A recent review performed by the City's external auditors of the OPEB plan design, actuarial assumptions and prior reporting has provided the City with a list of options to consider as the City moves to fully implement Government Accounting Standards Board Pronouncement 45 during the

2007-08 fiscal year. Among the options that will be considered by the City Council during the current fiscal year will be the use of an irrevocable trust to hold the assets that will be used to pay both the current and long-term portion of the OPEB liability.

### **Insurance**

The City is exposed to various risks of loss including those related to torts as well as the theft of, damage to and destruction of its assets. The City maintains an Insurance Internal Service Fund to account for and finance its risks of loss. Under this program, the City is self-insured for the following risks up to the maximum amount per claim as follows: workers' compensation \$750,000, liability \$1,000,000, employee disability \$216,000 and dental care \$1,200. The City purchases commercial insurance for property loss, airport liability and claims in excess of the preceding self-insured coverage amounts. For liability claims, the City is one of twelve members of the Authority for California Cities Excess Liability risk pool. This pool covers City claims between \$1 million and \$4 million. Commercial insurance covers claims over \$4 million up to an additional \$30 million per claim.

The City currently maintains insurance against damage to the Water Utility System. Coverage thereunder is currently \$10,000,000, but damage resulting from earthquakes is not covered.

### **Service Area and Customers**

The water service area of the Water Utility System is within the metropolitan area of the City, located in the central portion of Stanislaus County, consisting of approximately 36 square miles as well as the communities of Salida, Waterford, Empire, Hickman, Grayson, and portions of Turlock, Ceres and Del Rio Estates.

The following tables set forth the revenues for the periods indicated and the ten largest water customers of the Water Utility System in terms of total water sales and total billings for the fiscal year ended June 30, 2005. During calendar year 2005, the Water Utility System delivered approximately 25.72 billion gallons of water to an average of approximately 75,000 customers. Residential accounts (single family as well as multi-family accounts) represent approximately 75% of the City's water consumption and water sales revenues. Commercial, industrial and municipal accounts represent approximately 25% of the City's water consumption and water sales revenues. The City's ten largest customers represented approximately 6.9% of total water sales in fiscal year 2005-06.

**Water Charges and Billing**

**Water Service Rates.** Water rates are fixed by the City Council and are not subject to regulation by the California Public Utility Commission or any other State or federal agency. Customer service charges for single family residential accounts were historically generally based on a flat monthly service charge, which varied only based on the size of the lot and in which of three zones the lot was located. However, under a new rate structure which went into effect on January 1, 2005, a uniform rate for each applicable lot size has been established for all three zones. See "Rate Setting Process" below for a discussion of the process followed by the City in implementing the new rate structure.

Historically, the City has not metered water use by its single family residential customers; however, since 1992 all new construction has been equipped with a meter; and those single family residential properties that are equipped with water meters that are read for billing purposes are charged the metered water rate. Pursuant to State legislation, the City will be required to install meters and to read and bill for water service based on metered rates by 2025. The City Council has

adopted a metering plan schedule pursuant to which those requirements would be satisfied by 2019; and, in connection therewith, the City Council recently approved contracts with Automatic Meter Reading in order to provide the most cost efficient and manner of implementing its plan.

Multifamily residential units are currently metered. Each commercial account pays a monthly service charge and a volume charge per hundred cubic feet of water delivered. All regular customers are liable for service charges unless service is permanently discontinued. In addition, all new regular water service connections, increases in meter sizes, and the connection of additional dwelling units to existing services require the payment of a connection fee.

As noted above, the City Council established a new rate structure that went into effect on January 1, 2005. The new rate structure established a single service area, combining all three prior water zones into a single zone. The new rates include a uniform volume-based charge reflecting the volume of water consumed. Residential metered and flat rates are designed so that monthly bills for these types of customers will be comparable were water consumption is estimated to be comparable. Residential flat rates are standardized by lot size (previously, the size ranges varied between water zones) based upon the number of parcels in each range and patterns of water use.

The rate increases and individual customer bills in fiscal year 2004-05 varied by customer class and zone with the majority of the Zone 1 customers experiencing a 35% increase (the actual increase ranged from 14% to 43%). The Zone 2 adjustments ranged from a decrease of 19% to an increase of 15%, and the Zone 3 increases ranged from 28% to 81%. The adjustments to volume-based charges for metered customers in Zone 1 represented an increase of 2.7%. In Zone 2 such adjustments resulted in a 16% decrease, while in Zone 3 they represented a 40% increase.

**WATER UTILITY SYSTEM**

The City's water rates reflect the steps the City has taken to assure a long-term water supply by entering into the regional water management partnership with MID. The rates of the other nearby cities reflect the particular circumstances of each city's water system, such as the degree to which it relies on ground water or surface water. The rates also reflect their specific circumstances with regard to the cost of current and prospective water supplies.

**Rate Setting Process.** In connection with its consideration of the new water rate structure which took effect on January 1, 2005, the City Council followed a process which it believes satisfies the requirements of Article XIII D of the California Constitution. See "Impact of Proposition 218 on Water System Fees and Charges" below. Specifically, by October 8, 2004, nearly 75,000 notices of the proposed increase in water rates had been mailed to the owners of record of the parcels within the City's water service area. The notices advised property owners of their right to file written protests to the proposed increase and of a public hearing, set for November 23, 2004, at which such protests would be considered. The number of protests received prior to the completion of the November 23, 2004 public hearing was 8,856, far less than the majority required in order to prevent the implementation of the proposed rate increase. Following the completion of the public hearing, the City Council proceeded to adopt the rate increase as described above. See "Water Charges and Billing" above.

**Rate Study.** Prior to adopting the new water rate structure which took effect on January 1, 2005, the City Council engaged an outside consultant to prepare a water rate study that was ultimately presented to the City Council. In early 2005, the City's staff noted differences between the amount of revenue actually realized from the initial water rate increases adopted by the City Council and the revenue projections contained in the rate study. In light of those differences, the Water Utility System budgets for fiscal years 2005-06 and 2006-07 use revenue estimates based on actual levels of income received from Water Utility System rates and charges and not on projections

included in the rate study. Similarly, the projected operating results of the Water Utility System set forth below under the caption "Summary of Projected Operating Results of the Water Utility System" are also based on the actual amount of income that is being received by the Water Utility System and not on the forecast thereof shown in the rate study.

The errors in the revenue forecast which have been thus far identified in the rate study have been traced to one table in the rate study which contains a series of errors unrelated to the formulas underlying the current water rate structure, and the City believes that there is nothing at this time indicating that the rate structure itself is flawed.

*Challenges to Rates.* The 2005/2006 Stanislaus County Civil Grand Jury received complaints from Del Rio, an outlying community that receives its water from the City's Water Utility System Modesto. Del Rio is a wealthy area which includes homes on large lots that had previously received flat rate water. Part of the City's new rate structure (see "Water Charges and Billing – Water Service Rates" above) required metering rates for Del Rio, which had the effect of accentuating the accompanying rate hikes. However, the Civil Grand Jury found no evidence to support Del Rio's contention that the City's Proposition 218 notice informing the public of the new rate schedule was inadequate. Del Rio also charged that the City's water rate policy violated a Proposition 218 requirement that a parcel be charged only its proportional costs. The Civil Grand Jury concluded there is no difference in the rate structure between Del Rio and the rest of the City's water customers that are billed a metered rate; and the Civil Grand Jury made no recommendation regarding the proportionality issues. Del Rio further charged that there was a misuse of funds by using water collections for purposes other than water. While it did make study recommendations, the Civil Grand Jury ultimately determined that the City is accounting for water costs and revenues separately from non-water related accounts. Del Rio's last charge was that unfairness in the rate process led to Del Rio paying more than other water customers. The Civil Grand Jury could not substantiate this charge, but rather made study recommendations regarding actual customer costs between metered and flat rates, and a further recommendation that conversion from flat to metered rates occur as quickly as possible.

### **Delinquencies**

The City's municipal water department has historically accounted for water system revenues on a full accrual basis. The City has developed procedures for handling delinquent accounts, There has not generally been a significant delinquency problem. The threatened suspension of water delivery is normally sufficient incentive to induce customers to make payment on their billings. In addition, the City customers may have tax liens placed on their property when water bills are delinquent. Uncollectible accounts have historically been less than 1% of revenues.

## Historical Operating Results

The following table summarizes operating revenues, operating expenses and net income of the Water Utility System for the five fiscal years 2001-02 through 2005-2006, The information for the four fiscal years ended June 30, 2005 was prepared by the City on the basis of its audited financial statements.

## Capital Improvement Program

The capital improvement program of the City for the Water Utility System for fiscal years 2006-07 through 2014-15 includes budgeted or planned programs and projects expected to be funded by the City from annual revenues. Among the projects planned are new wells, well head treatment, Turlock Irrigation District Water Treatment Plant design work, water main extensions and pump replacements. Total expenditures for fiscal year 2006-07 are estimated to be approximately \$15.7 million. Improvements associated with the expansion of the Water Treatment Plant (in addition to the 2006 Project) are planned for fiscal years 2007-08 and are expected to be financed through additional Parity Obligations.

The City's capital improvement program is a 10-year plan revised annually. Consequently, projects planned for future years may be cancelled, and new projects not presently anticipated may be undertaken. To the extent that total funds required exceed cash available, the City expects that the projects will either be funded by bond proceeds or deferred or terminated.

## Summary of Projected Operating Results of the Water Utility System

The City has prepared the following table of projections of operating results of the Water Utility System for the fiscal years ending June 30, 2007 through 2011. The projected amounts set forth below are based on certain assumptions made by the City. To the extent that actual future conditions vary from those assumed in preparing the projections, the actual results will vary from those set forth herein.

### WATER UTILITY SYSTEM Projected Operating Results

### Impact of Proposition 218 on Water System Fees and Charges

**General.** An initiative measure entitled the "Right to Vote on Taxes Act" (the "Initiative") was approved by the voters of the State of California at the November 5, 1996 general election. The Initiative added Article XIII C and Article XIII D to the California Constitution. According to the "Title and Summary" of the Initiative prepared by the California Attorney General, the Initiative limits "the authority of local governments to impose taxes and property-related assessments, fees and charges."

**Article XIII D.** Article XIII D defines the terms "fee" and "charge" to mean "any levy other than an ad valorem tax, a special tax or an assessment, imposed by an agency upon a parcel or upon a

person as an incident of property ownership, including user fees or charges for a property-related service.” A “property-related service” is defined as “a public service having a direct relationship to property ownership.” Article XIID further provides that reliance by an agency on any parcel map (including an assessor’s parcel map) may be considered a significant factor in determining whether a fee or charge is imposed as an incident of property ownership.

Article XIID requires that any agency imposing or increasing any property-related fee or charge must provide written notice thereof to the record owner of each identified parcel upon which such fee or charge is to be imposed and must conduct a public hearing with respect thereto. The proposed fee or charge may not be imposed or increased if a majority of owners of the identified parcels file written protests against it. As a result, if and to the extent that a fee or charge imposed by a local government for water service is ultimately determined to be a “fee” or “charge” as defined in Article XIID, the local government’s ability to increase such fee or charge may be limited by a majority protest.

In *Richmond et al. v. Shasta Community Services District*, 32 Cal. 4th 409 (2004) the California Supreme Court ruled that water connection fees are not property related fees or charges subject to Article XIID while at the same time stating in *dicta* that fees for ongoing water service through an existing connection were property related fees and charges. On July 24, 2006, in *Bighorn-Desert View Water Agency v. Verjil*, 39 Cal. 4th 205 (2006), in what is technically *dicta*, the California Supreme Court cited its decision in *Richmond, supra* in support of its conclusion that a public water agency’s charges for ongoing water delivery are fees and charges within the meaning of Article XIID. Despite the fact that the statement is *dicta*, it does represent the unanimous view of the California Supreme Court. The City believes that it has complied with the requirements of Article XIID, as said article has been construed by the California Supreme Court, in establishing its current rate structure for the Water Service.

In addition, Article XIID includes a number of limitations applicable to pre-existing fees and charges including provisions to the effect that (i) revenues derived from the fee or charge shall not exceed the funds required to provide the property-related service, (ii) such revenues shall not be used for any purpose other than that for which the fee or charge was imposed, (iii) the amount of a fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel and (iv) no such fee or charge may be imposed for a service unless that service is actually used by, or immediately available to, the owner of the property in question. Property-related fees or charges based on potential or future use of a service are not permitted. It is unclear whether, under the foregoing standards, fees and charges may be established at levels that permit deposits to a rate stabilization fund or maintenance of uncommitted cash reserves.

**Article XIIC.** Article XIIC provides that the initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local tax, assessment, fee or charge and that the power of initiative to affect local taxes, assessments, fees and charges shall be applicable to all local governments. Article XIIC does not define the terms “local tax,” “assessment,” “fee” or “charge.” However, in *dicta* in its decision in *Bighorn-Desert View Water Agency, supra*, the California Supreme Court concluded that a public water agency’s charges for ongoing water delivery (which, as noted above, it had concluded were fees and charges within the meaning of Article XIID) are also fees within the meaning of Article XIIC and are therefore subject to initiative measures. However, the Court did note that, in doing so:

... [W]e are not holding that the authorized initiative power is free of all limitations. In particular, we are not determining whether the electorate's initiative power is subject to the statutory provision [applicable to Bighorn-Desert View Water Agency] requiring that water service charges be set at a level that "will pay the operating expenses of the agency, ... provide for repairs and depreciation of works, provide a reasonable surplus for improvements, extensions, and enlargements, pay the interest on any bonded debt, and provide a sinking or other fund for the payment of the principal of such debt as it may become due." ... That issue is not currently before us.

Again, while the court's conclusion set forth above is *dicta*, it does represent the unanimous view of the justices.

While the City does not believe that Article XIIC grants to the voters within the City the power to repeal or reduce rates and charges for the Water Service in a manner which would impair its ability to meet its contractual obligations, there can be no assurance as to the availability of particular remedies adequate to protect the Beneficial Owners of the 2006 Certificates. Remedies available to Beneficial Owners of the 2006 Certificates in the event of a default by the City are dependent upon judicial actions which are often subject to discretion and delay and could prove both expensive and time-consuming to obtain.

#### **Effect of Proposition 218 and of Possible General Limitations on Enforcement Remedies**

The ability of the City to comply with its covenants under the Contract and to generate Gross Revenues sufficient to pay the 1997 Payments, the 2006 Payments and any other Parity Obligations may be adversely affected by actions and events outside of the control of the City and by actions taken (or not taken) under Article XIIC or Article XIID by voters, property owners, taxpayers or payers of assessments, fees and charges. Furthermore, any remedies available to the Owners and Beneficial Owners of the 2006 Certificates upon the occurrence of an Event of Default under the 2006 Trust Agreement are in many respects dependent upon judicial actions which are often subject to discretion and delay and could prove both expensive and time consuming to obtain. In addition to the possible limitations on the ability of the City to comply with its covenants under the Contract, the rights and obligations of the City and the Authority under the 2006 Trust Agreement and the Contract may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against cities in the State of California,

Based on the foregoing, in the event the City fails to comply with its covenants under the Contract, including its covenants to generate sufficient Gross Revenues to pay the 1997 Payments, the 2006 Payments and any other Parity Obligations, there can be no assurance that available remedies will be adequate to fully protect the interests of the Owners or Beneficial Owners of the 2006 Certificates.

#### **Investment Policy**

The cash attributable to the Water Utility System must be invested in accordance with the City's Investment Policy, adopted by the City Council during 1984 and most recently revised during

[2006]. In accordance with Sections 53601 and following of the California Government Code, idle cash management and investment transactions are the responsibility of the City Finance Director/Treasurer and permitted investments include the following:

- Securities of the U.S. Government, or its agencies,
- Certificates of deposit (or time deposits) and negotiable certificates of deposit placed with commercial banks,
- Banker's acceptances,
- Commercial paper of "prime" quality,
- Local Agency Investment Fund (State Pool) Demand Deposits, and
- Repurchase agreements.

Criteria for selecting investments and the order of priority are:

- Safety of Principal- Preservation of principal and interest,
- Liquidity - Ability to readily convert investment to cash at any moment in time, and
- Yield - Potential dollar earnings on an investment.

The City's cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling the City to invest funds to the fullest extent possible. The City attempts to obtain the highest yield when selecting an investment, provided the criteria for safety and liquidity are met.

### **Financial Statements**

The City's annual financial report is audited in accordance with generally accepted auditing standards, and contains opinions that the financial statements present fairly, in all material respects, the financial position of the City. The reports include certain notes to the financial statements. Such notes constitute an integral part of the audited financial statements. The annual financial reports of the City have received the Government Finance Officers Association Certificate of Achievement for each of the past 22 years.

The basic financial statements of the City as of June 30, 2005, which are incorporated by reference in and portions of which are included in APPENDIX A to this Official Statement, have been audited by Maze & Associates (the "Auditor"), independent certified public accountants, as set forth in their report. In connection with the incorporation of the financial statements and the report of the Auditor thereon in APPENDIX A to this Official Statement, the City did not request the Auditor to, and the Auditor has not undertaken to, update its report or to take any action intended or likely to elicit information concerning the accuracy, completeness or fairness of the statements made in this Official Statement; and no opinion is expressed by the Auditor with respect to any event subsequent to the date of its report. The Auditor has not been engaged to perform, and has not performed, since the date of its report included herein any procedures on the financial statements addressed in that report.

### **RISK FACTORS**

Some of the factors which could impair the ability of the City to pay the 2006 Payments as they become due under the 2006 Contract are summarized below. This discussion is not meant to be an exhaustive list of the risks associated with the purchase of the 2006 Certificates and does not

necessarily reflect the relative importance of the various factors discussed. Potential investors are advised to consider the following factors, along with all other information in this Official Statement, in evaluating the 2006 Certificates. There can be no assurance that other risk factors will not become material in the future.

## **General**

The payment of principal and interest on the 2006 Certificates is secured solely by a pledge of the Gross Revenues of the Water Utility System and money on deposit in certain funds under the 2006 Trust Agreement. Under the terms of the Master Contract, Gross Revenues are to be deposited in the Revenue Fund and used by the City, ratably, without preference or priority, to (i) pay charges for Maintenance and Operation Costs of the Water Utility System (including amounts reasonably required to be set aside in contingency reserves for Maintenance and Operation Costs the payment of which is not immediately required) as such charges are due and payable and (ii) deposit in the Parity Obligation Payment Fund the amount described in the Master Contract (in general terms, debt service which has accrued or will accrue during the next succeeding month on all Parity Obligations and net payments due or which will be due on all Parity Payment Agreements). See "SECURITY FOR THE 2006 CERTIFICATES — Flow of Funds." The realization of revenues sufficient in amount to meet both of said obligations is subject to, among other things, the capabilities of management of the City, the ability of the City to provide water service to its users, and the ability of the City to establish and maintain water fees and charges sufficient to provide the required debt service coverage as well as pay for Maintenance and Operation Costs.

If Gross Revenues are insufficient to meet both of the requirements described above, the amounts available to pay Maintenance and Operation Costs will be reduced ratably along with the money to be deposited in the Parity Obligation Payment Fund. This could result in an inability on the part of the City to pay Maintenance and Operation Costs as the same become due which, in turn, could adversely affect the ability of the City to operate the Water Utility System thereby further reducing Gross Revenues.

Among other matters, drought, general and local economic conditions and changes in law and government regulations (including initiatives and moratoriums on growth) could adversely affect the amount of Gross Revenues realized by the City.

## **Earthquakes, Floods and Other Natural Disasters**

Earthquakes, floods or other natural disasters could interrupt operation of the Water Utility System and cause increased costs thereby impairing the ability of the City to realize Gross Revenues. The Master Contract requires the City to "procure and maintain such insurance relating to the Water Utility System which it shall deem advisable or necessary to protect its interests and the interests of the Authority, which insurance shall afford protection in such amounts and against such risks as are usually covered in connection with water systems similar to the Water Utility System." Such insurance is permitted to be maintained under a program of self-insurance so long as such program is maintained in the amounts and manner as is, in the opinion of an accredited actuary, actuarially sound. While City currently maintains insurance against damages to its Water Utility System in amounts up to \$10,000,000, damages resulting from earthquakes are not covered. MID does not currently maintain insurance for damages to the Water Treatment Plant resulting from either floods or earthquakes.

Natural disasters could also adversely affect the service area of the Water Utility System, leading to reduced demand for water service and could also result in a loss or contamination of groundwater supplies and/or surface water supplies otherwise available to the City.

### **Demand for Water**

There can be no assurance that the demand for water service will occur as described in this Official Statement. Not only is it possible that future increases in demand for water service will not occur at the rate described herein, it is also possible that current levels of demand could be reduced. A reduction in the level of demand could require an increase in rates or charges in order to comply with the Rate Covenant. See "SECURITY FOR THE 2006 CERTIFICATES — Rate Covenant."

### **Water Supply**

There can be no assurance that the supply of water available to the City to meet potential system-wide demand will be consistent with the assumptions described in this Official Statement. Adequacy of supply could be adversely affected by factors such as prolonged drought or increases in water quality standards which restrict the ability of the City to use existing groundwater supplies to meet demand. See "THE WATER UTILITY SYSTEM — Water Quality." While the expansion of the Water Treatment Plant and the construction of the 2006 Project and subsequent improvements to the Water Utility System are intended to reduce the City's dependence upon groundwater supplies, there is no assurance that any of such improvements will be completed or that they will be completed within a time frame and at a cost consistent with the various projections set forth in this Official Statement.

In addition to the potential problems of insufficient water to meet system-wide demand discussed above, it is possible that the supply of water to meet the demands of particular portions of the City's water service area will be inadequate for such purposes. Some portions of the service area lack the wells necessary to supply them with groundwater, and other portions lack the infrastructure which would be required in order to deliver water from other portions of the service area.

### **Water Utility System Expenses**

There can be no assurance that the Maintenance and Operation Costs will be consistent with the descriptions in this Official Statement. Increases in such costs could require a significant increase in rates or charges in order to pay for existing and future improvements to the Water Utility System and comply with the Rate Covenant.

### **Rate Process**

The passage of Proposition 218 by the California electorate affects the City's ability to impose future rate increases, and no assurance can be given that future rate increases will not encounter majority protest opposition under Proposition 218. See "THE WATER UTILITY SYSTEM — Impact of Proposition 218 on Water System Fees and Charges" and " — Effect of Proposition 218 and of Possible General Limitations on Enforcement Remedies."

### **Statutory and Regulatory Impact**

Laws and regulations governing the treatment and delivery of water are enacted and promulgated by governmental agencies on the federal, state and local levels. Compliance with these

laws and regulations may prove costly; and, as more stringent statutory and regulatory standards are developed to protect both the health of consumers and environment, these costs will likely continue to increase. Claims against the City with respect to the Water Utility System could be significant, and such claims will be payable from Gross Revenues. No assurance can be given that the cost of compliance with applicable laws and regulations will not materially adversely affect the ability of the City to comply with the Rate Covenant.

### **Limitations on Remedies and Bankruptcy**

The ability of the City to increase fees and charges for water service and to comply with the Rate Covenant may be adversely affected by actions and events outside of the control of the City and may be adversely affected by actions taken (or not taken) by voters, property owners, taxpayers or payers of fees and charges. See "THE WATER UTILITY SYSTEM — Impact of Proposition 218 on Water System Fees and Charges" and " — Effect of Proposition 218 and of Possible General Limitations on Enforcement Remedies." Furthermore, any remedies available to the Owners of the 2006 Certificates upon the occurrence of an event of default under the Contract are in many respects dependent upon judicial actions which are often subject to discretion and delay and could prove both expensive and time consuming to obtain.

In addition to the limitations on remedies contained in the Contract, the rights and obligations under the 2006 Certificates and the Contract may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against cities in the State of California. Various legal opinions to be delivered concurrently with the issuance of the 2006 Certificates will be so qualified. In addition, the opinion to be delivered by Sidley Austin LLP; Special Counsel, concurrently with the execution and delivery of the 2006 Certificates, will also state that the enforceability of the Contract is subject to the limitations on the imposition of fees and charges by the City relating to the Water Utility System under Articles XIIC and XIID of the California Constitution. A copy of the proposed form of opinion of Special Counsel is set forth in APPENDIX D hereto. In the event the City fails to comply with its covenants under the Contract or to pay principal or interest evidenced by the 2006 Certificates, there can be no assurance that available remedies will be adequate to fully protect the interests of the Owners of the 2006 Certificates.

The enforcement of the remedies provided in the Contract could prove both expensive and time consuming. In addition, the rights and remedies provided in the Contract may be limited by and are subject to provisions of the federal bankruptcy laws, as now or hereafter enacted, and to other laws or equitable principles that may affect creditors' rights.

### **Limited Obligations**

The 2006 Certificates are limited obligations of the City are not secured by a legal or equitable pledge or charge or lien upon any property of the City or any of its income or receipts, except the Gross Revenues of the Water Utility System. The obligation of the City to make the 2006 Payments does not constitute an obligation of the City to levy or pledge any form of taxation or for which the City has levied or pledged any form of taxation.

## THE AUTHORITY

The Authority was established pursuant to the provisions of Sections 6500 *et seq.* of the California Government Code and a Joint Exercise of Powers Agreement, dated as of December 1, 1989, by and between the City and the Industrial Development Authority of the City of Modesto. The Authority was established for the purpose of financing the acquisition, construction, improvement and equipping of public capital improvements. The governing board of the Authority consists of the City Council of the City.

## APPROVAL OF LEGAL PROCEEDINGS

The legality and enforceability of the 2006 Contract and certain other legal matters are subject to the approval of Sidley Austin LLP, San Francisco, California, acting as Special Counsel. The proposed form of said firm's legal opinion with respect to the 2006 Contract and the 2006 Certificates is attached hereto as APPENDIX D, and such legal opinion will be attached to each 2006 Certificate. Special Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement. Certain legal matters will be passed upon for the City and the Authority by the City Attorney and by Stradling Yocca Carlson & Rauth, a Professional Corporation, Newport Beach, California, Disclosure Counsel; for the Underwriter by its counsel, Orrick, Herrington & Sutcliff LLP; for the Trustee by its General Counsel; and for the 2006 Certificate Insurer by its General Counsel. Both Sidley Austin LLP and Stradling Yocca Carlson & Rauth, a Professional Corporation have represented the Underwriter in transactions not involving the City or the Authority. The payment of the fees of Special Counsel, Disclosure Counsel, Counsel to the Underwriter and the Trustee is contingent upon the execution and delivery of the 2006 Certificates.

## LITIGATION

There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or, to the knowledge of the City or the Authority, threatened against the City or the Authority affecting the existence of the City or the Authority or the titles of their respective directors or officers to their respective offices or seeking to restrain or to enjoin the sale or delivery of the 2006 Certificates, the application of the proceeds thereof in accordance with the 2006 Trust Agreement, or in any way contesting or affecting the validity or enforceability of the 2006 Certificates, the 2006 Trust Agreement, the Contract, or any action of the City or the Authority contemplated by any of said documents, or in any way contesting the completeness or accuracy of this Official Statement or any amendment or supplement thereto, or contesting the powers of the City or the Authority or their respective authority with respect to the 2006 Certificates or any action of the City or the Authority contemplated by any of said documents, nor to the knowledge of the City, is there any basis therefor.

## TAX MATTERS

In the opinion of Sidley Austin LLP, San Francisco, California, Special Counsel, based on existing statutes, regulations, rulings and judicial decisions and assuming compliance with certain covenants in the 2006 Trust Agreement and the 2006 Contract and requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the use, expenditure and investment of proceeds of the 2006 Certificates and the timely payment of certain investment earnings to the United States, the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates is not includable in the gross income of the Beneficial

Owners of the 2006 Certificates for federal income tax purposes. Failure to comply with such covenants and requirements may cause the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates to be included in gross income retroactively to the date of execution and delivery of the 2006 Certificates.

In the further opinion of Special Counsel, the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Such portion of each 2006 Payment, however, is included as an adjustment in the calculation of federal corporate alternative minimum taxable income and may therefore affect a corporation's alternative minimum tax liability.

Ownership of, or the receipt of interest on or with respect to, tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security or Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations and taxpayers who may be eligible for the earned income tax credit. Special Counsel expresses no opinion with respect to any collateral tax consequences and, accordingly, prospective purchasers of the 2006 Certificates should consult their tax advisors as to the applicability of any collateral tax consequences.

Certain requirements and procedures contained or referred to in the 2006 Trust Agreement and the 2006 Contract and other relevant documents may be changed, and certain actions may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. Special Counsel expresses no opinion as to the exclusion from gross income for federal income tax purposes of the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates on and after the date on which any such change occurs or action is taken or omitted upon the advice or approval of counsel other than Sidley Austin LLP. The Authority and the City have covenanted in the 2006 Trust Agreement and the 2006 Contract that, in the event of any such change in the 2006 Trust Agreement, the 2006 Contract or any other relevant documents relating to the 2006 Certificates, or any other actions taken or omitted by the City or the Authority upon the advice or with the approving opinion of counsel other than Sidley Austin LLP, the Authority and the City will, upon the making of any such change, or the taking or omission of any such other action, cause to be delivered an opinion of counsel nationally recognized in the area of municipal bonds to the effect that the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates is excluded from gross income for federal income tax purposes.

Legislation affecting municipal obligations is continually being considered by the United States Congress. There can be no assurance that legislation enacted after the date of execution and delivery of the 2006 Certificates will not have an adverse effect on the tax-exempt status of the 2006 Certificates. Legislation or regulatory actions and proposals may also affect the economic value of tax exemption or the market price of the 2006 Certificates.

In the further opinion of Special Counsel, the portion of each 2006 Payment due under the 2006 Contract designated as and comprising interest with respect to the 2006 Certificates is exempt from personal income taxes imposed by the State of California.

A copy of the proposed form of opinion of Special Counsel is attached hereto as APPENDIX D.

### CONTINUING DISCLOSURE

The City has covenanted for the benefit of the Owners of the 2006 Certificates to provide certain financial information and operating data relating to the 2006 Certificates and the City by not later than 270 days after the end of the City's Fiscal Year (presently June 30) commencing with the report for the City's 2005-06 fiscal year (the "Annual Reports") and to provide notices of the occurrence of certain enumerated events, if deemed by the City to be material. The Annual Reports will be filed by the Trustee, as Dissemination Agent on behalf of the City, with each Nationally Recognized Municipal Securities Information Repository and with any State Repository which may be designated by the State of California (collectively, the "Repositories") and with the Underwriter and the Broker-Dealer. The notices of material events will be filed by the Trustee, as Dissemination Agent on behalf of the City, with the Repositories with copies to the City, the Underwriter and the Broker-Dealer. The specific nature of the information to be contained in the Annual Reports or the notices of material events is set forth in APPENDIX E — "FORM OF CONTINUING DISCLOSURE AGREEMENT." These covenants have been made in order to assist the Underwriter in complying with Rule 15c2 12(b)(5) of the Securities and Exchange Commission (the "Rule").

The City believes that it has never failed in any material respect to comply with an undertaking pursuant to the Rule. However, on October \_\_, 2006, the City caused to be filed supplements to each of the five most recent Annual Reports that had been filed for it pursuant to the Continuing Disclosure Agreement (the "1997 Continuing Disclosure Agreement") executed by the City in connection with the Refunding Revenue Certificates of Participation (1997) Water Utility System Refinancing Project (the "1997 Certificates"). The 1997 Continuing Disclosure Agreement contains language identical to the language in paragraph 4 of Section 4 of the Form of Continuing Disclosure Agreement included in APPENDIX E. That language requires the City to include in its Annual Report, among other things, "Updated information *similar to* that contained in the tables entitled . . . WATER UTILITY SYSTEM – Ten Largest Customers, appearing under the caption 'WATER UTILITY SYSTEM – Service Area and Customer' of the [1997] Official Statement." (Emphasis added.) In the 1997 Official Statement, that table included (a) the name of the customer, (b) its type of business, (c) its water usage, (d) its percentage of total water usage (e) its water sales revenue and (f) its percentage of total water sales revenue. The Annual Reports filed for the City had included items (a), (b) and (f) as well as the total water sales revenue from which item (e) could be calculated and data with respect to costs of water from which reasonable estimates of item (c) could be established. However, those Annual Reports did not include the customer's percentage of total water usage. The City does not believe that the omitted data represented a material failure to comply with the terms of the 1997 Continuing Disclosure Agreement. However, in the supplements to the Annual Reports referred to above, the City reported those data, and the City intends to include such data in future Annual Reports filed pursuant to the 1997 Continuing Disclosure Agreement. In addition, in the process of preparing the aforesaid supplements, the City rechecked the data set forth in the Annual Reports and made certain revisions to such data. Those revisions show that the top ten customers of the Water Utility System represented a smaller percentage of total water sales revenues than had previously been reported.

## RATINGS

Moody's Investors Service, Inc. ("Moody's") and Standard & Poor's Ratings Services ("S&P") are expected to assign their ratings of "Aaa" and "AAA", respectively, to the 2006 Certificates with the understanding that upon delivery of the 2006 Certificates, the 2006 Certificate Insurance Policy will be issued by the 2006 Certificate Insurer. In addition, Moody's has assigned an underlying rating of "A2" to the 2006 Certificates, and S&P has assigned them an underlying rating of "A+." Generally, rating agencies base their ratings on information and material furnished directly to them and on investigations, studies and assumptions made by them. The ratings reflect only the views of such organizations and an explanation of the significance of such ratings may be obtained from Moody's Investors Service, 99 Church Street, New York, New York 10017 and Standard & Poor's Ratings Services, 55 Water Street, New York, New York 10041. There is no assurance that the ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by such rating agencies, if, in the judgment of such rating agencies, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the 2006 Certificates.

## FINANCIAL ADVISOR

The City has retained Public Financial Management, Inc., of San Francisco, California, as Financial Advisor (the "Financial Advisor") in connection with the execution and delivery of the 2006 Certificates. The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or assume responsibility for the accuracy, completeness, or fairness of the information contained in this Official Statement. Public Financial Management, Inc., is an independent financial advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

## CERTAIN RELATIONSHIPS

Banc of America Securities LLC, the Underwriter and Broker-Dealer, and Bank of America, N.A., the Swap Provider, are affiliates, both being subsidiaries of Bank of America Corporation.

## UNDERWRITING

The 2006 Certificates will be purchased by Banc of America Securities LLC (the "Underwriter"), under a Certificate Purchase Agreement, dated \_\_\_\_\_, 2006, pursuant to which the Underwriter has agreed to purchase all, but not less than all, of the 2006 Certificates for an aggregate purchase price of \$ \_\_\_\_\_ (representing the principal evidenced thereby less Underwriter's discount of \$ \_\_\_\_\_).

**MISCELLANEOUS**

Insofar as any statements made in this Official Statement involve matters of opinion or of estimates, whether or not expressly stated, they are set forth as such and not as representations of fact. No representation is made that any of such statements made will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the Owners of the 2006 Certificates.

The execution and delivery of this Official Statement have been duly authorized by the City and the Authority.

**APPENDIX B**

**DEFINITIONS AND SUMMARY OF PRINCIPAL LEGAL DOCUMENTS**

[TO COME FROM SPECIAL COUNSEL]

**APPENDIX C**  
**ARS PROVISIONS**

---

**ARTICLE I**  
**DEFINITIONS**

In addition to the words and terms elsewhere in the 2006 Trust Agreement (the "Trust Agreement") the following words and terms have the following meanings with respect to the 2006 Certificates in an ARS Mode, unless the context or use indicates another or different meaning or intent:

**Agent Member** means a member of, or participant in, the Securities Depository who shall act on behalf of a Bidder.

**All Hold Rate** means, as of any Auction Date, 55% of the ARS Index in effect on such Auction Date.

**ARS** means Auction Rate Securities.

**ARS Certificates** means the 2006 Certificates while the 2006 Certificates evidence interest at the ARS Rate.

**ARS Index** shall have the meaning specified in Section 2.06 of this Appendix.

**ARS Rate** means for the 2006 Certificates, the rate of interest to be evidenced by the 2006 Certificates during each Auction Period determined in accordance with Section 2.03 of this Appendix; provided, however, that in no event may the ARS Rate exceed the Maximum Interest Rate.

**ARS Rate Conversion Date** means the date on which ARS Certificates convert from a Mode other than an ARS Mode to the ARS Mode for an ARS Rate Period and begin to evidence interest at an ARS Rate.

**ARS Rate Period** means (i) any period of time commencing on the day following the Initial Period to but not including a Conversion Date for the ARS Certificates and (ii) the period from and including an ARS Rate Conversion Date for the 2006 Certificates to but excluding the next Conversion Date for the 2006 Certificates.

**Auction** means each periodic implementation of the Auction Procedures.

**Auction Agent** means the auctioneer appointed in accordance with Section 3.01 or 3.02 of this Appendix. The initial Auction Agent shall be The Bank of New York.

**Auction Agreement** means an agreement between an Auction Agent and the Trustee approved by the 2006 Certificate Insurer pursuant to which an Auction Agent agrees to follow the

procedures specified in this Appendix with respect to ARS Certificates, as such agreement may from time to time be amended or supplemented.

**Auction Date** means, with respect to ARS Certificates, (a) if the ARS Certificates are in a daily Auction Period, each Business Day, (b) if the ARS Certificates are in a Special Auction Period, the last Business Day of the Special Auction Period, and (c) if the ARS Certificates are in any other Auction Period, the Business Day next preceding each Interest Payment Date for the ARS Certificates (whether or not an Auction shall be conducted on such date); provided, however, that the last Auction Date with respect to the ARS Certificates in an Auction Period other than a daily Auction Period or a Special Auction Period shall be the earlier of (i) the Business Day next preceding the Interest Payment Date next preceding the Conversion Date for the ARS Certificates and (ii) the Business Day next preceding the Interest Payment Date next preceding the final Maturity Date; and provided, further, that if the ARS Certificates are in a daily Auction Period, the last Auction Date shall be the earlier of (x) the Business Day next preceding the Conversion Date for the ARS Certificates and (y) the Business Day next preceding the final Maturity Date. The last Business Day of a Special Auction Period shall be the Auction Date for the Auction Period which begins on the next succeeding Business Day, if any. On the Business Day preceding the conversion from a daily Auction Period to another Auction Period, there shall be two Auctions, one for the last daily Auction Period and one for the first Auction Period following the conversion. The first Auction Date for the ARS Certificates is \_\_\_\_\_, 2006.

**Auction Period** means with respect to the ARS Certificates:

- (a) a Special Auction Period;
- (b) with respect to the ARS Certificates in a daily Auction Period, a period beginning on each Business Day and extending to but not including the next succeeding Business Day;
- (c) with respect to the ARS Certificates in a seven day Auction Period and with Auctions generally conducted on (i) Fridays, a period of generally seven days beginning on a Monday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Sunday) and ending on the Sunday thereafter (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) Mondays, a period of generally seven days beginning on a Tuesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Monday) and ending on the Monday thereafter (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iii) Tuesdays, a period of generally seven days beginning on a Wednesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Tuesday) and ending on the Tuesday thereafter (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iv) Wednesdays, a period of generally seven days beginning on a Thursday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Wednesday) and ending on the Wednesday thereafter (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), and (v) Thursdays, a period of generally seven days beginning on a Friday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Thursday) and ending on the Thursday thereafter (unless such

Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day);

(d) with respect to the ARS Certificates in a 28-day Auction Period and with Auctions generally conducted on (i) Fridays, a period of generally 28 days beginning on a Monday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Sunday) and ending on the fourth Sunday thereafter (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) Mondays, a period of generally 28 days beginning on a Tuesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Monday) and ending on the fourth Monday thereafter (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iii) Tuesdays, a period of generally 28 days beginning on a Wednesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Tuesday) and ending on the fourth Tuesday thereafter (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iv) Wednesdays, a period of generally 28 days beginning on a Thursday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Wednesday) and ending on the fourth Wednesday thereafter (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), and (v) Thursdays, a period of generally 28 days beginning on a Friday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on a Thursday) and ending on the fourth Thursday thereafter (unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day);

(e) with respect to the ARS Certificates in a 35-day Auction Period and with Auctions generally conducted on (i) Fridays, a period of generally 35 days beginning on a Monday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on Sunday) and ending on the fifth Sunday thereafter (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) Mondays, a period of generally 35 days beginning on a Tuesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on Monday) and ending on the fifth Monday thereafter (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iii) Tuesdays, a period of generally 35 days beginning on a Wednesday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on Tuesday) and ending on the fifth Tuesday thereafter (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (iv) Wednesdays, a period of generally 35 days beginning on a Thursday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on Wednesday) and ending on the fifth Wednesday thereafter (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), and (v) Thursdays, a period of generally 35 days beginning on a Friday (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on Thursday) and ending on the fifth Thursday thereafter (unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day);

(f) with respect to the ARS Certificates in a three-month Auction Period, a period of generally three months (or shorter period upon a conversion from another Auction Period) beginning on the day following the last day of the prior Auction Period and ending on the first day of the month that is the third calendar month following the beginning date of such Auction Period (unless such first day of the month is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day); and

(g) with respect to the ARS Certificates in a six-month Auction Period, a period of generally six months (or shorter period upon a conversion from another Auction Period) beginning on the day following the last day of the prior Auction Period and ending on the [next succeeding March 31 or September 30/last day of the month which is the sixth calendar month following the beginning date of such Auction Period (such six month period to include the month when the six-month Auction Period commenced) and ending on the last day of every sixth month thereafter; provided that no six-month Auction Period for the ARS Certificates may extend beyond the Maturity Date];

provided, however, that:

(a) if there is a conversion of the ARS Certificates with Auctions generally conducted on Fridays (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the next succeeding Sunday (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the Sunday (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on Sunday (unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion;

(b) if there is a conversion of the ARS Certificates with Auctions generally conducted on Mondays (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the next succeeding Monday (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the Monday (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on Monday (unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion;

(c) if there is a conversion of the ARS Certificates with Auctions generally conducted on Tuesdays (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the next succeeding Tuesday (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the Tuesday (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on Tuesday (unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion;

(d) if there is a conversion of the ARS Certificates with Auctions generally conducted on Wednesdays (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the next succeeding Wednesday (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the Wednesday (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on Wednesday (unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion; and

(e) if there is a conversion of the ARS Certificates with Auctions generally conducted on Thursdays (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the next succeeding Thursday (unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on the Thursday (unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the Interest Payment Date for the prior Auction Period) and shall end on Thursday (unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion.

Notwithstanding the foregoing, if an Auction is for an Auction Period of more than seven days and the Auction Rate on such Auction Date is the Maximum Interest Rate because Sufficient Clearing Bids do not exist, the Auction Period shall automatically change to a seven-day Auction Period.

**Auction Procedures** means the procedures for conducting Auctions for the ARS Certificates during an ARS Rate Period set forth in this Appendix.

**Auction Rate** means for the ARS Certificates, the rate of interest to be borne by the ARS Certificates during each Auction Period determined in accordance with Section 2.03 of this Appendix, which: (i) if Sufficient Clearing Bids exist, shall be the Winning Bid Rate, provided, however, if all of the ARS Certificates are the subject of Submitted Hold Orders, such rate shall be the All Hold Rate with respect to the ARS Certificates; and (ii) if Sufficient Clearing Bids do not exist, such rate shall be the Maximum Interest Rate with respect to the ARS Certificates.

**Available Certificates** means for the ARS Certificates on each Auction Date, the aggregate principal amount of ARS Certificates that are not the subject of Submitted Hold Orders.

**Bid** has the meaning specified in subsection (a) of Section 2.01 of this Appendix.

**Bidder** means each Existing Owner and Potential Owner who places an Order.

**Broker-Dealer** means any entity that is permitted by law to perform the function required of a Broker-Dealer described in this Appendix that is a member of, or a direct participant in, the Securities Depository, that has been selected by the Authority and that is a party to a Broker-Dealer Agreement with the Auction Agent.

**Broker-Dealer Agreement** means an agreement approved by the 2006 Certificate Insurer among the Auction Agent, the Authority and a Broker-Dealer pursuant to which such Broker-Dealer agrees to follow the procedures described in this Appendix, as such agreement may from time to time be amended or supplemented.

**Broker-Dealer Deadline** means the internal deadline established by each Broker-Dealer after which it will not accept Orders or any change in any Order previously placed with such Broker-Dealer.

**Conversion Date** means the date on which ARS Certificates are converted from an ARS Mode to a Mode other than an ARS Mode and begin to bear interest at a Daily Rate, a Weekly Rate, a Flexible Rate, a Term Rate or a Fixed Rate.

**Existing Owner** means a Person who is listed as the beneficial owner of ARS Certificates in the records of the Auction Agent; provided, however, that for purposes of conducting an Auction, the Auction Agent may consider a Broker-Dealer acting on behalf of its customer as an Existing Owner.

**Hold Order** has the meaning specified in subsection (a) of Section 2.01 of this Appendix.

**Initial Period** means the period from the issue date to but not including \_\_\_\_\_, 2006 for the ARS Certificates.

**Interest Payment Date** with respect to the ARS Certificates means \_\_\_\_\_, 2006 with respect to the Initial Period for the ARS Certificates, and thereafter (a) when used with respect to any Auction Period other than a daily Auction Period or a Special Auction Period, the Business Day immediately following such Auction Period, (b) when used with respect to a daily Auction Period, the first Business Day of the month immediately succeeding such Auction Period, (c) when used with respect to a Special Auction Period of (i) seven or more but fewer than one hundred eighty-three (183) days, the Business Day immediately following such Special Auction Period, or (ii) more than one hundred eighty-two (182) days, each April 1 and October 1 and on the Business Day immediately following such Special Auction Period.

**LIBOR** means, with respect to ARS Certificates, on any date of determination for an Auction Period for ARS Certificates, the offered rate (rounded up to the next highest one one-thousandth of one percent (0.001%)) for deposits in U.S. dollars for a one-month period which appears on the Telerate Page 3750 at approximately 11:00 a.m., London time, on such date, or if such date is not a date on which dealings in U.S. dollars are transacted in the London interbank market, then on the next preceding day on which such dealings were transacted in such market.

**Maximum Interest Rate** means the lesser of 12% or the maximum rate permitted by applicable law.

**Order** means a Hold Order, Bid or Sell Order.

**Potential Owner** means any Person, including any Existing Owner, who may be interested in acquiring a beneficial interest in ARS Certificates in addition to ARS Certificates currently owned by such Person, if any.

**Principal Office** means, with respect to the Auction Agent, the office thereof designated in writing to the Authority, the Trustee and each Broker-Dealer.

**Sell Order** has the meaning specified in subsection (a) of Section 2.01 of this Appendix.

**Special Auction Period** means, with respect to ARS Certificates, (a) any period of one hundred eighty-two (182) days or less which is divisible by seven and which begins on an Interest Payment Date and ends (i) in the case of ARS Certificates with Auctions generally conducted on Fridays, on a Sunday unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (ii) in the case of ARS Certificates with Auctions generally conducted on Mondays, on a Monday unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (iii) in the case of ARS Certificates with Auctions generally conducted on Tuesdays, on a Tuesday unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (iv) in the case of ARS Certificates with Auctions generally conducted on Wednesdays, on a Wednesday unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, and (v) in the case of ARS Certificates with Auctions generally conducted on Thursdays, on a Thursday unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, or (b) any period which is longer than one hundred eighty-two (182) days, which begins on an Interest Payment Date and ends not later than the final scheduled Maturity Date and, in either case, is not otherwise within the definition of an Auction Period.

**Submission Deadline** means 1:00 p.m. New York City time on each Auction Date for ARS Certificates not in a daily Auction Period, and 11:00 a.m., New York City time, on each Auction Date for ARS Certificates in a daily Auction Period, or such other time on such date as shall be specified from time to time by the Auction Agent pursuant to the Auction Agreement as the time by which Broker-Dealers are required to submit Orders to the Auction Agent.

**Submission Processing Deadline** means the earlier of (i) forty (40) minutes after the Submission Deadline and (ii) the time when the Auction Agent begins to disseminate the results of the Auction to the Broker-Dealers.

**Submitted Bid** has the meaning specified in subsection (b) of Section 2.03 of this Appendix.

**Submitted Hold Order** has the meaning specified in subsection (b) of Section 2.03 of this Appendix.

**Submitted Order** has the meaning specified in subsection (b) of Section 2.03 of this Appendix.

**Submitted Sell Order** has the meaning specified in subsection (b) of Section 2.03 of this Appendix.

**Sufficient Clearing Bids** means with respect to ARS Certificates, an Auction for which the aggregate principal amount of ARS Certificates that are the subject of Submitted Bids by Potential Owners specifying one or more rates not higher than the Maximum Interest Rate is not less than the aggregate principal amount of ARS Certificates that are the subject of Submitted Sell Orders and of Submitted Bids by Existing Owners specifying rates higher than the Maximum Interest Rate.

**Winning Bid Rate** means with respect to ARS Certificates, the lowest rate specified in any Submitted Bid for ARS Certificates which if selected by the Auction Agent as the ARS Rate for ARS Certificates would cause the aggregate principal amount of ARS Certificates that are the subject of Submitted Bids specifying a rate not greater than such rate to be not less than the aggregate principal amount of Available Certificates.

## ARTICLE II

### AUCTION PROCEDURES

#### Section 2.01. Orders by Existing Owners and Potential Owners.

(a) Prior to the Submission Deadline on each Auction Date:

(i) each Existing Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, information as to:

(A) the principal amount of the ARS Certificates, if any, held by such Existing Owner, which such Existing Owner commits to continue to hold for the next succeeding Auction Period without regard to the rate determined by the Auction Procedures for such Auction Period;

(B) the principal amount of the affected ARS Certificates, if any, held by such Existing Owner, which such Existing Owner commits to continue to hold for the next succeeding Auction Period if the rate determined by the Auction Procedures for such Auction Period shall not be less than the rate per annum then specified by such Existing Owner (and which such Existing Owner offers to sell on the next succeeding Interest Payment Date (or the same day in the case of a daily Auction Period) if the rate determined by the Auction Procedures for the next succeeding Auction Period shall be less than the rate per annum then specified by such Existing Owner); and/or

(C) the principal amount of the ARS Certificates, if any, held by such Existing Owner which such Existing Owner offers to sell on the next succeeding Interest Payment Date (or on the same day in the case of a daily Auction Period) without regard to the rate determined by the Auction Procedures for the next succeeding Auction Period.

(ii) for the purpose of implementing the Auctions and thereby to achieve the lowest possible interest rate on the ARS Certificates, the Broker-Dealers shall contact Potential Owners, including Persons that are Existing Owners, to determine the principal amount of the ARS Certificates, if any, which each such Potential Owner irrevocably offers to purchase if the rate determined by the Auction Procedures for the next succeeding Auction Period is not less than the rate per annum then specified by such Potential Owner.

For the purposes hereof, an Order containing the information referred to in clause (i)(A) above is herein referred to as a "Hold Order," an Order containing the information referred to in clause (i)(B) or (ii) above is herein referred to as a "Bid," and an Order containing the information referred to in clause (i)(C) above is herein referred to as a "Sell Order."

(b)(i) A Bid by an Existing Owner shall constitute an irrevocable offer to sell:

(A) the principal amount of the ARS Certificates specified in such Bid if the rate determined by the Auction Procedures on such Auction Date shall be less than the rate specified therein; or

(B) such principal amount or a lesser principal amount of the ARS Certificates to be determined as described in subsection (a)(v) of Section 2.04 hereof if the rate determined by the Auction Procedures on such Auction Date shall be equal to such specified rate; or

(C) a lesser principal amount of the ARS Certificates to be determined as described in subsection (b)(iv) of Section 2.04 of this Appendix if such specified rate shall be higher than the Maximum Interest Rate and Sufficient Clearing Bids do not exist.

(ii) A Sell Order by an Existing Owner shall constitute an irrevocable offer to sell:

(A) the principal amount of the ARS Certificates specified in such Sell Order; or

(B) such principal amount or a lesser principal amount of the ARS Certificates as described in subsection (b)(iv) of Section 2.04 of this Appendix if Sufficient Clearing Bids do not exist.

(iii) A Bid by a Potential Owner shall constitute an irrevocable offer to purchase:

(A) the principal amount of the ARS Certificates specified in such Bid if the rate determined by the Auction Procedures on such Auction Date shall be higher than the rate specified therein; or

(B) such principal amount or a lesser principal amount of the ARS Certificates as described in subsection (a)(vi) of Section 2.04 of this Appendix if the rate determined by the Auction Procedures on such Auction Date shall be equal to such specified rate.

(c) Anything herein to the contrary notwithstanding:

(i) for purposes of any Auction, any Order which specifies the ARS Certificates to be held, purchased or sold in a principal amount which is not \$25,000 or an integral multiple thereof shall be rounded down to the nearest \$25,000, and the Auction Agent shall conduct the Auction Procedures as if such Order had been submitted in such lower amount;

(ii) for purposes of any Auction other than during a daily Auction Period, any portion of an Order of an Existing Owner which relates to the ARS Certificates that has been called for prepayment on or prior to the Interest Payment Date next succeeding such Auction shall be invalid with respect to such portion and the Auction Agent shall conduct the Auction Procedures as if such portion of such Order had not been submitted; and

(iii) for purposes of any Auction other than during a daily Auction Period, no portion of ARS Certificates that has been called for prepayment on or prior to the Interest Payment Date next succeeding such Auction shall be included in the calculation of Available Certificates for such Auction.

(iv) for purposes of any Auction, any Order by an Existing Owner or Potential Owner is revocable until the Broker-Dealer Deadline, and after the Broker-Dealer Deadline all Orders are irrevocable.

**Section 2.02. Submission of Orders by Broker-Dealers to Auction Agent.**

(a) Each Broker-Dealer shall submit to the Auction Agent in writing or by such other method as shall be reasonably acceptable to the Auction Agent, including such electronic communication acceptable to the parties, prior to the Submission Deadline (but subject to the Submission Processing Deadline) on each Auction Date, all Orders obtained by such Broker-Dealer and, if requested, specifying with respect to each Order:

(i) the name of the Bidder placing such Order;

(ii) the aggregate principal amount of the ARS Certificates, if any, that are the subject of such Order;

(iii) to the extent that such Bidder is an Existing Owner:

(A) the principal amount of the ARS Certificates, if any, subject to any Hold Order placed by such Existing Owner;

(B) the principal amount of the ARS Certificates, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and

(C) the principal amount of the ARS Certificates, if any, subject to any Sell Order placed by such Existing Owner.

(iv) the extent such Bidder is a Potential Owner, the rate specified in such Bid.

Notwithstanding the foregoing, Broker-Dealers may submit an Order after the Submission Deadline and prior to the Submission Processing Deadline if the Order was (i) received by the Broker-Dealer from Existing Owners or Potential Owners prior to the Submission Deadline or (ii) initiated internally by the Broker-Dealer for its own account prior to the Submission Deadline. Each Order submitted to the Auction Agent after the Submission Deadline and prior to the Submission Processing Deadline shall constitute a representation by the Broker-Dealer that such Order was (i) received from an Existing Owner or Potential Owner prior to the Submission Deadline or (ii) initiated internally by the Broker-Dealer for its own account prior to the Submission Deadline.

(b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth of one percent (0.001%).

(c) If an Order or Orders covering all of the ARS Certificates held by an Existing Owner is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Existing Owner covering the principal amount of such ARS Certificates held by such Existing Owner and not subject to Orders submitted to the Auction Agent; provided, however, that if there is a conversion of such ARS Certificates from one Auction Period to another Auction Period and Orders have not been submitted to the Auction Agent prior to the Submission Deadline covering the aggregate principal amount of such ARS Certificates to be converted held by such Existing Owner, the Auction Agent shall deem a Sell Order to have been submitted on behalf of such Existing Owner covering the principal amount of such ARS Certificates to be converted held by such Existing Owner not subject to Orders submitted to the Auction Agent.

(d) If one or more Orders covering in the aggregate more than the principal amount of the ARS Certificates held by any Existing Owner are submitted to the Auction Agent, such Orders shall be considered valid as follows:

(i) all Hold Orders shall be considered Hold Orders, but only up to and including in the aggregate the principal amount of such ARS Certificates held by such Existing Owner;

(ii) (A) any Bid of an Existing Owner shall be considered valid as a Bid of an Existing Owner up to and including the excess of the principal amount of such ARS Certificates held by such Existing Owner over the principal amount of the such ARS Certificates subject to Hold Orders referred to in paragraph (i) above;

(B) subject to clause (A) above, all Bids of an Existing Owner with the same rate shall be aggregated and considered a single Bid of an Existing Owner up to and including the excess of the principal amount of such ARS Certificates held by such Existing Owner over the principal amount of such ARS Certificates held by such Existing Owner subject to Hold Orders referred to in paragraph (i) above;

(C) subject to clause (A) above, if more than one Bid with different rates is submitted on behalf of such Existing Owner, such Bids shall be considered Bids of an Existing Owner in the ascending order of their respective rates up to the amount of the excess of the principal amount of such ARS Certificates held by such Existing Owner over the principal amount of such ARS Certificates held by such Existing Owner subject to Hold Orders referred to in paragraph (i) above; and

(D) the principal amount, if any, of such ARS Certificates subject to Bids not considered to be Bids of an Existing Owner under this paragraph (ii) shall be treated as the subject of a Bid by a Potential Owner.

(iii) all Sell Orders shall be considered Sell Orders, but only up to and including a principal amount of the ARS Certificates equal to the excess of the principal amount of such ARS Certificates held by such Existing Owner over the sum of the principal amount of such ARS Certificates considered to be subject to Hold Orders pursuant to paragraph (i) above and the principal amount of such ARS Certificates considered to be subject to Bids of such Existing Owner pursuant to paragraph (ii) above.

(e) If more than one Bid is submitted on behalf of any Potential Owner, each Bid submitted with the same rate shall be aggregated and considered a single Bid and each Bid submitted with a different rate shall be considered a separate Bid with the rate and the principal amount of the ARS Certificates specified therein.

(f) Anything herein to the contrary notwithstanding, for purposes of any Auction, any Order by a Broker-Dealer for its own account is revocable until the Submission Processing Deadline.

(g) Neither the Authority, the Trustee nor the Auction Agent shall be responsible for the failure of any Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

### **Section 2.03. Determination of ARS Rate.**

(a) Not later than 9:30 a.m., New York City time, on each Auction Date with respect to ARS Certificates, the Auction Agent shall advise the Broker-Dealers and the Trustee by telephone or other electronic communication acceptable to the parties of the All Hold Rate, the Maximum Interest Rate and the ARS Index for ARS Certificates.

(b) Promptly after the Submission Deadline, but subject to the Submission Processing Deadline, on each Auction Date with respect to ARS Certificates, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, and collectively as a "Submitted Order") and shall determine (i) the Available Certificates, (ii) whether there are Sufficient Clearing Bids, and (iii) the Auction Rate.

(c) Promptly after the Auction Agent has made the determinations pursuant to subsection (b) above, the Auction Agent shall advise the Trustee by telephone (promptly confirmed in writing), telex or facsimile transmission or other electronic communication acceptable to the

parties of the Auction Rate for the next succeeding Auction Period and the Trustee shall promptly notify the Securities Depository of such Auction Rate.

(d) In the event the Auction Agent shall fail to calculate or, for any reason (including, but not limited to, the lack of a duly appointed Broker-Dealer), fails to provide the Auction Rate for any Auction Period, (i) if the preceding Auction Period was a period of thirty-five (35) days or less, the new Auction Period shall be the same as the preceding Auction Period and the ARS Rate for the new Auction Period shall be the same as the ARS Rate for the preceding Auction Period, and (ii) if the preceding Auction Period was a period of greater than thirty-five (35) days, the preceding Auction Period shall be extended to the next seventh day following the day that would have been the last day of such Auction Period had it not been extended (or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) and the ARS Rate in effect for the preceding Auction Period will continue in effect for the Auction Period as so extended. In the event an Auction Period is extended as set forth in clause (ii) of the preceding sentence, an Auction shall be held on the last Business Day of the Auction Period as so extended to take effect for an Auction Period beginning on the Business Day immediately following the last day of the Auction Period as extended which Auction Period will end on the date it would otherwise have ended on had the prior Auction Period not been extended. Notwithstanding the foregoing, no ARS Rate shall be extended for more than thirty-five (35) days. If at the end of thirty-five (35) days the Auction Agent fails to calculate or provide the Auction Rate, the ARS Rate shall be the Maximum Interest Rate.

(e) In the event of a failed conversion to another Mode Period with respect to ARS Certificates, or in the event of a failure to change the length of the current Auction Period with respect to ARS Certificates due to the lack of Sufficient Clearing Bids at the Auction on the Auction Date for the first new Auction Period for ARS Certificates, or in the event there shall be no Auction Agent for the ARS Certificates as a result of the termination of the Auction Agreement pursuant to its terms, the Auction Rate for the next Auction Period for the ARS Certificates shall be the Maximum Interest Rate and the Auction Period for the ARS Certificates shall be a seven-day Auction Period. Succeeding Auction Periods shall be seven-day Auction Periods until subsequently changed in accordance with the provisions set forth in this Appendix and the Auction Rate for succeeding Auction Periods shall be determined in accordance with the provisions set forth in this Appendix.

(f) If the ARS Certificates are no longer maintained in Book-Entry-System by the Securities Depository on any Auction Date, then the ARS Rate for the ARS Certificates for the related Auction Period shall be the Maximum Interest Rate and the Auction Period for the ARS Certificates shall be a seven-day Auction Period.

#### **Section 2.04. Allocation of the ARS Certificates.**

(a) In the event of Sufficient Clearing Bids for the ARS Certificates, subject to the further provisions of subsections (c) and (d) below, Submitted Orders for the ARS Certificates shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the ARS Certificates that are the subject of such Submitted Hold Order;

(ii) the Submitted Sell Order of each Existing Owner shall be accepted and the Submitted Bid of each Existing Owner specifying any rate that is higher than the Winning

Bid Rate shall be rejected, thus requiring each such Existing Owner to sell the ARS Certificates that are the subject of such Submitted Sell Order or Submitted Bid;

(iii) the Submitted Bid of each Existing Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the ARS Certificates that are the subject of such Submitted Bid;

(iv) the Submitted Bid of each Potential Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the ARS Certificates that are the subject of such Submitted Bid;

(v) the Submitted Bid of each Existing Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the ARS Certificates that are the subject of such Submitted Bid, but only up to and including the principal amount of the ARS Certificates obtained by multiplying (A) the aggregate principal amount of Outstanding ARS Certificates that are not the subject of Submitted Hold Orders described in paragraph (i) above or of Submitted Bids described in paragraphs (iii) or (iv) above by (B) a fraction the numerator of which shall be the principal amount of Outstanding ARS Certificates held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the aggregate principal amount of the Outstanding ARS Certificates subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate, and the remainder, if any, of such Submitted Bid shall be rejected, thus requiring each such Existing Owner to sell any excess amount of such ARS Certificates;

(vi) the Submitted Bid of each Potential Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the ARS Certificates that are the subject of such Submitted Bid, but only in an amount equal to the principal amount of the ARS Certificates obtained by multiplying (A) the aggregate principal amount of Outstanding ARS Certificates that are not the subject of Submitted Hold Orders described in paragraph (i) above or of Submitted Bids described in paragraphs (iii), (iv) or (v) above by (B) a fraction the numerator of which shall be the principal amount of Outstanding ARS Certificates subject to such Submitted Bid and the denominator of which shall be the sum of the aggregate principal amount of Outstanding ARS Certificates subject to such Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate, and the remainder of such Submitted Bid shall be rejected; and

(vii) the Submitted Bid of each Potential Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected.

(b) In the event there are not Sufficient Clearing Bids for the ARS Certificates, subject to the further provisions of subsections (c) and (d) below, Submitted Orders, for the ARS Certificates shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the ARS Certificates that are the subject of such Submitted Hold Order;

(ii) the Submitted Bid of each Existing Owner specifying any rate that is not higher than the Maximum Interest Rate, shall be accepted, thus requiring each such Existing Owner to continue to hold the ARS Certificates that are the subject of such Submitted Bid;

(iii) the Submitted Bid of each Potential Owner specifying any rate that is not higher than the Maximum Interest Rate, shall be accepted, thus requiring each such Potential Owner to purchase the ARS Certificates that are the subject of such Submitted Bid;

(iv) the Submitted Sell Orders of each Existing Owner shall be accepted as Submitted Sell Orders and the Submitted Bids of each Existing Owner specifying any rate that is higher than the Maximum Interest Rate, shall be deemed to be and shall be accepted as Submitted Sell Orders, in both cases only up to and including the principal amount of the ARS Certificates obtained by multiplying (A) the aggregate principal amount of the ARS Certificates subject to Submitted Bids described in paragraph (iii) of this subsection (b) by (B) a fraction the numerator of which shall be the principal amount of Outstanding ARS Certificates held by such Existing Owner subject to such Submitted Sell Order or such Submitted Bid deemed to be a Submitted Sell Order and the denominator of which shall be the principal amount of Outstanding ARS Certificates subject to all such Submitted Sell Orders and such Submitted Bids deemed to be Submitted Sell Orders, and the remainder of each such Submitted Sell Order or Submitted Bid shall be deemed to be and shall be accepted as a Hold Order and each such Existing Owner shall be required to continue to hold such excess amount of the ARS Certificates; and

(v) the Submitted Bid of each Potential Owner specifying any rate that is higher than the Maximum Interest Rate shall be rejected.

(c) If, as a result of the procedures described in subsection (a) or (b) above, any Existing Owner or Potential Owner would be required to purchase or sell an aggregate principal amount of the ARS Certificates that is not an integral multiple of \$25,000 on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, round up or down the principal amount of such ARS Certificates to be purchased or sold by any Existing Owner or Potential Owner on such Auction Date so that the aggregate principal amount of such ARS Certificates purchased or sold by each Existing Owner or Potential Owner on such Auction Date shall be an integral multiple of \$25,000, even if such allocation results in one or more of such Existing Owners or Potential Owners not purchasing or selling any such ARS Certificates on such Auction Date.

(d) If, as a result of the procedures described in subsection (a) above, any Potential Owner would be required to purchase less than \$25,000 in principal amount of the ARS Certificates on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, allocate such ARS Certificates for purchase among Potential Owners so that the principal amount of ARS Certificates purchased on such Auction Date by any Potential Owner shall be an integral multiple of \$25,000, even if such allocation results in one or more of such Potential Owners not purchasing such ARS Certificates

#### **Section 2.05. Notice of ARS Rate.**

(a) On each Auction Date, the Auction Agent shall notify by telephone or other telecommunication device or other electronic communication acceptable to the parties or in writing

each Broker-Dealer that participated in the Auction held on such Auction Date of the following with respect to the ARS Certificates for which an Auction was held on such Auction Date:

(i) the ARS Rate determined on such Auction Date for the succeeding Auction Period or, in the case of the ARS Certificates in a daily Auction Period, the Auction Rate on the ARS Certificates fixed for the current Auction Period;

(ii) whether Sufficient Clearing Bids existed for the determination of the Winning Bid Rate;

(iii) if such Broker-Dealer submitted a Bid or a Sell Order on behalf of an Existing Owner with respect to the ARS Certificates, whether such Bid or Sell Order was accepted or rejected, in whole or in part, and the principal amount of the ARS Certificates, if any, to be sold by such Existing Owner;

(iv) if such Broker-Dealer submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected, in whole or in part, and the principal amount of the ARS Certificates, if any, to be purchased by such Potential Owner;

(v) if the aggregate principal amount of the ARS Certificates to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted Bids or Sell Orders is different from the aggregate principal amount of the ARS Certificates to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Broker-Dealers (and the Agent Member, if any, of each such other Broker-Dealer) and the principal amount of the ARS Certificates to be (A) purchased from one or more Existing Owners on whose behalf such other Broker-Dealers submitted Bids or Sell Orders or (B) sold to one or more Potential Owners on whose behalf such Broker-Dealer submitted Bids; and

(vi) the immediately succeeding Auction Date.

(b) On each Auction Date, each Broker-Dealer that submitted an Order on behalf of any Existing Owner or Potential Owner shall: (i) advise each Existing Owner and Potential Owner on whose behalf such Broker-Dealer submitted an Order as to (A) the ARS Rate determined on such Auction Date, (B) whether any Bid or Sell Order submitted on behalf of each such Existing Owner or Potential Owner was accepted or rejected, in whole or in part, and (C) the immediately succeeding Auction Date; (ii) instruct each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Existing Owner's Agent Member to pay to such Broker-Dealer (or its Agent Member) through the Securities Depository the amount necessary to purchase the principal amount of such ARS Certificates to be purchased pursuant to such Bid (including, with respect to such ARS Certificates in a daily Auction Period, accrued interest if the purchase date is not an Interest Payment Date for such ARS Certificate) against receipt of such ARS Certificates; and (iii) instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted or a Bid that was rejected, in whole or in part, to instruct such Existing Owner's Agent Member to deliver to such Broker-Dealer (or its Agent Member) through the Securities Depository the principal amount of such ARS Certificates to be sold pursuant to such Bid or Sell Order against payment therefor.

#### **Section 2.06. ARS Index.**

(a) For ARS Certificates in an Auction Period of thirty-five (35) days or less, the ARS Index is LIBOR. For ARS Certificate in an Auction Period of more than thirty-five (35) days, the ARS Index is equal to the yield on the United States Treasury security on the date the Auction Period began which has a maturity which most closely matches the last day of the Auction Period.

(b) If for any reason on any Auction Date the ARS Index shall not be determined as hereinabove provided, the ARS Index shall be the ARS Index for the Auction Period ending on such Auction Date.

(c) The determination of the ARS Index as provided herein shall be conclusive and binding upon the Authority, the Trustee, the Broker-Dealers, the Auction Agent and the Owners of the ARS Certificates.

#### **Section 2.07. Miscellaneous Provisions Regarding Auctions.**

(a) In this Appendix, each reference to the purchase, sale or holding of "ARS Certificates" shall refer to beneficial interests in such ARS Certificates, unless the context clearly requires otherwise.

(b) During an ARS Rate Period with respect to the ARS Certificates, the provisions of the Trust Agreement and the definitions contained therein and described in this Appendix, including without limitation the definitions of Maximum Interest Rate, All Hold Rate, ARS Index, Interest Payment Date, and the ARS Rate, may be amended pursuant to the Trust Agreement, subject to the prior written consent of the 2006 Certificate Insurer, by obtaining the consent of the Owners of all of the ARS Certificates then outstanding as follows.

If on the first Auction Date occurring at least twenty (20) days after the date on which notice of such proposed amendment was given by the Trustee to the Owners of the ARS Certificates Outstanding, such notice to be given by mail to each Owner at its address as it appears on the registration books of the Trustee, (i) the ARS Rate which is determined on such date is the Winning Bid Rate and (ii) there is delivered to the Trustee a Favorable Opinion of Special Counsel the proposed amendment shall be deemed to have been consented to by the Owners of all of the ARS Certificates outstanding bearing interest at an ARS Rate.

(c) If the Securities Depository notifies the Authority that it is unwilling or unable to continue as registered owner of the ARS Certificates or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor to the Securities Depository is not appointed by the Authority within ninety (90) days after the Authority receives notice or becomes aware of such condition, as the case may be, the Authority shall execute and the Trustee shall authenticate and deliver certificates representing the ARS Certificates. Such ARS Certificates shall be registered in such names and Authorized Denominations as the Securities Depository, pursuant to instructions from the Agent Members or otherwise, shall instruct the Authority and the Trustee.

(d) During an ARS Period, so long as the ownership of ARS Certificates is maintained in book-entry form by the Securities Depository, an Existing Owner or a beneficial owner may sell, transfer or otherwise dispose of an ARS Certificate only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or to or through a Broker-Dealer, provided that (i) in the case of all transfers other than pursuant to Auctions, such Existing Owner or its Broker-Dealer or its

Agent Member advises the Auction Agent of such transfer and (ii) a sale, transfer or other disposition of ARS Certificates from a customer of a Broker- Dealer who is listed on the records of that Broker-Dealer as the Owner of such ARS Certificates to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph if such Broker-Dealer remains the Existing Owner of the ARS Certificates so sold, transferred or disposed of immediately after such sale, transfer or disposition.

