Impacts to urban design and visual quality are analyzed on pages III-101 through III-103 of the Supplemental EIR. The development proposed by this precise plan is consistent with the Village One Specific Plan in terms urban design. Therefore, the impacts to urban design and visual quality of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**H. Geology and Soils**

Impacts to geology and soils are analyzed by the Supplemental EIR on pages III-105 through III-108. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to geology and soils of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**I. Hydrology**

Hydrology impacts are analyzed on pages III-109 through III-119 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to hydrology of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**J. Public Services**

Impacts to public services are analyzed on pages III-121 through III-158 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to public services of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**K. Fiscal Impacts**

Fiscal impacts are analyzed on pages III-159 through III-160 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the fiscal impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**L. Cumulative Impacts**

Cumulative impacts are analyzed on page III-161 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the cumulative impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**M. Growth Inducing Impacts**

Growth inducing impacts are analyzed by the Supplemental EIR on page III-161. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the growth-inducing impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**IV. ANALYSIS OF CONFORMANCE WITH SECTION 15182 FINDINGS**

- A. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there have been no substantial changes with respect to the circumstances under which this project is being undertaken which will require major revisions in the Village One Program EIR.

- B. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available

The Village One Program EIR was certified by the Modesto City Council on September 11, 1990, and the Supplemental EIR was certified on May 24, 1994. Since then, there is no new information, which was not known at the time the Program EIR was certified, has become available, that would change the conclusions of the EIR.

**V. MITIGATION MEASURES**

Since the project is within the scope of the Village One Specific Plan Program EIR, there are no additional mitigation measures needed for the project. All feasible mitigation measures set forth in the Program EIR which are appropriate to the project shall be incorporated in the project.

**VI. CONCLUSIONS/DETERMINATIONS OF FINDINGS**

1. The proposed Specific Plan Amendment is consistent with the Modesto Urban Area General Plan.

2. As per Sections 15168 (c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, the project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
3. The project will have no new effects which were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
4. There are no substantial changes proposed in the project which will require major revisions of the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
5. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
6. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.
7. There are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Program EIR will be sufficient for this project.
8. All feasible mitigation measures set forth in the Program EIR which are appropriate to the project shall be incorporated in the project.
9. The Initial Study, Environmental Assessment No. EA/ET 2001-30, provides the substantial evidence to support findings 2-8 noted above.

Sr. Civil Engineer

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-300**

**A RESOLUTION ACCEPTING THE WORK BY MAGNUM ENTERPRISES, INC., FOR THE "MODESTO FIRE STATION NO. 11" PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$1,722,737.99 PER THE CONTRACT. TOTAL PROJECT COST IS \$2,150,090.36**

WHEREAS, a report has been filed by the Public Works Director that the project titled "Modesto Fire Station No. 11" has been completed by Magnum Enterprises, Inc., in accordance with the contract agreement dated April 6, 2004,

NOW, THEREFORE, BE IT RESOLVED by the Council that the "Modesto Fire Station No. 11" project be hereby accepted from said contractor, Magnum Enterprises, Inc., that the Notice of Completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$1,722,737.99 as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-301**

**A RESOLUTION APPROVING AND AUTHORIZING SUBMISSION OF THE  
CITY'S TRANSPORTATION DEVELOPMENT ACT TRANSIT CLAIM FOR FISCAL  
YEAR 2005/06 IN THE AMOUNT OF \$5,515,801 TO THE STANISLAUS  
COUNCIL OF GOVERNMENTS (STANCOG)**

WHEREAS, the greatest portion of the City's funding for the Transit Service Program is made available under the Transportation Development Act (TDA), which includes Local Transportation Fund (LTF) funds and State Transit Assistance Fund (STA) funds, and

WHEREAS, StanCOG has informed the Finance Department that LTF and STA funding has been apportioned by the State to StanCOG for allocation to public transit agencies pursuant to Sections 99233.3 and 99234 of the California PUC, and

WHEREAS, the City has developed an application for Fiscal Year 2005/06 TDA reimbursement pursuant to Section 99233.3 of the California PUC, and

WHEREAS, the City's Transit TDA Claim for Fiscal Year 2005/06 is \$5,515,801, composed of \$4,520,139 in LTF funds and \$995,662 in STA funds, and

WHEREAS, the total Transit Operating Budget for Fiscal Year 2005/06 is \$11,297,766, and

WHEREAS, the added Transit Capital Budget for Fiscal Year 2005/06 is \$393,500, and

WHEREAS, Council action authorizing submission of the Claim is required by StanCOG pursuant to Section 99261 of the California Public Utilities Code before any TDA funding can be released to the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the annual TDA transit claim in the amount of \$5,515,801.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute and submit the TDA transit claim to StanCOG for Fiscal Year 2005/06.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-301A**

**A RESOLUTION ESTABLISHING THE CALCULATION FOR THE  
APPROPRIATION LIMIT FOR THE FISCAL YEAR 2005-2006 ANNUAL  
BUDGET**

WHEREAS, the Annual Budget of the City of Modesto is recommended for adoption, and Proposition 4 of the California State Constitution requires the City to establish an appropriation limit calculation for the Fiscal Year 2005-2006, and

WHEREAS, Article XIII B of the California Constitution specifies that appropriations made by State and local governments may increase annually by a factor comprised of the change in population combined with either the change in California per capita personal income or the change in the local assessment roll due to local nonresidential construction, and

WHEREAS, the attached schedule shows the preferred price and population factors to be used and the appropriation limit with the recommended factors in calculating the limit are the price factor of "state growth in per capita income" and the population factor of "growth rate in Stanislaus County", and

WHEREAS, a copy of said report is on file in the City of Modesto Finance Department,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the appropriation limit calculation is hereby established as shown on Schedule A, attached hereto, and made a part hereof.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant,  
Mayor Ridenour

FY2005-2006

PROPOSITION 4

APPROPRIATION LIMIT CALCULATION

FY2004-2005 Appropriation Limit	\$263,573,544
---------------------------------	---------------

Adjustment Factors

Per Capita Personal Income Change	5.26%
-----------------------------------	-------

Population Change (Stanislaus County)	1.95%
---------------------------------------	-------

Per Capita converted to a ratio	1.0526
---------------------------------	--------

Population converted to a ratio	1.0195
---------------------------------	--------

Calculation of factor for FY2005-2006	1.0731
---------------------------------------	--------

Adjustment	<u>\$19,267,226</u>
------------	---------------------

FY2005-2006 Appropriation Limit	<u><u>\$282,840,770</u></u>
---------------------------------	-----------------------------

Article XIII B places a limit on most, but not all, government revenue sources. The limit applies to appropriations from proceeds of taxes from both the general fund and special funds of government entities. Proceeds of taxes include tax revenues, interest earnings on invested tax revenues, and any revenues collected by a regulatory license fee or user charge in excess of the amount needed to cover the cost of providing the regulation, product, or service.

Appropriations from nontax revenues, including the City's enterprise funds, are not subject to the limit. Enterprise fund expenditures for fiscal year 2004/05 are estimated to be \$102 million. We are significantly below the limit when we exclude these expenditures from the calculation.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-302**

**A RESOLUTION APPROVING AMENDMENTS TO THE AGREEMENT WITH CAROLLO ENGINEERING FOR PROVISION OF ADDITIONAL PROFESSIONAL ENGINEERING SERVICES IN SUPPORT OF PHASE I OF THE WASTEWATER MASTER PLAN (WWMP) UPDATE, AS WELL AS DELETE THE ENVIRONMENTAL WORK FROM THE PHASE I AGREEMENT, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENTS TO THE AGREEMENT**

WHEREAS, on January 26, 2004 the City Council approved an agreement in the amount of \$998,200 with Carollo Engineering to prepare Phase I of the Wastewater Master Plan (WWMP) Update, and

WHEREAS, the Phase I scope of work included an evaluation of the City's collection system, and Phase II, scheduled to commence in Fiscal Year 2005-2006, would provide for an evaluation of the City's wastewater treatment and disposal systems, and

WHEREAS, Phase II, the assessment of the treatment and disposal system, was delayed until the 2005-06 budget year, and

WHEREAS, much of the data obtained during the WWMP update is being utilized as part of a separate, but related, effort to update the wastewater system rates and connection fees, and

WHEREAS, the rate/connection fee work required refining estimates for the capital improvement program, which was work beyond that originally budgeted within the Phase I WWMP Update agreement, and

WHEREAS, this additional work totaled \$134,915 and has been completed under the existing Phase I agreement, and

WHEREAS, additionally, the rate and connection fee updates require analysis of data from the treatment and disposal components of the wastewater system totaling \$163,485, a portion of which has already been completed, and

WHEREAS, the total cost for additional services provided as part of this proposed amendment to the Phase I agreement is \$298,400, and

WHEREAS, removal of the CEQA sub-consultant work in the amount of \$155,000 from the Phase I agreement is also necessary, as this work needs to be accelerated and completed prior to final adoption of the connection fees, and

WHEREAS, the net value of these amendments to the agreement is an increase in the amount of \$143,400, and

WHEREAS, funds are budgeted in account 6210-430-A209 for these amendments to the agreement, and

WHEREAS, the Finance Committee, at its May 23,2005 meeting, recommended approval of these amendments to this agreement to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendments to the Agreement with Carollo Engineering in the amount of \$143,400 to provide professional engineering services in support of Phase I of the Wastewater Master Plan (WWMP) Update, as well as delete the environmental work from the Phase I Agreement.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-303**

**A RESOLUTION APPROVING AN AGREEMENT WITH CAROLLO  
ENGINEERING FOR PROFESSIONAL ENGINEERING SERVICES TO  
DEVELOP THE WASTEWATER JUSTIFICATION AND COST ALLOCATION  
FOR THE PROPOSED WASTEWATER SYSTEM IMPROVEMENTS STUDY  
(ENGINEER'S REPORT), APPROVING THE TRANSFER OF FUNDS FROM  
THE SEWER FUND RESERVE TO FUND THIS AGREEMENT, AND  
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE  
THE AGREEMENT**

WHEREAS, a number of the City's wastewater collection, disposal and treatment system and associated rates and connection fees are necessary in order to gather a full assessment of the City's wastewater system needs and funding/financing mechanism, and

WHEREAS, the first portion of the Wastewater Master Plan (WWMP) Update was launched in early 2004, and

WHEREAS, Phase II of the WWMP Update, the assessment of the treatment and disposal system, was delayed until the 2005-06 budget year, and

WHEREAS, both Phase I and Phase II, based on an RFP process, were to be completed by Carollo Engineering, and

WHEREAS, data collected as part of the WWMP update serves as the foundation for the system's future capital improvement program and supporting rate/fee increases, and

WHEREAS, earlier this year, the City began the process of evaluating the need for rate and connection fee increases to support existing and future needs of the wastewater system, and

WHEREAS, on April 18, 2005, the Finance Committee received preliminary findings from Carollo Engineering on the wastewater system as part of the Wastewater Master Plan update, and

WHEREAS, these preliminary findings included a projected CIP budget to be used to determine future rate and connection (development impact) fee increases, and

WHEREAS, preparation of the Engineer's Report is the next step in the rate/connection fee increase project, and

WHEREAS, the Engineer's Report will utilize the preliminary WWMP findings to provide justification for the identified capital improvements and an allocation of these associated costs to existing and future customers, and

WHEREAS, staff has negotiated a contract with Carollo Engineering to prepare the Engineer's Report on a time and materials basis, not to exceed \$127,048, and

WHEREAS, Sewer Fund Reserve funds are needed to fund this agreement, and

WHEREAS, the Finance Committee, at its May 23, 2005 meeting, recommended approval of this agreement to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with Carollo Engineering in an amount not to exceed \$127,048, for professional engineering services to develop the Wastewater Justification and Cost Allocation for the proposed Wastewater System Improvements Study (Engineer's Report).

BE IT FURTHER RESOLVED that the Council approves the transfer of funds from Sewer Fund Reserve to fund this agreement.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

FORESIGHT CONSULTING FOR THE REVISED SCOPE OF WORK  
RELATED TO THE WATER AND WASTEWATER USER FEE AND  
INFRASTRUTURE FEE STUDY, AUTHORIZING THE CITY MANAGER, OR  
HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO THE AGREEMENT,  
AND APPROVING TRANSFER OF FUNDS FROM THE WATER AND SEWER  
FUND RESERVES TO SUPPORT THE AMENDMENT**

WHEREAS, in December 2003, Foresight Consulting was selected to conduct the Water and Wastewater User Fee and Infrastructure Fee Study, and

WHEREAS, in October 2004, Council approved an amendment to the original agreement, which amendment totaled \$232,950, and

WHEREAS, based upon staff's experience during the Water rate/connection fee increase process, the existing agreement budget is insufficient to complete all of the sewer rate/fee increase work, and

WHEREAS, the additional work to be performed totals \$142,050, bringing the total agreement amount to \$375,000, and

WHEREAS, \$33,300 from the Water Fund Reserves and \$108,750 from Sewer Fund Reserves are needed to fund this amendment, and

WHEREAS, the Finance Committee, at its May 23, 2005 meeting, recommended approval of this agreement to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to the agreement with Foresight Consulting, in the amount totaling \$375,000 for services related to the Water and Wastewater User Fee and Infrastructure Fee Study.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to the Agreement.

BE IT FURTHER RESOLVED that the Council approves the transfer of funds from the Water Fund Reserves in the amount of \$33,300 and from the Sewer Fund Reserves in the amount of \$108,750.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-306**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO,  
ACTING AS THE LEGISLATIVE BODY OF CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2003-1 (FAIRVIEW VILLAGE),  
AUTHORIZING THE SALE AND ISSUANCE OF SPECIAL TAX BONDS OF  
SAID COMMUNITY FACILITIES DISTRICT, APPROVING DOCUMENTS  
RELATING THERETO AND AUTHORIZING AND DIRECTING CERTAIN  
RELATED ACTIONS**

WHEREAS, the City Council of the City of Modesto acting as the legislative body of City of Modesto Community Facilities District No. 2003-1 (Fairview Village) (hereinafter sometimes referred to as the “legislative body of the Community Facilities District” or the “City Council”) has heretofore undertaken proceedings and declared the necessity to issue bonds on behalf of City of Modesto Community Facilities District No. 2003-1 (Fairview Village) (the “Community Facilities District”) pursuant to the terms and provisions of the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Part 1, Division 2, Title 5, of the Government Code of the State of California (the “Act”); and

WHEREAS, based upon a resolution adopted by the legislative body of the Community Facilities District on December 11, 2003 and an election held on December 11, 2003 authorizing the issuance of bonds by the Community Facilities District, the Community Facilities District is now authorized to issue bonds in one or more series, pursuant to the Act, in an aggregate principal amount not to exceed \$25,000,000; and

WHEREAS, the legislative body of the Community Facilities District has heretofore attempted to provide for the financing of certain public improvements related

to the development of the land within its boundaries and incidental expenses associated therewith by adopting a resolution authorizing the sale and issuance of Special Tax Bonds, approving documents relating thereto and authorizing and directing certain related actions, but the sale of the said Bonds did not take place pursuant to said resolution; and

WHEREAS, the legislative body of the Community Facilities District intends to again attempt to provide the financing of the purchasing, constructing, expanding, improving or rehabilitating certain public improvements related to the development of the land within its boundaries and appurtenances and appurtenant work in connection with the foregoing (the “Facilities”) and the incidental expenses incurred and to be incurred in connection with financing the facilities, including costs associated with the creation of the Community Facilities District and the issuance of bonds and the establishment of a bond reserve fund (the “Incidental Expenses”) through the issuance of bonds designated as the “City of Modesto Community Facilities District No. 2003-1 (Fairview Village) Special Tax Bonds Series 2005” (the “Bonds”); and

WHEREAS, the Community Facilities District has determined all requirements of the Act for the issuance of the Bonds have been satisfied; and

WHEREAS, in connection with the authorization, sale and issuance of the Bonds and the acquisition and construction of the facilities, forms of the following documents have been presented to this City Council for approval:

1. the Trust Indenture, dated as of May 1, 2005, by and between The Bank of New York Trust Company, N.A. as trustee (the “Trustee”), and the Community Facilities District (the “Indenture”);

2. the Continuing Disclosure Agreement, dated as of May 1, 2005 by and among Goodwin Consulting Group, as dissemination agent, the Trustee and the Community Facilities District (the “Continuing Disclosure Agreement”);

3. the Preliminary Official Statement relating to the Bonds (the “Preliminary Official Statement”); and

4. the Bond Purchase Agreement relating to the Bonds (the “Bond Purchase Agreement”) by and between the Community Facilities District and UBS Financial Services Inc. (the “Underwriter”);

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MODESTO, ACTING AS THE LEGISLATIVE BODY OF CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2003-1 (FAIRVIEW VILLAGE), DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:**

SECTION 1. The above recitals, and each of them, are true and correct.

SECTION 2. The proposed forms of the Indenture and the Continuing Disclosure Agreement are hereby approved; and the District Administrator and the City Clerk are hereby authorized and directed for and in the name and on behalf of the Community Facilities District to execute, acknowledge and deliver to the respective other parties, the Indenture and the Continuing Disclosure Agreement in substantially said forms, with such additions thereto, completions thereof and/or changes therein as the officers executing the same may approve as necessary or desirable (consistent with the provisions of this Resolution and with form of the Bond Purchase Agreement approved

pursuant hereto), such approval to be conclusively evidenced by the execution and delivery thereof.

SECTION 3. The issuance of the Bonds pursuant to the Indenture in an aggregate principal amount (not in excess of \$5,000,000) approved by the District Administrator or his or her designee (the "District Administrator") as being necessary and appropriate in order to provide financing for the Facilities and the Incidental Expenses and to fund the various funds and accounts created by the Indenture in the amounts described in the Preliminary Official Statement (or as determined by the District Administrator), is hereby authorized. The Bonds shall mature on the dates and in the amounts, and bear interest at the rates, set forth in the Bond Purchase Agreement to be executed on behalf of the Community Facilities District in accordance with Section 8 hereof. The sum of (i) the aggregate principal amount of the Bonds so authorized plus (ii) the principal amount of all other bonds outstanding that are secured by a special tax levied pursuant to the Act on property within the Community Facilities District or a special assessment levied on such property (as shown in the Preliminary Official Statement under the caption "THE COMMUNITY FACILITIES DISTRICT – Direct and Overlapping Debt") does not exceed one-third of the value of the property within the Community Facilities District that will be subject to the Special Tax, as such value is estimated in an appraisal prepared for the Community Facilities District by Bender Rosenthal, Inc. of Sacramento, California (a copy of which is set forth in Appendix B to the Preliminary Official Statement).

SECTION 4. In connection with the issuance of the Bonds, the District Administrator and the City Clerk are hereby authorized and directed for and in the name

and on behalf of the Community Facilities District to execute, acknowledge and deliver to the respective other parties such additional agreements, as the officers executing the same may approve (including, but not limited to an Investment Agreement, as defined in the Indenture) as necessary or desirable to provide reductions in the yields of Bonds or additional debt service relief or cash flow savings or increased payments to the Community Facilities District, such approval to be conclusively evidenced by the execution and delivery thereof.

SECTION 5. The form of the Bonds, as set forth in the form of the Indenture (as the Indenture may be modified pursuant to Section 2 hereof), is hereby approved; and the District Administrator and the City Clerk are hereby authorized and directed to execute them by manual or facsimile signature in the name and on behalf of the Community Facilities District.

SECTION 6. The proposed form of the Preliminary Official Statement is hereby approved with such changes thereto as may be approved by the District Administrator in order to make such Preliminary Official Statement final as of its date, except for the omission of certain information, as permitted by Section 240.15c2-12(b)(1) of Title 17 of the Code of Federal Regulations (the "Rule"); and the distribution of the Preliminary Official Statement in connection with the sale of the Bonds, with such changes included, is hereby authorized. The District Administrator is authorized and directed to execute and deliver a certificate relating to compliance with the Rule. The District Administrator is further authorized and directed, to execute and deliver to the Underwriters a final Official Statement in substantially the form of the Preliminary Official Statement hereby approved with such changes as may be approved by the District Administrator as

necessary or desirable, such approval to be conclusively evidenced by the execution and delivery thereof; and the distribution of such final Official Statement in connection with the sale of the Bonds is hereby authorized.

SECTION 7. In accordance with the provisions of Section 53360.4 of the Act, the City Council hereby finds and determines that a negotiated sale of the Bonds to the Underwriters in accordance with the terms of the Bond Purchase Agreement will result in a lower overall cost to the Community Facilities District than a sale conducted pursuant to Section 53360 of the Act.

SECTION 8. The proposed form of the Bond Purchase Agreement and the sale of the Bonds pursuant thereto are hereby approved, provided that (a) the aggregate purchase price of the Bonds (exclusive of any original issue discount) shall not be less than ninety-seven and one-quarter percent (97.25%) of the original aggregate principal amount of the Bonds, (b) any original issue discount shall conform to the City's policies with respect thereto, (c) the true interest cost of the Bonds shall not exceed six and three quarters percent (6.75%), (d) the final maturity of the Bonds shall be not later than September 1, 2035 and (e) the maturity dates and purchase price of and interest rates and original issue discount applicable to the Bonds shall have been approved by the District Administrator; and, subject to such approval, the District Administrator and the City Clerk are hereby authorized and directed to evidence the Community Facilities District's acceptance of the offer made by said Bond Purchase Agreement by executing and delivering to the Underwriters said Bond Purchase Agreement in said form with such changes therein as the officers executing the same may approve as necessary or desirable, such approval to be conclusively evidenced by the execution and delivery thereof.

SECTION 9. In the event that the District Administrator is unavailable to execute and deliver any of the documents that the District Administrator is authorized to execute and deliver pursuant to the terms of this Resolution, then each of the City Manager and the designee of the District Administrator is hereby authorized and directed to do so.

SECTION 10. The District Administrator and other officers of the Community Facilities District of the City of Modesto are hereby authorized and directed, jointly and severally, to execute and sign any and all approvals, certificates, statements, requests, requisitions and orders of the Community Facilities District in connection with the issuance of the Bonds; and any action specifically authorized or directed by this Resolution to be undertaken by any of such officers may be undertaken by either of the others with the same force and effect as if it had been undertaken by the officer specifically authorized or directed to do so.

SECTION 11. If and to the extent that any provision of this Resolution or of any of the documents approved pursuant hereto is inconsistent with the City's policies and procedures for the formation, annexation and administration of community facilities districts, said policies and procedures are hereby waived.

SECTION 12. If any section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any remaining provisions of this Resolution.

SECTION 13. This Resolution shall take effect from and after its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2003-1 (Fairview Village), held on the 14<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**RESCIND**

DEC - 8 2005

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-307**

**A RESOLUTION AMENDING SECTION 8 OF RESOLUTION 2003-330 ENTITLED "A RESOLUTION GRANTING SALARY AND BENEFIT CHANGES TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES, INCLUDING CHARTER OFFICERS AND EXECUTIVES," TO GRANT HEALTH BENEFIT CHANGES TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES INCLUDING CHARTER OFFICERS AND EXECUTIVES, FOR FY 05-06 AND FY 06-07 EFFECTIVE JULY 26, 2005**

THIS RESOLUTION WAS  
CHANGED BY MODESTO  
CITY COUNCIL RESOLUTION  
NO. 2005-307

WHEREAS, the City Council desires to amend Section 8 of Resolution 2003-330, to increase the City's contribution to health, dental and vision benefits for FY 05-06 and FY06-07 for unrepresented Management and Confidential employees including Charter Officers and Executives, and

WHEREAS, contributions for employees with Family coverage shall increase by \$35/month effective July 26, 2005 and by \$45/month effective July 25, 2006; contributions for employees with Employee Only coverage shall increase by \$57/month effective July 26, 2005 and by \$45/month effective July 25, 2006; and contributions for employees who Opt Out of health coverage shall increase by \$7/month effective July 26, 2005 and by \$5/month effective July 25, 2006,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

The City's contributions to unrepresented non-sworn employees' health, dental and vision benefits are hereby increased to the following amounts:

	<u>Effective July 26, 2005</u>	<u>Effective July 25, 2006</u>
Family	\$712/month	\$757/month
Employee Only	\$435/month	\$480/month
Opt Out	\$385/month	\$390/month

RESCINUED  
NOV 1 - 2006  
The City's contributions to unrepresented sworn Fire management and unrepresented sworn Police management employees' health, dental and vision benefits are hereby increased to the following amounts:

	<u>Effective July 26, 2005</u>	<u>Effective July 25, 2006</u>
Family	\$767/month	\$812/month
Employee Only	\$435/month	\$480/month
Opt Out	\$385/month	\$390/month

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan) dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Employee Only coverage shall not be less than the actual premium amount for the lowest cost health, (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of June 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-308

**A RESOLUTION AMENDING THE FISCAL YEAR 05-06 OPERATING BUDGET TO TRANSFER \$17,500 FROM 0100-800-8000-8003, GENERAL FUND RESERVE, AND \$8,500 FROM OTHER FUND RESERVES, TO VARIOUS HEALTH BENEFITS ACCOUNTS TO PROVIDE FUNDING FOR INCREASED HEALTH BENEFITS FOR UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES**

WHEREAS, the City Council desires to increase the City's contribution to unrepresented Management and Confidential employees Health, Dental and Vision benefits, and

WHEREAS, the FY 05-06 costs associated with these increases are estimated at \$26,000, effective July 26, 2005, and

WHEREAS, these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2005-06 Operating Budget is hereby amended to transfer \$17,500 from 0100-800-8000-8003, the General Fund Reserve, and \$8,500 from other Fund reserves to various health benefit accounts.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of June 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-309**

**A RESOLUTION AMENDING THE FY05 OPERATING BUDGET APPROVING  
THE APPROPRIATION OF \$110,000 FROM THE GENERAL FUND RESERVE  
AND TRANSFERRING THOSE FUNDS TO FUND 0700-160-1605 IN ORDER TO  
FULLY FUND ELECTRICAL UTILITY COSTS FOR THE REMAINDER OF  
FISCAL YEAR 2004/2005**

WHEREAS, electrical utility costs within the City of Modesto have increased over the course of the past two calendar years, and

WHEREAS, the City of Modesto experienced new building growth, adding more streetlights and traffic signals into our utility system, and

WHEREAS, expenditures for Fiscal Year 2004/2005 do not reflect utility costs for April, May, or June 2005, and

WHEREAS, the increase this year is estimated to be \$110,000 over our utilities budget, and

WHEREAS, the Finance Committee, at their May 23, 2005, meeting, reviewed and concurs with staff's recommendation to amend the FY05 Operating budget approving the appropriation of \$110,000 from the General Fund Reserve and transferring those funds to Fund 0700-160-1605 in order to fully fund electrical utility costs for the remainder of Fiscal Year 2004/2005, and

WHEREAS, existing policy requires City Council approval to appropriate funds from reserve to Operating budget,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY05 Operating budget approving the appropriation

of \$110,000 from the General Fund Reserve and transferring those funds to Fund 0700-160-1605 in order to fully fund electrical utility costs for the remainder of Fiscal Year 2004/2005.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the appropriation in the amount of \$110,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-310**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS AND  
AWARDING THE BID AND APPROVING A \$294,860 CONSTRUCTION  
CONTRACT WITH COLLINS ELECTRICAL FOR THE PROJECT ENTITLED  
“TRAFFIC SIGNAL MODIFICATIONS AT 4 LOCATIONS: 9<sup>th</sup>/G STREETS,  
9<sup>th</sup>/H STREETS, 9<sup>th</sup>/J STREETS, AND YOSEMITE BOULEVARD/LA LOMA  
AVENUE,” AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE  
CONTRACT AGREEMENT**

WHEREAS, City staff has reviewed the plans and specifications for the project entitled, “Traffic Signal Modifications at 4 Locations: 9<sup>th</sup>/G Streets, 9<sup>th</sup>/H Streets, 9<sup>th</sup>/J Streets, and Yosemite Boulevard/La Loma Avenue” and recommends approval to the City Council, and

WHEREAS, the bids received for the “Traffic Signal Modifications at 4 Locations” project were opened at 11:00 a.m., on April 26, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$294,860 received from Collins Electrical be accepted as the lowest responsible bid, and the contract be awarded to Collins Electrical,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it approves the plans and specifications for the “Traffic Signal Modifications at 4 Locations; 9<sup>th</sup>/G Streets, 9<sup>th</sup>/H Streets, 9<sup>th</sup>/J Streets, and Yosemite Boulevard/La Loma Avenue” project.

BE IT FURTHER RESOLVED that the Council accepts the bid of Collins Electrical in the amount of \$294,860, and hereby awards Collins Electrical the contract for “Traffic Signal Modifications at 4 Locations.”

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-311**

**A RESOLUTION AMENDING THE CLASSIFICATION PLAN TO  
REALLOCATE THE POSITION OF WATER QUALITY CONTROL  
OPERATIONS SUPERVISOR TO THE POSITION OF WATER QUALITY  
CONTROL SUPERINTENDENT, ELIMINATE A VACANT SENIOR  
WASTEWATER TREATMENT PLANT OPERATOR POSITION AND REVISE  
THE JOB SPECIFICATION FOR WATER QUALITY CONTROL  
SUPERINTENDENT**

WHEREAS, historically the Public Works Department had two (2) superintendent positions, which were the Water Quality Control Superintendent and the Wastewater Collections Superintendent, and

WHEREAS, the Wastewater Collections Superintendent oversaw the wastewater and stormwater collections functions of the department, while the Water Quality Control Superintendent oversaw the treatment facilities (primary and secondary), water quality lab, composting and environmental services, and

WHEREAS, the Water Quality Control Superintendent position also functioned as the Chief Plant Operator for the City's treatment facilities and was required to possess a Grade 5 Wastewater Treatment Certificate issued by the California State Water Resources Control Board, and

WHEREAS, as a Class V Plant, the City is required to have a Grade 5 operator on staff, and

WHEREAS, in November 2002 the Water Quality Control Superintendent position was reallocated to Deputy Director, which position continued to function as the City's Chief Plant Operator, and

WHEREAS, the day to day operations of the treatment facilities were overseen by the Water Quality Control Operations Supervisor who also possessed a Grade 5 wastewater treatment certificate and could function as a backup to the Chief Plant Operator, and

WHEREAS, the Water Quality Control Operations Supervisor position was recently vacated, and

WHEREAS, to attract a quality candidate to the position, staff proposes reallocating the Water Quality Control Operations Supervisor position to the position of Water Quality Control Superintendent, which position requires the Grade 5 certificate and which certification is typically found at the Superintendent level, and

WHEREAS, funding for the reallocation is estimated at \$21,898 annually and would come from elimination of a vacant Senior Wastewater Treatment Plant Operator position, and

WHEREAS, in keeping with recent amendments to job specifications at the Superintendent level, the job specification for the Water Quality Control Superintendent position should be amended to reflect possession of a Bachelor's Degree or equivalent, as well as to incorporate other minor operational changes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Position Classification Plan to revise the job specification for the classification of Water Quality Control Superintendent. Said classification is being amended to update the Experience and Training Guidelines and License or Certificate Requirements, as well as to incorporate other minor operational changes to more accurately reflect the requirements of this classification. The revised specifications for

the classification of Water Quality Control Superintendent, as shown on the attached Exhibit "A", which are hereby made a part of this resolution by reference, are hereby approved and made a part of the Position Classification Plan of the City of Modesto.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the reallocation of the position of Water Quality Control Operations Supervisor to the position of Water Quality Control Superintendent.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the elimination of one vacant Senior Wastewater Treatment Plant Operator position.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 14<sup>th</sup> day of June 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

## Revised Job Specification for Water Quality Control Superintendent

Mayor and Council  
Water Quality Control Supervisor Reallocation  
to Water Quality Control Superintendent  
June 14, 2005

## WATER QUALITY CONTROL SUPERINTENDENT

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To plan, organize and supervise the maintenance, operation, modification, and improvement of the City's wastewater treatment plant facilities, sewer system, and related facilities to insure the quality of wastewater discharge from the sewerage system meets Federal and State requirements; and to perform a variety of technical tasks relative to assigned area of responsibility.

### SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the ~~Assistant Utility Services~~ Deputy Director of Public Works - Operations.

Exercises direct supervision over professional, technical, maintenance and clerical staff.

~~EXAMPLES OF DUTIES – Duties may include, but are not limited to, the following:~~

**ESSENTIAL AND MARGINAL FUNCTION STATEMENTS** – Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Manage, direct and organize wastewater division activities.

Recommend goals and objectives; assist in the development of policies and procedures.

Direct, oversee and participate in the development of the Division work plan; assign work activities, projects and programs; monitor work flow; implement policies and procedures; review and evaluate work products, methods and procedures.

Prepare the Division budget; assist in budget implementation; participate in the forecast of additional funds needed for staffing, equipment, materials, and supplies; administer the approved budget.

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Oversee the operations of a biochemical testing laboratory; review plant operating data, including laboratory tests, to determine if operational changes are necessary.

Supervise the maintenance and repairs of the City sewer system; review sampling stations and sampling techniques to assure proper sampling results.

Inspect primary and secondary plants to ensure proper operation, cleaning and safety procedures.

Supervise public relations activities; conduct guided tours; speak at clubs and schools.

Make recommendations for improvement and construction of wastewater treatment facilities; evaluate new products and processes to determine applicability to system.

Supervise the preparation of a variety of reports required by regulatory agencies involved in the control of water pollution.

Supervise the preparation of payroll reports, employee evaluations, and other wastewater functions and activities for City officials.

Insure an adequate inventory of supplies, parts, and equipment for the wastewater treatment plant and related facilities.

#### Marginal Functions:

Perform related duties as assigned.

#### QUALIFICATIONS

##### Knowledge of:

Wastewater treatment systems and plant operations.

Materials, methods, tools, and equipment used in the operation and maintenance of wastewater treatment plant sewer facilities.

Principles, objectives and tests used in a biochemical laboratory.

Design and engineering of wastewater treatment and sewage facilities.

Safety principles and practices.

Pertinent Federal, State, and local laws, codes and regulations.

Select, supervise, train and evaluate assigned staff.

Prepare and administer a budget.

Engineering principles and practices of sampling.

Ability to:

Plan, organize, direct and evaluate the work of a wastewater treatment plant, sewer system, and related facilities.

Analyze problems, identify alternative solutions, project consequences of proposed actions and implement recommendations in support of goals.

Maintain accurate operational records and prepare reports.

Interpret and apply Federal, State and local policies, procedures, laws and regulations.

Prepare and administer a budget.

Read and interpret blueprints and understand diagrams.

Supervise, train and evaluate assigned staff.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Six years of responsible experience in the operation and maintenance of a wastewater treatment plant, or major part thereof, including two years of supervisory or lead responsibility.

Training:

Equivalent to ~~an Associates degree~~ a Bachelor's degree from an accredited college or university with major course work in civil engineering, environmental science, construction technology or a major related to the ~~wastewater treatment field.~~

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of a valid ~~Grade 5 certificate~~ Grade V Wastewater Treatment Plant Operator Certificate issued by the State of California State Water Resources Control Board. ~~as issued through procedures established by the California State Water Resources Control Board.~~

WORKING CONDITIONS

Environmental Conditions:

Office and field environment.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time and travel from site to site.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-312**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
MODESTO CALLING AN ELECTION FOR THE PURPOSE OF  
SUBMITTING THE LEVY OF THE CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE  
ONE #2) SPECIAL TAXES TO THE QUALIFIED ELECTORS OF  
THE TERRITORY PROPOSED TO BE ANNEXED TO THE  
DISTRICT (ANNEXATION NO. 7)**

WHEREAS, this Council did, on April 26, 2005, adopt its Resolution No. 2005-182 (the "Resolution of Intention to Annex") to indicate its intention to annex certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and authorize the levy of the District special taxes within the territory proposed to be annexed (the "Annexed Territory"), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District; and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, the Annexed Territory will be annexed and subject to the taxes in Tax Zone #2, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled "Annexation Map No. 7 of Community Facilities District No. 2004-1 ("Village One #2) of the City of Modesto, County of Stanislaus, State of California," was recorded on May 5, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 12; and

WHEREAS, at the time and date set for the hearing (June 14, 2005) pursuant to the Resolution of Intention to Annex, this Council held the public hearing, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all

matters related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 14<sup>th</sup> day of June 2005. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the

District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681) and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-313**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CANVASSING THE RESULTS OF THE JUNE 14, 2005, ELECTION HELD  
WITHIN THE TERRITORY PROPOSED TO BE ANNEXED TO CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE  
#2), AND ORDERING ANNEXATION OF THE TERRITORY TO THE  
DISTRICT (ANNEXATION NO. 7)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2005-182, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 7)" adopted on April 26, 2005, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

WHEREAS, the owner of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2005-312, adopted on June 14, 2005, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for June 14, 2005, or as soon after there as practicable, relative to the foregoing; and

WHEREAS, on June 14, 2005, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owners of the territory proposed to be annexed is as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2005-182 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

## CERTIFICATE OF CITY CLERK

I, JEAN ZAHR, City Clerk of the City of Modesto, hereby certify that, pursuant to Resolution No. 2005-312, A Resolution of the City Council of the City of Modesto Calling an Election for the Purpose of Submitting the Levy of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) Special Taxes to the Qualified Electors of the Territory Proposed to be Annexed to the District (Annexation No. 7) adopted on April 26, 2005, by the City Council of the City of Modesto, I did conduct the Special Tax Election on June 14, 2005, and that the election was conducted by mail or in person at the City Hall of the City of Modesto.

I further certify that the following shows the full text of the measure submitted to the voters at the election and the full and true totals of all votes cast for and against the measure.

**Proposition A.** Shall special taxes for Tax Zone #2, with maximum rates, method of apportionment, and manner of collection as provided in Exhibit A to the City's Resolution No. 2004-683, entitled "A Resolution of the City Council of the City of Modesto Creating Tax Zone #2 in Community Facilities District No. 2004-1 (Village One #2), Approving an Increase in the One-Time Facilities Special Tax Therein, and Approving Updates of the Rate and Method of apportionment of Special Taxes for the District", adopted by the City Council of the City of Modesto on December 14, 2004, which is incorporated herein by this reference, be levied within the territory proposed to be annexed to Tax Zone #2 of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) pursuant to the City's Resolution No. 2005-182, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 7)" adopted by the City Council of the City of Modesto on April 26, 2005, for the purposes set forth in Resolution No. 2004-199, entitled "A Resolution of the City Council of the City of Modesto of Formation, Establishing City of Modesto Community Facilities District No. 2004-1 (Village One #2), Authorizing the Levy of Special Taxes within the District, Preliminarily Establishing an Appropriations Limit for the District, and Calling an Election for the Purpose of Submitting the Levy of the Special Taxes and the Establishment of the Appropriations Limit to the Qualified Electors of the District", adopted by the City Council of the City of Modesto on April 6, 2004, which is incorporated herein by this reference?

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 -314**

**A RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO  
ISSUE A FORMAL REQUEST FOR QUALIFICATIONS/REQUEST FOR  
PROPOSALS (RFQ/RFP) FOR FORESTRY SERVICES**

WHEREAS, the City has primarily used internal staff to perform Forestry Services, and

WHEREAS, in 1994 an external management auditing firm, Arroyo Seco and Associates, compared City costs/outputs with outside service contractor costs present in other similar California cities, and

WHEREAS, the recommendation of the auditing firm was to continue with internal staff as costs were deemed comparable and outputs were at acceptable levels, and

WHEREAS, the budget for the Forestry Division for tree-related services is approximately \$3.2 million per year, and

WHEREAS, this budget will be significantly reduced for Fiscal Year 2005-06 due to shortfalls in the Gas Tax Fund and General Fund and, in light of these budget reductions, privatization options should be evaluated, and

WHEREAS, managed competition is a formally adopted and agreed upon process between the employee associations and City Council, and

WHEREAS, City staff is allowed to submit a proposal for services just as is done by private companies, and

WHEREAS, the managed competition process authorizes the City Manager to retain the services of a consultant to assist City staff in the preparation of a proposal, and

WHEREAS, the following services presently provided by City crews will be compared with private firms in the RFP/managed competition process:

- ✿ Brush removal
- ✿ Clearance pruning
- ✿ Cycle pruning
- ✿ Emergency response
- ✿ Mistletoe removal
- ✿ Request pruning
- ✿ Tree removal/stump grinding
- ✿ Watering of trees (optional)

and,

WHEREAS, employees are eligible to receive assistance from a consultant to prepare a proposal under the Managed Competition Policy, and

WHEREAS, the cost for the consultant is estimated at \$15,000 and would be paid from the Forestry Budget, and

WHEREAS, total costs for a managed competition process are estimated at approximately \$45,000, including staff time, and

WHEREAS, the Finance Committee approved this recommendation at its March 21, 2005 meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department to issue a formal RFQ/RFP for Forestry Services.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jakckman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-315**

**A RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING  
(MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE  
MANAGEMENT ASSOCIATION (MPMA) FOR A TERM OF JUNE 28, 2005  
THROUGH JUNE 22, 2009**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Management Association (MPMA) expires on June 27, 2005, and

WHEREAS, representatives of the CITY and the MPMA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, pursuant to an Agenda Report dated June 2, 2005, a copy of which report is on file in the office of the City Clerk, the CITY and MPMA have reached agreement on a new MOU which, upon execution, shall be attached hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. SALARY INCREASES. The current salary schedule effective September 21, 2004 shall remain in full force and effect through November 28, 2005.

Across-the-board salary increases shall be effective as follows:

3% effective November 29, 2005  
3% effective November 28, 2006  
4.5% effective June 26, 2007  
5.5% effective June 24, 2008

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to employees' Health, Dental and Vision coverage shall be as follows:

	Total Contributions (monthly)				
	<u>7/27/04</u>	<u>7/26/05</u>	<u>7/25/06</u>	<u>7/24/07</u>	<u>7/22/08</u>
Family	\$731.76	\$767	\$812	\$867	\$957 (max)
Single	377.98	435	480	525	570
Opt Out	377.98	385	390	400	425

The MOU provides that the City's contribution for Family coverage effective July 22, 2008 will be based on a market survey pursuant to the Modesto Police Officers' Association MOU, with a maximum increase to \$957/month.

SECTION 3. UNIFORM ALLOWANCE. Effective January 2008, uniform allowance increases from \$1100/year to \$1128/year.

SECTION 4. COURT OVERTIME, CALL BACK AND ACTING PAY. Effective June 28, 2005, the minimum Court Overtime pay increases to 4 hours on a duty day or a day off, with "call-in" pay to the Court Liaison reduced from 2 hours to 1 hour. Call Back pay shall be a 4 hour minimum at time and one-half if the appearance time occurs with less an 48 hours advance notification. If the appearance time occurs with 48 hours or more advance notification, a 2 hour minimum at time and one-half shall apply. The exception shall be, that if the appearance date and time falls on a regular day off, compensation for call back duty shall be a 4 hour minimum at time and one-half if the appearance time occurs with less than 72 hours advance notification. A Sergeant temporarily assigned to act as a Watch Commander for 6 or more hours in a day, shall be credited with 0.7 hours compensatory time off per day.

SECTION 5. BI-LINGUAL CTO. Effective June 24, 2008, Sergeants who are proficient in designated languages shall receive three hours compensatory time off per payperiod, once they have passed an oral examination.

SECTION 6. MANAGEMENT LEAVE. Effective December 2006, Lieutenants may cashout an additional 10 hours of Management Leave, followed by an additional ten hours in December 2007. Effective December 2008, all Lieutenants may cashout a maximum of 60 hours, regardless of assignment.

SECTION 7. DEFERRED COMPENSATION. Effective December 26, 2006, the City's contribution to employees' deferred compensation plan shall increase by one-half (0.5%) percent. The City currently contributes either three-fourths (0.75%) percent or one (1%) percent, depending on years of service.

SECTION 8. MASTER'S DEGREE. Effective June 27, 2006, employees who possess a Master's Degree from an accredited institution shall receive educational incentive pay of one and one-half (1.5%) percent, subject to criteria established by the City. Employees acquiring a Master's Degree after that date shall not be eligible for the incentive pay until June 24, 2008.

SECTION 9. ADDITIONAL CHANGES. Changes to the MOU also include phasing out the use of negative vacation, reduction of the cap on compensatory time off, seniority shift and vacation bidding, adjustments to Outside Work agreements, the Association Time Bank and timing for deferred compensation increases. The parties also agree to a non-arbitrable re-opener on the issue of pensions if there should be significant legislated or statutory changes due to pension reform, as well as a re-opener on alternatives to the City's current retiree health program.

WHEREAS, the Council considered this matter at its meeting of June 14, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Memorandum of Understanding (MOU) between

the City of Modesto and the Modesto Police Management Association (MPMA), which covers a term from June 28, 2005 through June 22, 2009, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of June 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-318**

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF  
DAVID L. GIANELLI FROM THE TUOLUMNE RIVER REGIONAL  
PARK CITIZENS ADVISORY COMMITTEE**

WHEREAS, DAVID L. GIANELLI was appointed a member of the Tuolumne River Regional Park Citizens Advisory Committee on September 22, 1992, and

WHEREAS, DAVID L. GIANELLI has tendered his resignation from the aforementioned committee, and

WHEREAS, DAVID L. GIANELLI has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of DAVID L. GIANELLI from the Tuolumne River Regional Park Citizens Advisory Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to DAVID L. GIANELLI for his outstanding service to the community.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-319**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 AND HASHEM NARAGHI, TRUSTEE OF THE NORA NARAGHI SEPARATE PROPERTY TRUST AND CENTEX HOMES, FOR CONSTRUCTION OF A STORM DRAIN LINE IN KODIAK DRIVE BETWEEN CADEN DRIVE AND BEAR CUB LANE AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No. 90020181)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust (“Developer”) has agreed to install certain improvements in Kodiak Drive between Caden Drive and Bear Cub Lane, and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“agreement”) between City of Modesto Community Facilities District No. 2004-1 and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$314,899.00, and

WHEREAS, the improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust (“Project”) is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR .
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

- a. one or more significant effects which is not discussed in the Program EIR; or,
- b. significant effects which were previously examined will be substantially more severe than previously shown; or,
- c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
- d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-320**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN (ANNEXATION NO. 8)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, it is intended that the territory be annexed to Tax Zone #2.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled “Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California” on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled “Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled “Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled “Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 91; the map entitled “Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled “Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village

One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 99; and the map entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2; and the map entitled “Annexation Map No. 6 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 7; and the map entitled “Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2), As Amended,” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 12.

SECTION 3. The territory proposed to be annexed to the District (the “Territory”) is described in Exhibit A.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 8 of Community Facilities District No. 2004-1 (Village One #2), of the City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, which map is hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110 and 3110.5 of the California Streets and Highways Code, including a reference to the title, book, page and recording date of the original boundary map of the District.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Formation. It is intended that the same special taxes be levied in the Territory, except that the increase of the One-Time Facilities Special Tax component of the special taxes, as authorized by the Resolution of Creation of Tax Zone #2, shall be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, August 9, 2005, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of

general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	Marsh

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-321**

**A RESOLUTION APPROVING A THIRD AMENDMENT TO AGREEMENT  
FOR WEB CONSULTING SERVICES WITH MICAHLYNN RIVERA, IN AN  
AMOUNT NOT TO EXCEED \$55,000; AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT**

WHEREAS, the Community & Economic Development Department (CEDD) website is an important tool used to provide the public with information about the Department's services, and

WHEREAS, the Community & Economic Development website was designed, created and maintained by the Department's Web Consultant Micahlynn Rivera, and

WHEREAS, the Business Development Division has a website, specifically for site selectors searching for new business locations, and

WHEREAS, both of these sites provide the public with a wide range of Department services and information such as zoning, the Housing Element, General Plan and the Urban Growth Review, and

WHEREAS, meeting agendas, minutes and resolutions for the Planning Commission and Board of Zoning Appeal are made available on the Department website, and

WHEREAS, the Web Consultant has unique skills and abilities that are critical in maintaining current web services and meeting future goals and demands, and

WHEREAS, the City desires to extend Consultant's contract through June 30, 2006, for an additional amount not to exceed \$55,000 for services as set forth in Exhibit "A" attached hereto, and

WHEREAS, the Finance Committee recommended approval of this item at its June 27, 2005 meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Third Amendment to Agreement for website consulting services with Micahlynn Rivera through June 30, 2006, in an amount not to exceed \$55,000.

BE IT FURTHER RESOLVED by the Council that the City Manager, or his designee, is hereby authorized to execute said Third Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, O'Bryant, Mayor Ridenour

NOES: Councilmembers: Keating

ABSENT: Councilmembers: Marsh

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-322**

**A RESOLUTION APPROVING TWO (2) ANNUAL RETAIL ADVERTISING CONTRACTS WITH THE MODESTO BEE (MCCLATCHY NEWSPAPER GROUP), TO COINCIDE WITH THE FISCAL YEAR CALENDAR, CONSISTING OF, ONE (1) CONTRACT FOR A 500-COLUMN-INCH "NO-COMMITMENT" ADVERTISING RATE OF \$49.39 PER COLUMN INCH AND THE OTHER CONTRACT FOR A "12X COMMITMENT" BUSINESS PACKAGE ADVERTISING PLAN "D", AT A STANDARD AD SIZE AVERAGE RATE OF \$29.46 PER COLUMN INCH AND AUTHORIZING THE CITY MANAGER TO EXECUTE BOTH CONTRACTS**

WHEREAS, the City of Modesto is currently using the Modesto Bee (McClatchy Newspaper Group) as its primary advertising source for its advertising requirements, and

WHEREAS, the advertising services are required for classified and legal advertisements as required by law, and for retail advertisements for public information purposes, and

WHEREAS, in May of 2002 Council directed staff to consolidate the procurement of advertising through a central source in order to obtain the best contractual pricing available for the City, and

WHEREAS, Council has also requested that the annual retail advertising contracts be put in place to coincide with the fiscal year calendar, and

WHEREAS, the City's Purchasing Supervisor annually meets with the Modesto Bee and based on advertising volume commitments over the prior year identified two (2) retail contract options which would best meet the City's retail advertising needs, and

WHEREAS, in August of 2004 staff went before Council with a recommendation to approve two (2) annual retail advertising contracts with the Modesto Bee to coincide with the fiscal year calendar, and

WHEREAS, in August of 2004, by Resolution No. 2004-578, Council approved both contracts and authorized the City Manager to sign the retail advertising contracts, and

WHEREAS, both retail contracts will expire on June 30, 2005, and

WHEREAS, staff once again met with the Modesto Bee to discuss what contract renewal options would be available to the City, and

WHEREAS, the Modesto Bee has agreed to renew both retail advertising contracts for another year based on the fiscal year calendar, and

WHEREAS, a price increase associated with the contract renewal would put the “non-profit no-commitment” contract rate at \$49.39 per column inch, and

WHEREAS, this year the “12x -commitment business package” rate would include a single insertion in the Saturday Shopper and Vida for an average per column inch rate of \$29.46, and

WHEREAS, the Purchasing Supervisor has determined that a process other than the formal bid procedure will result in a procurement of advertising for the City at the lowest cost commensurate with the desired quality, as provided for in MMC 8-3.204(d), and

WHEREAS, once signed, both advertising contracts shall be implemented and tracked by the City’s Purchasing Supervisor, and with the City’s Public Information Technician assisting departments with their advertising needs,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves two (2), twelve (12) month retail advertising contracts with the Modesto Bee (McClatchy Newspaper Group), to coincide with the fiscal year calendar,

one for a 500 column inch "no-commitment" non-profit rate at \$49.39 per column inch and the other for a "12x-commitment" business package advertising plan "D" at an average rate of \$29.46 per column inch, based on a standard 2x5 inch ad size run three (3) times in the Bee, combined with one-time insertions in both the Saturday Shopper and Vida as outlined in plan "D".

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the contracts.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-323**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2004-2005 ANNUAL BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2004-2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2004-2005 budget have been adjusted as shown in Schedule A.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**COMMENTS/JUSTIFICATION**

This budget amendment is being made to 1) Recognize revenue received in excess of those programmed in Organization 0700-160-1612-8122 (Refunds, Damages and Cost Recovery) in the amount of \$28,771 and to program offsetting expenses in object 0365 of the operating budget. AND 2) Transfer one-time salary savings in organization 0700-160-1612-0100 in the amount of \$35,000 and an additional \$28,771 from object 0365 to CIP project 0700-480-L116-6041. This transfer of funds is needed to provide the necessary funding to cover costs associated with the completion of the new Traffic Operations building.

<b><u>TO</u></b>					

**COMMENTS/JUSTIFICATION**

This budget amendment is being made to appropriate funding in the amount of \$45,000 from Transit Fund balance reserve to Organization 6510-165-1678-5700 Federal Equipment for the purchase of a shop truck for Modesto Area Express (MAX). This vehicle will replace an existing shop truck that is old and has exceeded its useful life. Funding for this purchase was identified in Decision Package 020-01 and was approved for appropriation with the adoption of the operating budget for FY 2004-05. While funding was appropriated for all of the other items included in this same Decision Package, it recently came to our attention that actions were never taken to appropriate the funding for replacement of the shop truck. This action would correct this oversight by appropriating the necessary funding for the replacement of this vehicle. Federal funding will cover 80% of the total cost with 20% match coming from Local Transportation Funds.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-324**

**A RESOLUTION APPROVING A GRANT APPLICATION FOR \$100,000 FROM  
THE SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT'S  
REMOVE II PROGRAM – BICYCLE INFRASTRUCTURE COMPONENT –  
FOR THE VIRGINIA CORRIDOR'S PHASE III BICYCLE PATH AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE APPLICATION  
DOCUMENTS**

WHEREAS, the San Joaquin Valley Air Quality Control District (“SJVAQCD”) has made funding available through the REMOVE II grant, which provides funding for Class I Bike trails/paths, and

WHEREAS, development of the Virginia Avenue Corridor Trail Project (the “Project”) Class I Bike path is consistent with the SJVAQCD’s requirements for the REMOVE II grant, and

WHEREAS, said procedures established by the SJVAQCD require the applicant’s governing body to certify by resolution the approval of the application before submission of said application to the state, and

WHEREAS, the applicant will enter into a contract with the SJVAQDC for the Project,

NOW, THEREFORE, BE IT RESOLVED that the City Council of Modesto hereby:

1. Approves the filing of an application for \$100,000 for funds from the San Joaquin Valley Air Quality Control District through the REMOVE II grant; and
2. Certifies that the application has or will have sufficient funds to operate and maintain the Project; and

3. Certifies that the applicant has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Procedural Guide; and
4. Authorizes the City Manager, or his designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to, applications, agreements, payment requests and so on, which may be necessary for the completion of the Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-325**

**A RESOLUTION APPROVING A PROFESSIONAL SERVICE AGREEMENT  
WITH MARKET PLACE MEDIA TO WORK WITH THE CITY TO DEVELOP  
AND IMPLEMENT A MARKETING PLAN FOR PROGRAM SPONSORSHIP  
AND PRESENTATION SPONSORS FOR THE CITY'S PARKS, PROGRAMS  
AND FACILITIES AND AUTHORIZING THE CITY MANAGER TO SIGN THE  
AGREEMENT**

WHEREAS, on February 25, 2003, the City Council by Resolution No. 2003-95 accepted the Parks, Recreation and Neighborhoods Department's first Fund Development Report; and

WHEREAS, on May 24, 2004, the City Council by Resolution No. 2004-285 directed staff to develop presentation sponsors, and

WHEREAS, on September 27, 2004, the Finance Committee supported staff's recommendation to seek a marketing firm to assist with securing sponsorships, and

WHEREAS, the City of Modesto issued a request for proposal in the Fall of 2004 for a qualified company to develop a policy and marketing plan for program sponsorship and for the development of presentation sponsors, and

WHEREAS, the City of Modesto's RFP process did not produce an acceptable, responsive and responsible respondent, and

WHEREAS, the City of Modesto staff contacted some agencies possessing good reputations and knowledge of the local area with respect to a reduced scope of work from the original RFP, and

WHEREAS, Market Place Media answered the request with a proposal for sponsorship marketing, which contained a monthly retainer arrangement,

NOW, THEREFORE, BE IT RESOLVED, that the City Council hereby approves an agreement with Market Place Media for the development and implementation of program sponsorships and presentation sponsors for the City's parks, programs, and facilities.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to sign the agreement with Market Place Media.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June, 2005 by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-328**

**A RESOLUTION AMENDING RESOLUTION NO. 2004-283 ENTITLED “A RESOLUTION ESTABLISHING NEW RATES AT THE MUNICIPAL NINE-HOLE GOLF COURSE, THE DRYDEN PARK MUNICIPAL GOLF COURSE AND THE CREEKSIDE MUNICIPAL GOLF COURSE, ESTABLISHING NEW RATES FOR ANNUAL PASSES, ESTABLISHING NEW RATES FOR HIGH SCHOOL ROUNDS AND TOURNAMENT PLAY, DEDICATING \$1.00 PER 18-HOLE ROUND AT THE END OF EACH FISCAL YEAR TO THE GOLF FUND RESERVE FOR CAPITAL IMPROVEMENTS, INTRODUCING A 6-HOLE RATE AT MUNICIPAL NINE-HOLE GOLF COURSE, AND RESCINDING RESOLUTION NO. 2003-329” TO PROVIDE THAT THE POLICY OF DEDICATING \$1.00 PER ROUND OF GOLF TO THE GOLF FUND RESERVE FOR CAPITAL IMPROVEMENTS SHALL BE SUSPENDED DURING FISCAL YEAR 2004-2005**

WHEREAS, on May 25, 2004, the City Council adopted Resolution No. 2004-283 which established new rates at Municipal Nine-Hole Golf Course, Dryden Park Municipal Golf Course and Creekside Golf Course, and

WHEREAS, Resolution No. 2004-283 also established new rates for annual passes, high school rounds and tournament play and introduced a 6-hole rate at Municipal Nine-Hole Golf Course, and

WHEREAS, Resolution No. 2004-283 also dedicated \$1.00 per 18-hole round at the end of each fiscal year to the Golf Fund reserve for capital improvements, and

WHEREAS, City staff is recommending that the \$1.00 per 18-hole round dedication for future capital improvements be rescinded for Fiscal Year 2004-2005 only, and

WHEREAS, the Finance Committee met on April 18, 2005 and supported rescinding those provisions of Resolution 2004-283, for Fiscal Year 2004-05 only,

establishing a \$1.00 per 18-hole round of golf to fund the Golf Fund reserve for capital improvements for, and

WHEREAS, by an agenda report to the City Council from the Parks, Recreation and Neighborhoods Department dated June 20, 2005, City staff recommended the change as outlined in the report, and

WHEREAS, Resolution No. 2004-283 is hereby amended solely to provide that the policy dedicating \$1.00 per round of golf to the Golf Fund reserve for capital improvements be suspended during Fiscal Year 2004-2005, and

WHEREAS, Resolution No. 2004-283 is reaffirmed in every other respect and repeated in its entirety herein for the sake of administrative convenience,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that except for Fiscal Year 2004-2005, it hereby approves dedicating \$1.00 per round at the end of each fiscal year to the Golf Fund to be used for capital improvements to the Modesto Nine-Hole Municipal Golf Course, the Dryden Park Municipal Golf Course, and the Creekside Municipal Golf Course. Said dedication shall resume in Fiscal Year 2005-2006.

BE IT FURTHER RESOLVED by the City Council as follows:

SECTION 1. RATES. The rates for players upon the Modesto Nine-Hole Municipal Golf Course, the Dryden Park Municipal Golf Course, and the Creekside Municipal Golf Course are hereby established as set forth on Exhibit "A" attached hereto.

The policies and rates for tournament players upon the Modesto Nine-Hole Municipal Golf Course, the Dryden Park Municipal Golf Course, and the Creekside Municipal Golf Course are hereby established as set forth on Exhibit "B" attached hereto.

SECTION 2. DISCOUNTS. (a) School Golf Teams. School golf team passes are to be issued only upon presentation by holder of a current high school or college student body card and verification of golf team membership by the school golf coach. Students shall possess and display an etiquette card obtained by completing a required training course in golf rules and etiquette at a recognized golf facility. Team members with team member passes must be accompanied by their respective golf coaches and shall play only between the hours of 2:00 p.m. and 5:00 p.m. during the spring golf season. The specific spring school golf team season will be set by the golf professional after receiving the schools' schedules of matches from each school coach. Green fees at the rate of \$5.00 per round shall be implemented for high school and Modesto Junior College golf programs at the Modesto Nine Hole Municipal Golf Course, the Dryden Park Municipal Golf Course and the Creekside Municipal Golf Course.

(b) Junior Discounts. Junior discounts are to be given only to persons eighteen (18) years of age and younger any day after 12:00 noon. Juniors shall possess and display an etiquette card obtained by completing a required training course in golf rules and etiquette at a recognized golf facility.

(c) Senior/Junior/Disabled Discounts. Senior/Junior/Disabled discounts are to be given only to persons who are sixty-two (62) years of age or older or to those who are on disability retirement. Proof of age or proof of disability retirement must be displayed to obtain a Senior/Retired/Disabled discount. Discounts are good weekdays except for holidays.

Members of the five officially recognized golf clubs (Muni Niners, Modesto Golf Club, Dryden Park Women's Golf Club, Creekside Golf Club and S.I.R.S.), who qualify,

will be allowed to use Senior/Junior/Disabled discounts for official club tournaments Monday through Thursday, excluding holidays.

(d) Valu- Play Cards. Golfers can purchase a weekday, 6-round Valu-Play (multiple play) card for Dryden/Creekside or Muni. Valu-Play Discounts are effective for sixty (60) days from the date of purchase except for the months of December, January and February. During this period multiple play cards will be good for the entire three months. Multiple play cards are not refundable or transferable. The multiple play card is not good on weekends or holidays.

(e) Special Rates. From time to time, the Recreation and Neighborhoods Director or his or her designee may provide up to a fifty percent (50%) discount off of daily greens fees. Such specials shall occur no more than twenty (20) days per month at each golf course.

(f) Family Tee Program. To promote family play, golfers may play from established "family tees" to be set no more than 175 yards from the greens at Municipal Nine-Hole Golf Courses. Rates for play are \$6.00 weekdays and \$7.00 weekends. All members of the foursome or group must use the family tees for this rate to be in effect.

(g) Play one round, get the second round at half price. This discount is good on the day and at the course on which the original full-fee round is played. The fee for the second round shall be one-half of the green fee in effect at the time the second round is played.

SECTION 3. COMPLIMENTARY TICKETS. Complimentary tickets without fee may be issued by or under the direction of the Golf Course Professional to visiting

professionals or others, for services rendered to the golf course. Free play must be approved by the Parks, Recreation and Neighborhoods Director or designee.

SECTION 4. CHILDREN. Children under the age of eleven (11) will not be permitted to play golf unless accompanied by an adult playing golf.

SECTION 5. POLICY. In order for fees to be consistent and competitive with other courses in the valley, the Play Day Policy for Play at the City's Municipal Golf Courses by Non-Affiliated Groups shall continue to be implemented as set forth on Exhibit "C" attached hereto.

SECTION 6. HOLIDAYS. "Holidays", as used herein, shall mean New Year's Day (January 1st), Martin Luther King's Birthday (the third Monday in January), Washington's Birthday (the third Monday in February), Memorial Day (the last Monday in May), Independence Day (July 4th), Labor Day (the first Monday in September), Veterans Day (November 11th), Thanksgiving Day (the fourth Thursday in November) and the day after Thanksgiving. When a holiday falls on Sunday, the following Monday shall be observed as a holiday. When a holiday falls on Saturday, the preceding Friday shall be observed as a holiday.

SECTION 7. SIGNS. The Golf Course Professional is authorized and directed to post a sign in a conspicuous place informing all golfers of the established greens fees.

SECTION 8. OFFICIALLY RECOGNIZED AFFILIATED GOLF CLUBS. Golf Clubs officially recognized under the terms of this resolution are: Muni Niners, Modesto Golf Club, Dryden Park Women's Golf Club, Creekside Golf Club and S.I.R.S.

SECTION 9. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on and after June 28, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

<u>MUNI</u>				
	Weekday	\$23.00	\$25.00	N/A
	Weekend	\$25.00	\$27.00	N/A

In addition, a non-refundable deposit of \$50.00 per tournament is required.

Regular tee time style tournaments require a minimum of 28 players. Per player fees include: green fees (\$22.50 weekdays/\$29.50 weekends at Creekside, \$20.50 weekdays/\$26.50 weekends at Dryden and \$13.00 weekdays/\$15.00 weekends at Muni); and Pro Shop merchandise credit (\$5.00 at Creekside/Dryden/Muni); and golf course restaurant credit (\$5.00 at Creekside/Dryden/Muni).

Full shotgun tee time style tournaments require a minimum of 120 players at Creekside/Dryden and a minimum of 72 players at Muni. Per player fees include: green fees (\$26.50 weekdays/\$34.50 weekends at Creekside, \$24.50 weekdays/\$31.50 weekends at Dryden and \$15.00 weekdays/\$17.00 weekends at Muni); Pro Shop merchandise credit (\$7.00 at Creekside/Dryden and \$5.00 at Muni); and golf course restaurant credit (\$7.00 at Creekside/Dryden and \$5.00 at Muni). Cart rental is required for shotgun style tournaments.

Modified shotgun tee time style tournaments require a minimum of 72 players at Creekside/Dryden. Per player fees include: green fees (\$26.50 weekdays at Creekside; \$24.50 weekdays at Dryden); Pro Shop merchandise credit (\$7.00 at Creekside/Dryden); and golf course restaurant credit (\$7.00 at Creekside/Dryden). Cart rental is required for modified shotgun style tournaments. Modified shotgun style tournaments are not available at Muni.

Members of the five officially recognized affiliated golf clubs (Muni Niners, Modesto Golf Club, Dryden Park Women's Club, Creekside Golf Club and S.I.R.S.), who qualify, will be allowed to use Senior/Junior/Disabled discounts for official club tournaments Monday through Friday, excluding holidays.

PLAY DAY POLICY  
FOR PLAY AT THE CITY'S  
MUNICIPAL GOLF COURSES  
BY NON-AFFILIATED GROUPS

The following policy is hereby established for Non-Affiliated Groups to encourage their use of the City's municipal golf courses:

Criteria for these groups are:

1. They are a group with an identification or organizational structure;
2. They commit to use the City's golf course(s) on a regular basis (weekly, bi-weekly, monthly, etc.);
3. They have a minimum of twenty-four (24) players;
4. Regular tee-time style starting will be used (no shotgun style starting will be allowed);
5. Their events do not promote a formal competition or championship; and
6. Play days will be restricted to Monday through Wednesday after 9:00 a.m.

In recognition of their contribution to the golf program, no mandatory pro shop or restaurant fees will be assessed. Tee time reservations, in advance of public reservations, will be allowed.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-329**

**A RESOLUTION APPROVING THE PRIORITIZATION LIST FOR THE  
CAPITAL IMPROVEMENT PROGRAM (“CIP”) PROJECTS REMAINING TO  
BE CONSTRUCTED IN THE CARVER-BANGS/PELANDALE-SNYDER  
COMMUNITY FACILITIES DISTRICT (“CBPS CFD”)**

WHEREAS, in 1998 the Carver-Bangs/Pelandale-Snyder Community Facilities District (“CBPS CFD”) was formed to fund the core infrastructure needed to serve the area, and

WHEREAS, the CBPS CFD utilized traditional “pay-as-you-go” financing requiring that each developer pay a one-time tax at the time of development, and

WHEREAS, as of June 1, 2005, all one-time tax amounts have been collected except for roughly \$700,000, and the CFD will be unable to fund all of the remaining projects identified in the Public Report which currently have a total estimated cost of \$4.2M, and

WHEREAS, on June 28, 2005 staff presented a Carver-Bangs/Pelandale-Snyder Facilities Prioritization List (“Facilities Prioritization List”) to the City Council for consideration, and

WHEREAS, said Facilities Prioritization List will provide staff with direction regarding the order in which the remaining projects will be funded and constructed, and

WHEREAS, at its meeting on June 13, 2005, the Economic Development Committee recommended approval of Staff’s list of remaining projects, the proposed prioritization, the amount programmed, and the current cost estimates,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Carver-Bangs/Pelandale-Snyder Facilities Prioritization List, attached hereto as Exhibit "A", is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Marsh

MICHAEL D. MILICH, City Attorney

Exhibit "A"

Summary and Recommended Prioritization of the Remaining CIP Projects  
in the Carver-Bangs/Pelandale-Snyder CFD

CIP #	Proposed Priority	Project	Programmed in the CFD (2005 COLA)	Current Project Cost Estimate	CFD Portion	CFF Portion	Status
Q318	1	Storm Drainage Basins & Pump Stations - Construct two pump stations and install a 48" storm drain line into the East Basin.	\$1,330,000	\$1,570,000	\$1,570,000	\$0	100% Plans & Specifications are currently being reviewed by staff.
Q319	1	Prescott Rd. - Pelandale to Snyder - Widen west side of Prescott Road adjacent to the storm drain basins.	\$344,200	\$344,200	\$344,200	\$0	This project is part of the Pelandale Intersection Improvement project. Bids open on 6/21/05.
A101	1	Dale Rd. - Snyder to Pelandale- Complete landscaping in front of Dale Rd. offices near Snyder.	\$26,000	\$26,000	\$26,000	\$0	This landscaping is currently being installed by a developer and will be reimbursed through an Acquisition and Shortfall Agreement.
A102	1	Snyder Ave. - Prescott to Carver - Widen Snyder Ave. on the south side, adjacent to the canal between Prescott Rd. and Carver Rd.	\$235,300	\$285,000	\$285,000	\$0	Design is nearly complete.
????	2	Bike Trail System (Tax Area B) - Install bike trail, landscaping and fencing along Snyder Ave. between Prescott and Carver, and along the MID Lat. #6 between Carver Rd. and the Union Pacific railroad.	\$533,800	\$1,117,802	\$533,800	\$584,002	No design- The original funding split for this project was 18% CFF and 82% CFD. Because of the significant increase in the cost of the project, CFF will fund 52% and CFD will fund 48%.
X519	2	Bike Trail (Tax Area A) - Install 2,180 feet of 8'-wide bike path along MID lateral #6 between Bangs and Pelandale.	\$127,000	\$216,430	\$127,000	\$89,430	No design- The original funding split for this project was 23% CFF and 77% CFD. Because of the increase in the cost of the project, CFF will fund 41% and CFD will fund 59%.
A105	3	Bangs Ave. - American to Carver - Construct a 9' wide strip along the south side of Bangs Ave. from American Ave. to adjacent subdivision to the east.	\$93,000	\$93,000	\$93,000	\$0	Preliminary design work was performed. Need to wait for property to develop and developer to install frontage improvements.
A103	3	Tully Rd. - Pelandale to MID #6 - Widen Tully Rd. adjacent to Big Valley Grace Church and adjacent to Brent Holtz property if and when it ever develops.	\$570,000	\$570,000	\$570,000	\$0	No design. No current cost estimate is available.
X509	3	American Ave. - Pelandale to Bangs - Construct a 2' wide strip down the center of American Ave.	\$3,200	\$3,200	\$3,200	\$0	No design. No current cost estimate is available.
<b>Totals:</b>			<b>\$3,262,500</b>	<b>\$4,225,632</b>	<b>\$3,552,200</b>	<b>\$673,432</b>	

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-330**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE  
SCENIC DRIVE BUS TURNOUT PROJECT, ACCEPTING THE BID AND  
APPROVING A \$77,812.00 CONTRACT WITH BDS CONSTRUCTION, INC.,  
FOR THE PROJECT TITLED, "SCENIC DRIVE BUS TURNOUT PROJECT,"  
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the Scenic Drive Bus Turnout Project was previously bid on March 8, 2005, and no bids were received, and

WHEREAS, modifications were made to the plans and specifications to meet the current construction climate, and

WHEREAS, City staff has prepared the plans and specifications for the Scenic Drive Bus Turnout Project and recommends approval to the City Council, and

WHEREAS, the bids received for "Scenic Drive Bus Turnout Project" were opened at 11:00 a.m. on June 7, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$77,812 received from BDS Construction, Inc., be accepted as the lowest responsible bid and the contract be awarded to BDS Construction, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Scenic Drive Bus Turnout Project.

BE IT FURTHER RESOLVED that the Council hereby accepts the bid of \$77,812, and hereby awards BDS Construction, Inc., the contract titled "Scenic Drive Bus Turnout Project."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-331**

**A RESOLUTION APPROVING AND ADOPTING THE WATER SYSTEM  
HYDRAULIC MODELING PROJECT AND THE FINAL DRAFT OF THE  
ASSOCIATED SYSTEM ANALYSIS REPORT (HMP REPORT)**

WHEREAS, on July 23, 2002, the City Council approved a professional services agreement with West Yost & Associates (WYA) to develop a Water System Hydraulic Model and to prepare an Associated System Analysis Report (HMP Report), and

WHEREAS, the HMP Report is now complete and provides the City with design criteria and tools to evaluate the existing and future water system needs, and

WHEREAS, WYA has submitted to the City copies of the HMP Report which contains Technical Memorandum on the following project elements: selection of modeling software, projection of water demands, system performance and design criteria, development, calibration, and verification of the water system hydraulic model, analysis of existing and future water systems, and recommended capital improvement projects, and

WHEREAS, the HMP Report work products were used in identifying the City's downstream improvements to fully integrate the distribution system with the Modesto Regional Water Treatment Plant Expansion, and

WHEREAS, the hydraulic model developed by the HMP Report is instrumental in completing capacity evaluations for new development and verifying the effectiveness of major new water system improvements, and

WHEREAS, this item was reviewed as a consent item for the Economic Development Committee meeting on June 13, 2005, and a favorable recommendation was made to forward the HMP Report to the Council for approval and adoption,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Water System Hydraulic Model and Associated System Analysis Report (HMP Report) is hereby approved and adopted.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-332**

**A RESOLUTION ACCEPTING THE NORTHERN SAN JOAQUIN VALLEY  
REGIONAL WATER RECLAMATION FEASIBILITY STUDY REPORT AND  
AUTHORIZING CITY STAFF TO APPLY FOR SUBSEQUENT GRANTS, AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE APPLICATIONS  
RELATED TO SUCH GRANTS ON BEHALF OF THE CITY**

WHEREAS, On January 14, 2003, the City Council approved a professional services agreement with Raines, Melton & Carella, (RMC), Inc. to prepare the Northern San Joaquin Valley Water Reclamation Feasibility Study (Feasibility Study), and

WHEREAS, the City is currently contemplating tertiary treatment for anticipated wastewater discharge requirements, and

WHEREAS, the Feasibility Study has been recently completed, which analyzed the potential uses of tertiary treated wastewater (reclaimed water) within the City and the region, and

WHEREAS, the Feasibility Study provided preliminary market, regulatory and regionalization assessments for the potential reuse of reclaimed water, and

WHEREAS, there were five viable alternatives that were developed from stakeholder and regulatory agency meetings, regarding the potential use of reclaimed water within the region, and

WHEREAS, the recommended next steps are to apply for grants for the completion of a Facility Plan and environmental documentation and the actual construction of the recommended recycling water project, and

WHEREAS, the most feasible recycled water project could be implemented if the City is awarded a construction grant, and

WHEREAS, this item was reviewed at the Economic Development Committee meeting on June 13, 2005, and a favorable recommendation was made to forward the Feasibility Study to the Council for acceptance.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts The Northern San Joaquin Valley Water Reclamation Project Feasibility Study Report.

BE IT FURTHER RESOLVED that the Council hereby authorizes City staff continue to pursue the most economically feasible options and to apply for subsequent grants.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager to execute applications related to such grants on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-333**

**A RESOLUTION AMENDING THE ORIGINAL AGREEMENT WITH RAINES,  
MELTON & CARELLA, INC., NOW RMC WATER AND ENVIRONMENT, FOR  
ADDITIONAL WORK PROVIDED IN THE AMOUNT OF \$17,869.49 AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AMENDMENT  
TO AGREEMENT**

WHEREAS, the City of Modesto awarded the Northern San Joaquin Valley Water Reclamation Feasibility Study (Feasibility Study) contract to Raines, Melton & Carella, (RMC) Inc., in the amount of \$150,000 in January 2003, and

WHEREAS, the City received notice on June 13, 2005 that the corporation has changed its name from Raines, Melton & Carella, Inc., to RMC Water and Environment, and

WHEREAS, the Feasibility Study analyzed the potential uses of tertiary treated wastewater within the City and the region, and

WHEREAS, the Feasibility Study has been completed and the study findings were presented to the Economic Development Committee in June 2005, and

WHEREAS, additional work was provided by RMC beyond the scope of the original agreement in order to provide a comprehensive understanding of the complex regulatory and stakeholder issues which were developed during the study, and

WHEREAS, City desires to pay the amount of the additional work provided by RMC, which is \$17,869.49, and execute an Amendment to Agreement for Consultant Services with RMC Water and Environment in said amount,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves an Amendment to Agreement for Consultant Services in the

amount of \$17,869.49 with RMC Water And Environment., for the Northern San Joaquin Valley Water Reclamation Feasibility Study.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-334**

**A RESOLUTION REALLOCATING ONE (1) ASSOCIATE CIVIL ENGINEER  
POSITION IN ORGANIZATION 5015, CAPITAL PLANNING SECTION OF  
THE PUBLIC WORKS DEPARTMENT, TO THE POSITION OF SENIOR CIVIL  
ENGINEER.**

WHEREAS, the Capital Planning section of the Public Works Department oversees Capital Improvement programs and projects associated with the City's water, wastewater and stormwater systems, and

WHEREAS, in an effort to plan for the future of these systems, the City has recently undertaken major infrastructure assessments in each of these areas, and

WHEREAS, these assessments are utilized as the basis for adjusting rates to ensure infrastructure needs are met and adequately funded, and

WHEREAS, the Capital Planning section is charged with leading these infrastructure assessments, and

WHEREAS, the Capital Planning section is currently comprised of one (1) Senior Civil Engineer, one (1) Associate Civil Engineer, two (2) Assistant Civil Engineers, and one (1) Senior Civil Engineering Assistant, and

WHEREAS, the Associate Civil Engineer has been assigned to oversee development of infrastructure assessments, particularly the master plans for water, sewer and storm drainage, and has also been very involved in the preparation of Facility Master Plans for each Specific Plan area within the City, and

WHEREAS, as the City moves toward the implementation of over \$600 million in infrastructure improvements, a reallocation of the work load will be necessary in the

Capital Planning area as the level of work needed is above that of an Associate Civil Engineer, and

WHEREAS, this Associate Civil Engineer position is currently vacant and recent recruitments in May 2005 have yielded minimally qualified candidates at the Associate level, and

WHEREAS, recruitments at the Senior Civil Engineer level have allowed for the hiring of three (3) Senior Civil Engineers in the past year, and

WHEREAS, both the Associate and Senior Civil Engineer positions require registration as a Professional Engineer (PE) and it appears that the salary level of the Senior position is the difference in the success of these recruitments, and

WHEREAS, it is staff's belief that reallocation of the vacant Associate position to Senior Civil Engineer is more reflective of the level of work to be performed by the position and would yield a more suitable candidate pool, and

WHEREAS, funding for this proposed reallocation, estimated at \$14,124 annually, will be provided through charges to projects and to the utility funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby reallocates one (1) Associate Civil Engineer position in Organization 5015, Capital Planning Section of the Public Works Department, to the position of Senior Civil Engineer.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 28<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-335**

**A RESOLUTION APPROVING THE FINAL MAP OF THE EVERGREEN  
SUBDIVISION, IN THE COFFEE CLARATINA SPECIFIC PLAN AREA, OF  
THE CITY OF MODESTO, AUTHORIZING THE CITY MANAGER TO  
EXECUTE A SUBDIVISION AGREEMENT WITH VALLEY VENTURES IV,  
LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, MERITAGE HOMES  
OF CALIFORNIA, INC., A CALIFORNIA CORPORATION, BFC PROPERTIES,  
A CALIFORNIA CORPORATION, AND BERBERIAN PROPERTIES, LLC, A  
CALIFORNIA LIMITED LIABILITY COMPANY, AND ACCEPT DEDICATION  
OF REAL PROPERTY FOR EXPANSION OF THE GRECIAN STORM  
DRAINAGE BASIN**

WHEREAS, VALLEY VENTURES IV, LLC, a California Limited Liability Company, MERITAGE HOMES OF CALIFORNIA, INC., a California Corporation, BFC PROPERTIES, a California Corporation, and BERBERIAN PROPERTIES, LLC, a California Limited Liability Company (collectively "Subdividers"), are possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 10.02 acres, known as the EVERGREEN SUBDIVISION ("SUBDIVISION"), in the Coffee Claratina Specific Plan Area, and

WHEREAS, the application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on January 25, 2005, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 4<sup>th</sup> day of April, 2005, and

WHEREAS, as a condition of development of SUBDIVISION, the owners are required to dedicate property located to the east of SUBDIVISION for the purpose of expanding the Grecian Storm Drainage Basin, and

WHEREAS, Subdividers have provided the City with an executed Grant Deed dedicating Parcel No. 3 of the McHenry Avenue/Grecian Avenue Parcel Map to the City for the purpose of expanding the Grecian Storm Drainage Basin, and

WHEREAS, the Public Works Department has confirmed that the property being dedicated is in the proper location and adequately sized to accommodate said basin expansion, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdividers have furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk is authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

BE IT FURTHER RESOLVED that the City Manager is authorized to accept the dedication of Parcel 3 of the McHenry Avenue/Grecian Avenue Parcel Map for expansion of the Grecian Storm Drainage Basin on behalf of the public.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-336**

**A RESOLUTION APPROVING THE CITY OF MODESTO DRAFT “ANALYSIS TO IMPEDIMENTS TO FAIR HOUSING CHOICE” (AI) REPORT, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SIGN RELATED DOCUMENTS FOR SUBMITTAL TO THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD)**

WHEREAS, as a recipient of the Housing and Urban Development (HUD) federal funds, the City of Modesto is required to certify that it is affirmatively furthering fair housing, and

WHEREAS, this requirement is based on HUD’s mandate under Section 808 of the Fair Housing Act and is completed by each entitlement jurisdiction completing an “Analysis to Impediments to Fair Housing Choice (AI),” and

WHEREAS, the requirement calls for the City to engage in fair housing planning through: 1) the completion of an analysis of impediments to fair housing; 2) action to eliminate identified impediments to fair housing choices; and 3) maintenance of records demonstrating that the City took action on the identified impediments, and

WHEREAS, HUD has defined the AI as an analysis of three broad areas related to housing choice: 1) a comprehensive review of the jurisdiction’s laws, regulations, and administrative policies, procedures and practices; 2) an assessment of how those laws, regulations and administrative policies affect the location, availability and accessibility of housing; and 3) an assessment of both public and private conditions affecting fair housing choice, and

WHEREAS, the purpose of the AI is to serve as a living document for fair housing planning, to provide essential information to policy makers, housing providers

and advocates, and finally, to assist in building public support for fair housing efforts,  
and

WHEREAS, the last AI for the City of Modesto was completed in 1996, and

WHEREAS, HUD regulations require that a 30-day public comment period be held as part of the Citizen Participation process, and

WEHREAS, this 30-day period began on May 28, 2005, and will end on June 28, 2005, with a public hearing scheduled for that evening at the regular City Council meeting, and public comments will be included as part of the AI, as well as City responses to the public comments received, and

WHEREAS, submittal of an AI is required to receive the City's entitlement grants from HUD; this document also illustrates how the City can promote better fair housing programs, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) recommended support of this item at its June 17, 2005, meeting, and

WHEREAS, a duly noticed public hearing was held by the City Council at its meeting of June 28, 2005, to consider submission of the Analysis to Impediments to Fair Housing Choice (AI),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Analysis to Impediments to Fair Housing Choice (AI), a copy of which is on file in the Office of the City Clerk, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute any and all documents necessary for the submission of the

Analysis to Impediments to Fair Housing Choice (AI) to the Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-337**

**A RESOLUTION ADOPTING A REVISED SCHEDULE OF MAXIMUM RATES  
AND CHARGES FOR THE COLLECTION OF GARBAGE IN THE CITY OF  
MODESTO, AND RESCINDING RESOLUTION NO. 2004-406**

WHEREAS, with the adoption of Ordinance No. 3068-C.S. in November of 1997, the City no longer sets rates for the collection of garbage in Modesto, and instead performs a comprehensive review of cost information submitted by the contract garbage haulers, and

WHEREAS, the City sets a maximum rate that the haulers may charge for the various types of services provided under the contracts based on cost data provided by the lowest cost hauler, and

WHEREAS, Section f (2) of the City's Service Agreements with its solid waste collectors requires that when the City makes adjustments to the collection services provided under the Agreements, any additional costs should be covered by adjustments to the maximum rates, and

WHEREAS, in addition, maximum rates for solid waste collection services are reviewed annually as requested by the City's garbage collection companies, and

WHEREAS, the City's garbage collection companies have requested an adjustment in the maximum rates, and

WHEREAS, the City has conducted an analysis of the base maximum rates using the audited financial statements provided by the garbage haulers, and

WHEREAS, new maximum rates have been calculated based on adjustments to the base maximum rates for cost decreases and increases, and a recommendation for a new maximum rate schedule has been developed, and

WHEREAS, the Economic Development Committee met on June 13, 2005 and recommended this item to the full Council for its consideration, and

WHEREAS, a report dated June 28, 2005, from the Parks, Recreation and Neighborhoods Department, a copy of which is on file in the office of the City Clerk, sets forth said recommendations, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on June 28, 2005, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto California, and

WHEREAS, a duly noticed public hearing was held at said time and place, at which time evidence, both oral and documentary, was received and considered, and

WHEREAS, it was found and determined by the Council of the City of Modesto that the existing schedules of rates and charges for garbage service in the City of Modesto should be revised as recommended,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That it hereby approves the Maximum Charges for Garbage Service as contained in Exhibit "1", attached hereto and incorporated herein by reference. Said Maximum Charges for Garbage Service includes twice-a-year bulky item pickup for residential customers and all other residential services as stipulated in the Service

Agreements and shall become effective on July 1, 2005, and shall remain in effect until revised by Council.

BE IT FURTHER RESOLVED that any person who has prepaid garbage service charges for residential garbage service shall be entitled to receive garbage service for the balance of said prepaid period at the prepaid rates.

BE IT FURTHER RESOLVED that Resolution No. 2004-406 is hereby rescinded, effective July 1, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MAXIMUM CHARGES FOR GARBAGE SERVICE**

**STANDARD CONTAINERS**

Maximum Monthly Rates  
(Once a Week Pickup Service)

Standard service shall include one, 96-gallon container for garbage/recyclables, one, 96-gallon container for green waste, blue bag recycling, a countertop container for kitchen scraps, drop-off of old TV and computer tubes, and two bulky item collections per year by appointment. Customer may opt for smaller containers; however, maximum rates apply.

The maximum rate for new sign ups for service or change in service which occur after July 1, 1996, shall be charged \$18.95 per month regardless of size of container. The maximum rate for each additional garbage container shall be \$14.12 per month.

The maximum rate for customers with 60 gallon containers who subscribed to service at an address prior to July 1, 1996 and who have not changed their service address shall be \$15.95. The maximum rate for each additional garbage container shall be \$14.12 per month.

The above maximum standard container rate shall apply for service when containers are placed in a location set forth in Section 5-5.11 of the Municipal Code.

**DETACHABLE CONTAINERS**

Number of Collections Per Week

Container Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
1 CY	31.54	52.59	73.61	94.65	115.69	136.73
1½ CY	42.08	73.62	105.20	136.48	168.64	199.86
2 CY	52.59	94.65	136.73	178.80	220.86	262.93
3 CY	73.61	136.73	199.83	262.93	326.05	389.15
4 CY	94.65	178.80	262.93	347.08	431.22	515.37
5 CY	115.69	220.86	326.05	431.22	536.41	641.58
6 CY	136.73	262.93	389.15	515.37	641.58	767.80

**DETACHABLE CONTAINER RENTAL RATES  
ARE INCLUDED IN ABOVE SCHEDULE**

Detachable container size	1 CY to 6 CY
Monthly rental rate	\$10.00
Weekly rental of Detachable Containers	Shall not exceed the rate for 1 pickup per week for each size container

**DROP BOX CONTAINERS**

Pick up charge - \$191.35 per pick up  
Rental - \$0.85 per day up to 7 day maximum rental  
\$3.00 per day additional for boxes kept 7 or more days without servicing  
\$10 per day additional for boxes kept 21 or more days without servicing

Disposal charge - Actual charge to be paid by customer  
Garbage company will provide up to 40 CY Drop Box containers for above stated charges subject only to load limit of transfer vehicle.

### COMPACTORS

#### Front Loader Type:

Compactor Size	NUMBER OF COLLECTIONS PER WEEK					
	1	2	3	4	5	6
3 CY	152.12	304.24	456.36	608.48	760.60	912.72
4 CY	201.72	403.44	605.16	806.88	1008.60	1210.32

#### Roll-Off Type:

6 CY to 40 CY \$191.35 per pickup  
Washing of compactor at the request of customer \$30.00  
Disposal Charge: Actual charge to be paid by customer

### EXTRA PICKUPS

Standard containers or equivalent \$3.50 plus \$1.38/container  
Detachable containers \$12.00 plus \$2.75/cubic yard

### SPECIAL SERVICE CONDITIONS

In situations where none of the above maximum rates reasonably apply, the cost of service is to be negotiated between the garbage company and the customer.

### DETACHABLE CONTAINER ONLY REPLACEMENT AND CLEANING SERVICE

	1 CY	1½ CY	2 CY	3 CY	4 CY	5 CY	6 CY
	\$10.12	\$11.00	\$12.10	\$15.40	\$20.24	\$25.08	\$29.92

### NOTATIONS

1. The above maximum residential rates include the \$0.10 per month per household recycling fee payable to the City by the garbage company. In addition to garbage, maximum residential rates also include twice-a-year bulky item pickup, blue bag recycling, green waste collection, food waste containers, cathode ray tube drop-off, and illegal dumping removal from streets and alleys.
2. Pursuant to Section 11-6.16(c)(2) of the Modesto Municipal Code, the garbage company may require a deposit equivalent to two (2) months service charge from customers prior to beginning service.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-338**

**A RESOLUTION AUTHORIZING THE FILING OF AN AMENDMENT TO  
GRANT NUMBER CA-03-0562 FOR THE NEW BUS MAINTENANCE FACILITY  
WITH THE FEDERAL TRANSIT ADMINISTRATION UNDER SECTION 5309  
OF THE FEDERAL TRANSIT ACT AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE ALL GRANT APPLICATION AND GRANT  
AGREEMENT DOCUMENTS**

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the Federal Transit Administration required for the projects, and

WHEREAS, the City of Modesto had an approved Federal Transit Administration (FTA) Section 5309 grant for \$3,668,116 in federal funds for the new Bus Maintenance Facility, and

WHEREAS, on June 24, 2003, the City Council approved Amendment No. 1 to the Section 5309 grant that added \$445,585 to the approved amount of federal funds for said project, and

WHEREAS, \$3,614,907 in Section 5309 federal funds for the Bus Maintenance Facility have been earmarked by Congress for this project, and

WHEREAS, an amendment to the current Section 5309 grant, as amended by Amendment No. 1, is required to access these earmarked funds, and

WHEREAS, the Bus Maintenance Facility project funds in the Section 5309 grant amendment application are included in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG on February 9, 2005, and

WHEREAS, the grant amendment for Federal assistance will impose certain obligations on the City of Modesto, and may require the City to provide the local share of the project costs, and

WHEREAS, by a report to the Council dated June 13, 2005, from the Public Works Department, City staff recommended amending the current FTA Section 5309 grant for the Bus Maintenance Facility, and

WHEREAS, the Modesto City Council conducted a Public Hearing on June 28, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located in the Basement of 1010 Tenth Street, Modesto, California, in accordance with FTA regulations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute and file an amendment to Federal Section 5309 Grant Number CA-03-0562 on behalf of the City of Modesto with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the Federal Transit Administration.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute and file the annual certifications and assurances and other documents the Federal Transit Administration requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is authorized to execute all necessary grant documents with the Federal Transit Administration on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-339**

**A RESOLUTION AUTHORIZING THE FILING OF A SECTION 5307  
APPLICATION WITH THE FEDERAL TRANSIT ADMINISTRATION FOR  
PUBLIC TRANSIT OPERATING AND CAPITAL PURPOSES AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE ALL GRANT  
APPLICATION AND GRANT AGREEMENT DOCUMENTS**

WHEREAS, the Federal Transit Administration (FTA) has been delegated authority to award federal financial assistance for transportation related projects, and

WHEREAS, the City of Modesto has provided all annual certifications and assurances to the Federal Transit Administration required for the projects, and

WHEREAS, each year the City of Modesto submits a grant application for Section 5307 funds from the formula apportionment made available to the Modesto Urbanized area by the FTA, and

WHEREAS, the City of Modesto has received authority from the Designated Recipient, StanCOG, to apply for Section 5307 Urban Area Formula Program Assistance for no more than \$3,482,993 for FY 2004-2005, and

WHEREAS, the projects in the Section 5307 grant application are in the Federal Transportation Improvement Program (FTIP) adopted by StanCOG February 9, 2005, and

WHEREAS, the grant for Federal assistance will impose certain obligations on the City of Modesto, and may require the City to provide the local share of the project costs, and

WHEREAS, by a report to the Council dated June 13, 2005, from the Public Works Department, City staff recommended submitting a grant application for \$3,482,993 in Section 5307 formula FTA funds to partially offset the operational and capital costs of the City's public transit program, and

WHEREAS, the Modesto City Council conducted a Public Hearing on June 28, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located in the Basement of 1010 Tenth Street, Modesto, California, in accordance with FTA regulations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, to execute and file an application for Federal Section 5307 assistance on behalf of the City of Modesto with the Federal Transit Administration (FTA) for Federal assistance authorized by 49 U.S.C. Chapter 53, Title 23, United States Code, or other Federal statutes authorizing a project administered by the Federal Transit Administration.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute and file the annual certifications and assurances and other documents the Federal Transit Administration requires for awarding a federal assistance grant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary grant documents with the Federal Transit Administration on behalf of the City of Modesto.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-340**

**A RESOLUTION ADOPTING THE STANISLAUS AND TUOLUMNE RIVERS  
GROUNDWATER BASIN ASSOCIATION'S (STRGBA) INTEGRATED  
GROUNDWATER MANAGEMENT PLAN FOR THE MODESTO SUBBASIN**

WHEREAS, the City of Modesto entered into a Memorandum of Understanding (MOU) in September 2001 to re-form the Stanislaus and Tuolumne Rivers Groundwater Basin Association (STRGBA) to coordinate water resource planning efforts with other water supply agencies within the Modesto Sub-basin, and

WHEREAS, the California Legislature passed Assembly Bill (AB) 3030, which is designed to provide local public agencies increased management authority over their groundwater resources through the adoption of a Groundwater Management Plan, and

WHEREAS, in September 2002, the State of California passed two laws (SB 1938 and SB 1672), which encourage local agencies to work cooperatively in the preparation of integrated regional water management plans, and

WHEREAS, the implementation of the Integrated Regional Groundwater Management Plan (IRGMP) for the Modesto Groundwater Sub-basin and performance of specific actions identified in the plan will enable better understanding and management of the groundwater sub-basin, and

WHEREAS, a Public Hearing was held June 28, 2005, at 5:30 p.m. in the Tenth Street Place Chambers located in the Basement at 1010 Tenth Street, Modesto, California, for public comments regarding the adoption of the plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the Stanislaus and Tuolumne Rivers Groundwater Basin

Association's Integrated Regional Groundwater Management Plan for the Modesto Sub-basin.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-341**

**A RESOLUTION AUTHORIZING CITY STAFF TO APPLY FOR VARIOUS  
WATER RELATED GRANTS, INCLUDING PROPOSITION 50, CHAPTER 8  
FUNDING, THROUGH THE 2005/06 AND 2006/07 FISCAL YEARS, AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE APPLICATIONS  
RELATED TO SUCH GRANTS ON BEHALF OF THE CITY**

WHEREAS, the City of Modesto receives approximately 60% of its annual water supply from groundwater wells located throughout the City and has experienced a decline in groundwater quality at a number of well sites, which has resulted in those wells being taken out of service, and

WHEREAS, the City of Modesto overlies two groundwater basins, the Modesto Groundwater Sub-basin (MGB) and the Turlock Groundwater Sub-basin (TGB), and

WHEREAS, the Local Groundwater Management Assistance Act of 2000 (California Water Code Section 10795 *et seq.*) was enacted to allow the Department of Water Resources (DWR) to administer grants to local agencies to conduct groundwater monitoring and studies, and

WHEREAS, the Proposition 50 Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 Grant Program encourages an integrated regional approach to water resources management by supporting projects that protect communities from drought, improve water quality, and reduce dependency on imported water, and

WHEREAS, concurrent with this resolution, the Council adopted Resolution No. 2005-340, which adopted the Stanislaus and Tuolumne Rivers Groundwater Basin Association's Integrated Regional Groundwater Management Plan for the Modesto Sub-basin, and

WHEREAS, a Public Hearing was held June 28, 2005, at 5:30 p.m. in the Tenth Street Place Chambers located in the Basement at 1010 Tenth Street, Modesto, California, for public comments regarding the adoption of the plan and submission of various water-related grant applications, and

WHEREAS, preference will be given to grant proposals that include integrated projects with multiple benefits, improve local and regional water supply reliability, contribute towards improving water quality standards, reduce pollution in impaired waters, and improve groundwater management, and

WHEREAS, the Integrated Regional Groundwater Management Plan has identified regional groundwater studies that are eligible for state grant funding,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes City Staff to apply for various water related water resource management grants.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized and directed to execute the necessary applications for such grants.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-342**

**A RESOLUTION APPROVING A TAX-EXEMPT BOND FINANCING TO BE  
ISSUED BY THE CALIFORNIA STATEWIDE COMMUNITIES  
DEVELOPMENT AUTHORITY TO BENEFIT SUTTER HEALTH AND  
CERTAIN AFFILIATES**

WHEREAS, Sutter Health, Sutter Gould Medical Foundation and certain other affiliates of Sutter Health, each a nonprofit public benefit corporation (collectively, the “Health Institutions”), have requested that the California Statewide Communities Development Authority (the “Authority”) issue bonds in one or more series in an aggregate principal amount not to exceed \$400,000,000 (the “Bonds”) for the purpose of, among other things, financing or refinancing the acquisition, improvement and equipping (the “Financing”) of certain health facilities owned or operated by the Health Institutions, including Sutter Gould Medical Foundation (the “Facilities”) located in the City of Modesto (the “City”);

WHEREAS, pursuant to Section 147(f) of the Internal Revenue Code of 1986 (the “Code”), the issuance of the Bonds by the Authority must be approved by the City because the Facilities are located within the territorial limits of the City;

WHEREAS, the City Council of the City (the “Council”) is the elected legislative body of the City and is one of the applicable elected representatives required to approve the issuance of the Bonds under Section 147(f) of the Code;

WHEREAS, the Authority has requested that the Council approve the issuance of the Bonds by the Authority in order to satisfy the public approval requirement of Section 147(f) of the Code and the requirements of Section 9 of the Amended and Restated Joint

Exercise of Powers Agreement, dated as of June 1, 1988 (the "Agreement"), among certain local agencies, including the City;

WHEREAS, the Authority has also requested that the Council approve, for purposes of Section 9 of the Agreement, the issuance of any bonds to be issued by the Authority to refund the Bonds; and

WHEREAS, pursuant to Section 147(f) of the Code, the Council has, following notice duly given, held a public hearing regarding the issuance of the Bonds, and now desires to approve the issuance of the Bonds by the Authority;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Modesto as follows:

Section 1. The Council hereby approves the issuance of the Bonds by the Authority. It is the purpose and intent of the Council that this Resolution constitute approval of the issuance of the Bonds by the Authority, for the purposes of (a) Section 147(f) of the Code by the applicable elected representative of the governmental unit having jurisdiction over the area in which the Facilities are to be located, in accordance with said Section 147(f) and (b) Section 9 of the Agreement, which shall also be deemed satisfied for any Authority bonds issued to refund the Bonds.

Section 2. The officers of the City are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they deem necessary or advisable in order to carry out, give effect to and comply

with the terms and intent of this Resolution and the financing transaction approved hereby.

Section 3. This Resolution shall take effect immediately upon its adoption.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28th day of June 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-343**

**A RESOLUTION APPROVING THE AGREEMENTS BETWEEN THE CITY OF  
MODESTO AND PACIFICARE, KAISER PERMANENTE, AMERICAN  
SPECIALTY HEALTH PLANS (chiropractic coverage) AND PACIFICARE  
BEHAVIORAL HEALTH; CONTINUING DENTAL AND VISION COVERAGE  
THROUGH THE CITY'S SELF-INSURED PROGRAM AND AUTHORIZING  
THE RISK MANAGER TO SERVE AS THE COORDINATOR FOR THE  
VARIOUS PLANS AND AUTHORIZING THE CITY MANAGER TO EXECUTE  
ALL NECESSARY AGREEMENTS**

WHEREAS, the City of Modesto provides its employees with employee and dependent health insurance coverage, and

WHEREAS, the Employee Benefits Committee (EBC) has met and reviewed and evaluated coverage for Fiscal Year 2005/2006, and

WHEREAS, the rates charged by health insurance carriers will increase by 24% for Kaiser and 9% for PacifiCare, and

WHEREAS, mental health rates will increase by 13% and the City's self-insured dental rates by 10.7%, and

WHEREAS, the City's self-insured vision rates will increase by 6.1%, and the chiropractic rates will remain the same, and

WHEREAS, the EBC voted to continue to offer both PacifiCare and Kaiser, and

WHEREAS, Kaiser has discontinued offering Preferred Provider Option (PPO) to all employees, and

WHEREAS, PacifiCare continues to offer Preferred Provider Option (PPO) to all employees, and

WHEREAS, the EBC recommended maintaining the health plan design, and the drug co-pays at current rates,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves execution of agreements with PacifiCare, Kaiser Permanente, American Specialty Health Plans, and PacifiCare Behavioral Health.

BE IT FURTHER RESOLVED that the Council hereby approves the continuation of dental and vision coverage through the City's self-insured program as recommended by the Employee Benefits Committee.

BE IT FURTHER RESOLVED that the Risk Manager is hereby authorized to serve as the coordinator for the various plans.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute all necessary agreements relating to employee and dependent health care as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 28<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-343A**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
DECLARING THAT NO SUBSTANTIAL CHANGES HAVE OCCURRED IN  
THE CIRCUMSTANCES IN WHICH THIS PROJECT HAS BEEN  
UNDERTAKEN AND THAT PURSUANT TO SECTION 15162 OF THE CEQA  
GUIDELINES, NO NEW ENVIRONMENTAL REVIEW NEEDS TO BE  
COMPLETED FOR AN ORDINANCE AMENDING THE LEVY OF SPECIAL  
TAXES WITHIN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT  
2004-1 FOR TAX ZONE 2**

WHEREAS, THE City Council adopted the Village One Facilities Master Plan Update and said update was certified by the Council on May 6, 2003, and

WHEREAS, an Ordinance entitled "An Ordinance of the City Council of the City of Modesto Authorizing the Levy of Special Taxes within City of Modesto Community Facilities District No. 2004-1 (Village One #2) has been introduced to the Council, and

WHEREAS, said Ordinance is intended to create a Tax Zone 2 which will fund the projects listed in the Village One Facilities Master Plan, and

WHEREAS, the Ordinance does not change or alter any of the projects for which the Facilities Master Plan was adopted, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that

1. No changes have been proposed in this project subsequent to the just referenced action which would require important revisions of the environmental document and,
2. No substantial changes have occurred in the circumstances under which the project is undertaken which would require such changes and,

3. Pursuant to Section 15162 of the CEQA Guidelines, no new environmental review need be completed, and this subsequent activity is entirely consistent with the anticipated project(s) that are analyzed in the previous environmental determination and,
4. The Council finds that this project is consistent with the EIR (SCH No. 90020181).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-344**

**A RESOLUTION AUTHORIZING THE FIRE CHIEF TO PURCHASE ONE 105-  
FOOT HEAVY DUTY AERIAL LADDER TRUCK WITH “ALL WHEEL  
STEERING” FROM PIERCE MANUFACTURING, THROUGH GOLDEN  
STATE FIRE APPARATUS, MODESTO, CALIFORNIA FOR A TOTAL COST  
OF \$702,685.59**

WHEREAS, the Modesto Fire Department uses sixteen engine companies and two truck companies in its current fire/life safety delivery system, and

WHEREAS, front line apparatus consists of thirteen engine companies and two truck companies, and

WHEREAS three reserve engines are utilized when front line apparatus are out-of-service for repairs and/or when additional apparatus is needed to maintain our system delivery, and

WHEREAS, a truck company’s useful lifespan is projected at fifteen years in front line service and ten in reserve status, and

WHEREAS, currently, there is no reserve ladder truck in the Fire Department fleet to be used when one of the front line ladder trucks are out of service for repair and/or when additional apparatus is needed to maintain our system delivery, and

WHEREAS, in 1989 the Modesto Fire Department established an apparatus committee consisting of our Senior Fire Mechanic and representation from all suppression ranks, and

WHEREAS, their charge was to develop apparatus specifications and to review the capabilities of fire apparatus manufacturing facilities, and

WHEREAS, Pierce Manufacturing is the only manufacturer that provides “all wheel steer” technology, and

WHEREAS, Pierce Manufacturing was declared the "sole source" vendor, and  
WHEREAS, purchasing the 105-foot Heavy Duty Aerial Ladder Truck With "All  
Wheel Steering" from Pierce will maintain our operational costs, system reliability and  
consistent apparatus platform, and

WHEREAS, this truck is budgeted for in the Fire Department's budget, and

WHEREAS, the Safety and Communities Committee approved this request on  
June 6, 2005, for recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
that it hereby authorizes the purchase of one 105-Foot Heavy Duty Aerial Ladder Truck  
with "All Wheel Steering" from Pierce Manufacturing, for the sum of \$702,689.59.

RESOLUTION NO. 2005-345**

**A RESOLUTION AMENDING THE FISCAL YEAR 2005-06 FIRE DEPARTMENT OPERATING BUDGET AND AUTHORIZING THE CITY MANAGER TO APPROVE THE FOLLOWING INTRA-FUND TRANSFERS: 1) TRANSFER \$20,000.00 FROM FY04/05 0100-180-1802-5623 TO FUND 1320 and 2) TRANSFER \$540,000 FROM FY05/06 0100-180-1802-0223 TO FUND 1320, FOR THE PURCHASE OF ONE 105-FOOT HEAVY DUTY AERIAL LADDER TRUCK WITH "ALL WHEEL STEERING" FROM PIERCE MANUFACTURING, THROUGH GOLDEN STATE FIRE APPARATUS, MODESTO, CALIFORNIA FOR A TOTAL COST OF \$702,685.59, AND APPROPRIATE A TRUCK PURCHASE ACCOUNT: 1320-180-1899-5XXX**

WHEREAS, the Modesto Fire Department uses sixteen engine companies and two truck companies in its current fire/life safety delivery system, and

WHEREAS, a truck company's useful lifespan is projected at fifteen years in front line service and ten in reserve status, and

WHEREAS, currently, there is no reserve ladder truck in the Fire Department fleet to be used when one of the front line ladder trucks are out of service for repair and/or when additional apparatus is needed to maintain our system delivery, and

WHEREAS, the Modesto Fire Department desires to purchase a 105-foot Heavy Duty Aerial Ladder Truck With "All Wheel Steering" from Pierce, and

WHEREAS, purchasing the truck will maintain our operational costs, system reliability and consistent apparatus platform, and

WHEREAS, the truck purchase qualifies for the use of Capital Facilities Fees (CFF), and

WHEREAS, in order to track the use of CFF, an intra-fund transfer will be made to CFF from the Fire Department's operating budget in the amount of \$560,000, which

includes \$20,000 in apparatus acquisition savings for Fiscal Year 04-05 and the apparatus acquisition budget of \$540,000 for Fiscal Year 05-06, and

WHEREAS, Fire CFF will provide the balance of \$142,685.59, and

WHEREAS, the Safety and Communities Committee approved this request on June 6, 2005, for recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager is hereby authorized to approve the following appropriation transfers: 1) \$20,000.00 from FY04-05-0100-180-1802-5623 to fund 1320; 2) \$540,000 from FY 05-06-0100-180-1802-0223 to fund 1320, for the purchase of one 105-Foot Heavy Duty Aerial Ladder Truck with "All Wheel Steering" from Pierce Manufacturing, for the sum of \$702,689.59.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-346**

**A RESOLUTION APPROVING THE FINAL MAP OF THE HACIENDA DEL SOL UNIT NO. 1 SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, OF THE CITY OF MODESTO, AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH HASHEM NARAGHI, TRUSTEE OF THE NORA NARAGHI SEPARATE TRUST UNDER AGREEMENT DATED NOVEMBER 7, 2000, AND CENTEX HOMES, A NEVADA GENERAL PARTNERSHIP**

WHEREAS, HASHEM NARAGHI, Trustee of the Nora Naraghi Separate Trust Under Agreement Dated November 7, 2000, and CENTEX HOMES, a Nevada General Partnership, are possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 17.622 acres, known as the HACIENDA DEL SOL UNIT NO. 1 SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on August 7, 2003, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 25<sup>th</sup> day of August, 2003, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-347**

**A RESOLUTION APPROVING AN AMENDMENT TO AN ENGINEERING SERVICES AGREEMENT WITH THE URS CORPORATION IN THE AMOUNT OF \$15,000 TO SUPPORT THE PROCUREMENT OF AN AUTOMATIC VEHICLE LOCATION (AVL) SYSTEM FOR MODESTO AREA EXPRESS (MAX) AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT TO AGREEMENT ON BEHALF OF THE CITY**

WHEREAS, the City Council approved an agreement with the URS Corporation of Santa Ana, California on February 26, 2002 in the amount of \$55,000 to provide engineering services to assist in selection and implementation of an Automatic Vehicle Location (AVL) system for Modesto Area Express (MAX), and

WHEREAS, URS has completed the Request for Proposals (RFP) for this project, which is the major work product for the agreement, and

WHEREAS, the complexity of the project has required additional tasks to be undertaken than originally anticipated in the Agreement's Scope of Work, and

WHEREAS, an amendment of \$15,000 to the URS agreement to complete the engineering services is needed to finish the AVL project, and

WHEREAS, funds are budgeted in Account 6510-165-1678-5980 for this amendment, and

WHEREAS, on June 13, 2005 the Economic Development Committee (EDC) approved the staff recommendation to amend the URS agreement, and

WHEREAS, by an agenda report to the City Council dated June 16, 2005, from the Public Works Director, City staff recommended to the Council that it approve an amendment to the URS agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the amendment to the URS agreement in the amount of \$15,000 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to the agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-348**

**A RESOLUTION APPROVING THE SOLICITATION OF A REQUEST FOR PROPOSALS (RFP) TO FURNISH AND INSTALL AN AUTOMATIC VEHICLE LOCATION (AVL) SYSTEM FOR THE MODESTO AREA EXPRESS (MAX) BUS SERVICE AND CONSOLIDATING FUNDS FOR THE PROJECT INTO ONE BUDGET ACCOUNT**

WHEREAS, a major goal for public transit is to make travel safer and more efficient, while increasing passenger satisfaction, and

WHEREAS, Automatic Vehicle Location (AVL) systems have proved to be cost-effective in helping transit managers achieve this goal, and

WHEREAS, the City's budget includes \$780,889 for the procurement of an AVL system for the Modesto Area Express (MAX) bus service, and

WHEREAS, the project currently totals \$780,866 and funding is available from the following sources:

Congestion Mitigation Air Quality (CMAQ)	\$359,313
Federal Transit Administration (FTA)	\$300,000
Local Transportation Funds (LTF)	\$121,553

, and

WHEREAS, these funds are located in the following budget accounts:

6510-165-A044-6070  
6510-165-F768-6070  
6510-165-1678-5980

, and

WHEREAS, staff has prepared an RFP to solicit proposals to furnish and install the AVL system for the City, and

WHEREAS, staff wishes to consolidate funding for the project into one account to simplify accounting, and

WHEREAS, on June 13, 2005 the Economic Development Committee (EDC) approved the staff recommendation to solicit proposals for furnishing and installing the AVL system, and

WHEREAS, by an agenda report to the City Council dated June 16, 2005, from the Public Works Director, City staff recommended to the Council that it approve solicitation of proposals for furnishing and installing the AVL system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the solicitation of proposals from qualified firms to furnish and install an Automatic Vehicle Location (AVL) system for the Modesto Area Express (MAX) bus service.

BE IT FURTHER RESOLVED that the FY06 budget is amended to close 6510-165-F768 and return available funds to the fund balance and reallocate \$404,888 to CIP Project 6510-165-A044.

BE IT FURTHER RESOLVED that the FY06 budget is amended to move \$75,000 from operating organization 6510-165-1678 to 6510-165-A044.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-349**

**A RESOLUTION ADOPTING AN INITIAL STUDY/MITIGATED NEGATIVE  
DECLARATION NO. EA/PR&N 2004-02 (SCH # 2005012009) FOR THE  
FOLLOWING PROJECT COVERED BY A MASTER ENVIRONMENTAL  
IMPACT REPORT (SCH NO. 1999082041): SUTTON COMMUNITY PARK**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified an update to the Final Master Environmental Impact Report ("Master EIR") (SCH No 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, the Parks, Recreation and Neighborhoods Department, by Initial Study/Mitigated Negative Declaration EA/PR&N No. 2004-02, (SCH # 2005012009) dated December 2004, reviewed the proposed Project pursuant to Section 21157.1 of the Public Resources Code to analyze whether the proposed project is within the scope of the Master Environmental Impact Report, and

WHEREAS, Section 21080(c)(2) allows the adoption of an Initial Study/Mitigated Negative Declaration if the lead agency, after reviewing and considering the entire record before the agency, identifies potentially significant effects on the environment, but (a) revisions in the Project plans or proposals made by, or agreed to by, the applicant before the Mitigated Negative Declaration is released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur; and (b) there is no substantial evidence in light of the whole record before the public agency that the Project, as revised, may have a significant effect on the environment, and

WHEREAS, the City of Modesto, the lead agency, after reviewing and considering the Master EIR, the Initial Study/Mitigated Negative Declaration and the

entire record before it identified potentially significant effects on the environment, but (a) revisions in the Project plans agreed to by the City before the proposed Initial Study/Mitigated Negative Declaration was released for public review would avoid or mitigate the effects to a point where clearly no significant effect on the environment would occur; and (b) there was no substantial evidence in light of the whole record before the public agency that the Project, as revised, may have a significant effect on the environment and determined that it would be appropriate to prepare a Mitigated Negative Declaration for the Project, and

WHEREAS, the City of Modesto prepared, circulated and posted, pursuant to Sections 15070 and 15105 of the CEQA Guidelines, an Initial Study/Draft Mitigated Negative Declaration No. EA/PR&N 2004-02(SCH # 2005012009) dated December 2004, (“IS/MND”) and

WHEREAS, the IS/MND was released for public review and comment for the required 30-day period beginning on January 7, 2005, and ending on February 7, 2005, and

WHEREAS, comments submitted in response to the proposed IS/MND are included in the “Findings approving a Mitigated Negative Declaration and Adopting Mitigation Measures as Performance Standards and Design Criterion for Sutton Community Park”, a copy of which is attached hereto as Exhibit 1 and incorporated herein by reference, and

WHEREAS, on July 5, 2005, the City Council reviewed and considered the IS/MND for the proposed development and construction of Sutton Community Park Project, together with all comments received during the public review and circulation period and responses thereto, and

WHEREAS, on July 5, 2005, concurrently with this resolution, the City Council considered approving the proposed Sutton Community Park Master Plan and Design Development Report contained therein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study/Draft Mitigated Negative Declaration No. EA/PR&N 2004-02 (SCH # 2005012009) (“IS/ Draft MND”) for the proposed Project, a copy of which is on file in the Parks, Recreation and Neighborhoods Department, together with all comments received during the public review and circulation period included in the “Findings approving a Draft Mitigated Negative Declaration and Adopting Mitigation Measures as Performance Standards and Design Criterion for Sutton Community Park, a copy of which is attached hereto as Exhibit 1 and incorporated herein by reference, and any oral comments received at the public hearing, and based on the substantial evidence included in said IS/MND makes the following findings:

1. The Initial Study prepared for the proposed project pursuant to CEQA Section 21157.1, has identified additional significant environmental effects that were not analyzed in the Master EIR. These additional significant effects are potential impacts to Aesthetics, Air Quality, Cultural resources, Hydrology and Hazardous Materials.
2. Based on the above-referenced Initial Study/Draft Mitigated Negative Declaration, feasible mitigation measures were incorporated into the Project and agreed to by the City in order to avoid the effects or mitigate the effects to the point where clearly no significant effect on the environment will occur, Council finds that the IS/MND should be adopted pursuant to CEQA Section 21157.5 et seq. for the proposed Sutton Community Park Master Plan, Design Development Report, and subsequent park and road construction.
3. There is no substantial evidence in light of the whole record before the public agency that the project, as revised, may have a significant effect on the environment (CEQA Section 21064.5(2)).
4. As part of the adoption of the IS/MND, the City Council hereby adopts the Findings as set forth in Exhibit 1 and determines that the Findings and the IS/MND reflect the City’s independent judgment.
5. As required by CEQA Section 21081.6 et. Seq., a Mitigation Monitoring Program will be adopted by incorporating the Mitigation Measures into the project plan (CEQA Section 21081.6(b)).

6. The cumulative impacts of this project are consistent with those set forth in the General Plan Master EIR for the Modesto Urban Area General Plan. This proposed project consists of constructing a community park on a 22-acre City-owned vacant parcel in southeast Modesto. Integration of a municipal services facility into an existing park is consistent with specific language in Chapter 5, Section G of the City of Modesto's General Plan, and therefore the project would be consistent with build-out scenarios examined by the Urban Area General Plan Master EIR. The City's Parks, Recreation and Neighborhoods, Public Works, and Community Development Departments have determined that the impacts from this project with mitigation applied will achieve the level of service consistent with the Modesto Urban Area General Plan and General Plan Master EIR. As such, this project would generate no additional cumulative impacts that were not previously addressed in the General Plan Master EIR. All appropriate mitigation measures from the General Plan Master EIR have been incorporated into the project, and no further evaluation of cumulative impacts is required since this project generated no significant cumulative impact.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that, based on the above findings, the City of Modesto hereby adopts the Initial Study/Mitigated Negative Declaration No. EA/PR&N 2004-02 (SCH # 2005012009) for the proposed development and construction of the Sutton Community Park Project by the City of Modesto and hereby designates the Parks Planning and Development Services Division of the Parks, Recreation and Neighborhoods Department as the custodian of the documents or other material which constitute the record of proceedings upon which this decision is based, and specifies the Department of Parks, Recreation and Neighborhoods, 1010 Tenth Street, Suite 4400, Modesto, California, as the location of said documents.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that pursuant to Section 21081.6 of the Public Resources Code, a Mitigation Monitoring and Reporting Program is hereby adopted by incorporating the mitigation measures into the Project plan as set forth in Exhibit 2 attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Parks, Recreation and Neighborhoods Director is hereby authorized and directed to file a Notice of

Determination with the County Clerk's Office within five (5) working days of the date of this determination, pursuant to Section 21152 of the Public Resources Code.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-350**

**A RESOLUTION APPROVING THE DESIGN DEVELOPMENT REPORT AND  
MASTER PLAN INCLUDED THEREIN FOR SUTTON COMMUNITY PARK**

WHEREAS, the City of Modesto currently owns the approximately 22-acre Sutton Community Park site immediately to the south of Johansen High School, to the east of Claus Road and to the west of Norseman Drive in the Johansen Comprehensive Planning District, and

WHEREAS the HLA Group has provided a Design Development Report and Master Plan included therein for Sutton Community Park, and

WHEREAS, prior to adopting the Design Development Report, the California Environmental Quality Act (CEQA) requires that the City of Modesto consider the environmental consequences of the proposed project, and

WHEREAS, the Safety and Communities Committee met on January 3, 2005, and recommended that City Council approve a Master Plan and Design Development Report for Sutton Community Park, and

WHEREAS, by an agenda report dated June 10, 2005, from the Parks, Recreation and Neighborhoods Director, staff recommended to the Council approving the Sutton Community Park Design Development Report, a copy of said report is on file in the office of the City Clerk, and

WHEREAS, the Sutton Community Park Design Development Report dated February 5, 2005, is within the scope of the Modesto Urban Area General Plan Master Environmental Impact Report (SCH #1999082041), and

WHEREAS, on July 5, 2005, concurrent with this resolution, the Modesto City Council adopted Resolution No.349, adopting a Mitigated Negative Declaration for Sutton Community Park (SCH # 2005012009),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds that the Sutton Community Park Design Development Report is complete and adequate, and it hereby approves the Sutton Community Park Design Development Report, and Master Plan included therein, a copy of which is on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of July 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-351**

**A RESOLUTION APPROVING THREE (3) AGREEMENTS BETWEEN THE CITY OF MODESTO AND RED ROCK RANCH, LTD. (APN: 046-007-021) AND ALVIN & WILLIAM LUCHESSA (APN: 046-002-001; 046-007-037) AT THE INTERSECTIONS OF PELANDALE AVENUE; TULLY ROAD AND CARVER ROAD FOR THE PELANDALE SIGNALIZATION PROJECT AND AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AGREEMENTS**

WHEREAS, the City Council of the City of Modesto directed staff to enter into negotiations with Red Rock Ranch, Ltd. (APN: 046-007-021) and Alvin & William Luchessa (APN: 046-002-001; 046-007-037) for acquisition of a portion of the properties at the intersection of Pelandale Ave, Carver Rd and Tully Rd for the Pelandale Signalization Project, and

WHEREAS, said real properties need to be acquired for this signalization project, and

WHEREAS, an agreement is needed for the acquisition of each parcel of the needed real property.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves three (3) agreements between City of Modesto and Red Rock Ranch, Ltd. (APN: 046-007-021) and Alvin & William Luchessa (APN: 046-002-001; 046-007-037) to purchase the necessary real properties for the Pelandale Signalization Project in the total amount of \$386,475.

BE IT FURTHER RESOLVED that the execution of said Agreements by the City Manager on behalf of the City of Modesto is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-355**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACTS FOR THE PURCHASE OF NINETEEN (19) MOTORCYCLE HELMET RADIO COMMUNICATION KITS, CATEGORIZED IN THREE (3) EQUIPMENT GROUPS, TO THE FOLLOWING COMPANIES, GROUP 1 – PVP COMMUNICATIONS, INC., TORRANCE, CA, FOR \$28,183.33, GROUP 2 – TEN-FOUR COMMUNICATIONS, MODESTO, CA, FOR \$16,229.60, AND GROUP 3 – DELTA WIRELESS, INC., STOCKTON, CA, FOR \$710.37, FOR A TOTAL PRICE OF \$45,124.30**

WHEREAS, in 2002, the Police Department, Traffic Unit, transitioned from using Motorola mounted radios on their police motorcycles to using a “stand-alone” portable radio system, due to frequent repairs on the older mounted radios, which created excessive downtime for the motorcycles, and

WHEREAS, the stand-alone portable radio system consists of a Motorola HT1000 radio attached to a set of Set-Com Super Mic ear speakers, and

WHEREAS, the ear speakers are mounted inside the officer’s motorcycle helmet, and relay to a push-to-talk switch on the motorcycle, which receives and transmits calls to dispatch and other officers, and

WHEREAS, traffic officers began experiencing problems in the clarity of the reception coming from the ear speakers, and

WHEREAS, a few of the portable radio systems were brought to Set-Com for analysis, and

WHEREAS, Set-Com acknowledged there seemed to be an unusual amount of distortion in the sound coming from the ear speakers, and

WHEREAS, Set-Com gave the Police Department six (6) new sets of ear speakers to test, and

WHEREAS, these speakers were installed in the motorcycle helmets and tested, and the results were the same, distorted sound, and

WHEREAS, the Police Department contacted Set-Com several times trying to remedy the clarity problems, but was met with very slow responses, and no corrective action taken from the vendor, and

WHEREAS, the Police Department then sought the help from a local communications company, which examined the Set-Com system and discovered that the distorted sound was due from an "impedance mismatch", caused by the Set-Com Super Mic speakers, and

WHEREAS, in order to correct the problem the Super Mic system would have to be dismantled and rewired, and

WHEREAS, the Police Department determined that this was not a cost effective option, and

WHEREAS, the Police Department polled the law enforcement community and found many local law enforcement agencies using portable radio equipment produced by a company named PVP Communications, Inc., located in Torrance, CA, and

WHEREAS, the Police Department contacted PVP Communications, Inc. to inquire about the possibility of testing their equipment, and

WHEREAS, PVP Communications, Inc. provided the Police Department with sample equipment to test of the newest technology, "Blue-Tooth" wireless, which is proximity based, and

WHEREAS, the system senses when an officer is on his/her motorcycle, in proximity to the radio, and automatically switches to the portable radio when the officer walks away from the motorcycle, and

WHEREAS, the Blue-Tooth wireless system links to a Kenwood 90 series radio, and

WHEREAS, the Kenwood radio is more weather resistant than the Motorola HT1000 currently in use,

WHEREAS, the Kenwood is easier to repair than the Motorola, which in turn reduces the overall repair costs, and

WHEREAS, the Police Department contacted several law enforcement agencies using the Kenwood radio on their police motorcycles and found no reports of weather related problems, and

WHEREAS, the Police Department thoroughly tested the Blue-Tooth system with the Kenwood radio and is very pleased with the overall results, and

WHEREAS, motorcycle officers can clearly hear themselves speak through their helmet speakers when communicating to dispatch and other officers, and

WHEREAS, because of the successful test results from the new "Blue-Tooth" wireless technology, providing the motorcycle officers with reliable and dependable transmission quality, and due to the inability of Set-Com to remedy the quality problems of their equipment, the Police Department recommended discontinuing the use of all Set-Com systems and converting all of their motorcycles over to the Blue-Tooth wireless system, and

WHEREAS, on June 7, 2005, Council approved Resolution No. 2005-289, authorizing the Purchasing Supervisor to formally solicit bids for the purchase of nineteen (19) motorcycle helmet radio communication kits, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0405-37, for the purchase of nineteen (19) motorcycle helmet radio communication kits to fifteen (15) companies, posted the bid on the City's web site, and formally advertised as required by law, and

WHEREAS, of the fifteen (15) companies solicited, five (5) companies chose to respond, and

WHEREAS, bid language categorized the communication equipment into three (3) groups, Group 1 – helmet-transmit kits, Group 2 – radio equipment, and Group 3 – mounting equipment. This allowed the bidders the opportunity to choose the category they wished to bid on, and in turn, provided the City with the best overall price possible, and

WHEREAS, based on being the lowest responsive and responsible bidders, City staff recommends the award of Bid No. 0405-37 and contracts for the purchase of nineteen (19) motorcycle helmet radio communication kits to the following companies, Group 1 – PVP Communications, Inc., Torrance, CA, for \$28,183.33, Group 2 – Ten-Four Communications, Modesto, CA, for \$16,229.60, and Group 3 – Delta Wireless, Inc., Stockton, CA, for \$710.37, for a total price of \$45,124.30.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0405-37 and contracts for the purchase of nineteen (19) motorcycle helmet radio communication kits to the following companies, Group 1 – PVP

Communications, Inc., Torrance, CA, for \$28, 183.33, Group 2 – Ten-Four Communications, Modesto, CA, for \$16,229.60, and Group 3 – Delta Wireless, Inc., Stockton, CA, for \$710.37, for a total price of \$45,124.30.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue purchase orders for the purchase of nineteen (19) motorcycle helmet radio communication kits to the following companies, Group 1 – PVP Communications, Inc., Torrance, CA, for \$28,183.33, Group 2 – Ten-Four Communications, Modesto, CA, for \$16,229.60, and Group 3 – Delta Wireless, Inc., Stockton, CA, for \$710.37, for a total price of \$45,124.30.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-356**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR CHLORINE WEIGHING SYSTEM TO FORCE FLOW, INC. OF  
CONCORD, CA. IN THE APPROXIMATE AMOUNT OF \$64,537.38**

WHEREAS, the Operations and Maintenance Department-Water Quality Control Division has requested the purchase of a chlorine weighing system for the Secondary Wastewater Treatment Facility, located at 7007 Jennings Road, Modesto, CA, and

WHEREAS, Resolution 2005-122A authorized the Purchasing Supervisor to solicit formal Request for Bids for (RFB) for a chlorine weighing system, and

WHEREAS, currently staff does not have the ability to accurately measure the amount of chlorine available; it is possible the tanks could become empty, therefore, not dispensing the necessary required amount of chlorine into the water, and

WHEREAS, chlorine is used as a disinfectant for treating wastewater released into the San Joaquin River, and

WHEREAS, without adequate chlorine, the water to be discharged may not be disinfected and, therefore, the system meters would respond by initiating an automatic failsafe and abruptly stop river discharge, and

WHEREAS, startup after a failsafe shutdown is complex and as compared to continued river discharge without interruption, inefficient, and

WHEREAS, in order to ensure that tanks do not empty completely, tanks are currently replaced when staff believes there may not still be chlorine available, and

WHEREAS, installing a chlorine weighing system will allow staff to know exactly when tanks need to be replaced, thereby allowing staff to plan ahead for changing the tanks, as well as better utilization of chlorine supplies, and

WHEREAS, in addition, the weighing system would also verify that the amount of product delivered is the same as that being invoiced, and

WHEREAS, the Modesto Municipal Code, MMC Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for materials, equipment, or contractual services to be formally bid. The code also states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council. MMC (8-3.203 (a)). The chlorine weighing system received said approval with Resolution No. 2005-122A. This award of bid and contract will conform to code, and

WHEREAS, the Purchasing Division solicited formal bids for a chlorine weighing system on Request for Bid (RFB) 0405-18, and

WHEREAS, out of four (4) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, Force Flow, Inc. of Concord, CA. is deemed to be the lowest responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract to Force Flow of Concord, CA. in the approximate amount of \$64,537.38.

BE IT FURTHER RESOLVES that the Purchasing Supervisor is hereby authorized to issue a purchase order to Force Flow Inc, in the approximate amount of \$64,537.38.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-357**

**ADOPT A RESOLUTION AUTHORIZING THE PURCHASE OF LIGHT  
EMITTING DIODES (LED) TRAFFIC SIGNAL MODULES UNDER THE  
COMPETITIVELY BID COUNTY OF SACRAMENTO, LED CONTRACT  
FROM JAM SERVICES OF LIVERMORE, CA. FOR A TOTAL ESTIMATED  
COST OF \$107,205.56**

WHEREAS, the Public Works Department-Electrical Division has requested the purchase of LED traffic signal modules, and

WHEREAS, LED traffic signal modules replace the incandescent lamp needed for the illumination of traffic signal indication, and

WHEREAS, these LED traffic signal modules are needed to meet the mandate of the California Energy Commission Title, which limits use of traffic signal lamps/modules to seventeen (17) watts, and

WHEREAS, these traffic signal modules have a life expectancy of seven (7) years, and

WHEREAS, the LED traffic signal modules are energy efficient and provide a brighter light with significant improvement to traffic safety, and

WHEREAS, the use of LED traffic signal modules will essentially pay for their maintenance with energy savings, and

WHEREAS, purchasing the equipment from Jam Services under the County of Sacramento contract will allow the City to receive the lowest possible price for the LEDs, and

WHEREAS, the estimated total cost of this purchase is \$107,205.56, and

WHEREAS, the Modesto Municipal Code (MMC) generally requires all purchases exceeding \$50,000 for materials and equipment of this type to be formally bid, and

WHEREAS, per MMC Section 8-3.204 (d) the Purchasing Supervisor may determine that a process other than the formal bid procedures set forth in Section 8-3.203 will result in a procurement for the City at the lowest possible cost commensurate with the desired quality,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of purchase order for LED traffic signal modules to Jam Services of Livermore, CA in the approximate amount of \$107,205.56.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue purchase orders for LED traffic signal modules, as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-358**

**A RESOLUTION APPROVING A DEVELOPMENT AGREEMENT WITH THE HOUSING AUTHORITY OF THE COUNTY OF STANISLAUS TO PROVIDE \$933,600 IN HOME FUNDS FOR THE DEVELOPMENT OF A MULTI-FAMILY HOUSING PROJECT IN VILLAGE ONE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE HOME AGREEMENT AND RELATED DOCUMENTS**

WHEREAS, on April 9, 2002, by Resolution No. 2002-172, the City Council authorized staff to solicit Requests for Qualifications for the development of multi-family housing for working citizens in the Village One Specific Plan Area (Village One), and

WHEREAS, on August 23, 2002, the Citizens Housing and Community Development Committee reviewed and approved a sub-committee's recommendation to accept the Housing Authority and its consultant team as the agency to develop an affordable housing development on the Belharbour and Roselle property in Village One, and

WHEREAS, on October 1, 2002, by Resolution No. 2002-489, the City Council approved the Housing Authority and its consultant team as the selected agency to develop an affordable housing development in Village One, and

WHEREAS, also at the October 1, 2002, Council meeting, staff recommended the allocation of up to 80% or \$933,600 of the Fiscal Year 2002-2003 HOME entitlement funds to be used toward construction of the Village One multi-family housing project, and

WHEREAS, the funds will be used by the Housing Authority of Stanislaus County to develop a 20 rental-unit multi-family residential project for low-income families, and

AMENDED FOR CLERICAL ERROR

WHEREAS, the terms of the agreement include: a 30-year amortized loan at a 3% simple interest rate; deferred payments for 30 years; and, certification through the Crime Free Multi Housing Program administered by the Modesto Police Department, and

WHEREAS, the Citizens Housing and Economic Development Committee met on September 24, 2004, and supported the recommendation to allocate these HOME funds to the Housing Authority of Stanislaus County for development of a multi-family housing project in Village One,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a development agreement with the Housing Authority of the County of Stanislaus to provide \$933,600 in HOME funds for the development of a multi-family housing project in Village One.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-360**

**A RESOLUTION APPROVING A ONE-YEAR LEASE RENEWAL WITH  
STANISLAUS COUNTY AFFORDABLE HOUSING CORPORATION (STANCO)  
FOR THE USE OF A CITY OWNED HOUSE AT 308 LOCUST STREET FOR  
STANCO'S TRANSITIONAL HOUSING PROGRAM, AT THE COST OF \$1.00**

WHEREAS, in 1988, the City received the property at 308 Locust Street during the foreclosure process on a housing rehabilitation loan, and

WHEREAS, this house was then used for temporary relocations for households being required to move while their units were being rehabilitated under the Housing Maintenance Program, and

WHEREAS, in 1997, the City began leasing the home to Stanislaus County Affordable Housing Corporation (STANCO) at the cost of \$1.00 per year; the house was not needed for relocations at that time, and had been vacant, and

WHEREAS, STANCO has expressed interest in renewing the lease which expires on July 13, 2005, and

WHEREAS, City staff anticipates relatively few temporary relocations from the Housing Maintenance Program during the next year and the home is not located near the current mandatory target area of Highway Village, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) recommended support of this item at its June 17, 2005 meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a one-year lease renewal with Stanislaus County Affordable Housing Corporation (STANCO) for the use of a city-owned house at 308 Locust Street by STANCO's transitional housing program, at the cost of \$1.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the lease renewal.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July, 2005 by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-361**

**A RESOLUTION APPROVING THE CITY OF MODESTO'S PARKS,  
RECREATION AND NEIGHBORHOODS DEPARTMENT TO APPLY FOR  
\$873,000 IN GRANT FUNDS FOR THE PER CAPITA GRANT PROGRAM  
UNDER THE CALIFORNIA CLEAN WATER, CLEAN AIR, SAFE  
NEIGHBORHOOD PARKS, AND COASTAL PROTECTION ACT OF 2002 PER  
CAPITA GRANT PROGRAM**

WHEREAS, the people of the State of California have enacted the Per Capita Grant program which provides funds for the acquisition and development of neighborhood, community, and regional parks and recreation lands and facilities, and

WHEREAS, the California Department of Parks and Recreation has been delegated the responsibility for the administration of the grant program, setting up necessary procedures, and

WHEREAS, said procedures established by the California Department of Parks and Recreation require the City of Modesto's City Council to certify by resolution the approval of the applicant to apply for the Per Capita Allocation, and

WHEREAS, the City of Modesto is eligible for \$873,000 in Per Capita Grant Program funding, and

WHEREAS, the City of Modesto will enter into a contract with the State of California,

NOW, THEREFORE, BE IT RESOLVED, that the City Council of Modesto hereby:

1. Approves the filing of an Application for local assistance funds from the Per Capita Grant Program under the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002; and

2. Certifies that the City of Modesto has or will have sufficient funds to operate and maintain the Project; and

3. Certifies that the City of Modesto has reviewed, understands and agrees to the General Provisions contained in the Contract shown in the Procedural Guide; and

4. Appoints the City Manager, or his designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, payment requests and so on, which may be necessary for the completion of the Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-363**

**A RESOLUTION AUTHORIZING THE RISK MANAGER BIND EXCESS  
WORKERS' COMPENSATION INSURANCE AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE RENEWAL AGREEMENT FOR THE  
INSURANCE**

WHEREAS, the City of Modesto has participated in the workers' compensation excess insurance pool, California Public Employers Insurance Authority (CPEIA), since July 1, 2002, and

WHEREAS, renewal of City's excess workers' compensation insurance is due on July 1, 2005, and

WHEREAS, staff has received an initial quote that reflects a rate reduction due to the workers' compensation reforms, and

WHEREAS, the insurance pool anticipates substantial savings which has reduced program rates, and

WHEREAS, based upon authorization from Council, staff will bind Insurance coverage through the City's broker at \$750,000 self-insured retention, and

WHEREAS, the anticipated cost of said insurance coverage is \$185,028,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Risk Manager is hereby authorized to bind excess workers' compensation insurance coverage in the amount of \$185,028 as presented by the City's Broker of Record.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the renewal agreement for excess Workers' Compensation Insurance.

**A RESOLUTION AUTHORIZING THE RISK MANAGER TO BIND  
PROPERTY INSURANCE FOR THE CITY OF MODESTO OWNED AND/OR  
OPERATED PROPERTIES AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE RENEWAL AGREEMENT FOR THE INSURANCE**

WHEREAS, Driver Alliant Insurance Services has developed a joint-purchasing group of clients called PEPiP (Public Entity Property Insurance Program) which includes over 5000 public entities in 7 different states, and

WHEREAS, PEPiP's loss experience, coverage form and pricing have been among the most competitive in the industry, and

WHEREAS, renewal of said insurance is due on July 01, 2005, and

WHEREAS, staff has received the final renewal quote that provides for a rate increase of approximately 17% for property and boiler & machinery coverage due to an increased valuation of 51% of property value, and

WHEREAS, based upon authorization from Council, staff will bind the insurance coverage through PEPiP, at the cost of \$254,815,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Risk Manager is hereby authorized to bind property and boiler & machinery insurance coverage in the amount of \$254,815 as presented by the City's Broker of Record pursuant to Council direction.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the renewal agreement for property and boiler & machinery insurance coverage and pay the quoted premiums.

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-365

**A RESOLUTION ALLOCATING A NEW COMMUNITY SERVICE OFFICER POSITION TO THE MODESTO POLICE DEPARTMENT MASTER POSITION ALLOCATION FOR THE FRANCHISE TOWING PROGRAM.**

WHEREAS, the Council of the City of Modesto has made a motion directing the Purchasing Division to issue a Request for Proposals/Applications for a City of Modesto Non-Exclusive Franchise Tow Program, and

WHEREAS, on April 2, 2004, the current non-consensual tow rotation contract between the Police Department and 26 tow companies lapsed, and

WHEREAS, Police Department staff embarked on formulating an improved contract for the City that would provide optimum service, fewer complaints and offset the growing cost of the City's non-consensual towing program, and

WHEREAS, Police Department staff research, investigations, site visits and discussions were initiated with cities that had implemented franchise towing systems, and

WHEREAS, California Vehicle Code Section 12110 allows local agencies to enter into franchise contracts with tow companies to offset the costs for nonconsensual towing, and

WHEREAS, the elements of this program require effective implementation and management, and

WHEREAS, Police management staff proposes that a Community Service Officer conduct and manage all aspects of the contract to insure compliance from the tow companies, and

WHEREAS, two public workshops were held on August 3, 2004, and December 20, 2004, and another workshop will be held on August 18, 2005, to discuss the Franchise Towing Program, and

WHEREAS, at its meeting on March 1, 2004, the Safety and Communities Committee unanimously endorsed the initial concept of an RFP/Franchise Tow Contract system for towing, and

WHEREAS, at its meeting of February 23, 2005, the Finance Committee unanimously endorsed the actions of:

- 1) A motion directing the Purchasing Division to issue a Request for Proposals (RFP)/Application for a City of Modesto Non-Exclusive Franchise Tow Program, and
- 2) Adoption of a resolution, subject to additional revenues collected, authorizing the addition of one Modesto Community Service Officer to the Police Department's Position Allocation to conduct and manage all aspects of the contracts for the non-exclusive Franchise Tow Program,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that the Position Allocation for the Modesto Police Department be increased by one Community Service Officer, subject to additional revenues collected.

