force, who have worked collaboratively with corporate relocation professionals to devise a comprehensive site selection data template to guide communities with data collection, analysis and delivery. The Task Force unveiled the first version of the standards at an International Development Research Council meeting in New York in May 2000. The data set contained over 1,200 data elements organized into 25 spreadsheets. The end goal is to adopt the template as the industry standard for the site selection process. So for economic development professionals looking to control their data message to craft an attractive community profile, the implementation of standards returns control back to communities; this way everyone involved in the location process is clear on the data being examined and can bank on its reliability. Communities can then build a marketing campaign that complements the data and compensates for the problems they reveal.

www.iedconline.org/hotlinks/site_selection.html

FOCUS AREA
WORKFORCE DEVELOPMENT

Labor is the single largest expense for most businesses. Therefore, the strength of a community's workforce is a significant driver in corporate location decisions. The role of workforce development in economic prosperity today is embodied in assuring a minimum level of basic skills throughout the workforce, working closely with new and emerging industries to develop appropriate training programs, and encouraging participation by workers and companies.

The entities involved in workforce development range from those at the community level to those that are countywide. In general, the countywide entities such as the Workforce Investment Board (WIB), the community college and others take the lead, but there is still a significant role which the local communities can play. This role can be in addressing social issues which impact their residents' potential success in the workplace, offering training programs which are targeted to the needs in their community, supplementing the financial resources of the countywide entities and participating in countywide bodies that are charged with improving the workforce.

GOAL 7 WORKFORCE SUPPORT PROGRAMS WILL BE AVAILABLE TO MODESTO RESIDENTS SO THAT ANYONE WHO IS INTERESTED IN WORKING WILL HAVE THAT OPPORTUNITY.

CURRENT SITUATION

In a study entitled *Getting Back to Work*, welfare recipients and social service providers in Stanislaus County both ranked child care as the top barrier to employment. Other top barriers included transportation and inadequate clothing. A study by the California Child Care Resource and Referral Network showed that in 2000 downtown (defined by zip code 95354) was significantly underserved by licensed child care providers, and that the west side (95351) and far east side (95357) of the city were underserved, but to a lesser extent. The city is served by most of the regional buses as well as the Modesto Area Express (MAX).

ATTACHMENT A

Strategies	Key Partners	Timeframe
<p>1. Increase the childcare opportunities in Modesto.</p> <p>A. Facilitate the process for individuals interested in starting-up licensed childcare services out of their homes or from a business location.</p> <p>B. Assist individuals with paperwork and navigating the local and state regulatory processes.</p> <p>C. Direct individuals to small business loan programs.</p> <p>D. Identify non-profit and religious entities which may be interested in providing child care services.</p> <p>E. Develop grant and loan applications to secure funding for child care. Key agencies offering funds include: California Department of Education (Child Care Facilities Revolving Fund Program), California Economic Development Lending Initiative (Child Care Facility Financing Program, note business must be at least three years old), Enterprise Foundation (offering loans available to all non-profits and to child care centers that serve low income families), Federal Housing Administration (Title I Home Improvement Loans, note family child care businesses only), and the Rural Community Assistance Corporation.</p>	<p>City, Chamber</p> <p>City, Chamber</p> <p>City, Chamber</p> <p>City</p> <p>City</p>	<p>Short Term <i>Ongoing</i></p> <p>Short Term <i>Ongoing</i></p> <p>Short Term <i>Ongoing</i></p> <p>Short Term <i>Ongoing</i></p> <p>Short Term <i>Ongoing</i></p>
<p>2. Conduct a ridership survey to determine demand for expanded bus routes and times.</p>	<p>City, StanCOG</p>	<p>Short Term</p>
<p>3. Build upon the success of the Modesto Workforce Development Program, and use this as a model for workforce development programs in other industries.</p>	<p>City, The Alliance</p>	<p>Short Term <i>Ongoing</i></p>
<p>4. Develop, in partnership with local volunteer and business organizations, a clothing bank. Encourage professionals to donate clothing which they no longer use for individuals in need of clothes for an interview or work.</p>	<p>Chamber, Non-profit organizations</p>	<p>Short Term</p>

Performance Measures: 200 new day care spaces are available.

Seat-miles of bus service in the Modesto city limits increases by 25 percent

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-97**

**RESOLUTION ADOPTING THE RECOGNIZED OBLIGATION PAYMENT
SCHEDULE FOR THE PERIOD OF JANUARY 1, 2012 THROUGH JUNE 30,
2012, AS PROVIDED FOR IN ASSEMBLY BILLS AB 1X 26**

WHEREAS, on December 29, 2011, the California State Supreme Court upheld AB 1X 26 which provides for the elimination of Redevelopment Agencies, and

WHEREAS, the legislation contains many actions that successor agencies must take and indicates deadlines for such actions (which were modified by the Supreme Court ruling), and

WHEREAS, in August 2011, the Redevelopment Agency adopted the Enforceable Obligation Payment Schedule, which identified the fiscal obligations of the Agency, and

WHEREAS, AB 1X 26 requires the preparation of a Recognized Obligation Payment Schedule, and

WHEREAS, The Recognized Obligation Payment Schedule lists enforceable obligations, due dates and the source of payment for a six month period, and

WHEREAS, a Recognized Obligation Payment Schedule must be adopted for each successive six-month fiscal period,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Recognized Obligation Payment Schedule for the period of January 1, 2012 through June 30, 2012 is hereby adopted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

HUMAN RESOURCES

An adjustment is necessary to appropriate \$100,000 from the Property Insurance Fund (5340) for a transfer to Cost Center 32010 in the General Fund (0100) that was created to track repair costs and insurance reimbursements for the recent fire at McHenry Mansion. The transfer amount represents the insurance deductible.

PARKS, RECREATION AND NEIGHBORHOODS

An adjustment is necessary to appropriate \$187,000 from Solid Waste Fund (4890) reserves to the Solid Waste Fleet Replacement Fund (4899) for the purchase of two new packer trucks for the Pruned Refuse division.

An adjustment is necessary to budget the anticipated \$500,000 from insurance for Funds, Damages and Cost Recovery revenue in Cost Center 32010 of the General Fund (0100) and to appropriate the same amount of to establish a budget for expenses associated with repairs and renovations of the McHenry Mansion due to fire damage.

PUBLIC WORKS

An adjustment is necessary to release \$161,000 in expense budget from Capital Improvement Project #100518 – Effluent Pump Station Stabilization and reappropriate it to Capital Improvement Project #100661 – Install Irrigation Flow Meter to establish funding for Project 100661.

An adjustment is necessary to appropriate \$330,440 from the Water COP Fund Reserves (4130) to the Water Debt Service (2008 Issue) budget to increase expense associated with a Water Revenue Certificate of Participation arbitrage rebate installment payment including late payment interest. This arbitrage calculation and payment should have been made in 2008; however, due to Finance staff turnover the City did not become aware of this until 2011. Sufficient funds are available in the Water bond reserves to appropriate this previously unbudgeted expense.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-99**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF
MODESTO AND RETIRED DETECTIVE GARY MARTINEZ FOR THE
PURCHASE OF RETIRED CITY OF MODESTO POLICE EQUESTRIAN
HORSE, SHAWN; AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, from time to time, the Police Chief for the City of Modesto officially retires police equestrian horses from departmental service, and

WHEREAS, City of Modesto retired police equestrian handler, Detective Gary Martinez, wishes to purchase and assume possession of his assigned equestrian horse, Shawn, upon the horse's official retirement, and

WHEREAS, it is necessary to approve an agreement between the City and Retired Detective Martinez for the purchase of a City of Modesto police equestrian horse by its assigned handler,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement between the City of Modesto and retired Detective Gary Martinez for the purchase of retired police equestrian horse, Shawn.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

(SCH#2008092095): PROPOSED TANK AND WELL IN DEL RIO AREA**

WHEREAS, on September 14, 2010, the City Council, by Resolution No. 2010-408 certified the Final Environmental Impact Report ("EIR") for the City of Modesto 2010 Water System Engineer's Report (SCH No. 2008092095, EA/PW2008-18), and

WHEREAS, the City of Modesto intends to construct a water storage tank, booster pump, and domestic water well, which will provide additional storage volume and pressure for the existing water system serving the Del Rio community as identified in an appendix to the adopted 2010 Water System Engineer's Report, and

WHEREAS, the Utility Planning and Projects Department has prepared an Initial Study, Environmental Assessment No. EA/UP&P 2010-15 for proposed Tank and Well in the Del Rio Area, and

WHEREAS, pursuant to Section 15162 (a) of the CEQA Guidelines, the City of Modesto finds that no new effects could occur or no new mitigation measures would be required, therefore the activity is within the scope of the project covered by the Program EIR and no new environmental document or Public Resources Code Section 21083 findings are required, and

WHEREAS, in accordance with CEQA guidelines on January 9, 2012, the City caused to be published a 30-day notice of the City's intent to make a finding that the proposed project conforms with the Program EIR, and

WHEREAS, said matter was considered by the City Council at a regular meeting on March 13, 2012, at 5:30 p.m., in the Tenth Street Place Chambers, 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it has reviewed and considered the Initial Study prepared for the proposed Project, a copy of which is **attached** hereto as **Exhibit "A"** and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

- A. The type of Project under consideration is described in the Program EIR (PEIR).
- B. All applicable policies, regulations, and mitigation measures identified in the PEIR have been applied to the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the PEIR. It has been determined that the project is within the scope of the PEIR (SCH No. 2008092095), which analyzed the potential impacts of build out of the 2010 Water System Engineer's Report.
- D. Pursuant to Public Resources Code 21094 and Government Code Section 15162 and based on the Initial Study, the City of Modesto finds and determines:
 - 1) No substantial changes are proposed in the project which will require major revisions of the Program EIR due to new or substantially more severe significant environmental effects;
 - 2) No substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the Program EIR as a result of new or substantially more severe significant environmental effects; or
 - 3) No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete shows any of the following:
 - a. The project will have one or more significant effects not discussed in the Program EIR;

- b. Significant effects previously examined will be substantially more severe than shown in the Program EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the projects, but the project proponent declines to adopt the mitigation measure or alternative; or
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponent declines to adopt the mitigation measure or alternative.
- E. The Initial Study, Environmental Assessment No. EA/UP&P 2010-15, provides the substantial evidence to support findings A through D, above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Interim Director of Utility Planning and Projects is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk, pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: Cogdill

ATTEST: 
STEPHANIE LOPEZ, City Clerk

(Intentional Blank Page)

City of Modesto Program EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Water System Engineer's Report Program Environmental Impact Report ("Program EIR" or "PEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether Del Rio Tank and Well is "within the scope" of the project analyzed in the Water System Engineer's Report Program EIR (SCH# 2008092095) (Public Resources Code Sections 21003, 21093, and 21094 and California Code of Regulations Sections 15152 and 15168). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Program EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Program EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Program EIR. [Public Resources Code Section 21094]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

A. Title: **Del Rio Tank and Well**

B. Address or Location:

Site A **APN 004-077-018 and 004-077-019 (718 Ladd Road), southeast of the intersection of Ladd Road and St. John's Road and**

Site B **APN 004-102-003, northwest of the intersection of McHenry Avenue and Stewart Road (portion near Stewart Road)**

C. Applicant: **City of Modesto, Utility Planning and Projects Department
1010 10th Street, 4th Floor
Modesto, CA 95354**

D. City Contact Person: **Rob Christensen**

Project Manager: Rob Christensen
Department: Utility Planning and Projects
Phone Number: 209.571.5869
E-mail address: rchristensen@modestogov.com

E. Current General Plan Designation(s):

Site A: AG, Agriculture (County)

Site B: PD, Planned Development (County)

F. Current Zoning Classification(s):

Site A: A-2-40, 40-acre-lot Agriculture (County)

Site B: PD, Planned Development (County)

G. Existing Conditions:

Site A The essentially flat 2.03- and 1.95-acre properties have been split for sale into two from a single larger parcel. The larger, western parcel is vacant. The smaller, eastern parcel is occupied with a house and accessory buildings.

Site B The 82.4-acre site is flat and is used for agricultural crops, including an orchard and row crops. A house lies on the southerly portion of the site and takes access from McHenry Avenue. The south-eastern-most portion of the site is adjacent to Stewart Road and it is this portion of the site on which the City intends to locate a well.

H. Surrounding Land Uses:

Site A

North: mostly large agricultural parcels (over 40 acres) and a small number of associated residences

South: residences on small agricultural parcels and small agricultural parcels (less than 40 acres)

East: residences on small agricultural parcels and small agricultural parcels (less than 40 acres)

West: small and medium agricultural parcels (40 acres and less) and associated residences

Site B

North: large agricultural parcel and associated residence

South: large single family detached houses

East: large agricultural parcels and farmstand

West: large single family detached houses

I. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Program EIR (Attach additional maps/support materials as needed for complete record):

The City of Modesto intends to construct a water storage tank, booster pump station, and two domestic water wells, which will provide additional storage volume, water supply, and pressure for the existing water system serving the Del Rio area. The total amount of water delivered to the Del Rio area will not exceed the amount required to complete development of the Del Rio Plan. Currently, the existing water system does not meet certain design pressure and volume storage requirements, and the proposed tank and well will help the system meet these requirements.

The project facilities described herein will be constructed on two different sites, identified as Site A and Site B, as noted above. The tank, booster station and one of the wells will be constructed on either APN 004-077-018 or APN 004-077-019. The remaining well will be constructed at the northwest corner of McHenry Avenue and Stewart Road on the south-eastern-most portion of APN 004-102-003.

Site A: APN 004-077-018 and APN 004-077-019, Ladd Road

The project facilities at this site will consist of an above ground water storage tank, water well and motor, a booster pump station, stand-by generator, and motor control center. Site improvements will include a small parking and access area, fencing or walls, a retention basin, and low-maintenance landscaping. Landscaping will include trees to help screen the tank from adjacent properties and from Ladd Road. As proposed, the water tank would store at least 250,000 gallons of water. The tank will stand a maximum 20 feet above grade and be approximately 70 feet in diameter. The footprint area of the tank will be approximately 3,900 square feet. The booster pump station will be enclosed within a masonry building approximately 2,100 square feet standing a maximum of 22 feet tall.

The site will be enclosed within an eight-foot-tall security wall or fence constructed of either concrete masonry or wrought iron topped with no-climb points. Portions of the site may also include a no-climb chain link fence. The specific type of wall or fence will be determined during the final design. Vehicular access and parking areas within the site will be paved either with Portland cement concrete or asphaltic concrete. Other portions of the site will be covered either with low-maintenance landscaping or gravel.

The water well will be drilled a maximum of 600 feet deep with a desired minimum yield of 1,000 gallons per minute. It is intended to primarily draw water from the confined aquifer below the Corcoran clay layer, which is typically 150 feet to 250 feet below ground. While 1,000 gallons per minute is the desired yield, pumping will vary throughout the year depending upon need, based upon system pressure or tank level, ranging from as much as 20 hours per day during the summer months to as few as two hours per day in the winter. Pumping is expected to occur for an annual average of eight hours per day, with an annual yield of about 175 million gallons.

Additionally, a transmission main will be constructed within St. John's Road from the tank site. The transmission main will run from the tank site northerly for a distance of approximately 2,500 feet and will connect to the existing distribution system near the intersection of St. John's Road and Country Club Drive.

Site B: APN 004-102-003, Stewart Road

The facilities at this site will consist of a water well and motor, stand-by generator, and motor control center. Site improvements will include paved surfaces around the wellhead, fencing or walls, a small retention basin, and low-maintenance landscaping. Landscaping will be designed to minimize the effects of the wall and provide some screening for the well site facilities from adjacent roads.

The water well will be a maximum of 600 feet deep with a desired minimum yield of 1,000 gallons per minute. It is intended to primarily draw water from the confined aquifer below the Corcoran clay layer, which is typically 150 feet to 250 feet below ground. While 1,000 gallons per minute is the desired yield, pumping will vary throughout the year depending upon need, based upon system pressure or tank level, ranging from as much as 20 hours per day during the summer months to as few as two hours per day in the winter. Pumping is expected to occur for an annual average of eight hours per day, with an annual yield of about 175 million gallons.

The site will be enclosed with an eight-to-12-foot-tall security wall or fence constructed either of concrete masonry block or wrought iron topped with no-climb points. The specific type of wall will be determined during the final design. The retention basin may be enclosed with a chain link fence depending on the final layout, but will be screened from view from adjacent residents. The area surrounding the wellhead will be paved with Portland cement concrete. A gravel access road will be constructed around the proposed retention basin.

A transmission main will be constructed within Stewart Road from the well site. The transmission main will run from the well site westerly approximately 500 feet and will connect to the existing distribution system near the intersection of Stewart Road and Grove Point Drive.

Figure 1 shows the project sites and vicinity.

Figure 2 shows Site A

Figure 3 shows Site B

J. Other Public Agencies Whose Approval is Required:

Every municipal water well must receive the following approvals:

Stanislaus County Health Department—permit to drill the well

Regional Water Quality Control Board—receives and approves County permit

State Department of Public Health--issues a permit to use the water after all water testing and distribution procedures have been completed

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X **Within the Scope** - The City of Modesto finds that pursuant to California Code of Regulations Section 15162, no new effects could occur or no new mitigation measures would be required, therefore the activity is within the scope of the project covered by the Program EIR and no new environmental document or Public Resources Code Section 21083 findings are required. All of the following statements are found to be true:

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the Program EIR and it has been determined that the project was described as being within the scope of the Program EIR.
- D. Pursuant to Public Resources Code 21094 and California Code of Regulations Section 15162 and based on the Initial Study, the City of Modesto finds and determines:
 - 1) No substantial changes are proposed in the project which will require major revisions of the Program EIR due to new or substantially more severe significant environmental effects;

- 2) No substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the Program EIR as a result of new or substantially more severe significant environmental effects; or
- 3) No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete shows any of the following:
 - a. The project will have one or more significant effects not discussed in the Program EIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the Program EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the projects, but the project proponent declines to adopt the mitigation measure or alternative; or
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponent declines to adopt the mitigation measure or alternative.

2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Program EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:

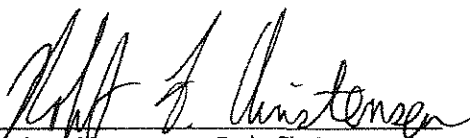

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. No subsequent Mitigated Negative Declaration or EIR shall be prepared unless the lead agency determines one or more of the following, pursuant to California Code of Regulations Section 15162(a):
 - 1) Substantial changes are proposed in the project which will require major revisions of the Program EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects.
 - 2) Substantial changes have or will occur with respect to the circumstances since the Program EIR was adopted which will require major revisions in the Program EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant environmental effects.
 - 3) New information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete (a) shows new significant environmental effects or (b) shows that environmental effects previously examined will be substantially more severe or (c) shows that mitigation measures or alternatives found not to be feasible are indeed

feasible or (d) shows that mitigation measures considerably different than those in the Program EIR, but not adopted, would substantially reduce project impacts.

- D. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Program EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. Focused EIR Required On the basis of the above determinations, the project is not within the scope of the Program EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The proposed project is of a type described in Chapter II of the Program EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Program EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. No subsequent Mitigated Negative Declaration or EIR shall be prepared unless the lead agency determines one or more of the following, pursuant to California Code of Regulations Section 15162(a):
- 1) Substantial changes are proposed in the project which will require major revisions of the Program EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects.
 - 2) Substantial changes have or will occur with respect to the circumstances since the Program EIR was adopted which will require major revisions in the Program EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant environmental effects.
 - 3) New information of substantial importance which was not known and could not have been known with the exercise of reasonable diligence at the time the Program EIR was certified as complete (a) shows new significant environmental effects or (b) shows that environmental effects previously examined will be substantially more severe or (c) shows that mitigation measures or alternatives found not to be feasible are indeed feasible or (d) shows that mitigation measures considerably different than those in the Program EIR, but not adopted, would substantially reduce project impacts.
- D. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Program EIR. New or additional mitigation measures or alternatives are required as a result.

Project Manager – Rob Christensen

Senior Civil Engineer

Date

4. Within the Scope Analysis of this Document:

The Program EIR allows projects to be found within the scope of the PEIR if certain criteria are met. If the following statements are found to be true for all 15 impact categories identified during the Program EIR scoping process, then the proposed project is addressed by the PEIR analysis and is within the scope of the Program EIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects is the City of Modesto or a responsible agency identified in the Program EIR.	X	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using Program EIR mitigations only.	X	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Program EIR).	X	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's contiguous and outlying water service areas, as established in the Water System Engineer's Report.	X	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2010 Water System Engineer's Report Program EIR.	X	<input type="checkbox"/>

Discussion:

All responses are "yes," therefore, there is no need to discuss the responses above.

IV. ENVIRONMENTAL ANALYSIS

In accordance with Section 15168 of the California Code of Regulations, this Initial Study discloses whether the proposed project described in Section II above may cause any project-specific significant effect on the environment that was not examined in the Final Program EIR for the Water System Engineer's Report and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Program EIR.

Pursuant to California Code of Regulations Section 15168, no new environmental document is necessary for projects that are determined to be within the scope of the Program EIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation if the project is within the scope of the Program EIR.

The Water System Engineer's Report identifies a Capital Improvement Program that will deliver safe and reliable water and effectively meet water demands under existing and future developed conditions. The Program EIR assumes that the City's Sphere of Influence will be completely developed by 2038. Outlying service areas: Del Rio is expected to grow to the north, east, and southwest; Grayson is almost completely developed; Hickman is almost completely developed;

Turlock service area is completely developed; Waterford service area is expected to be completely developed in five years.

The environmental impact analysis in the Program EIR for the Water System Engineer's Report is organized in fifteen subject areas. The following analysis is based on the impact analyses contained in Chapter 3 of the Program EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter 3.

1. AESTHETICS

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant aesthetic impacts and their associated mitigation measures. Refer to pages 3.1-9 to 3.1-11 in the PEIR for details.

Direct Impacts

Impact AES-3: Temporary degradation of visual character or quality during construction activities (Less than Significant with Mitigation)

Mitigation Measure AES-1: Locate staging areas away from public areas

Mitigation Measure AES-2: Screen staging and construction areas

Impact AES-4: Permanent degradation of visual character or quality from proposed facilities (Less than Significant with Mitigation)

Mitigation Measure AES-3: Design fencing, storage tanks, and booster pump station and groundwater well buildings to be consistent with the surrounding setting

Impact AES-5: Permanent degradation of visual character or quality from proposed new corporation yard (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

No significant cumulative impacts were disclosed in the PEIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Aesthetic mitigation measures pertinent to this project are found on PEIR pages 3.1-9 to 3.1-11 and above. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigations to be applied to this project are **AES-1, AES-2, and AES-3**. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.1 of the Program EIR provides an analysis of aesthetic impacts of implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. AESTHETICS				
1) Would the project have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Would the project substantially damage scenic resources, including trees, rock outcroppings, and historic buildings along a scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Would the project substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Would the project create a new source of substantial light or glare that would adversely affect daytime or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Would the project substantially degrade views from riverside areas and parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Would the project substantially degrade views of riverside areas from public roadways and nearby properties?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

- (1-2) There are no scenic vistas from or of the project site, which lies in a farming area, along a heavily traveled roadway.
- (3) Development of this site with a well, tank, wall or fence, and landscaping, is consistent with the type of development described in the Program EIR and is expected to occur at various locations in the City’s water service area. Mitigation Measures AES-1, AES-2, and AES-3 would be implemented to reduce visual impacts. Construction staging would occur away from Ladd Road and would be screened from adjoining properties. The structures would be designed as shown conceptually on Figure 2.
- (4) A minimal amount of night lighting would be used on site for security. When the gate opens or a motion sensor is triggered, additional lighting will be activated. All lighting would be

directed on site and would be consistent with existing lighting levels in the project vicinity, as disclosed in the Program EIR. Lighting fixtures will be shielded from neighboring properties.

- (5-6) The project site is not visible from the Stanislaus River, nor from any parks along the Stanislaus River. Neither the river nor any parks along the river are visible from the site.

Site B

- (1-2) The project site lies at the edge of a developed residential area. The 82-acre parcel of which the site is a part is currently farmed, allowing views of the Stanislaus River's riparian canopy from McHenry Avenue. However, this parcel lies in the Del Rio planning area and is expected to develop in the future with large houses walled off from McHenry Avenue, which will eliminate views of farmland on the west side of McHenry and of the riparian canopy west of McHenry. Establishment of a well site at the corner of McHenry Avenue and Stewart Road will minimally reduce views of farmland and the riparian canopy from McHenry Avenue and is consistent with the expected loss of views associated with further development in the Del Rio area. Development of the well and associated structures will be consistent with existing views of the Del Rio area in the vicinity of Stewart Road.
- (3) Development of this site with a well, tank, wall or fence, and landscaping, is consistent with the type of development described in the Program EIR and is expected to occur at various locations in the City's water service area. Mitigation Measures AES-1, AES-2, and AES-3 would be implemented to reduce visual impacts. Construction staging would occur as far from McHenry Avenue and Stewart Road as practicable and would be screened from adjoining properties. The structures would be designed as shown conceptually on Figure 3.
- (4) A minimal amount of night lighting would be used on site for security. When the gate opens or a motion sensor is triggered, additional lighting will be activated. All lighting would be directed on site and would be consistent with existing lighting levels in the project vicinity, as disclosed in the Program EIR. Lighting fixtures will be shielded from neighboring properties.
- (5-6) The project site is not distinguishable from the Stanislaus River, nor from any parks along the Stanislaus River. As viewed from the banks of the Stanislaus River, the site would appear to be part of the existing development in the Del Rio area. As noted above, the area north of the site and west of McHenry Avenue is expected to develop in the future with residential development similar to existing development in the area.

2. AGRICULTURAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on agricultural resources and their associated mitigation measures. Refer to pages 3.2-5 to 3.2-8 and 4-9 for details.

Direct Impacts

Impact AG-1: Direct conversion of Important Farmland (Significant and Unavoidable)

Mitigation Measure AG-1: Compensate for a loss of farmland

Impact AG-3: Indirect conversion of farmland to non-agricultural uses (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

Impact CUM-1: Conversion of agriculture to nonagricultural uses (Significant and Unavoidable)

b. Program EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural resource mitigation measures pertinent to the proposed project are found on pages 3.2-5 to 3.2-8 of the Program EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project is AG-1. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.2 of the Program EIR discloses the impacts resulting from the implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. EFFECTS ON AGRICULTURAL RESOURCES				
1) The proposed project would result in the conversion of Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (loss of farmland).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The proposed project conflicts with existing zoning for agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The proposed project conflicts with a Williamson Act contract.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The proposed project would indirectly result in the conversion of Farmland to a nonagricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

- (1&4) Farmland conversion of this magnitude for a single tank and well site was evaluated in the Program EIR. According to the Department of Conservation's map, "Stanislaus County Important Farmland 2010," the property is designated Rural Residential. Therefore, no prime farmland will be converted to non-agricultural use for this project and no mitigation is necessary. No additional impact on prime agricultural land is anticipated, as compared to the PEIR.
- (2) A project of this type is consistent with the County's A-2-40 zone although infrastructure of this type is not subject to additional entitlements, in accordance with Section 66428(a)(2) of the Subdivision Map Act.
- (3) There is no Williamson Act contract on the subject site.

Site B

- (1&4) Farmland conversion of this magnitude for a well site was evaluated in the Program EIR. According to the Department of Conservation's map, "Stanislaus County Important Farmland 2010," the property is designated Urban and Built Up. Therefore, no prime farmland will be converted to non-agricultural use for this project and no mitigation is necessary. No additional significant impact on prime agricultural land is anticipated, as compared to the PEIR.
- (2) A project of this type is consistent with the County's plan for the Del Rio area and the expired Planned Development zone on the property. This project is not subject to additional entitlements, in accordance with Section 66428(a)(2) of the Subdivision Map Act.
- (3) There is no Williamson Act contract on the subject site.

3. AIR QUALITY

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on air quality and their associated mitigation measures. Refer to pages 3.3-15 to 3.3-21 and 4-9 to 4-11 in the PEIR for details.

Direct Impacts

Impact AIR-1: Conflicts with or obstruction of implementation of the applicable air quality plan (Significant and Unavoidable)
No mitigation measures identified.

Impact AIR-2: Violations of any air quality standard or substantial contribution to existing or projected air quality violation during construction of proposed improvements (Less than Significant with Mitigation)

Mitigation Measure AIR-1: Implement SJVAPCD Regulation VIII control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-2: Implement enhanced control measures for construction emissions of PM₁₀.

Impact AIR-3: Violations of any air quality standard or substantial contribution to an existing or projected air quality violation during operation of proposed improvements (Less than Significant with Mitigation)

Mitigation Measure AIR-3: Implement control measures for operation emissions of PM₁₀ and for ozone precursors (ROG and NO_x)

Impact AIR-4: Result in a Cumulatively Considerable Net Increase of Any Criteria Pollutant for which the Program Region is in Nonattainment under an Applicable Federal or State Ambient Air Quality Standard (Including Releasing Emissions that Exceed Quantitative Thresholds for Ozone Precursors) (Significant and Unavoidable)

No mitigation measures identified.

Cumulative Impacts

Impact CUM-2: Construction-related emissions of PM₁₀ and ozone precursors (Significant and Unavoidable)

Impact CUM-3: Emissions of greenhouse gases (Significant and Unavoidable)

Mitigation Measure CUM-1: Greenhouse gas calculations and emissions reduction measures

Impact CUM-4: Result in a cumulatively considerable net increase of any criteria pollutant for which the program region is in nonattainment under an applicable federal or State Ambient Air Quality Standard (including releasing emissions that exceed quantitative thresholds for ozone precursors) (Significant and Unavoidable)

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages 3.3-15 to 3.3-21 and 4-9 to 4-11 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AIR-1, AIR-2, AIR-3, and CUM-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.3 of the Program EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. DEGRADATION OF AIR QUALITY				
1) The project will conflict with or obstruct implementation of the applicable air quality plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) The project will violate any air quality standard or contribute substantially to an existing or projected air quality violation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project will result in a cumulatively considerable net increase of any criteria pollutant for which the program region is in non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The project will expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) The project will create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The project will fail to comply with the SJVAPCD's mitigation measures for particulate matter 10 microns or less in diameter (PM ₁₀) during construction. The SJVAPCD has determined that compliance with its Regulation VIII and the implementation of other control measures presented in its <i>Guide for Assessing and Mitigating Air Quality Impacts</i> will constitute sufficient mitigation to reduce PM ₁₀ impacts to a level considered less than significant.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The project would cause emissions of air pollutants that would cause or substantially contribute to either localized or regional violations of the ambient air quality standards. Program emissions of more than 10 tons per year of oxides of nitrogen (NO _x) or reactive organic gases (ROG) would substantially contribute to existing violations of ozone standards. Ten tons per year equals 54.8 pounds per day.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
8) The project would cause localized carbon monoxide (CO) concentrations that exceed the California ambient air quality standards (CAAQS) of 9 parts per million (ppm) averaged over 8 hours or 20 ppm averaged over 1 hour.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
9) The project would cause odor problems that result in more than one confirmed complaint per year, averaged over a 3-year period, or three	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
unconfirmed complaints per year averaged over a 3-year period.				
10) The project would expose sensitive receptors or the general public to substantial levels of TACs. The SJVAPCD's threshold of significance is whether the program would exceed: (1) an increased cancer risk for the person with maximum exposure potential by 10 in 1 million, or (2) ground level concentrations of noncarcinogenic TACs resulting in a non-cancer hazard index greater than 1 for the person with maximum exposure.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1-4) Construction emissions, as disclosed in the Program EIR, are expected to be significant. However, the proposed well and tank are consistent with the type of project described in the Program EIR and its air quality impacts are expected to be similar to impacts described in the Program EIR. Mitigation measures AIR-1 and AIR-2 will be implemented to reduce construction impacts to a less-than-significant level. No additional impacts are expected.
- (5) No objectionable odors are expected to result from construction or operation of the well and tank and associated infrastructure.
- (6) Mitigation measures to control PM₁₀ emissions during construction (AIR-1 and AIR-2) would reduce construction impacts to a less-than-significant level, as disclosed in the Program EIR.
- (7-10) The proposed project is entirely consistent with the type of project described and analyzed in the Program EIR. Emissions of nitrogen oxides, reactive organic gases, carbon monoxide, toxic air contaminants, and odors, which would occur almost exclusively during construction, would thus be consistent with emissions analyzed and quantified in the Program EIR. To reduce operational emissions, mitigation measure AIR-3 will be applied to reduce particulate emissions, ROG, and NO_x. No additional impact would occur, as compared to impacts disclosed in the Program EIR.

Greenhouse gases do not comfortably fall under any of these impact categories, as emissions of CO₂, CH₄, and N₂O are not considered criteria pollutants for the purpose of impact evaluation pursuant to Assembly Bill 32 (2006) or Senate Bill 375 (2008) and because impacts from the project are quite small, but contribute to a significant cumulative impact, when combined with local and regional activities.

Water transmission is one of the most difficult categories in which to reduce energy use. Using electricity to power equipment instead of generators results in small reductions in greenhouse gas emissions because the Modesto Irrigation District produces electricity largely through combustion of fossil fuels, while generators are powered entirely with fossil fuels. Solar panels and other alternative sources of electricity are a potential future energy source, but are not efficient enough to warrant the additional expense, particularly given the need for

on-site energy storage. Emissions offsets could be purchased but have a number of drawbacks, such as adding significant expense to the project and the uncertainty surrounding what is being purchased. The greatest potential for reduction in energy use may actually occur through water conservation measures: if less water is being treated and transported, less energy is used for treatment and transportation. The amount of energy reduced is related to the reduction in water use.

As detailed in Attachment A, two new mitigation measures will be incorporated into this project.

GHG Measure 1: Limit idling time of off-road construction equipment to three minutes.

GHG Measure 2: Limit idling time of on-road construction vehicles to three minutes.

Each of these measures is expected to reduce source emissions up to 1%. These measures will be included as requirements in the construction service contract for the project.

4. BIOLOGICAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant and unavoidable impacts on biological resources and their associated mitigation measures. Refer to pages 3.4-24 to 3.4-44 and 4-11 and 4-12 for details.

Direct Impacts

Impact BIO-1: Program-related impacts on plants (less than significant with mitigation)

Mitigation Measure BIO-1: Perform focused surveys for Special-Status plant species

Mitigation Measure BIO-2: Avoid and minimize impacts on Special-Status plant species

Mitigation Measure BIO-3: Compensate for unavoidable impacts on Special-Status plant species

Impact BIO-2: Impacts on the Valley elderberry longhorn beetle (less than significant with mitigation)

Mitigation Measure BIO-4: Conduct preconstruction surveys for the Valley elderberry longhorn beetle and its elderberry host species plant

Mitigation Measure BIO-5: Agency coordination and consultation for impacts on the Valley elderberry longhorn beetle

Mitigation Measure BIO-6: Avoid Valley elderberry longhorn beetle habitat

Mitigation Measure BIO-7: Transplant elderberry plants

Impact BIO-3: Construction-related loss of occupied burrowing owl habitat (less than significant with mitigation)

Mitigation Measure BIO-8: Avoid and protect burrowing owls

Mitigation Measure BIO-9: Compensate for loss of burrowing owl habitat

Impact BIO-4: Construction-related loss of Swainson's hawk foraging habitat (less than significant with mitigation)

Mitigation Measure BIO-10: compensate for loss of Swainson's hawk foraging habitat

Impact BIO-5: Construction-related impacts on nesting Swainson's hawks (less than significant with mitigation)

Mitigation Measure BIO-11: Conduct preconstruction surveys for Swainson's hawk nests

Impact BIO-6: Construction disturbance of bald eagle, tricolored blackbird, and other migratory birds, including raptors (less than significant with mitigation)

Mitigation Measure BIO-12: Conduct preconstruction surveys for nesting birds

Mitigation Measure BIO-13: Avoid and minimize impacts on nesting raptors and other migratory birds

Impact BIO-7: Construction impacts on vernal pool branchiopods (less than significant with mitigation)

Mitigation Measure BIO-14: Avoid habitat for vernal pool branchiopods

Mitigation Measure BIO-15: Conduct protocol-level surveys for vernal pool branchiopods

Mitigation Measure BIO-16: Compensate for impacts on vernal pool branchiopods

Impact BIO-8: Construction impacts on California tiger salamander (less than significant with mitigation)

Mitigation Measure BIO-17: Avoid habitat for California tiger salamander

Mitigation Measure BIO-18: Conduct protocol-level surveys for California tiger salamander

Mitigation Measure BIO-19: Compensate for impacts on California tiger salamander

Impact BIO-9: Construction-related impacts on western pond turtles (less than significant with mitigation)

Mitigation Measure BIO-20: Conduct preconstruction surveys for and minimize impacts on western pond turtles

Impact BIO-12: Construction-related impacts on riparian brush rabbit and riparian woodrat (less than significant with mitigation)

Mitigation Measure BIO-21: Avoid habitat for riparian woodrat and riparian brush rabbit

Mitigation Measure BIO-22: Conduct surveys for riparian woodrat and riparian brush rabbit

Mitigation Measure BIO-23: Consult with the USFWS to conduct monitoring for riparian woodrat and riparian brush rabbit / environmental training for construction crews

Impact BIO-13: Construction-related impacts on fish (less than significant with mitigation)

Mitigation Measures HYD-1 and HYD-2 relating to the City's NPDES permit would reduce impacts to a less-than-significant level.

Impact BIO-14: Loss of shaded river aquatic cover and riparian habitat (less than significant with mitigation)

Mitigation Measure BIO-24: Avoid or minimize disturbance to waters, wetlands, or riparian areas

Mitigation Measure BIO-25: Mitigate for permanent disturbance to sensitive habitats

Mitigation Measure BIO-26: Confine project design and construction to minimize impacts on sensitive habitats

Mitigation Measure BIO-27: Preserve habitat values

Impact BIO-15: Impacts on sensitive natural communities (less than significant with mitigation)

Mitigation Measure BIO-28: Preserve native trees

Mitigation Measure BIO-29: Protect riparian corridors

Mitigation Measure BIO-30: Use native species for landscaping

Impact BIO-16: Effects on Waters of the United States and Waters of the State (less than significant with mitigation)

Mitigation Measures BIO-24 through BIO-26 and BIO-28 would reduce this impact to a less-than-significant level.

Impact BIO-17: Effects on wildlife corridors and native wildlife nurseries (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-30 would reduce this impact to a less-than-significant level.

Impact BIO-18: Inconsistency with local policies or ordinances protecting biological resources (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-27 would reduce this impact to a less-than-significant level.

Cumulative Impacts

Impact CUM-5: Effects on biological resources (less than significant with mitigation)

Mitigation Measures BIO-1 through BIO-30 would reduce this impact to a less-than-significant level.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Biological resource mitigation measures pertinent to the proposed project are found on pages 3.4-24 through 3.4-44 V-7-24 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes BIO-6, BIO-11, BIO-12, BIO-13, BIO-14, BIO-17, BIO-21, BIO-24, and HYD-1 from the Program EIR; of these, BIO-11, BIO-12, BIO-13, and HYD-1 require the city take specific actions prior to construction, while the remaining mitigation measures have been implemented by selecting a less-sensitive project site than was evaluated in the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.4 of the Program EIR discloses impacts on biological resources resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. BIOLOGICAL RESOURCES				
1) Have a substantial adverse effect, either directly or through habitat modification, on any species identified as a candidate, sensitive, or special-status in local or regional plans, policies, or regulations, or by the DFG or USFWS.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, or regulations, or by the DFG or USFWS.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Have a substantial adverse effect on federally-protected wetlands, as defined by CWA Section 404 (including marsh, vernal pool, and coastal wetlands) through direct removal, filling, hydrological interruption, or other means.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Interfere substantially with the movement of any native resident or migratory fish or wildlife species, or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Conflict with the provisions of an adopted Habitat Conservation Plan (HCP), Natural Communities Conservation Plan (NCCP), or other approved local, regional, or state Habitat Conservation Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

- (1) The Ladd Road well and tank are proposed to be located on a site currently occupied by a house and accessory buildings and pasture that lie slightly more than a mile from the Stanislaus River. Disturbance to Swainson's hawk foraging habitat could occur during construction. The preconstruction survey needed for the Stewart Road site should include consultation on whether and how Mitigation Measure BIO-10 could be applied to this site.
- (2-4) The Program EIR considered locating water storage tanks and wells in riparian areas. By relocating the project site away from riparian areas, the proposed project will avoid impacts on vernal pool branchiopods, California tiger salamanders, western pond turtles, riparian woodrats, riparian brush rabbits, Valley elderberry longhorn beetles and Valley elderberry bushes, loss of aquatic cover and riparian habitat, and impacts on Waters of the United States and Waters of the State (Mitigation Measures BIO-6, BIO-14, BIO-17, BIO-21, and BIO-24).

Because this site avoids impacts on the above named species, no mitigation for those species is required for this site.

Additionally, the proposed well and tank site is more than a mile from the Stanislaus River's riparian and riverine habitat and there are no vernal pools on the project site. As a result, there is no reasonable possibility of significant impacts from the project on migratory fish, riparian habitat, or wetlands, which will be reduced to a less-than-significant level by implementing Mitigation Measure HYD-1. The project site lies outside the 100-year floodplain.

- (5-6) There are neither local policies protecting biological resources nor an HCP, NCCP, or other habitat conservation plan in effect in the project area.

Site B

- (1) The Stewart Road well is proposed to be located on a site currently unused and occupied by a large native oak tree, a dense stand of smaller trees of an identified variety, and sparse ruderal grassland near McHenry Avenue. This site lies within 3/4 mile of the Stanislaus River. No impact on Swainson's hawk foraging habitat is expected to occur, as this species forages in irrigated cropland and pastures. However, the site is located near enough to nesting habitat that birds may be disturbed by construction activities; a preconstruction survey will be performed in accordance with Mitigation Measure BIO-11. There is also the potential for disturbance of other raptors (kites, hawks, and owls), nesting birds, and other migratory bird species near the site, which also necessitates a preconstruction survey (Mitigation Measures BIO-12 and BIO-13).

- (2-4) The Program EIR considered locating water storage tanks and wells in riparian areas. By relocating the project site away from riparian areas, the proposed project will avoid impacts on vernal pool branchiopods, California tiger salamanders, western pond turtles, riparian woodrats, riparian brush rabbits, Valley elderberry longhorn beetles and Valley elderberry bushes, loss of aquatic cover and riparian habitat, and impacts on Waters of the United States and Waters of the State (Mitigation Measures BIO-6, BIO-14, BIO-17, BIO-21, and BIO-24). Because this site avoids impacts on the above named species, no mitigation for those species is required for this site.

Additionally, the proposed well and tank site is approximately 3/4 mile from the Stanislaus River's riparian and riverine habitat and there are no vernal pools on the project site. As a result, there is a small possibility of significant impacts from the project on migratory fish, riparian habitat, or wetlands, which will be reduced to a less-than-significant level by implementing Mitigation Measure HYD-1. The project site lies outside the 100-year floodplain.

- (5-6) There are neither local policies protecting biological resources nor an HCP, NCCP, or other habitat conservation plan in effect in the project area.

5. CULTURAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on cultural resources and their associated mitigation measures. Refer to pages 3.5-12 to 3.5-17 and 4-12 in the PEIR for details.

Direct Impacts

Impact CR-2: Impacts on previously undiscovered archaeological resources (less than significant with mitigation)

Mitigation Measure CR-1: Implement plan to address discovery of unanticipated buried cultural resources

Impact CR-3: Impacts on previously undiscovered human remains (less than significant with mitigation)

Mitigation Measure CR-2: Implement plan to address the discovery of human remains

Impact CR-4: Impacts on paleontological resources (less than significant with mitigation)

Mitigation Measure CR-3: Minimize potential adverse impacts on paleontological resources

Cumulative Impacts

Impact CUM-6: Effects on Cultural Resources (Less than Significant with Mitigation)

Mitigation Measures CR-1 through CR-3 would reduce this impact to a less-than-significant level.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Cultural resources mitigation measures pertinent to the project being analyzed in this Initial Study are found on page 3.5-12 to 3.5-17 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: CR-2, CR-2, and CR-3 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.5 of the PEIR discloses impacts on cultural resources resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. CULTURAL RESOURCES				
1) The project would cause a substantial adverse change in the significance of a historic resource as defined in Section 15064.5 of the State CEQA Guidelines.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2) The project would cause a substantial adverse change in the significance of a unique archaeological resource pursuant to Section 15064.5.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project would directly or indirectly destroy a unique paleontological resource or site or unique geologic feature.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) The project would disturb any human remains, including those interred outside of formal cemeteries.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

(1-4) The project site has no structures on it, but the adjoining parcel, which the City also intends to purchase, has a farmhouse and accessory buildings on it. The house appears to have been constructed in the 1940s. Both parcels have been under cultivation for many years and is unlikely to yield any significant cultural or paleontological resources as a result of construction. However, should human remains be encountered during construction, Mitigation Measures CR-1, CR-2, and CR-3 will be implemented.

Site B

(1-4) The project site has no structures on it, but the lot that adjoins it to the west is occupied with a house built in the 1930s on a large lot. The site has been farmed for many years and is unlikely to yield any significant cultural or paleontological resources as a result of construction. However, should human remains be encountered during construction, Mitigation Measures CR-1, CR-2, and CR-3 will be implemented.

6. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts on cultural resources and their associated mitigation measures. Refer to pages 3.6-9 to 3.6-10 in the PEIR for details.

Direct Impacts

Impact GEO-1: Damage due to surface rupture, ground-shaking, liquefaction, expansive soils, or landsliding (less than significant with mitigation)

Mitigation Measure GEO-1: Conduct project-specific geotechnical investigation prior to construction

Impact GEO-2: Soil erosion or loss of topsoil due to program construction or operation (less than significant with mitigation)

Mitigation Measure HYD-1 would minimize the potential for erosion and sedimentation to a less-than-significant level

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages 3.6-9 to 3.6-10 of the Program EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes GEO-1 and HYD-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.6 of the PEIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project would expose people, structures, or infrastructure to potential substantial adverse effects, including the risk of loss, damage, injury, or death involving surface rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area, or based on other substantial evidence of a known fault, strong seismic groundshaking, liquefaction and other related types of seismically induced ground failure, expansive soils, or landslides.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2) The project would cause substantial soil erosion or loss of topsoil due to program operation or construction.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) The project would result in the loss of availability of a known mineral resource or mineral resource recovery site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1) To ensure that the project site is underlain with soils suitable for the proposed tank and well, Mitigation Measure GEO-1 will be implemented.
- (2) Mitigation Measure HYD-1 would reduce erosion and sedimentation to a less-than-significant level.
- (3) As noted in the Program EIR, the proposed infrastructure would have no significant impact on the recoverability of any sand and gravel deposits in the vicinity of the project site.

7. HAZARDS AND HAZARDOUS MATERIALS

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to hazards and hazardous materials and their associated mitigation measures. Refer to pages 3.7-8 to 3.7-11 in the PEIR for details.

Direct Impacts

Impact HAZ-4: Release of hazardous materials from an existing contaminated site (less than significant with mitigation)

Mitigation Measure HAZ-1: Prepare a risk assessment prior to construction activity

Mitigation Measure HAZ-2: Control contamination resulting from previously unidentified hazardous waste materials

Cumulative Impacts

No significant cumulative impact was identified in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages 3.7-8 to 3.7-11 of the Program EIR. All mitigation measures appropriate to the project to be incorporated

into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes HAZ-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.7 of the Program EIR discloses impacts on hazardous materials resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. GENERATION OF HAZARDOUS MATERIALS				
1) Create a hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Create a hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Emit hazardous emissions or involve handling hazardous materials, substances, or waste within 0.25 mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Be located on a site that is listed as hazardous by the California Environmental Protection Agency, and, as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Result in safety hazards near a public or public-use airport.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Expose people or structures to risk of loss, injury, or death involving wildland fires.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

- (1-3) Most of the equipment to be installed runs on electricity, which neither creates nor uses hazardous materials at the project site. Backup generators use diesel fuel, which would be transported to the site, stored on site, and disposed of from time to time. On-site containment is required for the chlorinator and in case of diesel fuel spills and would be implemented as part of project design. This impact is consistent with the impact disclosed in the Program EIR.
- (4) The project site is not known to the State of California to be contaminated with hazardous materials. However, a Phase I assessment is being prepared for the site, as required by Mitigation Measure HAZ-1. All mitigation contained in the final Phase I assessment will be implemented.
- (5-6) There are no public or public-use airports near the project site. Additionally, the site is under cultivation and there are no wildlands near the site. Therefore, there is no impact on wildfires.

Site B

- (1-3) Most of the equipment to be installed on the project site runs on electricity, which neither creates nor uses hazardous materials on site. Backup generators use diesel fuel, which would be transported to the site, stored on site, and disposed of from time to time. On-site containment is required for the chlorinator and would be implemented as part of project design. This impact is consistent with the impact disclosed in the Program EIR.
- (4) The project site is not known to the State of California to be contaminated with hazardous materials. However, a Phase I assessment has been prepared for the site, as required by Mitigation Measure HAZ-1, and no sign of hazardous materials was discovered (Kleinfelder report, titled, "Phase I Environmental Site Assessment for Del Rio Tank and Water Well Property 6520 Carver Road, Modesto, California," dated August 13, 2010).
- (5-6) There are no public or public-use airports near the project site. Additionally, the site is under cultivation and there are no wildlands near the site. Therefore, there is no impact on wildfires.
- (7) In order to install distribution pipelines, there may be temporary lane closures in the vicinity of the site. Implementation of a traffic management plan would be included as part of the City's Standard Construction Procedures.

8. HYDROLOGY AND WATER QUALITY

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to hydrology and water quality and their associated mitigation measures. Refer to pages 3.8-17 to 3.8-22 in the Program EIR for details.

Direct Impacts

Impact HYD-1: Water quality impacts from program construction (less than significant with mitigation)
Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Impact HYD-5: Flood hazards (less than significant with mitigation)

Mitigation Measure HYD-2: Conduct floodplain studies prior to program design

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Program EIR and/or New Mitigation Measures Applied to the Project

Hydrology and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.8-17 to 3.8-22 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project is HYD-1 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.8 of the Program EIR provides analysis of Hydrology and Water Quality impacts of implementation of the Water System Engineer’s Report, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. HYDROLOGY AND WATER QUALITY				
1) Violate water-quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Substantially alter the existing drainage pattern of the site or area or the course of a stream or river in a manner that would result in substantial erosion or siltation onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Create or contribute runoff water that would provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Place housing within a 100-year flood hazard area or place structures within a 100-year flood hazard area that would impede or redirect flood flows.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5) Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Substantially alter the existing drainage pattern of the site or area or the course of a stream or river that would result in flooding onsite or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1-3) Water quality could be affected by construction of the tank and water wells or by a possible accident involving diesel fuel (chlorinator?), but the location of the site away from the river will reduce the potential for impacts on the Stanislaus River, as compared to the impacts analyzed in the Program EIR. Mitigation Measure HYD-1 would be implemented, further reducing the potential for impacts. The use of diesel fuel on site is discussed in Section 7, Generation of Hazardous Materials, above.
- (4) This project does not involve the construction or relocation of housing and the site does not lie within the 100-year floodplain.
- (5-6) The project site lies outside the 100-year floodplain, so risk of flood damage to the proposed infrastructure is consistent with the degree of risk assumed in the Program EIR. Furthermore, there would be no change in the risk of flooding from dam failure as compared to the risk throughout the area. Finally, the project would not substantially alter any existing drainage pattern or change a watercourse such that flood hazards are increased, and is consistent with the degree of risk analyzed in the Program EIR.

9. LAND USE AND PLANNING

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to land use and planning.

Direct Impacts

No significant direct impacts were disclosed in the Program EIR, therefore no mitigation measures were identified.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

There are no required mitigation measures in the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.9 of the Program EIR discloses impacts of implementing the Water System Engineer’s Report on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. LAND USE AND PLANNING				
1) Physically divide an established community	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the program adopted for the purpose of avoiding or mitigating an environmental effect.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Conflict with any applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1) Construction and operation of the proposed well and tank would occur outside of the Del Rio community, where the site will be surrounded by cultivated farmland and large lot residences on property similar in size to other lots. No impact greater than impacts disclosed in the Program EIR would occur and no mitigation would be required.
- (2) The well and tank would be consistent with existing land use plans, policies, and regulations.
- (3) There are no habitat conservation plans or natural community conservation plans in effect in Stanislaus County.

10. NOISE

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to noise and their associated mitigation measures. Refer to pages 3.10-8 to 3.10-12 and 4-12 in the PEIR for details.

Direct Impacts

Impact NOISE-1: Exposure of Residences to Noise from Grading and Construction Activities (Significant and Unavoidable)

Mitigation Measure NOISE-1: Employ Noise-Reducing Construction Practices

Mitigation Measure NOISE-2: Limit Nighttime Construction Noise

Impact NOISE-2: Exposure of Residences to Noise from the Operation of Engines at Proposed Improvements Such as Wells and Pump Stations (Less than Significant with Mitigation)

Mitigation Measure NOISE-3: Employ Noise-Reducing Methods During Operations

Cumulative Impacts

Impact CUM-7: Program-Related Noise Emissions (Less than Significant with Mitigation)

Mitigation Measures NOISE-1 through NOISE-3 would reduce this impact to a less-than-significant level.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.10-8 to 3.10-12 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes NOISE-1, NOISE-2, and NOISE-3 from the Program EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.10 of the PEIR discloses noise impacts resulting from implementation of the Water System Engineer's Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of the proposed project's effects is based on the following thresholds. Project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. NOISE				
1) Expose persons to or generate noise levels in excess of standards established in a local general plan or noise ordinance or applicable standards of other agencies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Expose persons to or generate excessive groundborne vibration or groundborne noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Result in a substantial permanent increase in ambient noise levels in the program vicinity above levels existing without the proposed program.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Result in a substantial temporary or periodic increase in ambient noise levels in the program vicinity above levels existing without the program.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
5) Be located within an airport land use plan area, or, where such a plan has not been adopted, within 2 miles of a public airport or public-use airport and expose people residing or working in the program area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) Be located in the vicinity of a private airstrip and expose people residing or working in the program area to excessive noise levels.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1-4) Noise from the project would primarily result from construction activities, constituting a temporary impact. Construction noise would be substantial and is likely to exceed noise thresholds at times, however, this impact was disclosed in the Program EIR and the proposed project is expected to result in noise impacts similar to those described in the Program EIR. Mitigation Measures NOISE-1 and NOISE-2 would be implemented to reduce the impact of construction noise on nearby residences. Noise during from operation of the well and tank would result from the pumps, which could be significant, as described in the Program EIR. Mitigation Measure NOISE-3 would be implemented to reduce operational noise impacts to a less-than-significant level.
- (5-6) There is no airport or airstrip within two miles of the project site.

11. POPULATION AND HOUSING

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to population and housing. Refer to pages 3.11-7 to 3.11-11 in the PEIR for details.

Direct Impacts

Impact POP-2: Potential to Induce Substantial Population Growth (Significant and Unavoidable)
 No mitigation measures were identified for this impact.

Cumulative Impacts

No significant cumulative impact was identified in the PEIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify mitigation measures to reduce impacts on population and housing. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.11 of the Program EIR discloses impacts of implementing the Water System Engineer’s Report on population and housing. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. POPULATION AND HOUSING				
1) Induce substantial population growth in an area, either directly (e.g., by proposing new homes and businesses) or indirectly (e.g., through the extension of roads or other infrastructure).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Displace a substantial number of existing housing units, necessitating the construction of replacement housing elsewhere.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Displace a substantial number of people, necessitating the construction of replacement housing elsewhere.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1) Addition of the proposed wells and tank in the Del Rio area would increase the local water supply and water pressure, which would, in turn, allow greater development in the Del Rio plan area, which has not yet been fully built. The new facilities are proposed to address existing deficiencies in the water delivery system; the amount of water that would be produced by these wells is not expected to facilitate growth greater than that anticipated to occur with the development of the Del Rio planning area. This impact was disclosed in the Program EIR and no mitigation was proposed to reduce the impact; the impact of this specific project is consistent with the impact disclosed in the Program EIR.
- (2-3) No people or housing would be displaced as a result of construction or operation of the proposed well and tank.

12. PUBLIC SERVICES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to public services. Refer to page 3.12-9 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.12 of the Program EIR discloses impacts of implementing the Water System-Engineer's Report on public services. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. PUBLIC SERVICES				
1) Result in substantial adverse physical impacts associated with the provision of new or physically-altered governmental facilities or the need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for fire protection, police protection, schools, parks, or other public facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1) The Program EIR did not identify any significant impacts resulting from the proposed program. The proposed water wells and tank are very similar to those projects described in the Program EIR, thus impacts would be similar to those disclosed in the Program EIR. No significant impact on public services is anticipated.

13. RECREATION

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to recreation. Refer to page 3.13-9 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the PEIR.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.13 of the Program EIR discloses impacts of implementing the Water System Engineer’s Report on recreation. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. RECREATION				
1) Cause any changes in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

(1-2) Construction and operation of the proposed wells and tank are not expected to have any impact on the use or quality of parks. Furthermore, this project would create no demand for new or expanded parks or other recreational facilities.

14. TRAFFIC/TRANSPORTATION

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to traffic/transportation and their associated mitigation measures. Refer to pages 3.14-17 to 3.14-19 and page 4-12 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the Program EIR, therefore there are no mitigation measures.

Cumulative Impacts

No significant cumulative impact was disclosed in the Program EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages 3.14-17 to 3.14-19 of the Program EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The Program EIR did not identify an impact and thus did not identify mitigation measures. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.14 of the PEIR discloses traffic/transportation impacts resulting from implementation of the Water System Engineer’s Report. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not analyzed in the Program EIR.

Significance Criteria: Determination of the proposed project’s effects is based on the following thresholds. Project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. TRAFFIC/TRANSPORTATION				
1) Cause an increase in traffic that is substantial in relation to the existing traffic load and the capacity of the street system (i.e., result in a substantial increase in the number of vehicle trips, the volume-to-capacity ratio on roads, or congestion at intersections).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Cause, either individually or cumulatively, an exceedance of an LOS standard established by the County congestion management agency for designated roads or highways.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Result in inadequate emergency access.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Result in inadequate parking capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5) The proposed program would have a significant impact if it resulted in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
6) The proposed program would have a significant impact if it substantially increased hazards because of a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
7) The proposed program would have a significant impact if it conflicted with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts and bicycle racks).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Site A

- (1-2) The Program EIR disclosed that a small number of vehicle trips would occur during construction of individual projects and that even fewer vehicle trips would occur during operation of the well and tank. Construction trips would result from the conveyance of equipment to the site and from construction workers arriving and departing the site. Operation of the well and tank would result in occasional visits to the site primarily for maintenance purposes.
- (3) Construction activities would temporarily increase emergency response times due to lane narrowing or lane closures to allow the installation of approximately 2,500 linear feet of water transmission pipeline in St. John's Road from the site to the intersection of Country Club Drive. However, these impacts were disclosed in the Program EIR and no greater impacts would be expected to occur as a result of the proposed project. The City's Standard Construction Procedures would be implemented during construction; these include preparing a traffic control plan, public notification, and preconstruction meetings. Adherence to the City's Standard Construction Procedures would result in a less-than-significant impact, consistent with the Program EIR.
- (4) There would be no continuous demand for parking for maintenance staff. Any needed parking would be accommodated on site.
- (5-7) The project site is not located near any airport or airstrip and the infrastructure would have no effect on air traffic due to any of its features. This is consistent with the analysis in the Program EIR. Furthermore, the construction of the tank, well, and associated infrastructure would result in no significant changes to the affected roadways or traffic on them, after construction is complete. The project does not conflict with plans or policies for non-automobile transportation.

Site B

- (1-2) The Program EIR disclosed that a very small number of vehicle trips would occur during construction of individual projects and that even fewer vehicle trips would occur during operation of the well and tank. Construction trips would result from the conveyance of equipment to the site and from construction workers arriving and departing the site. Operation of the well and tank would result in occasional visits to the site primarily for maintenance purposes.
- (3) Construction activities would temporarily increase emergency response times due to lane narrowing or lane closures to allow the installation of approximately 500 linear feet of water transmission pipeline in Stewart Road to the intersection of Grove Point Drive. However, these impacts were disclosed in the Program EIR and no greater impacts would be expected to occur as a result of the proposed project. The City's Standard Construction Procedures would be implemented during construction; these include preparing a traffic control plan, public notification, and preconstruction meetings. Adherence to the City's Standard Construction Procedures would result in a less-than-significant impact, consistent with the Program EIR.
- (4) There would be no continuous demand for parking for maintenance staff. Any needed parking would be accommodated on site.
- (5-7) The project site is not located near any airport or airstrip and the infrastructure would have no effect on air traffic due to any of its features. This is consistent with the analysis in the Program EIR. Furthermore, the construction of the tank, well, and associated infrastructure would result in no significant changes to the affected roadways or traffic on them, after construction is complete. The project does not conflict with plans or policies for non-automobile transportation.

15. UTILITIES

a. Significant Effects Identified in the Program EIR

The Program EIR discloses the following significant impacts related to utilities. Refer to pages 3.15-12 and 3.15-13 and page 4-13 in the PEIR for details.

Direct Impacts

No significant impacts were identified in the PEIR, therefore there are no mitigation measures.

Cumulative Impacts

Impact CUM-11: Effects on Water Quality (Less than Significant with Mitigation)

Mitigation Measures HYD-1 and HYD-2 would ensure there is no contribution to identified impairments.

b. New Mitigation Measures Applied to the Project

All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

There is no need to apply mitigation measures from the Program EIR to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section 3.15 of the Program EIR discloses impacts of implementing the Water System Engineer's Report on utilities. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Program EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless the project would:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. UTILITIES				
1) Require or result in the construction of new water, stormwater, or wastewater treatment facilities or in the expansion of existing facilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
2) Have insufficient water supplies available to serve the program from existing entitlements and resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
3) Be served by a landfill with insufficient permitted capacity to accommodate the program's solid waste disposal needs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
4) Fail to comply with federal, state, and local statutes and regulations related to wastewater treatment or solid waste.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X

Discussion:

Sites A and B

- (1) The proposed new water supply infrastructure would not directly result in a substantial increase in the demand for stormwater drainage or wastewater treatment facilities. Surface runoff is expected to be minimal, as noted in the discussion of hydrology and water quality. Impacts from this project are expected to be consistent with those disclosed in the Program EIR.
- (2) The purpose of this project is to address existing deficiencies and future demand in the water supply system in the Del Rio area. The proposed project would help diversify water supply and improve reliability, consistent with the Program EIR.
- (3) Any solid waste resulting from construction and maintenance of the proposed well and tank would be disposed of at the Fink Road Landfill, if it cannot be recycled, as disclosed in the

Program EIR. The Fink Road Landfill is expected to have adequate capacity to serve the very limited need expected to result from this project and no significant impact is anticipated.

- (4) All relevant federal, state, and local statutes and regulations will be complied with and no impact is expected to occur.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project, then Section A, below, applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below, applies.

A. Program EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21094, in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Program EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan. All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

Aesthetics:

Sites A and B

Mitigation Measure AES-1: Locate staging areas away from public areas

Mitigation Measure AES-2: Screen staging and construction areas

Mitigation Measure AES-3: Design fencing, storage tanks, and booster pump station and groundwater well buildings to be consistent with the surrounding setting

Agricultural Resources:

Sites A and B

None.

Air Quality:

Mitigation Measure AIR-1: Implement SJVAPCD Regulation VIII control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-2: Implement enhanced control measures for construction emissions of PM₁₀.

Mitigation Measure AIR-3: Implement control measures for operation emissions of PM₁₀ and for ozone precursors (ROG and NO_x)

Mitigation Measure CUM-1: Greenhouse gas calculations and emissions reduction measures.

GHG Measure 1: Limit idling time of off-road construction equipment to three minutes.

GHG Measure 2: Limit idling time of on-road construction vehicles to three minutes.

Biological Resources:

Whether the following mitigation measures will be implemented depends on the results of preconstruction biological surveys.

Site A

Mitigation Measure BIO-10: compensate for loss of Swainson's hawk foraging habitat

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Site B

Mitigation Measure BIO-11: Conduct preconstruction surveys for Swainson's hawk nests

Mitigation Measure BIO-12: Conduct preconstruction surveys for nesting birds

Mitigation Measure BIO-13: Avoid and minimize impacts on nesting raptors and other migratory birds

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Cultural Resources:

Sites A and B

Mitigation Measure CR-1: Implement plan to address discovery of unanticipated buried cultural resources

Mitigation Measure CR-2: Implement plan to address the discovery of human remains

Mitigation Measure CR-3: Minimize potential adverse impacts on paleontological resources

Geology, Soils, and Mineral Resources:

Sites A and B

Mitigation Measure GEO-1: Conduct project-specific geotechnical investigation prior to construction

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Hazards and Hazardous Materials:

Sites A and B

Mitigation Measure HAZ-1: Prepare a risk assessment prior to construction activity

Hydrology and Water Quality:

Mitigation Measure HYD-1: Prepare and implement a drilling-contingency (or "frac-out") plan during microtunneling

Land Use and Planning:

None.

Noise:

Mitigation Measure NOISE-1: Employ noise-reducing construction practices

Mitigation Measure NOISE-2: Limit nighttime construction noise

Mitigation Measure NOISE-3: Employ noise-reducing methods during operations

Population and Housing:

None.

Public Services:

None.

Recreation:

None.

Traffic/Transportation:

None.

Utilities:

None.

B. New or Additional Mitigation Measures or Alternatives Required

The Water System Engineer's Report Program EIR was certified on September 14, 2010, with City Council Resolution 2010-408, which included a series of findings and statements of overriding consideration addressing project impacts, mitigation measures, and alternatives. Among the significant unavoidable impacts disclosed in the Program EIR was the project's cumulative impact on greenhouse gas emissions.

A mitigation measure from the Program EIR and identified in this Finding of Conformance, CUM-1, required that emission calculations be made and any additional feasible measures to reduce greenhouse gas emissions be considered as part of subsequent environmental documents. This has been done and the additional measures below have been identified as feasible. However, the project's impact will be significant and unavoidable even when the mitigation measures are implemented. Therefore, City Council Resolution 2010-408 continues to be applicable to the project and no further environmental review is necessary.

Air Quality:

GHG Measure 1: Limit idling time of off-road construction equipment to three minutes.

GHG Measure 2: Limit idling time of on-road construction equipment to three minutes.

GHG-2 and GHG-3 are expected to reduce source emissions up to 1% each. These measures will be included as requirements in the construction service contract for the project.