**Section 2.08. Changes in Auction Period or Auction Date.**

(a) Changes in Auction Period. (i) During any ARS Rate Period, the Authority may, from time to time on any Interest Payment Date, change the length of the current Auction Period with respect to all of ARS Certificates among daily, seven-days, 28-days, 35-days, three months, six months and a Special Auction Period in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by the ARS Certificates; provided, however, in the case of a change from a Special Auction Period, the date of such change shall be the Interest Payment Date immediately following the last day of such Special Auction Period. The Authority shall initiate the change in the length of the Auction Period by giving written notice to the Trustee, the 2006 Certificates Insurer, the applicable Auction Agent, the applicable Broker-Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, such notice to be provided at least ten (10) Business Days prior to the Auction Date for such Auction Period. Any change in the length of an Auction Period to an Auction Period longer than 35 days shall be subject to the prior written consent of the 2006 Certificate Insurer.

(ii) Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Special Auction Period and shall apply to all ARS Certificates.

(iii) The change in the length of the Auction Period for any ARS Certificates shall not be allowed unless Sufficient Clearing Bids existed at the Auction immediately preceding the proposed change.

(iv) The change in length of the Auction Period for the ARS Certificates subject to change shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for such first Auction Period. For purposes of the Auction for such first Auction Period of the new length only, each Existing Owner of an ARS Certificate subject to change shall be deemed to have submitted Sell Orders with respect to all such ARS Certificates owned by it except to the extent such Existing Owner submits an Order with respect to such ARS Certificates. If the condition referred to above is not met, the Auction Rate for the next Auction Period shall be the Maximum Interest Rate, and the Auction Period shall be a seven-day Auction Period.

(v) On the date selected for a change in the length of the Auction Period for the ARS Certificates, any ARS Certificates that are not the subject of a specific Hold Order or Bid shall be deemed to be subject to a Sell Order.

(b) Changes in Auction Date. During any ARS Rate Period, the Auction Agent, with the written consent of the Authority, may specify an earlier Auction Date for the ARS Certificates (but in no event shall such date be more than five (5) Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to

conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne on the ARS Certificates. The Auction Agent shall provide notice of its determination to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least five (5) Business Days prior to the Auction Date preceding the proposed changed Auction Date to the Trustee, the Authority, the Broker-Dealers and the Securities Depository. In the event the Auction Agent specifies an earlier Auction Date, the days of the week on which an Auction Period begins and ends, the day of the week on which a Special Auction Period ends and the Interest Payment Date relating to a Special Auction Period shall be adjusted accordingly.

### ARTICLE III

#### AUCTION AGENT

##### **Section 3.01. Auction Agent.**

(a) The Auction Agent for the ARS Certificates shall be appointed by the Trustee, at the written direction of the Authority, and shall perform the functions specified herein. The Auction Agent shall designate its Principal Office and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument, delivered to the Authority, the Trustee and each Broker-Dealer, which written instrument may be in the form of an Auction Agreement. Notwithstanding that the Auction Agent may be the agent of the Trustee, the Trustee shall not be liable in any way for any action taken, suffered or omitted, or for any error of judgment made by the Auction Agent, whether in the performance of its duties under the Auction Agreement or otherwise.

(b) Subject to any applicable governmental restrictions, the Auction Agent may be or become the owner of or trade in ARS Certificates with the same rights as if such entity were not the Auction Agent.

**Section 3.02. Qualifications of Auction Agent; Resignation; Removal.** The Auction Agent shall be (a) a bank or trust company organized under the laws of the United States or any state or territory thereof having a combined capital stock, surplus and undivided profits of at least \$50,000,000, or (b) a member of NASD having a capitalization of at least \$50,000,000 and, in either case, authorized by law to perform all the duties imposed upon it by the Trust Agreement and a member of, or a participant in, the Securities Depository. The Auction Agent may at any time resign and be discharged of the duties and obligations created by the Trust Agreement by giving at least ninety (90) days notice to the Authority, the Trustee, the Insurer and the Broker-Dealers. The Auction Agent may be removed at any time by written notice, delivered by the Trustee, upon the written direction of the Authority, to the Auction Agent and the 2006 Certificate Insurer. Upon any such resignation or removal, the Trustee, upon the written direction of the Authority, shall appoint a successor Auction Agent approved by the 2006 Certificate Insurer meeting the requirements of this section. In the event of the resignation or removal of the Auction Agent, the Auction Agent shall pay over, assign and deliver any moneys and any ARS Certificates held by it in such capacity to its successor. The Auction Agent shall continue to perform its duties hereunder until its successor has been appointed by the Trustee. In the event that the Auction Agent has not been compensated for its services, the Auction Agent may terminate the Auction Agreement by giving at least forty-five (45) days notice to the Authority, the Trustee, the Insurer and the Broker-Dealers, and if it has not

received such compensation by the expiration of such forty-five (45) days, the Auction Agent may resign even if a successor Auction Agent has not been appointed.

APPENDIX D

PROPOSED FORM OF OPINION OF SPECIAL COUNSEL

[Closing Date]

City Council  
City of Modesto  
Modesto, California

\$ \_\_\_\_\_  
Water Revenue Certificates of Participation  
2006 Series A  
Evidencing and Representing Proportionate Interests  
of the Owners Thereof in 2006 Payments to be made by the  
CITY OF MODESTO  
to the  
Modesto Public Financing Authority

Ladies and Gentlemen:

We have acted as special counsel to the City of Modesto (the "City") in connection with the execution and delivery of \$ \_\_\_\_\_ principal amount of Water Revenue Certificates of Participation, 2006 Series A (the "Certificates"), evidencing and representing proportionate interests of the owners thereof in 2006 Payments (as that term is defined in the Trust Agreement referred to below) to be made by the City under and pursuant to that certain Master Installment Purchase Contract, dated as of November 1, 1997 (the "Master Installment Purchase Contract"), by and between the City and the Modesto Public Financing Authority (the "Authority"), as previously supplemented and as amended and supplemented by that certain 2006 Supplemental Installment Purchase Contract, dated as of November 1, 2006 (the "2006 Supplemental Installment Purchase Contract"), by and between the City and the Authority. The Master Installment Purchase Contract, as previously supplemented and as amended and supplemented by the 2006 Supplemental Installment Purchase Contract, is referred to herein as the "Installment Purchase Contract." All of the Authority's rights to receive such 2006 Payments have been assigned by the Authority to \_\_\_\_\_, as trustee (the "Trustee"), pursuant to that certain Trust Agreement, dated as of November 1, 2006 (the "Trust Agreement"), by and between the Authority and the Trustee. The Certificates have been executed by the Trustee pursuant to the terms of the Trust Agreement.

In our capacity as special counsel, we have reviewed relevant laws of the State of California, including the City Charter; executed copies of the Installment Purchase Contract and the Trust Agreement; certifications and resolutions of the City, the Authority, the Trustee, and others; opinions of counsel to the City, the Authority and the Trustee; and such other documents, opinions and instruments as we deemed necessary to render the opinions set forth herein. Our services as special counsel were limited to such examination and to rendering the opinions set forth below. We have assumed the genuineness of all documents and signatures presented to us. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted or certified in the documents. Furthermore, we have assumed compliance with all covenants and agreements contained in the Installment Purchase Contract and the Trust Agreement,

including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest represented by the Certificates to be included in gross income for federal income tax purposes.

Certain requirements and procedures contained or referred to in the Installment Purchase Contract and the Trust Agreement or other relevant documents relating to the Certificates may be changed, and certain actions may be taken (including, without limitation, defeasance of the Certificates), under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of municipal bonds. We express no opinion as to the exclusion of the interest represented by the Certificates from gross income for federal income tax purposes on and after the date on which any such change occurs or action is taken upon the advice or approval of counsel other than this firm.

With respect to the opinions expressed herein, the enforceability of the Installment Purchase Contract is subject to the limitations on the imposition of certain fees and charges by the City relating to the Water Utility System under Articles XIII C and XIII D of the California Constitution. In addition, the rights and obligations under the Certificates, the Installment Purchase Contract and the Trust Agreement are subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against cities in the State of California. Furthermore, we express no opinion with respect to any indemnification, contribution, penalty, choice of forum or waiver provisions contained in the foregoing documents.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Master Installment Purchase Contract, the 2006 Supplemental Installment Purchase Contract and the Trust Agreement have been duly authorized, executed and delivered by the Authority; the Master Installment Purchase Contract and the 2006 Supplemental Installment Purchase Contract have been duly authorized, executed and delivered by the City; and, assuming (in the case of the Trust Agreement) due authorization, execution and delivery by the Trustee, such agreements are valid and binding obligations of the Authority and the City (as the case may be), enforceable against the Authority and the City (as the case may be) in accordance with their respective terms.

2. The Certificates, assuming due execution and delivery by the Trustee, are entitled to the benefits of the Trust Agreement.

3. The obligation of the City to make the 2006 Payments under the Installment Purchase Contract is a special obligation of the City payable solely from Gross Revenues (as such term is defined in the Installment Purchase Agreement). The general fund of the City is not liable, and neither the credit nor taxing power of the City is pledged, for the payment of the 2006 Payments under the Installment Purchase Contract.

4. Based on existing statutes, regulations, rulings and judicial decisions and assuming compliance by the City and the Authority with certain covenants in the Trust Agreement and the Installment Purchase Contract and with requirements of the Internal Revenue Code of 1986, as

amended (the "Code"), regarding the use, expenditure and investment of Certificate proceeds and the compliance with certain requirements regarding the rebate of certain investment earnings to the United States Treasury, interest represented by the Certificates is not includable in the gross income of the owners of the Certificates for purposes of federal income taxation. Failure by the Authority or the City to comply with the above covenants and requirements may cause interest represented by the Certificates to be included in gross income retroactive to the date of execution and delivery of the Certificates.

Interest represented by the Certificates will not be treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals or corporations; however, interest represented by the Certificates will be included as an adjustment in the calculation of the alternative minimum taxable income of corporations and may therefore affect the federal alternative minimum tax liability of corporations. We express no opinion regarding other tax consequences caused by ownership of, or the receipt of interest represented by, the Certificates.

5. Interest represented by the Certificates is exempt from present State of California personal income taxes.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

This opinion is limited to the laws of the State of California and the federal laws of the United States. The opinions in this letter are expressed solely as of the date hereof for your benefit and may not be relied upon in any manner for any purposes by any other person.

Respectfully submitted,

## APPENDIX E

### FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the "Disclosure Agreement") is executed and delivered by the City of Modesto (the "City") and The Bank of New York Trust Company, N.A., as dissemination agent (the "Dissemination Agent") in connection with the execution and delivery of the City of Modesto Water Revenue Certificates of Participation Series 2006 A (the "2006 Certificates") evidencing and representing proportionate interests of the owners thereof in certain installment payments to be made by the City. The 2006 Certificates are being executed and delivered pursuant to a 2006 Trust Agreement, dated as of November 1, 2006 (the "2006 Trust Agreement"), by and between the Modesto Public Financing Authority (the "Authority") and The Bank of New York Trust Company, N.A., as trustee thereunder (the "Trustee").

The City and the Dissemination Agent covenant and agree as follows:

**SECTION 1. Purpose of this Disclosure Agreement.** This Disclosure Agreement is being executed and delivered by the City and the Dissemination Agent for the benefit of the Owners and Beneficial Owners of the 2006 Certificates and in order to assist the Participating Underwriter in complying with the Rule.

**SECTION 2. Definitions.** In addition to the definitions set forth in the 2006 Trust Agreement, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Agreement.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any 2006 Certificate (including a person holding a 2006 Certificate through a nominee, depository or other intermediary), or (b) is treated as the owner of any 2006 Certificate for federal income tax purposes.

"Broker-Dealer" shall mean any entity which is permitted by law to perform the functions required of a broker-dealer as described in Appendix C to the Official Statement, which is a member of, or a direct participant in, the Depository Trust Company, which has been selected to serve as a broker-dealer with respect to the 2006 Certificates and which is a party to a Broker-Dealer Agreement with a Auction Agent for the 2006 Certificates.

"Central Post Office" shall mean the Disclosure USA website maintained by the Municipal Advisory Council of Texas, or any successor thereto, or any other organization or method approved by the staff or members of the Securities and Exchange Commission as an intermediary through which issuers may, in compliance with the Rule, make filings required by this Disclosure Agreement.

"Disclosure Representative" shall mean the City Manager or Finance Director of the City, or their designee, or such other officer or employee as the City shall designate in writing to the Trustee and the Dissemination Agent from time to time.

“Dissemination Agent” shall mean The Bank of New York Trust Company, N.A., acting in the capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by the City and which has filed with the Trustee a written acceptance of such designation.

“Fiscal Year” shall mean the one-year period ending on June 30 of each year, or such other one-year period as shall be designated as the City’s fiscal year from time to time.

“Installment Purchase Contract” shall mean that certain Master Installment Purchase Contract, dated as of November 1, 1997, by and between the City and the Authority, as supplemented by that certain 2006 Supplemental Installment Purchase Contract, dated as of November 1, 2006, by and between the City and the Authority.

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Agreement.

“National Repository” shall mean any Nationally Recognized Municipal Securities Information Repository for purposes of the Rule. The Nationally Recognized Municipal Securities Information Repositories for purposes of the Rule are identified in the Securities and Exchange Commission website located at [www.sec.gov/consumer/nrmsir.htm](http://www.sec.gov/consumer/nrmsir.htm).

“Official Statement” means the Official Statement, dated \_\_\_\_\_, 2006, related to the 2006 Certificates.

“Owner” means a registered owner of the 2006 Certificates.

“Participating Underwriter” shall mean any of the original underwriters of the 2006 Certificates required to comply with the Rule in connection with offering of the 2006 Certificates.

“Repository” shall mean each National Repository and each State Repository.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of California.

“State Repository” shall mean any public or private repository or entity designated by the State as a state repository for the purpose of the Rule and recognized as such by the Securities and Exchange Commission. As of the date of this Disclosure Agreement, there is no State Repository.

### SECTION 3. Provision of Annual Reports.

(a) Not later than 270 days after the end of City’s Fiscal Year (commencing with the Fiscal Year ended June 30, 2006) the City shall, or shall cause the Dissemination Agent to, provide to each Repository each Participating Underwriter and each Broker-Dealer an Annual Report relating to such Fiscal Year which is consistent with the requirements of Section 4 of this Disclosure Agreement. The Annual Report may be submitted as a single document or as separate documents comprising a package and may include by reference other information as provided in Section 4 of this Disclosure Agreement; provided that the audited financial statements of the City may be submitted separately from the balance of the Annual Report and later than the date required above for

the filing of the Annual Report if not available by that date. If the City's Fiscal Year changes, the City shall give notice of such change in the same manner as for a Listed Event under Section 5(f).

(b) Not later than fifteen (15) Business Days prior to the date specified in subsection (a) for providing the Annual Report to Repositories, the City shall provide the Annual Report to the Dissemination Agent (if other than the City) and the Trustee. The City shall provide a written certification in the form of Exhibit A hereto with each Annual Report furnished to the Dissemination Agent and the Trustee to the effect that such Annual Report constitutes the Annual Report required to be furnished by it hereunder. The Dissemination Agent and Trustee may conclusively rely upon such certification of the City and shall have no duty or obligation to review such Annual Report.

(c) The Dissemination Agent shall:

1. determine each year prior to the date for providing the Annual Report the name and address of each Repository;
2. provide any Annual Report received by it from the City to each Repository;
3. file a report with the City and (if the Dissemination Agent is not the Trustee) the Trustee certifying that the Annual Report has been provided pursuant to this Disclosure Agreement, stating the date it was provided and listing all the Repositories to which it was provided; and
4. if the Dissemination Agent is unable to verify that an Annual Report has been provided to the Repositories by the date required in subsection (a), the Dissemination Agent shall send a notice to each Repository in substantially the form attached as Exhibit B.

(d) Notwithstanding any other provision of this Disclosure Agreement, the City and the Dissemination Agent may make any of the filings of reports required to be filed with Repositories pursuant to this Disclosure Agreement through the Central Post Office.

SECTION 4. Content of Annual Reports. The Annual Report shall contain or incorporate by reference the City's audited financial statements for the most recent fiscal year of the City and the following:

1. Principal amount of the 2006 Certificates outstanding as of the end of the Fiscal Year to which the Annual Report pertains.
2. Balance in the Parity Reserve Fund and a statement of the Reserve Fund Requirement (as those terms are defined in the Master Contract) as of the end of the Fiscal Year to which the Annual Report pertains.
3. Balance in the Rate Stabilization Fund as of the end of the Fiscal Year to which the Annual Report pertains.
4. Updated information similar to that contained in the tables entitled "WATER UTILITY SYSTEM — Sale of Water" and "WATER UTILITY SYSTEM — Ten Largest Customers," appearing under the caption "WATER UTILITY SYSTEM — Service Area and Customers" of the Official Statement.

5. The City's then current rates and charges for water service.

6. Updated information similar to that contained in the table entitled "WATER UTILITY SYSTEM — Historical Debt Service Coverage" appearing under the caption "WATER UTILITY SYSTEM — Historical Operating Results" of the Official Statement.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the Authority or the City or related public entities, which have been submitted to each of the Repositories; provided, that if any document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board; and provided further, that the City shall clearly identify each such document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the 2006 Certificates, if material:

1. principal and interest payment delinquencies,
2. non-payment related defaults,
3. modifications to rights of Beneficial Owners,
4. optional, contingent or unscheduled prepayments of 2006 Certificates,
5. defeasances,
6. rating changes,
7. adverse tax opinions or events affecting the tax-exempt status of the 2006 Certificates,
8. unscheduled draws on the debt service reserves reflecting financial difficulties,
9. unscheduled draws on the credit enhancements reflecting financial difficulties,
10. substitution of the credit or liquidity providers or their failure to perform, and
11. release, substitution or sale of property securing repayment of the 2006 Certificates.

(b) The City shall, within one (1) business day of obtaining actual knowledge of the occurrence of any of the Listed Events contact the Dissemination Agent, inform such the Dissemination Agent of the event and promptly direct the Dissemination Agent in writing whether or not to report the event pursuant to subsection (f).

(c) Whenever the City obtains knowledge of the occurrence of one of the foregoing events, it shall as soon as possible, determine if such event would be material under applicable federal securities laws.

(d) If the City determines that such event would be material under applicable federal securities laws, the City shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to subsection (f).

(e) If in response to a request under subsection (b), the City determines that the listed event would not be material under applicable federal securities laws, the City shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (f).

(f) If the Dissemination Agent has been instructed by the City to report the occurrence of a listed event, the Dissemination Agent shall file a notice of such occurrence with the Repositories (and may do so through the Central Post Office) with a copy to the City and to each Participating Underwriter and each Broker-Dealer. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(4) and (5) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Owners of affected Certificates pursuant to the 2006 Trust Agreement.

**SECTION 6. Termination of Obligation.** The obligation of the City under this Disclosure Agreement shall terminate upon the legal defeasance, prior prepayment or payment in full of all of the 2006 Certificates. If such termination occurs prior to the final maturity of the 2006 Certificates, the City shall give notice of such termination in the same manner as for a Listed Event under Section 5.

**SECTION 7. Dissemination Agent.** The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the City pursuant to this Disclosure Agreement. If at any time there is not any other designated Dissemination Agent, the Trustee shall be the Dissemination Agent. The Dissemination Agent shall be entitled to compensation for its services as Dissemination Agent and reimbursement for its out-of-pocket expenses, attorney's fees, costs and advances made or incurred in the performance of its duties under this Disclosure Agreement in accordance with its written fee schedule provided to the City, as such fee schedule may be amended from time to time in writing.

**SECTION 8. Amendment; Waiver.** Notwithstanding any other provision of this Disclosure Agreement, the City and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall agree to any amendment so requested by the City that does not adversely affect the Dissemination Agent's rights and obligations) and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

1. If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the 2006 Certificates or the type of business conducted thereby;

2. The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the execution and delivery of the 2006 Certificates, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

3. The amendment or waiver either (i) is approved by the Owners of the 2006 Certificates in the same manner as provided in the 2006 Trust Agreement for amendments to the 2006 Trust Agreement with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the 2006 Certificates.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the City shall not have any obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the City or the Dissemination Agent to comply with any provision of this Disclosure Agreement, the Dissemination Agent may (and, at the request of any Participating Underwriter or the Owners of at least 25% aggregate principal amount of Outstanding Certificates, shall (to the extent indemnified to its satisfaction)), or any Owner or Beneficial Owner of the 2006 Certificates may, take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City or the Dissemination Agent, as the case may be, to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the 2006 Trust Agreement or the Installment Purchase Contract, and the sole remedy under this Disclosure Agreement in the event of any failure of the City or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

In accepting the appointment under this Disclosure Agreement, the Dissemination Agent is not acting in a fiduciary capacity to the Owners or Beneficial Owners of the 2006 Certificates, the City, the Participating Underwriter or any other party or person.

No provision of this Disclosure Agreement shall require the Dissemination Agent to risk or advance or expend its own funds or incur any financial liability.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and the City agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall have the right to resign from its duties as Dissemination Agent upon thirty (30) days notice to the City and the Trustee. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the 2006 Certificates.

SECTION 12. Notices. Any notices or communications to or among any of the parties to this Disclosure Agreement may be given as follows:

To the City: City of Modesto  
1010 Tenth Street, Suite 5200  
Modesto, California 95353  
Attention: Finance Director  
Fax: (209) 571-5880  
Telephone: (209) 577-5370

To the Dissemination Agent: The Bank of New York Trust Company  
555 Kearney Street, Suite 600  
San Francisco, California 94108  
Attention: Corporate Trust  
Fax: (415) 399-1647  
Telephone: (415) 263-2000

Any person may, by written notice to the other persons listed above, designate a different address or telephone number(s) to which subsequent notices or communications should be sent.

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriter and Holders and Beneficial Owners from time to time of the 2006 Certificates; and it shall create no rights in any other person or entity.

SECTION 14. Signature. This Disclosure Agreement has been executed by the undersigned on the date hereof, and such signature binds the City and the Dissemination Agent to the undertaking herein provided.

## APPENDIX F

### INFORMATION CONCERNING DTC

*The information in this Appendix concerning DTC and DTC's book entry only system has been obtained from sources that the Authority and the City believe to be reliable, but neither the Authority nor the City takes any responsibility for the completeness or accuracy thereof. The following description of the procedures and recordkeeping with respect to beneficial ownership in the 2006 Certificates, payment of principal, premium, if any, and interest with respect to the 2006 Certificates to all DTC Participants or to Beneficial Owners, confirmation and transfers of Beneficial Ownership interests in the 2006 Certificates and other related transactions by and between DTC, DTC Participants and Beneficial Owners is based solely on information provided by DTC.*

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the 2006 Certificates. The 2006 Certificates will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the 2006 Certificates, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of 2006 Certificates under the DTC system must be made by or through Direct Participants, which will receive credit for the 2006 Certificates on DTC's records. The ownership interest of each actual purchaser of each 2006 Certificate (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2006 Certificates are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Certificates, except in the event that use of the book-entry system for the 2006 Certificates is discontinued.

To facilitate subsequent transfers, all 2006 Certificates deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC. The deposit of 2006 Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2006 Certificates; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2006 Certificates are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2006 Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2006 Certificates, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of 2006 Certificates may wish to ascertain that the nominee holding the 2006 Certificates for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Prepayment notices shall be sent to DTC. If less than all of the 2006 Certificates within a maturity are being prepaid, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be prepaid.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to 2006 Certificates unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2006 Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Prepayment proceeds, principal and interest payments on the 2006 Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of prepayment proceeds, principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the 2006 Certificates at any time by giving reasonable notice to the City or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, 2006 Certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, 2006 Certificates will be printed and delivered.

APPENDIX G

SPECIMEN CERTIFICATE INSURANCE POLICY

FINANCIAL GUARANTY INSURANCE POLICY

MBIA Insurance Corporation

Armonk, New York 10504

Policy No. [NUMBER]

MBIA Insurance Corporation (the "Insurer"), in consideration of the payment of the premium and subject to the terms of this policy, hereby unconditionally and irrevocably guarantees to any owner, as hereinafter defined, of the following described obligations, the full and complete payment required to be made by or on behalf of the Issuer to [PAYING AGENT/TRUSTEE] or its successor (the "Paying Agent") of an amount equal to (i) the principal of (either at the stated maturity or by any advancement of maturity pursuant to a mandatory sinking fund payment) and interest on, the Obligations (as that term is defined below) as such payments shall become due but shall not be so paid (except that in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments guaranteed hereby shall be made in such amounts and at such times as such payments of principal would have been due had there not been any such acceleration, unless the Insurer elects in its sole discretion, to pay in whole or in part any principal due by reason of such acceleration); and (ii) the reimbursement of a such payment which is subsequently recovered from any owner pursuant to a final judgment by a court of competent jurisdiction that such payment constitutes an avoidable preference to such owner within the meaning of any applicable bankruptcy law. The amounts referred to in clauses (i) and (ii) of the preceding sentence shall be referred to herein collectively as the "Insured Amounts." "Obligations" shall mean:

[PAR]

[LEGAL NAME OF ISSUE]

Upon receipt of telephonic or telegraphic notice, such notice subsequently confirmed in writing by registered or certified mail, or upon receipt of written notice by registered or certified mail, by the Insurer from the Paying Agent or any owner of an Obligation the payment of an Insured Amount for which is then due, that such required payment has not been made, the Insurer on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with U.S. Bank Trust National Association, in New York, New York, or its successor, sufficient for the payment of any such Insured Amounts which are then due. Upon presentment and surrender of such Obligations or presentment of such other proof of ownership of the Obligations, together with any appropriate instruments of assignment to evidence the assignment of the Insured Amounts due on the Obligations as are paid by the Insurer, and appropriate instruments to effect the appointment of the Insurer as agent for such owners of the Obligations in any legal proceeding related to payment of Insured Amounts on the Obligations, such instruments being in a form satisfactory to U.S. Bank Trust National Association, U.S. Bank Trust National Association shall disburse to such owners, or the Paying Agent payment of the Insured Amounts due on such Obligations, less any amount held by the Paying Agent for the payment of such Insured Amounts and legally available therefor. This policy does not insure against loss of any prepayment premium which may at any time be payable with respect to any Obligation.

As used herein, the term "owner" shall mean the registered owner of any Obligation as indicated in the books maintained by the Paying Agent, the Issuer, or any designee of the Issuer for such purpose. The term owner shall not include the Issuer or any party whose agreement with the Issuer constitutes the underlying security for the Obligations.

Any service of process on the Insurer may be made to the Insurer at its offices located at 113 King Street, Armonk, New York 10504 and such service of process shall be valid and binding.

This policy is non-cancellable for any reason. The premium on this policy is not refundable for any reason including the payment prior to maturity of the Obligations.

In the event the Insurer were to become insolvent, any claims arising under a policy of financial guaranty insurance are excluded from coverage by the California Insurance Guaranty Association, established pursuant to Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1 of the California Insurance Code.

IN WITNESS WHEREOF, the Insurer has caused this policy to be executed in facsimile on its behalf by its duly authorized officers, this [DAY] day of [MONTH, YEAR].

## APPENDIX H

### CERTAIN INFORMATION REGARDING THE CITY OF MODESTO

The following information with respect to the City is presented for information purposes only. The 2006 Certificates do not constitute an indebtedness of the City within the meaning of any constitutional, statutory or charter limitations and the City is not obligated to levy any ad valorem taxes therefor or to use any other funds of the City to pay the 2006 Payments or the interest thereon (other than Gross Revenues of the Water Utility System).

#### General Description

The City, which is the county seat of Stanislaus County, was incorporated in 1884. It covers approximately 36 square miles. The City operates under a council-manager form of government pursuant to a charter adopted in 1963. The City is located in central California approximately 93 miles east of the City and County of San Francisco.

The City Council (the "Council") appoints the City Clerk and Auditor, the City Attorney, and the City Manager. The City Manager heads the executive branch of government, implements Council directives and policies, and manages the administrative and operational functions through the various department heads who are appointed by the City Manager.

The City provides the full range of services normally associated with a municipality, including public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services. The City also provides parking and airport facilities and water, sewer and bus service. The school districts in the City are separate governmental entities which receive no funding from the City.

#### Population

The following table represents historical population statistics for the City, the County and the State.

#### CITY OF MODESTO Population Estimates<sup>(1)</sup>

<i>Calendar Year</i>	<i>City of Modesto</i>	<i>Stanislaus County</i>	<i>State of California</i>
2006	208,107	514,370	37,172,015
2005	207,987	510,858	36,728,196
2004	207,543	490,127	36,144,000
2003	204,185	479,000	35,612,000
2002	199,623	479,193	35,049,000
2001	193,691	466,442	34,431,000

## Effective Buying Income

“Effective Buying Income” is defined as money income less personal tax and non-tax payments, a number often referred to as “disposable” or “after-tax” income. Money income is the aggregate of wages and salaries, net farm and non-farm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling and other periodic income. Deducted from this total money income are personal income taxes (federal,

state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied non-business real estate.

The following table summarizes the total effective buying income for the County and the State for the period from 2000 through 2004.

**CITY OF MODESTO, STANISLAUS COUNTY AND THE STATE OF CALIFORNIA  
Total Effective Buying Income and Median Household Effective Buying Income  
2000 through 2004**

<i>Year</i>	<i>Area</i>	<i>Total Effective Buying Income (000's Omitted)</i>	<i>Median Household Effective Buying Income</i>

### Construction Trends

“Single Family Housing,” includes detached, semi-detached, rowhouse and townhouse units. Rowhouses and townhouses are included when each unit is separated from the adjacent unit by an unbroken ground-to-roof party or fire wall. Condominiums are included in single-family when they are of zero-lot-line or zero-property-line construction; when units are separated by an air space; or, when units are separated by an unbroken ground-to-roof party or fire wall. “Multi-Family Housing,” includes duplexes, 3-4-unit structures and apartment-type structures with five units or more. Multi-family housing also includes condominium units in structures of more than one living unit that do not meet the above single-family housing definition. “Residential Alterations and Additions,” means alterations, additions, and conversions to residential structures, excluding special installation permits for electrical, plumbing, heating, air-conditioning, or similar mechanical work, or installation of fire escapes, elevators, signs, etc.

“New Commercial,” includes new hotels and motels, office and bank buildings, stores and other mercantile buildings, parking garages, service stations, and amusement and recreational buildings. “New Industrial,” includes manufacturing plants and affiliated buildings. “Other New Nonresidential,” includes churches and religious buildings, hospitals and institutional buildings, schools and educational buildings, residential garages, public works and utilities buildings, and miscellaneous nonresidential structures. “Nonresidential Alterations and Additions,” means alterations, additions, and conversions to nonresidential structures, excluding special installation permits for electrical, plumbing, heating, air-conditioning, or similar mechanical work, or installation of fire escapes, elevators and signs, etc.

Provided below are the building permits and valuations for the City of Modesto for calendar years 2001 through 2005.

## APPENDIX E

### FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the "Disclosure Agreement") is executed and delivered by the City of Modesto (the "City") and The Bank of New York Trust Company, N.A., as dissemination agent (the "Dissemination Agent") in connection with the execution and delivery of the City of Modesto Water Revenue Certificates of Participation Series 2006 A (the "2006 Certificates") evidencing and representing proportionate interests of the owners thereof in certain installment payments to be made by the City. The 2006 Certificates are being executed and delivered pursuant to a 2006 Trust Agreement, dated as of November 1, 2006 (the "2006 Trust Agreement"), by and between the Modesto Public Financing Authority (the "Authority") and The Bank of New York Trust Company, N.A., as trustee thereunder (the "Trustee").

The City and the Dissemination Agent covenant and agree as follows:

**SECTION 1. Purpose of this Disclosure Agreement.** This Disclosure Agreement is being executed and delivered by the City and the Dissemination Agent for the benefit of the Owners and Beneficial Owners of the 2006 Certificates and in order to assist the Participating Underwriter in complying with the Rule.

**SECTION 2. Definitions.** In addition to the definitions set forth in the 2006 Trust Agreement, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Agreement.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any 2006 Certificate (including a person holding a 2006 Certificate through a nominee, depository or other intermediary), or (b) is treated as the owner of any 2006 Certificate for federal income tax purposes.

"Broker-Dealer" shall mean any entity which is permitted by law to perform the functions required of a broker-dealer as described in Appendix C to the Official Statement, which is a member of, or a direct participant in, the Depository Trust Company, which has been selected to serve as a broker-dealer with respect to the 2006 Certificates and which is a party to a Broker-Dealer Agreement with a Auction Agent for the 2006 Certificates.

"Central Post Office" shall mean the Disclosure USA website maintained by the Municipal Advisory Council of Texas, or any successor thereto, or any other organization or method approved by the staff or members of the Securities and Exchange Commission as an intermediary through which issuers may, in compliance with the rule, make filings required by this Disclosure Agreement.

“Disclosure Representative” shall mean the City Manager or Finance Director of the City, or their designee, or such other officer or employee as the City shall designate in writing to the Trustee and the Dissemination Agent from time to time.

“Dissemination Agent” shall mean The Bank of New York Trust Company, N.A., acting in the capacity as Dissemination Agent hereunder, or any successor Dissemination Agent designated in writing by the City and which has filed with the Trustee a written acceptance of such designation.

“Fiscal Year” shall mean the one-year period ending on June 30 of each year, or such other one-year period as shall be designated as the City’s fiscal year from time to time.

“Installment Purchase Contract” shall mean that certain Master Installment Purchase Contract, dated as of November 1, 1997, by and between the City and the Authority, as supplemented by that certain 2006 Supplemental Installment Purchase Contract, dated as of \_\_\_\_\_ 1, 2006, by and between the City and the Authority.

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

“National Repository” shall mean any Nationally Recognized Municipal Securities Information Repository for purposes of the Rule. The Nationally Recognized Municipal Securities Information Repositories for purposes of the Rule are identified in the Securities and Exchange Commission website located at [www.sec.gov/consumer/nrmsir.htm](http://www.sec.gov/consumer/nrmsir.htm).

“Official Statement” means the Official Statement, dated \_\_\_\_\_, 2006, related to the 2006 Certificates.

“Owner” means a registered owner of the 2006 Certificates.

“Participating Underwriter” shall mean any of the original underwriters of the 2006 Certificates required to comply with the Rule in connection with offering of the 2006 Certificates.

“Repository” shall mean each National Repository and each State Repository.

“Rule” shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of California.

“State Repository” shall mean any public or private repository or entity designated by the State as a state repository for the purpose of the Rule and recognized as such by the Securities and Exchange Commission. As of the date of this Disclosure Agreement, there is no State Repository.

### SECTION 3. Provision of Annual Reports.

(a) Not later than 270 days after the end of City's Fiscal Year (commencing with the Fiscal Year ended June 30, 2006) the City shall, or shall cause the Dissemination Agent to, provide to each Repository each Participating Underwriter and each Broker-Dealer an Annual Report relating to such Fiscal Year which is consistent with the requirements of Section 4 of this Disclosure Agreement. The Annual Report may be submitted as a single document or as separate documents comprising a package and may include by reference other information as provided in Section 4 of this Disclosure Agreement; provided that the audited financial statements of the City may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if not available by that date. If the City's fiscal year changes, the City shall give notice of such change in the same manner as for a Listed Event under Section 5(f).

(b) Not later than fifteen (15) Business Days prior to the date specified in subsection (a) for providing the Annual Report to Repositories, the City shall provide the Annual Report to the Dissemination Agent (if other than the City) and the Trustee. The City shall provide a written certification in the form of Exhibit A hereto with each Annual Report furnished to the Dissemination Agent and the Trustee to the effect that such Annual Report constitutes the Annual Report required to be furnished by it hereunder. The Dissemination Agent and Trustee may conclusively rely upon such certification of the City and shall have no duty or obligation to review such Annual Report.

(c) The Dissemination Agent shall:

1. determine each year prior to the date for providing the Annual Report the name and address of each Repository;
2. provide any Annual Report received by it from the City to each Repository;
3. file a report with the City and (if the Dissemination Agent is not the Trustee) the Trustee certifying that the Annual Report has been provided pursuant to this Disclosure Agreement, stating the date it was provided and listing all the Repositories to which it was provided; and
4. if the Dissemination Agent is unable to verify that an Annual Report has been provided to the Repositories by the date required in subsection (a), the Dissemination Agent shall send a notice to each Repository in substantially the form attached as Exhibit B.

(d) Notwithstanding any other provision of this Disclosure Agreement, the City and the Dissemination Agent may make any of the filings of reports required to be filed with Repositories pursuant to this Disclosure Agreement through the Central Post Office.

SECTION 4. Content of Annual Reports. The Annual Report shall contain or incorporate by reference the City's audited financial statements for the most recent fiscal year of the City and the following:

1. Principal amount of the 2006 Certificates outstanding as of the end of the Fiscal Year to which the Annual Report pertains.

2. Balance in the Parity Reserve Fund and a statement of the Reserve Fund Requirement (as those terms are defined in the Master Contract) as of the end of the Fiscal Year to which the Annual Report pertains.

3. Balance in the Rate Stabilization Fund as of the end of the Fiscal Year to which the Annual Report pertains.

4. Updated information similar to that contained in the tables entitled "WATER UTILITY SYSTEM — Sale of Water" and "WATER UTILITY SYSTEM — Ten Largest Customers," appearing under the caption "WATER UTILITY SYSTEM — Service Area and Customers" of the Official Statement.

5. The City's then current rates and charges for water service.

6. Updated information similar to that contained in the table entitled "WATER UTILITY SYSTEM — Historical Debt Service Coverage" appearing under the caption "WATER UTILITY SYSTEM — Historical Operating Results" of the Official Statement.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the Authority or the City or related public entities, which have been submitted to each of the Repositories; provided, that if any document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board; and provided further, that the City shall clearly identify each such document so included by reference.

#### SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the 2006 Certificates, if material:

1. principal and interest payment delinquencies,
2. non-payment related defaults,
3. modifications to rights of Beneficial Owners,
4. optional, contingent or unscheduled prepayments of 2006 Certificates,
5. defeasances,
6. rating changes,
7. adverse tax opinions or events affecting the tax-exempt status of the 2006 Certificates,

8. unscheduled draws on the debt service reserves reflecting financial difficulties,
9. unscheduled draws on the credit enhancements reflecting financial difficulties,
10. substitution of the credit or liquidity providers or their failure to perform, and
11. release, substitution or sale of property securing repayment of the 2006 Certificates.

(b) The City shall, within one (1) business day of obtaining actual knowledge of the occurrence of any of the Listed Events contact the Dissemination Agent, inform such the Dissemination Agent of the event and promptly direct the Dissemination Agent in writing whether or not to report the event pursuant to subsection (f).

(c) Whenever the City obtains knowledge of the occurrence of one of the foregoing events, it shall as soon as possible, determine if such event would be material under applicable federal securities laws.

(d) If the City determines that such event would be material under applicable federal securities laws, the City shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to subsection (f).

(e) If in response to a request under subsection (b), the City determines that the listed event would not be material under applicable federal securities laws, the City shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (f).

(f) If the Dissemination Agent has been instructed by the City to report the occurrence of a listed event, the Dissemination Agent shall file a notice of such occurrence with the Repositories (and may do so through the Central Post Office) with a copy to the City and to each Participating Underwriter and each Broker-Dealer. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(4) and (5) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Owners of affected Certificates pursuant to the 2006 Trust Agreement.

SECTION 6. Termination of Obligation. The obligation of the City under this Disclosure Agreement shall terminate upon the legal defeasance, prior prepayment or payment in full of all of the 2006 Certificates. If such termination occurs prior to the final maturity of the 2006 Certificates, the City shall give notice of such termination in the same manner as for a Listed Event under Section 5.

SECTION 7. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any

manner for the content of any notice or report prepared by the City pursuant to this Disclosure Agreement. If at any time there is not any other designated Dissemination Agent, the Trustee shall be the Dissemination Agent. The Dissemination Agent shall be entitled to compensation for its services as Dissemination Agent and reimbursement for its out-of-pocket expenses, attorney's fees, costs and advances made or incurred in the performance of its duties under this Disclosure Agreement in accordance with its written fee schedule provided to the City, as such fee schedule may be amended from time to time in writing.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the City and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall agree to any amendment so requested by the City that does not adversely affect the Dissemination Agent's rights and obligations) and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

1. If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the 2006 Certificates or the type of business conducted thereby;

2. The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the execution and delivery of the 2006 Certificates, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

3. The amendment or waiver either (i) is approved by the Owners of the 2006 Certificates in the same manner as provided in the 2006 Trust Agreement for amendments to the 2006 Trust Agreement with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the 2006 Certificates.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed

Event, in addition to that which is required by this Disclosure Agreement. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the City shall not have any obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the City or the Dissemination Agent to comply with any provision of this Disclosure Agreement, the Dissemination Agent may (and, at the request of any Participating Underwriter or the Owners of at least 25% aggregate principal amount of Outstanding Certificates, shall (to the extent indemnified to its satisfaction)), or any Owner or Beneficial Owner of the 2006 Certificates may, take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City or the Dissemination Agent, as the case may be, to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the 2006 Trust Agreement or the Installment Purchase Contract, and the sole remedy under this Disclosure Agreement in the event of any failure of the City or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

In accepting the appointment under this Disclosure Agreement, the Dissemination Agent is not acting in a fiduciary capacity to the Owners or Beneficial Owners of the 2006 Certificates, the City, the Participating Underwriter or any other party or person.

No provision of this Disclosure Agreement shall require the Dissemination Agent to risk or advance or expend its own funds or incur any financial liability.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and the City agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall have the right to resign from its duties as Dissemination Agent upon thirty (30) days notice to the City and the Trustee. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the 2006 Certificates.

SECTION 12. Notices. Any notices or communications to or among any of the parties to this Disclosure Agreement may be given as follows:

To the City:

City of Modesto  
1012 "I" Street, 2nd Floor  
Modesto, California 95353  
Attention: Finance Director  
Fax: (209) 521-4801  
Telephone: (209) 577-5370

To the Dissemination Agent:

The Bank of New York Trust Company

555 Kearney Street, Suite 600  
San Francisco, California 94108  
Attention: Corporate Trust  
Fax: (415) 399-1647  
Telephone: (415) 263-2000

Any person may, by written notice to the other persons listed above, designate a different address or telephone number(s) to which subsequent notices or communications should be sent.

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriter and Holders and Beneficial Owners from time to time of the 2006 Certificates; and it shall create no rights in any other person or entity.

SECTION 14. Signature. This Disclosure Agreement has been executed by the undersigned on the date hereof, and such signature binds the City and the Dissemination Agent to the undertaking herein provided.

## INSURANCE AND REIMBURSEMENT AGREEMENT

**THIS INSURANCE AND REIMBURSEMENT AGREEMENT** (this "Agreement") dated as of November [1], 2006 is entered into by and among the **THE CITY OF MODESTO, CALIFORNIA** (the "City"), **THE BANK OF NEW YORK TRUST COMPANY, N.A.**, as trustee (the "Trustee"), and **MBIA INSURANCE CORPORATION**, a stock insurance corporation, duly organized and existing under the laws of the State of New York ("MBIA"). Capitalized terms not otherwise defined shall have the meanings ascribed thereto in Article I of this Agreement.

### RECITALS:

1. The Authority is a joint exercise of powers authority duly organized and existing under and pursuant to the Joint Exercise of Powers Act (being Sections 6500 et seq. of the Government Code of the State of California (the "Act") and a Joint Exercise of Powers Agreement dated as of December 1, 1989, by and between the City of Modesto and the Industrial Development Authority of the City of Modesto;

2. The Authority is has entered into a Master Installment Purchase Contract, dated as of November 1, 1997 (the "Master Contract"), as supplemented by the 1997 Supplemental Installment Purchase Contract, dated as of November 1, 1997, and as supplemented by a 2006 Supplemental Installment Purchase Contract, dated as of November 1, 2006 (the "2006 Supplemental Contract"), each by and between the Authority and the City, for the purpose of assisting the City by financing certain additions, betterments, extensions and improvements to the water utility system of the City (the "2006 Prjoect");

3. In order to assist the City in financing the 2006 Project, the Authority has entered into the Trust Agreement, dated as of November 1, 2006 ("Trust Agreement"), with the Trustee, pursuant to which the Authority has assigned to the Trustee certain rights under the 2006 Supplemental Contract, including the right to receive 2006 payments made by the City thereunder certificates of participation evidencing and representing a proportionate interest of the Owners Thereof in 2006 payments to be made by the City to the Authority (the "2006 Certificates");

4. The 2006 Certificates will be delivered by the Trustee as variable rate certificates under the Trust Agreement and MBIA has issued a Commitment to provide a financial guaranty insurance policy (the "Policy") insuring certain payments of principal and interest due with respect to the 2006 Certificates without regard to any acceleration of the time of payment of the 2006 Certificates;

5. The City wishes to hedge a portion of its Certificates and has determined that the Swap Agreement and related arrangements are designed to enhance the relationship between risk and return with respect to its program of investment and to that end has asked the Swap Provider to execute the Swap Agreement;

6. The Swap Provider, as a condition of providing the Swap Agreement required that MBIA issue an interest rate swap insurance policy (the "Swap Policy") contemporaneously with

the delivery of the 2006 Certificates, insuring certain of the amounts which may be due from the City to the Swap Provider under the Swap Agreement;

7. MBIA has agreed to issue the Swap Policy contemporaneously with the delivery of the Certificates, insuring certain of the amounts which may be due from the City to the Swap Provider under the Swap Agreement;

8. MBIA has agreed, pursuant to the terms of the MBIA Commitment, to deliver the Swap Policy to the Swap Provider and the Policy to the Trustee, but has required that the City undertake certain obligations hereunder in connection therewith; and

9. This Agreement is entered into in order to set forth certain representations, warranties, covenants and other agreements of the City and the Trustee and to evidence and secure the City's obligation (a) to reimburse MBIA for any payment made by MBIA under the Policy and the Swap Policy and as provided herein and (b) to indemnify or reimburse MBIA for certain amounts as more fully set forth herein.

In consideration of the premises and the mutual promises set forth below, MBIA, the Trustee, the City agree as follows:

## ARTICLE I

### DEFINITIONS

Unless the context otherwise requires, the terms defined in this Article I shall, for all purposes of this Agreement, have the meanings herein specified, to be equally applicable to both the singular and plural forms of any of the terms herein defined. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Trust Agreement.

"*Agreement*" means this Insurance and Reimbursement Agreement dated as of November [ 1 ], 2006, including any amendments or any supplements hereto as herein permitted.

"*Auction Agreement*" means the Auction Agreement dated as of November 1, 2006 between the Trustee and The Bank of New York, as Auction Agent.

"*Authority*" means the Modesto Public Financing Authority.

"*Authorized Officer*," with respect to the City, means the [ \_\_\_\_\_ ], the [ \_\_\_\_\_ ], the [ \_\_\_\_\_ ], and any other individual authorized by [the City's organizational documents] to perform the act or sign the document in question.

"*Broker Dealer Agreement*" means the Broker-Dealer Agreement dated as of November 1, 2006 among the Auction Agent, Banc of America Securities LLC and the Authority.

"*Business Day*" means any day other than (a) a Saturday or Sunday, (b) a State legal holiday or (c) any day which shall be in the city in which the Trustee or MBIA is located, a legal holiday or a day on which banks in any of such cities are required or authorized by law or other government action to close.

“2006 Certificates” means the \$[\_\_\_\_\_] City of Modesto, California Water Revenue Certificates of Participation, 2006 Series A, Evidencing and Representing a Proportionate Interest of the Owners Thereof in 2006 Payments to be made by the City to the Authority.

“Certificate Purchase Agreement” means [\_\_\_\_\_].

“Counsel” means nationally recognized municipal bond counsel acceptable to MBIA.

“Financial Statements” means the audit report, including the financial statements and other documents required to be filed by the City with the Trustee pursuant to the Master Contract.

“Issuance Date” means the date upon which the Policy is issued.

“MBIA” means MBIA Insurance Corporation, a New York stock insurance corporation.

“MBIA Commitment” means the MBIA Insurance Corporation Commitment dated September 11, 2006, relating to the delivery of the Policy and the Swap Policy.

“Official Statement” means the Official Statement dated as of October [\_\_\_], 2006.

“Parity Obligations” shall have the meaning ascribed thereto in the Master Contract.

“Policy” means the Financial Guaranty Insurance Policy No. [\_\_\_\_], including any endorsements thereto, issued by MBIA in connection with the 2006 Certificates.

“Prime Rate” means for any date of determination, the rate of interest as it is publicly announced by Citibank, N.A. at its principal office in New York, New York as its prime lending rate for unsecured commercial loans within the United States (any change in such prime rate of interest to be effective on the date such change is announced by Citibank, N.A.); provided, however, that if Citibank, N.A. ceases to announce a prime lending rate for unsecured commercial loans within the United States, then “Prime Rate” shall mean the average of the prime lending rates for unsecured commercial loans within the United States as announced by three leading commercial banks selected by MBIA from time-to-time.

“Reimbursement Rate” means for any date of determination, the Prime Rate plus 3%. The Reimbursement Rate shall be computed on the basis of a year of 365 days calculating the actual number of days elapsed. In no event shall the Reimbursement Rate exceed the maximum rate permissible under any applicable law limiting interest rates.

“Related Documents” means the Certificates, the Trust Agreement, each Supplemental Trust Agreement, including without limitation the Supplemental Trust Agreement relating to the 2006 Certificates, The Master Contract, the Auction Agent Agreement, the Broker Dealer Agreement, the Standby Bond Purchase Agreement, the Swap Agreement, any liquidity facility and any other transaction document or agreement contemplated by the 2006 Certificates or this Agreement.

“State” means the State of California.

“*Swap Agreement*” means the Master Agreement dated as of [\_\_\_\_], 2006 between the Borrower and the Swap Provider, the Schedule thereto, and the Insured Transaction bearing Admin No: [\_\_\_\_] dated [\_\_\_\_], 2006, which is the subject of the Swap Policy.

“*Swap Policy*” means the Interest Rate Swap Insurance Policy No. [\_\_\_\_] issued by MBIA, including any endorsements thereto.

“*Swap Provider*” means the Bank of America N.A.

“*Trust Agreement*” means the Trust Agreement dated as of November 1, 2006, between the Authority and the Trustee, including any Supplemental Trust Agreements.

## ARTICLE II

### REPRESENTATIONS, WARRANTIES AND COVENANTS OF THE THE CITY AND THE TRUSTEE

**Section 2.01. Representations, Warranties and Covenants of the City.** The City represents and warrants to, and covenants with, MBIA that:

(a) The City is organized and is duly established and existing under the laws of the State.

(b) The City has the full power and authority under its Charter and Constitution to execute and deliver this Agreement and to enter into the transactions contemplated by this Agreement and the Related Documents. The execution and delivery of this Agreement and each of the Related Documents to which it is a party has been duly authorized by the City, and all necessary approvals for the execution, delivery and performance by the City of this Agreement and the Related Documents have been obtained.

(c) The execution and delivery of this Agreement and each of the Related Documents, the consummation of the transactions contemplated hereby and thereby and the fulfillment of or compliance with the terms and conditions of this Agreement and each Related Document by the City do not conflict with or result in any material breach or violation of any of the terms, conditions or provisions of any applicable laws, including regulations, or any material agreement or instrument to which the City is now a party or by which it is bound, or constitute a default under any of the foregoing which default would materially and adversely affect the consummation of the transactions contemplated hereby and by the terms of the Related Documents.

(d) This Agreement and each Related Document to which the City is a party, when executed and delivered by the City, assuming the due authorization, execution and delivery by the other parties thereto, will constitute the legal, valid and binding obligations of the City, enforceable against the City in accordance with their terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization,

moratorium or other similar laws affecting creditors' rights generally and general equitable principles.

(e) The 2006 Supplemental Contract and the payment obligations of the City under this Agreement constitute Parity Obligations within the meaning of the Master Contract.

(f) The City shall provide or cause to be provided to MBIA at or prior to the disbursement of the proceeds of the Certificates (i) conformed copies of this Agreement and the Related Documents and (ii) such opinions of legal counsel and certified resolutions of the City evidencing necessary or appropriate corporate action by the City, and other documents as may reasonably be requested by MBIA, including documents evidencing any required approvals of the transactions contemplated to be undertaken by the City under this Agreement and the Related Documents.

(g) The City hereby makes to MBIA the same representations, warranties and the same covenants made by the City, as are set forth in each of the Related Documents which representations, warranties and covenants, as well as the related defined terms contained therein, are incorporated herein by this reference with the same effect as if each and every such representation, warranty and covenant and defined term were set forth herein in its entirety. Any amendment to such representations, warranties and covenants or defined terms in any of the Related Documents and any termination, defeasance, discharge or replacement of any of the Related Documents shall be effective to amend, terminate, replace or discharge such representations, warranties, covenants and defined terms of the specified documents if adopted in accordance with their respective requirements, but shall not be effective to amend this Agreement without the prior written consent of MBIA if such amendment, termination, replacement or discharge shall materially adversely affect the rights of MBIA hereunder.

(h) The City will deliver to MBIA:

(i) simultaneously upon execution thereof, copies of the Master Contract and all amendments relating to the Related Documents; and

(i) The City agrees to permit MBIA to examine and inspect, at any reasonable time, upon reasonable notice, the books of record and account of the City relating to its transactions pursuant to the Master Contract, and all other records relating to its transactions pursuant to the Trust Agreement and the Master Contract, the 2006 Certificates and Parity Obligations relating to the 2006 Certificates. The City further agrees to promptly notify MBIA in writing of the happening of any event resulting in the loss of the tax-exempt status of the 2006 Certificates or placing the same in jeopardy with respect to the 2006 Certificates.

(j) Notwithstanding anything to the contrary in the Master Contract or any other Related Document, the City hereby agrees that there shall be no acceleration of the 2006 Payments without the prior written consent of MBIA.

(k) The City hereby agrees not to use MBIA's name in any public document (other than the Official Statement) including, without limitation, a press release or presentation, announcement or forum without MBIA's prior consent. In the event that the City is advised by counsel that the City has a legal obligation to disclose MBIA's name in any press release, public announcement or other public document, the City shall provide MBIA with at least three business days prior written notice of the City's intent to use MBIA's name together with a copy of the proposed use of MBIA's name and of any description of a transaction with MBIA and shall obtain MBIA's prior consent as to the form and substance of the proposed use of MBIA's name and any such description.

(l) The City shall not enter into any agreement nor shall it consent to or participate in any arrangement pursuant to which Certificates are tendered or purchased for any purpose other than the redemption and cancellation or legal defeasance of such Certificates without the prior written consent of MBIA.

**Section 2.02. Representations, Warranties and Covenants of the Trustee.** The Trustee represents and warrants to, and covenants with, MBIA that:

(a) The Trustee is a [ ] and has been duly organized, and is validly existing in good standing under the laws of the State of New York. The Trustee is duly authorized to do business, is in good standing and has obtained all licenses, permits, charters, registrations and approvals (together, "approvals") necessary for the conduct of its business as currently conducted and the performance of its obligations under this Agreement and each Related Document to which it is a party.

(b) The execution, delivery and performance by the Trustee of this Agreement and the Related Documents to which it is a party have been duly authorized by all necessary corporate action and do not require any additional approvals or consents, or other action by or any notice to or filing with any Person, including, without limitation, any governmental entity.

(c) Neither the execution and delivery by the Trustee of this Agreement or the Related Documents to which it is a party nor the consummation of the transactions contemplated hereby or thereby conflicts with or results in any breach or violation of any provision of the [organizational documents] of the Trustee or any law, rule, regulation or order currently in effect having applicability to the banking or trust powers of the Trustee, including regulations issued by an administrative agency or other governmental authority having supervisory powers over the Trustee.

(d) This Agreement and each Related Document to which the Trustee is a party, when executed and delivered by the Trustee, assuming the due authorization, execution and delivery by the other parties thereto, will constitute the legal, valid and binding obligations of the Trustee, enforceable against the Trustee in accordance with their terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting creditors' rights generally and general equitable principles.

(e) The Trustee hereby remakes for the benefit of MBIA all of its representations and warranties and covenants set forth in each of the Related Documents.

(f) The Trustee acknowledges that both the Certificates and all amounts which may become due under this Agreement will be secured by the Revenues on a parity with the 2006 Certificates and other Parity Obligations. All amounts which may become due under this Agreement shall constitute Parity Obligations of the Authority under the Trust Agreement.

(g) The Trustee shall comply in all material respects with the terms and conditions of the Related Documents to which it is a party.

(h) The Trustee acknowledges that, notwithstanding anything to the contrary in the Trust Agreement or any other Related Document, there shall be no acceleration of the Certificates without the prior written consent of MBIA; provided however, MBIA may provide funds to the Trustee with respect to any payment date in accordance with Section 4.02 hereof.

(i) The Trustee hereby agrees not to use MBIA's name in any public document (other than the Official Statement) including, without limitation, a press release or presentation, announcement or forum without MBIA's prior consent. In the event that the Trustee is advised by counsel that the Trustee has a legal obligation to disclose MBIA's name in any press release, public announcement or other public document, the Trustee shall provide MBIA with at least three business days prior written notice of the Trustee's intent to use MBIA's name together with a copy of the proposed use of MBIA's name and of any description of a transaction with MBIA and shall obtain MBIA's prior consent as to the form and substance of the proposed use of MBIA's name and any such description.

### ARTICLE III

#### [AGREEMENT TO INDEMNIFY

To the extent not prohibited by law, the City shall indemnify MBIA against any and all liability, claims, loss, costs, damages, fees of attorneys and other expenses which MBIA may sustain or incur by reason of or in consequence of:

(a) the failure of the Authority or the City to perform or comply with the covenants or conditions of this Agreement or any of the Related Documents;

(b) enforcing any covenants, conditions or legal obligations with respect to the Certificates or the transactions contemplated thereby, or under the Related Documents or this Agreement that are required to be complied with by the Trustee, or the City;

(c) any action, proceeding (administrative, regulatory or legal) or suit threatened or brought in connection with the 2006 Certificates, the Related Documents, this Agreement or with respect to the Authority's rights or obligations under the Trust Agreement, including all litigation or potential litigation, costs of defense and/or

settlement by MBIA of any such threatened or pending action, proceeding, suit or judgment; or

(d) recovering or attempting to recover losses or expenses paid or incurred in connection with the 2006 Certificates, the Related Documents, the Policy, the Swap Policy, this Agreement or the transactions contemplated hereby and thereby.

Costs and expenses shall include a reasonable allocation of compensation and overhead attributable to the time of employees of MBIA spent in connection with the actions described in clauses (b), (c) and (d) above. The City agrees to reimburse MBIA immediately and unconditionally upon demand, to the extent permitted by law, for all reasonable expenses, including attorneys' fees and expenses, incurred by MBIA in connection with (i) the enforcement by MBIA of the City's obligations, or the preservation or defense of any rights of MBIA, under the Related Documents and any other document executed in connection with the issuance of the 2006 Certificates and (ii) any consent, amendment, waiver or other action with respect to any Related Document, whether or not granted or approved, together with interest on all such expenses from and including the date incurred to the date of payment at the Reimbursement Rate. In addition, MBIA reserves the right to charge a fee in connection with its review of any such consent, amendment or waiver, whether or not granted or approved.

An itemized statement of costs incurred by MBIA for any of the purposes specified in this Article III shall be prima facie evidence of the liability of the City and, the City fails to reimburse MBIA within ten business days of receipt of such statement of payments, interest shall be computed on such amount from the date of the payment made by MBIA at the Reimbursement Rate.]

## ARTICLE IV

### PAYMENT, REIMBURSEMENT AND OTHER RIGHTS OF MBIA

**Section 4.01. Payment and Reimbursement Rights of MBIA.** The City agrees to make the following payments to MBIA:

(a) On or prior to the Issuance Date, the premium, as required to be paid pursuant to paragraph [1] of the MBIA Commitment. Such premium shall be nonrefundable without regard to (i) whether MBIA makes any payment under either the Policy, or the Swap Policy, (ii) any other circumstances relating to the 2006 Certificates or (iii) provision being made for payment of the 2006 Certificates prior to maturity;

(b) The reimbursement of all payments made by MBIA under the terms of the Policy, the Swap Policy or this Agreement;

(c) All other amounts required to be paid to MBIA by the City pursuant to the terms of this Agreement or in connection with the transactions contemplated by the 2006 Certificates, the Related Documents, this Agreement, the Policy and the Swap Policy upon written notice from MBIA of the amounts so owed;

(d) Any and all charges, fees, costs and expenses which MBIA may pay or incur in connection with (i) the administration, enforcement, defense or preservation of any rights or security in this Agreement or any of the Related Documents, (ii) the pursuit of any remedies thereunder or otherwise afforded by law or equity, (iii) any amendment, waiver or other action with respect thereto, or related thereto, whether or not executed or completed, (iv) the violation by the Authority of any law, rule or regulation, or any judgment, order or decree applicable to it in connection with, or affecting, this Agreement, any of the Related Documents or any of the obligations hereunder or thereunder or (v) any litigation or other dispute in connection with this Agreement or any of the Related Documents or the transactions contemplated hereby or thereby upon written notice from MBIA of the amounts so owed; and

(e) Interest on the amounts owed in clauses (a), (b), (c) or (d) of this Article IV from the date of any payment due or paid as described in clauses (a), (b) or (c), and from the date of receipt of written notice from MBIA, as provided in clauses (d), in each case at the Reimbursement Rate. If the interest provisions of this clause (i) shall result in an effective rate of interest which, for any period, exceeds the limit of the usury or any other laws applicable to the indebtedness created herein, then all sums in excess of those lawfully collectible as interest for the period in question shall, without further agreement or notice between or by any party hereto, be applied as additional interest for any later periods of time when amounts are outstanding hereunder to the extent that interest otherwise due hereunder for such periods plus such additional interest would not exceed the limit of the usury or such other laws, and any excess shall be applied upon principal immediately upon receipt of such moneys by MBIA, with the same force and effect as if the Authority had specifically designated such extra sums to be so applied and MBIA had agreed to accept such extra payment(s) as additional interest for such later periods. In no event shall any agreed-to or actual exaction as consideration for the indebtedness created herein exceed the limits imposed or provided by the law applicable to this transaction for the use or detention of money or for forbearance in seeking its collection.

**Section 4.02. Optional Deposits by MBIA.** MBIA shall at any time, and from time to time, with respect to a payment date on the Certificates, have the option to deliver amounts to the Trustee for deposit into the bond payment account for either of the following purposes: (i) to provide funds in respect of the payment of fees or expenses of any provider of services to the Trustee or (ii) to provide monies with respect to any payment date on the 2006 Certificates to the extent that without such provision of funds, a claim would be required to be made on the Policy or the Swap Policy. Any such amounts provided by MBIA shall be reimbursable amounts as due hereunder.

## ARTICLE V

### SUBROGATION RIGHTS AND SECURITY OF MBIA

**Section 5.01. Subrogation Rights.** To the extent of payments made and expenses incurred by MBIA in connection with the Policy, the Swap Policy and this Agreement, MBIA shall be fully subrogated to the 2006 Certificateholders rights under the Trust Agreement and the

Swap Provider's rights under the Swap Agreement to seek payment of amounts owed by the Authority or the City, as the case may be. The City acknowledges and agrees, that upon payment of a claim under the Policy, or the Swap Policy, MBIA will be subrogated to the rights of the 2006 Certificateholders or the Swap Provider, as the case may be. The City will at any time, and from time to time, at the request of MBIA execute any instrument, document or agreement, and take any other action, that MBIA may consider necessary or desirable to effect these rights of subrogation.

**Section 5.02. Security.** The Authority hereby grants MBIA a security interest in the Gross Revenues of the Water Utility System to secure all amounts which may become due under this Agreement which security interest shall be on a parity with that granted any Parity Obligations. The City and the Trustee severally agree that each will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, any and all financing statements, if applicable, and all other further instruments as may be required by law or as shall reasonably be requested by MBIA for the perfection of the security interest granted under this Article V and for the preservation and protection of all rights of MBIA under this Article V. The parties hereto agree that the pledge and covenants contained herein shall survive the payment of the 2006 Certificates and the defeasance of the Trust Agreement.

## ARTICLE VI

### EVENTS OF DEFAULT

**Section 6.01. Events of Default Described.** The happening of any one or more of the following events shall constitute an "Event of Default" and, upon the occurrence of any such Event of Default, MBIA may exercise the remedies specified herein:

(a) Failure by the City to make any payment required by Article III or IV hereof;

(b) The dissolution or liquidation of the City, or the voluntary initiation by the City of any proceeding under any federal or state law relating to bankruptcy, insolvency, arrangement, reorganization, readjustment of debt or any other form of debtor relief, or the initiation against the Authority of any such proceeding, which remains undismissed or unstayed for 90 days, or failure by the City to promptly have discharged any execution, garnishment or attachment of such consequence as would materially impair the ability of the Authority to carry on its operations, or assignment by the City for the benefit of creditors, or the entry by the City into an agreement of composition with creditors or the failure generally by the City to pay its debts as they become due;

(c) Any representation of or warranty by the City made in this Agreement or the Related Documents is untrue in any material respect;

(d) Except as otherwise provided in Section 6.01(a) above, the failure of the City to observe or perform in any material respect any covenant, condition or provision of this Agreement, if such failure shall not have been remedied or cured within 30 days after the City's receipt of written notice thereof by MBIA;

(e) The occurrence and continuation of an event of default (however defined but excluding any event described in subparagraphs (a), (b), (c), (f) or (g) of this Section 6.01) under any of the Related Documents, if such event of default shall not have been cured or otherwise remedied within any related cure period set forth in the applicable Related Document;

(f) Any acceleration of the 2006 Payments or any Parity Obligation without the prior written consent of MBIA or the occurrence of any event which causes a termination payment to be due by the City with respect to any Parity Obligation;

(g) Any material provision of this Agreement or the Related Documents to which the Authority is a party shall at any time for any reason cease to be valid and binding, unless by their terms they cease to be valid and binding, on the Authority or shall be declared to be null and void by a final, nonappealable order of a court having competent jurisdiction, or the validity or enforceability of any thereof shall be contested by the Authority or any governmental agency or authority, or if the City shall deny that it has any further liability or obligation under this Agreement or the Related Documents to which it is a party; or

**Section 6.02. Remedies.** Whenever an Event of Default referred to in Section 6.01 hereof shall have happened and be continuing, MBIA may take any one or more of the following remedial steps:

(a) Exercise its rights of subrogation pursuant to the Trust Agreement;

(b) Exercise any rights of subrogation it may have under the Policy or the Swap Policy;

(c) Take whatever other action at law or in equity as may appear necessary or desirable to collect the amounts then due and thereafter to become due under this Agreement or to enforce performance and observance of any obligation, agreement or covenant of the Authority or the City under this Agreement or under any Related Document;

(d) Accelerate any or all amounts due under this Agreement to the extent acceleration is a permitted remedy with respect to the 2006 Certificates or any other Parity Obligation; or

(e) Pursue any remedy it may have under any of the Related Documents or the Trust Agreement.

**Section 6.03. No Remedy Exclusive.** Unless otherwise expressly provided, no remedy herein conferred or reserved is intended to be exclusive of any other available remedy, but each remedy shall be cumulative and shall be in addition to other remedies given under this Agreement or under any Related Document or existing at law or in equity. No delay or omission to exercise any right or power accruing under this Agreement or under any Related Document upon the happening of any Event of Default set forth in Section 6.01 hereof shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be

exercised from time to time and as often as may be deemed expedient. In order to entitle MBIA to exercise any remedy reserved to it in this Article VI, it shall not be necessary to give any notice, other than such notice as may be required in this Article VI.

## **ARTICLE VII**

### **SETTLEMENT**

MBIA shall have the exclusive right to decide and determine whether any claim, liability, suit or judgment made or brought on the Policy or the SWAP Policy shall or shall not be paid, compromised, resisted, defended, tried or appealed, and MBIA's decision thereon, if made in good faith, shall be final and binding upon the Authority and the City.

## **ARTICLE VIII**

### **OBLIGATIONS OF THE CITY ABSOLUTE**

The obligations of the City to make payments under this Agreement shall be absolute, unconditional and irrevocable and shall be paid strictly in accordance with the terms of this Agreement under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of any of the Related Documents;
- (b) any amendment or waiver of or any consent to departure from all or any of the Related Documents;
- (c) the existence of any claim, setoff, defense or other right which the Authority or the City may have at any time against the Trustee or any other person or entity other than MBIA, whether in connection with this Agreement, the transactions contemplated herein or in the Related Documents or any unrelated transactions;
- (d) any statement or any other document presented under or in connection with the Policy, the Swap Policy or the MBIA Commitment proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect whatsoever; or
- (e) payment by MBIA under the Policy or the Swap Policy under circumstances which do not comply with the terms of the Policy or the Swap Policy, provided, however, that such payments shall not have resulted from gross negligence or willful misconduct on the part of MBIA.

## ARTICLE IX

### MISCELLANEOUS PROVISIONS

**Section 9.01. Amendments, Changes and Modifications.** This Agreement may be amended, changed, modified, altered or terminated only with the prior written approval of MBIA, the Trustee and the City.

**Section 9.02. Governing Law.** This Agreement shall be construed in accordance with the substantive laws of the State of California, and the obligations, rights and remedies of the parties hereunder shall be determined in accordance with such laws.

**Section 9.03. Notices.** All notices hereunder shall be sufficiently given and shall be deemed given when delivered or mailed by certified or registered mail, postage prepaid, return receipt requested, addressed as follows:

MBIA: MBIA Insurance Corporation  
113 King Street  
Armonk, NY 10504  
Attention: Insured Portfolio Management-[\_\_\_\_\_] ]  
Telephone: (914) 273-4545  
Facsimile: (914) 765-3799

Authority: Modesto Public Financing Authority  
c/o City of Modesto, California  
City Hall, Suite 5200  
1010 Tenth Street  
Modesto, CA 95353  
Attention: Wayne Padilla, Director of Finance  
Telephone: (209) 577-5371  
Facsimile: (209) 571-5880

City: City of Modesto, California  
City Hall  
1010 Tenth Street  
Suite 5200  
Modesto, CA 95353  
Attention: [\_\_\_\_\_] ]  
Telephone: [\_\_\_\_\_] ]

[ ]  
Attention: [ ]  
Telephone: [ ]  
Facsimile: [ ]

Any party may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent

**Section 9.04. Third-party Beneficiary.** MBIA shall be deemed a third-party beneficiary of each of the Related Documents and entitled to enforce the terms thereof as if a signatory thereto.

**Section 9.05. Severability.** In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

**Section 9.06. Counterparts.** This Agreement may be executed in several counterparts, each of which shall be an original and all of which together shall constitute but one and the same instrument.

**Section 9.07. Primary Obligation.** Payment of amounts due by the Authority under this Agreement is a primary obligation of the City and such obligation is absolute and unconditional, irrespective of any illegality, invalidity or unenforceability of or defect in any provision of the 2006 Certificates or of any obligations of the City.

**Section 9.08. Further Assurances and Corrective Instruments.** To the extent permitted by law, the Trustee and the City agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the intention of or facilitating the performance of this Agreement.

**Section 9.09. No Rights Conferred on Others.** Nothing in this Agreement shall confer any right upon any person other than MBIA, the Trustee and the City.

**Section 9.10. Term.** The term of this Agreement shall commence on the date hereof and shall end on the date the 2006 Certificates and the interest thereon, and all amounts due and owing to MBIA under this Agreement and all Related Documents and pursuant to any rights of subrogation MBIA may have under this Agreement, the Policy, the Swap Policy and the Trust Agreement, are paid in full.

**Section 9.11. Payment Procedure.** All payments to be made to MBIA under this Agreement shall be made to MBIA in lawful currency of the United States of America in immediately available funds at the notice address for MBIA as set forth in this Agreement on the date when due.

**Section 9.12. Successor Trustees.** All provisions of this Agreement relating to the Trustee shall apply to any successor Trustee without the execution or filing of any paper or the performance of any further act.