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary allocation increase.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-366**

**A RESOLUTION APPROVING THE AWARD OF A PROFESSIONAL SERVICES AGREEMENT TO WOOD RODGERS, INC., FOR \$644,323 TO COMPLETE DESIGN SERVICES FOR A 6-LANE INTERIM FACILITY ON PELANDALE AVENUE BETWEEN DALE ROAD AND MCHENRY AVENUE AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Council Resolution No. 2004-451 adopted the 2004/2005 Capital Improvement Program, and

WHEREAS, the 2004/2005 Capital Improvement Program included a project titled, "Pelendale Widening to 4 lanes –Dale to McHenry," and a future project for "Pelendale Widening to 6 lanes - Dale to McHenry" and

WHEREAS, the Finance Committee met on January 24, 2005, and directed staff to investigate costs and funding for a single project to widen Pelendale to 6 lanes from Dale to McHenry and move this project forward, and

WHEREAS, staff estimates the cost to widen Pelendale to 6 lanes, from Dale to McHenry, at \$9,369,000, and

WHEREAS, City Administrative Directive 3.1 was followed to select a professional engineering design consultant, and

WHEREAS, a Request for Proposals was sent to nine qualified engineering firms (including four local companies), of which seven responded, and

WHEREAS, the proposals were reviewed for compliance with the project's scope of work, and interviews were conducted with the seven firms, and

WHEREAS, Wood Rodgers was deemed most qualified and was selected for engineering design services for the Pelandale Widening to 6 lanes - Dale to McHenry project, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with Wood Rodgers to complete the Design Services for the Pelandale Widening to 6 lanes - Dale to McHenry in an amount not to exceed \$644,323,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Wood Rodgers to complete the Design Services for the Pelandale Widening to 6 lanes - Dale to McHenry in an amount not to exceed \$644,323.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-367**

**A RESOLUTION APPROVING THE AWARD OF A PROFESSIONAL SERVICES AGREEMENT TO MARK THOMAS AND COMPANY FOR \$178,687 TO COMPLETE DESIGN SERVICES FOR ROADWAY WIDENING AND SIGNAL MODIFICATIONS AT THE INTERSECTION OF PELANDALE AVENUE AND SISK ROAD AND ON THE NORTHBOUND ON-RAMP AT STATE ROUTE 99 AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Council Resolution No. 2004-451 adopted the 2004/2005 Capital Improvement Program, and

WHEREAS, the Economic Development Committee, as part of the 2004/2005 Capital Improvement Program reviewed this project, and

WHEREAS, the 2004/2005 Capital Improvement Program included a project titled, "Pelandale Sisk to 99 Improve," and

WHEREAS, staff estimates the cost to provide the Pelandale Sisk to 99 Improve, at \$1,240,000, and

WHEREAS, City Administrative Directive 3.1 was followed to select a professional engineering design consultant, and

WHEREAS, a Request for Proposals was sent to nine qualified engineering firms (including four local companies), of which seven responded, and

WHEREAS, the proposals were reviewed for compliance with the project's scope of work, and interviews were conducted with the seven firms, and

WHEREAS, Mark Thomas and Company was deemed most qualified and was selected for engineering design services for the Pelandale Sisk to 99 Improvement project, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with Mark Thomas and Company to complete the Design Services for the Pelandale Sisk to 99 Improvement Project in an amount not to exceed \$178,687,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Mark Thomas and Company to complete the Design Services for the Pelandale Sisk to 99 Improvement Project in an amount not to exceed \$178,687,

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-368**

**A RESOLUTION APPROVING THE FIRST AMENDMENT TO THE  
AGREEMENT WITH LARRY WALKER ASSOCIATES FOR ADDITIONAL  
WORK IN THE DEVELOPMENT OF THE POLLUTION PREVENTION PLANS  
FOR THE NPDES PERMIT IN THE AMOUNT OF \$13,917 AND AUTHORIZING  
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE  
AMENDMENT ON BEHALF OF THE CITY**

WHEREAS, the City's Wastewater Treatment Facilities operate under National Pollutant Discharge Elimination System (NPDES) permits issued by the Regional Water Quality Control Board (Regional Board), and

WHEREAS, the River Discharge Permit requires the City to conduct numerous studies, establish comprehensive source control measures on various constituents, and develop pollution prevention plans, and

WHEREAS, on June 5, 2001, Council awarded Larry Walker Associates a contract to conduct special studies, as required by the Regional Water Quality Control Board (Regional Board) issued NPDES permit, and

WHEREAS, these studies have been completed and significant amounts of data have been gathered, and

WHEREAS, on January 6, 2004, Council awarded a new contract to Larry Walker Associates in the amount of \$174,298 to develop the pollution prevention plan from the special studies they had previously conducted, and

WHEREAS, there were additional costs for this contract in the amount of \$13,917 for additional work that needed to be performed in a short duration of time; some of which coincided with discharge to the river, and City staff requests approval of the First Amendment to the Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the First Amendment to the Agreement with Larry Walker Associates for additional work on the Pollution Prevention Plans for the NPDES Permit in the amount of \$13,917; bringing the total amount of the new contract to \$188,215.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said First Amendment to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-369

A RESOLUTION ACCEPTING THE WORK BY KROEKER, INC., FOR THE  
"DEMOLITION OF BUILDINGS ON 8<sup>TH</sup> STREET" PROJECT AS COMPLETE,  
AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION,  
AND AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$110,419  
PER THE CONTRACT. TOTAL PROJECT EXPENDITURES TO DATE ARE  
\$2,665,092

WHEREAS, a report has been filed by the Public Works Director that the project  
titled "Demolition of Buildings on 8<sup>th</sup> Street" has been completed by Kroeker, Inc., in  
accordance with the contract agreement dated June 22, 2004,

NOW, THEREFORE, BE IT RESOLVED by the Council that the "Demolition of  
Buildings on 8<sup>th</sup> Street" project be hereby accepted from said contractor, Kroeker, Inc.,  
that the Notice of Completion be filed with the Recorder of Stanislaus County and that  
payment of amounts due totaling \$110,419 as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of  
the City of Modesto held on the 12th day of July, 2005, by Councilmember Marsh, who  
moved its adoption, which motion being duly seconded by Councilmember Keating, was

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-370

A RESOLUTION REJECTING THE SOLE BID FOR THE PROJECT TITLED  
"PLAY EQUIPMENT UPGRADES FOR MODESTO PLAYGROUNDS" AND  
AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT AT A FUTURE  
DATE

WHEREAS, the bid received for Play Equipment Upgrades for Modesto  
Playgrounds was opened at 11:00 a.m. on June 14, 2005, and later tabulated by the Public  
Works Director for the consideration of the Council, and

WHEREAS, during the bid evaluation process staff determined that the sole bid  
for the project unreasonably exceeded the consultant architect's estimate. Therefore, staff  
recommends the bid be rejected and staff be allowed to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
that the sole bid received for "Play Equipment Upgrades for Modesto Playgrounds,"  
opened in the office of the City Clerk on June 14, 2005, is hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the  
project at a future date.

RESOLUTION NO. 2005-371**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE PELANDALE INTERSECTION IMPROVEMENTS PROJECT, ACCEPTING THE BID AND APPROVING A \$3,395,977.80 CONTRACT WITH GEORGE REED, INC., FOR THE PROJECT TITLED, "PELANDALE INTERSECTION IMPROVEMENTS," AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the Pelandale Intersection Improvements Project warrants traffic signals at intersections along Pelandale Avenue at Prescott, Carver, and Tully Roads to decrease delays and improve traffic flow, and

WHEREAS, City staff has reviewed the project plans and specifications and recommends approval to the City Council, and

WHEREAS, the sole bid received for "Pelandale Intersection Improvements" was opened at 11:00 a.m. on June 21, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$3,395,977.80 received from George Reed, Inc., be accepted as the lowest responsible bid and the contract be awarded to George Reed, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of George Reed, Inc, in the amount of \$3,395,977.80, and hereby awards George Reed, Inc., the contract titled "Pelandale Intersection Improvements."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-372**

**A RESOLUTION TO AMEND THE FY 2006 CIP BUDGET: A) TO REDUCE DEVELOPER REIMBURSEMENT PROJECT 1410-430-H476 BY \$400,000 AND RETURN THOSE FUNDS TO FUND BALANCE TO BE REALLOCATED TO 1410-430-N496; B) TO REDUCE CLARATINA: COFFEE TO OAKDALE PROJECT 1410-430-Q210 BY \$1,108,495 AND RETURN THOSE FUNDS TO FUND BALANCE TO BE REALLOCATED TO 1410-430-N496; C) TO ALLOCATE AN ADDITIONAL \$500,000 FROM CFF FUND RESERVE 1410-800-8000-8003 TO PELANDALE IMPROVEMENT PROJECT 1410-430-N496; D) TO CLOSE PRESCOTT IMPROVEMENTS PROJECT 2680-020-Q319 AND RETURN REMAINING FUNDS TO PELANDALE/SNYDER CFD FUND BALANCE TO BE REALLOCATED AND TRANSFERRED TO PELANDALE INTERSECTION IMPROVEMENTS 1410-430-N496**

WHEREAS, the sole bid received for the Pelandale Intersection Improvements project was opened at 11:00 a.m., on June 21, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$3,395,977.80 received from George Reed, Inc., be accepted as the lowest responsible bid and the contract be awarded to George Reed, Inc., and

WHEREAS, the Public Works Director has determined that \$1,312,900 in additional funds is required to fully fund the construction of this project, and

WHEREAS, the Finance Department has indicated that there are sufficient funds in the Fund 1410 fund balance for the appropriation of this project within the FY 2005-2006 Capital Improvement Program Budget to fully fund MY-1410-430-N496,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves amending the FY2005-2006 Capital Improvement Budget a) to reduce Developer Reimbursement Project 1410-430-H476 by \$400,000 and return those funds to Fund Balance to be reallocated to 1410-430-N496; b) to reduce Claratina:

Coffee to Oakdale Project 1410-430-Q210 by \$1,108,495 and return those funds to Fund Balance to be reallocated to 1410-430-N496; c) to allocate an additional \$500,000 from CFF Fund Reserve 1410-800-8000-8003 to Pelandale Intersection Improvements Project 1410-430-N496; d) to close Prescott Improvements Project 2680-020-Q319 and return remaining funds to Pelandale/Snyder CFD Fund Balance to be reallocated and transferred to Pelandale Intersection Improvements 1410-430-N496, all to cover the increase in expenditure appropriation.

BE IT FURTHER RESOLVED that the acting Finance Director, or her designee, is hereby authorized to take the steps necessary to amend the Capital Improvement Program Budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-373**

**A RESOLUTION ADOPTING AN INITIAL STUDY FOR THE PELANDALE  
INTERSECTION IMPROVEMENTS AND PRESCOTT / SNYDER TRAFFIC  
SIGNAL E.A./E.T. NO. 2003-21 IN THE CITY OF MODESTO, AND ADOPTING  
A FINDING THAT THE CITY COUNCIL HAS REVIEWED AND CONSIDERED  
AND MADE FINDINGS REGARDING THE CEQA ENVIRONMENTAL  
REVIEW DOCUMENT (ATTACHMENT D)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto adopted Resolution No. 2003-123 certifying that the Modesto Urban Area General Plan Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master Environmental Impact Report and whether the subsequent project was described in the Master Environmental Impact Report as being within the scope of the project, and

WHEREAS, the Public Works Department, by Initial Study, EA/ET 2003-21, reviewed the proposed "Pelandale Intersection Improvements and Prescott / Snyder Traffic Signal," which determined that the proposed project is within the scope of the project covered by the Master EIR and that the project will have no additional significant effect on the environment that was not identified in the Master EIR; and further, that no new or additional mitigation measures or alternatives may be required, and

WHEREAS, on May 15, 2005, the Public Works Department caused to be published notification of the determination conferred in Initial Study 2003-21, pursuant to Public Resources Code Section 21092, and

WHEREAS, said matter was considered by the City Council at a duly noticed meeting held on the 12th day of July 2005, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study EA 2003-21 prepared for the proposed "Pelandale Intersection Improvements and Prescott / Snyder Traffic Signal" project, a copy of which is attached hereto as Attachment "D", and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

- A. The proposed "Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal" are within the scope of the General Plan Master EIR (SCH No. 1999082041), which analyzed the potential impacts of build out of the Urban Area General Plan, including roadways in this area.
- B. No additional significant environmental effects will occur as a result of the "Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal" that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed "Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal" that were not previously considered in the General Plan Master EIR.
- D. There are no specific features unique to the "Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal" that requires project specific mitigation measures. All certified mitigation measures identified in the MEIR would apply city wide, including this project as appropriate.
- E. This initial study provides substantial evidence to support findings A, B, C, and D above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Public Works Director is hereby authorized and directed to file a Notice of Approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**ATTACHMENT "D"**

**INITIAL STUDY**

**EA/ET 2003-21**

**City of Modesto  
Initial Study**

**PELANDALE INTERSECTION IMPROVEMENTS AND  
PRESCOTT / SNYDER TRAFFIC SIGNAL**

**E.A./E.T. No: 2003-21**

**I. PURPOSE**

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 199082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

**II. PROJECT DESCRIPTION**

A. Project title:

Pelandale Intersection Improvements & Prescott / Snyder Traffic Signal

B. Lead agency name and address:

City of Modesto, P.O. Box 642, Modesto, CA 95353

C. Contact person, address and phone number:

Dean Phillips, Engineering and Transportation Department, (209) 577-5260

D. Project Location:

Pelandale Avenue – Prescott to Tully, and the Prescott / Snyder intersection.

E. Project sponsor:

City of Modesto, P.O. Box 642, Modesto, CA. 95353

F. General Plan Designation:

Village Residential  
Mixed Use  
Business Park

G. Zoning:

Specific Plan (SP-O)  
A210 – Minimum 10-Acre Agriculture

H. Description of Proposed Project:

This is an application to install traffic signals at the following intersections:

- Pelandale/Tully
- Pelandale/Carver
- Pelandale/Prescott
- Prescott/Snyder

In addition to the traffic signal installation, the roadway will be widened approaching each intersection to accommodate designated right and left turn lanes (See Exhibit "A").

The ultimate design of the roadway would follow Standard Detail No. 363 of the City of Modesto's Standard Specifications for a Class B & C 6-lane Landscaped Expressway at a Minor Arterial for the Pelandale/Tully and Pelandale/Prescott intersections. The Pelandale/Carver and Prescott/Snyder intersections will follow Standard Detail No. 371 for a Class B & C 6-lane Landscaped Expressway at a Minor Collector (Shown also on Exhibit "A").

I. Surrounding land uses:

**Pelandale/Tully:** The project is bounded on the North by an agricultural area (almond trees) within Stanislaus County. The project is also bounded on the Southeast by the Big Valley Grace Community Church which is currently Mixed Use zoning. The Southwest quadrant is PD 534 which has higher density residential dwellings.

**Pelandale/Carver:** The project is bounded on the Northeast by an agricultural area (alfalfa) within Stanislaus County. The project is also bounded on the remaining three quadrants by single-family residential houses which are within the City limits. The Southwest corner of the intersection will have Fire Station No. 11, which is scheduled for construction in 2004.

**Pelandale/Prescott:** The project is bounded on the North by single-family residential houses. The Southeast quadrant is scheduled for a commercial development, and the Southwest quadrant is a storm drainage basin.

**Prescott/Snyder:** The project is bounded on all quadrants except the Northeast by single-family residential houses. The Northeast quadrant is scheduled to have a commercial development.

J. Other public agencies whose approval is required:

Stanislaus County

**III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR**

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms to the analysis contained within the Master EIR.

**A. Traffic and Circulation**

The Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal project proposes public improvements consistent with the General Plan designation for these sites. The proposed project's traffic signals would be mostly within existing rights-of-way. Limited land acquisition would be required in the east and west ends of the project for public roadway. The ultimate design calls for a Class B 6-lane expressway per the General Plan Program Circulation and Transportation Diagram of Figure V-1. Therefore, the traffic impacts of this project are consistent with those contained in the General Plan Master EIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are, therefore, still valid.

**B. Degradation of Air Quality**

The air quality impacts for this development are directly related to the traffic impacts. Since traffic impacts are no greater than those anticipated in the Master EIR, this development would not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through IV-2-26) are, therefore, still valid.

**C. Generation of Noise**

Because the proposed use is consistent with the General Plan in land use and intensity, the noise impacts from the project and to the project are consistent with those analyzed in the Master EIR. The project will not create additional significant effects, and the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are therefore still valid.

**D. Loss of Productive Agricultural Land**

Portions of this project are located in an agricultural portion of Modesto and Stanislaus County. The project is consistent with the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through V-4-12) are still valid.

**E. Increased Demand for Water Supplies**

The proposed project will require no additional water beyond that identified in the Increased Demand for Water Supplies section of the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through V-5-13 are, therefore, still valid.

**F. Increased Demand for Sanitary Sewer Services**

The proposed project will create no additional demand for sewer capacity not identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are therefore still valid.

**G. Loss of Sensitive Wildlife and Plant Habitat**

The project is located within agricultural lands, however it is not located in a Potential Biological Resource Study Area, as presented in Figure 7-1 of the MEIR. Therefore, the project will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. The Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7-29) are still valid.

**H. Disturbance of Archaeological and Historic Sites**

This project will not disturb any archaeological or historic sites that have been identified in the Disturbance of Archaeological or Historical Sites section of the MEIR. Figure 8-1 of the MEIR indicates that it is also outside the Archaeological Resource Study Area, which shows areas that may require additional site specific investigations. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are, therefore, still valid.

**I. Drainage, Flooding and Water Quality**

Because the project is consistent with the General Plan in land use and intensity, it will not present any new impacts to drainage, flooding and water quality that have not already been addressed in the MEIR. The mitigation measures in the Master EIR will not reduce the impacts of increased runoff within the baseline developed area to a less than significant level. In adopting the Master EIR, the City Council adopted a finding of overriding findings for this impact. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages V-9-1 through V-9-13) are still valid.

**J. Increased Demand for Storm Drainage**

The project will not present any new impacts that have not already been addressed in the MEIR. The mitigation measures contained in the Master EIR will not reduce the impacts of increased runoff within the baseline developed area to a less than significant level. In adopting the Master EIR, the City Council adopted a finding of overriding findings for this impact. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Storm Drainage (pages V-10-1 through V-10-16) are still valid.

**K. Increased Demand for Parks and Open Space**

The proposed intersection improvements and traffic signals will not have an effect upon the parks or open space needs in the area over that anticipated in the Master EIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are therefore still valid.

**L. Increased Demand for Schools**

The proposed intersection improvements and traffic signals will not create any additional demand for schools. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

**M. Increased Demand for Police Services**

Because the project is consistent with the General Plan in land use and intensity, it will not present any increased demand for police services that has not already been addressed in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are therefore still valid.

**N. Increased Demand for Fire Services**

Because the project is consistent with the General Plan in land use and intensity, it will not present any increased demand for fire services that has not already been addressed in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are therefore still valid.

**O. Generation of Solid Waste**

This project will not cause the generation of solid waste beyond that which is identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are therefore still valid.

**P. Generation of Hazardous Materials**

This proposed use will not result in additional hazardous materials generated beyond those identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages V-16-1 through V-16-15) are therefore still valid.

**Q. Landslides and Seismic Activity**

This use will result in no additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity (pages V-17-1 through V-17-12) are therefore still valid.

**R. Energy**

This use will result in less than significant additional demands for energy, as identified in the MEIR. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through V-18-7) are still valid.

**IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS**

- A. The proposed Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal are within the scope of the General Plan Master EIR (SCH No. 1999082041), which analyzed the potential impacts of buildout of the Urban Area General Plan, including roadways in this area.

- B. No additional significant environmental effects will occur as a result of the Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal that were not previously considered in the General Plan Master EIR.
- D. There are no specific features unique to the Pelandale Intersection Improvements and Prescott/Snyder Traffic Signal that requires project specific mitigation measures. All certified mitigation measures identified in the MEIR would apply city wide, including this project as appropriate.
- E. This initial study provides substantial evidence to support findings A, B, C, and D above.

Sr. Civil Engineer

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-374**

**A RESOLUTION AWARDED A \$121,596 AGREEMENT TO RMC WATER  
AND ENVIRONMENT, INC., (RMC), OF WALNUT CREEK, CA, FOR  
PROFESSIONAL SERVICES TO PREPARE THE 2005 URBAN WATER  
MANAGEMENT PLAN AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE AGREEMENT**

WHEREAS, the California Water Code requires that all urban water suppliers providing water for municipal purposes, either directly or indirectly to more than 3,000 customers, or supplying more than 3,000 acre-feet of water annually, must prepare an Urban Water Management Plan (UWMP) and update it at least every five years, and

WHEREAS, the City of Modesto, pursuant to the Water Code, filed Urban Water Management Plans for 1985, 1990, 1995, and 2000, and

WHEREAS, the City of Modesto's current UWMP has served its intended purpose of serving as a basis for local and regional water management planning and ensuring the appropriate level of reliability in water service sufficient to meet the needs of various categories of customers during normal, dry, and multiple dry years, and

WHEREAS, a number of legislative updates have occurred in the last five years which make it necessary to update the UWMP, and

WHEREAS, the 2005 UWMP update will need to be submitted to the Department of Water Resources (DWR) by December 31, 2005, and

WHEREAS, City Administrative Directive 3.1 was followed to select a professional engineering consultant, and

WHEREAS, a Request for Proposals was sent to four qualified engineering consulting firms, of which three responded, and

WHEREAS, the proposals were reviewed for compliance with the project's scope of work, and interviews were conducted with the three firms, and

WHEREAS, RMC Water and Environment Inc., (RMC) was deemed most qualified and was selected for engineering consulting services for the 2005 UWMP, and

WHEREAS, the Public Works Director has recommended that RMC be accepted as the most qualified engineering consulting firm and has recommended accepting their proposal, in an amount not to exceed \$121,596,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with RMC for preparation of the UWMP in an amount not to exceed \$121,596.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-375**

**A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH CAROLLO ENGINEERING FOR CHIEF PLANT OPERATOR (CPO) SERVICES EXTENDING THE AGREEMENT THROUGH MAY 2006 AND INCREASING THE AMOUNT FROM “NOT TO EXCEED” \$48,755 TO “NOT TO EXCEED” \$168,155, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT ON BEHALF OF THE CITY**

WHEREAS, Modesto’s Wastewater Treatment Plant is rated as a Class V facility based upon its design flow of 70 million gallons per day, and

WHEREAS, the state requires that the Chief Plant Operator (CPO) of a Class V plant have a Grade 5 operator on staff, and

WHEREAS, historically, the City has had at least two Grade 5 operators on staff but, due to recent resignations, both of the Grade 5 slots are now vacant and the City was faced with the prospect of not having a Grade 5 operator, and

WHEREAS, as a stopgap measure, staff contracted with Carollo Engineering to provide Grade 5 CPO services, and

WHEREAS, staff has notified the Regional Board of the interim arrangement as is required under our permit, and

WHEREAS, failure to have a licensed Grade 5 operator could expose the City to administrative sanctions, including fines, and

WHEREAS, the original contract with Carollo Engineering was for an amount “not to exceed” \$48,755 and gave the City of Modesto approximately 260 billable hours per the current billing rates; which will provide for CPO services through September 2, 2005, and

WHEREAS, this request is to authorize an extension of the initial contract through May 2006, if needed, and to increase the amount of the contract to an amount “not to exceed” \$168,155, and

WHEREAS, funds are budgeted in Account 6210-480-5213-0235 for these contract services, and

WHEREAS, staff has initiated the recruitment process to fill the vacated Grade 5 positions and the extension of this contract will allow time for recruitment of a Water Quality Control Superintendent and/or Deputy Director with a requirement of Grade 5 Operator certification, and

WHEREAS, due to the shortage of Grade 5 operators throughout the state, it may be difficult to fill these vacancies by the September interim CPO contract expiration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendment to the Agreement with Carollo Engineering for Chief Plant Operator (CPO) Services extending the agreement through May 2006 and increasing the amount from “not to exceed” \$48,755 to “not to exceed” \$168,155.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the Amendment to the Agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12<sup>th</sup> day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-376**

**A RESOLUTION ORDERING THE LEVY AND COLLECTION OF CHARGES  
WITHIN LANDSCAPE ASSESSMENT DISTRICT NO. 1 FOR DRY CREEK  
MEADOWS SUBDIVISIONS NOS. 1-6**

WHEREAS, the City of Modesto has by Resolution No. 2005-268 adopted on May 24, 2005, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6 under the provisions of the "Landscaping and Lighting Act of 1972", and

WHEREAS, the cost for Fiscal Year 2005-06 is \$26.00 annual assessment per lot, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by City Engineering, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS, the City of Modesto has further determined the charges are in compliance with all laws pertaining to the levy of such charges,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of \$26.00 annual assessment per lot within Landscape Maintenance Assessment District No. 1 for Dry Creek Meadows Subdivisions Nos. 1-6 for the 2005-06 fiscal year, and that a certified copy of this resolution shall be

delivered to the Auditor–Controller of the County of Stanislaus for placement of such charges on the 2005-06 County Tax Roll.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-377**

**A RESOLUTION ORDERING THE LEVY AND COLLECTION OF CHARGES  
WITHIN LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR  
DRY CREEK MEADOWS SUBDIVISIONS NOS. 7-10, CREEKWOOD  
MEADOWS SUBDIVISION, AND YOSEMITE MEADOWS SUBDIVISION  
UNITS 1 & 2**

WHEREAS, the City of Modesto has by Resolution No. 2005-269, adopted on May 24, 2005, declared its intent to levy charges or assessments for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units No. 1 & 2, under the provisions of the "Landscaping and Lighting Act of 1972", and

WHEREAS, the cost for Fiscal Year 2005-06 is \$108.39 per acre for commercial property and \$21.33 for each residential property, and

WHEREAS, the charges against the real property are not levied with regard to property values but rather by allocated cost reports prepared by City Engineering, and

WHEREAS, the City of Modesto has determined and certifies that the charges are either exempt from or in compliance with all the provisions of Proposition 218, which was passed by the voters in November 1996, and

WHEREAS the City of Modesto has further determined that the charges are in compliance with all laws pertaining to the levy of such charges.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby orders the levy and collection of \$108.39 per acre for commercial property and \$21.33 for each residential property within Landscape Maintenance Assessment District No. 2 for Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood

Meadows Subdivision and Yosemite Meadows Subdivision Units 1& 2 for the 2005-06 fiscal year, and that a certified copy of this resolution shall be delivered to the Auditor-Controller of the County of Stanislaus for placement of such charges on the 2005-06 County Tax Roll.

BE IT FURTHER RESOLVED that the diagram of said assessment district and amount of levy thereon is hereby confirmed.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-378**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CERTIFYING THE FINAL SUBSEQUENT ENVIRONMENTAL IMPACT  
REPORT FOR THE MODESTO REGIONAL WATER TREATMENT PLANT  
PHASE TWO EXPANSION PROJECT AND RELATED DOWNSTREAM  
IMPROVEMENTS (SCH No. 2004022013) IN ACCORDANCE WITH THE  
CALIFORNIA ENVIRONMENTAL QUALITY ACT**

WHEREAS, the City of Modesto (the “City”) and the Modesto Irrigation District (“MID”) have been planning for the Phase II expansion of the Modesto Regional Water Treatment Plant (“MRWTP”) and the construction of new water storage tanks, distribution pipelines and associated downstream facilities to improve the delivery capacity of the existing MRWTP (“Project”), and

WHEREAS, in March, 1990, the City and MID certified a Final EIR for the MRWTP and construction of new water storage tanks, distribution pipelines and associated downstream facilities, including the proposed Project which the City and MID are currently planning (SCH No. 89020044) in accordance with the California Environmental Quality Act, Public Resources Section 21000, et seq (“CEQA”), and

WHEREAS, on January 26, 2004, the City of Modesto (the “City”) and the Modesto Irrigation District (“MID”) as co-lead agencies published an Initial Study and a Notice of Preparation (“IS/NOP”) for the proposed Project, and

WHEREAS, based on the information in the Initial Study and because of the additional level of detail known about the project and the potential for changed conditions since the certification of the 1990 Final EIR for the MRWTP, the City and MID determined that a Subsequent Environmental Impact Report (“SEIR”) was required for the proposed Project, and

WHEREAS, the IS/NOP provided notice of the City's and MID's determination, and solicited public input on the proposed scope and content of the SEIR for the proposed Project, and

WHEREAS, on November 8, 2004, the City and MID published and distributed a Draft SEIR for the proposed Project, which was available for public review and comment for a period of 45 days as required by Section 21091 of CEQA, and

WHEREAS, during the 45-day public comment period the City and MID received five letters commenting on the Draft SEIR, and

WHEREAS, the City and MID prepared written responses to all written comments received on the Draft SEIR, said responses being contained in a Final Subsequent Environmental Impact Report ("Final SEIR") for the proposed Project prepared pursuant to Section 15089 of the CEQA Guidelines, and

WHEREAS, the Final SEIR was published and distributed on June 28, 2005, and consists of the Draft SEIR, a list of commenters, copies of all written comments received, responses to those comments that raise environmental issues, and any revisions to the text of the Draft EIR made in response to the comments, as required by Section 15132 of the CEQA Guidelines, and

WHEREAS, said matter was set for a Public Hearing of the City Council to be held on July 12, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time evidence both oral and documentary was received and considered by the Council, and

WHEREAS, the City Council has received and considered the Final SEIR for the proposed MRWTP Phase II Expansion and the construction of downstream facilities

(SCH No. 2004022013) which analyzes the potential environmental effects of the proposed Project, and

WHEREAS, CEQA requires that, in connection with the certification of a Final SEIR, the decision-making agency make certain written findings,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. The Final SEIR has been completed in compliance with CEQA; and
2. The Final SEIR has been presented to the City Council and the Council has reviewed and analyzed the Final SEIR and other information in the record and has considered the information contained therein, including the written and oral comments received at the public hearings on the Final SEIR; and
3. The Final SEIR represents the independent judgment of the City of Modesto; and
4. The Final SEIR contains additions, clarifications, modifications and other information in its responses to comments on the Draft SEIR for the Project and also incorporates information obtained by the City and MID since the Draft SEIR was issued. This Council hereby finds and determines that such changes and additional information are not significant new information as that term is defined under the provisions of the CEQA, because such changes and additional information do not indicate that any new significant environmental impacts not already evaluated would result from the proposed Project and do not reflect any substantial increase in the severity of any environmental impact; no feasible mitigation measures considerably different from those previously analyzed in the Draft SEIR have been proposed that would lessen significant environmental impacts of the Project; and no feasible alternatives considerably different from those analyzed in the Draft SEIR have been proposed that would lessen significant environmental impacts of the proposed Project. Accordingly, this Council hereby finds and determines that recirculation of the Final SEIR for further public review and comment is not warranted; and
5. The City Council does hereby designate the Deputy Director, Capital Improvement Services for the City of Modesto, at his office at 1010 Tenth Street, Modesto, California 95354 as the

custodian of documents and record of proceedings on which this decision is based; and

6. The City Council does hereby make the foregoing findings with the stipulations that all information in these findings is intended as a summary of the full administrative record supporting certification of the Final SEIR, which full administrative record should be consulted for the full details supporting these findings, and that any mitigation measures and/or alternatives that were suggested by commenters to the Draft SEIR and were not certified as part of the Final SEIR are hereby expressly rejected for the reasons stated in the responses to the comments set forth in the Final SEIR and elsewhere in the record.

BE IT FURTHER RESOLVED by the Council that it hereby certifies the Final Subsequent Environmental Impact Report for the MRWTP Phase II Expansion and related downstream facilities (SCH No. 2004022013), a copy of which is available in the City Clerk's Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-379**

**A RESOLUTION APPROVING AMENDMENT NO. 2 TO THE “AGREEMENT  
RELATING TO THE ADVANCED FUNDING AND REIMBURSEMENT OF  
COSTS RELATED TO THE (PHASE TWO) EXPANSION OF THE MODESTO  
REGIONAL WATER TREATMENT PLANT”, BETWEEN THE CITY AND THE  
MODESTO IRRIGATION DISTRICT, AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AMENDMENT**

WHEREAS, the Council of the City of Modesto approved Resolution No. 92-183 on April 21, 1992, authorizing the original Treatment and Delivery Agreement with the Modesto Irrigation District (MID) and the former Del Este Water Company, and

WHEREAS, the original Treatment and Delivery Agreement contemplated the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the MRWTP, and

WHEREAS, City and MID agree that the preliminary costs should be included in the project costs to be financed at a later date, and

WHEREAS, MID agrees to initially fund certain costs related to preliminary work for the project, and

WHEREAS, City agrees that MID should be reimbursed for certain costs related to preliminary work for the project, and

WHEREAS, the Council of the City of Modesto adopted Resolution No. 2003-538 approving the Advanced Funding and Reimbursement Agreement with the MID for the reimbursement of costs related to the Phase Two Expansion of the MRWTP

authorizing the City Manager to execute said Agreement at its October 7, 2003, meeting,  
and

WHEREAS, City and MID agree that the preliminary costs shall be shared and reimbursed as summarized in amended Exhibit "A" attached hereto and incorporated herein by this reference, and

WHEREAS, the Council of the City of Modesto adopted Resolution No. 2004-676, approving Amendment No. 1 to the Advanced Funding and Reimbursement Agreement at its December 14, 2004, meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Amendment No. 2 to the Agreement Relating to the Advanced Funding and Reimbursement of Costs Related to the (Phase Two) Expansion of the Modesto Regional Water Treatment Plant with the Modesto Irrigation District.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager or his designee, to execute said Amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-380**

**A RESOLUTION AUTHORIZING THE MODESTO IRRIGATION DISTRICT  
TO EXECUTE AMENDMENT NO. 3 TO THEIR EXISTING AGREEMENT  
WITH THE BLACK & VEATCH CORPORATION IN AN AMOUNT NOT TO  
EXCEED AN ADDITIONAL \$450,000, FOR A TOTAL AGREEMENT AMOUNT  
OF \$1,200,000, TO PROVIDE ADDITIONAL PRELIMINARY ENGINEERING  
DESIGN SERVICES RELATED TO THE PHASE TWO EXPANSION OF THE  
MODESTO REGIONAL WATER TREATMENT PLANT**

WHEREAS, the Council of the City of Modesto approved Resolution No. 92-183 on April 21, 1992, authorizing the original Treatment and Delivery Agreement with the Modesto Irrigation District (MID) and the former Del Este Water Company, and

WHEREAS, the original Treatment and Delivery Agreement contemplated the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the MRWTP, and

WHEREAS, by Resolution No. 2005-379, adopted on July 12, 2005, the Council has authorized the City Manager, or his designee, to execute Amendment No. 2 to the Advanced Funding and Reimbursement Agreement with the MID for costs related to the Phase Two Expansion of the MRWTP, and

WHEREAS, the aforementioned agreement requires MID to obtain City authorization to proceed beyond certain milestones in the Phase Two Expansion MRWTP, and

WHEREAS, the Council of the City of Modesto adopted Resolution 2003-540, authorizing Modesto Irrigation District to execute an agreement with Black & Veatch to provide Preliminary Engineering Design services, not to exceed \$750,000, and

WHEREAS, MID and City staff agree that additional services are needed and justified for the project in an additional amount not to exceed \$450,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes Modesto Irrigation District to execute an amendment to the agreement with Black & Veatch in an amount not to exceed an additional \$450,000, for a total of \$1,200,000, to provide additional Preliminary Engineering Design services related to the Phase Two Expansion of the Modesto Regional Water Treatment Plant.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 12th day of July, 2005 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-381**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO SOLICIT BIDS FOR NEW VEHICLES AND HEAVY EQUIPMENT THROUGHOUT FY 05/06 THROUGH VARIOUS COMPETITIVE PROCESSES AND IN A CUMULATIVE AMOUNT NOT TO EXCEED THE BUDGETED AMOUNT OF \$3,120,000, AND AUTHORIZING THE PURCHASING SUPERVISOR TO PURCHASE THIRTEEN (13) USED VEHICLES AT WHOLESALE AUCTION OR THROUGH OTHER COMPETITIVE PROCESSES FOR AN ESTIMATED BUDGETED AMOUNT OF \$216,000**

WHEREAS, the City has an ongoing need to purchase vehicles and heavy equipment throughout the year, and

WHEREAS, the expenditures for vehicles and heavy equipment have been approved by Council through the budget process, and

WHEREAS, the vehicles and heavy equipment are purchased by means of formal and informal bid processes, auction, negotiation, and by “piggybacking” off State contracts and other agencies’ competitively bid contracts, and

WHEREAS, in past years Council has authorized the Purchasing Supervisor to solicit bids and go to auction for said vehicles and heavy equipment without having to go before the Finance Committee and the Council for authorization to issue bids, and

WHEREAS, each vehicle and/or heavy equipment staff report that goes through this process takes approximately 90-120 days to complete and on average accounts for approximately fifteen (15) hours of staff time to process, and

WHEREAS, by authorizing the Purchasing Supervisor to purchase budgeted vehicles and heavy equipment for the entire fiscal year without returning to Council for subsequent approval for the solicitation of bids, the following benefits are realized:

- Reduces staff time when preparing for and conducting the bidding process,
- Avoids the possibility of missing manufacturer cut-off ordering dates,
- Improves delivery time of new vehicles allowing them to be put into service sooner,
- Improves reaction time as “good deals “ become available, and

WHEREAS, by authorizing the Purchasing Supervisor or his designee to solicit bids and attend auctions to purchase vehicles and equipment for the entire fiscal year without having to go before Council for bid/purchasing approval the City will save substantial staff and processing time, and

WHEREAS, the request for authorization to award bid and contract for new vehicles and equipment will still come before Council and conform to Modesto Municipal Code (MMC) 8-3.203(a), and

WHEREAS, the Purchasing Division will continue to work at increasing local vendor inclusion in the bidding process, and

WHEREAS, upon approval by Council the Purchasing Supervisor will solicit bids for new vehicles and heavy equipment throughout FY 05/06 through various competitive processes and in a cumulative amount not to exceed the budgeted amount of \$3,120,000, and

WHEREAS, upon approval by Council the Purchasing Supervisor, or his designee, will purchase thirteen (13) used vehicles at auction or through various competitive processes for an estimated total budgeted amount of \$216,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit bids for new vehicles and equipment throughout FY 05/06 through various competitive processes and in a cumulative amount not to exceed the budgeted amount of \$3,120,000, returning to Council for authorization to award said new vehicles and equipment.

BE IT FURTHER RESOLVED that the Purchasing Supervisor, or his designee, is hereby authorized to purchase thirteen (13) used vehicles for an estimated budgeted amount of \$216,000 at auction or through various competitive processes without returning to Council for authorization to award said used vehicles.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3rd day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-382**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE MODESTO  
CONVENTION AND VISITORS BUREAU (CVB) AND THE CITY OF  
MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE  
AGREEMENT**

WHEREAS, on June 24, 2003, the City of Modesto and the Modesto Convention and Visitors Bureau entered into an Agreement under authority of Resolution No. 2003-316 to provide convention and visitor bureau services, and

WHEREAS, it is the desire of the City and the Modesto Convention and Visitors Bureau to continue to provide convention and visitor bureau services, and

WHEREAS, funding for the Modesto Convention and Visitors Bureau is based on Transient Occupancy Tax collections received by the City of Modesto, and

WHEREAS, at their June 27, 2005, meeting, the Finance Committee recommended continuing the relationship between City of Modesto and the Modesto Convention and Visitors Bureau,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that the Council hereby approves the agreement with the Modesto Convention and Visitors Bureau to provide convention and visitor bureau services.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> of August, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-383**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR  
THE CITY OF MODESTO**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specification for Deputy City Attorney I, Deputy City Attorney II, Senior Deputy City Attorney I, and Senior Deputy City Attorney II. Said classifications are being amended to update the job specification and to incorporate other minor operational changes to more accurately reflect the requirements of these classifications. The revised specification for the classifications of Deputy City Attorney I, Deputy City Attorney II, Senior Deputy City Attorney I and Senior Deputy City Attorney II, as shown on the attached Exhibit "A", which is hereby made part of this resolution by reference, are hereby approved and made a part of the Position Classification Plan of the City of Modesto.

SECTION 2. CLASSIFICATION DELETED. The Position Classification Plan of the City of Modesto is hereby amended to delete the confidential designation from the classification of Administrative Office Assistant I-Confidential. Said classification is currently no longer being used with the confidential designation.

SECTION 4. EFFECTIVE DATE. This resolution shall become effective on and after August 3, 2005.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

DEPUTY CITY ATTORNEY I  
DEPUTY CITY ATTORNEY II  
SENIOR DEPUTY CITY ATTORNEY I  
SENIOR DEPUTY CITY ATTORNEY II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To perform legal work related to municipal government operations; to conduct legal research, prepare opinions, memoranda, administrative rules and regulations and other legal documents; to advise City departments, boards and commissions; and to represent the City in a variety of litigation that involved administrative hearings, trial and appellate work.

DISTINGUISHING CHARACTERISTICS

Positions in this class are flexibly staffed and are usually filled by advancement from the lower level class ~~and when not done so require previous experience.~~ or when filled from the outside, require prior work experience directly related to the area of assignment.

Deputy City Attorney I – This is the entry-level class in the Deputy City Attorney series. This class is distinguished from the Deputy City Attorney II by the performance of the more routine tasks and duties assigned to positions within the series. Since this class is typically used as a training class, employees may have only limited or no directly related work experience.

Deputy City Attorney II – This is a full journey professional level class within the Deputy City Attorney series. Employees within this class are distinguished from the Deputy City Attorney I by the performance of the full range of duties as assigned including those duties involving higher levels of City administration and the more difficult assignments. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit. This class is distinguished from the Senior Deputy City Attorney I in that the latter have broad discretionary and decision-making responsibility and perform complex legal work with very little supervision.

Senior Deputy City Attorney I – This is the advanced journey professional level class in the Deputy City Attorney series. Positions at this level are distinguished ~~from other classes within the series~~ by the level of responsibility assumed and the complexity of duties assigned. Employees perform the most difficult and responsible types of duties assigned to classes within this series including duties involving higher levels of City administration and performing more difficult assignments. Employees at this level are required to be fully trained in all procedures related to assigned area of responsibility.

Senior Deputy City Attorney II – This is the highest-level class in the Deputy City Attorney series. After one ~~When an employee's employment history shows one year of~~ satisfactory performance as a Senior Deputy City Attorney I, ~~he/she~~ an employee may be promoted to Senior Deputy City Attorney II and is ~~expected to take~~ assigned to a wide variety of the most complex cases ~~the most and wide variety of cases.~~

#### SUPERVISION RECEIVED AND EXERCISED

##### Deputy City Attorney I

~~Receives direction from the Assistant City Attorney.~~

~~Exercises technical supervision over clerical staff.~~

##### Deputy City Attorney II

~~Receives direction from the Assistant City Attorney.~~

~~Exercises technical supervision over clerical staff.~~

##### Senior Deputy City Attorney I

~~Receives general direction from the Assistant City Attorney.~~

~~Exercises technical supervision over clerical staff.~~

##### Senior Deputy City Attorney II

~~Receives general direction from the Assistant City Attorney.~~

~~Exercises technical supervision over clerical staff.~~

May receive general direction from the Assistant City Attorney, City Attorney or assigned Department Director.

Depending on assignment, may exercise technical supervision over assigned staff.

#### EXAMPLES OF DUTIES

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities may include, but are not limited to the following:

##### Essential Functions:

Assist in or prepare cases for hearings, trials, and other judicial proceedings and represent the City in such proceedings including all phases of pretrial and trial work in municipal, State and Federal courts.

Essential Functions: (Continued)

Examine and analyze court rulings and legislation with regard to its effect on municipal government operations.

Confer with and advise City departments, boards and commissions concerning their respective duties, powers, functions and obligations.

Perform legal research and prepare written and oral opinions and various legal problems for the City Council, City departments, and various boards and commissions.

Prepare, draft and review ordinances, resolutions, contracts, deeds, leases and other legal documents and instruments; offer opinions as to legal acceptability when presented to the City for consideration by an outside agent or agency.

Represent the City in litigation.

Investigate claims and complaints against the City and take or recommend appropriate action; make tentative decisions concerning advisability to; prosecute, compromise, or dismiss litigation and discuss recommendations and problems with the Assistant or City Attorney.

May train and direct the work of ~~subordinate professional~~ assigned staff.

May participate in employee selection and performance evaluations.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Deputy City Attorney I

Knowledge of:

Legal principles and practices, including civil, criminal, constitutional, and administrative law and procedures.

Methods of legal research.

Tort law and liability insurance litigation.

Judicial procedures and rules of evidence.

Statutes and court decisions relating to civil rights and public labor law.

Exhibit "A"

Ability to:

Learn ordinances, statutes and court decisions relating to municipal corporations.

Learn organization and operation procedures of a City Attorney's Office.

Learn modern and highly complex principles of municipal law.

Learn methods of public agency administration.

Learn organization, duties, powers, limitations, and authority of City government and the City Attorney's Office.

Deputy City Attorney II

In addition to the qualifications for Deputy City Attorney I:

Knowledge of:

Ordinances, statutes and court decisions relating to municipal corporations.

Organization and operating procedures of a City Attorney's Office.

Modern and highly complex principles and practices of municipal law.

Methods of public agency administration.

Organization, duties, powers, limitations, and authority of City government and the City Attorney's Office.

Establish precedents and sources of legal reference applicable to municipal activities.

Senior Deputy City Attorney I

In addition to the qualifications for Deputy City Attorney II:

Ability to:

Learn the principles of supervision, training and performance evaluation.

Represent the City in a wide variety of complex judicial and administrative proceedings.

Analyze and prepare a wide variety of complex cases in court.

Conduct research on legal complex problems and prepare sound legal opinions.

Exhibit "A"

Ability to: (Continued)

Learn established precedents and sources of legal reference applicable to municipal activities.

Represent the City in a wide variety of judicial and administrative proceedings.

Communicate clearly and concisely, both orally and in writing.

Analyze and prepare a wide variety of legal documents.

Organize, interpret, and apply legal principles and knowledge of legal problems; effectively apply legal knowledge and principles in court.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-385**

**A RESOLUTION APPROVING A FOURTH AMENDMENT TO  
THE CRIME PREVENTION ACT 2000 AGREEMENT BETWEEN  
THE CITY OF MODESTO AND THE COUNTY OF STANISLAUS,  
FOR ONE MODESTO POLICE OFFICER TO WORK ON THE  
HIGH-RISK OFFENDER/JUVENILE WARRANT ENFORCEMENT PROGRAM  
AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE SAID AMENDMENT TO THE AGREEMENT**

WHEREAS, on July 1, 2001, by Resolution Number 2001-351, the City Council approved an agreement between the Stanislaus County Probation Department and the City of Modesto Police Department for a Modesto Police Officer to partner with a Stanislaus Probation Officer to monitor high-risk juvenile offenders and to enforce Juvenile Court warrants, and

WHEREAS, on August 8, 2002, by Resolution Number 2002-377, the City Council approved the first amendment to that agreement, and

WHEREAS, on August 6, 2003, by Resolution Number 2003-428 the City Council approved a second amendment to that agreement, and

WHEREAS, on August 4, 2004, by Resolution Number 2004-397 the City Council approved a third amendment to that agreement between the Stanislaus County Probation Department and the City of Modesto Police Department for a Modesto Police Officer to partner with a Stanislaus Probation Officer to monitor high-risk juvenile offenders and to enforce Juvenile court warrants, and

WHEREAS, the County of Stanislaus Probation Department and the Modesto Police Department desire to continue to provide intensive supervision and monitoring to

high-risk juvenile wards, enforce Juvenile Court warrants and conduct police/probation activities to curtail delinquent behavior for the purpose of reducing juvenile crime and gang involvement and increasing offender accountability, and

WHEREAS, the Modesto Police Department can provide an experienced and competent Police Officer for these purposes and the City wishes to enter into a fourth amendment to the agreement with the Probation Department to provide such services, and

WHEREAS, the cost of one Modesto Police Officer, his or her benefits and personal equipment, will be paid by the County of Stanislaus by a federal grant obtained for the High Risk Offender/Juvenile Warrant Enforcement Program, and

WHEREAS, said amendment extends the term of the agreement from July 1, 2005 to June 30, 2006, and provides total compensation of \$79,700,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fourth Amendment to the Crime Prevention 2000 Agreement between the City of Modesto and the Stanislaus County Probation Department for one Modesto Police Officer to work in the High-Risk Offender/Juvenile Warrant Enforcement Program for fiscal year 2005/06 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said amendment to the agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-387**

**A RESOLUTION APPROVING THE FINAL MAP OF THE CANTERBURY  
ESTATES SUBDIVISION AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE A SUBDIVISION AGREEMENT WITH RICHMOND AMERICAN  
HOMES OF CALIFORNIA, A COLORADO CORPORATION**

WHEREAS, RICHMOND AMERICAN HOMES OF CALIFORNIA, a Colorado Corporation, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 12.35 acres, known as the CANTERBURY ESTATES SUBDIVISION (“SUBDIVISION”), and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on June 11, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 30<sup>th</sup> day of August, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the

City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-388**

**A RESOLUTION ACCEPTING A DEED OF AVIGATION AND HAZARD  
EASEMENT FROM GORDON D. STEWART AND JOHN F. STEWART  
THAT ALLOWS AIRCRAFT FLIGHT OVER RESIDENTIAL PROPERTY  
ON RIVER ROAD ADJACENT TO THE MODESTO CITY-COUNTY  
AIRPORT, AND AUTHORIZING THE CITY MANAGER TO SIGN THE  
ACCEPTANCE OF THIS EASEMENT ON BEHALF OF THE CITY**

WHEREAS, Gordon D. Stewart and John F. Stewart intend to sell real property located on River Road in the City of Modesto adjacent to Modesto City-County Airport, and

WHEREAS, Modesto City-County Airport is an active airport with commercial and general aviation aircraft arrivals and departures that will be flying over and near the parcel of land that is being sold, and

WHEREAS, Gordon D. Stewart and John F. Stewart have provided the City of Modesto with a Deed of Avigation and Hazard Easement (Deed), at no cost, that will assign perpetual, assignable easement in and over the real property named in that document, and

WHEREAS, the Deed gives the Airport certain rights that ensure safe flight over that property, and authorizes access to the property for specific purposes stated in the Deed, and

WHEREAS, the Deed dedicates easement and right-of-way that will allow continued flight operations at Modesto City-County Airport,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Deed of Avigation and Hazard Easement from Gordon D. Stewart and John F. Stewart.

BE IT FURTHER RESOLVED that Council authorizes the City Manager, or his designee, to sign the Deed of Avigation and Hazard Easement on behalf of the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carrier and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-389**

**A RESOLUTION ACCEPTING THE PROPOSAL AND APPROVING A  
CONTRACT WITH LARRY WALKER ASSOCIATES FOR PROFESSIONAL  
SERVICES FOR THE WASTEWATER TREATMENT PLANT (WWTP)  
NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES)  
PERMIT FOR DISCHARGE TO THE SAN JOAQUIN RIVER FOR A TWO-  
YEAR AGREEMENT, NOT TO EXCEED \$242,000, WITH OPTIONS FOR TWO  
(2), ONE-YEAR RENEWALS, NOT TO EXCEED \$100,000 EACH YEAR, AND  
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE  
THE CONTRACT**

WHEREAS, the treated effluent from the City's wastewater stream is discharged to the San Joaquin River and this discharge is regulated by the state through the federal NPDES permit, and

WHEREAS, this permit has a renewal term of five years and is due for renewal in May of 2006 and the renewal process is initiated by the Central Valley Regional Water Quality Control Board (Regional Board), and

WHEREAS, the current permit includes specific "effluent limitations" that are typically reflected as maximum allowable discharge concentrations for certain constituents, and

WHEREAS, the State Implementation Plan also allows the City to perform additional water quality studies related to permit compliance and effluent limitations, and

WHEREAS, to provide the best available science for the permit renewal process, the City needs to collect data and perform several additional water quality studies, and

WHEREAS, these studies will be performed in two phases to determine if completion of the study beyond initial "range-finding" is necessary, and

WHEREAS, professional services are essential for the City to continue meeting the NPDES Permit requirements and for successful negotiations with the Regional Board during the 2006 permit renewal process, and

WHEREAS, on May 24, 2005, Council approved Resolution No. 2005-276, authorizing the Public Works Department to solicit Request for Proposals (RFP) for professional assistance for the WWTP NPDES permit for discharge to the San Joaquin River, and

WHEREAS, staff solicited requests for proposals from 84 firms and formally advertised the RFP, and

WHEREAS, two (2) proposals were received in response to the RFP, and

WHEREAS, interviews of the two firms were performed by a four-member panel, including two external, non-staff, members, and

WHEREAS, the interviews were also observed by Councilmember Denny Jackman, and

WHEREAS, upon completion of the interview process it was determined that Larry Walker Associates is the most qualified firm based on the total score, and

WHEREAS, funds are budgeted in Account 6210-480-5217-0235 in the amount of \$242,000 for FY 2005-06 for the two-year agreement and will be budgeted in Account 6210-480-5217-0235 for FY 2007-08 and FY 2008-09 in the amount of \$100,000 per year should the additional one-year extensions be necessary,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the acceptance of proposal and approves the award of contract to Larry Walker Associates for professional assistance for the WWTP NPDES permit for

discharge to the San Joaquin River for a period of two years, not to exceed \$242,000, with options for two (2), one-year renewals, not to exceed \$100,000 each year.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the contract on behalf of the City.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-390**

**RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S  
AUTHORITY LEVEL TO AMEND THE PROJECT SCOPE BY CHANGE  
ORDER TO ADD WORK AT RUMBLE ROAD AND STANDIFORD AVENUE  
CROSSINGS NOT PREVIOUSLY INCLUDED IN THE CONTRACT ON THE  
"VIRGINIA CORRIDOR CROSSINGS AND GRADE RESTORATION  
PROJECT" FROM 8 PERCENT (\$137,717.32) TO 22 PERCENT (\$378,722.63) OF  
THE ORIGINAL CONTRACT PRICE WITH GEORGE REED, INC.**

WHEREAS, on February 24, 2004, the City Council passed a resolution allocating the remaining Federal Demonstration funding, and

WHEREAS, on August 4, 2004, the City Council awarded a \$1,721,466.50 contract to George Reed, Inc. to construct the "Virginia Corridor Crossings and Grade Restoration Project" project, and

WHEREAS, during the course of construction the Contractor was required to perform extra work not anticipated or included in the original contract, and

WHEREAS, the cost of the extra work is estimated to be as high as \$378,722.63, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of 8 percent of the original contract price which amounts to \$137,717.32 on a project this size, and

WHEREAS, the Council desires to fully utilize the Federal funding available for this project,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority level to amend the project scope by change order to add work at Rumble Road and Standiford Avenue crossings not previously included in the contract, from 8 percent (\$137,717.32) to 22 percent (\$378,722.63) for the project entitled "Virginia Corridor Crossings and Grade Restoration Project."

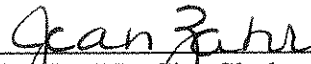

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-391

RESOLUTION ADOPTING STAFF RECOMMENDATIONS FOR POLICY  
DIRECTION RELATED TO THE STREETS CAPITAL FACILITY FEE  
CAPITAL IMPROVEMENT PROGRAM

WHEREAS, Capital Facility Fees (CFF) are development fees intended to mitigate the impacts of growth, and

WHEREAS, CFF fees are paid later in the development process, and

WHEREAS, Streets CFF projects require significant sums of funds for construction, and

WHEREAS, the most efficient use of Streets CFF funds is critical to the City, and

WHEREAS, approximately 20% of the CFF program is comprised of major interchange projects, and

WHEREAS, staff is seeking policy direction on prioritization of Capital Improvement Projects funded with Streets CFF, and

WHEREAS, staff recommends that 20% of all Streets CFF collected be set aside for major interchange projects, and

WHEREAS, staff proposes the use of CIP project prioritization principles as set forth in a report to the Mayor and Council from James Niskanen, the Acting Public Works Director, dated July 19, 2005, and

WHEREAS, staff further proposes that certain transportation corridors be given high priority for programming projects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby directs staff to set aside 20% of all Streets CFF revenue collected to be applied to major interchange projects,

BE IT FURTHER RESOLVED that the Council hereby directs staff to apply the following guiding principles relating to CIP project prioritization

listed in the order of priority:

- a. Address Critical Safety Issues
- b. Legal Obligations
  - i. Projects must be included in the program to use CFF funding.
  - ii. Honor all commitments in existing executed agreements.
- c. Maximize Traffic Benefits For Dollars Spent
  - i. Phase projects to maximize traffic benefits per unit cost.
  - ii. Utilize lower cost traffic improvements such as restriping and signal modifications where possible.
  - iii. Project amenities will follow later.
- d. Economic Development
  - i. Projects to complement high priority economic development.
- e. Segment Completion
  - i. Projects that complete segments of previously phased work.

BE IT FURTHER RESOLVED that the Council hereby directs staff to consider the following transportation corridors a high priority when budgeting Streets CFF Capital Improvement Projects:

- a. East-West Priority Corridors
  - i. Pelandale Avenue
  - ii. Briggsmore Avenue
- b. North-South Priority Corridors
  - i. Carpenter Road
  - ii. Claus Road

RESOLUTION NO. 2005-396**

**A RESOLUTION AUTHORIZING THE CESSATION OF SPECIAL TAXES FOR  
PARCELS ANNEXED TO BOTH CITY OF MODESTO COMMUNITY  
FACILITIES DISTRICT NO. 1996-1 AND CITY OF MODESTO COMMUNITY  
FACILITIES DISTRICT NO. 2004-1, AND DIRECTING THE CITY CLERK TO  
RECORD A NOTICE OF CESSATION OF SPECIAL TAX**

WHEREAS, on October 8, 1996, the City Council adopted Resolution No. 96-554, establishing the City's Community Facilities District No. 1996-1 (Village One) ("District #1") and authorizing the levy of special taxes within District #1 pursuant to Chapter 2.5 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), which Resolution has been amended from time to time, and

WHEREAS, on October 8, 1996, the City Council adopted Ordinance No. 3005-C.S., levying the special taxes within District #1, which Ordinance has been amended from time to time, and

WHEREAS, on April 6, 2004, the City Council adopted Resolution No. 2004-199, establishing the City's Community Facilities District No. 2004-1 (Village One #2) ("District #2) and authorizing the levy of special taxes within District #2 pursuant to the Act, and

WHEREAS, on April 27, 2004, the City Council adopted Ordinance No. 3345-C.S., levying the special taxes within District #2 and on July 12, 2005, the City Council adopted Ordinance No. 3392-C.S., levying the special taxes within Zone #2 of District #2; and

WHEREAS, following the formation of District #1 and District #2 (collectively “Districts”), the City Council has ordered annexations to each District, and

WHEREAS, certain parcels have been annexed to both Districts, and

WHEREAS, pursuant to Government Code Section 53330.5, the City Council may determine that a special tax shall cease to be levied when it is no longer needed to pay the costs and incidental expenses of services or of the construction of facilities authorized by the Act, and

WHEREAS, the special taxes to be levied on parcels within District #2 incorporate and include the costs and incidental expenses of services and the construction of facilities that were previously authorized in the special taxes to be levied on parcels within District #1, and

WHEREAS, the proceedings contemplated, and it is in the public interest, that for those parcels which are annexed to District #1 and subsequently annex to District #2, the special tax obligation authorized to be levied pursuant to Resolution No. 96-554, as amended, and Ordinance No. 3005-C.S., as amended, would no longer be needed, and would be permanently satisfied and cease to be levied, upon annexation of said parcels to District #2.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND DETERMINED by the Council of the City of Modesto, as follows:

SECTION 1: The above recitals are true and correct.

SECTION 2: For those parcels which are annexed to District #1 and which subsequently annex to District #2, the special tax obligation authorized to be levied pursuant to Resolution No. 96-554, as amended, and Ordinance No. 3005-C.S., as

amended, is no longer necessary to pay the costs and incidental expenses for services or for the construction of facilities authorized for District #1, and shall be permanently satisfied and cease to be levied, upon annexation of said parcels to District #2.

SECTION 3: The City Clerk is hereby directed to record a Notice of Cessation of Special Tax for the special tax obligation authorized to be levied pursuant to Resolution No. 96-554, as amended, and Ordinance No. 3005-C.S., as amended, as to any parcel which is annexed to District #1 and subsequently annexes to District #2.

SECTION 4: The Notice of Cessation shall state that the obligation to pay the special tax authorized to be levied pursuant to City Council Resolution No. 96-554, as amended, and Ordinance No. 3005-C.S., as amended, has ceased and that the lien imposed by the Notice of Special Tax Lien recorded in the records of the County Recorder of Stanislaus County, State of California, is extinguished.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of August, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

 CITY of MODESTO	CITY COUNCIL POLICY		<b><u>POLICY NO.:</u></b> <b><u>1.019</u></b>
<b>SUBJECT: INVESTMENT POLICY</b>			

**PURPOSE**

The purpose of this document is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities.

**BACKGROUND**

Under Section 2-3.401 of the Municipal Code, it is the function of the Finance Department to deposit and invest funds in accordance with sound treasury management. As a charter city, Modesto operates its pooled idle cash investment under the “prudent investor” rule which states that:

“When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency.”

The City is also governed by Sections 53600 et seq. of the California Government Code. This affords the City a broad spectrum of investment opportunities, so long as the investment is deemed prudent and allowable under current legislation of the State of California and the charter of the City of Modesto.

On an annual basis, the Finance Director/Treasurer will render to the City Council the statement of investment policy. The report will be considered, with any changes, by the City Council at a public meeting.

**INVESTMENT REPORT**

The Finance Director/Treasurer shall provide the City Council with a monthly report of investment transactions. In addition, the Finance Director/Treasurer shall render a quarterly report to the City Council, City Manager and the internal auditor within 30 days following the end of the quarter. The report shall contain the following:

1. The type of investment, issuer, purchase date, date of maturity, credit rating, overall portfolio yield based on cost, total par and dollar amount invested on all securities, investments and monies.

2. The weighted average maturity of the portfolio.
3. A description of any funds, investments or programs that are under management of contracted parties, including lending programs. Funds and investments held by contracted parties shall be reported at market value and the source of valuation shall be reported.
4. The market value as of the date of the report, and the source of the valuation.
5. A statement of compliance with the investment policy or manner in which the portfolio is not in compliance.
6. A statement denoting the City's ability to meet its expenditure requirements for the next six months or provide an explanation as to why sufficient money shall, or may, not be available.

### **INVESTMENT CRITERIA**

Public funds are invested in the following manner in order of priority:

1. **Safety of Principal**

The duty of the Finance Director/Treasurer is to protect, preserve and maintain cash and investments on behalf of the citizens of the community. To guard against loss of principal, only prudent and safe investments will be considered.

2. **Liquidity**

The receipt of revenues and maturities of investments should be scheduled so that adequate cash will be available to meet disbursements. An adequate portion of the portfolio should be maintained in liquid short-term instruments which can be readily converted to cash if necessary.

3. **Yield**

Yield is the potential dollar earnings, or rate of return, an investment can provide. Yield becomes a consideration only after the basic requirements of safety and liquidity have been met.

### **SAFEKEEPING AND CUSTODY**

All security transactions entered into by the City shall be conducted on a delivery-versus payment basis. Securities will be held by third party custodian designated by the Finance Director/Treasurer and evidenced by safekeeping receipts.

The only exception to the foregoing are Local Agency Investment Pools, Certificates of Deposit, and money market funds since the purchased securities are not deliverable. In all cases, purchased securities shall be held in the City's name.

## **PERFORMANCE STANDARDS**

The investment portfolio shall be designed with the objective of obtaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs. The City will measure the portfolio's performance against a market benchmark that is commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio.

## **AUTHORIZED INVESTMENTS**

Commencing with Section 53601 of Article 1, Chapter 4 of the Government Code of the State of California, surplus money may be invested in the following:

- A. City of Modesto bonds.** Bonds issued by the City.
- B. U.S. Treasury securities.** United States Treasury notes, bonds, bills or certificates of indebtedness or those for which the faith and credit of the United States are pledged for the principal and interest.
- C. State of California securities.** Registered State of California warrants, treasury notes or bonds, provided that the securities are rated AAA by a nationally recognized statistical rating agency
- D. California municipal securities.** Bonds, notes, warrants or other evidence of indebtedness of any local agency within California, provided that the securities are rated AAA by a nationally recognized statistical rating agency
- E. Federal Agency securities.** Obligations issued by a federal agency or United States government-sponsored enterprise.
- F. Bankers' Acceptances.** Bankers' Acceptances issued by domestic or foreign banks, which are eligible for purchase by the Federal Reserve System, the short-term paper of which is rated in the highest category by a nationally recognized statistical rating agency.

Purchases of Bankers' Acceptances may not exceed 180 days maturity or 40 percent of the City's surplus money. The maximum amount permitted to be invested in the Banker's Acceptances of any one commercial bank is the greater of 10 percent of the City's surplus funds or \$1 million.

- G. Commercial Paper.** Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization. The entity that, issues the commercial paper shall meet all of the

following conditions in either paragraph (1) or paragraph (2):

(1) The entity meets the following criteria: (a) is organized and operating within the United States as a general corporation. (b) Has total assets in excess of \$500 million. (c) Has debt other than commercial paper, if any, that is rated "A" or higher by a nationally recognized statistical-rating organization (NRSRO).

(2) The entity meets the following criteria: (a) is organized within the United States as a special purpose corporation, trust, or limited liability company. (b) Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond.

Investments in commercial paper are limited to a maximum of 25% of the portfolio. Purchases shall not exceed 10 percent of the outstanding paper of the issuing corporation. The maximum investment maturity is restricted to 270 days.

**H. Certificates of Deposit.** FDIC insured or fully collateralized time certificates of deposit in financial institutions located in California. Eligible investments are restricted to those issuing institutions that have been in business at least five years. The maximum term for deposits shall be one year. Investments in certificates of deposit are further limited to 20% of surplus funds. All time deposits must be collateralized in accordance with California Government Code section 53561. The City, at its discretion, may waive the collateralization requirements for any portion of the deposit that is covered by federal insurance.

**I. Negotiable Certificates of Deposit.** Negotiable certificates of deposit issued by a nationally- or state-chartered bank or a state or federal savings and loan association or by a state-licensed branch of a foreign bank; provided that the senior debt obligations of the issuing institution are rated "AA" or better by Moody's or Standard & Poor's. Investments in negotiable certificates of deposit are limited to 30 percent of the portfolio.

**J. Repurchase Agreements.** Repurchase Agreements used solely as short-term investments not to exceed 90 days.

The following collateral restrictions will be observed: Only U.S. Treasury securities or Federal Agency securities as described in 1 and 2 will be acceptable collateral. All securities underlying Repurchase Agreements must be delivered to the City's custodian bank versus payment or be handled under a tri-party repurchase agreement. The total of all collateral for each Repurchase Agreement must equal or exceed, on the basis of market value plus accrued interest, 102 percent of the total dollar value of the money invested by the City for the term of the investment. For any Repurchase Agreement with a term of more than one day, the value of the underlying securities must be reviewed on a regular basis.

Market value must be calculated each time there is a substitution of collateral.

The City or its trustee shall have a perfected first security interest under the Uniform Commercial Code in all securities subject to Repurchase Agreement.

The City may enter into Repurchase Agreements with (1) primary dealers in U.S. Government securities who are eligible to transact business with, and who report to, the Federal Reserve Bank of New York, and (2) California and non-California banking institutions having assets in excess of \$1 billion and in the highest short-term rating category as provided by Moody's Investors Service, Inc. or Standard & Poor's Corporation.

The City will have specific written agreements with each firm with which it enters into Repurchase Agreements.

**K. Reverse Repurchase Agreements.** The City may invest in reverse repurchase agreements only with "primary dealers" with which the City has entered into a master repurchase agreement contract. The City may invest in reverse repurchase agreements with the following conditions: The City may only use reverse repurchase agreements to (1) cover a temporary cash shortage, or (2) augment earnings. Reverse repurchase agreements may not be used to leverage the portfolio.

In addition, if a reverse repurchase agreement is authorized, it may be utilized only if the security to be sold on reverse repurchase agreement has been owned and fully paid for by the City for a minimum of 30 days prior to the sale; the total of all reverse repurchase agreements on investments owned by the City does not exceed 20% of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of the security using a reverse repurchase agreement and the final maturity date of the same security. The proceeds of the reverse repurchase agreement may not be invested in securities whose maturity exceeds the term of the Reverse Repurchase Agreement.

**L. Medium-term corporate notes .** Medium-term corporate notes defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the U.S. or any state and operating within the U.S. Medium-term notes shall be rated in a rating category "AA-" or its equivalent or better by a nationally recognized rating service. Purchase of medium-term corporate notes may not exceed 30 percent of the City's investment portfolio.

**M. Money market funds.** Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (money market funds).

**N. State of California Local Agency Investment Fund (LAIF).**

**O. Mortgage and asset-backed securities.** Any mortgage pass-through security,

collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable-backed bond that has been issued by a Federal Agency and has a maximum of five years maturity.

### **MAXIMUM MATURITY**

Investment maturities shall be based on a review of cash flow forecasts. Maturities will be scheduled so as to permit the City to meet all projected obligations.

Maximum maturity of an authorized investment is limited to five years.

Proceeds of sales or funds set aside for the repayment of any notes (e.g., Tax and Revenue Anticipation Notes) shall not be invested for a term that exceeds the term of the notes.

### **INELIGIBLE INVESTMENTS**

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to,

Investment in inverse floaters, range notes, or interest only strips that are derived from a pool of mortgages is prohibited.

Investment in any security that could result in a zero interest accrual if held to maturity is prohibited.

### **RESTRICTIONS SET BY THE FINANCE DIRECTOR/TREASURER**

A. Prior approval of the Finance Director/Treasurer is required for the following transactions:

- Sale of securities
- Swaps and trades
- Purchase of collateralized mortgage obligations (CMO)
- Purchase of mortgage-backed obligations
- Purchase of corporate notes
- Purchase transaction in excess of \$3 million

B. The following investments are not deemed appropriate for the City and will not be utilized:

- Futures and options
- Small Business Administration notes

### **AUTHORIZED INVESTMENT PERSONNEL**

Pursuant to the Government Code, the City Council delegates the authority to invest or to reinvest funds, or to sell or exchange securities so purchased, to the Finance Director/Treasurer for a one-year period. The Finance Director/Treasurer is charged with the responsibility for carrying out the policies of the City Council and shall assume full responsibility for investment transactions until the delegation of authority is revoked or expires.

Idle cash management and investment transactions are the responsibility of the Finance Department, which is under the control of the Finance Director/Treasurer. The Finance Director/Treasurer may designate an individual(s) ["Designee"] to be responsible for the daily management of the City's portfolio of treasury investments. The Designee may also be directed to monitor and forecast the City's cash flows, and prepare periodic investment reports that are submitted to the City Council. The Accounting Division of the Finance Department monitors all treasury transactions and prepares accounting records of all investment transactions as to type of investment, amount, yield, and maturity. No other person has authority to make investment transactions without the written authority of the Finance Director/Treasurer. Pursuant to Government Code chapter 53600, all persons investing monies are trustees and therefore fiduciaries subject to the prudent investor standard. Financial market security transactions will be executed by delivery versus payment and the securities will be held by a third party custodian.

Subject to required procurement procedures, the City may engage the support services of outside professionals in regard to its financial program, so long as it can be demonstrated or anticipated that these services produce a net financial advantage or necessary financial protection of the City's resources.

## **POLICY REVIEW**

The investment policy shall be adopted by resolution of the City Council on, at minimum, an annual basis. This investment policy shall be reviewed at least annually to ensure its consistency with the overall objectives of preservation of principal, liquidity and yield, and its relevance to current law and financial and economic trends. Any amendments to the policy shall be forwarded to City Council for approval.

This policy and the internal controls related to the investment of City funds will be reviewed by the City's independent external auditors in the conduct of their annual audit of the City.

## APPENDIX A - GLOSSARY

### Bankers Acceptances (BAs)

Bankers Acceptance is a time bill of exchange drawn on and accepted by a commercial bank to<sup>1</sup> finance the exchange of goods. When a bank “accepts” such a bill, the time draft becomes, in effect, a predated certified check payable to the bearer at some future specified date. Little risk is involved for the investor because the commercial bank assumes primary liability once the draft is accepted.

### Certificates of Deposit (CDS)

A certificate of deposit is issued against funds deposited in a commercial bank for a definite period of time and earning a specified rate of return. They are issued in two forms, negotiable and non-negotiable:

**A negotiable certificate of deposit** may be sold by one holder to another prior to maturity. This is possible because the issuing bank agrees to pay the amount of the deposit, plus earned interest, to the Bearer of the certificate at maturity.

**A non-negotiable certificate of deposit** is collateralized and is not a money market instrument since it cannot be traded in the secondary market. It is issued on a fixed maturity basis and often pays a higher interest rate than is permissible on other savings or time deposit accounts.

### Collateralized Mortgage Obligation (CMO)

A CMO is a pool of mortgages sold as a single investment with interest paid monthly, quarterly, or semi-annually. Mortgage securities pay a higher rate than U.S. Treasury securities due to risk of prepayment and default.

### Commercial Paper (CP)

This is a short-term promissory note issued by a corporation to raise working capital. The interest rates tend to be higher than other investments of similar liquidity.

### Derivatives

A financial instrument with a value derived from the value of one or more underlying assets or indexes of asset values. The term “derivative products” refers to instruments or features such as collateralized mortgage obligations (CMOs), interest-only (IOs) and principal-only (POs), forwards, futures, currency and interest rate swaps, options, floaters/inverse floaters, and caps/floors/collars.

### Federal Agency Securities

Certain agencies created by Congress and sponsored by the federal government issue debt that is considered to be of prime quality and have a very high standing in the bond market. The major federal agencies are described as follows:

**Federal National Mortgage Association (FNMA, “Fannie Mae”)** provides funds to the mortgage market primarily by purchasing loans from local lenders.

**Federal Home Loan Mortgage Corporation** (FHLMC, “Freddie Mac”) purchases conventional mortgages and sells mortgage-backed securities.

**Student Loan Marketing Association** (SLMA, “Sallie Mae”) facilitates that flow of private capital into various federally-guaranteed student loan programs maintained through banks, S&Ls, educational institutions and other participating lenders.

**Federal Farm Credit System** (FFCB) sells securities to provide mortgage loans and short-term and intermediate-term credit to farmers, ranchers, and agricultural cooperatives.

**Federal Home Loan Bank** (FHLB) acts as a credit reserve system for the thrift industry to stabilize the flow of funds to member savings and loan and savings banks.

### **Futures**

Exchange traded contracts specifying a future date of delivery or receipt of a specific product (physical commodity or financial instrument). Futures are used by business as a hedge against unfavorable price changes, and by speculators who hope to profit from such changes.

### **Local Agency Investment Fund (LAIF)**

State of California LAIF is designed to provide a convenient and safe means of investing temporarily idle monies by the State Treasurer. LAIF provides high liquidity and generally pays higher yields than can be realized by individual local agencies (for similar maturities) due to economies of scale.

### **Medium-Term Notes**

Issued by corporations (in the form of secured or unsecured debt) for the purpose of raising working capital and purchasing capital assets.

### **Options**

A right to buy (call) or sell (put) a fixed amount of a given stock at a specified price within a limited period of time. The purchaser hopes that the stock’s price will go up (if he bought a call) or down (if he bought a put) by an amount sufficient to provide a profit when he sells the option. If the price is static or moves in the opposite direction, the price paid for the option is lost entirely.

### **Repurchase Agreement**

As authorized in Government Code Section 5360i(1), these investment vehicles are (generally short-term) agreements between the local agency and seller for the purchase of Government securities to be resold at a specific date and for a specific amount.

### **Reverse Repurchase Agreement**

This transaction is the opposite of a repurchase agreement. The dealer buys securities with a contractual agreement to sell them back at a prearranged date. The local agency pays the dealer’s interest for the use of the funds. The money “borrowed” on a “reverse repo” can be reinvested in higher yielding instruments.

— **U.S. Treasury Securities**

The highest quality, most liquid debt investments available in the fixed income market-place; unconditionally backed by the “full faith and credit” of the U.S. Government. Treasury bills are short-term instruments (maturity of three months to one year); Treasury notes and bonds are currently issued with maturities of two to ten years.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-399**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
EXTEND AN ANNUAL PURCHASE AGREEMENT WITH BRISCO  
ENTERPRISES, OF MERCED, CA FOR A FOUR (4) MONTH EXTENSION  
PERIOD TO ALLOW FOR THE REMOVAL AND TRANSPORTATION OF  
WASTEWATER BIO-SOLIDS IN THE APPROXIMATE AMOUNT OF \$121,000**

WHEREAS, Resolution 2001-369 authorized an annual purchase agreement with Brisco Enterprises, of Merced, CA for the removal and transportation of wastewater bio-solids to the City's compost facility for FY 2001/2002, with the option of three (3) additional, one-year contract extensions, and

WHEREAS, the annual purchase agreement expired June 30, 2005, and

WHEREAS, the annual purchase agreement should have been put in place to expire in October of 2005 to coincide with the bio-solids removal seasonal calendar, and

WHEREAS, the removal of dried bio-solids will provide renewed drying bed space for the revolving wastewater bio-solids process, and

WHEREAS, the Modesto Municipal Code ( MMC) generally requires all purchases which meet or exceed \$50,000 to be formally bid, and

WHEREAS, there are several exceptions to the MMC formal bidding requirements, and

WHEREAS, one exception is available that allows the Purchasing Supervisor to determine that calling for bids is undesirable due to demanding circumstances, and

WHEREAS, based on the short window of opportunity available for the removal and transportation of the wastewater bio-solids, the Purchasing Supervisor invoked that exception for this four (4) month extension request, and

WHEREAS, funds in the amount of \$148,070 have been budgeted in FY 05/06 and are available in account number 6210-480-5213-0235,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to extend the annual purchase agreement with Brisco Enterprises, of Merced, CA for a four (4) month period in the approximate amount of \$121,000 for the removal and transportation of wastewater bio-solids.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-400**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
ISSUE A FORMAL REQUEST FOR BID (RFB) FOR THE REMOVAL AND  
TRANSPORTATION OF WASTEWATER BIO-SOLIDS FOR AN INITIAL  
THREE (3) YEAR AGREEMENT AND WITH TWO (2) ONE-YEAR CONTRACT  
EXTENSION OPTIONS FOR AN ESTIMATED ANNUAL AMOUNT OF \$165,000**

WHEREAS, the Public Works Department requested the removal and transportation of wastewater bio-solids, and

WHEREAS, the Wastewater Treatment Plant located at 1221 Sutter removes dewatered bio-solids from drying beds located at the site, and

WHEREAS, the accumulated bio-solids are the result of the designed solids removal process, and

WHEREAS, removal of the dried bio-solids provides renewed drying bed space for this revolving process, and

WHEREAS, when dried, the bio-solids are removed from the beds and then transported to the Secondary Treatment Plant where they are screened, rototilled, hydrated and applied to the City's Ranch fields as a soil amendment, and

WHEREAS, the existing contract for the removal and transportation of primary wastewater bio-solids has expired, and

WHEREAS, the Modesto Municipal Code (MMC) generally requires all purchases which meet or exceed \$50, 000 to be formally bid, and

WHEREAS, by soliciting competitive bids for the removal and transportation of wastewater bio-solids, the Purchasing Division will comply with MMC formal bidding requirements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal bids as follows:

SECTION 1. The City Clerk shall call for public competitive sealed bids for the removal and transportation of wastewater bio-solids services, for a three (3) year agreement, with two (2) one-year extension options, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-401**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR ROCK, SAND, AND GRAVEL FOR A TWO-YEAR PERIOD, WITH  
THREE (3), ONE-YEAR CONTRACT EXTENSION OPTIONS TO  
THORNBERRY OF CERES, CA, FOR AN ESTIMATED TOTAL ANNUAL  
COST OF APPROXIMATELY \$200,000**

WHEREAS, the Finance Department-Central Stores Division has requested the purchase of rock, sand, and gravel for FY 2005/2006, and

WHEREAS, the Central Stores unit of the Finance Department will stock said rock, sand, and gravel for use by City departments for rock well drainage, sand for parks, street maintenance operations and wastewater pond erosion control, and

WHEREAS, Central Stores will purchase the required rock, sand and gravel from account 7100-120-8311-0439 and departments will then purchase the rock sand and gravel from Central Stores with charges being made to appropriate accounts, and

WHEREAS, based on past usage and current pricing, the total cost for rock, sand, and gravel requirements for FY 2006 should be approximately \$200,000, and

WHEREAS, on May 24, 2005, Council approved Resolution No. 2005-261 authorizing the Purchasing Supervisor to formally solicit bids for the purchase of rock, sand, and gravel, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0405-28 to nine (9) companies, posted the bid on the City's web site , and formally advertised as required by law, and

WHEREAS, out of the nine (9) companies solicited, only one (1) chose to respond, and

WHEREAS, based on being the lowest responsive and responsible bidder, staff

recommends award of Bid No. 0405-28 to Thornberry of Ceres, CA, and

WHEREAS, this award of bid and contract complies with the Modesto Municipal Code, Section 8-3.20, regarding Formal Bid Procedures,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0405-28 and contract for the purchase of rock, sand, and gravel to Thornberry of Ceres, CA for a two (2) year period, with three (3), one-year extension options for a total estimated annual cost of approximately \$200,000.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue an annual purchase agreement to Thornberry of Ceres, CA for the purchase of rock, sand, and gravel for an initial two (2) year period, with three (3) one year extension options, for a total annual cost of approximately \$200,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-402**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
SOLICIT REQUEST FOR BIDS (RFB) FOR MATERIAL HAULING SERVICES  
FOR AN INITIAL THREE (3)-YEAR PERIOD, WITH TWO (2) ONE-YEAR  
CONTRACT EXTENSION OPTIONS FOR AN ESTIMATED TOTAL ANNUAL  
COST OF \$250,000.00**

WHEREAS, the Public Works Department-Streets Division has requested material hauling service, and

WHEREAS, the Streets Division has fifty (50) years of deferred maintenance in paving residential streets, alleys, and major arterial and collector streets that are failing before capital improvement projects can be funded, and

WHEREAS, this can result in increased accidents and claims against the City of Modesto, and

WHEREAS, hundreds of City residential streets and alleys are beyond their service life, and

WHEREAS, in the past asphalt grindings were hauled away by using rented dump trucks or by borrowing dump trucks from other divisions, with the grindings then being stockpiled behind the Fire Training Center and used in the winter to reconstruct alleys, and

WHEREAS, the Streets Division currently does not have the staff or the trucks to haul away stockpiled materials, and

WHEREAS, the need and specifications for these materials have been developed over time through collaboration between staff in the Streets Division and the Purchasing Division, and

WHEREAS, by soliciting competitive bids for material hauling service, the Purchasing Division will comply with the Modesto City Code (MMC) regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Bids for material (grindings and hot asphalt) hauling service as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for material hauling services for an initial three (3) year period, with two (2) one-year contract extension options, to be opened in the office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After bids are opened, they shall be tabulated and analyzed and a report submitted to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-403**

**A RESOLUTION APPROVING THE ESTABLISHMENT OF A FULL-TIME POSITION IN THE STANISLAUS COUNTY DEPARTMENT OF ENVIRONMENTAL RESOURCES TO ASSIST IN THE ADMINISTRATION OF THE WASTE-TO-ENERGY PROJECT, APPROVING AMENDMENT NO. 2 TO THE AGREEMENT BETWEEN THE CITY OF MODESTO AND COUNTY OF STANISLAUS RELATING TO ADMINISTRATION OF SERVICE AGREEMENT FOR SUPPLY AND ACCEPTANCE OF SOLID WASTE AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT**

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus entered into an "Agreement Between the City of Modesto and County of Stanislaus Relating to Administration of Service Agreement for Supply and Acceptance of Solid Waste" ("AGREEMENT"), and

WHEREAS, the AGREEMENT established an Executive Committee to administer the Joint Powers Agreement, and

WHEREAS, the Executive Committee consists of two members of the Modesto City Council and two members of the County Board of Supervisors, and

WHEREAS, the Executive Committee advises the City Council and the Board of Supervisors on project matters, and

WHEREAS, Section 2. of the Agreement Between City of Modesto and County of Stanislaus Relating to the Administration of Service Agreement for Supply and Acceptance of Solid Waste states that, "Each of the parties hereto shall appoint sufficient personnel to act in a staff capacity for said Committee...", and

WHEREAS, over the next few years, several major projects will place extraordinary demands on staff as the City and County consider an extension of the

current Service Agreement, a new operating agreement, and a new Power Purchase Agreement, and

WHEREAS, at the March 11, 2005, Waste-to-Energy Executive Committee meeting, City and County Solid Waste staff presented a joint proposal that the Committee approve a full-time position, funded by the project, to assist current staff with the management of the WTE facility operations and with the Service Agreement, operating agreement, and Power Purchase Agreement negotiations, and

WHEREAS, the recommendation was that the position be a County employee housed in the Stanislaus County Department of Environmental Resources, and that the position be at the Manager I-II level under Stanislaus County's Job Classes and Salaries categories, and

WHEREAS, work assignments for this position would be jointly agreed upon by the City and County Solid Waste Managers, and

WHEREAS, the annual cost to the project for this position is expected to be approximately \$147,000, to include salary, benefits, office space, auto use, equipment, and office supplies, and

WHEREAS, the cost of this position would be funded out of the Resource Recovery Account, and was included in the FY 2005-2006 Waste-to-Energy project budget approved by the City Council and Board of Supervisors, and

WHEREAS, the Solid Waste-to-Energy Executive Committee concurred with this recommendation, and unanimously approved forwarding this proposal to the City Council and Board of Supervisors, with a recommendation to amend the AGREEMENT to authorize the dedicated staff position, and

WHEREAS, the AGREEMENT can be modified and amended by mutual agreement of the parties, and

WHEREAS, the City Council must approve this Amendment for it to become effective,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby the establishment of a full-time position in the Stanislaus County Department of Environmental Resources to assist in the administration of the waste-to-energy project and approves Amendment No. 2 to the Agreement Between the City of Modesto and County of Stanislaus Relating to Administration of Service Agreement for Supply and Acceptance of Solid Waste, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, as recommended by the City/County Solid Waste-to-Energy Executive Committee.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute Amendment No.2 to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**AMENDMENT NO. 2**  
to  
**AGREEMENT BETWEEN CITY OF MODESTO AND COUNTY OF STANISLAUS**  
**RELATING TO ADMINISTRATION OF SERVICE AGREEMENT**  
**FOR SUPPLY AND ACCEPTANCE OF SOLID WASTE**

Pursuant to Paragraph 11 of the Agreement Between City of Modesto and County of Stanislaus Relating to Administration of Service Agreement for Supply and Acceptance of Solid Waste (the "Administration Agreement"), the City of Modesto ("City") and the County of Stanislaus ("County") hereby modify the Administration Agreement as follows:

1. Section 2 of the Administration Agreement is amended to read as follows:

"There is hereby created a SOLID WASTE-TO-ENERGY EXECUTIVE COMMITTEE which shall consist of two (2) members of the MODESTO'S City Council and two (2) members of the COUNTY'S Board of Supervisors, as selected by their respective legislative bodies and serving at their pleasure. Said SOLID WASTE-TO-ENERGY EXECUTIVE COMMITTEE shall serve in an advisory capacity to the respective legislative bodies of the parties to this agreement and shall also act in an advisory capacity to the SOLID WASTE-TO-ENERGY staff as hereinafter described.

Said committee shall select a chairperson from among its members and shall adopt rules and regulations for holding its meetings and conducting its business. Each of the parties hereto shall appoint sufficient personnel to act in a staff capacity for said Committee.

There shall be established a full-time staff position dedicated to assist MODESTO and COUNTY staff with management of the Service Agreement. The position shall be a COUNTY employee classified as a Manager I or Manager II, commensurate with experience and ability. The position shall be funded from the SOLID WASTE-TO-ENERGY FUND. MODESTO and the COUNTY staff shall agree upon duties and performance objectives for the position, which may be revised from time to time as the deemed necessary by staff.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-404**

**A RESOLUTION APPROVING THE COMPLIANCE MEASURES FOR AB 2176  
LARGE VENUE AND LARGE EVENT RECYCLING, APPROVING THE  
ADOPTION OF THE “GUIDELINES FOR GARBAGE ENCLOSURES AND  
CONTAINERS” AND FORMALLY ADOPTING THE CIWMB’S “MODEL  
ORDINANCE RELATING TO AREAS FOR COLLECTING AND LOADING  
RECYCLABLE MATERIALS IN DEVELOPMENT PROJECTS” PURSUANT  
TO PUBLIC RESOURCES CODE SECTION 42910**

WHEREAS, the Integrated Waste Management Act, AB 939 (1989) mandated that all cities and Counties achieve and maintain a 50 percent solid waste reduction goal, and

WHEREAS, AB 75 (1999) mandated that all state operated facilities achieve and maintain a 50 percent solid waste reduction goal, and

WHEREAS, AB 2176 (2004) now mandates that operators of large venues and events must promote waste reduction planning for large venues and large events by making recycling available and convenient to the attendees of large venues and large events, and

WHEREAS, local agencies are required to identify the large venues and large events within their jurisdiction that meet the defined criteria of: (1) a large “venue” is a facility that annually averages at least 2,000 attendees and workers on-site per day of operation, or (2) a large “event” is an event that charges an admission price or is operated by a local agency, and serves an average of at least 2,000 attendees and workers per day of the event, and

WHEREAS, on and after July 1, 2005, local agencies are to provide waste diversion information to large venue and large event operators, and

WHEREAS, a working group was formed by staff representatives of the City of Modesto to determine what the large venue and large events in Modesto were and develop an informational brochure and permit form to be distributed to the large venue and large event operators, and

WHEREAS, beginning July 1, 2005, and annually thereafter, the operators of the large venue and large events are required to submit to the local agency, within 30 days of a request from the local agency, written documentation of waste reduction, reuse, recycling, and diversion programs, if any, that were implemented at the large venue or large event, and the type and weight of materials diverted and disposed of at the large venue or large event as outlined in the permit form, and

WHEREAS, on August, 1, 2006, and annually thereafter, local agencies must provide a report to the CIWMB specifying the diversion accomplishments for the top 10% waste generating large venues and large events in their jurisdiction, and

WHEREAS, beginning December 1, 2008, the California Integrated Waste Management Board (CIWMB) will evaluate the reports submitted by the local agencies to determine if less than 75% of the identified 10% large venues and events have complied with the reporting requirements and if they find that to be the case, then the CIWMB will recommend further statutory requirements to the Legislature for approval, and

WHEREAS, this mandate also amends Public Resources Code section 42911 to state that (a) each local agency shall adopt an ordinance relating to adequate areas for collecting and loading recyclable materials in development projects, and (b) if a local agency has not adopted an ordinance for collecting and loading recyclable materials in

development projects on or before September 1, 1994, the model ordinance adopted pursuant to Public Resources Code section 42910 shall take effect on September 1, 1994, and shall be enforced by the local agency and have the same force and effect as if adopted by the local agency as an ordinance, and (c) on and after July 1, 2005, a local agency shall not issue a building permit to a development project, unless the development project provides adequate areas for collecting and loading recyclable materials, and

WHEREAS, the City of Modesto did not adopt their own ordinance on or before September 1, 1994, and is therefore subject to the Model Ordinance Relating to Areas for Collecting and Loading Recyclable Materials in Development Projects adopted pursuant to Public Resources Code section 42910, and

WHEREAS, a working group formed by staff representatives of various departments in the City of Modesto determined the Model Ordinance needed to have more specific guidelines and, therefore, developed the Guidelines for Garbage Enclosures and Containers, and

WHEREAS, this item has been reviewed by the local garbage collection companies, the Citizens Advisory Committee on Recycling on May 24, 2005, the Construction Liaison Committee on June 14, 2005, and the Economic Development Committee on July 11, 2005, and

WHEREAS, as a local government agency the City has an obligation to comply with all Federal and State legislation, and AB 2176 is consistent with the Council's strategic plan policy section II.C and II.C.3 which states the City of Modesto will maximize recycling recovery and participation and will develop and implement new programs which will increase resource recovery and diversion,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the compliance measures for AB 2176 Large Venue and Large Event Recycling and approves the formal adoption of the CIWMB "Model Ordinance Relating to Areas for Collecting and Loading Recyclable Materials in Development Projects" pursuant to Public Resources Code section 42910 and approves the adoption of the "Guidelines for Garbage Enclosures and Containers".

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-405**

**A RESOLUTION APPROVING AVOID THE TWELVE GRANT PROJECT IN  
THE AMOUNT OF \$516,052.99 FROM THE STATE OF CALIFORNIA OFFICE  
OF TRAFFIC SAFETY AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE GRANT**

WHEREAS, The City of Modesto Police Department desires to undertake a certain project designated as Avoid the Twelve from the State of California Office of Traffic Safety (hereafter referred to as OTS), and

WHEREAS, the goal of the grant in the amount of \$516,052.99 is to reduce alcohol related injuries and death within Stanislaus County and raise the awareness of the general public regarding the problems with drinking and driving, and

WHEREAS, said project will be funded by a grant from the State of California Office of Traffic Safety, and

WHEREAS, said project was accepted for funding for a period of three years commencing on October 1, 2005 and ending on September 30, 2008, and

WHEREAS, the monies provided in this grant will provide for overtime Police and Sheriff Departments personnel in the Stanislaus County to conduct DUI checkpoints, and strike teams during Year-end Campaign, Memorial Day, Labor Day, Stanislaus County Fair, and Independence Day during prime DUI times, and

WHEREAS, the City of Modesto, in partnership with 11 agencies in this county, including Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, Waterford, Highway Patrol, Sheriff's Office, and the California State University Police, will come together for causes that affect each area of the county, and

WHEREAS, the Safety and Communities Committee unanimously supported this action at its meeting of August 1, 2005.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the three-year grant from the State Office of Traffic Safety in the amount of \$516,052.99 and approves the "Avoid the Twelve" project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant contract with OTS, including any extensions or amendments thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NUMBER 2005-406**

**A RESOLUTION AMENDING THE FISCAL YEAR 2005/06 BUDGET TO  
RECOGNIZE REVENUE FOR MULTI-YEAR GRANT AND APPROPRIATE  
FUNDS FOR THE AVOID THE TWELVE GRANT**

WHEREAS, the City of Modesto Police Department, in partnership with 11 law enforcement agencies including Ceres, Hughson, Newman, Oakdale, Patterson, Riverbank, Turlock, Waterford, Highway Patrol, Sheriff's Office, and the California State University Police, will unite in "Avoid the Twelve" to combat drunk drivers and raise the awareness of the general public regarding the problems associated with drinking and driving, and

WHEREAS, the Modesto Police Department will have a Project Manager who will oversee administration and implementation of this county-wide program, and

WHEREAS, the City of Modesto Police Department will administer the reimbursement of the various law enforcement agencies that participate in the project, and

WHEREAS, the funds will be used for the DUI and Strike Team participants, and education material, and

WHEREAS, the grant will commence on October 1, 2005 and end on September 30, 2008, and

WHEREAS, the City shall be compensated \$516,052.99 from the State of California Office of Traffic Safety for this program, and

WHEREAS, there is no local match required for this program, and

WHEREAS, the Safety and Communities Committee unanimously supported this action at its meeting of August 1, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2004/05 Annual Budget is hereby amended as follows:

Appropriate:

To:	0410-190-2901-0130	\$126,447.99	Officers' Overtime Hours
	0410-190-2901-0308	27,000.00	Officers' Operating Expenses

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-407**

**A RESOLUTION ACCEPTING A \$100,000 GRANT ENTITLED THE MODESTO ABC PROJECT FROM THE STATE DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL FOR THE REDUCTION OF CRIME AND EXCESSIVE CALLS FOR SERVICE IN AND AROUND MODESTO'S DISORDERLY AND DISRUPTIVE ABC LICENSED ESTABLISHMENTS AND TO REDUCE SALES OF ALCOHOL TO MINORS AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE NECESSARY GRANT DOCUMENTS**

WHEREAS, the City of Modesto Police Department desires to undertake a certain project designated as the Modesto ABC Project to be funded in part from funds made available through the Grant Assistance to Local Law Enforcement Agencies Project administered by the Department of Alcoholic Beverage Control (hereafter referred to as ABC), and

WHEREAS, acceptance of said \$100,000 grant will allow agencies in Stanislaus County and other outlying areas to work in collaboration to proactively address alcohol related crimes in Stanislaus County.

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby accepts the \$100,000 grant entitled the Modesto ABC Project from the State Department of Alcoholic Beverage Control.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract, including any extensions or amendments thereof and any subsequent contract with the State in relation thereto.

BE IT FURTHER RESOLVED that any liability arising out of the performance of this contract, including civil court actions for damages, shall be the responsibility of the

grant recipient and the authorizing agency. The State of California and ABC disclaim responsibility for any such liability.

BE IT FURTHER RESOLVED that grant funds received hereunder shall not be used to supplant expenditures controlled by this body.

BE IT FURTHER RESOLVED that this award is not subject to local hiring freezes.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

## Sewer Rate Alternatives – Policy Issues

TO: Rich Ulm, City Engineer  
Greg Baird, Deputy Finance Dir.

Jennifer McHenry, City  
Attorney's Office

COPY: Joan Cox, Harris & Assoc.

FROM: Greg Clumpner, Foresight Consulting

DATE: July 11, 2005

### EXECUTIVE SUMMARY AND RECOMMENDATIONS

After reviewing a number of alternatives for both rate structures and alternative cost-of-service methodologies, Foresight recommends the Sewer Rate Task Force consider approving the following two policy/rate alternatives in developing the City's new sewer rates:

**1. Use a Fixed-Charge Rate Structure** – Continue using a fixed-charge rate structure like the one the City is currently using. This includes:

- Flat rates for all single-family residential customers, with no distinction between metered and flat rate water customers.
- Multi-Family rates based on number of dwelling units.
- Commercial, including schools and churches, and minor industrial rates based on water consumption and the strength characteristics (flow, BOD and TSS) typical of businesses in each of the City's non-residential classes (Sewer Groups 1 through 4).
- Major industrial rates based on monitored and metered sewer effluent, with monthly bills calculated using the number of units and unit costs for each strength component.

For information purposes, the following table shows the number of units, annual revenue, and the customer classes included in the City's current rate structure.

<b>Summary of Sewer Units and Charges (2003)</b>				
<i>City of Modesto</i>				
<b>Billing Class</b>	<b>Units</b>		<b>Annual Charges</b>	
		<i>% of Total</i>		<i>% of Total</i>
<b>Residential</b>				
Residential	51,372	67%	\$8,507,466	38%
Multi-Family	21,817	28%	\$2,484,734	11%
Residential Subtotal	73,189	95%	\$10,992,200	49%
<b>Commercial</b>				
Sewer Group 1	2,284	3%	\$2,139,249	9%
Sewer Group 2	223	0%	\$257,867	1%
Sewer Group 3	53	0%	\$249,209	1%
Sewer Group 4	455	1%	\$916,237	4%
Sewer Only	437	1%	\$65,577	0%
Churches	36	0%	\$9,359	0%
Commercial Subtotal	3,513	5%	\$3,646,384	16%
<b>Industrial</b>	67	0%	\$7,896,903	35%
<b>TOTAL</b>	<b>76,769</b>	<b>100%</b>	<b>\$22,535,487</b>	<b>100%</b>

Note: There are three outdated classes totaling 25 units and < \$9,000 revenue not shown. These three classes will be combined into existing classes.

Although there are many alternatives the City could use to bill its sewer customers for sewer system costs, the following are the reasons we are recommending using a fixed-charge rate structure for Modesto's customers:

- It is simple and easy to understand.
- It is consistent with the City's historical rate practices and the water rate policies.<sup>1</sup>
- It is more reliable from a revenue generation standpoint than a volume-based, conservation-oriented sewer rate structure.

**2. Use a Uniform-Service Charge Approach in Cost-of-Service Rate Calculations** – The City should use this approach because it develops and applies the same flow, BOD and TSS unit costs to all customer classes. This includes:

- Cost allocations based on the measured or best available estimates of total annual flow, BOD, and TSS generated by each customer class.<sup>2</sup>
- Grouping of similar residential and non-residential customers into customer classes but recognizing strength and effluent generation differences between these groupings.
- Charging major industrial, and larger commercial customers as appropriate, based on their individually metered and monitored wastewater strengths, again applying exactly the same unit costs to industrial and all other customer classes.
- Treating all customers as part of the same service area and as using all the system facilities in that all customers do actually use, and have paid for, all collection, treatment and disposal facilities. Therefore, all customers should share in the future regulatory risks and costs of necessary capital improvements based on their proportional use of the system.

The following are the primary reasons we are recommending using this uniform-service charge approach in developing the City's sewer rates:

- It applies exactly the same unit costs for flow, BOD, and TSS to all customers and customer classes<sup>3</sup> and, therefore, is consistent with Prop 218 requirements and cost-of-service principles.
- It is consistent with the City's historical cost allocation practices.
- It protects all customers from the risk of changing regulations and capital improvements that could otherwise have dramatic impacts on any one customer class under a non-uniform cost-of-service approach.

These alternatives and recommendations have been discussed in depth with the Sewer Rate Task Force, including a review of a number of technical issues such as the availability of data, the City's historical rate and cost allocation practices, historical investments by various customer classes, possible changes and rate impacts that might occur in a changing regulatory environment, and legal implications related to compliance with Prop 218.

---

<sup>1</sup> While we note that City's new water rate structure makes a distinction between charges to metered and flat rate residential customers, this same approach is not supportable for sewer rates because we have no data that would indicate a difference between the amounts of effluent generated by metered versus flat rate single-family customers. We believe the reason metered residential customer use less water than flat-rate customers is due almost exclusively to landscape watering.

<sup>2</sup> See page 6 of this memo for a more detailed discussion of peak system cost allocation issues.

<sup>3</sup> The combination of unit costs and the estimated strength characteristics for each customer class are based on typical strengths recommended in the State's revenue program guidelines with minor adjustments based on actual flow and loadings received at the City's treatment facilities. That is, the "mass balance" of flow and loadings received at the WWTP will be consistent with those reflected in the sewer rates.

The remainder of this memo provides an overview of some of the rate structure alternatives and cost-of-service allocation methodologies that were reviewed and evaluated during the process of developing these recommendations.

## ***INTRODUCTION***

The Sewer Rate Task Force has recently resolved a number of policy issues related to the sewer rate study. However, the rate structure and actual cost-of-service methodology is still under discussion in terms of the “nuts-and-bolts” of the calculations.

There are two general rate alternative issues that need to be considered:

1. Rate structure alternatives, which deal with the type of charges used to calculate monthly sewer bills for each customer class
2. Cost-of-service alternatives, which are independent of the rate structure and deal with the methodology of how costs are allocated to wastewater customers and treatment parameters (flow, BOD, and TSS)

## ***RATE STRUCTURE ALTERNATIVES***

**Two Primary Rate Structure Alternatives** – Of the many types of rate structures the City could consider, the two relevant rate structure alternatives are:

- **Volume-Based Charges** – which reflect water consumption records of individual customers and are typically combined with a fixed monthly charge.
- **Fixed Charges** – which are based on typical or average levels of effluent generation and strength for various customer classes. Fixed charges do not vary by customer within each customer class nor do they reflect water consumption differences of individual customers.

**Background** – Most California agencies charge residential customers a fixed rate for wastewater collection, treatment, and disposal services instead of rates based on the volume of water used. According to the California Water Resources Control Board, more than 77 percent of California agencies charge fixed rates for sewer services to residential customers. However, many city systems serving large populations tend to charge sewer service rates based on volume. Of the six largest California jurisdictions, the cities of Sacramento and San Jose charge a fixed rate while the cities of Los Angeles, San Diego, San Francisco, and Oakland use a volume-based sewer service charge.

Historically, utilities began charging for services without the benefit of metering water volume, and therefore, utilities had no choice but to charge a fixed rate or fee for water and sewer services. Additionally, agencies that don't provide both water and sewer services typically don't have direct access to water volume data. Therefore, it is much easier for them to charge fixed rates for sewer services rather than volume-based rates.

Fixed rate and volume-based rate structures each have advantages and disadvantages, are intended to achieve different goals and objectives, and represent different rate structures. In general, fixed rates are based on average water use and effluent strengths or equivalent dwelling units and are simple in design, easy to understand, and generate more stable revenues. Because revenues are based on either the averages or the number of dwelling

units (i.e., a typical single family residence) rather than volume, reductions in volume due to water conservation, weather, or other causes do not reduce sewer utility revenues.

In contrast, volume-based rates contribute to, and in fact are typically designed with the intent of encouraging customers to use less water. Customer decisions about their water consumption are based primarily on the individual's habits, economic status, and hard-scape water needs (e.g., lawn area, number of showers, toilets, etc.). However, volume-based sewer charges would mean that Modesto residents would have volume-based charges for both water and sewer. As a result, water consumption would be the dominant factor in the size of the customer's combined water and sewer service bill.

## 1. Fixed Charge Rate Structures

Although fixed-charge residential rates can be set in a number of ways, including block rates and combined water and sewer bills, the most logical and most commonly used approach is to use the average water consumption. This average consumption can factor in the estimated effluent factor and/or be based on the average winter usage.

The data for the typical flow for a single family residence in Modesto needs to be updated as a part of the sewer rate analysis. However, the water consumption data used for the water rates adopted last fall indicated that flat-rate (unmetered) water customers used approximately 17% more than metered customers. Possibly the more important question in developing sewer rates for Modesto is how the winter consumption for flat-rate and metered residential customers compares. If the more recent data indicates the relative levels of effluent generated by flat-rate and metered customers is quite different, that would suggest the City should consider assessing a different fixed charge sewer rate to flat and metered customers.

Since sewer system costs are typically largely made up of fixed costs, using fixed charges and average costs has the advantage of providing a more reliable (less variable) revenue source. The down-side is that customers who use very little water may complain that they are paying as much as customers that consume large amounts of water, such as larger houses with many occupants.

## 2. Volume-Based Rate Structures

**Alternative Volume-based Rate Structures for Residential Customers** – Volume-based charges for residential customers can be structured several different ways. Most jurisdictions group residential customers into one rate class, assuming that the wastewater strength, biological oxygen (BOD), and total suspended solids (TSS) do not vary significantly among residential customers.

Volume-based sewer service charges are generally set as a charge per hundred cubic feet (hcf), or one unit, of water consumed. Agencies can apply these sewer service charges as a uniform volume rate or as a block rate. Although block rates is a commonly used methodology for water rates, it is quite uncommon for sewer rates and therefore is probably not a reasonable rate alternative for Modesto.

Although residential customer charges are based on estimated wastewater strengths, large industrial and food processing customers who have their effluent individually metered and monitored for strength characteristics are charged separately for each constituent (flow, BOD and TSS).

**The Use of Effluent Factors** – Because not all water used by a customer is discharged to the sewer system, volume-based sewer service charges often incorporate an "effluent factor" that estimates the percentage of the metered water volume that is returned to the sewer system. The volume-based sewer charge is per hcf of water consumption but includes (i.e., accounts for) the effluent factor. For example, if a single-family residential customer has an effluent factor of .80, this assumes that 80% of every unit of water used by the customer is returned to the sewer system. Since different customer classes have different effluent factors, these differences are built in to the volume-based charge for each customer class.

According to a recent Black & Veatch Wastewater Rate Study for the City of San Francisco, most California agencies use a flow factor of 60 to 70 percent, although the Los Angeles flow factors range from 80 percent in dry winters to 92 percent in wet winters.

**Winter Water Use as the Basis for Sewer Charges** – Many California agencies that use a volume-based sewer rate base their residential charges on water consumption during the winter months when outdoor irrigation is at a minimum and, therefore, the highest percentage of the water is returned to the sewers. Winter is typically defined as the lowest three or four months of water consumption. The use of winter consumption is typically restricted to residential customers, while non-residential customers that discharge larger volumes of wastewater and/or higher levels of pollutants are billed based on either their metered effluent flow and strength, average flow and strengths for their customer class, or by a multiplier of the typical (average) equivalent dwelling units.

### 3. Other Rate Structure Considerations

**Conservation Issues in Redesigning Sewer Rates** – Using a volume-based sewer rate structure to meet water conservation goals has two problems. First, a consumer's use of sewer services generally hinges on their decision to use potable water, and they otherwise do not control the amount of effluent they generate. Because of this, the water rate structure is a more direct mechanism to meet water conservation goals than the sewer rate structure.

Second, because sewer service systems have high fixed costs, short-run decreases in water consumption result in a shortfall in the required revenues. In the long-run, decreases in effluent volume spreads fixed costs over fewer units of flow, resulting in a higher cost per unit of service (though the same may not be true for BOD and TSS). Therefore, customers who reduce water use also reduce wastewater volume, with the result that the cost per unit of sewer flow increases. After this adjustment, customers often realize there is little or no actual decrease in their sewer bill.

**Using Base Rates to Cover Fixed Costs** – Agencies that base sewer service charges on the volume of water used often apply a base rate or fixed monthly charge in addition to the volume rate. The fixed charge is often intended to recover customer service and administrative costs. Fixed charges can include:

- A minimum volume of water consumption, typically set well below the average residential consumption level
- Minimal administrative and overhead charges in order to not penalize low-volume customers and to emphasize the water-conservation aspect of the rate structure

## ***COST-OF-SERVICE ALTERNATIVES***

There are a number of cost-of-service variations that should be considered, each of which could be used in combination with either a volume-based or fixed-charge rate structure:

**Uniform Service Approach** – Under this approach, all customers are considered a part of the entire sewer collection-treatment-disposal system as opposed to treating individual customer classes as if they were the exclusive customers of any specific system components. For example, the Sewer Rate Task Force has discussed whether the cannery seg customers should be considered the sole customers of the City's 6.5-mile long outfall line and the Jennings Road Treatment Facility. The conclusion was that (1) they are not the sole users of these facilities, and (2) these facilities have been jointly funded by all system customers, not just the cannery seg customers. This is a strong argument for using a uniform service approach rather than separating out, and treating individual customer classes differently.

Additionally, the uniform service approach is consistent with the City's water rate policies and would avoid several problems that would occur if each system component was allocated to each customer class. For example, a uniform service approach does not factor in seasonal peak demands of different customer class, which would be a significant change from the City's historical rate practices.

**Non-Uniform System Approach** – In contrast to the uniform service approach, a non-uniform system approach could treat cannery seg customers as if they were the exclusive users of the City's 6.5-mile long outfall line and the Jennings Road Treatment Facility. This approach could also allocate cannery seg customers smaller or a zero percent share of costs for other facilities such as the primary treatment plant.

As the Sewer Rate Task Force has discussed, this may appear to offer short-term advantages to wet industry or other customers. Unfortunately, it also exposes those customers to some substantial risks, including major rate increases should one or more of the larger customers withdraw from the system or if the SWQCB significantly increases the permit requirements related to land-application or adopts other more stringent discharge requirements.

**Peak System Cost Allocation** – "Peak design" factors can be an important factor in how capital costs are allocated. Customers like food processors often generate significant amounts of effluent only during the summer months, and nothing the rest of the year. Conversely, there is also a considerable peak in flow caused by the inflow and infiltration of rain water into the system. This could be attributed largely to the residential classes by virtue of their relatively large area. Peaking factor can have a significant impact on how the system is sized (designed) to handle those peaks. Currently, the City uses an allocation methodology that treats all customer classes equally, without regard to peaking factors.

Full consideration of those peaking factors could result in higher sewer charges for customers with high peaking factors, such as wet industry customers. Higher charges to high-peak customers would also reduce the total amount paid by customer classes with minimal peak uses, such as commercial customers. When cities adopt cost-of-service goals and objectives, the use of peaking factors must be balanced against those overall goals and objectives. AWWA rate methodologies do not mandate the inclusion of peaking factors, although AWWA does recognize it as a valid factor in setting rates.

## ***PROP 218 COMPLIANCE***

Proposition 218 (Prop 218), generally known as the "the right to vote on new taxes" law, requires that any fee imposed as an incident of property ownership shall not "...exceed the proportional cost of the service attributable to the parcel." Municipal sewer utilities, such as the City of Modesto, have the choice of either taking a legally conservative approach to this law by assuming it applies to any changes in its sewer rates, or assuming it does not apply. The City

has approached the recent changes to the water rates by assuming Prop 218 does apply, or at least decided to comply with Prop 218 requirement whether or not they apply, and that this law furthermore includes a prohibition against any water (or sewer) utility customer or customer class subsidizing any other customer(s) or customer class.

To address the concern about possible cross-class subsidies, the sewer rate methodology the City chooses to use will need to conform to commonly accepted industry rate-making practices by providing cost-of-service based rates for each customer class. This includes the AWWA and State revenue program guidelines discussed below.

## **RATE METHODOLOGIES: AWWA AND STATE REVENUE PROGRAM GUIDELINES**

**American Water Works Association (AWWA)** – The AWWA Rate Manual (M1) presents a few key principles that are relevant to the sewer rate study, and which were included in the final report for the water rate study adopted by the City last fall:

*A water rate structure is a fee or schedule of fees designed, among other things, to recover the utility's costs. The design, however, is a function of many diverse and sometimes competing objectives. A properly selected rate structure should support and optimize a blend of various utility objectives and should work as a public information tool in communicating these objectives to customers.*

*No one rate structure meets all utility objectives equally, and not all objectives are valued the same by the utility or its customers. Rate objectives common to many utilities and their customers include*

- Yielding necessary revenue in a stable and predictable manner*
- Minimizing unexpected changes to customer bills*
- Discouraging wasteful use and promoting justified uses*
- Promoting fairness and equity*
- Maintaining simplicity, certainty, convenience, feasibility, and freedom from controversy*

*Recognizing and recovering the costs associated within different types of demand from appropriate customer classes avoids subsidies among customer classes and minimizes potential subsidies within customer classes<sup>4</sup>.*

AWWA also considers uniform (fixed rate) charges to be simple, generally perceived as equitable because all rate payers pay the same price for each unit of use, and as providing relatively stable revenues.

In view of these general rate principles, a fixed-charge sewer rate structure appears to be consistent with AWWA methodologies and principles.

**State Revenue Program Guidelines** – The State provides a general rate methodology that has historically been applied to almost all municipal wastewater treatment systems. This was because almost every treatment plant received Federal Clean Water Grant funding when they were constructed, upgraded or expanded. However, most plants have long since retired those obligations and now rely on non-Federal sources of funding.

---

<sup>4</sup> Manual of Water Supply Practices (M1), Principles of Water Rates, Fees, and Charges, published by the American Water Works Association (AWWA), Chapter 9.

As the local funding agency for the Clean Water program, the State Water Resources Control Board has historically had an oversight role in reviewing and approving revenue programs. As long as the programs submitted to the State were generally compliant with State guidelines, the State would approve those rate structures and revenue programs. "Generally compliant" typically meant there were no overt subsidies of one customer class over another, sewer revenues were being used to support the O&M and capital requirements of the sewer enterprise (and not the city's general fund), and cost allocations, particularly for capital facilities, were fairly consistent with the "guidelines" the state provided.

Most revenue programs today are no longer even submitted to the State for review unless the City is applying for State Revolving Fund Loan proceeds or has outstanding Clean Water Grant funding. Because of this, the State's guidelines are not a significant concern with respect to how Modesto's sewer rate program is developed. However, the details of the cost allocations and rate structure will be consistent enough so that the State would not have a concern if the revenue program was submitted for their review.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-413**

**A RESOLUTION APPROVING THE SOLICITATION OF BIDS TO REMOVE  
TWO STRUCTURES LOCATED AT 2500 SYLVAN AVENUE FOR THE  
SYLVAN AVENUE WIDENING ROADWAY PROJECT**

WHEREAS, Council Resolution No. 2004-451 adopted the 2004/2005 Capital Improvement Program, and

WHEREAS, the 2004/2005 Capital Improvement Program included a project titled, "Sylvan – South Side Symphony Park," and

WHEREAS, two existing structures need to be removed or demolished prior to the roadway widening, and

WHEREAS, the City recently purchased both structures, and

WHEREAS, the City estimates that moving the structures would be less expensive than demolition, and

WHEREAS, staff requests authority to formally solicit bids for the removal of both structures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the solicitation of bids to remove two structures located at 2500 Sylvan Avenue for the Sylvan Avenue Widening Roadway project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-414**

**A RESOLUTION AMENDING THE SYLVAN – SOUTH SIDE SYMPHONY  
PARK BUDGET BY \$540,000 FROM CFD RESERVES TO FULLY FUND THE  
SYLVAN AVENUE ROADWAY WIDENING PROJECT**

WHEREAS, Council Resolution No. 2004-451 adopted the 2004/2005 Capital Improvement Program, and

WHEREAS, the 2004/2005 Capital Improvement Program included a project titled “Sylvan – South Side Symphony Park,” and

WHEREAS, two existing structures need to be removed or demolished prior to the roadway widening, and

WHEREAS, the City recently purchased both structures, and

WHEREAS, concurrent with this resolution, by Resolution No. 2005-413, Council authorized staff to formally solicit bids for the removal of both structures, and

WHEREAS, once the structures are removed the City will solicit formal bids to widen the south side of Sylvan Avenue, and

WHEREAS, a budget adjustment of \$540,000 from CFD Reserves is needed to fully fund the Sylvan Avenue Roadway Widening project, and

WHEREAS, when the State of California releases \$285,000 held in Escrow, the funds will backfill CFD Reserves,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves funding transfers as set forth herein to allow for structure removal and to fully fund the Sylvan – South Side Symphony Park project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9th day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

MICHAEL D. MILICH, City Attorney

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-415**

**A RESOLUTION AMENDING SECTIONS 1 AND 2 OF RESOLUTION NO. 2003-624  
ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR  
PLANNED DEVELOPMENT ZONE, P-D(563). (PRATT)" (SIMVOULAKIS)**

WHEREAS, the Modesto City Council, by Ordinance No. 3337-C.S., which was introduced on November 25, 2003, finally adopted on December 11, 2003, and which became effective on January 10, 2004, granted Planned Development Zone, P-D(563), to allow a two-story professional office building, property located on the east corner of 16<sup>th</sup> and G streets, and

WHEREAS, City Council Resolution No. 2003-624 adopted by the City Council on November 25, 2003, approved the development plan for Planned Development Zone, P-D(563), and contained the conditions of approval thereof, and

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(563), was filed by George Simvoulakis on March 11, 2005, to allow the office building to be developed as a condominium, and

WHEREAS, after a public hearing held on June 20, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2005-31, that an amendment to P-D(563) as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed office condominium development is consistent with the expanding commercial core of downtown Modesto.
2. The proposed office development is consistent with the current General Plan land use designation for the site.

3. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041).
4. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
5. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
6. There are no specific features unique to this project that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply Citywide, including this project as appropriate.

WHEREAS, said matter was set for a public hearing of the City Council on August 9, 2005, at 5:30 p.m., the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of George Simvoulakis for an amendment to Planned Development Zone, P-D(563) to allow for an office condominium should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2005-31 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3393-C.S. on August 9, 2005, amending Section 2 of Ordinance No. 3337-C.S. to allow for an office condominium including uses allowed in the Professional Office, P-O Zone.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Section 1 and 2 of Modesto City Council Resolution No. 2003-624 entitled "A Resolution Approving a Development Plan for Planned Development Zone, P-D(563). (Pratt)" are hereby amended to read as follows:

“SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(563), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and elevations titled “Commercial Office Building 16<sup>th</sup> and G Streets” as amended in red, stamped approved by the City Council.
2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhoods Director. Provision shall be made for the installation and maintenance of one deciduous shade-giving tree for every eight parking stalls, evenly distributed. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
3. Prior to the issuance of Certificate of Occupancy, landscaping and the irrigation system shall be installed in accordance with the approved plan.
4. Prior to the issuance of Certificate of Occupancy, a six-foot-high, solid double-sided alternating-board fence with decorative masonry pilasters at 16-foot on centers shall be constructed along the southeast property line.
5. All landscaping, fences, and walls shall be maintained in accordance with the approved plan and the premises shall be kept free of weeds, trash, and other debris.
6. Prior to occupancy of any building, irrigation, electrical, gas and domestic water lines shall be removed, relocated, or protected as required by the City Engineer or designee and/or the utility companies, and easements for utility lines to remain shall be dedicated.
7. Street improvements consistent to Standard Specifications shall be provided prior to the occupancy of any structures or when requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area.
8. Prior to issuance of a building permit, improvement plans for required improvements, including, but not limited to, improving the alley access to/from G Street to the City’s Standard for a commercial drop-curb type, shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.

9. All existing street and property monuments within or abutting this project site shall be preserved. If, during construction of on-site or off-site improvements, monuments are damaged or destroyed, the applicant/developer shall retain a qualified licensed land surveyor or civil engineer to reset those monuments per City Standards and file the necessary information with the County Recorder's Office as required by AB1414.
10. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building Inspection all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.
11. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, shall be dedicated along all street frontages as required by the City Engineer or designee.
12. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Public Works Director; or designee to provide on-site treatment of stormwater in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
13. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.
14. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.
15. All signs shall comply with the sign requirements of the P-O Zone.

16. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director.
17. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this parcel map shall be based on the rates in effect at time of issuance of the building permit.
18. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee.”

“SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(563):

The entire construction program be accomplished in one phase, construction to begin on or before June 20, 2008 and completion to be not later than June 20, 2009.”

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance amending Planned Development Zone, P-D(563), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-416**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING PLANNED DEVELOPMENT ZONE, P-D(563), TO ALLOW AN OFFICE CONDOMINIUM, PROPERTY LOCATED ON THE EAST CORNER OF 16<sup>TH</sup> AND G STREETS (SIMVOULAKIS)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, on November 25, 2003, by Ordinance No. 3337 C.S., the City Council report for P-D(480) to P-D(563) for a two-story downtown professional; office building and surface parking on the east corner of 16<sup>th</sup> and G Streets, and

WHEREAS, George Simvoulakis has proposed that the P-D(563) Zone be amended to rezone from Planned Development Zone, P-D(480), to Planned Development Zone, P-D(563), in the City of Modesto (“the project”) to allow the approved office building to be developed as an office condominium, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2003-82 reviewed the proposed

P-D(563) project to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on July 20, 2005, the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on August 9, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the P-D(563) project, a copy of which is attached hereto as Exhibit “A”, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041).
2. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
3. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.

4. There are no specific features unique to this project that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply Citywide, including this project as appropriate.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour  
NOES: Councilmembers: None

**EXHIBIT A**  
**Initial Study**  
**EA/C&ED 2003-82**

City of Modesto  
Initial Study

**P-D –16<sup>th</sup> Street Office**  
**EA/C&ED 2003-82**  
September 18, 2003

**I. PURPOSE**

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

**II. PROJECT DESCRIPTION**

- A. Project title:  
P-D – 16<sup>th</sup> Street Office
- B. Lead agency name and address:  
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:  
Josh Bridegroom, Community and Economic Development Department, (209) 571-5540
- D. Project Location:  
East corner of 16<sup>th</sup> and G Streets.
- E. Project Sponsor:  
Mike Pratt, 1720 G Street, Modesto California 95354
- F. General Plan Designation:  
Redevelopment Planning District
- G. Current Zoning:  
P-D(480)
- H. Description of Proposed Project:  
This is an application to rezone P-D(480) to Planned Development to allow for the development of a 22,726-square-foot, two-story office building. The project is proposed to gain access to 16<sup>th</sup> Street via a new drive approach at the south corner of the property and access to G Street via the existing alley at the north corner of the property. The applicant is proposing 40 parking stalls in conjunction with this development.
- I. Surrounding land uses:

The project is surrounded by 16<sup>th</sup> Street to the northwest, a commercial parking lot, multi-family residence and vacant lot to the northeast, a single-family residence to the southeast, and G Street to the southwest.

- J. Other public agencies whose approval is required:  
None

### **III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR**

There are eighteen subject areas in the Master EIR for the General Plan. Following is an analysis of how this project conforms with the analysis contained within the Master EIR.

#### **A. Traffic and Circulation**

The General Plan designates the project site as redevelopment planning district. The project is consistent with this designation in land use and intensity. However, the number of parking spaces proposed is five fewer than what is required by City Standards. This was determined to have a less than significant impact on traffic and circulation, as the overall traffic volume generated by this project is still consistent with the assumptions in the MEIR. Therefore, there would be no change needed in the Traffic and Circulation section of the EIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages V-1-1 through V-1-33) are still valid.

#### **B. Degradation of Air Quality**

The air quality impacts for this project are directly related to the traffic impacts. Since the traffic impacts are less than significant, there would be no change needed in the Degradation of Air Quality section of the EIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages V-2-1 through IV-2-26) are therefore still valid.

#### **C. Generation of Noise**

The General Plan MEIR assumed that there would be further development and thus, noise generation within the Baseline Developed Area. This project will not generate noise greater than what was anticipated by the EIR, in that it is in an area that was anticipated to transition into high-intensity office and commercial uses. Therefore, the Mitigation Measures listed in the MEIR for Generation of Noise (pages V-3-1 through V-3-22) are still valid.

#### **D. Loss of Productive Agricultural Land**

This area is located in an urbanized portion of Modesto, and there are no agricultural lands affected by this project. The Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages V-4-1 through IV-4-12) are still valid.

#### **E. Increased Demand for Water Supplies**

The General Plan MEIR assumed that there would be further development and thus, increased demand for Water Supplies within the Baseline Developed Area. The proposed

office complex is consistent with the General Plan designation for the site in both land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages V-5-1 through IV-5-13) are still valid.

**F. Increased Demand for Sanitary Sewer Services**

The project is consistent with the General Plan Designation for the site in land use and intensity and will therefore not increase demand for sanitary sewer service beyond that projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages V-6-1 through V-6-12) are still valid.

**G. Loss of Sensitive Wildlife and Plant Habitat**

The project is located in a built-up urban area and is not located in a Potential Biological Resource Study Area, as presented in Figure V-7-1 of the MEIR. Therefore, the project will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. Therefore, the Existing Conditions, Impact Analysis, and the Mitigation Measures listed in this section of the MEIR (pages V-7-1 through V-7-29) are still valid.

**H. Disturbance of Archaeological and Historic Sites**

This project will not disturb any archaeological or historic sites that have been identified in the Disturbance of Archaeological or Historical Sites section of the 1995 MEIR, as sited in the 2003 MEIR. Figure 8-1 of the 1995 MEIR, as sited in the 2003 MEIR, indicates that the area where the project is proposed, 16<sup>th</sup> and G Streets, is also outside the Archaeological Resource Study Area, which shows areas that may require additional site-specific investigations. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages V-8-1 through V-8-22) are still valid.

**I. Increased Demand for Storm Drainage**

The General Plan MEIR assumed that there would be further development and thus, increased demand for Storm Drainage within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site, and the project complies with the adopted storm drainage policies from the various agencies listed in the MEIR. For example, the project will provide on-site treatment of storm water in accordance with the City's guidance manual for new development stormwater quality control measures. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Increased Demand for Storm Drainage (pages V-9-1 through V-9-13) are still valid.

**J. Flooding and Water Quality**

The General Plan designates the project site as redevelopment planning district. The project is consistent with this designation in land use and intensity and will therefore not generate drainage, flooding or water quality problems greater than projected by the MEIR. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages V-10-1 through V-10-16) are still valid.

**K. Increased Demand for Parks and Open Space**

The General Plan MEIR assumed that there would be further development and thus, increased demand for Parks and Open Space within the Baseline Developed Area. The proposed two story office building is consistent with the General Plan in terms of land use and intensity. In addition, the proposed office is relatively high in density, thereby promoting the reservation of open space. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages V-11-1 through V-11-14) are still valid.

**L. Increased Demand for Schools**

This project, being non-residential, would not generate any additional demand for schools. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages V-12-1 through V-12-11) are still valid.

**M. Increased Demand for Police Services**

The General Plan MEIR assumed that there would be further development and thus, increased demand for police services within the Baseline Developed Area. The proposed office building is consistent with the General Plan with regard to land use and intensity. Furthermore, office buildings generally do not generate very much demand for police services. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages V-13-1 through V-13-7) are still valid.

**N. Increased Demand for Fire Services**

The General Plan MEIR assumed that there would be further development and thus, increased demand for fire services within the Baseline Developed Area. The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Fire Services to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages V-14-1 through V-14-9) are still valid.

**O. Generation of Solid Waste**

The General Plan MEIR assumed that there would be further development and thus, increased generation of solid waste within the Baseline Developed Area. This project is consistent in land use and intensity with the General Plan designation for the site. Furthermore, the site plan for the proposed office project was referred to the appropriate waste management company and they did not express any concerns with the proposal. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages V-15-1 through V-15-10) are still valid.

**P. Generation of Hazardous Materials**

The General Plan MEIR assumed that there would be further development and thus, increased generation of hazardous materials within the Baseline Developed Area. This two story office project is consistent in land use and intensity with the General Plan designation for the site. Furthermore, general offices typically do not generate much hazardous material. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages

V-16-1 through V-16-15) are still valid.

**Q. Landslides and Seismic Activity**

This proposed office development will result in no additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR, in that it is consistent with the general plan designation for the site. The Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity (pages V-17-1 through V-17-12) are therefore still valid.

**R. Energy**

The MEIR concludes that adopted policies in the City of Modesto and County of Stanislaus would reduce the impact of new projects on Energy to a less than significant level. The proposed office building at 16<sup>th</sup> and G Streets is consistent with the general plan designation for the site. Therefore, the Existing Conditions, Impacts Analysis and the Mitigation Measures listed in the MEIR for Energy (pages V-18-1 through IV-18-7) are still valid.

**IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS**

- A. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041).
- B. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
- D. There are not specific features unique to this project that require project specific mitigation measures. All certified mitigation measures identified in the MEIR will apply city wide, including this project as appropriate.
- E. This Initial Study provides substantial evidence to support findings A, B, C, and D above.

Assistant Planner

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-417**

**A RESOLUTION ESTABLISHING A USER FEE FOR THE TENNIS COURT  
LIGHTING SYSTEM LOCATED AT DOWNEY PARK**

WHEREAS, staff from the Parks, Recreation and Neighborhoods Department has installed a SkyLogix lighting system for tennis court lighting at Downey Park, and

WHEREAS, the use of the lighting system has been determined to cost \$5.00 per hour, per set of tennis courts, and

WHEREAS, the Finance Committee met on June 27, 2005, and supported the request for a user fee, and

WHEREAS, said matter was set for a public hearing of the City Council to be held at 5:30 p.m. on August 9, 2005 in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto California, and

WHEREAS, on said date and time said duly noticed public hearing of the City Council was held for the purpose of receiving public comment on the proposed user fees for the tennis court lighting system located at Downey Park,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. FEE. An hourly user fee for the tennis court lighting system located at Downey Park is established at \$5.00 per hour.

SECTION 2. EFFECTIVE DATE. The fee established by this resolution shall become effective on or after September 1, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-421**

**A RESOLUTION DECLARING THE CITY COUNCIL'S INTENTION TO ESTABLISH  
CITY OF MODESTO COMMUNITY FACILITIES NO. 2005-1 (HETCH HETCHY)  
AND TO AUTHORIZE THE LEVY OF A SPECIAL TAX WITHIN SAID COMMUNITY  
FACILITIES DISTRICT**

WHEREAS, Shelter Cove Community Church, Inc., (the "Owner"), the owner of not less than 10 percent of the area of land depicted on the map of the proposed community facilities district referred to below on file with the City Clerk (the "Property"), has filed a written petition with the City of Modesto (the "City") to establish the City of Modesto Community Facilities No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, commencing with Section 53311 of the Government Code of the State of California (the "Act") in order to finance (i) the cost of purchasing, constructing, expanding, improving or rehabilitating the facilities listed in Appendix A hereto, and all appurtenances and appurtenant work associated therewith (collectively the "Facilities") and (ii) the incidental expenses to be incurred in connection with financing the Facilities, including costs associated with the creation of the Community Facilities District and the issuance of bonds, the establishment and replenishment of bond reserve and special reserve funds (the "Incidental Expenses") and to pay the cost of the services listed in Appendix A hereto (the "Services"); and

WHEREAS, the Owner has heretofore submitted to the City an application to form the Community Facilities District and has advanced to the City the deposit required pursuant to the City's Policies & Procedures for the Formation, Annexation, and Administration of

Communities Facilities Districts Created Pursuant to the Provisions of the Mello-Roos Community Facilities Act of 1982 (the “City’s CFD Policies and Procedures”); and

WHEREAS, the petition submitted by the Owner complies with the requirements of Section 53319 of the Act and the City’s CFD Policies and Procedures; and

WHEREAS, subject to the satisfaction of all applicable requirements of law, it is the intention of this City Council to finance the Facilities and the Incidental Expenses and to pay for the Services through the formation of the Community Facilities District and the levy of a special tax and (in the case of the Facilities and the Incidental Expenses) the issuance of bonds, provided that the levy of the special tax and the issuance of the bonds are approved at an election to be held within the boundaries of the Community Facilities District;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. The Community Facilities District is proposed to be established under the terms of the Act. It is further proposed that the boundaries of the Community Facilities District shall be as depicted on the map of the proposed Community Facilities District which is on file with the City Clerk. The City Clerk is hereby directed to sign the original map of the Community Facilities District and record it with all proper endorsements thereon with the County Recorder of the County of Stanislaus within fifteen days after the adoption of this resolution, all as required by Section 3111 of the Streets and Highways Code of the State of California.

SECTION 3. The name of the proposed Community Facilities District shall be “City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy).”

SECTION 4. The Facilities and Services proposed to be provided within the Community Facilities District are each facilities or services, as the case may be, which the City is authorized by law to construct, acquire, own and operate, or to provide. This City Council hereby finds and determines that the descriptions of the Facilities and the Services contained herein is sufficiently informative to allow taxpayers within the proposed Community Facilities District to understand what the funds of the Community Facilities District may be used to pay for. The Incidental Expenses expected to be incurred include the cost of planning and designing the Facilities, the costs of forming the Community Facilities District and levying and collecting a special tax within the Community Facilities District.

SECTION 5. Except where funds are otherwise available, it is the intention of this City Council to levy annually in accordance with the procedures contained in the Act a special tax, secured by recordation of a continuing lien against all non-exempt real property in the Community Facilities District, sufficient to pay for: (i) the Facilities, the Incidental Expenses and the Services and (ii) the principal of and interest on and other periodic costs with respect to the bonds issued to finance the Facilities and the Incidental Expenses, including the establishment and replenishment of any reserve funds deemed necessary by the Community Facilities District and any remarketing, credit enhancement and liquidity facility fees (including such fees for instruments which serve as the basis of a reserve fund in lieu of cash) in connection with the bonds. The Facilities may be financed on a direct payment basis or through the issuance of the bonds. The rate, method of apportionment and manner of collection of the special tax are described in detail in Appendix B attached hereto and incorporated herein as though set forth at

length (the "Rate and Method"). Appendix B allows each landowner and resident, if any, within the Community Facilities District to estimate the maximum amount that may be levied against each parcel.

If special taxes of the Community Facilities District are levied against any parcel used for private residential purposes, (i) such tax shall not be levied or collected to pay for Facilities or Incidental Expenses after the 2060-2061 tax year and (ii) under no circumstances will such special tax be increased as a consequence of delinquency or default by the owner of any other parcel or parcels within the Community Facilities District by more than ten percent (10%).

This City Council hereby determines the Rate and Method to be reasonable. The special tax is apportioned to each parcel on the basis of its tax zone, land use and area pursuant to Section 53325.3 of the Act; and such special tax is not on or based upon the value or ownership of real property. In the event that a portion of the property within the Community Facilities District shall become for any reason exempt, wholly or partially, from the levy of the special tax, this City Council shall, on behalf of the Community Facilities District, cause the levy to be increased, subject to the limitation of the maximum special tax for a parcel as set forth in the Rate and Method, to the extent necessary upon the remaining property within the Community Facilities District which is not delinquent or exempt in order to yield the special tax revenues required for the purposes described in this Section 5.

SECTION 6. A public hearing (the "Hearing") on the establishment of the Community Facilities District and the proposed Rate and Method shall be held at 5:30 p.m., or as soon thereafter as practicable, on October 11, 2005, in the Modesto City Council Chamber, 1010 Tenth Street, Modesto, California 95353. Should this City Council determine to form the

Community Facilities District, a special election will be held to authorize the levy of the special tax in accordance with the procedures contained in Government Code Section 53326. If held, the proposed voting procedure at the election is expected to be a landowner vote with each landowner of record as of the close of the Hearing having one vote for each acre of land or portion thereof owned within the Community Facilities District. Ballots for the special election may be distributed by mail or by personal service.

SECTION 7. At the time and place set forth above for the Hearing, any interested person, including all persons owning lands or registered to vote within the proposed Community Facilities District, may appear and be heard.

SECTION 8. Each officer of the City who is or will be responsible for providing the Facilities or Services within the proposed Community Facilities District, if it is established, is hereby directed to study the proposed Community Facilities District and, at or before the time of the Hearing, file a report with this City Council containing a brief description of the Facilities or Services, as the case may be, which will in his or her opinion be required to meet adequately the needs of the proposed Community Facilities District and an estimate of the cost of providing those Facilities or Services and an estimate of the fair and reasonable cost of any Incidental Expenses to be incurred.

SECTION 9. The City may accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, for any authorized purpose, including, but not limited to, paying any cost incurred by the City in creating the Community Facilities District. The City may enter into an agreement with the person or entity advancing the funds or work-in-kind, to repay all or a portion of the funds advanced, or to reimburse the person

or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by this City Council, with or without interest.

SECTION 10. The Clerk is hereby directed to publish a notice (the "Notice") of the Hearing pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the area of the Community Facilities District. Such publication shall be completed at least seven days prior to the date of the Hearing. The Clerk is further directed to mail a copy of the Notice to each of the landowners and registered voters, if any, within the boundaries of the Community Facilities District at least 15 days prior to the Hearing. The Notice shall contain the text or a summary of this Resolution, the time and place of the Hearing, a statement that the testimony of all interested persons or taxpayers will be heard, a description of the protest rights of the registered voters and landowners in the proposed Community Facilities District and a description of the proposed voting procedure for the election required by the Act.

SECTION 11. Except to the extent limited in any bond resolution or trust indenture related to the issuance of bonds, the City Council hereby reserves to itself all rights and powers set forth in Section 53344.1 of the Act (relating to tenders in full or partial payment).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

## APPENDIX A

### LIST OF FACILITIES

#### Water System:

Water system improvements include, but are not limited to, wells, distribution pipelines, wellhead treatment systems, surface water supply pipelines, tanks, booster pumps and land acquisition. The wellhead treatment system may be financed through acquisition, construction, lease, lease-purchase, or installment-purchase arrangement. A proposed lease, lease-purchase, or installment-purchase arrangement would be for commercial terms for a period not to exceed thirty (30) years.

#### Wastewater System:

Wastewater system improvements may include, but are not limited to, distribution pipelines, land acquisition, lift station(s) and force main(s).

#### Transportation System:

Transportation system improvements include, but are not limited to, land acquisition, arterials and collector streets and round-abouts.

#### Storm Drain System:

Storm drain system improvements include, but are not limited to, land acquisition, storm drainage facilities including pump station, dual-use basin and landscaping, fencing, lift stations, force mains and gravity lines.

#### Parks:

Parks improvements may include, but are not limited to, land acquisition and the construction of a community park, neighborhood parks, landscaped medians and/or parkways.

### LIST OF SERVICES

Maintenance of parks, parkways and open space (including bike trails), storm drainage basins and related facilities and police and fire services

#### Administration:

The fees and expenses of the City in any way related to the establishment or administration of CFD No. 2005-1 and any bonds associated therewith, including, but not limited, administrative costs, contract management, accounting, supervision duties, design, engineering, construction management, inspection and other costs associated with construction or operation of the facilities.

## APPENDIX B

### CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY)

#### RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

---

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2005-1 (Hetch Hetchy) [herein "CFD No. 2005-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2005-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2005-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

#### A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

**"Acre" or "Acreage"** means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other Development Plan.

**"Act"** means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

**"Administrative Expenses"** means any or all of the following: the fees and expenses of any fiscal agent or trustee (including any fees or expenses of its counsel) employed in connection with any Bonds, and the expenses of the City carrying out its duties with respect to CFD No. 2005-1 and the Bonds, including, but not limited to, levying and collecting the Special Taxes, the fees and expenses of legal counsel, charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office, costs related to annexing property into the CFD, costs related to property owner inquiries regarding the Special Taxes, costs associated with complying with any continuing disclosure requirements for the Bonds and the Special Taxes, and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

**"Administrator"** means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Tax.

**“Annual Facilities Special Tax”** means a special tax levied in any Fiscal Year to pay the Annual Facilities Special Tax Requirement, as defined below.

**“Annual Facilities Special Tax Requirement”** means the amount necessary in any Fiscal Year to (i) pay principal and interest on Bonds, (ii) pay Administrative Expenses that have not been included in the Annual Maintenance Special Tax Requirement for the Fiscal Year, (iii) create or replenish reserve funds, (iv) cure any delinquencies in the payment of principal or interest on indebtedness of CFD No. 2005-1 which have occurred in the prior Fiscal Year or (based on delinquencies in the payment of the Annual Facilities Special Taxes which have already taken place) are expected to occur in the Fiscal Year in which the tax will be collected, and (v) construct or acquire Authorized Facilities. The amounts referred to in clauses (i) and (ii) of the preceding sentence may be reduced in any Fiscal Year by: (i) interest earnings on or surplus balances in funds and accounts for the Bonds to the extent that such earnings or balances are available to apply against debt service pursuant to a Bond indenture, Bond resolution, or other legal document that sets forth these terms; (ii) proceeds received by CFD No. 2005-1 from the collection of penalties associated with delinquent Annual Facilities Special Taxes; and (iii) any other revenues available to pay debt service on the Bonds as determined by the Administrator.

**“Annual Maintenance Special Tax”** means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

**“Annual Maintenance Special Tax Requirement”** means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses that have not been included in the Annual Facilities Special Tax Requirement for the Fiscal Year, (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year, and (iv) pay debt service on Bonds to the extent permitted in the Bond documents.

**“Assessor’s Parcel”** or **“Parcel”** means a lot or parcel shown on an Assessor’s Parcel Map with an assigned Assessor’s Parcel number.

**“Assessor’s Parcel Map”** means an official map of the County Assessor designating parcels by Assessor’s Parcel number.

**“Association Property”** means any property within CFD No. 2005-1 that is owned by a homeowner association or property owner association, including any master or sub-association. Notwithstanding the foregoing, if a homeowner association owns the land area under the pad of a residential structure, the Administrator shall determine the Acreage under the pad of the building and such Acreage shall be categorized as Single Family Attached Property or Single Family Detached Property, as appropriate, and shall not be designated as Association Property.

**“Authorized Facilities”** means those facilities that are authorized to be funded by CFD No. 2005-1.

**“Authorized Services”** means those services that are authorized to be funded by CFD No. 2005-1.

**“Bonds”** means bonds or other debt (as defined in the Act), whether in one or more series, issued, insured or assumed by CFD No. 2005-1 related to Authorized Facilities.

**“Capitalized Interest”** means funds in any capitalized interest account available to pay debt service on Bonds.

**“CFD Formation”** means the date on which the Resolution of Formation to form CFD No. 2005-1 was adopted by the City Council.

**“City”** means the City of Modesto.

**“City Council”** means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2005-1.

**“County”** means the County of Stanislaus.

**“Developed Property”** means, in any Fiscal Year, the following:

*For purposes of levying the Annual Maintenance Special Tax, “Developed Property” means:*

- for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year,
- for Single Family Attached Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year, and
- for Other Property, all Parcels for which a building permit for new construction of a building structure was issued prior to June 30 of the preceding Fiscal Year. However, if a building permit is not required for the proposed use on a Parcel of Other Property, then such Parcel shall be considered Developed Property if a grading permit was issued prior to June 30 of the preceding Fiscal Year.

*For purposes of levying the Annual Facilities Special Tax, “Developed Property” means:*

- for Single Family Detached Property, all Parcels for which a building permit for new construction of a Unit was issued prior to June 30 of the preceding Fiscal Year,
- for Single Family Attached Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year, and
- for Other Property, all Parcels for which a building permit for new construction of a building structure was issued prior to June 30 of the preceding Fiscal Year.

However, if a building permit is not required for the proposed use on a Parcel of Other Property, then such Parcel shall be considered Developed Property if a grading permit was issued prior to June 30 of the preceding Fiscal Year.

**“Development Plan”** means a condominium plan, apartment plan, site plan or other development plan that identifies such information as the type of structure, the acreage, the square footage, and/or the number of Units that will be developed on Single Family Attached Property or Other Property.

**“Final Map”** means a final map, parcel map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure.

**“Fiscal Year”** means the period starting July 1 and ending on the following June 30.

**“Improvement Area”** means a geographic area that, upon annexation into CFD No. 2005-1, is identified as an improvement area as defined in the Act instead of a Tax Zone, as defined below. Special Taxes collected within an Improvement Area will be the sole security for Bonds issued for that Improvement Area.

**“Maximum Annual Facilities Special Tax”** means the greatest amount of Annual Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum Annual Maintenance Special Tax”** means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum One-Time Facilities Special Tax”** means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum Special Taxes”** means, collectively, the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax.

**“One-Time Facilities Special Tax”** means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on Taxable Property or, for Other Property for which a building permit is not required, prior to a grading permit being issued.

**“One-Time Facilities Special Tax Requirement”** means the amount determined by the City and identified in Attachment 2 of this Rate and Method of Apportionment that is needed to pay facility costs authorized to be funded by CFD No. 2005-1, which will not be paid by the Bonds or Annual Facilities Special Tax.

**“Original Parcel”** means (i) an Assessor’s Parcel in CFD No. 2005-1 at the time of CFD Formation or added to the CFD upon annexation, as identified in Attachment 2 (which shall be updated after each annexation), (ii) a Successor Parcel that is being further subdivided for purposes of determining the Maximum Special Taxes pursuant to Section C below, or (iii) more than one Assessor’s Parcel proposed to be annexed into the CFD as part of a single annexation, the Maximum Special Taxes assigned to which will be aggregated and redistributed to land uses within such Assessor’s Parcels if such aggregation is requested by the developer processing the annexation and/or preferred at the sole discretion of the City.

**“Other Property”** means all Taxable Property that is Developed Property but is not Single Family Attached Property or Single Family Detached Property.

**“Proportionately”** means, for Developed Property, that the ratio of the actual Annual Facilities Special Tax and Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Facilities Special Tax and Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Developed Property, respectively. In addition, for Undeveloped Property, “Proportionately” means that the ratio of the actual Annual Facilities Special Tax and actual Annual Maintenance Facilities Special Tax to the Maximum Annual Facilities Special Tax and Maximum Annual Maintenance Special Tax is equal for all Assessor’s Parcels of Undeveloped Property, respectively.

**“Public Property”** means any property within the boundaries of CFD No. 2005-1 that is owned by the federal government, State of California, County, City, or other public agency.

**“Shelter Cove Community Church Property”** means that Parcel identified in Fiscal Year 2004-05 by Assessor’s Parcel number 082-005-003, owned by Shelter Cove Community Church, a California non-profit corporation, and designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Shelter Cove Community Church Property.

**“Single Family Attached Property”** means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued for construction of a residential structure consisting of two or more Units that share common walls, including such residential structures that meet the statutory definition of a condominium contained in Civil Code Section 1351.

**“Single Family Detached Lot”** means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached Unit.

**“Single Family Detached Property”** means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a Unit that does not share a common wall with another Unit.