City of Modesto Interoffice Memorandum

To: Rob Christensen, Utilities Planning and Projects
From: Cindy van Empel, Planning Division
Date: December 19, 2011
Subject: EA/UP&P No. 2010-15 (Attachment A to EA/UP&P 2010-15)

This memorandum is based upon the report from ICF International dated April 2011, titled, "Greenhouse Gas Emissions and Reduction Measure Analysis for the Del Rio Well Project" (Report) and uses information contained in that report, supplemented with additional information from the project engineer and from the Modesto Irrigation District. The report was prepared for the purpose of addressing Mitigation Measure CUM-1 in the Water System Engineer's Report Program EIR (Program EIR, SCH No. 2008092095), certified by the Modesto City Council on September 15, 2010.

Mitigation measure CUM-1 in the Program EIR requires that greenhouse gas emissions be estimated and feasible emission reduction measures be applied to each project within the scope of the Program EIR. However, City Council adopted Resolution 2010-408, which includes findings and statements of overriding considerations for the expected significant impact on greenhouse gas emissions.

Construction Emissions

Construction related emissions from heavy-duty construction equipment and vehicle travel were estimated using the URBEMIS2007, Version 9.2.4 model. URBEMIS2007 analyzes the type of construction equipment used and the duration of the construction period associated with construction of each of the infrastructure components. The following construction assumptions were made (Christensen pers. comm.):

Site A (Ladd Road, well and tank)

- Site Clearing and Grubbing: 4 days
- Site Grading: 10 days
- Site Utilities: 10 days
- Tank & Mechanical Systems: 40 days
- Paving/Site Work: 4 days
- Waterline Extension: 8 days

During the site clearing and grubbing and water line extension phases, heavy-duty diesel trucks would be required to haul excavated soil and material. It was assumed that approximately 93 trips would be made during the site clearing and grubbing phase and 25 trips would be made during the water line extension phase (Christensen pers. comm.). Carbon dioxide emissions associated with these trips were estimated using URBEMIS. Trip distances were assumed to be 20 miles, based on URBEMIS defaults.

Emissions are characterized in carbon dioxide equivalence, or by relative climate change potential. Carbon dioxide, being the basis for equivalence, is assigned a factor of 1.0. Methane (CH₄) has a climate change potential 21 times greater than does carbon dioxide and is assigned a factor of 21. Nitrogen oxides have a climate change potential 310 times greater than carbon dioxide and is assigned a factor of 310. The table below estimate emissions and converts emissions to climate change potential.

TABLE 1: Construction Emissions for Site A

Phase	Source	Construction Emissions in Metric Tons			
		CO ₂	CH ₄	NO _x	CO ₂ e
Clearing and Grubbing	Construction Equipment	1.17	0.00	0.00	1.17
	Heavy Duty Truck	3.40	0.00	0.00	3.40
	Employee Commute	0.45	0.01	0.01	3.76
Grading	Construction Equipment	8.01	0.00	0.00	8.01
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	1.12	0.03	0.03	11.05
Site Utilities	Construction Equipment	10.36	0.00	0.00	10.36
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	1.12	0.03	0.03	11.05
Tank, Well, and Mechanical	Construction Equipment	44.27	0.00	0.00	44.27
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	4.46	0.12	0.12	44.18
Paving/Site Work	Construction Equipment	1.45	0.00	0.00	1.45
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	0.45	0.12	0.12	40.17
Waterline Extensions	Construction Equipment	4.79	0.00	0.00	4.79
	Heavy Duty Truck	0.91	0.00	0.00	0.91
	Employee Commute	0.89	0.02	0.02	7.51
Total Construction Emissions		82.85	0.33	0.33	192.08
For off-road diesel engines, NO _x : CO ₂ = 0.000026 and CH ₄ : CO ₂ = 0.000057. For on-road gasoline engines, NO _x and CH ₄ = 5% of CO ₂ . CH ₄ has 21 times the CO ₂ e of CO ₂ ; NO _x has 310 times the CO ₂ e of CO ₂ .					

Site B (Stewart Road, well)

- Site Clearing and Grubbing: 2 days
- Site Grading: 8 days
- Site Utilities: 8 days
- Tank & Mechanical Systems: 40 days
- Paving/Site Work: 4 days
- Waterline Extension: 8 days

During the site clearing and grubbing and water line extension phases, heavy-duty diesel trucks would be required to haul excavated soil and material. It was assumed that approximately 45 trips would be made during the site clearing and grubbing phase and 5 trips would be made during the water line extension phase (Christensen pers. comm.). Carbon dioxide emissions associated with these trips were estimated using URBEMIS. Trip distances were assumed to be 20 miles, based on URBEMIS defaults.

TABLE 2: Construction Emissions for Site B

Phase	Source	Construction Emissions in Metric Tons			
		CO ₂	CH ₄	NO _x	CO ₂ e
Clearing and Grubbing	Construction Equipment	0.58	0.00	0.00	0.58
	Heavy Duty Truck	1.70	0.00	0.00	1.70
	Employee Commute	0.23	0.01	0.01	3.54
Grading	Construction Equipment	6.50	0.00	0.00	6.50
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	0.90	0.02	0.02	7.52
Site Utilities	Construction Equipment	8.15	0.00	0.00	8.15
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	0.90	0.02	0.02	7.52
Well and Mechanical	Construction Equipment	44.27	0.00	0.00	44.27
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	4.46	0.12	0.12	44.18
Paving/Site Work	Construction Equipment	0.73	0.00	0.00	0.73
	Heavy Duty Truck	----	----	----	0.00
	Employee Commute	0.45	0.12	0.12	40.17
Waterline Extensions	Construction Equipment	4.79	0.00	0.00	4.79
	Heavy Duty Truck	0.14	0.00	0.00	0.14
	Employee Commute	0.89	0.02	0.02	7.51
Total Construction Emissions		74.69	0.31	0.31	177.30
For off-road diesel engines, NO _x : CO ₂ = 0.000026 and CH ₄ : CO ₂ = 0.000057. For on-road gasoline engines, NO _x and CH ₄ = 5% of CO ₂ . CH ₄ has 21 times the CO ₂ e of CO ₂ ; NO _x has 310 times the CO ₂ e of CO ₂ .					

Operational Emissions

Direct Emissions

Facility inspections will occur three times per week; a total of 156 trips per year were assumed (Christensen pers. comm.) Both sites will likely be visited during a single inspection trip. Emissions associated with inspections were modeled using the URBEMIS 2007 model. One 760 horsepower backup diesel generator will be installed at each site. Each generator will be used no more than six hours per year (Christensen pers. comm.).

Indirect Emissions

The California Air Pollution Control Officers Association (CAPCOA) (2010) lists the following energy requirements for the San Joaquin River Basin:

- Water Treatment: 111 kilowatt-hours (kWh) per million gallons (MG)
- Water Distribution: 1,272 kWh per MG

These factors were multiplied by the amount of water produced by each of the two wells to estimate the total energy demand for water treatment and distribution. The desired minimum yield of each well is 1,000 gallons per minute and pumping is expected to occur an annual average of eight hours per day, although it would vary based on system pressure and tank level from as much as 20 hours per day in the summer to as little as two hours per day in the winter. The estimated annual production from each well is 175 million gallons. MID's 2012 resource mix profile results in CO₂ equivalent emissions of 874.1 pounds per MegaWatt hour of electricity.

TABLE 3: Operation Emissions for Both Sites

Source	horsepower	Total Hours/yr	kiloWatt hours	CO ₂ e metric tons
Booster Pumps (2)	300	8,760	1,944,720	772.67
Well Pump (2)	200	5,840	864,320	0.34
Treatment	----	----	38,850	0.02
Distribution	----	----	445,200	0.17
Mechanical Facility (2)	----	730	18,396	0.01
Maintenance Trips	----	----	----	1.00
Total				774.21
One horsepower = 0.74 kiloWatts Booster pumps will operate a maximum of 4,380 hours annually Well pumps are expected to operate an average of 8 hours per day over the year.				

Results Summary

Construction of the proposed project would generate approximately 369 metric tons of CO₂e. Operation of the proposed project would generate annual GHG emissions from fossil fuel combustion used to generate electricity and by maintenance vehicles, totaling approximately 774 metric tons of CO₂e annually.

Mitigation

Appendix C of the Report identifies several potential mitigation measures, most of which are not feasible for the City of Modesto to implement, primarily due to the expense of many of the mitigation measures, although some mitigation measures are not directly related to the impact of the Del Rio Wells and Tank. Measures 1 and 2 are those most feasible for Modesto to implement.

Measure 1: Limit idling time of off-road construction equipment to three minutes.

Measure 2: Limit idling time of on-road construction vehicles to three minutes.

Each of these measures (Report, p 11-13) is expected to reduce source emissions up to 1%. They will be incorporated into the project and into the construction service contracts the City will let. All contractors and staff will be expected to implement these measures, which will reduce fuel use, improve air quality, and reduce greenhouse gas emissions.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-101**

RESOLUTION APPROVING A PURCHASE AGREEMENT BETWEEN THE CITY OF MODESTO AND MARIA E. CRAWSHAW AND SANDRA L. MEAGHER, TRUSTEE OF THE SANDRA L. MEAGHER 2006 TRUST, FOR A 2.021-ACRE PARCEL AND A 1.942-ACRE PARCEL, TOTALING 3.96 ACRES OF LAND (APN 004-077-018 & 004-077-019), IN THE AMOUNT OF \$275,000, FOR THE DEL RIO WATER TANK & WELL PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, on July 12, 1995, the City of Modesto acquired the former Del Este Water System, which includes the water system within the Del Rio community, and

WHEREAS, in January 2005, a Technical Memorandum prepared by West Yost Associates identified certain capital improvements to maintain existing water service levels and to provide additional service for anticipated new development, and

WHEREAS, staff has identified two adjacent parcels totaling 3.96 acres located at 718 Ladd Road in Del Rio to place a new domestic well, storage tank and booster pump station as a part of the capital improvements identified for the Del Rio Community, and

WHEREAS, staff has completed the required environmental review for the property, and

WHEREAS, an Agreement is needed for the acquisition of the property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase Agreement between the City of Modesto and Maria E. Crawshaw and Sandra L. Meagher, trustee of the Sandra L. Meagher 2006 Trust, for a 2.021-acre parcel and a 1.942-acre parcel, totaling 3.96 acres of land (APN 004-077-018 & 004-077-019), in the amount of \$275,000, for the Del Rio Water Tank & Well project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: Cogdill

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-102**

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED, FOR THE ACQUISITION OF PROPERTY LOCATED AT 718 LADD ROAD, OWNED BY MARIA E. CRAWSHAW AND SANDRA L. MEAGHER, TRUSTEE OF THE SANDRA L. MEAGHER 2006 TRUST, (APN 004-077-018 & 004-077-019) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE DEL RIO WATER TANK & WELL PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire two adjacent parcels of land totaling 3.96 acres, located at 718 Ladd Road, owned by Maria E. Crawshaw and Sandra L. Meagher, Trustee of the Sandra L. Meagher 2006 Trust., (APN 004-077-018 & 004-077-019), to be purchased by the City of Modesto for the Del Rio Water Tank & Well project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Grant Deed, for the acquisition of property located at 718 Ladd Road, owned by Maria E. Crawshaw and Sandra L. Meagher, trustee of the Sandra L. Meagher 2006 Trust, (APN 004-077-018 & 004-077-019) to be purchased by the City of Modesto for the Del Rio Water Tank & Well project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-103**

A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH KRAZAN & ASSOCIATES FOR CONSTRUCTION MATERIALS TESTING SERVICES FOR VARIOUS CITY OF MODESTO PROJECTS FOR FISCAL YEAR 2011/2012 IN AN AMOUNT NOT TO EXCEED \$107,251; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, City staff finds it necessary to utilize the services of a materials testing firm during the course of administering the construction on public improvement projects, and

WHEREAS, the testing services are required to help achieve compliance with the specification requirements of the various projects, and

WHEREAS, staff does not have the required equipment or certifications to perform all the required testing services, and

WHEREAS, staff issued a Request for Bids through the City's competitive bidding process, and bids were opened on April 20, 2010, for Construction Materials Testing Services, and the firm of Krazan & Associates, Inc. was the lowest responsible bidder, and

WHEREAS, on June 22, 2010, by Resolution No. 2010-258, the City Council approved an Agreement with Krazan & Associates, Inc. to perform Construction Materials Testing Services on various City of Modesto projects for Fiscal Year 2010/2011, with two (2) one-year extension options, and

WHEREAS, on May 11, 2011, the first of two approved contract extensions was executed for Fiscal Year 2011/2012 in an amount not to exceed \$68,640, and

WHEREAS, on January 23, 2012, City Staff submitted a budget augmentation for additional funding in the amount of \$38,911, to a not to exceed total of \$107,251 for the Fiscal Year 2011/2012 contract extension period,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement for Construction Materials Testing Services between the City of Modesto and Krazaan & Associates, Inc., for various City of Modesto projects for Fiscal Year 2011/2012, in an amount not to exceed \$107,251.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-104**

**RESOLUTION APPROVING UPDATED NEIGHBORHOOD STABILIZATION
PROGRAM 2 (NSP2) LOAN TERMS AND PROGRAM GUIDELINES**

WHEREAS, on May 4, 2009, the U.S. Department of Housing and Urban Development (HUD) issued a Notice of Funding Availability (NOFA) for the Neighborhood Stabilization Program 2 (NSP2) and

WHEREAS, the City of Modesto made application to HUD for funding and was informed by HUD on January 14, 2010, that the City of Modesto had been granted \$25 million under the NOFA for NSP2, and

WHEREAS, on January 26, 2010, the City Council, by Resolution No. 2010-18, accepted the grant award, and

WHEREAS, the City of Modesto entered into an agreement with HUD on February 11, 2010, and

WHEREAS, staff has developed guidelines for allocating the NSP2 funding based on the activities outlined in the approved City of Modesto Neighborhood Stabilization grant application, and

WHEREAS, these guidelines were updated in February 2012, to require City Council approval of all property acquisition and rehabilitation loans made with NSP2 funds after initial approval of the Citizens' Housing & Community Development sub-committee, and

WHEREAS, this update was recommended by the Citizens' Housing & Community Development Committee (CH&CDC) at its February 29, 2012, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the updated Neighborhood Stabilization Program II loan terms and program guidelines, as described in **Attachment 1**, a copy of which is on file in the Office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

NEIGHBORHOOD STABILIZATION PROGRAM 2 GUIDELINES & LOAN TERMS (UPDATED February, 2012)

PROPERTY PURCHASES MADE UTILIZING NSP2 FUNDS

- Properties are purchased by for-profit and non-profit developers who have been qualified by CH&CDC
- Properties purchased under the program must meet NSP2 definitions for foreclosed or abandoned residential properties
 - Acquisition cost must be a minimum of 1% under appraised value
- Short sales are permitted per HUD regulation and under the following circumstances
 - Property is owner-occupied **and** will meet income-eligibility requirements, **or**
 - Property has been vacant for 90 days
- All Loans for both acquisition and rehabilitation to be approved by the Modesto City Council after initial review and approval by the CH&CDC sub-committee
- All rehabilitation work must be done to HUD Housing Quality Standards (HQS)
- Appraisals* done on multi-unit properties of more than four (4) units will be reviewed by a certified review appraiser
- Remaining Affordable housing purchased under NSP2 funding will be subject to the following guidelines
 - Acquisition and rehabilitation will not exceed
 - \$165,000 for single family homes
 - \$125,000 per unit for multi-family units
 - If re-sale, property subsidy capped at 30%
 - Procurement must follow HA-HUD standards with two or three bids received on all work
 - all properties must be in HUD approved target areas/census tracts
 - as an approved sub-recipient, the HACCS can only receive an "Activity Delivery costs"
 - *Staff recommends setting this at 3% for future projects (current program-average "developer" cost is \$11,000/single-family property) Estimated "Activity Delivery costs" would be \$4,950 for single-family property*
 - Real Estate commission for the sale of NSP2 properties in the NSP2 Homebuyer's Program and future resale properties will be capped at 5%.

FOR-PROFIT DEVELOPER – RENTAL PROPERTIES

- Except for the affordability period and leveraging requirement, the loan terms are the same as NSP1:

NEIGHBORHOOD STABILIZATION PROGRAM 2 GUIDELINES & LOAN TERMS (UPDATED February, 2012)

- 25-year affordability period (increased from 15-years)
- 40-year loan period
- Payments on acquisition and rehabilitation are deferred for first 5 years with no interest or payments made
- Year 6 payments begin on acquisition costs amortized over 35 years at 3% interest
- Year 16 payments begin on rehabilitation costs amortized over 25 years at 3% interest
- Developer leveraging of 20% on total project cost is required (up from 10% in NSP1)
- At the sole discretion of the City Council, in the event the affordability covenant is fulfilled at the end of the fifteen year term, the rehabilitation portion of the loan will be forgiven if the property is sold to a qualifying low-income household.

AFFORDABILITY COVENANT:

Affordability restrictions such as the length of time a unit remains affordable, the targeted income level for the unit, annual reporting requirements, and the resale restrictions, are detailed in a covenant. A property may have one or more covenants associated with it, and these documents define the specific rules with which the property must comply.

NSP properties will remain affordable to individuals or families whose incomes do not exceed 120 percent of area median income. During which the property will be maintained; monitored and required recordkeeping will be continued.

NON-PROFIT DEVELOPER – RENTAL PROPERTIES

- Except for the longer affordability period, the loan terms are the same as NSP1:
 - Payments are deferred for 25 years (increased from 15 year)
 - If affordability period is maintained, loan is forgiven in full
 - If affordability is not maintained, the loans are immediately due in full

BLIGHTED STRUCTURE: A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare.

NOTE: QUALIFYING HOUSEHOLDS/NSP2 HOMEBUYERS GUIDELINES WILL BE PRESENTED AT THE MARCH 27, 2012 COUNCIL MEETING.

*Based on the Federal regulation 49 CFR 24,104

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-105**

**RESOLUTION SUPPORTING THE EXTENSION OF A 1/8 CENT SALES TAX
WHICH WOULD FUND THE STANISLAUS COUNTY LIBRARY**

WHEREAS, the Stanislaus County Library is seeking continued funding through an extension of a 1/8 cent sales tax; and

WHEREAS, an election will be held on June 5, 2012, whereupon the voters will be asked to extend the 1/8 cent sales tax to assist in funding of the Stanislaus County Library; and

WHEREAS, the Stanislaus County Library is requesting cities in Stanislaus County to support the extension of the 1/8 cent sales tax which supports the Stanislaus County Library by adoption of this resolution, and a certified copy of this resolution shall be delivered to the Stanislaus County Library;

NOW BE IT RESOLVED THAT the Modesto City Council hereby endorses the June 2012 election in support of the extension of the 1/8 cent sales tax which funds the Stanislaus County Library.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-106**

**RESOLUTION APPROVING THE APPOINTMENT OF COUNCILMEMBER
DAVE COGDILL AND LAURIE A. SMITH, MCMA PRESIDENT, TO THE
MODESTO REDEVELOPMENT SUCCESSOR AGENCY OVERSIGHT BOARD
AND COUNCILMEMBER DAVE COGDILL TO THE STANISLAUS COUNTY
REDEVELOPMENT SUCCESSOR AGENCY OVERSIGHT BOARD**

WHEREAS, on January 24, 2012, the City Council, by Resolution No. 2012-41, and in accordance with AB 1X 26 (Health and Safety Code Section 34173) assumed the role of Redevelopment Successor Agency to wind down the affairs of the agency, and

WHEREAS, the Successor Agency's activities are subject to review and approval by an oversight board, and

WHEREAS, Health and Safety Code Section 34179(a) provides that the oversight board will be comprised of seven appointees from the affected local taxing entities and the community that created the redevelopment agency, and

WHEREAS, Health and Safety Code Section 34179 also provides that in the case of the County redevelopment agency, the largest city by acreage in the jurisdiction of the former redevelopment agency may select one member for the County Oversight Board,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Councilmember Dave Cogdill is hereby appointed to the Modesto Redevelopment Successor Agency Oversight Board as the representative appointed by the Mayor for the city that created the redevelopment agency.

SECTION 2. Laurie A. Smith, MCMA President, is hereby appointed to the Modesto Redevelopment Successor Agency Oversight Board as the representative

appointed by the Mayor from the recognized employee organization representing the largest number of former redevelopment agency employees employed by the successor agency at that time.

SECTION 3. Councilmember Dave Cogdill is hereby appointed to the Stanislaus County Redevelopment Successor Agency Oversight Board as the representative appointed by the Mayor from the largest city by acreage in the jurisdiction of the former redevelopment agency.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-107**

**A RESOLUTION APPROVING AMENDMENTS TO THE CITY OF MODESTO
POLICY AGAINST HARASSMENT AND DISCRIMINATION AND THE
COMPLAINT PROCEDURE, AND ADOPTION OF THE CITY'S ANTI-
RETALIATION POLICY**

WHEREAS, California AB 887, amends the Fair Employment and Housing Act (FEHA) to add gender identity and gender expression to the enumerated characteristics that require equal rights and opportunities under the law and prohibit discrimination, and

WHEREAS, upon the advice of counsel, the City Council has determined that it is in the best interest of the City to adopt the City of Modesto Anti-Retaliation Policy as a stand alone policy prohibiting retaliation in the workplace,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City of Modesto Policy Against Harassment and Discrimination is hereby amended as set forth in **Exhibit "A"**, the City of Modesto Complaint Procedure in Violation of Policy Against Harassment and Discrimination is hereby amended as set forth in **Exhibit "B"**, and the City of Modesto Anti-Retaliation policy is hereby adopted as set forth in **Exhibit "C"**.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
POLICY AGAINST HARASSMENT AND DISCRIMINATION

It is the policy of the City of Modesto that harassment is unacceptable and will not be tolerated. Further, it is the policy of the City of Modesto to treat its citizens, customers and employees with respect and dignity and to strive to provide a working environment free of discrimination and harassment. This policy applies to all employees, officials, agents and volunteers, and all non-employees who have contact with employees during working hours.

Any City employee who has been found, after an investigation, to have harassed another City employee, official, agent, volunteer, consultant or non-employee because of their race, color, ancestry, religion or creed, sex, national origin, marital status, age, physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression, or political affiliation or belief will be subject to disciplinary action up to and including termination.

Definition of Harassment

Harassment based on a person's race, color, ancestry, religion or creed, sex, national origin, marital status, age, mental or physical disability, or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression, or political affiliation or belief can constitute a violation of Title VII of the Civil Rights Act, the California Fair Employment Act and/or the City of Modesto's Equal Opportunity Policy. Harassment based on a person's race, color, ancestry, religion or creed, sex, national origin, marital status, age, mental or physical disability, or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression, or political affiliation or belief occurs when:

1. The focus and/or content of the harassing act is race, color, ancestry, religion or creed, sex, national origin, marital status, age, physical or mental disability or perceived disability, medical condition, pregnancy-related condition, sexual orientation, gender identity, gender expression, or political affiliation or belief; and,
2. The harassing act tends to create an intimidating, oppressive, hostile or offensive working environment or tends to otherwise interfere with an individual's emotional well being or ability to perform work.

Sexual harassment is a form of sex discrimination. It includes an unwelcome or unsolicited sexual advance, a request for sexual favors, and other verbal or physical conduct of a sexual nature, and can constitute a violation of Title VII of the Civil Rights Act, and Fair Employment Housing Act.

Conduct is considered sexual harassment when:

- a. Submission is made an express or implied term or condition of employment; or
- b. Submission to or rejection of the harassing act is used as a basis for employment or business decisions affecting an individual; or
- c. Such conduct may have the purpose or effect of interfering with an individual's work performance and/or may create an intimidating, hostile or otherwise offensive work or business environment.

Examples of Harassment

- Written examples include suggestive or obscene letters, notes, jokes, e-mails and invitations.
- Verbal examples include derogatory comments, slurs, jokes, and racial epithets.

Deleted: S:\SUSANA\Agendas\Agen
da
2012\Harassment.Discrimination.Anti-
Retaliation.Reso.02.2012\Exhibit
A.doc

- Physical examples include assault, touching, impeding or blocking movements.
- Visual examples include leering, gestures or displays of sexually suggestive objects or pictures, cartoons or posters.

Other examples include, but are not limited to, threats of reprisal, implying or actually withholding support for appointments, promotion or transfer, rejection during probation, punitive actions, changes of assignments, or suggesting that a poor performance report will be prepared if requests for sexual favors are not met.

The harassing act may be focused on an individual who is not physically present at the time, or who was present but did not actually see or hear the acts.

Retaliation

Formatted: Strikethrough

~~It is also a violation of this Policy for an employee to retaliate against the complainant(s), witness(es) or other parties to a complaint of discrimination or harassment. A verified allegation of retaliation will be treated the same as any other violation of this Policy and may result in action taken against the retaliator, even if the original complaint is not determined to have merit.~~

Responsibilities

1. Except as set forth below, the City Manager is responsible for enforcement of the City Policy Against Harassment and Discrimination.
2. The City Attorney is responsible for ensuring that all complaints of harassment are investigated thoroughly and promptly, including presentation of recommendations for any necessary action to the City Manager, Department Director, or Supervisor.
3. Every Department Director is responsible for informing all employees of the City Policy Against Harassment and Discrimination and for taking the steps necessary to set a positive example in the prevention of harassment.
4. Every Supervisor is responsible for taking immediate and appropriate corrective action upon the observation of any incident of harassment or upon receipt of an oral or written report of any occurrence of harassment.
5. Every City Employee is responsible for reporting any act of harassment to the immediate Supervisor or Department Director, or the City Attorney.

Complaint Resolution Procedures

City employees shall report any act of harassment to their immediate Supervisor or Department Director, and to the City Attorney. The City Attorney will investigate and attempt resolution of harassment complaints in accordance with the City's Complaint Process as outlined in Exhibit B to the City's Equal Opportunity Plan.

**CITY OF MODESTO
COMPLAINT PROCEDURE
VIOLATION OF POLICY AGAINST HARASSMENT AND DISCRIMINATION**

1. **Intent** - Any person who feels that he/she has encountered discrimination and/or harassment is encouraged to come forward and present that information. All complaints are kept confidential to the extent permitted by law. However, it should be noted that when a supervisor or other management employee is made aware of a situation of potential harassment or discrimination, he/she is required to take steps to verify whether or not the discrimination/harassment occurred and to take whatever action is necessary to correct the situation. A prompt and appropriate investigation may require disclosure of the allegations, the person making the allegations and may necessitate the use of other parties to assist in the investigation.

It is the intent of this procedure to provide an effective means for resolving individual or group problems of a sensitive nature quickly and with a minimum of formal procedural requirements.

2. **Scope** - This procedure should be used for perceived discrimination or harassment based on age (40 and over), ancestry, color, mental or physical disability including HIV and AIDS or perceived disability, marital status, medical condition (cancer and genetic characteristics), pregnancy-related condition, national origin, race, religion or creed, sex, sexual orientation, gender identity, gender expression, or political affiliation or belief.
3. **Limitations** - This procedure for resolving complaints of discrimination and harassment is not intended to supplant or prohibit employees or applicants from filing complaints with the federal Equal Employment Opportunity Commission (EEOC), the state Department of Fair Employment and Housing (DFEH), other appropriate state or federal agencies, or with the courts.

PROCEDURE: The procedure for reporting incidents of discrimination or harassment is meant to be as flexible as possible. It is the goal that complaints be resolved informally, if possible. If informal resolution is not achieved, then a process for formal resolution is provided.

- a) Complainants should come forward as soon as possible after an incident of harassment or discrimination. Generally, an issue or concern should be raised no later than 30 days from the date the complainant knew or should have known about the incident.
- b) Complainants have the option of contacting their immediate supervisor for assistance or contacting the City Attorney. If an employee goes directly to a supervisor, the supervisor should notify the City Attorney that he/she has received the complaint. This can be done informally and confidentially.
- c) Depending on the nature of the complaint, the supervisor may refer the complaint immediately to the City Attorney so that a formal investigation be conducted. Alternatively, the supervisor may conduct an informal investigation or may recommend an alternative means of dispute resolution. If the complainant declines the informal or alternative process, a formal investigation by the City Attorney will be initiated.

- d) The City Attorney should begin a confidential investigation of the complaint as soon as possible. A reasonable time line to begin an internal investigation would be two-five (2-5) working days, depending on employees' work schedules.
- e) The complainant should be assured that the matter will be kept confidential to the extent possible, but be advised that a full investigation will include advising the alleged discriminator/harasser of the charges and interviewing witnesses. The alleged discriminator/harasser should be cautioned that DFEH, EEOC, the City of Modesto Anti-Retaliation Policy, and this Policy prohibit any retaliation against the complainant, witnesses or other parties to the complaint. A verified allegation of retaliation will be treated as a violation of the City of Modesto Anti-Retaliation Policy, this policy, and the City may take action against the retaliator, even if the original complaint is not determined to have merit.
- f) The investigation may include witness interviews, review of documents or materials and discussions with the complainant and the alleged discriminator/harasser. Witnesses shall be directed to maintain confidentiality during the investigation and shall be admonished not to engage in retaliation against either the complainant or alleged discriminator/harasser.
- g) The investigation should be completed in a timely manner. If the investigation will require greater than 30 days, the investigator or department shall notify the complainant of the status of the investigation and anticipated completion date.
- h) The investigator will prepare a written report including a finding related to each allegation. The complainant and the alleged discriminator/harasser shall be notified of the findings.
- i) If the investigator finds that discrimination or harassment has occurred, the department management, in consultation with the City Attorney and the Personnel Director, shall determine what remedial action is appropriate. Remedial action may include but is not limited to coaching the responsible employee, training, a record of discussion, written reprimand, or formal discipline.
- j) If the complainant has first taken their complaint to a supervisor and is not satisfied with the supervisor's or department's timeliness or efforts, he/she may then contact the City Attorney and the Personnel Director. He/she should notify the department that this is being done. If the supervisor or department cannot effect conciliation and negotiation within a reasonable amount of time, the complainant should contact the City Attorney. The City Attorney may assist the department in completing the investigation or in identifying an alternate investigator to complete the confidential investigation and come to a resolution.
- k) The complainant should be notified that he/she has the right to file a complaint with the federal Equal Employment Opportunity Commission (EEOC) or the state Department of Fair Employment and Housing (DFEH) or other appropriate state or federal agency or the court.

Deleted:

- l) Complaints against the City Attorney shall be made to and investigated by the City Manager in a manner consistent with this procedure who shall report his/her findings to the City Council who shall determine the appropriate remedial action.

CITY OF MODESTO
NON-RETALIATION POLICY

PURPOSE

The City of Modesto is committed to providing a workplace conducive to open discussion of the City's business practices. The purpose of the policy is to reassure City employees that they can raise workplace concerns regarding alleged violations of City policy or local, State or Federal Law without retaliation.

Our commitment to integrity includes a responsibility to foster an environment that allows individuals to report violations without the fear of retaliation or retribution. No one should be discouraged from using any available channel within the organization.

SCOPE OF APPLICATION

This Policy prohibits City officials, officers, employees, or contractors from retaliating against applicants, officers, officials, employees, or contractors because of any of the protected activity as defined below.

POLICY

City employees are expected and encouraged to promptly raise questions and concerns regarding possible violations of City policy or local, State or Federal law with his/her immediate supervisor, Human Resources or the City Attorney's office. Promptly raising questions and concerns allows the opportunity for such concerns to be addressed quickly and can help prevent problems from occurring or escalating.

Complaints and concerns are accepted in person, by telephone, email and regular mail, and can be anonymous. A complaint form and copy of this Policy can be obtained at the City Attorney's office at 1010 Tenth Street, Modesto, CA 95353, or on the City's website at <http://www.modestogov.com/hr/policies/>. Employees are also free to file a complaint with the appropriate outside agency.

It is the policy of the City to prohibit the taking of any adverse employment action against those who in good faith report or participate in investigations into complaints of alleged violations of City policy or local, State or Federal law in retaliation for that reporting or participation. (Refer to definitions of "protected activity" and "adverse employment action" below.)

No employee of the City shall directly or indirectly use or attempt to use the authority or influence of such employee for the purpose of intimidating, threatening, coercing, directing or influencing any person with the intent of interfering with that person's duty to disclose alleged violations of City policy or local, State or Federal law.

Disciplinary action, up to and including termination, will be taken against an employee who is found to have violated this Non-Retaliation Policy, and any contractor who violates this Policy will be subject to appropriate sanctions. However, employees who file reports or provide evidence which they know to be

false or without a reasonable belief in the truth and accuracy of such information will not be protected by this Policy and may be subject to disciplinary action, including termination.

DEFINITIONS

- I. **PROTECTED ACTIVITY:** Includes but is not limited to the following:
 1. Making or filing an internal complaint with the City regarding alleged violations of City policy, local, State or Federal law.
 2. Providing informal notice to the City regarding alleged violations of City policy, local, State or Federal law.
 3. Participating in investigations and/or in court/administrative hearings regarding alleged violations of City policy, local, State or Federal law.
 4. Filing a complaint with a Federal or State enforcement or administrative agency.
 5. Disclosing information to a government or law enforcement agency where an employee has reasonable cause to believe the information discloses a violation of State or Federal statute, or a violation or noncompliance with a State or Federal rule or regulation.
 6. Participating in or cooperating with a Federal or State enforcement agency that is conducting an investigation of the City regarding alleged unlawful activity.
 7. Reporting conflicts of interest, dishonesty or unethical conduct.
 8. Calling an internal or outside governmental agency's "Whistleblower hotline."
 9. Associating with another employee who is engaged in any of the protected activities enumerated here.

- II. **ADVERSE EMPLOYMENT ACTION:** May include, but is not limited to, any of the following:
 1. Real or implied threats of intimidation to attempt or prevent an individual from reporting alleged wrongdoing or because of protected activity.
 2. Denying promotion to an individual because of protected activity.
 3. Taking any form of disciplinary action because of protected activity.
 4. Extending a probationary period because of protected activity.
 5. Altering work schedules, work assignments or work location because of protected activity.

6. Issuing a poor evaluation because of protected activity.
7. Shunning or avoiding an individual who has engaged in any of the forms of protected activity described above.

This policy does not prohibit adverse action that is taken for legitimate or non-discriminatory reasons, such as: discipline for just cause, or refusing to hire because of inadequate qualifications. As a result, adverse action is only prohibited if it is causally connected to, or taken because of, the alleged protected activity.

COMPLAINT PROCEDURES

An applicant, employee, officer, official, or contractor who believes he or she has been retaliated against in violation of this Policy should immediately report the conduct to their supervisor, Human Resources, or the City Attorney's office. Department Directors, Supervisors and Managers who receive complaints regarding alleged retaliation must immediately notify the City Attorney's office at (209) 577-5284.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-108**

A RESOLUTION APPROVING THE EXTENSION OF THE PREQUALIFIED CONSULTANT LIST FOR RIGHT OF WAY ACQUISITION SERVICES FOR VARIOUS CAPITAL IMPROVEMENT PROGRAM PROJECTS FOR A PERIOD OF ONE (1) YEAR

WHEREAS, the City of Modesto has one Property Agent position allocation in the Utility Planning and Projects Department, and

WHEREAS, there are currently a large number of Capital Improvement Projects (CIP) requiring right-of-way acquisition, and

WHEREAS, having a list of pre-qualified consultants for right-of-way acquisition will save time and expense on each project, and

WHEREAS, on December 22, 2009, the Community and Economic Development Department solicited Request for Qualifications for the delivery of Right-of-Way Acquisition services for the City of Modesto to five (5) prospective qualifiers and posted the request on the City's web site, and

WHEREAS, eleven (11) Statements of Qualifications were received on or before the deadline of January 22, 2010, and

WHEREAS, an evaluation committee composed of staff from Community & Economic Development Department, Parks, Recreation and Neighborhood Department, and Utility Planning and Projects Department evaluated the Statements of Qualifications, and

WHEREAS, the following four (4) companies were selected by the evaluation committee to be on the City's eligibility list:

Associated Right of Way Services
Overland, Pacific & Cutler
Universal Field Services, Inc.
Bender Rosenthal

and,

WHEREAS, on March 23, 2010, the City Council, by Resolution No. 2010-095, approved a pre-qualified consultant list for ROW acquisition. The prequalified consultant list was approved for two (2) years, with three (3) one (1) year extensions,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the extension of the prequalified consultant list for Right-of-Way acquisition services for various Capital Improvement Program projects for a period of one (1) year.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-109**

RESOLUTION APPROVING AN AGREEMENT RELATED TO RELOCATION OF ELECTRIC UTILITY POLES IN THE AMOUNT OF \$24,575.18 BETWEEN THE CITY OF MODESTO AND MODESTO IRRIGATION DISTRICT FOR THE RELOCATION OF MODESTO IRRIGATION DISTRICT FACILITIES AT THE SOUTHWEST CORNER OF BANGS AVENUE AND PRESCOTT ROAD; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the Congestion Mitigation Air Quality (CMAQ) Management CML 5059 (176) – Right Turn Lane Eastbound Bangs Avenue to Southbound Prescott Road Project involves the expansion of Bangs Avenue and Prescott Road to include an eastbound right turn lane at the southwest corner of Bangs Avenue and Prescott Road, and

WHEREAS, the City of Modesto desires Modesto Irrigation District to relocate its facilities prior to the construction of the street improvements, and

WHEREAS, Caltrans determined this project to be a categorical exclusion pursuant to the National Environmental Policy Act (NEPA) and all other applicable federal environmental law, regulations and executive orders, and

WHEREAS, on December 21, 2011, Caltrans approved Categorical Exemption / Categorical Exclusion Document, and

WHEREAS, the project is consistent, and is in conformance with the General Plan Master E.I.R. and no additional California Environmental Quality Act clearance is needed, and

WHEREAS, the City of Modesto requires an Agreement Related to the Relocation of Electric Utility Poles for the relocation of Modesto Irrigation District facilities, and

WHEREAS, the Right Turn Lane Eastbound Bangs Avenue to Southbound Prescott Road Project is eligible for CMAQ funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement Related to the Relocation of Electric Utility Poles between the City of Modesto and Modesto Irrigation District for the relocation of Modesto Irrigation District facilities at the southwest corner of Bangs Avenue and Prescott Road.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-111**

RESOLUTION APPROVING A SECOND AMENDMENT TO AGREEMENT WITH AECOM TECHNICAL SERVICES, INC. (FORMERLY BOYLE ENGINEERING CORPORATION) FOR ADDITIONAL SCOPE OF WORK NOT INCLUDED IN THE ORIGINAL AGREEMENT FOR CONSULTANT SERVICES FOR THE DESIGN OF SYLVAN AVENUE BETWEEN MILLBROOK AVENUE AND CLAUS ROAD, AND THE DESIGN OF LITT ROAD BETWEEN SYLVAN AVENUE TO THE NORTH END OF THE GROGAN PARK SITE IN AN AMOUNT NOT TO EXCEED \$27,861 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$20,499 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$48,360, AND AUTHORIZING THE DISTRICT ADMINISTRATOR, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO AGREEMENT

WHEREAS, this project includes roadway improvements on Sylvan Avenue from west of Litt Road to Claus Road and on Litt Road from Sylvan Avenue to the north end of the future Grogan Park site, and

WHEREAS, this project is located on the northern edge of Village One, and

WHEREAS, per the Village One Facilities Master Plan, this section of Sylvan Avenue is to be widened from 2 lanes to 4 lanes and will include curb, gutter, landscaped median, street lighting, storm drainage, and a roundabout at the Litt Road intersection, and

WHEREAS, the sidewalk will be completed along the south side of the road; however a sidewalk will not be constructed along the north side of Sylvan Avenue between Litt Road and Claus Road at this time but would be a required improvement when the properties on the north side of Sylvan Avenue develop, and

WHEREAS, Litt Road north of Sylvan Avenue will be realigned to match up with the existing Litt Road south of Sylvan Avenue, and

WHEREAS, Litt Road will include curb, gutter, sidewalks, parkway strips and a roundabout at the entrance of the Grogan Park site, and

WHEREAS, the roadway improvements will accommodate planned and approved growth in the Village One area, and

WHEREAS, the project will also include construction of approximately 2,150 linear feet of new 12 inch water line in Sylvan Avenue, and approximately 2,040 linear feet of new 12 inch water line in Litt Road, and

WHEREAS, construction of these water lines will provide the necessary infrastructure for full build-out of the area in accordance with the recommendations of the Water System Engineer's Report, and

WHEREAS, in addition, the project will construct approximately 2,090 linear feet of 21 inch sanitary sewer pipeline in Litt Road, and

WHEREAS, this pipeline is also intended to serve future build-out needs of the area, and is identified as a portion of a project identified in the City's current Wastewater Master Plan, and

WHEREAS, it is important to construct these pipelines concurrently with the street widening project as it will avoid costly repairs to the pavement improvements that would occur if these pipelines are instead deferred to future construction, and

WHEREAS, on February 27, 2007, by Resolution No. 2007-141, the City Council approved an agreement with Boyle Engineering Corporation for Consultant Services for the Design of Sylvan/Litt Improvement Project, and

WHEREAS, in April 2008, Boyle Engineering Corporation was purchased by AECOM Technical Services, Inc. (AECOM), and

WHEREAS, the Original Agreement totaled \$384,376 for the identified scope of services, plus \$67,831 additional services (if needed), and

WHEREAS, additional services in the amount of \$61,137 were approved on April 15, 2011, and

WHEREAS, additional services included modifications related to MID comments, providing an alternate pavement design and revising legal descriptions and easements, and

WHEREAS, on August 9, 2011, by Resolution No. 2011-325, the City Council approved an amendment to agreement with AECOM in the amount of \$30,685 for the identified scope of services, plus \$19,048 additional services (if needed), to provide funding for needed plan modifications to accommodate the Grogan Park project, and

WHEREAS, additional services in the amount of \$8,417 were approved on January 16, 2012 for plan revisions related to Grogan Park and additional documentation needed for right-of-way (ROW) acquisitions, and

WHEREAS, as discussed above, the current agreement price including an amendment to agreement and adjustments for approved additional services options used totals \$484,615, and

WHEREAS, the proposed second amendment to the AECOM agreement including 4% for additional services (if needed), for \$48,360 will include services for preparing additional plats and legal descriptions for ROW acquisition, splitting the east end of the project out of the main project in the event that the ROW acquisition is not completed when the project goes out to bid, additional plan revisions, and

WHEREAS, with this second amendment, the total agreement costs will not exceed \$532,975, and

WHEREAS, the following list summarizes the changes and additional work by AECOM that is necessary to complete the design beyond what has been approved and budgeted for the project: 1) Prepare right-of-way plats and legal descriptions APN 085-049-014; 2) Coordination/meeting with the District and subconsultants; 3) Revise Plans, Specifications, and Estimate; 4) Additional plan sheets to show transitions; 5) Coordination with the District/MID; and 6) Address design review comments, and update plans/specifications/estimate, and

WHEREAS, City staff does not have the staffing level or subject matter expertise to provide final design services for Sylvan/Litt Improvement Project, and current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, City staff recommends approving this second amendment to agreement with AECOM to cover the additional scope of work that is beyond the original final design agreement for final design services for Sylvan/Litt Improvement Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to Agreement with AECOM Technical Services, Inc. (formerly Boyle Engineering Corporation) for additional scope of work not included in the Original Agreement for the Design of Sylvan Avenue between Millbrook Avenue and Claus Road, and the Design of Litt Road from Sylvan Avenue to the north end of the Grogan Park site in an amount not to exceed \$27,861 for the identified scope of services, plus \$20,499 for additional services (if needed), for a maximum total amount of \$48,360.

BE IT FURTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute the Second Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-112**

**A RESOLUTION DECLARING THE CITY COUNCIL'S INTENTION TO
ESTABLISH CITY OF MODESTO COMMUNITY FACILITIES NO. 2012-1
(KIERNAN BUSINESS PARK SOUTH) AND TO AUTHORIZE THE LEVY OF A
SPECIAL TAX WITHIN SAID COMMUNITY FACILITIES DISTRICT**

WHEREAS, the owners (collectively, the "Owners") of not less than 10 percent of the area of land depicted on the map of the proposed community facilities district referred to below on file with the City Clerk (the "Property"), has filed a written petition with the City of Modesto (the "City") to establish the City of Modesto Community Facilities No. 2012-1 (Kiernan Business Park South) (the "Community Facilities District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, commencing with Section 53311 of the Government Code of the State of California (the "Act") in order to finance (i) the cost of purchasing, constructing, expanding, improving or rehabilitating the facilities listed in **Appendix A** hereto, and all appurtenances and appurtenant work associated therewith (collectively the "Facilities") and (ii) the incidental expenses to be incurred in connection with financing the Facilities, including (a) the cost of engineering, planning and designing the Facilities; (b) all costs incurred in connection with financing the Facilities, and (c) all costs associated with the creation of the Community Facilities District, the determination of the amount of special taxes to be levied and costs otherwise incurred in order to carry out the authorized purposes of the Community Facilities District and administering the Community Facilities District (collectively, the "Incidental Expenses") and to pay the cost of the services listed in **Appendix A** hereto (the "Services"), and

WHEREAS, the Owners have heretofore submitted to the City an application to form the Community Facilities District pursuant to the City's Policies & Procedures for the Formation, Annexation, and Administration of Communities Facilities Districts Created Pursuant to the Provisions of the Mello Roos Community Facilities Act of 1982 (the "City's CFD Policies and Procedures"), and

WHEREAS, the Owners have heretofore submitted deposits required by the City pursuant to Advance Funding Agreements as security for payment of City fees and costs incurred in conducting proceedings to create the Community Facilities District, and

WHEREAS, the petitions submitted by the Owners comply with the requirements of Section 53319 of the Act and the City's CFD Policies and Procedures, and

WHEREAS, subject to the satisfaction of all applicable requirements of law, it is the intention of this City Council to finance the Facilities and the Incidental Expenses and to pay for the Services through the formation of the Community Facilities District and the levy of a special tax, provided that the levy of the special tax are approved at an election to be held within the boundaries of the Community Facilities District,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. The Community Facilities District is proposed to be established under the terms of the Act. It is further proposed that the boundaries of the Community Facilities District, shall be as depicted on the map of the proposed Community Facilities District which is on file with the City Clerk. The City Clerk is hereby directed to sign the original map of the Community Facilities District and record it with all proper

endorsements thereon with the County Recorder of the County of Stanislaus within fifteen days after the adoption of this resolution, all as required by Section 3111 of the Streets and Highways Code of the State of California.

SECTION 3. The name of the proposed Community Facilities District shall be “City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South).”

SECTION 4. The Facilities and Services proposed to be provided within the Community Facilities District are each facilities or services, as the case may be, which the City is authorized by law to construct, acquire, own and operate, or to provide. This City Council hereby finds and determines that the descriptions of the Facilities and the Services contained herein is sufficiently informative to allow taxpayers within the proposed Community Facilities District to understand what the funds of the Community Facilities District may be used to pay for. The Incidental Expenses expected to be incurred include the cost of planning and designing the Facilities, the costs of forming the Community Facilities District and levying and collecting a special tax within the Community Facilities District.

SECTION 5. Except where funds are otherwise available, it is the intention of this City Council to levy annually in accordance with the procedures contained in the Act special taxes, secured by recordation of a continuing lien against all non-exempt real property in the Community Facilities District, sufficient to pay for the Facilities, the Incidental Expenses and the Services. The Facilities shall be financed on a direct payment basis. The rate, method of apportionment and manner of collection of the special tax are described in detail in Appendix B **attached** hereto and incorporated herein

as though set forth at length (the “Rate and Method”). Appendix B allows each landowner within the Community Facilities District to estimate the maximum amount that may be levied against each parcel.

If special taxes of the Community Facilities District are levied against any parcel used for private residential purposes, (i) such tax shall not be levied or collected to pay for Facilities or Incidental Expenses after the 2061-62 tax year and (ii) under no circumstances will such special tax be increased as a consequence of delinquency or default by the owner of any other parcel or parcels within the Community Facilities District by more than ten percent (10%).

This City Council hereby determines the Rate and Method to be reasonable. The special tax is apportioned to each parcel on the basis of its land use and area pursuant to Section 53325.3 of the Act; and such special tax is not on or based upon the value or ownership of real property. In the event that a portion of the property within the Community Facilities District shall become for any reason exempt, wholly or partially, from the levy of the special tax, this City Council shall, on behalf of the Community Facilities District, cause the levy to be increased, subject to the limitation of the maximum special tax for a parcel as set forth in the Rate and Method, to the extent necessary upon the remaining property within the Community Facilities District which is not delinquent or exempt in order to yield the special tax revenues required for the purposes described in this Section

SECTION 6. A public hearing (the “Hearing”) on the establishment of the Community Facilities District and the proposed Rate and Method shall be held at 5:30 p.m., or as soon thereafter as practicable, on May 1, 2012, in the Modesto City Council

Chamber, 1010 Tenth Street, Modesto, California 95353. Should this City Council determine to form the Community Facilities District, a special election will be held to authorize the levy of the special tax in accordance with the procedures contained in Government Code Section 53326. If held, the proposed voting procedure at the election is expected to be a landowner vote with each landowner of record as of the close of the Hearing having one vote for each acre of land or portion thereof owned within the Community Facilities District. Ballots for the special election may be distributed by mail or by personal service.

A special tax shall be levied in the future annexation areas only with the unanimous approval of the owner or owners of each parcel or parcels at the time that parcel or those parcels are annexed, without any requirement for further public hearings or additional proceedings.

SECTION 7. At the time and place set forth above for the Hearing, any interested person, including all persons owning lands or registered to vote within the proposed Community Facilities District, may appear and be heard.

SECTION 8. Each officer of the City who is or will be responsible for providing the Facilities or Services within the proposed Community Facilities District, if it is established, is hereby directed to study the proposed Community Facilities District and, at or before the time of the Hearing, file a report with this City Council containing a brief description of the Facilities or Services, as the case may be, which will in his or her opinion be required to meet adequately the needs of the proposed Community Facilities District and an estimate of the cost of providing those Facilities or Services and an estimate of the fair and reasonable cost of any Incidental Expenses to be incurred.

SECTION 9. The City may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the Community Facilities District. The City may enter into an agreement with the person or entity advancing the funds or work-in-kind, to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by this City Council, with or without interest.

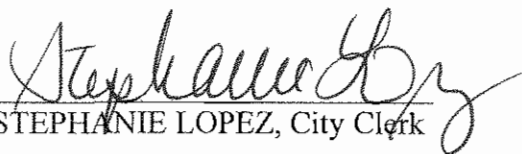

SECTION 10. The Clerk is hereby directed to publish a notice (the "Notice") of the Hearing pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the area of the Community Facilities District. Such publication shall be completed at least seven days prior to the date of the Hearing. The Clerk is further directed to mail a copy of the Notice to each of the landowners and registered voters, if any, within the boundaries of the Community Facilities District at least 15 days prior to the Hearing. The Notice shall contain the text or a summary of this Resolution, the time and place of the Hearing, a statement that the testimony of all interested persons or taxpayers will be heard, a description of the protest rights of the registered voters and landowners in the proposed Community Facilities District and a description of the proposed voting procedure for the election required by the Act.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: 
STEPHANIE LOPEZ, City Clerk

APPROVED AS TO FORM:

By: 
SUSANA ALCALA WOOD, City Attorney

APPENDIX A

LIST OF FACILITIES

Transportation, Landscaping and Lighting System:

Transportation, lighting and landscaping system improvements include, but are not limited to, land acquisition, arterials and collector streets, roundabouts, traffic control devices, gateways, and other traffic related accessories. Landscaping and lighting improvements may include, but are not limited to, land acquisition and the construction of pavement, curb, gutter, sidewalk, irrigation improvements, separated bike paths and landscaping and lighting. Landscaping is included within the street right-of-way, landscape lots and gateways. Transportation, landscaping and lighting system improvements may be on-site or off-site.

Storm Drain System:

Storm drain system improvements include, but are not limited to, land acquisition, storm drainage facilities including pump station, dual-use detention basin and landscaping, fencing, lift stations, discharge mains and outfall structures, force mains, gravity collection storm water lines and other storm drain accessories. Storm drain system improvements may be on-site or off-site. The Storm Drain System Facilities and the Transportation, Landscaping and Lighting System Facilities are collectively referred to as the "Facilities."

Incidental Expenses:

Facilities include incidental expenses to be incurred, including (a) the cost of engineering, planning and designing the Facilities; (b) all costs incurred in connection with financing the Facilities, and (c) all costs associated with the creation of the Community Facilities District, the issuance of bonds by the Community Facilities District, the establishment and replenishment of bond reserve and special reserve funds, the determination of the amount of special taxes to be levied and costs otherwise incurred in order to carry out the authorized purposes of the Community Facilities District, and administering the Community Facilities District (collectively, the "Incidental Expenses").

LIST OF SERVICES

Authorized services include, but are not limited to, maintenance, repair and replacement of parkways, landscaped medians, the bike path, well site, storm drainage pump and basin, and related facilities, including but not limited to, concrete curbs and walks, trees, shrubs, vines, ground cover, turf, lights and irrigation systems. The services to be provided include, but are not limited to, litter and debris removal, graffiti abatement, painting repairs to landscape structures, pruning, staking, fertilizing, plant replacement and restoration, fire and weed control, erosion control, mowing of lawns, trimming of vegetation, and maintenance, repair and replacement of lighting systems. Services also include the following: (i) related reserves for capital replacement of vehicles, equipment, plants and materials, asphalt/concrete overlays, structures, and other facilities, or (ii) a sinking fund for services that could not otherwise be funded in a given fiscal year, or (iii) administrative fees of the City related to the Community Facilities District, including costs associated with preparing the annual special tax levy, or (iv) costs associated with legal services, advertising, legal notices, and mailings related to formation or administration of the Community Facilities District (collectively, the "Services").

APPENDIX B

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2012-1 (KIERNAN BUSINESS PARK SOUTH)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2012-1 (Kiernan Business Park South) shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2012-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2012-1 unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre" or "Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other Subdivision Map.

"Administration Component" means the portion of the Maximum One-Time Facilities Special Tax that is for administrative costs incurred by the City throughout the term of the One-Time Facilities Special Tax including, but not limited to, costs associated with the preparation and oversight of reimbursement agreements, accounting, and tracking of credits. For Original Parcels, the Administration Component is shown in Attachment 1 to this RMA. Beginning in January 2013 and each January thereafter, the Administration Component shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Administration Component shall become effective on January 1 of the calendar year for which the annual adjustment was made.

"Administrative Expenses" means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2012-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

“Administrator” means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Tax.

“Annual Maintenance Special Tax” means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

“Annual Maintenance Special Tax Requirement” means that amount necessary in any Fiscal Year to: (i) pay for Authorized Services, (ii) pay for Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

“Assessor’s Parcel” or **“Parcel”** means a lot or parcel shown on an Assessor’s Parcel Map with an assigned Assessor’s Parcel number.

“Assessor’s Parcel Map” means an official map of the County Assessor designating parcels by Assessor’s Parcel number.

“Authorized Facilities” or **“Authorized Facility”** means those facilities that are authorized to be funded by CFD No. 2012-1, including land purchases for right-of-way and a storm drainage basin, and any other land that is acquired to construct an Authorized Facility.

“Authorized Services” means those services that are authorized to be funded by CFD No. 2012-1.

“Base Maximum One-Time Facilities Special Tax” means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year not including the Administration Component. For Original Parcels, the Base Maximum One-Time Facilities Special Tax is shown in Attachment 1 to this RMA. Beginning in January 2013 and each January thereafter, the Base Maximum One-Time Facilities Special Tax shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Base Maximum One-Time Facilities Special Tax shall become effective on January 1 of the calendar year for which the annual adjustment was made.

“Base Year” means the year in which Authorized Facilities dedicated by a Builder/Developer were accepted by the City. The Administrator shall keep track of the Base Year for each Authorized Facility the City accepts.

“Building Permit” means a permit issued by the City’s Building Department for construction, reconstruction, or expansion of a vertical building structure, or for construction of the foundation of such structure.

“Builder/Developer” means a person or entity that is a property owner, builder, or developer of any Parcel or Parcels within CFD No. 2012-1.

“**CFD**” or “**CFD No. 2012-1**” means the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South).

“**CFD Formation**” means the date on which the Resolution of Formation to form CFD No. 2012-1 was adopted by the City Council.

“**City**” means the City of Modesto.

“**City Council**” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2012-1.

“**County**” means the County of Stanislaus.

“**Credit/Reimbursement Amount**” means the Authorized Facilities costs that have been paid in advance by a Builder/Developer (including land dedications for which the Builder/Developer will receive credits and/or reimbursements) and have not yet been reimbursed to that Builder/Developer through one of the following: (i) the application of Special Tax Credits (as defined below) or (ii) payments to the Builder/Developer from One-Time Facilities Special Taxes collected from other Builders/Developers in the CFD. The Credit/Reimbursement Amount outstanding at any point in time will be determined pursuant to Section D below.

“**Developed Property**” means, in any Fiscal Year, all Parcels for which one or more of the following events have occurred: (i) a Building Permit was issued prior to June 30 of the preceding Fiscal Year; or (ii) the City has accepted improvements, infrastructure, or public facilities that were constructed as a condition of development of the Parcel (not including the acceptance of land by the City for public right-of-ways that will be a site for future improvements, infrastructure, or public facilities) and were constructed, or paid to be constructed, by the owner of such Parcel. Notwithstanding the foregoing, the Parcel identified at CFD Formation as APN 078-018-036 shall not be classified as Developed Property until such time as a connection to the City’s storm drainage system occurs, and it shall be at the discretion of the City to determine whether or not such a connection has occurred. In addition, a Parcel that had an existing building, or had a Building Permit issued, prior to CFD Formation shall not be classified as Developed Property until such time as a new Building Permit is issued for the Parcel that creates a new vertical structure or structures if such new structures do not simply support or represent an addition to the building that occupied the Parcel or had a Building Permit issued prior to CFD Formation.

“**Final Map**” means a final map, parcel map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a Building Permit for a residential or non-residential structure.

“**Fiscal Year**” means the period starting July 1 and ending on the following June 30.

“**Maximum Annual Maintenance Special Tax**” means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Section C below.

“Maximum CFD Maintenance Cost” means \$80,053 in Fiscal Year 2012-13 dollars, and includes the estimated annual cost of Administrative Expenses. Beginning in January 2013 and each January thereafter, the Maximum CFD Maintenance Cost Tax shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Maximum CFD Maintenance Cost shall become effective on July 1 of the calendar year for which the annual adjustment was made.

“Maximum One-Time Facilities Special Tax” means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year, which is equal to the sum of the Base Maximum One-Time Facilities Special Tax and the Administration Component for the Parcel. For Original Parcels, the Maximum One-Time Facilities Special Tax is shown in Attachment 1 to this RMA. Notwithstanding the foregoing, the City may allow adjustments to the Maximum One-Time Facilities Special Tax assigned in Attachment 1 if all of the following occur: (i) there are changes in the Net Taxable Acreage estimates for Original Parcels, (ii) based on those changes, the City concludes that a redistribution of the Maximum One-Time Facilities Special Tax is appropriate, and (iii) written confirmation is received from the owner of each Parcel that will be affected by the redistribution. Once all these items have occurred, the Administrator shall prepare a new Attachment 1 which shall henceforth be the operative RMA for purposes of calculating the Maximum One-Time Facilities Special Tax. For all other Parcels, the Maximum One-Time Facilities Special Tax is determined in accordance with Section C below.

“Maximum Special Taxes” means, collectively, the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax.

“Net Taxable Acre” or **“Net Taxable Acreage”** means the total gross Acreage within a Final Map or Parcel less road right-of-ways and property that is identified in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by a subdivision, the Administrator shall calculate the Net Taxable Acreage of such Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined at the sole discretion of the City.

“One-Time Facilities Special Tax” means a special tax levied and collected in full by the City prior to a Building Permit being issued for new construction on Taxable Property.

“Original Parcel” means any of the Assessor’s Parcels that were included in the CFD at the time of CFD Formation, as identified in Attachment 1 to this RMA. A Parcel that was created from the subdivision of an Original Parcel and is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C.

“Proportionately” means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Developed Property.

“Public Property” means any property within the boundaries of CFD No. 2012-1 that is owned by the federal government, State of California, County, City, or other public agency.

“RMA” means this Rate and Method of Apportionment of Special Tax.

“Special Tax Credit” means a waiver of the creditable portion of the Base One-Time Facilities Special Tax that would otherwise be due from a Parcel in the CFD if the Builder/Developer of that Parcel did not have an outstanding Credit/Reimbursement Amount.

“Special Taxes” means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

“Subdivision Map” means a Final Map, large lot subdivision map, tentative map, or other map recorded with the County and/or approved by the City that results in the subdivision of a Parcel or a change in the quantity or type of proposed land uses.

“Taxable Property” means all of the Assessor’s Parcels within the boundaries of CFD No. 2012-1 which are not exempt from the Special Taxes pursuant to law or Section G below.

“Taxable Public Property” means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2012-1 that: (i) based on a tentative map or other Subdivision Map, were expected to be Taxable Property; and (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year. However, if Parcels designated as Public Property based on a tentative map or other Subdivision Map are relocated, the new Public Property will again become exempt. If such relocation occurs, the Acreage previously designated as Public Property will become Taxable Property and the Acreage that becomes Public Property will not be taxed. This trading of Acres of Public Property will be permitted to the extent that there is no net loss in Maximum Special Tax revenues.

“Undeveloped Property” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2012-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property. The Administrator shall also determine: (i) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property; (ii) the Net Taxable Acreage for each Parcel; and (iii) the Annual Maintenance Special Tax Requirement. In addition, the Administrator shall update Attachment 1 to this RMA pursuant to Section C as Original Parcels are subdivided.

In any Fiscal Year, if it is determined that (i) a Final Map for a portion of property in the CFD was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Final Map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Taxes for the property affected by recordation of the Final Map by determining the Special Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2012-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

1. Maximum One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax for each Original Parcel in CFD No. 2012-1 at the time of CFD Formation is shown in Attachment 1 to this RMA. Each time a Subdivision Map is approved within the CFD or when Parcels are otherwise subdivided or reconfigured, the Administrator shall reallocate the Maximum One-Time Facilities Special Tax assigned to each Original Parcel to the newly-created Parcel(s) within the Subdivision Map as follows:

- Step 1.* For any given point in time, calculate the Base Maximum One-Time Facilities Tax and the Administration Component applicable to the Original Parcel being subdivided.
- Step 2.* Determine the Net Taxable Acreage of each Parcel created by the approval of the Subdivision Map.
- Step 3.* Sum the Net Taxable Acreage from Step 2 for all newly-created Parcels to determine the total Net Taxable Acreage resulting from the subdivision of the Original Parcel.
- Step 4.* For each newly-created Parcel, divide the Net Taxable Acreage determined in Step 2 by the total Net Taxable Acreage of the Original Parcel determined in Step 3 to calculate a percentage.
- Step 5.* For each newly-created Parcel, multiply the percentage calculated in Step 4 by the amounts calculated in Step 1 to determine the Base Maximum One-Time Facilities Special Tax and Administration Component to be allocated to each newly-created Parcel.

- Step 6.* For each newly-created Parcel, add the Base Maximum One-Time Facilities Special Tax and the Administration Component calculated in Step 5 to determine the Maximum One-Time Facilities Special Tax. Attachment 1 of this RMA will be updated by the Administrator each time an Original Parcel is subdivided to show the Base Maximum One-Time Facilities Special Tax, the Administration Component, and the Maximum One-Time Facilities Special Tax for each newly-created Parcel.

Under no circumstances shall the sum of the Maximum One-Time Facilities Special Tax for all Parcels created by the subdivision or reconfiguration of an Original Parcel ever be less than the Maximum One-Time Facilities Special Tax of the Original Parcel.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Maximum Annual Maintenance Special Tax shall be determined for each Parcel of Developed Property using the following methodology:

- Step 1.* For any Fiscal Year, calculate the total Maximum CFD Maintenance Cost.
- Step 2.* Determine the Net Taxable Acreage of all Parcels of Developed Property.
- Step 3.* Divide the Net Taxable Acreage of each Parcel of Developed Property by the total Net Taxable Acreage of all Parcels of Developed Property calculated in Step 2 to obtain a percentage for each Parcel.
- Step 4.* Multiply the percentage calculated in Step 3 by the Maximum CFD Maintenance Cost in Step 1 to determine the Maximum Annual Maintenance Special Tax for each Parcel of Developed Property for the then-current Fiscal Year.

D. IMPLEMENTATION OF CREDIT/REIMBURSEMENT PROGRAM

Certain Builders/Developers may be required to construct, pay for, or provide Authorized Facilities that are ultimately intended to be funded from One-Time Facilities Special Tax revenues. The City shall implement a Special Tax Credit and reimbursement program, so that Builders/Developers that construct, pay for, or provide Authorized Facilities will receive a credit against their Base Maximum One-Time Facilities Special Tax and/or be reimbursed for Authorized Facilities costs, if revenues are available.

At the request of the landowners at the time this RMA was prepared and CFD No. 2012-1 was formed, all credits and reimbursements to Builders/Developers who construct, pay for, or provide Authorized Facilities shall be based on the actual cost of those Authorized Facilities, with the exception of right-of-way and storm drainage basin land costs, which shall be reimbursed at fair market value at the time of dedication, as determined by the City. Pursuant to this request, if the cost of the Authorized Facility constructed, paid for, or provided is less than the Builder/Developer's Base Maximum One-Time Facilities Special Tax, the Builder/Developer shall receive a Special Tax Credit against their Base Maximum One-Time Facilities Special Tax equal to the actual cost of the Authorized Facility constructed, paid for, or provided, and the remaining Base Maximum One-Time Facilities Special Tax shall be paid by the Builder/Developer in addition to the full Administration Component.

Alternatively, if the cost of the Authorized Facility constructed, paid for, or provided exceeds the Builder's/Developer's Base Maximum One-Time Facilities Special Tax, the Builder/Developer will qualify for a Special Tax Credit and/or a reimbursement from the collection of future One-Time Facilities Special Taxes, as set forth below; the Builder/Developer must still pay the full Administration Component. Notwithstanding the foregoing, there is no guarantee that future One-Time Facilities Special Taxes will be available to reimburse the Builder/Developer. All Credit/Reimbursement Amounts shall be determined by the City based on evidence of costs provided to the City by the Builder/Developer.

The landowners at the time this RMA was prepared and CFD No. 2012-1 was formed also requested that a Builder/Developer not receive any Special Tax Credits if other Builders/Developers have unpaid Credit/Reimbursement Amounts outstanding that have a higher priority for reimbursement. In other words, any outstanding Credit/Reimbursement Amounts for Builders/Developers that have a higher reimbursement priority shall be fully paid prior to Special Tax Credits being applied to a Builder/Developer with a lower reimbursement priority.