[The remainder of this page is intentionally left blank]

IN WITNESS WHEREOF, each of the parties hereto has caused this Insurance and Reimbursement Agreement to be executed in its respective name by its duly authorized officer, all as of the date first above written.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-649**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): OMNIBUS ZONING CODE TEXT AMENDMENT 2006-1**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, the City proposes to amend certain portions of the text of its Planning and Zoning Code, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2006-45 (“Initial Study”) reviewed the proposed Zoning Code Text Amendment to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation

measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on July 31, 2006 the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on October 10, 2006, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Omnibus Zoning Code Text Amendment, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. That the proposed project is contemplated and described in the Master EIR (SCH No. 1999082041) as being within the scope of the Master EIR.
2. That the project will have no new significant effects on the environment not identified or examined in the Master EIR, and no new or additional mitigation measures are required.
3. That, as per Section 21157.1 of the Public Resources Code, no new environmental document or findings are required by the California Environmental Quality Act (CEQA).
4. That there are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Master EIR will be sufficient for this project.
5. That all feasible mitigation measures set forth in the Master EIR which are appropriate to the project shall be incorporated in the project.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of October, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen,  
Mayor Ridenour  
NOES: Councilmembers: None  
ABSENT: Councilmembers: None

# City of Modesto Master EIR Initial Study Checklist

## I. PURPOSE

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether Omnibus Zoning Code Text Amendment 2006-1 is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

## II. PROJECT DESCRIPTION

- A. Title: Omnibus Zoning Code Text Amendment 2006-1
- B. Address or Location: City of Modesto
- C. Applicant: City of Modesto
- D. City Contact Person: Patrick Kelly

Project Manager: Patrick Kelly  
Department: Community & Economic Development Department  
Phone Number: (209) 577-5268  
E-mail address: [pkelly@modestogov.com](mailto:pkelly@modestogov.com)

- E. Current General Plan Designation(s): N/A
- F. Current Zoning Classification(s): N/A
- G. Surrounding Land Uses: N/A

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This project consists of a set of minor amendments to Title 10 of the Modesto Municipal Code (the Zoning Code), to implement goals of the Housing Element and accomplish the following:

1. Second units. The City's provisions for second units are based on a section of state law that has been amended. Amendment of the City's provisions is needed to bring the code into conformance. In addition, this update is specified in the Housing Element.
2. Density bonus. The City's provisions for density bonuses are based on a section of state law that has been amended. Amendment of the City's provisions is needed to bring the code into conformance. In addition, this update is specified in the Housing Element.
3. Parking requirements for small units and mixed-use projects incorporating housing. The Housing Element specifies review of these requirements.
4. Residential Care Facilities. Better definition in the code is needed for these facilities. The proposed amendment would tie the City's code to state law provisions.
5. Model Homes. The Municipal Code currently has no definition of model homes. The proposed amendment would provide a definition and would specify the way in which the Subdivision Map Act provision for models is to be used where models are to be constructed prior to recordation of a map.
6. Satellite antennas. The current Code includes extensive provisions for this outdated technology (large, 6'-7' diameter dishes). A clean-up to remove these provisions is suggested. Further amendments to address modern communication technologies are under consideration for future presentation

- I. Other Public Agencies Whose Approval is Required:

None

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

1.  **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.

2.  **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.  **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES                                 | NO                       |
|---|-------------------------------------|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

Discussion: N/A

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

- |   | YES                                 | NO                       |
|---|-------------------------------------|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: . | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

- (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.
- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.

Discussion:

- (2) The project is a minor amendment to the Zoning Code. The Zoning Code is implicit in the General Plan and none of the topics of the proposed amendment will alter the Code in such a fashion as to create new environmental issues.

#### IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

##### 1. TRAFFIC AND CIRCULATION

###### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project exceeds the Master EIRs traffic generation assumptions for this site and City Engineering and Transportation staff has determined that the project would have additional project-specific effects that are not avoided or reduced by the Master EIRs program of mitigation measures.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3) Result in inadequate emergency access.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(4) Result in inadequate parking capacity.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on traffic and transportation issues.

**2. AIR QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3) The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(4) The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(5) The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on air quality issues.

### 3. NOISE

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 of the MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project, and any new measures are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

#### c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?             | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-4. The project is a minor amendment to the Zoning Code and will have no effect on noise issues.

**4. AGRICULTURAL LANDS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

**b. Master EIR and/or New Mitigation Measures Pertinent to the Project**

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 of the MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project will directly result in the development of land outside the March 2003 planning area boundaries. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.
- (4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.

Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on agricultural land.

**5. WATER SUPPLY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less than significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

### c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

#### Discussion:

- 1-2. The project is a minor amendment to the Zoning Code and will have no effect on water supply issues.

## 6. SANITARY SEWER SERVICES

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study. are found on pages V-6-4 through V-6-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on wastewater issues.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less than significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2)	Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3)	Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

1-3. The project is a minor amendment to the Zoning Code and will have no effect on wildlife or plant habitat.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

## **b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

### Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

## **c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

### Discussion:

- 1-2. The project is a minor amendment to the Zoning Code and will have no effect on cultural resources.

## 9. STORM DRAINAGE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

#### Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

### c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

YES NO

- |     |  |                          |                                     |
|-----|--|--------------------------|-------------------------------------|
| (1) | The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) | The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) | Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-3. The project is a minor amendment to the Zoning Code and will have no effect on storm water runoff.

## 10. FLOODING AND WATER QUALITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

## b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

### Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

## c. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3) The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

### Discussion:

1-4. The project is a minor amendment to the Zoning Code and will have no effect on flooding and water quality issues.

## 11. PARKS AND OPEN SPACE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less than significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

1. The project is a minor amendment to the Zoning Code and will have no effect on parks and open space issues.

## 12. SCHOOLS

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

#### Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

### c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.  YES  NO

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on schools.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less than significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.  YES  NO

Discussion:

1-2. The project is a minor amendment to the Zoning Code and will have no effect on police services issues.

**14. FIRE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less than significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-2. The project is a minor amendment to the Zoning Code and will have no effect on fire services issues.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less than significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

### c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

#### Discussion:

- 1-2. The project is a minor amendment to the Zoning Code and will have no effect on solid waste issues.

## 16. HAZARDOUS MATERIALS

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

#### Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

### c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.                                | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) The project contains a contaminated site not identified as of March 2003.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

#### Discussion:

- 1-5. The project is a minor amendment to the Zoning Code and will have no effect on hazardous materials issues.

## 17. LANDSLIDES AND SEISMIC ACTIVITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

1-5. The project is a minor amendment to the Zoning Code and will have no effect on seismic issues.

**18. ENERGY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less than significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

The appropriate mitigation to be applied to this project includes: None from the MEIR, and no new or additional mitigation measures or alternatives are required.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-5. The project is a minor amendment to the Zoning Code and will have no effect on seismic issues.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-3. The project is a minor amendment to the Zoning Code and will not divide any established community.

**20. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project would have a substantial adverse effect on a scenic vista.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.             | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- 1-4. The project is a minor amendment to the Zoning Code and will not affect any aesthetic issues.

## V. MITIGATION MEASURES APPLIED TO THE PROJECT

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

### A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

### B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study.

A Mitigated Negative Declaration/EIR shall be prepared for the project and the following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

#### Traffic and Circulation Measures:

N/A

#### Air Quality Measures:

N/A

#### Noise Measures:

N/A

#### Agricultural Land Measures:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 650**

**A RESOLUTION APPROVING THE EXPENDITURE OF THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND (SLESF) GRANT FOR 2006/2007, IN THE AMOUNT OF \$405,053, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM GRANT DOCUMENTS.**

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the legislation has continued to be funded each subsequent year at \$100 million, statewide, from sales and use taxes, for exclusive funding of municipal police services, in accordance with written requests submitted by the Chief of Police of a city to his or her governing body, convened in public hearing, and

WHEREAS, the purpose of the law is to ensure public safety, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for fiscal year 2006/2007 is \$405,053, and

WHEREAS, the program requires a public hearing by local governmental Chiefs of Police or Sheriffs regarding spending plans, and

WHEREAS, these funds must be held in an interest-bearing Supplemental Law Enforcement Services Fund and must not be used to supplant existing budget funds, and

WHEREAS, the Modesto Police Department plans to budget these funds for technology, additional memory for data storage, field equipment, and storage for property and evidence, which is needed but was not included in the budget due to budget reductions,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that after holding a public hearing, it hereby accepts the Chief of Police's spending plan for the 2006/2007 State Supplemental Law Enforcement Services Fund allocation of \$405,053 for memory for data storage, communication equipment, field equipment, and storage of property and evidence, which was not included in the 2006/2007 budget.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary program grant documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of October, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-651**

**A RESOLUTION AMENDING THE 2006/2007 FISCAL YEAR OPERATING BUDGET TO APPROPRIATE REVENUES AND EXPENDITURES FOR THE STATE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND (SLESF) GRANT.**

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the legislation has continued to be funded each subsequent year at \$100 million, statewide, from sales and use taxes, for exclusive funding of municipal police services, in accordance with written requests submitted by the Chief of Police of a city to his or her governing body, convened in public hearing, and

WHEREAS, the purpose of the law is to ensure public safety, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for fiscal year 2006/2007 is \$405,053, and

WHEREAS, the Modesto Police Department plans to budget these funds for technology, additional memory for data storage, field equipment, and storage for property and evidence, which is needed but was not included in the budget due to budget reductions, and

WHEREAS, the adopted 2006/2007 Police 06-07 SLESF Grant monies in the amount of \$405,053 will be applied to account number 0400-190-2923-5008,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that after holding a public hearing, it hereby amends the 2006/2007 operating

budget to appropriate revenues and expenses to 0400-190-2923-5008 for technology, additional memory for data storage, field equipment, and storage for property and evidence, which is needed but was not included in the budget due to budget reductions.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of October, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-652**

**A RESOLUTION SPONSORING THE STANISLAUS COUNTY AG CENTER FOUNDATION'S APPLICATION TO SECURE \$217,500 IN GRANT FUNDING FROM THE ECONOMIC DEVELOPMENT BANK FOR THE INSTALLATION OF WATER, SEWER, AND STORM DRAINAGE INFRASTRUCTURE FOR THE AG SCIENCE CENTER.**

WHEREAS, the Stanislaus County Ag Center Foundation (Foundation) desires to apply for grant funding through the Economic Development Bank that was formed by the Stanislaus County Board of Supervisors on February 13, 2001, and

WHEREAS, the Foundation desires to obtain \$217,500 in grants to fund the installation of water, sewer, and storm drainage infrastructure that will serve the future Ag Science Center that will be built on the West Campus of the Modesto Junior College, and

WHEREAS, in order to apply for these funds the Foundation must first have its funding request approved and sponsored by the county or city,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves and sponsors the Foundation's request to submit an application to secure \$217,500 in grant funding from the Economic Development Bank for the installation of water, sewer, and storm drainage infrastructure for the Ag Science Center.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-653**

**A RESOLUTION APPROVING A CAPITAL FACILITIES FEE REIMBURSEMENT AGREEMENT BETWEEN THE CITY OF MODESTO AND WARNER SOELLING WITH A MAXIMUM REIMBURSEMENT AMOUNT OF \$326,966.77 FOR STREET IMPROVEMENTS ON THE SOUTHWEST CORNER OF BRIGGSMORE AVENUE AND OAKDALE ROAD, AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT AND FINDING THAT THE AGREEMENT IS WITHIN THE SCOPE OF THE PREVIOUSLY CERTIFIED MODESTO URBAN AREA GENERAL PLAN MASTER EIR (SCH NO. 1999082041)**

WHEREAS, WARNER SOELLING, (“Developer”) has an interest in property located at the southwest corner of Briggsmore Avenue and Oakdale Road in Modesto, California, commonly known as Eastgate Plaza (“Property), and

WHEREAS, in connection with the development of said Property, Developer is required to construct street improvements (“Improvements”) on the southwest corner of Briggsmore Avenue and Oakdale Road, along the frontage of the Property, as more particularly described on **Exhibit “A”** attached hereto, and

WHEREAS, a portion of the Improvements have been designated for funding through the City’s Capital Facilities Fees (“CFF”) Program, and

WHEREAS, Developer has requested, and City has agreed that Developer be reimbursed for the actual cost of construction of the Improvements after said Improvements have been completed by Developer and accepted by City, and

WHEREAS, said Agreement has a maximum reimbursement amount of \$326,966.77 which will be allocated from the Streets 1410 CFF fund, and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2003-91, which concludes that the Eastgate Plaza, including the improvements for which the Developer will be reimbursed under the proposed CFF Reimbursement Agreement, is within the scope of the previously

certified Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), and that pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it finds and determines that:

1. The proposed CFF Right of Way Reimbursement Agreement between the City of Modesto and Warner Soelling (“Project”) is consistent with the Modesto Urban Area General Plan.
2. The reimbursement for the proposed right of way is included in the 2003 CFF Program.
3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act (“CEQA”) Guidelines, this project is within the scope of the projects covered by the Modesto Urban General Plan Master EIR (SCH No. 1999082041) (“Program EIR”) and no new environmental documents or findings are required by CEQA.
4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of the previously identified significant

effects and therefore, no major revisions to the Program EIR, are required.

6. There is no new information of substantial importance that was not known and could no have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

- a. one or more significant effects which is not discussed in the Program EIR; or,
- b. significant effects which were previously examined will be substantially more severe than previously shown; or
- c. previously infeasible mitigation measures; or, alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
- d. mitigation measures or alternatives which are considerable different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

7. The Written Checklist, Environmental Assessment EA/C&ED 2003-91 provides the substantial evidence to support findings 4-7 above.

BE IT FURTHER RESOLVED by the City Council that the CFF Right of Way Reimbursement Agreement between City of Modesto and Warner Soelling is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

## CFF REIMBURSEMENT AGREEMENT

THIS AGREEMENT, made and entered into this \_\_\_\_\_ day of October, 2006, by and between the City of Modesto, a municipal corporation ("City"), and Warner Soelling, an individual ("Developer").

WHEREAS, Developer has an interest in property located at the southwest corner of Briggsmore Avenue and Oakdale Road in Modesto, California, commonly known as Eastgate Center ("Property"); and,

WHEREAS, in connection with the development of said Property, Developer is required to construct street improvements on Briggsmore Avenue and Oakdale Road, along the frontage of the Property, as more particularly described on Exhibit A attached hereto ("Improvements"); and,

WHEREAS, all or a portion of the Improvements have been designated for funding through the City's Capital Facilities Fee program; and,

WHEREAS, the Improvements will benefit other properties in addition to the Property, and the other properties will pay Capital Facilities Fees to the City as they develop; and,

WHEREAS, City will oversee the inspection of said Improvements and eventually accept said Improvements as public improvements; and

WHEREAS, Developer has requested, and City has agreed that Developer be reimbursed for the actual costs of constructing the Improvements after said Improvements have been completed by Developer and accepted by City.

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements herein contained, the parties hereto mutually agree as follows:

10/4/2006

1. IMPROVEMENTS: Developer agrees to cause the Improvements to be made and constructed to fully comply with the requirements of the Modesto Municipal Code, in accordance with the City of Modesto Standard Drawings and Standard Specifications, and as shown on the engineered and approved Improvement plans submitted by Dr. Warren Soelling, dated April 11, 2006, and accepted by the City's Engineer, which improvement plans are on file in the office of City's Engineer. Work on the Improvements shall in no event commence prior to receipt by Developer of a written Notice To Proceed from the City's CFF Administrator.

2. TIME FOR COMPLETION OF IMPROVEMENTS: Developer agrees that this Agreement is for the benefit of the Developer and, therefore, Developer represents that it will complete the construction of the Improvements and request final reimbursement therefore under this Agreement on or before March 7, 2007. If during the performance of this Agreement, the City determines that Developer is not proceeding with such diligence as to complete the Improvements within such period of time, Developer agrees to meet and confer with the City as to options available to the City to assure the timely completion of such Improvements. Such options, any of which may be taken in the sole discretion of the City, may include, but are not limited to, the termination of this Agreement, or its assignment by Developer, subject to the approval of the City, to others and, in any event, the payment of liquidated damages by Developer pursuant to Standard Specification procedures in the amount of FIVE HUNDRED AND 00/100 (\$500.00) DOLLARS per day commencing on March 8, 2007.

3. CONTRACTOR LICENSES: Developer shall insure that all contractors and subcontractors are licensed in accordance with Sections 7000 through 7145 inclusive, of the

4/11/2006

California Business and Professions Code and that they maintain adequate insurance for any work or services performed.

4. REIMBURSEMENTS TO DEVELOPER:

Notwithstanding anything in this Agreement to the contrary, persons or entities advancing funds or constructing or furnishing facilities contemplated in the City's CFF program may receive reimbursement from CFF collected by the City only after occurrence of the following conditions:

a. Conditions Precedent to Reimbursement.

Prior to issuance of any reimbursement or payment to Developer, the following conditions must be fully satisfied:

- i. A valid CFF Reimbursement Agreement exists between the City and Developer,
- ii. The Improvements have been completed,
- iii. A Notice of Completion for the Improvements has been issued to Developer,
- iv. Developer has submitted all bills, invoices, and other documentation the City's CFF Administrator deems necessary to substantiate Developer's actual and reasonable costs for installing the Improvements,
- v. The Improvements are identified by the City's CFF Administrator as being eligible for funding from the next available CFF collected,

4/11/2006

as more fully set forth in subparagraph 5.c. below; and

- vi. City has collected sufficient CFF monies to pay the amount to be reimbursed under this Agreement.

Until the aforementioned conditions are met, Developer shall be denied any reimbursement.

b. Amount of Reimbursement. The engineering estimate for the items and amounts eligible for reimbursement is attached as Exhibit "B" hereto and incorporated herein by this reference ("Engineer's Estimate"). City will reimburse Developer for the Improvements based on Developer's actual and reasonable costs for constructing the Improvements, including design and construction administration, in an amount up to but not to exceed, the lesser of (i) the actual and reasonable documented costs of constructing the Improvements or (ii) the Engineer's Estimate as set forth in Exhibit "B".

c. Timing of Reimbursement. Reimbursements for Improvements will be given as follows:

(1) The City shall effect such reimbursement within thirty (30) days after completion and acceptance of the Improvements; provided, however, City shall not be required to effect any reimbursement until and unless Developer submits all documentation required pursuant to subparagraph 5.c. above.

d. Payment Only From CFF Proceeds. The parties understand and agree that the payment obligations set forth herein are payable solely from City's Capital Facilities Fees program, and from no other source, that the City shall not be obligated to make any payment

4/11/2006

hereunder except out of revenue from the City's Capital Facilities Fees program, and that the City is not liable to maintain this special fund out of its General Fund or by tax levies. City has used, and will continue to use best efforts to utilize CFF revenue to ensure that the terms and conditions of this Agreement are met.

5. REQUESTS FOR REIMBURSEMENT:

Requests for payment by Developer shall be substantially in the form attached hereto as Exhibit "C" or otherwise acceptable to City's CFF Administrator, and shall include such supporting documentation to substantiate the request as City's CFF Administrator may require. For requests for payment, the following shall apply:

a. Final Inspection and Acceptance. No reimbursement shall be made by the City to the Developer for any Improvements until they have been inspected by and are acceptable to the City. For those Improvements to be accepted by the City, the Developer shall request final inspection using applicable procedures.

b. Improvements are Complete. The City shall not make any reimbursements to the Developer for Improvements until they are completed in accordance with approved plans and specifications and approved contracts and change orders. Any Improvement to be accepted by the City must be in such condition that it is ready for use by the City as determined by the City's Engineer, based on current, applicable City standards.

c. Substantiation of Costs. The Developer shall provide any documentation substantiating the construction and completion of, and the Developer's cost for constructing the Improvements, as reasonably requested by the City's CFF Administrator or

4/11/2006

designee.

d. Payment of Claims. The Developer shall provide, in a form satisfactory to the City's CFF Administrator, evidence that all of the costs of the Improvements have been fully paid, including all lien claims, or that lien releases have been obtained. If required by the City's CFF Administrator, the Developer shall provide unconditional lien releases under California Civil Code Section 3262(d) to assure that payment of outstanding claims of the Developer's contractors, subcontractors and suppliers has been made. Said unconditional lien releases shall be provided on forms acceptable to the City's CFF Administrator.

e. As-built Drawings. Developer shall provide as-built drawings or equivalent plans and specifications in a form acceptable to the Engineering & Transportation Department, Development Services Division of City. Developer shall also provide a warranty security in accordance with Paragraph 7, below.

6. **INSPECTIONS:** The City Engineer shall oversee the inspection of the Improvements, and all improvements related thereto, to see that they comply with City regulations.

7. **IMPROVEMENT SECURITIES:** Prior to execution of this Agreement, Developer has or will record a parcel map on the Property, execute a Parcel Map Agreement and provide adequate improvement securities to secure faithful performance of this Agreement and the Parcel Map Agreement, and payment for labor and materials. Developer shall maintain said improvement securities until all Improvements have been completed and accepted by the City. Prior to acceptance of the Improvements, Developer shall also file with the City a Guarantee and Warranty Security as set forth in Section 66499.3(d) of the Government Code of the State of California and as required by the Parcel Map Agreement.

4/11/2006

8. INSURANCE REQUIREMENTS: Developer shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of the City. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City by certified mail, return receipt requested, for all of the following stated insurance policies.

(a) Worker's Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of \$500,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$100,000 for property damage or \$3,000,000 combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations.

If at any time any of said policies shall be unsatisfactory to the City, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the City, the Developer shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the Developer to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the Developer to obtain and/or maintain any required insurance shall not relieve the Developer from any liability under this Agreement, nor shall the insurance requirements be construed to conflict

4/11/2006

with or otherwise limit the obligations of the Developer concerning indemnification. The City, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the City, its agents, officers, employees, and volunteers for losses arising from work performed by Developer for the City. The Developer's insurance policy(ies) shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The Developer must deliver certificates evidencing existence of the insurance called for in the contract specifications to the City Clerk at the time the contract is signed.

9. CHANGES: Developer shall perform any changes or alterations in the construction and installation of the Improvements required or approved by City, in writing, provided that the combined total of such changes nor alterations do not exceed 10% of the Engineer's Estimate for all improvements.

10. SUCCESSORS AND ASSIGNS: Developer hereby binds itself, its executors, administrators, successors in interest, and assigns to the provision of this Agreement and agrees to accept the amount set forth in this Agreement as full reimbursement for all costs and expenses associated with installation and construction of the Improvements.

11. DEVIATION FROM STANDARDS: If Developer deviates from the approved improvement drawings, specifications or standards, or constructs any Improvements in such a manner so as to, in the opinion of the City Engineer, endanger the public safety, the City Engineer may give Developer written notice of such deviations, and Developer shall correct the deviation in the time prescribed by the City Engineer. In the event of the failure of Developer to

4/11/2006

make corrections of deviations, whether or not the public safety is affected, City may cause the necessary corrections to be made and shall be reimbursed by Developer at cost plus 25%. Said amount shall be at City's discretion, deducted from the reimbursement by City to Developer, paid for by Developer prior to the acceptance of the Improvements, or collected from the Improvement security.

12. INDEMNITY: Developer further agrees to defend and indemnify City, its officers and employees, from any and all claims demands, causes of action, liability or loss of any sort, arising out of acts or omissions of Developer, its agents or employees, related to this Agreement. Such obligation to defend and indemnify shall extend to damages to adjacent or downstream properties or the taking of property from owners of such adjacent or downstream properties as a result of the construction of the Improvements.

It shall also extend to damages resulting from diversion of waters, change in the volume of flow, modification of the velocity of the water, erosion or siltation, or the modification of the point of discharge as the result of the construction and maintenance of the drainage systems.

The approval of plans providing for any or all of these conditions shall not constitute the assumption by City of any responsibility for such damage or taking, nor shall City, by said approval, be an insurer or surety for the construction of the Improvements pursuant to said approved Improvement plans. The provisions of these "indemnity" issues shall become effective upon the execution of this Agreement and shall remain in full force and effect for one year following the acceptance by City of the Improvements. In accordance with the provisions of Civil Code Section 2782(b) the indemnification provided by this paragraph to indemnitee City by Developer shall not extend to injury, damage, or other liability or loss, arising out of or

4/11/2006

occasioned by the active negligence of City or any officer or employee thereof.

Upon demand by City, Developer shall at its own expense, defend City, its officers, agents and employees, against all such liabilities, claims, demands, actions, losses, damages or costs.

13. GENERAL PROVISIONS:

a. Relationship of Parties. Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between City and Developer or its agents, employees or contractors. Except as City may specify in writing, Developer shall have no authority to act as an agent of City or to bind City to any obligation.

b. Amendments. This Agreement, including any exhibits hereto, shall not be amended except in writing, signed by the parties. Any amendment or addendum to this Agreement shall expressly refer to this Agreement.

c. Waiver. Any waiver by either party of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure by either party to take action on any breach or default or to pursue any remedy allowed under this Agreement or applicable law. Any extension of time given to perform any obligation under this Agreement shall not operate as a waiver or release from any obligations. Consent to any act or omission shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for written consent to future waivers.

d. Entire Agreement. This Agreement and all exhibits hereto constitute the entire agreement and understanding between the parties relating to the subject matter hereof. All

4/11/2006

prior or contemporaneous negotiations, agreements, and understandings, oral or written, are revoked, cancelled, and rescinded, and are all merged herein and superseded hereby. No amendment, modification, or supplement to this Agreement will be binding on either party unless it is in writing and signed by the parties in interest at that time.

e. Severability. If any term or provision of this Agreement is determined to be illegal, unenforceable, or invalid in whole or in part for any reason, such illegal, unenforceable, or invalid provisions or part thereof will be stricken from this Agreement, and such provisions will not affect the legality, enforceability, or validity of the remainder of this Agreement.

f. Headings Not Controlling. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of the Agreement's provisions.

g. Language Construction. The language of each and all paragraphs, terms and/or provisions of this Agreement shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

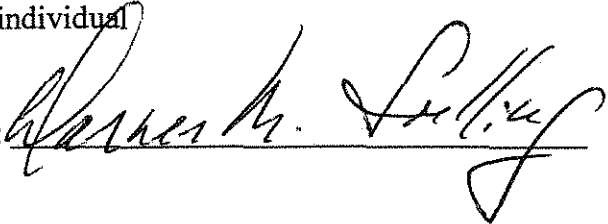

h. Discretion of City. City's execution of this Agreement in no way limits the discretion of City in the permit and approval process in connection with construction or development of the Property, except as expressly provided for in this Agreement.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk, under authority of Resolution No. \_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_\_ day of \_\_\_\_\_, 2006, and \_\_\_\_\_ has caused this Agreement to be duly executed.

REQUEST FOR PAYMENT

The undersigned (the "Developer") hereby requests payment pursuant to the CFF Reimbursement Agreement (the "Agreement"), dated \_\_\_\_\_, 2006, between the City of Modesto ("City") and the Developer, in the total amount of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_) for the Improvements identified in Exhibit "A" to the Agreement, all as more fully described in Attachment 1 hereto. In connection with this request for payment, the undersigned hereby represents and warrants to the City as follows:

1. He (she) is a duly authorized representative of the Developer, qualified to execute this request for payment on behalf of the Developer and acknowledgeable as to the matters set forth herein.
2. The Developer has submitted or submits herewith to the City as-built drawings or similar plans and specifications for the Improvements to be acquired as listed in Attachment 1 hereto, and such drawings or plans and specifications, as applicable, are true, correct and complete.
3. Developer has submitted or submits herewith to the City a warranty security for the Improvements to be acquired, in an amount as determined by District's Engineer and in a form approved by the City Attorney.
4. All costs of the Improvements are actual costs and have not been inflated in any respect.
5. Supporting documentation (such as third party invoices) is attached with respect to each cost.
6. Prevailing wages have been paid relative to the construction of the Improvements and all work has been performed by contractors licensed by the State of California to do said work.
7. The Improvements were constructed in accordance with all applicable City standards, and in accordance with the as-built drawings or plans and specifications, as applicable, referenced in paragraph 2 above.
8. The Developer is in compliance with the terms and provisions of the Agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-654**

**A RESOLUTION APPROVING A MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES WITH MUNI-FINANCIAL FOR THE PREPARATION OF FACILITIES MASTER PLANS, INFRASTRUCTURE FINANCE PLANS, AND FOR FORMATION OF COMMUNITY FACILITIES DISTRICTS AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City, has determined that Facilities Master Plans (“FMPs”), and Infrastructure Finance Plans, (“IFPs”) should be prepared for new Specific Plan areas to provide for the public facilities and services needed to serve these areas and to provide for phasing and funding mechanisms, such as Community Facilities District (“CFDs”) to ensure that the infrastructure necessary to serve development will be available in a timely manner, and

WHEREAS, the City has also determined that various technical studies and finance-related studies are needed to support the preparation of the FMPs and IFPs, and

WHEREAS, Muni-Financial (“Consultant”) has been pre-qualified and approved by the Council to provide the services to prepare said FMPs and IFPs , and

WHEREAS, City and Consultant desire to enter into a Master Professional Services Agreement for Consultant Services (“Master Agreement”) pursuant to which Consultant shall prepare FMPs, IFPs, technical studies and related on-call services as assigned by City, and

WHEREAS, prior to commencement of services under the Master Agreement, all work and services to be provided to City by Consultant shall be outlined in a Task Order for each project and shall be approved by the City in accordance with City’s policies regarding contracting authority,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Master Professional Services Agreement for Consultant Services between the City of Modesto and Muni-Financial for the preparation of Facilities Master Plans, Infrastructure Finance Plans, and for formation of Community Facilities Districts is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Master Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

City of Modesto  
TASK ORDER NO. 1

for

MuniFinancial

Master Professional Services Agreement for Consultant Services

**Pelandale-McHenry Specific Plan Area FMP/JFP**

This Task Order No. 1 is made and entered into by and between the City of Modesto, a municipal corporation (hereinafter "CITY"), and MuniFinancial, a California corporation (hereinafter "CONSULTANT") and is effective as of October 24, 2006.

### RECITALS

- A. CONSULTANT has entered into a Master Professional Services Agreement for Consultant Services, (hereinafter "Agreement"), dated October 24, 2006 ("AGREEMENT") with the CITY, by which the CONSULTANT has agreed to provide professional engineering and financial engineering services for various development projects, which is incorporated herein by reference.
- B. At the request of CITY and in compliance with the terms of the AGREEMENT, CONSULTANT has prepared the Task Order No. 1, a copy of which is attached hereto as Exhibit A.
- C. CITY and CONSULTANT desire that CONSULTANT perform the services as identified in the attached Task Order.

NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **INCORPORATION OF MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES.** This Task Order hereby incorporates by reference all terms and conditions set forth in the Master Professional Services Agreement, unless expressly modified by this Task Order. The AGREEMENT and this Task Order shall, to the fullest extent possible, be read and considered as fully integrated documents and shall be interpreted so as to avoid inconsistencies, comply with all applicable laws and ensure that the objectives of the parties will be fully realized.

Nothing in this Task Order is intended to supersede, terminate, modify or otherwise affect any provision of the AGREEMENT, except to the extent that a provision of this AGREEMENT is in direct and irreconcilable conflict with a provision of the AGREEMENT. Then, and only in that event, the provisions of the AGREEMENT shall prevail over the contradictory provision of the Task Order.

2. **SCOPE OF SERVICES.** CONSULTANT shall perform the services described in Exhibit "A" attached hereto and incorporated herein by reference. CONSULTANT shall not replace its Authorized Representative, nor shall CONSULTANT use any subcontractors or subconsultants not listed in this Task Order, without the prior written consent of CITY.
3. **TIME OF PERFORMANCE.** CONSULTANT shall commence performance within five (5) working days after receipt of a Notice to Proceed from City, and shall complete all required services no later than the dates set forth in Exhibit "A".

4. **COMPENSATION.** For services performed by CONSULTANT in accordance with this Task Order, CONSULTANT agrees to accept a sum not to exceed \$188,900. CONSULTANT shall be paid at the times and in the manner set forth in Paragraph 3 of the Master Professional Services Agreement, unless expressly provided otherwise in the attached Task Order.
5. **SIGNATURES.** The individuals executing this Task Order represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Task Order on behalf of the respective legal entities of the CONSULTANT and CITY. This Task Order shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2006-\_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_ day of \_\_\_\_\_, 2006, and \_\_\_\_\_ has caused this Agreement to be duly executed in duplicate as of the Effective Date set forth above.

RESOLUTION NO. 2006- 656**

**A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007 OPERATING BUDGET TO CREATE A MULTI-YEAR ACCOUNT (2900-020-0263) AND APPROPRIATING \$8,736, FUNDED BY MERITAGE HOMES OF CALIFORNIA, INCORPORATED, FOR THE PREPARATION OF A FACILITIES MASTER PLAN, INFRASTRUCTURE FINANCE PLAN, AND FOR FORMATION OF A COMMUNITY FACILITIES DISTRICT FOR THE PELANDALE-MCHENRY SPECIFIC PLAN AREA**

WHEREAS, the Pelandale-McHenry Specific Plan Area is in need of a Facilities Master Plan (“FMP”), and Infrastructure Finance Plan (“IFP”) to plan for necessary facilities and associated costs for buildout of that specific plan area, and

WHEREAS, on October 24, 2006, by Resolution No.2006-654, the Council of the City of Modesto approved a Master Professional Services Agreement for Consultant Services (“Agreement”) with MuniFinancial, a California corporation, for the preparation of FMPs, IFPs, technical studies and related on-call services as assigned by City, and

WHEREAS, on October 24, 2006, by Resolution No.2006-655, the Council of the City of Modesto approved Task Order No. 1 to the Agreement for the preparation of a FMP, IFP, and for formation of a Community Facilities District (“CFD”), and

WHEREAS, on October 24, 2006, by Resolution No.2006-657, an Advanced Funding Agreement between the City and Meritage Homes of California, Incorporated (“Applicant”) was approved by the City Council, and

WHEREAS, Applicant has deposited with the City the amount of eight thousand seven hundred and thirty-six dollars (\$8,736.00) to fund a portion of the costs for the Project and provide for reimbursement as appropriate, and

WHEREAS, additional deposits will be provided by Applicant, as required by the City and as necessary to fund Task Order No. 1, and

WHEREAS, the City will issue Notices to Proceed to the City's Consultant only for those subtasks for which the Applicant has deposited funds,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2006-2007 operating budget to create a multi-year account for the preparation of the Pelandale-McHenry Specific Plan Area Facilities Master Plan and Infrastructure Finance Plan and appropriates \$6,233 to 2900-020-0263-0235 for professional services and \$2,513 to 2900-020-0263-0255 for City services.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

# Exhibit "A"

## ADVANCED FUNDING AGREEMENT FOR THE PELANDALE-MCHENRY SPECIFIC PLAN AREA

THIS ADVANCED FUNDING AGREEMENT FOR THE PELANDALE-MCHENRY SPECIFIC PLAN AREA (this "Agreement"), dated as of \_\_\_\_\_, 2006, is entered into by and between the CITY OF MODESTO, a municipal corporation of the State of California (the "City") and MERITAGE HOMES OF CALIFORNIA, INCORPORATED (the "Applicant").

### *RECITALS:*

A. Applicant has a legal interest in real property located within a portion of the Pelandale-McHenry Specific Plan Area ("Specific Plan"), shown in Exhibit A attached hereto and incorporated herein by this reference, and is interested in pursuing development of properties in the Specific Plan.

B. Applicant has requested that the City prepare a Facilities Master Plan and Infrastructure Finance Plan ("FMP/IFP"), and create an appropriate financing mechanism, such as a community facilities district ("CFD") for the principal purpose of master planning and financing the various public facilities and services which are necessary to serve or desirable for the development of the Specific Plan (collectively the "Project").

C. City has either retained, or will retain outside consultants, to assist it with the Project and, if the City determines to proceed with the formation of a CFD, to assist it in connection therewith and with the possible issuance of bonds.

D. The scope of work for the Project ("Scope"), including the estimated costs for completing the Project ("Estimated Costs"), is attached as Exhibit B.

E. Applicant is prepared to deposit with the City the amount needed to fund Task 1 as set forth in the Scope plus 30% for staff time and expenses in order to provide the City with an initial source of funds with which to pay expenses expected to be incurred in connection with the Project. Additional deposits will be provided by Applicant, as required by the City.

F. The City and Applicant are desirous of entering into this Agreement in order to provide monies for the City's costs for the preparing the Project on a time and materials basis, to provide mechanisms by which the funds deposited under this Agreement shall be applied and by which Applicant may make additional deposits, and to reimburse Applicant for monies advanced for the benefit of other landowners in the Project.

G. Pursuant to California Government Code Section 53314.9 and the City's CFD Policies and Procedures, the City Council of the City is authorized to accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or work-in-kind for any authorized purpose, including, but not limited to, paying any costs incurred in connection with the planning and formation of a community facilities district. The City Council of the City is also authorized to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay all or a portion of the funds advanced or to reimburse the person or entity for the cost or value

of the work-in-kind provided that certain conditions are met. The conditions to be satisfied with respect to funds advanced require that (1) the proposal to repay the funds or to pay the cost or value of the work-in-kind must be included in the resolution of intention for the proposed community facilities district and in the resolution of formation for the proposed community facilities district, (2) any proposed special tax is approved by the qualified electors of the community facilities district and, if a proposed special tax is not approved, any funds advanced which have not been committed for any authorized purpose by the time of the election must be returned to the person or entity advancing funds and (3) any work-in-kind accepted shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority, of the local agency.

H. The City and the Applicant are desirous of entering into this Agreement in accordance with Government Code Section 53314.9 and the City's CFD Policies and Procedures in order to provide a mechanism by which the Applicant may make additional deposits if determined necessary pursuant to the City's CFD Policies and Procedures and, when and if bonds are issued and proceeds are available, the CFD can reimburse the Applicant for the amounts advanced by the Applicant.

### AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals. Each of the above recitals is incorporated herein and is true and correct.
2. Proposed Preparation of the Facilities Master Plan ("FMP") and Infrastructure Financing Plan ("IFP").
  - a. Applicant agrees to pay all costs of preparing, processing and approving the FMP/IFP.
  - b. Within ten (10) calendar days after the City Council approves this Agreement, Applicant shall deposit with the City the sum of \$8,736.00 ("Initial Deposit") to fund Task 1 as identified in the Scope ("Task 1"). The Initial Deposit includes 30% for staff time and expenses associated with said Task. The Initial Deposit will be held in trust by the City and used solely for the purposes set forth in this Agreement. Upon receipt by the City of the Initial Deposit and all documents deemed necessary by the City to proceed with the Project, the City will commence work on Task 1 on a time and materials basis and will provide a Notice to Proceed to its Consultant to proceed with Task 1. In connection therewith, the City has either retained, or will retain, the consultants that the City determines necessary or convenient to assist it with the Project and, if the City determines to proceed with the formation of the CFD, to assist it in connection therewith and with the possible issuance of bonds.

After the Initial Deposit has been expended on the Project, Applicant shall make additional advances to the City as provided by subparagraph (d), below, until the Project has been completed or terminated, and all costs associated with the

Project have been fully paid. City will commence work on subsequent Tasks as identified in the Scope on a time and materials basis and will provide a Notice to Proceed to Consultant for each such Task within ten (10) calendar days after it has received an additional deposit sufficient to cover the estimated costs for said Task plus 30% for staff time and expenses associated with said Task

- c. The consultants shall submit invoices to the City for payments based on work completed; such invoices will be promptly sent by the City to the Applicant, which will have ten (10) business days to challenge the work performed, and the City will in good faith consider the position of the Applicant prior to approving payment. Applicant understands and agrees that City shall have the right, in its sole discretion, to approve and pay all such consultant invoices, and may do so consistent with this subsection (c) without obtaining Applicant's approval.

Applicant shall make additional advances to the City within ten (10) business days following receipt from the City of a request for an additional advance to cover the costs referred to herein. In the event that Applicant does not deliver the requested amount to the City within such ten (10) business day period, the City will have no obligation to proceed with any activity relating to the Project. The Applicant may notify the City at any time, in writing, of its intention to abandon the Project. Immediately upon City's receipt of such notice, but in no case later than two (2) business days, the City shall instruct in writing its consultants to cease work immediately. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisors relating to the Project until City issues this cease work notice.

- d. Within 60 calendar days after issuance of a cease work notice, City agrees to return to Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by City relating to the Project.
- e. Applicant agrees that, notwithstanding the Applicant's funding and reimbursement obligation under this Agreement, the consultants selected by the City shall be the contractors exclusively of the City and not of the Applicant. Except for those disclosures required by law including, without limitation the Public Records Act, all conversations, notes, memoranda, correspondence, and other forms of communication by and between the City and its consultants shall be, to the extent permissible by law, privileged and confidential and not subject to disclosure to the Applicant. Applicant agrees that it shall have no claim to, nor shall it assert any right in any reports, correspondence, plans, maps, drawings, news releases or any and all other documents or work project produced by City's consultants. Applicant understands that it will not be a third party beneficiary to City's contracts with the consultant. City will consult with Applicant prior to replacing its current consultants; however, Applicant agrees that City may select other consultants to replace its current consultants and may do so without obtaining Applicant's approval.

- f. City and Applicant shall work cooperatively and in good faith to facilitate completion of Project as quickly as possible and in the most cost effective way. City and Applicant shall meet and consult on dates and times as may be mutually agreed upon to discuss the progress and any key issues involved in the Project; provided, however, that Applicant's role is advisory only and that City shall control all aspects of the Project. The final work product to be produced by City's consultants shall be subject to the City's sole approval and control.

3. Proposed Formation of the CFD and Issuance of Bonds.

- a. Applicant agrees to pay all costs of preparing, processing and forming a CFD for the Specific Plan area if a CFD is determined to be necessary by the IFP
- b. Upon receipt by the City of a completed application from Applicant for the formation of the CFD, the formation deposit for the CFD, and all documents related thereto as described in the City's CFD Policies and Procedures, the City will undertake to analyze the appropriateness of forming the CFD and the issuance of bonds by it. In connection therewith, the City has either retained or will retain, at the Applicant's expense, the consultants that the City determines necessary or convenient to assist it in studying the proposed formation of the CFD and, if the City determines to proceed with the formation of the CFD, to assist it in connection therewith and with the possible issuance of bonds.
- c. Pursuant to the City's CFD Policies and Procedures, the Applicant shall make additional advances to the City within ten (10) days following receipt from the City of a request for an additional advance to cover the costs referred to herein. In the event the Applicant does not deliver the requested amount to the City within such ten (10) day period, the City will have no obligation to proceed with any activity relating to the formation of the CFD and/or the issuance of bonds. The Applicant may notify the City at any time, in writing, of its intention to abandon the formation of the CFD or the issuance of bonds. Upon receipt of such notice, the City shall instruct its consultants to cease work as soon as practicable. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisor relating to the proposed formation of the CFD and/or bond issuance until work with respect to the proposed formation or bond issuance ceases following the receipt of the Applicant's notice of abandonment. Within 60 calendar days after receipt of the Applicant's notice of abandonment, City agrees to return to Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by City relating to the Project.

4. Reimbursement Procedure. If the CFD is formed and bonds are issued, bond proceeds in excess of the amount determined by the City's District Administrator to be required in order to satisfy the requirements of the City's CFD Policies and Procedures with respect to capitalized interest and reserves and to pay for the authorized CFD facilities and other incidental expenses therefore may be used to reimburse the Applicant for the amounts that the Applicant has advanced to the City in connection with this Agreement, all as provided for in the City's CFD Policies and Procedures. In the event that the CFD is not formed for any reason, or in the event that

the CFD is formed and bonds are not issued for any reason, the City shall return any funds which have been advanced by the Applicant pursuant to this Agreement and which have not been expended, obligated or otherwise committed for any authorized purpose, subject to the complete reimbursement to the City of all of its direct and indirect costs. If the amounts previously advanced by the Applicant are insufficient to fully reimburse the City for all of its direct and indirect costs, the Applicant shall promptly pay to the City the amount of the deficiency. The City shall be entitled to pay any refund required pursuant to the provisions hereof to the entity that is the signatory to this Agreement irrespective of any changes in the ownership of the property or the organization of the Applicant, and the City shall not be required to pay interest on any amount required to be refunded pursuant to this Agreement.

5. Abandonment of the Project. The Applicant understands that, subject to the satisfaction of all applicable legal requirements, the decision to review, process, prepare or approved the proposed Project, shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to review, process, prepare or approve the proposed Project. The City shall have no liability to Applicant for a decision not to review, process, prepare or approve the proposed Project.

6. Abandonment of Proposed CFD. The Applicant understands that, subject to the satisfaction of all applicable legal requirements, the decision to form the CFD and the decision to issue bonds shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to form the CFD or to issue bonds. Should the proceedings to form the CFD be abandoned for any reason, the City shall provide written notification of such abandonment to the Applicant and shall return to the Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by the City relating to formation of the CFD. Said monies shall be returned within 60 days of the issuance of the written notice of abandonment. Except for such reimbursement, the City shall have no liability to Applicant for a decision not to form the CFD or issue bonds.

7. Indemnification and Hold Harmless. The Applicant hereby assumes the defense of, and indemnifies and saves harmless, the City and each of its officers, directors and employees, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of or arising out of any acts or omissions of the Applicant or any of the Applicant's officers, employees, contractors and agents in connection with the proposed formation of the CFD or any work-in-kind provided by or on behalf of the Applicant or its consultants, except for any action, damages, claims, losses or expenses arising out of the sole negligence or willful misconduct of the City, its officers, directors, employees or agents.

8. Notices. Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

Applicant: Meritage Homes  
Attn: Michael P. Evans  
1800 Sutter Street, Suite 500  
Concord, California 94520

Phone: (925) 363-9938  
Facsimile: (925) 288-3033

City: City of Modesto  
1010 Tenth Street, Suite 6100  
Modesto, California 95353  
Attention: IFP Administrative Officer

Phone: (209) 577-5211  
Facsimile: (209) 571-5128

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

9. Assignment. The Applicant may assign its interest in this Agreement with the prior written consent of the City, which consent shall not be unreasonably withheld. Any assignment or attempt to assign this Agreement without the prior written consent of City shall be deemed null and void as of the date of the purported assignment. All covenants, stipulations, and agreements in this Agreement shall bind any such representatives, successors and assigns.

10. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent permitted by law.

11. Entire Agreement. This Agreement contains the entire agreement between the parties with respect to the matters provided for herein. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

12. Amendments. This Agreement may be amended or modified only by written instrument signed by all parties. Any amendment or addendum to this Agreement shall expressly refer to this Agreement.

13. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

14. No Third Party Beneficiaries. No person or entity shall be deemed to be a third party beneficiary hereof; and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City (and its officers, directors, employees and agents providing services under this Agreement) and the Applicant, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

15. Singular and Plural; Gender. As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

16. Termination. This Agreement shall terminate and be of no further force and effect on the fifth (5<sup>th</sup>) anniversary of the date of this Agreement unless expressly amended by the parties; provided, however, that the Applicant's obligations under Section 7 shall survive the termination and the City's obligation to provide reimbursement in accordance with Section 4 for expenses incurred prior to the termination date shall also survive termination.

17. Time is of the Essence. Except as otherwise expressly stated, time is of the essence in the performance of each and every action required pursuant to this Agreement.

18. Language Construction. The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

19. Representations of Authority. Each party signing this Agreement on behalf of a party which is not a natural person hereby represents and warrants to the other party that all necessary legal prerequisites to that party's execution of this Agreement have been satisfied and that he or she has been authorized to sign this Agreement and bind the party on whose behalf he or she signs.

20. Relationship of Parties. Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between City and Applicant or its agents, employees or contractors. Except as City may specify in writing, Applicant shall have no authority to act as an agent of City or to bind City to any obligation.

21. Title of Parts and Sections. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of this Agreement's provisions.

22. Waiver. The waiver by any party to this Agreement of any action, obligation, or commitment required by this Agreement or of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof or of any action, obligation, or commitment required by this Agreement unless specifically stated in writing.

23. Discretion of the City. City's execution of this Agreement in no way limits the discretion of City in the permit and approval process in connection with any entitlements within City's jurisdiction, including those related to the Project, or with the design, construction or funding of any onsite or offsite infrastructure improvements within the City's jurisdiction.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2006-\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_\_ day of \_\_\_\_\_, 2006, and MERITAGE HOMES OF CALIFORNIA, INCORPORATED has caused this Agreement to be executed in duplicate, effective as of the date first written above.

## MuniFinancial Scope of Work

### Facilities Master Plan and Infrastructure Financing Plan for the Pelandale /McHenry Specific Plan

## Introduction

The objective of this project is to prepare a Facilities Master Plan (FMP) and an Infrastructure Financing Plan (IFP) for the Pelandale/McHenry Specific Plan (PMSP). The PMSP provides development requirements for approximately 82 acres of land in the City of Modesto. The PSMP anticipates build out of 386 dwelling units and 2.9 acres (net) of commercial uses. Existing development on the site includes a 15-acre mobile home park, several single family residents, and about eight acres of commercial uses. The site also has existing and future rights-of-way for the Hetch-Hetchy Aqueduct, Modesto Irrigation District Lateral No. 6, an arterial, and an expressway.

The primary purposes of the FMP are to:

- ♦ Define the public facilities needed to accommodate development in the specific plan area;
- ♦ Provide cost estimates for those facilities; and
- ♦ Identify any facility phasing requirements, particularly the need for “backbone” infrastructure in advance of development.

The primary purposes of the IFP are to:

- ♦ Estimate market absorption rates for proposed development in the project area;
- ♦ Allocate a fair share of public facility costs identified in the IFP to each proposed land use in the project area;
- ♦ Recommend appropriate funding sources and financing mechanisms to fund public facilities (1) in a financially feasible manner, and (2) phased as necessary to adequately serve projected development;
- ♦ Identify special districts that provide funding for public services such as landscape and lighting that should be expanded to include the project; and
- ♦ Form a community facilities district to finance proposed improvements.

## Task Plan

### Task 1.1: Provide Project Management & Policy Development

*Objective:* Identify and resolve policy issues; ensure the project is completed within budget and on schedule.

*Description:* We will identify and resolve policy issues with City staff as we review existing documents and develop the financing plan. These issues may include, for example:

- ◆ Allocation of costs for planned facilities with a citywide impact to a citywide impact fee program;
- ◆ Threshold facility standards that determine backbone infrastructure;
- ◆ Integration of private and other non-impact fee funding sources into the funding plan; and
- ◆ Implementation strategies and policies.

This task includes outside coordination with city staff and the EIR consultant, and inside coordination between MuniFinancial and Willdan. We will keep City staff informed on a regular basis (e.g. monthly conference call) regarding outstanding information needs, unresolved issues, and progress of the project to date. We will prepare and send invoices for project billing.

*Meetings:* One meeting to kick off the project with city staff and the developer.

*Deliverables:* None.

## **Task 1.2: Prepare Facilities Plans & Costs**

*Objective:* Prepare design drawings and cost estimates for needed public improvements.

*Description:* Outside City consultants have prepared or are in the process of preparing capacity studies detailing infrastructure needs for the specific plan area for water, sanitary sewer, drainage, and roads. The project proponent's engineer has also prepared a number of engineering reports and documents. Based on our initial review, these documents provide the needed engineering analysis to support the sizing and routing of the improvements. These documents appear to be sufficient for the purposes of this task to proceed with the development of design drawings, to the extent needed, and the preparation or review and approval of cost estimates.

Although the proposed development is relatively small the project raises facility design and phasing issues that we will specifically address, including a temporary sewer line which may be needed to provide service pending the completion of a permanent line as part of the City's wastewater master plan.

This analysis will assume that development of the specific plan area will not require an adjustment to current citywide impact fee programs. The project represents too small an increment in relation to the overall service area of the City to significantly impact citywide impact fee rates.

In addition, the City is currently updating the master plan for the wastewater treatment plant that serves this area. We anticipate that we will be provided with service area growth projections and cost estimates to accommodate growth so that we can calculate the Pelandale/McHenry project's fair share of those improvements.

The work proposed for this task is as follows:

- ◆ Review the capacity studies, Specific Plan and project proponent's engineering documents to extract a description of the needed improvements for purposes of preparing cost estimates.
- ◆ Identify and describe, if appropriate by reference to existing facility funding programs, all other facility needs not addressed by the capacity studies including general government, parks and recreation, public safety, schools, and transit.
- ◆ Review citywide impact fee programs and identify any overlap of facilities that may exist for potential developer reimbursement.
- ◆ Identify any backbone infrastructure needed in advance of development based on applicable facility standards.
- ◆ Based on the above descriptions, prepare a basis of cost for the facilities plan. Carefully identify and cost elements, if any, that are more properly funded by existing impact fee programs.
- ◆ Prepare 30 percent design drawings requiring an estimated 30 sheets for water, wastewater, storm drain, and street infrastructure.

*Meetings:* Two meetings, one to review facility needs with city staff and one to review preliminary drafts of facility plans and costs.

*Deliverables:* Facility descriptions and cost estimate tables to be included in final report with 30 percent design drawings provided as an appendix.

### **Task 1.3: Conduct Market Analysis**

*Objective:* Ensure that the financial feasibility of financing plan is based on current and projected real estate market conditions.

*Description:* We will develop an understanding of the market conditions for the project area based on site visits, interviews with real estate professionals, and web-based research. We will use the City's boundaries to define the market area, and will evaluate historical development trends and land supply available for development within this area.

We will use this analysis to estimate absorption rates within the project area through build out. We will focus on (1) immediate absorption for the purposes of financing backbone infrastructure; (2) long-term absorption (typically 20 to 30 years), and (3) build out.

We will also estimate current market values by land use category or product type to support the financial feasibility analysis conducted in the following task.

*Meetings:* None.

*Deliverable:* Market context, absorption projection, and unit values to be included in final report.

## Task 1.4: Develop Infrastructure Financing Plan

*Objective:* Identify and program the appropriate revenues sources and financing mechanisms to ensure a financially feasible financing plan.

*Description:* This task will develop a financial model to provide a tool for development of the financing plan. The plan will be based on planned public facilities costs and phasing requirements, and the results of the market analysis. We will identify sufficient funding sources to fully fund facility costs. We will recommend appropriate financing mechanisms for facilities that must be phased in advance of available funding. We will also identify special districts that provide funding for public services such as landscape and lighting that should be expanded to include the project.

**Funding sources.** We will develop the funding plans based on the following potential sources:

- ♦ Impact fees. Evaluate and incorporate as appropriate existing fee revenues and fund balances that are applicable to planned facilities. Develop project-specific fee programs based on a fair share cost allocation methodology as necessary. Incorporate debt financing costs if applicable.
- ♦ Special taxes and assessments. Consider whether annexation to existing special taxes or assessments districts is appropriate. Recommend new special taxes or assessments for the project area as appropriate.
- ♦ Private funding. Incorporate proposed funding from developers such as dedicated facilities and rights-of-way.
- ♦ Public funding. Work with City staff to identify any other available public funding for planned facilities such as property and sales tax increments, utility revenues, asset sales, and grants.

**Financing mechanisms.** As necessary we will evaluate and recommend use of one or more of the following financing mechanisms:

- ♦ Community Facilities Districts;
- ♦ Special assessment districts;
- ♦ Revenue bonds (e.g. utility enterprise funds);
- ♦ Developer financing (e.g. credits and reimbursements);
- ♦ Lease-purchase (e.g. certificates of participation); and
- ♦ Tax increment bonds (redevelopment project area).

We will present the recommended funding and financing plan as a matrix of revenue sources and capital projects. We will provide separate matrices for the initial development phase (including backbone infrastructure), any applicable interim phases, and build out. We will indicate required financing mechanisms by phase including the total amount bonded and the amount of construction proceeds.

**Financial Feasibility (burden analysis).** We will estimate the total cost burden on new development for facilities and services in terms of (1) value-to-lien ratios and (2) the rate of annual taxes, charges, and assessments. The analysis will be used to develop the funding and financing approach and demonstrate that the proposed financing plan remains within acceptable real estate market and underwriting standards.

**Implementation.** Evaluate sensitivity of the financing plan to future land uses that may vary from those assumed as a basis for this analysis

*Meetings:* One meeting with city staff and the developer to discuss financial modeling results.

*Deliverables:* Financing plan matrices and tables to be included in final report.

### **Task 1.5: Prepare Facilities Master Plan / Infrastructure Financing Plan Report**

*Objective:* Communicate the assumptions, methodologies, and results of FMP and IFP to City staff, elected officials, and the public. Provide an FMP/IFP report for adoption in conjunction with the PMSP.

*Description:* We proposed combining the FMP and IFP into a single document because the infrastructure capacity studies that have already been completed provide substantial documentation that can be summarized in the report without the need to prepare a separate FMP.

Based on the results of prior tasks we will first prepare a package of draft report tables and charts for City staff to review. The tables will document each step of the analysis including:

- ◆ Public facility locations, descriptions, and costs;
- ◆ Funding source/capital project matrices and debt financing requirements;
- ◆ Cost allocations by land use including impact fee, special tax, and special assessment rates; and
- ◆ Financial feasibility metrics.

Following City staff approval of the quantitative analysis and graphic presentations, we will prepare a preliminary administrative draft report for staff comment and then a final administrative draft for final comments. Based on those final comments we will prepare a public draft for presentation the City Council and the public.

The FMP/IFP will include the following chapters:

1. **Public Facility Planning and Financing Policies.** Describe policies that guide development and implementation of the FMP/IFP including public facility standards and new development's funding responsibilities.
2. **Land Use and Market Analysis.** Summarize proposed land use plan, absorption rates, development phases, and market values by land use category.

3. **Public Facility Costs and Phasing.** Identify public facilities required to serve development and mitigate environmental impacts by development phase, including backbone infrastructure needed in advance of development.
4. **Funding and Financing Plan.** Present funding sources and financing mechanisms by development phase that enable delivery of planned facilities. Include indicators of financial feasibility.
5. **Implementation Measures.** Recommend implementation measures including preparation of fee nexus studies, formation of special districts, and development of credit and reimbursement programs. Recommend measures for accommodating future land use changes that vary of those assumed in the analysis.

*Meetings:* Three meetings total: one to review the package of draft report tables and charts, one to review the first administrative draft report, and one to present the report to the City Council.

*Deliverables:* (1) Draft report tables and charts; (2) preliminary administrative draft report; (3) final administrative draft report; (4) public draft report.

## **Task 1.6: Support Community Facilities District Formation**

*Objective:* Provide special tax consulting services to support formation of community facilities district (CFD).

*Description:* This task will have the following subtasks:

1. **Rate and method of apportionment:** Develop debt financing assumptions and criteria, including adopted City financing policies, costs of issuance, and overlapping debt. Use results of prior tasks to develop special tax schedule based on pro forma cash flow analysis.
2. **Public hearing report:** Prepare public hearing report in compliance with statute, including: (a) description, costs, and estimated construction date of proposed facilities, (b) estimates of bond issuance costs, (c) projected bonded indebtedness and issuance dates, and (d) explanation of special tax schedule and projected rates by parcel.
3. **Bond issuance support:** Conduct final calculations and prepare tables for (a) special tax coverage, (b) value-to-lien ratios, (c) overlapping debt, and (d) effective tax rate schedules by parcel to include in Preliminary Official Statement (POS) and Official Statement (OS). Provide signed Special Tax Consultant Certificate. Review and comment on draft POS and OS.

*Meetings:* Three meetings: one to discuss preliminary pro forma analysis and rate and method of apportionment, one for adoption of the resolution of intention, and one for the public hearing.

*Deliverable:* (1) Rate and method of apportionment (draft and final); (2) public hearing report (draft and final); and (3) tables for POS and OS.

# Budget

The following table provides the level of effort and budget by task for the scope of services described above. This budget includes up to seven on-site meetings (conference calls are not considered meetings for the purposes of this budget).

## **Modesto Pelandale/McHenry Specific Plan FMP/IFP Budget**

<b>Task</b>	<b>Total Hours</b>	<b>Total Costs</b>
1.1 Provide Project Management & Policy Development	48	\$ 6,720

1.3. Conduct Market Analysis	36	3,600
1.4. Develop Infrastructure Financing Plan	184	21,200
1.5. Prepare Report	128	16,000
1.6. Support CFD formation	<u>168</u>	<u>18,120</u>
Subtotal Labor	1,632	\$ 184,080
Direct Expenses		<u>4,820</u>
Total Budget		<u>\$ 188,900</u>

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-658**

**A RESOLUTION APPROVING AN ACQUISITION AND SHORTFALL AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND STANDARD PACIFIC HOMES CORP., A DELAWARE CORPORATION, FOR IMPROVEMENTS ON THE EAST SIDE OF ROSELLE AVENUE, NORTH OF KODIAK DRIVE, WITH A MAXIMUM REIMBURSEMENT AMOUNT OF \$506,782, AUTHORIZING THE DISTRICT ADMINISTRATOR TO EXECUTE THE AGREEMENT, AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS AMENDED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH NO. 90020181), AND THE 2003 ADDENDUM TO THE EIR**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, Standard Pacific Homes Corp., a Delaware Corporation, (“Developer”) has agreed to install certain improvements on the east side of Roselle Avenue, north of Kodiak Drive, and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“Agreement”) between City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Developer, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of \$506,782, and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment EA/C&ED 2004-24, which concludes that the Developer’s project, including the improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified

Village One Specific Plan Program EIR as amended by the 1994 Final Supplemental EIR (SCH No. 90020181), and the 2003 Addendum to the EIR, and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and Standard Pacific Homes Corp., a Delaware Corporation, (“Project”) is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR as amended by the 1994 Supplemental EIR, and the 2003 Addendum to the EIR, (“Program EIR”), and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will

result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

- a. one or more significant effects which is not discussed in the Program EIR; or,
- b. significant effects which were previously examined will be substantially more severe than previously shown; or,
- c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
- d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

6. The Written Checklist, Environmental Assessment EA/C&ED 2004-24, provide the substantial evidence to support findings 1-5, above.

BE IT FURTHER RESOLVED that the Acquisition and Shortfall Agreement between the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Standard Pacific Homes Corp. for construction of certain improvements on Roselle Avenue is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-659**

**A RESOLUTION APPROVING AN ACQUISITION AND SHORTFALL AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND PPC SUNRISE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, FOR IMPROVEMENTS ON THE EAST SIDE OF OAKDALE ROAD, NORTH OF LAFORCE DRIVE, WITH A MAXIMUM REIMBURSEMENT AMOUNT OF \$180,658.62, AUTHORIZING THE DISTRICT ADMINISTRATOR TO EXECUTE THE AGREEMENT, AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS AMENDED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH NO. 90020181), AND THE 2003 ADDENDUM TO THE EIR**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, PPC Sunrise, LLC, a California Limited Liability Company, (“Developer”) has agreed to install certain improvements on the east side of Oakdale Road, north of LaForce Drive, and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“Agreement”) between City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Developer, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of \$180,658.62, and

WHEREAS, the City Council has received and considered Written Checklist, Environmental Assessment EA/C&ED 2006-31, which concludes that the Developer’s project, including improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One

Specific Plan Program EIR as amended by the 1994 Final Supplemental EIR (SCH No. 90020181), and the 2003 Addendum to the EIR, and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and PPC Sunrise, LLC ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR as amended by the 1994 Final Supplemental EIR, and the 2003 Addendum to the EIR, ("Program EIR"), and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial

increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

- a. one or more significant effects which is not discussed in the Program EIR; or,
- b. significant effects which were previously examined will be substantially more severe than previously shown; or,
- c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
- d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

6. The Written Checklist, Environmental Assessment EA/C&ED No. 2006-31, provide the substantial evidence to support findings 1-5, above.

BE IT FURTHER RESOLVED that the Acquisition and Shortfall Agreement between the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and PPC Sunrise, LLC for construction of certain improvements on Oakdale Road is hereby approved.

BE IT FURTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-660**

**A RESOLUTION APPROVING A CFD RIGHT-OF-WAY REIMBURSEMENT AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND PPC SUNRISE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, FOR APPROXIMATELY 0.1583 ACRES ON THE EAST SIDE OF OAKDALE ROAD, NORTH OF LAFORCE DRIVE, WITH A MAXIMUM REIMBURSEMENT AMOUNT OF \$58,779.16, AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT, AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THE AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS AMENDED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH NO. #90020181), AND THE 2003 ADDENDUM TO THE EIR**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, PPC Sunrise, LLC, A California Limited Liability Company, (“Developer”) has agreed to sell approximately 0.1583 acres on the east side of Oakdale Road, north of LaForce Drive, to the City of Modesto so that certain improvements to Oakdale Road can occur, and

WHEREAS, the City Council has considered the proposed CFD Right-of-Way Reimbursement Agreement (“Agreement”) between City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Developer, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of \$58,779.16, and

WHEREAS, the City Council has received and considered Written Checklist, Environmental Assessment EA/C&ED 2006-31, which concludes that the Developer’s project, including improvements for which the Developer will be reimbursed under the proposed

agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as amended by the 1994 Final Supplemental EIR (SCH No. 90020181), and the 2003 Addendum to the EIR, and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines:

1. The proposed CFD Right-of-Way Reimbursement Agreement between City of Modesto Community Facilities District No. 2004-1 and PPC Sunrise, LLC ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR, and the 2003 Addendum to the EIR ("Program EIR"), and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously

identified significant effects and therefore, no major revisions to the Program EIR, are required.

5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
  - d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.
6. The Written Checklist, Environmental Assessment EA/C&ED No. 2006-31, provide the substantial evidence to support findings 1-5, above.

BE IT FURTHER RESOLVED that the CFD Right-of-Way Reimbursement Agreement between the City of Modesto Community Facilities District No. 2004-1 (Village One #2) and PPC Sunrise, LLC for right-of-way acquisition for construction of certain improvements on Oakdale Road is hereby approved.

BE IT FURTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute the Agreement and all related property documents as Grantee on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24 day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-661**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PROVISION OF RENTAL EQUIPMENT SERVICES ON A CITYWIDE BASIS TO HERTZ EQUIPMENT RENTAL CORPORATION OF MODESTO, CA, HOLT OF CALIFORNIA OF TURLOCK, CA, AND UNITED RENTAL COLDWELL OF MODESTO, CA FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ADDITIONAL ONE-YEAR CONTRACT EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF \$350,000.**

WHEREAS, the Public Works Department has requested the provision of rental equipment services, and is the primary user of rental equipment, and

WHEREAS, various divisions within the Public Works Department may have a need for rental equipment services for City projects, and

WHEREAS, rental equipment services are used over the last fiscal year consisted of: trenchers, rollers, concrete saws, saws, trailers, one-half ton pickups, water trucks, dump trucks, forklifts, loaders, crane trucks, compactors, air compressors, and jack hammers, and

WHEREAS, Resolution No. 2006-309 adopted May 23, 2006, authorized the Purchasing Manager to solicit formal bids for rental equipment services, and

WHEREAS, the Purchasing Division solicited formal bids for rental equipment services on Request for Bid (RFB) 0607-05, and

WHEREAS, twelve (12) vendors were solicited, six (6) of which were local vendors, and

WHEREAS, out of twelve (12) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, bids were evaluated on a weekly rental rate and awarded by line item, and

WHEREAS, the following vendors were deemed to be the lowest responsive and responsible bidders for rental equipment services:

- Hertz Equipment Rental Corporation of Modesto, CA.
- Holt of California of Turlock, CA.
- United Rental Coldwell of Modesto, CA.

and,

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 requires all purchases, which meet or exceed \$50,000 for materials, equipment or contractual services be formally bid, and

WHEREAS, Section 8-3.203(a) of the MMC states that purchases whose total maximum cost to the City exceed \$50,000 shall receive preliminary approval of Council, and

WHEREAS, this requirement for the provision of rental equipment service received said approval by Resolution No. 2006-309, and

WHEREAS, the Request for Bid (RFB) process conforms to City Code, and

WHEREAS, the City Council has appropriated funds for rental equipment services in the following accounts: 6180-Variou-85 (Water Fund-CIP), 0100-350-32522-0216 (General Fund), 6210-480-5213-0216 (Sewer Operations), 6210-480-5214-0216 (Sewer Operations), 0700-480-4622-0218 (Street, Traffic & Forestry), 0700-160-1612-0365 (Street, Traffic & Forestry), 0700-160-1612-0308 (Street , Traffic & Forestry), and

WHEREAS, the Purchasing Division has coordinated the solicitation and evaluation of bids for rental equipment services with the Public Works Department Divisional staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the provision of rental equipment services on a Citywide basis to Hertz Equipment Rental Corporation of Modesto, CA, Holt Of California of Turlock, CA, United Rental Coldwell of Modesto, CA for an initial two (2) year period, with three (3) additional one-year contract extension options, at the sole discretion of the City, for a total estimated annual cost of \$350,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-662**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF LIQUID CHLORINE AND SODIUM HYPOCHLORITE FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ONE-YEAR CONTRACT EXTENSIONS, AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF \$147,000.**

WHEREAS, the Public Works Department-Water Quality Control (WQC) Division has requested the purchase of liquid chlorine, and

WHEREAS, the estimated annual cost for liquid chlorine is \$147,000.00, and

WHEREAS, the Public Works Department-Water Division is requesting the purchase sodium hypochlorite, and

WHEREAS, the estimated annual cost for sodium hypochlorite is \$50,000.00, and

WHEREAS, liquid chlorine (CL2) is used during river discharge season from October 1<sup>st</sup> through May 31, and

WHEREAS, this product is utilized at the Jennings Road facility to chlorinate and disinfect our final effluent to the San Joaquin River, as required in the City's permit, and

WHEREAS, the Jennings Road facility, located at 7007 Jennings Road, borders the San Joaquin River, and

WHEREAS, the plant was constructed in 1965 and in 1985 the CL2 system was installed, and

WHEREAS, the system includes 26 one-ton tanks with four chlorinators, and

WHEREAS, at present, the Jennings Facility is using a gas feed system, and

WHEREAS, to unload the one-ton chlorine cylinders, the unloading station uses a 4,000 pound capacity hoist to unload the one-ton cylinder, and

WHEREAS, the City of Modesto Water Division uses sodium hypochlorite to disinfect

the domestic water supply as specified by water purveyors permit as issued by the California Department of Health Services, and

WHEREAS, the disaffection process, using a 12.5% Sodium Hypochlorite Solution, has provided drinking water disaffection while maintaining a chlorine residual in the distribution system to protect our customers from possible water borne disease, since 1995, and

WHEREAS, sodium hypochlorite is a liquid solution containing chlorine in a salt form, and

WHEREAS, this is a more concentrated form of the same solution that is the familiar laundry bleach (5.5% sodium hypochlorite), and

WHEREAS, this allows for well water and the water distribution systems to be chlorinated in as safe a form as possible for both City personnel and City customers, and

WHEREAS, the City of Modesto Water Division Staff has found that the use of a pure solution of 12.5% Sodium Hypochlorite solution has several disinfecting benefits, and

WHEREAS, sodium hypochlorite is a more stable solution that does not deteriorate as quickly as the solutions of less pure quality, and

WHEREAS, the more stable the solution, the greater the consistency of the chlorine dosage, and

WHEREAS, there are fewer residues, and therefore less maintenance time required on the chlorinating system, and

WHEREAS, by soliciting competitive bids for liquid chlorine and sodium hypochlorite, the Finance Department, City Purchasing Division will comply with the Modesto Municipal Code, (MMC) requires for formal bids,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves formal solicitation of bids for liquid chlorine and sodium hypochlorite for an

initial two (2) year period, with three (3) one-year contract extensions, at the sole discretion of the City, for an estimated annual cost of \$147,000.00 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bid bids for liquid chlorine and sodium hypochlorite to be opened in the City Clerk, 1010 10<sup>TH</sup> Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-663**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF LIQUID FERRIC CHLORIDE TO KEMIRON COMPANIES, INC. OF LAWRENCE, KANSAS FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ADDITIONAL ONE-YEAR CONTRACT EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF \$178,551.40.**

WHEREAS, the Water Quality Control Plant (WQCP) has requested the purchase of liquid ferric chloride, and

WHEREAS, odors and corrosion are generated in the wastewater collections system and treatment process due to natural occurring levels of hydrogen sulfide, and

WHEREAS, to properly control the hydrogen sulfide gas, staff must inject a non-hazardous solution of iron, in the form of ferric chloride, into the influent wastewater at the primary treatment plant, and

WHEREAS, ferric chloride can be safely handled and does not require specialized control or safety devices for use, and

WHEREAS, the WQCP has estimated the normal annual usage of liquid ferric chloride to be approximately 147,680 gallons or approximately 2,840 gallons per week, and

WHEREAS, Resolution No. 2006-313 authorized the Purchasing Manager to issue formal Request for Bids (RFB) for liquid ferric chloride, and

WHEREAS, the Purchasing Division issued formal bids for liquid ferric chloride on Request for Bid (RFB) 0607-03, and

WHEREAS, eighteen (18) vendors were solicited, and one (1) of which was a local vendor, and

WHEREAS, out of eighteen (18) vendors solicited, six (6) chose to respond, and

WHEREAS, four (4) bid responses were a no bid, and

WHEREAS, the Purchasing Division and Public Works Department-Water Quality Control Division staff evaluated bids, and

WHEREAS, the City's 2% local vendor preference was not a factor in determining the lowest responsive and responsible bidder for liquid ferric chloride, and

WHEREAS, Kemiron Companies, Inc. of Lawrence, Kansas is hereby deemed to be the lowest responsive and responsible bidder, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 requires all purchases which meet or exceed \$50,000 for material, and equipment or contractual services to be formally bid, and

WHEREAS, MMC Section 8-3.203 (a) states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council, and

WHEREAS, the liquid ferric chloride received said approval with Resolution No. 2006-313, and

WHEREAS, this Request for Bid (RFB) process conforms to MMC, and

WHEREAS, funds are available in account number 6210-480-5213-0312 for this purchase, and

WHEREAS, the Purchasing Division has coordinated the solicitation and evaluation of bids for liquid ferric chloride with the Public Works Department-Water Quality Control Division staff, and

WHEREAS, the Public Work Department has included \$178,551.40 in their operating budget for sewer operations fund for FY 2006/2007, which includes funding for liquid ferric chloride, and

WHEREAS, the estimated annual cost for liquid ferric chloride based on normal usage volume is \$178,551.40,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorized the award of bid and contract for liquid ferric chloride for an initial two (2) year period, with three (3) additional one-year contract extension options, at the sole discretion of the City, for a total estimated annual cost of \$178,551.40.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a purchase order to Kemiron Companies, Inc. of Lawrence, Kansas for liquid ferric chloride for an estimated annual cost of \$178,551.40.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-664**

**A RESOLUTION ADOPTING THE NATIONAL INCIDENT MANAGEMENT SYSTEM**

WHEREAS, response to and recovery from major emergencies and disasters requires integrated professional management and coordination, and

WHEREAS, President Bush directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS) to standardize and enhance incident management procedures nationwide, and

WHEREAS, NIMS provides a structure and process to effectively coordinate responders from multiple disciplines and levels of government and to integrate them with resources from the private sector and non-governmental organizations, and

WHEREAS, the Incident Command System components of NIMS are already an integral part of various incident management activities throughout the City of Modesto and Stanislaus County, including the Emergency Operations Plan, and

WHEREAS, failure to adopt and use NIMS may preclude the City of Modesto from receiving federal preparedness grants or reimbursement for costs expended during major emergency and disaster response and recovery operations.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the National Incident Management System as the foundation for incident command, management, coordination and support activities.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh,

who moved its adoption, which motion being duly seconded by Councilmember Hawn,

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-665**

**A RESOLUTION AMENDING THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT POSITION ALLOCATION AS ADOPTED BY THE CITY COUNCIL AS PART OF THE FY 06-07 BUDGET TO REALLOCATE ONE (1) EQUIPMENT OPERATOR POSITION IN ORGANIZATION 5222, COMPOST ENTERPRISE FUND, TO THE POSITION OF EQUIPMENT MECHANIC IN ORGANIZATION 5222, COMPOST ENTERPRISE FUND, IN THE SOLID WASTE DIVISION.**

WHEREAS, on January 3, 2006, by Resolution No. 2006-009A, the City Council approved the transfer of the Compost Enterprise Fund from the Public Works Department, Wastewater Division to the Solid Waste Division of the Parks, Recreation and Neighborhoods Department, and

WHEREAS, with the transfer, the Compost Enterprise Fund was allocated six (6) full-time positions, including (1) Compost Facility Supervisor (a new position), one (1) Operations and Maintenance Crew Leader, and four (4) Equipment Operators, and

WHEREAS, one (1) of the Equipment Operator positions is currently vacant and is being filled by a temporary worker, and

WHEREAS, the compost facility currently has six (6) major pieces of heavy equipment that are non-Fleet vehicles: the tub grinder, power screen, windrow turner, water truck, and two loaders, and

WHEREAS, in addition, there are two dump trucks, a service vehicle, and several pickup trucks on site, and

WHEREAS, because the majority of the heavy equipment at the site is not designed for transport over the road, all of the repairs and maintenance of this equipment take place in the maintenance building at the facility, and

WHEREAS, due to the extreme conditions at compost facilities (dirt, mud, etcetera) this equipment requires daily (and in some instances twice daily) preventive maintenance as well as frequent repair, and

WHEREAS, equipment repair and maintenance work is performed on site by the Compost Crew Leader and the Equipment Operators, which takes the crew members away from performing their primary task, which is running the equipment and producing compost, and

WHEREAS, staff is therefore requesting that the vacant Equipment Operator position be reallocated to Equipment Mechanic to address the critical need for a full time mechanic at the facility,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the Parks, Recreation and Neighborhoods Department position allocation as adopted by the City Council as part of the FY 06-07 budget to reallocate one (1) Equipment Operator Position in Organization 5222, Compost Enterprise Fund, to the position of Equipment Mechanic in Organization 5222, Compost Enterprise Fund, in the Solid Waste Division.