**“Special Taxes”** means, collectively, the One-Time Facilities Special Tax, the Annual Facilities Special Tax, and the Annual Maintenance Special Tax.

**“Subdivision Map”** means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

**“Successor Parcel”** means an Assessor’s Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

**“Taxable Property”** means all of the Assessor’s Parcels within the boundaries of CFD No. 2005-1 which are not exempt from the Special Tax pursuant to law or Section G below.

**“Taxable Public Property”** means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2005-1 that, (i) based on a tentative map or other Development Plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year. However, if Parcels designated as Public Property based on a tentative map or other Development Plan are relocated, the new Public Property will again become exempt. If such relocation occurs, the Acreage previously designated as Public Property will become Taxable Property and the Acreage that becomes Public Property will not be taxed. This trading of Acres of Public Property will be permitted to the extent that there is no net loss in Maximum Special Tax revenues. When such a trade occurs, the Administrator will recalculate the Maximum Special Taxes and revise Attachment 2.

**“Tax Zone”** means a mutually exclusive geographic area, within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Tax. Attachment 1 identifies the Tax Zone in CFD No. 2005-1 at CFD Formation; additional Tax Zones may be created when property is annexed into the CFD. Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes for each Original Parcel.

**“Tax Zone #1”** means the geographic area that was identified in Fiscal Year 2004-05 by Assessor’s Parcel number 082-005-003 and is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be expanded to include additional Original Parcels that annex to CFD No. 2005-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

**“Undeveloped Property”** means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2005-1 that are not Developed Property.

**“Unit”** means (i) for Single Family Detached Property, an individual single-family detached unit, and (ii) for Single Family Attached Property, an individual residential unit within a duplex, triplex, fourplex, townhome, or condominium structure.

## **B. DATA FOR ANNUAL ADMINISTRATION**

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property. The Administrator shall also determine: (i) the Tax

Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor's Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) for Developed Property, which Parcels are Single Family Detached Property, Single Family Attached Property, and Other Property, (iv) for Parcels of Single Family Attached Property, the number of Units on each Parcel, (v) for Other Property, the Acreage of each Parcel, and (vi) the One-Time Facilities Special Tax Requirement, the Annual Facilities Special Tax Requirement, and the Maintenance Special Tax Requirement.

For Single Family Attached Property, the number of Units shall be determined by referencing the relevant Development Plan. In any Fiscal Year, if it is determined that (i) a Final Map for a portion of property in CFD No. 2005-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Final Map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Final Map.

### **C. CALCULATING MAXIMUM SPECIAL TAXES**

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2005-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2005-1 as a result of future annexations.

#### **1. Original Parcels**

The Maximum Special Taxes for each Original Parcel in CFD No. 2005-1 as of CFD Formation are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations.

#### **2. Successor Parcels**

##### **a. *All Successor Parcels are Single Family Detached Lots***

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels created by the subdivision:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Divide the Maximum Special Taxes from Step 1 by the number of Single Family Detached Lots created by the Subdivision Map to determine the Maximum Special Taxes for each Single Family Detached Lot.

**b. *No Successor Parcels are Single Family Detached Lots***

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Determine the total Acreage of Taxable Property created by subdivision of the Original Parcel;

**Step 3:** Divide the Maximum Special Taxes from Step 1 by the Acreage from Step 2 to calculate Maximum Special Taxes per acre;

**Step 4:** Multiply the per-acre Maximum Special Taxes from Step 3 by the Acreage in each Successor Parcel to calculate the Maximum Special Taxes for each Successor Parcel.

**c. *Some, But Not All, Successor Parcels are Single Family Detached Lots***

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Determine the total Acreage of Taxable Property created by subdivision of the Original Parcel;

**Step 3:** Determine the total Acreage of Single Family Detached Property created by the subdivision by taking the sum of the Acreage in the individual Single Family Detached Lots;

**Step 4:** Divide the Maximum Special Taxes from Step 1 by the Acreage calculated in Step 2 to calculate Maximum Special Taxes per acre;

- Step 5:** Multiply the per-acre Maximum Special Taxes calculated in Step 4 by the Acreage of Single Family Detached Property calculated in Step 3 to determine the total Maximum Special Taxes to be assigned to the Single Family Detached Property created by the subdivision;
- Step 6:** Divide the amount calculated in Step 5 by the number of Single Family Detached Lots created by the subdivision to determine the Maximum Special Taxes for each Single Family Detached Lot;
- Step 7:** Multiply the per-acre Maximum Special Taxes calculated in Step 4 by the Acreage of each Successor Parcel that is not Single Family Detached Property to calculate the Maximum Special Taxes for such Parcels.

*If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.*

**After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.**

**D. ESCALATION OF MAXIMUM SPECIAL TAXES**

**1. One-Time Facilities Special Tax**

Beginning in January 2007 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum One-Time Facilities Special Tax shall become effective on the subsequent July 1.

**2. Annual Facilities Special Tax**

Beginning with Fiscal Year 2007-08, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

### 3. Annual Maintenance Special Tax

Beginning in January 2007 and each January thereafter, the Maximum Annual Maintenance Special Tax shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

## E. METHOD OF LEVY OF THE SPECIAL TAX

### 1. One-Time Facilities Special Tax

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2005-1 and shall be collected as set forth in Section F below.

### 2. Annual Facilities Special Tax

Commencing with Fiscal Year 2006-07 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for that Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2005-1 as follows:

*Step 1:* The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

*Step 2:* If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

*Step 3:* If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

### **3. Annual Maintenance Special Tax**

Commencing with Fiscal Year 2006-07 and for each following Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

- Step 1:* The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;
- Step 2:* If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;
- Step 3:* If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

### **F. COLLECTION OF SPECIAL TAX**

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2005-1 (or, for Other Property for which a building permit is not required, prior to a grading permit being issued), and shall be immediately delinquent if not so paid. In the case of Shelter Cove Community Church Property, the One-Time Facilities Special Tax shall be paid at the time additional property is annexed into the CFD or when a building permit is issued for new construction of a structure on Shelter Cove Community Church Property, whichever occurs later.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2005-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring authorized facilities from Annual Facilities Special Tax proceeds have been paid, and all administrative expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-2061. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the

City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

#### **G. EXEMPTIONS**

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Taxes shall be levied on Association Property or Public Property, except Taxable Public Property, as defined herein. Special Taxes shall not be levied on Parcels that are owned by a public utility for an unmanned facility or on Parcels that are subject to an easement that precludes any other use on the Parcels. In addition, no Special Tax may be levied on Shelter Cove Community Church Property unless and until additional property is annexed into the CFD.

#### **H. PREPAYMENT OF SPECIAL TAX**

The following definitions apply to this Section H:

**“Outstanding Bonds”** means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

**“Previously Issued Bonds”** means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

**“Public Facilities Requirements”** means either \$1,740,000 in 2005 dollars, which shall increase on January 1, 2006, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such lower number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above may be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2005-1; at no time shall the added Public Facilities Requirement for that annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax revenues generated within that annexation area.

**“Remaining Facilities Costs”** means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor’s Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the “Bond Redemption Amount”*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the “Remaining Facilities Amount”*).

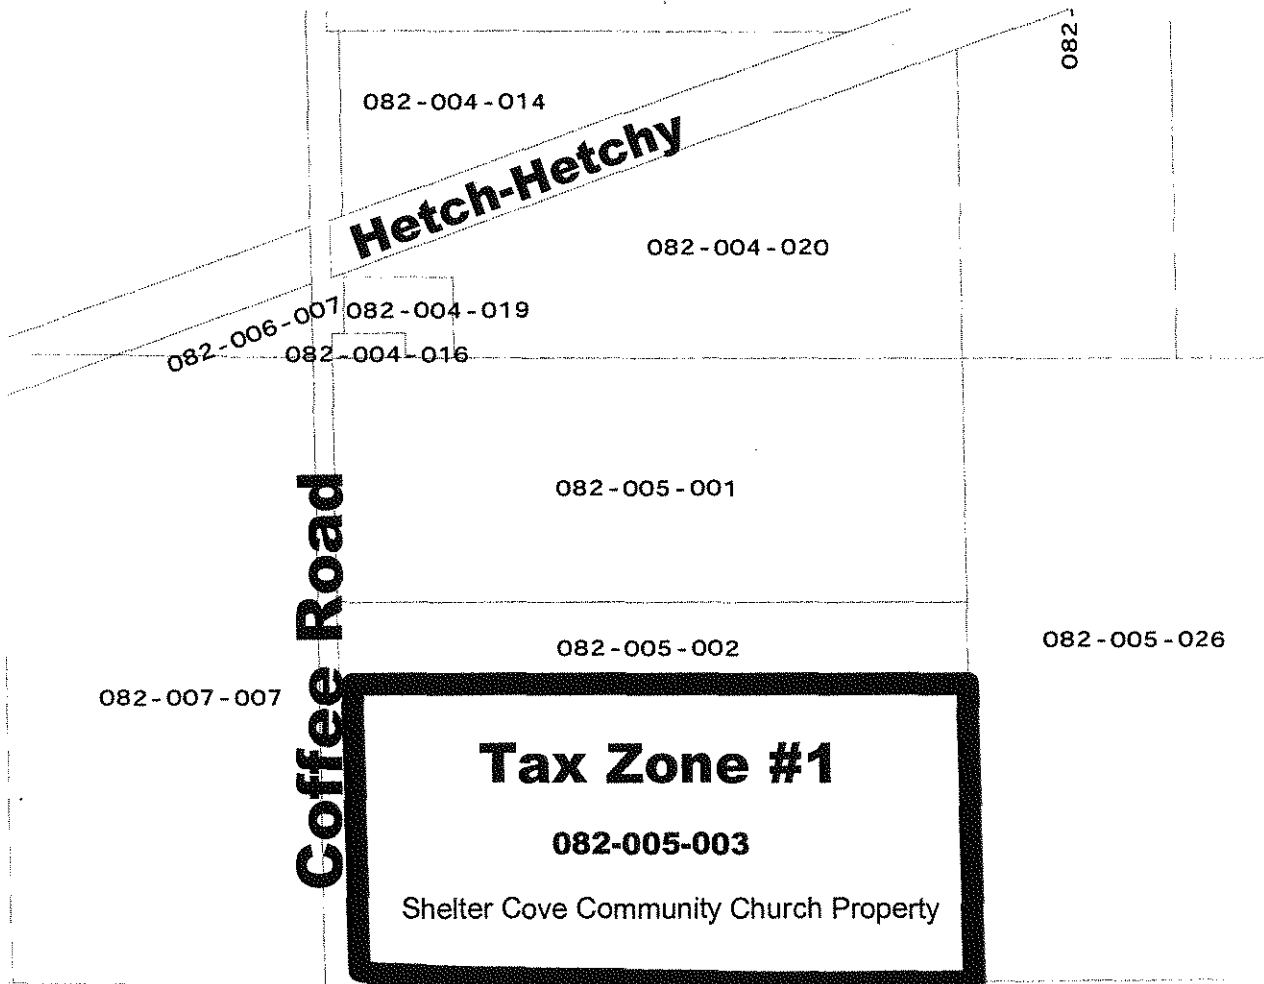

- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "*Defeasance Requirement*").
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
- Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Reserve Fund Credit*").
- Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "*Prepayment Amount*").

## **I. INTERPRETATION OF SPECIAL TAX FORMULA**

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning the Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

MAXIMUM SPECIAL TAXES ASSIGNED TO EACH  
ORIGINAL PARCEL WITHIN EACH TAX ZONE

Tax Zone	APN	Fiscal Year 2006-07 Maximum One- Time Facilities Special Tax [1]	Fiscal Year 2006-07 Maximum Annual Facilities Special Tax [2]	Fiscal Year 2006-07 Maximum Annual Maintenance Special Tax [3]
1	082-005-003	\$1,739,130	\$179,046	\$100,572

1. Beginning in January 2007 and each January thereafter, the Maximum One-Time Facilities Special Tax shall be adjusted by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum One-Time Facilities Special Tax shall become effective on the subsequent July 1.
2. Beginning in Fiscal Year 2007-08 and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax shall escalate by 2.0% of the amount in effect in the prior Fiscal Year.
3. Beginning in January 2007 and each January thereafter, the Maximum Annual Maintenance Special Tax shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-422**

**A RESOLUTION DECLARING THE CITY COUNCIL'S INTENTION TO  
INCUR BONDED INDEBTEDNESS IN THE AMOUNT NOT TO EXCEED  
\$150,000,000 WITHIN PROPOSED CITY OF MODESTO COMMUNITY  
FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY)**

WHEREAS, pursuant to a resolution adopted on the date hereof (the "Companion Resolution"), this City Council has instituted proceedings for the possible formation of the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act") in order to finance (i) the cost of purchasing, constructing, expanding, improving or rehabilitating the facilities listed in Appendix A to the Companion Resolution, and all appurtenances and appurtenant work associated with the foregoing (collectively, the "Facilities") and (ii) the incidental expenses to be incurred in connection with financing the Facilities, including costs associated with the creation of the Community Facilities District and the issuance of bonds, the establishment and replenishment of bond reserve and special reserve funds (the "Incidental Expenses") and to pay the costs of the services listed in Appendix A to the Companion Resolution (collectively, the "Services"); and

WHEREAS, this City Council estimates that the amount of bond proceeds required to finance the Facilities and Incidental Expenses is approximately \$150,000,000; and

WHEREAS, in order to finance the Facilities and Incidental Expenses, subject to the formation of the Community District and to the satisfaction of all applicable

requirements of law, this City Council intends to authorize the issuance of bonds in the maximum aggregate principal amount of \$150,000,000, the repayment of which is to be secured by special taxes levied in accordance with the Act on all property in the Community Facilities District, other than those properties exempted from taxation in the rate and method of apportionment set forth in Appendix B to the Companion Resolution;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. It is necessary to incur bonded indebtedness within the boundaries of the Community Facilities District in an amount not to exceed \$150,000,000 to finance certain of the costs of the Facilities and Incidental Expenses, as permitted by the Act.

SECTION 3. The indebtedness will be incurred for the purpose of financing the costs of the Facilities and the Incidental Expenses, including, but not limited to, the funding of reserve funds for the bonds, the financing of costs associated with the issuance of the bonds and all other costs and expenses necessary to finance the Facilities which are permitted to be financed pursuant to the Act.

SECTION 4. It is the intent of this City Council to authorize the sale of bonds in one or more series, in the maximum aggregate principal amount specified in Section 2, and at a maximum interest rate not in excess of 12 percent per annum, or a higher rate not in excess of the maximum rate permitted by law at the time that the bonds are issued. The term of the bonds of each series shall be determined pursuant to a resolution of this

City Council authorizing the issuance of the bonds of such series, but such term shall in no event exceed 40 years from the date of issuance of the bonds of such series, or such longer term as is then permitted by law.

SECTION 5. A public hearing (the "Hearing") on the proposed debt issue shall be held at 5:30 p.m., or as soon thereafter as practicable, on October 11, 2005, in the Modesto City Council Chamber, 1010 Tenth Street, Modesto, California 93535 and shall be combined with the public hearing called for in the Companion Resolution.

SECTION 6. At the time and place set forth in this Resolution for the Hearing, any interested persons, including all persons owning land or registered to vote within the Community Facilities District, may appear and be heard.

SECTION 7. The City Clerk is hereby directed to publish a notice (the "Notice") of the Hearing pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the area of the Community Facilities District. Such publication shall be completed at least seven days prior to the date of the Hearing.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-423**

**A RESOLUTION APPROVING AN ADVANCED FUNDING AGREEMENT  
BETWEEN THE CITY OF MODESTO AND SHELTER COVE COMMUNITY  
CHURCH, INC. FOR CITY OF MODESTO COMMUNITY FACILITIES  
DISTRICT NO. 2005-1 (HETCH HETCHY), AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, Shelter Cove Community Church, Inc. (the “Developer”) has filed with this City Council a petition requesting the formation of a community facilities district and the issuance of bonds to finance and maintain certain infrastructure, and

WHEREAS, the Developer has agreed to advance all funds necessary to form the proposed community facilities district, and

WHEREAS, the parties agreed to enter into an Advanced Funding Agreement by and between the City and the Developer relating to advances made and to be made by the Developer to the City, and providing for potential reimbursement to the Developer if and when certain funds from the community facilities district becomes available, copy of which is attached as Exhibit A.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Advanced Funding Agreement between the City of Modesto and Shelter Cove Community Church, Inc., is hereby approved and that the City Manager is hereby authorized to execute the Advanced Funding Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**ADVANCED FUNDING AGREEMENT  
FOR THE CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2005-1  
(HETCH HETCHY)**

THIS ADVANCED FUNDING AGREEMENT FOR THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY) (this "Agreement"), dated as of \_\_\_\_\_, 2005, is entered into by and between the CITY OF MODESTO, a municipal corporation (the "City"), and SHELTER COVE COMMUNITY CHURCH, a California non-profit corporation (the "Developer").

***RECITALS:***

A. The City has requested that the Developer fund the formation of a community facilities district to be known as "City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy)" (the "CFD") for the principal purpose of financing and maintaining various public facilities necessary or desirable in connection with the development of the Developer's project in the North Beyer Specific Plan Area.

B. In accordance with the City's "Policies & Procedures for the Formation, Annexation, and Administration of Community Facilities Districts Created Pursuant to the Provisions of the Mello-Roos Community Facilities Act of 1982" (the "City's CFD Policies and Procedures"), the Developer has heretofore deposited with the City the sum of \$64,500 in order to provide the City with a source of funds with which to pay expenses expected to be incurred in connection with the possible formation of the CFD.

C. Pursuant to California Government Code Section 53314.9 and the City's CFD Policies and Procedures, the City Council of the City is authorized to accept advances of funds or work-in-kind from any source, including, but not limited to, private persons or private entities, and may provide, by resolution, for the use of those funds or work-in-kind for any authorized purpose, including, but not limited to, paying any costs incurred by the City in connection with the formation of a community facilities district. The City Council of the City is also authorized to enter into an agreement, by resolution, with the person or entity advancing the funds or work-in-kind to repay all or a portion of the funds advanced or to reimburse the person or entity for the cost or value of the work-in-kind provided that certain conditions are met. The conditions to be satisfied with respect to funds advanced require that (1) the proposal to repay the funds or to pay the cost or value of the work-in-kind must be included in the resolution of intention for the proposed community facilities district and in the resolution of formation for the proposed community facilities district, (2) any proposed special tax is approved by the qualified electors of the community facilities district and, if a proposed special tax is not approved, any funds advanced which have not been committed for any authorized purpose by the time of the election must be returned to the person or entity advancing funds and (3) any work-in-kind accepted shall have been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority, of the local agency.

D. The City and the Developer are desirous of entering into this Agreement in accordance with Government Code Section 53314.9 and the City's CFD Policies and Procedures in order to provide a mechanism by which the Developer may make additional deposits if determined necessary pursuant to the City's CFD Policies and Procedures and, when and if bonds are issued and proceeds are available, the CFD can reimburse the Developer for the amounts advanced by the Developer.

### AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals. Each of the above recitals is incorporated herein and is true and correct.
2. Proposed Formation of the CFD and Issuance of Bonds.

(a) Upon receipt by the City of a completed application for the formation of the CFD and all documents related thereto as described in the City's CFD Policies and Procedures, the City will undertake to analyze the appropriateness of forming the CFD and the issuance of bonds by it. In connection therewith, the City has either retained or will retain, at the Developer's expense, the consultants that the City determines necessary or convenient to assist it in studying the proposed formation of the CFD and, if the City determines to proceed with the formation of the CFD, to assist it in connection therewith and with the possible issuance of bonds.

(b) Pursuant to the City's CFD Policies and Procedures, the Developer shall make additional advances to the City within ten (10) days following receipt from the City of a request for an additional advance to cover the costs referred to herein. In the event the Developer does not deliver the requested amount to the City within such ten (10) day period, the City will have no obligation to proceed with any activity relating to the formation of the CFD and/or the issuance of bonds. The Developer may notify the City at any time, in writing, of its intention to abandon the formation of the CFD or the issuance of bonds. Upon receipt of such notice, the City shall instruct its consultants to cease work as soon as practicable. The Developer shall be responsible for all costs and expenses incurred by the City or any City consultant or advisor relating to the proposed formation of the CFD and/or bond issuance until work with respect to the proposed formation or bond issuance ceases following the receipt of the Developer's notice of abandonment.

(c) Developer agrees that, notwithstanding the Developer's reimbursement obligations under this Agreement, the consultants selected by the City shall be the contractor exclusively of the City and not of the Developer. Except for those disclosures required by law including, without limitations, the Public Records Act, all conversations, notes, memoranda, correspondence, and other forms of communication by and between the City and its consultants shall be, to the extent permissible by law, privileged and confidential and not subject to disclosure to the Developer. The Developer agrees that it shall have no claim to, nor shall it assert any right in any reports, correspondence, plans, maps, drawings, news releases or any and all other documents or work product produced by the City's consultants. Developer understands that it will not be a third party beneficiary to City's contracts with the consultants. The Developer agrees that the City may

select other consultants to replace its current consultants and may do so without consulting with the Developer or obtaining the Developer's approval

3. Developer to Cooperate with the City's Consultants. Developer agrees to cooperate in good faith with the City's consultants. Developer agrees that it will instruct its agents, employees, consultants, contractors and attorneys to reasonably cooperate with the City's consultants and to provide all necessary documents or information reasonably requested of them by the City's consultants; provided, however, that the foregoing shall not require the disclosure of any documents or information of the Developer which by law is privileged, proprietary, confidential, or exempt from disclosure under the Public Records Act.

4. Reimbursement Procedure. If the CFD is formed and bonds are issued, bond proceeds in excess of the amount determined by the City's District Administrator to be required in order to satisfy the requirements of the City's CFD Policies and Procedures with respect to capitalized interest and reserves and to pay for the Facilities and other Incidental Expenses may be used to reimburse the Developer for the amounts that the Developer has advanced to the City in connection with this Agreement, all as provided for in the City's CFD Policies and Procedures. In the event that the CFD is not formed for any reason, or in the event that the CFD is formed and bonds are not issued for any reason, the City shall return any funds which have been advanced by the Developer pursuant to this Agreement and which have not been expended, obligated or otherwise committed for any authorized purpose, subject to the complete reimbursement to the City of all of its direct and indirect costs. If the amounts previously advanced by the Developer are insufficient to fully reimburse the City for all of its direct and indirect costs, the Developer shall pay to the City the amount of the deficiency within ten (10) days after receipt of a demand by City. The City shall be entitled to pay any refund required pursuant to the provisions hereof to the entity that is the signatory to this Agreement irrespective of any changes in the ownership of the property or the organization of the Developer, and the City shall not be required to pay interest on any amount required to be refunded pursuant to this Agreement.

5. Abandonment of Proposed CFD. The Developer understands that, subject to the satisfaction of all applicable legal requirements, the decision to form the CFD and the decision to issue bonds shall be each in the sole discretion of the City. No provision of this Agreement shall be construed as a promise, warranty or agreement by the City to form the CFD or to issue bonds. The City shall have no liability to Developer for a decision not to form the CFD or issue bonds.

6. Indemnification and Hold Harmless. The Developer hereby assumes the defense of, and indemnifies and saves harmless, the City and each of its officers, directors, agents, contractors, and employees, from and against all actions, damages, claims, losses or expenses of every type and description to which they may be subjected or put, by reason of or arising out of any acts or omissions of the Developer or any of the Developer's officers, employees, contractors and agents in connection with the proposed formation of the CFD or any work-in-kind provided by or on behalf of the Developer or its consultants, except for any action, damages, claims, losses or expenses arising out of the sole negligence or willful misconduct of the City, its officers, directors, employees or agents.

7. Notices. Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days

after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

Developer: Shelter Cove Community Church  
1620 N. Carpenter Road, Suite D-49  
Modesto, California 95351  
Attn: Dave Olsen, Facilities Development Manager

City: City of Modesto  
1010 Tenth Street, Suite 6100  
Modesto, California 95353  
Attention: CFD Administrative Officer

8. Assignment. The Developer may not assign its interest in this Agreement without the prior written consent of the City, which consent shall not be unreasonably withheld. Any assignment or attempt to assign this Agreement without the prior written consent of CITY shall be deemed null and void as of the date of the purported assignment. All covenants, stipulations, and agreements in this Agreement shall bind any such representatives, successors and assigns.

9. Severability. If any part of this Agreement is held to be illegal or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall be given effect to the fullest extent permitted by law.

10. Entire Agreement. This Agreement contains the entire agreement between the parties with respect to the matters provided for herein. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superseded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

11. Amendments. This Agreement may be amended or modified only by written instrument signed by all parties. Any amendment or addendum to this Agreement shall expressly refer to this Agreement.

12. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

13. No Third Party Beneficiaries. No person or entity shall be deemed to be a third party beneficiary hereof; and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City (and its officers, directors, employees and agents providing services under this Agreement) and the Developer, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

14. Singular and Plural; Gender. As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

15. Termination. This Agreement shall terminate and be of no further force and effect on the first anniversary of the date of this Agreement unless expressly amended by the parties; provided, however, that the Developer's obligations under Section 5 shall survive the termination and the City's obligation to provide reimbursement in accordance with Section 3 for expenses incurred prior to the termination date shall also survive termination.

16. Time is of the Essence. Except as otherwise expressly stated, time is of the essence in the performance of each and every action required pursuant to this Agreement

17. Language Construction. The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

18. Representations of Authority. Each party signing this Agreement on behalf of a party which is not a natural person hereby represents and warrants to the other party that all necessary legal prerequisites to that party's execution of this Agreement have been satisfied and that he or she has been authorized to sign this Agreement and bind the party on whose behalf he or she signs.

19. Relationship of Parties. Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third person, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between City and Owner or its agents, employees or contractors. Except as City may specify in writing, Owner shall have no authority to act as an agent of City or to bind City to any obligation

20. Title of Parts and Sections. Any titles of the sections or subsections of this Agreement are inserted for convenience of reference only and shall be disregarded in interpreting any part of Agreement's provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2005-\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_ day of \_\_\_\_\_, and SHELTER COVE COMMUNITY CHURCH, a California non-profit corporation, has caused this Agreement to be executed in duplicate, effective as of the date first written above.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-424**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN (ANNEXATION NO. 9)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, it is intended that the territory be annexed to Tax Zone #2.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled “Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California” on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled “Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled “Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled “Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 91; the map entitled “Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled “Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village

One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 99; and the map entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2; and the map entitled “Annexation Map No. 6 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 7; and the map entitled “Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2), As Amended,” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 12; and the map entitled “Annexation Map No. 8 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 20.

SECTION 3. The territory proposed to be annexed to the District (the “Territory”) is described in Exhibit A.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 9 of Community Facilities District No. 2004-1 (Village One #2), of the City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, which map is hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of

the County of Stanislaus. The map shall contain the legends provided in Sections 3110, 3110.5, and 3313 of the California Streets and Highways Code, including a reference to the title, book, page and recording date of the original boundary map of the District.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Formation. It is intended that the same special taxes be levied in the Territory, except that the increase of the One-Time Facilities Special Tax component of the special taxes, as authorized by the Resolution of Creation of Tax Zone #2, shall be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, October 11, 2005, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the

public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of September 2005, by Councilmember Jackman,

who moved its adoption, which motion being duly seconded by Councilmember Hawn,  
was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-425**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2004-2005 ANNUAL BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2004-2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2004-2005 budget have been adjusted as shown in Schedule A.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant,  
Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: Mike Milich  
MIKE MILICH, City Attorney

Snyder Ave. widening between Prescott and Carver  
 On June 28, 2005 City Council approved a reprioritization of remaining projects in the Carver-Bangs/Pelandale-Snyder CFD. This reprioritization included the shifting of funds from lower priority projects to higher priority projects that did not have sufficient funding. This project is a Priority 1 project and did not have sufficient funding. Additional money is needed to complete the design.

**COMMENTS/JUSTIFICATION**

Storm Drain Basin Pump Stations on Prescott Rd. at Pelandale  
 On June 28, 2005 City Council approved a reprioritization of remaining projects in the Carver-Bangs/Pelandale-Snyder CFD. This reprioritization included the shifting of funds from lower priority projects to higher priority projects that did not have sufficient funding. This project is a Priority 1 project. Improvement plans are nearly complete and the cost estimate was recently updated. This adjustment is needed to provide adequate funding to build this project.

### COMMENTS/JUSTIFICATION

This monthly adjustment is to align this project with the three grants that are available from the FTA. Council had approved to consolidate the projects into one project for ease of accounting purposes. This adjustment places the correct revenues from grants and LTF match and increases the expense side of the project appropriately to take full advantage of available grant funding

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-426**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO SOLICIT FORMAL REQUEST FOR BIDS (RFB) FOR THE PRINTING OF MODESTO AREA EXPRESS (MAX) RIDE GUIDES FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS FOR A TOTAL ESTIMATED ANNUAL COST OF \$34,858**

WHEREAS, the Public Works Department-Transit Division has requested the printing of Modesto Area Express (MAX) Ride Guides, and

WHEREAS, Modesto Area Express (MAX) Ride Guides are usually printed twice per year, and

WHEREAS, the ride guides are the only printed materials available to MAX patrons that show the transit system's individual routes and schedules, and

WHEREAS, for each printing the information in the ride guide is updated to show transit riders new routes, schedule changes, service policies and any other information that the patron might need to help them ride MAX more efficiently, and

WHEREAS, there is no charge to the public for the ride guides, and

WHEREAS, guides can be obtained either on the bus or at one of the MAX pass outlets throughout the City, and

WHEREAS, by soliciting competitive bids, the City will achieve the best value for printing of Modesto Area Express (MAX) Ride Guides and meet Modesto Municipal Code (MMC) requirements for formal bids, and

WHEREAS, the Modesto Municipal Code Section 8-3.203 requires all purchases which meet or exceed \$50,000 for material and equipment or contractual services to be formally bid, and

WHEREAS, the City Council has appropriated funds for printing of Modesto Area Express (MAX) Ride Guides in account number 6540-165-1672-0205 (BUS FIXED ROUTE MAX OPERATIONS), and

WHEREAS, the Purchasing Division has coordinated the drafting of bid specifications for printing of Modesto Area Express (MAX) Ride Guides with the Public Works Department-Transit Division staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Bids for the printing of Modesto Area Express (MAX) Ride Guides as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the printing of Modesto Area Express (MAX) Ride Guides, for an initial two (2) year period, with three (3) one-year contract extension options, to be opened in the office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After bids are opened, they shall be tabulated and analyzed and a report submitted to the Council.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-427**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
PURCHASE TWO (2) VAC-CON COMBINATION SEWER AND STORM  
DRAIN CLEANERS FROM MUNICIPAL MAINTENANCE EQUIPMENT OF  
SACRAMENTO, CALIFORNIA FOR AN ESTIMATED TOTAL COST OF  
\$551,709.72**

WHEREAS, the Public Works Department-Fleet Services Division has requested the purchase of two (2) Vac-Con Combination Sewer Drain Cleaners (vacuum trucks) for use by the Wastewater Collections Division, and

WHEREAS, the two (2) Vac-Con units are used by the Wastewater Collections Division to clean and maintain sewer pipes, and

WHEREAS, routine maintenance and repairs performed by these trucks are part of the City's program to comply with the Clean Air Act, and

WHEREAS, the new trucks will facilitate the use of newer technology for cleaning out roots and grease in sewer lines, and

WHEREAS, these units also act as backup units for flood control during storm events, and

WHEREAS, because these trucks are built to specifications, delivery of these trucks takes up to six (6) months, and

WHEREAS, this equipment is being purchased to replace existing vacuum trucks, which have become unreliable and costly to keep up due to maintenance and repair issues, and

WHEREAS, these units have met their life expectancy projections and are fully funded for replacement in the Fleet Replacement Fund, and

WHEREAS, the pricing offered to the City for this equipment is based on a competitively bid contact from the County of Sacramento, and

WHEREAS, by taking advantage of this pricing offer (“piggybacking”), the City will save approximately \$52,782.00 off current bid pricing for these two (2) Vac-Con units, and

WHEREAS, the City will also save both the bidding and staff time involved in a formal bid process, and

WHEREAS, the Modesto Municipal Code (MMC) generally requires all purchases exceeding \$50,000 for material and equipment of this type to be formally bid, and

WHEREAS, per MMC 8-3.204 (d) the Purchasing Supervisor may determine that a process other than the formal bid procedure set forth in MMC Section 8-3.203 will result in procurement for the City at the least possible cost commensurate with the desired quality, and

WHEREAS, by “piggybacking” off the County of Sacramento competitively bid pricing contract, the purchase of this equipment will conform to code, and

WHEREAS, the City Council has appropriated funds in accounts: 7210-480-5814-5275 and 7210-480-5814-5276 (FLEET EQUIPMENT, REPLACEMENT) for the purchase of two (2) Vac-Con units, and

WHEREAS, the Purchasing Division has coordinated the review of specifications for two (2) Vac-Con Combination Sewer Storm Drain Cleaners with the Public Works Department- Fleet Services Division, and

WHEREAS, the estimated total cost of this purchase is \$551,709.72,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of purchase order for two (2) Vac-Con Combination Sewer & Storm Drain Cleaners to Municipal Maintenance Equipment of Sacramento, CA. in the approximate amount of \$551,709.72.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order for two (2) Vac-Con Combination Sewer & Storm Drain Cleaners, as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-428**

**A RESOLUTION APPROVING AN AGREEMENT WITH ARCHITECTURE PLUS, INC. FOR PROFESSIONAL ARCHITECTURAL SERVICES TO PREPARE DESIGN DEVELOPMENT AND CONSTRUCTION DOCUMENTS FOR THE KING-KENNEDY MEMORIAL CENTER KITCHEN AND AUDITORIUM RENOVATION PROJECT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the City of Modesto currently owns the King-Kennedy Memorial Center located in Mellis Park at 601 N. Martin Luther King Drive, and

WHEREAS, the center was constructed in the late 1960's, and

WHEREAS, last year a project was completed that effectively brought the majority of the building up to current ADA Standards, and

WHEREAS, though some maintenance and ADA improvements have been made, the Kitchen and Auditorium still have many of the original elements from the late 1960's, and

WHEREAS, the Kitchen and Auditorium are severely outdated and in need of renovation, and

WHEREAS, renovation of King-Kennedy Memorial Center is expected to begin in summer of 2006, and

WHEREAS, in order to be prepared to begin construction in summer of 2006, the Construction Documents must be completed by spring of 2006, and

WHEREAS, a RFP was distributed to ten (10) architectural service providers in December 2004 for this project; four (4) firms responded to the RFP and submitted a proposal by the January 12, 2005 deadline, and

WHEREAS, a panel of four (4) reviewed the proposals and determined that Architecture Plus, Inc. was the most qualified firm to complete this project, due to their vast experience in designing similar renovation projects, and

WHEREAS, Architecture Plus, Inc. has agreed to provide Design Development and Construction Documents at a cost not to exceed \$48,000.00, and

WHEREAS, the Design Development will be developed using community input through public meetings and workshops, and

WHEREAS, funds are available in Capital Improvement Project 2330-310-P500,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the agreement with Architecture Plus, Inc. for professional architectural services to prepare Design Development and Construction Documents for King- Kennedy Memorial Center Kitchen and Auditorium Remodel for a cost not to exceed \$48,000.00, a copy of which is attached hereto as Exhibit A.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**KING-KENNEDY MEMORIAL CENTER**  
**KITCHEN AND AUDITORIUM RENOVATION**  
**AGREEMENT FOR CONSULTANT SERVICES**

THIS AGREEMENT, made and entered into in the City of Modesto, State of California, effective as of this \_\_\_\_ day of \_\_\_\_\_, 2005 (“Effective Date”), by and between the CITY OF MODESTO, a municipal corporation of the State of California, hereinafter referred to as “City”, and ARCHITECTURE PLUS, INC., a California corporation, hereinafter referred to as “Consultant”.

This Agreement is made with regard to the following recitals:

1. The City has determined that Design Development and Construction Documents should be prepared for the King-Kennedy Memorial Center Kitchen and Auditorium Renovation Project.
2. Consultant represents that it is qualified, willing and able to provide the services to prepare said document(s).

NOW, THEREFORE, in consideration of this agreement, and the mutual promises, covenants, and stipulations hereinafter contained, the parties agree as follows:

**1. SCOPE OF SERVICES.**

Consultant shall undertake and complete the requested services as set forth and described in the documents attached hereto and referred to as Exhibit “A” or “Project”. The Consultant shall complete the Project in a manner compatible with the standards of its profession, and shall produce a fully complete Project that is acceptable to City.

**2. TERM OF AGREEMENT.**

This Agreement is effective as of the date first written above and will continue in effect until City’s acceptance of and payment for all services authorized by City and performed by Consultant, unless terminated earlier in accordance with the provision of the termination clause in this Agreement.

City hereby gives Consultant notice to proceed with the Project, as of the effective date of this agreement. Consultant shall diligently proceed with the Project and agrees to

complete the Design Development and Construction Documents within 9 months from the Effective Date of this agreement.

**3. COMPENSATION.**

Consultant agrees to accept a sum not to exceed \$48,000.00 as full remuneration for performing all services and furnishing all staffing and materials called for in the Project and for performance by Consultant of all of its duties and obligations under this Agreement.

The Compensation shall be paid in the manner and at the times set forth below:

a. Exhibit "A" provides a Total Cost for each Project Task. Consultant shall submit monthly invoices to City identifying the work performed and percentage of each Task that has been completed. City shall make payments on a monthly basis consistent with the percentage of Task(s) completed, until the City has paid a maximum of 90% of the Total Cost for each Task. The remaining 10% of the Total Cost for each Task will be paid by the City of Modesto upon completion of said Task. All work to be performed under this Agreement shall be billed at the hourly rates shown in Exhibit "B".

b. Reimbursable Expenses: All reproduction, delivery and travel expenses will be billed at cost. The Total Cost for all reimbursable expenses for the Project shall not exceed \$4,000.00. It is the responsibility of the Consultant to manage reimbursable expenses to ensure that they do not exceed this budget. Any reimbursable expenses that exceed this budget, without prior written approval from the Director of the Parks, Recreation and Neighborhoods Department, will not be reimbursed to the Consultant. Reimbursable expenses shall be invoiced to the City by monthly invoices and shall itemize the reimbursable expenses incurred during the preceding month and indicate the amount due.

c. Additional Services: Additional services may be authorized by the Director of the Parks, Recreation and Neighborhoods Department in an amount up to, but not to exceed, \$4,000.00. In the event that additional services are deemed necessary, the Consultant shall provide a written request to the Director indicating the scope, fee and reason for additional work, prior to commencing such additional services. The Director shall provide a written response to the request, either approving or denying the additional expenditure. If additional services are requested and approved they will be billed at the hourly rates set forth in Exhibit "B" and may not exceed the amount requested and approved in writing by the Director. The Consultant will

not be reimbursed for any additional work that is not approved in writing by the Director. If additional services in excess of this budget are deemed necessary by City Staff, an amendment to this Agreement will be required and must be approved by the City Council prior to commencing the work, as provided in Paragraph 9 of this Agreement.

**4. OBLIGATIONS OF CONSULTANT.**

Throughout the term of this Agreement, Consultant shall possess, or secure all licenses, permits, qualifications and approvals legally required to conduct business in the City of Modesto, Stanislaus County, California. Consultant warrants that it has all of the necessary professional capabilities and experience, as well as all tools, instrumentalities, facilities and other resources necessary to provide the City with the services contemplated by this Agreement. Consultant further warrants that it will follow the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding the Project.

**5. PERFORMANCE BY KEY EMPLOYEE.**

Consultant has represented to City that Tim Fisher, President, will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant therefore agrees that thirty (30%) percent or more of the time to be devoted to the project that is the subject of this Agreement will be that of the above-named person.

**6. OWNERSHIP OF DOCUMENTS/TITLE TO DATA.**

**Ownership of Documents**

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

**Title to Data**

If, as a part of the agreement, Consultant is required to produce data such as, but not limited to, drawings, plans, specifications, calculations, models, flow diagrams, visual aids

and other related materials, the originals of all such data generated under this agreement will be delivered to City upon the completion or termination of services under the contract.

All materials, documents, data or information obtained from the City data files or any City medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

**7. NEWS AND INFORMATION RELEASE.**

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Manager.

**8. INTEREST OF CONTRACTOR.**

Consultant warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. Consultant warrants that, in performance of this Agreement, Consultant shall not employ any person having any such interest. Consultant agrees to file a Statement of Economic Interests with the City Clerk at the start and end of this contract as required by the City.

**9. AMENDMENTS.**

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

## 10. INDEPENDENT CONTRACTOR.

All acts of Consultant, its agents, officers, and employees and all others acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as independent contractors and not as agents, officers, or employees of City. Consultant, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of City. Consultant has no authority or responsibility to exercise any rights or power vested in the City. No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this Agreement shall not, under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period services are provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. The Consultant shall determine all terms of employment including hours, wages, working conditions, discipline, hiring, and discharging or any other term of employment or requirement of law.

It is understood and agreed that as an independent contractor and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as a City employee, right to act on behalf of the City in any capacity whatsoever as an agent, or to bind the City to any obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

**11. ASSIGNMENT.**

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

**12. PATENT/COPYRIGHT MATERIALS.**

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

**13. NOTICES.**

Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively indicated below or to any other address as the respective parties may designate from time to time.

**14. INSURANCE REQUIREMENTS.**

The Consultant shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of the City. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City by registered mail, return receipt requested, for all of the following stated insurance policies.

(a) Worker's Compensation - in compliance with the statutes of the State of California, plus employer's liability with a minimum limit of liability of \$500,000.

(b) General Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$100,000 for property damage or \$1,000,000 combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations.

(c) Automobile Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$100,000 for property damage or \$1,000,000 combined single limit. This insurance shall cover scheduled, hired and non-owned automobiles for bodily injury and property damage.

(d) Errors and Omissions liability insurance with a minimum limit of \$1,000,000 per claim and aggregate.

If at any time any of said policies shall be unsatisfactory to the City, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the City, the Consultant

shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as herein above provided. Upon failure of the Consultant to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the Consultant to obtain and/or maintain any required insurance shall not relieve the Consultant from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the Consultant concerning indemnification. The City, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Workers' Compensation and Errors and Omissions Liability. The Workers' Compensation insurer shall agree to waive all rights of subrogation against the City, its agents, officers, employees, and volunteers for losses arising from work performed by Consultant for the City. The Consultant's insurance policy(ies) ,excluding Errors and Omissions, shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with Approval of the Risk Manager. Any insurance or self-insurance maintained by City shall be in excess of Consultants insurance. Consultant shall deliver certificates evidencing existence of the insurance called for in the contract specifications to the City Clerk at the time the contract is signed. Consultant shall provide City with separate endorsements evidencing proof of additional insured status as to both General Liability and Automobile Liability insurance policies and as to the Worker's Compensation subrogation waived.

**15. TERMINATION OF AGREEMENT.  
Termination on Occurrence of Stated Events**

This Agreement shall terminate automatically on the date on which any of the following events occur: (1) bankruptcy or insolvency of Consultant, (2) legal dissolution of Consultant, or (3) death of key principal(s) of Consultant.

**Termination by City for Default of Consultant**

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. The termination date shall be the effective date of the notice. For the

purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City's property by Consultant, dishonesty or theft.

**Termination by Consultant for Default of City**

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by City, dishonesty or theft.

**Termination by City for Lack of Budgeted Funds**

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

**Termination for Failure to Make Agreed-Upon Payments**

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in Writing of such failure to pay. The termination date shall be the effective date of the notice.

**Termination by City for Change of Consultant's Tax Status**

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to Consultant. The termination date shall be the effective date of the notice.

**Voluntary Termination**

The parties may terminate this contract upon mutual written Agreement.

**In the Event of Termination**

If this Agreement is terminated pursuant to this Paragraph, Consultant shall cease all its work on the Project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to

make City reasonably aware of the status of Consultant's work on the Project. Further, if City so requests, and at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant an amount based on the percentage of work completed on the termination date, this percentage shall be determined by City in its sole discretion. If the Agreement is terminated pursuant to the subparagraph entitled Termination by City for Default of Consultant, Consultant understands and agrees that City may, in City's sole discretion, refuse to pay Consultant for that portion of Consultant's services which were performed by Consultant on the Project prior to the termination date and which remain unacceptable and/or not useful to the City as of the termination date.

**16. INDEMNITY.**

Consultant, its agents, officers and employees shall hold the City, its agents, officers, employees and volunteers, harmless from and save, defend and indemnify them against any and all claims, damages, losses, judgment and liabilities from every cause, including but not limited to injury to person or property or wrongful death, with the indemnity to include reasonable attorney's fees, and all costs and expenses, arising directly or indirectly out of any act or omission of Consultant, whether or not the act or omission arises from the sole negligence or other liability of Consultant, or its agents, officers or employees relating to or during the performance of its obligations under this Agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance

**17. ENTIRE AGREEMENT.**

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement that vary from Consultant's proposal are controlling and are deemed accepted by Consultant by shipment of any article or other commencement of performance hereunder. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superceded

except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

**18. PARTIAL INVALIDITY.**

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

**19. WAIVER.**

The waiver by any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

**20. AUDIT.**

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, and files related to charges under this Agreement for a period of four (4) years following the date of final payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

**21. GOVERNING LAW.**

This Agreement shall be governed according to the laws of the State of California.

**22. HEADINGS NOT CONTROLLING.**

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

**23. COMPLIANCE WITH LAWS.**

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits. Consultant will have a City of Modesto business license.

**24. LANGUAGE CONSTRUCTION.**

The language of each and all paragraphs, terms and/or provisions of this Agreement, shall, in all cases and for any and all purposes, and in any way and all circumstances whatsoever, be construed as a whole, according to its fair meaning, and not for or against any party hereto and with no regard whatsoever to the identity or status of any person or persons who drafted all or any portion of this Agreement.

**25. REPRESENTATIONS OF AUTHORITY.**

Each party signing this Agreement on behalf of a party which is not a natural person hereby represents and warrants to the other party that all necessary legal prerequisites to that party's execution of this Agreement have been satisfied and that he or she has been authorized to sign this Agreement and bind the party on whose behalf he or she signs.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. \_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_\_ day of \_\_\_\_\_, 2005, and CONSULTANT has caused this agreement to be duly executed.

## **Scope of Work** KING-KENNEDY MEMORIAL CENTER KITCHEN AND AUDITORIUM RENOVATION

### **PROJECT DESCRIPTION:**

The City of Modesto wishes to renovate the Kitchen and Auditorium area of the King-Kennedy Memorial Center (formerly known as Westside Neighborhood Center), which was originally built in 1969. The project site is located at 601 N. Martin Luther King Drive (formerly known as Franklin Street) in southwest Modesto.

The work to be accomplished consists of preparation of PS&E for the improvements of the King-Kennedy Memorial Center to upgrade and improve the Kitchen and Auditorium area of the building. This work will be a total remodel of the entire Kitchen and Auditorium areas, including unisex bathroom and storage areas in that portion of the building.

The consultant shall evaluate the existing structure and make recommendations in a wide range of design services including but not limited to: architectural, structural, civil, electrical and HVAC. The consultant shall obtain an asbestos-containing building materials (ACBM) and lead-based paint inspection identifying any contaminates.

The project will be funded with State administered Proposition 40 Grant Funds and possibly federal Community Development Block Grant funds. The consultant shall design the project in compliance with adopted local building codes (City of Modesto) and current ADA standards in order to obtain a City building permit.

The City anticipates a construction contract budget of approximately \$350,000 for this project. Due to constraints on available funds, it is anticipated the construction could be phased in. The construction documents will be comprehensive, allowing for additive/deductive alternates and/or phasing. Working within the above construction budget it is anticipated that building improvements will include most of the following items:

- Removal of disturbed asbestos products during the construction.
- Demolition of existing items
- Remodel and possible reconfiguration of the Kitchen, including all new industrial appliances.
  - Refrigerator.
  - Stove and Oven.
  - Sinks.
  - Preparation and Serving Counters.
  - Dry Storage.
  - Microwave Oven
  - Other necessary items as determined by a committee of citizens and staff.

- Replacement of existing doors and windows, including frames.
- Repair of underground sewer system to the kitchen, which has collapsed.
- Remove and replace flooring in all areas
- Remove all wood paneling in the auditorium
- Renovate the ceiling in the auditorium
- Provide a new sound system to the auditorium, including a new sound booth
- Provide a new lighting system for the stage, auditorium and kitchen
- Provide additional storage in the area
- Refinish stage
- Paint entire area, walls and ceiling as needed.
- Remove room dividers in auditorium and replace if necessary
- Remove and replace stage curtain
- Also HVAC, Electrical, Plumbing, Sewer, etc. may need additional work, as needed

Based on the above, we have provided the following scope of services to be performed in chronological order.

### **Professional Services to Include:**

Task #1 – Design Development Total Cost Not To Exceed \$5,500.00

- 1.01 Coordinate and obtain existing site and planning information from City records; prepare ‘site plan’ and ‘floor plan’ base sheets for the project.
- 1.02 Review physical limitations and opportunities of the existing site. Conduct site reconnaissance to visually review apparent features, utilities, and character of the site, verifying critical conditions.
- 1.03 Complete Haz-Mat study and present report to City. Report should identify specifically any asbestos or lead hazards in the proposed area of work.
- 1.04 Prepare and provide up to three (3) conceptual level design development plans for the project. The conceptual plans should depict alternate solutions to program needs. Prepare concept level cost estimate for each plan.
- 1.05 Meeting #1 - Conduct work session with City staff and stakeholders to present the alternatives; develop consensus on the preferred option.
- 1.06 Refine the alternatives into a single preliminary plan for review and comment by City and stakeholders. Develop and color the preliminary plan and provide cost estimate as well as potential bidding options to City Staff and Stakeholders for final approval.
- 1.07 Meeting #2 - Conduct work session with City staff and stakeholders to present the preliminary plan for review.

- 1.08 Prepare a Final Color Rendered Plan that reflects the consensus of Staff and stakeholders. Provide Color Rendered Plan (full size) to City. Also provide an Electronic Image of the Color Rendered Plan and final cost estimate on compact disc to City, which can be printed by the City in various sizes for public distribution and display.

Task #2 – Construction Documents Total Cost Not To Exceed \$31,125.00

- 2.01 Based on approved plan, prepare preliminary (60% completion) construction plans, refined cost estimate and specifications. Deliver eight (8) sets of plans and specifications to City. City staff will require a minimum of two (2) weeks for review of 60% construction documents.
- 2.02 Provide sample finishes and colors, and cut sheets for all products proposed to be used for construction. In addition, a materials board with colors, finishes, materials, etc. should be provided at the end of this task.
- 2.03 Meeting #3 - Conduct an interdepartmental review session to review City comments.
- 2.04 Prepare 90% level construction plans, specifications and refined cost estimates. Deliver eight (8) sets of plans and specifications to City. Prepare detailed cost estimates for all improvements as per City recommendations. City staff will require a minimum of three (3) weeks for review of 90% construction documents.
- 2.05 Meeting #4 - Conduct an interdepartmental review session to review City comments.
- 2.06 Based on comments received prepare 100% level construction plans, specs, and estimate. Plans will be prepared to allow for deductive and additive alternates or phased construction as necessary. City staff may require a minimum of two (2) weeks for review of 100% construction documents.
- 2.07 Consultant shall provide architectural, mechanical and electrical design for renovation as needed and coordinate work between consulting engineers retained by them. HVAC, plumbing including gas, potable water and sewer, electrical, and minor structural calculations, framing plans, sections and details shall be provided as needed. Plans and Specifications shall be submitted for review to the local building department by the consultant. Civil engineering beyond 5' of building and geo-technical engineering is not included.

The construction documents for the project will include, at a minimum (as applicable):

- title sheet
- existing conditions and demolition plan, including asbestos removal
- proposed floor plan
- enlarged plans and interior and exterior elevations, as needed

- room finish schedules
- HVAC plans, as needed
- plumbing plans, as needed
- electrical plans, as needed
- kitchen and auditorium accessories schedule
- details and specifications
- structural details, as needed
- technical specifications, including boiler plate specifications
- bid form

Submit for review and make necessary modifications as part of final submittal.

Present itemized final cost estimate for construction for review.

Provide one (1) set of final original plans and specifications for reproduction and one (1) AutoCAD version 2002 or earlier, drawing file. All final plans & specifications shall be stamped & signed by a registered professional (Architect or Engineer), as appropriate.

Task #3 – Bidding and Construction Support

Total Cost Not To Exceed \$3,375.00

Assist City staff in bidding process as required, including answering questions from bidders.

Attend pre-bid site introduction

Attend pre-construction conference (one (1) field meeting)

Review and process all shop drawings and submittals required by technical specifications.

Provide site reviews and prepare reports on construction progress and quality with recommendations for correction of any deficiencies (approximately six (6) field meetings).

Assist in determining and processing requests for information and change orders.

Make final review and *report* on completed project (one (1) field meeting).

**Proposed Compensation**

The following fees are based on the scope of work described previously in Exhibit "A". Payments will be made on a monthly basis when portions of the tasks are completed. The monthly billing should be completed as described in Paragraph 3 of the Agreement.

Task #1 – Design Development (not to exceed)	\$ 5,500.00
Task #2 – Construction Documents (not to exceed)	\$ 31,125.00
Task #3 – Bidding and Construction Support (not to exceed budget)	\$ 3,375.00
Reimbursable Expenses (not to exceed budget)	\$ 4,000.00
<u>Additional Services (not to exceed budget)</u>	<u>\$ 4,000.00</u>
<b>Total Contract Amount Not to Exceed</b>	<b>\$ 48,000.00</b>

## Exhibit "B"

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-429**

**A RESOLUTION APPROVING THE ADDITION OF THE INTERNATIONAL CITY MANAGEMENT ASSOCIATION RETIREMENT CORPORATION (ICMA-RC) SIDECAR IRAS, AND THE 401/457 LOAN PROGRAM TO THE CITY'S DEFERRED COMPENSATION PROGRAM AND AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AGREEMENT**

WHEREAS, the City of Modesto offers a deferred compensation program for its employees, and

WHEREAS, The International City Management Association Retirement Corporation (ICMA-RC) has worked with the City of Modesto to deliver excellent service, and

WHEREAS, the ICMA-RC has two other available programs, Sidecar IRAs and the 401/457 Loan Program, and

WHEREAS, the City of Modesto, at the behest of the City's Deferred Compensation Committee, has agreed that these new offerings will allow City of Modesto employees to maximize their contributions, and allow them greater flexibility in financial planning, and

WHEREAS, to help offset City's internal cost of plan administration, ICMA will pay City an administrative allowance in the amount of \$20,000 per year in the first and second year of the Agreement and \$35,000 per year in the third, fourth, and fifth year of the Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the approval of the implementation of these deferred compensation plan enhancements.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute said agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-431**

**A RESOLUTION APPROVING AN AGREEMENT WITH MODESTO CITY  
SCHOOLS FOR ONE FULL-TIME POLICE OFFICER WHO WILL SERVE AS  
A MEMBER OF THE HIGH RISK INTERVENTION TEAM, AND  
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE  
THE AGREEMENT**

WHEREAS, Modesto City School District has proposed a “High Risk Intervention Team” to work with, and facilitate resources for, at-risk juveniles, and

WHEREAS, these juveniles will be tracked and assisted by a Probation Officer, a Modesto Police Officer and a school official, and

WHEREAS, the Modesto Police Officer will handle scheduled in-office visits, home visits and facilitation of resources for juveniles and their parents, to offer them direction and any needed assistance, and

WHEREAS, Modesto City School District will pay for all costs of the Police Officer, salary, benefits and incentives, and will reimburse the City of Modesto for said costs estimated at \$96,600, and

WHEREAS, the High Risk Intervention Team program is scheduled to begin on July 1, 2005, and will terminate on June 30, 2006, and

WHEREAS, the Safety and Communities committee, at its meeting of February 28, 2005, unanimously supported this action,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the agreement with Modesto City Schools in the amount of \$96,600.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-433**

**A RESOLUTION APPROVING AN AGREEMENT WITH MODESTO CITY SCHOOLS IN THE AMOUNT OF \$324,502 FOR THE PROVISION OF SEVEN MODESTO POLICE OFFICERS/SCHOOL RESOURCE OFFICERS (SROs) TO PROVIDE CAMPUS SUPERVISOR TRAINING, IN SERVICES, AND CONSULTATIONS WITH SITE STAFF AND DISTRICT ADMINISTRATORS, AND LIAISON BETWEEN MODESTO POLICE DEPARTMENT AND MODESTO CITY SCHOOLS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, Modesto City Schools requires seven Modesto Police Officers to provide prevention, intervention, and enforcement services to students, families and staff at Beyer, Davis, Downey, Johansen, and Modesto High Schools, and Elliott Alternative Education Center and Roosevelt Junior High School, and

WHEREAS, the Modesto Police Department can provide specially trained, uniformed police officers to provide Campus Supervisor training, in services, and consultations with site staff and District administrators, and

WHEREAS, the Modesto Police Officers can act as a liaison between Modesto Police Department and Modesto City Schools, and

WHEREAS, Police Officers can direct law enforcement action at the district school sites, if warranted, and

WHEREAS, the officers' presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the term of this agreement is July 1, 2005, to June 30, 2006, and

WHEREAS, the City shall be compensated \$324,502 for the services of seven Modesto Police Officers, one 12-month officer at \$56,435 and six 9.5 month officers at \$268,067,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Modesto City Schools in the amount of \$324,502 to provide seven Modesto Police Officers at Beyer, Davis, Downey, Johansen and Modesto High Schools, and Elliott Alternative Education Center and Roosevelt Junior High School.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

Modesto Police Department Canine  
Transfer Contract – Officer Jones

## MODESTO POLICE DEPARTMENT CANINE TRANSFER CONTRACT

This AGREEMENT, made and entered into in the City of Modesto, State of California, this 6th day of June, 2005, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter referred to as "CITY", and William Jones, canine handler for the Modesto Police Department, hereinafter referred to as "HANDLER".

This AGREEMENT is made with regard to the following recitals:

- A. *HANDLER* wishes to assume ownership and take possession of that certain retired City of Modesto police canine named "Victor". *HANDLER* was previously the assigned canine handler for "Victor".
- B. *HANDLER* wishes to maintain ownership of the above-referenced dog, and the CITY wishes to divest itself of both ownership and vicarious or direct liability for the subject dog.
- C. CITY does hereby agree to relinquish all of its right, title and ownership interest in said dog whatsoever, effective upon *HANDLER*'s execution and return of this document and payment of the sum of one and no/100ths dollars (\$1.00) to the City of Modesto.

NOW, THEREFORE, in consideration of this AGREEMENT, the parties hereto agree as follows:

1. *HANDLER* does agree to assume ownership of the Modesto police canine named "Victor", and to assume any and all risks, including, but not limited to, risk of injury or death to third persons, and to hold CITY, its police department, and its employees and/or agents or volunteers harmless from any and all liability, claims, administrative proceedings or other responsibility whatsoever arising from any injuries or damages that may occur on or after the

date ownership of the dog is transferred pursuant to this AGREEMENT. That date is hereby fixed by agreement by and among the parties hereto as being **June 6, 2005**.

2. *HANDLER* further agrees to assume all liability for risks and dangers relating to his/her ownership of the subject police dog on and after the aforementioned date, and to indemnify and hold CITY harmless in the event that any legal or administrative action, whether by claim, demand or otherwise, is made by any person or entity as a consequence of or arising out of any event, act or disturbance involving the subject police dog on or after the date ownership is transferred. These hold harmless provisions shall extend to any direct or vicarious liability arising from any and all losses, liabilities, charges (including reasonable attorney fees and court costs), and any other expenses whatsoever which may arise in any manner after the new owners assumption of ownership on the date identified herein.

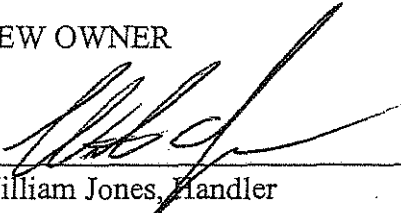

3. *HANDLER* must retain ownership of "Victor" for at least eighteen (18) months prior to any sale of the aforementioned retired police canine.

4. The retired police canine "Victor" shall revert to CITY should the purchaser, *HANDLER* determine he/she can no longer care for the aforementioned dog within the period of time commencing on the date of this AGREEMENT and ending eighteen (18) months from the date fixed by this AGREEMENT.

5. *HANDLER* acknowledges that he/she has read the foregoing AGREEMENT and understands that it is contractual in nature and understands each of its provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 99-370 adopted by the City Council of the City of Modesto on the 20th day of July, 1999.

## MODESTO POLICE DEPARTMENT CANINE TRANSFER CONTRACT

This AGREEMENT, made and entered into in the City of Modesto, State of California, this 6th day of June, 2005, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter referred to as "CITY", and Rigó DeAlba, canine handler for the Modesto Police Department, hereinafter referred to as "HANDLER".

This AGREEMENT is made with regard to the following recitals:

A. *HANDLER* wishes to assume ownership and take possession of that certain retired City of Modesto police canine named "Rex". *HANDLER* was previously the assigned canine handler for "Rex".

B. *HANDLER* wishes to maintain ownership of the above-referenced dog, and the CITY wishes to divest itself of both ownership and vicarious or direct liability for the subject dog.

C. CITY does hereby agree to relinquish all of its right, title and ownership interest in said dog whatsoever, effective upon *HANDLER*'s execution and return of this document and payment of the sum of one and no/100ths dollars (\$1.00) to the City of Modesto.

NOW, THEREFORE, in consideration of this AGREEMENT, the parties hereto agree as follows:

1. *HANDLER* does agree to assume ownership of the Modesto police canine named "Rex", and to assume any and all risks, including, but not limited to, risk of injury or death to third persons, and to hold CITY, its police department, and its employees and/or agents or volunteers harmless from any and all liability, claims, administrative proceedings or other responsibility whatsoever arising from any injuries or damages that may occur on or after the

date ownership of the dog is transferred pursuant to this AGREEMENT. That date is hereby fixed by agreement by and among the parties hereto as being **June 6, 2005**.

2. *HANDLER* further agrees to assume all liability for risks and dangers relating to his/her ownership of the subject police dog on and after the aforementioned date, and to indemnify and hold CITY harmless in the event that any legal or administrative action, whether by claim, demand or otherwise, is made by any person or entity as a consequence of or arising out of any event, act or disturbance involving the subject police dog on or after the date ownership is transferred. These hold harmless provisions shall extend to any direct or vicarious liability arising from any and all losses, liabilities, charges (including reasonable attorney fees and court costs), and any other expenses whatsoever which may arise in any manner after the new owners assumption of ownership on the date identified herein.

3. *HANDLER* must retain ownership of "Rex" for at least eighteen (18) months prior to any sale of the aforementioned retired police canine.

4. The retired police canine "Rex" shall revert to CITY should the purchaser, *HANDLER* determine he/she can no longer care for the aforementioned dog within the period of time commencing on the date of this AGREEMENT and ending eighteen (18) months from the date fixed by this AGREEMENT.

5. *HANDLER* acknowledges that he/she has read the foregoing AGREEMENT and understands that it is contractual in nature and understands each of its provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 99-370 adopted by the City Council of the City of Modesto on the 20th day of July, 1999.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-438**

**A RESOLUTION REJECTING ALL BIDS FOR THE DEVELOPMENT AND  
IMPLEMENTATION OF A STORMWATER MANAGEMENT PROGRAM AND  
AUTHORIZING STAFF TO RE-ADVERTISE THE REQUEST FOR  
PROPOSALS**

WHEREAS, the Environmental Protection Agency requires all municipalities with populations exceeding 100,000 to apply for a National Pollutant Discharge Elimination System (NPDES) Stormwater Permit, and

WHEREAS, the NPDES permit establishes the requirements for reducing pollutant runoff into the City's storm drains, which eventually enters either rockwells and/or local waterways, and

WHEREAS, as part of the City's current NPDES Stormwater Permit, the City was mandated to develop a Storm Water Management Plan (SWMP) and a Stormwater Management Program, and

WHEREAS, the City completed and adopted its SWMP in September 2003, and

WHEREAS, the City must conduct a monitoring program to characterize the runoff from the City and its impact on local waterways, and

WHEREAS, Stormwater Management Program consultant services provided by a firm with SWMP expertise are essential for the City to continue meeting the SWMP requirements, and

WHEREAS, the Economic Development Committee recommended support of this item at its meeting on March 7, 2005, and

WHEREAS, Council, by Resolution No. 2005-171, authorized the Public Works Department to solicit Request for Proposals (RFP) for the development and implementation of a Stormwater Management Program, and

WHEREAS, Staff solicited RFP from 84 firms and formally advertised the RFP, and

WHEREAS, six (6) proposals were received and one firm was disqualified for not following the instructions of the RFP, and

WHEREAS, proposals received were evaluated per evaluation criteria defined in the RFP, and

WHEREAS, a committee consisting of City staff from the Public Works Department evaluated the proposals, and

WHEREAS, after evaluations were made, the top two firms were interviewed by Public Works staff, and

WHEREAS, based on proposals, interviews and costs evaluations, initial award of contract was given to EOA, Inc., and

WHEREAS, on July 11, 2005 staff received a letter from Larry Walker Associates (LWA), the competitive finalist, disputing how the project was awarded, and

WHEREAS, the Public Works Director asked the Purchasing Division to review all documentation regarding this award of contract, and

WHEREAS, after reviewing documentation, Purchasing indicated that the values placed on the costs portion of the evaluation differed from that used by both their division and applied consistently as a standard throughout the City, and

WHEREAS, the appropriate cost methodology was then utilized and LWA became the most responsible bidder, and

WHEREAS, EOA, Inc. sent a letter dated July 21, 2005 to the City Manager expressing their dissatisfaction with the RFP process that led to the change of award, and

WHEREAS, due to the perceived irregularities in the proposal review process, it is necessary to reject all existing bids and issue a new RFP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes rejecting the original bids for the development and implementation of the Stormwater Management Program and authorizes staff to re-advertise the Request for Proposals.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of August 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-439**

**RESOLUTION ADOPTING A POLICY TO REQUIRE THE INSTALLATION OF  
CERTAIN STORM DRAINAGE IMPROVEMENTS PRIOR TO ANY  
DEVELOPMENT IN THE VILLAGE ONE PRECISE PLAN AREA #30**

WHEREAS, in the Village One Specific Plan Area there exists an area bounded by Merle Avenue, Claus Road, Sharon Avenue, and Fine Avenue known as Precise Plan Area #30 (“PPA #30”), and

WHEREAS, this PPA #30 is a roughly 40 acre area of ranchettes, comprised of 16 properties, and one of the property owners would like to develop/subdivide a 3 acre parcel within this PPA #30, and

WHEREAS, the Village One Facilities Master Plan provides for this PPA #30 to drain its storm water to the East Basin which will be located on the east side of Claus Road, and

WHEREAS, City staff hired Camp Dresser & McKee to provide additional analysis of the storm drainage system to allow staff to determine if other storm drainage solutions for PPA #30 were feasible, and

WHEREAS, based on the information provide by CDM, City staff and the Economic Development Committee determined that there are three possible storm drainage solutions described below that can be constructed to serve the PPA #30, and that prior to any development in PPA #30, one of these options must be constructed, and

WHEREAS, at its meeting on August 8, 2005, the Economic Development Committee recommended the three options,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it finds and determines that prior to any development in PPA #30, any one of the following options for storm drainage facilities must be installed:

1. To require that the East Basin as described in the Village One Facilities Master Plan and all the appurtenant piping be installed;
2. To require that a detention basin or linear facility capable of containing 7.4 acre-feet of storm water, with metered discharge to the lines connecting to the West Basin, be designed and constructed and a mechanism established for its maintenance;
3. To require that the existing storm drain line along Merle Avenue and into the Central Basin be upsized or paralleled to accommodate the additional runoff from the entire PPA #30 area.

BE IT FURTHER RESOLVED that the Council finds and determines that the implementation of any one of the above options for storm drainage is required to protect the public health, safety and welfare, and to ensure that any proposed development has adequate and appropriately designed storm drainage facilities to serve it.

WITH DOKKEN ENGINEERING IN THE AMOUNT OF \$22,507.65, TO REVISE  
THE REVEGETATION PLAN FOR THE PROJECT TITLED "REPLACEMENT  
OF THE 9TH STREET BRIDGE OVER TUOLUMNE RIVER," AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AMENDMENT  
TO AGREEMENT**

WHEREAS, on April 13, 1999, the City and Consultant entered into an Agreement for design services for Replacement of the 9<sup>th</sup> Street Bridge over Tuolumne River, and

WHEREAS, revegetation of riparian habitat removed during project construction is a condition of the approvals issued for the project by the State of California Department of Fish and Game, the U.S. Army Corps of Engineers, and National Marine Fisheries Service, and

WHEREAS, revegetation plans and specifications were prepared by Dokken Engineering under Amendment No. 1 consistent with the Ninth Street Bridge Riparian Revegetation Guidelines, and

WHEREAS, plans for the Tuolumne River Regional Park have been prepared and the park is scheduled to begin construction in 2006, and

WHEREAS, modification of the revegetation plans and specifications is recommended to delete revegetation on the north bank of the Tuolumne River where the park improvement plans show regrading and replanting, and

WHEREAS, Consultant represents that it is qualified, willing, and able to provide said services within the required time,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Fourth Amendment to the agreement with Dokken Engineering in the not-to-exceed amount of \$22,507.65, for revision of the revegetation plans and specifications.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the Fourth Amendment to the Agreement.

RESOLUTION NO. 2005-443**

**A RESOLUTION APPROVING THE FINAL MAP OF THE TRAILS AT DRY  
CREEK SUBDIVISION, AUTHORIZING THE CITY MANAGER TO EXECUTE  
A SUBDIVISION AGREEMENT WITH JOHN J. MACHADO AND JUDY A.  
MACHADO, CO-TRUSTEES OF THE MACHADO FAMILY TRUST  
AGREEMENT, U/D/T**

WHEREAS, JOHN J. MACHADO and JUDY A. MACHADO, CO-TRUSTEES OF THE MACHADO FAMILY TRUST AGREEMENT, U/D/T are possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 20.96 acres, known as THE TRAILS AT DRY CREEK SUBDIVISION (“SUBDIVISION”), and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on July 1, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 18<sup>th</sup> day of October, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public

use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-444**

**A RESOLUTION APPROVING THE FINAL MAP OF THE LAGOS  
SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, OF THE CITY  
OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE A  
SUBDIVISION AGREEMENT WITH JOHN LAGOS AND MARIE T. LAGOS,  
HUSBAND AND WIFE, AS COMMUNITY PROPERTY, AND BURKSHIRE  
ESTATES, A CALIFORNIA LIMITED LIABILITY COMPANY**

WHEREAS, JOHN LAGOS and MARIE T. LAGOS, husband and wife, as community property, and BURKSHIRE ESTATES, a California Limited Liability Company, are possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 8.45 acres, known as the LAGOS SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on July 1, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 12<sup>th</sup> day of July, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown

thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-445**

**A RESOLUTION ACCEPTING A PORTION OF THE SUBDIVISION  
IMPROVEMENTS INSTALLED WITHIN THE GALAS BROTHERS UNITS NOS.  
1 AND 2 SUBDIVISIONS AS DESCRIBED ON EXHIBIT "A" IN THE  
ACQUISITION AND SHORTFALL AGREEMENT #1 BETWEEN THE CITY OF  
MODESTO COMMUNITY FACILITY DISTRICT NO. 2003-1 AND DEL VALLE  
HOMES, A CALIFORNIA CORPORATION, AND AUTHORIZING THE CITY  
CLERK TO RECORD A NOTICE OF COMPLETION**

WHEREAS, DEL VALLE HOMES, a California Corporation, ("Subdivider") is the subdivider of the GALAS BROTHERS UNITS NOS. 1 AND 2 SUBDIVISIONS (collectively "Subdivisions") in the Fairview Village Specific Plan Area, and

WHEREAS, the Fairview Village Community Facilities District #2003-1 ("CFD") was formed to fund both the infrastructure and maintenance of facilities needed to serve the Fairview Village Specific Plan Area, and

WHEREAS, the Subdivisions were the first developments to occur in the Fairview Village Specific Plan Area and were required to install a significant amount of infrastructure to support their proposed developments, and

WHEREAS, on June 22, 2004, an Acquisition and Shortfall agreement between the City of Modesto Community Facilities District No. 2003-1 (Fairview Village) and Del Valle Homes was approved by the City Council, and

WHEREAS, Exhibit "A" of said Agreement describes the following facilities to be constructed by Del Valle Homes and to be reimbursed by the CFD:

1. Surface Water Supply Line
2. Water Distribution Pipe Lines
3. Storm Drain Gravity Line to Outfall Line

4. Storm Drain Basin Excavation
5. Sanitary Sewer Force Main, and

WHEREAS, the Agreement allows the Subdivider to obtain reimbursement upon completion of certain functional segments of the Subdivisions improvements, and

WHEREAS, the above-referenced improvements are functional segments of the Subdivisions' improvements, and

WHEREAS, in order for the City to acquire and reimburse the Subdivider for the above functional segments, the City must accept the complete segments on behalf of the public for public use, and

WHEREAS, the Subdivider has filed warranty bonds to guarantee all improvements in the Subdivisions, which warranty bonds will be held until one year and one day after the last of the Subdivisions' Improvements have been accepted by Council, and

WHEREAS, the City Engineer, in a memorandum to Council, indicates that all work as described by Exhibit "A" of the Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept the partial improvements in said subdivisions as complete, and to authorize the City Clerk to file a Notice of Completion.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The following partial public improvements in the Galas Brothers Units Nos. 1 and 2 Subdivisions, as described in Exhibit "A" of the Agreement, are hereby accepted:

- a. Surface Water Supply Line
- b. Water Distribution Pipe Lines
- c. Storm Drain Gravity Line to Outfall Line
- d. Storm Drain Basin Excavation
- e. Sanitary Sewer Force Main

2. The City Clerk is hereby authorized to record a Notice of Completion for the above-listed improvements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-446**

**A RESOLUTION APPROVING AN UPDATE TO THE DISADVANTAGED  
BUSINESS ENTERPRISE (DBE) PROGRAM FOR FEDERALLY FUNDED  
STREET, AIRPORT, AND TRANSIT PROJECTS**

WHEREAS, the Federal Government has adopted Federal Regulation 49 CFR Part 26 that mandates that the City adopt a Disadvantaged Business Enterprise (DBE) Program to be eligible to receive federal street, airport, and transit funds, and

WHEREAS, Caltrans has tentatively approved the draft City of Modesto DBE Program for federally funded street projects, contingent upon Council adopting the program, and

WHEREAS, the recommended overall goal for Modesto in the upcoming year is seven (7%) percent DBE participation, and

WHEREAS, in order to continue to receive Federal funding for street, airport, and transit projects, the City must adopt a DBE Program consistent with Federal regulations and receive approval, and

WHEREAS, the City of Modesto has requested public comments regarding the DBE Program, and none were received,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City of Modesto DBE Program for federally funded streets, airport, and transit projects is hereby approved and adopted.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-447**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO PAY UP TO  
\$2,000 FOR PARTICIPATION IN THE STATEWIDE DISADVANTAGED  
BUSINESS “UNIFIED CERTIFICATION PROGRAM” (UCP)**

WHEREAS, Federal regulations (49 CFR Part 26) necessitate that the City participate in the California Unified Certification Program (UCP), and

WHEREAS, this program is the vehicle for certifying Disadvantaged Business Enterprise (DBE) contractors, and

WHEREAS, Federal regulations require that all jurisdictions receiving federal funds must participate in training costs for the certifying agencies, and

WHEREAS, in order to continue receiving federal funding on street, airport, and transit projects, the City must adopt a DBE Program consistent with federal regulations and receive approval, and

WHEREAS, financial participation in the Unified Certification Program is also required in order to continue receiving Federal funding on street projects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to pay up to \$2,000 for participation in the statewide Disadvantaged Business “Unified Certification Program” (UCP).

RESOLUTION NO. 2005-448**

**A RESOLUTION ACCEPTING THE OFFICE OF TRAFFIC SAFETY (OTS)  
GRANT IN THE AMOUNT OF \$110,000, WITH A CITY MATCH OF \$40,000,  
AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE, TO  
EXECUTE NECESSARY GRANT DOCUMENTS**

WHEREAS, in May, 2005, Traffic Engineering staff received notification that they were awarded an OTS grant in the amount of \$110,000, with a City match of \$40,000, and

WHEREAS, the OTS grant will pay for the purchase of equipment and the City will be responsible for the cost of design and installation of the four in-pavement lighted crosswalk systems and the installation of the countdown pedestrian indications, and

WHEREAS, the Economic Development Committee at their August 8, 2005, reviewed and concurred with staff's recommendation to accept the grant funds and install four lighted crosswalk systems and to install countdown pedestrian indications,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Office of Traffic Safety (OTS) grant in the amount of \$110,000.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the necessary grant documents for said projects.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-449**

**A RESOLUTION AMENDING THE FISCAL YEAR 2005/2006 CAPITAL  
IMPROVEMENT PROGRAM (CIP) BUDGET ACCEPTING THE GRANT  
FUNDS AND ESTABLISHING ONE NEW CIP PROJECT TITLED,  
“PEDESTRIAN AND BICYCLIST SAFETY ENHANCEMENT,” IN THE  
AMOUNT OF \$150,000**

WHEREAS, in May, 2005, Traffic Engineering staff received notification from the Office of Traffic Safety (OTS) that the City was awarded a grant in the amount of \$110,000 for the installation of four lighted crosswalks, and

WHEREAS, the OTS grant will pay for the purchase of equipment, and

WHEREAS, the City will be responsible for the cost of design and installation of the four in-pavement lighted crosswalk systems and the countdown pedestrian indications, and

WHEREAS, this recommendation will require \$40,000 be transferred from Gas Tax Reserves to fund the equipment installation, and

WHEREAS, the Economic Development Committee at their August 8, 2005, meeting, reviewed and concurred with staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2005/2006 Capital Improvement Program budget accepting Office of Traffic Safety grant in the amount of \$110,000, with a \$40,000 City match from Gas Tax Reserves, for a total of \$150,000 and creating a new Capital Improvement Project entitled, “Pedestrian and Bicyclist Safety Enhancement.”

RESOLUTION NO. 2005-450**

**A RESOLUTION APPROVING THE INSTALLATION OF SPEED HUMPS IN  
THE SHERWOOD FOREST SUBDIVISION AND AMENDING THE 2005/2006  
BUDGET TO RECOGNIZE AND APPROPRIATE NEIGHBORHOOD  
PARTICIPATION IN THE AMOUNT OF \$18,200, FOR THE INSTALLATION  
OF SPEED HUMPS IN THE SHERWOOD FOREST NEIGHBORHOOD, FOR  
FISCAL YEAR 2005/2006**

WHEREAS, City Traffic Engineering staff received a request from the Sherwood Forest area residents to install speed humps on various streets in the subdivision, and

WHEREAS, the speed hump installation request has met the City of Modesto Speed Hump Policy criteria, and

WHEREAS, the citizens collected the resources needed to fully fund the speed hump installations, and

WHEREAS, the Economic Development Committee at its August 8, 2005, meeting reviewed and concurred with staff's recommendation to install speed humps in the Sherwood Forest Subdivision,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves approving the installation of speed humps in the Sherwood Forest Subdivision and amending the 2005/2006 Budget to recognize and appropriate neighborhood participation, per the City of Modesto Speed Hump Policy, in the amount of \$18,200 for fiscal year 2005/2006, for the installation of speed humps in the Sherwood Forest neighborhood.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-451**

**A RESOLUTION ACCEPTING A \$550,000 GRANT FROM THE SMALL  
COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM, U.S.  
DEPARTMENT OF TRANSPORTATION, FOR AIRLINE STARTUP  
INCENTIVES TO ATTRACT ADDITIONAL AIRLINE ROUTES TO  
MODESTO, APPROVING THE GRANT AGREEMENT AND AUTHORIZING  
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE GRANT  
AGREEMENT ON BEHALF OF THE CITY**

WHEREAS, on January 19, 2005, the Department of Transportation (DOT) opened the opportunity for communities such as Modesto to apply for the Small Community Air Service Development Program, and

WHEREAS, said grant is intended to provide support for cities wishing to enhance their air service by attracting additional airline routes, and

WHEREAS, Modesto has been identified by DOT as having inadequate air service and unreasonably high airfares, and

WHEREAS, the Airport Advisory Committee endorsed application for the grant being offered by the Small Community Air Service Development Program, and

WHEREAS, the Economic Development Committee approved submittal of a grant application for the Small Community Air Service Development Program in the amount of \$550,000 at its April 11, 2005 meeting, and

WHEREAS, on April 26, 2005, by Resolution No. 2005-212, the Modesto City Council approved submittal of a grant application for a Small Community Air Service Development Program in the amount of \$550,000, and

WHEREAS, on August 25, 2005, the City of Modesto was notified that the Modesto Airport had been awarded a Grant of \$550,000 from the DOT under the Small Community Air Service Development Program, and

WHEREAS, the Grant must be accepted by the City Council on or by September 9, 2005, and

WHEREAS, in order to accept the Grant, the City Council must approve the Grant Agreement and authorize the City Manager to execute it,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the \$550,000 Small Community Air Service Development Program Grant from the U.S. Department of Transportation, and approves the Grant Agreement, a copy of which is attached hereto as Exhibit "A".

BE IT FURTHER RESOLVED by the Council that the City Manager, or his designee, is hereby authorized to execute the Grant Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**GRANT OFFER AND AGREEMENT BETWEEN THE  
U.S. DEPARTMENT OF TRANSPORTATION  
AND THE MODESTO CITY-COUNTY AIRPORT, ACTING FOR THE  
COMMUNITY OF MODESTO, CALIFORNIA, UNDER THE SMALL  
COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM**

WHEREAS, the Modesto City-County Airport (hereinafter referred to as the Sponsor), on behalf of the community of Modesto, California, has applied for a Grant under the Small Community Air Service Development Program; now THEREFORE, the U.S. Department of Transportation, hereinafter referred to as the DOT, acting for the UNITED STATES, offers the Sponsor a grant in the amount of \$550,000 to assist in the Sponsor's efforts to address the air service needs of the community.

**THIS OFFER IS MADE ON AND SUBJECT TO THE FOLLOWING TERMS  
AND CONDITIONS:**

**A. GENERAL CONDITIONS**

1. The maximum obligation of the United States payable under this Offer shall be \$550,000.
2. Payment of the United States' share of the agreed project costs will be made pursuant to and in accordance with the provisions of such regulations and procedures as the DOT may prescribe. Final determination of the United States' share may be based upon a final review of the total amount of agreed project costs and settlement will be made for adjustments to the United States' share of costs.
3. The Sponsor shall carry out and complete the Projects without undue delays and in accordance with the terms hereof, and such regulations and procedures as the DOT may prescribe.
4. The DOT reserves the right to amend or withdraw this offer at any time prior to its acceptance by the Sponsor.
5. This offer shall expire and the United States shall not be obligated to pay any part of the costs of the project unless the Sponsor accepts this offer on or before September 9, 2005, or such subsequent date as may be prescribed in writing by the DOT.
6. The Sponsor shall take all steps, including litigation, if necessary, to recover Federal funds when DOT determines, after consultation with the Sponsor, that such funds have been spent fraudulently, wastefully, or in violation of Federal laws, or misused in any manner in any project upon which Federal funds have been expended. For the purposes of this agreement, the term "Federal funds" means funds however used or disbursed by the Sponsor that were originally paid pursuant to this DOT Grant Agreement (hereinafter referred to as the Grant Agreement).
7. The Sponsor shall retain all documents relevant to the grant award for a period of three years from completion of all projects undertaken pursuant to the Grant Agreement and receipt of final reimbursement from the U.S. Treasury.

It shall furnish the DOT, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share shall be approved in advance by the DOT.

8. The United States shall not be responsible or liable for damage to property or injury to persons that may arise from, or be incident to, compliance with this Grant Agreement.
9. The Sponsor shall ensure compliance with Federal regulations requiring conduct of a Federally-approved audit of any expenditure of funds of \$500,000 or more in a year in Federal awards.
10. The provisions of 49 CFR Part 18 (DOT's procurement standards for grants) will apply to the extent that the Sponsor procures property and services in carrying out the approved grant project(s).

## **B. SPECIAL CONDITIONS**

1. Subject to terms set forth in this agreement, the DOT reserves the right to terminate the Grant Agreement, and the DOT's obligations thereunder, on 90 days' written notice, unless otherwise agreed between the Sponsor and the DOT, if any of the following occurs:
  - a. The Sponsor fails to provide the local contribution as provided in its application, or alternatives approved in writing by the DOT;
  - b. The Sponsor fails to provide the in-kind contributions as provided in its grant application, or alternative in-kind contributions approved in writing by the DOT;
  - c. The Sponsor does not meet the conditions and obligations specified under this Grant Agreement;
  - d. The DOT determines that termination is in the public interest.
2. Either party may seek to amend or modify this Grant Agreement on 30 days' written notice to the other party. The Grant Agreement will be amended or modified only on mutual written agreement by both parties.
3. At any time, on 30 days' written notice, the Sponsor may request termination of this Grant Agreement.
4. Subject to the terms set forth in this Grant Agreement, and unless otherwise agreed between the Sponsor and the DOT, this Grant Agreement will expire two years from the date of execution.

## **C. PROPOSAL SPECIFIC CONDITIONS**

1. Legal Sponsor: City of Modesto, designated by the community of Modesto, California, as the legal Sponsor under the Small Community Air Service Development Program, shall administer the Grant according to the conditions set forth in this Grant Agreement.

Sponsor Contact:

Michael Musca, AAE  
Airport Manager  
Modesto City-County Airport  
617 Airport Way  
Modesto, California 95354  
Tel. 209.577.5319  
Fax 209.576.1985  
mmusca@modestogov.com

2. Project Goals and Objectives

- Secure new service to a hub airport utilizing carrier incentives and marketing, thereby:
  - Improving air service to a broad section of the traveling community surrounding Modesto, California;
  - Mitigating the need for travelers to drive long distances to access air service;
  - Providing better access to the national air transportation system for Stanislaus County.

3. Funding

- a. Total Project Cash Costs: \$650,000  
Federal Share: \$550,000  
Local Share: \$100,000
- b. Payment by DOT shall not exceed \$550,000 for the total project cash costs, which include a financial incentive agreement to secure new service and a comprehensive marketing program to support the new service.
- c. The community will provide the in-kind contributions of \$55,000, as detailed in its application, or alternative in-kind contributions approved by the DOT, toward implementation of the authorized grant project.
- d. The Sponsor shall pay the costs associated with the grant project prior to seeking reimbursement from the DOT.
- e. To seek reimbursement from the DOT, the Sponsor shall submit documentary evidence of all expenditures associated with the grant project set forth in paragraph b., above, and included in the total project costs set forth in paragraph a., above (those to be covered by the local and/or state contribution, as well as those covered by the Federal contribution) on a monthly basis. The DOT will reimburse the Sponsor on a monthly basis for 84.62 percent of all valid expenditures submitted (Federal share of total project costs set forth in paragraph a., above), subject to paragraph f., below. All reimbursement requests to the DOT shall include sufficient documentation to justify reimbursement of the Sponsor, including invoices and proof of payment of the invoice.

- f. Payment of the final 10 percent of the Federal funding for the project will be made after receipt by the DOT of the final report set forth in Section C.4., below.
- g. No reimbursement by the DOT will be made for the financial incentive agreement component until the Sponsor has provided the DOT with a copy of the financial incentive agreement, including the cost and revenue bases for the compensation required.
- h. At the sole option of the DOT, funding may terminate nine months after the execution of this Grant Agreement if the Sponsor has not executed an agreement with Horizon Air or another carrier for air service to a hub airport, unless otherwise agreed between the Sponsor and the DOT.
- i. At the sole option of the DOT, funding may terminate three months after execution of an agreement with Horizon Air or another air carrier if the marketing program to support the service has not been developed and implemented, unless otherwise agreed between the Sponsor and the DOT.
- j. At the sole option of the DOT, funding under this agreement may terminate if no air service by Horizon Air or another carrier has commenced within 18 months of the execution of this grant agreement, unless otherwise agreed between the Sponsor and the DOT.
- k. If during the financial incentive period, the carrier stops providing the subject service, the DOT may choose to terminate reimbursement for that component.
- l. The Sponsor shall ensure that the funds provided by the DOT are not misappropriated or misdirected to any other account, need, project, line-item, or the like.
- m. Any Federal funds not expended in conjunction with the project by the date of expiration (Section B.4) of the Grant Agreement will remain with the DOT, unless otherwise agreed between the Sponsor and the DOT. No further reimbursements to the Sponsor for costs incurred after that date will be made or are to be expected.
- n. Should this Grant Agreement be terminated prior to the expiration date provided herein, the DOT reserves the right to require that any of the funds reimbursed to the Sponsor be returned to the DOT.

#### 4. Reports

- a. Project reports, including progress on milestones as set forth in paragraph b., below, shall be reported to the DOT on a quarterly basis, with reports due to the DOT as follows: April 15 for the First Quarter, July 15 for the Second Quarter, October 15 for the Third Quarter, and January 15 for the Fourth Quarter.
- b. Project reports shall include the following: (i) brief narrative detailing the status of the grant project and the progress being made towards the goals and objectives described in Section C.2.; (ii) status report on the hiring of any consultants in conjunction with implementation of the authorized grant project; (iii) status report on progress toward completion of the in-kind contributions committed to implementation of the authorized grant

project, including documentation evidencing that in-kind contributions were made; (iv) status report on all marketing or promotional activities undertaken; (v) status report on contract negotiations with airlines, including any financial incentive agreement(s); (vi) status report on contract negotiations with other third parties; and (vii) comparison of enplanements at the airport generally on a monthly basis beginning with the month of execution of the Grant Agreement with the same month in each of the previous two years and in 2000 (in a format provided by the DOT).

- c. Final report (in a format to be provided by DOT) of the Sponsor's assessment of the project shall be made to the DOT within three months after expiration of this Grant Agreement or conclusion of the grant project, whichever occurs earlier.

5. Sponsor Obligations

- a. Within three months following the date of execution of an agreement with an airline for service at the community, the Sponsor shall submit to the DOT a detailed marketing plan as set forth in the application, including the types of media to be used, projected expenditures for each marketing component, and timeline for release of the marketing/advertising material.
- b. The Sponsor shall provide, in its quarterly Progress Reports, copies of all promotional materials including:
  - (i) copies of any newspaper and/or magazine advertisements/ inserts, direct mailings, and any other promotional material used in implementing its proposal;
  - (ii) copies of billboard advertisements and cities or airports where the billboards will appear;
  - (iii) details of any Internet marketing program, including the sites on which the marketing will take place; and
  - (iv) other samples of marketing materials (e.g., VHS, DVDs, or CDs for commercial television and/or radio advertisements) to be used.
- c. The Sponsor shall, within 15 calendar days of their execution, provide the DOT with a copy of all agreements concluded between the Sponsor and any consultants, air carriers, or other parties with respect to the grant project. The Sponsor shall, within 15 calendar days of execution, also provide the DOT with notice of any amendment to, or termination of such agreements. The Sponsor shall ensure that all agreements entered into with third parties regarding this grant are consistent with this Grant Agreement and the documents incorporated by reference into the Grant Agreement, pursuant to Section E, below.
- d. The Sponsor shall provide evidence on a quarterly basis as set forth in Section C.4., above, to demonstrate the progress that it has made toward securing the in-kind contributions of \$55,000 detailed in its application, or alternative in-kind contributions approved by DOT.

- e. The Sponsor shall ensure that the obligations set forth in this Grant Agreement are met.

**D. ASSURANCES**

The Sponsor shall execute the attached assurances and certifications in conjunction with execution of this Grant Agreement and shall ensure compliance by the grant recipient with those assurances and certifications.

**E. DEFINITIONS**

**Agreement:** Any written or oral contract, obligation, commitment, or understanding between the Sponsor and/or all parties identified in the community's grant proposal.

**Application or Grant Application:** The complete document submitted by the community/sponsor to the DOT in Docket OST-2005-20127, including amendments.

**Carrier or Air Carrier or Airline:** A citizen of the United States undertaking, by any means, directly or indirectly to provide air transportation, including commuter air carriers and air taxi operators.

**Community:** All parties identified in the grant application as participating in the approved grant project, including the designated Legal Sponsor.

**DOT:** United States Department of Transportation.

**Execution of Grant Agreement:** Signing of the written Grant Agreement by the DOT and the Sponsor.

**Federal Share:** Federal funds authorized for use by the grant recipient in implementing the approved grant project.

**Grant Agreement:** The written agreement between the DOT and the Sponsor for the authorized project under the Small Community Air Service Development Program and DOT Order 2005-8-19, incorporating by reference, except to the extent otherwise inconsistent with the terms of the written agreement, the Application originally submitted to the DOT on April 21, 2005, in Docket OST-2005-20127-70, including any amendments, as well as any material submitted in the Docket as Confidential Material.

**Grant Recipient/Grantee:** Community entity/entities receiving the SCASDP grant.

**Local Share:** Public, community, state, or private funds, excluding in-kind contributions described in the grant application, committed in the grant application for use in implementing the approved grant project.

**Party:** The Department of Transportation and/or the Sponsor, as the context indicates.

**Project or Grant Project:** The authorized use of Federal and/or local funds to fulfill the goals and objectives described in the community grant application.

**Proposal:** Project defined by the community in its grant application.

**Quarter or Quarterly:** Calendar quarter. Reports or other information required for submission on a quarterly basis are due no later than 15 calendar days after close of the calendar quarter.

**Small Community Air Service Development Program (SCASDP):** A grant-in-aid financial assistance program originally established under the Wendell H. Ford Aviation Investment and Reform Act for the 21<sup>st</sup> Century (AIR-21), P.L. 106-181, as amended by Vision 100—The Century in Aviation Reauthorization Act, P.L. 108-176, and codified in 49 U.S.C. 41743.

**Sponsor Obligations:** Responsibilities of the Sponsor under this Grant Agreement and those documents incorporated by reference into the Grant Agreement according to B.1.

**Sponsor or Legal Sponsor:** The designated representative of the grantee to administer and oversee implementation of the Grant Agreement and fulfillment of the authorized grant project.

**Third Party In-Kind Contribution:** property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

**Total Project Cash Costs:** Sum of the Federal and local cash shares contributed toward completion of the approved grant project, excluding in-kind contributions.

**OFFER**

This offer is made in accordance with Public Law 108-176 and Public Law 108-447, according to the above conditions and assurances.

Executed this \_\_\_\_\_ day of \_\_\_\_\_, 2005.

**CERTIFICATE OF SPONSOR'S ATTORNEY**

I, \_\_\_\_\_, acting as Attorney for the Sponsor do hereby certify:  
That in my opinion the Sponsor is empowered to enter into the foregoing Grant Agreement under the laws of the State (or Commonwealth) of \_\_\_\_\_.  
Further, I have examined the foregoing Grant Agreement, and the actions taken by said Sponsor relating thereto, and find that the acceptance thereof by said Sponsor and Sponsor's official representative has been duly authorized and that the execution thereof is in all respects due and proper and in accordance with the laws of the said State (or Commonwealth) and Title 49 U.S.C. In addition, for grants involving projects to be carried out on property not owned by the Sponsor or where Sponsor may make payments to others, there are no legal impediments that will prevent full performance by the Sponsor. Further, it is my opinion that the said Grant Agreement, including the Assurances, constitutes a legal and binding obligation of the Sponsor in accordance with the terms thereof.

**TITLE VI ASSURANCE  
(Implementing Title VI of the Civil Rights Act of 1964, as amended)**

**ASSURANCE CONCERNING NONDISCRIMINATION ON THE  
BASIS OF DISABILITY IN FEDERALLY-ASSISTED PROGRAMS  
AND ACTIVITIES RECEIVING OR BENEFITING FROM  
FEDERAL FINANCIAL ASSISTANCE**

(Implementing the Rehabilitation Act of 1973, as amended, and the  
Air Carrier Access Act of 1986)

49 CFR Parts 21 and 27 and 14 CFR Parts 271 and 382

\_\_\_\_\_ (the Grant Recipient) HEREBY AGREES THAT,  
(Name of Grant Recipient)

I. As a condition to receiving any Federal financial assistance from the Department of Transportation, it will comply: with Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d--42 U.S.C. 2000d-4; all requirements imposed by or pursuant to: Title 49, Code of Federal Regulations, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation--Effectuation of Title VI of the Civil Rights Act of 1964; and other pertinent directives so that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the Department of Transportation. This assurance is required by Title 49, Code of Federal Regulations, section 21.7(a) and Title 14, Code of Federal Regulations, section 271.9(c).

II. As a condition to receiving any Federal financial assistance from the Department of Transportation, it will comply with: section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794); the Air Carrier Access Act of 1986 (49 U.S.C. 1374(c)); and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Part 27, Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance, Title 14, Code of Federal Regulations, Part 382, Nondiscrimination on the Basis of Handicap in Air Travel; and other pertinent directives so that no otherwise qualified person with a disability, be excluded from participation in, be denied the benefits of, be discriminated against by reason of such handicap in the provision of air transportation, or otherwise be subjected to discrimination under any program for which the Recipient receives Federal financial assistance

from the Department of Transportation. This assurance is required by Title 49, Code of Federal Regulations, section 27.9 and Title 14, Code of Federal Regulations, sections 271.9(c) and 382.9.

III. It will promptly take any measures necessary to effectuate this agreement. The Recipient further agrees that it shall take reasonable actions to guarantee that it, its contractors and subcontractors subject to the Department of Transportation regulations cited above, transferees, and successors in interest will comply with all requirements imposed or pursuant to the statutes and Department of Transportation regulations cited above, other pertinent directives, and the above assurances.

IV. These assurances obligate the Recipient for the period during which Federal financial assistance is extended. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the statutes and Department of Transportation regulations cited above, other pertinent directives, and the above assurances.

V. These assurances are given for the purpose of obtaining Federal grant assistance under the Small Community Air Service Development Program and are binding on the Recipient, contractors, subcontractors, transferees, successors in interest, and all other participants receiving Federal grant assistance in the Small Community Air Service Development Program. The person or persons whose signatures appear below are authorized to sign this agreement on behalf of the Grant Recipient.

VI. In addition to these assurances, the Recipient agrees to file: a summary of all complaints filed against it within the past year that allege violation(s) by the Recipient of Title VI of the Civil Rights Act of 1964, as amended, section 504 of the Rehabilitation Act of 1973, as amended, or the Air Carrier Access Act of 1986; or a statement that there have been no complaints filed against it. The summary should include the date the complaint was filed, the nature of the complaint, the status or outcome of the complaint (*i.e.*, whether it is still pending or how it was resolved).

**CERTIFICATION REGARDING INFLUENCING ACTIVITIES**

Certification for Contracts, Grants, Loans,  
and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Influencing Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS  
IN THE PERFORMANCE OF SMALL COMMUNITY AIR SERVICE PURSUANT TO GRANT AWARD  
UNDER THE SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM**

- A. The grant recipient certifies that it will, or will continue, to provide a drug-free workplace by:
- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grant recipient's workplace, and specifying the actions that will be taken against employees for violation of such prohibition;
  - (b) Establishing an ongoing drug-free awareness program to inform employees about--
    - (1) The dangers of drug abuse in the workplace;
    - (2) The grantee's policy of maintaining a drug-free workplace;
    - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
    - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
  - (c) Making it a requirement that each employee to be engaged in the performance of work supported by the grant award be given a copy of the statement required by paragraph (a);
  - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment supported by the grant award, the employee will--
    - (1) Abide by the terms of the statement; and
    - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
  - (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of conviction. Employers of convicted employees must provide notice, including position title, to the Office of Aviation Analysis. Notice shall include the order number of the grant award;
  - (f) Taking one of the following actions, within 30 days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted--
    - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended, or
    - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency;
  - (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- B. The grant recipient *may*, but is not required to, insert in the space provided below the site for the performance of work done in connection with the specific grant.

Places of Performance (street address, city, county, state, zip code). For the provision of air service pursuant to the grant award, workplaces include outstations, maintenance sites, headquarters office locations, training sites and any other worksites where work is performed that is supported by the grant award.

Check [ ] if there are workplaces on file that are not identified here.

## SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM

### GRANT ASSURANCES

**Certification.** The Grantee hereby assures and certifies, with respect to this grant, that:

**1. General Federal Requirements.** It will comply with all applicable Federal laws, regulations, executive orders, policies, guidelines, and requirements as they relate to the application, acceptance and use of Federal funds for this project including but not limited to the following:

#### Federal Legislation

- a. Davis-Bacon Act - 40 U.S.C. 276(a), et seq.
- b. Federal Fair Labor Standards Act - 29 U.S.C. 201, et seq. Airport Assurances (9/99)
- c. Hatch Act - 5 U.S.C. 1501, et seq.
- d. Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 Title 42 U.S.C. 4601, et seq.
- e. National Historic Preservation Act of 1966 - Section 106 - 16 U.S.C. 470(f).
- f. Archeological and Historic Preservation Act of 1974 - 16 U.S.C. 469 through 469c.
- g. Native Americans Grave Repatriation Act - 25 U.S.C. Section 3001, et seq.
- h. Clean Air Act, P.L. 90-148, as amended.
- i. Coastal Zone Management Act, P.L. 93-205, as amended.
- j. Flood Disaster Protection Act of 1973 - Section 102(a) - 42 U.S.C. 4012a.1
- k. Age Discrimination Act of 1975 - 42 U.S.C. 6101, et seq.
- l. American Indian Religious Freedom Act, P.L. 95-341, as amended.
- m. Architectural Barriers Act of 1968 - 42 U.S.C. 4151, et seq.
- n. Power Plant and Industrial Fuel Use Act of 1978 - Section 403 - 42 U.S.C. 8373.
- o. Contract Work Hours and Safety Standards Act - 40 U.S.C. 327, et seq.
- p. Copeland Anti-kickback Act - 18 U.S.C. 874.
- q. National Environmental Policy Act of 1969 - 42 U.S.C. 4321, et seq.
- r. Wild and Scenic Rivers Act, P.L. 90-542, as amended.
- s. Single Audit Act of 1984 - 31 U.S.C. 7501, et seq.

#### Executive Orders

- Executive Order 11246 - Equal Employment Opportunity
- Executive Order 11990 - Protection of Wetlands
- Executive Order 11998 - Flood Plain Management
- Executive Order 12372 - Intergovernmental Review of Federal Programs.
- Executive Order 12898 - Environmental Justice

#### Federal Regulations

- a. 14 CFR Part 13 - Investigative and Enforcement Procedures.
- b. 14 CFR Part 16 - Rules of Practice For Federally Assisted Airport Enforcement Proceedings.
- c. 29 CFR Part 1 - Procedures for predetermination of wage rates.
- d. 29 CFR Part 3 - Contractors and subcontractors on public building or public work financed in whole or part by loans or grants from the United States.
- e. 29 CFR Part 5 - Labor standards provisions applicable to contracts covering federally financed and assisted construction (also labor standards provisions applicable to non-construction contracts subject to the Contract Work Hours and Safety Standards Act).

- f. 41 CFR Part 60 - Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor (Federal and federally assisted contracting requirements).
- g. 49 CFR Part 18 - Uniform administrative requirements for grants and cooperative agreements to state and local governments.
- h. 49 CFR Part 23 - Participation by Disadvantaged Business Enterprise in Airport Concessions.
- i. 49 CFR Part 24 - Uniform relocation assistance and real property acquisition for Federal and federally assisted programs.
- j. 49 CFR Part 26 - Participation by Disadvantaged Business Enterprises in Department of Transportation Programs.
- k. 49 CFR Part 30 - Denial of public works contracts to suppliers of goods and services of countries that deny procurement market access to U.S. contractors.

**Office of Management and Budget Circulars**

- a. A-87 - Cost Principles Applicable to Grants and Contracts with State and Local Governments.
- b. A-133 - Audits of States, Local Governments, and Non-Profit Organizations

Specific assurances required to be included in grant agreements by any of the above laws, regulations, or circulars are incorporated by reference in the grant agreement.

**2. Responsibility and Authority of the Grantee.**

a. It has legal authority to apply for the grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

**3. Fund Availability.** It has sufficient funds available for that portion of the project costs that are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under the grant agreement that it will own or control.

**4. Preserving Rights and Powers.**

a. It will not take or permit any action that would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in the grant agreement without the written approval of the DOT, and will act promptly to acquire, extinguish, or modify any outstanding rights or claims of right of others that would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the DOT.

**5. Accounting System, Audit, and Record Keeping Requirements.**

a. It shall keep all project accounts and records that fully disclose the amount and disposition by the recipient of the proceeds of the grant, the total cost of the project in connection with which the grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

b. It shall make available to the DOT and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to the grant. The DOT may require that a recipient

conduct an appropriate audit. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which the grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United States not later than six (6) months following the close of the fiscal year for which the audit was made.

**6. Minimum Wage Rates.** It shall include, in all contracts in excess of \$2,000 for work on any projects funded under this grant agreement that involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

**7. Economic Nondiscrimination.** In any agreement, contract, lease, or other arrangement under any project funded under this grant agreement and for which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the Grantee will insert and enforce provisions requiring the contractor to (1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and (2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

**8. Engineering and Design Services.** It will award each contract or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, or related services with respect to the project in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949 or an equivalent qualifications-based requirement prescribed for or by the Grantee.

**9. Foreign Market Restrictions.** It will not allow funds provided under this grant to be used to fund any project that uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

**10. Relocation and Real Property Acquisition.** (1) It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B. (2) It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24. (3) It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

**11. Buy America.** In accepting this award, the grant recipient agrees to comply with sections 2 through 4 of the Act of March 3, 1933 (41 U.S.C. 10a-10c, popularly known as the "Buy American Act"). The recipient should review the provisions of the Act to ensure that expenditures made under this award are in accordance with it. In compliance with Section 508 of Public Law 108-447, the grant recipient is hereby notified that it is in the sense of the Congress of the United States that only American-made equipment and products should be purchased with financial assistance provided under this award.

### CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS – PRIMARY COVERED TRANSACTIONS

#### Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant

may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

**Certification Regarding Debarment, Suspension, and Other Responsibility Matters --  
Primary Covered Transactions**

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**OFFICE OF THE SECRETARY OF TRANSPORTATION  
CERTIFICATION REGARDING DEBARMENT, SUSPENSION,  
INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED  
TRANSACTIONS**

**Instructions for Certification**

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

**Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion -- Lower Tier Covered Transactions**

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-452**

**A RESOLUTION AMENDING THE 2006 OPERATING BUDGET TO APPROPRIATE \$705,000 TO THE DEPARTMENT OF TRANSPORTATION AIR SERVICE DEVELOPMENT GRANT ACCOUNT (6310-440-5415) AND TO BUDGET APPROPRIATE REVENUES, WHICH ARE \$550,000 IN GRANT FUNDS FROM THE SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM, U.S. DEPARTMENT OF TRANSPORTATION, AND \$155,000 OF LOCAL SHARE FUNDING, WHICH INCLUDES \$35,000 FROM AIRPORT FUND RESERVES**

WHEREAS, on January 19, 2005, the Department of Transportation (DOT) opened the opportunity for communities such as Modesto to apply for the Small Community Air Service Development Program, and

WHEREAS, said grant is intended to provide support for cities wishing to enhance their air service by attracting additional airline routes, and

WHEREAS, Modesto has been identified by DOT as having inadequate air service and unreasonably high airfares, and

WHEREAS, the Airport Advisory Committee endorsed application for the grant being offered by the Small Community Air Service Development Program, and

WHEREAS, the Economic Development Committee approved submittal of a grant application for the Small Community Air Service Development Program in the amount of \$550,000 at its April 11, 2005 meeting, and

WHEREAS, on April 26, 2005, by Resolution No. 2005-212, the Modesto City Council approved submittal of a grant application for a Small Community Air Service Development Program in the amount of \$550,000, and

WHEREAS, on August 25, 2005, the City of Modesto was notified that the Modesto Airport had been awarded a Grant of \$550,000 from the DOT under the Small Community Air Service Development Program, and

WHEREAS, amending the 2006 Operating Budget to appropriate the \$705,000 to Department of Transportation Air Service Development Grant Account (6310-440-5415) and to budget appropriate revenues, which are \$550,000 in grant funds from the Small Community Air Service Development Program, U.S. Department of Transportation, and \$155,000 of Local Share funding, which includes \$35,000 from Airport Fund Reserves,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the 2006 Operating Budget to appropriate \$705,000 to the Department of Transportation Air Service Development Grant (Account 6310-440-5415) and to budget appropriate revenues which are \$550,000 grant funds from the Small Community Air Service Development Program, U.S. Department of Transportation, and \$155,000 of Local Share funding, which includes \$35,000 from Airport Fund Reserves.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-453**

**A RESOLUTION DENYING THE APPEAL OF JET INVESTMENTS  
REGARDING KANSAS AVENUE AUTO CENTER FOR MODIFICATION OF  
CAPITAL FACILITIES FEES**

WHEREAS, on June 24, 2003, the Modesto City Council adopted Resolution No. 2003-309 updating its Capital Facilities Fee (CFF) program for the establishment and collection of fees for future capital facilities, and

WHEREAS Resolution No. 2003-309 defines the categories of uses and rates on which the fees will be collected, and

WHEREAS, the categories identified in the CFF program include a broad range of uses based on square footage to ensure that each use pays its share of the CFF based on the anticipated impacts of the development, and

WHEREAS, the current City practice is to charge auto service centers the retail rate based on square footage as a result of the comprehensive study undertaken to enact the CFF program which went into effect in September 2003, and

WHEREAS, on January 21, 2005, a request was received from Morad Engineering on behalf of JET Investments to collect CFF at the industrial rate rather than the retail rate for the 830 Kansas Avenue Auto Center, and

WHEREAS, on January 31, 2005, Edmond Morad of Morad Engineering was notified by letter from Amy Gedney, Infrastructure Financing Program Administrative Officer, that the CFF Committee had determined that CFF for an auto parts store should be collected at the retail rate, and

WHEREAS, on April 4, 2005, a letter from Michael A. Rein, Esq, was received, on behalf of JET Investments regarding payment of CFF under protest, and

WHEREAS, on June 29, 2005, Michael Rein, Esq., was notified by letter from Amy Gedney, Infrastructure Financing Program Administrative Officer, that based on an analysis by the City Traffic Engineer, using ITE standards, a determination had been made that the traffic generated by an auto service center use falls within the normal range for retail uses, and

WHEREAS, by letter from Horizon Consulting Services dated July 28, 2005, to Jean Zahr, City Clerk, JET Investments appealed the City's determination that auto service centers should be charged CFF at the retail rate, and

WHEREAS, said appeal was set for a public hearing before the City Council at its regular meeting place in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, on September 6, 2005, at 5:30 p.m., at which date and time said duly noticed public hearing was held and evidence, both oral and documentary, was received and considered.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto, that it hereby makes the following findings:

1. The City Council has reviewed JET Investments request based on traffic data and has determined that auto service centers fall within the normal range for retail uses as outlined in the CFF program based on the afternoon peak hour rates per 1,000 sq. feet for the range of retail uses as denoted in the Institute of Transportation Manual.

2. Said appeal should be denied as recommended because auto service centers fall within the normal range for retail uses as outlined in the CFF program.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby denies the appeal of JET Investments regarding modification of Capital Facilities Fees for automotive service centers for the reason set forth above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-454**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CALLING  
AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY OF THE CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)  
SPECIAL TAXES TO THE QUALIFIED ELECTORS OF THE TERRITORY  
PROPOSED TO BE ANNEXED TO THE DISTRICT (ANNEXATION NO. 8)**

WHEREAS, this Council did, on June 28, 2005, adopt its Resolution No. 2005-320 (the “Resolution of Intention to Annex”) to indicate its intention to annex certain territory to the City’s Community Facilities District No. 2004-1 (Village One #2) (the “District”) and authorize the levy of the District special taxes within the territory proposed to be annexed (the “Annexed Territory”), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District; and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, the Annexed Territory will be annexed to and subject to the special taxes in Tax Zone #2, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled "Annexation Map No. 8 of Community Facilities District No. 2004-1 ("Village One #2) of the City of Modesto, County of Stanislaus, State of California," was recorded on June 29, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 20; and

WHEREAS, at the time and date set for the hearing (August 9, 2005) pursuant to the Resolution of Intention to Annex, the public hearing was opened and continued to Tuesday, September 6, 2005; and

WHEREAS, this Council held the public hearing on Tuesday, September 6, 2005, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to

the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner or owners of all of the land in the Annexed Territory (hereinafter referred to as "Landowner," without regard to number), the election shall be held on the 6th day of September 2005. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681)

and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CANVASSING THE RESULTS OF THE SEPTEMBER 6, 2005, ELECTION HELD  
WITHIN THE TERRITORY PROPOSED TO BE ANNEXED TO CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2), AND  
ORDERING ANNEXATION OF THE TERRITORY TO THE DISTRICT  
(ANNEXATION NO. 8)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2005-320, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 8)" adopted on June 28, 2005, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

WHEREAS, the owners of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced

in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2005-454, adopted on September 6, 2005, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for September 6, 2005, or as soon thereafter as practicable, relative to the foregoing; and

WHEREAS, on September 6, 2005, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owners of the territory proposed to be annexed is as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2005-320 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

## CERTIFICATE OF CITY CLERK

I, JEAN ZAHR, City Clerk of the City of Modesto, hereby certify that, pursuant to Resolution No. 2005-454, A Resolution of the City Council of the City of Modesto Calling an Election for the Purpose of Submitting the Levy of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) Special Taxes to the Qualified Electors of the Territory Proposed to be Annexed to the District (Annexation No. 8) adopted on June 28, 2005, by the City Council of the City of Modesto, I did conduct the Special Tax Election on September 6, 2005, and that the election was conducted by mail or in person at the City Hall of the City of Modesto.

I further certify that the following shows the full text of the measure submitted to the voters at the election and the full and true totals of all votes cast for and against the measure.

**Proposition A.** Shall special taxes for Tax Zone #2, with maximum rates, method of apportionment, and manner of collection as provided in Exhibit A to the City's Resolution No. 2004-683, entitled "A Resolution of the City Council of the City of Modesto Creating Tax Zone #2 in Community Facilities District No. 2004-1 (Village One #2), Approving an Increase in the One-Time Facilities Special Tax Therein, and Approving Updates of the Rate and Method of apportionment of Special Taxes for the District", adopted by the City Council of the City of Modesto on December 14, 2004, which is incorporated herein by this reference, be levied within the territory proposed to be annexed to Tax Zone #2 of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) pursuant to the City's Resolution No. 2005-320, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 8)" adopted by the City Council of the City of Modesto on June 28, 2005, for the purposes set forth in Resolution No. 2004-199, entitled "A Resolution of the City Council of the City of Modesto of Formation, Establishing City of Modesto Community Facilities District No. 2004-1 (Village One #2), Authorizing the Levy of Special Taxes within the District, Preliminarily Establishing an Appropriations Limit for the District, and Calling an Election for the Purpose of Submitting the Levy of the Special Taxes and the Establishment of the Appropriations Limit to the Qualified Electors of the District", adopted by the City Council of the City of Modesto on April 6, 2004, which is incorporated herein by this reference?

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-456**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN (ANNEXATION NO. 10)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, it is intended that the territory be annexed to Tax Zone #2.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled “Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California” on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled “Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled “Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled “Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 91; the map entitled “Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled “Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village

One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 99; the map entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2; the map entitled “Annexation Map No. 6 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 7; the map entitled “Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2), As Amended,” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 12; the map entitled “Annexation Map No. 8 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 20; and the map entitled “Annexation Map No. 9 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps and Assessment and Community Facilities Districts, at Page 27.

SECTION 3. The territory proposed to be annexed to the District (the “Territory”) is described in Exhibit A.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 10 of Community Facilities District No. 2004-1 (Village One #2), of the City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, which map is hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date

and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110, 3110.5, and 3313 of the California Streets and Highways Code, including a reference to the title, book, page and recording date of the original boundary map of the District.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Formation. It is intended that the same special taxes be levied in the Territory, except that the increase of the One-Time Facilities Special Tax component of the special taxes, as authorized by the Resolution of Creation of Tax Zone #2, shall be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, October 25, 2005, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made.

All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None

RESOLUTION NO. 2005-457**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE  
#2) AND SYLVAN SCHOOL DISTRICT FOR INSTALLATION OF A STORM  
DRAIN LINE ON KODIAK DRIVE (ADJACENT TO SANDERS PARK SITE),  
AND AUTHORIZING THE DISTRICT ADMINISTRATOR TO EXECUTE THE  
AGREEMENT**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, Sylvan School District ("School District") has agreed to install certain improvements on Kodiak Drive (adjacent to Sanders Park site), and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement ("agreement") between City of Modesto Community Facilities District No. 2004-1 and School District, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$114,626, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Sylvan School District, a copy of which is on file in the City Clerk's Office, and authorize the District Administrator to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-458**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR THE PURCHASE OF INET SYSTEM EQUIPMENT TO NETLOGIC  
SOLUTIONS, MODESTO, CA, FOR A TOTAL BID PRICE OF \$246,858.94**

WHEREAS, as part of the City's franchise agreement with Comcast, Comcast is to develop a Citywide fiber INET to be utilized by the City of Modesto and several participating school districts, and

WHEREAS, the construction of the INET is completed and currently undergoing validation testing, and

WHEREAS, the INET will not be functional until the City and its participants are able to acquire and install equipment that will allow communications to flow between facilities connected to the INET, and

WHEREAS, on October 12, 2004, by Resolution NO. 2004-535 Council approved the use of \$150,000 of funding for the first phase of the INET implementation, which provides for service to all Fire Stations, and

WHEREAS, this funding request connected the remaining 26 City sites providing high speed data connectivity and the framework for future deployment of voice over IP (VOIP) and other advanced services, and

WHEREAS, the City is unable to take advantage of the INET without purchasing and installing equipment that allows the facilities on the INET to communicate with one another, and

WHEREAS, the INET will provide the City the capability to increase network speeds and bandwidth, which is desperately needed for some remote sites, and

WHEREAS, the INET will also provide the City with the opportunity to broadcast video to any facility on the INET as well as begin the migration to VOIP phone services, saving the City more than \$95,000 annually, and

WHEREAS, the INET will serve as the “hard wired backbone” for a future City of Modesto wireless application that is also being planned for, and

WHEREAS, on May 24, 2005, by Resolution No. 2005-265 Council approved authorizing the Purchasing Supervisor to formally solicit bids for the purchase of INET system equipment, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0506-04, for the purchase of INET system equipment to eleven (11) companies, posted the bid on the City’s web site, and formally advertised as required by law, and

WHEREAS, of the eleven (11) companies solicited, one (1) company chose to respond, and

WHEREAS, City staff recommends the award of Bid No. 0506-04 and contract for the purchase of INET system equipment to Netlogic Solutions, Modesto, CA, for a total bid price of \$246,858.94.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0506-04 and contract for the purchase of INET system equipment to Netlogic Solutions, Modesto, CA, for a total bid price of \$246,858.94.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order for the purchase of INET system equipment to Netlogic Solutions, Modesto, CA, for a total bid price of \$246,858.94.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-459**

**A RESOLUTION APPROVING AN AGREEMENT WITH TURNSTONE CONSULTING FOR PREPARATION OF A MASTER ENVIRONMENTAL IMPACT REPORT FOR THE CITY'S WASTEWATER MASTER PLAN AND WASTEWATER RATES AND COLLECTION FEES UPDATES IN AN AMOUNT NOT TO EXCEED \$456,396, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City is in the process of planning for a significant wastewater capital improvement program ("CIP") in order to meet existing deficiencies and replacement needs within its wastewater system, as well as to provide capacity to meet the needs of projected growth; and

WHEREAS, the planning effort includes an update to the City's 1995 Wastewater Master Plan to evaluate the City's infrastructure needs, as well as a comprehensive update to the City's wastewater rates and collection fees to provide the funding necessary to implement the CIP (collectively, the "Project"); and

WHEREAS, the City has determined that a master environmental impact report ("MEIR") should be prepared for the proposed Project to satisfy the requirements of the California Environmental Quality Act; and

WHEREAS, the City has determined that Turnstone Consulting is willing, able and well-qualified to prepare the MEIR for the proposed Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement between the City of Modesto and Turnstone Consulting for preparation of a Master Environmental Impact Report for the City's Wastewater Master Plan and Rates and Collection Fees Updates, in an amount not to exceed \$456,396, a copy of which is on file in the City Clerk's office.

BE IT FURTHER RESOLVED THAT the City Manager is hereby authorized to execute the Agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of September, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-460**

**A RESOLUTION TO AMEND THE FY 2006 CIP BUDGET: A) TO REDUCE COLLECTION SYSTEMS REHAB PROJECT 6210-480-B574 BY \$150,000; B) TO REDUCE ANNUAL R&R PRIMARY SITE PROJECT 6210-480-B576 BY \$317,700; C) TO REDUCE ANNUAL R&R SECONDARY SITE PROJECT 6210-480-B577 BY \$317,700 AND RETURN THOSE FUNDS TO WASTEWATER FUND BALANCE 6210-800-8000-8003 TO BE REALLOCATED TO THE WASTEWATER MASTER PLAN 6210-430-A208 FOR A TOTAL OF \$785,400**

WHEREAS, on September 6, 2005, the City Council approved a Professional Services Agreement with Turnstone Consulting to prepare an Environmental Impact Report for the Wastewater Master Plan and Wastewater Rate and Connection Fees Update (“EIR”), and

WHEREAS, the EIR’s total cost of \$456,396 is more than the Wastewater Master Plan Fund balance of \$21,000, by an amount of \$435,396, and

WHEREAS, on September 27, 2005, the City Council will consider approving a Professional Services Agreement with Carollo Engineers to prepare the Wastewater Master Plan Phase 2 for the amount of \$332,000, and

WHEREAS, on September 27, 2005, the City Council will also consider approving staff charges of \$18,000 to administer the Carollo Engineer’s Wastewater Master Plan Phase 2 Agreement, and

WHEREAS, the Wastewater Master Plan Phase 2 will perform critical infrastructure planning tasks, including identifying improvements for existing and future services, and

WHEREAS, the EIR will identify new wastewater rates and connection fees which will fund capital projects associated with the Wastewater Master Plan, and

WHEREAS, the Finance Department has indicated that there are sufficient funds in the Fund 6210 fund balance for the appropriation of this project within the FY 2006 Capital Improvement Program Budget to fully fund 6210-430-A208,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amendment to the FY 2006 CIP Budget: a) to reduce Collection Systems Rehab Project 6210-480-B574 by \$150,000; b) to reduce Annual R&R Primary Site Project 6210-480-B576 by \$317,700; c) to reduce Annual R&R Secondary Site Project 6210-480-B577 by \$317,700 and return those funds to Wastewater Fund Balance 6210-800-8000-8003 to be reallocated to the Wastewater Master Plan 6210-430-A208 for a total of \$785,400.

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the steps necessary to amend the Capital Improvement Budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13th day of September 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-462**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE  
PUMP STATION FOR WELL 62 AT FREEDOM PARK PROJECT,  
ACCEPTING THE BID AND APPROVING A \$632,315 CONTRACT WITH R.L.  
DAVIS CONSTRUCTION CO., INC., FOR THE PROJECT TITLED, “PUMP  
STATION FOR WELL 62 AT FREEDOM PARK,” AND AUTHORIZING THE  
CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the bids received for “Pump Station For Well 62 At Freedom Park” were opened at 11:00 a.m. on August 16, 2005, and later tabulated by the Acting Public Works Director for the consideration of the Council, and

WHEREAS, the Acting Public Works Director has recommended that the bid of \$632,315 received from R.L. Davis Construction Co., Inc., be accepted as the lowest responsible bid and the contract be awarded to R.L. Davis Construction Co., Inc.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for said project, and accepts the bid of R.L. Davis Construction Co., Inc., in the amount of \$632,315, and hereby awards R.L. Davis Construction Co., Inc., the contract titled “Pump Station For Well 62 At Freedom Park”

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-463**

**RESOLUTION ADOPTING A MITIGATED NEGATIVE DECLARATION (SCH #2005042019) FOR THE WELLS REPLACEMENT PROJECT AND ADOPTING A FINDING THAT THE CITY COUNCIL HAS REVIEWED AND CONSIDERED AND MADE FINDINGS REGARDING THE CEQA ENVIRONMENTAL REVIEW DOCUMENT**

WHEREAS, Section 15064 (f)(2) of the CEQA Guidelines relating to Initial Study/Mitigated Negative Declarations permits a lead agency to prepare an Initial Study/Mitigated Negative Declaration on any proposed Project to analyze whether the Project may cause any significant effect on the environment, and

WHEREAS, a proposed Wells Replacement Project consists of two new drinking water well sites in the City of Modesto to replace the water supply capacity that the City has lost from the closure of existing drinking water well sites within the City in order to serve existing and approved development in the City, and

WHEREAS, the proposed Project includes two well sites and an alternate site, the first site located within the Village One Specific Plan area in the northeast corner of the Freedom Park site and adjacent to Freedom Elementary School, the second site located within the Pelandale/Snyder Specific Plan area at the northwest corner of the existing McKinney Colony park site near the corner of Warm Springs Drive and Pickford Way, and an Alternative Site located within the Village One Specific area in the future Grogan Park site near the corner of Litt Road and Sylvan Avenue, and

WHEREAS, Pacific Municipal Consultants (PMC), under contract with the City, prepared an Initial Study and Mitigated Negative Declaration (SCH #2005042019) for the Wells Replacement Project and said Initial Study and Mitigated Negative Declaration

identified potential significant impacts from the proposed Project relating to biological resources, hazardous materials and the generation of noise, and

WHEREAS, pursuant to CEQA Section 15070, the City agreed to incorporate feasible mitigation measures into the proposed Wells Replacement Project before the Initial Study/Mitigated Negative Declaration was released for public review in order to avoid or mitigate the identified impacts to a point where clearly no significant impact on the environment will occur, and

WHEREAS, CEQA Guidelines Section 15070 permits the adoption of Mitigated Negative Declarations when the Project has been revised, so that potential significant adverse impacts can be avoided or mitigated to a less than significant level, and

WHEREAS, a 30-day public review period for the proposed Project began on April 4, 2005 and ended on May 3, 2005, and

WHEREAS, the City did not receive any public comments on the draft Initial Study/Mitigated Negative Declaration so, following the public review, there were no suggested technical revisions to be made to the document or any of the proposed mitigation measures, and

WHEREAS, the Mitigation Monitoring and Reporting Program (MMRP) is included and described within the Initial Study/Mitigated Negative Declaration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study/Mitigated Negative Declaration prepared for the Wells Replacement Project, a copy of which is on file in the City Clerk's Office, and based on the substantial evidence provided in said Initial Study/Mitigated Negative Declaration makes the following findings:

1. This Initial Study, prepared pursuant to CEQA Section 15063, has identified potential significant environmental effects that would result from the Project. The additional significant effects are potential impacts related to biological resources, hazardous materials and the generation of noise.
2. Feasible mitigation measures were agreed to by the City and incorporated into the proposed Project before the Initial Study and Mitigated Negative Declaration was released for public review pursuant to CEQA Section 15070 in order to avoid or mitigate the identified effects to a point where clearly no significant effects on the environment will occur.
3. There is no substantial evidence in light of the whole record before the public agency that the proposed Project, as revised, may have a significant effect on the environment (CEQA Section 21064.5(2)).
4. Based on the above-referenced Initial Study/Mitigated Negative Declaration and the fact that feasible mitigation measures were incorporated to revise the proposed Project in order to avoid the effects or mitigate the effects to the point where clearly no significant effect on the environment will occur, the Initial Study/Mitigated Negative Declaration should be adopted for the proposed Project.
5. Although the proposed Project could have a significant effect on the environment, there will not be a significant effect in this case because the mitigation measures described above have been added to the Project. The Initial Study/Mitigated Negative Declaration, (SCH #2005042109) will therefore be adopted.
6. The City further finds that the cumulative impacts of this Project are less than significant as described in Section 4.0 of the Initial Study/Mitigated Negative Declaration (Cumulative Impacts). As such, this Project would generate no additional cumulative impacts that were not previously addressed in the Master EIR. All appropriate mitigation measures from the Master EIR have been incorporated into the Project, and no further evaluation of cumulative impacts is required.
7. As required by CEQA Section 21081.6 et seq., the mitigation monitoring program (Section 6.0 of the Initial Study/Mitigated Negative Declaration) is hereby adopted.
8. The Initial Study/Mitigated Negative Declaration (SCH #2005042019) provides the substantial evidence to support findings 1 through 7, above.

A copy of said Initial Study/Mitigated Negative Declaration (SCH NO. 2005042019) is on file with the City Clerk. The City of Modesto Public Works Department, Capital Improvement Services, is the custodian of the documents and other materials which constitute the record of proceedings upon which its decision is based. The records are located at the office of the City of Modesto Public Works Deputy Director, 1010 Tenth Street, Fourth Floor, Modesto, CA 95354.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Public Works Director is hereby authorized and directed to file a Notice of Determination pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-464**

**A RESOLUTION AUTHORIZING THE PURCHASE AND INSTALLATION OF  
A LIEBERT 65KVA UNINTERRUPTIBLE POWER SUPPLY FOR THE IT  
DEPARTMENT, FOR A TOTAL ESTIMATED COST OF \$100,000**

WHEREAS, the 5<sup>th</sup> floor datacenter is provided with “clean” power and power protection through an IPM/Powerware BPII Uninterruptible Power Supply (UPS) unit located on the 5<sup>th</sup> floor, and

WHEREAS, this UPS supports Citywide financial systems such as budget, accounting and payroll, and

WHEREAS, the UPS has experienced several failures over the last several months to its charging system and is currently experiencing total system failure, and

WHEREAS, the Power BPII is a discontinued model, and

WHEREAS, parts have limited availability and this has resulted in long delays in service and repairs, and

WHEREAS, in the past two (2) months, the IT Department has experienced three (3) system failures resulting in total datacenter blackouts, as well as loss/damage to data and equipment, and

WHEREAS, the system experienced total system failure on August 29, 2005, resulting in numerous service calls, and

WHEREAS, parts replacement has been unsuccessful in repairing the system, and

WHEREAS, the vendor is still trying to determine the problem, and cannot provide a realistic timeframe for successful repair, and

WHEREAS, the datacenter is currently operating on utility power with no backup protection in place, and no guaranteed UPS repair time estimates, and

WHEREAS, the current UPS is located in a non-environmentally controlled location, and

WHEREAS, this may have been a partial cause of the system's failure, and

WHEREAS, the new system's cost estimate includes relocation to an environmentally controlled location, as well as associated wiring and installation costs, and

WHEREAS, engineering site visits will be a requirement in the solicitation of bids, and

WHEREAS, the 5<sup>th</sup> floor datacenter UPS provides continuous power to all enterprise computer equipment in the event utility provided power fails, and

WHEREAS, the UPS is the "failsafe" that protects the City's datacenter, including all mission critical servers and data systems, and

WHEREAS, the UPS provides critical temporary power in the event of loss of utility power to allow servers and data systems to shut down in a normal fashion, and

WHEREAS, failure of the utility provided power source, without UPS protection, would result in immediate failure and shutdown of all datacenter systems, and

WHEREAS, additionally, this immediate mode of shutdown often results in server damage to the servers and/or data systems, and

WHEREAS, shutdown of datacenter and web-based applications will negatively impact all City staff and citizens of Modesto, and

WHEREAS, due to the critical nature of having a dependable UPS system in place that protects several operating systems Citywide, such as the financial system's budget, accounting and payroll systems, and based on the fact of the recent power losses experienced by the IT Department, the City Manager's Office has determined this to be a critical situation, demanding a (critical need) circumstances, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid. However, one exception to the code (8-3.204 (c)), allows for the Purchasing Supervisor, in his or her discretion, to determine that calling for formal bids on a competitive basis, as set forth in Section 8-3.203 is undesirable due to demanding circumstances, and

WHEREAS, based on the critical nature of the request the Purchasing Supervisor evoked that exception for this purchase and installation. The solicitation of informal competitive bids for the purchase and installation of a Liebert 65KVA uninterruptible power supply will conform to Modesto Municipal Code Section 8-3.203, and demonstrate that a competitive process was met

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Following Council approval, the Purchasing Division will solicit competitive quotes for the purchase and installation of a Liebert 65KVA uninterruptible power supply, evaluate bid responses for the best overall value to the City, and issue a purchase order to the selected vendor.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-465**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED  
DEVELOPMENT ZONE, P-D(574). (ERNIE YOSHINO)**

WHEREAS, a verified application for an amendment to Section 16-3-9 of the Zoning Map was filed by Ernie Yoshino on January 24, 2005, to reclassify from Medium-High Density Residential Zone, R-3, to Planned Development Zone, P-D(574), to allow conversion of an existing residence to a medical office, property located on the west side of Coffee Road south of Athens Avenue, described as follows:

R-3 to P-D(574)

A portion of the North Half of Southeast quarter of Section 16, Township 3 South, Range 9 East, Mount Diablo Base and Meridian, described as follows:

Commencing at the Northeast corner of the Southeast quarter of said Section 16, said point being on the centerline of a 50 foot County Road known as Coffee Road, thence along the Northerly line of said Southeast quarter, North 88° 37' West 25.01 feet to a point on the Westerly line of said Coffee Road; thence South along the Westerly line of said Coffee Road parallel with and 25.00 feet distant from the Easterly line of said Section 16, a distance of 426.99 feet to the Southeast corner of Lot 10 in Block 12910 of Brookdale Park No. 3, as per map filed February 25, 1963 in Volume 20 of Maps, as Page 61, and THE TRUE POINT OF BEGINNING; thence at right angles West along the South line of said Lot 10 a distance of 136.39 feet to a point on the East line of a 20 foot alley shown in said Block 12910 Map of Brookdale Park No. 3; thence South 0° 29' West along the east line of said 20 foot alley a distance of 111.53 feet to the Northwest corner of Lot 11 in said Block 12910; thence North 89° 07' East along the North line of said Lot 11 a distance of 139.05 feet to the Northeast corner of said Lot 11 also being a point on the West line of 50 foot wide Coffee Road; thence North 0° 53' West along said West line of said Coffee road a distance of 111.50 feet, more or less, to THE POINT OF BEGINNING;

Including also all of the 20 foot alley immediately adjacent to the above described property.

WHEREAS, after a public hearing held on June 20, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2005-32, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

- a. The proposed Planned Development corresponds with the "Coffee Road Zoning & Development Policy" adopted by the Planning Commission on January 18, 1972 (Amended on February 6, 1989). The Policy attempts to concentrate higher intensity land uses such as Professional Office (P-O) Zones along the Coffee Road Frontage.
- b. That the proposed Planned Development Zone, by reason of its plot plan design, will be compatible with the surrounding land uses.

WHEREAS, said matter was set for a public hearing of the City Council to be held on September 13, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Ernie Yoshino for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2005-32 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3394-C.S. on the 13th day of September, 2005, reclassifying the above-described property from Medium-High Density Residential Zone, R-3, to Planned Development Zone, P-D(574).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(574), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and floor plans titled "Dr Gervacio Diaz Building" as amended in red, stamped approved by the City Council on September 13, 2005.
2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Screen landscaping shall be installed along the north, south and west property lines. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
3. The project shall dedicate 5 feet of street right-of-way along Coffee Road and repair all street improvements including, but not limited to curb, gutter, and sidewalk, and be consistent to Standard Specifications. This shall be provided prior to the occupancy of any structures or when requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area.
4. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.
5. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.
6. Irrigation lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Easements for irrigation lines to remain shall be dedicated.
7. Local Stormwater Pollution Prevention Plan (SWPPP) for project must be submitted to Development Services-Stormwater prior to the issuance of a Building Permit. Local SWPPP to include soil stabilization measures, sediment controls; drain inlet protection in public right-of-way, stabilized construction entrance, and concrete wash out area.

8. Fences or walls shall be constructed prior to occupancy and shall be as follows:
  - a. Install a six-foot-high, single-board fence with decorative masonry pilasters at 16-foot-on-centers along the north property line adjacent to the existing building,
  - b. Install a six-foot-high, batton-board fence with decorative masonry pilasters at 16-foot-on-centers along the north and south property lines on that portion of the property line adjacent to the parking area.
  - c. Install a seven-foot-high, batton-board fence with decorative masonry pilasters at 16-foot on-centers, along the west property line adjacent to the residential dwelling units.
9. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
10. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee.
11. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee. The enclosure shall be sized to adequately accommodate recyclable materials. The trash enclosure for this project shall be altered to meet current City Stormwater Standards:
  - a. Berm to prevent stormwater run-on.
  - b. Grade to drain to adjacent landscape area.
12. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration, or electrical interference detectable off the premises. All machinery or equipment shall be soundproofed as required by the Chief Building Official.
13. All signs shall comply with the sign requirements of the P-O Zone.

14. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors, and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended conditions of approval are mitigation measures from the Modesto Urban Area General Plan Master EIR that should be applied to the project, pursuant to the Initial Study (Environmental Assessment No. EA/C&ED 2005-25) prepared for the project:

15. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
16. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
17. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
18. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.
19. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

20. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
21. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal Holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- a. A hammer or any other device or implement used to pound or strike an object.
- b. An impact wrench or other tool or equipment powered by compressed air.
- c. A hand-powered saw.
- d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

- g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
  - h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.
22. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K.
23. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(574):

The entire construction program be accomplished in one phase, construction to begin on or before September 13, 2007 and completion to be not later than September 13, 2008.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(574), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-466**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 16-3-9 OF THE ZONING MAP TO REZONE FROM MEDIUM-HIGH DENSITY RESIDENTIAL ZONE, R-3, TO PLANNED DEVELOPMENT ZONE, P-D(574), PROPERTY LOCATED ON THE WEST SIDE OF COFFEE ROAD SOUTH OF ATHENS AVENUE. (YOSHINO)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Ernie Yoshino has proposed that the zoning designation for the property located on the west side of Coffee Road south of Athens Avenue be amended to rezone from Medium-High Density Residential Zone, R-3, to Planned Development Zone, P-D(574), to allow a 2,002-square-foot medical office building, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2005-25 (“Initial Study”) reviewed the proposed amendment to the Zoning Map and rezone to P-D(574) project to determine whether the project is within the scope of the project covered by the Modesto Urban Area

General Plan Master EIR (“Master EIR”), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines on August 21, 2005, the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2005-32 recommended to the City Council approval of the application of Ernie Yoshino to rezone R-3 Medium-High Density Residential to Planned Development Zone, P-D(574), for the property located on the west side of Coffee Road south of Athens Drive, to allow a conversion of an existing residence to medical office uses on site as set forth in said Resolution No. 2005-32, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on September 13, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map and rezone to P-D(574) project, a copy of which is attached hereto as Exhibit “A”, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).

2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study, the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b. No new or additional mitigation measures or alternatives are required.
  - c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Jackman, Keating, Marsh, Mayor Ridenour

**City of Modesto  
Master EIR Initial Study Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Project is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH No.1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: PDZ – Dr. Gervacio Diaz Medical Building
- B. Address or Location: 2013 Coffee Road
- C. Applicant: Ernie Yoshino, Yoshino Shaw & Associates, 1016 N. Golden State Blvd. Turlock, CA 95380
- D. City Contact Person: Rita S. Doscher

Project Manager: Rita S. Doscher  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5267  
E-mail address: [rdoscher@modestogov.com](mailto:rdoscher@modestogov.com)

- E. Current General Plan Designation(s): "MU" Mixed Use
- F. Current Zoning Classification(s): "R-3" Medium High-Density Residential
- G. Surrounding Land Uses: North: Residential Dwellings (R-3 Residential)  
South: Residential Dwellings (R-3 Residential)  
East: P-D(315) Planned Development P-O Uses  
West: Residential Units (R-1 Residential)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The applicant proposes to rezone the parcel from R-3, Medium-High Density Residential Zone to P-D, Planned Development Zone, to convert the existing 2,002-square-foot residence into a medical office building. The existing garage will be removed to provide additional parking as required by City of Modesto Standards. The project is located on a 15,355-square-foot lot at 2013 Coffee Road, south of Athens Drive.

As part of the development the project will also include a parking area, a five-foot-minimum landscape planter, and a six-foot-high solid double-sided alternating-board fence with decorative masonry pilasters. Street improvements are not required as there is an existing driveway located towards the south end of the parcel. As per Public Works' request, a driveway throat depth of 50 feet to the first parking space has been provided on the plans. The parking area will be located to the rear (west side) of the property and will provide a total of 11 parking spaces exceeding the minimum requirement of 10 spaces. All outdoor lighting will be required to be shielded from adjacent residential properties.

- I. Other Public Agencies Whose Approval is Required:

None.

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

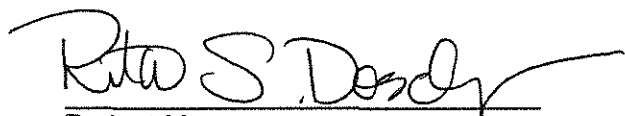

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
- a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
- E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.        **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.        **Focused EIR Required**- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | X   | <input type="checkbox"/> |

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | X   | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: | X   | <input type="checkbox"/> |
| (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.  | X   | <input type="checkbox"/> |

- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

**IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

**1. TRAFFIC AND CIRCULATION**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

This is an application to rezone the project site from R-3 (Medium High Residential) to P-D (Planned Development Zone) in order to facilitate development of a medical office. The conversion to an office complex is compatible with the existing surrounding mix use of residential development and professional office complexes located along this area of Coffee Road. Because the project is consistent with the surrounding mix use of professional office and residential developments, the use and activities will not change to a level that will cause a change to the existing road capacities or levels of service.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project*.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

- |  | YES                      | NO                                  |
|--|--------------------------|-------------------------------------|
| (1) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

YES NO

- |     |  |                          |   |
|-----|--|--------------------------|---|
| (2) | Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). | <input type="checkbox"/> | X |
| (3) | Result in inadequate emergency access.   | <input type="checkbox"/> | X |
| (4) | Result in inadequate parking capacity.   | <input type="checkbox"/> | X |

DISCUSSION:

- (1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:
- A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
  - B. A site access study is not required for this project.
- (2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards. The previously approved site plan was designed to accommodate commercial uses and emergency access.
- (3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.
- (4) The project has been evaluated for compliance to the City of Modesto Parking regulations. The parking area will be located to the rear of the property and will provide a total of 10 spaces exceeding the minimum requirement of 9 parking spaces. The design and layout of the proposed parking area will comply with both City standards and ADA (Americans with Disability Act) standards.

**2. AIR QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

**c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	<input type="checkbox"/>	X
(2) The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	X
(3) The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(4) The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	X
(5) The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies have been applied to the previously approved project site. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).
- (4) The project is not a significant contributor to pollution levels in that it involves only a building addition for an existing church. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.
- (5) The proposed project will not produce objectionable odors.

### 3. NOISE

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

#### DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

#### c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	X
(4)	The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.	<input type="checkbox"/>	X

## DISCUSSION:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.
- (2) The project is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the Baseline-Developed area, are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

## **4. AGRICULTURAL LANDS**

### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area.

### **b. Master EIR and/or New Mitigation Measures Pertinent to the Project**

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

## DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will directly result in the development of land outside the March 2003 planning area boundaries.  | <input type="checkbox"/> | X  |
| (3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.  | <input type="checkbox"/> | X  |
| (4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.
- (2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

**5. WATER SUPPLY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

## 6. SANITARY SEWER SERVICES

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### DISCUSSION:

There are no mitigation measure applicable to this project.

### c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- |   |                          |   |
|---|--------------------------|---|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species. | <input type="checkbox"/> | X  |
| (3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.  | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. The project does not involve physical development and as a result no measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

**9. STORM DRAINAGE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General

Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant*.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. The site is fully developed and this new proposal will only involve an amendment to the Planned development zone with no physical changes to the property. No measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

**c. Project-Specific Effects**

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.	<input type="checkbox"/>	X
(3) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

## DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.
- (3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

## 10. FLOODING AND WATER QUALITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into or made conditions of approval of the previously approved development. This project will not involve any modification to the existing site that would require additional measures applied to the new proposal.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3) The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

## 11. PARKS AND OPEN SPACE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

#### DISCUSSION:

There are no mitigation measure applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

### c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO

#### DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity. There are no mitigation measures applicable to this project.