The following steps shall be applied to implement the credit/reimbursement program summarized above:

1. On an Ongoing Basis

- a. In January 2013 and each January thereafter, the Administrator shall escalate the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Credit/Reimbursement Amount outstanding for any Builder/Developer by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment shall become effective on January 1 of the calendar year for which the annual adjustment was made.
- b. The City shall determine whether One-Time Facilities Special Tax revenues are available to reimburse Builders/Developers that have an outstanding Credit/Reimbursement Amount. If such revenues are available, the City shall pay

reimbursements on a “first-incurred/first-paid” basis, as determined by the Base Year for each Authorized Facility accepted by the City. Once the Builder/Developer with first priority is fully reimbursed, the Builder/Developer with second priority will be able to take Special Tax Credits against their One-Time Facilities Special Tax and, if a Credit/Reimbursement Amount is still outstanding, be paid such outstanding Credit/Reimbursement amount if and when One-Time Facilities Special Tax revenues are available. Such reimbursement shall continue until the earlier of (i) the date on which all outstanding Credit/Reimbursement Amounts are paid, or (ii) the date on which no One-Time Facilities Special Tax revenues are available to pay outstanding Credit/Reimbursement Amounts and no additional One-Time Facilities Special Tax revenues are anticipated to be received by the City. There is no guarantee that all Credit/Reimbursement Amounts will be paid to Builders/Developers.

2. At any time that Authorized Facilities are accepted by the City

The Administrator shall apply the following steps each time Authorized Facilities are dedicated to the City and the City accepts such dedication(s):

- Step 1.* Determine the total cost of Authorized Facilities accepted by the City. This total cost shall be the Credit/Reimbursement Amount applicable to the Builder/Developer that dedicated the Authorized Facilities.
- Step 2.* Identify and record the Base Year for the Authorized Facilities and determine priority for the Builder’s/Developer’s Credit/Reimbursement Amount relative to outstanding Credit/Reimbursement Amounts owed to other Builders/Developers.
- Step 3.* Beginning in the calendar year that commences after the Base Year, the Administrator shall escalate the Credit/Reimbursement Amount determined in Step 1 each year as outlined in Section D.1 above. If a Builder/Developer constructed, paid for, or provided Authorized Facilities with different Base Years, the Credit/Reimbursement Amount shall be escalated taking the different Base Years into account.

3. Prior to issuance of a Building Permit

When a Builder/Developer requests issuance of a Building Permit, the Administrator shall determine if the Builder/Developer has an outstanding Credit/Reimbursement Amount and apply the appropriate subsection below to determine the Credit/Reimbursement Amount and remaining One-Time Facilities Special Taxes (if any) for the Builder/Developer:

- a. **A Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, and the Builder/Developer has first priority with respect to their Credit/Reimbursement Amount.**

For any Fiscal Year, the Administrator shall apply the following steps to determine the Maximum One-Time Facilities Special Tax, if any, that is due from the subject Parcel(s):

Step 1. Identify the Base Maximum One-Time Facilities Special Tax that would have been paid by the Parcel(s) if no Credit/Reimbursement Amount were outstanding.

Step 2. *If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is less than the outstanding Credit/Reimbursement Amount for the Builder/Developer, the Administration Component shall be collected and the Builder/Developer shall be given a Special Tax Credit against the Base Maximum One-Time Facilities Special Tax for that Parcel(s). After the Special Tax Credit has been calculated, the Administrator shall subtract the aggregate amount of such Special Tax Credits from the outstanding Credit/Reimbursement Amount for the Builder/Developer, and the Builder/Developer shall qualify for reimbursement of the remaining Credit/Reimbursement Amount to the extent One-Time Facilities Special Tax revenues are available.*

If the Base Maximum One-Time Facilities Special Tax is greater than the outstanding Credit/Reimbursement Amount for the Builder/Developer, the Administrator shall subtract the outstanding Credit/Reimbursement Amount from the Base Maximum One-Time Facilities Special Tax to determine the net amount of the Base Maximum One-Time Facilities Special Tax that must be paid by the Builder/Developer. In addition, the Builder/Developer must pay the full Administration Component assigned to the Parcel(s) for which the Building Permit is being issued. The Administrator shall update the CFD records to reflect a zero Credit/Reimbursement Amount for that Builder/Developer.

- b. **A Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, and the Builder/Developer does not have first priority with respect to their Credit/Reimbursement Amount.**

For any Fiscal Year, the Administrator shall apply the following steps to determine the Maximum One-Time Facilities Special Tax, if any, that is due from the subject Parcel(s):

- Step 1.* Identify the Base Maximum One-Time Facilities Special Tax that would have been paid by the Parcel(s) if no Credit/Reimbursement Amount were outstanding.
- Step 2.* Identify the aggregate outstanding Credit/Reimbursement Amounts that have a higher priority than the amount due the Builder/Developer requesting issuance of a Building Permit.
- Step 3.* *If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is less than the Credit/Reimbursement Amounts that are due other Builders/Developers as determined in Step 2, the Base Maximum One-Time Facilities Special Tax and the Administration Component shall be collected from the Builder/Developer requesting issuance of a Building Permit. The Base One-Time Facilities Special Tax collected shall be used to reimburse Builders/Developers with higher reimbursement priority, and the Administration Component collected shall be retained by the City. The Builder/Developer requesting issuance of a Building Permit shall then qualify for a reimbursement of their entire Credit/Reimbursement Amount and be placed in order of priority behind any remaining Builders/Developers that still have outstanding Credit/Reimbursement Amounts.*

If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is greater than the Credit/Reimbursement Amounts that are due all other Builders/Developers as determined in Step 2, the Administration Component and the amount of the aggregate Credit/Reimbursement Amounts that are due other Builder/Developers shall be collected from the Builder/Developer requesting issuance of a Building Permit. The outstanding Credit/Reimbursement Amounts due all other Builder/Developers shall be subtracted from the Base Maximum One-Time Facilities Special Tax to determine the net amount of the Base Maximum One-Time Facilities Special Tax that must be paid by the Builder/Developer. Using this net amount of the Base Maximum One-Time Facilities Special Tax as the starting point, the steps in Section D.3.a shall be applied to determine the remaining One-Time Facilities Special Tax and/or outstanding Credit/Reimbursement amount, if any, applicable to the Builder/Developer requesting issuance of a Building Permit.

c. No Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit

If no Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, then the Maximum One-Time Facilities Special Tax as calculated pursuant to Section C.1 above shall be due and payable to the City.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2012-1 and shall be collected as set forth in Section F below.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a Building Permit being issued for new construction on Taxable Property within CFD No. 2012-1, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2012-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes; provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay for Authorized Services and Administrative Expenses.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein.

Special Taxes shall not be levied on Parcels that are owned by a public utility for an unmanned facility or on Parcels that are subject to an easement that precludes any other use on the Parcels. In addition, no Annual Maintenance Special Tax shall be levied on any Parcel of Undeveloped Property.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning the Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

I. ENFORCEMENT

All delinquent Annual Maintenance Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5% as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) Maximum One-Time Facilities Special Tax at CFD Formation

Assessor's Parcel Number (Original Parcels) /1	Net Taxable Acreage	Base Maximum One- Time Facilities Special Tax /2	Administration Component /2	Maximum One-Time Facilities Special Tax
078-018-021 (1)	6.87	\$1,351,942	\$14,502	\$1,366,444
078-018-021 (2)	8.32	\$1,803,001	\$17,563	\$1,820,564
078-018-027	14.29	\$2,948,137	\$30,166	\$2,978,303
078-018-031 /3	14.00	\$3,035,561	\$29,553	\$3,065,114
078-018-035	9.96	\$2,233,405	\$26,556	\$2,259,961
078-018-036	2.62	\$0	\$0	\$0
Total		\$11,372,045	\$118,341	\$11,490,386

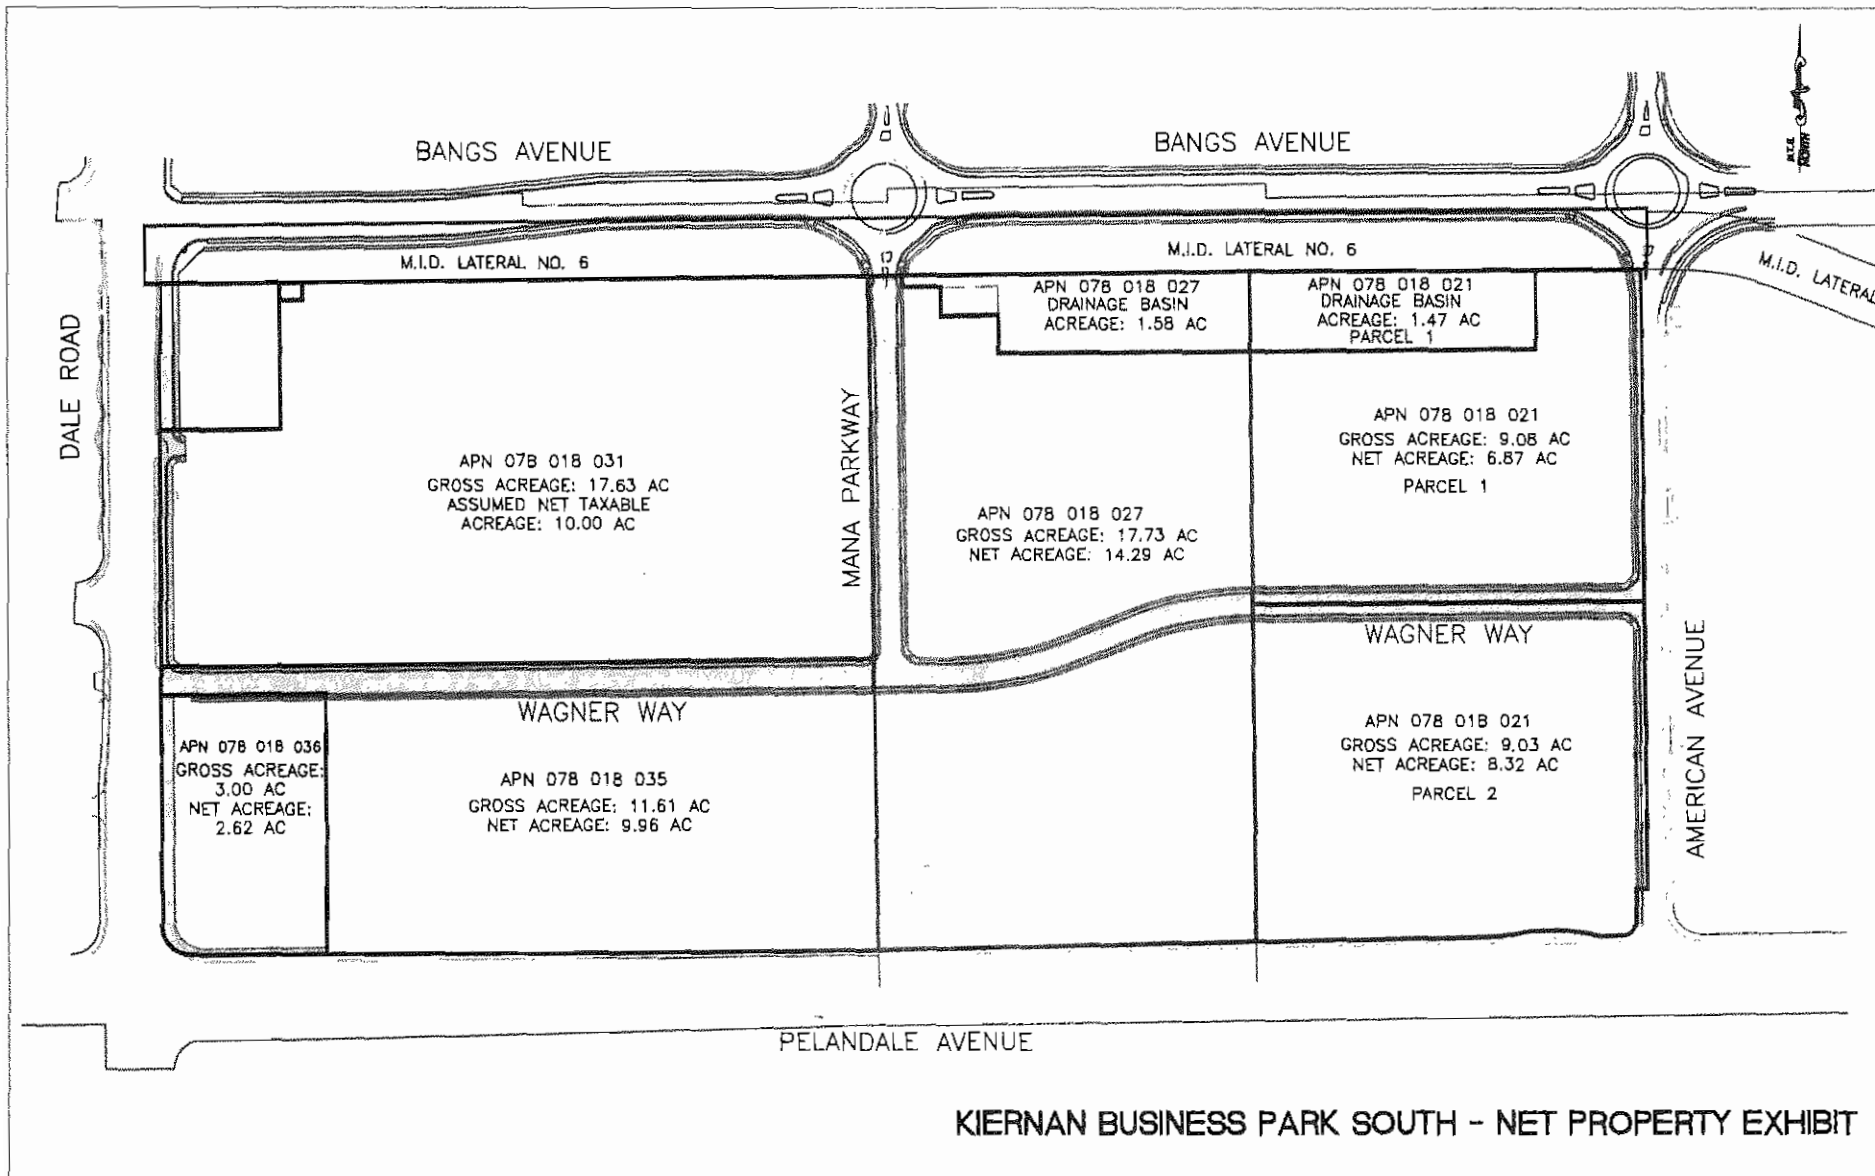

/1 At the time of CFD Formation, APN 078-018-021 was anticipated to be subdivided into two separate parcels based on a preliminary parcel map submitted to the City. Attachment 2 to this RMA shows the geographic locations of APN 078-018-021 (1) and APN 078-018-021 (2) based on this preliminary parcel map. The Maximum One-Time Facilities Special Taxes shown above for these two Parcels were calculated based on this preliminary parcel map.

/2 Represents the Base Maximum One-Time Facilities Special Tax and the Administration Component at the time of CFD Formation. Beginning in January 2013 and each January thereafter, the Base Maximum One-Time Facilities Special Tax and the Administration Component shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Base Maximum One-Time Facilities Special Tax and the Administration Component shall become effective on January 1 of the calendar year for which the annual adjustment was made.

/3 At the time of CFD Formation, APN 078-018-031 was not included in the CFD. This Parcel may or may not annex to the CFD at a future date, and it will not pay its Maximum One-Time Facilities Special Tax until such time as it annexes to the CFD and a Building Permit is issued for construction on the Parcel.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-113**

RESOLUTION AMENDING THE POSITION ALLOCATION FOR THE PUBLIC WORKS DEPARTMENT AS ADOPTED BY THE CITY COUNCIL AS PART OF THE FY 2011-2012 BUDGET TO ELIMINATE ONE DEPUTY DIRECTOR OF PUBLIC WORKS POSITION, AND ONE SENIOR ADMINISTRATIVE OFFICE ASSISTANT (CONFIDENTIAL) POSITION IN COST CENTER 53010, PUBLIC WORKS TRANSPORTATION, AND ADD ONE EXECUTIVE ASSISTANT POSITION IN COST CENTER 51010, PUBLIC WORKS ADMINISTRATION

WHEREAS, in 2009, the Public Works Department was divided into two departments, and

WHEREAS, the existing position allocation for Executive Assistant was moved to the new Utility Planning and Projects Department, and

WHEREAS, the Public Works Director position was vacant at that time and no Executive Assistant allocation was created, and

WHEREAS, once the Director's position was filled, temporary arrangements were made for the Senior Administrative Office Assistant (Confidential) in Transportation Administration to provide support to the Director in an out-of-class assignment, and

WHEREAS, this was made possible due to the vacant Deputy Director position in Transportation Services, and

WHEREAS, with the proposed elimination of the Deputy Director position, there is no longer a need for the Senior Administrative Office Assistant (Confidential) to staff that position, and

WHEREAS, the recommendation to allocate an Executive Assistant position to support the Director in Public Works will complete the process of dividing the two departments and allocating the appropriate support staff, and

WHEREAS, the Senior Administrative Office Assistant position is filled and will remain funded through June 30, 2012; therefore, no cost savings will be realized in FY 2011/12, and

WHEREAS, these positions are funded through Cost Distribution agreements to the subordinate divisions and funds that benefit from the services of department administration, and

WHEREAS, adding an Executive Assistant position allocation in Public Works Administration will cost approximately \$17,396 in FY 2011/12 and \$69,584 beginning FY 2012/13, and

WHEREAS, this position will be funded through Cost Distribution agreements, charging the total to the subordinate divisions that benefit from the services of department administration,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that it hereby approves amending the Position Allocation for the Public Works Department as adopted by the City Council as part of the FY 2011-2012 budget to eliminate one Deputy Director of Public Works position, and one Senior Administrative Office Assistant (Confidential) position in Cost Center 53010, Public Works Transportation, and add one Executive Assistant position in Cost Center 51010, Public Works.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-114**

**RESOLUTION AUTHORIZING SUBMISSION OF THE CITY'S FISCAL YEAR
2011 - 2012 TRANSPORTATION DEVELOPMENT ACT TRANSIT CLAIM –
REVISION #1 TO THE STANISLAUS COUNCIL OF GOVERNMENTS IN THE
AMOUNT OF \$8,268,602**

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance (STA) funds, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the Finance Department that LTF funds have been apportioned by the State to StanCOG for allocation to public transit agencies pursuant to Articles 4 and 8 of Chapter 4 of the California Public Utilities Code (PUC), and

WHEREAS the City prepared its original TDA claim for Fiscal Year 2011-2012 pursuant to these sections of the California PUC and the City Council adopted it by Resolution 2011-428, and

WHEREAS, StanCOG reduced the original allocation of STA funds to the City by \$312,918, and

WHEREAS, StanCOG requested the City to submit a revised claim based on the new STA amount allocated, and

WHEREAS, the City has prepared a revised TDA claim for Fiscal Year 2011-2012 as requested by StanCOG, and

WHEREAS, the City's Transit TDA Claim for Fiscal Year 2011-2012 is \$8,268,602, and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2011-2012 is \$14,773,997, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California PUC before any TDA funding can be released to the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the Fiscal Year 2011-2012 Transportation Development Act Transit Claim -- Revision #1 to StanCOG in the amount of \$8,268,602.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-115**

RESOLUTION APPROVING SUBMITTAL OF THREE GRANT APPLICATIONS TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION (CALTRANS) REQUESTING \$5,838,246 IN FY 2010-11 FUNDS UNDER THE PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) FOR TRANSIT CAPITAL PROJECTS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT APPLICATION AND GRANT AGREEMENT DOCUMENTS

WHEREAS, the Caltrans administered Public Transportation Modernization, Improvement, and Services Enhancement Account (PTMISEA) was a part of the comprehensive transportation bond investment package approved by the voters as Proposition 1B in the November 7, 2006 general election, and

WHEREAS, Senate Bill 88 (SB 88), enabling legislation for PTMISEA, was signed by the Governor and chaptered into law on August 24, 2007, and

WHEREAS, in Fiscal Year 2010-11 a total of \$1,499,648,863 was appropriated state-wide to PTMISEA, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) is the designated recipient for regional funds under GC 8879.55 (a)(2), and

WHEREAS, the StanCOG Policy Board passed a resolution February 15, 2012, designating \$5,198,241 of the Fiscal Year 2011-11 regional PTMISEA funds to the City of Modesto for transit capital projects, and

WHEREAS, the City of Modesto is the designated recipient for \$640,005 in Fiscal Year 2010-11 local PTMISEA funds under GC 8879.55 (a)(3) resulting in a total PTMISEA regional and local allocation of \$5,838,246 for Fiscal Year 2010-11.

WHEREAS, the City of Modesto has identified three (3) projects as priorities for Fiscal Year 2010-11 PTMISEA funding, and

WHEREAS, refurbishing a total of thirty (30) 1998, 2001 and 2003 fixed route buses; purchasing magnetic stripe units to install on existing fareboxes; and, upgrading its existing automatic vehicle location system to improve real-time passenger information are the City of Modesto's three (3) priority PTMISEA projects.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes submittal of three (3) grant applications to Caltrans requesting \$5,838,246 in Fiscal Year 2010-11 PTMISEA funds for transit capital projects

BE IT FURTHER RESOLVED that the City Manager, is authorized to execute all necessary grant documents with the California Emergency Management Agency on behalf of the City of Modesto.

BE IT FURTHER RESOLVED that the City Manager may designate the Director of Public Works to execute all grant application and grant agreement documents.

BE IT FURTHER RESOLVED that the City Manager may designate the Transit Manager to execute all grant application and grant agreement documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-117**

RESOLUTION APPROVING A SECOND AMENDMENT TO AGREEMENT WITH CAROLLO ENGINEERS, INC. (FORMERLY CAROLLO ENGINEERS, P.C.) FOR FINAL DESIGN SERVICES FOR THE PHASE 2 BIOLOGICAL NUTRIENT REMOVAL/TERTIARY TREATMENT FACILITY PROJECT IN THE AMOUNT OF \$64,465, FOR A MAXIMUM TOTAL AGREEMENT AMOUNT OF \$6,065,486, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO AGREEMENT

WHEREAS, in April 2008, the Central Valley Regional Water Quality Control Board (RWQCB) adopted a new National Pollutant Discharge Elimination System (NPDES) permit for the City of Modesto with stricter limits to the City's treated wastewater discharge into the San Joaquin River, and

WHEREAS, these limits were not in the original draft permit, and were not accounted for in the Wastewater Master Plan (WWMP) that was adopted in March 2007, and

WHEREAS, this new permit required the City to meet these discharge requirements by April 25, 2013, and

WHEREAS, if the City did not comply with these new discharge requirements, it would be subject to Mandatory Minimum Penalties (MMPs) and potential third-party lawsuits, and

WHEREAS, on June 23, 2009, by Resolution No. 2009-271, the City Council approved an agreement with Carollo Engineers, P.C. (Carollo) to prepare the final project design of this project, and

WHEREAS, in order to meet the April 2013 compliance date, the design agreement is based on an expedited design and construction schedule, and final design was originally expected to be completed by March 2010, and

WHEREAS, on September 1, 2009, City staff requested a 33-month compliance extension to its NPDES permit to allow a longer implementation schedule for the Phase 2 Tertiary Project and to reduce the impact on rates, and

WHEREAS, on March 18, 2010, the RWQCB granted the City an extension of the compliance date to February 2016, and

WHEREAS, the compliance extension has allowed the City to reasonably revise its design and construction schedule, and

WHEREAS, on December 14, 2010, by Resolution No. 2010-521, the City Council approved dedicating sewer service charges to payment of any and all CWSRF financing, and

WHEREAS, based on the preliminary design engineer's cost estimate, the City applied for a \$130 million loan for the Phase 2 Project, and

WHEREAS, on October 4th, 2011 the City received an initial Project Finance Agreement (State Revolving Fund Project No. C-06-5175-210, Agreement No. 11-825-550) from the SWRCB, which essentially commits the CWSRF loan to the City, and

WHEREAS, the design of the Phase 2 Project has been completed and City staff began advertising for construction bids on November 8, 2011, and

WHEREAS, on December 6, 2011, by Resolution No. 2011-457, the City Council approved an Amendment to Agreement with Carollo Engineers, Inc. (formerly Carollo Engineers, P.C.) to complete the final design services for Phase 2 Project, and

WHEREAS, the City received 8 bids for the Phase 2 Project, which opened January 27, 2012, and

WHEREAS, the City has recently completed its review of the bid and supporting documentation, and has determined the low bidder followed and met the requirements of the project specifications, and

WHEREAS, as a result, the low bidder has been deemed a responsible bidder and its bid responsive, and

WHEREAS, City staff is currently collecting all required forms and documentation in preparation of a CWSRF Approval of Award (AoA) package for SWRCB review and approval, and

WHEREAS, after receiving the AoA package, the SWRCB can take from 30 days, up to 120 days, to review and submit a final Financing Agreement to the City, and

WHEREAS, this second amendment for \$64,465 will include the preparation of a conformed set of plans and specifications, which was not included in the original agreement with Carollo, and

WHEREAS, the conformed set will incorporate all changes in the specifications and drawings made through addenda issued during bidding period, and

WHEREAS, the proposed task was originally to be included with the Engineering Services During Construction (ESDC) contract with Carollo, as Task 1.1., which is expected to be awarded with the Phase 2 Project construction contract in early summer 2012, and

WHEREAS, staff recommends taking advantage of the lengthy SWRCB review period and requesting this additional service to prepare the conformed bid documents prior to the start of the Phase 2 Project's construction, and

WHEREAS, this task, and its equivalent costs, will be deleted from the upcoming Carollo ESDC agreement, and

WHEREAS, staff is recommending approval of this second amendment to cover the additional scope of work that is beyond the original final design agreement, and

WHEREAS, the following list summarizes the changes and additional work by Carollo that is necessary to complete the design beyond what has been approved and budgeted for the project: 1) Preparation of Conformed Documents for Construction, and

WHEREAS, City staff does not have the staffing level or subject matter expertise to provide final design services for Phase 2 Project, and current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, City staff recommends approving a second amendment to agreement with Carollo for final design services for Phase 2 Project that is beyond the original final design Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to Agreement with Carollo Engineers, Inc. (formerly Carollo Engineers, P.C.) for final design services for Phase 2 Biological Nutrient Removal/Tertiary Treatment Facility project, in an amount not to exceed \$64,465.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-118**

RESOLUTION APPROVING A FIRST AMENDMENT TO THE MASTER AGREEMENT FOR AUDITING SERVICES BETWEEN THE CITY OF MODESTO AND MOSS-ADAMS, LLP; AND AUTHORIZING THE MAYOR, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT

WHEREAS, Section 900 of the Modesto City Charter provides that the City Auditor shall be appointed by and serve at the pleasure of the City Council of the City of Modesto, and

WHEREAS, the City Council desires to amend the Master Agreement for auditing services with the firm of Moss-Adams, LLP extending the term of the Agreement from February 1, 2012 to June 30, 2013, and

WHEREAS, the compensation amount needs to be amended to include an additional amount not to exceed \$150,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Master Agreement for auditing services with Moss-Adams, LLP.

BE IT FURTHER RESOLVED that the Mayor, or his designee, is hereby authorized to execute the Amendment to the Master Agreement.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to prepare all necessary budget amendments to implement the provisions of this resolution.

RESOLUTION NO. 2012-119**

**RESOLUTION APPROVING THE UPDATED GUIDELINES TO THE CITY'S
NEIGHBORHOOD STABILIZATION PROGRAM 2 HOMEBUYER'S
PROGRAM**

WHEREAS, in January 2010, the Department of Housing and Urban Development (HUD) awarded the City of Modesto \$25 million in Neighborhood Stabilization Program 2 (NSP2) funds, and

WHEREAS, of the \$25 million, \$10.5 million was allocated for the acquisition and rehabilitation of residences, and the City of Modesto set up a Homebuyer's Program, and

WHEREAS, in the NSP2 program, 26 foreclosed homes are designated for resale to qualified buyers with incomes at 50-120% of the area median income (AMI), and

WHEREAS, by regulation, the sales price of the home cannot be higher than the lower of either 1) the amount of NSP2 funds used to purchase and rehab the home, or 2) the second appraisal which is done after the rehab is completed, and

WHEREAS, over the course of the last year, HUD revised its NSP program income policy and issued an updated guidance, indicating that the local jurisdiction generating program income can be reinvested in an NSP eligible activity, and

WHEREAS, the City of Modesto is updating its NSP2 Homebuyer's Program guidelines in an effort to be able to recycle the income from this program, and

WHEREAS, the updated guidelines have been reviewed and approved by the Citizens' Housing and Community Development Committee and the Housing Rehabilitation Loan Committee,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves updating the guidelines to the City's Neighborhood Stabilization Program 2 Homebuyer's Program.

BETWEEN THE CITY OF MODESTO, THE HOUSING AUTHORITY OF THE
COUNTY OF STANISLAUS AND STANISLAUS COUNTY AFFORDABLE
HOUSING CORPORATION; AND AUTHORIZING THE CITY MANAGER, OR
HIS DESIGNEE, TO EXECUTE THE MEMORANDUM OF UNDERSTANDING**

WHEREAS, on June 24, 2008, City Council, by Resolution No. 2008-364, approved the allocation of \$713,162 in HOME funds to Stanislaus County Affordable Housing Corporation (STANCO) for the Meadow Glen apartments project, located at 605 E. Coolidge Avenue, Modesto, and

WHEREAS, the acquisition and development of this property will result in 32 housing units, and

WHEREAS, based on the funding availability and deadlines to complete this project, staff presented a proposal to STANCO to transfer this project to the Housing Authority of the County of Stanislaus (HACS) for the NSP2 Emancipated Foster and Homeless Youth Program (EFY&HYP), and

WHEREAS, STANCO's Board approved the transfer of this project to the HACS on April 19, 2011,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Memorandum of Understanding between the City of Modesto, the Housing Authority of the County of Stanislaus and Stanislaus County Affordable Housing Corporation for the development of the property located at 605 E. **MODESTO CITY COUNCIL
RESOLUTION NO. 2012-122**

RESOLUTION APPROVING A NEIGHBORHOOD STABILIZATION PROGRAM 2 LOAN TO THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS IN THE AMOUNT OF \$4.8 MILLION FOR THE CONSTRUCTION OF A 32 UNIT HOUSING PROJECT FOR EMANCIPATED FOSTER YOUTH AND HOMELESS YOUTH PROGRAM, ALSO KNOWN AS MEADOW GLEN APARTMENTS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS AND RELATED DOCUMENTS

WHEREAS, of the \$25 million in NSP2 funding, \$6 million has been set-aside to be used for the purchase and rehabilitation of properties to house Emancipated Foster and Homeless Youth (EFY&HYP) ages 18 to 28, and

WHEREAS, 75% of this funding will serve youth at 50% or below the area median income and the remaining funds will target youth at 80% and below, and

WHEREAS, 32 permanent supportive housing units will be developed to house EFY&HY, and

WHEREAS, a technical amendment was noticed on October 24, 2011, proposing to change the eligible use B, acquisition and rehabilitation, and establish eligible use E, redevelop demolished or redevelop vacant properties as housing, to develop housing for EFY&HYP, and

WHEREAS, the STANCO Board approved the transfer of this project to the HACS on April 19, 2011,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Neighborhood Stabilization Program 2 loan to the Housing Authority of the County of Stanislaus in the amount of \$4.8 million for the construction of a 32 unit housing project for Emancipated Foster Youth and Homeless Youth Program (EFY&HYP), also known as Meadow Glen apartments.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreements and related documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March, 2012, by Councilmember Burnside, who moved its adoption, with motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-123**

**RESOLUTION APPROVING AN AGREEMENT WITH HARRIS &
ASSOCIATES, INC. FOR CONSTRUCTION MANAGEMENT SERVICES FOR
THE CARPENTER ROAD BRIDGE SEISMIC RETROFIT PROJECT IN AN
AMOUNT NOT TO EXCEED \$1,086,406 FOR THE IDENTIFIED SCOPE OF
SERVICES AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE,
TO EXECUTE THE AGREEMENT**

WHEREAS, the existing Carpenter Road Bridge was studied, under the direction of the State of California, Department of Transportation (Caltrans), through the Local Agency Seismic Retrofit Program., and

WHEREAS, the study determined that the bridge structure was seismically deficient and in need of retrofit, and

WHEREAS, due to the complexity of this project and amount of staff hours to support construction, a construction management firm is required for management and inspection of this project, and

WHEREAS, staff utilized Administrative Directive 3.1, Selection Procedures for Professional Consultants, and

WHEREAS, staff recommends an agreement with Harris & Associates, as the City does not have the staffing level or subject matter expertise to perform construction management and inspection services for the following: construction administration, processing and tracking of submittals and requests for information, coordination associated with inspections, coordination with City staff, documentation of daily and weekly field activities, and project closeout for the Carpenter Road Bridge Project, and current workload levels do not provide for timely in-house solutions/responses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Harris & Associates for construction management services for the Carpenter Road Bridge Seismic Retrofit project in an amount not to exceed \$1,086,406 for the identified scope of services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-124**

RESOLUTION APPROVING AN AMENDMENT TO THE SUBSTANTIAL AMENDMENT TO THE CONSOLIDATED PLAN 2008 ACTION PLAN FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT – RECOVERY PLAN TO REALLOCATE FUNDING TO THE AIRPORT NEIGHBORHOOD COMMUNITY CENTER PROJECT IN PREPARATION FOR GRANT CLOSE-OUT; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE SUBSTANTIAL AMENDMENT AND ALL RELATED DOCUMENTS

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD) and allocates those funds to various eligible activities, and

WHEREAS, the City Council, on June 2, 2009, by Resolution No. 2009-237, approved the Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Community Development Block Grant - Recovery (CDBG-R), and

WHEREAS, the City of Modesto is required to amend its approved plan through a substantial amendment process whenever it makes one of the following decisions: to make a change in its allocation priorities or a change in the method of distribution of funds; to carry out an activity using funds from any program covered by the plan not previously described in the plan; and to change the purpose, scope, location, or beneficiaries of an activity, and

WHEREAS, staff has proposed an amendment to the CDBG-R as set forth in **Exhibit A**, attached hereto and incorporated herein by reference, and

WHEREAS, notice has been duly given to the community of the proposed amendment to the CDBG-R Plan, and to provide a comment period, which began March 10, 2012 and ends on March 27, 2012, and

WHEREAS, this amendment allocates funding to the existing Airport Neighborhood Community Center Project in preparation for CDBG-R grant close-out, and

WHEREAS, the Citizens' Housing and Community Development Committee (CH&CDC) reviewed staff's proposed amendment of CDBG-R prior to City Council review, and

WHEREAS, a duly noticed public hearing was held by the City Council on March 27, 2012, at 5:30 PM in the Tenth Street Place Chambers, located at 1010 Tenth Street to consider approval of the proposed amendment to the CDBG-R Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Community Development Block Grant - Recovery Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th of March, 2012, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-126**

RESOLUTION APPROVING SUBMITTAL OF GRANT APPLICATIONS TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION, DIVISION OF TRANSPORTATION PLANNING, IN THE AMOUNT OF \$550,000 FROM THE COMMUNITY-BASED TRANSPORTATION PLANNING GRANT PROGRAM; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL NECESSARY GRANT DOCUMENTS

WHEREAS, on December 7, 2010, the City Council, by Resolution No. 2010-495, accepted the U.S. HUD-EPA-DOT Smart Valley Places grant, which provides funding for amendments to the Urban Area General Plan land use and circulation elements, and

WHEREAS, additional grant funding is needed in order to prepare planning documents, such as corridor studies, to implement the amended General Plan, and

WHEREAS, the California Department of Transportation (Caltrans) has the authority to award grants of financial assistance for transportation planning projects, and

WHEREAS, grants for Caltrans local assistance funds would impose certain obligations on the City of Modesto, such as invoicing, quarterly reporting, timely completion, and a local match of ten percent (10%) of the grant award, and

WHEREAS, a public meeting was held on March 27, 2012, at 5:30 p.m., in the Tenth Street Place Chambers located, at 1010 Tenth Street, Modesto, California, at which submittal of the grant applications was considered by the Council of the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submittal of applications on behalf of the City of Modesto to Caltrans for Community-Based Transportation Planning Grant funds for corridor studies in the amount of \$550,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute and file the quarterly reports and other documents Caltrans requires for awarding a local assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary grant documents with Caltrans on behalf of the City of Modesto.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-127**

RESOLUTION ACCEPTING THE FISCAL YEAR 2010-2011 ANNUAL AUDIT REPORTS FOR THE CITY OF MODESTO, ITS COMMUNITY FACILITIES DISTRICTS, AND VARIOUS JOINT POWERS AGENCIES AND GRANT PROGRAMS

WHEREAS, pursuant to Section 1306 of the Charter of the City of Modesto, the City Council shall employ an independent certified public accountant who, at least annually, shall audit the books and records of the City of Modesto, and submit a final audit and report to the City Council as soon as practicable after the end of the fiscal year, and

WHEREAS, the accounting firm of Brown and Armstrong has completed their audit of the City's financial statements for the fiscal year ended June 30, 2011, and has provided its opinion on these financial statements based on that audit, and

WHEREAS, the independent auditors also audited the financial statements of nine Community Facilities Districts and various Joint Powers Agencies and grant programs, as required by their respective enabling legislations, and for which the City of Modesto serves as the financial administrator,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Fiscal Year 2010-2011 annual audit reports for the City of Modesto, its Community Facilities Districts, and various Joint Powers Agencies and grant programs, as listed on **Exhibit A**, which is incorporated by reference herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of March 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-128**

A RESOLUTION APPROVING A NEW CAPITAL IMPROVEMENT PROGRAM (CIP) ACCOUNT FOR THE PROJECT TITLED, "VILLAGE ONE CENTRAL BASIN EROSION CONTROL," WITH A TOTAL ESTIMATED PROJECT COST OF \$125,000

WHEREAS, the Village One Central Storm Drain Basin was constructed during the summer of 2002 with the removal of 75,000 cubic yards of material, and

WHEREAS, it was expected that native grasses and vegetation would grow on the side slopes to prevent erosion, and

WHEREAS, natural vegetation has not grown on the slopes due to herbicides and preemergents that have been sprayed on the slopes over the last 10 years and the slopes have eroded to the point that a significant maintenance effort is needed, and

WHEREAS, City staff recommends approving a new Capital Improvement Program Account for the project titled "Village One Central Basin Erosion Control",

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a new Capital Improvement Program Account for the project titled "Village One Central Basin Erosion Control."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-130**

A RESOLUTION DECLARING AS SURPLUS FROM MARCH 1, 2012 THROUGH FEBRUARY 28, 2013 THE FOLLOWING ITEMS: LOST, STOLEN, UNCLAIMED AND/OR SEIZED PROPERTY FROM THE POLICE DEPARTMENT, EXCESS PROPERTY ACCUMULATED BY THE CITY AND SURPLUS CITY VEHICLES AND EQUIPMENT AND AUTHORIZING THE PURCHASING DIVISION TO SELL SAME BY SEALED BID, CONSIGNMENT, PUBLIC AUCTION, ONLINE AUCTION, ONLINE, AS SCRAP, OR DONATE TO AN ELIGIBLE NON-PROFIT 501(C)(3) ORGANIZATION

WHEREAS, Section 801 of the City Charter authorizes the City Manager to sell obsolete, unclaimed, or surplus personal property of the City with the approval of the City Council, and

WHEREAS, the City's surplus items consist of: (1) lost, stolen, unclaimed and/or seized property from the Police Department, (2) excess property accumulated by the City, and (3) surplus City vehicles and equipment, and

WHEREAS, the Purchasing Division will sell surplus property through a land based auctioneer or through auction companies, or directly online, or through sealed bid and

WHEREAS, revenues from the sale of surplus Fleet vehicles/equipment are deposited into the Fleet Replacement Fund, 5410-53241, and

WHEREAS, all revenues received from the sale of non-rolling stock are either deposited in the originating fund or in the General Fund,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Council in accordance with Section 801 of the City Charter and Section 2.7.06 of the Modesto Municipal Code hereby declares as surplus from March 1, 2012, through February 28, 2013, the property items set forth above.

SECTION 2. The City Manager, or the Purchasing Manager, acting as the City Manager's designated representative, is hereby authorized and directed to sell same by sealed bid, consignment, public auction, online auction, online or as scrap or to donate to an eligible non-profit 501(c)(3) organization.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-131**

**RESOLUTION APPROVING AN OFFICIAL MAP FOR THE ARCHWAY
COMMONS PROJECT**

WHEREAS, The City of Modesto and the Archway Commons developer, EAH, Inc., are in the final stages of pre-development work before construction can begin on an affordable housing project to add 76 units to the City of Modesto's housing stock and promote economic development in the region, and

WHEREAS, to ensure that the survey markers and the parcel boundaries are accurate and correct, the City of Modesto, in conjunction with EAH, Inc., ordered a survey and then created an "Official Map" for the parcel, and

WHEREAS, according to the California Government Code Section 66499.52(b), an official map can be recorded when, "In a city or county which has adopted the procedure prescribed herein, any surveyor or engineer, under the review of the city engineer or county surveyor, may prepare an official map to be filed for record pursuant to subdivisions (d) and (e) of Section 66499.35", and

WHEREAS, creating an official map was the most expedient manner to confirm from a field survey the land boundaries, which could affect building set-backs and easements in the construction phase of the project, and

WHEREAS, the map will be prepared in accordance with the map format specifications, and

WHEREAS, the official map includes an engineer's or surveyor's certificate stating that the map was prepared pursuant to the provisions of Government Code

Sections 66499.50 – 66499.58, and an approval certificate of the city engineer or county surveyor,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an official map for the Archway Commons Project.

RESOLUTION APPROVING AN AMENDMENT TO THE FISCAL YEAR 2011-2012 CAPITAL IMPROVEMENT PROGRAM BUDGET IN ORDER TO FUND THE TRRP GATEWAY PHASE 1.3 TRAILS PROJECT IN THE AMOUNT OF \$550,000; AND AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION

WHEREAS, the City of Modesto received grants from the Habitat Conservation Fund and federal government that total \$550,000 to further develop the Gateway Parcel in the Tuolumne River Regional Park (TRRP), and

WHEREAS, on August 8, 2006, the City Council, by Resolution No. 2006-504, approved the development of Phase 1.1 of the Gateway Parcel, and

WHEREAS, on September 4, 2007, the City Council, by Resolution No. 2007-527, approved the development of Phase 1.2 of the Gateway Parcel, and

WHEREAS, the City is now ready to continue the development of the Gateway Parcel by constructing a minor trail system in the Riparian Terraces area, and

WHEREAS, development of the Phase 1.3 Trails will provide direct access to the Tuolumne River for recreation activities, and

WHEREAS, the City of Modesto CIP Task Force has reviewed and approved this project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Fiscal Year 2011-2012 Capital Improvement Program budget in order to fund the TRRP Gateway Phase 1.3 Trails project in the amount of \$550,000.

RESOLUTION NO. 2012-133**

A RESOLUTION APPROVING STANISLAUS COUNTY REGIONAL APPREHENSION TEAM MEMORANDUM OF UNDERSTANDING FOR PARTICIPATION IN THE POST RELEASE COMMUNITY SUPERVISION, ALONG WITH OTHER COUNTY-WIDE LAW ENFORCEMENT AGENCIES, TO LOCATE NON-COMPLIANT, NON-SERIOUS, NON-VIOLENT OFFENDERS UPON THEIR RELEASE FROM STATE PRISON; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE MEMORANDUM OF UNDERSTANDING

WHEREAS, on April 4, 2011, Governor Brown signed Assembly Bill 109 (AB 109), which made essential changes to California's correction system, and

WHEREAS, AB 109 realigned custodial and community supervision responsibility for non-serious, non-violent, and non-sex offenders, as well as supervision of lower level adult parolees returning from state prison sentences to counties, and

WHEREAS, starting October 1, 2011, any offender who was convicted of a non-serious, non-violent felony, and is not deemed a high risk sex offender will be placed on local supervision through the Probation Department upon their release from state prison, and

WHEREAS, when the Post Release Community Supervision offenders fail to report to their probation officer and their whereabouts are unknown, probation officers will request bench warrants from the court, and

WHEREAS, this Memorandum of Understanding (MOU) allows law enforcement agencies in Stanislaus County to combine resources and work cooperatively in locating noncompliant PRCS offenders in our county, and

WHEREAS, a Community Corrections Partnership Executive Committee will govern the affairs of the Regional Apprehension Team, and

WHEREAS, this Committee, comprised of the Chief Probation Officer (Chairperson), Stanislaus County Sheriff, Stanislaus County District Attorney, Stanislaus County Public Defender, Modesto Police Department Chief, Presiding Stanislaus County Superior Court Judge and the Director of the Stanislaus County Behavioral Health and Recover Services will meet on an as needed basis to review team operations and will provide direction, guidance and oversight, and

WHEREAS, the Stanislaus County Regional Apprehension Team will be staffed by personnel referred by the participating law enforcement agencies, and

WHEREAS, the Probation Department will take the lead in organizing and coordinating county operations, including notification to the agencies when and where apprehension operations will be taking place, and

WHEREAS, the Probation Department will notify the agencies on how many officers will be needed for each operations, and

WHEREAS, each participating agency agrees to hold harmless all other participating agencies, and

WHEREAS, the Adult Division Director of the Stanislaus County Probation Department will be responsible for implementing a reporting system for tracking apprehension team activity and resource utilization, and

WHEREAS, the reporting system will serve as the basis for quarterly reports to the Community Corrections Partnership Executive Committee, as well as to ensure an accountability of personnel and resources, and

WHEREAS, this MOU will be effective until June 30, 2014,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Stanislaus County Regional Apprehension Team Memorandum of Understanding for participation in the Post Release Community Supervision.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Memorandum of Understanding

TO EXCEED \$780,008; AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE AMENDMENT**

WHEREAS, on October 13, 2009, by Resolution No. 2009-493, the City Council approved an agreement with VBN Architects to perform Architectural and Final Design Services for the Bus Maintenance Facility in the not to exceed amount of \$716,112, and

WHEREAS, on January 23, 2012, City Staff submitted a budget augmentation for additional funding in the amount of \$63,896, to a not to exceed total of \$780,008,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement between the City of Modesto and VBN Architects to perform Architectural and Final Design Services for the Bus Maintenance Facility in the not to exceed amount of \$780,008.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Cogdill, Geer, Gunderson, Lopez, Muratore,
Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: Burnside

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-135

A RESOLUTION RESCINDING RESOLUTION 2010-222 AND ESTABLISHING FEES FOR THE PROVISION OF SEWER SERVICE FOR FISCAL YEARS 2013 THROUGH 2017

WHEREAS, Section 11-6.09 of the Modesto Municipal Code authorizes the Council to establish sewer service charges from time to time by resolution, and

WHEREAS, the Council has previously established sewer service charges, and

WHEREAS, Proposition 218 was passed in November of 1996 and became effective with respect to sewer rates on July 1, 1997, and

WHEREAS, on July 24, 2007, the Council held a public hearing pursuant to Proposition 218 with respect to adjustment of sewer rates, and

WHEREAS, notices of a sewer rate adjustment and public hearing were mailed on June 8, 2007 to sewer customers, and

WHEREAS, insufficient protests were made to defeat imposition of the sewer rate adjustments resulting in increases in some cases, and

WHEREAS, on July 24, 2007, the City Council, by Resolution No. 2007-463, established maximum wastewater rates beginning August 1, 2007, and updated each July 1st through the year 2011, and

WHEREAS, the Final Master Environmental Impact Report for the Waste Water Master Plan was completed (State Clearing House No. 2006052076) and adopted by the City Council on March 13, 2007 by Resolution No. 2007-178, and

WHEREAS, on May 25, 2010, the City Council, by Resolution No. 2010-222, rescinded all previous sewer fee resolutions and adopted a new five-year rate plan for

Fiscal Years 2011-2015, and

WHEREAS, the report titled, "2012 Evaluation of Wastewater Rates," analysis shows that the projected costs and revenues are tracking reasonably close to what was projected in the 2011 report, and

WHEREAS, this report also shows that it would be possible to implement alternative rate plans primarily due to the following factors:

- Relatively stable customer characteristics and discharges
- Operating costs - reduced inflation assumptions for FY 2013 and FY 2014
- Capital program - assumed the same reduced program
- Debt financing - State Revolving Fund (SRF) financing has received preliminary approval, and

WHEREAS, staff has reviewed the Capital Improvement Program (CIP) and operations budgets of the Wastewater Enterprise Fund for both the current and upcoming fiscal years with the goal of minimizing any rate increase proposals for FY 2013 and beyond, and

WHEREAS, in order to maintain an adequate debt coverage ratio and operating reserves, a series of rate increases will be required, and

WHEREAS, these series of rate increases do not exceed the maximum wastewater rates allowed by City Council Resolution No. 2007-463, and

WHEREAS, on February 27, 2012, the Finance Committee recommended that City Council adopt a series of wastewater rate increases, shown as Scenario 3 in the "2012 Evaluation of Wastewater Rates" report,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEFINITIONS. Unless the context requires a different meaning, for the purposes of this resolution the definitions set forth in Section 5-6.103 of Chapter 6 of Title 5 of the Modesto Municipal Code entitled "DEFINITIONS" shall apply.

1. Director: The City officer(s) or designee(s) in charge of utilities.
2. Monthly account charge: A monthly fee charged to every sewer account to pay the actual fixed sewer system costs not allocable to sewer flow and strength components.
3. Person. Any individual, partnership, corporation or other legal entity whatsoever applying for or receiving City sewer service.

SECTION 2. SEWER SERVICE CHARGES FOR RESIDENTIAL SERVICE.

Each person receiving residential sewer service shall pay a sewer service charge to the City in accordance with the following rates:

- (a) The maximum monthly sewer service charges for dwelling units, mobile homes and mobile home spaces in mobile home parks shall be as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Maximum Residential Rates	1-Jul-12	1-Jul-13	1-Jul-14	1-Jul-15	1-Jul-16
Monthly Account Charge (\$/Account)	\$3.93	\$4.17	\$4.43	\$4.62	\$4.68
<i>plus Dwelling Unit Charge (\$/Dwelling Unit)</i>					
Single Family Residential, Mobile Home on a lot	\$24.74	\$26.47	\$28.32	\$29.74	\$30.16
Multiple Family (2-4 Dwelling Units), one additional Dwelling Unit or Mobile Home on a lot	\$21.23	\$22.72	\$24.31	\$25.52	\$25.88
Apartments (5 or more Dwelling Units), Mobile Home Space in a Mobile Home Park	\$16.11	\$17.24	\$18.45	\$19.37	\$19.64

SECTION 3. SEWER SERVICE CHARGES FOR COMMERCIAL SERVICE.

Each person receiving commercial sewer service shall pay a maximum sewer service charge to the City in accordance with the following rates:

- (a) Commercial users shall be grouped according to Biochemical Oxygen Demand (hereinafter referred to as BOD) and Total Suspended Solids (hereinafter referred to as TSS) strength characteristics and shall pay sewer

service charges based on the quantity of water used, and the waste strength characteristics measured in milligrams per liter (hereinafter referred to as mg/l). The Director shall determine the waste strength characteristics of commercial users and assign them to one of the following commercial users groups:

Maximum Commercial Rates	Year 1	Year 2	Year 3	Year 4	Year 5
	1-Jul-12	1-Jul-13	1-Jul-14	1-Jul-15	1-Jul-16
Monthly Account Charge (\$/Account)	\$3.93	\$4.17	\$4.43	\$4.62	\$4.68
<i>plus Quantity Charge (\$/100 cubic feet)</i>					
Group 1-BOD + TSS is 400 mg/l or less	\$2.10	\$2.24	\$2.40	\$2.52	\$2.56
Group 2-BOD + TSS is 401 mg/l to 900 mg/l	\$2.58	\$2.76	\$2.95	\$3.10	\$3.14
Group 3-BOD + TSS is 901 mg/l to 1,400 mg/l	\$3.07	\$3.29	\$3.52	\$3.69	\$3.74
Group 4-BOD + TSS is 1,401 mg/l or more	\$3.65	\$3.90	\$4.18	\$4.39	\$4.45

- (b) Commercial users shall have all water used on the premises metered in order to determine the users' sewer service charges.
 - (1) Commercial users on a public water system other than the City's shall obtain a metered water service from the water purveyor and shall pay the sewer service charge which would be made were such water from the City's water system.
 - (2) Commercial users receiving any water from a private source shall allow the City to furnish, install and maintain a water meter with the user paying for the cost of the meter and installation. The user shall pay the sewer service charge which would be made were such water from the City's water system. Authorization shall be granted to City from user to install, read and maintain said meter by user executing an agreement on a form furnished by the Director.
- (c) In the case of existing meters which are under the ownership of users, the City will assume responsibility for maintenance of such meters upon:
 - (1) Receipt of transfer of title from the owner in a form satisfactory to the Director, and
 - (2) Authorization being granted to City for reading and maintaining the meter as set forth in paragraph (b) above.
- (d) Schools, churches, assembly halls and similar facilities shall be considered Group 1.

SECTION 4. SEWER SERVICE CHARGES FOR INDUSTRIAL SERVICE.

Each person receiving industrial sewer service shall pay a maximum sewer service charge to the City in accordance with the following rates:

- (a) The monthly sewer service charges for industrial users shall be at the following rate of per million gallons of total flow.

Maximum Industrial (Major and Minor) Rates	Year 1	Year 2	Year 3	Year 4	Year 5
	1-Jul-12	1-Jul-13	1-Jul-14	1-Jul-15	1-Jul-16
Monthly Account Charge (\$/Account)	\$3.93	\$4.17	\$4.43	\$4.62	\$4.68
<i>plus Quantity Charges (these three components are additive)</i>					
Flow Charge (\$/Million gallons)	\$2,284	\$2,443	\$2,614	\$2,745	\$2,783
BOD Charge (\$/1,000 lbs)	\$113	\$121	\$130	\$136	\$138
TSS Charge (\$/1,000 lbs)	\$198	\$212	\$227	\$238	\$241

- (1) If the Industry has an effluent meter for industrial flow measurement and a sanitary sewage meter, the total flow shall be the sum of the metered flows.

Sanitary Sewage Flow: If Industry has an unmetered connection for disposal of sanitary sewage, the estimated volume may be established by the Director. The estimated volume shall be based on the number and type of plumbing fixture units contributing to the system along with any other flow information available which indicates the total volume of sanitary sewage.

- (2) In the absence of an effluent meter, an influent meter shall be used, and total flow shall be based upon the influent meter reading.
- (3) The BOD and TSS charges for industrial and sanitary discharges shall be based on the measured or estimated BOD and TSS for each type of flow.

SECTION 5. FLOW ESTIMATES. The Director will estimate flow where he/she determines metered flow measurements are unreliable.

SECTION 6. SEWER SERVICE CHARGES FOR DUMPING OF SEPTIC WASTE AT THE SEWAGE TREATMENT PLANT

Charge	Year 1	Year 2	Year 3	Year 4	Year 5
	1-Jul-12	1-Jul-13	1-Jul-14	1-Jul-15	1-Jul-16
Flow charge per 1,000 gallons	\$59.72	\$63.90	\$68.37	\$72	\$73

SECTION 7. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE. The cost of service set forth above shall be re-examined not less than every four years by professionals competent in the field. Such professionals shall provide a report to the City updating both the fixed and volume based costs as appropriate and as recommended to the Council by the Director and Director of Finance. Beginning on July 1, 2017 and annually thereafter, the Director of Finance with the concurrence of the Director, shall have the authority to adjust the above rates by an amount not to exceed the not-seasonally-adjusted annual percentage increase in the April Consumer Price Index (CPI) for Urban Wage Earners and Clerical Workers for the San Francisco CMSA that is currently prepared by the Department of Finance.

SECTION 8. SULFIDE CORROSION CHARGES. Any wastewater discharge which exceeds 0.5 parts per million of sulfides shall pay a sulfide corrosion charge, an impact fee, determined on a case-by-case basis as follows:

- (a) The projected accelerated corrosion of collection system pipes and pump stations will be calculated based on the EPA Pomeroy Model for Sulfide Corrosion (EPA Design Manual, EPA/625/1-85-018, Section 2.5.2.1 - Corrosion Predictive Model).
- (b) The sulfide corrosion charge will then be calculated based on the actual pipes and pump stations, up to the Water Quality Control Plant Headworks, impacted by the discharge, and on the current estimates of replacement costs and the time value of money.
- (c) Discharges of sulfide above 0.5 ppm shall also not have a pH lower than 7.
- (d) The discharger may request that the sulfide charge be recalculated each year, if the amount of sulfide discharged is documented as having changed significantly from the previous year. The discharger may elect to receive

the billing for this service charge on an annual or monthly basis. No prepayment discount will apply.

- (e) This service charge is an impact fee based on sulfide crown corrosion of collection system pipes and pumping facilities. It is not intended to compensate the City for increased corrosion or odor generation in the Water Quality Control Plant. It is not intended to liquidate the responsibility of a party whose wastewater discharge escapes from the collection system causing soil or groundwater contamination. Discharge of concentrated sulfides under the provisions of this section constitutes acceptance of these terms.

SECTION 9. SEWAGE TREATMENT FOR OUTSIDE PUBLIC AGENCIES.

Pursuant to agreements approved from time to time by the City Council and the City Attorney (as to form), other public agencies will own and operate, and the City of Modesto will accept and treat sewage collected from, sewer systems external to the City and City's Sewer District No. 1.

SECTION 10. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after July 1, 2012.

SECTION 11. RESCINDING PRIOR RESOLUTIONS. All previous sewer fees resolutions are hereby rescinded effective July 1, 2012.

SECTION 12. ANNUAL REVIEW OF ADOPTED RATE INCREASES. The City Council shall conduct a review of each adopted sewer rate increase prior to its implementation. Said review shall be completed by the City Council at least sixty days in advance of the new sewer rate becoming effective. The rates shown in this resolution shall be implemented on the dates shown unless City Council takes action otherwise.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-136**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): REPEALING TITLE 10 OF THE MODESTO MUNICIPAL CODE RELATING TO THE ZONING REGULATIONS IN ITS ENTIRETY AND REENACTING A NEW TITLE 10 FOR A COMPREHENSIVE MAINTENANCE UPDATE OF THE ZONING REGULATIONS (CITY OF MODESTO)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, City of Modesto has proposed repealing Title 10 of the Modesto Municipal Code in its entirety and reenacting a new Title 10 for a comprehensive maintenance update of the Zoning Regulations, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2012-02 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on March 14, 2012, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on April 3, 2012, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed repealing Title 10 of the Modesto Municipal Code in its entirety and reenacting a new Title 10 for a comprehensive maintenance update of the Zoning Regulations, a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of April, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the Zoning Code Amendment, a comprehensive maintenance update, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: Zoning Code Amendment, a comprehensive maintenance update
- B. Address or Location: City of Modesto. The Zoning Code applies to the entire City of Modesto.
- C. Applicant: City of Modesto, 1010 Tenth Street, Modesto, CA 95353
- D. City Contact Person: Paul Liu

Project Manager: Paul Liu
Department: Community and Economic Development
Phone Number: 209 577 5267
E-mail address: pliu@modestogov.com

- E. Current General Plan Designation(s): Not Applicable
- F. Current Zoning Classification(s): Not Applicable
- G. Surrounding Land Uses:
North: Not Applicable
South: Not Applicable
East: Not Applicable
West: Not Applicable

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is a comprehensive maintenance update that will modernize and reformat the Zoning Code. The proposed code amendment will not result in major changes to land use requirements and development standards. A summary of this effort includes:

1. Review and update of permitted and conditional land uses. Convert land use provisions from a text format to a table format.
2. Review and update of development standards. Convert standards from a text format to a table format.
3. Review and update of administrative and procedural provisions and provide a new authoritative table.

A summary of the changes is provided in the attached table.

- I. Other Public Agencies Whose Approval is Required:

None

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:
- A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
 - B. No new or additional mitigation measures or alternatives are required.
 - C. The subsequent project is within the scope of the project covered by the Master EIR.
 - D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:
- A. The subsequent project is within the scope of the project covered by the Master EIR.
 - B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Date

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The Zoning Code Amendment is not a development project. The City of Modesto will be the lead agency and no other agency has approval authority over development projects in the City that uses the Zoning Code.
- (2) No modifications to the Urban Area General Plan are proposed as part of this project. No significant impacts are expected to occur beyond those identified in the Urban Area General Plan Master EIR and all relevant mitigations/policies will be applied.
- (3) The proposed project does not include changes to federal, state, regional, or county regulations.
- (4) There is no new information regarding the presence of significant resources.
- (5) The Zoning Code Amendment is not a development project.
- (6) The Zoning Code Amendment is not a development project.

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

		YES	NO
(1)	Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2)	This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:		
(a)	No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b)	No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c)	Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The Master EIR was certified in October 2008.
- (2 a) No substantial changes to the circumstances have occurred since the Master EIR was certified.
- (2 b) No new information has become available that would affect the adequacy of the Master EIR.
- (2 c) Mitigations and policies in the Master EIR will be applied to new development as anticipated when the Master EIR was certified.

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7) The proposed project would result in an increase in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on traffic generation assumptions.
- (2) The project will have no effect on the level of service standard established by the county congestion management.
- (3) The project will have no effect on traffic and circulation issues.
- (4) The project will have no effect on emergency response time.
- (5) There are some minor changes to the parking requirements proposed with this project. For example, the amendment clarifies parking requirements for certain uses such as banquet halls and outdoor dining where the current code is silent. Residential vehicle parking requirements will be deleted for residential projects with private streets or common driveways. Parking requirements for multiple family projects will be based on number of bedrooms instead of number of units. The project will have a less than significant effect on parking requirements.
- (6) The project will have no effect on alternative transportation policies.
- (7) The project will have no effect on automobile vehicle miles traveled.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} by the San Joaquin Valley Air Pollution Control District (SJVAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on emissions thresholds.
- (2) The project will have no effect on best management practices established by the SJVAPCD.
- (3) The project will have no effect on air quality policies.
- (4) The project will have no effect on sensitive receptors.
- (5) The project will not result in the creation of objectionable odors.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City’s noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on noise level standards.
- (2) The project will have no effect on noise policies.
- (3) The project will not result in an increase of ambient noise levels.
- (4) The project will not result in a temporary or periodic increase of ambient noise levels.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on agricultural land policies.
- (2) The project will have no effect on development outside the Modesto planning area.
- (3) The project will have no effect on land zoned for agricultural use or with Williamson Act contract.
- (4) The project will have no effect on the conversion of farmland to non-agricultural use.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Water demand for the proposed project will exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on the water supply.
- (2) The project will have no effect on water demand.
- (3) The project will have no effect on groundwater supply.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson’s hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on the wastewater policies.
- (2) The project will have no effect on sewage flows.
- (3) The project will have no effect on wastewater capacity.

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on wildlife and plant habitat policies.
- (2) The project will have no effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.

- (3) The project will have no effect on federally protected wetlands.
- (4) The project will have no effect on native resident or migratory fish or wildlife species.
- (5) The project will have no effect on local policies or ordinances protecting biological resources.
- (6) The project will have no effect on local, regional, or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would modify or demolish a structure more than 50 years in age.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on archaeological/historical resource policies.
- (2) The project will have no effect on historical buildings or landmarks.
- (3) The project will have no effect on structures.
- (4) The project will have no effect on cultural resources.
- (5) The project will have no effect on biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on storm drainage policies.
- (2) The project will have no effect on surface runoff.
- (3) The project will have no effect on Low Impact Development strategies to reduce runoff.

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on flooding and water quality policies.
- (2) The project will have no effect on federal Clean Water Act or the State Porter-Cologne Act.
- (3) The project will not result in more housing within a 100-year flood hazard zone.
- (4) The project will have no effect on flooding.
- (5) The project will have no effect on Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.
- (6) The project will have no effect on water quality standards or waste discharge requirements.
- (7) The project will have no effect on existing drainage pattern of the site or area or a watercourse in a manner that would result in substantial erosion or siltation.
- (8) The project will have no effect on runoff.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on parks and open space policies.
- (2) The project will have no effect on parks and open space.
- (3) The project will have no effect on parks and recreation facilities.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these polices are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on school policies.
- (2) The project will have no effect on SB 50/Proposition 1A funding provisions.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect to police policies.
- (2) The project will not result in the need for more police facilities.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on fire service policies.
- (2) The project will not result in the need for more fire service facilities.
- (3) The project will have no effect on fire protection services in adjoining fire protection districts.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on solid waste policies.
- (2) The project will have no effect on the County solid waste facility.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on hazardous materials policies
- (2) The project will not result in emitting hazardous emissions or handling hazardous materials.
- (3) The project will not result in locating projects on hazardous materials sites.
- (4) The project will not result in locating projects on contaminated sites.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk of loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on geology, soils, and mineral resources policies.
- (2) The project will not result in exposing people or structure to seismic activities, location on expansive soils, or loss of mineral resources.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on energy policies.
- (2) The project will not result in wasteful energy consumption during future construction activities.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on visual resources policies. The proposed code amendment will not affect scenic vistas, scenic resources, or light and glare.
- (2) The project will have no effect on views from riverside areas and parks.
- (3) The project will have no effect on views of riverside areas from public roadways and nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact by an agency that has jurisdiction over the proposed project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and the changes are consistent land use and planning policies.
- (2) The project will not result in the physical division of an established community.
- (3) The project will have no effect on a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental impact.
- (4) The project will have no effect on applicable habitat conservation plan or natural community conservation plan.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigations measures from the Master EIR that will be applied to this project. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2) The proposed project would result in average automobile trip lengths or CO ₂ emissions higher than those assumed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The proposed project is a comprehensive maintenance update that will modernize and reformat the Zoning Code. However, the proposed project will not result in major changes to land use requirements and development standards and will have no effect on climate change policies
- (2) The project will have no effect on automobile trip lengths or CO₂ emissions.
- (3) The project will have no effect on the Sustainable Communities Strategy or Alternative Planning Strategy.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

Traffic and Circulation:

N/A

Degradation of Air Quality:

N/A

Generation of Noise:

N/A

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-137**

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF DUKE
LEFFLER FROM THE BOARD OF BUILDING APPEALS**

WHEREAS, Duke Leffler was appointed a member of the Board of Building Appeals on December 13, 2011, and

WHEREAS, Duke Leffler has tendered his resignation from the Board of Building Appeals, and

NOW, THEREFORE, BE IT RESOLVED that the resignation of Duke Leffler from the Board of Building Appeals be, and hereby is accepted with regret.