BE IT FURTHER RESOLVED that the Personnel Director, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-666**

**A RESOLUTION SETTING PUBLIC HEARING FOR  
NOVEMBER 8, 2006 TO CONSIDER REQUEST (S) TO  
ENTER INTO SERVICE AGREEMENT (S) FOR  
SOLID WASTE COLLECTION SERVICES IN THE  
SERVICE AREA CURRENTLY SERVED BY WASTE  
MANAGEMENT**

WHEREAS, since November, 2003 Waste Management has provided solid waste collection services in the City of Modesto under an Interim Service Agreement for such services, and

WHEREAS, Waste Management currently provides services to approximately 27,000 residential customers in Modesto, and

WHEREAS, on September 26, 2006, the City received a letter from Waste Management notifying the City that the company does not wish to seek an extension of its current Service Agreement, and

WHEREAS, Waste Management's Agreement with the City to provide solid waste collection services expires on December 31, 2006, and

WHEREAS, pursuant to California Public Resources Code Section 49510 (b), the City Council finds that it is in the public interest to foster and encourage solid waste enterprises so that, at all times, there will continue to be competent enterprises willing and financially able to furnish needed solid waste handling services, and

WHEREAS, several other collection companies have stated their intent to submit requests to the City to provide solid waste collection services in the area currently served by Waste Management, and

WHEREAS, Section 5-5.17 of the Modesto Municipal Code requires that persons engaging in the business of solid waste collection in the City be party to an Agreement with the City to provide such services, and

WHEREAS, Sections 5-5.23 through 5-5.33 of the Modesto Municipal Code, inclusive, establish the process by which proposals may be submitted to enter into service agreements with the City, and the procedure by which the City reviews and determines whether to enter into such service agreements, and

WHEREAS, Modesto Municipal Code section 5-5.32 requires that collection companies obtain written consent from the City Council after a public hearing is held, prior to an Assignment of a Service Agreement,

WHEREAS, the Economic Development Committee will consider options for providing service in the Waste Management Service area at a special meeting on October 30, 2006, and its recommendation will be incorporated in the Council Agenda report for the public hearing to be held on November 3, 2006,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that Wednesday, November 8, 2006, at 5:30 p.m., in the Tenth Street Chambers located at 1010 Tenth Street, Modesto, California, is hereby set as the time and place for a public hearing to consider request(s) to enter into Service Agreement(s) for solid waste collection services in the Service Area currently served by Waste Management, with such Agreement(s) to become effective January 1, 2007.

The foregoing resolution was introduced at a meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

THIS PORTION OF THE CAPITAL PROJECT.**

WHEREAS, the City of Modesto's Compost Facility (Facility) at 7007 Jennings Road has been in operation since 1997, and

WHEREAS, the Facility is operated as a separate Enterprise Fund in the Solid Waste Division of the Parks, Recreation, and Neighborhoods Department, and

WHEREAS, the existing modular office building at the Facility is 14 feet wide by 48 feet long, and is too small for the 7-member staff, and

WHEREAS, to provide adequate space for staff and visitors, funds were budgeted in the FY 2006-2007 CIP for the lease/purchase of a new, 24 foot by 60 foot modular building, and for the relocation/renovation of the existing modular building for use as a Resource Recovery Education Center, and funds were also budgeted for the installation of a solar shade structure between the two buildings, to link the two modular units and to provide a shady outdoor area in which to meet with tour groups and demonstrate smaller scale composting methods, and

WHEREAS, staff is requesting authorization by Council to issue a formal Request for Bids,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes the Purchasing Manager to issue formal Request for

Bids (RFB), to be advertised and opened by the City Clerk, for the lease/purchase of a modular building for the Compost Facility, the relocation/renovation of the existing modular building, and for a solar shade structure for a FY 2006-2007 estimated cost of \$80,000, and a total estimated cost of \$189,500 over the life of this portion of the capital project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-668**

**A RESOLUTION ACCEPTING THE COPS 2006 TECHNOLOGY GRANT IN THE AMOUNT OF \$394,891 FROM THE U.S. DEPARTMENT OF JUSTICE, OFFICE OF COMMUNITY ORIENTED POLICING SERVICES TO PROVIDE PARTIAL FUNDING FOR THE COMPUTER AIDED DISPATCH (CAD) SYSTEM, INTEGRATED PUBLIC SAFETY SYSTEM AND RECORDS MANAGEMENT SYSTEM; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS.**

WHEREAS, the City of Modesto Police Department desires to undertake a grant designated as the COPS 2006 Technology grant to be funded from the U.S.

Department of Justice, Office of Community Oriented Policing Services, and

WHEREAS, said \$394,891 grant will provide partial funding for the Computer Aided Dispatch (CAD) System, Integrated Public Safety System and Records Management System, and

WHEREAS, these funds will replace existing outdated equipment, provide adequate storage and processing power, provide a structured database for data access and statistical reporting, provide near real-time access to data for proactive policing decisions, allow data transfer in the field and incorporate the use of global positioning and automated vehicle location (GPS/AVL) technology, and

WHEREAS, these upgrades will allow the Modesto Police Department to implement a comprehensive, integrated system resulting in greater communication between agencies, increased and timely access to relevant data to field personnel, and improved officer safety at a reduced cost of operation while improving efficiency, and

WHEREAS, the COPS 2006 Technology grant addresses CAD/Integrated Public Safety System (IPSS) systems software, licensing and interface costs,

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby accepts the COPS 2006 Technology grant in the amount of \$394,891 from the U.S. Department of Justice, Office of Community Oriented Policing Services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary program documents, including any extensions, amendments, or subsequent contracts with the U.S. Department of Justice, Office of Community Oriented Policing Services, in relation thereto.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-672**

**A RESOLUTION ACCEPTING THE VEHICLE IMPOUND/DUI/SELECTIVE TRAFFIC ENFORCEMENT PROGRAM (STEP) GRANT IN THE AMOUNT OF \$1,000,000 FROM THE STATE OF CALIFORNIA, OFFICE OF TRAFFIC SAFETY (OTS), TO PROVIDE FOUR NEW FULL-TIME MOTOR POLICE OFFICERS AND EQUIPMENT TO REDUCE PERSONS KILLED AND INJURED IN TRAFFIC COLLISIONS, ALCOHOL INVOLVED CRASHES, AND TRAFFIC CRASHES INVOLVING DRIVERS WITH SUSPENDED OR REVOKED LICENSES; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY PROGRAM DOCUMENTS.**

WHEREAS, the City of Modesto Police Department desires to undertake a grant designated as the Vehicle Impound/DUI/Selective Traffic Enforcement Program (STEP) grant to be funded from the State of California, Office of Traffic Safety, and

WHEREAS, said \$1,000,000 grant will provide four new full-time motor police officers and equipment, and

WHEREAS, these funds will be used to pay 100% of the salary for the four motor police officers the first operational year and 50% salary for the second year, and

WHEREAS, the grant will also fund four fully equipped police motorcycles for these officers, and

WHEREAS, the City agrees to increase the traffic unit from its current complement of 16 officers to 20 officers and maintain a minimum of 20 officers throughout the grant period, and

WHEREAS, the motor police officers will be responsible for achieving the grant goals and objectives to reduce persons killed and injured in traffic collisions,

alcohol involved crashes, and traffic crashes involving drivers with suspended or revoked licenses, and

WHEREAS, upon completion of the grant these four motor police officer positions will be absorbed into the General Fund, and

WHEREAS, one of the requirements of the grant is that the City of Modesto should be able to sustain the enforcement program by creating a self-sustaining Vehicle Impound Program, which will continue after the grant monies are expended to satisfy the National Highway Traffic Safety program income requirements, and

WHEREAS, on August 8, 2006, the City Council approved Resolution Nos. 2006-514A and 2006-515 at the Public Hearing to increase the vehicle impound fee, and establish a Traffic Offender Fund, and

WHEREAS, the Traffic Offender Fund will be subject to a financial audit by the State of California, Office of Traffic Safety, and

WHEREAS, the Vehicle Impound Fee will receive a "Sunset" review by the City Council in FY 2013-2014, to determine if the program should be terminated, modified, or remain in place, and

WHEREAS, all collected vehicle release fees will be placed in the Traffic Offender Fund, and pursuant to the agreement with the State of California, Office of Traffic Safety, each fiscal year \$210,000 of the Vehicle Impound Fees collected will be transferred to the General Fund, and

WHEREAS, any and all additional fees collected, above and beyond the \$210,000 will remain in the Traffic Offender Fund to be used solely for traffic safety

programs with the City of Modesto, as administered by the Modesto Police Department,  
and

WHEREAS, monies in the Traffic Offender Fund will cover the  
administrative costs incurred by the City relating to the removal, impoundment, storage  
and release of vehicles allowed under the authority of Section 22850.5 of the California  
Vehicle Code, and

WHEREAS, the grant will commence on October 1, 2006 and end on  
September 30, 2008,

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby  
accepts the Vehicle Impound/DUI/Selective Traffic Enforcement Program (STEP) grant  
in the amount of \$1,000,000 from the State of California, Office of Traffic Safety (OTS),  
to provide four new full-time motor police officers and equipment to reduce persons  
killed and injured in traffic collisions, alcohol involved crashes, and traffic crashes  
involving drivers with suspended or revoked licenses.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-675**

**A RESOLUTION APPROVING AN AGREEMENT WITH STANTEC CONSULTING INC. FOR ON-CALL SURVEY AND PLAN LINE SERVICES FOR VARIOUS PUBLIC WORKS – CAPITAL IMPROVEMENT SERVICES (CIS) PROJECTS FOR ONE (1) YEAR WITH THREE (3) ONE (1) YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF CITY, IN AN AMOUNT NOT-TO-EXCEED \$100,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND UP TO THREE (3) ONE (1) YEAR EXTENSION OPTIONS. TOTAL COST FOR FOUR (4) YEARS IS NOT TO EXCEED \$400,000**

WHEREAS, the Public Works Department – Capital Improvement Services (CIS) Division performs a number of tasks requiring a field survey to identify the existing topography and related engineering support services that, because of workload levels and/or staff experience, are beyond the ability of City’s engineering staff to gather topographic surveys, or to create plan lines in a timely manner, and

WHEREAS, in the past, CIS has utilized the services of consultant engineers to perform targeted engineering services, and

WHEREAS, retaining a survey and plan line consultant will allow CIS to have quick access to survey, plan line and related engineering support services, when needed, and to complete the survey and plan lines in a timely manner, and

WHEREAS, in addition, an on-call survey and plan line consultant can provide services for projects by providing field personnel to perform field surveys, perform research and review of record information, topographic surveys, right-of-way surveys, horizontal control surveys, and Global Positioning System (GPS) surveys, provide field personnel and equipment for traffic control purposes, engineering design and drafting services to establish preliminary street “plan lines” documents, and offer a quick turnaround, which is essential to efficient response to the large undertaking of numerous

Capital Improvement Projects presently scheduled for review and processing by City staff, and

WHEREAS, Stantec Consulting Inc. (Stantec) is a nationwide company with a local office, and is deemed the most qualified to provide the requested on-call survey and plan line services and has the ability to respond quickly to City staff requests in a timely and cost effective manner, and

WHEREAS, Stantec technicians have an intimate knowledge of surveying and plan line procedures and can provide related engineering support services as specified, and

WHEREAS, Stantec is familiar with the City's survey needs and has demonstrated satisfactory services to the City on a past project. For example, Stantec (formerly Thompson-Hysell Engineers) assisted with engineering services for a recent project by successfully completing the Pelandale Intersection Improvements design which included all survey work; therefore, City staff recommends consultant, Stantec, be awarded a contract for On-call Survey and Plan Line Services, and

WHEREAS, City staff recommends consultant, Stantec, be awarded a one-year contract for On-call Survey and Plan Line Services, with three (3) one (1) year extension options, at the sole discretion of City, and

WHEREAS, the consultant is paid on an hourly basis for actual hours required to perform specific task orders at a set rate, and

WHEREAS, the consultant will submit a written scope of services outlining the specific work, schedule and cost estimate associated with each task order, and

WHEREAS, Stantec will perform no service until the Director of Public Works Department has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to Stantec prior to commencement of services, and

WHEREAS, the City Manager will have authority to approve task orders greater than \$50,000, not-to-exceed \$100,000 per year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with Stantec Consulting Inc. for On-call Survey and Plan Line Services for various Public Works – Capital Improvement Services projects for one (1) year with three (3) one (1) year extension options, at the sole discretion of City, in an amount not to exceed \$100,000 per year. Total cost for four (4) years is not to exceed \$400,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Stantec Consulting Inc., and up to three (3) one (1) year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-676**

**A RESOLUTION APPROVING AN AGREEMENT WITH TBE GROUP, INC. FOR ON-CALL UTILITY LOCATION SERVICES FOR VARIOUS PUBLIC WORKS – CAPITAL IMPROVEMENT SERVICES (CIS) PROJECTS FOR ONE (1) YEAR WITH THREE (3) ONE (1) YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF CITY, IN AN AMOUNT NOT-TO-EXCEED \$40,000 PER YEAR, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT AND UP TO THREE (3) ONE (1) YEAR EXTENSION OPTIONS. TOTAL COST FOR FOUR (4) YEARS IS NOT TO EXCEED \$160,000**

WHEREAS, the Public Works Department – Capital Improvement Services (CIS) Division performs a number of tasks requiring underground utilities location and related engineering support services that, because of workload levels and/or staff experience, are beyond the ability of City’s engineering staff to accomplish for every project prior to construction or in a timely manner, and

WHEREAS, retaining an on-call utility location consultant allows CIS to have quick access to specific utility location and related engineering support services, when needed, and will allow the division to confirm the locations of utilities prior to bidding projects thus saving money in change orders after the construction contract has been issued, and

WHEREAS, in addition, an on-call utility location consultant can provide services for projects by performing preparation and submittal of Traffic Control Plans and Right of Way Use Permit Applications, pre-mark test hole locations and make the Underground Service Alert (USA) utility notification, deployment of all necessary traffic control devices, coordinate with utility companies, excavation of test holes, restoration of asphalt or concrete surfaces, preparation of Test Hole Data Sheets, QA/QC of field data, and offer a quick turnaround, which is essential to efficient response to the large undertaking

of numerous Capital Improvement Projects presently scheduled for review and processing by City staff, and

WHEREAS, TBE Group, Inc. (TBE Group) is a nationwide company with a large staff size, and is deemed the most qualified to provide the requested on-call utility location and related engineering support services and has the ability to respond quickly to City staff requests in a timely and cost effective manner, and

WHEREAS, TBE Group technicians have an intimate knowledge of utility location services and procedures and can provide related engineering support services as specified, and

WHEREAS, in addition, TBE Group is currently the on-call consultant used locally by Caltrans, therefore, City staff recommends consultant, TBE Group, be awarded a contract for On-call Utility Location Services, and

WHEREAS, City staff recommends consultant, TBE Group be awarded a one-year contract for On-call Utility Location Services, with three (3) one (1) year extension options, at the sole discretion of City, and

WHEREAS, the consultant is paid on an hourly basis for actual hours required to perform specific task orders at a set rate, and

WHEREAS, the consultant will submit a written scope of services outlining the specific work, schedule and cost estimate associated with each task order, and

WHEREAS, TBE Group will perform no service until the Director of Public Works Department has approved the proposed specific task order and a written Notice to Proceed (NTP) is prepared and sent to TBE Group prior to commencement of services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement with TBE Group, Inc., for On-call Utility Location Services for various Public Works – Capital Improvement Services projects for one (1) year with three (3) one (1) year extension options, at the sole discretion of City, in an amount not to exceed \$40,000 per year. Total cost for four (4) years is not to exceed \$160,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with TBE Group, Inc., and up to three (3) one (1) year extension options.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-677**

**A RESOLUTION ADOPTING A MITIGATED NEGATIVE DECLARATION (EA/PW 2005-13) AND A MITIGATION MONITORING AND REPORTING PROGRAM FOR THE PROJECT TITLED "SYLVAN AVENUE PEDESTRIAN OVERCROSSING."**

WHEREAS, Section 15070 of the CEQA Guidelines relating to Initial Study/Mitigated Negative Declaration permits a lead agency to prepare an Initial Study/Mitigated Negative Declaration on any proposed project to analyze whether the project may cause any significant effect on the environment, and

WHEREAS, Jones and Stokes, Inc., under subcontract to Kimley-Horn and Associates, Inc., under contract with the City, prepared an Initial Study, Mitigated Negative Declaration, and Mitigation Monitoring Plan for the Sylvan Avenue Pedestrian Overcrossing Project, which identified potential significant impacts from the proposed Project, which could be mitigated to a level of insignificance by incorporating feasible mitigation measures into the Project, and

WHEREAS, feasible mitigation measures were incorporated into the Project and agreed to by the City before the Initial Study/Mitigated Negative Declaration was released for public review, which measures will avoid or mitigate the identified effects to a point where clearly no significant effect will occur, and

WHEREAS, a 30-day public review period for the proposed Initial Study/Mitigated Negative Declaration began on December 15, 2005, and ended on January 13, 2006, and

WHEREAS, public comments were received on the draft Initial Study/Mitigated Negative Declaration, which comments are responded to in the Initial Study/Final Mitigated Negative Declaration dated February 2006, and

WHEREAS, the response to the public comments as contained in the Initial Study/Final Mitigated Negative Declaration dated February 2006 do not require technical revisions to be made to the document or any of the proposed mitigation measures, and

WHEREAS, the Mitigation and Monitoring Program is included and described within the Initial Study/Mitigated Negative Declaration – Final, dated February 2006,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study/Mitigated Negative Declaration and Mitigation Monitoring Plan prepared for the Sylvan Avenue Pedestrian Overcrossing Project, and based on the substantial evidence provided in said Initial Study/Mitigated Negative Declaration makes the following findings:

1. The recitals set forth above are true and correct.
2. The Initial Study/Mitigated Negative Declaration prepared for the proposed project has identified additional potentially significant environmental effects. These additional potentially significant effects are potential impacts to cultural resources, hazards and hazardous materials, and transportation/traffic.
3. Before the Initial Study/Mitigated Negative Declaration was released for public review, feasible mitigation measures were made by or agreed to by the City, which will avoid or mitigate the effects to a point where clearly no significant effect will occur.
4. There is no substantial evidence, in light of the whole record before the public agency, that the project, as revised, may have a significant effect on the environment (Public Resources Code Section 21064.5(2)).
5. The Initial Study/Mitigated Negative Declaration reflects the independent judgment of the lead agency.

6. As required by Public Resources Code Section 21081.6 et seq., the Mitigation Monitoring and Reporting Program is hereby adopted, a copy of which is included in the Mitigated Negative Declaration, which is on file with the City Clerk.
7. The Initial Study/Mitigated Negative Declaration, Environmental Assessment (EA/PW 2005-13) provides the substantial evidence to support findings 1 through 6, above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby adopts the Initial Study/Mitigated Negative Declaration (EA/PW 2005-13), a copy of which is on file with the City Clerk and incorporated herein by reference.

BE IT FURTHER RESOLVED that the City of Modesto Public Works Department, Capital Improvement Services, is the custodian of the documents and other materials, which constitute the record of proceedings upon which its decision is based. The records are located at the office of the City of Modesto Public Works Deputy Director, 1010 Tenth Street, Fourth Floor, Modesto, CA 95354.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Public Works Director is hereby authorized and directed to file a Notice of Determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006-678**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE PROJECT TITLED "SYLVAN AVENUE PEDESTRIAN OVERCROSSING," ACCEPTING THE BID AND APPROVING A \$1,556,375.00 CONTRACT WITH MCM CONSTRUCTION, INC., FOR THE PROJECT TITLED, "SYLVAN AVENUE PEDESTRIAN OVERCROSSING," AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONTRACT**

WHEREAS, plans and specifications have been prepared for the "Sylvan Avenue Pedestrian Overcrossing" and City staff recommends approval to the City Council, and

WHEREAS, the bids received for "Sylvan Avenue Pedestrian Overcrossing" were opened at 11:00 a.m. on October 10, 2006, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$1,556,375.00 from MCM Construction, Inc., of North Highlands, California be accepted as the lowest responsible bid and the contract be awarded to MCM Construction, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of MCM Construction, Inc., in the amount of \$1,556,375.00 and hereby awards MCM Construction, Inc., the contract titled "Sylvan Avenue Pedestrian Overcrossing."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-679**

**A RESOLUTION APPROVING AN AGREEMENT CONSENTING TO COMMON USE BETWEEN THE MODESTO IRRIGATION DISTRICT AND THE CITY OF MODESTO REGARDING THE CONSTRUCTION OF A WESTBOUND TRAFFIC TURN LANE AT THE INTERSECTION OF STANDIFORD AND DALE ROADS, ALONG DISTRICT'S LATERAL NO. 7 FOR THE PURPOSE OF IMPROVING TRAFFIC FLOW AT THE INTERSECTION, AND TO MAKE SUCH IMPROVEMENTS TO THE DISTRICT'S LATERAL NO. 7 AS ARE NECESSARY TO MAINTAIN LATERAL NO. 7 IN LIGHT OF THE INSTALLATION OF THE NEW TRAFFIC TURN LANE; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, Council Resolution No. 2004-245 dated August 10, 2004 adopted the Kaiser Modesto Medical Center Development Plan, and

WHEREAS, the Kaiser Modesto Medical Center Development Plan included a project titled, "Kaiser Build Roadway Improvements" at the Pelandale Avenue/Dale Road Intersection, and at Dale Road and Standiford Road intersection, and

WHEREAS, the intersection improvements at Dale Road and Standiford Road are scheduled to be completed by November 2006, and

WHEREAS, the construction plans for the Dale Road and Standiford Road intersection improvements consist of adding a westbound right-turn, and

WHEREAS, the additional right-turn lane will occupy a portion of MID's right-of-way requiring consent of MID, and

WHEREAS, a draft Consent to Common Use Agreement between the City and MID for a portion of MID Right-of-Way has been completed, and

WHEREAS, the potential impacts of this Agreement have been adequately addressed within the context of the Kaiser Build Roadway Improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement Consenting to Common Use between the Modesto Irrigation District and the City of Modesto regarding the construction of a westbound traffic turn lane at the intersection of Standiford and Dale Roads, along District's Lateral No. 7 for the purpose of improving traffic flow at the intersection, and to make such improvements to the District's Lateral No. 7 as are necessary to maintain Lateral No. 7 in light of the installation of the new traffic turn lane; and authorizing the City Manager, or his designee, to execute the Agreement.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Modesto Irrigation District.

RESOLUTION NO. 2006-680**

**A RESOLUTION APPROVING A THIRD AMENDMENT TO THE LEASE AGREEMENT WITH MODESTO EXECUTIVE AIR CHARTER, DBA SKY TREK AVIATION, WHICH ALLOWS A SUSPENSION RETROACTIVELY FROM DECEMBER 31, 2005 TO JULY 1, 2007, OF A 5% SUBLEASE FEE THAT SKY TREK AVIATION PAYS TO THE CITY ON GROSS RENTS RECEIVED, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT ON BEHALF OF THE CITY**

WHEREAS, Modesto Executive Air Charter, dba Sky Trek Aviation, is a tenant of the City at the Modesto City-County Airport, and

WHEREAS, Sky Trek Aviation has a long-term ground lease that contains a clause requiring them to pay 5% of all rents received from its tenants to the City, and

WHEREAS, Sky Trek Aviation petitioned the City to suspend the 5% surcharge on gross rents in 2003 and the City Council approved the suspension until May 31, 2004, and

WHEREAS, Sky Trek Aviation again petitioned the City on June 23, 2004 requesting another suspension of the 5% surcharge due to low occupancy of their facilities, and the City Council approved the suspension until December 31, 2005, and

WHEREAS, Sky Trek again petitioned the City on June 22, 2006, to request a permanent abatement of the 5% sublease surcharge, and

WHEREAS, the Economic Development Committee reviewed the request and recommended the suspension be retroactively extended from December 31, 2005, to July 1, 2007, and

WHEREAS, a new third amendment to the Airport lease agreement with Sky Trek Aviation has been prepared to provide for suspension of the 5% sublease fee until July 1, 2007, and

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the third amendment to the lease agreement between the City of Modesto and Sky Trek Aviation, suspending the five (5) percent sublease fee retroactively from December 31, 2005 to July 1, 2007.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the amendment on behalf of the City

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-681**

**A RESOLUTION APPROVING AN AMENDMENT TO AN AGREEMENT WITH COFFMAN ASSOCIATES, INC., TO REFLECT THE REVISED SCOPE OF SERVICES AND RELATED FINAL COST ESTIMATE FOR THE NOISE COMPATIBILITY PROGRAM UPDATE AT THE MODESTO CITY-COUNTY AIRPORT AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT ON BEHALF OF THE CITY.**

WHEREAS, the City of Modesto and Coffman Associates, Inc. (Coffman), entered into a Professional Services Agreement on December 11, 2001, in the amount of \$596,000, which included the sum of \$296,000 to complete an Airport Master Plan for Modesto City-County Airport, update the airport layout plan, and complete an environmental review, and an additional \$300,000 for an update to the Airport Noise Compatibility Program (NCP) once the City had received federal funding for the Noise Program Update, and

WHEREAS, on June 11, 2006 City Council approved a \$285,000 Grant Offer (AIP 3-06-0153-30) from the FAA for 95% funding of “airport development or noise program implementation”, and

WHEREAS, Coffman completed the Airport Master Plan and updated the airport layout plan, and

WHEREAS, on May 18, 2006, Coffman provided a revised Scope of Services and revised Final Cost Breakdown for the CFR 14 Part 150 Noise Compatibility Program Update to reflect the inclusion of a “Housing Assessment,” as requested by the FAA, to provide a preliminary review of housing relocation issues for residences affected by aircraft noise, as well as the most current CFR 14 Part 15 requirements and

WHEREAS, the new total cost for the NCP Update is now \$316,214, or \$16,214 more than the \$300,000 specified in the original agreement, and

WHEREAS, there is a need for Coffman to provide additional services to fully complete the NCP Update that is required by the FAA for funding of future airport expansion, and

WHEREAS, said additional costs associated with the project are eligible for 95% reimbursement by the FAA, and funds are currently available in Capital Project Account (6320-440-A803) to cover the City's share of the cost,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Professional Services Agreement with Coffman Associates, Inc., providing an additional \$16,214 for completion of an update to the Airport Noise Compatibility Program and environmental review.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the amendment on behalf of the City

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-683**

**A RESOLUTION APPROVING AN AGREEMENT WITH HDR ENGINEERING INC. IN AN AMOUNT NOT TO EXCEED \$55,500 TO PROVIDE A RESOURCE ANALYSIS FOR THE CITY'S ABILITY COMPLY WITH STATE-MANDATED WASTE DISCHARGE REQUIRMENTS FOR THE WASTEWATER COLLECTIONS DIVISION, AND AUTHORIZE THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.**

WHEREAS, on May 2, 2006, the State Water Resources Control Board initiated Order No. 2006-0003-DWQ, which is the Statewide General Waste Discharge Requirements (WDR) for Sanitary Sewer Systems, and

WHEREAS, this order requires two major changes for the Wastewater Collections Division:

- Development and implementation of a system-specific Sewer System Management Plan (SSMP)
- Changes in the reporting of Sanitary Sewer Overflows (SSO)

, and

WHEREAS, in order to comply with these new regulations, staff is requesting authorization to have HDR Engineering Inc. do a Resource Analysis for the City's ability to comply with the state-mandated WDR, and

WHEREAS, the purpose of the analysis is to examine the City's current collection systems management, operations, maintenance and capital programs and practices, and to develop an opinion of the City's readiness to comply with the newly adopted WDR regulation, and

WHEREAS, the result will be a Technical Memorandum identifying areas the City is currently in compliance with<sup>1</sup>, as well as areas that require improvement, as the City develops the required SSMP, and

WHEREAS, HDR Engineering Inc. is currently the Wastewater Collections Division on-call engineering consultant and is familiar with the current processes within the Wastewater Collections Division and are best able to conduct this analysis, and

WHEREAS, upon completion of this analysis, staff will report back to Council on its findings and request authorization to solicit a Request for Proposals to complete the required work, and

WHEREAS, funds are budgeted in 6210-480-A209-6080,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with HDR Engineering Inc. in an amount not to exceed \$55,500 to provide a Resource Analysis for the City's ability to comply with state-mandated Waste Discharge Requirements for the Wastewater Collections Division.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-684**

**A RESOLUTION APPROVING A FIVE-YEAR WATER SERVICES AGREEMENT (WSA) WITH BASIN WATER COMPANY FOR WATER TREATMENT FACILITIES AT WELL #66 (GALAS) AT AN ANNUAL ESTIMATED COST OF \$250,000, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.**

WHEREAS, on December 23, 2003, the City of Modesto entered into an Agreement to Construct Necessary Infrastructure with Del Valle Corporation (Del Valle) requiring completion of necessary infrastructure within the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions, and

WHEREAS, part of the Water infrastructure included a well and any treatment facilities necessary to provide potable water to the new development, and

WHEREAS, the City will take ownership of this infrastructure once accepted and will be responsible for operation and maintenance of the well and treatment facilities, and

WHEREAS, during development of the well it was determined two treatment processes were needed to meet Department of Health Services (DHS) standards, and

WHEREAS, these treatment processes are currently being installed, will be permitted to operate under a DHS permit issued to the City, and are expected to begin operation in December 2006, and

WHEREAS, because of the complexity of the technology used in the treatment processes and the lack of knowledge and experience with City staff, it is necessary to develop a WSA with Basin Water Company to assist with the operation and maintenance of the treatment facilities for a five-year period, and

WHEREAS, under separate Council action, staff is also requesting approval of a five-year agreement with Basin Water Company for Performance Criteria Guarantee for these treatment facilities at no cost to the City, and

WHEREAS, funding for this agreement has been submitted in the Supplemental Budget process; however, Water Division's Operating Budget will absorb the cost if necessary in 6100-480-5013-0223, as this agreement is necessary to maintain the treatment processes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a five-year Water Services Agreement with Basin Water Company for water treatment facilities at Well #66 (Galas) at an annual estimated cost of \$250,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

WHEREAS, the City Council has approved a 5-year Water Services Agreement with Basin Water Company for the operation and maintenance of the water treatment infrastructure, and

WHEREAS, the Water Enterprise Fund has sufficient unappropriated reserves available to pay for the cost of the Water Services Agreement, and

WHEREAS, the budget of the Water Enterprise Fund must be amended to reflect the appropriation of \$250,000 from unappropriated reserves into line item 6100-480-5013-0223,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Finance Director to take all steps necessary to amend the budget of the Water Enterprise Fund to appropriate the amount of \$250,000 in line item 6100-480-5013-0223 from the unappropriated reserves.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-687**

**A RESOLUTION ACCEPTING 1) DRAFT ENGINEER'S REPORT, JUSTIFICATION AND COST ALLOCATION FOR PROPOSED WASTEWATER COLLECTION SYSTEM AND TREATMENT IMPROVEMENTS; 2) DRAFT WASTEWATER COLLECTION SYSTEM MASTER PLAN; 3) DRAFT WASTEWATER TREATMENT MASTER PLAN, AND DIRECTING STAFF TO UTILIZE THE ABOVE REPORTS AS THE BASIS FOR A WASTEWATER COST OF SERVICE STUDY TO DETERMINE APPROPRIATE SEWER RATES AND SEWER CAPACITY CHARGES**

WHEREAS, Council has directed staff to proceed with steps necessary to conduct a sewer rate study, and

WHEREAS, Council had approved contracts with Carollo Engineers to update the City's Wastewater Master Plan and produce an Engineer's Report, and

WHEREAS, the Wastewater Master Plan was divided into two major components: 1) the wastewater collection system, and 2) the wastewater treatment facilities, and

WHEREAS, a task of the Wastewater Master Plans is to determine a Capital Improvement Program, for both wastewater collection and treatment facilities, that will be required for the build-out of the City's Sewer Service Area, and meet its infrastructure needs for both existing and future users, and

WHEREAS, the Engineer's Report essentially summarizes the master plans and provides the rationale for the cost allocation between existing and future users, and will become the basis for cost of service study that will ultimately recommend adjustments to the City's sewer rates and capacity charges, and

WHEREAS, Carollo Engineers has produced Draft Wastewater Master Plans and a Draft Engineer's Report for the sewer rate and capacity charge study.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts: 1) Draft Engineer's Report, Justification and Cost Allocation for Proposed Wastewater Collection System and Treatment Improvements; 2) Draft Wastewater Collection System Master Plan; and 3) Draft Wastewater Treatment Master Plan.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it directs staff to utilize the above reports as the basis for a wastewater cost of service study to determine appropriate sewer rates and sewer capacity charges,

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-688**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY OF THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) SPECIAL TAXES TO THE QUALIFIED ELECTORS OF THE TERRITORY PROPOSED TO BE ANNEXED TO THE DISTRICT (ANNEXATION NO. 13)**

WHEREAS, this Council did, on September 5, 2006, adopt its Resolution No. 2006-528 (the “Resolution of Intention to Annex”) to indicate its intention to annex certain territory to the City’s Community Facilities District No. 2004-1 (Village One #2) (the “District”) and authorize the levy of the District special taxes within the territory proposed to be annexed (the “Annexed Territory”), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004, create Tax Zone #2 within the District; and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1; and

WHEREAS, the Annexed Territory will be annexed to and subject to the special taxes in Tax Zone #2; and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled "Annexation Map No. 13 of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California," was recorded on September 8, 2006, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 57; and

WHEREAS, at the time and date set for the hearing (October 10, 2006) pursuant to the Resolution of Intention to Annex, this Council opened the public hearing and continued it to October 24, 2006; and

WHEREAS, at the time and date set for the continued public hearing, the Council held the public hearing, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the

Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as **Exhibit A**.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 24th day of October 2006. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is 6:00 p.m., Pacific Time, provided that if all qualified electors have voted prior to such time, the election shall be closed upon the receipt of all of the ballots.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681), and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th of October, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006-689**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CANVASSING THE RESULTS OF THE OCTOBER 24, 2006, ELECTION HELD WITHIN THE TERRITORY PROPOSED TO BE ANNEXED TO CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2), AND ORDERING ANNEXATION OF THE TERRITORY TO THE DISTRICT (ANNEXATION NO. 13)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2006-528, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 13)" adopted on September 5, 2006, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2"), create Tax Zone #2 within the District; and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2;  
and

WHEREAS, the owners of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2006-688, adopted on October 24, 2006, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for October 24, 2006, or as soon thereafter as practicable, relative to the foregoing; and

WHEREAS, on October 24, 2006, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owner or owners of the territory proposed to be annexed are as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is **attached**.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2006-528 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of October 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Olsen, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006-690**

**A RESOLUTION APPROVING THE CITY OF MODESTO  
CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION  
REPORT (CAPER) FOR FISCAL YEAR 2005-2006, AND AUTHORIZING  
THE CITY MANAGER, OR HIS DESIGNEE, TO SUBMIT THE REPORT  
TO THE U.S. DEPARTMENT OF HOUSING AND URBAN  
DEVELOPMENT (HUD).**

WHEREAS, the City of Modesto receives several Federal grants from the U.S.  
Department of Housing and Urban Development (HUD), and

WHEREAS, the Consolidated Annual Performance and Evaluation Report (CAPER)  
reflects the activities of the City and its sub-recipients for the period of July 1, 2005, through  
June 30, 2006, and

WHEREAS, each year the City must review and report on the performance of activities  
funded under the Community Development Block Grant (CDBG), HOME Investment  
Partnership Grant, and Emergency Shelter Grant (ESG) funds, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC)  
met on September 8, 2006, and reviewed and recommended the CAPER, and

WHEREAS, the CAPER must be made available for public review and comment for a  
minimum 15-day period, and

WHEREAS, on September 26, 2006, a public hearing was held at which time the City  
Council by Resolution No. 2006-625 approved the CAPER authorizing the City Manager to  
submit the report to HUD, and

WHEREAS, subsequently City staff learned that the CAPER was not duly noticed, and

WHEREAS, the City received authorization from HUD to submit the CAPER as approved by the City Council by Resolution No. 2006-625 on September 26, 2006, in order to meet deadlines and to hold a public hearing on October 24, 2006, and

WHEREAS, the CAPER was made available for public review and comment from October 8, 2006, through October 24, 2006, and

WHEREAS, all public comments, and staff responses to these comments, must be presented to the City Council for review and approval, and

WHEREAS, a duly noticed public hearing was held by the Council on October 24, 2006, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider approval of the CAPER,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the Consolidated Annual Performance and Evaluation Report for Fiscal Year 2005-2006 is hereby approved, and a copy of said report is on file in the office of the City Clerk.
2. That the City Manager, or his authorized designee, is hereby authorized, after having made any necessary correction, to submit said report to the U.S. Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of October, 2006, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 -694**

**A RESOLUTION ESTABLISHING A MULTI-YEAR  
OPERATING ORGANIZATION IN THE CITY  
ATTORNEY'S OFFICE IN THE AMOUNT OF \$601,509  
FOR PAYMENT OF OUTSIDE LITIGATION FEES AND  
COSTS AND REIMBURSING THE CITY ATTORNEY'S  
OPERATING BUDGET IN THE AMOUNT OF \$101,509  
FOR OUTSIDE LITIGATION EXPENSES ALREADY  
PAID IN FY 06-07.**

WHEREAS, from time to time it is necessary for the City to hire outside legal counsel to handle complex litigation requiring expertise in a specialized area of law or to handle overflow legal work that cannot be handled by existing staff, and

WHEREAS, the sum of \$101,509 has already been paid for outside litigation expenses in the current year, and

WHEREAS, establishment of a multi-year operating organization in the City Attorney's Office in the amount of \$601,509 is needed to provide \$500,000 in future litigation expenses and for reimbursement of outside litigation expenses already paid from the City Attorney's Operating Budget for current year expenses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the establishment of a multi-year operating organization in the City Attorney's Office for payment of outside litigation expenses, transferring \$601,509 from the General Fund Reserves Account No. 0100-800-8000-8003 to the newly established organization. Said \$601,509 shall include the amount of \$500,000 for future litigation expenses incurred in handling complex litigation and/or overflow legal work for the City which cannot be handled due to insufficient staffing, and the amount of \$101,509 for

reimbursement to the City Attorney's Operating Budget for outside litigation fees already paid in FY 06-07.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby directed to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-695**

**A RESOLUTION AUTHORIZING STAFF TO PROCEED WITH A  
REQUEST FOR PROPOSALS FOR CONSULTANT SERVICES  
FOR THE FIVE YEAR CAPITAL FACILITIES FEE UPDATE**

WHEREAS, the City Council of the City of Modesto has adopted Modesto Municipal Code 8-1.904 et seq. creating and establishing the authority for imposing and charging Capital Facilities Fees (“CFF”), and

WHEREAS, the City desires to continue to update the CFF program every five years, and

WHEREAS, the City last approved a comprehensive update of the CFF program on June 24, 2003, and

WHEREAS, staff desires to issue a Request for Proposals (“RFP”) for a professional consultant to update its CFF program, and

WHEREAS, City staff wishes to contract with a consultant to updates its CFF program and will assist the City in ensuring all facilities within the program are appropriate and adequate for the build out of the City and to outline any deficiencies that may occur, and

WHEREAS, Requests for Proposals shall be evaluated on the basis of specific selection criteria, with selection interviews tentatively scheduled in January 2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to proceed with a Request for Proposals for consultant services for the Five Year Capital Facilities Fee Update.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of November 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION No. 2006-696**

**A RESOLUTION APPROVING A DEFERRED PAYMENT AGREEMENT AND NOTICE OF LIEN WITH NAGRA, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, TO PAY TEN PERCENT (10%) (\$67,609.50) OF CAPITAL FACILITIES FEES AT THE TIME OF BUILDING PERMIT ISSUANCE FOR APN 056-083-004, PARCEL 1, WITH THE REMAINING NINETY PERCENT (90%) (\$608,485.50), SUBJECT TO INTEREST, TO BE PAID IN NO MORE THAN TEN (10) ANNUAL INSTALLMENTS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Nagra, LLC, a California Limited Liability Company (“Owner”), owns a parcel of real property located within the City of Modesto, County of Stanislaus, State of California, commonly known as APN 056-083-004, Parcel 1, more particularly described on **Exhibit “A”**, attached hereto and incorporated herein by reference (Property), and

WHEREAS, Owner desires to obtain a building permit from the City for the construction of two retail buildings consisting of approximately 45,800 square feet, located at 2301 Crows Landing Road, Modesto, California (Project), and

WHEREAS, pursuant to Modesto City Council Resolution No. 2006-061, a property owner may defer payment of CFF for a non-residential project on one parcel of land or a group of contiguous parcels under the same ownership for which CFF exceeds \$150,000.00, and

WHEREAS, Owner desires to pay ten (10%) percent (\$67, 609.50) of the total CFF at the time of building permit issuance, and

WHEREAS, Owner desires to defer the remaining ninety percent (90%) (\$608,485.50), subject to interest, to be paid in no more than ten (10) annual installments,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that the Deferred Payment Agreement and Notice of Lien (“Agreement”) with Nagra, LLC, a California Limited Liability Company, for the payment of ten percent (10%) (\$67,609.50) of capital facilities fees at the time of building permit issuance with the remaining ninety percent (90%) (\$608,485.50), subject to interest, to be paid in no more than ten (10) annual installments, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Deferred Payment Agreement and Notice of Lien.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-699**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE PURCHASE OF LIQUID SULPHUR DIOXIDE TO SIERRA CHEMICAL COMPANY OF SPARKS, NEVADA FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ADDITIONAL ONE-YEAR CONTRACT EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR A TOTAL ESTIMATED ANNUAL COST OF \$114,247.00.**

WHEREAS, the Public Works Department-Water Quality Control Plant (WQCP) has requested the purchase of sulphur dioxide (SO<sub>2</sub>), and

WHEREAS, liquid sulphur dioxide is used at the Secondary Water Quality Control facility to dechlorinate secondary treated wastewater before it is discharged into the San Joaquin River, and

WHEREAS, the Secondary Water Control Plant was constructed in 1967, and

WHEREAS, a liquid sulphur dioxide system was installed in 1985, and

WHEREAS, the system consists of one (1) 50,000 pound bulk storage tank and two (2) 1,900 pound sulfonators, and

WHEREAS, failure to perform dechlorination can result in fines up to \$10,000 per day, and

WHEREAS, the City of Modesto is responsible for the proper disinfection of water that is discharged into the San Joaquin River based on the Regional Water Quality Control Board (RWQCB) permit. The RWQCB permit is designed to protect the river habitat and surrounding environment, and

WHEREAS, the river discharge season is from October 1<sup>st</sup> through May 31<sup>st</sup>, and

WHEREAS, Resolution No. 2006-312 authorized the Purchasing Manager to issue bids for liquid sulphur dioxide, and

WHEREAS, the Purchasing Division issued formal bids for liquid sulphur dioxide on Request for Bid (RFB) 0607-04, and

WHEREAS, twenty (20) vendors were solicited, one (1) of which was a local vendor, and

WHEREAS, out of the twenty (20) vendors solicited, three (3) chose to respond, and

WHEREAS, two responses were a no bid, and

WHEREAS, the Purchasing Division and Public Works Department-Water Quality Control Plant staff evaluated bids, and

WHEREAS, the City's 2% local vendor preference was not a factor in determining the lowest responsive and responsible bidder for liquid sulphur dioxide, and

WHEREAS, Sierra Chemical Company of Sparks, Nevada is hereby deemed to be the lowest responsive and responsible bidder for liquid sulphur dioxide, with an estimated annual cost of \$114,274.00, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 requires all purchases which meet or exceed \$50,000 for material and equipment or contractual services to be formally bid, and

WHEREAS, MMC Section 8-3.203 (a) states that purchases whose total maximum cost to the City exceed \$50,000 shall receive preliminary approval of Council, and

WHEREAS, the liquid sulphur dioxide received said approval with Resolution No. 2006-312, and

WHEREAS, this Request for Bid (RFB) process conforms to the MMC, and

WHEREAS, funds are available in account number 6210-480-5214-0312 for this purchase, and

WHEREAS, the Public Works Department has included \$114,247.00 in their operating budget for sewer operations fund, which includes funding for liquid sulphur dioxide, and

WHEREAS, the estimated annual cost for liquid sulphur dioxide is \$114,247.00 for FY 2006/2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for liquid sulphur dioxide for an initial two (2) year period, with three (3) one-year contract extension options, at the sole discretion of the City, for a total estimated annual cost of \$114,247.00.

BE IT FURTHER RESOLVED that it hereby authorizes the Purchasing Manager to issue a purchase order to Sierra Chemical Company of Sparks, Nevada for an estimated annual cost of \$114,247.00.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November 2006, by Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-700**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO PURCHASE NOVELL LICENSES AND MAINTENANCE RENEWAL FOR THE INFORMATION TECHNOLOGY DEPARTMENT, FROM THE STATE OF CALIFORNIA, DEPARTMENT OF GENERAL SERVICES (DGS), SOFTWARE LICENSE MASTER AGREEMENT THROUGH COMPUCOM, RANCHO CORDOVA, CA FOR A TERM OF ONE (1) YEAR, AT AN ESTIMATED COST OF \$68,174.**

WHEREAS, the Information Technology Department (IT), purchases annual maintenance agreements on most of its software applications for the purpose of receiving technical support and to keep current with software releases, and

WHEREAS, the City of Modesto is currently migrating from the Novell to the Microsoft Exchange platform and GroupWise to Outlook email system, and

WHEREAS, in an effort to allow staff adequate time to effectively migrate historical email and attached documents, the Senior Executive Team encouraged that Novell/GroupWise remain functional for a period of one year beyond the migration to MS Exchange/Outlook, and

WHEREAS, the City has utilized Novell for more than seven years and has during that timeframe always purchased Novell annual maintenance contracts, and

WHEREAS, the annual maintenance contract provides technical support, free Novell upgrades as they occur, and most importantly keeps the City's total license count compliant with our contracted number of licenses, and

WHEREAS, the Modesto Municipal Code, MMC Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, there are exceptions to said rule set forth in the Modesto Municipal Code, and

WHEREAS, one exception, MMC Section 8-3.204 (d), is available where the Purchasing Manager, in his or her discretion, determines that a process other than the usual formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the lowest possible cost commensurate with the desired quality, and

WHEREAS, acting within his discretion, the Purchasing Manager invoked that exception for this purchase, and

WHEREAS, “accessing the terms” through the master agreement set in place with the State of California, DGS, for the purchase of Novell licenses and maintenance renewal will ensure that the City will be paying the lowest cost commensurate with the desired quality, and

WHEREAS, this purchase will conform to MMC Section 8-3.204 (d),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue a Purchase Order to CompuCom, Rancho Cordova, CA for the purchase of Novell licenses and maintenance renewal for a term of one (1) year, at the estimated cost of \$68,174.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-701**

**A RESOLUTION APPROVING A LEASE AGREEMENT  
BETWEEN THE CITY AND THE MODESTO  
REDEVELOPMENT AGENCY FOR THE PARK  
OPERATION, MAINTENANCE, AND USAGE AT THE 17<sup>TH</sup>  
AND G STREET PARK ("TOWER PARK") AND  
AUTHORIZING THE CITY MANAGER TO SIGN SAID  
LEASE AGREEMENT.**

WHEREAS, On June 27,2006 the City Council and the Agency conducted a joint public hearing and approved the sale and acquisition of Tower Park from the City to the Agency for fair market value of \$770,000, and

WHEREAS, This property was purchased for affordable housing project, and

WHEREAS, In the interim prior to development, staff believes it is desirable that the operation and maintenance of the park continue as well as usage of the property as an open park space, and

WHEREAS, The City has the ability to maintain the operation and maintenance of the park, and

WHEREAS, The City is willing to lease the park from the Agency for \$12 per year, and

WHEREAS, The Agency will absorb the cost of landscape maintenance, utilities and any repair or maintenance needed on the property to maintain it in a reasonably safe and healthy condition, and

WHEREAS, The term of the Lease agreement is for a period of one year with an option to extend the terms of the lease for an additional six months, if required.

BE IT FURTHER RESOLVED, that the City Council of Modesto hereby adopts a Resolution approving a Lease Agreement between the City and the Modesto Redevelopment

Agency ("Agency") for the park operation, maintenance and usage at the 17<sup>th</sup> and G Street park ("Tower Park") and authorizing the City Manager or his designee, to sign said Lease Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-702**

**A RESOLUTION APPROVING THE INSTALLATION OF CRIME STOPPERS SIGNS THROUGHOUT THE CITY OF MODESTO AT HIGH-CRIME LOCATIONS, AND WAIVING THE INSTALLATION FEE FOR THE FIRST TWELVE (12) SIGNS INSTALLED, WITH THE COST OF ANY ADDITIONAL SIGN INSTALLATION TO BE INCURRED BY CRIME STOPPERS.**

WHEREAS, the Crime Stoppers Board desires to install 18" x 20" red and black Crime Stoppers Signs throughout the city of Modesto in high-crime areas, and

WHEREAS, the Crime Stoppers Board believes these signs will add additional visibility and citizen awareness to lead to the capture and arrest of more wanted criminals, and

WHEREAS, the Crime Stoppers Board will contact Weed and Seed and other crime units to determine the best locations to place these signs, and

WHEREAS, Crime Stoppers is a non-profit organization and is funding the layout, design, and printing material for the signs, and

WHEREAS, the installation fee per sign is \$50.00, and staff is requesting that City crews perform the sign installation at no cost to Crime Stoppers for the first 12 signs, and

WHEREAS, any additional costs for sign installation would have to be incurred by Crime Stoppers, and

WHEREAS, the Safety and Communities Committee reviewed this item at their October 2, 2006 meeting, and recommended approval by the full Council,

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby approves the installation of Crime Stoppers Signs throughout the City of Modesto at high-crime locations.

BE IT FURTHER RESOLVED that the installation fee of \$50.00 per sign be hereby waived for the first twelve (12) signs installed, with the cost of any additional sign installation to be incurred by Crime Stoppers.

RESOLUTION NO. 2006-703**

**A RESOLUTION AWARDED A CONSULTANT AGREEMENT WITH DAMON S. WILLIAMS ASSOCIATES, LLC (DSWA) IN THE AMOUNT OF \$49,912.00 TO COMPLETE A CONCEPTUAL REPORT OF WELLHEAD TREATMENT AT WELL 226 AND WRITE A REQUEST FOR PROPOSALS FOR THE APPROPRIATE ARSENIC AND NITRATE REDUCTION TECHNOLOGY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, effective January 1, 2006, the United States Federal Environmental Protection Agency (EPA) set new standards for arsenic in drinking water, and

WHEREAS, the new EPA standards reduced the arsenic from 50 parts per billion (ppb) to 10 ppb, and

WHEREAS, the City of Modesto tests all water wells for arsenic compliance, and

WHEREAS, City Water Well No. 226 located at the Conant Avenue/Brenner Way intersection had a reading of 12 ppb for the first quarter of 2006, and

WHEREAS, the 12 ppb amount exceeds the new EPA limitation and well treatment is now necessary, and

WHEREAS, aboveground treatment alternatives were explored to determine which would be best for this location, and

WHEREAS, each option has advantages and disadvantages, and

WHEREAS, Damon S. Williams Associates, LLC was chosen to assist the City with the design of an arsenic and nitrate removal system for Wellhead Treatment at Well 226, and

WHEREAS, Damon S. Williams Associates, LLC provided a Proposal with Scope of Services for the Well 226 project, and

WHEREAS, staff proposes the City execute an agreement with Damon S. Williams Associates, LLC to provide a Conceptual Design for Wellhead Treatment at Well 226, and to write a Request for Proposals for the appropriate arsenic and nitrate reduction technology,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between City of Modesto and Damon S. Williams Associates, LLC for a Conceptual Report for Wellhead Treatment at Well 226, and to write a Request for Proposals for the appropriate arsenic and nitrate reduction technology in the amount of \$49,912.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-704**

**A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH RMC WATER AND ENVIRONMENT (RMC), IN THE AMOUNT OF \$12,675, FOR THE COMPLETION OF EXISTING TASKS TO COMPLETE THE CITY'S URBAN WATER MANAGEMENT PLAN, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT**

WHEREAS, the Urban Water Management Planning Act of the California Water Code requires water suppliers in California, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually, to prepare and adopt an Urban Water Management Plan (UWMP) every five years, which defines their current and future water use, sources of supply and its reliability, and existing conservation measures, and

WHEREAS, the City had previously filed Urban Water Management Plans for 1985, 1990, 1995, and 2000. This UWMP update will address the new legislative requirements of the Urban Water Management Planning Act, and

WHEREAS, in addition to meeting all of the State's legislative requirements, the UWMP will serve as a foundation document supporting water supply assessments, local and regional planning efforts, and the General Plan Updates, and

WHEREAS, the UWMP will also ensure the appropriate level of reliability in water service sufficient to meet the needs of various categories of customers during normal, dry, and multiple dry years, and

WHEREAS, in addition to meeting the minimum requirements of a UWMP, the scope also includes a task to identify and evaluate alternatives for meeting long-term water supply needs, and

WHEREAS, the City is coordinating its preparation of the UWMP with the Modesto Irrigation District (MID). Because the Department of Water Resources (DWR) requires each agency to prepare a separate UWMP, due to differing management objectives, the City is preparing its UWMP from the water supplier's perspective, while MID preparing their UWMP from the water wholesaler's perspective, and

WHEREAS, RMC Water and Environment (RMC), of Walnut Creek, CA, was determined to be the most qualified firm to prepare the City's UWMP, and by Resolution No. 2005-374 the City Council awarded the contract to RMC on July 12, 2005, and

WHEREAS, since the award of the contract, a draft UWMP report has been submitted to the City and MID for review. Due to the sensitive nature of UWMPs and its consequence on future development, a considerable amount of time has been spent for legal review, to ensure that the report adequately addresses water supply issues and reduce any potential liabilities that could result in a finalized UWMP, and

WHEREAS, in September 2006, the City requested that RMC integrate additional items beyond the scope of the existing contract, such as incorporating the City's new policy, based on SB 1087, and

WHEREAS, there are sufficient funds within the existing contract to continue work on the existing tasks, but additional funds are needed to complete the additional work as follows: 1) Task 1: Project management and quality assurance (QA)/quality control (QC); 2) Task 2: Stakeholder coordination and public outreach that will be required for future public hearings; and 3) Task 8: Plan preparation to incorporate updated information and additional tasks in order to finalize the submittal of the UWMP, and

WHEREAS, the original Agreement was for \$121,596 and the additional work associated with this Amendment is \$12,675, which will increase the total Agreement to an amount not-to-exceed \$134,271, and

WHEREAS, the current budgeted amount of \$12,675 for the Amendment to Agreement is available in the CIP Account 6180-430-W410-6010 "Urban Water Management Plan" to cover the cost for these additional services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to Agreement between City of Modesto and RMC Water and Environment, for additional services related to the Urban Water Management Plan in the amount of \$12,675.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment to Agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant, Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-705**

**A RESOLUTION GRANTING IN PART AND DENYING IN PART THE  
APPEAL OF RONALD MALIK TO A PLANNING COMMISSION DECISION  
REGARDING CONDITION NO. 14 TO THE BRIDGES VESTING TENTATIVE  
PARCEL MAP (MALIK).**

WHEREAS, Modesto Municipal Code Section 4-4.502(c) authorizes the Planning Commission to take action on proposed tentative parcel maps, and

WHEREAS, on July 22, 2005, Ronald Malik submitted an application for a vesting tentative parcel map to divide 24 acres located on the south side of Kiernan Avenue west of Dale Road into 13 lots, and

WHEREAS, a public hearing was held by the Planning Commission on January 9, 2006, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, at said public hearing applicant's representative expressed concern with certain provisions of Condition No. 14 which requires that the project participate in a shell Community Facilities District (CFD) which includes regional streets, and a contingency storm drainage plan for the project, and

WHEREAS, the Planning Commission continued the public hearing to January 23, 2006, to allow staff and the applicant the opportunity to resolve issues regarding the conditions of approval, and

WHEREAS, a continued public hearing of the Planning Commission was held on January 23, 2006, in the Tenth Street Place Chambers located at 1010 Tenth Street,

Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 2006-03 the Planning Commission approved the vesting tentative parcel map entitled The Bridges Vesting Tentative parcel map, because the proposed map, together with the provisions for design and improvements, was deemed consistent with the Kiernan Business Park Specific Plan, Modesto Urban Area General Plan, the City of Modesto Municipal Code and State of California Subdivision Map Act, and

WHEREAS, an appeal to the Planning Commission's approval of Condition No. 14 to The Bridges vesting tentative parcel map was filed with the Office of the City Clerk by the applicant's representative George Petrulakis, on February 6, 2006, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at 5:30 p.m. on March 7, 2006, but was continued for hearing to March 28, 2006, at the applicant's request, and

WHEREAS, said appeal was further continued for hearing to April 25, 2006, then to June 27, 2006, then to August 8, 2006, then to September 26, all at the applicant's request, and

WHEREAS, the hearing was further continued to November 8, 2006, at the joint request of the applicant and staff to allow for further discussions regarding the CFD requirements, and

WHEREAS, after further discussion with the applicant, City staff has agreed that interim storm drainage provisions do not need to be included in the CFD, provided that

certain other conditions related to the storm drainage system are included as part of the parcel map approval, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at 5:30 p.m. on November 8, 2006, at which time said public hearing was held and evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing the Council of the City of Modesto found and determined that the decision of the Planning Commission should be affirmed as to all provisions of Condition No. 14 except the provision requiring inclusion of a contingency storm drainage plan but that Condition No. 2 of the approval should be modified, in part to add a financial security requirement related to the provision of storm drainage for the project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appeal of Ronald Malik to the decision of the Planning Commission approving Condition No. 14 to The Bridges vesting tentative parcel map is hereby granted in part and denied in part for the reason set forth below:

The proposed Condition No. 14 of the vesting tentative parcel map entitled The Bridges, as revised by the Council's decision on the appeal, together with the provisions for its design and improvements, is consistent with the Kiernan Business Park Specific Plan, Modesto Urban Area General Plan, the City of Modesto Municipal Code, and the State of California Subdivision Map Act,

BE IT FURTHER RESOLVED that the decision of the Planning Commission approving The Bridges parcel map (Planning Commission Resolution No. 2006-03) is

hereby affirmed subject to the following modifications to Conditions of Approval Nos. 2 and 14::

2. Prior to recordation of a parcel map, the developer shall enter into a written agreement with the City of Modesto for the development, use, maintenance and liability, either directly or indirectly, associated with the permanent storage and treatment of stormwater from both the adjacent frontages along Healthcare Way, as well as all on-site stormwater. The agreement shall also include a provision that in the event the retention system fails or is deemed unacceptable by any regulatory entity having jurisdiction over storm water, the developer shall at its sole expense install a positive storm drain system in accordance with City Standards. Failure of the system is defined as failure to meet the design criteria in the Standard Specifications at any time. The agreement shall further require that the applicant provide, and maintain at all times, a cash or cash equivalent financial security to secure applicant's maintenance obligations. The security shall be in an amount required by the Public Works Director and in a form approved by the City Attorney.
  
14. Prior to recordation of a final parcel map, subdivider shall take all actions reasonably necessary to secure and establish a City Mello-Roos Community Facilities District ("CFD") for the Bridges Business Park site for capital improvements and ongoing maintenance composed of street improvements and landscaping and irrigation, as set forth in the Kiernan Business Park Specific Plan to be financed by said CFD or, if said CFD has been established for the Kiernan Business Park Specific Plan, subdivider shall take all actions reasonably necessary to annex its subdivision to said CFD, which shall actually result in annexation of its subdivision to said CFD at the tax rate for the zone of said CFD to which the subdivision is ultimately annexed; or alternatively, in the event complete annexation does not occur for any reason, subdivider may provide a funding mechanism for said capital improvements and ongoing maintenance to the same general standard as other similar capital improvements and ongoing maintenance financed by said CFD, subject to approval of the funding mechanism by the City, such approval not to be unreasonably withheld.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-706**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED DEVELOPMENT ZONE, P-D(576) (BANK OF STOCKTON)**

WHEREAS, a verified application for an amendment to Section 1-3-8 of the Zoning Map was filed by Bank of Stockton on August 18, 2003, to reclassify from Specific Plan Overlay Zone, SP-O, to Planned Development Zone, P-D(576), to allow the development of a bank and a future professional office building, property located on the northeast corner of Pelandale Avenue and Dale Road, described as follows,

SP-O to P-D(576)

All that portion of the north half of the southwest quarter of Section 1, Township 3 South, Range 8 East, Mount Diablo Base and Meridian, particularly described as follows:

Parcel A as shown on the Map recorded in Book 47 of Parcel Maps at Page 46, Stanislaus County Records. Containing 3.00 acres.

Also including the east one-half of Dale Road and North one-half of Pelandale Avenue adjacent to the above described property.

WHEREAS, after a public hearing held on September 11, 2006, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2006-60, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed Planned Development is consistent with the General Plan and Specific Plan designations for the site.
2. The development will provide some much-needed roadway improvements to facilitate the flow of traffic on Dale Road.

WHEREAS, said matter was set for a public hearing of the City Council to be held on November 8, 2006, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Bank of Stockton for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2006-60 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3429-C.S. on the 8<sup>th</sup> day of November, reclassifying the above-described property from Specific Plan-Overlay Zone, SP-O to Planned Development Zone, P-D(576).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(576), is hereby approved subject to the following conditions:

1. Prior to issuance of a building permit, the applicant shall submit, for approval by the Community and Economic Development Director, a set of revised plot plans and building elevations showing any reduction or alteration in the building footprint and providing architecture in accordance with the Kiernan Business Park Specific Plan's design guidelines. All development shall conform to this revised plan as amended in red, stamped approved by the Planning Commission.
2. Development of the future professional office building will require separate site plan and elevations approval by the Planning Commission.
3. Prior to issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. The temporary stormwater retention basin

shall landscaped and irrigated. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.

4. Prior to issuance of a building permit, developer shall take all actions reasonably necessary to secure and establish a City Mello-Roos Community Facilities District ("CFD") for the area bounded by Dale Road, Pelandale Avenue, Bangs Road and American Avenue for the capital improvements and ongoing maintenance of a regional storm drain basin, right-of-way dedication and improvements for a third lane on Dale Road and the landscaping in the public right-of-way adjacent to the project site to be financed by said CFD or, if said CFD has been established for the area bounded by Dale Road, Pelandale Avenue, Bangs Road and American Avenue, developer shall take all actions reasonably necessary to annex its development to said CFD, which shall actually result in annexation of its development to said CFD at the tax rate for the zone of said CFD to which the development is ultimately annexed; or alternatively, in the event complete annexation does not occur for any reason, developer may provide a fund-in mechanism for said capital improvements and ongoing maintenance to the same general standard as other similar capital improvements and ongoing maintenance financed by said CFD, subject to approval of the funding mechanism by the City, such approval not to be unreasonably withheld.
5. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
6. Prior to the issuance of a building permit, the developer shall provide the following street dedication as shown on the stamped approved plan:
  - a. 21.5 feet along the Dale Road frontage, flaring at the intersection as required by City Standards and the Public Works Director.
  - b. 16.5 feet along the Pelandale Frontage, flaring at the intersection as required by City Standards and the Public Works Director.
7. Prior to the issuance of Certificate of Occupancy, the developer shall install the following street improvements as shown on the stamped approved plan per City Standards:

- a. A two-foot-wide uninterrupted median paralleling the proposed Dale Road driveway and continuing 100 feet north of the northern edge of the driveway and 100 feet south of the southern edge of the driveway as required by the Public Works Director or designee.
  - b. All improvements necessary for the installation of a third northbound lane along the Dale Road frontage as required by the Public Works Director or designee, including, but not limited to, curb, gutter, sidewalk, streetlights, street pavement and striping and traffic signal relocation.
8. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.
9. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.
10. Irrigation lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Easements for irrigation lines to remain shall be dedicated.
11. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.
12. Trash enclosures shall be of a size and design to permit the storage and removal of required recyclable material receptacles, or a separate enclosure of the collection for recyclable materials shall be provided as approved by the Public Works Director or designee.
13. Trash enclosures shall be bermed to prevent stormwater run-on and graded to drain to adjacent landscape areas as required by the Public Works director or designee.

14. Prior to occupancy the developer shall execute a Reciprocal Easement Agreement, in a form approved by the City Attorney, which shall provide for vehicular and pedestrian access for the use of the property to the north and east.
15. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building and Development Services all fire hydrants and FDC's required by the Fire Chief. All hydrants and FDC's required by the Fire Chief shall be installed and operable prior to construction of any structures.
16. Internal circulation shall provide adequate emergency services access as determined by the Fire Chief.
17. Prior to issuance of a building permit, a ten-foot-wide public utility easement, and six-foot-wide planting easement located within the ten-foot-wide public utility easements, as required by the City Engineer or designee, shall be dedicated along Pelandale Avenue and Dale Road.
18. Prior to the issuance of a building permit, the developer shall provide an interim storm drainage plan, to the satisfaction of the City Engineer or designee, to accommodate both on-site runoff as well as the runoff from east half of Dale Road and north half Pelandale Avenue adjacent to the project site. On an interim basis, on-site runoff shall be detained in the proposed on-site drainage basin and street drainage shall be accommodated in the public right of way adjacent to the project site and constructed in accordance with the Improvement Plans for Kaiser Modesto Remote Off-Site Improvements. Both the on-site and off-site storm drainage systems shall be designed to ultimately drain into the future regional basin as required by the City Engineer or designee in accordance with City Standards. Storm drain improvements shall be constructed in accordance with the approved plans.
19. Prior to occupancy, the developer shall enter into an agreement for the development, use, maintenance and removal of the temporary storm drain basin, which shall include financial security for the elimination of the temporary storm drain basin and restoration of the basin site as required by the Public Works Director in a form acceptable to the City Attorney.
20. All signs shall comply with the sign requirements of the P-O Zone and the Kiernan Business Park Specific Plan.

21. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.
22. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.
23. All development shall conform to the Kiernan Business Park Specific Plan.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

24. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
25. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
26. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
27. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.

28. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
29. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
30. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.
31. Suspend excavation and grading activity when winds exceed 20 mph.
32. Limit the area subject to excavation, grading and other construction activity at any one time.
33. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- a. A hammer or any other device or implement used to pound or strike an object.
- b. An impact wrench or other tool or equipment powered by compressed air.
- c. A hand-powered saw.
- d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader,

back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

- g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
  - h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.
34. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K.
35. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.
36. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.

37. Prior to issuance of a building permit for each of the buildings within the development, the applicant shall pay the water connection fees at the rate in effect at the time of issuance of the building permit.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(576):

The construction program be accomplished in two phases as follows:

1. For Phase 1, all development associated with the bank, construction to begin on or before September 11, 2008 and completion to be not later than September 11, 2009.
2. For Phase 2, all development associated with the 10,000 square foot office building, construction to begin on or before September 11, 2010 and completion to be not later than September 11, 2011.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(576), becomes effective.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant,  
Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-707**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 1-3-8 OF THE ZONING MAP TO RECLASSIFY FROM SPECIFIC PLAN OVERLAY ZONE, SP-O, TO PLANNED DEVELOPMENT ZONE, P-D(576), PROPERTY LOCATED ON THE NORTHEAST CORNER OF PELANDALE AVENUE AND DALE ROAD (BANK OF STOCKTON)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Bank of Stockton has proposed that the zoning designation for the property located on the northeast corner of Dale Road and Pelandale Avenue, be amended from Specific Plan Overlay Zone, (SP-O), to Planned Development Zone, P-D(576), to allow the development of a bank and a future professional office building, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent project for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2006-51 (“Initial Study”) reviewed the proposed amendment to the Zoning Map from Specific Plan Overlay Zone, (SP-O), to Planned Development Zone, P-D(576), to determine whether the project is

within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines on October 16, 2006, the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2006-60 recommended to the City Council approval of the application of Bank of Stockton to amend Section 1-3-8 of the Zoning Map to rezone from Specific Plan Overlay Zone, (SP-O), to Planned Development Zone, P-D(576), for the property located on the northeast corner of Pelandale Avenue and Dale Road, to allow the development of a bank and a future professional office building as set forth in said Resolution No. 2006-60, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on November 8, 2006, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone to Planned Development Zone P-D(576) to allow a bank and future professional office building, a copy of which is attached hereto as **Exhibit “A”**, and incorporated

herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master Urban Area General Plan Master EIR (MEIR).
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made Conditions of Approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study, the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was identified in the MEIR.
  - b. No new or additional mitigation measures or alternatives are required.
5. The Initial Study, Environmental Assessment No. EA/C&ED 2006-51, provides the substantial evidence to support findings 1-4, noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant, Olsen,  
Mayor Ridenour

**EXHIBIT A**

**Initial Study**

**EA/C&ED No. 2006-51**

**City of Modesto**  
**Master EIR Initial Study Environmental Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed project, rezone SP-O to P-D for Bank of Stockton, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: Rezone SP-O to P-D for Bank of Stockton
- B. Address or Location: Northeast corner of Dale Road and Pelandale Avenue
- C. Applicant: Bank of Stockton, P.O Box 1110, Stockton, Ca. 95201
- D. City Contact Person: Josh Bridegroom

Project Manager: Josh Bridegroom  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5267  
E-mail address: jbridegroom@modestogov.com

- E. Current General Plan Designation(s): BP
- F. Current Zoning Classification(s): SP-O
- G. Surrounding Land Uses: North: Church Facilities  
South: Pelandale Avenue/Commercial  
East: Church Facilities  
West: Dale Road/Commercial

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is an application to rezone the above-referenced property from SP-O (Specific Plan-Overlay) to P-D (Planned Development) to allow the development of an 8,620 square foot bank, associated parking and a temporary stormwater retention basin. A professional office building is proposed to be developed in the future over the area designated for the temporary stormwater retention basin.

The development is proposed to obtain ingress and egress to the public street system via a single right-in, right-out connection to Dale Road; left turn access into the development from southbound traffic on Dale Road will be precluded by a developer-installed median. Reciprocal access connections are proposed to the properties to the north and east to provide for improved future circulation within the Kiernan Business Park Specific Plan area.

The developer proposes to dedicate and provide improvements for three northbound lanes on Dale Road along the project frontage and to provide dedication on the Pelandale Expressway in accordance with City Standards.

- I. Other Public Agencies Whose Approval is Required: None

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

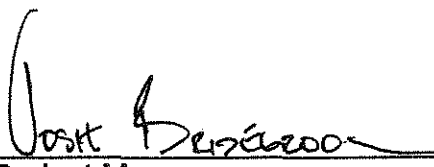

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
- E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.      **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.      **Focused EIR Required**- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | X   | <input type="checkbox"/> |

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | X   | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: . | X   | <input type="checkbox"/> |
| (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.  | X   | <input type="checkbox"/> |

- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

**IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

**1. TRAFFIC AND CIRCULATION**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

**c. Project-Specific Effects**

Section V-1.B of the MEJR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project exceeds the Master EIRs traffic generation assumptions for this site and City Engineering and Transportation staff has determined that the project would have additional project-specific effects that are not avoided or reduced by the Master EIRs program of mitigation measures.	<input type="checkbox"/>	X
(2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	<input type="checkbox"/>	X
(3) Result in inadequate emergency access.	<input type="checkbox"/>	X
(4) Result in inadequate parking capacity.	<input type="checkbox"/>	X

Discussion:

(1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:

A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR as supplemented by the Kaiser EIR. No traffic study is required.

B. A site access study is not required for this project.

(2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project, as conditioned, is in accordance to City

standards.

- (3) Fire and Police Staff have reviewed this proposal and have determined that the existing layout, as conditioned, does not create an emergency access problem.
- (4) The project meets City Standards in terms of the number of parking spaces required on-site.

## 2. AIR QUALITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: AQ-17

### c. Project-Specific Effects

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines. | <input type="checkbox"/> | X  |
| (2) The project does not incorporate the best management practices for   | <input type="checkbox"/> | X  |

PM10 reduction established by the SJVUAPCD.

- |     |   |                          |   |
|-----|---|--------------------------|---|
| (3) | The project does not comply with the air quality policies of the Modesto Urban Area General Plan. | <input type="checkbox"/> | X |
| (4) | The project would expose sensitive receptors to substantial pollutant concentrations.             | <input type="checkbox"/> | X |
| (5) | The project would create objectionable odors affecting a substantial number of people.            | <input type="checkbox"/> | X |

Discussion:

- (1) The project is within the scope of the Master EIR for traffic related impacts. Therefore, it should be within the scope of the Master EIR for CO and NOx emissions, in that these pollutants are traffic induced.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).
- (4) The project is not a significant contributor to pollution levels in that it is an office development. Thus, the main source of pollution that would come with the development is traffic related. Since the traffic impacts are within the scope of the MEIR, so are the traffic-related pollution concentration impacts. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measure listed above.
- (5) The development should not produce objectionable odors; in that office buildings generally do not.

**3. NOISE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 of the MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. and any new measures are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

**c. Project-Specific Effects**

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	X

Discussion:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.
- (2) The project is consistent with what the General Plan assumed for the site both in land use and intensity and is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. The noise mitigation measures called for by the

General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the project.

#### 4. AGRICULTURAL LANDS

##### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

##### b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 of the MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measure applicable to this project.

##### c. Project-Specific Effects

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project will directly result in the development of land outside the March 2003 planning area boundaries. | <input type="checkbox"/> | X  |
| (3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.           | <input type="checkbox"/> | X  |

- (4) The project will involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.  X

Discussion:

- (1) The project is consistent with the General Plan land use policies. It is being proposed on fallow land in an area designated by the General Plan as Planned Urbanizing. The areas designated in the General Plan and MEIR as Important Farmland are not affected by this development.
- (2) The project is within the baseline-developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture, nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. It is taking place in an area designated in the General Plan and MEIR as Planned Urbanizing and is not extending infrastructure to land designated as Important Farmland.

## 5. WATER SUPPLY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less than significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 of the MEIR. All feasible measures appropriate to the

project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation Measures appropriate to this project include: WS-11

### c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The City has determined that it is experiencing a cumulative deficiency in water supply for new development throughout the City's service area. According to the City's recent long-term water supply analyses, the anticipated growth of the City's urban area will increase overall demand for water. By 2010, the demand will exceed the City's assured supply, which is currently provided through treated surface water and the pumping of the groundwater basin (up to the safe yield). Water demand exceeding the assured supply in the future is a significant cumulative environmental impact. (See Stanislaus Natural Heritage Project v. County of Stanislaus (1995) 48 Cal.App.4th 182.) Each new development, which creates a demand on the City's water system, contributes to this significant cumulative impact.

The City has thus implemented a long-term program for securing and developing additional water supplies, including the expansion of the Modesto Surface Water Treatment Facility, and has established a mitigation fee program, in the form of increased water connection fees, in order to fund the cost of developing these new water supplies. Payment of the new water connection fees represents a project's fair share of the cost of mitigating this significant cumulative impact, and the applicants have agreed to a condition requiring payment of the new water connection fees.

## 6. SANITARY SEWER SERVICES

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less than significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

#### Discussion:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Public Works for comment and there was no indication that there is insufficient capacity to serve the project.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less than significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measure applicable to this project. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	<input type="checkbox"/>	X
(3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation Measures applicable to this project include: AH-12, Master EIR.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

**9. STORM DRAINAGE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase

in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less than significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: SD-7, MEIR.

**c. Project-Specific Effects**

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	<input type="checkbox"/>	X
(3)	Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

### Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project proposes to increase the impervious surface. However, it should be designed to meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City and applied to the project as a Mitigation Measure. With the application of the appropriate mitigation, the effect will be less than significant.
- (3) The project will contribute additional water runoff. However, with the application of the mitigation measures called for in the conditions of approval for the project, the effect will be less than significant.

## **10. FLOODING AND WATER QUALITY**

### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less than significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less than significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

Mitigation measures appropriate to this project include: FWQ-14, MEIR.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3) The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the General Plan Designation for the site both in land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.

- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff. The appropriate mitigation measures will be applied to the project.

**11. PARKS AND OPEN SPACE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less than significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   |                          |                                       |
|---|--------------------------|---------------------------------------|
|   | YES                      | NO                                    |
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> X |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.

## 12. SCHOOLS

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

#### Discussion:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

- (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures, which provide that compliance results in less-than-significant impacts on schools.  X

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.  
 (2) The project includes no residential student-gathering component.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less than significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or       | <input type="checkbox"/> | X  |

significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

#### **14. FIRE SERVICES**

##### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less than significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less than significant.

##### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section V, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

##### **c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.

## 15. SOLID WASTE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less than significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | X  |

#### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Public Works Department for review, and no indication was given that there would be a problem serving this project.

## 16. HAZARDOUS MATERIALS

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less than significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

#### Discussion:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.                                | <input type="checkbox"/> | X  |
| (3) The project contains a contaminated site not identified as of March 2003.   | <input type="checkbox"/> | X  |
| (4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.  | <input type="checkbox"/> | X  |
| (5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment. | <input type="checkbox"/> | X  |

#### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste. It is an office development.
- (5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

## 17. LANDSLIDES AND SEISMIC ACTIVITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less than significant.

### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section V, Mitigation Measures Applied to Project:

#### Discussion:

No mitigation measures are applicable to this project.

### **c. Project-Specific Effects**

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds: The project-specific effects will be less than significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse. | <input type="checkbox"/> | X  |

#### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

**18. ENERGY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less than significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less than significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 of the MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section V, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less than significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Discussion:

(1) The project is consistent with the General Plan in both land use and intensity.

## 19. PLANNING AND LAND USE

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

### a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | X  |

#### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) No amendment to the General Plan is required by this project.
- (3) The project will not divide an established community.

## 20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

### a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less than significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would have a substantial adverse effect on a scenic vista.   | <input type="checkbox"/> | X  |
| (3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings. | <input type="checkbox"/> | X  |

- (4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.  X

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) There are no Scenic Vistas from the location of the proposed development.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

**V. MITIGATION MEASURES APPLIED TO THE PROJECT**

If the Initial Study results in the determination that a Finding of Conformance can be adopted for the proposed project Section A below applies. If the Initial Study results in the determination that a Finding of Conformance cannot be adopted and a Mitigated Negative Declaration/EIR must be prepared for the project then Section B, below applies.

**A. Master EIR Mitigation Measures Applied to the Project**

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project (see mitigation measures listed below).

**B. New or Additional Mitigation Measures or Alternatives Required**

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study.

A Mitigated Negative Declaration/EIR shall be prepared for the project and the following additional project-specific mitigation measures listed below are necessary to reduce the identified new significant effect:

**Traffic and Circulation Measures:**

N/A

**Air Quality Measures:**

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover
2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
7. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site;
8. Suspend excavation and grading activity when winds exceed 20 mph; and
9. Limit the area subject to excavation, grading and other construction activity at any one time.

**Noise Measures:**

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.

- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

**Agricultural Land Measures:**

N/A

**Water Supply Measures:**

- 1. Prior to issuance of a building permit for each of the buildings within the development, the applicant shall pay the water connection fees at the rate in effect at the time of issuance of the building permit.

**Sanitary Sewer Service Measures:**

N/A

**Sensitive Wildlife and Plant Habitat Measures:**

N/A

**Archaeological or Historic Sites Measures:**

1. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

**Storm Drainage Measures:**

1. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

1. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

N/A

**Police Services:**

N/A

**Fire Services:**

N/A

**Generation of Solid Waste**

N/A

**Generation of Hazardous Materials**

N/A

**Potential for Landslides and Seismic Activity**

N/A

**Energy**

N/A

**Planning and Land Use**

N/A

**Aesthetics**

N/A

**B. New or Additional Mitigation Measures or Alternatives Required**

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: ***None.***

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-708**

**A RESOLUTION APPROVING THE REALLOCATION OF THE CURRENT WASTE MANAGEMENT SERVICE AREA TO GILTON SOLID WASTE AND BERTOLOTTI DISPOSAL, REVISING THE SERVICE AREA MAP ON FILE WITH THE CITY CLERK FOR THE COLLECTION OF SOLID WASTE, INCLUDING GARBAGE, INDUSTRIAL GARBAGE, CONTAINERIZED GREEN WASTE, COMMINGLED GARBAGE/RECYCLABLES, RECYCLABLE MATERIALS, AND SALVAGABLE WASTE, ADDING CANCELLATION CLAUSE AND AUTHORIZING THE CITY MANAGER TO EXECUTE A LETTER AMENDMENT TO THE SERVICE AGREEMENTS REFERENCING THE NEW MAP.**

WHEREAS, the Legislature of the State of California, by enactment of the California Integrated Waste Management Act of 1990 ("AB 939"), has declared that it is within the public interest to authorize and require local agencies to make adequate provisions for handling solid waste, including garbage, garbage/recyclables, recyclables, yard waste, industrial garbage, and salvageable waste handling within their jurisdictions, and

WHEREAS, pursuant to California Public Resources Code Section 40059, the City Council of the City of Modesto has determined that the public health, safety, and well-being require that a service agreement be executed with a qualified firm for the collection, transport, recycling, and disposal of solid waste, including garbage, garbage/recyclables, recyclables, containerized yard waste, industrial garbage, and salvageable waste in residential, commercial, and industrial areas and construction/demolition sites in the CITY, and

WHEREAS, the City Council of the City of Modesto declares its intention of maintaining reasonable rates for the services to be provided within the City limits by COLLECTOR under this Agreement, and

WHEREAS, pursuant to California Public Resources Code Section 49510 (b), the City Council of the City of Modesto finds that it is in the public interest to foster and encourage solid waste enterprises so that, at all times, there will continue to be competent enterprises willingly and financially able to furnish needed solid waste handling services, and

WHEREAS, Section 5-5.23 through 5-5.31 of the Modesto Municipal Code, inclusive, establish the process by which proposals may be submitted to enter into service agreements with the City, and the procedure by which the City reviews and determines whether to enter into such service agreements, and

WHEREAS, Gilton, Solid Waste and Bertolotti Disposal have submitted proposals to provide services within the area currently served by Waste Management, and

WHEREAS, staff has concluded that reallocating the service areas and allowing these companies to provide services in this area under the terms and conditions of their current agreements presents the least risk to the City, and would reward two local companies for their dedicated service to the community, and

WHEREAS, at the October 30, 2006, meeting of the Economic Development Committee, the Committee voted unanimously to forward a recommendation to the City Council to reallocate the current Waste Management Service Area to Gilton Solid Waste and Bertolotti Disposal, and

WHEREAS, the City Council has held the required public hearing and considered testimony related thereto, and

WHEREAS, the City Council has added to Section U of the Service Agreement as follows: “COLLECTOR shall notify CITY of its intent to cease providing service within the City of Modesto no less than 18 months prior to ceasing to provide services.”

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that the revised Service Area Map shown as Option 2 in the November 8, 2006, City Council staff report for the Public Hearing on Requests to Enter into Service Agreements for Solid Waste Collection Services in the Service Area Currently Held by Waste Management, a copy of which is attached hereto as ‘**Exhibit 1**’ and incorporated herein by reference, will be adopted, in which Map customers at build out are allocated to the two service providers in the following ratios; Gilton Solid Waste Sixty-nine percent (69%) and Bertolotti Disposal thirty-one percent (31%).

BE IT FURTHER RESOLVED by the Council that the reallocated areas will be served under the terms and conditions of the current Service Agreements with the two companies.

BE IT FURTHER RESOLVED by the Council that it hereby authorizes the City Manager to execute a letter amendment with Gilton Solid Waste and Bertolotti Disposal referencing the revised Service Area Map as the correct map; and

BE IT FURTHER RESOLVED by the Council that at such time of adoption of Map 2 as referenced above, that certain map entitled “Service Areas” dated January 23, 2001, on file in the office of the City Clerk, will become void.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of November, 2006, by Councilmember Olsen, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-709

A RESOLUTION AMENDING THE  
FISCAL YEAR 2006-2007 ANNUAL BUDGET

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain year-end adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2006-2007,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2006-2007 budget have been adjusted as shown in **Schedule A.**

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-710**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF CAST IRON AND DUCTILE IRON FITTINGS AND SPOOLS, FOR THE PUBLIC WORKS DEPARTMENT, WATER DIVISION, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF \$130,000**

WHEREAS, the Finance Department, Central Stores Division inventories various materials for use by the Public Works Department, Water Division for City services and projects, including cast iron and ductile iron fittings and spools, and

WHEREAS, these fittings and spools are used to connect water mains to residential homes and businesses, and

WHEREAS, these fittings and spools shall be purchased from an annual agreement as “inventory stock”, and warehoused by the Central Stores Division for release to the Water Division, and

WHEREAS, the need and specifications for these items have been developed over time through collaboration between Central Stores staff and Water Division personnel requesting the materials, and

WHEREAS, competitively bidding and inventorying these materials benefit the City in many ways. Some of the benefits include:

- Consolidation of Citywide requirements to obtain firm pricing for a specified period of time, thereby avoiding price increases in a potentially volatile market.
- Materials are readily available in one location and crews are on the job more quickly and for longer periods.

- Reduction of staff time used in processing one-time bids throughout the year, and

WHEREAS, by issuing formal Request for Bids, the City will achieve the best value for cast iron and ductile iron fittings and spools, and meet Modesto Municipal Code requirements for formal bids, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bids for the purchase of cast iron and ductile iron fittings and spools will conform to code, and

WHEREAS, funds are budgeted and available in account 6100-480-5012-0360 for the purchase of cast iron and ductile fittings and spools for FY 06/07,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of cast iron and ductile iron fittings and spools, for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmemeber Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-711**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR THE PURCHASE OF MARTIX, HIGH DENSITY, STACKING CHAIRS  
FOR THE MODESTO CENTRE PLAZA, TO OFFICE DEPOT, MODESTO, CA,  
FOR A TOTAL ESTIMATED COST OF \$146,792.37**

WHEREAS, the current inventory of event chairs at the Modesto Centre Plaza is approximately eighteen (18) years old, purchased when the Centre Plaza opened in 1988, and

WHEREAS, the chair inventory has deteriorated to the point where there often are not enough acceptable chairs to set the rooms for larger events, and

WHEREAS, the current condition and supply of chairs is not acceptable to meet the many needs of the clients hosted at the Modesto Centre Plaza, and

WHEREAS, the purchase of 2,000 new chairs will completely replace the current inventory, and

WHEREAS, on April 25, 2006, Council approved Resolution No. 2006-238 authorizing the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of matrix, high density, stacking chairs for the Modesto Centre Plaza, and

WHEREAS, on July 27, 2006, the Purchasing Division issued Request for Bid No. 0506-30 for the purchase of matrix, high density, stacking chairs to fifteen (15) prospective bidders, six (6) of which were local companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, on August 29, 2006, RFB's were formally opened in the City Clerk's office, and

WHEREAS, of the fifteen (15) prospective bidders, six (6) companies chose to respond, and

WHEREAS, two (2) companies submitted bids that were disqualified, and

WHEREAS, RFB specification 3.1 Required Documents, states:

- Failure to furnish two (2) "inked" signed original bid documents will result in disqualification.
- Failure to furnish the required documents may result in disqualification, and

WHEREAS, one (1) company submitted only one (1) original bid document, and

WHEREAS, their bid submittal was disqualified and received no consideration, and

WHEREAS, one (1) company did not provide product brochures or specification sheets, which were requested in one of the required documents, it could not be determined if the chair bid met the required minimum specifications outlined in the RFB, and

WHEREAS, on September 18, 2006, an email was sent to the company requesting detailed manufacturer specifications that would support the required minimum technical specifications, to ensure quality, safety and durability, and

WHEREAS, the company did not respond to the email, or furnish the requested information, and

WHEREAS, their bid was disqualified and received no further consideration, and

WHEREAS, two (2) companies submitted bids, which required further information to determine if the chairs bid met the required minimum specifications, and

WHEREAS, on September 18, 2006, an email was sent to each company requesting detailed manufacturer specifications that would support the required minimum technical specifications, to ensure quality, safety and durability, and

WHEREAS, both companies furnished the requested information, and

WHEREAS, this data was forwarded to the Modesto Centre Plaza, Technical Liaisons for evaluation and summary. As a result of this review, the Technical Liaison Team expressed two primary concerns:

- Chairs are not made for Centre's existing racks. Rack shown is much larger than current racking and would affect storage options. Additionally, based on the dimensions given, chairs would protrude four (4) inches over front of rack. Weight could shift to back of rack and affect how many chairs could fit on a rack.
- The dimensions of the chairs are larger than current chair, which will affect set capacity levels, and

WHEREAS, one (1) company submitted a bid that included bid pricing for two (2) alternate chairs, and further information was needed to determine if the chairs bid met the required minimum specifications, and

WHEREAS, on September 18, 2006, an email was sent to the company requesting detailed manufacturer specifications that would support the required minimum technical specifications, to ensure quality, safety and durability, and

WHEREAS, the company furnished the requested information, and

WHEREAS, this data was forwarded to the Modesto Centre Plaza, Technical Liaisons for evaluation and summary. This review indicated:

- Chairs do not have a cross bar. RFB specifications require a cross bar for additional support.
- The dimensions of the chairs are larger than current chair, which will affect set capacity levels.

WHEREAS, based on providing a responsive and responsible bid, City staff recommends the award of bid and contract for the purchase of matrix, high density, stacking chairs for the Modesto Centre Plaza to, Office Depot, Modesto, CA, for a total estimated cost of \$146,792.37, and

WHEREAS, Modesto Municipal Code Section, 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid. The award of bid and contract for the purchase of matrix, high density, stacking chairs for the Modesto Centre Plaza, conforms to code requirements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for the purchase of matrix, high density, stacking chairs for the Modesto Centre Plaza, to Office Depot, Modesto, CA, for a total estimated cost of \$146,792.37.

BE IT FURTHER RESOLVED that the Purchasing Manager is hereby authorized to issue a purchase order for the purchase of matrix, high density, stacking chairs for the Modesto Centre Plaza, to Office Depot, Modesto, CA, for a total estimated cost of \$146,792.37.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-712**

**A RESOLUTION APPROVING AN AMENDMENT TO THE  
GUIDELINES FOR THE CITY OF MODESTO'S FIRST TIME  
HOMEBUYER MORTGAGE ASSISTANCE PROGRAM  
FUNDED THROUGH STATE CALHOME FUNDS TO  
INCREASE THE MAXIMUM LOAN AMOUNT TO \$100,000.**

WHEREAS, on October 3, 2003, the City of Modesto submitted an application to the Department of Housing and Community Development for a \$300,000 grant to fund the City's First Time Homebuyer Mortgage Assistance Program, and

WHEREAS, staff was notified on February 4, 2004, that the City of Modesto was awarded \$300,000 in funding from the State of California's Department of Housing and Community Development, CalHome Program for First-Time Homebuyers Mortgage Assistance, and

WHEREAS, CalHome requires that each City develop the guidelines for this program based on CalHome regulations, and

WHEREAS, the current guidelines have a maximum loan amount of \$60,000, and

WHEREAS, staff is recommending that the maximum loan amount be increased to \$100,000 only for the CalHome First Time Homebuyers Mortgage Assistance Program so the funds can be utilized, and

WHEREAS, said guidelines are attached hereto as **Exhibit "A"** and made a part hereof,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves an amendment to the guidelines for the City of Modesto's First Time Homebuyer Mortgage Assistance Program funded through CalHome Funds to increase the

maximum loan amount from \$60,000 to \$100,000 for the First Time Homebuyer Mortgage Assistance Program.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**City of Modesto  
FTHB Mortgage Assistance Program  
CalHome Program Requirements**

**1. Overview**

The State of California CalHome Program is one of the funding sources providing assistance to eligible Borrowers under this program.

**2. Eligible Use of Funds**

CalHome funds may be use only for the provision of permanent secondary mortgage assistance to first time homebuyers in connection with a new primary mortgage loan for the purchase of a principal place of residence.

**3. Ineligible Uses of Funds**

CalHome funds may not be use for:

- a. Refinancing existing loans
- b. Recurring loan costs
- c. Payoff of all or any portion of a Borrower's consumer debt, liens or judgments.

**4. Eligible Households**

1. To be eligible to receive CalHome funds an applicant household must:
  - a. Be a very-low or low- income household (80% or less of the area median income as adjusted for household size) when considering the gross income of all household residents 18 years old or older.
    - i) Gross income is as defined in the California Code of Regulations (CCR), Title 25, Section 6914 and is: "The anticipated income of a person or family for the 12 month period following the date of determination of income."
    - ii) Lender shall determine annual gross income in accordance with the CCR, Title 25, Section 6914.
  - b. Include as Borrowers all persons who will be or are on title to the property.
  - c. Be a first time homebuyer and occupy the property as principal place of Residence.
2. The following individual or individuals may not be excluded from consideration as a first time homebuyer under this section:
  - a. A displaced homemaker, who, while a homemaker, owned a house with his or her spouse or resided in a house owned by the spouse. A displaced

homemaker is an adult who has not, within the preceding two years, worked on a full-time basis as a member of the labor force for a consecutive twelve-month period and who has been unemployed or underemployed, experienced difficulty in obtaining or upgrading employment and worked primarily without remuneration to care for his or her home and family;

- b. A single parent who, while married owned a house with his or her spouse or resided in a house owned by the spouse. A single parent is an individual who is unmarried or legally separated from a spouse and has one or more minor children for whom the individual has custody or joint custody or is pregnant; or
- c. An individual or individuals who owns or owned, as a principal place of residence during the three-year period before the purchase of a house with CalHome assistance, a dwelling unit whose structure is:
  - 1) Not permanently affixed to a permanent foundation in accordance with state or local regulations; or
  - 2) Not in compliance with state, local or model building codes and cannot be brought into compliance with such codes for less than the cost of constructing a permanent structure.

## **5. Eligible Property**

- 1. Property purchased with CalHome funds must be located within the City of Modesto limits.
- 2. Property type must be:
  - a. Single-family housing
  - b. Condominium unit; or
  - c. Manufactured housing unit on a permanent foundation
- 3. Eligible property must have the following occupancy characteristics:
  - a. Currently occupied by the owner-seller of the property; or
  - b. Vacant for six months prior to acceptance of a contract to purchase.

## **6. Maximum Sales Price / Value Limit**

The maximum sales price/value limit for a home purchased with the assistance of CalHome funds shall be the current FHA mortgage limit of a single family home in

Modesto. The FHA mortgage limits are provided by the U.S. Department of Housing and Urban Development.

## **7. Maximum Loan Amount**

The maximum loan amount for households earning up to 80% of the area median income (AMI) is up to \$100,000.

Applicant will receive the minimum amount of financing to ensure affordable monthly housing costs as defined by the first mortgage lender (the first lender shall make the largest first loan possible given the ability of the Borrower to repay in order to keep the CalHome loan amount at the minimum amount necessary).

## **8. Loan Documentation**

All CalHome loans shall be evidenced by the following documents and provisions:

- a. Promissory Note, payable to the City of Modesto in the principal amount of the loan and stating the terms and rate interest.
- b. Deed of Trust, securing the Note; this deed shall be recorded and shall secure the City's financial interest in the property.
- c. Other appropriate security instruments naming the City of Modesto as beneficiary.

## **9. Loan Terms**

### **1. Security:**

- a. CalHome loans shall be secured by the property or leasehold interest, as applicable.
- b. The lien securing repayment of the CalHome loan shall be subject only to liens, encumbrances and other matters of record reviewed and approved by the City.

### **2. Deferment:**

- a. Principal and interest payments shall be deferred for the term of the CalHome loan.

### **3. Repayment:**

- a. The CalHome loan principal and interest shall be repayable upon:
  1. Sale, transfer or lease of the property.

2. Borrower's failure to occupy the property as Borrower's principal place of residence (Borrower must certify occupancy annually).
  3. The CalHome maturity date.
  4. The maturity date, or full repayment, of any debt secures by lien on the property that is senior to the CalHome deed of trust.
  5. Upon default of the CalHome promissory note, deed of trust or other recorded documents pertaining to the property.
- b. If it is determined by the City that repayment of the loan at maturity will cause a hardship to the Borrower, the City may, at its option, elect to:
1. Approve a one-time additional deferral period of up to 30 years in length at 0% interest, or;
  2. Convert the debt (principal and accrued interest) to a 15 year amortized loan at 0% additional interest.
4. Assumability:
- a. CalHome loans are not assumable.
5. Transfer of Interest Exceptions:
- a. The following transfers of interest shall not require repayment of the CalHome loan:
    1. Transfer to a surviving joint tenant by devise, descent or operation of the law on the death of a joint tenant.
    2. A transfer, in which the transferee is a person who occupies or will occupy the property, which is:
      - i. A transfer in which the spouse becomes an owner of the property.
      - ii. A transfer resulting from a decree of dissolution of marriage, legal separation agreement, or from incidental property settlement agreement by which the spouse becomes an owner of the property.
    3. A transfer into an inter vivos trust in which the Borrower is and remains the beneficiary and occupant of the property.

6. Loan Term:

- a. The CalHome loan term shall be for 30 years, except upon the occurrence of any condition requiring repayment as noted above.
- b. When the United States Department of Agriculture, Rural Housing Services (ESDA-RHS) 502 mortgage loans are in first lien position; the CalHome loan term shall be the term of the 502 mortgage (30 to 38 years).

7. Prepayment:

- a. A Borrower may prepay the CalHome loan, in part or whole, at any time without penalty.

8. Interest:

- a. Interest shall accrue at a 3% simple fixed interest per annum.

9. Restrictions on Sale:

- a. In any loan transaction in which the CalHome loan is the only secondary financing, the Borrower cannot be restricted from selling the home at its fair market value at any time.
- b. Subsequent buyers, unless assisted with a CalHome loan under this Program, do not need to meet the Eligible Household requirements set forth above.
- c. Resale restrictions required by other secondary financing sources used in conjunction with a CalHome loan shall prevail.

**10. Loan-to-Value Limits**

The loan-to-value (LTV) ratio for a CalHome loan, when combined with all other indebtedness to be secured by the property, shall not exceed 100% of the sales price plus a maximum of up to 5% of the sales price to cover closing cost.

**11. Downpayment**

No downpayment shall be required of an eligible Borrower in order to receive CalHome funds under this program.

**12. First Mortgage Underwriting Requirements**

1. In addition to the first mortgage requirements of the primary lender, the following

First Time Homebuyer Program requirements shall also apply to first mortgages issued in conjunction with a FTH second mortgage:

- a. Borrower shall obtain the maximum first mortgage loan with a term and interest rate from a mortgage lender consistent with affordable housing costs as defined in herein.
- b. First mortgage loans shall not include provisions for negative amortization, principal increases, balloon payments, deferred interest or temporary buy-downs.
- c. Front End Ratio:
  1. For purposes of qualifying a Borrower for a first mortgage, and as defined herein means the ratio between monthly household income and monthly housing cost, including first mortgage principal, interest, taxes and insurance.
  2. This ratio shall not exceed that set by the primary mortgage lender.
- d. Back End Ratio:
  1. For purposes of qualifying a Borrower for a first mortgage, and as defined herein means the ratio between monthly household income and monthly housing cost plus all payments on long-term installment debt.
  2. This ratio shall not exceed that set by the primary mortgage lender.
- e. Credit Worthiness Criteria:
  1. Borrower's FICO (Fair Isaac Company) score must be 610 or higher.

### **13. Appraisal**

1. Prior to close of escrow an appraisal which meets must the following criteria must be obtained:
  - a. The appraisal shall be prepared by a state-licensed residential property appraiser.
  - b. The appraisal shall use the sales of comparable properties approach to determine value.
  - c. Maximum appraised home values at time of purchase shall not exceed the

purchase price/value limits established by the State of California Department of Housing and Community Development as published in the latest Notice of Funding Availability (NOFA).

#### **14. Cash-Out of Escrow**

Borrowers may not receive cash out of escrow from any loan package containing secondary CalHome financing.

#### **15. Title Insurance**

The Borrower shall provide the City of Modesto with an ALTA title insurance policy in the amount of the CalHome loan at Borrower's expense.

#### **16. Hazard Insurance**

1. Borrower must provide and maintain fire and flood (if the property is located in a 100 year floodplain) insurance in an amount at least equal to the replacement value of the improvements.
2. The City of Modesto must be named as an additional loss payee on the policy.

#### **17. Financing Subordinate to CalHome Loans**

1. Fees and/or charges for subordinate loan financing shall be consistent with reasonable loan origination fees for first mortgage financing as determined by the City based on industry standards.
2. Balloon payments due before the maturity date of the CalHome loan are not permitted.
3. All subordinate financing shall defer principal and interest payments for the term of the CalHome loan.

#### **18. Homebuyer Education**

1. Borrowers will be required to complete a Homebuyers Education Workshop from an Agency approved by the City.
2. The purpose of the workshop is to provide the Borrower with a step-by-step guidance to successfully purchase and maintain ownership of a home. The workshop also helps homebuyers by educating them how to obtain mortgage financing they can afford. Subjects covered in the workshop include shopping for a home, shopping for a mortgage loan, home maintenance, budgeting, and ongoing financial cost.

3. The workshop provider upon the Borrower's completion of the class will issue a Certificate of Completion. The Borrower must present the Certificate to the City for inclusion in the loan application.
4. City may, at its option, request a grant from the Department of Housing and Community Development for providing homebuyer education to Borrowers up to the maximum amount as published in the latest NOFA. The sum of loans made under this Program plus grants received may not exceed the total funding made available to City under the terms of the Standard Agreement between the City and the Department.

#### **19. Re-Use Account**

1. All repayments of CalHome loan principal and interest shall be received by the City and deposited into a separate reuse account maintained by City's Finance Department.
2. The reuse account shall be an interest bearing account into which all earned interest shall be deposited.
3. All funds deposited into the reuse account shall be the property of the City.
4. A line item for reuse of CalHome funds will be inserted into City's fiscal year budget allocating and approving use of funds for CalHome eligible activities.
5. All reuse funds shall be expended in accordance with the CalHome Regulations and the Standard Agreement between the City and the Department. Reuse funds may be used for:
  - a. Additional CalHome mortgage assistance.
  - b. Costs of homebuyer education for each first time homebuyer receiving mortgage assistance from the reuse account.
  - c. CalHome loan processing activity delivery fees as applicable.
  - d. Cost (up to 5% of the reuse funds deposited) of loan servicing contracted by City.
6. City shall allow the Department full access to the reuse account records for the purpose of determining City's compliance with CalHome Regulations.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-713**

**A RESOLUTION AUTHORIZING STAFF TO SUBMIT A REQUEST FOR A SIX-MONTH EXTENSION TO THE CALHOME AGREEMENT WITH THE STATE OF CALIFORNIA'S DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE LETTER REQUESTING A SIX-MONTH EXTENSION AND SUBSEQUENT DOCUMENTS.**

WHEREAS, on October 3, 2003, the City of Modesto submitted an application to the Department of Housing and Community Development for a \$300,000 grant to fund the City's First Time Homebuyer Mortgage Assistance Program, and

WHEREAS, staff was notified on February 4, 2004, that the City of Modesto was awarded \$300,000 in funding from the State of California's Department of Housing and Community Development, CalHome Program for First-Time Homebuyers Mortgage Assistance, and

WHEREAS, due to high home sale prices in recent years and low-income household earning, it has been difficult for these household to qualify for mortgage loans and for down payment assistance, and

WHEREAS, the agreement for CalHome funding between the City and the State Department of Housing and Community Development indicates that all funds remaining unexpended as of February 5, 2007, shall be disencumbered, and

WHEREAS, the City desires a six (6) month extension of said CalHome funding to enable low income households to utilize CalHome for construction of their new homes, and

WHEREAS, staff has been working with affordable housing developers to ensure that certain affordable units can be built during this six (6) month extension,

NOW THEREFOR BE IT RESOLVED, that the Council of the City of Modesto hereby authorizes staff to submit a request for a six-month extension to the CalHome Agreement with the State of California Department of Housing and Community Development.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the letter of extension and subsequent documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen,  
Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-714**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specifications for the classifications of Chief Building Official and Deputy Chief Building Official. The job specifications for these classifications are being amended to update the essential functions and to change the certification requirements. The job specifications for the classifications of Chief Building Official, as shown in the attached **Exhibit "A,"** and Deputy Chief Building Official, as shown in the attached **Exhibit "B,"** which are hereby made a part of this resolution by reference, are hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 14, 2006.

The foregoing resolution was introduced in a special meeting of the Council of the City of Modesto held on the 14th day of November, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

CHIEF BUILDING OFFICIAL

DEFINITION

To manage, direct and coordinate the activities of the Building Inspection and Development Services Division; to coordinate building inspection activities with other divisions and departments as well as outside architects and engineers; and to provide highly complex staff assistance to the Community and Economic Engineering Services Development Director.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Engineering Services Community and Economic Development Director.

Exercises direct supervision over professional, technical and clerical staff.

~~EXAMPLE OF DUTIES - Duties may include, but are not limited to, the following:~~

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities and duties may include, but are not limited to the following:

Essential Functions:

Recommend goals and objectives; assist in the development of policies and procedures.

Manage, direct and organize building inspection activities; coordinate building inspection activities with other City departments, architects, engineers, contractors, developers and the general public.

Supervise and review engineering design calculations for buildings, water lines, sewer lines, and other engineering structures.

Direct, oversee and participate in the development of the division work plan; assign work activities, projects and programs; monitor workflow; review and evaluate work products, methods and procedures.

Essential Functions: (Continued)

Prepare the Division budget; assist in budget implementation; participate in the forecast of additional funds needed for staffing, equipment, materials, and supplies; administer the approved budget.

Participate in recommending the appointment of personnel; provide or coordinate staff training and technical assistance including emergency disaster; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Supervise and participate in building inspection activities; evaluate the need for and develop procedures, methods and schedules; assist in recommending and drafting building and related code changes.

Provide technical and administrative assistance to the Engineering Services Community and Economic Development Director; develop, prepare and present reports, surveys and other administrative activities; resolve work problems and interpret administrative policies to subordinates, other departments, consultants, contractors and the public.

Participate in professional and public meetings as required including job site and construction meetings.

Oversee and direct Division office operations; maintain appropriate records and files; coordinate workflow.

Assist in preparing presentations for City Council; assist in preparing ordinances and ordinance amendments related to building activities; enforce a wide variety of regulations and laws pertaining to public health and safety.

Provide information to the public; respond to the most difficult inquires and complaints by the public; and perform the most difficult building inspections.

Determine the need for building evaluations according to State historical code; determine appropriate alternatives.

Perform a variety of activities in support of the Building Inspection and Development Services Division including preparing Requests for Proposals and contracts, directing health and safety investigations, reviewing engineering calculations and documents, and directing the issuance of building permits and citations.

Essential Functions: (Continued)

Prepare reports, memoranda, letters and other forms of correspondence.

Act as Secretary to the Board of Building Appeals.

Act as Secretary to the Disabled Access Appeals Board.

~~Engineering Services~~ Act as Community and Economic Development Director as required.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Organizational and management practices as applied to the analysis and evaluation of programs, policies and operational needs.

Budgeting procedures and techniques.

Principles and practices of organization, administration and personnel management.

Principles and practices of the Uniform California Building, Plumbing, Mechanical, and Electrical Codes.

Principles of civil engineering, structural design, engineering mathematics and building inspection.

Research methods and sources of information related to building code enforcement.

Pertinent Federal, State and local laws, codes and regulations.

Principles of supervision, training and performance evaluation.

Modern office procedures, methods and computer equipment.

Ability to:

Administer a variety of building inspection and related code enforcement activities.

Analyze problems, identify alternative solutions, and project consequences of proposed actions and implement recommendations in support of goals.

Analyze, interpret and check complex plans, specifications, calculations, laws, and regulations.

Assist in preparing ordinances and code amendments.

Interpret building policies and procedures to the general public.

Interpret and apply City policies, procedures, rules and regulations as well as the Uniform California Building Codes.

Gain cooperation through discussion and persuasion.

Supervise, train and evaluate assigned personnel.

Prepare and administer a budget.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of increasingly responsible experience in the inspection of public, commercial, industrial and residential buildings including two years of administrative and supervisory experience.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major course work in civil engineering or a related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of certification as Building Official issued by the International Code Council (ICC) and/or Council of American Building Officials (CABO) is required.

Possession of a Certificate of Registration as a Professional Civil Engineer or Architect in the State of California is highly desirable.

WORKING CONDITIONS

Environmental Conditions

Office environment; occasionally travel from site to site.

Physical Conditions

Essential and other marginal functions may require maintaining physical conditions necessary for sitting for prolonged periods of time; traveling to and from sites,

## DEPUTY CHIEF BUILDING OFFICIAL

Class specifications are intended to present a descriptive list of the range of duties performed by employees in this class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To assist in managing, directing and coordinating the activities of the Building Inspection and Development Services Division; to perform professional engineering work in review and approval of commercial and residential building plans; and to provide staff assistance to the Chief Building Official.

### SUPERVISION RECEIVED AND EXERCISED

Receives direction from the Chief Building Official.

Exercises direct supervision over subordinate professional and technical staff.

~~EXAMPLES OF DUTIES - Duties may include, but are not limited to, the following:~~

### ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Assists in the managing, directing and organizing of the building inspection activities; assist in coordinating building inspection activities with other City departments, contractors and developers.

Assign work activities, projects and programs; monitor workflow; review and evaluate work products, methods and procedures.

Assist in preparing the Division budget; assist in budget implementation; participate in the forecast of additional funds needed for staffing, equipment, materials, and supplies; administer approved budget.

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Essential Functions:(Continued)

Assist in overseeing building inspection activities; evaluate the need and develop procedures, methods and schedules.

Provide technical and administrative assistance to the Chief Building Official; develop, prepare and present reports, surveys and other administrative activities.

Assist in recommending and drafting building and related code changes.

Participate in professional and public meetings as required including job site and construction meetings.

Assist in preparing presentations for City Council; assist in preparing ordinances and ordinance amendments related to building activities.

Respond to the most difficult inquiries and complaints by the public; and perform the most difficult building inspections.

Prepare reports, memoranda, letters and other forms of correspondence.

Marginal Functions:

Perform related duties as assigned.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-715**

**A RESOLUTION APPROVING AN AGREEMENT WITH HSQ TECHNOLOGY IN THE AMOUNT OF \$33,360 ANNUALLY FOR THREE YEARS WITH TWO ONE-YEAR EXTENSION OPTIONS, AT THE SOLE DISCRETION OF THE CITY, FOR MAINTENANCE SERVICES ON THE SUPERVISORY CONTROL AND DATA ACQUISITION (SCADA) SYSTEM, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.**

WHEREAS, HSQ Technology supplied the City of Modesto SCADA System in 1993,  
and

WHEREAS, the Water Quality Control (WQC), Wastewater and Stormwater Collections, and Water Divisions use the SCADA System to transmit and receive operational data from over 200 remotely located facilities such as wells, storage tanks, and lift stations, and

WHEREAS, the SCADA System provides for the remote control of equipment as well as real-time monitoring to ensure a rapid response to any abnormal system condition, and

WHEREAS, the SCADA system stores data and shares it with other City systems to allow for historical report creation to satisfy regulatory requirements, and

WHEREAS, HSQ Technology is the manufacturer and sole distributor for the SCADA telemetry system and is uniquely qualified to provide maintenance and 24 hours/7 days a week software and hardware support for the system, and

WHEREAS, HSQ Technology has been under contract through purchase orders for the past 13 years to provide SCADA System maintenance, and

WHEREAS, this agreement locks in the cost for maintenance for three years and allows negotiation of increases, as necessary, for two additional years, and

WHEREAS, funds are budgeted in 6100-480-5013-0235-50 in the amount of \$16,680 and in 6210-480-5213-0235-50 in the amount of \$16,680,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with HSQ Technology in the amount of \$33,360 annually for three years with two one-year extension options, at the sole discretion of the City, for maintenance services on the Supervisory Control and Data Acquisition (SCADA) System.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006-718**

**A RESOLUTION ACCEPTING THE SAFE ROUTES TO SCHOOL GRANT-  
CONANT AVENUE IMPROVEMENTS IN THE AMOUNT OF \$384,300, AND  
AUTHORIZING THE CITY MANGER OR HIS DESIGNEE, TO EXECUTE  
NECESSARY GRANT DOCUMENTS**

WHEREAS, in June 2005, the Public Works Department-Traffic Engineering staff submitted a grant application for the Safe Routes to School Grant program to install sidewalk, curb and gutter, and street lighting on the west side of Conant Avenue between Rumble Road and Eicher Avenue, near Chrysler Elementary School, and

WHEREAS, in June 2006, Traffic Engineering staff received notification that this project was successful in receiving Safe Routes to School grant funding in the amount of \$384,300, and

WHEREAS, this project will enhance safety for students as they travel to and from Chrysler Elementary School and for citizens that use the facilities of Chrysler Elementary School throughout the year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Safe Routes to School Grant-Conant Avenue Improvements in the amount of \$384,300.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary grant documents for said projects.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-720**

**A RESOLUTION APPROVING AN AGREEMENT WITH DOKKEN ENGINEERING TO PROVIDE CONSULTANT SERVICES FOR THE “STATE ROUTE 99/PELANDALE AVENUE INTERCHANGE MODIFICATION PROJECT APPROVAL & ENVIRONMENTAL DOCUMENT (PA&ED)”, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT.**

WHEREAS, the City Council in their Fiscal Year 2005-06 Capital Improvement Program approved \$1.3M and approved staff's request to explore City taking the lead on the State Route 99/Pelandale Avenue Interchange Improvements – Project Approval and Environmental Document (PA&ED) and issue a Request for Proposals for said work, and

WHEREAS, following Council's approval, staff made a formal request to StanCOG to apply for lead agency status on the Pelandale Interchange Improvement Project, and

WHEREAS, the City of Modesto sent a Request For Proposals (RFP) to 52 qualified consultants, and the project was advertised in the newspaper and the City's contracts available website, and

WHEREAS, proposals were received from Dokken Engineering and URS Corporation, and

WHEREAS, a selection panel appointed by the Public Works Director reviewed the proposals, and

WHEREAS, the selection panel recommended Dokken Engineering be awarded the agreement for consulting services for the State Route 99/Pelandale Avenue Interchange Modification Project Approval & Environmental Document (PA&ED), based upon the firm's proposal, qualifications and experience,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement between the City of Modesto and Dokken Engineering for consulting services for the State Route 99/Pelandale Avenue Interchange Modification Project Approval & Environmental Document (PA&ED) in a total amount not to exceed \$873,792.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement with Dokken Engineering.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-721**

**A RESOLUTION AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$25,000,000 PRINCIPAL AMOUNT OF WASTEWATER REVENUE BONDS, SERIES 2006A, AUTHORIZING AND DIRECTING EXECUTION OF A THIRD SUPPLEMENTAL WASTEWATER REVENUE BOND INDENTURE PURSUANT TO WHICH SUCH BONDS ARE ISSUED, APPROVING A CONTRACT OF PURCHASE, AN OFFICIAL STATEMENT AND A CONTINUING DISCLOSURE AGREEMENT, APPOINTING A SUCCESSOR TRUSTEE, AND AUTHORIZING OTHER OFFICIAL ACTION**

WHEREAS, pursuant to the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law"), the City of Modesto, California (the "City") is authorized to issue revenue bonds to provide funds to finance the costs of the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the wastewater treatment facilities of the City (the "Enterprise"); and

WHEREAS, the City has entered into a Wastewater Revenue Bond Indenture, dated as of April 1, 2005 (the "Indenture"), between the City and U.S. Bank National Association, as trustee, providing for the issuance of wastewater revenue bonds thereunder; and

WHEREAS, in accordance with the Bond Law and the Indenture, as supplemented by a First Supplemental Indenture, dated as of April 1, 2005 (the "First Supplemental Indenture"), and Second Supplemental Indenture, dated as of April 1, 2005 (the "Second Supplemental Indenture"), the City has previously issued its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005A, and its City of Modesto, California Wastewater Revenue Refunding Bonds, Series 2005B (collectively, the "Series 2005 Bonds"); and

WHEREAS, the Indenture provides that the City may issue bonds from time to time as authorized by a supplemental indenture; and

WHEREAS, the City has determined that it is desirable and necessary and in the best interest of the City to authorize an additional series of wastewater revenue bonds in order to provide moneys to finance certain improvements to the Enterprise, in a principal amount not to exceed \$25 million, to be designated “City of Modesto, California Wastewater Revenue Bonds, Series 2006A” (the “Series 2006A Bonds”), to be issued pursuant to the Third Supplemental Wastewater Revenue Bond Indenture described below; and

WHEREAS, the Series 2006A Bonds are proposed to be sold to Citigroup Global Markets Inc. (the “Underwriter”) pursuant to the Contract of Purchase described below; and

WHEREAS, it is proposed that the City execute and deliver the Continuing Disclosure Agreement described below to allow the Underwriter to comply with Rule 15c2-12(b)(5) of the Securities Exchange Act of 1934; and

WHEREAS, it is proposed that the City deem final for purposes of Rule 15c(2)-12 of the Securities Exchange Act of 1934, as amended, a Preliminary Official Statement (the “Preliminary Official Statement”) and to execute and deliver a final Official Statement (the “Official Statement”) and to authorize the distribution of the Preliminary Official Statement to prospective purchasers of the Series 2006A Bonds and the Official Statement to the actual purchasers of the Series 2006A Bonds; and

WHEREAS, all acts, conditions and things required by the Bond Law and the laws of the State of California to exist, to have happened and to have been performed precedent to and in connection with the sale and issuance of the Series 2006A Bonds authorized hereby do exist, have happened and have been performed in regular and due time, form and manner required by law, and the City is now duly authorized and empowered, pursuant to each and every requirement of law, to

issue and sell the Series 2006A Bonds for the purpose, in the manner and upon the terms herein provided;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

SECTION 1. Approval of Series 2006A Bonds. The City Council hereby authorizes the issuance of its Wastewater Revenue Bonds, Series 2006A in an aggregate principal amount not to exceed \$25 million.

SECTION 2. Appointment of Successor Trustee. The City hereby appoints The Bank of New York Trust Company, N.A., as successor trustee under the Indenture. Upon acceptance by The Bank of New York Trust Company, N.A., of such appointment as trustee, all of the trusts, powers, discretions, immunities and privileges as trustee shall be transferred from U.S. Bank National Association, as predecessor trustee, and vested with The Bank of New York Trust Company, N.A., as successor trustee. Each of the Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver any and all documents necessary to effect the foregoing succession and the transfer and vesting of such trusts, powers, discretions, immunities and privileges.

SECTION 3. Third Supplemental Indenture; Form of Series 2006A Bonds. The City Council hereby approves the form of the Third Supplemental Wastewater Revenue Bond Indenture (the "Third Supplement") by and between the City and The Bank of New York Trust Company, N.A. as successor trustee (hereinafter, the "Trustee") in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or

advisable by Sidley Austin LLP, Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer's approval of any such additions and changes. The Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is authorized and directed to execute, and the City Clerk is authorized and directed to attest to said signature on, the final forms of the Third Supplement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Third Supplement.

The proposed form of the Series 2006A Bonds as set forth in the Third Supplement is hereby approved and the Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is hereby authorized and directed to execute for and on behalf of the City the Series 2006A Bonds in substantially such forms and the City Clerk is authorized and directed to attest to said signature on the Series 2006A Bonds, and the Trustee is hereby authorized and directed to authenticate and deliver the Series 2006A Bonds to the Underwriter in accordance with the Third Supplement and the Contract of Purchase approved herein, subject to the limitations set forth in Section 3 hereof.

SECTION 4. Contract of Purchase. The City Council hereby approves the form of the Contract of Purchase (the "Contract of Purchase") by and between the City and the Underwriter in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer's approval of any such additions and changes; provided, however, that the Underwriter's discount shall not exceed 0.75% of the principal amount of the Series 2006A Bonds, the true interest cost of the Series 2006A Bonds shall not exceed 6.00% per annum, and the final maturity of the

Series 2006A Bonds shall be not later than November 1, 2038. The Mayor, the City Manager or the Finance Director, acting singly, is authorized and directed to execute the final form of the Contract of Purchase for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Contract of Purchase.

SECTION 5. Continuing Disclosure Agreement. The City Council hereby approves the form of the Continuing Disclosure Agreement (the “Continuing Disclosure Agreement”) by and between the City and the Trustee in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer’s approval of any such additions and changes. The Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is authorized and directed to execute the final form of the Continuing Disclosure Agreement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Continuing Disclosure Agreement.

SECTION 6. Official Statement. The City Council hereby approves the form of preliminary official statement of the City relating to the Series 2006A Bonds (the “Preliminary Official Statement”) in substantially the form submitted to this City Council. The Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is authorized to certify that the Preliminary Official Statement, with such changes therein as the officer so certifying shall approve after consultation with Bond Counsel, is as of its date “deemed final” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, is authorized and directed to execute for and on behalf of the City a final

official statement, in substantially the form of the Preliminary Official Statement, with such changes therein (and additions thereto to reflect the terms of the sale of the Series 2006A Bonds) as the Mayor, the City Manager or the Finance Director, or any duly authorized designee of any of such officers, acting singly, shall approve after consultation with Bond Counsel, such approval to be evidenced by the execution and delivery thereof. The Underwriter is authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Series 2006A Bonds, and the Underwriter is directed to deliver copies of any final official statement to all actual purchasers of the Series 2006A Bonds.

SECTION 7. Other Actions. All actions heretofore taken by the officers and agents of the City with respect to the issuance of the Series 2006A Bonds are hereby approved, confirmed and ratified. The Mayor, the City Manager, the Finance Director, the Deputy Director of Finance, the City Clerk, the City Attorney and any and all other officers of the City are hereby authorized and directed, for and in the name and on behalf of the City, to do any and all things and take any and all actions, necessary to effectuate the purposes of this Resolution, including the negotiating and obtaining of a municipal bond insurance policy, debt service reserve surety bond or investment agreement for any funds and accounts held under the Indenture if the Mayor, the City Manager, the Finance Director or the Deputy Director of Finance, upon the advice of Public Financial Management, Inc., Financial Advisor, determine that such policy, bond or agreement will result in debt service savings or will otherwise be financially advantageous to the City, and the execution and delivery of any and all assignments, certificates, requisitions, agreements, notices, consents, instruments of conveyance, warrants and other documents, which they, or any of them, may deem necessary or advisable in order to consummate the lawful issuance, sale and delivery of the Series 2006A Bonds.

The foregoing resolution was introduced at a meeting of the City of Modesto held on the 14<sup>th</sup> day of November, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**City of Modesto  
TASK ORDER NO. 3  
for  
Harris & Associates'  
Master Professional Services Agreement**

**Kiernan/Kaiser Community Facilities District**

This Task Order No. 3 is made and entered into by and between the City of Modesto, a municipal Corporation (hereinafter "CITY"), and Harris & Associates, Inc., California Corporation (hereinafter "CONSULTANT") and is effective as of \_\_\_\_\_.

**RECITALS**

- A. CONSULTANT has entered into a Master Professional Services Agreement, (hereinafter "Agreement"), dated September 29, 2006 ("AGREEMENT") WITH THE CITY, by which the CONSULTANT has agreed to provide professional engineering and financial engineering services for development projects, which is incorporated herin by reference.
- B. At the request of CITY and in compliance with the terms of the AGREEMENT, CONSULTANT has prepared the Task Order No. 3, a copy of which is attached hereto as Exhibit A.
- C. City and CONSULTANT desire that CONSULTANT perform the service as identified in the attached Scope of Work.

**NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:**

1. **INCORPORATION OF MASTER PROFESSIONAL SERVICES AGREEMENT.** This Task Order hereby incorporates by reference all terms and conditions set forth in the Master Professional Services Agreement, unless expressly modified by this Task Order. The AGREEMENT and this Task Order shall, to the fullest extent possible, be read and considered as fully integrated documents and shall interpreted so as to avoid inconsistencies, comply with all applicable laws and ensure that the objectives of the parties will be fully realized.

Nothing in this Task Order is intended to supersede, terminate, modify or otherwise affect any Provisions of the AGREEMENT, except to the extent that provision of the AGREEMENT is in direct and irreconcilable conflict with a provision of AGREEMENT. Then, and only in that Event, the provisions of the AREEMENT shall prevail over the contradictory of the Task Order.

2. **SCOPE OF SERVICES.** CONSULTANT shall perform the services described in Exhibit "A" Attached hereto and incorporated herin by reference. CONSULTANT shall not replace its Authorized Representative, nor shall CONSULTANT use any subcontractors or subconsultants not Listed in this Task Order, without the prior written consent of CITY.

3. **TIME OF PERFORMANCE.** CONSULTANT shall commence performance within five (5) working days after receipt of a Notice to Proceed from City, and shall complete all required services no later than the dates set forth in Exhibit "A".
4. **COMPENSATION.** For services performed by CONSULTANT in accordance with this Task Order, CONSULTANT agrees to accept a sum not to exceed \$ 49,995. CONSULTANT shall be paid at the times and in the manner set forth in Paragraph 3 of the Master Professional Services Agreement, unless expressly provided otherwise in the attached Scope of Work.
5. **SIGNATURES.** The individuals executing this Task Order represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Task Order on behalf of the respective legal entities of the CONSULTANT and CITY. This Task Order shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2006-\_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_\_ day of \_\_\_\_\_, 2006, and has caused this Agreement to be duly executed in duplicate as of the Effective Date set forth above.

## EXHIBIT A

**Harris & Associates**  
**Scope of Work For Task Order No. 3**  
**Kiernan Business Park**  
**Preparation of the Kaiser Community Facilities District**  
**October 24, 2006**

The following Scope of Work is for preparation of the necessary studies and review of documents needed for the preparation of a Community Facilities District. The Harris Team includes three sub consultants on this project: Fehr & Peers for Traffic, Stantec for Storm Drainage and Goodwin Consulting Group. The work will be performed on a time and materials basis. The cost estimate for Harris' hours and the sub-consultants are summarized in this Exhibit and Exhibit B includes the hourly rate schedule. The following provides Harris and Associates' (Harris) approach and level of effort for this scope of work.

### Task 3.1 – Prepare Preliminary Studies and Prepare Community Facilities District

Harris & Associates will prepare the necessary studies required by the City of Modesto (City) to determine the cost allocation responsibility and on-going maintenance responsibilities for the CFD. Harris and subconsultants will peer review the project cost for completeness and consistency and work with the City to distribute responsibility as needed. In addition, the Harris team will review and prepare on-going maintenance costs and responsibilities. All of this information will be used as input for the formation of the Community Facilities District.

#### Traffic Review

Fehr & Peers will prepare estimates of traffic contributions to selected intersections and roadways in the City of Modesto by four proposed developments: (1) Kaiser, (2) Kiernan Business Park East, (3) Kiernan Business Park South, and (4) Malik Business Park. The purpose of this analysis is to estimate each project's proportional contribution for cost sharing purposes. For this analysis the following locations will be evaluated.

#### ***Intersections***

1. Dale Road/Kiernan Avenue
2. Dale Road/Healthcare Way
3. Dale Road/Kaiser Medical Center Entrance
4. Dale Road/Bangs Avenue
5. Dale Road/Pelandale Avenue
6. Dale Road/Standiford Avenue

#### ***Roadway Segments***

7. Pelandale Avenue: Chapman Road to Dale Road
8. Dale Road: Kiernan Avenue to Healthcare Way
9. Dale Road: Technology Drive to Kaiser Entrance
10. Dale Road: Kaiser Entrance to Bangs Avenue
11. Dale Road: Bangs Avenue and Fleur de Lis
12. Dale Road: Fleur de Lis and Pelandale Avenue
13. Dale Road: Snyder Avenue to Standiford Avenue
14. Technology Drive/Healthcare Way: Dale Road to westerly property line of Kaiser facility
15. Bangs Avenue: Dale Road to American Avenue

Fehr & Peers will use information contained in the Modesto Kaiser Environmental Impact Report (EIR) to estimate traffic volumes for the Kaiser and Malik Business Park projects.

#### Kaiser

- 1,275,000 square foot medical center

#### Malik Business Park

- 300,000 square foot business park
- 100,000 square foot medical office

For the Kiernan Business Park East and Kiernan Business Park South projects, Fehr & Peers will assume the current development proposals.

#### Kiernan Business Park East

- 1,498,224 square foot business park
- 420,354 square foot mixed use development (retail commercial)
- 80,000 square foot general office
- 80 apartment units (above office uses)
- 354 attached dwelling units

#### Kiernan Business Park South

- 160,000 square feet of professional offices
- 400,000 square feet of business park uses

Project trips for each development will be assigned to the roadway network based on PM peak hour trip generation using trip distribution percentages presented in the Kaiser EIR.

Fehr & Peers will then document the portion of traffic added to each of the study locations that can be contributed to each of the four developments listed above. Existing traffic and traffic from other developments not discussed above will not be included in this analysis.

These results will be documented in a memorandum report. A draft version will be submitted for review and comment. The comments will be incorporated into a final version.

#### Community Facilities District

Harris will prepare the Community Facilities District, which includes the following:

Goodwin Consulting Group, Inc. (GCG) will serve as special tax consultant to assist the City of Modesto (City) in the formation of a Mello-Roos Community Facilities District (CFD) that will fund public improvements and public services required to serve the Kiernan South project. GCG will meet with City staff, property owners, the City's financial advisor, bond counsel and other members of the financing team to compile data and to discuss the structure and components of the Mello-Roos cash flow analysis. This task will include (i) confirming land uses for the Bank of Stockton site and future property that will be designated as future annexation area for the CFD, (ii) identifying proposed land uses, public facilities to be financed, annual storm drain and landscape maintenance costs, anticipated absorption rates, and timing and number of bond issues, (iii) discussing assumptions to be used for the initial allocation of special taxes to land uses within the CFD and reviewing the advantages and disadvantages associated

with various allocation methods, (iv) evaluating the potential for separate CFDs, improvement areas or tax zones based on the objectives of the City and developers, and (v) coordinating with the financial advisor regarding the anticipated bond structure, including special tax/debt service escalator, bond interest rate, short-term reinvestment rate, capitalized interest, reserve fund, and other features that may affect the size of bond issues and the corresponding annual debt service.

Mello-Roos Cash Flow Analysis GCG will use the information compiled to prepare an analysis of the annual cash flow of the CFD. The analysis will identify the maximum special tax that will be needed to maintain required debt service coverage on bonded indebtedness issued on behalf of the CFD. In addition, the cash flow will (i) estimate the special tax burden on undeveloped property based on a given absorption scenario, (ii) determine the size of the initial and subsequent bond sales taking into consideration minimum value-to-lien requirements set forth in state law and City policy, and (iii) evaluate the increased bonding capacity that is created from an escalating special tax and debt service or other unique bond structure.

GCG will present the cash flow analysis at a second meeting and discuss alternatives that the working group would like analyzed. Subsequent iterations of the analysis will be prepared based on feedback from City staff, affected property owners, the financial advisor, bond counsel and other members of the working group. Ultimately, through review and discussion of each alternative, the team will select a special tax structure which GCG will incorporate in the Rate and Method of Apportionment of Special Tax outlined below.

Rate and Method of Apportionment of Special Tax Based on the special tax structure selected pursuant to Task B-2 above, GCG will prepare the Rate and Method of Apportionment of Special Tax (RMA), which will serve as the official special tax formula for the CFD. The RMA will provide detail and direction as to how the special tax should be levied in future years to ensure adequate revenues are available for timely repayment of debt service on bonded indebtedness issued by the CFD. The RMA will be included as an exhibit to the Resolution of Intention to Form the CFD, which will be adopted by the City Council as part of the first set of actions taken towards forming the CFD.

In addition to providing guidance relative to the annual levy of special taxes in the CFD, the RMA will provide some or all of the following items:

- Identification of the maximum special tax for each special tax category, including each category of developed and undeveloped property
- Provision for a back-up special tax or alternate mechanism to be used to maintain maximum special tax revenues in the event that land uses change in future years
- A detailed prepayment formula that will provide flexibility for a property owner to prepay all or a portion of the special tax obligation after some or all bonds have been issued for the CFD
- If additional property is expected to annex into the CFD, a description of the “catch-up tax” that will apply to annexing parcels to equalize the cumulative special tax burdens (if applicable)

Contributions and Review of Other CFD Formation Documents In coordination with the working group, GCG will review, prepare and contribute to other documents required in the CFD formation proceedings. Specifically, GCG will prepare the CFD Report required, pursuant to Section 53321.5 of the Government Code, to be filed with the City Clerk prior to the public hearing. GCG will also review

all CFD formation documents and, based on results of the cash flow analysis, assist in calculating the maximum bond authorization and appropriations limit for the CFD. GCG will also ensure that the CFD boundary map is consistent with the areas expected to be included in the CFD when the maximum special tax and/or bonding capacity is calculated.

In preparation for the issuance of bonds, GCG will review the bond purchase agreement, fiscal agent agreement and/or bond indenture to assure that the flow of special tax revenues and interest earnings as set forth in these documents are consistent with assumptions used in the Mello-Roos cash flow analysis. In addition, GCG will review the preliminary official statement and, at the request of the financial advisor or underwriter, prepare one or more of the following:

- A table demonstrating special tax coverage based on the projected stream of revenues compared to annual debt service on the bonds
- If multiple landowners/developers are included within the CFD, a table showing diversification of special tax burdens among the major participants
- Incorporating information provided in the appraisal, a table identifying the value-to-lien ratios for each assessor parcel or major property owner
- A table summarizing a sample tax bill for individual residential units within each tax category to demonstrate compliance with City policy pertaining to the total effective tax rate
- Any other tables requested by the financial advisor and/or underwriter to assist in disclosure related to the special tax formula

Certification of Special Tax Revenues and Acceptance of Associated Liability GCG will execute the Certificate of Special Tax Consultant, which commits to bond buyers that the minimum debt service coverage will be maintained by application of GCG's tax formula regardless of land use changes that occur within the CFD in future years.

Task 3.1 assumes 4 meetings with the City and/or developers.

Level of Effort and costs for Task 3.1:

Firm	Hours	Costs	Meetings in Scope
Harris – PM	<b>80</b>	<b>\$ 11,000</b>	4 w/staff
Stantec (Drainage)		<b>2,500</b>	1 w/staff
Fehr & Peers		<b>7,950</b>	2 w/staff
Goodwin Consult Grp		<b>\$25,000</b>	4 w/staff
Subs Mark-ups (10%)		<b>\$3,545</b>	
Totals		<b>\$49,995</b>	

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-723**

**A RESOLUTION APPROVING AN AGREEMENT FOR SERVICES BETWEEN THE CITY OF MODESTO AND PACIFIC MUNICIPAL CONSULTANTS (PMC) FOR PREPARATION OF AN ENVIRONMENT IMPACT REPORT FOR THE PROPOSED WOODGLEN SPECIFIC PLAN PROJECT IN AN AMOUNT NOT TO EXCEED \$230,300, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Shawn Fitzpatrick of Fitzpatrick Homes has applied for a specific plan, referred to as the Woodglen Specific Plan, to allow for the orderly and future development within the approximate 79-acre planning area in the unincorporated portion of Stanislaus County bounded by Bangs Avenue to the north, Tully Road to the east, Pelandale Avenue to the south and Carver Road to the west, generally located in the north Modesto area, and

WHEREAS, the Woodglen Specific Plan will also involve the following associated entitlements: rezoning of the site; annexation to the City of Modesto and detachment from the Salida Fire District; an approval of a subdivision map; preparation of a Facilities Master Plan and associated Finance Plan, and formation of a Community Facilities District (CFD) (collectively "Project"), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for the Project, and

WHEREAS, the City of Modesto has determined that an Environmental Impact Report will be necessary to ensure that the City of Modesto complies with the requirements of the California Environmental Quality Act for the draft Woodglen Specific Plan. The project applicant now desires to proceed with an Environmental Impact Report, and

WHEREAS, City staff recommends an Agreement between the City of Modesto and PMC be executed in an amount not to exceed \$230,300 to allow PMC to prepare an Environmental Impact Report based on the scope of services supplied to City staff, and

WHEREAS, the applicant will pay the entire cost of the EIR, including staff time spent on said project, and the applicant has deposited funds with the City to cover the full amount of work outlined in the Scope of Services described in **Exhibit "A"** of the Agreement for Consultant Services, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement between the City of Modesto and PMC for the preparation of an Environmental Impact Report for the draft Woodglen Specific Plan, in an amount not to exceed \$230,300.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

ATTEST: Jean Morris  
JEAN MORRIS, City Clerk

(SEAL)

APPROVED AS TO FORM:

By: Susana Alcala Wood  
SUSANA ALCALA WOOD, City Attorney

## **PROJECT UNDERSTANDING AND APPROACH**

---

### **PROJECT UNDERSTANDING AND APPROACH**

Based on our review of the Preliminary Draft Woodglen Specific Plan, Urban Area General Plan Master Environmental Impact Report and its Update, the Environmental Information Form completed for the project, and discussions of the project approach with City staff, it has been determined that the project requires the preparation of an Environmental Impact Report (EIR).

The Woodglen Specific Plan consists of approximately 79 gross acres within the Kiernan/Carver Comprehensive Planning District. The buildout of the Woodglen Specific Plan would include approximately 541 dwelling units with densities ranging from low to high density residential, private recreation facilities, a 3.9-acre infiltration basin, and 4.9 acres of open space. Pelandale Avenue, Carver Road, Bangs Avenue, and Tully Road will provide access to the roadways proposed within the Plan area.

Entitlements and subsequent applications anticipated for the project include: 1) rezoning to the Specific Plan Overlay, 2) annexation to the City of Modesto, 3) formation of a Community Facilities District, 4) preparation of an Infrastructure Finance Plan and Facilities Master Plan, 5) General Plan Amendment, if the revised Specific Plan proposes housing units in excess of the number of units allowed by the General Plan, 6) tentative subdivision maps or development plans, and 7) site plan review for the multi-family site. Other actions, approvals, or permits would be determined through the environmental review process and project review. It is assumed that the project applicant would be responsible for obtaining all of the required entitlements, approval and permits. The environmental review will assume that services to the site will be provided by the City of Modesto or other appropriate service providers.