## 12. SCHOOLS

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

#### DISCUSSION:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

## DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

### 14. FIRE SERVICES

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Measures Applied to Project:

## DISCUSSION:

No mitigation measures are applicable to this project.

#### c. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.  YES  NO

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

This office project will not generate additional waste that will impact facilities. The proposed project is a rezoning from a high-density residential zone to a planned development zone with minor modifications to the property.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

**16. HAZARDOUS MATERIALS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X
(3) The project contains a contaminated site not identified as of March 2003.	<input type="checkbox"/>	X
(4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	X
(5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.
- (5) The project would not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

## 17. LANDSLIDES AND SEISMIC ACTIVITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### DISCUSSION:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.	<input type="checkbox"/>	X

## DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

### **18. ENERGY**

#### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

#### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

## DISCUSSION:

No mitigation measures are applicable to this project.

#### **c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project includes a substantive amendment to the Modesto Urban Area General Plan.  YES  NO
- (3) The project would physically divide an established community.  YES  NO

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) No amendment to the General Plan is required by this project.
- (3) The project is infill development that will not divide an established community.

**20. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	X
(3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	<input type="checkbox"/>	X
(4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	<input type="checkbox"/>	X

**DISCUSSION:**

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings. This is an existing site which had received previous City approval.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The existing site conforms to current City regulations regarding night glare to surrounding residences. These requirements shall remain in effect.

**V. MITIGATION MEASURES APPLIED TO THE PROJECT**

**A. Master EIR Mitigation Measures Applied to the Project**

Pursuant to CEQA Section 21157.1 ( c ), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

**Traffic and Circulation Measures:**

N/A

**Air Quality Measures:**

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover

2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

**Noise Measures:**

1. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.
- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.

- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

**Agricultural Land Measures:**

N/A

**Water Supply Measures:**

N/A

**Sanitary Sewer Service Measures:**

N/A

**Sensitive Wildlife and Plant Habitat Measures:**

N/A

**Archaeological or Historic Sites Measures:**

- 1. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

**Storm Drainage Measures:**

- 1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

- 1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

N/A

**Police Services:**

N/A

**Fire Services:**

N/A

**Generation of Solid Waste**

N/A

**Generation of Hazardous Materials**

N/A

**Potential for Landslides and Seismic Activity**

N/A

**Energy**

N/A

**Planning and Land Use**

N/A

**Aesthetics**

N/A

**B. New or Additional Mitigation Measures or Alternatives Required**

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: **None**.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-467**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED  
DEVELOPMENT ZONE, P-D(573). (MUTUAL VENTURE PARTNERS)**

WHEREAS, a verified application for an amendment to Section 9-3-9 of the Zoning Map was filed by Mid Valley Engineering on January 24, 2005, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(573), to allow the development of a medical office building and associated parking, property located on the west side of Coffee Road north of Rumble Road, described as follows,

R-1 to P-D(573)

All that portion of the East half of the Southeast quarter of Section 9, Township 3 South, Range 9 East, M.D.B. & M., particularly described as follows:

Commencing at the Southeast corner of said Section 9, thence North 89 degrees 37' West along the Section Line 20.00 feet; thence North 0 degrees 50' 30" West along the West line of a 40-foot county road, 499.00 feet to the True Point of Beginning of this description; thence continuing North 0 degrees 50' 30" West along the West Line of said 40-foot county road, 158.00 feet; thence South 89 degrees 37' West, 278.00 feet; thence South 0 degrees 50' 30" East 158.00 feet; thence South 89 degrees 37' 00" East, 278.00 feet to the True Point of Beginning of this description. Excepting there from that 20-foot strip of land granted to the City of Modesto, a municipal Corporation, by instrument recorded August 16, 1990, as Document No. 70854, Stanislaus County Records.

Also including the west one-half of Coffee Road immediately adjacent to the above described property.

WHEREAS, after a public hearing held on April 18, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, the Planning Commission, by its Resolution No. 2005-20, voted to recommend approval to the City Council of the Planned Development Zone to allow construction of an office complex, and

WHEREAS, following the April, 18, 2005, the Planning Commission public hearing the applicant made changes to the design of the office complex and the application was referred back to the Planning Commission in order to provide the Commission an opportunity to review the proposed changes made to the previously reviewed project, and

WHEREAS, after a public hearing held on July 18, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2005-34, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed Planned Development corresponds with Professional Office Zoning (P-O) for which the subject property is designated in the "Coffee Road Zoning & Development Policy" adopted by the Planning Commission on January 18, 1972 (Amended on February 6, 1989). The Policy calls for higher intensity land uses such as Professional Office (P-O) Zones along the Coffee Road frontage.
2. That the proposed Planned Development Zone, by reason of its plot plan design and Conditions of Approval, will be compatible with the surrounding land uses.

WHEREAS, said matter was set for a public hearing of the City Council to be held on September 13, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Mid Valley Engineering for a Planned Development Zone should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2005-34 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3395-C.S. on the 13th day of September, 2005, reclassifying the above-described property from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(573).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(573), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and floor plans titled "Coffee Road Professional Office Complex Plot Plan" as amended in red, stamped approved by the City Council on September 13, 2005.
2. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Screen landscaping shall be installed along the west property line. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
3. Fences or walls shall be constructed prior to occupancy and shall be as follows:
  - a. Install a seven-foot-high masonry wall along the west property line adjacent to the residential dwelling units.
  - b. Install six-foot-high board fence with decorative masonry pilasters at 16-foot-on-centers, along the south property line on that portion of the property adjacent to the office building.

- c. Install six-foot-high, "batten board" fence with decorative masonry pilasters at 16-foot-on-centers, along the north and south property line on that portion of the site adjacent to the parking area and the driveway access.
4. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
5. Street dedication consistent with Standard Specifications shall be made prior to the issuance of a building permit or at any time requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area.
6. The project shall dedicate ten feet of street right-of-way along Coffee Road and install street improvements per City Standards, including, but not limited to, curb, gutter, sidewalk, streetlights, and street pavement. Street improvements consistent to Standard Specifications shall be provided prior to the occupancy of any structures or when requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area.
7. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.
8. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.
9. Irrigation lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Easements for irrigation lines to remain shall be dedicated.
10. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee.
11. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.

12. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building and Development Services all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures.
13. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, as required by the City Engineer or designee shall be dedicated along all street frontages.
14. No operations conducted on the premises shall cause an unreasonable amount of noise, odor, dust, mud, smoke, vibration, or electrical interference detectable off the premises. All machinery or equipment shall be soundproofed as required by the Chief Building Official.
15. All signs shall comply with the sign requirements of the P-O Zone.
16. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.
17. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this subdivision map shall be based on the rates in effect at time of issuance of the building permit.
18. The developer shall, in a manner approved by the City Attorney, provide a vehicular access way for future on-site traffic circulation for the benefit of the properties to the north and south, substantially as shown in red on the plot plan.
19. The project shall install street improvements per City Standards, including, but not limited to, curb, gutter, sidewalk, streetlights, and street pavement. New street improvements shall provide appropriate connection to existing curb, gutter, and sidewalk on adjacent properties as approved by the City Engineer or designee to alleviate health, safety, or traffic problem in the area.

20. The proposed driveway on Coffee Road shall be drop-curb type. The driveway width shall be 30 feet.
21. The onsite storm water will need to be mitigated in accordance with the current storm water standards in the “Guidance Manual for New Development – Storm-water Quality Control Measures.

In addition, the following recommended Conditions of Approval are mitigation measures from the Modesto Urban Area General Plan Master Environmental Impact Report that should be applied to the project:

22. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
23. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
24. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
25. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.
26. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
27. The City’s Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the “loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine.”

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- a. A hammer or any other device or implement used to pound or strike an object.
- b. An impact wrench or other tool or equipment powered by compressed air.
- c. A hand-powered saw.
- d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

28. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria as presented in Appendix K.
29. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(573):

The entire construction program shall be accomplished in one phase, construction to begin on or before September 13, 2007 and completion to be not later than September 13, 2008.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(573), becomes effective

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: O'Bryant

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-468**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 9-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL ZONE, R-1, TO PLANNED DEVELOPMENT ZONE, P-D(573), PROPERTY LOCATED AT 3109 COFFEE ROAD. (MUTUAL VENTURE PARTNERS)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Mutual Venture Partners has proposed that the zoning designation for the property located on the west side of Coffee Road north of the Rumble Road/Coffee Road intersection, be amended to rezone from Low Density Residential, (R-1), to Planned Development Zone, P-D(573), to allow the development of a 7,612 square foot medical office building and associated off-street parking, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent project for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2005-11 (“Initial Study”) reviewed the proposed amendment to the Zoning Map and Planned Development project

to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines on August 21, 2005, the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2005-34 recommended to the City Council approval of the application of Mutual Venture Partners to amend section 9-3-9 of the zoning map to rezone from Low-Density Residential, (R-1), to Planned Development Zone, P-D(573), for the property located on the west side of Coffee Road north of Rumble Road, to allow the development of a medical office building and associated parking as set forth in said Resolution No. 2005-34, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on September 13, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed rezone to Planned Development Zone P-D(573) for medical offices, a copy of which is attached hereto as Exhibit “A”, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study, the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b. No new or additional mitigation measures or alternatives are required.
  - c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>h</sup> day of September 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, Mayor Ridenour

NOES: Councilmembers: None

**03/25/05**

**City of Modesto  
Master EIR Initial Study Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Project is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: PDZ – Coffee Road Professional Office Complex
- B. Address or Location: 3109 Coffee Road
- C. Applicant: Mid-Valley Engineering, 1117 "L" Street, Modesto, CA. 95354
- D. City Contact Person: Daniel De La O

Project Manager: Daniel De La O  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5267  
E-mail address: ddelao@modestogov.com

- E. Current General Plan Designation(s): "C" Commercial
- F. Current Zoning Classification(s): P-D (371), Planned Development
- G. Surrounding Land Uses:
  - North: Residential Dwelling (R-1 Residential)
  - South: Residential Dwelling (R-1 Residential)
  - East: Residential & Apartments (R-1 & P-D (84))
  - West: Residential Units (R-1 Residential)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is an application to rezone the above reference property from R-1 (Single Family Residential) to P-D (Planned Development Zone) in order to facilitate development of a medical office complex. The proposed development will consist of two single story office buildings each 4,500 square feet in size. In addition the proposed development will provide on site parking, landscaping, and street improvements. The proposed buildings will front onto Coffee Road and access into the site shall be provided by way of a 30-footwide driveway. The parking area will be located to the rear of the property and will provide a total of 46 spaces exceeding the minimum requirement of 45 parking spaces.

- I. Other Public Agencies Whose Approval is Required:

None.

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
- E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.        **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3.        **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | X   | <input type="checkbox"/> |

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | X   | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: | X   | <input type="checkbox"/> |
| (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.  | X   | <input type="checkbox"/> |

- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

#### IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

##### 1. TRAFFIC AND CIRCULATION

###### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

This is an application to rezone the project site from R-1 (Single Family Residential) to P-D (Planned Development Zone) in order to facilitate development of a medical office complex. The addition of the office complex is compatible with the existing surrounding mix use of residential development and professional office complexes located along this area of Coffee Road. Because the project is consistent with the surrounding mix use of professional office and residential developments, the use and activities will not change to a level that will cause a change to the existing road capacities or levels of service.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project*.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.	<input type="checkbox"/>	X

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

	YES	NO
(2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	<input type="checkbox"/>	X
(3) Result in inadequate emergency access.	<input type="checkbox"/>	X
(4) Result in inadequate parking capacity.	<input type="checkbox"/>	X

DISCUSSION:

- (1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:
  - A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
  - B. A site access study is not required for this project.
- (2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards. The previously approved site plan was designed to accommodate commercial uses and emergency access.
- (3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.
- (4) The project has been evaluated for compliance to the City of Modesto Parking regulations. The parking area will be located to the rear of the property and will provide a total of 46 spaces exceeding the minimum requirement of 45 parking spaces. The design and layout of the proposed parking area will comply with both City standards and ADA (Americans with Disability Act) standards.

**2. AIR QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: AQ-17

**c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	<input type="checkbox"/>	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	X
(5)	The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies have been applied to the previously approved project site. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

- (4) The project is not a significant contributor to pollution levels in that it involves only a building addition for an existing church. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.
- (5) The proposed project will not produce objectionable odors.

**3. NOISE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

**c. Project-Specific Effects**

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	X
(2)	The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(3)	The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	X

- (4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.  X

DISCUSSION:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.
- (2) The project is consistent consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be some construction related noise, but the noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.

**4. AGRICULTURAL LANDS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area.

**b. Master EIR and/or New Mitigation Measures Pertinent to the Project**

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will directly result in the development of land outside the March 2003 planning area boundaries.  | <input type="checkbox"/> | X  |
| (3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.  | <input type="checkbox"/> | X  |
| (4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.
- (2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

**5. WATER SUPPLY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

**6. SANITARY SEWER SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project.

**c. Project-Specific Effects**

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species. | <input type="checkbox"/> | X  |
| (3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.  | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. The project does not involve physical development and as a result no measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

Mitigation Measures applicable to this project include: AH-8, Master EIR.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

## 9. STORM DRAINAGE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant*.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. The site is fully developed and this new proposal will only involve an amendment to the Planned development zone with no physical changes to the property. No measures will be incorporated into or made conditions of approval of this project.

### DISCUSSION:

Mitigation measures appropriate to this project include: SD-7, MEIR. This mitigation measure is addressed by conditions of approval.

### c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | X  |
| (3) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project will meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City as required by the above-listed mitigation measures.
- (3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

**10. FLOODING AND WATER QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into or made conditions of approval of the previously approved development. This project will not involve any modification to the existing site that would require additional measures applied to the new proposal.

DISCUSSION:

Mitigation measures appropriate to this project include: FWQ-14, MEIR. This mitigation measure is addressed by conditions of approval.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.

- (3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

**11. PARKS AND OPEN SPACE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-than significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO

## DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity. There are no mitigation measures applicable to this project.

## **12. SCHOOLS**

### **a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

### **b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

## DISCUSSION:

There are no mitigation measures applicable to this project.

### **c. Project-Specific Effects**

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.  YES  NO

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.  YES  NO

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**14. FIRE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

This office project will not generate additional waste that will impact facilities. The proposed project is an amendment to the existing Planned development zone with no physical modification to the property.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

**16. HAZARDOUS MATERIALS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X
(3) The project contains a contaminated site not identified as of March 2003.	<input type="checkbox"/>	X
(4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	X
(5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.

- (2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.
- (5) The project would not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

## 17. LANDSLIDES AND SEISMIC ACTIVITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

### DISCUSSION:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

**18. ENERGY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

**DISCUSSION:**

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan MU (Mixed Use) designation in both land use and intensity.
- (2) No amendment to the General Plan is required by this project.
- (3) The project is infill development that will not divide an established community.

## 20. AESTHETICS

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

### a. Project-Specific Effects

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	X
(3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	<input type="checkbox"/>	X
(4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	<input type="checkbox"/>	X

### DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings. This is an existing site which had received previous City approval.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The existing site conforms to current City regulations regarding night glare to surrounding residences. These requirements shall remain in effect.

## V. MITIGATION MEASURES APPLIED TO THE PROJECT

### A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 ( c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

**Traffic and Circulation Measures:**

N/A

**Air Quality Measures:**

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover
2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.

**Noise Measures:**

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.
- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.

- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

**Agricultural Land Measures:**

N/A

**Water Supply Measures:**

N/A

**Sanitary Sewer Service Measures:**

N/A

**Sensitive Wildlife and Plant Habitat Measures:**

N/A

**Archaeological or Historic Sites Measures:**

1. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

**Storm Drainage Measures:**

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

1. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

N/A

**Police Services:**

N/A

**Fire Services:**

N/A

**Generation of Solid Waste**

N/A

**Generation of Hazardous Materials**

N/A

**Potential for Landslides and Seismic Activity**

N/A

**Energy**

N/A

**Planning and Land Use**

N/A

**Aesthetics**

N/A

## B. New or Additional Mitigation Measures or Alternatives Required

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: **None.**

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-469**

**A RESOLUTION APPROVING THE CITY OF MODESTO CONSOLIDATED  
ANNUAL PERFORMANCE AND EVALUATION REPORT (CAPER) FOR  
FISCAL YEAR 2004-2005, AND AUTHORIZING THE CITY MANAGER TO  
SUBMIT THE REPORT TO THE U.S. DEPARTMENT OF HOUSING AND  
URBAN DEVELOPMENT (HUD)**

WHEREAS, the City of Modesto receives several Federal grants from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the Consolidated Annual Performance and Evaluation Report (CAPER) reflects the activities of the City and its sub-recipients for the period of July 1, 2004, through June 30, 2005, and

WHEREAS, each year the City must review and report on the performance of activities funded under the Community Development Block Grant (CDBG), HOME Investment Partnership Grant, and Emergency Shelter Grant (ESG) funds, and

WHEREAS, the CAPER must be made available for public review and comment for a minimum 15-day period, and

WHEREAS, the CAPER was made available for public review and comment from August 14, 2005, through September 13, 2005, and

WHEREAS, all public comments, and staff responses to these comments, must be presented to the City Council for review and approval, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on August 26, 2005, and reviewed and recommended the CAPER, and

WHEREAS, a duly noticed public hearing was held by the Council on September 13, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider approval of the CAPER,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the Consolidated Annual Performance and Evaluation Report for Fiscal Year 2004-2005 is hereby approved, and a copy of said report is on file in the office of the City Clerk.
2. That the City Manager, or his authorized designee, is hereby authorized, after having made any necessary correction, to submit said report to the U.S. Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: O'Bryant

Attest:   
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By:   
MICHAEL D. MILICH, City Attorney

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-470**

**A RESOLUTION APPROVING THE CITY OF MODESTO CITIZENS  
PARTICIPATION PLAN, AND AUTHORIZING THE CITY MANAGER TO  
SUBMIT THE REPORT TO THE U.S. DEPARTMENT OF HOUSING AND  
URBAN DEVELOPMENT (HUD)**

WHEREAS, the City of Modesto receives several Federal grants from the U.S. Department of Housing and Urban Development (HUD), and

WHEREAS, the Department of Housing and Urban Development requires jurisdictions receiving funds to publish a Citizens Participation Plan (CPP), and

WHEREAS, this plan must set forth the jurisdiction's policies and procedures for citizen participation as stated in 24 CFR 91.105 (b)(1), and

WHEREAS, the purpose of this plan is to encourage citizen participation, and

WHEREAS, the citizen participation plan must provide for and encourage citizens to participate in the development of the Consolidated Plan, any substantial amendments to the Consolidated or Annual Action plan, the Annual Action Plan, and the Consolidated Annual Performance Evaluation Report-(CAPER) and

WHEREAS, it is unknown when the City last updated it's CPP, so an updated copy has been produced to ensure not only compliance with HUD regulations but also that the community knows how to participate in the documents which outline how the City's Community Development Block Grant, HOME Partnership Grant and Emergency Shelter Grant funds are used, and

WHEREAS, the CPP must be made available for public review and comment for a minimum 15-day period, and

WHEREAS, the CPP was made available for public review and comment from August 14, 2005, through September 13, 2005, and

WHEREAS, all public comments, and staff responses to these comments, must be presented to the City Council for review and approval, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on August 26, 2005, and reviewed and recommended the CPP, and

WHEREAS, a duly noticed public hearing was held by the Council on September 13, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider approval of the CPP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the Citizens Participation Plan is hereby approved, and a copy of said report is on file in the office of the City Clerk.
2. That the City Manager, or his authorized designee, is hereby authorized, after having made any necessary correction, to submit said report to the U.S. Department of Housing and Urban Development (HUD).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-471**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN  
THE SCOPE OF THE PROJECT COVERED BY THE TUOLUMNE RIVER  
REGIONAL PARK MASTER PLAN MASTER ENVIRONMENTAL IMPACT  
REPORT (SCH No. 2000022028): TUOLUMNE RIVER REGIONAL PARK  
GATEWAY PRECISE PLAN**

WHEREAS, the Tuolumne River Regional Park Joint Powers Authority prepared a Tuolumne River Regional Park Master Plan to guide the restoration and development of the Tuolumne River Regional Park, and

WHEREAS, on December 12, 2001, the City Council of the City of Modesto adopted Resolution No. 2001-663 which certified the Final Master Environmental Impact Report for the Tuolumne River Regional Park Master Plan (SCH No. 2000022028) (“TRRP MEIR”), adopted a Statement of Findings of Fact and Overriding Consideration and adopted a Mitigated Monitoring Plan, and

WHEREAS, in preparation for the development of the Gateway Parcel of the Tuolumne River Regional Park, EDAW, Inc. has prepared the Tuolumne River Regional Park Gateway Precise Plan (“Project”), which includes recreation, wildlife habitat and education and interpretation, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact as being within the scope of the project, and

WHEREAS, the Parks, Recreation and Neighborhoods Department, by Initial Study EA/PR&N No. 2005-03, (SCH #2000022028) dated May 31, 2005, reviewed the proposed Project to determine whether the proposed project is within the scope of the project covered by the Master Environmental Impact Report for the Tuolumne River Regional Park (“TRRP MEIR”), and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the TRRP MEIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the TRRP MEIR, and

WHEREAS, in accordance with CEQA guidelines on June 2, 2005, the City caused to be published a 30-day notice of the City’s intent to make a finding that the proposed project confirms with the TRRP MEIR, and

WHEREAS, the TRRP Citizens Committee and the TRRP Commission met on August 10, 2005, and supported the recommendation to accept the Initial Study and approve the Precise Plan, and

WHEREAS, on September 13, 2005, the City Council reviewed and considered the Initial Study (SCH No. 2000022028) dated May 31, 2005, for the proposed development and construction of the Gateway Parcel of the Tuolumne River Regional Park Project, together with all comments received during the public review and circulation period and responses thereto, and

WHEREAS, on September 13, 2005, concurrently with this resolution, the City Council considered approving the proposed Tuolumne River Regional Park Gateway Parcel Precise Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study No. EA/PR&N 2005-03 (SCH # 2000022028) (“IS”) for the proposed Project, a copy of which is attached hereto and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The Precise Plan is described in Chapter III of the Tuolumne River Regional Park Master Environmental Report (SCH No. 2000022028) (“TRRP MEIR”) and is a subsequent project under the TRRP MEIR.
2. All applicable policies, regulations and mitigation measures identified in the TRRP MEIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the TRRP MEIR as being within the scope of the TRRP MEIR.
4. Based on the Initial Study, the additional traffic, noise, air quality and other studies prepared in support of the Initial Study and the evidence, both oral and documentary, presented at the City Council meeting, the City Council further finds and determines:
  - a. The City is a lead agency identified in the TRRP MEIR.
  - b. The proposed subsequent project will have no additional significant effect as determined in CEQA Section 21157.1 that was not identified and examined in the TRRP MEIR.
  - c. No new or additional mitigation measures or alternatives, which were not previously identified in the TRRP MEIR, are required.
  - d. The proposed subsequent project is within the scope of the TRRP MEIR.
5. The Initial Study and all of the above-mentioned additional studies in support of the Initial Study and the evidence presented at the City Council meeting provide the substantial evidence to support findings 1 through 4 above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that pursuant to Section 21081.6 of the Public Resources Code, a mitigation monitoring

program is hereby adopted by incorporating the mitigation measures into the Project plan as set forth in the Mitigation Monitoring Plan, a copy of which is on file with the Parks, Recreation and Neighborhoods Department.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Parks, Recreation and Neighborhoods Director is hereby authorized and directed to file a Notice of Determination with the County Clerk's Office within five (5) working days of the date of this determination, pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None

## Introduction and Overview

The City of Modesto, on behalf of the Tuolumne River Regional Park Commission (TRRP Commission) (comprised of the City of Modesto, the City of Ceres, and Stanislaus County), proposes to adopt and implement the Gateway Parcel Precise Plan, a component of the Tuolumne River Regional Park Master Plan, which was adopted by Stanislaus County, City of Ceres and City of Modesto by resolution in December 2001. The TRRP Master Plan is a long-range plan for a proposed 500-acre regional riverfront park, which extends along a seven-mile stretch of the Tuolumne River south of downtown Modesto. The Master Plan provides a long-range vision for the park to guide projects that are intended to enhance the natural environment as well as recreational and educational opportunities at the park. A Master Environmental Impact Report (Master EIR) for the TRRP Master Plan was certified by the City of Modesto in September 2001.

The Gateway Parcel is one of six planning areas addressed in the TRRP Master Plan. The TRRP Commission envisions the Gateway Parcel to be a high-profile public gathering place close to the commercial centers of Modesto and Ceres and accessible to the rest of the region along major arterial streets and State Route (SR) 99, as defined in the TRRP Master Plan. The Gateway Parcel Precise Plan is intended to achieve the objectives of the Master Plan and provides additional design detail needed to implement the proposed park improvements within the Gateway Parcel.

The TRRP Master Plan Master EIR evaluated the Gateway Parcel and its potential environmental impacts in a general, program-level manner because sufficient information regarding the Gateway Parcel improvements was not available at the time the Master Plan was prepared. The California Environmental Quality Act (CEQA) of 1970 (as amended) requires full assessment of the potential environmental impacts of the proposed project prior to implementation and construction. The Gateway Parcel Precise Plan provides the additional detail needed to conduct a full assessment of the potential impacts. These impacts are addressed in this Initial Study. The Initial Study tiers off of the Master EIR and incorporates by reference specific analyses as indicated.<sup>1</sup>

## Purpose of the Initial Study and the Master EIR Process

This Initial Study is intended to inform the City of Modesto, City of Ceres, County of Stanislaus, responsible and trustee agencies, and the public of the environmental consequences of implementation of the Gateway Parcel Precise Plan. This Initial Study was prepared in accordance with CEQA (Public Resources Code Sections 21000-21177) and the State CEQA Guidelines (California Code of Regulations Title 14, Chapter 3, Sections 15000-15387). The City of Modesto is the Lead Agency for CEQA review, and the City of Ceres and Stanislaus County are responsible agencies under CEQA.

The City of Modesto prepared a Master EIR for the TRRP Master Plan to assess the impacts of implementation of the TRRP Master Plan and identify appropriate mitigation measures for potentially significant environmental impacts. According to CEQA, a Master EIR may be prepared for a general plan, general plan amendment or element, specific plan, or a project that consists of smaller individual projects which will be carried out in phases (Public Resources Code, Section 21157(a)). The Master EIR may identify subsequent projects for which there is not sufficient information reasonably available to support a full assessment of potential impacts (Public Resources Code 21157(b)(3)).

The Master EIR process may allow for streamlined review of subsequent projects that were described in the Master EIR as being within the scope of the report (Public Resources Code 21157.1). To determine if a

---

<sup>1</sup> "Tiering" refers to coverage of general matters in broader EIRs (e.g., a Program EIR or Master EIR on a general plan or master plan) with related, subsequent narrower EIRs or Negative Declarations (e.g., a focused EIR or a site-specific EIR). The subsequent, site-specific environmental document incorporates by reference the general discussions from the broader EIR and concentrates solely on the issues specific to the subsequent project. (CEQA Guidelines Section 15385)

subsequent project will qualify for streamlined review, the City of Modesto, as Lead Agency, must prepare an Initial Study on any proposed subsequent project. The Initial Study shall analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR, and whether the project was described in the Master EIR as being within the scope of the report. If the City of Modesto, based on the Initial Study, determines that the proposed subsequent project will have no additional significant effect on the environment that was not identified in the Master EIR, and that no new or additional mitigation measures or alternatives may be required, it shall make a written finding that the subsequent project is within the scope of the project covered by the Master EIR. No new environmental documentation or findings shall be required in this case. If the City of Modesto cannot make this finding, it shall prepare either a Mitigated Negative Declaration or an EIR on the subsequent project.

## **Project Goals and Objectives**

The goals of the TRRP Master Plan, presented below, are intended to provide overall guidance for the design and management of the park.

- Create a park where the recreational experience is oriented towards and compatible with the Tuolumne River, its water, natural resources, and processes.
- Provide a park that is a source of pride for the citizens of Stanislaus County and reflects and accommodates the County's diverse peoples and cultures.

The TRRP Master Plan also identifies specific objectives concerning land use and recreation, circulation and parking, vegetation and wildlife, aquatic resources, and hydrology and water quality. These objectives are presented in the Master Plan.

The Gateway Parcel Precise Plan would further the goals and objectives of the TRRP Master Plan by providing the following:

- A landscaped park with native vegetation and a restored riparian corridor
- Trails extending through the park and restored riparian terraces
- A fishing pier and river overlook with views of the Tuolumne River
- Multi-use meadows for picnicking and passive recreation
- A gathering space for Farmers' Markets and community events
- An amphimeadow for concerts and performances

## **Project Description**

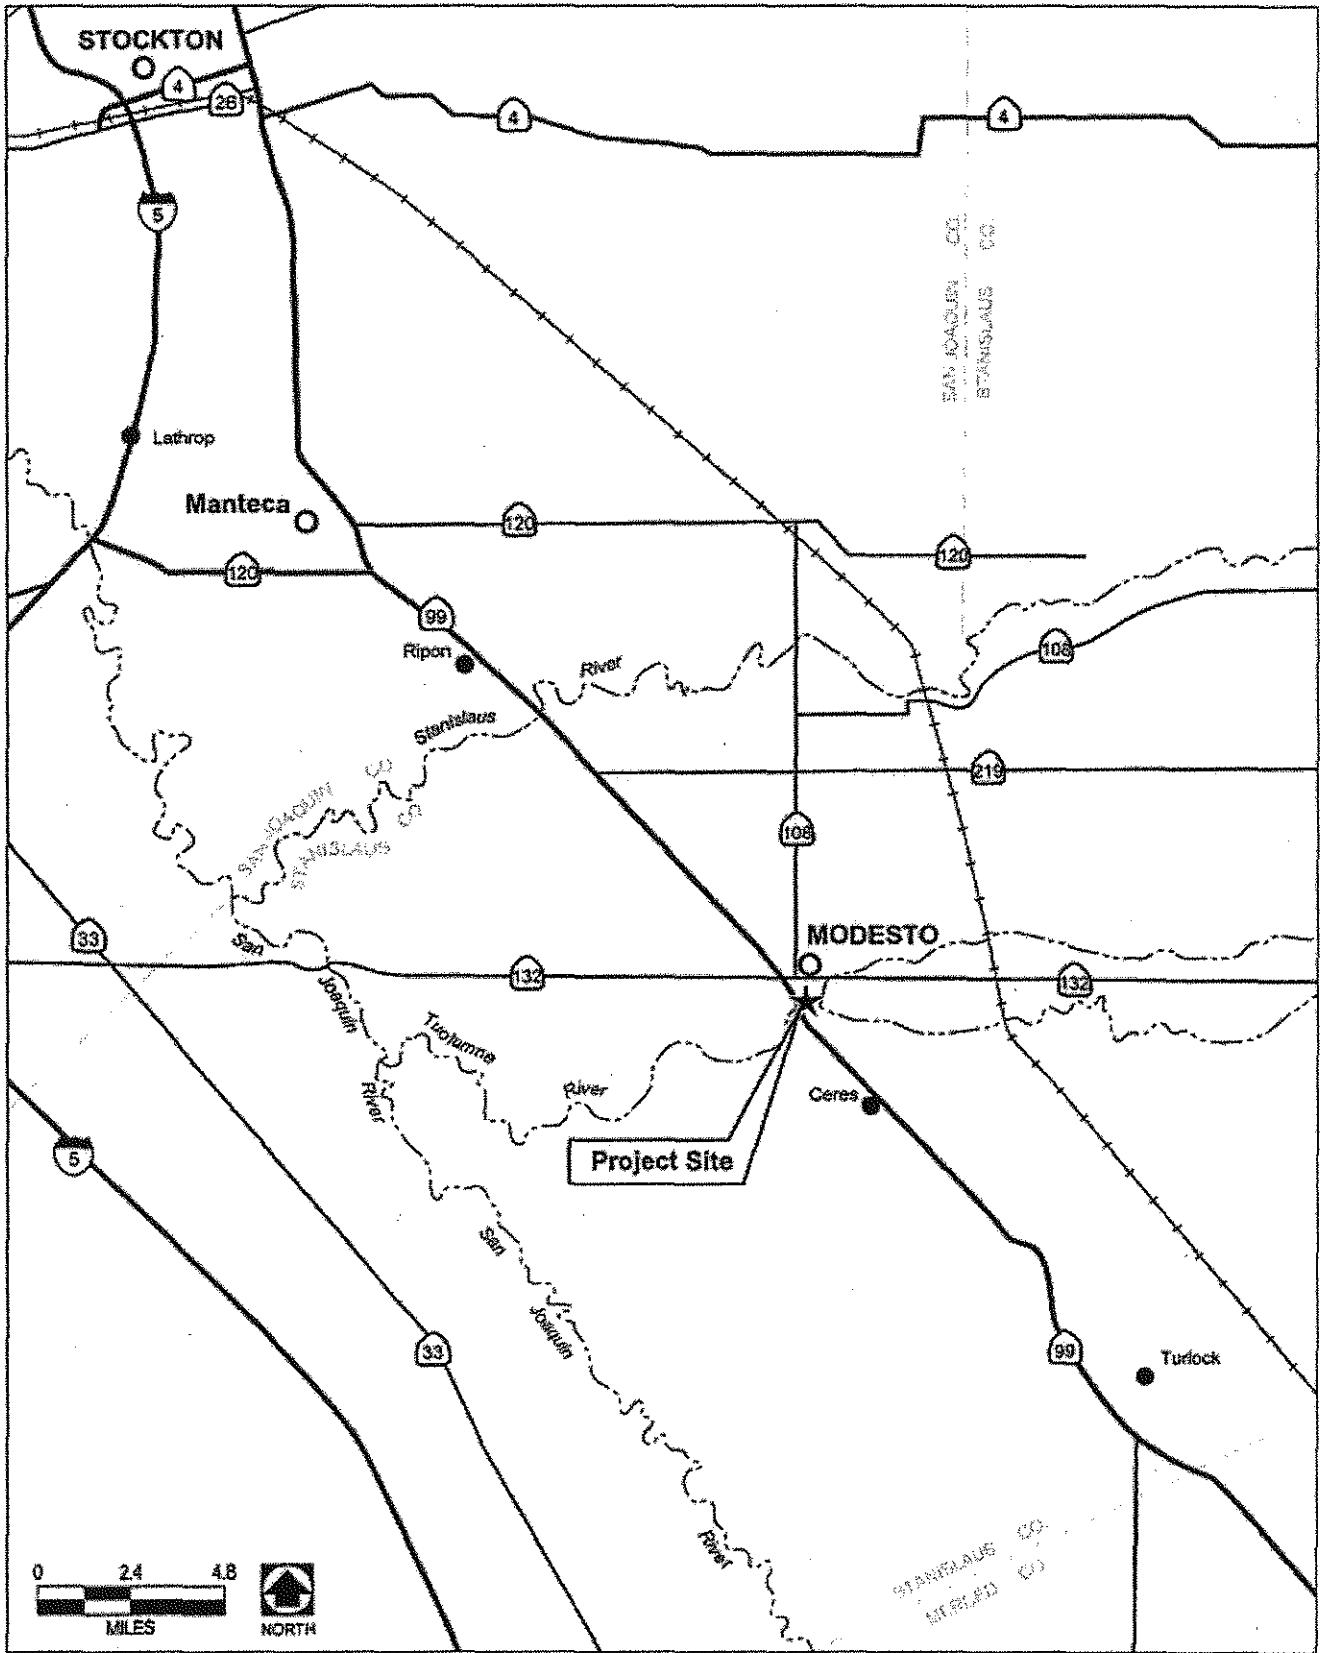

### **Location**

The Gateway Parcel encompasses approximately 90 acres north of the Tuolumne River within the City of Modesto in Stanislaus County (see Figure 1). The project site extends along the north bank of the Tuolumne River from the west bank of Dry Creek to just west of SR 99, and north to Tuolumne Boulevard and Morton Boulevard (see Figure 2).

Land uses surrounding the Gateway Parcel include industrial uses such as warehouses, distribution centers, and food processing facilities to the north; industrial uses within the Gallo Winery complex to the east; commercial retail uses across Tuolumne River to the south; and residential uses across SR 99 to the west.

**Regional Setting**

 USGS Brush Lake Quad 1969 (photoinspected 1976) -- Contour Interval 5 Feet

Figure 2

The project site is generally composed of relatively flat, riverfront land within the Tuolumne River's 100-year floodplain with elevations ranging from 55 to 60 feet above mean sea level. The site was previously a walnut orchard but currently consists of disked open land and is no longer used for agriculture. Little vegetation exists on the site, except for a stand of valley oaks near the confluence of Dry Creek and the Tuolumne River, and a narrow strip of riparian vegetation along both waterways.

## Proposed Facilities

The Gateway Parcel is the first phase of development for the TRRP. With over 500 acres of land along a seven-mile stretch of the Tuolumne River, the TRRP is bounded by Mitchell Road to the east and by Carpenter Road to the west. The Gateway Parcel of the TRRP was acquired by the TRRP Joint Powers Authority (comprised of Stanislaus County and the Cities of Ceres and Modesto) in 1995 and provides a pivotal link in the chain of park land along the Tuolumne. The Gateway Parcel is a remnant walnut orchard at the foot of 10th Street. The goal of the TRRP project is to create a park where the recreational experience is oriented towards and compatible with the Tuolumne River, its water, natural resources, and processes. The park design accommodates multiple purposes including recreation, wildlife habitat, and education and interpretation. Large public gathering areas will be located on the Gateway Parcel, including a 3,000-person, grassy outdoor amphitheater or amphimeadow. Project plans for the Gateway Parcel include a paved pedestrian and bike trail, compacted earth pathways, expansion of Tuolumne Boulevard and adjacent sidewalks, paved and turf-block parking areas, platform overlooks on the river, and a pedestrian and bicycle bridge over Dry Creek. In addition, the Gateway Parcel will be terraced to improve connectivity between the Tuolumne River and its floodplain and to revitalize its riparian vegetation.

For the purposes of analysis, this Initial Study assumes that the Tuolumne Boulevard extension will be constructed prior to operation of the park's event facilities, which include the amphimeadow and the farmer's market area. However, construction of the Tuolumne Boulevard extension may not occur for several years due to funding issues. Additionally, the project site is within a redevelopment area and substantial growth may occur in the site vicinity over the next several years. Consequently, future traffic conditions may differ from the traffic projections and assumptions developed for this Initial Study.

To address this uncertainty, no large special events, amphimeadow events, or farmer's market events will be allowed in the park until the Tuolumne Boulevard extension is constructed or an alternate access to the park is provided. In the meantime, passive recreation activities and smaller, informal gatherings that would not result in significant traffic impacts will be allowed to occur within the park. When construction of Tuolumne Boulevard extension occurs or an alternate access to the park is provided, a new traffic study will be prepared to assess the impacts of these events, and the project will undergo further environmental review.

The main elements of the Gateway Parcel Precise Plan are illustrated in Figure 3 and are described in further detail below.

### Amphimeadow

An amphimeadow is proposed near Dry Creek on the eastern edge of the Gateway Parcel. The amphimeadow is a 70,000-square-foot grassy outdoor amphitheater with a natural "meadow-like" setting that includes mowable grasses, decomposed granite paths, and narrow stone edges. No formal seating would be provided; audiences would sit on grassy slopes oriented toward the stage within the bowl-shaped landform. The amphimeadow would accommodate up to 3,000 people for concerts and other performances and community events. The amphimeadow would host performances during the summer months, while in the winter the space would go dormant and visually merge with the surrounding riparian vegetation.

As noted above, no large events will be allowed at the amphimeadow until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

Illustrative Site Plan

Figure 3

HD&W  
DRAFT Initial Study

## Farmers' Market

The area adjacent to the newly replaced Ninth Street Bridge provides space for small gatherings, group picnics, and weekly community events, such as a farmers' market. This area, which is enclosed by the only vehicular road south of the Tuolumne Boulevard, would be a very active space with easy access. The Farmers' Market area is an arching landform with four large stepping terraces, where seasonal native meadow vegetation would be planted in rows to celebrate the agricultural past of the site and resemble fields with patches of color. The four terraces would provide 16 large market sites (each comprising approximately 300 square feet) and 64 small market sites (comprising approximately 50 square feet each) for temporary vending stalls. Five picnic areas would provide approximately 250 picnic tables for public use. A farming heritage play area would also be provided near the Farmers' Market on a seasonal basis. Other features within the Farmers' Market area would include restroom facilities, parking, and gravel swales for drainage.

As noted above, no large special events or farmer's market events will be allowed at the amphimeadow until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

The TRRP Master Plan, the TRRP Master Plan Master EIR, and this Initial Study all assume that up to 15,000 people would attend special events at the Farmers' Market.

## Valley Oak Meadow

This would be a multi-use meadow offering picnic and playground facilities as well as passive recreation opportunities. The playground would include alternative play equipment in earth tones to blend with the surrounding landscape and would include some interpretive features. The meadow would be planted with low, native grasses and would provide opportunities for passive recreation activities such as walking, casual play, Frisbee, and kite-flying. The Valley Oak Meadow would also provide family picnic sites and restroom facilities.

## Outdoor Classroom

An area near the Seventh Street bridge would contain benches and tables for educational use. From this area, visitors would be able to observe the Tuolumne River and stormwater management facilities, and take interpretive walks along the park trails. This area would also provide an opportunity to display interpretive signage at the historic Seventh Street bridge.

## The Riverwalk

Diverse paths will run parallel to the Tuolumne River providing the opportunity to walk along the riparian edge and to access the river from strategic points. The Riverwalk is thus not a single path, but a braided system of pathways and trails that traverse the site from east to west and connects the Gateway Parcel with the rest of the sites of the Tuolumne River Regional Park. The configuration of the Riverwalk allows for different visual and physical levels of contact with the river, while facilitating better understanding of the diverse plant communities and habitats of the riparian terraces. The Riverwalk provides access to the riparian terraces and opportunities to observe restoration areas. All of the paths comply with Americans with Disabilities Act (ADA) standards.

## The Acorn Boardwalk

The 500-foot-long boardwalk located near the confluence of Tuolumne River and Dry Creek is a feature intended to protect the roots of the existing Valley Oaks from foot traffic, and to provide an opportunity to appreciate and learn about the riparian restoration on site. The handrail of the Acorn Boardwalk acts as a mechanism to discourage people from stepping onto the lower terraces at Confluence Point. It is also a feature to display interpretive signage, and an interactive interpretive installation where kids can collect the

Valley Oak acorns, and learn about the traditional practices of the Yokuts (the Native Americans who inhabited this part of the Central Valley).

### Fishing Deck

This feature would be constructed near the Seventh Street bridge at the edge of the Tuolumne River. The 18-foot-wide deck would provide a view of the river and its riparian corridor as well as fishing access.

### Fishing Pier

The fishing pier, an eight-foot-wide boardwalk on pylons, would be constructed on top of the riparian terraces and would extend into the Tuolumne River bed. The pier would allow visitors to stand approximately three feet above the water surface for fishing or observation.

### River Overlook

The River Overlook would consist of a path extending from Tenth Street south through the Gateway Parcel to the Tuolumne River. The southernmost portion of the River Overlook would be elevated on a 20-foot-high boardwalk above the riparian terraces that would extend to the river's edge.

### Orchard Vista Point

Located on top of a bluff to the north of the Gateway Parcel, the Orchard Vista Point contains existing vacant buildings that could serve as the site of a visitor/interpretation center. Its elevated vantage point offers views of the Gateway Parcel. Restroom facilities and family picnic sites are proposed at this site.

### Pedestrian Bridge

A pedestrian bridge is proposed near the confluence point of the Tuolumne River and Dry Creek. The 170-foot-long, 12-foot-wide bow truss bridge would extend from the eastern edge of the Gateway Parcel across Dry Creek to the Gallo property. This bridge is intended to eventually connect the Gateway Parcel to other park sites within Tuolumne River Regional Park, as proposed in the TRRP Master Plan.

### Project Schedule

Implementation of the Gateway Parcel Precise Plan is divided into three phases. Phasing of the project will assure necessary funding is secured, and will allow time for the restoration area to establish.

**Phase 1** would include site grading, riparian restoration, backwater channel, trail from Bearbrook Park to confluence point, pedestrian bridge over Dry Creek, grading of amphimeadow, grading of farmer's market area.

**Phase 2** would include the development of the Riverwalk trail and landscape.

**Phase 3** would include the remaining trails, Seventh Street stormwater swale, river overlook, fishing pier, vista point, playgrounds, picnic sites, amphimeadow walls, restroom facilities, and all parking areas.

While grading of the amphimeadow and farmer's market area occurs in Phase 1, operation of these facilities for large events will not be allowed until the Tuolumne Boulevard extension is constructed or an alternate access is provided. Many of the components included in Phase 3, such as the parking areas and restroom facilities, will not be constructed until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

Construction is scheduled to begin in Spring 2006.

### **Permits Required**

Permits may be required from the following agencies:

- U.S. Army Corps of Engineers – Nationwide Permit for construction within jurisdictional waters of the U.S.
- California Department of Fish and Game – Section 1601 Streambed Alteration Agreement
- Regional Water Quality Control Board – Section 401 Water Quality Certification
- U.S. Fish and Wildlife Service and National Oceanic and Atmospheric Administration (NOAA) Fisheries – Section 7 Consultation
- California Reclamation Board – permit for construction within floodways under the Reclamation Board's jurisdiction, in accordance with Section 8710 of the California Water Code
- San Joaquin Valley Air Pollution Control District – authority to construct and permit to operate
- State Lands Commission – lease for construction within jurisdictional waterways
- Stanislaus County Airport Land Use Commission – confirm the project is a compatible use within Area 4 of the Modesto airport planning area boundary, and is consistent with the Stanislaus County Airport Land Use Commission Plan

### 8. Description of Project

The Gateway Parcel is the first phase of development for the Tuolumne River Regional Park (TRRP). The TRRP consists of over 500 acres of land along a seven-mile stretch of the Tuolumne River that is bounded by Mitchell Road to the east and by Carpenter Road to the west. The Gateway Parcel of the TRRP was acquired by the TRRP Joint Powers Authority (comprised of Stanislaus County and the Cities of Ceres and Modesto) in 1995 and provides a pivotal link in the chain of park land along the Tuolumne River. The 90-acre Gateway Parcel is a remnant walnut orchard at the foot of Tenth Street. The goal of the TRRP project is to create a park where the recreational experience is oriented towards and compatible with the Tuolumne River, its water, natural resources, and processes. The park design accommodates multiple purposes including recreation, wildlife habitat, and education and interpretation. Large public gathering areas will be located on the Gateway Parcel, including a 3,000-person, grassy outdoor amphitheater or amphimeadow. Project plans for the Gateway Parcel include a paved pedestrian and bike trail, compacted earth pathways, expansion of Tuolumne Boulevard and adjacent sidewalks, paved and turf-block parking areas, platform overlooks on the river, and a pedestrian and bicycle bridge over Dry Creek. In addition, the Gateway Parcel will be terraced to improve connectivity between the Tuolumne River and its floodplain and to revitalize its riparian vegetation.

### 9. Surrounding Land Uses and Setting

Land uses surrounding the Gateway parcel include industrial uses such as warehouses, distribution centers, and food processing facilities to the north; industrial uses within the Gallo Winery complex to the east; commercial retail uses across Tuolumne River to the south; and residential uses across SR 99 to the west.

### 10. Other Public Agencies Whose Approval may be Required

- U.S. Army Corps of Engineers
- U.S. Fish and Wildlife Service and NOAA Fisheries
- California Department of Fish and Game
- Regional Water Quality Control Board
- State Reclamation Board
- San Joaquin Valley Air Pollution Control District
- State Lands Commission
- Stanislaus County Airport Land Use Commission

**Environmental Factors Potentially Affected**

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

- |  |   |  |
|--|---|--|
| <input type="checkbox"/> Aesthetics                    | <input type="checkbox"/> Agriculture Resources              | <input checked="" type="checkbox"/> Air Quality            |
| <input type="checkbox"/> Biological Resources          | <input type="checkbox"/> Cultural Resources                 | <input type="checkbox"/> Geology/Soils                     |
| <input type="checkbox"/> Hazards & Hazardous Materials | <input type="checkbox"/> Hydrology/Water Quality            | <input type="checkbox"/> Land Use/Planning                 |
| <input type="checkbox"/> Mineral Resources             | <input checked="" type="checkbox"/> Noise                   | <input type="checkbox"/> Population/Housing                |
| <input type="checkbox"/> Public Services               | <input type="checkbox"/> Recreation                         | <input checked="" type="checkbox"/> Transportation/Traffic |
| <input type="checkbox"/> Utilities/Service Systems     | <input type="checkbox"/> Mandatory Findings of Significance |  |

**Determination**

On the basis of this initial evaluation:

- I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.
- I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.
- I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.
- I find that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.
- I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>I. Aesthetics.</b> Would the project:				
a) Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Substantially degrade the existing visual character or quality of the site and its surroundings?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## Environmental Setting

The Gateway Parcel is composed of relatively flat, riverfront land along the north bank of the Tuolumne River, a significant natural landscape feature. The visual experience of the river corridor includes areas that are of high visual quality, and other areas where the visual environment has been degraded by previous agricultural operations. Visual characteristics of the former walnut orchard include disked agricultural fields throughout most of the property, and a stand of majestic, mature valley oaks near the confluence of Dry Creek and the Tuolumne River. A narrow strip of riparian vegetation extends along both waterways along the site's eastern and southern boundaries.

Existing transportation infrastructure in the area presents prominent features in the visual landscape. The elevated, concrete State Route (SR) 99 bridge extends north-south through the western portion of the site. The wooden Union Pacific Railroad bridge and the concrete Seventh Street bridge, both elevated structures, extend through the center of the Gateway Parcel, parallel to the SR 99 bridge. The Seventh Street bridge is a historic landmark which includes Beaux Arts classical detail with two concrete lions standing guard at each portal. Utility lines and poles extend along the eastern side of the Union Pacific Railroad bridge. The Ninth Street bridge, another elevated concrete roadway, is east of the Union Pacific Railroad bridge and extends north-south across the project site, parallel to Dry Creek.

The Gateway Parcel is visible to motorists from the Seventh Street, Ninth Street and SR 99 bridges, and to train passengers from the Union Pacific Railroad bridge.

## Discussion

### a) Scenic Vistas

The Gateway Parcel Precise Plan would not adversely affect any scenic vistas. Due to the existing visual character of the site, views of the Gateway Parcel from elevated roadways and bridges in the site vicinity would improve following implementation of the Precise Plan, since current views of the site include degraded, disked agricultural land. The Precise Plan would improve the appearance of the site from nearby viewpoints.

### b) Scenic Resources

The Gateway Parcel Precise Plan would remove 11 trees from the site (see Figure 4). These include trees that were severely damaged as well as non-native trees. The proposed planting plan would plant approximately 90 trees on the property as well as other vegetation. The mature oak woodland would not be affected. The affected trees are scattered within the riparian corridor along the eastern and southern boundaries of the Gateway Parcel, and their removal would not be noticeable from nearby bridges and roadways. The removal of 11 trees would not substantially affect scenic views, and the proposed planting plan would improve the appearance of the Gateway Parcel. Therefore, this impact is considered less than significant.

### c) Visual Character

Implementation of the Gateway Parcel Precise Plan would transform the disked former agricultural fields present on the site into a regional park that offers a recreational experience oriented towards and compatible with the Tuolumne River. The Precise Plan would restore the degraded riparian corridor, and provide recreation opportunities and a gathering space for community events. The proposed planting plan is intended to change the visual character of the site from unused, degraded agricultural land to natural, vegetated meadow and riparian corridor. Therefore, the Precise Plan would improve the visual character of the site and no adverse impact would occur.

### d) Light and Glare

The Gateway Parcel Precise Plan includes a lighting plan for the park. Along the riverwalk and in public gathering areas in the northern portion of the park, light posts would be installed for illumination and public safety. In restoration areas in the southern and eastern portions of the site, low wattage, solar-powered lights are proposed along trails to provide low-level lighting for public safety while minimizing lighting effects on the restoration areas. Bollard lights, approximately three feet tall, would also be installed to provide lighting that is low to the ground to further minimize glare. All lighting would be directed downward with higher wattage lighting located in the high use areas of the park, near the downtown, and low wattage lights placed along trails in the restoration areas near the Tuolumne River and Dry Creek.

The closest residences are located across the Tuolumne River, approximately 1,000 feet south of the Gateway Parcel. The Precise Plan would increase lighting on the Gateway Parcel. However, the brighter light posts would be placed in the northern portion of the site, away from residences. Low-wattage lights would be installed along the Riverwalk and along trails within the restoration area, as required for public safety. However, these lights would not generate substantial glare. Existing vegetation within the Tuolumne River riparian corridor as well as proposed plantings would provide screening which would minimize potential glare effects. Therefore, this impact is considered less than significant.

The placement shown on 12 September 2024 by M. DeLuca, Forestry Superintendent for the City of Modesto.

**Recommended Tree Removals**

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
--	--------------------------------	--	------------------------------	-----------

**II. Agricultural Resources.**

In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997, as updated) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland.

Would the project:

a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Conflict with existing zoning for agricultural use or a Williamson Act contract?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Involve other changes in the existing environment, which, due to their location or nature, could result in conversion of Farmland to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**Discussion**

**a-c) Agricultural Resources**

The Gateway Parcel is designated Prime Farmland by the California Department of Conservation on the 1990 Stanislaus County Important Farmlands Map.<sup>2</sup> Loss of agricultural land within the designated urban area boundary of Modesto was analyzed in the Master EIR for the Urban Area General Plan, 2003. Through this process, the City of Modesto acknowledged and made findings that if development was within the Baseline Developed Area as identified on the General Plan Growth Strategy Diagram, the project shall be considered to have a minimal effect on the conversion of agricultural lands, and no mitigation would be required (Modesto, 1995). The Gateway Parcel is within this boundary. No farmland would be converted outside the City of Modesto. Additionally, the Gateway Parcel's location within the floodplain makes it subject to flooding, and therefore it would be difficult to farm this site. For these reasons, the Gateway Parcel Precise Plan is not anticipated to result in loss of productive agricultural land.

The Gateway Parcel is not currently in agricultural use and is zoned for residential uses. The site is not under Williamson Act contract.

<sup>2</sup> City of Modesto, Final Master EIR of the Urban Area General Plan, 1995. Figure 4-1.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
--	--------------------------------	--	------------------------------	-----------

**III. Air Quality.**

Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied on to make the following determinations.

Would the project:

a) Conflict with or obstruct implementation of the applicable air quality plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e) Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**Environmental Setting**

The Master EIR presents relevant air quality setting information. The Gateway Parcel Precise Plan is consistent with the Master EIR, and the facilities proposed in the Precise Plan were addressed in the Master EIR. Since publication of the TRRP Master Plan Master EIR, no changes or new information relating to the proposed facilities in the Gateway Parcel have occurred that would alter the findings in the Master EIR. However, the attainment status of the region has changed since the Master EIR was published. Currently, the San Joaquin Valley is classified as serious non-attainment for the federal eight-hour ground-level ozone standard, serious non-attainment for particulate matter less than 10 microns in diameter (PM10) standard, and non-attainment for particulate matter less than 2.5 microns in diameter (PM2.5) standard. Additionally, the Valley is classified as severe non-attainment for the California ozone standard and non-attainment for the state's PM10 standard. The Modesto area is classified as attainment for carbon monoxide and all other criteria air pollutants. A change in attainment status does not change the impact determination presented in the Master EIR.

The following discussion is based on the air quality analysis conducted in August 2005 using the URBEMIS Version 8.7.0, the most recent air quality modeling computer program.

## Discussion

### a-c, d) Construction-related Impacts

Construction activities associated with the Gateway Parcel Precise Plan would temporarily generate short-term emissions of ROG, NO<sub>x</sub>, and PM<sub>10</sub> during clearing, grading, and general construction activities. The emissions produced during clearing, grading, and general construction activities are "short-term" in the sense that they would be limited to the construction period, and would only be experienced downwind of the project site.

Short-term construction air pollutant emissions of ROG, NO<sub>x</sub>, and PM<sub>10</sub> were assessed using the URBEMIS 2002 Version 8.7.0 computer program for the Gateway Parcel and the Road Construction Emissions Model Version 5.1 for the Trail Construction and the Roadway Improvements. Table 1 summarizes yearly construction emissions for the project based on the type of land uses to be developed and the types of construction equipment that would be used.

Emissions Source	ROG (tons/year)	NO <sub>x</sub> (tons/year)	PM <sub>10</sub> (tons/year)
<b>Construction Emissions</b>			
Gateway Parcel	0.04	0.30	0.11
Pedestrian and Bike Trail	0.77	4.31	0.23
Roadway Improvements	0.69	4.00	0.23
<b>Total Construction Emissions</b>	<b>1.50</b>	<b>8.61</b>	<b>0.73</b>
<b>SJVAPCD Significance Thresholds</b>	<b>10</b>	<b>10</b>	<b>-</b>
Detailed input parameters and modeling results are on file at the City of Modesto Parks, Recreation and Neighborhoods Department. PM <sub>10</sub> concentrations are mobile emissions only (does not include fugitive dust emissions). Source: EDAW 2005; Guerra, Hector. SJVAPCD Senior Air Quality Planner. Phone conversation with Heather Phillips of EDAW. July 26, 2005			

As shown in Table 1, project-generated construction and operational air pollutant emissions of ROG and NO<sub>x</sub> would not exceed the significance thresholds.

Emissions would be generated primarily during excavation and grading activities associated with the construction of the proposed amphimeadow, riparian terraces, trails, bike paths, and parking facilities. Emissions would vary substantially from day-to-day and could potentially produce substantial amounts of PM<sub>10</sub>. This is considered a potentially significant impact.

**Master EIR Mitigation Measure Air-1:** In accordance with Regulation VIII of the San Joaquin Valley Air Pollution Control District (SJVAPCD), which was amended in August 2004, the following measures shall be implemented to reduce short-term, construction-generated emissions:

### Pre-Construction

- All construction areas shall be sufficiently pre-watered to limit visible dust emissions to 20 percent opacity.
- Work shall be phased to reduce the amount of disturbed surface area at any one time.

### During Project Construction

- Water or chemical/organic stabilizers/suppressants shall be sufficiently applied to limit visible dust emissions to 20 percent opacity; or
- Wind barriers shall be constructed and maintained to limit visible dust emissions to 20 percent opacity. If utilizing wind barriers, the preceding dust control measure shall also be implemented.
- Water or chemical/organic stabilizers/suppressants shall be applied to unpaved haul/access roads and unpaved vehicle/equipment traffic areas sufficient to limit visible dust emissions to 20 percent opacity and meet the conditions of a stabilized unpaved road surface.

### Carryout and Trackout

- The project will comply with the detailed requirements of Rule 8041 of SJVAPCD Regulation VIII. An owner/operator shall sufficiently prevent or cleanup carryout and trackout as specified below. The use of blower devices, or dry rotary brushes or brooms, for removal of carryout and trackout on public roads is expressly prohibited. The removal of carryout and trackout from paved public roads does not exempt an owner/operator from obtaining state or local agency permits which may be required for the cleanup of mud and dirt on paved public roads.
- Owners/operators shall remove all visible carryout and trackout at the end of each workday. Cleanup of carryout and trackout shall be accomplished by:
  - Manually sweeping and picking up;
  - Operating a rotary brush or broom accompanied or preceded by sufficient wetting to limit visible dust emissions to 20 percent opacity;
  - Operating a PM10-efficient street sweeper that has a pick-up efficiency of at least 80 percent; or
  - Flushing with water, if curbs or gutters are not present and where the use of water will not result as a source of trackout material or result in adverse impacts on storm drainage systems or violate any National Pollutant Discharge Elimination System permit program.
- Carryout and trackout shall be prevented and mitigated by:
  - Installing and maintaining a trackout control device meeting the specifications contained in Section 5.9 at all access points to paved public roads; or
  - Using a carryout and trackout procedure which has been demonstrated to the satisfaction of the APCO and USEPA as achieving an equivalent or greater level of control than specified above.
- In the event that measures specified above are insufficient to prevent carryout and trackout, removal of any carryout and trackout must be accomplished within one-half hour of the generation of such carryout and trackout.

### Minimize Exhaust Emissions from Construction Equipment

- Use California Air Resources Board (CARB) certified alternative fueled engines in construction equipment and/or buses where practicable. Alternative fueled equipment may be powered by Compressed Natural Gas (CNG), Propane (LPG), electric motors, or other CARB certified off-

road technologies. To find engines certified by CARB, see their certification website:  
<http://www.arb.ca.gov/msprog/offroad/cert/cert.php>.

- Construction equipment should have engines that meet the current off-road engine emission standard (as certified by CARB), or be re-powered with an engine that meets this standard. Tier I and Tier II engines have significantly less NOx and PM emissions compared to uncontrolled engines. To find engines certified by CARB, see <http://www.arb.ca.gov/msprog/offroad/cert/cert.php>. This site lists engines by type, then manufacturer. The "Executive Order" shows what tier the engine is certified as.
- Diesel equipment should use verified alternative diesel fuel blends, biodiesel, or Ultra Low Sulfur Diesel (ULSD). CARB has verified specific alternative diesel fuel blends for Nox and PM emission reduction. Only fuels that have been verified by CARB should be used. Information on alternative diesel blends can also be found at CARB's website: <http://www.arb.ca.gov/fuels/diesel/altdiesel/altdiesel.htm>. Information on biodiesel can be found at USEPA's website: <http://www.epa.gov/oms/models/biodsl.htm>.
- Idle reduction technologies save fuel and reduce diesel emissions from idling trucks and construction equipment. The applicant should incorporate idle reduction strategies that reduce the main propulsion engine idling time through alternative technologies. Examples of such technologies can be found on the USEPA's website: <http://www.epa.gov/otaq/smartway/idlingtechnologies.htm>. Idle reduction mitigation measures include:
  - Require that all diesel engines be shut off when not in use on the premises to reduce emissions from idling.
  - Light duty cars and trucks should be alternative fueled or hybrids.

#### Asphalt Paving

- If asphalt paving will be used, then paving operations will be subject to Rule 4641 (Cutback, Slow Cure, and Emulsified Asphalt, Paving and Maintenance Operations) of SJVAPCD Regulation IV. A person shall not manufacture for sale nor use any of the following for penetrating prime coat, tack coat, dust palliative, or other paving and maintenance operations:
  - Rapid cure cutback asphalt
  - Medium cure cutback asphalt
  - Slow cure asphalt which as produced for application, contains more than one-half (0.5) percent of organic compounds which evaporate at 500° F or lower.
  - Emulsified asphalt containing organic compounds, in excess of three (3) percent by volume, which evaporate at 500° F or lower.
- The City/contractor shall maintain records demonstrating compliance with Rule 4641.

#### Temporary Stabilization During Periods of Inactivity

- Vehicular access to the area shall be restricted; and
- Water or chemical/organic stabilizers/suppressants shall be applied to comply with the conditions of a stabilized surface. If an area having a disturbed surface area of 0.5 acre or more remains unused for seven or more days, the area must comply with the conditions for a stabilized surface area as defined in Section 3.58 of Rule 8011 of Regulation VIII.

#### Speed Limitations and Posting of Speed Limit Signs on Uncontrolled Unpaved Access/Haul Roads on Construction Sites

- The construction contractor shall limit the speed of vehicles traveling on uncontrolled unpaved access/haul roads within construction sites to a maximum of 15 miles per hour.

- The construction contractor shall post speed limit signs that meet State and Federal Department of Transportation standards at each construction site's uncontrolled unpaved access/haul road entrance. At a minimum, speed limit signs shall also be posted at least every 500 feet and shall be readable in both directions of travel along uncontrolled unpaved access/haul roads.

#### Wind Generated Fugitive Dust Requirements

- Outdoor construction, excavation, extraction, and other earthmoving activities that disturb the soil shall cease whenever VDE exceeds 20 percent opacity.
- Operation of water trucks/devices shall continue when outdoor construction excavation, extraction, and other earthmoving activities cease, unless unsafe to do so.

#### Dust Control Plan

- The construction contractor shall submit a Dust Control Plan to the Air Pollution Control Officer (APCO) prior to the start of any construction activity on any site that will include 10 acres or more of disturbed surface area for residential developments, or 5 acres or more of disturbed surface area for non-residential development, or will include moving, depositing, or relocating more than 2,500 cubic yards per day of bulk materials on at least three days.
- Construction activities shall not commence until the APCO has approved or conditionally approved the Dust Control Plan. An owner/operator shall provide written notification to the APCO within 10 days prior to the commencement of earthmoving activities via fax or mail. The requirement to submit a dust control plan shall apply to all such activities conducted for residential and non-residential (e.g., commercial, industrial, or institutional) purposes or conducted by any governmental entity.
- The Dust Control Plan shall describe all fugitive dust control measures to be implemented before, during, and after any dust generating activity.
- The Dust Control Plan shall be prepared in accordance with SJVAPCD Regulation VIII. The APCO shall approve, disapprove, or conditionally approve the Dust Control Plan within 30 days of plan submittal. A Dust Control Plan is deemed automatically approved if, after 30 days following receipt by SJVAPCD, SJVAPCD does not provide any comments to the construction contractor or the lead agency regarding the Dust Control Plan.
- The construction contractor shall retain a copy of an approved Dust Control Plan at the project site. The approved Dust Control Plan shall remain valid until the termination of all dust generating activities. Failure to comply with the provisions of an approved Dust Control Plan is deemed to be a violation of SJVAPCD regulations. Regardless of whether an approved Dust Control Plan is in place or not, or even when the construction contractor responsible for the plan is complying with an approved Dust Control Plan, the construction contractor is still subject to comply with all requirements of the applicable rules under Regulation VIII at all times.

Implementation of the above mitigation measure would reduce short-term construction-generated emissions to less-than-significant levels.

#### Local Carbon Monoxide Emissions

Events occurring at the Gateway Parcel, such as special events and concerts, could result in potential increases in carbon monoxide concentrations, or "hot spots," in excess of State or federal air quality standards. These carbon monoxide concentrations could adversely affect sensitive receptors, which may be located in the project vicinity or walking to and from the special events. This is considered a potentially

significant impact. Implementation of Mitigation Measure Air-2 from the Master EIR would decrease the potential for carbon monoxide "hot spots".

**Master EIR Mitigation Measure Air-2:** When special events, including concerts, occur at the Gateway Parcel, the City of Modesto shall implement a traffic and parking management control plan, as recommended in mitigation measures contained in Chapter IV-A of the Master EIR. The smooth flow of traffic would decrease the potential for carbon monoxide "hot spots", which could occur if vehicles are idling for long periods of time in high concentrations.

This impact would remain significant and unavoidable following mitigation.

Precise Plan Mitigation Measure Traffic-1, presented in this Initial Study, describes the Traffic Management and Parking Plan prepared for the Gateway Parcel Precise Plan. Implementation of the Traffic Management and Parking Plan would improve traffic flow, which would reduce the potential for carbon monoxide "hot spots". However, it is unlikely that traffic congestion would be decreased enough to reduce the potential for high carbon monoxide concentrations when people are arriving or leaving large special events. For this reason, this is considered a significant and unavoidable impact for special events and concerts at the Gateway Parcel. This is consistent with the findings of the TRRP Master Plan Master EIR. The City of Modesto adopted a Statement of Overriding Considerations for the Master EIR that acknowledged this significant and unavoidable impact and determined that the benefits of the TRRP Master Plan outweigh the impacts. No new mitigation measures were identified which would change the conclusion made in the Master EIR.

As noted in the project description, no large special events, amphimeadow events, or farmer's market events will be allowed in the park until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

### Exposure to Sensitive Receptors

Project construction would result in diesel exhaust emissions from on-site heavy duty equipment. Particulate exhaust emissions from diesel-fueled engines (diesel PM) were identified as a toxic air contaminant by the California Air Resources Board in 1998. Construction of the project would result in the generation of diesel PM emissions from the use of off-road diesel equipment required for site grading and excavation, paving, and other construction activities.

The dose to which the receptors are exposed is the primary factor used to determine health risk. Dose is a function of the concentration of a substance or substances in the environment and the extent of exposure that person has with the substance. Dose is positively correlated with time, meaning that a longer exposure period would result in a higher exposure level for the maximally exposed individual. Thus, the risks estimated for a maximally exposed individual are higher if a fixed exposure occurs over a longer period of time. According to the Office of Environmental Health Hazard Assessment (OEHHA), health risk assessments, which determine the exposure of sensitive receptors to toxic emissions, should be based on a 70-year exposure period; however, such assessments should be limited to the period/duration of activities associated with the project. Thus, the duration of the proposed construction activities would constitute approximately two percent of the total exposure period.

Because the use of mobilized equipment would be temporary and there are no sensitive receptors located immediately adjacent to proposed areas of construction, diesel PM from construction activities would not be anticipated to result in the exposure of sensitive receptors to levels that exceed the SJVAPCD standards. In addition, the long-term operation of the project would not result in any non-permitted sources of toxic air emissions. As a result, exposure of sensitive receptors to substantial toxic air emissions is considered less than significant.

### c) Cumulative Impacts

Implementation of the Gateway Parcel Precise Plan, including operation of the proposed amphimeadow, would result in long-term air pollutant emissions primarily associated with the increased operation of motor vehicles. Long-term air emissions have the potential to affect the cumulative air quality of the San Joaquin Valley Air Basin. The urban emission model, URBEMIS 2002 Version 8.7.0, was used to predict the quantities of mobile source regional emissions attributable to the proposed project. URBEMIS 2002 default speeds, trip lengths, percent of those trips that started cold, the percentage of the trips that were made from home to work, from home to shopping, and from home to other were used assuming a vehicle fleet mix of light- and medium-duty automobiles.

As stated below under Transportation/Traffic, trip generation numbers obtained from the traffic analysis prepared for the TRRP Master Plan Master EIR were also used for the air quality analysis. The trip generation numbers used for the Master EIR impact analysis included trips associated with the regional sports complex, which is not included in the Gateway Parcel Precise Plan, as well as the amphimeadow. Therefore, the trip generation numbers presented below are conservative for the Gateway Parcel Precise Plan.

Based on the traffic analysis prepared for this project, the proposed land uses would generate an average of approximately 2,285 daily trips during the weekdays (i.e., Monday through Friday). Daily use would increase slightly on the weekend to a maximum of approximately 2,825 trips on Saturdays and approximately 3,220 trips on Sundays. In general, outdoor park-related activities are typically considered seasonal, with slight decreases in trip generation typically occurring during the colder winter months.

In addition, it should be noted that the Gateway Parcel Precise Plan includes development of approximately six miles of off-street bicycle-accessible paths. These multi-modal paths, together with paths proposed in other locations as part of the overall TRRP Master Plan, would further supplement existing bicycle corridors within the Modesto Urbanized Area; would improve access between residential, commercial, and agricultural uses; and would link many of the existing and planned trail systems located in Stanislaus County. Consistent with the trip reduction strategies of the SJVAPCD's AQAP and the goals and objectives of the SCAAG's Congestion Management Program, construction of the proposed multi-modal path would provide safe, fast, and convenient options to the use of personal automobiles for commutes occurring within the Modesto Urbanized Area. Anticipated reductions in trip generation would result in reduction in mobile source vehicle emissions that could offset, to some degree, the predicted increases in emissions associated with development of the proposed amphimeadow.

Long-term (operational) regional air pollutant emissions of ROG, NO<sub>x</sub>, and PM<sub>10</sub> generated by stationary, area, and mobile sources, were assessed using the URBEMIS 2002 Version 8.7.0 computer program. Table 2 summarizes yearly operational emissions from area sources and motor vehicle trips generated by the project.

To be conservative, the trip generation rates used in the model did not include any reductions due to seasonal variations in use patterns for the proposed amphimeadow, or reductions anticipated due to an increased use of alternative means of transportation, as would be anticipated with the implementation of the proposed project. Rather, annual emissions were modeled using the maximum daily trip generation obtained from the traffic report, which were applied over a 365-day period. Based on the modeling conducted, mobile sources would generate "worst-case" emissions of approximately 4 tons per year (tons/year) of ROG, 5 tons/year of NO<sub>x</sub>, and less than 5 tons/year of PM<sub>10</sub>. Additional emissions associated with the occasional use of landscape maintenance equipment and increased electrical demand would be minor and would not contribute substantially to projected increases in annual regional emissions. Predicted "worst-case" emissions would not exceed the SJVAPCD significance thresholds of 10 tons/year of ROG or NO<sub>x</sub>. As a result, the project's contributions to cumulative regional air quality impacts are considered less-than-significant.

Table 2 Summary of Predicted Yearly Operational Emissions of ROG, NO <sub>x</sub> and PM <sub>10</sub>			
Emissions Source	ROG (tons/year)	NO <sub>x</sub> (tons/year)	PM <sub>10</sub> (tons/year)
Operational Emissions			
Area source	0.02	0	0
Mobile vehicle source <sup>1</sup>	3.80	5.29	5.16
<b>Total Operational Emissions</b>	<b>3.82</b>	<b>5.29</b>	<b>5.16</b>
SJVAPCD Significance Thresholds	10	10	-
<sup>1</sup> Mobile-source emissions were estimated based on default model settings and trip generation rates obtained from the traffic analysis prepared for this project under project implementation conditions for the year 2007.  Detailed input parameters and modeling results are available at the City of Modesto Parks, Recreation and Neighborhoods Department.  Source: EDAW 2005; Guerra, Hector. SJVAPCD Senior Air Quality Planner. Phone conversation with Heather Phillips of EDAW. July 26, 2005			

No new significant air quality impact would result from the Gateway Parcel Precise Plan that was not previously identified in the Master EIR.

e) **Objectionable Odors**

The Gateway Parcel Precise Plan would not result in the operation of a new source of odor emissions that would affect a substantial number of people.

## Environmental Setting

The following information is based on the Existing Habitats – Plant Communities and Cover Types (EDAW 2004), Special Status Species Memorandum (EDAW 2004), Preliminary Delineation of Waters of the United States, Including Wetlands (EDAW 2004) which were prepared by EDAW, and Tuolumne River Regional Park Gateway Project Aquatic Habitat and Special-Status Fish Species Technical Memorandum (2004) prepared by Hagar Environmental Science.

### Terrestrial Vegetation

Excluding developed and disturbed sites such as Seventh Street, Ninth Street, SR 99, the Union Pacific Railroad, and disked former agricultural fields, the site supports native or naturalized vegetation or "plant communities". Native vegetation is most highly developed in relatively undisturbed riparian forests along the Tuolumne River and Dry Creek.

### Non-Native Grasslands

Non-native grasslands occur on the site where other plant communities were displaced by clearing or by other human induced disturbances, such as agricultural activities. Non-native grassland consists of annual Mediterranean grasses that grow 1.5 to 2.5 feet tall with nearly 100 percent cover. These communities are dominated by slender wild oat (*Avena barbata*), ripgut brome (*Bromus diandrus*), soft chess (*Bromus hordeaceus*), Italian ryegrass (*Lolium perenne*), rattail fescue (*Vulpia myuros*) and hare barley (*Hordeum murinum ssp. leporinum*). Non-native forbs (broadleaf plants) include dwarf nettle (*Urtica dioica*), redstem filaree (*Erodium cicutarium*), spring vetch (*Vicia sativa*), black mustard (*Brassica nigra*), mallow or cheeseweed (*Malva spp.*), milk thistle (*Silybum marianum*), wild radish (*Raphanus sativa*), and curly dock (*Rumex crispus*). This vegetation type is often utilized by raptors as foraging habitat. Common small mammal species present in this habitat include squirrels, voles, and mice.

### Great Valley Willow Scrub Community

This is a "pioneer" plant community dominated by shrubby "second growth" willows that occurs primarily in areas on the parcel that were previously cleared for agriculture. An exception to that statement is a narrow band of narrowleaf willow (*Salix exigua*) that has re-occupied the low water edge of the Tuolumne River at this site since removed by the last scouring flows. Most of the Gateway parcel (designated on the map as "willow scrub with walnut") was planted before 1937 with English walnut (*Juglans regia*) grafted onto Northern California black walnut (*J. californica* var. *hindsii*) rootstock for disease resistance. Associated with willow scrub communities on the site are scattered, small individual trees of Fremont cottonwood (*Populus fremontii*), California box-elder (*Acer negundo* ssp. *californica*), shining willow (*Salix lucida*) and Gooding's black willow (*Salix gooddingii*). Shrubs in openings of the canopy include non-native Himalaya berry (*Rubus procerus*), native blue elderberry (*Sambucus mexicana*), and wild rose (*Rosa californica*).

### Great Valley Valley Oak Riparian Community

This community occurs in the relatively undisturbed portions of the riparian corridor above the level of high energy scouring flows. The valley oak riparian community on the site is dominated by large valley oak (*Quercus lobata*) trees that are hundreds of years old and over 50 feet tall, with diameters at breast height (dbh) of 20 inches or more (Aspen Survey 2004). This community type is highly developed at the confluence of Dry Creek and the Tuolumne River, where a massive oak occurs that is almost 61 feet tall with a dbh of 62 inches. Other common plant species associated with this community type include Fremont cottonwood trees, scattered box-elders and an occasional canyon live oak (*Quercus chrysolepis*). Shrubs, such as blue elderberry, occur in openings and were discussed in the previous section. A non-native vine, English ivy (*Hedera helix*) creeps up the trunks of the trees, as does the native poison oak (*Toxicodendron diversilobum*). Barbara sedge (*Carex barbae*) is closely associated with the oak understory on the site. This habitat is

valuable for a variety of birds such as oak titmouse, orange-crowned warblers, and scrub jays. A variety of raptors including Swainson's hawk, sharp-shinned hawk, and Cooper's hawk are often found in valley oak habitats. The Great Valley oak riparian community is considered a sensitive habitat by the California Department of Fish and Game (CDFG) (CNDDDB 2004).

## **Aquatic Habitat**

### **Dry Creek**

The western bank of Dry Creek is the eastern border of the project site. Dry Creek is a low gradient, sand-bedded stream in the project area. The portion of the channel within the project site is incised and has steep banks. The average width of the ordinary high water mark (OHWM) of Dry Creek in the project site is approximately 109 feet. Dry Creek is made up of return flows from Oakdale Irrigation District and surface water runoff. In winter it is a rain-fed system with flow up to several thousand cubic feet per second (cfs). Historically, Dry Creek ceased flowing after the rainy season but under present conditions, low flow is maintained through the summer from irrigation return flows. Because of year round flow, the present fish assemblage is probably different than it was historically (T. Ford, personal communication, Turlock Irrigation District (TID), May, 2004). Taken together, modifications to the aquatic habitat of Dry Creek, generally favor introduced species native to Eastern North America.

### **Tuolumne River**

The north bank of the Tuolumne River is the southern boundary of the project site. The project reach is within the sand-bedded reach of the lower Tuolumne River. The sand-bedded zone extends from river mile 0.0 to approximately river mile 24. This is contrasted with a gravel-bedded zone extending upstream from river mile 24 to river mile 52.2 at La Grange Dam. The sand-bedded zone is characterized by a reduced channel slope and a widening valley where transport of larger gravel and cobble-sized particles is diminished. This reach also has greater channel sinuosity and a more meandering bar morphology (McBain and Trush 2000). These changes influence the composition of riparian vegetation and the utilization of aquatic habitat by various fish species. The project reach has also been influenced by agricultural land use (row crops and orchards) and by urban encroachment (McBain and Trush 2000). Dennett Dam forms a potential obstruction to fish migration within the project area.

### **Fish Species Occurrence**

A significant amount of information on fish species in the Lower Tuolumne River has been collected in recent years under a wide range of hydrologic and seasonal variation. Distribution and abundance of fish species in the Lower Tuolumne River is influenced by channel morphology and hydrologic conditions. Many species, including salmon, steelhead and lamprey spawn in gravel substrate and are therefore limited to the gravel-bedded zone for the reproductive phase of their life-cycle. Salmon and steelhead require relatively cool temperatures that are found only in the upper reaches closer to La Grange Dam during the summer months.

The Tuolumne River supports some 33 species of fish including 21 species that are introduced, many of them from eastern North America (Ford and Brown 2001). The introduced species primarily include members of the sunfish family (including black bass and bluegill), minnows, and catfish. Of the 12 native species known to occur in the Tuolumne River, one is listed under both State and Federal ESA's (Central Valley steelhead), and three others are species of concern or candidates for listing (Central Valley fall-run Chinook salmon, Pacific lamprey, river lamprey). Native species appear to be most frequent in areas upstream of the Gateway Parcel while introduced species dominate in downstream areas, including the project area.

## Jurisdictional Water of the U.S., Including Wetlands

Jurisdictional Waters of the U.S., including wetlands in the Gateway Parcel Precise Plan project area were identified during a field delineation survey of the Gateway Parcel conducted in April 2004. The delineation identified 19.14 acres of drainages that qualify as Other Waters of the U.S within the project site, of which 3.59 acres occur within Dry Creek and 15.55 acres occur within the Tuolumne River. No habitats that qualify as wetlands under Section 404 of the Clean Water Act were identified within the project site.

## Special-Status Species

### Special-Status Plants

Four special-status plants have been identified as having the potential to occur in the TRRP Master Plan project area (including the Gateway Parcel): Delta button-celery (*Eryngium racemosum*), California hibiscus (*Hibiscus lasiocarpus californiacus*), Merced monardella (*monardella leucocphala*) and Sanford's arrowhead (*Sagittaria sanfordii*) (USFWS 2000).

The Delta button-celery is a federal species of concern (FSC), is listed as Endangered by the State of California, and is a California Native Plant Society (CNPS) List 1B species (Plants Considered Rare, Threatened, or Endangered in California and Elsewhere). The California hibiscus is an FSC and a CNPS List 1B species (Plants Considered Rare, Threatened, or Endangered in California and Elsewhere). The Merced monardella is an FSC and a CNPS List 1A species (Plants Presumed Extinct in California). Sanford's arrowhead has no Federal or state status, but it is a CNPS List 2 species (Plants Considered Rare, Threatened, or Endangered in California but More Common Elsewhere).

No occurrences of these species have been recorded in the TRRP project area (CNPS 2004).

### Special-Status Wildlife

The USFWS and CNDDDB identify a number of special-status species as having the potential to occur in the project area (USFWS 2004, CNDDDB 2004). Many of these species were eliminated from further consideration within the Gateway Parcel project area because the project area is outside of the species current range or because no suitable habitat is present in the project area and are not discussed below.

#### Valley Elderberry Longhorn Beetle

Valley elderberry longhorn beetle is listed as federally threatened under the Endangered Species Act (ESA). This species is dependent on blue elderberry (*Sambucus mexicana*) shrubs for both food and reproduction. Blue elderberry shrubs with stem diameters greater than one inch in diameter at ground level are considered habitat for this species and are protected as such under the Federal Endangered Species Act. The CNDDDB includes three occurrences of valley elderberry longhorn beetle within a five-mile radius of the Gateway Parcel area, and 14 clusters of elderberry plants greater than one inch diameter at ground level were observed on the project site.

#### Western Pond Turtle

The western pond turtle (*Emys* (= *Clemmys*) *marmorata*) is an FSC and California Species of Special Concern (CSC). Western pond turtles are found in slow-moving aquatic habitats, such as ponds, marshes, streams, and irrigation ditches. They use submerged or emergent vegetation for foraging and basking while partially submerged, and require logs or other objects for basking out of the water. Western pond turtles nest in upland habitats adjacent to aquatic sites that provide suitable thermal and hydric environment for incubation of eggs. Although no western pond turtle were observed on site, this species is expected to occur in the project area, especially on the banks of the Tuolumne River and Dry Creek.

#### Osprey

Osprey (*Pandion haliaetus*) is a CSC and is found primarily nesting in large snags near lakes, rivers, and streams and feeds primarily on fish. Although this species has a potential to occur on site and foraging within the Tuolumne River, none were observed and no potential osprey nests were identified.

#### White-tailed Kite

White-tailed kite (*Elanus caeruleus*) is a CSC and fully protected species, and forages primarily in and around grasslands, wetlands, and marshes close to isolated trees that are used for nesting and perching. Although no white-tailed kite were observed on the project site, this species has a high potential to be found foraging in the plowed agricultural field and non-native grassland and could potentially nest in the adjacent trees.

#### Cooper's Hawk

Cooper's hawk (*Accipiter cooperii*) is a CSC and nests primarily in deciduous trees, including those found in riparian areas. The primary food item is small birds, but can also include small mammals, amphibians, and reptiles. Although this species was not observed on site, this species could potentially be found nesting in both the adjacent and on-site riparian habitat and foraging within the willow scrub habitat.

#### Northern Harrier

The northern harrier (*Circus cyaneus*) is a CSC. Northern harriers nest on the ground in dense, low-lying vegetation, including emergent wetlands, grasslands, and field crops. This species is potentially present within the project area throughout the year, but is probably most common in the fall and winter, foraging over open grassland. Therefore, this species has a moderate potential to nest on the project site.

#### Swainson's Hawk

Swainson's hawk (*Buteo swainsoni*) is state-listed as threatened. In the Central Valley of California, Swainson's hawks are often found nesting in riparian habitats with adjacent suitable foraging habitat. There is one CNDDB occurrence within a 5-mile radius of the Gateway Parcel, and at the southwest end of the project site two old raptor nests were observed that may potentially be Swainson's hawk nests. Therefore, this species has a high potential to occur on the project site.

#### Merlin

Merlin (*Falco columbarius*) is a CSC with respect to wintering habitat. This falcon breeds in Canada in open woods or wooded prairies and winters in small numbers in a variety of California habitats, including grasslands, savannahs, and wetlands. Merlin forages along the margins of wooded habitat, including riparian strips, and feed mostly on small birds. This species is expected to forage in limited numbers on the project site during the winter.

#### Western Burrowing Owl

Western burrowing owl (*Speotyto cunicularia hypugea*) is a CSC. They prefer dry grasslands and other dry, open habitats. They typically nest and roost in burrow systems created by medium-sized mammals (e.g., ground squirrels) or in artificial sites (e.g., drain pipes and culverts). No burrowing owls were observed on site but suitable habitat is present. Therefore, this species has a moderate potential to occur on the project site.

### Loggerhead Shrike

Loggerhead shrike (*Lanius ludovicianus*) is a CSC. Loggerhead shrikes are resident and winter visitors in lowlands and foothills throughout California. Preferred habitat includes open areas such as desert, grasslands, and savannah. Loggerhead shrikes nest in thickly foliated trees or tall shrubs, and forage in open habitats which contain trees, fence posts, utility poles, and other perches, and are usually solitary birds. They feed on insects, reptiles, and small mammals, which they frequently impale on thorns and barbed wire after capturing. Suitable habitat for Loggerhead Shrike occurs in the grassland habitats of the project site. This species was not observed on the Gateway Parcel but several birds were observed foraging in the TRRP Master Plan Area. Therefore, loggerhead shrike is expected to occur during the winter, foraging on the project site and has a moderate potential to nest on, or adjacent to, the project site.

### California Horned Lark

California horned lark (*Eremophila alpestris actia*) is a CSC and a common to abundant resident in open, level or rolling short-grass prairies, plains, and meadows. Grasslands and open habitat with low, sparse vegetation and surface irregularities, such as rocks, litter, and clods of soil, which provide cover, are preferred habitat for the California Horned Lark. Suitable foraging and nesting habitat for this species occurs in the grasslands on the project site. Therefore, this species has a moderate potential to be found nesting on the Gateway Parcel.

### Yellow Warbler

The yellow warbler (*Dendroica petechia brewsteri*) is a CSC and breeds in riparian woodlands. Historically, yellow warblers were locally common summer residents in suitable habitat throughout most of California. However, yellow warbler populations have declined dramatically due to loss of riparian habitat to agriculture and urbanization and nest parasitism by the brown-headed cowbird (*Molothrus ater*). Yellow warblers are likely to migrate through the project area but have a low potential to be found nesting on the project site.

### California Horned Lizard, San Joaquin Pocket Mouse, Merced Kangaroo Rat

California horned lizard (*Phrynosoma coronatum frontale*), San Joaquin pocket mouse (*Perognathus inornatus inornatus*), and Merced kangaroo rat (*Dipodomys heermanni dixonii*) are FSC. California horned lizard is also a CSC. These three species inhabit grasslands and weedy habitats on fine textured soils. None of these species have been recorded in the TRRP Master Plan area. Grasslands in the Gateway Area may represent suitable habitat for these three species. However, due to the amount of human disturbance (including plowing and disking) and the limited amount of relatively undisturbed grassland present on the project site, these species have a low potential to occur on site.

### Central Valley Fall-Run Chinook Salmon

Fall-run chinook salmon in the Tuolumne River is a candidate for federal listing. NMFS completed a status review of west coast chinook salmon populations and determined that listing of the Central Valley fall and late-fall run as a threatened species was not warranted but that it would be considered a candidate species (NMFS 1999). The Tuolumne River supports a naturally reproducing population of fall-run chinook salmon, which is the largest population of fall-run chinook salmon in the San Joaquin Basin (Stillwater Sciences 2001). Adult chinook salmon migrate into the Tuolumne River to spawn between September and December with peak arrival in November. Almost all spawning occurs upstream of Hickman Bridge (Waterford). Fry emerge from the spawning gravels in the spring, typically from January through March. Fry may leave the river immediately or remain in the river to rear. Those that rear in the river emigrate in late spring as juveniles or smolts (Stillwater Sciences 2001). Fry, juvenile, or smolt salmon may be present in the project area as migrants or while rearing between January and May. Ford and Brown (2001) reported that juvenile salmon

were abundant in the lower river section below Dry Creek only in high flow years during the period from 1986 to 1997.

#### Central Valley Steelhead

Central Valley steelhead (anadromous *Oncorhynchus mykiss*) are federally listed as a threatened species and the Tuolumne River is within the critical habitat designated for this ESU (NMFS 2000). *O. mykiss* are found in the Lower Tuolumne River although their status is uncertain. The resident (non-migratory) form of *O. mykiss*, rainbow trout, may be present as well as the protected anadromous form. Rainbow trout may enter the Lower Tuolumne River from Don Pedro Reservoir when the reservoir spills, or may be introduced from other reservoirs and hatcheries in the area. Juvenile steelhead and rainbow trout can not be distinguished by external observation and genetic tests or other analytical procedures have not been reported for *O. mykiss* from the Tuolumne River.

In records compiled from several sources by the Modesto and Turlock Irrigation Districts (MID-TID 2003), all reports of *O. mykiss* are from upstream of Waterford. This is consistent with habitat changes downstream including increased summer water temperature and change in substrate from the gravel size class to sand dominated. While it is possible that steelhead would use the Tuolumne River in the project reach for migration, it is not expected that they would use it for rearing. Adult steelhead migrate upstream to spawn from December through April and smolts migrate downstream in March through May.

#### Pacific Lamprey

In the August 11, 2004 update, the USFWS designated the Pacific lamprey (*Lampetra tridentata*) as a Species of Concern (USFWS 2004). As of 2003, it is no longer listed as a California Species of Special Concern (CDFG 2003). The Pacific lamprey has been reduced from historic abundance and it is eliminated from some areas where formerly found. In the samples evaluated by Ford and Brown (2001), all of the lamprey caught were identified as Pacific lamprey, but some individuals may have been river lamprey as examinations were not detailed. Both the ammocoete form and the transformed seaward migrants have been taken near the project site. Pacific lamprey were observed more frequently approximately 25 to 30 miles and further upstream of the project site (where more suitable spawning habitat exists). However, data for lamprey are generally relatively incomplete since the immature life stage (ammocoetes) live within the substrate and are not easily captured or quantified using standard sampling methods such as electrofishing, seining, or snorkel surveys. Lamprey have received little scientific attention and there is uncertainty regarding their status and biology.

Pacific lamprey are anadromous with a free-swimming parasitic or predatory marine adult stage, where they may feed on ocean fish such as salmon and flatfish, and a freshwater immature stage that is a benthic filter feeder, feeding on benthic detritus. Spawning takes place in higher gradient, gravel/cobble bed, cool water streams primarily between early March and late June (Moyle 2002). Ammocoetes burrow in sand or silt substrates in quieter channel margin, pool, or backwater habitats. The ammocoete stage is thought to last 5-7 years (Moyle 2002). Adults in freshwater do not feed. Ammocoetes feed on organic detritus and algae which they gather from the surface of the substrate.

Pacific lamprey still appear to be present in most of their native range though anecdotal evidence indicates that abundance is reduced in many areas and some large runs have nearly disappeared. They are usually absent from highly altered or polluted streams and have been eliminated from many urbanized streams in the southern part of their range. Both Dry Creek and the Tuolumne River provide aquatic habitat conditions that are conducive to use by Pacific Lamprey, particularly the ammocoete stage, and the species should be considered as potentially occurring in the project area.

## River Lamprey

The River lamprey (*Lampetra ayresi*) is a Federal Species of Concern (USFWS 2004) and is on the California Watch List (CDFG 2003). The Watch List includes species that are found in much of their native range but were found in greater numbers historically or may have been more widespread (CDFG 2003). River lamprey have received little scientific attention and there is uncertainty regarding their status and biology. The biology of river lampreys has not been studied in California (Moyle 2002). As with Pacific lamprey, data for lamprey are relatively incomplete since the immature life stage (ammocoetes) live within the substrate and are not easily captured or quantified. It is difficult to distinguish the larval and early adult life stages of river lampreys from Pacific lampreys because the morphologies of these life stages are very similar.

River lampreys are found in large Pacific coast drainages from north of Juneau, Alaska, south to San Francisco Bay. In California most records have been for the lower Sacramento-San Joaquin River system. They may have been present in the Tuolumne River, as mentioned previously under the discussion of Pacific lamprey (Ford and Brown 2001), however there have not been subsequent studies to confirm their presence.

Although there are no widespread efforts to census populations, river lamprey is thought to have become uncommon in California due to loss and degradation of habitat, particularly spawning and rearing habitat in the lower reaches of larger rivers. However, this species has not been thoroughly studied and further investigation is needed to adequately monitor and manage its populations (CDFG 2003; Moyle 2002). Both Dry Creek and the Tuolumne River provide aquatic habitat conditions that are conducive to use by River Lamprey, particularly the ammocoete stage, and the species should be considered as potentially occurring in the project area.

### Regulatory Policies Applying to the Project Area

Regulations that protect biological resources that may be applicable to the proposed Gateway restoration project include the following:

- Federal Endangered Species Act (ESA) of 1973
- Federal Migratory Bird Treaty Act
- Clean Water Act
- California Endangered Species Act (CESA) of 1984
- Section 3503 and 3503.5 of the California Fish and Game Code
- Fully Protected Species-California Fish and Game Code sections 3511, 4700, 5050, and 5515
- Section 1600 of the California Fish and Game Code

### Discussion

#### a,d) Special Status Species

##### Special Status Fish

Implementation of the Gateway Parcel Precise Plan could result in potential adverse and beneficial impacts to special-status fish (Chinook salmon, steelhead, river and Pacific lamprey) and their habitat.

In the long term, the Precise Plan would remove invasive exotic vegetation from riparian areas, reestablish native riparian vegetation species composition, reconnect portions of the floodplain to the river (by terrace contouring), and the reestablish natural riparian vegetation and processes on the excavated terraces. Restoration of the natural riverbank configuration is expected to result in long-term beneficial impacts to fish

and fish habitat both in the Precise Plan area and downstream. Additionally, the proposed removal of Dennett Dam would improve fish passage during low-flow conditions in the Tuolumne River.

Flow regulation and human alteration of the Tuolumne River and Dry Creek channel and floodplain has resulted in an incised channel and oversteepened banks that are either artificially stabilized or actively eroding. Beneficial impacts that are expected to result from the proposed bank recontouring at several locations on the Tuolumne River and Dry Creek include:

- substantial reductions in localized bank erosion and elimination of the need for artificial stabilization;
- increased floodway capacity;
- increased area available to salmonids and other fish for rearing and refuge during high flows;
- reestablishment of the connection between the river and its floodplain; and
- resumption of natural riparian vegetation recruitment and successional processes.

Although special-status fish will benefit from the project in the long-term, some short-term impacts are anticipated. Recontouring portions of the north bank of the Tuolumne River could result in physical disturbance to habitat for special-status fish and is considered a potentially significant impact. Temporarily elevated levels of total suspended solids (TSS) may also pose problems to fish of all life stages within the project area and downstream. Increased input of fine sediment during project construction could potentially result in direct impacts to Chinook salmon, steelhead, river and Pacific lamprey, as well as other fish, and could cause local and downstream impacts to habitat. Bank recontouring can be expected to cause short-term increases in bank erosion, which would likely result in temporarily elevated levels of sediment delivery to the Tuolumne River.

A short-term loss of riparian vegetation is expected during construction of bridges, trails, river overlooks, and other facilities near the Tuolumne River and Dry Creek, and may lead to temporary adverse impacts to fish and aquatic resources in the Precise Plan project area. Exposed bare soil on restored banks could result in greater bank erosion and sediment delivery to the river. Disturbance caused by heavy machinery and construction crews, both in and out of the river, may potentially impact fish and wildlife in those areas. The potential impacts of construction-related sediment on fish and in-stream habitat would depend on the timing and duration of the construction, the presence of sensitive fish and their habitat on-site and downstream, and the river flow conditions during construction. Adverse impacts would gradually be reduced as the new riparian vegetation matures. Since there are only three access points to the river from the TRRP described in the Master Plan, disturbance following construction would be minimal. Replanting would follow the planting palette developed for the TRRP Master Plan, which includes guidelines for species composition and planting location. Project construction that could result in direct disturbance and increased sediment input would be temporary, and therefore no significant long-term impacts are expected.

While the Precise Plan would result in long-term beneficial impacts for special-status fish species, potential short-term impacts to Chinook salmon, steelhead, river and Pacific lamprey and their habitat are considered potentially significant. Mitigation Measure Bio-3 from the Master EIR would be implemented to address this impact.

**Master EIR Mitigation Measure Bio-3:** The following mitigation shall be implemented for any project covered by the TRRP Master Plan that has the potential to affect perennial aquatic habitat.

- a. The operation of heavy equipment in the active river channel shall not occur. Temporary sediment settling basins and structures such as sediment fencing or straw bales shall be used to prevent sediment-laden runoff from entering the river channel. All runoff controls shall be monitored and maintained to ensure storm events, vandalism, or other activities do not diminish the effectiveness of these controls. Monitoring should occur after major storm events and on a

scheduled basis to address potential vandalism of the control measures. Specific control measures and the appropriate maintenance program will be developed during project design.

- b. River-adjacent construction activities shall occur during summer months when flows are low and rain is unlikely. Construction of bridges and near-river facilities shall be conducted during the summer when flows are low and rain is unlikely or as otherwise appropriate to avoid impacts during fish migrations and sensitive life stages. Construction shall not occur near the river from September through December, as this is the period when most ESA species would be in the river in appreciable numbers.
- c. The project proponent shall consult with NOAA Fisheries and U.S. Fish and Wildlife Service under Section 7 of ESA to determine a future course of action, including whether incidental take authorization is needed. Through consultation and negotiations with the federal agencies, appropriate mitigation and avoidance measures will be determined and implemented.

Implementation of the above mitigation measures in consultation with NMFS and U.S. Fish and Wildlife Service would ensure that impacts to sensitive fish species are less than significant.

### Valley Elderberry Longhorn Beetle

The Gateway Parcel Precise Plan Removal of blue elderberry shrubs providing critical habitat for the federally-listed endangered valley elderberry longhorn beetle from grading of the floodplain terraces would be considered a significant impact. Mitigation Measure Bio-4 from the Master EIR would be implemented to address this impact.

**Master EIR Mitigation Measure Bio-4:** The following measures shall be implemented to ensure that impacts to the valley elderberry longhorn beetle are less-than-significant:

- a. Prior to any construction activity or grading for any Master Plan project, a qualified biologist shall conduct a survey to determine the number and location of elderberry shrubs on the project site.
- b. If no elderberry shrubs are found on the project site or if all elderberry shrubs will be avoided by at least 100 feet, impacts to the valley elderberry longhorn beetle will be less-than-significant and no further mitigation is necessary.
- c. If elderberry shrubs are found within the project area, the project proponent will consult with U.S. Fish and Wildlife Service under Section 7 of ESA to determine a future course of action, including whether incidental take authorization is needed. Through consultation and negotiations with U.S. Fish and Wildlife Service, appropriate mitigation and avoidance measures will be determined and implemented.

If avoidance of elderberry plants is not possible, mitigation measures developed with U.S. Fish and Wildlife Service under Section 7 of ESA would likely include transplanting of affected shrubs and planting of additional new shrubs. These actions are described in the Ecological Restoration Plan (EDAW 2004). Transplantation is possible depending on location of plants (riparian versus non-riparian habitat), presence/absence of exit holes, adjacent vegetation, and size of plants. Mitigation varies depending on site conditions and may include additional plantings up to a 6:1 ratio based on the number of stems and their diameters.

Implementation of the above mitigation measures in consultation with U.S. Fish and Wildlife Service would ensure that impacts to the valley elderberry longhorn beetle would be reduced to less-than-significant levels.

## Nesting Raptors

Raptor nests could be adversely affected by the removal of trees and by nearby construction activities occurring during the breeding season (February 1 to August 31). Raptor nests are protected by the California Fish and Game Code. This is considered a potentially significant impact. Mitigation Measure Bio-5 from the Master EIR would be implemented to address this impact.

**Master EIR Mitigation Measure Bio-5:** Implementation of the following mitigation measures would ensure that impacts to nesting raptors are less-than-significant:

- a. If construction is proposed during the raptor nesting season (1 February to August 31), a focused survey for raptor nests shall be conducted by a qualified biologist to identify active nests within 1/4 mile of the project area. The survey shall be conducted no less than 14 days and no more than 30 days prior to the beginning of construction and shall be within the nesting season.
- b. If nesting raptors are found during the focused survey, no construction shall occur within 500 feet of an active nest until the young have fledged (as determined by a qualified biologist), without prior approval by the California Department of Fish and Game. Construction within 500 feet may be permitted if a nest monitor is present to ensure that disturbance to the nesting raptors is minimized to the maximum extent practicable.

Implementation of the above mitigation measures in consultation with the CDFG would ensure that impacts to the nesting raptors would be reduced to less-than-significant levels.

### b) **Riparian Habitat**

The riparian habitat on the Gateway Parcel currently supports high wildlife diversity and functions as an important wildlife corridor. Grading and earthmoving activities to create the riparian terraces would remove up to approximately 11 acres of existing riparian vegetation within the Great Valley valley oak riparian community. This community is considered a sensitive habitat by the CDFG (CNDDDB 2004). Riparian vegetation associated with rivers, stream, or lakes in California is also subject to regulation by CDFG, pursuant to Sections 1600 through 1603 of the California Fish and Game Code. Riparian habitat within the Ordinary High Water Mark of jurisdictional Waters of the U.S. is under regulatory authority of USACE. The Stanislaus County General Plan (1994) and the City of Modesto General Plan EIR (1995) address the conservation of riparian habitat.

One of the primary goals of the Gateway Parcel Precise Plan is to restore a continuous riparian corridor along the Tuolumne River. The Precise Plan would create floodplain terraces to provide surfaces that inundate more frequently, restore hydrologic connectivity, and create different hydrologic niches that meet many riparian plant species' initiation and establishment requirements. Approximately 22 acres of riparian vegetation would be replanted in the Gateway Parcel as part of the Ecological Restoration Plan. Mature valley oaks would not be removed and would be protected from soil compaction and damage during the projects construction phase. Areas that require summer irrigation, such as lawn, would not be planted in the vicinity of oaks to protect them from fungus infection.

Impacts to riparian habitat would be temporary during construction activities. Implementation of the Precise Plan would result in a net increase in riparian habitat overtime, once riparian vegetation in replanted areas is re-established. However, the short-term loss of existing riparian habitat is considered a significant impact because this habitat has been identified as a sensitive natural plant community by regulatory resource agencies.

**Master EIR Mitigation Measure Bio-1:** To minimize disturbance to riparian habitat outside of the proposed area of disturbance, the following measures shall be implemented:

- a. For any TRRP Master Plan project, prior to any grading or tree removal, riparian habitat outside of the proposed work areas will be protected by installing orange barrier fencing around habitat to be preserved and restricting vehicular or mechanical use of equipment in these areas. The project proponent shall retain a qualified biologist to serve as a compliance monitor and to ensure that all mitigation measures pertaining to riparian habitat protection are properly implemented.
- b. Prior to project implementation, a Section 404 permit shall be obtained from the United States Army Corps of Engineers (USACE) and a Section 1600 Streambed Alteration Agreement shall be obtained from the California Department of Fish and Game (CDFG). Additional mitigation for impacts to riparian areas will be developed through consultation with USACE and CDFG. A detailed riparian restoration plan shall be submitted to USACE as part of the 404 permit application. The plan must be approved by USACE prior to project implementation. Mitigation monitoring shall be conducted annually by a qualified biologist for 5 years or until the success criteria are met. Annual monitoring reports shall be submitted to USACE and CDFG.

Implementation of the above mitigation measures in consultation with USACE and CDFG would ensure that impacts to riparian habitat are less-than-significant.

c) **Wetlands**

Adverse impacts to jurisdictional waters of the U.S. protected under Section 404 of the Clean Water Act could occur on the Gateway Parcel due to construction activities related to implementation of the Master Plan. The preliminary wetlands delineation prepared by EDAW in April 2004 identified 19.14 acres of drainages that qualify as Other Waters of the U.S. within the project site, of which 3.59 acres occur within Dry Creek and 15.55 acres occur within the Tuolumne River. Grading and earthmoving activities to create the floodplain terraces below the ordinary high water mark of Dry Creek and the Tuolumne River would potentially constitute "a discharge of fill" and require a permit from the U.S. Army Corps of Engineers. This is considered a potentially significant impact. Mitigation Measure Bio-2 from the Master EIR will be implemented to address this impact.

**Master EIR Mitigation Measure Bio-2:** The following mitigation measures shall be implemented to ensure impacts to Waters of the U.S. are less-than-significant.

- a. For any TRRP Master project, prior to grading or tree removal, a qualified biologist shall make a determination whether potential jurisdictional Waters of the U.S., including wetlands are present in the project area.
- b. If potential jurisdictional Waters of the U.S., including wetlands, are present, a determination shall be made through the formal Section 404 wetland delineation process if any jurisdictional areas would be filled or otherwise disturbed as a result of the project. Authorization of a Section 404 and Section 10 permit shall be secured from USACE and a Section 1600 agreement shall be secured from CDFG, as appropriate.
- c. As part of the permitting process, mitigation for impacts to jurisdictional Waters of the U.S., will be identified and implemented. Waters of the U.S. will be replaced or rehabilitated on a "no-net-loss" basis in accordance with USACE regulations. Habitat restoration, rehabilitation, and/or replacement shall be at a location and by methods agreeable to USACE.

- d. For all projects with the potential to affect jurisdictional Waters of the U.S., all grading plans will include adequate setback for waters to be preserved. Measures to minimize erosion and runoff into seasonal and perennial Waters of the U.S. will be prepared for all projects covered by the Master Plan. Appropriate runoff controls such as berms, storm gates, detention basins, overflow collection areas, filtration systems, and sediment traps shall be implemented to control siltation and the potential discharge of pollutants into preserved drainages. All runoff controls shall be monitored and maintained to ensure storm events, vandalism, or other activities do not diminish the effectiveness of these controls. Monitoring should occur after major storm events and on a scheduled basis to address potential vandalism of the control measures. Specific control measures and the appropriate maintenance program will be developed during project design.

Implementation of this mitigation measure would reduce this impact to a less-than-significant level.

e,f) **Plans, Policies and Ordinances**

The Gateway Parcel Precise Plan is consistent with the TRRP Master Plan EIR and would restore riparian vegetation along the Tuolumne River and Dry Creek. Based on consultation with the City Arborist, eleven trees were identified for removal from the Gateway Parcel as part of the Precise Plan. The affected trees include ten non-native trees and one native tree, a California box elder (*Acer negundo* ssp. *Californica*). The box elder tree is proposed for removal due to poor health. The Precise Plan would remove a relatively small number of trees from the site and would plant approximately 90 native trees as part of the ecological restoration plan. The mature oak woodland present on the site would not be affected. Therefore, this impact is considered less than significant.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>V. Cultural Resources.</b> Would the project:				
a) Cause a substantial adverse change in the significance of a historical resource as defined in §15064.5?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to §15064.5?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Environmental Setting

The Master EIR presents cultural resources setting information for the Gateway Parcel. Since publication of the TRRP Master Plan Master EIR, no changes or new information relating to cultural resources in the project area have occurred that would alter the findings in the Master EIR.

The following discussion is based on the cultural resources impact analysis presented in the TRRP Master Plan Master EIR.

## Discussion

### a-b) Effects on Known Cultural Resources

The Master EIR stated that none of the known cultural resources sites within the Gateway Parcel would be adversely affected by implementation of the proposed TRRP Master Plan. The Precise Plan project area is identical to the Gateway Parcel project area addressed in the Master EIR, except the Precise Plan project area does not include the W. H. Breshears, Inc. property. The area of construction and ground disturbance is the same as that evaluated in the Master EIR.

The Seventh Street Bridge (No. 38C-023) has been determined eligible for inclusion in the National Register of Historic Places (DOE Process 12/24/85). There would be an adverse effect if the bridge is removed or if its surrounding environment is significantly altered. Because the Gateway Parcel Precise Plan does not propose to remove or alter the Seventh Street bridge, no impact to this historic resource would occur.

Implementation of the Precise Plan would not affect the other potentially historic resources identified within the project area. The W.H. Breshears, Inc. property is no longer included in the Gateway Parcel Precise Plan

project area. Lion's Market, Ninth Street bridge and the Union Pacific Railroad and Tidewater Southern Railway bridges do not appear to be eligible for listing in the National Register of Historic Places. Therefore, the Gateway Parcel Precise Plan would not adversely affect known historic resources.

As stated above, no archaeological resources were identified within the Gateway Parcel during field surveys for the TRRP Master Plan, and no known or recorded prehistoric resources were found in the record search. Since no known archaeological resources exist within the project area, the project would not adversely affect known archaeological resources.

### **Effects on Unknown Cultural Resources**

Implementation of the Gateway Parcel Precise Plan would allow for subsurface grading and construction of new recreational facilities. Based upon the findings of the recent record and literature search, impacts to significant cultural resource sites within the project area are not anticipated. It is, however, possible that buried or otherwise unknown resources may be discovered during construction grading or vegetation removal. Prehistoric resources include chert or obsidian flakes, projectile points, mortars and pestles, and dark, friable midden soil containing bone and shell. Historic resources include glass, metal, ceramics, wood and similar debris. In addition to cultural resources, the potential for fossil materials to be found during project construction activities, remains uncertain until the ground surface has been broken and excavation of sub-surface soils takes place. Such resources, if uncovered during project development, would be subject to potential damage or destruction prior to the assessment of their importance and development of mitigation measures.

The Native American Heritage Commission in Sacramento was contacted by letter with a description of the proposed project and a request for a listing of local, interested Native American representatives, and information on traditional or sacred lands within the project area and vicinity.

The Master EIR identified cultural resources impacts within the Gateway Parcel, which is the project area for the Precise Plan. Project construction and ground disturbing activities could adversely affect unknown cultural resources. This is considered a potentially significant impact. The following mitigation measure, adopted by the City of Modesto in September 2001 for the Master EIR, will be implemented in the event that unknown cultural resources are encountered during implementation of the Gateway Parcel Precise Plan. This measure is updated in this Initial Study to reflect current practices.

**Master EIR Mitigation Measure CR-1:** If unrecorded cultural resources are encountered during project-related ground-disturbing activities, a qualified cultural resources specialist shall be contacted to assess the potential significance of the find.

If an inadvertent discovery of cultural materials (e.g., unusual amounts of shell, animal bone, bottle glass, ceramics, structure/building remains, etc.) is made during project-related construction activities, ground disturbances in the area of the find will be halted and a qualified professional archaeologist will be notified regarding the discovery. The archaeologist shall determine whether the resource is potentially significant as per the California Register of Historic Resources and develop appropriate mitigation.

Implementation of the above mitigation measure would reduce potentially significant impacts resulting from inadvertent damage or destruction of unknown cultural resources during construction to a less-than-significant level.

### **c) Unique Cultural Resources**

No known unique paleontological resources or unique geologic features would be affected by implementation of the Gateway Parcel Precise Plan.

d) **Disturbance of Human Remains**

Project grading and earthmoving activities could disturb previously undiscovered human remains. This is a potentially significant impact that is consistent with the findings of the Master EIR. Therefore, the following mitigation measure adopted by the City of Modesto in September 2001 applies to the Gateway Parcel Precise Plan. This mitigation measure is updated in this Initial Study to reflect current practices.

**Master EIR Mitigation Measure CR-2:** California law recognizes the need to protect interred human remains, particularly Native American burials and associated items of patrimony, from vandalism and inadvertent destruction. The procedures for the treatment of discovered human remains are contained in California Health and Safety Code Sections 7050.5 and 7052 and California Public Resources Code Section 5097.

In accordance with the California Health and Safety Code, if human remains are uncovered during ground-disturbing activities all such activities in the vicinity of the find shall be halted immediately and the lead agency or the lead agency's designated representative shall be notified. The lead agency shall immediately notify the county coroner and a qualified professional archaeologist. The coroner is required to examine all discoveries of human remains within 48 hours of receiving notice of a discovery on private or state lands (Health and Safety Code Section 7050.5[b]). If the coroner determines that the remains are those of a Native American, he or she must contact the Native American Heritage Commission by phone within 24 hours of making that determination (Health and Safety Code Section 7050[c]). The responsibilities of the lead agency for acting upon notification of a discovery of Native American human remains are identified in detail in the California Public Resources Code Section 5097.9. The lead agency or its appointed representative and the professional archaeologist will consult with a Most Likely Descendent (MLD) determined by the Native American Heritage Commission regarding the removal or preservation and avoidance of the remains and determine if additional burials could be present in the vicinity.

Assuming an agreement can be reached between the MLD and the lead agency or its representative with the assistance of the archaeologist, these steps will result in minimizing or eliminating adverse impacts to the uncovered human remains.

Implementation of this mitigation measure would reduce this potential impact to a less-than-significant level.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact

**VI. Geology and Soils.** Would the project:

a) Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? (Refer to California Geological Survey Special Publication 42.)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
ii) Strong seismic ground shaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
iii) Seismic-related ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
iv) Landslides?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction, or collapse?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994, as updated), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## Discussion

The following information is based on the October 15, 2004 Geotechnical Engineering Study – Gateway Parcel, Pedestrian Bridge Crossing, Tuolumne River Regional Park prepared by Condor Earth Technologies, Inc. as well as the TRRP Master Plan Master EIR.

### a,c) Seismic Impacts and Landslides

The Gateway Parcel is located within a moderately seismic region of the California Central Valley. The current California Building Code (2001) indicates that Gateway Parcel is within Seismic Zone 3, the lower risk zone for seismic activity. No known active or potentially active faults cross the project site, and the site is not located within a Fault-Rupture Hazard Zone as established by the Alquist-Priolo Earthquake Fault Zoning Act. Therefore, ground rupture from faulting is not considered a significant impact.

Liquefaction is a phenomenon whereby saturated, loose, cohesionless soils lose shear strength during an earthquake. The consequences of liquefaction of the soils underlying a site can include: bearing capacity failure of structure foundations; lateral spreading of the liquefied deposits and overlying soils; and localized settlement of the ground surface.

The potential for liquefaction of soil below the groundwater surface near the proposed pedestrian bridge site on the Gateway Parcel is high because the saturated materials are primarily loose to medium dense, non-cohesive soil. The risk posed by lateral spreading of the overlying non-saturated soils exposed in the Dry Creek creek face is less because of the uniformity, stiffness, and lack of distinctive horizontal layers in the soil.

While the risk of liquefaction in saturated subsurface soils during an earthquake is high, the risk to the proposed pedestrian bridge is low because the liquefiable soils are overlain by a minimum of 15 feet of dry, strong, cohesive non-liquefiable soils. In the event that the deeper sand did liquefy, the risk of catastrophic bearing failure of a shallow foundation in the upper soils is negligible; however, some settlement of the abutments is possible. The abutment settlement, in the event of liquefaction, is estimated to be less than a few inches. The low risk of damage due to liquefaction combined with the planned pedestrian use of the bridge does not warrant the use of deep foundations to eliminate risks associated with seismic activity. Construction of the pedestrian bridge will comply with the current California Building Code (2001).

The Gateway Parcel is within the Planned Urbanizing Area of the Urban Area General Plan and is addressed in that document. According to the City of Modesto Final Master EIR for the Urban Area General Plan (2003), no areas in which landslides and seismic activity threaten the public health and safety are located within the Planned Urbanizing Area. Therefore, this is considered a less-than-significant impact.

### b) Soil Erosion

Project construction would involve soil-disturbing activities such as vegetation removal, grading and excavation which may result in soil erosion and sediment discharge into surface waters, increased turbidity, and downstream sediment deposition. Temporary stockpiling of excavated soils would have the same effect if subject to erosion during rainfall.

### d) Expansive Soils

Expansive soils were not identified on the Gateway Parcel in the Initial Study for the TRRP Master Plan or the Master EIR. Therefore, they are assumed not to be present on the site.

e) **Septic Tanks**

The proposed restroom facilities at the Orchard Vista Point, Farmers' Market, and Valley Oak Meadow would use septic systems. Septic or composting tanks would be installed, operated and maintained according to City of Modesto and Regional Water Quality Control Board standards. Therefore, this is not considered a significant impact.

	Potentially Significant Impact	Less Than Incorporated Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>VII. Hazards and Hazardous Materials.</b> Would the project:				
a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and/or accident conditions involving the release of hazardous materials into the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code §65962.5 and, as a result, would it create a significant hazard to the public or the environment?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Environmental Setting

The Master EIR presents setting information for hazardous materials. Since publication of the TRRP Master Plan Master EIR, no changes or new information relating to hazards and hazardous materials in the project area have occurred that would alter the findings in the Master EIR. However, the Breshears, Inc. facility is not within the Precise Plan project area, and thus the Precise Plan does not proposed new facilities or uses on that potentially contaminated facility. The following discussion is based on the hazardous materials impact analysis presented in the TRRP Master Plan Master EIR.

## Discussion

### a-c) Use of Hazardous Materials

Implementation of the Gateway Parcel Precise Plan would not create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials. No unusual use of hazardous materials is expected as a result of this project.

None of the facilities proposed by the Precise Plan would emit hazardous emissions or include the handling of hazardous or acutely hazardous materials. Pesticides and herbicides would be used according to EPA registration and label directions. Therefore, this is not considered a significant impact.

### d) Hazardous Materials Site

#### Former Ranch Complex

The Gateway Parcel is located on a former ranch complex which once contained an underground fuel storage tank, an aboveground diesel fuel storage tank, chemical use and storage areas, farm equipment and machinery repair and maintenance areas, and chemical mixing and/or loading areas. All of these items were identified in a Phase I Preliminary Environmental Assessment prepared by Erler & Kalinowski, Inc. in 1995, and were removed prior to City of Modesto acquisition of the property.

Development or grading of areas within the former ranch complex area of the Gateway Parcel could expose construction workers and/or the public to hazardous materials during and/or following redevelopment. This is considered a potentially significant impact.

**Master EIR Mitigation Measure HazMat-2:** A site investigation shall be conducted by a qualified professional (e.g., California registered environmental assessor) to identify any potential chemical impacts to soil in the former ranch complex. If the results of the investigation(s) indicated the presence of hazardous materials, site remediation may be required by the applicable State or local regulatory agencies.

Implementation of Mitigation Measure HazMat-2 from the Master EIR would reduce this impact to a less-than-significant level.

#### Past Agricultural Use

Potential health risks could result from placement of sensitive land uses, such as children's playgrounds, in former agricultural areas due to residual concentrations of agricultural chemicals in the soil. This is considered a potentially significant impact.

**Master EIR Mitigation Measure HazMat-3:** A Phase II assessment including soil sampling, shall be performed to assess agricultural chemicals in areas designated for children's playgrounds and other

sensitive land uses. If chemicals are present in soils at concentrations at or above applicable regulatory agency action levels for the intended land use, remediation requirements in accordance with State and federal regulations would be required.

Implementation of Mitigation Measure HazMat-3 from the Master EIR would reduce this impact to a less-than-significant level.

e.f) **Airports**

The Gateway Parcel is within the planning area boundary of the Modesto City-County Airport (Area 4) identified in the Stanislaus County Airport Land Use Commission Plan. The Stanislaus County Airport Land Use Commission reviewed the proposed Gateway Precise Plan and determined that the project appears to be compatible with their plan. According to Federal Aviation Regulation Part 150, the proposed land uses and structures would be compatible without restrictions. No structures will exceed the plan's height limits, and no lighting is proposed that would interfere with air traffic. Therefore, the project would be consistent with the regulations and policies of the Stanislaus County Airport Land Use Commission Plan, and would not cause air traffic hazards. The City will consult with the Stanislaus County Airport Land Use Commission during the design phase of the project to ensure that the project features are compatible with the plan.

g) **Emergency Response Plans**

Implementation of the Gateway Parcel Precise Plan would not impair implementation of, or physically interfere with, an adopted emergency response plan or emergency evacuation plan. The Gateway Parcel is relatively isolated from surrounding uses due to the waterways along its eastern and southern boundaries and its low elevation.

h) **Wildland Fire Hazards**

The proposed Gateway Parcel Precise Plan calls for the enhancement and maintenance of riparian forests as wildlands along the length of the park. The trails proposed in the Precise Plan would provide greater access to wildland areas than currently exists. Increased public access to wildlands increases possible ignition sources and therefore also increases the likelihood for wildland fires, and the risk of loss, injury or death due to wildland fires both on-site and for the adjacent developed parcels. In general, wildlands along riparian corridors are considered to have a low to moderate risk of wildland fire, however the location of the park adjacent to urban land uses increases the possible damage that could occur if a wildfire starts. The increased risk of loss, injury or death involving wildland fires due to increased visitation to open space grasslands and riparian forests adjacent to urban areas is considered a potentially significant impact. This is consistent with the findings of the Master EIR.

The TRRP Master Plan recommends maintenance measures to reduce the fuel load in the meadow areas and thus reduce the risk of wildfire. The City of Modesto's requirement that buildings meet Uniform Fire Code standards reduces the risk of damage to adjacent buildings during a fire. Fire hazard warning signs and possible closure of trails through wildland areas of the park during high-risk fire hazard days (primarily during the summer and early fall months) could also be considered as a method to reduce the risk.

**Master EIR Mitigation Measure Fire-2:** The Modesto Parks, Recreation and Neighborhoods Department shall create and implement a vegetation management program targeted toward fire prevention and control. This program would expand upon the fuel reduction and management plan outlined in the TRRP Master Plan. The TRRP vegetation management program shall:

- Characterize existing and proposed vegetation fuels
- Identify potential ignition sources and locations

- Identify assets at risk in case of fire
- Identify specific maintenance measures to reduce fuel loads
- Identify buffer zones between residential structures on adjacent developed parcels and vegetation in the TRRP, and
- Make recommendations for fire resistant plantings

Implementation of Master EIR Mitigation Measure Fire-2 would reduce potential impacts associated with wildland fires to a less-than-significant level.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>VIII. Hydrology and Water Quality.</b> Would the project:				
a) Violate any water quality standards or waste discharge requirements?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level that would not support existing land uses or planned uses for which permits have been granted)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial on- or off-site erosion or siltation?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner which would result in on- or off-site flooding?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
e) Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Otherwise substantially degrade water quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Place housing within a 100-year flood hazard area as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Place within a 100-year flood hazard area structures that would impede or redirect flood flows?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
i) Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
j) Result in inundation by seiche, tsunami, or mudflow?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## Discussion

The following information is based on the November 1, 2004 Ecological Restoration Plan prepared by EDAW, the April 1, 2005 Basis of Hydraulic Design Technical Memorandum prepared by HDR Engineering, and the TRRP Master Plan Master EIR.

### a.f) Water Quality

Project construction at the Gateway Parcel would involve soil-disturbing activities such as vegetation removal and grading which may result in soil erosion and sediment discharge into surface waters, increased turbidity, and downstream sediment deposition. Temporary stockpiling of excavated soils would have the same effect if subject to erosion during rainfall.

In addition, fuels, solvents and other chemicals used in construction vehicles could be accidentally spilled, dumped, or discarded and ultimately leak into the Tuolumne River or Dry Creek.

As stated above, the Precise Plan would require permits and approvals from several agencies, including the U.S. Army Corps of Engineers, the Regional Water Quality Control Board, and the California Department of Fish and Game. Conditions outlined in the permits to protect water quality would be implemented to mitigate water quality impacts to a less-than-significant level. Additionally, a Stormwater Pollution Prevention Plan (SWPPP) will be prepared to identify best management practices that will be implemented during construction to protect water quality. The SWPPP will be prepared by the construction contractor prior to commencing construction.

The Gateway Parcel Precise Plan does not propose any uses or pollution sources that would further compromise the existing water quality, further violate water quality standards, or necessitate waste discharge requirements. Implementation of the Precise Plan would restore riparian habitat which could improve water quality on the lower Tuolumne River. Thus, after construction, the proposed Gateway Parcel Precise Plan would not result in significant impacts to water quality.

### b) Groundwater Supplies

The Department of Water Resources records from 1975 to 2003 indicate that the local groundwater surface elevation at the Gateway Parcel ranged from five to 57 feet above mean sea level. The site was flooded during the winter of 1997. The groundwater elevation typically ranges between 20 to 30 feet above mean sea level.

The Precise Plan would not result in operations or new facilities that would affect groundwater supplies.

**c-e) Drainage Patterns and Erosion**

Development of the Gateway Parcel, including roadways, parking areas, Farmers' Market platforms, and multi-use trails, would increase the amount of impervious surfaces on the site. This could generate a small increase in runoff. Drainage swales are proposed within the Farmers' Market area which would divert runoff to a vegetated swale that would filter the water before it drains into the Tuolumne River. The small increase in runoff that would be generated in the park is not expected to substantially affect the storm drainage system. Therefore, this is considered a less-than-significant impact.

The Precise Plan proposes to remove Dennett Dam from the Tuolumne River near the Ninth Street bridge. The dam currently impedes the migration route for local salmon and other fish, and blocks small boat passage. Removal of the dam would not substantially alter streamflow or water surface elevations in the Tuolumne River. HDR Engineering analyzed the effects of removing the dam. The dam is located in slow-moving segment of the river due to water "backing up" upstream of the bend in the river just west of SR 99. Water surface elevations at Dennett Dam are estimated to remain the same during the FEMA 100 year event and are estimated to drop by 0.3 feet at the 1.5 year flood event. These estimated changes in water surface elevations are expected to have no adverse impact on adjacent, upstream, or downstream property. In the long term, removal of the dam would improve fish passage. Therefore, this is considered a less-than-significant impact.

**Scour and Erosion at Existing Bridge Locations**

Changes in channel and overbank configuration may cause increased localized velocities, which could lead to scour and erosion occurring at existing bridge locations. This is considered a potentially significant impact. Implementation of Mitigation Measure Hydro-7 from the Master EIR would address this impact.

**Mitigation Measure Hydro-7:** Once detailed grading plans have been developed, scour analyses of bridge piers and abutments shall be performed in accordance with standard engineering practices to determine if changes in channel and overbank configuration are likely to cause scour and erosion at existing bridge locations. If necessary, armoring and erosion control measures shall be installed at existing bridge locations.

Implementation of this mitigation measure would reduce this impact to a less-than-significant level.

**g-i) Flood Hazards**

The Gateway Parcel lies within the 100-year floodplain and much of the park falls within the proposed 100-year floodway as designated by FEMA. It also falls within the floodway designated by the State Reclamation Board. No housing or other inhabitable structures would be constructed within the defined flood zones on the Gateway Parcel.

**Near-River Structures**

The Precise Plan would construct a river overlook, fishing pier, and fishing deck over the Tuolumne River. These structures could increase water surface elevations during flood events and cause localized bank erosion. Implementation of Mitigation Measure Hydro-3 from the Master EIR would address impacts associated with construction of near-river structures.

**Master EIR Mitigation Measure Hydro-3:** The following mitigation measures shall be implemented to avoid hazards related to construction in the floodway:

- Once detailed plans have been developed for the proposed structures, hydrologic and hydraulic analyses shall be performed in accordance with standard engineering practices to ensure that the proposed structures do not result in any increase in base flood water surface elevations.
- Scour analyses shall be performed once detailed plans have been developed for the proposed structures. If necessary, erosion control measures shall be incorporated in the final design.
- Structures shall be designed to allow adequate open space to pass flow and floating debris traveling downstream.
- Structures shall be designed to withstand the forces of floodwaters to minimize damages during flood events.

Implementation of these mitigation measures would reduce this impact to a less-than-significant level.

### Pedestrian Bridge

The proposed pedestrian bridge across Dry Creek near its confluence with the Tuolumne River is located within the designated floodway and could increase water surface elevations during flood events. Possible scour problems may also develop around piers and abutments if velocities increase due to bridge construction and placement. The bridge may also trap floating debris during flood events and could impact flood conveyance. This is considered a potentially significant impact. Implementation of Mitigation Measure Hydro-6 from the Master EIR would address this impact.

**Mitigation Measure Hydro-6:** The following mitigation measures shall be implemented to avoid potential flood hazards caused by the proposed pedestrian bridge:

- Construction plans shall be developed in accordance with standard hydrologic and hydraulic engineering practices to ensure that the proposed pedestrian bridge would not result in any increase in base flood water surface elevations during the base flood.
- The pedestrian bridge shall have adequate clearance above the base floodwater surface elevation so as not to impede flow or trap floating debris.
- The pedestrian bridge shall be designed to withstand the forces of floodwaters to minimize damages during flood events.
- Scour analyses of the bridge piers and abutments shall be performed once detailed plans have been developed for the proposed bridge. If necessary, erosion control measures shall be incorporated into the final design.

Implementation of these mitigation measures would reduce this impact to a less-than-significant level.

### Floodplain Terraces

The Gateway Parcel Precise Plan includes cutting back the right bank and developing terraced slopes and scour channels to restore riparian habitat. Each terrace would provide relatively flat planting areas to be inundated by flood waters of the Tuolumne River. Grading required to create the terraces could increase water surface elevations during a 100-year flood.

The Precise Plan, including the grading and planting plans, were analyzed by HDR Engineering to identify potential flooding impacts. The results of this analysis indicate that the project's impacts to the FEMA 100-year floodplain would be minimal. During the FEMA 100-year event, water surface elevation was calculated to drop by 0.1 to 0.2 feet due to implementation of the Precise Plan. During all other flood events, water surface elevations would decrease by as much as 0.9 feet as a result of the project. This is considered a potentially significant impact. Implementation of Master EIR Mitigation Measure Hydro-2 from the Master EIR would address this impact.

**Master EIR Mitigation Measure Hydro-2:** Detailed grading plans shall be developed in accordance with standard hydrologic and hydraulic engineering practices to ensure that the proposed grading does not result in any increase in base flood water surface elevations. The grading design shall not significantly increase river flow velocities.

Implementation of this mitigation measure would reduce this impact to a less-than-significant level.

### Hydraulic Roughness

The proposed riparian planting scheme may increase the hydraulic roughness of the channel and overbank areas and could lead to increases in the water surface elevations. This is considered a potentially significant impact.

**Mitigation Measure Hydro-4:** Detailed riparian planting schemes shall be developed in accordance with standard hydrologic and hydraulic engineering practices to ensure that the proposed structures do not result in any increase in base flood water surface elevations. The riparian planting scheme shall be designed to prevent creating floating debris dams during flood events that would impact flood conveyance.

Implementation of this mitigation measure would reduce this impact to a less-than-significant level.

### Inundation of the Amphimeadow

The proposed amphimeadow could be subject to frequent inundation during flood events. This is considered a potentially significant impact. Implementation of Mitigation Measure Hydro-5 from the Master EIR would address this impact.

**Mitigation Measure Hydro-5:** The elevation of the amphimeadow shall be raised to reduce the frequency of inundation. Detailed grading and construction plans for the amphimeadow shall be developed in accordance with standard hydrologic and hydraulic engineering practices to ensure that construction of the amphimeadow would not result in any increase in water surface elevations. Water shear and scour analyses shall be also be performed and if necessary surface protection shall be provided for the banks and surrounding area to prevent scour and erosion.

Implementation of this mitigation measure would reduce this impact to a less-than-significant level.

### i) **Seiche, Tsunami, or Mudflow Hazards**

The Gateway Parcel is not subject to seiches, tsunamis, or mudflows, and no impacts are anticipated.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>IX. Land Use and Planning.</b> Would the project:				
a) Physically divide an established community?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to, a general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Conflict with any applicable habitat conservation plan or natural community conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## Discussion

### a) **Divide an Established Community**

The Gateway Parcel Precise Plan would only affect the Gateway Parcel and would not divide an established community.

### b) **Conflict with Land Use Plans and Policies**

The Gateway Parcel Precise Plan is consistent with the TRRP Master Plan adopted by the City of Modesto in 2001, which envisions recreation, public access and public gathering facilities and ecological restoration within the Gateway Parcel.

### c) **Conflict with Habitat Conservation Plans**

The Gateway Parcel Precise Plan would restore the degraded riparian corridor along Dry Creek and the Tuolumne River. This is consistent with the TRRP Master Plan.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>X. Mineral Resources.</b> Would the project:				
a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## Discussion

### a-b) Mineral Resources

The project site is not known to contain any mineral resources that are important to the region or the State. The project site is not known to contain locally important mineral resources and none of these resources are delineated on a local plan, specific plan or other land use plan.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>XI. Noise.</b> Would the project result in:				
a) Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or in other applicable local, state, or federal standards?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d) A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

### Environmental Setting

The following information is based on the January 31, 2005 Preliminary Acoustical Analysis prepared by Bollard and Brennan (2005) for the Gateway Parcel Precise Plan.

### Applicable Noise Standards, Policies and Criteria

City of Modesto General Plan Noise Element sets forth land use compatibility criteria for various community land uses. The Noise Element specifies that residential land uses are considered to be "normally acceptable" in areas where exterior noise levels are as high as 60 dB Ldn without the need for noise mitigation, and "conditionally acceptable" (with mitigation) in noise environments up to 70 dB Ldn.

In addition to the City of Modesto's Ldn-based noise level standards, the Stanislaus County General Plan Noise Element also contains performance standards for stationary noise sources. Specifically, Table II on page 4-13 of the General Plan presents the noise standards that would also be applicable to the project-related noise (see Table 3).

Table 3 Maximum Allowable Noise Exposure from Stationary Noise Sources		
	Daytime (7 a.m. - 10 p.m.)	Nighttime (10 p.m. - 7 a.m.)
Hourly $L_{eq}$ , dB	50	45
Maximum Level, $L_{max}$ , dB	70	65
Source: Table II on Page 4-13 of Stanislaus County General Plan		

The significance of project-related noise impacts is also determined by comparison of project-related noise levels to existing no-project noise levels, as required by CEQA. An increase of at least 3 dB in similar noise sources is usually required before most people will perceive a change in noise levels, and an increase of 5 dB is required before the change will be clearly noticeable.

For dissimilar noise sources – such as the introduction of noise consisting of speech and/or music into an area primarily affected by traffic, railroad, and industrial noise – a smaller increase is required for the new sound to be perceptible. Because the new noise source associated with this project would be dissimilar relative to the existing ambient noise environment, a project-related noise standard similar to the existing ambient noise environment (measured) would be appropriate for use in the assessment of project-related noise impacts. Therefore, calculated project-related noise exposure at the closest residential receivers to the south-southeast should be equal or less than the measured ambient noise exposure to be considered a “less than significant” impact.

### Ambient Noise Measurements

To quantify worst-case noise levels in the project area, short-term noise level measurements were conducted on September 14, 2004 between 12:00 and 1:00 p.m. on the amphimeadow project site. The noise measurement location is shown in Figure 5. The measured average ambient noise level ( $L_{eq}$ ) at the measurement site was approximately 56 dB. Maximum noise levels ( $L_{max}$ ) were recorded at approximately 60 dB from local traffic and construction, and the distant canning operations; and approximately 75 dB from Union Pacific Railroad (UPRR) train warning horns.

The closest noise-sensitive receivers to the proposed amphimeadow are approximately 950 feet south-southeast of the proposed project stage, on the south side of the Tuolumne River (see Figure 5). The existing ambient noise environment in this area is subjectively considered to be moderately loud, and is defined primarily by roadway traffic and distant industrial noise (seasonal). Noted noise sources which were audible at the project site during the noise measurement survey consisted of local roadway traffic, local construction, and typical residential neighborhood activities. To quantify typical noise levels in this area, long-term (24 hours) noise level measurements were conducted on December 2-3, 2004 within the backyard of the existing residence at 913 River Road in Modesto, California. These measurements were representative of the existing ambient noise environment in the vicinity of the closest noise-sensitive receivers to the proposed amphimeadow facility.

**Noise Monitoring and Measuring Sites**

Source: TRRP Gateway Parcel  
 Preliminary Acoustical Analysis  
 - Amphimeadow,  
 May 2005  
 by Bollard & Brennan, Inc.  
 Acoustical Engineers

**Figure 5**

The noise measurement location is shown in Figure 5. Measured average hourly ambient noise levels ( $L_{eq}$ ) ranged from approximately 53-64 dB, with levels of approximately 54-55 dB measured during the evening hours (7 p.m.- 9 p.m.) when the amphitheater performances are expected to occur. Therefore, to be considered a less-than-significant impact, projected amphimeadow noise levels at existing homes near the proposed facility should not exceed approximately 55 dB.

## Discussion

### a-c) Noise from the Amphimeadow

Noise associated with the proposed amphimeadow would increase noise exposure levels at nearby residences. To provide for adequate sound levels for its future patrons, it is assumed that the amphimeadow sound system would provide for sound levels of approximately 85 dB at the rear of the amphitheater seating area, approximately 275 feet from the stage. Assuming standard spherical spreading loss (-6 dB per doubling of distance) and no noise mitigation in the sound propagation path (between the top of the amphitheater bowl and the closest residences to the south-southeast), noise exposure from the amphimeadow would be approximately 74 dB at the closest residential properties to the south-southeast. This is consistent with the findings of the TRRP Master Plan EIR, which also concluded that noise exposure from the amphimeadow would be approximately 74 dB at the nearest residences.

A noise exposure level of 74 dB would exceed the "normally acceptable" (60 dB Ldn) and "conditionally acceptable" (70 dB Ldn) noise standards established in the City of Modesto General Plan Noise Element for residential uses, as well as the maximum allowable noise exposure level presented in the Stanislaus County General Plan Noise Element (70 Lmax, dB). This would also exceed the existing ambient noise exposure by approximately 19 dB. This would be a significant impact and is consistent with the findings of the Master EIR.

Mitigation Measure Noise-2 of the Master EIR required that an acoustical engineer be retained to identify and incorporate all feasible mitigation measures available for reducing noise-related impacts to nearby noise-sensitive receptors. Bollard and Brennan conducted an acoustical analysis for the Gateway Parcel Precise Plan that addresses amplified concerts and performances at the amphimeadow. To mitigate amphimeadow sound system noise exposure at the closest residential properties to 55 dB Leq or less (established noise criterion), the following recommendations from the Preliminary Acoustical Analysis (2005) shall be incorporated into the project design.

**Precise Plan Mitigation Measure Noise-1:** Re-orient the amphimeadow stage and seating areas no less than 20 degrees clockwise so that the stage and associated sound system face more toward the west, away from the noise-sensitive residential properties to the south-southeast.

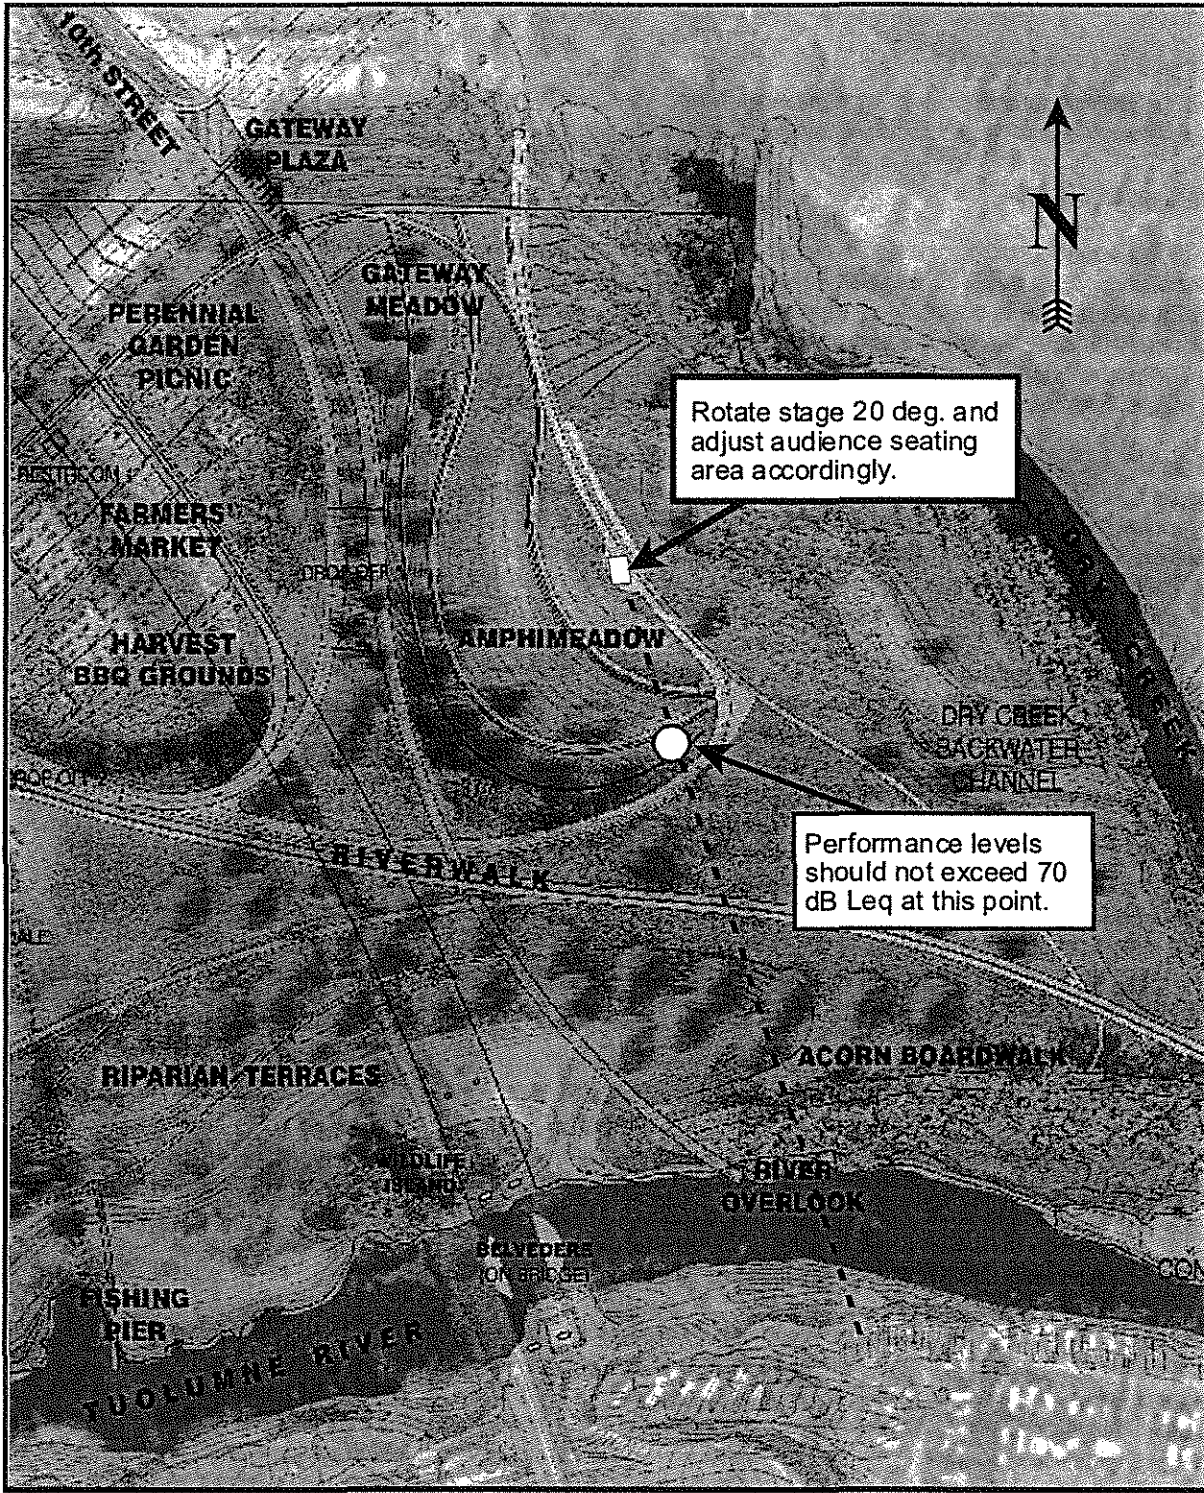

**Precise Plan Mitigation Measure Noise-2:** Provide a project-specific sound system to be used for all performances at the amphimeadow. This sound system should be designed to achieve the design goals presented above. In addition, the system should be designed to produce sound levels not exceeding 70 dB at the reference location presented in Figure 6. It is estimated that if sound levels are mitigated to 70 dB at this location, projected amphimeadow sound levels will be 55 dB or less at the closest residential properties to the south-southeast. The sound system should be designed and installed by qualified professionals.