BE IT FURTHER RESOLVED that the City Council of the City of Modesto, on its own behalf, and on behalf of the citizens of the City, hereby expresses its sincere appreciation to Duke Leffler for his service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-138**

**A RESOLUTION INITIATING PROCEEDINGS FOR THE FORMATION OF
LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2012-1, AND
DIRECTING THE PREPARATION AND FILING OF AN ENGINEER'S REPORT**

WHEREAS, the City Council of the City of Modesto ("City"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the California Streets and Highways Code ("Act"), desires to initiate proceedings for the formation of a landscape maintenance district to be known and designated as CITY OF MODESTO, LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2012-1 ("District"), and to levy and collect annual assessments for the District commencing in fiscal year 2012/2013 to pay for the operation, maintenance, and servicing of landscape improvements, and appurtenant facilities related thereto, and

WHEREAS, pursuant to Chapter 2, Article 2 Section 22605 of the Act, the legislative body (the City Council) upon successful formation of the District, intends to concurrently detach the territory within the District from Landscape Maintenance Assessment District No. 1 and Landscape Maintenance Assessment District No. 2 ("LMAD No.1 and LMAD No. 2") and to dissolve said districts, and

WHEREAS, pursuant to Chapter 2, Article 1 Section 22585 of the Act, proceedings for the formation of an assessment district shall be initiated by resolution and that resolution shall generally describe the proposed improvements, describe the proposed assessment district and specify a distinctive designation for the district and order the engineer to prepare and file a report in accordance with Article 4 (commencing with Section 22565) of Chapter 1 of the Act, and

WHEREAS, the City has retained Willdan Financial Services (“Willdan”) for the purpose of assisting with the formation of the District, the establishment of annual assessments, and to prepare and file a report with the City Clerk concerning the formation of Landscape Maintenance Assessment District No. 2012-1 and the proposed annual levy of assessments in accordance with the Act and the provisions of the California Constitution Article XIIIID (the “Constitution”), and

WHEREAS, the residents of LMAD No. 1 and LMAD No. 2 have been informed and will have the opportunity to vote on the proposed new annual assessments (increased assessments) for the proposed District,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City proposes to form Landscape Maintenance Assessment District No. 2012-1, and to levy and collect annual assessments for the District commencing in fiscal year 2012/2013 to pay for the operation, maintenance, and servicing of local landscape improvements, and appurtenant facilities related thereto.

BE IT FURTHER RESOLVED that the District shall consist of the lots and parcels of land that will receive special benefits from the improvements and services to be provided which are within the residential subdivisions known as Dry Creek Meadows No’s 1-10, Creekwood Meadows and Yosemite Meadows No’s 1-3, which are generally located north of Yosemite Boulevard, east of McClure Road, west of Yosemite Meadows Drive and south of the M.I.D. Lateral No. 2. This territory is currently identified on the Stanislaus County Assessor’s Parcel Maps as all or portions of Book 079 Pages 002 through 024, 027 and 028, and incorporates within the boundaries of the District one thousand two hundred seventy-nine (1,279) single-family residential parcels, one (1)

school site (Bernard L Hughes Elementary School), one (1) park site (Creekwood Park) and one (1) public area/easement parcel.

BE IT FURTHER RESOLVED that the improvements for which the District is formed generally include, but are not limited to, the maintenance, operation and servicing of the local streetscape landscape improvements established in connection with development of the properties within the District, and which shall be maintained for the special benefit of those properties. The maintenance and servicing of the improvements generally include, but are not limited to, the materials, equipment, utilities, labor, and incidental expenses, including administrative expenses, required for annual operation, as well as the performance of periodic repairs and replacement activities as needed to provide for the growth, health, and beauty of trees, landscaping and the proper operation and functioning of related hardscapes, irrigation systems and drainage systems within the public right-of-ways and/or dedicated easements.

BE IT FURTHER RESOLVED that upon successful formation of the District, the City Council proposes the concurrent detachment of the parcels within the District from the existing LMAD No.1 and LMAD No. 2 and to dissolve said districts.

BE IT FURTHER RESOLVED that in the event the formation of the District and the proposed assessments are not approved, the assessments for LMAD No. 1 and LMAD No. 2 shall continue to be levied as approved.

BE IT FURTHER RESOLVED that Willdan is designated by this Council as the Engineer of Work for the formation of Landscape Maintenance Assessment District No. 2012-1, and is hereby directed to prepare and file with the City an Engineer's Report

concerning the formation of the District and the annual levy of assessments in accordance with the requirements of Chapter 1, Article 4 of the Act.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-139**

**RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2012-2013
ANNUAL ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE
ASSESSMENT DISTRICT NO. 1**

WHEREAS, Resolution No. 88-935 adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 ("LMAD No. 1") for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, LMAD No. 1 was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly, and

WHEREAS, the annual assessment for LMAD No. 1 has remained the same since 1996, and

WHEREAS, the City has contracted with Willdan Financial Services, Inc. ("Willdan") to perform a thorough evaluation of both LMAD No.1 and Landscape Maintenance Assessment District No. 2 ("LMAD No. 2"), and

WHEREAS, Willdan recommends that the City pursue consolidation of LMAD No. 1 and LMAD No. 2, and

WHEREAS, a separate City Council agenda item is being processed concurrently to provide staff with the authorization to move forward with the consolidation of the LMAD No. 1 and LMAD No. 2, and

WHEREAS, the residents of LMAD No. 1 and LMAD No. 2 have been informed and will have the opportunity to vote on the consolidation and increase in the annual assessment, and

WHEREAS, in the event the consolidation and increase are defeated, the existing assessment for LMAD No. 1 will be levied and the current maintenance levels will continue, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the annual assessment for LMAD No. 1 has remained the same since 1996, and

BE IT FURTHER RESOLVED that the City has contracted with Willdan to perform a thorough evaluation of both LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED that Willdan recommends the City pursue consolidation of LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED that a separate City Council agenda item is being processed concurrently to provide staff with the authorization to move forward with the consolidation of LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED, that the residents of LMAD No. 1 and LMAD No. 2 have been informed and will have the opportunity to vote on the consolidation and increase in the annual assessment, and

BE IT FURTHER RESOLVED, that in the event the consolidation and increase are defeated, the existing assessment for LMAD No. 1 will be levied and the current maintenance levels will continue, and

BE IT FURTHER RESOLVED that the Administrator of Infrastructure Financing Programs is designated by this Council as the Engineer of Work for LMAD No. 1, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-140**

**RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2012-2013
ANNUAL ENGINEER'S REPORT FOR LANDSCAPE MAINTENANCE
ASSESSMENT DISTRICT NO. 2**

WHEREAS, Resolution No. 89-460, adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 2 ("LMAD No. 2") for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision, and Yosemite Meadows Subdivisions Units 1 & 2, and

WHEREAS, LMAD No. 2 was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly, and

WHEREAS, the annual assessment for LMAD No. 2 has gradually increased since July 2000, and

WHEREAS, the City has contracted with Willdan Financial Services ("Willdan") to perform a thorough evaluation of both Landscape Maintenance Assessment District No. 1 ("LMAD No. 1") and LMAD No. 2, and

WHEREAS, Willdan recommends that the City pursue consolidation of LMAD No. 1 and LMAD No. 2, and

WHEREAS, a separate City Council agenda item is being processed concurrently to provide staff with the authorization to move forward with the consolidation of LMAD No. 1 and LMAD No. 2, and

WHEREAS, the residents of LMAD No. 1 and LMAD No. 2 have been informed and will have the opportunity to vote on the consolidation and increase in the annual assessment, and

WHEREAS, in the event the consolidation and increase are defeated, the existing assessment for LMAD No. 2 will be levied and the current maintenance levels will continue, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the annual assessment for LMAD No. 2 has gradually increased since July 2000, and

BE IT FURTHER RESOLVED that the City has contracted with Willdan to perform a thorough evaluation of both LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED, that Willdan recommends the City pursue consolidation of LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED, that a separate City Council agenda item is being processed concurrently to provide staff with the authorization to move forward with the consolidation of LMAD No. 1 and LMAD No. 2, and

BE IT FURTHER RESOLVED, that the residents of LMAD No. 1 and LMAD No. 2 have been informed and will have the opportunity to vote on the consolidation and increase in the annual assessment, and

BE IT FURTHER RESOLVED, that in the event the consolidation and increase are defeated, the existing assessment for LMAD No. 2 will be levied, and

BE IT FURTHER RESOLVED, that the Administrator of Infrastructure Financing Programs is designated by this City Council as the Engineer of Work for LMAD No. 2, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-141**

**A RESOLUTION WAIVING THE CONSTRUCTION COST INDEX ANNUAL
INFLATIONARY ADJUSTMENT FOR THE 2011 CAPITAL FACILITIES FEES
PROGRAM FOR FISCAL YEAR 2012-2013**

WHEREAS, the City Council of the City of Modesto has adopted Modesto Municipal Code Section 8-1.904 et seq., creating and establishing the authority for imposing and charging capital facilities fees (CFF), and

WHEREAS, the current capital facilities fees are set forth in Resolution No. 2003-309 as amended and restated by Resolution Nos. 2006-055, 2010-272, and 2011-105, and

WHEREAS, the current CFF Policies and Procedures (Policies and Procedures) are set forth in Resolution No. 2008-070, and

WHEREAS, according to Section 3C of the Policies and Procedures the CFF shall be automatically adjusted annually for all land use categories according to the annual change in the San Francisco Bay Area News Record Construction Cost Index through the month of December of the year preceding each inflation adjustment, and

WHEREAS, the construction cost index (CCI) inflation adjustment scheduled for the upcoming fiscal year is 0.9%, and

WHEREAS, the nation, State of California, and City of Modesto have been faced with unprecedented economic circumstances, and

WHEREAS, increasing the fee will not benefit the City of Modesto, and

WHEREAS, staff has recommended the 0.9% CCI be waived this year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the CFF annual inflationary adjustment for fiscal year 2012-2013 be waived.

BE IT FURTHER RESOLVED that the current 2011 CFF Program rate shall remain in effect through June 30, 2013.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-142**

**RESOLUTION APPROVING THE SHACKELFORD LANDSCAPE AND
LIGHTING DISTRICT TRANSFER AGREEMENT BETWEEN THE COUNTY
OF STANISLAUS AND THE CITY OF MODESTO, AND AUTHORIZING THE
CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission (“LAFCO”) approved the annexation of approximately 153 acres of real property, known as the Shackelford Annexation, to the City as delineated in LAFCO Resolution No. 2012-05, and

WHEREAS, following approval of the Shackelford Annexation by LAFCO, the City of Modesto (“CITY”) will have jurisdiction and control over the annexed territory, which includes all of the territory of the Shackelford Landscape and Lighting District (“SHACKLEFORD LLD”), and

WHEREAS, Section 22612 of the Streets and Highways Code provides that “if all of the territory of the district is included within one city by annexation or incorporation, the legislative body may transfer jurisdiction over the district to the city council of the city by a joint resolution”, and

WHEREAS, the County of Stanislaus (“COUNTY”) and CITY have mutually agreed upon the terms and conditions under which the transfer is to take place, and

WHEREAS, the CITY and COUNTY desire to execute the Shackelford Landscape and Lighting District Transfer Agreement (“AGREEMENT”),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Shackelford Landscape and Lighting District Transfer Agreement is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION APPROVING THE CREATION OF AN OPERATING FUND
AND BUDGET FOR THE SHACKELFORD LANDSCAPE AND LIGHTING
DISTRICT FOR FISCAL YEAR 2011-2012**

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission (“LAFCO”) approved the annexation of approximately 153 acres of real property, known as the Shackelford Annexation, to the City of Modesto (“CITY”) as delineated in LAFCO Resolution No. 2012-05, and

WHEREAS, as a result of the Shackelford Annexation, the CITY will have jurisdiction and control over all of the annexed territory, and

WHEREAS, the Shackelford Annexation area includes the Shackelford Landscape and Lighting District (“SHACKELFORD LLD”), and

WHEREAS, on April 24, 2012, the City Council approved a transfer agreement between the County of Stanislaus (“COUNTY”) and CITY, giving full jurisdiction of the SHACKELFORD LLD to the CITY, and

WHEREAS, upon transfer of the SHACKELFORD LLD to the CITY, the CITY will assume full responsibility for its administration and maintenance for the remainder of Fiscal Year 2011-2012 and beyond, and

WHEREAS, upon transfer of the SHACKELFORD LLD to the CITY, the COUNTY will disburse the remaining fund balances for Fiscal Year 2011-2012, and any other reserves, to the CITY, and

WHEREAS, an operating fund and budget is needed for Fiscal Year 2011-2012 to continue paying for the administration and maintenance of the SHACKELFORD LLD,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the creation of an operating fund and budget for the Shackelford Landscape and Lighting District for Fiscal Year 2011-2012.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

RESOLUTION NO. 2012-145**

**RESOLUTION DIRECTING STAFF TO PREPARE AND FILE THE 2012-2013
ANNUAL ENGINEER'S REPORT FOR THE SHACKELFORD LANDSCAPE
AND LIGHTING DISTRICT**

WHEREAS, on June 29, 1999, the County of Stanislaus formed the Shackelford Landscape and Lighting District ("SHACKELFORD LLD") for the purpose of administering the maintaining seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the SHACKELFORD LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the SHACKELFORD LLD is comprised of approximately 153 acres, includes 496 lots with both residential and commercial development, and is bounded by Crows Landing on the west, E. Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission ("LAFCO") approved the annexation of the Shackelford Area to the City of Modesto, and

WHEREAS, on April 24, 2012, the City Council approved the Shackelford Landscape and Lighting District Transfer Agreement between the County of Stanislaus and the City of Modesto, and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe

any proposed new improvements or any substantial changes in existing improvements and direct staff to prepare and to file a report accordingly,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that there are no proposed new improvements or any substantial changes in existing improvements in SHACKELFORD LLD.

BE IT FURTHER RESOLVED that the Administrator of the Infrastructure Financing Programs is designated by this Council as the “Engineer of Work” for the SHACKELFORD LLD, and is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-146**

RESOLUTION APPROVING (I) AN ADMINISTRATIVE ADDENDUM TO SECOND AMENDED AND RESTATED DISPOSITION AND DEVELOPMENT AGREEMENT FOR THE PROJECT KNOWN AS “ARCHWAY COMMONS”; (II) AN AFFORDABLE HOUSING COVENANT; NOTICE OF AFFORDABILITY RESTRICTIONS; A NOTE, GRANT DEED AND DEED OF TRUST FOR THE ARCHWAY COMMONS PROJECT, III) THIRD AMENDMENT TO THE HOME LOAN AGREEMENT, AMENDMENT TO PROMISSORY NOTE AND FIRST AMENDED REGULATORY AGREEMENT FOR THE HOUSING PROJECT KNOWN AS “ARCHWAY COMMONS AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO PREPARE AND EXECUTE ALL DOCUMENTS NECESSARY TO CARRY OUT THE OBLIGATIONS OF THE CITY, AND THE CITY AS THE SUCCESSOR HOUSING AGENCY

WHEREAS, the City Council, acting in its capacity as the successor agency to the Redevelopment Agency of the City of Modesto can authorize the City Manager to execute all documents necessary to carry out the obligations of the City, as the Successor Agency, under the Second Amended and Restated DDA between the Redevelopment Agency of the City of Modesto and EAH, Inc., AND

WHEREAS, the City and Developer desire to enter into an Addendum to acknowledge the transfer of the Agency’s obligations under the DDA to the City, and to clarify certain provisions of the DDA in light of the new procedures for disbursement of tax increment revenues to the successor agency to fund the remaining portion of the Agency Loan under the DDA, and.

WHEREAS, the City acknowledges that it currently has \$3,697,948.00 available in the Agency’s Low and Moderate Income Housing Fund to pay a portion of the development costs element of the Agency Loan, and

WHEREAS, this amount will be deposited into a construction draw account upon close of escrow for conveyance of the Site to the Developer, and

WHEREAS, the City agrees that the remaining balance of \$171,052.00 shall be deposited into the construction draw account by the latter to occur of July 1, 2012, or within ten (10) working days following receipt by the City of tax increment revenues from the Stanislaus County Auditor-Controller to pay the remaining balance of the Agency Loan, as identified in the approved ROPS, and

WEHREAS, the Addendum is not intended to amend or modify the terms of the DDA, but is intended merely clarify certain provisions contained in the DDA relating to timing for disbursement of a portion of the Agency Loan proceeds, and

WHEREAS, in the event of any inconsistency between the provisions of the DDA and the Addendum, the terms of the Addendum shall control, and

WHEREAS, pursuant to AB 26, the City, as the successor agency to the former Agency, adopted an initial Recognized Obligation Payment Schedule (“ROPS”) which included, among other enforceable obligations of the former Agency, the Agency’s remaining financial obligations under the DDA, and

WHEREAS, following dissolution of the Agency, property tax increments that would otherwise be allocated to the Agency are paid to the Stanislaus County Auditor-Controller, to be disbursed to the successor agency to make the payments listed in its ROPS,

WHEREAS, the Addendum is not intended to amend or modify the terms of the DDA, but is intended merely to clarify certain provisions contained in the DDA relating to timing for disbursement of a portion of the Agency Loan proceeds. In the event of any inconsistency between the provisions of the DDA and the Addendum, the terms of the Addendum shall control; and

WHEREAS, the City Council, acting in its capacity as the successor agency to the Redevelopment Agency of the City of Modesto ("Successor Agency"), can authorize the City Manager to execute all documents necessary to carry out the obligations of the City, as the Successor Agency, under the Second Amended and Restated Disposition and Development Agreement between the Redevelopment Agency of the City of Modesto and EAH, Inc,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Administrative Addendum to the Second Amended and Restated Disposition and Development Agreement for the project known as "Archway Commons."

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves an Affordable Housing Covenant; Notice of Affordability Restrictions; a Note, Grant Deed and Deed of Trust for the Archway Commons project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby approves a Third Amendment to the HOME Loan Agreement, Amendment to Promissory Note and First Amended Regulatory Agreement for the housing project known as "Archway Commons,"

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute all documents necessary to carry out the obligations of the City, and the City as the Successor Agency.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-147**

RESOLUTION APPROVING AN ASSIGNMENT, ASSUMPTION AND ESTOPPEL AGREEMENTS, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO PREPARE AND EXECUTE ANY AND ALL RELATED DOCUMENTS NECESSARY TO IMPLEMENT THE ASSIGNMENT, ASSUMPTION AND ESTOPPEL OF THE HOME LOAN DOCUMENTS AND OBLIGATIONS AND THE SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF THE CITY OF MODESTO LOAN DOCUMENTS AND OBLIGATIONS

WHEREAS, on August 11, 2009, the City Council, by Resolution No. 2009-392, approved a HOME loan in the amount of \$1 million of the development of a 150-unit affordable housing project proposed by EAH, Inc. also referred to as Archway Commons, and

WHEREAS, since then, the HOME loan has been amended with new timelines for development and construction activities as the developer worked to secure tax credit financing, and

WHEREAS, the number of proposed units was reduced from 150 to 76 units, and

WHEREAS, the amendment to the HOME loan agreement will reflect the reduction of units to 76 affordable rental units, and

WHEREAS on February 22, 2011, by Resolution No. 01-2011 the Agency approved a Second Amended to the DDA for the proposed development of 76 units. The number of units was reduced from 102 to increase the final tie-breaker score for the 2011 round of housing tax credits. The Agency and Developer entered into a Second Amended and restated DDA which the Agency agreed to convey to the Developer certain property for construction of a multi-family residential complex of affordable rental housing and related improvements. A portion of these units are to be available at an

affordable rent to persons and families of very-low income levels. The Agency further agreed to provide the Developer with a loan in the amount not to exceed \$7,229,866.00.

WHEREAS, on September 28, 2011, the Developer was approved to receive a reservation of 2011 low-income housing tax credits, and

WHEREAS, the success was dependent, in part, on the 20 points received for project readiness, and

WHEREAS as part of the requirements to achieve the 20 readiness points, the applicant must be able to begin construction within 180 days of the Credit Reservation date was awarded by the Tax Credit Allocation Committee (TCAC), and

WHEREAS, the Developer was awarded \$835,354 in Federal 9% tax credits, and an allocation of \$2,784,513 in State Tax Credits based on investor's contributions the tax credit equity will result in an equity contribution of \$10,791,578, and

WHEREAS, on February 23, 2012, TCAC issued a 180-day deadline letter to meet readiness to proceed requirements, and

WHEREAS, TCAC requires documentation including a limited partnership agreement executed by the general partner and the investor providing the equity.

WHEREAS, EAH, Inc. has formed a limited Partnership known as Archway Commons I, L. P. a California limited partnership (Assignee) and EAH (Assignor) as its General Partner, and

WHEREAS, EAH, Inc is requesting the City approve an assignment to assign and delegate all of its rights titles and related obligations under the loan documents to transfer its interest in the property to assignee, and

WHEREAS, the assignee will assume all of the assignor's duties under the loan documents, and

WHEREAS, under the HOME loan agreement such assignment must be approved in writing by the City of Modesto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Assignment, Assumption and Estoppel Agreements, and

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager or his designee to prepare and execute any and all related documents necessary to implement the assignment, assumption and estoppel of the HOME Loan documents and obligations and the and the Successor Agency to the Redevelopment Agency of the City of Modesto loan documents and obligations.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-148**

RESOLUTION APPROVING A SUBORDINATION AGREEMENT WITH JP MORGAN CHASE BANK AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO PREPARE AND EXECUTE ANY AND ALL RELATED DOCUMENTS NECESSARY TO IMPLEMENT THE SUBORDINATION AGREEMENT

WHEREAS, on April 28, 2009, by Resolution No. 10-2009, the Redevelopment Agency (Agency) approved a Purchase Agreement for \$3.5 million to acquire three of the four parcels needed for the development of Archway Commons, and

WHEREAS, on April 28, 2009, by Resolution No. 11-2009, the Agency approved an Agreement to Negotiate Exclusive (ANE) and to appoint the Developer as the sole developer receiving Agency funding, and

WHEREAS, the approval of an ANE set the ground work to develop an agreement, and

WHEREAS, on August 11, 2009, by Resolution No. 2, the Agency approved an Amended and Restated Disposition and Development Agreement (DDA), and

WHEREAS, the Amended and Restated DDA outlined that the Agency would provide financial assistance to the Developer, in an amount not to exceed \$6,749,000, and of this amount, a predevelopment loan to not exceed the amount of \$900,000, a development loan to not exceed the amount \$1,869,900 and a property Sell Option or Ground Lease Option in the amount of \$3,980,000, and

WHEREAS, the Agency agreed to sell the property to the Developer in the amount of \$3,980,000 to be included in the total loan amount of \$6,749,000, and

WHEREAS, on February 26, 2010, the Developer became aware of a Tax Credit Regulation that states, "Not more than 125% of the total geographic apportionment of tax

credits may be allocated to any project(s) receiving credits under a given geographic set-aside”, and

WHEREAS, on March 23, 2010, the Agency approved a two-phased project consisting of a 102 units in phase one and the remaining 48 units to be completed in phase two, and

WHEREAS, on June 11, 2010, the Developer notified staff that their Tax Credit submittal for the March funding cycle was unsuccessful by the narrowest of margins (less than 2.5% points), and

WHEREAS, the Developer submitted a Tax Credit application for the 2011 second round low- income housing tax credit, and

WHEREAS, on September 28, 2011, the Developer was approved to receive a reservation of 2011 low-income housing tax credits, and

WHEREAS, the Developer was awarded \$835,354 in Federal 9% tax credits and, an allocation of \$2,784,513 in State Tax Credits, and

WHEREAS, based on investors contributions the tax credit equity will result in an equity contribution of \$10,791,578, and

WHEREAS on February 22, 2011, the Agency and Developer entered into a Second Amended and Restated DDA wherein the Agency agreed to convey to the Developer certain property for construction of a multi-family residential complex consisting of approximately 76 units of affordable rental housing and related improvements, a portion of which units are to be available at an affordable rent to persons and families of very-low income levels, and

WHEREAS, under the DDA, the Agency further agreed to provide the Developer with a loan in an amount not to exceed \$7,229,866.00 consisting of, a pre-construction loan in the amount of \$900,000.00 previously funded the Agency, \$2,460,866.00 to pay the purchase price for the Site Phase 1, and the remaining balance of \$3,869,000.00 to pay certain development and construction costs for the housing project, and

WHEREAS, pursuant to AB 26, the Agency adopted an Enforceable Obligations Payment Schedule which included the obligations under the DDA as an enforceable obligation, as defined in Health and Safety Code Section 34171(d)(1)(E), and

WHEREAS, pursuant to AB 26, on January 24, 2012, the City Council adopted Resolution No. 2012-40, electing to serve as the successor agency to the former Agency, and

WHEREAS, Resolution No. 2012-41, elected to retain the housing assets and functions previously performed by the Agency, and

WHEREAS, as of February 1, 2012, all rights, powers, duties and obligations of the Agency have been transferred to the City of Modesto as the successor agency, and

WHEREAS, unless otherwise specifically stated, all references to Agency in the DDA shall hereafter mean and refer to the City of Modesto, in its capacity as the housing successor agency to the former Redevelopment Agency of the City of Modesto, and

WHEREAS, pursuant to AB 26, the City, as the successor agency to the former Agency, adopted an initial Recognized Obligation Payment Schedule (“ROPS”) which included, among other enforceable obligations of the former Agency, the Agency’s remaining financial obligations under the DDA, and

WHEREAS, following dissolution of the Agency, property tax increments that would otherwise be allocated to the Agency are paid to the Stanislaus County Auditor-Controller, to be disbursed to the successor agency to make the payments listed in its ROPS, and

WHEREAS, the City and Developer desire to enter into an Addendum to acknowledge the transfer of the Agency's obligations under the DDA to the City, and to clarify certain provisions of the DDA in light of the new procedures for disbursement of tax increment revenues to the successor agency to fund the remaining portion of the Agency Loan under the DDA, and

WHEREAS, the City acknowledges that it currently has \$3,697,948.00 available in the Agency's Low and Moderate Income Housing Fund to pay a portion of the Development Costs element of the Agency Loan, and

WHEREAS, this amount will be deposited into a construction draw account upon close of escrow for conveyance of the Site to the Developer, and

WHEREAS, the City agrees that the remaining balance of \$171,052.00 shall be deposited into the construction draw account by the latter to occur on July 1, 2012, or within ten (10) working days following receipt by the City of tax increment revenues from the Stanislaus County Auditor-Controller to pay the remaining balance of the Agency Loan, as identified in the approved ROPS, and

WHEREAS, the Addendum is not intended to amend or modify the terms of the DDA, but is intended merely to clarify certain provisions contained in the DDA relating to timing for disbursement of a portion of the Agency Loan proceeds. In the event of any

inconsistency between the provisions of the DDA and the Addendum, the terms of the Addendum shall control; and

WHEREAS, on August 11, 2009, the City Council, by Resolution No. 2009-392, approved a HOME loan in the amount of \$1 million of the development of a 150-unit affordable housing project proposed by EAH, Inc. also referred to as Archway Commons, and

WHEREAS, since then, the HOME loan has been amended with new timelines for development and construction activities as the developer worked to secure tax credit financing, and

WHEREAS, the number of proposed units was reduced from 150 to 76 units, and

WHEREAS, the administrative amendment to the HOME loan agreement will reflect the reduction of units to 76 affordable rental units, and

WHEREAS, the City Council, acting in its capacity as the successor agency to the Redevelopment Agency of the City of Modesto ("Successor Agency"), can authorize the City Manager to execute all documents necessary to carry out the obligations of the City, as the Successor Agency, under the Second Amended and Restated Disposition and Development Agreement between the Redevelopment Agency of the City of Modesto and EAH, Inc,

WHEREAS, JP Morgan Chase Bank is requesting that the City, Archway Commons I L.P and JP Morgan Chase Bank enter into a Subordination Agreement, and

WHEREAS, in order to complete this financing process for this project the financial lending institution requires as a condition to provide the loan to be and remain at all times prior and superior to other loans, and

WHEREAS, the parties involved in these transactions acknowledge that the borrower will be required to enter into a regulatory agreement with the California Tax Credit Allocation Committee (TCAC), and

WHEREAS, if requested to do so, each lender will consent to and subordinate the lien or charge of the recorded items in its favor to the TCAC Regulatory Agreement on condition that the TCAC Regulatory Agreement includes provisions for termination thereof not later than three years after foreclosure (or deed in lieu of foreclosure) with respect to any recorded item which encumbers the Property, and is otherwise reasonably acceptable to each Lender.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto hereby approves a Subordination Agreement

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to prepare and execute any and all related documents necessary to implement the subordination agreement.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-155**

**RESOLUTION APPROVING THE IMPLEMENTATION OF IMPROVEMENTS
FOR THE CITY OF MODESTO COST SHARE PROGRAM**

WHEREAS, the City of Modesto owns and maintains the sewer collection system, which includes sewer mains; and the property owner owns and is responsible for the maintenance and repair of the sewer lateral that delivers sewage from the residence to the sewer main, and

WHEREAS, the City of Modesto (City) Cost Share Program (CSP) was implemented on September 11, 1990, by Resolution #90-746, to assist property owners when repairing or replacing the private sewer line located within the public right-of-way (ROW), and was intended to offset the cost to the homeowner for the removal and replacement of city-owned street improvements (pavement, curb, sidewalks), and

WHEREAS, the CSP is funded by sewer rates and has a budget of \$100,000 annually that goes directly to property owners as reimbursements, and

WHEREAS, cost share reimbursements are limited to up to 50% of the lowest quoted cost for the repair within the City ROW, and

WHEREAS, the property owner is responsible for 50% of the cost of repair within the City ROW and 100% of the repair cost within the private property, and

WHEREAS, the CSP has been in service for 22 years and has successfully assisted many property owners in the repair of lower sewer laterals, and

WHEREAS, some issues have emerged over time that have made the program difficult for the property owner to access, and

WHEREAS, Nolte Associates, Inc. was retained to evaluate the current CSP and to make recommendations to improve the program and its accessibility to the customer, and

WHEREAS, Nolte's work included an examination of other community programs and consideration of alternative lower lateral repair policies, and

WHEREAS, Nolte Associates, Inc. found that historical participation in the CSP demonstrates that the City does provide a much-needed program to property owners, and

WHEREAS, over the last five years, an average of 40 property owners per year have received approximately \$1,800 in assistance from the program; however, it was not uncommon for applicants to experience a lengthy process that has been frustrating and added unnecessary time to the repairs, and

WHEREAS, a review of the concerns and a comparison with similar programs in other communities resulted in the suggested modifications to Modesto's CSP, and

WHEREAS, the suggested modifications for addressing these issues are summarized below:

- Implement more streamlined operating procedures for administration of the CSP.
- Develop guideline materials that are easy to understand to assist CSP Applicants and Contractors through the process.
- Modify Construction Standards and Municipal Code to be consistent with the intent and administration of the CSP.
- Establish unit prices for typical sewer lateral repair tasks to simplify the CSP and its administration.
- Develop and implement a loan program for the property owner's 50% share of work in the Public ROW, and

WHEREAS, modification of the existing CSP by streamlining procedures as indicated above will cost approximately \$68,000, and

WHEREAS, these streamlining improvements are consistent with the intent of the 1990 CSP policy, and

WHEREAS, an additional \$7,550 per year in program administration cost (\$4,500 for annual unit price updates and \$3,050 for third-party loan program administration) is also needed to fully implement the recommended modifications, and

WHEREAS, the CSP Program currently costs the City of Modesto \$134,425 in program administration and reimbursements and the additional annual costs will increase the program costs to \$141,975 annually,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the revised House Sewer Line Repair Cost Share Program for the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Burnside, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-156**

**RESOLUTION AMENDING THE FISCAL YEAR 2011-12 WASTEWATER
OPERATING BUDGET IN THE AMOUNT OF \$68,000 IN ORDER TO FULLY
FUND THE ONE-TIME IMPROVEMENTS TO THE COST SHARE PROGRAM**

WHEREAS, the City of Modesto owns and maintains the sewer collection system, which includes sewer mains; and the property owner owns and is responsible for the maintenance and repair of the sewer lateral that delivers sewage from the residence to the sewer main, and

WHEREAS, the Cost Share Program (CSP) is funded by sewer rates and has a budget of \$100,000 annually that goes directly to property owners as reimbursements, and

WHEREAS, modification of the existing CSP by streamlining procedures as indicated above will cost approximately \$68,000, and these streamlining improvements are consistent with the intent of the 1990 CSP policy,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2011-2012 Wastewater Operation Budget in the amount of \$68,000 in Sewer Collections Account 4210-54212-53101 as shown in **Exhibit A** in order to fully fund the one-time improvements to the Cost Share Program.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of April, 2012, by Councilmember Burnside, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

An appropriation transfer in the amount of \$68,000 to Sewer Collections Account 4210-54212-53101 is necessary in order to fully fund the one-time Cost Share Program (CSP) improvements. These one-time improvements are:

Update CSP Guidance Documents	\$16,150
Develop Standard Operating Procedures for Administration of CSP	\$21,100
Establish Unit Cost for Lateral Replacement Components	\$13,750
Develop and Implement a Loan Option for CSP Participants	<u>\$17,000</u>
Total Cost	\$68,000

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-157**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF A THREE (3) REGENERATIVE-AIR HIGH-DUMP STREET SWEEPERS FOR THE PUBLIC WORKS DEPARTMENT, STREET SWEEPING DIVISION, THROUGH THE FLEET SERVICES DIVISION, TO MUNICIPAL MAINTENANCE EQUIPMENT, INC., SACRAMENTO, CA, FOR AN ESTIMATED TOTAL COST OF \$626,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, for the Fleet Services Division through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The three (3) Regenerative-Air High-Dump Street Sweepers are included in the new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the Regenerative-Air High-Dump Street Sweepers were included in the FY 11/12 new vehicles and heavy equipment budget approved by Council on June 7, 2011 (No. 3550-C.S.), and

WHEREAS, these sweepers are replacing units that are at the end of their useful life and fall under the Air Resources Board (ARB) on-road diesel vehicle regulations. The ARB compliance program rules require that these Street Sweepers be retired, replaced or retrofitted to meet new air quality standards. A review of the options revealed that retrofitting these Street Sweepers will not meet the compliance criteria due to their operational profile. As a result the compliance program requires that the sweepers be replaced, and

WHEREAS, the Purchasing Division issued RFB No. 1112-27 for the purchase of three (3) Regenerative-Air High-Dump Street Sweepers to nine (9) prospective bidders, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the nine (9) prospective bidders, two (2) companies chose to respond. No local vendors can provide this type of equipment. Both companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of three (3) Regenerative-Air High-Dump Street Sweepers to Municipal Maintenance Equipment, Inc., Sacramento, CA, for an estimated cost of \$626,000, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit: 5410-53241-57003-000000-00000-00000, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of three (3) Regenerative-Air High-Dump Street Sweepers to Municipal Maintenance, Inc., Sacramento, CA, for the Public Works Department, Street Sweeping Division, through the Fleet Services Division, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of three (3) Regenerative-Air High-Dump Street Sweepers for the Public Works Department, Street Sweeping

Division, through the Fleet Services Division to Municipal Maintenance Equipment, Inc., Sacramento, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an estimated total cost of \$626,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-158**

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF CONCRETE AND CAST IRON BOXES COVERS AND FRAMES FOR THE DEPARTMENT OF PUBLIC WORKS, WATER DIVISION, TO FERGUSON WATERWORKS, MODESTO, CA AND PACE SUPPLY CORP., STOCKTON, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF \$175,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of concrete and cast iron boxes covers and frames, and

WHEREAS, the Purchasing Division issued RFB No. 1112-19 Concrete and Cast Iron Boxes Covers and Frames to seventeen (17) prospective bidders, eight (8) of which were local vendors, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three (3) companies chose to respond, one of which was a local vendor. All three (3) companies provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors (SLV) allows the lowest bid or quote submitted by a local business that is within five percent (5%) of the lowest bid, the opportunity to match the lowest bid price. Ferguson Waterworks, Modesto, CA qualified for SLV on a list of inventory items and agreed to match lowest bid price for those items, which represents an additional \$90,000 of product purchased annually through the local vendor, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of concrete and cast iron boxes covers and frames to Ferguson Waterworks, Modesto, CA and Pace Supply Corp., Stockton, CA, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of concrete and cast iron boxes covers and frames to Ferguson Waterworks, Modesto, CA and Pace Supply Corp., Stockton, CA, conforms to the Modesto Municipal Code, and

WHEREAS, funds shall be budgeted for the purchase of concrete and cast iron boxes covers and frames in Appropriation Units: 4100-55050-53150 and 4100-55080-53150,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of concrete and cast iron boxes covers and frames for the Department of Public Works, Water Division, to Ferguson Waterworks, Modesto, CA and Pace Supply Corp., Stockton, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of \$175,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-159**

**RESOLUTION APPROVING THE AGREEMENT FOR PARTICIPATION IN
THE STANISLAUS OPERATIONAL AREA ORGANIZATION; AND
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE
AGREEMENT**

WHEREAS, Senate Bill (SB) 1871 (Petris) resulted from the impact of the Oakland/Berkeley Hills Fire of 1991, and requires each County in California to formally organize as an “Operational Area” for the purposes of enhancing large-scale emergency management concepts and plans, and

WHEREAS, Government Code Article 9, Section 8605, establishes the authority of this “Operational Area” and provides the means for the appropriate parties, the County and all cities within the County, to form an “Operational Area Council” to coordinate and manage emergency management issues on behalf of the public and selected private agencies within Stanislaus County, and

WHEREAS, in June 1998, the City Council and Board of Supervisors adopted the initial “Agreement for the establishment and participation in the Stanislaus Operational Area Organization,” along with the other eight cities, and

WHEREAS, in April 2008, the Board of Supervisors adopted an ordinance that restructured the Disaster Council and Operational Area County which resulted in changes to the Operational Area Organizational Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement for Participation in the Stanislaus Operational Area Organization.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-160**

**A RESOLUTION APPROVING A MEMORANDUM OF AGREEMENT
BETWEEN THE COUNTY OF STANISLAUS AND THE CITY OF MODESTO
FOR THE EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT
(JAG) FORMULA PROGRAM FISCAL YEAR 2012 LOCAL SOLICITATION
AUTHORIZING A JOINT APPLICATION WITH THE COUNTY OF
STANISLAUS, AND AUTHORIZING THE CITY MANAGER, OR HIS
DESIGNEE, TO EXECUTE THE MEMORANDUM OF AGREEMENT**

WHEREAS, the allocation of Edward Byrne Memorial Justice Assistance Grant (JAG) is based on a formula of population and violent crime statistics, in combination with a minimum allocation to ensure that each state and territory received an appropriate share of funding, and

WHEREAS, the JAG Program allows states, tribes and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions, and

WHEREAS, the City of Modesto Police Department is eligible to apply for \$108,818 and Stanislaus County is eligible for \$36,895, and

WHEREAS, the City of Modesto Police Department is considered a “disparate” under the terms of this grant because the City is eligible to receive one and one-half times more than a County (150% more than the County with concurrent jurisdiction), and

WHEREAS, the Modesto Police Department and Stanislaus County are required to submit a joint application for the total eligible allocation of \$145,713 and

WHEREAS, recommended distribution of the 2012 JAG funds are as follows:

Probation	\$ 10,054
Sheriff	\$ 26,841
Sheriff (Administrative Fee)	\$ 3,265
Modesto Police Department	\$105,553

WHEREAS, the City of Modesto will use its allocation to purchase personnel scheduling and tracking software program and personal video recording devices for patrol officers.

WHEREAS, there is no match required for this grant, and

WHEREAS, the awards are made in the first fiscal year of the appropriation and may be expended during the following three years for a total of four years, and

WHEREAS, Stanislaus County will be the fiscal agent for this grant, and

WHEREAS, the County will charge the City a three percent (3%) administrative fee in the amount of \$3,265 to cover the reporting costs associated with the grant, and

WHEREAS, the administrative fee reduces the City's total projected grant award to \$105,553 (\$108,818 less the 3% administrative fee of \$3,265), and

WHEREAS, the grant requires that a trust fund must be established for fund deposits, and funds cannot be commingled with funds from any other source, and

WHEREAS, the Memorandum of Agreement states that the City agrees to provide the County a quarterly financial and programmatic report not later than five calendar days after the end of the quarter, and

WHEREAS, grant requires a signed Memorandum of Agreement for the application,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Memorandum of Agreement between the County of Stanislaus and the City of Modesto for the Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program Fiscal Year 2012 Local Solicitation, authorizing a joint application with the County of Stanislaus.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant application upon award.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-161**

RESOLUTION APPROVING A SECOND AMENDMENT TO AGREEMENT WITH STANTEC CONSULTING SERVICES INC. (FORMERLY STANTEC CONSULTING INC.) FOR DESIGN SERVICES FOR THE SCENIC LIFT STATION PROJECT IN THE AMOUNT OF \$6,123, FOR A MAXIMUM TOTAL AGREEMENT AMOUNT OF \$179,367, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO AGREEMENT

WHEREAS, the Scenic Lift Station, located at 2812 Scenic Bend, pumps wastewater under Dry Creek to the gravity pipeline near Lincoln Avenue, and

WHEREAS, the lift station was last upgraded in 1986, and

WHEREAS, the tributary area of the station includes Village I and the proposed Tivoli development, and

WHEREAS, as these developments build-out, the increased sewage flow will make the need for this lift station more critical, and

WHEREAS, on September 3, 2003, by Resolution No. 2003-521, the City Council approved an Agreement for Consultant Services with Stantec Consulting Inc. (Stantec) to design the rehabilitation of the Scenic Lift Station in the amount of \$64,170, and

WHEREAS, on July 24, 2007, by Resolution No. 2007-456, the City Council approved the Preliminary Design Report dated June 2007 as complete, and

WHEREAS, on February 26, 2008, by Resolution No. 2008-137, the City Council approved an agreement with Stantec to prepare a final project design for the Scenic Lift Station project in the amount of \$143,387, and

WHEREAS, on December 1, 2009, by Resolution No. 2009-565, the City Council approved an amendment to agreement with Stantec, for additional work which was identified during final design, in the amount of \$29,857, and

WHEREAS, total estimated cost for the final design portion of the project was \$173,244, and

WHEREAS, the completed final design was received September 1, 2010, but the construction was deferred due to budget constraints, and

WHEREAS, funds were recently allocated to fully fund this project and the City can now proceed with construction, and

WHEREAS, the Public Works Department requested minor modifications to the project, so it was necessary to have Stantec modify the final project bid documents, and

WHEREAS, these requested modifications could produce minor construction and future operational cost savings: 1) Bathroom: Removal of the water closet, hot water heater and the partition panel; 2) Bypass pumping: Provide pipe fittings and facilities; and 3) Pump specification: Modify to allow for an additional manufacturer; and 4) Modify the construction cost estimate as necessary for these items, and

WHEREAS, the agreement with Stantec needs to be amended to provide additional mechanical, electrical, and civil engineering, architectural design, and construction support for the completion of the plans and specifications, and

WHEREAS, City staff recommends approving a second amendment to agreement with Stantec Consulting Services Inc. (formerly Stantec Consulting Inc.) as the City does not have the staffing level or subject matter expertise to provide final design services for

the Scenic Lift Station project, and current workload levels do not provide for timely in-house solutions/responses, and

WHEREAS, given that the design changes are additional services, City staff recommends approving the requested Second Amendment to Agreement for Design Services in the amount of \$6,123,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a second amendment to agreement with Stantec Consulting Services Inc. for design services of Scenic Lift Station project in the amount of \$6,123 for additional services not included in the original agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the second amendment to agreement.

RESOLUTION NO. 2012-162**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE WATER QUALITY CONTROL FACILITY OFFICE REMODEL PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH NETBUILDS OF MARYSVILLE, CALIFORNIA IN THE AMOUNT OF \$86,814, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Water Quality Control Facility Office Remodel project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Water Quality Control Facility Office Remodel project were opened at 11:00 a.m. on April 3, 2012, and later tabulated by the Director of Utility Planning & Projects for the consideration of the Council, and

WHEREAS, the Director of Utility Planning & Projects has recommended that the bid of \$86,814, received from Netbuilds of Marysville, California, be accepted as the lowest responsive and responsible bid and the contract be awarded to Netbuilds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Water Quality Control Facility Office Remodel project, accepts the bid of Netbuilds of Marysville, California, in the amount of \$86,814, and awards Netbuilds the contract for the Water Quality Control Facility Office Remodel project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-164**

A RESOLUTION AMENDING AND RESTATING RESOLUTION NO. 2007-287 TO ALLOW A CREDIT OF \$2,915 FOR PAST PAID UNCONNECTED SEWER CHARGES TOWARD WASTEWATER CAPACITY CHARGES FOR EXISTING UNCONNECTED RESIDENTIAL PROPERTIES CONNECTING TO THE SEWER SYSTEM , RESCINDING RESOLUTION NO. 2007-287, ITEM 5 OF RESOLUTION 2011-106, AND RESOLUTION NO. 2011-231

WHEREAS, Section 5-6.801 of the Modesto Municipal Code provides that the Council may establish by resolution charges for the Connection of property to the sewage system, and

WHEREAS, engineering consultants have recommended certain improvements to the City's Wastewater Transmission and Treatment System and estimated the total cost both of the improvements and of the correction of existing deficiencies, and

WHEREAS, rate consultants have apportioned the costs among the City's wastewater user classifications in accordance with Unit costs attributable to sewage Flow, Strength, and Solids Content, and

WHEREAS, a method of administration for adjustment of Capacity Charges to account for inflation in construction projects should be specified, and

WHEREAS, there is a need for policies to deal consistently with calculation of Capacity Charges for transitional properties, and

WHEREAS, between 1969 and 2007, all dwelling units that were required to connect to the sewage system, but did not connect, were charged a current monthly sewer service charge and a monthly fee for inspections to "insure that the continued use of septic tanks does not cause a health hazard or nuisance", and

WHEREAS, Section 5-6.302 of the Modesto Municipal Code requires that properties must connect to the sewage system within five years of the system becoming available; however, there are no penalties or enforcement actions within the Code if they do not connect, and

WHEREAS, Resolution No. 2007-287 is amended below with respect to clean-up language in “ Definitions” and Section 4, and is reaffirmed and restated in every other respect, and

WHEREAS, a method of administration for a credit for past paid unconnected sewer charges towards Wastewater Capacity Charges should be specified, and

WHEREAS, there is a need for a policy to deal consistently with allowing a credit for past paid unconnected sewer charges towards Wastewater Capacity Charges for existing unconnected residential properties connecting to the sewer system, the City Council does amend and restate Resolution No. 2007-287 to rescind “Definitions” and Section 4 below, and to add additional sections as follows, and

WHEREAS, the California Environmental Quality Act requires analysis for changes in Capacity Charges, and such analysis was completed in the Master Environmental Impact Report (SCH No. 2006052076) certified by the Council on March 13, 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

Definitions:

Capacity Charge – A one-time charge to be paid by or on behalf of a prospective

wastewater discharger for new or modified facilities existing in or planned to be added to the City Wastewater System, minus Deficiencies.

City Wastewater System – The City’s physical assets dedicated to the provision of wastewater transmission and treatment, including assets for the collection, treatment, pumping, storage, land application, metering, testing and reporting of wastewater, within or connected to physical assets in City’s Municipal Sewer District No. 1.

Connection – The attachment of pipe facilities to the City Wastewater System to commence wastewater transmission and treatment service.

Deficiencies – Wastewater facilities required by law or recommended by generally recognized authority as being necessary to the provision of a modern, safe, adequate wastewater system of the City’s size, with prudent reserves of transmission and treatment infrastructure to meet reasonable foreseeable contingencies that are absent from the City Wastewater System at any particular point in time.

Director – This definition as stated in Resolution 2007-287 is hereby rescinded in its entirety, and a new and different definition is amended in its place, enacted, and set forth in full as follows:

The City officer(s) or designee(s) in charge of utilities.

Equivalent Dwelling Unit or EDU – A single family equivalent dwelling unit based upon standardized, estimated discharge characteristics of a typical single family dwelling of 290 gallons per day (gpd), 200 milligrams per liter (mg/L) of strength Five Day Biochemical Oxygen Demand (BOD), and 200 mg/L of Total Suspended Solids content (TSS).

Flow – the actual or estimated maximum daily quantity of wastewater being transmitted for treatment expressed in gallons per day.

MMC – Modesto Municipal Code.

Solids Content – A synonym for Total Suspended Solids (TSS), the primary indicator of the cost of treatment and/or removal of the solid components of wastewater expressed in pounds per day.

Strength – A synonym for Five Day Biochemical Oxygen Demand (BOD), the primary indicator of the cost of treatment of the organic content of wastewater expressed in pounds per day.

Unit Cost – The cost in dollars and/or cents per gallon or pound, as appropriate, to transmit and/or treat wastewater or its constituent components.

Wastewater – For purposes of interpreting this resolution, the term sewer and wastewater are interchangeable.

SECTION 1. Capacity Charges

1. The Capacity Charge for an EDU on or after August 1, 2007, shall be \$4,876.00.
2. The Unit Cost capacity charges for connecting dischargers classified as commercial or industrial on and after August 1, 2007, shall be 14.073 dollars per gallon per day of Flow, \$1,299.175 per pound of BOD per day (organic strength), and \$345.209 per pound of TSS per day (solids content).

SECTION 2. The Capacity Charge for residential construction set forth above shall be paid at a time a building permit is issued for a building or structure. In those cases where a building exists, the Capacity Charge shall be collected at the time at which

a plumbing permit is issued to connect the building or structure to the City Wastewater System. The Capacity Charge for industrial and commercial property set forth above shall be paid at the time an encroachment permit is issued for the connection. The Council may, by resolutions adopted from time to time, establish conditions under which a Capacity Charge may be spread over time and paid in installments.

SECTION 3. Schedule of Charges

SCHEDULE OF CHARGES
FOR CONNECTION TO CITY WASTEWATER SYSTEM

MMC Reference	Name of Charge and Itemization	Charge
5-6.802	Subtrunk Extension Charge:	
	<u>Residential & Commercial</u>	\$645.00 per gross acre

The acreage used to determine wastewater subtrunk connection fees shall be as follows:

The acreage used to determine the wastewater subtrunk fee shall be the total area developed or being developed which is owned, leased, or controlled by the user.

In those instances where the total acreage owned, leased, or controlled by the user is greater than that developed, the Director is authorized to determine the acreage to be used in determining the subtrunk extension charge. The remaining acreage shall pay a subtrunk extension charge at such time as that acreage is developed.

Notwithstanding anything to the contrary contained in Chapter 6 of Title V of the MMC and this resolution, the Council shall have the power to determine, by agreement, the total acreage developed or being developed which is owned, leased, or controlled by a user meeting the criteria set forth below:

- (1) The user will establish a new industry or expand an existing industry within the Modesto Municipal Sewer District that results in more than 225 (two hundred twenty-five) new, permanent, on-site, full-time employees; and

- (2) The user will construct a new industrial building or building addition with total floor space in excess of one hundred seventy-five thousand (175,000) square feet with total project costs in excess of twenty million dollars (\$20,000,000).

If the property is later developed beyond that development approved by the Council, the developer shall pay a wastewater subtrunk charge on the additional acreage developed, including any portion of the property that has already been developed but, for whatever reason, has not been included in the calculation of wastewater subtrunk redemption charges. If the user fails to meet either of the criteria after development, the agreement shall be void and a wastewater subtrunk charge shall be paid based on the total acreage developed or being developed had the above criteria not been applied.

SECTION 4. Policies affecting applicable wastewater Capacity Charges in various circumstances:

1. Commercial and Industrial Capacity Charges shall be based solely upon estimated or actual wastewater Flow, Strength, and Solids Content.

2. Section 4.2 of Resolution 2007-287 and Resolution 2011-106 No. 5 are hereby rescinded in its entirety, and a new and different subsection 2 is amended in its place, enacted, and set forth in full as follows:

The Director shall develop a schedule of estimated Flow, Strength, and Solids Content for new or modified connections which shall be reviewed annually by staff and the Finance Committee.

3. The Director shall also develop a schedule of estimated or actual Flow, Strength, and Solids Content for any proposed changes in use, building or structure footprint, size of a parcel, or partial development of a larger parcel which, in the reasonable discretion of the Director, could result in a net change in wastewater Flow, Strength, and/or Solids Content.

4. Where use or size changes or partial development result in an estimated net change in estimated or actual Flow, Strength, and Solids Content, the Capacity Charge shall be calculated using the appropriate EDU or Unit Costs for that net charge.

5. When the remainder of a partially developed parcel is improved, the Capacity Charge for the improved portion of the parcel shall be calculated based upon estimated Flow, Strength, and Solids Content.

6. Section 4.6 of Resolution 2007-287 is hereby rescinded in its entirety, and a new and different subsection 6 is amended in its place, enacted, and set forth in full as follows:

The Director may review the actual water use for each commercial and industrial account approximately 12 months post-connection to verify the original Flow estimate.

7. The Director may review the Flow, Strength, and Solids Content of commercial and industrial accounts approximately 12 months post-connection to verify the original estimates.

8. If any of the above post-connection reviews reveals a variance of at least plus or minus 10% from the estimated Capacity Charges components, additional Capacity Charges or refund of the variance shall result based on the entire variance.

9. Where the bond redemption charges has been paid for an entire parcel which is not completely developed, the Capacity Charge for the undeveloped portion shall be calculated based on the estimated Flow, Strength, and Solids Content expected from the land to be developed, and reduced by the part of the previously paid bond redemption charge proportional to the previously undeveloped area of the entire parcel.

10. If a parcel contains more than one use, the Capacity Charge shall be based on the sum of the estimated Flow, Strength, and Solids Content from each expected use. In cases where the specific future use is not known, the Director shall develop a composite estimated Flow, Strength, and Solids Content based on similar type developments.

SECTION 5. Inflation Index: The Capacity Charge components set forth above shall be re-examined every two years by engineers, consultants, and professionals competent in their field. Such engineers, consultants, and professionals shall provide a report to the City updating Flow, Strength, and Solids Content Unit Costs, as appropriate, and as recommended by the Council by the Finance Director and the Director. After June 30, 2008, the Director shall have the authority, on an annual basis, effective July 1 of each year, to adjust Flow, Strength, and/or Solids Content based costs by an amount not to exceed the annual percentage increase reported in the month of April in the Construction Cost Index found in the Engineering News Record for the San Francisco region.

SECTION 6. Wastewater Capacity Charge Deferral Program for Existing Residential Units Seeking to Connect to the City's Wastewater Treatment System

1. Existing residential units connecting to the City's wastewater treatment system shall be required to pay ten percent (10%) of the wastewater capacity charge at the time of connection

2. Existing residential units connecting to the City's wastewater treatment system shall be required to pay the remaining ninety percent (90%) over a ten-year period with interest.

SECTION 7. Credit for Past Paid Unconnected Sewer Charges:

1. A credit in the amount of \$2,915 towards payment of the Wastewater Capacity Charge is available to all residential properties that paid sewer charges in the past but were not connected to the sewer. A list of the properties that fit this description is available in the City of Modesto Utility Planning and Projects Department.
2. This credit is not retroactive to any properties that may have paid a Wastewater Capacity Charge prior to Council approval of this credit on May 1, 2012.
3. If sufficient evidence is provided that a property paid sewer charges but was not previously connected, that property may be added to the list of eligible properties administratively by the Director.
4. Under the provisions of the Wastewater Deferral Program, 90% of the Wastewater Capacity Charge may be deferred. This is being increased to 100% of the remaining balance and administrative fees for these properties.
5. The credit can only be applied towards the payment of Wastewater Capacity Charges for previously unconnected residential properties that have paid sewer charges in the past. No refunds or credits towards monthly sewer charges will be allowed.
6. The credit is available to the current owner of the property regardless of who actually paid the sewer charges in the past.
7. If it is determined that a dwelling does not exist on a property shown on the list retained in the Utility Planning and Projects Department at the time of Council approval on May 1, 2012, the property shall be removed from the list and will not be eligible for the credit.

8. The credit shall be available for a period of three years from the date of Council approval, which is May 1, 2012. Unless further Council action is taken the credit shall not be available towards Wastewater Capacity Charges paid after April 30, 2015.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-165**

**A RESOLUTION ESTABLISHING CITY OF MODESTO COMMUNITY
FACILITIES NO. 2012-1 (KIERNAN BUSINESS PARK SOUTH),
AUTHORIZING THE LEVY OF SPECIAL TAXES THEREIN AND
ESTABLISHING AN ANNUAL APPROPRIATIONS LIMIT**

WHEREAS, on March 27, 2012, pursuant to petitions filed by all of the landowners within the proposed Community Facilities District (defined below) (the “Petitioners”) this City Council adopted a resolution (the “Resolution of Intention”) stating its intention to form City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) (the “Community Facilities District”) pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the “Act”), and

WHEREAS, a copy of the Resolution of Intention, setting forth a description of the proposed boundaries of the Community Facilities District, the facilities and services to be financed by the Community Facilities District and the rate and method of apportionment of special tax proposed to be levied within the Community Facilities District, is on file with the City Clerk and is incorporated herein by reference, and

WHEREAS, notice was published and mailed as required by law relative to the intention of the City to form the Community Facilities District, and

WHEREAS, there has been filed with the City Clerk a report containing a description of the facilities and services necessary to meet the needs of the Community Facilities District and an estimate of the cost of such facilities and services as required by Section 53321.5 of the Government Code (the “Report”), and

WHEREAS, the City Council has held a public hearing as required by law to determine whether it should proceed with the formation of the Community Facilities District and authorize the rate and method of apportionment of special taxes to be levied

within the Community Facilities District for the purposes described in the aforesaid resolution, and

WHEREAS, at said hearing all persons desiring to be heard on all matters pertaining to the formation of the Community Facilities District and the levy of special taxes to pay for the cost of the proposed Facilities and Incidental Expenses were heard, and a full and fair hearing was held, and

WHEREAS, at the public hearing evidence was presented to the City Council on the matters before it, and the proposed special taxes to be levied within the Community Facilities District was not precluded by a majority protest of the type described in Government Code Section 53324, and the City Council is sufficiently advised as to all matters relating to the formation of the Community Facilities District and the levy of the special taxes, and

WHEREAS, there have been fewer than twelve registered voters residing in the proposed boundaries of the Community Facilities District for the statutory period, and the qualified electors in the Community Facilities District are the landowners within the Community Facilities District, and

WHEREAS, on the basis of all of the foregoing, the City Council has determined at this time to proceed with the establishment of the Community Facilities District and to call an election therein to authorize (i) the levy of special taxes pursuant to the rate and method of apportionment of special tax, as set forth in **Attachment A** hereto, and (ii) the establishment of an appropriations limit for the Community Facilities District,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. A community facilities district designated “City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South)” is hereby established pursuant to the Act. The City Council hereby finds and determines that all prior proceedings taken with respect to the establishment of the Community Facilities District were valid and in conformity with the requirements of law, including the Act. This finding is made in accordance with the provisions of Section 53325.1(b) of the Act.

SECTION 3. The boundaries of the Community Facilities District and the proposed future annexation areas to the Community Facilities District are established as shown on the map designated “Boundary Map of Proposed City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South),” which map is on file in the office of the City Clerk and, pursuant to Sections 3111 and 3113 of the Streets and Highways Code, was recorded in the Book of Maps of Assessment and Community Facilities Districts in the Office of the County Recorder of Stanislaus County in Book No. 5 AM, at Page 13, as Instrument No. 12-0028816-00.

Parcels within the future annexation areas shall be annexed to the Community Facilities District only with the unanimous approval of the owner or owners of each parcel or parcels at the time that parcel or those parcels are annexed, without any requirement for further public hearings or additional proceedings.

SECTION 4. The facilities authorized to be provided for the Community Facilities District are those identified as the “Facilities” in the recitals of this resolution and the services authorized to be paid for by the Community Facilities District are those set forth in Appendix A to the Resolution of Intention (the “Services”).

SECTION 5. It is the intention of the City Council, subject to the approval of the qualified electors of the Community Facilities District, to levy the proposed special taxes at the rates set forth in **Attachment A** hereto on all non-exempt property within the Community Facilities District sufficient to pay for (i) the Services, (ii) the Facilities, and (iii) the other Incidental Expenses, including the costs of forming the Community Facilities District and administering the levy and collection of the special tax and all other administrative costs of the special tax levy. The City expects to incur, and in certain cases has already incurred, incidental expenses in connection with the creation of the Community Facilities District, the levying and collecting of the special taxes, the provision of the Services, the completion and inspection of the Facilities and the annual administration of the Community Facilities District. The rate and method of apportionment of special tax is described in detail in **Attachment A** hereto and incorporated herein by this reference, and the City Council hereby finds that **Attachment A** contains sufficient detail to allow each landowner within the Community Facilities District to estimate the maximum amount that may be levied against each parcel. As described in greater detail in the Report, which is incorporated by reference herein, the special taxes are based generally on area of each parcel of real property within the Community Facilities District and, accordingly, is hereby determined to be reasonable. The annual facilities special tax shall be levied on each assessor's parcel for a period not to extend beyond fiscal year 2062-63. The special taxes are apportioned to each parcel on the foregoing basis pursuant to Section 53325.3 of the Act, and such special taxes are not on or based upon the ownership of real property. Under no circumstances shall the special taxes against any parcel used for private residential

purposes be increased by more than 10% as a consequence of delinquency or default by the owner of any other parcel or parcels within the Communities Facilities District.

The City's Administrator, Infrastructure Financing Programs, 1010 Tenth Street, Modesto, California 95353, telephone number (209) 577-5211, will be responsible for preparing annually, or authorizing a designee to prepare, a current roll of special tax levy obligations by assessor's parcel number and will be responsible for estimating future special tax levies pursuant to Section 53340.2 of the Act.

SECTION 6. In the event that a portion of the property within the Community Facilities District shall become for any reason exempt, wholly or partially, from the levy of the special taxes specified in **Attachment A**, the City Council shall, on behalf of the Community Facilities District, increase the levy (to the extent necessary and permitted by law and these proceedings) upon the remaining property within the Community Facilities District which is not exempt. The amount of the special taxes will be set in accordance with the rate and method of apportionment of special tax **attached** hereto as **Attachment A**.

SECTION 7. Upon recordation of a notice of special tax lien pursuant to Section 3114.5 of the Streets and Highways Code, a continuing lien to secure each levy of the special taxes shall attach to all non-exempt real property in the Community Facilities District, and this lien shall continue in force and effect until the special tax obligation is either prepaid and permanently satisfied and the lien canceled in accordance with law or until collection of the special tax by the Community Facilities District ceases.

SECTION 8. It is hereby further determined that there will be no ad valorem property tax levied on property within the Community Facilities District for the exclusive

purpose of paying the principal of or interest on bonds or other indebtedness incurred to finance the construction of capital facilities which provide the same services to the territory of the Community Facilities District as are proposed to be provided by the Facilities to be financed by the Community Facilities District.

SECTION 9. The City may accept advances of funds or work-in-kind from any source, including, but not limited to, the Petitioners and other private persons or private entities, for any authorized purpose, including, but not limited to, paying any cost incurred by it in creating the Community Facilities District. The City may enter into an agreement with the person or entity advancing the funds or work-in-kind, to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by the City, with or without interest.

SECTION 10. Written protests against the establishment of the Community Facilities District have not been filed by one-half or more registered voters within the boundaries of the Community Facilities District or by the property owners of one-half (1/2) or more of the area of land within the Community Facilities District. The City Council hereby finds that the proposed special taxes have not been precluded by a majority protest pursuant to Section 53324 of the Act.

SECTION 11. The annual appropriations limit (as defined in Section 8(h) of Article XIII B of the California Constitution) of the Community Facilities District is hereby established at \$20,000,000.

SECTION 12. An election is hereby called for the Community Facilities District on the propositions of levying the special taxes on the property within the Community

Facilities District and establishing the appropriations limit for the Community Facilities District pursuant to Section 53325.7 of the Act. The language of the proposition to be placed on the ballot is **attached** hereto as **Attachment B**.

SECTION 13. The date of the election for the Community Facilities District on the proposition of authorizing the levy of the special taxes and establishing the appropriations limit for the Community Facilities District shall be May 1, 2012. The City Clerk shall conduct the election. Except as otherwise provided by the Act, the election shall be conducted by personally delivered or mailed ballot and in accordance with the provisions of law regulating elections of the City insofar as such provisions are determined by the City Clerk to be applicable.

The City Council having found that there have been fewer than twelve persons registered to vote within the territory of the Community Facilities District for each of the ninety days preceding the close of the public hearing described above, pursuant to Section 53326 of the Government Code each landowner who is the owner of record on the date hereof or the authorized representative thereof shall have one vote for each acre or portion thereof that he or she owns within the Community Facilities District.

SECTION 14. The preparation of the Report is hereby ratified. The Report, as submitted, is hereby approved and is made a part of the record of the public hearing regarding the formation of the Community Facilities District, and is ordered to be kept on file with the transcript of these proceedings and open for public inspection.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTACHMENT A

CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2012-1 (KIERNAN BUSINESS PARK SOUTH)

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2012-1 (Kiernan Business Park South) shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2012-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2012-1 unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

“Acre” or “Acreage” means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other Subdivision Map.

“Administration Component” means the portion of the Maximum One-Time Facilities Special Tax that is for administrative costs incurred by the City throughout the term of the One-Time Facilities Special Tax including, but not limited to, costs associated with the preparation and oversight of reimbursement agreements, accounting, and tracking of credits. For Original Parcels, the Administration Component is shown in Attachment 1 to this RMA. Beginning in January 2013 and each January thereafter, the Administration Component shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Administration Component shall become effective on January 1 of the calendar year for which the annual adjustment was made.

“Administrative Expenses” means any or all of the following: expenses incurred by the City in carrying out its duties with respect to CFD No. 2012-1, including, but not limited to, levying and collecting the Special Taxes; the fees and expenses of legal counsel; charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office; costs related to annexing property into the CFD; costs related to property owner inquiries regarding the Special Taxes; and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

“Administrator” means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Tax.

“Annual Maintenance Special Tax” means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

“Annual Maintenance Special Tax Requirement” means that amount necessary in any Fiscal Year to: (i) pay for Authorized Services, (ii) pay for Administrative Expenses, and (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year.

“Assessor’s Parcel” or **“Parcel”** means a lot or parcel shown on an Assessor’s Parcel Map with an assigned Assessor’s Parcel number.

“Assessor’s Parcel Map” means an official map of the County Assessor designating parcels by Assessor’s Parcel number.

“Authorized Facilities” or **“Authorized Facility”** means those facilities that are authorized to be funded by CFD No. 2012-1, including land purchases for right-of-way and a storm drainage basin, and any other land that is acquired to construct an Authorized Facility.

“Authorized Services” means those services that are authorized to be funded by CFD No. 2012-1.

“Base Maximum One-Time Facilities Special Tax” means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year not including the Administration Component. For Original Parcels, the Base Maximum One-Time Facilities Special Tax is shown in Attachment 1 to this RMA. Beginning in January 2013 and each January thereafter, the Base Maximum One-Time Facilities Special Tax shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Base Maximum One-Time Facilities Special Tax shall become effective on January 1 of the calendar year for which the annual adjustment was made.

“Base Year” means the year in which Authorized Facilities dedicated by a Builder/Developer were accepted by the City. The Administrator shall keep track of the Base Year for each Authorized Facility the City accepts.

“Building Permit” means a permit issued by the City’s Building Department for construction, reconstruction, or expansion of a vertical building structure, or for construction of the foundation of such structure.

“Builder/Developer” means a person or entity that is a property owner, builder, or developer of any Parcel or Parcels within CFD No. 2012-1.