We are assuming that City staff will review the adequacy of any infrastructure and improvement plans, pursuant to City standards (this scope of work does not include a "plan-check" review of these documents), while PMC will perform the CEQA review of the infrastructure proposed in the Woodglen Specific Plan. This proposal does not include performance of environmental review for subsequent projects associated with the Woodglen Specific Plan.

We understand the environmental analysis for the Woodglen Specific Plan will be a stand-alone EIR, which does not tier from the Urban Area General Plan Master EIR but rather uses it as a source of reference. PMC will prepare a Notice of Preparation and Initial Study that will be used to provide interested agencies and the public an opportunity to comment on the scope of the EIR. As discussed under the scope of work below, PMC anticipates preparation of a full project-level EIR.

The project description section of the EIR will identify the components of the project and subsequent actions covered by the environmental document. Following the adoption of the EIR, environmental review of subsequent applications that are part of the Woodglen Specific Plan may be reviewed for substantial conformance with the project as described in CEQA Guidelines Section 15182 (a) which states "Where a public agency has prepared an EIR on a specific plan after January 1, 1980, no EIR or negative declaration need be prepared for a residential project undertaken pursuant to and in conformity to that specific plan if the project meets the requirements of this section." Future applications may also be reviewed under Section 15162 of the CEQA Guidelines, which identify the circumstances when a subsequent EIR is required. Unless, as described under Section 15162, substantial changes are proposed to the project, circumstances under which the project will be undertaken have changed substantially, or new information of substantial importance regarding significant impacts or mitigation measures is available, a subsequent EIR does not need to be prepared. A Notice of Determination should be filed for each phase of the project as it is approved (CEQA Guidelines Section 15075(a)).

PMC will prepare a project level Environmental Impact Report (EIR) in compliance with CEQA Guidelines. In addition, PMC will also comply with the City's environmental review procedures and consider any environmental standards established through City ordinances and the General Plan.

## SCOPE OF WORK

---

- Transportation/Circulation.
- Mandatory Findings of Significance.

*Meetings:* The Project Manager will attend a scoping meeting for the project. Time and cost for meetings is included under Task 6.

*Deliverables:* Sixty-five (65) copies of the NOP/ Initial Study. PMC anticipates providing fifty (50) copies to the City, one camera ready, unbound copy suitable for reproduction and one disk copy, and providing fifteen (15) copies to the State Clearinghouse. The Notice of Preparation will accompany the Initial Study. The City will be responsible for distribution of the Notice and Initial Studies, except to the State Clearinghouse.

### **TASK 3. PREPARATION OF THE ADMINISTRATIVE DRAFT EIR**

The Administrative Draft EIR shall be prepared pursuant to the CEQA Guidelines. The information compiled by PMC's team during preparation of the Initial Study will be compiled into a format suitable for the Environmental Impact Report. Under this task, additional efforts will include preparing the executive summary, determine appropriate project alternatives, and analyzing long-term impacts and growth effects associated with implementation of the project.

The major sections and topic areas to be addressed within the Administrative Draft EIR would include the following:

Introduction. The Introduction will briefly describe the purpose of the document, the CEQA process, and terminology used in the EIR.

Executive Summary. The Executive Summary will provide a brief description of the project, areas of controversy, and a summary of environmental impacts and mitigation measures identified in the EIR. The environmental impacts and mitigation measures will be provided in a matrix format for ease of review.

Project Description. The Project Description will provide a complete and detailed description of the project, including project objectives and graphics illustrating the project's location and characteristics. The Project Description will aid the public and interested agencies in understanding the project's area-wide context and its potential environmental impacts.

Environmental Analysis. The Environmental Analysis section will address the topics of concern identified in the Initial Study/Notice of Preparation (NOP), as well as issues raised in response to the NOP.

This section will be largely based on the Initial Study drafted for the project, which will identify potential impacts of the project. It is anticipated that the information in the Initial Study will be supplemented to provide more detail, particularly for the technical analyses, as well as the regulatory framework and General Plan analyses, which are not generally provided in an Initial Study. Additional technical analysis required to analyze project alternatives for the EIR is included in this Scope of Work.

PMC's Project Team includes AMBIENT Air Quality and Noise Consulting (air quality and noise), KDAnderson Transportation Engineers (traffic), and ENGEO (agricultural resources) who will prepare technical studies in their areas of expertise to determine the significance of potential impacts. Technical studies are an essential component of the EIR since the significance of impacts that would occur with implementation of the project has not been assessed. For example, traffic associated with the project may result in significant impacts due to level of service change(s) on roadways serving the site, impacts due to noise exposure from Pelandale Avenue or Tully Road may not be mitigatable to a less than significant level, air pollutants associated with project construction or operations may exceed the standards established by the San Joaquin Valley Air Pollution Control District, and conversion of important agricultural lands to urban development.

## SCOPE OF WORK

---

state and federal ambient air quality standards, which have been established for the protection of human health and welfare.

- No major emission sources of toxic air contaminants or odors have been identified in the project area, nor is the proposed project anticipated to result in the development of such emission sources. As a result, evaluation of toxic air contaminants and odors will be qualitatively assessed. This assessment will include identification of minor sources of TACs and odors within the project area, as well as a general discussion of potential adverse short-term and long-term human health impacts. If necessary, based on the initial analysis, a Human Health Risk Assessment (HHRA) may be required as an optional item. A scope of work and cost estimate for the HHRA will be provided to the City once specific emissions sources and the required modeling for those sources have been identified.
- Prepare an analysis of regional changes in vehicle and indirect emissions using the most recent version of the URBEMIS-2002 computer program adopted by the SJVAPCD; the version currently adopted by SJVAPCD is URBEMIS-2002 8.7. This analysis will include quantification of area and mobile-source emissions, based in part on the traffic analysis prepared for this project. Net change in long-term operational emissions due to the construction of the project and alternatives will be quantified. Impact significance will be determined in comparison with SJVAPCD-recommended thresholds of significance. Note: The air quality analysis prepared for this EIR would not involve the calculation of emissions in support any regulatory compliance requirements such as permit/indirect source review applications.
- Evaluate consistency of the project with local general plan policies and with regional air quality planning efforts.
- Identify construction mitigation measures necessary to reduce construction dust impact to a level that is less-than-significant.
- Develop, with the assistance of SJVAPCD staff, mitigation measures for permanent air quality impacts found to be significant in association with Rule 9510, Indirect Source Review. Estimate effectiveness in reducing emissions. The analysis will be coordinated with the City to determine if project emissions have already been addressed adequately in the Urban Area General Plan Master EIR.

**Biological Resources.** The project site encompasses approximately 79 acres of predominantly ruderal and agricultural vegetation, which provides potential habitat for several special-status and projected species, including Swainson's hawk. PMC's biologist assisted by technical staff will perform the following tasks in preparation of the biological resources analysis.

- Identify the existing setting for biological resources, including a query of the California Natural Diversity Database (CNDDDB) and the California Native Plant Society (CNPS) databases to compile a list of special-status plant species that have potential to occur within the study area, use of CNDDDB information and other technical reports and agency information to help determine the likelihood of special-status species that may occur within the project area.
- A list of federally listed special-status species with potential to occur in the area will be requested from the U.S. Fish and Wildlife Service (USFWS).
- The California Department of Fish and Game (CDFG) shall also be consulted to discuss the project and obtain any pertinent information on State listed and sensitive species. Burrowing owl and Swainson's hawk, state and federal species of concern would be a high priority focal species in this area.

## **SCOPE OF WORK**

---

**Hydrology/Water Quality.** PMC will prepare the Hydrology and Water Quality section that addresses issues related to storm drainage, flooding, erosion/sedimentation, and storm water quality. The following research and review activities will be conducted:

- Reconnaissance of the site and surrounding area to visually evaluate its hydrologic and topographic character and its orientation with respect to local and master planned storm drainage facilities.
- Review of infrastructure capacity studies relevant to storm drainage prepared for the proposed development by the City's consultant.
- Review of the most recent Storm Drainage Master Plan for the City of Modesto prepared by Stantec Consulting Inc.
- Review of City of Modesto standards and policies that are pertinent to development in this area.
- Review of City of Modesto Design Standards for Dual Use Flood Control/Recreation Facilities prepared by Stantec Consulting Inc. dated December 2000.
- Meet with City of Modesto staff to obtain any additional relevant information regarding drainage and flooding in the area that should be considered in the evaluation of the proposed project.
- Review pertinent documents and materials, including technical analysis of the storm drainage plan for the specific plan area to be performed by Stantec, the proposed site master plan, any preliminary grading and drainage plans, any topographic mapping prepared for the proposed specific plan area by the applicant, USGS Quadrangle maps and aerial photographs covering the area, and the City of Modesto's design manual relating to storm water quality.
- Identify impacts related to storm runoff production, storm drainage control, dual-use detention, erosion/sedimentation, and storm water quality
- Develop mitigation measures, as appropriate.

**Land Use.** The Plan area is within the Kiernan/Carver CPD. A range of residential densities and an open space area are proposed in the Woodglen Specific Plan. The EIR will describe the character of the region and the area surrounding the project in terms of existing, planned and future development patterns and land uses. PMC will identify adopted, planned and proposed development in the project area and buildout under the General Plan. PMC will describe existing land uses as well as City and County General Plan and zoning land use designations in the vicinity of the project. Consistency with applicable LAFCo goals will also be described. The project will be reviewed for conformity with applicable General Plan policies (including uses planned for the Kiernan/Carver CPD), development standards, and other appropriate plans and guidelines and the project's consistency with the applicable plans, programs and ordinances will be identified.

**Agricultural Resources.** The Plan area was previously used for agricultural operations and is currently under two Williamson Act contracts. Figure V-4-1 of the 2003 Final Master EIR for the Urban Area General Plan identifies the Plan area as 'Important Farmland.' Development of the Plan area would alter existing land use patterns in the project area and would remove agricultural lands from service. The project would also result in potential agricultural/interface conflicts with surrounding lands. The project will be reviewed for conformity with applicable General Plan policies and the project's consistency with the applicable plans, programs and ordinances, including applicable LAFCo goals, will be identified. ENGEO will prepare the agricultural analysis for the project. The work effort will include review the most recent soil survey for Stanislaus County produced by the U.S. Department of

## SCOPE OF WORK

Implementation of the project would result in an increase in demand for public services in the project area. PMC will use water and wastewater analyses, including a Water Supply Assessment, Water Capacity Analysis, and Wastewater Study, prepared by the City's consultants for use in determining impacts to water and wastewater providers. The following tasks will be performed for the public service section:

- Service and utility providers will be contacted in order to determine existing service levels in the project area. This would include documentation regarding existing staff levels, equipment and facilities, and planned service expansions. Based on a preliminary review of the project, it is not anticipated that the project would result in any significant impacts to public schools and recreation services.
- Describe City and District policies, programs, and standards associated with the provision of public services.
- Based on the above review, identify significant public service impacts as a result of implementation of the proposed project.
- Specifically address potential impacts associated with discharge capacity and secondary treatment requirements for wastewater.
- Identify mitigation measures for any significant impacts identified.

**Transportation/Circulation.** KDAAnderson Transportation Associates (KDA) will prepare the traffic analysis for the project pursuant to the standard City requirements. The traffic analysis will include the following:

### Study Initiation

- KDA will attend an initiation meeting with the client and City staff to discuss the City's concerns, study approach, developer objectives for the project, etc., and review the schedule for the traffic study and for the EIR as a whole.
- Identify CEQA Standards of Significance for signalized and unsignalized intersections, pedestrian/bicycle safety, design features and other potential transportation impacts.

### Collect Traffic Volume Data/ Assess Current Conditions

- KDA will collect the traffic count information needed for the traffic analysis. KDA will assemble p.m. peak hour traffic counts at the intersections that are likely to be affected by the development of the project. KDA's budget includes new counts at study intersections, including:

1. Pelandale Avenue / Carver Road
2. Pelandale Avenue / Tully Road
3. Bangs Avenue / Carver Road
4. Bangs Avenue / Tully Road
5. Kiernan Avenue / Carver Road
6. Kiernan Avenue / Tully Road
7. Standiford Avenue / Carver Road
8. Standiford Avenue / Tully Road
9. McHenry Avenue / Bangs Avenue
10. Tully Road / Snyder Avenue
11. Carver Road / Snyder Avenue
12. Prescott Road / Snyder Avenue
13. Prescott Road / Pelandale Avenue

## SCOPE OF WORK

---

11. Carver Road / Snyder Avenue
12. Prescott Road / Snyder Avenue
13. Prescott Road / Pelandale Avenue

- To produce year 2025 forecasts KDA will disaggregate the current citywide traffic model to accurately assign traffic to the local street system. Resulting p.m. peak hour forecasts will be created in a manner that is consistent with other recent City EIR's. Resulting p.m. peak hour forecasts will be created in a manner that is consistent with other recent City EIRs.

### Review Project Access and Related Items.

- Proposed project access will be reviewed with regard to City of Modesto standards for intersection spacing, and the extent to which auxiliary lanes / traffic controls are needed will be suggested.
- Evaluate potential impacts to pedestrian and bicycle safety.
- Evaluate proposed on-site access and any potential traffic safety issues.

### Identify Mitigation Measures.

- If unsatisfactory traffic or access conditions are projected we will explore alternative mitigation measures and recommend a strategy for reducing impacts to a level of insignificance. However, those impacts that may not be avoidable will be noted as well.

### Meetings / Coordination

- KDA has assumed three (3) meetings, and this cost is included in the budget. However, while participation in the Planning Commission review of the project or additional meetings with City staff may be necessary, this cost is not included in KDA's base budget.

***Mandatory Findings of Significance.*** PMC will assess the project in light of the mandatory findings of significance included in the CEQA Guidelines and will identify the significance of potential impacts.

***Other CEQA Required Sections.*** The EIR will include the other required sections including cumulative impact analysis, growth inducing impacts of the project and summary of significant and unavoidable impacts of the project.

***Project Alternatives.*** PMC will coordinate with City staff in the development of up to three reasonable alternatives to the proposed project. Our proposal includes consideration of one alternative site to be determined in consultation with the City. Other alternatives could include no project and modified design alternatives. These alternatives will be described qualitatively and quantitatively, and contrasted with the proposed project in terms of the extent that the alternatives can achieve project objectives or reduce adverse impacts. This analysis will be presented in a separate chapter of the EIR.

***Mitigation Monitoring and Reporting Program.*** A Mitigation Monitoring and Reporting Program (MMRP) will be prepared as part of the ADEIR to facilitate implementation of all mitigation measures adopted through the CEQA process. The MMRP will list the mitigation measures identified within the EIR for a

## **SCOPE OF WORK**

---

### **TASK 7. NOTICES, FINDINGS AND RESOLUTIONS**

PMC will prepare the Notice of Preparation for the EIR and Notices of Completion for submittals to the State Clearinghouse. PMC will also prepare the Statement of Overriding Considerations and provide the City with a Resolution to adopt the environmental document, make required findings, and adopt the Mitigation Monitoring and Reporting Program.

*Deliverables: PMC will provide fifteen (15) copies to the City, one camera ready, unbound copy suitable for reproduction and one disk copy.*

### **TASK 8. MEETINGS AND PROJECT MANAGEMENT**

PMC will attend up to six (6) meetings for the EIR. These meetings will include Project Manager and Senior Environmental Planner attendance at three (3) project meetings with City staff and Project Manager attendance at three (3) public hearings regarding the project. The traffic engineer, KDA, will attend two staff-level meetings and one public meeting. During the comment period on the Notice of Preparation, PMC anticipates attending a scoping meeting and presenting the project and its anticipated environmental effects. PMC and KDA will attend additional meetings at the request of the City on a time/expense cost basis.

### **TASK 9: WETLAND DELINEATION (OPTIONAL)**

Background: Wetland delineations are a standardized method of identifying water features within the jurisdiction of the Army Corps of Engineers (Corps). The Corps has jurisdiction over a variety of water features including wetlands (i.e. vernal pools, marshes, seasonal wetlands) and "other Waters of the United States" (i.e. drainages, creeks, streams, navigable waters, tidal area). The Corps has provided guidance on the characteristics that wetlands and "other waters of the United States" must have to be determined within their jurisdiction. This guidance is provided in the 1987 Corps Delineation Manual. Jurisdictional wetlands must (under normal conditions):

- be inundated or saturated for a least five percent of the growing season (about 14 consecutive days in Central California);
- support hydrophytic (water loving) vegetation (more than fifty percent of the cover); and
- be underlain by hydric (historically saturated) soils.

PMC proposes to utilize a routine on-site wetland delineation method as presented in the 1987 Corps Delineation Manual (Section C, Subsection 3) to identify the jurisdictional wetland features and their extent within the project area. The method of determining the jurisdictional status of wetland features and delineating the feature boundaries will be field surveys.

Paired data points will be taken within and outside of each feature to determine and justify the wetland boundaries. Data point locations will be recorded with the use of GPS units. Standard data (dominant vegetation, soil characterization and indicators of hydrology) will be collected and recorded on standard wetland delineation sheets. The location of non-wetland jurisdictional waters (linear drainages, ponds, creeks etc.) will be recorded with GPS units. Width characteristics of linear features will be recorded at 10-foot intervals or as appropriate (given the nature of the feature). Soil mapping provided by the Natural Resource Conservation Service will be digitized into a GIS file. The delineation map will be superimposed on the soil mapping to document the soil type of wetland features.

A Draft Preliminary Wetland Delineation Report will be submitted to the client for review. Comments and edits will be considered and a Preliminary Wetland Delineation Report will be prepared for submittal to the Corps for verification. It is assumed that the field verification meeting with the Corps will be no longer than 8 hours.

The Corps may require an aerial photograph and a detailed topographic mapping of the site. It is assumed that the project

## SCHEDULE

---

### SCHEDULE

Upon authorization to proceed, PMC will provide the Administrative Draft Environmental Impact Report to the City within 8 weeks; this time period assumes that PMC will work during the 30-day circulation period of the NOP. At the close of the 45-day public review period of the Draft Environmental Impact Report, we anticipate four weeks to respond to comments and prepare the Final Environmental Impact Report. This schedule is dependent on timely completion of infrastructure capacity studies that are acceptable to the City and provided to PMC by the 3<sup>rd</sup> week of Task 3.

## ASSUMPTIONS

---

### ASSUMPTIONS UPON WHICH THIS PROPOSAL IS BASED

The scope of work and cost provisions of this proposal are based upon several assumptions that are summarized below. PMC recognizes that these assumptions may be subject to change by the City during the course of the project. While such changes would not necessarily result in modification of the scope or cost, PMC reserves the right to propose such modifications in the event of such changes.

- Property owners must give access permission before any field review activities may begin; if property access is delayed, the time period to complete the Initial Study shall be extended commensurate with the delay.
- PMC assumes that the agricultural suitability analysis, Phase II Environmental Assessment, and water, wastewater, and storm water technical reports being prepared as part of the Facilities Master Plan will be reviewed by the City for conformity to applicable City and state standards and that the report preparers will be available for questions at no expense to PMC. These reports or adequate data from the reports to complete the EIR analysis are assumed to be received by PMC within eight weeks of commencing work on the project to avoid delays on the project.
- PMC assumes that the applicant will initiate a Rule 9510, Indirect Source Review (ISR) with the San Joaquin Valley Air Pollution Control District as soon as possible to avoid delays in preparation of the air quality analysis included in the EIR. The results of the ISR shall be provided to PMC as soon as they are available.
- It is the applicant's responsibility to obtain any necessary permits and other regulatory approvals. Any information generated from the project applicant's negotiations, coordination, and consultations with regulatory agencies and through pre-application packages that may be useful during the preparation of the Initial Study, should be forwarded to PMC.
- The Project Description shall not be substantially changed once approved by the City.
- It is assumed that the project applicant will provide detailed information necessary for a thorough evaluation of the Specific Plan request as noted in the scope. In order to maintain the project schedule, this information must be available to the consulting team upon notice to proceed.
- There will be two rounds of review of the Initial Study by the City. The City will provide PMC with one copy of consolidated comments on each draft of the Initial Study.
- There will be two rounds of review of the Administrative Draft Environmental Impact Report. The City will provide PMC with one copy of consolidated comments on the Administrative Draft EIR and Screencheck Draft EIR.
- The schedule for the completion of the Administrative Final Environmental Impact Report will be based on the receipt of a complete set of comment letters. Responses to comments estimate assumes a moderate level of effort as described in the scope of work. PMC reserves the right to renegotiate if comments received would require a level of effort beyond our estimate.
- City staff and responsible agencies will cooperate with the PMC Project Team in a timely manner.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-724**

**A RESOLUTION APPROVING AN AGREEMENT CONSENTING TO  
COMMON USE WITH THE MODESTO IRRIGATION DISTRICT (MID) FOR  
UTILIZATION OF AN EASEMENT WITHIN LATERAL NO. 4 FOR THE  
PURPOSE OF CONSTRUCTING A CLASS I NON-MOTORIZED TRAIL AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto Non-Motorized Transportation Master Plan (the Plan) was adopted in July, 1996, and re-adopted by Council in 2003, and

WHEREAS, the Plan designates a Class I Non-Motorized trail to run from Needham Avenue near downtown Modesto to the northern City boundary near Bangs Avenue, and

WHEREAS, this trail is known as the Virginia Corridor Project, and

WHEREAS, in order to plan for installation and maintenance of this trail, two agreements with MID are needed, and

WHEREAS, the next project phase of the Virginia Corridor Project will construct a Class I paved trail and amenities between College Avenue and Roseburg Avenue, and between Granger and Orangeburg Avenues, and will be completed by a City-hired contractor next spring, and

WHEREAS, the construction phase will occupy a portion of the Modesto Irrigation District (MID) right-of-way of its Lateral 4, referred to as an "Area of Common Use", and

WHEREAS, an Agreement Consenting to Common Use will be required for said construction,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Agreement Consenting to Common Use with the

Modesto Irrigation District for utilization of easements within Lateral No. 4 for the purpose of installing and maintaining a Class I non-motorized trail.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-725**

**A RESOLUTION APPROVING A LICENSE AGREEMENT WITH THE  
MODESTO IRRIGATION DISTRICT (MID) FOR UTILIZATION OF AN  
EASEMENT WITHIN LATERAL NO. 4 FOR THE PURPOSE OF INSTALLING  
AND MAINTAINING A CLASS I NON-MOTORIZED TRAIL AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto Non-Motorized Transportation Master Plan (the Plan) was adopted in July, 1996, and re-adopted by Council in 2003, and

WHEREAS, the Plan designates a Class I Non-Motorized trail to run from Needham Avenue near downtown Modesto to the northern City boundary near Bangs Avenue, and

WHEREAS, this trail is known as the Virginia Corridor Project, and

WHEREAS, in order to plan for installation and maintenance of this trail, two agreements with MID are needed, and

WHEREAS, the next project phase of the Virginia Corridor Project will construct a Class I paved trail and amenities between College Avenue and Roseburg Avenue, and between Granger and Orangeburg Avenues, and will be completed by a City-hired contractor next spring, and

WHEREAS, this phase will also require use of a portion of Lateral No. 4, along the northerly right-of-way from Virginia Avenue to just west of College Avenue, for the purpose of installing and maintaining a bike path and landscaping and for a temporary construction area, which will require a "License Agreement" between the City and MID,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a License Agreement with the Modesto Irrigation

District for utilization of easements within Lateral No. 4 for the purpose of installing and maintaining a Class I non-motorized trail.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-726**

**A RESOLUTION APPROVING THE TIMELINE FOR  
DEVELOPMENT OF THE ANNUAL ACTION PLAN, AND THE  
CDBG AND ESG PUBLIC SERVICE GRANTS, FOR FISCAL  
YEAR 2007-2008.**

WHEREAS, the Department of Housing and Urban Development (HUD) regulations require that the City of Modesto have a Citizen Participation Plan that contains the City's procedures for community participation in development of the Annual Action Plan and use of Community Development Block Grant (CDBG), HOME, and Emergency Shelter Grant (ESG) funds, and

WHEREAS, the City adopted and last amended its Citizen Participation Plan in September of 2005, and

WHEREAS, in order to comply with the Citizen Participation Plan and HUD regulations, the City must publish a Citizen Participation Calendar for the development of the coming year's Annual Action Plan, and

WHEREAS, the Citizen Participation Calendar contains the Annual Action Plan, Public Service Grant Activities, and the advertisement dates for the Public Service Grants and the Annual Action Plan Community Meetings, and

WHEREAS, a copy of said Citizen Participation Plan is attached hereto as **Exhibit "A"** and incorporated herein by reference, and

WHEREAS, the Citizens Housing and Community Development Committee met on November 9, 2006, and supported staff's recommended Citizen Participation Calendar,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the timeline for development of the Annual Action Plan, and the CDBG and ESG Public Service Grants, for Fiscal Year 2007-2008, a copy of which is attached hereto as Exhibit "A" and is incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-727**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specification for the following classifications:

1. Instrument Repair Technician

The job specification for classification of Instrument Repair Technician is being amended to more accurately describe the essential functions related to electronics and instrumentation. The job specification for the classification of Instrument Repair Technician, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

2. Electrician

The job specification for the classification of Electrician is being amended to more accurately reflect the essential functions of the job. The job specification for the classification of Electrician, as shown on the attached **Exhibit "B,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 28, 2006.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

## INSTRUMENT REPAIR TECHNICIAN

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To perform difficult and complex technical work in the design, testing, installation, maintenance, calibration and repair of pneumatic, electronic and electrical control and data acquisition systems for water and wastewater distribution, collection and treatment operations.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level supervisory and management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS: - Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

~~Install, maintain, repair and adjust computer system hardware and software, digital data multiplexing equipment used for indicating, telemetering, measuring and controlling flow, temperature, motion, force, and chemical composition.~~

~~Install, repair and maintain the Supervisory Control and Data Acquisition (SCADA) system.~~

~~Repair, maintain and calibrate the level, pressure and flow telemetry.~~

Install, maintain, test, calibrate, repair and adjust computer system hardware and software, equipment and components of process control and Supervisory Control and Data Acquisition (SCADA) system.

Design, install, repair and maintain control circuits for monitoring and controlling flow, temperature, motion, pressure, and chemical composition.

Design, install, repair calibrate and maintain circuits for operation and monitoring of motor controls, and remote telemetry unit interface; program system components for water and wastewater systems.

Essential Functions: (Continued)

Configure process and instrumentation diagrams, control loop parameters and logic for programmable logic controllers and control systems.

~~Maintain and repair automatic control valves and associated control functions.~~

~~Maintain SCADA system including control loops and relays.~~

~~Operate a variety of electronics testing equipment.~~

~~Install, maintain and repair underground and overhead circuits and control systems used in the operation of motors, pumps and generators at city-owned facilities.~~

Maintain a variety of electronic control instruments used to operate electrical mechanical equipment, record data, indicate equipment status and activate supervisory control.

Use a variety of test equipment including computers, oscilloscopes, frequency generators and other specialized equipment or devices to calibrate, repair and maintain system.

Using a laptop or personal computer, communicate with the SCADA system, remote telemetry units (RTU's), and radios.

Read and interpret wiring diagrams, mechanical drawings, manuals and specifications used during installations or when performing repair work.

Document and draw circuits as installed; make recommendations for improvements to instrumentation systems.

~~Perform Electrical maintenance.~~

Marginal Functions:

Maintain service records, identify sources and participate in development of specifications for requisitions for parts and electrical equipment.

Train operations and maintenance staff on process control equipment.

Perform related duties as assigned.

## QUALIFICATIONS

### Knowledge of:

Methods, practices and equipment used in the installation, construction, repair, maintenance, testing and adjustment made to the SCADA systems used in water treatment operations.

Design, construction, installation and maintenance of industrial electrical and electronic systems.

Principles and practices of electronics, computer systems, pneumatic and hydraulic control systems as applied to control and data acquisition systems.

Programming of controllers used in water and wastewater treatment systems.

Principles of electronics as applied to telemetry.

Codes, laws and ordinances related to assigned area of responsibility.

Safe working practices and procedures.

Basic methods, materials, tools, equipment, and procedures required/used in the installation and repair of electrical circuits, systems and devices.

### Ability to:

Use and operate a variety of electrical, electronic and mechanical tools, instruments and equipment.

Perform manual labor, including but not limited to medium-heavy occasional lifting up to 75 pounds.

Pass an annual physical examination.

Read and understand technical drawings, specifications and maintenance manuals.

Prepare wiring diagrams and blueprints.

Install, repair and maintain a variety of electronic systems relative to water treatment operations.

Operate and use a personal computer.

Ability to: (Continued)

Communicate clearly and concisely, both orally and in writing.

Establish and maintain effective working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Journey-level Four years experience in industrial electrical systems and electronics involving the calibration, set-up and testing of electronic instrumentation including one year at the journey level.

Training:

Trade school or college level coursework in electronic sensory systems diagnosis, maintenance, repair and testing is desirable.

License or Certificate:

Possession of, or ability to obtain, an appropriate and valid California driver's license.

WORKING CONDITIONS

Environmental conditions:

Field environment; exposure to electrical energy.

Physical conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking, standing or sitting for prolonged periods of time; operating motorized equipment and vehicles; the ability to distinguish color.

## ELECTRICIAN

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To perform a wide variety of skilled work in the installation, maintenance, and repair of electrical systems and equipment, which may include working with high voltage up to 6000 volts.

### DISTINGUISHING CHARACTERISTICS

This is the full journey level class within the Electrician series. Electricians may be allocated to utilities support, including water, wastewater and storm drain collection and treatment or to electrical support, including street lightning, signalization, and facilities. Within these assignments incumbents may develop specialization in one or more areas.

Employees within this class are distinguished from the *Assistant Electrician* by the performance of the full range of duties as assigned, including maintenance and repair of high voltage systems. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from an Electrical Supervisor.

Exercises functional and technical supervision over Assistant Electricians and Electrical Technicians.

### ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities may include, but are not limited to the following:

#### Essential Functions:

Diagnose problems and perform complex electrical maintenance and repair work involving municipal facilities, utilities systems, buildings, and signalization and lighting systems including high voltage systems, traffic management, closed circuit television and Supervisory Control and Data Acquisition systems.

Essential Functions: (Continued)

Install, maintain, and repair traffic signals and street lighting, including underground and overhead lines, poles, control circuits, preemption units, battery backup, detection loops, cameras, and microwaves; installs, maintains and repairs communication systems including fiber optic, twisted pair and radio equipment.

Install, maintain, and repair control systems, motors, generators, pumps, telemetering systems, variable frequency drives (VFDs), analyzers, sensors, detectors and other electromechanical and electronic equipment, including replacing boards, cards, chips and other components.

Install, maintain and repair electrical and lighting equipment, heating, air conditioning, and ventilation systems Automated Traffic Control Systems (ATMS), intercommunication and computer systems, in the City's buildings, parks, plant and pumping stations.

Repair and replace defective or work electrical parts in communication hubs, motors, generators, pumps, controllers, switches, pneumatic systems, boilers, and other facilities and equipment.

Test, locate, and repair damaged electrical circuitry, communication and fiber optic systems.

Inspect electrical equipment and lighting to ensure safe and satisfactory functioning.

Read blueprints, schematics, and electrical diagrams. Participate in the design of electrical systems as necessary. Recommend development or changes to specifications.;

May Operate heavy equipment including backhoes, aerials, and other construction equipment. Establish work zones, set up traffic controls and detours.

Develop material lists; obtain prices, and purchase materials. Maintain accurate records of work performed, materials used, and associated costs.

Remove and replace asphalt, concrete, and landscaping.  
May train and have one or more assistants or technicians assigned as helpers.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Design, construction, installation, and maintenance of electrical and electronic systems.

Basic methods, materials, tools, equipment, and procedures used in the repair of electrical and mechanical devices.

Basic principles of electrical and electronic repair.

Electrical codes and related ordinances and regulations.

Electric motors and control systems.

Basic electronic circuitry.

Safe work practices.

VFD theory and troubleshooting.

Industrial instrumentation standards.

Process instrumentation.

Troubleshooting theory and calculation of Analog circuitry.

Input and output addressing.

Setup of VFD and control circuitry.

Troubleshooting electrical, basic electronic and fiber optic systems.

Design, construction, installation and maintenance of traffic signals and street lighting.

VFD and soft start wiring installation and troubleshooting.

Ability to:

Perform journey level work in the trades area of electrical and electronic maintenance and repair.

Repair electrical signal, lighting, control, and alarm systems.

Understand and interpret written and oral instructions, including blueprints and wiring diagrams.

Use and care for tools and equipment used in maintaining and repairing electrical and electronic devices.

Diagnose causes of electrical malfunction.

Perform mathematical computations as required in electrical and electronic circuits.

Work under emergency and hazardous conditions.

~~Perform heavy manual labor, including but not limited to fifty (50) to one hundred (100) pounds of weight, climbing, bending, stooping, etc.~~ medium/heavy lifting up to 75 lbs.

~~Pass an annual physical examination.~~

Assist others in municipal electrical and electronic maintenance repair.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Program VFDs, level controls and soft starts.

Work with High Voltage AC wiring and low voltage DC wiring.

Work with Analog circuit troubleshooting.

Learn the difference between source and supply wiring.

Integrate electrical and instrumentation.

Troubleshoot and diagnose program errors in variable frequency drives and level controls.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way would be:

Experience:

One year as an **Assistant Electrician** for the City of Modesto.

Or

Four years of experience in an electrician apprenticeship program and one year of experience as a journey-level electrician in a commercial or industrial environment including experience working with high voltage lines.

Training:

Equivalent to completion of the twelfth grade supplemented by additional specialized training in electrical or electronic maintenance.

License or Certificate

When assigned, possession of an appropriate, valid Class A or Class B Commercial California Driver's license with appropriate endorsements, as assigned, within 60 days of appointment. Failure to obtain the required license may result in release from probation or termination.

When assigned, possession of a valid crane operators certificate, issued by the National Commission of Crane Operators, is required within six months of assignment.

WORKING CONDITIONS

Environmental Conditions:

Field environment; travel from site to site, exposure to inclement weather conditions. Incumbents regularly work with high voltage power lines and equipment. Incumbents may work in aerial truck at heights above 40 feet, and may be exposed to dust and fumes.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking, standing or moving for prolonged periods of time; for occasional bending, kneeling, stooping, crawling and climbing; operating motorized equipment, aerial boom and vehicles for an entire work shift. Must possess hearing sufficient to safely work in traffic and vision corrected to normal, including color vision sufficient to distinguish colored wires and indicator lights.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-728**

**A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2006-319  
TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN  
CLASSES TO CHANGE THE SALARY RANGE FOR ELECTRICIAN TO  
SALARY RANGE 128.**

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2006-319, which approved the Class Range Table for General Non-Sworn Classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2006-319. Exhibit "A" entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective May 23, 2006," attached to Resolution No. 2006-319, is hereby amended as shown on the amended **Exhibit "A"** entitled, "City of Modesto Class Range Table General Non-Sworn Classes Effective November 28, 2006," which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" changes the salary range for Electrician from range 126 to range 128.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 28, 2006.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on 28<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-729**

**A RESOLUTION AMENDING THE PUBLIC WORKS DEPARTMENT'S OPERATING BUDGET, AS ADOPTED FOR FY 06-07, TO APPROPRIATE \$7,440 FROM WASTEWATER FUND BALANCE RESERVE TO ACCOUNT 6210-480-5213-0181 AND \$22,336 FROM SPECIAL GAS TAX FUND BALANCE RESERVE TO ACCOUNT 0700-160-1612-0181 TO FUND EXPENSES ASSOCIATED WITH A CHANGE IN SALARY RANGE FOR (12) TWELVE ALLOCATED ELECTRICIAN POSITIONS.**

WHEREAS, the City Council, under a separate action, adopted Resolution No. 2006-727 amending the Position Classification Plan of the City of Modesto to revise the job specifications for the classifications of Instrument Repair Technician and Electrician, and

WHEREAS, the City Council, under a separate action, adopted Resolution No. 2006-728 amending **Exhibit "A"** of Resolution No. 2006-319 to revise the Class Range Table for General Non-Sworn Classes, to change the salary range for Electrician from salary range 126 (\$3,836-\$4,663 mo.) to salary range 128 (\$4,030-\$4,899 mo.), and

WHEREAS, this change results in a 5% increase in salary for (12) twelve allocated Electrician positions within the Public Works Department, and

WHEREAS, funding for this proposed change, estimated at \$29,776 for FY 06-07, will be provided through a transfer from Wastewater Fund Balance Reserve in the amount of \$7,440 for Electricians assigned to the Wastewater Division and through a transfer from Special Gas Tax Fund Balance Reserve in the amount of \$22,336 for Electricians assigned to the Traffic and Development Services Division,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Public Works Department's operating budget, as adopted for FY06-07, to appropriate \$7,440 from Wastewater Fund Balance Reserve to account 6210-480-5213-0181 and \$22,336 from Special Gas Tax Fund Balance Reserve to account 0700-160-1612-0181 to fund expenses associated with a change in salary range for (12) twelve allocated Electrician positions.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-730**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specification for the classification of Operations and Maintenance Crewleader. The job specification for this classification is being amended to include assignment to the building services division. The job specification for the classification of Operations and Maintenance Crewleader, as shown on the attached **Exhibit "A,"** which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after November 28, 2006.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

## OPERATIONS AND MAINTENANCE CREWLEADER

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

Crewleaders assign work, train, and provide field supervision of crews engaged in a variety of water, storm/wastewater, streets, and urban forestry operations, maintenance, repair and/or construction work; and to provide lead worker assistance to supervisory and/or management staff.

### SUPERVISION RECEIVED AND EXERCISED

Receives supervision from supervisory and management staff.

Exercises direct field supervision over crews engaged in maintenance and repair activities.

### ESSENTIAL AND MARGINAL FUNCTION STATEMENTS

Essential and other important responsibilities may include, but are not limited to, the following:

#### Essential Functions:

Provide field supervision to crews involved in a variety of water, storm/wastewater, streets, sidewalks, and urban forestry operations, building maintenance, repair and/or construction work.

Assist in the design, planning, prioritizing, assignment, and inspection of various maintenance, repair, and construction projects.

Provide feedback to supervisory staff regarding field performance of crews for the purpose of evaluating employee performance.

Assist in developing and monitoring of the Division budget.

Participate in the selection of staff; provide or coordinate staff training; work with employees to correct deficiencies through coaching.

Answer questions and provide information to the public; investigate complaints and recommend corrective action as necessary to resolve complaints.

Exhibit "A"

Essential Functions: (Continued)

Participate and encourage work unit participation in team building activities including self-directed work teams.

May operate and oversee the operation of a full range of heavy and light equipment as needed such as backhoes, loaders, dump trucks, rollers, tractors, vactor trucks, aerial towers and various trucks.

May operate a mobile crane.

Maintain time, material and equipment use records; prepare various reports related to work activities including technical reports in response to regulatory activities.

Prepare project cost estimates; requisition supplies and materials.

When assigned to utility divisions, may assist in activities that ensure adherence to environmental quality standards.

Perform standby duty as assigned.

Marginal Functions:

Perform related duties as assigned.

**Additional duties when assigned to Building Maintenance:**

Adjust, repair, inspect, and monitor a variety of heating, ventilation, and air conditioning equipment including forced air furnaces, boilers, water pumps, chillers, air conditioning units, exhaust fans, air filters, compressors, cooling towers and heat exchangers.

Coordinate building maintenance services activities with other City departments, divisions, and sections and with outside agencies.

Monitor elevator maintenance, custodial, landscaping and other services performed in the buildings.

Monitor building automation systems, ensure the buildings meet all OSHA and ASHME air quality standards. Ensure HVAC checks are performed and records are maintained.

**Additional duties when assigned to Building Maintenance:**  
**(Continued)**

Monitor building backup generator. Conduct routine and preventative maintenance as required.

Inspect buildings, structures and equipment to ascertain need for repair and maintenance work. Plan assign, and direct the completion of routine and preventative maintenance work orders with staff.

**Additional duties when assigned to Water Operations:**

Operate portable sample pump.

Pack, lubricate, clean and paint pumping equipment and motors.

Flush distribution system to maintain water quality.

Maintain and operate chemical feed systems and perform dosage computations.

Install, maintain, and calibrate water meters, hypo chlorinators and on-line analyzers.

Monitor and maintain Granular Activated Carbon (GAC) filters; assist in removal and replacement of carbon, backwashes as required.

Monitor and maintain wellhead water treatment units and storage reservoirs. Perform minor adjustments as required.

Perform the function of shift operator as defined by the California Department of Health Services regulations.

Perform concrete repair including sawing, pouring, finishing and jack hammering.

**QUALIFICATIONS**

**Knowledge of:**

Materials, methods, practices, equipment and elements of construction technology as they relate to the assigned operations, construction, maintenance and repair activities.

Exhibit "A"

Knowledge of: (Continued)

Types and level of maintenance and repair activities generally performed in streets, water, storm/wastewater collection, fleet, park or urban forestry program.

Principles of personnel supervision and training.

Safe work practices; regulatory safety programs and procedures.

Pertinent sections of health, safety and labor codes.

Word processing and spreadsheet applications and Internet usage necessary for job performance.

English composition and technical report writing.

Cost accounting.

**When assigned to Building Maintenance:**

Methods, practices and equipment used in building maintenance services and activities including a variety of building trades work.

Ability to:

Plan, estimate, direct, coordinate, schedule and review the work of others.

Operate and maintain equipment and tools used in the field.

Identify and implement effective courses of action to complete assigned work; use lead by example methodology.

Keep records and make reports.

Lead by example and train assigned staff.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Coordinate work assignments with other divisions, departments, and agencies and volunteer groups.

Exhibit "A"

Ability to: (Continued)

Perform medium-heavy manual labor, including but not limited to lifting and carrying up to seventy-five (75) pounds of weight, climbing, bending, stooping, etc.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Three years of increasingly responsible experience performing utility operations, construction and maintenance work in the assigned area of responsibility (such as utility infrastructure, sidewalks, building maintenance, parks, or urban forestry).

Training:

Formal or informal education that ensures the ability to read, write, and communicate at a level necessary for successful job performance.

License or Certificate:

Possession of an appropriate, valid Class A or Class B Commercial California Driver's license with appropriate endorsements, as assigned, within 45 60 days of appointment. Failure to obtain the required license may result in release from probation or termination.  
**Note:** This license is not required when assigned to the Building Services Division.

When assigned, possession of a valid crane operator certificate, issued by the National Commission of Crane Operators, is required within six months of assignment.

**When Assigned to Streets and Traffic Operations:**

Any employees hired, transferred, or promoted into this position shall possess a work zone safety certificate from International Municipal Signal Association (IMSA), Traffic Control Supervisor Association (TCSA), International Transportation Engineers (ITE), American Public Works Association (APWA), or the American Traffic Safety Services Association (ATSSA) at time of final filing.

Exhibit "A"

**When Assigned to Water Distribution:**

Possession of a Grade III water distribution operator certificate issued by the State of California at time of final filing.

Possession of a certificate issued by the American Water Works Association (AWWA) for backflow device testing and/or Grade I Water Conservation Practitioner is highly desirable.

**When Assigned to Water Division – Pumps:**

Possession of a Grade III water distribution operator certificate issued by the State of California at time of final filing.

Possession of a Grade II water treatment certificate issued by the State of California at time of final filing.

Possession of a certificate issued by the American Water Works Association (AWWA) for backflow device testing and/or Grade I Water Conservation Practitioner is highly desirable.

**When Assigned to Urban Forestry:**

Possession of a Pesticide Applicator's Certificate within one year of appointment.

**When Assigned to Wastewater Collections:**

Any employees hired, transferred, or promoted into this position shall possess a Grade II Certificate Wastewater Collection System Maintenance Technologist issued by the California Water Environment Association (CWEA) at time of final filing.

**When Assigned to Building Maintenance**

Possession of an Environmental Protection Agency refrigeration certificate is desirable.

**WORKING CONDITIONS**

**Environmental Conditions:**

Field environment; travel from site to site; hot and cold temperatures; inclement weather.

Exhibit "A"

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking or standing for prolonged periods of time; operating motorized equipment and vehicles.

Work Assignments:

Depending on assignment may be subject to overtime and standby work assignments.

Exhibit "A"

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 731**

**A RESOLUTION AUTHORIZING THE APPROPRIATION OF \$54,200 FROM THE GENERAL FUND RESERVE TO THE FISCAL YEAR 2006/07 POLICE DEPARTMENT 0100-190-1902-5900 ACCOUNT FOR COMMUNICATION CENTER REPAIRS.**

WHEREAS, the Communication Center Building, located at 3905 Oakdale Road, is jointly owned by Stanislaus County and the City of Modesto, and

WHEREAS, on November 22, 2005, Council approved \$68,000 during the Supplemental Budget Process to appropriate for the City of Modesto share for repairs to the roof, parking lot and air conditioning system, and

WHEREAS, as of June 30, 2006, only \$13,800 had been spent and \$54,200 was still available, and

WHEREAS, the Police Department is requesting to move the previously approved funds from General Fund reserves to the Police Department 2006/07 operating budget so payment can be made when the projects are complete, and

WHEREAS, staff is requesting the appropriation of \$54,200 which were previously approved funds that were left unspent from General Fund reserves to the Police Department FY 2006/07 operating budget so payment can be made when the Communication Center repairs are complete, and

WHEREAS, there is no net fiscal impact since the request was approved last fiscal year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, it hereby approves the appropriation of \$54,200 from the General Fund reserves

to the Fiscal Year 2006/07 Police Department 0100-190-1902-5900 account for  
Communication Center Repairs.

BE IT FURTHER RESOLVED that the Finance Director, or his designee,  
is hereby authorized to take the necessary steps to implement the provisions of this  
resolution.

The foregoing resolution was introduced at a regular meeting of the  
Council of the City of Modesto held on the 28<sup>th</sup> day of November, 2006, by  
Councilmember Hawn, who moved its adoption, which motion being duly seconded by  
Councilmember Dunbar, was upon roll call carried and the resolution adopted by the  
following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 732**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE PURCHASE OF FOUR (4) HONDA ST1300P POLICE MOTORCYCLES, AS AWARDED IN THE VEHICLE IMPOUND/DUI/SELECTIVE TRAFFIC ENFORCEMENT PROGRAM (STEP) GRANT, AT AN ESTIMATED TOTAL COST OF \$70,000.**

WHEREAS, on October 24, 2006, by Resolution No. 2006-673, the City Council approved the acceptance of the Vehicle Impound/DUI/Selective Traffic Enforcement Program (STEP) grant in the amount of \$1,000,000 from the State of California, Office of Traffic Safety (OTS), and

WHEREAS, this grant will provide for four full-time police officer positions who will be responsible for achieving the grant goals and objectives, and

WHEREAS, the grant will also fund four fully equipped police motorcycles for these officers, and

WHEREAS funds are budgeted and available in the following account for the purchase of four (4) Honda ST1300P police motorcycles for FY 06/07:

0410-190-2968-5401	\$70,000	Police Motorcycles
--------------------	----------	--------------------

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Purchasing Manager to issue formal Request for Bids (RFB) for the purchase of four (4) Honda ST1300P police motorcycles, as awarded in the Vehicle Impound/DUI/Selective Traffic Enforcement Program (STEP) grant, at an estimated total cost of \$70,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 733**

**A RESOLUTION ACCEPTING THE SANITARY SEWER LIFT STATION  
IMPROVEMENTS LOCATED IN THE GALAS BROTHERS SUBDIVISION IN  
THE FAIRVIEW VILLAGE SPECIFIC PLAN AREA AND AUTHORIZING THE  
CITY CLERK TO FILE A NOTICE OF COMPLETION**

WHEREAS, Del Valle Homes, a California Corporation (“DEVELOPER”), is the developer of the Galas Subdivision, also known as the Rancho Encantado Subdivision (“DEVELOPMENT”), and

WHEREAS, as a condition of DEVELOPMENT, DEVELOPER was to construct a Sanitary Sewer Lift Station (“IMPROVEMENTS”) located within the DEVELOPMENT, and

WHEREAS, the City Engineer, in a memorandum to staff, indicates that said IMPROVEMENTS, which is only one of several facilities included in the Acquisition and Shortfall Agreement (“AGREEMENT”) between the City of Modesto Community Facilities District No. 2003-1 (Fairview Village), a District created pursuant to the provision of the California Government Code Section 53311.5 et. seq. (“DISTRICT”) and the Developer, has been completed to the satisfaction of the Public Works Department, and,

WHEREAS, DEVELOPER filed with the City and/or DISTRICT adequate improvement securities to secure faithful performance of this Agreement and to secure payment for labor and materials, and

WHEREAS, DEVELOPER has filed several warranty bonds to guarantee the IMPROVEMENTS in the DEVELOPMENT, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept said IMPROVEMENTS in said development as complete, and authorize the City Clerk to record a Notice of Completion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Sanitary Sewer Lift Station improvements, which include a meandering walkway, landscaping & irrigation, lighting and signage per the AGREEMENT, are hereby accepted and the City Clerk is hereby authorized to record a Notice of Completion for said improvements.

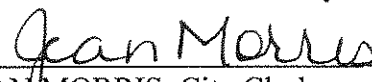

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of November 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 734**

**A RESOLUTION AMENDING THE FY 06-07 CIP BUDGET BY DECREASING THE APPROPRIATION FOR THE FAIRVIEW VILLAGE BIKE TRAIL PROJECT (X728) BY \$132,717 AND CLOSING THE PROJECT, RETURNING THOSE FUNDS TO RESERVES, THEN REAPPROPRIATING \$118,775 FROM FAIRVIEW VILLAGE CFD RESERVE FUNDS AND INCREASING THE APPROPRIATION TO FAIRVIEW VILLAGE WASTEWATER PROJECT (X726) BY \$118,775 TO FULLY FUND THE FAIRVIEW VILLAGE WASTEWATER PROJECT**

WHEREAS, on October 3, 2006, Council Resolution No. 2006-637 adopted the 2006/2007 Capital Improvement Program, and

WHEREAS, the 2006/2007 Capital Improvement Program included a project titled "Fairview Village Wastewater Project (X726)," and

WHEREAS, construction of a sanitary sewer lift station is included in the "Fairview Village Wastewater Project," and

WHEREAS, concurrent with this resolution, by Resolution No. 2006-733 Council accepted the sanitary sewer lift station, which is the main infrastructure included in the "Fairview Village Wastewater Project (X726)" for the Galas Brothers Subdivision located within Fairview Village Specific Plan Area, and

WHEREAS, the budgeted amount for design, construction, contingency and construction administration for the Fairview Village Wastewater Project was \$383,000, of which \$45,683 has been expended to date, leaving \$337,317 available for the sanitary sewer lift station project constructed by Del Valle, and

WHEREAS, Del Valle Homes entered into an Acquisition and Shortfall Agreement with the Fairview Village CFD for reimbursement of costs associated with the

construction of the sanitary sewer lift station (X726), the bike trail (X728) and other infrastructure, and

WHEREAS, Del Valle Homes expended \$430,133 for the construction of the sanitary sewer lift station, and \$367,282 for the construction of the bike trail project, and

WHEREAS, Del Valle Homes completed the Bike Trail Project (X728) for \$367,282 for which they have been reimbursed, and

WHEREAS, the Bike Trail Project (X728) had a budget of \$500,000, leaving \$132,717 remaining in the Bike Trail Project, and

WHEREAS, Del Valle Homes has requested that money remaining in the Bike Trail Project be moved to the Wastewater Project so that they can be reimbursed in full for the costs associated with the pump station project, and

WHEREAS, staff recommends reducing the Fairview Village Bike Trail Project (X728) by \$132,717 and closing the project, and moving the \$132,717 back to the Fairview Village Reserve Account and appropriating the \$118,775 to the Fairview Village Wastewater Project (X726) to provide adequate funding to reimburse Del Valle Homes for their costs associated with the construction of the sanitary sewer lift station,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves amending the FY 06-07 CIP budget by decreasing the appropriation for the Fairview Village Bike Trail Project (X728) by \$132,717 and closing the project, returning those funds to reserves, then reappropriating \$118,775 from Fairview Village CFD reserve funds and increasing the appropriation to Fairview Village Wastewater Project (X726) by \$118,775 to fully fund the Fairview Village Wastewater Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 736**

**A RESOLUTION REJECTING THE SOLE BID FOR THE PROJECT TITLED  
“REMODEL OF EXISTING WATER QUALITY CONTROL LABORATORY”  
AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A  
FUTURE DATE.**

WHEREAS, the sole bid received for “Remodel of Existing Water Quality Control Laboratory” was opened at 11:00 a.m. on October 31, 2006, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, a sole bid by The McDonald Glenn Company was 190.0% above the engineer’s estimate, and

WHEREAS, the sole bid for the project exceeded the engineer’s estimate by an excessive amount, and

WHEREAS, the plans included the remodel of the existing laboratory at the City of Modesto Primary Wastewater Treatment Facility, and

WHEREAS, during the bid evaluation process staff determined that there was insufficient bid competition. Therefore, staff recommends the bid be rejected and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the sole bid received for “Remodel of Existing Water Quality Control Laboratory,” opened in the office of the City Clerk on October 31, 2006, is hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION APPROVING THE FINAL MAP OF THOMAS  
TERRACE IN THE VILLAGE ONE SPECIFIC PLAN AREA OF  
THE CITY OF MODESTO AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH  
PPC, SUNRISE, LLC, A CALIFORNIA LIMITED LIABILITY  
COMPANY**

WHEREAS, PPC,SUNRISE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY (“Subdivider”), is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 9.66 acres, known as THOMAS TERRACE (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, PPC, SUNRISE, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY is proposing to develop a subdivision, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 23rd day of January, 2006, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for

public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid and after Subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with PPC, Sunrise, LLC, A California Limited Liability Company as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006 – 740**

**A RESOLUTION APPROVING AN AMENDMENT TO THE SERVICE AGREEMENT (SA 06040) WITH STANISLAUS COUNTY FOR INMATE SECURITY SERVICES IN THE AMOUNT OF \$48,500 TO EXTEND THE EXPIRATION DATE FROM DECEMBER 31, 2006 THROUGH JUNE 30, 2007, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE SERVICE AGREEMENT.**

WHEREAS, Council, by Resolution 2001-114, approved an agreement with Stanislaus County for inmate security services, and

WHEREAS, the term of this agreement was from March 1, 2006 through December 31, 2006, and

WHEREAS, the agreement provides two deputies and approximately 20 inmates to the City on a daily basis assisting the tree-pruning program, performing after-game cleanup of John Thurman Field, assisting the Police Department with homeless camp cleanups, and performing litter cleanup in the City's right-of-way, and

WHEREAS, the City desires to continue the use of inmate labor to perform certain tasks and for the Stanislaus County Sheriff to maintain security of the inmates while assigned, and

WHEREAS, an amendment to align the current expiration date of the current agreement is being presented as a separate item to Council, and

WHEREAS, funds are budgeted in Account 0100-480-4712-0235 of the Forestry Division in the amount of \$24,250 and Account 0100-350-3522-0235 in the Parks Services Division in the amount of \$24,250, for a total amount of \$48,500, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Amendment to the Service Agreement (SA 06040) with Stanislaus County for inmate security services in the amount of \$48,500 to extend the expiration date from December 31, 2006 through June 30, 2007.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 742**

**A RESOLUTION DENYING THE APPEAL BY BRIAN VELTHOEN  
ON BEHALF OF QUEST DIAGNOSTICS FOR CAPITAL  
FACILITIES FEES PAID IN PROTEST FOR 1008 SIXTH STREET,  
SUITE C**

WHEREAS, on January 24, 2006, the Modesto City Council adopted Resolution No. 2006-061 updating its Capital Facilities Fee (CFF) program for the establishment and collection of fees for future capital facilities, and

WHEREAS Resolution No. 2006-061 ("CFF Policies and Procedures) defines the categories of uses and rates on which the fees will be collected, and

WHEREAS, the categories identified in the CFF program include a broad range of uses based on square footage to ensure that each use pays its share of the CFF based on the anticipated impacts of the development, and

WHEREAS, per the City's CFF Policies and Procedures, it is policy for Building Inspection to calculate the fee based on the type of permit being issued and the definition of the fee that relates to that type of permit, and

WHEREAS, in 2003, the builder paid the general office rate for CFF for a 4,138 sf building located at 1008 Sixth Street, and

WHEREAS, on August 15, 2006, Velthoen and Associates on behalf of Quest Diagnostics paid in protest the incremental difference between the general and medical office CFF rate for construction of 1,267 of medical office space within building located at 1008 Sixth Street, Suite C, and

WHEREAS, on September 26, 2006, Velthoen and Associates was notified by letter from Amy Gedney, Infrastructure Financing Program Administrative Officer, that the

CFF charged for medical office is more than for general office and the difference must be collected when tenant improvements are made, and

WHEREAS, on October 26, 2006, a letter from Brian Velthoen was received on behalf of Quest Diagnostics regarding an appeal of the decision of the Infrastructure Financing Program for the CFF charged on the building located at 1008 Sixth Street, Suite C, and

WHEREAS, said appeal was set for a public hearing on November 14, 2006, at 5:30 p.m. before the City Council at its regular meeting place in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, but was continued for hearing to November 28, 2006, at the request of Velthoen and Associates, and

WHEREAS, on November 28, 2008, said duly noticed public hearing was held and evidence, both oral and documentary, was received and considered,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto, that it hereby makes the following findings:

1. The City Council has reviewed Velthoen and Associates' request on behalf of Quest Diagnostics and has determined that the incremental difference in the CFF rate between medical office and general office is appropriate.

2. Said appeal is denied as recommended because this use is deemed medical office and not general office and the incremental difference based on associated impacts is appropriate as outlined in the CFF program.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the appeal of Velthoen and Associates on behalf of Quest Diagnostics regarding modification

of Capital Facilities Fees for medical office is hereby denied and the decision of the Infrastructure Financing Program is hereby affirmed for the reasons set forth above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of November, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 743**

**A RESOLUTION ACCEPTING THE AMENDED OAKDALE PARK FINAL  
SUBDIVISION MAP, IN THE VILLAGE ONE SPECIFIC PLAN AREA**

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability Company, are the subdividers of OAKDALE PARK SUDIVISION (“SUBDIVISION”), and

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability Company, has filed a request to amend the final subdivision map of the Oakdale Park Subdivision to revise the lot lines common to Lot “A” and Lots 6 through 10 inclusive and resulted in the revision of the depth and square footage of all the referenced lots, and

WHEREAS, MMC4-4.1002 requires that the City Council make the following findings prior to approving an amended map:

- (a) There are changes in circumstances which make any or all of the conditions of such a map no longer appropriate or necessary; and
  - (b) The modifications do not impose any additional burden on the present fee owner of the property; and
  - (c) The modifications do not alter any right, title, or interest in the real property reflected on the recorded map, and
  - (d) The map as modified conforms to the provisions of Government Code Section 66474.
- Any such modifications for a parcel map or final map shall be set for public hearing before the City Council as provided for in Government Code Section 66451.3. The public hearing shall be confined to consideration of and action on the proposed modifications. (Added by Ord. 3120-C.S., 1, effective 4-1-99), and

WHEREAS, staff recommends that Council make the required findings based on MMC4-4.1002:

(a) There are changes in circumstances which make any or all of the conditions of such a map no longer appropriate or necessary. Due to the fact that the wall was not constructed according to the approved Final Map, the Amended Map is required to show proper ownership of the affected lots.

(b) The modifications do not impose any additional burden on the present fee owner of the property. The Amended Final Map does not impose any additional burden on the present fee owner of the property. None of the lots have been sold and the shift in the constructed wall does not impose a major change in lot square footage which are designed to city standards.

(c) The modifications do not alter any right, title, or interest in the real property reflected on the recorded map. All of the lots are owned by the same owner as on the original recorded map. The modifications do not alter any right, title, or interest in the real property reflected on the recorded map.

(d) The map as modified conforms to the provisions of Government Code Section 66474. Any such modification for a parcel map or final map shall be set for public hearing before the City Council as provided for in government Code Section 66451.3. The public hearing shall be confined to consideration of and action of the proposed modifications. (Added by Ord. 3120-C.S., 1, effective 4-1-99). Based on the findings by the City Engineer, the Amended Map conforms to the provisions of Government Code Sections as noted.

WHEREAS, a public hearing was held by the City Council at 5:30 p.m. on November 28, 2006, in Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept and approve the map for said SUBDIVISION, and authorize the City Clerk to record said amended Subdivision,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that pursuant to MMC 4-4.1005,

1. The City Council hereby makes the following findings.
2. The Amended Oakdale Park Final Subdivision Map is hereby accepted and the City Clerk is hereby authorized to record the amended SUBDIVISION.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of November, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION ACCEPTING PUBLIC IMPROVEMENTS IN THE OAKDALE  
PARK SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AND  
AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF COMPLETION  
AND AUTHORIZING RELEASE OF BONDS**

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability Company, is the subdivider of OAKDALE PARK SUDIVISION (“SUBDIVISION”), and

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability Company, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of \$243,507.00 and \$121,753.50, respectively, and

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability Company, has filed a warranty bond in the amount of \$24,350.70 to guarantee improvements in the SUBDIVISION, and

WHEREAS, the City Engineer, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept the improvements in said SUBDIVISION as complete, and authorize the City Clerk to record a Notice of Completion and release the bonds upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The public improvements in the SUBDIVISION are hereby accepted and the City Clerk is hereby authorized to record a Notice of Completion for the SUBDIVISION improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of \$243,507.00 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of \$121,753.50 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty bond to guarantee the SUBDIVISION improvements in the amount of 24,350.70 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of November, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 746**

**A RESOLUTION DIRECTING STAFF TO BEGIN THE PROCESS  
TO SEEK DESIGNATION OF A MANDATORY TARGET AREA  
WITHIN THE FEDERALLY-DESIGNATED WEED AND SEED  
AREA.**

WHEREAS, on June 1, 2005, the City of Modesto (City) and the County of Stanislaus (County) were officially, and jointly, designated as an official U.S. Department of Justice Weed and Seed Area, and

WHEREAS, the City and County Weed and Seed designated area is from State Route 99 Southwest on H Street/Paradise Road to Carpenter Road; from Carpenter Road south to the Tuolumne River, east to State Route 99, and State Route 99 north to H Street, and

WHEREAS, the Weed and Seed strategy is a community based multi-agency approach to law enforcement, crime prevention and neighborhood restoration, and

WHEREAS, one of the important elements of neighborhood restoration is the preservation of existing housing stock through a housing rehabilitation program, and

WHEREAS, since 1976, the City has renovated over 2000 homes through the Housing Maintenance Program, primarily through the use of mandatory target areas, and

WHEREAS, staff is recommending that a portion of the Weed and Seed area be designated as a mandatory target area since designation requires a concentrated area of housing units in need of rehabilitation, and

WHEREAS, the specific area recommended for designation as a mandatory target area is highlighted on **Exhibit "A"** attached hereto and incorporated herein by reference, and

WHEREAS, this area is located in Census Tract 22, in which 73.5% of the households are less than 80% of Median Area Income, and

WHEREAS, boundaries recommended for the Mandatory Target Area include the east side of Roselawn Avenue continuing to Colorado Street, which includes 21 parcels with 75 housing units, and

WHEREAS, the Citizens Housing and Community Development Committee met on November 9, 2006, and supported staff's recommendation to begin the process to seek designation of a Mandatory Target Area within the Federally-designated Weed and Seed Area,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby directs staff to begin the process to seek designation of a Mandatory Target Area within the Federally-designated Weed and Seed Area including assessing the housing stock in the designated area, conducting public meetings to inform citizens and homeowners of the program and returning to the City Council with a further recommendation regarding the Mandatory Target Area designation.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**Proposed Target Area Within The Weed And Seed Area**

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 747**

**A RESOLUTION DIRECTING STAFF TO PREPARE AND FILE A  
HUD APPLICATION SEEKING A NEIGHBORHOOD  
REVITALIZATION STRATEGY (NRS) DESIGNATION IN THE  
AIRPORT NEIGHBORHOOD AND AMENDING THE  
CONSOLIDATION PLAN TO REFLECT THE NRS.**

WHEREAS, as a HUD designated entitlement area, the City of Modesto receives an annual allocation of Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) funding, and

WHEREAS, funds received from the CDBG and HOME programs must be used to revitalize low-income neighborhoods, assist disadvantaged populations by providing adequate public facilities and services, generate affordable housing opportunities, and implement effective strategies to significantly reduce or end homelessness, and

WHEREAS, in recent years HUD's Office of Community Planning and Development (CPD) has stressed a coordinated marshalling of resources to facilitate local communities' ability to engage in comprehensive community revitalization, and

WHEREAS, to that end, HUD has determined criteria for approving an Entitlement Community's Neighborhood Revitalization Strategy (NRS) that are comprised of: a defined and recognized neighborhood boundary; a neighborhood that is primarily residential and contains an "upper quartile percentage" exceeding 51% of low and moderate income households; an explanation of consultation with neighborhood stakeholders; an assessment of the economic conditions of the neighborhood; a neighborhood-based economic development strategy; and identified performance measures from HUD Activities linked to resources available in the jurisdiction, and

WHEREAS, City staff has identified an area in the Airport Neighborhood that meets these criteria, and would like to submit an application for a NRS Designation to the Department of Housing and Urban Development, and

WHEREAS, the Airport Neighborhood area recommended for designation consists of 386 parcels of land and approximately 461 housing units, located in Census Tract 21.00 Block 3 with seventy-six percent of the households in the area reported as low-income, and

WHEREAS, based on the information collected, staff is recommending that the City file an application for Neighborhood Revitalization Strategy designation in the Airport Neighborhood including, but not limited to, the following components: Housing Rehabilitation Programs implemented in phased approach with consideration of a mandatory target area; Economic Development Technical Assistance to businesses that are currently located in or are new to the Airport Neighborhood; Supportive Public Services funded through CDBG funding targeted in upcoming entitlements; and supporting a small community room to facilitate neighborhood based services, and

WHEREAS, the Citizens Housing and Economic Development Committee met on November 9, 2006 and supported the recommendation for the City Council to direct staff to prepare and file a HUD application seeking a Neighborhood Revitalization Strategy (NRS) Designation in the Airport Neighborhood and to amend the Consolidation Plan to reflect the NRS,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby directs staff to prepare and file a HUD application

seeking a Neighborhood Revitalization Strategy (NRS) Designation in the Airport Neighborhood and to amend the Consolidation Plan to reflect the NRS.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Olsen was upon roll call carried and the resolution adopted by the following vote:

Airport Neighborhood Proposed NRS Areas 1-5

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 748**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO PURCHASE 81 MOBILE DIGITAL COMPUTERS (MDCs) BY ACCESSING THE TERMS (PIGGYBACKING) OF A COMPETITIVELY BID SACRAMENTO POLICE DEPARTMENT CONTRACT WITH RAYMAR INFORMATION SOLUTIONS OF SACRAMENTO, CA, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.**

WHEREAS, the Modesto Police Department utilizes Mobile Data Computers (MDCs) in their vehicles that were purchased in 2000, and

WHEREAS, the units moved past their service-life and warranty in the year 2003, and have increasingly fallen behind the technology-curve and upgradeability, and

WHEREAS, this limits the Police Department's ability to integrate modern technologies into the field such as license plate readers, in-car video and full deployment of digital fingerprint readers, and

WHEREAS, this technology will provide officers with the most current information regarding crime activity, which will allow them to be more proactive in their problem solving strategies, and

WHEREAS, the Sacramento Police Department has an existing competitively bid contract for the ITRONIX units, contract IFB B062142012, awarded to Raymar out off Sacramento, who has provided the City a letter stating they will honor Sacramento Police Department pricing, and

WHEREAS, the City has also received correspondence from the manufacturer stating Raymar is the only vendor that can sell at the Sacramento pricing, and

WHEREAS, there are no Modesto resellers for their product, and

WHEREAS, at its meeting of November 6, 2006, the Safety and Communities Committee recommended approval to the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to purchase 81 Mobile Digital Computers (MDCs) by accessing the terms (piggybacking) of a competitively bid Sacramento Police Department contract with Raymar Information Solutions of Sacramento, CA.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 749**

**A RESOLUTION APPROVING A LOAN FROM THE FLEET FUND TO THE  
GENERAL FUND FOR THE PURCHASE OF 81 MOBILE DIGITAL  
COMPUTERS WITH REPAYMENT OF LOAN OVER THE NEXT FOUR AND  
ONE-HALF YEARS.**

WHEREAS, the Modesto Police Department utilizes Mobile Data  
Computers (MDCs) in their vehicles that were purchased in 2000, and

WHEREAS, the units moved past their service-life and warranty in the  
year 2003, and have increasingly fallen behind the technology-curve and upgradeability,  
and

WHEREAS, this limits the Police Department's ability to integrate modern  
technologies into the field such as license plate readers, in-car video and full deployment  
of digital fingerprint readers, and

WHEREAS, this technology will provide officers with the most current  
information regarding crime activity, which will allow them to be more proactive in their  
problem solving strategies, and

WHEREAS, the Sacramento Police Department has an existing  
competitively bid contract for the ITRONIX units, contact IFB B062142012, awarded to  
Raymar out off Sacramento, who has provided the City a letter stating they will honor  
Sacramento Police Department pricing, and

WHEREAS, the City has also received correspondence from the  
manufacturer statubg Raymar is the only vendor that can sell at the Sacramento pricing,  
and

WHEREAS, there are no Modesto resellers for their product, and

WHEREAS, at its meeting of November 6, 2006, the Safety and Communities Committee recommended approval to City Council, and

WHEREAS, in accordance with MMC Section 8-3.204(d), the Purchasing Manager, by accessing the terms (Piggybacking) of the competitively bid Sacramento Police Department contract will purchase 81 Mobile Digital Computers, thereby insuring that the City will be paying the lowest possible cost, commensurate with the desired quality, and also saving the cost of a formal bid process, and

WHEREAS, the Fleet Fund will purchase the Mobile Data Computers at this time and will increase its equipment replacement charges to the Police Department starting in Fiscal Year 2007-2008, recovering the cost, with interest, over a period of four and one-half years,

WHEREAS, the cost of on-going replacement of these units, every three years, has been estimated to be \$182,313.00, and

WHEREAS, this amount coupled with the payback to the Fleet Fund, will add approximately \$299,514 to the annual fleet charges billed to the Police Department for the years between FY 2007-2008 and FY 2010-2011,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the FY 2006/2007 Operating Budget is hereby amended as indicated below:

Expense: 7210-800-8000-8003 (\$434,079)

Expense: 7210-480-5814-5\_\_\_ \$434,079

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

RESOLUTION NO. 2006 - 750**

**A RESOLUTION APROVING AN AGREEMENT WITH STANISLAUS COUNTY, BEHAVIORAL HEALTH AND RECOVERY SERVICES (BHRS), IN THE AMOUNT OF \$41,500, TO PROVIDE PARTY PATROL POLICE OFFICERS AND CONDUCT JUVENILE ALCOHOL EDUCATION, PREVENTION AND INTERVENTION PROGRAMS FOR THE CITY OF MODESTO AND STANISLAUS COUNTY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT.**

WHEREAS, Stanislaus County, Behavioral Health and Recovery Services (BHRS) requires Party Patrol Police Officers to contact, identify and hold accountable minors drinking illegally at home parties and in violation of the law, and

WHEREAS, the Modesto Police Department has developed a first-time offender juvenile alcohol education, prevention and intervention program, and,

WHEREAS, minors contacted by the Party Patrol will be cited and required to attend diversion classes with their parents, and

WHEREAS, the goal of the class is to make minors and parents aware of the dangers related to minors consuming alcohol, and

WHEREAS, the Modesto Police Department has seen a reduction in alcohol related injuries and deaths related to juveniles and alcohol since Party Patrol was established, and

WHEREAS, The Modesto Police Department will also provide a marketing campaign, including placing ads in newspapers, yearbooks as well as produce posters to educate youth about harmful effects of alcohol, and

WHEREAS, the Modesto Police Department shall prepare reports on enforcement actions taken related to juvenile alcohol consumption offenses; and

WHEREAS, the term of this agreement is December 1, 2006 through September 30, 2007, and

WHEREAS, the City shall be compensated \$41,500 for the services of Party Patrol Police Officers and the juvenile alcohol education, prevention and intervention program, and

WHEREAS, there is no fiscal impact to the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Stanislaus County, Behavioral Health and Recovery Services (BHRS) in the amount of \$41,500 for the provision of Party Patrol Police Officers and the juvenile alcohol education, prevention and intervention program for the City of Modesto and Stanislaus County.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreements.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 752**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE “MODESTO POLICE DEPARTMENT TRAINING CENTER BLOCK WALL EXTENSION”, ACCEPTING THE BID AND APPROVING A \$19,849.50 CONTRACT WITH MCPHEE MASONRY, INC., FOR THE PROJECT TITLED, “MODESTO POLICE DEPARTMENT TRAINING CENTER BLOCK WALL EXTENSION,” AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, plans and specifications have been prepared for the “Modesto Police Department Training Center Block Wall Extension” and City staff recommends approval to the City Council, and

WHEREAS, the bids received for “Modesto Police Department Training Center Block Wall Extension” were opened at 11:00 a.m. on November 14, 2006, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$19,849.50 received from McPhee Masonry, Inc., be accepted as the lowest responsible bid and the contract be awarded to McPhee Masonry, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the “Modesto Police Department Training Center Block Wall Extension.”