**Precise Plan Mitigation Measure Noise-3:** Incorporate a stage enclosure into the project design. This enclosure should be designed to maximize natural sound re-enforcement from the stage while mitigating noise exposure into project areas outside of the amphimeadow seating area.

If all three of these mitigation measures are determined to be feasible and are adopted and implemented by the City of Modesto, the impact would be reduced to a less-than-significant level.

**Amphimeadow Noise Mitigation Recommendations**

 Preliminary Acoustical Analysis  
 - Amphimeadow,  
 May 2005  
 by Bollard & Brennan, Inc.  
 Acoustical Engineers

**Figure 6**

As noted in the project description, no large events will be allowed at the amphimeadow until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

### **Noise from Special Events**

Use of amplified sound systems at special events could also increase noise exposure levels at nearby sensitive receptors. Both the TRRP Master Plan and the Gateway Parcel Precise Plan assume that attendance at special events could be as high as 15,000 people. Predicted sound levels at 100 feet would be approximately 68 dBA, without the use of amplified sound systems. Assuming a maximum sound level of 68 dBA at 100 feet and a "normal" attenuation rate of 6 dBA per doubling of distance from the source, predicted sound levels at approximately 1,000 feet would be approximately 48 dBA.

Predicted noise levels at the nearest residences, which are located in excess of 1,000 feet from the proposed events, would be less than the measured daytime ambient noise levels of approximately 54 dBA. Thus, the increase in noise associated with crowds attending special events at the Gateway Parcel would not result in a noticeable increase (i.e., 3 dBA or greater) in daytime ambient noise levels at these residences. In addition, the resultant increase in ambient noise levels at these nearby residences would not be anticipated to exceed the City's "normally acceptable" noise standard of 60 dBA CNEL.

However, if the use of amplified sound systems is allowed at such seasonal events, noticeable increases in daytime noise levels at nearby residences would likely occur. In addition, events occurring during the quieter evening and nighttime hours (with or without the allowed use of amplified sound systems) would also be anticipated to result in noticeable increases in ambient noise levels at these residences and, as such, would be anticipated to result in increased levels of annoyance to occupants of these residences.

As stated in the Master EIR, the crowds associated with special events held during the daytime would not cause a significant increase in ambient noise levels at nearby residences. In addition, the resultant increase in ambient noise levels at nearby residences would not be anticipated to exceed the City's "normally acceptable" noise standard of 60 dBA CNEL. However, the use of amplified sound systems or special events occurring during the nighttime could increase ambient noise levels at nearby residences. This is a potentially significant impact.

The following mitigation measure was adopted by the City of Modesto for the TRRP Master Plan Master EIR and will be implemented to reduce noise impacts resulting from the Gateway Parcel Precise Plan.

**Master EIR Mitigation Measure Noise-3:** Special events shall be limited to between the hours of 7:00 a.m. and 9:00 p.m. on weekdays, and between the hours of 9:00 a.m. and 9:00 p.m. on weekends. This would reduce potential noise impacts during the nighttime.

This impact would remain significant and unavoidable following mitigation.

Implementation of this mitigation measure would reduce noise impacts associated with large special events; however, the use of amplified sound systems during special events could result in a significant increase in the ambient noise levels at nearby residences. For this reason, this impact is considered significant and unavoidable. This is consistent with the findings of the Master EIR. The City of Modesto adopted a Statement of Overriding Considerations for the Master EIR which acknowledged this significant and unavoidable impact and determined that the benefits of the TRRP Master Plan, including the Gateway Parcel, outweigh the impacts.

As noted in the project description, no large special events will be allowed in the park until the Tuolumne Boulevard extension is constructed or an alternate access is provided.

**d) Construction Noise**

Project construction and grading would cause a temporary increase in ambient noise levels in the project vicinity. The proposed Precise Plan is consistent with the TRRP Master Plan, which envisions recreation, public access and public gathering facilities and ecological restoration within the Gateway Parcel. The assumptions for construction and grading operations remain the same as those assumed in the Master EIR. Consequently, the noise impact resulting from construction and ground-disturbing activities would be the same as that identified in the Master EIR.

As stated in the Master EIR, noise from localized point sources (such as construction sites) typically decreases by about 6 dBA with each doubling of distance from source to receptor. Given this noise attenuation rate, the average noise level of construction activities would be 84 dBA, Leq at the project site boundary. At this noise level, areas within approximately 1,500 feet of the project site could experience intermittent construction-generated noise levels in excess of 60 dBA for brief periods of time.

Noise levels in excess of 60 dBA may result in temporary interference with speech recognition and increased levels of annoyance, particularly within the outdoor activity areas of the residences, and would result in a noticeable increase (e.g., 3 dBA, or greater) in ambient noise levels. However, these impacts would be short-term. In accordance with the City of Modesto Municipal Code, noise-generating construction activities would be limited to daytime hours of 7:00 a.m. to 9:00 p.m. on weekdays and 9:00 a.m. to 9:00 p.m. on weekends. Because construction noise would be short-term and because compliance with the City's Municipal Code requirements would reduce annoyance and sleep disruption to occupants of nearby residences, construction-generated noise is considered less than significant. This is consistent with the findings of the Master EIR.

**e,f) Airport or Private Airstrip**

The Gateway Parcel is within the planning area boundary of the Modesto City-County Airport (Area 4) identified in the Stanislaus County Airport Land Use Commission Plan. The Stanislaus County Airport Land Use Commission reviewed the proposed Gateway Precise Plan and determined that the project appears to be compatible with their plan. According to Federal Aviation Regulation Part 150, the proposed land uses and structures would be compatible without restrictions. The City will consult with the Stanislaus County Airport Land Use Commission during the design phase of the project to ensure that the project features are compatible with the plan.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>XII. Population and Housing.</b> Would the project:				
a) Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Displace substantial numbers of existing homes, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

### Discussion

- a-c) The Gateway Parcel Precise Plan does not propose new housing or businesses which could induce population growth. The Precise Plan would not displace housing; therefore, this project would not necessitate the construction of replacement housing elsewhere.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
--	--------------------------------	--	------------------------------	-----------

**XIII. Public Services.** Would the project:

a) Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, or the need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the public services:

Fire protection?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other public facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**Discussion**

The Master EIR presents relevant public services setting information. Since publication of the TRRP Master Plan Master EIR, no changes or new information relating to the proposed facilities in the Gateway Parcel have occurred that would alter the findings in the Master EIR pertaining to public services.

The following discussion is based on the public services discussion presented in the TRRP Master Plan Master EIR.

**Fire Protection Services**

By developing a park on the vacant Gateway Parcel, the Precise Plan would increase the number of visitors to the site, which would potentially increase demand for fire protection and emergency medical services at the site. The proposed native vegetation would consist primarily of low-lying native grasses and shrubs, with some scattered trees. Native vegetation would not substantially increase the fire hazard beyond what currently exists at the Gateway Parcel. Please see Hazards and Hazardous Materials for a discussion of potential project impacts associated with wildland fires.

While the majority of the roadways, trails and paths proposed at the Gateway Parcel would provide adequate access for emergency vehicles, some of the narrower, unpaved paths planned within the ecological restoration areas along the Tuolumne River and Dry Creek would not provide adequate access. Please see

the Traffic/Transportation discussion presented in this Initial Study for a discussion of potential project effects on emergency access.

As explained in the Hazards and Hazardous Materials and Traffic/Transportation sections of this Initial Study, implementation of Master EIR Mitigation Measure Fire-1 and Master EIR Mitigation Measure Fire-2 would reduce potential impacts on fire protection services to less-than-significant levels.

### **Police Services**

Implementation of the Gateway Parcel Precise Plan would likely require additional police patrols daily for enhanced security due to the increased number of park users. Special events would require additional police presence for the duration of the event. These additional patrols would not substantially affect service ratios, response times, or other performance. As stated in the Master EIR, no new police facilities would be needed as a result of the project (Joe Aja, Modesto Police Department, Personal Communication, November 21, 2000). Since publication of the Master EIR, no changes or new information relating to the proposed facilities in the Gateway Parcel have occurred that would alter the findings in the Master EIR pertaining to police services. Therefore, this is not considered a significant impact.

### **School Facilities**

The Gateway Parcel Precise Plan would not require additional school facilities since it would not induce population growth. No students are anticipated as a result of project development.

### **Increased Demand for Park Facilities and Open Spaces**

Implementation of the Gateway Parcel Precise Plan would increase the amount of parkland available and accessible to the public, thereby taking pressure off of other recreational facilities in the area. The proposed project would not increase the use of other neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of those facilities would occur.

The Gateway Parcel Precise Plan may also require additional parks personnel to maintain and administer the proposed facilities and activities envisioned for the Gateway Parcel. The Gateway Parcel Precise Plan would be funded independently through the Joint Powers Authority, which includes the City of Modesto, City of Ceres, and County of Stanislaus. The number of additional parks personnel needed would not substantially reduce the Cities' and County's ability to provide such services elsewhere.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>XIV. Recreation.</b> Would the project:				
a) Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Discussion

### a) Use of Existing Neighborhood and Regional Parks

The proposed project would develop a park at the Gateway Parcel as envisioned in the TRRP Master Plan Master EIR. The project would not increase the use of existing neighborhood or regional parks.

### b) Recreation Facilities that Might Have an Adverse Physical Effect on the Environment

The Gateway Parcel Precise Plan would develop a regional park at the Gateway Parcel as envisioned in the TRRP Master Plan Master EIR. Implementation of the Precise Plan would result in some adverse environmental effects, as discussed elsewhere in this document. The impacts identified in this Initial Study are consistent with the findings of the Master EIR. Mitigation measures are proposed to reduce most significant impacts to less-than-significant levels. Impacts determined to be significant and unavoidable are consistent with the findings of the Master EIR and the City of Modesto adopted a Statement of Overriding Considerations for the Master EIR which acknowledged these impacts and determined that the benefits of the project outweigh the impacts. Therefore, no additional mitigation is required.

	Potentially Significant Impact	Less Than Significant With Mitigation Incorporated	Less Than Significant Impact	No Impact
<b>XV. Transportation/Traffic.</b> Would the project:				
a) Cause an increase in traffic which is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Exceed, individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Result in inadequate emergency access?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
f) Result in inadequate parking capacity?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## Environmental Setting

The following description of existing roadways, traffic volumes and lane configurations, transit service, pedestrian and bicycle facilities, intersection levels of service and roadway segment levels of service, is based on the May 2005 Administrative Draft Tuolumne River Regional Park Gateway Parcel Traffic Analysis prepared for the project by Fehr & Peers Transportation Consultants.

## Study Area Roadways

Regional vehicular access to the project site is provided via State Route 99 (SR 99), while local access is provided via Tuolumne Boulevard and Ninth Street. These facilities are described below.

SR 99 is a six-lane, north-south freeway located to the west of the Project site. This freeway extends throughout the length of California. An interchange at Tuolumne Boulevard/B Street provides access to the site. The speed limit on SR 99 is 65 miles per hour (mph).

Tuolumne Boulevard/B Street is an east-west minor arterial that extends from Paradise Avenue on the west to Seventh Street on the east as Tuolumne Boulevard, and then continues eastward as B Street to its terminus at Twelfth Street. The facility provides four travel lanes and a full interchange at SR 99. Tuolumne Boulevard is proposed to be realigned through the project site, with a grade separation at Seventh Street and the railroad tracks, and an interchange at Ninth Street. The Tuolumne Boulevard realignment project is not a part of the proposed Gateway Parcel project.

Ninth Street is a four-lane, north-south arterial that extends northward from SR 99 in Ceres through downtown Modesto. Access to the project site from Ninth Street would be provided via ramps connecting Ninth Street to the proposed Tuolumne Boulevard extension. The Ninth Street ramps are not a part of this project, but are a part of the Tuolumne Boulevard extension project.

### **Study Intersections and Roadway Segments**

Intersection operations were evaluated during the evening peak period on Friday (5:00 to 7:00 PM) and the afternoon peak period on Saturday (2:00 to 4:00 PM). These time periods were selected because amphimeadow events would most likely occur on Friday evenings with peak trip generation between 5:00 and 7:00 PM, and special events would be held on weekends, with the peak trip generation between 2:00 and 4:00 PM. Some events would also occur during the summer months (July through September) when the nearby Stanislaus Foods reaches their peak activity. Therefore, the operations analysis was also conducted for summer months with the added Stanislaus Foods employee truck traffic.

Two intersections in the vicinity of the project site were analyzed:

- SR 99/Tuolumne Boulevard
- Ninth Street/B Street
- A roadway segment analysis was also performed for the following roadway segments:
  - Ninth Street bridge over the Tuolumne River
  - B Street, west of Ninth Street (existing conditions only)
  - Realigned Tuolumne Boulevard, west of Ninth Street (cumulative conditions only)

### **Existing Traffic Volumes and Lane Configurations**

Friday evening (5:00 to 7:00 PM) and Saturday afternoon (2:00 to 4:00 PM) peak period intersection turning movement counts were conducted at the study intersections in December 2004 on clear days with area schools in normal session. These time periods were selected to correspond with the expected peak operation of the site, prior to a Friday amphimeadow event and on a Saturday with a special event. For each intersection, the single hour with the highest traffic volumes during each of the two count periods was identified. The peak hour data is used as the basis for analysis.

### **Stanislaus Foods and Summer Volumes**

Several events would occur during the summer when the nearby Stanislaus Foods reaches its peak activity. The added traffic generated by the added employee and truck activity was estimated based on information provided by Stanislaus Foods. During the peak tomato harvest/processing months (July through September), approximately 900 truck loads are hauled from the fields to the facility (over a 24-hour period).

Trucks arrive from fields in the south during July and August (through August 20th), and from fields in the north from August 20th through September. Based on information provided by Stanislaus Foods, trucks from the south exit the freeway from Ninth Street and trucks from the north exit the freeway at the Downtown Modesto G Street interchange. Other deliveries are made throughout the day (approximately 600 truck trips) and internal truck movements occur throughout the Stanislaus Foods campus. Approximately 2,400 employee trips occur throughout the day, primarily concentrated around shift change times (three shifts per day). Approximately 30 percent of employee trips come from the north and 70 percent come from the south. The added traffic from Stanislaus Foods was estimated and added to the non-summer month intersection traffic counts. These volumes represent "summer" months.

### **Traffic from Gallo Glass**

Gallo Glass operates with the same schedule year round, and traffic counts conducted in December 2004 for the Traffic Impact Analysis report accounted for Gallo's traffic.

### **Modesto & Empire Traction Company**

Modesto & Empire Traction Company operates seven trains a day on the tracks along Yosemite Boulevard/H132 to and from Gallo Glass. The frequency of service is one train between 3:00 and 5:00 AM, one to two trains between 5:00 and 7:00 AM, one train between 5:00 and 7:00 PM, and two to three trains between 11:00 PM and 3:00 AM. Additional trains may run if there is an additional customer request.

Stanislaus Foods trains for their peak season are less frequent and use tracks from B Street to the Union Pacific Railroad tracks between 7th and 8th Streets. These trains run in the morning (one train between 7:00 and 9:00 AM) and late evening (one to two trains between 9:00 and 11:00 PM).

### **Transit Service**

Bus service in the study area is provided by Modesto Area Express (MAX) and Stanislaus Regional Transit (StaRT).

#### **Modesto Area Express (MAX)**

MAX currently provides service to the project site vicinity via one route – Route 29. This route connects downtown Modesto and the Ceres area via Ninth Street in the study area. In downtown Modesto, a stop is provided at the regional transit center. From this stop, passengers can transfer to numerous other bus routes. In the study area, a bus stop is provided on Ninth Street, south of D Street. On weekdays and Saturdays, service is provided from 6:15 AM to 7:15 PM on 30-minute headways. On Sundays, the route operates on one-hour headways from 8:45 AM to 5:45 PM.

#### **Stanislaus Regional Transit (StaRT)**

StaRT provides regional transit service throughout Stanislaus County, but it does not provide fixed stops within the vicinity of the project site. However, StaRT does operate Runabouts, a transit service that combines fixed-route service (with fixed stops) and dial-a-ride service (with curb-to-curb service). Passengers can use this fixed-route service without making prior arrangements; they must make advance reservations for curbside service. The Turlock/Modesto, Waterford/Modesto, and Eastside Runabouts operate in the study area.

### **Pedestrian and Bicycle Facilities**

Pedestrian facilities include sidewalks, crosswalks, and pedestrian signals. Sidewalks are provided on some existing roadway facilities in the study area.

Bicycle facilities include the following:

- Bike paths (Class I) – Paved trails that are separated from roadways.
- Bike lanes (Class II) – Lanes on roadways that are designated for use by bicycles through striping, pavement legends, and signs.
- Bike routes (Class III) – Roadways designated for bicycle use by signs only; may or may not include additional pavement width for cyclists.

No designated bicycle facilities are currently provided in the study area.

### **Existing Intersection Levels of Service**

Existing intersection operations were evaluated for the Friday PM and Saturday afternoon peak hour at the two study intersections for both non-summer and summer months. The existing traffic volumes were used with the existing lane configurations and signal phasing as inputs into the LOS calculations to evaluate current operations.

During both the Friday evening and Saturday afternoon peak hours, both study intersections operate at LOS C or better during the non-summer months.

During summer months with the addition of traffic from Stanislaus Foods, operations of the SR 99/Tuolumne Boulevard intersection degrade to an unacceptable service level during both the Friday and Saturday peak hours. The Ninth Street/B Street intersection would degrade to LOS E during the Friday PM peak hour, but would operate at an acceptable service level C during the Saturday peak hour. It should be noted that this analysis assumes that shift changes would occur between 5:00 and 7:00 PM on a Friday and between 2:00 and 4:00 PM on a Saturday to present a conservative "worst-case" assessment of traffic through the study area.

### **Existing Roadway Segment Levels of Service**

Results of the roadway segment analysis indicate that both roadways are currently operating at acceptable service levels during the Friday evening and Saturday afternoon peak hours in the non-summer and summer months. However, southbound Ninth Street operates at LOS D during the Friday evening peak hour in the non-summer months and at LOS E in the summer months. All segments are operating at LOS A, with the exception of southbound Ninth Street, which operates at LOS D during the Friday evening peak hour.

## **Discussion**

### **a,b,f) Increased Traffic and Parking**

The Gateway Parcel Precise Plan follows the traffic assumptions made in the TRRP Master Plan and the Master EIR. Since publication of the Master EIR, there have been no changes or new information relating to transportation/traffic conditions in the project area that would alter findings in the Master EIR. To satisfy the requirements of the mitigation measures presented in the Master EIR, a traffic and parking analysis management plan was prepared for the Gateway Parcel Precise Plan. The following impact analysis is based on the May 2005 Administrative Draft Tuolumne River Regional Park Gateway Parcel Traffic Analysis prepared for the project by Fehr & Peers Transportation Consultants.

For the purposes of analysis, this Initial Study assumes that the Tuolumne Boulevard extension will be constructed prior to operation of the park's event facilities, which include the amphimeadow and the farmer's

market area. However, construction of the Tuolumne Boulevard extension may not occur for several years due to funding issues. Additionally, the project site is within a redevelopment area and substantial growth may occur in the site vicinity over the next several years. Consequently, future traffic conditions may differ from the traffic projections and assumptions developed for this Initial Study.

To address this uncertainty, no large special events, amphimeadow events, or farmer's market events will be allowed in the park until the Tuolumne Boulevard extension is constructed or an alternate access to the park is provided. In the meantime, passive recreation activities and smaller, informal gatherings that would not result in significant traffic impacts will be allowed to occur within the park. When construction of Tuolumne Boulevard extension occurs or an alternate access to the park is provided, a new traffic study will be prepared to assess the impacts of these events, and the project will undergo further environmental review.

### **Roadway Segment Analysis Under Existing Plus Project Conditions**

With the addition of traffic from typical park operations, all roadway segments would continue to operate at acceptable service levels. Conditions are not expected to degrade to unacceptable levels during a special event or amphimeadow event on either Friday evening or Saturday afternoon during non-summer months.

During summer months, the Ninth Street bridge is projected to continue to operate at an unacceptable service level E during the Friday evening peak hour. All other segments would operate at acceptable service levels during the summer. Since the Ninth Street bridge is currently operating at LOS E during the Friday evening peak hour in the summer months, the addition of project traffic from typical day park operations or from special events or amphimeadow events would not substantially degrade roadway segment operations in the area.

### **Traffic Impacts Occurring Under Existing Plus Project Conditions**

#### **Typical Day Park Operations**

On a typical weekday, the Gateway Parcel is expected to generate approximately 410 daily vehicle trips, including 18 peak hour trips. On a typical Saturday, the Gateway Parcel is expected to generate 510 vehicle trips, including 34 peak hour trips.

Typical day park operations during both the weekday PM and Saturday afternoon peak hour would not degrade the operation of either study intersection during the non-summer months.

#### **Friday PM Peak Hours (5:00 to 7:00 PM)**

During the summer months, the SR 99/Tuolumne Boulevard intersection is projected to operate at a deficient service level prior to the addition of project traffic (this analysis assumes a large shift-change at Stanislaus Foods between 5:00 and 7:00 PM on a Friday, and between 2:00 and 4:00 PM on a Saturday). During a typical summer Friday, the proposed project would increase traffic through the SR 99/Tuolumne Boulevard intersection by seven vehicles, or less than one percent. This increase in traffic would increase the average delay by two seconds and a worst movement (eastbound left-turn) average delay by eight seconds. The significance threshold would be exceeded if the project would increase traffic volume by five percent or more, or if it would increase the average delay by five seconds or more. Since this intersection is projected to operate at a deficient service level prior to the addition of project traffic, and since the project increases traffic by less than one percent and the average delay by only two seconds, this impact is considered less than significant.

Between 5:00 and 7:00 PM on a Friday, approximately 75 workers depart the Stanislaus Foods facility. (Note: Stanislaus Foods production staff shift changes occur between 2:00 and 4:00 PM.) Assuming all of these workers depart through the SR 99/Tuolumne Boulevard intersection, the intersection would operate at

an overall LOS A, with the side street operating at LOS C. Based on these considerations, this impact is considered less than significant.

#### Saturday Peak Hours (2:00 to 4:00 PM)

During a typical summer Saturday, the proposed project would increase traffic through the SR 99/Tuolumne Boulevard intersection by 12 vehicles, or less than one percent. This increase in traffic would increase the average delay by two seconds and the worst movement (eastbound left-turn) delay by eight seconds. Since this intersection is projected to operate at a deficient service level prior to the addition of project traffic, and since the project increases traffic by less than one percent and the average delay by only two seconds, this impact is considered less than significant.

The proposed project increases traffic through the worst movement (eastbound left-turn) by less than one percent (two vehicles) during the Saturday peak hours. The addition of project traffic would worsen operation of the side-street stop-controlled movement by more than five seconds, although the average intersection delay would increase by two seconds on both a Friday evening and Saturday afternoon. Based on these considerations,

#### Amphimeadow

During an amphimeadow event, approximately 2,600 daily trips are expected, including 900 trips during the peak hour before an event and 1,020 trips during the peak hour after an event.

During a Friday evening amphimeadow event, operations of both study intersections are expected to degrade to unacceptable service levels (LOS E and F) year-round, which would exceed the City of Modesto's LOS "D" standard within the project vicinity. On a Saturday non-summer afternoon with an event, conditions are expected to worsen, but deficient LOS E or F conditions are not expected. On a Saturday afternoon during summer months, both intersections are anticipated to degrade to unacceptable levels, assuming that a shift change at Stanislaus Foods occurs during peak event arrival and departure times.

This impact would occur intermittently because it would be associated with visitors arriving and departing amphimeadow events. However, this short-term increase in traffic would create a noticeable increase in traffic congestion above typical patterns, which could create substantial annoyance for area residents or commuters. This is considered a significant impact. This finding is consistent with the Master EIR traffic impact analysis.

Mitigation Measure Traffic-1 from the Master EIR requires that a traffic management plan be prepared to address this traffic impact resulting from amphimeadow events once detailed site plans are developed for the Gateway Parcel. The May 2005 Administrative Draft Tuolumne River Regional Park Gateway Parcel Traffic Analysis is presented in Precise Plan Mitigation Measure Traffic-1 below. Implementation of this mitigation measure would ensure acceptable traffic operations during amphimeadow events and would reduce this impact to a less-than-significant level.

#### Special Events

A Saturday special event (which may include Cinco de Mayo celebrations, Scottish Games and an Armenian Festival) with 15,000 spectators is expected to generate approximately 11,600 daily trips, including approximately 1,120 trips during the peak hour. These crowds would not all arrive or depart from the area at the same time, and as a result the traffic impact would be spread over a period of time. On a Saturday non-summer afternoon with an event, traffic conditions are expected to worsen, but deficient LOS E or F conditions are not expected. On a Saturday afternoon during summer months, both intersections are anticipated to degrade to unacceptable levels, assuming that a shift change at Stanislaus Foods occurs

during peak event arrival and departure times. This is considered a significant impact and is consistent with the findings of the Master EIR traffic impact analysis.

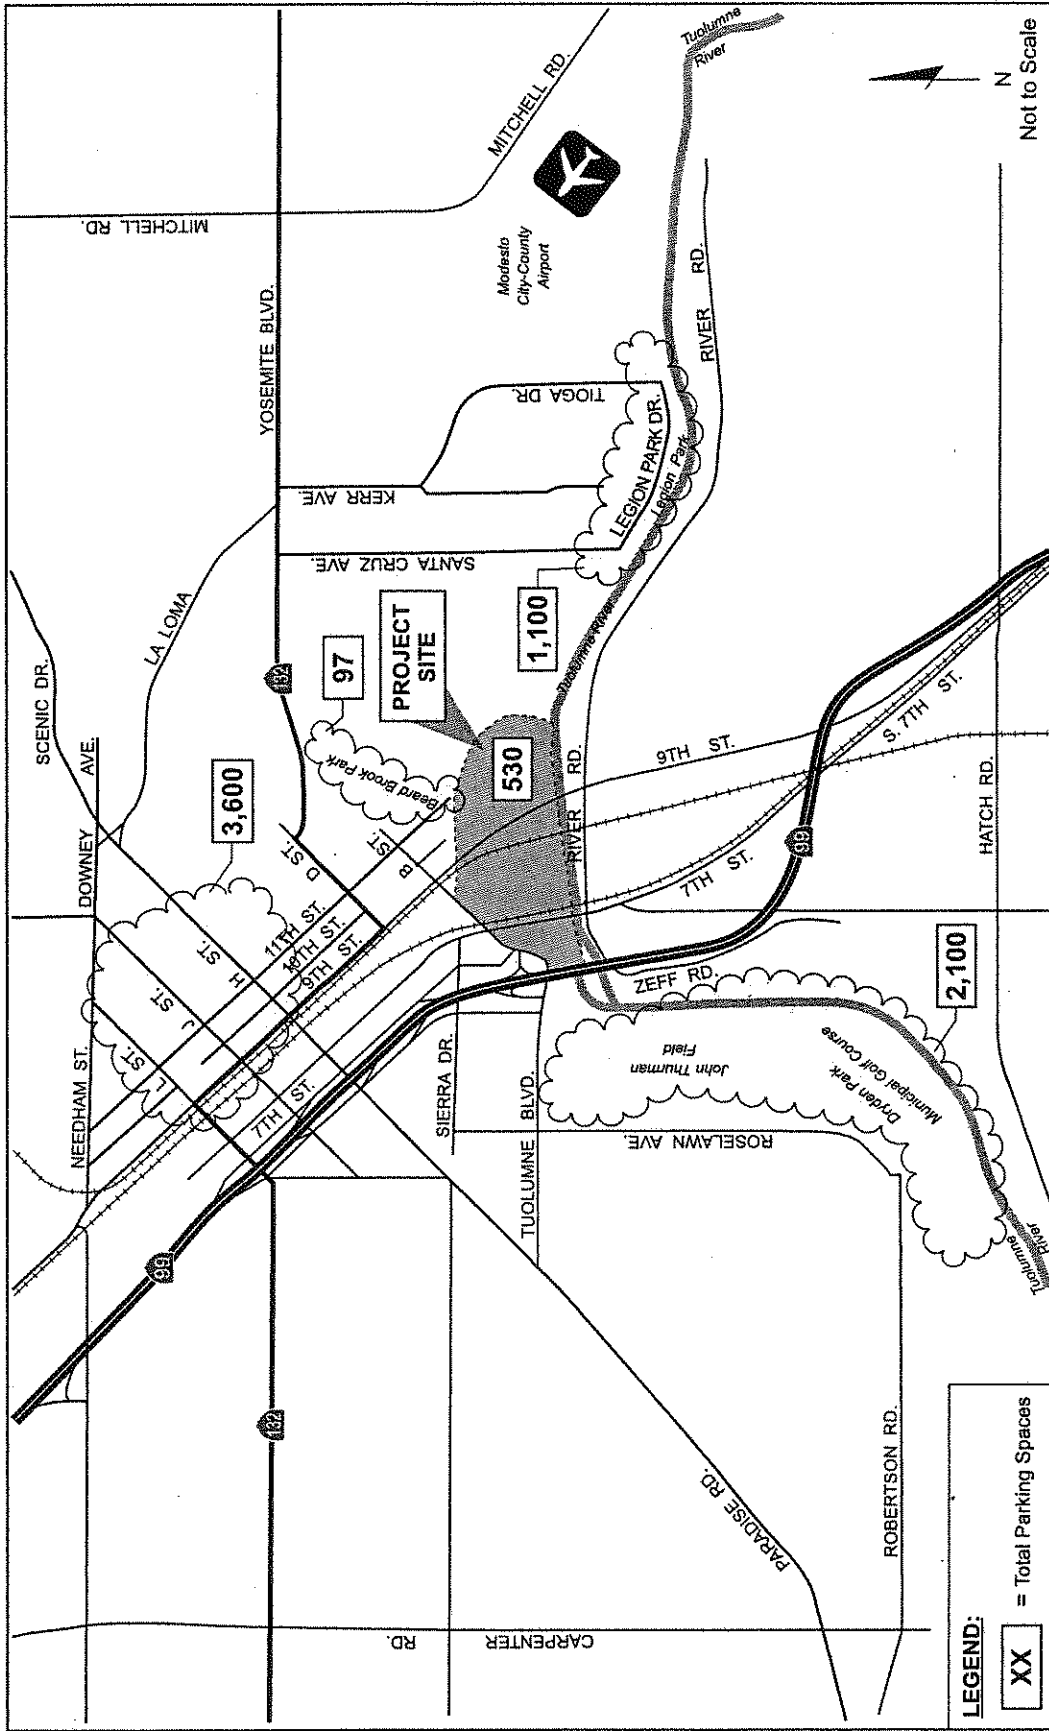

Mitigation Measure Traffic-2 from the Master EIR requires that a traffic management plan be prepared to address the traffic impact associated with special events at the Gateway Parcel once detailed site plans are developed for the site. The May 2005 Administrative Draft Tuolumne River Regional Park Gateway Parcel Traffic Analysis is presented in Precise Plan Mitigation Measure Traffic-1 below.

**Precise Plan Mitigation Measure Traffic-1:** The City of Modesto shall implement the Traffic and Parking Management Plan prepared for the Gateway Parcel Precise Plan to reduce traffic impacts associated with the amphimeadow and special events. The Traffic and Parking Management Plan includes transportation measures to be put in place during special events to accommodate the unusual traffic and parking demands, and identifies off-site parking locations. The Plan includes the following elements:

- a. Advanced Information Campaign. Prior to an event, an information campaign should be used to provide detailed information on event day parking locations and routings to those locations. On the day of the event, post signage and radio announcements should be used to direct motorists to available parking supplies.
  - Develop a website with transportation and parking information
  - Provide parking information and maps at the time of ticket purchase
  - Use local media outlets to disseminate information
  - Post signage to direct vehicles to available parking
  - Inform motorists of parking locations in radio advertisements for events
  - Coach personnel directing traffic in parking policies and locations
- b. Parking Management. The Traffic and Parking Management Plan identifies off-site parking locations in the vicinity of the Gateway Parcel which provide approximately 7,400 parking spaces (see Figure 7). These off-site spaces plus the 530 on-site parking spaces would be sufficient to accommodate peak parking demands from an amphimeadow or special event.
- c. Special Event Transit Service. Special transit service could be provided from outlying areas to transport people directly to the site. This transit service would be provided in addition to the parking lot shuttles for the off-site parking locations.
- d. Traffic Management. For an amphimeadow event, all parking should be provided either on-site or in the downtown parking areas. On-site parking should be restricted to pre-pay/reserved parking only to reduce unnecessary circulation. Signs and traffic control personnel should be used to direct motorists and pedestrians to the park entrance prior to events, and should also be provided at the end of the event to direct motorists to the regional roadway system, and to direct pedestrians to on-site parking lots and shuttle stops. Figure 8 depicts recommended event traffic flows and potential locations for signs and traffic control personnel during an amphimeadow event. Locations where traffic control personnel would likely be needed include:
  - Tuolumne Boulevard/B Street between Merced Avenue and Ninth Street
  - Ninth Street between River Road and D Street

For special events with up to 15,000 attendees, the traffic management effort would be much greater and should focus on directing motorists to the off-site parking locations and providing adequate shuttle connections between the site and off-site parking areas. Changeable and portable static message signs that indicate parking locations should be used, as should pre-event campaigns. Figure 9 depicts recommended

**Conceptual Traffic Management Plan  
 for Special Event 10,000-15,000 Attendees**

event traffic flows and potential locations for signs and traffic control personnel during a large special event. Intersections where traffic control personnel would likely be needed include:

- Tuolumne Boulevard/B Street between Merced Avenue and Ninth Street
- Ninth Street between River Road and D Street
- Around off-site parking locations

Additionally, traffic control personnel should be provided on-site before, during and after an event to manage pedestrian traffic within the Gateway Parcel.

Implementation of this mitigation measure would improve traffic conditions during special events; however, for a short time immediately before and after an event, congestion would still occur. Therefore, this impact is considered significant and unavoidable. This is consistent with the findings of the Master EIR. The City of Modesto adopted a Statement of Overriding Considerations for the Master EIR which acknowledged this significant and unavoidable impact and determined that the benefits of the project, including the Gateway Parcel, outweigh the impacts.

As noted above, no large special events, amphimeadow events, or farmer's market events that would result in significant traffic impacts will be allowed in the park until the Tuolumne Boulevard extension is constructed or an alternate access to the park is provided.

### **Cumulative Impacts (Year 2025 Conditions)**

The Transportation Impact Analysis evaluated cumulative (2025) conditions, which include buildout of the City of Modesto according to the City's General Plan land use designations and planned transportation system. The City of Modesto's General Plan Master EIR and the TRRP Master Plan Master EIR were used as the basis for this analysis.

### **Typical Day Park Operations**

On a typical day, both study intersections are projected to operate at acceptable service levels in the cumulative condition during both the weekday PM and Saturday afternoon peak hours throughout the year.

The Ninth Street over the Tuolumne River is expected to operate at a deficient LOS F in the cumulative *without project* condition during the PM peak hour year-round. This finding is consistent with the TRRP Master Plan Master EIR and the City of Modesto's Master EIR and is caused by traffic increases associated with planned levels of growth in Modesto. Additional traffic from typical day operations at the Gateway Parcel would not significantly increase the traffic volume on this roadway segment. On a Saturday afternoon, the study roadway segments would continue to operate at acceptable service levels with the addition of traffic from typical day operations at the Gateway Parcel.

Therefore, the project would have a less-than-significant impact under cumulative conditions during typical day operations.

### **Amphimeadow and Special Events**

During an amphimeadow or special event, both intersections are expected to operate at acceptable service levels year-round in the cumulative condition. Proposed changes to the roadway network, including the Tuolumne Boulevard extension and signalization of the SR 99 Ramps/Tuolumne Boulevard interchange, would increase capacity through the project area.

However, during a Friday evening special event, traffic volumes would increase substantially on the study roadway segment of Ninth Street between B Street and the Tuolumne Boulevard ramps year-round.

Additionally, Ninth Street would degrade to an unacceptable service level on a Saturday afternoon special event held any time of the year. As stated in the Master EIR, the planned four-lane arterial is projected to operate at LOS F whether the Gateway Parcel is developed or not. This impact was already disclosed in the Final Master EIR for the Urban Area General Plan (see Figure 1-5 and Table 1-3).

Development of the Gateway Parcel was addressed in the Modesto General Plan Master EIR. Review of the Year 2025 traffic volume forecasts generated by the current General Plan citywide travel demand forecasting model reveals that the Gateway Parcel does not result in any change to levels of service that were not already disclosed in the Master EIR. Therefore, this is considered a less-than-significant impact.

## **Parking Impacts**

### **Typical Day Park Operations**

Based on the proposed uses and expected typical day trip generation, the Gateway Parcel's proposed 530-space parking supply would be sufficient to accommodate typical day parking demand.

### **Amphimeadow and Special Events**

Estimated parking demand was determined using trip generation rates and expected attendance at amphimeadow events and large special events. Approximately 1,210 parking spaces would be needed for an amphimeadow event and 5,300 parking spaces would be needed for a special event. Since project parking demand exceeds the 530 on-site parking spaces included in the Gateway Parcel Precise Plan, this is considered a potentially significant impact. This is consistent with the findings of the Master EIR.

Implementation of Precise Plan Mitigation Measure Traffic-1 above would address the on-site parking supply shortfall for amphimeadow and special events, and would reduce this impact to a less-than-significant level.

### **c) Air Traffic Patterns**

The Gateway Parcel is within the planning area boundary of the Modesto City-County Airport (Area 4) identified in the Stanislaus County Airport Land Use Commission Plan. The Stanislaus County Airport Land Use Commission reviewed the proposed Gateway Precise Plan and determined that the project appears to be compatible with their plan. According to Federal Aviation Regulation Part 150, the proposed land uses and structures would be compatible without restrictions. The Gateway Parcel Precise Plan would not include any features that would affect air traffic patterns. The City will consult with the Stanislaus County Airport Land Use Commission during the design phase of the project to ensure that the project features are compatible with the plan.

### **d) Hazards**

The Gateway Parcel Precise Plan includes trails, public gathering spaces, and multi-use meadows and is consistent with the TRRP Master Plan. It does not include any design features that would substantially increase traffic hazards. Land uses surrounding the Gateway Parcel include industrial uses such as warehouses, distribution centers, and food processing facilities to the north; industrial uses within the Gallo Winery complex to the east; commercial uses across Tuolumne River to the south; and residential uses across SR 99 to the west. Truck traffic uses SR 99 to access nearby commercial uses, but this is not expected to cause substantial traffic hazards at the Gateway Parcel.

Pedestrian and bicycle access to the Gateway Parcel would be provided by a series of bicycle and pedestrian paths. Ultimately, a continuous bicycle and pedestrian trail would be provided between Carpenter Road and Mitchell Road, with connections across the Tuolumne River. Pedestrian and bicycle access to the project site would also be provided via the Tuolumne Boulevard extension.

The Precise Plan includes pedestrian paths between the on-site parking areas and the Gateway Parcel. These paths are intended to direct pedestrian to designated crossing locations, such as the Ninth Street Ramp/Tuolumne Boulevard extension intersection, where highly visible pedestrian crosswalks would be provided.

Based on information provided by Stanislaus Foods, truck traffic on the Tuolumne Boulevard extension would be limited, as large trucks typically access the site using Ninth Street from the south and G Street from the north. Other site deliveries occur from Yosemite Boulevard to the east of project site. As long as Stanislaus Foods continues to direct trucks to access the site via Ninth Street and G Street, few trucks are expected on the Tuolumne Boulevard extension, and therefore the potential for traffic hazards related to pedestrian/bicycle/truck conflicts are considered to be low.

e) **Emergency Access**

The majority of roadways, paths and trails proposed in Gateway Parcel Precise Plan would provide adequate access for emergency vehicles. However, narrower paths are planned along trails located within the riparian corridor along Dry Creek and the Tuolumne River where ecological restoration is planned. These narrower, unpaved paths were designed to minimize impacts on the restoration area while providing public access. This is a potentially significant impact.

**Master EIR Mitigation Measure Fire-1:** The Modesto Fire Department and the Stanislaus County Fire Protection District shall be consulted prior to finalization of the detailed site plans to ensure adequate emergency vehicle access is provided. Emergency access requirements of the Modesto Fire Department and the Stanislaus County Fire Protection District shall be accommodated.

Implementation of Mitigation Measure Fire-1 from the Master EIR would reduce this impact to a less-than-significant level.

g) **Alternative Transportation Policies**

The Gateway Parcel Precise Plan includes development of off-street bicycle-accessible paths. These multi-modal paths, together with paths proposed in other locations as part of the overall TRRP Master Plan, would further supplement existing bicycle corridors within the Modesto Urbanized Area; would improve access between residential, commercial, and agricultural uses; and would link many of the existing and planned trail systems located in Stanislaus County. Consistent with the trip reduction strategies of the SJVAPCD's AQAP and the goals and objectives of the SCAAG's Congestion Management Program, construction of the proposed multi-modal path would provide safe, fast, and convenient options to the use of personal automobiles for commutes occurring within the Modesto Urbanized Area. Therefore, the project would not conflict with alternative transportation plans and policies.

g) Comply with federal, state, and local statutes and regulations related to solid waste?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## Discussion

### a-e) Wastewater Facilities

Implementation of the Gateway Parcel Precise Plan would not substantially increase demand for wastewater facilities. The three restroom facilities proposed in the Farmers' Market area, the Valley Oak Meadow, and Orchard Vista Point, would use septic systems. These facilities would comply with the wastewater treatment requirements of the Regional Water Quality Control Board. They would not result in the construction of new water or wastewater treatment facilities or the expansion of existing facilities. This is considered a less-than-significant impact.

## **Long-Term Water Supplies**

Implementation of the Gateway Parcel Precise Plan would not substantially increase demand for long-term water supplies or water distribution facilities. The majority of the vegetation proposed within the park is composed of native plants, which will require irrigation for approximately three years during initial establishment. After three years, the irrigation system in most areas of the park will be used intermittently as needed in the event of an extended draught or fire. The Valley Oak Meadow, the amphimeadow, and the overflow parking area will require intermittent irrigation more frequently to restore vegetation damaged from increased foot traffic during special events. Only the Farmers' Market area will require regular irrigation on a permanent basis. This is considered a less-than-significant impact.

## **Water Distribution Facilities**

The proposed project would have no significant effect on demand for water distribution facilities. The Gateway Parcel Precise Plan would only require minor extensions of water supply pipelines for the three restroom facilities proposed in the Farmers' Market area, the Valley Oak Meadow, and Orchard Vista Point. Water service would be provided by the City of Modesto's municipal water supply; no groundwater supplies would be used. The park would also require minor extensions of permanent water lines for irrigation. This is considered a less-than-significant impact.

## **Storm Drainage Facilities**

Development of the Gateway Parcel, including roadways, parking areas, Farmers' Market platforms, and multi-use trails, would increase the amount of impervious surfaces on the site. This would generate a relatively small increase in runoff. Drainage swales are proposed within the Farmers' Market area which would divert runoff to a vegetated swale that drains into the Tuolumne River. Runoff would be distributed to the "stormwater wetlands" and vegetated swales within the park in order to filter the water before it reaches the river. The small increase in runoff that would be generated in the park would be considered a less-than-significant impact.

## **f-g) Solid Waste Facilities**

Implementation of the Gateway Parcel Precise Plan would involve activities that would generate solid waste requiring collection, transportation, and disposal. In accordance with State-mandated recycling requirements, some solid waste reduction would be achieved through source reduction and recycling. Solid waste would be collected on site using trashcans spaced throughout the park. Standard transportation and disposal methods would be followed. Solid waste generated by park visitors is not expected to substantially affect local landfill capacity or solid waste disposal services. This is considered a less-than-significant impact.

**Discussion**

The Gateway Parcel Precise Plan would have environmental impacts that would adversely affect plants, wildlife and human beings. These impacts are identified in this Initial Study. Plants and wildlife would be affected by construction activities, particularly by vegetation removal and grading of the riparian terraces. However, implementation of the mitigation measures identified in this Initial Study would reduce these impacts to less-than-significant levels.

Human beings would primarily be affected by traffic, noise and air quality impacts associated with the amphimeadow and special events. As stated above, some of these impacts would be significant and unavoidable if the Precise Plan is implemented. These impacts were addressed in the TRRP Master Plan Master EIR, and the City of Modesto adopted a Statement of Overriding Considerations for the Master EIR

that acknowledged these impacts and determined that the benefits of the TRRP Master Plan (including the Gateway Parcel) outweigh the benefits.

No significant cumulative impacts resulting from the Precise Plan would be expected.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-472**

**A RESOLUTION APPROVING PRECISE PLAN FOR THE TUOLUMNE RIVER  
REGIONAL PARK GATEWAY PARCEL**

WHEREAS, on February 22, 1972, the City of Modesto entered into an agreement with the City of Ceres and the County of Stanislaus relating to the acquisition, development and operation of the Tuolumne River Regional Park (TRRP), and

WHEREAS, said agreement formed the Tuolumne River Regional Park Joint Powers Authority (JPA), and

WHEREAS, the Tuolumne River Regional Park Joint Powers Authority prepared a Tuolumne River Regional Park Master Plan to guide the restoration and development of the Tuolumne River Regional Park, and

WHEREAS, the Gateway parcel is one of six planning areas addressed in the TRRP Master Plan, and

WHEREAS, the TRRP JPA envisions the Gateway Parcel to be a high-profile public gathering place close to the commercial centers of Modesto and Ceres and accessible to the rest of the region along major arterial streets and State Route (SR) 99, as defined in the TRRP Master Plan, and

WHEREAS, EDAW, a landscape architecture firm, has prepared the Precise Plan for the Gateway Parcel, and

WHEREAS, the Gateway Parcel Precise Plan is intended to achieve the objectives of the Master Plan and provides additional design detail needed to implement the proposed park improvements within the Gateway Parcel, and

WHEREAS, prior to adopting the Precise Plan, the California Environmental Quality Act (CEQA) requires that the City of Modesto consider the environmental consequences of the proposed project, and

WHEREAS, on August 10, 2005, the TRRP Citizens Advisory Committee and the TRRP Commission recommended approval of the Gateway Precise Plan, and

WHEREAS, by an agenda report dated August 29, 2005, from the Acting Public Works Director/TRRP Administrator, staff recommended to the Council approving the Gateway Precise Plan, and

WHEREAS, prior to approving the proposed Gateway Precise Plan, the California Environmental Quality Act (CEQA) requires that the City of Modesto consider the potential environmental consequences of the proposed project, and

WHEREAS, on September 13, 2005, concurrent with this resolution, the Modesto City Council adopted Resolution No. 2005-471, finding that development and construction of the Tuolumne River Regional Park Gateway Parcel is within the scope of the previously certified Tuolumne River Regional Park Master Plan Environmental Impact Report (SCH No. 200002228) ("MEIR"), that it will have no significant additional effect that was not identified in the MEIR, that all feasible mitigation measures identified in the MEIR have been incorporated into the Gateway Precise Plan and no new or additional mitigation measures are required, and that the Gateway Parcel Initial Study (EA/PR&N 2005-03) provides substantial evidence to support these findings,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds that the Tuolumne River Regional Park Gateway Precise Plan is

complete and adequate, and it hereby approves Tuolumne River Regional Park Gateway Precise Plan, a copy of which is on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-473**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN  
THE SCOPE OF THE VILLAGE ONE SPECIFIC PLAN PROGRAM  
ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY  
THE VILLAGE ONE SUPPLEMENTAL EIR AND THE ADDENDUM TO THE  
EIR (SCH NO. 90020181) AND THAT THE VILLAGE ONE EIR ADEQUATELY  
DESCRIBES THE PROKECT FOR PURPOSES OF CEQA: SANDERS  
NEIGHBORHOOD PARK**

WHEREAS, on September 11, 1990, the Modesto City Council adopted Resolution No. 90-757 certifying the Village One Specific Plan Program Environmental Impact Report ("Village One Program EIR") (SCH No. 90020181) as complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, on May 24, 1004, the Modesto City Council adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One (SCH No. 90020181), which Supplemental EIR amended and supplemented the previously certified Village One Program EIR, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which certified an Addendum to the Village One Program EIR as amended, for the Village One Facilities Master Plan Update – May 2003 ("VI FMP"), and

WHEREAS on September 13, 2005, the City Council received and considered the proposed Design Development Report and Master Plan contained therein for Sanders Neighborhood Park ("Project"), and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/ PR&N 2005-04, which concludes that the proposed

Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR and the Addendum to the EIR (SCH No. 90020181), and

WHEREAS, this matter was considered by the City Council at a duly noticed meeting at 5:30 p.m., on September 13, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which time evidence both verbal and written was received and considered,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Written Checklist Environmental Assessment No. EA/ PR&N 2005-04, entitled "Sanders Neighborhood Park", for the proposed Project, and hereby makes the following findings:

1. The proposed Sanders Neighborhood Park ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168 (c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental documents or findings are required by CEQA.
3. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR are required.
4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR was adopted which shows any of the following:
  - a. One or more significant effects which is not discussed in the Program EIR; or
  - b. Significant effects which were previously examined will be substantially more severe than previously shown; or
  - c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but

the Project proponents decline to adopt the mitigation measure or alternative;  
or

- d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.
5. The Written Checklist, Environmental Assessment EA/PR&N 2005-04, provides the substantial evidence to support findings 1-4 above.

A copy of said Environmental Assessment No. EA/PR&N 2005-04, entitled "Sanders Neighborhood Park", is on file and available in the City Clerk's Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-474**

**A RESOLUTION APPROVING THE DESIGN DEVELOPMENT REPORT AND  
MASTER PLAN INCLUDED THEREIN FOR SANDERS NEIGHBORHOOD  
PARK**

WHEREAS, the City of Modesto currently owns the approximately 7-acre Sanders Neighborhood Park site at the northeast corner of Kodiak Drive and Litt Road, adjacent to the future Mary Ann Sanders Elementary School Site on the corner of Kodiak Drive and Fine Avenue, and

WHEREAS, Royston, Hanamoto Alley & Abey (RHAA) has provided the Design Development Report and Master Plan included therein for Sanders Neighborhood Park, and

WHEREAS, prior to adopting the Design Development Report, the California Environmental Quality Act (CEQA) requires that the City of Modesto consider the environmental consequences of the proposed project, and

WHEREAS, on August 1, 2005, the Safety and Communities Committee recommended approval of the Sanders Neighborhood Park, and

WHEREAS, by an agenda report dated August 22, 2005, from the Acting Parks, Recreation and Neighborhoods Director, staff recommended to the Council approving the Sanders Neighborhood Park Design Development Report, and a copy of said report is on file in the office of the City Clerk, and

WHEREAS, on September 13, 2005, concurrent with this resolution, the Modesto City Council adopted Resolution No. 2005-473, finding that development and construction of the Sanders Neighborhood Park is within the scope of the Village One

Specific Plan Program Environmental Impact Report as amended by the Village One Supplemental EIR (SCH #90020181) and the Addendum to the EIR (SCH No. 90020181), and that pursuant to Sections 15168 (c) and 15182 of the CEQA Guidelines, no new environmental review is required,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds that the Sanders Neighborhood Park Design Development Report is complete and adequate, and it hereby approves the Sanders Neighborhood Park Design Development Report, and Master Plan included therein, a copy of which is on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 13<sup>th</sup> day of September 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-475**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO SOLICIT FORMAL REQUEST FOR BIDS (RFB) FOR INDUSTRIAL FLOW METER CALIBRATIONS FOR AN INITIAL TWO (2) YEAR PERIOD, WITH THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS FOR A TOTAL ESTIMATED ANNUAL COST OF \$19,000**

WHEREAS, the City of Modesto Water Quality Control Facility, located at 1221 Sutter Avenue, Modesto, CA. must comply with established Federal National Pollutant Discharge Elimination System (NPDES) permit requirements, and

WHEREAS, the flow meters used by the WQCF to determine compliance must meet Standard Reporting requirements of annual meter calibration and submit that verification yearly with the annual report, and

WHEREAS, the Public Works Department-Environmental Compliance Section has requested that a certified impartial vendor perform industrial and Water Quality Control Facility (WQCF) flow meter calibrations, and

WHEREAS, the Environmental Compliance Section is responsible for monitoring flow meter data to determine industry compliance with City issued Pretreatment Wastewater Discharge Permit requirements, and

WHEREAS, pretreatment permits require industries to install and maintain effluent meters, and

WHEREAS, meter calibration confirms compliance with permit requirements,  
and

WHEREAS, impartial meter calibration reduces potential challenges, based on effluent meter accuracy, should a permitted industry not meet compliance with a permit limit requirement, and

WHEREAS, industrial flow meter calibration is needed because local industries that meet the requirements in the Code of Federal Regulation (40 CFR, 403.12) must be enrolled in the City's Pretreatment Program, and

WHEREAS, these industries are assigned permits limits for pollutants that are discharge to the City sewer system, and

WHEREAS, flow meter data is required to track compliance with permitted discharge limits, and

WHEREAS, calculate industrial sewer billing for flow, Biochemical Oxygen Demand (BOD) and Total Suspended Solids (TSS), and

WHEREAS, the effluent flow meter provides a signal for flow proportional sampling equipment to collect samples, and

WHEREAS, accurate flow measurement ensures valid and representative sample collection at each industry, and

WHEREAS, samples results and flow data are required to calculate industrial user compliance with permit concentration limits for BOD and TSS, and

WHEREAS, the WQCP and the Jennings Road Facility site have both the influent (measures incoming flows) and effluent (measures discharge flows) meters, and

WHEREAS, the industries enrolled in the pretreatment program have effluent meters, and must be calibrated semi-annually, and

WHEREAS, Industry effluent meters and all meters (influent, effluent and operational process) within the WQCF system are checked before the start of the cannery-processing season, and

WHEREAS, the second calibration is schedule for approximately six months later, and

WHEREAS, the City of Modesto WQC Plant NPDES Permit, Board Order 5-10-120, requires submission of a written report each year by January 30<sup>th</sup>, to the California Regional Water Quality Control Board; United States Environmental Protection Agency (USEPA), Regional Administrator; and the State Water Resource Control Pretreatment Program Manager, and

WHEREAS, the report must contain a statement certifying when the flow meters and other monitoring instruments and devices were last calibrated, including who performed the calibration, and

WHEREAS, the City contracts with a third party vendor to ensure impartial meter calibrations, and

WHEREAS, in summary, the flow meter calibrations certify the accuracy of the flow data used to calculate industrial sewer billing, and

WHEREAS, by soliciting competitive bids, the City will achieve the best value for industrial flow meter calibrations and meet Modesto Municipal Code, (MMC) requirements for formal bids, and

WHEREAS, the Modesto Municipal Code, (MMC) Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material and equipment or contractual serves to be formally bid, and

WHEREAS, this Request for Bid (RFB) conforms to City Code, and

WHEREAS, the City Council could choose not to authorize the solicitation for bids for industrial flow meter calibrations, and

WHEREAS, the City Council has appropriated funds for industrial flow meter calibrations in account number: 6210-480-5217-0235 (SEWER OPERATIONS FUND), and

WHEREAS, the Purchasing Division has coordinated the drafting of bid specifications for industrial flow meter calibrations with the Public Works Department-Environmental Compliance Section, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Bids (RFB) for industrial flow meter calibrations for a total estimated annual cost of \$19,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of industrial flow meter calibrations to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-476**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS FOR THE PURCHASE OF  
REPLACEMENT PATROL URBAN RIFLES AND SWAT RIFLES FOR THE  
POLICE DEPARTMENT, FOR A TOTAL ESTIMATED COST OF \$76,495**

WHEREAS, the rifles currently used in the Urban Rifle Program and for SWAT are weapons that were obtained from the military give away program (with exception of five (5) SWAT M16 rifles that were purchased in the late 1970's), and

WHEREAS, the use of military weapons was an excellent way to get the Urban Rifle Program started and supplement the SWAT rifle inventory, and

WHEREAS, there has always been a need for this type of weapon in police work, and

WHEREAS, it was graphically illustrated in the 1997 Los Angeles bank robbery, when it became apparent that the Police Department had been severely out armed, and

WHEREAS, the local need for, and benefit of, urban rifles was recently demonstrated in the Ceres incident earlier this year, and

WHEREAS, the department armory is currently in the process of conducting safety inspections on all of the urban rifles and SWAT rifles, and

WHEREAS, these tests are completed with gauges that test the tolerances of the weapons, and

WHEREAS, there are approximately eight safety tests, five of these tests pose minimal concerns, and

WHEREAS, should a weapon fail any of the first five tests it can be repaired by replacing relatively inexpensive parts, and

WHEREAS, the remaining three tests, Barrel Straightness, Headspacing and Erosion have an average cost of weapon repair of \$150 - \$200, and

WHEREAS, the armory is finding that approximately fifty percent of the patrol urban rifles and SWAT rifles are failing one of these three tests, and

WHEREAS, of the rifles that are passing, they are passing by a marginal amount indicating that they most likely will not pass at the next inspection, and

WHEREAS, the reason for the high rate of failure is the age of the weapons (25-35 years) and the wear from continual use, and

WHEREAS, the armory weapons experts and users agree that the most prudent course of action would be to replace the aging and failing weapons rather than attempting to repair them, and

WHEREAS, although repair may be less expensive in the short term it is not the most effective means in the long term, and

WHEREAS, the full replacement package is recommended as a prudent fiscal response to the weapon failure situation, and

WHEREAS, there is clearly a demonstrated need for these weapons in modern law enforcement, and

WHEREAS, taking a posture of lower cost, short-term repairs still leaves the Police Department with 25-35 year old weapons prone to failure and more expensive repairs in the future, and

WHEREAS, replacing the weapons offers many benefits, and

WHEREAS, the first and foremost is reliable, functioning weapons that officers can depend on in time of need (this is a benefit that supercedes all others and cannot be expressed in monetary terms)

- the history of the weapons will be known and maintenance records will be kept and tracked via a computer program;
- the new weapons will have factory warranties to cover any initial problems and the armory will be working with weapons that will only need minor repairs and maintenance rather than major repairs on an almost daily basis;
- although there is a large initial expenditure, repair parts and maintenance costs will be reduced for several years
- the new weapons have shorter barrels which make them easier to maneuver in tactical situations and store in patrol vehicles
- the current stock of rifles can be converted to permanent training use with simunitions, thus saving valuable training time spent converting the weapons back and fourth, and

WHEREAS, the Police Department experts believe that if averaged out with repair costs of maintaining the current weapons there would be a cost savings over the next ten years not taking into account the reliability factor, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of replacement patrol urban rifles and SWAT rifles will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of replacement patrol urban rifles and SWAT rifles to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-477**

**A RESOLUTION APPROVING THE APPLICATION FOR FUNDING FROM  
THE RECREATIONAL TRAILS PROGRAM, FOR THE RIVERWALK TRAIL  
IN THE GATEWAY PARCEL OF THE TUOLUMNE REGIONAL RIVER PARK  
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE GRANT  
APPLICATION AND CONTRACT DOCUMENTS**

WHEREAS, the Transportational Equity Act For The 21<sup>st</sup> Century provides funds to the State of California for grants to state, local and non-profit organizations to acquire, develop and/or maintain motorized and non-motorized trail purposes, and

WHEREAS, the State Department of Parks and Recreation has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing project application under the program, and

WHEREAS, the City desires to apply for grant funds in the amount of \$125,000 from the Recreational trails Program for the Riverwalk Trail in the Gateway Parcel of the Tuolumne River Regional Park, and

WHEREAS, the procedures established by the State Department of Parks and Recreation require the applicant to certify by resolution the approval of application(s) before submission of said application(s) to the State, and

WHEREAS, the Riverwalk trail in the Gateway Parcel of the Tuolumne River Regional Park is consistent with the Recreational Trails Program grant project criteria, and

WHEREAS, the applicant will enter into an agreement with the State of California for acquisition or development of the project(s);

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for the Recreational Trails Program; and
2. Certifies that said applicant has or will have available prior to commencement of any work on the project(s) included in this application, sufficient funds to operate and maintain the project(s); and
3. Appoints the City Manager, or his designee, as agent of the City of Modesto to conduct all negotiations, execute and submit all documents, including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project, upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-478**

**A RESOLUTION APPROVING THE APPLICATION FOR \$22,100 IN FUNDING FROM THE HABITAT CONSERVATION FUND UNDER THE CALIFORNIA WILDLIFE PROTECTION ACT OF 1990, FOR THE 2006 TREES FOR TOTS TREE PLANTING PROGRAM IN THE GATEWAY PARCEL OF THE TUOLUMNE REGIONAL RIVER PARK AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE GRANT APPLICATION AND CONTRACT DOCUMENTS**

WHEREAS, the people of the State of California have enacted the California Wildlife Protection Act of 1990, which provides funds to the State of California for grants to local agencies to acquire and/or develop facilities for public recreational and fish and wildlife habitat protection purposes, and

WHEREAS, the State Department of Parks and Recreation has been delegated the responsibility for the administration of a portion of the program within the State, setting up necessary procedures governing application by local agencies under the program, and

WHEREAS, the City desires to apply for \$22,100 in funding under the Habitat Conservation Fund for the 2006 Trees for Tots Tree Planting Program in the Gateway Parcel of the Tuolumne River Regional Park, and

WHEREAS, the application procedures established by the State Department of Parks and Recreation require the applicant to certify by resolution the approval of application(s) before submission of said application(s) to the State, and

WHEREAS, the Trees for Tots tree planting program is consistent with the Habitat Conservation Fund grant project criteria, and

WHEREAS, said application(s) contain assurances that the applicant must comply with, and

WHEREAS, the City of Modesto will enter into an agreement with the State of California for acquisition or development of the project(s);

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for the Habitat Conservation Fund Grant Program under the California Wildlife Protection Act of 1990 State grant assistance for the above project(s); and
2. Certifies that said applicant understands the assurances and certification in the application form; and
3. Certifies that said applicant has or will have available prior to commencement of any work on the project(s) included in this application, the required match; and will have sufficient funds to operate and maintain the project(s); and
4. Appoints the City Manager, or his designee, as agent of the City of Modesto to conduct all negotiations, execute and submit all documents, including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project(s), upon acceptance of said grant by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-479**

**A RESOLUTION APPROVING A 6-MONTH PROVISIONAL APPOINTMENT  
FOR DESIRREE ABSHIRE TO SENIOR COMMUNITY DEVELOPMENT  
PROGRAM SPECIALIST**

WHEREAS, Desirree Abshire was provisionally appointed as Public Information Technician on April 19, 2005, and

WHEREAS, a successful recruitment for the Public Information Technician is nearing completion, and

WHEREAS, the Parks, Recreation and Neighborhoods Department has a vacancy for the position of Senior Community Development Program Specialist, and

WHEREAS, the Parks, Recreation and Neighborhoods Department desires to make a provisional appointment of Desirree Abshire to this position until a successful recruitment can be conducted, and

WHEREAS, Modesto Personnel Rule 7.5 (c) requires Council approval if a provisional appointment is to exceed the six-month period authorized by said rule, and

WHEREAS, staff is requesting that the City Council approve a new six-month appointment, since the extension of a provisional appointment is to a different position,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that a six-month provisional appointment of Desirree Abshire to the position of Senior Community Development Program Specialist is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-480**

**A RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO  
SOLICIT A REQUEST FOR PROPOSALS (RFPS) FOR ON-CALL  
ENGINEERING SERVICES FOR THE PUBLIC WORKS WATER QUALITY  
CONTROL DIVISION FOR A ONE-YEAR AGREEMENT WITH THREE (3)  
ONE (1) YEAR EXTENSION OPTIONS IN AN AMOUNT NOT TO EXCEED  
\$44,000 ANNUALLY**

WHEREAS, the Water Quality Control Division performs a number of tasks requiring engineering services that, because of workload levels or staff experience, are beyond the ability of City's engineering staff to accommodate in a timely manner, and

WHEREAS, the Water Quality Control Division has utilized the services of outside consultant engineers to perform targeted engineering services in the past, and

WHEREAS, consultant engineers assisted with the implementation of the cannery segregation project and new pumping and pipeline facilities at Jennings Road, and

WHEREAS, in addition, consultant engineers assisted with: mandated Regional Water Quality Control Board studies, ensured land application of bio-solids were in compliance and properly permitted, and provided guidance and troubleshooting for the ranch operation in civil and agronomic areas, and

WHEREAS, retaining on-call engineering services allows the Water Quality Control Division to have quick access to engineering services when needed, and

WHEREAS, funds are budgeted in Accounts 6210-480-5213-0235 and 6210-480-5214-0235 for these services, and

WHEREAS, the Economic Development Committee heard this item at its September 12, 2005 meeting and recommended approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department to solicit RFPs for On-call engineering services for the Water Quality Control Division for a one-year agreement, with three (3) one-year extension options, in an amount not to exceed \$44,000 per year.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-481**

**A RESOLUTION REJECTING THE BIDS FOR THE PROJECT TITLED  
“MODESTO POLICE DEPARTMENT TRAINING FACILITY RANGE  
BUILDING” AND AUTHORIZING STAFF TO RE-ADVERTISE THE PROJECT  
AT A FUTURE DATE**

WHEREAS, the bids received for the “Modesto Police Department Training Facility Range Building” Project were opened at 11:00 a.m. on August 23, 2005, and later tabulated by the Acting Public Works Director for the consideration of the Council, and

WHEREAS, during the bid evaluation process staff determined that the bids for the project unreasonably exceeded the engineer’s estimate. Therefore, staff recommends the bids be rejected and staff be authorized to re-advertise the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the two bids received for “Modesto Police Department Training Facility Range Building,” opened in the office of the City Clerk on August 23, 2005, are hereby rejected.

BE IT FURTHER RESOLVED that staff is hereby authorized to re-advertise the project at a future date.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-482**

**A RESOLUTION APPROVING A THIRD AMENDMENT TO THE  
AGREEMENT WITH HDR ENGINEERING, INC., ALLOWING THE  
SUBCONTRACTING OF DRAFTING WORK TO NATIONAL ENGINEERING  
SERVICES, FOR THE PROJECT TITLED "REPLACEMENT OF THE LA  
LOMA SEWAGE LIFT STATION."**

WHEREAS, on August 6, 2003, the City Council approved a Professional Services Agreement with HDR Engineering, Inc., in the amount of \$192,744, to develop engineering plans for the design of the new La Loma Lift Station, and

WHEREAS, HDR Engineering has requested that the contract be modified to allow subcontracting of drafting work to National Engineering Services, and

WHEREAS, modifying the contract will have no financial impacts to the City for the cost of design, and

WHEREAS, HDR subcontracting drafting services will expedite the completion of the design for the La Loma Lift Station,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Amendment to Agreement with HDR Engineering, Inc., allowing the subcontracting of drafting work to National Engineering Services, for the project titled "Replacement of the La Loma Sewage Lift Station."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

**RESCINDED**

MAY 23 2006

THIS RESOLUTION WAS  
RESCINDED BY MODESTO  
CITY COUNCIL RESOLUTION  
NO. 2006-318

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-484**

**A RESOLUTION APPROVING IMPLEMENTATION OF THE CITY'S LAST  
BEST AND FINAL OFFER TO THE MODESTO CITY EMPLOYEES'  
ASSOCIATION AND MAINTENANCE OF THE FOLLOWING PERSONNEL  
PRACTICES BY THE CITY OF MODESTO WITH RESPECT TO EMPLOYEES  
REPRESENTED BY MODESTO CITY EMPLOYEES' ASSOCIATION UNTIL  
THEY ARE CHANGED OR MODIFIED BY THE CITY IN THE MANNER  
REQUIRED BY LAW**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto City Employees' Association (MCEA) expired on July 25, 2005, and

WHEREAS, representatives of the CITY and MCEA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, no agreement was reached, and

WHEREAS, MCEA presented its last, best and final offer to the CITY on June 25, 2005, and the CITY presented its last, best and final offer to MCEA on June 29, 2005, and,

WHEREAS, impasse was declared on June 29, 2005, and

WHEREAS, both the CITY and MCEA agreed to mediation and subsequently participated in two days of state mediation, and

WHEREAS, no mediated agreement was reached, and

WHEREAS, subsequent to mediation, the parties reached a compromise agreement which the MCEA membership failed to ratify on September 8, 2005, and

WHEREAS, the CITY's last, best and final offer provides as follows:

SECTION 1. SALARY INCREASES: The current salary schedule effective July 27, 2004, as provided in Exhibit 2 (Schedule of Salary Ranges) shall remain in full force and effect through February 20, 2006. Across-the-board salary increases shall be effective as follows:

3% effective February 21, 2006, as provided in Exhibit 3 (Schedule of Salary Ranges)

3% effective February 20, 2007, as provided in Exhibit 4 (Schedule of Salary Ranges)

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS: The CITY's contribution to employees' Health, Dental and Vision coverage shall be as follows:

**Total Monthly Contributions**

	<u>Current</u>	<u>7-26-05</u>	<u>7-25-06</u>
<b>Family</b>	\$516.76	\$617	\$717
<b>Single</b>	\$343.56	\$400	\$445
<b>Opt Out</b>	\$343.56	\$350	\$375

SECTION 3. TOOL ALLOWANCE: Effective with the quarter ending September 27, 2005, tool allowance increases from \$225/year to \$400/year for approximately 25 employees.

SECTION 4. EMPLOYEE ASSISTANCE PROGRAM: Effective September 27, 2005, Animal Control Officers and Identification Technicians will be included in critical incident debriefing sessions.

SECTION 5. COURT OVERTIME: Effective September 27, 2005, the minimum Court Overtime pay increases from 3 hours to 4 hours on a duty day, with "call-in" pay to the Court Liaison reduced from 2 hours to 1 hour.

SECTION 6. CAP ON CTO ACCRUALS: Effective September 27, 2005, all newly hired employees shall be paid quarterly for all accumulated CTO over 100

hours.

SECTION 7. NEGATIVE VACATION: Effective September 27, 2005, a phase-out of an employee's ability to take vacation in advance of accrual ("negative" vacation).

SECTION 8. ADDITIONAL CHANGES: Additional changes to these practices include tentative agreements reached between the CITY of Modesto and MCEA "at the table" during negotiations in the following areas:

Management Rights	Representation
Renegotiations	Maintenance of Membership
Performance Evaluation	Pay Period
Workweek	Tour of Duty
Leave Usage	Rest Periods
Standby	Court Overtime
Job Sharing	Shift Bidding
Acting Pay	Dress and Grooming
Tool Allowance	Uniform Allowance
Catastrophic Leave	Bereavement Leave
Leaves of Absence	Deferred Compensation
Employee Assistance Program	Probation
Grievance Procedure	Disciplinary Actions
Disciplinary Appeals	Time Bank
Credit Union	Commuter Bus Pass
Employee Parking	Outside Employment
Nondiscrimination	Problem Solving

Full Understanding

Provisions of Law

Classifications and Ranges

Additional changes to these practices also include the following, including specific language changes as last presented to MCEA by the CITY:

Overtime

Fatigued Employees

Call Back

Licenses and Certificates

Pay Differential

Vacation

Holidays

Sick Leave

Retiree Health

Pending Issues

And lastly, additional changes also include all mid-term changes to the Memorandum of Understanding previously agreed upon by both parties.

WHEREAS, the Council considered this matter at its meeting of September 27, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby implements its last, best and final offer made to the Modesto CITY Employees' Association on June 29, 2005 until these provisions are changed or modified by the City in the manner required by law. Once fully compiled, a copy of the document which incorporates the City's last, best and final offer and articles maintaining personnel practices, will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of September 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-485**

**A RESOLUTION APPROVING THE CLASS RANGE TABLE FOR GENERAL  
NON-SWORN CLASSES AS SET FORTH IN EXHIBIT "A" ATTACHED  
HERETO EFFECTIVE SEPTEMBER 27, 2005, AND ADOPTED  
CONCURRENTLY WITH RESOLUTION NO. 2005-484 APPROVING  
MAINTENANCE OF THE FOLLOWING PERSONNEL PRACTICES BY THE  
CITY OF MODESTO WITH RESPECT TO EMPLOYEES REPRESENTED BY  
MODESTO CITY EMPLOYEES' ASSOCIATION UNTIL THEY ARE  
CHANGED OR MODIFIED BY THE CITY IN THE MANNER REQUIRED BY  
LAW AND SETTING FORTH SALARY SCHEDULES FOR GENERAL NON-  
SWORN CLASSES.**

WHEREAS, on September 27, 2005, the City Council adopted Resolution No. 2005-484 approving maintenance of the following personnel practices by the City of Modesto (CITY) with respect to employees represented by the Modesto City Employees' Association (MCEA) until they are changed or modified by the CITY in the manner required by law and setting forth salary schedules for general non-sworn classes, and

WHEREAS, Council desires to establish a Class Range Table for said classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Class Range Table for General Non-Sworn Classes, entitled "City of Modesto Class Range Table General Non-Sworn Classes Effective September 27, 2005" which is attached hereto as Exhibit "A" and made a part hereof as though set forth in full herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of September 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-486**

**A RESOLUTION AMENDING THE FISCAL YEAR 05-06 OPERATING  
BUDGET TO TRANSFER \$818,000 FROM VARIOUS FUND RESERVES  
(\$302,660 FROM THE GENERAL FUND RESERVE AND \$515,340 FROM  
OTHER FUND RESERVES) TO VARIOUS ACCOUNTS IN DEPARTMENTS'  
OPERATING BUDGETS FOR IMPLEMENTATION OF THE CITY'S LAST,  
BEST AND FINAL OFFER TO THE MODESTO CITY EMPLOYEES'  
ASSOCIATION**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto City Employees' Association (MCEA) expired on July 25, 2005, and

WHEREAS, representatives of the CITY and MCEA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, no agreement was reached, and

WHEREAS, the City Council desires to increase the CITY's contribution to Health, Dental and Vision benefits for employees represented by MCEA, and

WHEREAS, the City Council desires to increase the salaries of employees represented by MCEA, and

WHEREAS, the City Council desires to increase the tool allowance and court overtime pay for employees represented by MCEA and

WHEREAS, the FY 05-06 costs associated with these increases are estimated at \$818,000, effective July 26, 2005, and

WHEREAS, these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the fiscal year 2005-06 Operating Budget is hereby amended to transfer \$818,000 from various Fund reserves (\$302,660 from the General Fund Reserve and \$515,340 from other Fund reserves) to various accounts in departments' operating budgets for implementation of the City's last, best and final offer to the Modesto City Employees' Association.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27th day of September 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-487**

**A RESOLUTION ADOPTING THE STANISLAUS COUNTY MULTI-  
JURISDICTIONAL HAZARD MITIGATION PLAN**

WHEREAS, the Disaster Mitigation Act of 2000 added section 322 to the Stafford Act requiring state and local planning for disaster mitigation, and

WHEREAS, the Federal Emergency Management Agency (FEMA) requires all government entities to have a Local Hazard Mitigation Plan (LHMP), and

WHEREAS, Stanislaus County has taken the lead role in Stanislaus County by developing the Stanislaus County Multi-Jurisdictional Hazard Mitigation Plan (MJHMP), and

WHEREAS, the City of Modesto LHMP is a part of the Stanislaus County MJHMP, and

WHEREAS, the LHMP will serve as a guide for decision makers as they commit resources to reducing the effects of disasters, and

WHEREAS, the City of Modesto is required to adopt the Stanislaus County MJHMP in order to receive a FEMA Pre-Disaster Mitigation (PDM) project grant or to receive post-disaster Hazard Mitigation Grant Program (HMGP) project funding for disasters declared on or after November 1, 2004, and

WHEREAS, the City of Modesto is committed to reducing the effects of natural disasters, and

WHEREAS, at its meeting of September 7, 2005, the Safety and Communities Committee supported the adoption of the Stanislaus County Multi-Jurisdictional Hazard Mitigation Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the Stanislaus County Multi-Jurisdictional Hazard Mitigation Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> of September, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-488**

**A RESOLUTION ADOPTING THE MODESTO LOCAL HAZARD  
MITIGATION PLAN**

WHEREAS, the Disaster Mitigation Act of 2000 added section 322 to the Stafford Act requiring state and local planning for disaster mitigation, and

WHEREAS, the Federal Emergency Management Agency (FEMA) requires all government entities to have a Local Hazard Mitigation Plan (LHMP), and

WHEREAS, the LHMP addresses mitigation measures for disasters that either have or could happen in the City of Modesto, and

WHEREAS, the LHMP will serve as a guide for decision makers as they commit resources to reducing the effects of disasters, and

WHEREAS, the Local Hazard Mitigation Plan is required in order to receive a FEMA Pre-Disaster Mitigation (PDM) project grant or to receive post-disaster Hazard Mitigation Grant Program (HMGP) project funding for disasters declared on or after November 1, 2004, and

WHEREAS, the City of Modesto is committed to reducing the effects of natural disasters, and

WHEREAS, at its meeting of September 7, 2005, the Safety and Communities Committee supported the adoption of the Modesto Local Hazard Mitigation Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts the Modesto Local Hazard Mitigation Plan.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 27<sup>th</sup> day of September, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Dunbar

Attest: Jean Zahr  
JEAN ZAHR, City Clerk

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-489**

**A RESOLUTION APPROVING A GRANT APPLICATION FOR \$1.5 MILLION  
FOR THE CALIFORNIA RIVER PARKWAYS GRANT PROGRAM UNDER  
THE WATER SECURITY, CLEAN DRINKING WATER, COASTAL AND  
BEACH PROTECTION ACT OF 2002 (Proposition 50) AND AUTHORIZING  
THE CITY MANAGER TO EXECUTE THE APPLICATION**

WHEREAS, the Legislature and Governor of the State of California have provided funds for the California River Parkways Grant Program, and

WHEREAS, the Resources Agency has been delegated the responsibility for the administration of this grant program, establishing necessary procedures, and

WHEREAS, said procedures established by the State Resources Agency require a resolution certifying the approval of application by the City of Modesto City Council before submission of this application to the State, and

WHEREAS, the City of Modesto, if selected, will enter an agreement with the State of California to carry out the Project,

NOW, THEREFORE, BE IT RESOLVED by the City of Modesto that the Council hereby:

1. Approves the filing of an application for the Tuolumne Regional River Park Gateway Project; and
2. Certifies that the City of Modesto understands the assurances and certification in the application; and
3. Certifies that the City of Modesto will have sufficient funds to operate and maintain the project consistent with the land tenure requirements; and

4. Certifies that it will comply with the provisions of Section 1771.8 of the State Labor code regarding payment of prevailing wages on Projects awarded Proposition 50 funds; and
5. If applicable, certifies that the Project will comply with any laws and regulations including, but not limited to, legal requirements for building codes, health and safety codes, disabled access laws, and, that prior to commencement of construction, all applicable permits will have been obtained; and
6. Appoints the City Manager, or designee, as agent to conduct all negotiations, execute and submit all documents including but not limited to applications, agreements, payment requests and so on, which may be necessary for the completion of the aforementioned Project following acceptance and approval by the City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October, 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-490**

**A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND  
CONTRACT FOR THE BROKER OF RECORD FOR THE CITY'S EMPLOYEE  
GROUP INSURANCE PROGRAM TO GALLAGHER BENEFITS SERVICES OF  
FRESNO, CA. AND AUTHORIZING THE RISK MANAGER TO SERVE AS  
THE COORDINATOR FOR THE VARIOUS PLANS AND AUTHORIZING THE  
CITY MANAGER TO EXECUTE THE NECESSARY AGREEMENT**

WHEREAS, the City of Modesto provides its employees with various Health & Life employee benefits programs, and

WHEREAS, the "Broker of Record" will aid in plan design to contain costs and maximize benefits effectiveness as well as to evaluate and advise in selecting among coverage alternatives, and

WHEREAS, the "Broker of Record" will aid in the investigation of insurance alternatives currently available, and

WHEREAS, the City has successfully utilized a broker to assist in these and other services for a number of years, and

WHEREAS, the City's Purchasing Supervisor has conducted a formal Request for Proposal conforming to MMC Section 8-3.203, and

WHEREAS, the evaluation committee, comprised of a representative of the Employee Benefits Committee, an outside subject matter expert, Departmental staff from Finance, and Personnel as well as a Councilmember acting as an observer, and

WHEREAS, said evaluation committee rated the proposers according to evaluation criteria outlined in the proposal, and

WHEREAS, the Purchasing Supervisor compiled the committee ratings, with the highest ranked proposer being Gallagher Benefits Services of Fresno, and

WHEREAS, the evaluation committee concurred with the ranking,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes award of proposal and the execution of agreement with Gallagher Benefits Services of Fresno.

BE IT FURTHER RESOLVED that the Risk Manager is hereby authorized to serve as the coordinator for the various plans.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute all necessary agreements relating to employee and dependent health care as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>h</sup> day of October, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by CouncilmemberHawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-492

**AMENDED**  
on July 7, 2009  
By Resolution 2009-299

**A RESOLUTION AMENDING AND RESTATING RESOLUTION NO. 2005-282  
TO ADD SECTION 10A CLARIFYING POLICY ISSUES ON WATER  
CONNECTION FEES AND AMENDING SECTION 14, FOOTNOTE 1 TO  
CLARIFY INFLATION ADJUSTMENT FOR CONNECTION CHARGES**

WHEREAS, Section 11-1.04 of the Modesto Municipal Code (MMC) authorizes the Council, by resolution, to establish charges for water service installation, and MMC Section 11-1.05 authorizes the Council, by resolution, to establish charges for water main connection charges, and MMC Section 11-6.05 authorizes the Council, by resolution, to establish charges for metered water services, and MMC Section 11-6.06 authorizes the Council, by resolution, to establish charges for unmetered water services, and

WHEREAS, MMC Section 11-6.02 authorizes the Council, by resolution, to establish charges for deposits for utility services, and MMC Section 11-6.08 authorizes the Council, by resolution, to establish charges for use of fire hydrants, and

WHEREAS, on November 23, 2004, the City Council adopted Resolution No. 2004-627 rescinding all previous water fee resolutions, establishing a single rate base, and establishing fees for the provision of water and all fees associated with water operations and management, and

WHEREAS, on April 26, 2005, the City Council adopted Resolution No. 2005-204 amending Sections 3 and 14 of Resolution No. 2004-267 to clarify that water connection charges are actual hookup fees and are not land based, and

WHEREAS, a study of water system connection fees by Foresight Consulting has been completed, and

AMENDED

WHEREAS, the study proposes new fees in order to ensure equity across the system so that current ratepayers are not unfairly burdened with the costs of providing water to future customers, and

WHEREAS, Resolution No. 2004-627 is hereby amended solely with respect to Sections 10 and 14, and

WHEREAS, Resolution No. 2004-627 is reaffirmed in every other respect and repeated in its entirety herein for the sake of administrative convenience, and

WHEREAS, the City Council amended water connection fees on May 24, 2005, and

WHEREAS, the water connection fees were implemented on July 25, 2005, and

WHEREAS, due to the amendment, and due to the substantial increase in fees, several questions have arisen which are at a policy level, and

WHEREAS, staff feels that it is best to memorialize direction from the Council in the form of a resolution so that confusion is minimized and developers can better plan for what fees will be required, and

WHEREAS, the method of administration of the inflation adjustment for connection fees would be improved by specifying the period on which the inflation adjustment is based, and

WHEREAS, most of the policy issues deal with transitional commercial properties, the City Council does amend and restate Resolution 2005-282 to add Section 10A, below.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

DEFINITIONS:

A. Connection Charge - A one-time prorata charge to be paid by or on behalf of a prospective ratepayer for facilities existing in, or planned to be added to the City water system, minus deficiencies (previously known as Water System Fee).

B. City Water System ("System") - The City's physical assets dedicated to the provision of water to the public for human consumption, including assets for the collection, treatment, pumping, storage and distribution of water under the control of the City's operator.

C. Connection - The attachment of pipe facilities to the City water System for one or more water service uses.

D. Costs of Service - All costs appropriately borne by the entire rate base, calculated on a consumption basis to the extent practicable, and consisting of a fixed component, and a variable component including the distribution of estimated costs of service obligations allocated to the System by the City Council on a System-wide basis. Such costs shall exclude all capacity charges, and include all deficiency charges.

E. Deficiencies - Water facilities required by law or recommended by generally recognized authority as being necessary to the provision of a modern, safe, adequate, water system of the City's size, with prudent reserves of quantity, pressure and transmission infrastructure to meet reasonably foreseeable contingencies that are absent from the City water System at any particular point in time.

F. MMC - Modesto Municipal Code.

G. Standard Billing Cycle - A standard period of time, usually consisting of one 28-35 day month commencing from date of initiation of water service, and continuing until water service termination. The Finance Director, or designee, shall have the authority to, from time to time, redefine the standard billing cycle to better fit the needs and requirements of the City.

H. Water Acquisition Costs - All direct and indirect costs to the City for water purchase, treatment and transmission to a connection with the System.

SECTION 1. WATER CHARGES BASED SOLELY ON COST OF SERVICES TO THE RATEPAYER. In accordance with law, the charge for all water delivered by the System shall be based solely on the cost of service to the ratepayer. Costs of service, in turn, shall consist of two components: fixed costs, such as those for billing, meter reading where applicable, and other general overhead, and variable costs, such as proportionate costs of the acquisition and transmission of water, removal of deficiencies, higher operating and maintenance costs apportioned to ratepayers with service demands requiring larger meters, and the costs of the commitment of the System to high-quality maintenance, and the provision of clean water at adequate pressure under all circumstances under the System's control, or as mandated by agencies outside the City as elaborated more fully below.

The City Council has evaluated the costs of service, including the costs of correcting existing deficiency in its water System and of growth, and of underwriting certain commitments to its rate base on a System-wide basis. The City's water utility is regional in nature, and its revenue requirements, or cash needs, have been attributed to the System as a whole. In certain cases, costs of only the engineering characteristics of the System may vary with a ratepayer's location. Nevertheless the Council believes the cost of service exceeds asset costs, because the Council has committed to intangible service elements in addition to fixed asset costs. These are:

1. To provide high-quality maintenance at cost.
2. To plan for and provide adequate future supplies of water for the metropolitan area.
3. To act promptly to assure a clean water supply in light of the likelihood that unpredictable and possibly dramatic changes in the regulatory climate will occur.

4. To provide clean water at adequate pressures under all reasonable circumstances.

The Council is advised that some, or perhaps many, of the assets planned to insure its promises will be located geographically apart from existing System components because different areas of a large regional System will have differing physical asset requirements through time. Thus, the primary benefit of the System to any individual ratepayer will be in the fulfillment of the Council's commitments, in contrast to the ratepayer's proximity to any specific existing or planned physical asset. In sum, the principal service of the System is and shall be the keeping of its commitments, not the geographical distribution of its physical components, or their physical effects on the water commodity those assets provide.

SECTION 2. COST OF DELIVERED WATER BASED ON QUANTITY USED IN BILLING CYCLE. It is the policy of the City of Modesto that all charges for water delivered by the System shall be determined by the quantity of water used in a standard billing cycle as determined from metered water usage for metered services, and estimated usage of unmetered (flat-rate) services, where services are metered and said meters are read for billing purposes. All estimated flat rate services will be a metered rate as services are converted and/or as funds become available.

SECTION 3. PAYMENT OF CONNECTION CHARGES. In the case of new subdivisions or parcel maps the fee shall be collected upon the issuance of the building permit.

SECTION 4. DEFICIENCY CHARGES. System modernization and improvement, as opposed strictly to expansion, benefits all of the rate base. Accordingly, the cost of removing deficiencies shall be borne by the entire rate base as a component of the variable cost per 100 cubic feet of delivered water.

SECTION 5. ALLOCATION OF WATER ACQUISITION AND TRANSMISSION

COSTS. Water acquisition and transmission costs for the System are appropriately apportioned between existing deficiencies and growth requirements. Accordingly, an engineering determination has been made in the West Yost "Justification and Cost Allocation for Proposed Water System Improvements Study, accepted by Council on September 14, 2004, that 74.2% of the City's water acquisition costs be included in deficiency charges, and that the remaining 25.8% be attributed to growth, and apportioned to and collected in connection charges.

SECTION 6. DETERMINATION OF FIXED AND VOLUME BASED CHARGES

FOR DELIVERY OF WATER TO RATEPAYERS. The charge for all water delivered through a metered service where the meters are read for billing purposes, as practical, and as determined by the Finance Director, or designee, with the concurrence of the Public Works Director after December 31, 2004, set forth in the *Water Utility Cost of Service Rate Study* prepared by Foresight Consulting, accepted by Council on September 14, 2004, shall be:

Proposed Monthly Metered Water Rates (by meter size)					
	Year 1 1-Jan-05	Year 2 1-Jul-05	Year 3 1-Jul-06	Year 4 1-Jul-07	Year 5 1-Jul-08
Volume-based Rate (\$/hcf)	\$0.84	\$1.01	\$1.16	\$1.22	\$1.28
Fixed Monthly Meter Charge (in addition to volume-based charges)					
5/8"-3/4" meter	\$9.01	\$10.82	\$12.44	\$13.06	\$13.71
1" meter	\$12.78	\$15.34	\$17.64	\$18.52	\$19.45
1-1/2" meter	\$22.13	\$26.55	\$30.53	\$32.06	\$33.66
2" meter	\$33.38	\$40.06	\$46.06	\$48.37	\$50.79

3" meter	\$63.43	\$76.12	\$87.53	\$91.91	\$96.51
4" meter	\$97.19	\$116.63	\$134.13	\$140.83	\$147.88
6" meter	\$190.95	\$229.14	\$263.51	\$276.68	\$290.51
8" meter	\$303.49	\$364.19	\$418.82	\$439.76	\$461.75
10" meter	\$434.84	\$521.80	\$600.07	\$630.08	\$661.58
12" meter	\$809.95	\$971.95	\$1,117.74	\$1,173.62	\$1,232.31

hcf = Hundred cubic feet

The above listed fixed meter charges shall be charged to all ratepayers in every billing cycle. This fixed cost will be charged whether or not any water is actually used by a ratepayer in a given billing cycle until such time as water service is terminated by the customer.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

SECTION 7. CHARGES FOR UNMETERED WATER SERVICES. The charge for all water delivered from an unmetered service after December 31, 2004, has been cost-estimated as closely as possible to average metered rates as follows: Until such time as the subject residential property is billed at a metered rate:

Proposed Monthly SFR Flat Water Rates*					
	Year 1	Year 2	Year 3	Year 4	Year 5
	1 Jan-05	1-Jul-05	1-Jul-06	1-Jul-07	1-Jul-08

0-5,000 sq. ft. lot	\$24.47	\$29.36	\$33.77	\$35.45	\$37.23
5,001-7,000 sq. ft. lot	\$27.81	\$33.37	\$38.38	\$40.30	\$42.31
7,001-11,000 sq. ft. lot	\$33.00	\$39.60	\$45.54	\$47.82	\$50.21
11,001-17,000 sq. ft. lot	\$35.03	\$42.04	\$48.34	\$50.76	\$53.30
Over 17,000 sq. ft. lot	\$41.19	\$49.42	\$56.84	\$59.68	\$62.66

SFR = Single Family Residential

\* If a SFR property has a water meter that is read, then the appropriate Metered Water Rate will be used.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

When water service is turned on or off anytime between the beginning and end of a billing cycle, the amount charged to an unmetered (flat-rate) service shall be pro-rated.

SECTION 8. RESCISSION OF ALL PREVIOUS RESOLUTIONS RELATING TO WATER DELIVERY OR WATER OPERATIONS AND MANAGEMENT. All resolutions of the City Council setting any rates or fees whatsoever for the delivery of water, or for costs associated with operation or management of the water System, are hereby rescinded; except that water rates established by the rescinded resolutions shall remain in effect until the rates established in this resolution take effect on January 1, 2005. This resolution shall be the sole basis for determining any water fee to be charged to a ratepayer or potential ratepayer, or paid on behalf of a potential ratepayer by the City on and after January 1, 2005.

SECTION 9. COST OF METERS AND INSTALLATION. The cost of meters and of meter installation and repair for existing ratepayers when this resolution is enacted has been included in the fixed cost assigned to the rate base for water consumption, since metering has been determined to benefit the rate base as a whole.

SECTION 10. CONNECTION FEES. The law requires that charges attributable purely to growth (new connections) be borne solely by those new connections. Accordingly, the planned infrastructure cost for deficiencies in the existing System, and for costs associated with new growth have been apportioned as follows: 74.2% attributable to existing deficiencies and 25.8% attributable to new growth. These percentages have been applied to anticipated capital costs on a going forward basis for the five-year period following the date of this resolution. Combined with the growth-induced component of water acquisition costs and the apportioned cost of buying-into the existing system, this will result in the establishment of connection charges.

## SECTION 10A

### CLARIFYING POLICY ISSUES ON WATER CONNECTION FEES

The City Council amended water connection fees on May 24, 2005 and, the water connection fees were implemented on July 25, 2005. Due to the amendment, and due to the substantial increase in fees, several questions have arisen which are at a policy level, staff feels that it is best to memorialize direction from the Council in the form of a resolution so that confusion is minimized and developers can better plan for what fees will be required. Because most of the policy issues deal with transitional commercial properties, the City Council does amend and restate Resolution 2005-282 to add Section 10A as follows:

1. **Property is changing use but staying with *same* sized water service on the *same* parcel (no change in meter size).** No additional connection fees are required if a property has an existing service on a parcel and is not changing the size of the service. The location of the service may change on the parcel and fees would be assessed for establishing a new connection to the main line, if needed, and the cost of the meter and installation.

*Example:* Property has a 1-inch service and is an office complex. Property changes to a retail complex with also a 1-inch service. No charge is made under the new connection fees, except for any fees related to a change in the location of the service.

2. **Property is changing use and requiring an upgrade to the service (larger meter required).** The water connection fees for the new service will be at the new rate for that sized service, less the amount (credit) that *may* have been paid in some way, with the credit based on \$.05 per square foot (properties prior to July 25, 2005) and if after the new fees are implemented, at the rate at that time for the existing

*Example:* Property has a 1-inch service and the new use requires a 2-inch service. A fee for the 2-inch service based on the connection fee schedule in effect at the time it is assessed, less either the amount that might have been paid, for the connection (based on the \$.05 per square foot cost), or the then-current cost for a 1-inch connection, if the connection was paid for based on the demand-based fees after July 25, 2005.

*Example 2:* Property has a 1-inch service and wants to add an additional 1-inch service; the additional 1-inch service will be based on the demand-based fees after July 25, 2005.

- 3. Property is a parcel split or a parcel reduction and fees were assessed originally only for one part of the parcel, due to partial development.** Remainder is now in for development. The new or remaining portion of the parcel pays for the new connection fees necessary to serve the remaining portion of the parcel.

*Example: A parcel has paid for a water connection based on the square footage basis but only for the portion that was developed at that time. The remaining portion has had no fees paid for water connection. This would be treated as a new service at whatever the current schedule is for the specific service, with no credit given.*

- 4. Property has paid for a water connection fee based on the \$.05 per square foot or other manner for the entire parcel. Development of a previously undeveloped portion of parcel is proposed or an additional service is requested.** A new connection fee will be assessed less the amount of a credit for the portion of the property that is now being developed or changed, based on the \$.05 per square foot. The amount of credit will be subject to the approval of the Public Works Director.

*Example: A parcel has partially developed but has paid the \$.05 square foot or other fee for the entire parcel. Additional development occurs. A credit is given only for the portion of the property where the new development is occurring.*

- 5. Payment of fees over time for larger projects.** Staff recommends that a process similar to the fee payment option used for CFF be allowed for larger projects as an incentive for Economic Development purposes. Similar criteria to the CFF fees would be used but with different time frames due to the need to collect the fees in time to implement the improvements.

This would be applicable to projects where the water connection fees exceed \$100,000 and where there is a single owner. This may be one parcel or a group of contiguous parcels. Fifty (50%) of the fees would be due at the time of the building permit issuance for not more than 50% of total permits to be issued. The remaining 50% plus interest would be due prior to issuance of the remaining permits.

The developer must execute an agreement with the City and provide adequate security to protect the City's interests in the form of a letter of credit, cash, or cash equivalent.

SECTION 11. WATER DISCOUNT FOR LOW INCOME SENIOR CITIZENS AND LOW INCOME DISABLED. The law prohibits all such cross-category subsidies requiring one ratepayer to subsidize the costs of another. Accordingly, the City Council may from time to time, by separate resolution, enact subsidies for certain categories of ratepayers, as the City Council

may see fit, provided that the source(s) of funds to implement such subsidies are source(s) separate from the water enterprise fund.

#### SECTION 12. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE.

The costs of service set forth above shall be re-examined every two years by engineers, consultants, and professionals competent in the field. Such engineers, consultants and professionals shall provide a report to the City updating both fixed and volume based costs as appropriate and as recommended to the Council by the Finance Director and the Public Works Director. After June 30, 2009, the Finance Director, or designee, with the concurrence of the Public Works Director, shall have the authority, on an annual basis, to raise either fixed or variable costs, or both, as appropriate, by an amount not to exceed the percentage increase in the Consumer Price Index (CPI), Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance Demographics Research Unit.

#### SECTION 13. WATER CHARGES FOR WATER USED DURING BUILDING CONSTRUCTION.

- (a) The water service charge furnished to single-family residences, duplexes, and triplexes that are under construction will be a flat rate charge based on the formula below. This charge will be assessed and paid at the time of building permit issuance.

120 Day Residential Construction Water Rate:

Current Flat Rate for Smallest Lot Area +  
Current City Utility Tax x 4 months

- (b) The water service charge specified in the first paragraph provides for water service for 120 days. Subsequent to that time, the water service fee shall be collected on a regular monthly billing based on the full size of the lot unless the owners request the water to be turned off at the end of 120 days.

- (c) In the event construction ceases before the building is completed, the water to the building site will be turned off unless the property owner has made arrangements for regular service.
- (d) In the event a structure is occupied before final inspection of the structure, or water is used for other than normally required for construction, the water service charge will be made at the established rate for regular service.
- (e) Charges for water services during the construction of apartments, commercial buildings, and industrial buildings will be at the regular metered water service charge.

SECTION 14. Fixed fees for all System operations and management services have been calculated and are hereby imposed as follows:

USER FEES	AMOUNT
Deposit	Not to exceed 3 times the estimated average bill or 2 times the normal monthly bill.
Disconnect	\$10.00
Reconnect	\$10.00
Late Payment Penalty	\$4.35
Returned Check	\$10.00
Collection Agency	\$16.50
Water Disconnection Notice (final notice mailed or doorhangers)	\$10.00
Unauthorized Reconnect (illegal on)	\$25.00
Lock Breakage/Lock Replacement	\$75.00
Disconnect Waterline at Main for Non-payment (line cut)	\$375.00

DEVELOPMENT FEES	AMOUNT
Connection Charge *1*3	

5/8" Service *2	\$1,960.00
1" Service	\$4,900.00
1.5" Service	\$9,800.00
2" Service	\$15,680.00
3" Service	\$31,360.00
4" Service	\$49,000.00
6" Service	\$98,000.00
8" Service	\$156,800.00
10" Service	\$225,400.00
12" Service	\$421,400.00
Water Main Installation Charge	\$18.00 per lineal foot of lot frontage
Water Service Installation Charge	
1" Service	\$1,108.00
1-1/2" Service	\$1,130.00
2" Service	\$1,156.00
4" Service	\$2,131.00
6" Service	\$2,131.00
8" Service	\$2,347.00
10" Service or larger	At Cost
Water Meter Fee	
1" Meter/New Service - pedestrian lid	\$115.00
1" Meter/New Service - traffic lid	\$176.00
1" Meter/Retrofit Service - pedestrian lid	\$520.00
1" Meter/Retrofit /Service - traffic lid	\$600.00
1-1/2" Meter with pedestrian lid	\$484.00
1-1/2" Meter with traffic lid	\$545.00
2" Meter with pedestrian lid	\$520.00
2" Meter with traffic lid	\$582.00
4" Meter	\$1,820.00
6" Meter	\$2,400.00
8" Meter	\$3,350.00
10" Meter or larger	At Cost
Pavement	\$439.00 for each trench
Parcel Reduction	\$37.00

Fire Service Installation Inspection/Test	\$90.00
Install 4" Single Check Valve	\$390.00
Install 6" Single Check Valve	\$479.00
Install 8" Single Check Valve	\$688.00
Voluntary Installation of Fire Sprinklers, Apartments	8.3% of normal charge
Voluntary Installation of Fire Sprinklers, SFD, Duplexes, Townhouses	\$50.00

\*1 Connection charges effective 7/25/05. These charges will be reviewed and updated annually after fiscal year 2005-06 for inflation adjustments based on the engineering construction cost-index beginning July 1, 2006. The inflation adjustment for connection charges shall be equivalent to the change in the Engineering News Record Construction Cost Index for San Francisco through the month of April of each year as compared to the Engineering News Record Construction Cost Index for San Francisco through the month of April of the previous year. The Public Works Director is hereby authorized to make the above inflation adjustment administratively.

\*2 Single family residences qualify for the 5/8" connection fee only under the following conditions:

- Single story, single family residences on a lot of 4,000 square feet or less.
- Two-story single family residences on a lot of 4,000 square feet or less, provided the request for such a service is accompanied by a report from a licensed professional engineer (and approved by the Public Works Director) that certifies that the 5/8" service is adequate to meet the needs of the proposed dwelling.
- A 5/8" "service" shall not be allowed for single family dwellings of greater than 2 stories on lots less than 4,000 square feet.

\*3 Service upgrades shall be subject to the connection charge set forth in this resolution, less the amount of the connection charge set forth in this resolution for the size of the initial installation.

All Development fees shall be due and may only be paid at the time a building permit is issued. Development fees shall be calculated and collected based on the proportionate area of the parcel for which the building permit is being issued and/or the parcel is being developed and only for those connections required for actual issuance of the building permit. No other Development

fees for the remainder of the parcel may be paid until further building permits are issued. For purposes of this paragraph the Public Works Director, or designee, shall determine the proportionate area of the parcel being developed. The decision of the Public Works Director in this regard shall be final.

SECTION 15. For purposes of supporting an exemption from CEQA pursuant to Section 15273(4) of the CEQA Guidelines, the City Council finds with respect to the water rates and connection charges set forth above, that they are for the following purposes:

- (a) Meeting operating expenses;
- (b) Purchasing or leasing supplies, equipment, or materials;
- (c) Meeting financial reserve needs and requirements; and
- (d) Obtaining funds for capital projects necessary to maintain service within existing service areas.

SECTION 16. This resolution shall become effective on and after July 25, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**RESCINDED**

MAY 23 2006

THIS RESOLUTION WAS  
RESCINDED BY MODESTO  
CITY COUNCIL RESOLUTION  
NO. 2006-320

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-493**

**A RESOLUTION APPROVING IMPLEMENTATION OF THE CITY'S LAST, BEST AND FINAL OFFER TO THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION AND MAINTENANCE OF PERSONNEL PRACTICES BY THE CITY OF MODESTO WITH RESPECT TO EMPLOYEES REPRESENTED BY MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION UNTIL THEY ARE CHANGED OR MODIFIED BY THE CITY IN THE MANNER REQUIRED BY LAW**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Confidential and Management Association (MCMA) expired on June 27, 2005, and

WHEREAS, representatives of the CITY and MCMA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, no agreement was reached, and

WHEREAS, MCMA presented its last, best and final offer to the CITY on June 14, 2005, and the CITY presented its last, best and final offer to MCMA on June 30, 2005, and,

WHEREAS, impasse was declared on July 27, 2005, and

WHEREAS, both the CITY and MCMA agreed to mediation and subsequently participated in a half day of state mediation, and

WHEREAS, no mediated agreement was reached, and

WHEREAS, the CITY's last, best and final offer provides as follows:

**SECTION 1. SALARY INCREASES:** The current salary schedule effective June 29, 2004, as provided in Exhibit "2" (Schedule of Salary Ranges) shall remain in

full force and effect through December 26, 2005. Across-the-board salary increases shall be effective as follows:

3.5% effective December 27, 2005, as provided in Exhibit "3" (Schedule of Salary Ranges), and an additional 3.5% effective December 26, 2006, as provided in Exhibit "4" (Schedule of Salary Ranges).

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS: The CITY's contribution to employees' Health, Dental and Vision coverage shall be as follows, provided that the total contribution for Single coverage shall not be less than the lowest cost HMO, Dental and Vision premium:

**Total Monthly Contributions**

	<u>Current</u>	<u>7-26-05</u>	<u>7-25-06</u>
<b>Family</b>	\$676.76	\$722	\$792
<b>Single</b>	\$377.98	\$435	\$480
<b>Opt Out</b>	\$377.98	\$385	\$390

SECTION 3. CAP ON CTO ACCRUALS: Effective October 4, 2005, all newly hired employees who are overtime-eligible shall be paid quarterly for all accumulated Compensatory Time Off (CTO) over 100 hours.

SECTION 4. RETIREMENT: no change to the current retirement formula of 2% at age 55 and the retirement re-opener in the expired MOU shall sunset.

SECTION 5. ACTING PAY/OUT-OF-CLASS PAY: the parties shall meet and confer following receipt of consultant recommendations related to policies and procedures for granting these pays.

SECTION 6. ADDITIONAL CHANGES: Additional changes to these practices include tentative agreements reached between the CITY of Modesto and MCMA "at the table" during negotiations in the following areas:

Retiree Health	Grievances
Deferred Compensation	Bereavement Leave
Certifications	Leave Usage Accrual
Management Leave	Catastrophic Leave
Probation	Renegotiations
Vacation	Non-Discrimination
Employee Parking	Meal Allowance
Medical Leaves	Time Bank
Uniform Allowance	Domestic Partners

And lastly, additional changes also include all mid-term changes to the expired Memorandum of Understanding previously agreed upon by both parties.

WHEREAS, the Council considered this matter at its meeting of October 4, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby implements its last, best and final offer made to the Modesto Confidential and Management Association on June 30, 2005 until these provisions are changed or modified by the City in the manner required by law. In order to maintain the status quo with respect to all other working conditions, all other Articles and provisions of the expired Memorandum of Understanding shall remain on full force and effect unless and until modified by the City in a manner required by law. Once fully compiled, a copy of the document which incorporates the City's last, best and final offer and articles maintaining personnel practices, will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October, 2005, by Councilmember Dunbar,

who moved its adoption, which motion being duly seconded by Councilmember Hawn,  
was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-494**

**A RESOLUTION APPROVING THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES AS SET FORTH IN EXHIBIT "A" ATTACHED HERETO EFFECTIVE OCTOBER 4, 2005, AND ADOPTED CONCURRENTLY WITH RESOLUTION NO. 2005-493 IMPLEMENTING THE CITY'S LAST, BEST, AND FINAL OFFER AND APPROVING MAINTENANCE OF PERSONNEL PRACTICES BY THE CITY OF MODESTO WITH RESPECT TO EMPLOYEES REPRESENTED BY MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION UNTIL THEY ARE CHANGED OR MODIFIED BY THE CITY IN THE MANNER REQUIRED BY LAW AND SETTING FORTH SALARY SCHEDULES FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES**

WHEREAS, on October 4, 2005, the City Council adopted Resolution No. 2005-493 implementing the City of Modesto's (CITY) Last, Best and Final Offer and approving maintenance of the personnel practices by the CITY with respect to employees represented by the Modesto Confidential and Management Association (MCMA) until they are changed or modified by the CITY in the manner required by law and setting forth salary schedules for general non-sworn classes, and

WHEREAS, Council desires to establish a Class Range Table for said classes,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Class Range Table for Represented Management and Confidential Non-Sworn Classes, entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective October 4, 2005" which is attached hereto as Exhibit "A" and made a part hereof as though set forth in full herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-495**

**A RESOLUTION AMENDING THE FISCAL YEAR 05-06 OPERATING BUDGET TO TRANSFER \$414,500 FROM VARIOUS FUND RESERVES (\$207,250 FROM THE GENERAL FUND RESERVE AND \$207,250 FROM OTHER FUND RESERVES) TO VARIOUS ACCOUNTS IN DEPARTMENTS' OPERATING BUDGETS FOR IMPLEMENTATION OF THE CITY'S LAST, BEST AND FINAL OFFER TO THE MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Confidential and Management Association (MCMA) expired on June 27, 2005, and

WHEREAS, representatives of the CITY and MCMA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, no agreement was reached, and

WHEREAS, the City Council desires to increase the CITY's contribution to Health, Dental and Vision benefits for employees represented by MCMA, and

WHEREAS, the City Council desires to increase the salaries of employees represented by MCMA, and

WHEREAS, the FY 05-06 costs associated with these increases are estimated at \$414,500, effective July 26, 2005, and

WHEREAS, these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the fiscal year 2005-06 Operating Budget is hereby amended to transfer \$414,500 from various Fund reserves (\$207,250 from the General Fund Reserve and \$207,250 from other Fund reserves) to various accounts in departments' operating budgets for

implementation of the City's last, best and final offer to the Modesto Confidential and Management Association.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-496**

**A RESOLUTION APPROVING A \$379,200 AGREEMENT WITH CAROLLO ENGINEERS, OF WALNUT CREEK, CALIFORNIA, FOR PROFESSIONAL ENGINEERING SERVICES TO DEVELOP THE WASTEWATER MASTER PLAN PHASE 2 (TREATMENT AND DISPOSAL) UPDATE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto completed its last Wastewater Master Plan (WWMP) in 1995, and to date, it has served its intended purpose of guiding development and various wastewater system improvements, and

WHEREAS, municipal WWMPs are updated every five to seven years to incorporate additional growth, current operations, and new planning data, and

WHEREAS, a number of changes have occurred in the last ten years which make it necessary to update the WWMP, and

WHEREAS, the Economic Development Committee reviewed this item at its meeting on January 12, 2004, and recommended its approval, and

WHEREAS, Phase 1 was started in January 2004, and is expected to be completed in November 2005, and it is necessary to begin Phase 2 in order to complete the entire WWMP, and

WHEREAS, after subsequent Request for Qualifications and Request for Proposals processes, Carollo Engineers, of Walnut Creek, was determined to be the most qualified firm to perform the work for the WWMP Phase 2 Update, and

WHEREAS, the Acting Public Works Director recommends accepting the proposal of Carollo Engineers, in an amount not to exceed \$379,200,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the Agreement with Carollo Engineers for the preparation of the Wastewater Master Plan Phase 2 (Treatment and Disposal) Update in an amount not to exceed \$379,200.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-497**

**A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT BUDGET IN ORDER TO FULLY FUND THE AGREEMENT WITH CAROLLO ENGINEERS BY (1) RETURNING \$36,722 FROM 6210-440-5201-0235 (CAPITAL IMPROVEMENT SERVICES ADMINISTRATION) AND \$30,214 FROM 6210-430-A209 (ENGINEERING SYSTEMS ANALYSIS) TO RESERVES ACCOUNT 6210-800-8000-8003; AND (2) REAPPROPRIATION OF \$66,936 FROM RESERVES TO 6210-430-A208 (WASTEWATER MASTER PLAN UPDATE)**

WHEREAS, the Wastewater Master Plan account 6210-430-A208 only provides \$332,264 of the Carollo Engineers consultant contract in the amount of \$379,200, and

WHEREAS, certain budgetary transactions are necessary to fully fund said contract, and

WHEREAS, \$36,722 is to be transferred to reserves from Capital Improvement Services Administration Account 6210-440-5201-0235, and

WHEREAS, \$30,214 is to be transferred to reserves from Engineering Systems Analysis account 6210-430-A209, and

WHEREAS, \$66,936 is to be transferred from reserves to the Wastewater Master Plan Update account 6210-430-A208,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves funding transfers as set forth herein to fully fund the Carollo Engineers engineering services contract for the Phase 2 of the Wastewater Master Plan Update project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4th day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-498**

**A RESOLUTION APPOINTING SIX MODESTO AREA HIGH SCHOOL  
STUDENTS TO THE CITY OF MODESTO YOUTH COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, as authorized by Resolution No. 89-443, principals from the High Schools within the City Limits of the City of Modesto have recommended students to serve as Modesto Youth Commissioners,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. One Modesto area high school student is hereby appointed to the City of Modesto Youth Commission, with a one-year term limit, as follows:

Johansen High School  
Yasher Nazi

SECTION 2. Five Modesto area high school students are hereby appointed to the City of Modesto Youth Commission, with a two-year term limit, as follows:

Beyer High School  
Neil Watson

Modesto High School  
Katy Uyeno

Central Catholic High School  
Trenton Maylor

Modesto Christian School  
Michelle Mitchell

Johansen High School  
Britni Meeks

SECTION 3. The City Clerk is hereby directed to transmit a copy of this resolution to the newly appointed members of the City of Modesto Youth Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-499**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND WILLIAM LYON HOMES, INC. FOR IMPROVEMENTS ON FLOYD AVENUE (BETWEEN FINE AVENUE AND CLAUS ROAD) AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No. 90020181), WITH AN ADDENDUM FOR AMENDMENT OF THE VILLAGE ONE SPECIFIC PLAN, AMENDMENT OF PRECISE PLAN AREA 24, APPROVAL OF PRECISE PLAN AREA 23, FALLING LEAF VESTING TENTATIVE SUBDIVISION MAP, AND SUBSEQUENT APPROVAL CONSISTENT WITH THE PROPOSED PROJECT (EA/C&ED NO. 2004-58)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, William Lyon Homes, Inc. ("Developer") has agreed to install certain improvements on Floyd Avenue (between Fine Avenue and Claus Road) and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement ("agreement") between City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$2,413,507, and

WHEREAS, the City Council has received and considered the Initial Study, Environmental Assessment No. EA/C&ED No. 2004-58, which concludes that Developer's project entitled Amendment of the Village One Specific Plan, Amendment of Precise Plan Area 24, Approval of Precise Plan Area 23, Falling Leaf Vesting Tentative Subdivision Map, and Subsequent Approval Consistent with the Proposed

Project, including the improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), with an Addendum for the Amendment of the Village One Specific Plan, Amendment of Precise Plan Area 24, Approval of Precise Plan Area 23, Falling Leaf Vesting Tentative Subdivision Map, and Subsequent Approval Consistent with the Proposed Project (EA/C&ED No. 2004-58), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and William Lyon Homes, Inc. ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects

and, therefore, no major revisions to the Program EIR, are required.

4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
  - d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the

environment, but the Project proponents decline to adopt the mitigation measure or alternative.

6. The Initial Study, Environmental Assessment EA/C&ED No. 2004-58, provides the substantial evidence to support findings 1-5, above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-500**

**A RESOLUTION APPROVING A TWO (2) YEAR AGREEMENT FOR  
FEDERAL LOBBYING SERVICES IN THE ANNUAL AMOUNT OF \$120,000  
WITH PATTON BOGGS, LLP AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto has determined it is desirable to retain a consultant to represent the City's interests at the federal level, and

WHEREAS, in October 1993, the City enlisted the services of Ball Janik LLP to represent the City's federal interests, and

WHEREAS, on June 30, 2001, the consultant contract agreement with Ball Janik LLP expired, and

WHEREAS, on May 22, 2001, the Modesto City Council adopted Resolution No. 2001-229, approving issuance of a Request for Qualifications (RFQ) for Federal Legislative Lobbying Services, and

WHEREAS, on May 23, 2001, a RFQ for Federal Legislative Lobbyist Services was issued and 17 responses were received, and

WHEREAS, the RFQ responses were reviewed and ranked according to criteria established in the RFQ, and

WHEREAS, personal interviews were conducted with the top eight respondents, and

WHEREAS, on August 2, 2001, the Economic Development and Intergovernmental Relations Committee conducted interviews with Patton Boggs and Van Scoyoc and made a recommendation that the full Council approve sole source negotiations with Patton Boggs, and

WHEREAS, this original agreement for lobbying services was for the annual amount of \$64,800 from October 2, 2001 to October 1, 2002, and

WHEREAS, on October 2, 2002 an amendment to the original agreement was executed which extended the term of the agreement to October 1, 2003, and

WHEREAS, on October 2, 2003 a second amendment was executed which extended the term of the agreement to October 1, 2005 and increased the annual compensation to \$71,280, and

WHEREAS, since the firm of Patton Boggs, LLP has been instrumental in landing significant federal funding for the City of Modesto, and

WHEREAS, the City of Modesto has negotiated a new two (2) year Agreement for Consultant Services in the annual amount of \$120,000 with Patton Boggs, LLP to perform federal legislative lobbying services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a two (2) year Agreement for Consultant Services in the annual amount of \$120,000 with Patton Boggs, LLP, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**STANDARD  
AGREEMENT FOR CONSULTANT SERVICES**

*THIS AGREEMENT*, made and entered into in the City of Modesto, State of California, this \_\_\_\_ day of \_\_\_\_\_, 2005, by and between the *CITY OF MODESTO*, a municipal corporation of the State of California, hereinafter referred to as *CITY*, and *PATTON BOGGS LLP*, hereinafter referred to as *CONSULTANT*.

This agreement is made with regard to the following recitals:

- A. The City has determined that it is appropriate to retain a consultant to represent the City's interests in Washington, D.C.
- B. Consultant represents that it is qualified, willing and able to provide the services to provide such services.

*NOW, THEREFORE*, in consideration of this agreement, and the mutual promises, covenants, and stipulations hereinafter contained, the parties agree as follows:

1. SCOPE OF SERVICES

Consultant shall provide the services as set forth and described in the documents attached hereto and referred to as Exhibit A. The Consultant shall perform the services as described in Exhibit A in a manner compatible with the standards of its profession. Over the term of this agreement, the scope of services can be amended by mutual acceptance of both parties.

2. TERM OF AGREEMENT

This Agreement is effective as of October 2, 2005, and will continue in effect until October 1, 2007, unless terminated earlier in accordance with the provisions of the termination clause in this agreement. Upon mutual agreement of the parties, this Agreement may be extended for an additional term not to exceed five years on the same terms and conditions as set

forth herein. The City Manager has the authority to execute said extension, if any, on behalf of the City of Modesto.

### 3. COMPENSATION

Consultant agrees to perform the services set forth in Exhibit A for a flat fee of ten thousand dollars (\$10,000) per month beginning on October 2, 2005 and ending on October 1, 2007. Compensation for any extension of this Agreement will be in an amount mutually agreed upon by the parties hereto.

The compensation shall be paid pursuant in the manner and at the times set forth below: On or before the fifteenth (15<sup>th</sup> day of each month), Consultant shall submit to the City a report for monthly payment for the work performed during the previous month.

### 4. OBLIGATIONS OF CONSULTANT

Throughout the term of this Agreement, Consultant shall possess, or secure all licenses, permits, qualifications and approvals legally required to conduct business. Consultant warrants that it has all of the necessary professional capabilities and experience, as well as all tools, instrumentalities, facilities and other resources necessary to provide the City with services contemplated by this Agreement. Consultant further warrants that it will follow the best current, generally accepted and professional practices to make findings, render opinions, prepare factual presentations, and provide professional advice and recommendations regarding the services to be provided pursuant to this Agreement. Consultant will also file all necessary and required legal documentation for disclosure of the extent and nature of lobbying services for the City and will provide a copy of said documentation to the City on an annual basis.

5. PERFORMANCE BY KEY EMPLOYEE

Consultant has represented to City that Elizabeth Vella Moeller will be the person primarily responsible for the performance of the services referred to in this Agreement. City has entered into this Agreement in reliance on that representation by Consultant. Consultant shall not change this personnel assignment without the written consent of City's Project Manager which shall not be unreasonably withheld.

6. OWNERSHIP OF DOCUMENTS/TITLE TO DATA

**Ownership of Documents**

All reports, drawings, designs, graphics, working papers and other incidental work or materials furnished hereunder shall become and remain the property of the City, and may be used by City as it may require without any additional cost to City. No reports shall be used by the Consultant for purposes other than this contract without the express prior written consent of City.

**Title to Data**

If, as part of the agreement, Consultant is required to produce data such as, but not limited to, drawings, plans, specifications, calculations, models, flow diagrams, visual aids and other related materials, the originals of all such data generated under this agreement will be delivered to City upon the completion or termination of services under the contract.

All materials, documents, data or information obtained from the City data files or any City medium furnished to Consultant in the performance of this Agreement will at all times remain the property of the City. Such data or information may not be used or copied for direct or indirect use by Consultant after termination of this Agreement without written consent of the City.

7. NEWS AND INFORMATION RELEASE

Consultant agrees that it will not issue any news releases in connection with either the award of this Agreement, or any subsequent amendment of or efforts under this Agreement, without first obtaining review and approval of said news releases from City through the City Manager.

8. AVOIDANCE OF POTENTIAL CONFLICTS

Whenever the federal objectives of existing or future clients conflict with those of the City, the Consultant shall notify the City. The Consultant shall not advocate or promote federal objectives on behalf of existing or potential clients that are determined by the City to be in direct conflict with the City's federal objectives without the prior consent of the City.

9. AMENDMENTS

Both parties to this Agreement understand that it may become desirable or necessary during the execution of this Agreement, for City or Consultant to modify the scope of services provided for under this Agreement. Any material extension or change in the scope of work or the provisions of this Agreement shall be discussed with City and the change and cost shall be memorialized in a written amendment to the original contract prior to the performance of the additional work.

Until a change order is so executed, City will not be responsible to pay any charges Consultant may incur in performing such additional services, and Consultant shall not be required to perform any such additional services.

10. INDEPENDENT CONTRACTOR

All acts of Consultant, its agents, officers, and employees and all other acting on behalf of Consultant relating to the performance of this Agreement, shall be performed as

independent contractors and not as agents, officers, or employees of City. Consultant, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of the City. Consultant has no authority or responsibility to exercise any rights or power vested in the City. No agent, officer, or employee of the City is to be considered an employee of Consultant. It is understood by both Consultant and City that this agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

Consultant, its agents, officers and employees are and, at all times during the terms of this Agreement, shall represent and conduct themselves as independent contractors and not as employees of City.

Consultant shall determine the method, details and means of performing the work and services to be provided by Consultant under this Agreement. Consultant shall be responsible to City only for the requirements and results specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to City's control with respect to the physical action or activities of the Consultant in fulfillment of this Agreement. Consultant has control over the manner and means of performing the services under this Agreement. Consultant is permitted to provide services to others during the same period service is provided to City under this Agreement. If necessary, Consultant has the responsibility for employing other persons or firms to assist Consultant in fulfilling the terms and obligations under this Agreement.

If in the performance of this Agreement any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment including hours, wages, working conditions, discipline, hiring and discharging or any other term of employment or requirement of law shall be determined by the Consultant.

It is understood and agreed that as an independent contractor and not an employee of City neither the Consultant or Consultant's assigned personnel shall have any entitlement as a City employee, right to act on behalf of the City in any capacity whatsoever as an agent, or to bind the City an obligation whatsoever.

It is further understood and agreed that Consultant must issue W-2 forms or other forms as required by law for income and employment tax purposes for all of Consultant's personnel.

As an independent contractor, Consultant hereby indemnifies and holds City harmless from any and all claims that may be made against City based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

11. ASSIGNMENT

Neither this Agreement nor any portion thereof shall be subcontracted or assigned without the express prior written consent of the City in each and every instance.

12. PATENT/COPYRIGHT MATERIALS

Unless otherwise expressly provided in the contract, Consultant shall be solely responsible for obtaining the right to use any patented or copyrighted materials in the performance of this Agreement. Consultant shall furnish a warranty of such right to use to City at the request of City.

13. NOTICES

Any and all notices permitted or required to be given hereunder shall be deemed duly given and effective (1) upon actual delivery, if delivery is by hand; or (2) five (5) days after delivery into the United States mail if delivery is by postage paid registered or certified (return receipt requested) mail. Each such notice shall be sent to the parties at the address respectively

indicated below or to any other address as the respective parties may designate from time to time.

FOR CITY:

Name: George W. Britton, City Manager  
Address: City of Modesto  
Post Office Box 642  
Modesto, CA 95353-9003

FOR CONSULTANT:

Name: Elizabeth Vella Moeller  
Address: Patton Boggs LLP  
2550 M Street, NW  
Washington, D.C. 20037-1350

14. INSURANCE REQUIREMENTS

The Consultant shall provide at its own expense and maintain at all times the following insurance with insurance companies licensed in the State of California and shall provide evidence of such insurance to the City as may be required by the Risk Manager of the City. The policies or certificates thereof shall provide that, thirty (30) days prior to cancellation or material change in the policy, notices of same shall be given to the Risk Manager of the City by registered mail, return receipt requested, for all of the following stated insurance policies.

(a) General Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$100,000 for property damage or \$1,000,000 combined single limit. This insurance shall indicate on the certificate of insurance the following coverages and indicate the policy aggregate limit applying to: premises and operations; broad form contractual; independent consultants and subcontractors; products and completed operations; and professional liability.

(b) Automobile Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$1,000,000 for property damage or \$1,000,000 combined single limit. This insurance shall cover any automobile for bodily injury and property damage.

(c) Professional Liability insurance with a minimum limit of \$1,000,000 per claim and policy aggregate.

If at any time any of said policies shall be unsatisfactory to the City, as to form or substance, or if a company issuing such policy shall be unsatisfactory to the City, the Consultant shall promptly obtain a new policy, submit the same to the Risk Manager for approval and submit a certificate thereof as hereinabove provided. Upon failure of the Consultant to furnish, deliver or maintain such insurance and certificates as above provided, this Agreement, at the election of the City, may be forthwith declared suspended, or terminated. Failure of the Consultant to obtain and/or maintain any required insurance shall not relieve the Consultant from any liability under this Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the obligations of the Consultant concerning indemnification. The city, its agents, officers, employees, and volunteers shall be named as an additional insured on all insurance policies required herein, except Worker's Compensation. The Worker's Compensation insurer shall agree to waive all rights of subrogation against the City, its agents, officers, employees, and volunteers for losses arising from work performed by Consultant for the City. The Consultant's insurance policy(ies) shall include a provision that the coverage is primary as respects the City; shall include no special limitations to coverage provided to additional insured; and, shall be placed with insurer(s) with acceptable Best's rating of A:VII or with approval of the Risk Manager. The Consultant must deliver certificates evidencing

existence of the insurance called for in the contract specifications to the City Clerk at the time the contract is signed.

15. TERMINATION OF AGREEMENT

Termination on Occurrence of Stated Events

This Agreement shall terminate automatically on the date on which either of the following events occur: (1) bankruptcy or insolvency of Consultant or (2) legal dissolution of Consultant. In the event of the death of key principal(s) of Consultant the City shall have the option to terminate this Agreement.

Termination by City for Default of Consultant

Should Consultant default in the performance of this Agreement or materially breach any of its provisions, at its option City may terminate this Agreement by giving written notification to Consultant. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to perform required services or duties, willful destruction of City's property by Consultant, dishonesty or theft.

Termination by Consultant for Default of City

Should City default in the performance of this Agreement or materially breach any of its provisions, at its option Consultant may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice. For the purposes of this section, material breach of this Agreement shall include but not be limited to any of the following: failure to cooperate reasonably with Consultant, willful destruction of Consultant's property by city, dishonesty or theft.

#### Termination by City for Lack of Budgeted Funds

The City may terminate this Agreement effective July 1 of any given year upon the City's determination to not appropriate sufficient funds for this Agreement for the ensuing fiscal year. In such event City shall give Consultant not less than 30 days written notice.

#### Termination for Failure to Make Agreed Upon Payments

Should City fail to pay Consultant all or any part of the payments set forth in this Agreement on the date due, at its option Consultant may terminate this Agreement if the failure is not remedied within thirty (30) days after Consultant notifies City in writing of such failure to pay. The termination date shall be the effective date of the notice.

#### Termination by City for Change of Consultant's Tax Status

If City determines that Consultant does not meet the requirements of federal and state tax laws for independent contractor status, City may terminate this Agreement by giving written notice to City. The termination date shall be the effective date of the notice.

#### Voluntary Termination

The parties may terminate this contract at any time upon mutual written Agreement. In addition, either party may terminate this Agreement for any reason upon thirty (30) days written notice to the other.

#### In the Event of Termination

If this Agreement is terminated pursuant to this paragraph, Consultant shall cease all its work on the project as of the termination date and shall see to it that its employees, subcontractors and agents are notified of such termination and cease their work. If City so requests, and at City's cost, Consultant shall provide sufficient oral or written status reports to make City reasonably aware of the status of Consultant's work. Further, if City so requests, and

at City's cost, Consultant shall deliver to City any work products whether in draft or final form which have been produced to date.

If the Agreement is terminated pursuant to any of the subsections contained in this paragraph, City will pay Consultant for the final month in which Consultant provided services on a pro rata basis as determined by City in its sole discretion.

16. CITY PROJECT MANAGER

The City Project Manager shall be the designated Deputy City Manager or such other person as shall be designated in writing by the City Manager.

(a) The Project Manager is authorized to approve work and billings hereunder, to give notices referred to herein, to terminate this Agreement as provided herein, and to carry out any other actions referred to herein.

17. INDEMNITY

Consultant, its agents, officers and employees shall defend, indemnify, and hold harmless City, its agents, officers, and employees from and against all claims, damages, losses, judgment, liabilities, expenses, and other costs including litigation costs and attorney's fees from every cause, including but not limited to injury to person or property or wrongful death arising directly or indirectly out of any act or omission of Consultant whether or not the act or omission arises from the sole negligence or other liability of City, or its agents, officers, and employees or volunteers relating to or during the performance of its obligations under this agreement.

Consultant's obligation to defend, indemnify, and hold the City, its agents, officers, and employees harmless under the provisions of this paragraph is not limited to or restricted by any requirement in this Agreement for Consultant to procure and maintain a policy of insurance.

18. ENTIRE AGREEMENT

This Agreement and its exhibits contain the entire understanding between Consultant and City. Additional or new terms contained in this Agreement which vary from Consultant's proposal are controlling and are deemed accepted by Consultant by shipment of any article or other commencement of performance hereunder. All previous proposals, offers and communications relative to this Agreement, whether oral or written, are hereby superceded except to the extent that they have been incorporated into this Agreement. No future waiver of or exception to any of the terms, conditions, and provisions of this Agreement shall be considered valid unless specifically agreed to in writing by all the parties.

19. PARTIAL VALIDITY

If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force without being impaired or invalidated in any way.

20. WAIVER

The waiver of any party to this Agreement of a breach of any provision hereof shall be in writing and shall not operate or be construed as a waiver of any other or subsequent breach hereof unless specifically stated in writing.

21. AUDIT

The City's duly authorized representative shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to City under this Agreement.

Consultant agrees to retain reports, records, documents, files and other materials related to charges under this Agreement for a period of four (4) years following the date of final

payment for Consultant services. City's representative shall have the right to reproduce any of the aforesaid documents.

22. GOVERNING LAW

This Agreement shall be governed according to the laws of the State of California.

23. HEADINGS NOT CONTROLLING

Headings used in the Agreement are for reference purposes only and shall not be considered in construing this Agreement.

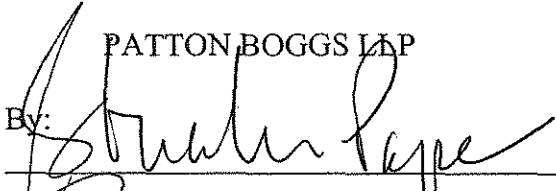

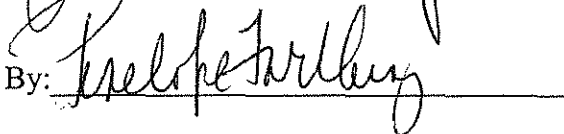

24. COMPLIANCE WITH LAWS

Consultant shall insure compliance with all safety and hourly requirements for employees, in accordance with federal, state, and county safety and health regulations and laws. Consultant shall fully comply with all applicable federal, state, and local laws, ordinances, regulations and permits. Consultant will have a City of Modesto business license.

*IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. \_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_ day of \_\_\_\_\_, 2005, and Consultant has caused this agreement to be duly executed.*

EXHIBIT "A"  
SCOPE OF SERVICES

The Consultant shall provide the following services for the City:

- A. Consultant shall, at the direction of the City Manager and/or designee, develop a prioritized program of federal legislative funding targets and will develop strategies to successfully promote the City's objectives. This program will target projects in the broad categories of:
  - 1. Economic Development
  - 2. Health & Safety
  - 3. Diversity & Culture
- B. Consultant shall represent the City's federal objectives with members of Congress, appropriate congressional committees, federal agencies and congressional staff. In addition, consultant shall maintain effective liaison with major public interest groups and coalitions.
- C. Consultant shall monitor specified federal legislation, legislative committees, federal agencies, rule making, and the activities of appropriate interest groups, which are of a critical nature to the City of Modesto.
- D. Consultant shall identify grant opportunities for City projects and assist the City with submission of completed applications to the appropriate federal agencies.
- E. Consultant shall notify the City when testimony or personal communication is required to protect the City's federal interest. Consultant will assist the City in preparation of written and oral testimony and will coordinate federal visits.
- F. Consultant shall provide the City Manager and/or designee with periodic communications, both oral and written, outlining the activities undertaken on the City's behalf.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-501**

**A RESOLUTION AMENDING THE FISCAL YEAR 2005-2006 ANNUAL OPERATING  
BUDGET TO APPROPRIATE \$44,705 FROM 0100-800-8000-8003 GENERAL FUND  
RESERVE TO FULLY FUND AN AGREEMENT FOR CONSULTANT SERVICES  
WITH PATTON BOGGS, LLP, TO PERFORM FEDERAL LEGISLATIVE LOBBYING  
SERVICES**

WHEREAS, the City of Modesto has determined it is desirable to retain a consultant to represent the City's interests at the federal level, and

WHEREAS, in October of 2001, the City of Modesto entered into an agreement with Patton Boggs, LLP for federal lobbying services, and

WHEREAS, this original agreement for lobbying services was for the annual amount of \$64,800 from October 2, 2001 to October 1, 2002, and

WHEREAS, on October 2, 2002 an amendment to the original agreement was executed which extended the term of the agreement to October 1, 2003, and

WHEREAS, on October 2, 2003 a second amendment was executed which extended the term of the agreement to October 1, 2005 and increased the annual compensation to \$71,280, and

WHEREAS, since the firm of Patton Boggs, LLP has been instrumental in landing significant federal funding for the City of Modesto, and

WHEREAS, the City of Modesto has negotiated a new two (2) year Agreement for Consultant Services in the annual amount of \$120,000 with Patton Boggs, LLP to perform federal legislative lobbying services, and

WHEREAS, the terms of said agreement exceed the amount budgeted for federal legislative lobbying services for Fiscal Year 2006 by \$44,705.00,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the Fiscal Year 2005-2006 Annual Operating Budget to fund the

Agreement for Consulting Services with Patton Boggs, LLP, to perform Federal Legislative Lobbying Services as indicated below:

Account	Adjustment	Description
0100-800-8000-8003	(\$44,705.00)	General Fund Reserve
0100-020-0201-0235	\$44,705.00	City Manager's Office Professional Services

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION APPROVING AMENDMENT NO. 2 TO THE AGREEMENT  
BETWEEN THE CITY OF MODESTO AND TURNSTONE CONSULTING  
CORPORATION FOR THE PREPARATION OF A DRAFT ENVIRONMENTAL  
IMPACT REPORT FOR THE PROPOSED TIVOLI (FORMERLY ROSELLE  
NEIGHBORHOOD) SPECIFIC PLAN PROJECT, AND AUTHORIZING THE  
CITY MANAGER TO EXECUTE THE AGREEMENT IN AN AMOUNT NOT TO  
EXCEED \$406,062.00**

WHEREAS, Dave Romano, P.E./AICP, of Russell A. Newman P.L.C., has applied for a specific plan, referred to as the Tivoli (formerly Roselle Neighborhood) Specific Plan, to allow for the orderly and future development within the approximate 454-acre planning area bounded by Sylvan Avenue on the south, the extension of Claratina Avenue on the north, Roselle Avenue on the east and Oakdale Road on the west, and

WHEREAS, the Tivoli Specific Plan will also involve the following associated entitlements: rezoning to a Specific Plan-Overlay (SP-O) Zone; Annexation; adoption of a specific plan; a General Plan Amendment to 1) reclassify Claratina Avenue from a 4-lane expressway to a 6-lane Principal Arterial, 2) change the General Plan land use designation from Village Residential (VR) to Regional Commercial (RC) for about 69 acres located at the southeast corner of the future intersection of Claratina Avenue and Oakdale Road and along Oakdale Road south of Mable Avenue, and 3) allow Village Residential development to exceed the recommended density of 5.1 units per gross acre; preparation of a Facilities Master Plan and associated Finance plan, formation of a Capital Facilities District (CFD); development agreement; and applicable subsequent approvals such as Tentative Subdivision or Parcel Maps, other Conditional Use Permits/Final Development Plan or plan approvals, and abandonment of a portion of Mable Avenue, and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for projects, and

WHEREAS, the City has determined that an environmental impact report is required for the proposed Tivoli Specific Plan project and related applications, and

WHEREAS, by Resolution No. 2002-622, adopted on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Turnstone Consulting Corporation, to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Turnstone Consulting Corporation to prepare the environmental impact report for the Tivoli Specific Plan because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, the City Council adopted Resolution Number 2005-014 on January 4, 2005, approving an agreement with Turnstone Consulting Corporation for the preliminary work on the Environmental Impact Report for the Tivoli Specific Plan, and

WHEREAS, the City Council adopted Resolution Number 2005-184 on April 26, 2005, approving Amendment No. 1 to the agreement with Turnstone Consulting Corporation for the Biological Study and Traffic Study for the Tivoli Specific Plan, and

WHEREAS, City Staff has negotiated a scope of work for the third phase of the contract, involving preparation of the Draft Environmental Impact Report on the Tivoli Specific Plan is a subsequent phase of the environmental review to be an amount not to exceed \$406,062.00, and

WHEREAS, City staff will be returning to Council for a contract amendment for a fourth phase of work for preparation of the Final EIR,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Amendment No. 2 to the Agreement between the City of Modesto and Turnstone Consulting Corporation for the preparation of a Draft Environmental Impact Report for the proposed Tivoli Specific Plan is hereby approved, in an amount not to exceed \$406,062.00, a copy of which is on file in the City Clerk's office.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement and the City Clerk is hereby authorized to attest thereto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-503**

**A RESOLUTION APPROVING AN AGREEMENT FOR SERVICES BETWEEN  
THE CITY OF MODESTO AND IMPACT SCIENCES INC. FOR  
PREPARATION OF AN INITIAL STUDY FOR THE PROPOSED  
PELANDALE/MCHENRY SPECIFIC PLAN PROJECT IN AN AMOUNT NOT  
TO EXCEED \$116,380.00, AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE AGREEMENT**

WHEREAS, Michael P. Evans of Meritage Homes has applied for a specific plan, referred to as the Pelandale/McHenry Specific Plan, to allow for the orderly and future development within the approximate 80-acre planning area bounded by Pelandale Avenue on the north, McHenry Avenue on the east and the Modesto City Limits on the south and west generally located in north Modesto, and

WHEREAS, the Pelandale/McHenry Specific Plan will also involve the following associated entitlements: rezoning to a Specific Plan-Overlay (SP-O) zone; annexation; a general plan amendment to 1) modify the land use development densities, and 2) modify the land use designations and boundaries by changing the general plan land use designation of 30 acres of Regional Commercial (RC) and 50 acres of Residential (R) to 4.0 acres Commercial (C) and 51 acres of Residential (R) and 26.5 acres of Open Space for an 80-acre site located at the southwest corner of the Pelandale and McHenry Avenues; preparation of a Facilities Master Plan and associated Finance Plan, and formation of a community facilities district (CFD) (collectively "Project"), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for the Project, and

WHEREAS, the City has determined that an Initial Study in accordance with Section 15063 of the CEQA Guidelines is necessary for the proposed Pelandale/McHenry Specific Plan project and related applications in order to determine whether an environmental impact report will be required for the Project, and

WHEREAS, by Resolution No. 2002-622, adopted on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Impact Sciences Inc., to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Impact Sciences Inc. to prepare the environmental assessment for the Pelandale/McHenry Specific Plan because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, City staff anticipates that the environmental assessment work will involve two contracts, the first phase being the current contract for the preparation of an Initial Study in an amount not to exceed \$116,380, and

WHEREAS, City staff will be returning to Council with a subsequent contract for the second phase of work for preparation of the appropriate environmental document, as determined in the Initial Study.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Agreement between the City of Modesto and Impact Sciences Inc. for the preparation of an Initial Study for the proposed Pelandale/McHenry Specific Plan, in an amount not to exceed \$116,380, is hereby approved. A copy of the Agreement is on file with the City Clerk's Office.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

#### COMMENTS/JUSTIFICATION

This monthly adjustment is to align this project with the three grants that are available from the FTA. Council had approved to consolidate the projects into one project for ease of accounting purposes. This adjustment places the correct revenues from grants and LTF match and increases the expense side of the project appropriately to take full advantage of available grant funding

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-505**

**A RESOLUTION APPROVING A REVISION TO THE CITY'S BUDGETARY  
CONTROL & AUTHORITY POLICY**

WHEREAS, the City of Modesto adopts a Budgetary Control & Authority Policy as part of the annual budget process, and

WHEREAS, during staff review, a discrepancy was found in the policy creating authority conflicts and language revisions are needed to clearly define the City Council's authority over multi-year projects, and

WHEREAS, the policy shown in Attachment A notes the language revisions needed to clear up the discrepancies and conflicts,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the revised Budgetary Control & Authority Policy attached herewith.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

## **Budgetary Control & Authority**

The City of Modesto's Budgetary Control & Authority policy is adopted by the City Councils as a part of the resolution adopting the annual budget.

### Basic Policy

The City budget is adopted at the fund level, and the authorized amount of expenditure for each fund is listed in the operating budget, a copy of which is on file with the Clerk's Office.

Multi-year appropriations, including Capital Improvement Program (CIP) projects, authorized in previous years and not yet expended continue to be valid until explicitly revoked, notwithstanding the annual appropriation in the operating budget on file with the Clerk's Office.

### City Manager's Authority

The City Manager may take the following budgetary actions without Council approval:

- Transfer appropriations between departments within a fund
- Transfer appropriations to or from salary line items
- Appropriate unbudgeted departmental revenues
- Appropriate reserves approved for litigation on a case-by-case basis
- Appropriate remaining ABS reserves
- Revoke multi-year appropriations and close CIP projects

### Finance Director's Authority

The Finance Director may take the following budgetary actions without Council approval:

- Appropriate unbudgeted grant interest
- Revise the allocation of Internal Service Fund charges between departments, provided that the total allocated amount shall not increase
- Make technical budget corrections to implement the intent of Council-approved actions and resolutions
- Transfer appropriations between sub-funds of a single fund.

Department Directors' Authority

Department directors may take the following budgetary actions without Council approval:

- Transfer appropriations between non-salary line items within a department, within a single fund
- Transfer appropriations between organizations and activities within a department, within a single fund

Actions Reserved to Council

All other budgetary actions require the approval of the City Council. In addition, the following specific actions always require Council approval, any other provision of this policy notwithstanding.