“CFD” or **“CFD No. 2012-1”** means the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South).

“CFD Formation” means the date on which the Resolution of Formation to form CFD No. 2012-1 was adopted by the City Council.

“City” means the City of Modesto.

“City Council” means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2012-1.

“County” means the County of Stanislaus.

“Credit/Reimbursement Amount” means the Authorized Facilities costs that have been paid in advance by a Builder/Developer (including land dedications for which the Builder/Developer will receive credits and/or reimbursements) and have not yet been reimbursed to that Builder/Developer through one of the following: (i) the application of Special Tax Credits (as defined below) or (ii) payments to the Builder/Developer from One-Time Facilities Special Taxes collected from other Builders/Developers in the CFD. The Credit/Reimbursement Amount outstanding at any point in time will be determined pursuant to Section D below.

“Developed Property” means, in any Fiscal Year, all Parcels for which one or more of the following events have occurred: (i) a Building Permit was issued prior to June 30 of the preceding Fiscal Year; or (ii) the City has accepted improvements, infrastructure, or public facilities that were constructed as a condition of development of the Parcel (not including the acceptance of land by the City for public right-of-ways that will be a site for future improvements, infrastructure, or public facilities) and were constructed, or paid to be constructed, by the owner of such Parcel. Notwithstanding the foregoing, the Parcel identified at CFD Formation as APN 078-018-036 shall not be classified as Developed Property until such time as a connection to the City’s storm drainage system occurs, and it shall be at the discretion of the City to determine whether or not such a connection has occurred. In addition, a Parcel that had an existing building, or had a Building Permit issued, prior to CFD Formation shall not be classified as Developed Property until such time as a new Building Permit is issued for the Parcel that creates a new vertical structure or structures if such new structures do not simply support or represent an addition to the building that occupied the Parcel or had a Building Permit issued prior to CFD Formation.

“Final Map” means a final map, parcel map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 et seq.) that creates lots which do not need to be further subdivided prior to issuance of a Building Permit for a residential or non-residential structure.

“Fiscal Year” means the period starting July 1 and ending on the following June 30.

“Maximum Annual Maintenance Special Tax” means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Section C below.

“Maximum CFD Maintenance Cost” means \$80,053 in Fiscal Year 2012-13 dollars, and includes the estimated annual cost of Administrative Expenses. Beginning in January 2013 and each January thereafter, the Maximum CFD Maintenance Cost Tax shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is

discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Maximum CFD Maintenance Cost shall become effective on July 1 of the calendar year for which the annual adjustment was made.

“Maximum One-Time Facilities Special Tax” means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year, which is equal to the sum of the Base Maximum One-Time Facilities Special Tax and the Administration Component for the Parcel. For Original Parcels, the Maximum One-Time Facilities Special Tax is shown in Attachment 1 to this RMA. Notwithstanding the foregoing, the City may allow adjustments to the Maximum One-Time Facilities Special Tax assigned in Attachment 1 if all of the following occur: (i) there are changes in the Net Taxable Acreage estimates for Original Parcels, (ii) based on those changes, the City concludes that a redistribution of the Maximum One-Time Facilities Special Tax is appropriate, and (iii) written confirmation is received from the owner of each Parcel that will be affected by the redistribution. Once all these items have occurred, the Administrator shall prepare a new Attachment 1 which shall henceforth be the operative RMA for purposes of calculating the Maximum One-Time Facilities Special Tax. For all other Parcels, the Maximum One-Time Facilities Special Tax is determined in accordance with Section C below.

“Maximum Special Taxes” means, collectively, the Maximum One-Time Facilities Special Tax and Maximum Annual Maintenance Special Tax.

“Net Taxable Acre” or **“Net Taxable Acreage”** means the total gross Acreage within a Final Map or Parcel less road right-of-ways and property that is identified in the Final Map for use as a park site, school site, or City-owned or CFD-owned storm drainage basin. If a Subdivision Map is recorded which is not a Final Map for some or all Parcels created by a subdivision, the Administrator shall calculate the Net Taxable Acreage of such Parcels by identifying the Acreage of the Parcel and (i) adding a portion of the acreage of any right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way, and (ii) subtracting a portion of the acreage of any right-of-way that fronts the Parcel determined by drawing lines at right angles to the right-of-way. The Net Taxable Acreage of a Parcel or Final Map shall be determined at the sole discretion of the City.

“One-Time Facilities Special Tax” means a special tax levied and collected in full by the City prior to a Building Permit being issued for new construction on Taxable Property.

“Original Parcel” means any of the Assessor’s Parcels that were included in the CFD at the time of CFD Formation, as identified in Attachment 1 to this RMA. A Parcel that was created from the subdivision of an Original Parcel and is being further subdivided shall also be considered an Original Parcel for purposes of determining the Maximum Special Taxes pursuant to Section C.

“Proportionately” means, for Developed Property, that the ratio of the actual Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Developed Property.

“**Public Property**” means any property within the boundaries of CFD No. 2012-1 that is owned by the federal government, State of California, County, City, or other public agency.

“**RMA**” means this Rate and Method of Apportionment of Special Tax.

“**Special Tax Credit**” means a waiver of the creditable portion of the Base One-Time Facilities Special Tax that would otherwise be due from a Parcel in the CFD if the Builder/Developer of that Parcel did not have an outstanding Credit/Reimbursement Amount.

“**Special Taxes**” means, collectively, the One-Time Facilities Special Tax and the Annual Maintenance Special Tax.

“**Subdivision Map**” means a Final Map, large lot subdivision map, tentative map, or other map recorded with the County and/or approved by the City that results in the subdivision of a Parcel or a change in the quantity or type of proposed land uses.

“**Taxable Property**” means all of the Assessor’s Parcels within the boundaries of CFD No. 2012-1 which are not exempt from the Special Taxes pursuant to law or Section G below.

“**Taxable Public Property**” means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2012-1 that: (i) based on a tentative map or other Subdivision Map, were expected to be Taxable Property; and (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year. However, if Parcels designated as Public Property based on a tentative map or other Subdivision Map are relocated, the new Public Property will again become exempt. If such relocation occurs, the Acreage previously designated as Public Property will become Taxable Property and the Acreage that becomes Public Property will not be taxed. This trading of Acres of Public Property will be permitted to the extent that there is no net loss in Maximum Special Tax revenues.

“**Undeveloped Property**” means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2012-1 that are not Developed Property.

B. DATA FOR ANNUAL ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property. The Administrator shall also determine: (i) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property; (ii) the Net Taxable Acreage for each Parcel; and (iii) the Annual Maintenance Special Tax Requirement. In addition, the Administrator shall update Attachment 1 to this RMA pursuant to Section C as Original Parcels are subdivided.

In any Fiscal Year, if it is determined that (i) a Final Map for a portion of property in the CFD was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Final Map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Taxes for the property affected by recordation of the Final Map by determining the Special

Taxes that apply separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the Final Map.

C. CALCULATING MAXIMUM SPECIAL TAXES

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2012-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax and the Maximum Annual Maintenance Special Tax.

1. Maximum One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax for each Original Parcel in CFD No. 2012-1 at the time of CFD Formation is shown in Attachment 1 to this RMA. Each time a Subdivision Map is approved within the CFD or when Parcels are otherwise subdivided or reconfigured, the Administrator shall reallocate the Maximum One-Time Facilities Special Tax assigned to each Original Parcel to the newly-created Parcel(s) within the Subdivision Map as follows:

- Step 1.** For any given point in time, calculate the Base Maximum One-Time Facilities Tax and the Administration Component applicable to the Original Parcel being subdivided.
- Step 2.** Determine the Net Taxable Acreage of each Parcel created by the approval of the Subdivision Map.
- Step 3.** Sum the Net Taxable Acreage from Step 2 for all newly-created Parcels to determine the total Net Taxable Acreage resulting from the subdivision of the Original Parcel.
- Step 4.** For each newly-created Parcel, divide the Net Taxable Acreage determined in Step 2 by the total Net Taxable Acreage of the Original Parcel determined in Step 3 to calculate a percentage.
- Step 5.** For each newly-created Parcel, multiply the percentage calculated in Step 4 by the amounts calculated in Step 1 to determine the Base Maximum One-Time Facilities Special Tax and Administration Component to be allocated to each newly-created Parcel.
- Step 6.** For each newly-created Parcel, add the Base Maximum One-Time Facilities Special Tax and the Administration Component calculated in Step 5 to determine the Maximum One-Time Facilities Special Tax. Attachment 1 of this RMA will be updated by the Administrator each time an Original Parcel is subdivided to show the Base Maximum One-Time Facilities Special Tax, the Administration Component, and the Maximum One-Time Facilities Special Tax for each newly-created Parcel.

Under no circumstances shall the sum of the Maximum One-Time Facilities Special Tax for all Parcels created by the subdivision or reconfiguration of an

Original Parcel ever be less than the Maximum One-Time Facilities Special Tax of the Original Parcel.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Maximum Annual Maintenance Special Tax shall be determined for each Parcel of Developed Property using the following methodology:

- Step 1.** For any Fiscal Year, calculate the total Maximum CFD Maintenance Cost.
- Step 2.** Determine the Net Taxable Acreage of all Parcels of Developed Property.
- Step 3.** Divide the Net Taxable Acreage of each Parcel of Developed Property by the total Net Taxable Acreage of all Parcels of Developed Property calculated in Step 2 to obtain a percentage for each Parcel.
- Step 4.** Multiply the percentage calculated in Step 3 by the Maximum CFD Maintenance Cost in Step 1 to determine the Maximum Annual Maintenance Special Tax for each Parcel of Developed Property for the then-current Fiscal Year.

D. IMPLEMENTATION OF CREDIT/REIMBURSEMENT PROGRAM

Certain Builders/Developers may be required to construct, pay for, or provide Authorized Facilities that are ultimately intended to be funded from One-Time Facilities Special Tax revenues. The City shall implement a Special Tax Credit and reimbursement program, so that Builders/Developers that construct, pay for or provide Authorized Facilities will receive a credit against their Base Maximum One-Time Facilities Special Tax and/or be reimbursed for Authorized Facilities costs, if revenues are available.

At the request of the landowners at the time this RMA was prepared and CFD No. 2012-1 was formed, all credits and reimbursements to Builders/Developers who construct, pay for, or provide Authorized Facilities shall be based on the actual cost of those Authorized Facilities, with the exception of right-of-way and storm drainage basin land costs, which shall be reimbursed at fair market value at the time of dedication, as determined by the City. Pursuant to this request, if the cost of the Authorized Facility constructed, paid for, or provided is less than the Builder/Developer's Base Maximum One-Time Facilities Special Tax, the Builder/Developer shall receive a Special Tax Credit against their Base Maximum One-Time Facilities Special Tax equal to the actual cost of the Authorized Facility constructed, paid for, or provided, and the remaining Base Maximum One-Time Facilities Special Tax shall be paid by the Builder/Developer in addition to the full Administration Component.

Alternatively, if the cost of the Authorized Facility constructed, paid for, or provided exceeds the Builder's/Developer's Base Maximum One-Time Facilities Special Tax, the Builder/Developer will qualify for a Special Tax Credit and/or a reimbursement from the

collection of future One-Time Facilities Special Taxes, as set forth below; the Builder/Developer must still pay the full Administration Component. Notwithstanding the foregoing, there is no guarantee that future One-Time Facilities Special Taxes will be available to reimburse the Builder/Developer. All Credit/Reimbursement Amounts shall be determined by the City based on evidence of costs provided to the City by the Builder/Developer.

The landowners at the time this RMA was prepared and CFD No. 2012-1 was formed also requested that a Builder/Developer not receive any Special Tax Credits if other Builders/Developers have unpaid Credit/Reimbursement Amounts outstanding that have a higher priority for reimbursement. In other words, any outstanding Credit/Reimbursement Amounts for Builders/Developers that have a higher reimbursement priority shall be fully paid prior to Special Tax Credits being applied to a Builder/Developer with a lower reimbursement priority.

The following steps shall be applied to implement the credit/reimbursement program summarized above:

1. On an Ongoing Basis

- a. In January 2013 and each January thereafter, the Administrator shall escalate the Maximum One-Time Facilities Special Tax assigned to each Parcel and the Credit/Reimbursement Amount outstanding for any Builder/Developer by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment shall become effective on January 1 of the calendar year for which the annual adjustment was made.
- b. The City shall determine whether One-Time Facilities Special Tax revenues are available to reimburse Builders/Developers that have an outstanding Credit/Reimbursement Amount. If such revenues are available, the City shall pay reimbursements on a “first-incurred/first-paid” basis, as determined by the Base Year for each Authorized Facility accepted by the City. Once the Builder/Developer with first priority is fully reimbursed, the Builder/Developer with second priority will be able to take Special Tax Credits against their One-Time Facilities Special Tax and, if a Credit/Reimbursement Amount is still outstanding, be paid such outstanding Credit/Reimbursement amount if and when One-Time Facilities Special Tax revenues are available. Such reimbursement shall continue until the earlier of (i) the date on which all outstanding Credit/Reimbursement Amounts are paid, or (ii) the date on which no One-Time Facilities Special Tax revenues are available to pay outstanding Credit/Reimbursement Amounts and no additional One-Time Facilities Special Tax revenues are anticipated to be received by the City. There is no guarantee that

all Credit/Reimbursement Amounts will be paid to Builders/Developers.

2. At any time that Authorized Facilities are accepted by the City

The Administrator shall apply the following steps each time Authorized Facilities are dedicated to the City and the City accepts such dedication(s):

- Step 1.** Determine the total cost of Authorized Facilities accepted by the City. This total cost shall be the Credit/Reimbursement Amount applicable to the Builder/Developer that dedicated the Authorized Facilities.
- Step 2.** Identify and record the Base Year for the Authorized Facilities and determine priority for the Builder's/Developer's Credit/Reimbursement Amount relative to outstanding Credit/Reimbursement Amounts owed to other Builders/Developers.
- Step 3.** Beginning in the calendar year that commences after the Base Year, the Administrator shall escalate the Credit/Reimbursement Amount determined in Step 1 each year as outlined in Section D.1 above. If a Builder/Developer constructed, paid for, or provided Authorized Facilities with different Base Years, the Credit/Reimbursement Amount shall be escalated taking the different Base Years into account.

3. Prior to issuance of a Building Permit

When a Builder/Developer requests issuance of a Building Permit, the Administrator shall determine if the Builder/Developer has an outstanding Credit/Reimbursement Amount and apply the appropriate subsection below to determine the Credit/Reimbursement Amount and remaining One-Time Facilities Special Taxes (if any) for the Builder/Developer:

- a. A Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, and the Builder/Developer has first priority with respect to their Credit/Reimbursement Amount.**

For any Fiscal Year, the Administrator shall apply the following steps to determine the Maximum One-Time Facilities Special Tax, if any, that is due from the subject Parcel(s):

- Step 1.** Identify the Base Maximum One-Time Facilities Special Tax that would have been paid by the Parcel(s) if no Credit/Reimbursement Amount were outstanding.
- Step 2.** *If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is less than the outstanding Credit/Reimbursement*

Amount for the Builder/Developer, the Administration Component shall be collected and the Builder/Developer shall be given a Special Tax Credit against the Base Maximum One-Time Facilities Special Tax for that Parcel(s). After the Special Tax Credit has been calculated, the Administrator shall subtract the aggregate amount of such Special Tax Credits from the outstanding Credit/Reimbursement Amount for the Builder/Developer, and the Builder/Developer shall qualify for reimbursement of the remaining Credit/Reimbursement Amount to the extent One-Time Facilities Special Tax revenues are available.

*If the Base Maximum One-Time Facilities Special Tax is **greater** than the outstanding Credit/Reimbursement Amount for the Builder/Developer, the Administrator shall subtract the outstanding Credit/Reimbursement Amount from the Base Maximum One-Time Facilities Special Tax to determine the net amount of the Base Maximum One-Time Facilities Special Tax that must be paid by the Builder/Developer. In addition, the Builder/Developer must pay the full Administration Component assigned to the Parcel(s) for which the Building Permit is being issued. The Administrator shall update the CFD records to reflect a zero Credit/Reimbursement Amount for that Builder/Developer.*

- b. **A Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, and the Builder/Developer does not have first priority with respect to their Credit/Reimbursement Amount.**

For any Fiscal Year, the Administrator shall apply the following steps to determine the Maximum One-Time Facilities Special Tax, if any, that is due from the subject Parcel(s):

- Step 1.** Identify the Base Maximum One-Time Facilities Special Tax that would have been paid by the Parcel(s) if no Credit/Reimbursement Amount were outstanding.
- Step 2.** Identify the aggregate outstanding Credit/Reimbursement Amounts that have a higher priority than the amount due the Builder/Developer requesting issuance of a Building Permit.
- Step 3.** *If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is less than the Credit/Reimbursement Amounts that are due other Builders/Developers as determined in Step 2, the Base Maximum One-Time Facilities Special Tax and the Administration Component shall be collected from the Builder/Developer requesting issuance of a Building Permit. The Base One-Time Facilities Special Tax collected shall be used to reimburse Builders/Developers with higher reimbursement*

priority, and the Administration Component collected shall be retained by the City. The Builder/Developer requesting issuance of a Building Permit shall then qualify for a reimbursement of their entire Credit/Reimbursement Amount and be placed in order of priority behind any remaining Builders/Developers that still have outstanding Credit/Reimbursement Amounts.

*If the Base Maximum One-Time Facilities Special Tax determined in Step 1 is **greater** than the Credit/Reimbursement Amounts that are due all other Builders/Developers as determined in Step 2, the Administration Component and the amount of the aggregate Credit/Reimbursement Amounts that are due other Builder/Developers shall be collected from the Builder/Developer requesting issuance of a Building Permit. The outstanding Credit/Reimbursement Amounts due all other Builder/Developers shall be subtracted from the Base Maximum One-Time Facilities Special Tax to determine the net amount of the Base Maximum One-Time Facilities Special Tax that must be paid by the Builder/Developer. Using this net amount of the Base Maximum One-Time Facilities Special Tax as the starting point, the steps in Section D.3.a shall be applied to determine the remaining One-Time Facilities Special Tax and/or outstanding Credit/Reimbursement amount, if any, applicable to the Builder/Developer requesting issuance of a Building Permit.*

- c. **No Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit**

If no Credit/Reimbursement Amount is outstanding for the Builder/Developer requesting issuance of a Building Permit, then the Maximum One-Time Facilities Special Tax as calculated pursuant to Section C.1 above shall be due and payable to the City.

E. METHOD OF LEVY OF THE SPECIAL TAX

1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2012-1 and shall be collected as set forth in Section F below.

2. Annual Maintenance Special Tax

Each Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

F. COLLECTION OF SPECIAL TAX

The Maximum One-Time Facilities Special Tax shall be collected prior to a Building Permit being issued for new construction on Taxable Property within CFD No. 2012-1, and shall be immediately delinquent if not so paid.

The Annual Maintenance Special Tax for CFD No. 2012-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes; provided, however, that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay for Authorized Services and Administrative Expenses.

G. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Taxes shall be levied on Public Property, except Taxable Public Property, as defined herein. Special Taxes shall not be levied on Parcels that are owned by a public utility for an unmanned facility or on Parcels that are subject to an easement that precludes any other use on the Parcels. In addition, no Annual Maintenance Special Tax shall be levied on any Parcel of Undeveloped Property.

H. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning the Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

I. ENFORCEMENT

All delinquent Annual Maintenance Special Taxes billed off the County tax roll shall be subject to an immediate 10% penalty plus interest charges of 1.5% as of the first day of the month after the delinquency date and on the first day of each month thereafter. Any such delinquent Special Taxes shall, at the City's discretion, be placed on the next secured property tax roll. The amount placed on the roll shall include the 10% penalty and the interest charges through the following January 1. This shall not prevent the City from simultaneously pursuing the delinquency by an action on a contract of guarantee against a third party who promised to pay the taxes, or from assigning such right of action to the property owner or other appropriate party.

Total		<u>\$11,372,045</u>	<u>\$118,341</u>	<u>\$ 11,490,386</u>

- /1 At the time of CFD Formation, APN 078-018-021 was anticipated to be subdivided into two separate parcels based on a preliminary parcel map submitted to the City. Attachment 2 to this RMA shows the geographic locations of APN 078-018-021 (1) and APN 078-018-021 (2) based on this preliminary parcel map. The Maximum One-Time Facilities Special Taxes shown above for these two Parcels were calculated based on this preliminary parcel map.
- /2 Represents the Base Maximum One-Time Facilities Special Tax and the Administration Component at the time of CFD Formation. Beginning in January 2013 and each January thereafter, the Base Maximum One-Time Facilities Special Tax and the Administration Component shall be adjusted annually by the greater of: (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available; or (ii) four percent (4.0%). Each annual adjustment of the Base Maximum One-Time Facilities Special Tax and the Administration Component shall become effective on January 1 of the calendar year for which the annual adjustment was made.
- /3 At the time of CFD Formation, APN 078-018-031 was not included in the CFD. This Parcel may or may not annex to the CFD at a future date, and it will not pay its Maximum One-Time Facilities Special Tax until such time as it annexes to the CFD and a Building Permit is issued for construction on the Parcel.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-166**

**A RESOLUTION CALLING A SPECIAL ELECTION FOR THE CITY OF
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2012-1 (KIERNAN
BUSINESS PARK SOUTH)**

WHEREAS, on this date, this City Council adopted a resolution entitled “A Resolution Establishing City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South), and Authorizing the Levy of Special Taxes Therein and Establishing an Annual Appropriations Limit” (the “Resolution of Formation”), which established the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) (the “Community Facilities District”), authorized the levy of special taxes therein, and established an annual appropriations limit, and

WHEREAS, pursuant to the provisions of the Resolution of Formation, a proposition to authorize the levy of special taxes within the Community Facilities District and to establish an appropriations limit of the Community Facilities District is to be submitted to the qualified electors of the Community Facilities District as required by the Mello-Roos Community Facilities Act of 1982, as amended (the “Act”),

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South), hereby finds and determines as follows:

SECTION 1. The City Council has heretofore found that fewer than twelve persons have been registered to vote within the territory of the Community Facilities District for the ninety days preceding the close of the public hearing heretofore held by the City Council for the purposes of these proceedings. Accordingly, the vote shall be by

the land owners of the Community Facilities District, and each owner of record at the close of such public hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre that he or she owns within the Community Facilities District.

SECTION 2. The date of the election shall be May 1, 2012, and the City Clerk shall conduct the election. The election shall be conducted by personally delivered or mailed ballots and in accordance with the provisions of law regulating elections of the City insofar as such provisions are determined by the City Clerk to be applicable. The voted ballots shall be returned to the City Clerk not later than 9:00 p.m. on May 1, 2012; provided that if all of the qualified electors have voted prior to such time, the election may be closed by the City Clerk.

SECTION 3. The form of the ballot for the election is **attached** hereto as **Exhibit A** and by this reference incorporated herein. The City Clerk shall cause to be delivered to each of the qualified electors of the Community Facilities District a ballot in said form. Each ballot shall indicate the number of votes to be voted by the respective elector based upon the number of acres of land owned by such elector as set forth above. The identification envelope for return of the ballot shall be enclosed with the ballot, shall have the postage prepaid and shall contain (a) the name and address of the landowner, (b) a declaration, under penalty of perjury, stating that the elector is the owner of record, or the authorized representative thereof, and is the person whose name appears on the identification envelope, (c) the printed name, signature and address of the elector, (d) the date of signing and place of execution of the declaration described above and (e) a notice

that the envelope contains an official ballot and is to be opened only by the canvassing board. Analysis and arguments with respect to the ballot proposition are hereby waived.

SECTION 4. The City Clerk shall accept the ballots of the qualified electors in the office of the City Clerk to and including 9:00 p.m. on May 1, 2012 whether said ballots shall be personally delivered or received by mail.

SECTION 5. There is on file with the City Clerk a written instrument executed by each qualified elector of the Community Facilities District requesting a shortening of the time for the special election in order to expedite the process of formation of the Community Facilities District and waiving any requirement for analysis and arguments in connection therewith.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

OFFICIAL BALLOT
CITY OF MODESTO
COMMUNITY FACILITIES DISTRICT NO. 2009-1 (KIERNAN BUSINESS PARK SOUTH)

May 1, 2012

SPECIAL ELECTION

This ballot is for a special, landowner election. You must return this ballot in the enclosed envelope to the office of the City Clerk of the City of Modesto no later than 9:00 p.m. on May 1, 2012, either by mail or in person. The City Clerk's offices are located at 1010 Tenth Street, Modesto, California 95353.

INSTRUCTIONS TO VOTERS:

To vote on the measure, make a "+," "x" or other distinguishing mark on the line after the word "Yes" or on the line after the word "No." If you wrongly mark, tear or deface this ballot, return it to the City Clerk and obtain another.

MEASURE SUBMITTED TO VOTE OF VOTERS: Shall City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) (the "Community Facilities District") be authorized to levy special taxes in accordance with a rate and method of apportionment as provided in the Resolution of Formation to finance (i) the costs of planning, designing, constructing, acquiring, modifying, expanding, improving, furnishing, equipping or rehabilitating certain real and other tangible property with an estimated useful life of five years or longer, consisting of certain storm drain system, transportation, landscaping and lighting system improvements and appurtenances and appurtenant work and to finance the incidental expenses associated therewith, all as further provided in the resolution of the Council of the City of Modesto establishing the Community Facilities District (the "Resolution of Formation"), (ii) certain administrative expenses and (iii) the cost of maintaining parkways, landscaped medians, bike paths, well sites, storm drainage pumps and basins, and related facilities, and shall the annual appropriations limit of Community Facilities District No. 2012-1 (Kiernan Business Park South) be established in the amount of \$20,000,000?

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-167**

**A RESOLUTION DECLARING THE RESULTS OF A SPECIAL ELECTION
AND APPROVING CERTAIN RELATED ACTIONS PERTAINING TO CITY OF
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2012-1 (KIERNAN
BUSINESS PARK SOUTH)**

WHEREAS, this City Council, acting as the legislative body of the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) (the “Community Facilities District”), called and duly held an election of the Community Facilities District pursuant to resolutions adopted by the City Council on May 1, 2012 for the purpose of presenting to the qualified electors within the Community Facilities District a proposition (the “Proposition”) for (a) the levy of special taxes in accordance with the rate and method of apportionment of special tax set forth in the resolution forming the Community Facilities District and (b) the establishment of an appropriations limit for the Community Facilities District, and

WHEREAS, there has been presented to the City Council a Certificate of the City Clerk as to the Results of the Canvass of the Election Returns, a copy of which is **attached** hereto as **Attachment “A”**,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South), hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. Two-thirds or more of the votes cast by the qualified electors of the Community Facilities District at the special election held on May 1, 2012 on the Proposition were cast in favor of the Proposition, and the Proposition carried. The

City Council, acting as the legislative body of the Community Facilities District, is hereby authorized to take the necessary steps to levy the special taxes authorized by the Proposition.

SECTION 3. The City Clerk is hereby authorized and directed to execute and cause to be recorded in the office of the County Recorder of Stanislaus County a notice of special tax lien in the form required by law, said recording to occur no later than fifteen days following adoption of this Resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

CERTIFICATE OF CITY CLERK

AS TO RESULTS OF THE CANVAS OF ELECTION RETURNS

STATE OF CALIFORNIA)
) ss.

COUNTY OF STANISLAUS)

As City Clerk of the City of Modesto, I do hereby certify that I have examined the returns of the special election for City of Modesto Community Facilities District No. 2012-1 (Kiernan Business Park South) (the "Community Facilities District"). With my concurrence, the election was conducted on May 1, 2012. On or prior to said date I had mailed or personally delivered a ballot to the landowner listed on the latest equalized assessment roll prepared by the Stanislaus County Assessor prior to May 1, 2012 or otherwise known by me to own the property within the boundaries of the Community Facilities District. The landowner was given one vote for each acre, or portion thereof, that the landowner owns within the Community Facilities District.

I further certify that the results of said election and the number of votes cast for and against the Proposition are as follows:

YES: __

TOTAL NUMBER OF VOTES CAST: _____

Dated this 1st day of May, 2012.

Stephanie Lopez,
City Clerk of the City of Modesto

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-168**

**RESOLUTION APPROVING A LETTER OF AGREEMENT FOR A
RESTRUCTURED AND EXTENDED MEMORANDUM OF UNDERSTANDING
BETWEEN THE CITY OF MODESTO AND MODESTO POLICE
MANAGEMENT ASSOCIATION (MPMA) FOR A TERM ENDING
SEPTEMBER 30, 2013 AND AUTHORIZING THE DIRECTOR OF HUMAN
RESOURCES AND CITY MANAGER TO TAKE THE NECESSARY
ADMINISTRATIVE ACTION TO IMPLEMENT THE AGREEMENT**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management Association (MPMA) expired on June 22, 2009, and

WHEREAS, representatives of the CITY and the MPMA met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, the CITY and MPMA have reached agreement on a Letter of Agreement (LOA) for a restructured and extended MOU with a new expiration date of September 30, 2013 which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the LOA provides as follows:

SECTION 1. CONTRACT EXTENSION. All terms of the existing MOU are extended except as detailed below.

SECTION 2. TERM OF MEMORANDUM. Extend the end of the current term of the MOU from 12:00 a.m. on July 1, 2010 to 12:00 a.m. on September 30, 2013.

SECTION 3. SALARY. There shall be no salary increases for the term of this MOU except where the City and the Modesto Police Officers agree to salary increases or decreases. In that event, the City and MPMA will negotiate the equivalent increase or

decrease. If the parties fail to reach agreement on the implementation of equivalent increases or concessions, the parties will engage the assistance of a neutral to determine how the equivalent increase or concession shall be implemented. This process differs from interest arbitration under the City Charter. Interest arbitration pursuant to the terms of the City Charter is inapplicable to disputes under this provision.

SECTION 4. SALARY. The City shall undertake a study on the compaction, if any, between the ranks represented by the Modesto Police Officers Association (MPOA) and the ranks represented by the MPMA. This study shall be completed before June 30, 2013.

SECTION 5. OTHER COMPENSATION. Cash-out of management leave will be suspended for the term of the MOU. Lieutenants shall continue to be eligible to receive management leave, but will not be able to cash it out in December.

SECTION 6. RETIREMENT. Section 11 of the MOU shall be amended to include a second tier retirement formula and benefit will be implemented for new hires.

SECTION 7. HEALTH, DENTAL AND VISION INSURANCE. Effective March 1, 2012, the City shall increase its monthly contribution to employee only by \$25 and for employees with dependent coverage by \$50. The City will also provide a contribution of \$50 to a health saving account for employees in the high deductible health plan. There will be no increase in the opt out amount.

SECTION 8. RETIREE HEALTH INSURANCE. Section 12 of the MOU shall be amended to include a Defined Contribution Health Reimbursement Account for eligible employees hired on or after January 1, 2011 pursuant to LOA as **attached**.

SECTION 9. LAYOFF & DEMOTION PROCEDURES. Section 29 of the MOU shall be amended to include modifications to the layoff and demotions procedures for the MPMA. These modifications include: layoff and demotion by seniority; increasing the length of time an individual can remain on the reinstatement list from two years to three; and modification of the probationary period when employees are hired back from the reinstatement list.

WHEREAS, the Council considered this matter at its meeting of March 27, 2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Letter of Agreement for a restructured and extended Memorandum of Understanding with a new expiration date of September 30, 2013 between the City of Modesto and the Modesto Police Management Association and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-169**

RESOLUTION APPROVING THE ALLOCATION OF I) HOME COMMUNITY HOUSING DEVELOPMENT ORGANIZATION (CHDO) OPERATING FUNDS IN THE AMOUNT OF \$50,000 TO STANCO AND \$50,000 TO HABITAT FOR HUMANITY, STANISLAUS; AND II) \$100,000 IN CHDO SET ASIDE FUNDS TO HABITAT FOR HUMANITY

WHEREAS, a CHDO is a specific type of private nonprofit entity, and

WHEREAS, CHDOs must meet certain requirements pertaining to their legal status; organizational structure; and capacity and experience, and

WHEREAS, applicants for CHDO set-aside and operating funds must be an approved CHDO through the City of Modesto and act as owner, developer or sponsor as required by HOME regulations, and

WHEREAS, as part of the HOME program, a minimum of fifteen percent (15%) must be allocated for housing development activities in which qualified Community Housing Development Organizations (CHDOs) are the owners, developers and/or sponsors of the housing, and

WHEREAS, the HOME funds set aside for CHDO activities may be used to acquire and/or rehabilitate rental housing and homebuyer properties or to construct rental or homebuyer properties, and

WHEREAS, to be eligible for CHDO operating funds, it must be anticipated that the CHDO will be receiving CHDO set-aside funds within 24 months of receiving the funds for operating expenses, and

WHEREAS, the City of Modesto released a Request for Proposals for CHDO Operating Funds and CHDO set aside funds on November 15, 2011, and

WHEREAS, the proposals were due on January 3, 2012, with the City receiving a proposal from STANCO for funds for operating expenses and Habitat for Humanity for operating expenses and CHDO set aside funds for a project located at 112 James Avenue in Modesto, to develop five single family units, and

WHEREAS, both organizations are certified CHDOs for the City of Modesto, and submitted the required recertification along with the proposals, and

WHEREAS, a sub-review committee from the CH&CDC reviewed the proposals and recommended to allocate \$50,000 to each organization for CHDO operating activities and \$100,000 to Habitat for Humanity for CHDO set aside activities but with some specific conditions, and

WHEREAS, it was recommended Habitat receive up to \$50,000 in a reimbursable basis for architectural and engineering expenses and prior to the release of the remaining \$50,000, Habitat's architect must submit to the City for approval, a Statement of Probable Cost along with plans for the James Avenue project, and

WHEREAS, the sub-review committee will meet to review the required documentation and approve the release of the remaining funds, and

WHEREAS, the Citizens' Housing and Community Development Committee (CH&CDC) considered the proposed recommendation at its April 18, 2012, meeting, and recommended that the City Council approve,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the allocation of \$50,000 in CHDO operating funds to both STANCO and Habitat for Humanity and the allocation of CHDO set aside funds in the

amount of \$100,000 to Habitat for Humanity with the conditions set by the sub-review committee.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2012, by Councilmember Lopez, who moved its adoption, with motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-170**

RESOLUTION APPROVING THE CITY OF MODESTO FISCAL YEAR 2012-2013 U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT ANNUAL ACTION PLAN FOR THE USE OF THE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME), AND EMERGENCY SOLUTIONS GRANT (ESG) FUNDS; AUTHORIZING SUBMISSION OF AN APPLICATION TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT PERTAINING TO THE FISCAL YEAR 2012-2013 ANNUAL ACTION PLAN; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE REQUIRED CERTIFICATIONS AND DOCUMENTS FOR SUBMITTAL TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WHEREAS, as an entitlement community for Housing and Urban Development, the City of Modesto is required to develop an Annual Action Plan (AAP) that describes anticipated uses of Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG) and HOME Investment Partnerships Program (HOME) funds, and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty line, and the number of housing units that are considered substandard, and

WHEREAS, submittal of an AAP is required to receive the City's entitlement grants from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the Citizens' Housing and Community Development Committee recommended support of this item at its April 18, 2012 meeting, and

WHEREAS, preparation of the AAP requires a citizens participation element, including a 30-day public comment period, and

WHEREAS, on April 3, 2012, a public notice was submitted and concluded with a public hearing on May 8, 2012, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the City of Modesto Fiscal Year 2012-2013 U.S. Department of Housing and Urban Development Annual Action Plan for the use of \$1,703,833 in Community Development Block Grant (CDBG) funds, \$671,157 in HOME Investment Partnerships Program (HOME) funds, and \$228,321 in Emergency Solutions Grant (ESG) funds, a copy of which is on file in the Office of the City Clerk.

BE IT FURTHER RESOLVED that City staff is hereby authorized to submit an application to the U.S. Department of Housing and Urban Development pertaining to the Fiscal Year 2012-2013 Annual Action Plan.

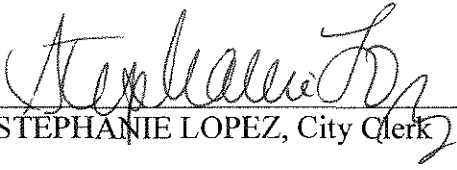

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute the required certifications and documents for submittal to the U.S. Department of Housing and Urban Development.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-171**

RESOLUTION APPROVING THE ALLOCATION OF FUNDING IN THE AMOUNT OF \$256,880 IN COMMUNITY DEVELOPMENT BLOCK GRANT PUBLIC SERVICE GRANTS AND \$228,321 EMERGENCY SOLUTIONS GRANTS; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENTS

WHEREAS, as an entitlement community for Housing and Urban Development, the City of Modesto is required to develop an Annual Action Plan (AAP) that describes anticipated uses of Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG) and HOME Investment Partnerships Program (HOME) funds, and

WHEREAS, the City is obligated to allocate up to fifteen percent (15%) of the CDBG entitlement funds (plus fifteen percent (15%) of program income received during the prior year), to provide a wide range of public service activities to benefit low and moderate-income residents, and

WHEREAS, beginning in FY 2011-12, the City Council approved a two-year funding cycle for CDBG Public Services and ESG grants, which are competitively awarded through a request for proposals (RFP) process, and

WHEREAS, new federal regulations for the ESG program released in late 2011 changed the program focus from emergency shelter and transitional housing to permanent supportive housing for individuals and families experiencing homelessness, and those at risk of experiencing homelessness, and

WHEREAS, a second ESG allocation announced in the middle of the FY 2011-12 increased ESG funding in FY 2012-2013, and

WHEREAS, the City carried out a separate RFP as a result of new ESG requirements, and

WHEREAS, the Council-appointed Citizens' Housing & Community Development Committee (CH&CDC) reviews these proposals and makes funding recommendations, and

WHEREAS, the grant amounts of the CDBG Public Services and ESG funding recommendations have been adjusted for the second year of this two-year funding cycle to reflect the available funding for FY 2012-13, and

WHEREAS, these allocations are detailed in the City's AAP, and

WHEREAS, preparation of the AAP requires a citizens participation element, including a 30-day public comment period, and

WHEREAS, the 30-day public comment period began on April 3, 2012, and concluded with a public hearing scheduled for the Council meeting of May 8, 2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the allocation of funding in the amount of \$256,880 in Community Development Block Grant (CDBG) Public Services, \$228,321 in Emergency Solutions Grant (ESG) along with any carryover over from Fiscal Year 2011-12 for Fiscal Year 2012-13.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it approves a continued funding commitment to the Public Service and Emergency Solutions grant recipients through Fiscal Year 2012-13.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute the agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-172**

**RESOLUTION AMENDING THE FISCAL YEAR 2012-2013 ANNUAL
OPERATING AND CAPITAL IMPROVEMENT BUDGETS TO REFLECT THE
APPROVED ALLOCATIONS IN THE DRAFT FISCAL YEAR 2012-2013
ANNUAL ACTION PLAN; AND AUTHORIZING THE FINANCE DIRECTOR,
OR HER DESIGNEE, TO TAKE THE NECESSARY STEPS TO IMPLEMENT
THE PROVISIONS OF THIS RESOLUTION**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, notice has been duly given to the community of the proposed amendment to the HUD Annual Action Plan, and to provide a 30-day comment period, which began April 3, 2012, and ended on May 8, 2012, and

WHEREAS, the Citizens' Housing and Community Development Committee considered the proposed Draft Fiscal Year 2012-2013 Annual Action Plan at its April 18, 2012, meeting, and recommended that the City Council approve, and

WHEREAS, a duly noticed public hearing was held by the City Council on May 8, 2012 at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, to consider approval of the proposed Draft Fiscal Year 2012-2013 Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Draft Fiscal Year 2012-2013 Annual Action Plan.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2012, by Councilmember Cogdill, who moved its adoption, with motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-173**

A RESOLUTION (I) AFFIRMING COUNCIL POLICY WITH REGARD TO OUTSIDE SEWER SERVICE AGREEMENTS FOR THE BEARD INDUSTRIAL DISTRICT; AND (II) REQUESTING THAT STANISLAUS LOCAL AGENCY FORMATION COMMISSION AMEND POLICY 15 AND PROVIDE AN EXCEPTION TO LAFCO RESOLUTION NO. 2011-11, CONDITION 1.B AS IT RELATES TO NEW SEWER USERS WITHIN THE BEARD INDUSTRIAL DISTRICT CONSENT TO ANNEXATION

WHEREAS, businesses outside the City of Modesto City Limits requesting new sewer extensions were required to obtain an Out of Boundary Service Agreement (aka Outside Service Agreement, OSA) from the City of Modesto, and

WHEREAS, approvals for these OSA's are also required by the Stanislaus Local Agency Formation Commission (LAFCO), and

WHEREAS, in addition, LAFCO requires that individual owners agree to consent to future annexation as a condition of granting an OSA, and

WHEREAS, past City Council policy and actions demonstrate that the intent has been to exempt businesses within Beard from securing individual OSA's and exempt individual property owners from the requirement of executing an agreement to consent to annex, and

WHEREAS, Resolution No. 66-489 was approved on July 5, 1966, which created the Modesto Municipal Sewer District Number 1, geographically including the Beard Industrial District and was clearly created to permit the extension of sewer services within the specified area, and

WHEREAS, Council Policies 5.001 and 5.002 were created to provide guidance to the City Manager in establishing conditions for the extension of water and sewer services to areas of the City limits, and

WHEREAS, Policy 5.001 (Adopted: 1959; Revised: 1998), allows for the extension of water service to properties outside of the City limits, outside the Sphere of Influence and inside, contiguous to and near the former service areas of the Del Este Water Company, and

WHEREAS, Policy 5.002 (Adopted: 1986) defines the conditions for the extension of sewer service to property outside of the City limits and provides a key definition and implementation condition, and

WHEREAS, Policy 5.002 does not require properties located within the Modesto Municipal Sewer District Number 1 to enter into an Outside Service Agreement or execute an agreement to consent to annex as a condition for receiving sewer service, and

WHEREAS, Council action of June 27, 2006 affirmed the position that property owners within the District were exempt from the condition to execute an agreement to consent to annex, and

WHEREAS, in spite of these policies and actions, LAFCO has historically not recognized the relationship between the City and Beard; or acknowledged the existence of Modesto Sewer District Number 1 as a type of District subject to LAFCO jurisdiction, and

WHEREAS, therefore, individual businesses were required to apply to LAFCO for OSA approvals and comply with the consent to annex condition, and

WHEREAS, this process extends the development approval process by at least 30 days causing added expense, delays and uncertainty to the individual business, and

WHEREAS, in an effort to remedy this, City staff initiated a proposal to LAFCO in August 2011 requesting in essence a blanket OSA approval for all remaining properties within the Beard District, and

WHEREAS, LAFCO approved the request on August 24, 2011 by Resolution 2011-11; however, also included in the Resolution is Condition 1.B, requiring new owners to execute an agreement to consent to a future annexation, and

WHEREAS, Beard Industrial District and the City of Modesto object to the position and action taken by LAFCO with respect to condition 1.B, as it works against the intent of past City Council action and policy stated above, and serves to constrain the continued business relationship between the City, Beard, and future business prospects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it formally requests Stanislaus Local Agency Formation Commission to amend Policy 15 and provide an exception to LAFCO Resolution No. 2011-11, Condition 1.B, eliminating the requirement for new sewer users within the Beard Industrial District to execute agreements consenting to annexation, and thereby affirming the City's long-standing position and policies.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-174**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE SYLVAN AVENUE RECONSTRUCTION PROJECT, ACCEPTING THE BID, AND APPROVING A CONTRACT WITH DSS COMPANY DBA KNIFE RIVER CONSTRUCTION OF STOCKTON, CALIFORNIA IN THE AMOUNT OF \$1,425,697.36 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT

WHEREAS, plans and specifications have been prepared for the Sylvan Avenue Reconstruction project and City staff recommends approval by the City Council, and

WHEREAS, the bids received for the Sylvan Avenue Reconstruction project were opened at 11:00 a.m. on April 17, 2012, and later tabulated by the Director of Community and Economic Development for the consideration of the Council, and

WHEREAS, the Director of Community and Economic Development has recommended that the bid of \$1,425,697.36, received from DSS Company dba Knife River Construction of Stockton, California, be accepted as the lowest responsive and responsible bid and the contract be awarded to DSS Company dba Knife River Construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Sylvan Avenue Reconstruction project, accepts the bid of DSS Company dba Knife River Construction of Stockton, California, in the amount of \$1,425,697.36, and awards DSS Company dba Knife River Construction the contract for the Sylvan Avenue Reconstruction project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**RESOLUTION REAPPOINTING ANNETTE RECLUSADO AND RICHARD
GAYTAN TO THE EQUAL OPPORTUNITY/DISABILITY COMMISSION AND
HUMAN RELATIONS COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. ANNETTE RECLUSADO is hereby appointed to the Equal Opportunity/Disability Commission with a term expiration of January 1, 2016.

SECTION 2. RICHARD GAYTAN is hereby appointed to the Human Relations Commission with a term expiration of January 1, 2016.

SECTION 3. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed members of the Commissions and the Secretary thereof.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-176**

A RESOLUTION APPROVING A COOPERATIVE AGREEMENT BETWEEN THE CITY OF MODESTO AND THE CALIFORNIA STATE DEPARTMENT OF TRANSPORTATION (CALTRANS) FOR CONSTRUCTION OF STATE ROUTE 99 AND PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE TO EXECUTE THE AGREEMENT

WHEREAS, the State Route 99 and Pelandale Interchange improvement project is a State Project to address the traffic congestion problem at Pelandale Avenue and Highway 99 Interchange, and

WHEREAS, the City of Modesto is the lead agency for preparation of Plans, Specifications and Estimates (PS&E), and PS&E is ninety six (96%) completed, and

WHEREAS, this Cooperative Agreement is required by Caltrans prior to final approval of Plans, Specifications and Estimates

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Cooperative Agreement between the City of Modesto and the California State Department of Transportation (Caltrans) for construction of State Route 99 and Pelandale Avenue Interchange Reconstruction Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

BE IT FURTHER RESOLVED the City Manager, or his designee, is hereby authorized to negotiate with Caltrans and execute all construction documents on behalf of the City for all authority required therefore.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-177**

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF WATER VALVES AND FIRE HYDRANTS FOR THE DEPARTMENT OF PUBLIC WORKS, WATER DIVISION, TO GROENIGER CO., MODESTO, CA AND AMERICAN AVK CO., MINDEN, NV, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF \$275,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of water valves and fire hydrants, and

WHEREAS, the Purchasing Division issued RFB No. 1112-20 Water Valves and Fire Hydrants to seventeen (17) prospective bidders, eight (8) of which were local vendors, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, bids were formally opened in the City Clerk's Office. Five (5) companies chose to respond, one of which was a local vendor. All five (5) companies provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors (SLV) allows the lowest bid or quote submitted by a local business that is within five (5) percent of the lowest bid, the opportunity to match the lowest bid price. Grongier Co., Modesto, CA qualified for SLV on a list of inventory items and agreed to match lowest bid price for those items, which represents an additional \$121,000 of product purchased annually through the local vendor, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of water valves and fire hydrants to Grongier Co., Modesto, CA and AVK Co., Minden, NV, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of water valves and fire hydrants to Grongier Co., CA and AVK Co., Minden, NV, conforms to the Modesto Municipal Code, and

WHEREAS, funds shall be budgeted for the purchase of water valves and fire hydrants in Appropriation Units: 4100-55050-53150 and 4100-55080-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of water valves and fire hydrants for the Department of Public Works, Water Division, to Grongier Co., Modesto, CA and AVK Co., Minden, NV.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of \$275,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION AUTHORIZING SUBMISSION OF THE CITY'S
TRANSPORTATION DEVELOPMENT ACT TRANSIT CLAIM FOR FISCAL
YEAR 2012-2013 TO THE STANISLAUS COUNCIL OF GOVERNMENTS IN
THE AMOUNT OF \$9,063,045**

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance (STA) funds, and

WHEREAS, the Stanislaus Council of Governments (StanCOG) has informed the Finance Department that LTF funds have been apportioned by the State to StanCOG for allocation to public transit agencies pursuant to Articles 4 and 8 of Chapter 4 of the California Public Utilities Code (PUC), and

WHEREAS, the City has prepared its TDA claim for Fiscal Year 2012-2013 pursuant to these sections of the California PUC, and

WHEREAS, the City's Transit TDA Claim for Fiscal Year 2012-2013 is \$9,063,045 and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2012-2013 is \$15,854,412 and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California PUC before any TDA funding can be released to the City

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submission of the TDA transit claim for Fiscal Year 2012-2013 to StanCOG in the amount of \$9,063,045.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-179**

RESOLUTION AUTHORIZING THE SUBMITTAL OF A GRANT APPLICATION TO THE CALIFORNIA DEPARTMENT OF WATER RESOURCES FOR A LOCAL GROUNDWATER ASSISTANCE GRANT FOR A GROUNDWATER CHARACTERIZATION AND RECHARGE STUDY IN AN AMOUNT UP TO \$250,000; AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE ALL GRANT-RELATED DOCUMENTS AND ENTER INTO AN AGREEMENT TO RECEIVE GRANT FUNDS (IF AWARDED); AND AUTHORIZING THE DIRECTOR OF UTILITY PLANNING AND PROJECTS TO BE THE SIGNATORY OF GRANT INVOICES FORMS DURING REQUESTS FOR REIMBURSEMENTS

WHEREAS, the cities of Modesto, Riverbank, Oakdale, the Modesto Irrigation District (MID), the Oakdale Irrigation District (OID), and Stanislaus County formed the Stanislaus Tuolumne River Groundwater Basin Association (STRGBA) to oversee and coordinate groundwater management activities in the Modesto Groundwater Subbasin, and

WHEREAS, through prior applications, the STRGBA has cumulatively secured \$500,000 of Proposition 84 funding under the Local Groundwater Assistance Program for groundwater-related studies.

WHEREAS, the STRGBA developed an Integrated Regional Groundwater Management Plan (IRGMP), which was approved by the City Council, by Resolution No. 2005-340, on June 29, 2005, and

WHEREAS, the proposed Groundwater Characterization and Recharge Study incorporates the following IRGMP Basin Management Objectives:

1. Identifies and maps the basin's natural recharge areas;
2. Supports programs that relieve aquifer overdraft;
3. Evaluates feasibility of groundwater recharge and conjunctive use projects including the development of artificial recharge areas;
4. Seeks funding for projects and programs that will contribute to water recharge of the groundwater basin;

5. Provides and expands existing forum for coordination and cooperation between all water entities to manage the Modesto Groundwater Subbasin; and
6. Formulates and implements a geologic assessment to better understand the basin's aquifer characteristics and water movement, and to evaluate and understand the sources of contaminants

WHEREAS, the California Department of Water Resources (DWR) will execute an agreement with only one agency from the STRGBA, and the City of Modesto has been selected on behalf of the STRGBA to submit the grant application and enter into an agreement, and

WHEREAS, while no matching funds are required for this grant, the City must pay the project and consultant costs in advance, and

WHEREAS, should the City be awarded this grant, staff will return to Council for acceptance and appropriation of funds through Water Fund Reserves in the amount of \$250,000 to fund the upfront costs of the Study, and

WHEREAS, DWR will then reimburse the City within 60 to 90 days following the City's request for reimbursement, and

WHEREAS, DWR requires that the applicant provide a resolution adopted by the City Council that designates and authorizes a representative to file the application and enter into an agreement, and

WHEREAS, the proposed Groundwater Characterization and Recharge Study will be managed by City staff, on behalf of the STRGBA,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the submittal of a grant application to the California Department of Water Resources for a Local Groundwater Assistance Grant for a Groundwater Characterization and Recharge Study in an amount up to \$250,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all grant-related documents and enter into an agreement to receive the grant funds (if awarded)

BE IT FURTHER RESOLVED that the Director of Utility Planning and Projects is hereby authorized to be the signatory of grant invoice forms during requests for reimbursements.

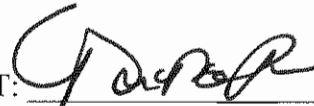

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-180**

RESOLUTION APPROVING A COST-SHARING AGREEMENT FOR ASSOCIATED TASK ITEMS OF WORK TO SHARE CERTAIN COSTS BETWEEN THE DEL PUERTO WATER DISTRICT, THE CITY OF TURLOCK, AND THE CITY OF MODESTO FOR THE DEVELOPMENT OF A REGIONAL RECYCLED WATER DELIVERY SYSTEM PHASE 2 FEASIBILITY STUDY; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on January 12, 2010, the City Council, by Resolution No. 2010-016, approved moving forward with a Regional Recycled Water Delivery System Feasibility Study (Phase 1 Feasibility Study) in partnership with the Del Puerto Water District (DPWD) in a Cost-sharing Agreement in the amount of \$25,000 each, and

WHEREAS, they would then seek a reimbursement from the Bureau of Reclamation (BOR) or other sources, and

WHEREAS, based on the BOR's review of the request for proposals for the Phase 1 Feasibility Study, the estimate was revised to \$150,000, and

WHEREAS, on April 27, 2010, the City Council, by Resolution No. 2010-149, approved an Amendment to the Cost-sharing Agreement with DPWD allowing the City of Modesto to fund the remainder of the Phase 1 Feasibility Study in the amount of \$100,000, and

WHEREAS, DPWD hired RMC Water and Environment (RMC) to perform the Phase 1 Feasibility Study, and was responsible for managing the contract, and

WHEREAS, the final contract amount for RMC was \$149,615.37, with the BOR reimbursing \$75,149.30 to the agencies for the cost of the Phase 1 Feasibility Study, with Modesto paying \$49,466.07, and DPWD paying the balance of \$25,000, and

WHEREAS, subsequently, the proposed project expanded to include the Cities of Turlock and Ceres, and Stanislaus County as partners and is now truly regional in scope, and now referred to as the North Valley Regional Recycled Water Program, and

WHEREAS, the City of Ceres and Stanislaus County will participate in the project as stakeholders but will not participate in the Cost-sharing Agreement, and

WHEREAS, as the Phase 1 Feasibility Study work was drawing to a close, the Cities of Modesto, Turlock and the DPWD (parties) recognized that the project was feasible and that it was necessary to refine the program alternatives identified in the study, and

WHEREAS, therefore, the parties agreed that it was in their best interest for DPWD to employ RMC for further refinement of the program alternatives and subsequent tasks associated with the NVRRWP as shown in the Phase 2 Feasibility Study Scope of Work, and

WHEREAS, since DPWD is a BOR contractor, the parties agreed that DPWD should also act as lead for the Phase 2 Feasibility Study, and

WHEREAS, some objectives for the Phase 2 Feasibility Study include:

- river flow modeling
- pipeline assessments
- reservoir modeling
- identification of agreements and agreement schedules needed for the project
- confirmation of project design criteria
- preparation of an environmental assessment and initial study

WHEREAS, the goal for the Phase 2 Feasibility Study effort is to develop the NVRRWP project alternatives so that the project meets the requirements for federal authorization and subsequent funding, and

WHEREAS, the parties also agreed to enter into this Cost-sharing Agreement for those expenses related to the further refinement and development of the program alternatives and subsequent related tasks, which focus specifically on further development of the two near-term alternatives (river conveyance and direct pipeline identified in the Phase 1 Feasibility Study, and

WHEREAS, the parties will jointly seek a 50% cost share, or \$380,640, from BOR or other sources, and

WHEREAS, this agreement provides for revisions to make use of other federal, state, or local funding opportunities that might become available, and

WHEREAS, also included in the Cost-sharing Agreement is clarification related to the cost-share reimbursement percentage associated with the Administrative Agency's costs for the NVRRWP Collaborative Partnership Memorandum of Understanding, as the City of Modesto is the Administrative Agency for the Partnership, and

WHEREAS, the sharing of costs related to the Administrative Agency's duties for the Partnership will be based on each party's estimated flow contribution to the Program, and the reimbursement percentages are shown in Exhibit A of the Cost-sharing Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Cost-sharing Agreement for associated task items of work to share certain costs between the Del Puerto Water District, the City of Turlock, and the City of Modesto for the development of a Regional Recycled Water Delivery System Phase 2 Feasibility Study.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Cost-sharing Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**RESOLUTION AMENDING THE FISCAL YEAR 2011-2012 CAPITAL
IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT OF \$175,349 TO
FULLY FUND THE CITY'S PORTION OF THE RECYCLED WATER
DELIVERY SYSTEM PHASE 2 FEASIBILITY STUDY, AND INCREASED
STAFFING COSTS ASSOCIATED WITH THE PHASE 2 FEASIBILITY
STUDY REVIEW AND OVERALL PROGRAM SUPPORT**

WHEREAS, certain budgetary transactions are necessary in the amount of \$175,349 in order to fully fund the City's share of the cost-sharing agreement with Del Puerto Water District and the City of Turlock for the Regional Recycled Water Delivery System Phase 2 Feasibility Study and increased staffing costs associated with the Phase 2 Feasibility Study review and overall program costs, and

WHEREAS, the Fiscal Year 2011-2012 Capital Improvement Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2011-2012 Capital Improvement Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

Due to the City's portion of the Regional Recycled Delivery System Phase 2 Feasibility Study, project account #100521, is being increased to refine the program alternatives and subsequent tasks associated with the North Valley Regional Recycled Water Program, the total project costs needs to be increased by \$155,349.

Additionally, funds are necessary to cover increased staffing costs associated with Phase 2 Feasibility Study review and overall program support in the amount of \$20,000.

This would be done by transferring from \$175,349 from Wastewater Reserves Account.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-182**

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH CARMEL M. CAETANO AND HOPE CARMO, AS ADMINISTRATORS OF THE ESTATE OF JOHN ROCHA MARTINS, FOR A 57,885 SQUARE FEET (1.33 ACRES) FEE ACQUISITION, A 15,852 SQUARE FEET (0.36 ACRES) TEMPORARY ACCESS EASEMENT, A 48,352 SQUARE FEET (1.11 ACRES) GRANT OF EASEMENT, AND QUITCLAIM DEED OF A PARCEL LOCATED AT 4016 LITT ROAD (APN 084-003-004), IN THE AMOUNT OF \$143,610, FOR THE SYLVAN AND LITT IMPROVEMENT PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the Sylvan and Litt Improvement Project is included in the Village One Facilities Master Plan and is a Priority 3 project on the Village One Project Prioritization List, and

WHEREAS, the project includes roadway improvements on Sylvan Avenue from west of Litt Road to Claus Road and on Litt Road from Sylvan Avenue to the north end of the future Grogan Park site, and

WHEREAS, the proposed street widening project also includes land acquisition for the needed right-of-way and abandonment of the south portion of Litt Road that will no longer be used for road purposes due to the realignment, and

WHEREAS, staff has identified a portion of a parcel located at 4016 Litt Road (APN 084-003-004), to place improvements as a part of the capital improvements identified for the Sylvan and Litt Improvement Project, and

WHEREAS, an Agreement is needed for the acquisition of the property and staff has investigated the subject property to ensure it is suitable for this purpose, and therefore recommends approving the Purchase and Sale Agreement for acquisition of the property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase and Sale Agreement with Carmel M. Caetano and Hope Carmo, as Administrators of the Estate of John Rocha Martins, for (a) a 57,885 square feet (1.33 acres) fee acquisition, (b) a 15,852 square feet (0.36 acres) Temporary Access Easement, and a 48,352 square feet (1.11 acres), (c) a Grant of Easement, and (d) Quitclaim Deed of a parcel located at 4016 Litt Road (APN 084-003-004), in the amount of \$143,610, for the Sylvan and Litt Improvement Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Purchase and Sale Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-183**

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN CERTIFICATES OF ACCEPTANCE FOR THE (1) GRANT DEED, AND TEMPORARY CONSTRUCTION AND (2) QUITCLAIM DEED EASEMENT AND TRANSFER AND CONVEYANCE DOCUMENTS FOR THE ACQUISITION OF PROPERTY INTERESTS LOCATED AT 4016 LITT ROAD, OWNED BY CARMEL M. CAETANO AND HOPE CARMO, AS ADMINISTRATORS OF THE ESTATE OF JOHN ROCHA MARTINS, (APN 084-003-004) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE SYLVAN AND LITT IMPROVEMENT PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire the following real property interests: a 57,885 square feet (1.33 acres) fee acquisition, a 15,852 square feet (0.36 acres) Temporary Access Easement, and a 48,352 square feet (1.11 acres) Grant of Easement of a parcel owned by Carmel M. Caetano and Hope Carmo, as Administrators of the Estate of John Rocha Martins, (APN 084-003-004), to be purchased by the City of Modesto for the Sylvan and Litt Improvement Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign Certificates of Acceptance for (1) the Grant Deed and Temporary Construction Easement and (2) Quitclaim Deed for the acquisition of property interests located at 4016 Litt Road (APN 084-003-004), in the County of Stanislaus, owned by Carmel M. Caetano and Hope Carmo, as Administrators of the Estate of John Rocha Martins, and the Quitclaim Deed from Joe Scoto, to be purchased by the City of Modesto for the Sylvan and Litt Improvement Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-183A**

RESOLUTION MAKING FINDINGS PURSUANT TO GOVERNMENT CODE SECTION 51292 REGARDING WILLIAMSON ACT CONTRACT 74-1606 FOR THE ACQUISITION OF RIGHT-OF-WAY FROM A PARCEL LOCATED AT 4016 LITT ROAD (APN 084-003-004), FOR THE SYLVAN AND LITT IMPROVEMENT PROJECT

WHEREAS, the Sylvan and Litt Improvement Project is included in the Village One Facilities Master Plan, and

WHEREAS, the project includes roadway improvements on Sylvan Avenue from west of Litt Road to Claus Road and on Litt Road from Sylvan Avenue to the north end of the future Grogan Park site, and

WHEREAS, the proposed street widening project also includes land acquisition for the needed right-of-way and abandonment of the south portion of Litt Road that will no longer be used for road purposes due to the realignment, and

WHEREAS, staff has identified a portion of a parcel located at 4016 Litt Road (APN 084-003-004), to place improvements as a part of the capital improvements identified for the Sylvan and Litt Improvement Project, and

WHEREAS, the parcel is encumbered by Williamson Act Contract 72-1606 and the following findings pursuant to Government Code Section 51292 can be made.

- (a) The location is not based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve.
- (b) If the land is agricultural land covered under a contract pursuant to this chapter of any public improvement, that there is no other land within or outside the preserve on which it is reasonably feasible to locate the public improvement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it makes the following findings:

- (a) In response to finding (a) provided above, the right-of-way that is needed for this street improvement project was not based on acquiring lower cost land of an agricultural preserve. The alignment and width of Sylvan Avenue and Litt Road were determined by Village One Specific Plan approved in 1990. Sylvan Avenue is one of the important east-west Principal Arterials for the City of Modesto traveling approximately seven miles from Freeway 99 to Claus Road.
- (b) In response to finding (b) provided above, the proposed street improvements along with the needed right-of-way would implement the required improvements for the Village One Specific Plan. The south side of Sylvan Avenue roadway next to the subject parcel is already fully improved establishing the required width needed on the north side. There is no reasonable possibility of shifting the Sylvan Avenue south to avoid the subject parcel. Single family lots are developed on the south side of Sylvan Avenue next to the subject parcel. There is no other land within or outside of the subject parcel on which it is reasonably feasible to locate this public improvement project.