BE IT FURTHER RESOLVED that the Council hereby accepts the bid of \$19,849.50, and hereby awards McPhee Masonry, Inc., the contract titled “Modesto Police Department Training Center Block Wall Extension.”

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 753**

**A RESOLUTION APPROVING RESCISSION OF PURCHASE AGREEMENT DATED AUGUST 2, 2006, BETWEEN THE CITY OF MODESTO AND ALAN G. MANGINI, SUCCESSOR TRUSTEE OF THE DECIA FAMILY TRUST DATED 3/26/91, AND AUTHORIZING THE CITY MANAGER TO EXECUTE RESCISSION AGREEMENT RESCINDING SAID PURCHASE AGREEMENT DATED AUGUST 2, 2006**

WHEREAS, on April 6, 2004, by Resolution No. 2004-176 the City Council authorized staff to proceed with the expansion of City's water distribution system, and

WHEREAS, as part of the expansion, aboveground water storage tanks must be constructed in each quadrant of the City to support increased water flow, and

WHEREAS, a minimum of five (5) acres of land is necessary to accommodate each tank and appurtenances for operation, along with an access utility easement, and

WHEREAS, staff identified a parcel owned by Alan Mangini, Successor Trustee Of The Decia Family Trust dated 3/26/91 (APN: 007-038-015) of sufficient size and optimum location for the water tank project and said property was appraised to determine fair market value, and

WHEREAS, on August 2, 2006, by Resolution No. 2006-477 the City Council directed staff to enter into negotiations with Alan Mangini to purchase a portion of his real property (hereafter the "subject property") for the Water Downstream Improvements: Tier Two West Tank Project, including an access utility easement, and

WHEREAS, staff notified the California Department of Conservation and the County of Stanislaus of City's interest in acquisition of the Mangini property and the reasons justifying said acquisition, and

WHEREAS, because of Williamson Act issues, staff sought alternate sites and identified four possible alternate parcels. Each of the four alternate sites were evaluated and staff concluded that each of the four alternate sites were inferior and did not satisfy City's needs to locate, construct and operate the water storage tank, and

WHEREAS, on August 2, 2006, by Resolution No. 2006-477 the City Council made special findings as required by California Government Code Section 51292 relating to the Williamson Act, specifically that (1) the acquisition of the 5-acre portion of the Mangini parcel and the access easement was not based primarily on consideration of the lower cost of acquiring land in an agricultural preserve, (2) that none of the alternate parcels considered were reasonably feasible to locate, construct and operate the water tank, and (3) that acquisition of any of the alternate sites would likely cause significant private injury, and

WHEREAS, on August 2, 2006, by Resolution No. 2006-577 the City Council approved an agreement with Alan Mangini for acquisition of the property sending the acquisition into escrow, and

WHEREAS, on or about August 2, 2006, the City of Modesto and Alan Mangini, Successor Trustee Of The Decia Family Trust dated 3/26/91 entered into a Purchase Agreement for sale/purchase of 5-acre portion of the Mangini parcel and access and utility easement, and

WHEREAS, the City of Modesto Survey Crew staked the proposed property and Alan Mangini noticed difficulty in harvesting a small portion of his agricultural crop unless a minor adjustment in the proposed Lot Line was made, and

WHEREAS, a similar minor adjustment in the Lot Line is needed to provide vehicular access to the Modesto Irrigation District Lateral No. 5, and

WHEREAS, the Lot Lines were adjusted to accommodate both requests, and

WHEREAS, the boundary lines of the 5-acre parcel were slightly modified so that the north boundary line moved 6.5 feet and the west boundary line moved 10.1 feet. The total square footage of the fee acquisition remains the same as that of the original purchase of August 2, 2006, and

WHEREAS, the subject property needs to be acquired for this Water Tank project, and

WHEREAS, it is necessary to rescind the original Purchase Agreement dated August 2, 2006 and to execute a new Purchase Agreement for acquisition of the subject property as modified by the lot line adjustments,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves rescission of the Purchase Agreement dated August 2, 2006, between Alan Mangini, Successor Trustee Of The Decia Family Trust dated 3/26/91 and the City of Modesto and that the City Manager is hereby authorized to execute Rescission Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of December, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, the Lot Lines were adjusted to accommodate both requests, and

WHEREAS, the boundary lines of the 5-acre parcel were slightly modified so that the north boundary line moved 6.5 feet and the west boundary line moved 10.1 feet. The total square footage of the fee acquisition remains the same as that of the original purchase of August 2, 2006, and

WHEREAS, the subject property needs to be acquired for this Water Tank project, and

WHEREAS, staff has reviewed the subject property as it relates to the Williamson Act (Government Code Section 51200 et seq.) and recommends making certain findings pursuant to Government Code Section 51292 relating to the Williamson Act Contract (“preserve”) and to other relevant codes as follows:

- a. Acquisition of the subject property for the water tank site location is not based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve.
- b. There is no other land within or outside the preserve on which it is reasonably feasible to locate the public improvement.
- c. The proposed project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.

and

WHEREAS, an agreement is needed for the acquisition of the subject property, and

WHEREAS, a Phase I environmental review has been completed on this proposed property acquisition which indicates no known contamination and now Phase II review is required, and

WHEREAS, on July 12, 2005, the Council adopted Resolution No. 2005-378 certifying the Subsequent Environmental Impact Report (“SEIR”) (SCH No. 2004022013), and

WHEREAS, it has been determined that, pursuant to Sections 15168(c) and 15182 of the California Environmental Quality Act Guidelines (CEQA), this project is within the scope of the SEIR of the Modesto Regional Water Treatment Plant Phase II Expansion and the City of Modesto Downstream Improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Council hereby makes the following special findings:

- a. The subject property as the water storage tank site location is not based primarily on a consideration of the lower cost of acquiring land in an agricultural preserve.
- b. There is no other land within or outside the preserve on which it is reasonably feasible to locate the public improvements.

The proposed project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves the Purchase Agreement between the City of Modesto and Alan Mangini, Successor Trustee Of The Decia Family Trust dated 3/26/91 to purchase in fee the 5-acre portion of the parcel along MID Lateral No. 4, south of Elm Avenue and west

of Rosemore Avenue owned by Alan Mangini, Successor Trustee Of The Decia Family Trust dated 3/26/91 and a permanent access and utility easement on said parcel (APN: 007-038-015) for the Water Downstream Improvements: Tier Two West Tank Project in the amount of \$252,500.

OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN  
ESTIMATED ANNUAL COST OF \$50,000.**

WHEREAS, specialized chemical addition equipment at the Secondary Treatment Plant (STP) requires maintenance and calibration services to ensure that the correct amounts of chlorine is dispensed to effectively disinfect the effluent discharge and the correct amount of sulfur dioxide is dispensed to dechlorinate the discharge, and

WHEREAS flow meters that are used for measuring flows at the STP and for ranch irrigation also require these maintenance and calibration services, and

WHEREAS, these calibrations assure that the City meets its NPDES permit requirements for wastewater discharge to the river, and

WHEREAS, the Public Works Department desires to solicit bids for the maintenance and calibration services, and

WHEREAS, funds are budgeted and are available in 6210-480-5214-0235 for these maintenance and calibration services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Manager to issue formal request for bids for maintenance and calibration services for specialized wastewater equipment for a two (2) year agreement, with three (3) one-year extension options at the sole discretion of the City, for an estimated annual costs of \$50,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen,  
Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006-758**

**A RESOLUTION APPROVING SPECIFIC PLAN AMENDMENT NO. 3 TO THE NORTH BEYER PARK SPECIFIC PLAN TO MODIFY THE POLICIES AND STANDARDS, IMPLEMENTATION AND FINANCING AND PUBLIC FACILITIES CHAPTERS FOR DEVELOPMENT OF A SMALL-LOT SUBDIVISION FOR SINGLE-FAMILY HOMES, WITH A MINIMUM OF TWENTY-TWO COVENANT-RESTRICTED AFFORDABLE HOUSING UNITS, ON PROPERTY LOCATED ON THE WEST SIDE OF OAKDALE ROAD, BETWEEN MABLE AND CLARATINA AVENUES (FLORSHEIM)**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on November 26, 1996, the City Council by Resolution No. 96-641, adopted the North Beyer Park Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, the City Council on November 4, 1997, by Resolution No. 97-628, adopted Specific Plan Amendment No. 1 to the North Beyer Park Specific Plan to add language to allow changes in service providers, and

WHEREAS, the City Council on February 25, 2003, by Resolution No. 2003-102, adopted Specific Plan Amendment No. 2 to the Beyer Park Specific Plan to Expand the Plan Area to Include Approximately 20 Acres at the Northeast Corner of Coffee Road and Claratina Expressway and Specify Development as a Church Site, and

WHEREAS, Florsheim Land Company has filed an application to amend the North Beyer Park Specific Plan to modify the policies and standards, implementation and

financing and public facilities chapters to allow development of a small-lot subdivision for single-family homes, including twenty-two affordable housing units covenant-restricted to moderate income households, on property located on the west side of Oakdale Road, between Mable and Claratina Avenues, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin policy, and

WHEREAS, on November 20, 2006, at 7:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed Village One Specific Plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2006-69, recommended to the City Council approval of an amendment to the North Beyer Park Specific Plan to modify the policies and standards, implementation and financing and public facilities chapters to allow development of a small-lot subdivision for single-family homes, including twenty-two affordable housing units covenant-restricted to moderate income households, on property located on the west side of Oakdale Road, between Mable and Claratina Avenues, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin policy, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing on December 5, 2006, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, after said public hearing the Council found and determined that the

proposed amendment to the Specific Plan should be approved, subject to the addition of an express requirement mandating development of the proposed twenty-two units of affordable housing, covenant-restricted to moderate-income households.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The proposed Specific Plan Amendment is consistent with the Modesto Urban Area General Plan and will not result in any substantive change to the North Beyer Park Specific Plan. The proposed amendment is consistent with the Residential (R) and Mixed Use (MU) land use designations for the site in both type and intensity of development.
2. The development of twenty-two affordable housing units covenant-restricted to moderate-income households furthers the Housing Element Policy calling for the support of housing for all income groups.
3. The proposed amendment to require all residential development to be served by dual-use basins is consistent with and furthers the Dual-Use Basin Policies of the General Plan.
4. The proposed amendment to require annexation of all future development to the new CFD is consistent with the General Plan Policy calling for the cost of public infrastructure to serve new development to be financed from revenue attributable to that development.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the North Beyer Park Specific Plan is hereby amended to modify the policies and standards, implementation and financing and public facilities chapters to allow development of a small-lot subdivision for single-family homes, with a minimum of twenty-two affordable housing units covenant-restricted to moderate income households, on property located on the west side of Oakdale Road, between Mable and Claratina Avenues, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin policy. A copy of Amendment No. 3 to the North Beyer Specific Plan is attached hereto as **Exhibit "A"**, and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the North Beyer Park Specific Plan to the Board of Supervisors of the County of Stanislaus.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this Specific Plan Amendment (File No. P-SPA-06-001). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen,  
Mayor Ridenour

## Chapter 2. Development Policies and Standards

### A. LAND USE (SEE FIGURE 2)

#### 1. General Plan Policies

North Beyer Park will be developed in compliance with applicable City General Plan community development, CPD, and related policies. Since the Plan Area is the remaining undeveloped portion of an existing developed neighborhood, land use policies relative to the development of existing neighborhoods apply. City General Plan policies regarding land uses implemented through the Specific Plan are: Overall land use policies based on the City's Zoning Code, Title X of the Modesto Municipal Code (Section III-C(1)), "Neighborhood Plan Prototype" Policies (Section III-C(2)), and the North Beyer Park Specific Plan. City General Plan policies for providing community services and facilities, maintaining public safety, and managing environmental and open space resources are included in subsequent chapters of this Specific Plan.

#### 2. The Specific Plan Overlay Zone

The purpose of the SP-O Zone is to permit development within the North Beyer Specific Plan area under Title X of the Modesto Municipal Code and any exceptions as defined in the Specific Plan.

The City Zoning Map, as allowed by Section 10-2.305 of the Modesto Municipal Code, "The Zoning Map", shall indicate SP-O zoning for the area of the North Beyer Specific Plan.

#### 3. Subsequent Exceptions to Development Regulations

The Planning Commission may grant exceptions to any of the development regulations listed in this chapter, by resolution, based on the following considerations:

- a. **Exception Guidelines.** Exceptions may be granted to achieve the following purposes:
  1. To encourage creative and efficient land uses.
  2. To encourage mixed or multiple-use projects.
  3. To permit variations from the density, height, and other standards in the various zones.

#### 4. Residential (R)

The R designation accommodates single-family residential uses. The maximum permitted density for an overall land use area is 7.5 dwelling units per acre. Areas designated R utilize the City's R-1 zones as its development regulations with the following exceptions: Lot sizes smaller than 5,000 square feet and senior housing facilities, as an example, are permitted as long as the 1,200 dwelling unit maximum is not exceeded. Lots less than 5,000 square feet and senior housing require approval of a Final Development Plan by the Planning Commission. The existing churches and the

Middle School site are designated R in the General Plan, which is consistent with City policy.

### **5. Mixed Use (MU)**

The mixed-use designation applies to a 10-acre site at the southeast corner of the Coffee Road and Claratina Avenue intersection and also a 14-acre site at the southwest corner of the Oakdale Road and proposed Pelandale Expressway intersection, which would allow a possible neighborhood shopping center at both locations. Professional Office uses are proposed for the area at the northeast corner of the Coffee Road and Mable Avenue intersection. A Stanislaus County approved 50,000-square-foot office building, known as "The Arbors", has been planned for this site. Also permitted in the Mixed-Use area is R-3, R-2 and R-1 uses according to the City's Zoning Code, subject to the following exceptions; Lot sizes smaller than 5,000 square feet and senior housing facilities, as an example, are permitted as long as the 1,200 dwelling unit maximum is not exceeded. Lots less than 5,000 square feet and senior housing require approval of a Final Development Plan by the Planning Commission. To develop non-residential areas as residential uses in excess of 1,200 total dwelling units requires a General Plan Amendment. For each of the two Mixed-Use / Neighborhood shopping centers, plot plan approval by the Planning Commission shall be required prior to development. Performance standards deemed necessary by the Commission shall be required at that time.

### **6. Middle School (MS)**

This designation is intended to allow development of an 18.50 acre Middle School facility for the Sylvan Union School District.

### **7. Storm Drainage (SD)**

This designation is intended to permit development for storm drainage facilities to service the project area including basins and related facilities.

### **8. Church (CH)**

The CH designation will permit the construction of a church after the acquisition of a Final Development Plan from the City of Modesto Planning Commission. The development standards shall be as set forth in the City's R-1 Zone, subject to the exceptions listed below. The only permissible use of the site will be as a church. The existing golf course/driving range is allowed as an interim use until the site is developed.

#### Exceptions to R-1 Standards

- a. Landscape setbacks shall be a minimum of 25 feet along Coffee Road and the Claratina Expressway and 15 feet along the north and east property lines.
- b. Walls shall incorporate decorative treatment including a cap treatment, pilasters and finished with materials complementary to the exterior materials on the building. Walls along the north or east property line should transition gradually from the maximum six foot (6') allowable height to 42" within the setback area.

when the North Trunk becomes available north of the site, sewer flows can be diverted to that trunk line, and the connection to the line in Coffee Road can be abandoned. Figure 3 has been updated to show these sewer lines.

## **2. Storm Drainage (See Figure 4)**

A positive storm drainage system comprised of catch basins, pipelines and storm drain basins is proposed to serve this project. The storm drain basins will be constructed as development occurs. Storm drain basins for residential development shall be constructed and maintained in accordance with the City's Dual-Use Basin Policy. The storm drain collection system and basins will be designed in accordance with the City of Modesto and Stanislaus County Standards and Specifications.

Concurrent with its redevelopment as a church, the Claratina Driving Range property will provide its own on-site storage for storm runoff, adequate to capture storm runoff to City Standards. A line will be stubbed from the site to permit for the future connection of the site to an area-wide storm drainage facility. The size and location of the facilities will be finally determined as part of the Final Development Plan process required for redevelopment of the site.

## **3. Water (See Figure 3)**

City water service will be provided to the entire plan area through connection to the existing water mains in Mable Avenue. An existing 10" water main and a 24" transmission water main, which lie in Mable Avenue, are part of a larger looped water system designed to serve the entire Plan Area. All private wells shall be abandoned and capped at the time of development, in accordance with the City of Modesto, Stanislaus County and Department of Health Services Standards.

The Claratina Driving Range property will connect to the existing City water system for the provision of water to the site. A well site will be provided to the City, subject to reimbursement consistent with current City policy, for the location of a future well. The actual location for the well site will be determined as part of the Final Development Plan process required for the redevelopment of the site. As the entire site is currently served by an existing well for irrigation, domestic and fire flow purposes, this well may remain in service for a period of time, until connection to the City system is deemed appropriate. That connection is proposed to consist of a four to six inch (4-6") line for domestic service, and an eight-inch (8") line for fire flow.

# **C. TRANSPORTATION AND CIRCULATION**

## **1. Overview**

The North Beyer Park Plan Area circulation system represents a logical extension of the City's existing arterial and collector street system as specified in the General Plan. The location and classification of streets within this extended street system is shown on Figure 5, Vehicular Circulation Diagram. The plan provides for the dedication of right-of-way (ROW) that is required within the North Beyer Park for the proposed Pelandale Expressway. Additional dedication will be necessary for the expressway, which will be required by the properties north of the Plan Area as future development occurs. The Specific Plan and Mitigated Negative Declaration preparation included a traffic analysis

## D. FINANCING

A long range financing strategy for the North Beyer Park Plan Area is provided as part of this Specific Plan, both in accordance with State Government Code Requirements and with the City of Modesto Urban Area General Plan Policy.

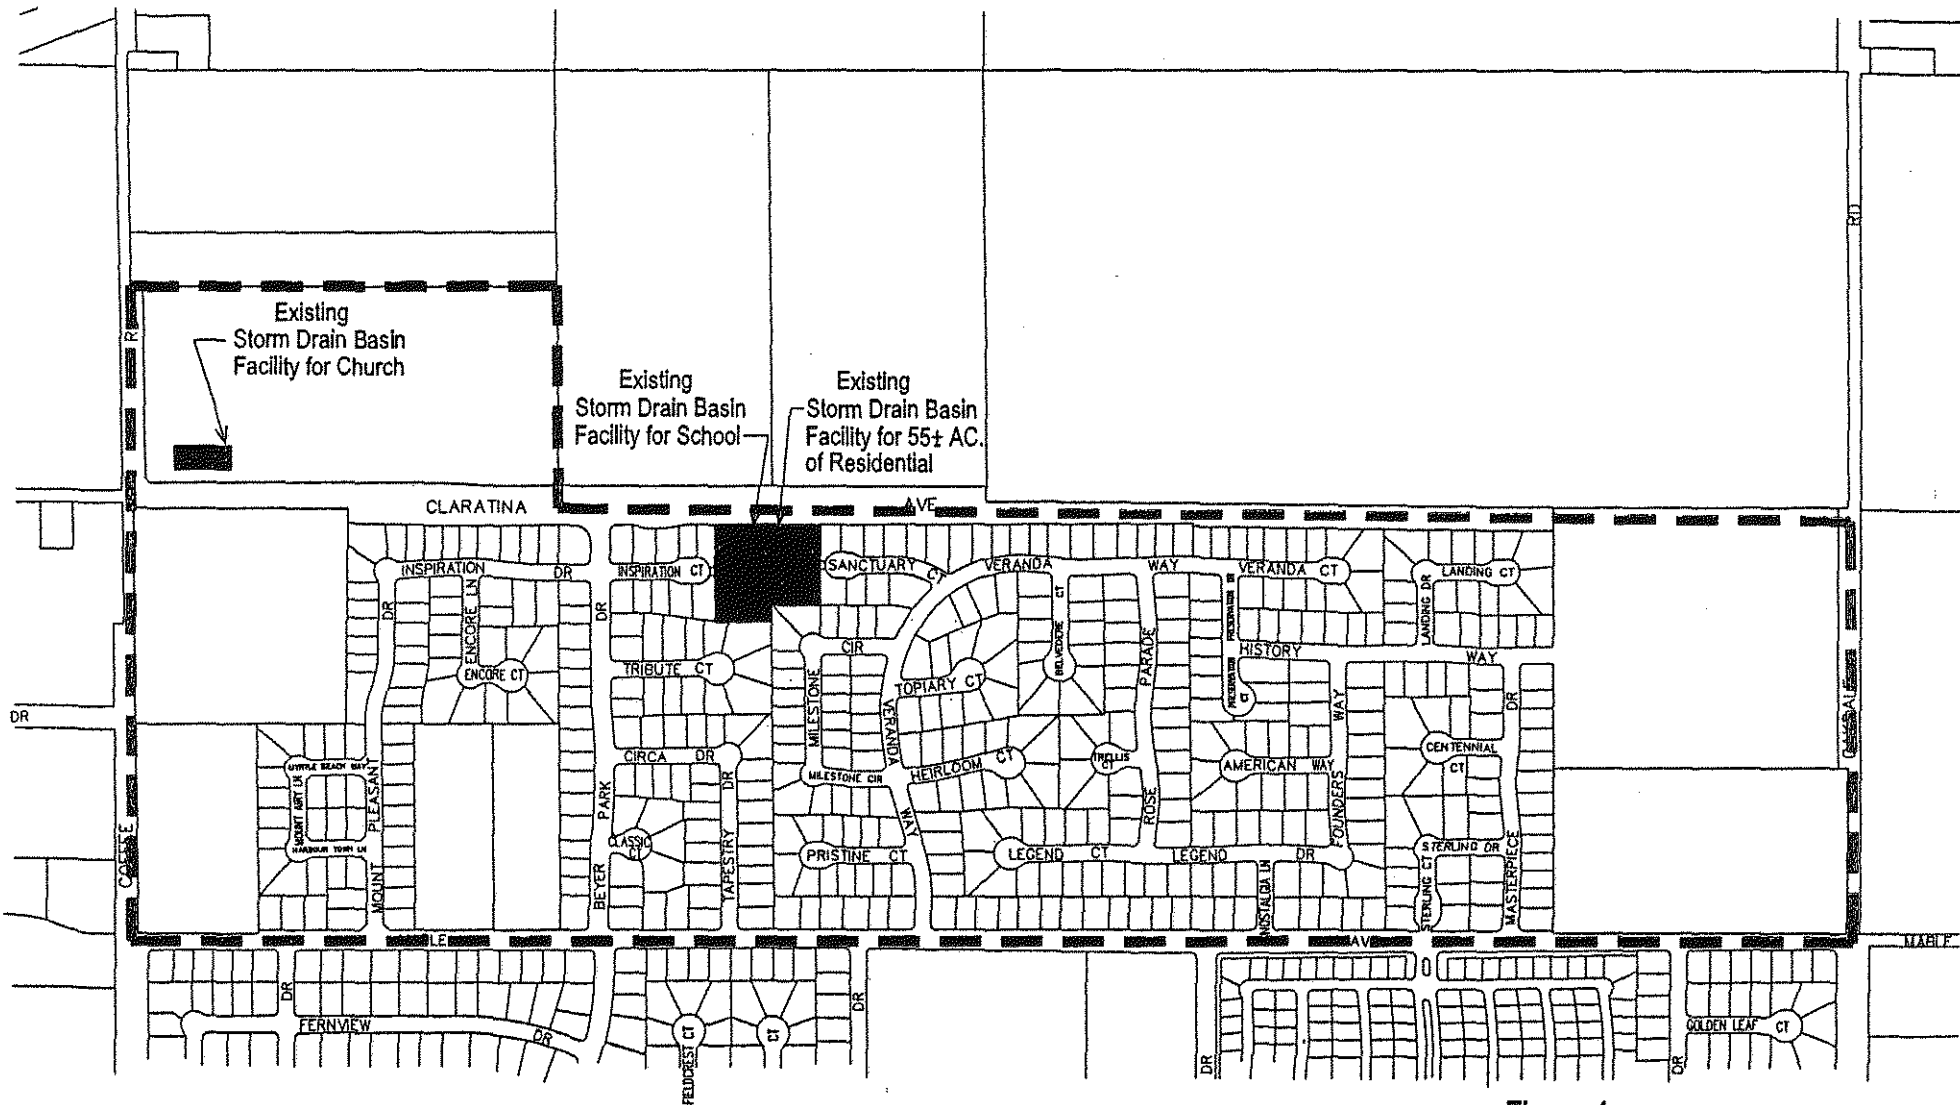

A basic concept of the Specific Plan Financing Strategy is that infrastructure improvements are to be constructed in conjunction with individual project development. These infrastructure improvements shall be sized according to identified future needs with compensation from property owners who will receive future benefit. The City of Modesto does require Specific Plans to provide for the installation and maintenance for certain public facilities as identified below (See Item E.2.b on Page 4-4) through participation in a City Mello-Roos Community Facilities District.

The City intends to create one or more Community Facilities Districts ("CFDs") or similar funding mechanism to fund construction and maintenance of backbone infrastructure, community facilities and services necessary to serve the North Beyer Park Specific Plan Area. The purpose of this funding mechanism will be to ensure the City is collecting all funds necessary to construct and maintain the backbone infrastructure, community facilities and services necessary to serve the Specific Plan Area. It is the policy of the City Council that no new development may occur without forming or annexing to the applicable CFD(s) or other capital and maintenance funding mechanisms adopted by the City at the applicable rate(s), and by paying all applicable fees and taxes.

No precise plan, final map, final development plan, building permit or other development entitlement for any vacant or undeveloped property or for any property which redevelops in the future shall be deemed consistent with the North Beyer Park Specific Plan until and unless the affected parcel is required to form or annex to North Beyer Park CFD #2 and pay all applicable CFD taxes at the rates established by North Beyer Park CFD #2.

Therefore, as a condition of approval for development of any parcel within the North Beyer Park Specific Plan area, the property owner and/or developer shall be required to take all actions necessary to impose all CFD taxes on the land as are required of parcels within North Beyer Park CFD #2, including but not limited to securing and establishing North Beyer Park CFD #2 or annexing to North Beyer Park CFD #2 if North Beyer Park CFD #2, has already been established and actually paying all CFD taxes assessed based on the tax rates established for North Beyer Park CFD #2. The property owner shall be required to secure and establish North Beyer Park CFD #2, or annex to North Beyer Park CFD #2 at the tax rates established for North Beyer Park CFD #2 prior to recordation of a final map or issuance of a building permit, whichever occurs first, for any property located within Tax Area B. Payment of the CFD tax at the rates established for North Beyer Park CFD #2 shall be required prior to issuance of a building permit. Each parcel shall also be required to pay all CFF, sewer and water fees and other development fees applicable to the property in accordance with City ordinances, resolutions, regulations, policies and procedures.

While the Claratina Driving Range property has been added to the North Beyer Specific Plan to permit its immediate development as a church, it is more connected to the Hetch Hetchy CPD relative to the provision of future Master Storm Drainage, Sewer and other infrastructure. As such, while the Claratina Driving Range site may redevelop, paying for the cost of providing the services needed for the project today, consistent with City standards and policies, the Claratina Driving Range will be required to form a Mello-Roos Community Facilities District for the Hetch Hetchy CPD (the "CFD") prior to issuance of a building permit for a church use on the Claratina Driving Range property.

-  Plan Area Boundary
-  Property Ownership Line
-  SD - Storm Drainage Basins

NOTE: ALL STORM BASINS FOR RESIDENTIAL DEVELOPMENT SHALL COMPLY WITH THE CITY'S DUAL USE BASIN POLICY.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 759**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): SPECIFIC PLAN AMENDMENT NO. 3 TO THE NORTH BEYER PARK SPECIFIC PLAN TO MODIFY THE POLICIES AND STANDARDS, IMPLEMENTATION AND FINANCING AND PUBLIC FACILITIES CHAPTERS TO ALLOW DEVELOPMENT OF A SMALL-LOT SUBDIVISION FOR SINGLE-FAMILY HOMES ON PROPERTY LOCATED ON THE WEST SIDE OF OAKDALE ROAD, BETWEEN MABLE AND CLARATINA AVENUES, TO REQUIRE FUTURE DEVELOPMENT TO ANNEX TO A NEW CFD AND TO REQUIRE FUTURE RESIDENTIAL DEVELOPMENT TO COMPLY WITH THE CITY'S DUAL-USE BASIN POLICY. (FLORSHEIM)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, an application has been filed by Florsheim Land Company for an amendment to the North Beyer Park Specific Plan to modify the policies and standards, implementation and financing and public facilities chapters to provide the ability and procedure to develop a small-lot subdivision for single family homes on property located on the west side of Oakdale Road, between Mable and Claratina Avenues, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin policy, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent project for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master

environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2006-66 ("Initial Study") reviewed the proposed amendment to the Zoning Map from Specific Plan Overlay Zone, (SP-O), to Planned Development Zone, P-D(576), to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR ("Master EIR"), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines on November 13, 2006, the City caused to be published a 20-day notice of the City's intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2006-69 recommended to the City Council approval of the application of Florsheim Land Company for an amendment to the North Beyer Park Specific Plan to modify the policies and standards, implementation and financing and public facilities chapters to allow development of a small-lot subdivision for single-family homes on property located on the west side of Oakdale Road, between Mable and Claratina Avenues, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on December 5, 2006, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the North Beyer Park Specific Plan to modify the policies and standards, implementation and financing and public facilities chapters to allow development of a small-lot subdivision for single-family homes, to require future development to annex to a new CFD and to require future residential development to comply with the City's dual-use basin policy, a copy of which is attached hereto as **Exhibit "A"**, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master Urban Area General Plan Master EIR (MEIR).
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made Conditions of Approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study, the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was identified in the MEIR.

- b. No new or additional mitigation measures or alternatives are required.
- 5. The Initial Study, Environmental Assessment No. EA/C&ED 2006-66, provides the substantial evidence to support findings 1-4, noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

SUSANA ALCALA WOOD, City Attorney

**City of Modesto**

**Finding of Conformance to  
General Plan Master EIR:**

**Initial Study Environmental Checklist  
C&ED No. 2006-66**

**For the proposed:**

**SPA, FDP, VTSM & VTPM – Rose Villas**

**Prepared by:  
City of Modesto  
Community & Economic Development Department  
Planning Division**

**10/20/06**

**City of Modesto**  
**Master EIR Initial Study Environmental Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. The North Beyer Park Specific Plan was one of the anticipated subsequent projects in the MEIR. A mitigated negative declaration (MND), tiered off the MEIR, was prepared for the North Beyer Park Specific Plan. This Initial Study Environmental Checklist ("Initial Study") is used in determining whether the proposed project, SPA, FDP, VTSM and VTPM, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1) as supplemented by the North Beyer Park Specific Plan MND (SCH# 96102053). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: SPA, FDP, VTSM & VTPM – Rose Villas
- B. Address or Location: NWC Oakdale Road and Mable Avenue
- C. Applicant: Florsheim Land Company, LLC, 1701 W. March Lane, Stockton, Ca. 95207
- D. City Contact Person: Josh Bridegroom

Project Manager: Josh Bridegroom  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5267  
E-mail address: jbridegroom@modestogov.com

- E. Current General Plan Designation(s): R & MU
- F. Current Zoning Classification(s): SP-O
- G. Surrounding Land Uses: North: Claratina Avenue

South: Mable Avenue & Single Family Residential  
East: Oakdale Road  
West: Single Family Residential

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This project is defined by Section II.C of the Master EIR as Zoning and Subdivisions.

This is an application for a Specific Plan Amendment, Final Development Plan, Vesting Tentative Subdivision Map and Vesting Tentative Parcel Map to provide for the development of a 142 small-lot single-family development. A dual-use basin is proposed in accordance with City Standards on the northern portion of the development to provide the storm drainage solution for the development as well as some common open space for the residents. The development proposes twenty-two shared-wall units that will be covenant restricted to remain affordable to moderate-income families. Dedication and improvements consistent with City Standards are proposed along the Claratina Avenue, Oakdale Road and Mable Avenue street frontages.

- I. Other Public Agencies Whose Approval is Required: None

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

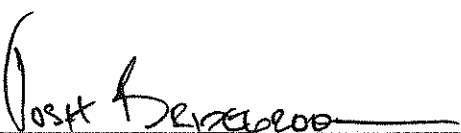

1. X **Within the Scope** - The project is within the scope of the Master EIR, as supplemented by the North Beyer Park Specific Plan MND, and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:
- A. The type of project is described in Chapter II of the Master EIR.
  - B. All applicable policies, regulations, and mitigation measures identified in the Master EIR, as supplemented by the North Beyer Park Specific Plan MND, have been applied to the project or otherwise made conditions of approval of the project.
  - C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR, as supplemented by the North Beyer Park Specific Plan MND, and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
  - D. Based on the Initial Study, the City of Modesto finds and determines:
    - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
    - b) No new or additional mitigation measures or alternatives are required.
  - E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.      **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.      **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR, as supplemented by the North Beyer Park Specific Plan MND.   | X   | <input type="checkbox"/> |

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

- |  | YES | NO                       |
|--|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project. | X   | <input type="checkbox"/> |

- (2) This project was described in the Master EIR, as supplemented by the North Beyer Park Specific Plan MND, and its approval will not affect the adequacy of the Master EIR, as supplemented by the North Beyer Park Specific Plan MND, for any subsequent project because the City can make the following findings: . X
- (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified. X
- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

**IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan, as supplemented by the North Beyer Park Specific Plan MND, and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

**1. TRAFFIC AND CIRCULATION**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21 and in the North Beyer Park Specific Plan MND on pages 20-22. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section V, Mitigation Measures Applied to Project.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR, as supplemented by the MND.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project exceeds the Master EIRs traffic generation assumptions for this site and City Engineering and Transportation staff has determined that the project would have additional project-specific effects that are not avoided or reduced by the Master EIRs program of mitigation measures, as supplemented by the North Beyer Park Specific Plan MNDs program of mitigation measures.	<input type="checkbox"/>	X
(2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	<input type="checkbox"/>	X
(3) Result in inadequate emergency access.	<input type="checkbox"/>	X
(4) Result in inadequate parking capacity.	<input type="checkbox"/>	X

Discussion:

- (1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:
  - A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR as supplemented by the North Beyer Park Specific Plan MND. No traffic study is required.
  - B. A site access study is not required for this project.
- (2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design of the project, as conditioned, is in accordance with City standards.
- (3) Fire and Police Staff have reviewed this proposal and have determined that the existing layout does not create an emergency access problem.
- (4) The project meets City Standards in terms of the number of parking spaces required on-site, which is two per unit.

## **2. AIR QUALITY**

### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

### DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

### **c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	<input type="checkbox"/>	X
(1) The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	X
(2) The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(4) The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	X
(5) The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	X

**DISCUSSION:**

- (1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).
- (4) The project is not a significant contributor to pollution levels. The main source of pollution that would come with the development is traffic related. Since the traffic impacts are within the scope of the MEIR, as supplemented by the MND, so are the traffic-related pollution concentration impacts. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measure listed above.
- (5) The proposed project will not produce objectionable odors.

**3. NOISE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

**c. Project-Specific Effects**

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	X
(2) The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(3) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	X
(4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.

- (2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan MEIR are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR, as supplemented by the MND, assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan, are incorporated into the conditions of approval for the project. The impact is less than significant.

#### 4. AGRICULTURAL LANDS

##### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

##### DISCUSSION:

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project is an infill development and the surrounding properties are located within a fully developed urbanized area.

##### b. Master EIR and/or New Mitigation Measures Pertinent to the Project

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

##### DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) The project will directly result in the development of land outside the March 2003 planning area boundaries.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**DISCUSSION:**

- (1) The project is consistent with the General Plan land use policies. It is a residential development that is consistent in intensity to what was assumed by the General Plan as supplemented by the North Beyer Park Specific Plan.
- (2) The project will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. All of the land surrounding the project is designated for future urban uses.

**5. WATER SUPPLY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies

such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

## 6. SANITARY SEWER SERVICES

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### DISCUSSION:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	<input type="checkbox"/>	X
(3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |     |   | YES                      | NO |
|-----|---|--------------------------|----|
| (1) | The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) | The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

## 9. STORM DRAINAGE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant*.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8 of the MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND.

#### DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

### c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | X  |
| (3) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan R (Residential Land Use) and MU (Mixed Use) designations in both land use and intensity.
- (2) The project proposes to increase the rate or amount of impervious surface, but not beyond that which is anticipated by the MEIR, in that the land use and intensity is consistent with that which is assumed under the MEIR, as supplemented by the MND. The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.
- (3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system. The project includes storm drainage facilities designed in accordance with City Standards, to accommodate the runoff. Public Works staff have reviewed the plan and have determined that it will not create on or off-site flooding.

**10. FLOODING AND WATER QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban

runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project have been incorporated into the conditions of approval.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or	<input type="checkbox"/>	X

provide substantial additional sources of polluted runoff.

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) The project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures. See MEIR mitigation imposed on the project, as cited above.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff. See MEIR mitigation imposed on the project, as cited above.

**11. PARKS AND OPEN SPACE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project. It is not near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity. There are no mitigation measures applicable to this project.

**12. SCHOOLS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the

project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project. The appropriate school impact fees will be assessed on the development in accordance with SB 50.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

**DISCUSSION:**

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**14. FIRE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented

with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

#### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

#### DISCUSSION:

No mitigation measures are applicable to this project.

#### **c. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | X  |

#### DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.

- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

**16. HAZARDOUS MATERIALS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X

- (3) The project contains a contaminated site not identified as of March 2003.  X
- (4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.  X
- (5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.  X

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.
- (2) No hazardous materials will be involved with this project.
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.
- (5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

**17. LANDSLIDES AND SEISMIC ACTIVITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

**18. ENERGY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and

650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. No mitigation measures were required as a result of the North Beyer Park Specific Plan MND. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan designation in both land use and intensity.
- (2) No amendment to the General Plan is required by this project.
- (3) The project will complete a community plan. It will not divide an established community.

**20. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would have a substantial adverse effect on a scenic vista.   | <input type="checkbox"/> | X  |
| (3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.             | <input type="checkbox"/> | X  |
| (4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project will not have a substantial adverse effect on a scenic vista. It is not near any rivers, mountains or other vistas of interest.

- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The development will be consistent with all City standards and regulations.

## **V. MITIGATION MEASURES APPLIED TO THE PROJECT**

### **A. Master EIR Mitigation Measures Applied to the Project**

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

#### **Traffic and Circulation Measures:**

1. Prior to recordation of the subdivision, the developer shall provide dedication and improvements along Claratina Avenue, Oakdale Road and Mable Avenue in accordance with City Standards, and as required by the City Traffic Engineer.

#### **Air Quality Measures:**

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.
5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

6. Within urban areas, track out shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
7. The developer shall implement measures to prevent carryout or trackout that may otherwise occur in conjunction with construction activities.

**Noise Measures:**

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.
- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

**Agricultural Land Measures:**

N/A

**Water Supply Measures:**

N/A

**Sanitary Sewer Service Measures:**

N/A

**Sensitive Wildlife and Plant Habitat Measures:**

N/A

**Archaeological or Historic Sites Measures:**

If archeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K of the MEIR.

**Storm Drainage Measures:**

1. Prior to the issuance of a building permit for any portion of the small-lot development or recordation of the subdivision map, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

1. Prior to the issuance of a building permit for any portion of the small-lot development or recordation of the subdivision map, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

N/A

**Police Services:**

N/A

**Fire Services:**

N/A

**Generation of Solid Waste**

N/A

**Generation of Hazardous Materials**

N/A

**Potential for Landslides and Seismic Activity**

N/A

**Energy**

**Aesthetics**

N/A

**B. New or Additional Mitigation Measures or Alternatives Required**

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: **None**.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 760**

**A RESOLUTION AFFIRMING THE TERMS OF THE EXISTING CABLE  
FRANCHISE AGREEMENT IN RESPECT TO THE DEFERRED COLLECTION  
OF FRANCHISE AND PEG GRANT FEES.**

WHEREAS, the Governor has signed the Digital Infrastructure and Video Competition Act of 2006 (the "Act"), and

WHEREAS the Act, effective January 1, 2007, provides for state issued video franchises, provides for the obligations and conditions of these franchises and permits existing local cable television franchisees to abrogate their existing franchises and opt into the state franchises, and

WHEREAS, the Act provides for a state franchise fee payable as rent or toll for the use of the public right-of-way by holders in the amount of 5 percent of gross revenues, or the percentage applied by the local agency to the gross revenue of the incumbent cable operators, whichever is less, and

WHEREAS, the existing Franchise Agreement, adopted by ordinance, does impose a franchise fee of three percent, and

WHEREAS three percent franchise fee is required, council has deferred collection of the maximum amount of five percent and reserves the right to initiate collection of the maximum amount at some point in the future, and

WHEREAS, The Act authorizes a PEG fee of one percent (1%) of gross revenues that may be imposed at any time and permits local agencies that are imposing a PEG fee in excess of 1% on December 31, 2006, to then establish by ordinance and collect a PEG fee in excess of one percent but not to exceed three percent (3%), and

WHEREAS, the existing Franchise Agreement, adopted by ordinance, imposes a PEG grant in excess of 1% and that this PEG grant has been and is currently imposed on the cable franchisee, however council's has deferred collection thus far.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto affirming that the existing Franchise Agreement, adopted by ordinance 3223-C.S, imposes a franchise fee of three percent and deferred collection of the maximum amount and reserves the right to initiate collection of the maximum amount at some point in the future. Furthermore, the Franchise Agreement, adopted by ordinance 3223-C.S, imposes a PEG grant in excess of 1% and that this PEG grant has been and is currently imposed on the cable franchisee. However the Council's has deferred collection thus far and reserves the right to collect it at any time in the future.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmemeber Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Olsen, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 761**

**A RESOLUTION RECOGNIZING RAY SIMON FOR HIS 32 YEARS OF  
PUBLIC SERVICE TO THE CITIZENS OF MODESTO AND  
STANISLAUS COUNTY**

WHEREAS, Ray Simon moved to Modesto, California to join his family after service in the military and enrolled at Modesto Junior College where he earned his Associates of Arts degree, and

WHEREAS, Ray transferred to the University of California at Berkeley where he graduated with a degree in Criminology. His early and continuing interest in public safety are part of the enormous contributions he has made to the citizens of Stanislaus County.

WHEREAS, after graduation and a period of working with the FBI and CIA in intelligence, Ray returned to Modesto and entered the insurance business as an adjuster for Bud Gianelli. He later purchased the business and started Pegasus Risk Management, Status Medical Management and the Consolidated Status Investigative Group.

WHEREAS, in 1966, Ray was appointed to the City of Modesto Planning Commission by Mayor Don Hammond and in 1967, he was elected to the Modesto City Council where he served two terms,

WHEREAS, Ray's interest in the regional effects of growth, traffic and crime soon lead him to run for the Stanislaus Board of Supervisors, and in 1973, he was elected to the Stanislaus County Board of Supervisors.

WHEREAS, Ray is a leader in promoting regional advanced law enforcement training. The Ray Simon Regional Criminal Justice Training Center is named in

his honor and is the first in the State and is being replicated throughout the State of California.

NOW, THEREFORE, the Modesto City Council extends it sincere gratitude to Ray Simon for his 32 years of public service, leadership and dedication to the citizens of Modesto and Stanislaus County.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Olsen

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 762**

**A RESOLUTION APPROVING AN ADVANCED FUNDING AGREEMENT FOR THE WOODGLEN SPECIFIC PLAN AREA BETWEEN THE CITY OF MODESTO AND FITZPATRICK LAND DEVELOPMENT, A LIMITED LIABILITY COMPANY, FOR THE PREPARATION OF A FACILITIES MASTER PLAN, AND INFRASTRUCTURE FINANCE PLAN AND FOR FORMATION OF A COMMUNITY FACILITIES DISTRICT FOR THE WOODGLEN SPECIFIC PLAN AREA, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Fitzpatrick Land Development, a Limited Liability Company (the “Applicant”) has agreed to advance all funds necessary to prepare a Facilities Master Plan and Infrastructure Finance Plan (“FMP/IFP”) and for formation of a Community Facilities District (“CFD”) for the Woodglen Specific Plan Area, and

WHEREAS, the parties agreed to enter into an Advanced Funding Agreement for the Woodglen Specific Plan Area by and between the City and the Applicant relating to advances made and to be made by the Applicant to the City, and providing for potential reimbursement to the Applicant if and when certain funds from the Woodglen CFD become available, a copy of which is attached as **Exhibit A**,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Advanced Funding Agreement for the Woodglen Specific Plan Area between the City of Modesto and Fitzpatrick Land Development, a Limited Liability Company, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Advanced Funding Agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar. was upon roll call carried and the resolution adopted by the following vote:

## Exhibit "A"

### ADVANCED FUNDING AGREEMENT FOR THE WOODGLEN SPECIFIC PLAN AREA

THIS ADVANCED FUNDING AGREEMENT FOR THE WOODGLEN SPECIFIC PLAN AREA (this "Agreement"), dated as of \_\_\_\_\_, 2006, is entered into by and between the CITY OF MODESTO, a municipal corporation of the State of California (the "City") and Fitzpatrick Land Development, A Limited Liability Company (the "Applicant").

#### *RECITALS:*

A. Applicant has a legal interest in real property located within a portion of the Woodglen Specific Plan Area ("Specific Plan"), shown in Exhibit A attached hereto and incorporated herein by this reference, and is interested in pursuing development of properties in the Specific Plan.

B. Applicant has requested that the City prepare a Facilities Master Plan and Infrastructure Finance Plan ("FMP/IFP"), and create an appropriate financing mechanism, such as a community facilities district ("CFD") for the principal purpose of master planning and financing the various public facilities and services which are necessary to serve or desirable for the development of the Specific Plan (collectively the "Project").

C. City has either retained, or will retain outside consultants, to assist it with the Project and, if the City determines to proceed with the formation of a CFD, to assist it in connection therewith and with the possible issuance of bonds.

C. The scope of work for the Project ("Scope"), including the estimated costs for completing the Project ("Estimated Costs"), is attached as Exhibit B.

E. Applicant is prepared to deposit with the City the amount needed to fund the Scope plus 30% for staff time and expenses in order to provide the City with an initial source of funds with which to pay expenses expected to be incurred in connection with the Project. Additional deposits will be provided by Applicant, as required by the City.

F. The City and Applicant are desirous of entering into this Agreement in order to provide monies for the City's costs for the preparing the Project on a time and materials basis, to provide mechanisms by which the funds deposited under this Agreement shall be applied and by which Applicant may make additional deposits, and to reimburse Applicant for monies advanced for the benefit of other landowners in the Project.

G. Pursuant to California Government Code Section 53314.9 and the City's CFD Policies and Procedures, the City Council of the City is authorized to accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or work-in-kind for any authorized purpose, including, but not limited to, paying any costs incurred in connection with the planning and formation of a community facilities district. The City Council of the City is also authorized to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay all or a portion of the funds advanced or to reimburse the person or entity for the cost or value of the work-in-kind provided that certain conditions are met. The conditions to be satisfied with respect to funds advanced require that (1) the proposal to repay the funds or to pay the cost or value

of the work-in-kind must be included in the resolution of intention for the proposed community facilities district and in the resolution of formation for the proposed community facilities district, (2) any proposed special tax is approved by the qualified electors of the community facilities district and, if a proposed special tax is not approved, any funds advanced which have not been committed for any authorized purpose by the time of the election must be returned to the person or entity advancing funds and (3) any work-in-kind accepted shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority, of the local agency.

H. The City and the Applicant are desirous of entering into this Agreement in accordance with Government Code Section 53314.9 and the City's CFD Policies and Procedures in order to provide a mechanism by which the Applicant may make additional deposits if determined necessary pursuant to the City's CFD Policies and Procedures and, when and if bonds are issued and proceeds are available, the CFD can reimburse the Applicant for the amounts advanced by the Applicant.

### AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals. Each of the above recitals is incorporated herein and is true and correct.
2. Proposed Preparation of the Facilities Master Plan and Infrastructure Financing Plan.
  - a. Applicant agrees to pay all costs of preparing, processing and approving the FMP/IFP.
  - b. Within ten (10) calendar days after the City Council approves this Agreement, Applicant shall deposit with the City the sum of \$568,230 ("Initial Deposit") to fund the Scope of work for the Project. The Initial Deposit will be held in trust by the City and used solely for the purposes set forth in this Agreement. Upon receipt by the City of the Initial Deposit and all documents deemed necessary by the City to proceed with the Project, the City will commence work on the Project on a time and materials basis and will provide a Notice to Proceed to its Consultant to proceed with the Project. In connection therewith, the City has either retained, or will retain, the consultants that the City determines necessary or convenient to assist it with the Project and, if the City determines to proceed with the formation of the CFD, to assist it in connection therewith and with the possible issuance of bonds.

After the Initial Deposit has been expended on the Project, Applicant shall make additional advances to the City as provided by subparagraph (d), below, until the Project has been completed or terminated, and all costs associated with the Project have been fully paid. City will commence work on subsequent Tasks as identified in the Scope on a time and materials basis and will provide a Notice to Proceed to Consultant for each such Task within ten (10) calendar days after it has received an additional deposit sufficient to cover the estimated costs for said Task plus 30% for staff time and expenses associated with said Task

- c. The consultants shall submit invoices to the City for payments based on work completed; such invoices will be promptly sent by the City to the Applicant, which will have five (5) business days to challenge the work performed, and the City will in good faith consider the position of the Applicant prior to approving payment. Applicant understands and agrees that City shall have the right, in its sole discretion, to approve and pay all such consultant invoices, and may do so without obtaining Applicant's approval.

Applicant shall make additional advances to the City within ten (10) business days following receipt from the City of a request for an additional advance to the cover the costs referred to herein. In the event that Applicant does not deliver the requested amount to the City within such ten (10) business day period, the City will have no obligation to proceed with any activity relating to the Project. The Applicant may notify the City at any time, in writing, of its intention to abandon the Project. Immediately upon City's receipt of such notice, but in no case later than two (2) business days, the City shall instruct in writing its consultants to cease work immediately. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisors relating to the Project until City issues this cease work.

- d. Within 60 calendar days after issuance of a cease work notice, City agrees to return to Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by City relating to the Project.
- e. Applicant agrees that, notwithstanding the Applicant's funding and reimbursement obligation under this Agreement, the consultants selected by the City shall be the contractors exclusively of the City and not of the Applicant. Except for those disclosures required by law including, without limitation the Public Records Act, all conversations, notes, memoranda, correspondence, and other forms of communication by and between the City and its consultants shall be, to the extent permissible by law, privileged and confidential and not subject to disclosure to the Applicant. Applicant agrees that it shall have no claim to, nor shall it assert any right in any reports, correspondence, plans, maps, drawings, news releases or any and all other documents or work project produced by City's consultants. Applicant understands that it will not be a third party beneficiary to City's contracts with the consultant. City will consult with Applicant prior to replacing its current consultants; however, Applicant agrees that City may select other consultants to replace its current consultants and may do so without obtaining Applicant's approval.
- f. City and Applicant shall work cooperatively and in good faith to facilitate completion of Project as quickly as possible and in the most cost effective way. City and Applicant shall meet and consult on dates and times as may be mutually agreed upon to discuss the progress and any key issues involved in the Project; provided, however, that Applicant's role is advisory only and that City shall control all aspects of the Project. The final work product to be produced by City's consultants shall be subject to the City' sole approval and control.

3. Proposed Formation of the CFD and Issuance of Bonds.

- a. Applicant agrees to pay all costs of preparing, processing and forming a CFD for the Specific Plan area.
- b. Upon receipt by the City of a completed application for the formation of the CFD, the formation deposit for the CFD, and all documents related thereto as described in the City's CFD Policies and Procedures, the City will undertake to analyze the appropriateness of forming the CFD and the issuance of bonds by it. In connection therewith, the City has either retained or will retain, at the Applicant's expense, the consultants that the City determines necessary or convenient to assist it in studying the proposed formation of the CFD and, if the City determines to proceed with the formation of the CFD, to assist it in connection therewith and with the possible issuance of bonds.
- c. Pursuant to the City's CFD Policies and Procedures, the Applicant shall make additional advances to the City within ten (10) days following receipt from the City of a request for an additional advance to cover the costs referred to herein. In the event the Applicant does not deliver the requested amount to the City within such ten (10) day period, the City will have no obligation to proceed with any activity relating to the formation of the CFD and/or the issuance of bonds. The Applicant may notify the City at any time, in writing, of its intention to abandon the formation of the CFD or the issuance of bonds. Upon receipt of such notice, the City shall instruct its consultants to cease work as soon as practicable. The Applicant shall be responsible for all costs and expenses incurred by the City or any City consultant or advisor relating to the proposed formation of the CFD and/or bond issuance until work with respect to the proposed formation or bond issuance ceases following the receipt of the Applicant's notice of abandonment. Within 60 calendar days after receipt of the Applicant's notice of abandonment, City agrees to return to Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by City relating to the Project.

4. Reimbursement Procedure. If the CFD is formed and bonds are issued, bond proceeds in excess of the amount determined by the City's District Administrator to be required in order to satisfy the requirements of the City's CFD Policies and Procedures with respect to capitalized interest and reserves and to pay for the Facilities and other Incidental Expenses may be used to reimburse the Applicant for the amounts that the Applicant has advanced to the City in connection with this Agreement, all as provided for in the City's CFD Policies and Procedures. In the event that the CFD is not formed for any reason, or in the event that the CFD is formed and bonds are not issued for any reason, the City shall return any funds which have been advanced by the Applicant pursuant to this Agreement and which have not been expended, obligated or otherwise committed for any authorized purpose, subject to the complete reimbursement to the City of all of its direct and indirect costs. If the amounts previously advanced by the Applicant are insufficient to fully reimburse the City for all of its direct and indirect costs, the Applicant shall promptly pay to the City the amount of the deficiency. The City shall be entitled to pay any refund required pursuant to the provisions hereof to the entity that is the signatory to this Agreement irrespective of any changes in the ownership of the property or the organization of the Applicant, and the City shall not be required to pay interest on any amount required to be refunded pursuant to this Agreement.

5. Abandonment of the Project. The Applicant understands that, subject to the satisfaction of all applicable legal requirements, the decision to review, process, prepare or approved the proposed Project, shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to review, process, prepare or approve the proposed Project. The City shall have no liability to Applicant for a decision not to review, process, prepare or approve the proposed Project.

6. Abandonment of Proposed CFD. The Applicant understands that, subject to the satisfaction of all applicable legal requirements, the decision to form the CFD and the decision to issue bonds shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to form the CFD or to issue bonds. Should the proceedings to form the CFD be abandoned for any reason, the City shall provide written notification of such abandonment to the Applicant and shall return to the Applicant all unexpended amounts of the Initial Deposit (and any subsequent deposits) which exceed all costs and expenses incurred by the City relating to formation of the CFD. Said monies shall be returned within 60 days of the issuance of the written notice of abandonment. Except for such reimbursement, the City shall have no liability to Applicant for a decision not to form the CFD or issue bonds.

7. Indemnification and Hold Harmless. The Applicant hereby assumes the defense of, and indemnifies and saves harmless, the City and each of its officers, directors and employees, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of or arising out of any acts or omissions of the Applicant or any of the Applicant's officers, employees, contractors and agents in connection with the proposed formation of the CFD or any work-in-kind provided by or on behalf of the Applicant or its consultants, except for any action, damages, claims, losses or expenses arising out of the sole negligence or willful misconduct of the City, its officers, directors, employees or agents.

8. Notices. Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

Applicant: Fitzpatrick Land Development, LLC  
4216 Kiernan Avenue, Suite 100  
Modesto, CA 95356  
Attention: Shawn Fitzpatrick  
Phone: (209) 543-1608  
Fax: (209) 543-1614

City: City of Modesto  
1010 Tenth Street, Suite 6100  
Modesto, California 95353  
Attention: IFP Administrative Officer  
  
Phone: 209-577-5211  
Fax: 209-571-5128

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

9. Assignment. The Applicant may not assign its interest in this Agreement without the prior written consent of the City, which consent shall not be unreasonably withheld. Any assignment or attempt to assign this Agreement without the prior written consent of City shall be deemed null and void as of the date of the purported assignment. All covenants, stipulations, and agreements in this Agreement shall bind any such representatives, successors and assigns.

10. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent permitted by law.

11. Entire Agreement. This Agreement contains the entire agreement between the parties with respect to the matters provided for herein. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

12. Amendments. This Agreement may be amended or modified only by written instrument signed by all parties. Any amendment or addendum to this Agreement shall expressly refer to this Agreement.

13. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

14. No Third Party Beneficiaries. No person or entity shall be deemed to be a third party beneficiary hereof; and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City (and its officers, directors, employees and agents providing services under this Agreement) and the Applicant, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

15. Singular and Plural; Gender. As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

16. Termination. This Agreement shall terminate and be of no further force and effect on the third (3<sup>rd</sup>) anniversary of the date of this Agreement unless expressly amended by the parties; provided, however, that the Applicant's obligations under Section 7 shall survive the termination and the City's obligation to provide reimbursement in accordance with Section 4 for expenses incurred prior to the termination date shall also survive termination.

17. Time is of the Essence. Except as otherwise expressly stated, time is of the essence in the performance of each and every action required pursuant to this Agreement.

18. Language Construction. The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

19. Representations of Authority. Each party signing this Agreement on behalf of a party which is not a natural person hereby represents and warrants to the other party that all necessary legal prerequisites to that party's execution of this Agreement have been satisfied and that he or she has been authorized to sign this Agreement and bind the party on whose behalf he or she signs.

20. Relationship of Parties. Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between City and Applicant or its agents, employees or contractors. Except as City may specify in writing, Applicant shall have no authority to act as an agent of City or to bind City to any obligation.

21. Title of Parts and Sections. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of this Agreement's provisions.

22. Waiver. The waiver by any party to this Agreement of any action, obligation, or commitment required by this Agreement or of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof or of any action, obligation, or commitment required by this Agreement unless specifically stated in writing.

23. Discretion of the City. City's execution of this Agreement in no way limits the discretion of City in the permit and approval process in connection with any entitlements within City's jurisdiction, including those related to the Project, or with the design, construction or funding of any onsite or offsite infrastructure improvements within the City's jurisdiction.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2006-\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_ day of \_\_\_\_\_, 2006, and Fitzpatrick Land Development, a Limited Liability Company, has caused this Agreement to be executed in duplicate, effective as of the date first written above.

Land Use Plan **WOODGLEN** Design Guidelines  
 Modesto, CA

## Exhibit "B"

### MuniFinancial

#### Task Order 2 Scope of Work

#### Facilities Master Plan Infrastructure Financing Plan for the Woodglen Specific Plan

The objective of this project is to prepare a Facilities Master Plan (FMP) and an Infrastructure Financing Plan (IFP) for the Woodglen Specific Plan (WSP). The WSP provides development requirements for approximately 79 acres of land in the Kiernan-Carver Comprehensive Planning District of Modesto, California. The WSP anticipates build out of 541 single family and multi-family residential units arranged around a central open space. The central open space includes the project's storm water basin and recreational amenities. The open space elements include a 1.2-acre private recreation facility for resident's use, a 1.3-acre landscaped play area for informal public recreation, and a 3.9-acre storm water basin, comprised of a 1.1-acre grassy slope and the 1.9-acre bottom of the basin where the infiltration of storm water would occur. Existing development and uses on the site include agricultural use and a residence with a barn, and associated outbuildings. The site also has existing right-of-ways, which include Bangs to the north, Tully to the east, Pelandale to the south, and Carver to the west. The City of Modesto has been granted easements for expansion of these right-of-ways.

The scope for the FMP is presented first, followed by the IFP scope. The budget and schedule for the entire project follows the task plans. For this task order, MuniFinancial will be subconsulting with Willdan, West Yost and Associates, Carollo Engineers and Aerial Surveys.

### Facilities Master Plan

The primary objective of preparing the FMP for Specific Plan Areas is to provide a document that will describe the public infrastructure needed to support proposed development. Generally, the FMP provides preliminary engineering information to confirm the technical suitability and requirements of the plan's project area. Specifically, the FMP provides critical assumptions for use in the IFP that is prepared in conjunction with the FMP. The primary components of the FMP are as follows:

- ◆ **Project Description:** Limit the level of planning for the project, including the extent of existing improvements and infrastructure and the availability and limitations of those improvements to serve development. Develop project objectives and requirements.
- ◆ **Facilities Plan:** Use existing or new engineering studies and coordination with existing City modeling programs to prepare a plan for major public facilities (water, sewer, drainage, transportation, and others such as parks and public buildings). The types of facilities included in the IFP depend on the type, amount, and location of projected

development and city policy objectives. Identify major engineering constraints and proposed solutions.

- ♦ **Project Mapping:** If need, develop necessary land and infrastructure mapping information to evaluate public facility needs. (Typically, this will be provided by the applicant/developer.)
- ♦ **Prepare Engineering Drawings and Costs:** Prepare 30 percent engineering drawings and costs estimates to describe the facilities needed to serve the project.
- ♦ **Final Report:** Compile a final report including project description, facility plans, engineering drawings, cost estimates, and other needed information.

## **Task 2.1: Prepare Project Description**

*Objective:* Identify project characteristics that will determine public facility needs.

*Description:* Develop limits of the engineering effort for the studies and the plans. Based upon the land use scenarios proposed by the City, prepare a project description for the specific plan area. Include the following items:

- ♦ Limits of the plan area;
- ♦ Land use scenario (see IFP scope of work)
- ♦ Description of storm drainage, domestic water, recycled water, sanitary sewer and other existing infrastructure
- ♦ General infrastructure requirements; and
- ♦ Preliminary lot and roadway patterns.

Much of the work of this task has been developed in the Preliminary Draft Woodglen Specific Plan and the project description will be compatible with the Draft Plan. This effort will focus on identifying and complete the gaps in the plan that must be filled to complete this effort. In addition, in conjunction with preparation of the IFP, confirm the extent of financed facilities to be included in the plan.

*Meetings:* One meeting to kickoff project and develop initial information request.

*Deliverable:* Information requests.

## **Task 2.2: Develop Facility Plan**

*Objective:* Develop a facility plans and costs for sanitary sewer, domestic water, recycled water, storm drainage, streets and roadways and all other facilities or utilities to be included in the IFP.

*Description:* Coordinate with City infrastructure consultants, City staff, other public agencies, project proponent, and other stakeholders as appropriate. Prepare overall map and technical information describing the methodology and identifying the recommended public facility improvements for the project. Compile findings and exhibits for use in final report. For specific facility types, task to include:

**Domestic Water:** We will calculate the water demands for the project and develop a pipe layout that will deliver the required water to the development's users. We will

coordinate with the City's Master Water Modeler, West Yost Associates, to confirm onsite and offsite capacity and supply availability. This documentation will be left with West Yost Associates so that if the project is approved, the City's masterplan may be updated. If the City's existing water system cannot meet the City's minimum water system design criteria with the increased demands, then we will make recommendations for whatever new water supply sources and/or water system infrastructure facilities will be required to mitigate the water system impacts of the project. An estimate of the probable construction cost for the infrastructure required to provide adequate supply. A separate stand-alone report will be prepared to meet the regulatory requirements of SB610.

**Sanitary Sewer:** We will calculate the wastewater demands of the project and provide sufficient data to Carollo Engineers to update the hydraulic model to reflect changes created by the project. If the necessary capacity is not available probable construction cost estimates and a cost allocation report will be included. This documentation shall be left with Carolla so that if the project is approved, the City's mapsterplan may be updated.

**Storm Drainage:** The preliminary Storm drain management proposal envisions a zero discharge concept and no off-site capacity is currently contemplated. Willdan will prepare a refined design concept and facilities plan to implement the project concept.

**Roadway and Transportation:** Develop transportation demand models and evaluate future facility needs. Develop proposed improvements and confirm responsibility of the Specific Plan. Prepare street cross-sections, rights-of-way needs, traffic control system needs (traffic signals, etc.) and other related tasks. Develop alternative transportation systems (Bikeways, transit, etc.) as they relate to the project. Compile findings in a report and exhibit presenting this information for future use.

**Landscaping Plans:** Evaluate specific plan elements and develop general landscape standards in anticipation of preparing 30% drawings. Review proposed elements and identify any inconsistencies or conflicts that may exist.

**Additional infrastructure (Parks, Schools, other utilities):** Develop proposed improvement descriptions and exhibits. Confirm responsibility of the Specific Plan.

*Meetings:* Two meetings.

*Deliverables:* Reports with all of the analysis described above.

### **Task 2.3: Conduct Project Mapping**

*Objective:* Develop mapping for use in preparing facility designs.

*Description:* Develop base topographic mapping from aerial or ground data sufficient to prepare design. Prepare project boundary maps as needed from existing record drawings and documents. Locate and identify existing easements and encumbrances as needed to include such areas in the mapping documentation. Calculate and locate projected property lines, street centerlines, and rights-of-way as needed to prepare required plans. City obtains right of entry onto private property as needed.

*Meetings:* None.

*Deliverable:* None.

## **Task 2.4: Prepare 30 Percent Engineering Drawings and Cost Estimates**

*Objective:* Provide cost estimate of needed public facilities, and inform final design when the project proceeds to construction.

*Description:* Based upon the information from prior tasks, prepare 30 percent construction drawings. Prepare plan and profile sheets at 40 scale for all roadways and utilities. Prepare preliminary intersection designs, particularly major signalized intersections. Prepare preliminary design of major facilities; such as pump stations, wells, or detention/water quality ponds.

Plans will include pipe layouts, infrastructure requirements, street cross-sections, street and pipe profiles, and other related information. Plans will include an estimate of required equipment, equipment layout, signal phasing, intersection geometrics and other related information.

Plans will generally not include the following items:

- ◆ Construction notes;
- ◆ Construction details;
- ◆ Grading plans;
- ◆ Erosion Control and Storm Water Pollution Plans;
- ◆ Construction traffic control;
- ◆ Stripping plans; and
- ◆ Construction specifications

Revise plans and drawings as needed to address deficiencies in the facility plans developed in Task 2. Prepare cost estimates based on quantities identified in design drawings and reasonable unit cost assumptions.

Based on the preliminary Draft Woodglen Specific Plan, the 30% drawings will likely consist of Bangs Avenue, Tully Road, Pelandale Avenue, Carver Road and the central collector road through the project. In addition, on-site core utilities will be included as defined by the City.

*Meetings:* One meeting to review plans, drawings, and cost estimates.

*Deliverable:* Preliminary plans, drawings, and cost estimates.

## **Task 2.5: Final Report**

*Objective:* Communicate the assumptions, methodologies, and results of FMP.

*Description:* Develop recommendations for phasing requirements for backbone facilities needed in advance development. Recommend measures for accommodating future land use changes that vary from those assumed in the analysis.

Prepare administrative draft report for staff comment based on the results of prior tasks. Prepare a public draft for presentation the City Council. Conduct Council presentations.

*Meetings:* Two meetings, one to review administrative draft report and one for Council presentation.

*Deliverables:* Administrative draft report, public draft report, slide presentation.

## Infrastructure Financing Plan

The primary purpose of the IFP is to provide a strategy for the imposition of exactions through the development process to adequately provide for the public facilities and services needed to accommodate the proposed project. The IFP will be based on the FMP prepared for the same project. The primary components of the IFP are discussed below:

- ♦ **Policy Development:** Policies to guide selection of appropriate (1) funding sources and financing mechanisms for public facilities, and (2) levels of service and funding sources for public services.
- ♦ **Land Use Scenario:** A citywide development projection and related real estate market assumptions to estimate the amount and timing of growth.
- ♦ **Public Facility Needs, Costs, and Phasing:** Use the FMP to summarize the cost of public facilities with a focus on backbone infrastructure needs in advance of development.
- ♦ **Public Facility Funding and Financing:** Allocate to new development their fair share of public facility costs. Identify appropriate funding sources and financing mechanisms that enable development projects to fund public facilities.
- ♦ **Implementation:** Assist in formation of financing districts and preparation of impact fee nexus studies.

### Task 2.6: Provide Project Management & Policy Development

*Objective:* Identify and resolve policy issues; ensure the project is completed within budget and on schedule.

*Description:* Identify and resolve policy issues with City staff as they arise throughout the project, for example:

- ♦ Land use scenario assumptions such as:
  - Planning horizon;
  - Land use categories;
  - Project descriptions;
- ♦ Exactions policies related to the development approval process such as:
  - Use of development agreements to increase flexibility;

- Requirements for development projects to “build and dedicate” versus participate in broader funding programs;
- ♦ Funding and financing policies related to:
  - Development’s fair share of public facilities that also serve existing development;
  - Need for benefit zones that are less than citywide;
  - Development of funding sources other than those related to development;
- ♦ Implementation strategies such as:
  - Exemptions, waivers, credits, and reimbursements;
  - Phasing in funding programs to reduce negative economic impacts;
- ♦ The need for the IFP to consider other policy objectives such as affordable housing, job development, and retail attraction.

Includes coordination with city staff and consultants. Keep city staff informed on a regular basis (e.g. monthly conference call) regarding outstanding information needs, unresolved issues, and progress of the project to date.

*Meetings:* One meeting to kickoff project and develop initial information request.

*Deliverables:* Information requests.

## **Task 2.7: Develop Land Use Scenario**

*Objective:* Prepare project area development projection based on development projects under consideration and reasonable estimates of real estate market conditions.

*Description:* Identify existing levels of development for the base year. Develop a market-based land use scenario based on:

- ♦ Descriptions of potential, proposed, and approved development projects to be provided by city staff;
- ♦ Historical development trends and available land supply based on data to be provided by city staff;
- ♦ Regional projections prepared by planning agencies; and
- ♦ Real estate market factors and trends based on site visits, interviews with real estate professionals, and web-based research;

Quantify land use scenario in terms of housing units, building square feet, population, and employment by land use category. Estimate absorption rates based on (1) **short term** absorption associated with backbone infrastructure development; (2) annual average **long-term** absorption for debt financing (typically 20 to 30 years), and (3) **build out**.

Develop economic assumptions such as market property values by land use category, and sales tax generation from commercial projects, for use in subsequent tasks.

*Meetings:* None.

*Deliverable:* Technical memorandum describing land use scenario, methodology, and assumptions.

## **Task 2.8: Develop Financial Model**

*Objective:* Develop a funding and financing strategy for public facilities to ensure a financially feasible plan.

*Description:* Develop a financial model as a tool for development of the financing plan. Key model inputs to include (1) land use scenario developed in the prior task and (2) public facility costs and phasing summarized from the FMP.