- Appropriation of undesignated reserves
- Appropriation of non-departmental revenues
- Budgeting of inter-fund transfers
- Budgeting of inter-fund loans
- Creating or increasing any multi-year Capital Improvement Program (CIP) appropriation including CIP projects
- Addition of permanent staff positions

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-506**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE THE  
STANISLAUS COUNTY FIRE AUTHORITY JOINT POWERS AGREEMENT,  
WHICH GRANTS THE CITY OF MODESTO MEMBERSHIP IN THE  
STANISLAUS COUNTY FIRE AUTHORITY**

WHEREAS, the Stanislaus County Fire Authority was formed by the Stanislaus County Board of Supervisors in June 2005, and

WHEREAS, the purpose of the Stanislaus County Fire Authority is to administer the auxiliary fire services provided through the less than countywide fire service tax, collected in every county fire jurisdiction except Modesto and Turlock, and

WHEREAS, the fees are collected by Stanislaus County and utilized to provide fire prevention, fire investigation, suppression assistance, training and limited administration to each fire district in which the fees are collected, and

WHEREAS, the above services are currently provided through contract by the Stanislaus Consolidated Fire Protection District, and

WHEREAS, the Board of Supervisors contributes \$300,000, to the over \$800,000 in fees collected, to pay for the contract, and

WHEREAS, the City of Modesto does not receive fire services through the contract, and

WHEREAS, the Modesto Fire Department provides significant assistance to surrounding fire agencies, through mutual aid and automatic aid agreements, and

WHEREAS, much of the fire suppression support previously provided through the contract between the Board of Supervisors and Stanislaus Consolidated Fire Protection District, is now being provided by the Modesto Fire Department, and

WHEREAS, due to the inter-relationship of the county fire service, and the dependence on the City of Modesto to provide assistance during both unusual and many routine emergencies, and

WHEREAS, membership in the Stanislaus County Fire Authority will give Modesto a voice in how the less than countywide fire services contract is administered, and the level of service which is provided through it, and

WHEREAS, the Safety and Communities Committee approved this request on October 3, 2005, for recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby Authorizes the City Manager, or his designee, as agent of the City to execute the agreement for membership into the Stanislaus County Fire Authority.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-507**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE A  
CONTRACT BETWEEN THE CITY OF MODESTO AND THE YOSEMITE  
COMMUNITY COLLEGE DISTRICT (YCCD), ALLOWING THE  
COMMUNITY COLLEGE DISTRICT TO REIMBURSE THE CITY OF  
MODESTO FOR IN-SERVICE TRAINING HOURS IN THE FIRE AND POLICE  
DEPARTMENTS. THIS REVENUE WOULD BE USED TO AUGMENT THE  
EDUCATIONAL PARTNERSHIP PROGRAM ADMINISTERED BY THE  
PERSONNEL DEPARTMENT**

WHEREAS, Modesto Junior College is part of the Yosemite Community College District, and

WHEREAS, Modesto Junior College offers a variety of credit and non-credit courses, and

WHEREAS, if these classes meet guidelines related to open access and minimum qualification of instructional staff, YCCD receives reimbursement from the State of California, and

WHEREAS, Modesto Junior College, through the efforts of city public safety personnel, will deliver in-service training through the vehicle of college curriculum entitled "special topics" courses, and

WHEREAS, these courses would be reimbursed by the State, and

WHEREAS, a portion of revenues accrued by YCCD would be paid to the City to defray the costs of service provision, and

WHEREAS, the maximum payment to the City would be \$72,000 for up to 50 Full Time Equivalent Student (FTES) units during fiscal year 2005-2006, which represents approximately one dollar per student hour, and two dollars per FTE reimbursement, and

WHEREAS, the revenues received by the City will be used to augment the educational partnership program administered by the Personnel Department, and

WHEREAS, the Safety and Communities Committee approved this request on October 3, 2005, for recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his designee, as agent of the City to execute the agreement for reimbursement by YCCD for FTES.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-508**

**A RESOLUTION AMENDING THE FISCAL YEAR 05-06 OPERATING  
BUDGET TO APPROPRIATE \$12,000 FROM 0100-800-8000-8003, GENERAL  
FUND RESERVE, TO 6600-330-3316-0223, GOLF FUND REPAIR AND  
MAINTENANCE TO FUND THE REPLACEMENT OF THE MUNICIPAL  
GOLF COURSE CLUBHOUSE ROOF**

WHEREAS, the existing Municipal Golf Course Clubhouse Roof has deteriorated and needs replacement, and

WHEREAS, the Golf Fund does not have the reserves or budgeted appropriations necessary to complete this repair, and

WHEREAS, the roof replacement is estimated to cost \$12,000, and

WHEREAS, the Finance Committee met on September 26, 2005, and supported the staff recommendation to fund the replacement of the Municipal Golf Course Clubhouse Roof with General Fund monies,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that the Council hereby amends the Fiscal Year 05-06 operating budget to appropriate \$12,000 from 0100-800-8000-8003, General Fund Reserve, to 6600-330-3316-0223, Golf Fund Repair and Maintenance to fund the replacement of the Municipal Golf Course Clubhouse Roof.

WHEREAS, more than an estimated 3,450 citizens are homeless in and about the  
City of Modesto, and

WHEREAS, all emergency shelters serving Modesto are full and unable to  
provide overnight shelter, and

WHEREAS, the California Legislature has determined that “A fundamental  
purpose of government is to protect the health and safety of persons within its  
jurisdiction,” and

WHEREAS, the California Legislature has determined that “Homelessness is a  
state which results in a direct threat to the health and safety of its victims, many of who  
have died, particularly during severe weather conditions, as a result of this state of  
homelessness,” and

WHEREAS, the months of January, February and March are historically among  
the coldest and most inclement months of the year in the San Joaquin Valley, and

WHEREAS, the Council of the City of Modesto finds that there is a significant  
number of persons who are without the ability to obtain shelter in Modesto, resulting in a  
threat to their health and safety, and

WHEREAS, on January 6, 2004, the City Council, by Resolution No. 2004-020, declared that a shelter crisis existed within the City of Modesto, and declared a Shelter Emergency as authorized in the California Government Code, and

WHEREAS, after the declaration of the Shelter Emergency crisis in Modesto, the Salvation Army opened a winter shelter and provided shelter to 426 unduplicated individuals and the Community Housing and Shelter Services provided motel vouchers to 239 unduplicated families and individuals, and

WHEREAS, \$1,500 from the General Fund should be allocated to the Salvation Army to assist with the operation of the winter shelter, and

WHEREAS, in kind services provided by the City to the Salvation Army Winter Shelter will include exterior, non-structural maintenance, graffiti abatement, weed control and debris and litter collection, and

WHEREAS, a 3 yard-bin and weekly services will be provided by Waste Management free of charge during the 05-06 winter shelter season,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That a Shelter Crisis, as that term is defined in Section 8698 of the California Government Code (“Code”), is hereby proclaimed to exist in the City of Modesto.
2. That during the term of the Shelter Crisis proclaimed by this resolution, the provisions of any state or local regulatory statute, regulation, or ordinance prescribing standards of housing, health, or safety shall be suspended to the extent that strict

compliance would in any way prevent, hinder, or delay the mitigation of the effects of the Shelter Crisis.

3. That during the term of the Shelter Crisis, the City Manager, or his designee, is hereby authorized to take any action that he or she deems necessary in his or her sole discretion to assist in the mitigation of the Shelter Crisis proclaimed by this resolution for the purpose of providing emergency housing in any Public Facility, as that term is defined in Code Section 8698, provided the Public Facility is located in a C-M, M-1, or M-2 zone and further provided that the Public Facility is greater than 500 feet from any single-family residence.

4. That during the term of the Shelter Crisis proclaimed by this resolution, the City Manager, or his designee, shall, despite the suspension of any state or local regulatory statute, regulation, or ordinance prescribing standards of housing, health, or safety as set forth in paragraph 2, require such conditions as he or she deems necessary to ensure minimal public health and safety with respect to any Public Facilities open to the homeless during the term of the Shelter Crisis.

5. That the City Manager, or his designee, is authorized to execute one or more agreements with any not-for-profit entity which is now, or proposes in the future, to operate a Public Facility open to the homeless during the term of the Shelter Crisis proclaimed by this resolution.

6. That \$1,500 from the General Fund will be allocated to The Salvation Army to assist with operational costs of the winter shelter, and in kind services will be provided by the City to the Salvation Army Winter Shelter, including exterior, non-structural maintenance, graffiti abatement, weed control, debris and litter collection.

7. That on or before May 23, 2006, the City Manager, or his designee, shall provide a report to the Council describing any and all actions taken by him or her pursuant to the authority conferred by this resolution.

8. That the Shelter Crisis proclaimed by this resolution shall terminate on April 30, 2006, unless earlier terminated or extended by a subsequent resolution of the Modesto City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

RESOLUTION NUMBER 2005-510**

**A RESOLUTION ACCEPTING A GRANT IN THE AMOUNT OF \$295,993  
FROM THE U.S. DEPARTMENT OF JUSTICE, OFFICE OF COMMUNITY  
ORIENTED POLICING SERVICES FOR THE COPS 2005 TECHNOLOGY  
GRANT PROGRAM FOR THE PROCUREMENT OF EQUIPMENT AND  
TECHNOLOGY TO ENHANCE LAW ENFORCEMENT, AND AUTHORIZING  
THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE NECESSARY  
DOCUMENTS**

WHEREAS, on May 10, 2005, by Resolution No. 2005-242, the City Council authorized the submittal of an application in the amount of \$295,993 to the U.S. Department of Justice, Office of Community Oriented Policing Services for a COPS 2005 Technology Grant Program, and

WHEREAS, the program is for a 12-month period and allows for the procurement of equipment and technology to enhance law enforcement, and

WHEREAS, the Police Department, lead by the Department of Information and Technology wishes to acquire new public safety systems for mobile data computing, automated vehicle location and automated field reporting, and

WHEREAS, acceptance of this grant enhances Healthy and Safe Strategic Action Plan, H.1.B.8., which calls for obtaining public service grants, and

WHEREAS, the total grant project will be \$295,993 with no local match required of the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the grant in the amount of \$295,993 from the U.S. Department of Justice, Office of Community Oriented Policing Services for the COPS 2005 Technology Grant Program for the acquisition of new public safety systems for mobile data

computing, automated vehicle location and automated field reporting.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute the necessary documents.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-514**

**A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S  
AUTHORITY TO ISSUE CHANGE ORDERS TO INCREASE THE PROJECT  
SCOPE, BY ADDING ADDITIONAL PAVING AND STORM DRAIN WORK, ON  
THE "FLOYD AVENUE IMPROVEMENTS – OAKDALE ROAD TO GROUSE  
CROSSING WAY" PROJECT FROM 8 PERCENT (\$188,365.87) TO 16.5  
PERCENT (\$388,504.60) OF THE ORIGINAL CONTRACT PRICE WITH  
GEORGE REED, INC. TOTAL ESTIMATED COST OF THIS PROJECT IS  
\$4,743,961.00, WHICH INCLUDES RIGHT-OF-WAY, CONSTRUCTION  
CONTINGENCY, CONSTRUCTION ADMINISTRATION AND ENGINEERING  
DESIGN**

WHEREAS, on May 24, 2005, the City Council awarded a \$2,354,573.40 contract to George Reed, Inc. to construct the "Floyd Avenue Improvements – Oakdale Road to Grouse Crossing Way" project, and

WHEREAS, the contractor started work on August 4, 2005, and

WHEREAS, additional work not included in the original bid is to be added to the project to improve existing pavement and storm water drainage, and

WHEREAS, the cost of the extra work could be as high as an estimated \$388,504.60, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of \$188,365.87, and seeks authority to issue change orders in an increased amount,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority level to issue change orders, from 8 percent (\$188,365.87) to 16.5 percent (\$388,504.60) of the original

contract price for the project entitled "Floyd Avenue Improvements – Oakdale Road to Grouse Crossing Way."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-515**

**A RESOLUTION MAKING CERTAIN FINDINGS CONCERNING  
MITIGATION MEASURES, ADOPTING A MITIGATION MONITORING AND  
REPORTING PROGRAM, MAKING FINDINGS CONCERNING  
ALTERNATIVES, AND ADOPTING A STATEMENT OF OVERRIDING  
CONSIDERATIONS IN CONNECTION WITH APPROVAL OF THE PROJECT  
CONTEMPLATED BY THE FINAL SUBSEQUENT ENVIRONMENTAL  
IMPACT REPORT FOR THE MODESTO REGIONAL WATER TREATMENT  
PLANT PHASE TWO EXPANSION PROJECT AND RELATED DOWNSTREAM  
IMPROVEMENTS (SCH NO. 2004022013)**

WHEREAS, the City of Modesto (the “City”) and the Modesto Irrigation District (“MID”) have been planning for the Phase II expansion of the Modesto Regional Water Treatment Plant (“MRWTP”) and the construction of new water storage tanks, distribution pipelines and associated downstream facilities to improve the delivery capacity of the existing MRWTP (“Project”); and

WHEREAS, in March, 1990, the City and MID certified a Final EIR (SCH No. 89020044) for the MRWTP and construction of new water storage tanks, distribution pipelines and associated downstream facilities, which included an environmental assessment for the proposed Project in accordance with the California Environmental Quality Act, Public Resources Section 21000, et seq (“CEQA”); and

WHEREAS, on January 26, 2004, the City and MID as co-lead agencies published an Initial Study and a Notice of Preparation (“IS/NOP”) for the proposed Project; and

WHEREAS, based on the information in the Initial Study and because of the additional level of detail known about the project and the potential for changed conditions since the certification of the 1990 Final EIR for the MRWTP, the City and

MID determined that a Subsequent Environmental Impact Report (“SEIR”) was required for the proposed Project; and

WHEREAS, on July 12, 2005, the City Council certified the Final SEIR for the proposed MRWTP Phase II Expansion and the construction of downstream facilities (SCH No. 2004022013); and

WHEREAS, the City proposes to approve the Project as analyzed by the Final SEIR, including approval of the Amended and Restated Treatment and Delivery Agreement with MID, design and construction of the Downstream City Facilities, which includes storage tanks, pipelines, flow control valves, pumps, and associated structures, acquisition of rights of way as necessary to implement the Downstream City Facilities, and any activities as necessary to obtain necessary permits or authorizations to implement the Downstream City Facilities; and

WHEREAS, CEQA requires that, in connection with the approval of a project for which an EIR has been prepared which identifies one or more significant environmental effects, the decision-making agency make certain findings regarding those effects,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. On July 12, 2005, the Final SEIR was completed and certified in compliance with CEQA.
2. The Final SEIR has been presented to the City Council and the Council has reviewed and analyzed the Final SEIR and other information in the record and has considered the information contained therein, including the written and oral comments received at the public hearing on the Final SEIR.
3. That all significant effects of the Project on the environment have been eliminated or substantially eliminated where feasible.

4. That the Findings set forth in Exhibit “A” and incorporated by reference are hereby adopted as the City’s findings under the California Environmental Quality Act (“CEQA”), Public Resources Code Section 21000, et seq., and the CEQA guidelines, Cal. Code Regs., Title 13, sec. 15000 et seq., relating to the Project. The Findings provide the written analysis and conclusions of the Council regarding the Project’s environmental impacts, mitigation measures and alternatives to the Project.
5. That pursuant to Public Resources Code Section 21091 and CEQA Guidelines Sections 15091, et seq., the City Council hereby adopts and makes the following statement of overriding considerations regarding the remaining significant and unavoidable impacts of the Project and the anticipated environmental, economic, legal, social, technological, and other benefits of the Project.
  - a. With respect to the foregoing findings, as set forth in Exhibit A, and in recognition of those facts which are included in the record as a whole, the City Council has determined the following:
    - That the Project will cause significant, unavoidable impacts to Aesthetics and Visual Resources, Agricultural Resources, Air Quality, Population and Housing, Noise and Transportation and Traffic
    - That the Project will contribute to significant, unavoidable cumulative impacts to Agricultural Resources, Air Quality and Population and Housing

These impacts cannot be avoided or substantially reduced by feasible changes or alterations to the Project, other than the changes or alterations already adopted.

b. Overriding Considerations

The City Council specifically adopts and makes this Statement of Overriding Considerations that this Project includes all feasible measures that would eliminate or substantially lessen the significant impacts of the Project on the environment, and that the remaining significant, unavoidable impacts of the Project are acceptable in light of the environmental, economic, legal, social, technological, and other considerations set forth herein because the benefits of the Project outweigh the significant and adverse impacts of the Project. The City Council finds that each of the overriding considerations set forth below constitutes a separate and

independent ground for finding that the benefits of the Project outweigh its significant adverse environmental impacts and sets forth an overriding consideration warranting approval of the Project. These findings and this Statement of Overriding Considerations are supported by evidence in the record.

c. Benefits of the Proposed Project

The City Council has considered the FSEIR, the record of proceedings on the proposed Project, including all written materials presented to the City as well as oral and written testimony at all public hearings related to the Project, and does hereby determine that implementation of the Project would result in the substantial public benefits set forth below.

The City Council has weighed the benefits of and needs for the proposed Project against its unavoidable environmental risks and adverse environmental effects identified in the FSEIR and hereby determines that those benefits and needs outweigh the risks and adverse environmental effects and, therefore, further determines that these risks and adverse environmental effects are acceptable.

- i. The Project will provide water treatment and delivery capacity through expansion of MID's existing MRWTP and terminal reservoir/pump station in order to provide existing users with a reliable source of potable water and accommodate future planned development in the City, in accordance with the City of Modesto's General Plan.
- ii. The Project will put MID's water rights to beneficial use for the benefit of the residents of the City of Modesto.
- iii. The Project will meet peak treated water demands and maintain water line pressures for the City's existing users.
- iv. The Project will improve water supply reliability for the City.
- v. The Project will increase operational flexibility and reliability in the City's water transmission and distribution system.

- vi. The Project will assist the City in developing a more comprehensive conjunctive use system for domestic water treatment and delivery, and reduce the City's reliance on groundwater.
  - vii. The Project will enable the City to use environmentally sensitive and cost effective methods for achieving the above objectives and meeting the above needs.
- 6. The Mitigation Monitoring and Reporting Program for the Final SEIR is attached to this resolution as Exhibit "B" and is incorporated and adopted as part of this resolution herein. The Program identifies impacts of the Project, corresponding mitigation, designation of responsibility for mitigation implementation and the agency responsible for the monitoring action.
  - 7. The above findings and statement of overriding considerations represent the independent judgment of the City of Modesto.
  - 8. The City Council does hereby designate the Deputy Director, Capital Improvement Services for the City of Modesto, at his office at 1010 Tenth Street, Modesto, California 95354 as the custodian of documents and record of proceedings on which this decision is based; and
  - 9. The City Council does hereby make the foregoing findings with the stipulations that all information in these findings is intended as a summary of the full administrative record supporting approval of the Project and certification of the Final SEIR, which full administrative record should be consulted for the full details supporting these findings, and that any mitigation measures and/or alternatives that were suggested by commenters to the Draft SEIR and were not certified as part of the Final SEIR are hereby expressly rejected for the reasons stated in the responses to the comments set forth in the Final SEIR and elsewhere in the record.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

## Introduction

Modesto Irrigation District (MID) and the City of Modesto (City) have prepared a subsequent environmental impact report (SEIR) to provide the public, responsible agencies, and trustee agencies with information about the potential environmental effects of the proposed Modesto Regional Water Treatment Plant (MRWTP) Phase Two Expansion Project (Proposed Project). As part of the Proposed Project, MID is proposing to construct and operate the Phase Two Expansion of the MRWTP and associated facilities. Also as part of the Proposed Project, the City is proposing to construct and operate new water storage tanks, pipelines, and associated facilities. All of these facilities are needed to provide adequate municipal and industrial water supply within the City's service area. A previous EIR was prepared in 1990 that addressed these facilities at a general level of detail; this SEIR was prepared to evaluate the Proposed Project in more detail now that the specific project features are more defined, and to address any changes in conditions that have occurred since the 1990 EIR was certified.

MID and the City certified the final subsequent environmental impact report (FSEIR) for this project on July 12, 2005. This document presents the MID Board of Directors' (MID Board's) and City of Modesto City Councils' (City Council's) findings and facts in support of findings, and statement of overriding considerations for the Proposed Project, as required by the California Environmental Quality Act (CEQA) and the CEQA Guidelines. The FSEIR is known as the MRWTP Phase Two Expansion Project FSEIR.

The MRWTP Phase Two Expansion Project FSEIR identifies potentially significant impacts in the following subject areas: aesthetics and visual resources, agricultural resources, air quality, water resources, noise, population and housing, recreation, cultural resources, biological resources, and transportation. The FSEIR also identifies mitigation measures to reduce the level of significance of anticipated impacts. Mitigation measures include without limitation compensation for loss of farmland, street sweeping, best management practices to maximize stormwater quality, appropriate design on retention facilities, stop work requirements and development of appropriate treatment measures if buried cultural resources are found, stop work and notification requirements if Native American remains are found, cultural resources surveys in archaeological resources zones prior to construction, completion of a cultural

resources treatment plan, preconstruction surveys for valley elderberry longhorn beetle, avoidance or compensation measures for loss of valley elderberry longhorn beetle habitat, transplanting of elderberry shrubs, implementation of California Department of Fish and Game (DFG) guidelines for Swainson's Hawk foraging habitat mitigation, preconstruction surveys for nesting Swainson's Hawk, preconstruction surveys for active Burrowing Owl burrows, maintenance of traffic lanes and limits on hours of construction, implementation of enhanced measures to control PM10 generation, and measures to reduce emissions.

## Organization of This Document

This first section of this document provides a brief summary of the Proposed Project and the environmental review process. Section 2 contains the findings of the MID Board and City Council for each significant environmental effect of the Proposed Project identified in the FSEIR, as required by CEQA. Section 3 describes the alternatives considered.

## Project Description

The Proposed Project includes two main components.

- Expansion of the MRWTP, which will allow MID to provide an additional 33,600 acre-feet annually (afa) of treated domestic water to the City.
- Construction of downstream facilities within the City, including water storage tanks, pump stations, distribution pipelines, and pressure-regulating control valves.

The MRWTP will continue to be owned and operated by MID; the downstream facilities will belong to the City. Water from the MRWTP will continue to be conveyed from the MRWTP near Modesto Reservoir to the City water system through an existing water transmission system constructed as part of the Phase One project.

The water treatment plant expansion will occur on the same parcel as the existing MRWTP site. The MRWTP expansion is substantively similar to the Phase Two expansion described in the 1990 EIR. Project alternatives for the expansion are summarized in Section 3 of this document.

Improvements to the City water distribution system will consist of three water storage tanks and related appurtenances, including pump stations, pipelines to connect the water storage tanks to the City's existing distribution infrastructure, up to 30 control valves on turnouts, and three additional main pipelines to move water throughout the City. While most of these project components were identified in the project description in the 1990 EIR, they were not subjected to a site-specific environmental analysis in that document. In the SEIR, nine

alternative tank sites and seven alternative main pipeline alignments are considered at an equal level of detail to allow flexibility in ultimate design and construction.

As part of the Proposed Project, MID has received approval from the State Water Resources Control Board (SWRCB) for a water transfer to the City of 67,200 afa. This transfer and the associated facilities described above will supply water in support of current and planned growth within the City of Modesto as envisioned in the City and MID's 2000 *Urban Water Management Plan* (City of Modesto and Modesto Irrigation District 2000), the *City of Modesto Urban Area General Plan* (City of Modesto 1995), and the Urban Area General Plan Master EIR (City of Modesto 2003).

## CEQA Process

A previous EIR was prepared for the Proposed Project and certified in 1990 (Modesto Irrigation District 1990). MID and the City determined that, because of the additional level of detail known about the project and the potential for changed conditions since the certification of the 1990 FEIR for the MRWTP, the preparation of a subsequent EIR (SEIR) was warranted to disclose any new or significantly more severe impacts associated with the Phase Two project as currently proposed. This SEIR is limited to information and analysis associated with changes in the Proposed Project or the conditions under which the Proposed Project is undertaken that could cause the project to result in new or more severe impacts other than those identified in the 1990 EIR. MID and the City are both lead agencies on this project.

In the SEIR, MID and the City analyzed the Proposed Project based on CEQA and the CEQA Guidelines, and determined that the Proposed Project could have potentially significant effects on the environment, including significant effects that cannot be avoided.

Consistent with CEQA requirements, the Draft SEIR (DSEIR) for the Proposed Project was circulated for a 45-day public comment period (Monday, November 8–Friday, December 24), and two public meetings were held (Wednesday, December 15 at 2 p.m. and 6 p.m.). Although members of the public were invited to voice their comments at these meetings through various means, including multiple newspaper notices, direct mailings, and announcements on MID and the City's websites, no one attended either meeting. All comments received during the public comment period are addressed in Chapter 2 of the FSEIR. As a result of these comments, the DSEIR was revised, and typographical errors were corrected, as shown in Chapter 3 of the FSEIR.

Concurrent with their respective approvals of the proposed project, the MID Board and the City Council hereby adopt the following findings of fact regarding the significant effects and the alternatives identified in the FSEIR and the

statement of overriding considerations explaining the benefits that outweigh the significant unavoidable impacts identified in the FSEIR.

Pursuant to Public Resources Code Section 21081.6, the MID Board and the City Council are adopting a Mitigation Monitoring and Reporting Plan (MMRP). The MMRP establishes a program to ensure that the adopted mitigation measures identified in the FSEIR will be implemented.

## **CEQA Requirements**

CEQA, Public Resources Code Section 21000 et seq., requires a lead agency to make written findings of project impacts whenever the lead agency decides to approve a project for which an EIR has been certified (Public Resources Code Section 21081). Regarding these findings, Section 15091 of the CEQA Guidelines (Title 14, California Code of Regulations) states, in part:

1. No public agency shall approve or carry out a project for which an EIR has been certified which identifies one or more significant environmental effects of the project unless the public agency makes one or more written findings for each of those significant effects, accompanied by a brief explanation of the rationale for each finding. The possible findings are:
  - a. Changes or alterations have been required in, or incorporated into, the project, which avoid or substantially lessen the significant environmental effect as identified in the final EIR.
  - b. Such changes or alterations are within the responsibility and jurisdiction of another public agency and not the agency making the finding. Such changes have been adopted by such other agency or can and should be adopted by such other agency.
  - c. Specific economic, legal, social, technological, or other considerations, including provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or project alternatives identified in the final EIR.
2. The findings required by subsection (a) shall be supported by substantial evidence in the record.

The “changes or alterations” referred to in the CEQA Guidelines may be mitigation measures, alternatives to the project, or changes to the project by the project proponent. The MRWTP Phase Two Expansion Project FSEIR identifies mitigation measures that will reduce significant effects of the Proposed Project or mitigate other potential effects that may not be, strictly speaking, environmental effects under CEQA. These mitigation measures will be incorporated into the design of the Proposed Project. A Mitigation Monitoring and Reporting Plan (MMRP) will also be adopted by the MID Board and City Council to ensure that

the mitigation measures identified in the FSEIR and in these findings will be implemented.

The documents and other materials that constitute the record upon which MID and the City based their decision and these findings can be reviewed at the following locations.

## Findings

### Findings Regarding Independent Review and Judgment

Each member of the MID Board and the City Council received a complete copy of the FSEIR for the Proposed Project. The MID Board and City Council have independently reviewed and analyzed the FSEIR prior to taking final action with respect to the Proposed Project. Both the MID Board and City Council hereby find that the FSEIR reflects their individual independent judgment.

### Findings Regarding the Project

In accordance with CEQA Guidelines Sections 15091, the following findings and supporting facts address each significant environmental impact that has been changed (including adoption of mitigation measures) to avoid or substantially reduce the magnitude of the impact, as identified in the FSEIR. The purpose of the findings is to provide explanations for the determination of significant impacts and conclusions on the level of significance of impacts following implementation of mitigation measures.

## Findings Regarding Significant and Unavoidable Impacts

The significant and unavoidable impacts of the Proposed Project are discussed below. These are effects for which either no mitigation is feasible or the mitigation measures included in the FSEIR will lessen the effects but will not result in complete mitigation of the effects to a less-than-significant level.

As lead agencies on the MRWTP Phase Two Expansion Project, MID and the City are both making the following findings.

### Aesthetics and Visual Resources

#### ***Impact AES-3. Adverse Effect on Views of Open Space During Construction. (City of Modesto facilities)***

Construction of the various project components would have a temporary adverse effect on views of open space. Construction activities would introduce heavy equipment, including cranes, dozers, graders, scrapers, and trucks, as well as safety and directional signage into the viewshed of public roadways and residences adjacent to construction areas. Proposed tank sites N-3, W-1, W-2, and W-3 are currently visible from residences in their vicinity. Additionally, due to a high groundwater table, tanks constructed at any of these sites could not be fully buried and would extend at least 10 feet above the grade. This impact is considered significant and unavoidable for proposed tank sites N-3, W-1, W-2, and W-3; impacts would also be considered significant and unavoidable for tank sites N-1 and N-2, if residences within 50 yards of the tank site exist at the onset of construction.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Because construction of the Proposed Project will result in temporary above ground construction activities that will alter the visual quality of the sites, no feasible mitigation is available to reduce the impact to a less than significant level. Environmental Commitments CS-1-CS-3, as described in the FSEIR, will partially mitigate and minimize visual impacts related to construction activities by screening construction staging areas and limiting construction work hours. However, implementation of these measures would not fully mitigate the temporary aesthetic impacts due to construction to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable as it relates to residences located within 50 feet of the proposed tank sites. Visual impacts for all other construction sites will be less than significant.

***Impact AES-4. Adverse Effect on Views of Open Space During Operation. (City of Modesto facilities)***

A 6-million-gallon (MG) water storage tank would be installed at the selected north site, and a 4-MG tank would be installed at each of the selected west and southeast sites. These tanks would be up to 35 feet in height and 250 feet in diameter. The southeast sites are located in existing industrial areas and would therefore not have substantial adverse visual impacts; however, a tank built on any of the other proposed tank sites may potentially obscure existing views of open space. At proposed tank site N-2, the structure may potentially obscure the existing view of the orchard. At the other proposed sites, the structure may obscure the vista of the open space currently existing on the parcel. Proposed tank sites N-3, W-1, W-2, and W-3 all have existing single-family residences and residential communities as close as 50 to 200 yards. Tank sites N-1 and N-2 could also become surrounded by urban development in the future, as designated by the City's General Plan. The proximity of existing residences (or future residences, if they were to exist at the time of construction) to the north and west tank sites necessitates the construction of a partially buried tank and the implementation of environmental commitments SD-1–SD-7 to obtain a less than significant impact level. If it is infeasible to partially bury the tank because of cost, a high groundwater table, or other site-specific constraints and an aboveground tank is constructed instead, this impact would be significant and unavoidable.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Because construction of the Proposed Project will result in new water storage tanks that will alter the visual quality of the sites, no feasible mitigation is available to reduce the impact to a less-than-significant level. Environmental Commitments SD-1–SD-7, as described in the FSEIR, will minimize visual impacts of project facilities by reducing visibility from roads, partially burying the tanks, minimizing glare and reflectivity, shielding lights, using materials consistent with surrounding rural residential areas, and providing screening and landscaping. However, implementation of the measures would not fully mitigate the temporary aesthetic impacts due to construction to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

## **Agricultural Resources**

***Impact AG-3: Conflict with Agricultural Uses on Nearby Properties and Long-Term Indirect Conversion of Farmland to Non-Agricultural Use. (MID facilities)***

Expansion of the MRWTP would not cause adjacent agricultural lands to be converted to non-agricultural uses. However, the Proposed Project is intended to

facilitate the build-out of the City's General Plan. As such, it would indirectly contribute to the conversion of the agricultural lands that currently exist in the City's sphere of influence. The City's *General Plan Master Environmental Impact Report Update* (MEIR) (City of Modesto 2003) identified this conversion as significant and unavoidable.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of MID facilities, selected from two MRWTP expansion options. As mitigation, the City incorporated several measures into its 2003 General Plan to reduce this potential impact, including:

1. Agriculture Policies – Baseline Developed Area
  - a. If a subsequent project is within the Baseline Developed Area or Redevelopment Area as identified on the General Plan Growth Strategy Diagram...the project shall be considered to have minimal effect on the conversion of agricultural lands, and no mitigation for that impact is required.
2. Agriculture Policies – Planned Urbanizing Area
  - a. The City will not annex agricultural land unless urban development consistent with the General Plan has been approved by the City.
  - b. The City shall support the continuation of agricultural uses on lands designated for urban uses until urban development is imminent.
  - c. Where necessary to promote planned City growth, the City shall encourage development of those agricultural lands that are already compromised by adjacent urban development or contain property required for the extension of infrastructure or other public facilities, before considering urban development on agricultural lands that are not subject to such urban pressures.
  - d. The General Plan should attempt to minimize the loss of agricultural land by having future development be relatively compact and of reasonably high density.

These measures will partially mitigate potential impacts to the long-term indirect conversion of farmland to non-agricultural uses. However, implementation of these measures would not fully mitigate this long-term impact to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

***Impact AG-4: Conversion of Prime Farmland to Non-Agricultural Use. (City of Modesto facilities)***

The Proposed Project has the potential to convert as much as 10 acres of Prime Farmland to nonagricultural use if one of the sites N-1, N-2, or N-3, and one of the sites W-2 or W-3, are selected and developed. This impact is considered significant and unavoidable. Mitigation Measures AG-4, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto water tanks on potential sites N-1, N-2, N-3, W-2, or W-3. Contribution to the California Farmland Conservancy, or an equivalent program, to fund farmland preservation projects in Stanislaus County would serve to compensate for the loss of farmland that directly results from the proposed project. However, preservation of Prime Farmland through agricultural easements on other Prime Farmland parcels would not mitigate the direct loss of Prime Farmland resulting from the project to a less-than-significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

The FSEIR further states that the restoration and/or recovery of Prime Farmland from existing urban uses to offset the loss of Prime Farmland would mitigate the loss caused by the proposed project. However, such a measure would be unreasonably costly and inefficient and would, therefore, be infeasible.

***Impact AG-5: Conflict with Existing Zoning for Agricultural Use or Williamson Act Contracts. (City of Modesto facilities)***

None of the proposed tank sites is designated for agricultural use in the City's General Plan. However, three sites (sites N-2, N-3, and W-2) are under a Williamson Act contract, which effectively prevents the land from being zoned in any category other than A-2 (general agriculture). According to the County of Stanislaus (2004), facilities for public uses are compatible with Williamson Act contracts and can be constructed on the proposed sites, provided that a permit is obtained. The impact would nonetheless be significant because of the loss of long-term agricultural productivity. Thus far, none of the lands under Williamson Act contract have filed for non-renewal of contract, and the proposed timeline for the project is such that filing for non-renewal would not remove the contract in time to eliminate the impact. This impact is significant and unavoidable. Mitigation Measure AG-4, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto water tanks on potential sites N-2, N-3 and W-2. Contribution to the California Farmland Conservancy, or an equivalent program, to fund farmland

preservation projects in Stanislaus County would serve to compensate for the loss of farmland that directly results from the proposed project. However, preservation of Prime Farmland through agricultural easements on other Prime Farmland parcels would not mitigate the direct loss of Prime Farmland resulting from the project to a less-than-significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

The FSEIR further states that the restoration and/or recovery of Prime Farmland from existing urban uses to offset the loss of Prime Farmland would mitigate the loss caused by the proposed project. However, such a measure would be unreasonably costly and inefficient and would, therefore, be infeasible.

***Impact AG-6: Conflict with Agricultural Uses on Nearby Properties and Long-Term Conversion of Farmland to Non-Agricultural Use. (City of Modesto facilities)***

Additionally, expansion of the MRWTP would not directly cause adjacent agricultural lands to be converted to non-agricultural uses. However, the Proposed Project is intended to facilitate the build-out of the City's General Plan. As such, it would indirectly contribute to the conversion of the agricultural lands that currently exist in the City's sphere of influence. The City's General Plan MEIR (City of Modesto 2003) identified this conversion as significant and unavoidable.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of MID facilities, selected from two MRWTP expansion options. As mitigation, the City incorporated several measures into its 2003 General Plan to reduce this potential impact, including:

1. Agriculture Policies – Baseline Developed Area
  - a. If a subsequent project is within the Baseline Developed Area or Redevelopment Area as identified on the General Plan Growth Strategy Diagram...the project shall be considered to have minimal effect on the conversion of agricultural lands, and no mitigation for that impact is required.
2. Agriculture Policies – Planned Urbanizing Area
  - a. The City will not annex agricultural land unless urban development consistent with the General Plan has been approved by the City.
  - b. The City shall support the continuation of agricultural uses on lands designated for urban uses until urban development is imminent.

- c. Where necessary to promote planned City growth, the City shall encourage development of those agricultural lands that are already compromised by adjacent urban development or contain property required for the extension of infrastructure or other public facilities, before considering urban development on agricultural lands that are not subject to such urban pressures.
- d. The General Plan should attempt to minimize the loss of agricultural land by having future development be relatively compact and of reasonably high density.

These measures will partially mitigate potential impacts to the long-term indirect conversion of farmland to non-agricultural uses. However, implementation of these measures would not fully mitigate this long-term impact to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

***Cumulative Long-Term Impacts on Regional Agriculture. (All facilities)***

Over the foreseeable future, development is expected to continue in Stanislaus County, with the bulk of the area's population growth—and hence the bulk of the County's new construction—centered in the vicinity of Modesto, which is expected to continue as the largest city in the County. Continuing development is expected to result in progressive loss of agricultural lands as agricultural open space is converted to suburban/urban residential, commercial, and light industrial uses. Although this loss is identified in both the City's and County's General Plans, it nonetheless represents a significant cumulative impact on agricultural resources and agricultural production in Stanislaus County.

The Proposed Project would result in direct loss of agricultural lands and could also contribute to indirect loss of agricultural lands over time. The MRWTP expansion would not take place on prime farmland or land under Williamson Act contract; however, alternative sites N-1, N-2, N-3, W-2, and W-3 are all located on Prime Farmland, and sites N-2, N-3, and W-2 are presently under Williamson Act contracts. Construction of the City facilities could thus result in the conversion of as much as 10 acres of prime farmland and Williamson Act lands, should these sites be selected. This would constitute a cumulatively considerable contribution to significant regional impacts on agricultural resources, and would be exacerbated by further long-term indirect effects that could result from conflict between new, nonagricultural uses and remaining agricultural production. Mitigation Measure AG-4, as set forth above and in the FSEIR is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This cumulative impact is the result of both City of Modesto facilities,

selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options.

As discussed in the FSEIR, contribution to the California Farmland Conservancy fund or an equivalent program that supports farmland preservation projects in the County would offer an avenue to compensate for the loss of farmland resulting from construction of project facilities. However, it would not fully offset the direct loss of prime farmland on the project sites. Alternatively, farmland could be restored or recovered from existing urban uses to offset the project-related loss, but this would be extremely costly, and would not offer guaranteed success – construction typically alters site drainage and removes or impairs topsoil resources, and restoration of these values would be difficult at best. Moreover, even if successful, farmland recovery would likely create isolated parcels of agricultural land in a predominantly urban area, and thus would not adequately offset the loss of contiguous agricultural lands. Consequently, although at least two approaches would offer partial compensation, no feasible mitigation is available to reduce the cumulative effect on agricultural resources, or to mitigate the proposed project's contribution to a less-than-significant level. The proposed project's contribution to this cumulatively significant impact is and will remain considerable, long-term and unavoidable.

## Air Quality

### ***Impact Air-1: Temporary Increase in Construction-Related Emissions During Construction Activities of the MRWTP Expansion. (MID facilities)***

Proposed construction of the MRWTP Expansion would increase fugitive dust and vehicle emissions. Specifically, excavation, grading, and vehicular traffic may generate temporary increases in ROG, NO<sub>x</sub>, PM10, and ozone precursors. The SJVUAPCD considers PM10 emissions to be the greatest pollutant of concern when assessing construction-related air quality impacts. The environmental commitments may not eliminate all air quality effects and could therefore cause a significant impact because of the area's current non-attainment and serious non-attainment designations for PM10, and serious non-attainment and extreme non-attainment designations for ozone from the State of California and the EPA, respectively.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of MID facilities, selected from two MRWTP expansion options. Construction of the Proposed Project will necessarily involve excavation, grading, the use of heavy machinery, and vehicular traffic. Eliminating one or more of these activities would be infeasible in that it would prevent construction of the project.

Environmental Commitments AQ-1, AQ-2, GC-3, GC-6, GC-7, and GC-10, as described in the FSEIR, have been incorporated into the Project and will reduce

construction-related effects by compliance with SJVUAPCD Regulation VIII, equipment maintenance, landscaping and erosion control, dust suppression, and maintenance of roadway surfaces and community facilities. Implementation of these measures will partially mitigate potential impacts to air quality. However, implementation of these measures would not fully mitigate this impact to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

***Impact Air-2: Emissions During Operation of Standby Generators. (MID facilities)***

Standby diesel generators would be employed to provide a backup power supply for the pump stations in the event of an interruption in the facility's primary power supply. Although the generators would see limited use for periodic maintenance cycling of the equipment and infrequent short-term emergency operations, they would cause a significant and unavoidable impact due to the fact that they would generate PM10 and ozone precursors, both of which are designated at varying levels of non-attainment at both the federal and state level.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of operation of MID facilities, selected from two MRWTP expansion options. Under normal operations, the system relies on electric power to run its pumps and other facilities. The diesel generators are specifically needed to provide an orderly shut down of the plant in situations where electric power has been lost. There is no other practical power source for emergency use. For example, installing electric rather than diesel generators is not feasible, as the electric generators would be inoperable in the event of a power failure. There is no feasible mitigation to reduce this impact to a less than significant level and, therefore, this impact is significant and unavoidable.

***Impact Air-4: Growth-Related Vehicle Emissions. (MID facilities)***

An objective of this project is to increase the water treatment to meet future water demands from a growing population. Therefore this project is supporting growth in Modesto by increasing the treated water supply. In conjunction with this population growth, the number of vehicles operated in the Modesto area will also increase and will likely lead to an increased emission of air quality pollutants. Because of the area's current designations of non-attainment for PM10 and ozone, this increase in vehicle use and the resulting emissions of air quality pollutant emissions would cause a significant and unavoidable indirect impact.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of MID facilities, selected from two MRWTP expansion options. The City's 2003 General Plan and General Plan MEIR contain a number of policies and measures designed to reduce vehicle trips, and therefore potential growth-related vehicle emissions. These measures include, among other things, increasing mass transit, incentives for ridesharing, and investments in bike and walking trails. These measures may partially mitigate potential impacts caused by growth-related vehicle emissions.

However, implementation of these measures would not fully mitigate this impact to a less-than-significant level. Accordingly, notwithstanding the implementation of these measures, this impact would remain significant and unavoidable.

***Impact Air-5: Temporary Increase in Construction-Related Emissions During Construction Activities of the City of Modesto Facilities. (City of Modesto facilities)***

Proposed construction of City of Modesto facilities would increase fugitive dust and vehicle emissions. Specifically, excavation, grading, and vehicular traffic at proposed tank sites, associated tank pipelines, and main pipeline alignments may generate temporary increases in ROG, NO<sub>x</sub>, PM<sub>10</sub>, and ozone precursors. The SJVUAPCD considers PM<sub>10</sub> emissions to be the greatest pollutant of concern when assessing construction-related air quality impacts. The environmental commitments may not eliminate all air quality effects and could therefore cause a significant impact because of the area's current non-attainment designations for PM<sub>10</sub> and ozone. Thus, this impact would be considered significant and unavoidable.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Construction of the Proposed Project will necessarily involve excavation, grading, the use of heavy machinery, and vehicular traffic. Eliminating one or more of these activities would be infeasible in that it would prevent construction of the project.

Environmental Commitments AQ-1, AQ-2, GC-3, GC-6, GC-7, and GC-10, as described in the FSEIR, have been incorporated into the Project and will reduce construction-related effects by compliance with SJVUAPCD Regulation VIII, equipment maintenance, landscaping and erosion control, dust suppression, and maintenance of roadway surfaces and community facilities. Implementation of these measures will partially mitigate potential impacts to air quality. However, implementation of these measures would not fully mitigate this impact to a less than significant level. Accordingly, notwithstanding the implementation of the mitigation measures described above, this impact would remain significant and unavoidable.

***Impact Air-6: Emissions During Operation of Standby Generators. (City of Modesto facilities)***

Operation of standby diesel generators would be employed to provide a backup power supply for the pump stations in the event of an interruption in the facility's primary power supply. Although the generators would see limited use for periodic maintenance cycling of the equipment and infrequent short-term emergency operations, they would cause a significant and unavoidable impact due to the fact that they could generate PM<sub>10</sub> and ozone precursors, both of

which are designated at varying levels of non-attainment at both the federal and state level.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Standby generators are necessary for the reliable, continuous operation of the Proposed Project. Under normal operations, the system relies on electric power to run its pumps and other facilities. The diesel generators are specifically needed to ensure continuous operations during situations where electric power has been lost. There is no other practical power source for emergency use. For example, installing electric rather than diesel generators is not feasible—the electric generators would be inoperable in the event of a power failure. There is no feasible mitigation to reduce this impact to a less than significant level and, therefore, this impact is significant and unavoidable.

***Impact Air-8: Growth-Related Vehicle Emissions. (City of Modesto facilities)***

An objective of this project is to increase the water treatment to meet future water demands from a growing population. Therefore this project is supporting growth in Modesto by increasing the treated water supply. In conjunction with this population growth, the number of vehicles operated in the Modesto area will also increase and will likely lead to an increased emission of air quality pollutants. Because of the area's current designations of nonattainment for PM10 and ozone, this increase in vehicle use and the resulting emissions of air quality pollutant emissions would cause a significant and unavoidable impact.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments.

The City's 2003 General Plan and General Plan MEIR contain a number of policies and measures designed to reduce vehicle trips, and therefore potential growth-related vehicle emissions. These measures include, among other things, increasing mass transit, incentives for ridesharing, and investments in bike and walking trails. These measures may partially mitigate potential impacts caused by growth-related vehicle emissions. However, implementation of these measures would not fully mitigate this impact to a less-than-significant level. Accordingly, notwithstanding the implementation of these measures, this impact would remain significant and unavoidable.

***Cumulative Short-Term Construction Impacts. (All facilities)***

Operation of the Proposed Project would generate minimal increases in pollutant emissions, primarily associated with infrequent cycling of the standby generators, and a small additional amount of periodic emissions that would be generated by

vehicles used in maintenance and inspection visits. The project's principal direct contribution to cumulative regional air quality issues would likely occur during construction. The construction of project facilities would have the potential to result in increased local generation of PM10 (including PM2.5); ozone precursors in gasoline and diesel vehicle exhaust; and carcinogenic particulates in diesel exhaust. While implementation of environmental commitments and mitigation measures will reduce cumulative air quality impacts, they are not anticipated to entirely eliminate the project's contribution to cumulative effects on air quality in the San Joaquin Valley—specifically to identified problems with PM10 and ozone levels—and the Proposed Project's contribution to this cumulatively significant impact is considerable, short-term, and unavoidable.

*Findings: Changes or alterations have been required in, or incorporated into, the project, which avoid or substantially lessen the significant environmental effect as identified in the final EIR.* This cumulative impact is the result of both City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options. Construction of the Proposed Project will necessarily involve excavation, grading, the use of heavy machinery, and vehicular traffic. Eliminating one or more of these activities would be infeasible in that it would prevent construction of the project.

Environmental Commitments AQ-1, AQ-2, GC-3, GC-4, GC-5, GC-6, GC-7, and GC-10, as described in the FSEIR, have been incorporated into the Project and will reduce the potential pollutant emissions by SJVUAPCD Regulation VIII compliance, equipment maintenance, landscaping and erosion control, dust suppression, and roadway surfaces and community facilities maintenance. In addition, Mitigation Measures CUME1 and CUME2, as described in the FSEIR, are hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program:

To provide more stringent control of project-related PM10 emissions, *Mitigation Measure CUME1* will require construction contractors to implement the SJVUAPCD's optional and enhanced PM10 control measures. MID and the City will both be responsible for implementing this mitigation. To address the project's contribution to cumulative ozone levels in the San Joaquin Valley, *Mitigation Measure CUME2* will require construction contractors to implement additional measures to reduce emissions of combustion byproducts. MID and the City will both be responsible for implementing this mitigation.

While implementation of Environmental Commitments AQ-1, AQ-2, GC-3, GC-4, GC-5, GC-6, GC-7 and GC-10, and mitigation measures CUME1 and CUME2 will reduce cumulative air quality impacts, they are not anticipated to entirely eliminate the project's contribution to cumulative effects on air quality in the San Joaquin Valley -- specifically to identified problems with PM10 and ozone levels -- and therefore the proposed project's contribution to this cumulatively significant impact is considerable, short-term, and unavoidable.

## Population and Housing

### ***Impact POP-2: Substantial Induction of Growth in the City of Modesto. (All facilities)***

The Proposed Project would remove a primary obstacle to future growth within the City of Modesto, namely, a reliable source of water supply. For this reason, the project is considered to be growth inducing. The growth associated with the project would be in accordance with the City's General Plan, which also found growth to be significant and unavoidable. It bears noting that CEQA does not consider growth to be either a positive or negative impact (State CEQA Guidelines Section 15126.2); also, the project would not result in disorderly growth, as it is being conducted in accordance with the City's General Plan.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This impact is the result of both City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options. Construction of the Proposed Project will remove barriers to urban growth resulting from water supply and supply reliability. No feasible mitigation is available to reduce the impact to a less-than-significant level. Therefore, this impact will remain significant and unavoidable.

## Noise

### ***Cumulative Short-Term Construction Impacts. (City of Modesto facilities)***

Construction of project facilities would generate some level of equipment and traffic noise. Project construction noise would be reduced to the extent feasible by best management practices (BMPs) incorporated in the project, and is not expected to be incrementally significant. However, it could represent a cumulatively considerable contribution to regional noise levels in the City of Modesto. Overall, the Proposed Project's contribution to this cumulatively significant impact is considerable, short-term, and unavoidable.

***Finding: Specific economic, legal, social, technological, or other considerations make infeasible the mitigation measures identified in the FSEIR.*** This cumulative impact is the result of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Construction of the Proposed Project will necessarily involve excavation, grading, the use of heavy machinery, and vehicular traffic. Eliminating one or more of these activities would be infeasible in that it would prevent construction of the project.

Environmental Commitments NR-1, NR-2, and NR-3, as described in the FSEIR, have been incorporated into the Project and will reduce construction noise

impacts by employing noise-reducing construction practices, preparing a detailed Noise Control Plan, and notifying adjacent residences of construction scheduling. Implementation of these measures will partially mitigate potential noise impacts. However, implementation of these measures would not fully mitigate this impact to a less than significant level. Accordingly, notwithstanding the implementation of these mitigation measures, construction-related noise impacts will remain significant and unavoidable.

## Findings Regarding Significant Impacts Mitigated to Less-Than-Significant Levels

The MID Board and City Council have determined that, for the following impacts, mitigation measures included in the FSEIR will mitigate the effects of the Proposed Project to a less-than-significant level.

As lead agencies on the MRWTP Phase Two Expansion Project, MID and the City are both making the following findings.

### Water Resources

#### ***Impact WR-12: Water Quality Impacts from Increased Drainage. (City of Modesto facilities)***

The proposed tank sites are expected to result in small amounts of increased runoff from the water storage tank areas because of increased amounts of impervious surfaces. The Proposed Project could increase non-storm and storm water runoff, transporting contaminants to adjacent receiving surface waters or groundwater. Anticipated runoff contaminants associated with the Proposed Project include sediment, oil and grease, metals, bacteria, and trash. These contaminants could occur at any of the proposed tank sites. While on-site storage of storm drainage and tank overflows in retention basins will attenuate peak storm flows, all flows may be ultimately discharged to surface water bodies, primarily MID canals.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. The following mitigation measures, as set forth in the FSEIR, are hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program.

***Mitigation Measure WR-12a:*** Require regular street sweeping to reduce contaminants entering stormwater runoff. The City of Modesto will be responsible for implementing this mitigation.

**Mitigation Measure WR-12b:** Require implementation of best management practices (BMPs) on the reservoir tank sites during project operation to improve stormwater quality. The City of Modesto will be responsible for implementing this mitigation.

**Mitigation Measure WR-12c:** Require appropriate design of retention facilities to minimize contaminants during infiltration. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measures WR-12a, WR-12b, and WR-12c will reduce this water quality impact to a less-than-significant level by intercepting contaminants before they enter the storm drain system.

## Cultural Resources

### ***Impact CR-1: Disturbance to Previously Undiscovered Archaeological Resources. (All facilities)***

No archaeological resources were located on any part of the MRWTP site or water storage tank sites. Because the tank and main pipeline alignments, as well as the control valve facilities, would be located generally along paved street rights-of-way and other public lands, no archaeological resources were identified on any part of these sites. However, boring the main pipelines under Dry Creek, and potentially through Beard Brook Park in the Southern alignment along Oregon Drive, may result in uncovering of buried, previously undiscovered archaeological resources. During excavation, earth-moving, and construction activities on any site, there is a potential for discovery of subsurface archaeological resources that are unknown due to a lack of a surficial component.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of both City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options. The following mitigation measure, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program:

***Mitigation Measure CR-1:*** Stopping of work and adoption of appropriate treatment measures if archeological resources are found. MID and the City will both be responsible for implementing this mitigation.

Implementation of Mitigation Measure CR-1 will ensure that cultural resources are protected and preserved, and thereby reduce this cultural resources impact to a less-than-significant level.

***Impact CR-2: Disturbance to Previously Undiscovered Human Remains. (All facilities)***

No known human remains would be impacted as a result of grading or construction at the MRWTP site, water storage tanks, tank pipelines, control valves, and main pipelines. However, the possibility exists for the disturbance of previously unknown human remains below the ground surface. Ground-disturbing activities have the potential to adversely affect unknown archaeological resources, including human remains.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of both City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options. The following mitigation measure, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation and Reporting Program:

***Mitigation Measure CR-2:*** Implementation of specific treatment measures if human remains are found. MID and the City will both be responsible for implementing this mitigation.

Implementation of Mitigation Measure CR-2 will ensure that cultural resources are protected and preserved, and thereby reduce this impact on potential, unknown burials to a less-than-significant level.

***Impact CR-4: Disturbance to Cultural Resources within Archaeological Resources Zones. (All facilities)***

Portions of the Yosemite Boulevard, M&ET Railroad, and Oregon Road portions of the Proposed Project are located within archaeological resource zones as defined in the City of Modesto General Plan (1995). These areas are sensitive due primarily to their location near perennial sources of water. Because these areas are particularly sensitive for cultural resources, it is more likely that disturbance to significant cultural resources may occur. Any disturbance to or destruction of significant cultural resources would be considered a significant impact.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of both City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments, and MID facilities, selected from two MRWTP expansion options. The following mitigation measures, as set forth in the FSEIR, are hereby adopted and will be implemented as provided in the Mitigation and Reporting Program:

***Mitigation Measure CR-4a:*** Require cultural resources surveys to be conducted in archaeological resources zones prior to construction. MID and the City will both be responsible for implementing this mitigation.

***Mitigation Measure CR-4b:*** Require preparation of a Cultural Resources Treatment Plan. MID and the City will both be responsible for implementing this mitigation.

Implementation of Mitigation Measures CR-4a and CR-4b will ensure that cultural resources are protected and preserved, thereby will reduce this cultural resources impact to a less-than-significant level.

## Biological Resources

### ***Impact BIO-2: Potential Loss or Disturbance of Elderberry Shrubs that Provide Habitat for the Valley Elderberry Longhorn Beetle. (City of Modesto facilities)***

A total of six elderberry shrubs that could provide suitable habitat for valley elderberry longhorn beetle (VELB) were identified at Tank Sites S-2 and S-3 and near Dry Creek along the Southern main pipeline alignments. The six elderberry shrubs occur within 100 feet of the project features and could be directly and/or indirectly affected by construction activities. Possible direct effects include removal of shrubs during construction. Possible indirect effects on VELB habitat include dust accumulation on elderberry shrubs from ground-disturbing activities, changes in hydrology around elderberry shrubs, and removal of associated woodland species that could result in the subsequent death of the elderberry shrubs and loss of VELB habitat. USFWS considers any ground-disturbing activity within 100 feet of an elderberry shrub within the range of VELB an adverse effect.

***Finding:*** *Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.* This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. The following mitigation measures, as set forth in the FSEIR, are hereby adopted and will be implemented as provided in the Mitigation and Reporting Program:

***Mitigation Measure Bio-2a:*** Requires preconstruction surveys for valley elderberry longhorn beetle (VELB) and avoidance or compensation for loss of habitat. The City of Modesto will be responsible for implementing this mitigation.

***Mitigation Measure Bio-2b:*** Requires avoidance of VELB habitat with a 100-foot buffer from elderberry plants. The City of Modesto will be responsible for implementing this mitigation.

**Mitigation Measure Bio-2c:** Requires transplantation of elderberry plants that cannot be avoided during construction. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measures Bio-2a, Bio-2b, and Bio-2c will ensure that VELB habitat will be preserved and protected, and thereby reduce this biological resources impact to a less-than-significant level.

**Impact BIO-3: Loss of Foraging Habitat for Swainson's Hawk, White-tailed Kite, and other Special-Status and Non-Special-Status Migratory Birds and Raptors. (City of Modesto facilities)**

Construction activities that occur in nonnative annual grassland, irrigated pasture, and open agricultural fields could result in the permanent loss of up to 15 acres of potential foraging habitat for Swainson's Hawks, White-tailed Kites, Northern Harriers, and Loggerhead Shrikes and non-special-status migratory birds and raptors. Potential construction on all nine tank sites may comprise removal of foraging habitat for special-status raptors, which is considered a potentially significant impact. DFG identifies permanent loss of foraging habitat within a 10-mile radius of a known Swainson's Hawk nest site as a significant impact on Swainson's Hawk and its developing young (California Department of Fish and Game 1994). Eight Swainson's Hawk nest sites have been previously recorded by DFG (CNDDDB 2004) within 10 miles of the project site.

**Finding:** *Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.* This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. The following mitigation measure, as set forth in the FSIER, is hereby adopted and will be implemented as provided in the Mitigation and Reporting Program:

**Mitigation Measure Bio-3:** Requires biological determination as to whether the site constitutes foraging habitat for Swainson's Hawks and, if so, preconstruction surveys for Swainson's Hawks nests within a 10-mile radius of the site. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measure Bio-3 will ensure that foraging habitat for Swainson's Hawk will be preserved and thereby reduce this biological resources impact to a less-than-significant level.

**Impact BIO-4: Potential Disturbance of Nesting Swainson's Hawks. (City of Modesto facilities)**

If Swainson's Hawks are nesting within 0.5 mile of any of the proposed facility locations, noise generated from construction activities occurring during the breeding season (generally between March 1 and August 15) could cause the disturbance of nesting birds and result in nest abandonment and loss of eggs or nestlings. Take of Swainson's Hawk, a state-listed threatened species, incidental

to otherwise lawful activities (as defined under the California Endangered Species Act [CESA]), would be considered an adverse impact (through loss of eggs or young) on Swainson's Hawk, and would be a violation of California Fish and Game Code Section 2081 and the Migratory Bird Treaty Act (MBTA).

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. The following mitigation measure, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program:

***Mitigation Measure Bio-4:*** Requires preconstruction surveys for nesting Swainson's Hawks, and implementation of DFG Guidelines for Swainson's Hawks, if necessary. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measure Bio-4 will ensure that nesting hawks within five miles of the project site will not be disturbed and therefore reduce this biological resources impact to a less-than-significant level.

***Impact BIO-5: Loss of Western Burrowing Owl Nesting and Foraging Habitat. (City of Modesto facilities)***

Construction activities in nonnative annual grassland and agricultural areas would result in the loss of approximately 15 acres of habitat for Burrowing Owl nesting and foraging habitat. If Burrowing Owls are nesting at or within 250 feet from the project facilities, grading and excavation activities could result in the removal of an occupied Burrowing Owl breeding or wintering burrow site or loss of Burrowing Owl adults, young, or eggs, this impact would be considered potentially significant because construction could result in a substantial adverse effect on a special-status species, and would violate the MBTA and Section 3503.5 of the California Fish and Game Code.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. Mitigation Measure Bio-5 will be implemented by the City of Modesto to reduce the impact to a less-than-significant level. The following mitigation measure, as set forth in the FSEIR, is hereby adopted and will be implemented as provided in the Mitigation Monitoring and Reporting Program:

***Mitigation Measure Bio-5:*** Requires preconstruction surveys for active Burrowing Owl burrows, and implementation of DFG guidelines for Burrowing

Owl mitigation, if necessary. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measure Bio-5 will protect Burrowing Owl Nesting and Foraging Habitat and will thereby reduce this biological resources impact to a less-than-significant level.

## Transportation

### ***Impact TR-4: Temporary Traffic Increases and Potential for LOS Degradation during Construction of Tank and Main Pipelines. (City of Modesto facilities)***

The construction of tank and main pipelines would generate traffic consisting of arrival and departure of construction vehicles and equipment, daily commutes by construction workers, and periodic delivery and removal of materials. In addition, the closure of lanes or detouring of traffic would increase delays and congestion. Disruption of roadway traffic conditions would occur along roadways and at intersections. Assuming that 175 feet of pipeline would be installed daily, this disruption would persist 1 to 2 weeks for the shorter tank pipelines and 20 to 25 weeks along the longer main pipelines. Installation of the main pipelines would involve construction activities that could increase traffic or decrease capacity to the point where level of service may approach or exceed established local thresholds. Decreased capacity could result from narrowing or closing roadways. Increased traffic could result from construction vehicles using the roadway or from traffic that has been detoured from adjacent roadways. This effect is more likely and would be more severe at roadway segments and intersections already at or near the established thresholds. This impact applies to all tank and main pipeline alignments.

***Finding: Changes or alterations required in or incorporated into the Proposed Project will avoid or substantially lessen the above-described significant environmental effect, as identified in the FSEIR.*** This potential impact is the result of construction and operation of City of Modesto facilities, selected from nine alternative tank sites and seven alternative main pipeline alignments. The following mitigation measures, as set forth in the FSIER, are hereby adopted and will be implemented as provided in the Mitigation and Reporting Program:

Environmental Commitment TC-1, as described in the FSEIR, will mitigate impacts through development and implementation of a Congestion Traffic Control Plan.

Mitigation Measure TR-4, as described in the FSEIR, will reduce potential construction impacts by maintaining through-traffic lanes and limiting hours of construction. The City of Modesto will be responsible for implementing this mitigation.

Implementation of Mitigation Measure TR-4 will ensure that minimum LOS standards, as required by the City's 2003 General Plan, are maintained even during temporary periods of construction and will thereby reduce construction traffic impacts to a less-than-significant level.

## Section 3

# Alternatives Considered

## Introduction

An EIR must describe a range of reasonable alternatives to the project, or the location of the project, which would feasibly obtain most of the basic objectives of the project, but would avoid or substantially lessen any of the significant environmental effects of the project, and evaluate the comparative merits of the alternatives. Even if a project alternative will avoid or substantially lessen any of the significant environmental effects of the project, the decision-maker may reject the alternative if it determines that specific considerations make the alternative infeasible. This section contains brief descriptions of the project alternatives for the Proposed Project that were evaluated in the 1990 MRWTP EIR and the MRWTP Phase Two Expansion Project SEIR. The SEIR addresses alternatives specific to the MRWTP Phase Two Expansion Project that would attain most of the basic project objectives. The findings with respect to alternatives identified in the FSEIR are described below.

## Summary of Alternatives

Two alternative MRWTP expansion options, nine alternative locations for the water storage tanks, and seven alternative pipeline alignments, as well as a No Project Alternative and a Delayed Alternative, were evaluated. The evaluation fulfills the CEQA requirement to analyze alternatives for the Proposed Project.

Several alternatives associated with the expansion of the MRWTP were previously analyzed in the 1990 EIR. These included four primary alternatives, several with multiple sub-alternatives, and a No Project Alternative. Primary characteristics of the alternatives included alternate treatment plant locations and methods of conveying water from Don Pedro Reservoir to the treatment plant. There are no changed circumstances that make feasible any alternatives previously identified as unfeasible, or substantially change the conclusions of the No Project analysis provided in the 1990 EIR. For these reasons, these alternatives were not revisited in the SEIR.

## 1990 EIR Alternatives

The 1990 EIR for the construction of the MRWTP Phase One considered the following project alternatives:

- **No Project:** The alternative assumed continued reliance on groundwater to fulfill all of Modesto's water demands.
- **Alternative A:** Obtain untreated water directly from Modesto Reservoir. This alternative considered four different water treatment plant sites near Modesto Reservoir (Sites A1, A2, A3, and A4).
- **Alternative B:** Locate the water treatment plant on the east side of Modesto, and convey untreated water from Modesto Reservoir to the plant via the MID Main Canal and Lateral 1.
- **Alternative C:** Locate the water treatment plant several miles northeast of Modesto, and convey untreated water via the MID Main Canal.
- **Alternative D:** Locate the water treatment plant on the east side of Modesto (in the same location as Alternative B), and divert water directly from the Tuolumne River downstream of don Pedro Reservoir. Water releases would use one of three options:
  - **Alternative D1:** No project water would be released as long as the river flow at the diversion point near Modesto was adequate to meet project demands, considering instream flow requirements. Water would be released from Don Pedro Reservoir as necessary to meet project demands.
  - **Alternative D2:** Project water would be diverted from Don Pedro Reservoir to the Modesto Reservoir, released to the Main Canal, and then released into the Tuolumne River at Poletti Spill, east of Waterford.
  - **Alternative D3:** Project water would be released from Don Pedro Reservoir directly into the Tuolumne River in an amount equivalent to that diverted to the water treatment plant.

Alternative A was the alternative that was eventually built in Phase One due to its proximity to Modesto Reservoir, a high-quality water source. This approach required less treatment and fewer miles of open-water laterals than other alternatives.

Although the 1990 EIR considered the above Alternatives for construction of the MID facilities, there are no changed circumstances that make feasible any alternatives previously identified as infeasible, or substantially change the conclusions of the analysis of the No Project Alternative in the 1990 EIR.

## No Project Alternative

Under the No Project Alternative, expansion of the MRWTP would not occur, and downstream City facilities would not be constructed. The City would continue to rely on the groundwater and treatment capacity of the Phase One MRWTP, and would require the continued reliance on only the existing downstream water conveyance facilities. The City would likely install additional groundwater wells for this purpose. The No Project Alternative would not result in the construction of additional water storage tanks within the City.

*Findings: Specific economic, legal, social or other considerations make this project alternative infeasible.* Under the No Project alternative, neither the proposed MID or City facilities would be built. Therefore the impacts described in the Biological Resources, Geology, Soils and Mineral Resources, Hazards and Hazardous Materials, Recreation, and Transportation and Traffic sections of the FSEIR would not occur.

The No Project alternative would not avoid visual or noise impacts as the construction of additional groundwater wells could have a potentially significant impact on the visual quality of surrounding areas and would require additional pumps, both of which could require some level of mitigation in order to reduce impacts. Nor would it avoid the potential impacts, and need for mitigation, associated with fugitive dust and emissions due to construction activities. Under the No Project alternative, the City would continue to develop in accordance with its General Plan and, therefore, the potential growth-related impacts such as the conversion of Prime Farmland to non-agricultural uses, conflicts with agricultural uses on nearby properties, long-term conversion of farmland to non-agricultural use, potential degradation of cultural resources, land use planning conflicts, and increases in population and housing would still occur.

The No Project alternative could result in other significant impacts to water resources, water quality, hydrology and water supply.

The No Project Alternative would fail to satisfy the following objectives of the Project, as identified in the FSEIR:

- Manage the water resources of MID to provide a safe, reliable and sustainable supply for MID's agricultural and urban customers
- Put MID's water rights to beneficial use for the benefit of the residents of MID
- Improve water supply reliability for the City
- Increase operational flexibility and reliability in the City's water transmission and distribution system
- Develop a more comprehensive conjunctive use system for domestic water treatment and delivery, and reduce the City's reliance on groundwater

Based on the foregoing, the City and MID find that, on balance, the Project is preferable to the No Project Alternative and that the No Project Alternative is not a feasible alternative to the Project as that term is defined in CEQA.

## Delayed Alternative

Under the Delayed Alternative construction of the project would be delayed indefinitely. In general, problems related to water pressure and operational reliability in the City's system would continue indefinitely until construction occurred. Development in the City of Modesto could be constrained if adequate water supplies or pressures were not available. The City may need to seek out alternative sources of water supply, which could include increased groundwater pumping.

**Findings: Specific economic, legal, social or other considerations make this project alternative infeasible.** Under the Delayed Alternative, the construction of facilities would still occur but would be delayed indefinitely. Many of the impacts of the facilities would be delayed indefinitely until such time as construction occurs and therefore would not be avoided. The impacts described in the Biological Resources, Geology, Soils and Mineral Resources, Hazards and Hazardous Materials, and Recreation sections of the FSEIR would remain the same.

However, the City is anticipated to grow which will bring additional traffic and sensitive receptors in closer proximity to the sites on which the facilities will be located. The increases in population and changes in land use which will occur during this delay period could result in additional impacts in the areas of Aesthetics, Land Use Planning, Noise, Air Quality, and Transportation and Traffic as a result of increased conflicts between urban development and the construction and operation of planned facilities. In addition, the costs of constructing these facilities are expected to increase significantly over time.

Under the Delayed Project alternative, the City's would continue to develop in accordance with its General Plan and, therefore, the potential growth-related impacts such as the conversion of Prime Farmland to non-agricultural uses, conflicts with agricultural uses on nearby properties, long-term conversion of farmland to non-agricultural use, potential degradation of cultural resources, land use planning conflicts, and increases in population and housing would still occur. However, they may occur at a slower pace due to potential delays or constraints associated with the development of additional groundwater sources.

The Delayed Project alternative, could result in other significant impacts to water resources, water quality, hydrology and water supply for the same reasons as set forth under the No Project alternative, above.

The Delayed Project Alternative would fail to satisfy the following objectives of the Project, as identified in the FSEIR:

- Manage the water resources of MID to provide a safe, reliable and sustainable supply for MID's agricultural and urban customers
- Put MID's water rights to beneficial use for the benefit of the residents of MID
- Improve water supply reliability for the City
- Increase operational flexibility and reliability in the City's water transmission and distribution system
- Develop a more comprehensive conjunctive use system for domestic water treatment and delivery, and reduce the City's reliance on groundwater
- Use environmentally sensitive and cost-effective means of achieving the above objectives

Based on the foregoing, the City and MID find that, on balance, the Project is preferable to the No Project Alternative and that the No Project Alternative is not a feasible alternative to the Project as that term is defined in CEQA.

## MRWTP Expansion Options

MID has considered two options for expansion of the MRWTP – the conventional option and the membrane option. The membrane option would involve construction of microfiltration or ultrafiltration (MF/UF) membrane treatment process. The conventional option would essentially mirror the existing MRWTP facility. The membrane option would occupy a smaller footprint and have a shorter construction duration, and for this reason would result in a reduced level of construction-related impacts relative to the conventional option. Construction-related impacts include dust generation, vehicle emissions, construction-related traffic, and noise. Although the construction-related air quality impacts would be reduced it would not be reduced to a level of insignificance. It is unclear which option will result in less energy consumption or sludge generation. Based on the foregoing, the City and MID find that, on balance, both MRWTP Expansion Options are consistent with and would achieve all the Project objectives, and therefore constitute feasible alternatives as that term is defined in CEQA. Operational impacts of the MRWTP expansion options were found to be less than significant, with the exception of growth inducement related to build-out of the Modesto Urban Area.

## Alternative Water Storage Tank Sites

The City has considered three areas for water storage tanks, including three alternative sites for each area, and their associated pipelines. The alternatives are summarized below.

## North Tank

The proposed 6-million-gallon (MG) North Tank's primary functions are to serve the existing and future land use areas in the northwestern portions of the City, and to convey water to existing areas in the west portion of the City, east of Highway 99, that have a high concentration of inactive wells. The North Tank would be either partially buried or entirely aboveground. Three sites for the North Tank and three tank pipeline alignments are being considered. The North Tank pipeline would connect the North Tank to MID's transmission system at the turnout connection C9.5 located on Coffee Road.

Site N-1, the environmentally superior alternative, is located on the parcel immediately northeast of the intersection of Bangs Avenue and Tully Road. Site N-2 is located on the parcel immediately southeast of the Bangs Avenue and Tully Road intersection. Site N-3 is located approximately 1 mile east of sites N-1 and N-2, just west of McHenry Avenue along Wells Avenue.

Alternative site N-1 avoids impacts to aesthetics identified for alternative site N-3, and would avoid conflicts with Williamson Act contracts identified for alternative sites N-2 and N-3; however, all three sites would result in the conversion of Prime Farmland to non-agricultural uses. Alternative site N-1 would result in potentially significant impacts to transportation services. However, impacts to traffic would be temporary.

## West Tank

The proposed new 4-MG West Tank would supplement and enhance Tank 6's service area of western and downtown Modesto. The West Tank would be either partially buried or entirely aboveground. Three sites for the West Tank and three pipeline alignments are being considered. The West Tank pipeline would connect the West Tank to the MID trunk line to distribute water from the West Tank into the City's transmission and distribution system.

Site W-1, the environmentally superior alternative, is located immediately adjacent to the western boundary of the existing water storage tank facility site. Site W-2 is located adjacent to MID Lateral No. 4, at the west end of Elm Avenue. Site W-3 is located at the northeast corner of the intersection of South Carpenter Avenue and California Avenue.

Alternative site W-1 would avoid impacts identified for Alternative site W-2 related to conflicts with Williamson Act contracts and conversion of Prime Farmland to non-agricultural use. However, this alternative would result in potentially significant impacts to transportation services, particularly on Carpenter Road where the volume to capacity (V/C) ratio would be higher than Alternatives W-2 and W-3 (V/C for W-1 would be 2.3, versus 2.0 for W-3 and 1.2 for W-2). However, the impacts to traffic would be temporary.

## Southeast Tank

The 4-MG South Tank is proposed to better serve the demands in the southeastern region of the City. Additional storage is required in this area to alleviate low-pressure conditions in this section of the City during high-demand periods and to assist with water service to the Empire Area and the residential area north of Yosemite Boulevard and south of Dry Creek. Three potential sites for the Southeast Tank and one pipeline alignment are being considered. The Southeast Tank pipeline would connect the Southeast Tank to the main transmission and distribution system at turnout connection C02 along Yosemite Boulevard.

Site S-1, the environmentally superior alternative, is located within a rail-shipping yard approximately 1,500 feet east of sites S-2 and S-3. Sites S-2 and S-3 are located adjacent to the MID right-of-way (Lateral No. 1) between existing industrial buildings south of Yosemite Boulevard. Site S-2 is on a linear parcel running north-south from Yosemite Boulevard. Site S-3 is on a parcel extending from Garner Road to the west, Leckron Road to the south, and the MID right-of-way to the north.

Alternative site S-1 would avoid potential impacts identified for Alternative sites S-2 and S-3 related to potential biological impacts. There would be no conflicts with Williamson Act contracts or conversion of Prime Farmland. The V/C ratio for traffic along Yosemite Boulevard would fail level of service criteria. However, impacts on traffic would be temporary.

Based on the foregoing, the City and MID find that, on balance, all of the above potential tank sites are consistent with and would achieve all the Project objectives, and therefore constitute feasible alternatives as that term is defined in CEQA.

## Alternative Main Pipeline Alignments

The City has considered three alternative main pipeline<sup>1</sup> alignments for each water storage tank area. The alternatives are summarized below.

Three pipelines would be built: the East-West main pipeline, the North-South main pipeline, and the Southern main pipeline. Pipelines would be constructed, to the extent feasible, in conjunction with any proposed roadway improvements.

### East-West Main Pipeline

The purpose of the East-West main pipeline is to convey water to the western part of the City, east of Highway 99, from the MID trunk line near Coffee Road.

<sup>1</sup> *Main pipeline* refers to large centralized pipelines.

The two East-West main pipeline alternatives are alignments along Briggsmore Avenue or Orangeburg Avenue. The environmentally superior alternative for the East-West main pipeline is the Orangeburg Avenue alignment.

The Orangeburg alignment would require the shortest construction time. The Orangeburg alignment would require 15 to 16 weeks for construction, while the Briggsmore alignment would require 18 to 19 weeks. A shorter construction period would reduce all construction-related impacts. The Orangeburg alignment also has the smaller construction V/C ratio, 1.1 versus 2.0 from the Briggsmore alignment; therefore it would result in traffic impacts of reduced intensity.

## North-South Main Pipeline

The purpose of the North-South main pipeline is to convey water to the center of the City from the North Tank site. The two North-South main pipeline alternatives are alignments along Virginia Corridor or Tully Road. These alignments vary depending on which alternative North Tank site is selected. The environmentally superior alternative for the North-South main pipeline is the Virginia Corridor alignment.

The Virginia Corridor alignment would require the shortest construction time – 3 to 4 weeks, as opposed to 10 to 11 weeks required for the Tully Road alignment. A shorter construction period would reduce all construction-related impacts. In addition, traffic impacts would be substantially reduced relative to the Tully alignments since the alignment would be primarily located outside the City streets.

## Southern Main Pipeline

The purpose of the Southern main pipeline is to convey water from the 24-inch diameter trunk line at the intersection of Lapham Drive and Mitchell Road to the downtown core of the City at the intersection of 7th Street and B Street. Because of the location of the Gallo Winery property on Yosemite Boulevard, there are three alternative alignments for this distribution line; two encroach upon Gallo property, and one does not. The three Southern main pipeline alternatives are alignments along Yosemite Boulevard, Modesto & Empire Traction (M&ET) Railroad, or Oregon Drive. The environmentally superior alternative for the Southern main pipeline is the Oregon Drive alignment.

The Oregon Drive alignment would reduce all construction-related impacts due to a shorter construction period, compared to the Yosemite Boulevard and Modesto & M&ET Railroad alignments. It would also reduce the traffic impacts relative to the other two alignments due to the greater portion constructed off-road.

Based on the foregoing, the City and MID find that, on balance, all of the above potential pipeline alignments are consistent with and would achieve all the Project objectives, and therefore constitute feasible alternatives as that term is defined in CEQA.

# Mitigation Monitoring and Reporting Plan

## Purpose of and Need for Monitoring

In compliance with the California Environmental Quality Act (CEQA), a final subsequent environmental impact report (FSEIR) was prepared for Modesto Irrigation District (MID) and the City of Modesto's (City's) Modesto Regional Water Treatment Plant (MRWTP) Phase Two Expansion Project (Proposed Project). The FSEIR identified potentially significant impacts in the following resource areas. The FSEIR also identified mitigation measures to reduce these impacts to a less-than-significant level, where feasible.

- Aesthetics and Visual Resources
- Agricultural Resources
- Air Quality
- Water Resources
- Noise
- Population and Housing
- Recreation
- Cultural Resources
- Biological Resources
- Transportation

CEQA requires that a lead agency adopt a mitigation monitoring and reporting plan (MMRP) for the revisions the agency has required to a project and the measures it has proposed to avoid or mitigate significant environmental effects (CEQA Guidelines Section 15097). The purpose of the MMRP is to ensure that the project revisions and mitigation measures identified in the FSEIR are implemented and to identify who is responsible for their implementation.

Table 1 of this MMRP, which follows this introductory section, identifies the mitigation measures for the Proposed Project, the parties responsible for implementing and monitoring the mitigation measures, the timing of each mitigation measure, and a summary of the actions necessary to implement and monitor each measure.

Table 2 of this MMRP, which follows Table 1, lists the environmental commitments described as part of Chapter 2, Project Description of the DEIR. Table 2 follows the same format as Table 1 and identifies the parties responsible for implementing and monitoring the environmental commitments, the timing of each environmental commitment, and a summary of the actions necessary to implement each commitment.

## Project Description

The Proposed Project includes two main components:

- Expansion of the MRWTP, which would allow MID to provide an additional 33,600 acre-feet annually (afa) of treated domestic water annually to the City.
- Construction of downstream facilities within the City, including water storage tanks, pump stations, distribution pipelines, and pressure-regulating control valves.

The MRWTP will continue to be owned and operated by MID; the downstream facilities will belong to the City. Water from the MRWTP will continue to be conveyed from the MRWTP near Modesto Reservoir to the City water system through an existing water transmission system constructed as part of the Phase One project.

The water treatment plant expansion will occur on the same parcel as the existing MRWTP site. The MRWTP expansion is substantively similar to the Phase Two expansion described in the 1990 EIR.

Improvements to the City water distribution system will consist of three water storage tanks and related appurtenances, including pump stations, pipelines to connect the water storage tanks to the City's existing distribution infrastructure, up to 30 control valves on turnouts, and three additional main pipelines to move water throughout the City. While most of these project components were identified in the project description in the 1990 EIR, they were not subjected to a site-specific environmental analysis in that document. In this SEIR, nine alternative tank sites and seven alternative main pipeline alignments are considered at an equal level of detail to allow flexibility in ultimate design and construction.

As part of the Proposed Project, MID has filed a petition with the State Water Resources Control Board (SWRCB) for a transfer to the City of 67,200 afa of water. This transfer and the associated facilities described above will supply water in support of current and planned growth within the City of Modesto as envisioned in the City and MID's 2000 *Urban Water Management Plan* (City of Modesto and Modesto Irrigation District 2000),<sup>1</sup> the *City of Modesto Urban Area General Plan* (City of Modesto 1995),<sup>2</sup> and the Master EIR for the City of Modesto General Plan and Related Amendments (City of Modesto 2003).<sup>3</sup>

## Mitigation Monitoring Program

This MMRP has been prepared for the Proposed Project in accordance with Public Resources Code 21081.6, which specifies that when a public agency makes findings required by paragraph (1) of subdivision (a) of Section 21081, it "...shall adopt a reporting or monitoring program for the changes made to the project or conditions of project approval, adopted in order to mitigate or avoid significant effects on the environment." Public Resources Code 21081.6 further specifies that the MMRP will "...ensure compliance during project implementation."

This MMRP is intended to ensure the effective implementation of mitigation measures that are within MID and the City's authority to implement, including monitoring where identified, throughout all phases of development and operation of the Proposed Project.

MID and the City will designate separate individuals for monitoring implementation of their respective portions of the project.

Table 1. Mitigation Monitoring and Reporting Plan for MRWTP Phase Two Expansion, Mitigation Measures

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<b>AGRICULTURAL RESOURCES</b>				
<b>Mitigation Measure AG-4: Compensation for Loss of Farmland</b>				
<p>The California Farmland Conservancy Program is established under Public Resources Code Section 10200-10277 to promote the long-term preservation of agricultural lands in California through the use of agricultural conservation easements. In addition to funding provided for agricultural easement acquisition, Conservancy grant funds are available for project which develop policy or planning oriented to agricultural land protection, and for improvements to land already under an agricultural conservation easement (e.g., erosion control, riparian area improvements, etc.). The program is authorized to accept donations from private entities if the Department of Conservation is the designated beneficiary of the donation and it uses the funds for purposes of the program in a county specified by the donor (Public Resources Code Section 10231.5).</p>	<p>Prior to construction on tank sites N-1, N-2, N-3, W-2, or W-3</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>The City shall obtain documentation of contribution to the California Farmland Conservancy or an equivalent program for farmland preservation in Stanislaus County.</p>
<p>The loss of farmland associated with development of tank sites N-1, N-2, N-3, W-2 and W-3 could be partially mitigated through contribution to the Farmland Conservancy Fund, or to an equivalent program for funding farmland preservation in Stanislaus County, as a condition precedent to the issuance of necessary project approvals. The amount of such a contribution would allow the conservation of one acre of farmland in Stanislaus County for each acre of farmland converted by the proposed project, and would reflect the then-current value of an agricultural easement on comparable prime agricultural land of equal size to the acreage of the farmland lost under the proposed project, and a 10% increment for program administration under the Farmland Conservancy Program, or an equivalent program for funding farmland preservation projects in Stanislaus County.</p>				
<p>The valuation of such an easement would be determined by the City in consultation with the California Department of Conservation. Where current information on such valuation is not available, the City would need to obtain an appraisal of the valuation of an agricultural easement on comparable agricultural land in the project vicinity to inform the City's determination as to valuation.</p>				
<p>Contribution to the California Farmland Conservancy, or an equivalent program, to fund farmland preservation projects in Stanislaus County would serve to compensate for the loss of farmland that directly results from the proposed project. However, preservation of Prime Farmland through agricultural easements on other Prime Farmland parcels would not</p>				

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>mitigate the direct loss of Prime Farmland resulting from the project to a less-than-significant level.</p> <p>Restoration and/or recovery of Prime Farmland from existing urban uses to offset the loss of Prime Farmland would mitigate the loss caused by the proposed project. However, such a measure would be unreasonably costly and inefficient and would, therefore, be infeasible.</p>				
<b>WATER RESOURCES</b>				
<p><b>Mitigation Measure WR-12a: Street Sweeping</b></p> <p>To minimize the amount of pollutants entering the storm drain system, water storage tank roadways and other paved areas will be cleaned regularly using street sweeping equipment. Additionally, litter and debris that may accumulate on the project site will be regularly collected and properly disposed of at a landfill in accordance with proper waste disposal procedures. These activities shall be the responsibility of City and/or its contractors.</p>	<p>During project construction and operation on all storage tank sites</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services and Water Superintendent</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services and Water Superintendent</p>	<p>1. During construction, the City shall require that all contractors keep worksite clean from rubbish and debris.</p> <p>2. During project operation, the City shall, not less than annually and prior to the first anticipated storm event, clean paved areas on all water tank sites.</p>
<p><b>Mitigation Measure WR-12b: Best Management Practices to Maximize Storm Water Quality</b></p> <p>BMPs shall be used on the tank sites to maximize storm water quality during project operations. The BMPs shall include a combination of source control and treatment systems, and shall be selected to be consistent with the City’s Comprehensive Stormwater Management Program.</p> <p>BMPs may include but not be limited to the following:</p> <ul style="list-style-type: none"> <li>□ Grass strips, high infiltration substrates, and grassy swales shall be used where feasible throughout the tank sites to reduce runoff, serve as bio-filters, and provide initial storm water treatment. This type of treatment would apply particularly to paved areas.</li> <li>□ Physical devices shall be placed at outlets of pipes and channels to reduce the velocity or the energy of exiting water. Outlet protection helps to prevent scour and to minimize the potential for downstream erosion by reducing the velocity or energy of concentrated storm water flows.</li> <li>□ Pervious/porous pavement shall be used to reduce runoff when economically feasible. The pavement is a unique cement-based</li> </ul>	<p>During project design, construction, and operation on all storage tank sites</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services and Water Superintendent</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services and Water Superintendent</p>	<p>1. During construction and design, the City shall prepare and implement a Stormwater Management Plan that includes BMPs for maximizing storm water quality.</p> <p>2. During project operation, the City shall regularly inspect and maintain the BMPs to ensure that they function properly.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>concrete product that has a porous structure which allows rainwater to pass directly through the pavement and into the soil.</p> <p>The City and/or its contractors shall select a combination of BMPs that is expected to remove contaminants from storm water discharges. The final selection and design of BMPs shall provide maximum contaminant removal, represent the best available technology that is economically achievable, and shall explicitly identify the expected level of effectiveness at contaminant removal.</p> <p>The City and/or its contractors shall inspect following construction to ensure that all identified BMPs have been properly installed. The project shall adopt a regular maintenance and monitoring schedule to ensure that these BMPs function properly during project operations. If necessary, additional BMPs shall be designed and implemented if those originally constructed do not achieve the identified performance standard.</p>				
<p><b>Mitigation Measure WR-12c: Appropriate Design on Retention Facilities</b></p> <p>All infiltration features shall be constructed to maximize the distance between the base of the infiltration feature and the groundwater table, and in no case shall the bottom of the feature be less than 10 feet above the groundwater table.</p>	<p>During project design and construction on all storage tank sites</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>The City shall design and construct all infiltration features so that the bottom of the feature is not less than 10 feet above the groundwater table.</p>
<p><b>CULTURAL RESOURCES</b></p>				
<p><b>Mitigation Measure CR-1: Stop work, contact qualified archaeologist, assess significance of the find, and develop appropriate treatment measures</b></p> <p>If buried archaeological resources, such as chipped or ground stone, historic debris, building foundations, or human bone, are inadvertently discovered during ground-disturbing activities, work will stop in that area and within 100 feet of the find until a qualified archaeologist can assess the significance of the find and, if necessary, develop appropriate treatment measures in consultation with the MID, the City, and other appropriate agencies.</p>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall stop work if buried archeological resources are found. A qualified archeologist shall be contacted to assess the significance of the find and develop appropriate treatment measures.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p><b>Mitigation Measure CR-2: Stop work, notify county coroner, and notify California Native American Heritage Commission if remains are Native American in origin</b></p> <p>If human remains of Native American origin are discovered during project construction, it is necessary to comply with state laws relating to the disposition of Native American burials, which fall within the jurisdiction of the Native American Heritage Commission (Pub. Res. Code Sec. 5097). If any human remains are discovered or recognized in any location other than a dedicated cemetery, there will be no further excavation or disturbance of the site or any nearby area reasonably suspected to overlie adjacent human remains until:</p> <ol style="list-style-type: none"> <li>a. the coroner of the county has been informed and has determined that no investigation of the cause of death is required; and</li> <li>b. if the remains are of Native American origin,                             <ol style="list-style-type: none"> <li>1. the descendants of the deceased Native Americans have made a recommendation to the landowner or the person responsible for the excavation work, for means of treating or disposing of, with appropriate dignity, the human remains and any associated grave goods as provided in Public Resources Code Section 5097.98, or</li> <li>2. the Native American Heritage Commission was unable to identify a descendant or the descendant failed to make a recommendation within 24 hours after being notified by the commission.</li> </ol> </li> </ol> <p>According to California Health and Safety Code, six or more human burials at one location constitute a cemetery (Section 8100) and disturbance of Native American cemeteries is a felony (Section 7052). Section 7050.5 requires that construction or excavation be stopped in the vicinity of discovered human remains until the coroner can determine whether the remains are those of a Native American. If the remains are determined to be Native American, the coroner must contact the California Native American Heritage Commission.</p>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall stop work if human remains of Native American origin are found. The County Coroner and California Native American Heritage Commission shall be contacted.</p>
<p><b>Mitigation Measure CR-4a: Conduct cultural resources surveys in Archaeological Resources Zones prior to construction</b></p> <p>According to Policy 2a, this area should be surveyed for cultural resources prior to proposed development (City of Modesto 1995a). Prior to construction, all project alignments within Archaeological Resources Zones</p>	<p>Prior to construction on pipeline alignments on those portions of Yosemite</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>Prior to construction within Archeological Resources Zones, the City shall require a qualified archeologist to conduct cultural resources</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>will be examined by a qualified archaeologist to determine if any cultural resources are present. Any cultural resources located as a result of surveys will be evaluated for listing in the CRHR. If the resource(s) is found to be significant and eligible for listing in the CRHR, Mitigation Measure CR-4b will be implemented.</p>	<p>Boulevard, M&amp;ET Railroad, or Oregon Drive within Archaeological Resource Zones</p>			<p>surveys.</p>
<p><b>Mitigation Measure CR-4b: Complete a Cultural Resources Treatment Plan</b></p>	<p>Prior to construction on pipeline alignments on those portions of Yosemite Boulevard, M&amp;ET Railroad, or Oregon Drive within Archaeological Resource Zones</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>If archeological resources are found during the cultural resources surveys, the City shall prepare a Cultural Resources Treatment Plan to address data recovery excavations.</p>
<p>If significant resources are found under Mitigation Measure CR-4a, the City will review the pipeline alignment and re-align the portion of the pipe affected or a treatment plan will be prepared prior to onset of construction that will provide detailed research design and methodology for test excavations and archival research to identify and evaluate the resources. The treatment plan will also provide provisions for a complete data recovery excavation. The treatment plan will provide for at least the following activities:</p>				
<p>a. <i>Conduct test excavations and archival research to determine resource significance.</i> When avoidance is infeasible, the treatment plan will outline how evaluations of potentially significant archaeological resources will be conducted, including archival research and test excavation and evaluation methods necessary to determine eligibility for listing in the CRHR.</p>				
<p>b. <i>Data recovery excavations of significant archaeological resources that cannot be avoided.</i> If, following identification and evaluation efforts, archaeological sites and historic resources are determined to meet the criteria for inclusion in the CRHR, and avoidance or redesign of the project is not feasible, then research and fieldwork to recover and analyze the data contained in that site will be conducted. This work may involve additional archival and historical research; excavation; analysis of the artifacts, features, and other data discovered; presentation of the results in a technical report; and curation of the recovered artifacts and accompanying data. Native American consultation will continue throughout data recovery efforts.</p>				
<p>c. <i>Treatment of human remains.</i> The treatment plan will outline the regulatory requirements to be followed when human remains are found</p>				

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
(also described above in regulatory framework) and will indicate where burials might be encountered.				
<b>BIOLOGICAL RESOURCES</b>				
<b>Mitigation Measure Bio-2a: Conduct Preconstruction Surveys for Valley Elderberry Longhorn Beetle and Avoid or Compensate for Loss of Habitat</b>	Prior to construction on tank sites S-2 or S-3, and near Dry Creek along the Southern pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	Prior to construction, the City shall contract with a qualified biologist to survey and document the location of elderberry shrubs. The City shall implement the measures listed in Mitigation Measure BIO-2b or their functional equivalent, as recommended by the qualified biologist.
<p>For any construction activity within 100 feet of the six elderberry shrubs at Tank Sites S-2 and S-3 and near Dry Creek along the Southern main pipeline alignments, the City shall hire a qualified biologist to conduct a preconstruction survey of the alignment corridor and document the extent of habitat for the VELB. The information gathered in this survey would include the number of elderberry stems greater than 1 inch in diameter and the number of emergence holes in these stems for each elderberry shrub encountered. If no VELB habitat is found within 100 feet of a project alignment, then no further mitigation is required.</p>				
<p>The City then would implement the USFWS guidelines for avoiding impacts on the VELB by avoiding construction activities within 100 ft of any elderberry shrub where feasible (Mitigation Measure BIO-2b). Where avoidance is not feasible, the City would obtain authorization from the USFWS pursuant to the ESA, and prepare and implement a mitigation plan consistent with USFWS guidelines to compensate for impacts on the VELB and loss of habitat.</p>				
<p>USFWS guidelines call for avoidance of VELB habitat wherever possible. When avoidance is not possible, the guidelines direct that all elderberry plants be transplanted to an appropriate site when feasible, and that all stems 1 inch or greater in diameter be replaced by planting replacement plants at appropriate locations in the project vicinity determined in consultation with the resource agencies (Mitigation Measure Bio-2c). The replacement ratio depends on the percentage of affected elderberry shrubs that have beetle emergence holes. The guidelines require the project proponent to monitor the transplanted shrubs and replacement plants for 10 years from the date of transplanting to monitor the success of the mitigation efforts, and replacement would be necessary for plants that do not succeed.</p>				

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p><b>Mitigation Measures BIO-2b: Avoid and Protect VELB Habitat</b></p> <p>Complete avoidance is assumed when a 100-foot buffer is established and maintained around elderberry plants containing stems measuring 1 inch or greater in diameter at ground level. Firebreaks may not be included in the buffer zone. In buffer areas, construction-related disturbance should be minimized and any damaged area should be promptly restored following construction. The City shall consult the USFWS before any disturbances within the buffer area are considered. The following measures include establishment and maintenance of a buffer zone:</p> <ul style="list-style-type: none"> <li>❑ The City shall hire a qualified biologist to identify and mark all elderberry shrubs with stems 1 inch or more in diameter within 100 feet of the impact area. A 100-foot buffer will be established around all elderberry shrubs, and no construction activities will be permitted within the buffer zone without consultation with USFWS. In areas where encroachment on the 100-foot buffer has been approved by USFWS, no ground-disturbing activities will be permitted within 20 feet of the dripline of each elderberry shrub unless the activity is necessary to complete the project. If no VELB habitat is found within 100 feet of a project alignment, then no further mitigation is required.</li> <li>❑ Orange fencing will be placed around all shrubs to avoid inadvertent effects.</li> <li>❑ Signs will be erected every 50 feet along the edge of the avoidance area with the following information: “This area is habitat of the valley elderberry longhorn beetle, a threatened species, and must not be disturbed. This species is protected by the Endangered Species Act of 1973, as amended. Violators are subject to prosecution, fines, and imprisonment.” The signs will be clearly readable from a distance of 20 feet, and must be maintained for the duration of construction.</li> <li>❑ The City’s contractor will present an environmental education program to all construction personnel to brief them on the need to avoid damaging the elderberry shrubs and the possible penalty for not complying with these requirements.</li> <li>❑ Any damage done to the buffer area (area within 100 feet of elderberry plants) during construction must be repaired and the area restored. Erosion control must be provided and the area must be revegetated with appropriate native plants.</li> </ul>	<p>During construction on tank sites S-2 or S-3, and near Dry Creek along the Southern pipeline alignments</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>If elderberry shrubs are found within 100 feet of a construction zone, then during construction, the City shall establish a 100-foot buffer around elderberry plants containing stems measuring 1 inch or greater in diameter, where feasible, and implement the measures listed in Mitigation Measure BIO-2b to maintain the buffer zone or their functional equivalent.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<ul style="list-style-type: none"> <li>❑ Buffer areas must be protected after construction from adverse effects of the project through measures including fencing, signs, weeding, and removing trash.</li> <li>❑ The use of insecticides, herbicides, fertilizers, or other chemicals that might harm the beetle or its host plant will be prohibited.</li> <li>❑ Grasses or ground cover will be mowed from July through April to reduce fire hazard. No mowing should occur within 5 feet of elderberry plant stems.</li> <li>❑ The City of Modesto must provide a written description of how the buffer areas are to be restored, protected, and maintained after construction is completed.</li> <li>❑ To prevent inadvertent trimming of elderberry shrubs (habitat for VELB) during future maintenance activities, the City will also prepare a Maintenance Plan that provides the location of all elderberry shrubs growing near the water storage tank sites and along the pipeline corridors. The Maintenance Plan will also include a photo and description of an elderberry shrub and information about VELB and its legal status and requirements under ESA.</li> </ul>				
<p><b>Mitigation Measures BIO-2c. Transplant Elderberry Shrubs</b></p> <p>If the proposed project cannot avoid elderberry shrubs by 100 feet (or 20 feet with USFWS consultation), the following mitigation measures will be implemented:</p> <ul style="list-style-type: none"> <li>❑ All elderberry shrubs with one or more stems measuring 1 inch or more in diameter that will be directly affected by construction activities (i.e., that will be destroyed) will be transplanted to a conservation area.</li> <li>❑ Each affected shrub will be replaced in a conservation area with elderberry seedlings or cuttings at a ratio between 1:1 and 8:1, depending on the diameter of the stem at ground level, whether the shrub is located in riparian habitat, and whether the shrub has evidence of exit holes.</li> <li>❑ A mix of native tree/plant species associated with the elderberry shrubs at the project site will be planted in the conservation area at ratios of 1:1 for elderberry shrubs without exit holes or 2:1 for elderberry shrubs with exit holes (native tree/plant species to each elderberry seedling or cutting). A mixture of native grasses and forbs should also be planted</li> </ul>	<p>During construction on tank sites S-2 or S-3, and near Dry Creek along the Southern pipeline alignments</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>If the proposed project cannot avoid elderberry shrubs by 100 feet, the City shall implement the measures listed in Mitigation Measure BIO-2c or their functional equivalents.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
in the conservation area.				
<p>□ Each transplanted elderberry shrub should have at least 1,800 square feet of area. As many as five additional elderberry seedlings or cuttings and up to five associated natives may also be planted within the 1,800-square-foot transplant area.</p>				
<p><b>Mitigation Measure BIO-3: Implement the DFG Guidelines for Swainson’s Hawk Foraging Habitat Mitigation</b></p>	<p>Prior to construction on all undeveloped storage tank sites and pipelines outside of existing roadways</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>Prior to construction, the City shall contract with a qualified wildlife biologist to survey undeveloped tank sites and/or pipelines outside of existing roadways for Swainson’s Hawk foraging habitat. If foraging habitat is found, the City shall implement DFG mitigation guidelines or their functional equivalent.</p>
<p>The City will retain a qualified wildlife biologist to conduct preconstruction surveys for Swainson’s Hawk foraging habitat on undeveloped tank sites and/or pipelines outside of existing roadways. The preconstruction surveys will be conducted to determine whether active Swainson’s Hawk nests are present within 10 miles of the project construction sites and will include, at a minimum, a study of the eight previously recorded nest sites. If the project construction site is not suitable Swainson’s Hawk foraging habitat, then no further mitigation is required. If agricultural habitat is removed within 10 miles of a known, active Swainson’s Hawk nest, the City will compensate to the extent specified by DFG to replace lost foraging habitat. Habitat compensation ratios will depend on the distance of the affected habitat from known, active nests, as specified in DFG mitigation guidelines for Swainson’s hawks. The publication Staff Report Regarding Mitigation for Impacts to Swainson’s Hawk (<i>Buteo swainsoni</i>) in the Central Valley of California, published by DFG (1994), recommends mitigation for the removal of suitable Swainson’s hawk foraging habitat at a ratio determined by the distance to the nearest active nest. The City will implement the measures identified or their functional equivalents, based on the recommendations of the qualified wildlife biologist.</p>				
<p><b>Mitigation Measure BIO-4: Retain a Qualified Biologist to Conduct a Preconstruction Survey for Nesting Swainson’s Hawk</b></p>	<p>Prior to construction on all undeveloped storage tank sites and all pipeline alignments outside of existing</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>Prior to construction, the City shall contract with a qualified wildlife biologist to survey undeveloped tank sites and/or pipelines outside of existing roadways for Swainson’s Hawk nesting habitat. If nesting habitat is found, the City shall implement DFG mitigation guidelines or their</p>
<p>If construction is scheduled to occur during the Swainson’s Hawk breeding season (generally March 1–August 15), the City will retain a qualified wildlife biologist to conduct preconstruction surveys for nesting Swainson’s Hawks on undeveloped tank sites and/or pipelines outside of existing roadways. The preconstruction surveys will be conducted to determine whether there is suitable nesting habitat within a 0.5-mile radius of the construction site. If no Swainson’s Hawks are found nesting within the</p>				

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>areas surveyed, then no further mitigation is required. If Swainson's Hawks are found nesting within a 0.5-mile radius of the construction site, DFG will be consulted to determine whether a no-disturbance buffer would be required until after the young have fledged (as determined by a qualified wildlife biologist). Impact avoidance measures will be conducted pursuant to DFG mitigation guidelines. The City will implement the measures identified or their functional equivalents, based on the recommendations of the qualified wildlife biologist.</p>	roadways			functional equivalent.
<p><b>Mitigation Measure BIO-5: Conduct Preconstruction Surveys for Active Burrowing Owl Burrows and Implement the California Department of Fish and Game Guidelines for Burrowing Owl Mitigation, if Necessary</b></p> <p>DFG (1994) recommends that preconstruction surveys be conducted to locate active Burrowing Owl burrows in the project area and in a 250-foot-wide buffer zone around the project area. The City will retain a qualified biologist to conduct preconstruction surveys for active burrows on undeveloped tank sites and/or pipelines outside of existing roadways. The preconstruction surveys will include a nesting season survey and a wintering season survey during the year immediately preceding construction. If no Burrowing Owls are detected, then no further mitigation is required. If active Burrowing Owls are detected in the survey area, the City will implement the following measures or their functional equivalents, based on the recommendations of the qualified wildlife biologist.</p> <ul style="list-style-type: none"> <li>□ Occupied burrows will not be disturbed during the nesting season (February 1–August 31).</li> <li>□ When destruction of occupied burrows is unavoidable during the non-nesting season (September 1–January 31), unsuitable burrows will be enhanced (enlarged or cleared of debris) or new burrows created (installing artificial burrows) at a ratio of 2:1 on protected lands approved by DFG. Newly created burrows will follow guidelines established by DFG.</li> <li>□ If owls must be moved away from the project area, passive relocation techniques (e.g., installing one-way doors at burrow entrances) will be used instead of trapping. At least 1 week will be necessary to accomplish passive relocation and to allow owls to acclimate to alternate burrows.</li> </ul>	<p>Prior to construction on all undeveloped storage tank sites and all pipeline alignments outside of existing roadways</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>Prior to construction, the City shall contract with a qualified wildlife biologist to survey undeveloped tank sites and/or pipelines outside of existing roadways for active Burrowing Owl burrows. If active burrows are found, the City shall implement DFG mitigation guidelines or their functional equivalent.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>If active Burrowing Owl burrows are found and the owls must be relocated, the City will offset the loss of foraging and burrow habitat in the project area by acquiring and permanently protecting a minimum of 6.5 acres of foraging habitat per occupied burrow identified in the project area. The protected lands should be located adjacent to the occupied Burrowing Owl habitat in the project area or at another occupied site near the project area. The location of the protected lands will be determined in coordination with DFG. The City will also prepare a monitoring plan and provide long-term management and monitoring of the protected lands. The monitoring plan will specify success criteria, identify remedial measures, and require an annual report to be submitted DFG.</p> <p>If avoidance is the preferred method of dealing with potential impacts, no disturbance should occur within 160 feet of occupied burrows during the nonbreeding season (September 1–January 31) or within 250 feet during the breeding season. Avoidance also requires that at least 6.5 acres of foraging habitat (calculated based on an approximately 300-foot foraging radius of an occupied burrow), contiguous with occupied burrow sites, be permanently preserved for each pair of breeding Burrowing Owls or single unpaired resident bird. The configuration of the protected site will be submitted to DFG for approval.</p>				
<b>TRANSPORTATION</b>				
<p><b>Mitigation Measure TR-4: Maintain Traffic Lanes and Limit Hours of Construction</b></p>	<p>During construction on all storage tank sites and all pipeline alignments on arterial streets</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>The City shall prohibit all contractors from conducting construction on arterial streets during peak traffic periods.</p>
<p>The City of Modesto’s selected contractor will not conduct construction on arterial streets during the peak traffic period, and where feasible, will maintain the existing number of traffic lanes through pipeline construction.</p> <p>For pipeline segments with construction V/C ratios over 1.5 and construction duration that would exceed two weeks, if the contractor is unable to maintain the existing number of traffic lanes through pipeline construction zones, construction activities will be limited to evening hours.<sup>1</sup> This practice applies to the following routes:</p>				

<sup>1</sup> Construction V/C ratios were calculated for the peak traffic period. For segments with construction V/C ratios between 1.0 and 1.5, the off-peak (midday) construction V/C was not calculated but is anticipated to be close to or below 1.0. For this reason, midday construction for these segments is not anticipated to result in LOS failure and would be allowed.

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<ul style="list-style-type: none"> <li><input type="checkbox"/> Carpenter Avenue, south of Maze Boulevard</li> <li><input type="checkbox"/> Yosemite Boulevard, near Codoni Avenue</li> <li><input type="checkbox"/> Briggsmore Avenue</li> </ul>				
<b>CUMULATIVE</b>				
<p><b>Mitigation Measure CUME1: Implement Enhanced Measures to Control PM10 Generation, as Recommended by SJVUAPCD, Regulation VIII (amended 2004)</b></p> <p>The City and MID will require construction contractors to implement the SJVUAPCD’s optional and enhanced PM10 control measures, listed below, or their functional equivalents.</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Limit traffic speeds on unpaved roads to 15 mph.</li> <li><input type="checkbox"/> On sites with a slope greater than 1%, install sandbags or other erosion control measures to prevent silt runoff to public roadways.</li> <li><input type="checkbox"/> Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site.</li> <li><input type="checkbox"/> Install wind and/or water breaks at windward side(s) of construction areas.</li> <li><input type="checkbox"/> Suspend excavation and grading activity when Regulation VIII’s 20% opacity limitation is exceeded.</li> <li><input type="checkbox"/> Ensure that the accumulation of mud or dirt is expeditiously removed from adjacent public streets throughout the duration of construction activities, where such accumulation is visible (the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions).</li> <li><input type="checkbox"/> Limit the area subject to excavation, grading, or other construction activity at any one time.</li> </ul> <p>These measures will be incorporated into project construction documents (plans and specifications) to ensure that they are contractually enforceable. For each phase of the project, the entity responsible for retaining construction contractors will be responsible for ensuring that these measures are correctly and effectively implemented; MID will be</p>	<p>Prior to and during construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall require all contractors to comply with SJVUAPCD Regulation VIII or their functional equivalents.</p>

Mitigation Measure	Timing	Implementing Party	Monitoring Party	Monitoring Actions
responsible during construction of MID facilities, and the City will be responsible during the construction of City facilities.				
<p><b>Mitigation Measure CUME2: Require Use of Measures to Reduce Emissions</b></p> <p>The City and MID will require construction contractors to implement the following measures to reduce emissions of combustion byproducts, or their functional equivalents.</p> <ul style="list-style-type: none"> <li>❑ Minimize idling time to 10-minute maximum.</li> <li>❑ Limit the hours of operation of heavy-duty equipment and/or the amount of equipment in use to the minimum practical.</li> <li>❑ Take steps to curtail construction activity during periods of high ambient pollution concentrations, such as reducing construction activity during the peak hours of vehicular traffic on adjacent roadways.</li> </ul>	During construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	During construction, MID and the City shall require all contractors to implement emissions-reducing measures.
<p>These measures will be incorporated into project construction documents (plans and specifications) to ensure that they are contractually enforceable. For each phase of the project, the entity responsible for retaining construction contractors will be responsible for ensuring that these measures are correctly and effectively implemented; MID will be responsible during construction of MID facilities, and the City will be responsible during the construction of City facilities.</p>				

Table 2. Mitigation Monitoring and Reporting Plan for MRWTP Phase Two Expansion, Environmental Commitments

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<b>GENERAL CONSTRUCTION MEASURES</b>				
GC-1 – Temporary road striping, signing, traffic lighting, and traffic control will be implemented for residential and business areas affected by construction.	During construction on all storage tank sites and all pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	During construction, the City shall require all contractors to implement traffic control measures.
GC-2 – Continuous access and parking provisions will be provided for residences and business areas.	During construction on all storage tank sites and all pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	During construction, the City shall require all contractors to provide access and parking for residences and businesses.
GC-3 – Existing landscaping that is removed or damaged during construction will be replaced. Areas without landscaping that are disturbed by construction will be allowed to return to a natural vegetated state. Standard erosion control practices will be implemented in compliance with current state regulations to ensure restoration is successful and to minimize soil loss.	After construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	Following construction, MID and the City shall require contractors to revegetate disturbed landscaping and implement erosion control practices.
GC-4 – Planned road improvements (e.g., raised medians, turn lanes, street alignments) will be coordinated to minimize disruptions associated with this project and other projects.	Prior to and during construction on all pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall coordinate pipeline construction with other planned roadway improvements.
GC-5 – Work area in residential areas will be restricted to the maximum length of open trench for a given segment at any given time (i.e., 200 to 500 feet).	During construction on all pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	During construction in residential areas, the City shall restrict the maximum length of open trench.
GC-6 – Dust suppression and cleanup provisions (e.g., street sweeping, sidewalk cleaning, and debris removal) will be implemented, as needed by the City of Modesto and MID.	During construction on all project facilities	MID <i>and</i> City of Modesto –	MID <i>and</i> City of Modesto –	During construction, MID and the City shall require all contractors to implement dust suppression and cleanup

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
GC-7 – Roadway surfaces damaged by construction activities, including hauling operations, will be restored to preexisting conditions.	After construction on all project facilities	Deputy Director, Capital Improvement Services <i>and</i> MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	Deputy Director, Capital Improvement Services <i>and</i> MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	provisions.  Following construction, MID and the City shall restore roadway surfaces to preexisting conditions.
GC-8 – A point of contact will be established to handle ongoing public outreach and address construction concerns. Affected residents will be notified prior to onset of construction in their area regarding contact information for this point of contact.	During construction on all pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall establish a point of contact to handle ongoing public outreach and address construction concerns.
GC-9 – Fact sheets and public updates to inform the community about progress of the project will be provided.	During construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID and the City shall distribute fact sheets and public updates about project construction.
GC-10 – Community facilities affected by construction will be restored to preexisting conditions.	After construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	Following construction, MID and the City shall restore community facilities to preexisting conditions.

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<b>PIPELINE INSTALLATION IN INTERSECTIONS</b>				
<p><b>PI-1</b> – For construction of pipelines in certain intersections, jack-and-bore construction techniques will be implemented when warranted. Jack and bore involves tunneling beneath the intersection such that the intersection itself is not adversely affected, as described previously.</p>	<p>During construction of pipelines at arterial roadway intersections</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction of pipelines, the City shall implement jack-and-bore construction techniques at arterial roadway intersections.</p>
<b>AIR QUALITY</b>				
<p><b>AQ-1</b> – The project will comply with San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) Regulation VIII to control the generation of construction-related fugitive dust (PM10) emissions during construction activities. SJVUAPCD Regulation VIII is summarized in Table 2-1, <i>San Joaquin Valley Unified Air Pollution Control District Regulation VIII Control Measures for Construction Emissions of PM-10</i> [of the Draft EIR].</p>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall require all contractors to comply with SJVUAPCD Regulation VIII.</p>
<p><b>AQ-2</b> – MID and/or the City, as applicable, will require all construction contractors employed during any phase of project construction to ensure that diesel and gasoline-powered equipment is correctly tuned and maintained according to manufacturer specifications and California air quality regulations. This requirement will be incorporated into project construction documents (plans and specifications) to ensure that it is contractually enforceable. The project applicant will similarly ensure that all vehicles and other equipment used for operation and maintenance activities once the project is on line are tuned and maintained per manufacturer specifications and current California regulations.</p>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall require all contractors to comply with SJVUAPCD Regulation VIII.</p>
<b>WATER QUALITY PROTECTION MEASURES</b>				
<p><b>WQ-1</b> – Because the proposed project is anticipated to result in the disturbance of more than 1 acre, coverage under the Central Valley Regional Water Quality Control Board’s (RWQCB’s) NPDES General Permit for Discharges of Storm Water Runoff Associated with Construction Activity (General Construction Permit) will be obtained. Obtaining coverage under the General Construction Permit requires that MID and the City obtain permit coverage and prepare a stormwater pollution prevention</p>	<p>Prior to and during construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement</p>	<p>MID and the City shall each prepare and implement a SWPPP for their respective portions of the project construction to control erosion, sedimentation, and other pollutants during project</p>

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>plan (SWPPP) for their respective portions of the project.</p> <p>The SWPPP is required to describe the best management practices (BMPs) that will be implemented to control accelerated erosion, sedimentation, and other pollutants during and after project construction. The specific BMPs that will be incorporated into the erosion and sediment control plan and SWPPP will be determined during the final design phase of the Phase Two project, and will be implemented by the construction contractor in accordance with the RWQCB Field Manual. As a performance standard, these measures selected will represent the Best Available Technology that is economically achievable, and will be selected to achieve maximum sediment removal and water quality protection.</p> <p>At a minimum, the SWPPP shall provide for the following measures during construction:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> regular and thorough street sweeping program;</li> <li><input type="checkbox"/> detailed Hazardous Materials Spill Prevention Control and Countermeasure Plan (see environmental commitment WQ-2); and</li> <li><input type="checkbox"/> pavement inspection and repair program.</li> </ul>		Services	Services	construction.
<p><b>WQ-2</b> – As part of its NPDES General Construction Permit, a Hazardous Material Spill Prevention Control and Countermeasure Plan will be prepared for the use of construction equipment for the proposed project, and will minimize the potential for, and effects from, spills of hazardous, toxic, or petroleum substances during construction of the project. This plan will describe storage procedures and construction site housekeeping practices and identify the parties responsible for monitoring and spill response. The measures and monitoring procedures required under the General Construction Permit will minimize the potential for release of hazardous materials to the environment. The City and/or MID, as applicable, will review and approve the Hazardous Materials Spill Prevention Control and Countermeasure Plan before allowing construction to begin. The project proponent will routinely inspect the action area to verify that the BMPs specified in the plan are properly implemented and maintained, and immediately notify the contractor if there is a noncompliance issue and shall require compliance.</p>	Prior to and during construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID and the City shall each prepare and implement a Hazardous Materials Spill Prevention Control and Countermeasure Plan for their respective portions of the construction project to minimize spills of hazardous, toxic, or petroleum substances during project construction.

Table 2. Mitigation Monitoring and Reporting Plan for MRWTP Phase Two Expansion, Environmental Commitments (Continued)

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p><b>WQ-3</b> – The federal reportable spill quantity for petroleum products, as defined in the U.S. Environmental Protection Agency’s (EPA’s) Code of Federal Regulations (CFR) (40 CFR 110) is any oil spill that (1) violates applicable water quality standards, (2) causes a film or sheen upon or discoloration of the water surface or adjoining shoreline, or (3) causes a sludge or emulsion to be deposited beneath the surface of the water or adjoining shorelines.</p> <p>If a spill is reportable, the contractor’s superintendent would immediately notify the City of Modesto and/or MID, Stanislaus County Department of Environmental Resources, and the California Department of Toxic Substances Control (DTSC), which have spill response and clean-up ordinances to govern emergency spill response. A written description of reportable releases must be submitted to the RWQCB. This submittal must include a description of the release, including the type of material and an estimate of the amount spilled, the date of the release, an explanation of why the spill occurred, and a description of the steps taken to prevent and control future releases. The releases would be documented on a spill report form.</p> <p>If a reportable spill has occurred and results determine that project activities have adversely affected groundwater quality in excess of water quality standards, a detailed analysis will be performed by a Registered Environmental Assessor to identify the likely cause of contamination. This analysis will conform to American Society for Testing and Materials (ASTM) standards, and will include recommendations for reducing or eliminating the source or mechanisms of contamination. Based on this analysis, the City, MID, and/or their contractors will select and implement measures to control contamination, with a performance standard that groundwater quality must be returned to baseline conditions. These measures will be subject to approval by the City and MID.</p>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>During construction, MID and the City shall require all contractors to notify the Stanislaus County Department of Environmental Resources and DTSC of reportable releases. If a reportable release has occurred, a detailed analysis shall be performed by a Registered Environmental Assessor and MID and the City shall select and implement measures to control contamination.</p>
<b>NOISE-REDUCING CONSTRUCTION PRACTICES</b>				
<p><b>NR-1</b> – The construction contractor will employ noise-reducing construction practices such that noise from construction does not exceed applicable City or County noise ordinance limits. Measures that may be used to limit noise may include but are not limited to:</p> <ul style="list-style-type: none"> <li>□ locating equipment as far as practical from noise-sensitive receptors, including residences and occupied hospital facilities;</li> </ul>	<p>During construction on all project facilities</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement</p>	<p>MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement</p>	<p>During construction, MID and the City shall require all contractors to employ noise-reducing construction practices.</p>

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<ul style="list-style-type: none"> <li>❑ using sound control devices (e.g., properly operating mufflers) on construction equipment and vehicles;</li> <li>❑ using noise-reducing enclosures around noise-generating equipment (i.e., engines), and shrouds or shields around impact tools; and</li> <li>❑ limiting the hours of construction activities to the hours indicated in subsection (b) of section 4-9.103 from the City’s Noise Ordinance (between 9:00 p.m. and 7:00 a.m., daily and 9:00 p.m. and 9:00 a.m. Saturdays, Sundays, and Federal and State holidays) when work is within 150 feet of residences.</li> </ul>		Services	Services	
<p>NR-2 – The construction contractor will prepare a detailed Noise Control Plan based on the construction methods proposed. This plan will identify specific measurements that will be taken to ensure compliance with the noise limits specified above. The noise control plan will be reviewed and approved by the City/MID before any noise-generating construction activity begins.</p>	Prior to construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	Prior to construction, MID and the City shall require all contractors to prepare a detailed Noise Control Plan.
<p>NR-3 – Prior to construction, the City will notify residences along the construction areas of the construction schedule in writing. The City will designate a noise disturbance coordinator, who will be responsible for responding to complaints regarding construction noise. The coordinator will determine the cause of the complaint and will ensure that reasonable measures are implemented to correct the problem. A contact telephone number for the noise disturbance coordinator will be conspicuously posted on construction site fences and will be included in the written notification of the construction schedule sent to nearby residents in the identified range. These duties may be delegated to the City’s contractor in the project specifications.</p>	Prior to construction on all storage tank sites and pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	Prior to construction, the City shall require all contractors to notify residences of the construction schedule and the designated point of contact for construction concerns.
<b>PALEONTOLOGICAL RESOURCES</b>				
<p>CR-1 – If paleontological resources are discovered during ground-disturbing activities, the construction contractor shall stop work in that area and within 100 feet of the find until a qualified paleontologist can assess the significance of the find and develop appropriate treatment measures. Treatment may include preparation and recovery of fossil materials so that they can be housed in an appropriate museum or university collection, and may also include preparation of a report for publication describing the</p>	During construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement	During construction, MID and the City shall stop work if paleontological resources are found. A qualified paleontologist shall be contacted to assess the significance of the find and

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
finds. The City or MID, as applicable, shall be responsible for ensuring that the recommendations of the paleontologist regarding treatment and reporting are implemented.		Services	Services	develop appropriate treatment measures.
<b>HAZARDOUS MATERIALS PHASE I SITE ASSESSMENT</b>				
<b>HM-1</b> – Prior to constructing project facilities, the City will engage in further investigation of available environmental records of hazardous materials sites to determine whether the project sites pose any risks. For storage tank sites and pipeline alignments, a Phase I site assessment will be conducted in accordance with ASTM standards, and any recommendations to reduce risks associated with hazardous materials contamination given in that assessment will be implemented to the satisfaction of the appropriate hazardous materials agencies before construction begins. If Phase I assessments indicate the potential for contamination within or adjacent to the tank site or pipeline alignment, Phase II studies will be completed before construction begins. Phase II studies will include soil and groundwater sampling and analysis for anticipated contaminating substances. If soil or groundwater contaminated by potentially hazardous materials is exposed or encountered during construction, the appropriate hazardous materials agencies will be notified. A work plan to characterize and possibly remove contaminants may be required by the appropriate hazardous materials agencies.	Prior to construction on all storage tank sites and pipeline alignments	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	Prior to construction of storage tanks and pipeline alignments, the City shall conduct Phase I site assessments for hazardous materials. If needed, Phase II studies and work plans to characterize and remove contaminants shall also be prepared.
<b>HM-2</b> – MID and the City currently have comprehensive emergency management plans for emergency response to a release or threatened release of any hazardous material used, transported, stored, or handled at the MRWTP or City wells. This plan will be updated to reflect the Phase Two project. In the event of an accidental release, emergency response plans would provide emergency responders with a protocol for containing and disposing of the unintentional release.	Prior to construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	Prior to construction, MID and the City shall update their comprehensive emergency management plans to reflect the Phase Two project.
<b>CONSTRUCTION SCREENING</b>				
<b>CS-1</b> – Construction staging areas for equipment, personal vehicle parking, and material storage shall be sited as far as possible from major roadways, and locations shall be approved by the City or MID as appropriate. The locations of the staging areas shall be reflected in the contract documents.	During construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director,	MID <i>and</i> City of Modesto – Deputy Director,	MID and the City shall require all contractors to site construction staging areas as far as possible from major

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
		Capital Improvement Services	Capital Improvement Services	roadways.
CS-2 – Opportunities for screening staging areas with existing topography and vegetation will be maximized. If chain-link security fencing is placed around such areas, slats or screening of an earth tone or other neutral color should be used unless obstruction of views into the area poses a security concern.	During construction on all project facilities	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID <i>and</i> City of Modesto – Deputy Director, Capital Improvement Services	MID and the City shall require all contractors to screen construction staging areas.
CS-3 – Construction work hours will be limited to reduce construction impacts on residences near the selected downstream facilities locations.	During construction on all project facilities	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall require all contractors to limit construction work hours in residential areas.
<b>SITE DESIGN</b>				
SD-1 – To reduce visibility from roads and sensitive land uses, the north and west storage tanks and aboveground pressure valve buildings will be placed well away from the site boundaries. These storage tanks and pressure valves will be designed to conform to the existing character of the surrounding land use through use of matching paint colors, fencing materials, and landscaping. The painting palette for each site will be selected to match the colors and tones of the surrounding neighborhood. Building materials used in the tanks and valves will be selected to match the character of surrounding land uses.	During site design for tank sites N-1, N-2, N-3, W-1, W-2, or W-3	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall reduce the visibility of storage tanks and pressure valve buildings through site design, landscaping, materials, and painting.
SD-2 – To reduce visibility of the structure’s height and bulk, partial burial of the north and west water storage tanks and/or control valves will be implemented where feasible. If located in aboveground structures, block wall screening and landscaping will be used.	During site design for tank sites N-1, N-2, N-3, W-1, W-2, or W-3	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall reduce the visibility of storage tanks through partial burial, where feasible, as well as screening and landscaping.
SD-3 – To minimize any effects from introduced light sources and reflected light, all structures and hardware surfaces (with the exception of the southeastern tank) will be finished with paint or other treatments to minimize daytime glare and reflectivity, including components such as grates, railings, piping, roofs, and other metal fixtures. All surfaces	During site design for all tank sites	City of Modesto – Deputy Director, Capital Improvement	City of Modesto – Deputy Director, Capital Improvement	The City shall reduce reflected light from storage tanks through non-glare surfacing and painting.

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
affected by the proposed project will be covered with non-glare surfacing.		Services	Services	
<b>SD-4</b> – To reduce the effects of night illumination, all lights (with the exception of those at the southeastern tank) will be shielded and directed away from sensitive uses and the sky. Lighting will be internally directed with low-level intensity, sufficient only to detect movement within facility grounds. The quantity of lights used shall be the minimum required for property security to minimize incidental light. The lights shall be focused only where needed (such as building entrances) and should not provide a general “wash” of light on building surfaces. Lights shall be cutoff-type fixtures that cast low-angle illumination to minimize incidental spillover of light onto adjacent properties and open space. All lights shall provide good color rendering and natural light qualities. Low-pressure sodium and high-pressure sodium fixtures that are not color-corrected shall not be used. The lighting design shall also meet minimum safety and security standards.	During site design for all tank sites	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall reduce night illumination from storage tanks through light shielding, low-angle positioning, and color treatment.
<b>SD-5</b> – To ensure compatibility with surrounding land uses, gates and fencing consistent with the neighborhood will be installed around the north and west tanks. Gates and fencing that are visible from public roadways should be similar to those existing in nearby rural residential neighborhoods. Appropriate fencing materials would include block wall construction with adequate landscaping around the perimeter of facility walls. Appropriate gate materials include wood or black wrought iron (or aluminum fashioned to mimic iron).	During site design for tank sites N-1, N-2, N-3, W-1, W-2, or W-3	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall reduce the visibility of the north and west tanks through gate and fencing materials compatible with surrounding land uses.
<b>SD-6</b> – A combination of earth berms, landscaping, and/or tree screening along the perimeter of the north and west tank sites will be provided. Trees can be used for screening purposes. (See <i>SD-7</i> regarding landscaping program)	During site design for tank sites N-1, N-2, N-3, W-1, W-2, or W-3	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall reduce the visibility of the north and west tanks through earth berms, landscaping, and/or tree screening.
<b>SD-7</b> – A landscaping program will be implemented for the north and west tank sites and aboveground pressure valve buildings. The landscaping program should be developed by a licensed landscape architect in cooperation with the project engineer. The primary goal of the program should be to guide location, selection, installation, and maintenance of landscaping along public roadways and around new facilities to screen views, minimize exposed surface area, and maintain consistency with the surrounding character. Species selection should reflect and respect the existing mature plantings associated with residences in the area and the remaining native vegetation. The program should mandate maintenance of	During site design for tank sites N-1, N-2, N-3, W-1, W-2, or W-3	City of Modesto – Deputy Director, Capital Improvement Services	City of Modesto – Deputy Director, Capital Improvement Services	The City shall contract with a licensed landscape architect to prepare a landscaping program for the north and west tank sites. The landscaping program shall screen views, minimize exposed surface area, and maintain consistency with surrounding land uses.

Environmental Commitment	Timing	Implementing Party	Monitoring Party	Monitoring Actions
<p>the landscaping for optimum survivorship, vigor, and appearance, including provisions for irrigation, pruning, mulching, and replacement planting. The owner of the facility will be responsible for maintenance of vegetation on the tank sites.</p> <p>The plant palette of the landscaping shall reflect species that are native and indigenous to the project area. The species used should include trees, shrubs, and an herbaceous understory of varying heights, as well as evergreen and deciduous types. Plant variety will increase the effectiveness of the screen by providing multiple layers, seasonality, more diverse habitat, and reduced susceptibility to disease. Large shrubs that may be used as part of the landscaping for their density and color are <i>Heteromeles arbutifolia</i> (toyon), <i>Fremontodendron</i> "Ken Taylor" (hybrid flannel bush), <i>Ceanothus</i> "Ray Hartman" (Treasure Island blueblossom), and <i>Cercis occidentalis</i> (western redbud). Potential tree species that may be used for their height and structure include <i>Platanus acerifolia</i> "Bloodgood" (London plane), <i>Sequoia sempervirens</i> 'Aptos Blue' (coast redwood), and <i>Quercus suber</i> (cork oak).</p>				
<b>TRAFFIC CONTROL PLAN</b>				
<p><b>TC-1</b> – The City will require that the contractor prepare and implement a Traffic Control Plan in order to mitigate the project’s construction-related traffic impacts. The Traffic Control Plan will ensure that adequate level of service is maintained, or in areas where level of service standards are not being met, that the project will not further degrade level of service. The Traffic Control Plan will also reduce potential safety hazards and other risks associated with construction activities. The contractor will develop and implement a Traffic Control Plan as part of the overall Construction Management Plan, in accordance with City and Caltrans policies. The Traffic Control Plan will be implemented throughout the course of project construction, and will include the following elements to reduce traffic congestion and improve traffic safety along all impacted roadways.</p> <ul style="list-style-type: none"> <li>□ Ensure internal coordination on the part of the City regarding construction hours of operation and lane closures. Develop a plan for communicating construction plans with transit providers, emergency service providers, residences, and businesses located in the project vicinity, and anyone else who may be affected by project construction.</li> <li>□ Follow all City guidelines for lane closures caused by construction</li> </ul>	<p>Prior to construction on all pipeline alignments</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>City of Modesto – Deputy Director, Capital Improvement Services</p>	<p>Prior to construction, the City shall require all contractors to prepare a Traffic Control Plan to mitigate construction-related impacts. The Traffic Control Plan shall include the elements list in Environmental Commitment TC-1.</p>

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-516**

**A RESOLUTION APPROVING THE AMENDED AND RESTATED TREATMENT AND DELIVERY AGREEMENT WITH MODESTO IRRIGATION DISTRICT RELATED TO THE PHASE TWO EXPANSION OF THE MODESTO REGIONAL WATER TREATMENT PLANT, AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT, AUTHORIZING STAFF TO PURSUE IMPLEMENTATION OF THE PHASE TWO EXPANSION OF THE MODESTO REGIONAL WATER TREATMENT PLANT UNDER THE TERMS OF THE AMENDED AND RESTATED TREATMENT AND DELIVERY AGREEMENT, AND APPROVING THE DOWNSTREAM CITY FACILITIES PROJECT AS ANALYZED BY THE FINAL SEIR, INCLUDING THE DESIGN AND CONSTRUCTION OF THE DOWNSTREAM CITY FACILITIES, WHICH INCLUDES STORAGE TANKS, PIPELINES, FLOW CONTROL VALVES, PUMPS, AND ASSOCIATED STRUCTURES, ACQUISITION OF RIGHTS OF WAY AS NECESSARY TO IMPLEMENT THE DOWNSTREAM CITY FACILITIES, AND ANY ACTIVITIES AS NECESSARY TO OBTAIN NECESSARY PERMITS OR AUTHORIZATIONS TO IMPLEMENT THE DOWNSTREAM CITY FACILITIES**

WHEREAS, the Council of the City of Modesto approved Resolution No. 92-183 on April 21, 1992, authorizing the original Treatment and Delivery Agreement (TDA) with the Modesto Irrigation District (MID) and the former Del Este Water Company, and

WHEREAS, the amended and restated Treatment and Delivery Agreement contemplates the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the MRWTP, and

WHEREAS, City and MID agree that the preliminary costs should be included in the project costs to be financed at a later date, and MID agrees to initially fund certain costs related to preliminary work for the project, and

WHEREAS, MID agrees to provide written notice to City that the time to commence project financing has arrived, and

WHEREAS, City agrees that MID should be reimbursed for certain costs related to preliminary work for the project, and under the terms of the aforementioned agreement, MID is required to obtain City authorization to proceed beyond each major project milestone of the amended and restated Treatment and Delivery Agreement, and

WHEREAS, the Acting Public Works Director recommends approving the amended and restated Treatment and Delivery Agreement with Modesto Irrigation District related to the Phase Two Expansion of the Modesto Regional Water Treatment Plant, and authorizing the City Manager, or designee, to execute the agreement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the amended and restated Treatment and Delivery Agreement for the Phase Two Expansion of the Modesto Regional Water Treatment Plant.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement on behalf of the City.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to pursue implementation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant under the terms of the amended and restated Treatment and Delivery Agreement.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it approves the Downstream City Facilities project as analyzed by the Final SEIR, including the design and construction of the Downstream City Facilities, which includes storage tanks, pipelines, flow control valves, pumps, and associated structures, acquisition of

rights of way as necessary to implement the Downstream City Facilities, and any activities as necessary to obtain necessary permits or authorizations to implement the Downstream City Facilities.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-517**

**A RESOLUTION APPROVING A CAPITAL FACILITIES FEES RIGHT OF  
WAY REIMBURSEMENT AGREEMENT FOR THE DEDICATION OF RIGHT  
OF WAY AT THE SOUTHWEST CORNER OF CLARATINA AVENUE AND  
COFFEE ROAD**

WHEREAS, Developer owned a certain tract of land at the southwest corner of Claratina Avenue and Coffee Road in the Coffee-Claratina Specific Plan area of the City of Modesto, commonly known as the Loretelli Manor Subdivision (“Project”); and

WHEREAS, Developer has developed said Project and, as a condition of approval of said development was required to dedicate certain right of way along Claratina Avenue and Coffee Road, a portion of which is set forth and described in Exhibit “A” attached hereto; and,

WHEREAS, on or about March 30, 2004, Developer made all dedications required by the conditions of approval for the Project; and,

WHEREAS, the required dedication included a total amount of right of way of 13,350 square feet of right which was in excess of the standard right of way dedication required under City’s Capital Facilities Fees (CFF) Right of Way Dedication Policy, and

WHEREAS, Developer has requested, and City has agreed, that the Developer be reimbursed for the Excess Dedication at the adopted CFF reimbursement rate of \$5.00 per square foot.

NOW, THEREFORE BE IT RESOLVED that the City Council hereby approves the following a Reimbursement Agreement with William and Veronica Loretelli in the amount of \$66,760 for 13,350 square feet of right of way located at the southwest corner of Coffee Road and Claratina Avenue

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-518**

**A RESOLUTION ESTABLISHING CITY OF MODESTO COMMUNITY  
FACILITIES NO. 2005-1 (HETCH HETCHY), AUTHORIZING THE LEVY OF  
SPECIAL TAXES THEREIN AND ESTABLISHING AN ANNUAL  
APPROPRIATIONS LIMIT**

WHEREAS, on September 6, 2005, pursuant to a petition filed by Shelter Cove Community Church, Inc. (the "Petitioner") this City Council adopted a resolution (the "Resolution of Intention") stating its intention to form City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act"); and

WHEREAS, a copy of the Resolution of Intention, setting forth a description of the proposed boundaries of the Community Facilities District, the facilities and services to be financed by the Community Facilities District and the rate and method of apportionment of special tax proposed to be levied within the Community Facilities District, is on file with the City Clerk and is incorporated herein by reference; and

WHEREAS, on September 6, 2005, the City Council also adopted a resolution stating its intention to incur bonded indebtedness in an amount not to exceed \$150,000,000 for the purpose of financing (i) the cost of purchasing, constructing, expanding, improving or rehabilitating the facilities listed on Appendix A to the Resolution of Intention, and all appurtenances and appurtenant work associated with the foregoing (collectively the "Facilities") and (ii) the incidental expenses to be incurred in connection with financing the Facilities, including costs associated with the creation of

the Community Facilities District and the issuance of bonds, the establishment and replenishment of bond reserve and special reserve funds (the “Incidental Expenses”); all as more fully described in said resolution; and

WHEREAS, notice was published and mailed as required by law relative to the intention of the City to form the Community Facilities District and to incur bonded indebtedness in an amount not to exceed \$150,000,000; and

WHEREAS, there has been filed with the City Clerk a report containing a description of the facilities and services necessary to meet the needs of the Community Facilities District and an estimate of the cost of such facilities as required by Section 53321.5 of the Government Code (the “Report”); and

WHEREAS, the City Council has held a public hearing as required by law to determine whether it should proceed with the formation of the Community Facilities District, issue bonds to pay for the Facilities and the Incidental Expenses and authorize the rate and method of apportionment of special taxes to be levied within the Community Facilities District for the purposes described in the aforesaid resolutions; and

WHEREAS, at said hearing all persons desiring to be heard on all matters pertaining to the formation of the Community Facilities District, the levy of special taxes and the issuance of bonds to pay for the cost of the proposed Facilities and Incidental Expenses were heard, and a full and fair hearing was held; and

WHEREAS, at the public hearing evidence was presented to the City Council on the matters before it, and the proposed special taxes to be levied within the Community

Facilities District was not precluded by a majority protest of the type described in Government Code Section 53324, and the City Council is sufficiently advised as to all matters relating to the formation of the Community Facilities District, the levy of the special taxes and the issuance of bonded indebtedness; and

WHEREAS, there have been fewer than twelve registered voters residing in the proposed boundaries of the Community Facilities District for the statutory period, and the qualified electors in the Community Facilities District are the landowners within the Community Facilities District; and

WHEREAS, on the basis of all of the foregoing, the City Council has determined at this time to proceed with the establishment of the Community Facilities District and to call an election therein to authorize (i) the levy of special taxes pursuant to the rate and method of apportionment of special tax, as set forth in Attachment A hereto, (ii) the issuance of bonds to pay for the Facilities and the Incidental Expenses, and (iii) the establishment of an appropriations limit for the Community Facilities District;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. A community facilities district designated “City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy)” is hereby established pursuant to the Act. The City Council hereby finds and determines that all prior proceedings taken with respect to the establishment of the Community Facilities District were valid and in

conformity with the requirements of law, including the Act. This finding is made in accordance with the provisions of Section 53325.1(b) of the Act.

SECTION 3. The boundaries of the Community Facilities District are established as shown on the map designated “Boundary Map of Proposed City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy),” which map is on file in the office of the City Clerk and, pursuant to Sections 3111 and 3113 of the Streets and Highways Code, was recorded in the Book of Maps of Assessment and Community Facilities Districts in the Office of the County Recorder of Stanislaus County in Book No. 4, at Page 28, as Instrument No. 05-0171573-00.

SECTION 4. The facilities authorized to be provided for the Community Facilities District are those identified as the “Facilities” in the recitals of this resolution and the services authorized to be paid for by the Community Facilities District are those set forth in Appendix A to the Resolution of Intention (the “Services”).

SECTION 5. It is the intention of the City Council, subject to the approval of the qualified electors of the Community Facilities District, to levy the proposed special taxes at the rates set forth in Attachment A hereto on all non-exempt property within the Community Facilities District sufficient to pay for (i) the Services, (ii) the Facilities, (iii) the principal and interest and other periodic costs on the bonds proposed to be issued to finance the Facilities, including the establishment and replenishment of reserve funds, any remarketing, credit enhancement and liquidity facility fees and other expenses of the type permitted by Section 53345.3 of the Act; and (iv) the other Incidental Expenses, including the costs of forming the Community Facilities District and administering the

levy and collection of the special tax and all other administrative costs of the special tax levy and bond issues. The City expects to incur, and in certain cases has already incurred, incidental expenses in connection with the creation of the Community Facilities District, the issuance of bonds, the levying and collecting of the special taxes, the provision of the Services, the completion and inspection of the Facilities and the annual administration of the bonds and the Community Facilities District. The rate and method of apportionment of special tax is described in detail on Attachment A hereto and incorporated herein by this reference, and the City Council hereby finds that Attachment A contains sufficient detail to allow each landowner within the Community Facilities District to estimate the maximum amount that may be levied against each parcel. As described in greater detail in the Report, which is incorporated by reference herein, the special taxes are based generally on area of each parcel of real property within the Community Facilities District (except to the extent that certain single family detached lots may be taxed at the same rate regardless of land area) and, accordingly, is hereby determined to be reasonable. The special tax shall be levied on each assessor's parcel for a period not to extend beyond fiscal year 2060-61. The special taxes are apportioned to each parcel on the foregoing basis pursuant to Section 53325.3 of the Act, and such special taxes are not on or based upon the ownership of real property. Under no circumstances shall the special taxes against any parcel used for private residential purposes be increased by more than 10% as a consequence of delinquency or default by the owner of any other parcel or parcels within the Communities Facilities District.

The City's Community Facilities District Administrative Officer, 1010 Tenth Street, Modesto, California 95353, telephone number (209) 577-5211, will be

responsible for preparing annually, or authorizing a designee to prepare, a current roll of special tax levy obligations by assessor's parcel number and will be responsible for estimating future special tax levies pursuant to Section 53340.2 of the Act.

SECTION 6. In the event that a portion of the property within the Community Facilities District shall become for any reason exempt, wholly or partially, from the levy of the special taxes specified in Attachment A, the City Council shall, on behalf of the Community Facilities District, increase the levy (to the extent necessary and permitted by law and these proceedings) upon the remaining property within the Community Facilities District which is not exempt in order to yield the required debt service payments on any outstanding bonds of the Community Facilities District or to prevent the Community Facilities District from defaulting on any of its other obligations or liabilities. The amount of the special taxes will be set in accordance with the rate and method of apportionment of special tax attached hereto as Attachment A.

SECTION 7. Upon recordation of a notice of special tax lien pursuant to Section 3114.5 of the Streets and Highways Code, a continuing lien to secure each levy of the special taxes shall attach to all non-exempt real property in the Community Facilities District, and this lien shall continue in force and effect until the special tax obligation is prepaid and permanently satisfied and the lien canceled in accordance with law or until collection of the special tax by the Community Facilities District ceases.

SECTION 8. It is hereby further determined that there will be no ad valorem property tax levied on property within the Community Facilities District for the exclusive purpose of paying the principal of or interest on bonds or other indebtedness incurred to

finance the construction of capital facilities which provide the same services to the territory of the Community Facilities District as are proposed to be provided by the Facilities to be financed by the Community Facilities District.

SECTION 9. The City may accept advances of funds or work-in-kind from any source, including, but not limited to, the Petitioner and other private persons or private entities, for any authorized purpose, including, but not limited to, paying any cost incurred by it in creating the Community Facilities District. The City may enter into an agreement with the person or entity advancing the funds or work-in-kind, to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work-in-kind, as determined by the City, with or without interest.

SECTION 10. Written protests against the establishment of the Community Facilities District have not been filed by one-half or more registered voters within the boundaries of the Community Facilities District or by the property owners of one-half (1/2) or more of the area of land within the Community Facilities District. The City Council hereby finds that the proposed special taxes have not been precluded by a majority protest pursuant to Section 53324 of the Act.

SECTION 11. The annual appropriations limit (as defined in Section 8(h) of Article XIII B of the California Constitution) of the Community Facilities District is hereby established at \$150,000,000.

SECTION 12. An election is hereby called for the Community Facilities District on the propositions of levying the special taxes on the property within the Community

Facilities District and establishing the appropriations limit for the Community Facilities District pursuant to Section 53325.7 of the Act and shall be consolidated with the election on the proposition of incurring bonded indebtedness, pursuant to Section 53351 of the Act. The language of the proposition to be placed on the ballot is attached hereto as Attachment B.

SECTION 13. The date of the election for the Community Facilities District on the proposition of incurring the bonded indebtedness, authorizing the levy of the special taxes and establishing the appropriations limit for the Community Facilities District shall be October 11, 2005. The City Clerk shall conduct the election. Except as otherwise provided by the Act, the election shall be conducted by personally delivered or mailed ballot and in accordance with the provisions of law regulating elections of the City insofar as such provisions are determined by the City Clerk to be applicable.

The City Council having found that there have been fewer than twelve persons registered to vote within the territory of the Community Facilities District for each of the ninety days preceding the close of the public hearing described above, pursuant to Section 53326 of the Government Code each landowner who is the owner of record on the date hereof or the authorized representative thereof shall have one vote for each acre or portion thereof that he or she owns within the Community Facilities District.

SECTION 14. The preparation of the Report is hereby ratified. The Report, as submitted, is hereby approved and is made a part of the record of the public hearing regarding the formation of the Community Facilities District, and is ordered to be kept on file with the transcript of these proceedings and open for public inspection.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

MICHAEL D. MILICH, City Attorney

**ATTACHMENT A**  
**CITY OF MODESTO**  
**COMMUNITY FACILITIES DISTRICT NO. 2005-1**  
**(HETCH HETCHY)**

**RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX**

Special Taxes applicable to each Assessor's Parcel in Community Facilities District No. 2005-1 (Hetch Hetchy) [herein "CFD No. 2005-1" or "the CFD"] shall be levied and collected according to the tax liability determined by the City Council of the City of Modesto, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 2005-1, unless exempted by law or by the provisions of Section G below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2005-1 unless a separate Rate and Method of Apportionment is adopted for the annexation area.

**A. DEFINITIONS**

The terms hereinafter set forth have the following meanings:

**"Acre" or "Acreage"** means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Map or other Development Plan.

**"Act"** means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, (commencing with Section 53311), Division 2 of Title 5 of the California Government Code.

**"Administrative Expenses"** means any or all of the following: the fees and expenses of any fiscal agent or trustee (including any fees or expenses of its counsel) employed in connection with any Bonds, and the expenses of the City carrying out its duties with respect to CFD No. 2005-1 and the Bonds, including, but not limited to, levying and collecting the Special Taxes, the fees and expenses of legal counsel, charges levied by the County Auditor's Office, Tax Collector's Office, and/or Treasurer's Office, costs related to annexing property into the CFD, costs related to property owner inquiries regarding the Special Taxes, costs associated with complying with any continuing disclosure requirements for the Bonds and the Special Taxes, and all other costs and expenses of the City in any way related to the establishment or administration of the CFD.

**"Administrator"** means the person or firm designated by the City to administer the Special Taxes according to this Rate and Method of Apportionment of Special Tax.

**"Annual Facilities Special Tax"** means a special tax levied in any Fiscal Year to pay the Annual Facilities Special Tax Requirement, as defined below.

**“Annual Facilities Special Tax Requirement”** means the amount necessary in any Fiscal Year to (i) pay principal and interest on Bonds, (ii) pay Administrative Expenses that have not been included in the Annual Maintenance Special Tax Requirement for the Fiscal Year, (iii) create or replenish reserve funds, (iv) cure any delinquencies in the payment of principal or interest on indebtedness of CFD No. 2005-1 which have occurred in the prior Fiscal Year or (based on delinquencies in the payment of the Annual Facilities Special Taxes which have already taken place) are expected to occur in the Fiscal Year in which the tax will be collected, and (v) construct or acquire Authorized Facilities. The amounts referred to in clauses (i) and (ii) of the preceding sentence may be reduced in any Fiscal Year by: (i) interest earnings on or surplus balances in funds and accounts for the Bonds to the extent that such earnings or balances are available to apply against debt service pursuant to a Bond indenture, Bond resolution, or other legal document that sets forth these terms; (ii) proceeds received by CFD No. 2005-1 from the collection of penalties associated with delinquent Annual Facilities Special Taxes; and (iii) any other revenues available to pay debt service on the Bonds as determined by the Administrator.

**“Annual Maintenance Special Tax”** means a special tax levied in any Fiscal Year to pay the Annual Maintenance Special Tax Requirement, as defined below.

**“Annual Maintenance Special Tax Requirement”** means that amount necessary in any Fiscal Year to (i) pay for Authorized Services, (ii) pay Administrative Expenses that have not been included in the Annual Facilities Special Tax Requirement for the Fiscal Year, (iii) cure any delinquencies in the payment of Annual Maintenance Special Taxes levied in prior Fiscal Years or (based on delinquencies in the payment of Annual Maintenance Special Taxes which have already taken place) are expected to occur in the current Fiscal Year, and (iv) pay debt service on Bonds to the extent permitted in the Bond documents.

**“Assessor’s Parcel” or “Parcel”** means a lot or parcel shown on an Assessor’s Parcel Map with an assigned Assessor’s Parcel number.

**“Assessor’s Parcel Map”** means an official map of the County Assessor designating parcels by Assessor’s Parcel number.

**“Association Property”** means any property within CFD No. 2005-1 that is owned by a homeowner association or property owner association, including any master or sub-association. Notwithstanding the foregoing, if a homeowner association owns the land area under the pad of a residential structure, the Administrator shall determine the Acreage under the pad of the building and such Acreage shall be categorized as Single Family Attached Property or Single Family Detached Property, as appropriate, and shall not be designated as Association Property.

**“Authorized Facilities”** means those facilities that are authorized to be funded by CFD No. 2005-1.

**“Authorized Services”** means those services that are authorized to be funded by CFD No. 2005-1.

**“Bonds”** means bonds or other debt (as defined in the Act), whether in one or more series, issued, insured or assumed by CFD No. 2005-1 related to Authorized Facilities.

**“Capitalized Interest”** means funds in any capitalized interest account available to pay debt service on Bonds.

**“CFD Formation”** means the date on which the Resolution of Formation to form CFD No. 2005-1 was adopted by the City Council.

**“City”** means the City of Modesto.

**“City Council”** means the City Council of the City of Modesto, acting as the legislative body of CFD No. 2005-1.

**“County”** means the County of Stanislaus.

**“Developed Property”** means, in any Fiscal Year, the following:

*For purposes of levying the Annual Maintenance Special Tax, “Developed Property” means:*

- for Single Family Detached Property, all Parcels for which a Final Map was recorded prior to June 30 of the preceding Fiscal Year,
- for Single Family Attached Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year, and
- for Other Property, all Parcels for which a building permit for new construction of a building structure was issued prior to June 30 of the preceding Fiscal Year. However, if a building permit is not required for the proposed use on a Parcel of Other Property, then such Parcel shall be considered Developed Property if a grading permit was issued prior to June 30 of the preceding Fiscal Year.

*For purposes of levying the Annual Facilities Special Tax, “Developed Property” means:*

- for Single Family Detached Property, all Parcels for which a building permit for new construction of a Unit was issued prior to June 30 of the preceding Fiscal Year,

- for Single Family Attached Property, all Parcels for which a building permit for new construction of a residential structure was issued prior to June 30 of the preceding Fiscal Year, and
- for Other Property, all Parcels for which a building permit for new construction of a building structure was issued prior to June 30 of the preceding Fiscal Year. However, if a building permit is not required for the proposed use on a Parcel of Other Property, then such Parcel shall be considered Developed Property if a grading permit was issued prior to June 30 of the preceding Fiscal Year.

**“Development Plan”** means a condominium plan, apartment plan, site plan or other development plan that identifies such information as the type of structure, the acreage, the square footage, and/or the number of Units that will be developed on Single Family Attached Property or Other Property.

**“Final Map”** means a final map, parcel map, or portion thereof, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 et seq.) that creates lots which do not need to be further subdivided prior to issuance of a building permit for a residential or non-residential structure.

**“Fiscal Year”** means the period starting July 1 and ending on the following June 30.

**“Improvement Area”** means a geographic area that, upon annexation into CFD No. 2005-1, is identified as an improvement area as defined in the Act instead of a Tax Zone, as defined below. Special Taxes collected within an Improvement Area will be the sole security for Bonds issued for that Improvement Area.

**“Maximum Annual Facilities Special Tax”** means the greatest amount of Annual Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum Annual Maintenance Special Tax”** means the greatest amount of Annual Maintenance Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum One-Time Facilities Special Tax”** means the greatest amount of One-Time Facilities Special Tax that can be levied on an Assessor’s Parcel in any Fiscal Year determined in accordance with Sections C and D below.

**“Maximum Special Taxes”** means, collectively, the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax.

**“One-Time Facilities Special Tax”** means a Special Tax, levied and collected in full by the City prior to a structural building permit being issued for new construction on

Taxable Property or, for Other Property for which a building permit is not required, prior to a grading permit being issued.

**“One-Time Facilities Special Tax Requirement”** means the amount determined by the City and identified in Attachment 2 of this Rate and Method of Apportionment that is needed to pay facility costs authorized to be funded by CFD No. 2005-1, which will not be paid by the Bonds or Annual Facilities Special Tax.

**“Original Parcel”** means (i) an Assessor’s Parcel in CFD No. 2005-1 at the time of CFD Formation or added to the CFD upon annexation, as identified in Attachment 2 (which shall be updated after each annexation), (ii) a Successor Parcel that is being further subdivided for purposes of determining the Maximum Special Taxes pursuant to Section C below, or (iii) more than one Assessor’s Parcel proposed to be annexed into the CFD as part of a single annexation, the Maximum Special Taxes assigned to which will be aggregated and redistributed to land uses within such Assessor’s Parcels if such aggregation is requested by the developer processing the annexation and/or preferred at the sole discretion of the City.

**“Other Property”** means all Taxable Property that is Developed Property but is not Single Family Attached Property or Single Family Detached Property.

**“Proportionately”** means, for Developed Property, that the ratio of the actual Annual Facilities Special Tax and Annual Maintenance Special Tax levied in any Fiscal Year to the Maximum Annual Facilities Special Tax and Maximum Annual Maintenance Special Tax authorized to be levied in that Fiscal Year is equal for all Assessor’s Parcels of Developed Property, respectively. In addition, for Undeveloped Property, “Proportionately” means that the ratio of the actual Annual Facilities Special Tax and actual Annual Maintenance Facilities Special Tax to the Maximum Annual Facilities Special Tax and Maximum Annual Maintenance Special Tax is equal for all Assessor’s Parcels of Undeveloped Property, respectively.

**“Public Property”** means any property within the boundaries of CFD No. 2005-1 that is owned by the federal government, State of California, County, City, or other public agency.

**“Shelter Cove Community Church Property”** means that Parcel identified in Fiscal Year 2004-05 by Assessor’s Parcel number 082-005-003, owned by Shelter Cove Community Church, a California non-profit corporation, and designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Shelter Cove Community Church Property.

**“Single Family Attached Property”** means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued for construction of a residential structure consisting of two or more Units that share common walls, including such residential structures that meet the statutory definition of a condominium contained in Civil Code Section 1351.

**“Single Family Detached Lot”** means an individual numbered lot, which is in its final configuration and for which a building permit may be issued for a single family detached Unit.

**“Single Family Detached Property”** means, in any Fiscal Year, all Parcels of Developed Property for which a building permit was issued or will be issued for construction of a Unit that does not share a common wall with another Unit.

**“Special Taxes”** means, collectively, the One-Time Facilities Special Tax, the Annual Facilities Special Tax, and the Annual Maintenance Special Tax.

**“Subdivision Map”** means a Final Map, large lot subdivision map, or other map recorded with the County that results in the subdivision of an Original Parcel into two or more Successor Parcels.

**“Successor Parcel”** means an Assessor’s Parcel of Taxable Property created by the subdivision or reconfiguration of an Original Parcel on which construction of a residential or non-residential structure is permitted.

**“Taxable Property”** means all of the Assessor’s Parcels within the boundaries of CFD No. 2005-1 which are not exempt from the Special Tax pursuant to law or Section G below.

**“Taxable Public Property”** means, in any Fiscal Year, all Parcels of Public Property within CFD No. 2005-1 that, (i) based on a tentative map or other Development Plan, were expected to be Taxable Property and, (ii) based on this expectation, Maximum Special Taxes were assigned to the Parcels in a prior Fiscal Year. However, if Parcels designated as Public Property based on a tentative map or other Development Plan are relocated, the new Public Property will again become exempt. If such relocation occurs, the Acreage previously designated as Public Property will become Taxable Property and the Acreage that becomes Public Property will not be taxed. This trading of Acres of Public Property will be permitted to the extent that there is no net loss in Maximum Special Tax revenues. When such a trade occurs, the Administrator will recalculate the Maximum Special Taxes and revise Attachment 2.

**“Tax Zone”** means a mutually exclusive geographic area, within which particular Special Tax rates may be levied pursuant to this Rate and Method of Apportionment of Special Tax. Attachment 1 identifies the Tax Zone in CFD No. 2005-1 at CFD Formation; additional Tax Zones may be created when property is annexed into the CFD. Alternatively, additional Original Parcels may be added to a Tax Zone with assigned Maximum Special Taxes for each Original Parcel.

**“Tax Zone #1”** means the geographic area that was identified in Fiscal Year 2004-05 by Assessor’s Parcel number 082-005-003 and is designated in Attachment 1 of this Rate and Method of Apportionment of Special Tax as Tax Zone #1. Tax Zone #1 may be

expanded to include additional Original Parcels that annex to CFD No. 2005-1; Attachments 1 and 2 will be updated each time such an annexation takes place.

**“Undeveloped Property”** means, in any Fiscal Year, all Parcels of Taxable Property within CFD No. 2005-1 that are not Developed Property.

**“Unit”** means (i) for Single Family Detached Property, an individual single-family detached unit, and (ii) for Single Family Attached Property, an individual residential unit within a duplex, triplex, fourplex, townhome, or condominium structure.

## **B. DATA FOR ANNUAL ADMINISTRATION**

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property. The Administrator shall also determine: (i) the Tax Zone within which each Parcel of Taxable Property is located, (ii) whether each Assessor’s Parcel of Taxable Property is Developed Property or Undeveloped Property, (iii) for Developed Property, which Parcels are Single Family Detached Property, Single Family Attached Property, and Other Property, (iv) for Parcels of Single Family Attached Property, the number of Units on each Parcel, (v) for Other Property, the Acreage of each Parcel, and (vi) the One-Time Facilities Special Tax Requirement, the Annual Facilities Special Tax Requirement, and the Maintenance Special Tax Requirement.

For Single Family Attached Property, the number of Units shall be determined by referencing the relevant Development Plan. In any Fiscal Year, if it is determined that (i) a Final Map for a portion of property in CFD No. 2005-1 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the Final Map was recorded, the Assessor does not yet recognize the new Parcels created by the Final Map, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the Final Map by determining the Special Tax that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Original Parcel or Successor Parcel that was subdivided by recordation of the Final Map.

## **C. CALCULATING MAXIMUM SPECIAL TAXES**

The Administrator shall use the procedures set forth below to calculate the Maximum Special Taxes for each Parcel in CFD No. 2005-1 in each Fiscal Year, including the Maximum One-Time Facilities Special Tax, Maximum Annual Facilities Special Tax, and Maximum Annual Maintenance Special Tax. A separate method of calculating the Maximum Special Taxes may be identified for Tax Zones or Improvement Areas added to CFD No. 2005-1 as a result of future annexations.

1. **Original Parcels**

The Maximum Special Taxes for each Original Parcel in CFD No. 2005-1 as of CFD Formation are identified in Attachment 2. Attachment 2 will be updated by the Administrator as needed to reflect Original Parcels added to the CFD due to annexations.

2. **Successor Parcels**

*a. All Successor Parcels are Single Family Detached Lots*

If the Parcels created by a recorded Subdivision Map are all Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels created by the subdivision:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Divide the Maximum Special Taxes from Step 1 by the number of Single Family Detached Lots created by the Subdivision Map to determine the Maximum Special Taxes for each Single Family Detached Lot.

*b. No Successor Parcels are Single Family Detached Lots*

If none of the Successor Parcels created by recordation of a Subdivision Map are Single Family Detached Lots, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Determine the total Acreage of Taxable Property created by subdivision of the Original Parcel;

**Step 3:** Divide the Maximum Special Taxes from Step 1 by the Acreage from Step 2 to calculate Maximum Special Taxes per acre;

**Step 4:** Multiply the per-acre Maximum Special Taxes from Step 3 by the Acreage in each Successor Parcel to calculate the Maximum Special Taxes for each Successor Parcel.

*c. Some, But Not All, Successor Parcels are Single Family Detached Lots*

If a Subdivision Map divides an Original Parcel into Successor Parcels, of which some are Single Family Detached Lots and some are not, the Administrator shall apply the following steps to allocate the Maximum Special Taxes assigned to the Original Parcel to each of the Successor Parcels:

**Step 1:** Identify the Maximum Special Taxes assigned to the Original Parcel;

**Step 2:** Determine the total Acreage of Taxable Property created by subdivision of the Original Parcel;

**Step 3:** Determine the total Acreage of Single Family Detached Property created by the subdivision by taking the sum of the Acreage in the individual Single Family Detached Lots;

**Step 4:** Divide the Maximum Special Taxes from Step 1 by the Acreage calculated in Step 2 to calculate Maximum Special Taxes per acre;

**Step 5:** Multiply the per-acre Maximum Special Taxes calculated in Step 4 by the Acreage of Single Family Detached Property calculated in Step 3 to determine the total Maximum Special Taxes to be assigned to the Single Family Detached Property created by the subdivision;

**Step 6:** Divide the amount calculated in Step 5 by the number of Single Family Detached Lots created by the subdivision to determine the Maximum Special Taxes for each Single Family Detached Lot;

**Step 7:** Multiply the per-acre Maximum Special Taxes calculated in Step 4 by the Acreage of each Successor Parcel that is not Single Family Detached Property to calculate the Maximum Special Taxes for such Parcels.

*If, after subdivision of an Original Parcel, a Successor Parcel is further subdivided, the Successor Parcel shall be treated as an Original Parcel for purposes of allocating Maximum Special Taxes pursuant to Section C.2a, C.2b, or C.2c, as appropriate.*

**After each reallocation of the Maximum Special Taxes upon subdivision or reconfiguration of Original Parcels, the sum of the Maximum Special Taxes assigned to Successor Parcels shall never be less, but may be more, than the Maximum Special Taxes assigned to the Original Parcels prior to such reallocation.**

**D. ESCALATION OF MAXIMUM SPECIAL TAXES**

**1. One-Time Facilities Special Tax**

Beginning in January 2007 and each January thereafter, the Maximum One-Time Facilities Special Tax assigned to each Parcel shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum One-Time Facilities Special Tax shall become effective on the subsequent July 1.

**2. Annual Facilities Special Tax**

Beginning with Fiscal Year 2007-08, and each Fiscal Year thereafter, the Maximum Annual Facilities Special Tax assigned to each Parcel shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

**3. Annual Maintenance Special Tax**

Beginning in January 2007 and each January thereafter, the Maximum Annual Maintenance Special Tax shall be adjusted annually by the greater of (i) the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) four percent (4.0%). Each annual adjustment of the Maximum Annual Maintenance Special Tax shall become effective on the subsequent July 1.

**E. METHOD OF LEVY OF THE SPECIAL TAX**

**1. One-Time Facilities Special Tax**

The Maximum One-Time Facilities Special Tax determined pursuant to Sections C and D above shall be levied on all Taxable Property in CFD No. 2005-1 and shall be collected as set forth in Section F below.

**2. Annual Facilities Special Tax**

Commencing with Fiscal Year 2006-07 and for each following Fiscal Year, the Administrator shall determine the Annual Facilities Special Tax Requirement for that Fiscal Year. The Annual Facilities Special Tax shall then be levied on all Parcels of Taxable Property in CFD No. 2005-1 as follows:

*Step 1:* The Annual Facilities Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Facilities Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special

Tax Requirement prior to applying any Capitalized Interest that is available in the CFD accounts;

*Step 2:* If additional revenue is needed after Step 1, and after applying Capitalized Interest to the Annual Facilities Special Tax Requirement, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Facilities Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

*Step 3:* If additional revenue is needed after applying the first two steps, the Annual Facilities Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Facilities Special Tax assigned to each Parcel of Taxable Public Property.

### **3. Annual Maintenance Special Tax**

Commencing with Fiscal Year 2006-07 and for each following Fiscal Year, the Administrator shall determine the Annual Maintenance Special Tax Requirement for that Fiscal Year. The Annual Maintenance Special Tax shall then be levied on all Parcels of Taxable Property as follows:

*Step 1:* The Annual Maintenance Special Tax shall be levied Proportionately on each Parcel of Developed Property within the CFD up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel for such Fiscal Year;

*Step 2:* If additional revenue is needed after Step 1, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property within the CFD, up to 100% of the Maximum Annual Maintenance Special Tax for each Parcel of Undeveloped Property for such Fiscal Year;

*Step 3:* If additional revenue is needed after applying the first two steps, the Annual Maintenance Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Annual Maintenance Special Tax assigned to each Parcel of Taxable Public Property.

### **F. COLLECTION OF SPECIAL TAX**

The Maximum One-Time Facilities Special Tax shall be collected prior to a building permit being issued for new construction of any residential or non-residential structure on Taxable Property within CFD No. 2005-1 (or, for Other Property for which a building permit is not required, prior to a grading permit being issued), and shall be immediately

delinquent if not so paid. In the case of Shelter Cove Community Church Property, the One-Time Facilities Special Tax shall be paid at the time additional property is annexed into the CFD or when a building permit is issued for new construction of a structure on Shelter Cove Community Church Property, whichever occurs later.

The Annual Facilities Special Tax and Annual Maintenance Special Tax for CFD No. 2005-1 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the City may directly bill, collect at a different time or in a different manner, and/or collect delinquent Annual Facilities Special Taxes and Annual Maintenance Special Taxes through foreclosure or other available methods.

The Annual Facilities Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, costs of constructing or acquiring authorized facilities from Annual Facilities Special Tax proceeds have been paid, and all administrative expenses have been reimbursed. However, in no event shall an Annual Facilities Special Tax be levied after Fiscal Year 2060-2061. The Annual Maintenance Special Tax will continue to be levied and collected unless and until the City determines that the Annual Maintenance Special Tax no longer needs to be levied to pay Authorized Services of the CFD and all Administrative Expenses have been reimbursed. Under no circumstances may the Annual Facilities Special Tax on one Parcel in the CFD be increased by more than ten percent (10%) as a consequence of delinquency or default in payment of the Annual Facilities Special Tax levied on another Parcel or Parcels in the CFD.

#### **G. EXEMPTIONS**

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Taxes shall be levied on Association Property or Public Property, except Taxable Public Property, as defined herein. Special Taxes shall not be levied on Parcels that are owned by a public utility for an unmanned facility or on Parcels that are subject to an easement that precludes any other use on the Parcels. In addition, no Special Tax may be levied on Shelter Cove Community Church Property unless and until additional property is annexed into the CFD.

#### **H. PREPAYMENT OF SPECIAL TAX**

The following definitions apply to this Section H:

**“Outstanding Bonds”** means all Previously Issued Bonds which remain outstanding, with the following exception: if an Annual Facilities Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of the Annual Facilities Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be

used as the amount of Outstanding Bonds for purposes of this prepayment formula.

**“Previously Issued Bonds”** means all Bonds that have been issued on behalf of the CFD prior to the date of prepayment.

**“Public Facilities Requirements”** means either \$1,740,000 in 2005 dollars, which shall increase on January 1, 2006, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such lower number as shall be determined by the City as sufficient to fund Authorized Facilities. The Public Facilities Requirements shown above may be adjusted or a separate Public Facilities Requirements identified each time property annexes into CFD No. 2005-1; at no time shall the added Public Facilities Requirement for that annexation area exceed the amount of public improvement costs that are expected to be supportable by the Maximum Annual Facilities Special Tax revenues generated within that annexation area.

**“Remaining Facilities Costs”** means the Public Facilities Requirements (as defined above), minus costs of Authorized Facilities funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

The Annual Facilities Special Tax obligation applicable to an Assessor’s Parcel in the CFD may be prepaid and the obligation of the Assessor’s Parcel to pay the Annual Facilities Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Annual Facilities Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. The Annual Maintenance Special Tax may not be prepaid. An owner of an Assessor’s Parcel intending to prepay the Annual Facilities Special Tax obligation shall provide the City with written notice of intent to prepay. Within 30 days of receipt of such written notice, the City or its designee shall notify such owner of the prepayment amount for such Assessor’s Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Annual Facilities Special Taxes. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Annual Facilities Special Tax that could be collected from the Assessor's Parcel prepaying the Annual Facilities Special Tax in the Fiscal Year in which prepayment would be received by the City.
- Step 2.** Divide the Maximum Annual Facilities Special Tax from Step 1 by the total amount that could be collected if the Maximum Annual Facilities Special Tax was levied on all Parcels of Taxable Property in the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "*Bond Redemption Amount*").
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (the "*Remaining Facilities Amount*").
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds, which, depending on the Bond offering document, may be as early as the next interest payment date.
- Step 8:** Compute the amount of interest the City reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9:** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the "*Defeasance Requirement*").
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").

**Step 11.** If and to the extent so provided in the indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the *“Reserve Fund Credit”*).

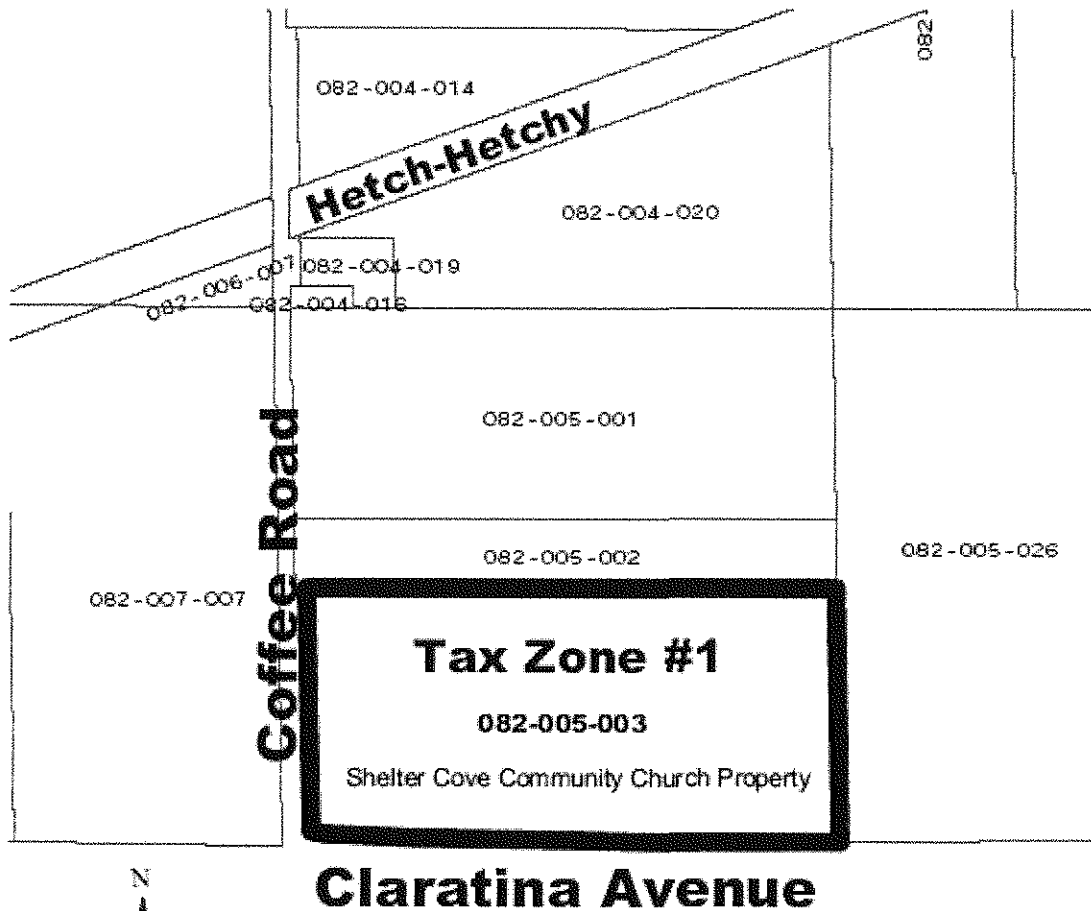

**Step 12.** The Annual Facilities Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the *“Prepayment Amount”*).

**I. INTERPRETATION OF SPECIAL TAX FORMULA**

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning the Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City’s discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

COMMUNITY FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY)**

**SPECIAL ELECTION**

MEASURE SUBMITTED TO VOTE OF VOTERS: Shall City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") incur an indebtedness and issue bonds in the maximum aggregate principal amount of \$150,000,000, with interest at a rate or rates not to exceed the maximum interest rate permitted by law, the proceeds of which will be used to finance the costs of planning, designing, constructing, acquiring, modifying, expanding, improving, furnishing, equipping or rehabilitating certain real and other tangible property with an estimated useful life of five years or longer, consisting of certain water system, wastewater system, storm drain system, transportation system and park improvements and appurtenances and appurtenant work and to finance the incidental expenses associated therewith, all as further provided in the resolution of the Council of the City of Modesto establishing the Community Facilities District (the "Resolution of Formation"), and shall special taxes with a rate and method of apportionment as provided in the Resolution of Formation be authorized to be levied, and shall the annual appropriations limit of Community Facilities District No. 2005-1 (Hetch Hetchy) be established in the amount of \$150,000,000?

YES \_\_\_\_\_

NO \_\_\_\_\_

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-519**

**A RESOLUTION DETERMINING IT NECESSARY TO INCUR BONDED  
INDEBTEDNESS WITHIN THE CITY OF MODESTO COMMUNITY  
FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY)**

WHEREAS, on September 6, 2005, pursuant to a petition filed by Shelter Cove Community Church, Inc., this City Council adopted a resolution stating its intention to form the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act"); and

WHEREAS, a copy of said resolution, setting forth a description of the proposed boundaries of the Community Facilities District, the facilities and services to be financed by the Community Facilities District and the rate and method of apportionment of special tax proposed to be levied within the Community Facilities District, is on file with the City Clerk and is incorporated herein by reference; and

WHEREAS, on September 6, 2005, the City Council also adopted a resolution stating its intention to incur bonded indebtedness in an amount not to exceed \$150,000,000 for the purpose of financing (i) the cost of purchasing, constructing, expanding, improving or rehabilitating certain storm drain system, water system, sewer system improvements, transportation system and park improvements and all appurtenances and appurtenant work in connection with the foregoing (collectively, the "Facilities") and (ii) the incidental expenses incurred and to be incurred in connection with financing the Facilities, including costs associated with the creation of the

Community Facilities District and the issuance of bonds and the establishment and replenishment of bond reserve and special reserve funds (the "Incidental Expenses"), all as more fully described in said resolution; and

WHEREAS, notice was published and mailed as required by law relative to the intention of the City Council to form the Community Facilities District and to incur bonded indebtedness in an amount not to exceed \$150,000,000 within the boundaries of the Community Facilities District; and

WHEREAS, the City Council has held a public hearing as required by law to determine whether it should proceed with the formation of the Community Facilities District, issue bonds to pay for the Facilities and the Incidental Expenses and authorize the rate and method of apportionment of special tax to be levied within the Community Facilities District for the purposes described in the aforesaid resolutions; and

WHEREAS, at said hearing all persons desiring to be heard on all matters pertaining to the formation of the Community Facilities District, the levy of special taxes and the issuance of bonds to pay for the cost of the proposed Facilities and Incidental Expenses were heard, and a full and fair hearing was held; and

WHEREAS, the City Council desires to make the necessary findings to incur bonded indebtedness within the Community Facilities District, to declare the purpose for such indebtedness, and to authorize the submittal of a combined ballot proposition to the qualified electors of the Community Facilities District, being the land owners within the Community Facilities District, all as authorized and required by law;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy), hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. In order to finance the Facilities and Incidental Expenses, it is necessary to incur bonded indebtedness in a maximum aggregate principal amount not to exceed \$150,000,000 within the Community Facilities District.

SECTION 3. The aforesaid bonded indebtedness is to be incurred for the purpose of financing the costs of purchasing, constructing, expanding, improving or rehabilitating the Facilities and financing the Incidental Expenses.

SECTION 4. All of the property within the Community Facilities District, as established pursuant to the Resolution of Formation, with the exception of property exempted from the special tax pursuant to the provisions of the rate and method of apportionment of special tax attached to the Resolution of Formation, shall pay for the bonded indebtedness pursuant to the levy of the special tax authorized by the Resolution of Formation.

SECTION 5. The maximum term of the bonds to be issued shall in no event exceed 40 years; and the bonds shall bear interest at rates (not in excess of the maximum rate permitted by law) determined at the time of sale thereof.

SECTION 6. An election is hereby called for the Community Facilities District on the proposition of incurring bonded indebtedness pursuant to Section 53351 of the Act

and shall be consolidated with the election on the propositions of levying the special taxes on the property within the Community Facilities District and establishing an appropriations limit for the Community Facilities District pursuant to Section 53325.7 of the Act. The language of the proposition to be placed on the ballot is attached hereto as Attachment A.

SECTION 7. The date of the election for the Community Facilities District on the proposition of incurring the bonded indebtedness, authorizing the levy of the special taxes and establishing the appropriations limit for the Community Facilities District shall be October 11, 2005. The City Clerk shall conduct the election. Except as otherwise provided by the Act, the election shall be conducted by personally delivered or mailed ballots and in accordance with the provisions of law regulating elections of the City insofar as such provisions are determined by the City Clerk to be applicable.

It is hereby found that there have been fewer than twelve persons registered to vote within the territory of the Community Facilities District for each of the ninety days preceding the close of the public hearing described above; and, pursuant to Section 53326 of the Government Code, each landowner who is the owner of record on the date hereof or the authorized representative thereof shall have one vote for each acre or portion thereof that he or she owns within the Community Facilities District.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-520**

**A RESOLUTION CALLING A SPECIAL ELECTION FOR THE CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2005-1 (HETCH HETCHY)**

WHEREAS, on this date, this City Council adopted a resolution entitled “A Resolution Establishing City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy), Authorizing the Levy of Special Taxes Therein and Establishing an Annual Appropriations Limit” (the “Resolution of Formation”), which established the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the “Community Facilities District”), authorized the levy of special taxes therein, and established an annual appropriations limit; and

WHEREAS, on this date, the City Council, acting as the legislative body of the Community Facilities District, also adopted a resolution entitled “A Resolution Determining it Necessary to Incur Bonded Indebtedness Within the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy),” which declared the necessity to incur bonded indebtedness in the maximum amount of \$150,000,000; and

WHEREAS, pursuant to the provisions of said resolutions, propositions to authorize the levy of special taxes within the Community Facilities District, to establish an appropriations limit of the Community Facilities District and to authorize the incurring of bonded indebtedness are to be submitted to the qualified electors of the Community Facilities District as required by the Mello-Roos Community Facilities Act of 1982, as amended (the “Act”);

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy), hereby finds and determines as follows:

SECTION 1. Pursuant to the Act the propositions to authorize the levy of special taxes within the Community Facilities District, establish an appropriations limit of the Community Facilities District and authorize the incurring of a bonded indebtedness shall be combined into one ballot proposition and submitted to the qualified electors of the Community Facilities District as provided herein.

SECTION 2. The City Council has heretofore found that fewer than twelve persons have been registered to vote within the territory of the Community Facilities District for the ninety days preceding the close of the public hearing heretofore held by the City Council for the purposes of these proceedings. Accordingly, the vote shall be by the land owners of the Community Facilities District, and each owner of record at the close of such public hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre that he or she owns within the Community Facilities District.

SECTION 3. The date of the election shall be October 11, 2005, and the City Clerk shall conduct the election. The election shall be conducted by personally delivered or mailed ballots and in accordance with the provisions of law regulating elections of the City insofar as such provisions are determined by the City Clerk to be applicable. The voted ballots shall be returned to the City Clerk not later than 9:00 p.m. on October 11, 2005; provided that if all of the qualified electors have voted prior to such time, the election may be closed by the City Clerk.

SECTION 4. The form of the ballot for the election is attached hereto as Exhibit A and by this reference incorporated herein. The City Clerk shall cause to be delivered to each of the qualified electors of the Community Facilities District a ballot in said form. Each ballot shall indicate the number of votes to be voted by the respective elector based upon the number of acres of land owned by such elector as set forth above. The identification envelope for return of

the ballot shall be enclosed with the ballot, shall have the postage prepaid and shall contain (a) the name and address of the landowner, (b) a declaration, under penalty of perjury, stating that the elector is the owner of record, or the authorized representative thereof, and is the person whose name appears on the identification envelope, (c) the printed name, signature and address of the elector, (d) the date of signing and place of execution of the declaration described above and (e) a notice that the envelope contains an official ballot and is to be opened only by the canvassing board. Analysis and arguments with respect to the ballot proposition are hereby waived.

SECTION 5. The City Clerk shall accept the ballots of the qualified electors in the office of the City Clerk to and including 9:00 p.m. on October 11, 2005 whether said ballots shall be personally delivered or received by mail.

SECTION 6. There is on file with the City Clerk a written instrument executed by the sole qualified elector of the Community Facilities District requesting a shortening of the time for the special election in order to expedite the process of formation of the Community Facilities District and waiving any requirement for analysis and arguments in connection therewith.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**SPECIAL ELECTION**

This ballot is for a special, landowner election. You must return this ballot in the enclosed envelope to the office of the City Clerk of the City of Modesto no later than 9:00 p.m. on October 11, 2005, either by mail or in person. The City Clerk's offices are located at 1010 Tenth Street, Modesto, California 95353.

**INSTRUCTIONS TO VOTERS:**

To vote on the measure, make a "+," "x" or other distinguishing mark on the line after the word "Yes" or on the line after the word "No." If you wrongly mark, tear or deface this ballot, return it to the City Clerk and obtain another.

MEASURE SUBMITTED TO VOTE OF VOTERS: Shall City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District") incur an indebtedness and issue bonds in the maximum aggregate principal amount of \$150,000,000, with interest at a rate or rates not to exceed the maximum interest rate permitted by law, the proceeds of which will be used to finance the costs of planning, designing, constructing, acquiring, modifying, expanding, improving, furnishing, equipping or rehabilitating certain real and other tangible property with an estimated useful life of five years or longer, consisting of certain water system, wastewater system, storm drain system, transportation system and park improvements and appurtenances and appurtenant work and to finance the incidental expenses associated therewith, all as further provided in the resolution of the Council of the City of Modesto establishing the Community Facilities District (the "Resolution of Formation"), and shall special taxes with a rate and method of apportionment as provided in the Resolution of Formation be authorized to be levied, and shall the annual appropriations limit of Community Facilities District No. 2005-1 (Hetch Hetchy) be established in the amount of \$150,000,000?

YES \_\_\_\_\_

NO \_\_\_\_\_

By execution in the space provided below, you also indicate your waiver of the time limit pertaining to the conduct of the election and any requirement for analysis and arguments with respect to the ballot measure, as such waivers are described and permitted by Sections 53326(a) and 53327(b) of the Mello-Roos Community Facilities Act of 1982.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-521**

**A RESOLUTION DECLARING THE RESULTS OF A SPECIAL ELECTION  
AND APPROVING CERTAIN RELATED ACTIONS PERTAINING TO CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2005-1 (HETCH  
HETCHY)**

WHEREAS, this City Council, acting as the legislative body of the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the “Community Facilities District”), called and duly held an election of the Community Facilities District pursuant to resolutions adopted by the City Council on September 6, 2005 for the purpose of presenting to the qualified electors within the Community Facilities District a proposition (the “Proposition”) for (a) the authorization of bonds in a principal amount not to exceed \$150,000,000, (b) the levy of special taxes in accordance with the rate and method of apportionment of special tax set forth in the resolution forming the Community Facilities District and (c) the establishment of an appropriations limit for the Community Facilities District; and

WHEREAS, there has been presented to the City Council a Certificate of the City Clerk as to the Results of the Canvass of the Election Returns, a copy of which is attached hereto as Attachment “A”;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto, acting as the legislative body of the City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy), hereby finds and determines as follows:

SECTION 1. The above recitals are true and correct.

SECTION 2. Two-thirds or more of the votes cast by the qualified electors of the Community Facilities District at the special election held on October 11, 2005 on the Proposition were cast in favor of the Proposition, and the Proposition carried. The City Council, acting as the legislative body of the Community Facilities District, is hereby authorized to issue, from time to time as it determines appropriate, bonds for the benefit of the Community Facilities District for the purposes set forth in the Proposition and to take the necessary steps to levy the special taxes authorized by the Proposition.

SECTION 3. The City Clerk is hereby authorized and directed to execute and cause to be recorded in the office of the County Recorder of Stanislaus County a notice of special tax lien in the form required by law, said recording to occur no later than fifteen days following adoption of this Resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

CERTIFICATE OF CITY CLERK  
AS TO RESULTS OF THE CANVAS OF ELECTION RETURNS

STATE OF CALIFORNIA            )  
  )     ss.  
COUNTY OF STANISLAUS        )

As City Clerk of the City of Modesto, I do hereby certify that I have examined the returns of the special election for City of Modesto Community Facilities District No. 2005-1 (Hetch Hetchy) (the "Community Facilities District"). With my concurrence, the election was conducted on October 11, 2005. On or prior to said date I had mailed or personally delivered a ballot to the landowner listed on the latest equalized assessment roll prepared by the Stanislaus County Assessor prior to October 11, 2005 or otherwise known by me to own the property within the boundaries of the Community Facilities District. The landowner was given one vote for each acre, or portion thereof, that the landowner owns within the Community Facilities District.

I further certify that the results of said election and the number of votes cast for and against the Proposition are as follows:

YES: 18

NO: 0

TOTAL NUMBER OF VOTES CAST: 18

Dated this 11<sup>th</sup> day of October, 2005.

City Clerk of the City of Modesto

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-522**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO CALLING  
AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY OF THE CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)  
SPECIAL TAXES TO THE QUALIFIED ELECTORS OF THE TERRITORY  
PROPOSED TO BE ANNEXED TO THE DISTRICT (ANNEXATION NO. 9)**

WHEREAS, this Council did, on September 6, 2005, adopt its Resolution No. 2005-424 (the "Resolution of Intention to Annex") to indicate its intention to annex certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and authorize the levy of the District special taxes within the territory proposed to be annexed (the "Annexed Territory"), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District; and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, the Annexed Territory will be annexed to and subject to the special taxes in Tax Zone #2, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled “Annexation Map No. 9 of Community Facilities District No. 2004-1 (“Village One #2) of the City of Modesto, County of Stanislaus, State of California,” was recorded on September 8, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 27; and

WHEREAS, at the time and date set for the hearing (October 11, 2005) pursuant to the Resolution of Intention to Annex, this Council held the public hearing on Tuesday, October 11, 2005, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the

Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 11th day of October 2005. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681) and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-523**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CANVASSING THE RESULTS OF THE OCTOBER 11, 2005, ELECTION HELD  
WITHIN THE TERRITORY PROPOSED TO BE ANNEXED TO CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2), AND  
ORDERING ANNEXATION OF THE TERRITORY TO THE DISTRICT  
(ANNEXATION NO. 9)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2005-424, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 9)" adopted on September 6, 2005, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

WHEREAS, the owners of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced

in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2005-522, adopted on October 11, 2005, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for October 11, 2005, or as soon thereafter as practicable, relative to the foregoing; and

WHEREAS, on October 11, 2005, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owners of the territory proposed to be annexed is as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2005-424 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

## CERTIFICATE OF CITY CLERK

I, JEAN ZAHR, City Clerk of the City of Modesto, hereby certify that, pursuant to Resolution No. 2005-522, A Resolution of the City Council of the City of Modesto Calling an Election for the Purpose of Submitting the Levy of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) Special Taxes to the Qualified Electors of the Territory Proposed to be Annexed to the District (Annexation No. 9) adopted on September 6, 2005, by the City Council of the City of Modesto, I did conduct the Special Tax Election on October 11, 2005, and that the election was conducted by mail or in person at the City Hall of the City of Modesto.

I further certify that the following shows the full text of the measure submitted to the voters at the election and the full and true totals of all votes cast for and against the measure.

**Proposition A.** Shall special taxes for Tax Zone #2, with maximum rates, method of apportionment, and manner of collection as provided in Exhibit A to the City's Resolution No. 2004-683, entitled "A Resolution of the City Council of the City of Modesto Creating Tax Zone #2 in Community Facilities District No. 2004-1 (Village One #2), Approving an Increase in the One-Time Facilities Special Tax Therein, and Approving Updates of the Rate and Method of apportionment of Special Taxes for the District", adopted by the City Council of the City of Modesto on December 14, 2004, which is incorporated herein by this reference, be levied within the territory proposed to be annexed to Tax Zone #2 of the City of Modesto Community Facilities District No. 2004-1 (Village One #2) pursuant to the City's Resolution No. 2005-424, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 9)" adopted by the City Council of the City of Modesto on September 6, 2005, for the purposes set forth in Resolution No. 2004-199, entitled "A Resolution of the City Council of the City of Modesto of Formation, Establishing City of Modesto Community Facilities District No. 2004-1 (Village One #2), Authorizing the Levy of Special Taxes within the District, Preliminarily Establishing an Appropriations Limit for the District, and Calling an Election for the Purpose of Submitting the Levy of the Special Taxes and the Establishment of the Appropriations Limit to the Qualified Electors of the District", adopted by the City Council of the City of Modesto on April 6, 2004, which is incorporated herein by this reference?

City Clerk of the City of Modesto

Dated: 10/14, 2005

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-524**

**A RESOLUTION APPROVING A NEW LEASE AGREEMENT WITH THE  
MODESTO GARDEN CLUB FOR CITY-OWNED PROPERTY AT 622 14<sup>TH</sup>  
STREET, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE  
AGREEMENT**

WHEREAS, two properties at 618 and 622 14<sup>th</sup> Street were donated to the City to be used for civic purposes, and

WHEREAS, for several years, the City has had a lease agreement with the Modesto Garden Club for the property at 622 14<sup>th</sup> Street; the Garden Club has been responsible for all improvements to the property, as well as any possessory taxes, and

WHEREAS, rent has been \$1 annually; in exchange for use of the property, the Garden Club has provided many beautification projects throughout the City, including the downtown flower pots and hanging baskets, the garden at the Senior Citizens Center, and most notably, the flower clock on the Modesto Centre Plaza grounds; in addition, the Garden Club has made many improvements to the structure and grounds of the property at 622 14<sup>th</sup> Street, primarily through volunteer labor and in-kind services, and

WHEREAS, the current lease expires in 2006; rather than wait until it expires, City staff and the Modesto Garden Club are interested in entering into a new lease at this time to not only more appropriately recognize the contributions of the Garden Club, but also to assure the Club that its investment into the property on 14<sup>th</sup> Street will be protected, and

WHEREAS, the terms of the proposed lease will include an initial term of twenty-five (25) years, with two twenty-five (25) year options and a final twenty-four (24) year option, an annual meeting between City staff and the Garden Club to review and discuss

projects and concerns, an annual presentation to the City Council on the activities of the Garden Club, and the addition of performance standards to allow termination of the leases if the Club ceases to exist, ends its community services, or significantly reduces its level of service, and

WHEREAS, the Safety and Communities Committee met on February 28, 2005, and supported the recommendation to enter into a new lease with the Modesto Garden Club; the Committee requested that the agreement provide for the Garden Club to inform the City of its civic beautification activities,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a new lease agreement with the Modesto Garden Club for City-owned property at 622 14<sup>th</sup> Street for an initial term of twenty-five (25) years, with two twenty-five (25) year options and a final twenty-four (24) year option.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-525**

**A RESOLUTION APPROVING A SECOND AMENDMENT TO THE  
CONTRACT FOR CONSULTANT SERVICES WITH MAZE & ASSOCIATES  
FOR ADDITIONAL WORK AT A COST NOT TO EXCEED \$25,375, AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT  
AMENDMENT**

WHEREAS, on April 6, 2004, the Modesto City Council, by Resolution 2004-171 entered into an original contract with Maze & Associates to perform non-audit services for the City, and

WHEREAS, on January 25, 2005, the Modesto City Council adopted Resolution 2005-044 approving execution of a First Amendment to the stated contract with Maze & Associates, to perform additional, non-audit services for the City, and

WHEREAS, the City Manager executed said original contract, and the First Amendment thereto, on behalf of the City of Modesto, and

WHEREAS, the City has requested Maze & Associates to perform additional work in addition to the originally contracted work, namely, to prepare the Annual Report of Financial Transactions required by the State Controller, at a price not to exceed \$21,475 for the three subsequent fiscal years 2005, 2006, and 2007; and, to perform agreed-upon procedures in connection with implementation of Government Accounting Standards Board Statement 45 formalizing treatment of liability for retiree health benefits, and

WHEREAS, this additional work increases the total contract price to an amount not to exceed \$113,870, and

WHEREAS, the contract for these services requires Modesto City Council approval for such additional work, and

WHEREAS, at its October 3, 2005, meeting the Audit Committee recommended that the Council approve payment for the additional work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Second Amendment to the Agreement for Consultant Services with Maze & Associates, authorizing the additional work proposed, at a cost not to exceed \$25,375.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said contract amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on October 25, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-526**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS, FOR THE ACQUISITION OF  
HIGH ACCURACY, HIGH-RESOLUTION ORTHO-PHOTOGRAPHY (AERIAL  
PHOTOGRAPHY), FOR A TOTAL ESTIMATED COST OF \$100,000**

WHEREAS, the City of Modesto last obtained high resolution, ortho-rectified aerial photography in March 2001, and

WHEREAS, the benefits of using the City's current aerial photography are diminishing, and

WHEREAS, this is due to the growth and change of our city landscape, which is not reflected in that one-time snapshot taken in March 2001, and

WHEREAS, continued Citywide growth and change require the need for periodic aerial photography updates, and

WHEREAS, aerial photography is utilized by nearly all of the City's departments including Police, Fire, Public Works, Community and Economic Development, Recreation and Neighborhoods, Finance, and the City Manager's Office, and

WHEREAS, the general public and development community would also have the ability to review the imagery via our public GIS enabled web site (<http://www.modestogov.com/gis>), and

WHEREAS, updating our inventory of current aerial photography will provide staff with a current view of land use patterns and the overall growth of our City, and

WHEREAS, current imagery is necessary to accurately depict, locate, assess, inventory, or analyze land use/land use patterns, vacant lands, built vs. natural

environments, transportation and utilities infrastructure and, buildings inventory throughout our City, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the Finance Committee reviewed this request on September 26<sup>th</sup>, 2005, and recommended that it be presented to the full Council on consent,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the acquisition of high accuracy, high-resolution ortho-photography (aerial photography), to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of October, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NUMBER 2005-527**

**A RESOLUTION APPROVING THE PURCHASE, MAINTENANCE,  
OPERATING AND REPLACEMENT COSTS OF ONE NEW FULLY EQUIPPED  
COMMUNITY SERVICES OFFICER (CSO) TRUCK**

WHEREAS, the Community Service Officers (CSO) provide significant services to the Police Department and the community and are called upon to handle a multitude of calls requiring them to carry a significant amount of equipment with them at all times, and

WHEREAS, after an analysis of the CSO's duties and responsibilities, it was determined that a pick-up truck with extra cab was required to transport items of evidence to and from the crime scenes and Police Department facilities, and

WHEREAS, the CSO vehicle fleet is at capacity, therefore if any CSO vehicle needs repair or is damaged a shortage of vehicles is created, and

WHEREAS, the addition of this vehicle will fill the CSO vehicle fleet and meet the deployment needs of the Operations Division, and

WHEREAS, the Modesto Police Department is in need of this equipment for the most effective response and utilization of our Community Service Officers, and

WHEREAS, the City will amend the Modesto Police Department's 2005/2006 budget by \$45,588.76 from general fund reserves for the purchase, maintenance, operating and replacement costs of one new fully-equipped CSO truck, and

WHEREAS, the Finance Committee unanimously supported this action at its meeting of September 26, 2005,

NOW, THEREFORE, BE IT RESOLVED that the Council hereby approves the purchase, maintenance, operating and replacement costs of one new fully-equipped Community Services Officer (CSO) truck at the estimated cost of \$45,588.76.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the necessary documents to implement the provisions of this resolution.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NUMBER 2005-528**

**A RESOLUTION AMENDING THE FISCAL YEAR 2005/06 BUDGET BY  
\$45,588.76 FROM GENERAL FUND RESERVES TO PURCHASE ONE  
COMMUNITY SERVICE OFFICER (CSO) TRUCK**

WHEREAS, the Community Service Officers (CSO) provide significant services to the Police Department and the community and are called upon to handle a multitude of calls requiring them to carry a significant amount of equipment with them at all times, and

WHEREAS, having CSOs in the field with all the necessary equipment helps to free sworn police officers from calls for service once the situation has been stabilized and no further threat to officers or the public exist, and

WHEREAS, this fully-equipped CSO truck would provide the most effective response and utilization of our Community Service Officers (CSOs), and

WHEREAS, the City will amend the Modesto Police Department's 2005/2006 budget by \$45,588.76 from general fund reserves to purchase and operate one new fully-equipped CSO truck, and

WHEREAS, the Finance Committee unanimously supported this action at its meeting of September 26, 2005.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2005/06 Annual Budget is hereby amended as follows:

Appropriate:

To:	0100-190-1961-5500	\$ 22,500.00	Vehicle
	0100-190-1961-0307	11,275.00	Vehicle Equipment
	0100-190-1961-0218	11,813.76	Annual Operating Costs
	<b>Total</b>	<b>\$ 45,588.76</b>	

Revenue:

RESOLUTION NO. 2005-531**

**A RESOLUTION APPROVING AN AGREEMENT WITH STANISLAUS  
COUNTY OFFICE OF EDUCATION IN THE AMOUNT OF \$44,678 FOR THE  
PROVISION OF ONE MODESTO POLICE OFFICER AT PETERSEN  
ALTERNATIVE CENTER FOR EDUCATION (P.A.C.E.) CAMPUS AND  
TRAINING, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE,  
TO EXECUTE THE AGREEMENT**

WHEREAS, the Stanislaus County Office of Education requires one Modesto Police Officer to provide direct law enforcement services, exercise and training and act as a School Police Officer at Petersen Alternative Center for Education (P.A.C.E.) campus, and

WHEREAS, the Modesto Police Department can provide a specially trained, uniformed police officer who will take any enforcement action at the school site, if warranted, and

WHEREAS, the officer's presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the term of this agreement is August 22, 2005 to June 30, 2006, and

WHEREAS, the City shall be compensated by Stanislaus Office of Education in the amount of \$44,678 for the services of this Modesto Police Officer, and

WHEREAS, THE City will match the amount of \$44,678 in partnership with the Stanislaus County Office of Education,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Stanislaus County Office of Education in the amount of \$44,678 for the provision of one Modesto Police Officer at Petersen Alternative Center for Education (P.A.C.E.).

RESOLUTION NO. 2005-532**

**A RESOLUTION APPROVING A WATER MAIN REIMBURSEMENT  
AGREEMENT BETWEEN THE CITY OF MODESTO AND WILLIAM LYON  
HOMES, A CALIFORNIA CORPORATION, RELATED TO THE REMOVAL  
OF 418 LINEAL FEET OF 8" WATER LINE AND THE INSTALLATION OF  
1340 LINEAL FEET OF A 12" WATER MAIN AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, WILLIAM LYON HOMES, a California Corporation ("Developer"), is in the process of developing a 314 – lot subdivision on property located at the northeast and southeast corners of Fine Avenue and Floyd Avenue, commonly known as Falling Leaf Subdivision ("Subdivision"), and

WHEREAS, in connection with the development of the Subdivision, Developer is required to remove 418 lineal feet of 8" water line and install 1340 linear feet of a 12" water main and appurtenances thereto, located in Floyd Avenue, between Fine Avenue and Claus Road. The Improvements are designed to serve a large portion of the Village One Specific Plan area, and

WHEREAS, the Improvements will serve other properties in addition to Subdivision, the other properties have or will pay fees to the City to assist in paying the cost of constructing the Improvements and the owners of said other properties have not participated in constructing the Improvements, and

WHEREAS, Developer has requested, and City has agreed that Developer be reimbursed for the actual costs required to construct the Improvements, and

WHEREAS, City will inspect the construction of the Improvements and will accept the Improvements as part of City's public water system,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the CITY OF MODESTO and WILLIAM LYON HOMES, a California Corporation, related to the reimbursement for the removal of 418 lineal feet and the installation of 1340 lineal feet of 12" water main in the amount of \$101,504.80 is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

RESOLUTION NO. 2005-533**

**A RESOLUTION APPROVING A 5-YEAR AGREEMENT WITH STOTT OUTDOOR ADVERTISING OF CHICO, CA. TO SELL AND MAINTAIN ADVERTISING ON THE EXTERIORS OF ALL MODESTO AREA EXPRESS (MAX) URBAN SERVICE BUSES FOR A MINIMUM PAYMENT TO THE CITY OF \$6,750 PER MONTH OR 35% OF STOTT'S NET ADVERTISING REVENUE, WHICHEVER AMOUNT IS GREATER AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto's Modesto Area Express (MAX) transit system operates approximately 46 buses within the Modesto urban area, and

WHEREAS, a market appears to exist for the placement of advertising on the exteriors of MAX buses, and

WHEREAS, the City Council authorized Public Works Department staff to issue a Request for Proposals (RFP) for the sale, placement and maintenance of advertising on the exteriors of MAX buses in exchange for payment to the City by the selected contractor, and

WHEREAS, three firms submitted proposals in response to the RFP, and

WHEREAS, Stott Outdoor Advertising was selected for award of the contract by a staff selection committee based on criteria included in the RFP, and

WHEREAS, the Economic Development Committee (EDC) approved award of the contract to Stott Outdoor Advertising at its meeting on September 12, 2005, and

WHEREAS, by an agenda report to the City Council dated October 3, 2005, from the Public Works Director, City staff recommended to the Council that it award a contract to Stott Outdoor Advertising for the sale, placement and maintenance of advertising on the exteriors of MAX buses,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that that it hereby approves a 5-year agreement with Stott Outdoor Advertising of Chico, Ca. to sell and maintain advertising on the exteriors of all Modesto Area Express (MAX) urban service buses for a minimum payment to the City of \$6,750 per month or 35% of Stott's net advertising revenue, whichever amount is greater.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-534**

**A RESOLUTION APPROVING AN AGREEMENT WITH LARRY WALKER ASSOCIATES FOR THE DEVELOPMENT AND IMPLEMENTATION OF A STORMWATER MANAGEMENT PROGRAM FOR A ONE-YEAR AGREEMENT IN AN AMOUNT NOT TO EXCEED \$332,288, WITH ONE (1) ONE-YEAR EXTENSION OPTION IN AN AMOUNT NOT TO EXCEED \$193,000, FOR A TOTAL AGREEMENT AMOUNT NOT TO EXCEED \$525,288 AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, the Environmental Protection Agency requires all municipalities with populations exceeding 100,000 to apply for a National Pollutant Discharge Elimination System (NPDES) Stormwater Permit, and

WHEREAS, the NPDES permit establishes the requirements for reducing pollutant runoff into the City's storm drains, and

WHEREAS, as part of the City's current NPDES Stormwater Permit, the City was mandated to develop a Storm Water Management Plan (SWMP) and a Stormwater Management Program, and

WHEREAS, the City completed and adopted its SWMP in September 2003, and

WHEREAS, the City must conduct a monitoring program to characterize the runoff from the City and its impact on local waterways, and

WHEREAS, Stormwater Management Program consultant services provided by a firm with SWMP expertise are essential for the City to continue meeting the SWMP requirements, and

WHEREAS, the Economic Development Committee recommended support of this item at its meeting on March 7, 2005, and

WHEREAS, Council, by Resolution No. 2005-171, authorized the Public Works Department to solicit Request for Proposals (RFP) for the development and implementation of a Stormwater Management Program, and

WHEREAS, staff solicited RFPs from 84 firms and formally advertised the RFP, and

WHEREAS, six (6) proposals were received and one firm was disqualified for not following the instructions of the RFP, and

WHEREAS, proposals received were evaluated per evaluation criteria defined in the RFP, and

WHEREAS, a committee consisting of City staff from the Public Works Department evaluated the proposals, and

WHEREAS, after evaluations were made, the top two firms were interviewed by Public Works staff, and

WHEREAS, based on proposals, interviews and costs evaluations, preliminary award of contract was given to EOA, Inc., and

WHEREAS, on July 11, 2005 staff received a letter from Larry Walker Associates, the competitive finalist, disputing how the project was awarded, and

WHEREAS, the Public Works Director asked the Purchasing Division to review all documentation regarding this award of contract, and

WHEREAS, after reviewing documentation, Purchasing indicated that the values placed on the cost portion of the evaluation differed from that used by both their division and applied consistently as a standard throughout the City, and

WHEREAS, the appropriate cost methodology was then utilized and Larry Walker Associates became the most responsible bidder, and

WHEREAS, EOA, Inc. sent a letter dated July 21, 2005 to the City Manager expressing their dissatisfaction with the RFP process that led to the change of award, and

WHEREAS, due to the perceived irregularities in the proposal review process, Council authorized rejection of all existing bids and issuance of a new RFP in Resolution No. 2005-438, and

WHEREAS, upon re-issuance of this RFP, staff received three proposals, and

WHEREAS, a panel consisting of two staff members, Mike Gurello from the City of Manteca, and Courtney Vasquez from the City of Stockton interviewed all consultants, and

WHEREAS, Councilmember Janice Keating also observed the consultant interviews, and

WHEREAS, upon completion of the evaluation process, it was determined that Larry Walker Associates is the most-qualified firm based on the total RFP evaluation score, interview evaluation results and costs evaluations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an agreement with Larry Walker Associates for the development and implementation of a Stormwater Management Program for a one year period in an amount not to exceed \$332,288, with an option for a one (1) one-year extension in an amount not to exceed \$193,000, for a total agreement amount not to exceed \$525,288.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute the agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of October 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-535**

**A RESOLUTION AUTHORIZING A TRANSFER OF MONIES TOTALING  
\$289,776 FROM THE SEWER FUND RESERVE TO THE COMPOST FUND  
RESERVE FOR EXPENDITURES INCURRED IN FISCAL YEAR 2004-05, AND  
THEREBY ESTABLISHING A COMPOST FUND RESERVE IN THE AMOUNT  
OF \$197,049**

WHEREAS, the Sewer Fund has fully funded the Compost Facility since it began operations in 1997 at an average cost of \$600,000 per fiscal year, and

WHEREAS, this funding was deemed appropriate because the Compost Facility provided a viable method for reusing biosolids, which are generated as part of the wastewater treatment process, and

WHEREAS, with improved efficiencies in the wastewater treatment process over time, the need for co-composting biosolids has been reduced, and

WHEREAS, in July 2004, Council, by adoption of Resolution 2004-367, separated the Compost Facility from the Sewer Fund and established Compost Operations as a separate Enterprise Fund, and

WHEREAS, more than half of the funding for the newly-created Compost Enterprise was to be provided via revenues from tip fees to the garbage haulers for processing yard waste collected in the green "toters", and

WHEREAS, these costs would be passed on to the ratepayers via the garbage bill, and

WHEREAS, Forestry and Pruned Refuse services performed by City crews were also to be assessed tip fees for waste materials taken to the Compost Facility, and

WHEREAS, because budgets were already in place for FY 2004-05 at the time the Compost Facility became an enterprise, Council authorized Pruned Refuse and Forestry tip fees be paid by the Sewer Fund for 2004-05, and

WHEREAS, biosolids utilized in the co-composting process would also be assessed tip fees and paid for by the Sewer Fund, and

WHEREAS, the Sewer Fund's portion of these estimated revenues in the form of tip fees from Biosolids (\$6.50/ton), Pruned Refuse (\$18.35/ton) and Forestry (\$18.35/ton), totaled \$297,773, and

WHEREAS, Compost was moved to a separate Enterprise Fund on July 1, 2005, and

WHEREAS, the Compost Budget was increased during the course of the fiscal year to reflect increased expenditures primarily for equipment replacement, an item that was not fully funded when Compost resided in the Sewer Fund, and

WHEREAS, the Sewer Fund supported these equipment expenditures via a "transfer in" to the Compost Fund in the amount of \$150,000, and

WHEREAS, the Fleet Replacement Fund also provided a transfer in of \$99,119 to the Compost Fund, and

WHEREAS, even though expenditures exceeded those adopted in FY 2004-05, revenues also exceeded those adopted due to tip fees charged to the garbage haulers and increased compost/co-compost sales, and

WHEREAS, additional revenues, beyond those reflected in the July 2004 staff report to Council, in the amount of \$78,726 for FY 2004-05 were generated through

assessment of a tip fee on materials brought to the facility from collection programs in the City of Stockton, and

WHEREAS, a total of 15,972 tons of Pruned Refuse and Forestry materials were processed at the Compost Facility during FY 2004-05 and no tipping fees were collected, and

WHEREAS, the resulting tip fees owed to the Compost Fund by the Sewer Fund total \$289,776, and

WHEREAS, per Council's July 2004 direction, these funds need to be moved to a Compost Reserve Account, and

WHEREAS, the transfer of these funds will offset a deficit of \$92,727 from FY 2004-05 and will result in a positive cash flow to the Compost Fund of \$197,049, and

WHEREAS, at its meeting of September 26, 2005, the Finance Committee approved this request and further recommended approval to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a transfer of monies totaling \$289,776 from the Sewer Fund Reserve (6210-800-8000-8003) to the Compost Fund Reserve (6290-800-8000-8003) for expenditures incurred in Fiscal Year 2004-05, and thereby establishing a Compost Fund Reserve in the amount of \$197,049.

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 25<sup>th</sup> day of October 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AMENDING THE COMPOST FUND FISCAL YEAR 2005-06  
REVENUE AND EXPENSE BUDGETS TO INCLUDE PAYMENT OF RENTAL  
FEES TO THE SEWER FUND IN THE AMOUNT OF \$18,000 ANNUALLY AND  
TO MORE ACCURATELY REFLECT ANTICIPATED REVENUES**

WHEREAS, the Sewer Fund has fully funded the Compost Facility since it began operations in 1997 at an average cost of \$600,000 per fiscal year, and

WHEREAS, this funding was deemed appropriate because the Compost Facility provided a viable method for reusing biosolids, which are generated as part of the wastewater treatment process, and

WHEREAS, with improved efficiencies in the wastewater treatment process over time, the need for co-composting biosolids has been reduced, and

WHEREAS, in July 2004, Council, by adoption of Resolution 2004-367, separated the Compost Facility from the Sewer Fund and established Compost Operations as a separate Enterprise Fund, and

WHEREAS, more than half of the funding for the newly-created Compost Enterprise was to be provided via revenues from tip fees to the garbage haulers for processing yard waste collected in the green "toters", and

WHEREAS, these costs would be passed on to the ratepayers via the garbage bill, and

WHEREAS, Forestry and Pruned Refuse, services performed by City crews, were also to be assessed tip fees for waste materials taken to the Compost Facility, and

WHEREAS, Compost was moved to a separate Enterprise Fund on July 1, 2005, and

WHEREAS, even though expenditures exceeded those adopted in FY 2004-05, revenues also exceeded those adopted due to tip fees charged to the garbage haulers and increased compost/co-compost sales, and

WHEREAS, additional revenues, beyond those reflected in the July 2004 staff report to Council, in the amount of \$78,726 for FY 2004-05 were generated through assessment of a tip fee on materials brought to the facility from collection programs in the City of Stockton, and

WHEREAS, actual revenues for 2004-2005 were substantially different than those adopted in the 2005-2006 Compost budget, and

WHEREAS, expenditures adopted for the 2005-2006 Compost budget did not include rental of the Compost site from the Sewer Fund, and

WHEREAS, staff has estimated a value of \$18,000 per year for rental of the Compost site, and

WHEREAS, at its meeting of September 26, 2005, the Finance Committee approved this request and further recommended approval to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes a budget amendment to increase the Compost Fund expense budget by \$18,000 (6290-480-5222-0215) and to adjust the revenue budget to more accurately reflect 2004-2005 actuals, as follows:

	<b>Adopted 2005-2006 Budget</b>	<b>Amended Budget</b>
<b>Total Expenditures</b>	<b>\$ 990,000</b>	<b>\$ 1,008,000</b>
Compost Sales	\$ 250,000	\$ 405,000
Co-compost Sales	\$ -	\$ -
Harvest Quest	\$ -	\$ -
Tip Fee Biosolids	\$ 8,000	\$ -
Stockton Tip Fees	\$ -	\$ 146,800
Tip Fee Pruned Refuse/Forestry	\$ 129,509	\$ 91,750
Tip Fee Haulers	\$ 732,715	\$ 522,975
Interfund Labor Charges	\$ 23,579	\$ 23,580
<b>Total Revenues</b>	<b>\$ 1,143,803</b>	<b>\$ 1,190,105</b>

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department.

**A RESOLUTION AMENDING THE FISCAL YEAR 2005-2006 CAPITAL  
IMPROVEMENT PROGRAM BUDGET TO RE-APPROPRIATE NEW AND  
EXISTING PROJECTS AND RECOGNIZE ADDITIONAL REVENUE FOR FY  
2005-2006**

WHEREAS, a financial analysis has been completed and it has been determined that certain adjustments are required to the Capital Improvement Budget of the City of Modesto for the Fiscal Year 2005-2006, and

WHEREAS, specific projects have unspent budgets as of July 1, 2005 which need to be reallocated into FY 2005-2006, and

WHEREAS, additional revenues for fiscal year 2005-2006 have been identified,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that existing projects and new projects which are referenced in the Amended 2005-2006 Capital Improvement Program under the CIP Budget by Fund section of the budget document hereby be re-appropriated into the FY 2005-06 budget.

BE IT FURTHER RESOLVED that additional revenues, which are referenced in the Amended 2005-2006 Capital Improvement Program under the Revenues by Source section of the budget document, hereby be recognized.

BE IT FURTHER RESOLVED that the Finance Director or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-538**

**A RESOLUTION ACCEPTING STAFF'S REPORT ON WASTE  
MANAGEMENT'S PERFORMANCE DURING THE PERIOD OCTOBER 1, 2004  
THROUGH JUNE 30, 2005, GRANTING A ONE (1) YEAR EXTENSION OF THE  
INTERIM SERVICE AGREEMENT THROUGH JANUARY 1, 2007, AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE EXTENSION OF  
THE AGREEMENT**

WHEREAS, on November 1, 1997, the City executed a Service Agreement with Modesto Garbage Company, Inc., D.B.A. Modesto Disposal Service, which was then a subsidiary of USA Waste of California, which later acquired Waste Management and changed the name of the corporate parent to Waste Management, for a term through January 1, 2007, and

WHEREAS, while the term of this Service Agreement with Waste Management was for 10 years, due to concerns about the corporation's problems in other cities, the City Council added a provision to the Service Agreement to allow the City to terminate the agreement on January 1, 2004, if the City found the company did not meet certain performance standards to the satisfaction of the City, and

WHEREAS, pursuant to Modesto Municipal Code Section 5-5.33, the City Council held a public hearing, on Thursday, November 13th, 2003, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which hearing the Council heard a report from City staff detailing that over a 3-year period, the company had violated multiple provisions of Section b.1. of their Service Agreement, and

WHEREAS, at said hearing, having considered evidence presented by staff as well as testimony from the Company and members of the public, the Council terminated the Service Agreement with Waste Management (D.B.A. Modesto Disposal Service)

effective January 1, 2004, authorized the City Manager to execute a one (1) year Interim Agreement with Waste Management allowing them to continue providing service through January, 2005, authorized the City Manager to extend the Interim Agreement for a total of two, one (1) year extensions if the company fully complies with the service requirements of the City, and required Waste Management to compensate the City for staff time expended in the resolution of customer service complaints, and

WHEREAS, the Interim Agreement required the City to review Waste Management's performance at 9-month intervals to determine whether the company was making progress in complying with the terms and conditions of the Agreement, and

WHEREAS, as a result of the first 9-month review, the Interim Agreement was extended through January, 2006, and

WHEREAS, staff has conducted the second, 9-month review, and believes that the performance improvements reflected by the service logs and the improved operations at Waste Management's transfer station warrant a second, one (1) year extension of the Interim Agreement, and

WHEREAS, at its July 11, 2005, meeting, staff presented a recommendation to the Economic Development Committee that the City Manager be authorized to execute a second, one (1) year extension of the Interim Agreement, through January 1, 2007, and that the City conduct a final performance review in January, 2006, and return to the Council with a recommendation on whether or not the City should enter into negotiations with Waste Management on a new, longer term contract, go out to bid at the end of the additional year, or allocate Waste Management's Service Area to the other collection companies, and

WHEREAS, at its July 11, 2005, meeting, the Economic Development Committee voted unanimously to approve this recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that the Council hereby:

1. Accepts staff's report on Waste Management's performance during the period of October 1, 2004, through June 30, 2005, and
2. Authorizes the City Manager to execute a second, one (1) year extension of the Interim Agreement, through January 1, 2007, and
3. Directs staff to conduct a third performance review in January, 2006, and return to the Council with a recommendation on whether or not the City should either enter into negotiations with Waste Management on a new, longer term contract, go out to bid at the end of the additional year, or allocate Waste Management's Service Area to the other collection companies.

The foregoing resolution was introduced at a public meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of October 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

<b>TO</b>					
06-0700-480-4617-8005			\$133,794	\$133,794	Gas Tax Reserves

#### APPROPRIATIONS

<b>FROM</b>					
06-0700-800-8000-8003	700R		(\$133,794)	(\$133,794)	Gas Tax Contingency
<b>TO</b>					
06-0700-480-4617-8099	4617V		\$133,794	\$133,794	ABS Savings Carryover

#### COMMENTS/JUSTIFICATION

This monthly adjustment is for the streets maintenance organization. In FY05, Streets had a savings of \$133,794. Since streets funding was made up funding sources other than Gas Tax, savings should be carried over to the current fiscal year continue streets maintenance. This savings was from Org 4612, but a new organization (4617) was created as a multi-year org for future years.

**COMMENTS/JUSTIFICATION**

This budget amendment is being made to 1) recognize revenue received (from various settlements associated with the PCE Litigation), in the amount of \$700,000; 2) amend the FY06 CIP to increase the CIP budget for project account W368 by that same amount in order to mitigate PCE problems associated with Well #21. This action is being taken in order to provide the necessary funding to cover expenses associated with bringing the well back on-line as a viable water source.

Developers have contributed \$1M to be used exclusively for funding Fairview Interim Water Improvements. These improvements will be held in a separate subfund of the Water Fund for tracking purposes and given the CIP #W336 for the Tank 6, 7 and 8 system strengthening. The payment has been deposited and this adjustment is to request we amend the FY06 CIP budget to appropriate the \$1,000,000 toward the project since the work is time sensitive. This CIP will be used to exclusively track costs associated with the improvements outlined in the Agreement.

COMMENTS/JUSTIFICATION

This budget adjustment is being made to transfer funds from Airport Operating Reserves to the Airport Operating Budget to provide the necessary funding for the re-roofing of two airport buildings on the General Aviation side of the Modesto City/County Airport. This transaction will require the establishment of a 5000 object in the Airport Operating Organization for the purpose of tracking these project funds.

### COMMENTS/JUSTIFICATION

Beginning Oct 2005 thru Jan 06. The Finance Department will begin providing staff support for the insurance certificate program. In order to cover the additional costs of the .75 FTE AOA II Finance will be service crediting Public Works. This adjustment is to move the necessary budget into the 0255 City Forces object to cover additional costs until January.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-542**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR TWO (2), NEW, CURRENT YEAR/MODEL, CHEVROLET TAHOE  
VEHICLES FROM AMERICAN CHEVROLET OF MODESTO, CA., FOR AN  
ESTIMATED TOTAL COST OF \$59,694.62**

WHEREAS, the Public Works Department-Fleet Services Division has requested the purchase of two (2), new, current year/model, Chevrolet Tahoe vehicles, and

WHEREAS, the vehicles will be used by the Modesto Fire Department to replace two (2), Ford Explorers that have met their useful life expectancy, and

WHEREAS, the Tahoe's will carry equipment for fire investigations, and

WHEREAS, Resolution No. 2005-381 authorized the Purchasing Supervisor to solicit bids for new vehicles and heavy equipment throughout FY 05/06 through various competitive processes, with the Purchasing Division coming back to Council for award authorization, and

WHEREAS, the Purchasing Division solicited formal bids for two (2), new, current year/model, Chevrolet Tahoe vehicles on Request for Bid (RFB) 0506-08, and

WHEREAS, nine (9) vendors were solicited for the RFB, and

WHEREAS, there were no responses to the formal RFB by the October 4, 2005 bid due date, and

WHEREAS, the Purchasing Division staff contacted solicited vendors and asked why they did not respond to the RFB, and

WHEREAS, vendors did not respond because of product availability, and they could not supply vehicles which met technical specifications, and

WHEREAS, they also indicated the model/year availability window from the factory could not be met, and

WHEREAS, the Purchasing Division and the Fleet Services staff went to the Chevrolet web site to see what local vendors had stock on the Chevrolet Tahoes, and

WHEREAS, a verbal solicitation was made to those vendors who had Tahoes that met bid specifications, and

WHEREAS, the Purchasing Division and the Fleet Services staff were able to obtain three (3) bids for the Chevrolet Tahoe vehicles, and

WHEREAS, the total cost of the two (2), new, current year/model, Chevrolet Tahoe vehicles is approximately \$59,694.62 including freight and sales tax, and

WHEREAS, American Chevrolet of Modesto, CA., was deemed to be the lowest responsive and responsible bidder, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, this request for award of bid and contract conforms to City Code, and

WHEREAS, funds are available in account number 7210-480-5814-5256 and 7210-480-5814-5264 (FLEET EQUIP. REPLACEMENT) in the amount of \$59,694.62 for two (2), new, current year/model, Chevrolet Tahoe vehicles,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for two (2), new, current year/

model, Chevrolet Tahoe vehicles to American Chevrolet of Modesto, CA., for an estimated total cost of \$59,694.62.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order to American Chevrolet in the approximate amount of \$59,694.62 toward the purchase of said two (2), new, current year/model, Chevrolet Tahoe vehicles.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-543**

**A RESOLUTION APPROVING A HOUSING MAINTENANCE PROGRAM  
LOAN FOR JEANETTA AYERS, SECURED BY HER HOME AT 2617  
MCADOO AVENUE, MODESTO IN THE AMOUNT OF \$97,657**

WHEREAS, the City of Modesto offers Housing Maintenance Program loans to qualified residents through the Revolving Loan Fund, which was originally funded through the federal Department of Housing and Urban Development (HUD), and

WHEREAS, the Stanislaus County Public Guardian's (PG) office was given temporary conservatorship of Ms. Jeanetta Ayers in February 2005, and she was removed from her home and placed in other housing, and

WHEREAS, the home was filled with junk and debris, inside and out, and

WHEREAS, the County contacted the City about using the Housing Maintenance Program for Ms. Ayers, and

WHEREAS, the home is located at 2617 McAdoo in Highway Village, known as mandatory target area #5, and

WHEREAS, the house was inspected by the Building Inspector and a Notice and Order was recorded against the property, and

WHEREAS, during the last conservatorship hearing in August, the court asked the City and County to proceed with a plan for rehabilitation of the property, and

WHEREAS, the next hearing is scheduled for November 9, 2005, and the City's loan approval will be contingent on court approval that the PG remain as conservator during the housing rehabilitation project, and

WHEREAS, the City will recommend to the court that upon completion of the project and the return of Ms Ayers to the home, that the County remain as conservator for at least 24 months, and

WHEREAS, after the 24-month period the City could request the Court to keep the PG as conservator if the property is not being maintained, and

WHEREAS, the work to be done includes a new roof, installation of central heat and air, a complete interior and exterior remodel, including a complete kitchen and bath, and

WHEREAS, because of the condition of the property the loan amount includes a 10% contingency for unforeseen construction needs and includes re-payment to the City for costs already incurred under the *Advance Payment Agreement*, and

WHEREAS, because Ms. Ayer's social security income is less than 50% of Median Area Income she is eligible for a deferred payment loan, and

WHEREAS, the property is free and clear, excepting a lien placed by the City in 1996 for property clean up, and

WHEREAS, this lien will be paid through the City's new loan; therefore, the new loan will be in first position on the property, and

WHEREAS, since the estimated value of the home after rehab is \$275,000 to \$300,000, the loan-to-value is low, (35% or lower), which puts the City in a secure position in this investment, and

WHEREAS, the loan would be a deferred payment loan at 3% interest, due in 50 years or when Ms. Ayers is no longer living in the home, the loan documents will require bi-annual inspections of the property, and the loan approval will be contingent on court

approval that the Stanislaus County Public Guardian's office remain conservator of Ms. Ayers until completion of the housing rehabilitation project, and

WHEREAS, the Housing Rehabilitation Loan Committee met on October 6, 2005, and supported the recommendation to approve a Housing Maintenance Program loan for Jeanetta Ayers, secured by her home at 2617 McAdoo Avenue, Modesto in the amount of \$97,657,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a Housing Maintenance Program loan for Jeanetta Ayers, secured by her home at 2617 McAdoo Avenue, Modesto in the amount of \$97,657.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-544**

**A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH  
STANTEC CONSULTING FOR ADDITIONAL WORK IN THE AMOUNT OF  
\$75,000, TO COMPLETE THE STORM DRAIN MASTER PLAN AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AMENDMENT  
TO AGREEMENT**

WHEREAS, the City of Modesto awarded the Storm Drain Master Plan (SDMP) contract to Stantec Consulting, Inc., (Stantec), in the amount of \$422,170 on August 27, 2002, and

WHEREAS, the SDMP will develop a Citywide, comprehensive Storm Drain Master Plan to properly address the many storm drainage issues facing the City, and

WHEREAS, during the period in which the SDMP is being prepared by Stantec, the City may elect to solicit additional minor input, analysis and recommendations from Stantec, and

WHEREAS, additional tasks requested by the City are required to complete work related to the SDMP beyond the scope of the original agreement in order to: 1) prepare a separate analysis covering the Northeast Area Offsite Watershed; 2) provide an amended version of the draft version of the SDMP dated July 2003 in order to assist the City with addressing current MID issues and concerns regarding acceptance of additional City storm drainage in their facilities; and 3) provide additional reviews and updates pertinent to the SDMP, and

WHEREAS, City desires to pay the amount of the additional work provided by Stantec, which is \$75,000.00, and execute an Amendment to Agreement for Consultant Services with Stantec in said amount, and

WHEREAS, the Acting Public Works Director recommends approving the Amendment to Agreement with Stantec Consulting to perform the additional tasks requested by the City required to complete work related to the SDMP,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the Amendment to Agreement with Stantec Consulting for additional work in the amount of \$75,000, to complete the Storm Drain Master Plan.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-545**

**A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT BUDGET IN ORDER TO FULLY FUND THE AMENDMENT TO AGREEMENT WITH STANTEC CONSULTING BY (1) RETURNING \$75,000 FROM 6280-430-A213-6010 (STORM DRAINAGE SYSTEM ANALYSIS) TO RESERVES ACCOUNT 6280-800-8000-8003; AND (2) REAPPROPRIATION OF THAT SAME \$75,000 FROM RESERVES TO 6280-440-A231-6010 (STORM DRAIN MASTER PLAN)**

WHEREAS, in August 2002, the City began a project to develop a Citywide, comprehensive Storm Drain Master Plan (SDMP) to properly address the many storm drainage issues facing the City, and

WHEREAS, the City has deemed additional work to be important to the completion of the SDMP that was not included in the original project scope, and

WHEREAS, certain budgetary transactions are necessary to fully fund said Amendment to Agreement as there is insufficient revenue available in the CIP Account 6280-440-Q231-6010 "Storm Drain Master Plan" to fund the Amendment to Agreement in the amount of \$75,000, and

WHEREAS, \$75,000 is to be returned to reserves Account 6280-800-8000-8003 from CIP Account 6280-430-A213-6010 "Storm Drainage System Analysis," and

WHEREAS, that same \$75,000 is to be reappropriated from reserves to the CIP Account 6280-440-Q231-6010 "Storm Drain Master Plan,"

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves funding transfers as set forth herein to fully fund the Amendment to Agreement with Stantec Consulting for engineering services for the SDMP project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-547**

**A RESOLUTION APPROVING SPECIFIC PLAN AMENDMENT NO. 20 TO  
THE VILLAGE ONE SPECIFIC PLAN TO MODIFY POLICIES RELATED TO  
THE DEVELOPMENT OF THE VILLAGE CENTER, PROPERTY LOCATED  
AT THE SOUTHEAST CORNER OF FLOYD AVENUE AND ROSELLE  
AVENUE. (BEST PROPERTIES)**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on October 16, 1990, the City Council by Resolution No. 90-828A adopted the Village One Specific Plan, to guide the development of 1,780 acres located in northeast Modesto, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, the City Council on June 18, 1991, by Resolution No. 91-405, adopted Specific Plan Amendment No. 1 to the Village One Specific Plan to adopt an amended Affordable Housing Program, and

WHEREAS, the City Council on May 5, 1992, by Resolution No. 92-222, adopted Specific Plan Amendment No. 2 to the Village One Specific Plan to improve technical correctness, readability, and comprehension, and

WHEREAS, the City Council on February 1, 1994, by Resolution No. 94-72, adopted Specific Plan Amendment No. 3 to the Village One Specific Plan to rewrite and reorganize the Plan to be more implementation oriented, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-297, certified the Final Supplemental EIR for Village One (SCH No. 90020181) which provided environmental analysis for the revisions in Specific Plan Amendment No. 4, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-298, adopted Specific Plan Amendment No. 4 to the Village One Specific Plan to widen Floyd Avenue from three-to-five lanes, realign the Claus/Sylvan intersection, delete the non-potable water supply for public landscaping, and integrate mitigation monitoring into the Specific Plan, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-372, adopted Specific Plan Amendment No. 5 to the Village One Specific Plan to revise the Residential Design Policies for cul-de-sacs, alleys, garage orientation, and plan processing, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-373, adopted Specific Plan Amendment No. 6 to the Village One Specific Plan to revise the school and park sites within the Specific Plan and redistribute residential units among the Village One Precise Plan Areas, and

WHEREAS, the City Council on October 10, 1995, by Resolution No. 95-487, adopted Specific Plan Amendment No. 7 to the Village One Specific Plan to reduce costs and to implement recommendations to increase the marketability of development within the Village One area, and

WHEREAS, the City Council on May 14, 1996, by Resolution No. 96-245, adopted Specific Plan Amendment No. 7.1 to the Village One Specific Plan to delete the multiple-family development designation from Precise Plan Areas Nos. 8 and 33, and

Resolution No. 26-246 to amend the Design Standard portion of the Village One Specific Plan pertaining to single-family dwelling setbacks and three-car garages, limited to Precise Plan Areas Nos. 8, 32, and 33, and

WHEREAS, the City Council on June 4, 1996, by Resolution No. 96-295, adopted Specific Plan Amendment No. 8 to the Village One Specific Plan to incorporate changes previously approved in Specific Plan Amendment No. 7 into the Specific Plan document itself, to make minor editorial changes to the Specific Plan, and to incorporate changes resulting from development of a revised Village One Facilities Master Plan, and

WHEREAS, the City Council on August 13, 1996, by Resolution No. 96-453, adopted Specific Plan Amendment No. 9 to the Village One Specific Plan to modify the standards for dwelling setbacks and three-car garages for the entire Specific Plan area, and

WHEREAS, the City Council on May 6, 1997, by Resolution No. 97-225, adopted Specific Plan Amendment No. 10 to the Village One Specific Plan to eliminate redundancy with the General Plan Housing Element policies and to eliminate language that was too restrictive, and

WHEREAS, the City Council on June 3, 1997, by Resolution No. 97-300, adopted Specific Plan Amendment No. 11 to the Village One Specific Plan to exempt public facilities from precise plan requirements, to streamline the Specific Plan amendment process, and to provide minor clarification to various policies and diagrams, and

WHEREAS, the City Council on October 21, 1997, by Resolution No. 97-602, adopted Specific Plan Amendment No. 12 to the Village One Specific Plan to allow

changes in public service providers, delete the requirement for a business park market study, revise Amtrak station language, revise the business park precise plan diagram, and allow regional commercial uses in the business park, and

WHEREAS, the City Council on February 17, 1998, by Resolution No. 98-97, adopted Specific Plan Amendment No. 13 to the Village One Specific Plan to redesignate 9.8 acres in Precise Plan Area No. 3 from Multi-Family Residential to Village Residential, and

WHEREAS, the City Council on August 17, 1999, by Resolution No. 99-416, adopted Specific Plan Amendment No. 14 to the Village One Specific Plan to modify the mix of land uses allowed in the southeast quadrant of Precise Plan Area No. 20, and

WHEREAS, the City Council on September 26, 2000, by Resolution No. 2000-507, adopted Specific Plan Amendment No. 15 to the Village One Specific Plan to reduce the noise setback along Claus Road, and

WHEREAS, the City Council on May 7, 2002, by Resolution No. 2002-230, adopted Specific Plan Amendment No. 16 to the Village One Specific Plan to move 4.1 acres from Precise Plan Area No. 6 to Precise Plan Area No. 7, and

WHEREAS, the City Council on April 1, 2003, by Resolution No. 2003-177, adopted Specific Plan Amendment No. 17 to the Village One Specific Plan to allow for a revised infrastructure financing plan for Village One, including the formation of a new community facilities district for the remaining undeveloped, unvested property in Village One, and

WHEREAS, the City Council on December 7, 2004, by Resolution No. 2004-650, adopted Specific Plan Amendment No. 18 to the Village One Specific Plan to

change the land use designations of Precise Plan Areas 23 and 24 from Commercial, Village Residential, and Multi-Family Residential to Village Residential and Medium-Density Residential and to amend some of the Village One design and development standards, and

WHEREAS, the City Council on March 8, 2005, by Resolution No. 2005-129, adopted Specific Plan Amendment No. 19 to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, and

WHEREAS, Best Properties has filed an application to amend the Village One Specific Plan to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue, and

WHEREAS, on October 17, 2005, at 7:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed Village One Specific Plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2005-39, recommended to the City Council approval of an amendment to the Village One Specific Plan to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing on November 1, 2005, at 5:30 p.m., in the Tenth Street Place Chambers

located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Amendment No. 20 to the Village One Specific Plan to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue is consistent with the Modesto Urban Area General Plan, as the overall land use, intensity and circulation of the Village One Specific Plan and Village Center would not be changed by the amendment, and the Village One Specific Plan is hereby amended to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue as shown on Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the Village One Specific Plan to the Board of Supervisors of the County of Stanislaus.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this Specific Plan Amendment (File No. SPA-05-003). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If

the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of November 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: Dunbar

ABSENT: Councilmembers: Hawn

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: Michael D. Milich  
MICHAEL D. MILICH, City Attorney

# **STAFF PROPOSED SPECIFIC PLAN AMENDMENT**

Precise Plan Area #20  
(Figure III-21)

1. Acreage: 100 Acres
2. Land Use Intensity

There are three alternatives for development of this Precise Plan Area. These are detailed in Section 3, below. Following is a land use summary of the three alternatives:

<u>Land use</u>	<u>Alternative A</u>	<u>Alternative B</u>	<u>Alternative C</u>
Village Commercial Center	10 ac.	10 ac.	12 ac.
Office	6 ac.	8 ac.	5 <sup>a</sup> ac.
Multi-Family	20 ac.	20 ac.	25-28 <sup>b</sup> ac.
Senior Housing/Multi-family	17 ac.	17 ac.	6 <sup>c</sup> ac.
Village Residential	47 ac.	45 ac.	55 ac.
Total	100 ac.	100 ac.	103-106 ac.

- <sup>a</sup> The 5 acres designated office are permitted to be developed as Village Commercial and/or Office and/or Senior Housing and/or Multi-Family.
- <sup>b</sup> The 5 acres of the Multi-Family around the Village Commercial Center may also be developed as Village Residential.
- <sup>c</sup> The 6 acres of Senior Housing shall be exclusively for Senior Housing.

3. Special Considerations

- a. There are three alternative land use configurations for this Precise Plan Area. These are shown in the Figure III-21 diagrams, following pages. The three alternatives are based on three alternative locations for the Village Commercial Center. Descriptions of the three alternatives follow:

Alternative A:

- The Village Commercial Center (10 acres) is located at the northwest corner of Floyd Avenue and Roselle Avenue.
- The remainder of the northwest quadrant of the Precise Plan Area is designated Office (6 acres) and Senior Housing/Multi Family Housing (17 acres).
- The northeast and southeast corners of Floyd Avenue and Roselle Avenue are designated Multi Family Residential (10 acres each). The remainder of these quadrants is designate Village Residential.

### Alternative B

- ~~The Village Commercial Center (10 acres) is located at the northeast corner of Floyd Avenue and Roselle Avenue.~~
- ~~The remainder of the northeast quadrant of the Precise Plan Area is designated Office (7 acres) and Senior/Multi family Housing (17 acres).~~
- ~~The northwest and southeast corners of Floyd Avenue and Roselle Avenue are designated Multi Family Residential (10 acres each). The remainder of these quadrants is designated Village Residential.~~

### Alternative C

- ~~The Village Commercial Center (12 acres) is located at the southeast corner of Floyd Avenue and Roselle Avenue.~~
  - ~~The remainder of the southeast quadrant of the Precise Plan Area is designated Office, which can also be developed as Village Commercial, Senior Housing or Multi Family (5 acres), Senior Housing/Multi family (6 acres), Multi Family Housing, which can also be developed as Village Residential (5 acres), and Village Residential (7 acres).~~
  - ~~The northwest and northeast corners of Floyd Avenue and Roselle Avenue are designated Multi Family Residential (10 acres each). The remainder of these quadrants is designated Village Residential.~~
- b. ~~The decision of which Alternative for this Precise Plan Area will be developed will be based on the location of the Village Commercial Center. The first development proposal for the Village Commercial Center on one of the three sites shown in the alternatives will determine the Alternative chosen for development of this Precise Plan.~~
- c. Ideally, the Village Commercial Center is the first development to occur in this Precise Plan Area. At a minimum, development of the Village Commercial center should precede the development of the 10 acres closest to the Floyd/Roselle intersection on each of the other two corners.
- d. The first phase of development of the Village Commercial Center shall include construction of a supermarket. Construction of other permitted commercial uses may accompany construction of the supermarket subject to the condition that the supermarket shall be the first use to open for business.

- e. The time limit for commencement of construction of the first phase of development of the Village Commercial Center shall not be more than three years from the effective date of approval of the precise Plan by the City Council. One-year time extensions, not to exceed three in number, may be granted by the Planning Commission after benefit of a public hearing, if adequate cause for such time extension is shown by the developer.
- f. If construction of the first phase of the Village Commercial Center does not occur within the specified time limitations, the City may consider Precise Plan applications for development of the Village Commercial Center at one of the other two corners of Floyd and Roselle Avenues.
- g. The Precise Plan shall provide for a maximum of 350,000 square feet of gross leasable area for commercial and office uses distributed in the following manner:
  - 1. The Village Commercial Center will contain a maximum of 215,000 – 250,000 square feet of gross leasable area.
  - 2. The Office designation will contain a maximum of 100,000 – 125,000 square feet of gross leasable area.
- h. The Village Commercial Center should be of a substantially improved design over a typical neighborhood shopping center, reflecting pedestrian orientation and direct linkage to a residential/office complex.
- i. The Village Commercial Center should be designed in accordance with the policies presented in Sections II-G(4) and II-G.
- j. Within each area designated Multi-family, only multi-family uses will be allowed with the following number of dwelling units:
  - 1. The maximum number of dwelling units for each area is calculated as follows:  
 $10 \text{ Acres} \times 26.25 \text{ dwelling units/acre} = \underline{263}$  dwelling units for each 10-acre multi-family site.
  - 2. The minimum number of dwelling units for each area is calculated as follows:  
 $263 \text{ dwelling units} \times 90\% = \underline{237}$  dwelling units for each 10-acre multi-family site.

- k. Within each area designated Senior Housing/Multi-family Housing, either Multi-Family Housing or Senior Housing are allowed. If Multi-Family Housing is developed, the maximum density allowed is 26.75 dwelling units/gross acre, with a minimum density of 90% of the maximum density. If Senior Housing is developed, then the maximum density allowed is 50 dwelling units/gross acre.
  
- l. It is desirable that the City and the property owners in this Precise Plan Area agree on the process for coordinated development of this Precise Plan Area in advance of initiating any development. In any case, a single development entity should manage the development process. This role should include coordinating all aspects of land assemblage and infrastructure improvements, construction of the buildings, and implementation of the sales and leasing programs. In addition, consistent and centralized ongoing management of the retail/commercial components of the Village Center should be maintained.

**APPLICANT PROPOSED SPECIFIC PLAN AMENDMENT**

## Specific Plan Amendment Findings

### B. Specific Plan Amendment Process

The following process must be followed in reviewing proposed Specific Plan Amendments:

#### 1. Description of Amendment

Proposals to amend the Village One Specific Plan must be accompanied by detailed information to document the change requested. This information should include a revised Specific Plan Text (or excerpt therefrom) and revised Land Use Diagram, where relevant, depicting the Amendment requested.

*The Village One Specific Plan text proposed for revision is attached.*

#### 2. Presentation of Need for Amendment

Any proposals to amend the Specific Plan must document the need for such changes. The applicant should indicate the economic, social, or technical issues which generate the need to amend the Specific Plan.

*The main text changes are modifications of the architectural and design policies that relate to the Village One Commercial Center. The original design standards would better fit an urban commercial development, and based on the size and shape of the Village Center, do not fit well with a practical commercial layout of the site. As such, these standards are proposed to be modified, or deleted, and some new standards added, which more closely approximate the type of development proposed for the Village One Commercial Center project.*

#### 3. Criteria for Analysis of Amendment

Any proposal to amend the Village One Specific Plan must be accompanied by an analysis of the Amendment's effects, compared to the adopted Specific Plan and any adopted Precise Plans, of the following issues:

- a) Conformance with Specific Plan Guiding Principles in Chapter I of this Specific Plan.

*There are four (4) guiding principles in Chapter I. These are listed and responded to below:*

### C. Guiding Principles of the Village One Specific Plan

The following principles are an integral part of the Village One planning process. These principles shall be followed throughout this Specific Plan and throughout all subsequent processing of land use approvals within the Specific Plan area:

1. Neo-traditional planning concepts are incorporated into the Plan through development of a pedestrian-oriented village that focuses community life within the Village area by orienting the residential neighborhoods to a central Village Center. This center, which contains commercial, civic, cultural and recreational uses, will make pedestrian access available to residents of Village One through a highly interconnected street system providing a direct connection to the Village Center.

*The Village Center will be connected to adjacent development on all four sides by pedestrian access, and to the north and west by vehicular access.*

2. The Village is defined not by its edges nor by isolation from the rest of the City, but rather by a focus of activities that are common to the Village as a whole. Village One is intended to be an integral part of the existing City.

*No changes are proposed which would affect this policy.*

3. The Village streets serve as structuring elements and significant open spaces that contribute to the overall quality of life, as well as fulfill the needs for vehicular and alternative circulation modes, such as transit, bicycle and pedestrian. The Village Center core is directly connected to each residential neighborhood.

*The Village Center is connected to adjacent development on all four sides by pedestrian access points, and to the north and west by vehicular access points.*

4. The Specific Plan creates an overall community identity through the well-ordered compositions of the residential neighborhoods, and activity centers. Each of these levels is organized around a public element, with the districts focus on schools and parks, and individual homes on the character of landscaped streets. These elements of the Village are closely linked with one another in a town pattern designed to facilitate direct access between major activity areas.

*As discussed above, the development will not hamper direct access between major activity areas.*

- b) **Compatibility with any adopted Precise Plans, which will be affected by the Specific Plan Amendment.**

*The adopted Precise Plan is being modified, and these modifications will be processed concurrently with this Specific Plan Amendment.*

- c) **Consistency with the Comprehensive Policies presented in Chapter II of this Specific Plan.**

*Where necessary, the Comprehensive Policies in Chapter II are proposed for revision as needed to be consistent with the proposed request.*

- d) **Compatibility with surrounding existing and planned land uses.**

*There are no proposed changes to land uses in the area.*

- e) **Visual impacts, on-site and off-site.**

*The project will be developed with land uses consistent with the Specific Plan.*

- f) **Traffic impacts.**

*The land uses are consistent with the adopted Specific Plan and EIR, and so the projected traffic generated by the project was analyzed in the existing EIR for the Village One Specific Plan.*

- g) **Preservation of Open Space.**

*The project will not result in the loss of any lands identified for Open Space uses.*

- h) **Public Utilities, documented in Chapter II of this Specific Plan, as well as any adopted Public Facility Master Plans.**

*Utilities will be provided consistent with the Village One Facilities Master Plan.*

### 3. Village Center – Overview

This section defines the purpose of the Village Center, expanding upon the brief narrative presented in Section IIB-2. This narrative is further refined later in Section IIG-4 and supplemented by the narrative for "Precise Plan Area #20," in Chapter III.

The Village Center is essentially a hybrid form of commercial development that includes the best pedestrian-oriented features of the traditional small town and the automobile orientation of strip shopping centers. By locating the Village Center at the heart of the community and concentrating commercial uses within it, the number of daily trips related to automobile traffic can be substantially reduced.

The Village Center is a compact district with a hierarchy of streets, sidewalks, and pedestrian passageways. Commercial buildings are clustered around key intersections and along streets, which lead directly into adjacent residential neighborhoods. Historical precedents for certain design aspects of the Village Center include the traditional main street or commons that forms the focus of small towns throughout the United States.

The Village Center is envisioned as a place where people go on an everyday basis to shop, conduct business, socialize with neighbors, and gather for community events. It serves as one of the fundamental elements for creating a strong sense of community. Therefore, direct access from throughout Village One on both primary and secondary roads is essential.

An attractive image and identity for the Village Center shall be established through the unique configuration of streets and open spaces. Detailed design guidelines shall be maintained, to establish a consistent character and quality standards for buildings.

The creation of an attractive image and identity for the Village Center will add to the potential success of the commercial activities, while simultaneously lending an image and identity to all of Village One, and providing a stronger sense of place and orientation. The design of individual buildings and open spaces can reinforce the role of the place, not only for shopping, but also as a people-oriented gathering place.

### 4. Village Center – Land Use Policies

The following policies should be addressed in the over all design of the Village Center. The term 'should' is advisory. However, attention should be paid to the concepts that follow:

- a) The Village Center will house the major concentration of retail uses within the Village and will also serve as the "living room" of the community and the focus of its social activities. Figure II-2 illustrates a potential Village Center Plan which incorporates an appropriate mixture of land uses in conformance with this policy (see also Precise Plan Area No. 20, in Chapter III).

- b) A concentration and mixture of uses should be provided within the Village Center Plan to accommodate approximately 350,000 of square feet of commercial (retail and office) uses within the core area. Additionally, an appropriate environment should be created for the inclusion of higher density single-family residential dwellings, senior housing, and community facilities.
- c) The Village Center includes a diverse mixture of uses that are concentrated in a distinct district. Boundaries between properties and uses are soft and not clearly delineated. Retail shops, general commercial establishments, and some professional offices will comprise the majority of the local-serving commercial uses. The suggested commercial program for the Village Center is outlined in Precise Plan Area No. 20, in Chapter III.
- d) Higher density single-family and senior housing should ring the Village Center. In addition, selected parcels within the predominantly commercial core are planned to accommodate mixed-use or higher density residential apartments or condominiums.
- e) Emphasis should be placed on pedestrian activities and linkages, and the possibility of future transit should be provided for along Roselle Avenue to serve the Village Center.
- f) The Village Center should be people-oriented and easily accessible to all residents of Village One by foot or bicycle. Due to its important role within the community, the Village Center must also accommodate the required flow of automobile traffic and provide ease of access and parking convenience. ~~However, it is important that the image of the Village Center is not dominated by the automobile.~~
- g) No drive-through commercial facilities (such as those related to financial institutions and fast food enterprises) should be traditionally sited in the Village Center. These uses reduce pedestrian activity and often disrupt retail continuity along the street. They should be sited in the transitional area between the neighborhood commercial area and the offices/multi-family area.
- h) Parking areas should be located so as not to interrupt pedestrian movement along streets and passageways wherever possible. Off-street parking lots should be located behind buildings or screened by landscaping, so that the dominant image of the Village Center is one of buildings and pedestrian activity. The Village Center is a logical location for future transit service due to its concentration of uses, higher density housing, and central location.
- i) Higher density single-family residential uses are permitted within the Village Center where they can take advantage of transit connections along Roselle Avenue and the retail activities focused within the heart of the community. These higher density single-family residential uses may develop at a gross density of approximately ten dwelling units per net acre, and they could consist of either attached or detached housing units.

- j) Mixed-use (residential and retail) developments are encouraged within the Village Center.

A small development with retail on the ground floor and residential development on upper floors is encouraged within the higher density Village Center. While this type of development is relatively unconventional in the Central Valley, it would take advantage of the opportunities in this particular location for the establishment of a small, relatively unique, new urban prototype that is complementary in intensity and in scale with its surroundings.

5. Village Center – Community Design Policies

In addition to the Land Use policies listed above, all developments within the Village Center should incorporate the following Design Policies, as appropriate. The term “should” is advisory. However, attention should be paid to the concepts that follow.

a) Site Design Policies

1. Commercial building parcels should be delineated in various sizes ranging from approximately 30 to 250 foot frontages in order to create architectural variety and a more visually interesting environment for the pedestrian.
2. Residential building parcels within the Village Center should be located outside of the designated core area. These parcels should be large enough to accommodate appropriately scaled, high-density projects.
3. Screened service courts and enclosed trash containers should be required for garbage and delivery.
4. The electrical services and other mechanical areas of buildings should be screened from view or located to minimize their visual appearance.

b) Street Design Policies

1. On-street parking should be provided on both sides of the streets serving the Village Center.
2. All Village Center streets should be designed for 24-inch box street trees with high canopies that could be planted at 20-foot intervals. Tree species should be selected for branching at heights greater than 15 feet, for light, feathery leafing (for visibility to storefronts) and for ease of maintenance.
3. Consistent pedestrian-scale ornamental light fixtures should be utilized along streets in the Village Center. Light fixtures should include attachments for banners and planters. Fixtures should be high-pressure sodium vapor for the best rendition of natural colors.

c) Architectural Design Policies

1. Passageways for pedestrians between parking areas and adjacent streets should be provided. Public passageways between buildings should be landscaped with trees, flowers, sidewalks, and lighting.
2. Commercial projects with multiple buildings, that do not allow on-street parking, should place some buildings along street frontages. Minimal setbacks should occur for landscaping between buildings and street. ~~All commercial buildings should have facades built right to the sidewalk, with no setbacks on the first level, in order to maintain an active and interesting edge for window shoppers, strollers and passersby. There may be variations for landscaping but~~ Off-street parking areas between the street and buildings and public streets should be minimized where practical avoided.
3. Buildings at key intersections should be designed to mark the corner. Various design devices include setbacks at the corner, accentuated architecture entrances, and additional height, using for instance, public gathering places towers and cupolas. By treating intersections as prominent landmarks in the Village, people and visitors are more quickly oriented to the entire district.
4. Blank walls shall not occur where buildings face the public street. These faces shall include architecture similar to the face of the building containing entries and storefronts. While building entries and storefronts are not required along street frontage, the buildings must contain architecture to produce a building with 360 degree articulation. ~~or solid walls (without glazing) should not exceed approximately 30 feet in length at street level so that visual interest is maintained along sidewalks for pedestrians. Walls that are blank should be articulated with murals, trompe l'oeil, or some type of wall detailing, wherever possible.~~
5. ~~Store and building entrances should not be recessed more than ten feet. Doorways should be designed to focus on the street in order to create a more immediate and direct relationship between indoor and outdoor activities.~~
6. Ideally, the height of street-facing facades should be greater than 16 feet but not more than 35 feet, as measured from the grade sidewalk to the top of the cornice. These height limits will ensure an appropriate pedestrian scale for the Village Center.
7. Landscape structures such as portals, trellises, arbors, and benches, shall occur within the parking lot of the project in order to emphasize the pedestrian scale of the project. ~~Buildings overhanging the sidewalk or freestanding shelter structures creating street arcades that intrude into the sidewalks should be continuous, extending along the full length of a block or, at minimum, linking a series of contiguous buildings.~~

8. Awnings should be encouraged, but should not interfere with street tree planting.
9. Storefronts should be encouraged to wrap corners at the building entrance ~~of public passageways~~ and at street intersections in order to create activity ~~and eyes on the street~~ at these critical junctures in the pedestrian network of the Village Center.
10. Consistent wall mounted ~~hung~~ exterior lighting should be used along pedestrian passageways, at corners of buildings, and at the rear of buildings facing the parking lots.
11. Signage should be scaled to the pedestrian.
12. ~~Heraldic signs,~~ Vertical banners stretched between two horizontal standards, should be encouraged.
13. All signage for project tenants shall be individual letters of logos attached to the building. ~~General merchandising and off-premise signs should not be permitted.~~
14. The buildings and streets within the Village Center should be organized to concentrate pedestrian activity within an appropriately scaled district, in order to create a strong sense of identity and community at the geographic center of Village One.
15. People-oriented activities (window shopping, store entrances, cafes, displays, signage) should be focused ~~along the streets and~~ in front of buildings of the Village Center. ~~Parking, deliveries, trash and other ancillary services should be located at the rear of buildings.~~
16. A focused, efficient pattern of buildings and open spaces should be developed in order to concentrate activities, rather than dissipate them in a way that requires greater dependency upon the automobile.
17. Buildings, streets, and parking lots should be designed to be scaled to pedestrians (with regard to such issues as to height and length of walls, the amount of uninterrupted asphalt paving, the width of streets, and the distance between crosswalks, the continuity of shop fronts, the size of signage).
18. The development of pedestrian amenities such as benches, trash receptacles, and pedestrian-scale lighting should be encouraged as well as outdoor cafes and sidewalk magazine stands – all of which enhance the experience of moving through the Village Center by foot.

a) Parking Design Policies

1. An adequate supply of parking should be provided to meet retail needs. In the case of predominantly night time uses, such as nightclubs, shared parking opportunities should be encouraged.

2. ~~On street parking should be provided on all major streets in the Village Center.~~
3. All off-street parking should be generally located to the rear of buildings instead of between the public street and buildings. Access to stores and streets should be easily visible from all areas of the parking lot.
4. ~~Surface parking areas should be constructed in small increments, or large lots should be divided into small areas through the use of landscaping, so that asphalt does not dominate.~~
5. Conversions of surface parking areas to allow additional development utilizing structured parking should be encouraged as market demand increases over time.
6. Trees should be planted at sufficient density in parking lots to meet the objective of achieving an 85% coverage at maturity.
7. Parking lot lighting should be located at frequent intervals for pedestrian orientation. All exterior lighting should be high-pressure sodium vapor fixtures to create an attractive light quality suitable to retail and pedestrian uses.

**Chapter III, Precise Plan Area #20, Special Consideration 3(h): (Page III-51)**

- h. The Village Commercial Center should be of an substantially improved design over a typical neighborhood shopping center, reflecting pedestrian orientation and direct linkage to neighboring land uses ~~a residential/office complex.~~

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-548**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: SPECIFIC PLAN AMENDMENT NO. 20 TO THE VILLAGE ONE SPECIFIC PLAN TO AMEND THE VILLAGE ONE SPECIFIC PLAN TO MODIFY POLICIES RELATED TO THE DEVELOPMENT OF THE VILLAGE CENTER, AND AN AMENDMENT TO THE PRECISE PLAN FOR THE SOUTHEAST QUADRANT OF AREA NO. 20 TO MODIFY POLICIES AND DIAGRAMS TO ACCOMMODATE A PROPOSAL FOR THE VILLAGE CENTER RETAIL CENTER, PROPERTY LOCATED AT THE SOUTHEAST CORNER OF FLOYD AVENUE AND ROSELLE AVENUE. (BEST PROPERTIES)**

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report ("EIR") (State Clearinghouse No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP"), and

WHEREAS, an application has been filed by Best Properties for an amendment to the Village One Specific Plan to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue, and to

amend the Precise Plan for Area No. 20 to modify policies and diagrams to accommodate the design of a proposal for the Village Center (collectively the "Project"), and

WHEREAS, the City's Community and Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2005-30, which concluded that the proposed Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, the Planning Commission, by Resolution No. 2005-40, adopted on October 17, 2005, and City staff, by a report dated October 13, 2005, from the Community and Economic Development Department, recommended to the City Council approval of Amendment No. 20 to the Village One Specific Plan to modify design policies related to the development of the Village Center at the southeast corner of Floyd Avenue and Roselle Avenue, and to amend the Precise Plan for Area No. 20 to modify policies and diagrams to accommodate the design of a proposal for the Village Center, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on November 1, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED

2005-30, entitled "Village Center Specific Plan Amendment, Precise Plan Amendment, Final Development Plan and Tentative Parcel Map", for the proposed Project, and the Council hereby makes the following findings:

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
2. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR are required.
3. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR was adopted, which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
  - d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

5. The Initial Study, Environmental Assessment EA/C&ED 2005-30, provides the substantial evidence to support findings 1-4, noted above.

A copy of said Environmental Assessment No. EA/C&ED 2005-30, entitled "Village Center Specific Plan Amendment, Precise Plan Amendment, Final Development Plan and Tentative Parcel Map", is on file with the City Clerk.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of November 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: Dunbar

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-549**

**A RESOLUTION APPROVING THE LEASE AGREEMENT BY AND BETWEEN  
THE CITY OF MODESTO AND FMC CORPORATION, INC. AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID LEASE  
AGREEMENT**

WHEREAS, on October 18, 1983 and pursuant to City Council Resolution No. 83-676, the City of Modesto ("City") approved a Lease Agreement with FMC Corporation, Inc. ("FMC") for the lease of a portion of City-owned property for the purpose of installing three (3) monitoring wells, and

WHEREAS, on July 23, 1985 and pursuant to City Council Resolution No. 85-482, the City approved a second Lease Agreement with FMC for the lease of a portion of City-owned property for the purpose of installing three (3) additional monitoring wells, and

WHEREAS, the terms of said Leases were both 20 years, and

WHEREAS, said Leases have both expired, and

WHEREAS, FMC is desirous of continuing to maintain five (5) of the monitoring wells in perpetuity for the purpose of assessing the underground aquifer to identify any contamination of the groundwater as a result of past activity on FMC's property in proximity to said monitoring wells, and

WHEREAS, the City and FMC have been working with the State of California to complete a remediation plan to remediate the contamination on FMC's property, and

WHEREAS, the City has determined that the integrity of the water system is paramount to the health and safety of its citizens and the monitoring of the water system is vital to ensure the continual assessment of said water system,

NOW, THEREFORE, BE IT RESOLVED by the City Council that the Lease Agreement for operation of five (5) monitoring wells by and between the City of Modesto and FMC Corporation, Inc., a Delaware corporation, is hereby approved and the term of said Lease Agreement is twenty (20) years.

BE IT FURTHER RESOLVED that the City Council does hereby authorize and direct its City Manager, or his/her designee, to execute on behalf of the City said Lease Agreement, which is attached as Exhibit A and incorporated herein by this reference.

The foregoing resolution was introduced at a regular meeting of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

## LEASE AGREEMENT

This Indenture of Lease, made and entered into in the City of Modesto, County of Stanislaus, State of California, as of this \_\_\_\_ day of \_\_\_\_\_, 2005, by and between the CITY OF MODESTO, a municipal corporation of the State of California, hereinafter called CITY, and FMC CORPORATION, a Delaware corporation, hereinafter called LESSEE or FMC.

WHEREAS, pursuant to Lease Agreements, encroachment permits, and/or Resolutions adopted by the Council of the City of Modesto in 1983 and 1985, FMC installed some six (6) groundwater monitoring wells on certain CITY premises for purposes of environmental investigations;

WHEREAS, five (5) of these wells, denominated M-112, M-113, M-119, M-120, and M-121, remain active and in use, and are required to be monitored under the terms of an administrative order and monitoring and reporting program issued to FMC by the California Regional Water Quality Control Board for the Central Valley Region ("RWQCB");

WHEREAS, FMC desires a new Indenture of Lease ("Lease Agreement") for purposes of maintenance and use of the five existing groundwater monitoring wells; and

WHEREAS, CITY is willing to enter into a new Lease Agreement upon the terms and conditions set forth below.

THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

That CITY for and in consideration of the covenants, conditions, agreements and stipulations hereinafter expressed, does hereby demise and lease unto LESSEE, and LESSEE hereby hires from CITY the nonexclusive use of those certain premises situated in the City of Modesto, County of Stanislaus, State of California, more particularly shown on the attachment hereto marked "Exhibit A" and more particularly described in the attachment hereto marked "Exhibit B", and by this reference made a part hereof as though set forth in full herein, together with the right of reasonable

access across CITY's adjacent property to maintain, inspect, and test the monitoring wells located on the demised premises.

1. TERM. LESSEE shall be entitled to have and to hold the demised premises, together with the appurtenances, rights, privileges and easements thereunto belonging to or appertaining, for a twenty (20) year term commencing on the date above first written and ending twenty (20) years thereafter.

2. RENTAL. LESSEE shall pay One Hundred and no/100ths Dollars (\$100.00) per year to CITY in consideration of CITY leasing the demised premises to LESSEE, which shall be paid to CITY's Director of Finance, P.O. Box 642, Modesto, California, by January 1, of each year, which shall be considered the due date.

In addition to other remedies contained in this Lease Agreement, in the event any payment is not made on the due date, LESSEE shall pay to CITY a late charge on said unpaid balance calculated at the rate of five percent (5%) per month commencing on the due date and continuing until the date such payment is made.

3. ADDITIONAL CONSIDERATION. LESSEE agrees as further consideration for the lease of the demised premises to not commit or suffer to be committed any waste on the demised premises, to provide CITY with all testing data obtained from the monitoring wells located on the demised premises, and to let CITY make reasonable use of the demised premises as long as CITY's use does not unreasonably interfere with LESSEE's use thereof.

4. USE. LESSEE shall use the demised premises solely for the purpose of maintaining and using five (5) monitoring wells for monitoring groundwater.

5. IMPROVEMENTS. It is understood that any improvements on the demised premises will be done at the sole cost and expense of LESSEE. Except as authorized by paragraph 19 herein, no buildings, structures, or other improvements shall be erected, installed, or placed upon the demised premises unless the consent of CITY's City Manager is first had in writing; however, where such improvements are for purposes

of restricting access or otherwise providing for the security of the monitoring wells, such consent shall not be unreasonably withheld or delayed. LESSEE agrees to notify CITY at the time any improvements are begun so that CITY may post and record Notices of Nonresponsibility. LESSEE agrees not to permit any liens to be placed upon the demised premises by reason of any improvements which it may make thereon and further agrees to hold CITY harmless from any liability to pay for such improvements or liens therefor.

6. RIGHT OF ENTRY UPON PREMISES. CITY and its agents and employees shall have the right to enter upon the demised premises at all reasonable times to inspect the same, to determine if LESSEE is performing the covenants of this Lease Agreement on its part to be performed and to post such reasonable notices as CITY may desire to protect its rights.

7. TAXES. LESSEE recognizes and understands that this Lease Agreement may create a possessory interest subject to property taxation and that LESSEE may be subject to the payment of property taxes on such interest. LESSEE further agrees to pay, without the right to deduct from rental fees provided herein, any and all property taxes, if any, assessed during the term of this Lease Agreement against LESSEE'S possessory interest in the demised premises.

LESSEE further agrees to pay, without right to deduct from rental fees provided herein, any and all personal property taxes assessed against its property on the demised premises, and such portion of any real property taxes as may be levied against improvements owned by LESSEE and erected upon land owned by CITY.

8. UTILITIES. LESSEE agrees to pay all utility bills that may be incurred as a result of its activities or improvements on the demised premises.

9. ASSIGNMENT BY LESSEE. LESSEE shall not assign this Lease Agreement nor any right hereunder, nor sublet the demised premises, nor any part thereof, or suffer any other person or entity to occupy or use the demised premises or any portion thereof, whether through direct assignment, merger, sale of stock or business assets, or otherwise, without the prior written consent of CITY'S City Manager first had and

obtained, and a consent to one assignment, subletting, occupation or use by any other person or entity shall not be deemed to be a consent to any subsequent assignment, subletting, occupation or use by another person or entity. Any such assignment, subletting and occupation or use by any other person or entity without such consent shall be void, and shall at the option of CITY'S City Manager, terminate this Lease Agreement. This Lease Agreement shall not, nor shall any interest therein, be assignable, as to the interest of LESSEE by operation of law, without the prior written consent of CITY.

10. INDEMNITY. LESSEE agrees to indemnify, defend and hold CITY, and its officers, agents and employees, free and harmless from any and all liabilities, claims, demands, actions, losses, damages and costs, including all costs of defense thereof, caused by, arising out of, or in any way related to LESSEE'S use or occupancy of the demised premises, or occurring on the demised premises during the term of this Lease Agreement or any time of occupancy of the premises by LESSEE after expiration of this Lease Agreement, including claims, liabilities and actions based upon nuisance or inverse condemnation. Upon demand LESSEE shall, at its own expense, defend CITY, and its officers, agents and employees, against any and all such liabilities, claims, demands, actions, losses, damages and costs. LESSEE shall not be responsible for liability arising from the negligent acts or omissions of CITY, its agents, employees, or invitees.

11. (a) LIABILITY INSURANCE. LESSEE agrees to provide and keep in full force and effect throughout the term of this Lease Agreement a policy of comprehensive public liability insurance, covering any and all claims for injury, sickness and disease, including death therefrom, to any/all persons and damage to property, arising out of LESSEE'S use of, occupancy of, or occurring on the demised premises, with Combined Single Limits of not less than One Million and no/100ths Dollars (\$1,000,000.00). Said policy of insurance so provided shall contain a contractual liability clause covering the liability assumed by LESSEE under the terms of this Lease Agreement. Prior to the commencement of this Lease Agreement, a Certificate evidencing said insurance shall be filed with CITY'S City Clerk. Said Certificate shall provide for a minimum of thirty (30) days' written notice to CITY'S City Clerk in the event of cancellation or material change in the terms of said policy of insurance.

(b) WORKERS' COMPENSATION INSURANCE. LESSEE agrees to provide and keep in full force and effect during the term of this Lease Agreement a policy of Worker's Compensation Insurance, in content and form approved by CITY'S City Attorney, covering all employees of LESSEE who at any time are employed in connection with the operation of LESSEE contemplated herein. The policy of insurance so provided shall contain a provision that such policy shall not be cancelled or terms, coverage or conditions modified except upon thirty (30) days' prior written notice to CITY'S City Clerk. A certificate evidencing the same shall be filed with CITY'S City Clerk.

12. SELF INSURANCE. Notwithstanding any provision of paragraphs 11(a) and 11(b), LESSEE shall have no obligation to provide, maintain or pay for any insurance covering any risk described in paragraphs 11(a) and 11(b) so long as LESSEE shall (i) self-insure such risk on the same terms as set forth in such paragraphs, and (ii) file evidence of such self-insurance with the City Clerk of CITY.

13. TERMINATION BY CITY PRIOR TO EXPIRATION. CITY'S City Manager shall have the right to immediately terminate this Lease Agreement, in whole or in part, on the occurrence of any of the following events:

- a. Failure on the part of LESSEE to pay rent when due.
- b. Filing by or the final adjudication of LESSEE of any petition in bankruptcy or the making of any transfer of general assignment for the benefit of creditors which has not been previously authorized by CITY.
- c. The failure of LESSEE to perform substantially or keep or observe any of the terms, covenants and conditions which it is obligated to perform, keep or observe under this Lease Agreement after the expiration of a fifteen (15) day period of warning or ultimatum given by CITY'S City Manager to LESSEE to correct any such deficiency or default.
- d. The abandonment of the demised premises or any portion thereof, or discontinuance of LESSEE'S operations, or any portion thereof. Should this occur, CITY shall not be responsible for the custodial protection of equipment abandoned, even though it is necessary for CITY to remove same from the demised premises for storage

or disposal.

14. COMPLIANCE WITH LAWS. LESSEE shall not do or suffer to be done on or about the demised premises anything that would or does violate or conflict with any applicable law, ordinance, rule or regulation which is now in force or effect or which may hereafter be enacted or adopted by federal, state, county or municipal authority.

15. VACATING AND RESTORATION OF PREMISES. LESSEE agrees to vacate the demised premises upon completion of the term of this Lease Agreement, or the termination of this Lease Agreement prior to that time, and, upon vacating, LESSEE further agrees, at its sole cost and expense, (i) in accordance with all applicable laws to permanently and effectively abandon any monitoring well(s) that it has installed thereon according to the latest revision of the State Department of Water Resources Bulletins 74-81 and 74-90, Water Well Standards State of California and California Well Standards Water Wells, Monitoring Wells, Cathodic Protection Wells; Supplement to Bulletin 74-81, and (ii) to remove any other improvements it has installed thereon and to otherwise restore the premises to the condition that existed or would have existed in the absence of LESSEE'S use of such premises pursuant to this Lease Agreement. Said abandonment, removal and restoration shall be done to the reasonable satisfaction of CITY'S City Manager or his designee.

16. FAILURE TO VACATE OR RESTORE. In the event that LESSEE fails to vacate, abandon, or restore the wells as provided in paragraph 15, then CITY, or its authorized agents, may enter upon the premises and abandon the monitoring wells in accordance with paragraph 15 and/or remove all of LESSEE'S property therefrom and otherwise restore such premises. In such case, LESSEE agrees to reimburse CITY for any and all reasonable expenses it may so incur and waives any and all claims for damages against CITY, its agents or employees. Nothing herein shall be deemed a waiver of any rights of CITY to demand and obtain possession of the demised premises in accordance with law in the event of a violation on LESSEE'S part of any of the terms or conditions hereof.

17. EARLY TERMINATION BY LESSEE. In the event the demised premises are no longer needed by LESSEE for purposes of maintenance and use of groundwater

monitoring wells, upon sixty (60) days' written notice LESSEE may terminate this Lease Agreement and vacate and restore the premises in accordance with paragraph 15.

18. RELOCATION OF WELLS AND PROVISION OF REPLACEMENT PREMISES. In the event the demised premises are needed by CITY for municipal purposes so that relocation of monitoring wells installed thereupon by LESSEE is necessitated, upon sixty (60) days' written notice by CITY, LESSEE shall, at its sole cost and expense, abandon the wells and vacate and restore the premises in accordance with paragraph 15. CITY shall then make available to LESSEE replacement site(s) for the purposes of installing, maintaining, and using new monitoring wells, which replacement sites(s) shall be as near as possible in location to the demised premises. At that time, LESSEE may choose to install, maintain, and use new wells on the replacement site(s), or may elect to terminate this Lease Agreement. In the event LESSEE chooses to utilize the replacement site(s) for installation, maintenance, and use of new monitoring wells, and from and after the giving by CITY to LESSEE of written authorization to use the replacement site(s) for the same purposes as set forth in paragraph 4 hereof, such replacement site(s) shall be deemed to be the demised premises under this Lease Agreement.

19. PERMISSION. The Modesto City Council, by authorizing and approving this Lease Agreement, hereby gives its permission, as required by Section 5-1.501 of the Modesto Municipal Code, to the maintenance and use of the five (5) monitoring wells on the demised premises pursuant to this Lease Agreement.

20. NONWAIVER. Any waiver of any breach of covenants or conditions herein contained to be kept and performed by either party shall be effective only if in writing and shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent the other party from declaring a forfeiture or exercising its rights for any succeeding breach of either the same or other condition or covenant.

21. COPARTNERSHIP DISCLAIMER. It is mutually understood and agreed that nothing in this Lease Agreement is intended or shall be construed as in any way creating or establishing the relationship of copartners between the parties hereto, or as constituting LESSEE as an agent or representative of CITY for any purpose or in any

manner whatsoever.

22. ATTORNEY'S FEES. In the event that either party hereto shall commence any legal action or proceeding against the other by reason of the alleged failure of the other to perform any term, covenant, or condition of this Lease Agreement by it to be performed or kept, the party prevailing in said action or proceeding shall be entitled to recover a reasonable attorney's fee to be fixed by the court, and such recovery shall include court costs and attorney's fee on appeal if any. As used herein, "the party prevailing" means the party in whose favor final judgment is rendered, and "legal action or proceeding" shall include arbitration.

23. TIME OF ESSENCE, BINDING UPON HEIRS, ETC. Time is of the essence of each and all the terms and provisions of this Lease Agreement and the terms and provisions of this Lease Agreement shall extend to and be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the respective parties hereto.

24. NUMBER AND GENDER. All words used herein in the singular number shall include the plural and the present tense shall include the future and the masculine gender shall include the feminine and neuter, as the context may require.

IN WITNESS WHEREOF, the City of Modesto, a municipal corporation, has authorized the execution of this Lease Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. \_\_\_\_\_, adopted by the Council of the City of Modesto on the \_\_\_ day of \_\_\_\_\_, 2005, and LESSEE has caused this Lease Agreement to be executed.

### DESCRIPTION OF MONITORING WELL SITES

1. Monitoring wells M-112 and M-113 are located approximately 650 feet northwest of the intersection of Elm Street and Jefferson Street, and also approximately 500 feet west of the entrance to the City of Modesto Corporation Yard from Jefferson Street. These wells are within an approximately 300-square foot parcel, identified as APN 002-001-002. Wells M-112 and M-113 are located along the fence line on the northwest parcel boundary parallel with the MID canal. Each well is located within a two-foot cubed concrete monument. The X-Y coordinates for the wells, in the State Plane Coordinate System, North American Datum 83 are: M-112 Easting 6413785.8423 and Northing 2057258.4115; M-113 Easting 6413781.7523 and Northing 2057245.4415.
2. Monitoring wells M-119 and M-120 are located approximately 950 feet southwest from the intersection of Tully Road and Coldwell Avenue. These wells are within an approximately 90-square foot parcel, adjacent to 9<sup>th</sup> Street. Wells M-119 and M-120 are located northeast of the northwest-bound traffic lanes of 9<sup>th</sup> Street. Each well is located within a two-foot cubed concrete monument. The X-Y coordinates for the wells, in the State Plane Coordinate System, North American Datum 83 are: M-119 Easting 6412494.9423 and Northing 2059963.6915; M-120 Easting 6412503.6823 and Northing 2059956.2715.
3. Monitoring well M-121 is located approximately 200 feet southwest of the intersection of Needham Street and Nellie Avenue. This well is within an approximately 600-square foot parcel, adjacent to 9<sup>th</sup> Street. Well M-121 is located under the north side of the 9<sup>th</sup> Street overpass. The well is located within a two-foot cubed concrete monument. The X-Y coordinates for the well, in the State Plane Coordinate System, North American Datum 83 are: M-121 Easting 6414382.9223 and Northing 2057975.8715.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-550**

**A RESOLUTION APPROVING WAIVING PENALTIES FOR MODESTO  
IRRIGATION DISTRICT UTILITY USERS TAX PAYMENTS OF \$58,871.52  
FOR THE MONTH OF OCTOBER 2002 AND \$66,700.42 FOR THE MONTH OF  
OCTOBER 2003 IN EXCHANGE FOR A WAIVER OF \$243,755.77, OR A  
NEGOTIATED LESSER AMOUNT, IN LATE FEES AND PENALTIES,  
RECENTLY ASSESSED TO THE CITY OF MODESTO**

WHEREAS, staff reported to the Finance Committee on June 27, 2005, that in October 2002 and October 2003 Modesto Irrigation District paid their Utility User's Tax after the due date, making them subject to a 15% penalty under Modesto Municipal Code Section 8-2.908, and

WHEREAS, Modesto Irrigation District requested a waiver of said penalties, and

WHEREAS, at its meeting on June 27, 2005, the Finance Committee was reluctant to approve Modesto Irrigation District's request for a waiver and directed staff to research whether the City of Modesto's payment history with Modesto Irrigation District had been timely, and

WHEREAS, City of Modesto Accounting staff researched the City's payment history to Modesto Irrigation District and found outstanding penalties for Domestic Water Treatment Plant service dating back to February 2003 in the amount of \$243,755.77, and

WHEREAS, Section 2-3.406 of the Modesto Municipal Code states that where a fee or charge in excess of twenty-five thousand dollars is incorrectly levied or found to be un-collectable, such accounts will be referred to the City Manager who will promptly report them to the City Council with his/her recommendations, and

WHEREAS, at its meeting on September 26, 2005, the Finance Committee recommended that staff present to City Council the recommendation to allow City staff to waive Modesto Irrigation District penalties in the amount of \$125,571.94 in exchange for a waiver of part or all of the City of Modesto's penalties to Modesto Irrigation District in the amount of \$243,755.77,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves waiving penalties assessed to Modesto Irrigation District in the amount of \$125,571.94 in exchange for a waiver of penalties levied to the City of Modesto by Modesto Irrigation District in the amount of \$243,755.77, or a negotiated lesser amount.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to negotiate and process said waiver of penalties to the Modesto Irrigation District.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005 by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Jackman, Keating, Marsh, O'Bryant,

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-551**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR THE PRINTING OF MODESTO AREA EXPRESS (MAX) RIDE GUIDES  
TO SAN DIEGUITO PRINTERS FOR AN INITIAL TWO (2) YEAR PERIOD,  
WITH THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS FOR A  
TOTAL ESTIMATED ANNUAL COST OF \$36,090.89**

WHEREAS, the Public Works Department-Transit Division has requested the printing of Modesto Area Express (MAX) Ride Guides, and

WHEREAS, Resolution No. 2005-426 authorized the Purchasing Supervisor to solicit formal bids for the printing of Modesto Area Express (MAX) Ride Guides, and

WHEREAS, Modesto Area Express (MAX) Ride Guides are usually printed twice per year, and

WHEREAS, the ride guides are the only printed materials available to MAX patrons that show the transit system's individual routes and schedules, and

WHEREAS, for each printing the information in the ride guide is updated to show transit riders new routes, schedule changes, service policies and any other information the patron might need to help them ride MAX more efficiently, and

WHEREAS, there is no charge to the public for the ride guides, and

WHEREAS, guides can be obtained either on the bus or at one of the MAX pass outlets throughout the City, and

WHEREAS, the Purchasing Division solicited formal bids for the printing of Modesto Area Express (MAX) Ride Guides on Request for Bid (RFB) 0506-06, and

WHEREAS, eighteen (18) vendors were solicited, and nine (9) of which were local vendors, and

WHEREAS, out of the eighteen (18) vendors solicited, two (2) chose to respond,  
and

WHEREAS, the Purchasing Division and the Public Works-Transit Division staff  
evaluated bids, and

WHEREAS, the maximum total annual cost for printing Modesto Area Express  
(MAX) Ride Guides, including sales tax, is approximately \$36,090.89, and

WHEREAS, San Dieguito Printers of San Marcos CA., is the lowest responsive  
and responsible bidder, and

WHEREAS, Modesto Municipal Code Section 8-3.203 requires all purchases  
which meet or exceed \$50,000 for material and equipment or contractual services to be  
formally bid, and

WHEREAS, this Request for Bid (RFB) process conforms to City Code, and

WHEREAS, the City Council has appropriated funds for printing Modesto Area  
Express (MAX) Ride Guides in account number 6540-165-1672-0205 (BUS FIXED  
ROUTE MAX OPERATIONS), and

WHEREAS, the Purchasing Division has coordinated the solicitation of and  
evaluation of bids for the printing of Modesto Area Express (MAX) Ride Guides with the  
Public Works Department-Transit Division staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
that it hereby awards the bid and contract for the printing of Modesto Area Express  
(MAX) Ride Guides to San Dieguito Printers of San Marcos, CA., for an initial two (2)  
year period, with three (3) one-year contract extension options for a total estimated  
annual cost of \$36,090.89.

BE IT FURTHER RESOLVED that the Purchasing Division is hereby authorized to issue a purchase order for the printing of Modesto Area Express (MAX) Ride Guides for a total estimated annual cost of \$36,090.89.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-552**

**A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND CONTRACTS FOR THE FURNISHING OF POLYGRAPH EXAMINATION SERVICES FOR THE POLICE DEPARTMENT, TO CENTRAL COAST POLYGRAPH, INC., SCOTTS VALLEY, CA, AS THE "PRIMARY" CONTRACTOR, WITH DEE MOODY POLYGRAPH & INVESTIGATIONS, FOSTER CITY, CA, AS THE "SECONDARY" CONTRACTOR, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST OF \$18,750**

WHEREAS, the use of pre-employment polygraph investigation provides very useful information for the Police Department, which is used during the background investigation of applicants, and

WHEREAS, the Police Department does not have any qualified in-house polygraph examiners, nor does it have the staffing to dedicate an existing employee to perform polygraph examinations, and

WHEREAS, the start up costs and salary of an in-house examiner would exceed the cost associated with outsourcing this service, and

WHEREAS, on May 15, 2002, the Police Department entered into a three (3) year contract for polygraph examination services, as part of a pre-employment program on all sworn employment applicants, and

WHEREAS, polygraphs have proven to be a useful tool in identifying the most qualified candidates for police officer and reserve police officer positions for the City. Approximately 125 polygraph examinations are administered each year, and

WHEREAS, on April 26, 2005, Council approved Resolution No. 2005-186, authorizing the Purchasing Supervisor to formally solicit proposals for the furnishing of

polygraph examination services for the Police Department, for a two (2) year agreement, with three (3) one-year extension options, and

WHEREAS, the Purchasing Division solicited Request for Proposal No. 0405-27, for the furnishing of polygraph examination services, to fourteen (14) companies, posted the proposal on the City's web site, and formally advertised as required by law, and

WHEREAS, of the fourteen (14) companies solicited, three (3) companies chose to respond, and

WHEREAS, of those three (3) companies, two (2) companies provided responsive and responsible proposals, and

WHEREAS, proposal language allows the award of proposal and contracts to more than one (1) company, in order to provide backup, or in case the "primary" contractor is unable to meet the City's needs, and

WHEREAS, the secondary or third company could be awarded a specific job, only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the timeframe required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on being the lowest responsive and responsible proposal, City staff recommends the award of Proposal No. 0405-27 and contract for the furnishing of polygraph examination services, to Central Coast Polygraph, Inc., Scotts Valley, CA, as the "primary" contractor, for a two (2) year agreement, with three (3) one-year extension options, for an estimated annual cost of \$18,750, and

WHEREAS, City staff also recommends the award of Proposal No. 0405-27 and contract for the furnishing of polygraph examination services, to Dee Moody Polygraph & Investigations, Foster City, CA, as the “secondary” contractor, for a two (2) year agreement, with three (3) one-year extension options,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Proposal No. 0405-27 and contract for the furnishing of polygraph examination services, to Central Coast Polygraph, Inc., Scotts Valley, CA, as the “primary” contractor, for a two (2) year agreement, with three (3) one-year extension options, for an estimated annual cost of \$18,750.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby awards Proposal No. 0405-27 and contract for the furnishing of polygraph examination services, to Dee Moody Polygraph & Investigations, Foster City, CA, as the “secondary” contractor, for a two (2) year agreement, with three (3) one-year extension options.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute said contracts.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-553**

**A RESOLUTION APPROVING A CONTRACT BETWEEN THE CITY OF  
MODESTO AND AMERICAN MEDICAL RESPONSE (AMR), WHEREIN AMR  
COMPENSATES THE CITY OF MODESTO \$72,000 PER YEAR FOR FIRST  
RESPONDER AND RELATED MEDICAL SERVICES, PERFORMED BY THE  
MODESTO FIRE DEPARTMENT AND AUTHORIZING THE CITY MANAGER  
TO EXECUTE THE CONTRACT**

WHEREAS, in July 2003, the City of Modesto and AMR entered into a "Pilot" Advanced Life Support (ALS) Program, and

WHEREAS, for over two years, the Modesto Fire Department has been delivering ALS services from one engine company at an annual cost of approximately \$54,000, and

WHEREAS, it has been the goal of the City to operate the ALS program on a cost neutral basis, and

WHEREAS, by executing the above contract that has been negotiated with AMR, the current cost of ALS service will be offset and there will be enough funding for a second ALS engine in the City of Modesto, and

WHEREAS, having two (2) ALS engines would greatly benefit the citizens of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the contract between the City and AMR.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-554**

**A RESOLUTION AUTHORIZING THE ACTING PUBLIC WORKS DIRECTOR  
TO FORMALLY SOLICIT REQUESTS FOR BIDS TO PROVIDE  
CONSTRUCTION OF THE NEIGHBORHOOD CENTER AT MARSHALL  
PARK**

WHEREAS, three City departments desire to develop The Neighborhood Center at Marshall Park located at the southwest corner of Sutter Avenue and Chicago Avenue on the existing Marshall Park site, and

WHEREAS, the City contracted with WLC architects to master plan the building, and

WHEREAS, the final design was presented to City Council on September 28, 2004, and

WHEREAS, WLC has been working on the construction documentation and engineering and is now ready to present the documents and specifications for bidding, and

WHEREAS, staff has produced a cost estimate of \$5.3 million for this project based on the architect's estimate which reflects current market conditions, and

WHEREAS, Modesto Municipal Code Section 8-3.203, generally requires all purchases which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the construction of The Neighborhood Center at Marshall Park located at the southwest corner of Sutter Avenue and Chicago Avenue on the existing Marshall Park site will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOVLED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for construction of The Neighborhood Center at Marshall Park, located at the southwest corner of Sutter Avenue and Chicago Avenue on the existing Marshall Park site to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-555**

**A RESOLUTION AMENDING THE FY 05-06 OPERATING AND CAPITAL IMPROVEMENT PROGRAM BUDGET TO: A) DECREASE APPROPRIATION TO CIP PROJECT 1350-310-P503, NEW PARKLAND ACQUISITION, BY \$536,515 AND RETURN TO CFF FUND RESERVE; B) TRANSFER \$536,515 FROM CFF FUND TO SPECIAL FUND FOR CAPITAL OUTLAY ACCOUNT 1350-700-M163; C) DECREASE ACCOUNT 1300-800-8000-8003, SPECIAL FUND FOR CAPITAL OUTLAY BY \$500,000; AND, D) INCREASE CIP PROJECT 1300-310-M163, NEIGHBORHOOD CENTER AT MARSHALL PARK, BY \$1,036,515 TO FULLY FUND THE PROJECT**

WHEREAS, three City departments desire to develop The Neighborhood Center at Marshall Park located at the southwest corner of Sutter Avenue and Chicago Avenue on the existing Marshall Park site, and

WHEREAS, the cost estimate for the project, including construction, is now \$5.3 million, which reflects current market conditions, and

WHEREAS, the current budget for 1300-310-M163, Neighborhood Center at Marshall Park, Capital Improvement Project is \$4,277,485, and

WHEREAS, \$536,515 is available in Capital Improvement Program Project 1350-310-P503, New Parkland Acquisition, and

WHEREAS, \$500,000 is available from the Special Fund for Capital Outlay Reserve, 1300-800-8000-8003, previously allocated to the Fire Department,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the FY 05-06 operating and Capital Improvement Program budget to: a) decrease appropriation to CIP project 1350-310-P503, New Parkland Acquisition, by \$536,515, return to CFF Fund Reserve; b) transfer \$536,515 from CFF fund to the Special Fund for Capital Outlay account 1350-700-M163

c) decrease account 1300-800-8000-8003, Special Fund for Capital Outlay by \$500,000; and, d) increase CIP project 1300-310-M163, Neighborhood Center at Marshall Park, by \$1,036,515 to fully fund the project.

BE IT FURTHER RESOLVED that the Finance Director, or her designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-556**

**A RESOLUTION APPROVING ALLOCATION OF COMMUNITY HOUSING  
DEVELOPMENT ORGANIZATION (CHDO) SET-ASIDE FUNDS IN THE  
AMOUNT OF \$206,372 FOR HABITAT FOR HUMANITY AND AUTHORIZING  
THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development (HUD) based on the population size, number of households living below poverty level and number of sub-standard housing units, and

WHEREAS, a percentage of the HOME Investment Partnership Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding, and

WHEREAS, Community Housing Development Organizations (CHDO) funds can be allocated only to non-profit organizations that have been approved by the City of Modesto as CHDOs, and are active in Modesto and operating in compliance with the HOME regulations, and

WHEREAS, on October 26, 2004, by Resolution No. 2004-564, the Modesto City Council authorized staff to send a letter to the three active and approved Community Housing Development Organizations (CHDOs) and invite them to submit a letter of interest if they are interested to apply for these funds, and

WHEREAS, on October 28, 2004, a request for "Letters of Interest" was sent, requesting interested organizations to submit a letter of interest by November 19, 2004, and

WHEREAS, Habitat for Humanity, Stanislaus, was the only CHDO to submit a “Letter of Interest”, and

WHEREAS, according to the “Letter of Interest,” Habitat for Humanity will use the CHDO Set-Aside Fund for one potential project and has verbally discussed several other possibilities, and

WHEREAS, at the December 17, 2004, meeting, the Citizens Housing and Community Development Committee (CH&CDC) recommended the allocation of \$68,791 in CHDO Operating Funds to Habitat for Humanity, and further recommended staff to continue to work with Habitat for Humanity to clarify the proposed scope of the CHDO Set-Aside fund in the amount of \$206,372, and

WHEREAS, on January 4, 2005, the City Council, by Resolution 2005-015, accepted staff’s recommendation to continue working with Habitat for Humanity to clarify the proposed scope of the CHDO Set-Aside fund in the amount of \$206,372, and authorized staff to allocate the CHDO Set-Aside funds to Habitat for Humanity, Stanislaus if the revised proposal is in compliance with the HOME regulations, and staff and the CH&CDC approve the revised proposal, and

WHEREAS, on May 8, 2005, Habitat submitted a CHDO Set-Aside proposal for the Hope Village project and indicated that they are specifically seeking CHDO funds to compliment their technical assistance and building grants and that they will utilize the CHDO funds to pay for demolition of existing units, zoning approval, utility hook up fees, MID line repairs and improvements required to accommodate the addition of 20 units, as well as other required on- and off-site improvements, and

WHEREAS, on June 17, 2005, the CH&CDC reviewed additional information submitted by Habitat clarifying the use of the set aside CHDO funds and recommended staff to move forward and to submit Habitat's proposal to the City Council along with the HOME CHDO Agreement allocating the \$206, 372 in CHDO set aside funds, and

WHEREAS, staff has been preparing the agreement and working with Habitat for Humanity to set up a timeline for the development of this project., and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of Community Housing Development Organization (CHDO) Set-Aside Funds in the amount of \$206,372 for Habitat for Humanity, Stanislaus.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

RESOLUTION NO. 2005-557**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS,  
AWARDING THE BID, AND APPROVING A \$68,800 CONSTRUCTION  
CONTRACT WITH COLLINS ELECTRICAL FOR THE PROJECT ENTITLED,  
“BRIGGSMORE AVENUE STREETLIGHT MODIFICATIONS,” AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT  
AGREEMENT**

WHEREAS, City staff has reviewed the plans and specifications for the project entitled, “Briggsmore Avenue Streetlight Modifications,” and recommends approval to the City Council, and

WHEREAS, the bids received for the “Briggsmore Avenue Streetlight Modifications” project were opened at 11:00 a.m., on October 4, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$68,800 received from Collins Electrical be accepted as the lowest responsible bid, and the contract be awarded to Collins Electrical,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the “Briggsmore Avenue Streetlight Modifications” project.

BE IT FURTHER RESOLVED that the Council accepts the bid of Collins Electrical in the amount of \$68,800, and hereby awards Collins Electrical the contract for “Briggsmore Avenue Streetlight Modifications.”

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-558**

**A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S  
AUTHORITY TO ISSUE CHANGE ORDERS ON THE "2003/04 PAVEMENT  
MAINTENANCE PROGRAM – COFFEE ROAD RECONSTRUCTION FROM  
365' NORTH OF SYLVAN AVENUE TO 2,500' NORTH OF SYLVAN AVENUE"  
PROJECT FROM 10 PERCENT (\$99,325.65) TO 15 PERCENT (\$148,988.48) OF  
THE ORIGINAL CONTRACT PRICE WITH TOP GRADE CONSTRUCTION,  
INC. TOTAL ESTIMATED COST OF THIS PROJECT IS \$1,369,176.18, WHICH  
INCLUDES CONSTRUCTION CONTINGENCY, CONSTRUCTION  
ADMINISTRATION AND ENGINEERING DESIGN**

WHEREAS, on March 22, 2005, the City Council awarded a \$993,256.50 contract to Top Grade Construction, Inc. to construct the "2003/04 Pavement Maintenance Program – Coffee Road Reconstruction from 365' North of Sylvan Avenue to 2,500' North of Sylvan Avenue" project, and

WHEREAS, authority was granted to issue change orders on said project to 10 percent of the original contract price, and

WHEREAS, the contractor started work on May 23, 2005, and

WHEREAS, extra work is necessary that was not foreseen under the original contract to allow completion of the project to design requirements, and

WHEREAS, the cost of the extra work could be as high as 15 percent over the original contract price, an estimated \$148,988.48, an amount which exceeds the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Director currently has authority to approve change orders up to a cumulative amount of \$99,325.65, and seeks authority to issue change orders in an increased amount,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority level to issue change orders, from 10 percent (\$99,325.65) to 15 percent (\$148,988.48) of the original contract price for the project entitled "2003/04 Pavement Maintenance Program – Coffee Road Reconstruction from 365' North of Sylvan Avenue to 2,500' North of Sylvan Avenue."

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-559**

**A RESOLUTION APPROVING THE FINAL MAP OF THE HACIENDA DEL SOL UNIT NO. 2 SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH CENTEX HOMES, A NEVADA GENERAL PARTNERSHIP**

WHEREAS, CENTEX HOMES, A NEVADA GENERAL PARTNERSHIP is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 16.125 acres, known as THE HACIENDA DEL SOL UNIT NO. 2 SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA (“SUBDIVISION”), and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on August 7, 2003, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 25<sup>th</sup> day of August, 2003, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown

thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-560**

**A RESOLUTION APPROVING A SECOND AMENDMENT TO THE AGREEMENT TO CONSTRUCT NECESSARY INFRASTRUCTURE BETWEEN THE CITY AND DEL VALLE CAPITAL CORPORATION, INC. (DEL VALLE) TO AUTHORIZE FINAL INSPECTION AND OCCUPANCY PERMITS FOR UP TO 58 ADDITIONAL HOMES IN THE GALAS BROTHERS UNIT NO. 1 AND UNIT NO. 2 SUBDIVISIONS, TO INCORPORATE THE TERMS AND PROVISIONS OF THE INTERIM WATER IMPROVEMENTS AGREEMENT DATED SEPTEMBER 30, 2005, TO PROVIDE FOR AN ADDITIONAL DEPOSIT OF FUNDS TO SECURE DEVELOPERS' CONTRIBUTION TO THE COST OF THE INTERIM WATER IMPROVEMENTS, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT ON BEHALF OF THE CITY**

WHEREAS, the City entered into an agreement with Del Valle on December 23, 2003, which required Del Valle to complete necessary infrastructure prior to final inspection or occupancy of any home within the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions ("Del Valle Agreement"), and

WHEREAS, due to unforeseen circumstances, Del Valle was unable to complete the necessary infrastructure improvements for the water system within the original time frames, and

WHEREAS, this delay impacted Del Valle's ability to meet contractual obligations with developers, and

WHEREAS, Del Valle met with City staff to determine if interim steps could be taken to develop additional sources of water to allow for a certain number of homes to be occupied, and

WHEREAS, on January 25, 2005, by Resolution 2005-66, Council approved an Amendment to the Del Valle Agreement ("Amendment") to allow for phasing in of water

infrastructure associated with the Del Valle project in order to provide occupancy of up to 108 single-family residences prior to final infrastructure completion, and

WHEREAS, the Amendment also authorized the Director to allow occupancy of up to 50 additional homes if the Director determined that sufficient action had been taken to augment the water supply to serve the Del Valle project and there was sufficient water supply available to serve the West Modesto area, and

WHEREAS, as of September 21, 2005, the 108 homes authorized under the Amendment were constructed and permitted for occupancy, and

WHEREAS, West Yost & Associates (WYA) issued a Technical Memorandum – Phase 1 Study that concluded the City’s water system could not meet the minimum standards during high demand periods to existing or new customers without construction of additional infrastructure improvements in South Modesto, and

WHEREAS, based on information provided in the Phase 1 Study, a preliminary cost estimate of additional infrastructure improvements was determined to be up to, but not to exceed, \$1.5 million, and

WHEREAS, on September 30, 2005, the Acting Public Works Director authorized occupancy permits for 50 additional units within the Galas Brothers subdivisions, pursuant to an agreement with Del Valle, D.R. Horton and Pulte Home Corporation (Del Valle/Developers) who agreed to pay up to \$1,250,000 toward the interim water infrastructure improvements necessary to support these units and provided \$1 million as a deposit toward their funding obligation, and

WHEREAS, on October 17, 2005, WYA issued a draft supplemental – Phase 2 Study, amended on November 7, 2005, which identified the necessary Interim Water

Improvements to guarantee adequate water supply to the requested 216 units [108 (Jan. 25, 2005) + 50 (Sep. 30, 2005) + 58 (Nov. 9, 2005)], and

WHEREAS, this Phase 2 Study, as amended, allowed the Acting Public Works Director to make the appropriate findings to recommend the Second Amendment to the Agreement to Construct Necessary Infrastructure between the City and Del Valle (“Second Amendment”) to release an additional 58 homes for final inspection and occupancy, and

WHEREAS, this Second Amendment also incorporates the September 30, 2005 Agreement regarding the Funding and Construction of Certain Interim Water Improvements in Return for City’s Issuance of Certain Permits between the City, Del Valle Corporation, D.R. Horton, Inc., and Pulte Home Corporation (“Interim Water Improvements Agreement”),

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Second Amendment to the Agreement between the City and Del Valle Capital Corporation, Inc. to authorize final inspection and occupancy permits for up to 58 additional homes in the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions, to incorporate the terms and provisions of the Interim Water Improvements Agreement dated September 30, 2005, and to provide for an additional deposit of funds to secure Del Valle/Developers’ contribution toward the cost of the interim water improvements.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Second Amendment to Agreement on behalf of the City.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9th day of November 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-561**

**A RESOLUTION APPROVING AN AMENDMENT TO THE 2005-2006  
CAPITAL IMPROVEMENT PROGRAM (CIP) TO INCREASE THE  
ALLOCATION TO SOUTH MODESTO INTERIM WATER IMPROVEMENTS  
PROJECT, ACCOUNT NO. MY-6181-480-W336, INITIALLY FUNDED AT \$1  
MILLION, WITH ADDITIONAL FUNDING TO BE PROVIDED FOR A TOTAL  
ESTIMATED AMOUNT OF \$1,492,000, AS SPECIFIED IN THE SECOND  
AMENDMENT TO THE AGREEMENT TO CONSTRUCT NECESSARY  
INFRASTRUCTURE BETWEEN THE CITY AND DEL VALLE CAPITAL  
CORPORATION, INC. AND ATTACHMENTS**

WHEREAS, the City entered into an agreement with Del Valle on December 23, 2003, which required Del Valle to complete necessary infrastructure prior to final inspection or occupancy of any home within the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions (“Del Valle Agreement”), and

WHEREAS, due to unforeseen circumstances, Del Valle was unable to complete the necessary infrastructure improvements for the water system within the original timeframes, and

WHEREAS, this delay impacted Del Valle’s ability to meet contractual obligations with developers, and

WHEREAS, Del Valle met with City staff to determine if interim steps could be taken to develop additional sources of water to allow for a certain number of homes to be occupied, and

WHEREAS, on January 25, 2005 by Resolution 2005-66, Council approved an Amendment to the Del Valle Agreement with the City to allow for phasing in of water infrastructure to provide for occupancy of 108 homes prior to completion of the permanent water infrastructure, and

WHEREAS, as of September 21, 2005, the 108 homes were constructed and permitted for occupancy, and

WHEREAS, the Amendment also authorized the Director to allow occupancy of up to 50 additional homes if the Director determined that sufficient action had been taken to augment the water supply to serve the Del Valle project and there was sufficient water supply available to serve the West Modesto area, and

WHEREAS, West Yost & Associates issued a Technical Memorandum – Phase I Study that concluded the City’s water system could not meet the minimum standards during high demand periods to existing or new customers without construction of additional infrastructure improvements, and

WHEREAS, based on information provided in the Phase 1 Study, a preliminary cost estimate was determined to be up to, but not to exceed \$1.5 million, and

WHEREAS, on September 30, 2005, the Acting Public Works Director authorized occupancy permits for 50 additional units within the Galas Brothers subdivisions, pursuant to an agreement with Del Valle, D.R. Horton and Pulte Home Corporation (Del Valle/Developers) who agreed to pay up to \$1,250,000 toward the interim water infrastructure improvements necessary to support these units and provided \$1 million as a deposit toward their funding obligation, and

WHEREAS, the proposed Capital Improvement project, Southwest Modesto Interim Water Improvements Project, will include the following infrastructure improvements, and incidental work thereto:

- Increase pumping capacity for Water Tank 6 by addition of a new 100 hp pump and redundant back up pump
- Increase pumping capacity for Water Tank 7 by addition of a new 100 hp pump and redundant backup pump or replace the existing pump with a

new single pump (& associated backup) capable of producing 2400 gallons per minutes (gpm)

- Construct 3800 linear feet of 12” pipeline to parallel the existing 10-inch pipeline along Lassen Avenue
- Increase pumping capacity for Water Tank 8 by addition of a new 100 hp pump and redundant backup pump or replace the existing pump with a new single pump (& associated backup) capable of producing 3700 gpm
- All items as shown on the CIP Budget Estimate,

and

WHEREAS, these infrastructure improvements will primarily be funded through the \$1 million Del Valle/Developers’ contribution for this purpose which resides in South Modesto Interim Water Improvements Project, Account Number MY-6181-480-W336, and the additional \$242,000 contribution which Del Valle/Developers will pay under the Second Amendment to the Del Valle Agreement, and

WHEREAS, the City’s contribution of \$250,000 toward the interim water improvements costs, will be funded through Wellhead Treatment – Primary, Account MY-6180-430-W430, and

WHEREAS, the West Yost Phase 2 Study is completed and the total costs are estimated at \$1,492,000 for the work described in the Study, as amended on November 7, 2005, and

WHEREAS, after receipt of the additional \$242,000 from Del Valle/Developers, the Acting Public Works Director will authorize release of an additional 58 homes in the Galas Brothers subdivisions,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the 2005-06 Capital Improvement Program to increase the allocation to South Modesto Interim Water Improvements Project, initially funded at \$1.0 million, with additional funding to be provided for a total cost of

\$1,492,000, as specified in the Second Amendment to the Agreement to Construct Necessary Infrastructure between the City and Del Valle Capital Corporation and Attachments.

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9th day of November 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Jackman, Keating, Marsh, O'Bryant

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-562**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING THE LEVY  
OF THE CITY OF MODESTO COMMUNITY FACILITIES DISTRICT  
NO. 2004-1 (VILLAGE ONE #2) SPECIAL TAXES TO THE QUALIFIED  
ELECTORS OF THE TERRITORY PROPOSED TO BE ANNEXED TO THE  
DISTRICT (ANNEXATION NO. 10)**

WHEREAS, this Council did, on September 13, 2005, adopt its Resolution No. 2005-456 (the "Resolution of Intention to Annex") to indicate its intention to annex certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and authorize the levy of the District special taxes within the territory proposed to be annexed (the "Annexed Territory"), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District; and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1; and

WHEREAS, the Annexed Territory will be annexed to and subject to the special taxes in Tax Zone #2; and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled "Annexation Map No. 10 of Community Facilities District No. 2004-1 ("Village One #2) of the City of Modesto, County of Stanislaus, State of California," was recorded on September 23, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 29; and

WHEREAS, at the time and date set for the hearing (October 25, 2005 and continued to November 9, 2005) pursuant to the Resolution of Intention to Annex, this Council held the public hearing on Wednesday, November 9, 2005, as required by the Act, related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes for Tax Zone

#2 within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes for Tax Zone #2 within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes for Tax Zone #2 within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes for Tax Zone #2 within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes for Tax Zone #2 within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return

postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 9th day of November 2005. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying

the District special taxes for Tax Zone #2 in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December 14, 2004 (Resolution No. 2004-681) and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9th of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-563**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MODESTO  
CANVASSING THE RESULTS OF THE NOVEMBER 9, 2005, ELECTION HELD  
WITHIN THE TERRITORY PROPOSED TO BE ANNEXED TO CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2), AND  
ORDERING ANNEXATION OF THE TERRITORY TO THE DISTRICT  
(ANNEXATION NO. 10)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2005-456, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 10)" adopted on September 13, 2005, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District; and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2;  
and

WHEREAS, the owners of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2005-562, adopted on November 9, 2005, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for November 9, 2005, or as soon thereafter as practicable, relative to the foregoing; and

WHEREAS, on November 9, 2005, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owners of the territory proposed to be annexed is as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2005-456 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9th day of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NUMBER 2005-564**

**A RESOLUTION APPROVING THE EXPENDITURE OF THE STATE OF CALIFORNIA SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND (SLESF) GRANT MONIES ALLOCATED TO THE CITY OF MODESTO IN THE 2005/2006 FISCAL YEAR**

WHEREAS, in 1996, the State Legislature passed, and the Governor signed, Assembly Bill 3229, the Supplemental Law Enforcement Services Act, and

WHEREAS, the legislation has continued to be funded each subsequent year at \$100 million, statewide, from sales and use taxes, for exclusive funding of municipal police services, in accordance with written requests submitted by the Chief of Police of a city to his or her governing body, convened in public hearing, and

WHEREAS, the purpose of the law is to ensure public safety, and

WHEREAS, the funding for each county and city is based upon proportionate population, and

WHEREAS, the allocation to the City of Modesto for fiscal year 2005/2006 is \$299,591, and

WHEREAS, the program requires a public hearing by local governmental Chiefs of Police or Sheriffs regarding spending plans, and

WHEREAS, these funds must be held in an interest-bearing Supplemental Law Enforcement Services Fund and must not be used to supplant existing budget funds, and

WHEREAS, the Modesto Police Department plans to budget these funds for technology, communication equipment, and field equipment, which is needed but was not included in the budget due to budget reductions,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, after holding a public hearing, that it hereby approves the Chief of Police's spending plan for the 2005/2006 State Supplemental Law Enforcement Services Fund allocation of \$299,591 for technology, communication equipment, and field equipment, which was not included in the 2005/2006 budget.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-566**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
MODESTO ORDERING THE CONSOLIDATION OF BOUNDARY MAPS RELATED  
TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)**

WHEREAS, this Council has, pursuant to its Resolution No. 2004-127, “A Resolution of the City Council of the City of Modesto of Intention to Establish City of Modesto Community Facilities District No. 2004-1 (Village One #2) and Authorize the Levy of Special Taxes Therein,” adopted on March 2, 2004, conducted proceedings for the formation of the City’s Community Facilities District No. 2004-1 (Village One #2) (the “District”) pursuant to Chapter 2.5 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”); and

WHEREAS, as a part of the proceedings, a map of the District was approved by this Council and recorded with the County Recorder of the County of Stanislaus in accordance with the Act; and

WHEREAS, as a part of subsequent proceedings related to annexations to the District, maps of the annexed areas were also approved by this Council and recorded with the County Recorder in accordance with the Act; and

WHEREAS, Section 3113.5 of the California Streets and Highways Code authorizes this Council to direct the consolidation of previously recorded maps;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND, by the City Council of the City of Modesto, that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. The map of the District and the map related to each annexation thereto, being Annexation Nos. 1 through 10, heretofore recorded with the County Recorder pursuant to Sections 3100 and 3110.5 of the California Streets and Highways Code, are hereby ordered consolidated into a single map.

SECTION 3. The City Clerk is directed to cause the consolidated map to be prepared and recorded with the County Recorder pursuant to Sections 3113 and 3113.5 of the California Streets and Highways Code. Upon such recordation, the map of the District, as originally recorded, as well as the maps related to each of the referenced annexations, shall be deemed superseded.

SECTION 4. The title of the map shall be "Boundaries of City of Modesto Community Facilities District No. 2004-1 (Village One #2)" and references on the face of the map, and the cross-indexing by the County Recorder, shall include all maps being superseded.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 9<sup>th</sup> day of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-567**

**A RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO  
CONFIRMING THE CANVASS OF THE REGULAR MUNICIPAL ELECTION  
WHICH WAS HELD IN THE CITY OF MODESTO ON NOVEMBER 8, 2005,  
AND DECLARING THE RESULTS OF SAID ELECTION**

WHEREAS, on Tuesday, November 8, 2005, a Regular Municipal Election was held in the City of Modesto (herein called "City") and in the Modesto High School District (herein called "District") of Stanislaus County to elect the following:

1. One Councilmember to Chair No. 2 for a four year term;
2. Once Councilmember to Chair No. 4 for a four year term;
3. One Councilmember to Chair No. 5 for a four year term;
4. Four Board of Education Members for four year terms; and

WHEREAS, said election was held on Tuesday, November 8, 2005, in accordance with law and the proceedings of this Council, and the votes thereat received and canvassed, and the returns thereof ascertained, determined, and declared in all respects as required by law, and

WHEREAS, the City Clerk canvassed the returns of said regular municipal election in accordance with law, and certified the results of the election of the Council by a Certificate of Canvass and Statement of Votes dated November 18, 2005, a copy of which is attached hereto marked **Exhibit "A"** and made a part hereof,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto as follows:

SECTION 1. Said canvass by the City Clerk as shown on the Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed and approved.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is attached hereto marked as Exhibit "A" and made a part hereof, shows a complete tabulation of the following:

- (A) The whole number of votes cast in the City.
- (B) The whole number of votes cast in the Modesto High School District.
- (C) The names of the persons voted for.
- (D) For what office each person was voted for.
- (E) The number of votes given in the City to each person.

SECTION 3. That, at said Regular Municipal election, the following named persons having received a majority of the votes cast for the elective offices, as designated on Exhibit "A", are hereby declared to be duly and regularly elected to such office, and the City Clerk is hereby directed to issue a Certificate of election to each such persons, certifying his/her election to the office appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California and the Chart of the City, to wit:

Janice Keating	Councilmember for a term of four years, Chair No. 2, Modesto City Council.
Nancy Cline	Member, Modesto Board of Education, for a term of four years.
Steve Collins	Member, Modesto Board of Education, for a term of four years.
Belinda Rollicheck	Member, Modesto Board of Education, for a term of four years.
Cindy Marks	Member, Modesto Board of Education, for a term of four years.

SECTION 4. The Charter provides that if no candidate for an elective office of the City receives a majority vote at a regular municipal election, a Second Regular Municipal Election shall be held by mail ballot at which the two candidates receiving the highest number of votes at the first election shall have their names on the ballot for election of the office, therefore, the two candidates receiving the highest number of votes for City Council Chair 4, Will O'Bryant and Dave Lopez, and the two candidates receiving the highest number of votes for City Council Chair 5, Kristin Olsen and Dennis V. Jackman shall have their names on the ballot for a run-off election to be held on Tuesday, December 13, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-568

A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF  
ARNOLD BLANK FROM THE GOLF COURSES ADVISORY  
COMMITTEE

WHEREAS, ARNOLD BLANK was appointed a member of the Golf Courses  
Advisory Committee on July 25, 2000, and

WHEREAS, ARNOLD BLANK has tendered his resignation from the  
aforementioned committee,

NOW, THEREFORE, BE IT RESOLVED that the resignation of ARNOLD  
BLANK from the Golf Courses Advisory Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its  
own behalf, and on behalf of the citizens of this City, hereby expresses its sincere  
appreciation to ARNOLD BLANK for his service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of  
the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember  
Jackman, who moved its adoption, which motion being duly seconded by  
Councilmember Marsh, was upon roll call carried and the resolution adopted by the  
following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-569**

**A RESOLUTION ADOPTING THE POPULATION-BASED COST-SHARING  
FORMULA FOR THE STANISLAUS REGIONAL 9-1-1 CENTER THAT WAS  
APPROVED BY THE 9-1-1 COMMISSION ON AUGUST 25, 2005**

WHEREAS, on August 27, 1996 the City of Modesto and Stanislaus County entered into an “Emergency Dispatch Agreement”, and

WHEREAS, on September 1, 1999 this agreement expired and the City of Modesto and Stanislaus County entered into a new joint powers agreement for emergency dispatch services, and

WHEREAS, by way of this agreement the Consolidated Emergency Dispatch Agency (Agency) was created, and

WHEREAS, this agreement indicated that the cost-sharing formula utilized in the 1996 agreement would remain in place until a new cost-sharing formula was adopted by the Agency, and

WHEREAS, in 1999, the Warner Group – Management Consultants conducted a cost-sharing model study, and

WHEREAS, this study looked at three alternative cost-share models used by other regional dispatch centers, and

WHEREAS, available records indicate that the Agency Commission reviewed the consultant’s report but a new cost-sharing formula was never adopted, and

WHEREAS, on May 12, 2005, the Joint Powers Agency Commission authorized Paul Stein, Director Stanislaus Regional 9-1-1 to work with the City of Modesto and

Stanislaus County finance officials to meet and discuss options for the cost-sharing formula for Stanislaus Regional 9-1-1 (SR 9-1-1), and

WHEREAS, the 9-1-1 Center Cost Share Formula Team consisting of representatives from SR 9-1-1, the Modesto Police Department, the Modesto Fire Department, the City Manager's Office, the City Finance Department, the Auditor-Controller's Office, the Chief Executive Office, the County Fire Warden's Office, and the Sheriff's Office was formed to study this issue, and

WHEREAS, the team met as a group on June 16, 2005, June 23, 2005, and July 14, 2005 to review the Warner Group study and to discuss possible cost-sharing options, and

WHEREAS, on July 14, 2005, the Cost Share Formula Team reviewed five cost-sharing formula alternatives, and

WHEREAS, after much discussion and analysis the Cost Share Formula Team reached the consensus that the Population Model would be the best fit for SR 9-1-1, and

WHEREAS, the Population Model will be based on the May 2005 California Department of Finance population statistics for Stanislaus County, will take effect July 1, 2006, and will be updated annually thereafter, and

WHEREAS, to ensure that the Population Model continues to accommodate the agencies of SR 9-1-1, the 9-1-1 Center Cost Share Formula Team will conduct a review of the model every three years, and

WHEREAS, during this review the team will compare the cost share burdens associated with the Population Model and the New Santa Cruz Model with the first review scheduled to take place prior to the adoption of the FY 2009/2010 budget, and

WHEREAS, the Population Model was presented to and approved by the 9-1-1 Commission at its open and public meeting held on August 25, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the adoption of the population-based cost-sharing formula for the Stanislaus Regional 9-1-1 Center that was approved by the 9-1-1 Commission.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-570**

**A RESOLUTION RESTATING AND AMENDING CITY COUNCIL  
RESOLUTION NO. 2003-626 TO GRANT AN ADDITIONAL TWO YEARS TO  
FULFILL THE CONDITIONS OF ABANDONMENT OF THE PORTION OF  
BEYER PARK DRIVE RIGHT-OF-WAY BETWEEN CLARATINA AVENUE  
AND INSPIRATION DRIVE (FROWEIN; CHAMBERS)**

WHEREAS, Naja & Michael Frowein and Maurice Chambers filed an application to vacate and abandon a portion of the Beyer Park Drive right-of-way, between Inspiration Drive and the future path of Claratina Avenue (“Proposed Abandonment”), and

WHEREAS, Streets and Highways Code Section 8320 et seq. prescribes the procedures to vacate and abandon public rights-of-way, and

WHEREAS, a title report was submitted by the project applicants with the abandonment request which shows that fee title to the property underlying the proposed abandonment belongs to the adjacent land owners who are proponents of the abandonment, and

WHEREAS, the Proposed Abandonment was referred to affected City departments and local utility companies, and no objection to the Proposed Abandonment has been received, and

WHEREAS, utility easements exist within the subject right-of-way that must be retained sufficient in width to serve existing utility lines and to allow continued maintenance of said lines, and

WHEREAS, Government Code Section 65402 requires that prior to abandoning a public right-of-way, the Planning Commission shall make a determination as to whether the abandonment is consistent with the General Plan, and

WHEREAS, a public hearing was held by the Planning Commission on October 20, 2003, in the Tenth Street Chambers, located at 1010 Tenth Street, Modesto, California, at which hearing both oral and documentary evidence was received and considered regarding the proposed vacation and abandonment, and

WHEREAS, by Planning Commission Resolution No. 2003-63, the Planning Commission rendered a report finding that the Proposed Abandonment is in conformance with the Modesto Urban Area General Plan and recommended that the Council vacate and abandon the alley, and

WHEREAS, a duly noticed public hearing was held by the Council of the City of Modesto on Tuesday, November 25, 2003, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which time all persons interested in or objecting to the Proposed Abandonment were afforded the opportunity to appear, and

WHEREAS, three notices were posted in the proposed right-of-way abandonment area for two successive weeks prior to the hearing, and notice was published in the Modesto Bee for two successive weeks prior to the hearing, per Streets & Highways Code sections 8323 and 8332, respectively, and

WHEREAS, all things and acts necessary to be done as required by the State of California Streets and Highways Code, Section 8300 through 8363: Public Streets,

Highways and Service Easements Vacation Law, in order to vacate and abandon the subject right-of-way have been done and accomplished, and

WHEREAS, a hearing notice has been published in the Modesto Bee and posted at the project site for two successive weeks prior to the Council hearing in accordance with State of California Streets and Highways Code, Section 8300 through 8363, and

WHEREAS, the Council of the City of Modesto has determined that the Proposed Abandonment be approved conditioned on the construction of needed improvements and the reservation of the necessary utility easements to ensure that the abandoned right-of-way functions in a manner not detrimental to the public welfare, and

WHEREAS, on November 25, 2003, the Council of the City of Modesto reviewed the Initial Study (EA/C&ED 2003-85) for the proposed right-of-way abandonment and adopted Resolution No. 2003-627, which determined that the potential environmental effects of the Proposed Abandonment are adequately addressed within the context of the previously-adopted Mitigated Negative Declaration for the North Beyer Park Specific Plan, and

WHEREAS, on October 31, 2005, applicants filed a written request for an eighteen (18) month extension for the abandonment of Beyer Park Drive with the City of Modesto Community and Economic Development Department, and

WHEREAS, Resolution No. 2003-626 is hereby amended solely with respect to the timeframe in which the applicants must fulfill the conditions precedent to the abandonment as set forth in 1.a. thru 1.c. below, and

WHEREAS, Resolution No. 2003-626 is reaffirmed in every other respect and restated in its entirety herein for the sake of administrative convenience.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of

Modesto finds and determines as follows:

1. That the portion of Beyer Park Drive to be abandoned is unnecessary for present or future pedestrian or vehicular use.
2. That Environmental Assessment No. EA C&ED 2003-85 determined that the potential environmental effects of the subdivision are adequately addressed within the context of the previously-adopted Mitigated Negative Declaration for the North Beyer Park Specific Plan.
3. That the vacation and abandonment of the portion of Beyer Park Drive right-of-way between Inspiration Drive and the future path of the Claratina Expressway, is in conformance with the City of Modesto General Plan.

BE IT FURTHER RESOLVED that the Council hereby orders and declares the vacation and abandonment of the portion of the Beyer Park Drive right-of-way, between Inspiration Drive and the future path of Claratina Avenue, subject to the following conditions:

1. The applicants shall secure and construct the following improvements to the satisfaction of the Engineering and Transportation Director:
  - a. Construction of an eight-foot masonry wall across the opening in the existing wall along the south side of the Claratina Avenue right-of-way at Beyer Park Drive.
  - b. Demolition and removal of the pavement and concrete within the boundaries of the abandoned right-of-way.
  - c. Construction of curb, gutter and sidewalk along the north side of Inspiration Drive/Court.

Said right-of-way to be vacated and abandoned is more particularly described in Exhibit "A" attached hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that in the event the required conditions have not been fulfilled by November 25, 2007, the conditional right-of-way abandonment shall expire and the Beyer Park Drive shall remain as public right-of-way.

BE IT FURTHER RESOLVED that the Council hereby approves the reservation of public utility easements within the portion of Beyer Park Drive proposed to be abandoned, as follows: a) a 15-foot-wide public utility easement as described in Exhibit "B" attached hereto, and by this reference made a part hereof as though set forth in full herein; and b) the extension of the existing 10-foot-wide public utility easement along the north side of Inspiration Drive, across the abandoned right-of-way area as described in Exhibit "C" attached hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that the City Clerk shall hold this resolution of abandonment until conditions 1.a. through 1.c. above have been fully satisfied to the satisfaction of the City's Community and Economic Director and not less than five (5) working days after said conditions have been fully satisfied, the City Clerk shall cause a certified copy of this resolution, attested under seal of the City, to be recorded in the Office of the County Recorder of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-571**

**A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL AND  
CONTRACT FOR THE FURNISHING OF ARMED/UNIFORMED SECURITY  
GUARD SERVICES TO NCLN20, INC., OAKLAND, CA, FOR A TWO (2) YEAR  
AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, FOR AN  
ESTIMATED ANNUAL COST OF \$344,558 AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the Parks, Recreation and Neighborhoods Department, Public Works Department, Modesto City/County Airport and Joint Powers Agency (JPA) have requested the furnishing of armed/uniformed security guard services for the following locations; American Legion Hall, Amtrak Station, Bus Maintenance Facility, Modesto City/County Airport, Transportation Center, Water Quality Control (WQC), 9<sup>th</sup>, 10<sup>th</sup> and 11<sup>th</sup> Street Parking Garages, and the 1010 Tenth Street Place (TSP), and

WHEREAS, for the American Legion Hall this facility is rented to the public for special events held on the weekends, and

WHEREAS, uniformed security guard service is required for these events to help ensure public safety, and

WHEREAS, the Modesto Police Department (MPD) determines the number of security guards needed, depending on the type and size of the event, and

WHEREAS, this number can vary from two (2) to eight (8) security guards, and

WHEREAS, currently the Parks, Recreation and Neighborhoods Department requires the renters of the Hall to contract directly with the security guard company, so there are no expenditures or revenues to the Parks, Recreation and Neighborhoods Department, and

WHEREAS, problems arise when the renter provides proof of a security contract and subsequently cancels the contract, and

WHEREAS, there are currently no controls in place to prevent the renter from canceling the security contract, and

WHEREAS, staff proposes that the City contract the security services and charge the security services directly to the renter, and

WHEREAS, an hourly fee equivalent to the current cost of security services plus 1% for the administration of the services would be charged to the user at the time of the reservation, and

WHEREAS, the number of security guards needed for the event would be determined by the MPD, and

WHEREAS, by contracting the security services, the City hopes to eliminate current security concerns as a result of renter's canceling their security contracts after providing proof of contracted services to the City, and

WHEREAS, security staff hired through a contract with the City should provide the necessary means to alleviate potential liability issues, and

WHEREAS, for the Amtrak Station uniformed security guards provide enforcement of the no loitering laws and added security to the Amtrak Station, and

WHEREAS, during peak holiday travel periods (Christmas/New Years, Thanksgiving, Memorial Day, 4<sup>th</sup> of July, Labor Day, etc.), on-site guard service is provided from station closing to station opening, and

WHEREAS, for the other times of the year when the station is closed, a “pass-through” patrol makes four (4) to five (5) random unscheduled vehicle and walking passes through the station, and

WHEREAS, the Federal Transit Administration (FTA) requires transit agencies to spend a minimum of 1% of their annual FTA allocation on security projects, and

WHEREAS, if the City does not meet this requirement, it must formally certify that there is no need for transit security, and

WHEREAS, a portion of the rent paid by the County and the Greyhound Bus Co. for use of the Transportation Center is used to offset City-provided security guard service at the center, and

WHEREAS, for the Bus Maintenance Facility armed/uniformed security guards provide security to employees collecting the money received from bus fares, and

WHEREAS, when buses return to the yard in the evening, fare boxes are removed from the buses and the resulting tickets and cash receipts are consolidated with cash and coins, and then delivered to the bank for deposit, and

WHEREAS, having an on-site armed security guard during this transfer period is a positive and widely accepted business practice in the transit industry, and

WHEREAS, to date, there have been no security incidents with this critical operation, and

WHEREAS, during the late night period when the City and County Transit operations are closed, security guard service is shared with the 9<sup>th</sup> street parking garage, and

WHEREAS, this service also supports the Greyhound Bus Co. operation twenty-four (24) hours per day, seven (7) days per week, and

WHEREAS, for the Water Quality Control (WQC) Sutter Avenue Facility uniformed security guards ensure enforcement of the “no trespassing” and “authorized personnel only” policies, and

WHEREAS, the guards also provide additional safety and security for shift operators, as well as providing greater security for critical areas such as: the main building, which houses wastewater operations, including laboratory and industrial waste buildings, two (2) maintenance shops and the administration building, and

WHEREAS, several of these buildings store equipment that is critical to the successful operation of the wastewater facility, and

WHEREAS, for the 9<sup>th</sup>, 10<sup>th</sup> and 11<sup>th</sup> Street Parking Garages a roving patrol officer, using a City owned vehicle, provides security guard service to the parking garages monitoring the activity of the garages, and

WHEREAS, the officer interacts with customers, parking garage attendants, other security and the MPD, as necessary, and

WHEREAS, additional responsibilities include conducting continuous rounds and inspections of the parking garages at prescribed intervals and escorting parking garage attendants at the end of their shift as they drop moneybags into the safe, and

WHEREAS, for the JPA – 1010 Tenth Street Place (TSP) uniformed security guards at TSP perform many functions, from escorting City employees to their cars after hours, to patrolling the plaza evenings and weekends, and

WHEREAS, TSP security guards monitor visitors in the lobby area, and monitor security cameras mounted inside and outside of the building and at the 9<sup>th</sup> street parking garage, and

WHEREAS, the security guards patrol the TSP building and plaza to help ensure employees and citizens are safe and protected, and

WHEREAS, the security guards also help with the removal of citizens who are panhandling or are a disrupting influence in the plaza, and

WHEREAS, the security guards carry police radios to contact MPD in order to expedite the response time to an emergency situation in the TSP building plaza, and

WHEREAS, another function is to serve the police and/or sheriff officer assigned to the TSP Chamber during City Council and County Board meetings, as backup to the officer on issues that may arise during these meetings, and

WHEREAS, on January 4, 2005, Council approved Resolution No. 2005-24, authorizing the Purchasing Supervisor to formally solicit Request for Proposals for the furnishing of armed/uniformed security guard services for a two (2) year agreement, with three (3) one-year extension options, and

WHEREAS, the Purchasing Division solicited Request for Proposal No. 0405-03, for the furnishing of armed/uniformed security guard services to thirty-five (35) companies, posted the proposal on the City's web site, and formally advertised as required by law, and

WHEREAS, of the thirty-five (35) companies solicited, five (5) companies chose to respond, and

WHEREAS, of those five (5) companies, four (4) companies provided responsive and responsible proposals, and

WHEREAS, on July 27, 2005, an evaluation committee was comprised of technical experts from the City and the JPA to evaluate the proposals. The Mayor attended the evaluation process as an observer, and the Purchasing Division facilitated the evaluation process taking no active role in the evaluation process, and

WHEREAS, the committee's individual scores were pre-tallied to identify and select the top three (3) proposers for proposer interviews, and

WHEREAS, on October 14, 2005, proposer interviews were held and all three (3) proposers attended, and

WHEREAS, based on being the lowest responsive and responsible proposal, City staff recommends the award of Proposal No. 0405-03 and contract for the furnishing of armed/uniformed security guard services to NCLN20, Inc., Oakland, CA, for a two (2) year agreement, with three (3) one-year extension options, for an estimated annual cost of \$344,558.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Proposal No. 0405-03 and contract for the furnishing of armed/uniformed security guard services to NCLN20, Inc., Oakland, CA, for a two (2) year agreement, with three (3) one-year extension options, for an estimated annual cost of \$344,558.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract:

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-572**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
SOLICIT FORMAL REQUEST FOR BIDS (RFB) FOR TRAFFIC SIGNAL  
HARDWARE FOR AN INITIAL ONE (1) YEAR PERIOD, FOR A FIRST YEAR  
ESTIMATED ANNUAL COST OF \$75,041, WITH A ONE (1) YEAR CONTRACT  
EXTENSION PURCHASE OPTION**

WHEREAS, the Public Works Department-Electrical Division has requested the purchase of traffic signal hardware, and

WHEREAS, traffic signal hardware will be utilized to restock necessary inventory, and

WHEREAS, the hardware is needed to replace or upgrade damaged or obsolete equipment such as: traffic signal framework and indications, pedestrian pushbuttons and assemblies, and walk/don't walk pedestrian signal indications, and

WHEREAS, for the most part, the traffic signal hardware must be upgraded periodically due to normal aging (wear and tear), and

WHEREAS, some traffic signal hardware is damaged in vehicular accidents, by trucks, or by vandals and graffiti, and

WHEREAS, upgrades also include routine maintenance change-outs of traffic signal indications from metal indications to polycarbonate indications, and

WHEREAS, the term of any award/contract resulting from this Request for Bid (RFB) for traffic signal hardware shall be for a period of two (2) years from date of award, and

WHEREAS, pricing provided in this bid shall remain in effect for the duration of the contract period, and

WHEREAS, the purchase of this equipment is necessary to properly maintain the City's traffic signal operations, and service our vehicular and pedestrian traffic safely, and

WHEREAS, by soliciting competitive bids, the City will achieve the best value for traffic signal hardware and meet Modesto Municipal Code (MMC) requirements for formal bids, and

WHEREAS, the Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases which meet or exceed \$50,000 for material, and equipment, or contractual services to be formally bid, and

WHEREAS, this Request for Bid (RFB) process conforms to City Code, and

WHEREAS, the City Council has appropriated funds for traffic signal hardware in account numbers: 0700-160-1612-0365 (STREET, TRAFFIC & FORESTRY, ELECTRICAL DIVISION EQUIPMENT MAINTENANCE AND REPAIR), and 1410-160-E695-6040 (TULLY, MT VERNON, COLDWELL SIGNAL UPGRADES), and

WHEREAS, the Purchasing Division has coordinated the drafting of bid specifications for traffic signal hardware with the Public Works Department-Electrical Division staff,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Supervisor to solicit formal Request for Bids (RFB) for traffic signal hardware for an initial one (1) year period, with a one (1), one-year contract extension option, for a total estimated annual cost of \$75,041.00 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of traffic signal hardware for an initial one (1) year period, with a one (1),

one-year contract extension option, for a total estimated annual cost of \$75,041.00 to be opened in the office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After sealed bids are opened, they shall be tabulated and analyzed and a report submitted to the Council.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-573**

**A RESOLUTION APPROVING A CONTRACT BETWEEN THE CITY OF  
MODESTO AND MOUNTAIN VALLEY EMERGENCY MEDICAL SERVICES  
AGENCY (MVEMS), TO PERMIT THE MODESTO FIRE DEPARTMENT TO  
PROVIDE ADVANCED LIFE SUPPORT (ALS) SERVICES AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, in July 2003, the City of Modesto and American Medical Response (AMR) entered into a "Pilot" ALS Program, and

WHEREAS, for over two years, the Modesto Fire Department has been delivering ALS services from one engine company at an annual cost of approximately \$54,000, and

WHEREAS, it has been the goal of the City to operate the ALS program on a cost neutral basis, and

WHEREAS, AMR and the City of Modesto wish to execute a contract where AMR will reimburse the City in the amount of \$72,000 for ALS services, which will enable the City to add a second ALS engine, and

WHEREAS, the MVEMSA must approve all EMS providers within Stanislaus County, and

WHEREAS, in order for the Modesto Fire Department to provide ALS services, a contract between the MVEMSA and City of Modesto is necessary,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the contract between the MVEMSA and the City of Modesto to permit the Modesto Fire Department to provide ALS services.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-574**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR THE PURCHASE AND INSTALLATION OF A LIEBERT 65KVA  
UNINTERRUPTIBLE POWER SUPPLY (UPS) SYSTEM FOR THE  
INFORMATION TECHNOLOGY DEPARTMENT TO ELITE POWER, INC.,  
SACRAMENTO, CA, FOR AN ESTIMATED PURCHASE PRICE OF \$124,650**

WHEREAS, the 5<sup>th</sup> floor data center is provided with “clean” power and outage protection through an IPM/Powerware BPII Uninterruptible Power Supply (UPS) unit located on the 5<sup>th</sup> floor, and

WHEREAS, this UPS supports Citywide financial systems such as budget, accounting and payroll, and

WHEREAS, the UPS has experienced several failures over the last several months to its charging system and is currently experiencing total system failure, and

WHEREAS, the existing Powerware BPII is a discontinued model, and

WHEREAS, parts have a limited availability and this has resulted in long delays in service and repair, and

WHEREAS, in the past three (3) months the Information Technology Department has experienced three (3) system failures resulting in total data center blackouts, as well as loss/damage to the data equipment, and

WHEREAS, the system experienced total system failure on August 29, 2005, resulting in numerous service calls, and

WHEREAS, parts replacement has been unsuccessful in repairing the system, and

WHEREAS, the current UPS is located in a non-environmentally controlled location, and

WHEREAS, this may have been a partial cause of the system’s failure, and

WHEREAS, the 5<sup>th</sup> floor data center UPS provides continuous power to all computer equipment in the event utility provided power fails, and

WHEREAS, the UPS is a “failsafe” that protects the City’s data center, including all mission critical servers and data systems, and

WHEREAS, the UPS provides critical temporary power in the event of loss of utility power to allow servers and data systems to shut down in a normal fashion, and

WHEREAS, failure of the utility provided power source, without UPS protection, would result in immediate failure and shutdown of all data center systems, and

WHEREAS, additionally, this immediate mode of shutdown often results in severe damage to the servers and/or data systems, and

WHEREAS, shutdown of data center and web-based applications will negatively impact City staff and citizens of Modesto, and

WHEREAS, due to the critical nature of having a dependable UPS system in place that protects several operating systems Citywide, such as the financial systems budget, accounting and payroll systems, and based on the fact of the recent power losses experienced by the Information Technology Department, the City Manager’s Office determined this to be a critical situation, demanding a (critical need) circumstance, and

WHEREAS, due to the critical need situation the Information Technology Department obtained a rough cost estimate from an electrical contractor experienced in UPS systems, and

WHEREAS, the rough cost estimate of approximately \$90,000 was for the purchase of a new UPS system including installation and construction material, for a location in close proximity to the critical load or the 5<sup>th</sup> floor data center, and

WHEREAS, the estimate provided by the electrical contractor was without the benefit of an onsite survey and knowledge of the circumstances surrounding the failure of the old UPS system, and

WHEREAS, the Information Technology Department decided to provide City Council with an estimated cost of \$100,000 for the project. This figure was determined to be a reasonably safe number above the contractor's estimate to cover unexpected cost overruns, and

WHEREAS, on September 13, 2005, Council approved Resolution No. 2005-464, authorizing the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System for the Information Technology Department, for a total estimated price of \$100,000, and

WHEREAS, additionally, Council authorized the Purchasing Supervisor to solicit competitive quotes for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System, evaluate bid responses for the best overall value to the City and issue a purchase order to the selected vendor, based on the critical nature of this project, and

WHEREAS, On October 4, 2005, the Purchasing Division solicited Request for Bid (RFB) No. 0506-14 for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System to five (5) companies and posted the bid on the City's web site, and

WHEREAS, at the time of the RFB submittal two (2) sites were being considered for the location of the new UPS system:

- Fifth floor telecommunications closet located at 1010 Tenth Street, 5<sup>th</sup> Floor, Modesto, CA
- Basement telecommunications room located at 1010 Tenth Street, Basement, Modesto, CA, and

WHEREAS, bidders were to furnish bid pricing for both locations, and based on the bids received, the City would choose the site location that best suited its needs, and

WHEREAS, on October 10, 2005, a site walk-through and bidders conference was held to allow bidders the opportunity to inspect the two (2) site locations and address bidder inquires, and

WHEREAS, during the bid walk-through it was determined that the 5<sup>th</sup> floor telecommunications closet was not a viable location to install the new UPS system due to environmental control issues (heat) in the room, and

WHEREAS, on October 28, 2005, bids were opened in the Purchasing Division, and

WHEREAS, of the five (5) companies solicited, two (2) companies chose to respond, and

WHEREAS, the low bid came in approximately 25% higher than the \$100,000 cost estimate submitted to Council, and

WHEREAS, the Information Technology Department believes the higher cost is attributed to the fact of relocating the new UPS system to the basement telecommunications room, and

WHEREAS, the relocation of the UPS system to the basement requires additional materials and labor over installing the system in the 5<sup>th</sup> floor telecommunication room, and

WHEREAS, additional electrical conduit and wiring is needed as well as additional labor to core bore each floor to provide the pathway, and

WHEREAS, each core bore is very labor intensive and costly, due to the amount of concrete that will need to be bored, and

WHEREAS, additionally, the recent hurricane disasters have affected the construction market on material prices, and

WHEREAS, this was mentioned by two (2) of the contractors that attended the site walk-through, and

WHEREAS, the contractors mentioned that the hurricanes in the Louisiana and Texas regions have put a market strain on the cost and availability of materials required to rebuild the devastated infrastructure in those areas, and

WHEREAS, this includes copper and electrical conduit that would be used in the construction of the new UPS system, and

WHEREAS, based on being the lowest responsive and responsible bid, City staff recommends the award of Bid No. 0405-14 and contract for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply (UPS) System for the Information Technology Department to Elite Power, Inc., Sacramento, CA, for an estimated purchase price of \$124,650,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0405-14 and contract for the purchase and installation of a

Liebert 65KVA Uninterruptible Power Supply (UPS) System for the Information Technology Department to Elite Power, Inc., Sacramento, CA, for an estimated purchase price of \$124,650.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply (UPS) System for the Information Technology Department to Elite Power, Inc., Sacramento, CA, for an estimated purchase price of \$124,650.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-575**

**A RESOLUTION AMENDING THE 2005/2006 BUDGET TO APPROPRIATE  
\$24,650 FROM THE GENERAL FUND RESERVES 0100-800-8000-8003 TO THE  
INFORMATION TECHNOLOGY OPERATING BUDGET 7130-070-0744-5400  
TO FULLY FUND THE PURCHASE OF A LIEBERT 65KVA  
UNINTERRUPTIBLE POWER SUPPLY (UPS) SYSTEM**

WHEREAS, the Information and Technology (IT) Department obtained a rough cost estimate of approximately \$90,000 for the purchase of a new Uninterruptible Power Supply (UPS) system including installation and construction material, for a location in close proximity to the critical load or the 5<sup>th</sup> floor data center, and

WHEREAS, the estimate provided by an electrical contractor experienced in UPS systems was without the benefit of an onsite survey and knowledge of the circumstances surrounding the failure of the old UPS system, and

WHEREAS, the IT Department decided to provide City Council with an estimated cost of \$100,000 for the project. This figure was determined to be a reasonably safe number above the contractor's estimate to cover unexpected cost overruns, and

WHEREAS, on September 13, 2005, Council approved Resolution No. 2005-464, authorizing the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System for the IT Department, for a total estimated price of \$100,000, and

WHEREAS, additionally, Council authorized the Purchasing Supervisor to solicit competitive quotes for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System, evaluate bid responses for the best overall value to the City and issue a purchase order to the selected vendor, based on the critical nature of this project, and

WHEREAS, On October 4, 2005, the Purchasing Division solicited Request for Bid (RFB) No. 0506-14 for the purchase and installation of a Liebert 65KVA Uninterruptible Power Supply System to five (5) companies and posted the bid on the City's web site, and

WHEREAS, at the time of the RFB submittal two (2) sites were being considered for the location of the new UPS system:

- Fifth floor telecommunications closet located at 1010 Tenth Street, 5<sup>th</sup> Floor, Modesto, CA
- Basement telecommunications room located at 1010 Tenth Street, Basement, Modesto, CA, and

WHEREAS, bidders were to furnish bid pricing for both locations, and based on the bids received, the City would choose the site location that best suited its needs, and

WHEREAS, on October 10, 2005, a site walk-through and bidders conference was held to allow bidders the opportunity to inspect the two (2) site locations and address bidder inquires, and

WHEREAS, during the bid walk-through it was determined that the 5<sup>th</sup> floor telecommunications closet was not a viable location to install the new UPS system due to environmental control issues (heat) in the room, and

WHEREAS, on October 28, 2005, bids were opened in the Purchasing Division, and

WHEREAS, of the five (5) companies solicited, two (2) companies chose to respond, and

WHEREAS, the low bid came in approximately 25% higher than the \$100,000 cost estimate submitted to Council, and

WHEREAS, the IT Department believes the higher cost is attributed to the fact of relocating the new UPS system to the basement telecommunications room, and

WHEREAS, the relocation of the UPS system to the basement requires additional materials and labor over installing the system in the 5<sup>th</sup> floor telecommunication room, and

WHEREAS, additional electrical conduit and wiring is needed as well as additional labor to core bore each floor to provide the pathway, and

WHEREAS, each core bore is very labor intensive and costly, due to the amount of concrete that will need to be bored, and

WHEREAS, additionally, the recent hurricane disasters have affected the construction market on material prices, and

WHEREAS, this was mentioned by two (2) of the contractors that attended the site walk-through, and

WHEREAS, the contractors mentioned that the hurricanes in the Louisiana and Texas regions have put a market strain on the cost and availability of materials required to rebuild the devastated infrastructure in those areas, and

WHEREAS, this includes copper and electrical conduit that would be used in the construction of the new UPS system, and

WHEREAS, based on being the lowest responsive and responsible bid, City staff recommends the award of Bid No. 0405-14 and contract for the purchase and installation

of a Liebert 65KVA Uninterruptible Power Supply (UPS) System for the IT Department to Elite Power, Inc., Sacramento, CA, for an estimated purchase price of \$124,650,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby adopts a resolution amending the 2005/2006 budget to appropriate \$24,650 from the general fund reserves 0100-800-8000-8003 to the IT operating budget 7130-070-0744-5400 to fully fund the purchase of a Liebert 65KVA Uninterruptible Power Supply (UPS) System.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-576**

**A RESOLUTION APPROVING AN APPLICATION FOR \$1,500,000 FOR  
BICYCLE TRANSPORTATION ACCOUNT PROGRAM FUNDING THROUGH  
THE STANISLAUS COUNTY COUNCIL OF GOVERNMENTS TO THE STATE  
OF CALIFORNIA DEPARTMENT OF TRANSPORTATION FOR  
CONSTRUCTION OF THE BRIGGSMORE BRIDGE AS PART OF PHASE V OF  
THE VIRGINIA CORRIDOR AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE GRANT APPLICATION**

WHEREAS, the City of Modesto has completed the Specific Plan for the Virginia Corridor Rails-to-Trails Project, and

WHEREAS, staff has been informed of the opportunity to apply for Bicycle Transportation Account (BTA) funding through the Stanislaus County Council of Governments to State of California Department of Transportation, and

WHEREAS, the BTA is intended to provide State funds for city and county projects that improve safety and convenience for bicycle commuters,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby supports an application by the Stanislaus Council of Governments for \$1,500,000 for Bicycle Transportation Account program funding through the State of California Department of Transportation for construction of the Briggsmore Bridge as part of Phase V of the Virginia Corridor.

BE IT FURTHER RESOLVED that the Council hereby certifies that the required ten percent (10%) local share of the total project cost is available from Federal Highway Transportation Fund grant funding.

BE IT FURTHER RESOLVED that the City Manager or his authorized designee is hereby authorized to execute the grant application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-577**

**A RESOLUTION AUTHORIZING EXPENDITURE OF THE CURRENTLY  
BUDGETED STANISLAUS & TUOLUMNE RIVERS' GROUNDWATER BASIN  
ASSOCIATION (STRGBA) -GROUNDWATER MANAGEMENT PLAN (GWMP)  
-SECONDARY FUNDS (APPROXIMATELY \$49,950) TO CONTINUE  
PARTICIPATION IN ONGOING GROUNDWATER MANAGEMENT  
RELATED ACTIVITIES**

WHEREAS, the City of Modesto authorized staff to participate in the development of Groundwater Management Plans and authorized the initial expenditure of budgeted funds for the development of Groundwater Management Plans for both of the two groundwater sub-basins underlying the City of Modesto on January 27, 2004, and

WHEREAS, the City of Modesto is currently participating in two groundwater associations, the Stanislaus and Tuolumne Rivers' Groundwater Basin Association (STRGBA) and the Turlock Groundwater Basin Association (TGBA), to discuss groundwater issues within these respective basins, and

WHEREAS, the City has experienced a decline in groundwater quality at a number of well sites, which has resulted in those wells being taken out of service, and

WHEREAS, in June 2005, the City adopted an Integrated Regional Groundwater Management Plan (IRGMP) with the STRGBA that provides a framework for overseeing and coordinating both groundwater and surface water management activities within the Modesto Groundwater Sub-basin, and

WHEREAS, additional expenditures by the City are required to continue participating in on-going groundwater management related activities in order to: 1) make payment to the Modesto Irrigation District (MID) for the City's fair share (\$21,000) of the \$195,000 ongoing United States Geological Survey (USGS) – Phase IV, Groundwater

Flow Modeling project (“Modeling project”); 2) make payment to MID for the City’s fair share (\$2,000 remaining balance of the \$21,000 total) of the \$195,000 USGS – Phase III, Modeling project; and 3) expend the balance of the budgeted funds (approximately \$26,950) for other groundwater management related work in both the Modesto Groundwater Sub-basin and the Turlock Groundwater Sub-basin, including City staff charges, and

WHEREAS, City desires to pay the amounts for the total additional expenditures, which is approximately \$49,950, and

WHEREAS, sufficient funds have been budgeted in CIP account – 6180-430-W620-6010, STRGBA-GWMP-Secondary to support said ongoing activities, and

WHEREAS, the Acting Public Works Director recommends approving the expenditures to continue participation in ongoing groundwater management related activities,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes expenditures of currently budgeted funds, in the estimated amount of \$49,950, as requested above to continue participating in ongoing groundwater management related activities.

BE IT FURTHER RESOLVED that the Council hereby authorizes the expenditure of said currently budgeted funds for ongoing groundwater management related activities for both the Modesto and Turlock Groundwater Sub-basins underlying the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION APPROVING A SUPPLEMENTAL LEASE AGREEMENT  
WITH THE GENERAL SERVICES ADMINISTRATION FOR OFFICE SPACE  
AT THE MODESTO CITY-COUNTY AIRPORT AND AUTHORIZING THE  
CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT ON  
BEHALF OF THE CITY**

WHEREAS, the City of Modesto and the General Services Administration (GSA) entered into a Lease Agreement on November 20, 2002 for office space at the Modesto City-County Airport, and

WHEREAS, said office space is being used by the Transportation Safety Administration (TSA) to house its security staff serving the Modesto City-County Airport, and

WHEREAS, GSA foresees the need to extend its lease with the City of Modesto through February 2007 for office space used by TSA, and

WHEREAS, the current lease and subsequent amendments provided for a lease period that expired February 28, 2005, and

WHEREAS, the General Services Administration has requested that the City extend the lease to March 1, 2007, and

WHEREAS, based on the Consumer Price Index (CPI), rates for airport rental leases have increased 4.7% since 2002, and

WHEREAS, if the leased space should be needed for other airport uses during the extension period, Airport staff may relocate GSA within the terminal or near the terminal with 30 days notice,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves Supplemental Lease Agreement 6A to the General Services Administration Lease No. GS-09B-01257.

BE IT FURTHER RESOLVED that the City Manager or his authorized designee is hereby authorized to execute the Supplemental Lease Agreement on behalf of the City.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-579**

**A RESOLUTION APPROVING THE AWARD OF A PROFESSIONAL SERVICES AGREEMENT TO WEST YOST AND ASSOCIATES FOR \$1,262,000 TO COMPLETE THE FINAL DESIGN FOR THE CITY WATER SYSTEM TIER 1 DOWNSTREAM IMPROVEMENTS TO ACCOMMODATE THE MODESTO REGIONAL WATER TREATMENT PLANT PHASE TWO EXPANSION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto and the Modesto Irrigation District (MID) have begun work planning to expand the Modesto Regional Water Treatment Plant (MRWTP) from its existing capacity of 30 million gallons per day (mgd) to 60 mgd, and

WHEREAS, downstream improvements consisting of water storage tanks, booster pumping stations, pressure and/or flow control valves, and pipelines are needed to fully integrate the Phase Two Expansion of the MRWTP with the City's water system, and

WHEREAS, an initial evaluation of the water distribution system, using the City's recently developed computer model, has confirmed the need for these improvements and has provided a general project description of the improvements, and

WHEREAS, the design for the Critical Downstream Improvements needs to be completed by the winter of 2006 to remain on schedule with the Phase Two project's scheduled operation in the year 2007, and

WHEREAS, the Economic Development Committee at its meeting on March 8, 2004, concurred with staff's recommendation of requiring critical facilities consisting of the pressure and/or flow regulating valves, the north tank and pump station, and water transmission pipelines to be moved into design, and

WHEREAS, on March 8, 2004, the Economic Development Committee directed staff to proceed with the negotiations with West Yost and Associates for the preparation of the design of the Critical Downstream Facilities, and

WHEREAS, on April 6, 2004, the Council of the City of Modesto adopted Resolution 2004-176 approving the Agreement with West Yost and Associates, for preparation of the Preliminary Design Report of the Downstream Improvements for the City of Modesto's water system in an amount not to exceed \$449,000, and

WHEREAS, City staff determined that Design Services for the City Water System Tier 1 Downstream Improvements to accommodate the MRWTP Phase Two Expansion would be prepared in two stages, namely Preliminary Engineering and Final Design, and

WHEREAS, on December 14, 2004, the Council of the City of Modesto adopted Resolution 2004-671 approving the Agreement with West Yost and Associates to complete Preliminary Engineering Services for the City Water System Tier 1 Downstream Improvements to accommodate the Modesto Regional Water Treatment Plant Phase Two Expansion in an amount not to exceed \$710,200, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with West Yost and Associates to complete the Final Design for the City Water System Tier 1 Downstream Improvements to accommodate the MRWTP Phase Two Expansion in an amount not to exceed \$1,262,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Agreement with West Yost and Associates to complete the Final Design for the City Water System Tier 1 Downstream Improvements to

accommodate the MRWTP Phase Two Expansion in an amount not to exceed \$1,262,000.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-580**

**A RESOLUTION ACCEPTING IMPROVEMENTS IN PAPILLON PARK  
SUBDIVISION, AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF  
COMPLETION AND AUTHORIZING RELEASE OF BONDS**

WHEREAS, Marilyn Shroyer, Trustee Of The Marilyn Shroyer Trust, is the subdivider of the Papillon Park Subdivision, and

WHEREAS, Marilyn Shroyer, Trustee Of The Marilyn Shroyer Trust, has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of \$22,199.10 and \$11,099.55, respectively, and

WHEREAS, Marilyn Shroyer, Trustee Of The Marilyn Shroyer Trust, has filed a warranty bond in the amount of \$2,219.91 to guarantee improvements in the Papillon Park Subdivision, and

WHEREAS, the Public Works Director, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the improvements in said subdivision as complete, and authorize the City Clerk to file a Notice of Completion and release the bonds upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The improvements in the Papillon Park Subdivision are hereby accepted and the City Clerk is hereby authorized to record a Notice of Completion for the improvements.
2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of \$22,199.10.00 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of \$11,099.55 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty bond to guarantee improvements in the amount of \$2,219.91 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-581**

**A RESOLUTION AUTHORIZING THE AWARD OF PROPOSAL FOR THE  
FURNISHING OF LANDSCAPE MAINTENANCE SERVICES TO GROVER  
LANDSCAPE SERVICES, INC. AND DIRECTING STAFF TO NEGOTIATE A  
LANDSCAPE MAINTENANCE SERVICE AGREEMENT WITH GROVER  
LANDSCAPE SERVICES, INC. FOR PARKS, RIGHT-OF-WAYS AND PUBLIC  
LANDSCAPING OWNED AND/OR MAINTAINED BY THE CITY OF  
MODESTO WITH GROVER LANDSCAPE SERVICES, INC.**

WHEREAS, the City of Modesto's Parks, Recreation and Neighborhoods Department, Parks Services Division provides landscape maintenance services to over 530 acres of landscaping for 66 parks and about 150 other landscaped sites including public buildings, street medians, sound walls, traffic islands and other miscellaneous sites, and

WHEREAS, funding for this maintenance is provided primarily by the City's General Fund, although a number of sites are funded from other sources including the Tuolumne River Regional Park JPA, Parking Fund, Storm Drain Fund and several Community Facility Districts, and

WHEREAS, over the past four to five years there has been a dramatic decline in landscape maintenance service levels, and

WHEREAS, in order to evaluate the potential to reduce costs and/or improve the level of service, City management staff recommended that consideration be given to issuing a Request for Proposals for the purpose of improving landscape maintenance standards, and

WHEREAS, the Modesto Municipal Code, MMC 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Proposal (RFP) for the furnishing of landscape maintenance services conforms to MMC Section 8-3.203, and

WHEREAS, Modesto City Council Resolution No. 96-676 set forth the policy for competitive delivery of City services and Resolution No. 2004-691 authorized staff to solicit RFP's for landscape maintenance services, and

WHEREAS, on December 14, 2004, Council approved Resolution No. 2004-691, authorizing the Purchasing Supervisor to formally solicit Request for Proposals (RFP) for Landscape Maintenance Services for all park, right-of-way and public landscaping owned and/or managed by the City of Modesto for a five (5) year period with an option to renegotiate for an additional five (5) year period at an estimated annual cost of \$1,200,000, and

WHEREAS, on May 3, 2005, RFP's were formally opened in the City Clerk's office, and

WHEREAS, of the twenty-nine (29) prospective proposers solicited, sixteen of which were local companies, two (2) proposers chose to respond, MCEA and Grover Landscape Services, Inc., and

WHEREAS, on June 2, 2005, an evaluation committee was formed, comprised of three (3) City staff personnel and two (2) outside technical experts to evaluate the two (2) proposals; in addition, the Mayor appointed Councilmember Dunbar as an observer of the evaluation process, and

WHEREAS, the proposals were evaluated by the Committee based on the criteria of: Completeness of Response (5 points); Understanding of the Project (10 points); Relevant Experience (10 points); Management and Technical Summaries (30 points); Quality Assurance Program (5 points); and, Qualification Summary (10 points), and

WHEREAS, the committee gave an overall score, including costs, of 79.5 to MCEA and 91.6 to Grover Landscaping, and

WHEREAS, because of MCEA's steadfast position regarding the use of Honor Farm labor at "B" sites, despite several opportunities to amend their proposal, the committee could not truly evaluate their proposal for "B" Site locations and had no choice but to reject that portion of their proposal for being non-responsive, and

WHEREAS, based on the evaluation criteria, the determination that MCEA was unresponsive regarding "B" sites and the proposed costs, the evaluation committee is recommending that staff be authorized to negotiate a landscape maintenance service agreement with Grover Landscape Services, Inc. (Grover) for all parks, right-of-ways and public landscaping owned and/or maintained by the City of Modesto, and

WHEREAS, staff has evaluated Grover's proposal, and compared the City's actual costs, and found that after the cost of sprinkler replacement and turf vandalism repair is added into the contract and the savings from fleet rental rates are deducted from the City's current costs, the estimated annual savings is \$377,242 in the first year, increasing to \$519,834 in year five, with a total estimated savings over the five-year contract of \$2,309,968, and

WHEREAS, the Finance Committee met on October 24, 2005, and supported the recommendation to accept the recommendation of the RFP Review Committee and staff

for the City Council to award the proposal for landscape maintenance services to Grover Landscape Services, Inc. and to authorize staff to negotiate an agreement with Grover,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes the award of proposal for the furnishing of landscape maintenance services to Grover Landscape Services, Inc.

BE IT FURTHER RESOLVED that the Council hereby directs staff to negotiate a landscape maintenance service agreement with Grover Landscape Services, Inc. for parks, sound walls and public landscaping owned and/or maintained by the City of Modesto with Grover Landscape Services, Inc., and to return to Council for approval of said agreement and related budget amendments.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-582**

**A RESOLUTION APPROVING THE FUNDING OF SUPPLEMENTAL BUDGET  
REQUESTS FOR FISCAL YEAR 2005-06**

WHEREAS, during the FY2005-06 budget process, the City Council decided to defer the consideration of supplemental budget requests until the year-end information was finalized and the General Fund status was more certain, and

WHEREAS, on October 21, 2005, the City Council received a General Fund status report showing year-end revenues coming in about \$3 million more than projected, and

WHEREAS, on October 21, 2005, the Finance Committee reviewed the City Manager's recommendations for supplemental funding for ongoing and one-time requests, as well as requests that were not recommended to move forward, and

WHEREAS, the Finance Committee recommended, with suggested revisions as shown in Attachment A, that the supplemental funding requests be referred to the City Council for approval, and

WHEREAS, on November 22, 2005, the City Council reviewed the requests for supplemental funding as set forth in Attachment A,

WHEREAS, all requests for supplemental funding related to clerical positions, as identified in Attachment A, will need to go through the Clerical Audit Team before the final classification for each position is determined, and

WHEREAS, if fiscal year savings is realized above three percent (3%), these savings will be directed towards the Technology Reserve Fund,

WHEREAS, the Council directed staff to return to a future Council meeting with options

to restore the \$38,000 in the golf capital improvement fund,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby approves the funding of supplemental budget requests as set forth in Attachment A, and directs that the necessary budgetary adjustments be made for FY2005-06 as designated in said Attachment "A" as ongoing and one-time requests.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL  
RESOLUTION NUMBER 2005-583**

**A RESOLUTION INCREASING BAIL SCHEDULES (FINES) FOR PARKING VIOLATIONS WITHIN THE CITY LIMITS OF THE CITY OF MODESTO, CALIFORNIA, RESCINDING RESOLUTION NO. 91-705**

WHEREAS, the Municipal Court of Stanislaus County has delegated to local jurisdictions within the County of Stanislaus the power to establish bail schedules for parking violations within said jurisdictions subject to Court approval, and

WHEREAS, the Council of the City of Modesto now desires to increase certain parking violation bails (commonly called fines) and to establish bails for these Municipal Code parking ordinances for which bails have not previously been established, and

WHEREAS, a study of parking violation bails has been conducted by the Modesto Finance Department, which study reveals that fines currently imposed within the City of Modesto for numerous parking violations are significantly lower than those of other area cities, and

WHEREAS, the City of Modesto has not increased the penalty for parking violations since November of 1991, and

WHEREAS, it appears that penalties are insufficient to motivate many drivers to obey the parking laws, and

WHEREAS, the Downtown Improvement District has reviewed and does not oppose the bail changes, and

WHEREAS, the increased fees for Parking Citations, projected to generate \$150,000 in revenue, will capture City costs in enforcing and performing citation processing, and

WHEREAS, Staff will review the schedule every 3 years and, if warranted, will bring proposed changes to Council, and

WHEREAS, the Finance Committee unanimously supported this action at its meeting of October 24, 2005.

NOW, THEREFORE, BE IT RESOLVED by the Council, of the City of Modesto, that it hereby adopts the Bail Schedule for Parking Violations within the City of Modesto, which schedule is attached hereto as Exhibit "A" and incorporated herein by this reference.

BE IT FURTHER RESOLVED that the Council hereby adopts said Bail Schedule with the knowledge of and intent that a surcharge upon each bail of Five Dollars (\$5.00) shall be collected by the County of Stanislaus for distribution in accordance with current state and county law pertaining to a jail construction fund, a courthouse construction fund, and a trial courts fund, and that said surcharge shall be in addition to the sums set forth at Exhibit "A" as bails.

BE IT FURTHER RESOLVED that Resolution No. 91-705 adopted by the Council on November 19, 1991, is hereby rescinded effective upon the date of the adoption of this resolution.

BE IT FURTHER RESOLVED that this resolution is effective upon its adoption.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-584**

**A RESOLUTION DENYING THE APPEAL OF CINGULAR WIRELESS TO A  
BOARD OF ZONING ADJUSTMENT DECISION DENYING AN EXPANSION  
TO AN EXISTING CELL TOWER LOCATED SOUTH OF MERLE AVENUE  
AND EAST OF WISDOM WAY, AND UPHOLDING THE DECISION OF THE  
BOARD OF ZONING ADJUSTMENT**

WHEREAS, on August 23, 2001, the Board of Zoning Adjustment approved an application for a conditional use permit to allow a 75-foot-high cellular communications antenna monopole and related equipment on City-owned property located south of Merle Avenue and east of Wisdom Way, and

WHEREAS, Cingular Wireless applied for a Conditional Use Permit to raise the existing monopole to 84-feet-3-inches-high, and to add six new antennas above the existing antennas, and

WHEREAS, a public hearing was held by the Board of Zoning Adjustment on September 22, 2005, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, by Resolution No. 2005-07, the Board of Zoning denied the expansion to the existing cell tower for the following reason:

1. The proposed expansion is higher than 75 feet, which is the height of other similar cell tower facilities previously approved by the City of Modesto in the surrounding area, and

WHEREAS, on October 5, 2005, an appeal to the decision of the Board of Zoning Adjustment was filed with the office of the City Clerk by Soluri & Emrick, LLP on behalf of Cingular Wireless, and

WHEREAS, said appeal was set for a duly noticed public hearing before the City Council on Tuesday, November 1, 2005, at 5:30 p.m. in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, and was thereafter continued for hearing to November 22, 2005, at 5:30 p.m., in the Tenth Street Place Chambers, located 1010 Tenth Street, Modesto, California, and

WHEREAS, after said public hearing, at which evidence both oral and documentary was heard, the Council found and determined that the appeal to the decision of the Board of Zoning Adjustment should be denied and the decision of the Board of Zoning Adjustment should be confirmed for the reasons set forth below, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines as follows:

1. That the proposed height of the tower expansion is not compatible with the height restrictions in the R-1, Single-Family Residential Zone. The current cellular communications monopole is the highest freestanding structure in the surrounding area, and is already visually obtrusive. Increasing the height of the existing monopole to an overall height of eighty-four-feet-three-inches (84'-3") will only make it more obtrusive and incompatible with the surrounding residential area.
2. That the Council has considered the fact that a water tank is also in the R-1, Single-Family Residential Zone and that the water tank is not a residential use. The Council finds that the presence of a water tank in the R-1 zone is irrelevant to the visual impact that an extension of an existing pole would have on the surrounding residential area.
3. That there are alternative commercial locations in the vicinity that the cellular service provider could use, locate at, or collocate on and that would allow the cellular service provider to both satisfy its coverage objectives and create fewer impacts.
4. That the conditional use permit for an extension to the existing cellular telecommunications tower is not consistent with previous approvals in R-1 Zones or in the surrounding area.

5. That granting the conditional use permit would not be in the best interest of the public's welfare.
6. That the cellular service provider has not demonstrated a significant gap in coverage that would constitute an "effective prohibition" under the Federal Telecommunications Act. Nor has the cellular service provider demonstrated that it has considered alternative locations or alternative heights that would create fewer visual impacts.
7. That these findings are based on and supported by the evidence in the staff report submitted to the city council and the oral and documentary evidence received and considered at the public hearing together with the rules and regulations of the City, including the City's Zoning Code.

NOW, THEREFORE, BE IT FURTHER RESOLVED that based on the substantial evidence presented at the public hearing, both verbal and documentary, and the above findings, the Council further determines that the appeal of Soluri & Emrick, LLP on behalf of Cingular Wireless to the decision of the Board of Zoning Adjustment denying the expansion to the existing cell tower is denied, and the decision of the Board of Zoning Adjustment is hereby upheld.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of November 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-585**

**A RESOLUTION AUTHORIZING THE APPOINTMENT  
OF MAYOR JIM RIDENOUR AND COUNCILMEMBER JANICE KEATING  
AS COUNCIL REPRESENTATIVES AND COUNCILMEMBER BRAD HAWN  
AS ALTERNATE TO THE MID DOMESTIC WATER POLICY BOARD**

WHEREAS, the City Councilmembers serve on various boards and committees and act as representative on behalf of the City of Modesto, and

WHEREAS, the MID Domestic Water Policy Board is the Policy Board that implements the Treatment and Delivery Agreement between MID and the City of Modesto for the Modesto Water Treatment Plant.

WHEREAS, the policy board was originally comprised of three agencies: MID, City of Modesto and Del Este each with two seats. Since the City of Modesto bought Del Este in 1996, the City of Modesto held four of the six seats.

WHEREAS, the revised TDA changed the number of seats for the City of Modesto from four seats to two seats effective November 1, 2005.

WHEREAS, the MID Domestic Water Policy Board now includes two members of the Modesto City Council to act in an advisory capacity to staff in carrying out the provisions of the agreement and also act in an advisory capacity to the legislative bodies of the parties of these agreements, and

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that Mayor JIM RIDENOUR, Councilmember JANICE KEATING, and Councilmember BRAD HAWN as alternate are hereby appointed as the City Council representatives to the MID Domestic Water Policy Board.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-587**

**A RESOLUTION APPROVING A CFF ROW REIMBURSEMENT AGREEMENT BETWEEN CITY OF MODESTO AND WILLIAM LYON HOMES, INC. FOR RIGHT OF WAY ON FLOYD AVENUE AND CLAUS ROAD (BETWEEN FINE AVENUE AND CLAUS ROAD), AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT AND FINDING THAT THE AGREEMENT IS WITHIN THE SCOPE OF THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR, AS AMENDED BY THE VILLAGE ONE SUPPLEMENTAL EIR AND THE ADDENDUM TO THE EIR (SCH No. 90020181)**

WHEREAS, the City of Modesto desires to construct Claus Road to expressway status, and

WHEREAS, the future Claus Road will become an expressway and additional right of way is necessary for the future realignment of Claus Road, and

WHEREAS, William Lyon Homes, Inc. ("Developer") has agreed to dedicate right of way on Floyd Avenue (between Fine Avenue and Claus Road) for the future intersection improvement of Floyd and Claus and along Claus Road for the future Claus Road expressway and along Claus Road for the construction of a Class I bike trail, and

WHEREAS, the City Council has considered the proposed CFF Right of Way Reimbursement Agreement ("Agreement") between City of Modesto and Developer, and

WHEREAS, the CFF program is a pay as you go program whereby fees are collected as permits are issued, and

WHEREAS, the right of way for dedication is included in the cost calculations of the CFF program, and

WHEREAS, said Agreement shall have a maximum reimbursement amount of \$1,326,367, of which \$1,193,544 will be allocated from the Streets CFF fund, and

\$132,823 will be allocated from the Air Quality CFF fund in fiscal year 06-07 by July 15, 2006, and

WHEREAS, the City Council has received and considered the Written Checklist, Environmental Assessment No. EA/C&ED 2004-58, which concludes that the Falling Leaf Subdivision, including the improvements for which the Developer will be reimbursed under the proposed Acquisition and Shortfall Agreement, is within the scope of the previously certified Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the EIR (SCH No. 90020181), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it finds and determines that:

1. The proposed CFF Right of Way Reimbursement Agreement between the City of Modesto and William Lyon Homes, Inc. ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. The reimbursement for the proposed right of way is included in the 2003 program.
3. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR

("Program EIR") and no new environmental document or findings are required by CEQA.

4. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
5. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
6. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

7. The Written Checklist, Environmental Assessment EA/C&ED 2004-58, provides the substantial evidence to support findings 4-7, above.

BE IT FUTHER RESOLVED that the CFF Right of Way Reimbursement Agreement between the City of Modesto and William Lyon Homes is hereby approved and the City Manager is authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-588**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO FORMALLY SOLICIT REQUEST FOR PROPOSALS FOR THE FURNISHING OF JANITORIAL SERVICES, FOR THE PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT AND THE JOINT POWERS AGENCY, FOR A TWO (2) YEAR AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT AN ESTIMATED ANNUAL COST OF \$290,292**

WHEREAS, the Parks, Recreation and Neighborhoods Department and the Joint Powers Agency (JPA) have requested janitorial services for the Modesto Centre Plaza (MCP) and 1010 Tenth Street Place (TSP), and

WHEREAS, by combining these two (2) locations, both the City and the JPA can take advantage of economies of scale for janitorial services, and

WHEREAS, janitorial services include, but are not limited to, daily maintenance for offices, restrooms and lobby areas, and

WHEREAS, additional services are required at the MCP for event clean up, and

WHEREAS, daily maintenance services include:

- Vacuum, spot clean, and deep clean carpeted areas
- Sweep, mop and maintain all hard surfaced floors
- Empty all trash containers and replace trash container liners
- Clean and sanitize restroom facilities
- Change bulbs and lamps in light fixtures
- Clean entrance areas to the building
- General litter and debris removal in outdoor areas
- Clean sand urns to remove cigarettes and other debris
- Clean exterior light fixtures, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Proposal for the furnishing of janitorial services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Supervisor to formally solicit Request for Proposals for the furnishing of janitorial services for the Parks, Recreation and Neighborhoods Department and the Joint Powers Agency for a two (2) year agreement with three (3) one-year extension options, at an estimated annual cost of \$290,292 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed proposals for the furnishing of janitorial services, for a two (2) year agreement, with three (3) one-year extension options, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, they shall be tabulated and analyzed by an evaluation committee and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmemeber Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-589**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2005-2006 ANNUAL BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2005-2006,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2005-2006 budget have been adjusted as shown in Schedule A.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Jackman, Marsh

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

COMMENTS/JUSTIFICATION

This budget transfer is being made to recognize revenue in Secondary CIP Account No. 6180-430-W368-8122 (Refunds, Damages & Recovery) in the amount of \$38,000 received by the City of Modesto from the Trust Account at Miller, Axline and Sawyer as reimbursement for the purchase of property to install GAC units at Well #21 to mitigate PCE and bring this well back online as a viable water source. These funds are part of a Settlement for damages to this well by the Dry Cleaner located in McHenry Village. Additionally, this action increases the budget by \$38,000 in object 6030 in this same project account. Finally, this action further provides for the transfer of these same funds back to the Wellhead Treatment - Primary Account No. 6180-430-W430-6052 (Contingency) which fronted the funding for this purchase in the first place. These actions provide the necessary audit trail for both the expense and offsetting revenue associated with mitigating Well #21.

COMMENTS/JUSTIFICATION

The City of Modesto has been granted lead agency for the 05/06 Pavement Management by the Stanislaus Council of Governments (StanCOG). This project will determine the needs of all cities and Stanislaus County for Pavement Management. The City has received funding for \$220,000 of which \$194,766 (88.53%) is funded with RSTP monies. The remaining match of \$25,234 (11.47%) will come from LTF from all jurisdictions held by StanCOG. This adjustment is to amend the FY 06 CIP budget to increase project 0700-430-H485 to reflect the amount of funds available to the City of Modesto for this purpose (\$220,000).

**COMMENTS/JUSTIFICATION**

To establish a new Water CIP Secondary Project for the installation of 4 ea 2500-gpm pumps at Tank 6 (1), Tank 7 (2), and Tank 8 (1). These pumps are in addition to those being installed as part of the South Modesto Interim Water Improvement project (W336). Staff has determined these added pumps are necessary to improve efficiency of the system, reduce maintenance costs, and provide the needed redundancy for emergency back-up. These new pumps are funded in their entirety by the City.

**COMMENTS/JUSTIFICATION**

On June 7, 2005 A Bluesheet went to council requesting Water and Wastewater reserves for the purpose of continuing work required on the Water Study and Wastewater Study for the purposes of Cost of Service and Rate allocations. The resolutions language in the original Bluesheet was not specific in where those funds should be sent and allocated to. This adjustment serves to clarify and allocate the funds stated in June of 2005. The adjustment does not increase the original figures

This action appropriates from reserves the amount of additional unbudgeted and unspent revenues received in FY 2005 for solid waste activities. Revenue derived from Stanislaus County AB 939 payment; garbage hauler payments for recycle public education; compliance order fines; and ink jet recycling.  
 The additional revenue will be appropriated to salaries and wages and will be used for Council adopted salary increases.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-590**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR  
THE CITY OF MODESTO**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specification for the following classifications:

1. Animal Control Officer I/II

Said job specification for the classifications of Animal Control Officer I/II is being amended to update the essential functions and experience and training guidelines to more accurately reflect the requirements of these classifications. The job specification for the classifications of Animal Control Officer I/II as shown on the attached Exhibit "A", which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after December 6, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MICHAEL D. MILICH, City Attorney

ANIMAL CONTROL OFFICER I  
ANIMAL CONTROL OFFICER II

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To protect citizens from dangerous or hazardous animals; to enforce City and local ordinances governing the care and keeping of domestic and wild animals in the City; to capture and impound animals, as appropriate and to promote responsible pet ownership.

Note: When working in a field setting, all Animal Control Officers are required to carry a firearm and wear a ballistic vest.

DISTINGUISHING CHARACTERISTICS

Animal Control Officer I - This is the entry training level class in the Animal Control Officer series. This class is distinguished from the Animal Control Officer II by the performance of the more routine tasks and duties assigned to positions within the series. Since this is the training level, ~~class is typically used as a training class~~, employees may have only limited directly related work experience.

Animal Control Officer II - This is the full journey level class within the Animal Control Officer series. Employees within this class are distinguished from the Animal Control Officer I by the performance of the full range of duties as assigned including a full workload. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from the I level class, or when filled from the outside, require directly related experience.

SUPERVISION RECEIVED AND EXERCISED

Receives immediate supervision from sworn and non-sworn police supervisory staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties include, but are not limited to, the following:

EXHIBIT "A"

Essential Functions:

Investigate reports or complaints of dogs, cats or other animals creating nuisances, use tactical communication style to de-escalate situations and use mediation techniques to reconcile various complaints.

Prioritize calls using effective time management methods.

Investigate reports of animal abuse, and take appropriate action.

Enforce City animal control and licensing laws; ensure the safe capture and handling of animals including vicious, injured and stray animals.

Issue citations for violations of animal control and licensing ordinances.

Write incident reports, gather evidence, prepare and present cases at administrative hearings.

Explain ordinances relating to the care and keeping of animals to the public; promote and provide education to the public regarding the keeping and caring of pets.

Maintain contact with citizens regarding animal control issues and problems and preserve good relationships with the general public; take an active role in public education related to animal control issues.

Patrol a designated area of City streets, roads and parks in a truck; search for stray or abandoned animals; capture and confine animals using appropriate procedures.

Impound and quarantine animals, as appropriate.

In field conditions, may euthanize severely injured animals, as required.

Attend meetings and respond to related questions and complaints; provide public education regarding animal control.

Clean and maintain the animal control vehicle and cages utilized to detain the animals.

Essential Functions: (Continued)

May assist Police Officers on high risk operations including dynamic and tactical entries, searches, and in serving arrest warrants, when vicious dogs may be present.

May make warrantless arrests related to penal code 830.9; interview victims, complainants and witnesses.

Present and maintain a positive and professional image of the police department; participate in community oriented policing.

Prepare and maintain a variety of records and reports.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Animal Control Officer I

Knowledge of:

Basic methods of animal collection and impoundment.

Procedures and techniques for working with the public in a tactful but firm manner.

Basic personal computer operation.

Ability to:

Enforce animal regulations and ordinances.

Prepare written reports and maintain an efficient record keeping system.

Learn to interpret and apply pertinent laws, codes and regulations related to animal control with impartiality and efficiency. ~~animal regulations and ordinances.~~

Use sound judgment; analyze situations and determine appropriate action.

Think and act quickly in emergency situations.

EXHIBIT "A"

Ability to: (Continued)

Understand and carry out oral and written instructions.

Communicate effectively, both orally and in writing.

Work with the public in general and in difficult work situations.

Learn the operation of standard equipment required for job performance including the use of a computer and police radio.

~~Learn to interpret and apply laws and regulations of the City related to animal control and licensing.~~

Use maps and learn City geography.

Use and care for firearms.

Animal Control Officer II

In addition to the qualifications for Animal Control Officer I:

Knowledge of:

Various breeds of dogs, cats, marine and other wild or domestic animals.

Various kinds types of animal behavior.

Various provisions of penal code 830 related to animal control and penal code 832-arrest and firearms.

Police protocols and standard operating procedures.

First aid and CPR procedures and practices.

Ability to:

Work independently, prioritize calls and respond appropriately to a variety of animal complaints.

Perform a variety of animal control activities such as animal handling, capturing, and confining.

EXHIBIT "A"

Ability to: (Continued)

Euthanize severely injured animals in emergencies.

Communicate clearly and concisely, both orally and in writing; write defensible reports.

Establish and maintain cooperative working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Animal Control Officer I

Experience:

One year of experience working with animals is desirable.

Training:

Equivalent to the completion of the twelfth grade.

License or Certificate:

~~Possession of, or ability to obtain, an appropriate, valid California driver's license.~~

Possession of an appropriate, valid driver's license at time of application; valid California driver's License by time of appointment.

Possession of a POST approved P.C. 832 Certificate is required by the end of probationary period.

Possession of level one and level two certificates of completion from the National Animal Control Association (NACA) Training Academy is required by the end of probationary period. Failure to obtain the required certificates will result in release from probation.

EXHIBIT "A"

Animal Control Officer II

Experience:

Two years of responsible animal control experience or one year as an Animal Control Officer I with the City of Modesto.

Training:

Equivalent to the completion of the twelfth grade.

License or Certificate

~~Possession of, or ability to obtain, an appropriate, valid California driver's license.~~

Possession of an appropriate, valid driver's license at time of application; valid California driver's License by time of appointment.

Possession of a valid POST approved P.C. 832 Certificate.

If hired at level II, possession of level one and level two certificates of completion from the National Animal Control Association (NACA) Training Academy is required by the end of probationary period. Failure to obtain the required certificates will result in release from probation.

Possession of a level three certificate of completion from the National Animal Control Association (NACA) Training Academy is desirable.

WORKING CONDITIONS

Environmental Conditions:

Field environment; travel from site to site. Hot and cold temperatures; inclement weather.

Physical Conditions:

Essential and marginal functions may require gaining and maintaining control of large and often aggressive animals; lifting/carrying medium-heavy objects of up to 75 lbs. of weight; maintaining physical condition necessary for standing, squatting, twisting, running, stooping and walking for prolonged periods of time; operating motor vehicle and other equipment.

EXHIBIT "A"

Work Assignment:

Wear Police Department approved uniform and related equipment including firearm and ballistic vest. Subject to irregular work shifts including evening, weekend and holiday shift assignments.

Must be able to pass a police background investigation.

EXHIBIT "A"

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-591**

**A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2005-485  
TO REVISE THE CLASS RANGE TABLE FOR GENERAL NON-SWORN  
CLASSES TO CHANGE THE SALARY RANGE FOR ANIMAL CONTROL  
OFFICER I TO SALARY RANGE 114 AND TO CHANGE THE SALARY  
RANGE FOR ANIMAL CONTROL OFFICER II TO SALARY RANGE 119**

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution  
No. 2005-485,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2005-485. Exhibit "A"  
entitled "City of Modesto Class Range Table General Non-Sworn Classes Effective  
September 27, 2005," attached to Resolution No. 2005-485, is hereby amended as shown  
on the amended Exhibit "A" entitled "City of Modesto Class Range Table General Non-  
Sworn Classes Effective December 6, 2005," which is attached hereto and made a part  
hereof as though set forth in full herein. Said amended Exhibit "A" changes the salary  
range for Animal Control Officer I from range 110 to range 114 and changes the salary  
range for Animal Control Officer II from range 115 to range 119.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and  
after December 6, 2005.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-592**

**A RESOLUTION APPROVING AN AGREEMENT FOR THE PURCHASE OF  
RETIRED CITY OF MODESTO POLICE CANINE DAX BY THE ASSIGNED  
MODESTO POLICE DEPARTMENT CANINE HANDLER, OFFICER LEE, AND  
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE  
AN AGREEMENT WITH THE OFFICER FOR PURCHASE OF HIS POLICE  
CANINE**

WHEREAS, the Police Chief for the City of Modesto, from time to time,  
officially retires police canines from departmental service, and

WHEREAS, City of Modesto police canine handler, Officer Lee, wishes to  
purchase and assume possession of his assigned canine, Dax, upon the dog's official  
retirement, and

WHEREAS, it is necessary to adopt a resolution authorizing the purchase of City  
of Modesto police canines by their assigned department handler,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
that it hereby approves the agreement with Officer Lee for the purchase of his retired  
police canine, Dax, in the amount of One Dollar (\$1.00) as more fully set forth in the  
Modesto Police Department Canine Transfer Contract attached hereto as Exhibit "A" and  
incorporated herein by this reference.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby  
authorized to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

Modesto Police Department Canine  
Transfer Contract – Office Lee

## MODESTO POLICE DEPARTMENT CANINE TRANSFER CONTRACT

This AGREEMENT, made and entered into in the City of Modesto, State of California, this 23rd day of **October, 2005**, by and between the City of Modesto, a municipal corporation of the State of California, hereinafter referred to as "CITY", and John Lee, previous canine handler for the Modesto Police Department, hereinafter referred to as "HANDLER".

This AGREEMENT is made with regard to the following recitals:

A. *HANDLER* wishes to assume ownership and take possession of that certain retired City of Modesto police canine named "Dax". *HANDLER* was previously the assigned canine handler for "Dax".

B. *HANDLER* wishes to maintain ownership of the above-referenced dog, and the CITY wishes to divest itself of both ownership and vicarious or direct liability for the subject dog.

C. CITY does hereby agree to relinquish all of its right, title and ownership interest in said dog whatsoever, effective upon *HANDLER*'s execution and return of this document and payment of the sum of one and no/100ths dollars (\$1.00) to the City of Modesto.

NOW, THEREFORE, in consideration of this AGREEMENT, the parties hereto agree as follows:

1. *HANDLER* does agree to assume ownership of the Modesto police canine named "Dax", and to assume any and all risks, including, but not limited to, risk of injury or death to third persons, and to hold CITY, its police department, and its employees and/or agents or volunteers harmless from any and all liability, claims, administrative proceedings or other responsibility whatsoever arising from any injuries or damages that may occur on or after the date ownership of the dog is transferred pursuant to this AGREEMENT. That date is hereby fixed by

agreement by and among the parties hereto as being **October 23, 2005**.

2. *HANDLER* further agrees to assume all liability for risks and dangers relating to his/her ownership of the subject police dog on and after the aforementioned date, and to indemnify and hold CITY harmless in the event that any legal or administrative action, whether by claim, demand or otherwise, is made by any person or entity as a consequence of or arising out of any event, act or disturbance involving the subject police dog on or after the date ownership is transferred. These hold harmless provisions shall extend to any direct or vicarious liability arising from any and all losses, liabilities, charges (including reasonable attorney fees and court costs), and any other expenses whatsoever which may arise in any manner after the new owners assumption of ownership on the date identified herein.

3. *HANDLER* must retain ownership of "Dax" for at least eighteen (18) months prior to any sale of the aforementioned retired police canine.

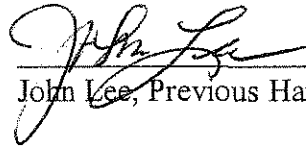

4. The retired police canine "Dax" shall revert to CITY should the purchaser, *HANDLER* determine he/she can no longer care for the aforementioned dog within the period of time commencing on the date of this AGREEMENT and ending eighteen (18) months from the date fixed by this AGREEMENT.

5. *HANDLER* acknowledges that he/she has read the foregoing AGREEMENT and understands that it is contractual in nature and understands each of its provisions.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested by its City Clerk under authority of Resolution No. 99-370 adopted by the City Council of the City of Modesto on the 20th day of July, 1999.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-593**

**A RESOLUTION APPROVING AN AGREEMENT WITH STANISLAUS COUNTY OFFICE OF EDUCATION IN THE AMOUNT OF \$15,000 TO PROVIDE PARTY PATROL POLICE OFFICERS AND CONDUCT JUVENILE ALCOHOL EDUCATION, PREVENTION AND INTERVENTION PROGRAMS FOR CHRYSLER ELEMENTARY, PRESCOTT JUNIOR HIGH SCHOOL AND SCHOOLS WITHIN STANISLAUS COUNTY, AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AGREEMENT**

WHEREAS, Stanislaus County Office of Education requires Party Patrol Police Officers to contact, identify and hold accountable minors drinking illegally at home parties and in violation of the law, and

WHEREAS, the Modesto Police Department has developed a first-time offender juvenile alcohol education, prevention and intervention program, and

WHEREAS, minors contacted by the Party Patrol will be cited and required to attend diversion classes with their parents, and

WHEREAS, the goal of the class is to make minors and parents aware of the dangers related to minors consuming alcohol, and

WHEREAS, the Modesto Police Department has seen a reduction in alcohol related injuries and deaths related to juveniles and alcohol since Party Patrol was established, and

WHEREAS, the term of this agreement is September 1, 2005, to May 31, 2006, and

WHEREAS, the City shall be compensated \$15,000 for the services of Party Patrol Police Officers and the juvenile alcohol education, prevention and intervention program, and

WHEREAS, there is no fiscal impact to the City of Modesto, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Stanislaus County Office of Education in the amount of \$15,000 for the provision of Party Patrol Police Officers and the juvenile alcohol education, prevention and intervention program for Chrysler Elementary, Prescott Junior High School and schools within Stanislaus County.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-597**

**A RESOLUTION APPROVING A JOINT POWERS AGREEMENT BETWEEN  
THE COUNTY OF STANISLAUS AND THE CITY OF MODESTO TO  
FACILITATE CONSTRUCTION BY THE CITY OF THE IMPROVEMENTS TO  
(1) THE INTERSECTION OF PELANDALE AND SISK ROAD AT THE STATE  
ROUTE 99 FREEWAY, AND (2) IMPROVEMENT OF PELANDALE AVENUE  
BETWEEN STATE ROUTE 99 AND A POINT 1,400 FEET EAST OF MCHENRY  
AVENUE, WHICH ARE PARTIALLY LOCATED WITHIN THE CITY LIMITS  
AND WITHIN THE UNINCORPORATED AREA OF THE COUNTY AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the widening of Pelandale Avenue to full six-lane expressway status is partially located within the City limits and within the unincorporated area of the County, and

WHEREAS, the intersection improvements on Pelandale Avenue and Sisk Road at the State Route 99 northbound on-ramp are partially located within the City limits and within the unincorporated area of the County, and

WHEREAS, the Project design will require the partial take of nine (9) privately owned parcels of land within the unincorporated area of the County, and

WHEREAS, pursuant to Section 1810 of the Streets and Highways Code, the County must consent to the acquisition of Project rights-of-way by the city outside its boundaries in the unincorporated area of the County, and

WHEREAS, the City shall take the lead on design and environmental work for these projects, and

WHEREAS, the County shall have the right to review, comment upon, and inspect any and all Project plans, specification and designs, and construction lying within the unincorporated area of the County, and

WHEREAS, an agreement with the County is necessary in order to facilitate construction by the City of the roadway improvements on Pelandale Avenue between State Route 99 and a point 1,400 east of McHenry Avenue, and

WHEREAS, the Pelandale Avenue Capital Improvement Projects were reviewed at the January 24, 2005, Finance Committee meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Joint Powers Agreement between the City of Modesto and the County of Stanislaus for the roadway improvements on Pelandale Avenue between State Route 99 and a point 1,400 feet east of McHenry Avenue.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-598**

**A RESOLUTION APPROVING THE FINAL MAP OF FALLING LEAF  
SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, WILLIAM LYON HOMES INC, a California Corporation, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 50.70 acres, known as FALLING LEAF ("SUBDIVISION"), in the Village One Specific Plan Area, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 24th day of January, 2005, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets, alleys and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider

has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager, or his designee, and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6<sup>th</sup> day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-599**

**A RESOLUTION APPROVING THE PRELIMINARY DESIGN PLAN  
PREPARED BY THE BLACK & VEATCH CORPORATION RELATED TO THE  
PHASE TWO EXPANSION OF THE MODESTO REGIONAL WATER  
TREATMENT PLANT**

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, at the direction of Council, staff is proceeding with a project to expand the capacity of the MRWTP to an equivalent of 60 million gallons per day, and

WHEREAS, the Council of the City of Modesto adopted Resolution 2003-540, authorizing Modesto Irrigation District to execute an agreement with Black & Veatch Corporation to provide Preliminary Engineering Design Services, not to exceed \$750,000, and

WHEREAS, the Council of the City of Modesto adopted Resolution 2005-380, authorizing Modesto Irrigation District to execute Amendment No. 3 to their existing Agreement with Black & Veatch Corporation in an amount not to exceed an additional \$450,000 for a total Agreement amount of \$1,200,000 to provide additional Preliminary Engineering Design services related to the Phase Two Expansion of the MRWTP, and

WHEREAS, the Domestic Water Policy Committee on November 16, 2005, recommended the Council of the City of Modesto approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, the Finance Committee on November 21, 2005 recommended the Council of the City of Modesto approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, MID and City request City Council to approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, by agenda report dated November 16, 2005, the Acting Public Works Director recommends City Council approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December 2005 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-600**

**A RESOLUTION AUTHORIZING MODESTO IRRIGATION DISTRICT TO  
EXECUTE AN AGREEMENT WITH THE BLACK & VEATCH  
CORPORATION IN AN AMOUNT NOT TO EXCEED \$3,091,000 TO PROVIDE  
ENGINEERING SERVICES TO PREPARE THE FINAL DESIGN RELATED TO  
THE PHASE TWO EXPANSION OF THE MODESTO REGIONAL WATER  
TREATMENT PLANT**

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, at the direction of Council, staff is proceeding with a project to expand the capacity of the MRWTP to an equivalent of 60 million gallons per day, and

WHEREAS, this expansion is needed to provide existing users with a reliable water source and to keep pace with the City's projected growth, and

WHEREAS, the Council of the City of Modesto adopted Resolution 2005-516, approving the amended and restated Treatment and Delivery Agreement with Modesto Irrigation District related to the Phase Two Expansion of the MRWTP, authorizing staff to pursue implementation of the Phase Two Expansion of the MRWTP under the terms of the amended and restated Treatment and Delivery Agreement, and approved the downstream City facilities project as analyzed by the final SEIR, including the design and construction of the downstream City facilities, which includes storage tanks, pipelines, flow control valves, pumps, and associated structures, acquisition of rights of way as necessary to implement the downstream City facilities, and any activities as necessary to obtain necessary permits or authorizations to implement the downstream City facilities, and

WHEREAS, the Domestic Water Policy Committee on November 16, 2005, recommended that the Council of the City of Modesto authorize Modesto Irrigation District to execute an agreement with the Black & Veatch Corporation in an amount not to exceed \$3,091,000 to provide engineering services to prepare the final design related to the Phase Two Expansion of the MRWTP, and

WHEREAS, the Finance Committee on November 21, 2005, recommended that the Council of the City of Modesto authorize Modesto Irrigation District to execute an agreement with the Black & Veatch Corporation in an amount not to exceed \$3,091,000 to provide engineering services to prepare the final design related to the Phase Two Expansion of the MRWTP, and

WHEREAS, under the terms of the Amended and Restated Treatment and Delivery Agreement, MID is required to obtain City authorization to proceed beyond each major project milestone and requires City Council approval for all expenditures greater than \$100,000, and

WHEREAS, concurrently on December 6, 2005, City Council approved by Resolution No. 2005-599, the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, approval authorizing MID to execute an Agreement with Black & Veatch Corporation for final design will allow the project to proceed toward completion, and

WHEREAS, by agenda report dated November 16, 2005, the Acting Director of Public Works recommends that the City Council authorize Modesto Irrigation District to execute an agreement with the Black & Veatch Corporation in an amount not to exceed

\$3,091,000 to provide engineering services to prepare the final design related to the Phase Two expansion of the Modesto Regional Water Treatment Plant,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes Modesto Irrigation District to execute an agreement with the Black & Veatch Corporation in an amount not to exceed \$3,091,000 to provide engineering services to prepare the final design related to the Phase Two expansion of the Modesto Regional Water Treatment Plant.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December, 2005 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AUTHORIZING MODESTO IRRIGATION DISTRICT TO  
PROCEED WITH APPROVAL OF AN ENGINEERING SERVICES CONTRACT  
WITH BLACK & VEATCH CORPORATION FOR STAGE ONE SERVICES  
WITH THE SELECTED MEMBRANE FILTER VENDOR AND AUTHORIZING  
MODESTO IRRIGATION DISTRICT TO PROCEED WITH EXECUTION OF A  
MEMORANDUM OF UNDERSTANDING WITH THE RECOMMENDED  
MEMBRANE FILTER VENDOR FOR A FUTURE GENERAL CONSTRUCTION  
CONTRACT**

WHEREAS, City and MID wish to pursue the design, construction, and operation of the Phase Two Expansion of the Modesto Regional Water Treatment Plant (MRWTP), and

WHEREAS, at the direction of Council, staff is proceeding with a project to expand the capacity of the MRWTP to an equivalent of 60 million gallons per day, and

WHEREAS, this expansion is needed to provide existing users with a reliable water source and to keep pace with the City's projected growth, and

WHEREAS, a Draft Preliminary Study was completed in February 2004, which extensively studied the various treatment alternatives and based on the analysis, a micro filtration-based membrane process was considered to be the most effective for the expansion of the MRWTP, and

WHEREAS, the MID Board of Directors and the Council of the City of Modesto approved by adoption of Resolution 2005-380, authorizing Amendment No. 3 for the Phase Two Expansion of the MRWTP at their respective meetings on July 12, 2005, and

WHEREAS, the Council of the City of Modesto adopted Resolution 2005-516, approving the Amended and Restated Treatment and Delivery Agreement with Modesto Irrigation District related to the Phase Two Expansion of the MRWTP, authoring staff to

pursue implementation of the Phase Two Expansion of the MRWTP under the terms of the Amended and Restated Treatment and Delivery Agreement, and approved the downstream City Facilities project as analyzed by the final SEIR, including the design and construction of the downstream City facilities, which includes storage tanks, pipelines, flow control valves, pumps, and associated structures, acquisition of rights of way as necessary to implement the downstream City facilities, and any activities as necessary to obtain necessary permits or authorizations to implement the downstream City facilities, and

WHEREAS, Membrane Pre-selection Bids were received and publicly opened on October 21, 2005, from qualified manufactures for a membrane filtration system to be installed at the MRWTP, and

WHEREAS, the Domestic Water Policy Committee on November 16, 2005, recommended the City Council approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, the Finance Committee on November 21, 2005, recommended the Council of the City of Modesto approve the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, concurrently on December 6, 2005, City Council approved by Resolution No. 2005-599, the Preliminary Design Plan prepared by Black & Veatch Corporation related to the Phase Two Expansion of the MRWTP, and

WHEREAS, concurrently on December 6, 2005, City Council approved by Resolution No. 2005-600, Modesto Irrigation District to execute an agreement with Black & Veatch Corporation in an amount not to exceed \$3,091,000 to provide engineering

services to prepare the final design related to the Phase Two Expansion of the MRWTP,  
and

WHEREAS, by agenda report dated November 16, 2005, the Acting Director of Public Works recommends that the City Council authorize Modesto Irrigation District to proceed with approval of an engineering services contract with Black & Veatch Corporation for Stage One services with the selected membrane filter vendor and to proceed with execution of a Memorandum of Understanding with the recommended membrane filter vendor for a future general construction contract,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes Modesto Irrigation District to proceed with approval of an engineering services contract with Black & Veatch Corporation for Stage One services with the selected membrane filter vendor and authorizing Modesto Irrigation District to proceed with execution of a Memorandum of Understanding with the recommended membrane filter vendor for a future general construction contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December, 2005 by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Jackman, Marsh

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-602**

**A RESOLUTION GRANTING BENEFIT CHANGES EFFECTIVE DECEMBER 6, 2005 AND SALARY CHANGES EFFECTIVE DECEMBER 27, 2005 TO UNREPRESENTED MANAGEMENT AND CONFIDENTIAL EMPLOYEES, INCLUDING CHARTER OFFICERS AND EXECUTIVES, AND RESCINDING RESOLUTION NO. 2005-307 EFFECTIVE DECEMBER 5, 2005 AND RESOLUTION NO. 2003-330 EFFECTIVE DECEMBER 26, 2005.**

WHEREAS, by Resolution No. 95-530 which became effective on November 7, 1995, the City Council amended the salary schedules for unrepresented Management and Confidential employees, excluding Charter Officers and Executives, to incorporate a 9-Step Salary Step Plan, and

WHEREAS, by Resolution No. 2003-331 which became effective on June 24, 2003 the City Council established new salary schedules and class ranges for unrepresented Management and Confidential non-sworn employees, and

WHEREAS, by Resolution 2005-307, which became effective July 26, 2005, the City Council increased the City's contribution to health, dental and vision benefits for unrepresented Management and Confidential employees, and

WHEREAS, the Council of the City of Modesto desires to approve a three and one half (3.5%) percent increase in salary ranges for unrepresented Management and Confidential employees, including Executives and Charter Officers, effective December 27, 2005 and a three and one-half (3.5%) percent increase in salary ranges effective December 26, 2006, and

WHEREAS, the Council of the City of Modesto desires to approve a three and one-half (3.5%) percent across-the-board salary increase for unrepresented Management and Confidential employees, excluding Executives and Charter Officers, effective

December 27, 2005 and a three and one half (3.5%) percent across-the-board increase effective December 26, 2006. Salary increases for Executives shall be at the discretion of the City Manager, within approved salary ranges. Salary increases for Charter Officers shall be three and one-half (3.5%) percent effective December 27, 2005. Additional increases for Charter Officers, including salary increases effective December 26, 2006, shall require separate action by the City Council, and

WHEREAS, the Council desires to grant additional increases in the City's contribution to health, dental, and vision benefits for non-sworn employees with Family coverage by \$10/month effective July 26, 2005 and by \$25/month effective July 25, 2006, in addition to increases previously authorized, and

WHEREAS, the Council desires to increase the City's contributions to employees' mandatory 401(a) Money Purchase deferred compensation plans by 1%, and

WHEREAS, the Council desires to increase the amount of unused Management Leave available for annual cashout for designated classifications, by 10 hours per year effective December 2006 and by another 10 hours per year effective December 2007, and

WHEREAS, the Council desires to establish quarterly pay out of unused Compensatory Time Off (CTO) for newly hired overtime-eligible Management and Confidential employees for all CTO hours in excess of 100 hours, and

WHEREAS, the Council desires to change the annual Management Leave allocation for overtime-eligible Management employees to 40 hours and their annual maximum cashout to 20 hours, and

WHEREAS, the Council desires to provide a Fire Chief Officer stipend of \$1,000 per 24-hour shift for Fire Battalion and Division Chiefs assigned to work extra shifts in

order to maintain consistent staffing under certain circumstances, and

WHEREAS, the Council desires to increase the Uniform Allowance for sworn Police Management to ninety-four dollars (\$94.00) per month, effective January 1, 2008, and

WHEREAS, the Council desires to make changes to various policies and procedures for unrepresented employees relating to use of negative vacation, duration of probationary periods, deferred compensation service dates, domestic partners, catastrophic leave, and medical leaves of absence,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. SALARY RANGES, RATES AND EFFECTIVE DATES. The salary rates, salary ranges and salary steps as set forth in the following exhibits which are attached hereto and made a part hereof supercede Resolution No. 2003-330 which was effective July 1, 2003, to provide for a three and one half (3.5%) percent across-the-board salary adjustment for unrepresented Management and Confidential employees effective December 27, 2005, and an additional three and one-half (3.5%) across-the-board increase effective December 26, 2006, subject to Pay-for-Performance criteria. For Executive Management and Charter Officers, salary ranges shall be increased by three and one half (3.5%) percent effective December 27, 2005 and by three and one-half (3.5%) percent effective December 26, 2006. Actual salary increases for Executives, excluding Charter Officers, shall be at the discretion of the City Manager, within approved salary ranges.

15. Exhibit "O" entitled "City Of Modesto Schedule Of Salary Ranges In City Service For FY 05/06, Effective December 27, 2005 - Executive Management."
  
16. Exhibit "P" entitled "City of Modesto Schedule of Salary Ranges in City Service For FY 06/07, Effective December 26, 2006 – Executive Management."

SECTION 2. CHARTER OFFICERS. Effective December 27, 2005, the salaries for the positions of the Charter Officers shall be as follows:

<u>TITLE</u>	<u>HOURLY</u>	<u>BI-WEEKLY</u>	<u>MONTHLY</u>
City Manager George W. Britton	\$76.341	\$6,107.32	\$13,283.42
City Attorney Michael D. Milich	\$72.7709	\$5,821.67	\$12,662.13
City Clerk Jean Zahr	\$45.7673	\$3,661.38	\$ 7,963.51

SECTION 3. HEALTH, DENTAL AND VISION BENEFITS. The City's

contribution to health, dental and vision benefits for non-sworn employees are hereby increased, to the following amounts:

	<u>City Contribution - Non-Sworn</u> <u>Effective July 26, 2005</u>	<u>Effective July 26, 2006</u>
Family	\$722/month	\$792/month
Employee Only	\$435/month	\$480/month
Opt Out	\$385/month	\$390/month

The City's contributions to unrepresented sworn Fire management and unrepresented sworn Police management employees' health, dental and vision benefits are hereby increased to the following amounts:

	<u>City Contribution - Sworn</u>	
	<u>Effective July 26, 2005</u>	<u>Effective July 25, 2006</u>
Family	\$767/month	\$812/month
Employee Only	\$435/month	\$480/month
Opt Out	\$385/month	\$390/month

Effective July 26, 2005, the City's contribution toward unrepresented employees with Family coverage shall not exceed the actual premium amount for the lowest cost health (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

Effective July 26, 2005, the City's contribution toward unrepresented employees with Employee Only coverage shall not be less than the actual premium amount for the lowest cost health, (HMO Plan), dental and vision plans offered by the City, regardless of the health plan selected by the employee or the contribution amounts listed above.

**SECTION 4. DEFERRED COMPENSATION 401(a) MONEY PURCHASE PLANS.** The 401(a) Money Purchase Plans shall provide for a City-paid contribution and equal mandatory employee contribution, effective January 1, 2006, of 5% for Charter Officers, 3% for Executives other than Charter Officers, and 2% for all other unrepresented Management and Confidential employees.

**SECTION 5. COMPENSATORY TIME OFF CAP.** Management and Confidential employees who are overtime-eligible shall be paid quarterly for all CTO over their established cap. For employees hired on or after December 6, 2005, the CTO

cap shall be 100 hours. For employees hired before December 6, 2005, the cap shall be 160 hours.

SECTION 6. MANAGEMENT AND CONFIDENTIAL LEAVE. Management Leave for Management employees shall be 80 hours annually, effective January 1, 2002, except that for overtime-eligible Management employees the annual allocation shall be 40 hours effective calendar year 2006. For Fire Battalion Chiefs on a 56-hour schedule, the annual allocation of Management Leave shall be 112 hours, and for Confidential employees Leave shall be 20 hours annually, effective January 1, 2002.

SECTION 7. MANAGEMENT AND CONFIDENTIAL LEAVE ANNUAL CASHOUT. The maximum number of hours available for cashout each December shall be 40 hours annually for Management employees, except that for overtime-eligible Management employees the maximum cashout shall be 20 hours effective calendar year 2006. Maximum annual cashout shall be 18 hours for Confidential employees, and 60 hours for Executives, including Charter Officers. For Fire Battalion Chiefs on 56-hour schedule, the maximum annual cashout shall be 56 hours.

Effective December 2006, the maximum annual cashout shall increase from 60 to 70 hours for Executives and Charter Officers, and from 40 to 50 hours for Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City Attorney, and Deputy/Senior Deputy City Attorney I/II. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cashout shall increase from 56 to 70 hours.

Effective December 2007, the maximum annual cashout shall increase from 70 to 80 hours for Executives and Charter Officers, and from 50 to 60 hours for Police Captains, Fire Battalion Chiefs, Fire Division Chiefs, Deputy Directors, Assistant City

Attorney and Deputy/Senior Deputy Attorney I/II. For Fire Battalion Chiefs on a 56-hour schedule, the maximum cashout shall increase from 70 to 84 hours.

SECTION 8. FIRE CHIEF OFFICER SHIFT STIPEND. Effective December 27, 2005, Fire Battalion Chiefs and Fire Division Chiefs assigned to work extra shifts in order to maintain a consistent staffing of two (2) Battalion Chiefs to the extent possible, may receive a stipend of one thousand dollars (\$1,000) per 24-hour shift. Criteria for assignment to extra shifts with the stipend shall be at the discretion of the Fire Chief, who shall also determine when staffing at the level of one Battalion Chief is acceptable. The Fire Chief shall annually determine the maximum number of assignments available for stipend, subject to funds budgeted and the needs of the City. As FLSA Exempt management employees, Fire Battalion Chiefs and Fire Division Chiefs may be required to work both emergency and non-emergency assignments without additional compensation.

SECTION 9. NEGATIVE VACATION. The use of negative vacation (vacation use in advance of accrual) shall be phased out except for use in extenuating circumstances, effective March 7, 2006. Effective May 29, 2006, current negative vacation balances shall be offset by any accrued Grandfathered Holiday CTO, Holiday CTO and regular CTO available to the employee. If there is still a remaining balance, it will be offset quarterly by these, or other leaves of the employee. Effective March 7, 2006, use of negative vacation will require the approval of the City Manager, or designee.

SECTION 10. PROBATIONARY PERIOD. All original and promotional appointments to positions in the Classified Service shall be tentative and subject to a probationary period of one year from the date of appointment to the position. The

purpose of the probationary period is to train, observe and evaluate the employee on conduct, performance, attitude, adaptability and job knowledge.

Initial Probation: It is understood that the probationary period will normally last for one year from the date of appointment, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1680 hours. In the event that an employee works less than 1680 hours in the first twelve months of employment, then the employee's probation shall be extended until he/she has worked 1680 hours.

Promotional Probation: It is understood that the probationary period, upon promotion, will normally last for one year from the date of promotion, but may last longer than the one year if absences, either paid or unpaid, cause the probationary employee to work less than 1560 hours. In the event that an employee works less than 1560 hours during the twelve months following his/her promotion, then the employee's probation shall be extended until he/she has worked 1560 hours.

During the probationary period an employee may be released at any time without right of appeal. Written notice of release shall be furnished to the probationer. An employee released during or at the conclusion of probation following a promotion, shall be reinstated to the position previously held, at the former salary step, except if the reasons for release are cause for dismissal.

SECTION 11. DEFERRED COMPENSATION SERVICE DATES. The CITY shall continue to provide access to a 457 deferred compensation program authorized by the City Council for the voluntary participation of City employees. In addition, the CITY shall match on behalf of a participating employee in a regular position, one and

one-half percent (1.5%) of an employee's regular rate of pay on a bi-weekly basis; provided, the employee is contributing at least one and one-half percent (1.5%). For such employees who have been continuously employed by the CITY for nine (9) or more years, the CITY shall contribute two and one-half percent (2.5%); provided the employee is contributing at least two and one-half percent (2.5%). Effective January 1, 2006, this increase in the City's contribution shall be effective with the first payperiod to begin in the month following completion of nine (9) years of service, provided that the employee has completed any required documents.

SECTION 12. UNIFORM ALLOWANCES. Uniform allowances for unrepresented Management and Confidential employees who are required to wear a uniform, are as follows:

<u>Positions</u>	<u>Effective Date</u>	<u>Allowance</u>
Sworn Police	January 1, 2003	\$91.66
	January 1, 2008	\$94.00
Fire Management	January 1, 2004	\$64.58

SECTION 13. DOMESTIC PARTNERS. Benefits applicable to spouses shall be extended to registered domestic partners, as required by law.

SECTION 14. MEDICAL LEAVES OF ABSENCE. Effective December 6, 2005, employees requesting an Authorized Medical Leave of Absence without pay, due to a medical incapacity to perform the duties of their position, must provide written medical verification of a long-term disability, illness or injury.

SECTION 15. CATASTROPHIC LEAVE. Effective December 6, 2005, employees requesting Catastrophic Leave donations must provide a written medical

verification of long term illness or injury, or verification of a family member's illness or injury.

SECTION 16. HAZARDOUS MATERIALS CERTIFICATION PAY. Effective July 1, 2003, one (1) Fire Department Battalion Chief or Division Chief shall be authorized five (5%) percent Haz Mat Pay, when certified as a Hazardous Materials Specialist and assigned to administer the City of Modesto's participation in the Regional Hazardous Materials Response Team. This pay replaced the annual Haz Mat Stipend.

SECTION 17. MASTERS DEGREE INCENTIVE PAY. Effective June 29, 2004, employees who possess a Masters Degree or Juris Doctor from an accredited institution, shall be granted one and one half (1.5%) percent Masters Pay, subject to criteria as established by the City.

SECTION 18. REGISTRATION AND CERTIFICATION FEES. Effective July 1, 2003, when an employee is required by the City to obtain or renew a certificate, license or registration in order to carry out their assigned duties, except a California Class C Driver's License, the City will pay the fee for the actual certificate, license or registration, (and exam fee, if any).

SECTION 19. LEAVE CASHOUTS FOR SWORN FIRE MANAGEMENT EMPLOYEES. Sworn Fire Management employees in the classifications of Fire Battalion Chief, Fire Division Chief and Fire Chief working a 40 hour schedule shall be afforded the opportunity to cashout up to 61 hours of vacation leave per calendar year (at straight time rates) and up to 88 hours of holiday leave per calendar year (at time and one-half), effective July 1, 2003. Employees in the classification of Fire Battalion Chief working a 56 hour schedule shall be afforded the opportunity to cash out up to 72 hours

of vacation leave per calendar year (at straight time rates) effective June 20, 2000, and up to 132 hours of holiday leave per calendar year (at time and one-half). Holiday leave may not be carried over year-to-year regardless of the schedule worked.

SECTION 20. VEHICLE ALLOWANCE. Per Resolution No. 2001-271 effective July 1, 2001, the vehicle allowance for Executives and Charter Officers who receive an allowance, shall be \$400/month, and the City Manager is authorized to grant Deputy Directors either an assigned City vehicle or a vehicle allowance in the amount of \$300/month. The City Manager is also authorized to grant selected Management employees a vehicle allowance of \$100-\$200/month based on Department Director recommendation and an annual justification relating to extensive use of a personal vehicle while conducting City business.

SECTION 21. SICK LEAVE CASHOUT FOR SWORN FIRE MANAGEMENT EMPLOYEES. Effective June 22, 1999, Sworn Fire management employees who leave City service in good standing (other than retirement) after five (5) years of continuous service, shall be paid the first twenty-two hundred (2,200) hours of their current unused sick leave, reduced by hours previously converted to Deferred Compensation, as follows:

(1) Ninety (90%) percent of accrued sick leave hours as of the date of the employee's initial promotion to a management classification shall be paid out at the current regular rate of pay (top step) for Fire Captain, and (2) In addition, twenty-five (25%) percent of the remaining sick leave hours accruing after promotion to a management classification shall be paid out at the employee's then current regular rate of pay.

SECTION 22. USE OF CLASSES. The designated classes of positions may be used in any organizational unit of the City deemed proper by the City Manager.

SECTION 23. POSITIONS. The City Council authorizes and directs the City Manager, within the limits of funds budgeted therefor, to appoint employees in such number and in such classes in each department as may be necessary to properly operate the department under the Charter, ordinances and resolutions adopted by the City Council, including, but not limited to, creating additional positions to replace employees who are on disability leave or other leaves of absence.

SECTION 24. APPOINTMENTS AND SALARIES. The City Manager is hereby authorized to appoint, in accordance with the applicable provisions of the Modesto Municipal Code and Personnel Rules and within the limits of funds budgeted therefor, any person to a position in a class for which he is the appointing authority and for which the salary is hereby provided, to designate the definite salary rate or salary step at which such person is appointed, and the salary so designated is hereby fixed as the salary of such employee for the position.

SECTION 25. SPECIAL SALARY RATES. The City Manager is further authorized, subject to budgetary appropriation control by the City Council, to fix the salary range or rate for part-time, hourly or special positions in the Unclassified Service for which the City Manager is the appointing authority and which are not designated herein.

SECTION 26. PART-TIME EMPLOYMENT. Employees appointed to any of the positions referred to herein who, with the approval of the City Manager, regularly work less hours per week than established for their class by rule 13.1 of the Personnel Rules, shall be paid in approximate proportion of the time worked.

SECTION 27. REPEAL. Resolution No. 2005-307 is hereby rescinded effective

December 5, 2005 and Resolution No. 2003-330 is hereby rescinded effective December 26, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, O'Bryant, Mayor Ridenour

NOES: Councilmembers: Keating

ABSENT: Councilmembers: Jackman, Marsh

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-603**

**A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2003-331 WHICH ESTABLISHED THE CLASS RANGE TABLE FOR UNREPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES EFFECTIVE JUNE 24, 2003, TO AMEND SAID CLASS RANGE TABLE EFFECTIVE DECEMBER 27, 2005, AND AMENDING THE CLASS RANGE TABLES FOR UNREPRESENTED POLICE MANAGEMENT, UNREPRESENTED FIRE MANAGEMENT, AND EXECUTIVES, INCLUDING CHARTER OFFICERS EFFECTIVE DECEMBER 27, 2005**

BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMENDMENT TO RESOLUTION NO. 2003-331. Exhibit "A" entitled "City of Modesto, Class Range Table, Unrepresented Management and Confidential Non-Sworn Classes, Effective June 24, 2003," attached to Resolution No. 2003-331, is hereby amended as shown on the amended Exhibit "A" entitled, "City of Modesto, Class Range Table, Unrepresented Management and Confidential Non-Sworn Classes, Effective December 27, 2005," which is attached hereto and made a part hereof as though set forth in full herein.

SECTION 2. AMEND CLASS RANGE TABLES FOR UNREPRESENTED POLICE MANAGEMENT, UNREPRESENTED FIRE MANAGEMENT AND EXECUTIVES, INCLUDING CHARTER OFFICERS. The Class Range Tables for Unrepresented Police Management, Unrepresented Fire Management and Executives, including Charter Officers adopted by Resolution No. 2003-330, and rescinded by Resolution No. 2005-602 on December 6, 2005, are hereby adopted as amended effective December 27, 2005. Said Class Range Tables are attached hereto and made a part hereof as though set forth herein as follows:

- Exhibit "B" entitled "City of Modesto, Class Range Table, Fire Management Classes, Modesto, Effective December 27, 2005"
- Exhibit "C" entitled "City of Modesto, Class Range Table, Executive Management, Effective December 27, 2005"
- Exhibit "D" entitled "City of Modesto, Class Range Table, Police Management Classes (Unrepresented), Effective December 27, 2005"

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after December 27, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, O'Bryant, Mayor Ridenour  
 NOES: Councilmembers: Keating  
 ABSENT: Councilmembers: Jackman, Marsh

Attest: Jean Zahr  
 JEAN ZAHR City Clerk

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-604**

**A RESOLUTION AMENDING THE CITY CONTRIBUTION AND THE  
MANDATORY EMPLOYEE CONTRIBUTION FOR ALL MONEY PURCHASE  
PLAN PARTICIPANTS EFFECTIVE JANUARY 1, 2006 AND AUTHORIZING  
THE RISK MANAGER TO COORDINATE REQUIRED AMENDMENTS TO  
THE VARIOUS MONEY PURCHASE PLAN DOCUMENTS**

WHEREAS, by Resolution No. 2000-274 which became effective June 6, 2000, the City Council authorized the establishment of a Money Purchase Plan for the benefit of the City Manager. On June 11, 2002, by Council Resolution No. 2002-307, the City Council authorized the establishment of additional plans to cover Fire Battalion Chiefs, Fire Division Chiefs, Police Captains, Executives and all Charter Officers. On November 26, 2002 by Council Resolution No. 2002-576, the City Council authorized the inclusion of unrepresented non-sworn Management and Confidential employees in the Money Purchase Plan, and

WHEREAS, Council Resolution No. 2002-307 established the City-paid contribution level for each category and Resolution Nos. 2002-573, 2002-574 and 2002-575 established three distinct plans to recognize each level of contribution, and

WHEREAS, Resolution No. 2002-576 established the mandatory employee contribution for each plan, requiring that employees in each plan contribute an amount equal to the City-paid contribution, said contributions being 4% for Charter Officers, 2% for Executives (other than Charter Officers), and 1% for unrepresented Management and Confidential employees (including Fire Battalion Chiefs, Fire Division Chiefs and Police Captains, as well as other non-sworn classifications), effective January 1, 2003, and

WHEREAS, Council desires to increase both the City-paid contribution and the mandatory employee contribution by 1% for each plan, effective January 1, 2006.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Resolution No. 2002-576 pertaining to three distinct Money Purchase Plans is hereby amended to provide the following City-paid contributions and equal mandatory employee contributions, effective January 1, 2006: Plan Account No. 107645 for Charter Officers 5%, Plan Account No. 108063 for Executives (other than Charter Officers) 3%, Plan Account No. 108215 for other Unrepresented Management and Confidential employees (both sworn and non-sworn) 2%.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Risk Manager is hereby authorized to coordinate required amendments to the various Money Purchase Plan Documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 6th day of December 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-605**

**A RESOLUTION AMENDING THE FISCAL YEAR 05-06 OPERATING  
BUDGET TO TRANSFER \$124,000 FROM 0100-800-8000-8003, GENERAL  
FUND RESERVE, AND \$19,300 FROM OTHER FUND RESERVES, TO  
VARIOUS SALARY AND BENEFIT ACCOUNTS TO PROVIDE FUNDING FOR  
SALARY AND BENEFIT CHANGES FOR UNREPRESENTED MANAGEMENT  
AND CONFIDENTIAL EMPLOYEES**

WHEREAS, by Resolution No. 2005-308, the City Council previously authorized an amendment to the Fiscal Year 2005-06 Operating Budget to transfer \$17,500 from the General Fund Reserve and \$8,500 from other Fund reserves to various health benefit accounts. This funding was for Unrepresented Management and Confidential employees' health benefit changes, including Charter Officers and Executives, and

WHEREAS, the City Council desires to make additional salary and benefit changes for unrepresented Management and Confidential employees, including Charter Officers and Executives, and

WHEREAS, the FY 05-06 costs associated with these increases are estimated at \$178,000, effective December 6, 2005, and

WHEREAS, \$143,300 of these increased expenditures have not yet been budgeted,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2005-06 Operating Budget is hereby amended to transfer \$124,000 from 0100-800-8000-8003, the General Fund Reserve, and \$19,300 from other Fund reserves to various salary and benefit accounts, to fund said salary and benefit changes for unrepresented Management and Confidential employees, including Charter officers and Executives.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-606**

**A RESOLUTION APPOINTING TONYA HALVORSON TO THE  
BOARD OF DIRECTORS OF THE DOWNTOWN IMPROVEMENT  
DISTRICT ADVISORY BOARD**

WHEREAS, there currently is one vacancy on the Board of Directors of the Downtown Improvement District Advisory Board.

WHEREAS, the Board of Directors voted to recommend to the Modesto City Council that Tonya Halvorson be appointed to fill the existing vacancy.

WHEREAS, the Downtown Improvement District was formed under the Modesto Municipal Code, Chapter 3, Business Improvement Area A.

WHEREAS, under the guidelines, the Downtown Improvement District sends applications to business owners within the Downtown Improvement District boundaries and after verifying applicants meet the necessary qualifications, makes a recommendation to the Mayor and Council.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that the Modesto City Council accepts the recommendation of the Downtown Improvement District Advisory Board and appoints Tonya Halvorson to the Downtown Improvement District Advisory Board.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of December 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-607**

**A RESOLUTION APPROVING AN EXCEPTION TO CITY OF  
MODESTO DOWNTOWN SIDEWALK STANDARDS FOR THE STATE  
THEATER PROJECT ON J STREET**

WHEREAS, on December 6, 2005, City staff noticed that a travel lane on J Street by the State Theater had been closed with inadequate traffic control, which created an unsafe situation. Therefore, staff stopped their work, and

WHEREAS, Mr. Ted Grandvold, the architect for the State Theater project, contacted the Downtown Improvement District and got approval on the specific design for the sidewalk, and

WHEREAS, this information was then relayed to the City Manager, and in the interest of public safety, because the sidewalk was already ground down, the City Manager approved the modified design in concept and allowed the contractor to proceed with the work, and

WHEREAS, Section 3.07(C) of the adopted Downtown Sidewalk Standards require:

“Any proposed changes to this pattern or substitution of materials shall be considered on a case-by-case basis. The Downtown Improvement District Board of Directors (DID) will provide the initial review and recommendation to the City Council. The City Engineer will also make a recommendation for DID and City Council consideration. The City Council will then approve or deny the proposed change with appropriate modifications.”

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an exception to City of Modesto Downtown Sidewalk Standard Section 3.07(C), Sidewalks, Curbs, and Gutters.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of December 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AUTHORIZING THE SELECTION OF CONSULTANTS FOR  
THE PREPARATION OF FACILITIES MASTER PLANS AND  
INFRASTRUCTURE FINANCE PLANS**

WHEREAS, the City has adopted specific plan guidelines to implement the goals and policies of the General Plan, and

WHEREAS, it is the intent of the specific plan process to provide standards for development at a more focused level of detail, and

WHEREAS, these specific plans then become the basis for the formulation of the Infrastructure Finance Plans and Facilities Master Plans, and

WHEREAS, the City Council authorized the issuance of a Request for Qualifications to address qualifications of consultants who will assist the City in developing Facilities Master Plans and Infrastructure Finance Plans, and

WHEREAS, in March 2005, staff interviewed five firms and selected Harris and Associates and Muni Financial for a term of three to five years, and

WHEREAS, Harris and Associates and Muni Financial both demonstrated their ability to prepare Facilities Master Plans and Infrastructure Finance Plans within the existing framework of the City's organization, and

WHEREAS, the Economic Development Committee met on July 11, 2005, and supported the recommendation to retain these two firms on an on-call basis, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to retain Harris and Associates and Muni

Financial for consultant services for Facilities Master Plans and Infrastructure Finance Plans.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of December 2005, by Mayor Ridenour, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

BETWEEN THE CITY OF MODESTO AND THE MODESTO NUTS  
PROFESSIONAL BASEBALL CLUB AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AGREEMENT EXTENSION**

WHEREAS, the City owns, operates and manages John Thurman Field, a Class A professional baseball stadium, and

WHEREAS, on December 11, 2003, the City of Modesto and the Modesto A's Professional Baseball Club entered into a license agreement under authority of Resolution No. 2003-648 for the lease of John Thurman Field, and

WHEREAS, it is the desire of the City of Modesto to continue to lease John Thurman Field to the Modesto Nuts Professional Baseball Club, and

WHEREAS, it is the desire of the City to extend the license agreement with the Modesto Nuts Professional Baseball Club for one year commencing on January 1, 2006, and terminating on December 31, 2006, and

WHEREAS, at its December 5, 2005 meeting, the Safety and Communities Committee recommended to extend the license agreement with the Modesto Nuts Professional Baseball Club for one year,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves extending the license agreement with the Modesto Nuts Professional Baseball Club to lease John Thurman Field, for one year commencing on January 1, 2006, and terminating on December 31, 2006.

BE IT FURTHER RESOLVED that the execution of said agreement extension by the City Manager, or his designee, is hereby authorized.

**A RESOLUTION APPROVING AN AGREEMENT WITH EDAW, INC. TO  
PROVIDE PHASE I CONSTRUCTION DOCUMENTS, CONSTRUCTION  
OBSERVATION/ ADMINISTRATION AND PERMITTING SUPPORT FOR THE  
GATEWAY PARCEL OF THE TUOLUMNE RIVER REGIONAL PARK AT A  
COST NOT TO EXCEED \$398,131, AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, in 2003, the City of Modesto, as Lead Agency of the Tuolumne River Regional Park Joint Powers Authority, accepted the recommendation of the TRRP Commission and approved the development of Precise Plan and Construction Documentation to be completed by one firm, and

WHEREAS, after an RFP process, it was determined that EDAW, Inc. was the most qualified to complete these projects, and

WHEREAS, EDAW, Inc. has completed the Precise Plan and Initial Study, and is now prepared to complete the Construction Documentation for Phase I, and

WHEREAS, the Tuolumne River Regional Park (TRRP) Precise Plan and Initial Study were completed in August of 2005 as a Subsequent Project to the TRRP Master Plan and MEIR, and

WHEREAS, these documents, all of the supporting documentation, comments received by the public during the public review period and Responses to Comments were presented to the Modesto City Council, and discussed in a public hearing on September 13, 2005, and

WHEREAS, the Tuolumne River Regional Park Commission met on October 12, 2005, and recommended the acceptance of a proposal from EDAW, Inc. to provide Phase I Construction Documents, Construction Observation/Administration and Permitting

Support for the Gateway Parcel of the Tuolumne River Regional Park in the amount of \$398,131, and funding for staff time in the amount of \$40,000 for a total of \$438,131,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an agreement with EDAW, Inc. to provide Phase I Construction Documents, Construction Observation/Administration and Permitting Support for the Gateway Parcel of the Tuolumne River Regional Park in the amount of \$398,131.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-615**

**A RESOLUTION APPROVING THE FINAL MAP OF OAKDALE PARK  
SUBDIVISION IN THE VILLAGE ONE SPECIFIC PLAN AREA OF THE CITY  
OF MODESTO**

WHEREAS, PPC OAKDALE PARK LLC, a California Limited Liability, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 2.22 acres, known as OAKDALE PARK (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 18th day of October, 2005, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for public streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider

has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of December 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-616**

**A RESOLUTION APPROVING A THIRD AMENDMENT TO THE  
AGREEMENT TO CONSTRUCT NECESSARY INFRASTRUCTURE BETWEEN  
THE CITY AND DEL VALLE CAPITAL CORPORATION, INC. (DEL VALLE)  
TO AUTHORIZE FINAL INSPECTION AND OCCUPANCY PERMITS FOR UP  
TO 73 ADDITIONAL HOMES IN THE GALAS BROTHERS UNIT NO. 1 AND  
UNIT NO. 2 SUBDIVISIONS, AND AUTHORIZING THE CITY MANAGER, OR  
HIS DESIGNEE, TO EXECUTE THE THIRD AMENDMENT TO THE  
AGREEMENT**

WHEREAS, the City entered into an agreement with Del Valle on December 23, 2003, which required Del Valle to complete necessary infrastructure prior to final inspection or occupancy of any home within the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions (“Del Valle Agreement”), and

WHEREAS, due to unforeseen circumstances, Del Valle was unable to complete the necessary infrastructure improvements for the water system within the original time frames, and

WHEREAS, this delay impacted Del Valle’s ability to meet contractual obligations with developers, and

WHEREAS, Del Valle met with City staff to determine if interim steps could be taken to develop additional sources of water to allow for a certain number of homes to be occupied, and

WHEREAS, on January 25, 2005, by Resolution 2005-66, Council approved an Amendment to the Del Valle Agreement (“Amendment”) to allow for phasing in of water infrastructure associated with the Del Valle project in order to provide occupancy of up to 108 single-family residences prior to final infrastructure completion, and

WHEREAS, the Amendment also authorized the Director to allow occupancy of up to 50 additional homes if the Director determined that sufficient action had been taken to augment the water supply to serve the Del Valle project and there was sufficient water supply available to serve the West Modesto area, and

WHEREAS, as of September 21, 2005, the 108 homes authorized under the Amendment were constructed and permitted for occupancy, and

WHEREAS, West Yost & Associates (WYA) issued a Technical Memorandum – Phase 1 Study that concluded the City’s water system could not meet the minimum standards during high demand periods to existing or new customers without construction of additional infrastructure improvements in South Modesto, and

WHEREAS, based on information provided in the Phase 1 Study, a preliminary cost estimate of additional infrastructure improvements was determined to be up to, but not to exceed, \$1.5 million, and

WHEREAS, on September 30, 2005, the Acting Public Works Director authorized occupancy permits for 50 additional units within the Galas Brothers subdivisions, pursuant to an agreement with Del Valle, D.R. Horton and Pulte Home Corporation (Del Valle/Developers) who agreed to pay up to \$1,250,000 toward the interim water infrastructure improvements necessary to support these units and provided \$1 million as a deposit toward their funding obligation, and

WHEREAS, on October 17, 2005, WYA issued a draft supplemental – Phase 2 Study, amended on November 7, 2005, which identified the necessary Interim Water Improvements to guarantee adequate water supply to the requested 216 units [108 (Jan. 25, 2005) + 50 (Sep. 30, 2005) + 58 (Nov. 9, 2005)], and

WHEREAS, the current estimate for these necessary water system improvements identified in the Phase 2 Study, as amended, was \$1.492 million, and

WHEREAS, on November 9, 2005, by Resolution 2005-560, Council approved the Second Amendment to the Del Valle Agreement with the City authorizing final inspection and occupancy permits for up to 58 additional homes, and

WHEREAS, this Second Amendment also incorporated the September 30, 2005 Agreement regarding the Funding and Construction of Certain Interim Water Improvements in Return for City's Issuance of Certain Permits between the City, Del Valle Corporation, D.R. Horton, Inc., and Pulte Home Corporation ("Interim Water Improvements Agreement"), and

WHEREAS, an additional requirement of the Second Amendment was for Del Valle/Developers to deposit with the City \$242,000 for estimated project costs exceeding \$1.25 million within ten (10) calendar days after approval of the Second Amendment and before release of the 58 additional homes for occupancy, and

WHEREAS, City has received these funds and the 58 additional homes have been released for occupancy, and

WHEREAS, at the November 9, 2005 Council meeting, Council directed staff to enter into an agreement with West Yost Associates, at the expense of Del Valle/Developers, to conduct an additional capacity analysis to determine whether the remaining 166 units in the Subdivision could be served with water ("Phase 3 Study"), and

WHEREAS, the Phase 3 Study's results indicated the remaining 166 units could be served with water based on construction of the interim improvements described in the Second Amendment, and

WHEREAS, there are other required subdivision infrastructure improvements besides water facilities that are not yet complete, and

WHEREAS, after discussions with Del Valle/Developers, staff recommended the release of occupancies for an additional 73 homes and the withholding occupancies of the remaining balance of the 166 homes to provide the security needed to insure timely completion of remaining infrastructure.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the Third Amendment to the Agreement between the City and Del Valle Capital Corporation, Inc. to authorize final inspection and occupancy permits for up to 73 additional homes in the Galas Brothers Unit No. 1 and Unit No. 2 Subdivisions .

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Third Amendment to the Agreement.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 14<sup>th</sup> day of December 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION OF THE COUNCIL OF THE CITY OF MODESTO  
CONFIRMING THE CANVASS OF THE SECOND REGULAR MUNICIPAL  
ELECTION WHICH WAS HELD IN THE CITY OF MODESTO ON DECEMBER  
13, 2005, AND DECLARING THE RESULTS OF SAID ELECTIONS FOR  
COUNCILMEMBERS (RUN-OFF ELECTION)**

WHEREAS, the Charter of the City of Modesto provides that if no candidate for an elective office of the City receives a majority vote at a regular municipal election, a second Regular Municipal Election shall be held at which the two candidates receiving the highest number of votes at the first election shall have their names on the ballot for the election to the office, and

WHEREAS, at said Regular Municipal Election on November 9, 2005 a majority vote was not cast for Councilmember for Chair 4 to the City Council nor for Councilmember for Chair No. 5, and

WHEREAS, the two candidates receiving the highest number of votes for Councilmember Chair No. 4, Dave Lopez and Will O'Bryant, and the two candidates receiving the highest number of votes for Councilmember Chair No. 5, Denny Jackman and Kristin Olsen, would have their names on the ballot for a run-off election to be held on Tuesday, December 13, 2005, and

WHEREAS, the Second Regular Municipal Election was held by mail ballot in the City of Modesto on Tuesday, December 13, 2005, to elect a Councilmember to the Chair No. 4 and a Councilmember to Chair No. 5, as mentioned above, and said election was held in accordance with the with law and the proceedings of this Council, and the

votes thereat received and canvassed, and the returns thereof ascertained, determined and declared in all respects as required by law, and

WHEREAS, the City Clerk canvassed the returns of said Second Regular Municipal Election in accordance with law, and certified the results of the election to the Council by a Certificate of Canvass and Statement of Votes dated December 21, 2005, a copy of which is hereto marked EXHIBIT "A" and made a part hereof,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Said Canvass by the City Clerk as shown on said Certificate of Canvass and Statement of Votes and the results of the election are hereby ratified, confirmed and approved.

SECTION 2. That in accordance with Section 10264 of the Elections Code, a copy of said Certificate of Canvass and Statement of Votes, which is attached hereto marked as EXHIBIT "A" and made a part hereof, shows a complete tabulation of the following:

- (a) The whole number of votes cast in the city.
- (b) The names of the persons voted for.
- (c) The measures voted upon
- (d) For what office each person was voted for.
- (e) The number of votes given in the city for each person.

SECTION 3. That, at said Second Regular Municipal Election, held by mail ballot, the following named persons having received a majority of the votes cast for the elective offices, as designated on Exhibit "A", are hereby declared to be duly and regularly elected to such office; and, the City Clerk is hereby directed to issue a Certificate of Election to each of said persons, certifying her/her election to the office

appearing after his/her name, and to administer to each of said persons the oath of office prescribed by the Constitution and laws of the State of California, and the Charter of the City, to wit:

Will O'Bryant Councilmember, for a term of four years,  
Chair No. 4, Modesto City Council

Kristin Olsen Councilmember, for a term of four years,  
Chair No. 5, Modesto City Council

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 21<sup>st</sup> of December, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: Jackman, Marsh

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By:   
MICHAEL D. MILICH, City Attorney