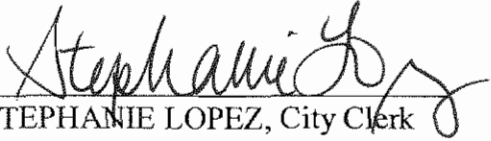

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

Due to the award of the Phase 2 Biological Nutrient Removal/Tertiary Treatment Facility project and in order to fully fund construction administration and engineering design support services during construction plus engineering construction support by City staff, project task costs need to be increased by \$5,329,775. This would be done by adjusting tasks within CIP Account 100520 "WW Treatment Phase 2 Tertiary" as follows: Construction by <\$5,329,775>, Construction Administration by \$5,175,361, and Engineering/Design/Administration by \$154,414.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-186**

RESOLUTION APPROVING AN AGREEMENT WITH CAROLLO ENGINEERS, INC. FOR DESIGN SUPPORT DURING CONSTRUCTION FOR PHASE 2 BNR/TERTIARY TREATMENT FACILITY PROJECT IN AN AMOUNT NOT TO EXCEED \$5,469,731 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$273,487 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$5,743,218, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in April 2008, the Central Valley Regional Water Quality Control Board (RWQCB) adopted a new National Pollutant Discharge Elimination System (NPDES) permit for the City of Modesto with stricter limits to the City's treated wastewater discharge into the San Joaquin River, and

WHEREAS, the new permit requires the City to meet these discharge requirements by February 2016, and has resulted in the need for the Phase 2 BNR/Tertiary Treatment Facility Project (Phase 2 Tertiary Project), and

WHEREAS, bids for the Phase 2 Tertiary Project were opened January 25, 2012 and construction is expected to begin early summer, and

WHEREAS, due to the size and complexity of the project, construction support services are needed to facilitate construction activities, and

WHEREAS, these support services will promote timely and successful construction of the facilities, while also reducing risk to the City, and

WHEREAS, therefore, Engineering Services During Construction (ESDC) work is being recommended by City staff, and will cover the nearly four years estimated for construction and the start-up of Phase 2 Tertiary Project, and

WHEREAS, Carollo Engineers, Inc. (Carollo) is the consulting design engineer for the Phase 2 Tertiary Project, and was selected for preliminary design services utilizing the City's Administrative Directive 3.1 in 2008 and final design services in 2009, and

WHEREAS, upon successful completion of the design of the project, City staff requested and received a proposal from Carollo for ESDC services, and

WHEREAS, the scope for ESDC includes General technical oversight of project activity, including review of submittals and shop drawings, review and response to Requests for Information (RFIs) and change order requests, as-needed technical observation of construction activities, project start-up and close-out assistance, and As-built preparation, and

WHEREAS, Carollo's scope also includes necessary services which will extend beyond the construction period of Phase 2 Tertiary Project, and

WHEREAS, the City will be responsible for permitting the new tertiary facility as well as complying with Title 22 as required by the RWQCB, and

WHEREAS, Carollo will be responsible for coordinating permit requirements with the various governmental agencies and/or utilities that have jurisdiction over the project, as well as for preparing an Engineering Compliance Report required by the RWQCB and California Department of Public Health (CDPH) Title 22 Compliance, and

WHEREAS, Carollo will also provide assistance concerning potential warranty issues associated with the project and prepare an electronic Operations and Maintenance Manual, and

WHEREAS, the total cost of ESDC, including the optional 5% Additional Services, is \$5,743,218, which is 5.7% of the total construction costs, and

WHEREAS, staff has negotiated the scope and fees with Carollo and believes the costs are reasonable for a project of this size and complexity, and

WHEREAS, furthermore, staff has collected cost data from several other wastewater treatment facility and water treatment facility projects of similar scope, and

WHEREAS, the ESDC costs as a percentage of total construction costs for the projects collected range from 2.9% to 8.6% with an average cost of 6.0%, and

WHEREAS, the collected cost data further reflects that the proposed costs for ESDC and CM services for the Phase 2 Tertiary Project are in line with industry standards, and

WHEREAS, based on the City's need for these services and analysis of the proposed costs, staff is recommending approval of the agreement with Carollo for construction support services of the Phase 2 Tertiary Project, and

WHEREAS, staff recommends an agreement with Carollo, as the City does not have the staffing level or subject matter expertise to perform design support during construction for the Phase 2 Tertiary Project, and current workload levels do not provide for timely in-house solutions/responses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Carollo Engineers, Inc. for Design Support During Construction for Phase 2 Biological Nutrient Removal/Tertiary Treatment Facility for an amount not to exceed \$5,469,731 for the identified scope of services, plus \$273,487 for additional services (if needed), for a maximum total amount of \$5,743,218.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Cogdill, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-187**

RESOLUTION APPROVING AN AGREEMENT WITH WEST YOST ASSOCIATES, INC. FOR CONSTRUCTION MANAGEMENT SERVICES FOR PHASE 2 BNR/TERTIARY TREATMENT FACILITY PROJECT IN AN AMOUNT NOT TO EXCEED \$8,029,699 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$240,891 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$8,270,590, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, in April 2008, the Central Valley Regional Water Quality Control Board (RWQCB) adopted a new National Pollutant Discharge Elimination System (NPDES) permit for the City of Modesto with stricter limits to the City's treated wastewater discharge into the San Joaquin River, and

WHEREAS, the new permit requires the City to meet these discharge requirements by February 2016, and has resulted in the need for the Phase 2 BNR/Tertiary Treatment Facility Project (Phase 2 Tertiary Project), and

WHEREAS, bids for the Phase 2 Tertiary Project were opened January 25, 2012 and construction is expected to begin early summer, and

WHEREAS, due to the size and complexity of the project, construction management services are needed to facilitate construction activities, and

WHEREAS, these support services will promote timely and successful construction of the facilities, while also reducing risk to the City, and

WHEREAS, therefore, Construction Management & Inspection (CM) work is being recommended by City staff, and will cover the nearly four years estimated for construction and the start-up of Phase 2 Tertiary Project, and

WHEREAS, in preparation for construction of the Phase 2 Tertiary Project, consultant services were sought in 2010 for CM services, and

WHEREAS, following Administrative Directive 3.1, City staff selected West Yost Associates, Inc. (West Yost) as the most qualified firm to provide these services, and

WHEREAS, as the CM, West Yost will act as the City's advisor relating to the contract and provide coordination between all parties as it relates to the construction activities, and

WHEREAS, the scope for CM services includes management of the project schedule, review and management of submittals and shop drawings, review and management of all Requests for Information (RFIs) and change orders, full-time construction observation and inspection, management of all project costs and progress payments, operational start-up and training assistance, project close-out assistance, and claims management, and

WHEREAS, the total cost of CM services, including the optional 3% Additional Services, is \$8,270,590, which is 8.3% of the total construction costs, and

WHEREAS, staff has negotiated the scope and fees with West Yost and believes the costs are reasonable for a project of this size and complexity, and

WHEREAS, furthermore, staff has collected cost data from several other wastewater treatment facility and water treatment facility projects of similar scope, and

WHEREAS, the CM costs as a percentage of total construction costs for the projects collected range from 5.5% to 11.8% with an average cost of 8.6%, and

WHEREAS, the collected cost data further reflects that the proposed costs for CM services for the Phase 2 Tertiary Project are in line with industry standards, and

WHEREAS, based on the City's need for these services and analysis of the proposed costs, staff is recommending approval of the agreement with West Yost for CM services of the Phase 2 Tertiary Project, and

WHEREAS, staff recommends an agreement with West Yost, as the City does not have the staffing level or subject matter expertise to perform CM services for the Phase 2 Tertiary Project, and current workload levels do not provide for timely in-house solutions/responses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with West Yost Associates, Inc. for Construction Management Services for Phase 2 Biological Nutrient Removal/Tertiary Treatment Facility for an amount not to exceed \$8,029,699 for the identified scope of services, plus \$240,891 for additional services (if needed), for a maximum total amount of \$8,270,590.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-189**

RESOLUTION APPROVING THE PURCHASE AGREEMENT FOR A TEMPORARY CONSTRUCTION EASEMENT BETWEEN THE CITY OF MODESTO AND JOGA S. MINHAS & SURINDER K. MINHAS, FOR A 1,615 SQ. FT. (0.037 ACRES) PARCEL OF LAND (APN 135-029-036), IN THE AMOUNT OF \$4,800.00, FOR THE PELANDALE AVENUE/SR 99 INTERCHANGE RECONSTRUCTION PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the City of Modesto is planning a project to reconstruct the Pelandale Avenue/SR 99 Interchange, and

WHEREAS, the project will alleviate congestion and improve operations of the Pelandale Avenue & SR 99 Interchange, and

WHEREAS, the City of Modesto has obtained lead agency status from the California Department of Transportation for the project, and

WHEREAS, staff has identified a 1,615 sq. ft. (0.037 acres) portion of a parcel of APN 135-029-036 for a Temporary Construction Easement to improve the roadway on Salida Blvd. as a part of the capital improvements identified for the Pelandale Avenue/SR 99 Interchange Reconstruction Project, and

WHEREAS, staff has completed the required environmental review for the project, and

WHEREAS, an Agreement is needed for the acquisition interests of the property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchase Agreement between the City of Modesto and Joga S. Minhas & Surinder K. Minhas, for a 1,615 sq. ft. (0.037 acres) Temporary Construction

Easement, located at 4224 Salida Blvd. (APN 135-029-036), in the amount of \$4,800 for the Pelandale Avenue/SR 99 Interchange Reconstruction Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-190**

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN THE CERTIFICATE OF ACCEPTANCE FOR THE TEMPORARY CONSTRUCTION EASEMENT, FOR THE ACQUISITION OF PROPERTY INTERESTS LOCATED AT 4224 SALIDA BLVD, OWNED BY JOGA S. MINHAS & SURINDER K. MINHAS, (APN 135-029-036) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE PELANDALE AVENUE/SR 99 INTERCHANGE RECONSTRUCTION PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire a 1,615 sq. ft. (0.037 acres) portion of land for a Temporary Construction Easement located on Salida Blvd., owned by Joga S. Minhas & Surinder K. Minhas., (APN 135-029-036), to be purchased by the City of Modesto for the Pelandale Avenue/SR 99 Interchange Reconstruction Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign the Certificate of Acceptance for the Temporary Construction Easement for the acquisition of property interests located at 4224 Salida Blvd., owned by Joga S. Minhas & Surinder K. Minhas, (APN 135-029-036) to be purchased by the City of Modesto for the Pelandale Avenue/SR 99 Interchange Reconstruction Project.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-191**

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE THE ACQUISITION OF CERTAIN REAL PROPERTY AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS: STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT – ASSESSOR’S PARCEL NUMBER: 135-029-049. PROPERTY OWNERS: MOHAMMED S. HUSSAIN AND KHAIRUL N. HUSSAIN – 4324 SALIDA BOULEVARD, SALIDA, STANISLAUS COUNTY, CALIFORNIA

WHEREAS, the purpose of the State Route 99/Pelandale Avenue Interchange Construction Project (“Project”) is to replace and expand the Pelandale Avenue Interchange on State Route (“SR”) 99 in order to mitigate existing interchange operational and safety deficiencies, including without limitation: (1) widening, reconstructing, and relocating an existing operationally inadequate bridge structure across SR 99; (2) ramp modifications to lessen congestion and improve operational efficiency of SR 99 and surrounding local roads, including Pelandale Avenue, Sisk Road and Salida Avenue; (3) pedestrian crossings and upgrades to meet standards of the Americans with Disabilities Act, as well as, improving traffic conditions, levels of service and accommodate projected increases in regional and local traffic; and

WHEREAS, the Project is consistent with the adopted General Plan of the City of Modesto and the State Route 99 Transportation Concept Plan; and

WHEREAS, improvement of said interchange will require acquisition of right-of-way for State Highway and related local road purposes, and

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of-Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire a twelve month temporary construction easement to Assessor’s Parcel Number 135-029-049, also known as 4324 Salida Boulevard in the County of Stanislaus, California, as more particularly described in **Exhibit “A”** and depicted in **Exhibit “B” attached** hereto and made part of this Resolution and referred to as the “Subject Property”; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution

of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owners of the Subject Property, a copy of the “Notice of Intent to Adopt resolution of Necessity” informing them of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;
- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City’s use of the property will

not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;

- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owners to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, on February 28, 2012, the County of Stanislaus authorized and approved the City of Modesto to acquire right-of-way in the County; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the twelve month temporary construction easement in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.

6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.
7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore , was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-192**

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE THE ACQUISITION OF CERTAIN REAL PROPERTY AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS: STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT: ASSESSOR'S PARCEL NUMBER: 135-029-051. PROPERTY OWNERS: ROGER A. FLORES AND CAROL E. FLORES AS TRUSTEES OF THE ROGER A. OR CAROL E. FLORES TRUST DATED 3/10/1981, JULIANNE M. POLATI – 4300 SALIDA BOULEVARD, SALIDA, STANISLAUS COUNTY, CALIFORNIA

WHEREAS, the purpose of the State Route 99/Pelandale Avenue Interchange Construction Project (“Project”) is to replace and expand the Pelandale Avenue Interchange on State Route (“SR”) 99 in order to mitigate existing interchange operational and safety deficiencies, including without limitation: (1) widening, reconstructing, and relocating an existing operationally inadequate bridge structure across SR 99; (2) ramp modifications to lessen congestion and improve operational efficiency of SR 99 and surrounding local roads, including Pelandale Avenue, Sisk Road and Salida Avenue; (3) pedestrian crossings and upgrades to meet standards of the Americans with Disabilities Act, as well as, improving traffic conditions, levels of service and accommodate projected increases in regional and local traffic; and

WHEREAS, the Project is consistent with the adopted General Plan of the City of Modesto and the State Route 99 Transportation Concept Plan; and

WHEREAS, improvement of said interchange will require acquisition of right-of-way for State Highway and related local road purposes, and

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of-Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire a twelve month temporary construction easement to Assessor’s Parcel Number I35-029-051, also known as 4300 Salida Boulevard in the County of Stanislaus, California, as more particularly described in **Exhibit “A”** and depicted in **Exhibit “B” attached** hereto and made part of this Resolution and referred to as the “Subject Property”; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution

of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owners of the Subject Property, a copy of the “Notice of Intent to Adopt resolution of Necessity” informing them of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;
- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City’s use of the property will

not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;

- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owners to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, on February 28, 2012, the County of Stanislaus authorized and approved the City of Modesto to acquire right-of-way in the County; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the twelve month temporary construction easement in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.

6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.
7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-193**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO
DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE
THE ACQUISITION OF CERTAIN REAL PROPERTY AND DIRECTING THE
FILING OF EMINENT DOMAIN PROCEEDINGS: STATE ROUTE
99/PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT.
ASSESSOR'S PARCEL NUMBER: 135-029-037 – PROPERTY OWNER:
MCDONALD'S CORPORATION / 4230 SALIDA BOULEVARD, SALIDA,
STANISLAUS COUNTY, CALIFORNIA**

WHEREAS, the purpose of the State Route 99/Pelandale Avenue Interchange Construction Project (“Project”) is to replace and expand the Pelandale Avenue Interchange on State Route (“SR”) 99 in order to mitigate existing interchange operational and safety deficiencies, including without limitation: (1) widening, reconstructing, and relocating an existing operationally inadequate bridge structure across SR 99; (2) ramp modifications to lessen congestion and improve operational efficiency of SR 99 and surrounding local roads, including Pelandale Avenue, Sisk Road and Salida Avenue; (3) pedestrian crossings and upgrades to meet standards of the Americans with Disabilities Act, as well as, improving traffic conditions, levels of service and accommodate projected increases in regional and local traffic; and

WHEREAS, the Project is consistent with the adopted General Plan of the City of Modesto and the State Route 99 Transportation Concept Plan; and

WHEREAS, improvement of said interchange will require acquisition of right-of-way for State Highway and related local road purposes, and

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of-Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire a twelve month temporary construction easement to Assessor’s Parcel Number 135-029-037, also known as 4230 Salida Boulevard in the County of Stanislaus, California, as more particularly described in **Exhibit “A”** and depicted in **Exhibit “B” attached** hereto and made part of this Resolution and referred to as the “Subject Property”; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution

of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owner of the Subject Property, a copy of the "Notice of Intent to Adopt resolution of Necessity" informing it of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;

- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City's use of the property will not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;
- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owner to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, on February 28, 2012, the County of Stanislaus authorized and approved the City of Modesto to acquire right-of-way in the County; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the twelve month temporary construction easement in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.
6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.
7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the

Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.

8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owners to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, on February 28, 2012, the County of Stanislaus authorized and approved the City of Modesto to acquire right-of-way in the County; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the twelve month temporary construction easement in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.
6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject

Property for public uses as they now exist or may reasonably be expected to exist in the future.

7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Muratore, was upon roll call carried and the resolution adopted by the following vote:

TEMPORARY CONSTRUCTION EASEMENT

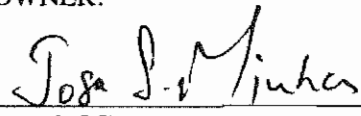

JOGA S. MINHAS AND SURINDER K. MINHAS, HUSBAND AND WIFE AS JOINT TENANTS, ("OWNER") grant(s) to the CITY OF MODESTO ("CITY"), a municipal corporation, an exclusive temporary construction easement over, upon and across all that real property in the County of Stanislaus, State of California, described in Exhibit "A" and Exhibit "B" attached hereto and made a part hereof.

This Temporary Construction Easement (TCE) shall be for the purpose of construction activities related to the Pelandale Avenue / Hwy 99 Interchange Project. Under this TCE, CITY's use of the TCE Area shall be exclusive. As a result, CITY, from time to time, may erect and maintain temporary fences and may exclude persons or other uses of all or a portion of the TCE Area if, in CITY's sole discretion, the presence of said persons or other uses would be hazardous or would hinder CITY's activities related to the Project.

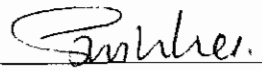

Said easement shall be for a period of twelve (12) months from the date the contractor enters the easement and end no later than the completion of construction within the Highway Project, or twelve (12) months, whichever occurs first. Upon termination of the Easement, the CITY shall execute and deliver to Grantor a quitclaim deed reciting the fact of termination of said grant of easement. Recordation of notice of the quitclaim deed shall serve as conclusive evidence of the termination of the grant of the temporary construction easement.

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of –Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire fee title together with all improvements situated thereon, together with all rights appurtenant thereto, to Assessor’s Parcel Number 135-029-039, known as 4201 Sisk Road, Modesto, County of Stanislaus, California, as more particularly described in **Exhibit “A”** and depicted in **Exhibit “B” attached** hereto and made part of this Resolution and referred to as the “Subject Property”; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owner of the Subject Property, a copy of the “Notice of Intent to Adopt resolution of Necessity” informing it of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;

- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City's use of the property will not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;
- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to Okada Bros. Inc., to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative

record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the fee simple title in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.
6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.

7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-196**

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE THE ACQUISITION OF CERTAIN REAL PROPERTY AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS: STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT, ASSESSOR'S PARCEL NUMBER: 135-029-038. PROPERTY OWNERS, PAUL ALLEN BAHN; DAVID JOHN SEIFERT AND RUTH ELLA SEIFERT, TRUSTEE AND SUCCESSOR TRUSTEES OF THE DAVID JOHN SEIFERT AND RUTH SEIFERT 1995 LIVING TRUST, CREATED BY DECLARATION OF TRUST DATED SEPTEMBER 7, 1995; W. BLAKE GIBBS AND ESTER M. GIBBS, TRUSTEES AND THE SUCCESSOR TRUSTEES OF THE W.B. & E.M. GIBBS TRUST, U/A/D 02/04/09; TYLER GIBBS AND KRISTINE A. GIBBS, TRUSTEES AND THE SUCCESSOR TRUSTEES OF THE GIBBS FAMILY TRUST, CREATED BY DECLARATION OF TRUST DATED MARCH 20, 2000; JONATHAN D. SEIFERT; KRISTIN B. SEIFERT; DANIEL E. BLACKMAN; PARI ANNA BLACKMAN. 4259 SISK ROAD, MODESTO, STANISLAUS COUNTY, CALIFORNIA

WHEREAS, the purpose of the State Route 99/Pelandale Avenue Interchange Construction Project ("Project") is to replace and expand the Pelandale Avenue Interchange on State Route ("SR") 99 in order to mitigate existing interchange operational and safety deficiencies, including without limitation: (1) widening, reconstructing, and relocating an existing operationally inadequate bridge structure across SR 99; (2) ramp modifications to lessen congestion and improve operational efficiency of SR 99 and surrounding local roads, including Pelandale Avenue, Sisk Road and Salida Avenue; (3) pedestrian crossings and upgrades to meet standards of the Americans with Disabilities Act, as well as, improving traffic conditions, levels of service and accommodate projected increases in regional and local traffic; and

WHEREAS, the Project is consistent with the adopted General Plan of the City of Modesto and the State Route 99 Transportation Concept Plan; and

WHEREAS, improvement of said interchange will require acquisition of right-of-way for State Highway and related local road purposes, and

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of-Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire fee title together with

all improvements situated thereon, together with all rights appurtenant thereto, to Assessor's Parcel Number 135-029-038, also known as 4259 Sisk Road in Modesto, County of Stanislaus, California, as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B" attached** hereto and made part of this Resolution and referred to as the "Subject Property"; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owners of the Subject Property, a copy of the "Notice of Intent to Adopt resolution of Necessity" informing them of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City

Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;
- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City's use of the property will not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;
- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owners to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.

3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the fee simple title in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.
5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.
6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.
7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-197**

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY REQUIRE THE ACQUISITION OF CERTAIN REAL PROPERTY AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS: STATE ROUTE 99 / PELANDALE AVENUE INTERCHANGE RECONSTRUCTION PROJECT. ASSESSOR'S PARCEL NUMBERS: 135-029-040 & 135-029-041, RAMANBHAI VANMALIBHAI PATEL AND USHABEN RAMANBHAI PATEL AS TRUSTEES OF THE PATEL LIVING TRUST DATED NOVEMBER 13, 2007, PROPERTY OWNERS – 4152 SALIDA BOULEVARD, MODESTO, STANISLAUS COUNTY, CALIFORNIA

WHEREAS, the purpose of the State Route 99/Pelandale Avenue Interchange Construction Project (“Project”) is to replace and expand the Pelandale Avenue Interchange on State Route (“SR”) 99 in order to mitigate existing interchange operational and safety deficiencies, including without limitation: (1) widening, reconstructing, and relocating an existing operationally inadequate bridge structure across SR 99; (2) ramp modifications to lessen congestion and improve operational efficiency of SR 99 and surrounding local roads, including Pelandale Avenue, Sisk Road and Salida Avenue; (3) pedestrian crossings and upgrades to meet standards of the Americans with Disabilities Act, as well as, improving traffic conditions, levels of service and accommodate projected increases in regional and local traffic; and

WHEREAS, the Project is consistent with the adopted General Plan of the City of Modesto and the State Route 99 Transportation Concept Plan; and

WHEREAS, improvement of said interchange will require acquisition of right-of-way for State Highway and related local road purposes, and

WHEREAS, California Streets and Highway Code Section 130 authorizes Caltrans and the City of Modesto to enter into a contract regarding the acquisition, construction, improvement and/or maintenance of any State Route; and

WHEREAS, on February 22, 2011, the City Council of City of Modesto adopted Resolution 2011-64 authorizing the City Manager to execute a co-operative agreement between City of Modesto and California Department of Transportation (“Caltrans”) for acquisition of right-of-way for construction of the Project improvements and for the City of Modesto to hear Resolutions of Necessity; and

WHEREAS, on June 9, 2011, the City of Modesto and Caltrans entered into a Co-operative Agreement (“District Agreement 10-322”); and

WHEREAS, after extensive public scoping of nineteen (19) interchange alternatives, in addition to a “No Build” alternative, Caltrans approved the Initial Study with Mitigated Negative Declaration on September 28, 2009 selecting the preferred alternative for the Project; and

WHEREAS, the selection of the preferred alternative set the Right-of-Way requirements for implementation of the Project; and

WHEREAS, the real property described herein and to be acquired is within the Project area; and

WHEREAS, it is desirable and necessary for the City of Modesto’s SR 99/Pelandale Avenue Interchange Reconstruction Project to acquire fee title together with all improvements situated thereon, together with all rights appurtenant thereto, to Assessor’s Parcel Numbers 135-029-040 and 135-029-041, along Salida Boulevard in Modesto, County of Stanislaus, California, as more particularly described in **Exhibit “A”**

and depicted in **Exhibit “B” attached** hereto and made part of this Resolution and referred to as the “Subject Property”; and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property for the Project by virtue of Article 1, Section 19, of the Constitution of the State of California; California Code of Civil Procedure sections 1240.010 - 1240.050, 1240.110, 1240.120, 1240.150, 1240.350, 1240.510, 1250.610; California Government Code sections 37350.5, 37353, 39792, 38900, 40401 and 40404; Pelandale Avenue Joint Powers Agreement dated December 6, 2005 between the City of Modesto and the County of Stanislaus; Approval of the Consent by Stanislaus County to Allow Right-of-Way Acquisition by the City of Modesto, Item No. 2011-568, dated October 4, 2011; Consent signed by the County to Allow Right-of-Way Acquisition by the City of Modesto (in the County for the Project) dated October 5, 2011 and February 28, 2012; Modesto City Council Resolution No. 2011-064, dated February 22, 2011; the Cooperative Agreement between the California State Department of Transportation and the City of Modesto dated June 9, 2011 (District Agreement 10-322); and, California Streets and Highways Code section 10102; and

WHEREAS, pursuant to Code of Civil Procedure Section 1245.235, the City of Modesto provided the owners of the Subject Property, a copy of the “Notice of Intent to Adopt resolution of Necessity” informing them of the date and time any interested person could be heard before the City Council, on the following matters, and to have the City Council give consideration to testimony prior to deciding whether or not to adopt the proposed Resolution of Necessity to commence eminent domain proceedings:

- (a) Whether the public interest and necessity require the Project;

- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project;
- (d) Whether the property is being acquired for a compatible use under Code of Civil Procedure section 1240.510 in that the City's use of the property will not interfere with or impair the continued public use as it now exists or may reasonably be expected to exist in the future;
- (e) Whether the property is being acquired for a more necessary public use under Code of Civil Procedure 1240.610 in that the City's use is a more necessary public use than the use to which the property is appropriated or could be appropriated; and
- (f) Whether the offer required by Government Code Section 7267.2 has been made to the owner of record.

WHEREAS, pursuant to the provisions of Section 7267.2 of the Government Code of the State of California, the City of Modesto made a written offer to the property owners to acquire the Subject Property for just compensation and provided same with an appraisal summary statement; and

WHEREAS, Caltrans and the City of Modesto have satisfied the provisions and complied with all requirements of the California Environmental Quality Act ("CEQA") for the Project; and

WHEREAS, Caltrans authorized and approved the City of Modesto to hear Resolutions of Necessity for acquisitions of right-of-way for the Project; and

WHEREAS, a hearing was held on May 22, 2012, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which the City Council considered this matter as an item placed on its agenda at its regular meeting; and

WHEREAS, all the findings and conclusions made by the City Council pursuant to this Resolution are based upon substantial evidence in the entire record before the City Council, and are not based solely on the information in this Resolution; and

WHEREAS, prior to taking action, the City Council has heard, been presented with, reviewed and considered all of the information and data in the administrative record, including each of the Project-related documents relevant to the adoption of this Resolution, including but not limited to, the General Plans of the City of Modesto and the County of Stanislaus, the Environmental Documents including without limitation, the Initial Study with Mitigated Negative Declaration, the Staff Report and all documents incorporated therein, and all oral and written evidence presented to it during all meetings and hearings regarding this Project; and

WHEREAS, the City Council has endeavored in good faith to consider the pros and cons of the issue before it; and

WHEREAS, all other legal prerequisites to the adoption of the Resolution have occurred.

NOW, THEREFORE, IT IS FOUND, DETERMINED, AND RESOLVED by the City of Modesto as follows:

1. The above recitals are true and correct and are matters on which these findings are based.
2. The public interest and necessity require the Project.
3. The Project is planned and located in the manner which will be most compatible with the greatest public good and the least private injury.
4. The taking of the fee simple title in and to the real property as more particularly described in **Exhibit "A"** and depicted in **Exhibit "B"** is necessary for the Project.

5. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner of record of the real property.
6. The Subject Property is being acquired for a compatible use under California Code of Civil Procedure section 1240.510 in that the City's use of the Subject Property will not interfere with or impair the continued use of the Subject Property for public uses as they now exist or may reasonably be expected to exist in the future.
7. The Subject Property is being acquired for a more necessary public use under California Code of Civil Procedure section 1240.610 in that the City's use of the Subject Property is a more necessary public use than the use to which the property is appropriated now or may be appropriated to in the future.
8. Special Counsel, Meyers, Nave, Riback, Silver & Wilson, is hereby authorized, empowered and directed to acquire, in the name of City of Modesto, by condemnation, the Subject Property in accordance with the provisions of the Eminent Domain Law, the Code of Civil Procedure and the Constitution of California; to prepare, prosecute and conduct to conclusion in the name of the City of Modesto such proceedings in the proper court as are necessary for such acquisition and to take such action as may be deemed advisable or necessary in connection therewith; and, to deposit the probable amount of just compensation to the State Treasurer's Condemnation Fund based on an appraisal and apply to the Court for an order of prejudgment possession and use for said public uses and purposes as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Geer, Gunderson, Lopez, Muratore,
Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-198**

RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(594). (SATELLITE HOUSING/AMERICAN BAPTIST HOMES OF THE WEST)

WHEREAS, a verified application for an amendment to Section 28-3-9 of the Zoning Map was filed by Satellite Housing/American Baptist Homes of the West on January 5, 2012, to reclassify from Medium High Density Residential Zone, R-3, to Planned Development Zone, P-D(594) to allow for a three-story senior housing apartment building, property located at the west corner of 17th and G Streets, described as follows:

R-3 to P-D(594)

All those portions of Lots 7 through 16 in Block 127 as per Map thereof filed December 21, 1942 in Volume 15 of Maps, Stanislaus County Records lying in the southwest quarter of Section 28, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

BEGINNING at the north corner of said Lot 7, said point being on the southwesterly right-of-way line of 80.00 feet wide 17th Street; thence South 43° 12' 09" East 250.05 feet on said right-of-way line to the east corner of aforementioned Lot 16 and the northwesterly right-of-way line of 80.00 feet wide G Street; thence South 46° 49' 09" West 139.94 feet on said northwesterly right-of-way line to the south corner of said Lot 16 and the northeasterly line of the 20.00 feet wide alley through Block 127; thence North 43° 11' 11" West 250.05 feet on said northeasterly alley line; thence leaving said northeasterly alley line, North 46° 49' 12" East 140.00 feet on the northwesterly line of said Lot 7 to the point of beginning.

Also including the southwesterly 40.00 feet of 17th Street, the northwesterly 40.00 feet of G Street, and the northeasterly 10.00 feet of the alley, all being immediately adjacent to the above described property.

APNs: 106-006-012 and 106-006-013

WHEREAS, after a public hearing held on April 2, 2012, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2012-03, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed zone change to Planned Development is consistent with the Modesto Urban Area General Plan. The General Plan designates this area as “RPD” (Redevelopment Planning District), which allows for and encourages a mixture of commercial, professional office and residential uses. Rezoning to allow a senior housing development will be consistent with the Redevelopment Master Plan and the General Plan in land use and intensity.
2. The proposed project will provide much needed affordable housing in Modesto and contribute towards meeting the City’s share of the Regional Housing Needs Allocation.
3. The conditions of approval will ensure that the proposed project is compatible with the adjacent residential and commercial uses.

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 22, 2012, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Satellite Housing/American Baptist Homes of the West for a Planned Development Zone should be granted as consistent with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2012-03 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3564-C.S. on the 22nd day of May, 2012, reclassifying the above-described property from Medium High Density Residential Zone, R-3, to Planned Development Zone, P-D(594),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto
as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned
Development Zone, P-D(594), is hereby approved subject to the following conditions:

1. Prior to the issuance of a building permit, all development shall conform to the development plan and building elevations titled "Tower Park Senior Apartments" stamped approved by the City Council.
2. Prior to issuance of a building permit, any variation from the approved site plan or building elevations on file with the City must be reviewed and approved by the Director of Community and Economic Development.
3. Prior to occupancy of any structure, striping of parking stalls, aisles and driveways shall conform to the provisions of MMC Section 10-2.2004, Parking Lot Design.
4. Parking lot shade trees shall be provided in all new parking areas to meet current parking lot shading requirements (1 tree per 8 stalls, 50% coverage within 10 years).
5. Prior to issuance of a building permit, the developer shall submit a lighting plan that includes the location and design of proposed lighting fixtures for review and approval by the Director of Community and Economic Development. The design of light fixtures and their structural supports should be architecturally compatible with the building, and should be architecturally integrated into the design of the building to the satisfaction of the Director of Community and Economic Development.
6. Along pedestrian corridors, the use of low mounted bollard light standards, which reinforce pedestrian scale, shall be used. Steps and ramps should be illuminated wherever possible, with built-in light fixtures to the satisfaction of the Director of Community and Economic Development.
7. Prior to Certificate of Occupancy of any structure, all ground mounted utility structures such as transformers and HVAC equipment shall be located out of view from a public street to the satisfaction of the Director of Community and Economic Development. Any additional equipment required by the utility companies shall be placed underground or adequately screened though the use of landscaping or masonry walls.
8. Signage shall be as shown on the 17th and G Street first-floor entrance elevation, and as allowed in the R-3 Zone.

9. Exterior building walls shall be provided with a graffiti-resistant coating or paint, to a height of 12-feet, at the following locations: (a) 17th Street frontage and (b) G Street frontage.
10. Exterior building elevations showing building wall materials, roof types, exterior colors and appropriate vertical dimensions shall be included in the development construction drawings.
11. Construction drawings shall demonstrate that all building drainage gutters, down spouts, vents, etc. located on exterior walls, are completely concealed from public view or designed to be architecturally compatible (decorative) with the exterior building design and color to the satisfaction of the Director of Community and Economic Development or designee.
12. Construction drawings shall demonstrate that new ladders for roof access are mounted on the inside of the building to the satisfaction of the Director of Community and Economic Development.
13. Prior to the issuance of a building permit, improvement plans for any required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans. Improvement plans shall include but not be limited to the following:
 - a. The existing 6-inch sewer main in the alley is undersized and shall be upgraded to a minimum of 8-inch main according to current City standards.
 - b. All domestic, landscape and fire water connections shall be made from the water main lines located under 17th Street and G Street. No connections shall be made from the smaller line under the alley.
 - c. A horizontal drain shall be designed and utilized to store and percolate all storm water runoff generated from the impervious area of the proposed development. The capacity of the horizontal drains shall be designed to Storm Drainage Design Interim Policy for Infill development that is less than 3 acres in size.
 - d. Curb ramps on 17th Street and G Street shall be installed, per City Standards.
 - e. A fire hydrant shall be installed at the northeast corner of the site on 17th Street.
 - f. Driveway entrances into the alley shall demonstrate a fire apparatus turning radii of 25-feet inside and 45-feet outside.

14. Prior to the issuance of a Grading or Building Permit, Developer shall prepare and submit a Water Pollution Control Plan (WPCP) or local SWPPP to Land Development Engineering, Stormwater for review. The submittal shall include a description of all stormwater, erosion, sediment, and pollution control BMPs to be used to prevent sediment and other sources of pollution from entering the City storm drain system as well as a site plan showing their placement.
15. Prior to the issuance of a Grading or Building Permit, Developer shall provide plans for a linear drain at the trash pick-up area to collect and route stormwater runoff into adjacent landscape area(s).
16. Prior to the issuance of a Grading or Building Permit, Developer shall submit a plan to provide permanent, post-construction treatment (grass swale, vegetative strip, or other approved proprietary device) to remove pollutants from the first ½" of stormwater run-off from site.
17. Prior to the issuance of a Grading or Building Permit, property owner shall provide a signed and notarized Stormwater Treatment Device Access and Maintenance Agreement to Land Development Engineering, Stormwater for recording.
18. All public improvements shall be designed and constructed according to City of Modesto Standard Specifications or as required for the public health and safety by the City Engineer or designee.
19. All existing underground and aboveground utilities and electrical lines shall be protected, relocated, or removed as required by the City Engineer or designee. Easements for utilities and electrical lines to remain shall be reserved as required.
20. The driveway leading from the gates to the trash pick-up area shall be strong enough to withstand the weight of a garbage truck providing regular service to the site. The garbage collection company cannot be faulted for damaging the concrete.
21. The 20-foot width of the alley shall be kept free of any obstructions, including parked cars. Both sides of the alley shall be posted with no parking signs.
22. KNOX brand keypads shall be installed for electronic gates.
23. All aspects of this project to comply with current City of Modesto Standards and also current California Building, Electrical, Mechanical, Plumbing, Energy codes adopted by the City of Modesto.
24. All department Conditions of Approval for the project shall be included with building plans and shall be continuously maintained on-site during project construction to the satisfaction of the Chief Building Official.

25. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
26. At the time of issuance of a building permit, the developer shall pay development impact fees at the established rate. Such fees may include but are not limited to, sewer and water connection fees, community facility fees, building permit and plan check fees.
27. Prior to Certificate of Occupancy for any structure, cable television service shall be stubbed into all units.
28. Prior to start of construction, all-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions at all times during construction as required by Director of Community and Economic Development.
29. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

30. AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover. (General Plan Policy VII-H.2[kk])
31. AQ-43: All onsite unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant. (General Plan Policy VII-H.2[l])
32. AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking. (General Plan Policy VII-H.2[mm])

33. AQ-45: With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition. (General Plan Policy VII-H.2[nn])
34. AQ-46: When materials are transported off site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained. (General Plan Policy VII-H.2[oo])
35. AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (General Plan Policy VII-H.2[pp])
36. AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant. (General Plan Policy VII-H.2[qq])
37. AQ-49: Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday. (General Plan Policy VII-H.2[rr])
38. AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and trackout. (General Plan Policy VII-H.2[ss])
39. N-1: The City has also established a noise ordinance to control noise within the City. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."
40. N-2: Additionally, the noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and state or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):
 - a. A hammer, or any other device or implement used to pound or strike an object.
 - b. An impact wrench, or other tool or equipment powered by compressed air.
 - c. A hand-powered saw.
 - d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

- e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
 - f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
 - g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
42. N-3: The City of Modesto shall require construction activities to comply with the City's noise ordinance (Title 4, Chapter 9), and noise-reducing construction practices to be implemented as conditions of approval for development projects where substantial construction-related noise impacts would be likely to occur (e.g., where construction would include extended periods of pile driving, where construction would occur over an unusually long period, or where noise-sensitive uses like homes and schools would be in the immediate vicinity, etc.). The city should consider potential mitigation measures, including, but not limited to, the following: Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected. (UAGP VIIG.3[a])
43. SD-7: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed

for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V-E.3[f])

44. FWQ-12: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V.E.3[f])
45. FWQ-13: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V.E.3[h])
46. FWQ-15: New developments shall be required to implement an appropriate selection of permanent pollution control measures in accordance with the City's implementation policies for the municipal NPDES stormwater permit. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants. (UAGP Policy V.E.4[f])
47. HM-15: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V-E.3[f])
48. HM-17: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V-E.3[h])
49. GSM-2: The City shall require all new buildings in the City to be built to the seismic requirements of the 2007 California Building Code (or subsequent editions). (UAGP Policy VI-B.2[b])
50. GSM-9: All building permits shall be reviewed to ensure compliance with the current adopted edition of the California Fire Code, California Building Code, California Mechanical Code, California Electrical Code, California Plumbing Code, Title 19, Title 24, and the City of Modesto Municipal Code. (UAGP Policy VI-E.1[d])

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(594):

The entire construction program be accomplished in one phase, construction to begin on or before May 22, 2014, and completion to be not later than May 22, 2016.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-7.108 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Chapter 7, Article 1 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(594), becomes effective.

BE IT FURTHER RESOLVED that the conditions of project approval set forth herein include certain fees, dedication requirements, reservations requirements, and other exactions, and that pursuant to Government Code Section 66020(d)(1), these conditions constitute written notice of a statement of the amount of such fees, and a description of the dedications, reservations, and other exactions.

BE IT FURTHER RESOLVED that the applicant is hereby further notified that the ninety (90) days approval period in which a protest of these fees, dedications, reservations, and other exactions, pursuant to Government Code Section 66020(a) can be

filed, begins on May 22, 2012, and that if a protest is not filed within this ninety (90)-day period complying with all of the requirements of Section 66020, the applicant will be legally barred from later challenging such exactions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-199**

RESOLUTION FINDING THAT THE FOLLOWING SUBSEQUENT PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 2007072023): AMENDMENT OF SECTION 28-3-9 OF THE ZONING MAP TO REZONE FROM MEDIUM HIGH DENSITY RESIDENTIAL ZONE, R-3, TO PLANNED DEVELOPMENT ZONE, P-D(594), PROPERTY LOCATED AT THE WEST CORNER OF 17TH STREET AND G STREET (SATELLITE HOUSING/AMERICAN BAPTIST HOMES OF THE WEST)

WHEREAS, on October 14, 2008, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 2007072023) for the Modesto Urban Area General Plan, and

WHEREAS, Satellite Housing/American Baptist Homes of the West has proposed that the zoning designation for property located at the west corner of 17th Street and G Street be amended to rezone from Medium High Density Residential Zone, R-3, to Planned Development Zone, P-D(594), in the City of Modesto (“Project”) to allow for a three-story senior housing apartment building, and

WHEREAS, pursuant to Section 21157.1 of the Public Resources Code, the City of Modesto’s Community & Economic Development Department prepared an Environmental Assessment Initial Study EA/C&ED 2012-08 (“Initial Study”) which analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report, and

WHEREAS, in accordance with CEQA guidelines beginning on May 2, 2012, the City caused to be published a 20-day notice of the City’s intent to make a finding that the subsequent project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 22, 2012, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone to Planned Development, P-D(594), a copy of which is **attached** hereto as **Exhibit "A"**, and incorporated herein by reference, and based on substantial evidence in the Initial Study makes the following findings:

1. An Initial Study was prepared by the City of Modesto that analyzed whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the report.
2. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
3. No new or additional mitigation measures or alternatives are required.
4. The subsequent project is within the scope of the project covered by the Master EIR.
5. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

City of Modesto

Master EIR Initial Study Environmental Checklist

I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master Environmental Impact Report ("Master EIR" or "MEIR"). This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the rezone from Medium-High Density Residential Zone (R-3) to Planned Development for a 50-unit three-story senior-living apartment building is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 2007072023) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformance.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. [Public Resources Code Section 21158(d)]

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (CEQA Guidelines Section 15384)

II. PROJECT DESCRIPTION

- A. Title: PDZ-11-001 – Rezone from Medium-High Density (R-3) Zone to Planned Development Zone for a three-story 50-unit senior-living apartment building on 0.75 acres at the west corner of 17th and G St
- B. Address or Location: West corner of 17th and G Streets, Modesto, CA 95354 (APN 106-006-012, 013)
- C. Applicant: Satellite Housing, Inc./ABHOW 1521 University Ave., Berkeley, CA 94703
- D. City Contact Person: Katharine Martin, Associate Planner

Project Manager: Katharine Martin
Department: City of Modesto Community and Economic Development
Phone Number: 209-577-5465
E-mail address: kamartin@modestogov.com

- E. Current General Plan Designation(s): Redevelopment Planning District (RPD)

- F. Current Zoning Classification(s): Medium-High Density Residential (R-3)
- G. Surrounding Land Uses:
 - North: Commercial shopping center and Medical Office uses
 - South: Church buildings and Professional Office uses
 - East: Medical Office uses and Parking Lots
 - West: Church buildings and Commercial retail shops
- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

Rezone of a 0.75-acre site located at 17th and G Streets within the Baseline Urbanized Area from Medium-High Density Residential (R-3) Zone to Planned Development Zone, to allow for the development of a three-story apartment building comprised of 49 affordable-housing single-bedroom dwelling units for senior tenants who are at or below 50% of the area median income, and one two-bedroom manager's residence. The site contains a 130-foot high steel water storage tank that was decommissioned in 1995 and is to be removed. The site was formerly the Water Tower Park (17th & G St Park) which was declared as surplus property by City Council Resolution 2005-243 on May 10, 2005. The property was purchased by the Modesto Redevelopment Agency in 2006 with the intent to utilize it as an affordable housing project site. The site has been maintained as a green space to avoid blight since purchase by the Redevelopment Agency, but has no playground equipment or formal gathering areas.
- I. Other Public Agencies Whose Approval is Required: None

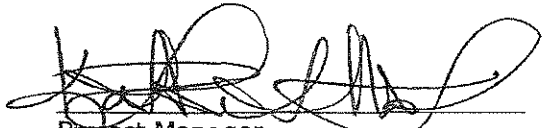

III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

- 1. **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. All of the following statements are found to be true:
 - A. The subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158 of the Public Resources Code, that was not identified in the Master EIR.
 - B. No new or additional mitigation measures or alternatives are required.
 - C. The subsequent project is within the scope of the project covered by the Master EIR.
 - D. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- 2. **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following statements are all found to be true:
 - A. The subsequent project is within the scope of the project covered by the Master EIR.

- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required**- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. All of the following statements are found to be true:

- A. The subsequent project is within the scope of the project covered by the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the subsequent project or otherwise made conditions of approval of the subsequent project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

4. Within the Scope Analysis of this Document:

The Master EIR allows projects to be found within the scope of the MEIR if certain criteria are met. If the following statements are found to be true for all 21 impact categories included in this Initial Study, then the proposed project is addressed by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) City policies which reduce, avoid, or mitigate environmental effects will continue to be in effect and, therefore, would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. Project impacts would be mitigated to a less-than-significant level using MEIR mitigations only.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(3) Federal, State, regional, and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(6) Development within the project will comply with all appropriate mitigation measures contained and enumerated in the 2008 General Plan Master EIR.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed Sections 1 through 21 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "no" response must be explained.

	YES	NO
(1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(2) This project is described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(a) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(b) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(c) Policies remain in effect which require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, discloses whether the proposed project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of the findings specified in Section III.1, above after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect 2025 conditions resulting from the Urban Area General Plan, as identified in the Master EIR.

The environmental impact analysis in the Master EIR for the Urban Area General Plan is organized in twenty-one subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of reference, the sections are numbered in the same order as the analyses in Chapter V.

1. TRAFFIC AND CIRCULATION

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable traffic and circulation impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Increased automobile traffic will result in roadway segments (see MEIR on Table 1-7, pages V-1-32 to V-1-34) operating at LOS D, Modesto's significance threshold for automobile traffic, or lower (LOS E or F).

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, either individually or cumulatively, the violation of automobile service standards established by StanCOG's Congestion Management Plan for designated roads and highways.

Effect: A substantial increase in automobile vehicle miles traveled and automobile vehicle hours of travel and a decrease in average automobile vehicle speed (see MEIR Table 1-6, page V-1-31).

Cumulative Impacts

Effect: Potential for growth inducement or acceleration of development resulting from highway and local road projects.

Effect: Substantial increase in traffic in relation to the existing traffic load and capacity of the street system, including a violation, either individually or cumulatively, of an automobile LOS standard established by the Congestion Management Plan for designated roads and highways.

Effect: Increased demand for capacity-enhancing alterations to existing roads or automobile traffic reduction.

Other impact categories affected by Traffic and Circulation are addressed throughout this Initial Study (see also Section 2, Degradation of Air Quality; Section 3, Generation of Noise; Section 7 Loss of Sensitive Wildlife and Plant Habitat; Section 8, Disturbance of Archaeological/Historic Sites; Section 14 Increased Demand for Fire Services; Section 18, Energy; Section 19, Visual Resources; Section 20, Land Use and Planning, and Section 21, Climate Change).

b. Master EIR and/or New Mitigation Measures Applied to the Project

Traffic and Circulation mitigation measures pertinent to this project are found on MEIR pages V-1-9 through V-1-28. All mitigation measures appropriate to the project, including any new measures, will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-1.B of the Master EIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1. TRAFFIC AND CIRCULATION				
1) The proposed project exceeds traffic generation assumptions in the Master EIR for the site by 100 trips or more and City Engineering and Transportation staff has determined that the project would have additional potentially significant project-specific effects that are not avoided or reduced by the Master EIR's mitigation measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause additional roadway segments in the General Plan area to exceed LOS D and/or cause additional violations of standards in the Congestion Management Plan, and/or cause an increase in automobile vehicle miles or vehicle hours of travel or a decrease in automobile travel speed, as compared to the impacts disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would cause emergency response times to exceed acceptable standards established by the Fire Department, as compared to impacts disclosed in the Master EIR (see Section 14, Increased Demand for Fire Services).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project would result in less parking than required by the Municipal Code or as determined by staff.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6) The proposed project would conflict with adopted policies, plans, or programs that support alternative transportation, including, but not limited to the Regional Transportation Plan, the Sustainable Communities Strategy, the Bicycle Action Plan, and so on.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would result in an increase	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
in automobile vehicle miles traveled on a per capita basis, in excess of that considered in the Urban Area General Plan MEIR.				

Discussion:

- (1) The proposed rezone and 50-unit senior housing development is consistent with the General Plan designation and the traffic volumes assumed in the MEIR. The project will not result in an increase of 100 additional trips than what was assumed in the MEIR. No mitigation is required.
- (2-3) The project was evaluated by the City's Land Development Engineering and Traffic Department, who indicated no issues with the site that would cause an increase in traffic level of service or an increase in vehicle miles.
- (4) The project was evaluated by the City's Police and Fire Departments, who indicated no issues with emergency access.
- (5) There is no standard for senior housing parking requirements in the City's Code. However, Staff has determined that as the site is within a five minute walk of existing downtown neighborhood-serving commercial and professional office uses, arts and cultural centers, and is served by three Modesto Area Express bus transit routes (Routes 25, 32 and 24/34), the proposed number of parking spaces is adequate to serve the site.
- (6) The project has been reviewed by Planning, Traffic and Transit staff, and no indication was given that the project would conflict with adopted plans for alternative transportation.
- (7) The project would not result in an increase in energy consumption in excess of what was considered in the MEIR.

2. DEGRADATION OF AIR QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable air quality impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Expected automobile traffic will result in increased operational emissions of reactive organic gases (ROG) and oxides of nitrogen (NO_x) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased emissions of particulate matter 10 microns or less (PM₁₀) and 2.5 microns or less in diameter (PM_{2.5}) (see MEIR Table 2-8, page V-2-27).

Effect: Expected automobile traffic will result in increased carbon monoxide (CO) levels in the project area (see MEIR Table 2-7, page V-2-26, and Table 2-8, page V-2-27).

Cumulative Impacts

The Master EIR indicates the same impacts identified as direct impacts above will contribute to regional impacts on air quality for the criteria pollutants ROG, NO_x, PM₁₀, and PM_{2.5}.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Air quality mitigation measure(s) pertinent to the proposed project are found on pages V-2-13 through V-2-24 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes AQ-42 through AQ-50 from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-2.B of the Master EIR is the analysis of air quality impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
2. DEGRADATION OF AIR QUALITY				
1) The proposed project exceeds the project-level emissions thresholds established for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} by the San Joaquin Valley Air Pollution Control District (SJVAPCD) and is not consistent with the development assumptions for the project site, as established in the Urban Area General Plan and Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not incorporate the best management practices established by the SJVAPCD for CO, ROG, NO _x , PM ₁₀ , and PM _{2.5} .	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not comply with the air quality policies in the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would expose sensitive receptors to pollutant concentrations in excess of those expected to occur as a result of	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
implementation of the Urban Area General Plan.				
5) The proposed project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who indicated no significant effect on the ambient air quality with the incorporation of the mitigation measures listed above.
- (2) The project will incorporate the best management practices for PM10 reduction established by the SJVUAPD by utilizing mitigation measures AQ-42 through AQ-50 during the construction process.
- (3) Applicable General Plan Policies will be applied to the project; therefore, project-specific effects will be less than significant for this impact (see mitigation measures above).
- (4) The project would not expose sensitive receptors to pollutant levels beyond those expected by implementation of the City's General Plan.
- (5) The project would not create objectionable odors.

3. GENERATION OF NOISE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable noise impacts expected after application of mitigations/policies:

Direct Impacts

Effect: Future automobile traffic noise levels and roadway construction and maintenance activities resulting from development of the Urban Area General Plan will exceed the City's noise thresholds at various locations, but particularly in areas adjacent to heavily traveled roadways (see MEIR Table 3-3, page V-3-10, and Figure VII-2 and Table 3-6, pages V-3-18 and V-3-19).

Effect: Expected noise from airport operations and airport construction projects may expose up to 468 dwellings and three churches to noise levels of 65 dB CNEL and up to eight dwellings to noise levels of 70 dB CNEL.

Effect: Expose noise-sensitive land uses to noise from the construction of bicycle and transit projects.

Effect: Expose noise-sensitive land uses to noise from freight and passenger rail operations.

Cumulative Impacts

Effect: Traffic from development in the City of Modesto would, when combined with traffic from new development in the County and other cities, contribute to a cumulative increase in roadside noise levels on major roads and highways throughout Stanislaus County.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-11 through V-3-15 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes N-1 through N-3 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-3.B of the MEIR discloses noise impacts resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not analyzed in the Master EIR.

Significance Criteria: Determination of the proposed project's effects are based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
3. GENERATION OF NOISE				
1) The proposed project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will not comply with the noise policies of, or otherwise be inconsistent with, the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in an increase in ambient noise levels in the project vicinity above those disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels disclosed in the Master EIR implementation of the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-3) The project is consistent with the noise policies of the General Plan. For multi-family residential, the "normally acceptable" level of noise is between 50 and 65dBA. Mitigation measure N-3 will require that construction-related noise comply with the City's Noise Ordinance.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measure N-3 called for by the General Plan for projects within the baseline developed area, has been incorporated.

4. EFFECTS ON AGRICULTURAL LANDS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on agricultural lands expected after application of mitigations/policies:

Direct Impacts

Effect: Between 1995 and 2025, development of the Urban Area General Plan may convert up to approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area to urban uses.

Effect: Approximately 1,200 acres of urban development along a 28.5-mile boundary 350 feet wide between urban and agricultural uses could be affected by continued agricultural operations, including noise, dust, and chemical overspray or drift.

Cumulative Impacts

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County, accounting for the conversion of as much as approximately 26,000 acres of farmland in various categories in the Planned Urbanizing Area from 1995 to 2025.

b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural land mitigation measures pertinent to the proposed project are found on pages V-4-6 to and V-4-8 of the Master EIR. All mitigation measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-4.B of the Master EIR discloses the impacts resulting from the implementation of the Urban Area General Plan on agricultural lands. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
4. EFFECTS ON AGRICULTURAL LANDS				
1) The proposed project is inconsistent with the Urban Area General Plan's policies relating to agricultural land.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will either directly or indirectly result in the development of land outside the 2008 Urban Area General Plan's planning area boundary.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will conflict with existing zoning for agricultural use, or there is an existing Williamson Act contract on the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project will involve other changes in the existing environment not anticipated in the Master EIR which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1-2) The project is a 0.75-acre infill site within the City's Baseline Urbanized Area. The site is currently vacant and no agricultural land would be converted for the development of the site.
- (3) The site is not zoned for agricultural use nor is under a Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland into non-agricultural uses. The General Plan designates this site as being within the Redevelopment Planning District. The site is within the Downtown North area of the City's Redevelopment Master Plan, which encourages mixed uses for the site and surrounding area.

5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on long-term water supplies expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts have been disclosed in the Master EIR.

Cumulative Impacts

Effect: Operational yields of the Modesto and Turlock subbasins, both of which underlie the City of Modesto, are unknown, although the City is participating in a study with the United States Geological Survey in order to quantify the operational yields of both subbasins. Groundwater withdrawals from both basins by the City, when combined with other users' withdrawals, may result in overdrafting both subbasins.

Effect: Despite available options, during drought years, significant water shortages are forecast for the San Joaquin River basin, which includes both the Modesto and Turlock subbasins, by 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Water supply mitigation measures pertinent to the proposed project are found on pages V-5-6 through V-5-12 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-5.B of the Master EIR discloses impacts on long-term water supplies resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
5. INCREASED DEMAND FOR LONG-TERM WATER SUPPLIES				
1) The proposed project is inconsistent with water supply policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Water demand for the proposed project will	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
exceed estimates for similar projects or for development on the project site anticipated in the Urban Area General Plan or sufficient water supplies are not otherwise available to serve the project from existing entitlements and resources.				
3) The proposed project would deplete groundwater supplies to a greater degree than anticipated in the Urban Area General Plan or would interfere with groundwater recharge.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the water supply policies in the General Plan.
- (2) The project was referred to Land Development Engineering staff who determined that the project could be adequately served by water supplies.
- (3) The project is consistent with the land uses and water demands assumed in the General Plan and would not have a significant effect on ground water recharge or depletion of long-term water supplies.

6. INCREASED DEMAND FOR SANITARY SEWER SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sanitary sewer services after application of mitigations/policies:

Direct Impacts

Effect: Development resulting from implementation of the Urban Area General Plan will require substantial new sewage treatment and disposal capacity, treatment plant improvements, sewer mains and collection lines, and pump stations. The Wastewater Master Plan anticipates the need for these facilities and its EIR evaluates the impact of developing those facilities. Potential impacts include degradation of water quality through erosion and chemical releases; localized flooding; construction noise; exposure of construction workers and the public to hazardous materials; and on the habitat of the elderberry longhorn beetle, burrowing owl, and Swainson's hawk, as well as certain other regulated habitats. All of these impacts are mitigated to a less-than-significant level.

Additional impacts that are not mitigated to a less-than-significant level include loss of farmland cause by construction of the Phase IA tertiary treatment facility at the Jennings Road Secondary Treatment Facility, an increase in pollutant loads from increased wastewater flows to the San Joaquin River, and an increase in noise and criteria air pollutants due to construction activities, including traffic.

Cumulative Impacts

Effect: No additional cumulative impacts were identified in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer service mitigation measures pertinent to the proposed project are found on pages V-6-3 through V-6-8 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-6.B of the Master EIR discloses impacts on the Increased Demand for Sanitary Sewer Service resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
6. INCREASED DEMAND FOR SANITARY SEWER SERVICES				
1) The proposed project is inconsistent with wastewater policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project will generate sewage flows greater than those anticipated in the Urban Area General Plan for the project site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

(1-2) The General Plan designation for the site is "RPD" as part of the Redevelopment Planning District. The site is within the Downtown North area of the City's Redevelopment Master Plan, which encourages and anticipates a mixture of commercial, office and residential uses. The project is consistent with the General Plan in both land use and intensity, and will not generate any sewer flows greater than what is anticipated in the General Plan.

- (3) There are down-stream surcharge conditions under peak wet weather demands that have been identified in the City's 2007 Wastewater Master Plan; however, the shortage of this capacity has been compensated with the City's removal of the H Street direct storm drainage inlet from the 10th and H Street Mixed Use Development project that has since been abandoned. The proposed Tower Park Senior Apartment project's impact on the downstream sewer system would be negligible compared to the calculated benefit provided by the removal of the storm drain inlet, as well as compared to the impact estimated for the now abandoned 10th and H Street project.¹

7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on sensitive wildlife and plant habitat expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant impacts on sensitive wildlife and plan habitat are expected to occur with the application of the policies contained in the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will contribute to the cumulative impact of habitat loss in the San Joaquin Valley. Requiring density development than has occurred in the past or that is expected in the future would minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Wildlife and plant habitat mitigation measures pertinent to the proposed project are found on pages V-7-17 through V-7-24 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-7.B of the Master EIR discloses impacts on the Loss of Sensitive Wildlife and Plant Habitat resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

¹ Jim Alves, Associate Engineer, Utility Planning and Projects Dept, February 7, 2012 Memo to C&ED

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
7. LOSS OF SENSITIVE WILDLIFE AND PLANT HABITAT				
1) The project is inconsistent with the policies pertaining to the loss of sensitive wildlife and plant habitat contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on a candidate, sensitive, or special status species in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means, in excess of the impact disclosed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would substantially interfere with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would conflict with provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the General Plan policies related to the loss of sensitive wildlife and plant habitat.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.

- (3) The site does not qualify as a federally protected wetland per Section 404 of the Clean Water Act.
- (4) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V 7-1e of the MEIR. The movement of fish or birds or other wildlife would not be significantly effected by the project.
- (5) The project would not conflict with any policies or ordinances protecting biological resources.
- (6) There is no conflict with any adopted habitat conservation plan, natural community conservation plan, or other approved local, regional or state habitat conservation plan.

8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on archaeological/historical sites expected after application of mitigations/policies:

Direct Impacts

Effect: Modification resulting in a substantial adverse change in the significance of a historic resource or the demolition of a listed or eligible historic resource.

Effect: The modification or demolition of a structure more than 50 years in age may be significant.

Effect: Discovery of archaeological resources in areas outside of the riparian corridors, as a result of construction activities.

Effect: Construction in an area of high archaeological sensitivity.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-16 through V-8-20 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-8.B of the MEIR discloses impacts on archaeological/historical resources resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
8. DISTURBANCE OF ARCHAEOLOGICAL/HISTORICAL SITES				
1) The proposed project is inconsistent with the archaeological/historical resource policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would demolish a building eligible for listing as a historic resource or remove a landmark from the Modesto inventory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would modify or demolish a structure more than 50 years in age.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) Conflict with local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the archaeological and historical resource policies in the General Plan.
- (2-4) The project involves the removal of an existing 130-foot water storage tower constructed in 1915 and decommissioned in 1995. The removal of the tower was analyzed for historic significance prior to the sale of the park to the Redevelopment Agency, and was found to not have met the criteria for inclusion on California Register of Historic Resources.² The tower is therefore not considered to be a historical resource and is not listed as a cultural or historic resource in the City's General Plan.
- (5) The project does not conflict with local policies affecting biological resources.

9. INCREASED DEMAND FOR STORM DRAINAGE

² Cultural Resource Assessment of a Water Tank at Tower Park: Peak & Associates, April 2006.

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on storm drainage expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious surface area and associated increases in storm water runoff. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-9. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: SD-7 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-9.B of the MEIR discloses impacts on the demand for storm drainage resulting from development of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
9. INCREASED DEMAND FOR STORM DRAINAGE				
1) The proposed project is inconsistent with the storm drainage policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite, as compared to impacts anticipated to result from the Urban Area General Plan or create substantial unanticipated sources of polluted runoff.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project does not utilize Low Impact Development strategies to reduce runoff from the site and increase infiltration, resulting in no net increase in runoff before and after development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the storm drain policies in the Urban Area General Plan.
- (2) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system. The project was referred to Land Development Engineering, who indicated no concerns with storm water runoff.
- (3) The project will utilize low impact strategies and meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures."

10. FLOODING AND WATER QUALITY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on flooding and water quality expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-6 through V-10-9 of the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: FWQ-12, FWQ-13, and FWQ-15 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-10.B of the Master EIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
10. FLOODING AND WATER QUALITY				
1) The proposed project is inconsistent with the flooding and water quality policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would place more housing within a 100-year flood hazard zone than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would place structure within a 100-year flood hazard area so that they would impede or redirect floodwater or would substantially alter the existing on-site drainage pattern or a watercourse, in such a way as to cause flooding on- or offsite.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5) The proposed project does not comply with Modesto's Guidance Manual for New Development Storm Water Quality Control Measures.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6) The proposed project would violate water quality standards or waste discharge requirements.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
7) The proposed project would substantially alter the existing drainage pattern of the site or area or a watercourse in a manner that would result in	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
substantial erosion or siltation on- or offsite in excess of the assumptions of the Urban Area General Plan.				
8) The proposed project would create or contribute runoff, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff, not expected as part of Urban Area General Plan implementation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the flooding and water quality policies in the General Plan.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3-4) The project is not located within a 100-year flood plain.
- (5) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (6) The project will not violate water quality standards or waste discharge requirements.
- (7) The project would not substantially alter the existing drainage pattern of the site, area or a watercourse in a manner that would result in erosion or siltation.
- (8) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system or provide substantial additional sources of polluted runoff.

11. INCREASED DEMAND FOR PARKS AND OPEN SPACE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on parks and open space expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and open space mitigation measures pertinent to the proposed project are found on pages V-11-3 through V-11-9 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The project does not require any mitigation measures from the MEIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-11.B of the MEIR discloses impacts of the Urban Area General Plan on parks and open space. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
11. INCREASED DEMAND FOR PARKS AND OPEN SPACE				
1) The proposed project is inconsistent with the parks and open space policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would eliminate parks or open space.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would cause an increase in the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility in question would occur or be accelerated or the proposed project would include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1-2) By Resolution 2005-243 on May 10, 2005, the City Council declared the 0.75 acre Tower Park as surplus property to be sold. Although the site has since been maintained as a green-space to prevent blight, the Council's declaration of the park as surplus property removed it from the City's inventory. The park was sold to the Redevelopment Agency in 2006, with the intention to utilize the site as urban infill housing development for low- to moderate-income tenants. The project is consistent with the parks and open space policies of the General Plan, as there

are three parks that remain within a half-mile radius of the project (Ralston Tower Park, McClatchy Square Park and George Lucas Plaza), and the project would not eliminate parks or open space.

- (3) The project was referred to the City's Parks, Recreation and Neighborhoods Department, who indicated no concerns with the project towards any potential increase in use of the existing parks in proximity to the site.

12. INCREASED DEMAND FOR SCHOOLS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on school facilities expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR. By statute, the impact of new students is considered to be mitigated below a level of significance by payment of school impact fees and the exercise of any or all of the financing options set out in Government Code Section 65997.

Cumulative Impacts

Effect: Similar to direct impacts of implementation of the Urban Area General Plan, no residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long these policies are applied to all subsequent projects, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995).

The following schools mitigation measures on pages V-12-5 through V-12-7 of the Master EIR are pertinent to the proposed project. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-12.B of the Master EIR discloses impacts resulting from implementation of the Urban Area General Plan associated with increased demand for schools. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
12. INCREASED DEMAND FOR SCHOOLS				
1) The proposed project is inconsistent with the policies relating to schools in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which state that compliance results in less-than-significant impacts on schools.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with school policies in the General Plan.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project.

13. INCREASED DEMAND FOR POLICE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on police services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Police services mitigation measures pertinent to the proposed project are found on pages V-13-2 through V-13-5 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-13.B of the Master EIR discloses impacts on police services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
13. INCREASED DEMAND FOR POLICE SERVICES				
1) The proposed project is inconsistent with policies relating to police services in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with policies in the General Plan related to police services.
- (2) The project was referred to the City of Modesto Police Department, who indicated no concerns with impact to service ratios or response times.

14. INCREASED DEMAND FOR FIRE SERVICES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on fire services expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-4 through V-14-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-14.B of the Master EIR discloses impacts on fire services resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
14. INCREASED DEMAND FOR FIRE SERVICES				
1) The proposed project is inconsistent with the fire service policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in the need for new or significantly altered facilities not considered as part of the Urban Area General Plan or Master EIR which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times, or other performance objectives.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project, based upon substantial evidence, would cause the erosion or elimination of fire protection services in adjoining fire protection districts.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1) The project is consistent with policies in the General Plan related to fire services.

- (2) The project was referred to the City of Modesto Fire Department, who indicated no concerns with impact to service ratios, response times or erosion of fire protection services.
- (3) The project would not significantly impact adjacent fire districts or result in the elimination of fire projection services.

15. GENERATION OF SOLID WASTE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on solid waste expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid waste mitigation measures pertinent to the proposed project are found on pages V-15-4 through V-15-7 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-15.B of the Master EIR discloses solid waste impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
15. GENERATION OF SOLID WASTE				

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
1) The project is inconsistent with the solid waste policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The County is unable to expand its solid waste disposal capacity, as expected, causing all new development to result in cumulative impacts on the County's disposal capacity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with policies in the General Plan related to solid waste.
- (2) This project was referred to the Solid Waste Division for review, and no indication was given that there would be a problem serving this project.

16. GENERATION OF HAZARDOUS MATERIALS

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts regarding hazardous materials expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Hazardous materials mitigation measures pertinent to the proposed project are found on pages V-16-8 through V-16-13 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes HM-15 and HM-17 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-16.B of the Master EIR discloses impacts on hazardous materials resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
16. GENERATION OF HAZARDOUS MATERIALS				
1) The project is inconsistent with the hazardous materials policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4) The proposed project would be constructed on a contaminated site not known to the State of California as of March 2008.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the hazardous materials policies in the General Plan.
- (2) No hazardous materials will be involved with this project.
- (3) The project is not located on a site included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5.
- (4) The project site is not known to contain any contaminants.

17. GEOLOGY, SOILS, AND MINERAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts related to geology, soils, and mineral resources expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

Geology, soils, and mineral resource mitigation measures pertinent to the proposed project are found on pages V-17-9 and V-17-10 of the Master EIR. All mitigation measures appropriate to the project to be incorporated into or made conditions of approval of the proposed project are listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes GSM-2 and GSM-9 from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-17.B of the Master EIR discloses geology, soils, and mineral resource impacts resulting from implementation of the Urban Area General Plan. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. Project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
17. GEOLOGY, SOILS, AND MINERAL RESOURCES				
1) The project is inconsistent with policies relating to geology, soils, and mineral resources contained in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would expose people or structures to potential substantial adverse effects including the risk off loss, injury, or death involving fault rupture, strong seismic activity; location on an expansive soil; result in the loss of topsoil; location on soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater; result in the loss of known mineral resources that would be of value to the region and the state; or result in the loss of	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan.				

Discussion:

- (1) The project is consistent with the hazardous materials policies in the General Plan.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no known mineral resources of value to the region and the state on the property.

18. ENERGY

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to energy expected after application of mitigations/policies:

Direct Impacts

Effect: Continued development in the Planned Urbanizing Area would have an impact on available energy supplies. Energy consumption likely would increase substantially by 2025 as a result of implementation of the Urban Area General Plan.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on energy consumption.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures pertinent to the proposed project are found on pages V-18-2 through V-18-8 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
18. ENERGY				
1) The proposed project is inconsistent with policies relating to energy in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would result in energy consumption during construction, operation, maintenance, or removal that is more wasteful, inefficient, and unnecessary than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the energy policies in the General Plan.
- (2) The project would not result in energy consumption during construction, operation, maintenance or removal that is more wasteful, inefficient and unnecessary than assumed in the General Plan. The project incorporates energy-saving measures in the building design and amenities, is walking distance from existing commercial and office uses, and is served by public transit.

19. EFFECTS ON VISUAL RESOURCES

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts on visual resources expected after application of mitigations/policies:

Direct Impacts

Effect: New development in the Planned Urbanizing Area will occur in areas that are in agricultural production or are otherwise lightly developed, which could lead to the introduction of light and glare in areas that have little nighttime illumination.

Cumulative Impacts

Effect: No additional cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following visual resources mitigation measures pertinent to the proposed project are found on pages V-19-3 and V-19-4 in the Master EIR. All mitigation measures appropriate to the proposed project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on energy resources. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
19. EFFECTS ON VISUAL RESOURCES				
1) The proposed project is inconsistent with policies relating to visual resources in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project would degrade views from riverside areas and parks to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project would degrade views of riverside areas from public roadways and nearby properties to a greater degree than assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with the policies relating the visual resources in the General Plan.
- (2) The project is located in an urban area that is not in near proximity to a riverside area. The project would not impact views from riverside areas and parks.
- (3) The project would not impact views of riverside areas from roadways or nearby properties.

20. LAND USE AND PLANNING

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to land use and planning expected after application of mitigations/policies:

Direct Impacts

Effect: No residual significant direct impacts were disclosed in the Master EIR.

Cumulative Impacts

Effect: No residual significant cumulative impacts were disclosed in the Master EIR.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following land use and planning mitigation measures pertinent to the proposed project are found on pages V-20-6 through V-20-17 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes none from the Master EIR. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-20.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on land use and planning. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
20. LAND USE AND PLANNING				
1) The proposed project is inconsistent with land use and planning policies in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2) The proposed project contains elements that would physically divide an established community in a way not assumed in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3) The proposed project conflicts with a land use plan, policy or regulation established for the purpose of avoiding or mitigating an environmental	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
impact by an agency that has jurisdiction over the proposed project.				
4) The proposed project conflicts with an applicable habitat conservation plan or natural community conservation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

- (1) The project is consistent with land use and planning policies in the Urban Area General Plan.
- (2) The project would not divide an established community. The site is in an urban area within the Redevelopment Planning District which assumes a mixture of office, commercial and residential uses. The proposed project would add affordable housing for senior tenants in an area surrounded by existing commercial, office and residential uses.
- (3) The project is consistent with the land use plan, policies and regulations of the City of Modesto designed to mitigate project impacts.
- (4) The project does not conflict with applicable habitat conservation plans or natural community conservation plans.

21. CLIMATE CHANGE

a. Significant Effects Identified in the Master EIR

The Master EIR discloses the following residual significant and unavoidable impacts pertaining to climate change expected after application of mitigations/policies:

Direct Impacts

Effect: Impacts resulting from implementation of the Urban Area General Plan are not substantial enough to result in a significant direct impact on climate change, as disclosed in the Master EIR.

Cumulative Impacts

Effect: Implementation of the Urban Area General Plan will have a cumulatively considerable impact on climate change.

b. Master EIR and/or New Mitigation Measures Applied to the Project

The following climate change mitigation measures pertinent to the proposed project are found on pages V-21-7 through V-21-10 in the Master EIR. All mitigation measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project.

Discussion:

No mitigation measures from the Master EIR are required. No new or additional mitigation measures or alternatives are required to reduce project impacts to a less-than-significant level.

c. Project-Specific Effects

Section V-18.B of the Master EIR discloses impacts of implementing the Urban Area General Plan on climate change. The following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not disclosed in the Master EIR.

Significance Criteria: Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
21. CLIMATE CHANGE				
1) The proposed project is inconsistent with policies relating to climate change in the Urban Area General Plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2) The proposed project would result in average automobile trip lengths or CO ₂ emissions higher than those assumed in the Master EIR.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3) The proposed project would conflict with the Sustainable Communities Strategy or Alternative Planning Strategy that the Air Resources Board has agreed will achieve the goals of AB 32.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Discussion:

- (1) The City of Modesto General Plan Master EIR addressed potential climate change impacts due to development and other activities associated with the Urban Area General Plan (UAGP). The Urban Area General Plan Master EIR (MEIR) determined that buildout of the UAGP would make a cumulatively considerable contribution to global climate change. The UAGP nonetheless authorizes development that will contribute to global climate change by virtue of the production of greenhouse gases. The MEIR states the projected rate of growth of vehicle miles traveled (VMT) will increase the City's contribution to global climate change as the City develops. Development under the UAGP is expected to generate approximately 1,096,226.4 metric tons per year above 2005 emissions. The City Council adopted a Statement of Overriding Considerations in 2008, finding that the benefits of the UAGP outweighed the City's increased contribution to global climate change.

The MEIR identifies policies CL-3 through CL-26 as policies in effect that have been determined to reduce, avoid or mitigate air quality environmental impacts within the existing City limits and within the Planned Urbanizing Areas as they annex and develop. These policies include but are not limited to, the use of shade trees to reduce the heat island effect, current

energy efficient building standards to reduce energy consumption, and the inclusion of facilities for alternative transportation. The proposed project will develop in accordance with climate change policies included in the UAGP and the MIER.

The project is located within the Redevelopment Planning District of the General Plan, a designation which assumes and encourages development of a mixture of office, commercial and residential uses. The proposed project incorporates energy-saving measures in the building design and amenities, adds affordable housing for senior tenants within walking distance to existing commercial and office uses, and the project location is served by existing public transit.

- (2) Climate change is an inherently cumulative impact because no single project can produce enough greenhouse gases to substantially alter the global climate. No thresholds have been set for individual or cumulative greenhouse gases. Nonetheless, the proposed project would result in greenhouse gas emissions due primarily to automobile travel and energy use for lighting, heating, cooling and other activities. The primary source of CO₂ emissions generated from the project would be related to automobile trips. As identified under the traffic and circulation discussion, traffic engineering staff has determined that the project will be in substantial conformance with the GP MEIR assumptions for traffic generation, the CO₂ emissions generated from the project would also be in substantial conformance with that which was assumed under the GP MEIR analysis.
- (3) A Sustainable Communities Strategy has not yet been implemented by the ARB. Future development will be required to comply with the provisions of the Sustainable Communities Strategy once it is established.

V. MITIGATION MEASURES APPLIED TO THE PROPOSED PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

A. Master EIR Mitigation Measures Applied to the Project

Pursuant to Public Resources Code Section 21157.1(c), in order for a Finding of Conformance to be made, all appropriate mitigation measures from the Master EIR shall be incorporated into the proposed project. Urban Area General Plan Policies/Master EIR mitigation measures shall be made part of the proposed project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

Traffic and Circulation:

N/A

Degradation of Air Quality:

AQ-42: All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover. (General Plan Policy VII-H.2[kk])

AQ-43: All onsite unpaved roads and off-site unpaved access roads shall be effectively stabilized of dust emissions using water or chemical stabilizer/suppressant. (General Plan Policy VII-H.2[l])

AQ-44: All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking. (General Plan Policy VII-H.2[m])

AQ-45: With the demolition of buildings up to six stories in height, all exterior surfaces of the building shall be wetted during demolition. (General Plan Policy VII-H.2[n])

AQ-46: When materials are transported off site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained. (General Plan Policy VII-H.2[o])

AQ-47: All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.) (General Plan Policy VII-H.2[p])

AQ-48: Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant. (General Plan Policy VII-H.2[qq])

AQ-49: Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday. (General Plan Policy VII-H.2[rr])

AQ-50: Any site with 150 or more vehicle trips per day shall prevent carryout and trackout. (General Plan Policy VII-H.2[ss])

Generation of Noise:

N-1: The City has also established a noise ordinance to control noise within the City. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

N-2: Additionally, the noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and state or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

A hammer, or any other device or implement used to pound or strike an object.

1. An impact wrench, or other tool or equipment powered by compressed air.
2. A hand-powered saw.
3. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
4. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
5. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
6. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

In addition, the City has adopted the following policies as part of its UAGP. All development projects located within the Baseline Developed Area (and Redevelopment Area) are required to incorporate the policies listed below into the project.

N-3: The City of Modesto shall require construction activities to comply with the City's noise ordinance (Title 4, Chapter 9), and noise-reducing construction practices to be implemented as conditions of approval for development projects where substantial construction-related noise impacts would be likely to occur (e.g., where construction would include extended periods of pile driving, where construction would occur over an unusually long period, or where noise-sensitive uses like

homes and schools would be in the immediate vicinity, etc.). The city should consider potential mitigation measures, including, but not limited to, the following: Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields. Equipment that is quieter than standard equipment should be utilized. Haul routes that affect the fewest number of people should be selected. (UAGP VIIG.3[a])

Effects on Agricultural Lands:

N/A

Increased Demand for Long-Term Water Supplies:

N/A

Increased Demand for Sanitary Sewer Services:

N/A

Loss of Sensitive Wildlife and Plant Habitat:

N/A

Disturbance of Archaeological/Historic Sites:

N/A

Increased Demand for Storm Drainage:

SD-7: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V-E.3[f])

Flooding and Water Quality:

FWQ-12: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V.E.3[f])

FWQ-13: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V.E.3[h])

FWQ-15: New developments shall be required to implement an appropriate selection of permanent pollution control measures in accordance with the City's implementation policies for the municipal NPDES stormwater permit. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the

offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants. (UAGP Policy V.E.4[f])

Increased Demand for Parks and Open Space:

N/A

Increased Demand for Schools:

N/A

Increased Demand for Police Services:

N/A

Increased Demand for Fire Services:

N/A

Generation of Solid Waste:

N/A

Generation of Hazardous Materials:

HM-15: New development shall comply with City requirements for conveyance, retention and detention. New development shall include onsite storage of stormwater as necessary. Rockwells shall not be allowed for new development except at infill areas smaller than three acres where no other feasible alternative is available. (UAGP Policy V-E.3[f])

HM-17: Construction activities shall comply with the requirements of the City's Storm Water Management Plan under its municipal NPDES stormwater permit, and the State Water Resources Control Board's General Permit for Discharges of Storm Water Associated with Construction Activity. (UAGP Policy V-E.3[h])

Geology, Soils, and Mineral Resources:

GSM-2: The City shall require all new buildings in the City to be built to the seismic requirements of the 2007 California Building Code (or subsequent editions). (UAGP Policy VI-B.2[b])

GSM-9: All building permits shall be reviewed to ensure compliance with the current adopted edition of the California Fire Code, California Building Code, California Mechanical Code, California Electrical Code, California Plumbing Code, Title 19, Title 24, and the City of Modesto Municipal Code. (UAGP Policy VI-E.1[d])

B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the significance criteria for each environmental impact category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against the significance criteria thresholds established in the Master EIR for all impact categories in this Initial Study.

A Mitigated Negative Declaration or Focused EIR shall be prepared for the project. The following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect: **none.**

**CITY OF MODESTO
UTILITY PLANNING AND
PROJECTS DEPARTMENT**

EMBRACE IT

Date: February 7, 2012

TO: Katherine Martin, C&ED
FROM: Jim Alves, UP&P
SUBJECT: Tower Park Sewer Impact Review

Katherine,

UP&P Staff conducted a brief review of the City's sewer model in regard to the proposed Tower Park Senior Housing Project's estimated sewer demand impact on the City's existing sewer system, specifically the relative impact on the existing identified F Street subtrunk capacity constraint under peak wet weather flow conditions. As part of and integral to UP&P's review, discussions and, conclusion regarding this project impact was analysis conducted by Chuck Covolo in 2009 on the benefit of the City's removal of an H Street direct storm drainage inlet from the H Street sewer system. Chuck's analysis was completed as part of a previously proposed H Street development project that has since been abandoned.

Based on the information made available by C&ED from Land Development Engineering (LDE) staff, a review of Tower Park's estimated sewer demand and, what we can determine from our sewer model's existing peak wet weather flow condition, UP&P concludes the following. The proposed Tower Park project's relative impact on the downstream sewer system, specifically for 9th & F Streets, would be negligible compared to the calculated benefit provided by the removal of the storm inlet as well as compared to the impact estimated for the now abandoned 10th & H Street project.

If C&ED staff desires to discuss specifics and details of UP&P's review effort, please contact me, however, LDE staff should also be included to discuss their previous effort regarding the storm drain inlet removal analysis.

Regards,

Jim Alves

INTRODUCTION

The project involves the proposed demolition of an existing water tower located in Tower Park, at the northwesterly corner of Seventeenth and G Streets in the City of Modesto (Assessor's Parcel Number 106-006-002). The site has approximately 250 feet along Seventeenth Street, and 140 feet along G Street. The property also fronts a 20 foot wide paved, maintained city alley. The project area is located in the southwest quarter of section 28, Township 3 South, Range 9 East. The park area will be sold, with land to be utilized for a possible housing project (Figures 1, 2 and 3).

Melinda Peak served as principal investigator, conducting a site visit and completing the research (resumes, Appendix 1)

RESEARCH

Research on the historic background of the construction and use the site was conducted at the California Room of the California State Library, McHenry Museum, City Records and the California State University, Stanislaus Special Collections Department. Very little is available in the archival record on the site.

HISTORIC CONTEXT

The City of Modesto was founded in 1870 on the route of the Central Pacific's San Joaquin Branch. When newcomers arrived on the train, they found a village of about 25 buildings, either hastily built, or moved from other locations when the Central Pacific announced its routing through this site. It took another two years for the rail line to be extended to Merced. The town was described as "a bleak settlement on the plains without trees or vegetation, but an abundance of wind-blown sand" (Maino 1970: 14).

Modesto was voted the County seat of Stanislaus County in 1871. Public buildings were soon constructed, and the City incorporated in 1884. The Modesto City Water Works were located on Tenth Street near G, with a pumping station and a 40-foot deep concrete cistern with an artesian well placed through the floor (Bare 1999: 39).

The LaGrange Dam on the Tuolumne River was completed in 1893, but the canal system that brought irrigation water to Modesto was not completed until 1903 (Maino 1970). The introduction of irrigation brought prosperity to the City by providing the farmers of the region a reliable water supply, lessening their ears of flooding and drought. Alfalfa became an important crop, and dairying also grew in importance in the region (Bare 1999:47-48).

NEIGHBORHOOD LOCATION MAP

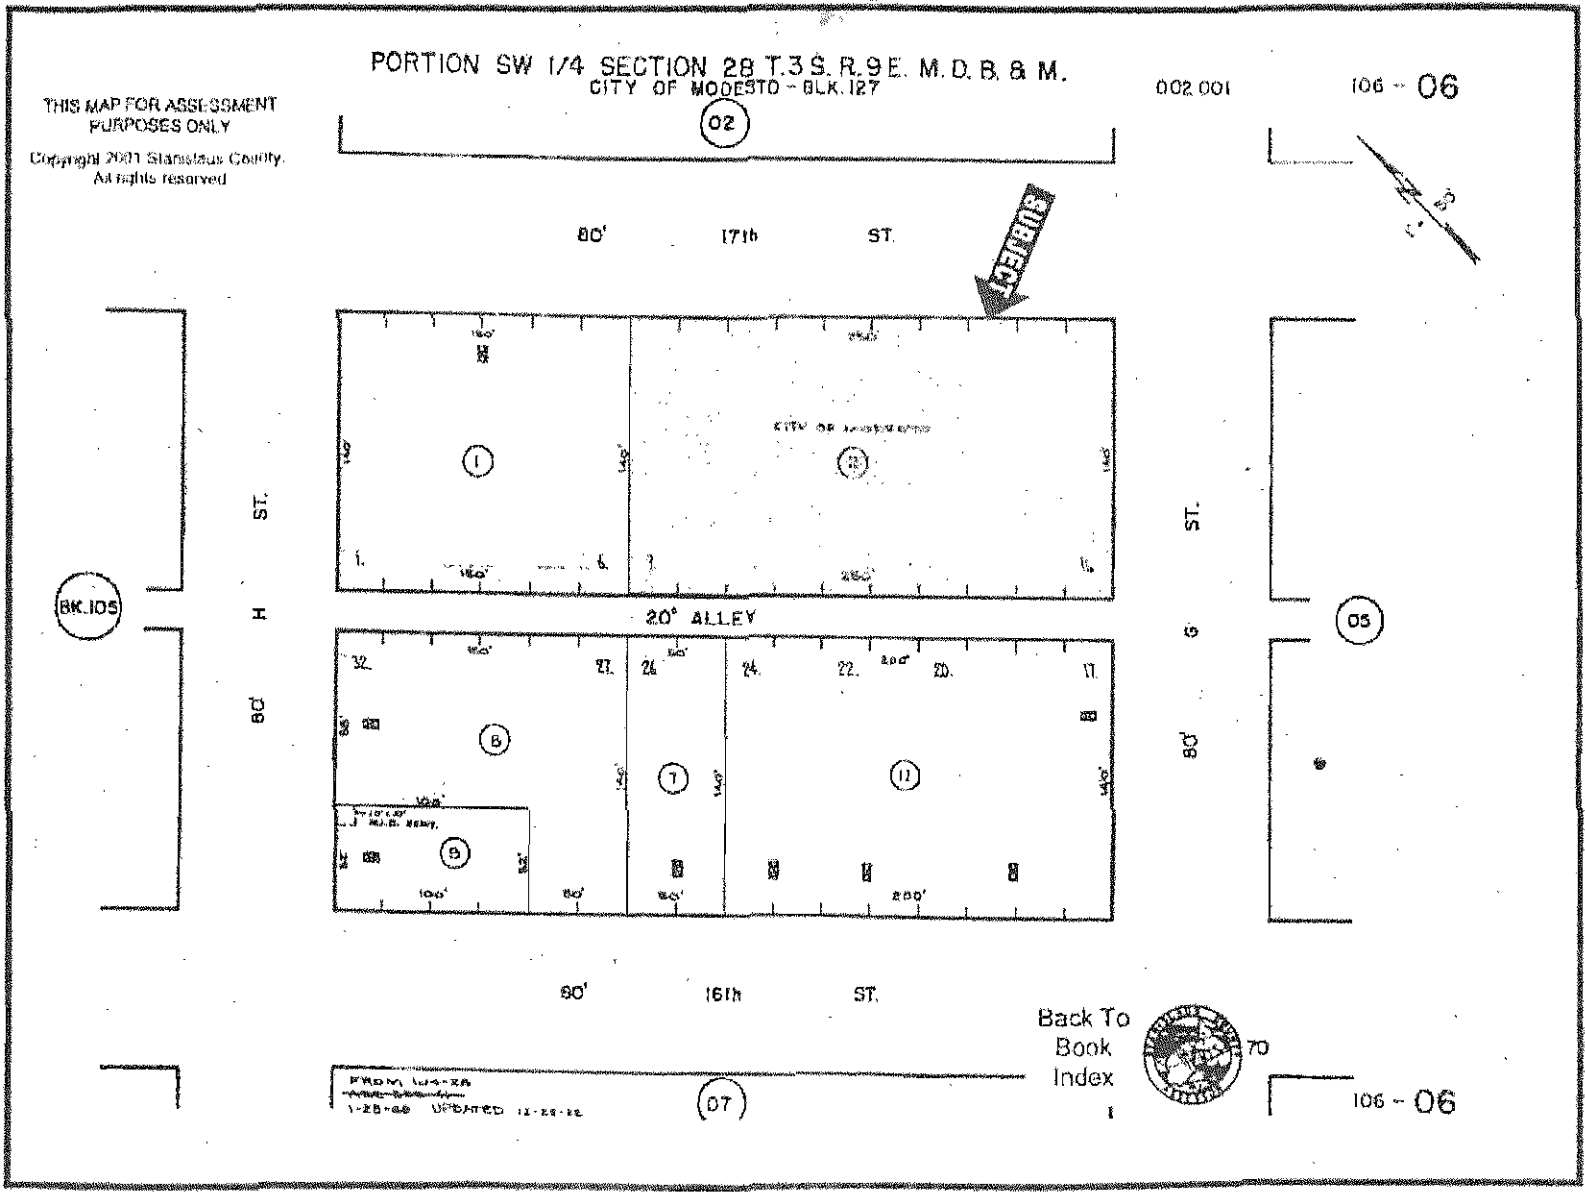

FIGURE 1

ASSESSOR'S PARCEL MAP

FIGURE 2

By 1911, the City had acquired the lots that now comprise Tower Park. At that point, the most southerly portion of the site contained City Water Works Pump Station No. 3, with a 12' water pipe extending southward in G Street, then westward (Sanborn Fire Insurance Map, Block 127, 1911).

In 1915, the existing water tower was added to the site. One expert on water towers believes that the municipal water tower was the natural offshoot of the railroad water towers, that went from wood construction to steel tanks around the time of the Civil War (http://www.texasescapes.com/Texas_architecture/Forty-Years-in-the-Water-Tower-Business).

The purpose of a water tower is to hold a supply of water at a height sufficient to pressurize a water system. Typically the water tower's tank is sized to hold about a day's worth of water for the community it serves. If the pumps associated fail, the water tower holds enough water to keep the system flowing for a day. A water tower provides an advantage for a community by allowing the municipality to size its pumps for average rather than peak demand. The water tower can supply the water at peak demand with the tank refilled at night or other times of low demand, with cheaper power costs for pumping.

An identical water tower was built somewhere on Eight Street. This tower is no longer standing. Plans are available in City records showing the "Steel Water Tower for 8th Street and 17th Street Pumping Stations." The plans include the dimensions of the concrete piers and the water tank and tower.

By 1919, the Sanborn Fire Insurance Map for Modesto reflected the addition of the water tower with 100,000-gallon capacity on the alley side of what is now the park. The site had moved up to be City Water Works Pump Station No. 2. The plan shows it as a 30-foot deep concrete pit with pumps on the southern lots of the park area, with a connection to a water line running both directions on G Street. Another water line had been added along the alley with a connection extending westward from the water tower. The surrounding neighborhood was primarily residential.

The City's population was growing rapidly at this time. The 1900 population of 2,204 had grown to 4,034 in 1910, and 9,231 by 1920. By 1930, the population had expanded to 13,842 (Bare 1999: 146).

In 1935, the City had an appraisal done of the pumping plant associated with the water tower. Its replacement value was \$4,358.00, with one-third of the value being the pump. The insurable value was estimated at \$2,568.20 (Barry 1935).

By 1950, the site had become City Water works Station No. 1, presumably from the replacement of the other sites. In the 1950, the facility was little changed from 1919. A few additional details on the site were published, with the site being served by a Byron-Jennings centrifugal pump, with a capacity of 1,200 gallons per minute from four 12 inch bored wells. The wells had depths of 70', 160', 170', and 300'. The surrounding neighborhood was unchanged and residential for the most

part, although the Seventh Day Adventist Church had been constructed on the lots to the north of the water facilities (Sanborn Fire Insurance Map 1950).

At some point, the City created a park over its water facility. It does not show on the 1950 map as a park, suggesting that its conversion may have occurred somewhat later in time. Park improvements are minimal, with some landscaping and picnic tables.

According to a newspaper report, the water tower was decommissioned in 1995 amid concerns that it could not withstand the impact of a major earthquake (*The Modesto Bee* June 3, 2005).

FIELD SURVEY AND RESULTS

The project area was field checked in March 2005 by Melinda Peak. The water tower was photographed from all sides. A site form will be prepared and filed with the Central California Information Center of the California Historical Resources Information System.

SITE DESCRIPTION

The four piers of the tower are concrete, measuring ten feet across at the base and four feet across at the top. The piers are eight feet high, and top 6" portion of the pier is exposed above the ground line.

The total height is 130 feet from the ground to the top of the water tank. The tank itself is 23'2" high, and 28'8" in diameter. The water line in the center of the structure is a 12' flanged pipe, with an automatic check valve near the ground.

There is a guard railing around the narrow deck at the base of the water tank. A ladder is affixed to the side of the water tank for access to the roof of the tank. This has been vandalized over the years, with the City repainting the tank over the graffiti. The tank appears to be in fair condition, the tower has been maintained and in fair to good condition.

To the north of the tower along the alley, a pump station facility has been installed. This appears to have been built in conjunction with the decommissioning of the water tower.

SITE EVALUATION

For the purposes of CEQA, an historical resource is a resource listed in, or determined eligible for listing in the California Register of Historical Resources. When a project will impact an archeological site, it needs to be determined whether the site is an historical resource, which is defined as any site which:

- (A.) Is historically or archeologically significant, or is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political or cultural annals of California; and
- (B) Meets any of the following criteria:
 - 1. Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage;
 - 2. Is associated with the lives of persons important in our past;
 - 3. Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values; or
 - 4. Has yielded, or may be likely to yield, information important in prehistory or history.

The water tower is not associated with events important in our past, or with individuals important in our past. It is simply a former part of the water supply infrastructure of the City of Modesto, and is no longer functional. It is not recorded in any early photographs, and the local museum was unaware of its existence (Robert Gillette, personal communication, 2006).

The style of the structure is not unique, nor representational of any particular architectural style. There are numerous water towers throughout the West, and new towers continue to be constructed as others are removed. Indeed, there is even a Texas-based firm that specializes in the removal of water towers, as well as a number of companies who build new towers. The tower is not decorated, and is not in any way a symbol for the City. With the addition of multi-story buildings on the block to the east of the site, as well as the taller church building to the north, the tower no longer is distinguishable in the skyline of the City as it may have been when it was constructed.

As a result, it can be concluded that the structure is not eligible for the California Register of Historical Resources.

CONCLUSIONS AND IMPACTS

There are no known properties eligible for or listed on the California Register of Historical Resources within the project area. There will be no impact to historical resources as a result of the removal of the water tower and sale of the site.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-200**

RESOLUTION APPROVING A NEIGHBORHOOD STABILIZATION PROGRAM 3 (NSP3) AMENDMENT AND ITS SUBMISSION TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT TO INCLUDE EXPANDING GEOGRAPHIC AREA AND AMENDING ACTIVITY ALLOCATIONS AND AUTHORIZING STAFF TO PREPARE SUB-RECIPIENT AND DEVELOPER AGREEMENTS WITH THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS, HABITAT FOR HUMANITY, STANISLAUS COUNTY, AND STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION TO BE APPROVED BY COUNCIL, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN ALL RELATED DOCUMENTS AND FUTURE TECHNICAL AMENDMENTS TO NSP3 PLAN IN COORDINATION WITH HUD

WHEREAS, City Council approved the Neighborhood Stabilization Program 3 (NSP3) grant award in the amount of \$2,951,549, on February 8, 2011 (Resolution No. 2011-41), and

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) approved the City's original NSP3 Plan on March 9, 2011 and

WHEREAS, due to extremely limited inventory of properties available for purchase and competition with highly active cash investors, the City will expand the geographic area for community development activities as described in the NSP3 Amendment **attached**, and

WHEREAS, the City of Modesto will complete the required Rehabilitation Environmental Review (RER) for the tiered environmental review of rehabilitation of existing single-family residential structures, per 24 CFR 58.35(a)(3)(i), with or without the acquisition and/or disposition of the existing structure per 24 CFR 58.35(a)(5), and

WHEREAS, this RER tiered review will be used for NSP3 acquisition and rehabilitation activities, and

WHEREAS, the City of Modesto will complete the required NEPA Environmental Assessment, per 24 CFR 58.36, as is required for new construction or for any activities that are not exempt or categorically excluded, and

WHEREAS, this assessment will be used for NSP3 new construction activities, and

WHEREAS, the City of Modesto will complete the appropriate level of environmental review for NSP3 demolition activities per 24 CFR Part 58, and

WHEREAS, this proposal was reviewed and approved by the Citizens' Housing and Community Development Committee on April 18, 2012, and

WHEREAS, approval of the proposed action will help the City meet its goal of spending the NSP3 grant in a timely manner,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the NSP3 Amendment described in the **attached**

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign all related documents for its submission to the U.S. Department of Housing and Urban Development and approve future technical amendments to NSP3 grant per direction from HUD.

BE IT FURTHER RESOLVED, that City staff are authorized to prepare sub-recipient and developer agreements with Housing Authority of the County of Stanislaus, Habitat for Humanity, Stanislaus County, and Stanislaus County Affordable Housing Corporation to be approved by Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez,
Mayor Marsh

NOES: Couucilmembers: None

ABSENT: Councilmembers: Muratore

TOTAL	\$2,951,550	21 Units / 10 Demolitions	\$2,951,550	21 Units / 10 Demolitions

* Must house households whose incomes do not exceed 50 percent of area median income

** May have included development of land banked properties

NSP3 Grantee and Partners

- Grantee: City of Modesto
- Subrecipient: Housing Authority of the County of Stanislaus
- Developers: Habitat for Humanity, Stanislaus County
Stanislaus County Affordable Housing Corporation (STANCO)

NSP3 Grant \$2,951,549	City of Modesto \$395,154	Administration \$295,154
		Demolition \$100,000
	NSP3 Partners \$2,556,395	Acquisition and Rehabilitation \$1,556,395
		New Construction \$1,000,000

Definitions of NSP3 Activities

- **Acquisition and Rehabilitation**
 - To acquire and rehabilitate homes and residential properties that have been abandoned or foreclosed upon in order to sell or rent these properties.
- **Land Banking**
 - To acquire homes and residential properties (including vacant land) that have been abandoned or foreclosed upon in order to assemble these properties for more productive housing development. Similar to Acquisition and Rehabilitation, except the properties may be held in the land bank and need not be developed into housing until March 2021.
- **Demolition**

Neighborhood Stabilization Program 3 (NSP3) Amendment

- To demolish blighted structures. Also known as stand-alone demolition. Activity is separate and distinct from other NSP3 activities that involve demolition as part of the construction scope of work.
- **Redevelopment**
 - Similar to Acquisition and Rehabilitation, except this activity allows new construction and the acquisition of vacant land or land with vacant structures that need not be abandoned or foreclosed upon or zoned residential.
- **Administration**
 - To administer the NSP3 grant and monitor NSP3 activities. Separate and distinct from project-specific administration, which is considered activity-delivery and is funded from NSP3 non-Administration allocations.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-201**

**RESOLUTION AMENDING THE FISCAL YEAR 2011-2012 ANNUAL
OPERATING AND CAPITAL IMPROVEMENT BUDGETS TO REFLECT THE
APPROVED ALLOCATIONS IN THE NEIGHBORHOOD STABILIZATION
PROGRAM 3 PLAN AMENDMENT; AND AUTHORIZING THE FINANCE
DIRECTOR, OR HER DESIGNEE, TO TAKE THE NECESSARY STEPS TO
IMPLEMENT THE PROVISIONS OF THIS RESOLUTION**

WHEREAS, City Council approved the Neighborhood Stabilization Program 3 (NSP3) grant award in the amount of \$2,951,549, on February 8, 2011 by Resolution No. 2011-41, and

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) approved the City's original NSP3 Plan on March 9, 2011 and

WHEREAS, due to extremely limited inventory of properties available for purchase and competition with highly active cash investors, the City will expand the geographic area for community development activities as described in the NSP3 Amendment **attached**, and

WHEREAS, this proposal was reviewed and approved by the Citizens' Housing and Community Development Committee on April 18, 2012, and

WHEREAS, approval of the proposed action will help the City meet its goal of spending the NSP3 grant in a timely manner,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the NSP3 Amendment described in the **attached**.

BE IT FURTHER RESOLVED that the Finance Director or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Geer, who moved its adoption, which motion being duly seconded by Councilmember Gunderson, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez,
Mayor Marsh

		Demolition \$100,000
	NSP3 Partners \$2,556,395	Acquisition and Rehabilitation \$1,556,395
		New Construction \$1,000,000

Definitions of NSP3 Activities

- **Acquisition and Rehabilitation**
 - To acquire and rehabilitate homes and residential properties that have been abandoned or foreclosed upon in order to sell or rent these properties.
- **Land Banking**
 - To acquire homes and residential properties (including vacant land) that have been abandoned or foreclosed upon in order to assemble these properties for more productive housing development. Similar to Acquisition and Rehabilitation, except the properties may be held in the land bank and need not be developed into housing until March 2021.
- **Demolition**

Neighborhood Stabilization Program 3 (NSP3) Amendment

- To demolish blighted structures. Also known as stand-alone demolition. Activity is separate and distinct from other NSP3 activities that involve demolition as part of the construction scope of work.
- **Redevelopment**
 - Similar to Acquisition and Rehabilitation, except this activity allows new construction and the acquisition of vacant land or land with vacant structures that need not be abandoned or foreclosed upon or zoned residential.
- **Administration**

To administer the NSP3 grant and monitor NSP3 activities. Separate and distinct from project-specific administration, which is considered activity-delivery and is funded from NSP3 non-Administration allocations.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-202**

A RESOLUTION AMENDING CITY COUNCIL POLICY 5.001 REQUIRING THAT THE CITY MANAGER, UPON THE RECOMMENDATION OF THE DIRECTOR RESPONSIBLE FOR UTILITY SYSTEM PLANNING, REQUEST CITY COUNCIL APPROVAL FOR ALL EXTENSIONS OF WATER AND SEWER SERVICES INTO UNINCORPORATED AREAS

WHEREAS, the authority to grant the extension of water services into unincorporated areas is contained in Section 11-1.05 of the Modesto Municipal Code and City Council Policy 5.001, and

WHEREAS, City Council Policy 5.001 clarifies the City's position on the extension of water service into unincorporated areas and designates specific conditions that are required before the extension of service, and

WHEREAS, this policy also authorizes the City Manager to approve water service extensions that are consistent with the policy,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending City Council Policy 5.001 requiring that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water and sewer services into unincorporated areas.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May, 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-203**

A RESOLUTION AMENDING CITY COUNCIL POLICY 5.002 REQUIRING THAT THE CITY MANAGER, UPON THE RECOMMENDATION OF THE DIRECTOR RESPONSIBLE FOR UTILITY SYSTEM PLANNING, REQUEST CITY COUNCIL APPROVAL FOR ALL EXTENSIONS OF WATER AND SEWER SERVICES INTO UNINCORPORATED AREAS

WHEREAS, City Council Policy 5.002 clarifies the City's position on sewer service into unincorporated areas and specifies the implementation of the policy under specific circumstances and conditions, and

WHEREAS, this policy is silent on the authority for granting sewer service extensions,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending City Council Policy 5.002 requiring that the City Manager, upon the recommendation of the Director responsible for utility system planning, request City Council approval for all extensions of water and sewer services into unincorporated areas.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of May 2012, by Councilmember Muratore, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-204**

RESOLUTION APPROVING THE AGREEMENT FOR PURCHASE OF REAL PROPERTY INTEREST OF A TEMPORARY CONSTRUCTION EASEMENT WITH ROGER A. FLORES, CAROL E. FLORES TRUSTEES OF THE ROGER A. OR CAROL E. FLORES TRUST, AND JULIANNE M. POLATI, FOR A 2,420 SQ. FT. (0.0556 ACRES) PORTION OF A PARCEL OF LAND (APN 135-029-051), IN THE AMOUNT OF \$12,000.00, FOR THE PELANDALE AVENUE / SR 99 INTERCHANGE RECONSTRUCTION PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO FINALIZE THE ACQUISITION

WHEREAS, the City of Modesto is planning a project to reconstruct the Pelandale Avenue/SR 99 Interchange, and

WHEREAS, the project will alleviate congestion and improve operations of the Pelandale Avenue & SR 99 Interchange, and

WHEREAS, the City of Modesto has obtained lead agency status from the California Department of Transportation for the project, and

WHEREAS, staff has identified a 2,420 sq. ft. (0.0556 acres) portion of a parcel of APN 135-029-051 for a Temporary Construction Easement to improve the roadway on Salida Blvd. as a part of the capital improvements identified for the Pelandale Avenue/SR 99 Interchange Reconstruction Project, and

WHEREAS, staff has completed the required environmental review for the project, and

WHEREAS, an Agreement is needed for the acquisition interests of the property,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the purchase agreement between the City of Modesto and Roger A. Flores, Carol E. Flores, and Julianne M. Polati, for a 2,420 sq. ft. (0.0556 acres)

Temporary Construction Easement, located at 4300 Salida Blvd. (APN 135-029-051), in the amount of \$12,000.00 for the Pelandale Avenue/SR 99 Interchange Reconstruction Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-208**

RESOLUTION AUTHORIZING THE AWARD OF BIDS FOR THE PURCHASE OF LOW LEAD BRASS SERVICE FITTINGS FOR THE DEPARTMENT OF PUBLIC WORKS, WATER DIVISION, TO GROENIGER CO., MODESTO, CA, MODESTO WINDUSTRIAL CO., MODESTO, CA, AND PACE SUPPLY CORP., STOCKTON, CA, FOR A ONE-YEAR AGREEMENT WITH FOUR (4) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE PURCHASE AGREEMENTS FOR AN ESTIMATED ANNUAL COST OF \$285,000

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of low lead brass service fittings, and

WHEREAS, the Purchasing Division issued RFB No. 1112-18 Low Lead Brass Service Fittings to sixteen (16) prospective bidders, eight (8) of which were local vendors, posted the bid on the City's website and formally advertised as required by law, and

WHEREAS, bids were formally opened in the City Clerk's Office. Three (3) companies chose to respond, two (2) of which were local vendors. All three (3) companies provided responsive and responsible bids, and

WHEREAS, Modesto Municipal Code 8-3.206 Support of Local Vendors (SLV) allows the lowest bid or quote submitted by a local business that is within five (5) percent of the lowest bid, the opportunity to match the lowest bid price. Groeniger Co., Modesto, CA qualified for SLV on a list of inventory items and agreed to match lowest bid price for those items, which represents an additional \$27,000 of product purchased annually through the local vendor, and

WHEREAS, based on providing lowest responsive and responsible bids, City staff recommends the award of bids for the purchase of low lead brass service fittings to

Groeniger Co., Modesto, CA, Modesto Windustrial Co., Modesto, CA, and Pace Supply Corp., Stockton, CA, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bids for the purchase of low lead brass service fittings to Groeniger Co., Modesto, CA, Modesto Windustrial Co., Modesto, CA, and Pace Supply, Corp., Stockton, CA, conforms to the Modesto Municipal Code, and

WHEREAS, funds shall be budgeted for the purchase of low lead brass service fittings in Appropriation Units: 4100-55050-53150 and 4100-55080-53150.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bids for the purchase of low lead brass service fittings for the Department of Public Works, Water Division, to Groeniger Co., Modesto, CA, Modesto Windustrial, Modesto, CA., and Pace Supply Corp., Stockton, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue purchase agreements for an estimated annual cost of \$285,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-211

A RESOLUTION AMENDING THE STANISLAUS COUNTY DRUG ENFORCEMENT AGENCY'S FISCAL YEAR 2011/12 MULTI-YEAR OPERATING BUDGET ESTIMATING REVENUE IN THE AMOUNT OF \$40,000 FROM THE U. S. DEPARTMENT OF JUSTICE DRUG ENFORCEMENT ADMINISTRATION MARIJUANA ERADICATION GRANT

WHEREAS, on April 17, 2012, the Stanislaus Drug Enforcement Agency (SDEA) was awarded the Domestic Cannabis Eradication/Suppression Program Marijuana Eradication Grant in the amount of \$40,000, and

WHEREAS, the funding will defray costs relating to the eradication and suppression of illicit cannabis, and

WHEREAS, the costs include marijuana eradication, overtime, training, supplies and removal costs, and

WHEREAS, there is no required match to the City of Modesto, and

WHEREAS, the City of Modesto will be the fiscal agent,

WHEREAS, the term of this grant will be from January 1, 2012 through December 31, 2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the the Stanislaus County Drug Enforcement Agency's Fiscal Year 2011/12 Multi-Year Operating Budget as indicated on **Attachment A**, which is incorporated by reference herein.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-212**

RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE SENIOR CITIZENS CENTER ADA UPGRADES PROJECT, ACCEPTING THE BID, AND APPROVING AN AGREEMENT WITH BARHAM, INC. DBA BC CONSTRUCTION, OF CERES, CA IN THE AMOUNT OF \$188,984.00; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, on February 7, 2012, the City Council, by Resolution No. 2012-52, approved the Senior Citizens Center ADA Upgrades project as part of the first amendment to the City of Modesto's 2011-12 Annual Action Plan, and

WHEREAS, the project includes remodeling the restrooms to ensure ADA compliance, increasing restroom size and reconfiguring restroom fixtures, and

WHEREAS, the exterior upgrades include path of travel, parking lot signage and striping, and

WHEREAS, the project was advertised for bid on April 6, 2012, and bids were opened on May 8, 2012, and

WHEREAS, staff determined that the apparent lowest bid received from Barham, Inc. dba BC Construction of Ceres was a reasonable and competitive bid for this project, and

WHEREAS, the bidder competition was clearly evident with five (5) responsive bidders within ten percent (10%) of the engineer's estimate,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Plans and Specifications for the Senior Citizens Center ADA Upgrades project, accepts the bid, and approves an Agreement with Barham, Inc. dba BC Construction of Ceres, CA in the amount of \$188,984.00,

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-213**

RESOLUTION AMENDING THE FISCAL YEAR 2011-2012 CAPITAL IMPROVEMENT PROGRAM BUDGET TO ADJUST THE EXPENSE CATEGORIES WITHIN THE PROJECT ACCOUNT, AND AUTHORIZING THE FINANCE DIRECTOR, OR HER DESIGNEE, TO IMPLEMENT THE PROVISION OF THIS RESOLUTION

WHEREAS, on February 7, 2012, the City Council, by Resolution No. 2012-52, approved an additional allocation of \$300,000 to the Senior Citizens Center ADA Upgrades project as part of the first amendment to the City of Modesto's 2011-12 Annual Action Plan, and

WHEREAS, the project includes remodeling the restrooms to ensure ADA compliance, increasing restroom size and reconfiguring restroom fixtures, and

WHEREAS, the exterior upgrades include path of travel, parking lot signage and striping, and

WHEREAS, a budget adjustment will allocate the appropriate expenditure categories within the Parks CIP Account 100315.PRN.CDBG Housing Rehabilitation Project - Sr. Ctr. Access Features FY 10 (**Exhibit A attached**),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the fiscal year 2011-2012 Capital Improvement Program Budget to adjust the expense categories within the project account.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-214**

RESOLUTION APPROVING AN AGREEMENT WITH WGR SOUTHWEST, INC., FOR WASTEWATER AND STORMWATER COMPLIANCE ASSISTANCE IN AN AMOUNT NOT TO EXCEED \$58,155; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City of Modesto operates a Municipal Separate Stormwater Sewer System (MS4) that requires a Stormwater National Pollutant Discharge Elimination System (NPDES), and

WHEREAS, in 2008, the Regional Water Quality Control Board (RWQCB) permitted the City's MS4 for the discharge of stormwater (Order No. R5-2008-0092) which will expire in 2013, and

WHEREAS, as part of the permit renewal application process, prior to 2013, the City must develop and submit a Report of Waste Discharge (ROWD) and Stormwater Management Plan (SWMP) for reissuance of the City's MS4 permit, and

WHEREAS, the City is also permitted by the RWQCB under a separate NPDES permit to collect, treat, and discharge wastewater (Order No. R5-2008-0059), and

WHEREAS, under this permit the City is required to implement a pretreatment program, and

WHEREAS, part of the pretreatment program requirements include development of a Dental Mercury Control Program, Local Limits Update, and Enforcement Response Plan & Sewer Ordinance Update, and

WHEREAS, to meet the above permit requirements City Staff has solicited proposals and costs from five consulting firms, two of which were local, and

WHEREAS, two of the three responses received were deemed responsive bids,
and

WHEREAS, staff reviewed and scored the proposals and costs (based on criteria that included proximity to Modesto, resources available, previous work of a similar nature, repeat clients, costs), and identified WGR-Southwest Inc. as having the highest ranking, and

WHEREAS, WGR Southwest Inc. has previously assisted the City with its annual Stormwater report to RWQCB and the Fat Oils and Grease ordinance, and

WHEREAS, in order to maintain the continuity between Wastewater and Stormwater, staff requests retaining WGR Southwest Inc. to assist staff and perform the following tasks required under the Stormwater and Wastewater NPDES permits:

Wastewater (Pretreatment) Tasks:

- Develop Dental Mercury Control Program
- Develop Local Limits Update
- Update Enforcement Response Plan & Sewer Ordinance Update

Stormwater Tasks:

- Prepare ROWD
- Update SWMP for MS4 Renewal

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with WGR Southwest, Inc. for Wastewater and Stormwater Compliance Assistance in an amount not to exceed \$58,155.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-215**

RESOLUTION APPROVING AN AGREEMENT WITH NOLTE ASSOCIATES, INC. (NOLTE), FOR WORK ON THE CITY OF MODESTO COST SHARE PROGRAM IN AN AMOUNT NOT TO EXCEED \$52,350; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, Nolte was retained to evaluate the current Cost Share Program (CSP) and to make recommendations to improve the program and its accessibility to the customer, and

WHEREAS, Nolte's work included an examination of other community programs and consideration of alternative lower lateral repair policies, and

WHEREAS, Nolte found that historical participation in the CSP demonstrates that the City does provide much needed assistance to residents, and

WHEREAS, over the last five years, an average of 40 property owners per year has received approximately \$1,800 in assistance from the program; however, it was not uncommon for applicants to experience a lengthy process that was both frustrating and adding unnecessary time affecting the repairs, and

WHEREAS, a review of the problems and a comparison with similar programs in other communities resulted in suggested modifications to Modesto's CSP, and

WHEREAS, on April 24, 2012, by Resolution No. 2012-156, Council amended the FY-12 Wastewater Operating Budget in the amount of \$68,000 in order to fully fund the one-time improvements to the CSP, and

WHEREAS, staff is requesting \$52,350 of these funds for an agreement with Nolte to perform the following tasks:

- Update Cost Share Program Guidance Documents
- Develop Standard Operating Procedures for Administration of CSP

- Establish maximum unit prices for reimbursement

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Nolte Associates, Inc., in an amount not to exceed \$52,350.

BE IT FUTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-216**

RESOLUTION APPROVING A FIVE-YEAR EXTENSION OF AN AIRPORT LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND THE CALIFORNIA CENTRAL VALLEY SQUADRON OF THE COMMEMORATIVE AIR FORCE (CAF) FOR THE CONTINUED USE OF AIRPORT HANGAR 1S AT A RATE OF \$1,566 PER MONTH WITH RENT REDUCTION CREDIT GIVEN FOR THE COST OF IMPROVEMENTS AND VOLUNTEER TIME AT THE RATE OF \$18.16 PER HOUR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT ON BEHALF OF THE CITY

WHEREAS, Airport Hangar 1S, one of the oldest aircraft storage hangars in California, has been leased by the Central Valley Squadron of the Commemorative Air Force (CAF) since February 28, 2006, and

WHEREAS, the CAF wishes to renew their lease for Hangar 1S for a five-year period at a rental rate of \$1,566 per month, and

WHEREAS, the CAF has requested Rent Reduction Credit for the cost of improvements and volunteer time at a rate of \$18.16 per hour, and

WHEREAS, improvements eligible for Rent Reduction Credit will be agreed upon in advance between Lessee (CAF) and Lessor (City), and

WHEREAS, quarterly reports will be provided by Lessee to Lessor on the status of projects eligible for Rent Reduction Credit, and

WHEREAS, prior to the anniversary date of this lease agreement a final reconciliation will be made by Lessor of the rent fees less agreed Rent Reduction Credit, and

WHEREAS, the resulting monthly minimum rent will not be less than \$1,100 per month, and

WHEREAS, the CAF intends to use all of Airport Hangar 1S for use as an air museum and as a hub for their local CAF activities while preserving and maintaining the Hangar in its historic 1928 condition, and

WHEREAS, the lease agreement is expected to provide revenues of approximately \$13,000 and \$18,792 per year to the Airport Enterprise Fund Revenue,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a five-year Airport Lease Agreement between the City of Modesto and the Commemorative Air Force (CAF) for the use of Hangar 1S at a rate of \$1,566 per month with Rent Reduction Credit given for the cost of improvements and volunteer time at the rate of \$18.16 per hour.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2012-217**

**RESOLUTION APPROVING NEW CAPITAL IMPROVEMENT PROGRAM
PROJECT 100697-MAZE/EMERALD FLOODING SOLUTION FOR THE
PURPOSE OF FLOOD CONTROL AT INTERSECTION OF MAZE
BOULEVARD & EMERALD AVENUE, AND AMENDING THE FISCAL YEAR
2011-2012 CAPITAL IMPROVEMENT PROGRAM BUDGET IN THE AMOUNT
OF \$292,500 TO FUND ENGINEERING/DESIGN/ADMINISTRATION,
CONSTRUCTION, CONTINGENCY, AND CONSTRUCTION
ADMINISTRATION**

WHEREAS, the southeast corner of the intersection of Maze Boulevard and Emerald Avenue has flooding issues due to the lack of a storm water runoff system, and

WHEREAS, the flooding occurs at this intersection that is a high traffic area adjacent to Franklin Elementary School, and

WHEREAS, this project is a priority because Modesto City Schools has expressed concerns regarding student safety when localized street flooding occurs after a storm event, and

WHEREAS, City staff recommends approving new Capital Improvement Program Project 100697-Maze/Emerald Flooding Solution for the purpose of flood control at intersection of Maze Boulevard & Emerald Avenue, and

WHEREAS, certain budgetary transactions are necessary in the amount of \$292,500, in order to fund Engineering/Design/Administration, Construction, Contingency, and Construction Administration for the Maze/Emerald Flooding Solution Project, and

WHEREAS, the appropriation transfer for this project was requested, but was not included in the monthly budget adjustment for June, and

WHEREAS, it is staff's recommendation to fund the CIP at this time, in order to complete the project in time to alleviate the flooding issues prior to the rainy season this upcoming fall, and

WHEREAS, the Fiscal Year 2011-2012 Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2011-2012 Budget as shown in **Exhibit A** and the creation of Project 100697 "Maze/Emerald Flooding Solution" for the purpose of flood control at intersection of Maze Boulevard & Emerald Avenue.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

In order to create Capital Improvement Program Project 100697 “Maze/Emerald Flooding Solution” and establish budget for Engineering/Design/Administration, Construction, Contingency, and Construction Administration, funds need to be transferred in the amount of \$292,500. This would be done by reducing Storm Drain Reserves by <\$292,500> and appropriating funds to Project 100697 as follows: Engineering/Design/Administration by \$22,500, Construction by \$225,000, Contingency by \$22,500, and Construction Administration by \$22,500 within Project 100697 “Maze/Emerald Flooding Solution”.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-218**

A RESOLUTION ACCEPTING THE CALIFORNIA GANG REDUCTION, INTERVENTION AND PREVENTION (CALGRIP) GRANT, FROM THE GOVERNOR'S OFFICE OF EMERGENCY SERVICES (OES) FOR \$250,000 TO COMBAT GANG VIOLENCE; AND AUTHORIZING THE CITY MANAGER, OR HIS AUTHORIZED DESIGNEE, TO EXECUTE THE NECESSARY AWARD DOCUMENTS

WHEREAS, on May 7, 2012, the Governor's Office of Emergency Services (OES) announced the City of Modesto was awarded \$250,000 for the California Gang Reduction, Intervention and Prevention (CalGRIP) Grant, and

WHEREAS, the purpose of the CalGRIP program is to assist selected cities with gang prevention, intervention, and suppression, and to promote reentry, education, job training and skills development, and family and community services, and

WHEREAS, this funding will continue allowing the Police Department to continue providing Project S.A.F.E. (Striving for Accountability and Future Employment), and

WHEREAS, the grant requires a 100% match and salaries are considered as cash match for this grant, and

WHEREAS, the existing Gang Coordinator and Criminal Intelligence Analyst are making up the City of Modesto's required match of \$250,000 for this grant,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes acceptance of the California Gang Reduction, Intervention and Prevention (CalGRIP) Grant, from the Governor's Office of Emergency Services (OES) for \$250,000 to combat gang violence,

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the necessary award documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Geer, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-220**

RESOLUTION APPROVING A THIRD AMENDMENT TO AGREEMENT WITH FINANCIAL CONSULTING SOLUTIONS GROUP, INC. (FCS GROUP) FOR ADDITIONAL SCOPE OF WORK NOT INCLUDED IN THE ORIGINAL AGREEMENT AND AMENDMENTS FOR UPDATING THE WATER RATES AND CAPACITY CHARGE STUDY IN AN AMOUNT NOT TO EXCEED \$68,490 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$6,149 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AGREEMENT AMOUNT OF \$313,579, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT TO AGREEMENT

WHEREAS, in 2008 a number of issues led to initiating the process of updating the City's water rates and capacity charges, and

WHEREAS, those issues primarily included the following:

- Increased maintenance and operating costs
- New capital improvements
- Increased costs to construct the Modesto Regional Water Treatment Plant Phase Two Expansion Project (MRWTP Expansion)
- City's continued participation in the Regional Surface Water Supply Project (RSWSP) with Turlock Irrigation District,

and

WHEREAS, that effort was put on hold mostly due to concerns with the general state of the economy, and

WHEREAS, subsequent efforts by staff to reduce annual maintenance and operating costs, along with moving a number of water capital improvement projects out to future years (plus delays related to the RSWSP), provided some temporary relief without compromising service, and

WHEREAS, significant design and construction deficiencies on the MRWTP Expansion have been identified, and

WHEREAS, the ultimate responsibility for the additional costs associated with these deficiencies is being evaluated by engineering and legal teams for all parties involved, and

WHEREAS, both MID and the City recognize that it is in our rate payers' mutual best interest to move the project to completion as soon as practical, and

WHEREAS, in recognition that it is possible that at least initially some of the costs will be borne by the City water rate payers, staff believes it is prudent to have contractual arrangements in place to move forward with a water rate process in a timely manner, and

WHEREAS, on February 5, 2008, by Resolution No. 2008-087, City Council approved an agreement with FCS Group to complete an Updated Water Rate and Capacity Charge Study, and

WHEREAS, on August 11, 2009, by Resolution No. 2009-396, City Council approved the First Amendment for additional services related to the original agreement, and

WHEREAS, on September 7, 2010, by Resolution No. 2010-394, City Council approved the Second Amendment for additional services related to the original agreement, and

WHEREAS, this effort started and stopped a number of times and did not lead to a completed update of the water rates and capacity charges, and at this point has officially been stopped, and

WHEREAS, FCS Group's efforts have now been redirected to a Water Rate and Capacity Charge Study Update based on the currently identified design and construction deficiencies related to the MRWTP Expansion, and

WHEREAS, staff understands that much of the work completed in the original scope and subsequent amendments will be useful in the revised scope of work in this Third Amendment to Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Third Amendment to Agreement with Financial Consulting Solutions Group, Inc. for additional scope of work not included in the original Agreement or Amendments for updating the Water Rates and Capacity Charge Study in an amount not to exceed \$68,490 for the identified scope of services, plus \$6,149 for additional services (if needed), for a maximum total Agreement amount of \$313,579.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Third Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, significant design and construction deficiencies on the MRWTP Expansion have been identified, and

WHEREAS, the ultimate responsibility for the additional costs associated with these deficiencies is being evaluated by engineering and legal teams for all parties involved, and

WHEREAS, both MID and the City recognize that it is in our rate payers' mutual best interest to move the project to completion as soon as practical, and

WHEREAS, in recognition that it is possible that at least initially some of the costs will be borne by the City water rate payers, staff believes it is prudent to have contractual arrangements in place to move forward with a water rate process in a timely manner, and

WHEREAS, even though the overall footprint of the MRWTP Expansion project site has not changed, an opinion from a consulting firm experienced in CEQA law and guidelines is needed to determine if the proposed repairs to the construction deficiencies themselves could result in any significant impacts to the environment that was not previously disclosed in the MRWTP Expansion's original CEQA documents, and

WHEREAS, therefore, staff requested a proposal from Horizon Environmental for this effort based on its key personnel's previous work on the MRWTP Expansion as its Project Manager oversaw completion of the Environmental Impact Review, and

WHEREAS, in order to ensure CEQA compliance for the entire required repair work, Horizon Environmental will perform the following work:

- Review all previous CEQA documents and related background materials, along with permits and approvals issued by regulatory agencies
- Evaluate list of construction deficiencies and the corresponding corrective actions
- Prepare a report of findings based on the construction deficiencies compared to CEQA compliance and permits, along with a discussion of risks to legal challenge

, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Horizon Water and Environmental for professional services related to performing environmental review work on the proposed repairs to correct the design and construction deficiencies of the Modesto Regional Water Treatment Plant, as related to updating water rates and capacity charges, for the identified scope of services for an amount not to exceed \$14,951, plus \$1,495 for additional services (if needed), for a maximum Agreement amount of \$16,446.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-222**

RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH HARRIS AND ASSOCIATES FOR PROFESSIONAL SERVICES RELATED TO THE PROPOSITION 218 PROCESS FOR UPDATING WATER RATES, IN AN AMOUNT NOT TO EXCEED \$13,495, PLUS \$4,580 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AGREEMENT AMOUNT OF \$64,065, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT TO AGREEMENT

WHEREAS, in 2008 a number of issues led to initiating the process of updating the City's water rates and capacity charges, and

WHEREAS, those issues primarily included the following:

- Increased maintenance and operating costs
- New capital improvements
- Increased costs to construct the Modesto Regional Water Treatment Plant Phase Two Expansion Project (MRWTP Expansion)
- City's continued participation in the Regional Surface Water Supply Project (RSWSP) with Turlock Irrigation District

, and

WHEREAS, that effort was put on hold mostly due to concerns with the general state of the economy, and

WHEREAS, subsequent efforts by staff to reduce annual maintenance and operating costs, along with moving a number of water capital improvement projects out to future years (plus delays related to the RSWSP), provided some temporary relief without compromising service, and

WHEREAS, significant design and construction deficiencies on the MRWTP Expansion have been identified, and

WHEREAS, the ultimate responsibility for the additional costs associated with these deficiencies is being evaluated by engineering and legal teams for all parties involved, and

WHEREAS, both MID and the City recognize that it is in our rate payers' mutual best interest to move the project to completion as soon as practical, and

WHEREAS, in recognition that it is possible that at least initially some of the costs will be borne by the City water rate payers, staff believes it is prudent to have contractual arrangements in place to move forward with a water rate process in a timely manner, and

WHEREAS, on December 14, 2009, by Resolution No. 2009-583, City Council approved an agreement with Harris and Associates (Harris) for professional services related to the Proposition 218 process for updating water rates, and

WHEREAS, the effort was never initiated because the water rate updates was put on hold soon after execution of the Agreement; however, it was not terminated and remains in place, and

WHEREAS, a renewed interest by the City to pursue a water rate update under the provisions of Proposition 218 requires an Amendment to the original Agreement to address the following:

- An increase in the per unit costs of printing and mail preparation of ballot notices
- An increase in the number of notices for mailing
- Update changes to the Harris' project management staff
- Other minor elements of the original Agreement to bring it up to date (revised schedule and correction of typographical errors)

, and

WHEREAS, in general, Harris' scope of work includes developing the protest procedures and balloting package to be mailed to each property owner, database development of parcel information, printing, sorting, mailing (City to pay postage), and tabulating the results of the approximately 78,000 ballots to be sent out to the property owners, and

WHEREAS, Harris' estimated hours to complete this effort have not changed from its original proposal, this Amendment reflects only higher printing costs of the ballot notices and the increase in the number of ballots to be printed,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement with Harris and Associates for professional services related to the Proposition 218 Process for updating water rates, in an amount not to exceed \$13,495, plus \$4,580 for additional services (if needed), for a maximum total Agreement amount of \$64,065.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-223

RESOLUTION AMENDING THE FISCAL YEAR 2011-2012 OPERATING BUDGET IN THE AMOUNT OF \$100,191 TO FULLY FUND THE THIRD AMENDMENT TO AGREEMENT WITH FINANCIAL CONSULTING SOLUTIONS GROUP (FCS GROUP), THE AGREEMENT WITH HORIZON WATER AND ENVIRONMENTAL, AND THE AMENDMENT TO AGREEMENT WITH HARRIS AND ASSOCIATES, WHICH ARE NECESSARY TO UPDATE THE WATER RATES AND CAPACITY CHARGES

WHEREAS, certain budgetary transactions are necessary in the amount of \$86,994 in order to fully fund the Third Amendment to Agreement with Financial Consulting Solutions Group, the Agreement with Horizon Water and Environment, and the Amendment to Agreement with Harris and Associates, which are necessary to update the water rates and capacity charge, and

WHEREAS, the Fiscal Year 2011-2012 Operating Budget must be amended as shown in **Exhibit A**, which is incorporated by reference herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment of the Fiscal Year 2011-2012 Capital Improvement Budget as shown in **Exhibit A**.

BE IT FURTHER RESOLVED that the Director of Finance, or her designee, is hereby authorized to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of June, 2012, by Councilmember Cogdill, who moved its adoption, which motion being duly seconded by Councilmember Lopez, was upon roll call carried and the resolution adopted by the following vote:

EXHIBIT A

Due to the discovery of significant design and construction deficiencies related to the Modesto Regional Water Treatment Plant Expansion, it is necessary to restart the process of updating the existing water rates and capacity charges in order to address these deficiencies.

Therefore, funds are necessary to cover the Amendments and Agreement, which will restart this process update.

This would be done by transferring from \$100,191 from Account 43080 UPP- Sphere of Influence to Account 43070 UPP – Water Rate Analysis

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-224**

**A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS
FOR THE SHACKELFORD LANDSCAPE AND LIGHTING DISTRICT, AND
SETTING A PUBLIC HEARING ON THE PROPOSED ASSESSMENTS TO BE
HELD ON AUGUST 8, 2012**

WHEREAS, on June 29, 1999, the County of Stanislaus ("County") formed the Shackelford Landscape and Lighting District ("Shackelford LLD") for the purpose of administering the maintaining seventy-seven (77) 200-watt high-pressure sodium streetlights, and

WHEREAS, the Shackelford LLD was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, the Shackelford LLD is comprised of approximately 153 acres, includes 496 lots with both residential and commercial development, and is bounded by Crows Landing on the west, E. Hatch Road on the south, Union Pacific Railroad on the east, and State Route 99 on the north, and

WHEREAS, on February 22, 2012, the Stanislaus County Local Agency Formation Commission ("LAFCO") approved the annexation of the Shackelford Area to the City of Modesto ("City"), and

WHEREAS, on April 24, 2012, the City Council approved the Shackelford Landscape and Lighting District Transfer Agreement between the County and City, and

WHEREAS, the City will assume full responsibility and administration of the Shackelford LLD on July 1, 2012, and

WHEREAS, the City intends to levy and collect assessments within the Shackelford LLD during the fiscal year 2012-2013, and

WHEREAS, in compliance with Section 22623 of the California Streets and Highways Code and in response to the scheduled transfer of the Shackelford LLD from the County to the City, the 2012-2013 Annual Engineer's Report was prepared by the Engineer of Work for the County, and

WHEREAS, said annual report was filed with the City Clerk by the Engineer of Work for the City, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the Shackelford LLD for the fiscal year stated in the annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the Shackelford LLD.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.
- e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council acknowledges the transfer of the Shackelford Landscape and Lighting District (“Shackelford LLD”) from the County of Stanislaus to the City of Modesto on July 1, 2012.

2. The City Council intends to levy and collect assessments within the Shackelford LLD during the fiscal year 2012-2013.

3. There are no proposed new improvements or any substantial changes in the existing improvements in the Shackelford LLD and the existing improvements to be made in the Shackelford LLD are generally described as follows:

The City shall provide maintenance, operation and servicing, in perpetuity, of streetlights and any and all improvements required for such maintenance including, but not limited to:

- a. Payment to local utility company for monthly power costs of energizing street lights in the Shackelford LLD.
- b. Payment to local utility company for maintenance of street lights in the Shackelford LLD that the utility company owns (usually those lights that are mounted on wooden poles).
- c. Maintenance provided by the City of Modesto for street lights in the Shackelford LLD that are owned by the City of Modesto (usually those lights that are mounted on steel poles).

4. The Shackelford LLD is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located North of Hatch Road, South of State Highway 99, and East of Crows Landing Road.

5. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the Shackelford LLD and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the Shackelford LLD.

6. On Wednesday, the 8th day of August, 2012, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the questions of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

7. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

8. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-225**

RESOLUTION APPROVING A PURCHASE AND SALE AGREEMENT WITH CHRISTOPHER A. LAMKE AND DEBORAH L. VILLIERME-LAMKE, FOR ACQUISITION OF 1,634 SQUARE FEET FEE ACQUISITION PORTION OF A PARCEL LOCATED AT 3900 SYLVAN AVENUE (APN 085-049-014), IN THE AMOUNT OF \$39,621, FOR THE SYLVAN AND LITT IMPROVEMENT PROJECT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND ALL RELATED DOCUMENTS REQUIRED TO CLOSE ESCROW

WHEREAS, the Sylvan and Litt Improvement Project is included in the Village One Facilities Master Plan and is a Priority 3 project on the Village One Project Prioritization List, and

WHEREAS, the project includes roadway improvements on Sylvan Avenue from west of Litt Road to Claus Road and on Litt Road from Sylvan Avenue to the north end of the future Grogan Park site, and

WHEREAS, the proposed street widening project also includes land acquisition for the needed right-of-way and abandonment of the south portion of Litt Road that will no longer be used for road purposes due to the realignment, and

WHEREAS, staff has identified a portion of a parcel located at 3900 Sylvan Avenue (APN 085-049-014), to place improvements as a part of the capital improvements identified for the Sylvan and Litt Improvement Project, and

WHEREAS, an Agreement is needed for the acquisition of the property and staff has investigated the subject property to ensure it is suitable for this purpose, and therefore recommends approving the Purchase and Sale Agreement for acquisition of the property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Purchase and Sale Agreement with Christopher A. Lamke and

Deborah L. Villierme- Lamke, for 1,634 square feet fee acquisition portion of a parcel located at 3900 Sylvan Avenue (APN 085-049-014), in the amount of \$39,621, for the Sylvan and Litt Improvement Project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Purchase and Sale Agreement, and all related documents required to close escrow.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember ~~Burnside~~, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-226**

RESOLUTION AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN A CERTIFICATE OF ACCEPTANCE FOR THE GRANT DEED FOR THE ACQUISITION OF PROPERTY INTERESTS LOCATED AT 3900 SYLVAN AVENUE, OWNED BY CHRISTOPHER A. LAMKE AND DEBORAH L. VILLIERME- LAMKE, (APN 085-049-014) TO BE PURCHASED BY THE CITY OF MODESTO FOR THE SYLVAN AND LITT IMPROVEMENT PROJECT

WHEREAS, Section 27281 of the Government Code requires a public agency to accept real property prior to the recordation of a deed or adopt a resolution accepting real property, and

WHEREAS, the City of Modesto desires to acquire a 1,634 square foot portion fee acquisition of a parcel owned by Christopher A. Lamke and Deborah L. Villierme-Lamke, (APN 085-049-014), to be purchased by the City of Modesto for the Sylvan and Litt Improvement Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to sign a Certificate of Acceptance for the Grant Deed for the acquisition of property interests located at 3900 Sylvan Avenue (APN 085-049-014), in the County of Stanislaus, owned by Christopher A. Lamke and Deborah L. Villierme-Lamke to be purchased by the City of Modesto for the Sylvan and Litt Improvement Project.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-227**

RESOLUTION AUTHORIZING THE CITY COUNCIL OF THE CITY OF MODESTO, ACTING AS THE GOVERNING BODY OF ALL ITS COMMUNITY FACILITIES DISTRICTS, TO ORDER JUDICIAL FORECLOSURE OF DELINQUENT ANNUAL SPECIAL FACILITIES TAXES PURSUANT TO THE MELLO-ROOS COMMUNITY FACILITIES ACT OF 1982, AND TO ORDER THAT THE STANISLAUS COUNTY TAX COLLECTOR BE CREDITED WITH THOSE TAXES

WHEREAS, the City of Modesto ("City") has conducted proceedings resulting in the formation of Community Facilities Districts ("CFDs") and the issuance and sale of bonds or debt pursuant to the Mello-Roos Community Facilities Act of 1982 (Cal. Gov. Code Section 53311, et seq.; the "Act"), and

WHEREAS, pursuant to the Act, the City has duly recorded Notices of Special Tax Lien and has duly and regularly levied special taxes, which special taxes and interest and penalties thereon constitute a lien against the parcel of the land against which it was levied until the same are paid, which liens secure in whole or part debt issued pursuant to the Act, and

WHEREAS, certain installments of the special taxes have not been paid when due, and certain special taxes may not be paid when due in the future, and

WHEREAS, pursuant to Section 53356.1(a) of the Act, the CFDs are authorized to order the special taxes collected by an action brought in the Superior Court to foreclose their liens, and

WHEREAS, pursuant to Section 53356.1(b) of the Act, the CFDs covenanted for the benefit of owners of the debt to file such foreclosure actions on behalf of the debt holders and are authorized to order the County Auditor to credit the delinquent special taxes upon the secured tax roll, thus relieving the County Tax Collector of further duty

and regard thereto, and

WHEREAS, on July 12, 2011, the City Council, by Resolution No. 2011-269, authorized the City Manager to execute an Amendment No. 1 to Task Order No. 1 to the Master Professional Services Agreement with Goodwin Consulting Group, Inc. ("Foreclosure Counsel"), a firm experienced and qualified to process such judicial collection and foreclosure actions, and

WHEREAS, Foreclosure Counsel is still under contract to provide said services,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto, acting as the governing body of all of the City of Modesto Community Facilities Districts that:

1. The City finds that the Act authorizes the filing of judicial foreclosure lawsuits to collect delinquent special taxes, and hereby orders that the delinquent special taxes listed on the **attached Exhibit A** and all future delinquent special taxes as to such property, be collected by action brought in the appropriate Superior Court to foreclose the liens thereof.

2. City staff in conjunction with special counsel and other City consultants are authorized and directed if and as applicable, pursuant to Government Code Section 53356.2: 1) to record notices of intent to remove the delinquent special taxes from the tax rolls, and 2) to request that the applicable County officials remove current and future delinquent special taxes from the tax rolls.

3. The Act provides for the payment of the costs and attorneys fees for prosecution of the foreclosure lawsuits on redemption prior to entry of judgment as well as on post-judgment redemption, and hereby authorizes Foreclosure Counsel to require

payment on its behalf of all costs and all attorney fees incurred to collect the delinquent special taxes as a condition of such redemption as provided in the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-228**

A RESOLUTION DECLARING THE CITY COUNCIL'S INTENTION TO FORM LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2012-1 AND TO LEVY ANNUAL ASSESSMENTS COMMENCING WITH FISCAL YEAR 2012/2013; ACCEPTING AND APPROVING THE ENGINEER'S REPORT; TO CONDUCT A PROPERTY OWNER PROTEST BALLOT PROCEEDING ON THE MATTER OF THE NEW ASSESSMENTS; AND SETTING A TIME AND PLACE FOR THE PUBLIC HEARING ON THESE MATTERS

WHEREAS, the City Council of the City of Modesto ("City"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the California Streets and Highways Code ("Act") did by previous resolution, initiated proceedings for the formation of a landscape maintenance district to be known and designated as CITY OF MODESTO, LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2012-1 ("District"), and to levy and collect annual assessments for the District commencing on fiscal year 2012/2013 to pay for the operation, maintenance, and servicing of local landscape improvements, and appurtenant facilities related thereto; and

WHEREAS, the City has retained Willdan Financial Services ("Willdan") as the Engineer of Work for the purpose of preparing and filing an Engineer's Report ("Report") with the City Clerk concerning the formation of Landscape Maintenance Assessment District No. 2012-1 and the proposed annual levy of assessments in accordance with the provisions of Chapter 1, Article 4 of the Act and the provisions of the California Constitution Article XIII D (the "Constitution"); and

WHEREAS, the City Council has received Willdan's Report and has examined and reviewed the Report as presented, and is satisfied that the Report sufficiently describes the boundaries of the proposed District, the improvements to be provided, and

is satisfied that the assessments have been spread in accordance with the benefits received from the improvements and maintenance to be performed; and

WHEREAS, the City desires and intends to form the District, to levy and collect annual assessments for the District commencing in fiscal year 2012/2013 to pay for the operation, maintenance, and servicing of the local landscape improvements, and appurtenant facilities related thereto; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that the Report prepared by Willdan, **attached** hereto and incorporated as part of this Resolution, consists of the following:

- a) A Description of the Improvements (Plans and Specifications), and
- b) The Method of Apportionment that details the method of calculating the proportional special benefits and the annual assessment obligation for each affected parcel including a description of an "Assessment Range Formula" applicable to subsequent assessments, and
- c) The estimated annual cost and expenses to provide the improvements (Budget) that establishes the proposed "Maximum Assessment Rate" and first year's assessments, and
- d) An Assessment Diagram (Boundary Map), and
- e) An Assessment Roll containing the assessment to be levied for each Assessor Parcel Number within the District, commencing in fiscal year 2012/2013 based on the assessment rate and method of apportionment described therein; and

BE IT FURTHER RESOLVED that the improvements described in the Report and for which the District is being formed generally includes, but is not limited to, the

maintenance, operation and servicing of the local streetscape landscape improvements established in connection with development of the properties within the District, and which shall be maintained for the special benefit of those properties. The maintenance and servicing of the improvements shall generally include, but is not limited to the materials, equipment, utilities, labor, and incidental expenses, including administrative expenses, required for annual operation, as well as the performance of periodic repairs and replacement activities as needed to provide for the growth, health, and beauty of trees, landscaping and the proper operation and functioning of related hardscapes, irrigation systems and drainage systems within the public right-of-ways and/or dedicated easements; and

BE IT FURTHER RESOLVED that the District as described in the Report consists of the lots and parcels of land that will receive special benefits from the improvements and services to be provided and are within the residential subdivisions known as Dry Creek Meadows No's 1-10, Creekwood Meadows and Yosemite Meadows No's 1-3, which are generally located north of Yosemite Boulevard, east of McClure Road, west of Yosemite Meadows Drive and south of the M.I.D. Lateral No. 2. The parcels within the proposed District are currently identified on the Stanislaus County Assessor's Parcel Maps as all or portions of Book 079 Pages 002 through 024, 027 and 028, which incorporates one thousand two hundred seventy-nine (1,279) single-family residential parcels, one (1) school site (Bernard L Hughes Elementary School), one (1) park site (Creekwood Park) and one (1) public area/easement parcel; and

BE IT FURTHER RESOLVED that Notice is hereby given that a public hearing on these matters will be held by the City Council on Tuesday, August 8, 2012, at 5:30

P.M., or as soon thereafter as feasible, in the City Council Chambers, located in the basement of Tenth Street Place, 1010 Tenth Street in Modesto, CA 95354. At the Public Hearing, all interested persons shall be afforded the opportunity to hear and be heard; and

BE IT FURTHER RESOLVED that City Clerk or their designee is hereby authorized and directed to prepare and mail notice of the Public Hearing and property owner protest ballots to the subject property owners regarding the proposed levy of the assessments and the assessment range formula outlined in the Engineer's Report, pursuant to Article XIID of the California Constitution and Government Code section 53753; and

BE IT FURTHER RESOLVED that the property owner protest ballot proceeding conducted for the District assessments shall constitute the property owner's approval or rejection of the proposed levy of assessments, assessment range formula and formation of the District. Each landowner may return the ballot by mail or in person to the City Clerk not later than the conclusion of the Public Hearing on Tuesday, August 8, 2012. After the close of the Public Hearing, the City shall tabulate the ballots returned to determine if majority protest exists. The ballots shall be weighted according to the proportional financial obligation of each affected property. Majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment; and

BE IT FURTHER RESOLVED that any interested person may file a written protest with the City Clerk prior to the conclusion of the hearing, or having previously filed protest, may file a written withdrawal of that protest. A written protest shall state all grounds of objection and protest by a property owner shall contain a description sufficient

to identify the property owned by such property owner. At the public hearing, all interested persons shall be afforded the opportunity to hear and be heard.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST:

ENGINEER'S REPORT AFFIDAVIT

Formation of

Landscape Maintenance Assessment District No. 2012-1

Fiscal Year 2012/2013

City of Modesto,
County of Stanislaus,
State of California

This Report outlines the proposed assessments to be levied and collected for Landscape Maintenance Assessment District No. 2012-1 ("District") commencing in fiscal year 2012/2013, and would replace the annual assessments currently levied and collected by the City for Landscape Maintenance Assessment District No. 1 (LMAD No. 1) and Landscape Maintenance Assessment District No. 2 (LMAD No. 2). This District includes the residential subdivisions known as Dry Creek Meadows No.'s 1 thru 10, Creekwood Meadows and Yosemite Meadows No.'s 1 and 2. This Report specifically address the improvements, the estimated cost to provide the improvements (budget), the method of apportionment, and the resulting assessments to be levied on the parcels within the District as they existed at the time this Report was prepared. The assessments as described herein are deemed necessary to adequately maintain the improvements determined to be of special benefit to the properties within the District as defined by the Assessment Diagram contained herein as Part IV. Because these assessments are considered to be new or increased assessments, such assessments shall be submitted to the property owners of record as part of a protest ballot proceeding pursuant to the provisions of the California Constitution Article XIID, before such assessments may be adopted and imposed by the City Council. Reference is hereby made to the Stanislaus County Assessor's maps for a detailed description of the lines and dimensions of parcels within the Landscape Maintenance Assessment District No. 2012-1. The undersigned respectfully submits the enclosed Report as directed by the City of Modesto City Council.

Dated this _____ day of _____, 2012.

INTRODUCTION

Pursuant to the provisions of the Landscape and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with §22500 (the "1972 Act"), the City Council of the City of Modesto, County of Stanislaus, State of California, ("City") has by previous resolution initiated proceedings that called for the preparation and filing of an Engineer's Report to establish a special benefit assessment district to be designated as:

Landscape Maintenance Assessment District No. 2012-1

("District"), for the purpose of continuing and providing for the ongoing maintenance, servicing and operation of local public landscape improvements and related amenities that provide special benefits to the properties within the residential developments known as Dry Creek Meadows No.'s 1 thru 10, Creekwood Meadows and Yosemite Meadows No.'s 1 and 2 which comprise the District. Property owners within these residential neighborhoods have indicated their desire to have the landscape improvements and associated appurtenants within and adjacent to their developments be maintained at a level of service which is greater than that currently provided and supported by the existing assessments for Landscape Maintenance Assessment District No.'s 1 and 2 (LMAD No. 1 and LMAD No. 2), which are levied and collected annually on the County tax rolls.

In order to provide the necessary funding for the costs and expenses required to service and maintain the median and parkway landscaping as well as the related trees and hardscape areas at an appropriate level of service for the benefiting properties within these residential neighborhoods, the City has determined that it is necessary to form this new District (consolidating portions of LMAD No. 1 and LMAD No. 2) and establish new assessments as outlined in this Engineer's Report ("Report"). Upon a successful outcome of a property owner protest ballot proceeding conducted in accordance with the substantive and procedural requirements of the *California State Constitution Article XIID* (the "California Constitution"), the City Council may by resolution, form this new District and concurrently dissolve LMAD No. 1 and LMAD No. 2. In such case the assessments for LMAD No. 1 and LMAD No. 2 would be discontinued. Otherwise, the City may continue to levy and collect the approved assessments for LMAD No. 1 and LMAD No. 2 under separate proceedings.

As required pursuant to Chapter 1, Article 4 of the 1972 Act, this Report describes the District, the improvements, and the assessments to be levied on properties within the District in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements commencing in fiscal year 2012/2013. The assessments described herein will provide an annual funding source to adequately support the ongoing maintenance, servicing and operation, of the median and parkway landscaping and related amenities that provide special benefits to the properties within the District as well as fund some needed upgrades and renovations and associated incidental expenses. Said District shall include all lots and parcels of land determined to receive special benefit from the improvements and maintenance related thereto as identified by the Assessment Diagram contained in Part IV of this Report.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Stanislaus County Assessor's Office. The Stanislaus County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for the special benefit assessments.

As part of the District formation, pursuant to the provisions of Article XIID, Section 4 of the California Constitution, and in accordance with the provisions of Government Code, Section 53753, the City shall conduct a property owner protest ballot proceeding (referred to as "Ballot Proceeding") for the proposed levy of new or increased assessments as described in this Report. In conjunction with this Ballot Proceeding, the City Council will conduct a noticed public hearing to consider public testimonies, comments and written protests regarding the proposed new assessments. Upon conclusion of the public hearing, property owner protest ballots received will be opened and tabulated to determine whether majority protest exists.

As specified by Article XIID Section 4e : "A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property."

After completion of the ballot tabulation, the City Council will confirm the results of the balloting by resolution. Based on the results of that tabulation:

- If majority protest exists for the new assessments, further proceedings to levy these assessments shall be abandoned for fiscal year 2012/2013 and the new District would not be formed. The City however, may continue to levy and collect the annual assessments previously approved and adopted by the City Council for LMAD No. 1 and LMAD No. 2.
- If tabulation of the ballots indicate that majority protest does not exist for the proposed new assessments and assessment range formula presented and described herein, the City Council may approve this Report (as submitted or amended), approve the assessment diagram, and confirm the new assessments by resolution and either in the same resolution or by a separate resolution the City Council will dissolve the existing LMAD No. 1 and LMAD No. 2. In such case, the District assessments as approved and ordered shall be submitted to the Stanislaus County Auditor/Controller for inclusion on the fiscal year 2012/2013 property tax roll for each assessed parcel. Each subsequent fiscal year, an Engineer's Report shall be prepared and presented to the City Council describing the District, any changes to the District or improvements, the proposed budget and assessments for that fiscal year, and the City Council shall hold a noticed public hearing regarding these matters prior to approving and adopting the annual levy of assessments.

This Report consists of five (5) parts:

Part I

Plans and Specifications: An overall description of the District and a general description of the location and extent for the proposed improvements are provided in this section of the Report. In a review of the improvements and the parcels within the District, it has been determined that each parcel to be assessed proportionately benefits from the same or similar improvements and that the total annual cost to provide such improvements shall be shared by such parcels. Therefore the District will be formed with a single benefit zone encompassing each property to be assessed within the proposed boundaries of the District.

A diagram showing the exterior boundaries of the District and the parcels within the boundaries of the District therein is attached and incorporated herein under Part IV — Assessment Diagram.

Part II

The Method of Apportionment: This section of the Report includes a discussion of the benefits (general and special benefits) associated with the improvements and the method of calculating each property's proportional special benefit and annual assessment.

Part III

District Budget: Provides an estimate of the annual funding necessary to fund an appropriate level of service for the annual maintenance and operation of the landscape improvements and related amenities within the District and the resulting maximum assessment rate (Rate per Equivalent Benefit Unit) for the parcels within the District, which will be levied and collected commencing in fiscal year 2012/2013. This budget includes an estimate of direct annual operational costs (regular landscape and tree maintenance, utilities and related costs); collection of annual installments to funded needed improvement replacements and/or upgrades of the existing improvements and facilities; collection of funds for anticipated future repair and rehabilitation of the improvement amenities; and incidental expenses authorized by the 1972 Act including, but not limited to administration expenses, county and professional service fees and collection of appropriate fund balances. The proposed maximum assessment (Rate per Equivalent Benefit Unit) identified in the budget establishes the maximum assessment rate for fiscal year 2012/2013 (initial maximum assessment rate). This maximum assessment rate includes an annual inflationary adjustment which is described in this section of the Report and shall be applied each subsequent fiscal year to establish the maximum assessment rate allowed each fiscal year. This maximum assessment along with the inflationary adjustment will be presented to the property owners of record for approval as part of the protest ballot proceedings.

Part IV

Assessment Diagram: A diagram showing the exterior boundaries of the District which includes all parcels that receive special benefits from the improvements. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within the District as depicted by the diagram, are based on the Stanislaus County Assessor's Parcel Maps as they existed at the time this Report was prepared and are inclusive of all parcels determined to receive special benefits from the improvements and shall include all subsequent subdivisions, lot-line adjustments or parcel changes therein. Reference is hereby made to the Stanislaus County Assessor's Maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District.

Part V

Assessment Roll: A listing of the proposed maximum assessment amount for each parcel based on the parcel's proportional special benefit as outlined in the method of apportionment. These assessment amounts represent the assessments proposed to be levied and collected on the County Tax Rolls for fiscal year 2012/2013.

PART I — PLANS AND SPECIFICATIONS

Description of the District

The boundaries of the District and a brief description of the improvements are provided in this section of the Report. The allocation of special benefit and general benefit from the improvements are summarized in the Method of Apportionment contained in Part II of this Report

The territory within the District generally consist of the lots and parcels of land within the residential subdivisions known as Dry Creek Meadows (No.'s 1 thru 10), Creekwood Meadows and Yosemite Meadows (No.'s 1 and 2) which are currently included as part of either LMAD No. 1 or LMAD No. 2, but does not include all parcels within those two districts. The lots and parcels of land within the District are generally located north of Yosemite Boulevard, west of Yosemite Meadows Drive, east of North McClure Road (excluding those residential properties on North McClure Road) and south of the M.I.D. Lateral No. 2. The boundaries of the District includes all or a portion of the lots and parcels of land currently identified on the Stanislaus County Assessor's Parcel Maps as Book 079, Pages 002 through 024, 027 and 028. Within the boundaries of the District there are currently one thousand two hundred eighty-four (1,284) parcels consisting of one thousand two hundred seventy-nine (1,279) single family residential parcels, one school site (Bernard L Hughes Elementary School), one (1) park site (Creekwood Park) and three (3) public right-of-way/easement parcels.

The specific Assessor's Parcel Numbers that comprises the District at the time this Report was prepared are identified on the Assessment Roll contained in Part V of this Report. The improvements and benefits associated with the properties within the District are described in more detail in the Method of Apportionment contained in Part II of the Report.

Improvements and Services

Improvements Authorized by the 1972 Act

As generally defined by the Landscaping and Lighting Act of 1972 and applicable to this District either now or in the future, the improvements and associated assessments may include one or more of the following:

- The installation or planting of landscaping;
- The installation or construction of statuary, fountains, and other ornamental structures and facilities;
- The installation or construction of public lighting facilities including, but not limited to street lights and traffic signals;
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof.
- The acquisition of any existing improvement otherwise authorized pursuant to the Act;

- The maintenance or servicing, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
 - The removal of trimmings, rubbish, debris, and other solid waste;
 - The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;
 - Electric current or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements;
 - Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- The collection and accumulation of funds as reserves for the purpose of ensuing appropriate cash flow for operational activities and long-term maintenance expenses.
- Incidental expenses associated with the improvements including, but not limited to:
 - The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - Compensation payable to the County for collection of assessments;
 - Compensation of any engineer or attorney employed to render services;
 - Any expenses incidental to the issuance of bonds or notes;
 - Costs associated with the proceedings held for the approval of a new or increased assessment.
 - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;

District Improvements

The purpose of the District is to provide funding for the continued maintenance, operation and servicing of the landscaping and related amenities associated with the various landscaped parkways and medians within or adjacent to the residential developments that comprise the District and are located in the public right of ways and/or easements dedicated to the City for maintenance. The landscape improvements to be maintained were originally constructed and installed in connection with the development of the District parcels and may include, but are not limited to trees, ground cover, vines, shrubs and other vegetation; stamped concrete, sidewalks or other hardscape amenities; irrigation and drainage systems; and related appurtenances. The location and extent of the District improvements generally include the following:

Parkways:

The District's parkway landscaping includes approximately 75,300 square feet of landscaped area (shrubs, groundcover & vines), 296 trees and 73,150 square feet of sidewalk area, located primarily on Creekwood Drive, and Clause Road, but also includes areas on Yosemite Boulevard, Yosemite Meadows and at the transition of Coddington Way and Waddell Way. These landscaped parkways include the following segments:

- Creekwood Drive on the west and/or north sides, from:
 - The southern boundary of the Dry Creek Meadows No. 9 subdivision (being the northern boundary of the Yosemite Self Storage property), north to Jarena Drive;
 - Jarena Drive, north to Mechalys Way;
 - Ardia Avenue, north to Dry Creek Drive;
 - Dry Creek Drive, north and east to Leavenworth Way;
 - Leavenworth Way, east to Clause Road;
 - The northwest corner of Creekwood Drive and Clause Road (Parkway/Entryway).
- Creekwood Drive on the east and/or south sides, from:
 - The southern boundary of the Creekwood Meadows subdivision (being the northern boundary of the shopping center located on Yosemite Boulevard), north to Jarena Drive;
 - Jarena Drive, north to Julene Drive;
 - Julene Drive, north to Schuyler Way;
 - Schuyler Way, north to Edenton Way;
 - Edenton Way, north and east to Leavenworth Way;
 - Leavenworth Way, east to Clause Road;
 - The pedestrian bridge area located at the southwest corner of Creekwood Drive and Clause Road.
- Coddington Way and Waddell Way:
 - The northeast parkway area where Coddington Way and Waddell Way meet, which is actually a continuation (separated by a block wall) of the pedestrian bridge area located at the southwest corner of Creekwood Drive and Clause Road.
- Clause Road on the west side, from:
 - The southern boundary of the Creekwood Meadows subdivision (being the northern boundary of the shopping center located on Yosemite Boulevard), north to Creekwood Drive; and
 - Creekwood Drive, north to the M.I.D. Lateral No. 2 Canal.
- Clause Road on the east side, from:
 - Yosemite Boulevard, north to Yosemite Meadows Drive, including the small section on the south side of Yosemite Meadows Drive, just east of Clause Road.

- Yosemite Boulevard on the north side, from:
 - Clause Road, east to Yosemite Meadows Drive (This landscaped areas consist of sidewalk cutouts [wells] for trees and vines)

Medians:

The District's medians incorporates a small portion of the overall landscaping, but generally includes approximately 1,575 square feet of landscaped area (shrubs and groundcover), 60 trees and 30,020 square feet of stamped concrete or other hardscape surface are, located on Creekwood Drive. These median islands include the following segments:

- The southern boundary of the Creekwood Meadows subdivision (being the northern boundary of the shopping center located on Yosemite Boulevard),, north to Jarena Drive;
- Jarena Drive, north to Schuyler Way;
- Schuyler Way, north to Mechalys Way;
- Mechalys Way, north to Ardia Avenue;
- Ardia Avenue, north to Edenton Way;
- Edenton Way, north to Dry Creek Drive;
- Dry Creek Drive, north and east to Leavenworth Way;
- Leavenworth Way, east to and Clause Road.

District Maintenance and Services

To the full extent permitted by the 1972 Act, the improvements, projects and expenditures to be funded by the assessments may include the furnishing of labor, materials, equipment and utilities for the ordinary and usual maintenance, operation, and servicing of landscaping located within the public right-of-ways and easements dedicated to the City. The City Administrator of Infrastructure Financing Programs shall authorize such maintenance and servicing in conformity with the City of Modesto's landscape maintenance standards and available funding. The maintenance, operation and servicing of these improvements may include, but is not limited to:

- Regularly scheduled maintenance and irrigation of the landscaping including plants, shrubs and vines;
- Pre-scheduled and as needed trimming and pruning of trees to promote healthy growth and minimize root damage.
- Fertilizing of vegetation (shrubs, groundcover plants, tree).
- Removal of dead or deceased plants.
- Regular weed and litter removal.
- Monitoring, maintenance and regular repair of the irrigation system;
- Repair and replacement of improvements (vegetation and irrigation) damaged by vandalism, weather or other natural causes.
- Sidewalk maintenance and repair associated with the landscape maintenance.

- Incidental expenses necessary for the ongoing operation of the District and improvements including administrative expenses, reserves and funds collected for periodic and long term capital costs for repairs and rehabilitation.

The following table provides additional detail of the landscaping services and activities to be funded by the District assessments. These services and activities are not all inclusive of the maintenance services and activities that may be provided and may be modified as needed in subsequent fiscal years based on the needs of the District and available funding.

Proposed Landscaping Services	
Service Description	Service Frequency
Seasonal leaf removal	Two times in the Fall (8 weeks)
General weed control	Monthly
Fertilizing shrubs, groundcover and vines	One time per year
Pruning right-of-way shrubs (Walls)	Eight times per year
Planter grooming	Once per month
Vine pruning and maintenance	Semi-annual (Twice per year)
Annual flower maintenance	Once per month
Litter removal	Three times per month
Pest control (Insects and disease)	As needed
Pest control Rodents	Monthly
Tree maintenance	Annually (Elevate for sidewalk clearance)
Irrigation maintenance	Monthly
Blow Sidewalks	Weekly
Irrigation Controller Replacement	All 9 controllers as needed
Irrigations Head Replacement	3000+ sprinkler heads as needed
Shrub, Groundcover & Vine Replacements	As needed

PART II — METHOD OF APPORTIONMENT

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements including, the acquisition, construction, installation, maintenance and servicing of landscaping within public right-of-ways such as medians. The 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and has been established pursuant to the provisions of the 1972 Act and California Constitution. The formulas used for calculating assessments reflect the composition of parcels within the District and the improvements and activities to be provided, and have been established to fairly apportion costs based on a determination of the proportional special benefits to each parcel.

Benefit Analysis

Each of the proposed improvements and the associated costs have been carefully reviewed, identified and allocated based on special benefit pursuant to the provisions of the 1972 Act and the California Constitution. The improvements to be provided by this District and for which properties will be assessed have been identified as necessary, desired and required as essential components for the orderly development of properties within the District to their fullest potential, consistent with the development plans and applicable portions of the City's General Plan. As such, these local improvements provide a direct reflection and extension of those properties that comprise the District and would be necessary and required of the individual property owners for the development of such properties. Therefore the ongoing operation, servicing and maintenance of these local landscape improvements are a particular and distinct benefit to these properties and would otherwise be the financial obligation of those properties either individually or collectively through an association or similar funding mechanism.

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape improvements to be funded by the assessments, and that such assessments will be used to provide an appropriate and sustainable level of maintenance for the existing landscape improvements and facilities within the boundaries of the District, and the assessment revenues generated by the District will be used solely for such purposes. Furthermore, the assessment obligation for each parcel reflects that parcel's proportional special benefit as compared to other properties that receive special benefits as outlined in the preceding provisions of the 1972 Act and the California Constitution.

Special and General Benefit

In reviewing the improvements and services to be provided by this District, it is evident that these improvements and related maintenance and servicing are local improvements installed for and in connection with the collective development of the properties within the District. Each improvement was clearly designed and installed to serve as an extension and shared responsibility of the individual private properties, resulting from and/or required for the development of those properties. These improvements are a direct and collectively representation of those individual private properties, similar to any other privately funded and maintained common area or private-street. Like many other development related improvements and infrastructure, the landscaping improvements to be maintained by the District and funded through special benefit assessments, collectively serve as a direct physical extension of the individual private properties and would otherwise not be necessary or provided by the City, if not for the development of those properties.

The fact that these improvements are located within public right-of-ways or easements and are maintained by the City through an assessment district rather than privately through a homeowner's association does not make these improvements less of a direct and special benefit to those properties nor does it suggest that because these improvements are considered "public improvements" such improvements must have a benefit to the City or to the public at large. While these improvements may certainly be visible to the general public or other nearby properties, the fact that these improvements were only necessary for the development of the parcels within the District and were neither required nor necessarily desired by any other properties or developments, the visibility of such improvements that may afforded to other properties or to the public at large is incidental to the special benefits to properties in the District and certainly not a measurable or quantifiable benefit (either general or special). Furthermore, similar improvements and services associated with other developments within the City are typically maintained privately by the individual property owners or an association. Therefore, it has been determined that because these localized improvements were facilitated by the development of properties within the District, they provide no measurable or tangible benefits (general or special) to properties outside the District or to the public at large.

It is therefore apparent that the improvements and certainly the need to properly maintain and sustain these improvements, are exclusively for the special benefit of properties in the District and the level of service associated with such improvements directly affects only the properties within these developments

Assessment Methodology

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District.

For most maintenance districts, particularly those formed under the provisions of the 1972 Act, the method of apportionment most commonly used is based on what is often referred to as an "Equivalent Dwelling Unit" (EDU) or "Equivalent Benefit Unit" (EBU) method of apportionment. While the terminology may be slightly different, both of these methods of apportionment establish a basic unit (base value) of assessment that provides a common value or shared measure of proportional benefit from the improvements and services provided and assigns a weighted value to various properties and property types based on an assessment formula that equates each property's specific characteristics to that of the base value. The net annual cost of the improvements is distributed among the parcels based upon a calculation of the proportional special benefit received by each parcel utilizing this base value comparison. The benefit formula used to determine the assessment obligation is therefore based upon both the improvements that benefit the parcels within the District as well as the use and characteristics of each property as compared to other parcels that benefit from those specific improvements.

For the purposes of this Report and the determination of proportional annual assessment obligation for this District, the quantum of benefit derived from the funded improvements, programs and services by a single-family residential parcel is considered to be the "benchmark" property or base value and each single-family residential parcel within the District is considered to receive proportionately equal special benefits from the improvements and each is assigned and derives one (1.0) equivalent benefit unit. Within this District, it has been determined that all other properties are considered exempt properties (exempt from assessment) for various reasons and thus only the single-family residential parcels are assessed.

Within this District, exempt properties include, but are not limited to, lots or parcels of land identified as:

- Public streets and other roadways (which are not assigned an APN by the County);
- Parcels identified as public easements or right-of-ways, of which there are three, including Assessor's Parcel Numbers 079-006-009, 079-027-097, and 079-028-069;
- Public properties (government owned) that provide public landscaped areas similar to the District improvements, but are not funded by the assessments, including Bernard L Hughes Elementary School (APN 079-015-001) and Creekwood Park (APN 079-015-002).

The properties and parcels identified above as exempt parcels are considered to receive no special benefit from the District improvements and are therefore exempted from assessment and are assigned 0.00 EBU.

The benefit formula applied to parcels within the District is based on the preceding discussion. Each parcel's EBU correlates to the parcel's proportional special benefit received as compared to the other parcels benefiting from the District improvements.

An assessment amount per EBU ("Rate") for the District improvements is established by taking the total cost of the improvements and dividing that amount by the total number of EBUs for parcels benefiting from such improvements.

$$\text{Total Balance to Levy} / \text{Total EBUs} = \text{Levy per EBU ("Rate")}$$

This rate (Levy per EBU) is then applied back to each parcel's individual EBU to establish each parcel's proportional special benefit and annual assessment obligation.

$$\text{Rate} \times \text{Parcel EBU} = \text{Parcel Levy Amount}$$

The total assessment amount for each parcel in the District will be collected on the County tax rolls, but the amount collected each fiscal year cannot exceed the amount that may be levied at the Maximum Assessment Rate for that fiscal year.

PART III — BUDGET

Proposed Budget Fiscal Year 2012/2013

BUDGET ITEMS	Total Budget	General Benefit	LMAD 2012-1 Special Benefit
Landscape Maintenance Services	22,268	2,563	19,705
Tree Maintenance	3,300	45	3,255
Maintenance of Facilities & Related Improvements	2,253	31	2,221
Regular Landscape Maintenance Services	27,820	2,639	25,181
Landscape Water	5,910	680	5,229
Landscape Electricity	473	54	418
Utilities —Water & Electricity	6,382	735	5,648
⁽¹⁾ Annual Fertilizing	1,020	-	1,020
⁽²⁾ Additional Plant Pruning	9,000	-	9,000
⁽³⁾ Annual Flower Maintenance	600	-	600
⁽⁴⁾ Increased Tree Pruning Services	8,750	-	8,750
Expanded (Additional) Landscape Services	19,370	-	19,370
TOTAL ANNUAL MAINTENANCE	\$ 53,573	\$ 3,374	\$ 50,199
Landscape Rehabilitation/Replacement Funding	1,246	106	1,140
Urban Forest (Trees) Rehabilitation	1,462	19	1,443
Facilities & Other Improvements Rehabilitation	659	9	650
ANNUAL REHABILITATION FUNDING	\$ 3,367	\$ 134	\$ 3,233
⁽⁵⁾ Irrigation Controller Replacement	2,340	-	2,340
⁽⁶⁾ Irrigation Head Replacement	3,060	-	3,060

DISTRICT STATISTICS			
Total Parcels			1,284
Parcels Levied			1,279
Total Benefit Units			1,279,000
Calculated Levy per EBU			\$ 59.84
Proposed Maximum Levy per EBU (Balloted Rate)			\$ 59.84
Total Amount to be Balloted			\$76,535.36

Footnotes for Budget Above:

- (1) Annual Fertilizing: Service to be provided once per year — \$1,020/year
- (2) Additional Plant Pruning: Service to be provided 8-times/year (currently twice/year) — \$9,000/year
- (3) Annual Flower Maintenance: Service to be provided Once/Month at a cost of \$600/year
- (4) Increased Tree Pruning Services: Service increased to 4-year cycle (currently 8-year cycle) — \$8,750/year (\$35,000 over 4-years)
- (5) Irrigation Controller Replacement: Replace 9 Irrigation Controllers at a total cost of \$11,700, to be collected over 5-years (\$2,340/year)
- (6) Irrigation Head Replacement: Replace 2,700+ Irrigation Heads at a total cost of \$45,900, to be collected over 15-years (\$3,060/year)
- (7) Landscape Renovation (Plant Replacement): Estimated replacement & renovation cost of \$10,000, to be collected over 5-years (\$2,000/year)
- (8) Sidewalk Replacement (Damaged Areas): Estimated replacement cost of \$11,660, to be collected over 5-years (\$2,332/year)

Assessment Calculations

Applying the method of apportionment outlined in Part II of this Report and the budget estimates for fiscal year 2012/2013 results in the following calculation of assessments:

$$\$76,535 / 1,279.00 \text{ EBU's} = \$59.84 \text{ per EBU}$$

Therefore, a single benefit unit or the Maximum Assessment Rate for fiscal year 2012/2013 (Applicable to each residential parcel) will be \$59.84. Based on this rate, the actual total amount to be balloted will be \$76,535.36 ($59.84 \times 1279.00 = 76,535.36$).

Assessment Range Formula

As part of this District formation and establishment of annual assessments to fund the operation, maintenance and servicing of the improvements, the assessments submitted to the property owners in the Ballot Proceeding shall include an annual inflationary adjustment referred to as an Assessment Range Formula, which is authorized by Section 53750(2) (A) of the Government Code (also known as the "Proposition 218 Omnibus Implementation Act"). The purpose of establishing an Assessment Range Formula is to provide for reasonable and inevitable increases in costs to provide the improvements and services over time due to inflation, thereby reducing the need for costly noticing and balloting procedures simply because of inflationary factors. The Assessment Range Formula for this District is defined by the following:

Commencing in the second fiscal year (Fiscal Year 2013/2014), and each fiscal year thereafter, the Maximum Assessment Rate established for the previous fiscal year shall be adjusted by four percent (4%) to establish the new Maximum Assessment Rate for the fiscal year.

This annual adjustment to the Maximum Assessment Rate shall be calculated independent of the District's annual budget and annual assessments. The recalculation of the Maximum Assessment Rate does not require or facilitate an increase to the annual assessments. Although the Maximum Assessment Rate will increase each fiscal year, the assessment rate to be levied and applied each fiscal year shall be based on an estimate of the District expenses for that fiscal year (annual budget) and the resulting assessments may be equal to or less than the allowed maximum assessment rate.

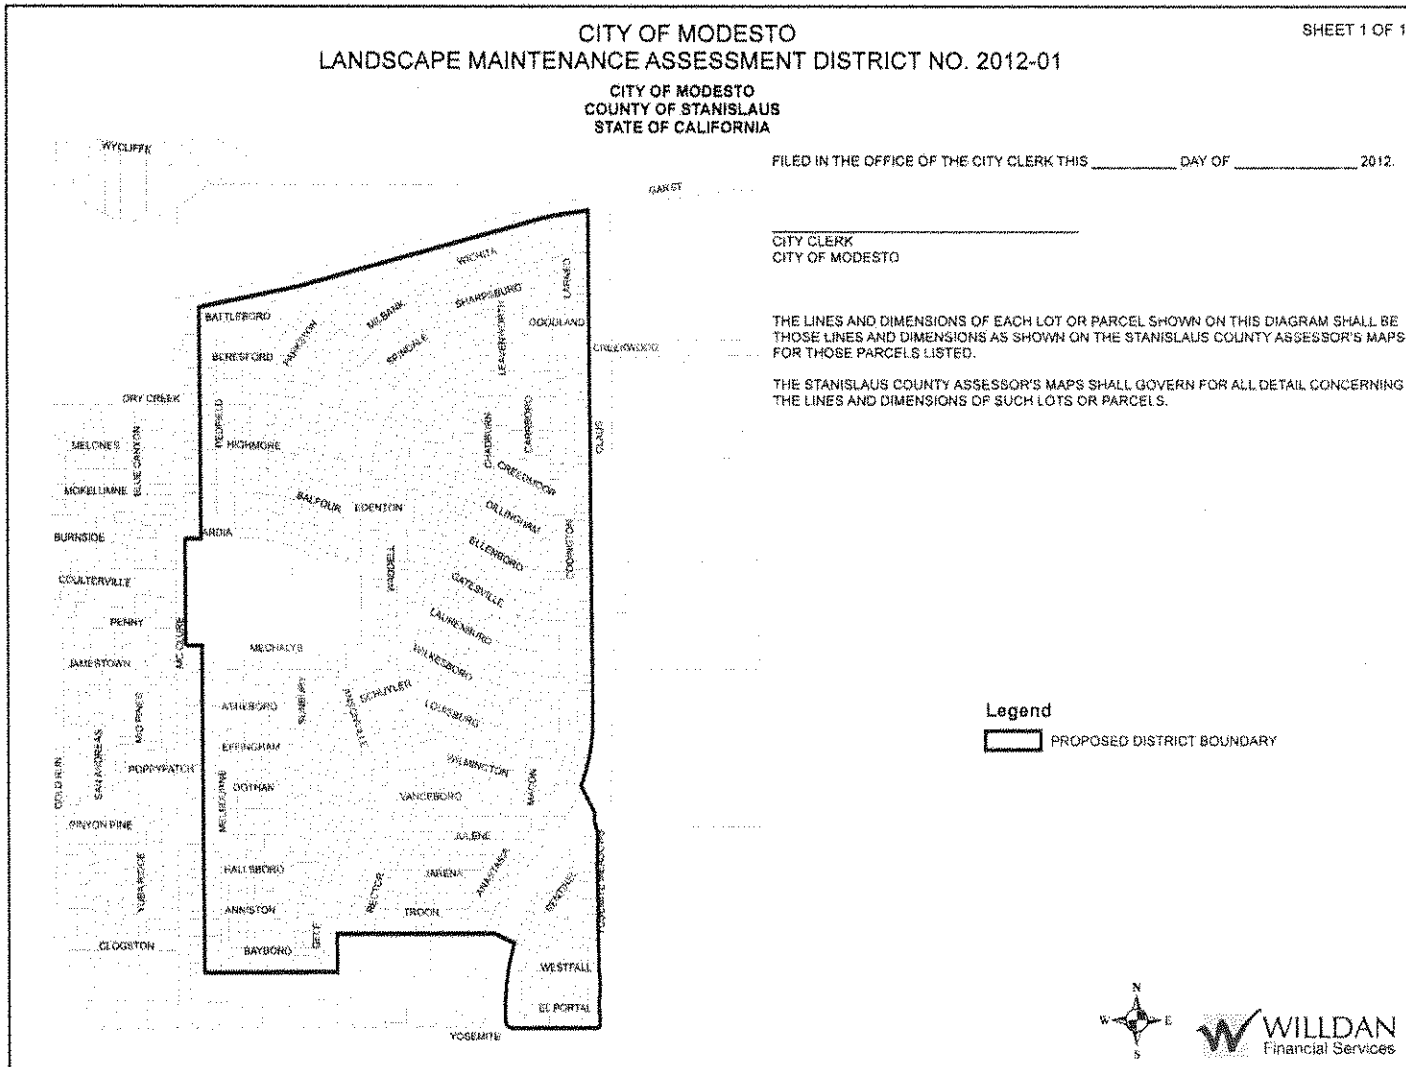

Over time, it is possible that the budgeted expenses and resulting assessments may not change from one fiscal year to the next, while at other times the proposed budget and calculated assessment rate from one year to the next may actually be more than 4%. Such increases in the budget and assessments are permitted provided that the proposed assessment rate does not exceed the adjusted maximum assessment rate established for that fiscal year. If the proposed annual budget and assessment for the fiscal year does not require an increase, or if the increase is less than the adjusted Maximum Assessment, the proposed budget and assessment may be applied. If however, the budget and calculated assessments require an assessment rate greater than the adjusted Maximum Assessment Rate, such an assessment would be considered an increased assessment, and would require a Ballot Proceeding to approve such an increase before that increase may be imposed.

To impose a new or increased assessment other than the annual inflationary adjustment provided by the preceding Assessment Range Formula, the District must comply with the provisions of the California Constitution Article XIID Section 4c, that requires a public hearing and certain protest procedures including mailed notice of the public hearing and property owner protest balloting. Property owners, through the balloting process, must approve such a new or increased assessment before that new or increased assessment may be imposed.

PART IV — ASSESSMENT DIAGRAM

The following is a diagram showing the boundaries of Landscape Maintenance Assessment District No. 2012-1 (boundary map). The dimensions of all lots, parcels and subdivisions of land within the boundaries of the District and depicted in the diagram, are the same as the lines and dimensions of the parcels shown on the Stanislaus County Assessor's Parcel Maps (APN Maps) and by reference these Maps are made part of this Report and Assessment Diagram as they existed at the time this Report was prepared and filed with the City Clerk. The Assessment Roll contained in Part V of this Report, lists each of the parcels and lots depicted on this diagram and are identified by an Assessor's Parcel Numbers (APNs) which corresponds to the assessor's parcel numbers assigned by the Stanislaus County Assessor's Office and shown on the Assessor's Parcel Maps. The combination of this diagram and the Assessment Roll constitutes the Assessment Diagram for the District.

The Boundary Map/Assessment Diagram in a reduced-scale format follows.

PART V — ASSESSMENT ROLL

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and available parcel maps and property data from the Stanislaus County Assessor's Office at the time this Report was prepared. A listing each of the parcels (Assessor's Parcel Numbers) to be assessed within this District along with their respective assessment amounts (to be balloted) is provided herein and this listing constitutes the proposed Assessment Roll for fiscal year 2012/2013.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates described in this Report as approved by the City Council rather than a proportionate share of the original assessment.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-229**

**A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS
FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY
CREEK MEADOWS SUBDIVISIONS NOS. 1 – 6 AND SETTING A PUBLIC
HEARING ON THE PROPOSED ASSESSMENTS TO BE HELD ON
AUGUST 8, 2012**

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the Landscape and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.

- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by the California Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2012-2013.
2. There are no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6 and that the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
 - b. Areas adjacent to the access control walls along Creekwood Drive
 - c. Areas adjacent to the access control walls along Claus Road
3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more

specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.

5. On Wednesday, the 8th day of August, 2012, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscape and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-230**

RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION, AND SETTING A PUBLIC HEARING ON AUGUST 8, 2012 TO CONSIDER THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2

WHEREAS, Resolution No. 89-460, adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Maintenance Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units Nos. 1 and 2, and

WHEREAS, said assessment district was formed in accordance with the Landscaping and Lighting Act of 1972, (California Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the California Streets and Highways Code requires the Engineer, the person designated by the Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, California Streets and Highways Code Section 22623 requires the Council to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the Council to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by California Streets and Highways Code Section 22625, and the place for hearing by the Council on the levy of the proposed assessment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during Fiscal Year 2012-2013.
2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance Assessment District No. 2, and the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to, landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
- b. Areas adjacent to the access control walls along Creekwood Drive
- c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto, and is more specifically located on the northeast corner of Yosemite Boulevard and North McClure Road. District 2 is bounded by Yosemite Boulevard on the south, North McClure Road on the west, Yosemite Meadows Drive on the east, and Mechalys Way on the north.

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.

5. On Wednesday, the 8th day of August, 2012, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council located in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the Landscaping and Lighting Act of 1972.

7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-231**

RESOLUTION AUTHORIZING THE AWARD OF BID FOR THE PURCHASE OF SEVEN (7) HALF-TON PICK-UP TRUCKS FOR VARIOUS CITY DIVISIONS THROUGH THE PUBLIC WORKS DEPARTMENT, FLEET SERVICES DIVISION, TO TOWNE FORD SALES, REDWOOD CITY, CA, AND AUTHORIZING THE PURCHASING MANAGER TO ISSUE A PURCHASE ORDER FOR A TOTAL ESTIMATED COST OF \$159,422

WHEREAS, the City Manager authorized the Purchasing Manager to issue formal Request for Bids (RFB) for new vehicles and heavy equipment, throughout FY 11/12 through various competitive processes, with the Purchasing Division coming back to Council for award authorization. The seven (7) half-ton pick-up trucks were included in the FY 11/12 new vehicles and heavy equipment list authorized by the City Manager, and

WHEREAS, the replacement trucks are for the following Divisions; Parks Maintenance, Construction Administration, Water Systems Maintenance, Water Systems Construction, Water Quality Control Operation, these trucks have been subjected to a thorough evaluation and have met or exceeded the replacement criteria before being placed on the replacement list, and

WHEREAS, the Purchasing Division issued RFB No. 1112-22 for the purchase of seven (7) half-ton pick-up trucks to thirteen (13) prospective bidders, posted the bid on the City's website and formally advertised as required by law. Three (3) of the sixteen (16) prospective bidders are located within Stanislaus County, one of which is a local vendor.

and

WHEREAS, RFB's were formally opened in the City Clerk's office. Of the thirteen (13) prospective bidders, four (4) companies chose to respond, one of which is

located in Stanislaus County. The local vendor chose not to submit a bid response. All four (4) companies provided responsive and responsible bids, and

WHEREAS, based on providing the lowest responsive and responsible bid, City staff recommends the award of bid for the purchase of seven (7) half-ton pick-up trucks to Towne Ford Sales, Redwood City, CA, for a total estimated cost of \$159,422, and

WHEREAS, sufficient funds are budgeted in Fiscal Year 2011-12 in the following appropriation unit 5410-53241-57003, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid for the purchase of seven (7) half-ton pick-up trucks to Towne Ford Sales, Redwood City, CA, for the Department of Public Works, Fleet Services Division, conforms to the Modesto Municipal Code.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid for the purchase of seven (7) half-ton pick-up trucks for various Divisions through the Public Works Department, Fleet Services Division to Towne Ford Sales, Redwood City, CA.

BE IT FURTHER RESOLVED that the Purchasing Manager or his designee to issue a purchase order for a total estimated cost of \$159,422.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

CITY OF MODESTO
NO. 6812

BUILDING MAINTENANCE SPECIALIST

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform a variety of skilled technical building maintenance and repair activities involving heating, ventilation and air conditioning (HVAC) or locksmith functions and general maintenance activities.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level supervisory staff.

May provide technical and functional supervision to assigned maintenance personnel.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions

All assignments:

Inspect building facilities to identify building maintenance needs.

Maintain and repair City facilities, equipment and buildings by performing skilled mechanical work related to heating, ventilation and air conditioning or locksmith maintenance and repair work.

Read and interpret sketches, diagrams, drawings and blueprints.

May order parts and supplies; provide estimates of labor and material costs.

Maintain time, material and equipment use records,

Requisition supplies and materials.

Assist in coordinating maintenance activities with other City departments, divisions and sections and with outside agencies.

Build and maintain positive working relationships with co-workers, other City employees and the public using principles of good customer service.

EXHIBIT A

Essential Functions: (Continued)

When assigned to HVAC:

Install, adjust, repair and inspect a variety of heating, ventilation, and air conditioning equipment including forced air furnaces, boilers, water pumps, chillers, air conditioning units, exhaust fans, air filters, compressors, cooling towers and heat exchangers.

May install, troubleshoot and repair a variety of electrical, electronic and pneumatic climate controls and valves.

Perform charging, evacuating, condenser cleaning and filter changing.

Repair and replace boiler refractories, boiler blowers; adjust burners, high and low water cut-out controls.

Replace pump couplings, motor bearings, belt-sheaves, and belts.

Lubricate all mechanical equipment.

Maintain proper water treatment by means of chemicals.

Program and monitor computerized energy system which includes heating/air conditioning systems.

Troubleshoot the computerized system and establish stop/start time on the systems.

Monitor alarms and follow up on system failures such as switches and fans.

Overhaul and balance air flow calibration.

Observe and adjust meters, gauges and control panels.

Perform charging, evacuating, condenser cleaning and filter changing.

Repair and maintain air conditioning systems, zoning heating/cooling refrigeration duct work, ventilation, chilled water heating/cooling compressor type, rooftop cooling duct work, packaged air cool, multi-zone rooftop heating/cooling systems.

Perform maintenance on auxiliary mechanical equipment.

Essential Functions: (Continued)

When assigned as Locksmith:

Install, adjust, replace and rebuild locks.

Open locks that cannot be opened by ordinary means.

Duplicate keys using hand and electronically operating key cutting machines.

Re-build, service and perform related installation of locking equipment, including overhead closures, automatic door closures, and hold backs of all kinds.

Use various machine and hand tools in the fabrication or modification of locks and hardware parts.

Change key and cylinder combinations in accordance with changes in master key system.

Maintain master key coding systems and central key control records, security of keys, codes, combinations and location and possession of keys.

Troubleshoot, maintain and repair the City's lock system.

Marginal Functions:

Perform related duties as required.

MINIMUM QUALIFICATIONS

Knowledge of (depending on assignment):

Methods, practices and equipment used in building maintenance services and activities within a specialized building trade including general building maintenance.

Low pressure boilers, ventilating, refrigeration, absorption air conditioning, power and related mechanical building systems and equipment.

Master key systems and the fabrication of master keys.

Design, construction, installation, operation, adjustment, repair and maintenance of locks, locking devices and door closures.

Methods and techniques used in estimating time and materials for assigned

projects.

Knowledge of: (Continued)

Tools and equipment used in assigned area of building maintenance.

Safe work practices pertaining to building maintenance activities.

Ability to (depending on assignment):

Perform a wide range of skilled building maintenance work in assigned area.

Interpret work orders and explain jobs to other employees.

Repair and maintain a variety of mechanical equipment.

Work independently in the absence of supervision.

Use hand and power tools, materials and instruments, utilized in the building mechanical trades.

Program and monitor the computerized heating and air conditioning systems making needed adjustments.

Decipher key code systems, install, maintain, adjust, repair and rebuild a variety of locks, locking devices.

Read and interpret sketches, drawings, diagrams and blueprints.

Estimate necessary materials and supplies with a reasonable degree of accuracy.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain effective working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Four years (journey level) full-time mechanical experience in assigned area as Locksmith or HVAC mechanic.

Training:

Equivalent to completion of the twelfth grade supplemented by additional specialized training in Heating Ventilation and Air Conditioning (HVAC) or Locksmithing maintenance.

License of Certificate:

Possession of, or the ability to obtain, an appropriate and valid California driver's license.

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: frequent performance of heavy manual labor; frequent standing for long periods of time; frequent bending and squatting. **Lifting:** frequent lifting up to 75 pounds; occasional lifting up to 100 pounds. **Vision:** constant use of overall vision. **Dexterity:** frequent grasping, holding, and reaching. **Hearing/Talking:** frequent hearing and talking in person. May be required to wear ear protection or hear in noisy conditions. **Emotional/ Psychological:** frequent coworker contact; occasional working alone. **Environmental:** frequent exposure to loud noise; frequent exposure to chemicals, fumes, and other environmental substances

WORKING CONDITIONS

Work is performed in both an indoor and outdoor environment, with year-round exposure to varied weather conditions. Work may be subject to noise from loud equipment and machinery. Work may occur at varied remote locations. Positions may require occasional overtime and weekend work and travel is rare.

PUBLIC INFORMATION COORDINATOR

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform administrative functions in the development and administration of the City's community relations and public information programs; to provide strategic public affairs direction and to serve as public relations resource to the City Manager's Office; and to promote and create awareness of the operations and objectives of City government through public outreach, education programs and marketing strategies.

SUPERVISION RECEIVED AND EXERCISED

Receives direction from the City Manager, Deputy City Manager or assigned management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – *Essential and other important responsibilities and duties may include, but are not limited to, the following:*

Essential Functions:

Evaluate and administer the City's marketing, public information, and media communications.

Respond to inquiries and requests for information from the media, government agencies, City staff and members of the public.

Develop, write, edit, design and produce various communication materials including newsletters, brochures, fact sheets, press releases, articles, multi-media presentations, correspondence, reports, speeches, and special publications.

Oversee and/or administer the preparation, publication and distribution of internal and external newsletters, public service announcements, monthly utility bill inserts, annual reports and other communications

Confer with departments on initiatives, programs and projects; provide guidance and direction regarding strategic communication planning and implementation; may serve as a project manager.

Coordinate major press events, media management and public outreach for City events and issues.

Essential Functions (Continued)

Provide direction and counsel to Council and City management on emerging and urgent communications issues; recommend responses; assist departments with media and public relations issues.

May serve as the City's Public Information Officer during citywide emergencies to develop and direct emergency information to the media, City employees, and the general public.

Solicit bids and recommend vendors; recommend design, color, graphics and appropriate media in accordance with budget.

Plan and coordinate video presentation projects using script-writing techniques; plan and develop content for and manage the production of video, audio and commercial artwork for a variety of print, online, and multimedia publications and work products.

Collaborate with staff to identify and seek co-sponsorship community outreach opportunities.

Maintain the content of the City's website ensuring accuracy, consistency and quality by coordinating the resources of various departments.

Represent the City and/or City Manager's Office at public meetings or community events as required.

Assist in the preparation and administration of the budget and assist in agenda preparation and review.

Ensure sensitive and controversial matters are managed in a discreet and professional manner.

Build and maintain positive working relationships with co-workers, other City employees and the public using principles of good customer service.

Marginal Functions:

Perform related duties as assigned.

MINIMUM QUALIFICATIONS

Knowledge of:

Principles and practices of public relations, media, marketing and advertising.

Knowledge of: (Continued)

Public information and community relations program development and implementation.

Effective methods for preparing and presenting facts and information to the public and the media, including formatting of materials for publications and news releases.

Writing and editing techniques for a variety of audiences.

Research and problem-solving techniques.

Pertinent Federal, State and local laws, codes and regulations.

Various software programs including the ability to use Windows, Word, and desktop publishing programs.

Modern office procedures, methods, and computer equipment.

Ability to:

Perform professional public information duties to promote and market City services and programs.

Exercise independent judgment in identifying and responding to requests for information from the media and public.

Effectively function under multiple deadlines.

Interpret and explain complex information in a clear and understandable manner.

Apply City-wide and departmental policies.

Write, edit, design and photograph.

Use computer graphic systems and software to create publications and communications.

Establish and maintain effective working relationships with those contacted in the course of work.

Communicate effectively, both orally and in writing.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Minimum of three years of increasingly responsible experience involving the development and execution of a public relations or marketing program. Related public sector experience is highly desirable.

Training:

Equivalent to a Bachelor's degree from an accredited college with major course work in public relations, communications, journalism, or a related field.

License or Certificate:

Possession of, or ability to obtain, an appropriate valid California driver's license.

PHYSICAL AND MENTAL REQUIREMENTS

Mobility: frequent use of keyboard; frequent sitting for long periods of time; occasional bending or squatting. **Lifting:** frequently up to 10 pounds; occasionally up to 25 pounds. **Vision:** constant use of overall vision; frequent reading and close-up work; occasional color and depth vision. **Dexterity:** frequent repetitive motion; frequent writing; frequent grasping, holding, and reaching. **Hearing/Talking:** frequent hearing and talking, in person and on the phone. **Emotional/Psychological:** frequent decision-making and concentration; frequent public and/or coworker contact; occasional working alone. **Environmental:** frequent exposure to noise.

WORKING CONDITIONS

Work is performed in a typical temperature controlled office environment subject to typical office noise and environment. Some positions may be assigned to remote locations. Positions may require occasional overtime or weekend work and travel is rare.

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-237**

RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2008-683 TO REVISE THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO CHANGE THE SALARY RANGE FOR PUBLIC INFORMATION COORDINATOR FROM SALARY RANGE 425 TO SALARY RANGE 435

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2008-683, which approved the Class Range Table for Represented Management and Confidential Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2008-683. Exhibit "A" entitled, "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes," attached to Resolution No. 2008-683, is hereby amended as shown on the amended **Exhibit "A"** entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective June 12, 2012," which is **attached** hereto and made a part hereof as though set forth in full herein. Said Exhibit "A" changes the salary range for Public Information Coordinator from salary range 425 to salary range 435.

SECTION II. EFFECTIVE DATE. This resolution shall become effective on and after June 12, 2012.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Burnside, Cogdill, Geer, Gunderson, Lopez, Muratore, Mayor Marsh

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-238**

**RESOLUTION APPROVING A LETTER OF UNDERSTANDING BETWEEN
THE CITY OF MODESTO AND MODESTO CITY FIRE FIGHTERS'
ASSOCIATION TO AMEND THE 2006 MOU TO PROVIDE COMPENSATION
FOR EMPLOYEES IN THE FIRE FIGHTER RELIEF ASSIGNMENT**

WHEREAS, on December 12, 2006, the City Council, by Resolution No. 2006-783, approved a Memorandum of Understanding (MOU) with the Modesto City Fire Fighters' Association (MCFFA), and

WHEREAS, the Modesto Regional Fire Authority (MRFA) management has met and conferred with MCFFA to provide compensation for employees in the Fire Fighter relief assignment.

WHEREAS, this change will implement the parties agreement to allow MRFA to provided employees assigned as Relief Firefighters an additional two and one-half percent (2.5%) in compensation which was inadvertently omitted in the 2006 MOU.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Letter of Understanding between the City of Modesto and Modesto City Fire Fighters' Association to amend the 2006 MOU to provide employees assigned as Relief Fire Fighters an additional two and one-half percent (2.5%) in compensation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-239**

A RESOLUTION AUTHORIZING THE SOLE SOURCE PROCUREMENT FOR THE PURCHASE OF AXON FLEX CAMERA VIDEO RECORDER PUBLIC SAFETY EQUIPMENT FOR THE MODESTO POLICE DEPARTMENT, TO TASER INTERNATIONAL, INC., SCOTTSDALE, AZ; AND AUTHORIZING THE PURCHASING MANAGER, OR HIS DESIGNEE, TO ISSUE A PURCHASE ORDER FOR AN ESTIMATED TOTAL COST OF \$127,568

WHEREAS, law enforcement agencies throughout the country are using in-car videos to document interactions between law enforcement officers and citizens, and

WHEREAS, the newest and more efficient technology available today is to have officers wear recordable video and audio cameras, and

WHEREAS, these cameras can be utilized at any location and have many key benefits such as reducing citizen complaints, enhancing criminal convictions, streamlining investigations, and improving trust with the community, and

WHEREAS, utilizing this program funding to purchase the camera video recorders would be a vital asset to the Modesto Police Department, and

WHEREAS, extensive research, planning, and field testing began in May of 2011, and

WHEREAS, after months of field testing by Modesto Police Officers, and consultation with Information Technology and administration, the Taser AXON Flex body worn camera has been selected as the preferred body worn camera system for the department, and

WHEREAS, Taser International is the sole manufacturer and distributor of the Taser AXON Flex body worn camera system to law enforcement agencies, and

WHEREAS, a Grant Adjustment Notice was submitted and approved by US Department of Justice for the Sole Source Authorization, and

WHEREAS, on September 27, 2011, by Resolution 2011-391, Council approved the Edward Byrne Memorial Justice Assistance Grant and using the City of Modesto Police Department's allocation of \$127,568 to purchase wearable recording devices, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. However, there are exceptions to the rule set forth in the Modesto Municipal Code. One exception, MMC Section 8-3.204(b) states whereas the purchasing agencies' requirements can be met solely by a single article or process; the sole source procurement for the purchase of Axon Flex Camera Video Recorder Public Safety Equipment for the Modesto Police Department, to Taser International, Inc., Scottsdale, AZ, conforms to the Modesto Municipal Code,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the sole source procurement for the purchase of AXON Flex Camera Video Recorder Public Safety Equipment for the Modesto Police Department, to TASER International, Inc., Scottsdale, AZ,

BE IT FURTHER RESOLVED that the Purchasing Manager, or his designee, is hereby authorized to issue a purchase order for an estimated total cost of \$127,568.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL
RESOLUTION NO. 2012-240

RESOLUTION APPROVING NEIGHBORHOOD STABILIZATION PROGRAM 3 MEMORANDUMS OF UNDERSTANDING WITH THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS, HABITAT FOR HUMANITY, STANISLAUS COUNTY AND STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO SIGN ALL RELATED DOCUMENTS CONTINGENT UPON THE SATISFACTORY COMPLETION OF ENVIRONMENTAL REVIEW AND RECEIPT BY CITY OF MODESTO OF A RELEASE OF FUNDS FROM THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT UNDER 24 CFR PART 58

WHEREAS, on February 8, 2011, the City Council, by Resolution No. 2011-41, approved the Neighborhood Stabilization Program 3 (NSP3) grant award in the amount of \$2,951,549, and

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) approved the City's original NSP3 Plan on March 9, 2011, and

WHEREAS, on May 22, 2012, the City Council, by Resolution No. 2012-200, authorized staff to prepare sub-recipient and developer agreements with the Housing Authority of the County of Stanislaus (HACS), Habitat for Humanity, Stanislaus County (Habitat) and Stanislaus County Affordable Housing Corporation (STANCO), respectively, to implement the NSP3 Plan, and

WHEREAS, the City will provide NSP3 funding to its partners in the form of forgivable and/or assumable acquisition and construction loans for each unit and will impose affordability restrictions on these units for a period of at least 20 years, and

Partial
WHEREAS, the HACS homeownership units will be sold to eligible homebuyers through the City's NSP Homebuyer Program, and

Only as it applies to a Neighborhood Stabilization Program 3 (NSP3) MOU with the Housing Authority of the County of Stanislaus dated June 12, 2012

WHEREAS, the program income received from the HACS sales will be recycled by the City for future eligible homebuyer loans, and

WHEREAS, Habitat's homeownership units will be sold to eligible homebuyers through Habitat for Humanity's Homebuyer Program in which homebuyers assume no-interest, amortized loans with Habitat as lender, and

WHEREAS, Habitat will retain the proceeds from the monthly mortgage payments, and

WHEREAS, rental proceeds will be retained by HACS or STANCO as net operating income to operate, maintain, and repair the units, and

WHEREAS, the draft MOU's were reviewed by the Citizens' Housing and Community Development Committee on May 16, 2012,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the NSP3 Memorandums of Understanding with the Housing Authority of the County of Stanislaus, Habitat for Humanity, Stanislaus County and Stanislaus County Affordable Housing Corporation.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign all related documents contingent upon the satisfactory completion of environmental review and receipt by City of Modesto of a release of funds from the U.S. Department of Housing and Urban Development under 24 CFR Part 58.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of June, 2012, by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-241**

RESOLUTION APPROVING A SECOND AMENDMENT TO THE LEASE AGREEMENT WITH LOUIS BOER, JR., TO EXTEND THE LEASE OF CITY-OWNED PROPERTY LOCATED AT THE NORTHWEST CORNER OF FRAZINE ROAD AND LA COSTE LANE FOR AN ADDITIONAL FIVE YEARS, AND TO MODIFY THE PAYMENT REMITTANCE PROCESS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE SECOND AMENDMENT TO THE AGREEMENT

WHEREAS, the Frazine Road property is an agricultural land parcel of approximately twelve (12) acres and located at the northwest corner of Frazine Road and La Coste Lane, and

WHEREAS, property was acquired by the City of Modesto as part of a larger purchase of acreage to supply land for the Regional Water Treatment Plant storage tanks known as the Terminal Reservoir, and

WHEREAS, on May 23, 2006, by Resolution No. 2006-327, City Council approved a lease agreement with Louis Boer, Jr., and

WHEREAS, said lease will expire on May 29, 2012, and

WHEREAS, this second amendment will extend the lease agreement for another five-year term and to modify the payment remittance process for the property taxes and MID irrigation fees.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment to the Agreement with Louis Boer, Jr., to extend the lease of city-owned property located at the northwest corner of Frazine Road and La Coste Lane for an additional five years, and to modify the payment remittance process.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at regular meeting of the Council of the City of Modesto held on the 12th day of June by Councilmember Lopez, who moved its adoption, which motion being duly seconded by Councilmember Burnside, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL
RESOLUTION NO. 2012-242**

RESOLUTION APPROVING A CONSULTANT AGREEMENT WITH NORTHSTAR ENGINEERING GROUP, INC. FOR PRELIMINARY DESIGN REPORT FOR DEL RIO TANK, PUMP STATION, AND NEW WELL IN AN AMOUNT NOT TO EXCEED \$143,989 FOR THE IDENTIFIED SCOPE OF SERVICES, PLUS \$14,399 FOR ADDITIONAL SERVICES (IF NEEDED), FOR A MAXIMUM TOTAL AMOUNT OF \$158,388, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT

WHEREAS, the City owns and operates the outlying water system in the community of Del Rio, located in Stanislaus County, and

WHEREAS, a hydraulic assessment of this system was performed in order to evaluate the system's ability to meet the community's current and build-out demands, and

WHEREAS, this assessment identified the need to construct a new 1000 gallon per minute domestic well, 250,000 gallon storage tank, and 1 million gallon per day booster pump station in order to correct existing deficiencies in the system, and

WHEREAS, in addition, the City is obligated to provide these improvements by July 15, 2013 in accordance with the terms of a Settlement Agreement between the City and the Del Rio Community Association, and

WHEREAS, in accordance with the Public Works Department Major Scope Policy approved on September 26, 2006, all projects exceeding \$1,000,000 are required to be presented at Council at the Preliminary Design Report stage if the projected cost estimate is expected to exceed the approved project budget by more than 10%, and