Use model to identify appropriate (1) funding sources to fully fund facility costs, and (2) financing mechanisms for facilities needed in advance of available funding. Consider application of existing city impact fee and special district funding sources to development projects as well as implementation of new sources.

Potential **funding sources** include:

- ♦ Impact fees. Evaluate and incorporate as appropriate existing fee revenues and fund balances that are applicable to planned facilities. Develop project-specific fee programs based on a fair share cost allocation methodology as necessary. Incorporate debt financing costs if applicable.
- ♦ Special taxes and assessments. Consider whether annexation to existing special taxes or assessments districts is appropriate. Recommend new special taxes or assessments for the project area as appropriate.
- ♦ Private funding. Incorporate proposed funding from developers such as dedicated facilities and rights-of-way.
- ♦ Public funding. Work with city staff to identify any other available public funding for planned facilities such as property and sales tax increments, utility revenues, asset sales, and state and federal grants.

Potential **financing mechanisms** include:

- ♦ Community Facilities Districts;
- ♦ Special assessment districts;
- ♦ Revenue bonds (e.g. utility enterprise funds);
- ♦ Developer financing (e.g. credits and reimbursements);
- ♦ Lease-purchase (e.g. certificates of participation); and
- ♦ Tax increment bonds (redevelopment project areas).

Estimate the total cost burden on new development for facilities and services in terms of (1) value-to-lien ratios and (2) the rate of annual taxes, charges, and assessments. Use analysis to develop funding and financing strategies and to demonstrate that the proposed financing plan remains within acceptable real estate market and underwriting standards.

Prepare the following tables and charts to communicate the results of this task:

- ♦ Matrices of cost allocations by project and land use category;
- ♦ Matrices of revenue sources and capital projects for short term, long-term, and build out phases of the land use scenarios;
- ♦ Summary of debt issuance by phase;
- ♦ Pro forma cash flow projections; and
- ♦ Financial feasibility tables.

*Meetings:* Two meetings to review preliminary financing plan results.

*Deliverables:* Financing plan matrices and tables for staff review and comment.

## **Task 2.9: Prepare Infrastructure Financing Plan**

*Objective:* Communicate the assumptions, methodologies, and results of IFP.

*Description:* Develop recommendations for implementing the public facility and services funding and financing strategies developed in prior tasks, such as preparation of fee nexus studies, formation of special districts, and development of credit and reimbursement programs. Recommend measures for accommodating future land use changes that vary from those assumed in the analysis.

Prepare administrative draft report for staff comment based on the results of prior tasks. Prepare a public draft for presentation the City Council. Conduct Council presentations.

The IFP will include the following chapters:

1. Public Facility and Services Planning and Financing Policies.
2. Land Use and Market Analysis.
3. Public Facilities Funding and Financing Plan.
4. Fiscal Impact and Public Services Funding Plan.
5. Implementation Program.

*Meetings:* Two meetings, one to review administrative draft report and one for Council presentation.

*Deliverables:* Administrative draft report, public draft report, slide presentation.

## **Task 2.10: Support Community Facilities District Formation**

*Objective:* Provide special tax consulting services to support formation of community facilities district (CFD).

*Description:* This task will have the following subtasks:

1. **Rate and method of apportionment:** Develop debt financing assumptions and criteria, including adopted City financing policies, costs of issuance, and overlapping debt. Use results of prior tasks to develop special tax schedule based on pro forma cash flow analysis.
2. **Public hearing report:** Prepare public hearing report in compliance with statute, including: (a) description, costs, and estimated construction date of proposed

facilities, (b) estimates of bond issuance costs, (c) projected bonded indebtedness and issuance dates, and (d) explanation of special tax schedule and projected rates by parcel.

3. **Bond issuance support:** Conduct final calculations and prepare tables for (a) special tax coverage, (b) value-to-lien ratios, (c) overlapping debt, and (d) effective tax rate schedules by parcel to include in Preliminary Official Statement (POS) and Official Statement (OS). Provide signed Special Tax Consultant Certificate. Review and comment on draft POS and OS.

*Meetings:* Three meetings: one to discuss preliminary pro forma analysis and rate and method of apportionment, one for adoption of the resolution of intention, and one for the public hearing.

*Deliverable:* (1) Rate and method of apportionment (draft and final); (2) public hearing report (draft and final); and (3) tables for POS and OS.

## Budget

The following table provides the level of effort and budget by task for the scope of services described above. This budget includes up to 14 on-site meetings, six associated with the FMP and eight associated with the IFP. Conference calls are not considered meetings for the purposes of this budget.

## Modesto Woodglen Specific Plan FMP/IFP Budget

<u>Task</u>	<u>Total Hours</u>	<u>Total Costs</u>

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 763**

**A RESOLUTION APPROVING TASK ORDER NO. 2 TO THE MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES WITH MUNIFINANCIAL, A CALIFORNIA CORPORATION, FOR THE PREPARATION OF A FACILITIES MASTER PLAN, INFRASTRUCTURE FINANCE PLAN, AND FOR FORMATION OF A COMMUNITY FACILITIES DISTRICT FOR THE WOODGLEN SPECIFIC PLAN AREA**

WHEREAS, the City Council is desirous of creating a Facilities Master Plan (“FMP”), an Infrastructure Finance Plan (“IFP”) and a Community Facilities District (“CFD”) for the Woodglen Specific Plan Area (“Project Area”), and

WHEREAS, Fitzpatrick Land Development, a Limited Liability Company (“Applicant”), has a legal interest in real property located within the Project Area, shown in **Exhibit “A”** attached hereto and incorporated by this reference, and is interested in pursuing development of properties in the Project Area, and

WHEREAS, on October 24, 2006 by Resolution No. 2006-654, the Council of the City of Modesto approved a Master Professional Services Agreement for Consultant Services with MuniFinancial, a California corporation (“Consultant”), for the preparation of FMPs, IFPs, technical studies, formation of CFDs and related on-call services as assigned by City, and

WHEREAS, Consultant has prepared Task Order No. 2 (“Task Order”) for the Project Area, attached as **Exhibit “B”**, and

WHEREAS, Applicant has advanced a deposit in the amount of FIVE HUNDRED SIXTY-EIGHT THOUSAND TWO HUNDRED THIRTY AND 00/100 DOLLARS (\$568,230) to the City to fund Task Order No. 2 and to pay staff and consultant expenses expected to be incurred in connection with the Project, and

WHEREAS, additional deposits will be provided by Applicant, as required by the City and as necessary to fund the Task Order, and

WHEREAS, the City will issue Notices to Proceed to the City's Consultant only for those subtasks for which the Applicant has deposited funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Task Order No. 2, attached hereto as Exhibit "B" and incorporated by this reference is hereby approved.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12th day of December, 2006, Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant,  
Mayor Ridenour

NOES: Councilmembers: None

City of Modesto  
TASK ORDER NO. 2  
for  
MuniFinancial

Master Professional Services Agreement for Consultant Services

**Woodglen Specific Plan Area FMP/IFP**

This Task Order No. 2 is made and entered into by and between the City of Modesto, a municipal corporation (hereinafter "CITY"), and MuniFinancial, a California corporation (hereinafter "CONSULTANT") and is effective as of \_\_\_\_\_.

### RECITALS

- A. CONSULTANT has entered into a Master Professional Services Agreement for Consultant Services, (hereinafter "Agreement"), dated October 24, 2006 ("AGREEMENT") with the CITY, by which the CONSULTANT has agreed to provide professional engineering and financial engineering services for various development projects, which is incorporated herein by reference.
- B. At the request of CITY and in compliance with the terms of the AGREEMENT, CONSULTANT has prepared the Task Order No. 2, a copy of which is attached hereto as Exhibit A.
- C. CITY and CONSULTANT desire that CONSULTANT perform the services as identified in the attached Task Order.

### NOW THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. **INCORPORATION OF MASTER PROFESSIONAL SERVICES AGREEMENT FOR CONSULTANT SERVICES.** This Task Order hereby incorporates by reference all terms and conditions set forth in the Master Professional Services Agreement, unless expressly modified by this Task Order. The AGREEMENT and this Task Order shall, to the fullest extent possible, be read and considered as fully integrated documents and shall be interpreted so as to avoid inconsistencies, comply with all applicable laws and ensure that the objectives of the parties will be fully realized.

Nothing in this Task Order is intended to supersede, terminate, modify or otherwise affect any provision of the AGREEMENT, except to the extent that a provision of this AGREEMENT is in direct and irreconcilable conflict with a provision of the AGREEMENT. Then, and only in that event, the provisions of the AGREEMENT shall prevail over the contradictory provision of the Task Order.

2. **SCOPE OF SERVICES.** CONSULTANT shall perform the services described in Exhibit "A" attached hereto and incorporated herein by reference. CONSULTANT shall not replace its Authorized Representative, nor shall CONSULTANT use any subcontractors or subconsultants not listed in this Task Order, without the prior written consent of CITY.
3. **TIME OF PERFORMANCE.** CONSULTANT shall commence performance within five (5) working days after receipt of a Notice to Proceed from City.

4. **COMPENSATION.** For services performed by CONSULTANT in accordance with this Task Order, CONSULTANT agrees to accept a sum not to exceed \$437,100. CONSULTANT shall be paid at the times and in the manner set forth in Paragraph 3 of the Master Professional Services Agreement, unless expressly provided otherwise in the attached Task Order.
5. **SIGNATURES.** The individuals executing this Task Order represent and warrant that they have the right, power, legal capacity, and authority to enter into and to execute this Task Order on behalf of the respective legal entities of the CONSULTANT and CITY. This Task Order shall inure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2006-\_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_ day of \_\_\_\_\_, 2006, and MuniFinancial, a California corporation has caused this Agreement to be duly executed in duplicate as of the Effective Date set forth above.

Task Order 2 Scope of Work  
Facilities Master Plan  
Infrastructure Financing Plan  
for the Woodglen Specific Plan

The objective of this project is to prepare a Facilities Master Plan (FMP) and an Infrastructure Financing Plan (IFP) for the Woodglen Specific Plan (WSP). The WSP provides development requirements for approximately 79 acres of land in the Kiernan-Carver Comprehensive Planning District of Modesto, California. The WSP anticipates build out of 541 single family and multi-family residential units arranged around a central open space. The central open space includes the project's storm water basin and recreational amenities. The open space elements include a 1.2-acre private recreation facility for resident's use, a 1.3-acre landscaped play area for informal public recreation, and a 3.9-acre storm water basin, comprised of a 1.1-acre grassy slope and the 1.9-acre bottom of the basin where the infiltration of storm water would occur. Existing development and uses on the site include agricultural use and a residence with a barn, and associated outbuildings. The site also has existing right-of-ways, which include Bangs to the north, Tully to the east, Pelandale to the south, and Carver to the west. The City of Modesto has been granted easements for expansion of these right-of-ways.

The scope for the FMP is presented first, followed by the IFP scope. The budget and schedule for the entire project follows the task plans. For this task order, MuniFinancial will be subconsulting with Willdan, West Yost and Associates, Carollo Engineers and Aerial Surveys.

## Facilities Master Plan

The primary objective of preparing the FMP for Specific Plan Areas is to provide a document that will describe the public infrastructure needed to support proposed development. Generally, the FMP provides preliminary engineering information to confirm the technical suitability and requirements of the plan's project area. Specifically, the FMP provides critical assumptions for use in the IFP that is prepared in conjunction with the FMP. The primary components of the FMP are as follows:

- ♦ **Project Description:** Limit the level of planning for the project, including the extent of existing improvements and infrastructure and the availability and limitations of those improvements to serve development. Develop project objectives and requirements.
- ♦ **Facilities Plan:** Use existing or new engineering studies and coordination with existing City modeling programs to prepare a plan for major public facilities (water, sewer, drainage, transportation, and others such as parks and public buildings). The types of facilities included in the IFP depend on the type, amount, and location of projected

development and city policy objectives. Identify major engineering constraints and proposed solutions.

- ♦ **Project Mapping:** If need, develop necessary land and infrastructure mapping information to evaluate public facility needs. (Typically, this will be provided by the applicant/developer.)
- ♦ **Prepare Engineering Drawings and Costs:** Prepare 30 percent engineering drawings and costs estimates to describe the facilities needed to serve the project.
- ♦ **Final Report:** Compile a final report including project description, facility plans, engineering drawings, cost estimates, and other needed information.

## **Task 2.1: Prepare Project Description**

*Objective:* Identify project characteristics that will determine public facility needs.

*Description:* Develop limits of the engineering effort for the studies and the plans. Based upon the land use scenarios proposed by the City, prepare a project description for the specific plan area. Include the following items:

- ♦ Limits of the plan area;
- ♦ Land use scenario (see IFP scope of work)
- ♦ Description of storm drainage, domestic water, recycled water, sanitary sewer and other existing infrastructure
- ♦ General infrastructure requirements; and
- ♦ Preliminary lot and roadway patterns.

Much of the work of this task has been developed in the Preliminary Draft Woodglen Specific Plan and the project description will be compatible with the Draft Plan. This effort will focus on identifying and complete the gaps in the plan that must be filled to complete this effort. In addition, in conjunction with preparation of the IFP, confirm the extent of financed facilities to be included in the plan.

*Meetings:* One meeting to kickoff project and develop initial information request.

*Deliverable:* Information requests.

## **Task 2.2: Develop Facility Plan**

*Objective:* Develop a facility plans and costs for sanitary sewer, domestic water, recycled water, storm drainage, streets and roadways and all other facilities or utilities to be included in the IFP.

*Description:* Coordinate with City infrastructure consultants, City staff, other public agencies, project proponent, and other stakeholders as appropriate. Prepare overall map and technical information describing the methodology and identifying the recommended public facility improvements for the project. Compile findings and exhibits for use in final report. For specific facility types, task to include:

**Domestic Water:** We will calculate the water demands for the project and develop a pipe layout that will deliver the required water to the development's users. We will

coordinate with the City's Master Water Modeler, West Yost Associates, to confirm onsite and offsite capacity and supply availability. This documentation will be left with West Yost Associates so that if the project is approved, the City's masterplan may be updated. If the City's existing water system cannot meet the City's minimum water system design criteria with the increased demands, then we will make recommendations for whatever new water supply sources and/or water system infrastructure facilities will be required to mitigate the water system impacts of the project. An estimate of the probable construction cost for the infrastructure required to provide adequate supply. A separate stand-alone report will be prepared to meet the regulatory requirements of SB610.

**Sanitary Sewer:** We will calculate the wastewater demands of the project and provide sufficient data to Carollo Engineers to update the hydraulic model to reflect changes created by the project. If the necessary capacity is not available probable construction cost estimates and a cost allocation report will be included. This documentation shall be left with Carolla so that if the project is approved, the City's mapsterplan may be updated.

**Storm Drainage:** The preliminary Storm drain management proposal envisions a zero discharge concept and no off-site capacity is currently contemplated. Willdan will prepare a refined design concept and facilities plan to implement the project concept.

**Roadway and Transportation:** Develop transportation demand models and evaluate future facility needs. Develop proposed improvements and confirm responsibility of the Specific Plan. Prepare street cross-sections, rights-of-way needs, traffic control system needs (traffic signals, etc.) and other related tasks. Develop alternative transportation systems (Bikeways, transit, etc.) as they relate to the project. Compile findings in a report and exhibit presenting this information for future use.

**Landscaping Plans:** Evaluate specific plan elements and develop general landscape standards in anticipation of preparing 30% drawings. Review proposed elements and identify any inconsistencies or conflicts that may exist.

**Additional infrastructure (Parks, Schools, other utilities):** Develop proposed improvement descriptions and exhibits. Confirm responsibility of the Specific Plan.

*Meetings:* Two meetings.

*Deliverables:* Reports with all of the analysis described above.

### **Task 2.3: Conduct Project Mapping**

*Objective:* Develop mapping for use in preparing facility designs.

*Description:* Develop base topographic mapping from aerial or ground data sufficient to prepare design. Prepare project boundary maps as needed from existing record drawings and documents. Locate and identify existing easements and encumbrances as needed to include such areas in the mapping documentation. Calculate and locate projected property lines, street centerlines, and rights-of-way as needed to prepare required plans. City obtains right of entry onto private property as needed.

*Meetings:* None.

*Deliverable:* None.

## **Task 2.4: Prepare 30 Percent Engineering Drawings and Cost Estimates**

*Objective:* Provide cost estimate of needed public facilities, and inform final design when the project proceeds to construction.

*Description:* Based upon the information from prior tasks, prepare 30 percent construction drawings. Prepare plan and profile sheets at 40 scale for all roadways and utilities. Prepare preliminary intersection designs, particularly major signalized intersections. Prepare preliminary design of major facilities; such as pump stations, wells, or detention/water quality ponds.

Plans will include pipe layouts, infrastructure requirements, street cross-sections, street and pipe profiles, and other related information. Plans will include an estimate of required equipment, equipment layout, signal phasing, intersection geometrics and other related information.

Plans will generally not include the following items:

- ◆ Construction notes;
- ◆ Construction details;
- ◆ Grading plans;
- ◆ Erosion Control and Storm Water Pollution Plans;
- ◆ Construction traffic control;
- ◆ Stripping plans; and
- ◆ Construction specifications

Revise plans and drawings as needed to address deficiencies in the facility plans developed in Task 2. Prepare cost estimates based on quantities identified in design drawings and reasonable unit cost assumptions.

Based on the preliminary Draft Woodglen Specific Plan, the 30% drawings will likely consist of Bangs Avenue, Tully Road, Pelandale Avenue, Carver Road and the central collector road through the project. In addition, on-site core utilities will be included as defined by the City.

*Meetings:* One meeting to review plans, drawings, and cost estimates.

*Deliverable:* Preliminary plans, drawings, and cost estimates.

## **Task 2.5: Final Report**

*Objective:* Communicate the assumptions, methodologies, and results of FMP.

*Description:* Develop recommendations for phasing requirements for backbone facilities needed in advance development. Recommend measures for accommodating future land use changes that vary from those assumed in the analysis.

Prepare administrative draft report for staff comment based on the results of prior tasks. Prepare a public draft for presentation the City Council. Conduct Council presentations.

*Meetings:* Two meetings, one to review administrative draft report and one for Council presentation.

*Deliverables:* Administrative draft report, public draft report, slide presentation.

## Infrastructure Financing Plan

The primary purpose of the IFP is to provide a strategy for the imposition of exactions through the development process to adequately provide for the public facilities and services needed to accommodate the proposed project. The IFP will be based on the FMP prepared for the same project. The primary components of the IFP are discussed below:

- ♦ **Policy Development:** Policies to guide selection of appropriate (1) funding sources and financing mechanisms for public facilities, and (2) levels of service and funding sources for public services.
- ♦ **Land Use Scenario:** A citywide development projection and related real estate market assumptions to estimate the amount and timing of growth.
- ♦ **Public Facility Needs, Costs, and Phasing:** Use the FMP to summarize the cost of public facilities with a focus on backbone infrastructure needs in advance of development.
- ♦ **Public Facility Funding and Financing:** Allocate to new development their fair share of public facility costs. Identify appropriate funding sources and financing mechanisms that enable development projects to fund public facilities.
- ♦ **Implementation:** Assist in formation of financing districts and preparation of impact fee nexus studies.

### Task 2.6: Provide Project Management & Policy Development

*Objective:* Identify and resolve policy issues; ensure the project is completed within budget and on schedule.

*Description:* Identify and resolve policy issues with City staff as they arise throughout the project, for example:

- ♦ Land use scenario assumptions such as:
  - Planning horizon;
  - Land use categories;
  - Project descriptions;
- ♦ Exactions policies related to the development approval process such as:
  - Use of development agreements to increase flexibility;

- Requirements for development projects to “build and dedicate” versus participate in broader funding programs;
- ◆ Funding and financing policies related to:
  - Development’s fair share of public facilities that also serve existing development;
  - Need for benefit zones that are less than citywide;
  - Development of funding sources other than those related to development;
- ◆ Implementation strategies such as:
  - Exemptions, waivers, credits, and reimbursements;
  - Phasing in funding programs to reduce negative economic impacts;
- ◆ The need for the IFP to consider other policy objectives such as affordable housing, job development, and retail attraction.

Includes coordination with city staff and consultants. Keep city staff informed on a regular basis (e.g. monthly conference call) regarding outstanding information needs, unresolved issues, and progress of the project to date.

*Meetings:* One meeting to kickoff project and develop initial information request.

*Deliverables:* Information requests.

## **Task 2.7: Develop Land Use Scenario**

*Objective:* Prepare project area development projection based on development projects under consideration and reasonable estimates of real estate market conditions.

*Description:* Identify existing levels of development for the base year. Develop a market-based land use scenario based on:

- ◆ Descriptions of potential, proposed, and approved development projects to be provided by city staff;
- ◆ Historical development trends and available land supply based on data to be provided by city staff;
- ◆ Regional projections prepared by planning agencies; and
- ◆ Real estate market factors and trends based on site visits, interviews with real estate professionals, and web-based research;

Quantify land use scenario in terms of housing units, building square feet, population, and employment by land use category. Estimate absorption rates based on (1) **short term** absorption associated with backbone infrastructure development; (2) annual average **long-term** absorption for debt financing (typically 20 to 30 years), and (3) **build out**.

Develop economic assumptions such as market property values by land use category, and sales tax generation from commercial projects, for use in subsequent tasks.

*Meetings:* None.

*Deliverable:* Technical memorandum describing land use scenario, methodology, and assumptions.

## **Task 2.8: Develop Financial Model**

*Objective:* Develop a funding and financing strategy for public facilities to ensure a financially feasible plan.

*Description:* Develop a financial model as a tool for development of the financing plan. Key model inputs to include (1) land use scenario developed in the prior task and (2) public facility costs and phasing summarized from the FMP.

Use model to identify appropriate (1) funding sources to fully fund facility costs, and (2) financing mechanisms for facilities needed in advance of available funding. Consider application of existing city impact fee and special district funding sources to development projects as well as implementation of new sources.

Potential **funding sources** include:

- ◆ Impact fees. Evaluate and incorporate as appropriate existing fee revenues and fund balances that are applicable to planned facilities. Develop project-specific fee programs based on a fair share cost allocation methodology as necessary. Incorporate debt financing costs if applicable.
- ◆ Special taxes and assessments. Consider whether annexation to existing special taxes or assessments districts is appropriate. Recommend new special taxes or assessments for the project area as appropriate.
- ◆ Private funding. Incorporate proposed funding from developers such as dedicated facilities and rights-of-way.
- ◆ Public funding. Work with city staff to identify any other available public funding for planned facilities such as property and sales tax increments, utility revenues, asset sales, and state and federal grants.

Potential **financing mechanisms** include:

- ◆ Community Facilities Districts;
- ◆ Special assessment districts;
- ◆ Revenue bonds (e.g. utility enterprise funds);
- ◆ Developer financing (e.g. credits and reimbursements);
- ◆ Lease-purchase (e.g. certificates of participation); and
- ◆ Tax increment bonds (redevelopment project areas).

Estimate the total cost burden on new development for facilities and services in terms of (1) value-to-lien ratios and (2) the rate of annual taxes, charges, and assessments. Use analysis to develop funding and financing strategies and to demonstrate that the proposed financing plan remains within acceptable real estate market and underwriting standards.

Prepare the following tables and charts to communicate the results of this task:

- ◆ Matrices of cost allocations by project and land use category;
- ◆ Matrices of revenue sources and capital projects for short term, long-term, and build out phases of the land use scenarios;
- ◆ Summary of debt issuance by phase;
- ◆ Pro forma cash flow projections; and
- ◆ Financial feasibility tables.

*Meetings:* Two meetings to review preliminary financing plan results.

*Deliverables:* Financing plan matrices and tables for staff review and comment.

## **Task 2.9: Prepare Infrastructure Financing Plan**

*Objective:* Communicate the assumptions, methodologies, and results of IFP.

*Description:* Develop recommendations for implementing the public facility and services funding and financing strategies developed in prior tasks, such as preparation of fee nexus studies, formation of special districts, and development of credit and reimbursement programs. Recommend measures for accommodating future land use changes that vary from those assumed in the analysis.

Prepare administrative draft report for staff comment based on the results of prior tasks. Prepare a public draft for presentation the City Council. Conduct Council presentations.

The IFP will include the following chapters:

1. Public Facility and Services Planning and Financing Policies.
2. Land Use and Market Analysis.
3. Public Facilities Funding and Financing Plan.
4. Fiscal Impact and Public Services Funding Plan.
5. Implementation Program.

*Meetings:* Two meetings, one to review administrative draft report and one for Council presentation.

*Deliverables:* Administrative draft report, public draft report, slide presentation.

## **Task 2.10: Support Community Facilities District Formation**

*Objective:* Provide special tax consulting services to support formation of community facilities district (CFD).

*Description:* This task will have the following subtasks:

1. **Rate and method of apportionment:** Develop debt financing assumptions and criteria, including adopted City financing policies, costs of issuance, and overlapping debt. Use results of prior tasks to develop special tax schedule based on pro forma cash flow analysis.
2. **Public hearing report:** Prepare public hearing report in compliance with statute, including: (a) description, costs, and estimated construction date of proposed

facilities, (b) estimates of bond issuance costs, (c) projected bonded indebtedness and issuance dates, and (d) explanation of special tax schedule and projected rates by parcel.

3. **Bond issuance support:** Conduct final calculations and prepare tables for (a) special tax coverage, (b) value-to-lien ratios, (c) overlapping debt, and (d) effective tax rate schedules by parcel to include in Preliminary Official Statement (POS) and Official Statement (OS). Provide signed Special Tax Consultant Certificate. Review and comment on draft POS and OS.

*Meetings:* Three meetings: one to discuss preliminary pro forma analysis and rate and method of apportionment, one for adoption of the resolution of intention, and one for the public hearing.

*Deliverable:* (1) Rate and method of apportionment (draft and final); (2) public hearing report (draft and final); and (3) tables for POS and OS.

## Budget

The following table provides the level of effort and budget by task for the scope of services described above. This budget includes up to 14 on-site meetings, six associated with the FMP and eight associated with the IFP. Conference calls are not considered meetings for the purposes of this budget.

## Modesto Woodglen Specific Plan FMP/IFP Budget

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 764**

**A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007 OPERATING BUDGET TO CREATE A MULTI-YEAR ACCOUNT (2900-020-0264) AND APPROPRIATING \$568,230, FUNDED BY FITZPATRICK LAND DEVELOPMENT, A LIMITED LIABILITY COMPANY, FOR THE PREPARATION OF A FACILITIES MASTER PLAN, INFRASTRUCTURE FINANCE PLAN, AND FOR FORMATION OF A COMMUNITY FACILITIES DISTRICT FOR THE WOODGLEN SPECIFIC PLAN AREA**

WHEREAS, the Woodglen Specific Plan Area is in need of a Facilities Master Plan (“FMP”), and Infrastructure Finance Plan (“IFP”) to plan for necessary facilities and associated costs for buildout of that specific plan area, and

WHEREAS, on October 24, 2006 by Resolution No.2006-654, the Council of the City of Modesto approved a Master Professional Services Agreement for Consultant Services (“Agreement”) with MuniFinancial, a California corporation, for the preparation of FMPs, IFPs, technical studies and related on-call services as assigned by City, and

WHEREAS, on December 12, 2006 by Resolution No.2006-763, the Council of the City of Modesto approved Task Order No. 2 to the Agreement for the preparation of a FMP, IFP, and for formation of a Community Facilities District (“CFD”), and

WHEREAS, on December 12, 2006 by Resolution No.2006-762, the Council of the City of Modesto approved an Advanced Funding Agreement between the City and Fitzpatrick Land Development, a Limited Liability Company (“Applicant”), and

WHEREAS, Applicant has deposited with the City the amount of FIVE HUNDRED SIXTY-EIGHT THOUSAND TWO HUNDRED THIRTY AND 00/100 DOLLARS (\$568,230) to fund the costs for the Project and provide for reimbursement as appropriate, and

WHEREAS, additional deposits will be provided by Applicant, as required by the City and as necessary to fund Task Order No. 2, and

WHEREAS, the City will issue Notices to Proceed to the City's Consultant only for those subtasks for which the Applicant has deposited funds,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2006-2007 operating budget to create a multi-year account for the preparation of the Woodglen Specific Plan Area Facilities Master Plan and Infrastructure Finance Plan and appropriates \$437,100 to 2900-020-0264-0235 for professional services and \$131,130 to 2900-020-0264-0255 for city services.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant,  
Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 765**

**A RESOLUTION APPROVING A STANDARD AGREEMENT FOR  
CONSULTANT SERVICES WITH PRECISION INSPECTION COMPANY, INC.  
FOR PLAN CHECK SERVICES AND BUILDING PERMIT INSPECTIONS, IN  
AMOUNT NOT TO EXCEED \$150,000; AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AGREEMENT.**

WHEREAS, the volume of plan checks and building inspections has continued to grow over the last several years, and

WHEREAS, staffing shortages exist in the plan review area, and

WHEREAS, the target time set for plan review is 10 working days for tenant improvement plans and residential plans and 15 working days for commercial plans, and

WHEREAS, the City had sent commercial plans to Harris & Associates for plan review, and

WHEREAS, the increase in the plan review workload could not be absorbed by Harris & Associates and meet the target time for plan reviews, and

WHEREAS, by Resolution No. 2006-016, the City entered into an Agreement with Precision Inspection Company, Inc. on January 10, 2006 in the amount of \$75,000, to assist in conducting plan check services and building permit inspections, and

WHEREAS, said Agreement includes a provision for building inspectors as may be required.

WHEREAS, by Resolution No. 2006-240, the original agreement was amended on April 25, 2006, to accommodate the needs of the Parks, Recreation and Neighborhoods Department, and

WHEREAS, the original agreement with the Community and Economic Development Department in the amount of \$75,000 has been reached, and

WHEREAS, the need for plan check services and building permit inspections by Precision Inspection Company, Inc. is on-going, and

WHEREAS, the Community and Economic Development Department desires to enter into a new Standard Agreement for future services in an amount not to exceed \$150,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Standard Agreement for Consultant Services with Precision Inspection Company, Inc. for plan check services and in conducting building permit inspections in an amount not to exceed \$150,000.

BE IT FURTHER RESOLVED by the Council that the City Manager, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 766**

**A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007  
COMMUNITY & ECONOMIC DEVELOPMENT  
DEPARTMENT POSITION ALLOCATION TO TRANSFER  
AND REALLOCATE ONE (1) OFFICE SUPERVISOR IN THE  
PLANNING DIVISION TO AN EXECUTIVE SECRETARY IN  
THE ADMINISTRATION DIVISION, AND ONE (1)  
ADMINISTRATIVE OFFICE ASSISTANT (CONFIDENTIAL)  
IN THE ADMINISTRATION DIVISION TO A SENIOR  
ADMINISTRATIVE OFFICE ASSISTANT (CONFIDENTIAL)  
IN THE PLANNING DIVISION.**

WHEREAS, the Community and Economic Development Department is the only department that does not have an Executive Secretary to support the Department Director, and

WHEREAS, the Department Director is currently supported by an Administrative Office Assistant III (Confidential), and

WHEREAS, the Acting Department Director identified the need for an Executive Secretary in order to provide the level of support required by the Director position, and

WHEREAS, the job description of an Administrative Office Assistant III (Confidential) limits the scope of work that can be performed, and

WHEREAS, the job description for an Executive Secretary allows for a much broader scope of work, which will allow for the greater level of support that is required at the Department Director level, and

WHEREAS, the department reviewed the organizational structure to evaluate how the department can accommodate the need for an Executive Secretary with minimal or no fiscal impact, which revealed the vacant Office Supervisor position in the Planning Division, and

WHEREAS, this position, which became vacant as a result of a retirement in September 2006, managed the clerical support staff for the Planning Division, and

WHEREAS, the department conducted an internal assessment of the functions of the Office Supervisor position and determined that with some revision of duties, the Senior Administrative Office Assistant (Confidential) classification would provide the necessary level of support while providing a salary savings to be used for the Executive Secretary position, and

WHEREAS, at the recommendation of the Deputy Personnel Director, the decision was made to transfer the two positions between divisions and then request the reallocation of each, and

WHEREAS, this approach required that the Clerical Review Committee review only one of the allocations, the Senior Administrative Office Assistant (Confidential), prior to Council approval and allows the allocation of the Executive Secretary upon Council approval alone,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2006-2007 Community and Economic Development Department position allocation to transfer one (1) Office Supervisor position from the Planning Division to the Administration Division and reallocate the position to an Executive Secretary, and to transfer one (1) Administrative Office Assistant (Confidential) position from the Administration Division to the Planning Division and reallocate the position to a Senior Administrative Office Assistant (Confidential).

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO: 2006 - 767**

**A RESOLUTION ACCEPTING THE ANNUAL REPORT FOR THE FISCAL  
YEAR ENDING JUNE 30, 2006 FOR THE REDEVELOPMENT AGENCY OF  
THE CITY OF MODESTO.**

WHEREAS, pursuant to Health & Safety Code Section 33080 et seq., the Redevelopment Agency is required to submit to the City Council an Annual Report for review and consideration and possible action, prior to December 31<sup>st</sup> of each calendar year, containing the following documents:

1. State Controller's Report
2. Housing and Community Development Report
3. Blight Progress Report
4. Loan Report
5. Property Report
6. Statement of Indebtedness

which are attached hereto as **Exhibit "A"**, and made a part hereof by this reference, and then the report is forwarded to the State Controller, and

WHEREAS, pursuant to Health & Safety Code Section 33080 et seq., the Redevelopment Agency is required to present the Annual Report to its legislative body, and

WHEREAS, the legislative body is defined in Health & Safety Code Section 33007 as the City Council, and

WHEREAS, said Annual Report was approved by the City Council at its regular meeting on December 12, 2006,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Annual Report for the Redevelopment Agency of the City of Modesto for the Fiscal Year ending June 30, 2006 is hereby accepted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following votes:

Please provide a description of the agency's activities/accomplishments during the past year.

*(Please be specific, as this information will be the basis for possible inclusion in the publication.)*

Activity Report

**RDA Master Plan & EIR:** The Master Plan and Environmental Impact Report (EIR) are being updated and will provide policy guidelines and goals for land uses and project concepts. An administrative draft of the Master Plan has received great public input through a series of public meetings. The approval of the Master Plan and EIR update should be completed by Spring 2007.

**Downtown Signs:** Various downtown wayfinding signs were under construction by the end of the FY 04-05. The installation of the signs was complete by July 2006.

**Gallo Center for the Arts:** Construction is well underway on the center's 1,200 seat theatre, 400 seat theatre and art gallery. The project will receive RDA assistance by way of street, streetscape and traffic signal improvements. Completion is anticipated in late 2007.

**Kansas Woodland Business Park:** The environmental, traffic and water studies and assessments are ongoing for the 45 acre brownfield parcel. The subdivision map, and EIR are nearing completion and construction could begin in summer 2007.

**17th & G Tower Park Affordable Housing:** The RDA negotiated a purchase agreement with the City for a decommissioned park for the development of an affordable housing project. The project should be complete and available to the public by late 2008.

**10th & H Mixed-Use:** A mixed-use project including housing, parking, hotel and

<b>Achievements</b>
<b>Description</b>

 **DRAFT**

**# 3 - # 5 Blight Progress Report, Loan Report  
and Property Report**

***FY 2006***  
***MODESTO REDEVELOPMENT AGENCY***

***HEALTH AND SAFETY CODE §33080.1***

- ***ALLEVIATION OF BLIGHT***
- ***LOAN DEFAULT REPORT***
- ***PROPERTY LISTING***

I. HEALTH AND SAFETY CODE §33080.1(d)

**ALLEVIATION OF BLIGHT**

The Modesto Redevelopment Agency's goal is to stimulate new public and private investment in order to overcome the problems that have been created in past decades. Through new investment, both the physical and social environment of the project area will be improved. Private investment, with the assistance of the Agency, will help to:

- Overcome blight created by deteriorated and obsolete buildings
- Stabilize land uses
- Provide needed public parking
- Create new parcels amenable to modern development.

Employment opportunities, both in the short and long term, will help to overcome problems of poverty not only in the Project Area, but also in the City as a whole. Increased employment opportunities, appropriate project design and, most importantly, higher levels of activity in the Project Area --- especially in the evenings --- will decrease the crime rates.

During FY 2006, the Redevelopment Agency of the City of Modesto completed the following actions to implement the objectives of the Implementation Plan in alleviating blight within the Project Area. (Note: The Agency's Implementation Plan was approved in December 2005 for the period of 2005-2009.)

Vision

- Modesto's parks, plazas, and greenways contribute to a public realm that provides an attractive, inviting "Oasis in the Valley."
- Modesto's unique history and character are preserved to make the city a pleasant place to live, and are actively promoted to attract new investment.
- The downtown is a vibrant mixed-use area with an established residential element.
- Transportation opportunities are multi-modal and well-connected throughout the Redevelopment Area, city, and region

Goals

**Goal 1**

Create a unique and recognizable image for Modesto and use it to strenuously promote the City.

**Agency Actions:**

**Project: Update to the Agency Master Plan and Environmental Impact Report**

**Agency Expenditure: \$425,000**

**Status: Final Administrative Draft Completed: July 2006**

**Environmental Impact Report – Spring 2007**

In November 1991, the Redevelopment Agency (RDA) adopted the Amended Project Area and the Redevelopment Plan for a Project Area of approximately 2000 acres. As a part of this Project Area adoption, an Environmental Impact Report (EIR) was approved in accordance with the State law. Subsequent to these actions, in 1994, a RDA Master Plan was also adopted to implement the

2. Agency has paid an option payment of \$50,000 concurrent with the completion of the Property Option Agreement in consideration for the exclusive right to purchase the property
3. When the Agency elects to exercise the Property Option, the Agency will pay an Exercise Option payment of \$50,000. Both option payments (Total of \$100,000) will be applied to the purchase price.

Since January 2000, the Agency has expended a total of \$1,000,000 in staff costs to complete this priority project. Staff is working concurrently on the following critical path items:

- Developer Agreement (DA) and revisions to the Property Option Agreement to develop the business park adjacent to State Route 99
- Completion of the Comprehensive Remedial Action Plan for soils and groundwater for remediation of the brownfield
- Completion of the Specific Plan for development of the Business Park
- Completion of the Tentative Subdivision Map for the Business Park
- Completion of the Programmatic Environmental Impact Report for the Specific Plan

**Project: Renaissance Office Project - 12<sup>th</sup> Street & I Street**  
**Agency Expenditure: \$132,000 Tax Increment rebate over 15 years**  
**Status: Completed – June 2006**

The Agency entered into an Owner Participation Agreement (OPA) with Westland Development in September 2002. The OPA included the following conditions:

1. The City sold a 44-space City parking lot to Stanislaus County for \$245,000
2. Westland entered into an agreement with Stanislaus County wherein the County will construct a 90,000 square foot building and the ownership will be divided between three entities: (1) County – 50%; (2) StanCERA – 17% (3) Westland – 33%
3. There is an adjoining parking garage, constructed and owned by the County, wherein approximately 50 public spaces are replacing the 44-space public parking lot
4. Over 15 years, the Agency will rebate tax increment received from the private sector portion of the building for a total of \$132,000 over 15 years. This rebate will be used to offset the parking payments to the County for the public spaces.

### **Goal 3**

Implement higher density, mixed-use development to create a balanced, vibrant downtown and active neighborhood centers.

### **Agency Actions:**

**Project: Gallo Center for the Arts**  
**Agency Expenditure: \$602,000**  
**Status: Estimated Completion - Fall 2007**

The Gallo Center for the Arts is a \$31 Million project under construction in the block between 10th and 11th Streets and H and I Streets in downtown Modesto. The center will feature a 1,200-seat theater, a 400-seat theater and art gallery. Though construction will be primarily funded by contributions from the community and Stanislaus County, the Agency approved using \$602,000 in tax increment revenue for construction/replacement of such public improvements as deteriorated curb, sidewalks and streetlights, new street trees and street reconstruction.

**Goal 5**

Develop a variety of housing types in the Redevelopment Area, including affordable housing, particularly in the downtown, to act as a catalyst for other types of development.

**Agency Actions:**

**Project: Affordable Housing Project – 17<sup>th</sup> & G Streets**

**Agency Expenditure: \$4,470,190**

**Status: Agency to purchase City of Modesto park site for project**

**Current Fiscal Status of Housing Set-aside Funding: \$4,470,190 (as of July 1, 2006)**

Downtown housing is the final link in the Agency's redevelopment chain of success. The Agency is required to allocate 20% of our annual tax increment revenues for Housing Set-aside funds to provide affordable housing within the Agency Target Area and throughout Modesto. Knowing that affordable downtown housing is a major objective of the Agency, the Agency staff has been exploring several housing development opportunities. At the direction of the Agency, the Housing Set-aside funds have been accumulating over the past three years with the goal of assisting with a downtown affordable housing project.

The Agency staff has worked closely with the staff from the Parks, Recreation and Neighborhoods Department to identify joint affordable housing projects. On May 10, 2005, the City Council declared the "Tower Park" parcel as surplus to the City's needs and directed staff to offer the parcel for sale in accordance with the Government Code. Tower Park is located at the northwest corner of 17<sup>th</sup> & G Streets in Modesto. The Agency was notified of the parcel sale on May 16, 2005. The Agency completed negotiations with the City to acquire the Park site for affordable housing.

Escrow is expected to close by December 1, 2006. The Agency staff will partner with the City to combine Community Development Block Grant (CDBG) funding and other affordable housing funding for this proposed project. In addition to Agency and CDBG funding, there will be private sector funding from the developer selected to construct the project. The Agency will be distributing a Request for Proposal to select a private sector developer to construct and take ownership of this housing project. Estimated Housing Units: 40

**Goal 6**

Enhance the visual appeal of Modesto's public spaces by upgrading existing parks, plazas, and streets, and by creating new parks and plazas that offer public access.

**Agency Actions:**

**Project: Tuolumne River Regional Park**

**Agency Expenditure: Expense Paid By Private Developers**

The Tuolumne River is the foremost natural asset bordering in the Redevelopment Project Area. The City of Modesto has adopted a Master Plan for the development of this valuable open space. Bluff property overlooking the park should be investigated as a site for a regional educational and recreational facility oriented primarily to children and families.

**II. HEALTH AND SAFETY CODE §33080.1(e)**

**REPORT ON ALL LOANS IN DEFAULT**

The Modesto Redevelopment Agency has no loans in excess of \$50,000 that are in default from the previous fiscal year or that are not in compliance with the terms of the loan approved by the Agency.

**III. HEALTH AND SAFETY CODE §33080.1(f)**

**PROPERTY LISTING**

**No Acquisitions or Dispositions completed in 2006**

The Modesto Redevelopment Agency did not acquire or sell any property in FY 2006.

# CALCULATION OF AVAILABLE REVENUES

AGENCY NAME MODESTO REDEVELOPMENT AGENCY

PROJECT AREA MODESTO REDEVELOPMENT PROJECT - AMENDED AREA

TAX YEAR 2006-07

RECONCILIATION DATES: JULY 1, 2004 TO JUNE 30, 2005

1. Beginning Balance, Available Revenues (See Instructions)	\$	-
2. Tax Increment Received - Gross All Tax Increment Revenues, including any Tax Increment passed through to other local taxing agencies	\$	<u>4,464,562.64</u>
3. All other Available Revenues Received (See Instructions)	\$	<u>-</u>
4. Revenues from any other source, included in Column E of the Reconciliation Statement, but not included in (1 - 3) above	\$	<u>73,279.00</u>
5. Sum of Lines 1 through 4	\$	<u>4,537,841.64</u>
6. Total amounts paid against indebtedness in previous year. (D + E on Reconciliation Statement)	\$	<u>4,537,841.64</u>
7. Available Revenues, End of Year (5 - 6)	\$	<u><u>-</u></u>

FORWARD THIS AMOUNT TO STATEMENT OF INDEBTEDNESS

## NOTES

### Tax Increment Revenues:

The only amount(s) to be excluded as Tax Increment Revenue are any amounts passed through to other local taxing agencies pursuant to Health and Safety Code Section 33676. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

### Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line 4 above in order to accurately determine ending "Available Revenues".

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 768**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF  
MODESTO AND PACIFIC MUNICIPAL CONSULTANTS FOR PLANNING  
SERVICES IN AN AMOUNT NOT TO EXCEED \$180,000 AND AUTHORIZING  
THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City has determined that there exists an increase in workload associated with various complex applications and technical reviews in the City's current and advanced planning work programs for the Community and Economic Development Department, and

WHEREAS, these applications and technical reviews should be conducted in a well-coordinated, thorough and timely manner, and

WHEREAS, to assist with this workload, the City desires that Pacific Municipal Consultants perform a range of services required of current planning staff including, but not limited to, the processing of development applications and tentative maps, interpreting and applying environmental quality laws and regulations, preparing environmental assessments, preparing technical studies, writing and presenting staff reports and responding to public inquiries, and

WHEREAS, City staff recommends that Pacific Municipal Consultants be hired to provide municipal planning services associated with processing of complex applications and technical reviews because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, City staff anticipates the work will be ongoing and will involve an amount not to exceed \$180,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement between the Pacific Municipal Consultants to provide planning services in an amount not to exceed \$180,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant,  
Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 769**

**A RESOLUTION AUTHORIZING THE ISSUANCE OF A REQUEST FOR BIDS  
FOR PERSONAL PROTECTIVE EQUIPMENT, FOR A TWO (2) YEAR  
AGREEMENT, AT AN ESTIMATED ANNUAL COST OF \$100,000.00.**

WHEREAS, personal protective equipment is paramount to the well being of line personnel, and

WHEREAS, this equipment includes turnout pants and jackets, structure boots, hoods, helmets, gloves, self-contained breather equipment, EMS gloves, etc., and

WHEREAS, the City provides personal protective equipment to line personnel at the time of hire, and

WHEREAS, that equipment is then replaced when it no longer meets standards for said equipment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that issuance of a request for bids for personal protective equipment is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 770**

**A RESOLUTION TO SUPPLEMENT MILITARY PAY AND CONTINUE HEALTH INSURANCE FOR UP TO TWENTY-FOUR (24) MONTHS FOR EMPLOYEES CALLED TO ACTIVE DUTY FOR NATIONAL DEFENSE BEFORE JANUARY 1, 2009.**

WHEREAS, in the wake of the September 11<sup>th</sup> terrorist attack on America, four (4) City employees have already been called into active duty, and

WHEREAS, on November 20, 2001, the City Council adopted Resolution 2001-592 extending pay and benefits for twelve (12) months for Reservists called into active military duty, and

WHEREAS, on January 7, 2003, the City Council adopted Resolution 2003-03 extending pay and benefits for months two (2) through twenty-four (24) for Reservists called into active military duty, to sunset on January 1, 2005, and

WHEREAS, on December 7, 2004, the City Council adopted Resolution 2004-636 extending pay and benefits for months two (2) through twenty-four (24) for Reservists called into active military duty, to sunset on January 1, 2007,

WHEREAS, the City now desires to extend the benefit of supplementing military pay and continuing health insurance for employees called to active duty for up to twenty-four (24) months, and

WHEREAS, the City has identified ten (10) regular City employees who are Reservists and who could be called into active duty.

NOW, THEREFORE, BE IT RESOLVED by the City Council that the City will pay the difference between an employee's base City salary and the employee's military pay including all military allowances and/or premiums (if the base City salary exceeds the military pay).

BE IT FURTHER RESOLVED, that the City will pay the same contribution towards an employee's health, dental and vision premiums for an employee called into active duty that it was paying at the time the employee was called up, excluding in-lieu deferred compensation payments.

BE IT FURTHER RESOLVED, the City will continue the benefits outlined in this Resolution for up to twenty-four (24) months for employees remaining in active duty and called into such duty before January 1, 2009.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 771**

**A RESOLUTION APPROVING AN AGREEMENT WITH HARRIS & ASSOCIATES FOR CONSTRUCTION MANAGEMENT SERVICES FOR CONSTRUCTION OF THE SYLVAN AVENUE PEDESTRIAN OVERCROSSING IN THE AMOUNT OF \$210,620, AND AUTHORIZING THE DISTRICT ADMINISTRATOR, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, on October 24, 2006, by Resolution 2006-678, the City Council awarded a construction contract in the amount of \$1,556,375.00 to MCM Construction, Inc., to construct the Sylvan Avenue Pedestrian Overcrossing, and

WHEREAS, the Village One Facilities Master Plan was updated in May 2003 and contains a prioritization list for construction projects which contains all of the infrastructure projects that remain to be built in Village One, including the Pedestrian Overcrossing, and

WHEREAS, the Pedestrian Overcrossing will serve the James C. Enochs High School, and is among the improvement projects in the Village One Priority 1 list, and

WHEREAS, the Sylvan Avenue Pedestrian Overcrossing is a specialized project that will require augmentation of the City's capacity to provide construction management and inspection, and

WHEREAS, a construction management firm specializing in bridge construction has been selected to assist staff with this project, and

WHEREAS, the selection for construction management services specifically for the Sylvan Avenue Pedestrian Overcrossing project followed the City's selection procedures for professional consultants as outlined in Administrative Directive 3.1 of which three firms responded with a proposal for services, and

WHEREAS, the Selection Committee reviewed the proposals submitted and held interviews with each of the three firms, and recommended that negotiations begin with Harris & Associates, and

WHEREAS, Harris & Associates includes a staff of specialists experienced in all aspects of public works' project management, design, and construction management for federal, state, county, municipal, and special district agencies, and

WHEREAS, construction management services to be provided by Harris & Associates include 1) Implementation of Management Information System, 2) Conduct Weekly Meetings, 3) Issues Management, 4) Schedule Compliance, 5) Cost Control, 6) Change Orders, 7) Dispute Resolution, 8) Quality Control/Inspection, 9) Public Relations, 10) Progress Payments, 11) Site Safety, 12) Records Maintenance, 13) Final Inspection, and 14) Project Completion Report, and

WHEREAS, Harris & Associates was deemed the most qualified to assist the District in providing construction management services, and

WHEREAS, City staff recommends the District execute an Agreement with Harris & Associates in the amount of \$210,620 for construction management services of the Sylvan Avenue Pedestrian Overcrossing project, and

WHEREAS, the current budgeted amount of \$210,620 for the Agreement is available in the CIP Account 2691-020-Q310 "Pedestrian Overcrossing" to cover the cost for these services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between City of Modesto Communities Facilities District and Harris & Associates for construction management services of the Sylvan Avenue Pedestrian Overcrossing project in the amount of \$210,620.

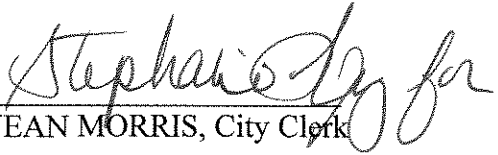

BE IT FURTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 -772**

**A RESOLUTION APPROVING A UTILITY POLE RELOCATION AGREEMENT WITH MODESTO IRRIGATION DISTRICT (MID) FOR THE RELOCATION OF ELECTRIC UTILITY POLES LOCATED AT FLOYD AVENUE AND ROSELLE AVENUE IN THE AMOUNT OF \$146,472, AND AUTHORIZING THE DISTRICT ADMINISTRATOR, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, on October 12, 2004, by Resolution 2004-541, the City Council approved CIP Project #A114 “Roselle and Floyd Intersection Control Road Widening” as part of the City’s Capital Improvement Program, which included ROW acquisition, design, construction, construction administration, and contingency for the roadway improvements on Roselle Avenue between Belharbour and Floyd, and

WHEREAS, there are poles carrying high voltage that require relocation for the road-widening project, and

WHEREAS, in order for the contractor to complete the improvements, the electric utility poles at the intersection of Floyd Avenue and Roselle Avenue must be relocated, and

WHEREAS, the Modesto Irrigation District is only able to accomplish this work during the winter months due to lower electrical demands, and

WHEREAS, once the poles are relocated, the City roadway contractor will be able to begin construction, and

WHEREAS, bidding and award of contract for roadway improvements are scheduled for this winter, and

WHEREAS, utility pole relocation is necessary in order to construct the intersection at Floyd Avenue and Roselle Avenue per the approved Village One Facilities Master Plan, and

WHEREAS, the current budgeted amount of \$146,472 for the Agreement is available in the CIP Account 2691-020-A114 "Roselle and Floyd Intersection Control Road Widening" to cover the cost for these services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement between City of Modesto Communities Facilities District and Modesto Irrigation District (MID), for the relocation of electric utility poles located at Floyd Avenue and Roselle Avenue in the amount of \$146,472.

BE IT FURTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 773**

**A RESOLUTION AUTHORIZING THE PURCHASING MANAGER TO ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE “REPAINTING OF STREET LIGHT STANDARDS, BASES, AND MAST ARMS,” PROJECT FOR THE PUBLIC WORKS DEPARTMENT-TRAFFIC ENGINEERING & OPERATIONS SECTION FOR A TWO-YEAR AGREEMENT WITH THREE ONE-YEAR EXTENSION OPTIONS AT THE SOLE DISCRETION OF THE CITY, FOR AN ESTIMATED ANNUAL COST OF \$20,000**

WHEREAS, the Public Works Department-Traffic Engineering & Operations Section requests the repainting of street light standards, bases, and mast arms, and

WHEREAS, the City Electrical Unit currently maintains approximately 1,500 painted street light standards within five areas of Modesto, and

WHEREAS, approximately 300 street light standards are painted each year, and

WHEREAS, this routine maintenance is required to treat the faded paint and to maintain the integrity of the street light standards, and

WHEREAS, repainting services shall be contracted, since there is no staff available to provide this type of work, and

WHEREAS, by issuing a formal Request For Bids (RFB), the City will achieve the best value for the repainting of street light standards, bases, and mast arms, and

WHEREAS, Modesto Municipal Code MMC Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, the issuance of a formal RFB for the repainting of street light standards, bases, and mast arms conforms to this code, and

WHEREAS, funds are budgeted and available in Account Number 0700-160-1612-0235, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the “Repainting of Street Light Standards, Bases, and Mast Arms,” project to be opened in the Office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After bids are opened, they shall be tabulated and analyzed by the Purchasing Division, along with representatives from the Public Works Department-Traffic Engineering & Operations Section, and a report submitted to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006 - 774**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS, AWARDING THE BID, AND APPROVING A \$154,021 CONSTRUCTION CONTRACT FOR LIGHTED CROSSWALKS AT FOUR LOCATIONS WITH APPLGATE JOHNSTON, INC., FOR THE PROJECT ENTITLED "INSTALLATION OF LIGHTED CROSSWALKS: ORANGEBURG AVENUE AT NELSON AVENUE, COFFEE ROAD AT ATHENS AVENUE, PRESCOTT ROAD AT HETCH HETCHY, AND TULLY ROAD AT HETCH HETCHY," AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, City staff has reviewed the plans and specifications for the project entitled, "Installation of Lighted Crosswalks: Orangeburg Avenue at Nelson Avenue, Coffee Road at Athens Avenue, Prescott Road at Hetch Hetchy, and Tully Road at Hetch Hetchy," and recommends approval to the City Council, and

WHEREAS, this project will install lighted crosswalks at the following four locations:

1. Orangeburg Avenue at Nelson Avenue
2. Coffee Road at Athens Avenue
3. Prescott Road at Hetch Hetchy
4. Tully Road at Hetch Hetchy, and

WHEREAS, the bids received for the "Installation of Lighted Crosswalks: Orangeburg Avenue at Nelson Avenue, Coffee Road at Athens Avenue, Prescott Road at Hetch Hetchy, and Tully Road at Hetch Hetchy" project were opened at 11:00 a.m. on October 31, 2006, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$154,021, received from Applegate Johnston, Inc., be accepted as the lowest responsible bid, and the contract be awarded to Applegate Johnston, Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the “Installation of Lighted Crosswalks: Orangeburg Avenue at Nelson Avenue, Coffee Road at Athens Avenue, Prescott Road at Hetch Hetchy, and Tully Road at Hetch Hetchy” project.

BE IT FURTHER RESOLVED that the Council accepts the bid of Applegate Johnston Inc., in the amount of \$154,021, and hereby awards Applegate Johnston, Inc., the contract for “Installation of Lighted Crosswalks: Orangeburg Avenue at Nelson Avenue, Coffee Road at Athens Avenue, Prescott Road at Hetch Hetchy, and Tully Road at Hetch Hetchy.”

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant,  
Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 775**

**A RESOLUTION APPROVING AN AGREEMENT CONSENTING TO  
COMMON USE BETWEEN THE MODESTO IRRIGATION DISTRICT (MID)  
AND THE CITY OF MODESTO REGARDING THE EXTENSION OF A  
WESTBOUND LEFT-TURN LANE ON BRIGGSMORE AVENUE AT  
MCHENRY AVENUE, AND AUTHORIZING THE CITY MANAGER OR HIS  
DESIGNEE TO EXECUTE THE AGREEMENT**

WHEREAS, in fiscal year 2004 Congestion Mitigation and Air Quality (CMAQ) grants became available to reduce pollution and improve air quality, and

WHEREAS, on May 3, 2005, by Resolution No. 2005-233, the City Council authorized staff to take this opportunity to capture federal dollars for our local projects, and

WHEREAS, the “Westbound Left-turn Lane Extension on Briggsmore Avenue at McHenry Avenue” project along with other projects were eligible for the CMAQ funds, and

WHEREAS, the westbound left-turn lane extension on Briggsmore Avenue at McHenry Avenue will occupy a portion of MID’s right of way requiring consent of MID,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an Agreement Consenting to Common Use between the Modesto Irrigation District and the City of Modesto regarding the extension of a westbound left-turn lane on Briggsmore Avenue at McHenry Avenue.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 776**

**A RESOLUTION AUTHORIZING STAFF TO SOLICIT REQUEST FOR PROPOSALS (RFP) FOR THE PROJECT TITLED, "TRAFFIC SIGNAL SYNCHRONIZATION PROJECT OUTSIDE DOWNTOWN MODESTO," AND APPOINTING A MEMBER OF THE CITY COUNCIL TO OBSERVE THE PROPOSAL EVALUATION PANEL PROCEEDINGS.**

WHEREAS, in July 2003, staff applied for and was successful in securing federal funding from the Congestion Mitigation Air Quality (CMAQ) grant program for the project titled "Traffic Signal Synchronization Project Outside Downtown Modesto," in the amount of \$309,855, and

WHEREAS, the City's budget will provide \$40,145 in matching funds for the grant, and

WHEREAS, the total project cost is estimated to be \$350,000 and funds are budgeted in "Synchronize Signals Outside Downtown," Account Number 2370-160-E687, and

WHEREAS, a coordinated traffic signal system must be maintained with new baseline data collected every three to four years and the last major signal coordination project was done in 2001, and

WHEREAS, the project involves collecting traffic volume data and retiming 140 existing traffic signals outside downtown Modesto, and

WHEREAS, the Economic Development Committee at their November 13, 2006, meeting concurs with staff's recommendation to consider authorizing staff to solicit Request For Proposals (RFP) for the project titled, "Traffic Signal Synchronization Project Outside Downtown Modesto," and appointing a member of the City Council to observe the proposal evaluation panel proceedings, and

WHEREAS, a staff selection panel appointed by the Public Works Director will review the proposals and recommend negotiations with the best qualified consulting firm, and

WHEREAS, the Mayor will be requested to appoint one Councilmember to serve on the selection panel.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to solicit Request For Proposals (RFP) for the project titled, "Traffic Signal Synchronization Project Outside Downtown Modesto," and appointing a member of the City Council to observe the proposal evaluation panel proceedings.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 777**

**A RESOLUTION APPROVING AN AMENDMENT TO THE CITY OF  
MODESTO 2006-2007 HUD ANNUAL ACTION PLAN AND  
AUTHORIZING, AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE RELATED DOCUMENTS.**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the Modesto City Council, at its May 9, 2006, meeting, by Resolution No. 2006-294, approved the adoption of the 2006-2007 HUD Annual Action Plan, and

WHEREAS, City staff has proposed amendments to the Annual Action Plan, and said proposed amendments are as set forth in **Exhibit "1"** attached hereto and incorporated herein by reference, and

WHEREAS, notice has been duly given to notify the community of proposed amendments to the Annual Action Plan, and to provide a 30-day comment period, which began November 11, 2006, and ended on December 12, 2006, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed changes to the HUD Annual Action Plan at its November 9, 2006, meeting, and the Committee recommended that the City Council approve amendments to the HUD Annual Action Plan as proposed by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on December 12, 2006, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, to consider approval of the proposed amendments to the 2006-2007 HUD Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Amendment to the 2006-2007 HUD Annual Action Plan as presented to the Council is hereby approved, and a copy of said Amendment to the 2006-2007 HUD Annual Action Plan is attached hereto as Exhibit "1" and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to execute any documents with respect to the Amendment to be submitted to the Regional HUD office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2006 - 778**

**A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007 ANNUAL OPERATING BUDGET TO REFLECT APPROVED CHANGES TO THE HUD ANNUAL ACTION PLAN AND AUTHORIZING THE FINANCE DIRECTOR TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE PROVISIONS OF THIS RESOLUTION.**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City Council, at its May 9, 2006, meeting, by Resolution No. 2006-294, approved the adoption of the 2006-2007 HUD Annual Action Plan, and

WHEREAS, since adoption of the Annual Action Plan, staff has determined that changes should be made to programs and services provided to better meet the needs of the citizens of Modesto, and

WHEREAS, these program changes require reallocation of operating budget funds, and

WHEREAS, reallocation of these funds is more fully described on **Exhibit "1"**, and **Attachments B-1 and B-2** attached hereto and incorporated by reference, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed changes to the HUD Annual Action Plan at its November 9, 2006, meeting, and the Committee recommended that the City Council approve amendments to the HUD Annual Action Plan as proposed by staff as well as to approve the budgetary adjustments as recommended by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on December 12, 2006, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010

Tenth Street, to consider approval of the proposed amendments to the 2006-2007 HUD Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2006-2007 Annual Operating Budget is hereby amended to reallocate the Community Development Block Grant (CDBG) as indicated on Exhibit "1" and Attachments B-1 and B-2, attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 779**

**A RESOLUTION AMENDING THE FISCAL YEAR 2006-2007  
FUNDING FOR THE CAPITAL IMPROVEMENT BUDGET TO  
REFLECT APPROVED CHANGES TO THE HUD ANNUAL  
ACTION PLAN AND AUTHORIZING THE FINANCE DIRECTOR  
TO TAKE THE NECESSARY STEPS TO IMPLEMENT THE  
PROVISIONS OF THIS RESOLUTION.**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City Council, at its May 9, 2006, meeting, by Resolution No. 2006-294 approved the adoption of the 2006-2007 HUD Annual Action Plan, and

WHEREAS, since adoption of the HUD Annual Action Plan, staff has determined that additional revenue from prior years' carryover Community Development Block Grant (CDBG) program funds will be available for capital improvement projects, and

WHEREAS, staff recommends that the available funding be programmed for new and existing projects, and

WHEREAS, programming of these funds is more fully described on **Exhibit "1"**, and **Attachments C-1 and C-2**, attached hereto and incorporated by reference, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed changes to the HUD Annual Action Plan at its November 9, 2006, meeting, and the Committee recommended that the City Council approve the amendments to the HUD Annual Action Plan as proposed by staff as well as budgetary adjustments as recommended by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on December 12, 2006, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010

Tenth Street, to consider approval of the proposed amendments to the 2006-2007 HUD Annual Action Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2006-2007 funding for the Capital Improvement Plan Budget is hereby amended to estimate new revenue, appropriate new expenses and reallocate HUD Funds as indicated on Exhibit "1" and Attachments C-1 and C-2, attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**COMMENTS/JUSTIFICATION**

These actions will provide funding for the King-Kennedy Memorial Center Phase II capital project P849. Specifically, funding will come from excess funding in 2 capital projects (King-Kennedy Kitchen/Auditorium and Conant/Rumble Sidewalk Improvements), from a reduction in funding for direct grants originally set aside for economic development, and from the CDBG carryover reserve.

APPROPRIATIONS AS ADOPTED, AND CARRYOVER  
AMOUNTS FROM PRIOR YEAR AND AUTHORIZING THE  
FINANCE DIRECTOR TO TAKE THE NECESSARY STEPS TO  
IMPLEMENT THE PROVISIONS OF THIS RESOLUTION.**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City Council, at its May 9, 2006, meeting, by Resolution No. 2006-294, approved the adoption of the 2006-2007 HUD Annual Action Plan, and

WHEREAS, since adoption of the HUD Annual Action Plan, staff has determined that some adjustments need to be made in order to align the City's budget to the HUD financial system, and

WHEREAS, these changes are shown on **Exhibit "1"** and **Attachments D-1 and D-2**, attached hereto and incorporated by reference, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the proposed changes to the HUD Annual Action Plan at its November 9, 2006, meeting, and the Committee recommended that the City Council approve amendments to the Annual Action Plan as proposed by staff as well as to make the budgetary adjustments as recommended by staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2006-2007 Annual Operating Budget and Capital Improvement Budget are hereby amended to reflect adjustments to the HUD fund as indicated on

Exhibit "1" and Attachments D-1 and D-2, attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 781**

**A RESOLUTION GRANTING PROTRANSPORT-1 MEDICAL TRANSPORT SPECIALISTS A PERMIT TO OPERATE A NON-EMERGENCY TRANSPORT SERVICE IN THE CITY OF MODESTO; AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY DOCUMENTS.**

WHEREAS, ProTransport-1 Medical Transport Specialists has made application to operate in the city of Modesto for non-emergency medical transport, and

WHEREAS, ProTransport-1 Medical Transport Specialists has paid the \$1,000.00 filing fee to cover administrative, investigative and other costs incident to this application and has provided all necessary information as outlined in section 3-9.03 of the Modesto Municipal Code, and

WHEREAS, currently there are three ambulance companies in Modesto that provide non-emergency transport, and

WHEREAS, with the increasing population, it is necessary to provide Modesto citizens more options in this area, especially due to the importance of medical necessity, and

WHEREAS, non-emergency medical transportation is important to the elderly and physical incapacitated citizens of the community, and

WHEREAS, the Modesto Police Department has completed a background investigation regarding ProTransport-1 Medical Transport Specialists, per Modesto Municipal Code Section 3-9.03, and recommends a permit be granted, and

WHEREAS, Pro-Transport-1 Medical Transport Specialists was found to be reputable, maintained excellent equipment, and employed licensed paramedics and emergency medical technicians, and

WHEREAS, ProTransport-1 Medical Transport Specialists will be required to obtain a City of Modesto Business License and pay mil tax on their gross receipts while operating in the city of Modesto, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on December 12, 2006, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, and

WHEREAS, a duly noticed Public Hearing was held at said time and place, at which time evidence, both oral and documentary, was received and considered,

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby grants ProTransport-1 Medical Transport Specialists a permit to operate a non-emergency transport service in the city of Modesto.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of December, 2006, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 782**

**A RESOLUTION APPROVING THE FUNDING OF NON-GENERAL  
FUND SUPPLEMENTAL BUDGET REQUESTS FOR FISCAL YEAR  
2006-07**

WHEREAS, during the FY2006-07 budget process, the City Council decided to defer the consideration of supplemental budget requests until the year-end information was finalized, and

WHEREAS, on November 20, 2006, the Finance Committee reviewed the City Manager's recommendations for non-General Fund supplemental funding of ongoing and one-time requests, as well as requests that were not recommended to move forward, and

WHEREAS, the Finance Committee recommended that the supplemental funding requests be referred to the City Council for approval, and

WHEREAS, on December 12, 2006, the City Council reviewed the requests for supplemental funding

WHEREAS, the City Council excluded and deferred the Airport Fund requests to January 2007, and

WHEREAS, any requests for supplemental funding related to clerical positions, as identified in Attachment A, will need to go through the Clerical Audit Team before the final classification for each position is determined, and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby approves the funding of non-General Fund supplemental budget requests as set forth in Attachment A, and directs that the necessary budgetary adjustments be made for FY2006-07 as designated in said **Attachment "A"** as ongoing

and one-time requests.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2006 - 783**

**A RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO CITY FIRE FIGHTERS ASSOCIATION (MCFFA) FOR A TERM OF DECEMBER 26, 2006 THROUGH DECEMBER 20, 2010.**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto City Fire Fighters Association (MCFFA) expires on December 25, 2006, and

WHEREAS, representatives of the CITY and the MCFFA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, pursuant to an Agenda Report dated November 27, 2006, a copy of which report is on file in the office of the City Clerk, the CITY and MCFFA have reached agreement on a new MOU which, upon execution, shall be **attached** hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. SALARY INCREASES. Across-the-board salary increases shall be effective as follows:

6% effective December 26, 2006  
5% effective December 25, 2007  
3% effective December 23, 2008  
2.5% effective June 23, 2009  
3% effective December 22, 2009  
3% effective June 22, 2010

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS. The CITY'S contribution to employees' Health, Dental and Vision coverage shall be as follows:

## Total Contributions (monthly) – Health &amp; Cafeteria Plan

	<u>1/07</u>	<u>1/08</u>	<u>1/09</u>	<u>1/10</u>
Employee	\$500	\$550	\$600	\$650
Employee + 1	\$850	\$875	\$920	\$970
Family	\$930	\$1035	\$1140	\$1250
Opt Out	\$415	\$435	\$455	\$475

The MOU provides that the CITY'S contribution for Employee coverage shall be equal to 100% of the premium for the lowest priced plan or the amounts as listed above, whichever is greater. The CITY'S contributions shall be processed for payment to CalPERS two (2) payperiods in advance of the effective dates listed above.

SECTION 3. EDUCATIONAL INCENTIVES. Beginning December 26, 2006, various educational incentives will be phased in over a 12-month period. Incentive pays ranging from 1% - 2% shall be granted for Fire Fighter I/II certifications, and from 1% - 4% for Fire Science certification and Fire Officer certifications. Incentive pays ranging from 1% - 5.5% shall be granted for Associates or Bachelor's degrees in Fire Science, Fire Technology, Fire Management or a related field.

SECTION 4. UNIFORM ALLOWANCE. Effective January 1, 2007, uniform allowance shall increase to \$900/year. Effective January 1, 2008, uniform allowance shall increase to \$1020/year.

SECTION 5. FIRE INVESTIGATOR ON-CALL. Effective December 26, 2006, personnel assigned to be on call after work hours and subject to call back for the purpose of conducting fire investigations, shall receive compensation as follows:

	<b>12/26/06</b>	<b>12/25/07</b>	<b>12/23/08</b>	<b>12/22/09</b>
<b>Weekday</b>	\$50.00	\$55.00	\$60.00	\$65.00
<b>Weekend/Holiday</b>	\$75.00	\$82.50	\$90.00	\$97.50

SECTION 6. HOLIDAY CASHOUT. Effective January 1, 2007, employees working in long-term non-shift assignments shall be permitted to cash out their holiday time at time and one-half.

SECTION 7. FIREFIGHTER ALTERNATE DEATH BENEFIT. The CITY shall amend its contract with the California Public Employees' Retirement System (CalPERS) to provide for the Alternate Death Benefit for Local Fire Members Credited with 20 or More Years of Service.

SECTION 8. ADDITIONAL CHANGES. The CITY and MCFFA have reached agreement on a number of additional items including, but are not limited to, compensation for training, experience and educational requirement for Fire Captain, increments of sick leave use, compensatory time off for non-shift schedules, specialty hire obligations, specialty relief assignments, Hazardous Materials and Advanced Life Support program changes and Bid System. The parties have agreed to implement physical fitness standards based on the International Association of Fire Fighters criteria and to implement a 401 (a) Deferred Compensation plan for deposit of employees' leave pay outs upon retirement from City service.

WHEREAS, the Council considered this matter at its meeting of December 12, 2006,

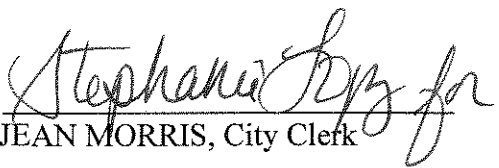

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Memorandum of Understanding (MOU) between the City of Modesto and the Modesto City Fire Fighters Association (MCFFA), which covers a term from December 26, 2006 through December 20, 2010, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of December, 2006, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:
