**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-011**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN (ANNEXATION No. 6)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax is higher in Tax Zone #2, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled “Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California” on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled “Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled “Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled “Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 91; the map entitled “Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled “Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and

Community Facilities Districts, at Page 99; and the map entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2.

SECTION 3. The territory proposed to be annexed to the District (the “Territory”) is described in **Exhibit A**.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110 and 3110.5 of the California Streets and Highways Code, including a reference to the title, book, page and recording date of the original boundary map of the District.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Creation of Tax Zone #2. . It is intended that the special taxes set forth in Tax Zone #2 be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, January 4, 2005, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and

not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant,  
Mayor Ridenour

**EXHIBIT A**  
**ANNEXATION NO. 6 TO**  
**COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)**

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-012**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 AND AMERICAN HOME BUILDERS, INC. FOR IMPROVEMENTS ON FLOYD AVENUE (PORTION OF ROSELLE TO MILLBROOK) AND ROSELLE AVENUE (PORTION OF FLOYD TO SYLVAN) AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No. 90020181), WITH AN ADDENDUM FOR THE SHADOW CREEK APARTMENTS MULTI-FAMILY FINAL DEVELOPMENT PLAN (EA/C&ED NO. 2004-20)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, American Home Builders, Inc. ("Developer") has agreed to install certain improvements on Floyd Avenue (portion of Roselle to Millbrook) and on Roselle Avenue (portion of Floyd to Sylvan), and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement ("agreement") between City of Modesto Community Facilities District No. 2004-1 and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$164,662.00, and

WHEREAS, the City Council has received and considered the Initial Study, Environmental Assessment No. EA/C&ED No. 2004-20, which concludes that Developer's project entitled Shadow Creek Apartments Multi-Family Final Development Plan, including the improvements for which the Developer will be reimbursed under the

proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), with an Addendum for the Shadow Creek Apartments Multi-Family Final Development Plan (EA/C&ED No. 2004-20), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and American Home Builders, Inc. ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or

a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
  - d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.
6. The Initial Study, Environmental Assessment EA/C&ED No. 2004-20, provides the substantial evidence to support findings 1-5, above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-013**

**A RESOLUTION APPROVING AN AMENDMENT TO THE CONTRACT FOR AUDIT SERVICES WITH MAZE & ASSOCIATES AT A COST NOT TO EXCEED \$5,263 FOR EXTRA 2004 AUDIT WORK, \$21,058 FOR EXTRA 2005 AUDIT WORK, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE CONTRACT AMENDMENT.**

WHEREAS, at its April 1, 2003, meeting the Modesto City Council adopted Resolution 2003-164 approving execution of a contract with Maze & Associates to perform the City's annual financial audits, and

WHEREAS, the City Manager executed said contract on behalf of the City of Modesto, and

WHEREAS, the audit firm was required as part of its work to perform additional work for the 2004 Single Audit that was outside the scope of the original contract, at a price not to exceed \$5,263, and

WHEREAS, it is anticipated that additional audit services will be required in Fiscal Year 2005 for two additional federal programs and for three additional Community Facilities Districts, at respective additional annual costs of \$10,852 and \$10,206, and

WHEREAS, the contract for these audit services requires Modesto City Council approval for such additional work, and

WHEREAS, at its November 22, 2004, meeting the Audit Committee recommended that the Council approve payment for the additional work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the contract for audit services with Maze & Associates, authorizing the additional work proposed, at a cost not to exceed \$5,263 for Fiscal Year 2004, and, \$21,058 for 2005.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute said contract amendment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF MODESTO AND TURNSTONE CONSULTING FOR PRELIMINARY WORK TO ASSIST IN THE PREPARATION OF AN ENVIRONMENTAL IMPACT REPORT FOR THE PROPOSED ROSELLE NEIGHBORHOOD SPECIFIC PLAN PROJECT/ VINTNERS SQUARE SHOPPING CENTER, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT IN AN AMOUNT NOT TO EXCEED \$68,839.00**

WHEREAS, Dave Romano, P.E./AICP, of Russell A. Newman P.L.C., has applied for a specific plan, referred to as the Roselle Neighborhood Specific Plan, to allow for the orderly and future development within the approximate 460-acre planning area bounded by Sylvan Avenue on the south, the extension of Claratina Avenue on the north, Roselle Avenue on the east and Oakdale Road on the west, and

WHEREAS, the Roselle Neighborhood Specific Plan will also involve the following associated entitlements: rezoning to a Specific Plan-Overlay (SP-O) zone; annexation; a general plan amendment to 1) reclassify Claratina Avenue from a 4-lane expressway to a 6-lane Principal Arterial, and 2) change the general plan land use designation from Village Residential (VR) to Regional Commercial (RC) for a 78 acre site located at the southeast corner of the future intersection of Claratina Avenue and Oakdale Road; preparation of a Facilities Master Plan and associated Finance plan, formation of a capital facilities district (CFD) and a conditional use permit for a 700,000 square foot regional commercial center, referred to as Vintners Square, on a 78 acre site located at the southeast corner of the future intersection of Claratina Avenue and Oakdale Road, and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for projects, and

WHEREAS, the City has determined that an environmental impact report is required for the proposed Roselle Neighborhood Specific Plan project and related applications, and

WHEREAS, by Resolution No. 2002-622, adopted on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Turnstone Consulting, to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Turnstone Consulting to prepare the environmental impact report for the Roselle Neighborhood Specific Plan because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, City Staff anticipates that the EIR work will involve two contract phases, the first phase being the current contract for preliminary work leading to the EIR in an amount not to exceed \$68,839, and

WHEREAS, City staff will be returning to Council for contract amendments for the second phase of work for preparation of the Draft EIR and Final EIR,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the City of Modesto and Turnstone Consulting for preliminary work to assist in the preparation of an environmental impact report for the proposed Roselle Neighborhood Specific Plan/Vintners Square Development is hereby approved in an amount not to exceed 68,839.00.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the Agreement.

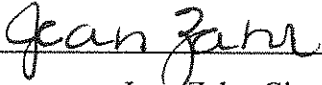

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-015**

**A RESOLUTION APPROVING THE ALLOCATION OF \$68,791 FROM FISCAL YEAR 2004-2005 HOME CHDO OPERATING FUND TO HABITAT FOR HUMANITY, STANISLAUS; APPROVING THE ALLOCATION OF \$206,372 FROM FISCAL YEAR 2004-2005 HOME CHDO SET-ASIDE FUND TO HABITAT FOR HUMANITY, STANISLAUS, PENDING STAFF AND THE CITIZENS HOUSING AND COMMUNITY DEVELOPMENT COMMITTEE'S APPROVAL OF THE REVISED PROPOSAL TO BE SUBMITTED BY HABITAT FOR HUMANITY, STANISLAUS.**

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development (HUD) based on the population size, number of households living below poverty level and number of sub-standard housing units; a percentage of the HOME Investment Partnership Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding; Community Housing Development Organizations (CHDO) funds can be allocated only to non-profit organizations that have been approved by the City of Modesto as CHDOs, and are active in Modesto and operating in compliance with the HOME regulations, and

WHEREAS, inasmuch as the federal HOME program provides these funds, all funding recipients will be governed by HOME regulations, and

WHEREAS, on October 26, 2004, by Resolution No. 2004-564, the Modesto City Council approved a loan of \$1,030,791 in HOME funds to the Housing Authority of Stanislaus County for the Village One project located at the corner of Belharbour and Roselle, and

WHEREAS, the Modesto City Council also authorized staff to send a letter to the three active and approved Community Housing Development Organizations (CHDOs)

and invite them to submit a letter of interest if they are interested to apply for these funds,  
and

WHEREAS, on October 28, 2004, a request for "Letters of Interest" was sent; Habitat for Humanity, Stanislaus, was the only CHDO who submitted a "Letter of Interest," and

WHEREAS, according to the "Letter of Interest," Habitat for Humanity will use the CHDO Operating Fund to fund the following eligible operational costs: organizational support, housing education, administrative expenses, and operating expenses, and

WHEREAS, in addition, Habitat for Humanity briefly listed one potential project for the CHDO Set-Aside Fund and has verbally discussed several other possibilities, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) met on December 17, 2004, and accepted staff's recommendation on the allocation of \$68,791 in CHDO Operating Fund to Habitat for Humanity, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) also accepted staff's recommendation to continue to work with Habitat for Humanity to clarify the proposed scope of the CHDO Set-Aside fund in the amount of \$206,372,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to allocate \$68,791 in Community Housing Development Organization (CHDO) Operating Fund to Habitat for Humanity, Stanislaus.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby authorizes staff to allocate \$206,372 in Community Housing Development Organization (CHDO) Set-Aside Fund to Habitat for Humanity, Stanislaus, if the revised proposal is in compliance with the HOME regulations, and staff and the CH&CDC approve the revised proposal.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-016**

**A RESOLUTION AMENDING THE FISCAL YEAR 2004-2005 OPERATING  
BUDGET TO REFLECT REVENUES AND APPROPRIATIONS FOR HOME  
FUND CARRYOVER AMOUNTS FROM PRIOR YEAR.**

WHEREAS, the City of Modesto receives annual entitlements from the U.S. Department of Housing and Urban Development (HUD) based on the population size, number of households living below poverty level and number of sub-standard housing units, and

WHEREAS, a percentage of the HOME Investment Partnership Program (HOME) entitlement plus estimated program income may be allocated for the purposes of providing assistance consistent with the functions of HOME funding; Community Housing Development Organizations (CHDO) funds can be allocated only to non-profit organizations that have been approved by the City of Modesto as CHDOs, and are active in Modesto and operating in compliance with the HOME regulations, and

WHEREAS, inasmuch as the federal HOME program provides these funds, all funding recipients will be governed by HOME regulations, and

WHEREAS, staff is recommending allocating \$68,791 in CHDO Operating Fund to Habitat for Humanity, and

WHEREAS, staff is recommending allocating \$206,372 from the HOME CHDO Set-Aside Fund to Habitat for Humanity, Stanislaus, pending staff and Citizens Housing and Community Development Committee's approval of the revised proposal to be submitted by Habitat for Humanity, Stanislaus, and

WHEREAS, the Community Housing and Development Committee (CH&CDC) met on December 17, 2004, and accepted staff's recommendations to allocate \$68,791 from the HOME CHDO Operating Fund to Habitat for Humanity, Stanislaus, and

WHEREAS, the CH&CDC also accepted staff's recommendations to continue to work with Habitat for Humanity to clarify the proposed scope of the CHDO Set-Aside fund in the amount of \$206,372, and

WHEREAS, funding is available from prior years' HOME Fund Carryover, and, in order to make these funds available, they need to be transferred into operating accounts, and

WHEREAS, these changes, and remaining prior years' carryover funds currently not allocated for any specific projects, are shown on **Exhibit "A"**, attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Fiscal Year 2004-2005 Operating Budget is hereby amended to reflect adjustments to the HOME Funds as indicated on Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-017**

**A RESOLUTION APPROVING A HOUSING MAINTENANCE PROGRAM (HMP) LOAN FROM MARY G. PEREZ, SECURED BY HER PROPERTY AT 1701 CONNIE WAY, MODESTO, IN THE AMOUNT OF \$117,075.10, WITH A 3%, 50-YEAR DEFERRED PAYMENT LOAN, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE AGREEMENT.**

WHEREAS, the City of Modesto has a Housing Maintenance Program (HMP) funded through Federal Community Development Block Grant (CDBG) and proceeds from previous loans, and

WHEREAS, the City Council must approve all loans under this program for over \$60,000, and

WHEREAS, staff recommends approving a loan to Mary G. Perez, secured by her property at 1701 Connie Way, Modesto, in the amount of \$117,075.10, with a 3%, 50-year deferred payment loan, and

WHEREAS, this property is located in the Airport Neighborhood which is a voluntary target area, and owners who wish to participate in our program undergo a housing inspection and if they wish to participate in our program, they are required to bring their home up to code, and

WHEREAS, the Housing Rehabilitation Loan Committee (HRLC) met on December 16, 2004, and supported and recommended the loan amount and terms,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the request for a Housing Maintenance Program (HMP) loan to Mary G. Perez, secured by her property at 1701 Connie Way, Modesto, in the amount of \$117,075.10.

BE IT FURTHER RESOLVED that the recommendation for terms of 3% for a 50-year deferred payment loan is hereby approved.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-018**

**A RESOLUTION APPROVING THE AWARD OF A PROFESSIONAL SERVICES AGREEMENT TO BROWN AND CALDWELL, FOR \$548,922 TO COMPLETE DESIGN SERVICES FOR THE DISSOLVED AIR FLOTATION FACILITY PROJECT, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto operates and maintains a secondary treatment system at 7007 Jennings Road, and

WHEREAS, during the late fall, winter, and early spring months discharge to the San Joaquin River is allowed if the treated wastewater is of adequate quality, and

WHEREAS, the Dissolved Air Flotation (DAF) clarifier is the technology chosen to resolve effluent disposal limitations, and

WHEREAS, City Administrative Directive 3.1 was followed to select a professional engineering design consultant, and

WHEREAS, following a Request for Qualifications for engineering design services, which was sent to approximately one hundred and twenty-three (123) engineering firms, seven Statements of Qualifications were received, and four firms were short listed for Proposals and Interviews, and

WHEREAS, Brown and Caldwell was deemed most qualified and was selected for engineering design services for the DAF project, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with Brown and Caldwell to complete the Design Services for the Dissolved Air Flotation Facility in an amount not to exceed \$548,922,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Brown and Caldwell to complete the Design Services for the Dissolved Air Flotation Facility in an amount not to exceed \$548,922,

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 - 024**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR PROPOSALS (RFP) FOR  
ARMED/UNIFORMED SECURITY GUARD SERVICES FOR AN INITIAL TWO  
YEAR PERIOD, WITH THREE (3), ONE-YEAR CONTRACT EXTENSION  
OPTIONS FOR AN ESTIMATED ANNUAL COST OF \$425,000**

WHEREAS, the Public Works Department, Modesto City- County Airport, and the Parks, Recreation, and Neighborhoods Departments have requested the purchase of armed/uniformed security guard services for an initial two-years, with three one-year contract extension options for an estimate annual fiscal year total cost of \$425,000, and

WHEREAS, armed/uniformed security guard services are used at the following locations: Wastewater Treatment Plant (WQC, Sutter Avenue Facility, Transportation Center, Modesto City- County Airport, Bus Yard Facility, Amtrak Station, 1010 10<sup>TH</sup> Street (TSP), 9<sup>TH</sup>, 10<sup>TH</sup> and 11<sup>th</sup> Street Parking Garages, American Legion Hall, and other locations as needed, and

WHEREAS, uniformed security guards at the Water Quality Control Plant ensure enforcement of “no trespassing” and “authorized personnel” only policies, provide for additional safety and security for shift operators, provide greater security of critical areas such as the main building which houses wastewater operations, the laboratory and industrial waste buildings and at the two maintenance shops and the administration buildings, and

WHEREAS, these buildings contain equipment that is critical to the successful operation of the Wastewater facility, and

WHEREAS, uniformed security guard service at the Transportation Centers helps deter vandalism and break-ins at the transportation center, and

WHEREAS, the security guard firm provides a first response to security alarm calls, thereby saving the Police Department from having to investigate what often turn out to be false alarms, and

WHEREAS, from it's opening, the Transportation Center Transit office contracted with the Modesto Police Department for security support during the peak mid-day /afternoon travel period; later, with a growth in transit ridership, similar security support using a less expensive guard service was added during the morning period, and

WHEREAS, this service has reduced the number of rider and vandalism incidents previously experienced during the early and mid morning periods, and

WHEREAS, in addition, during the late night period when the City and County transit operations are closed, security guard service is shared with the 9<sup>th</sup> Street garage, and

WHEREAS, the assigned guard makes periodic walking patrols throughout the Transportation Center grounds and buildings, and

WHEREAS, this service also supports, Greyhound's 24 hours, seven days a week bus operations, and

WHEREAS, uniformed security guards service at the Modesto-County Airport patrol in the parking lots, building areas of the air carrier, general aviation sides of the airport, and perimeter fencing areas, and

WHEREAS, additionally, the guard patrols the passenger terminal including visual observation of the aircraft and aircraft parking aprons on both sides of the airport, and

WHEREAS, the Bus Maintenance facility requires armed uniformed security guard services to provide security to employees collecting the money received from bus fares, and

WHEREAS, when buses return to the yard in the evening, fare boxes are removed from the buses and the resulting tickets and cash receipts are consolidated, with cash and coins, and then delivered to the bank, and

WHEREAS, having an on-site armed-security guard during this transfer period is a positive and widely accepted business practice in the transit industry, and to date, there has been no security incident with this critical operation, and

WHEREAS, uniformed security guards at the Amtrak Station will provide enforcement of the no loitering laws and added security to the Amtrak Station, and

WHEREAS, based on its remote location and early security issues that occurred at the station after opening in 1999, two types of security guard service have proved to be an effective and efficient use of resources, and earlier problems with vehicles break-ins and vandalism have been significantly reduced after this service was added, and

WHEREAS, during peak holiday travel periods (Christmas/New Year, Thanksgiving, Memorial Day, 4<sup>th</sup> of July, and Labor Day, on site guard services are provided from station closing (10:00P.M.) to station opening (7:00 A.M.), and

WHEREAS, for other times of the year when the station is closed, a “pass through” patrol made 4 to 5 unscheduled vehicle and walking passes through the station, and

WHEREAS, the Federal Transit Administration requires transit agencies to spend a minimum of 1% of their annual FTA allocation on security projects, and

WHEREAS, the amount spent annually for FTA allocation is \$33,620.00 or 1%, and if the City does not meet this requirement, it must formally certify that there is no need for transit security, and

WHEREAS, a portion of the rent paid by the County and Greyhound for use of the Transportation Center is used to offset City-provided security guard services at the Transportation Center, and

WHEREAS, uniformed security guard service at 1010 Tenth Street (TSP) performs many functions, from escorting City employees to their cars after hours to patrolling the plaza during the evenings and weekends, monitoring visitors in the lobby, and monitoring cameras mounted inside and outside the building and garage, and

WHEREAS, security guards carry police radios to expedite MPD responses to an emergency in the plaza or building, and

WHEREAS, another function of the security guards service is to monitor the police or sheriff officer assigned to the chamber during City Council and County Supervisors meetings, and

WHEREAS, guards patrol our building and plaza to ensure we are working in a safe and protected environment, and

WHEREAS, they help with the removal of citizens who are panhandling or are a disruptive influence in the Plaza, and

WHEREAS, the 9<sup>th</sup> Street Parking Garage uniformed security guard service provides a roving patrol officer who monitors activity in the parking garage, and

WHEREAS, this officer interacts with customers, parking garage attendants, other security officers and MPD as necessary, and

WHEREAS, uniformed security guards are responsible for conducting continuous rounds and inspections of the parking garage during prescribed hours, and communicating with others members of the security team and MPD as necessary, and

WHEREAS, uniformed security guard services at the 10<sup>th</sup> and 11<sup>th</sup> Street parking garages provide the downtown parking garages with a roving patrol officer who monitors activity in the parking garages, and

WHEREAS, this officer interacts with customers, parking garage attendants and MPD as necessary, and

WHEREAS, uniformed security guards will be required at the American Legion Hall on an as needed basis, and

WHEREAS, the Hall is rented every weekend, and depending on the size of the group renting the hall, security guards needed may vary from two (2) to eight (8) security guards, and

WHEREAS, the Parks, Recreation and Neighborhoods (PR&N) Department requires renters at American Legion Hall to provide security guards for their events in a number determined by the Modesto Police Department on an event-by-event basis, and

WHEREAS, currently, the renters contract directly with the guard services, so there are no expenditures or revenues to Parks, Recreation, and Neighborhoods Department, and

WHEREAS, when the contract services are awarded, PR&N will establish expenditures and revenues lines and will estimate both at that time, and

WHEREAS, by soliciting formal proposals for armed/uniformed security guard services, the Finance Department, Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Proposals for armed/uniformed security guard services for an initial two-year period, with three one-year contract extension options for an estimated annual cost of \$425,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal proposals for the purchase of armed/uniformed security guard services to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, a committee comprised of representatives from various different City departments, along with a Councilmember observer, will evaluate the proposals based on criteria other than cost. The committee will make a recommendation to award based on the highest ranking in the total evaluation criteria. The recommendation to award will then be submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**CITY OF MODESTO  
RESOLUTION NO. 2005 - 026**

**A RESOLUTION APPROVING THE DEVELOPMENT PROCESS  
IMPROVEMENT PROGRAM ACTION PLAN FOR THE CITY OF MODESTO**

WHEREAS, in April of 2004 the City Manager initiated a Development Process Improvement Program in response to concerns raised by the City Council regarding the City's development review processes, and

WHEREAS, to facilitate the program an interdepartmental Process Improvement Task Force (PITF) was formed responsible for conducting a thorough evaluation of the current planning, building, engineering and landscape permit and plan approval processes, and

WHEREAS, this evaluation included reviewing the recommendations and actions taken in response to the Citygate Performance Review completed for the Planning and Building Divisions in 2001, completing detailed process mapping for all departments, conducting a storm water plan and inspection case study with Building and Public Works, distributing a customer survey to past clients, completing an initial evaluation of planning entitlement building permit processes, and presenting three detailed case studies to the Ad Hoc Development Review Task Force, and

WHEREAS, on October 11, 2004, the PITF made a presentation to the Economic Development Committee on the Task Force's preliminary findings and conclusions, which identified the need to: enhance processes, systems and technology for more effective communication, coordination and decision-making; centralize information through the use of technology to track parallel activities and plan checks; establish uniform policies for application of standard specifications; standardize all application and

plan submittal requirements, and improve interdepartmental project condition referral and implementation processes; and

WHEREAS, to guarantee results from this effort over the long term, the PITF has developed an overall Action Plan (**Exhibit "A"**), which identifies deliverables that can be completed with existing staff resources within the current fiscal year and deliverables deferred to FY 05/06 that will require commitment of additional resources, and

WHEREAS, the PITF is requesting City Council approval of the proposed Action Plan to ensure staff is implementing measures consistent with Council expectations and policy, and

WHEREAS, at their meeting of December 13, 2004, the Economic Development Committee approved the proposed Action Plan and recommended forwarding it on to the full Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that the Development Process Improvement Program Action Plan, a copy of which is attached as Exhibit "A", is hereby approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 4<sup>th</sup> day of January, 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**City of Modesto**  
**Development Process Improvement Program Action Plan**  
**January 4, 2005**

**Mission**

To increase the productivity, effectiveness and customer service quality of the City's Development Review Process by enhancing communication and collaboration between City departments"

**Process Improvement Activities to Date**

- Formed **Process Improvement Task Force**, conducted weekly meetings since June 2004 to provide forum for interdepartmental communication and problem solving on agency-wide application processing issues.
- First meeting of **Interdepartmental Project Team** held on November 15, 2004 for large-scale specific plans and master plans.
- Formed **City/County Development Process Review Team**, conducting twice monthly meetings since September 24, 2004.
- Participated in the **Ad Hoc Development Review Task Force**, including presenting three detailed case studies to the task force and received input on system enhancements.
- Conducted storm water plan and inspection case study with Building and PW.
- Completed process mapping for all departments.
- Distributed customer survey.
- Completed initial evaluation of building permit process.

**FY 04-05 Action Plan (based on use of existing resources, unless noted otherwise)**

- **Improve Project Tracking Processes:** enhance interdepartmental communication and coordination through the use of technology (Tidemark System upgrades) and ongoing quality management assessment. Finalize Process Maps for each component of the planning and plan check review and permit inspection processes. Proposed Tidemark enhancements include:
  - Setting up individual department single line activities for submittals and resubmittals to allow status reporting for each permit.
  - Expand use of, and training for, Tidemark by all staff involved in development review process.
  - Attachment of individual department plan review comments and notes to single permit file to facilitate interdepartmental plan/permit tracking and communication and to provide a quality and consistent overall plan review.
- **Improve Building Plan and Permit Intake Process:** maximize use of the "One-Stop Shop"; determine feasibility of Building intake of PW, Fire and PR&N plans and permits at CEDD counter.
- **Revise Building and Planning Application and Plan Forms and Submittal Requirements:** consolidate department submittal requirements; strengthen submittal requirements to minimize requests for additional information or studies later in the review process.
- **Reorganize the Development Review Team (may require additional PW staff):** make the development review process more transparent and predictable by requiring specific deadlines for submittal of conditions; clarifying standard conditions and specifications; establishing a process for rapid issue resolution; empowering staff assigned to DRT to make decisions; forwarding draft conditions to applicant for review; and including the applicant in DRT review of final draft conditions.
- **Update and Revise Standard Conditions:** redraft application conditions so that sufficient detail is included to provide adequate guidance on who, what, where and how

conditions are to be implemented at the building permit, improvement plan and final map stages.

- **Mandatory Pre-application Conference:** institute mandatory pre-applications for certain classifications of Planning and Building projects.
- **Adopt Citywide Development Review Mission Statement and Goals:** enhance customer service and program effectiveness by adopting a citywide mission statement and goals, including effective performance measures; to ensure uniform and congruent departmental processing priorities and objectives, priorities and that these objectives are aligned with Council and management expectations
- **Reestablish the Construction Industry Liaison Committee:** improve communication between the City and building industry and facilitate public/private cooperation in the ongoing evaluation and improvement of the City's development review process.
- **Establish Development Center Website:** create a single portal on the City's Website to facilitate public access to all development related activities and information.
- **Improve the City/County Sphere of Influence Project Referral and Review Process:** conduct an interagency evaluation of current development standards, processes, regulations and fees; determine feasibility of adopting uniform development standards and guidelines for projects in the sphere of influence.

**FY 05-06 Action Plan (additional resources required)**

- **Ensure Effective Development Review Process Fiscal Administration:** annually review and make adjustments in cost-for-service fees (planning, engineering, building), improve project cost accounting system, including financial reporting to applicants on time and material projects.
- **Strengthen Customer Knowledge of City Development Review Process:** strengthen customer knowledge and understanding of, and changes in, the City's development permit process by developing flowcharts, brochures, and fact-sheets and distribution of newsletters, emails, bulletins, and flyers.
- **Improve Issue Resolution Process:** create a DRT organizational chart to assist applicants and staff in identifying who is responsible for resolving policy issues.
- **Establish Uniform Policies for Application of Standard Specifications:** create design exception process for application of City standard specifications to assist applicants and staff in resolving design disagreements.
- **Provide Customer Service Training for Staff:** design a customer service program specifically oriented to the development review process, focusing on the unique needs of the development community, particularly in regards to the time and cost associated with development projects.
- **Create a Development Review Process Interdepartmental Cross-training Program:** enhance City staff understanding of the overall permit process and their role and responsibilities through continuous cross training.
- **Enhance Staff Technical Skills:** to enhance service and effectiveness of staff provide continuous technical skills training.
- **Internet Applicant Project Tracking Program:** Provide applicants the ability to monitor project activity through use of Tidemark and the Internet.
- **Update Zoning Codes and Regulations:** update codes to reflect changes in City land use and building design.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005- 027**

**A RESOLUTION DECLARING THE CORNER OF ELM STREET AND  
ESCAMILLA AVENUE IN SALIDA, CALIFORNIA (ASSESSOR'S PARCEL  
NUMBER: 135-004-045) AS EXCESS LAND TO THE CITY'S NEEDS AND  
AUTHORIZING THE ACTING CITY MANAGER TO TAKE ALL  
APPROPRIATE ACTIONS TO COMPLETE THE SALE OF SAID PARCEL.**

WHEREAS, the City of Modesto currently owns a parcel of land at the corner of Elm Street and Escamilla Avenue in Salida, California which is more particularly described as Assessor's Parcel Number 135-004-045 and which is shown on the map in "EXHIBIT A" which is attached hereto and made a part herein by this reference, and

WHEREAS, said parcel was the site of a former City water well which has been sealed and abandoned and is now excess to the City's needs, and

WHEREAS, if the City retains this parcel, it must be maintained by the City at City expense.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby declares that the parcel at the corner of Elm Street and Escamilla Avenue in Salida, California which is more particularly described as Assessor's Parcel Number 135-004-045 is excess property to the City's needs.

BE IT FURTHER RESOLVED that the Acting City Manager is hereby authorized to take appropriate actions and execute all required documents to complete the sale and transfer of said parcel to qualified buyers in accordance with the Government Code of the State of California.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-028

**A RESOLUTION ESTABLISHING GUIDELINES FOR REDUCED RATES FOR LOW INCOME SENIOR CITIZENS AND LOW INCOME DISABLED PERSONS FOR METERED AND UNMETERED WATER SERVICES**

WHEREAS, Sections 11-1.07 and 11-1.10 of the Modesto Municipal Code authorize the Council, by resolution, to establish charges for metered and unmetered water services and other utility charges, and

WHEREAS, by Resolution No. 2004-267 adopted on November 23, 2004, and which became effective January 1, 2005, the City Council rescinded all previous water resolutions, established a single rate base, established fees for the provision of water, and all fees associated with water operations and management, and various other Council resolution establish rates for sewer, storm drain, and garbage service, and

WHEREAS, Section No. 11 of Resolution no. 2004-267 states that from time to time, by separate resolution the City may enact subsidies for certain categories of ratepayers, as the City Council may see fit, provided that the source(s) of funds to implement such subsidies are source(s) separate from the water enterprise fund,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. UTILITY DISCOUNTS FOR LOW INCOME SENIOR CITIZENS AND LOW INCOME DISABLED PERSONS. The following utility discount rates for low income senior citizens and low income disabled persons shall apply as follows:

<u>Annual Income Levels</u>	<u>Discount</u>
Up to \$18,200	25% for water, sewer, storm drain and garbage

**Program Requirements:**

- Be 60 yrs or older and meet income levels.
- Have a documented medical card coded for disability.
- Reside at the address receiving the discount.

Program participants will be re-certified every two-years for eligibility verifying eligibility with a birth certificate, proof of income, and Medicare card. Disabled citizens will verify eligibility with a medical card coded with a disability and must provide proof of income.

SECTION 2. This resolution shall become effective on and after January 11, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11<sup>th</sup> day of January, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-029**

**A RESOLUTION AUTHORIZING THE DONATION OF LAERDAL  
HEARTSTART 3000 DEFIBRILLATION EQUIPMENT, SUPPLIES, AND  
TRAINING EQUIPMENT TO MEDICAL AMBASSADORS INTERNATIONAL.**

WHEREAS, in 1994 the Modesto Firefighters recognized the need for defibrillator units on first responder fire apparatus, and

WHEREAS, the defibrillator units could be used to shock the heart back into a normal rhythm, and

WHEREAS, due to lack of department funding at that time, Modesto firefighters reached out to the community for assistance in funding this need, and

WHEREAS, a non-profit status was obtained and a Community Checking account was opened under the name of "Firefighters Emergency Medical Services" with Modesto Banking Company, and

WHEREAS, a total of 80 businesses and individuals donated \$98,000.00, and

WHEREAS, fifteen (15) defibrillators and related accessories were purchased and the Fire Department's defibrillation program began, and

WHEREAS, in June 2004, the Hearstart 3000 equipment was replaced with updated defibrillation equipment, and

WHEREAS, in order to maintain the spirit of the donations received, it is requested that the equipment be donated to an organization that it could most useful to,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the donation of the Heartstart 3000 defibrillator equipment, supplies and training equipment to Medical Ambassadors International.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-30**

**A RESOLUTION APPROVING A GRANT APPLICATION FOR \$1 MILLION IN THE URBAN STREAMS RESTORATION PROGRAM UNDER THE STATE OF CALIFORNIA'S DEPARTMENT OF WATER RESOURCES FOR FISCAL YEAR 2004-2005.**

WHEREAS, the State of California has made funding available through the Department of Water Resource's Urban Streams Restoration Program for Fiscal Year 2004-2005, and

WHEREAS, development of the Tuolumne River Regional River Gateway Project (the "Project") is consistent with the Urban Streams Restoration program under the State Of California's Department of Water Resources programs, and

WHEREAS, said procedures established by the State of California's Water Resources Department require the applicant's governing body to certify by resolution the approval of the applicants before submission of said application to the State, and

WHEREAS, the applicant will enter into a contract with the State of California for the Project, and

WHEREAS, on December 12, 2001, by Resolution No. 2001-663, the Council of the City of Modesto certified the Tuolumne River Regional Park Master Environmental Impact Report (SCH# 2000022028), adopted a Statement of Findings of Fact and Overriding Considerations, adopted a Mitigation Monitoring Program, and directed staff to file a Notice of Determination,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for \$1,000,000 in local assistance funds from the State of California's Department of Water Resources

through the Urban Streams Restoration Project for Fiscal Year 2004-2005;  
and

2. Certifies that the application has or will have sufficient funds to operate and maintain the Project; and
3. Certifies that the applicant has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Procedural Guide; and
4. Appoints the Parks Planning and Development Manager as Project Manager; and
5. Authorizes the Acting City Manager, or his designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to, applications, agreements, payment requests and so on, which may be necessary for the completion of the Project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-031**

**A RESOLUTION APPROVING A CONTRACT FOR \$58,960 WITH  
COTTON/BRIDGES/ASSOCIATES TO PROVIDE SERVICES TO PREPARE  
THE CITY OF MODESTO'S FIVE-YEAR CONSOLIDATED PLAN (2005-2010)  
AND ANALYSIS OF IMPEDIMENTS TO FAIR HOUSING UPDATE.**

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees to adopt a comprehensive, long-term plan for the expenditure of HUD funds (the Five-Year Consolidated Plan (CP)), and

WHEREAS, the CP analyzes the City's housing and community development needs, with a priority focus on low- and moderate-income individuals, households, and neighborhoods, and describes long-term strategies for meeting those needs, and

WHEREAS, in addition to the development of a broad policy framework, the Consolidated Plan also addresses how the City will utilize funding from three different entitlement grants to meet those needs: the Community Development Block Grant (CDBG); the HOME Investment Partnership Grant (HOME); and the Emergency Shelter Grant (ESG), and

WHEREAS, in general, these funds must be used to revitalize low-income neighborhoods, and to assist disadvantaged populations by providing adequate public facilities and services, generating affordable housing opportunities and implementing effective strategies to reduce and end homelessness, and

WHEREAS, citizen participation is a key component of the consolidated planning process, and the federal regulations implementing the three entitlement grants require that the City provide ample opportunity and means for the populations served by the grants, as well as the general citizenry, to provide input to the goals and priorities that should be

reflected in the plan, as well as the specific types of activities that will be funded development of its community, and

WHEREAS, HUD is committed to eliminating racial and ethnic segregation, illegal physical and other barriers to persons with disabilities and other discriminatory practices in housing, through the implementation of fair housing actions, and

WHEREAS, provisions to affirmatively further fair housing are principal and long-standing components of HUD's housing and community development programs, and

WHEREAS, these provisions come from the mandate of Section 808(e)(5) of the Fair Housing Act which requires the Secretary of HUD to administer the Department's housing and urban development programs in a manner to affirmatively further fair housing, and

WHEREAS, HUD requires grantees to conduct an analysis to identify impediments to fair housing choice within the jurisdiction, which should be done at least every 5 years, and

WHEREAS, the City's current Consolidated Plan was adopted in 2000 and the last Analysis of Impediments (AI) to Fair Housing was completed in 1996, and

WHEREAS, both documents are currently due and should be completed before the end of the 2004-2005 fiscal/program year, and

WHEREAS, on September 28, 2004, by Resolution 2004-406, the City Council authorized staff to solicit formal proposals for the Consolidated Plan and Analysis of Impediments, and

WHEREAS, during the first week of October 2004, the Requests for Proposals (RFP) were sent to 22 firms throughout California, with a due date for proposal on November 6, 2004, and no proposals were received, and

WHEREAS, staff revised the RFP timeline and searched the Internet for additional firms who conduct Consolidated Plan and Analysis to Impediments work, and sent the revised RFP to 35 firms, nation-wide, on November 10, 2004, and

WHEREAS, seven proposals were received by the due date of December 10, 2004, of which four proposals were from out-of-state and three from California, and

WHEREAS, on December 15, 2004, a committee consisting of Departmental staff met to review the proposals, and

WHEREAS, the Committee narrowed down the firm selection to two firms: Cotton/Bridges/Associates and Pacific Municipal Consultants, and

WHEREAS, following the selection of two firms, two members of the Citizens Housing and Community Development Committee (CH&CDC) read and discussed the proposals with staff; staff and the two committee members recommended Pacific Municipal Consultants as the top firm to provide the CP and AI work, and at the December 17, 2004, meeting, the CH&CDC agreed with the screening committee's recommendations, and

WHEREAS, after the CH&CDC meeting, staff discovered that Pacific Municipal Consultants was ineligible to enter into a CDBG-funded contract with the City of Modesto due to a "conflict of interest" issue; following the unforeseen ruling, staff contacted the members of CH&CDC by letter and informed them of a decision to move to the next firm on the short list of "Firms Selected as Potential Firms for CP and AI";

and Cotton/Bridges/Associates was the second firm on the "short list" of selected firms and has excellent qualifications and references, and

WHEREAS, staff is recommending allocating \$58,960 from Services, Professional & Other, to Cotton/Bridges/Associates to provide services to prepare the City of Modesto's Five-Year Consolidated Plan (2005-2010) and Analysis of Impediments to Fair Housing Update, and

WHEREAS, funding is available from CDBG funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an agreement with Cotton/Bridges/Associates to provide services to prepare the city of Modesto's Five-Year Consolidated Plan (2005-2010) and Analysis of Impediments to Fair Housing Update at a cost of \$58,960.

BE IT FURTHER RESOLVED by the City Council that the Acting City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AMENDING THE FISCAL YEAR 2004-2005 OPERATING BUDGET TO TRANSFER \$10,000 FROM 1130-320-3252-0181, SALARY ADJUSTMENT, TO 1130-320-3252-0235, SERVICES, PROFESSIONAL & OTHERS.**

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees to adopt a comprehensive, long-term plan for the expenditure of HUD funds (the Five-Year Consolidated Plan (CP)), and

WHEREAS, the CP analyzes the City's housing and community development needs, with a priority focus on low- and moderate-income individuals, households, and neighborhoods, and describes long-term strategies for meeting those needs, and

WHEREAS, in addition to the development of a broad policy framework, the Consolidated Plan also addresses how the City will utilize funding from three different entitlement grants to meet those needs: the Community Development Block Grant (CDBG); the HOME Investment Partnership Grant (HOME); and the Emergency Shelter Grant (ESG), and

WHEREAS, in general, these funds must be used to revitalize low-income neighborhoods, and to assist disadvantaged populations by providing adequate public facilities and services, generating affordable housing opportunities and implementing effective strategies to reduce and end homelessness, and

WHEREAS, citizen participation is a key component of the consolidated planning process, and the federal regulations implementing the three entitlement grants require that the City provide ample opportunity and means for the populations served by the grants, as well as the general citizenry, to provide input to the goals and priorities that should be

reflected in the plan, as well as the specific types of activities that will be funded development of its community, and

WHEREAS, HUD is committed to eliminating racial and ethnic segregation, illegal physical and other barriers to persons with disabilities and other discriminatory practices in housing, through the implementation of fair housing actions, and

WHEREAS, provisions to affirmatively further fair housing are principal and long-standing components of HUD's housing and community development programs, and

WHEREAS, these provisions come from the mandate of Section 808(e)(5) of the Fair Housing Act which requires the Secretary of HUD to administer the Department's housing and urban development programs in a manner to affirmatively further fair housing, and

WHEREAS, HUD requires grantees to conduct an analysis to identify impediments to fair housing choice within the jurisdiction, which should be done at least every 5 years, and

WHEREAS, the City's current Consolidated Plan was adopted in 2000 and the last Analysis of Impediments to Fair Housing was completed in 1996, and

WHEREAS, both documents are currently due and should be completed before the end of the 2004-2005 fiscal/program year, and

WHEREAS, staff is recommending allocating \$58,960 from Services, Professional & Other, to Cotton/Bridges/Associates to provide services to prepare the City of Modesto's Five-Year Consolidated Plan (2005-2010) and Analysis of Impediments to Fair Housing Update, and

WHEREAS, funding is available from CDBG salary adjustment, and

WHEREAS, in order to make these funds available to Cotton/Bridges/Associates, \$10,000 needs to be transferred into the Services, Professional & Others account,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the FY 2004-2005 operating budget to transfer \$10,000 from 1130-320-3252-0181, salary adjustment, to 1130-320-3252-0235, Services, Professional & Other to provide necessary funding for Cotton/Bridges/Associates to perform professional services relating to preparation of the City of Modesto's Five-Year Consolidated Plan (2005-2010) and Analysis of Impediments to Fair Housing Update.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-033**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN FOR  
THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the Acting City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specification for the following classification:

1. Firefighter/Firefighter Trainee

Said classification is being amended to revise the job specification to change the minimum age requirement.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after January 11, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

FIREFIGHTER  
FIREFIGHTER TRAINEE

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

DEFINITION

To respond to fire alarms, medical emergency and other calls to protect life and property; and to participate in fire prevention, training and station and equipment maintenance activities.

DISTINGUISHING CHARACTERISTICS

Firefighter Trainee - This is the entry level class in the Firefighter series. Employees at this level are not expected to perform with the same independence of direction and judgment on matters related to established procedures and guidelines as are positions allocated to the journey level. Since this class is typically used as a training class, employees may have only limited or no directly related fire suppression work experience. Employees work under general supervision while learning job tasks and are expected to be performing at the journey level within prescribed time frames.

Firefighter - This is the full journey level class within the professional Firefighter series. Employees within this class are distinguished from the Firefighter Trainee by the performance of the full range of duties as assigned. Employees at this level receive instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies within the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from the Firefighter Trainee level.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level supervisory and management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Respond to fire alarms with assigned company; lay and connect hose; maintain pumping apparatus; hold nozzles and direct water streams; raise and climb ladders.

Essential Functions: (Continued)

Operate all types of portable fire extinguishers, pike poles, hand lines, smoke ejectors, salvage covers, forcible entry tools, aerial ladder equipment, emergency medical equipment and other rescue equipment.

Provide basic life support while responding to emergency medical incidents, analyzing and initiating patient care until relieved by proper medical personnel.

Administer first aid; assist paramedics at medical emergencies; apply techniques for the control of bleeding; utilize immobilization techniques to stabilize patient.

Respond to hazardous materials incidents.

Participate in fire inspection activities and other fire prevention and public education activities as assigned; ensure that businesses are operating in compliance with the fire code; maintain appropriate records and files.

Monitor appropriate air traffic control frequencies and visually monitor the airfield during times that the FAA tower is closed but commercial flights are scheduled to either arrive or depart.

Inspect aircraft ramp and refueling operations at the airport.

Perform the airfield and runway inspections on weekends and holidays, as required.

Participate in the Fire Prevention Program providing various public relations services, including facility tours, High School Career Day, Neighborhood Watch programs and public education seminars.

Participate in fire drills; serve as drill instructor as assigned; attend training sessions, which include fire fighting techniques, emergency medical care, and the proper use of all equipment and related tools.

Clean apparatus and equipment and perform general custodial duties as required.

Assist in maintaining prefire plans; update maps as required.

Respond to public complaints regarding weed abatement and fire and safety hazards.

Issue bicycle licenses.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

FIREFIGHTER TRAINEE

Ability to:

Learn to understand and act in accordance with departmental policies, rules, and instructions in the field of fire fighting.

Learn to apply fire fighting and medical techniques and procedures.

Demonstrate mechanical aptitude as required in the operation of fire fighting equipment.

Learn the layout of the City's water main system and street numbering system.

Retain presence of mind in emergency situations.

Think and act quickly and effectively in emergencies.

Understand and follow oral and written directions promptly and accurately.

Perform occasional heavy lifting up to 100 lbs. and physical maneuvering.

Perform general office and clerical duties in support of assigned activities.

Communicate effectively, both orally and in writing.

Shall pass all required oral, manipulative and written exams for Firefighter Trainee.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Work in communal environment that includes common sleeping, eating, and restroom facilities.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Firefighter Trainee

Experience:

None required.

Training:

Graduation from high school or possession of a G.E.D. certificate at the high school equivalency level.

License or Certificate

Possession of a current Cardiopulmonary Resuscitation (CPR) card.

Possession of a current State of California Emergency Medical Technician I (EMT) card is required at time of application. A course completion certificate is NOT adequate.

Possession of a California State Fire Marshal's Office Firefighter I Certificate OR graduation from a California State Fire Marshal's accredited Firefighter I academy OR the completion of 15 semester units of college coursework in Fire Science "major" courses.

Possession of an appropriate, valid California Driver's License.

Additional Requirement:

~~Must be a Minimum of 21 years of age~~ minimum of age 20 by final filing date of recruitment and 21 years of age by hire date.

FIREFIGHTER

**In addition to the qualifications for Firefighter Trainee:**

Knowledge of:

Principles, practices, and procedures of modern firefighting.

Fire apparatus, equipment, tools, devices, facilities and their proper use.

Basic principles of hydraulics relating to fire equipment.

Safe driving practices.

Knowledge of: (Continued)

Advanced first aid, CPR and other medical assistance techniques.

Ability to:

Analyze fire and emergency situations and adopt effective courses of action.

Maintain and test fire sprinkler systems and fire hydrants.

Operate and maintain voice radio equipment.

Safely remove victims from buildings and automobiles.

Shall pass all required oral, manipulative and written exams for Firefighter.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Firefighter

Experience

Successful completion of the City of Modesto Firefighter Program.

Training:

Graduation from high school or possession of a G.E.D. Certificate at the high school equivalency level.

License or Certificate:

Possession of a current Cardiopulmonary Resuscitation (CPR) card.

Possession of a current State of California Emergency Medical Technician (EMT) card is required at time of application. A course completion certificate is NOT adequate.

License or Certificate: (Continued)

Possession of a California State Fire Marshal's Office Firefighter I certificate OR graduation from a California State Fire Marshal's accredited Firefighter I academy OR completion of 15 semester units of college coursework in Fire Science "major" courses.

Possession of an appropriate, valid California Driver's License.

Additional Requirement:

~~Must be a Minimum of 21 years of age~~ minimum of age 20 by final filing date of recruitment and 21 years of age by hire date.

WORKING CONDITIONS:

Environmental Conditions:

Emergency response environment; exposure to hot and humid work environment making rapid transitions from rest to near maximal exertion without warm-up period.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for bodily mobility to operate and crawl in restricted space; walk, stand, or sit for prolonged periods of time; operate motorized equipment and vehicles; and the ability to work in hot and humid environments while wearing firefighting equipment which may inhibit all necessary senses.

**MODESTO CITY COUNCIL  
RESOLUTION NUMBER 2005-034**

**A RESOLUTION APPROVING A LEASE AGREEMENT WITH THE ARTHUR  
M. McELROY MARITAL TRUST FOR PROPERTY LOCATED AT 1124 F  
STREET, MODESTO, CALIFORNIA AND AUTHORIZING THE ACTING CITY  
MANAGER TO EXECUTE SAID LEASE AGREEMENT**

WHEREAS, the City of Modesto leases the building at 1124 F Street, Modesto for the Police Department's Evidence and Property Facility from the Arthur M. McElroy Marital Trust, and

WHEREAS, the last five-year lease expired on October 8, 2004, and the Police Department wants to renew as the facility is serving its purpose well, and

WHEREAS, the term of the new lease is also five years, from October 9, 2004 through October 8, 2009, and

WHEREAS, the lease payment will increase by six percent, from \$27,072 annually to \$28,740 annually, and

WHEREAS, Police staff considers this reasonable and funds are budgeted, and

WHEREAS, the Police Department must maintain a Property and Evidence Facility for its law enforcement duties and operations, and

WHEREAS, this facility at 1124 F Street, Modesto is adequate at present and for the near future,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby approves the lease agreement with the Arthur M. McElroy Marital Trust.

BE IT FURTHER RESOLVED that the Acting City Manager or his designee, is hereby authorized to execute said lease agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-035**

**A RESOLUTION ESTABLISHING ANGLE PARKING IN THE CITY OF  
MODESTO AND RESCINDING RESOLUTION NO. 2004-642**

2005-109  
THIS RESOLUTION WAS  
RESCINDED BY MODESTO  
CITY COUNCIL RESOLUTION  
NO.

WHEREAS, Article 10 of Chapter 2 of Title 3 of the Modesto Municipal Code authorizes the City Council, by resolution, to establish angle parking in the City of Modesto, and

WHEREAS, City staff received a request from Councilmember Denny Jackman to install angle parking on the east side of 10th Street between G and I Streets to create additional on-street parking, and

WHEREAS, staff evaluated the traffic volumes and the speeds for this section of roadway and concluded that angle parking can be accommodated on the east side of 10th Street between G and I Streets without creating a hazard and without impeding traffic flow, and

WHEREAS, the Economic Development Committee considered the additional angle parking on 10th Street at its December 13, 2004, meeting and supported staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. ANGLE PARKING. Angle parking in the City of Modesto is hereby established at the following locations:

- Portions of 10<sup>th</sup> Street, between I & K Streets (west side) (diagonal)
- 18<sup>th</sup> Street, between G and H Streets (west side) (diagonal)
- F Street, between 10<sup>th</sup> and 11<sup>th</sup> Streets (south side) (diagonal)
- I Street, between 9<sup>th</sup> and 12<sup>th</sup> Streets (both sides) (diagonal)

- P Street, between 9<sup>th</sup> and Needham Streets (both sides) (diagonal)
- Coldwell Avenue, between Tully Road and College Avenue
- 4<sup>th</sup> Street, between E Street and G Street (west side)
- 16<sup>th</sup> Street, between I Street and J Street (east side)
- Elm Street, between Jefferson and Washington Streets (diagonal)
- Jefferson Street, between 8<sup>th</sup> and Laurel Streets (diagonal)
- 13<sup>th</sup> Street, between H and L Streets (east side)
- J Street, between 7<sup>th</sup> Street and 8<sup>th</sup> Street (north side)
- 10<sup>th</sup> Street, between G Street and F Street (east side) (diagonal)
- F Street, between 10<sup>th</sup> Street and 11<sup>th</sup> Street (north side) (diagonal)
- 15<sup>th</sup> Street, between K Street and H Street (east side) (diagonal)
- F Street, between 9<sup>th</sup> Street and 10<sup>th</sup> Street (north side) (diagonal)
- 8<sup>th</sup> Street, between J Street and K Street (east side) (diagonal)
- 8<sup>th</sup> Street, between K Street and L Street (east side) (diagonal)
- Sierra Drive between F Street and 4<sup>th</sup> Street (north side)
- 8<sup>th</sup> Street between L Street and Jefferson Street (east side) (diagonal)
- M Street between 7<sup>th</sup> Street and 8<sup>th</sup> Street (south side) (diagonal)
- 10<sup>th</sup> Street between G Street and I Street (east side) (diagonal)

SECTION 2. The Public Works Director is hereby directed to implement the provisions of this resolution.

SECTION 3. Resolution No. 2004-642 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 -036**

**A RESOLUTION APPROVING A SECOND AMENDMENT TO THE LEASE AGREEMENT WITH MODESTO EXECUTIVE AIR CHARTER, DBA SKY TREK AVIATION, WHICH ALLOWS A SUSPENSION UNTIL DECEMBER 31, 2005 OF A 5% SUBLEASE FEE THAT SKY TREK AVIATION PAYS TO THE CITY ON GROSS RENTS RECEIVED, AND AUTHORIZING THE ACTING CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE AMENDMENT ON BEHALF OF THE CITY**

WHEREAS, Modesto Executive Air Charter, dba Sky Trek Aviation, is a tenant of the City at Modesto City-County Airport, and

WHEREAS, Sky Trek Aviation has a long-term ground lease that contains a clause requiring them to pay 5% of all rents received from its tenants to the City, and

WHEREAS, Sky Trek Aviation petitioned the City to suspend the 5% surcharge on gross rents in 2003 and City Council approved the suspension until May 31, 2004, and

WHEREAS, Sky Trek Aviation again petitioned the City on June 23, 2004 requesting another suspension of the 5% surcharge due to low occupancy of their facilities, and

WHEREAS, at their December 13, 2004 meeting the Economic Development Committee recommended Council approve Sky Trek's request to suspend the 5% surcharge, and

WHEREAS, the Economic Development Committee further recommended the suspension be made retroactively from June 1, 2004 to December 31, 2005, and

WHEREAS, a new second amendment to the City lease agreement with Sky Trek Aviation has been prepared to provide for suspension of the 5% sublease fee until December 2005, and

WHEREAS, the City Attorney's Office finds the terms of the second amendment acceptable,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the second amendment lease agreement between the City of Modesto and Sky Trek Aviation, suspending the five (5) percent sublease fee retroactively from June 1, 2004, to December 31, 2005.

BE IT FURTHER RESOLVED that the Acting City Manager, or his authorized designee, is hereby authorized to execute the amendment on behalf of the City

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-037**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS CONSISTENT WITH THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR AND WITH ADDENDA FOR THE VILLAGE ONE STORM DRAINAGE MASTER PLAN UPDATE AND THE FACILITIES MASTER PLAN UPDATE: FREEDOM NEIGHBORHOOD PARK.**

WHEREAS, on September 11, 1990, the Modesto City Council adopted Resolution No. 90-757 certifying that the Village One Specific Plan Program Environmental Impact Report ("EIR") (State Clearing House No. 90020181) was complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been superseded and updated by the 1994 Supplemental EIR, adopted on May 24, 1994, which Supplemental EIR incorporates by reference technical studies and background material from the 1990 Program EIR, and

WHEREAS, the development of the utility infrastructure for the Village One Specific Plan area is contemplated by, and acknowledged within, the Village One EIR, as amended by the Supplemental EIR, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP"), and

WHEREAS, on December 7, 2004, the City Council adopted Resolution No. 2004-646 finding that the potential environmental effects of Amendment #1 to the Village One Facilities Master Plan Update (May 2003) have been adequately addressed by the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), with Addendums for the Village One Storm Drainage Master Plan Update (EA/CM 2003-02) and the Village One Facilities Master Plan Update (EA/CM 2003-03), and

WHEREAS on January 11, 2005, the City Council by Resolution No. 2005-038 approved the Freedom Neighborhood Park project, which includes: adoption of the Master Plan and Design Development Report, and

WHEREAS, in connection with that approval, City staff prepared a Written Checklist, Environmental Assessment No. EA/ PR&N 2003-05, (“Checklist”), which concluded that the proposed project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and

WHEREAS, in accordance with the CEQA guidelines, the City has caused to be published a 10-day notice of the City’s intent to make a finding of conformance with the Checklist and the Village One Program EIR as amended by the Supplemental EIR, on December 23, 2004, and

WHEREAS, this matter was considered by the City Council at a duly noticed meeting at 5:30 p.m., on January 11, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Village One Program EIR as amended

by the Supplemental EIR (SCH No. 90020181), the Addenda for the Village One Storm Drainage Master Plan Update (EA/CM 2003-02), the Facilities Master Plan Update (EA/CM 2003-03), and Environmental Assessment No. EA/ PR&N 2003-05, entitled “Freedom Neighborhood Park”, for the proposed project, and the Council hereby makes the following findings:

- A. Major revisions to the Village One Program EIR as amended by the 1994 Final Supplemental EIR (SCH No. 90020181), with Addenda for the Village One Storm Drainage Master Plan Update and the Village One Facilities Master Plan Update, are not required because the project will not involve new significant environmental effects or increase severity of effects previously identified, and
- B. Major revisions to the Village One Program EIR as amended by the 1994 Final Supplemental EIR, with Addenda for the Village One Storm Drainage Master Plan Update and the Village One Facilities Master Plan Update, are not required because no substantial changes to circumstances have occurred that involve new significant environmental effects or increase severity of effects previously identified, and
- C. No new information of substantial importance that was not known has become available that shows:
  - a. one or more significant effects is not discussed in the Village One Program EIR as amended by the 1994 Final Supplemental EIR, with Addenda for the Village One Storm Drainage Master Plan Update and the Village One Facilities Master Plan Update,
  - b. identified significant effects will be more severe,
  - c. previously infeasible mitigation measures are now feasible,
  - d. project proponents have declined to adopt mitigation measures that would substantially reduce significant effects.
- D. Because no new significant effects have been identified and no new mitigation is required for the project, the environmental effects of the operation of the proposed project were covered by the Village One Program EIR as amended by the 1994 Final Supplemental EIR, with Addenda for the Village One Storm Drainage Master Plan Update and the Village One Facilities Master Plan Update. Therefore, pursuant to CEQA Section 15168 (C) (4) no new environmental document is required.

- E. Therefore, the Freedom Neighborhood Park project is within the scope of the Village One Program EIR as amended by the 1994 Final Supplemental EIR, with Addenda for the Village One Storm Drainage Master Plan Update and the Village One Facilities Master Plan Update.
- F. This Written Checklist provides substantial evidence to support findings A, B, C, D and E above.

A copy of said Environmental Assessment No. EA/PR&N 2003-05, entitled "Freedom Neighborhood Park", is on file and available in the City Clerk's Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-038**

**A RESOLUTION APPROVING THE DESIGN DEVELOPMENT REPORT AND  
MASTER PLAN INCLUDED THEREIN FOR FREEDOM NEIGHBORHOOD  
PARK.**

WHEREAS, the City of Modesto currently owns the approximately 7-acre Freedom Neighborhood Park site immediately to the south of Sharon Avenue and west of the Freedom Elementary School Site on the corner of Sharon Avenue and Fine Avenue, and

WHEREAS, Callander Associates Landscape Architecture, Inc. has provided the Design Development Report and Master Plan included therein for Freedom Neighborhood Park, and

WHEREAS, prior to adopting the Design Development Report, the California Environmental Quality Act (CEQA) requires that the City of Modesto consider the environmental consequences of the proposed project, and

WHEREAS, on November 1, 2004, the Safety and Communities Committee recommended approval of the Freedom Neighborhood Park, and

WHEREAS, by an agenda report dated December 16, 2004, from the Parks, Recreation and Neighborhoods Director, staff recommended to the Council approving the Freedom Neighborhood Park Design Development Report, a copy of said report is on file in the office of the City Clerk, and

WHEREAS, the Freedom Neighborhood Park Design Development Report dated October 15, 2004, is within the scope of the Village One Specific Plan Program Environmental Impact Report as supplemented (SCH #90020181) and with Addenda for

the Village One Storm Drainage Master Plan Update (EA/CM 2003-02) and the Village One Facilities Master Plan Update (EA/CM 2003-03), and

WHEREAS, on January 11, 2005, concurrent with this resolution, the Modesto City Council adopted Resolution No. 2005-037 finding that development and construction of the Freedom Neighborhood Park is in conformance with the the Village One Specific Plan Program Environmental Impact Report as supplemented (SCH #90020181) and with Addenda for the Village One Storm Drainage Master Plan Update (EA/CM 2003-02) and the Village One Facilities Master Plan Update (EA/CM 2003-03),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds that the Freedom Neighborhood Park Design Development Report is complete and adequate, and it hereby approves the Freedom Neighborhood Park Design Development Report, and Master Plan included therein, a copy of which is on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-039**

**A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH CALLANDER ASSOCIATES LANDSCAPE ARCHITECTURE, INC. TO INCLUDE PROFESSIONAL SERVICES TO PREPARE CONSTRUCTION DOCUMENTS FOR ROAD IMPROVEMENTS ADJACENT TO FREEDOM NEIGHBORHOOD PARK FOR AN ADDITIONAL AMOUNT NOT TO EXCEED \$41,320.00, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE AMENDMENT TO AGREEMENT.**

WHEREAS, the City of Modesto currently owns the approximately 7-acre Freedom Neighborhood Park site immediately to the south of Sharon Avenue and west of the Freedom Elementary School Site on the corner of Sharon Avenue and Fine Avenue, and

WHEREAS, on March 4, 2003, by Resolution No. 2003-118, the City Council approved an agreement with Callander Associates Landscape Architecture, Inc. to provide the Design Development Report and Master Plan included therein for Freedom Neighborhood Park for a total contract amount not to exceed \$97,020.00, and

WHEREAS, during the master planning phase of this project, it was determined that construction documentation for the adjacent road improvements would be needed to complete the park construction documentation, and

WHEREAS, it was deemed most cost effective to amend the contract for Callander Associates Landscape Architecture, Inc. to include this additional construction documentation, and

WHEREAS, Callander Associates Landscape Architecture, Inc. has agreed to provide the additional Construction Documents for the adjacent road improvements at a cost not to exceed \$41,320.00,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves an Amendment to the Agreement with Callander

Associates Landscape Architecture, Inc. to provide the additional Construction Documents for the adjacent road improvements at a cost not to exceed \$41,320.00.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 11th day of January, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-044**

**A RESOLUTION APPROVING AN AMENDMENT TO THE CONTRACT FOR CONSULTANT SERVICES WITH MAZE & ASSOCIATES FOR ADDITIONAL WORK AT A COST NOT TO EXCEED \$8,295, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE CONTRACT AMENDMENT.**

WHEREAS, at its April 6, 2004, meeting the Modesto City Council adopted Resolution 2004-171 approving execution of a contract with Maze & Associates to perform additional, non-audit services for the City, and

WHEREAS, the City Manager executed said contract on behalf of the City of Modesto, and

WHEREAS, the City requested Maze & Associates to perform additional work in addition to the originally contracted work, the Annual Report of Financial Transactions required by the State Controller, at a price not to exceed \$8,295, and

WHEREAS, this additional work increases the total contract price to an amount not to exceed \$86,495, and

WHEREAS, the contract for these audit services requires Modesto City Council approval for such additional work, and

WHEREAS, at its January 6, 2005, meeting the Audit Committee recommended that the Council approve payment for the additional work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an amendment to the Agreement for Consultant Services with Maze & Associates, authorizing the additional work proposed, at a cost not to exceed \$8,295.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute said contract amendment.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-045**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 AND MERITAGE HOMES OF CALIFORNIA, INCORPORATED FOR IMPROVEMENTS TO THE INTERSECTION OF OAKDALE & ROAD G AND IMPROVEMENTS ON OAKDALE (FROM FLOYD AVENUE TO LA FORCE DRIVE) AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No. 90020181), WITH ADDENDUMS FOR KODIAK VILLAGE VESTING TENTATIVE SUBDIVISION MAP (EA/C&ED NO. 2003-92) AND FOR KODIAK VILLAGE II VESTING TENTATIVE SUBDIVISION MAP (EA/C&ED NO. 2004-22)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, Meritage Homes of California, Incorporated (“Developer”) has agreed to install certain improvements to the intersection of Oakdale & Road G and to Oakdale (from Floyd Avenue to La Force Drive), and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“agreement”) between City of Modesto Community Facilities District No. 2004-1 and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$282,755, and

WHEREAS, the City Council has received and considered the Initial Studies, Environmental Assessment EA/C&ED Nos. 2003-92 & 2004-22, which conclude that Developer’s projects entitled Kodiak Village Vesting Tentative Subdivision Map and Kodiak Village II Vesting Tentative Subdivision Map, including the improvements for

which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), with Addendums for Kodiak Village Vesting Tentative Subdivision Map (EA/C&ED No. 2003-92) and for Kodiak Village II Vesting Tentative Subdivision Map (EA/C&ED No. 2004-22), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and Meritage Homes of California, Incorporated ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.

4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
5. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:
  - a. one or more significant effects which is not discussed in the Program EIR; or,
  - b. significant effects which were previously examined will be substantially more severe than previously shown; or,
  - c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
  - d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.
6. The Initial Studies, Environmental Assessment EA/C&ED Nos. 2003-92 & 2004-22, provide the substantial evidence to support findings 1-5, above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**NOTES**

Previously, Traffic staff requested that the funding for Account 2300-160-M144 be reduced by approximately \$400,000 with the intent to end up with an account balance of \$200,000. As a result, \$400,000 in funding was moved to reserves. Traffic staff thought an existing project under construction was complete; however, the project was still under construction, and now requires some additional funding. This transfer to M144 from reserves will satisfy all the needs of Account 2300-160-M144 for fiscal year 04-05.

**COMMENTS/JUSTIFICATION**

This CIP adjustment moves the \$450k spending scheduled for FY 05-06 into FY 04-05. This adjustment is necessary to meet current construction plans. The Police Department presented FY 04-05 construction projects in the current year but the projects were inadvertently recorded in the FY 05-06 CIP document.

The project (M168) is the Training facility on West Main, near the City's remote pond site on Jennings Road. The additional \$450,000 is to build a range house and restrooms at the site. The project will eventually consist of a firing range, classrooms, canine & equestrian training facilities, and a driver's training or EVOC course. This site will improve PD training and eliminate traveling to other jurisdictions for adequate training facilities.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-048**

**RESOLUTION APPROVING A 60-DAY EXTENSION OF COMCAST'S  
OBLIGATION TO DEMONSTRATE SUBSTANTIAL COMPLIANCE WITH  
THE REQUIRED OUTSIDE PLANT SAFETY CODES.**

WHEREAS, in May 2004, the City of Modesto and Comcast Cable entered into a settlement agreement for the completion of the upgrade to the City's cable system and,

WHEREAS, this agreement required that the cable system be upgraded to 750mHz by July 01, 2004, and that GO95/GO128 compliance be established by no later than 31 January 2005, and

WHEREAS, on 11 January 2005, Comcast notified the City that they would need additional time in order to successfully complete the GO95/GO128 compliance requirement, and

WHEREAS, in their written notification Comcast requested an extension of the GO95/GO128 deadline from 31 January 2005 to 31 March 2005, and

WHEREAS, in view of the over-riding concern that the City has for the public safety issues that are involved and the fact that Comcast has shown significant progress in their efforts to conform to GO95/GO128 code requirements, and

WHEREAS, Comcast acknowledges that any further delays to the completion of this work will represent an ongoing hazard to the public and will require the harshest response from the City, including the assessment of penalties, fines, and any other legal action deemed necessary, and that the City will provide no additional time to cure past the 31 March extension date.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a 60-day extension be granted.

BE IT FURTHER RESOLVED that the Deputy City Manager, or his designee, is hereby authorized to execute the said extension.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-049**

**A RESOLUTION AFFIRMING THE COMMITMENT OF THE CITY OF MODESTO TO SUPPORT THE CONTINUED OPERATION AND MAINTENANCE OF THE GATEWAY PARCEL OF THE TUOLUMNE RIVER REGIONAL PARK (TRRP), SHOULD THE TRRP JOINT POWERS AUTHORITY (JPA) DISSOLVE, AS A PUBLIC ACCESS FACILITY FOR USE BY THE CITIZENS OF STANISLAUS COUNTY AND THE GENERAL PUBLIC FOR A PERIOD OF TIME ENDING NO LATER THAN DECEMBER 31, 2030, OR 25 YEARS FROM ISSUANCE OF A STATE OF CALIFORNIA CLEAN WATER, CLEAN AIR, SAFE NEIGHBORHOOD PARKS AND COASTAL PROTECTION BOND ACT OF 2002 (PROPOSITION 40) GRANT, WHICHEVER PROVIDES FOR THE LATER DATE, AS RECOMMENDED BY THE TUOLUMNE RIVER REGIONAL PARK JPA COMMISSION.**

WHEREAS, the State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40) provides for a line item grant in the amount of \$1,140,000 for the Tuolumne River Regional Park – Gateway Parcel Development, and

WHEREAS, a special provision of the grant is to provide evidence satisfactory to the State that the project will be operated and maintained as public open space for a minimum of twenty-five (25) years, and

WHEREAS, the Tuolumne River Regional Park (TRRP) is operated under a Joint Powers Authority (JPA) comprised of the County of Stanislaus, the City of Modesto and the City of Ceres, and

WHEREAS, the intent of the JPA is to operate and maintain the Tuolumne River Regional Park as a public access facility for use by the citizens of Stanislaus County and the general public, and

WHEREAS, the JPA desires to maintain and operate the area known as the Gateway Parcel as a public access facility for use by the citizens of Stanislaus County and the general public, and

WHEREAS, in the event that the JPA desires to dissolve, the area known as the Gateway Parcel will revert back to the City of Modesto to be cared for in a similar manner per the provisions of Paragraph 2 and Paragraph 18 of the JPA agreement dated February 28, 1978, and

WHEREAS, in order to receive the aforementioned funding from the State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40), the City of Modesto must affirm its commitment to continue to maintain the Gateway Parcel as public open space for a period not less than twenty-five (25) years from issuance of grant funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby affirms the commitment of the City of Modesto to support the continued operation and maintenance of the Gateway Parcel of the Tuolumne River Regional Park, should the TRRP JPA dissolve, as a public access facility for use by the citizens of Stanislaus County and the general public for a period of time ending no later than December 31, 2030, or 25 years from issuance of a State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40) grant, whichever provides for the later date, as recommended by the Tuolumne River Regional Park JPA Commission.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-050**

**A RESOLUTION SELECTING BEALS ALLIANCE, CALLANDER ASSOCIATES INC., THE HLA GROUP, O'DELL ENGINEERING, ROYSTON HANAMOTO ALLEY & ABEY, AND STANTEC CONSULTING INC. TO PROVIDE LANDSCAPE ARCHITECTURAL AND RELATED SERVICES TO THE CITY FOR A PERIOD OF THREE (3) YEARS (MAXIMUM CONTRACT AMOUNT NOT TO EXCEED \$300,000 PER PROJECT AGREEMENT).**

WHEREAS, the City proposes to develop a short-list of on-call landscape architectural service providers, to be used on a rotating, on-call basis, to prepare master plans, design development reports, construction documents and other related work, and

WHEREAS, the landscape architectural consultants will be used on an on-call basis as the need arises and the list will be in place for three years, and

WHEREAS, this On-Call list will then be updated every three years, and

WHEREAS, the purpose of the short list is to assist the City in preparing master plans, design development reports, construction documents and other related work; to streamline the development process; and to maintain a close working relationship with the short-list of firms, on an ongoing basis to further standardize and improve the City's master planning and construction documentation processes, leading to further project streamlining, and

WHEREAS, to begin the Service Provider Selection process, the City issued a Request for Qualifications on September 28, 2004, and on October 27, 2004, received twenty-three submittals in response, and

WHEREAS, the Consultant Selection Committee consisted of Doug Critchfield, Manager-Parks Planning and Development; Nathan Houx, Project Coordinator; Duane

Frederick, Parks Maintenance Superintendent; and, Paul Hom, Associate Civil Engineer,  
and

WHEREAS, the Selection Committee short-listed the twenty-three submittals to  
eleven firms, who were invited to an interview on December 8 and 9, 2004, and

WHEREAS, following the initial interviews, the Selection committee  
recommends that the City Council select six firms (Beals Alliance, Callander Associates  
Inc., The HLA Group, O'Dell Engineering, Royston Hanamoto Alley & Abey, and  
Stantec Consulting Inc.) to provide landscape architectural and related services to the  
City for a period of three (3) years, and

WHEREAS, staff is proposing to rotate between the 6 consultants on the short-list  
for all projects when landscape architectural services are needed, by either notifying the  
next company on the list or determining the company best suited for the specific project,  
and

WHEREAS, at that time, an agreement with a detailed scope of work will be  
negotiated between the City and the Consultant, based upon the specific tasks required,  
and

WHEREAS, for professional service agreements under \$50,000, the City  
Attorney's Office, the Risk Manager and the City Manager's Office will review the  
agreement before the appropriate staff signs it, and

WHEREAS, for professional service agreements over \$50,000 and under  
\$300,000, the City Attorney's Office, the Risk Manager and the City Manager's Office  
will review the agreement before staff forwards to the City Council for approval, and

WHEREAS, for professional service agreements over \$300,000, staff will not use the short-list to select a landscape architect but will complete a separate Request for Proposals, which will follow the standard RFP process, and

WHEREAS, the Safety and Communities Committee met on January 3, 2005, and supported the recommendation to select six firms (Beals Alliance, Callander Associates Inc., The HLA Group, O'Dell Engineering, Royston Hanamoto Alley & Abey, and Stantec Consulting Inc.) to provide landscape architectural and related services to the City for a period of three (3) years, and

WHEREAS, the Safety and Communities Committee further recommended that a cap be placed on the amount of the contract awarded through this process, so that larger projects will benefit from a separate competitive RFP process for hiring a landscape architect, and

WHEREAS, staff recommends a cap on the short-list of \$300,000 per project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby selects Beals Alliance, Callander Associates Inc., The HLA Group, O'Dell Engineering, Royston Hanamoto Alley & Abey, and Stantec Consulting Inc. to provide landscape architectural and related services to the City for a period of three (3) years.

BE IT FURTHER RESOLVED by the Council that the maximum contract amount shall not exceed \$300,000 per project agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-051**

**A RESOLUTION APPROVING A GRANT APPLICATION FOR \$1.8 MILLION IN THE 2005-2006 BICYCLE TRANSPORTATION ACCOUNT ADMINISTERED BY THE CALIFORNIA DEPARTMENT OF TRANSPORTATION AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE APPLICATION.**

WHEREAS, the State of California has made funding available through the Department of Transportation's Bicycle Transportation Account for Fiscal Year 2005-2006, and

WHEREAS, development of the Virginia Corridor Project (the "Project") is consistent with the Bicycle Transportation Act of the State Of California's Department of Transportation programs, and

WHEREAS, said procedures established by the State of California's Department of Transportation require the applicant's governing body to certify by resolution the approval of the application before submission of said application to the State, and

WHEREAS, the applicant will enter into a contract with the State of California for the Project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Approves the filing of an application for \$1.8 million in local assistance funds from the State of California's Department of Transportation through the Bicycle Transportation Account for Fiscal Year 2005-2006; and
2. Certifies that the applicant has or will have sufficient funds to operate and maintain the Project; and
3. Certifies that the applicant has reviewed, understands, and agrees to the General Provisions contained in the contract shown in the Procedural Guide; and

4. Authorizes the Acting City Manager, or his designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to, applications, agreements, payment requests and so on, which may be necessary for the completion of the Project.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-052**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the Acting City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specifications for the following classifications:

1. Legal Secretary
2. Instrument Repair Technician

Said classifications are being amended to revise the job specifications to update the essential functions and the experience and training guidelines to more accurately reflect the needs of each classification.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after January 25, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

## LEGAL SECRETARY

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To perform a variety of responsible legal secretarial and general clerical duties in support of the City Attorney's Office; and to provide secretarial and administrative support to the attorneys.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the Legal Services Administrator. Exercises technical supervision over clerical staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Perform litigation-related work assignments as directed.

Transcribe a variety of dictation tapes containing correspondence and legal documents, including resolutions, ordinances, legal opinions, contracts, briefs, leases and agreements.

Prepare and process correspondence, legal papers and documents requiring knowledge of legal format, terminology and procedures.

Act as receptionist providing information and assistance to the public; screen telephone calls and requests for information, routing to appropriate staff member, department or agency.

Index and file legal documents; assist in maintaining law library.

Compile and organize agenda materials and information for City Attorney's use in preparing documents for City Council agenda and in providing legal assistance including preparation of documents to City Manager and City departments.

Essential Functions: (Continued)

Compile and assemble various legal materials from files and other sources for City Attorney's use in providing legal assistance and in preparation of other legal documents and opinions.

Perform general clerical work including filing, scheduling appointments and meetings, and processing payroll, account payable and reimbursement requests.

Sort and file documents and reports according to predetermined classifications maintaining alphabetical, index and cross-reference files.

Perform administrative duties within the clerical support system; recommend improvements in work flow, procedures and use of equipment and forms; perform special projects and assignments as requested.

Provide secretarial support to the professional legal staff; maintain appointment calendars, schedule meetings and prepare travel arrangements.

Maintain litigation calendars; record follow-up trial dates, action dates and deposition of cases.

Contact the public and outside agencies in acquiring and providing information and making referrals.

Receive, sort and distribute incoming and outgoing correspondence.  
Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Legal terminology and the forms and documents used in legal clerical work.

Legal procedures and practices involved in composing, processing, and filing a variety of legal documents.

Computer software programs such as WordPerfect, Word, Compulaw or other electronic calendaring program, Legal Solutions, Excel, and PowerPoint.

Modern office procedures, methods and computer equipment.

Business letter writing and basic report preparation.

Principles and procedures of record keeping.

Knowledge of: (Continued)

English usage, spelling, grammar and punctuation.

Filing and record keeping systems.

Municipal organization and local governmental agencies.

City policies and procedures.

Ability to:

Exercise good judgment and discretion.

Work with and control sensitive and confidential information.

Prepare a wide variety of legal documents both independently and as directed.

Prepare reports and correspondence independently.

Read, interpret, and apply policies, laws, rules and regulations.

Perform accurate, responsible legal secretarial and clerical work.

Function as part of a team, assisting co-workers with workloads as needed.

Communicate clearly and concisely, both orally and In writing.

Type at a speed necessary for successful job performance.

Transcribe dictation tapes at a speed necessary for successful job performance.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of responsible secretarial experience, including three years of litigation experience in a legal office.

Training:

Equivalent to the completion of the twelfth grade supplemented by additional specialized training in legal secretarial work or a related field.

License or Certificate:

Possession of or ability to obtain an appropriate valid California driver's license.

WORKING CONDITIONS

Environmental Conditions:

Office environment; occasionally travel from site to site.

Physical Conditions:

Essential and marginal functions may require maintaining physical conditions necessary for sitting for prolonged periods of time; traveling to and from sites, attending meetings and using a personal computer and other office equipment.

## INSTRUMENT REPAIR TECHNICIAN

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To perform difficult and complex technical work in the testing, installation, maintenance and repair of all pneumatic, electronic and electrical control systems relative to the water and wastewater treatment operations.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher level supervisory and management staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS: - Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Install, maintain, repair and adjust computer system hardware and software, digital data multiplexing equipment used for indicating, telemetering, measuring and controlling flow, temperature, motion, force, and chemical composition.

Install, repair and maintain the Supervisory Control and Data Acquisition (SCADA) system.

Repair, maintain and calibrate the level, pressure and flow telemetry.

Maintain a variety of electronic control instruments used to operate electrical mechanical equipment, record data, indicate equipment status and activate supervisory control.

Maintain and repair automatic control valves and associated control functions.

Maintain SCADA system including control loops and relays.

Operate a variety of electronics testing equipment.

Install, maintain and repair underground and overhead circuits and control systems used in the operation of motors, pumps and generators at city-owned facilities.

Essential and Marginal Function Statements (Continued)

Using a laptop or personal computer, communicate with the SCADA system, remote telemetry units (RTU's), and radios.

Read and interpret wiring diagrams, mechanical drawings, manuals and specifications used during installations or when performing repair work.

Document and draw circuits as installed; make recommendations for improvements to instrumentation systems.

Perform Electrical maintenance.

Marginal Functions:

Maintain service records, identify sources and participate in development of specifications for requisitions for parts and electrical equipment

~~Perform electrical maintenance.~~

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Methods, practices and equipment used in the installation, construction, repair, maintenance, testing and adjustment made to the SCADA systems used in water treatment operations.

Design, construction, installation and maintenance of electrical and electronic systems.

Principles of electronics as applied to telemetry.

Codes, laws and ordinances related to assigned area of responsibility.

Safe working practices and procedures.

Basic methods, materials, tools, equipment, and procedures required/used in the installation and repair of electrical circuits, systems and devices.

Ability to:

Use and operate a variety of electrical, electronic and mechanical tools, instruments and equipment.

Perform manual labor, including but not limited to medium-heavy occasional lifting up to 75 pounds.

Pass an annual physical examination.

Read and understand technical drawings, specifications and maintenance manuals.

Install, repair and maintain a variety of electronic systems relative to water treatment operations.

Operate and use a personal computer.

Communicate clearly and concisely, both orally and in writing.

Establish and maintain effective working relationships with those contacted in the course of work.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Journey level experience in industrial electrical systems and electronics involving the calibration, set-up and testing of electronic instrumentation.

Training:

Trade school or college level coursework in electronic sensory systems diagnosis, maintenance, repair and testing is desirable.

License or Certificate:

Possession of, or ability to obtain, an appropriate and valid California driver's license.

WORKING CONDITIONS

Environmental conditions:

Field environment; exposure to electrical energy.

Physical conditions:

Essential and marginal functions may require maintaining physical condition necessary for walking, standing or sitting for prolonged periods of time; operating motorized equipment and vehicles; the ability to distinguish color.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 - 053**

**A RESOLUTION ACCEPTING A THREE-YEAR GRANT IN THE AMOUNT OF \$306,628 AND APPROVING THE "PROJECT SAFE NEIGHBORHOODS FOR STANISLAUS COUNTY," A GRANT PROGRAM OF THE UNITED STATES DEPARTMENT OF JUSTICE, BUREAU OF JUSTICE ASSISTANCE, ADMINISTERED BY THE CALIFORNIA PEACE OFFICERS' ASSOCIATION, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE NECESSARY GRANT DOCUMENTS**

WHEREAS, the Modesto Police Department and the Stanislaus County Sheriff's Office proposed a project to the U.S. Bureau of Justice Assistance for "Project Safe Neighborhoods for Stanislaus County," a program to reduce gun and gang violence, and

WHEREAS, the project proposed the reduction of gun and gang violence in the County through a combined Modesto Police Department / Stanislaus Sheriff's Office program to target gangs and gang violence, especially gun violence, and

WHEREAS, said project will be funded by a grant from the U. S. Department of Justice, bureau of Justice Assistance and administered by the California Peace Officers' Association (hereinafter referred to as "CPOA"), and

WHEREAS, said project was accepted for funding for a period of three years in the amount of \$306,628, with no local match required, and

WHEREAS, the City of Modesto desires to undertake the "Project Safe Neighborhoods for Stanislaus County" to reduce gun and gang violence, and

WHEREAS, the project will provide important support to the Countywide Gang Intelligence Unit and the City of Modesto's Street Crimes Unit, and

WHEREAS, the Safety and Communities Committee unanimously supported this action at its meeting of January 3, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the three-year grant from the U. S. Department of Justice in the amount of \$306,628 and approves the “Project Safe Neighborhoods for Stanislaus County.”

BE IT FURTHER RESOLVED that the Acting City Manager, or his authorized designee, is hereby authorized to submit the project proposal to the CPOA and to execute the Grant Award Agreement with the U.S. Department of Justice, Bureau of Justice Assistance including any extensions or amendments thereof.

BE IT FURTHER RESOLVED that any liability arising out of the performance of this Grant Award Agreement, including civil court actions for damages, shall be the responsibility of the grant recipient and the authorizing agency. The U.S. Department of Justice, U.S. Attorney’s Office, Eastern District of California and CPOA disclaim responsibility for any such liability.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the grant funds received hereunder shall not be used to supplant expenditures controlled by this body.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-055**

**A RESOLUTION APPROVING A FIRST AMENDMENT TO THE JOINT  
POWERS AGREEMENT OF THE STANISLAUS DRUG ENFORCEMENT  
AGENCY AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE  
THE AMENDMENT**

WHEREAS, the Stanislaus Drug Enforcement Agency has provided a coordinated multiagency specially trained police unit to suppress illegal drug trafficking in the County of Stanislaus, and

WHEREAS, all facets of the operations of the Drug Agency are stipulated in the Joint Powers Agreement (JPA) executed in 1999 by the County of Stanislaus, the City of Modesto and the other cities in the County of Stanislaus, and

WHEREAS, rotation of day-to-day management of the operations of the Agency and the chair of the JPA governing committee is stipulated to be every five years, and

WHEREAS, parties to the JPA desire that that rotation be delayed for one year to late 2005, and

WHEREAS, the Safety and Communities Committee unanimously recommended this action at its meeting of January 3, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the First Amendment to the Stanislaus Drug Enforcement Agency Joint Powers Agreement is hereby approved.

BE IT FURTHER RESOLVED that the Acting City Manager is hereby authorized to execute the First Amendment to said agreement on behalf of the City of Modesto.

RESOLUTION NO. 2005 - 056**

**A RESOLUTION APPROVING AN AGREEMENT WITH SYLVAN UNION SCHOOL DISTRICT IN THE AMOUNT OF \$38,380 FOR THE PROVISION OF ONE MODESTO POLICE OFFICER TO INSTRUCT THE DRUG ABUSE RESISTANCE EDUCATION CURRICULUM, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the Sylvan Union School District requires one Modesto Police Officer to instruct the Drug Abuse Resistance Education (D.A.R.E.), and

WHEREAS, the Modesto Police Department can provide a specially trained, uniformed police officer to serve as a classroom instructor to teach the D.A.R.E. curriculum to its third, fifth and seventh graders and take any enforcement action at the district school sites, if warranted, and

WHEREAS, the D.A.R.E. curriculum teaches positive self-esteem and the skills to refuse drugs and negative behavior, and

WHEREAS, the officer's presence with the students provides mentoring and protection of youth in our community, and

WHEREAS, the Safety and Communities Committee unanimously recommended this action at its meeting of January 3, 2005, and

WHEREAS, the term of this agreement is July 1, 2004 to June 30, 2005, and

WHEREAS, the City shall be compensated \$38,380 for the services of this Modesto Police Officer,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Sylvan Union School District in the amount of \$38,380.

BE IT FURTHER RESOLVED that the Acting City Manager is hereby authorized to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-058**

**A RESOLUTION PROVIDING FOR THE SALE OF SURPLUS PROPERTY BY SEALED BID, PUBLIC AUCTION OR AS SCRAP FOR THE PERIOD OF FEBRUARY 1, 2005, THROUGH JANUARY 1, 2006.**

WHEREAS, the City Manager is authorized by City Charter Section 801 to sell surplus personal property of the City of Modesto with the approval of the City Council, and

WHEREAS, the City's surplus items consist of (1) obsolete traffic signal heads; (2) lost, stolen, unclaimed and/or seized property, and excess property accumulated by the City; unclaimed bicycles accumulated at the Police Department Evidence and Property Room; (3) and surplus City vehicles, and

WHEREAS, it is the intent of the City Purchasing Division to seek City Council approval annually for the disposition of surplus property in accordance with Section 801 of the City Charter, and

WHEREAS, by approving an annual staff report for the disposition of surplus property, without returning to City Council for subsequent approval, the City will save substantial staff and processing time, and

WHEREAS, the estimated gross revenue to be received from the sale of surplus property from February 1, 2005, through January 31, 2006, is \$100,000.00 to 175,000, and

WHEREAS, by Resolution No. 2001-423, the City's current auction agreement entered into on August 14, 2001, provides for auctioneering services by The Auction House at their facility located at 824 Kiernan Avenue, in Modesto, and

WHEREAS, the City's Purchasing Division has recommended on occasion that specific surplus property could best be sold on a sealed bid basis; however, if said property does not sell on a sealed bid basis, said property shall then be sold at a public auction to be conducted by The Auction House, and

WHEREAS, should the sealed bid process or the public auction process not bring the desired result, City staff proposes that the property shall be sold for scrap, and

WHEREAS, the list of items to be sold at auction or surplus will be on file in the office of the City Clerk, and

WHEREAS, the Central Stores Manager will be permitted to call The Auction House to coordinate pick-up of surplus property (such as vehicles) after the appropriate surplus property forms have been approved by the Purchasing Division, and

WHEREAS, after an auction is held, the Purchasing Division will prepare a recap memorandum to account for the items sold and the proceeds obtained for the auction, and

WHEREAS, the Purchasing Division will submit said recap memorandum to the Finance Director and will have the proceeds (less administrative fee's) deposited to the proper accounts,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Council hereby authorizes the City Purchasing Division to seek City Council approval in December of each year for annual approval for the disposition of surplus property in accordance with Section 801 of the City Character.

SECTION 2. The City Manager, or his designated representative, is hereby authorized and directed to sell on a sealed bid basis to the highest bidder any surplus properties as set forth on the list on file in the City Clerk's office.

SECTION 3. If said property cannot be sold on a sealed bid basis as provided for above, then said property may be sold at public auction utilizing the current agreement with The Auction House which was entered into on August 14, 2001, and approved by Council Resolution No. 2003-423. Said resolution provides for auctioneering services to be provided by The Auction House, subject to the appropriate insurance being on file in the office of the City Clerk, and subject to at least five (5) days notice being given before the time fixed for the sale. The City Clerk shall cause notice thereof to be published in the Modesto Bee, the official newspaper of the City of Modesto. Said notice shall set forth the time and place of the sale and shall state that the list of items to be offered for sale can be inspected in the office of the City Clerk.

SECTION 4. If said property cannot be sold on a sealed bid basis or the public auction process, then said property may be sold for scrap.

SECTION 5. The City Central Stores Manager is hereby authorized to contact The Auction House to coordinate pick-up for surplus property after the necessary surplus property forms have been approved by the Purchasing Division.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 - 059**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO FORMALLY SOLICIT REQUEST FOR BIDS (RFB) FOR SIX (6), MODEL 170E CONTROLLERS AND MODEL 332 CABINETS FOR TRAFFIC SIGNAL CONTROL FOR AN ESTIMATED TOTAL COST OF \$50,000.**

WHEREAS, the Public Works Department has requested the purchase of six (6), Model 170E Controllers and Model 332 Cabinets for traffic signal control for an estimated cost of \$50,000, and

WHEREAS, the Model 170E controller assemblies consisting of Model 170E controller units, and wired Model 332 cabinets and all auxiliary equipment are required to control the signal indications for full eight (8) phase signal operation, and

WHEREAS, the Model 170E Controller conforms to Traffic Signal Control Equipment Specification used by the State of California, and

WHEREAS, these units will be used to replace damaged units, as well as units which have been in use for over twenty (20) years at various City-wide locations, and

WHEREAS, by soliciting formal bids for six (6), Model 170E Controllers and Model 332 Cabinets, the Finance Department, Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Bids for six (6), Model 170E Controllers and Model 332 Cabinets for an estimated total cost of \$50,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of six (6), Model 170E Controllers and Model 332 Cabinets to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005 - 060**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
ISSUE FORMAL REQUEST FOR BIDS (RFB) FOR THE REBUILDING OF  
NINE (9), 1990 GILLIG/LIFT-U WHEELCHAIR LIFTS FOR AN ESTIMATED  
TOTAL COST OF \$76,500**

WHEREAS, the Public Works Department-Fleet Services has requested the purchase for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts, and

WHEREAS, the wheelchair lifts on our City of Modesto buses must be kept to the highest standards of repair and maintenance for the safety of our ADA customers, and

WHEREAS, the current lifts in our 1900 Gillig are the original lifts that were purchased with the buses, and

WHEREAS, the life cycle on these lifts average twelve (12) years and our lifts are now fourteen (14) years old, and

WHEREAS, due to solid preventive maintenance programs, we have been able to stretch the life of these lifts to the current fourteen-year point, and

WHEREAS, we closely watch the types of repairs that are becoming necessary and the overall annual motors types of failures, and

WHEREAS, all indicators are showing us that it is time to rebuild or replace the lifts, and the cost of the new lifts are generally double the cost of using a rebuild program,

WHEREAS, the rebuild program that is currently being offered by the original manufacturer of our lifts is the most cost effective option as it would bring the lifts back to the original manufactured specification with a full factory warranty, and

WHEREAS, funding for rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts is budgeted in account number 6540-480-5612-5600, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases that meet or exceed \$50,000 for material, equipment, or contractual services to be formally bid, and

WHEREAS, by soliciting formal bids for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts, the Finance Department, Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Supervisor to solicit formal Request for Bids (RFB) for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts for an estimated total cost of \$76,500 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of rebuilding nine (9), 1990 Gillig/Lift-U Wheelchair Lifts for an estimated total cost of \$76,500 to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-061**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO SOLICIT REQUEST FOR BIDS (RFB) FOR CONCRETE BOXES AND COVERS, AND CAST IRON COVERS AND FRAMES FOR A ONE-YEAR PERIOD, WITH AN ESTIMATED TOTAL ANNUAL COST OF \$75,000.00**

WHEREAS, various city departments have requested the purchase of concrete boxes and covers, and cast iron covers and frames, and

WHEREAS, the Finance Department, Central Stores Division is responsible for Maintaining inventory for concrete boxes and covers, and cast iron covers and frames (See Exhibit C) for use by all departments for Citywide projects, and

WHEREAS, the need and specifications for these materials have been developed over time through collaboration between Central Stores staff and division personnel requesting the said materials, and

WHEREAS, by soliciting competitive bids for concrete boxes and covers, and cast iron covers and frames, the Finance Department-Purchasing Division will comply with the Modesto City Code (MMC), Section 8-3.203, Formal Bid Procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal RFB for concrete boxes and covers, and cast iron covers and frames as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for concrete boxes and covers, and cast iron covers and frames for a one-year period (See Exhibit C) to be opened in the office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of

Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After bids are opened, they shall be tabulated and analyzed and a report submitted to the Council.

RESOLUTION NO. 2005-062**

**A RESOLUTION AMENDING THE 2004-2005 BUDGET TO RECOGNIZE AND  
APPROPRIATE AN ANONYMOUS DONATION IN THE AMOUNT OF \$28,000,  
FOR FISCAL YEAR 2004-2005**

WHEREAS, City Traffic Engineering staff received a request from a Modesto citizen, who would like to remain anonymous, to install a lighted crosswalk on Snyder Avenue at Saint Nicholas, and

WHEREAS, the citizen has committed up to \$28,000 for said equipment and installation of the lighted crosswalk, and

WHEREAS, a Capital Improvement Program (CIP) project titled, "Snyder Lighted Crosswalk," will be created in the amount of \$28,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the 2004-2005 Budget to recognize and appropriate an anonymous donation in the amount of \$28,000 for fiscal year 2004-2005, for the purchase of equipment and installation of a lighted crosswalk on Snyder Avenue at Saint Nicholas.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION AMENDING THE 2004-2005 CAPITAL IMPROVEMENT PROGRAM (CIP) TO INCLUDE THE “INSTALLATION OF A LIGHTED CROSSWALK ON SNYDER AVENUE AT SAINT NICHOLAS,” PROJECT USING FUNDS IN THE AMOUNT OF \$28,000 ANONYMOUSLY DONATED TO THE CITY OF MODESTO**

WHEREAS, City Traffic Engineering staff received a request from a Modesto citizen, who would like to remain anonymous, to install a lighted crosswalk on Snyder Avenue at Saint Nicholas, and

WHEREAS, the citizen committed up to \$28,000 for the equipment and installation of the lighted crosswalk, and

WHEREAS, the plan is to have the citizen purchase and provide the City with the lighted crosswalk equipment per City standards, and

WHEREAS, City Electrical staff will install the equipment, and

WHEREAS, the equipment and installation can be done for \$28,000 or less, and

WHEREAS, a CIP project titled, “Snyder Lighted Crosswalk,” will be created in the amount of \$28,000, and

WHEREAS, acceptance and appropriation of the donated funding in the amount of \$28,000 requires amending the City’s CIP to include this project, since it was not included at the time the CIP was considered for adoption, and

WHEREAS, staff recommends the City take advantage of the donated funds in the amount of \$28,000 to increase safety and encourage pedestrian use in this neighborhood, and

WHEREAS, the Economic Development Committee (EDC) at their December 13, 2004, meeting reviewed and concurred with staff's recommendation to install a lighted crosswalk on Snyder Avenue at Saint Nicholas.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the 2004-2005 Capital Improvement Program (CIP) to include the, "Snyder Lighted Crosswalk," CIP project using funds in the amount of \$28,000 anonymously donated to the City of Modesto,

BE IT FURTHER RESOLVED that City staff is hereby authorized to install the equipment for said lighted crosswalk with City crews,

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

RESOLUTION NO. 2005-064**

**A RESOLUTION GRANTING A TEMPORARY EXCEPTION TO THE  
MODESTO MUNICIPAL CODE (MMC) SECTION 4-5.10 PROHIBITING  
ADVERTISING BANNERS IN ORDER TO HANG A BANNER OVER I STREET  
FROM MARCH 7 THROUGH MARCH 11, 2005 CELEBRATING MODESTO'S  
25<sup>TH</sup> YEAR AS A TREE CITY USA**

WHEREAS, the Tree City USA program is conducted by the National Arbor Day Foundation in conjunction with the National Association of State Foresters, and

WHEREAS, to qualify as a Tree City in a given year, a jurisdiction must have a tree board or department responsible for tree care (and a tree ordinance establishing or designating such), have an urban forestry program supported by the spending of at least \$2 per capita and have a proclamation recognizing and celebrating Arbor Day, and

WHEREAS, this year (2005) marks Modesto's 25<sup>th</sup> year as a Tree City USA-designated community, and

WHEREAS, in the state of California, only six other cities have received this designation for more years than Modesto, and

WHEREAS, to celebrate this monumental anniversary, the Forestry Division proposes hanging a banner, and

WHEREAS, the proposed location for said banner is across I Street, between 8<sup>th</sup> and 9<sup>th</sup> Street, and

WHEREAS, the proposed banner, which will be 20-30 feet long and 2-1/2 feet tall, will be in place from March 7 through March 11, 2005, to coincide with Arbor Day, and

WHEREAS, the lettering on the proposed banner will read:

“Celebrating 25 years TREE CITY USA”, and

WHEREAS, Section 4-5.10 of the Modesto Municipal Code prohibits advertising devices from being stretched across City streets, and

WHEREAS, this temporary exception to the Modesto Municipal Code proclaims a monumental anniversary for the City, and

WHEREAS, this will be coordinated with the Downtown Improvement District and the Greater Modesto Tree Foundation, and

WHEREAS, the City has budgeted \$800 for the Tree City USA Banner in the Community Forestry Division, and

WHEREAS, the City will continue to seek funding partnerships, and

WHEREAS, at its meeting of January 10, 2005, the Economic Development Committee approved this request and further recommended approval to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby grants a temporary exception to MMC Section 4-5.10 prohibiting advertising banner in order for the City to hang a banner over I Street from March 7 through March 11, 2005, celebrating Modesto’s 25<sup>th</sup> year as a Tree City USA.

SOLICIT A REQUEST FOR PROPOSALS (RFPs) FOR ON-CALL  
ENGINEERING SERVICES FOR THE PUBLIC WORKS WASTEWATER  
COLLECTIONS DIVISION**

WHEREAS, the Wastewater Collections Division anticipates tasks that can be best accomplished with the maximum efficiency and effectiveness of outside consultant engineers providing targeted services, and

WHEREAS, last year, Wastewater Collection's engineering consultants combined with internal expertise, assisted in the thorough compilation of asset information on the City's sanitary sewage system final asset analysis, and

WHEREAS, a number of related, short-term projects are projected for the coming years which could involve numerous small projects ranging from trenchless technology to lift station efficiency analysis, and

WHEREAS, there is insufficient in-house staff to perform these On-call engineering services, and

WHEREAS, the Public Works Department desires to solicit a Request for Proposals (RFPs) for On-call engineering services for the Wastewater Collections Division for a one-year agreement, with four (4) one-year extension options, at an anticipated cost of \$44,000 per year, for outside consultant engineers to assist with short-term projects,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department to solicit RFPs for On-call

engineering services for the Wastewater Collections Division for a one-year agreement, with four (4) one-year extension options, at an anticipated cost of \$44,000 per year.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-066**

**A RESOLUTION APPROVING AN AMENDMENT TO AGREEMENT WITH  
DEL VALLE CAPITAL CORPORATION, INC. (DEL VALLE) TO ALLOW  
FINAL INSPECTION AND OCCUPANCY OF CERTAIN HOMES PRIOR TO  
COMPLETION AND ACCEPTANCE OF INFRASTRUCTURE  
IMPROVEMENTS IN GALAS BROTHERS UNIT NO. 1 AND UNIT NO. 2  
SUBDIVISIONS, AND AUTHORIZING THE ACTING CITY MANAGER OR  
HIS DESIGNEE TO EXECUTE THE AMENDMENT ON BEHALF OF THE  
CITY**

WHEREAS, the City entered into an agreement with Del Valle on December 23, 2003, which required Del Valle to complete necessary infrastructure prior to final inspection or occupancy of any home within the Galas Brothers Unit No. 1 and Unit No. 2 subdivisions, and

WHEREAS, due to unforeseen circumstances, Del Valle is unable to complete the necessary infrastructure improvements for the water system for several more months, and

WHEREAS, this delay is impacting Del Valle's ability to meet contractual obligations with third party home builders, and

WHEREAS, Del Valle has proposed an amendment to its Agreement with the City to allow for phasing in of the water infrastructure in order to allow for occupancy of a limited number of units prior to final infrastructure completion, and

WHEREAS, this amendment will allow Del Valle to meet commitments and obligations it has made to third party home builders while ensuring the City's infrastructure needs are minimally met, and

WHEREAS, due to time constraints, this item was not considered by a Council Committee, and

WHEREAS, the costs of the proposed "phased" improvements are estimated at \$136,000 and Del Valle has agreed to pay \$100,000 toward these improvements, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for an EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study No. EA/C&ED 2002-59 reviewed the proposed project to determine whether the project is within the scope of the Fairview Specific Plan EIR, and made the determination that the project will have no additional significant effect on the environment that was not identified in the EIR and, further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the EIR,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED 2002-59, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, and based on the substantial evidence included in said Initial Study, makes the following findings:

1. As per Section 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Fairview Village Focused EIR (SCH No. 95032006) and no new environmental document or findings are required by CEQA.
2. There are no substantial changes proposed in the project which will require major revisions to the Fairview Village Focused EIR.

3. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Fairview Village Focused EIR.
4. No new information of substantial importance, which was not known and could not have been known at the time the Fairview Village Focused EIR was certified as complete, has become available.
5. The Initial Study, Environmental Assessment EA/C&ED 2002-59, provides the substantial evidence to support findings 1-4 above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that, pursuant to Public Resources Code Section 21152, the Public Works Director or designee is hereby authorized and directed to file a Notice of Determination with the Stanislaus County Clerk within five (5) business days after the adoption of this Resolution.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Acting City Manager, or his designee, is hereby authorized to execute the Amendment to Agreement on behalf of the City.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25<sup>th</sup> day of January, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

City of Modesto  
Initial Study

**First Amendment to Development Agreement Between the City of Modesto  
and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle  
Capital Corporation, Inc.**

**EA/CDD 2002-59**  
October 30, 2002

**I. PURPOSE**

On December 12, 1995, the Modesto City Council certified the Final Focused Environmental Impact Report for the Fairview Village Specific Plan (SCH# 95032006). This Final Focused EIR analyzed the impacts of build-out of the Fairview Village Specific Plan, which includes the area in which this project is proposed.

Section 15182 of the CEQA Guidelines allows the Fairview Village Specific Plan Final Focused EIR to be used for subsequent projects, if the following findings can be made:

- A. No substantial changes are proposed in the project which will require major revisions of the environmental impact report.
- B. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report.
- C. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available.

The purpose of this Initial Study is to provide the substantial evidence for the above findings.

**II. PROJECT DESCRIPTION**

- A. Project title:  
First Amendment to Development Agreement Between the City of Modesto and Norman Galas, June Galas, Stanley Galas, Bonnie K. Galas and Del Valle Capital Corporation, Inc.
- B. Lead agency name and address:  
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:  
Steve Mitchell, Community Development Department, (209) 577-5287
- D. Project Location:  
The south side of Hatch Road west of Dezzani Lane and Ironside Drive.
- E. Project Sponsor:  
Del Valle Capital Corporation, 1012 Tenth Street, Modesto, CA 95354

- F. General Plan Designation:  
Village Residential (VR)
- G. Current Zoning:  
Specific Plan-Overlay (SP-O) Zone
- H. Description of Proposed Project:  
This is an amendment to the development agreement for the Galas Brothers vesting tentative subdivision map. The purpose of the development agreement is to extend the life of the tentative map to June 30, 2003, to provide a commitment to make available a percentage of the houses to low and moderate income families, and to provide a commitment to do storm drainage master planning.
- I. Surrounding land uses:  
The project is surrounded on the north by existing ranchettes, to the east by existing single-family homes, and to the south and west by agricultural land designated in the Specific Plan for residential development.
- J. Other public agencies whose approval is required:  
None

**III. ANALYSIS OF CONFORMANCE WITH SECTION 15182 FINDINGS**

- A. No substantial changes are proposed in the project which will require major revisions of the environmental impact report

Following is an analysis of how there are no substantial changes proposed in the project which would require major revisions of the Fairview Village Specific Plan Final Focused EIR:

**1. Traffic and Circulation Needs**

Impacts to traffic and circulation are discussed on pages 18 through 42 of the Fairview Village Specific Plan Final Focused EIR. The approved subdivision is consistent with the Fairview Village Specific Plan in land use and intensity, and will have access to adjacent streets consistent with the Specific Plan. This development agreement will not affect the traffic and circulation design of the subdivision. Therefore, the traffic generation from this development is consistent with the assumptions in the EIR, and there would be no change needed to this section of the EIR.

**2. Degradation of Air Quality**

Impacts to air quality are analyzed on pages 43 through 47 of the Fairview Village Specific Plan Final Focused EIR. Air quality impacts are directly related to traffic impacts for this project, as automobile exhaust emissions account for the vast majority of impacts to air quality in a residential development. Since the traffic impacts are consistent with those analyzed in the EIR, the air quality impacts are also consistent with those analyzed in the EIR.

**3. Noise**

Noise impacts are analyzed on pages 48 through 54 of the Fairview Village Specific Plan Focused EIR. The Galas Brothers subdivision is consistent with the Fairview Village Specific Plan in land use and intensity, and will have sound a wall along Hatch Road. The development agreement does not affect the land use, intensity or layout of the subdivision. Therefore, there would be no change needed to this section of the EIR.

**4. Loss of Productive Agricultural Land**

Loss of productive agricultural land is analyzed on pages 55 through 59 of the Fairview Village Specific Plan Focused EIR. The Galas Brothers subdivision is consistent with the Specific Plan in land use and intensity. Therefore, there would be no additional impacts to agricultural land with this development agreement, and no change needed to this section of the EIR.

**5. Loss of Sensitive Wildlife and Plant Habitat**

Impacts to sensitive wildlife and plant habitat are analyzed on pages 60 through 64 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use, intensity and physical location. Therefore, there would be no additional impacts to sensitive wildlife and plant habitat with this development agreement, and no change needed to this section of the EIR.

**6. Disturbance of Archaeological or Historical Sites**

Impacts to cultural resources are analyzed on pages 65 through 68 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use, intensity and physical location. Therefore, there would be no additional impacts to cultural resources with this development agreement, and no change needed to this section of the EIR.

**7. Increased Demand for Schools**

Demand for schools is analyzed on pages 69 through 73 of the Fairview Village Specific Plan Focused EIR. It concluded that demand for schools would be mitigated by collection of fees by the affected school districts. Since this project would be required to pay these fees, this conclusion remains valid, and no changes are needed to this section of the EIR.

**8. Generation of Hazardous Materials**

Generation of hazardous materials is analyzed on pages 74 through 76 of the Fairview Village Specific Plan Focused EIR. The subdivision is consistent with the Specific Plan in land use and intensity. Because this development agreement would not affect the land use and intensity of the subdivision, no changes are needed to this section of the EIR.

- B. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the environmental impact report

The Fairview Village Specific Plan Focused EIR was certified by the Modesto City Council on

December 12, 1995. In the period since then, there has been no significant development in the surrounding area, and physical conditions affecting the subdivision have not changed significantly since then. Therefore, there have been no substantial changes with respect to the circumstances under which this project is being undertaken which will require major revisions in the Fairview Village Specific Plan Focused EIR or General Plan Master EIR.

- C. No new information, which was not known and could not have been known at the time the environmental impact report was certified as complete, becomes available

The Fairview Village Specific Plan Focused EIR was certified by the Modesto City Council on December 12, 1995. Since then, there is no new information, which was not known at the time the Fairview Village Specific Plan Focused EIR was certified, has become available, that would change the conclusions of the EIR.

#### **IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS**

- A. There are no substantial changes proposed in the project which will require major revisions of the Fairview Village Specific Plan Focused EIR.
- B. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Fairview Village Specific Plan Focused EIR.
- C. No new information, which was not known and could not have been known at the time the Fairview Village Specific Plan Focused EIR was certified as complete, has become available.
- D. This initial study provides substantial evidence to support findings A, B and C, above.

Principal Planner

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-067**

**RESOLUTION ACCEPTING THE WORK BY INDUSTRIAL ELECTRICAL CO., FOR THE “EMERGENCY POWER ADDITION AT WATER WELLS 25, 43, 225, 282, 298, 299, 302, AND 313” PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$601,355 PER THE CONTRACT. TOTAL PROJECT COST IS \$680,524**

WHEREAS, a report has been filed by the Public Works Director that the project titled “Emergency Power Addition at Water Wells 25, 43, 225, 282, 298, 299, 302, and 313” has been completed by Industrial Electrical Co., in accordance with the contract agreement dated May 11, 2004.

NOW, THEREFORE, BE IT RESOLVED that the “Emergency Power Addition at Water Wells 25, 43, 225, 282, 298, 299, 302, and 313” project be accepted from said contractor, Industrial Electrical Co., that the Notice of Completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$601,355, as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-068**

**A RESOLUTION APPROVING THE FINAL MAP OF THE KODIAK VILLAGE I SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, OF THE CITY OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH MERITAGE HOMES OF CALIFORNIA, A CALIFORNIA CORPORATION**

WHEREAS, MERITAGE HOMES OF CALIFORNIA, INC., a California Corporation, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 38.97 acres, known as the KODIAK VILLAGE I SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on December 4, 2003, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 15<sup>th</sup> day of December, 2003, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the

City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-069**

**A RESOLUTION APPROVING AN AMENDMENT TO THE COFFEE/  
CLARATINA SPECIFIC PLAN TO CHANGE THE LAND USE DESIGNATION  
OF APPROXIMATELY TEN ACRES LOCATED EAST OF MCHENRY  
AVENUE AND SOUTH OF THE CLARATINA EXPRESSWAY FROM  
REGIONAL COMMERCIAL (RC) TO RESIDENTIAL (R). (RESOURCE  
DEVELOPMENT)**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on June 2, 1998, the City Council by Resolution No. 98-294 adopted the Coffee/Claratina Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, on November 16, 1999, the City Council by Resolution No. 99-565 adopted Amendment No. 1 to the Coffee/Claratina Specific Plan to allow for Mixed Uses along Coffee Road, and

WHEREAS, Resource Development has filed an application to amend the Coffee/Claratina Specific Plan (File No. P-SPA-04-003) to redesignate approximately ten acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), and

WHEREAS, the proposed project was referred to affected agencies in accordance to California Government Code Sections 65352 and 65453 (a), and

WHEREAS, on December 20, 2004, the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary relating to this proposed amendment to the Coffee/Claratina Specific Plan was considered, and

WHEREAS, after said public hearing held on December 20, 2004, the Planning Commission adopted Resolution No. 2004-72, recommending to the City Council an amendment to the Coffee/Claratina Specific Plan to redesignate approximately ten acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), and

WHEREAS, said matter was set for a public hearing of the City Council to be held on January 25, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed amendment to the Coffee/Claratina Specific Plan, and

WHEREAS, concurrent with consideration of this proposed amendment to the Coffee/Claratina Specific Plan, the City Council received and considered an Initial Study (EA/C&ED No. 2004-70) and adopted Resolution No. 2005- xx finding that the proposed Amendment is within the scope of, and conforms to the City's Master Environmental Impact Report.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby considers the proposed amendment to the Coffee/Claratina Specific Plan to redesignate approximately ten acres located east of McHenry Avenue and south of

Claratina Avenue from Regional Commercial (RC) to Residential (R) and makes the following findings:

1. The project is consistent with the Modesto Urban Area General Plan, because it meets the Amendment Criteria set forth in Section II-C (4) of the General Plan in that the site is in an appropriate location for single residential development in that commercial development has access limitations, it is compatible with nearby residential development, traffic circulation and air quality impacts will be reduced, it will not affect land designated as Open Space in the General Plan, and public services and facilities can be provided.
2. The project is consistent with the intent of the Coffee/Claratina Specific Plan.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Coffee/Claratina Specific Plan is hereby amended to read as shown on Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this Specific Plan Amendment (File No. SPA-04-003). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

## EXHIBIT "A"

### COFFEE-CLARATINA SPECIFIC PLAN, PROPOSED AMENDMENTS

#### Page 1-1

1. ~~130~~ 125 acres designated "residential" for a maximum of ~~1,000~~ 1,100 dwelling units.
2. ~~40~~ 30 acres designated "regional commercial".
3. 15 acres of "Mixed Community Commercial" is allowed along Coffee Road.
4. Implementing adopted City General Plan policies.

#### Page 1-3

\_\_\_\_\_ See attached new Figure 2.

#### Page 2-2

\_\_\_\_\_ See attached new Figure 4

#### Page 2-3

**a. Residential (R).** The R designation accommodates single family residential uses. The maximum permitted number of units for the entire Specific Plan area shall be ~~1,000~~ 1,100 as set forth in the Modesto Urban Area General Plan. Areas designated R utilize the City's R-1 zone as its development regulations with the following exceptions: Lot sizes smaller than 5,000 square feet and senior housing facilities, as an example, are permitted as long as the ~~1,000~~ 1,100 dwelling unit maximum is not exceeded. Churches, parks and school sites can develop residentially and are consistent with this category. ....

#### Page 2-4

**d. Regional Commercial (RC).** The regional commercial designation applies to ~~40~~ 30 acres, including the area within the Hetch-Hetchy R.O.W., located along McHenry Avenue (State Hwy. 108) to join the established commercial uses on McHenry Avenue. Land use and development standards shall be as set forth in the City's C-3 zoning designation contained in Article 12 of the Modesto Zoning Ordinance. Performance standards deemed necessary by the commission shall be required at that time.

### 1. Sanitary Sewer Service (See Figure 6)

The existing 18" subtrunk sewer main at Coffee Road and Sylvan Meadows Drive will be utilized to serve the North Beyer Park Plan Area. A sewer lift station will be installed in order to obtain the depth required to accommodate the expected construction and build-out of the Plan Area. A "sub-trunk" sewer line has been extended from the pump station north up Coffee Road to the proposed Claratina Expressway, and then east down the Expressway to serve the North Beyer project and west to serve the Coffee/Claratina Area through the Specific Plan area as shown on Figure 6. The pump station and the eight-inch sewer line and twelve-inch "sub-trunk" sewer system in Grecian Avenue and Coffee Road have been sized to serve both the North Beyer Park Plan Area and the Coffee/Claratina Plan Area. The "sub-trunk" system and sewer lift station and force main shall be funded by the City with fees collected for that purpose.

A 10" sanitary sewer line exists in McHenry Avenue, terminating at Coralwood Avenue. However, this line does not have adequate capacity to serve the regional commercial area according to the 1995 Wastewater Master Plan. Sewer service to the Regional Commercial Area shall be provided with the extension of the line in Claratina Avenue which shall also be constructed to serve the balance of the Specific Plan Area. If capacity is available, sewer connection to this line in McHenry Avenue may be an alternative to connecting to the sewer line in Grecian Avenue to serve west portion of the Specific Plan area.

### 2. Storm Drainage (See Figures 8 and 8A)

A positive storm drainage system comprised of catch basins, pipelines and storm drain basins is proposed to serve this project (see Figure 8). The storm drain basins will be incrementally constructed as development occurs. The storm drain collection system and basins will be designed in accordance with the City of Modesto Standards and specifications. Exact locations may vary, depending on sub-area annexation to the City. The storm drain basin in the west half will serve the Regional Commercial, Residential and the Modesto Mobilehome Park (Sub-Areas A & B1), and be installed incrementally with the development of the Regional Commercial Area. In the east half the basin will be fully installed prior to any residential or Mixed Community Commercial development and serve Sub-Areas B2 and C.

### 3. Water (See Figure 7)

City water service will be provided to the entire plan area through connection and extensions of the existing water 12" main in Claratina Avenue, west of Coffee Road. The existing 12" water main and a 24" transmission water main which lie in Claratina

Avenue are part of a larger looped water system designed to serve the entire Plan Area. Water system should be looped to tie in with existing water lines in Dragoo Park Drive and Drakeshire Drive. All private wells located on any individual parcel slated for development shall be abandoned and capped at the time of development, in accordance with the City of Modesto, Stanislaus County and Department of Health Service Standards. In 2004, Public Works Department required a water capacity study to determine the best water source for undeveloped portions of the specific plan area. The water study may require that future development may be required to pay its fair share of any new water source.

**Page 3-10**

See attached new Figure 6.

**Page 3-11**

See attached new Figure 7.

**Page 3-12**

See attached new Figure 8.

**Pages 4-3 through 4-5**

3. Infrastructure to Serve Sub-area B<sub>1</sub>.

Sub-area B<sub>1</sub> is proposed to be developed as ~~28~~ 18 acres net of regional commercial and ~~30~~ 40 acres net of Residential.

- a. *Sewer service for Sub-area B<sub>1</sub> will be provided by the sewer line in ~~Claratina~~ Grecian Avenue extended from Coffee Road as shown in Figure 6.*
- b. *Water Service will be provided to Sub-area B<sub>1</sub> from water lines proposed in Claratina Avenue, Grecian Avenue, and/or existing McHenry Avenue. Prior to development of Sub-area B<sub>1</sub>, the City of Modesto Department of Public Works will determine the most appropriate method for provision of water service. In 2004, Public Works Department required a water capacity study to determine the best water source for undeveloped portions of the specific plan area. The water study may require that future development may be required to pay its fair share of any new water source.*
- c. *One storm drainage basin of approximately 10 to 11 acre feet of capacity will be installed in Sub-area B<sub>1</sub>, sized to provide storm drainage facilities for both Sub-area B<sub>1</sub> and Sub-area A. This basin will be constructed so that it can ultimately be connected to a regional basin via trunk lines in Claratina Avenue (see Figures 8*

~~and 8A), and reclaimed for development. The location of the storm drainage facility will be set with the first development proposal in Sub-area B<sub>1</sub> is on the north side of Grecian Avenue north of Family Lane. This basin shall be installed in its entirety with the first development in Sub-area B<sub>1</sub>. As of 2004, about half of the basin has been installed and the remaining half shall be installed with any additional development in Sub-area B<sub>1</sub>. The expanded basin will need further modifications to serve Sub-area A to meet current standards. Storm drainage facilities will be appropriately sized and ultimately constructed to the east/west collector roadway so that, at the appropriate time, connection to the facilities may be made by Sub-area A.~~

d. ~~With the additional development of Sub-area B<sub>1</sub>, signalization of the new project collector road Grecian Avenue/McHenry Avenue intersection will be required prior by the City Transportation Traffic Division in coordination with Caltrans to the time at which that intersection would degrade to less than a Level of Service D. The developer's options will be:~~

(1) to install the signal with the first phase of development if

signal warrants are met, or

(2) to satisfy the city traffic department, with appropriate traffic analysis, that the intersection will not degrade below level of Service D with the proposed development without the installation of the signal.

e. Prior to any new final entitlement approvals in Sub-area B<sub>1</sub>,

appropriate right-of-way shall be provided/dedicated at the intersection of McHenry Avenue and Claratina Avenue consistent with the plan line for an Urban Interchange.

Ultimate traffic signals shall be installed at the intersections of McHenry Avenue and Claratina Avenue as determined by the Urban Interchange design, and Claratina Avenue and Coffee Road, when the signals warrants are met, in consultation with the City of Modesto Transportation Traffic Division.

f. ~~Any development beyond 30 acres of the regional commercial area will require the project collector road to be completed for its entire length. As of 2004, Grecian Avenue, a collector road, extends from~~

~~McHenry Avenue to the easterly boundary of Sub-area B<sub>1</sub>, and then up Lifescape Drive extends north off Grecian Avenue to the right-in/right-out connection at Claratina Avenue. The geometries of the connection to Claratina Avenue will be established in consultation with the City of Modesto Transportation Division and will most likely be constructed as an interim improvement prior to full construction of Claratina Avenue.~~

~~g. At the time of development of Sub-area B<sub>1</sub>, additional rights-of-way for McHenry Avenue or Claratina Avenue, fronting the area proposed for development, will be dedicated consistent with City standards. Additional dedication may be required along McHenry Avenue to allow for the construction of dual left turn lanes.~~

~~H g. The intersection of the new east-west collector street Grecian Avenue with McHenry Avenue will include a minimum of two receiving lanes, two left turn lanes and one right turn lane is currently developed to allow only right turns in and out of Grecian Avenue. At the time of the review of any specific development request, the City of Modesto Transportation Division will evaluate whether another right turn lane is needed and Caltrans will determine if access on Grecian Avenue needs to be modified.~~

4. Infrastructure to serve Sub-area B<sub>2</sub>.

e. Prior to any new final entitlement approvals in Sub-area B<sub>1</sub>, appropriate right-of-way shall be provided/dedicated at the intersection of McHenry Avenue and Claratina Avenue consistent with the plan line for an Urban Interchange.  
Ultimate traffic signals shall be installed at the intersections of McHenry Avenue and Claratina Avenue as determined by the Urban Interchange design, and Claratina Avenue and Coffee Road, when the signals warrants are met, in consultation with the City of Modesto Transportation Traffic Division.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-070**

**A RESOLUTION APPROVING AN AMENDMENT TO THE MODESTO URBAN  
AREA GENERAL PLAN TO CHANGE THE LAND USE DESIGNATION OF  
APPROXIMATELY TEN ACRES LOCATED EAST OF MCHENRY AVENUE AND  
SOUTH OF THE CLARATINA AVENUE FROM REGIONAL COMMERCIAL  
(RC) TO RESIDENTIAL (R). (RESOURCE DEVELOPMENT)**

WHEREAS, a General Plan for the City of Modesto entitled “City of Modesto Urban Area General Plan”, was adopted by the City Council by Resolution No. 95-409 on August 15, 1995, in accordance with Section 65300 of the Government Code, and

WHEREAS, on August 15, 1995, prior to the adoption of the City of Modesto Urban Area General Plan, by Resolution No. 95-408, the City Council certified the Final Master Environmental Impact Report (“MEIR”) for the Urban Area General Plan (SCH No. 92052017), and

WHEREAS, Government Code Section 65358 permits the amendment of General Plans by the legislative body up to four times per year, and

WHEREAS, said General Plan has been amended by Modesto City Council Resolution Nos. 95-584, 96-20, 96-338, 96-639, 97-3, 97-137, 97-158, 98-293, 99-162, 99-564, 2000-303, 2000-633, 2001-47, 2001-476, 2002-154, 2002-526, 2003-101, and 2003-122 copies of which are on file in the office of the City Clerk, and

WHEREAS, the General Plan has not been amended this year, and

WHEREAS, Resource Development has applied for an amendment to the Modesto Urban Area General Plan (File No. P-GPA-04-002) to redesignate approximately 10 located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), and

WHEREAS, the proposed project was referred to affected agencies in accordance to California Government Code Section 95352, and

WHEREAS, the Community and Economic Development Department has analyzed the proposed amendment and determined that said proposed amendment meets the Amendment Criteria set forth in Section II-C (4) of the General Plan and concluded that the site is in an appropriate location for single residential development in that commercial development has access limitations, it is compatible with nearby residential development, traffic circulation and air quality impacts will be reduced, it will not affect land designated as Open Space in the General Plan, and public services and facilities can be provided, and

WHEREAS, on December 20, 2004, the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, relating to this proposed amendment to the Modesto Urban General Plan Land Use Diagram, and

WHEREAS, the Planning Commission agreed with the recommendation of the Community and Economic Development Department to change the land use designation, and

WHEREAS, after said public hearing, the Modesto City Planning Commission adopted Resolution No. 2004-72, recommending to the City Council an amendment to the Modesto Urban General Plan Land Use Diagram and Community Development Policies Section, Exhibit III-3, Coffee/Claratina Comprehensive Planning District to re-designate approximately ten acres east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), and

WHEREAS, said matter was set for a public hearing of the City Council to be held on January 25, 2005, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 10th Street, Modesto, California, at which date and time said duly noticed public hearing of the Council was held for the purpose of receiving public comment on the proposed amendment to the Modesto Urban General Plan Land Use Diagram, and

WHEREAS, concurrent with consideration of this proposed General Plan Amendment, the City Council received and considered an Initial Study (EA/C&ED No. 2004-70) and adopted Resolution No. 2005- xx finding that the proposed Amendment is within the scope of, and conforms to the City's Master Environmental Impact Report.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed amendment to the Modesto Urban General Plan Land Use Diagram to re-designate ten acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R) is in the public interest and is required for the public health, safety and welfare of the citizens of Modesto and said General Plan is hereby amended to read as shown on Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the General Plan to the Board of Supervisors of the County of Stanislaus, within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and

all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this General Plan Amendment (File No. P-GPA-04-002). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**EXHIBIT "A"**

**MODESTO URBAN AREA GENERAL PLAN AMENDMENT  
GENERAL PLAN EXHIBIT III-3  
COFFEE/CLARATINA  
COMPREHENSIVE PLANNING DISTRICT AMENDMENTS**

**EXHIBIT A**  
**General Plan Exhibit III-3**  
**COFFEE/CLARATINA**  
**COMPREHENSIVE PLANNING DISTRICT AMENDMENTS**

1. Overview

This 170-acre Comprehensive Planning District is essentially an extension of the existing residential development pattern to the south.

2. Principal Comprehensive Planning District Policies

The Comprehensive Plan to implement this Comprehensive Planning District shall address the Principal Comprehensive Planning District Policies presented in this Chapter.

3. Land Use Description

a. Land Use Types: (See Section III-B)

- ~~130~~ 140 acres designated "Residential"
- ~~40~~ 30 acres designated "Regional Commercial"

b. Distribution of Land Uses Within the CPD:

The Regional Commercial should be located along McHenry Avenue to join the established commercial uses on McHenry Avenue.

4. Land Use Policies

a. Implementation of Adopted Land Use Policies:

The Comprehensive Plan to implement this Comprehensive Planning District shall address the Land Use Policies presented earlier in this Chapter, as follows:

- (1) Overall Land Use Policies (Section III-C(1))
- (2) "Neighborhood Plan Prototype" Policies (Section III-C(2))

b. Supplemental Land Use Policies:

In addition, the Comprehensive Plan shall also address the following land use policies which apply to this particular Comprehensive Planning District:

- (1) Notwithstanding the land use intensities presented in Section III-B, this Comprehensive Planning District shall contain a maximum of ~~1,000~~ 1,100 dwelling units.
- (2) Development in this Comprehensive Planning District should be considered an extension of the existing development immediately to the south.

c. Housing Policy Implementation:

The Comprehensive Plan which implements this Comprehensive Planning District shall address the relevant Housing Policies presented in Chapter IV for the residentially-designated portion of this Comprehensive Planning District.

5. Provision of Public Facilities and Services:

The Comprehensive Plan to implement this Comprehensive Planning District shall address the public facilities and services policies presented in Chapter V. In addition, the Comprehensive Plan shall also address the following policies which apply to this particular Comprehensive Planning District:

- a. This Comprehensive Planning District will be served by a subtrunk in Coffee Road that ties into the existing sanitary sewer system. The west portion of the specific plan area may have to connect to the existing sewer line on McHenry Avenue.

6. Mitigated Negative Declaration:

General Plan Policy III(D)(1)(g) specifically exempts the Coffee/Claratina Specific Plan from the requirement to prepare a Focused EIR. CEQA review for this Comprehensive Planning District shall be satisfied by a Mitigated Negative Declaration prepared pursuant to Section 2115.71 of CEQA.

The Mitigated Negative Declaration for this Comprehensive Planning District shall consider the following issues identified in the Master Environmental Impact Report for the General Plan:

- a. A total of ~~1,000~~ 1,100 dwelling units was assumed for this Comprehensive Planning District.
- b. A total of ~~1340~~ 1,005 employees was assumed for this Comprehensive Planning District.

7. Special Considerations Unique to this Comprehensive Planning District:

None.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-071**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AN AMENDMENT TO THE MODESTO URBAN AREA GENERAL PLAN AND THE COFFEE/CLARATINA SPECIFIC PLAN TO CHANGE THE LAND USE DESIGNATION OF APPROXIMATELY TEN ACRES LOCATED EAST OF MCHENRY AVENUE AND SOUTH OF THE CLARATINA EXPRESSWAY FROM REGIONAL COMMERCIAL (RC) TO RESIDENTIAL (R). (RESOURCE DEVELOPMENT)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Resource Development has filed an application to amend the Modesto Urban Area General Plan (File No. P-GPA-04-002) and Coffee/Claratina Specific Plan (File No. P-SPA-04-003) to redesignate approximately 10 acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to review of subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2004-70 reviewed the proposed

amendment to the Modesto Urban Area General Plan and Coffee/Claratina Specific Plan to redesignate approximately ten acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R) (collectively “Projects”) to determine whether the Projects are within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and made the determination that the proposed Projects will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed Projects are within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on January 1, 2005, the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed Projects conform with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on January 25, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study (EA/C&ED No. 2004-70) prepared for the proposed amendments to the Modesto Urban Area General Plan and Coffee/Claratina Specific Plan to redesignate approximately 10 acres located east of McHenry Avenue and south of Claratina Avenue from Regional Commercial (RC) to Residential (R), a copy of which is attached hereto as Exhibit “A”, and incorporated herein by reference. Based on the substantial evidence included in said Initial Study the City Council hereby makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study (EA/C&ED No. 2004-70) was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study (EA/C&ED No. 2004-70), the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b. No new or additional mitigation measures or alternatives are required.
  - c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**City of Modesto  
Master EIR Initial Study Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the proposed Planned Development for new single family homes is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect by the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: General Plan Amendment, Specific Plan Amendment, and Vesting Tentative Subdivision Map to develop single family homes
- B. Address or Location: Southeast corner of McHenry Avenue and Claratina Avenue
- C. Applicant: Resource Development, 2020 Standiford Avenue, Bldg D-5, Modesto, Ca. 95355
- D. City Contact Person: Paul Liu

Project Manager: Paul Liu  
Department: Community and Economic Development Department  
Phone Number: (209) 571-5540  
E-mail address: pliu@modestogov.com

- E. Current General Plan Designation(s): (RC) Regional Commercial and (R) Residential
- F. Current Zoning Classification(s): Specific Plan-Overly (SP-O) Zone, with underlying zoning of (C-3) Highway Commercial and (R-1) Low Density Residential

G. Surrounding Land Uses: North: Commercial, Vacant, Churches, and Residential  
South: Single Family Residential  
East: Single Family Residential  
West: Vacant

H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The site is about 20.6 acres located on the southeast corner of McHenry Avenue and Claratina Avenue. This is an application for a General Plan Amendment and a Specific Plan Amendment to redesignate the center 10 acres from Regional Commercial to Residential. A tentative subdivision map would follow to create new single family lots. The tentative map would be covered by this environmental document if it is consistent with the amended Specific Plan. The west 9.2 acres and the east 1.4 acres will remain the unchanged.

I. Other Public Agencies Whose Approval is Required:

None

### III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)

1. X Within the Scope - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
  - c) The project is within the scope of the MEIR
- E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2.      **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:
- A. The type of project is described in Chapter II of the Master EIR.
  - B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
  - C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.
3.      **Focused EIR Required**- On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:
- A. The type of project is described in Chapter II of the Master EIR.
  - B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
  - C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Paul Lin  
Project Manager

Associate Planner 12/10/04  
Title Date

**4. Within the Scope Analysis of this Document:**

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.         | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources outside of the scope of the information identified in the Master EIR. | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | X   | <input type="checkbox"/> |

**5. Currency of the Master EIR Document**

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any no response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | X   | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: . | X   | <input type="checkbox"/> |
| (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.  | X   | <input type="checkbox"/> |

- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

#### IV. ENVIRONMENTAL ANALYSIS

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

##### 1. TRAFFIC AND CIRCULATION

###### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, Mitigation Measures Applied to Project.

Discussion: No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

	YES	NO
(1) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR.		X

Where a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study will recommend new, project-specific mitigation measures. Where the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study will be required that will include off-site traffic impact analysis.

	YES	NO
(2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).	<input type="checkbox"/>	X
(3) Result in inadequate emergency access.	<input type="checkbox"/>	X
(4) Result in inadequate parking capacity.	<input type="checkbox"/>	X

Discussion:

- (1) The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. The daily and peak hour trips will be less with the change of 10 acres from commercial to residential. The entire 20.6 acre project site is currently designated for Highway Commercial (C-3) development. The site could be developed with an estimated 207,000 square feet of commercial uses and generate about 7,629 new daily trips.

The proposal to change 10 acres to R-1, Low Density Residential could provide for approximately 61 single-family and the remaining commercial site could develop with up to 92,000 square feet of commercial uses and generate combined total of 5,071 daily trips. The estimated total daily trips would be fewer daily trips than is current designation.

No traffic study is required. The applicant is working with Caltrans to review the traffic implications on McHenry Avenue, State Road 108, due to the land use change. Caltrans concurred for the traffic review to be completed prior to approval of the tentative subdivision map where any needed condition would be appropriately required.

- (2) The project does not substantially increase hazards due to a design feature.
- (3) The City's Standards for emergency access will be accommodated by this project.
- (4) The project meets City Standards with regard to parking.

## 2. AIR QUALITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

Discussion: Mitigation Measures appropriate to this project include: AQ-17, Reduce Construction Impacts.

**c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.		X
(1) The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	X
(2) The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(4) The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	X
(5) The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	X

Discussion:

- (1) The project for up to 61 single-family dwellings will not exceed the emissions thresholds. Emissions will be less compared to the alternative of 10 acres of commercial development.
- (2) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measure above).
- (3) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measure above).
- (4) The project is not a significant contributor to pollution levels in that it is a subdivision for residential development. PM10 emissions created through the construction phase will be mitigated as called for by the MEIR by the measures listed above.
- (5) The residential subdivision should not produce objectionable odors.

### 3. NOISE

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

##### Discussion:

The project site is located within the Ldn 65 contour from Claratina Avenue and the developer will have to demonstrate that the proposed development will incorporate measures to reduce noise impacts to less-than-significant level. The Coffee/Claratina Specific Plan includes a requirement of an eight-foot high masonry wall along Claratina Avenue and to reduce second story noise levels to less than 45 CNEL, noise mitigating window assemblies shall be required for windows facing Claratina.

Mitigation Measures appropriate to this project include: N-4, N-5, and N-6.

#### c. Project-Specific Effects

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.	<input type="checkbox"/>	X
(2) The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(3) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	X

- (4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.  X

Discussion:

- (1) The City's noise policy is incorporated into the conditions of approval as a mitigation measure. The adopted Specific Plan includes some conditions to address the interior noise level.
- (2) The project is consistent with what the General Plan assumed for the site both in land use and intensity and is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline developed area and required by the Coffee/Claratina Specific Plan, are incorporated into the conditions of approval for the project.
- (3) The only permanent noise levels produced by the project would be associated with traffic. The traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. The noise mitigation measures called for by the General Plan are incorporated into the conditions of approval for the project.

**4. AGRICULTURAL LANDS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

**b. Master EIR and/or New Mitigation Measures Pertinent to the Project**

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:

There are no mitigation measure applicable to this project.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (2) The project will directly result in the development of land outside the March 2003 planning area boundaries.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.  | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- (1) Chapter IV Environmental Analysis, Section 4 Loss of Agricultural Land discusses the expected impacts due to the loss of agricultural land from the development of the General Plan. The project site is designated as prime agricultural land. On Page IV-4-13, the General Plan MEIR recognizes that loss of agricultural land is a significant and unavoidable impact under CEQA, even with the adoption of all feasible mitigation measures. Overriding consideration findings have been adopted for the General Plan.
- (2) The March 2003 planning area includes the subject property within its boundaries.
- (3) The project site is not zoned for agriculture, nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses.

**5. WATER SUPPLY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   |                          | X  |
| (2) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

- (2) Sufficient water supplies are available to serve the proposed development. Public Works Department is requiring the developer to provide water capacity study to determine the best water source for this project. The water study must be completed prior to consideration of the subdivision map. The applicant has agreed to the findings of the water study that may include a requirement that the project pays its fair share of any new water source.

## 6. SANITARY SEWER SERVICES

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less-than-significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### Discussion:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   |                          | X  |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) Public Works Department has determined that sewer service can be provided by connecting to the existing sewer line in Grecian Avenue that travels east to Coffee Road and a lift station. An alternative connection would be to the existing line in McHenry Avenue at Corralwood Road.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21 of the MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-7.B of the MEIR and provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR as supplemented by the FEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species.	<input type="checkbox"/>	X
(3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) Chapter IV Environmental Analysis, Section 7 Loss of Sensitive Wildlife and Plan Habitat discusses the expected impacts due to the loss of sensitive wildlife and plan habitat related to the development of the General Plan. Figure 7-1 contains potential biological resource study areas within the General Plan. This project does not fall within one of these areas. Further, the General Plan states that all impacts to sensitive wildlife and plan habitat can be mitigated. This project is a subsequent project under the General Plan and is not within a significant biological resource area.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:

Mitigation Measures applicable to this project include: AH-8 and AH-12, Master EIR.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR as supplemented by the FEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

## 9. STORM DRAINAGE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less-than-significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### Discussion:

Mitigation measures appropriate to this project include: SD-7, MEIR.

### c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | X  |
| (3) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project proposes to increase the impervious surface. However, it should be designed to meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City and applied to the project as a Mitigation Measure. With the application of the appropriate mitigation, the effect will be less than significant. The project will expand the existing storm drainage basin at the east end of the project site consistent with city requirements. The entire 20.6 acre project site will be adequately served by this expansion.
- (3) The project will contribute additional water runoff. However, with the application of the mitigation measures called for in the conditions of approval of the project, the effect will be less than significant.

**10. FLOODING AND WATER QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of

permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:

The site is not located within the 100-year flood zone. Mitigation measures appropriate to this project include: FWQ-14, MEIR.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR as supplemented by the FEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the General Plan Designation for the site both in land use and intensity.
- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) Mitigation Measures as called for by FWQ-14 will be applied to the project so that the project will comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff. The appropriate mitigation measures will be applied to the project.

## 11. PARKS AND OPEN SPACE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less-than-significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less-than-significant.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR as supplemented by the FEIR

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  X

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity. The eight-acre Coffee/Claratina Park is developed within the specific plan area with a dual use as a storm basin site.

**12. SCHOOLS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

Discussion:

The project will be made to comply with SB 50 as required by the MEIR.

### c. Project-Specific Effects

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools. | <input type="checkbox"/> | X  |

#### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project addresses compliance with SB 50/Proposition 1A funding provisions as required by the MEIR.

### 13. POLICE SERVICES

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less-than-significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**14. FIRE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less-than-significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less-than-significant.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project, are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project will be meets City Standards for emergency services access.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

**16. HAZARDOUS MATERIALS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR as supplemented by the FEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X
(3) The project contains a contaminated site not identified as of March 2003.	<input type="checkbox"/>	X
(4) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	X
(5) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.

- (2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste. It is a residential subdivision.
- (5) The project would not be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

## 17. LANDSLIDES AND SEISMIC ACTIVITY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less-than-significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less-than-significant.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### Discussion:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. There are no areas identified in the MEIR that are considered unstable or have the potential to become unstable and result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse.

## 18. ENERGY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less-than-significant.

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

Discussion:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | X  |

Discussion:

- (1) The project proposes a General Plan amendment of 10 acres to be changed from Regional Commercial to Residential. The 20-acre project site has access difficulties for regional commercial development due to Claratina Avenue, an expressway, to the north and McHenry Avenue, a State road, to the west. This intersection is designated as an urban interchange with a considered design having Claratina Avenue with a grade separated overpass across McHenry Avenue. The City of Modesto has hired a consultant to design the interchange and the design should be completed before the map the considered. The standards discourage access on Claratina although there have been discussion right in and out possibilities. Access to McHenry may also be limited to right in and out only. As a result, the proposed residential use is a better suited use due to the limited access.

- (2) The proposed General Plan amendment involves 10 acres to be changed from Regional Commercial to Residential. This is not a significant amendment to the Modesto Urban Area General Plan.
- (3) The project will essentially be an infill project next to an existing residential area of the urbanized City. It will not divide an established community.

**20. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	X
(3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	<input type="checkbox"/>	X
(4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	<input type="checkbox"/>	X

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project site is not located within a designated scenic vista. Therefore, this project will not have a substantial adverse affect on scenic vistas.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings, because it is a low density single family subdivision consistent with the surrounding residential areas.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area.

## V. MITIGATION MEASURES APPLIED TO THE PROJECT

### A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 (c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

#### Traffic and Circulation Measures:

N/A

#### Air Quality Measures:

1. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover
2. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
3. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
4. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
5. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
6. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
7. Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site;
8. Suspend excavation and grading activity when winds exceed 20 mph; and
9. Limit the area subject to excavation, grading and other construction activity at any one time.

## Noise Measures:

1. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- A. A hammer, or any other device or implement used to pound or strike an object.
- B. An impact wrench, or other tool or equipment powered by compressed air.
- C. A hand-powered saw.
- D. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- E. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- F. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- G. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- H. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

2. The City of Modesto shall require noise-reducing construction practices to be implemented as conditions of approval for development projects where substantial construction-related noise impacts would be likely to occur (e.g. where construction would include extended periods of pile driving, where construction would occur over an unusually long period, or where noise-sensitive uses like homes and schools would be in the immediate vicinity, etc.). The city should consider potential mitigation measures, including, but not limited to, the following:
  - A. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.
  - B. Other proposed uses: the noise/land use compatibility guidelines (i.e., those noise levels which are "conditionally acceptable," "normally Unacceptable," or "clearly unacceptable,") shown in Table 1 and the most recent noise contours for the City shown in Figure VII-1 [of the City's Urban Area General Plan].

**Agricultural Land Measures:**

N/A

**Water Supply Measures:**

N/A

**Sanitary Sewer Service Measures:**

N/A

**Sensitive Wildlife and Plant Habitat Measures:**

N/A

**Archaeological or Historic Sites Measures:**

1. For proposed development outside an identified archaeological resource study area (as depicted on Figure 8-1 in the 1995 Master EIR), no further research for prehistoric deposits is warranted unless specific information concerning the known or potential presence of significant cultural resources is identified in future updates at the applicable cultural resource information repository or through formal or informal input received from a qualified source. If previously unknown subsurface cultural resources are discovered during excavation activities, excavation would be temporarily halted and an archaeologist consulted as to the importance of the resources. Should the archaeologist determine that the resources are important, the project sponsor would follow the procedure described in Policy 2(a), above.

2. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K

**Storm Drainage Measures:**

1. The State Water Control Board and City of Modesto require a Storm Water Pollution Prevention Plan (SWPPP) to be developed prior to construction activity. A copy of the notice of intent (NOI) and SWPPP shall be required to obtain a grading permit if required by the Engineering and Transportation Director.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

1. The State Water Control Board and City of Modesto require a Storm Water Pollution Prevention Plan (SWPPP) to be developed prior to construction activity. A copy of the notice of intent (NOI) and SWPPP shall be required to obtain a grading permit if required by the Engineering and Transportation Director.
2. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

1. To the extent allowed by state law, annexation to the appropriate schools community facilities district will be required as a condition of final map approval. If this requirement cannot be enforced due to the status of state law, then prior to issuance of the first building permit or final map approval, whichever is earlier, the developer shall provide written verification from the affected school districts that a determination has been made as to whether the developer will pay the school fees in effect or annex to the appropriate community facilities district.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-072**

**A RESOLUTION DESIGNATING THE NAMING OF THE  
TERRACE LEVEL AT THE MODESTO CENTRE PLAZA IN  
HONOR OF FORMER MAYOR DICK LANG; ANNOUNCING A  
CAPITAL CAMPAIGN TO ACCOMPLISH THE EXPANSION OF  
THE TERRACE AND AUTHORIZING STAFF TO SEEK  
PROPOSALS FOR ARCHITECTS/DESIGNERS TO DO  
DEVELOPMENT WORK**

WHEREAS, the City of Modesto owns the property known as the Modesto Centre Plaza, and

WHEREAS, the City has recently added elevator service to the terrace level of the Centre Plaza and wishes to expand the Plaza Terrace to extend the second tier to accommodate future rental opportunities, and

WHEREAS, with the recent death of former Mayor Dick Lang there has been interest expressed by the community to name a City facility in his honor, and

WHEREAS, the naming of the Plaza Terrace of the Modesto Centre Plaza in honor of Dick Lang would be an appropriate recognition due to his dedication to the downtown development, and

WHEREAS, a Capital Campaign will be conducted to collect the funds needed for the project, and

WHEREAS, the City of Modesto will seek proposals for architects/designers to do development work, and

WHEREAS, at its January 10, 2005, meeting, the Economic Development Committee supported the recommendations to designate the naming of the Terrace level at the Modesto Centre Plaza in honor of former Mayor Dick Lang, to announce a Capital

Campaign to accomplish the expansion of the terrace and to authorize staff to seek proposals for architects/designers to do development work,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby designates the naming of the Terrace Level at the Modesto Centre Plaza in honor of former mayor Dick Lang.

BE IT FURTHER RESOLVED by the Council that it hereby announces a Capital Campaign to accomplish the expansion of the terrace.

BE IT FURTHER RESOLVED by the Council that it hereby authorizes staff to seek proposals for architects/designers to do development work.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 25th day of January, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-073**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2)  
AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN  
(ANNEXATION No. 7)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax is higher in Tax Zone #2, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled "Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California" on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled "Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2)," on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled "Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2)," on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled "Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2)," on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 91; the map entitled "Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2)," on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled "Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village One #2)," on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 99; the map entitled "Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2)," on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2; and the map entitled "Annexation Map No. 6 to

Community Facilities District No. 2004-1 (Village One #2), on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 7.

SECTION 3. The territory proposed to be annexed to the District (the "Territory") is described in Exhibit A.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled "Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California," on file in the office of the City Clerk, hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110 and 3110.5 of the California Streets and Highways Code, including a reference to the title, book, page and recording date of the original boundary map of the District.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Creation of Tax Zone #2. . It is intended that the special taxes set forth in Tax Zone #2 be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, March 8, 2005, at the regular meeting place of the City

Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in

the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour
NOES:	Councilmembers:	None
ABSENT:	Councilmembers:	None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-074**

**A RESOLUTION APPROVING THE TIMELINE FOR CITIZEN  
PARTICIPATION CALENDAR OF EVENTS FOR 2005-2006 HUD  
ANNUAL ACTION PLAN AND PUBLIC SERVICE GRANTS, AND  
ESTIMATED AMOUNTS FOR THE PUBLIC SERVICE GRANTS**

WHEREAS, Federal Housing and Urban Development (HUD) regulations require the City of Modesto to have a Citizens' Participation Plan which contains the City's procedures for community participation in the development of the Annual Action Plan and the use of Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME) and Emergency Shelter Grant (ESG) funds, and

WHEREAS, the City adopted and last amended its Citizen Participation Plan in October 1998, a copy of which is available for review at the Recreation and Neighborhood Services Division office at Tenth Street Place, and

WHEREAS, the proposed calendar for citizen participation includes Public Service grant applications for CDBG as well as ESG proposals, and

WHEREAS, staff anticipates the proposed allocation of \$150,000 of Public Service grants will be designated for the operation of allowable City programs, such as the Crime Free Multi Housing Project and recreation programs, and

WHEREAS, staff anticipates the proposed estimated RFP amounts for Public Service grants will be a total of \$360,953 in CDBG funds and \$104,391 in ESG funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the timeline for the Citizen Participation Calendar of Events for Fiscal Year 2005-2006 HUD Annual Action Plan and Public Service Grants, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference.

BE IT FURTHER RESOLVED that the Council hereby approves the estimated RFP amounts for Public Service Grants of \$465,344.

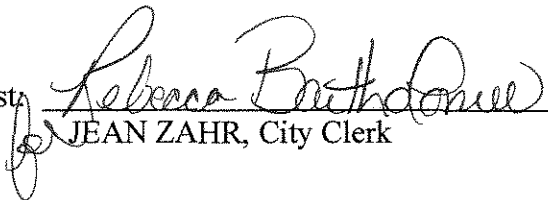

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-075**

**A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S  
AUTHORITY TO ISSUE CHANGE ORDERS ON THE "CENTRE PLAZA  
ELEVATOR EXTENSION" PROJECT FROM \$45,000 TO \$50,600**

WHEREAS, on February 24, 2004, the City Council awarded a \$232,900 contract to TCB Industrial, Inc., to construct the "Centre Plaza Elevator Extension" project, and

WHEREAS, the contractor started work on March 29, 2004, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of a useable elevator that conforms to code requirements, and

WHEREAS, the cost of the extra work was estimated to be as high as \$41,000, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Council by Resolution No. 2004-445 increased the Public Works Director's authority to approve change orders up to a cumulative amount of \$41,000, and

WHEREAS, additional work needed to be performed that was not included in the previous estimate for the project, and

WHEREAS, the total cost of the extra work was estimated to be as high as \$45,000, which exceeded the previously approved Director's Authority increase to \$41,000, and

WHEREAS, the Council by Resolution No. 2004-603 increased the Public Works Director's authority to approve change orders up to a cumulative amount of \$45,000, and

WHEREAS, the TCB Industrial, Inc., requested payment of an additional \$14,922.13 for added costs incurred by them as a result of the Federal and State requirements that were not included in the original contract, and

WHEREAS, these costs were not included in the various change orders executed for the project, and

WHEREAS, City staff negotiated these costs to an acceptable and justifiable amount of \$7,461.06, and

WHEREAS, the added unanticipated cost increased the total change order cost for the project to \$50,567.57, which exceeded the previously approved Director's Authority increase to \$45,000, and an increase in the Director's authority to issue change orders in the amount of \$50,600.00 is requested.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority level to issue change orders, from \$45,000 to \$50,600, for the project entitled "Centre Plaza Elevator Extension."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of February, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-076

RESOLUTION ACCEPTING THE WORK BY TCB INDUSTRIAL, INC., FOR THE "CENTRE PLAZA ELEVATOR EXTENSION" PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$283,467.57 PER THE CONTRACT. TOTAL PROJECT COST IS \$356,287.68

WHEREAS, a report has been filed by the Public Works Director that the project titled "Centre Plaza Elevator Extension" has been completed by TCB Industrial, Inc., in accordance with the contract agreement dated February 24, 2004.

NOW, THEREFORE, BE IT RESOLVED that the "Centre Plaza Elevator Extension" project be accepted from said contractor, TCB Industrial, Inc., that the Notice of Completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$283,467.57 as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1st day of February, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-077**

**A RESOLUTION AFFIRMING THE CITY'S CO-SPONSORSHIP  
OF "EARTHDAY IN THE PARK FESTIVAL, 2005" AT GRACEADA  
PARK AND ALLOWING THE SALE OF MERCHANDISE IN THE  
PARK DURING THE EVENT**

WHEREAS, in 1970, Earth Day was established to make the public aware of programs successful in protecting the environment and conserving natural resources, and

WHEREAS, by Resolution No. 92-129, adopted March 24, 1992, the City Council acknowledged "Earth Day in the Park" as an annual event, and

WHEREAS, the Citizen's Advisory Committee on Recycling (CACOR) sponsors the event, and the 16<sup>th</sup> Annual "Earth Day in the Park" will be held on Saturday, April 23, 2005, at Graceada Park, and

WHEREAS, "Earth Day in the Park Festival, 2004" drew approximately 90 vendors, and

WHEREAS, because the CACOR is an advisory committee to the City Council, the group's ability to obtain event liability coverage is restricted, and City co-sponsorship of the event will allow provision of automatic coverage under the umbrella of the City's existing insurance policy, and

WHEREAS, the City's Risk Manager has assessed the scope of the event and determined it to be of minimal exposure to the City, and

WHEREAS, as in prior years' events, the Committee seeks Council approval for the sale of merchandise in the Park during the event, and

WHEREAS, this event provides a forum for merchants to display and sell their “environmentally friendly” merchandise, and for the creation of a “festival atmosphere”, while giving the public an opportunity to make purchases of positive benefit to the environment,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the City hereby affirms its co-sponsorship of “Earth Day in the Park Festival, 2005”, at Graceada Park.

BE IT FURTHER RESOLVED by the Council that it hereby approves the sale of merchandise at Graceada Park during the “Earth Day in the Park Festival, 2005” event.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-078**

**A RESOLUTION APPROPRIATING \$90,000 FROM GENERAL FUND  
RESERVE TO GRAFFITI ABATEMENT (ORGANIZATION 4722) TO FULLY  
FUND ABATEMENT ACTIVITIES FOR THE REMAINDER OF FISCAL YEAR  
2004-2005**

WHEREAS, Graffiti activity within the City of Modesto has substantially increased over the course of the past two calendar years, and

WHEREAS, in 2002, crews removed 189,991 square feet of graffiti, and

WHEREAS, in 2003, crews removed 467,449 square feet of graffiti, or 2.5 times the 2002 level, and

WHEREAS, record graffiti levels were reached in calendar year 2004, with 905,366 square feet of graffiti removed as of December 7, 2004, and

WHEREAS, 2004 graffiti levels are almost double those of 2003 and 4.8 times the amount of 2002, and

WHEREAS, in Fiscal Year 2003-2004, Council funded increased needs for graffiti removal through a Budget Adjustment in the amount of \$80,000 from General Fund Reserve, and

WHEREAS, due to budgetary constraints, Graffiti Abatement was funded at the pre-amended level for Fiscal Year 2004-2005 with the expectation that staff would return to Council at mid-year with updated activity levels and an adjustment request, and

WHEREAS, Graffiti Abatement further experienced a budget reduction in the amount of \$20,000 allocated for part-time labor for 2004-2005, and

WHEREAS, the current budget is insufficient to continue Graffiti Abatement activities even at the 2003-2004 levels, and

WHEREAS, swift removal of Graffiti is necessary in order to prevent increases in related criminal activity, and

WHEREAS, staff proposes allocating the reserve funds as identified below:

0100-480-4722-0130	\$25,000	Overtime Labor
0100-480-4722-0235	\$25,000	Professional Services & Other
0100-480-4722-0360	<u>\$40,000</u>	Maintenance & Repair Supplies
Total	\$90,000	

, and

WHEREAS, at its meeting of January 18, 2005, the Finance Committee approved this request and further recommended approval to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes appropriating \$90,000 from General Fund Reserve (0100-800-8000-8003) to Graffiti Abatement, Organization 4722.

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 1st day of February, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-079**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the Acting City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classifications:

1. Deputy Director of Public Works-Operations
2. Deputy Director of Public Works-Engineering

Each classification is being created to reflect the recent reorganization of the former Operations and Maintenance Department and former Engineering and Transportation Department into the Public Works Department. The job specifications for the classifications of Deputy Director of Public Works-Operations and Deputy Director of Public Works-Engineering is shown on the attached Exhibit "A," which is hereby made a

part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specifications for Paralegal. Said classification is being amended to update the essential functions to more accurately reflect the essential functions of the classification.

SECTION 3. CLASSIFICATIONS DELETED. The Position Classification Plan of the City of Modesto is hereby amended to delete the following classifications:

1. Deputy Director of Operations and Maintenance
2. Deputy Director of Engineering and Transportation

Said classifications are no longer being used.

SECTION 4. EFFECTIVE DATE. This resolution shall become effective on and after February 8, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

## DEPUTY DIRECTOR OF PUBLIC WORKS-OPERATIONS

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To assist the Director of Public Works in the planning, directing, supervising, and coordinating of departmental functions and operational activities; to assist in the monitoring and preparation of operating and capital improvement budgets and management of personnel assigned to the department; and to provide highly complex staff assistance to the director.

### SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Public Works Director.

Exercises direct supervision over professional, technical and clerical staff.

Exercises management of assigned operations and maintenance functions.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Assist in planning, directing, supervising, and coordinating departmental operations; oversee and participate in the development of departmental strategic planning; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.

Appear before the City Council, Council Committees, boards, commissions and numerous civic organizations representing the Department.

Assist with the preparation of operating and capital improvement budgets and control of expenditures, including the preparation of long-term maintenance management models.

Supervise and assist subordinate supervisors in the operations and maintenance of City infrastructure, particularly water, wastewater and storm drainage systems; establish long-range plans and goals, including strategic planning for the utility enterprise funds and issues dealing with environmental regulations.

Essential Functions: (Continued)

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Coordinate Department activities with those of other departments and outside agencies and organizations; provide staff assistance to the Public Works Director; prepare and present staff reports and other necessary correspondence.

Oversee storm water and wastewater NPDES permitting processes; maintain positive relationships with outside regulatory authorities, where assigned.

Work across departmental lines to insure long-term infrastructure needs of the city are met.

Establish performance expectations and evaluate performance of subordinate personnel.

Prepare a variety of correspondence including general and special reports.

May serve as the Public Works Director, as required.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles of supervision, training, management and public works administration.

Principles of budget preparation and expenditure control.

Principles and practices of public administration labor relations and public personnel management.

Principles and practices as applied to the field of operating and maintaining the city infrastructure.

Technical, legal, and financial issues related to the conduct of municipal public works program.

Knowledge of: (Continued)

Strategic planning and environmental regulations for municipal utilities.

National Pollution Discharge Elimination Systems (NPDES) permitting and compliance.

Methods of preparing designs, plans, specifications, estimates, reports and recommendations relating to proposed public works projects.

Procedures, materials, equipment and methods used in all areas of public works activities.

Pertinent Federal, State, and local laws, codes and regulations.

Ability to:

Oversee and coordinate the activities of a number of sections within the Department.

Assist with the preparation of departmental operating and capital improvement budgets and control budget expenditures.

Review and interpret cost estimates.

Effectively represent the Department before the Council, Council Committees, boards, commissions, public agencies and private groups.

Prepare clear and concise written reports and develop appropriate recommendations.

Effectively manage assigned areas of the departmental program.

Establish and maintain cooperative relationships with those contacted during the course of work.

Perform a variety of technical research and prepare reports of findings.

Manage a large staff of field, office, professional and technical staff.

Experience and Training Guidelines:

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Seven years of increasingly responsible professional management experience in a public works environment, including at least five years in a supervisory or administrative capacity.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major course work in public administration, civil engineering, business administration or a related field.

License or Certificate:

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of certification in water distribution or wastewater treatment, dependent area of assignment.

WORKING CONDITIONS

Environmental Conditions:

Office environment; occasionally travel from site to site.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time; traveling to and from sites and attending meetings.

## DEPUTY DIRECTOR OF PUBLIC WORKS-ENGINEERING

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To assist the Public Works Director in the planning, directing, supervising, and coordinating of departmental functions and engineering activities; to assist in the preparation of operating and capital improvement budgets; and to provide highly complex staff assistance to the director.

### SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Public Works Director.

Exercises direct supervision over professional, technical and clerical staff.

Exercises responsible charge of assigned engineering, development services, transportation and utility planning functions.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS - Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Assist in planning, directing, supervising, and coordinating departmental operations; oversee and participate in the development of departmental strategic plan; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.

Appear before the City Council, Council Committees, boards, commissions and numerous civic organizations representing the Department.

Assist with the preparation of operating and capital improvement budgets and control of expenditures.

Supervise and assist subordinate supervisors in the planning, design, and construction management of City buildings, equipment, and City street, transportation, traffic, electrical, water, waste water and drainage systems; establish long-range plans and goals, including strategic planning for the utility enterprise funds, rate setting, and issues dealing with environmental regulations.

Essential Functions: (Continued)

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; recommend employee terminations.

Coordinate Department activities with those of other departments and outside agencies and organizations; provide staff assistance to the Public Works Director; prepare and present staff reports and other necessary correspondence.

Monitor franchises and service agreements related to solid waste, telecommunications or other utilities.

Establish performance expectations and evaluate performance of subordinate personnel.

Prepare a variety of correspondence including general and special reports.

May be assigned special projects requiring engineering design calculations and using the judgment of a registered professional engineer.

May serve as Public Works Director, as required.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Principles of supervision, training, management and public works administration.

Principles of budget preparation and expenditure control.

Principles and practices as applied to the field of municipal public works, including planning, development, design, and construction.

Technical, legal, and financial issues related to the conduct of municipal public works program.

Strategic planning, rate setting and environmental regulations for municipal utilities.

Methods of preparing designs, plans, specifications, estimates, reports and recommendations relating to proposed public works projects.

Knowledge of: (Continued)

Procedures, materials, equipment and methods used in all areas of public works activities.

Pertinent Federal, State, and local laws, codes and regulations.

Ability to:

Oversee and coordinate the activities of a number of sections within the Department.

Assist with the preparation of departmental operating and capital improvement budgets and control budget expenditures.

Review and interpret cost estimates.

Effectively represent the Department before the Council, Council Committees, boards, commissions, public agencies and private groups.

Prepare clear and concise written reports and develop appropriate recommendations.

Effectively manage assigned areas of the departmental program.

Establish and maintain cooperative relationships with those contacted during the course of work.

Perform a variety of technical and engineering research and prepare reports of findings.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of increasingly responsible professional civil engineering experience, including at least two years in a supervisory or administrative capacity.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with major course work in civil engineering or a related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

Possession of a valid Certificate of Registration as a Civil Engineer or Traffic Engineer issued by the California State Board of Registration for Professional Engineers. If licensed in another state, candidates will have six (6) months to obtain California Registration.

WORKING CONDITIONS

Environmental Conditions:

Office environment; occasionally travel from site to site.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time; traveling to and from sites and attending meetings.

## PARALEGAL

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

Under general supervision, a paralegal performs a variety of paraprofessional legal duties in support of the City Attorney's Office, prepares legal documents, interviews clients, and performs legal research and writing and provides general litigation support.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from various attorneys assigned to the City Attorney's Office.

May exercise technical supervision over clerical staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Draft legal documents, including discovery, administrative, pre-trial/trial documents, pleadings, motions, correspondence and memoranda.

Gather, organize, summarize and analyze materials obtained through the pre-trial process.

Maintain a master calendar of critical dates, including court appearances, court filings, pre-trial dates, and discovery response dates.

Gather and organize documents for administrative proceedings; may attend and take notes at hearings.

Participate in investigations, and facilitate the resolution of discrimination and harassment complaints and assist in developing procedures, which create a non-discriminatory work environment.

Act as a liaison between attorneys and client/witnesses.

Provide logistical support, including filing legal documents or collect legal documents at a variety of venues.

Essential Functions: (Continued)

Research specific questions of law for precedence, related case law, and/or citations and summarize the results in memoranda or reports.

Prepare witnesses to give testimony and depositions; review and summarize witness statements.

Analyze or distinguish cases that may have relevance, and present conclusions to attorney.

Respond to inquiries from the public

Monitor the progress of cases/projects as appropriate.

Prepare correspondence and reports.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Methods and techniques used in conducting legal research and available legal resource material, discovery, and fact investigation.

Applicable California Code of Civil Procedure; related municipal, state and federal laws, codes, and procedures.

Use and application of general legal principles and processes.

Principles of legal writing; basic communication skills.

Ethics of law practices.

General familiarity with State and Federal Trial Court practices.

Personal computers and related software.

Ability to:

Provide paralegal support during administrative hearings, in court and while performing related duties.

Make independent judgments within established guidelines.

Ability to: (Continued)

Prepare legal documents, including pleadings, motions, and discovery documents.

Organize work, set priorities, meet critical deadlines and follow-up on assignments with a minimum of directions.

Research and summarize case law and other legal documents.

Monitor progress of cases and projects as appropriate.

Follow verbal and written instructions.

Establish and maintain effective working relationships with those contacted in the course of work.

Use a computer and related office equipment.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

One year of progressively responsible experience as a Paralegal working under the supervision of an attorney, **AND must possess at least one of the following:**

Training:

a) A certificate of completion of a paralegal program approved by the American Bar Association; b) A certificate of completion of a paralegal program or a degree from a post-secondary institution that requires the successful completion of a minimum of 24 semester units in law-related courses and that has been accredited by a national or regional accrediting organization or approved by the Bureau of Private Post-secondary and vocational education; c) a baccalaureate degree in any subject and a minimum of one year of law-related experience or a high school diploma or general equivalency diploma and a minimum of three years of law-related experience. The law-related experience must have been under the supervision of an attorney, who has been an active member of the State Bar of California or who has practiced in the federal courts of this state, for at least the preceding three years, and who must provide a written declaration stating the incumbent is qualified to perform paralegal tasks.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

See "training" section above for specific details.

Additional Special Requirements

Four hours of mandatory continuing education in either general law or in a specialized area of law every two years, and

Four hours of mandatory continuing legal education in legal ethics every three years.

Note: The experience and training guidelines described above are based on AB 1761, Codified as Section 6450 Business and Professions Code.

WORKING CONDITIONS

Environmental Conditions:

Office environment.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time, bending and stooping to retrieve files and using a personal computer and other office equipment.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-081**

**A RESOLUTION APPROVING CAPITAL IMPROVEMENT PROGRAM POLICIES  
AND PROCEDURES AND IMPLEMENTATION OF A CALENDAR FOR  
FISCAL YEAR 05-06 BUDGET ADOPTION**

WHEREAS, staff has been requested to conduct a comprehensive review of the City's capital improvement program and its future capital needs, and

WHEREAS, Phase II of this project requires the establishment of policies and procedures for the Capital Improvement Program budget, and

WHEREAS, there is a need to have an interim budget calendar to adopt the Capital Improvement Program for Fiscal Year 05-06,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Capital Improvement Program Policies and Procedures and the budget adoption calendar as shown in Attachment A is approved.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: Mike Milich  
MIKE MILICH, City Attorney

## Capital Improvement Program Policies

### Definition of a Capital Project

- Cost should be \$100,000 or more for the life of the project
- Most will take more than a single year to complete
- Project revenues and expenditures should be clearly identified and balanced (e.g., revenue should equal project expenditures)
- Projects should have an identifiable schedule that includes a beginning, intervening milestones, and an end
- Primary-Secondary Projects – defined below and approved Oct. 12, 2004

The CIP frequently contains several projects that are similar in nature. For example, Public Works often proposes projects to replace or upgrade traffic signals at several different intersections throughout the City. Each intersection is formally a separate project, and funding may not be moved from one traffic signal project to another traffic signal project without Council action.

On October 12, 2004, the City Council approved grouping similar projects together in a “primary-secondary” relationship. Following the traffic signal example, “Traffic Signals” is the “primary” project, with individual “secondary” projects dedicated to each specific intersection where a project will be performed. The primary project description includes a description of each of the secondary projects related to it.

The primary project serves as the budgetary control device within the CIP. As approved, the City Manager has the authority to move CIP funding from one secondary project to another secondary project, as long as the overall primary project budget does not change. This approach allows for greater flexibility and efficiency when programming multiple CIPs of the same type.

- Maintenance costs to increase the life of the City’s infrastructure, replacement costs for infrastructure and reserves for future projects are not defined as a CIP, but are included in the CIP budget document. Examples of these include:
  - Pavement maintenance
  - Water Downstream Improvements
  - Fleet Maintenance Facility

### Process

Existing projects are reviewed annually. This review compares user status and financial information to identify project progress and completion. This will be integrated into the budget proforma review process.

The Finance Department will work with the CIP project managers to develop CIP revenue forecasts for the budget year. This analysis will be compiled and distributed by the Finance Department to the appropriate project managers.

Projects to be closed will be identified by the project managers and submitted by the appropriate Department Director to the City Manager for closure. The City Manager has the final authority to close the projects. (CIP Closure Form).

The City Manager and Deputy City Manager and Department Heads review and prioritize all existing CIP’s to assure consistency with the City’s General Plan and the City’s vision statement.

Section 65401 of the Government Code and Section 10-1.102 of the Modesto Municipal Code, requires the Planning Commission review all capital improvement projects to determine if they conform with the City's adopted *Modesto Urban Area General Plan*.

The City Council will review new projects and approve re-appropriation of funds for existing projects as part of the annual budget cycle.

### Capital Improvement Program (CIP) Policies

**CIP Projects.** Large construction projects, equipment purchases, infrastructure maintenance, replacement costs and future reserves will be included in the Capital Improvement Program.

**CIP Purpose.** The purpose of the CIP is to systematically plan, schedule, manage, monitor and finance capital projects to ensure cost-effectiveness as well as conformance with established policies. The CIP is a ten-year plan organized into the same functional groupings used for the operating programs. The CIP reflects a balance between capital replacement projects that repair, replace or enhance existing facilities, equipment or infrastructure; and capital facility projects that significantly expand or add to the City's existing fixed assets.

**Project Manager.** Every CIP project will have a project manager who will prepare the project proposal, ensure that required phases are completed on schedule, authorize all project expenditures, ensure that all regulations and laws are observed, and periodically report project status. The project manager ensures that projects comply with Community Facility District (CFD) and Capital Facility Fees (CFF) regulations.

**Projects may be appropriated for anticipated revenues but cannot be spent until revenues documents have been received.**

Each proposed CIP project will include the approximate location, size, completion date (est.) and estimate of costs and source of funding such as General Fund, Capital Facility Fees, Federal or State Grant, etc.

**CIP Appropriation.** The City's annual CIP appropriation for study, design, acquisition and/or construction is based on the projects designated by the Council through adoption of the Budget.

**Adoption of the CIP appropriation does not automatically authorize funding for a specific project phase.** Project engineering and preliminary engineering will be appropriated at the time of Council action.

Authorization for construction generally occurs only after:

- The costs for the phases have been fully developed
- A grant is awarded and a copy of award is received in Finance
- A contract is granted after a competitive bid process
- A request for proposal (RFP) is approved by Council.

Actions involving any Federal or State funded CIP are restrained by the conditions of the grant.

Accordingly, if contract costs at the time of bid award are less than the budgeted amount, the unobligated balance will either be re-appropriated to project contingency or returned to fund balance. This action should be clearly explained in the fiscal impact section of a Council document and include any estimate for City engineering costs and required contingency to complete the project.

If project costs at the time of bid award are greater than budget amounts, four options are typically available:

1. Eliminate the project.
2. Defer the project for consideration to the next Budget cycle.
3. Re-scope or change the phasing of the project to meet the existing budget.
4. Appropriate additional resources as necessary from fund balance or other revenue sources.

For new CIP projects outside of the adoption process, resources need to be identified:

- Is there sufficient fund balance or monitored cash flow?
- Has an invoicing procedure been established?
- If sufficient funds are not available then lower priority projects may need to be eliminated and the budget for that project returned to fund balance and then re-appropriated to the higher priority project.

**Project Status.** Project milestones will be listed as objectives in the program narratives to facilitate project tracking

#### **CIP Project Reporting and Update Process**

- Cost Estimates/Actuals by Phase
- Schedule (Time Line)
- Accounting Procedures/Revenue Tracking/Grant Invoicing /Project Closeout Procedures
- Timely Status Update Reporting (Note: Cost overruns and funding needs to be determined early. Updated costs and postponed timelines flag potential funding issues.)

#### **CIP Authority - Council**

1. City Council has authority to create new CIPs.
2. City Council has authority to increase the budget of CIPs.

#### **CIP Authority – City Manager**

1. City Manager has authority to close any CIP and to return project funds to the fund balance.
2. City Manager has authority to appropriate project contingency funds to individual budget lines.
3. The City Manager has authority to move funds between secondary projects of a primary CIP. The primary CIP budget will not change.
4. **NEW policy:** The City Manager has authority to approve funding source changes within a projects

Example: Project starts with full funding from CFF. After the adoption PW applies for CMAQ funds and list eligible projects. If a CFF project is eligible the City Manager can substitute one revenue source for another.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-082**

**A RESOLUTION AUTHORIZING STAFF TO ISSUE A REQUEST FOR PROPOSALS TO SELL, INSTALL AND MAINTAIN ADVERTISING ON THE EXTERIORS OF MODESTO AREA EXPRESS BUSES**

WHEREAS, the City of Modesto's Modesto Area Express (MAX) transit system operates approximately 46 buses within the Modesto urban area, and

WHEREAS, a market appears to exist for the placement of advertising on the exteriors of MAX buses, and

WHEREAS, the Public Works Department staff recommended to the Economic Development Committee (EDC) that it authorize staff to issue a Request for Proposals (RFP) for the sale, placement and maintenance of advertising on the exteriors of MAX buses, and

WHEREAS, the EDC met on January 10, 2005 and supported this recommendation, and

WHEREAS, by an agenda report to the City Council dated January 21, 2005, from the Public Works Director, City staff recommended to the Council that it authorize staff to issue an RFP for the sale, placement and maintenance of advertising on the exteriors of MAX buses, and

WHEREAS, initial selection will be made by an evaluation panel of City and outside agency staff based on criteria outlined in said agenda report dated January 21, 2005, and

WHEREAS, said panel will make its recommendation to the Economic Development Committee which will then make a recommendation to the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that it hereby authorize staff to issue an RFP for the sale, placement and maintenance of advertising on the exteriors of MAX buses.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-083**

**A RESOLUTION APPROVING THE SUBMITTAL OF A FEDERAL AIRPORT  
IMPROVEMENT PROGRAM (AIP) GRANT APPLICATION IN THE AMOUNT  
OF \$1,300,000 TO THE FEDERAL AVIATION ADMINISTRATION (FAA), AND  
AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE  
THE APPLICATION**

WHEREAS, Modesto City-County Airport is a commercial service airport and is eligible for federal Airport Improvement Program (AIP) entitlement and discretionary funds, and

WHEREAS, the United States Congress has allocated for this fiscal year \$3.7 billion dollars to airports for their airport improvements, and

WHEREAS, the FAA has requested the City to submit its revised Airport Capital Improvement Plan (ACIP) by November 19, 2004 and its request for project funding by February 25, 2005, and

WHEREAS, the Airport Advisory Committee supported the airport's revised ACIP at their September 15, 2004 meeting, and

WHEREAS, the Economic Development Committee considered the revised ACIP at their October 11, 2004 meeting, and endorsed recommending it for City Council approval, and

WHEREAS, the City Council approved the revised ACIP at their meeting on October 26, 2004, and the revised ACIP, in the amount of \$3.7 million, has been submitted to the FAA, and

WHEREAS, the federal grant application is consistent with the City's approved revised ACIP, and includes projects to rehabilitate the aircraft parking apron and upgrade the airport security identification area (SIDA), in an amount totaling \$1,300,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submitting a grant application in the amount of \$1.3 million to the FAA for Airport Improvement Program funds.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the grant application.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of February, 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carrier and the resolution adopted by the following vote:

RESOLUTION NO. 2005-088**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT TO  
MITCHELL'S MODESTO HARLEY-DAVIDSON OF MODESTO, CA FOR  
EIGHT (8), 2005 HARLEY DAVIDSON POLICE MOTORCYCLES FOR AN  
ESTIMATED TOTAL COST OF \$126,543.20**

WHEREAS, the Public Works Department-Fleet Services Division had requested the purchase of eight (8), 2005 Police motorcycles, and

WHEREAS, the Modesto Police Department currently has sixteen (16), Harley Davidson Police motorcycles, and

WHEREAS, eight (8) of those motorcycles are replaced each year on a two-year rotation cycle to keep them in an active warranty status, and

WHEREAS, the two-year warranty and current replacement cycle results in lower operation costs on these motorcycles, and

WHEREAS, the two-year replacement cycle also provides for a greater trade-in allowance value to the City of Modesto on the used motorcycles, and

WHEREAS, the total cost of the eight (8) motorcycles is approximately \$126,543.20 including freight and sales tax, and

WHEREAS, the trade-in allowance of \$78,000.00, reduces the total net cost of the motorcycles to approximately \$48,543.20 including freight and sales tax, and

WHEREAS, Resolution 2004-377 authorized the Purchasing Supervisor to solicit formal bids for vehicles and equipment with the Purchasing Supervisor coming back to Council for award authorization, and

WHEREAS, the Purchasing Division solicited formal bids for eight (8), 2005 Police Motorcycles on Request for Bid (RFB) 0405-09-01, and

WHEREAS, out of seven (7) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, bids received were evaluated per specification 0405-09-1 by the Purchasing Division and the Public Works Department Fleet Services staff, and

WHEREAS, Mitchell's Harley-Davidson of Modesto, CA. was deemed to be the lowest responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for eight (8), 2005 Harley-Davidson Police motorcycles to Mitchell's Harley-Davidson of Modesto, CA. for an estimated total cost of \$126,543.20.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-090**

**A RESOLUTION AMENDING THE VILLAGE ONE FACILITIES  
PRIORITIZATION LIST AND AMENDING POLICIES WITH RESPECT TO  
ADMINISTRATION OF THE VILLAGE ONE FACILITIES PRIORITIZATION  
LIST**

WHEREAS, on January 7, 2003 the City Council did adopt, pursuant to Resolution No. 2003-20A, the Village One Facilities Prioritization List (“Facilities Prioritization List”) to the City Council for consideration, and

WHEREAS, on June 10, 2003, the City Council did amend, pursuant to Resolution No. 2003-289, the Facilities Prioritization List to move Project SD-214 from Priority 2 to Priority 1 to realize a savings of approximately \$123,119.73, and

WHEREAS, staff has reviewed the Facilities Prioritization List taking into consideration all of the new and proposed development in the Village One area as well as the needs of the current Village One residents, and

WHEREAS, staff recommends that the Facilities Prioritization List be amended to meet the needs of current residents and the new and propose development in the Village One area, and

WHEREAS, the City Council has expressed concern about the length of time it takes to acquire right-of-way and the negative impact this has on the construction of needed facilities, and

WHEREAS, staff recommends that the Facilities Prioritization List policy guidelines be amended to address the City Council’s concerns regarding right-of-way acquisition,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Village One Facilities Prioritization List, attached hereto as **Exhibit “A”**, is hereby approved modifying the following projects:

1. A portion of Project INT-005 be combined with RD-010 (Floyd Avenue widening between Oakdale Road and Roselle Avenue) and be moved from Priority 2 to Priority 1
2. The remainder of Project INT-005 be moved from Priority 2 to Priority 5.

3. Move project PK-005C (Freedom Park Phase 3,4 & 5 Park Construction) from Priority 3 to Priority 2.
4. Move project PK-004A (Claus Park Street Improvements) from Priority 3 to Priority 2.
5. Move project RD-010 (Floyd Ave. between Fine and Claus) from Priority 4 to Priority 3.
6. Move project INT-007 (Roselle & Merle Intersection Control and Road Widening) from Priority 2 to Priority 4.
7. Move project INT-008 (Roselle & Belharbour Intersection Control and Road Widening) from Priority 3 to Priority 2.
8. Move project SD-213 (East Basin Property Acquisition) from Priority 3 to Priority 4.
9. Move project RD-014 (Roselle Ave.-Briggsmore to Merle, median closure) from Priority 2 to Priority 4.
10. Move projects SD-216 (6 AC-ft retention basin on Freedom Park) and SD-217 (1200' of 36" storm drain overflow line from Fine Ave. to Freedom Park) from Priorities 2 & 3 to Priority 5.

BE IT FUTHER RESOLVED that the following Facilities Prioritization List policy guidelines are hereby amended as follows:

1. Except for acquisition of right-of-way, until all projects within a higher priority, with Priority 1 being the highest priority, (i) have been constructed by Community Facilities District No. 1996-1 ("CFD"), (ii) have been constructed by a third party, pursuant to a contract executed with the CFD, and reimbursement has been paid to said third party, or (iii) funds have been reserved to construct the remaining projects within said priority, no projects within a lower priority shall be constructed by the CFD, no reimbursement shall be paid to a third party for construction of lower priority work and no funds shall be reserved for lower priority work. Right-of-way acquisition may occur within a lower priority, even though that priority is not currently funding construction projects.

2. A third party due reimbursement from the CFD, pursuant to an executed contract with the CFD, shall be placed in position, within a priority, based upon the date the Notice of Completion is issued for the work performed under said contract.
3. The City Council may, by subsequent action of the City Council, move a project or projects from one priority to another priority.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-091**

**A RESOLUTION APPROVING A CONSTRUCTION AGREEMENT AND A LICENSING AGREEMENT WITH THE FIVE MODESTO ROTARY CLUBS OF MODESTO'S 501(C)(3) NON-PROFIT ORGANIZATION, KNOWN AS THE 'UNITED ROTARY CLUBS OF MODESTO', FOR THE CONSTRUCTION OF THE SURFACE LANDSCAPING OF A QUARTER-MILE SECTION OF THE VIRGINIA CORRIDOR ADJACENT TO ROSEBURG SQUARE, AND AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE AGREEMENTS**

WHEREAS, the Virginia Avenue Corridor Trail Project ("Project") consists of conversion of the abandoned, 4.2 mile Union Pacific Railroad corridor from City's central business district at Needham Avenue to the northern City boundary at Bangs Avenue into a premier linear park with Class I bikeway and pedestrian trail, and

WHEREAS, the project will provide a key north-south component to the City's non-motorized transportation system, and it will provide links to three of the City's existing east-west Class I bike trails (the Dry Creek and Tuolumne River corridors and the Hetch-Hetchy Right-of-Way corridor) as well as numerous Class II bike lanes and Class III bike routes along roadways, and

WHEREAS, Modesto's five Rotary Clubs have committed to combining resources with the City in providing funding, in-kind labor and materials for this project phase, to be known as the "Five Rotary Clubs of Modesto Centennial Junction" section of the Project, and

WHEREAS, this phase of the Project will commence on February 23, 2005, with completion anticipated for October 2005, and

WHEREAS, it was decided by City staff that the size and scope of the Five Rotary Club's contribution warrants two agreements; one agreement is for the

performance and completion of the work by the Rotarians, which also includes general liability insurance to be provided by the City of Modesto, and to require that the City of Modesto be listed as additionally insured by Rotary International; and a second agreement provides a site access license for the Rotarians and their contractors, with the same insurance provisions, and

WHEREAS, the Contractors are also to be bonded and insured as per City standard, and

WHEREAS, in order for the Five Modesto Rotary Clubs to enter into these agreements, they have formed a 501(c)(3) Non-Profit Organization called the 'United Rotary Clubs of Modesto', and

WHEREAS, this organization will represent the Five Modesto Rotary Clubs, whose board will sign and administer the agreements for the Five Modesto Rotary Clubs, and

WHEREAS, preceding the Rotary project, the City of Modesto will install the entire infrastructure required to build the surface of the trail and amenities, and

WHEREAS, the infrastructure project is slated to begin at the ground breaking on February 23, 2005, and end in May 2005, weather permitting, and

WHEREAS, the Rotary project will begin in June of 2005, and

WHEREAS, on January 6, 2004, the City Council adopted the environmental document in the form of a Mitigated Negative Declaration /Finding of No Significant Impact and approved the Specific Plan, and

WHEREAS, the Safety and Communities Committee met on January 3, 2005, and supported the recommendation to enter into the agreements with the United Rotary Clubs of Modesto,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves a construction agreement with the Five Modesto Rotary Clubs of Modesto's 501(c)(3) non-profit organization, known as the 'United Rotary Clubs of Modesto', for the construction of the surface landscaping of a quarter-mile section of the Virginia Corridor adjacent to Roseburg Square.

BE IT FURTHER RESOLVED that the Council hereby approves a licensing agreement with the Five Modesto Rotary Clubs of Modesto's 501(c)(3) non-profit organization, known as the 'United Rotary Clubs of Modesto', for the construction of the surface landscaping of a quarter-mile section of the Virginia Corridor adjacent to Roseburg Square.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreements.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-092**

**A RESOLUTION AUTHORIZING THE ACTING CITY  
MANAGER TO CO-SIGN A LETTER WITH THE STANISLAUS  
COUNTY CHIEF EXECUTIVE OFFICER TO THE U.S. GENERAL  
SERVICES ADMINISTRATION, REQUESTING A 60-DAY  
EXTENSION TO CONSIDER PREPARATION OF A WRITTEN  
EXPRESSION OF INTEREST FOR FUTURE PUBLIC USE OF  
THE MODESTO FEDERAL BUILDING AND POST OFFICE**

WHEREAS, the U.S. General Services Administration (GSA) has sent out a notice stating that the Modesto Federal Building and Post Office (Post Office) will be available to local governments for community benefit, and

WHEREAS, City of Modesto and Stanislaus County staff have been contacted by various community groups interested in public use of the facility, and

WHEREAS, although several ideas have emerged, none have sufficient detail to submit the required written expression of interest by the GSA's deadline, and

WHEREAS, a joint City-County letter could be prepared requesting a 60-day extension to allow community organizations to more fully consider use options and to make a decision on the future use of the facility,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby authorizes the Acting City Manager to co-sign a letter with the Stanislaus County Chief Executive Officer to the U.S. General Services Administration, requesting a 60-day extension to consider preparation of a written expression of interest for future public use of the Modesto Federal Building and Post Office.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-093**

**A RESOLUTION APPOINTING BOND COUNSEL AND FINANCIAL ADVISOR  
WITH RESPECT TO, AND AUTHORIZING SUCH PROFESSIONALS AND  
CITY STAFF TO PROCEED WITH ACTIONS NECESSARY TO EFFECT, A  
PROPOSED REFUNDING OF CERTAIN WASTEWATER TREATMENT  
FACILITY REVENUE BONDS FOR FUTURE CONSIDERATION BY THE  
CITY COUNCIL**

WHEREAS, pursuant to the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the “Bond Law”), the City of Modesto, California (the “City”) is authorized to issue revenue bonds to provide funds to finance the costs of the acquisition, construction and equipping of improvements to the wastewater treatment facilities of the City (the “Enterprise”) or for the purpose of refunding bonds issued for such purposes; and

WHEREAS, staff has identified potential debt service savings to be realized from a proposed refunding of certain of the City’s outstanding wastewater treatment facility revenue bonds; and

WHEREAS, the City desires to appoint certain professionals to assist the City in connection with such proposed refunding, and to authorize such professionals and City staff to take all actions necessary, including the preparation of documents to effect such refunding, for future consideration by this City Council; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto, as follows:

Sidley Austin Brown & Wood LLP, San Francisco, California, is appointed Bond Counsel (“Bond Counsel”) to the City in connection with the proposed refunding of wastewater treatment facility revenue bonds of the City, and Public Financial Management Inc., San Francisco, California, is appointed Financial Advisor (“Financial Advisor”) with respect thereto. The Acting City Manager or Acting Finance Director, or such other officer as may be designated by the Acting City Manager, is authorized and directed, for and in the name of and on behalf of the City, to enter into an agreement with Sidley Austin Brown & Wood LLP for its services as Bond Counsel and with Public Financial Management Inc. for its services as Financial Advisor for the proposed financing.

The officers of the City are authorized and directed to do any and all things and to proceed with any and all actions which they may deem necessary or advisable, including directing the finance professionals appointed pursuant to this Resolution to begin preparation of documents in connection with the proposed refinancing of the City’s wastewater treatment facility revenue bonds, for future consideration by this City Council, and such actions previously taken by such officers are hereby ratified and approved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February, 2005, by Councilmember Jackman who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the Resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-094**

**A RESOLUTION AMENDING THE GENERAL FUND FISCAL YEAR 2004-2005  
OPERATING BUDGET TO REFLECT REVISED REVENUE PROJECTIONS**

WHEREAS, each year the City Council adopts revenue forecasts for the upcoming fiscal year based on staff analysis, and

WHEREAS, those forecasts are reviewed from time to time to assure their validity, and

WHEREAS, there have been changes in the revenue forecasts which require amending the previously adopted revenue projections for FY 04-05 General Fund revenue, and

WHEREAS, these new revenue projections are identified in a staff report to City Council from Finance Department Deputy Director, Greg Baird, and Assistant to the City Manager, Judith Ray, dated January 24, 2005, and

WHEREAS, the Finance Committee reviewed said revenue information at their meetings of January 18, 2005, and January 24, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the General Fund operating budget for FY 04-05 to reflect the aforementioned revised revenue projections.

BE IT FURTHER RESOLVED that this action will reduce overall revenue projections to the General Fund in FY 2004-2005 by an estimated \$1.4 million dollars.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of February 2005 by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-95**

**A RESOLUTION APPROVING THE FORM OF AND AUTHORIZING THE  
EXECUTION AND DELIVERY OF A PURCHASE AND SALE AGREEMENT  
AND RELATED DOCUMENTS WITH RESPECT TO THE SALE OF THE  
SELLER'S VEHICLE LICENSE FEE RECEIVABLE FROM THE STATE; AND  
DIRECTING AND AUTHORIZING CERTAIN OTHER ACTIONS IN  
CONNECTION THEREWITH**

WHEREAS, certain public agencies within the State of California (the "State") are entitled to receive certain payments payable by the State to each such local agency on or before August 15, 2006, in connection with vehicle license fees pursuant to Section 10754.11 of the California Revenue and Taxation Code ("VLF Gap Repayments");

WHEREAS, the City of Modesto (the "Seller") is entitled to and has determined to sell all right, title and interest of the Seller in and to the "VLF Receivable", as defined in Section 6585(i) of the California Government Code (the "VLF Receivable"), namely, the right to payment of moneys due or to become due to the Seller out of funds payable in connection with vehicle license fees to a local agency pursuant to Section 10754.11 of the California Revenue and Taxation Code;

WHEREAS, the California Statewide Communities Development Authority, a joint exercise of powers authority organized and existing under the laws of the State (the "Authority"), has been authorized pursuant to Section 6588(w) of the California Government Code to purchase the VLF Receivable;

WHEREAS, the Authority desires to purchase the VLF Receivable and the Seller desires to sell the VLF Receivable pursuant to a purchase and sale agreement by and between the Seller and the Authority in the form presented to this City Council (the "Sale Agreement") for the purposes set forth herein;

WHEREAS, in order to finance the purchase price of the VLF Receivable from the Seller and the purchase price of other VLF Receivables from other local agencies, the Authority will issue its taxable and tax-exempt notes (the “Notes”) pursuant to Section 6590 of the California Government Code and an Indenture (the “Indenture”), by and between the Authority and Wells Fargo Bank, National Association, as trustee (the “Trustee”), which Notes will be payable solely from the proceeds of the VLF Receivable and such other VLF Receivables;

WHEREAS, the Seller acknowledges that the Authority will grant a security interest in the VLF Receivable to the Trustee and any credit enhancer to secure payment of the Notes; and

WHEREAS, a portion of the proceeds of the Notes will be used by the Authority to, among other things, pay the purchase price of the VLF Receivable;

WHEREAS, the Seller will use the proceeds received from the sale of the VLF Receivable for any lawful purpose as permitted under the applicable laws of the State;

NOW THEREFORE, the City Council of the City of Modesto hereby resolves as follows: Section 1. All of the recitals set forth above are true and correct, and this City Council hereby so finds and determines.

Section 2. The Seller hereby authorizes the sale of the VLF Receivable to the Authority for a price no less than the Minimum Purchase Price set forth in **Appendix A**. The form of Sale Agreement presented to the City Council is hereby approved. An Authorized Officer (as set forth in Appendix A) is hereby authorized and directed to execute and deliver the Sale Agreement on behalf of the Seller, which shall be in substantially the form presented to this meeting, with such changes therein, deletions

therefrom and additions thereto, as such Authorized Officer shall approve, which approval shall be conclusively evidenced by the execution and delivery of the Sale Agreement.

Section 3. Any Authorized Officer is hereby authorized and directed to send, or to cause to be sent, an irrevocable written instruction to the State Controller notifying the State of the sale of the VLF Receivable and instructing the disbursement pursuant to Section 6588.5(c) of California Government Code of the VLF Receivable to the Trustee, on behalf of the Authority.

Section 4. The Authorized Officers and such other Seller officers, as appropriate, are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents, including but not limited to one or more tax certificates, if required, appropriate escrow instructions relating to the delivery into escrow of executed documents prior to the closing of the Notes, and such other documents mentioned in the Sale Agreement or the Indenture, which any of them may deem necessary or desirable in order to implement the Sale Agreement and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution; and all such actions heretofore taken by such officers are hereby ratified, confirmed and approved.

Section 5. All consents, approvals, notices, orders, requests and other actions permitted or required by any of the documents authorized by this Resolution, whether before or after the sale of the VLF Receivable or the issuance of the Notes, including without limitation any of the foregoing that may be necessary or desirable in connection with any default under or amendment of such documents, may be given or taken by an

Authorized Officer without further authorization by this City Council, and each Authorized Officer is hereby authorized and directed to give any such consent, approval, notice, order or request, to execute any necessary or appropriate documents or amendments, and to take any such action that such Authorized Officer may deem necessary or desirable to further the purposes of this Resolution.

Section 6. The City Council acknowledges that, upon execution and delivery of the Sale Agreement, the Seller is contractually obligated to sell the VLF Receivable to the Authority pursuant to the Sale Agreement and the Seller shall not have any option to revoke its approval of the Sale Agreement or to determine not to perform its obligations thereunder.

Section 7. This Resolution shall take effect from and after its adoption and approval.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of February, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember O'Bryant, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-096**

**A RESOLUTION APPOINTING KRISTIN OLSEN TO THE CITIZENS  
HOUSING & COMMUNITY DEVELOPMENT COMMITTEE**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, on January 24, 2005, the Planning Commission recommended KRISTIN OLSEN, as its representative to the Citizens Housing and Community Development Committee.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. KRISTIN OLSEN, as representative of the Planning Commission, is hereby appointed to the Citizens Housing & Community Development Committee with a term expiration of January 1, 2006.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Citizens Housing & Community Development, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of February, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-097**

**A RESOLUTION AMENDING THE FISCAL YEAR 2004-2005  
OPERATING BUDGET TO INCREASE THE COMMUNITY &  
ECONOMIC DEVELOPMENT DEPARTMENT REVENUE  
BUDGET BY \$100,000 (010-140-1430-4909) AND TO  
APPROPRIATE \$100,000 (010-140-1430-0235) FOR CONTRACT  
PROFESSIONAL SERVICES**

WHEREAS, the City of Modesto increased development user fees, including the introduction of a new “time and materials” based fee, effective October, 2003, and

WHEREAS, revenue projections for these projects were not included in the FY 2004/2005 budget, and

WHEREAS, there are currently six (6) major time and materials projects in the Planning Division, and

WHEREAS, these projects have generated over \$70,000 in revenue through November 30, 2004, and it is estimated they will generate approximately \$100,000 more through June 30, 2005, and

WHEREAS, the workload increase generated by these projects has impacted the Planning Division work program, resulting in delays to individual projects, and

WHEREAS, interim contract staff support is needed on specific plan and other time and materials projects, and

WHEREAS, the unanticipated revenue can be used to offset the expense of hiring contract staff support, and

WHEREAS, the Finance Committee approved this recommendation on January 24, 2004,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby amends the Fiscal Year 2004-2005 operating budget to increase revenues by \$100,000 (010-140-1430-4909), and to appropriate \$100,000 (010-140-1430-0235) for contract professional services.

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-098**

**A RESOLUTION AUTHORIZING THE ACTING CITY MANAGER TO  
EXECUTE AN AGREEMENT FOR THE PAYMENT OF CAPITAL FACILITY  
FEES IN TWO INSTALLMENTS FOR JOSE CASTELLANOS**

WHEREAS, Jose Castellanos has purchased a residential lot at 3300 Alonzo Court within the City of Modesto, and

WHEREAS, at the time of the purchase, said lot was vested in the 1998 Capital Facility Fee program ("CFF"), and

WHEREAS, Jose Castellanos asked for and received estimates for his fees which indicated the amounts for the 1998 CFF Program of \$7,061, and

WHEREAS, in March 2004, said lot's vesting status expired causing the fees to increase to the 2003 CFF program, an increase of \$8,156, and

WHEREAS, Jose Castellanos has received approval for his loan, and is requesting that he be permitted to pay the balance of his fees at the time he receives his final occupancy permit,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Jose Castellanos be granted an exception and be allowed to pay fees in the amount of \$7,061 when he is issued his building permit, and the balance of \$8,156 be paid when he receives his occupancy permit for said lot on Alonzo Court.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-099**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR ELECTRIC MOTOR REWINDING/REBUILDING SERVICES TO  
INDUSTRIAL ELECTRICAL OF MODESTO, CA FOR AN INITIAL TWO-  
YEAR PERIOD, WITH THREE (3) ONE-YEAR CONTRACT EXTENSIONS  
FOR A TOTAL ESTIMATED ANNUAL COST OF \$50,000.00**

WHEREAS, the Public Works Department-Electrical Division has requested the purchase of electric motor rewinding/rebuilding services for an initial two-year period, with three (3) one-year contract extensions, and

WHEREAS, electric motor rewinding/rebuilding services are required because motors experience wear and failure in their normal operations, suffer bearing failure, electrical insulation failure and degradation, winding breaks or shorting, and physical damage, and

WHEREAS, electric motors are used to pump fresh water from wells or tanks, to pump sewage and storm water through the collection systems, and to pump wastewater through the Sutter and Jennings treatment facility's, and

WHEREAS, electric motors are also used to move air through HVAC systems, operate conveyors, open and close roll up doors and gates, and in other numerous City applications, and

WHEREAS, staff uses rewinding/rebuilding services when these services are less than 60% of the motor replacement cost, and repairing/rebuilding a motor is often faster than replacement on large specialized motors, and

WHEREAS, motors are used in many processes including those processes needed to comply with state and federal permits and regulations such as the wastewater facility's NPDES permits and water systems that meet Department of Health requirements, and

WHEREAS, other regulations are safety related such as ventilation to reduce heat or dangerous atmospheric situations in restricted areas such as pumping station dry wells, and others are convenience or security related to gate or door openers and elevators, and

WHEREAS, the price of copper used in the manufacturing of motors is very volatile and can cause fluctuations in rewinding costs, and

WHEREAS, one major advantage for an electric motor rewind/rebuild contract is a stable, known price over a period of time, and

WHEREAS, City staff is unable to perform this function due to lack of facilities and the fact that it is a very specialized, technical trade, and

WHEREAS, funding for electric motor rewinding/rebuilding is budgeted in account numbers: 6210-480-5212, 6280-480-5312-0223, 6210-480-5213-0223, 6210-480-5214-0223, and 6100-480-5013-0223, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases that meet or exceed \$50,000.00 for material, equipment, or contractual services to be formally bid, and

WHEREAS, by soliciting formal bids for the purchase of electric motor rewinding/rebuilding services for an initial two-year period, with three (3) one-year contract extension options for an estimated annual cost of \$50,000.00, the Finance Department, Purchasing Division will comply with MMC Section 8-3.203 regarding formal bid procedures, and

WHEREAS, Resolution No. 2004-626 authorized the Purchasing Supervisor to solicit Request for Bids (RFB) for electric motor rewinding/rebuilding services, and

WHEREAS, twelve (12) vendors were solicited and two (2) chose to respond to the RFB, and

WHEREAS, based on being the lowest responsive bidder, City staff is recommending award of bid and contract to Industrial Electrical Co. of Modesto, CA.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes award of bid and contract for electric motor rewinding/rebuilding services to Industrial Electrical Co., of Modesto, CA. for an initial two-year period, with three (3) one-year contract extension options, for an estimated annual cost of \$50,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

Q205 Intersection Upgrades, is funded by the Gas Tax fund. This budget adjustment is to increase the transfer from the Gas Tax to the Capital Grants Fund to cover the expenditure side of the budget. This is part of the CIP clean-up phase to identify adequate revenues to cover expenses.

**COMMENTS/JUSTIFICATION**

N060 The Scenic Bodem Rt Turn. This adjustment is to change funding sources currently the match for this Federal Grant is Gas Tax. The match for this project should be CFF Streets. This monthly adjustment has been seen by the CFF Administrator and she concurs that the funding source should be CFF not Gas Tax

RESOLUTION NO. 2005-101**

**A RESOLUTION APPROVING A SECOND  
AMENDMENT TO AN AGREEMENT FOR  
PROFESSIONAL SERVICES WITH INDEPENDENT  
SOLUTIONS, AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE SAID AMENDMENT**

WHEREAS, on February 23<sup>rd</sup>, 2004, the City of Modesto entered into an Agreement for Professional Services with Independent Solutions, for a not-to-exceed amount of \$48,000, and

WHEREAS, on October 12, 2004 the City of Modesto entered into and amendment to Agreement with Independent Solutions, for an additional contract amount of \$56,000, and a total contract amount not-to-exceed \$104,000, and

WHEREAS, the City has determined that additional services will be needed after the expiration of the first Amendment to Agreement, and

WHEREAS, the City desires to enter into a Second Amendment to Agreement with Independent Solutions, for an additional contract amount of \$50,000, and a total contract amount not-to-exceed \$154,000, and

WHEREAS, all contracts over the amount of \$50,000, are required to be approved by the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a second Amendment to Agreement for Professional Services with Independent Solutions for an additional contract amount of \$50,000 and a total contract amount not-to-exceed \$154,000.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute said second Amendment to Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AUTHORIZING THE ACTING CITY MANAGER TO EXECUTE THE  
AGREEMENT.**

WHEREAS, on February 25, 2003, the City Council, by Resolution No. 2003-95, accepted the Parks, Recreation and Neighborhoods Department's first Fund Development Report, and

WHEREAS, as part of City Council Resolution No. 2003-95, staff was directed to negotiate an agreement with the Stanislaus Community Foundation to allow the Parks, Recreation and Neighborhoods Department to be eligible for grants for which government agencies are not eligible, and

WHEREAS, the Stanislaus Community Foundation is a 501(c)(3) nonprofit organization governed by a board of private citizens chosen to represent the public interest, and

WHEREAS, the Stanislaus Community Foundation would be a vehicle for acceptance of endowments and gifts for the Tuolumne River Regional Park open space development and program activities, and

WHEREAS, the Tuolumne River Regional Park Joint Powers Agreement authorizes the City of Modesto to perform certain administrative functions and within these parameters the Commission can specify and add to the functions that they believe need to be performed, and

WHEREAS, the Stanislaus Community Foundation would provide a means to invest and manage gifts for park and recreation purposes, and

WHEREAS, the Tuolumne River Regional Park Commission met on December 20, 2004, and recommended 1) approval of an Agreement with the Stanislaus Community Foundation (SCF) to act as the Tuolumne River Regional Park (TRRP) Joint Powers Agency's fiscal agent for acceptance of endowments and gifts for open space development and program activities at the Tuolumne River Regional Park, and 2) appointing the Tuolumne River Regional Park (TRRP) Citizens Advisory Committee as the Tuolumne River Regional Park Advisory Board to the Stanislaus Community Foundation for the purpose of recommending how to disburse funds held by the SCF on behalf of TRRP,

NOW, THEREFORE, BE IT RESOLVED, that the City Council of Modesto hereby approves an Agreement with the Stanislaus Community Foundation (SCF) to act as the Tuolumne River Regional Park (TRRP) Joint Powers Agency's fiscal agent for acceptance of endowments and gifts for open space development and program activities at the Tuolumne River Regional Park.

BE IT FURTHER RESOLVED that the Council hereby authorizes the Acting City Manager, or his designee, to execute the agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-104**

**A RESOLUTION APPROVING AN AGREEMENT WITH  
HABITAT FOR HUMANITY, STANISLAUS, FOR THE  
ALLOCATION OF \$68,791 FROM FISCAL YEAR 2004-2005  
HOME COMMUNITY HOUSING DEVELOPMENT  
ORGANIZATION (CHDO) OPERATING FUNDS AND  
AUTHORIZING THE ACTING CITY MANAGER TO  
EXECUTE THE AGREEMENT**

WHEREAS, in Fiscal Year 2004-2005, HUD allocated \$1,375,817 of HOME entitlement funds to the City of Modesto, and

WHEREAS, each year 5% of the HOME entitlement funds can be allocated to provide operating funds to non-profit organizations that are CHDO certified and provide affordable housing within the participating jurisdiction, and

WHEREAS, the City of Modesto budgeted \$68,791 in CHDO Operating funds for FY 2004-2005, and

WHEREAS, on October 26, 2004, by Resolution No. 2004-564, the Modesto City Council authorized staff to send a letter to the three active and approved Community Housing Development Organizations (CHDOs) and invite them to submit a letter of interest to apply for these funds, and

WHEREAS, on October 28, 2004, a request for "Letters of Interest" was sent, inviting certified Community Housing Development Organizations (CHDOs) to submit a letter of interest by November 19, 2004, and Habitat for Humanity, Stanislaus, was the only CHDO who submitted a "Letter of Interest," and

WHEREAS, according to the "Letter of Interest," Habitat for Humanity will use the CHDO Operating Fund to fund the following eligible operational costs:

organizational support, housing education, administrative expenses, and operating expenses, and

WHEREAS, at the December 17, 2004, meeting, the Citizens Housing and Community Development Committee (CH&CDC) recommended the allocation of \$68,791 in CHDO Operating Fund to Habitat for Humanity, Stanislaus, and

WHEREAS, on January 4, 2005, by Resolution 2005-15, the City Council approved the allocation of \$68,791 from FY 2004-2005 HOME CHDO Operating Funds to Habitat for Humanity, Stanislaus,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the agreement with Habitat for Humanity, Stanislaus, for the allocation of \$68,791 from FY 2004-2005 HOME Community Housing Development Organization (CHDO) Operating Fund.

BE IT FURTHER RESOLVED that the Council hereby authorizes the Acting City Manager, or his designee, to execute the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-109

A RESOLUTION ESTABLISHING ANGLE PARKING IN THE CITY OF  
MODESTO AND RESCINDING RESOLUTION NO. 2005-35

WHEREAS, Article 10 of Chapter 2 of Title 3 of the Modesto Municipal Code  
authorizes the City Council, by resolution, to establish angle parking in the City of  
Modesto, and

WHEREAS, City staff identified the east side of 16<sup>th</sup> Street between H and I  
Streets as a location to install angle parking to create additional on-street parking, and

WHEREAS, staff evaluated the traffic volumes and the speeds for this section of  
roadway and concluded that angle parking can be accommodated on the east side of 16<sup>th</sup>  
Street between H and I Streets without creating a hazard and without impeding traffic  
flow, and

WHEREAS, the Economic Development Committee considered the additional  
angle parking on 16<sup>th</sup> Street at its February 7, 2005, meeting and supported staff's  
recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto  
as follows:

SECTION 1. ANGLE PARKING. Angle parking in the City of Modesto is  
hereby established at the following locations:

- Portions of 10<sup>th</sup> Street, between I & K Streets (west side) (diagonal)
- 18<sup>th</sup> Street, between G and H Streets (west side) (diagonal)
- F Street, between 10<sup>th</sup> and 11<sup>th</sup> Streets (south side) (diagonal)
- I Street, between 9<sup>th</sup> and 12<sup>th</sup> Streets (both sides) (diagonal)

- P Street, between 9<sup>th</sup> and Needham Streets (both sides) (diagonal)
- Coldwell Avenue, between Tully Road and College Avenue
- 4<sup>th</sup> Street, between E Street and G Street (west side)
- 16<sup>th</sup> Street, between I Street and J Street (east side)
- Elm Street, between Jefferson and Washington Streets (diagonal)
- Jefferson Street, between 8<sup>th</sup> and Laurel Streets (diagonal)
- 13<sup>th</sup> Street, between H and L Streets (east side)
- J Street, between 7<sup>th</sup> Street and 8<sup>th</sup> Street (north side)
- 10<sup>th</sup> Street, between G Street and F Street (east side) (diagonal)
- F Street, between 10<sup>th</sup> Street and 11<sup>th</sup> Street (north side) (diagonal)
- 15<sup>th</sup> Street, between K Street and H Street (east side) (diagonal)
- F Street, between 9<sup>th</sup> Street and 10<sup>th</sup> Street (north side) (diagonal)
- 8<sup>th</sup> Street, between J Street and K Street (east side) (diagonal)
- 8<sup>th</sup> Street, between K Street and L Street (east side) (diagonal)
- Sierra Drive between F Street and 4<sup>th</sup> Street (north side)
- 8<sup>th</sup> Street between L Street and Jefferson Street (east side) (diagonal)
- M Street between 7<sup>th</sup> Street and 8<sup>th</sup> Street (south side) (diagonal)
- 10<sup>th</sup> Street between G Street and I Street (east side) (diagonal)
- 16<sup>th</sup> Street between H Street and I Street (east side) (diagonal)

SECTION 2. The Public Works Director is hereby directed to implement the provisions of this resolution.

SECTION 3. Resolution No. 2005-35 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-110

RESOLUTION ACCEPTING THE WORK BY TCB INDUSTRIAL, INC., FOR  
THE "ELM STREET BUILDINGS" PROJECT AS COMPLETE, AUTHORIZING  
THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND  
AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$299,343 PER  
THE CONTRACT. TOTAL PROJECT COST IS \$384,478

WHEREAS, a report has been filed by the Public Works Director that the project titled "Elm Street Buildings" has been completed by TCB Industrial, Inc., in accordance with the contract agreement dated March 2, 2004.

NOW, THEREFORE, BE IT RESOLVED that the "Elm Street Buildings" project be accepted from said contractor, by TCB Industrial, Inc., that the Notice of Completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$299,343, as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-113**

**A RESOLUTION GRANTING TWO UTILITY EASEMENTS TO MODESTO  
IRRIGATION DISTRICT FOR THE PROPOSED BUS MAINTENANCE  
FACILITY**

WHEREAS, Modesto Irrigation District (MID) has reviewed the new Bus Maintenance Facility plans for future service requirements, and

WHEREAS, MID will remove all overhead lines and poles from the future Bus Maintenance Facility site, and

WHEREAS, MID requires easements to construct and operate within the newly designated areas for maintenance of underground conduits and to support the utility pole re-alignment by placement of an anchor, and

WHEREAS, said utility easements are more fully described as set forth in Exhibit "A" and Exhibit "B" attached hereto and incorporated herein,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the granting of two public utility easements to MID for relocation of utility assets for the proposed Bus Maintenance Facility.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-114**

**A RESOLUTION APPROVING THE PAYMENT OF \$114,310.00 TO MODESTO  
IRRIGATION DISTRICT FOR THE RELOCATION OF EXISTING  
ELECTRICAL FACILITIES LOCATED AT THE PROPOSED BUS  
MAINTENANCE FACILITY**

WHEREAS, Modesto Irrigation District (MID) has reviewed the new Bus Maintenance Facility plans for future service requirements, and

WHEREAS, MID will remove all overhead lines and poles from the future Bus Maintenance Facility site, and relocate them underground, and

WHEREAS, the payment of \$114,310 for the relocation of existing facilities is required to be issued to MID prior to their commencement of work, and

WHEREAS, relocation of utilities is paid for by federal & local funding,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves payment to MID in the amount of \$114,310 for relocation of utility facilities located at the proposed Bus Maintenance Facility.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the payment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-116**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
MODESTO CALLING AN ELECTION FOR THE PURPOSE OF  
SUBMITTING THE LEVY OF THE CITY OF MODESTO  
COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE  
ONE #2) SPECIAL TAXES TO THE QUALIFIED ELECTORS OF  
THE TERRITORY PROPOSED TO BE ANNEXED TO THE  
DISTRICT (ANNEXATION NO. 6)**

WHEREAS, this Council did, on January 4, 2005, adopt its Resolution No. 2005-11 (the "Resolution of Intention to Annex") to indicate its intention to annex certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and authorize the levy of the District special taxes within the territory proposed to be annexed (the "Annexed Territory"), pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"), and set a hearing thereon; and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax is higher in Tax Zone #2, and

WHEREAS, the Annexed Territory will be subject to the taxes in Tax Zone #2, and

WHEREAS, notice of the hearing was duly published as required by law, as evidenced by the proof of publication on file with the City Clerk; and

WHEREAS, a map of the Annexed Territory, entitled “Annexation Map No. 6 of Community Facilities District No. 2004-1 (“Village One #2) of the City of Modesto, County of Stanislaus, State of California,” was recorded on January 12, 2005, in the Office of the County Recorder of the County of Stanislaus, in Book 4 of Maps of Assessment and Community Facilities Districts, at page 7; and

WHEREAS, at the time and date set for the hearing (February 8, 2005 and continued to February 22, 2005) pursuant to the Resolution of Intention to Annex, this Council held the public hearing, as required by the Act, related to the proposed annexation and the levy of the District special taxes within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, at the hearing all persons desiring to be heard on all matters pertaining to the proposed annexation and the levy of the District special taxes within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex, including all interested persons for or against the proposed annexation to the District and the levy of the District special taxes within the Annexed Territory were heard and considered, and a full and fair hearing was held thereon; and

WHEREAS, at the hearing evidence was presented to this Council on the matters before it, and this Council, at the conclusion of the hearing, was fully advised as to all matters related to the proposed annexation and the levy of the District special taxes within the Annexed Territory, and all other matters set forth in the Resolution of Intention to Annex; and

WHEREAS, written protests against the proposed annexation and the levy of the District special taxes within the Annexed Territory have not been filed with the City Clerk by 50 percent or more of the registered voters or six registered voters, whichever is more, residing within the District or residing within the District or residing within the Annexed Territory, or the owners of one-half or more of the land in the District, or in the Annexed Territory; and

WHEREAS, the Stanislaus County Registrar of Voters has certified there are less than 12 registered voters residing in the Annexed Territory; accordingly, the qualified electors are the landowners; and

WHEREAS, the City Clerk, being the Council's designated election official for purposes of the election herein called, has concurred in the election date herein set forth for the election;

NOW THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The foregoing recitals are true and correct.

SECTION 2. All prior proceedings taken with respect to the annexation of the Annexed Territory to the District, and the levy of the District special taxes within the Annexed Territory were valid and in conformity with the requirements of the Act. This determination shall be final and conclusive upon all persons.

SECTION 3. The proposed annexation of the Annexed Territory to the District and the levy of the District special taxes within the Annexed Territory have not been precluded by majority protest pursuant to Section 53339.5 of the Act.

SECTION 4. As stated in the Resolution of Intention to Annex, it is the intention of this Council, subject to the approval of the qualified electors of the Annexed Territory, to annex the Annexed Territory to the District and levy the District special taxes within the Annexed Territory. Upon such approval the Council will be authorized to levy the District special taxes within the Annexed Territory.

SECTION 5. A special election is hereby called at which the question of levying the District special taxes within the Annexed Territory shall be submitted to the qualified electors of the Annexed Territory. The election shall be held in accordance with and subject to the Act, all of the terms of which shall, unless waived as herein provided, be applicable to such election. The ballot measure shall be substantially in the form attached hereto as Exhibit A.

SECTION 6. Fewer than 12 persons have been registered to vote within the Annexed Territory for each of the 90 days preceding the close of the hearing referenced herein. Accordingly, the vote shall be by the landowners of the Annexed Territory, and each such landowner shall have one vote for each acre or portion thereof that he or she owns within the Annexed Territory. The ballots shall be distributed by mail with return postage prepaid, or by personal service, to each landowner, all as provided in Section 53326 of the Act.

Since the City Clerk has received an appropriate waiver of time limits and other requirements pertaining to the conduct of the election by the owner of all of the land in the Annexed Territory (the "Landowner"), the election shall be held on the 14<sup>th</sup> day of December 2004. The election shall be conducted by the City Clerk in the manner required by this resolution, the Act and applicable laws.

The hour on such date when the ballots are required to be received in the office of the City Clerk is noon, Pacific Time. If all qualified electors have voted prior to such time, the election shall be closed.

SECTION 7. In accordance with Section 53327(b) of the Act, analysis and arguments, as required by Section 53327(a) of the Act are hereby waived, as the City Clerk has received the unanimous consent to such waivers from the Landowner.

SECTION 8. The publication of this Resolution as notice of the special election is hereby waived as the City Clerk has received the unanimous consent to such waiver from the Landowner.

SECTION 9. The Annexed Territory shall constitute a single election precinct for the purpose of holding the election.

SECTION 10. The City Clerk is hereby authorized to take any and all steps necessary for the holding of the election, and to perform and render all services and proceedings incidental to and in connection with the election.

SECTION 11. The City Clerk shall canvass the returns and certify the results of the election to this Council. If two-thirds or more of the votes cast are in favor of levying the District special taxes in the Annexed Territory, this Council may thereafter, order the annexation of the Annexed Territory to the District and levy the District special taxes in the Annexed Territory in the amount and for the purposes specified in Resolution No. 2004-199 adopted by this Council on April 6, 2004 (the "Resolution of Formation"). The Special Tax will be levied only at the rate and apportioned only in the manner specified in the Resolution of Formation, as clarified by the City Council on December

14, 2004 (Resolution No. 2004-681) and at the rates set forth in Tax Zone #2 created by the City Council on December 14, 2004 (Resolution No. 2004-683).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-117**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
MODESTO CANVASSING THE RESULTS OF THE FEBRUARY 22, 2005,  
ELECTION HELD WITHIN THE TERRITORY PROPOSED TO BE  
ANNEXED TO CITY OF MODESTO COMMUNITY FACILITIES  
DISTRICT NO. 2004-1 (VILLAGE ONE #2), AND ORDERING  
ANNEXATION OF THE TERRITORY TO THE DISTRICT  
(ANNEXATION NO. 6)**

WHEREAS, this Council is conducting proceedings pertaining to the annexation of certain territory to the City's Community Facilities District No. 2004-1 (Village One #2) (the "District") and the levy of the District special taxes (the "District Special Taxes") within such territory, as described in its Resolution No. 2005-11, entitled "A Resolution of the City Council of the City of Modesto of Intention to Annex Territory to Community Facilities District No. 2004-1 (Village One #2) and to Authorize the Levy of Special Taxes therein (Annexation No. 6)" adopted on January 4, 2005, pursuant to Chapter 2.5 of Part 1 of Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the "Mello-Roos Community Facilities Act of 1982" (the "Act"); and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 ("Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the territory to be annexed will be subject to the tax rates in Tax Zone #2,

WHEREAS, the owner of all the property within the territory proposed to be annexed to the District waived those provisions related to the timing and conduct of the election referenced

in Sections 5, 6, 7 and 8 of this Council's Resolution No. 2005-11, adopted on January 4, 2005, and, as a result, this Council called an election within the territory proposed to be annexed to the District (the "Election") for February 8, 2005, or as soon after there as practicable, relative to the foregoing;

WHEREAS, on February 22, 2005, the Election was held; and

WHEREAS, the City Clerk has certified that at the Election the proposition of levying the District Special Taxes within the territory proposed to be annexed to the District was approved by more than two-thirds (2/3) of the votes cast at the Election;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto that:

SECTION 1. The Election was duly and validly conducted in conformity with all applicable laws pertaining thereto. It is hereby determined that the owners of the territory proposed to be annexed is as set forth in the Certificate of City Clerk as to Distribution of Official Ballots, submitted to this Council and on file with the City Clerk.

SECTION 2. The ballot proposition presented to the qualified electors of the territory proposed to be annexed at the Election received at least two-thirds (2/3) of the votes cast at the Election. A copy of the City Clerk's certificate of election results is attached.

SECTION 3. Pursuant to Section 53339.8 of the Act, it is hereby ordered that the territory proposed to be annexed to the District pursuant to Resolution No. 2005-11 be annexed to and be a part of the District with full legal effect, and that the District Special Taxes be levied within the territory so annexed as set forth in the Resolution of Creation of Tax Zone #2. It is intended that the special taxes set forth in Tax Zone # 2 be levied in the territory annexed.

SECTION 4. The City Clerk is hereby directed to enter this resolution on the minutes of this City Council, which shall constitute the official declaration of the result of the Election.

SECTION 5. The City Clerk is further authorized and directed to record an amendment to the Notice of Special Tax Lien with the County Recorder of the County of Stanislaus, within 15 days from the date hereof, in accordance with the provisions of Sections 3114.5 and 3117.7 of the California Streets and Highways Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of February 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-118**

**A RESOLUTION AMENDING THE CAPITAL IMPROVEMENT PROGRAM  
AND BUDGET TO ALLOW CONSTRUCTION OF A 6-LANE INTERIM  
FACILITY ON PELANDALE AVENUE BETWEEN DALE ROAD AND  
MCHENRY AVENUE TO START IN FISCAL YEAR 2006**

WHEREAS, Council Resolution No. 2004-451 adopted the 2004/2005 Capital Improvement Program, and

WHEREAS, the 2004/2005 Capital Improvement Program included a project titled, "Pelandale Widening to 4 lanes --Dale to McHenry," and a future project for "Pelandale Widening to 6 lanes - Dale to McHenry" and

WHEREAS, the Finance Committee met on January 24, 2005, and directed staff to investigate costs and funding for a single project to widen Pelandale to 6 lanes from Dale to McHenry and move this project forward, and

WHEREAS, staff estimates the cost to widen Pelandale to 6 lanes, from Dale to McHenry, at \$9,368,000, and recommends increasing the budget.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the Capital Improvement Program and budget to allow construction of a 6-lane interim facility on Pelandale Avenue between Dale Road and McHenry Avenue to start in fiscal year 2006. Staff is directed to include rubberized asphalt as a bid alternate when the project is put out to bid.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-119**

**A RESOLUTION APPROVING A MEMORANDUM OF UNDERSTANDING  
(MOU) BETWEEN THE CITY OF MODESTO AND THE MODESTO POLICE  
OFFICERS ASSOCIATION (MPOA) FOR A TERM OF FEBRUARY 22, 2005  
THROUGH DECEMBER 22, 2008**

WHEREAS, the current Memorandum of Understanding (MOU) between the City of Modesto (CITY) and the Modesto Police Officers Association (MPOA) expired on December 27, 2004, and

WHEREAS, representatives of the CITY and the MPOA have met and conferred in good faith concerning wages, hours, terms and conditions of employment for employees in said bargaining unit, and

WHEREAS, pursuant to an Agenda Report dated February 8, 2005, a copy of which report is on file in the office of the City Clerk, the CITY and MPOA have reached agreement on a new MOU which, upon execution, shall be attached hereto and made a part hereof, and

WHEREAS, the MOU provides as follows:

SECTION 1. SALARY INCREASES. The current salary schedule effective March 9, 2004 shall remain in full force and effect through July 25, 2005. Across-the-board salary increases shall be effective as follows:

3% effective July 26, 2005  
3% effective July 25, 2006  
4% effective January 9, 2007  
6% effective January 8, 2008

SECTION 2. HEALTH, DENTAL AND VISION BENEFITS. The City's contribution to employees' Health, Dental and Vision coverage shall be as follows:

	Total Contributions (monthly)				
	<u>7/27/04</u>	<u>7/26/05</u>	<u>7/25/06</u>	<u>7/24/07</u>	<u>7/22/08</u>
Family	\$731.76	\$767	\$812	\$867	\$957 (max)
Single	343.56	400	445	490	535
Opt Out	343.56	350	375	400	425

The MOU provides that the City's contribution for Family coverage effective July 22, 2008 will be based on a market survey, with a maximum increase to \$957/month.

SECTION 3. POST CERTIFICATION PAY. Effective January 2007, Intermediate POST pay of 1%, and Advanced POST pay of 2%. Effective January 2008 these amounts will increase to a total of 2% and 4%, respectively. Effective January 2008, the current Master Officer/Master Detective pay of 5% is to be replaced with Senior Officer/Senior Detective pay of 1%, plus the 4% Advanced POST pay.

SECTION 4. UNIFORM ALLOWANCE. Effective January 2008, uniform allowance increases from \$1100/year to \$1128/year.

SECTION 5. COURT OVERTIME. Effective February 22, 2005, the minimum Court Overtime pay increases from 3 hours to 4 hours on a duty day, with "call-in" pay to the Court Liaison reduced from 2 hours to 1 hour.

SECTION 6. SCHEDULE ADJUSTMENTS. Effective February 22, 2005, officers assigned to Traffic or Street Crimes units shall be subject to schedule adjustments for Graduation/Graffiti weekend (2 days), Fourth of July and for one (1) undesignated day per officer.

SECTION 7. VEHICLES. Effective February 22, 2005, Detectives shall be permitted take home vehicles if they reside within a 30 mile radius of the Modesto City limits (previously 20 miles from the Police Department).

SECTION 8. ADDITIONAL CHANGES. Changes to the MOU also include increased canine care time (taken as release time), the requirement for off-shifting after six (6) consecutive assignments to the same shift, and phasing out the use of negative vacation.

WHEREAS, the Council considered this matter at its meeting of February 22, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Memorandum of Understanding (MOU) between the City of Modesto and the Modesto Police Officers Association (MPOA), which covers a term from February 22, 2005 through December 22, 2008, and upon execution of same, a copy of the MOU will be on file in the office of the City Clerk.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of February, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-121**

**A RESOLUTION APPROVING THE ECONOMIC DEVELOPMENT  
COMMITTEE'S (EDC) RECOMMENDATION FOR THE TOP FOUR  
STATE TRANSPORTATION IMPROVEMENT PROJECTS (STIP)**

WHEREAS, Mike Evanhoe, Interim Executive Director of StanCOG, met with City staff to review StanCOG's highway project priorities, and

WHEREAS, StanCOG is of the opinion that the project list is unrealistic due to funding limitations, and

WHEREAS, StanCOG is recommending that member agencies "remove most projects from the active planning list," shelving the projects until the region becomes a "self help" county and focus on key fundable and "buildable" projects, and

WHEREAS, the current top three priorities of StanCOG's Policy Board are:

1. Route 132 Corridor (vicinity Beard Industrial Tract to I-580)
2. Route 219/Kiernan Avenue widening from McHenry Avenue to Route 99 (includes improving the Route 99 interchange)
3. Pelandale/99 Interchange, and

WHEREAS, at its meeting on February 15, 2005, the Economic Development Committee (EDC) and City Staff jointly discussed StanCOG projects and recommended that the following four projects be carried forward:

1. SR99 PM 11.9 Route 99/Whitmore Avenue I/C; at Whitmore Avenue in Ceres, Construct over crossing. Capital Cost 22.3M. Status PS&E/RW (Ceres)
2. SR99 PM 21.5/22.0; In Modesto, Pelandale Interchange Reconstruction. Capital Cost: \$70 million. Status PA&ED\* (Modesto)

3. Route 132 Corridor SR132 PM 17.7/19.7; From Riverside Drive to Frazine/Codoni Road in Empire, widen o 4 lanes. Capital Cost \$7.1 million. Status: PS&E/RW. (Stanislaus County)
4. Route 219/Kiernan Avenue widening from McHenry Avenue to Route 99 (Stanislaus County), and

WHEREAS, the EDC endorsed the idea of City Capital Facilities Fees (CFF) to advance approximately \$1 million to complete the Project Approval and Environmental Document (PA&ED) and Plan Specifications and Estimates (PS&E) work for the Pelandale Interchange project (project #2 in the above list), provided the City would assume the lead role for this work. In doing so, the City can enable this project to be ready for right-of-way purchase and construction when those funds are available,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the top four priority projects as recommended by the EDC and City staff set forth herein and more fully described in the February 15, 2005, agenda report from Peter Cowles, Public Works Director, on file in the Office of the City Clerk.

BE IT FURTHER RESOLVED that the City Council hereby authorizes City staff to review funding mechanisms for said projects and return to Council at a later date to present a funding package.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of February 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-122A**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS (RFB) FOR ONE (1) CHLORINE  
WEIGHING SYSTEM FOR A TOTAL ESTIMATED COST OF \$65,000**

WHEREAS, the Operations and Maintenance Department-Water Quality Control Division has requested the purchase of one (1) chlorine weighing system for the Secondary Wastewater Treatment Facility, located at 7007 Jennings Road, Modesto, CA., and

WHEREAS, currently staff does not have the ability to accurately measure the amount of chlorine available; it is possible the tanks could become empty, therefore, not dispensing the necessary required amount of chlorine into the water, and

WHEREAS, chlorine is used as a disinfectant for treating wastewater released into the San Joaquin River, and

WHEREAS, without adequate chlorine, the water to be discharged may not be disinfected and, therefore, the system meters would respond by initiating an automatic failsafe and abruptly stop river discharge, and

WHEREAS, startup after a failsafe shutdown is complex and as compared to continued river discharge without interruption, inefficient, and

WHEREAS, in order to ensure that tanks do not empty completely, tanks are currently replaced when staff believes there may not still be chlorine available, and

WHEREAS, installing a chlorine weighing system will allow staff to know exactly when tanks need to be replaced, thereby allowing staff to plan ahead for changing the tanks, as well as better utilization of chlorine supplies, and

WHEREAS, in addition, the weighing system would also verify that the amount of product delivered is the same that being invoiced, and

WHEREAS, by soliciting formal bids for one (1) chlorine weighing system, the Finance Department, Purchasing Division will comply with MMC Section 8-3.203 regarding formal bids procedures,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to issue a formal Request for Bids for one (1) chlorine weighing system for a total estimated cost of \$65,000 as follows:

SECTION 1. The City Clerk is hereby authorized to call for public formal bids for the purchase of one (1) chlorine weighing system to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, the Purchasing Division will evaluate the bids and make a recommendation to award which will then be submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 1<sup>st</sup> day of March 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-122**

**A RESOLUTION APPROVING THE FINAL MAP OF THE PAPILLON PARK  
SUBDIVISION IN THE CITY OF MODESTO AND AUTHORIZING THE CITY  
MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH MARILYN  
SHROYER, TRUSTEE OF THE MARILYN SHROYER TRUST**

WHEREAS, MARILYN SHROYER, Trustee of the Marilyn Shroyer Trust, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 0.98 acres, known as the PAPILLON PARK SUBDIVISION (“SUBDIVISION”), and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on March 10, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 17<sup>th</sup> day of May, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the

City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8<sup>th</sup> day of March 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION ACCEPTING THE BID AND APPROVING A \$2,336,752  
CONTRACT WITH ACME CONSTRUCTION CO., INC., FOR THE PROJECT  
TITLED, "MADDUX YOUTH CENTER RENOVATION AND EXPANSION,"  
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the bids received for "Maddux Youth Center Renovation and Expansion" were opened at 11:00 a.m. on February 8, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$2,336,752.00 received from Acme Construction Co., Inc., be accepted as the lowest responsible bid and the contract be awarded to Acme Construction Co., Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the bid of Acme Construction Co., Inc., in the amount of \$2,336,752.00, and hereby awards Acme Construction Co., Inc., the contract titled "Maddux Youth Center Renovation and Expansion."

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

NOES: Councilmembers: None

ABSENT: Councilmembers: Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-124**

**A RESOLUTION AMENDING THE CAPITAL IMPROVEMENT PROGRAM TO  
1) REDUCE PER CAPITA REVENUE FROM THE STATE OF CALIFORNIA  
CLEAN WATER, CLEAN AIR, SAFE NEIGHBORHOOD PARKS AND  
COASTAL PROTECTION BOND ACT OF 2002 (PROPOSITION 40) IN THE  
VIRGINIA CORRIDOR ACCOUNT 2300-310-A087 BY \$323,000 AND  
DECREASE EXPENDITURE IN THE VIRGINIA CORRIDOR ACCOUNT 2300-  
310-A087 BY \$323,000, AND 2) INCREASE PROPOSITION 40 PER CAPITA  
REVENUE IN MADDUX YOUTH CENTER IMPROVEMENT ACCOUNT 2300-  
310-M182 BY \$323,000, AND REDUCE THE COMMUNITY DEVELOPMENT  
BLOCK GRANT (CDBG) REVENUE IN THE MADDUX YOUTH CENTER  
IMPROVEMENT ACCOUNT 2300-700-M182 BY \$155,000, AND TO INCREASE  
THE EXPENDITURE BUDGET IN THE MADDUX YOUTH CENTER  
IMPROVEMENT ACCOUNT 2300-310-M182 BY \$167,262 TO CREATE A  
BALANCED BUDGET**

WHEREAS, In June 2001, Parks, Recreation and Neighborhoods began a project to remodel and to expand the Maddux Youth Center located at 615 Sierra Drive (4<sup>th</sup> Street at G Street) in César E. Chávez Park, and

WHEREAS, construction bids were opened on February 8, 2005, and Acme Construction Co., Inc., was the low bidder, and

WHEREAS, the Engineer's estimate and the bids are considered reasonable whenever any of the bids are within 10% of the Engineer's estimate, and

WHEREAS, the low bidder was within 6.58% of the Engineer's estimate, and

WHEREAS, in order to fully fund construction of the project, the Capital Improvement Program needs to be amended, and

WHEREAS, \$323,000 in revenue available from the City of Modesto's share of Per Capita program of the State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40) in Virginia Corridor project will be reduced, and

WHEREAS, \$323,000 in expenditures in Virginia Corridor Project will be reduced, and

WHEREAS, \$323,000 in revenue is available from the City of Modesto's share of the Per Capita program of the State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40), and

WHEREAS, \$155,000 in Community Development Block Grant funding that was incorrectly appropriated to project M182 needs to be de-obligated, and

WHEREAS, expenditures for Maddux Youth Center Remodel Project will be increase to reflect a balanced budget and

WHEREAS, on February 3, 2003, the Safety and Communities Committee recommended approval of the Master Plan, Conceptual Drawings and Cost Estimate; 2nd Amendment to RRM Design; and the Initial Study/Statement of Conformance with the MEIR, and

WHEREAS, on March 8, 2004, the Economic Development Committee recommended approval of the angle parking proposal,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby amends the Capital Improvement Program to estimate \$323,000 in revenue from the Per Capita program of the State of California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Bond Act of 2002 (Proposition 40), and to appropriate \$323,000 in revenue to project 2300-310-M182, Maddux Youth Center Remodel.

BE IT FURTHER RESOLVED by the Council that it hereby approves de-obligation of \$155,000 in estimated revenue from the Community Development Block Grant Program.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-126**

**A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR PLANNED  
DEVELOPMENT ZONE, P-D(571). (ST. STANISLAUS CATHOLIC CHURCH)**

WHEREAS, a verified application for an amendment to Section 31-3-9 of the Zoning Map was filed by St. Stanislaus Catholic Church on December 17, 2002, to reclassify from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(571), to allow a 27,200-square-foot church and 27,800-square-foot ministries building on 18.7 acres, property located on the south side of Maze Boulevard east of Carpenter Road, described as follows:

All that certain parcel of land being a part of Lots 26 and 27 of the Maze Ranch Subdivision, as shown on the map thereof filed March 19, 1909 in Volume 4 of Maps, at Page 18, Stanislaus County Records, located in the Northwest quarter of Section 31, Township 3 South, Range 8 East, Mount Diablo Base and Meridian, County of Stanislaus, State of California, being more particularly described as follows:

COMMENCING at a brass plate set in concrete that monuments the Northwest corner of said section 31; thence South 89°46'38" East along the section line between sections 30 and 31, said section line being the center line of Maze Boulevard, a distance of 1020.62 feet to THE POINT OF BEGINNING; thence continue along said section line South 89°46'38" East 1039.16 feet; thence leaving the said section line and center line of Maze Boulevard South 0°50'50" East a distance of 699.26 feet to a point on the north line of Lot 8 of Block 4131 of Willow Estate Unit No. 1 filed for record in Book 20 of Maps, at Page 13, Stanislaus County Records; thence along said north line of said Lot 8 South 88°06'08" West a distance of 20.23 feet to the northwest corner of said Lot 8; thence along the west line of said Lot 8 South 02°35'48" East a distance of 100.00 feet to the southwest corner of said Lot 8 and a point on none tangent curve having a central bearing of North 02°35'47" West and a radius of 975.00 feet and being a point on the north right of way line of Sandburg Avenue as shown on said map of Willow Estate Unit No. 1; thence along said north right of way and curve concave to the northwest having a central angle of 0°37'28" an arc distance of 10.63 feet to the northwest terminus of said Sandburg Avenue and having a central bearing of North 01°58'20" West; thence South 88°30'54" West a distance of

1001.21 feet; thence North 08°51'00" West a distance of 830.59 feet to THE POINT OF BEGINNING.

Containing a gross area of 19.38 acres, more or less.

WHEREAS, after a public hearing held on January 24, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2005-03, that rezoning of the property as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed church is located in an appropriate area for a church, being on an Arterial street and well buffered from existing residential development in the area.
2. The church will enhance the western entrance into Modesto on State Highway 132.
3. The proposed rezoning is consistent with the General Plan as churches are permitted in the Residential General Plan Designation for the site and the environmental impacts of the project are within the scope of the General Plan Master EIR.

WHEREAS, said matter was set for a public hearing of the City Council to be held on March 8, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of St. Stanislaus Catholic Church for a Planned Development Zone to allow a 27,200-square-foot church and 27,800-square-foot ministries building on 18.7 acres, property located on the south side of Maze Boulevard east of Carpenter Road should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2005-03 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3379-C.S. on the 8th day of March, 2005, reclassifying the above-described property from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(571).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. DEVELOPMENT PLAN. The development plan for Planned Development Zone, P-D(571), is hereby approved subject to the following conditions:

1. All development shall conform to the plot plan and floor plans titled "St. Stanislaus Catholic Church" as amended in red, stamped approved by the City Council on March 8, 2005.
2. The following street dedication consistent with Standard Specifications shall be made prior to the issuance of a building permit or at any time requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area:
  - a. Dedication of right-of-way on the project site frontage of Maze Boulevard to a Minor Arterial street mid-block standard (provide 50 feet of right-of-way from street centerline), in addition to right-of-way needed for any project-specific turn lanes required by the improvement plans as approved by the City Engineer and Caltrans.
3. The following interim street improvements as approved by the City Engineer or designee and Caltrans shall be provided prior to the occupancy of any structures or when requested by the City Engineer or designee to alleviate a health, safety, or traffic problem in the area:
  - a. The construction of left-turn pockets and medians to provide for left turning movements for the driveway shared by the church and St. Stanislaus Elementary School.
  - b. Restricting the westernmost driveway of St. Stanislaus Elementary School to right-in, right-out movements only.
4. Ultimate street improvements consistent with Standard Specifications to construct the project frontage of Maze Boulevard to a Minor Arterial street standard shall be secured prior to the

occupancy of any structures. The amount of the security shall be determined pursuant to an engineer's estimate provided by the applicant as approved by the City Engineer or designee. The form of the security shall be as approved by the City Engineer or designee and the City Attorney or designee.

5. The easternmost driveway shared between the church and St. Stanislaus Elementary School shall be widened to 36 feet.
6. Prior to the issuance of a building permit, the developer shall submit a plan to provide on-site treatment of stormwater in accordance with the City of Modesto Guidance Manual for New Development Stormwater Quality Control Measures and the City's current NPDES Permit, as approved by the Public Works Director or designee. Storm drain improvements shall be constructed in accordance with the approved plans. Storm drainage for Maze Boulevard shall be provided through roadside swales or other methods as approved by the City Engineer or designee and Caltrans until such time as the full frontage improvements are installed on Maze Boulevard.
7. The water line serving the project shall be looped on-site as approved by the City Engineer or designee.
8. Prior to issuance of a building permit, improvement plans for required improvements shall be prepared by a Registered Civil Engineer and approved by the City Engineer or designee. Improvements shall be constructed in accordance with the approved plans.
9. Prior to issuance of a building permit, the developer shall show on the plans submitted to Building and Development Services all fire hydrants as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures. As required by Standard Specifications, Section 6.07, an additional fire hydrant will need to be installed near the ministries building, in a location to be approved by the Fire Marshal.
10. All-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions prior to and at all times during construction. The bollards to pre-vent non-emergency access from using the secondary emergency access to Maze Boulevard shall be secured with KNOX pad-locks as approved by the Fire Marshal.

11. Prior to the issuance of a building permit, a landscaping and irrigation plan shall be approved by the Parks, Recreation and Neighborhood Director or designee. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
12. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.
13. Prior to issuance of a building permit the developer shall dedicate public utility easements as required by the utility companies and the City Engineer or designee.
14. Irrigation lines shall be removed, relocated, or protected as required by the Modesto Irrigation District and the City Engineer or designee. Easements for irrigation lines to remain shall be dedicated.
15. All outdoor lighting shall be shielded from adjacent residential properties as required by the City Engineer or designee.
16. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.
17. Ten-foot-wide public utility easements, and planting easements located within the ten-foot-wide public utility easements, as required by the City Engineer or designee shall be dedicated along all street frontages.
18. All signs shall comply with the sign requirements of the R-1 Zone.
19. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction in this development shall be based on the rates in effect at time of issuance of the building permit.
20. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development

approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

In addition, the following recommended conditions of approval are mitigation measures from the Modesto Urban Area General Plan Master EIR that should be applied to the project, pursuant to the Initial Study (Environmental Assessment No. EA/C&ED 2005-01) prepared for the project:

21. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
22. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut and fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
23. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
24. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. The use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions. Use of blower devices is expressly forbidden.
25. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
26. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.
27. The City's Noise Ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air

of the steam of any steam equipment or exhaust from any stationary internal-combustion engine.”

The Noise Ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or Federal Holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- a. A hammer or any other device or implement used to pound or strike an object.
- b. An impact wrench or other tool or equipment powered by compressed air.
- c. A hand-powered saw.
- d. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- e. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- f. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, backhoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- g. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.

- h. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.
- 28. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K.
- 29. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system.

SECTION 2. DEVELOPMENT SCHEDULE. The following development schedule is hereby approved for said Planned Development Zone, P-D(571):

The construction program be accomplished in two phases as follows:

- 1. Phase I – Church: Construction to begin on or before March 8, 2007 and completion to be not later than March 8, 2008.
- 2. Phase II – Ministries Building: Construction to begin on or before March 8, 2015 and completion to be not later than March 8, 2016.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until the ordinance reclassifying the above-described property to Planned Development Zone, P-D(571), becomes effective.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-127**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT (SCH NO. 1999082041): AMENDING SECTION 31-3-9 OF THE ZONING MAP TO REZONE FROM LOW DENSITY RESIDENTIAL ZONE, R-1, TO PLANNED DEVELOPMENT ZONE, P-D(571), PROPERTY LOCATED ON THE SOUTH SIDE OF MAZE BOULEVARD EAST OF CARPENTER ROAD. (ST. STANISLAUS CATHOLIC CHURCH)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, St. Stanislaus Catholic Church has proposed that the zoning designation for the property located on the south side of Maze Boulevard east of Carpenter Road be amended to rezone from Low Density Residential Zone, R-1, to Planned Development Zone, P-D(571), to allow a 27,200-square-foot church and 27,800-square-foot ministries building (the "project"), and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2005-01 ("Initial Study") reviewed the proposed amendment to the Zoning Map and rezone to P-D(571) project to determine

whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and concluded that the proposed project is within the scope of the Master EIR and will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, in accordance with CEQA guidelines beginning on February 11, 2005 the City caused to be published a 20-day notice of the City’s intent to make a finding that the proposed project conforms with the Master EIR, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on March 8, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to the Zoning Map and rezone to P-D(571) project, a copy of which is attached hereto as Exhibit “A”, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The type of project is described in Chapter II of the Master EIR (SCH No. 1999082041).
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

4. Based on the Initial Study, the City of Modesto finds and determines:
  - a. The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b. No new or additional mitigation measures or alternatives are required.
  - c. The project is within the scope of the MEIR.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

**EXHIBIT A**  
**Initial Study**  
**EA/C&ED 2005-01**

**City of Modesto**

**Finding of Conformance to  
General Plan Master EIR:**

**Initial Study C&ED No. 2005-01**

**For the proposed:**

**Rezoning from R-1 to P-D for Saint Stanislaus Catholic Church**

**Prepared by:  
City of Modesto  
Community & Economic Development Department  
Planning Division**

**12/29/04**

**City of Modesto**  
**Master EIR Initial Study Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether project, a church and ministries building for Saint Stanislaus Catholic Church, is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

- A. It will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
- B. No new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: Rezoning R-1 to P-D, Saint Stanislaus Catholic Church
- B. Address or Location: the south side of Maze Boulevard east of Carpenter Road.
- C. Applicant: Saint Stanislaus Catholic Church, 709 J Street, Modesto, CA 95354
- D. City Contact Person: Steve Mitchell, Principal Planner  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5287  
E-mail address: smitchell@modestogov.com
- E. Current General Plan Designation(s): Residential (R)
- F. Current Zoning Classification(s): Low-Density Residential (R-1)

- G. Surrounding Land Uses:   North: Single family homes  
                                      South: Vineyard  
                                      East: Vineyard and single family homes  
                                      West: Saint Stanislaus Elementary School

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

This is an application for a rezoning from R-1, Low-Density Residential Zone, to P-D, Planned Development Zone, to allow construction of a 27,200-square-foot church and a 27,800-square-foot ministries building on 18.7 acres located on the south side of Maze Boulevard east of Carpenter Road. The project proposes 189 parking spaces on site, and utilizing 136 existing parking spaces on the adjacent Saint Stanislaus Elementary School site. The project will access Maze Boulevard via a widened and improved existing driveway located at the east end of the school site.

- I. Other Public Agencies Whose Approval is Required:

The project will require an encroachment permit from Caltrans for roadway work on Maze Boulevard (State Highway 132).

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

**A. X Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

1. The type of project is described in Chapter II of the Master EIR.
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
4. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
5. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

**B.        Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

1. The type of project is described in Chapter II of the Master EIR.
2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

**C.        Focused EIR Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

1. The type of project is described in Chapter II of the Master EIR.

2. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
3. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

Project Manager

Principal Planner  
Title

January 24, 2005  
Date

**D. Within the Scope Analysis of this Document:**

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met, Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

	YES	NO
(1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.	X	<input type="checkbox"/>
(2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template.	X	<input type="checkbox"/>
(3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).	X	<input type="checkbox"/>
(4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.	X	<input type="checkbox"/>
(5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.	X	<input type="checkbox"/>
(6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.	X	<input type="checkbox"/>

**E. Currency of the Master EIR Document**

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

	YES	NO
(1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.	X	<input type="checkbox"/>
(2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings:	X	<input type="checkbox"/>
(3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.	X	<input type="checkbox"/>
(4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available.	X	<input type="checkbox"/>
(5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development.	X	<input type="checkbox"/>

#### **IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 buildout of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

#### **A. TRAFFIC AND CIRCULATION**

##### **1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable traffic and circulation impacts:

Effect: Increased traffic will result in certain roadway segments operating at LOS D or worse.

Effect: The Substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of an LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that are pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

There are no specific traffic mitigation measures from the MEIR that are directly applicable to this project.

**3. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria:

A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the MEIR.   | <input type="checkbox"/> | X  |
| <p>Where a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study will recommend new, project-specific mitigation measures. Where the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering &amp; Transportation staff, a comprehensive traffic study will be required that will include off-site traffic impact analysis.</p> |                          |    |
| (b) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment).   | <input type="checkbox"/> | X  |
| (c) Result in inadequate emergency access.   | <input type="checkbox"/> | X  |
| (d) Result in inadequate parking capacity.   | <input type="checkbox"/> | X  |

Discussion:

- (a) A site access study ("Supplemental Traffic Analysis, St. Stanislaus Catholic Church,

Modesto, California" dated October 27, 2004, attached) was prepared for this project by Dowling Associates, Inc.. Because church services have been held in an existing facility at the adjacent St. Stanislaus Elementary School for several years, the Analysis concludes that the increase in trips generated by the new church would be minimal, and consequently that there would be no new significant traffic impacts generated by the project. The Analysis further compared the projected 2025 traffic conditions of the General Plan MEIR with and without the project, and concluded that the project would not cause a drop in the Level of Service (LOS) of any nearby intersections or road segments beyond what was assumed in the MEIR. The Analysis has been reviewed by the City's Traffic Engineering section, and they concur with its findings.

- (b) Since the project will utilize an existing driveway for access, and will be required to improve that driveway to City standards, the project will not substantially increase hazards due to a design feature.
- (c) The City's Fire Marshall is requiring, and the applicant is providing, a secondary emergency-only access to the project from Maze Boulevard. This will ensure that the project has adequate emergency access.
- (d) The project proposes 189 parking spaces on site, and utilizing 136 existing parking spaces on the adjacent Saint Stanislaus Elementary School site to meet City parking standards. Although the existing parking spaces are shared with the Elementary School, there will be adequate parking for both uses, as the church and school have operating hours that do not overlap.

## **B. AIR QUALITY**

### **1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. This is a significant and unavoidable impact.

Effect: Projected traffic levels will result in increased ROG and NOX levels in the project area. This is a significant and unavoidable impact.

These are also cumulative impacts on air quality.

### **2. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

Mitigation Measures from the MEIR appropriate to this project are the relevant PM10 control measures listed in Section IV.

**3. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines. | <input type="checkbox"/> | X  |
| (b) The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.   | <input type="checkbox"/> | X  |
| (c) The project does not comply with the air quality policies of the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (d) The project would expose sensitive receptors to substantial pollutant concentrations.  | <input type="checkbox"/> | X  |
| (e) The project would create objectionable odors affecting a substantial number of people.   | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is within the scope of the Master EIR for traffic related impacts. Therefore, it should be within the scope of the Master EIR for CO and NOx emissions in that these pollutants are directly related to the traffic impacts of the project.
- (b) This project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (c) Applicable General Plan Policies will be applied to the project. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).
- (d) The project is not a significant contributor to pollution levels in that it is a church that operates only during times when the adjacent elementary school (which is a sensitive receptor) is not operating.
- (e) Since the project is a church, it will not produce objectionable odors and is not in close proximity to residences.

**C. NOISE**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in exceedances of the City's Noise Significance Standards (see Table 3-3 MEIR).

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project, and any new measures are listed in Section IV, Mitigation Applied to Project.

Discussion:

Mitigation Measures appropriate to this project include: N-4, N-5 and N-6.

**3. Project-Specific Effects**

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.   | <input type="checkbox"/> | X  |
| (b) The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (c) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project.             | <input type="checkbox"/> | X  |
| (d) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project. | <input type="checkbox"/> | X  |

Discussion:

- (a) The City's noise policy is incorporated into the conditions of approval as a mitigation measure.
- (b) The project is consistent with the noise policies of the General Plan, and churches are a permitted use in the Residential General Plan designation for the site. The noise mitigation measures called for by the General Plan for projects within the baseline developed area, are incorporated into the conditions of approval for the project.
- (c) Churches in of themselves do not result in a substantial permanent increase in ambient noise levels. The only permanent noise levels produced by the project would be associated with traffic. The increased traffic levels are within the scope of what the MEIR assumed for the site. Therefore, this project will not result in a substantial permanent increase in ambient noise levels.
- (d) Since church services are already held at facilities on the adjacent elementary school site, which shares the access point with the proposed church, there would be no significant temporary increase in ambient noise levels in the project vicinity above levels existing without the project.

**D. AGRICULTURAL LANDS**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Agricultural Land mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

Discussion:

Since the project is located in the General Plan's Baseline Developed Area, the project is considered to have a minimal effect on the conversion of agricultural lands and no mitigation measure is required, pursuant to General Plan Policy AL-17.

**3. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(a) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(b) The project will directly result in the development of land outside the March 2003 planning area boundaries.	<input type="checkbox"/>	X
(c) The project will conflict with existing zoning for agricultural use or a Williamson Act contract.	<input type="checkbox"/>	X
(d) The project will involve other changes in the existing environment which, due to their location or nature, could result in conversion of farmland to non-agricultural use.	<input type="checkbox"/>	X

Discussion:

- (a) The project is consistent with the General Plan land use policies, as churches are a permitted use in the General Plan Residential Land Use Designation for the site.
- (b) The project is within the General Plan's Baseline Developed Area and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (c) The project site is not zoned for agriculture, nor is it under Williamson Act contract.
- (d) Since the project and immediately-adjacent agricultural lands are located in the General Plan's Baseline Developed Area, the project is considered to have a minimal effect on the conversion of agricultural, pursuant to General Plan Policy AL-17.

**E. WATER SUPPLY**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. This is a less-than-significant impact.

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. This is a significant and unavoidable cumulative impact.

## **2. Master EIR and/or New Mitigation Measures Applied to the Project**

Water Supply mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

### Discussion:

There are no mitigation measure applicable to this project.

## **3. Project-Specific Effects**

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) Sufficient water supplies are not available to serve the project from existing entitlements and resources, new or expanded entitlements are needed. | <input type="checkbox"/> | X  |

### Discussion:

- (a) As indicated above, the project is consistent with the Modesto Urban Area General Plan both in land use and intensity.

- (b) The City's Public Works Department has analyzed the project and determined that sufficient water supplies are available to serve the project.

## **F. SANITARY SEWER SERVICES**

### **1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. As a result, this impact would be less-than-significant.

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. This is a less-than-significant impact.

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

### **2. Master EIR and/or New Mitigation Measures Applied to the Project**

Sewer Service mitigation measures pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

#### Discussion:

There are no mitigation measure applicable to this project.

### **3. Project-Specific Effects**

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (b) The City's Public Works Department has analyzed the project and determined that sufficient sewer capacity is available to serve the project.

**G. SENSITIVE WILDLIFE AND PLANT HABITAT**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

There are no mitigation measure applicable to this project. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The project is located in the General Plan's Baseline Developed Area, and General Plan Policy SWPH-20 states that for

projects in the Baseline Developed Area outside of the Dry Creek and Tuolumne River CPD's, no further biological study is warranted.

### 3. Project-Specific Effects

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species. | <input type="checkbox"/> | X  |
| (c) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.  | <input type="checkbox"/> | X  |

#### Discussion:

- (a) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (b) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (c) There is no conflict with any local policies or ordinances protecting biological resources.

## H. ARCHAEOLOGICAL OR HISTORICAL SITES

### 1. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

## 2. Master EIR and/or New Mitigation Measures Applied to the Project

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

### Discussion:

Mitigation Measures applicable to this project include: AH-8.

## 3. Project-Specific Effects

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. | <input type="checkbox"/> | X  |

### Discussion:

- (a) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (b) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. The mitigation measure called for by the General Plan is incorporated into the conditions of approval for the project.

## **I. STORM DRAINAGE**

### **1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered less-than-significant.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. This cumulative impact is considered significant and unavoidable.

### **2. Master EIR and/or New Mitigation Measures Applied to the Project**

Storm Drainage mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

#### Discussion:

Mitigation measures appropriate to this project include: SD-5. This mitigation measure is addressed by the conditions of approval requiring that storm drainage be provided on-site and in accordance with the City's stormwater management guidelines.

### **3. Project-Specific Effects**

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (b) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | X  |
| (c) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (b) The project proposes to increase the impervious surface. However, the stormwater system for the project will be required to be designed to meet the standards contained in the "Guidance Manual for New Development-Storm Water Quality Control Measures," adopted by the City and applied to the project as a Mitigation Measure. With the application of the appropriate mitigation, the effect will be less than significant.
- (c) The project will be required to provide for treatment, storage and disposal of all stormwater runoff from the project on site, in accordance with the "Guidance Manual for New Development-Storm Water Quality Control Measures", and therefore will not contribute runoff water that would exceed the capacity of existing storm water drainage systems.

**J. FLOODING AND WATER QUALITY**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement

urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

## 2. Master EIR and/or New Mitigation Measures Applied to the Project

Flooding and Water Quality mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

### Discussion:

Mitigation measures appropriate to this project include: FWQ-14. This mitigation measure is addressed by the conditions of approval requiring that storm drainage be provided on-site and in accordance with the City's stormwater management guidelines.

## 3. Project-Specific Effects

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(a)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(b)	The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(c)	The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(d)	The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

Discussion:

- (a) The project is consistent with the General Plan Designation for the site both in land use and intensity.
- (b) The project will comply with the Federal Clean Water Act and the Porter Cologne Act requirements, as implemented through the City's stormwater management standards.
- (c) The project will be required by conditions to comply with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (d) The project will be required to provide for treatment, storage and disposal of all stormwater runoff from the project on site, in accordance with the "Guidance Manual for New Development-Storm Water Quality Control Measures", and therefore will not contribute runoff water that would exceed the capacity of existing storm water drainage systems.

**K. PARKS AND OPEN SPACE**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. Impacts on parks and open space will be less-than-significant.

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. This impact is less-than-significant.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measures pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Applied to Project.

Discussion:

There are no mitigation measure applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

### 3. Project-Specific Effects

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO                                  |
|---|--------------------------|-------------------------------------|
| (a) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.

### L. SCHOOLS

#### 1. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

#### 2. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measures are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project.

Discussion:

There are no mitigation measure applicable to this project.

**3. Project-Specific Effects**

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools. | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.
- (b) The project will be required by the conditions of approval to comply with the provisions of SB 50.

**M. POLICE SERVICES**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. The impact is less-than-significant.

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. These policies reduce the impact to a less-than-significant level.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

**3. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (b) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**N. FIRE SERVICES**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. Impacts on fire services of development in these areas will be less-than-significant.

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. This impact would be less-than-significant.

## 2. Master EIR and/or New Mitigation Measures Applied to the Project

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project.

### Discussion:

No mitigation measures are applicable to this project.

## 3. Project-Specific Effects

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (b) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. | <input type="checkbox"/> | X  |

### Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

## O. SOLID WASTE

### 1. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: Since the project would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an

expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. The project will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.

Effect: The project makes a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. This impact is significant and unavoidable.

## **2. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measures pertinent to the project being analyzed in this Initial Study are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project.

### Discussion:

No mitigation measures are applicable to this project.

## **3. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | X  |

### Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.
- (b) The City's Solid Waste Division has indicated that there currently exists adequate solid waste disposal capacity to serve new development proposals.

## **P. HAZARDOUS MATERIALS**

### **1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measures pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

**3. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(a) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(b) The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X
(c) The project contains a contaminated site not identified as of March 2003.	<input type="checkbox"/>	X
(d) The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	X
(e) The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	X

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.
- (b) As a church, the project will not generate significant amounts of hazardous waste. Nevertheless, the project will be required to comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.
- (c) The project site is not known to contain any contaminants.
- (d) As a church, the project will not emit hazardous waste or handle hazardous materials.
- (e) The project would not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

**Q. LANDSLIDES AND SEISMIC ACTIVITY**

**1. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less-than-significant.

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, the project impact will be less-than-significant.

**2. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measures pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

### 3. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (b) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse. | <input type="checkbox"/> | X  |

#### Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.
- (b) The project would not be located on soil that is unstable, or that would become unstable as a result of the project. No unstable soils have been identified in the project vicinity.

## R. ENERGY

### 1. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. The impact is less-than-significant.

### 2. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measures are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project.

Discussion:

No mitigation measures are applicable to this project.

**3. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |     |   |                          |    |
|-----|---|--------------------------|----|
|     |   | YES                      | NO |
| (a) | The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.

**S. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**1. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |     |  |                          |    |
|-----|--|--------------------------|----|
|     |  | YES                      | NO |
| (a) | The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (b) | The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (c) | The project would physically divide an established community                         | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity. Church's are a permitted use in the General Plan Residential Land Use Designation for the site.
- (b) No amendment to the General Plan is required by this project.
- (c) The project is not located in an area that would divide an established community, being surrounded by agricultural lands on three sides.

**T. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**2. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (a) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (b) The project would have a substantial adverse effect on a scenic vista.   | <input type="checkbox"/> | X  |
| (c) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.             | <input type="checkbox"/> | X  |
| (d) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area. | <input type="checkbox"/> | X  |

Discussion:

- (a) The project is consistent with the General Plan in both land use and intensity.
- (b) Although located on agricultural lands, these agricultural lands are surrounded by urban development, so the construction of a church would significantly impact any scenic vistas.
- (c) The project is located on existing agricultural land. However, the church buildings are of high architectural quality, and are located well back from both Maze Boulevard and adjacent development, and surrounded by generous landscaping. Therefore, no substantial degradation of existing visual character or quality of the project site and its surroundings will occur.
- (d) The only potential source of additional light and glare would be from lighting required for the proposed parking areas. However, the parking areas are located to the rear of the building and a substantial distance from adjacent residential areas. Further, City standards require that the parking lot lighting be shielded from residential areas.

## **V. MITIGATION MEASURES APPLIED TO THE PROJECT**

### **1. Master EIR Mitigation Measures Applied to the Project**

Pursuant to CEQA Section 21157.1(c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

All applicable and appropriate mitigation measures have been applied to the project.

#### **Traffic and Circulation Measures:**

None applicable.

#### **Air Quality Measures:**

- a. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
- b. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
- c. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
- d. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
- e. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
- f. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

#### **Noise Measures:**

- a. The City's noise ordinance (Modesto Municipal Code Section 4-9.101) prohibits the "loud and raucous discharge into the open air of the steam of any steam equipment or exhaust from any stationary internal-combustion engine."

The noise ordinance prohibits the loud and raucous operation or use of any of the following before 7:00 a.m. or after 9:00 p.m. daily (except Saturday and Sunday and State or federal holidays, when the prohibited time shall be before 9:00 a.m. and after 9:00 p.m.):

- i. A hammer, or any other device or implement used to pound or strike an object.
- ii. An impact wrench, or other tool or equipment powered by compressed air.
- iii. A hand-powered saw.
- iv. Any tool or piece of equipment powered by an internal-combustion engine such as, but not limited to, chain saw, backpack blower, and lawn mower.
- v. Any electrically powered (whether by alternating current electricity or by direct current electricity) tool or piece of equipment used for cutting, drilling, or shaping wood, plastic, metal, or other materials or objects, such as, but not limited to, a saw, drill, lathe, or router.
- vi. Any of the following: heavy equipment (such as but not limited to bulldozer, steam shovel, road grader, back hoe), ground drilling and boring equipment (such as but not limited to derrick or dredge), hydraulic crane and boom equipment, portable power generator or pump, pavement equipment (such as but not limited to pneumatic hammer, pavement breaker, tamper, compacting equipment), pile-driving equipment, vibrating roller, sand blaster, gunite machine, trencher, concrete truck, and hot kettle pump.
- vii. Any construction, demolition, excavation, erection, alteration, or repair activity. In the case of urgent necessity and in the interest of public health and safety, the Chief Building Official may issue a permit for exemption from these. Such period shall not exceed three (3) working days in length while the emergency continues but may be renewed for successive periods of three (3) days or less while the emergency continues. The Chief Building Official may limit such permit as to time of use and/or permitted action, depending upon the nature of the emergency and the type of action requested.
- viii. Construction equipment and vehicles should be equipped with properly operating mufflers according to the manufacturers' recommendations. Air compressors and pneumatic equipment should be equipped with mufflers, and impact tools should be equipped with shrouds or shields.

**Agricultural Land Measures:**

None applicable.

**Water Supply Measures:**

None applicable.

**Sanitary Sewer Service Measures:**

None applicable.

**Sensitive Wildlife and Plant Habitat Measures:**

None applicable.

**Archaeological or Historic Sites Measures:**

- a. If archaeological resources are discovered at any time during construction, all activity shall cease until the site is surveyed by a qualified archaeologist. The survey shall include mitigation measures, which shall be implemented before construction resumes. The survey shall follow the criteria presented in Appendix K.

**Storm Drainage Measures:**

- a. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Operations and Maintenance Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
- b. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Flooding and Water Quality Measures:**

- a. Prior to the issuance of a building permit, the developer shall submit a plan for approval by the Public Works Director to provide on-site treatment of storm water in accordance with the guidance manual for new development stormwater quality control measures. Storm drain improvements shall be constructed in accordance with the approved plans.
- b. The developer shall implement pre- and post- construction best management practices (BMPs) to minimize pollutants entering the storm system.

**Parks and Open Space Measures:**

None applicable.

**Schools Measures:**

None applicable.

**Police Services:**

None applicable.

**Fire Services:**

None applicable.

**Generation of Solid Waste**

None applicable.

**Generation of Hazardous Materials**

None applicable.

**Potential for Landslides and Seismic Activity**

None applicable.

**Energy**

None applicable.

**Planning and Land Use**

None applicable.

**Aesthetics**

None applicable.

**2. Project-Specific Mitigation Measures**

None applicable.

## 1. INTRODUCTION

This traffic analysis evaluates the traffic impacts of the proposed St. Stanislaus Catholic Church Master Plan project. The proposed project site is located on the south of Maze Boulevard and east of Carpenter Road, in the City of Modesto. This report is supplemental to previous analysis presented in a Draft Traffic Study dated December 13, 2003. In addition to the incorporation of various corrections and additional data, this report addresses a modified project less intensive overall and to be completed in one stage.

As currently proposed the development is to take place on a 10.58 acre portion of an 18.71 acre parcel. The project consists of a new church building with 27,612 square feet of floor area and 1300 seats and a 27,608 sq. ft. ministries building. The site includes space for parking. Access to the site is provided from existing driveways on Maze Boulevard. Figure 1 shows the project site. Note that the project has no connection with the Central Catholic High School. The project traffic does not have significant impacts on access to the high school and no traffic from the high school can travel through the project site. The project does not include any expansion of the existing elementary school or modification of the existing driveways. The project purpose is simply to house existing on going Sunday congregations that currently take place in the Elementary School gymnasium in a modern and adequate facility and to move existing ministries taking place at the school site activities into a dedicated facility. The only contribution of the project to traffic will be due to the inclusion of 8 new staff members at the proposed ministries building. Figure 1 shows the project site and immediate vicinity.

No modifications to Maze Boulevard or any off site roadways are contemplated as part of this project or this analysis. In the short term, through completion of the project, Maze Boulevard is expected to remain a two-lane facility. In the long term General Plan Build-Out scenario (2025), Maze Boulevard is to be built as a four lane minor arterial and Carpenter Road is expected to be a six-lane Class C expressway.

The project is not expected to participate in either of these projects because there is no "nexus" between the project and the road widening envisioned in the General Plan. Furthermore, it is unclear whether Maze Road will be widened by 2025 or within the foreseeable future for two reasons: (1) the need to widen Maze Blvd. is primarily triggered by the urban development proposed west of Carpenter Road in Modesto's 1995 General Plan. Since the adoption of the General Plan, no such urban development has occurred or has been proposed and such development appears very unlikely. Also, the City will soon revise its General Plan and staff has indicated that the land uses west of Carpenter might be substantially revised to reduce or eliminate such urban uses. (2) The 132 expressway/by-pass proposed along the Kansas Avenue alignment approximately 1/2 mile north of Maze Road, while not currently funded, is a high priority for the City of Modesto and Stanislaus County, which will significantly reduce the traffic counts on Maze Road.

## *1.1 Summary*

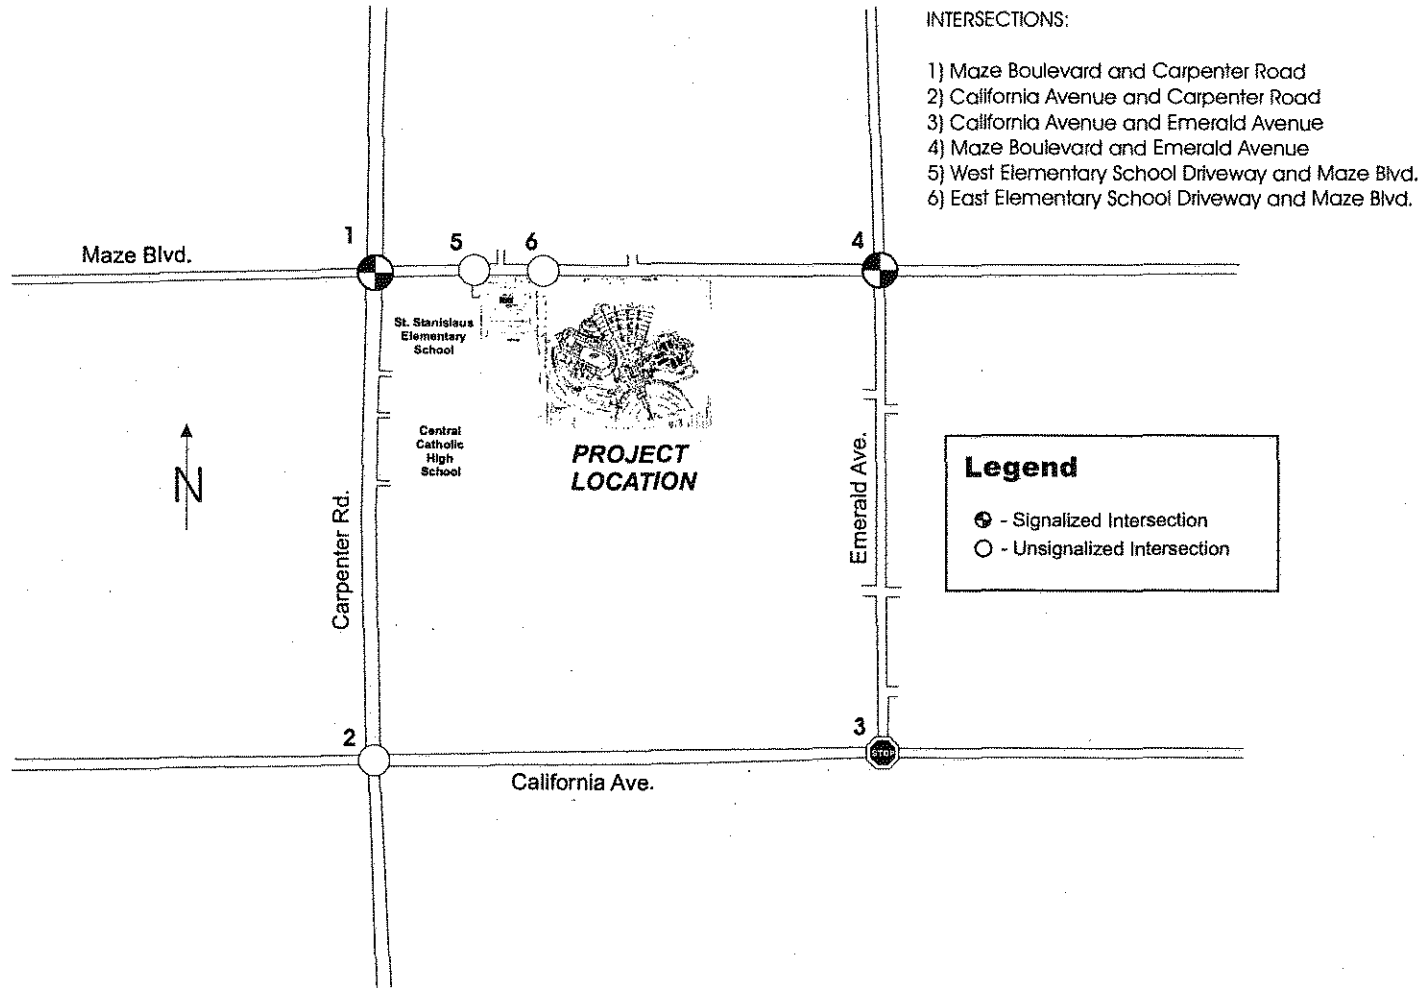

A review of the project site plan revealed that access for the site would continue to be from the elementary school driveways as under existing conditions. The connection between the proposed site and these driveways shall be adequate with minor modification. No off-site impacts have been identified.

On site, a potential impact was identified at the connection between the proposed church circulation system and the existing elementary school circulation system. Another potential impact was anticipated at the intersection of the northernmost existing parking bay and the existing driveway with the increase in traffic. Mitigation measures have been identified in both cases involving minor improvements to the elementary school parking lot.

In the general plan build-out scenario (Year 2025) background growth in traffic causes the intersection of California Avenue and Carpenter Road to meet peak hour warrants for signalization during all peak periods. This is not a project impact.

In the existing condition, left turn volumes from Maze Boulevard onto the adjacent school site reach the level where a left turn pocket is recommended to serve left turns into the East School driveway. This is a baseline condition and project traffic does not materially alter this finding.

**Figure 1 – Project Location**

## 2. EXISTING TRAFFIC CONDITIONS

It must be reiterated that the propose project is intended to serve existing activity on site. Therefore the level of traffic that exists now is expected to persist with completion of the project. What changes do occur will result form a very low level of weekday peak hour trip generation and from minor changes in the pattern of use of existing driveways.

Weekday traffic in the project vicinity is generated by the existing St. Stanislaus Elementary School, which is attended by 286 students. The proposed project does not change the school or substantially modify access to the school. The proposed project does not generate substantial weekday traffic as compared to the City of Modesto's thresholds for traffic impact analysis. The project is expected to generate 16 AM and PM peak hour trips (which does not even meet the threshold for performing a Traffic Impact Study according to the City of Modesto's impact analysis criteria). Furthermore it is expected that no encroachment permit shall be required because no changes are proposed along the frontage of Maze Boulevard (S.R. 132)

Figure 2 shows the weekday peak hour intersection existing traffic lane configurations at the vicinity intersections and the existing traffic controls for each intersection. The intersections analyzed in this study are also identified in this figure.

- During the AM peak hour the school generates 367 trips or 1.28 trips per student. The counts revealed 190 entering trips and 177 existing trips. In the AM peak hour 59 percent of the inbound traffic enters from the west while 89 percent exits to the east. This is an indication that entering vehicles are circumnavigating the site to enter by making right turns to avoid queues in the westbound direction waiting to enter by making a left turn.
- During the PM peak hour the school and community center generate 71 trips.
- During the Sunday peak hour the Spanish worship service generates 476 trips for an estimated attendance of 1051. The average attendance for the Spanish worship service was reported by the proponent to be 852 persons. This is the peak service each week.

Traffic counts at the key intersections were taken in the morning and afternoon peak traffic periods on Thursday, December 5, 2002. Twenty-four hour machine counts were taken to identify the Sunday peak hour. Sunday turning counts were again taken on Sunday, January 12, 2003. Existing school driveway counts were conducted on December 14, 2003, to observe peak church mass traffic.

AM Driveway counts at the elementary school access were taken on Thursday, February 5, 2004. The elementary school adjourns prior to the background PM peak hour so existing afternoon driveway volumes were estimated based on ITE Trip generation.

Figure 2 shows the existing weekday traffic volume levels in the project vicinity for the morning and afternoon peak hours with lane configurations, and the existing Sunday volume levels for the highest hour of background traffic activity in the 4:30 to 5:30 PM period.

24-hour average daily traffic counts were also taken at four roadway locations in the study area from Wednesday, December 4, to Tuesday, December 10, 2002. These were used to determine the existing Level of Service of the roadway segments. It was also found that peak hour volumes counted at Carpenter/California were significantly lower than concurrent indicated by 24-hour daily traffic counts taken on the southbound and westbound approaches. As a result, the existing intersection turning movement volumes were factored up to match the 24-hour counts also taken on Thursday, December 5.

### ***2.1 Existing Mass Traffic Generation***

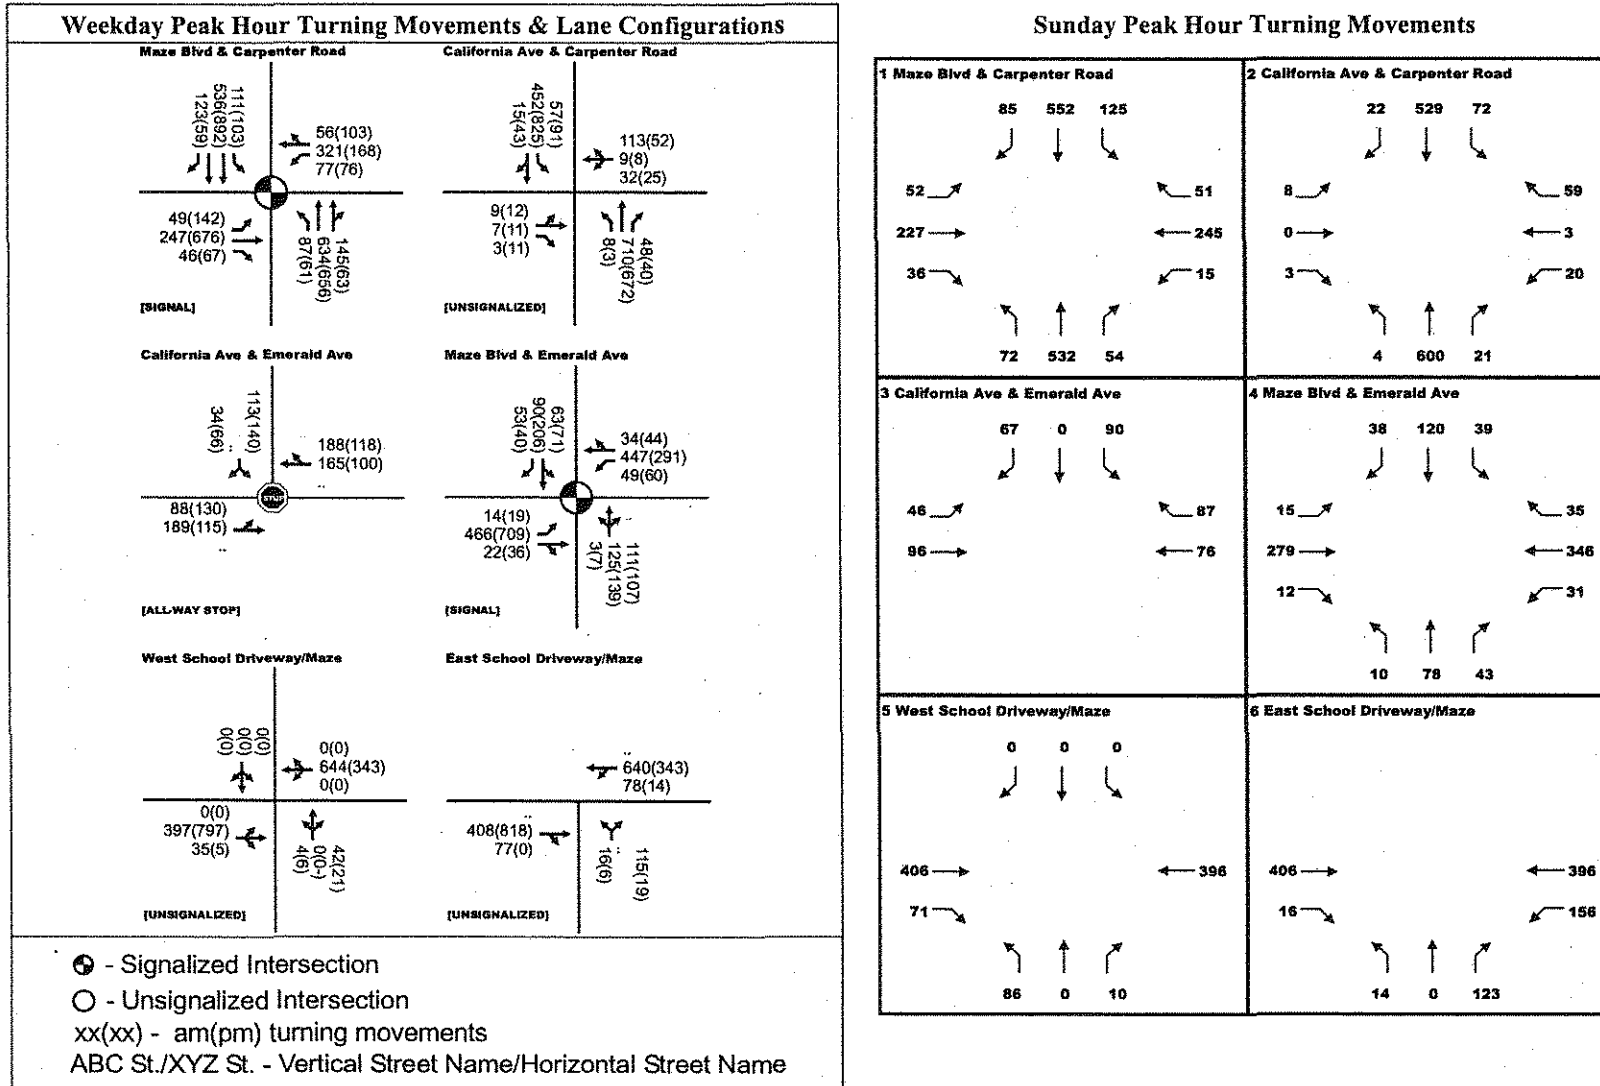

Existing church related activities take place at the St. Stanislaus Elementary School and in the community center/gymnasium. These facilities use the same driveways as the project and with respect to off-site impacts can be regarded as the same site. Traffic generated from activities that relocate to the new church and ministries buildings from the existing elementary school and the community center shall be considered as existing traffic and will not be considered as project trip generation.

#### Existing Sunday Mass Trip Generation

On Sundays, the community center currently holds a morning mass in Spanish from 10:00 to about 11:30 a.m., a Spanish Service mass from 1:00 to about 2:30 p.m. and an evening mass in English from 5:30 to 7:00 p.m. These times include other activities related to the service.

**Figure 2 – Existing Weekday and Sunday Peak Hour Turning Movements and Lane Configurations**

The largest mass each Sunday is the Spanish worship service with an average attendance of about 852 persons. During two years, the highest recorded mass for this service reached 1,047 persons. During traffic counts the trip generation of the Spanish Mass was found to be 476 trips spread over a two-hour period with no overlap between consecutive services. The parking occupancy was found to be 258 vehicles. Using an assumption of one vehicle per four congregants (as per the City's Parking ordinance), this would correspond to a mass of about 1,016 persons. The demographic character of the largest service of the Church, the 1:00 PM Spanish Worship Service is such that vehicle occupancies between 4 and 5 persons are typical.

#### Existing Weekday Activities

Currently, the elementary school and community center generate trips from church staff, small group functions, meetings, music rehearsals, social events/dinners, wedding receptions, and a children's faith formation program. This traffic does not typically occur during peak hours.

### **2.2 Intersection Level of Service (LOS) Analysis**

Using the peak hour volumes of Figure 2, a Level of Service analysis was prepared for the study intersections. The results of the intersection LOS analysis are presented in Table 1. Standards of significance, LOS methodologies and calculation worksheets for each intersection are presented in the Technical Appendix. A truck traffic percentage of 12 percent was used in all calculations for all time periods and scenarios for east west traffic on Maze Boulevard. This is consistent with the data contained in the Caltrans report: *2002 Annual Average Daily Truck Traffic on the California State highway System*. Note that this assumption is conservative when applied to Sunday Traffic.

**Table 1 – Existing Conditions Levels of Service**

Intersection	Control <sup>1</sup>	AM Peak Hour		PM Peak Hour		Sunday Peak Hour	
		LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)
1. South Carpenter Rd & Maze Blvd	Signal (8-phase)	C	28.6	D	41.5	C	26.0
2. South Carpenter Rd & California Ave	2-Way STOP	A	6.7	A	9.7	A	2.5

6. East Elementary School Access (Maze Boulevard)	1-Way STOP	A	5.0	A	1.0	B	10.2
NB Approach		<u>E</u>	<u>39.7</u>	<u>E</u>	<u>41.7</u>	<u>E</u>	<u>44.3</u>
WB Left		<u>A</u>	<u>9.3</u>	<u>B</u>	<u>10.1</u>	<u>A</u>	<u>9.9</u>

<sup>1</sup> Sig = signalized  
<sup>2</sup> LOS = Level of Service  
<sup>3</sup> Weighted average delay  
<sup>4</sup> OVFL = Overflow Delay in excess of 120 seconds

As shown in Table 4 all intersections operate acceptably overall. Minor movements at the intersection of Carpenter Road/California Way and the northbound approaches to the East and West Elementary School Driveways on Maze operate at LOS E or F; however this does not constitute unacceptable intersection LOS because the overall average LOS is not unacceptable.

**2.3 Signal Warrant Analysis**

Signal warrant checks were performed at unsignalized intersections in the study area. It was found that the existing volumes do not meet the peak hour volume criteria at any location.

**3. BACKGROUND (Existing + Approved) TRAFFIC CONDITIONS**

The majority of the development in the area is occurring adjacent to Carpenter Road, north of the site, within the City of Modesto. This area already has experienced much commercial development. The area west of the site is not anticipated to experience much development in the near future according to Stanislaus County planners.

At the time existing traffic counts were collected there were several approved or pending developments in the vicinity of the project site. The trip generation from these projects must be considered as part of the background traffic conditions.

**3.1 Approved Developments**

Approved (but not yet built at the time of existing traffic counts) projects include those in the following list. Trip generation for each facility was estimated based on the Institute of Transportation Engineers (ITE) trip generation rates and is summarized in Table 2.

**Table 2 - Approved Project Trip Generation**

Facility	Size (ksf)	Pass-by trips (red.)	Daily			AM Peak Hour			PM Peak Hour			Sunday Peak Hour		
			Tot.	In	Out	Tot.	In	Out	Tot.	In	Out	Tot.	In	Out
A-Tek Glass Center	7.09	N/A	164	82	82	39	33	6	52	11	41	18	11	6
Social Security Office Building	26.55	N/A	1830	915	915	156	131	25	293	217	76	0	0	0
Mexican Restaurant	4	50%	521	261	261	19	10	9	22	13	9	40	25	15
<i>Totals:</i>			2515			214			367			58		

1. A-Tek Glass Center

This 38,000 sq. ft. site will be located at 1133 N. Carpenter Rd (between Torrid & Woodland Avenue). The store will have about 7,000 sq. ft. of floor space.

2. Government social security office building:

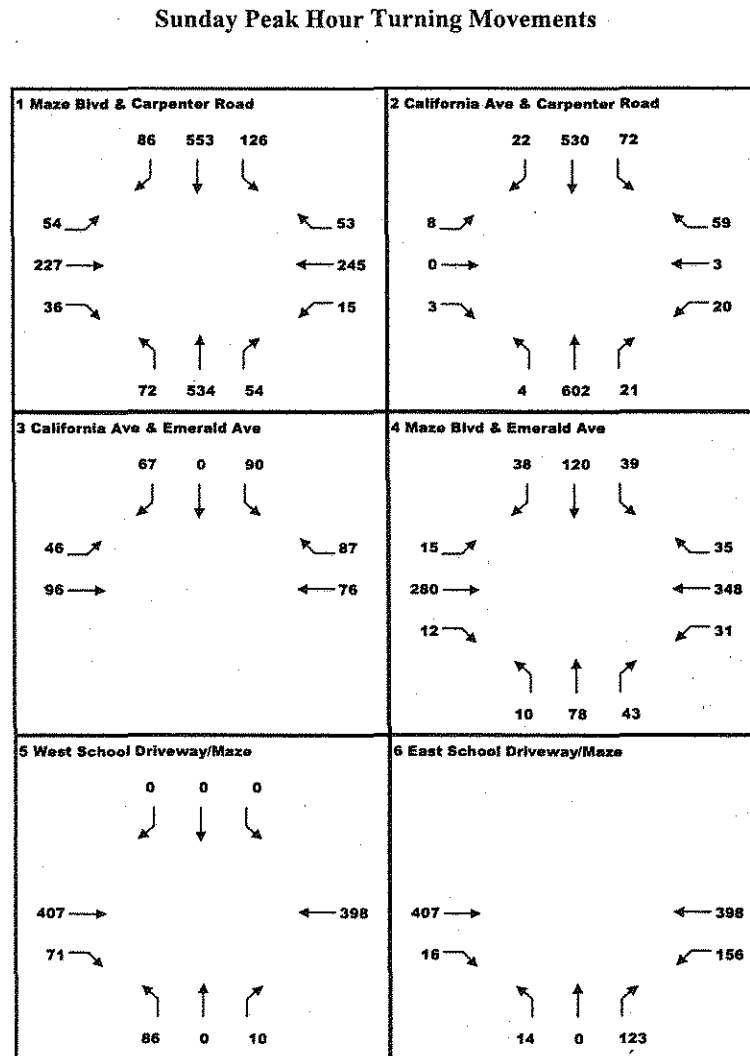

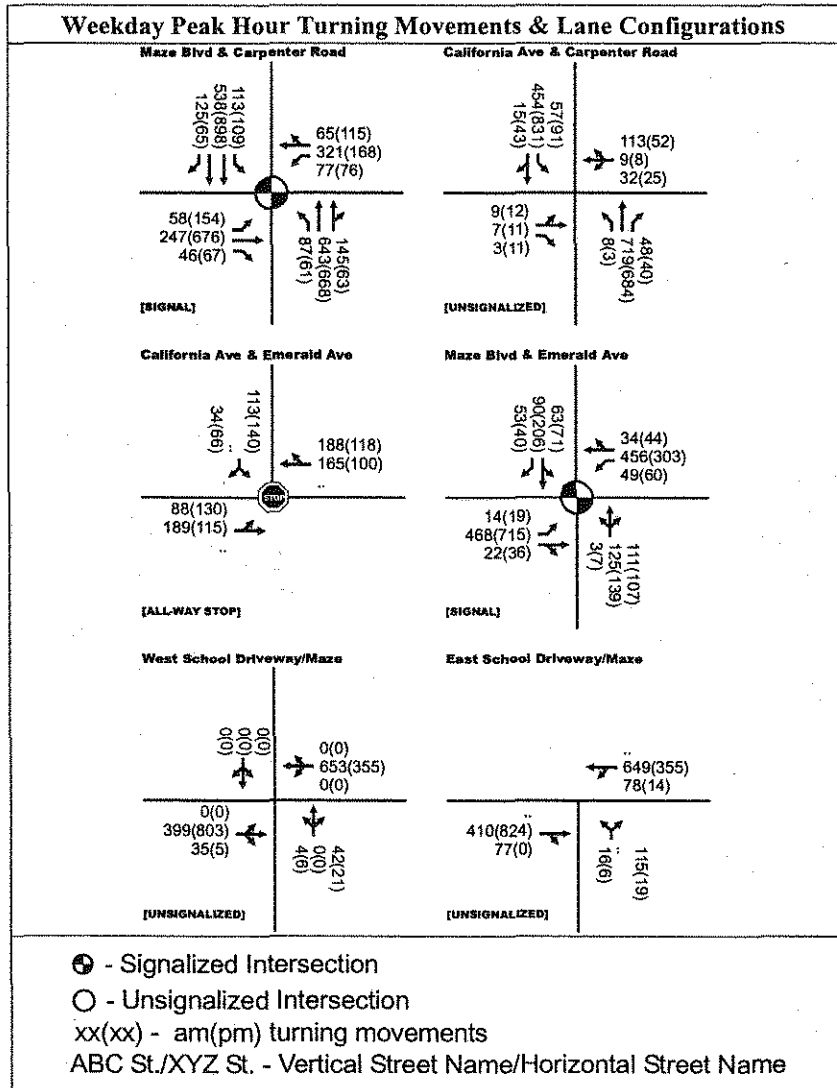

This will be located on a parcel of land on the south side of Cummins Rd at N. Carpenter Rd, with about 26,550 sq. ft. of floor space.

3. Mexican restaurant:

This project has not yet been approved, but it is anticipated to be located on North Carpenter Road at Torrid Avenue, with several thousand square feet of floor space. The facility is expected to generate pass-by trips (i.e. patrons who stop at the restaurant during other trip purposes), and a pass-by trip reduction of 50 percent (based on the Trip Generation Handbook, ITE) was applied to the trips estimated for this project using the ITE rates.

Trips for each facility were assigned to study intersections based on analysis of existing traffic patterns and census information. The resulting background (existing + approved) turning movement traffic volumes at study intersections are shown in Figure 3.

**Figure 3 – Background Weekday and Sunday Peak Hour Turning Movements and Lane Configurations**

The results of background traffic analysis indicate that the approved developments along Carpenter Road will not have a great impact on the site because of the site's location relative to those developments, and the fact that there are several major roads north of Maze that would attract this traffic.

**3.2 Intersection Level of Service (LOS) Analysis**

The LOS for each intersection was again estimated using the procedures discussed earlier. The results of this analysis are presented in the Table 3. The calculation worksheets for this level of service analysis are also presented in the Appendix.

**Table 3 – Background Conditions Levels of Service**

Intersection	Control <sup>1</sup>	AM Peak Hour		PM Peak Hour		Sunday Peak Hour	
		LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)
1. South Carpenter Rd & Maze Blvd	Signal (8-phase)	C	29.0	D	41.9	C	26.1

NB Approach		<u>E</u>	<u>41.1</u>	<u>E</u>	<u>44.7</u>	<u>E</u>	<u>44.9</u>
WB Left		<u>A</u>	<u>9.4</u>	<u>B</u>	<u>10.1</u>	<u>A</u>	<u>10.0</u>

<sup>1</sup> Sig = signalized  
<sup>2</sup> LOS = Level of Service  
<sup>3</sup> Weighted average delay  
<sup>4</sup> OVFL = Overflow Delay in excess of 120 seconds

Due to additional traffic generated by the approved developments, the delay for almost all movements would increase, however, the Level of Service designations would not change and there would be no significant impacts at study intersections.

#### 4. PROJECT TRAFFIC

The project's traffic impacts are estimated in this section by considering the amount of traffic to be generated by the project and the directional distribution of that traffic. The study analyzed the weekday AM peak hour, PM peak hour, and Sunday peak hour.

##### 4.1 *Trip Generation*

The project's potential trip generation was estimated from information made available from the St. Stanislaus Catholic Church and its architects. Weekday trip generation has been developed. Note that the church is to house existing services, no additional Sunday traffic will be generated by the project.

##### Weekday Trip Generation

Weekday peak hour trip generation would consist mainly of the relocation of various activities from the existing elementary school and community center to the new church and ministries buildings. These trips would utilize the same driveways as they do now and would not constitute project induced trip generation. As discussed in section 2.1 under existing conditions this would include church staff, small group functions, meetings, music rehearsals, social events/dinners, wedding receptions, and a children's faith formation program. Trips made by church staff and some small group functions will occur as they currently do, so no additional project trip generation is attributed to these activities.

What weekday project peak hour trip generation will occur will result from eight (8) staff persons who will be moved to the new ministries building from the parish hall in Downtown Modesto. Table 4 presents the trip generation rates and the resulting peak hour trips to be generated by this project. The peak hours are the hours of peak traffic activity on adjacent streets, and generally occur in the 7:00 to 9:00 a.m. period and the 4:00 to 6:00 p.m. period. A trip is defined as a one-way vehicle movement that either begins or ends within the project site.

##### Sunday Peak Hour Trip Generation

The project will generate NO net increase in Sunday traffic above the existing conditions. This is because all of the activities proposed to take place on the project site currently take place at the elementary school and community center. The project involves no change in the scheduling of masses. On average, the existing church attendance patterns would substantially fill the new church. The proposed church includes no 'extra' capacity to serve new congregants but simply serves existing fluctuation in attendance more adequately.

##### Trip Generation Summary

The sole source of new peak hour traffic attributable to the proposed project is the addition of eight (8) new staff members at the ministries building. It is assumed that each

of these persons would generate one inbound and one outbound trip end during the weekday AM and PM peak hours. Trip Generation is summarized in Table 4.

**Table 4 – Site Trip Generation Estimate**

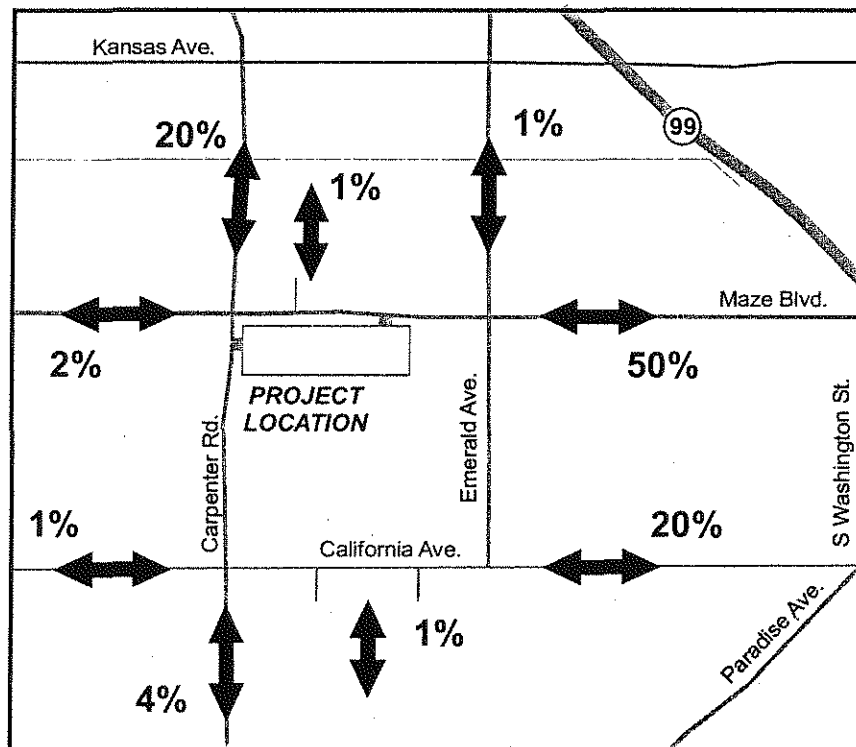

Facility	Size	AM Peak Hour Trips			PM Peak Hour			Sunday Peak Hour		
		IN	OUT	Total	IN	OUT	Total	IN	OUT	Total
Ministries Building	8 New Staff	8	8	16	8	8	16	-	-	-

**4.2 Directional Distribution**

The directional distribution of site-related traffic was estimated using a population density map of the St. Stanislaus church coverage area (diocese). Anticipated trips were apportioned to study area gates based on the size and density of the area from which they originate. The distribution was then reviewed and revised by City of Modesto Engineering Staff.

It is assumed that this distribution applies to all peak periods and it applies to all site facilities. The proportional distribution of traffic to major “gates” is shown in Figure 4.

**Figure 4 – Directional Distribution of Site Traffic, All Peak Periods**

### **4.3**      *Traffic Assignment*

Using the directional distribution patterns estimated above, the project's traffic generation was assigned to the vicinity street system. Generally, the shortest, most direct travel path was used in the assignment process. The assignment of church traffic between the two driveways is based on observations of existing traffic.

**5. 2003 BACKGROUND PLUS PROJECT TRAFFIC CONDITIONS**

The project's traffic impacts are estimated in this section by adding Project traffic to background (existing plus approved) traffic conditions at study intersections and roadways and performing level of service analysis. Figure 5 shows the background plus project turning movement volumes for all peak periods.

**5.1 Intersection Level of Service (LOS) Analysis**

The results of Background plus Project LOS analysis are presented in Table 5. The calculation worksheets for this level of service analysis are also presented in the Appendix. With the additional site traffic, all existing intersections operating at acceptable levels of service overall would continue to operate acceptably.

**Table 5 – Background Plus Project Levels of Service**

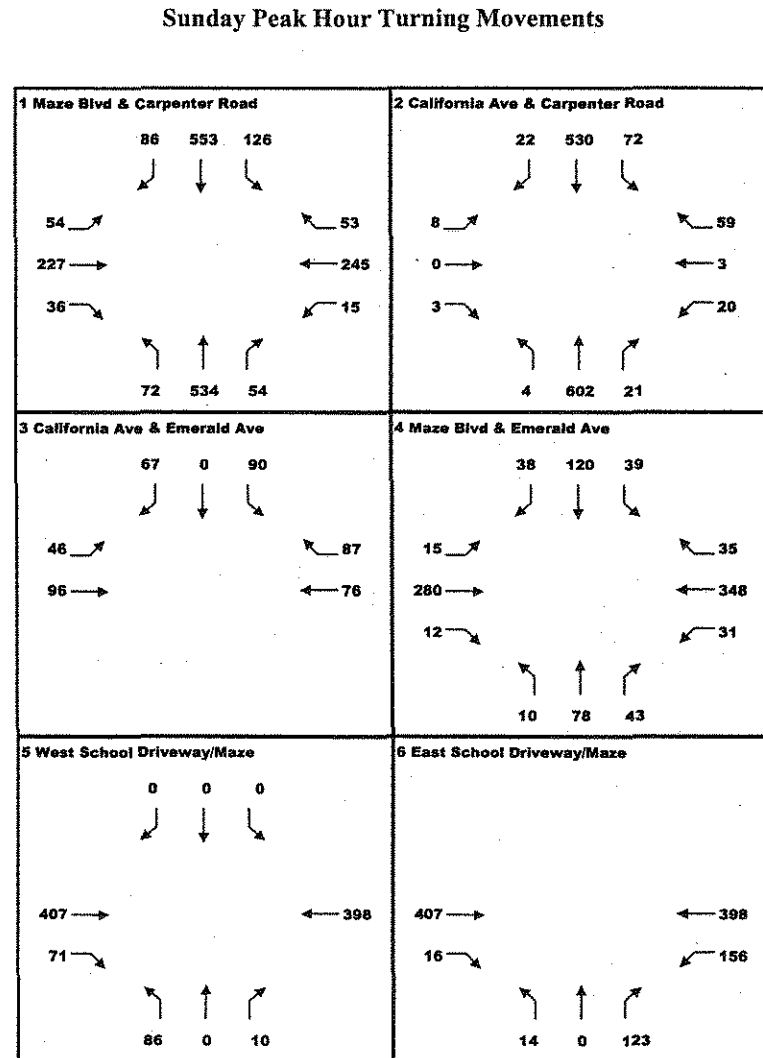

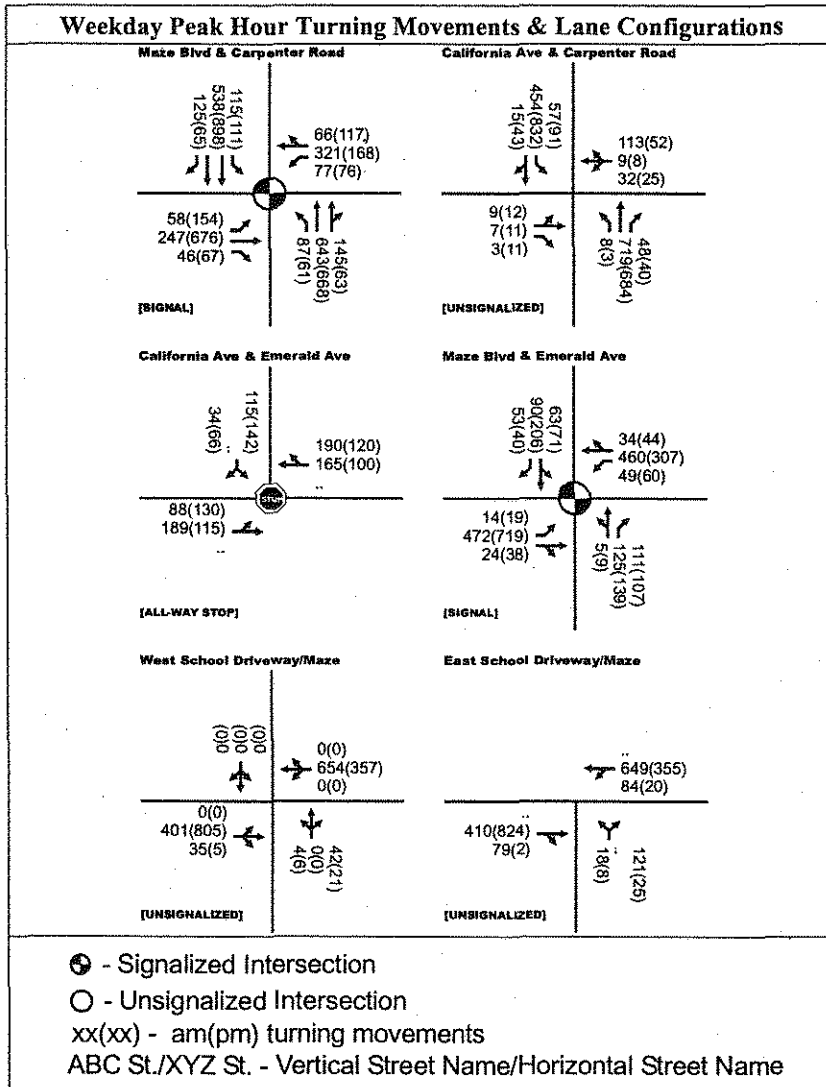

Intersection	Control <sup>1</sup>	AM Peak Hour		PM Peak Hour		Sunday Peak Hour	
		LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)

<sup>3</sup> Weighted average delay  
<sup>4</sup> OVFL = Overflow Delay in excess of 120 seconds

**5.2 Signal Warrant Analysis**

A signal warrant analysis was performed at the unsignalized intersections in the study area. The signal-warrant worksheets are presented in Appendix A. None of the unsignalized facilities meets peak hour warrants for signalization.

**Figure 5 – Background Plus Project Weekday and Sunday Peak Hour Turning Movements and Lane Configurations**

## 6. 2025 NO PROJECT TRAFFIC CONDITIONS

Cumulative 2025, No Project analysis assumes background traffic conditions based on the forecasts generated by the City of Modesto's General Plan travel demand model. The traffic volumes in this model are projected without the proposed project, but do include other approved or pending projects. Included in these traffic conditions is traffic growth due to local and regional development, specific proposed or pending developments that would add traffic to the vicinity streets and intersections, and planned roadway and intersection improvements.

The forecast 2025 intersection approach and departure volumes were used along with the existing turning movement volumes to estimate the 2025 No Project peak hour turning volumes<sup>1</sup>. This process was carried out for the weekday morning and afternoon peak hour volumes. Sunday peak hour volumes were not available from the 2025 model results so an overall growth factor was calculated from the difference between the existing and 2025 weekday PM peak hour volumes. This factor was then applied to the existing Sunday peak period volumes to estimate the Sunday 2025 volumes. The PM peak hour volumes were used because the Sunday peak hour occurs in the late afternoon. Figure 7 shows the future estimated 2025 traffic volumes without the project for all periods analyzed.

### 6.1 *Assumed Roadway Improvements*

It is assumed that by 2025 several improvements will have been made to the roadway network. The improvements are based on the City of Modesto's "Draft Master Environmental Impact Report Update for the Urban Area General Plan." The project is not expected to participate in any of these projects.

#### **General-Plan Improvements**

The following roadway and intersection improvements in the project study area were recommended in the General Plan.

- Carpenter Road between Maze Boulevard and the site boundaries: upgrade to a 6-lane Principal arterial from a 2-lane undivided arterial.
- Maze Boulevard throughout study area: upgrade from 2-lane State arterial to a 4-lane Principal Arterial.

---

<sup>1</sup> This estimation process is known as a Furness calculation and produces balanced turning movement volumes that reflect as much as possible the actual turning patterns of the existing counts and that match the approach departure volumes of the future year forecasts.

---

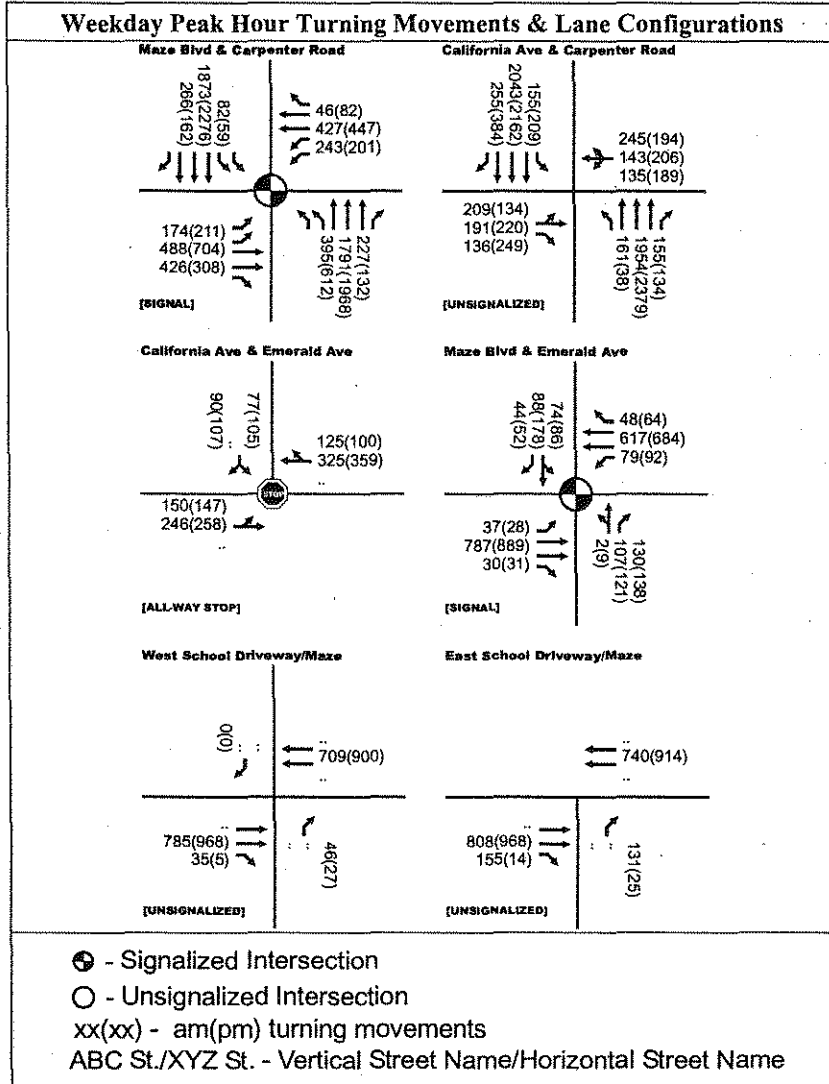

**Dowling Associates, Inc.**

---

Transportation Engineering • Planning • Research • Education

The roadway improvements above impact the intersections of Carpenter Road/Maze Blvd, Carpenter Road/California Avenue, and Maze Blvd/Emerald Avenue. At major intersections, 6-lane principal arterials widen to include three through-lanes, two left-turn lanes, and one right-turn lane.

**Figure 7 – 2025 No Project Weekday and Sunday Peak Hour Turning Movements and Lane Configurations**

# Dowling Associates, Inc.

Transportation Engineering • Planning • Research • Education

The installation of a median on Maze Boulevard would prevent left turns in and out of the existing school driveways. As a result all turn to and from these driveways will be right turns. Volumes were derived by adding all inbound and outbound traffic and assigning the former to the eastbound right turn movement and the latter to the northbound right turn. This also results in U turns at Emerald Avenue and Carpenter Avenue as follows:

- At Carpenter Avenue the westbound left turn volume would increase to include:
  - 78 AM peak hour U-turns,
  - 14 PM peak hour U-turns, and
  - 156 Sunday peak hour U-turns
  
- At Emerald Avenue the eastbound left turn volume would increase to include:
  - 20 AM peak hour U-turns,
  - 12 PM peak hour U-turns, and
  - 87 Sunday peak hour U-turns

## 6.2 Intersection Level of Service (LOS) Analysis

The results of intersection LOS analysis for the 2025 base case are presented in Table 6. The intersection of South Carpenter Road and California Avenue operates unacceptably. With substantial delay on all minor movements.

**Table 6 – Levels of Service, 2025 No Project Conditions**

Intersection	Control <sup>1</sup>	AM Peak Hour		PM Peak Hour		Sunday Peak Hour	
		LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)

<sup>1</sup> Sig = signalized

<sup>2</sup> Weighted average delay

<sup>3</sup> LOS = Level of Service

<sup>4</sup> OVFL = Overflow Delay in excess of 120 seconds

### **6.3**      *Signal Warrant Analysis*

A signal warrant analysis was performed at the unsignalized intersections in the study area and the results of the analysis indicate that the intersection of Carpenter Road/California Ave (intersection #2) would meet warrants during all peak periods. This is a background condition and is not a project impact.

**7. 2025 WITH PROJECT TRAFFIC CONDITIONS**

For the 2025 with project scenario, project traffic generation was added to the base 2025, No Project volumes identified in Section 6. The cumulative traffic volumes estimated for each peak period are shown in Figure 8.

**7.1 Intersection Level of Service (LOS) Analysis**

Table 7 presents a summary of intersection LOS for the 2025 scenario, with project traffic added to the build out traffic volumes. The intersection of California Avenue and Carpenter Road would continue to operate unacceptably with the addition of project traffic. This is not a project impact. All other intersections would continue to operate acceptably during the 2025 plus Project scenario.

**Table 7 – 2025 plus Project Conditions Intersection Levels of Service**

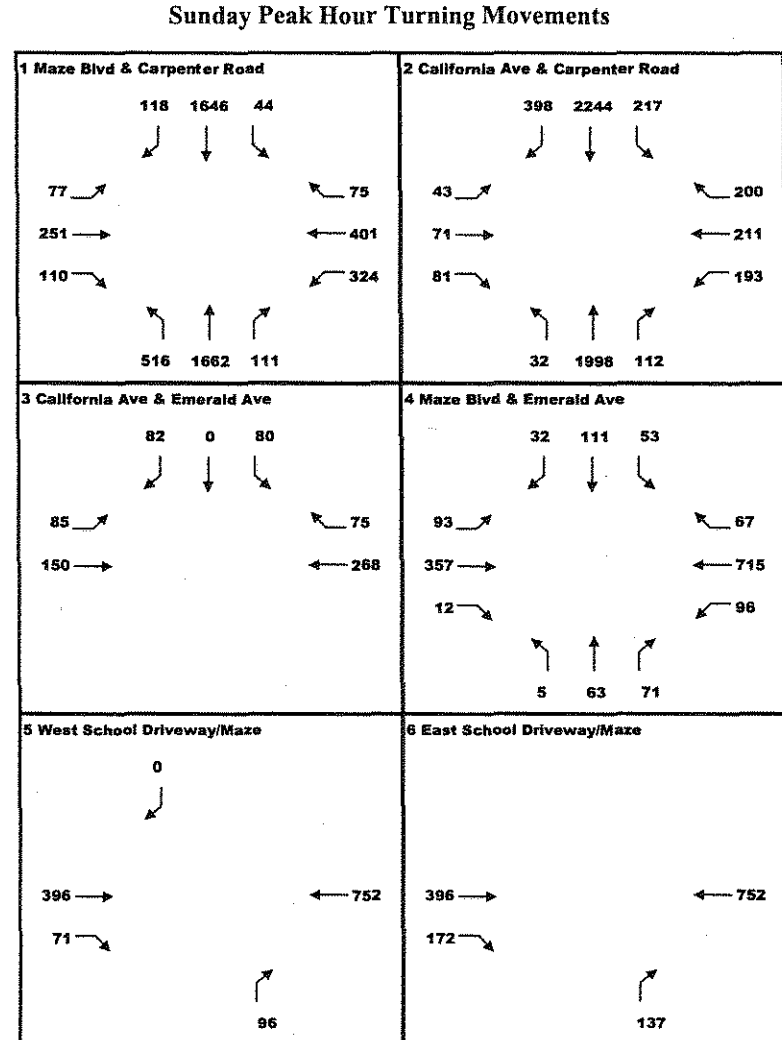

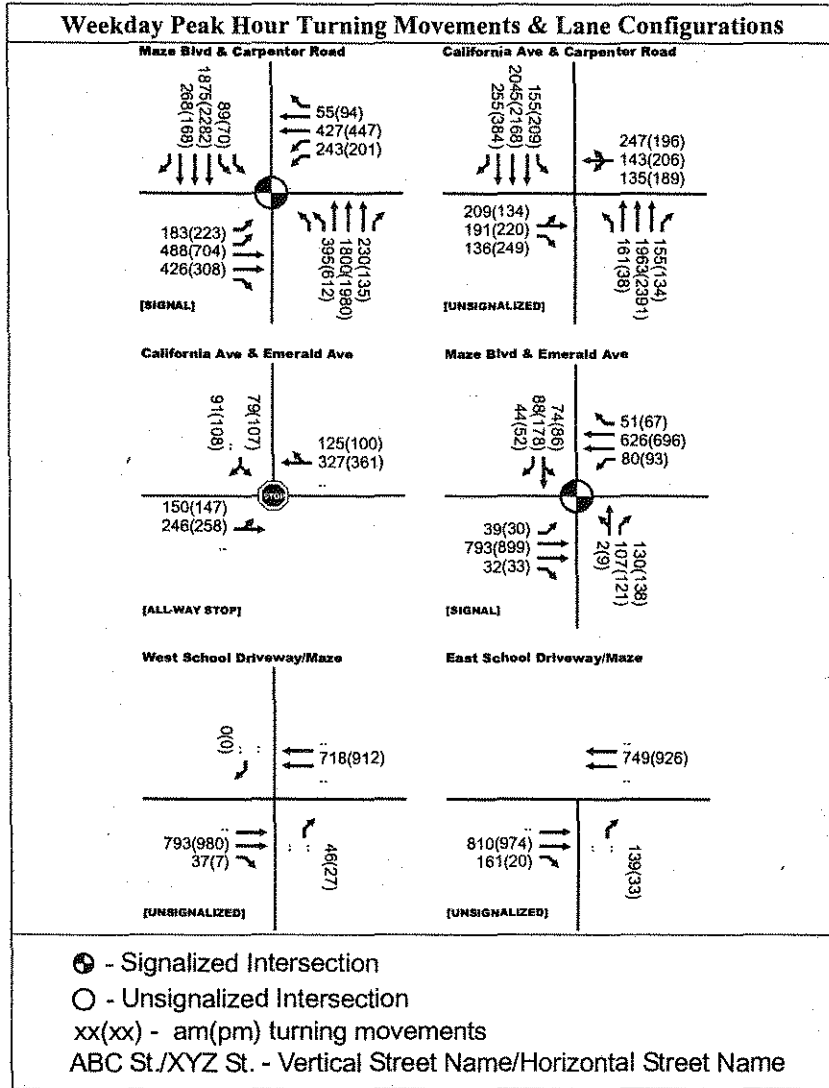

Intersection	Control <sup>1</sup>	AM Peak Hour		PM Peak Hour		Sunday Peak Hour	
		LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)	LOS <sup>2</sup>	Delay <sup>3</sup> (secs/veh)

<sup>1</sup> Sig = signalized  
<sup>2</sup> LOS = Level of Service  
<sup>3</sup> Weighted average delay  
<sup>4</sup> OVFL = Overflow Delay in excess of 120 seconds

**7.2 Signal Warrant Analysis**

A signal warrant analysis was conducted for the 2025 With Master Plan project Scenario. As with the 2025 No Project cumulative scenario at the intersection of Carpenter Road/California Avenue (intersection #2) meets peak hour signal warrants. This is not a project impact.

**Figure 8 – 2025 plus Project Weekday and Sunday Peak Hour Turning Movements and Lane Configurations**

**8. Roadway Segments Analysis**

The results of the daily roadway LOS analysis for each scenario are presented in Table 8. Under existing conditions the link on Carpenter Road south of Maze Boulevard operates unacceptably at LOS E. The project would not add five percent to the volume and therefore would not add 0.05 to the v/c ratio so there is no project impact. With build-out of general plan improvements, no link would operate in the cumulative 2025 scenarios with or without the project.

**Table 8 – Daily Roadway LOS**

Roadway	Where	Classification	Lanes	Daily Volume	Change in V/C	LOS
<b>Existing Conditions</b>						
Carpenter Rd	North of Maze Blvd.	Major Non-State Roadway	4	23,788	-	D
Carpenter Rd	South of Maze Blvd.	Uninterrupted Highway	2	22,637	-	<u>E</u>
California Ave	East of Carpenter Rd	Other signalized Roadway	2	3,288	-	C
<b>Background Conditions</b>						
Carpenter Rd	North of Maze Blvd.	Major Non-State Roadway	4	24,288	2.1%	D
Carpenter Rd	South of Maze Blvd.	Uninterrupted Flow Highway	2	22,863	1.0%	<u>E</u>
California Ave	East of Carpenter Rd	Other signalized roadway	2	3,354	2.0%	C
<b>Background plus Project Conditions</b>						
Carpenter Rd	North of Maze Blvd.	Major Non-State Roadway	4	24,308	Less than 0.1 %	D
Carpenter Rd	South of Maze Blvd.	Uninterrupted Flow Highway	2	22,867	Less than 0.1 %	<u>E</u>
California Ave	East of Carpenter Rd	Other signalized Roadway	2	3,354	Less than 0.1 %	C
<b>2025 No Project Conditions</b>						
Carpenter Rd	North of Maze Blvd.	Major Non-State Roadway	6	41,054	-	D
Carpenter Rd	South of Maze Blvd.	Major Non-State Roadway	6	45,218	-	D
California Ave	East of Carpenter Rd	Other signalized Roadway	2	8,747	-	D
<b>2025 plus Project Conditions</b>						
Carpenter Rd	North of Maze Blvd.	Major Non-State Roadway	6	41,074	Less than 0.1 %	D
Carpenter Rd	South of Maze Blvd.	Major Non-State Roadway	6	45,222	Less than 0.1 %	D
California Ave	East of Carpenter Rd	Other signalized roadway	2	8,747	Less than 0.1 %	D

Maze Boulevard east of Carpenter Road is evaluated using the 2000 HCM Arterial LOS methodology. Table 9 summarizes the results of this analysis for each scenario. Under all scenarios the arterial segment on Maze Boulevard from Carpenter Road to Emerald Avenue operates acceptably except in the Cumulative No Project and With Project Conditions in the PM peak hour. This is a background condition and is not considered a project impact. Note that in the General Plan build-out, 2025 scenarios, Maze Boulevard is assumed to be a four lane minor arterial.

**Table 9 - Maze Boulevard Arterial Analysis**

**9. Left Turn Warrant Analysis**

Previous proposals for the project site included provisions for installation of exclusive left turn pockets at the existing east school driveway and at a future driveway to serve the new building. The current proposal does not include any changes along the frontage with Maze Boulevard and so no turn pockets are contemplated as part of the project. Caltrans has asked that an analysis be conducted to see whether a left-turn pocket is warranted at the intersection of the existing East School Driveway and Maze Boulevard. This is presented in Table 10, based on the guidelines suggested by the American Association of State Highway Officials (AASHTO).

**Table 10 - Left Turning Volumes & Pocket Recommendation Guidelines**

SCENARIO	Advancing Volume at East School Driveway				
	Opposing Volume	Through Volume	Left Turning Volume	Percent Left Turning	Left Turn Pocket Recommended?
Existing AM	397	640	78	12%	YES
Existing PM	797	343	14	4%	YES
Existing SUN	406	296	156	53%	YES
Background AM	410	649	78	12%	YES
Background PM	824	355	14	4%	YES
Background SUN	407	298	156	52%	YES
Background plus Project AM	410	649	84	13%	YES
Background plus Project PM	824	355	20	6%	YES
Background plus Project SUN	407	298	156	52%	YES

Source: A Policy on Geometric Design of Highways and Streets, American Association of State Highway and Transportation Officials

As shown in Table 10 the guidelines recommend that a left turn pocket be installed to serve the existing conditions. Background and project traffic generation do not materially affect that finding. This is a baseline condition and not a project impact.

## 10. Site Circulation

Access to the proposed site would be through the existing St. Stanislaus elementary school driveways. The proposed project site design introduces a number of potentially significant impacts.

*Impact T1 – The proposed vehicle connection between the new church site circulation system and the existing east elementary school parking lot imposes potentially awkward turning movements.*

The connection to the new site would be at the southeast corner of the existing elementary school parking lot. The site plan indicates that the proposed major perimeter circulation aisle would terminate at near the existing convent. To continue from the church perimeter aisle to the existing eastern school driveway vehicles would need make a quick left and right turn to complete a “dog-leg” or “jog” roughly 40 feet to the west before proceeding north. Given the amount of traffic that may be making such a maneuver this constitutes a potentially significant impact.

*Mitigation T1 – the landscape and gravel road between the northern terminus of the new Church circulation aisle and the existing driveway shall be improved so that vehicles can travel between the existing east elementary school driveway and the church circulation aisle without making any turning movements. A raised crosswalk shall connect the pedestrian paths fronting the west side of the existing convent and the proposed church landscaped areas to moderate the speed of vehicles traveling between the existing school parking lot and the proposed church circulation system.*

This improvement would not require any modifications to the existing curb cuts along Maze Boulevard.

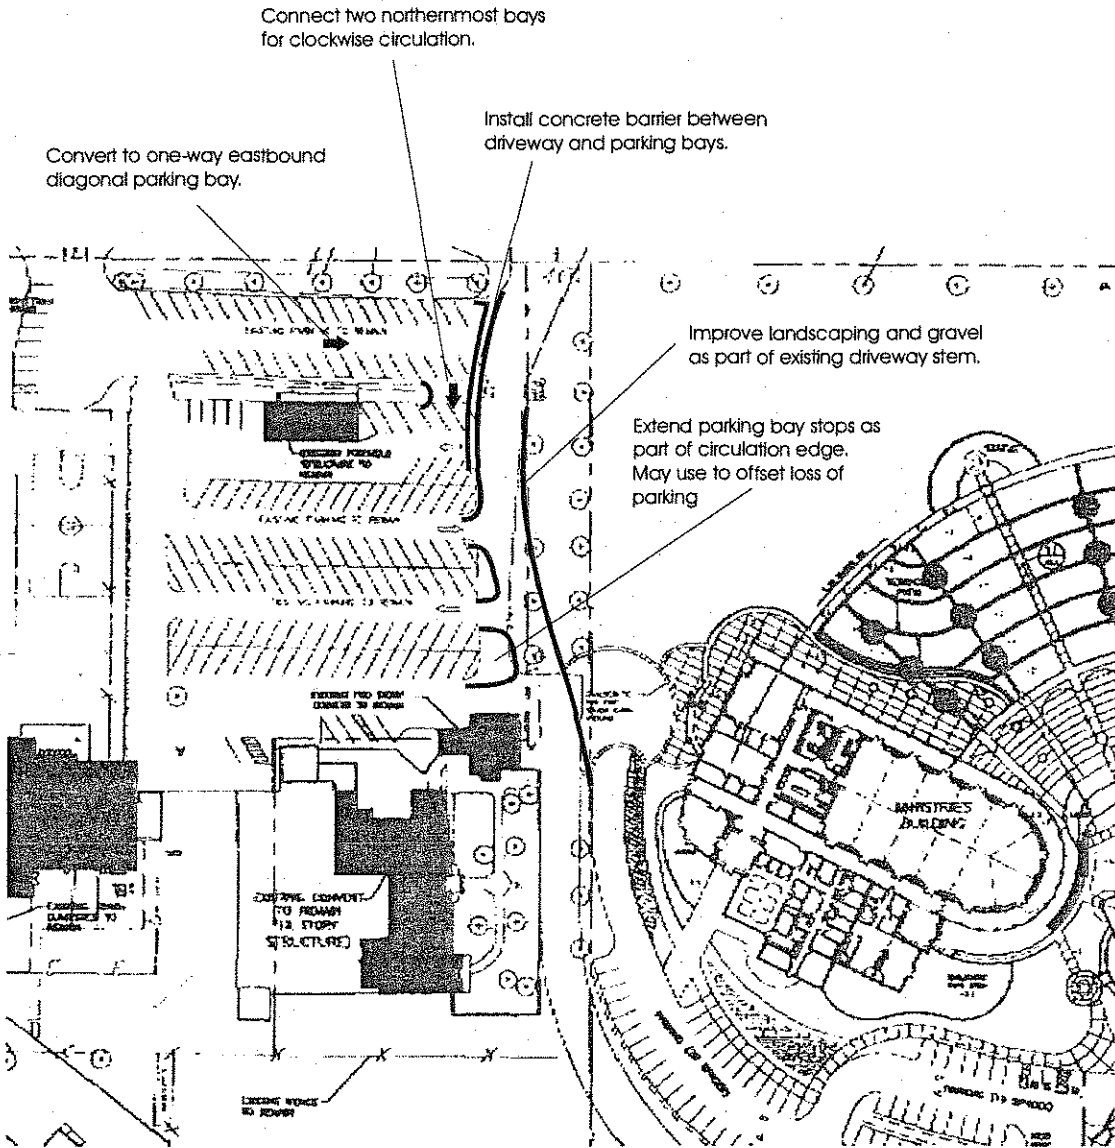

*Impact T2 – the aisle serving the northernmost bay of parking on the existing elementary school parking is set back by less than 50 feet from the eastbound lane of Maze Boulevard. This may create congestion at the point of entry for church traffic that may cause queues to spill onto Maze Boulevard.*

*Mitigation T2 – A concrete barrier strip (such as a concrete curb) shall divide the two (2) northernmost parking bays from the major north-south aisle serving the east elementary school driveway. This will create an uninterrupted driveway stem extending over 100 feet south from the existing curb cut on Maze Boulevard. The northernmost existing parking aisle shall be re-striped to allow only eastbound travel with corresponding diagonal stalls on both sides. The existing northern two aisles shall be connected just west of the barrier strip allowing clockwise circulation between the two locations*

This will result in the loss of roughly five parking stalls. Parking loss may be offset by extending the southernmost two parking bays to form the west edge of the new church circulation aisle (i.e. as it extends into the existing school parking lot).

Mitigation measures T1 and T2 are illustrated in Figure 9. These measures constitute minor improvements to the existing elementary school parking lot. Neither of these mitigation measures requires changes to the existing curb cut on Maze Boulevard.

Figure 9 – On-site Circulation mitigation Measures

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-128**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE MITIGATED NEGATIVE DECLARATION FOR THE GENERAL PLAN AMENDMENT, SPECIFIC PLAN AMENDMENT AND ANNEXATION FOR THE CLARATINA GOLF COURSE AND DRIVING RANGE SITE (SCH NO. 2002122117): APPROVAL OF THE “DEVELOPMENT AGREEMENT BY AND BETWEEN THE CITY OF MODESTO AND SHELTER COVE COMMUNITY CHURCH”. (SHELTER COVE COMMUNITY CHURCH)**

WHEREAS, on February 25, 2003, the City Council of the City of Modesto adopted a Mitigated Negative Declaration for the General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (“Mitigated Negative Declaration”) (SCH No. 2002122117), and

WHEREAS, Shelter Cove Community Church has proposed a Development Agreement in conjunction with development of the northeast corner of Coffee Road and Claratina Avenue for a 106,415-square-foot church, said Development Agreement containing provisions relating to the obligation of the church to participate in the CFD to be formed for the future Hetch Hetchy Comprehensive Planning District and other provisions related to the provision of future infrastructure to the area, and

WHEREAS, Section 15162 of the CEQA Guidelines states that no new environmental review is required for a project that has been the subject of a previously approved Mitigated Negative Declaration providing certain findings can be made, and

WHEREAS, the City’s Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2005-02 (“Initial Study”) reviewed the proposed Development Agreement to determine whether the project is within the scope of the Mitigated Negative Declaration, and concluded that the proposed project is within the scope of the Mitigated Negative Declaration and will have no additional

significant effect on the environment that was not identified in the Mitigated Negative Declaration, and further, that no new circumstances surrounding the project have occurred that will require major revisions in the Mitigated Negative Declaration, and further that no new information has become available that will require major revisions in the Mitigated Negative Declaration, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on March 8, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Development Agreement, a copy of which is attached hereto as Exhibit "A", and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The Project is within the scope of the Mitigated Negative Declaration for the General Plan Amendment, Specific Plan Amendment, and Annexation for the Claratina Golf Course and Driving Range Site.
2. No substantial changes are proposed in the project which will require major revisions to the Mitigated Negative Declaration for the General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (SCH No. 2002122117).
3. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will require major revisions of the Mitigated Negative Declaration for the General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site.
4. No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the Mitigated

Negative Declaration for the General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site was adopted, has become available.

5. The Initial Study, Environmental Assessment No. EA/C&ED 2005-02, provides the substantial evidence to support findings noted above.

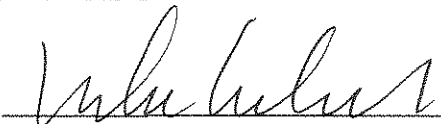

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant  
NOES: Councilmembers: None  
ABSENT: Councilmembers: Mayor Ridenour

**City of Modesto  
Initial Study Checklist**

**I. PURPOSE**

On February 25, 2003, the Modesto City Council adopted a Mitigated Negative Declaration for a General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (SCH No. 2002122117). The project that was analyzed for this Mitigated Negative Declaration was a proposed 69,000-square-foot sanctuary and offices for Shelter Cove Community Church.

Subsequent to annexation of the site, Shelter Cove Community Church has applied for a Development Agreement and Final Development Plan to construct the church. The project is now proposed to be in two phases totaling 106,400 square feet at buildout, larger than was originally analyzed in the Mitigated Negative Declaration.

Section 15162 of the CEQA Guidelines states that no new environmental review will be required for a project if a Mitigated Negative Declaration has previously been prepared (in this instance, the Mitigated Negative Declaration for a General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site) provided the following findings can be made:

- A. No substantial changes are proposed in the project which will require major revisions of the Mitigated Negative Declaration for a General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (SCH No. 2002122117).
- B. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Mitigated Negative Declaration.
- C. No new information, which was not known and could not have been known at the time the Mitigated Negative Declaration was adopted, becomes available.

The purpose of this Initial Study is to provide the substantial evidence for the above findings for the current proposal for Shelter Cove Community Church.

**II. PROJECT DESCRIPTION**

- A. Title: Development Agreement and Final Development Plan for Shelter Cove Community Church
- B. Address or Location: the northeast corner of Coffee Road and Claratina Avenue.
- C. Applicant: Shelter Cove Community Church, P.O. Box 586, Salida, CA 95368
- D. City Contact Person: Steve Mitchell, Principal Planner

Department: Community and Economic Development Department  
Phone Number: (209) 577-5287  
E-mail address: smitchell@modestogov.com

- E. Current General Plan Designation(s): Residential (R)
- F. Current Zoning Classification(s): Specific Plan-Overlay (SP-O)
- G. Surrounding Land Uses:   North: Agriculture  
                                      South: Agriculture  
                                      East: Agriculture  
                                      West: Miniature golf course

H. Project Description:

This is an application for a Development Agreement and Final Development Plan to allow construction of a 106,415-square-foot church, with offices and Sunday-school classrooms on 17.4 gross acres located at the northeast corner of Coffee Road and Claratina Avenue. The project is proposed to be constructed in two phases: Phase One will be a 60,147-square-foot building housing a sanctuary, offices and Sunday-school classrooms, and Phase Two will consist of a larger sanctuary added to this building, bringing the total size to 106,415 square feet. The project proposes 406 parking spaces with Phase One, and an additional 243 spaces with Phase Two. The project proposes two driveways to Coffee Road, and an additional access to Claratina Avenue.

The Development Agreement contains the following provisions:

- The church's obligation to participate in the formation of the CFD for the Hetch Hetchy CPD;
- A prohibition on school uses without further environmental review and City approval;
- Future connections to master storm drainage and sewer facilities;
- Project fees;
- Well site dedication and reimbursement;
- Project contribution and reimbursement for the Coffee/Claratina traffic signal;
- Access from the property to the property to the east;

- I. Other Public Agencies Whose Approval is Required: none.

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

**A. X Within the Scope** - The project is within the scope of the Mitigated Negative Declaration for a General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (SCH No. 2002122117) and no new environmental document is required, per Section 15162 of the CEQA Guidelines. The following items are found to be true:

1. No substantial changes are proposed in the project which will require major revisions of the Mitigated Negative Declaration for a General Plan Amendment, Specific Plan Amendment and Annexation for the Claratina Golf Course and Driving Range Site (SCH No. 2002122117).
2. No substantial changes are occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Mitigated Negative Declaration.
3. No new information, which was not known and could not have been known at the time the Mitigated Negative Declaration was adopted, has become available which would require revisions to the Mitigated Negative Declaration.

**B.      Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the previous Mitigated Negative Declaration. A mitigated negative declaration will be prepared for the project.

**C.      EIR Required** - On the basis of the above determinations, the project is not within the scope of the previous Mitigated Negative Declaration. An EIR will be prepared for the project.

#### **IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 15162 of the CEQA Guidelines, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the previous Mitigated Negative Declaration, whether circumstances under which the project is being undertaken have changed and whether new information has arisen since the Mitigated Negative Declaration was adopted, any of which might require revisions to the Mitigated Negative Declaration. The Initial Study thereby documents whether or not the project is "within the scope" of the Mitigated Negative Declaration.

Pursuant to CEQA Guidelines Section 15162, no new environmental document are necessary for projects that are determined to be within the scope of the previous Mitigated Negative Declaration.

The previous Mitigated Negative Declaration organizes its analysis of environmental impacts into twenty one subject areas. The following analysis is based on the impact analyses contained in Mitigated Negative Declaration. For ease of cross-reference, the sections are numbered in the same order as the analyses in the Negative Declaration.

##### **A. TRAFFIC AND CIRCULATION**

###### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Traffic and Circulation effects are analyzed on pages 7-9 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified the following significant traffic and circulation impacts that were mitigated to less than significant with mitigation incorporated in the project:

Effect: Increased traffic which is substantial in relation to the existing traffic load and capacity of the street system.

###### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

The following Traffic and Circulation mitigation measures were identified in the Mitigated Negative Declaration for the development of the project site:

- a. Concurrent with redevelopment of the project site as a church, the Coffee Road/Claratina Expressway intersection signal will be funded by the project.
- b. At the time of any redevelopment of the project site, dedication of right-of-way to City standards shall be provided, in the event the previously dedicated right-of-way does not meet the current adopted City standard for Coffee Road and the Claratina Expressway. Along Coffee Road, improvement to City standards will also be provided.
- c. At the time of preparation of a site plan for review and processing on the project site, a Site Access Study, consistent with the General Plan requirement contained in Chapter V(B)(7)(c) shall be prepared. The Site Access Study will also evaluate how to provide adequate pedestrian and vehicular access to the balance of the Hetch

Hetchy CPD, which may include the reservation of road right-of-way and/or granting of vehicular/pedestrian cross access rights, to make certain that the project properly integrates with the balance of the Hetch Hetchy CPD, at the time of its development.

Discussion:

- a. The City of Modesto will be installing a traffic control device (an interim traffic signal or interim roundabout) at the Coffee Road/Claratina Avenue intersection in conjunction with the extension of Claratina Avenue to Oakdale Road. The City Public Works Department have analyzed the impacts of these interim traffic control measures, and have determined that they will provide an equivalent Level of Service as the permanent traffic signal for the first phase of the project. The City expects that the permanent traffic signal will be installed prior to the second phase of the project, but if that has not occurred, the Development Agreement contains a provision that would require the installation of the permanent traffic signal, unless a supplemental CEQA analysis is provided that demonstrates that the permanent traffic signal is not required and/or the required LOS may be achieved through alternate means.
- b. This mitigation measure will be applied as a condition of approval of the Final Development Plan.
- c. The applicant has submitted a Site Access Study prepared by KD Anderson Transportation Engineers ("Traffic Access Assessment for Shelter Cove Community Church Master Plan Modesto, CA" dated June 22, 2004, copies of which are available in the offices of the Community and Economic Development Department), that satisfies this mitigation measure. The City's Public Works Department has reviewed the Assessment and agrees with its conclusions.

### **3. Changes in the Proposed Project**

As noted in the project description, the current proposal is larger (106,415 square feet vs. the 69,000 square feet analyzed in the Mitigated Negative Declaration). The applicant has submitted a Site Access Study prepared by KD Anderson Transportation Engineers ("Traffic Access Assessment for Shelter Cove Community Church Master Plan Modesto, CA" dated June 22, 2004, copies of which are available in the offices of the Community and Economic Development Department), in accordance with Mitigation Measure 2.a. above. In addition to addressing the provisions of this mitigation measure, the Site Access Assessment analyzed the potential for increased traffic impacts due to the increased size of the project. The Assessment concludes that the current project would add only 19 P.M. peak-hour trips over what was analyzed in the Mitigated Negative Declaration, and concludes that the resulting Levels of Service on surrounding intersections would remain at or above LOS "D", which is the City's standard for significant traffic impacts, with a right-in access to Claratina Avenue. The Analysis has been reviewed by the City's Traffic Engineering section, and they concur with its findings.

#### **4. Changes in Circumstances Surrounding the Project**

The City's Public Works Department has been in the process of preparing the engineering work for extending Claratina Avenue from Coffee Road to Oakdale Road. In conjunction with that work, it has come to light that a major natural gas transmission line in Claratina Avenue would prevent the installation of the traffic signal at Coffee Road and Claratina Avenue in its permanent location, until arrangements are made to move the line, which the Public Works Department estimates will take several years.

Consequently, the City will be installing either an interim roundabout or an interim traffic signal at the intersection until such time as the gas line is relocated. The interim signal or roundabout would be installed by the City in conjunction with the extension of Claratina Avenue from Coffee Road to Oakdale Road, which is scheduled to begin sometime this year. This will relieve the church from their obligation to install the traffic signal, at least for the first phase of their development.

The Public Works Department has conducted an LOS analysis, and has concluded that either interim traffic control device will provide an equivalent LOS, at least until the church constructs their second phase.

By then, the Public Works Department expects that the gas main will be relocated, allowing for the installation of the permanent traffic signal. However, if that has not occurred, then the Development Agreement provides that the permanent traffic signal will need to be installed, unless additional traffic and CEQA analyses may be conducted to determine whether alternative or lesser improvements to the intersection will achieve an acceptable LOS, given the conditions at that time. Therefore, no significant changes are required in the Mitigated Negative Declaration.

#### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

See Section 4, above.

### **B. AIR QUALITY**

#### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Air Quality effects are analyzed on pages 14-15 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant Air Quality impacts.

#### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No Air Quality mitigation measures were identified by the Mitigated Negative Declaration for the project beyond those required by the General Plan Master EIR.

### **3. Changes in the Proposed Project**

As noted above, the current proposal is larger (106,415 square feet vs. the 69,000 square feet analyzed in the Mitigated Negative Declaration). However, because the traffic impacts are not significantly greater, there would be no significant increase in air quality impacts due to the larger project.

### **4. Changes in Circumstances Surrounding the Project**

Since the time that the Mitigated Negative Declaration was adopted, the San Joaquin Valley Air Pollution Control District's non-attainment status for ozone has been downgraded from "severe" to "extreme". The General Plan MEIR, which the Mitigated Negative Declaration was tiered off of, identified that buildout of General Plan would result in significant, unavoidable impacts to air quality, and the City Council adopted a statement of overriding considerations in certifying the MEIR. At this time no new control measures have been adopted by the APCD as a result of this redesignation, and consequently no new measures are available to impose on the project beyond those required by the MEIR. Therefore, the changes in circumstances would not result in any significant changes in the Mitigated Negative Declaration.

### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

See Section 4, above.

## **C. NOISE**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Noise impacts are analyzed on pages 15-17 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified the following significant noise impacts that were mitigated to less than significant with mitigation incorporated in the project:

Effect: Exposure of persons or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies.

Effect: A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.

### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

The following Noise mitigation measures were identified in the Mitigated Negative Declaration for the development of the project site:

- a. At the time of submittal of a site plan, a noise study prepared by a qualified acoustical consultant shall be prepared if any church structures are proposed within

the future 70 Ldn noise contour. The acoustical study shall provide measures to reduce the interior noise levels to 55 Ldn or below for any church structures falling within the 70 Ldn noise contour, consistent with the Master EIR requirements (Table 3-2 on page IV-3-8).

- b. All construction contracts shall require construction equipment, fixed and mobile, to be equipped with properly operating and maintained mufflers and that no single piece of equipment shall produce a noise level exceeding 85 DBA at any point outside the Specific Plan area.

Discussion:

- a. The 70 Ldn contour is located 74 feet from the centerline of Claratina Avenue, per Table V-3-5 of the General Plan MEIR. The project does not propose to locate any buildings within this distance, so no acoustic study is needed.
- b. This mitigation measure will be applied as a condition of approval of the Final Development Plan.

**3. Changes in the Proposed Project**

Since the increased size of the project will not result in any significant increases in traffic impacts, there will be no significant increase in noise impacts resulting from the project that would require major revisions in the Mitigated Negative Declaration. As noted above, the mitigation measures imposed by the Mitigated Negative Declaration will be applied to the project.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to noise impacts.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to noise impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**D. AGRICULTURAL LANDS**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Agricultural land impacts are analyzed on pages 17-18 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified the following significant agricultural land impacts that were mitigated to less than significant with mitigation incorporated in the project:

Effect: Involve other changes in the existing environment which, due to their location or nature, could result in conversion of farmland to non-agricultural use.

## **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

The following agricultural land mitigation measures were identified in the Mitigated Negative Declaration for the development of the project site:

- a. The project should be prepared to accept the inconveniences associated with the adjacent agricultural operations, such as noise, odors, flies, dust or fumes. Stanislaus County has determined that such inconveniences shall not be considered a nuisance if agricultural operations are consistent with accepted customs and standards.

### Discussion:

- a. This mitigation measure will be applied as a condition of approval of the Final Development Plan.

## **3. Changes in the Proposed Project**

Since the project will not involve any additional land not already analyzed by the Mitigated Negative Declaration, there are no additional agricultural impacts resulting from the project that would require revisions in the Mitigated Negative Declaration. As noted above, the mitigation measures imposed by the Mitigated Negative Declaration will be applied to the project.

## **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to agricultural impacts.

## **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to agricultural impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **E. WATER SUPPLY**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Water supply effects are analyzed on page 19 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant water supply impacts.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No water supply mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

Public Works has analyzed the increased size of the project, and has determined that the project will not create any significant increase in the demand for water supplies. Therefore, there are no changes needed to the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

Recent Water Supply Assessments prepared by the City of Modesto indicate that the City has a sufficient guaranteed water supply to serve new development only until approximately 2020. However, the church's contribution to this impact is insignificant (less than 1%). Therefore, no further changes are need to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

See Section 4, above.

**F. SANITARY SEWER SERVICES**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Sanitary sewer supply effects are analyzed on page 20 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant sanitary sewer supply impacts.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No sanitary sewer supply mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

Public Works has analyzed the increased size of the project, and has determined that the project will not create any significant increase in the demand for sanitary sewer service. Therefore, there are no changes needed to the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

The City has recently determined that wastewater flow volumes may exceed at certain times of year the City's ability to dispose of them through discharge into the San Joaquin River or by land disposal. The City is working to address this issue with both short-term and long-term solutions. The project's contribution to this impact, however, is insignificant (less than 1%), so no changes are needed to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

See Section 4, above.

**G. SENSITIVE WILDLIFE AND PLANT HABITAT**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Wildlife and plant habitat effects are analyzed on pages 21-22 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant wildlife and plant habitat impacts.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No wildlife or plant habitat mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

Since the project will not involve any additional land not already analyzed by the Mitigated Negative Declaration, there are no additional wildlife or plant habitat impacts resulting from the project that would require revisions in the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to wildlife or plant habitat impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to wildlife or plant habitat impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **H. ARCHAEOLOGICAL OR HISTORICAL SITES**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Archaeological and historic site effects are analyzed on pages 14-15 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant archaeological or historic site impacts.

### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No archaeological or historic site mitigation measures were identified by the Mitigated Negative Declaration for the project.

### **3. Changes in the Proposed Project**

Since the project will not involve any additional land not already analyzed by the Mitigated Negative Declaration, there are no additional archaeological or historic site impacts resulting from the project that would require revisions in the Mitigated Negative Declaration.

### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to archaeological or historic site impacts that would require revisions to the Mitigated Negative Declaration.

### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to archaeological or historical site impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **I. FLOODING AND WATER QUALITY**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Flooding and water quality impacts are analyzed on pages 23-25 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified the following significant flooding and water quality impacts that were mitigated to less than significant with mitigation incorporated in the project:

Effect: Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site.

## **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

The following flooding and water quality mitigation measures were identified in the Mitigated Negative Declaration for the development of the project site:

- a. On-site stormwater storage shall be provided consistent with City standards for a Commercial Site.
- b. The project storm drainage facilities shall provide for an outfall connection in the Claratina Expressway, to be connected at such time as the Master Storm Drainage facilities become available for use.

### Discussion:

- a. This mitigation measure will be applied as a condition of approval of the Final Development Plan.
- b. This mitigation measure will be applied as a condition of approval of the Final Development Plan.

## **3. Changes in the Proposed Project**

Although the larger project will result in an increase in impermeable surfaces and a consequent increase in runoff, this will be adequately dealt with in the on-site storm drainage facilities that will be required to conform to City standards. Therefore, no revisions are required in the Mitigated Negative Declaration.

## **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to flooding and water quality impacts that would require revisions to the Mitigated Negative Declaration.

## **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to flooding and water quality impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **J. STORM DRAINAGE**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Storm drainage impacts are analyzed on pages 25-26 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified the following significant

storm drainage impacts that were mitigated to less than significant with mitigation incorporated in the project:

Effect: Require or result in the construction of new storm water drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effect.

## **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

The following storm drainage mitigation measures were identified in the Mitigated Negative Declaration for the development of the project site:

Same as mitigation measures for flooding and water quality.

### Discussion:

These mitigation measures will be applied as a condition of approval of the Final Development Plan.

## **3. Changes in the Proposed Project**

Although the larger project will result in an increase in impermeable surfaces and a consequent increase in runoff, this will be adequately dealt with in the on-site storm drainage facilities that will be required to conform to City standards. Therefore, no revisions are required in the Mitigated Negative Declaration.

## **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to storm drainage impacts that would require revisions to the Mitigated Negative Declaration.

## **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to storm drainage impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

# **K. PARKS AND OPEN SPACE**

## **1. Significant Effects Identified in the Mitigated Negative Declaration**

Parks and open space effects are analyzed on pages 26-27 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant parks or open space impacts.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No parks or open space mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

Since churches do not create impacts to parks, and no designated open-space lands are being utilized by the church, there are no additional parks or open space impacts resulting from the project that would require revisions in the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to parks or open space impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to parks or open space impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**L. SCHOOLS**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Increased demand for school effects are analyzed on pages 27-28 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant increased demand for schools due to the project.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No increased demand for schools mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

Since churches do not create impacts to schools, there are no additional impacts to schools resulting from the project that would require revisions in the Mitigated Negative Declaration.

#### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to demand for schools impacts that would require revisions to the Mitigated Negative Declaration.

#### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to demand for schools impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

### **M. POLICE SERVICES**

#### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Increased demand for police services are analyzed on page 28 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant increased demand for police services due to the project.

#### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No increased demand for police services mitigation measures were identified by the Mitigated Negative Declaration for the project.

#### **3. Changes in the Proposed Project**

There are no additional significant impacts to police services resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

#### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to police services impacts that would require revisions to the Mitigated Negative Declaration.

#### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to police services impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **N. FIRE SERVICES**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Increased demand for fire services are analyzed on pages 28-29 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant increased demand for fire services due to the project.

### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No increased demand for fire services mitigation measures were identified by the Mitigated Negative Declaration for the project.

### **3. Changes in the Proposed Project**

There are no additional significant impacts to fire services resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to fire services impacts that would require revisions to the Mitigated Negative Declaration.

### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to fire services impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **O. SOLID WASTE**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Solid waste effects are analyzed on page 29 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant solid waste effects.

### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No solid waste mitigation measures were identified by the Mitigated Negative Declaration for the project.

### **3. Changes in the Proposed Project**

There are no additional significant solid waste impacts resulting from the increased size

of the project that would require revisions in the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to solid waste impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to solid waste impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**P. HAZARDOUS MATERIALS**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Hazardous materials effects are analyzed on pages 30-31 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant hazardous materials effects.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No hazardous materials mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

There are no additional significant hazardous materials impacts resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration, as churches are not a significant generator of hazardous wastes.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to hazardous materials impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to hazardous materials impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**Q. LANDSLIDES AND SEISMIC ACTIVITY**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Landslides and seismic activity effects are analyzed on pages 31-32 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant landslide or seismic activity effects.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No landslide or seismic activity mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

There are no additional landslide or seismic activity impacts resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to landslide or seismic activity impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to landslide or seismic activity impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**R. ENERGY AND MINERAL RESOURCES**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Energy and mineral resources effects are analyzed on pages 32-33 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant energy or mineral resources effects.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No energy or mineral resources mitigation measures were identified by the Mitigated Negative Declaration for the project.

### **3. Changes in the Proposed Project**

There are no additional significant energy or mineral resources impacts resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to energy or mineral resources impacts that would require revisions to the Mitigated Negative Declaration.

### **5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to energy or mineral resources impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## **S. PLANNING AND LAND USE**

### **1. Significant Effects Identified in the Mitigated Negative Declaration**

Planning and land use effects are analyzed on pages 33-34 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant planning or land use effects.

### **2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No planning or land use mitigation measures were identified by the Mitigated Negative Declaration for the project.

### **3. Changes in the Proposed Project**

There are no additional significant planning or land use impacts resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

### **4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to planning or land use impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to planning or land use impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**T. POPULATION AND HOUSING**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Population and housing effects are analyzed on pages 34-35 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant population or housing effects.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No population or housing mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

There are no additional significant population or housing resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration, as churches do not impact housing or population.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to population or housing impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to population or housing impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

**U. AESTHETICS**

**1. Significant Effects Identified in the Mitigated Negative Declaration**

Aesthetics effects are analyzed on pages 35-36 of the Mitigated Negative Declaration. The Mitigated Negative Declaration identified no significant aesthetics effects.

**2. Mitigated Negative Declaration Mitigation Measures From the Mitigated Negative Declaration**

No aesthetics mitigation measures were identified by the Mitigated Negative Declaration for the project.

**3. Changes in the Proposed Project**

There are no additional significant aesthetics impacts resulting from the increased size of the project that would require revisions in the Mitigated Negative Declaration.

**4. Changes in Circumstances Surrounding the Project**

There have been no significant changes to circumstances under which the project is being undertaken have occurred in relation to aesthetics impacts that would require revisions to the Mitigated Negative Declaration.

**5. New Information Not Known at the Time of Adoption of the Mitigated Negative Declaration**

No new information has become available related to aesthetics impacts that was not known at the time of adoption of the Mitigated Negative Declaration that would require revisions to the Mitigated Negative Declaration.

## V. MITIGATION MEASURES APPLIED TO THE PROJECT

### 1. Mitigated Negative Declaration Mitigation Measures Applied to the Project

The following Mitigation Measures from the previously adopted Mitigated Negative Declaration shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan.

#### **Traffic and Circulation Measures:**

- a. At the time of any redevelopment of the project site, dedication of right-of-way to City standards shall be provided, in the event the previously dedicated right-of-way does not meet the current adopted City standard for Coffee Road and the Claratina Expressway. Along Coffee Road, improvement to City standards will also be provided.

#### **Air Quality Measures:** (from General Plan Master EIR)

- a. All disturbed areas, including storage piles, which are not being actively utilized for construction purposes, shall be effectively stabilized of dust emissions using water, chemical stabilizer/suppressant, covered with a tarp or other suitable cover or vegetative ground cover.
- b. All land clearing, grubbing, scraping, excavation, land leveling, grading, cut & fill, and demolition activities shall be effectively controlled of fugitive dust emissions utilizing application of water or by presoaking.
- c. When materials are transported off-site, all material shall be covered, or effectively wetted to limit visible dust emissions, and at least six inches of freeboard space from the top of the container shall be maintained.
- d. All operations shall limit or expeditiously remove the accumulation of mud or dirt from adjacent public streets at the end of each workday. *(the use of dry rotary brushes is expressly prohibited except where preceded or accompanied by sufficient wetting to limit the visible dust emissions.) (Use of blower devices is expressly forbidden.)*
- e. Following the addition of materials to, or the removal of materials from, the surface of outdoor storage piles, said piles shall be effectively stabilized of fugitive dust emissions utilizing sufficient water or chemical stabilizer/suppressant.
- f. Within urban areas, trackout shall be immediately removed when it extends 50 or more feet from the site and at the end of each workday.

#### **Noise Measures:**

- a. All construction contracts shall require construction equipment, fixed and mobile, to be equipped with properly operating and maintained mufflers and that no single piece of equipment shall produce a noise level exceeding 85 DBA at any point outside the Specific Plan area.

**Agricultural Land Measures:**

- a. The project should be prepared to accept the inconveniences associated with the adjacent agricultural operations, such as noise, odors, flies, dust or fumes. Stanislaus County has determined that such inconveniences shall not be considered a nuisance if agricultural operations are consistent with accepted customs and standards.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-129**

**A RESOLUTION APPROVING SPECIFIC PLAN AMENDMENT NO. 19 TO THE VILLAGE ONE SPECIFIC PLAN TO CHANGE THE LAND USE DESIGNATION OF A PORTION OF PRECISE PLAN AREA NO. 1 FROM VERY LOW DENSITY RESIDENTIAL TO OFFICE AND HIGH SCHOOL AND TO ALLOW CITY COUNCIL APPROVAL OF A FINAL DEVELOPMENT PLAN CONCURRENT WITH APPROVAL OF PRECISE PLAN AREA NO. 1, PROPERTY LOCATED AT THE NORTHEAST CORNER OF SYLVAN AVENUE AND ROSELLE AVENUE. (SYLVAN VETERINARY HOSPITAL)**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt specific plans for the systematic implementation of the General Plan and to provide for a greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on October 16, 1990, the City Council by Resolution No. 90-828A adopted the Village One Specific Plan, to guide the development of 1,780 acres located in northeast Modesto, and

WHEREAS, Government Code Section 65453 permits the amendment of specific plans as often as deemed necessary by the legislative body, and

WHEREAS, the City Council on June 18, 1991, by Resolution No. 91-405, adopted Specific Plan Amendment No. 1 to the Village One Specific Plan to adopt an amended Affordable Housing Program, and

WHEREAS, the City Council on May 5, 1992, by Resolution No. 92-222, adopted Specific Plan Amendment No. 2 to the Village One Specific Plan to improve technical correctness, readability, and comprehension, and

WHEREAS, the City Council on February 1, 1994, by Resolution No. 94-72, adopted Specific Plan Amendment No. 3 to the Village One Specific Plan to rewrite and reorganize the Plan to be more implementation oriented, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-297, certified the Final Supplemental EIR for Village One (SCH No. 90020181) which provided environmental analysis for the revisions in Specific Plan Amendment No. 4, and

WHEREAS, the City Council on May 24, 1994, by Resolution No. 94-298, adopted Specific Plan Amendment No. 4 to the Village One Specific Plan to widen Floyd Avenue from three-to-five lanes, realign the Claus/Sylvan intersection, delete the non-potable water supply for public landscaping, and integrate mitigation monitoring into the Specific Plan, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-372, adopted Specific Plan Amendment No. 5 to the Village One Specific Plan to revise the Residential Design Policies for cul-de-sacs, alleys, garage orientation, and plan processing, and

WHEREAS, the City Council on June 28, 1994, by Resolution No. 94-373, adopted Specific Plan Amendment No. 6 to the Village One Specific Plan to revise the school and park sites within the Specific Plan and redistribute residential units among the Village One Precise Plan Areas, and

WHEREAS, the City Council on October 10, 1995, by Resolution No. 95-487, adopted Specific Plan Amendment No. 7 to the Village One Specific Plan to reduce costs and to implement recommendations to increase the marketability of development within the Village One area, and

WHEREAS, the City Council on May 14, 1996, by Resolution No. 96-245, adopted Specific Plan Amendment No. 7.1 to the Village One Specific Plan to delete the multiple-family development designation from Precise Plan Areas Nos. 8 and 33, and Resolution No. 26-246 to amend the Design Standard portion of the Village One Specific Plan pertaining to single-family dwelling setbacks and three-car garages, limited to Precise Plan Areas Nos. 8, 32, and 33, and

WHEREAS, the City Council on June 4, 1996, by Resolution No. 96-295, adopted Specific Plan Amendment No. 8 to the Village One Specific Plan to incorporate changes previously approved in Specific Plan Amendment No. 7 into the Specific Plan document itself, to make minor editorial changes to the Specific Plan, and to incorporate changes resulting from development of a revised Village One Facilities Master Plan, and

WHEREAS, the City Council on August 13, 1996, by Resolution No. 96-453, adopted Specific Plan Amendment No. 9 to the Village One Specific Plan to modify the standards for dwelling setbacks and three-car garages for the entire Specific Plan area, and

WHEREAS, the City Council on May 6, 1997, by Resolution No. 97-225, adopted Specific Plan Amendment No. 10 to the Village One Specific Plan to eliminate redundancy with the General Plan Housing Element policies and to eliminate language that was too restrictive, and

WHEREAS, the City Council on June 3, 1997, by Resolution No. 97-300, adopted Specific Plan Amendment No. 11 to the Village One Specific Plan to exempt public facilities from precise plan requirements, to streamline the Specific Plan amendment process, and to provide minor clarification to various policies and diagrams, and

WHEREAS, the City Council on October 21, 1997, by Resolution No. 97-602, adopted Specific Plan Amendment No. 12 to the Village One Specific Plan to allow changes in public service providers, delete the requirement for a business park market study, revise Amtrak station language, revise the business park precise plan diagram, and allow regional commercial uses in the business park, and

WHEREAS, the City Council on February 17, 1998, by Resolution No. 98-97, adopted Specific Plan Amendment No. 13 to the Village One Specific Plan to redesignate 9.8 acres in Precise Plan Area No. 3 from Multi-Family Residential to Village Residential, and

WHEREAS, the City Council on August 17, 1999, by Resolution No. 99-416, adopted Specific Plan Amendment No. 14 to the Village One Specific Plan to modify the mix of land uses allowed in the southeast quadrant of Precise Plan Area No. 20, and

WHEREAS, the City Council on September 26, 2000, by Resolution No. 2000-507, adopted Specific Plan Amendment No. 15 to the Village One Specific Plan to reduce the noise setback along Claus Road, and

WHEREAS, the City Council on May 7, 2002, by Resolution No. 2002-230, adopted Specific Plan Amendment No. 16 to the Village One Specific Plan to move 4.1 acres from Precise Plan Area No. 6 to Precise Plan Area No. 7, and

WHEREAS, the City Council on April 1, 2003, by Resolution No. 2003-177, adopted Specific Plan Amendment No. 17 to the Village One Specific Plan to allow for a revised infrastructure financing plan for Village One, including the formation of a new community facilities district for the remaining undeveloped, unvested property in Village One, and

WHEREAS, the City Council on December 7, 2004, by Resolution No. 2004-650, adopted Specific Plan Amendment No. 18 to the Village One Specific Plan to change the land use designations of Precise Plan Areas 23 and 24 from Commercial, Village Residential, and Multi-Family Residential to Village Residential and Medium-Density Residential and to amend some of the Village One design and development standards, and

WHEREAS, Sylvan Veterinary Hospital filed an application to amend the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, and

WHEREAS, on January 24, 2005, at 7:00 p.m. the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered concerning the proposed Village One Specific Plan amendment, and

WHEREAS, after said public hearing, the Modesto City Planning Commission by Resolution No. 2005-07, recommended to the City Council approval of an amendment to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing on March 8, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Amendment No. 19 to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School is consistent with the Modesto Urban Area General Plan and the Village One Specific Plan and to allow the City Council to consider and approve a Final Development Plan concurrent with the Specific Plan Amendment and Precise Plan Area No. 1 approvals is hereby amended to read as shown on Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council that the City Clerk is hereby authorized and directed to send certified copies of this resolution and said amendment to the Village One Specific Plan to the Board of Supervisors of the County of Stanislaus.

BE IT FURTHER RESOLVED that the project applicant shall indemnify, defend, and hold harmless the City of Modesto, its agents, officers, and employees from any and all claims, actions, or proceedings against the City of Modesto, its agents, officers, and employees to attack, set aside, void, or annul, any approval by the City of Modesto and its advisory agency, appeal board, or a legislative body concerning this Specific Plan Amendment (File No. SPA-04-005). The City of Modesto shall promptly notify the applicant of any claim, action, or proceeding and shall cooperate fully in the defense. If the City fails to do so, the applicant shall not thereafter be responsible to defend, indemnify, or hold City harmless.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**Village One  
Specific Plan Amendment  
Precise Plan Area 1**

---

**I. DESCRIPTION OF AMENDMENT**

This proposed amendment to the Village One Specific Plan to change the land use designations and parallel zoning classification to 12.3 acres within Sub-area A located at the northeast corner of Sylvan Avenue to Roselle Avenue. The Land Use Intensity of the south 8.3 acres of Sub-area A would change from Very Low Density Residential to Office. The Underlying Zone would change from R-1, Low Density Residential to P-O, Professional Office. This amendment would allow the owners of the existing Veterinary Clinic to expand the facility and existing residences to convert to office uses in the future.

The north 4 acres of Sub-area A would move into Sub-area B where the Land Use Intensity would change from Very Low Density Residential to High School and the Underlying Zone would remain R-1, Low Density Residential. This change is to reflect the high school site.

**II. PRESENTATION OF NEED FOR AMENDMENT**

Sylvan Avenue and Roselle Avenue are designated as Village One Minor Arterials. Currently along Roselle Avenue within Precise Plan Area No. 1 Sub-Area "A", are Sylvan Veterinary Clinic and seven single family residences on large deep lots (approximately 275 feet in depth).

The remaining area within PPA No. 1, Sub-Areas "B" and "C", are designated for a High School and Community Park.

The designated uses proposed for Sub-areas "B" and "C", prevent the consolidation of Sub-Area "A" with adjoining parcels for future residential development.

Reclassification of Sub-Area "A" to Office Zoning will allow the Veterinary Clinic to expand and existing residential units to convert to office uses in the future. These proposed uses would be more compatible along the minor arterials than the very Low Density Residential Units.

**III. CRITERIA FOR ANALYSIS OF AMENDMENT**

**A. Conformance with Specific Plan Guiding Principles**

The designation of this property for office uses would provide activities and services that are common to the Village as a whole.

**B. Consistency with Comprehensive Policies**

The Circulation Plan for Village One establishes a hierarchy of streets that serves as a conduit for through traffic around the community as well as locate access to individual neighborhoods. The hierarchy is established on the basis of roadway treatment as well as function. The function of the expressways and arterial streets is to carry through traffic, while the neighborhood connections and residential streets serve local movement within and through neighborhoods.

**Village One  
Specific Plan Amendment  
Precise Plan Area 1**

---

Roselle Avenue is designated as a minor arterial and the proposed office land use would be more consistent with the Village One Community Design Policies.

**C. Compatibility with Existing Planned Land Uses**

Given the proposed development of Village One High School and Community Park in PPA No. 1 prevents the consolidation of existing business and residential uses along Roselle Avenue.

These parcels will be more compatible as office uses along the minor arterial.

**D. Traffic Impacts**

Limited shared access openings onto Roselle Avenue and reciprocal on-site access between properties shall be provided to lessen the adverse traffic impacts generated by individual residential driveways to the minor arterial. Site plans for specific properties should include graphic demonstrations that consideration has been given to the potential for development and/or compatibility on adjoining properties.

**E. Visual Impact**

Development of the parcels along Roselle Avenue as Office Uses instead of existing very Low Density Residential Uses, should not create any visual impacts either on site or off site that were not anticipated by the Village One Specific Plan.

**F. Preservation of Open Space**

The proposed rezone would not result in or change any of the open space policies of the Village One Specific Plan.

**G. Public Utilities / Facility Master Plans**

The proposed rezone would not result in or change any of the public utilities or facility master plans associated with the Village One Specific Plan.

**PRECISE PLAN AREA #1  
(Figure III-2)**

1. **Acreege** 108.5 Acres (of which 0.0 acres are devoted to noise setback area)
2. **Land Use Intensity**
  - a. Very Low Density Residential 7.5 Acres (of which 0.0 acres are devoted to noise setback area)
  - b. High School 62.0 Acres
  - c. Community Park 39.0 Acres
3. **Special Considerations**

The Precise Plan shall incorporate the following policies:

- a. Within Sub-area "A", development regulations shall be established to accommodate up to 15 residential lots with ½-acre minimum lot size. This area may also be used for the future expansion of the adjacent high school.
- b. Within Sub-area "B", a high school site and buffer area shall be allowed.
- c. Within Sub-area "C" a community park site and buffer area shall be allowed.
- d. Within Sub-areas "B" and "C", a Master Plan for the high school and/or community park shall suffice for a Precise Plan. Precise boundaries shall be determined upon adoption of each respective Master Plan.
- e. "Prior to development of the proposed High School/Community Park, the City of Modesto shall establish a buffer area (open space easement or similar restriction) on the site for a distance of at least 350 feet from the property line in order to protect the health of the high school students and park users. Uses permitted within the buffer area shall be determined prior to the issuance of permits for construction. Requirements of this buffer area shall not conflict with Division 6 – Section 11501.1 and Division 7 of the California Food and Agricultural Code, as judged by the Stanislaus County Agricultural Commissioner."

**Village One  
Specific Plan Amendment

---

- f. The High School Master Plan shall incorporate features to minimize potential conflicts between residential lots located along Roselle Avenue and the south side of Sylvan Avenue. These features may include but are not limited to setbacks, service roads, or other means to separate school activity areas and residential structures.
- g. The High School Master Plan shall indicate conformance with Section IIE(2) regarding School standards and Section IIF(2) regarding Park standards.

**4. Principal Underlying Zone(s)**

- a. Sub-area "A" – R-1 Low Density Residential, (school facilities permitted per Policy II, C, 4) ½-acre minimum lot size.
- b. Sub-area "B" – R-1, Low Density Residential.
- c. Sub-area "C" – R-1, Low-Density Residential

|----|----------------------------------|--|
| 1. | <b><u>Acreage</u></b>            | 126.3 Acres (of which 0.0 acres are<br>(132.6 gross) devoted to noise setback<br>area) |
|    |                                  |  |
| 2. | <b><u>Land Use Intensity</u></b> |  |
| a. | Office                           | 8.3 Acres (of which 0.0 acres are<br>devoted to noise setback<br>area)                 |
| b. | High School                      | 73.0 Acres   |
| c. | Community Park                   | 45.0 Acres   |

3. **Special Considerations**

The Precise Plan shall incorporate the following policies:

- a. Within Sub-area "A", future development of existing Business and Residential Units to Business/Office Development via the City of Modesto P-O Zoning Regulations.
- b. Within Sub-area "B", a high school site and buffer area shall be allowed.
- c. Within Sub-area "C" a community park site and buffer area shall be allowed.
- d. Within Sub-areas "B" and "C", a Master Plan for the high school and/or community park shall suffice for a Precise Plan. Precise boundaries shall be determined upon adoption of each respective Master Plan.
- e. "Prior to development of the proposed High School/Community Park, the City of Modesto shall establish a buffer area (open space easement or similar restriction) on the site for a distance of at least 350 feet from the property line in order to protect the health of the high school students and park users. Uses permitted within the buffer area shall be determined prior to the issuance of permits for construction. **MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-130**

**A RESOLUTION APPROVING A FINAL DEVELOPMENT PLAN FOR AN  
OFFICE DEVELOPMENT ON A PORTION OF PRECISE PLAN FOR AREA  
NO. 1, PROPERTY LOCATED AT THE NORTHEAST CORNER OF SYLVAN  
AVENUE AND ROSELLE AVENUE. (SYLVAN VETERINARY HOSPITAL)**

WHEREAS, the City Council adopted the Village One Specific Plan, a 1,780-acre area of land adjoining the northeast portion of the City of Modesto, on October 16, 1990, and

WHEREAS, an application for a Final Development Plan for office development on the Sylvan Veterinary Hospital parcel at 3500 Roselle Avenue (APN 084-002-041) incorporated within Precise Plan Area No. 1, at the northeast corner of Sylvan and Roselle Avenues, was filed by Sylvan Veterinary Hospital, and

WHEREAS, the Planning Commission, by Resolution Nos. 2005-07, adopted on January 24, 2005, and City staff, by a report dated January 24, 2005, from the Community Development Department, recommended to the City Council approval of a Final Development Plan for a portion of Precise Plan Area No. 1, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on March 8, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California at which hearing evidence both oral and documentary was received and considered, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby finds and determines that the proposed Final Development Plan for office development on the Sylvan Veterinary Hospital parcel at 3500 Roselle Avenue (APN 084-002-041) conforms with the Village One Specific Plan and, Precise Plan Area No. 1

as adopted by the City Council, and establishes suitable development regulations and design guidelines consistent with the Specific Plan.

BE IT FURTHER RESOLVED by the City Council that the proposed Final Development Plan for office development on the Sylvan Veterinary Hospital parcel at 3500 Roselle Avenue (APN 084-002-041) be approved subject to the following conditions:

1. All development shall be consistent will the approved Final Development Plan as stamped approved by the City Council on the effective date of the SP-O Zoning for the project site. Except as amended herein, or by reference, all development shall be in accordance with the Village One Specific Plan and Precise Plan Area No. 1.
2. All street dedication and easements shall be provided and improvements shall be constructed in accordance with City of Modesto Standard Specifications and the Village One Specific Plan as required by the Public Works Director or designee pursuant to improvement plans.
3. Improvement plans for required improvements shall be prepared by a Registered Civil Engineer and submitted for approval by the Public Works Director or designee. All improvements shall be constructed in accordance with the approved plans. Street improvements on Sylvan Avenue and Roselle Avenue include but are not limited to street, paving, curb, gutter, sidewalk, and street lights along its entire street frontage.
4. The developer shall implement pre- and post-construction best management practices (BMPs) to minimize pollutants entering the storm system. The developer shall conform to the erosion and sediment control pro-visions of the City.
5. The developer shall submit a plan for approval by the Public Works Director or designee to provide for storm drainage in accordance with the updated Village One Facilities Master Plan dated May 2003. If the City storm drain system is not available at the time of development, stormwater will have to be retained on site per City standards.

6. A temporary septic system may be allowed if the City sewer system is not within 100 feet of the property at the time of development.
7. The State Water Control Board and City of Modesto require a Storm Water Pollution Prevention Plan (SWPPP) to be developed prior to construction activity. A copy of the notice of intent (NOI) and SWPPP shall be required to obtain a grading permit if required by the Public Works Director or designee.
8. The developer shall show all fire hydrants on the improvement plans as required by the Fire Chief. All hydrants required by the Fire Chief shall be installed and operable prior to construction of any structures
9. A landscaping and irrigation plan for all public area landscaping shall be approved by the Parks, Recreation, and Neighborhood Director or designee. Landscaping and the irrigation system shall be installed and maintained in accordance with the approved plan.
10. Ten-foot-wide public utility easements and planting easements located within the ten-foot-wide public utility easements shall be dedicated along all street frontages as required by the Public Works Director or designee.
11. Prior to or concurrent with issuance of a building permit, irrigation, electrical, gas, sanitary sewer and domestic water lines shall be removed, relocated, or protected as required by the Public Works Director or designee and/or the utility companies, and easements for utility lines to remain shall be dedicated.
12. Prior to issuance of a building permit, the developer shall take all actions reasonably necessary to secure and establish a City Mello-Roos Community Facilities District ("CFD") for the Village One Specific Plan for the capital improvements and ongoing maintenance set forth in the Village One Specific Plan to be financed by said CFD or, if said CFD has been established for the Village One Specific Plan, subdivider shall take all actions reasonably necessary to annex its subdivision to said CFD, which shall actually result in annexation of its subdivision to said CFD at the tax rate for the zone of said CFD to which the subdivision is ultimately annexed; or alternatively, in the event complete annexation does not occur for any reason, subdivider may provide a funding mechanism for said capital improvements and ongoing maintenance to the same

general standard as other similar capital improvements and ongoing maintenance financed by said CFD, subject to approval of the funding mechanism by the City, such approval not to be unreasonably withheld.

13. To the extent allowed by State law, annexation to the appropriate schools Community Facilities District will be required as a Condition of Approval. If this requirement cannot be enforced due to the status of State law, then prior to issuance of the first building permit or final map approval, whichever is earlier, the developer shall provide written verification from the affected school districts that a determination has been made as to whether the developer will pay the school fees in effect or annex to the appropriate Community Facilities District.
14. The Capital Facilities Fees payable at the time of the issuance of a building permit for any construction shall be based on the rates in effect at time of issuance of the building permit.
15. Except as amended herein, or by reference, all development shall be in accordance with the Village One Specific Plan and Precise Plan Area No. 1.
16. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.
17. All-weather, hard-surfaced roadways shall be constructed and maintained free of obstructions prior to and at all times during construction.
18. All landscaping in the public right-of-way must be maintained by a CFD.
19. All signs shall comply with the sign requirements of the P-O Zone.

20. All outdoor lighting shall be shielded from adjacent residential uses as required by the City Engineer or designee.
21. Trash bins shall be kept in enclosures in accordance with the approved plan and in accordance with plans approved by the Public Works Director or designee. Enclosures shall be constructed of building materials consistent with those used in the major buildings as approved by the Community and Economic Development Department Director or designee.
22. Prior to issuance of building permits, access and maintenance agreements relative to all driveways on Roselle Avenue and the 40-foot-wide access driveway along the east side of Sub-area A shall be provided for office uses in Sub-area A. Said access and maintenance agreement shall contain provisions for the perpetual access and maintenance and repair of the driveway and shall be in a form to be approved by the City Attorney.
23. No animals shall be kept outside of the building.

In addition, the following mitigation measures from the approved Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR should be included as conditions of approval:

24. The Precise Plan shall contain the following statements:

Construction noise is regulated by the City's Noise Ordinance, Section 4.9 – 103. Construction noise is generally permitted during the hours of 7:00 a.m. to 9:00 p.m. To avoid complaints from nearby residents, and possible citations, the full text of the ordinance should be reviewed by builders prior to construction. City construction projects will be monitored by Construction Inspection for conformance with the City's Noise Ordinance.

During construction activities, Building Inspection Division shall verify that contractors observe the requirements of City of Modesto Standard Specification 2.07(A)(5), Dust Control, and when necessary, Regulation VIII of the San Joaquin Valley Unified Air Pollution Control District to control the generation of PM 10 from construction related dust and emissions.

BE IT FURTHER RESOLVED by the City Council that the construction of this Final Development Plan shall begin on or before March 8, 2007, and to be completed not later than March 8, 2008.

BE IT FURTHER RESOLVED by the City Council that this Final Development Plan approval shall not become effective until the related Ordinance No. 3381-C.S adopting Precise Plan No. 1 and Ordinance No. 3382-C.S. approving the rezone of the Property from Very Low Density Residential to Office and High School become effective. In the event that Ordinance No. 3381-C.S. or Ordinance No. 3382-C.S. are challenged in any way by referendum, initiative, legal or administrative action prior to the effective date of said Ordinances, then the approval of the Final Development Plan provided hereby, shall immediately and automatically be deemed null and void.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-131**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: SPECIFIC PLAN AMENDMENT NO. 19 TO THE VILLAGE ONE SPECIFIC PLAN TO AMEND THE VILLAGE ONE SPECIFIC PLAN TO CHANGE THE LAND USE DESIGNATIONS OF A PORTION OF PRECISE PLAN AREA NO. 1 FROM VERY LOW DENSITY RESIDENTIAL TO OFFICE AND HIGH SCHOOL AND TO ALLOW CITY COUNCIL APPROVAL OF A FINAL DEVELOPMENT PLAN CONCURRENT WITH APPROVAL OF PRECISE PLAN AREA NO. 1, ADOPTION OF A PRECISE PLAN FOR AREA NO. 1 AND CONCURRENT REZONING FROM SPECIFIC PLAN-HOLDING ZONE TO SPECIFIC PLAN-OVERLAY ZONE, AND APPROVAL OF A FINAL DEVELOPMENT PLAN FOR A PORTION PRECISE PLAN NO. 1, PROPERTY LOCATED AT THE NORTHEAST CORNER OF SYLVAN AVENUE AND ROSELLE AVENUE. (SYLVAN VETERINARY HOSPITAL)**

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report ("EIR") (State Clearinghouse No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act ("CEQA") Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 ("VI FMP"), and

WHEREAS, an application has been filed by Sylvan Veterinary Hospital for (1) an amendment to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development Plan concurrent with approval of Precise Plan Area No. 1, (2) an approval of a Precise Plan for Area No. 1 in the Village One Specific Plan Area, and concurrent rezoning from Specific Plan-Holding Zone to Specific Plan-Overlay Zone, (3) a Final Development Plan for a portion of Precise Plan for Area No. 1 in the Village One Specific Plan Area (collectively the “Project”), and

WHEREAS, the City's Community and Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2005-03, which concluded that the proposed Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, the Planning Commission, by Resolution No. 2005-07, adopted on January 24, 2005, and City staff, by a report dated January 24, 2005, from the Community and Economic Development Department, recommended to the City Council approval of Amendment No. 19 to the Village One Specific Plan to change the land use designation of a portion of Precise Plan Area No. 1 from Very Low Density Residential to Office and High School and to allow City Council approval of a Final Development

Plan concurrent with approval of Precise Plan Area No. 1, to adopt a Precise Plan for Area No. 1 of the Village One Specific Plan and rezone Area No. 1 to Specific Plan-Overlay Zone, SP-O, and approval of a Final Development Plan for a portion of Precise Plan Area No. 1, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on March 8, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED 2005-03, entitled "Amendment of the Village One Specific Plan, Approval of Precise Plan Area No. 1, Final Development Plan, and any Subsequent Approvals Consistent with Proposed Project", for the proposed Project, and the Council hereby makes the following findings:

1. The proposed Specific Plan Amendment is consistent with the Modesto Urban Area General Plan. The proposed zone change is required by public convenience or necessity and will result in an orderly planned use of land resources for the following reasons:
  - a. Office use is consistent with the land use plan because the site is of an appropriate size for office development.
  - b. Office use is compatible with the neighboring high school.
  - c. Office use is appropriate on Minor Arterial streets.
2. The proposed Precise Plan Area No. 1, and concurrent rezoning from Specific Plan - Holding Zone to Specific Plan - Overlay Zone are consistent with the Modesto Urban Area General Plan and the Village One Specific Plan as amended because it provides for Office and High School land use designations.

3. The proposed Final Development Plan for office development on the Sylvan Veterinary Hospital parcel at 3500 Roselle Avenue (APN 084-002-041) is consistent with the Modesto Urban Area General Plan and the Village One Specific Plan, as amended, and conforms with Precise Plan Area No. 1 because it provides suitable development regulations and design standards.
4. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this project is within the scope of the projects covered by the Village One Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan and no new environmental document or findings are required by CEQA.
5. There are no substantial changes proposed in the project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan are required, and
6. No substantial changes have occurred with respect to the circumstances under which the project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Village One Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan, and
7. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Village One Program EIR, as amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan, and was adopted which shows any of the following:
  - a. One or more significant effects which is not discussed in the Village One Program EIR as

amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan; or,

- b. Significant effects which were previously examined will be substantially more severe than previously shown; or,
- c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,
- d. Mitigation measures or alternatives which are considerably different from those analyzed in the Village One Program EIR as amended by the Village One Supplemental EIR and the Addendum to the Village One Specific Plan Program EIR for the Village One Facilities Master Plan, and would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

- 8. The Initial Study, Environmental Assessment No. EA/C&ED 2005-03, provides the substantial evidence to support findings 4-7, noted above.

A copy of said Environmental Assessment No. EA/C&ED 2005-03, entitled "Amendment of the Village One Specific Plan, Approval of Precise Plan Area No. 1, Final Development Plan, and any Subsequent Approvals Consistent with Proposed Project ", is on file with the City Clerk.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-132**

**A RESOLUTION AUTHORIZING THE AWARD OF A THREE (3) YEAR  
CONTRACT WITH TWO (2) ONE YEAR EXTENSION OPTIONS TO FIRST  
HEALTH GROUP OF SACRAMENTO, CA FOR THE RE-PRICING OF  
WORKERS' COMPENSATION MEDICAL BILLS FOR AN ESTIMATED  
ANNUAL COST OF \$25,000 AND AUTHORIZING THE ACTING CITY  
MANAGER TO EXECUTE SAID CONTRACT**

WHEREAS, the City of Modesto provides medical treatment to its employees for industrial injuries/illness', and

WHEREAS, the City of Modesto engages in re-pricing of these bills utilizing the State of California Official Fee Schedule and PPO networks, and

WHEREAS, a detailed Request for Information (RFI) was issued on behalf of the City to solicit vendors who were capable and qualified to provide said re-pricing services to the City, and

WHEREAS, the RFI responses were evaluated by a committee comprised of the City's Risk Manager, Purchasing Supervisor, two outside subject matter experts and a City Council member as an observer, with First Health Group receiving the highest ranking in total evaluation criteria as determined by the evaluation committee, and

WHEREAS at its meeting on February 23, 2005, the Finance Committee accepted the report containing the selection and evaluation process, and

WHEREAS at said meeting, the Finance Committee further recommended taking to full Council the award of a three (3) year contract with two (2), one-year extension options to First Health Group, with terms and conditions as stated in said contract,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that it hereby authorizes the award of a three (3) year contract with two (2) one-year extension options to First Health Group of Sacramento, CA for an estimated annual cost of \$25,000, a copy of which will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the Council hereby authorizes the Acting City Manager, or his designee, to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 8th day of March, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-133**

**A RESOLUTION APPROVING STAFF RECOMMENDATIONS  
IMPLEMENTING OPERATING BUDGET REDUCTIONS OVER A TWO-YEAR  
PERIOD RESULTING IN A BALANCED BUDGET BY FY 06-07**

WHEREAS, the City's General Fund operating revenues are not keeping pace with the growth in General Fund operating expenses, and

WHEREAS, this imbalance in revenues and expenditures is projected to continue without affirmative action being taken, and

WHEREAS, at its meeting of February 8, 2005, the City Council approved a recommendation that staff develop strategies for implementing a balanced budget by Fiscal Year 2005-2006, and

WHEREAS, at its meeting of February 23, 2005, the Finance Committee approved staff's implementation plan as outlined in the Committee report dated February 14, 2005,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Modesto that it hereby approves the budget reduction strategies as outlined in the Council Agenda Report to the Mayor and City Council from Judith Ray, Assistant to the City Manager, dated February 24, 2005, a copy of which is on file in the office of the City Clerk.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-140**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF  
MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 AND PPC  
TUOLUMNE GROVE 2, LLC FOR A PORTION OF THE IMPROVEMENTS  
NEEDED TO THE INTERSECTION OF OAKDALE ROAD AT LA FORCE  
DRIVE AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS  
OF THIS AGREEMENT HAVE BEEN ADQUATELY ADDRESSED BY THE  
PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR  
AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No.  
90020181), WITH AN ADDEUM FOR KODIAK VILLAGE III VESTING  
TENTATIVE SUBDIVISION MAP (EA/C&ED NO. 2004-45)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, PPC Tuolumne Grove 2, LLC (“Developer”) has agreed to install certain improvements to the intersection of Oakdale Road at La Force Drive, and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“agreement”) between City of Modesto Community Facilities District No. 2004-1 and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$191,254, and

WHEREAS, the City Council has received and considered the Initial Studies, Environmental Assessment EA/C&ED Nos. 2004-45, which conclude that Developer’s project entitled Kodiak Village III Vesting Tentative Subdivision Map, including the improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), with an Addendum for Kodiak Village III Vesting Tentative Subdivision Map

(EA/C&ED No. 2004-45), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and Meritage Homes of California, Incorporated ("Project") is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.

As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.

There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.

No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

one or more significant effects which is not discussed in the Program EIR; or,  
significant effects which were previously examined will be substantially more severe than previously shown; or,

previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

The Initial Study, Environmental Assessment EA/C&ED No. 2004-5, provides the substantial evidence to support findings 1-5, above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, the Finance Department, Customer Services Division and Information and Technology Department, manages and facilitates the printing and mailing distribution of the City's billing forms, and

WHEREAS, these forms are printed and mailed to both residential and commercial customers, and include, but are not limited to, business licenses, declarations, notices and utility bills, and

WHEREAS, currently these forms are printed on a Xerox Document 92C printer, which is housed in the City's Information and Technology Department's computer room, and

WHEREAS, the City's current lease on this printer expires December 2005, and

WHEREAS, City staff coordinates with a contracted service provider, to fold, stuff and mail these forms to the various customers of the City, and

WHEREAS, outsourcing the printing and designing of these forms could provide several benefits to the City, including enhanced customer service and technology. Outsourcing will improve flexibility in areas such as design overlay, changes to forms, viewing, tracking, producing duplicate bills, print backup contingency plan, and the printing of multiple page bills via the Internet, and

WHEREAS, the City's current system has limited ability to reproduce an original bill or use more than two (2) ink colors, and

WHEREAS, in addition, the current utility bill print program is custom designed by a retired individual who no longer lives in the area, and

WHEREAS, any upgrades or changes to the print program are dependent upon his availability, and

WHEREAS, this leaves the City vulnerable and enhances the desire to seek a more flexible, updated, electronic solution, and

WHEREAS, the City's Information and Technology Department has limited space in its computer room and the current printer occupies a large portion of the space, and

WHEREAS, with the printer's lease expiring in December 2005, the City should recognize savings in other areas, such as, maintenance, monthly lease payments on the printer, and staff time to manage the printing process, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Proposal for the furnishing of forms printing and mailing services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed proposals for the furnishing of forms printing and mailing services, for a three (3) year agreement, with two (2) one-year extension options, to be opened in the office of the

City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, they shall be tabulated and analyzed by an evaluation committee and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-142**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR STORM BASIN WEED ABATEMENT SERVICES TO CLARK PEST  
CONTROL OF MODESTO, CA. FOR AN INITIAL TWO-YEAR PERIOD WITH  
THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS, AT AN  
ESTIMATED COST OF \$71,500 FOR THE FIRST YEAR**

WHEREAS, the Public Works Department-Waste Water Collections Division has requested the purchase of storm basin weed abatement services, and

WHEREAS, currently the City of Modesto has twenty (20) storm basins throughout the storm collection system, and

WHEREAS, Resolution No. 2004-578 authorized the Purchasing Supervisor to solicit formal Request for Bids (RFB) for storm basin weed abatement services, and

WHEREAS, the estimated cost for storm basin weed abatement services for the first year is approximately \$71,500, and

WHEREAS, some are retention basins, while others are detention basins, and

WHEREAS, retention basins collect water through a sequence of underground pipes that feed the basin, and

WHEREAS, storm water is stored in these basins and allowed to percolate or evaporate, and

WHEREAS, detention basins have the added component of removing the storm water via a lift station located at the basin that pumps to an open waterway, MID canal, creek or river, and

WHEREAS, it is very important to maintain the integrity of these basins to be able to hold as much capacity as possible, and

WHEREAS, this allows removal of storm water from streets during heavy rain events, thus removing a public safety hazard, and

WHEREAS, our current weed abatement contract includes regularly scheduled spraying of weeds throughout our basin system, and

WHEREAS, this includes spraying at needed basins a total of four (4) times a year or as needed, and

WHEREAS, any chemicals used in the process are applied by a licensed and certified weed abatement contractor, and

WHEREAS, the Purchasing Division solicited formal Request for Bids (RFB) for storm basin weed abatement services on Request for Bid 0405-10, and

WHEREAS, out of eleven (11) vendors solicited, one (1) chose to respond to the RFB, and

WHEREAS, feedback from a number of vendors, who choose not to respond to the RFB, indicated that they could not comply with new State and Federal regulations for application for pre-emergent chemicals, and

WHEREAS, bids received were evaluated per specification 0405-10 by the Purchasing Division and Public Works, Water Collections Division, and

WHEREAS, the City Council has appropriated \$71,500 in account number 6280-480-5312-0212-50 for storm basin weed abatement services, and

WHEREAS, Modesto Municipal Code Section 8-3.203 generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment, or contractual services to be formally bid, and the code also states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council, and

WHEREAS, the storm basin weed abatement services received said approval with Resolution No. 2005-578. This award of bid and contract will conform to code, and

WHEREAS, Clark Pest Control of Modesto, CA. was deemed the low responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for storm basin weed abatement services for an initial two-year period, with three (3) one-year contract extension options to Clark Pest Control of Modesto, CA. at an estimated annual cost of \$71,500 for the first year.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-143**

**A RESOLUTION AUTHORIZING AWARD OF BID AND CONTRACT FOR  
THE REBUILDING OF NINE (9), 1990 GILLIG/LIFT-U WHEELCHAIR LIFTS  
TO GILLIG CORPORATION OF HAYWARD, CA. FOR AN ESTIMATED  
TOTAL COST OF \$78,991.49**

WHEREAS, the Public Works Department-Fleet Services Division has requested a purchase for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts, and

WHEREAS, the wheelchair lifts on our City of Modesto buses must be kept to the highest standards of repair and maintenance for the safety of our disabled customers, and

WHEREAS, the lifts in use now are the original lifts that were purchased with the buses, and

WHEREAS, the normal life cycle on these lifts average twelve (12) years and these lifts are now fourteen (14) years old, and

WHEREAS, due to solid preventive maintenance programs, staff has been able to stretch the life of these lifts to the current fourteen-year point, and

WHEREAS, recent maintenance records indicate it is time to rebuild or replace the lifts, and

WHEREAS, the rebuilding program being offered by the original manufacturer of our lifts will bring the lifts back to the original manufactured specifications, with a full factory warranty, and

WHEREAS, the rebuild program is the most cost effective use of the City's maintenance funds, and

WHEREAS, funding for rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts is budgeted in account number 6540-480-5612-5600, and

WHEREAS, Modesto Municipal Code (MMC) Section 8-3.203 generally requires all purchases that meet or exceed \$50,000 for material, equipment, or contractual services to be formally bid. The code also states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council. MCC (8-3.203 (a)). The rebuilding of nine (9) 1990 Gillig/Lift-U Wheelchair Lifts received said approval with Resolution No. 2005-60, and

WHEREAS, the Purchasing Division solicited formal bids for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair lifts on RFB 0405-14 and

WHEREAS, all three vendors solicited for bids responded to the RFB, and

WHEREAS, Gillig Corporation of Hayward, CA. is the lowest responsive and responsible bidder for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts, and

WHEREAS, this award of bid and contract conforms to MMC, Section 8-3.203,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the bid and contract for the rebuilding of nine (9), 1990 Gillig/Lift-U Wheelchair Lifts to Gillig Corporation of Hayward, CA. for an estimated total cost of \$78,991.49.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is authorized to issue a purchase order for the rebuilding of nine (9) Gillig/Lift-U Wheelchair Lifts to Gillig Corporation of Hayward, CA. in the approximate total cost of \$78,991.49.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-144**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR CONCRETE BOXES AND COVERS, AND CAST IRON COVERS AND FRAMES FOR AN INITIAL TWO-YEAR PERIOD, WITH THREE (3) ONE-YEAR CONTRACT EXTENSION OPTIONS TO THE FOLLOWING VENDORS: GROENIGER & COMPANY OF MODESTO, CA. IN THE APPROXIMATE AMOUNT OF \$68,029.61; KENKO UTILITY SUPPLY OF TRACY, CA. IN THE APPROXIMATE AMOUNT OF \$29,813.28; AND A.C.E. FABRICATION OF BASTA, CA. IN THE APPROXIMATE AMOUNT OF \$3,627.72. THE TOTAL COMBINED PURCHASE AMOUNT FOR CONCRETE BOXES AND CAST IRON COVERS AND FRAMES FOR THE INITIAL ONE-YEAR PERIOD IS APPROXIMATELY \$101,470.61.**

WHEREAS, the Finance Department-Central Stores Division has requested the purchase of concrete boxes and covers and cast iron covers and frames for an initial two-year period, with three (3) one-year contract extension options, and

WHEREAS, the Central Stores Division is responsible for inventorying concrete boxes and covers and cast iron covers and frames for use by various departments (Public Works and other departments) for ongoing City projects, and

WHEREAS, Resolution No. 2005-61 authorized the Purchasing Supervisor to solicit Request for Bid (RFB) for concrete boxes and covers and cast iron covers and frames, and

WHEREAS, the Purchasing Division solicited formal bids for concrete boxes and covers and cast iron covers and frames with Request for Bid No. 0405-15, and

WHEREAS, twenty one (21) vendors were solicited and five (5) chose to respond to the RFB, and

WHEREAS, Groeniger & Company of Modesto, CA. is the lowest responsive and responsible bidder for items 1-8, 12, 14-15, 17-18, 20-21, 29, 31 and 33 of the RFB, and

WHEREAS, Kenko Utility Supply of Tracy, CA. is the lowest responsive and responsible bidder for items 9-11, 13, 16, 19, 22, 25-28, 30 and 32 of the RFB, and

WHEREAS, A. C. E. Fabrication of Basta, CA. is the lowest responsive and responsible bidder for items 23 and 24 of the RFB,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards the bid and contract for concrete boxes and covers and cast iron covers and frames to Groeniger & Company of Modesto, CA. for the bid items set forth herein in the approximate amount of \$68,029.61; Kenko Utility Supply of Tracy, CA. for the bid items set forth herein in the approximate amount of \$29,813.28; and A.C.E. Fabrication of Basta, CA. for the bid items set forth herein in the approximate amount of \$3,627.72.

BE IT FURTHER RESOLVED that the Purchasing Division is hereby authorized to issue purchase agreements for concrete boxes and covers and cast iron covers and frames to: Groeniger & Company of Modesto, CA. in the approximate annual amount of \$68,029.61; Kenko Utility Supply of Tracy, CA. in the approximate annual amount of \$29,813.28; and A.C.E. Fabrication of Basta, CA. in the approximate annual amount of \$3,627.72.

RESOLUTION NO. 2005-145**

**A RESOLUTION AWARDING A CONTRACT TO ROYSTON  
HANAMOTO ALLEY & ABEY FOR PROFESSIONAL  
LANDSCAPE ARCHITECTURAL SERVICES TO PREPARE A  
MASTER PLAN, DESIGN DEVELOPMENT REPORT AND  
CONSTRUCTION DOCUMENTS FOR CLAUS NEIGHBORHOOD  
PARK INCLUDING THE NECESSARY ADJACENT ROAD  
IMPROVEMENTS, FOR A COST NOT TO EXCEED \$142,500.00,  
AND AUTHORIZING THE ACTING CITY MANAGER TO  
EXECUTE THE CONTRACT.**

WHEREAS, the City of Modesto currently owns the approximately 7-acre Claus Neighborhood Park site on the northeast corner of Kodiak Drive and Litt Road, adjacent to the future Sylvan Union Elementary School Site on the corner of Kodiak Drive and Fine Avenue, and

WHEREAS, this is the third and final neighborhood park in the Village One Specific Plan Boundary to be designed, and

WHEREAS, development of this neighborhood park is expected to begin in summer of 2006, and in order to be prepared to begin construction on this schedule, the Master Plan, Design Development Report and Construction Documents must be completed by winter of 2005-2006, and

WHEREAS, on January 25, 2005, the Modesto City Council adopted a resolution approving an On-Call Landscape Architectural Service Provider List; staff has selected from that list, Royston, Hanamoto Alley & Abey (RHAA) to complete professional landscape architectural services for Claus Neighborhood Park including the necessary adjacent road improvements, and

WHEREAS, RHAA has agreed to provide the Master Plan, Design Development Report, and Construction Documents at a cost not to exceed \$142,500.00, and

WHEREAS, the Master Plan will be developed using community input through public meetings and workshops, and

WHEREAS, the Safety and Communities Committee met on February 28, 2005, and supported the recommendation to award a contract to Royston, Hanamoto Alley & Abey,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves awarding a contract to Royston Hanamoto Alley & Abey for professional landscape architectural services to prepare a Master Plan, Design Development Report and Construction Documents for Claus Neighborhood Park including the necessary adjacent road improvements, for a cost not to exceed \$142,500.00.

BE IT FURTHER RESOLVED that the Acting City Manager, or his designee, is hereby authorized to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-145A**

**A RESOLUTION AMENDING THE FY 04-05 CAPITAL IMPROVEMENT PROGRAM TO TRANSFER \$30,000.00 FROM THE CAPITAL FACILITIES FEE RESERVE 1350-800-800-8003 TO THE CLAUS NEIGHBORHOOD PARK ACCOUNT #1350-310-P402-6010, THUS FULLY FUNDING THE DEVELOPMENT OF A MASTER PLAN, DESIGN DEVELOPMENT REPORT, AND CONSTRUCTION DOCUMENTS FOR CLAUS NEIGHBORHOOD PARK INCLUDING THE NECESSARY ADJACENT ROAD IMPROVEMENTS.**

WHEREAS, the City of Modesto currently owns the approximately 7-acre Claus Neighborhood Park site on the northeast corner of Kodiak Drive and Litt Road, adjacent to the future Sylvan Union Elementary School Site on the corner of Kodiak Drive and Fine Avenue, and

WHEREAS, this is the third and final neighborhood park in the Village One Specific Plan Boundary to be designed, and

WHEREAS, development of this neighborhood park is expected to begin in summer of 2006, and in order to be prepared to begin construction on this schedule, the Master Plan, Design Development Report and Construction Documents must be completed by winter of 2005-2006, and

WHEREAS, by Resolution No. 2005-145, adopted on March 22, 2005, the City Council awarded a contract to Royston Hanamoto Alley & Abey for professional landscape architectural services to prepare a Master Plan, Design Development Report and Construction Documents for Claus Neighborhood Park including the necessary adjacent road improvements, for a cost not to exceed \$142,500.00, and

WHEREAS, City staff project management to complete the Master Plan, Design Development Report, Construction Documents and Environmental Findings is anticipated to be approximately \$23,500.00, and

WHEREAS, temporary fencing was installed around the park this past summer to discourage dumping of spoils on the park before it is developed, at a cost of \$17,000, and

WHEREAS, the total cost for the Design Development Report, Master Plan, Construction Documents, city staff project management, and temporary fencing is expected to be approximately \$183,000.00, and

WHEREAS, the Claus Neighborhood Park account #1350-310-P402 has funding of \$153,000.00 budgeted for the planning of this park from Parks Capital Facility Fees (CFF), and

WHEREAS, the additional \$30,000 in funding is available in the Parks CFF Reserve, Account #1350-800-8000-8003, and

WHEREAS, on February 28, 2005, the Safety and Communities Committee recommended amending the Capital Improvement Program to fully fund the development of a Master Plan, Design Development Report, and Construction Documents for Claus Neighborhood Park including the necessary adjacent road improvements,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby amends the FY 04-05 Capital Improvement Program to transfer \$30,000.00 from the Capital Facilities Fee Reserve Account# 1350-800-800-8003 to the Claus Neighborhood Park Account #1350-310-P402-6010, thus fully funding the development of a Master Plan, Design Development Report, and Construction

Documents for Claus Neighborhood Park including the necessary adjacent road improvements.

BE IT FURTHER RESOLVED that the Finance Director, or his designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-146**

**A RESOLUTION TERMINATING HARVEST OF HOPE AS A  
COMMUNITY BASED DEVELOPMENT ORGANIZATION  
(CBDO)**

WHEREAS, on April 23, 2002, by Resolution No. 2002-187, the City Council designated Harvest of Hope, a local non-profit organization, as a Community Based Development Organization (CBDO), and

WHEREAS, CBDO is a Department of Housing and Urban Development (HUD) designation for either for-profit or non-profit organizations that work under State or local law to engage in community development activities primarily within an identified geographic area of operation within the jurisdiction of the recipient, and

WHEREAS, additionally, the organization must have, as its primary purpose, the improvement of the physical, economic or social environment of its geographic area of operation by addressing one or more critical problems of the area, with particular attention to the needs of persons of low and moderate income, and

WHEREAS, on May 14, 2002, by Resolution No. 2003-249, as part of the 2002-2003 Annual Action Plan, the City Council approved the allocation of \$50,000 from Community Development Block Grant (CDBG) funds for CBDO activities, of which, \$15,000 was set aside to Harvest of Hope for CBDO activities, and

WHEREAS, specifically, Harvest of Hope committed to the following activities: hire a full-time coordinator for Volunteers Assisting Code Enforcement (VACE) program; establish a schedule for major events to occur during the year, especially training of VACE volunteers; and establish a database to track program efforts, and,

WHEREAS, based on the contract agreement with Harvest of Hope, in June 2003, the City of Modesto advanced \$6,000 to Harvest of Hope to cover start-up costs for their CBDO efforts, and

WHEREAS, Harvest of Hope was to turn in receipts for \$6,000 to justify the costs and trigger further financial reimbursement, and

WHEREAS, in subsequent months, staff tried to contact Harvest of Hope to follow up on the progress of this project, but was unable to reach them, and

WHEREAS, staff then sent two letters attempting to collect receipts, funds, and gather information about the status of Harvest of Hope, but was unsuccessful, and

WHEREAS, on May 25, 2004, City of Modesto staff received an e-mail from Peter Gardner, Executive Board of Harvest of Hope, stating:

*“ Due to a lack of funding and circumstances beyond our control, Harvest of Hope will be inactive for the near future. The executive board will be revisiting its Mission, rethinking its Goals, and reorganizing for the challenges that the future holds.*

*During this time, we are still seeking funding and accepting cash donations. Besides funding, we would gratefully accept encouragement and constructive advise. We regret this situation for all concerned.”*

and,

WHEREAS, in the months following the e-mail; staff met and worked with members from the Harvest of Hope organization to better understand the status of the organization as well as the \$6,000 the City had advance the organization, and

WHEREAS, at this point, it appears that Harvest of Hope will not be reforming or becoming active in the near future, nor will it have the ability due to several tax issues, to re-pay the City of Modesto the \$6,000 or produce receipts for the items purchased, and

WHEREAS, based on the Community Development Block Grant (CDBG) regulations, and Harvest of Hope's inability to meet the HUD definition of a CBDO, staff is recommending terminating this organization's CBDO status, and

WHEREAS, the Community Development Committee (CH&CDC) met on February 25, 2005, and accepted staff's recommendations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby terminates Harvest of Hope as a Community Based Development Organization (CBDO).

BE IT FURTHER RESOLVED that staff is authorized to send a letter to Harvest of Hope with the Council's resolution, and to notify the Department of Housing and Urban Development (HUD) to remove Harvest of Hope's CBDO status.

BE IT FURTHER RESOLVED that staff is directed to work with the Department of Housing and Urban Development (HUD) to close out this activity.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-147**

**A RESOLUTION OPPOSING THE “ELIMINATION OF COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDING” IN PRESIDENT’S 2006 BUDGET PROPOSAL AND DIRECTING STAFF TO SEND LETTERS OF OPPOSITION TO THE APPROPRIATE LEGISLATIVE COMMITTEES.**

WHEREAS, in early January 2005, President Bush released his budget proposal for fiscal year 2006, and

WHEREAS, the 2006 budget covers many different funding proposals, of particular concern for the City of Modesto is the reduction and realignment of the Community Development Block Grant (CDBG) program, and

WHEREAS, while details regarding the 2006 budget proposal are still under study, it appears that the CDBG program will not be included in the Department of Housing and Urban Development (HUD) budget, and

WHEREAS, according to the 2006 HUD budget request, the CDBG Program (\$4.853 billion) will either be eliminated completely or transferred into a program within the Department of Commerce, and

WHEREAS, in researching the 2006 budget proposal, HUD’s focus seems to narrow to a variety of housing and homelessness programs, and

WHEREAS, the HOME program, as well as the “Homeless Assistance Grants,” which are funded through Continuum of Care models, and Emergency Shelter Grants, will receive funding increases, and additionally, the American Dream Down Payment Initiative (ADDI) and other mortgage programs will receive additional funds, and

WHEREAS, according to HUD website, the President’s budget “proposes a new program within the Department of Commerce to support communities efforts to meet the goals of improving their economies and their quality of Life. This initiative will

consolidate programs such as Community Development Block Grants into a more targeted, unified program that set accountability standard in exchange for flexible use of the funds,” and

WHEREAS, the Department of Commerce website describes a new program entitled the “Strengthening America’s Communities Grant Program”, and

WHEREAS, this program is a major change in the area of economic development, specifically within the Economic Development Administration (EDA), and

WHEREAS, the new “Strengthening America’s Communities Grant Program” serves to replace duplicative federal economic and community development programs with a more consolidated approach that provides for greater flexibility, accountability and targeting than any of the current approaches, and

WHEREAS, the FY 2006 budget request for the new Strengthening America’s Communities Grant Program is \$3.71 billion, and

WHEREAS, currently the following organizations are opposing this section of the President’s proposed budget: National League of Cities, National Association of Counties, National Community Development Association, The United States Conference of Mayors, National Association of Housing and Redevelopment Officials and National Association for County Community and Economic Development, and

WHEREAS, the Community Development Block Grant (CDBG) is an important tool for improving the lives of low-income residents, and

WHEREAS, if the President’s budget proposal passed unchanged by Congress, the end result appears to be at least a \$2 million loss in funding per year to the City of Modesto from HUD, and

WHEREAS, beside the lack of on-going activities for the low-income residents of Modesto, the City of Modesto is obligated to make payments to the Section 108 Loan at \$361,000 per year ending in FY 2024-2025 from its General Fund, in the event the CDBG funds are eliminated,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby opposes the “Elimination of Community Development Block Grant (CDBG) funding” in President’s 2006 Budget Proposal.

BE IT FURTHER RESOLVED that the Council hereby authorizes staff to send letters of opposition to the “Elimination of Community Development Block Grant (CDBG) funding” to the respective legislative committees.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

MODESTO CITY SCHOOLS CHILD DEVELOPMENT  
PROGRAM OFFICE FOR USE OF AMPLIFIED MUSIC AT  
MANCINI BOWL FOR A CHILDREN'S CONCERT TO BE HELD  
ON MAY 12, 2005.**

WHEREAS, staff from the Parks, Recreation and Neighborhoods Department has received a letter from Modesto City Schools, requesting use of amplified music at Mancini Bowl on Thursday, May 12, 2005, for a children's concert, and

WHEREAS, City Council policy No. 6-007 prohibits the use of amplified music in public without City Council approval, and

WHEREAS, the Safety and Communities Committee at its February 28, 2005, meeting recommended that the City Council permit the use of amplified music for a children's concert at Mancini Bowl on May 12, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the request from the Modesto City Schools for the use of amplified music at Mancini Bowl for a children's concert on May 12, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-149**

**A RESOLUTION APPROVING SUBMITTAL OF AN APPLICATION TO THE  
STATE OF CALIFORNIA DEPARTMENT OF HOUSING AND COMMUNITY  
DEVELOPMENT FOR FUNDING UNDER THE WORKFORCE HOUSING  
REWARD PROGRAM AND AUTHORIZING THE ACTING CITY MANAGER  
TO EXECUTE THE APPLICATION.**

WHEREAS, the State of California Department of Housing and Community Development (HCD) released a Notice of Funding Availability (NOFA) for a program entitled "Workforce Housing Incentive Grant Program" (WFH Program); this is an innovative new program designed to encourage cities and counties to approve new residential housing affordable to lower income households, and

WHEREAS, the WFH Program, funded through the passage of Proposition 46 (Chapter 482, Statutes of 2002), provides grant funds to eligible local governments for every qualifying unit permitted during calendar year 2004; grant awards can be used to fund any capital asset project, such as transportation or park improvements; total fund available for this program is \$23 million, and

WHEREAS, in order to qualify for the funding, the City of Modesto must meet the following requirements:

- Housing Element adopted and in compliance by HCD by December 31, 2004
- Submittal of the 2003 Annual Progress Report to HCD by December 31, 2004
- Final land use approvals and building permits for affordable units issued on or after January 1, 2004 through December 31, 2004

and,

WHEREAS, the City has met these requirements through the leadership of the Community and Economic Department; the funding amount is based on the number of final land use and or building permits that were issued in 2004 for affordable housing

units; these units must meet the federal guidelines for affordability and have an affordability covenant placed on the property, and

WHEREAS, currently, according to staff research, the apartment complex under construction by STANCO at 3333 Carver is the only project that meets this criterion; these units were issued a building permit on April 27, 2004, and

WHEREAS, based on the number of units, the City of Modesto will be eligible to receive \$58,000; additionally, because the City of Modesto received funding through this program last year, we will be awarded additional bonus funding in the amount of \$18,000; in total, the City is eligible for \$76,000 from this funding source, and

WHEREAS, the City of Modesto, Parks, Recreation and Neighborhood Department wishes to submit an application for this funding source to help finance the Neighborhood Center at Marshall Park,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby:

1. Authorizes the execution of a standard agreement and any amendments thereto, and any other documents necessary to secure a Workforce Housing Reward Grant from the State of California Department of Housing and Community Development (HCD), and
2. Agrees that, if the application is approved, the City of Modesto shall be subject to the terms and conditions as specified in the standard agreement (Contract); funds are to be used for allowable capital asset project expenditures to be identified in Attachment A of the Contract; the application in full is incorporated as part of the Contract and any and all activities funded, information provided, and timelines represented in the application are enforceable through the Contract, and

3. Agrees that the City of Modesto will use the funds for eligible capital asset(s) in the manner presented in the application as approved by the HCD and in accordance with the Notice of Funding Availability (NOFA) and Program Guidelines and Application Package, and
4. Approves the execution of any and all instruments required by the HCD for participation in the Workforce Housing Incentive Grant Program (WFH Program), and
5. Authorizes and appoints the Acting City Manager, or his designee, as agent of the City to submit and execute the application, the Standard Agreement, and all other documents, required by the Department, for participation in the Workforce Housing Incentive Grant Program (WFH Program), and any amendments thereto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-150**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO.**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the Acting City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classification:

1. Streets Superintendent

Said classification is being created to reflect a recent staffing change in the Public Works Department. The job specification for the classification of Streets Superintendent is shown on the attached Exhibit "A", which is hereby made a part of this resolution by reference, is hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. CLASSIFICATION AMENDED. The Position Classification Plan of the City of Modesto is hereby amended to revise the job specifications for the following classifications:

1. Wastewater Collections Superintendent
2. Public Information Technician

Said classifications are being amended to update the essential functions and experience and training guidelines to more accurately reflect the requirements of these classifications.

SECTION 3. CLASSIFICATIONS DELETED. The Position Classification Plan of the City of Modesto is hereby amended to delete the following classification:

1. Streets Engineer

Said classification is no longer being used.

SECTION 4. EFFECTIVE DATE. This resolution shall become effective on and after March 22, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

## STREETS SUPERINTENDENT

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To manage, direct and coordinate the activities of the Streets Division in the Public Works Department including street maintenance and repair and graffiti abatement; to coordinate street maintenance activities with other divisions and departments; to prepare operating and capital budgets; and to provide highly complex staff assistance to the Public Works Director.

### SUPERVISION RECEIVED AND EXERCISED

Receives general direction from a Deputy Director of Public Works.

Exercises direct supervision over other management, technical, maintenance, and clerical staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Manage, direct and organize a program of street maintenance activities including asphalt and concrete maintenance, pavement markings, traffic signs, and graffiti abatement.

Direct, oversee and participate in the development of the division strategic plan; assign work activities, projects and programs; monitor work flow; implement policies and procedures; review and evaluate work products, methods and procedures.

Prepare the division's budget; participate in the forecast of additional funds needed for staffing, equipment, materials, and supplies; administer the approved budget.

Participate in recommending the appointment of personnel; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures; review and recommend employee terminations, as needed.

Essential Functions: (Continued)

Review capital improvement plans related to the assigned services and provide input regarding future maintenance activities.

Receive, investigate, and respond to citizen requests, suggestions and complaints.

Check street and related facilities and equipment for needed maintenance and repairs.

Inspect work sites before, during and after completion to assure such is completed in a satisfactory and thorough manner; inspect work sites, equipment and tools for compliance with safety standards; inspect and approve work done by outside contractors.

Attend weekly safety meetings; ensure the adherence to safe work practices by street maintenance personnel.

Prepare various reports and direct special projects as required.

Supervise, train and evaluate assigned staff.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Materials, methods, practices and equipment used in asphalt and concrete maintenance and repair activities, as well as refuse collection.

Types and level of maintenance and repair activities generally performed in a street maintenance and repair program.

Occupational hazards and standard safety precautions necessary in the work.

Principles and practices of supervision, training and personnel management.

Knowledge of: (Continued)

Budgeting procedures and techniques.

Record keeping and reporting procedures.

Safe work practices.

Ability to:

Organize, direct and implement a comprehensive street and sidewalk maintenance program.

Conduct studies, prepare comprehensive reports and determine cost effective ways for conducting the assigned maintenance activities.

Supervise, train and evaluate assigned staff.

Prepare and administer a budget.

Interpret and apply Federal, State and local policies, procedures, laws and regulations.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

Communicate clearly and concisely, both orally and in writing.

Review new and innovative technology and evaluate cost benefit and effectiveness.

Respond to changing work environment through continuous evaluation of work processes and procedures.

Provide a participative management style while encouraging and motivating staff to a goal of team performance.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of increasingly responsible experience, performing street and concrete maintenance work, street sweeping and refuse collection, including three years of supervisory or lead responsibility.

Training:

Equivalent to a Bachelor of Arts degree from an accredited college with major course work in civil engineering, construction technology, business administration or a related field.

License or Certificate

Possession of, or ability to obtain, an appropriate, valid California driver's license.

WORKING CONDITIONS

Environmental Conditions:

Office and field environment.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting for prolonged periods of time and travel from site to site.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-151**

**A RESOLUTION AMENDING EXHIBIT "A" OF RESOLUTION NO. 2003-178 (MODESTO CONFIDENTIAL AND MANAGEMENT ASSOCIATION MEMORANDUM OF UNDERSTANDING) TO AMEND THE CLASS RANGE TABLE FOR REPRESENTED MANAGEMENT AND CONFIDENTIAL NON-SWORN CLASSES TO CREATE THE CLASSIFICATION OF STREETS SUPERINTENDENT AT SALARY RANGE 441 (\$5565-\$6781) AND TO DELETE THE CLASSIFICATION OF STREETS ENGINEER FROM THE CLASS RANGE TABLE.**

WHEREAS, the City Council desires to amend Exhibit "A" of Resolution No. 2003-178 (MCMA Memorandum Of Understanding),

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION I. AMENDMENT TO RESOLUTION NO. 2003-178. (MCMA Memorandum of Understanding), Resolution No. 2003-178 Effective April 8, 2003, is hereby amended as shown on the amended Exhibit "A" entitled "City of Modesto Class Range Table Represented Management and Confidential Non-Sworn Classes Effective September 7, 2004, which is attached hereto and made a part hereof as though set forth in full herein. Said amended Exhibit "A" establishes the salary range for Streets Superintendent at Range 441 and deletes the Streets Engineer from the Class Range Table.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after March 22, 2005.

The foregoing resolution was introduced in a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-152**

**A RESOLUTION ORDERING THE CITY ENGINEER TO PREPARE AND FILE  
AN ANNUAL REPORT FOR LANDSCAPE MAINTENANCE ASSESSMENT  
DISTRICT NO. 1 FOR DRY CREEK MEADOWS SUBDIVISIONS NOS. 1-6.**

WHEREAS, Resolution No. 88-935 adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6.

WHEREAS, said assessment district was formed in accordance with the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22622 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution which shall generally describe any proposed new improvements or any substantial changes in existing improvements and order the City Engineer to prepare and to file a report accordingly,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that there being no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6, the City Engineer, the person designated by this Council as the Engineer of Work for Assessment District No. 1, is hereby directed to prepare and file an annual report in accordance with the provisions of the Landscaping and Lighting Act of 1972, as amended, (Streets and Highways Code Sections 22500 through 22679).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-159**

**A RESOLUTION AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$43 MILLION PRINCIPAL AMOUNT OF WASTEWATER REVENUE REFUNDING BONDS, SERIES 2005A AND 2005B (TAXABLE), AUTHORIZING AND DIRECTING EXECUTION OF A WASTEWATER REVENUE BOND INDENTURE AND A FIRST AND SECOND SUPPLEMENT THERETO, APPROVING A CONTRACT OF PURCHASE, ESCROW AGREEMENTS, AN OFFICIAL STATEMENT AND A CONTINUING DISCLOSURE AGREEMENT AND AUTHORIZING OTHER OFFICIAL ACTION**

WHEREAS, pursuant to the City of Modesto Wastewater Treatment Facilities Revenue Bond Law, constituting Chapter 6 of Title VIII of the Modesto Municipal Code (the "Bond Law"), the City of Modesto, California (the "City") is authorized to issue revenue bonds to provide funds to finance the costs of the acquisition, construction, improvement, furnishing, equipping, remodeling, repair, reconstruction or rehabilitation of the wastewater treatment facilities of the City (the "Enterprise") or for the purpose of refunding bonds issued for such purposes; and

WHEREAS, in accordance with the Bond Law and an Indenture of Trust, dated as of December 1, 1987 (the "Prior Indenture"), the City previously issued its Wastewater Treatment Facility Refunding Bonds, Series 1987, in an aggregate principal amount of to provide funds to advance refund certain outstanding wastewater revenue bonds; and

WHEREAS, in accordance with the Bond Law and the Prior Indenture, as amended and supplemented by a First Supplemental Indenture, dated as of September 1, 1993, the City previously issued its Wastewater Revenue Bonds, Series 1993 (the "Series 1993 Bonds"), in an aggregate principal amount of \$8,555,000 to finance the acquisition and construction of improvements to the Enterprise; and

WHEREAS, in accordance with the Bond Law and the Prior Indenture, as amended and supplemented, including as amended and supplemented by a Second Supplemental Indenture, dated as of August 1, 1996, the City previously issued its Wastewater Treatment Facility Refunding Revenue Bonds, Series 1996, in an aggregate principal amount of \$8,695,000 to provide funds to current refund the 1987 Bonds, and

WHEREAS, in accordance with the Bond Law and the Prior Indenture, as amended and supplemented, including as amended and supplemented by a Third Supplemental Indenture, dated as of April 1, 1997 (the "Third Supplemental Indenture"), the City has previously issued its Wastewater Treatment Facility Revenue Bonds, Series 1997 (the "Series 1997 Bonds") in an aggregate principal amount of \$32,400,000 to finance the acquisition and construction of improvements to the Enterprise; and

WHEREAS, the City, after due investigation and deliberation, has determined that it is in the interests of the City at this time to issue its Wastewater Revenue Refunding Bonds, Series 2005A (the "Series 2005A Bonds") and its Wastewater Revenue Refunding Bonds, Series 2005B (Taxable) (the "Series 2005B Bonds" and collectively with the Series 2005A Bonds, the "Series 2005 Bonds"), in an aggregate principal amount not to exceed \$43 million under the Bond Law to provide funds to current refund the outstanding Series 1993 Bonds and to advance refund the outstanding Series 1996 Bonds and Series 1997 Bonds; and

WHEREAS, the 2005 Bonds are proposed to be issued pursuant to the Wastewater Revenue Bond Indenture as supplemented by the First Supplemental Wastewater Revenue Bond Indenture and the Second Supplemental Wastewater Revenue Bond Indenture described below; and

WHEREAS, the 2005 Bonds are proposed to be sold to Banc of America Securities LLC (the “Underwriter”) pursuant to the Contract of Purchase described below; and

WHEREAS, it is proposed that the City execute and deliver the Escrow Agreements described below to provide for the refunding of the outstanding Series 1993 Bonds, Series 1996 Bonds and Series 1997 Bonds; and

WHEREAS, it is proposed that the City execute and deliver the Continuing Disclosure Agreement described below to allow the Underwriter to comply with Rule 15c2-12(b)(5) of the Securities Exchange Act of 1934; and

WHEREAS, all acts, conditions and things required by the Bond Law and the laws of the State of California to exist, to have happened and to have been performed precedent to and in connection with the sale and issuance of the Series 2005 Bonds authorized hereby do exist, have happened and have been performed in regular and due time, form and manner required by law, and the City is now duly authorized and empowered, pursuant to each and every requirement of law, to issue and sell the Series 2005 Bonds for the purpose, in the manner and upon the terms herein provided;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto as follows:

The City Council hereby authorizes the issuance of its Wastewater Revenue Refunding Bonds, Series 2005 in an aggregate principal amount not to exceed \$43 million.

The City Council hereby approves the form of the Wastewater Revenue Bond Indenture (the “Master Indenture”), the First Supplemental Wastewater Revenue Bond

Indenture (the “First Supplement”) and the Second Supplemental Wastewater Revenue Bond Indenture (the “Second Supplement” and collectively with the Master Indenture and the First Supplement, the “Indenture”), each dated as of April 1, 2005, each by and between the City and U.S. Bank National Association (the “Trustee”) in substantially the forms on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Sidley Austin Brown & Wood LLP, Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer’s approval of any such additions and changes. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized and directed to execute, and the City Clerk is authorized and directed to attest to said signature on, the final forms of the Master Indenture, the First Supplement and the Second Supplement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Master Indenture, the First Supplement and the Second Supplement.

The proposed form of the Series 2005A Bonds as set forth in the First Supplement, and the proposed form of the Series 2005B Bonds as set forth in the Second Supplement, are hereby approved and the Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is hereby authorized and directed to execute for and on behalf of the City the Series 2005 Bonds in substantially such forms and the City Clerk is authorized and directed to attest to said signature on the Series 2005 Bonds, and the Trustee is hereby authorized and directed to authenticate and deliver the Series 2005 Bonds to the

Underwriter in accordance with the Indenture and the Contract of Purchase approved herein, subject to the limitations set forth in Section 3 hereof.

The City Council hereby approves the form of the Contract of Purchase (the “Contract of Purchase”) by and between the City and the Underwriter in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer’s approval of any such additions and changes; provided, however, that the Underwriter’s discount shall not exceed 0.75% of the principal amount of the Series 2005 Bonds, the true interest cost of the Series 2005 Bonds shall not exceed 5.0% per annum, the net present value savings to be derived from the refunding of the Series 1993 Bonds, the Series 1996 Bonds and the Series 1997 Bonds shall be not less than 3.0% of the refunded bonds, and the final maturity of the Series 2005 Bonds shall be not later than November 1, 2022. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized and directed to execute the final form of the Contract of Purchase for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Contract of Purchase.

The City Council hereby approves the form of each of the Escrow Agreements relating to the defeasance of the Series 1993 Bonds, the Series 1996 Bonds and the Series 1997 Bonds, respectively (collectively, the “Escrow Agreements”) by and between the City and the Trustee in substantially the forms on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond

Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer's approval of any such additions and changes.

The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized and directed to execute the final forms of the Escrow Agreements for and in the name and on behalf of the City.

The City hereby authorizes the delivery and performance of the Escrow Agreements.

The City Council hereby approves the form of the Continuing Disclosure Agreement (the "Continuing Disclosure Agreement") by and between the City and the Trustee in substantially the form on file with the City Clerk together with any additions thereto or changes therein deemed necessary or advisable by Bond Counsel, or by the authorized officer executing the same, whose execution thereof shall be conclusive evidence of such officer's approval of any such additions and changes. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized and directed to execute the final form of the Continuing Disclosure Agreement for and in the name and on behalf of the City. The City hereby authorizes the delivery and performance of the Continuing Disclosure Agreement.

The City Council hereby approves the form of preliminary official statement of the City relating to the Series 2005 Bonds (the "Preliminary Official Statement") in substantially the form submitted to this City Council. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized to certify that the Preliminary Official Statement, with such changes therein as the officer so certifying shall approve after consultation with

Bond Counsel, is as of its date “deemed final” for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance is authorized and directed to execute for and on behalf of the City a final official statement, in substantially the form of the Preliminary Official Statement, with such changes therein (and additions thereto to reflect the terms of the sale of the Series 2005 Bonds) as the Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance shall approve after consultation with Bond Counsel, such approval to be evidenced by the execution and delivery thereof. The Underwriter is authorized to distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Series 2005 Bonds, and the Underwriter is directed to deliver copies of any final official statement to all actual purchasers of the Series 2005 Bonds.

All actions heretofore taken by the officers and agents of the City with respect to the issuance of the Series 2005 Bonds are hereby approved, confirmed and ratified. The Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance Director or the Deputy Director of Finance, the City Clerk, the City Attorney and any and all other officers of the City are hereby authorized and directed, for and in the name and on behalf of the City, to do any and all things and take any and all actions, necessary to effectuate the purposes of this Resolution, including the negotiating and obtaining of a municipal bond insurance policy, debt service reserve surety bond or investment agreement for any funds and accounts held under the Indenture if the Mayor, the City Manager, the Acting City Manager, the Finance Director, the Acting Finance

Director or the Deputy Director of Finance, upon the advice of Public Financial Management, Inc., Financial Advisor, determine that such policy, bond or agreement will result in debt service savings or will otherwise be financially advantageous to the City, and the execution and delivery of any and all assignments, certificates, requisitions, agreements, notices, consents, instruments of conveyance, warrants and other documents, which they, or any of them, may deem necessary or advisable in order to consummate the lawful issuance, sale and delivery of the Series 2005 Bonds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March 2005, by Councilmember Jackman who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the Resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-160**

**A RESOLUTION DESIGNATING THE PROPERTY AT 215 ELMWOOD  
COURT AS A MODESTO LANDMARK PRESERVATION SITE (OWNERS:  
ROBERT AND DENISE DRAIZEN)**

WHEREAS, Chapter 10 of Title 9 of the Modesto Municipal Code establishes Landmark Preservation Site status as a way to recognize, preserve, enhance and perpetuate significant landmarks in the community, and

WHEREAS, a public hearing was held on January 24, 2005 at the McHenry Museum, 1402 I Street, Modesto, California, in which the Landmark Preservation Commission found and recommended by Resolution No. 2005-1, that the property at 215 Elmwood Court is eligible for designation as a Landmark Preservation Site for the following reasons:

- (1) The location and setting is compatible with future preservation and use.
- (2) The physical condition is such that preservation maintenance or adaptive use is economically feasible.
- (3) The distinguishing characteristics of significance are for the most part original and intact or capable of restoration.
- (4) The existing or proposed use is compatible with the preservation and maintenance of the site

and

WHEREAS, the Safety and Communities Committee met on February 28, 2005 and supported the Landmark Preservation Commission recommendation, and

WHEREAS, after a public hearing held on March 22, 2005, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, the Council found and determined that the property at 215 Elmwood Court is eligible for designation as a Landmark Preservation Site for reasons set forth by the Landmark Preservation Commission,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the property located at 215 Elmwood Court is more particularly described in Exhibit "A" attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that the property at 215 Elmwood Court has historical significance for the following reason:

This 1933 Mediterranean-style house was originally owned by Dr. J.C. Robertson, founder of Robertson Hospital, one of the three private hospitals located in Modesto until after World War II. Dr. J.C. Robertson formerly lived at 1002 12<sup>th</sup> Street in Modesto around the corner from the hospital that bore the family name. By 1930 the hospital expanded to include the Robertson home. In 1933 Dr. Robertson built the house at 215 Elmwood Court to accommodate his family. His son, Dr. Donald Robertson, kept the hospital until 1950 when it was closed and sold to banking interests. In 1920, Dr. J.C. Robertson and a group of professional and business people purchased the Modesto Herald Newspaper, known at the time as the "official paper of the City of Modesto". The Robertson's contributed tremendously to the medical community of Modesto and Stanislaus County.

BE IT FURTHER RESOLVED that the property at 215 Elmwood Court has architectural significance as a Mediterranean-style house from the 1930's and is hereby designated a Landmark Preservation Site for the following reason:

Architectural significance-Possessing distinctive characteristics of a style, place, period, method or materials or construction, builder or architect.

Built in 1933, this two-story, Mediterranean-style stuccoed house has a red tile roof with heavy exposed rafters. A medium pitched gable forms an open porch over the side facing entrance, which is a wood-paneled door. A square stuccoed post at the front corner supports the porch. A low-hipped tile roof caps the front two-story portion of the building. A wrought iron balcony is located on the second floor facing the street. Multi-paned casement windows are located on the first floor of the structure and an exterior chimney projects from the gabled one-story section of the house. The opening of the Panama Canal in 1914 and the San Diego Panama Pacific Exposition in 1915 inspired a variety of Mediterranean styles between 1915 and 1940.

BE IT FURTHER RESOLVED that pursuant to Section 9-10.104(e)(1) of the Modesto Municipal Code, the City Clerk shall record a copy of this resolution with the County Recorder's Office of Stanislaus County.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22<sup>nd</sup> day of March, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-161**

**A RESOLUTION APPROVING THE CHANGES TO THE SPRING  
AND SUMMER PARK PROGRAMS, AND APPROVING LIFTING  
THE “HIRING CHILL” TO ALLOW THE PARKS, RECREATION  
AND NEIGHBORHOODS DEPARTMENT TO HIRE PART-TIME  
RECREATION STAFF FOR THE “REVISED” SPRING AND  
SUMMER PARK PROGRAMS.**

WHEREAS, in prior years, the Parks, Recreation and Neighborhoods Department (PR&N) operated Spring, Summer, and Fall Park Programs; these programs operated for 30 weeks from approximately mid-February to mid-November at park sites throughout the City, and

WHEREAS, due to several years of budget reductions, the program originally planned for this upcoming park season has been reduced to a seven-week Spring Program, scheduled from April 25 to June 10, and a nine-week Summer Program scheduled from June 13 to August 19, 2005; during the spring, the program was planned for 11 park sites throughout the City, and the summer program offered at 19 sites, and

WHEREAS, generally, the park sites are staffed with two Recreation Leaders, except Graceada Park, which requires three to four leaders, due to the large daily attendance; both the Spring and Summer programs are funded from the General Fund and include daily youth development activities such as arts and crafts, physical fitness, games, and swimming; the activities also include traveling programs, which features special park visitors, such as the First Tee Program, MJC Great Valley Museum, Bungee Run, Stonehenge Climbing Wall, HART traveling art, Cooking with Christa, Python Ron, and the Pinewood Derby, and

WHEREAS, on February 8, 2005, by Resolution No. 2005-94, the City Council adopted several provisions to help slow spending in the current fiscal year; one of these adopted actions was “implementation of a hiring “chill” for both full and part-time staff for any position with General Fund impact with the exceptions for mission-critical positions only,” and

WHEREAS, in order to staff appropriately for the upcoming Park Programs, the Parks, Recreation and Neighborhoods Department needs to hire a total of 56 Recreation Leaders (28 leaders for the Spring Program and an additional 28 for the Summer Program); the 28 Recreation Leaders for the Spring Program will need to be hired by April 1 in order to be processed and to receive the proper certifications and basic job training; shortly thereafter, the Department will need to hire an additional 28 Recreation Leaders for the Summer Program, and

WHEREAS, on February 23, 2005, the Finance Committee considered the topic of the hiring chill as it relates to the Spring and Summer Park Programs, due to the looming timeline regarding hiring of staff for these programs, and

WHEREAS, after significant discussion, the Finance Committee recommended that PR&N reduce the costs of the Spring and Summer Park Programs by \$80,000 to \$100,000; the proposed program reduction recommendations were to go directly to City Council, rather than return to the Finance Committee, due to the timeliness of the issue, and

WHEREAS, after review, the PR&N is recommending the following program reductions in order to meet current and future budget target figures:

Spring 2005: PR&N is recommending closing all park sites, except for Graceada Park which will be open on Fridays, Saturdays and Sundays only through the spring season (April 25 to June 10); the closure of 10 park sites programs resulting in savings of \$47,000;

Summer 2005-2006: PR&N is recommending closing six of the existing 19 park sites; there will be no staffed park program at these six sites and the wading pools at these parks will be permanently closed and the areas re-landscaped; this recommendation would save approximately \$88,800; however, PR&N is recommending \$58,800 of this saving be used to install a “spray-ground” at Mellis Park and add a staffed recreation program at Orville Wright Park; in total, 14 playground sites will operate during the 2005-2006 summer season, and the net savings for the Summer Park Program will be \$30,000;

Spring 2006: PR&N is recommending following the Spring 2005 schedule and closing all park sites, except for Graceada Park which will be open on Fridays, Saturdays and Sundays only through the spring season; this would result in savings of \$47,000; and

WHEREAS, all the above recommendations will result in the following savings:

Spring 2005:	\$47,000
Summer 2005-2006:	\$30,000
Spring 2006:	\$47,000

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the changes to the Spring and Summer Park Programs

recommended by the Parks, Recreation and Neighborhoods Department, as more fully set forth herein.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves lifting the "hiring chill" and authorizes the Parks, Recreation and Neighborhoods Department to hire 56 part-time Recreation staff, 28 Recreation Leaders each for the "revised" Spring and the "revised" Summer Park Programs as more fully set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 22nd day of March, 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION APPOINTING KEITH BOGGS TO  
THE PUBLIC EVENTS COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, Councilmember Keating recommended the appointment of KEITH BOGGS to serve on the Public Events Commission to fill the vacancy created by the resignation of DANA PLUMMER.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. KEITH BOGGS is hereby appointed to serve on the Public Events Commission to fill the vacancy created by the resignation of DANA PLUMMER.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed member of the Public Events Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of April, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

ADOPTING AN AMENDED CONFLICT OF INTEREST CODE FOR THE  
PARKS, RECREATION & NEIGHBORHOODS DEPARTMENT OF THE CITY  
OF MODESTO AND RESCINDING RESOLUTION NO. 2004-478**

WHEREAS, pursuant to Government Code Section 87300, every local agency must adopt a conflict of interest code, and

WHEREAS, the City Clerk is authorized to maintain a current list of the City agencies/departments which have adopted conflict of interest codes, and

WHEREAS, pursuant to Government Code Section 82011, this Council is the code reviewing body for agencies of the City of Modesto, and

WHEREAS, the Council, at its meeting of April 5, 2005 considered the adoption of amended conflict of interest codes for various City departments, including the Parks, Recreation & Neighborhoods Department.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby adopts an amended Conflict of Interest Code for the Parks, Recreation & Neighborhoods Department of the City of Modesto as submitted, a copy of which Code is attached hereto.

BE IT FURTHER RESOLVED that Resolution No. 2004-478 adopted by the Council is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of April 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman was upon roll call carried and the resolution adopted by the following vote:

**CONFLICT OF INTEREST CODE  
OF THE  
PARKS, RECREATION AND NEIGHBORHOODS DEPARTMENT  
OF THE CITY OF MODESTO**

The Political Reform Act (Government Code Section 8100, et seq.) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. 18730) which contains the terms of a standard conflict of interest code. After public notice and hearing it may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act. Therefore, the terms of 2 California Code of Regulations Section 18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference. This regulation and the attached Appendix designating officials and employees and establishing disclosure categories, shall constitute the conflict of interest code of the Parks, Recreation and Neighborhoods Department.

Designated employees shall file their statements with the Office of the City Clerk and Auditor which will make the statements available for public inspection and reproduction. (Gov. Code Section 81008). Statements for all designated employees will be retained by the Office of the City Clerk & Auditor.

Disclosure Categories

An investment, interest in real property, or income is reportable if the business entity in which the investment is held, the interest in real property, or the income, or source of income may foreseeably be affected materially by any decision made or participated in by the designated employee by virtue of the employee's position.

Group 1: Designated employees in this group shall report all business positions, all investments, interests in real property, income, loans or gifts from individuals or businesses - Schedules A, B, C, D, E and F - from all sources located in or doing business within the jurisdiction. (Real property shall be deemed to be "within the jurisdiction" if the property or any part of it is located within or not more than two miles outside the boundaries of the city or within two miles of any land owned or used by the City.)

Group 2: Designated employees in this group shall report all business positions, all investments, income, loans or gifts from individuals or businesses - Schedules A, C, D, E and F - from business entities located in or doing business within the jurisdiction which manufacture, sell or supply equipment, including but not limited to horticulture, construction, craft, office and safety supplies and/or equipment.

Group 3: A consultant is any person who under contract provides information, advice, recommendation or counsel to any agency. The head of the department which hires a consultant shall determine on a case-by-case basis the appropriate disclosure of economic interest which the consultant is required to file with the City Clerk on beginning and ending the job.

# EMPLOYMENT AGREEMENT

## Introduction

This agreement, made and entered into this 5th day of April, 2005, by and between the CITY OF MODESTO, a municipal corporation, (hereinafter called "Employer"), and GEORGE W. BRITTON (hereinafter called "Employee"), an individual who has the California education, training and experience in local government management and who, as a member of ICMA, is subject to the ICMA Code of Ethics, both of whom agree as follows:

## Section 1: Term

The term of this Agreement shall be for an initial period of two (2) years and approximately four (4) months from April 5, 2005, to July 1, 2007. This Agreement shall automatically be renewed on its anniversary date for a one (1) year term unless notice that the Agreement shall terminate is given at least four (4) months before the expiration date. In the event the Agreement is not renewed, all compensation, benefits and requirements of the Agreement shall remain in effect until the expiration of the term of the Agreement unless Employee voluntarily resigns.

## Section 2: Duties and Authority

Employer agrees to employ George W. Britton as City Manager to perform the functions and duties specified in the Modesto Charter and the California Government Code, and to perform other legally permissible and proper duties and functions.

## Section 3: Compensation

- A. Base Salary: Employer agrees to pay Employee an annual base salary of One Hundred Fifty Four Thousand Ten Dollars (\$154,010.00) payable in installments at the same time that the other employees of the Employer are paid.
- B. Consideration shall be given on an annual basis to increase compensation.

## Section 4: Disability and Life Insurance Benefits

- A. The Employer agrees to provide and to pay the premiums for health, hospitalization, surgical, vision, dental and comprehensive medical insurance for the Employee and his/her dependents equal to that which is provided to all other Management and Confidential employees of the City of Modesto or, in the event no such plan exists, to provide coverage for the Employee and dependents.
- B. The Employer agrees to put into force and to make required premium payments for long term disability coverage for the Employee.
- C. The Employee may elect to submit once per calendar year to a complete physical examination by the City medical provider or by the Employee's physician under the Employee's group insurance plan with City reimbursement for Employee's out-of-pocket costs.
- D. The Employer shall pay the amount of premium due for a term life insurance policy of \$120,000. The Employee shall name the beneficiary of the life insurance policy.

### **Section 5: Vacation, Sick, and Management/Executive Leave**

- A. The Employee shall then accrue sick and vacation leave on an annual basis at the highest rate provided to non-sworn management employees.
- B. The Employee is entitled to accrue all unused leave, without limit, and in the event the Employee's employment is terminated, either voluntarily or involuntarily, the Employee shall be compensated for all accrued vacation time, all paid holidays, management/executive leave, and other benefits to date.
- C. The Employee shall on January 1<sup>st</sup> of each calendar year be credited with eighty (80) hours of executive/management leave or the highest amount credited to any non-sworn management employee, whichever is greater.

### **Section 6: Automobile**

The Employer agrees to pay to the Employee, during the term of this Agreement and in addition to other salary and benefits herein provided, the sum of \$4,800.00 per year, payable in equal monthly installments, as a vehicle allowance to be used to purchase, lease, or own, operate and maintain a vehicle. The Employee shall be responsible for paying for liability, property damage, and comprehensive insurance coverage upon such vehicle and shall further be responsible for all expenses attendant to the purchase, operation, maintenance, repair, and regular replacement of said vehicle. The Employer shall reimburse the Employee at the IRS standard mileage rate for any business use of the vehicle beyond the greater Modesto area. For purposes of this Section, use of the car within the greater Modesto area is defined as travel to locations within a 75-mile radius of the Modesto City Hall.

### **Section 7: Retirement**

- A. The Employer agrees to enroll the Employee into the California Public Employees Retirement System (PERS). Employer shall pay 6.6% and Employee shall pay 0.40% of the total 7% "Employee's share," and Employer shall pay 100% of "Employer's share" on behalf of the Employee.
- B. In addition to the Employer's payment to the state retirement system (as applicable) referenced above, Employer agrees to execute all necessary agreements provided by ICMA Retirement Corporation (ICMA-RC) or other Section 457 deferred compensation plan for Employee's continued participation in said supplementary retirement plan and, in addition to the base salary paid by the Employer to Employee, Employer agrees to pay an amount equal to one and one-half percent (1.5%) of Employee's base salary, or greater, into the designated plan on the Employee's behalf, in equal proportionate amounts each pay period. The parties shall fully disclose to each other the financial impact of any amendment to the terms of Employee's retirement benefit.
- C. The Employer shall adopt a qualified 401(a) defined contribution plan offered through ICMA Retirement Corporation for the Employee in the form of a money purchase plan to which the Employer shall contribute four (4%) of salary. Employee shall match the Employer's contribution.

### **Section 8: General Business Expenses**

- A. In its discretion, Employer shall budget for and pay travel and subsistence expenses of Employee for professional and official travel, meetings, courses, institutes and seminars to continue his professional development and to adequately pursue necessary official and other functions on behalf of the Employer, including but not limited to the annual conference of the League of California Cities.
- B. The Employer acknowledges the value of having Employee, in its discretion, participate and be directly involved in local civic clubs or organizations. Accordingly, Employer shall pay for the reasonable membership fees and/or dues to enable the Employee to become an active member in local civic clubs or organizations.

### **Section 9: Termination**

For the purpose of this Agreement, termination shall occur when:

- A. The majority of the governing body votes to terminate the Employee at a duly authorized closed or open meeting.
- B. If the Employer, citizens or legislature acts to amend any provisions of the Charter pertaining to the role, powers, duties, authority, responsibilities of the Employee's position that substantially changes the form of government, the Employee shall have the right to declare that such amendments constitute termination.
- C. If the Employer reduces the base salary, compensation or any other financial benefit of the Employee, unless it is applied in no greater percentage than the average reduction of all city employees, such action shall constitute a breach of this Agreement and will be regarded as a termination.
- D. If the Employee resigns following an offer to accept resignation, whether formal or informal, by the Employer as representative of the majority of the governing body that the Employee resign, then the Employee may declare a termination as of the date of the suggestion.
- E. Breach of contract declared by either party within a 30-day cure period for either Employee or Employer. Written notice of a breach of contract shall be provided in accordance with the provisions of Section 20.

### **Section 10: Severance**

- A. Severance shall be paid to the Employee when employment is terminated as defined in Section 9.
- B. In the event the Employer terminates this agreement during which time Employee is ready, willing and able to perform the functions and duties set forth herein, then, in that event, Employer agrees to:
  - 1. Provide Employee with one hundred thirty-five (135) days prior written notice of said termination. Provided, however, that as set forth in Section 800 of the City's Charter no such determination to terminate shall be made during or within a period of ninety (90) days next succeeding the election of a member of the Council.

**Section 11: Resignation**

In the event that the Employee voluntarily resigns his/her position with the Employer, the Employee shall provide a minimum of 60 days advance notice unless the parties agree otherwise.

**Section 12: Performance Evaluation**

Employer shall annually review the performance of the Employee in January subject to a process, form, criteria, and format for the evaluation, which shall be mutually agreed upon by the Employer and Employee. The process at a minimum shall include the opportunity for both parties to: (1) prepare a written evaluation, (2) meet and discuss the evaluation, and (3) present a written summary of the evaluation results. The final written evaluation should be completed and delivered to the Employee within thirty (30) days of the evaluation meeting.

**Section 13: Hours of Work**

It is recognized that the Employee must devote a great deal of time outside the normal office hours on business for the Employer, and to that end Employee shall be allowed to establish an appropriate work schedule.

**Section 14: Outside Activities**

The employment provided for by this Agreement shall be the Employee's sole employment. Recognizing that certain outside consulting or teaching opportunities provide indirect benefits to the Employer and the community, the Employee may elect, with the approval of the City Council, to accept limited teaching, consulting or other business opportunities with the understanding that such arrangements shall not constitute interference with nor a conflict of interest with his responsibilities under this Agreement.

**Section 15: Residency**

Employee agrees to maintain residence within the corporate boundaries of the City of Modesto.

**Section 16: Indemnification**

Beyond that required under Federal, State or Local Law, Employer shall defend, save harmless and indemnify Employee against any tort, professional liability claim or demand or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of Employee's duties as City Manager, or resulting from the exercise of judgment or discretion in connection with the performance of program duties or responsibilities, unless the act or omission involved willful or wanton conduct. The Employee may request and the Employer shall not unreasonably refuse to provide independent legal representation at Employer's expense and Employer may not unreasonably withhold approval. Legal representation, provided by Employer for Employee, shall extend until a final determination of the legal action including any appeals brought by either party. The Employer shall indemnify employee against any and all losses, damages, judgments, interest, settlements, fines, court costs and other reasonable costs and expenses of legal proceedings including attorneys fees, and any other liabilities incurred by, imposed upon, or suffered by such Employee in connection with or resulting from any claim, action, suit, or proceeding, actual or threatened, arising out of or in connection with the performance of his or her duties. Any settlement of any claim must be made with prior approval of the Employer in order for indemnification, as provided in this Section, to be available.

Employee recognizes that Employer shall have the right to compromise or settle a claim or suit. However, if the Employee is a named party to the suit, Employee's written consent must be given for the compromise or settlement. Further, Employer agrees to pay all reasonable litigation expenses of Employee throughout the pendency of any litigation to which the Employee is a party, witness or advisor to the Employer. Such expense payments shall continue beyond Employee's service to the Employer as long as litigation is pending. Further, Employer agrees to pay Employee reasonable consulting fees and travel expenses when Employee serves as a witness, advisor or consultant to Employer regarding pending litigation if those services occur after Employee is no longer an Employee of the Employer.

**Section 17: Bonding**

Employer shall bear the full cost of any fidelity or other bonds required of the Employee under any law or ordinance.

**Section 18: Other Terms and Conditions of Employment**

The Employer, only upon agreement with Employee, shall fix any such other terms and conditions of employment, as it may determine from time to time, relating to the performance of the Employee, provided such terms and conditions are not inconsistent with or in conflict with the provisions of this Agreement, the Modesto Charter or any other law.

Except as otherwise provided in this Agreement, the Employee shall be entitled to the highest level of benefits that are enjoyed by other non-sworn management employees of the Employer as provided in the Charter, Code, Personnel Rules and Regulations or by practice.

**Section 19: Notices**

Notice pursuant to this Agreement shall be given by depositing in the custody of the United States Postal Service, postage prepaid, addressed as follows:

EMPLOYER: City Clerk, City of Modesto, P. O. Box 642, Modesto, CA 95353  
EMPLOYEE: George W. Britton, 1008 Copper Lake Court, Modesto, CA 95355-8905

Alternatively, notice required pursuant to this Agreement may be personally served in the same manner as is applicable to civil judicial practice. Notice shall be deemed given as of the date of personal service or as the date of deposit of such written notice in the course of transmission in the United States Postal Service.

**Section 20: General Provisions**

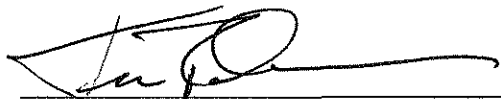

- A. Integration. This Agreement sets forth and establishes the entire understanding between the Employer and the Employee relating to the employment of the Employee by the Employer. Any prior discussions or representations by or between the parties are merged into and rendered null and void by this Agreement. The parties by mutual written agreement may amend any provisions of this agreement during the life of the agreement. Such amendments shall be incorporated and made a part of this agreement.
- B. Binding Effect. This Agreement shall be binding on the Employer and the Employee as well as their heirs, assigns, executors, personal representatives and successors in interest.
- C. Effective Date. This Agreement shall become effective on April 5, 2005.

D. Severability. The invalidity or partial invalidity of any portion of this Agreement will not affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be deemed to be in full force and effect as if they have been executed by both parties subsequent to the expungement or judicial modification of the invalid provision.

IN WITNESS WHEREOF, the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its Mayor and attestation by its City Clerk under authority of Resolution No. 2005-165 adopted by the Council of the City of Modesto on the 5 day of April, 2005, and CONTRACTOR/EMPLOYEE has caused this Agreement to be duly executed.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-166**

**A RESOLUTION APPOINTING MEMBERS TO THE EQUAL  
OPPORTUNITY/DISABILITY COMMISSION AND HUMAN RELATIONS  
COMMISSION**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, the Economic Development Committee met on March 7, 2005, and recommended appointment of AMY CHRISTENSEN and HARINDER GREWAL to the Equal Opportunity/Disability Commission and JOE MENDOZA to serve jointly on the Equal Opportunity/Disability Commission and Human Relations Commission, and

WHEREAS, by Resolution No. 2005-136, said appointments were erroneously made as joint appointments to the Equal Opportunity/Disability Commission and the Human Relations Commission, and

WHEREAS, JOE MENDOZA is the only appointee to serve jointly on the Equal Opportunity/Disability Commission and Human Relations Commission.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. AMY CHRISTENSEN and HARINDER GREWAL are hereby appointed to the Equal Opportunity/Disability Commission, with term expirations of January 1, 2009, and JOE MENDOZA is hereby appointed to serve jointly on the Equal Opportunity/Disability Commission and Human Relations Commission with a term expiration of January 1, 2008.

**AMENDED FOR CLERICAL ERROR**

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the appointed members of the Equal Opportunity/Disability Commission and Human Relations Commission, and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of April 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-167**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2004-2005 ANNUAL BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2004-2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2004-2005 budget have been adjusted as shown in Schedule A.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of April 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following votes:

RESOLUTION NO. 2005-168**

**A RESOLUTION ALLOCATING A NEW POLICE OFFICER POSITION TO  
THE MODESTO POLICE DEPARTMENT TO WORK ON THE HIGH RISK  
INTERVENTION TEAM**

WHEREAS, Modesto City School District has proposed a “High Risk Intervention Team” to work with at-risk juveniles who are on probation and show promise of rehabilitation, and

WHEREAS, these juveniles will be tracked and assisted by a Probation Officer, a Modesto Police Officer and a school official, and

WHEREAS, the Modesto Police Officer will handle scheduled in-office visits with the juveniles and their parents, to offer them direction and any needed assistance, and

WHEREAS, Modesto City School District will pay for all costs of the Police Officer, salary, benefits and incentives, and will reimburse the City of Modesto for said costs estimated at \$85,000 annually, and

WHEREAS, the High Risk Intervention Team program is scheduled to begin in May, 2005, and

WHEREAS, the Safety and Communities Committee, at its meeting of February 28, 2005, unanimously supported this action,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that the Position Allocation for the Modesto Police Department be increased by one Police Officer who will be assigned to work on the High Risk Intervention Team.

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary allocation increase.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of April 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-170**

**A RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO SOLICIT PROPOSALS FOR CONSULTANT SERVICES TO ASSIST IN DEVELOPMENT OF A REQUEST FOR PROPOSALS (RFP) FOR A VENDOR TO DESIGN, BUILD, OWN AND OPERATE A METHANE GAS FIRED COGENERATION UNIT AT THE PRIMARY WASTEWATER TREATMENT FACILITY AND AUTHORIZING THE CITY MANAGER, OR HIS DESIGNEE, TO EXECUTE THE CONSULTANT AGREEMENT IN AN AMOUNT NOT TO EXCEED \$50,000**

WHEREAS, methane is a byproduct of the wastewater treatment process, and

WHEREAS, the Primary Wastewater Treatment Facility does not fully use the methane gas generated from the treatment plant's digesters, and

WHEREAS, installation of a cogeneration unit at the Primary Wastewater Treatment Facility would allow methane gas to be used to provide energy, including heat, for the Treatment Plant, and

WHEREAS, the proposed cogeneration unit would be designed, built, owned and operated by the selected vendor with no financial input by the City, and

WHEREAS, the City would not provide funding for the project, and

WHEREAS, the City would, however, recognize an offset to revenues based on the reduction in natural gas usage and a partnership with Modesto Irrigation District (MID), and

WHEREAS, due to the nature of the project, its complexity and the need for a collaborative relationship with MID, the Public Works Department wishes to seek the services of a consultant with significant experience in developing specifications and contracts for cogeneration projects to assist in the development of the RFP for the selection of vendors for this project, and

WHEREAS, consultation services are essential for staff to develop appropriate specifications and to conduct a selection process that ensures the City is benefiting to the maximum extent possible from this project, while minimizing liability, and

WHEREAS, staff must also ensure that the project is developed in such a way as to gain support for MID's renewable energy benefit, and

WHEREAS, use of a consultant can provide experienced staff and a quick turn-around for this project, thereby improving efficiency and energy conservation at the Primary Wastewater Treatment Facility, and

WHEREAS, the Economic Development Committee considered this item at its March 7, 2005 meeting and recommended its approval and consideration by the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department, Water Quality Control Division to solicit proposals for consultant services to assist in development of a Request for Proposals (RFP) for a vendor to design, build, own, and operate a methane gas fired cogeneration unit at the Primary Wastewater Treatment Facility and authorize the City Manager, or his designee, to execute the consultant agreement in an amount not to exceed \$50,000.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of April, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-171**

**RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO SOLICIT A REQUEST FOR PROPOSALS (RFP) FOR THE DEVELOPMENT AND IMPLEMENTATION OF A STORMWATER MANAGEMENT PROGRAM FOR THE STORMWATER AND WASTEWATER COLLECTIONS DIVISION FOR A ONE-YEAR AGREEMENT WITH TWO (2), ONE-YEAR EXTENSION OPTIONS**

WHEREAS, the Environmental Protection Agency requires all municipalities with populations exceeding 100,000 to apply for a National Pollutant Discharge Elimination System (NPDES) Stormwater Permit, and

WHEREAS, the NPDES permit establishes the requirements for reducing pollutant runoff into the City's storm drains, which eventually enters either rockwells and/or local waterways, and

WHEREAS, as part of the City's current NPDES Stormwater Permit, the City was mandated to develop a Storm Water Management Plan (SWMP) and a Stormwater Management Program, and

WHEREAS, the City completed and adopted its SWMP in September 2003, and

WHEREAS, the City must conduct a monitoring program to characterize the runoff from the City and its impact on local waterways, and

WHEREAS, Stormwater Management Program consultant services provided by a firm with SWMP expertise are essential for the City to continue meeting the SWMP requirements, and

WHEREAS, annual costs for these services are estimated to be:

Fiscal Year 2004/2005 \$180,000

**RESOLUTION AUTHORIZING AN APPROPRIATION TRANSFER OF \$50,000  
FROM STORM DRAINAGE RESERVES (6280-800-8000-8003) TO STORM  
DRAINAGE ADMIN/MONITORING (6280-480-5314-0235) TO FULLY FUND  
THE STORMWATER MANAGEMENT PROGRAM FOR FISCAL YEAR 2004-  
2005**

WHEREAS, as part of the City's current NPDES Stormwater Permit, the City was mandated to develop a Storm Water Management Plan (SWMP) and a Stormwater Management Program, and

WHEREAS, Stormwater Management Program consultant services provided by a firm with SWMP expertise are essential for the City to continue meeting the SWMP requirements, and

WHEREAS, annual costs for these services are estimated to be:

Fiscal Year 2004/2005 \$180,000

Fiscal Year 2005/2006 \$185,000

Fiscal Year 2006/2007 \$193,000

, and

WHEREAS, award of the contract for Fiscal Year 2004-2005 will require a transfer of \$50,000 from Storm Drain Reserve Funds (6280-800-8000-8003) to Storm Drainage Admin/Monitoring (6280-480-5314-0235) to fully fund the Stormwater Management Program, and

WHEREAS, the Economic Development Committee considered this item at its March 7, 2005 meeting and recommended consideration by the full Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the transfer of \$50,000 from Storm Drain Reserve Funds (6280-

800-8000-8003) to Storm Drainage Admin/Monitoring (6280-480-5314-0235) to fully fund the Stormwater Management Program for Fiscal Year 2004-2005.

**A RESOLUTION APPROVING A FIVE (5) YEAR CONTRACT WITH THE  
INTERNATIONAL CITY MANAGEMENT ASSOCIATION RETIREMENT  
CORPORATION (ICMA-RC) FOR THE ADMINISTRATION OF CITY  
EMPLOYEES' 401(A) AND 457 DEFERRED COMPENSATION PLANS AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID AGREEMENT**

WHEREAS, the City of Modesto offers a deferred compensation program for its employees, and

WHEREAS, the City of Modesto requires administration of this program, and

WHEREAS, The International City Management Association Retirement Corporation (ICMA-RC) has worked with the City of Modesto to deliver excellent service, and

WHEREAS, the ICMA-RC has eliminated the administrative fee charged to employees, and

WHEREAS, the ICMA-RC working in conjunction with the City's Deferred Compensation Committee has enabled the City to stay current on legislative changes affecting the plans, and

WHEREAS, the ICMA-RC has introduced new offerings, allowing City of Modesto employees to maximize their contributions, and

WHEREAS, to help offset City's internal cost of plan administration, ICMA will pay City an administrative allowance in the amount of \$20,000 per year in the first and second year of the Agreement and \$35,000 per year in the third, fourth, and fifth year of the Agreement,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that it hereby authorizes the award of a five (5) year agreement with the ICMA-RC a copy of which will be on file in the office of the City Clerk.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager, or his designee, to execute said agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of April 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-178**

**A RESOLUTION RE-APPROPRIATING FUNDS FROM SEWER FUND  
OPERATING ACCOUNTS, EXISTING SEWER CAPITAL IMPROVEMENT  
(CIP) PROJECTS, AND PCE LITIGATION REIMBURSEMENTS TO THE  
CELESTE/ROSE/SCENIC SEWER IMPROVEMENTS CIP (6210-430-A049) TO  
COMPLETE IMPROVEMENTS SPECIFIED IN AN OCTOBER 2003  
AGREEMENT WITH MEMORIAL HOSPITALS ASSOCIATION**

WHEREAS, Memorial Hospitals Association (Memorial) approached the City about a significant hospital expansion in 2003, and

WHEREAS, a capacity study was conducted on the Rose-Celeste Sewer Trunk line that would receive the hospital's wastewater discharges, and

WHEREAS, the study determined the lines and lift stations were already above capacity and the main trunk line was deteriorating, and

WHEREAS, it was determined that \$4.1 million in improvements was needed to relieve capacity issues and provide additional discharges for the hospital expansion, and

WHEREAS, the fair share of the improvements for Memorial's expansion was determined to be \$439,000, and

WHEREAS, in October 2003 an agreement specifying the \$439,000 contribution of Memorial, the construction of the improvements by the City, and a completion date of March 2006 was approved by Council, and

WHEREAS, Memorial paid to the City its contribution amount of \$439,000 to the overall project, subsequent to the Council action, and

WHEREAS, a funding source for these improvements was not identified in the Council action and it was anticipated the Sewer Reserve Funds would fund a significant portion of the cost, and

WHEREAS, Council adopted the Capital Improvement Program (CIP) in October 2004 which included Celeste/Rose/Scenic Sewer Improvements Project (6210-430-A049) estimated at \$5.3 million to expand the Rose-Celeste Trunk Line, and

WHEREAS, due to the agreement with Memorial, staff has identified this project as a priority CIP for 2004-05 and \$400,000 is allocated for the design phase of this project, and

WHEREAS, Sewer Fund Reserve funds are not adequate to support this project due to unanticipated expenditures related to PCE litigation, and

WHEREAS, the City has received some significant PCE expenditure reimbursements, and

WHEREAS, staff proposes to defer projects and reallocate funds from operating and CIP accounts, as well as funds from PCE litigation reimbursements to fund the Celeste/Rose/Scenic Sewer Improvements Project as follows:

Sewer Fund Operating:

6210-480-5225-0235	\$200,000	Lift Station Rehab
6210-480-5226-0360	\$100,000	Annual Renewal/Replacement Primary
6210-480-5227-0360	\$500,000	Annual Renewal/Replacement Secondary

CIP

6210-480-M244-6030	\$761,000	Land acquisition for Secondary Site (partially funded)
6210-430-N143-6040	\$400,000	Shackelford Crossing

Other

6210-440-5202-8121	\$2,500,000	PCE litigation settlements
--------------------	-------------	----------------------------

, and

WHEREAS, while deferral of the above-listed projects is not desirable, however, to fulfill the agreement with Memorial, funds must be reallocated to accomplish the agreed upon improvements, and

WHEREAS, re-appropriating this funding along with Memorial's contribution of \$439,000 will fully fund the Celeste/Rose/Scenic Improvements project (6210-430-A049) and fulfill the City's agreement with Memorial, and

WHEREAS, at its meeting of February 23, 2005, the Finance Committee approved this request and further recommended approval to Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes re-appropriating funds to fully fund the Celeste/Rose/Scenic Sewer Improvements project as follows:

Sewer Fund Operating:

6210-480-5225-0235	\$200,000	Lift Station Rehab
6210-480-5226-0360	\$100,000	Annual Renewal/Replacement Primary
6210-480-5227-0360	\$500,000	Annual Renewal/Replacement Secondary

CIP

6210-480-M244-6030	\$761,000	Land acquisition for Secondary Site (partially funded)
6210-430-N143-6040	\$400,000	Shackelford Crossing

Other

6210-440-5202-8121	\$2,500,000	PCE litigation settlements.
--------------------	-------------	-----------------------------

BE IT FURTHER RESOLVED that City staff is hereby authorized to make the necessary budget adjustments in coordination with the Finance Department.

RESOLUTION NO. 2005-179**

**A RESOLUTION DENYING THE APPEAL AND REQUESTING THE APPELLANT TO WORK WITH STAFF ON MITIGATION MEASURES, AND RETURN TO COUNCIL WITH AN UPDATED TRAFFIC STUDY WITH THE \$10 MILLION INSURANCE POLICY REMAINING IN PLACE UNTIL THE TRAFFIC STUDY IS RETURNED**

WHEREAS, on August 27, 2002, the Modesto City Council adopted Resolution No. 2002-424 approving the Pelandale Access Agreement for the O'Brien Center located at the southeast corner of Pelandale Expressway and Dale Road, and

WHEREAS, this agreement required O'Brien's Development to hold general liability insurance for this property with a minimum limit of liability per occurrence of ten million dollars (\$10,000,000) for bodily injury and one million dollars (\$1,000,000) for property damage or ten million dollars (\$10,000,000) combined single limit, and

WHEREAS, on March 5, 2005, the City of Modesto received a request from Dennis E. Wilson, representing Mr. Chuck O'Brien of the O'Brien's Center, to reduce the ten million dollar (\$10,000,000) insurance requirement, and

WHEREAS, Dowling and Associates prepared the traffic study as required by the Pelandale Access Agreement, and

WHEREAS, the consultant observed illegal turning movements into and out of the O'Brien's Development Pelandale access, and

WHEREAS, the results of this study do not support a reduction of the liability insurance requirement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the O'Brien's Development appeal is denied.

BE IT FURTHER RESOLVED that the appellant is requested to work with staff on mitigation measures and return to Council with an updated traffic study.

BE IT FURTHER RESOLVED that the ten million dollar (\$10,000,000) insurance policy remains in place until the traffic study is returned.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5<sup>th</sup> day of April 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, on March 8, 2005, the Modesto City Council adopted an Emergency Interim Ordinance (Ordinance No. 3383), and

WHEREAS, Interim Ordinance No. 3383 was adopted pursuant to the authority conferred upon the City by California Government Code Section 65858, and

WHEREAS, subdivision (d) of California Government Code Section 65858 requires the City Council to issue a written report describing the measures taken to alleviate the condition which lead to the adoption of the Interim Ordinance ten (10) days prior to the expiration of the Interim Ordinance, and

WHEREAS, the Modesto City Attorney has prepared such a report for issuance by the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby issues the attached written report which describes the measures taken by the City to alleviate the conditions which lead to the adoption of Interim Ordinance No. 3383.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 5th day of April, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-181**

**A RESOLUTION AMENDING THE 2004-2005 LEGISLATIVE PLATFORM FOR  
THE CITY OF MODESTO**

WHEREAS, on October 26, 2004, by Resolution No. 2004-544, the City Council adopted the 2004-2005 Legislative Platform, and

WHEREAS, this document provides City staff with the needed direction to determine whether or not the City should support pending federal and state legislation, and

WHEREAS, this document is a living document and should be reviewed and amended from time to time, and

WHEREAS, representatives from the City Manager's Office, the Community and Economic Development Department, the Personnel Department, the City Attorney's Office, the Fire Department, the Police Department, the Finance Department, the Parks, Recreation & Neighborhoods Department, and Public Works recently reviewed the document and recommended that six Issue and Action items in the 2004-2005 Legislative Platform be amended as more fully set forth in an agenda report from City Manager, George W. Britton, to the Mayor and Council, dated April 19, 2005, and

WHEREAS, the City Council, after hearing staff's presentation at the April 26, 2005, City Council meeting, requested that Issue and Action 4.5 be added to the 2004-2005 Legislative Platform as described below.

**Issue: 4.5.** Design and construction standards for schools are a responsibility of the State. Many schools have been built and are being built with only one all-weather access road. As a result significant traffic congestion occurs during the times of day when parents drop-off and pick-up their children. In the event of an emergency situation this traffic congestion could impede the timely response of emergency service providers.

**Action: 4.5.** Support legislation that encourages school districts to make all possible efforts to have two all-weather access roads installed at every school. This will help ensure adequate emergency response, improve traffic flows, and reduce air pollution from idling vehicles during the peak traffic periods.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby amends the 2004-2005 Legislative Platform as set forth in said agenda report from the City Manager to the Mayor and Council dated April 19, 2005.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby amends the 2004-2005 Legislative Platform to also include Issue and Action 4.5 as described above.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-182**

**A RESOLUTION OF INTENTION TO ANNEX TERRITORY TO COMMUNITY FACILITIES DISTRICT NO. 2004-1 (VILLAGE ONE #2) AND TO AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN (ANNEXATION NO. 7)**

WHEREAS, pursuant to Chapter 3.5 Division 2 of Title 5 (commencing with Section 53311) of the California Government Code, commonly known as the “Mello-Roos Community Facilities Act of 1982” (the “Act”), proceedings for the annexation of territory to an existing community facilities district may, pursuant to Chapter 3.5 of the Act, be instituted by the adoption by the legislative body of a resolution of intention to annex such territory, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-199, adopted on April 6, 2004 (the “Resolution of Formation”), establish the City’s Community Facilities District No. 2004-1 (Village One #2) (“the District”), and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-681, adopted on December 14, 2004, clarify the Rate and Method of Apportionment with respect to the Maximum Special Taxes to be generated by a parcel that has been rezoned, and

WHEREAS, pursuant to the Act, this Council did, by its Resolution No. 2004-683, adopted on December 14, 2004 (“Resolution of Creation of Tax Zone #2), create Tax Zone #2 within the District, and

WHEREAS, the One-Time Facilities Special Tax component of the special taxes is higher in Tax Zone #2 than in Tax Zone #1, and

WHEREAS, this Council hereby determines that the public convenience and necessity require the annexation of certain territory to the District, and

WHEREAS, the territory to be annexed is within the City limits, and

WHEREAS, it is intended that the territory be annexed to Tax Zone #2, and

WHEREAS, on February 1, 2005, the City Council adopted Resolution No. 2005-073 which declared the City's Intention to Annex territory to Community Facilities District No. 2004-1 (Village One #2) and to authorize the levy of special taxes therein, and set a public hearing on the Resolution for March 8, 2005, at 5:30 p.m. or as soon thereafter as practicable, and

WHEREAS, on February 4, 2005, the boundary map for Annexation No. 7 to Community Facilities District 2004-1 (Village One #2) was recorded in Book 4 of Maps of Assessment and Community Facilities Districts, at Page 9, in the Office of the Stanislaus County Clerk-Recorder, and

WHEREAS, the March 8, 2005, public hearing was dropped from calendar due to anticipated changes in the annexation proposal, and

WHEREAS, more than sixty (60) days have now elapsed since the adoption of Resolution No. 2005-073 without the conducting of a public hearing on the Resolution of Intention, as required by Government Code Section 53321, and

WHEREAS, the boundary map for Annexation No. 7 to Community Facilities District 2004-1 (Village One #2) has been modified to reduce the acreage proposed to be annexed to the District and to reflect the current Assessor's Parcel Number for the property, and

WHEREAS, Streets and Highways Code Section 3113 authorizes a legislative body to modify the boundaries of a district shown on a previously filed map by reference to an amended map of the district boundary and approval by resolution of the amended map, and

WHEREAS, the City has determined that it is in the best interests of the District to rescind Resolution No. 2004-073, to adopt a new Resolution of Intention to annex the territory shown in the amended boundary map for Annexation No. 7, and to approve the amended boundary map for Annexation No. 7.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the City Council of the City of Modesto, California, that:

SECTION 1. The above recitals are true and correct.

SECTION 2. The boundaries of the District are shown on a map entitled “Proposed Boundaries of Community Facilities District No. 2004-1 (Village One #2) of the City of Modesto, County of Stanislaus, State of California” on file with the County Recorder of the County of Stanislaus, at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 85; the map entitled “Proposed Boundaries of Annexation #1 to City of Modesto CFD No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 86 (as amended by the map entitled “Annexation Map No. 1 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at page 90); the map entitled “Annexation Map No. 2 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community

Facilities Districts, at Page 91; the map entitled “Annexation Map No. 3 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 96; the map entitled “Annexation Map No. 4 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 3 of Maps of Assessment and Community Facilities Districts, at Page 99; and the map entitled “Annexation Map No. 5 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 2; and the map entitled Annexation Map No. 6 of Community Facilities District No. 2004-1 (Village One #2),” on file with the County Recorder at Book 4 of Maps of Assessment and Community Facilities Districts, at Page 7

SECTION 3. The territory proposed to be annexed to the District (the “Territory”) is described in Exhibit A.

SECTION 4. The boundaries of the Territory are also shown on the map thereof, entitled “Annexation Map No. 7 of Community Facilities District No. 2004-1 (Village One #2), As Amended, of the City of Modesto, County of Stanislaus, State of California,” on file in the office of the City Clerk, which map is hereby approved and adopted. Pursuant to Sections 3110.5 and 3113 of the California Streets and Highways Code, the City Clerk shall endorse her certificate on the original and one copy of the map evidencing the date and adoption of this Resolution, file the original in her office and, not later than ten days after the adoption of this Resolution, file a copy of the map with the County Recorder of the County of Stanislaus. The map shall contain the legends provided in Sections 3110, 3110.5, and 3313 of the California Streets and Highways

Code, including a reference to the title, book, page and recording date of the original boundary map of the District and a reference to the previously recorded Map of Annexation No. 7.

SECTION 5. The public facilities and services to be provided for the District are set forth in the Resolution of Formation. It is intended that these same facilities and services be provided to the Territory.

SECTION 6. The special taxes to be levied in the District are set forth in the Resolution of Formation. It is intended that the same special taxes be levied in the Territory, except that the increase of the One-Time Facilities Special Tax component of the special taxes, as authorized by the Resolution of Creation of Tax Zone #2, shall be levied in the Territory.

SECTION 7. A public hearing on this Resolution will be held at 5:30 p.m., or as soon thereafter as practicable, on Tuesday, June 14, 2005, at the regular meeting place of the City Council, City Council Chambers, Basement Level, 1010 Tenth Street, Modesto, California 95353, such time being not less than 30 or more than 60 days following the adoption hereof.

SECTION 8. At the hearing, any interested persons for or against the annexation of the Territory to the District, and the levy of the special taxes therein, may appear and will be heard and considered. Any protest may be made orally or in writing. However, any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time fixed for the

public hearing. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

SECTION 9. The City Clerk is directed to publish, not later than seven days prior thereto, a notice of the hearing, in the form required by the Act, in a newspaper of general circulation published in the area of the District, being *The Modesto Bee*, and otherwise in accordance with Section 6061 of the California Government Code, stating (a) the text or a summary of this Resolution, (b) the time and place of the hearing, and (c) that all interested persons for or against the annexation of the Territory to the District or the levying of the special taxes in the Territory will be heard.

SECTION 10. (a) If a majority (but at least six) of the registered voters residing within the District or a majority (but at least six) of the registered voters residing within the Territory, or the owners of one-half or more of the area of the land in the District and not exempt from the special tax, or the owners of one-half or more of the Territory, file written protests against the proposed annexation, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to annex the Territory to the District, or to levy in the Territory the special taxes to be levied in the District, shall be taken for a period of one year from the date of the decision of the Council on the issues discussed at the hearing.

SECTION 11. At the conclusion of the hearing, if the Council determines to annex the Territory to the District, it will submit the levy of the special taxes to the qualified electors of the Territory in a special election.

NOW, THEREFORE, BE IT FURTHER RESOLVED that Resolution No. 2005-073, adopted on February 1, 2005, is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES:	Councilmembers:	Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-183**

**A RESOLUTION GRANTING A TEMPORARY EXCEPTION TO THE  
MODESTO MUNICIPAL CODE (MMC) SECTION 4-5.10 PROHIBITING  
ADVERTISING BANNERS, IN ORDER TO HANG A BANNER OVER J  
STREET FROM JUNE 1 THROUGH JUNE 30, 2005 CELEBRATING AND  
COMMEMORATING “GRAFFITI SUMMER” AND MODESTO’S DEEP  
“GRAFFITI” HISTORY DURING THE MONTH OF JUNE 2005**

WHEREAS, the City of Modesto has a deep “Graffiti” history as a result of Modesto native George Lucas’ production of “American Graffiti”, and

WHEREAS, this “Graffiti” history brings tremendous cultural memories to the City, and

WHEREAS, to celebrate and commemorate the deep “Graffiti” history that exists in Modesto, the Graffiti Summer Task Force proposes hanging a banner, and

WHEREAS, the proposed location for said banner is across J Street, between 13th and 16<sup>th</sup> Street, and

WHEREAS, the proposed banner, which will be 20-30 feet long and 2-1/2 feet tall, will be in place from June 1 through June 30, 2005, and

WHEREAS, the lettering on the proposed banner will read:

“Graffiti Summer June 2005, Welcome to Modesto”

, and

WHEREAS, Section 4-5.10 of the Modesto Municipal Code prohibits advertising devices from being stretched across City streets, and

WHEREAS, this temporary exception to the Modesto Municipal Code celebrates and commemorates the City’s deep “Graffiti” history, and

WHEREAS, the Graffiti Summer Task Force will acquire permission from the private property owners to hang the banner, and

WHEREAS, the Graffiti Summer Task Force will provide General Liability insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and \$100,000 for property damage or \$1,000,000 combined single limit, and

WHEREAS, the Graffiti Summer Task Force will provide a Certificate of Insurance naming the City of Modesto as an additional insured, and

WHEREAS, this proof of insurance must be delivered to the City prior to installation of the banner, and

WHEREAS, the Graffiti Summer Task Force will install the banner no earlier than June 1, 2005, and

WHEREAS, the Graffiti Summer Task Force will remove the banner no later than the late evening of June 30, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby grants a temporary exception to MMC Section 4-5.10 prohibiting advertising banners in order for the Graffiti Summer Task Force to hang a banner over J Street from June 1 through June 30, 2005, celebrating and commemorating Modesto's deep "Graffiti" history.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-184**

**A RESOLUTION APPROVING AMENDMENT NO. 1 TO THE AGREEMENT  
BETWEEN THE CITY OF MODESTO AND TURNSTONE CONSULTING  
CORPORATION FOR THE PREPARATION OF A TRAFFIC STUDY AND  
BIOLOGICAL STUDY FOR THE ENVIRONMENTAL IMPACT REPORT FOR THE  
PROPOSED TIVOLI (FORMERLY ROSELLE NEIGHBORHOOD) SPECIFIC PLAN  
PROJECT/ VINTNERS SQUARE SHOPPING CENTER, AND AUTHORIZING THE  
CITY MANAGER TO EXECUTE THE AGREEMENT IN AN AMOUNT NOT TO  
EXCEED \$179,679.00**

WHEREAS, Dave Romano, P.E./AICP, of Russell A. Newman P.L.C., has applied for a specific plan, referred to as the Tivoli (formerly Roselle Neighborhood) Specific Plan, to allow for the orderly and future development within the approximate 460-acre planning area bounded by Sylvan Avenue on the south, the extension of Claratina Avenue on the north, Roselle Avenue on the east and Oakdale Road on the west, and

WHEREAS, the Roselle Neighborhood Specific Plan will also involve the following associated entitlements: rezoning to a Specific Plan-Overlay (SP-O) Zone; Annexation; a General Plan Amendment to 1) reclassify Claratina Avenue from a 4-lane expressway to a 6-lane Principal Arterial, 2) change the General Plan land use designation from Village Residential (VR) to Regional Commercial (RC) for about 66 acres located at the southeast corner of the future intersection of Claratina Avenue and Oakdale Road, and 3) allow Village Residential development to exceed the recommended density of 5.1 units per gross acre; preparation of a Facilities Master Plan and associated Finance plan, formation of a Capital Facilities District (CFD), a Conditional Use Permit for a 730,000-square-foot regional commercial center, referred to as Vintners Square, on a 66-acre site located at the southeast corner of the future intersection of Claratina Avenue and Oakdale Road, and applicable subsequent approvals such as Tentative

Subdivision or Parcel Maps, other Conditional Use Permits or plan approvals, and abandonment of a portion of Mable Avenue, and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for projects, and

WHEREAS, the City has determined that an environmental impact report is required for the proposed Tivoli (formerly Roselle Neighborhood) Specific Plan project and related applications, and

WHEREAS, by Resolution No. 2002-622, adopted on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Turnstone Consulting Corporation, to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Turnstone Consulting Corporation to prepare the environmental impact report for the Tivoli (formerly Roselle Neighborhood) Specific Plan because of their extensive experience on similar projects in other jurisdictions, and

WHEREAS, the City Council adopted Resolution Number 2005- 014 on January 4, 2005, approving an agreement with Turnstone Consulting Corporation for the preliminary work on the Environmental Impact Report for the Tivoli (formerly Roselle Neighborhood) Specific Plan, and

WHEREAS, City Staff have negotiated a scope of work for the second phase of the contract, involving preparation of the Traffic Study and Biological Study on the Tivoli (formerly Roselle Neighborhood) is a subsequent phase of the environmental review to be an amount not to exceed \$179,679.00, and

WHEREAS, City staff will be returning to Council for a contract amendment for a third phase of work for preparation of the Draft EIR and Final EIR,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Amendment No. 1 to the Agreement between the City of Modesto and Turnstone Consulting Corporation for the preparation of a Traffic Study and Biological Study in support of the proposed Environmental Impact Report for the proposed Tivoli (formerly Roselle Neighborhood) Specific Plan/Vintners Square Development is hereby approved, in an amount not to exceed \$179,679.00.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Agreement and the City Clerk is hereby authorized to attest thereto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-185**

**A RESOLUTION APPROVING GARBAGE BILLING CONTRACTS BETWEEN  
THE CITY OF MODESTO, WASTE MANAGEMENT HOLDING, INC., GILTON  
SOLID WASTE MANAGEMENT AND BERTOLOTTI MODESTO DISPOSAL,  
INC.**

WHEREAS, the City of Modesto has contracted with local garbage collection companies to provide billing services for garbage collection of City of Modesto utility customers, and

WHEREAS, adoption of new Senior/Disabled Discount rates for City of Modesto water services required changes to the current contracts, and

WHEREAS, Corporate Officers of Waste Management Holdings, Inc., Gilton Solid Waste Management and Bertolotti Modesto Disposal, Inc. have all agreed to the new billing contracts,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the garbage-billing contracts between the City of Modesto and Waste Management Holdings, Inc., Gilton Solid Waste Management and Bertolotti Modesto Disposal, Inc. are hereby approved.

BE IT FURTHER RESOLVED that the City Manager is hereby authorized to execute said Contracts.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-186**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR PROPOSALS FOR THE FURNISHING  
OF POLYGRAPH EXAMINATION SERVICES, FOR A TWO (2) YEAR  
AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT AN  
ESTIMATED ANNUAL COST OF \$20,475**

WHEREAS, the Police Department began using pre-employment polygraph examinations on all sworn employment applicants in May 2002, and

WHEREAS, approximately 125 polygraph examinations are administered each year, and

WHEREAS, polygraphs have proven to be a useful tool in identifying the most qualified candidates for police officer and reserve police office positions for the City of Modesto, and

WHEREAS, the Police Department entered into a three (3) year contract on May 15, 2002, for polygraph examination services, and

WHEREAS, the current contract is set to expire on May 14, 2005, and

WHEREAS, the use of pre-employment polygraph investigations provides very useful information that can be used during the background investigation of applicants, and

WHEREAS, without such a tool, some portions of the applicants' background may not be uncovered or fully investigated, and

WHEREAS, this could lead to the completion of inadequate background investigations and the hiring of officers with questionable personal backgrounds, and

WHEREAS, polygraphs have proven to be useful in the applicant screening process over the last three (3) years, and

WHEREAS, the Police Department does not have any qualified in-house polygraph examiners, nor does it have the staffing to dedicate an existing employee to perform polygraph examinations, and

WHEREAS, the start up costs and salary of an in-house examiner would exceed the cost associated with outsourcing this service, and

WHEREAS, contracts may be awarded to more than one (1) company in order to provide backup, or in case the “primary” contractor is unable to meet the City’s needs, and

WHEREAS, a secondary or third company could be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the time frame required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Proposal for the furnishing of polygraph examination services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed proposals for the furnishing of polygraph examination services, for a two (2) year

agreement, with three (3) one-year extension options, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, they shall be tabulated and analyzed by an evaluation committee and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-187**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT FOR THE FURNISHING OF CURB, GUTTER AND SIDEWALK REPAIR OR REPLACEMENT TO K & D ENTERPRISES, INC., CERES, CA, AS THE “PRIMARY” CONTRACTOR, WITH BARHAM CONSTRUCTION, INC., CERES, CA, AS THE “SECONDARY” CONTRACTOR, FOR A THREE (3) YEAR AGREEMENT, WITH TWO (2) ONE-YEAR EXTENSION OPTIONS, FOR AN ESTIMATED ANNUAL COST OF \$246,372**

WHEREAS, the City Council adopted a formal policy in 1953, obligating the City to repair curbs, gutters and sidewalks when damage is caused from a City tree, and

WHEREAS, the Public Works Department, Urban Forestry Division is responsible for maintaining the City’s curbs, gutters and sidewalks, and

WHEREAS, repairs originate from citizen notices and City staff inspections, and

WHEREAS, contracted jobs vary in cost from between \$1,050 to \$53,265 depending on the “scope of work” of the job, and

WHEREAS, the current level of the staffing and amount of workload is resulting in longer backlogs for repairs and replacements, and

WHEREAS, on August 10, 2004, Council approved Resolution No. 2004-410, authorizing the Purchasing Supervisor to formally solicit bids for the furnishing of curb, gutter and sidewalk repair or replacement, for a three (3) year agreement, with two (2) one-year extension options, and

WHEREAS, the Purchasing Division solicited Request for Bid No. 0405-04, for the furnishing of curb, gutter and sidewalk repair or replacement to thirty-three (33) companies, posted the bid on the City’s web site, and formally advertised as required by law, and

WHEREAS, of the thirty-three (33) companies solicited, two (2) companies chose to respond, and

WHEREAS, bid language allows the award of bid and contract to more than one (1) company in order to provide backup, or in case the “primary” contractor is unable to meet the City’s needs, and

WHEREAS, the secondary or third company could be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the timeframe required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, based on being the lowest responsive and responsible bid, City staff recommends the award of Bid No. 0405-04 and contract for the furnishing of curb, gutter and sidewalk repair or replacement to K & D Enterprises, Inc., Ceres, CA, as the “primary” contractor, for a three (3) year agreement, with two (2) one-year extension options, for a estimated annual cost of \$246,372, and

WHEREAS, City staff also recommends the award of bid and contract for the furnishing of curb, gutter and sidewalk repair or replacement to Barham Construction Inc., Ceres, CA, as the “secondary” contractor, for a three (3) year agreement, with two (2) one-year extension options.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0405-04 and contract for the furnishing of curb, gutter and sidewalk repair or replacement to K & D Enterprises, Inc., Ceres, CA, as the “primary”

contractor, for a three (3) year agreement, with two (2) one-year extension options, for an estimated annual cost of \$246,372.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby awards Bid No. 0405-04 and contract for the furnishing of curb, gutter and sidewalk repair or replacement to Barham Construction, Inc., Ceres, CA, as the “secondary” contractor, for a three (3) year agreement, with two (2) one-year extension options.

BE IT FURTHER RESOLVED that the City Manager or his designee, is hereby authorized to execute said contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-188**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND PURCHASE  
ORDER FOR SIX (6), MODEL 170E CONTROLLERS AND MODEL 332  
CABINETS TO MCCAIN TRAFFIC SUPPLY OF SACRAMENTO, CA. IN THE  
APPROXIMATE AMOUNT OF \$33,485.99**

WHEREAS, the Public Works Department-Traffic Division has requested the purchase of six (6), Model 170E Controllers and Model 332 Cabinets for traffic signal control for an estimated cost of \$50,000, and

WHEREAS, Resolution No. 2005-59 authorized the Purchasing Supervisor to solicit formal Request for Bids (RFB) for six (6), Model 170E controllers, with Model 332 Cabinets, and

WHEREAS, the Model 170E controller assemblies consisting of Model 170E controller units, and wired Model 332 cabinets and all auxiliary equipment are required to control the signal indications for full eight (8) phase signal operation, and

WHEREAS, the Model 170E Controller conforms to Traffic Signal Control Equipment Specification used by the State of California, and

WHEREAS, these units will be used to replace damaged units, as well as units which have been in use for over twenty (20) years at various City-wide locations, and

WHEREAS, the City Council has appropriated funds in account number 0700-160-1612-0365 for six (6), Model 170E Controllers, with Model 332 Cabinets, and

WHEREAS, the Modesto Municipal Code, MMC Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for materials, equipment, or contractual services to be formally bid. The code also states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council.

MMC (8-3.203 (a)). The six (6), Model 170E Controllers and Model 332 cabinets received said approval with Resolution No. 2005-59. This award of bid and purchase order will conform to code.

WHEREAS, the Purchasing Division solicited formal bids for six (6), Model 170-E Controllers and Model 332 Cabinets on Request for Bid (RFB) 0405-16, and

WHEREAS, out of ten (10) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, McCain Traffic Supply, Inc. of Sacramento, CA. is deemed to be the lowest responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and purchase order to McCain Traffic Supply Inc. of Sacramento, CA. in the approximate amount of \$33,485.99.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order to McCain Traffic Supply, Inc for six (6), Model 170E Controllers and Model 332 Cabinets in the approximate amount of \$33,485.99.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

FOR TWO (2), NEW, CURRENT YEAR/MODEL TRUCKS, WITH FLATBEDS IN THE APPROXIMATE AMOUNT OF \$49,211.04. THE TOTAL APPROXIMATE PURCHASE AMOUNT FOR ALL SEVEN (7), NEW, CURRENT YEAR/MODEL VEHICLES IS \$161,686.55**

WHEREAS, the Public Works Department-Fleet Services Division has requested the purchase of five (5), new, current year/model pickups and two (2), new, current year/model, trucks with flatbeds, and

WHEREAS, on July 15, 2004, the Finance Committee approved a recommendation to authorize the solicitation of bids for vehicles and heavy equipment throughout FY 2004/05 through various competitive processes, in a cumulative amount not to exceed the budgeted amount and returning to Council for authorization to award the contract, and

WHEREAS, Resolution No. 2004-377 authorized the Purchasing Supervisor to solicit formal bids for vehicles and equipment with the Purchasing Supervisor coming back to Council for award authorization, and

WHEREAS, the five (5), new, current year/model pickups consist of two (2) each, mid-size crew cab pickups, one (1) each, ½ ton regular cab pickup, one (1) each, ½ ton extended cab pickup, and one (1) each, one ton extended cab pickup, DRW, and

WHEREAS, the two (2), new, current year/model trucks with flatbeds consist of: one (1) each, one ton crew cab flatbed truck, and one (1) each, one ton extended cab, flatbed truck, and

WHEREAS, the two (2) each, mid-size crew cab pickups are being added to the Water Department Fleet, and will be used by work crews that are completing the GPS citywide inventory, and

WHEREAS, the one (1) each, ½ ton regular cab pickup is to replace a current pickup used by the Water Department, and

WHEREAS, the one (1) each, 1/2 ton extended cab pickup will replace a current pickup used by the Building Inspectors, and

WHEREAS, the one (1) each, one ton crew cab, flatbed truck is to replace a current truck in the Community Forestry Department, and

WHEREAS, the one (1) each, one ton extended cab, flatbed truck is to replace a current truck in the Community Forestry Department, and

WHEREAS, the one (1) each, one (1) ton extended cab pickup, DRW, is an additional truck for the Airport Operations Department, and

WHEREAS, the Purchasing Division solicited formal bids for five (5), new, current year/model pickups and two (2), new, current year/model, trucks with flatbeds on Request for Bid (RFB) 0405-22, and

WHEREAS, out of twenty thirty-five (35) vendors solicited, two (2) chose to respond to the RFB, and

WHEREAS, bids received were evaluated per specification 0405-20 by the Purchasing Division and the Public Works Department-Fleet Services staff, and

WHEREAS, American Chevrolet of Modesto, CA. is deemed to be the lowest responsive and responsible bidder for five (5), new, current year model pickups for a total approximate cost of \$112,475.51, and

WHEREAS, Heritage Ford of Modesto, CA. is deemed to be the lowest responsive and responsible bidder for two (2), new, current year model trucks with flatbeds for a total approximate cost of \$49,211.04, and

WHEREAS, the combined approximate total cost of all seven (7), new, current year/model pickups and flatbed trucks is \$161,686.55,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for seven (7), new, current year/model, pickups and flatbed trucks to the following vendors in the amount of \$161,686.55:

American Chevrolet of Modesto, CA. for five (5), new current year/model pickups in the approximate amount of \$112,475.51; and Heritage Ford of Modesto, CA. for two (2), new, current year/model, trucks with flatbed in the approximate amount of \$49,211.04.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue purchase orders for the seven (7) new, current year/model, pickups and trucks with flatbeds as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-190**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT TO  
HERITAGE FORD OF MODESTO, CA. FOR EIGHTEEN (18), NEW, CURRENT  
YEAR/MODEL, BLACK AND WHITE, PATROL SEDANS IN THE  
APPROXIMATE AMOUNT OF \$461,725.07**

WHEREAS, the Public Works Department-Fleet Services Division has requested the purchase of eighteen (18), new, current year/model, black and white patrol sedans, and

WHEREAS, on July 15, 2004, the Finance Committee approved a recommendation to authorize the solicitation of bids for vehicles and heavy equipment throughout FY 2004/05 through various competitive processes, in a cumulative budgeted amount not to exceed \$2,859,500.00, and

WHEREAS, Resolution No. 2004-377 authorized the Purchasing Supervisor to solicit formal bids for vehicles and equipment with the Purchasing Supervisor coming back to Council for award of bid and contract, and

WHEREAS, delivery of these vehicles will be coordinated to coincide with the life cycles of the current patrol fleet in order to meet the replacement needs over the next twelve (12) months, and

WHEREAS, the Purchasing Division solicited formal bids for eighteen (18), new, current year/model, black and white patrol sedans on Request for Bid (RFB) 0405-20, and

WHEREAS, out of twenty five (25) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, bids received were evaluated per specification 0405-20 by the Purchasing Division and the Public Works Department-Fleet Services staff, and

WHEREAS, the total cost of the eighteen (19), new, current year/model, black and white patrol sedans is approximately \$461,725.07 including freight and sales tax, and

WHEREAS, Heritage Ford of Modesto, CA. was deemed to be the lowest responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for eighteen (18), new, current year/model, black and white, patrol sedans to Heritage Ford of Modesto, CA. in the approximate amount of \$461,725.07.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order to Heritage Ford of Modesto, CA. for eighteen (18), new, current year/model, black and white patrol sedans in the approximate amount of \$461,725.07.

RESOLUTION NO. 2005-193**

**A RESOLUTION APPROVING AN AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF MODESTO AND THAYER CONSULTING FOR PROFESSIONAL SERVICES RELATED TO THE SELECTION OF AN UPGRADE/REPLACEMENT SYSTEM FOR MODESTO POLICE AND FIRE DEPARTMENTS RECORD MANAGEMENT, MOBILE DATA SYSTEMS, AND AUTOMATED FIELD REPORTING SYSTEMS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, in May 2004, an Agreement was signed with Gartner Consulting to provide support to the Police, Fire and Information Technology Departments in the selection of upgrade & replacement technology systems for Records Management, Mobile Computing, and Automated Field Reporting, and

WHEREAS, for the entire term of this agreement, Thayer Consulting has served as the project subcontractor to Gartner Consulting, and Brian Hudson from Thayer Consulting has been the primary consultant assigned to the project, and

WHEREAS, at this time the Project Steering Committee (which includes our Police Chief, Fire Chief, Chief Information Officer, and Finance Deputy) is asking for approval of a new contract directly with Thayer Consulting, and

WHEREAS, the new contract, in the amount of \$7,900, will allow us to retain the services of Brian Hudson of Thayer Consulting during contract negotiations, and

WHEREAS, this work is in addition to the original contract and will bring the overall cost of the project to \$64,400, and

WHEREAS, all contracts over the amount of \$50,000, are required to be approved by the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that an Agreement for Consultant Services with Thayer Consulting in the amount of \$7,900, in the form attached hereto is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said Agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-194**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN THE CITY OF  
MODESTO AND THE MODESTO CITY EMPLOYEES' ASSOCIATION  
(MCEA) FOR A FLEXIBLE STAFFING PILOT PROGRAM IN THE CUSTOMER  
SERVICES DIVISION OF THE FINANCE DEPARTMENT**

WHEREAS, the parties agree that Article 50 – Pending Issues, of the current Memorandum of Understanding between the City of Modesto and the Modesto City Employees' Association (MCEA) provides for a re-opener on a Flexible Staffing Pilot Program in the Customer Services Division of the Finance Department, and

WHEREAS, this program is to study and develop flexible staffing options that are based on measurable knowledge, skills, abilities, and time-in-grade criteria, and

WHEREAS, the Pilot Program was designed and developed by the affected employees, work unit managers, and representatives of MCEA and the City of Modesto, and

WHEREAS, the parties have met and conferred in good faith, and

WHEREAS, the Pilot Program provides flexible staffing for the newly proposed classifications of Customer Services Account Clerk I, Customer Services Account Clerk II and Customer Services Account Clerk III at Salary Ranges 109, 111 and 115 respectively, and a new classification of Customer Services Accounting Technician (attached) at Salary Range 118, and

WHEREAS, the number of allocations at the Customer Services Account Clerk III level will be limited to 25% of the total number of Customer Services Account Clerks allocated to the Division, and

WHEREAS, specific criteria will be used to determine an employee's readiness for flexing to the next level, and

WHEREAS, the parties have agreed to a structured process for and Advancement Procedure to be used to determine if an employee is recommended for flexing to the next level,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the Agreement between the City of Modesto and the Modesto City Employees' Association (MCEA) adopting a Customer Services Account Clerk Flexible Staffing Pilot (Program) in the Customer Services Division of the Finance Department, said Program shall continue from the date of adoption (April 26, 2005) through April 30th, 2007, or until such date as the City Council adopts a Resolution removing the sunset provision on this Pilot Program and the applicable amendments to the Class Range Tables and Classification Plan, confirming the establishment of the above program on an on-going basis.

BE IT FURTHER RESOLVED that should the City determine by April 30th, 2007 that the Pilot Program has not been successful, the City shall notify MCEA. The parties will, within a reasonable time thereafter, meet and confer in a good faith effort to resolve identified problems. Should the parties be unable to resolve outstanding issues, the City reserves the right to abolish the Pilot Program effective May 1<sup>st</sup>, 2007.

BE IT FURTHER RESOLVED that, notwithstanding the above, should the City abolish the Pilot Program, all employees designated as Customer Service Account Clerk I, II or III or Customer Service Accounting Technician shall be reclassified as Account

Clerk or Accounting Technician as defined by the current classification specifications at Salary Ranges 111 and 115 respectively.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-195**

**A RESOLUTION REVISING THE POSITION CLASSIFICATION PLAN  
FOR THE CITY OF MODESTO**

WHEREAS, a Position Classification Plan for the City of Modesto was adopted by Modesto City Council Resolution No. 88-338 pursuant to Rule 2 of the Personnel Rules and Regulations of the City of Modesto, and

WHEREAS, the City Manager has recommended to the Council amendments to the Position Classification Plan, and

WHEREAS, Rule 2.2 of the City of Modesto Personnel Rules provides that revisions to the Classification Plan shall be effective upon adoption of resolution of the City Council,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. CLASSIFICATIONS CREATED. The Position Classification Plan of the City of Modesto is hereby amended to create the following classifications:

1. Customer Services Account Clerk I
2. Customer Services Account Clerk II
3. Customer Services Account Clerk III
4. Customer Services Accounting Technician.

Said job specifications for the classifications listed above are being created to reflect a recent tentative agreement between the City of Modesto and the Modesto City Employees' Association regarding a Flexible Staffing Pilot Program in the Customer Services Division of the Finance Department. The job specifications for the

classifications of Customer Services Account Clerk I, Customer Services Account Clerk II, Customer Services Account Clerk III, as shown on the attached Exhibit "A", and Customer Services Accounting Technician, as shown on the attached Exhibit "B", which are hereby made a part of this resolution by reference, are hereby approved and made part of the Position Classification Plan of the City of Modesto.

SECTION 2. EFFECTIVE DATE. This resolution shall become effective on and after April 26, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

## CUSTOMER SERVICES ACCOUNT CLERK I/II/III

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.

### DEFINITION

To perform a variety of customer services and related accounting tasks involving financial transactions and record keeping including accounts receivable, utility billing, cashiering, business licensing and revenue recovery; to perform a wide variety of general clerical activities and work related to both internal and external customers.

### DISTINGUISHING CHARACTERISTICS

Positions in this class are flexibly staffed and are normally filled by advancement through the series, or when filled from the outside require prior work experience directly related to the area of assignment.

Customer Services Account Clerk I – is defined as the entry-level class of the Customer Services Account Clerk series. Initially, incumbents learn to perform a variety of tasks under the direction of a more experienced employee requiring knowledge of departmental and City procedures. This level is considered a trainee level; Incumbents are expected to develop additional expertise and meet the requirements of the Customer Services Account Clerk II after a minimum of 12 months and receive a satisfactory performance evaluation.

Customer Services Account Clerk II - is the fully qualified, journey level class of this series. Incumbents possess the ability to identify routine problems or needs, create solutions in a skilled manner and to independently conduct routine assignments without immediate supervision. Specific duties may vary depending on the assignment. Incumbents may only advance to the III level after a minimum of 12 months as a Customer Services Account Clerk II, receive an overall performance evaluation at the “exceeds standard” level and have passed the appropriate proficiency standard rating, and with the approval of the Deputy Director of Finance.

DISTINGUISHING CHARACTERISTICS, (Continued)

Customer Services Account Clerk III - is defined as the highly qualified and diversified, advanced level class of the series. Incumbents possess specialized knowledge and are expected to perform the full scope of duties in more than one functional area, identify complex and technical problems or needs, create solutions in a skilled demonstrated manner and to independently complete complex assignments with limited supervision. Specialized knowledge may involve functioning as an advisor to staff on specific procedures or practices.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher-level accounting or supervisory staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

Essential Functions:

Perform customer service at counter, write receipts, collect monies, post and assign account numbers.

Post data to various ledgers, registers, journals and logs according to established account classifications and procedures.

Process incoming mail; write deposits receipts and record on files; verify account numbers and amount paid; process returned mail and improperly written checks.

Check and tabulate statistical and financial data.

Assist customers, departments, and employees, by providing information, explaining procedures, and answering questions over the telephone and in person.

Perform a variety of general clerical duties including computer data entry, typing, and maintaining files and records.

Process and match payment vouchers and invoices; verify accuracy of information, research discrepancies, assign codes and verify with registers.

Operate a personal computer for a variety of applications, depending on assignment.

Essential Functions: (Continued)

**Depending upon the assignment, additional specific functions include the following:**

**When assigned to Accounts Receivable:**

Maintain accounts receivable PC system and files, including adding new invoices, recording paid invoices, filing paid invoices, working with customers through correspondence and over the phone, monitoring past due invoices, and sending follow-up notices.

Process appropriate delinquent invoices to the Credit Bureau.

**When assigned to Cashiering:**

Perform customer service at counter by collecting monies, issuing receipts and answering basic questions regarding utility accounts, parking citations, business licensing, parking, bus passes and other city procedures.

Operate machinery to open and sort utility payments; verify amounts; balance and process payments.

Prepare daily banking documents and materials; prepare and type various bills and notices.

**When assigned to Business Licensing:**

Operate a PC based business license system including: setting up new accounts, posting payments and adjustment and closing out accounts.

**When assigned to Utility Billing:**

Provide customer service to explain utility collections, regulations, policies and procedures by telephone and in person.

Operate a PC based utility billing system including new accounts, adjustments and payment plans; make billing adjustments, entering reads and canceling bills.

Balance and prepare daily banking documents.

Essential Functions: (Continued)

**When assigned to Revenue Recovery:**

Provide customer service to explain collections, regulations, policies and procedures by phone and in person.

Operate a PC based Collection and Citation software including adjustments and payments plans.

**Customer Services Account Clerk III** (In addition to duties listed above.)

Diagnose and resolve problems in assigned area; provide training to less experienced staff as needed.

Develop manuals; assist in the development of policies and procedures.

Process invoices; verify accuracy of information, research discrepancies, assign and verify codes.

Assume technical leadership on projects, conversions and implementation.

Act as back up to technical staff and/or assist with technical duties including support in applicable cross trained areas.

Marginal Functions:

Perform related duties as assigned.

**QUALIFICATIONS**

**Customer Services Account Clerk I/II**

Knowledge of:

Customer service practices resulting in positive outcomes.

Financial record keeping practices and procedures.

Basic accounting principles.

Accounts receivable collection techniques and procedures.

Office procedures and methods; a variety of personal computer applications including spreadsheets.

Ability to:

Maintain financial records and accounts.

Post data to various ledgers, registers, journals and logs according to established procedures.

Operate a calculator, 10-key, and personal computer and related office equipment; type at a speed necessary for successful job performance.

Perform procedures in an organized and accurate manner.

Accurately count, record and balance assigned transactions.

Work with sensitive and confidential customer information; provide excellent customer service.

Communicate clearly and concisely, both orally and in writing; compose basic routine correspondence.

Establish and maintain cooperative-working relationships with those contacted in the course of work.

**Customer Services Account Clerk III** (In addition to the requirements of the I/II)

Knowledge of:

Policies, procedures, processes and forms related to assigned area.

Various computer applications depending on assignment and related to cross-trained areas.

Ability to:

Diagnose and resolve complex problems and technical issues.

Work independently with minimal supervision.

Provide training and lead direction to other City employees.

Organize, research and maintain office files.

Make arithmetical calculations with speed and accuracy.

Use initiative and sound independent judgment within established guidelines.

**EXPERIENCE AND TRAINING GUIDELINES:**

Any combination of education and experience equivalent to achievement of the knowledge and abilities listed.

**Customer Services Account Clerk I**

**Experience:**

One year of clerical experience in an office setting involving financial record keeping, including accounting, payroll preparation, cashiering, customer service, statistical data or related function.

**Training:**

Equivalent to graduation from high school.

**Customer Services Account Clerk II**

**Experience:**

Two years of clerical experience in an office setting, involving financial record keeping, including accounting, payroll preparation, cashiering, customer service, statistical data or related function, **OR** successful completion of the probationary period as a Customer Services Account Clerk I, receipt of a "meets standards" performance evaluation, and having met the requirements of Customer Services Account Clerk II.

**Training:**

Equivalent to graduation from high school.

**Customer Services Account Clerk III**

**Experience:**

A minimum of one year experience as a Customer Services Account Clerk II, receipt of an "Exceeds Standard" performance evaluation and passing of the proficiency standard rating established by the department.

**Training:**

Equivalent to graduation from high school **AND** participation in three job-related training/classes or conferences approved by the supervisor and based on department criteria.

WORKING CONDITIONS:

Environmental Conditions:

Office environment; exposure to computer screens.

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting or standing for prolonged periods of time; using various office equipment including a computer and 10-key.

## CUSTOMER SERVICES ACCOUNTING TECHNICIAN

Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.

### DEFINITION

To perform a variety of technical and accounting duties involving the maintenance of the accounts receivable, utility billing, cashiering, business licensing, and revenue recovery and general customer services; and to provide technical staff assistance to the Customer Services Supervisors, Deputy Finance Director and other City staff.

### DISTINGUISHING CHARACTERISTICS

The Accounting Technician is considered the lead worker in the clerical accounting series. Incumbents are expected to provide technical expertise, support and instruction regarding applicable procedures and methods; monitor the workflow of assigned staff and work with employees to provide on-going training and coaching as needed.

### SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from higher-level supervisory staff.

May exercise technical supervision over less experienced technical and clerical staff.

ESSENTIAL AND MARGINAL FUNCTION STATEMENTS – Essential and other important responsibilities and duties may include, but are not limited to, the following:

#### Essential Functions:

Interpret and explain rules and regulations; answer questions and resolve problems or citizen complaints when escalated above account clerk level.

Reconcile various ledgers, registers and journals according to established accounting principles.

Direct daily workflow of clerical staff to process, record, verify, and balance all payments received; reconcile against bank deposit receipts.

Provide input to supervisors on assigned employee's performance.

Approve and initiate collection of account balances; locate and collect past due accounts; establish payment plans.

Essential Functions: (Continued):

Establish and maintain accounting records; assign a variety of codes as applicable.

Prepare a variety of financial statements and monthly reports for City accounting and utility accounting; assist customers/staff in the most complex utility payment, business license, and accounting related questions.

Research background information; compile and prepare a variety of statistical and financial reports.

Research and answer various departmental questions regarding status of accounts, the proper coding of transactions and other matters.

Audit and maintain files and records; prepare periodic reports.

Operate a computer terminal in performing assigned duties.

Marginal Functions:

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Customer service practices resulting in positive outcomes.

A variety of computer applications including spreadsheets.

Generally accepted accounting principles.

Basic principles and practices of governmental accounting.

Advanced bookkeeping principles.

Current office procedures, methods and computer equipment.

Record keeping practices and procedures.

Basic mathematic principles.

Basic bookkeeping and financial record keeping principles and practices

Ability to:

Diagnose and resolve complex technical issues.

Work with sensitive and confidential customer information; provide excellent customer service.

Maintain and balance a variety of financial records, ledgers and accounts.

Provide lead direction and training to assigned work group.

Use initiative and sound independent judgment within established guidelines.

Work independently with minimal supervision.

Operate a calculator, 10-key, computer and related office equipment.

Type at a speed necessary for successful job performance.

Maintain a variety of financial records and files.

Type at a speed necessary for successful job performance.

Perform procedures in an organized and accurate manner.

Accurately count, record and balance assigned transactions.

Understand and carry out oral and written instructions.

Establish and maintain cooperative-working relationships with those contacted in the course of work

EXPERIENCE AND TRAINING GUIDELINES

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

One-year experience as a Customer Services Account Clerk III or the equivalent. Experience must include resolving complex customer service issues, technical problem solving, providing training and lead direction to other employees, researching information and providing technical support both procedurally and on applicable software.

Training:

Equivalent to graduation from high school supplemented by college level accounting courses and/or job related training courses.

WORKING CONDITIONS:

Environmental Conditions

Office environment involving public contact; exposure to computer screens

Physical Conditions:

Essential and marginal functions may require maintaining physical condition necessary for sitting or standing for prolonged periods of time; using various office equipment including a computer and 10-key.

**MODESTO CITY COUNCIL

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-197**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
ISSUE A REQUEST FOR PROPOSALS FOR THE ESTABLISHMENT OF  
A BROKER OF RECORD FOR THE CITY'S EMPLOYEE GROUP  
INSURANCE PROGRAMS**

WHEREAS, the City of Modesto offers employee group insurance programs for its employees, and

WHEREAS, the City of Modesto utilizes the services of a broker to advise the City in plan design to contain costs and maximize benefit effectiveness, and

WHEREAS, the broker has been retained on an month-to-month basis and a long- term formal agreement is desirable, and

WHEREAS, the broker will provide the annual marketing of the group health and life programs, and

WHEREAS, the broker will serve in an advisory capacity to the Employee Benefits Committee, and

WHEREAS, the broker will assist in writing, reviewing and analyzing Requests for Proposals during renewals.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Purchasing Supervisor to issue a Request for Proposal for the establishment of a Broker of Record for the City's employee group insurance programs.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-198**

**A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT  
BETWEEN THE CITY OF MODESTO AND SUE FISCOE, DBA FISCOE  
MANAGEMENT (FM GOLF) AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE AMENDMENT TO THE AGREEMENT**

WHEREAS, the City owns, operates and manages the Municipal Golf Course (“Municipal Course”), Dryden Park Municipal Golf Course (“Dryden Course”), Dryden Park Municipal Golf Course Driving Range (“Dryden Range”), Creekside Municipal Golf Course (“Creekside Course”) and Creekside Municipal Golf Course Driving Range (“Creekside Range”), and

WHEREAS, on March 21, 2000, the City of Modesto and FM Golf entered into an agreement under authority of Resolution No. 2000-131 retaining FM Golf as golf course professional to provide golf professional services at Municipal Course, Dryden Course, Dryden Range, Creekside Course, and Creekside Range, and,

WHEREAS, also under authority of Resolution No. 2000-131, FM Golf was retained to provide food and beverage concession services at Municipal Course and Dryden Course Clubhouse, and

WHEREAS, on November 13, 2003, the City extended the agreement with FM Golf under authority of Resolution 2003-606 for a five-year period commencing on July 1, 2003, and

WHEREAS, on May 25, 2004, the City amended the agreement with FM Golf under authority of Resolution 2004-274, for FM Golf to provide food and beverage concession services at Creekside Municipal Golf Course, and

WHEREAS, at its March 21, 2005, meeting, the Finance Committee recommended amending the agreement with FM Golf to include the following changes:

- (1) The duties of paid marshals on the golf courses will be assumed by existing pro-shop staff.
- (2) Golf Course restaurant hours of operation may be adjusted based on inclement weather or slow conditions.
- (3) Armored car service will be reduced from five to three pickups a week.
- (4) Golf advertising will be obtained through bartering of non-primetime golf rounds up to \$30,000.
- (5) Youth golf programs will be provided by a mutual agreement between FM Golf and The First Tee of Modesto.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves amending the agreement with FM Golf to incorporate the above changes for management of the City's Municipal golf courses.

BE IT FURTHER RESOLVED that the execution of said Amendment to Agreement by the City Manager, or his designee, is hereby authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-199**

**A RESOLUTION APPROVING A PROPERTY MANAGEMENT  
AGREEMENT WITH WOLVERINE PROPERTY  
MANAGEMENT, A DIVISION OF PRUDENTIAL CALIFORNIA  
REALTY, AND AUTHORIZING THE CITY MANAGER TO SIGN  
THE AGREEMENT**

WHEREAS, the City of Modesto's Parks Recreation and Neighborhoods Department has rental properties it administers, and

WHEREAS, the current properties are: 4205 Gomes Rd, Modesto; 801 N. McClure Rd., Modesto; 660 El Vista Dr., Modesto; 1204 River Rd., Modesto; 1318 W. Hatch Rd., Modesto, and

WHEREAS, City of Modesto staff has identified a special need for professional property management, and

WHEREAS, City of Modesto staff believes that City staff does not have the depth of expertise nor the time that is needed to provide the best possible professional property management, and

WHEREAS, City of Modesto staff has issued a Request for Proposal to 22 qualified companies to successfully serve the City in Property Management of the Parks, Recreation and Neighborhoods rental properties, and

WHEREAS, one firm (Wolverine Property Management) responded to the Request for Proposal and has been deemed by staff qualified to perform the following management approach: (1) Ability to provide management services that focus on long-term results, which add value to the City's property assets. (2) Ability to resolve disputes in an expeditious manner while maintaining professionalism and ensuring the best benefit for the City. (3) Ability to accurately apply the principles, practices and legal requirements of real estate, property management and any and all pertinent laws and

practices. (4) Ability to accurately apply the principles and practices of negotiations, conflict resolution, principles and practices of management, administration and resource allocation planning, and

WHEREAS, the company that has qualified through the RFP process is Wolverine Property Management, a division Prudential California Realty, and

WHEREAS, on September 27, 2004, the Finance Committee unanimously recommended this proposal go forward to the City Council,

NOW, THEREFORE, BE IT RESOLVED, that the City Council of Modesto hereby approves an agreement with Wolverine Property Management to provide the City's Parks, Recreation and Neighborhoods Department with property management.

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager or his designee to execute the agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-201**

**A RESOLUTION APPROVING A MID-YEAR ADJUSTMENT TO THE FY 2004-2005 BUDGET FOR THE STANISLAUS RESOURCE RECOVERY (“WASTE-TO-ENERGY”) FACILITY AND APPROVING THE FY2005-2006 BUDGET**

WHEREAS, on December 17, 1985, the City of Modesto and County of Stanislaus entered into an agreement for administration of the City/County Service Agreement with the Stanislaus Waste Energy Company (now Covanta Stanislaus) for supply and acceptance of solid waste, and

WHEREAS, since that time, the City has been partners with Stanislaus County and Covanta Stanislaus in the Stanislaus Resource Recovery Facility (the “Waste-to-Energy” or “WTE” Facility), and

WHEREAS, the Agreement established a Solid Waste-to-Energy Executive Committee (“Executive Committee”), which prepares an annual budget for each fiscal year, and submits said annual budget to the City Council and Board of Supervisors for approval by August 1<sup>st</sup> of each year, and

WHEREAS, said Executive Committee may also recommend adjustments to an approved annual budget as necessary to provide sufficient funding for project activities, and

WHEREAS, at its March 10, 2005, meeting, the Executive Committee considered a proposed mid-year adjustment to the 2004/2005 budget as shown in Exhibit “A”, attached hereto and incorporated herein by reference, and the Executive Committee unanimously approved forwarding this proposed mid-year adjustment to the Modesto City Council and the Stanislaus County Board of Supervisors for approval, and

WHEREAS, at its March 10, 2005, meeting, the Executive Committee also considered the proposed 2005/2006 Budget as shown in Exhibit "B", attached hereto and incorporated herein by reference, and the Executive Committee unanimously approved forwarding this proposed 2005-2006 Budget to the Modesto City Council and the Stanislaus County Board of Supervisors for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the mid-year adjustment to the FY 2004-2005 Waste-to-Energy Project Budget, a copy of which is attached hereto as Exhibit "A" and incorporated herein by reference, as recommended by the Executive Committee.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves the FY 2005-2006 Waste-to-Energy Project Budget, a copy of which is attached hereto as Exhibit "B" and incorporated herein by reference, as recommended by the Executive Committee.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-202**

**A RESOLUTION APPROVING ALLOCATION OF COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDS OF \$435,953 FOR PUBLIC SERVICES AND \$52,801 FOR SERVICES FOR THE HOMELESS, AND EMERGENCY SHELTER GRANT (ESG) FUNDS OF \$23,011 FOR FISCAL YEAR 2005-2006, AND AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SIGN AND EXECUTE THE AGREEMENTS**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives a Community Development Block Grant (CDBG) and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty level, and the number of housing units that are considered substandard, and

WHEREAS, a maximum of fifteen percent (15%) of the City's available CDBG entitlement plus an amount up to 15% of the prior year's program income and the prior year's program income from the Revolving Loan Fund, may be allocated for the purposes of providing assistance that is consistent with the functions of CDBG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, and

WHEREAS, in Fiscal Year 2005-2006, 15% of the City's available CDBG entitlement plus prior year program income is \$435,953, and 15% of the prior year's CDBG Revolving Loan Fund program income is \$75,000, and

WHEREAS, the available ESG entitlement is \$104,391, and

WHEREAS, a total of \$110,000 is set aside for a city-operated crime prevention program, and \$75,000 has been set aside for homeless services only, and

WHEREAS, the Citizens Housing & Community Development Committee (CH&CDC) recommended allocation of \$435,953 in available funds to qualified non-profit agencies for public services as set forth in Exhibit A-1, attached hereto and incorporated herein by reference, and

WHEREAS, CH&CDC also recommended that \$52,801 be allocated for services for the homeless as set forth in Exhibit B, attached hereto and incorporated herein by reference, and

WHEREAS, in Fiscal Year 2005-2006, the City's ESG grant is \$104,391, and

WHEREAS, the CH&CDC recommended allocation of \$23,011 to local non-profit agencies for the purposes of providing assistance that is consistent with the functions of ESG funding to very-low, low and moderate income persons and families residing within the city limits of Modesto, as set forth in Exhibit C-1, attached hereto and incorporated herein by reference, and

WHEREAS, the CH&CDC recommended conducting a second round of review for proposals originally deemed ineligible due to incomplete documentation, utilizing \$22,199 of CDBG funds designated for homeless services, and \$81,380 in ESG funds, and

WHEREAS, at a public meeting on March 25, 2005, the Citizens Housing and Community Development Committee recommended funding as set forth in Exhibits A, B and C attached hereto and incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of \$435,953 in Community Development Block Grant (CDBG) funds for public services as set forth in Exhibit A.

BE IT FURTHER RESOLVED that the Council hereby approves the allocation of \$52,801 in CDBG Revolving Loan funds for services for the homeless as set forth in Exhibit B.

BE IT FURTHER RESOLVED that the Council hereby approves the allocation of Emergency Shelter Grant (ESG) funds of \$23,011 for emergency shelter services for Fiscal Year 2005-2006 as set forth in Exhibit C.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Council hereby approves the allocation of a total of \$110,000 for a city-operated crime prevention program.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his authorized designee, is hereby authorized to execute any and all documents with respect to implementation of the allocation of Fiscal Year 2005-2006 CDBG, CDBG Revolving Loan Fund, and ESG Public Service Grant funds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

## COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

### **PARTIALLY FUNDED:**

#### Healthy Aging – Young At Heart

Requested: \$27,902

Recommended: \$12,686

Partial funding is recommended to cover the salaries requested for direct service positions described in the proposal only. As detailed in the agency's request this amount will cover the need for instructors and their benefits, except the tai chi instructor for whom the need was not described in Section II, Q 4.

Funding was not allotted for education/outreach personnel, audit, program materials, or program supplies. Proposal did not contain sufficient detail to establish need.

#### Project Sentinel – Tenant Landlord

Requested: \$35,000

Recommended: \$24,000

Funding recommendation allows renewal of last year's level of service. Proposal did not contain sufficient information regarding increase in service, and its subsequent effect on program budget to warrant increase.

#### Stanislaus Literacy Center – Adult Literacy

Requested: \$34,325

Recommended: \$15,497

Proposal was vague in addressing program outcomes. Funding granted for program materials and other line item expenses detailed in "Project Budget." Committee did not find adequate budget detail to fund rent request. Additionally, audit and telephone will not be eligible expenses.

### **NOT FUNDED:**

#### Victory Life Center – Paperless Application System

Requested: \$20,000

Recommended: Not recommended for funding

Does not sufficiently improve service or programming for low-income Modesto residents. Outcomes were unclear.

#### Victory Life Center – Emergency Food Pantry

Requested: \$20,000

Recommended: Not recommended for funding

Budget did not include specific food items or costs, projected meals served, or cost per client. Project description does not contain sufficient detail on intended implementation and food purchase strategy. Program outcomes are vague.

**CDBG Homeless Services Applications 2005-2006**

**Amount Available for Non-Profit Agencies:            \$75,000**

		<b>\$130,784</b>	

**EMERGENCY SHELTER GRANT (ESG)**

**PARTIALLY FUNDED:**

Center for Human Services – Hutton House, Repairs & Maintenance

Requested: \$19,472

Recommended: \$8,971

Program was funded for necessary repairs. Estimates and sufficient need for exterior/interior painting of house were not established. These projects at \$5,000 each are not recommended for funding.

**NOT FUNDED:**

Stanislaus Community Assistance Protect – Halo House Furnishings

Requested: \$12,000

Recommended: INELIGIBLE

HUD has determined ESG is not an eligible funding source for the project described.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-203**

**A RESOLUTION AUTHORIZING STAFF TO CONDUCT A SECOND ROUND  
OF REVIEW FOR PROPOSALS FOR DEPARTMENT OF HOUSING AND  
URBAN DEVELOPMENT ENTITLEMENTS ORIGINALLY DEEMED  
INELIGIBLE DUE TO INCOMPLETE DOCUMENTATION, UTILIZING  
\$22,199 of CDBG FUNDS DESIGNATED FOR HOMELESS SERVICES, AND  
\$81,380 in ESG FUNDS**

WHEREAS, the City of Modesto receives several Federal grants from the United States Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives a Community Development Block Grant (CDBG) and an Emergency Shelter Grant (ESG), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty level, and the number of housing units that are considered substandard, and

WHEREAS, in Fiscal Year 2005-2006, the Citizens Housing & Community Development Committee (CH&CDC) recommended allocation of CDBG funds of \$435,953 be allocated to qualified non-profit agencies for public services, CDBG Revolving Loan funds of \$52,801 be allocated for services for the homeless, and ESG funds of \$23,011 be allocated for emergency shelter services, and

WHEREAS, at its March 25, 2005, meeting, the CH&CDC recommended that staff conduct a second round of review for proposals originally deemed ineligible due to incomplete documentation, utilizing \$22,199 of CDBG funds designated for homeless services, and \$81,380 in ESG funds,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to conduct a second round of review for proposals

originally deemed ineligible due to incomplete documentation, utilizing \$22,199 of CDBG funds designated for homeless services, and \$81,380 in ESG funds.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-204**

**A RESOLUTION AMENDING SECTIONS 3 AND 14 OF RESOLUTION NO. 2004-627 ENTITLED "A RESOLUTION RESCINDING ALL PREVIOUS WATER FEE RESOLUTIONS, ESTABLISHING A SINGLE RATE BASE, AND ESTABLISHING FEES FOR THE PROVISION OF WATER AND ALL FEES ASSOCIATED WITH WATER OPERATIONS AND MANAGEMENT"**

WHEREAS, Section 11-1.04 of the Modesto Municipal Code (MMC) authorizes the Council, by resolution, to establish charges for water service installation, and MMC Section 11-1.05 authorizes the Council, by resolution, to establish charges for water main connection charges, and MMC Section 11-6.05 authorizes the Council, by resolution, to establish charges for metered water services, and MMC Section 11-6.06 authorizes the Council, by resolution, to establish charges for unmetered water services, and

WHEREAS, MMC Section 11-6.02 authorizes the Council, by resolution, to establish charges for deposits for utility services, and MMC Section 11-6.08 authorizes the Council, by resolution, to establish charges for use of fire hydrants, and

WHEREAS, on November 23, 2004, the City Council adopted resolution No. 2004-627 rescinding all previous water fee resolutions, establishing a single rate base, and establishing fees for the provision of water and all fees associated with water operations and management, and

WHEREAS, City staff has recommended a change to clarify that water connection charges are actual hookup fees and are not land based, and

WHEREAS, this change would require water connection charges to be due only at the time a building permit is issued, and

WHEREAS, Resolution No. 2004-627 is hereby amended solely with respect to Sections 3 and 14, and

WHEREAS, Resolution No. 2004-627 is reaffirmed in every other respect and repeated in its entirety herein for the sake of administrative convenience,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

DEFINITIONS:

A. Connection Charge - A one-time prorata charge to be paid by or on behalf of a prospective ratepayer for facilities existing in, or planned to be added to the City water system, minus deficiencies (previously known as Water System Fee).

B. City Water System ("System") - The City's physical assets dedicated to the provision of water to the public for human consumption, including assets for the collection, treatment, pumping, storage and distribution of water under the control of the City's operator.

C. Connection - The attachment of pipe facilities to the City water System for one or more water service uses.

D. Costs of Service - All costs appropriately borne by the entire rate base, calculated on a consumption basis to the extent practicable, and consisting of a fixed component, and a variable component including the distribution of estimated costs of service obligations allocated to the System by the City Council on a System-wide basis. Such costs shall exclude all capacity charges, and include all deficiency charges.

E. Deficiencies - Water facilities required by law or recommended by generally recognized authority as being necessary to the provision of a modern, safe,

adequate, water system of the City's size, with prudent reserves of quantity, pressure and transmission infrastructure to meet reasonably foreseeable contingencies that are absent from the City water System at any particular point in time.

F. MMC - Modesto Municipal Code.

G. Standard Billing Cycle - A standard period of time, usually consisting of one 28-35 day month commencing from date of initiation of water service, and continuing until water service termination. The Finance Director, or designee, shall have the authority to, from time to time, redefine the standard billing cycle to better fit the needs and requirements of the City.

H. Water Acquisition Costs - All direct and indirect costs to the City for water purchase, treatment and transmission to a connection with the System.

SECTION 1. WATER CHARGES BASED SOLELY ON COST OF SERVICES TO THE RATEPAYER. In accordance with law, the charge for all water delivered by the System shall be based solely on the cost of service to the ratepayer. Costs of service, in turn, shall consist of two components: fixed costs, such as those for billing, meter reading where applicable, and other general overhead, and variable costs, such as proportionate costs of the acquisition and transmission of water, removal of deficiencies, higher operating and maintenance costs apportioned to ratepayers with service demands requiring larger meters, and the costs of the commitment of the System to high-quality maintenance, and the provision of clean water at adequate pressure under all circumstances under the System's control, or as mandated by agencies outside the City as elaborated more fully below.

The City Council has evaluated the costs of service, including the costs of correcting existing deficiency in its water System and of growth, and of underwriting certain commitments to its rate base on a System-wide basis. The City's water utility is regional in nature, and its revenue requirements, or cash needs, have been attributed to the System as a whole. In certain cases, costs of only the engineering characteristics of the System may vary with a ratepayer's location. Nevertheless the Council believes the cost of service exceeds asset costs, because the Council has committed to intangible service elements in addition to fixed asset costs. These are:

1. To provide high-quality maintenance at cost.
2. To plan for and provide adequate future supplies of water for the metropolitan area.
3. To act promptly to assure a clean water supply in light of the likelihood that unpredictable and possibly dramatic changes in the regulatory climate will occur.
4. To provide clean water at adequate pressures under all reasonable circumstances.

The Council is advised that some, or perhaps many, of the assets planned to insure its promises will be located geographically apart from existing System components because different areas of a large regional System will have differing physical asset requirements through time. Thus, the primary benefit of the System to any individual ratepayer will be in the fulfillment of the Council's commitments, in contrast to the ratepayer's proximity to any specific existing or planned physical asset. In sum, the principal service of the System is and shall be the keeping of its commitments, not the geographical distribution of its physical components, or their physical effects on the water commodity those assets provide.

SECTION 2. COST OF DELIVERED WATER BASED ON QUANTITY USED IN BILLING CYCLE. It is the policy of the City of Modesto that all charges for water delivered by the System shall be determined by the quantity of water used in a standard billing cycle as determined from metered water usage for metered services, and estimated usage of unmetered (flat-rate) services, where services are metered and said meters are read for billing purposes. All estimated flat rate services will be a metered rate as services are converted and/or as funds become available.

SECTION 3. PAYMENT OF CONNECTION CHARGES. In the case of new subdivisions or parcel maps the fee shall be collected upon the issuance of the building permit.

SECTION 4. DEFICIENCY CHARGES. System modernization and improvement, as opposed strictly to expansion, benefits all of the rate base. Accordingly, the cost of removing deficiencies shall be borne by the entire rate base as a component of the variable cost per 100 cubic feet of delivered water.

SECTION 5. ALLOCATION OF WATER ACQUISITION AND TRANSMISSION COSTS. Water acquisition and transmission costs for the System are appropriately apportioned between existing deficiencies and growth requirements. Accordingly, an engineering determination has been made in the West Yost "Justification and Cost Allocation for Proposed Water System Improvements Study", accepted by Council on September 14, 2004, that 74.2% of the City's water acquisition costs be included in deficiency charges, and that the remaining 25.8% be attributed to growth, and apportioned to and collected in connection charges.

SECTION 6. DETERMINATION OF FIXED AND VOLUME BASED

CHARGES FOR DELIVERY OF WATER TO RATEPAYERS. The charge for all water delivered through a metered service where the meters are read for billing purposes, as practical, and as determined by the Finance Director, or designee, with the concurrence of the Public Works Director after December 31, 2004, set forth in the *Water Utility Cost of Service Rate Study* prepared by Foresight Consulting, accepted by Council on September 14, 2004, shall be:

Proposed Monthly Metered Water Rates (by meter size)					
	Year 1 1-Jan-05	Year 2 1-Jul-05	Year 3 1-Jul-06	Year 4 1-Jul-07	Year 5 1-Jul-08
Volume-based Rate (\$/hcf)	\$0.84	\$1.01	\$1.16	\$1.22	\$1.28
Fixed Monthly Meter Charge (in addition to volume-based charges)					
5/8"-3/4" meter	\$9.01	\$10.82	\$12.44	\$13.06	\$13.71
1" meter	\$12.78	\$15.34	\$17.64	\$18.52	\$19.45
1-1/2" meter	\$22.13	\$26.55	\$30.53	\$32.06	\$33.66
2" meter	\$33.38	\$40.06	\$46.06	\$48.37	\$50.79
3" meter	\$63.43	\$76.12	\$87.53	\$91.91	\$96.51
4" meter	\$97.19	\$116.63	\$134.13	\$140.83	\$147.88
6" meter	\$190.95	\$229.14	\$263.51	\$276.68	\$290.51
8" meter	\$303.49	\$364.19	\$418.82	\$439.76	\$461.75
10" meter	\$434.84	\$521.80	\$600.07	\$630.08	\$661.58
12" meter	\$809.95	\$971.95	\$1,117.74	\$1,173.62	\$1,232.31

hcf = Hundred cubic feet

The above listed fixed meter charges shall be charged to all ratepayers in every billing cycle. This fixed cost will be charged whether or not any water is actually used by a ratepayer in a given billing cycle until such time as water service is terminated by the customer.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

SECTION 7. CHARGES FOR UNMETERED WATER SERVICES. The charge for all water delivered from an unmetered service after December 31, 2004, has been cost-estimated as closely as possible to average metered rates as follows: Until such time as the subject residential property is billed at a metered rate:

Proposed Monthly SFR Flat Water Rates*					
	Year 1	Year 2	Year 3	Year 4	Year 5
	1 Jan-05	1-Jul-05	1-Jul-06	1-Jul-07	1-Jul-08
0-5,000 sq. ft. lot	\$24.47	\$29.36	\$33.77	\$35.45	\$37.23
5,001-7,000 sq. ft. lot	\$27.81	\$33.37	\$38.38	\$40.30	\$42.31
7,001-11,000 sq. ft. lot	\$33.00	\$39.60	\$45.54	\$47.82	\$50.21
11,001-17,000 sq. ft. lot	\$35.03	\$42.04	\$48.34	\$50.76	\$53.30

Over 17,000 sq. ft. lot	\$41.19	\$49.42	\$56.84	\$59.68	\$62.66
----------------------------	---------	---------	---------	---------	---------

SFR = Single Family Residential

\* If a SFR property has a water meter that is read, then the appropriate Metered Water Rate will be used.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

When water service is turned on or off anytime between the beginning and end of a billing cycle, the amount charged to an unmetered (flat-rate) service shall be pro-rated.

SECTION 8. RESCISSION OF ALL PREVIOUS RESOLUTIONS RELATING TO WATER DELIVERY OR WATER OPERATIONS AND MANAGEMENT. All resolutions of the City Council setting any rates or fees whatsoever for the delivery of water, or for costs associated with operation or management of the water System, are hereby rescinded; except that water rates established by the rescinded resolutions shall remain in effect until the rates established in this resolution take effect on January 1, 2005. This resolution shall be the sole basis for determining any water fee to be charged to a ratepayer or potential ratepayer, or paid on behalf of a potential ratepayer by the City on and after January 1, 2005.

SECTION 9. COST OF METERS AND INSTALLATION. The cost of meters and of meter installation and repair for existing ratepayers when this resolution is enacted has been included in the fixed cost assigned to the rate base for water consumption, since metering has been determined to benefit the rate base as a whole.

SECTION 10. CONNECTION FEES. The law requires that charges attributable purely to growth (new connections) be borne solely by those new connections. Accordingly, the planned infrastructure cost for deficiencies in the existing System, and for costs associated with new growth have been apportioned as follows: 74.2% attributable to existing deficiencies and 25.8% attributable to new growth. These percentages have been applied to anticipated capital costs on a going forward basis for the five-year period following the date of this resolution. Combined with the growth-induced component of water acquisition costs and the apportioned cost of "buying-into" the existing system, this will result in the establishment of connection charges. The connection fee study is incomplete at the date of this resolution. This resolution will be restated and amended to include appropriate charges when the City Council has accepted the subject report. Until then, existing connection fees are restated and made applicable to growth by Section 14 of this resolution.

SECTION 11. WATER DISCOUNT FOR LOW INCOME SENIOR CITIZENS AND LOW INCOME DISABLED. The law prohibits all such cross-category subsidies requiring one ratepayer to subsidize the costs of another. Accordingly, the City Council may from time to time, by separate resolution, enact subsidies for certain categories of ratepayers, as the City Council may see fit, provided that the source(s) of funds to implement such subsidies are source(s) separate from the water enterprise fund.

SECTION 12. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE. The costs of service set forth above shall be re-examined every two years by engineers, consultants, and professionals competent in the field. Such engineers, consultants and professionals shall provide a report to the City updating both fixed and

volume based costs as appropriate and as recommended to the Council by the Finance Director and the Public Works Director. After June 30, 2009, the Finance Director, or designee, with the concurrence of the Public Works Director, shall have the authority, on an annual basis, to raise either fixed or variable costs, or both, as appropriate, by an amount not to exceed the percentage increase in the Consumer Price Index (CPI), Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance Demographics Research Unit.

SECTION 13. WATER CHARGES FOR WATER USED DURING BUILDING CONSTRUCTION.

- (a) The water service charge furnished to single-family residences, duplexes, and triplexes that are under construction will be a flat rate charge based on the formula below. This charge will be assessed and paid at the time of building permit issuance.

120 Day Residential Construction Water Rate:  
Current Flat Rate for Smallest Lot  
Area + Current City Utility Tax x 4  
months

- (b) The water service charge specified in the first paragraph provides for water service for 120 days. Subsequent to that time, the water service fee shall be collected on a regular monthly billing based on the full size of the lot unless the owners request the water to be turned off at the end of 120 days.
- (c) In the event construction ceases before the building is completed, the water to the building site will be turned off unless the property owner has made arrangements for regular service.
- (d) In the event a structure is occupied before final inspection of the structure, or water is used for other than normally required for construction, the water service charge will be made at the established rate for regular service.

- (e) Charges for water services during the construction of apartments, commercial buildings, and industrial buildings will be at the regular metered water service charge.

SECTION 14. Fixed fees for all System operations and management

services have been calculated and are hereby imposed as follows:

USER FEES	AMOUNT
Deposit	Not to exceed 3 times the estimated average bill or 2 times the normal monthly bill.
Disconnect	\$10.00
Reconnect	\$10.00
Late Payment Penalty	\$4.35
Returned Check	\$10.00
Collection Agency	\$16.50
Water Disconnection Notice (final notice mailed or doorhangers)	\$10.00
Unauthorized Reconnect (illegal on)	\$25.00
Lock Breakage/Lock Replacement	\$75.00
Disconnect Waterline at Main for Non-payment (line cut)	\$375.00

DEVELOPMENT FEES	AMOUNT
Connection Charge	\$.05 per sq. ft. of gross lot area
Water Main Installation Charge	\$18.00 per lineal foot of lot frontage
Water Service Installation Charge 1" Service 1-1/2" Service 2" Service 4" Service 6" Service 8" Service 10" Service or larger	\$1,108.00 \$1,130.00 \$1,156.00 \$2,131.00 \$2,131.00 \$2,347.00 At Cost
Water Meter Fee 1" Meter/New Service - pedestrian lid 1" Meter/New Service - traffic lid 1" Meter/Retrofit Service - pedestrian lid 1" Meter/Retrofit /Service - traffic lid 1-1/2" Meter with pedestrian lid 1-1/2" Meter with traffic lid 2" Meter with pedestrian lid 2" Meter with traffic lid 4" Meter 6" Meter 8" Meter 10" Meter or larger	\$115.00 \$176.00 \$520.00 \$600.00 \$484.00 \$545.00 \$520.00 \$582.00 \$1,820.00 \$2,400.00 \$3,350.00 At Cost
Pavement	\$439.00 for each trench
Parcel Reduction	\$37.00
Water Connection for Main extension	\$2,820.00
Reimbursement Agreement Preparation	\$175.00
Outside City Limits Agreement	\$35.00
Fire Hydrant Installation (each)	\$2,635.00
Fire Hydrant Line from Main per Lineal Foot	\$3.00
Pavement Replacement	\$439.00

Fire Main Test	\$90.00
Deposit to Install Meter on Fire Hydrant for Construction Water	\$500.00
Fire Hydrant Meter Use Deposit	\$500.00
Fire Service Installation Inspection/Test	\$90.00
Install 4" Single Check Valve	\$390.00
Install 6" Single Check Valve	\$479.00
Install 8" Single Check Valve	\$688.00
Voluntary Installation of Fire Sprinklers, Apartments	8.3% of normal charge
Voluntary Installation of Fire Sprinklers, SFD, Duplexes, Townhouses	\$50.00

All Development fees shall be due and may only be paid at the time a building permit is issued. Development fees shall be calculated and collected based on the proportionate area of the parcel for which the building permit is being issued and/or the parcel is being developed and only for those connections required for actual issuance of the building permit. No other Development fees for the remainder of the parcel may be paid until further building permits are issued. For purposes of this paragraph the Public Works Director, or designee, shall determine the proportionate area of the parcel being developed. The decision of the Public Works Director in this regard shall be final.

SECTION 15. This resolution shall become effective on and after April 26, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-205

A RESOLUTION ACCEPTING THE WORK BY ALLRIGHT DIVERSIFIED SERVICES, INC., FOR THE "ADA UPGRADES FOR KING-KENNEDY MEMORIAL CENTER" PROJECT AS COMPLETE, AUTHORIZING THE CITY CLERK TO FILE A NOTICE OF COMPLETION, AND AUTHORIZING PAYMENT OF AMOUNTS DUE TOTALING \$180,342.73 PER THE CONTRACT. TOTAL PROJECT COST IS \$280,998.35

WHEREAS, a report has been filed by the Public Works Director that the project titled "ADA Upgrades for King-Kennedy Memorial Center" has been completed by Allright Diversified Services, Inc., in accordance with the contract agreement dated January 6, 2004,

NOW, THEREFORE, BE IT RESOLVED that the "ADA Upgrades for King-Kennedy Memorial Center" project be accepted from said contractor, Allright Diversified Services, Inc., that the notice of completion be filed with the Recorder of Stanislaus County and that payment of amounts due totaling \$180,342.73, as provided in the contract, be authorized.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-206**

**A RESOLUTION INCREASING THE PUBLIC WORKS DIRECTOR'S  
AUTHORITY TO ISSUE CHANGE ORDERS ON THE "INTERIOR  
IMPROVEMENTS – WASTEWATER COLLECTION MAINTENANCE  
BUILDING" PROJECT FROM \$125,484.55 TO \$145,746.00, APPROXIMATELY  
19 AND 22 PERCENT RESPECTIVELY OF THE ORIGINAL CONTRACT  
PRICE WITH THE MCDONALD GLENN COMPANY**

WHEREAS, on January 6, 2004, the City Council awarded a \$660,445 contract to The McDonald Glenn Company to construct the "Interior Improvements – Wastewater Collection Maintenance Building" project, and

WHEREAS, the contractor started work on February 11, 2004, and

WHEREAS, additional work not included in the original bid needed to be added to the project to allow completion of a useable building that conforms to code requirements, and

WHEREAS, the cost of the extra work was estimated to be as high as \$125,485, an amount which exceeded the Director's authority for the project as established by the Council's Change Order Approval Policy adopted by Resolution No. 94-443 on July 19, 1994, and

WHEREAS, the Council by Resolution No. 2004-252 increased the Public Works Director's authority to approve change orders up to a cumulative amount of 19 percent of the original contract price, approximately \$125,485, and

WHEREAS, The McDonald Glenn Company, requested payment of an additional \$42,233 for added costs incurred by them as a result of the stop work directive issued by the City because of the fire service status, and

WHEREAS, these costs were not included in the various change orders executed for the project, and

WHEREAS, City staff negotiated these costs to an acceptable and justifiable amount of \$28,500, and

WHEREAS, the added unanticipated cost increased the total change order cost for the project to \$145,746, which exceeded the previously approved Director's Authority increase to \$125,485,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby increases the Public Works Director's authority level to issue change orders from \$125,485 to \$145,746 for the project entitled "Interior Improvements – Wastewater Collection Maintenance Building."

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-207**

**A RESOLUTION AMENDING THE FY 2004-2005 CAPITAL IMPROVEMENT BUDGET TO: A) REDUCE THE APPROPRIATION IN ACCOUNT NUMBER 6210-440-5201-0235, SERVICES, PROFESSIONAL & OTHER, BY \$7,500, AND RETURN THESE MONIES TO THE WASTEWATER FUND RESERVE BALANCE TO BE REALLOCATED. B) APPROPRIATE \$7,500 FROM WASTEWATER RESERVES TO PROJECT ACCOUNT NUMBER 6210-480-F743-6040, WASTEWATER COLLECTION MAINTENANCE BUILDING, THEREBY FULLY FUNDING THE PROJECT TITLED "INTERIOR IMPROVEMENTS - WASTEWATER COLLECTION MAINTENANCE BUILDING"**

WHEREAS, on January 6, 2004, the City Council awarded a \$660,445 contract to The McDonald Glenn Company to install the interior improvements in the Wastewater Maintenance Building exterior shell constructed under a previous contract, and

WHEREAS, items needing to be included in the project were excluded when the project was split into two phases, resulting in added construction costs not originally provided for in the project account, and

WHEREAS, the items of work now need to be added to the contract by change order, and

WHEREAS, a shortage of funds will occur once the change orders are executed, and

WHEREAS, the shortage has resulted in additional funds being required to fully fund the project,

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Modesto that it hereby approves amending the FY 2004-2005 Capital Improvement Budget to (1) reduce the appropriation in account number 6210-440-5201-0235, Services, Professional & Other, by \$7,500, and return these monies to the Wastewater Fund Reserve Balance to

be reallocated, and (2) appropriate \$7,500 from Wastewater Reserves to project account number 6210-480-F743-6040, Wastewater Collection Maintenance Building, thereby fully funding the project titled "Interior Improvements - Wastewater Collection Maintenance Building".

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-209**

**A RESOLUTION APPROVING THE FOURTH AMENDMENT WITH GROTHE & SMITH ARCHITECTS, IN THE AMOUNT OF \$2,232, FOR ADDITIONAL WORK NOT INCLUDED IN THE ORIGINAL AGREEMENT, TO PROVIDE ARCHITECTURAL SERVICES FOR THE WASTEWATER COLLECTION MAINTENANCE BUILDING, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AMENDMENT TO THE AGREEMENT**

WHEREAS, on October 1, 1996, the City Council approved a professional services agreement with Grothe & Smith Architects, a California Corporation, to develop architectural building plans for the Wastewater Collection Maintenance Building, and

WHEREAS, on April 27, 1999, the City Council approved the second amendment to the agreement with Grothe & Smith Architects, to eliminate architectural enhancements after the City opened bids that were 20% high, and

WHEREAS, on January 11, 2000, the City Council approved the third amendment to the agreement with Grothe & Smith Architects, to modify design by increasing the elevation of the finished floor to conform with the updated FEMA Floodplain Maps, and

WHEREAS, during the course of rebidding and building construction, Grothe & Smith Architects provided additional services to make clarifications to the Contractor, and assist in the negotiation of Contract Change Orders, and

WHEREAS, Grothe & Smith Architects has requested additional fees for reimbursable expenses in the not to exceed amount of \$2,232.00,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the fourth amendment to agreement with Grothe & Smith

Architects, in the not to exceed amount of \$2,232.00, for additional design services provided on the Wastewater Collection Maintenance Building project.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the amendment to agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-210**

**A RESOLUTION AUTHORIZING SUBMISSION OF AN APPLICATION FOR  
GRANT FUNDING FROM THE URBAN FORESTRY GRANT PROGRAM, AS  
PROVIDED THROUGH PROPOSITION 12, IN THE AMOUNT OF \$50,000,  
WITH A \$12,500 LOCAL MATCH REQUIREMENT, FOR COMMUNITY  
FORESTRY REFORESTATION**

WHEREAS, the Governor of the State of California in cooperation with the California State Legislature has enacted Proposition 12, which provides funds to the State of California and its political subdivisions for urban forestry programs, and

WHEREAS, the State Department of Forestry and Fire Protection has been delegated the responsibility for the administration of the program within the State, setting up necessary procedures governing application by local agencies and non-profit organizations under the program, and

WHEREAS, said procedures established by the State Department of Forestry and Fire Protection require the applicant to certify by resolution the approval of application before submission of said application to the State, and

WHEREAS, the applicant will enter into an agreement with the State of California to carry out a tree planting project, and

WHEREAS, the City proposes submitting a grant application in the amount of \$50,000, with a \$12,500 local match requirement, and

WHEREAS, said funds would be used to provide for Community Reforestation in the form of replanting trees lost due to disease, decline, death or storm damage,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby:

1. Approves filing of an application for "PROPOSITION 12" tree planting grant program funds, and
2. Certifies that the City of Modesto has or will have sufficient funds to operate and maintain the project, and
3. Certifies that funds under the jurisdiction of the City Council of the City of Modesto are available to begin the project, and
4. Certifies that the City of Modesto will expend grant funds prior to March 31, 2008, and
5. Appoints the City Manager, or designee, as agent of the City of Modesto to conduct all negotiations, execute and submit all documents including, but not limited to applications, agreements, amendments, payment requests and so on, which may be necessary for the completion of the aforementioned project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-211**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR ON-CALL ENGINEERING SERVICES FOR THE PUBLIC WORKS  
DEPARTMENT - WASTEWATER COLLECTIONS DIVISION TO HDR AND  
AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO EXECUTE  
THE CONTRACT**

WHEREAS, the Wastewater Collections Division anticipates tasks that can be best accomplished with the maximum efficiency and effectiveness with outside consultant engineers providing targeted services, and

WHEREAS, last year, Wastewater Collection's engineering consultants combined with internal expertise, assisted in the compiling of asset information on the City's sanitary sewage system final asset analysis that was thorough, and

WHEREAS, a number of related, short-term projects are projected for the coming years which could involve numerous small projects ranging from trenchless technology to lift station efficiency analysis, and

WHEREAS, there is not sufficient in-house staff to perform these on-call engineering services, and

WHEREAS, proposals received for on-call engineering services were evaluated per evaluation criteria as defined in the RFP/RFQ, and

WHEREAS, a committee consisting of four (4) City staff from the Public Works Department evaluated proposals, and

WHEREAS, after evaluations were made, the top three companies were interviewed by Public Works Staff, and

WHEREAS, based on the total RFP/RFQ evaluation score and interviews with Public Works Staff, HDR is hereby deemed to be the most qualified firm for on-call engineering services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for on-call engineering services for the Public Works Wastewater Collections Division to HDR, and

BE IT FURTHER RESOLVED that the Council hereby authorizes the City Manager or his designee to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-212**

**A RESOLUTION APPROVING SUBMISSION OF AN APPLICATION TO  
THE DEPARTMENT OF TRANSPORTATION FOR A SMALL  
COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM GRANT IN  
THE AMOUNT OF \$550,000 FOR AN AIRLINES STARTUP INCENTIVE  
PROGRAM, AND AUTHORIZING THE CITY MANAGER, OR HIS  
DESIGNEE, TO EXECUTE THE APPLICATION ON BEHALF OF THE  
CITY**

WHEREAS, the Federal Department of Transportation (DOT) has called for the submission of applications for a Small Community Air Service Development Program Grant, and

WHEREAS, communities that will be considered eligible for funding must either have insufficient air service or have unreasonably high airfares, and

WHEREAS, the Modesto City-County Airport meets the Department of Transportation's definition of a small community that is lacking adequate air service and has unreasonably high airfares, and

WHEREAS, the City applied for a similar grant in 2004 and was unsuccessful in securing a grant at that time, and

WHEREAS, the DOT is encouraging communities such as Modesto who were not awarded grants in 2004 to resubmit their grant applications in 2005, and

WHEREAS, staff has prepared an application that encourages the participation of a public-private consortium of market area businesses and organizations in the program should the City be awarded a grant by DOT, and

WHEREAS, the application recommends a Regional Carrier to provide daily direct service from Modesto to Los Angeles International Airport, and

WHEREAS, the Council's Economic Development Committee considered the recommendation to submit an application for \$550,000 to the DOT and endorsed the recommendation at their April 11, 2005 meeting,

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves submitting a grant application for \$550,000 to the DOT for the Small Community Air Service Development Program.

BE IT FURTHER RESOLVED that Council authorizes the City Manager, or his designee, to execute the application on behalf of the City of Modesto.

**A RESOLUTION APPROVING THE AWARD OF A PROFESSIONAL SERVICES AGREEMENT TO BROWN AND CALDWELL, FOR \$342,473.96 TO COMPLETE DESIGN SERVICES FOR THE CELESTE, ROSE, AND SCENIC SANITARY SEWER IMPROVEMENTS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE AGREEMENT**

WHEREAS, the City of Modesto operates and maintains trunk lines on Celeste, Rose, and Scenic Avenues, and

WHEREAS, the Memorial Hospitals Association (“Hospital”) has proposed expansion plans on file with the City which include 2 additional Towers, and

WHEREAS, in March 2003, Black & Veatch completed a wastewater system capacity study that identified the improvements needed to provide adequate sewer service for the planned expansion of the Hospital’s existing site, and

WHEREAS, City Administrative Directive 3.1 was followed to select a professional engineering design consultant, and

WHEREAS, a Request for Proposal for engineering design services was sent to six (6) qualified engineering firms,

WHEREAS, three Statements of Proposal were received and all firms were interviewed, and

WHEREAS, Brown and Caldwell was deemed most qualified and was selected for engineering design services, and

WHEREAS, the Public Works Director has recommended accepting the proposed contract with Brown and Caldwell to complete Design Services for the Celeste, Rose, and Scenic sanitary sewer improvements in an amount not to exceed \$342,473.96,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the agreement with Brown and Caldwell to complete Design Services for the Celeste, Rose, and Scenic sanitary sewer improvements in an amount not to exceed \$342,473.96.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the agreement.

WHEREAS, MODESTO COMMERCE, on behalf of SCENIC ROAD PROPERTIES has filed irrevocable letters of credit to secure faithful performance and payment for labor and materials in the amount of \$262,220.45 and \$131,110.23, respectively, and

WHEREAS, MODESTO COMMERCE, on behalf of SCENIC ROAD PROPERTIES, has filed an irrevocable letter of credit in the amount of \$26,030.00 to guarantee the Improvements, and

WHEREAS, the Public Works Director, in a memorandum to Council dated April 14, 2005, indicates that all work required by the Reimbursement Agreement was completed to the satisfaction of the Public Works Department as of March 24, 2005, and

WHEREAS, the Public Works Director has indicated that it would be in order for the City Council to accept the Improvements as complete, and authorize the City Clerk to file a Notice of Completion and release the performance and labor and materials securities upon expiration of the statutory periods and to release the warranty security one year and one day from the date of acceptance.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The Scenic/Coffee improvements are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the Improvements.
2. The City Clerk is hereby authorized to release the security for faithful performance in the amount of \$262,220.40 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the security for labor and materials in the amount of \$131,110.23 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty security to guarantee improvements in the amount of \$26,030.00 one year and one day from the date of acceptance, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-216**

**A RESOLUTION APPROVING THE FINAL MAP OF THE KODIAK VILLAGE  
III SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION  
AGREEMENT WITH PPC TUOLUMNE GROVE 2 LLC, A CALIFORNIA  
LIMITED LIABILITY COMPANY**

WHEREAS, PPC TUOLUMNE GROVE 2 LLC, a California Limited Liability Company, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 5.95 acres, known as the KODIAK VILLAGE III SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on July 16, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 30<sup>th</sup> day of August, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the

City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-217**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN THE SCOPE OF THE VILLAGE ONE PROGRAM ENVIRONMENTAL IMPACT REPORT (SCH NO. 90020181), AS AMENDED BY THE SUPPLEMENTAL EIR: APPLICATION FOR A PRECISE PLAN FOR AREA NO. 19 OF THE VILLAGE ONE SPECIFIC PLAN AND FOR CONCURRENT REZONING FROM SPECIFIC PLAN-HOLDING ZONE, SP-H, TO SPECIFIC PLAN-OVERLAY ZONE, SP-O, PROPERTY LOCATED AT THE NORTH SIDE OF FLOYD AVENUE, BETWEEN TEMESCAL AND LINCOLN OAK DRIVES (NARAGHI TRUST)**

WHEREAS, the Modesto City Council has adopted Resolution No. 90-757 certifying that the Village One Final Environmental Impact Report (“EIR”) (State Clearing House No. 90020181) is complete and adequate pursuant to Section 15090 of the California Environmental Quality Act (“CEQA”) Guidelines, and

WHEREAS, the Modesto City Council has adopted Resolution No. 94-297 which certified the Final Supplemental EIR for Village One; thus, the 1990 Village One Program EIR has been amended and updated by the 1994 Supplemental EIR, adopted by Resolution No. 94-297 on May 24, 1994, and

WHEREAS, on May 6, 2003, the City Council adopted Resolution No. 2003-223 which adopted an Addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan Update – May 2003 (“VI FMP ”), and

WHEREAS, an application has been filed by Naraghi Trust for a Precise Plan for Area No. 19, property located on the North Side of Floyd Avenue, between Temescal and Lincoln Oak Drives, and

WHEREAS, the applicant has applied for approval of a rezoning from Specific Plan-Holding Zone, SP-H, to a Specific Plan-Overlay, SP-O, and

WHEREAS, the City's Community & Economic Development Department reviewed the proposed Project to determine if said Project might have a significant effect on the environment, and

WHEREAS, City staff has prepared a Written Checklist, Environmental Assessment No. EA/C&ED 2005-08, which concluded that the proposed Project is within the scope of the Village One Program EIR (SCH No. 90020181), as amended by the Village One Supplemental EIR, and the addendum to Village One Specific Plan Program Environmental Impact Report for the Village One Facilities Master Plan, and

WHEREAS, the Planning Commission, by Resolution No. 2005-12, adopted on March 21, 2005, and City staff, by a report dated April 11, 2005, from the Community and Economic Development Department, recommend to the City Council approval of a Precise Plan for Area No. 19, and recommended approval of an amendment to Section 14-3-9 of the Zoning Map to rezone from Specific Plan-Holding Zone, SP-H to Specific Plan-Overlay Zone, SP-O, property located on the north side of Floyd Avenue, between Temescal and Lincoln Oak Drives , and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on April 26, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered Environmental Assessment No. EA/C&ED 2005-08, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report for Precise Plan Area # 19 & The Plaza VTSM", for the proposed Project, and the Council hereby makes the following findings:

1. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR and the 2003 Addendum to the EIR ("Program EIR") and no new environmental document or findings are required by CEQA.

2. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.

3. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.

4. There is no new information of substantial importance that was not known and could not have been known with the exercise of reasonable diligence when the Program EIR, was adopted which shows any of the following:

a. One or more significant effects which is not discussed in the Program EIR; or,

b. Significant effects which were previously examined will be substantially more severe than previously shown; or,

c. Previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,

d. Mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

5. The Written Checklist, Environmental Assessment EA/C&ED 2005-08, provides the substantial evidence to support findings 1-4, above.

A copy of said Environmental Assessment No. EA/C&ED 2005-08, entitled "Determination: Project within the Scope of the Village One Specific Plan Program Environmental Impact Report for Precise Plan Area # 19 & The Plaza VTSM", is attached hereto as Exhibit "A", and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the twenty sixth day of April, 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

March 7, 2005

# WRITTEN CHECKLIST

EA/C&ED No. 2005-08

## I. PURPOSE

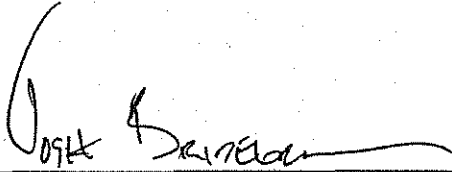

This written checklist, pursuant to CEQA Guidelines Section 15168 (C) (4), serves to make a determination where subsequent activities of a Program EIR involve site-specific operations, based on evaluation of the site and the activity to determine whether the environmental effects of the operation were covered in the program EIR. Based on a review of the project and Section 15162(a), this determination would permit the lead agency (City of Modesto) to approve the activity as being within the scope of the project covered by the Program EIR. This determination includes whether any new environmental document is required beyond the adopted Village One Specific Plan Program EIR (SCH# 90020181) for the proposed Precise Plan Area #19 and The Plaza VTSM (project).

The 1994 Supplemental EIR that amended and superseded the 1990 Program EIR is the document reviewed for projects within the Village One Specific Plan area. A summary of significant impacts and their mitigation measures from the 1994 Supplemental EIR is attached as Exhibit "A." Where appropriate those feasible mitigation measures developed in the Supplement to the program EIR shall be incorporated into the proposed project.

## II. PROJECT INFORMATION

1. **Project Title:** Precise Plan 19 & The Plaza VTSM
2. **Lead Agency Name and Address:** City of Modesto
3. **Contact Person and Phone Number:** Josh Bridegroom, Associate Planner  
Modesto Community & Economic Development  
Department  
209/571-5540

- (3) No new information of substantial importance that was not known has become available that shows:
- a. one or more significant effects is not discussed in the Village One Program EIR as amended by the 1994 Supplement,
  - b. identified significant effects will be more severe,
  - c. previously infeasible mitigation measures are now feasible,
  - d. project proponents have declined to adopt mitigation measures that would substantially reduce significant effects.
- (4) Because no new significant effects have been identified and no new mitigation is required for the project, the environmental effects of the operation of the proposed project were covered by the Village One Program EIR as updated by the 1994 Supplement. Therefore, pursuant to CEQA Section 15168 (C) (4) no new environmental document is required.
- (5) Therefore, the projects known as Precise Plan 19 and The Plaza VTSM are within the scope of the Village One Program EIR.

3/7/05

Project Manager

Date

finding would not be affected by the proposed residential project. There would be no impact. No mitigation is required.

- c. The Village One Specific Plan program EIR found that the development within the Specific Plan area would have a less-than-significant impact on the visual character of the area. The proposed residential project would not change the design or layout of the development proposed within the Village One Specific Plan. For this reason, impacts on the visual character of the area would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.
- d. The proposed residential development is consistent with the Village One Specific Plan. For this reason, impacts associated with additional light and glare would remain the same as those identified in the program EIR. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

**II. AGRICULTURAL RESOURCES.** In determining whether impacts on agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation. Would the project:

- |    |   |                          |                          |                          |                                     |
|----|---|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. | Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. | Conflict with existing zoning for agricultural use or conflict with a Williamson Act contract?  | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| c. | Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland to non-agricultural use?  | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts on agricultural resources are analyzed on pages III-80 through III-94 of the 1994 Supplement.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is a nonattainment area for an applicable federal or state ambient air quality standard (including releasing emissions that exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Expose sensitive receptors to substantial pollutant concentrations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on air quality are analyzed on pages III-45 through III-54 of the 1994 Supplement.

## Responses to Checklist Questions

- a. / b. The Village One Specific Plan program EIR found that air pollution from project-related construction traffic and fireplaces & wood stoves in planned residential areas would violate air quality standards and contribute to an existing air quality violation. Construction traffic emissions would contribute to violation of the state and federal 8-hour carbon monoxide (CO) and particulate matter (PM10) standards and the federal ozone standard in the Modesto Urban Area and the San Joaquin Valley Air Basin. Urban traffic pollution would contribute to violations of the state ozone, CO, and PM10 standards in the Modesto Urban Area and San Joaquin Valley Air Basin. Residential pollution would contribute to violations of the pollutant standard index in the Modesto Urban Area. Partial mitigation for these impacts is included in the program EIR (Mitigation Measures 3-5), and the City of Modesto adopted a statement of overriding consideration for each impact. The proposed residential project would not change the amount of development and construction in the project area, so trips generated by the project would not be affected and the types of land uses would not change. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that air pollutant emissions associated with traffic at buildout of Village One would exacerbate the existing ozone, PM10, and CO violations in the Modesto area and cause a significant cumulative impact. Partial mitigation for these emissions is included in the program EIR (Mitigation Measures 4.5.3[a] and 4.5.3[b]), and the City of Modesto made a statement of overriding consideration for each impact. The proposed residential development would not change the amount of traffic associated with buildout of Village One or the types of land uses, so trips

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f. Conflict with the provisions of an adopted habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on biological resources are analyzed on pages III-68 through III-79 of the 1994 Supplement.

## Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the buildout could result in the loss of foraging habitat for Swainson's Hawk, a state-listed threatened species. However, a Swainson's Hawk survey was conducted by a qualified biologist for the project site. The ensuing report (attached) found that the development of the project site would result in a less than significant impact to foraging habitat for Swainson's Hawk. Therefore, no mitigation is required.
- b. The Village One Specific Plan program EIR did not find that any riparian habitat or other designated sensitive natural community was present in the project area, and so found that the project would have a less-than-significant impact. The proposed residential development would not change the boundaries of the Specific Plan area. There would be no impact. No mitigation is required.
- c. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would result in the loss of lands that might be classified as wetlands by the U.S. Army Corps of Engineers, but that, with mitigation, the impact would be less than significant. The proposed residential development would not change the Specific Plan area boundaries or the areas that would be disturbed. There would be no additional impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not identify any migratory corridors in the project area, nor did it find that the project would interfere with the movement of any species. The proposed residential development would not change the Specific Plan area boundaries. There would be no impact. No mitigation is required.
- e. / f. No local biological resource protection policies, ordinances, habitat conservation plans, or natural community conservation plans apply to the Village One Specific Plan area. There would be no impact. No mitigation is required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than-Significant Impact	No Impact
<b>VI. GEOLOGY AND SOILS.</b> Would the project:				
a. Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving:				
1. Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Strong seismic groundshaking?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
3. Seismic-related ground failure, including liquefaction?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. Landslides?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c. Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project and potentially result in an onsite or offsite landslide, lateral spreading, subsidence, liquefaction, or collapse?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e. Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems in areas where sewers are not available for the disposal of wastewater?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with geology and soils are analyzed on pages III-105 through III-108 of the 1994 Supplement.

	Impact	with Mitigation Incorporated	Impact	
f. Be located within the vicinity of a private airstrip and result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g. Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h. Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts associated with hazards and hazardous materials are analyzed on pages III-80 through III-94 and III-109 through III-119 of the 1994 Supplement.

## Responses to Checklist Questions

- a.-c. The Village One Specific Plan does not allow any land uses that would use hazardous materials. The proposed residential development would not change land uses contemplated by the Specific Plan. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR, as supplemented, found no hazardous materials were stored at or near the project site. No significant impacts were identified, and no mitigation measures were required. There would be no additional impact. No mitigation is required.
- e. The Village One Specific Plan area is not located in an airport land use plan area or within 2 miles of a public airport. There would be no impact. No mitigation is required.
- f. The Village One Specific Plan program EIR found that a private airstrip, the Eastside Mosquito Abatement District Airstrip, is located to the east of the Village One Specific Plan area. However, take-offs and landings were found to take place parallel to and outside the Specific Plan area boundaries, and flight patterns are generally situated to the east of the Specific Plan area. There would be no additional impact. No mitigation is required.
- g. Since the adoption of the Village One Specific Plan, the Modesto General Plan has been updated to include development of Village One consistent with the specific plan. City emergency plans are developed with the assumption that the Village One Specific Plan will be implemented. The proposed residential development would not change construction, land use, or other physical attributes of the Right-of-Way Acquisition. There would be no additional impact. No mitigation is required.

- |    |  |                          |                          |                          |                                     |
|----|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| g. | Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| h. | Place within a 100-year flood hazard area structures that would impede or redirect floodflows?   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| i. | Expose people or structures to a significant risk of loss, injury, or death involving flooding, including flooding as a result of the failure of a levee or dam?   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| j. | Contribute to inundation by seiche, tsunami, or mudflow?   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Impacts associated with hydrology are analyzed on pages III-109 through III-119 of the 1994 Supplement.

## Responses to Checklist Questions

- a. The Village One Specific Plan program EIR did not find that residential development would violate any water quality standards or waste discharge requirements. The proposed project is consistent with the Village One Specific Plan, so there would be no additional impacts. No mitigation is required.
- b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area might interfere with local groundwater recharge. However, the impact was found to be less than significant because the Specific Plan area is not a major groundwater recharge area and it includes a recharge/discharge plan for disposal of stormwater runoff and recharge of groundwater. The proposed project would not change the amount of impervious surface in the Specific Plan area or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- c.-e. The Village One Specific Plan program EIR found that development will substantially alter the existing drainage pattern of the area but, because the project will incorporate an urban storm drain system, will not result in any erosion impacts. The proposed project would not change the amount of impervious surface or the proposed storm drain facilities. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that development would substantially degrade water quality. The proposed project would not change water use or discharge associated with the buildout of the Village One Specific Plan area. There would be no additional impact. No mitigation is required.
- g.-i. According to the Village One Specific Plan program EIR, the project site is not situated in a 100-year flood hazard area or downstream from a levee or dam. There would be no impact. No mitigation is required.

- b. Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?

## Responses to Checklist Questions

a., b. No known mineral resources or important recovery sites are located in the Village One Specific Plan Area. There would be no impact. No mitigation is required.

### XI. NOISE. Would the project:

- c. Result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?
- d. Result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?
- e. Be located within an airport land use plan area, or, where such a plan has not been adopted, within two miles of a public airport or public use airport and expose people residing or working in the project area to excessive noise levels?
- f. Be located in the vicinity of a private airstrip and expose people residing or working in the project area to excessive noise levels?

Impacts associated with noise are analyzed on pages III-55 through III-67 of the 1994 Supplement.

- a., c. The Village One Specific Plan program EIR found that proposed residential housing in the project area would be exposed to noise levels exceeding general plan thresholds, but mitigation measures were incorporated to reduce the impact to a less-than-significant level. The proposed project would not change project-related noise-generating activities. There would be no additional impact. No mitigation is required.
- b. The Village One Specific Plan program EIR found that the buildout of Village One would not expose people to, or generate excessive, groundborne vibration or groundborne noise levels. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR found that construction of the proposed project would result in a substantial temporary increase in ambient noise levels for residential housing. However, mitigation measures were incorporated into the program EIR to reduce the impact to a less-than-significant

**XIII. PUBLIC SERVICES.** Would the project:

- a. Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities or a need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the following public services:

Fire protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Police protection?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Schools?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Parks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Impacts on public services are analyzed on pages III-120 through III-158 of the 1994 Supplement.

## Responses to Checklist Questions

- a. The Village One Specific Plan program EIR found that the only significant impact that buildout of the Village One Specific Plan area would have on public services would be in the areas of fire protection and law enforcement. Mitigation measures were identified in the program EIR to reduce the level of this impact to a less-than-significant level. No other significant impacts on public services were identified. The proposed project would not change the provision of public services. There would be no additional impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

**XIV. RECREATION.** Would the project:

- |  |                          |                          |                          |                                     |
|--|--------------------------|--------------------------|--------------------------|-------------------------------------|
| a. Increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| b. Include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

## Responses to Checklist Questions

- a., b. The Village One Specific Plan program EIR found that buildout of the Village One Specific Plan area would cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system and would affect level of service at several intersections. Mitigation measures identified in the program EIR were identified to reduce impacts to a less-than-significant level for all intersections except the Briggsmore Avenue/Oakdale Avenue intersection. For that intersection, the impact was determined to be significant and not mitigable. The City of Modesto made a statement of overriding considerations for that impact at the time it certified the 1994 Supplement. The proposed project would not alter traffic patterns in the Specific Plan area or result in additional trips. There would be no additional impact. No mitigation is required.
- c. The Village One Specific Plan program EIR did not find that the buildout of the Village One Specific Plan area would result in a change in air traffic patterns. The proposed project does not include any elements that would affect air traffic patterns. There would be no impact. No mitigation is required.
- d. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area included any hazardous design features or increased any incompatible uses for roads in the project area. The proposed project would not change roadway design or land uses. There would be no impact. No mitigation is required.
- e. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate emergency access in the Specific Plan area. The Specific Plan includes provision of adequate roadways to serve the Village One development. The proposed project would not change roadway design or land uses contained within the Specific Plan. There would be no additional impact. No mitigation is required.
- f. The Village One Specific Plan program EIR did not find that buildout of the Village One Specific Plan area would result in inadequate parking capacity in the Specific Plan area. The provision of parking, consistent with zoning requirements for the proposed project, is included in the project design. There would be no impact. No mitigation is required.
- g. The proposed project does not include any changes related to transportation policies, and would have no impact. No mitigation is required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less-than- Significant Impact	No Impact
--------------------------------------	--	-------------------------------------	--------------

### XVI. UTILITIES AND SERVICE SYSTEMS.

Would the project:

- a. Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board?

An addendum to the Village One program EIR for the Storm Drainage Master Plan has also been prepared and is under consideration by the City. The project would not result in any additional impacts or the need for any additional mitigation beyond that assessed in the Addendum to the Village One Program EIR for the Storm Drainage Master Plan.

- d. The Village One Specific Plan program EIR found that, with mitigation, the effects of buildout of the Village One Specific Plan area on water supply would be less than significant. There would be no additional impact resulting from the proposed project. No mitigation is required.
- f., g. The Village One Specific Plan program EIR found that the area's landfills have sufficient permitted capacity to accommodate the project's solid waste disposal needs. The proposed project would not result in any physical changes in the environment or the generation of any additional solid waste. There would be no impact. No mitigation is required.

**XVII. MANDATORY FINDINGS OF SIGNIFICANCE.**

- a. Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?
- b. Does the project have impacts that are individually limited but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)
- c. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?

Cumulative impacts are analyzed on page III-161 of the 1994 Supplement.

**Responses to Checklist Questions**

- a. As described above, the proposed project would not result in any significant impacts on the environment over and above those associated with

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-218**

**A RESOLUTION APPROVING RENAMING THAT SEGMENT OF NORTH  
MARTIN LUTHER KING DRIVE LOCATED BETWEEN MAZE BOULEVARD  
AND PARADISE AVENUE, TO SOUTH MARTIN LUTHER KING DRIVE**

WHEREAS, in 1984 at the public's request both N. Franklin Street and S. Franklin Street were renamed to N. Martin Luther King Drive in honor of the Rev. Martin Luther King, and

WHEREAS, during the efforts made to rename both N. & S. Franklin Street to N. Martin Luther King Drive the existing address numbering system was not updated to reflect the name change and this situation created a potential for the duplication of addresses, and

WHEREAS, in November 2004, developers attempting to erect new homes on vacant properties along N. Martin Luther King Drive discovered the address duplication issue and reported the problem to the City of Modesto for resolution, and

WHEREAS, City staff in coordination with 911 Emergency Services explored several possibilities to resolve this issue and concluded that renaming the segment of N. Martin Luther King Drive that is located south of Maze Boulevard, to S. Martin Luther King Drive, would resolve the address duplication issue, and

WHEREAS, the City of Modesto held a community meeting on March 3, 2005, to discuss the proposed rename recommendation with both residents and property owners and no opposition was expressed at the meeting, and

WHEREAS, the Economic Development Committee at its March 7, 2005, meeting reviewed the request from the City of Modesto to rename that portion of N. Martin Luther King Drive, located between Maze Boulevard and Paradise Avenue, to S. Martin Luther King drive, and

WHEREAS, The Economic Development Committee voted to recommend to the City Council approval of the rename request, and

WHEREAS, the street name change request has been referred to the Police Chief, Fire Chief, and the Public Works and Transportation Departments, and the Stanislaus County Emergency Services, and no objections were received, and

WHEREAS, Section 34091.1 of the Government Code of the State of California provides that when the existing name of any city street should be changed, the legislative body may adopt a resolution to change the name of existing streets, and

WHEREAS, the City of Modesto has adopted a Street Name Change Policy No. 3.017 to give affected property owners adequate time to adjust to the street name change by notifying banks, friends, etc., and said policy provides that street name changes shall not take effect until at least 180 days from City Council action, and

WHEREAS, said matter was set for a duly noticed public hearing before the City Council at its regular meeting place located in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at 5:30 p.m. on April 26, 2005, and

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves the proposal to rename that portion of N. Martin Luther King Drive, located between Maze Boulevard and Paradise Avenue, to S. Martin Luther King Drive.

BE IT FUTHER RESOLVED that, in accordance with Government Code Section 34092, the City Clerk is directed to transmit a certified copy of this resolution to the Stanislaus County Board of Supervisors.

BE IT FUTHER RESOLVED, that City Staff shall:

- 1). Immediately notify affected public agencies, utility companies, and City departments regarding the name change;
- 2). Replace the street name signs and remove unnecessary signage;
- 3). Update City maps and immediately notify map companies of the street name change; and
- 4). Notify the affected property owners as provided in City Council Policy No. 3.017.

BE IT FUTHER RESOLVED, that the street name change shall become effective 180 days after adoption of this resolution, in accordance with Council Policy 3.017.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Council member Marsh, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Mash, O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-219**

**A RESOLUTION AMENDING SECTION 1 OF RESOLUTION NO. 85-240  
ENTITLED "A RESOLUTION APPROVING A DEVELOPMENT PLAN FOR  
PLANNED DEVELOPMENT ZONE, P-D(371), (ROBERT L. ERICKSON)." (BOB  
ERICKSON)**

WHEREAS, the City Council, by Ordinance No. 1616-C.S., which was introduced on April 25, 1977, finally adopted on May 2, 1977, and which became effective on June 1, 1977, amended Section 18-3-9 of the Zoning Map to reclassify from Neighborhood Commercial Zone, C-1, to Planned Development Zone, P-D(159), and

WHEREAS, Modesto City Council Resolution No. 77-435, which was approved on April 25, 1977, approved a development plan for Planned Development Zone, P-D(159), and

WHEREAS, the City Council, by Ordinance No. 2173-C.S., which was introduced on February 8, 1983, finally adopted on February, 15, 1983, and which became effective on March 17, 1983, amended Planned Development Zone, P-D(159), to allow an outdoor bicycle race course, and

WHEREAS, Modesto City Council Resolution No. 83-75, which was approved on February 8, 1983, approved an amendment to the development plan for Planned Development Zone P-D(159), to allow an outdoor bicycle race course, and

WHEREAS, the City Council, by Ordinance No. 2327-C.S., which was introduced on April 23, 1985, finally adopted on May 7, 1985, and which became effective on June 6, 1985, amended Section 18-3-9 of the Zoning Map to reclassify from Planned Development P-D(159), to Planned Development Zone, P-D(371), to allow a mini-storage facility as a permitted use, and

WHEREAS, Modesto City Council Resolution No. 85-240, which was approved on April 23, 1985, approved of a development plan for Planned Development Zone, P-D(371),

WHEREAS, a verified application for an amendment to Planned Development Zone, P-D(371) was filed by Bob Erickson on December 28, 2004, to allow General Commercial Zone, C-2, uses on the property located on the south side of West Briggsmore Avenue east of Prescott Road, 2000 west Briggsmore Avenue, and

WHEREAS, after a public hearing held on March 21, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, it was found and determined by the Planning Commission, by its Resolution No. 2005-13, that the amendment to Planned Development Zone P-D(371), as requested is required by public necessity, convenience, and general welfare for the following reasons:

1. The proposed Plan Development Amendment is consistent with the Modesto Urban Area General Plan. The General Plan designates this area as "C" (Commercial), and the amendment to allow General Commercial uses will be consistent with the General Plan land use and intensity.
2. The type of project is described in Chapter II of the Modesto Urban Area General Plan Master EIR (MEIR).
3. Expanding the uses would provide flexibility to the Planned Development Zone and provide ample opportunity for redevelopment of the infill property.

WHEREAS, said matter was set for a public hearing of the City Council to be held on April 26, 2005, in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which date and time said duly noticed public hearing was held, and

WHEREAS, after said public hearing the Council found and determined that the application of Bob Erickson for an amendment to Planned Development Zone, P-D(371) should be granted as consonant with public necessity, convenience and general welfare for the reasons set forth in Planning Commission Resolution No. 2005-13 and quoted above, and

WHEREAS, the Council has introduced Ordinance No. 3388-C.S. on the 26<sup>th</sup> day of April, 2005, amending Section 2 of Ordinance No. 2327-C.S. to add General Commercial Zone, C-2, uses in addition to the existing skating rink, family amusement center, and a mini storage facility, in Planned development Zone, P-D(371).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Section 1 of Modesto City Council Resolution No. 85-240 entitled "A Resolution Approving a Development Plan for Planned Development Zone, P-D(371), (Robert L. Erickson)" is hereby amended to read as follows:

"SECTION 1. DEVELOPMENT PLAN. An amended development plan for Planned Development Zone, P-D(371), is hereby approved subject to the following conditions:

1. All previous conditions and requirements imposed on the site will remain in effect for this new proposal. All conditions of Planned Development Zone P-D(371), as stated in Council Resolution No. 85-240, not in conflict with this action shall remain in full force and effect.
2. All development shall conform to the plot plan titled "Plot Plan to Amend Planned Development" as amended in red, stamped approved by the Planning Commission on March 18, 1985.
3. All landscaping, fences, and walls shall be maintained and the premises shall be kept free of weeds, trash, and other debris.

4. Trash cans shall be screened from view from any public street.
5. The property owner and developer shall, at their sole expense, defend, indemnify and hold harmless the City of Modesto, its agents, officers, directors and employees, from and against all claims, actions, damages, losses, or expenses of every type and description, including but not limited to payment of attorneys' fees and costs, by reason of, or arising out of, this development approval. The obligation to defend, indemnify and hold harmless shall include but is not limited to any action to arbitrate, attack, review, set aside, void or annul this development approval on any grounds whatsoever. The City of Modesto shall promptly notify the developer of any such claim, action, or proceeding and shall cooperate fully in the defense.

SECTION 2. DEVELOPMENT SCHEDULE. The proposal does not involve new improvements on site, no new development schedule is proposed.

SECTION 3. CHANGES IN DEVELOPMENT PLAN. Any changes in the above approved development plan shall be made in accordance with the provisions of Section 10-2.1709 of the Modesto Municipal Code.

SECTION 4. COMPLIANCE WITH CODE PROVISIONS, ETC. In all other respects said planned development shall be accomplished in accordance with and in strict adherence to the provisions of Article 17 of Title 10 of the Modesto Municipal Code relating to Planned Development Zones and other applicable City laws, rules, regulations and procedures.

SECTION 5. EFFECTIVE DATE. This resolution shall not become effective unless and until Ordinance No.3388amending Ordinance No. 2327-C.S becomes effective.”

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April, 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-220**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN  
THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN  
AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT  
(SCH NO. 1999082041): AMENDING PLANNED DEVELOPMENT ZONE P-D  
(371), PROPERTY LOCATED AT 2000 WEST BRIGGSMORE AVENUE (BOB  
ERICKSON)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the Final Master Environmental Impact Report (“Master EIR”) (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Bob Erickson has proposed an amendment to Planned Development Zone P-D(371) to allow C-2 General Commercial Zone uses on site in addition to the existing Skating Rink, Family Amusement Center, and a Mini Storage Facility at 2000 West Briggsmore Avenue, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent project for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the project, and

WHEREAS, the City’s Community and Economic Development Department by Environmental Assessment Initial Study EA/C&ED No. 2005-07

(“Initial Study”) reviewed the proposed amendment to P-D(371) to determine whether the project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR (“Master EIR”), and made the determination that the proposed

project will have no additional significant effect on the environment that was not identified in the Master EIR, and further, that no or new additional mitigation measures or alternatives are required, and that, therefore, the proposed project is within the scope of the project covered by the Master EIR, and

WHEREAS, the Planning Commission, by Resolution No. 2005-13 recommended to the City Council approval of the application of Bob Erickson to amend Planned Development Zone, P-D(371), for the property located on the south side of west Briggsmore Avenue east of Prescott Road, to allow C-2 General Commercial uses on site as set forth in said Resolution No. 2005-13, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on April 26, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed amendment to P-D(371), a copy of which is attached hereto as Exhibit "A", and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

1. The proposed Amendment to Planned Development Zone, P-D(371) is consistent with the Modesto Urban Area General Plan. The General Plan designates this area as "C" (Commercial), and the amendment to allow General Commercial uses will be consistent with the General Plan land use and intensity.
2. The type of project is described in Chapter II of the Modesto Urban Area General Plan Master EIR (MEIR).
3. All applicable policies, regulations, and mitigation measures identified in the MEIR have been applied to the project or otherwise made conditions of approval of the project.

4. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.

5. Based on the Initial Study, the City of Modesto finds and determines:

a). The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.

b). No new or additional mitigation measures or alternatives are required.

6. The Initial Study, Environmental Assessment No. EA/C&ED 2005-07, provides the substantial evidence to support finding numbers 2-5 noted above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>h</sup> day of April 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Mash, O'Bryant, Mayor Ridenour

EXHIBIT A

Initial Study

EA/C&ED No. 2005-07

**City of Modesto**

**Finding of Conformance to  
General Plan Master EIR:**

**Initial Study C&ED No. (2005- 07)**

**For the proposed:**

**PDA- Amendment to Planned Development P-D (371)**

**Prepared by:  
City of Modesto  
Community & Economic Development Department  
Planning Division**

**02/25/05**

**City of Modesto  
Master EIR Initial Study Checklist**

**I. PURPOSE**

CEQA allows for the limited environmental review of subsequent projects under the City's Master EIR. This Initial Study Checklist is used in determining whether the Planned Development Amendment is "within the scope" of the project analyzed in the Modesto Urban Area General Plan Master EIR (SCH# 1999082041) (Public Resources Code section 21157.1). When the Initial Study supports this conclusion, the City will issue a finding of conformity.

A subsequent project is "within the scope" of the Master EIR when:

1. it will have no additional significant effects on the environment that were not addressed as significant effects in the Master EIR; and
2. no new or additional mitigation measures or alternatives are required.

"Additional significant effects" means a project-specific effect that was not addressed as a significant effect in the Master EIR. (Public Resources Code Section 21158(d))

The determination must be based on substantial evidence in the record. "Substantial evidence" means facts, reasonable assumptions predicated upon facts, or expert opinion based on facts. It does not include speculation or unsubstantiated opinion. (State CEQA Guidelines Section 15384)

**II. PROJECT DESCRIPTION**

- A. Title: PDA – Roller King, Planned Development Amendment, P-D (371)
- B. Address or Location: 2000 W. Briggsmore Avenue
- C. Applicant: Robert Erickson, 3883 Blue Bird Lane, Loomis, Ca. 95650
- D. City Contact Person: Daniel De La O

Project Manager: Daniel De La O  
Department: Community and Economic Development Department  
Phone Number: (209) 577-5267  
E-mail address: ddelao@modestogov.com

- E. Current General Plan Designation(s): "C" Commercial
- F. Current Zoning Classification(s): P-D (371), Planned Development
- G. Surrounding Land Uses: North: Commercial (C-3 Commercial)  
South: Commercial (Both C-1 & C-3 Commercial)  
East: Residential Units (R-2 Residential)  
West: Commercial (C-1 Commercial)

- H. Project Description, including the project type listed in Section II.C (Anticipated Future Projects) of the Master EIR (Attach additional maps/support materials as needed for complete record):

The proposed project will involve an amendment to the existing P-D zone designation. Currently the existing building within this Planned development P-D (371) only permits a skating rink business. The proposed amendment would expand the uses allowed within the building to include C-2 Zone uses. The proposed project will not involve any expansion to the boundaries of the property nor does it include expansion or modification to the existing building. No physical changes will occur and none are requested by the city as conditions of approval for this zone amendment.

- I. Other Public Agencies Whose Approval is Required:

None.

**III. FINDINGS/DETERMINATION (SELECT ONE ON THE BASIS OF THE ANALYSIS IN SECTION IV)**

1. X **Within the Scope** - The project is within the scope of the Master EIR and no new environmental document or Public Resources Code Section 21081 findings are required. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.
- B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.
- C. An Initial Study was prepared by the City of Modesto that analyzed whether the proposed subsequent project may cause any significant effect on the environment that was not examined in the MEIR and it has been determined that the project was described in the MEIR as being within the scope of the MEIR.
- D. Based on the Initial Study, the City of Modesto finds and determines:
  - a) The proposed subsequent project will have no additional significant effect as defined in CEQA Section 21158 that was not identified in the MEIR.
  - b) No new or additional mitigation measures or alternatives are required.
- E. The criteria for currency of the Master EIR were reviewed (section 5 below) and it was determined that the Master EIR is current for all areas of the Initial Study.

2. \_\_\_\_\_ **Mitigated Negative Declaration Required** - On the basis of the above determinations, the project is not within the scope of the Master EIR. A mitigated negative declaration will be prepared for the project. The following items are found to be true:

- A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more potential new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures are being required of the project that will reduce the effects to a less-than-significant level.

3. **Focused EIR Required-** On the basis of the above determinations, the project is not within the scope of the Master EIR. A Focused EIR will be prepared for the project. The following items are found to be true:

A. The type of project is described in Chapter II of the Master EIR.

B. All applicable policies, regulations, and mitigation measures identified in the Master EIR have been applied to the project or otherwise made conditions of approval of the project.

C. The project will have one or more new significant effects on the environment that were not addressed as significant effects in the Master EIR. New or additional mitigation measures or alternatives are required as a result.

  
Project Manager

Title Date

#### 4. Within the Scope Analysis of this Document:

The Master EIR permits projects to be found within the scope of the MEIR if certain criteria are met. Basically, if the following statements are found to be true for all 20 sections of this Initial Study, then the project was covered by the MEIR analysis and is within the scope of the MEIR. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) The lead agency for subsequent projects shall be the City of Modesto or a responsible agency identified in the Master EIR.  | X   | <input type="checkbox"/> |
| (2) City policies which reduce, avoid or mitigate environmental effects, will continue to be in effect and therefore would be applied to subsequent projects where appropriate. The policies are described in the list of policies in place and mitigation measures attached to the Initial Study template. | X   | <input type="checkbox"/> |
| (3) Federal, State, Regional and Stanislaus County regulations do not change in a manner that is less restrictive on development than current law (i.e., would not offer the same level of protection assumed under the Master EIR).  | X   | <input type="checkbox"/> |
| (4) No specific information concerning the known or potential presence of significant resources is identified in future reports, or through formal or informal input received from responsible or trustee agencies or other qualified sources.  | X   | <input type="checkbox"/> |
| (5) The development will occur within the boundaries of the City's planning area as established in this Urban Area General Plan.  | X   | <input type="checkbox"/> |
| (6) Development within the project will comply with all mitigation measures identified in the General Plan Master EIR.  | X   | <input type="checkbox"/> |

#### 5. Currency of the Master EIR Document

The MEIR should be reviewed on a regular basis to determine its currency, and whether additional analysis/mitigation should be incorporated into the MEIR via a Supplemental or Subsequent EIR (CEQA Section 21157.6). Staff has reviewed sections 1 through 20 of this document in light of the criteria listed below to determine whether the MEIR is current. The analysis contained within the Master EIR is current as long as the following circumstances have not changed. Any "No" response must be discussed.

- |   | YES | NO                       |
|---|-----|--------------------------|
| (1) Certification of the General Plan Master EIR occurred less than five years prior to the filing of the application for this subsequent project.  | X   | <input type="checkbox"/> |
| (2) This project was described in the Master EIR and its approval will not affect the adequacy of the Master EIR for any subsequent project because the City can make the following findings: | X   | <input type="checkbox"/> |
| (3) No substantial changes have occurred with respect to the circumstances under which the Master EIR was certified.  | X   | <input type="checkbox"/> |

- (4) No new information, which was not known and could not have been known at the time the Master EIR was certified as complete, has become available. X
- (5) Policies remain in place that require site-specific mitigation, and avoidance or other mitigation of impacts as a prerequisite to future development. X

**IV. ENVIRONMENTAL ANALYSIS**

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any project-specific significant effect on the environment that was not examined in the Final Master EIR (MEIR) for the General Plan and whether new or additional mitigation measures or alternatives may be required as a result. The Initial Study thereby documents whether or not the project is "within the scope" of the Master EIR.

Pursuant to Public Resources Code Section 21157.1, no new environmental document or findings are necessary for projects that are determined to be within the scope of the MEIR. Adoption of a notice of conformity after completion of the Initial Study fulfills the City's obligation in that situation.

All environmental effects cited reflect year 2025 build-out of the Urban Area General Plan as identified in the MEIR.

The Master EIR for the General Plan organizes its analysis of environmental impacts into eighteen subject areas. The following analysis is based on the impact analyses contained in Chapter V of the Master EIR. For ease of cross-reference, the sections are numbered in the same order as the analyses in Chapter V.

In addition to the 18 Master EIR subject areas, the Initial Study checklist addresses the issues of land use/planning and aesthetics. The reason for including these additional issues is to ensure that consideration is being given to the full range of subjects of importance contained in Appendix G of the CEQA Guidelines. The format for the land use/planning and aesthetics sections differs from that of the other 18 subject areas since these two subjects were not addressed as distinct subjects in the Master EIR.

**1. TRAFFIC AND CIRCULATION**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable traffic and circulation impacts within certain areas of the "Baseline Developed Area":

Effect: Increased traffic will result in certain roadway segments operating at LOS "D" or worse.

Effect: The substantial increase in traffic relative to the existing load and capacity of the street system will cause, violation, either individually or cumulatively, of a LOS standard established by the County CMP for designated roads and highways.

Effect: Creation of need for Capacity-enhancing modifications to existing facilities.

Effect: Increase in energy consumption associated with the operation of highway projects, rail improvements, and aviation facilities.

Effect: Severe contrast with existing neighborhood or area character caused by highway and transit projects.

This project involves an amendment to the existing Planned Development P-D (371) to expand the existing uses to include C-2 General Commercial Uses. Because the project only involves a zone amendment to a previously approved project development, no increase in vehicle traffic is expected. The use and activities will not change to a level that will cause a change to the existing road capacities or levels of service. The previously approved P-D (371) project was designed to accommodate intense commercial activities.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Traffic and Circulation mitigation measures that may be pertinent to this project are found on MEIR pages V-1-15 through V-1-21. All feasible measures appropriate to the project – including any new measures - will be incorporated into or made conditions of approval of this project and will be listed in Section IV, *Mitigation Measures Applied to Project*.

**c. Project-Specific Effects**

Section V-1.B of the MEIR provides analysis of Traffic and Circulation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Significance Criteria: A subsequent development project will have a new significant effect on the environment if it would exceed the following criteria:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project would contribute one hundred (100) or more peak hour trips to or from the site during the adjacent roadway's peak hour or the development's peak hour, to adjoining roads and generates more trips than assumed for their general plan land use category and zoning in the Master EIR. | <input type="checkbox"/> | X  |

Note:

If a project exceeds an additional one hundred (100) or more peak hour trips contribution, a site access study may be conducted to determine to what extent the project would exceed the year 2025 level of service (LOS) expected for the adjoining roadways under the Master EIR. The site access study would recommend new, project-specific mitigation measures. If the project also exceeds the Master EIR's traffic generation assumption, as determined by Engineering & Transportation staff, a comprehensive traffic study would be required that will include off-site traffic impact analysis.

- |  | YES                      | NO |
|--|--------------------------|----|
| (2) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). | <input type="checkbox"/> | X  |
| (3) Result in inadequate emergency access.   | <input type="checkbox"/> | X  |
| (4) Result in inadequate parking capacity.   | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) Engineering and Transportation Staff reviewed the proposed project and have the following comments:
  - A. The proposed project will not generate traffic impacts to the adjacent roadways in excess of what was assumed under the MEIR. No traffic study is required.
  - B. A site access study is not required for this project.
- (2) The project will not substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). The City Engineering and Traffic Department has evaluated the project and has determined that the existing design layout of the project is in accordance to City standards. The previously approved site plan was designed to accommodate commercial uses and emergency access.
- (3) Police and Fire Staff have reviewed this proposal and have indicated that there is no emergency access problem.
- (4) The proposed development will involve an amendment to the Planned Development zone. No physical changes to the site or building are included with this proposal. The previously approved site design will remain unaltered and as a result will remain in compliance to city regulations. All previous conditions, mitigations, and requirements will remain in full effect for this proposal and shall be made a condition of approval.

**2. AIR QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to air quality:

Effect: Projected City traffic levels will result in increased ambient carbon monoxide (CO) levels in the project area. *This is a significant and unavoidable impact.*

Effect: Projected City traffic levels will result in increased ROG and NOX levels in the project area. *This is a significant and unavoidable impact.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Air Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-2-11 through V-2-18 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-2.B of the MEIR provides analysis of Air Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project exceeds the emissions thresholds established for CO and NOx by the San Joaquin Valley Unified Air Pollution Control District's (SJVUAPCD) adopted CEQA Guidelines.	<input type="checkbox"/>	X
(2)	The project does not incorporate the best management practices for PM10 reduction established by the SJVUAPCD.	<input type="checkbox"/>	X
(3)	The project does not comply with the air quality policies of the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(4)	The project would expose sensitive receptors to substantial pollutant concentrations.	<input type="checkbox"/>	X
(5)	The project would create objectionable odors affecting a substantial number of people.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project was referred to the San Joaquin Valley Unified Air Pollution Control District who determined that the project would not have a significant effect on the ambient air quality.
- (2) The existing Planned Development project does incorporate the best management practices for PM10 reduction established by the SJVUAPD (see mitigations measures above).
- (3) Applicable General Plan Policies have been applied to the previously approved project site. Therefore, project-specific effects will be less than significant for this impact (see mitigations measures above).

- (4) The project is not a significant contributor to pollution levels in that it involves only a zoning amendment to the existing Planned Development zone.
- (5) The proposed project will not produce objectionable odors.

**3. NOISE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant and unavoidable environmental impacts relative to noise:

Effect: Traffic noise levels for future conditions in the plan area have the potential to result in an excess of the City's Noise Significance Standards.

Effect: Noise level projections based on the traffic levels anticipated in the General Plan indicate that noise will exceed the City's General Plan and noise ordinance standards.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Noise policies and mitigation measures pertinent to the project being analyzed in this Initial Study are found on pages V-3-10 through V-3-15 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project and any new measures are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-3.B of the MEIR provides analysis of noise impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project will exceed the standards for noise level and hours of operation established by the Modesto noise ordinance.  YES  NO
- (2) The project will exceed the noise policies of or otherwise be inconsistent with the Modesto Urban Area General Plan.  YES  NO
- (3) The project will result in a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?  YES  NO

- (4) The project will result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.  X

**DISCUSSION:**

- (1) The existing business is in compliance to the City's noise policy. As indicated above the proposed project will only involve an amendment to the Planned Development zone. No additional noise issues will be created.
- (2) The project is consistent with what the General Plan assumed for the site both in land use and intensity and is consistent with the noise policies of the General Plan. The noise mitigation measures called for by the General Plan for projects within the baseline-developed area are incorporated into the conditions of approval for the previously approved project and business. These conditions will remain in effect for this new P-D proposal.
- (3) No noise levels will be increase due to the amendment to the Planned development zone project. Therefore, this project will not result in a substantial permanent increase in ambient noise levels. Any future development, site modifications, or building additions would be reviewed for compliance to the General Plan, the municipal code, and the Master EIR.
- (4) The project will not result in a substantial temporary or periodic increase in ambient noise levels in the project vicinity. There will be no construction related noise proposed for the site. Mitigation measures called for by the General Plan for projects within the baseline-developed area are not required.

**4. AGRICULTURAL LANDS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to agricultural lands:

Effect: Development within the urbanized Baseline Developed Area and Redevelopment Area will have a less-than-significant impact on agricultural lands.

Effect: Conversion of agricultural land will occur as available developable land is occupied within the City. This is a significant and unavoidable impact.

Effect: Growth within Modesto's planning area would contribute considerably to the loss of agricultural land within Stanislaus County. This is a significant and unavoidable cumulative impact.

The site is not zoned for agriculture or designated on the General Plan for future agricultural use. The proposed project will not affect areas zoned for agriculture or designated on the General Plan for future agricultural use. The project site and the surrounding property are located within a fully developed urbanized area.

**b. Master EIR and/or New Mitigation Measures Pertinent to the Project**

Agricultural Land mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-4-7 and V-4-8 MEIR. All feasible measures appropriate to the project and any new mitigation to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

There are no mitigation measure applicable to this project.

**c. Project-Specific Effects**

Section V-4.B of the MEIR provides analysis of Agricultural Lands impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(2) The project will directly result in the development of land outside the March 2003 planning area boundaries.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(3) The project will Conflict with existing zoning for agricultural use, or a Williamson Act contract.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(4) The project will Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.	<input type="checkbox"/>	<input checked="" type="checkbox"/>

DISCUSSION:

- (1) The project is consistent with the General Plan land use policies. It is an infill project, proposed within the urbanized area of the City. There are no agricultural parcels affected by the proposal and no agricultural and will be converted.
- (2) The project is within the Baseline-Developed area of the City and therefore will not result in the development of land outside the March 2003 planning area boundaries.
- (3) The project site is not zoned for agriculture nor is it under Williamson Act contract.
- (4) The project will not involve changes to the existing environment that could result in the conversion of farmland to non-agricultural uses. The project is completely surrounded by urbanization.

## 5. WATER SUPPLY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to water supply:

Effect: Urban Area General Plan policies are established to limit groundwater extractions to the safe yield of the aquifer and thereby avoid aquifer over drafting. In addition, the UWMP requires that new urban development would proceed in conjunction with the availability of water supplies and distribution facilities. It is assumed that increased entitlement of surface water supplies, such as a water transfer from another water purveyor would undergo independent environmental review pursuant to CEQA. *This is a less-than-significant impact.*

Effect: Development to the future projected City population would require expansion of the MRWTP to its full 60 mgd capacity, development of additional groundwater wells, and construction of additional water distribution and treatment facilities. Construction of some of the required facilities would most likely require site-specific environmental impact assessments to be conducted under CEQA. *Consequently, the potential environmental impacts of the Urban Area General Plan are considered less-than-significant.*

Effect: During drought years, despite available options, significant water shortages are forecast for the San Joaquin River basin by the year 2020. Modesto would make a cumulatively considerable contribution to the cumulative impact on water supply under drought conditions. *This is a significant and unavoidable cumulative impact.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Water Supply mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-5-7 through V-5-8 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### DISCUSSION:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-5.B of the MEIR provides analysis of Water Supply impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (2) Sufficient water supplies are not available to serve the project from | <input type="checkbox"/> | X  |

existing entitlements and resources, new or expanded entitlements are needed.

#### DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no determination that there is insufficient capacity to serve the project.

### 6. SANITARY SEWER SERVICES

#### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to sanitary sewer services:

Effect: The City has already begun to implement the provisions of the Wastewater Master Plan (WMP) to meet future demand for sanitary sewer services. As City wastewater treatment facilities are expanded to meet the needs of the Baseline Developed, Redevelopment, and Planned Urbanizing Areas, the City will obtain the necessary wastewater discharge and NPDES permits from the Central Valley RWQCB, as required under Urban Area General Plan Policy V-D.2(a). Implementing the WMP, requirement of Best Management Practices for post-construction activities, as well as the Urban Area General Plan policy cited above, will avoid violation of wastewater discharge requirements. *As a result, this impact would be less-than-significant.*

Effect: The City has adopted the WMP specifically to ensure that sewer capacity will match the level of growth projected by the Urban Area General Plan. Development within the Baseline Developed and the Planned Urbanizing Areas that is consistent with the Urban Area General Plan will not have a significant effect on capacity. Urban Area General Plan Policy III-D.1(d) will ensure that development in the Planned Urbanizing Area will fund the necessary improvements. *This is a less-than-significant impact.*

Note on the WMP Master EIR. The WMP Master EIR identified a number of impacts and mitigation measures. Its mitigation measures have been adopted by the City and are being implemented by the City under the WMP. Those impacts are being independently addressed under that Master EIR and do not need to be considered under this Initial Study. Refer to the WMP Master EIR for details.

#### b. Master EIR and/or New Mitigation Measures Applied to the Project

Sewer Service mitigation measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-6-4 through V-6-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

#### DISCUSSION:

There are no mitigation measure applicable to this project.

**c. Project-Specific Effects**

Section V-6.B of the MEIR provides analysis of Sanitary Sewer Service impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project will result in a determination by the wastewater treatment provider which serves or may serve the project that it has inadequate capacity to serve the project's projected demand in addition to the provider's existing commitments. | <input type="checkbox"/> | X  |

**DISCUSSION:**

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project was referred to Engineering and Transportation for comment and there was no indication that there is insufficient capacity to serve the project.

**7. SENSITIVE WILDLIFE AND PLANT HABITAT**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to sensitive wildlife and plant habitat:

Effect: Although many sensitive species live in riparian habitats within the planning area, the policies of the plan will ensure that impacts of the Urban Area General Plan will be less-than-significant.

Effect: Requiring higher residential density than the suburban norm and a compact pattern of growth within the designated planning area to the year 2025 will minimize the City's contribution to the cumulative loss of habitat. Nonetheless, this is a significant and unavoidable impact.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Wildlife and Plant Habitat mitigation measure pertinent to the project being analyzed in this Initial Study are found on pages V-7-19 through V-7-21. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

There are no mitigation measures applicable to this project regarding sensitive wildlife and plant habitat. The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. This site is fully developed, within the urbanized area of the city, and is completely surrounded by urbanization.

**c. Project-Specific Effects**

Section V-7.B of the MEIR provides analysis of Wildlife and Plant Habitat impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) Consultation with the California Department of Fish and Game or the U.S. Fish and Wildlife Service determines that the project would have a significant effect on special status species. | <input type="checkbox"/> | X  |
| (3) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance.  | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan both in land use and intensity.
- (2) The project site is not a biologically sensitive site as defined by Figures V-7-1a through V-7-1e of the MEIR. The California Department of Fish and Game and the U.S. Fish and Wildlife Service were consulted in the production of the MEIR.
- (3) There is no conflict with any local policies or ordinances protecting biological resources.

**8. ARCHAEOLOGICAL OR HISTORICAL SITES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to archaeological or historical sites:

Effect: If a site-specific project involves the modification or demolition of a qualifying structure more than 50 years in age, then the impact will be significant.

Effect: Areas of high probability for archaeological resources are located within the riparian corridors along the Tuolumne River, Dry Creek, and the Stanislaus River. There, the potential impact comes from earthmoving activities that could result in disturbance of resources or human remains. There is a low probability that archaeological resources will be uncovered in areas outside of the riparian corridors.

Effect: The City Zoning Ordinance requires that when substantial changes to a structure are proposed, the development will be required to comply with other Zoning Ordinance provisions such as parking or landscaping requirements. This could result in modifications to the structure, which substantially reduce its historical significance. This would be a less-than-significant impact with the imposition of new mitigation measure Cultural-1.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Archaeological or Historic mitigation measures pertinent to the project being analyzed in this Initial Study are found on page V-8-13 and V-8-14 MEIR. The project does not involve physical development and as a result no measures will be incorporated into or made conditions of approval of this project.

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-8.B of the MEIR provides analysis of Archaeological/Historical impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project would not adversely affect a cultural resource that is either listed or eligible for listing in the California Register of Historical Resources, or that is listed by the City of Modesto as a Designated Landmark Preservation Site.

## 9. STORM DRAINAGE

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to storm drainage:

Effect: The potential impacts on storm water drainage that could occur from the project were qualitatively evaluated with respect to several factors including: extent of the projected increase in urban surface area compared to undeveloped ground; magnitude of projected changes to hydrologic and physical site characteristics of the study area compared to existing conditions; regulatory criteria and guidelines; and professional judgment. Because the Urban Area General Plan includes policies that require new development in all three sections of the planning area to install approved drainage facilities, the potential impacts of the Urban Area General Plan on storm water drainage are considered *less-than-significant*.

Effect: The population of Stanislaus County is projected to increase in a fashion similar to that of Modesto, resulting in additional urban development and associated increases in impervious areas and associated urban storm water drainage. Cumulative hydrologic impacts of storm water flows from Modesto urban areas and other areas of the County could occur due to the fixed capacity of MID and TID irrigation canals to convey drainage west to the San Joaquin River. If drainage channels in some areas prove insufficient to handle the increased drainage discharges, existing storm water runoff from urban and agricultural areas during large storm events would have to be interrupted until water levels receded to a point allowing the resumption of discharges to the channel. Ceasing discharges to drainage channels could cause inundation in and around the drainage conveyance pipeline systems, surface drainage channels, detention basins, and other urban areas. *This cumulative impact is considered significant and unavoidable.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

Storm Drainage mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-9-4 through V-9-8. The site is fully developed and this new proposal will only involve an amendment to the Planned development zone with no physical changes to the property. No measures will be incorporated into or made conditions of approval of this project.

### DISCUSSION:

There are no mitigation measures applicable to this project.

### c. Project-Specific Effects

Section V-9.B of the MEIR provides analysis of Storm Drainage impacts of development of the General Plan; the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.  | <input type="checkbox"/> | X  |
| (2) The project would substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or offsite.  | <input type="checkbox"/> | X  |
| (3) Create or contribute runoff water that would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the Modesto Urban Area General Plan in both land use and intensity.
- (2) The project does not propose to increase the impervious surface on the property. The project will not require new Development-Storm Water Quality Control Measures, as adopted by the City, due to the lack of any physical development to the existing site.
- (3) The project will not contribute additional water runoff that would exceed the capacity of the storm drainage system.

**10. FLOODING AND WATER QUALITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to flooding and water quality:

Effect: Increased runoff can accelerate soil erosion, stream channel scouring, and sedimentation of channels, and also increase pollutant transport to waterways. The potential impacts of the project on flooding are considered less-than-significant because the Urban Area General Plan Update includes policies to restrict development in the floodplain and therefore would avoid exposing persons and property to flood hazards. In addition, new development under the Urban Area General Plan is required to install storm water drainage facilities that restrict the amount of post-development runoff from exceeding pre-development conditions.

Effect: The potential impacts of the project on surface-water quality are considered less-than-significant because the City policies and capital improvement projects for storm water drainage facilities would minimize discharges of urban pollutants to natural waterways. The City drainage program policies require new development to prepare drainage plans and implement urban runoff control measures; larger Specific Plan developments must have storm drainage systems designed to control pollutant runoff. The City's implementation policies for the municipal NPDES storm water permit require new development to implement an appropriate selection of permanent pollution control measures. Permanent erosion control measures such as seeding and planting vegetation for new cut-and-fill slopes, directing runoff through vegetation, or

otherwise reducing the offsite discharge of particulates and sediment are the most effective method of controlling offsite discharges of urban pollutants.

Effect: The City's future development will contribute to cumulative water quality effects. EPA regulations for NPDES storm water permits and new proposed regulatory additions to the rules have become much more comprehensive in recent years and are being implemented to reduce pollutant runoff from both large- and small-scale activities. Implementation of NPDES-permitting programs throughout the county will reduce potential water-quality impacts to a less-than-significant level.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Flooding and Water Quality mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-10-7 through V-10-10 MEIR. All feasible measures appropriate to the project have been incorporated into or made conditions of approval of the previously approved development. This project will not involve any modification to the existing site that would require additional measures applied to the new proposal.

DISCUSSION:

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-10.B of the MEIR provides analysis of Flooding and Water Quality impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with the regulatory requirements of the federal Clean Water Act or the State Porter-Cologne Act.	<input type="checkbox"/>	X
(3) The project does not comply with Modesto's Guidance Manual for New Development Storm water Quality Control Measures.	<input type="checkbox"/>	X
(4) The project would create or contribute runoff water, which would exceed the capacity of existing or planned storm water drainage systems or provide substantial additional sources of polluted runoff.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan Designation for the site both in land use and intensity.

- (2) The project would comply with the Federal Clean Water Act and the Porter Cologne Act requirements.
- (3) The project complies with the Guidance Manual for New Development Storm Water Quality Control Measures.
- (4) The project would not create or contribute to runoff water in excess of the capacity of existing or planned storm water drainage systems or provide additional sources of polluted runoff.

**11. PARKS AND OPEN SPACE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to parks and open space:

Effect: Within the Baseline Developed and Redevelopment Areas, the Urban Area General Plan does not propose any elimination of existing park and/or open space land. *Impacts on parks and open space will be less-than-significant.*

Effect: The projected population of the Planned Urbanizing Area is 148,600, requiring 149 acres of neighborhood parks and 298 acres of community parks. The required minimum acreages can be met through the application of existing policies and regulations, including Government Code Section 66474, which require developers to pay Parks Capital Facilities Fees to fund the acquisition of appropriate parkland acreage. *This impact is less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Parks and Open Space Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-11-4 through V-11-19 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

**DISCUSSION:**

There are no mitigation measure applicable to this project. It is not on or adjacent to any park sites, nor is it near any of the riparian area identified by Figures V-7-1a through V-7-1e of the MEIR.

**c. Project-Specific Effects**

Section V-11.B of the MEIR provides analysis of Parks and Recreation impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

YES NO

- (1) The project is inconsistent with the Modesto Urban Area General Plan.  X

**DISCUSSION:**

- (1) The project is consistent with the General Plan in both land use and intensity. There are no mitigation measures applicable to this project.

**12. SCHOOLS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to schools:

Effect: The estimated increase in population over 1994/1995 would generate an additional 29,200 elementary school students, 7,330 middle school students, and 14,640 high school students above those enrollments. Assuming that existing facilities cannot sufficiently accommodate this increase and that all of the new students would require new school facilities, build out of the General Plan would result in the need for approximately 37 elementary schools, 8 middle schools, and 7 high schools beyond 1994/1995 levels. This would result in a significant impact on schools in that it would exceed current capacity. By statute, this impact is considered to be mitigated below a level of significance by payment of school impact fees and exercise of any or all of the financing options set out in Government Code Section 65997.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. ). As long as all anticipated subsequent projects apply these policies, no new mitigation is necessary. Further, payment of school impact fees and compliance with SB 50 is statutorily deemed to be full mitigation of school impacts (Government Code Section 65995). The proposed additional school policy will address the situation that would arise should AB 50 be repealed. It will authorize impact fees or other methods to finance additional school facilities.

The following schools mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See pages V-12-4 through V-12-7 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

**DISCUSSION:**

There are no mitigation measures applicable to this project.

**c. Project-Specific Effects**

Section V-12.B of the MEIR provides analysis of Schools impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project does not comply with SB 50/Proposition 1A funding provisions, or succeeding measures which provide that compliance results in less-than-significant impacts on schools.	<input type="checkbox"/>	X

**DISCUSSION:**

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project was referred to Modesto City Schools who indicated no opposition to the project.

**13. POLICE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to police services:

Effect: The 1995 Master EIR identified two impacts on the demand for police services; however, it concluded that no significant impact, based on the mitigation measures identified in the 1995 Master EIR, would occur. Those mitigation measures are now policies of the Urban Area General Plan. *The impact is less-than-significant.*

Effect: Within the Planned Urbanizing Area, complying with the Urban Area General Plan policies, particularly the policy that requires a long-range financing strategy for each Comprehensive Plan Area, will allow the City to provide the resources necessary to extend service to the newly growing Planned Urbanizing areas. *These policies reduce the impact to a less-than-significant level.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Police Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-13-3 and V-13-4 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

**DISCUSSION:**

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-13.B of the MEIR provides analysis of police services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**14. FIRE SERVICES**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to fire services:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. *Impacts on fire services of development in these areas will be less-than-significant.*

Effect: In the Planned Urbanizing Area, the Urban Area General Plan would result in the need for additional fire protection services due to increases in the number of employees, permanent population, and associated improvements. City policy requires that fire protection be in place concurrent with construction in the Planned Urbanizing Area. This policy will be implemented with the adoption of future Comprehensive Plans in the Planned Urbanizing Area. *This impact would be less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Fire Services mitigation measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-14-3 through V-14-5 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project. are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-14.B of the MEIR provides analysis of fire services impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not result in the need for construction of new or significantly altered facilities which could cause new significant environmental impacts in order to maintain acceptable service ratios, response times or other performance objectives. The project meets City Standards for emergency services access.

**15. SOLID WASTE**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to solid waste:

Effect: New development projects would exceed available landfill capacity, it is identified as a significant impact. The Fink Road Landfill may be closed by the time the City reaches build out, unless an expansion is approved by the County and the Integrated Waste Management Board. As the waste stream generated increases with population, additional landfills and methods for diversion would have to be utilized. New projects will also generate the need for additional collection and transfer facilities. This impact is significant and unavoidable. *The impact would be less-than-significant at such time as the Fink Road Landfill expansion is approved.*

Effect: New development projects can make a considerable contribution to the cumulative impact on landfill capacity of development in Stanislaus County. *This impact is significant and unavoidable.*

This office project will not generate additional waste that will impact facilities. The proposed project is an amendment to the existing Planned development zone with no physical modification to the property.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

Solid Waste Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study, are found on pages V-15-5 and V-15-6 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-15.B of the MEIR provides analysis of solid waste impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The County is unable to expand its solid waste disposal capacity and the project would result in waste stream levels that exceed disposal capacity. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) This project was referred to the County and Solid Waste Division of the Engineering and Transportation Division for review, and no indication was given that there would be a problem serving this project.

**16. HAZARDOUS MATERIALS**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to hazardous materials:

Effect: The impacts of the project relative to hazardous materials are less-than-significant, based on the existing regulatory framework. New development will be required to comply with regulations monitoring and controlling the handling and use of hazardous and toxic materials.

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under federal, state and county policies and regulations, and the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Hazardous Materials Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-16-9 through V-16-12 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-16.B of the MEIR provides analysis of hazardous materials impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project-specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

		YES	NO
(1)	The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2)	The project does not comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes.	<input type="checkbox"/>	X
(3)	The project contains a contaminated site not identified as of March 2003.	<input type="checkbox"/>	X
(4)	The project would emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school.	<input type="checkbox"/>	X
(5)	The project would be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would create a significant hazard to the public or the environment.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project does comply with all applicable federal, state, and county standards and regulations relative to the handling, storage, disposal, and transport of hazardous or toxic materials or wastes. (No hazardous materials will be involved with this project).
- (3) The project site is not known to contain any contaminants.
- (4) The project would not emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste.
- (5) The project would not be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and as a result, would not create a significant hazard to the public or the environment.

**17. LANDSLIDES AND SEISMIC ACTIVITY**

**a. Significant Effects Identified in the Master EIR**

The Master EIR identified the following significant environmental impacts relative to landslides and seismic activity:

Effect: There are areas of known sand and gravel resources within the Baseline Developed Area and Redevelopment Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

Effect: There are areas of known sand and gravel resources within the Planned Urbanizing Area. Future development will be subject to SMARA requirements, therefore, *the project impact will be less-than-significant.*

**b. Master EIR and/or New Mitigation Measures Applied to the Project**

The Master EIR did not identify any new mitigation measures. Mitigation relies upon the implementation of the policies in place under the Modesto Urban Area General Plan. These are identified and described in the list of policies in place and MEIR mitigation measures attached to the Initial Study template.

Landslide and Seismic Activity Mitigation Measure(s) pertinent to the project being analyzed in this Initial Study are found on pages V-17-6 and V-17-7 MEIR. All feasible measures appropriate to the project to be incorporated into or made conditions of approval of this project are listed in Section IV, Mitigation Measures Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

### c. Project-Specific Effects

Section V-17.B of the MEIR provides analysis of landslides and seismic impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.   | <input type="checkbox"/> | X  |
| (2) The project would be located on soil that is unstable, or that would become unstable as a result of the project, and potentially result in on or off-site landslide, lateral spreading, subsidence, liquefaction or collapse. | <input type="checkbox"/> | X  |

### DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) The project would not be located on soil that is unstable, or that would become unstable as a result of the project.

## 18. ENERGY

### a. Significant Effects Identified in the Master EIR

The Master EIR identified the following significant environmental impacts relative to energy:

Effect: The Baseline Developed Area and Redevelopment Area are already developed. New development within the Redevelopment Area will comply with Title 24 standards as well as City Urban Area General Plan policies. *Impacts on energy by development in these areas (i.e., changes in levels of use above the current baseline) will be less-than-significant.*

Effect: Build out under the Urban Area General Plan will utilize an estimated 1,400 million cubic feet per month of natural gas, 1,300 million kilowatt hours (kwh) of electricity per year and 650,000 gallons of gasoline per day. PG&E has indicated that they have at the current time sufficient supplies of natural gas to serve the increased natural gas demands of the project. At present, gasoline supplies are apparently sufficient to serve the gasoline demands of the project. Title 24 of the California Code of Regulation, which ensures that the project will not exceed local, state, and federal energy standards. *The impact is less-than-significant.*

### b. Master EIR and/or New Mitigation Measures Applied to the Project

The following energy mitigation measure(s) are pertinent to the project being analyzed in this Initial Study. See page V-18-3 MEIR. All feasible measures appropriate to the project will be incorporated into or made conditions of approval of this project. Those measures will be listed in Section IV, Mitigation Applied to Project:

DISCUSSION:

No mitigation measures are applicable to this project.

**c. Project-Specific Effects**

Section V-18.B of the MEIR provides analysis of energy impacts of development of the General Plan, the following is an analysis of whether the proposed project would result in a new, significant, project -specific effect not previously analyzed in the MEIR.

Determination of project effects will be based on the following thresholds. The project-specific effects will be less-than-significant unless:

- |   | YES                      | NO |
|---|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.

**19. PLANNING AND LAND USE**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR are based on the planning policies and diagrams adopted as part of the General Plan. Planning and land use were not among the 18 subject areas analyzed in the Master EIR because they essentially defined the project being evaluated in the EIR.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

- |  | YES                      | NO |
|--|--------------------------|----|
| (1) The project is inconsistent with the Modesto Urban Area General Plan.                | <input type="checkbox"/> | X  |
| (2) The project includes a substantive amendment to the Modesto Urban Area General Plan. | <input type="checkbox"/> | X  |
| (3) The project would physically divide an established community                         | <input type="checkbox"/> | X  |

Discussion:

- (1) The project is consistent with the General Plan in both land use and intensity.

- (2) No amendment to the General Plan is required by this project.
- (3) The project involves an amendment to the existing Planned development zone that would expand on the uses permitted within the existing building. The site is fully developed and as is an infill development that will not divide an established community.

**20. AESTHETICS**

The Master EIR was certified for the Modesto Urban Area General Plan. The significant effects described in the 18 subject areas contained in the Master EIR, are based on the planning policies and diagrams adopted as part of the General Plan. At that level of detail, no significant effects on aesthetics were identified.

**a. Project-Specific Effects**

Determination of project effects will be based on the following threshold. A project-specific effect is less-than-significant unless:

	YES	NO
(1) The project is inconsistent with the Modesto Urban Area General Plan.	<input type="checkbox"/>	X
(2) The project would have a substantial adverse effect on a scenic vista.	<input type="checkbox"/>	X
(3) The project would substantially degrade the existing visual character or quality of the project site and its surroundings.	<input type="checkbox"/>	X
(4) The project would create a new source of substantial light and glare, which would adversely affect day or nighttime views in the area.	<input type="checkbox"/>	X

DISCUSSION:

- (1) The project is consistent with the General Plan in both land use and intensity.
- (2) There are no Scenic Vistas from the location of the proposed development. It is completely surrounded by urbanization. Views to the Diablo and Sierra Mountain Ranges are already precluded from this site and its surroundings.
- (3) The project would not substantially degrade the existing visual character or quality of the project site and its surroundings. This is an existing site which had received previous City approval.
- (4) The project would not create a substantial source of light or glare that would adversely affect daytime or nighttime views in the area. The existing site conforms to current City regulations regarding night glare to surrounding residences. These requirements shall remain in effect.

## V. MITIGATION MEASURES APPLIED TO THE PROJECT

### A. Master EIR Mitigation Measures Applied to the Project

Pursuant to CEQA Section 21157.1 ( c), in order for a Finding of Conformance to be made, all feasible measures from the Master EIR appropriate to the project shall be incorporated into the project. The following adopted General Plan Policies and Master EIR Mitigation Measures (also contained in Section III, "Global List") shall be made part of the project prior to approval by means of conditions of project approval or incorporation into the appropriate document or plan:

All applicable and appropriate mitigation measures have been applied to the project.

#### Traffic and Circulation Measures:

N/A

#### Air Quality Measures:

N/A

#### Noise Measures:

N/A

#### Agricultural Land Measures:

N/A

#### Water Supply Measures:

N/A

#### Sanitary Sewer Service Measures:

N/A

#### Sensitive Wildlife and Plant Habitat Measures:

N/A

#### Archaeological or Historic Sites Measures:

N/A

#### Storm Drainage Measures:

N/A

#### Flooding and Water Quality Measures:

N/A

**Parks and Open Space Measures:**

N/A

**Schools Measures:**

N/A

**Police Services:**

N/A

**Fire Services:**

N/A

**Generation of Solid Waste**

N/A

**Generation of Hazardous Materials**

N/A

**Potential for Landslides and Seismic Activity**

N/A

**Energy**

N/A

**Planning and Land Use**

N/A

**Aesthetics**

N/A

**B. New or Additional Mitigation Measures or Alternatives Required**

Where the project's effects would exceed the specific thresholds defined for each environmental category, a mitigated negative declaration or Focused EIR must be prepared. Staff has reviewed the project against those thresholds set forth in the Master EIR for all applicable categories in this Initial Study. The following project-specific mitigation measures are necessary to reduce the identified new significant effect: **None**.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-221**

**A RESOLUTION DETERMINING THAT THE PUBLIC INTEREST AND  
NECESSITY REQUIRE THE ACQUISITION OF CERTAIN REAL PROPERTY  
AND IMPROVEMENTS TO REAL PROPERTY FROM JOSEPHINE  
CIPPONERI, AS TRUSTEE OF THE JOSEPHINE CIPPONERI 1999 TRUST  
AND DIRECTING THE FILING OF EMINENT DOMAIN PROCEEDINGS FOR  
THE SYLVAN AVENUE STREET IMPROVEMENTS PROJECT**

**REAL PROPERTY AND IMPROVEMENTS TO REAL PROPERTY LOCATED  
ON APN 077-046-079 ( OWNER: JOSEPHINE CIPPONERI, TRUSTEE OF THE  
JOSEPHINE CIPPONERI 1999 TRUST)**

WHEREAS, in accordance with the Modesto Urban Area General Plan, it is desirable and necessary for the City of Modesto to acquire a portion of real property and improvements to real property on APN 077-046-079 and commonly identified as 2500 Sylvan Avenue, 2512 Sylvan Avenue, and 2514 Sylvan Avenue and more particularly described and depicted in Exhibits "A", "B", and "C", attached hereto and made a part hereof by reference, in order to implement the Sylvan Widening Project (the "Project"), and

WHEREAS, the City of Modesto is vested with the power of eminent domain to acquire real property by virtue of Article I, Section 19, of the Constitution of the State of California, and the California Eminent Domain Law, California Code of Civil Procedure Section 1230.010, et seq., and pursuant to Section 37350.5 of the Government Code of California, and

WHEREAS, pursuant to the provisions of Section 1245.235 of the Code of Civil Procedure of the State of California, notice has been duly given to all persons whose property is to be acquired by eminent domain, all of whom have been given a reasonable

opportunity to appear and be heard before the Modesto City Council on the following matters:

- (a) Whether the public interest and necessity require the Project;
- (b) Whether the Project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury;
- (c) Whether the property sought to be acquired is necessary for the Project; and
- (d) Whether the offer required by Government Code Section 7267.2 has been made to the owner(s) of record.

WHEREAS, the hearing set out in the notice was held on April 26, 2005 at the time and place stated therein, and all interested parties were given an opportunity to be heard. Thereafter, the hearing was closed. Based upon the evidence presented, the Council by vote of two-thirds or more of its members, further FINDS, DETERMINES, RESOLVES AND ORDERS as follows:

- 1. The public interest and necessity require the Project;
- 2. The Project is planned and located in the manner, which will be most compatible with the greatest public good and the least private injury;
- 3. The taking of the fee simple title in and to the real property and improvements to real property more particularly described in said Exhibits "A", "B" and "C" is necessary for the Project;
- 4. The offer required by Section 7267.2 of the Government Code of the State of California has been made to the owner or owners of record of the real property;
- 5. All conditions and statutory requirements necessary to exercise the power of eminent domain to acquire the property described herein have been complied with by the City of Modesto;
- 6. The Office of the City Attorney of the City of Modesto or counsel retained by the Office of the City Attorney of the City of Modesto is hereby authorized and directed to institute and conduct to conclusion an action in

eminent domain for the acquisition of the estates and interests aforesaid and to take such action as it may deem advisable or necessary in connection therewith

7. The Office of the City Attorney of the City of Modesto or counsel retained by the Office of the City Attorney of the City of Modesto is hereby authorized and empowered to deposit with the State Treasury Condemnation Fund the probable amount of compensation, based on an appraisal, and to apply to the Court for an order of prejudgment possession of the subject property for said public uses and purposes.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By Michael D. Milich  
MICHAEL D. MILICH, City Attorney

EXHIBIT "A"

ALL that certain real property situate in the City of Modesto, County of Stanislaus, State of California and lying in a portion of the East Half of the Northeast Quarter of the Southwest Quarter of Section 11, Township 3 South, Range 9 East, Mount Diablo Meridian, described as follows:

BEGINNING at the Northwest corner of Parcel 1 as shown on that map filed in Book 37 of Parcel Maps at Page 75, Stanislaus County Records; thence South 89°40'28" East along the North line of said parcel 1 and the Southerly right-of-way line of Sylvan Avenue, a distance of 209.00 feet to the Northeast corner of said Parcel 1; thence South 00°32'58" East along the East line of said Parcel 1, a distance of 26.00 feet; thence North 89°40'28" West, a distance of 209.00 to a point on the West line of said Parcel 1; thence North 00°37'08" West along last said line, a distance of 26.00 feet to the Point of Beginning.

Containing 5,434 square feet more or less.

## **EXHIBIT "C"**

The proposed acquisition includes land within the 26 foot strip necessary for the right-of-way (described in Exhibit "A" and depicted in Exhibit "B") and buildings and improvements located thereon and on the remainder larger parcel consisting of the following improvements:

The detached 2,152 square foot single-family residence situated on the land being acquired and the remainder parcel commonly known as 2500 Sylvan Avenue;

A 1,900 square foot two-unit duplex structure situated on the land being acquired and the remainder parcel commonly known as 2512 Sylvan Avenue and 2514 Sylvan Avenue;

Yard improvements including concrete patios, wood fencing, brick barbeque, brick flowerbeds, and landscaping including trees, shrubs, bushes and flowers.

**EXHIBIT "C"**

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-222**

**A RESOLUTION AMENDING PASSENGER FARES FOR MODESTO AREA EXPRESS (MAX) BAY AREA RAPID TRANSIT (BART) COMMUTER EXPRESS SERVICE, RESTATING PASSENGER FARES FOR MAX BAY AREA EXPRESS, AND RESCINDING RESOLUTION NO. 2003-77**

WHEREAS, MAX BART Commuter Express operates between Modesto and the Dublin/Pleasanton BART station, and

WHEREAS, this service began in July 1998 with one bus providing two round trips per day and was expanded to two buses and four round trips per day in February 2001, and

WHEREAS, the cost of operating this route is \$206,000 per year and requires a subsidy of \$101,000 per year, and

WHEREAS, this subsidy is a combination of City Local Transportation Fund (LTF) monies (80%) and Federal Transit Administration (FTA) funds (20%), and

WHEREAS, fares for this route were last raised in May 2003 by Resolution No. 2003-77 to the current level of \$106.00 for a monthly pass, and

WHEREAS, increasing the MAX BART Commuter Express Fares to the recommended level will decrease the annual subsidy amount by \$25,671, and

WHEREAS, the Council Economic Development Committee recommended approval of fare increases for the BART Commuter Express at its March 7, 2005 meeting, and

WHEREAS, a duly noticed public hearing was held by the Council on April 26, 2005, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, at which public hearing all interested persons were given an opportunity to be heard relative to the proposed fare increases for the MAX BART Commuter Express services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the following fare increases for passengers riding on the MAX BART Commuter Express operating between Modesto and the Dublin/Pleasanton BART station be approved:

- |    |  |          |
|----|--|----------|
| 1. | Full Month   | \$130.00 |
| 2. | Beginning the 8 <sup>th</sup> of the month                         | \$100.00 |
| 3. | Beginning the 15 <sup>th</sup> of the month                        | \$67.00  |
| 4. | Beginning the 22 <sup>nd</sup> of the month                        | \$36.00  |
| 5. | Half-Month Pass (1 <sup>st</sup> – 15 <sup>th</sup> of each month) | \$67.00  |
| 6. | Round-trip   | \$13.00  |
| 7. | One-way  | \$11.00  |

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the following fares are hereby restated for passengers riding on the MAX ACE Express operating between Modesto and the Manteca/Lathrop ACE Train station:

- |    |  |         |
|----|--|---------|
| 1. | One-Way Trip                             | \$2.00  |
| 2. | 20-Ride Ticket (\$1.50 per one-way trip) | \$30.00 |

BE IT FURTHER RESOLVED by the Council of the City of Modesto that this resolution shall go into effect on and after August 1 2005.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that Resolution No. 2003-77 is hereby rescinded effective July 31, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26th day of April 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-223**

**A RESOLUTION SUPPORTING THE PURCHASE OF A NEW COMMUTER  
BUS FOR THE MODESTO AREA EXPRESS (MAX) BAY AREA RAPID  
TRANSIT (BART) COMMUTER EXPRESS SERVICE**

WHEREAS, MAX BART Commuter Express operates between Modesto and the Dublin/Pleasanton BART station, and

WHEREAS, this service began in July 1998 with one bus providing two round trips per day and was expanded to two buses and four round trips per day in February 2001, and

WHEREAS, the purchase of a new bus has been planned and is contained in the City's Capital Improvement Program, and

WHEREAS, this additional commuter bus would allow for maintenance of the other two commuter buses, while ensuring the comfort of our passengers, and

WHEREAS, the approximate cost of this bus is \$475,000 and a CMAQ grant in the amount of \$158,394 was received from StanCOG specifically for the purchase of this bus, and

WHEREAS, Federal Transit Administration (FTA) revenues and Local Transportation Fund (LTF) monies will fund the remaining cost of this bus purchase, and

WHEREAS, the Council Economic Development Committee recommended support of this bus purchase at its March 7, 2005 meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the purchase of a new commuter bus for the MAX BART Commuter Express service be supported.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Marsh, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-224**

**A RESOLUTION AUTHORIZING THE PURCHASING  
SUPERVISOR TO FORMALLY SOLICIT PROPOSALS FOR  
PRUNED REFUSE, LEAF, AND FORESTRY MATERIALS  
COLLECTION SERVICES, FOR A FIVE (5) YEAR PERIOD  
WITH AN OPTION TO RENEGOTIATE ONE (1) ADDITIONAL  
FIVE (5) YEAR PERIOD AND WITH AN OPTION TO PROVIDE  
A QUOTATION FOR COMPOSTING SERVICES**

WHEREAS, the City of Modesto's Public Works Department, Urban Forestry Division provides pruned refuse, leaf, and forestry materials collection to over 57,000 residential customers, and

WHEREAS, funding for the pruned refuse collection and a portion of the forestry materials collection is provided by City's Wastewater Fund, and

WHEREAS, funding for leaf collection is provided by the City's Storm Drain Fund, and

WHEREAS, the pre-eminent reason for seeking proposals from the private sector is to determine if the nexus for funding pruned refuse collection and a portion of the forestry materials collection out of the Wastewater Fund is no longer strong enough to continue such funding, and

WHEREAS, the leaf collection program is an adjunct to the pruned refuse collection program, and it would be inefficient and not cost-effective for the City to continue to perform leaf collection if pruned refuse collection and a portion of the forestry materials collection services are privatized, and

WHEREAS, under state law, pruned refuse, leaves, and forestry materials are considered "solid waste", and

WHEREAS, the City has exclusive service agreements with three private sector collection companies for the collection of residential and commercial solid waste, and

WHEREAS, if the City privatizes the collection of these materials, provision of these services would be limited to these licensed companies, and

WHEREAS, at the July 13, 2004 Council meeting, the City Council adopted Resolution No. 2004-368 authorizing staff to negotiate with the City's licensed solid waste collection companies to provide pruned refuse, forestry materials, and leaf collection services, and

WEHREAS, staff now desires to solicit a Request for Proposals (RFP) for Pruned Refuse, Leaf, and Forestry Materials Collection Services for a five (5) year period, with an option to renegotiate for an additional five (5) year period, and with an Option to Provide a Quotation for Composting Services, and

WHEREAS, the Economic Development Committee met on February 7, 2005, and supported the recommendation to solicit Requests for Proposals for Pruned Refuse, Leaf, and Forestry Materials Collection Services, with an Option to Provide a Quotation for Composting Services, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Proposal for Pruned Refuse, Leaf, and Forestry Materials Collection Services, with an Option to Provide a Quotation for Composting Services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed proposals for Pruned Refuse, Leaf, and Forestry Materials Collection Services, for a five (5) year period, with an option to renegotiate for an additional five (5) year period, and with an Option to Provide a Quotation for Composting Services, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed proposals in the time, form, and manner provided by law.

SECTION 2. After the sealed proposals are opened, they shall be evaluated and analyzed based on stated evaluation criteria and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 26<sup>th</sup> day of April 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-225**

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF  
JAMES E. LEONARD FROM THE AIRPORT ADVISORY COMMITTEE**

WHEREAS, JAMES E. LEONARD was appointed a member of the Airport Advisory Committee on March 23, 2004, and

WHEREAS, JAMES E. LEONARD has tendered his resignation from the aforementioned committee, and

WHEREAS, JAMES E. LEONARD has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of JAMES E. LEONARD from the Airport Advisory Committee hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to JAMES E. LEONARD for his outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of May 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-226**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO APPLY FOR  
NATIONAL ASSISTANCE TO FIREFIGHTERS GRANT PROGRAM FUNDS IN  
THE AMOUNT OF \$390,000 AND TO EXECUTE THE NECESSARY GRANT  
APPLICATION DOCUMENTS**

WHEREAS, the Congress, under Public Law 107-73, has authorized the establishment of the Federal Fire Protection and Control Act and has appropriated \$650 million dollars to carry out the Assistance to Firefighter's Grant Program, and

WHEREAS, the Office for Domestic Preparedness is responsible for administration of the program, setting up necessary rules and procedures governing application by local agencies under the program, and

WHEREAS, said adopted procedures established by the Office for Domestic Preparedness require the applicant to provide 20% local matching funds, and

WHEREAS, the Fire Department has concluded that an application in the category of Firefighting Vehicle Acquisition Program is the most needed and the most likely to be successful, and

WHEREAS, the City of Modesto and Modesto Fire Department qualify to submit the grant application,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby:

1. Authorizes the filing of an application for Assistance to Firefighter's Grant Program funds in the amount of \$390,000.

2. Certifies that said agency has matching funds from the following source: Fire Department Operating Budget, and can finance 100 percent of the project, 80% of which will be reimbursed.
3. Authorizes the City Manager, or his designee, as agent of the City to execute and submit the necessary grant application documents.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-228**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN  
THE CITY OF MODESTO AND YOSEMITE COMMUNITY  
COLLEGE DISTRICT FOR THE CITY TO PROVIDE ONE  
POLICE SERGEANT FROM THE MODESTO POLICE  
DEPARTMENT TO SERVE AS THE TRAINING  
CENTER SERGEANT AT THE REGIONAL ACADEMY  
TRAINING CENTER AND AUTHORIZING THE CITY MANAGER  
TO EXECUTE THE AGREEMENT**

WHEREAS, the Yosemite Community College District (YCCD) has requested a Modesto Police Sergeant to fill its Academy Coordinator position for the regular basic course, and

WHEREAS, the Regular Basic Course is a complex curriculum of instructional units and testing requirements, and

WHEREAS, the task of managing the course is complicated by the frequency of instructional and testing changes, and

WHEREAS, the Academy Coordinator's qualifications and responsibilities include demonstrated ability to do law enforcement training and experience to coordinate the Regular Basic Course, and

WHEREAS, the position requires experience in supervising personnel, and in budgeting, administration and operations, and

WHEREAS, the term of the agreement is five years, commencing on July 1, 2005, and

WHEREAS, YCCD will reimburse the City of Modesto for the total cost – salary and benefits, cellular telephone and computer costs – of one Modesto Police Sergeant, and

WHEREAS, the Finance Committee unanimously endorsed this action at its meeting of February 14, 2005, and the Safety and Communities Committee unanimously endorsed this action at its meeting of February 28, 2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts and approves the Agreement between the City of Modesto and the Yosemite Community College District for the provision of one Modesto Police Sergeant to serve as Academy Coordinator of the Police Academy.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute said agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-230**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS FOR THE FURNISHING OF  
PUMP STATION REJUVENATION SERVICES, FOR A TWO (2) YEAR  
AGREEMENT, WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT AN  
ESTIMATED ANNUAL COST OF \$328,737**

WHEREAS, the City of Modesto owns and operates 113 water well sites, which have a producing capacity of 109.97 million gallons per day (MGD) of water, and

WHEREAS, this water system services approximately 76,000 customer locations, for a total of 280,000 people, and

WHEREAS, when a pump station begins to deteriorate it starts to lose its pumping efficiency, and

WHEREAS, lower pumping efficiency usually equates to a drop in water pressure prompting low-pressure alarms and a reduction in fire suppression capabilities, and

WHEREAS, ineffective fire suppression capabilities can pose a potential threat to life and property, thus any drop in water pressure, due to pump deterioration, could potentially have catastrophic consequences, and

WHEREAS, the Public Works Department, Water Division maintains the 113 water well sites, keeping the integrity of the pump stations at a high level, in order to better service the City's customers, and

WHEREAS, by obtaining annual pricing for pump station rejuvenation services the City eliminates the need to bid this type of service every time there is a required repair, and

WHEREAS, needed repairs can be made in two (2) or three (3) days instead of two (2) or more weeks, and

WHEREAS, this is extremely important in the summer months, and

WHEREAS, funding for pump station rejuvenation services will come from the Water Enterprise Fund, which derives its funding from user fees, and

WHEREAS, contracts may be awarded to more than one (1) company in order to provide backup, or in case the “primary” contractor is unable to meet the City’s needs, and

WHEREAS, a secondary or third company could be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the time frame required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the furnishing of pump station rejuvenation services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the furnishing of pump station rejuvenation services, for a two (2) year agreement, with three (3) one-year extension options, to be opened in the office of the

City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3<sup>rd</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Hawn, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-231**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS FOR THE FURNISHING OF  
WELL REHABILITATION SERVICES, FOR A TWO (2) YEAR AGREEMENT,  
WITH THREE (3) ONE-YEAR EXTENSION OPTIONS, AT AN ESTIMATED  
ANNUAL COST OF \$169,987**

WHEREAS, the City of Modesto owns and operates 113 water well sites, which have a producing capacity of 109.97 million gallons per day (MGD) of water, and

WHEREAS, this water system services approximately 76,000 customer locations, for a total of 280,000 people, and

WHEREAS, many of the City's wells are old and starting to deteriorate, and

WHEREAS, these old wells were designed with perforations in the walls to receive water from a variety of sources, and

WHEREAS, as the wells age many of the wall perforations become plugged and no longer function, and

WHEREAS, this reduces the water supply available at the well, and

WHEREAS, the Public Works Department, Water Division maintains the 113 water well sites, and

WHEREAS, wells with reduced water supply are inspected via video to verify the integrity of the well, but are only rehabilitated when the supply levels reach a critically low level, and

WHEREAS, by contracting for well rehabilitation services, the Water Division will be able to proactively rehabilitate the aged wells before they reach a critical level, and

WHEREAS, funding for well rehabilitation services will come from the Water Enterprise Fund, which derives its funding from user fees, and

WHEREAS, contracts may be awarded to more than one (1) company in order to provide backup, or in case the “primary” contractor is unable to meet the City’s needs, and

WHEREAS, a secondary or third company could be awarded a specific job only if the primary contractor is unable to perform the service, or if the primary contractor is unable to complete the specific job within the time frame required by the City, and finally, if the primary contractor is unable to maintain acceptable quality standards required by the City, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the furnishing of well rehabilitation services will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. **MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-233**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO APPLY TO THE  
STANISLAUS COUNCIL OF GOVERNMENTS FOR FEDERAL CONGESTION  
MITIGATION AND AIR QUALITY (CMAQ) FUNDS FOR VARIOUS  
PROJECTS RELATING TO THE REDUCTION OF AIR POLLUTION AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE THE NECESSARY  
DOCUMENTS TO OBTAIN SAID FUNDING**

WHEREAS, on March 9, 2005, the Stanislaus Council of Governments (StanCOG) Policy Board approved guidelines to allocate Congestion Mitigation and Air Quality (CMAQ) program funds to eligible proposers for the Federal Fiscal Year 2005/06 and 2006/07, and

WHEREAS, on March 10, 2005, StanCOG staff distributed a call for CMAQ project nominations to local jurisdictions, further stipulating that \$7,590,718 of CMAQ funding was available for distribution among local agencies County-wide, and

WHEREAS, pursuant to StanCOG guidelines for distribution to local governments in Stanislaus County, including an estimate of funds available to each, the City of Modesto anticipates \$2,241,909 in funds for eligible projects of its own choosing, and can also compete for as much as \$5.34 million available for projects that do the most to reduce air pollution in the county, and

WHEREAS, City staff has identified 15 projects for funding which will contribute to the attainment of national ambient air quality standards, and

WHEREAS, the Economic Development Committee reviewed said projects generally at its meeting on April 11, 2005, and recommended approval of the projects for CMAQ funding, and

WHEREAS, CMAQ grants require an 11.47% local match of funds, and

WHEREAS, the match required for many of the projects may be funded out of Local Gas Tax Funds, Local Transportation Funds, or Transit Fare Box Revenues, and

WHEREAS, applications for each project are required to be submitted to the Stanislaus Council of Governments by May 19, 2005, and

WHEREAS, the Stanislaus Council of Governments will make a recommendation to the StanCOG Policy Board for project funding,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the City Manager, or his authorized designee, to apply to the Stanislaus Council of Governments for Federal Congestion Mitigation and Air Quality (CMAQ) funds to be used for various projects set forth in the attached Exhibit "A", recommended by City staff which will reduce air pollution.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute all applications and documents necessary to obtain said funding.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-232**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2004-2005 ANNUAL BUDGET**

WHEREAS, a monthly financial analysis has been completed and it has been determined that certain adjustments are required to the Annual Budget of the City of Modesto for the Fiscal Year 2004-2005,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that appropriations, revenues, and transfers for the 2004-2005 budget have been adjusted as shown in Schedule A.

BE IT FURTHER RESOLVED that the Finance Director is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 3rd day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following votes:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

ATTEST: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: Michael D. Milich  
MICHAEL D. MILICH, City Attorney

**APPROPRIATIONS**

<b>FROM</b>					
6600-800-8000-8003	6600R		(\$6,000)	(\$6,000)	Golf Fund, Contingency Reserve
<b>TO</b>					
1350-800-8000-8003	1350R		\$6,000	\$6,000	Parks CFF Fund, Contingency Reserve

**TRANSFERS**

<b>FROM</b>					
6600-700-7000-7135	6600G		\$6,000	\$6,000	Transfer to Parks CFF Fund
<b>TO</b>					
1350-700-7000-9660			\$6,000	\$6,000	Transfer from Golf Fund

**COMMENTS/JUSTIFICATION**

In 1998, expenses for the golf cart shed were taken from this fund, but should have been taken from the golf fund. This was found when Maze and Associates performed a performance review of the CFF funds. Because the golf course is not eligible for CFF, this is not an eligible expense.

<u>TO</u> 05-6280-480-5314-0235	5314C	\$222,885	\$12,000	\$234,885	Professional Svc

#### COMMENTS/JUSTIFICATION

On 4/4/05 an appropriation transfer was completed to move \$62,000 from identified operational savings, to the Storm Drain Reserves to be used toward the NPDES Permit. Only \$50,000 was needed toward the permit the other \$12,000 was to be used in the Operational Organization - Storm Drain Administration (5314) to complete existing contracts such as Godbe and Larry Walker and Assoc.  
 This adjustment is to move the \$12,000 from the reserves back into operational org 5314

<u>TO</u> 05-1300-701-7001-9132			\$50,579	\$50,579	Repayment of M174 Loan

#### COMMENTS/JUSTIFICATION

On April 6, 2004 Council approved an loan from fund 1300 to 1320 for the completion of Fire Station 11 (M174) At that time, an ammortization schedule was set up, but no transfer was put in place to allow the payment to be made. Payments are set to begin in FY05, this adjustment allows the transfer to be put in the Financial System

<u>TO</u> 05-0100-700-7000-9130			\$50,579	\$50,579	General Transfer to the GF

COMMENTS/JUSTIFICATION

In June 2004 Council approved a loan from the Special Fund for Capital Outlay in the amount of \$238,495 for the completion of Fire Station 11 located in the Fire CFF Fund. This resulted in a reduction to another Fire Project N412 (Fire Station 1 Retrofit) The repayment of that loan is to fund 1300. Since then it has been determined that the work to retrofit Fire Station 1 exceeds the existing funds, therefore that project was closed and the available funds returned to the General Fund for reallocation. This transfer will allow the loan payback to also return to the General Fund over the next 5 years where the funds originated from.

**COMMENTS/JUSTIFICATION**

This adjustment is return the funds to return the funds that the General Fund sent to the Station 1 Rehab/Retro Project. This project, 1300-180-N412 Station 1 Rehab has been closed. It was determined the project could not be completed at current funding levels. All funds will return to the General Fund where they can be reallocated.

<u>TO</u>					
MY-9080-700-K871-9130			\$77,254	\$77,254	Transfer to RDA Master Plan

**COMMENTS/JUSTIFICATION**

July 6, 2004 the RDA approved (10-2004) a complete update to the RDA Master Plan and the EIR for the Redevelopment project Area. An additional item was added to the overall Master Plan called "Safety Campuss Concept Master Plan" the funding was to be provided by the Fire Dept Project N412 Fire Station 1 Retrofit. It has since been determined that there is not enough funds available to complete project N412 and the project was closed and the funds returned to the General Fund. However the encumbrance remains in fund 1300. This adjustment will move the encumbrance and budget to 9080-140-K871 to allow the RDA to continue with their Master Plan and EIR updates

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-234**

**A RESOLUTION APPOINTING JASON K. HOLLINGSWORTH TO THE  
COMMUNITY QUALITIES FORUM**

WHEREAS, Section 1102 of the Charter of the City of Modesto authorizes the City Council to appoint members to various Boards and Commissions, and

WHEREAS, Councilmember Will O'Bryant has recommended JASON K. HOLLINGSWORTH as his selection to the Community Qualities Forum.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. JASON K. HOLLINGSWORTH is hereby appointed to the Community Qualities Forum with a term expiration of January 1, 2008.

SECTION 2. The City Clerk is hereby directed to transmit a copy of this resolution to the newly appointed member of the Community Qualities Forum and the Secretary thereof.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-235**

**A RESOLUTION DIRECTING THE CITY CLERK TO CONDUCT  
THE DECEMBER 13, 2005 RUN-OFF ELECTION, IF NEEDED, BY MAIL**

WHEREAS, in the event that no candidate is elected by a majority in the November 8, 2005 election, the two candidates receiving the most votes will run against one another in a December run-off election; and

WHEREAS, the City Council has chosen the City Clerk to conduct the City's run-off election in December 2005, and

WHEREAS, according to the Elections Code, the County Elections official has 28 days to certify the November Municipal Election, which falls on December 6, 2005, making it impossible to have sufficient time to hire precinct workers and establish polling locations; and

WHEREAS, the City entered into a contract with Martin & Chapman for election services, for a cost of \$105,059.37, for election services to assist with the City Clerk in conducting the December run-off using an all-mail ballot process; and

WHEREAS, the City Council must indicate its intention to conduct the December 13, 2005 run-off election, if needed, by mail.

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby declares that if a run-off election is required as a result of the Regular Municipal Election to be held on November 8, 2005, said run-off election shall be held by mail and scheduled on December 13, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

ELECTION USING AN ALL MAIL BALLOT IN THE AMOUNT OF \$105,059.57  
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, at the April 25, 2005 Finance Committee Meeting, the Finance Committee recommended the City Clerk conduct the December 13, 2005 run-off election and recommended that a contract be authorized with Martin & Chapman for election services; and

WHEREAS, Martin & Chapman has agreed to provide the services outlined in Exhibit "A" attached hereto and incorporated herein by reference in the amount of \$105,059.57; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves award of contract to Martin & Chapman for professional services to conduct the December 13, 2005 run-off election using an all mail ballot.

BE IT FURTHER RESOLVED that the City Manager or his designee is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**A RESOLUTION ADOPTING RUN-OFF ELECTION PROCEDURES AND  
DIRECTING THE CITY CLERK TO FOLLOW THE PROCEDURES IN  
CONDUCTING ANY REQUIRED RUN-OFF ELECTION FOLLOWING THE  
REGULAR MUNICIPAL ELECTION IN NOVEMBER, 2005, AND DIRECTING  
THE CITY ATTORNEY TO FILE AN ACTION IN SUPERIOR COURT IN THE  
EVENT THAT THE DECEMBER, 2005 RUN-OFF ELECTION "FAILS"**

WHEREAS, after considering the options of whether the County Clerk-Recorder or the City Clerk should conduct the December 13, 2005 run-off election, the Finance Committee at its April 25, 2005 meeting recommended to the City Council that the City Clerk conduct the run-off; and

WHEREAS, the City Council adopted Resolution No. 2005-235 directing the City Clerk to conduct the December 13, 2005 run-off election, and

WHEREAS, the City Council authorized a contract with Martin & Chapman for election services to assist the City Clerk in conducting the 2005 run-off election; and

WHEREAS, it is prudent and necessary for the City Council to approve run-off election procedures to guide the City Clerk in conducting the December run-off election in the event one is necessary.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the run-off election procedures set forth in the staff report to the City Council dated May 10, 2005, are hereby adopted and the City Clerk is authorized and directed to follow said procedures in conducting the run-off election, and further, the City Attorney is directed to file the litigation described in said staff report in the event the December, 2005, run-off election "fails." (A copy of the staff report is attached as Exhibit "A" and incorporated herein by reference.)

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

FROM: Jean Zahr, City Clerk  
SUBJECT: December 2005 Run-Off Election  
CONTACT: Jean Zahr, [jzahr@modestogov.com](mailto:jzahr@modestogov.com), (209) 577-5396

**RECOMMENDED COUNCIL ACTION**

1. Resolution approving run-off election procedures and directing the City Clerk to follow the procedures in conducting any required run-off election following the regular municipal election in November 2005, and directing the City Attorney to file an action in Superior Court to do the following in the event that the December 2005, run-off election "fails;" (1) obtain an order prohibiting the City Clerk from canvassing the December 13, 2005 run-off election, (2) declare the December 13, 2005, run-off election nullified, and (3) request the Court to retain jurisdiction until the run-off election results are certified.
2. Resolution calling for a special election to be held on January 31, 2006 for the purpose of holding a run-off election that might otherwise have been held on December 13, 2005 in the event the December 13, 2005, run-off election "fails."

**BACKGROUND**

The City Council has directed the City Clerk to conduct the December 13, 2005 run-off election.

The County Clerk-Recorder will be conducting the November 8, 2005 Municipal Election and it is anticipated that the office will use the entire 28-day canvassing period allowed under the law for that election. In the event the full 28-day period allowed by law is utilized, there will not be sufficient time to mail the run-off ballots to voters 10 days prior to the run-off date as required by the Elections Code. It is therefore recommended that the City Council approve the following run-off election procedures:

### SELECTION OF RUN-OFF CANDIDATES:

- Establish November 18, 2005, at 5:00 p.m. as the date and time when the top two candidates will be chosen for purposes of printing the run-off ballots in those races where it appears that a run-off will be necessary. In those races where any candidate has more than 50% of the votes cast as of that date and time, no run-off ballots will be printed. The determinations provided for in this paragraph will be made based on the vote tabulation printed by the County Elections Office at that date and time.
- Immediately after the above determinations have been made pursuant to these procedures, the City Clerk shall cause the necessary ballots to be printed.
- Prior to November 18, 2005, the City shall have caused the necessary mail ballot envelopes and any other election supplies to have been printed utilizing the services of the election supplier previously chosen by the City Council as set forth in Resolution No. 2005-\_\_\_\_\_
- In the event the County Clerk-Recorder does not utilize the full 28-day canvassing period and the certified election results show that the incorrect names were chosen pursuant to the procedure set forth above, then the following action shall be taken depending on at what point in the process the canvass is made:
  - ◆ If the canvass is made prior to the mailing of the ballots then, provided there is sufficient time in the opinion of the election supplier, the City Clerk shall request an emergency reprint and incur any necessary additional cost and mail out the reprinted ballots prior to the 10-day deadline mandated by state law, or if there is not sufficient time to meet the 10-day deadline, the election shall be deemed to have “failed” and the City Attorney shall proceed with the litigation outlined below.
  - ◆ If the canvass of the County Clerk-Recorder shows that the incorrect names were chosen pursuant to the procedure outlined above and the ballots have already been mailed, then the run-off shall be deemed to have “failed,” and the City Attorney shall proceed with the litigation outlined below.

### LITIGATION:

- In the event said run-off is deemed to have “failed” pursuant to these procedures, then the City Attorney is hereby directed to file an action in Superior Court to do the following:
  - ◆ Obtain an order prohibiting the City Clerk from canvassing the December 13, 2005, run-off election.
  - ◆ Declare the December 13, 2005, run-off election nullified.

- ◆ Request the Court to retain jurisdiction until the run-off election results are certified

### **DECISION TREE:**

- Pursuant to these procedures there are two (2) possible scenarios which are summarized in the attached "Decision Tree."
- Pursuant to the procedures set forth above, if the City Clerk has printed and mailed ballots with incorrect names chosen, it will be necessary to call a special election for the purpose of holding the run-off. The agreed upon date to hold an election with Martin and Chapman is January 31, 2006. This date will allow adequate time to reprint and mail new ballots. It is recommended that the City Council adopt such a resolution now on condition that it not be effective unless the circumstances described above occur.

In order to avoid allegations of conflict of interest, it is recommended that Councilmembers Jackman, Keating and O'Bryant abstain from voting on this matter. The precedent for this is the fact that Councilmembers Friedman and Smith abstained during actions taken related to the "failure" of the 2001 run-off election, and Mayor Sabatino and Councilmember Conrad abstained from voting on this matter during actions related to the 2003 run-off election procedures.

### **FISCAL IMPACT**

If a special run-off election is required it is estimated that an additional \$200,000 will be needed to cover costs.

### **STEPS FOLLOWING APPROVAL**

These procedures will be forwarded to Martin & Chapman and the County Clerk-Recorder.

Resolution Calling for a Special Election  
Decision Tree

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-238**

**A RESOLUTION CALLING FOR A SPECIAL ELECTION TO BE HELD ON  
JANUARY 31, 2006 FOR THE PURPOSE OF HOLDING A RUN-OFF  
ELECTION THAT WAS PREVIOUSLY SCHEDULED FOR  
DECEMBER 13, 2005**

WHEREAS, in the event the December run-off election “fails,” it will be necessary to reschedule the run-off election; and

WHEREAS, the City Council determines that the run-off election should be held on the 5<sup>th</sup> Tuesday in January 2006.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

1. That the City Council orders the City Clerk to submit the run-off election previously scheduled for December 13, 2005, to the voters on January 31, 2006.
2. The City Council hereby requests Martin & Chapman to provide election services for the purpose of holding a run-off election that was previously scheduled for December 13, 2005, to elect members of Council for Chairs 2, 4 and 5.
3. That the City Clerk shall certify to the passage and adoption of this resolution and enter it into the book of original resolutions.
4. This resolution shall only be effective in the event incorrect names for the run-off ballots were chosen; and, the Superior Court issues an Order prohibiting the City Clerk from canvassing the December 13, 2005, run-off election; and, the Superior Court issues an Order nullifying the December 13, 2005, run-off election.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-239**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS FOR THE PURCHASE OF FIVE  
(5) PRE-CAST CEMENT VAULTS FOR THE PUBLIC WORKS DEPARTMENT,  
WATER DIVISION, FOR AN ESTIMATED COST OF \$66,000**

WHEREAS, in 1995, the Del Este Water Company and the City of Modesto partnered with the Modesto Irrigation District to introduce treated surface water from the Modesto Reservoir into the Modesto water systems, and

WHEREAS, this project was accomplished by constructing a very long transmission main with thirty-one (31) MID turnouts strategically located throughout the system, and

WHEREAS, once the Del Este Water Company and the City of Modesto water systems merged, the Public Works Department, Water Division began tying the two (2) systems together, using a mixture of well water and surface water, and

WHEREAS, the Water Division is currently faced with the large task of determining the best method of utilizing the water supplies that are available to the City, and

WHEREAS, currently there is no control mechanism in place to account for the distribution of MID water, and

WHEREAS, by installing pressure-flow control valves on MID turnouts, the Water Division can place water where it is needed the most, and

WHEREAS, by the Resolution No. 2005-240, adopted on May 10, 2005, the Purchasing Supervisor has requested authorization to solicit Request for Bids to purchase

five (5) pressure-flow control valves to be installed on the east side of town, next to the MID terminal reservoir tanks, and

WHEREAS, the purchase of these control valves will require the purchase of five (5) new pre-cast vaults to house them in, and

WHEREAS, the completion of this project will allow the Water Division the ability to control the placement of water from this system for the City, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of five (5) pre-cast cement vaults will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of five (5) pre-cast cement vaults, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-241**

**A RESOLUTION AMENDING THE  
FISCAL YEAR 2004-2005 ANNUAL BUDGET**

WHEREAS, the Joints Power Authority (JPA) constructed Tenth Street Place and the adjacent parking garage, and

WHEREAS, progress payments have been made to the JPA from all parties throughout the construction and it has been determined that the final payment due from the City is \$934,914, and

WHEREAS, capital project #J219 was inadvertently closed and will need to be reopened and a transfer made in the amount of \$320,813 in conjunction with the existing \$614,010 to make a total to make a final payment of \$934,914 and close out the project,

WHEREAS, the close out and completion of the project will also require a one-time adjustment of approximately \$800,000 to the General Fund transfer for the Tenth Street Place debt service,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves reopening of capital project #J219 and authorizes a total budget adjustment in the amount of \$934,914 to fund the final payment for Tenth Street Place construction in said amount, and also approves the approximate \$800,000 General Fund transfer adjustment for the FY 04/05 Tenth Street Place debt service.

BE IT FURTHER RESOLVED that the Finance Director, or designee, is hereby authorized to take the necessary steps to implement the provisions of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following votes:

**MODESTO CITY COUNCIL  
RESOLUTION NUMBER 2005-242**

**A RESOLUTION AUTHORIZING SUBMITTAL OF AN APPLICATION IN THE  
AMOUNT OF \$295,993 TO THE OFFICE OF COMMUNITY ORIENTED  
POLICING (COPS) FOR THE 2005 TECHNOLOGY GRANT PROGRAM AND  
AUTHORIZING THE CITY MANAGER TO EXECUTE SAID APPLICATION**

WHEREAS, the City of Modesto Police Department can make application in the amount of \$295,993 to the Office of Community Oriented Policing for a Technology Grant Program, and

WHEREAS, the program is of 12-month duration, and it allows for the procurement of equipment and technology to enhance law enforcement, and

WHEREAS, the Police Department, lead by the Department of Information and Technology wishes to submit an application for new public safety systems for mobile data computing, automated vehicle location and automated field reporting, and

WHEREAS, acceptance of this grant enhances Healthy and Safe Strategic Action Plan action, H.1.B.8., which calls for obtaining public service grants, and

WHEREAS, the total grant project will be \$295,993, with no local match required of the City,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto, that it hereby authorizes submittal of an application for the 2005 Technology Grant Program, administered by the COPS Office for acquisition of new public safety systems for mobile data computing, automated vehicle location and automated field reporting.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute said grant application.

The foregoing resolution was introduced at a special meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-243**

**A RESOLUTION DECLARING THE CITY-OWNED PROPERTY (APN # 106-006-002) KNOWN AS THE 17<sup>TH</sup> AND G STREETS PARK AS SURPLUS PROPERTY AND AUTHORIZE STAFF TO PROCEED WITH AN APPRAISAL AND CONTRACT FOR REAL ESTATE SERVICES FOR THE SALE OF THIS PROPERTY**

WHEREAS, the park site at 17<sup>th</sup> and G Streets was purchased in 1906 by the City of Modesto utilizing general fund money, and

WHEREAS, City records indicate that it was used as a water conveyance and well site, and then landscaped and utilized as a park site previous to 1924, and

WHEREAS, since that time, the site has been maintained by the Parks Division and open to the public as a public park, and

WHEREAS, the well located on the site is still in use, and a water tower constructed on the site in 1915 was utilized until being decommissioned in 1995 due to seismic structural concerns, and

WHEREAS, over the past 15 years, the site has been an area of safety problems for the City of Modesto and its citizens; the Modesto Police Department has made numerous arrests, as well as multiple and continuous citations for disorderly conduct, and

WHEREAS, due to the reduction of maintenance funding for park facilities, the park has fallen into a state of disrepair and is no longer productive as a public facility; a large investment of local funds would be required to renovate it, and

WHEREAS, it is also located in the redevelopment area of downtown, giving it the high value potential to become a benefit to the community in the form of housing or some mixed-use facility, and

WHEREAS, the Finance Committee met on March 21, 2005, and supported the recommendation to declare the property as surplus,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby declares the City-owned property (APN # 106-006-002) known as the 17<sup>th</sup> and G Streets Park as surplus property.

BE IT FURTHER RESOLVED that staff is hereby authorized to proceed with an appraisal and contract for real estate services for the sale of this property.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-246**

**A RESOLUTION APPROVING THE FINAL MAP OF THE KODIAK VILLAGE II SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, OF THE CITY OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH MERITAGE HOMES OF CALIFORNIA, A CALIFORNIA CORPORATION**

WHEREAS, MERITAGE HOMES OF CALIFORNIA, INC., a California Corporation, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 12.19 acres, known as the KODIAK VILLAGE II SUBDIVISION (“SUBDIVISION”), in the Village One Specific Plan Area, and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on March 5, 2004, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 19<sup>th</sup> day of April, 2004, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto and the City Engineer have certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that said final map be approved; that the dedications for streets and easements as shown thereon within the boundaries of said tract be accepted on behalf of the public for public use; and that the City Clerk be authorized to certify the map of said tract on behalf of the

City of Modesto after the fees and deposits required by the Modesto Municipal Code in amounts determined by the City Engineer have been paid; and after subdivider has furnished securities, as set forth in Section 4-4.605 of the Modesto Municipal Code, which shall secure the obligations set forth in Section 66499.3 of the Government Code of the State of California. Said securities shall be in forms acceptable to the City Attorney and in the amounts required by the City Engineer.

BE IT FURTHER RESOLVED that the City Manager and the City Clerk be authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Modesto Municipal Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-247**

**A RESOLUTION ACCEPTING IMPROVEMENTS IN THE OAKCREST  
SUBDIVISION, IN THE VILLAGE ONE SPECIFIC PLAN AREA, AND  
AUTHORIZING THE CITY CLERK TO RECORD A NOTICE OF COMPLETION  
AND AUTHORIZING RELEASE OF BONDS**

WHEREAS, KB HOME NORTH BAY, INC., a California Corporation, is the subdivider of OAKCREST SUDIVISION (“SUBDIVISION”), and

WHEREAS, KB HOME NORTH BAY, INC., has filed irrevocable subdivision bonds to secure faithful performance and payment for labor and materials in the amounts of \$1,189,941 and \$594,970.50, respectively, and

WHEREAS, KB HOME NORTH BAY, INC., has filed a warranty bond in the amount of \$118,994.10 to guarantee improvements in the Oakcrest Subdivision, and

WHEREAS, the City Engineer, in a memorandum to Council, indicates that all work required by the Subdivision Agreement has been completed to the satisfaction of the Public Works Department, and

WHEREAS, the City Engineer has indicated that it would be in order for the City Council to accept the improvements in said subdivision as complete, and authorize the City Clerk to file a Notice of Completion and release the bonds upon expiration of the statutory periods,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The improvements in the Oakcrest Subdivision are hereby accepted and the City Clerk is hereby authorized to record a Notice of Completion for the improvements.

2. The City Clerk is hereby authorized to release the subdivision bond for faithful performance in the amount of \$1,189,941 upon recordation of the Notice of Completion.
3. The City Clerk is hereby authorized to release the subdivision bond for labor and materials in the amount of \$594,970.50 sixty (60) days after the recordation of the Notice of Completion, provided no claim is made thereon.
4. The City Clerk is hereby authorized to release the warranty bond to guarantee improvements in the amount of \$118,994.10 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

WHEREAS, the City of Modesto is desirous of widening Floyd Avenue between Oakdale Road and Roselle Avenue from two travel lanes to four travel lanes, and

WHEREAS, the widening of Floyd Avenue was contemplated in the Village One Facilities Master Plan Update, dated May 2003, and

WHEREAS, the Modesto Irrigation District (“MID”) owns electric utility poles that are within the recently acquired right-of-way along Floyd Avenue, and

WHEREAS, above-mentioned utility poles require relocation before Floyd Avenue can be widened to accommodate 4 travel lanes, and

WHEREAS, the Community Facilities District agrees to pay the cost associated with the relocation of the utility poles in an amount not to exceed \$425,000,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the agreement between the Community Facilities District and the Modesto Irrigation District for the relocation of utility poles located on Floyd Avenue between Oakdale Road and Roselle Avenue is hereby approved.

BE IT FUTHER RESOLVED that the District Administrator, or his designee, is hereby authorized to execute said agreement.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-250**

**A RESOLUTION AUTHORIZING STAFF TO DEMOLISH THE FIRE-DAMAGED BUILDING AT 1029 9<sup>TH</sup> STREET (EVERETT & JONES RESTAURANT SITE) AND DEVELOP PLANS AND SPECIFICATIONS FOR CONSTRUCTION OF A PERMANENT PARKING LOT AT THE SITE**

WHEREAS, as part of the acquisition of land and buildings for the Downtown Transportation Center in the late 1980's, the City acquired the building at 1029 9<sup>th</sup> Street, and

WHEREAS, this building was converted from a railway express agency into a restaurant site in the 1970's, and

WHEREAS, after acquisition by the City, the building was leased to two private parties who continued the restaurant operation, and

WHEREAS, the long-term use of the property, as required by the funding source, must be used for transit purposes, and

WHEREAS, on February 23, 2003, Annie P. Jones and Robert S. Dudley, dba Everett & Jones Barbeque, entered into a lease with the City for this property, and

WHEREAS, the restaurant at 1029 9<sup>th</sup> Street burned on September 24, 2004 and has been boarded up and secured with fencing since that time, and

WHEREAS, City building officials have declared the building to be dangerous pursuant to the City's Building Code, and

WHEREAS, the cost to rebuild the building is estimated at approximately \$1.3 million and the cost to demolish the building has been estimated at \$18,000, and

WHEREAS, the City and the insurance company are involved in negotiations as to the estimated cost of reconstruction of the building, and

WHEREAS, the City will receive the “actual cash value” of the building which is the estimated cost of reconstruction, less depreciation, if the building is not rebuilt, and

WHEREAS, the City will receive the estimated cost of reconstructing the building in like kind and quality if the insurance settlement funds are dedicated towards the construction of another structure, regardless of the replacement building location or designated use, and

WHEREAS, representatives from the City Attorney’s Office, Community and Economic Development Department, Risk Management, and Public Works Department have recommended demolition of said burned building and construction of a permanent parking lot at the former restaurant site, and

WHEREAS, the cost of building a permanent parking lot with landscaping and standard parking lot curbs is estimated at \$74,000, and

WHEREAS, Organization 1681 has been established to account for revenues and expenses associated with demolition of said burned building and the construction of a parking lot at that location, and

WHEREAS, the City has received \$242,209 to date as partial payment on the insurance settlement and anticipates receiving payments totaling a minimum of \$600,000 in addition to said funds received to date, and

WHEREAS, revenue account 6510-165-B911-8119-02 (New Bus Maintenance Facility Project) has been designated to receive funds available after the building is demolished and the parking lot project is completed, and

WHEREAS, the City’s Landmark Preservation Commission voted unanimously that this site has “no intrinsic historic value” for the City and agreed with staff’s

recommendation to demolish the building, and

WHEREAS, the Council Economic Development Committee approved this recommendation at its February 7, 2005 meeting,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes staff to demolish the building at 1029 9<sup>th</sup> Street.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-252**

**A RESOLUTION ADJUSTING RENTAL CHARGES AND FEES FOR  
ACTIVITIES AND SERVICES AT THE MODESTO CITY-COUNTY  
AIRPORT/HARRY SHAM FIELD, AND RESCINDING COUNCIL  
RESOLUTION NO. 2004-262**

WHEREAS, Section 7-3.401 of the Modesto Municipal Code authorizes the Council, by resolution, to establish rental charges and fees for activities and services at the Modesto City-County Airport/Harry Sham Field, and

WHEREAS, Modesto City Council Resolution No. 2003-267 provides for Airport Rate increases based upon the Consumer Price Index (CPI) for All Urban Consumers for the western United States, and

WHEREAS, during the past year the Consumer Price Index (CPI) of the western United States increased at a rate of two and three-tenths percent (2.3%), and

WHEREAS, Modesto City Council Resolution No. 2004-262 establishes the current Airport Rental Charges and Fees and contains provisions for a rate increase to go into effect July 1, 2005 based upon an increase in the Consumer Price Index, and

WHEREAS, the Modesto City-County Airport Advisory Committee recommended adoption of the 2.3% rate increase at its meeting on March 16, 2005, and

WHEREAS, by an agenda report to the City Council from the Public Works Director dated April 12, 2005, City staff recommended a rate increase of 2.3% for aircraft hangars, office space, and tie-down rentals, and

WHEREAS, a duly noticed public hearing was held by the Council on May 10, 2005 at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing all interested persons were given the opportunity to

be heard relative to the proposal to increase the rates and charges for the Modesto City-County Airport's aircraft hangars, office space, and tie-down rentals,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. HANGARS. Rental charges for the rental of hangars at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(1)	T-Hangars	
	Hangar A	..... \$117/*\$144 unit per month
	End Units	..... \$136/*\$162 unit per month
	Hangar B	..... \$142/*\$168 unit per month
	End Units	..... \$176/*\$202 unit per month
	Hangar C	..... \$149/*\$177 unit per month
	End Units	..... \$181/*\$207 unit per month
	Hangar D	..... \$134/*\$160 unit per month
	End Units	..... \$159/*\$186 unit per month
	Hangar E	..... \$195 unit per month
	End Units	..... \$228 unit per month
	Hangar F	..... \$195 unit per month
	End Units	..... \$228 unit per month
	Hangar G	..... \$195 unit per month
	Hangar H	..... \$195 unit per month
	Hangar I	..... \$382 unit per month
	Hangar J	..... \$195 unit per month
	Hangar K	..... \$219 unit per month
	End Unit	..... \$328 unit per month
	Storage	..... \$78 per month

Portable Land Rent ..... \$57 unit per month

\* T-Hangars A – D with electrical service

A five percent (5%) discount will be made in any of the above rental charges when a year's lease is entered into and the year's rental charges are paid in advance.

(b) Storage Hangars:

Hangar No. 1 .... \$1,431.00 – (Sheriff Aero Squadron lease rate is discounted to \$972.00 per month)

Hangar No. 2 .... \$1,194.00 per month

Hangar No. 3 .... \$629.00 per month

Hangar No. 4 .... \$1,070.00 per month

Hangar No. 5 .... \$1065.00 per month

Hangar No. 6 .... \$624.00 per month

SECTION 2. TIE-DOWN FEES. Tie-down charges and fees at the Modesto City-County Airport/Harry Sham Field are hereby established as follows, payable in advance:

(a) Tail-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) \$36.00 per month

(b) Taxi-in Tie-Down – Permanent, light single and multi-engine (under 12,500 lbs.) \$57.00 per month

(c) Taxi-in Tie-Down – Permanent, large multi-engine (over 12,500 lbs.) \$.042 per square foot per month

(d) Taxi-in Tie-Down – Transient, helicopter/single-engine aircraft \$6.00 per day

- (e) Taxi-in Tie-Down – Transient, twin-engine aircraft (under 12,500 lbs.)  
\$8.00 per day
- (f) Taxi-In Tie-Down – Transient, twin-engine aircraft (over 12,000 lbs.)  
\$12.00 per day
- (g) Jets – \$12.00 per day

A five-percent (5%) discount will be made in the rental charges set forth in subparagraphs (a), (b), and (c), above when a year’s lease is entered into and the year’s rental charges are paid in advance.

A volume discount may be given to Fixed Base Operators (FBO) that operate flight schools for light single and multi-engine aircraft (under 12,500 lbs.) for tie-down spaces as set forth in subsections (a) and (b) above. For every two tail-in spaces the FBO agrees to lease, one taxi-in tie-down may be leased for the same price as a tail-in tie-down.

Overnight tie-down of aircraft belonging to or in the custody or possession of a lessee at the Modesto City-County Airport/Harry Sham Field shall be subject to the normal tie-down charge as specified by this section.

SECTION 3. OFFICE SPACE. The monthly charge for office spaces at the Modesto City-County Airport/Harry Sham Field are hereby established as follows:

- (a) Old Administration Building ..... \$.79 per square foot
- (b) Office Building No. 1 ..... \$.79 per square foot
- (c) Office Building No. 2 ..... \$.79 per square foot
- (d) Hangar Office Space ..... \$.356 per square foot

SECTION 4. TEMPORARY USE OF AIRPORT PASSENGER TERMINAL.

Organization and service providers desiring to temporarily use the passenger terminal will be charged a daily rate:

- (a) Ticket counter ..... \$.069 per square foot
- (b) Other areas ..... \$.069 per square foot

SECTION 5. NONSCHEDULED TRANSIENT AIRCRAFT CARRYING

PASSENGERS AND/OR CARGO FOR HIRE. Aircraft landing at the Modesto City-County Airport/Harry Sham Field shall pay a landing fee as follows:

- (a) All light single, multi-engine aircraft and helicopters - \$10.00 per landing
- (b) All large single and multi-engine aircraft – \$.66 per 1,000 pounds of gross weight, but not less than \$10.00 per landing
- (c) All transient aircraft owned and operated by individuals, companies, and corporations carrying their own products shall not be charged for the first two (2) trips per calendar months. All other trips for the same calendar month shall be charged for at the same rates applied to nonscheduled aircraft carrying cargo for hire.
- (d) No landing fee shall be charged for any aircraft, which lands at the airport due to any mechanical or other emergency, except weather, provided that such emergency is reported to the Airport Control Tower prior to landing.

SECTION 6. PASSENGER FACILITY CHARGE (PFC). Commercial air

carrying passengers excluding “frequent flyers” or similar airline bonus award enplaning at Modesto City-County Airport/Harry Sham Field shall pay a PFC as approved by Federal Aviation Regulations (FAR) Part 158.

- (a) Enplane passenger by airline \$3.00 per ticket passengers.

SECTION 7. ADVERTISEMENT CALLBOARD. Firms wishing to advertise in

the airport passenger terminal shall have an approved agreement with the City of

Modesto. A monthly charge shall be assessed for the use of the advertisement callboard as follows

<u>Display Size</u>	<u>Display Only</u>	<u>Display &amp; Telephone</u>
7.5" x 9.5"	\$30.00	\$50.00
7.5" x 21"	\$35.00	\$55.00
19" x 21"	\$40.00	\$60.00

SECTION 8. FAX SERVICE. Persons wishing to use the airport administration office fax machine shall be charged for the service. Airport personnel is authorized to collect as follows:

- (a) Incoming Service ..... \$.50 per page
- (b) Outgoing Service ..... Area code 209 - \$1.00 per page  
Other area codes - \$2.00 first page  
\$1.50 - all other pages

SECTION 9. PERMANENTLY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise permanently based at the Modesto City-County Airport/Harry Sham Field shall pay to the City a fee equivalent to the City Business License Fees set forth in Chapter 1 of Title 6 of the Modesto Municipal Code, except that a minimum fee of \$100 will be paid for each aircraft sold, for the privilege of engaging in business in the City of Modesto and on the Airport. Said sum shall be payable at the time and in the manner provided for in Chapter 1 of Title 6 of the Modesto Municipal Code.

SECTION 10. FUEL FLOWAGE FEES. A fuel flowage fee of six cents (\$.06) per gallon of fuel sold or dispensed on the Airport shall be collected for the City of Modesto by the fuel vendors, except that reduced fuel flowage fees collected from scheduled air carriers can be negotiated for volume purchases.

SECTION 11. TEMPORARILY BASED COMMERCIAL SERVICES. Any person engaging in a commercial enterprise, temporarily based at the Modesto City-County Airport/Harry Sham Field, shall pay to the City a license fee in the sum of Two Hundred and no/100ths (\$200.00) Dollars, payable in advance.

Each such operator shall also pay to the City as a minimum an additional sum of Ninety and no/100ths (\$90.00) Dollars per month, or any portion thereof, payable in advance, for the privilege of using the Airport and its facilities.

SECTION 12. OFF-AIRPORT CAR RENTAL OPERATOR FEE. Off-airport operators picking up customers at the Modesto City-County Airport/Harry Sham Field will pay to the City of Modesto the greater of ten percent (10%) of gross on time mileage of vehicles rented or the monthly charge for passenger terminal advertisement space and callboard phone service. Additionally, the operators will be assessed a parking fee at the same rate on-airport car rental operators are charged for vehicles left in the public parking area overnight.

SECTION 13. MOTOR VEHICLE STORAGE CHARGES. Any person who parks a motor vehicle at the Modesto City-County Airport/Harry Sham Field for longer than thirty (30) days at a time shall pay to the City a parking fee of Twenty-five and no/100ths (\$25.00) Dollars per month, payable in advance.

SECTION 14. PENALTIES. A five percent (5%) per month penalty charge shall be made on any of the charges and fees established by this resolution when such charges and fees are not paid within thirty (30) days after they are due and payable. No penalties will be collected on the PFC.

SECTION 15. ANNUAL ADJUSTMENT OF RENTS, FEES AND CHARGES.

Commencing July 1, 2005, the rents, fees and charges set forth in Sections 1, 2, and 4 of this resolution may be adjusted annually as of the first day of July.

Said rents, fees, and charges shall be adjusted in the following manner: The base for computing the adjustment is the National Consumer Price Index for the West Urban (all urban consumers), published by the United States Department of Labor, Bureau of Labor Statistics ("Index"), with a base year of 1982 – 1984 = 100 ("Beginning Index"). The Index published most immediately preceding the Adjustment Date in question ("Adjustment Index") is to be used in determining the amount of the adjustment. If the Adjustment Index has increased over the Beginning Index, the rents, fees and charges set forth in this resolution shall be set by multiplying the rents, fees and charges set forth in this resolution by a fraction, the numerator of which is the Adjustment Index and the denominator of which is the Beginning Index.

In no case shall the minimum rents, fees and charges be less than existing approved and adopted rents, fees and charges nor shall any increase in a year be greater than five (5%) percent. If the indexes change so that the base year differs from that in effect on July 1, 2005, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is discontinued or revised at any time after the effective date of this resolution, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

SECTION 16. EFFECTIVE DATE. This resolution shall go into effect and be in full force and operation on July 1, 2005.

SECTION 17. SUPERSEDE. This resolution rescinds Council Resolution No. 2004-262.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmember: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmember: None

ABSENT: Councilmember: None

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-252A**

**A RESOLUTION ESTABLISHING A NEW NON-REFUNDABLE FEE FOR  
ISSUANCE OF AIRPORT KEYS AND AUTHORIZING REIMBURSEMENT BY  
KEYHOLDERS FOR EXPENSES RELATED TO LOST OR UNRETURNED  
KEYS ISSUED FOR USE AT THE MODESTO CITY-COUNTY  
AIRPORT/HARRY SHAM FIELD**

WHEREAS, Section 7-3.401 of the Modesto Municipal Code authorizes the City Council, by resolution, to establish rental charges and fees for activities and services at the Modesto City-County Airport/Harry Sham Field, and

WHEREAS, the current practice of issuing airport keys requires setting up a refundable trust account for each key issued, which is refunded upon return of the key, and

WHEREAS, the process of creating and managing trust accounts for small amounts is labor intensive, necessitating a layer of bookkeeping that is not cost-effective or practical for small, long-term fee management, and

WHEREAS, lost or unreturned keys necessitate lock changes which are billed to the Airport by the City's Building Maintenance Division, and

WHEREAS, the City of Modesto Fee Guide does not list a charge for collecting a trust deposit or a "cost-recovery" fee for maintenance of keys and locks at Modesto City-County Airport, and

WHEREAS, the Modesto City-County Airport Advisory Committee endorsed establishing a non-refundable fee for issuance of Airport keys and charging keyholders for expenses related to lost or unreturned keys at its meeting on March 16, 2005, and

WHEREAS, by an agenda report to the City Council from the Public Works Director dated April 12, 2005, City staff recommended establishing a non-refundable fee

for issuance of Airport keys and charging keyholders for expenses related to lost or unreturned keys, and

WHEREAS, a duly noticed public hearing was held by the Council on May 10, 2005 at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing all interested persons were given the opportunity to be heard relative to the proposal to establish new fees for issuance and maintenance of airport keys and locks at the Modesto City-County Airport/Harry Sham Field,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the establishment of a non-refundable fee for issuance of Airport keys, and authorizes reimbursement by keyholders for expenses related to lost or unreturned keys issued for use at the Modesto City-County Airport/Harry Sham Field.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of Modesto 2005 by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-253**

**A RESOLUTION APPROVING THE GUIDELINES FOR SMALL-LOT SINGLE-FAMILY RESIDENTIAL DEVELOPMENTS**

WHEREAS, Urban Area General Plan Goal E seeks to provide and maintain attractive residential neighborhoods with a variety of dwelling types and prices affordable to all segments of the population, and

WHEREAS, Urban Area General Plan Goal I.E.5 promotes equal opportunity for all residents to reside in the housing of their choice, and

WHEREAS, Urban Area General Plan Policy II.B.1.a requires sufficient land be made available to support future expansion of the City, and

WHEREAS, Urban Area General Plan Policy III.B.1 recommends residential density of 7.5 dwelling units per gross acre, and

WHEREAS, new residential development in the City is typically occurring at between four and five dwelling units per gross acre, and

WHEREAS, allowing residential development to occur at increased density improves the efficiency of land consumption and improves the sufficiency of the existing land supply for City expansion, and

WHEREAS, Government Code Section 65850, et. seq. permits Cities and Counties to adopt ordinances that regulate the use of buildings, structures, and land, and

WHEREAS, Title 10 of the Modesto Municipal Code establishes regulations for the use of land and buildings and the purpose of Article 17, Planned Development Zone (P-D), is to encourage creative and efficient land uses, encourage mixed or multiple use

projects, permit variations from the density, height and other standards in the various zones, and permit development based on a high standard of performance and design, and

WHEREAS, the proposed “Guidelines for Small-Lot Single-Family Residential Developments” was prepared in response to development proposals for single-family detached residences on lots of less than 5,000 square feet in order to identify problems that arise from development of small-lot developments and suggest solutions to those problems to assist in the design of small-lot single-family residential developments that will help achieve the City’s housing goals and policies, and

WHEREAS, the proposed “Guidelines for Small-Lot Single-Family Residential Developments” is intended to be implemented through the establishment of Planned Development Zones, and

WHEREAS, a public hearing was held by the Planning Commission at 7:00 p.m. on March 21, 2005, in the Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

WHEREAS, the Planning Commission recommended by its Resolution No. 2005-14, that the City Council adopt the proposed “Guidelines for Small-Lot Single-Family Residential Developments”, and

WHEREAS, a public hearing was held by the City Council of the City of Modesto at 5:30 p.m. on May 10, 2005, in the Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of

Modesto that it hereby finds and determines as follows:

1. The "Guidelines for Small-Lot Single-Family Residential Developments" is consistent with the General Plan, because it allows the development of dwelling types not currently offered or in short supply; improves efficient use of land and extends the sufficiency of the existing land supply; encourages creative and efficient land uses; permits variations from the density, height, and other standards in the various zones; and provides guidance to the development community for high standards of performance and design.
2. The "Guidelines for Small-Lot Single-Family Residential Developments" is a policy document and therefore is not a project in accordance with Section 15378(b)(2) of CEQA Guidelines.

BE IT FURTHER RESOLVED by the City Council of the City of Modesto that it hereby adopts the "Guidelines for Small-Lot Single-Family Residential Developments," a copy of which is attached hereto as Exhibit A and incorporated herein by reference.

The foregoing resolution was introduced at the regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Keating, was upon roll call carried and the resolution adopted by the following vote:

# Guidelines for Small Lot Single-Family Residential Developments

## **PURPOSE**

The purpose of the Guidelines for Small Lot Single-Family Residential Developments is to provide a clear set of design policies to project sponsors such as developers, property owners, architects and designers. These are the primary design issues that the planning staff, City Council and Planning Commission will use to evaluate project proposals. The goal is to expedite the planning review process by clearly stating the City's desires for quality design of small lot residential projects. Safety, livability, and long-term viability will guide the evaluation of small lot developments.

Small-lot development meets the needs of people who do not have the time or ability to maintain larger lots and houses. Properly located and with a well-designed street network, higher-density development reduces distances between homes and shopping, which can reduce driving and support increased transit use, and can help meet some of the goals of the General Plan.

## **OBJECTIVES**

The Guidelines are intended to address the following objectives:

- Promote high quality development.
- Create residential neighborhoods that provide interest and are visually pleasing.
- Small-lot single-family projects that feature a variety of lot types, home sizes, housing types, designs, and building materials.
- Small-lot single-family developments that include interconnected, short blocks that diffuse traffic and provide easy, direct routes for pedestrians, bicyclists, and drivers around the neighborhood.
- Small-lot single-family developments that emphasize pedestrian-oriented streetscapes, not dominated by garages, that includes street systems designed for pedestrians and bicyclists as well as for automobile use.
- Small-lot single-family projects that are integrated and compatible with existing neighborhoods adjacent to them.

## **INTENT**

The following design guidelines are to be used to assist developers, project applicants and City staff in producing a quality Planned Development. City staff and Planning Commissioners will use these Guidelines as a framework for evaluating development proposals and for commenting on the design aspects of proposed projects.

The Guidelines will be used to augment and reinforce the Planned Development zone, Modesto Municipal Code Title 10, Article 17. The small lot guidelines are general and may be interpreted with some flexibility in their application to specific projects. Variations may be considered for projects with special design characteristics during the City's development review process to encourage the highest level of design quality while at the same time providing the flexibility necessary to encourage creativity on the part of project designers. The Guidelines are also intended to ensure that new development is compatible with existing neighborhoods.

## **APPLICABILITY**

The Guidelines for Small Lot Single Family Residential Developments apply to single-family detached residential development proposals. Small lot development can only occur in Specific Plan areas and in Planned Development zones; the minimum lot size in the R-1 zone is 5,000 square feet, therefore, these guidelines would not apply.

There is a minimum practical lot size that will accommodate one detached house and still meet the intent of these guidelines for small lot development. Rather than place a limit on lot size, these guidelines allow the project designer maximum flexibility to develop a quality project that meets the intent of the guidelines.

Lots will be evaluated in two size ranges: less than 3,000 square feet and between 3,000 and 5,000 square feet (Table 1). Lot frontage will suggest other siting criteria.

## **PLANNING COMMISSION AND CITY COUNCIL**

A Planned Development is subject to review and approval by the Planning Commission and the City Council. Projects are assessed for conformance with the Guidelines by staff prior to consideration by these bodies. The Planning Commission shall hear and make recommendations on Planned Development applications to the City Council. A Planned Development requires final review and approval by the City Council (Title 10, Article 17, Modesto Municipal Code).

## **DISCRETIONARY DECISION MAKING**

Every project is unique and requires a review on a case-by-case basis. This process depends upon the exercise of discretion. While some Guidelines include quantitative standards, some require qualitative interpretation. The City has the latitude to interpret the Guidelines so long as proposed projects meet the Guidelines' intent.

## **OTHER APPLICABLE REGULATIONS**

The Guidelines primarily address architectural and site design elements. In designing projects, designers must also reference other codes, standards and policies in effect, such as the City of Modesto Standard Specifications, Uniform Building/Fire Code, City of Modesto General Plan, etc.

## GUIDELINES

### I. Small Lot Single-Family Detached Houses

Conventional definitions of setbacks apply to most housing types, but not to all. Courthomes are a type of housing where houses on individual lots are arranged around a common driveway that takes access from a street. Because these houses have an unusual relationship to each other and to the street, Section II addresses courthomes specifically.

#### **A. Relationship to Existing Neighborhoods**

New small lot residential projects should be integrated with the existing neighborhoods adjacent to them. Designs should avoid the separation caused by high, solid fencing and walls, or blank walls of buildings.

Transitions between existing and new projects should be gradual. The height and mass of new projects should not create abrupt changes from those of existing buildings. Site setbacks should continue the prevailing setback patterns of adjacent buildings.

The perimeter areas of new projects should be planned to avoid disturbing existing adjacent residential uses. The protection of privacy of adjacent residents and minimization of environmental intrusions should be a major consideration in the design of new projects.

Where existing neighborhoods have architectural distinction and/or established functional or landscape patterns, new development should incorporate characteristics of the surroundings so that there is no disruption of the streetscape.

#### **B. Setbacks/Open Space**

**Setbacks:** The front setback establishes a relationship between the house and the surrounding neighborhood. If the house is too close, indoor privacy can be compromised. If the house is too far back, people inside the house cannot observe activity on the street. Additionally, a larger front yard setback leaves a smaller private rear yard. Each group of three adjacent houses should contain at least one house whose front setback to the living area differs from those of its neighbors by a minimum of feet (Fig. 1).

An example of single-family homes on small lots.

Poor transition: an older single-family ranch house surrounded by much larger two-story Mediterranean-style homes, causing architectural disparity as well as loss of privacy for the older home.

Fig. 1: Varied Front Setbacks

The side setback is primarily utilitarian. However, living areas of the house usually have windows that open into the side yard. Normal activity in the side yard, although limited, tends to be irritating because the noise is concentrated in a small space and can be loud and irregular, such as moving trash cans or using storage sheds.

The rear yard is where most outdoor activity around the house occurs. The rear yard is where people typically expect to have privacy outdoors and is where children play and entertaining happens. These activities are expected and noisy, but the noise can be considered intrusive by neighbors; residents can feel as if their outdoor or indoor privacy is being invaded by rear-yard neighbors. Adequate space is necessary for residents to enjoy their yards while providing a sense of privacy.

*Private open space*, typically in the rear yard, provides a place for children to play and to entertain friends. It must be large enough to allow these activities while maintaining some sense of privacy on both sides of the fence. The design of private yards is of greater importance than in larger lots, given that most personal and limited outdoor area will be the private yard or courtyard. Model homes should display a variety of fencing and landscape design concepts including porches, patios, walkways, covered trellises, screens, and garden walls. Private open space can occur in the form of a rear yard, patio, balcony, and/or deck. Private open spaces should be contiguous to the units they serve, screened from view, and have usable configurations.

*Common open space:* Common open space is required for developments of 15 units or greater; the minimum size and dimensions of common open space is prescribed in Table 1. Common open space should be centrally located so that it is a focus for the neighborhood and must be easily viewed from the street and homes for informal surveillance and security (Fig. 2). Common open space must be usable, and only landscaping that enhances its utility is permitted. In addition to lawn area, common open space should contain up to 15% of the open space area dedicated to decorative landscaping. Open space elements include play equipment, and seating and tables in the larger play areas. Tot lots and parks should be designed to facilitate use by a number of different ages or activity groups concurrently,

Common open space should be easily viewed from homes and the street for informal surveillance and security.

Common open space should be centrally located to be shared by the neighborhood.

Fig. 2: Common open space that is centrally located to the development, and easily accessed by residents.

such as for small gatherings and may include small barbeques and ample seating and tables. A reduction in common open space may be considered if the project is immediately adjacent to a public park. Where developments are very near or adjacent to a public park or trail, direct pedestrian access to the public park or trail is required. The requirements set forth for common open space will not alleviate the requirement for CFF and/or CFD fees for park development and maintenance; all current park fees will remain in effect. Common open space landscape design must be approved by a designated representative of the Parks, Recreation and Neighborhoods Department.

Table 1 displays the various setback and open space provisions for lots ranging in size from 3,000 to 5,000 square feet and those below 3,000 square feet. Variations to the following setbacks may be considered for projects with special design characteristics to achieve the highest level of design quality as noted above.

<b>Table 1: Setbacks and Open Space (in feet, measured from property line)</b>		
Lot Size	<3,000 sq. ft.	3,000 – 5,000 sq. ft.
<b>FRONT SETBACKS (a)</b>		
Living (1 <sup>st</sup> floor) (vary front setback by 3' as noted above)	12 minimum	12 minimum
Living Area (2 <sup>nd</sup> floor)	15	15
Porches	10	10
Attached Garage (b) (entry/non-entry side)	20/15	20/15
<b>REAR SETBACKS *</b>		
Living Area	10	15
Attached Garage (no alley/alley access) (c)	10/4	10/4
Detached Garage (no alley/alley access) (c)	5/4	5/4
Patio Covers (d)	7	7
<b>SIDE SETBACKS * (a)(g)(h)(i)</b>		
Living Area first floor (interior side) (e)(f)	5 one side, 3 other side (g) or 10/0	5 one side, 3 other side (g) or 10/0
Living Area second floor (interior side)	5	5
Living Area (corner side) (e)	15	15
Detached Garage (Int. Side)	0	0
Attached/Detached Garages (Corner Side) entry side/non-entry side	20/10	20/10
<b>PRIVATE OPEN SPACE</b>		
Minimum Area (sq. ft.) per unit	300	500
Minimum Dimension	15	15
<b>COMMON OPEN</b>		
Minimum Area (sq. ft.) per unit (j)	300	250

**NOTES:**

- a. Dwelling unit and wall/fencing shall be located outside the "clear vision triangle area" at street intersections, per City Standards, Detail No. 711.
- b. Garage setback measured from sidewalk, with roll-up doors.
- c. Garages taking access off an alley are to provide a minimum 4' setback/apron.
- d. Patio covers open on three sides should not exceed 30 percent of the size of the usable private open space.
- e. Includes attached garages and patio covers.
- f. The intent of "0 ft" side yard on one side is to encourage a larger or more useful side yard on one side of the house. The required dimensions apply to fenced yard sizes rather than actual building setbacks from the property line. "Zero Lot Line" or similar developments require maintenance access easements.
- g. 10' separation for 1- and 2-story units side-by-side or two 2-story units side-by-side; 8' separation for two 1-story units side-by-side.
- h. Use of 0' side setback on one side is encouraged (other side setback doubled) in order to increase overall private yard area (this does not allow a reduction in open space requirements noted in the table).
- i. Minor architectural projections, such as fireplaces and bay windows, may project into a setback or separation by up to 2 feet for a length not to exceed 10 feet or 20 percent of the building elevation length, with minimum 3' clearance.
- j. Fragments less than 15' will not be counted toward the common open space area.

\* Accessory rental units/"Granny Flats" shall adhere to accessory dwelling unit ordinance (pending completion as of March 2005)

\*\* Refer to Table 3 (page 5) for setbacks applicable to three-story houses.

The minimum separation between houses is 8' between single-story homes and 10' between 2-story homes or 2-story homes beside 1-story homes.

**Fig. 3: Side-Yard Separations**  
(Relationship Between Single-Story and Two-Story Homes)

Table 2 identifies setback standards for key project elements that are adjacent to existing and proposed perimeter streets.

Project Components	Perimeter Street is:			
	Local Street	Collector Street	Arterial Street	Expressway
Balcony/Deck	20	20	20	30
Residential Bldg.	15	20	35	35
Detached Garage (entry face)	40	40	NA	NA
Detached Garage (other face)	15	15	15	15

### C. Lot Variation

Single-family lot patterns should be varied to avoid monotonous streetscapes. This could be accomplished by the following:

Encourage:

- A variety of lot types and/or sizes on blocks with more than five lots. Lot sizes should vary enough to create a perceptible difference.
- Single-story buildings and larger lots on corners.
- Smaller lots surrounding common open space areas.
- Mix of single- and two-story units.

Discourage/Avoid:

- ✓ Streets with more than five consecutive lots of the same width frontage.
- Blocks more than 600 feet long.

Desirable Treatment

Undesirable Treatment

Fig. 4: Veneer Wrapping

### D. General Building Design

Variation in residences, structures and buildings is achieved through the use of quality materials and detail in design, which lends visual interest, distinctive character and identity to a community. Quality in detail and design contributes not only to the long-term value of a home, but the neighborhood as well.

Encourage:

- Design diversity by providing front elevation variation throughout the plan. To accomplish this, one design should be repeated no more frequently than each fourth house. Veneer treatment where applied should turn corners and avoid exposed edges (Fig. 4)
- Provide four-sided architecture. In addition to the architectural design provided for the front elevation, design side and rear elevations to include treatments (e.g. window frames, shutters, planter boxes, window sills, etc.)

Example of four-sided architecture and design treatments: veneer wrapping, window sills, and decorative bracing along roofline.

- At corner lots, side yard facades should maintain the same architectural design as the front facade.
- Manipulation of building elements and massing to avoid visual monotony with particular emphasis on long streets.
- Vary roof forms and pitches when a project includes five or more homes. Incorporate home designs that rotate ridge lines both parallel and perpendicular to the street and utilize a variety of hips and gables. Other elements which add variety and break up the roof, such as dormers and turrets, are encouraged.
- Roof elements of a two story building that slope downward toward the side property lines, providing greater light and air between buildings, particularly when the separation between the floors of the two adjoining buildings would be less than 15 feet (Fig. 5).
- All houses along a block should share a common architectural theme, which creates visual continuity.
- Single-story homes distributed evenly throughout the neighborhood to provide for seniors, the disabled, and families who prefer or desire single-story homes. Single-story homes are also encouraged to improve the visual character of neighborhoods and minimize the perceived density of two-story neighborhoods.

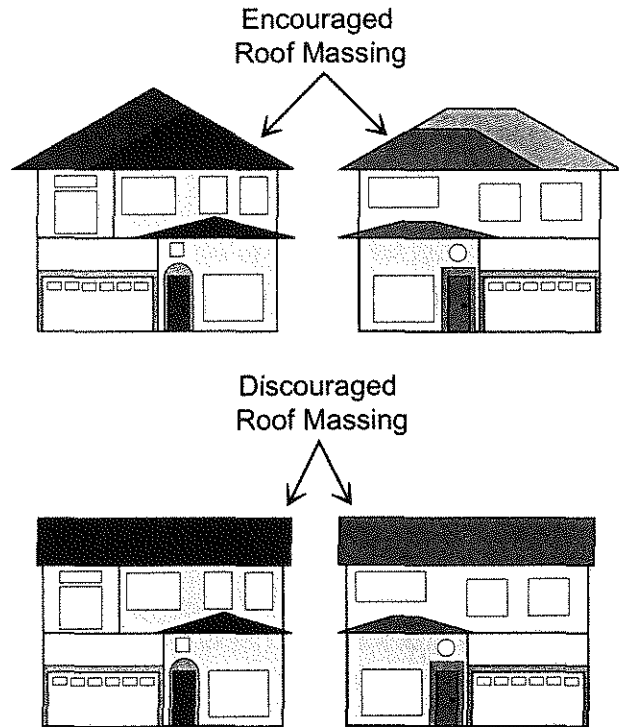

Fig. 5: Roof Massing

Discourage/Avoid:

- Excessive repetition of identical floor plans and elevations throughout a neighborhood or subdivision with little differentiation.
- The use of low quality/grade materials that do not wear well or contribute to a sense of permanence.
- Roof-mounted heating and air conditioning.
- Keyhole entries (primary entrance hidden from view on the side or within deep recess of the building) should be avoided.

Roof-mounted HVAC units are strongly discouraged.

**E. Three-Story Houses**

If three-story houses are proposed, their number should be limited to a maximum of 20 percent of the subdivision, with placement adjacent to multi-family residential or commercial uses only and strongly discouraged adjacent to established single-family neighborhoods and/or single-story units within a small lot development. They should provide alley-loaded garages only, avoid monolithic walls in architectural design and massing, have minimum setbacks as prescribed in Table 3, be designed with consideration towards privacy of surrounding homes, and apply private/common open space, landscaping, and streetscape elements as illustrated by these Design Guidelines.

Lot Size	<3000 sqft	3000-5000 sqft
<b>Front</b>		
1st Story	12	12
2nd Story	15	15
3rd Story	17	17
<b>Side</b>		
1st and 2nd Stories	5	5
3rd Story	7	7
<b>Rear</b>		
Living Area	12	15

## F. Porches, Entries, and Courts

A clear sense of entry and design interest to a home is provided through the inclusion of porches, verandas, porte cocheres, and other architectural elements that contribute to a sense of place and activity.

Encourage:

- Fronts of houses and entries that face the street. Each house should have a clearly identified entry and have active use of windows (i.e. living room, kitchen) facing the street.
- Front porches large enough to accommodate chairs provide an opportunity for increased interaction among neighbors (minimum dimension of 6'x6' plus circulation area).
- Porches that provide weather protection and shade are desired.
- Entries and porches that incorporate railings, short walls, trellises, and roofs to add architectural detail, character, and visual interest to homes.

Discourage/Avoid:

- Small entries not seen from the street.
  - Locating the porch or entryway in a location obstructed by the garage or side of the house.
- Locating entryways and windows that are small and oriented to the interior or side of the site.

Homes with street-facing entries that are not hidden or deeply recessed, and good window placement for viewing the street are highly encouraged.

Home with a recessed entry: with line of sight from the front door limited by the living area wall and side of adjacent home, street activity is difficult to view.

## G. Garage Frontage and Placement

Conventional suburban development typically places the garage in a prominent location on the lot closer to the street with the house back farther from the street. The effects of garage-forward placement are to obstruct the view of the street from inside the house, to make the garage the most important feature of the house, to encourage the driver to enter the house through the garage door and prevent interaction with neighbors, and to decrease the appeal and safety of the street.

The following measures are suggested to minimize the visual impact of garages:

### Encourage:

- For garages accessed from the street, the garage face should be recessed a minimum of 5 feet from the primary living area façade.
- Detached garages accessed from either an alley or a single-car driveway approach from the street.
- Alley-loaded designs particularly for narrow lots is strongly encouraged.

### Discourage/Avoid:

- For garages accessed from the street, garage frontage comprising 50 percent or more of building frontage.

### Desirable Garage/Parking Configurations

### Undesirable Garage/Parking Configurations

Fig. 6: Garage Frontage and Placement

Recessing the garage from the primary living area reduces its impact to the front facade while maintaining ample parking space.

Homes with garages that dominate the front of the home are not encouraged.

## H. Driveways

Driveways can consume a substantial amount of lot area. A typical automobile is approximately seven feet wide and one to two feet of space is needed on either side to allow access to car doors. In order for the house to relate to the street and to allow observation of the street from inside the house, the width of the lot helps dictate the width of driveway access from the street (one- or two-car approach) or whether the garage should be accessed from an alley at the rear of the lot.

Encourage:

- Different paving treatment to driveways, including colored concrete, stamped concrete, paver-stone insets, etc.
- Single-car width driveways that widen to 2-car aprons at recessed or detached garage.

## I. Parking

Most transportation occurs through the use of the private automobile. Because of this, the Zoning Code requires a minimum of two parking spaces for every single family house. With the increasing number of automobiles in every household, there is an increased need for parking, which is typically provided on the driveway and on the street. At the same time, the current trend is toward an increase in homeownership among single adults and the future will likely see an increase in the use of transit, walking, and bicycling for transportation, particularly as density increases and daily needs are better integrated into the fabric of the city.

Two enclosed off-street parking spaces will be required for each housing unit. Tandem parking spaces will not be allowed to meet this requirement. Tandem parking may be provided, in addition to the two off-street (side-by-side) parking spaces. In addition, one on-street parking space will be required for each dwelling. Off-street parking spaces located within 150 feet of the unit served, may also be considered.

Home with a single-car width driveway that widens to a two-car apron in front of recessed garage.

On-street parking in recessed spaces between street-tree wells alongside the right of way.

Off-street parking within garages and private parking aprons outside of garages, or community off-street spaces adjacent to homes.

## J. Walls, Fences and Entry Features

Perimeter residences which are part of new developments should be oriented to existing streets, minimizing the extent of sound walls or rear yard walls, except where necessary due to acoustical requirements. Frontage roads are preferred in lieu of soundwalls wherever possible. The design of walls and fences, as well as the materials used, should be consistent with the overall development's design. Fence and wall color should be compatible with the development and adjacent properties.

Wall design and selection of materials should consider maintenance issues, especially graffiti removal and long-term maintenance.

Encourage:

- Soundwalls should have a rhythm rather than a single monotonous design along the entire length, and periodic entries to minimize driving and walking distances and integrate bike paths along the major roads.
- Landscaping and berms to minimize the visual impact of long continuous soundwalls.
- Additional landscape setbacks, street trees and accent trees at entries to improve the appearance of soundwalls.
- Concrete capstones on stucco walls to help prevent water damage from rainfall and moisture.
- Fences and/or walls visible from streets should be architecturally integrated with adjacent buildings as a means of visually tying buildings together.
- Low walls or fences (3'-4' high) at front or side yard patios where desired in lieu of porch railings, provided the wall/fence design is compatible with the architectural style of the house.
- Accent landscaping and trellises to set off development entries are desirable.

Discourage:

- Long walls separating subdivisions front street access and other subdivisions. This type of development restricts movement between neighborhoods and creates "dead" spaces along pedestrian corridors, as well as increasing driving and walking distances.
- Back-up and side-on conditions requiring walled streets.
- Wood fencing along streets since it is not a long-term quality material.

Encouraged: walls architecturally integrated with adjacent buildings; landscape buffer between wall and sidewalk/street.

Fence that has been constructed low but topped with lattice to create a sense of privacy without completely shutting away from street and sidewalk activity.

Discouraged: long walls that isolate neighborhoods from surrounding area; lack of landscaping that causes bare, paved-over appearance.

- Gated subdivisions. Gates create a “fortress” feeling and discourage interaction among neighborhoods and neighbors, prevent integration into existing neighborhoods, and discourage walking and bicycling for purposeful trips.

## K. Landscaping

New small lot single-family developments generally lack sufficient landscaping. The high lot coverage and minimal building separations create a harsher streetscape than houses on larger lots. Landscape design guidelines are intended to improve the appearance of the streetscape with landscaping and street trees to diminish the impact of the dense development and provide a softer appearance

Encourage:

- Street trees or yard trees regularly spaced at approximately 20’ to 25’ on center along each side of the street (minimum 1 per lot; refer to Title 10, Chapter 2, Modesto Municipal Code, for additional standards).
- Separated sidewalks with “tree lawns” (min. 4’ wide) (i.e. “parkways”). These may be planted in lawns or other appropriate ground cover (irrigation is required).
- 24-inch box tree specimens for all street and yard trees (consult the Urban Forestry Division, Parks, Recreation, and Neighborhoods Department, regarding tree selection).
- Tree species which create a continuous canopy at 15 years’ maturity.
- Accent trees at special locations within the neighborhood.
- Variety of planting palettes for front yard landscaping to soften the development, reinforce the home design, and add variety to the streetscape.
- Front yard landscaping which reinforces other design elements of the home such as vines on trellises, hedges or low fences and walls.

Landscaping should incorporate a broad palette of trees and plants that are native or compatible to the region’s climate, provide a full canopy at fifteen years of maturity, and add variety to the streetscape.

## L. Mailboxes

Mailboxes should be located in highly visible, heavy use areas for convenience, to allow for casual social interaction, and to promote safety.

Encourage:

- Incorporate design features, such as a built frame, consistent with the development's architectural style.

Discourage:

- Pedestal-mounted cluster mailbox units.

## M. Private Streets

Where private streets are used, they should incorporate design features such as special paving, neckdown intersections and separated sidewalks with street trees to indicate the change from public to private streets (Fig 7).

## N. Street Design Elements and Access

A street serves as more than a place to drive or park a car. Besides its most basic function as a transportation conduit for bicyclists and pedestrians, as well as for cars, a street serves architectural and social functions. Houses relate to the street on which they are located; streets serve to formalize the street edge and demarcate public and private space. Streets are where neighbors meet informally and neighborhood bonds are created. Minimal street connections within a subdivision and to the external street network increase the need to drive and the number of miles driven, discourage walking and bicycling, and reduce emergency access. The site shall be designed to provide accessibility for emergency vehicles.

Encourage:

- Residentially scaled street lights
- Separated sidewalks with street trees in planting strips or in tree wells; sidewalks shall be designed in compliance with ADA requirements.
- Accent paving at neighborhood entries and at crosswalks
- Multiple ingress and egress points into subdivisions, which allow more even dispersal of traffic through a neighborhood, decrease vehicle miles driven, and increase the ability to walk or bicycle for short trips.
- Blocks less than 600 feet long.
- Incorporate design features, such as a built frame, consistent with the development's architectural style.

Mailbox design should be consistent with architecture of homes.

Homes that face the street as well as sidewalks separated from the street by planting strips and tree wells are strongly encouraged.

Strongly Encouraged: parking recessed from street, sidewalk separated from street, "neckdown" intersections with enhanced paving at crosswalks (Exhibit B).

Acceptable parking variation: recessed from street while adjacent to sidewalks, with landscaped tree-wells at regular intervals (Exhibit A).

Discouraged: Sidewalks adjacent to streets, roll-over curbs. (Exhibit C)

Fig. 7: Sidewalk and On-Street Parking Configurations (Private Street)

- "Neckdown" streets at intersections to facilitate pedestrian safety, enhance landscaping and reduce excessive speeding, subject to review and acceptance by the Public Works Department and Fire Department.

Discourage/Avoid:

- "Cobra head" street lights (see Section P, Lighting)
- Rollover curbs
- Sidewalks adjacent to street
- Large-radius corner
- Cul-de-sac and dead-end streets

## O. Alley Design

Alleys are desirable because they eliminate the impact of the garage door and driveway apron on the streetscape and eliminate driveway access conflicts on streets with higher traffic volumes or speeds. Alleys also allow homes to front lot, parks, or open space without a road separating the homes from such features. Additionally, alleys provide a convenient placement for the unattractive activities of the City, such as garbage collection and utility maintenance, improve emergency access by creating two points of entry or access to each lot, and create a more walkable street while increasing the residents' ability to survey activity on the street from inside the house.

Encourage:

- Alleys should be configured so that activity in the alley can be easily observed from a single point.
- Special accent paving at entries.
- Landscaping should be consistent with the development, with 4-foot landscape strips and a minimum of one tree per lot.
- Protection of trees in the form of tree guards or substantial double-staking to protect trees placed in the 4-foot landscape planting space. Attention should be directed to proper selection of tree species and forms that can prosper in these more limited conditions.
- Building or pedestal lighting should be provided from each lot.

Discourage/Avoid:

- Dead-end alleys. If dead-end alleys are necessary, they should be no more than 100 feet long.

Rollover curbs are strongly discouraged: drivers not inhibited by square-cut curbs from moving or parking on the sidewalk can pose serious danger to pedestrians.

Example of alley-accessed garages and the eliminated impact of driveways and garages from the front of the home and streetscape.

## P. Lighting

Lighting should relate to the pedestrian scale of residential neighborhoods and should be considered a design element, rather than simply utilitarian.

Encourage:

- Light standards less than 15 feet in height. Decorative Visco VI-X-1-OF standard or equivalent standard with the same bulb type as the Visco are encouraged.
- Bollard lighting is encouraged along walkways.
- Metal halide luminaries.

Discourage/Avoid:

- Overhanging "cobra head" light fixtures.

## Q. Homeowners' Associations

A Homeowners' Association (HOA) is required to provide ongoing maintenance for any and all of the following project elements:

- Private streets
- Private utilities
- Alleys
- Private common open space including recreation facilities (not maintained by a community facilities district (CFD)).
- Storm water drainage basins, and related facilities (catch basins, swales, etc.), (not maintained by a CFD).
- Common area landscaping and lighting
- All other common areas, utilities, and facilities

## R. Utilities, Infrastructure & Easements

Any and all private infrastructure shall be constructed to City standards. Public Utility Easements shall be provided for all public utility connections, in compliance with City Standards.

Pedestrian-scaled decorative light fixtures add to the intimacy and character of a neighborhood.

Strongly discouraged: oversized utilitarian fixtures such as this "cobra-head" example, which outscales the surrounding homes and lends little character to the neighborhood.

## II. COURTHOMES

### INTENT

Courthomes are a type of housing where houses on individual small lots are arranged around a common driveway. These present a special challenge in site planning due to the tight arrangement of lots and the arrangement of houses on the court, as well as the shared driveway, which requires that cars be parked inside the garage in order to allow the residents driveway access and egress.

The following guidelines apply specifically to courthomes and will be considered in addition to the previous small-lot guidelines contained in Section I. When evaluating courthomes, where there is any apparent conflict, the guidance below supercedes that above.

#### A. Setbacks and Separations

Similar to setbacks in conventional development, setbacks and separations in courthomes are used to create access around a building, provide adequate space for utilitarian functions, allow the passage of light and air between buildings and create open space, while minimizing noise and intrusion and maximizing privacy. The following provisions are intended to serve those purposes.

The following guidance establishes siting and setback criteria that supplement Section I.

The minimum front setback for courthome units adjacent to streets should be:

<b>Table 4: FRONT SETBACKS (IN FEET)</b>	
Living Area	12
Porches (at least six feet deep)	10
Attached Garage (entry side)	Strongly Discouraged (a)
Attached Garage (non-entry side)	12

a) such design (garage entry facing street, not accessed by private court) may only be considered for exceptional circumstances.

An example of courthomes and their private, common drive.

Setbacks should not be so narrow that access around buildings is difficult, and passage of sunlight is limited.

Courthome separations and perimeter setbacks are to be provided as follows:

- ↘ The minimum separation between building faces of units on one court and those on another court should be 14 feet (Fig. 8).
- Separations between adjacent buildings in the same court should be at least 10 feet.
- For privacy, second floor windows, except for clerestory windows, should be avoided on elevations which overlook private open space areas of adjacent units. In instances where second floor windows are unavoidable, they should be setback at least 15 feet from property lines and separated from adjacent open space areas by tall shrubs or trees.
- On corner sides, conform with the "clear vision triangle" area requirement at street intersections per City Standards, Detail No. 711.
- On sides that back up to a street, all buildings should be set back 15 feet from the property line.
- Minor architectural projections, such as fireplaces and bay windows, may project into setback or separation by up to 2 feet for a length not to exceed 10 feet or 20 percent of the building elevation length, with minimum three-foot clearance.

Encourage:

- Houses adjacent to a local residential street should face the street.
- All courthomes should take garage access from the court.

### B. Courtyard Design

Courthomes with six units accessed from a single drive (courtyard) present site development issues and concerns. With respect to courthomes with drives serving six units, the ends of the courtyard visible from the adjoining street are dominated by garage doors. Typically, these units are the same model type and offer little or no architectural variation from one another.

Other issues surface with potential vehicular conflicts with internal units at the ends of the court. The following design provisions are recommended for courthome developments.

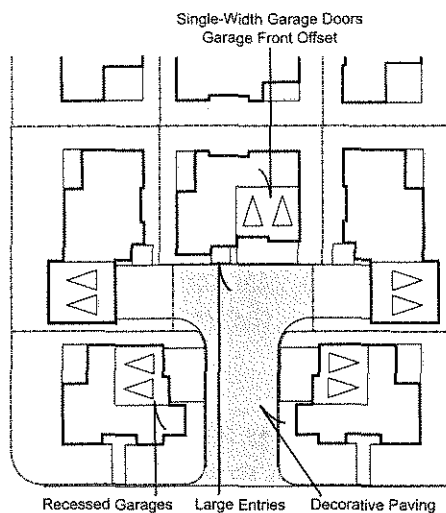

Fig. 8: Courthome Design

Homes adjacent to street should face the street with garage access from the courtyard.

Garages should be recessed behind the dwelling unit.

## Encourage:

- The maximum number of units accessed from a single courtyard should be limited to five. Sites with unusual configurations may include an occasional courtyard which serves up to six units.
- Courtyards should not exceed 100 feet in length (Fig. 8).
- The paved circulation portion of the courtyard should have a minimum width of 16 feet, but larger dimensions are encouraged to foster the "courtyard" image. The entrance to the courtyard, at the street, should be at least 20 feet in width and 100' in depth (measured from the face of curb) (Fig. 8).
- Recess garages behind the main dwelling unit similar to typical lots, to minimize the visual impact of the garage door and parking apron. Use roll-up doors for garages.
- To discourage obstruction of the driveway, garage aprons should be either less than six feet deep or more than 18 feet deep.
- Parking aprons should be limited to the rear units not visible from the street.
- Paved areas in front of garage doors should have a minimum back out dimension of 26 feet.
- Trees and large landscape fingers between parking aprons are strongly encouraged to break up the expanse of paving and view of garages. An average of 200 square feet of landscaping per unit should be provided within the courtyard. Trees should be provided at the rate of one front yard tree at each interior lot minimum. No part of the access street setback area may be counted toward the 200-square-foot requirement.
- Decorative paving should be provided in the courtyard (Fig. 9).
- Green space should be placed at the end of court as a focal point.
- Variation of building types and elevations on end units is encouraged.

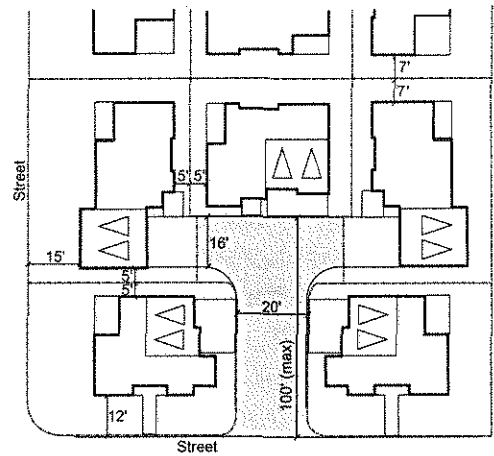

Fig. 9: Courthome Setbacks

Encouraged: decorative paving accent on private drive, such as the paver stones shown in above photo.

Discouraged courtyard entry and house placement: plain asphalt or concrete and garages that visually dominate end of drive.

## Discourage/Avoid:

- Terminating vistas from the street should not be garage dominated.
- In order to minimize paving within the courtyard, parking aprons accommodating parking in front of the garage are discouraged in the front of the "front" unit garages; parking aprons should be limited to the rear units.

- Asphalt concrete paving should be avoided in the courtyard.

### **C. General Building and Open Space Design**

Building design is a particularly important component of the courthome concept. Courtyards should be sharply defined by the near continuous faces of the buildings clustered around the perimeter. The following design provisions supplement those identified in Section I.

Encourage:

- All units in a court should share a common architectural theme which visually links them.
- Enlarge entries with porches to accent corners and interior vista.
- 300 square feet of common open space per unit should be provided for projects with more than 15 units that are not adjacent to a public park (refer to common open space guidelines on page 3).
- 10' minimum dimension for private open space (rear yard area)

### **D. Landscape Maintenance Requirements**

A Homeowners Association must be established to maintain front yard, courtyard area and common area landscaping within the project.

Homes should have a similar architectural theme to visually tie the neighborhood, but also feature a variety of building materials and color palettes to avoid a "cookie-cutter" look to the development.

Spacious common areas are strongly encouraged. Also encouraged are interior courts, paseos, and large landscaped areas at private drive entries.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-254**

**A RESOLUTION VACATING AND ABANDONING A PORTION OF ALMA  
AVENUE NORTH OF WEST ROSEBURG AVENUE (HORIZON  
CONSULTING SERVICES)**

WHEREAS, Streets and Highways Code Section 8320 et seq. prescribes the procedures to vacate and abandon public streets, and

WHEREAS, Government Code Section 65402 requires that prior to abandoning a public street, the Planning Commission shall make a determination as to whether the abandonment is consistent with the General Plan, and

WHEREAS, Dennis Wilson, Horizon Consulting Services, on behalf of Howard Downing, Hart Floral, has filed an application to vacate and abandon a portion of Alma Avenue north of West Roseburg Avenue, and

WHEREAS, a title report was submitted with the abandonment request which vests fee title to this portion of Alma Avenue in an adjacent land owner who in turn has quit claimed his interest to the subject portion to the proponents of the abandonment, and

WHEREAS, the proposed partial street abandonment has been referred to affected City departments and local utility companies, and no objection to the abandonment has been received, and

WHEREAS, no utilities exist in the portion of Alma Avenue right-of-way to be abandoned, and

WHEREAS, a public hearing was held by the Planning Commission on October 15, 2001, in the Tenth Street Chambers, located at 1010 10<sup>th</sup> Street, Modesto, California, at which hearing both oral and documentary was received and considered regarding the proposed abandonment, and

WHEREAS, by Planning Commission Resolution No. 2001-62, the Planning Commission recommended approval of the proposed vacation and abandonment, and

WHEREAS, a duly noticed public hearing was held by the Council of the City of Modesto on Tuesday, May 10, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California, at which time all persons interested in or objecting to the proposed vacation were afforded the opportunity to appear, and

WHEREAS, all things and acts necessary to be done as required by the State of California Streets and Highways Code, Section 8300 through 8363: Public Streets, Highways and Service Easements Vacation Law, in order to vacate and abandon the proposed area of Alma Avenue have been done and accomplished,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto finds and determines as follows:

1. That the portion of Alma Avenue to be abandoned is unnecessary for present or future pedestrian or vehicular use.
2. That Environmental Assessment No. 2005-14 judged this project to be consistent with the City of Modesto General Plan Master Environmental Impact Report.
3. That the vacation and abandonment of a portion of Alma Avenue is in conformance with the City of Modesto General Plan.

BE IT FURTHER RESOLVED that the Council hereby orders and declares the vacation and abandonment of a portion of Alma Avenue north of West Roseburg Avenue. Said proposed vacation and abandonment is more particularly described in Exhibit "A" and Exhibit "B" attached hereto, and by this reference made a part hereof as though set forth in full herein.

BE IT FURTHER RESOLVED that the City Clerk shall cause a certified copy of this resolution, attested under seal of the City, to be recorded in the Office of the County Recorder of Stanislaus County, concurrent with a lot line adjustment adding the abandoned portion of Alma Avenue, to the adjoining land to the east.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

ABANDONMENT REQUEST

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-255**

**A RESOLUTION FINDING THAT THE FOLLOWING PROJECT IS WITHIN  
THE SCOPE OF THE PROJECT COVERED BY THE MODESTO URBAN  
AREA GENERAL PLAN MASTER ENVIRONMENTAL IMPACT REPORT  
(SCH NO. 1999082041): VACATION AND ABANDONMENT OF A PORTION OF  
ALMA AVENUE RIGHT-OF-WAY EXTENDING NORTH FROM WEST  
ROSEBURG AVENUE (HORIZON CONSULTING SERVICES)**

WHEREAS, on March 4, 2003, the City Council of the City of Modesto certified the updated Final Master Environmental Impact Report ("Master EIR") (SCH No. 1999082041) for the Modesto Urban Area General Plan, and

WHEREAS, Dennis Wilson, Horizon Consulting Services, on behalf of Howard Downing, Hart Floral has proposed that a 30-foot-wide portion of Alma Avenue adjoining property at the northwest corner of McHenry and West Roseburg Avenue be vacated and abandoned (the "Project"), and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a Master EIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the Master EIR and whether the subsequent project was described in the Master EIR as being within the scope of the project, and

WHEREAS, the City's Community & Economic Development Department by Environmental Assessment Initial Study EA/C&ED 2005-14 ("Initial Study") reviewed the proposed Project to determine whether the Project is within the scope of the project covered by the Modesto Urban Area General Plan Master EIR, and made the determination that the proposed Project will have no additional significant effect on the

environment that was not identified in the Master EIR, and further, that no new or additional mitigation measures or alternatives are required, and that, therefore, the proposed Project is within the scope of the project covered by the Master EIR, and

WHEREAS, notices were posted in the proposed street right-of-way abandonment area for two successive weeks prior to the hearing, and notice was published in the Modesto Bee for two successive weeks prior to the hearing, per Streets and Highways Code Section 8323 and 8332 respectively, and

WHEREAS, said matter was considered by the City Council at a duly noticed public hearing which was held on May 10, 2005, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Project, a copy of which is attached hereto as Exhibit "A", and incorporated herein by reference. Based on the substantial evidence included in said Initial Study, Council hereby makes the following findings:

1. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041) which analyzed the potential impacts of buildout of the Baseline Developed Area.
2. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
3. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
4. There are no specific features unique to this project that require specific mitigation measures. All certified

mitigation measures identified in the MEIR will apply Citywide, including this project, as appropriate.

5. The Initial Study, EA/C&ED No. 2005-14, provides substantial evidence to support findings 1 through 4 above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Community & Economic Development Director is hereby authorized and directed to file a notice of determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

EXHIBIT A  
Initial Study  
EA/C&ED 2005-14

City of Modesto  
Initial Study

**Abandon Portion of Alma Avenue North of W. Roseburg Avenue**

**EA/C&ED 2005-14**

April 13, 2005

**I. PURPOSE**

Section 21157.1 of the Public Resources Code, allows for limited environmental review of subsequent projects under a Master EIR, provided that certain findings are made. The Modesto Urban Area General Plan Master EIR (SCH No. 1999082041), adopted March 4, 2003, allows such limited review for projects in the Baseline Developed Area that are consistent with the General Plan and existing zoning.

This Initial Study, in accordance with Section 21157.1(b) of the Public Resources Code, analyzes whether this project may cause any significant effects on the environment that were not examined in the General Plan Master EIR. This Initial Study also provides documentation that the project is within the scope of the General Plan Master EIR.

**II. PROJECT DESCRIPTION**

- A. Project title:  
Public Hearing – Application of Horizon Consulting Services, to abandon a portion of Alma Avenue right-of-way, located north of W. Roseburg Avenue and west of McHenry Avenue.
- B. Lead agency name and address:  
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person, address and phone number:  
Robert S. Cannell  
City of Modesto Community & Economic Development Department  
Planning Division  
P.O. Box 642  
Modesto, CA 95353  
(209) 577-5274
- D. Project Location:  
Within Alma Avenue right-of-way, north of W. Roseburg Avenue and west of McHenry Avenue.
- E. Project Sponsor:  
Dennis Wilson  
Horizon Consulting Services  
P.O. Box 1448  
Modesto, CA 95353
- F. General Plan Designation:  
Residential (R)

G. Current Zoning:  
Single Family Residential (R-1)

H. Description of Proposed Project:

This is an application to abandon a portion of Alma Avenue north of W. Roseburg Avenue and west of McHenry Avenue. The surrounding area is developed with the McHenry Avenue commercial corridor to the east, and residential uses to the west. The purpose of the proposed abandonment is to provide additional parking area for an adjacent commercial business.

I. Surrounding land uses: (See "H." above.)

J. Other public agencies whose approval is required: None.

### III. ANALYSIS OF CONFORMANCE WITH THE MASTER EIR

There are eighteen subject areas in the Master EIR (MEIR) for the General Plan. Following is an analysis of how this project conforms to the analysis contained within the MEIR.

#### A. **Traffic and Circulation**

The proposed project will likely contribute to increased traffic in the area. However, the proposed development is consistent with the Traffic and Circulation Needs section of the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Traffic and Circulation Needs (pages IV-1-1 through IV-1-38) are still valid.

#### B. **Degradation of Air Quality**

The air quality impacts for the proposed project are directly related to the traffic impacts. Since traffic impacts are no greater than those anticipated in the Master EIR, the proposed project will not cause additional impacts to air quality beyond those described in the Degradation of Air Quality section of the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Degradation of Air Quality (pages IV-2-1 through IV-2-25) are still valid.

#### C. **Generation of Noise**

The proposed project is adjacent to and surrounded by urban development. The adjacent developed neighborhood contains a mixture of residential and commercial uses. Because a masonry wall will enclose the parking area, the Day-Night Average Sound Level (Ldn) for this neighborhood area can be ensured. No significant noise impacts will be generated as a result of the proposed parking lot use, nor will the adjacent neighborhood be impacted as a result of this use. It will not create additional significant effects and Mitigation Measures listed in the MEIR for Generation of Noise (pages IV-3-1 through IV-3-33) are therefore still valid.

#### D. **Loss of Productive Agricultural Land**

The project area is located in an urbanized portion of Modesto, and there are no agricultural lands affected by this project. Therefore, the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for Loss of Productive Agricultural Land (pages IV-4-1 through IV-4-16) are still valid.

**E. Increased Demand for Water Supplies**

The proposed project is consistent with the General Plan in land use and intensity, and will provide the necessary infrastructure (if any) to provide water service to the site. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Water Supplies (pages IV-5-1 through IV-5-11) are still valid.

**F. Increased Demand for Sanitary Sewer Services**

The proposed project is consistent with the General Plan in land use and intensity, and will provide the necessary infrastructure (if any) to provide sanitary sewer service to the project site. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Increased Demand for Sanitary Sewer Services (pages IV-6-1 through IV-6-9) are still valid.

**G. Loss of Sensitive Wildlife and Plant Habitat**

The proposed project is in a built-up urban area and will not impact sensitive wildlife or any plant habitat above and beyond that which was identified in the Loss of Sensitive Wildlife and Plant Habitat section of the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in this section of the MEIR (pages IV-7-1 through IV-7-30) are still valid.

**H. Disturbance of Archaeological and Historic Sites**

Figure 8-1 of the MEIR indicates that the proposed project is not within the Archaeological Resource Study Area, which shows areas that may require additional site specific investigations. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Disturbance of Archaeological or Historical Sites (pages IV-8-1 through IV-8-21) are still valid.

**I. Drainage, Flooding and Water Quality**

The proposed project will not present any new impacts that have not already been addressed in the MEIR. The mitigation measures will reduce the impacts of increased runoff within the baseline developed area to a less than significant level. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Drainage, Flooding, and Water Quality (pages IV-9-1 through IV-9-23) are still valid.

**J. Increased Demand for Storm Drainage**

The proposed project is consistent with the General Plan in land use and intensity, and will provide the necessary infrastructure to provide for adequate storm drainage. The mitigation measures contained in the Master EIR will not reduce the impacts of increased runoff within the baseline developed area to a less than significant level. In adopting the Master EIR, the City Council adopted a finding of overriding findings for this impact. The Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Storm Drainage (pages IV-10-1 through IV-10-8) are still valid.

**K. Increased Demand for Parks and Open Space**

The MEIR concluded that demand for parks and open space would be mitigated through the payment of Capital Facilities Fees (CFF) for new development, which would be used for the development of new parks. As a result, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Parks and Open Space (pages IV-11-1 through IV-11-11) are still valid.

**L. Increased Demand for Schools**

The MEIR concluded that demand for schools would be mitigated by collection of fees by the affected school districts. Since this project would be required to pay these fees, as applicable, the Existing Conditions, Impacts Analysis, and Mitigation Measures listed in the MEIR for the Increased Demand for Schools (pages IV-12-1 through IV-12-11) are still valid.

**M. Increased Demand for Police Services**

The proposed project is consistent with the General Plan in land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Police Services (pages IV-13-1 through IV-13-8) are still valid.

**N. Increased Demand for Fire Services**

The proposed project is consistent with the General Plan in land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Increased Demand for Fire Services (pages IV-14-1 through IV-14-9) are still valid.

**O. Generation of Solid Waste**

The proposed project is consistent with the General Plan in land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Generation of Solid Waste (pages IV-15-1 through IV-15-10) are still valid.

**P. Generation of Hazardous Materials**

The proposed project is consistent with the General Plan in land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Generation of Hazardous Materials (pages IV-16-1 through IV-16-15) are still valid.

**Q. Landslides and Seismic Activity**

The proposed project will result in no additional potential for exposing people to landslides or earthquake related hazards such as liquefaction beyond those identified in the MEIR. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for the Landslides and Seismic Activity (pages IV-17-1 through IV-17-11) are still valid.

**R. Energy**

The proposed project is consistent with the General Plan in land use and intensity. Therefore, the Existing Conditions, Impacts Analysis and Mitigation Measures listed in the MEIR for Energy (pages IV-18-1 through IV-18-6) are still valid.

**IV. CONCLUSIONS/DETERMINATIONS OF FINDINGS**

- A. The proposed project is within the scope of the General Plan Master EIR (SCH No. 1999082041) which analyzed the potential impacts of buildout of the Baseline Developed Area.
- B. No additional significant environmental effects will occur as a result of the proposed project that were not previously examined in the General Plan Master EIR.
- C. No new mitigation measures or alternatives will be required as a result of the proposed project that were not previously considered in the General Plan Master EIR.
- D. There are no specific features unique to this project that require specific mitigation measures. All certified mitigation measures identified in the MEIR will apply Citywide, including this project, as appropriate.
- E. This Initial Study provides substantial evidence to support findings A, B, C, and D above.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-255A**

**A RESOLUTION DENYING AN AMENDMENT TO SECTION 3-3-9 OF THE ZONING MAP TO REZONE FROM SP-O (SPECIFIC PLAN-OVERLAY ZONE) TO PLANNED DEVELOPMENT ZONE, P-D(572) PROPERTY LOCATED ON THE NORTH SIDE OF MABLE AVENUE WEST OF OAKDALE ROAD AND THE PROPOSED DEVELOPMENT PLAN (FLORSHEIM LAND COMPANY, LLC)**

WHEREAS, a verified application for an amendment to Section 3-3-9 of the Zoning Map was filed by Florsheim Land Company, LLC, on June 4, 2004, to rezone from Specific Plan Overlay Zone to Planned Development Zone, P-D(572), to allow the development of small-lot and attached residences, property located on the north side of Mable Avenue west of Oakdale Road, described as follows:

Rezone SP-O to P-D

All that certain real property situated in the southeast ¼ of Section 3, Township 3 South Range 9 East, Mount Diablo Meridian, City of Modesto, County of Stanislaus, State of California, more particularly described as follows:

Beginning at the northwest corner of Parcel 3, as shown on that certain map, filed for record on October 26, 1981 in Book 32 of Parcel Maps, at Page 43, Stanislaus County Records, said corner being marked with a ¾" iron pipe, tagged LS 2803; thence along the North boundary of said Parcel 3, South 89°49'35" East, a distance of 852.61 feet to the northeast corner of said Parcel 3 and a point on the West right-of-way line of Oakdale Road, said point being 50.00 feet distant at right angles from the centerline of said Oakdale Road, said centerline being also the East line of said Section 3; thence parallel with said centerline and said East section line, along the East line of said Parcel 3, South 00°33'56" East, a distance of 806.50 feet to the southeast corner of said Parcel 3 and a point on the North line of that certain property, described in a Quitclaim deed of Jeffrey S. Martin and Victoria P. Martin as Exhibit "A-1", and filed for record on December 20, 2001 as Document No. 2001-0155946-00 and corrected in document filed for record on October 1, 2002 as Document No. 2002-0127225-00, Stanislaus County Records; thence along said North line, North 89°59'40" East, a distance of 30.00 feet to the northeast corner of said Quitclaim deed property, said northeast corner being 20.00 feet distant at right angles from said centerline and said East section line;

thence along the East line of said Quitclaim deed property, parallel with said centerline and said East section line, South 00°33'56" East, a distance of 507.27 feet to the southeast corner of said Quitclaim deed property and the intersection of said West right-of-way line of Oakdale Road and the North right-of-way line of Mable Avenue, said intersection being 20.00 feet distant at right angles from the centerline of said Mable Avenue and the South line of said Section 3; thence along the South line of said Quitclaim deed property and said North right-of-way line, South 89°48'54" West, a distance of 879.34 feet to the southwest corner of said Quitclaim deed property; thence along the West line of said Quitclaim deed property and the West line of said Parcel 3, North 00°42'21" West, a distance of 1319.23 feet to the Point of Beginning.

WHEREAS, a public hearing was held by the City of Modesto Planning Commission on April 4, 2005, in the Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered; and

WHEREAS, the City of Modesto Planning Commission, by its Resolution No. 2005-17, recommended to the Modesto City Council that the rezoning of the property as requested is consistent with the Modesto Urban Area General Plan because:

1. The proposed development is consistent with the purpose and intent of the Residential Land Use Designation;
2. The proposed development is consistent with the intent of the North Beyer Park Specific Plan, as amended; and
3. The proposed development will help the City of Modesto meet the goals of the City's Housing Element by designating a site for multiple family attached dwellings.

WHEREAS, a public hearing was held by the City Council on May 10, 2005, in the Chambers, Tenth Street Place, 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered; and

WHEREAS, concurrent with the public hearing on the proposed rezoning, the Modesto City Council denied the requested Amendment No.2 to the North Beyer Park Specific Plan, based on inconsistency with the 1995 Modesto Urban Area General Plan.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby finds and determines that the rezoning of the property as requested is not required by public necessity and convenience and the general welfare for the following reasons:

1. The proposed storm water drainage basin to serve the proposed Planned Development zone does not comply with the City's dual-use park-basin policy. In consequence, the proposal does not conform to Sections V.E.3.e and V.E.3.f of the Modesto Urban Area General Plan.
2. The proposed Amendment #2 to the North Beyer Park Specific Plan, which would have allowed for the proposed rezone, was denied and therefore this proposed Planned Development zone is inconsistent with the North Beyer Park Specific Plan because the residential lots do not meet the requirements of the R-1 zone and streets do not conform to the street cross sections.

BE IT FURTHER RESOLVED by the City Council that, based on the above findings, it hereby denies without prejudice the application of Florsheim Land Company, LLC, to amend Section 3-3-9 of the Zoning Map to reclassify the property described above from SP-O Zone, to Planned Development Zone, P-D(572).

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10th day of May 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-255B**

**A RESOLUTION DENYING AMENDMENT NO. 2 TO THE NORTH BEYER  
SPECIFIC PLAN FOR THE DEVELOPMENT OF SMALL-LOT SINGLE  
FAMILY AND ATTACHED RESIDENCES (FLORSHEIM LAND COMPANY,  
LLC)**

WHEREAS, Government Code Section 65450 et. seq. permits cities and counties to adopt Specific Plans for the systematic implementation of the General Plan and to provide for greater level of detail in planning sites or areas of special interest or value, and

WHEREAS, on November 26, 1996, the Modesto City Council by Resolution No. 96-641, adopted the North Beyer Park Specific Plan, and

WHEREAS, Government Code Section 65453 permits the amendment of Specific Plans as often as deemed necessary by the legislative body, and

WHEREAS, on February 25, 2003, by Resolution No. 2003-102, the City Council of the City of Modesto approved Amendment No. 1 to the North Beyer Park Specific Plan, and

WHEREAS, Florsheim Land Company, LLC, applied for an amendment to the North Beyer Park Specific Plan to allow the development of small-lot single family and attached residences on 26 acres located at the northwest corner of Oakdale Road and Mable Avenue, and

WHEREAS, at 7:00 p.m. on April 4, 2005, the Planning Commission held a duly noticed public hearing in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary relating to this proposed amendment to the North Beyer Park Specific Plan was considered, and

WHEREAS, after said public hearing held on April 4, 2005, the Planning Commission adopted Resolution No. 2005-16, recommending to the City Council an amendment to the North Beyer Park Specific Plan to allow the development of small-lot single family and attached residences, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 10, 2005, at 5:30 p.m., in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which hearing evidence both oral and documentary was received and considered, and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Modesto that it hereby finds and determines that the proposed amendment to the North Beyer Park Specific Plan is inconsistent with the 1995 City of Modesto Urban Area General Plan for the following reason:

1. The Specific Plan as proposed does not comply with the City's dual-use park-basin policy. In consequence, the proposal does not conform to Sections V.E.3.e and V.E.3.f of the Modesto Urban Area General Plan.

BE IT FURTHER RESOLVED, that the City Council notes that the proposal has the following additional deficiencies which should be addressed for any further consideration:

1. The component comprising attached dwellings must be approved and constructed before the detached dwellings are constructed.
2. Different types of dwellings should be interspersed throughout the site, rather than being located in exclusive areas.
3. Improve circulation and access to surrounding streets.

BE IT FURTHER RESOLVED, that based on the above findings, the Modesto City Council hereby denies without prejudice the proposed Amendment No. 2 to the North Beyer Park Specific Plan.

The foregoing resolution was introduced at the regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Keating, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-256**

**A RESOLUTION TRANSFERRING MANAGEMENT OF THE PUBLIC ACCESS  
CHANNEL 26 TO THE NON-PROFIT ORGANIZATION, COMMUNITY MEDIA  
NETWORK**

WHEREAS, the Local Cable Committee was reestablished on March 3, 2004, tasked with creating a non-profit corporation to manage the Public Access Channel and given a completion date of December 31, 2004, and

WHEREAS, on December 16, 2004, the Local Cable Programming Committee was granted an extension date of April 30, 2005, and

WHEREAS, the non-profit corporation was to be created specifically for the sole purpose of managing the Public Access channel and would assume responsibility for the management of Public Access once formed, and

WHEREAS, the non-profit corporation will seek private funding sources for the operation of the Public Access channel, and

WHEREAS, the Local Cable Programming Committee has formally requested by letter, a copy of which is attached as Exhibit "A", that the operation of the Public Access by the City of Modesto Public Access Channel be managed by the newly created non-profit organization, Community Media Network (CMN), and

WHEREAS, the City of Modesto will provide the daily operational cost until June 30, 2005, and

WHEREAS, on July 1, 2005, Community Media Network will be responsible for all of the operational costs of the Public Access channel, and

WHEREAS, City staff recommends and the Council determines that \$16,000 of funds in the Public Access budget should be made available to community Media Network in order to fund its continuing start-up expenses, and

WHEREAS, staff presented this item to the Finance Committee on April 25, 2005, and the Committee recommended taking the item to full Council for approval,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the transfer of management of Public Access Channel 26 to the non-profit organization, Community Media Network.

BE IT FURTHER RESOLVED by the Council that the City will provide the daily operational costs of Public Access Channel 26, until June 30, 2005, and on July 1, 2005, Community Media Network will be responsible for all of the operational costs of Public Access Channel 26.

BE IT FURTHER RESOLVED by the Council that the remaining balance in the Public Access channel budget of approximately \$16,000 shall be made available to CMN for payment of qualified expenses. The City Manager, or his designee, shall, in his or her sole discretion, determine whether or not any expenses submitted by CMN for payment would qualify for payment.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

Councilmember Brad Hawn  
City of Modesto  
1010 Tenth Street  
Modesto, CA 95354

Dear Mayor and Councilmembers,

On behalf of the Local Cable Programming Committee, I am writing to you and the other members of the Modesto City Council to provide you with an update on the Committee's task of forming a non-profit corporation to oversee the operation of the Public Access Channel, currently located on Channel 26 on the Comcast cable television system. This report is a follow-up to the Council's Dec. 14, 2004 resolution approving extension of the City of Modesto ' support of the Public Access Channel through April 30, 2005

After an extensive outreach and recruitment effort, the Committee is pleased to report that it has selected 13 citizens to serve on the board of directors of the Community Media Network (CMN.) The Committee took this action by a unanimous vote at its special March 31 meeting.

The board members are:

- President: Wes Reed, retired PG&E marketing and customer services manager
- Treasurer: Linda Wade, President and CEO, Mighty Women of Modesto
- Secretary: Amanda Evans, student, CSU Stanislaus, Organizational Communications
- Erik Buck Townsend, founding general director, Townsend Opera Players
- Carol Lancaster Mingus, Mass Communications Instructor, MJC
- Allen F. Clark, owner, Dinosaur TV Studio
- Regina Robinson, medical clerk, Alameda County Medical Center
- Don Langman, owner, Pathways
- Lynette Scott, registered nurse
- Nelly Paredes-Walsborn, director/producer, Walsborn Productions
- Claire Stevens, activities coordinator, Kindred Hospital
- Frank Azevedo, owner, KAZV-TV
- Chris Murphy, vice president, Sierra Pacific Warehouse Group.

We are in the process of informing the applicants of their selection. The Board will hold its first meeting on Wednesday, April 20, at 6:30 p.m. at the Stanislaus County Office of

Education and begin the process of transferring control of the Public Access channel from the City of Modesto to the CMN.

Since we last reported to you on Dec. 6, 2004, the Committee has been engaged in a considerable amount of activity. These highlights include:

- The Committee retained the consulting services of Ron Cooper, Executive Director of Access Sacramento. He has provided valuable insight into the formation of a non-profit, candidate selection and provided the Committee with various resources on Public Access.
- The Committee's Bylaws Subcommittee has met with the local accounting firm of Clendenin and Bird, which has indicated its willingness to assist in the creation of a non-profit. Additionally, the subcommittee has secured a pledge of pro bono work from Modesto attorney Bradley Post from the law offices of Borton, Petrini & Conron to assist in the setting up of the non-profit.
- An intensive outreach campaign was conducted to inform the public of the opportunity to serve as a director on the CMN. Press releases were sent to local media outlets, in addition to being posted to the City of Modesto website. This effort resulted in stories in the Modesto Bee, as well as appearances by Committee members Chris Murphy and Mark Looker on KAZV-TV shows as well as the Central Valley Report.
- The previously formed non-profit, Community Media Network, was reactivated by the California Secretary of State and transferred, ready for use by the new board of directors. This saved considerable time and resources.
- Development of selection criteria by the Board of Directors Recruitment Subcommittee and development of a Nominee Assessment Form to assess the unique skills of each applicant.
- A public informational meeting was held on Feb. 22, 2005, at the Stanislaus County Office of Education at which 36 members of the public attended. Those attending learned about the requirements and duties anticipated for board members. Applications were made available at the meeting, in addition to being posted to the City of Modesto website.
- Three interview sessions with applicants were held on March 28, March 31 and April 6.

As the non-profit becomes operational, one of its major tasks will be structuring a budget that includes underwriting and grant opportunities. The Committee anticipates the CMN Board will be developing a marketing and business plan in the near future. However, the Committee would like to strongly state its belief that the city of Modesto must continue with the commitment it has made to the Public portion of PEG by continuing to dedicate a portion of the current 3% franchise fee to Public Access. As you are aware, the Council at its Dec. 14, 2004 meeting adopted the following resolution: *"Resolution approving extension of the City of Modesto ' support of the Public Access Channel through April 30, 2005 at a cost of \$8,000 recommended. "*

A review by the Committee of every successful Public Access Channel operation in California shows that a strong and viable Public Access Channel is possible only with the financial support of a portion of the franchise fee.

In conclusion, the Committee would request the Council take the following actions:

- Adopt a resolution congratulating the newly selected members of the Community Media Network and expressing the Council's ongoing support for this effort to transfer control of the Public Access Channel from the City of Modesto to the Community Media Network. Suitable wording for the resolution can be provided upon request.
- Extend the remaining \$8,000 budget to the Community Media Network to fund its continuing startup expenses and efforts.

On behalf of the Committee, I would like to thank the Council for its support to date of the efforts to form a non-profit organization to oversee Public Access. This effort faces many formidable challenges but the Committee is confident that the City will continue to be supportive of Public Access just as strongly as it supports the operation of the Education and Government channels.

Sincerely,

Mark Looker, Chairman  
Local Cable Programming Committee

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-257**

**A RESOLUTION UPHOLDING THE CAPITAL FACILITY FEE  
EXEMPTION REQUIREMENTS FOR LOW-INCOME HOUSING**

WHEREAS the City of Modesto has previously adopted Resolution 2004-527 which outlines reasons necessary for the exemption and deferral of Capital Facility Fees, CFF, and

WHEREAS, City development fees, as determined by the City in its Housing Element and Consolidated Plan, often serve as barriers to quality housing for those with special needs; the City is interested in further housing opportunities to all segments of our community and has adopted an exemption and deferral policy for housing units dedicated to low-income households, and

WHEREAS, the term “low income housing” shall mean: housing at rents affordable to households earning sixty percent (60%) or less of the Area Median Income as determined from time to time by the United States Department of Housing and Urban Development, and

WHEREAS, the City wishes to monitor and enforce the low income provisions for the exemptions and deferrals it grants, to ensure that low income housing is provided for a period of ten years after the date of the deferral, and

WHEREAS, the CFF exemption will be based on ten years of construction from the date of move in whereby development changes are restricted unless the CFF is paid,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby upholds its existing requirements for Capital Facility Fee exemptions and deferrals for low income housing.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Marsh, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-258**

**A RESOLUTION ACCEPTING WITH REGRET THE RESIGNATION OF  
NANCY SMITH FROM THE COMMUNITY QUALITIES FORUM,  
EFFECTIVE SEPTEMBER 7, 2004**

WHEREAS, NANCY SMITH was appointed a member of the Community Qualities Forum on February 25, 2003 and

WHEREAS, NANCY SMITH has tendered her resignation from the Community Qualities Forum, effective May 24, 2005; and

WHEREAS, NANCY SMITH has been a devoted and sincere public servant and has contributed greatly to our civic progress,

NOW, THEREFORE, BE IT RESOLVED that the resignation of NANCY SMITH from the Community Qualities Forum be, and hereby is accepted with regret.

BE IT FURTHER RESOLVED that the Council of the City of Modesto, on its own behalf, and on behalf of the citizens of this City, hereby expresses its sincere appreciation to NANCY SMITH for her outstanding service to the community.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-259**

**A RESOLUTION APPROVING AN AGREEMENT BETWEEN CITY OF MODESTO COMMUNITY FACILITIES DISTRICT NO. 2004-1 AND HASHEM NARAGHI, TRUSTEE OF THE NORA NARAGHI SEPARATE PROPERTY TRUST, FOR IMPROVEMENTS ON ROSELLE AVENUE BETWEEN KODIAK AND FLOYD AND FINDING THAT THE POTENTIAL ENVIRONMENTAL EFFECTS OF THIS AGREEMENT HAVE BEEN ADEQUATELY ADDRESSED BY THE PREVIOUSLY CERTIFIED VILLAGE ONE SPECIFIC PLAN PROGRAM EIR AS MODIFIED BY THE 1994 FINAL SUPPLEMENTAL EIR (SCH No. 90020181)**

WHEREAS, the City of Modesto desires to complete the core infrastructure needed to serve the Village One area, and

WHEREAS, Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust (“Developer”) has agreed to install certain improvements on Roselle Avenue between Kodiak and Floyd, and

WHEREAS, the City Council has considered the proposed Acquisition & Shortfall Agreement (“agreement”) between City of Modesto Community Facilities District No. 2004-1 and Developer, and

WHEREAS, said agreement shall have a maximum reimbursement amount of \$327,523.00, and

WHEREAS, the improvements for which the Developer will be reimbursed under the proposed agreement, is within the scope of the previously certified Village One Specific Plan Program EIR as modified by the 1994 Final Supplemental EIR (SCH No. 90020181), and that, pursuant to Sections 15168(c) and 15182 of the CEQA Guidelines, no new environmental review is required.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto

that:

1. The proposed Acquisition and Shortfall Agreement between City of Modesto Community Facilities District No. 2004-1 and Hashem Naraghi, Trustee of the Nora Naraghi Separate Property Trust (“Project”) is consistent with the Village One Specific Plan and the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, this Project is within the scope of the projects covered by the Village One Program EIR, as amended by the 1994 Supplemental EIR .
3. There are no substantial changes proposed in the Project which result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and, therefore, no major revisions to the Program EIR, are required.
4. No substantial changes have occurred with respect to the circumstances under which the Project is undertaken which will result in new significant environmental effects or a substantial increase in the severity of previously identified significant effects and therefore, no major revisions to the Program EIR, are required.
5. There is no new information of substantial importance that was not known and could not have been known with the exercise of

reasonable diligence when the Program EIR, was adopted which shows any of the following:

- a. one or more significant effects which is not discussed in the Program EIR; or,
- b. significant effects which were previously examined will be substantially more severe than previously shown; or,
- c. previously infeasible mitigation measures or alternatives are now feasible and would substantially reduce one or more significant effects of the project, but the Project proponents decline to adopt the mitigation measure or alternative; or,
- d. mitigation measures or alternatives which are considerably different from those analyzed in the Program EIR would substantially reduce one or more significant effects on the environment, but the Project proponents decline to adopt the mitigation measure or alternative.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-260**

**A RESOLUTION APPROVING AMENDMENT NO. 1 TO THE AGREEMENT  
BETWEEN THE CITY OF MODESTO AND JONES AND STOKES ASSOCIATES  
FOR WORK ON AN ENVIRONMENTAL IMPACT REPORT FOR A PROPOSED  
COMMERCIAL/OFFICE PROJECT, THE PROMENADE, AND AUTHORIZING THE  
CITY MANAGER TO EXECUTE AMENDMENT NO. 1 TO THE AGREEMENT IN AN  
AMOUNT NOT TO EXCEED \$59,956**

WHEREAS, Setrok Limited Partnership has applied for a general plan amendment and rezoning to a planned development zone to allow 202,225 square feet of specialty retail shops and restaurants, a 73,000 square foot multi-screen theater, 98,050 square feet of offices and a 108-room, three-story hotel on property located on the west side of Dale Road, north of the Vintage Faire Mall (The Promenade), and

WHEREAS, Section 21080.1 of the California Public Resources Code requires the City of Modesto, as lead agency, to make a determination of whether an environmental impact report is required for projects, and

WHEREAS, the City has determined that an environmental impact report is required for the proposed Promenade project, and

WHEREAS, on December 10, 2002, the City Council approved a list of environmental service providers, including the firm of Jones and Stokes, to assist with the preparation of environmental impact reports and other environmental documents, and

WHEREAS, City staff selected Jones and Stokes to prepare the environmental impact report for The Promenade because they had an organized project team at the time of the selection interviews and the sub-consultant they had selected to do the traffic analysis had just completed work in this quadrant of the City for the Kaiser Medical Center project, and

WHEREAS, on July 13, 2004, the City Council adopted Resolution No. 2004-349, approving an agreement with Jones and Stokes Associates for work on an environmental impact report ("EIR") for a proposed commercial/office project, the Promenade, in an amount not to exceed \$173,552 ("Agreement"), and

WHEREAS, during preparation of the Draft EIR issues arose that required additional analysis and services beyond the scope of the Agreement, requiring an amendment to the Agreement in an amount not to exceed \$59,956.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that Amendment No. 1 to the Agreement between the City of Modesto and Jones and Stokes to perform additional tasks related to the preparation of the Draft EIR, in an amount not to exceed \$59,956, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute Amendment No. 1 to the Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-261**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT A REQUEST FOR BIDS (RFB) FOR ROCK, SAND, AND  
GRAVEL FOR A TWO-YEAR PERIOD, WITH THREE (3), ONE-YEAR  
CONTRACT EXTENSION OPTIONS FOR AN ESTIMATED TOTAL ANNUAL  
COST OF \$200,000**

WHEREAS, the Finance Department-Central Stores Division has requested the purchase of rock, sand, and gravel for FY 2005/2006, and

WHEREAS, the Central Stores unit of the Finance Department will stock rock, sand, and gravel for use by City departments for rock well drainage, sand for parks, street maintenance operations and wastewater pond erosion control, and

WHEREAS, Central Stores will purchase the required rock, sand and gravel from account 7100-120-8311-0439 and departments will then purchase the rock sand and gravel from Central Stores with charges being made to appropriate accounts, and

WHEREAS, based on past usage and current pricing, the total cost for rock, sand, and gravel requirements for FY 2006 is approximately \$200,000, and

WHEREAS, the Purchasing Division has coordinated the drafting of bid specifications and the need for said materials through collaboration with Central Stores staff and division personnel based upon usage over the last several years, and

WHEREAS, by soliciting competitive bids, the Finance Department-Purchasing Division will comply with the Modesto Municipal Code, Section 8-3.204, and Formal Bid Procedures,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto that the Purchasing Supervisor is hereby authorized to solicit formal Request for Bids (RFB) for rock, sand, and gravel as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for rock, sand, and gravel to be opened in the office of the City Clerk, 1010 10<sup>th</sup> Street, in the City of Modesto. The City Clerk is hereby directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After bids are opened, they shall be tabulated and analyzed and a report submitted to the Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-262**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR ONE (1), NEW, CURRENT YEAR/MODEL, SELF-PROPELLED PAVER  
TO HERRMANN EQUIPMENT INC. OF ROSEVILLE, CA. IN THE  
APPROXIMATE PURCHASE AMOUNT OF \$281,027.91**

WHEREAS, the Public Works Department-Fleet Services Division has requested the purchase of one (1), new, current year/model, self-propelled paver, and

WHEREAS, the new paving machine will provide the Streets Division with a large paving machine that will meet the City of Modesto's growing challenge to maintain and rebuild Collector and Arterial Streets in addition to the many residential streets and alleys, and

WHEREAS, the Public Works staff compiled the specifications for the new self-propelled paver after many hours of market research to try and incorporate the highest level of both performance and safety related features in a single bid specification, and

WHEREAS, Resolution No. 2004-377 authorized the Purchasing Supervisor to solicit Request for Bids (RFB) for vehicles and equipment, which included one (1), self-propelled paver, and

WHEREAS, the Purchasing Division solicited formal bids for one (1), new, current year/model self-propelled paver on RFB 0405-13, and

WHEREAS, out of twelve (12) vendors solicited, three (3) chose to respond to the RFB, and

WHEREAS, the City's two (2%) local vendor preference was not a factor in determining the lowest responsive and responsible bidder for one (1), new, current year/model self-propelled paver, and

WHEREAS, Herrmann Equipment Inc. of Roseville, CA. was the only responsive and responsible bidder with a total approximate amount of \$281,027.91, and

WHEREAS, the Herrmann Equipment Inc. self-propelled paver is the only unit bid which met the desired performance specifications of producing a crown of not less than three inches, is hydraulic adjustable by electric finger-tip control, and also complies with the performance and safety specifications listed below, and

WHEREAS, bids received for Nixon-Egli Equipment and Ingersoll-Rand Equipment are considered to be non-responsive because they did not meet the following performance and safety specifications as required in Request for Bid 0405-13:

- Both bids did not meet the specification for an oscillating truck hitch, and this hitch contributes toward the safe operations and a high quality road surface.
- Both bids took an exception to specification for a Frame Rise Option, which allows the paver to move around paving obstacles quickly and safely and provides for safest operations for loading and unloading on trailers. This performance feature saves staff from having to manually compensate by actually having to build asphalt tramps to navigate around obstacles.
- Both paver bids will not adjust to pave 8 feet to 16 feet wide without additional attachments. The ability to move materials out to 16 feet wide without manual adjustments allows for increased productivity levels.

- Both pavers bid do not have a telescopic 12-inch Catwalk that extends in and out to the fill width of the screed automatically. This desired option enhances safety and increased productivity.
- The paver bid by Nixon-Egli and Ingersoll-Rand does not have a De-Track warning light with an electric over-ride switch. This option warns operator to stop the machine before a track is lost off of rollers and this feature reduces subsequent damage and increases productivity and safety, and.

WHEREAS, the City Council has appropriated funds in account 7210-480-5814-5228,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract for one (1), new, current year/model, self-propelled paver from Herrmann Equipment Inc. of Roseville, CA. in the approximate amount of \$281,027.91.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order for one (1) new, current year/model, self-propelled paver as set forth herein.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-263**

**A RESOLUTION AUTHORIZING THE AWARD OF BID AND CONTRACT  
FOR VIDEO TELEPHONE HARDWARE TO PACIFIC BELL TELEPHONE  
DBA SBC DATACOMM, INC OF MODESTO, CA. IN THE APPROXIMATE  
AMOUNT OF \$119,024.06**

WHEREAS, the Information Technology Department had requested the purchase of video telephone hardware, and

WHEREAS, Resolution No. 2004-535 authorized the Purchasing Supervisor to solicit formal Request for Bids (RFB) for video telephone hardware, and

WHEREAS, as part of the City of Modesto's Franchise Agreement with Comcast, Comcast is to develop a citywide fiber-based institutional network (INET) to be utilized by the City of Modesto and several participating school districts, and

WHEREAS, the construction of the INET is complete and is now in validation testing, and

WHEREAS, as stated in the Franchise Agreement, Comcast is scheduled to remove the existing coax-based INET, which will terminate the Modesto Fire Department's (MFD) current video training and communications abilities, and

WHEREAS, during FY03/04 staff encumbered a portion of the total project cost in anticipation of purchasing the necessary pieces of equipment to replace this system, and

WHEREAS, specifically the MFD encumbered \$150,000 in funding for the purchase of this equipment, and

WHEREAS, the City Council has appropriated funds in account number 0100-180-1802-5400 (FIRE SUPPORT SERVICES) for video telephone hardware, and

WHEREAS, the Modesto Municipal Code, MMC Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000 for materials, equipment, or contractual services to be formally bid. The code also states that purchases whose total maximum cost to the City exceeds \$50,000 shall receive preliminary approval of Council (MMC (8-3.203 (a))). The video telephone hardware received said approval with Resolution No. 2004-535. This award of bid and contract will conform to code, and

WHEREAS, the Purchasing Division solicited formal bids for video telephone hardware on Request for Bid (RFB) 0405-32, and

WHEREAS, out of eight (8) vendors solicited, four (4) chose to respond to the RFB, and

WHEREAS, two bidders were deemed to be non-responsive because they only submitted one signed original bid document, and

WHEREAS, Pacific Bell Telephone dba SBC DataComm of Modesto, CA. is deemed to be the lowest responsive and responsible bidder,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the award of bid and contract to Pacific Bell Telephone dba SBC DataComm of Modesto, CA. in the approximate amount of \$119,024.06.

BE IT FURTHER RESOLVED that the Purchasing Supervisor is hereby authorized to issue a purchase order to Pacific Bell Telephone dba SBC DataComm for video telephone hardware in the approximate amount of \$119,024.06.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May, 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-264**

**A RESOLUTION AUTHORIZING STAFF TO: 1) DECLARE A PORTION OF THE CITY-OWNED PROPERTY (APN 111-057-020) FORMERLY KNOWN AS THE JOHN MUIR SCHOOL AND THE ATTACHED PARKING LOT AREA AS SURPLUS PROPERTY; 2) REQUEST AND PROCESS A PARCEL SPLIT OF THE PROPERTY TO SEPARATE T.B. SCOTT PARK FROM THE BUILDING AND ITS PARKING LOT; AND, 3) PROCEED WITH AN APPRAISAL AND CONTRACT FOR REAL ESTATE SERVICES FOR THE SALE OF THIS PROPERTY**

WHEREAS, the City of Modesto owns the property at 800 Morris Avenue (APN 111-057-020), and

WHEREAS, a portion of the property has been used as a Community Center for the City of Modesto and a portion of the property is T.B. Scott Park, and

WHEREAS, the Modesto Community Service Center building has been decommissioned because City staff has identified the building as being in very poor shape with asbestos and seismic problems, and

WHEREAS, City of Modesto staff is interested in splitting the parcel and maintaining the park property, and selling the portion of the property that contains the building and parking lot, and

WHEREAS, City of Modesto staff is interested in appraising the property and listing the property with a real estate firm for sale, and

WHEREAS, the Finance Committee met on April 25, 2005, and supported staff's recommendation to sell the portion of the property that houses the Modesto Community Service Center building and the adjacent parking lot,

NOW, THEREFORE, BE IT RESOLVED, that the City Council of Modesto hereby authorizes staff to declare a portion of the City-owned property (APN 111-057-020) consisting of the former John Muir School and the attached parking lot as surplus property.

BE IT FURTHER RESOLVED that the Council hereby authorizes City staff to request and process a parcel split of the property to separate T.B. Scott Park from the building and its parking lot.

BE IT FURTHER RESOLVED that the Council hereby authorizes staff to proceed with an appraisal and contract for real estate services for the sale of this property.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-266**

**A RESOLUTION AMENDING RESOLUTION NO. 2004-341 AUTHORIZING  
SEVERANCE PAY, HEALTH BENEFITS AND INTERVIEW LEAVE FOR  
EMPLOYEES SUBJECT TO AN AUTHORIZED REDUCTION IN FORCE  
THROUGH JUNE 30, 2006**

WHEREAS, by Resolution No. 2004-341 which was adopted on July 6, 2004, the City Council authorized Severance Pay, Health Benefits and Interview Leave for Employees subject to an authorized reduction in force, and

WHEREAS, said Severance Benefits, as set forth in Resolution No. 2004-341 will terminate effective June 30, 2005, and

WHEREAS, the City of Modesto continues to face a budget crisis which may result in employee layoffs, and

WHEREAS, the City Council desires to extend the terms set forth in Resolution No. 2004-341 to extend Severance Pay, Health Benefits and Interview Leave for employees subject to an authorized reduction in force through June 30, 2006, and

WHEREAS, current Personnel Rules and Memoranda of Understanding provide that employees who are laid off receive only those benefits to which any departing employee would be entitled, and

WHEREAS, City staff is recommending to the Council that laid off employees should receive Severance Pay equivalent to a minimum of four (4) weeks of the employee's salary and City health contribution upon the effective date of the layoff and thereby provide a limited cash payment to assist the laid off employee who is faced with loss of job and income, and

WHEREAS, City staff is also recommending that employees who are notified of pending lay off should receive Interview Leave which would provide paid leave time for employees to seek other employment prior to their date of layoff, and

WHEREAS, City staff is recommending that where an employee volunteers to be laid off and is in the classification or the approved bumping chain of a position authorized for layoff, the City manager may authorize said employee to be laid off, with all rights to receive severance benefits,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. Eligibility for Benefits: City employees who are laid off due to an authorized reduction in force shall be eligible to receive severance benefits subject to the terms and conditions as set forth below. All severance benefit entitlements shall be in addition to any other benefits to which the employee would otherwise be entitled pursuant to the City's Personnel Rules or appropriate Memorandum of Understanding. The City Manager is authorized to postpone an employee's date of layoff or demotion for up to ninety (90) days, at his discretion, if deemed necessary to meet the needs of the City.

SECTION 2. Eligibility for One Hundred and Sixty (160) Work Hours of Severance Pay: All non-sworn employees in regular positions in the classified service who are laid off due to a reduction in force shall be entitled to receive upon separation from service, severance pay equivalent to One Hundred Sixty (160) work hours. Severance pay shall be calculated based upon the employee's regular base pay, excluding acting pay, assignment pay, shift differential, or other special pays.

SECTION 3. Eligibility for Additional Severance Pay: All non-sworn employees in regular positions in the classified service who are laid off due to a reduction in force and who have six (6) or more complete years of continuous service are eligible for additional severance pay as follows:

A. Severance pay equivalent to forty (40) work hours of salary for each completed year of service in excess of five (5) completed years of service, up to a maximum of one hundred and sixty (160) work hours. Additional severance pay shall be calculated based upon the employee's regular base pay, excluding acting pay, assignment pay, shift differential, or other special pays.

SECTION 4. Severance Pay Options: At the time of separation, an employee may elect to receive severance pay in a lump sum payment or in the form of a contribution to the employee's deferred compensation plan or a combination thereof subject to all appropriate IRS regulations and limitations.

SECTION 5. Eligibility for Health Contribution: Employees who receive severance pay shall also be eligible to receive the City's contribution to health, dental and vision premiums for a period of four (4) to eight (8) weeks following layoff. The amount of this contribution shall be the same as that provided to active employees, except that the amount shall not include the equivalent of any in-lieu deferred compensation. The duration of the premium contributions shall be for the same number of weeks as the severance pay provision (4-8 weeks depending on years of service). The contribution shall be paid directly to the insurance carriers.

SECTION 6. Eligibility for Counseling Benefit: Employees who receive severance pay shall also be eligible for an extension of the City's Employee Assistance

Program (EAP) benefit for a period of six (6) months from date of layoff. Said benefit shall provide for a maximum of six (6) EAP visits per family.

SECTION 7. Eligibility for Interview Leave: All non-sworn employees in regular positions in the classified service who are provided notice by his/her Department Director that the employee may be laid off due to a reduction in force shall be entitled, prior to separation, to a maximum of fifteen (15) work hours of paid leave time for purposes of participating in employment interviews or examinations with any other employer.

Authorized interview leave shall be subject to prior written approval of the employee's supervisor and with consideration for the needs of the City. Written verification of scheduled interviews or examinations may be required by the employee's supervisor. Interview leave in excess of fifteen (15) work hours may be granted with the prior written approval of the employee's Department Director. Interview leave shall not be subject to cashout or conversion to any other benefit.

SECTION 8. Voluntary Layoff: The City Manager may authorize any non-sworn employee in a regular position in the classified service who volunteers to be laid off, and is in the classification or the approved bumping chain of a position authorized for layoff, to be laid off, with all rights to receive severance pay, health contributions and interview leave as provided herein.

SECTION 9. Term: Severance benefits, as set forth in this Resolution shall terminate effective June 30, 2006, unless extended by resolution of the Modesto City Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-267**

**A RESOLUTION ESTABLISHING ANGLE PARKING IN THE CITY OF  
MODESTO AND RESCINDING RESOLUTION NO. 2005-100**

WHEREAS, Article 10 of Chapter 2 of Title 3 of the Modesto Municipal Code 2006-81

authorizes the City Council, by resolution, to establish angle parking in the City of Modesto, and

WHEREAS, City staff identified the south side of M Street between 9th and 13th Streets and the east side of 10<sup>th</sup> Street between L and M Streets as locations to install angle parking to create additional on-street parking, and

WHEREAS, staff evaluated the traffic volumes and the speeds for these sections of roadway and concluded that angle parking can be accommodated on the south side of M Street between 9th and 13th Streets and on the east side of 10<sup>th</sup> Street between L and M Streets without creating a hazard and without impeding traffic flow, and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. ANGLE PARKING. Angle parking in the City of Modesto is hereby established at the following locations:

- Portions of 10<sup>th</sup> Street, between I & K Streets (west side) (diagonal)
- 18<sup>th</sup> Street, between G and H Streets (west side) (diagonal)
- F Street, between 10<sup>th</sup> and 11<sup>th</sup> Streets (south side) (diagonal)
- I Street, between 9<sup>th</sup> and 12<sup>th</sup> Streets (both sides) (diagonal)
- P Street, between 9<sup>th</sup> and Needham Streets (both sides) (diagonal)
- Coldwell Avenue, between Tully Road and College Avenue

- 4<sup>th</sup> Street, between E Street and G Street (west side)
- 16<sup>th</sup> Street, between I Street and J Street (east side)
- Elm Street, between Jefferson and Washington Streets (diagonal)
- Jefferson Street, between 8<sup>th</sup> and Laurel Streets (diagonal)
- 13<sup>th</sup> Street, between H and L Streets (east side)
- J Street, between 7<sup>th</sup> Street and 8<sup>th</sup> Street (north side)
- 10<sup>th</sup> Street, between G Street and F Street (east side) (diagonal)
- F Street, between 10<sup>th</sup> Street and 11<sup>th</sup> Street (north side) (diagonal)
- 15<sup>th</sup> Street, between K Street and H Street (east side) (diagonal)
- F Street, between 9<sup>th</sup> Street and 10<sup>th</sup> Street (north side) (diagonal)
- 8<sup>th</sup> Street, between J Street and K Street (east side) (diagonal)
- 8<sup>th</sup> Street, between K Street and L Street (east side) (diagonal)
- Sierra Drive between F Street and 4<sup>th</sup> Street (north side)
- 8<sup>th</sup> Street between L Street and Jefferson Street (east side) (diagonal)
- M Street between 7<sup>th</sup> Street and 8<sup>th</sup> Street (south side) (diagonal)
- 10<sup>th</sup> Street between G Street and I Street (east side) (diagonal)
- 16<sup>th</sup> Street between H Street and I Street (east side) (diagonal)
- M Street between 9<sup>th</sup> Street and 13<sup>th</sup> Street (south side) (diagonal)
- 10<sup>th</sup> Street between L Street and M Street (east side) (diagonal)

SECTION 2. The Public Works Director is hereby directed to implement the provisions of this resolution.

SECTION 3. Resolution No. 2005-109 is hereby rescinded.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-268**

**A RESOLUTION OF INTENTION TO LEVY AND COLLECT ASSESSMENTS  
FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 1 FOR DRY  
CREEK MEADOWS SUBDIVISIONS NOS 1 – 6**

WHEREAS, Resolution No. 88-935, adopted by the Council of the City of Modesto on December 13, 1988, initiated proceedings for the formation of Landscape Assessment District No. 1 for the purpose of administering the maintenance of landscaping in the public right-of-way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 1-6, and

WHEREAS, said assessment district was formed in accordance with the “Landscape and Lighting Act of 1972”, (Street and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 1, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Street and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in the annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by the Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 1 during the fiscal year 2005-06.
2. There are no proposed new improvements or any substantial changes in existing improvements in Dry Creek Meadows Subdivisions Nos. 1-6 and that

the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
- b. Areas adjacent to the access control walls along Creekwood Drive
- c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 1 is located in the County of Stanislaus, within the City Limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 1.

5. On Tuesday, the 12th day of July, 2005, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council

located in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the "Landscape and Lighting Act of 1972".

7. The levy and collection of assessments as set forth in this resolution are exempt from the procedural and substantive requirements of Proposition 218 pursuant to Article XIII, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

FOR LANDSCAPE MAINTENANCE ASSESSMENT DISTRICT NO. 2 FOR DRY  
CREEK MEADOWS SUBDIVISIONS NOS 7-10, CREEKWOOD MEADOWS  
SUBDIVISION AND YOSEMITE MEADOWS SUBDIVISION UNITS 1 &2**

WHEREAS, Resolution No. 89-460 adopted by the Council of the City of Modesto on April 4, 1989, initiated proceedings for the formation of Landscape Assessment District No. 2 for the purpose of administering the maintenance of landscaping in the public right of way within the street medians and adjacent to the access control walls in Dry Creek Meadows Subdivisions Nos. 7-10, Creekwood Meadows Subdivision and Yosemite Meadows Subdivision Units Nos. 1 & 2, and

WHEREAS, said assessment district was formed in accordance with the "Landscaping and Lighting Act of 1972", (Streets and Highways Code Sections 22500 through 22679), and

WHEREAS, Section 22623 of the Streets and Highways Code requires the City Engineer, the person designated by this Council as Engineer of Work for Assessment District No. 2, to prepare and file an annual report, and

WHEREAS, the City Engineer, said Engineer of Work, has prepared and filed said annual report with the City Clerk, and

WHEREAS, the Council has approved said annual report by motion, and

WHEREAS, Section 22623 of the Streets and Highways Code requires the legislative body (the City Council) to adopt a resolution of intention which shall include the following:

- a. Declaration of intention of the legislative body (the City Council) to levy and collect assessments within the assessment district for the fiscal year stated in said annual report.
- b. General description of the existing improvements and proposed improvements and any substantial changes proposed to be made in the existing improvements.
- c. Reference to the assessment district by its distinctive designation and indication of the general location of the district.
- d. Reference to said annual report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- e. Notice of the time, as fixed by Streets and Highways Code Section 22625, and the place for hearing by the legislative body (the City Council) on the levy of the proposed assessment.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The City Council intends to levy and collect assessments within Landscape Maintenance Assessment District No. 2 during the fiscal year 2005-06.
2. There are no proposed new improvements or any substantial changes in the existing improvements within the existing Landscape Maintenance

Assessment District No. 2, and the existing improvements to be made in said assessment district are generally described as follows:

The City shall provide maintenance, in perpetuity, of landscaping and any and all improvements required for such maintenance including, but not limited to landscape irrigation systems in the following locations:

- a. Street medians in Creekwood Drive
- b. Areas adjacent to the access control walls along Creekwood Drive
- c. Areas adjacent to the access control walls along Claus Road

3. Landscape Maintenance Assessment District No. 2 is located in the County of Stanislaus, within the City limits of the City of Modesto and is more specifically located on the west side of Claus Road, between Modesto Irrigation District Lateral No. 2 and State Route 132 (Yosemite Boulevard).

4. Said annual report filed with the City Clerk and approved by the Council by motion does provide a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within Landscape Maintenance Assessment District No. 2.

5. On Tuesday, the 12<sup>th</sup> day of July, 2005, at the hour of 5:30 p.m., the City Council will conduct a public hearing on the question of the levy of the proposed annual assessment. The hearing will be held at the meeting place of the City Council

located in the Tenth Street Place Chambers located at 1010 10<sup>th</sup> Street, Modesto, California.

6. The City Clerk is authorized and directed to give the notice of hearing required by the "Landscaping and Lighting Act of 1972".

7. The levy and collection of assessments as set forth in this resolution shall follow the procedural and substantive requirements of Proposition 218 pursuant to Article 13D, Section 5(a) of the California Constitution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-270**

**A RESOLUTION APPROVING THE FINAL MAP AND ACCEPTING PUBLIC IMPROVEMENTS, EXCEPT LANDSCAPING AND IRRIGATION AND ROSELLE AVENUE IMPROVEMENTS, IN THE VILLAGE RANCH UNIT 1 SUBDIVISION OF THE CITY OF MODESTO AND AUTHORIZING THE CITY MANAGER TO EXECUTE A SUBDIVISION AGREEMENT WITH CENTEX HOMES, A NEVADA GENERAL PARTNERSHIP**

WHEREAS, CENTEX HOMES, A Nevada General Partnership, is possessed of a tract of land situated in the City of Modesto, County of Stanislaus, consisting of 12.253 acres, known as the VILLAGE RANCH UNIT 1 SUBDIVISION (“SUBDIVISION”), and

WHEREAS, an application for a vesting tentative subdivision map was deemed complete by the Secretary of the Planning Commission on August 7, 2003, and

WHEREAS, a tentative map of said tract was approved by the Planning Commission of the City of Modesto on the 25th day of August, 2003, and

WHEREAS, the Secretary of the Planning Commission of the City of Modesto has certified that the final map of said tract substantially conforms to the approved tentative map, and

WHEREAS, the City Engineer of the City of Modesto has certified that the final map of said SUBDIVISION meets all of the provisions of the California Subdivision Map Act and the provisions of the Modesto Municipal Code relating to subdivisions, and that the map is technically correct, and

WHEREAS, the Public Works Director has certified that all public improvements, except Landscaping and Irrigation Improvements and the Roselle Avenue CFD

Improvements, required by the City of Modesto have been completed in said tract to the satisfaction of the Public Works Director, and

WHEREAS, the Subdivider has provided a security in the amount of \$57,866.67 to secure faithful performance and payment for labor and materials for completion of the Landscaping and Irrigation Improvements, and

WHEREAS, the Subdivider is entering into a CFD agreement with the City of Modesto for the Roselle Avenue Improvements and pursuant to that agreement, has provided securities to secure faithful performance and payment for labor and materials for completion of the Roselle Avenue Improvements.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that:

1. The final map is hereby approved.
2. The dedications for streets and easements as shown thereon within the boundaries of said tract are hereby accepted on behalf of the public for public use.
3. The improvements, except Landscaping and Irrigation Improvements and Roselle Avenue Improvements, completed in the Village Ranch Unit 1 Subdivision are hereby accepted and the City Clerk is hereby authorized to file a Notice of Completion for the improvements which are being accepted.
4. The City Clerk is hereby authorized to certify the map of said tract on behalf of the City of Modesto, after the fees and deposits required by the

Modesto Municipal Code in amounts determined by the City Engineer have been paid.

5. The City Manager and the City Clerk are hereby authorized to execute and attest, respectively, an agreement with subdivider as required by Section 4-4.604(c) of the Municipal Code.
6. The City Clerk is further authorized to release the warranty security to guarantee improvements in the amount of \$92,292.22 one year and one day after the effective date of this resolution, provided no claim is made thereon.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

RESOLUTION NO. 2005-271**

**A RESOLUTION APPROVING THE PLANS AND SPECIFICATIONS FOR THE FLOYD AVENUE IMPROVEMENTS PROJECT, AWARDED THE BID AND APPROVING A \$2,354,573.40 CONTRACT WITH GEORGE REED, INC., FOR THE PROJECT ENTITLED "FLOYD AVENUE IMPROVEMENTS," AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, on February 8, 2005, the City Council approved an update to the Village One Facilities Prioritization List; said update includes combining a portion of the Oakdale/Floyd intersection project with the proposed Floyd Avenue widening project, and

WHEREAS, City staff has reviewed the plans and specifications for the Floyd Avenue Improvements project and recommends approval to the City Council, and

WHEREAS, the bids received for the FLOYD AVENUE IMPROVEMENTS project were opened at 11:00 a.m. on April 5, 2005 and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$2,354,573.40 received from GEORGE REED, INC., be accepted as the lowest responsible bid and the contract be awarded to GEORGE REED, INC.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Floyd Avenue Improvements project.

BE IT FURTHER RESOLVED that the Council hereby accepts the bid of \$2,354,573.40, and hereby awards GEORGE REED, INC., the contract entitled "FLOYD AVENUE IMPROVEMENTS."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-273**

**A RESOLUTION ESTABLISHING LOCAL LIMITS IN THE FORM OF  
MAXIMUM ALLOWABLE HEADWORKS LOADING (MAHL) FOR  
DISCHARGE OF MOLYBDENUM INTO THE CITY'S WASTEWATER  
SYSTEM AND TO PROVIDE REGULATION THROUGH PERMITS AND  
ENFORCEMENT**

WHEREAS, the City of Modesto is the owner of a Publicly Owned Treatment Works (POTW) for the treatment of wastewater discharged into the POTW system by users within the City of Modesto, and

WHEREAS, the City of Modesto is authorized by state and federal law, including but not limited to Chapter 40 of the Code of Federal Regulations, to enact Local Limits on discharge of pollutants and constituents of wastewater to the POTW, and

WHEREAS, the City of Modesto has an existing Sewage Collection and Disposal Ordinance which authorizes the City Council to adopt specific pollutant limitations regarding waste characteristics and constituent limits and prohibits any person from discharging wastewater to the City Sewer System which contains constituents in excess of any specific constituent level as may be set forth by the City Council pursuant to 40 CFR 403.5(b), (c) and (d), and

WHEREAS, the Regional Water Quality Control Board (Regional Board) issued a Cease and Desist Order (No. 5-01-121) to the City of Modesto on May 11, 2001 with regard to establishing an effluent limit in connection with the amount of molybdenum processed by the City of Modesto Public Works Wastewater Treatment Facility, and

WHEREAS, the Regional Board provided the City with a five-year time schedule

to develop source control measures to meet the established molybdenum effluent limitations, and

WHEREAS, a Maximum Allowable Headworks Loading (MAHL) not to exceed 1.0 pound per day of molybdenum is the recommended Local Limit, which was developed and based upon the Wastewater Treatment Facility's operational ability to treat molybdenum to a level which will consistently meet the Regional Board's imposed effluent limitations, and

WHEREAS, discharge permits will be issued by the City to all controllable sources of molybdenum to regulate these discharges in order to meet the Regional Board's discharge requirements, and

WHEREAS, any permitted user which violates its local limit on molybdenum shall be subject to the penalties and enforcement procedures set forth in the City of Modesto Sewage Collection and Disposal Ordinance, and

WHEREAS, The Economic Development Committee considered this item at its meeting of May 9, 2005, and recommended forwarding this item to the full Council for its consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Publicly Owned Treatment Works owned by the City of Modesto shall issue discharge permits to all controllable sources of molybdenum, which will establish a local limit for each user in a permit issued to that user.

BE IT FURTHER RESOLVED that these discharge permits shall contain limits on the discharge of molybdenum to the main treatment plant in amounts such that

dischargers which comply with the permit limitations will not collectively discharge wastewater for treatment at the main treatment plant which will exceed 1.0 pounds per day of molybdenum from all permitted sources.

BE IT FURTHER RESOLVED that any permitted user which violates its local limit on molybdenum shall be subject to the penalties and enforcement procedures as set forth in the City of Modesto Sewage Collection and Disposal Ordinance.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

COMMUNITY GATEWAY PROJECT, AWARDDING THE BID AND  
APPROVING A \$396,907 CONTRACT WITH GROVER LANDSCAPE  
SERVICES, INC., FOR THE PROJECT TITLED, "COMMUNITY GATEWAY,"  
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE CONTRACT**

WHEREAS, the Community Gateway project was previously bid on August 17, 2004; the sole bidder was 44% over bid and said bid was rejected by the Council, and

WHEREAS, modifications were made to the plans, and the landscape architect's estimate was adjusted to meet the current construction climate, and

WHEREAS, City staff has reviewed the plans and specifications, for the Community Gateway project and recommends approval to the City Council, and

WHEREAS, the bids received for "Community Gateway" were opened at 11:00 a.m. on April 19, 2005, and later tabulated by the Public Works Director for the consideration of the Council, and

WHEREAS, the Public Works Director has recommended that the bid of \$396,907 received from Grover Landscape Services, Inc., be accepted as the lowest responsible bid and the contract be awarded to Grover Landscape Services, Inc.,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the plans and specifications for the Community Gateway project.

BE IT FURTHER RESOLVED that the Council hereby accepts the bid of \$396,907, and hereby awards Grover Landscape Services, Inc, the contract titled "Community Gateway."

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the contract.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-276**

**A RESOLUTION AUTHORIZING THE PUBLIC WORKS DEPARTMENT TO SOLICIT REQUEST FOR PROPOSALS FOR PROFESSIONAL ASSISTANCE FOR THE WASTEWATER TREATMENT PLANT (WWTP) NPDES PERMIT FOR DISCHARGE TO THE SAN JOAQUIN RIVER FOR A TWO-YEAR PROFESSIONAL SERVICES AGREEMENT, NOT TO EXCEED \$242,000, WITH OPTIONS FOR TWO (2), ONE-YEAR RENEWALS, NOT TO EXCEED \$100,000 EACH YEAR, SHOULD NPDES ISSUES WITH THE REGIONAL BOARD NOT BE RESOLVED**

WHEREAS, the treated effluent from the City's wastewater stream is discharged to the San Joaquin River and this discharge is regulated by the state through Federal National Pollutant Discharge Elimination System (NPDES) permit, and

WHEREAS, this permit has a renewal term of five years and is due for renewal in May of 2006, and the renewal process is initiated by the Regional Water Quality Control Board (Regional Board), and

WHEREAS, the current permit includes specific "effluent limitations" that are typically reflected as maximum allowable discharge concentrations for certain constituents, and

WHEREAS, the State Implementation Plan also allows the City to perform additional water quality studies related to permit compliance and effluent limitations, and

WHEREAS, to provide the best available science for the permit renewal process, the City needs to collect data and perform several additional water quality studies, and

WHEREAS, these studies will be performed in two phases to initially determine if completion of the study beyond initial "range-finding" is necessary, and

WHEREAS, professional services are essential for the City to continue meeting the NPDES Permit requirements and for successful negotiations with the Regional Board during the 2006 permit renewal process, and

WHEREAS, the Economic Development Committee considered this item at its May 9, 2005, meeting and recommended forwarding this item to the full Council for its consideration,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby authorizes the Public Works Department, Water Quality Control Division to solicit proposals for professional assistance for the WWTP NPDES permit for discharge to the San Joaquin River for a period of two years, not to exceed \$242,000.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes an option for two (2), one-year renewals, not to exceed \$100,000 each year, should NPDES issues with the Regional Board not be resolved.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-277**

**A RESOLUTION AMENDING PASSENGER FARES ON MODESTO AREA EXPRESS (MAX) AND RESCINDING RESOLUTION NO. 1999-193 AND AMENDING PASSENGER FARES ON MODESTO AREA DIAL-A-RIDE (MADAR) AND RESCINDING RESOLUTION NO. 2002-209**

WHEREAS, passenger fares for Modesto Area Express (MAX) covers approximately 25% of the operating expenses for the urban bus route, and

WHEREAS, Modesto Area Dial-A-Ride (MADAR) passenger fares cover approximately 9% of the operating costs for Dial-A-Ride services, and

WHEREAS, Local Transportation Fund (LTF) monies cover 80% of the remaining costs and the balance of 20% is covered by Federal Transit Administration (FTA) funds, and

WHEREAS, MAX fares were last raised in July 1999 by Resolution No. 1999-193 and MADAR fares were last raised in June 2002 by Resolution No. 2002-209 to their current levels, and

WHEREAS, the Council Economic Development Committee recommended approval of a 5.9% increase for MAX and MADAR at it's February 7, 2005 meeting, and

WHEREAS, after this action, it became apparent that Gas Tax funds projected in FY 2005/06 for street maintenance would be significantly lower than necessary to maintain even a minimum level of street maintenance, and

WHEREAS, increasing fare revenue is one way to reduce the amount of LTF funds used for Transit and increasing the funds available for street maintenance, and

WHEREAS, staff returned to the Council Economic Development Committee on April 11, 2005 with an revised fare increase proposal for MADAR cash fares and most MAX fare categories, and an increase of 42.3% for DAR ticket books respectively, and

WHEREAS, the Council Economic Development Committee recommended approval of this revised proposal at their April 11, 2005 meeting, and

WHEREAS, this revised proposal is projected to increase fare revenue by \$240,000 annually, and

WHEREAS, approximately \$192,000 of LTF funds become available for street maintenance as a direct result of this fare increase, and

WHEREAS, a duly noticed public hearing was held by the Council on May 10, 2005, in the Tenth Street Place Chambers, located at 1010 Tenth Street, Modesto, California, at which public hearing all interested persons were given an opportunity to be heard relative to the proposed fare increases for the MAX and MADAR services,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the following fare increases for MAX and MADAR services be approved:

---

<b>MODESTO AREA EXPRESS</b>

MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-278

**AMENDED**  
on Mar. 22, 2011  
By Resolution 2011-106

**A RESOLUTION ADOPTING AN ANNUAL COST OF LIVING ADJUSTMENT  
FOR BUILDING PERMIT FEES, AND AMENDING RESOLUTION NOS.  
89-1003, 89-1004, 89-1005, 89-1006, 92-255, 93-263, AND 2003-446**

WHEREAS, California Government Code Section 66014 authorizes fees for zoning variances and changes, use permits, building inspections, building permits, and filing and processing applications, and

WHEREAS, the City Council of the City of Modesto has adopted various ordinances and resolutions authorizing the establishment of development user fees, and

WHEREAS, Section 9-1.08 of the Modesto Municipal Code authorizes the City Council to establish building permit, plan checking and investigation fees in accordance with a schedule approved by the City Council from time to time by resolution, and

WHEREAS, Section 4-3.08 of the Modesto Municipal Code authorizes the Council to establish by resolution, investigation and permit fees relating to the moving of houses, and

WHEREAS, collectively, the above fees are included in those fees referred to as “Development User Fees”, which are charged by the City of Modesto to pay for the cost of various development services provided by City staff, and

WHEREAS, these fees are set forth in City Council Resolution Nos. 89-1003, 89-1004, 89-1005, 89-1006, 92-255, 93-263, and 2003-446, and

WHEREAS, Resolution 2003-446 adopted or amended current building permit fees and other development user fees for the City of Modesto and included an annual cost of living adjustment for some of those fees using 4<sup>th</sup> quarter figures of the Department of Labor’s

Employee Cost Index-Compensation Component for State and Local Government, and

WHEREAS, this annual cost of living adjustment was not adopted for building permit fees, and

WHEREAS, building permit fees have not been adjusted for inflation since August, 2003, and

WHEREAS, the Finance Committee recommended approval of the adoption of an annual cost of living adjustment for building permit fees on April 18, 2005, and

WHEREAS, the Finance Committee also recommended that the annual cost of living adjustment for building permit fees become effective July 1, 2005 and include the cost of living increase implemented on July 1, 2004, and

WHEREAS, said matter was set for a public hearing of the City Council to be held on May 24, 2005, in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, at which date and time said duly noticed public hearing was held for the purpose of receiving public comments, and

WHEREAS, on May 24, 2005, by Resolution No. 278 the City Council adopted a policy of automatic annual adjustment for building permit fees, based on the increased cost of providing the service brought on by inflation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves an annual cost of living adjustment for building permit fees, and that Resolution Nos. 89-1003, 89-1004, 89-1005, 89-1006, 92-255, 93-263, and 2003-446 be amended as follows:

All Building Permit Fees shall be automatically adjusted annually, in accordance with changes in the Department of Labor's Employee Cost Index-Compensation

Component for State and Local Government. The adjustment shall be made and published annually on or before July 1<sup>st</sup> of each year, by the Finance Department.

BE IT FURTHER RESOLVED that the Council finds that the California Environmental Quality Act (CEQA) does not apply to the adoption of this resolution pursuant to Sections 15378(b)(4).

BE IT FURTHER RESOLVED that the Council finds that should any fee, provision, clause, paragraph or subparagraph be held invalid or unconstitutional, that invalidity or unconstitutionality shall not affect other provisions or applications thereof which can be given effect without the invalid fee, provision, clause, paragraph, or subparagraph, and to this end, the provisions are declared severable. By adopting this resolution, the City Council hereby declares that it would have adopted this resolution without that fee, provision, clause, paragraph or subparagraph.

BE IT FURTHER RESOLVED by the City Council that this resolution shall take effect in accordance with the law sixty (60) calendar days from the date of adoption of this resolution.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-279**

**A RESOLUTION APPROVING THE CITY OF MODESTO DRAFT 2005-2006  
HUD ANNUAL ACTION PLAN, AND AUTHORIZING THE CITY MANAGER  
OR HIS DESIGNEE TO SIGN THE REQUIRED CERTIFICATION AND  
DOCUMENTS FOR SUBMITTAL TO THE DEPARTMENT OF HOUSING AND  
URBAN DEPARTMENT (HUD)**

WHEREAS, the City of Modesto receives the Community Development Block Grant (CDBG), HOME Investment Partnership Grant (HOME), and Emergency Shelter Grant (ESG) from the U. S. Department of Housing and Urban Development (HUD), and

WHEREAS, the City receives these grants annually because of its population size, number of households living below the poverty line, and the number of housing units that are considered substandard, and

WHEREAS, submittal of an Annual Action Plan is required to receive the City's entitlement grants from HUD, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) recommended support of this item at its May 6, 2005, meeting, and

WHEREAS, a duly noticed public hearing was held by the City Council at its meeting of May 24, 2005, to consider submission of an application to the U.S. Department of Housing and Development (HUD) pertaining to the 2005-2006 HUD Annual Action Plan, which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the 2005-2006 HUD Annual Action Plan as presented to the Council for the

Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and the Emergency Shelter Grant (ESG), a copy of which is on file in the Office of the City Clerk, is hereby approved.

BE IT FURTHER RESOLVED that the City Manager, or his authorized designee, is hereby authorized to execute any and all documents necessary in relation to grant agreements, and City staff is hereby authorized to submit an application to the U.S. Department of Housing and Urban Development (HUD) pertaining to the 2005-2006 Annual Action Plan which describes how the City intends to spend Federal assistance received from HUD in the areas of Community Development, Housing Production and Homeless Assistance.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-280**

**A RESOLUTION AUTHORIZING THE ISSUANCE OF A PERMIT  
TO PRIORITY ONE MEDICAL TRANSPORT FOR NON-EMERGENCY  
MEDICAL TRANSPORT IN THE CITY OF MODESTO**

WHEREAS, Priority One Medical Transport has submitted an application to provide non-emergency medical transport within the City of Modesto, and

WHEREAS, Priority One Medical Transport has paid the required \$1,000.00 filing fee and has provided all necessary information as outlined in Modesto Municipal Code Section 3-9.03, and

WHEREAS, a duly noticed public hearing was held by the Council of the City of Modesto on May 24, 2005, at 5:30 p.m. in the Tenth Street Place Chambers located at 1010 Tenth Street, Modesto, California, to consider authorizing the issuance of a permit to Priority One Medical Transport for a non-emergency medical transport within the City of Modesto, and

WHEREAS, Modesto City Council approval is required for Priority One Medical Transport to function as a non-emergency medical transport service within the City of Modesto,

NOW, THEREFORE, BE IT RESOLVED that based on the testimony in the public hearing and the investigation by the Modesto Police Department, that the Council finds as follows:

- (a) That the vehicles described in the application and proposed to be used are appropriate for the purpose of nonemergency transport.

- (b) That the color scheme, insignia, name, monogram or other distinguishing characteristics proposed to be used upon such nonemergency transport vehicles is not in conflict with and do not imitate any color scheme, insignia, name, monogram or other distinguishing characteristics used by any other person, in such manner as to mislead or tend to mislead, deceive, or defraud the public.
- (c) That the applicant is fit, willing and able to perform nonemergency transport service and to conform to the provisions of the Modesto Municipal Code.
- (d) That the proposed nonemergency transport service is required by the public convenience and necessity.

NOW, THEREFORE, BE IT FURTHER RESOLVED by the Council of the City of Modesto that it hereby authorizes the issuance of a permit to Priority One Medical Transport for non-emergency medical transport within the City of Modesto.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24<sup>th</sup> day of May 2005 by Councilmember O'Bryant, who moved its adoption, which motion being duly seconded by Councilmember Dunbar, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-281**

**A RESOLUTION ACCEPTING THE FORESIGHT CONSULTING REPORT ON  
WATER CONNECTION FEES AND APPROVING REEVALUATION OF  
CONNECTION FEES NO LESS OFTEN THAN EVERY THREE YEARS**

WHEREAS, on November 23, 2004 Council adopted Resolution 2004-627 which rescinded all previous water fee resolutions, established a single-rate base and established fees associated with water operations and management, and

WHEREAS, as part of the November 23, 2004 action, Council directed staff to move forward with an analysis of the City's water connection fees in order to ensure equity across the system so that current ratepayers are not unfairly burdened with the costs of providing water to future customers, and

WHEREAS, on January 18, 2005, Foresight Consulting made an oral presentation to the Council Finance Committee on the proposed connection fee components and fees, and

WHEREAS, Foresight presented a draft report which included three components: 1) Buy-In; 2) Phase II Treatment Plan, Downstream Improvements and Other Facilities; and 3) Additional future Capital Improvements and a draft fee structure, and

WHEREAS, City staff met with representatives from the Building Industry Association (BIA) to discuss their concerns with the proposed fees and methodology, and

WHEREAS, City staff also held a general stakeholders meeting with interested parties on the proposed connection fees, and

WHEREAS, based on feedback provided by BIA and other parties, Foresight Consulting and City staff recommended adoption of the following new connection fees to the Council Finance Committee on April 25, 2005:

Meter Size	Connection Fee
5/8 inch	\$1,960
1 inch	\$4,900
1.5 inch	\$9,800
2 inch	\$15,680
3 inch	\$31,360
4 inch	\$49,000
6 inch	\$98,000
8 inch	\$156,800
10 inch	\$225,400
12 inch	\$421,400

, and

WHEREAS, Foresight Consulting further recommended an annual inflator tied to the Engineering Construction Cost Index as utilized by the Capital Facilities Program and reevaluation of the connection fees every three (3) years, and

WHEREAS, the Council Finance Committee accepted the Foresight report on Water Connection Fees, the inflator and associated reevaluations no less often than every three years and recommended this be forwarded to the City Council at its April 25, 2005 meeting, and

WHEREAS, Council has adopted the foregoing fees as part of a separate resolution amending and restating Resolution No. 2004-627,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby accepts the Foresight Consulting report on water connection fees.

BE IT FURTHER RESOLVED that these water connection fees will be reevaluated every three (3) years in conjunction with the City's Water Rate Analysis.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto, held on the 24<sup>th</sup> day of May 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-282**

**A RESOLUTION AMENDING SECTIONS 10 AND 14  
OF RESOLUTION NO. 2004-627 ENTITLED “A  
RESOLUTION RESCINDING ALL PREVIOUS  
WATER FEE RESOLUTIONS, ESTABLISHING A  
SINGLE RATE BASE, AND ESTABLISHING FEES  
FOR THE PROVISION OF WATER AND ALL FEES  
ASSOCIATED WITH WATER OPERATIONS AND  
MANAGEMENT”**

WHEREAS, Section 11-1.04 of the Modesto Municipal Code (MMC) authorizes the Council, by resolution, to establish charges for water service installation, and MMC Section 11-1.05 authorizes the Council, by resolution, to establish charges for water main connection charges, and MMC Section 11-6.05 authorizes the Council, by resolution, to establish charges for metered water services, and MMC Section 11-6.06 authorizes the Council, by resolution, to establish charges for unmetered water services, and

WHEREAS, MMC Section 11-6.02 authorizes the Council, by resolution, to establish charges for deposits for utility services, and MMC Section 11-6.08 authorizes the Council, by resolution, to establish charges for use of fire hydrants, and

WHEREAS, on November 23, 2004, the City Council adopted Resolution No. 2004-627 rescinding all previous water fee resolutions, establishing a single rate base, and establishing fees for the provision of water and all fees associated with water operations and management, and

WHEREAS, on April 26, 2005, the City Council adopted Resolution No. 2005-204 amending Sections 3 and 14 of Resolution No. 2004-267 to clarify that water connection charges are actual hookup fees and are not land based, and

WHEREAS, a study of water system connection fees by Foresight Consulting has been completed, and

WHEREAS, the study proposes new fees in order to ensure equity across the system so that current ratepayers are not unfairly burdened with the costs of providing water to future customers, and

WHEREAS, Resolution No. 2004-627 is hereby amended solely with respect to Sections 10 and 14, and

WHEREAS, Resolution No. 2004-627 is reaffirmed in every other respect and repeated in its entirety herein for the sake of administrative convenience,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto as follows:

DEFINITIONS:

A. Connection Charge - A one-time prorata charge to be paid by or on behalf of a prospective ratepayer for facilities existing in, or planned to be added to the City water system, minus deficiencies (previously known as Water System Fee).

B. City Water System ("System") - The City's physical assets dedicated to the provision of water to the public for human consumption, including assets for the collection, treatment, pumping, storage and distribution of water under the control of the City's operator.

C. Connection - The attachment of pipe facilities to the City water System for one or more water service uses.

D. Costs of Service - All costs appropriately borne by the entire rate base, calculated on a consumption basis to the extent practicable, and consisting of a fixed component, and a

variable component including the distribution of estimated costs of service obligations allocated to the System by the City Council on a System-wide basis. Such costs shall exclude all capacity charges, and include all deficiency charges.

E. Deficiencies - Water facilities required by law or recommended by generally recognized authority as being necessary to the provision of a modern, safe, adequate, water system of the City's size, with prudent reserves of quantity, pressure and transmission infrastructure to meet reasonably foreseeable contingencies that are absent from the City water System at any particular point in time.

F. MMC - Modesto Municipal Code.

G. Standard Billing Cycle - A standard period of time, usually consisting of one 28-35 day month commencing from date of initiation of water service, and continuing until water service termination. The Finance Director, or designee, shall have the authority to, from time to time, redefine the standard billing cycle to better fit the needs and requirements of the City.

H. Water Acquisition Costs - All direct and indirect costs to the City for water purchase, treatment and transmission to a connection with the System.

SECTION 1. WATER CHARGES BASED SOLELY ON COST OF SERVICES TO THE RATEPAYER. In accordance with law, the charge for all water delivered by the System shall be based solely on the cost of service to the ratepayer. Costs of service, in turn, shall consist of two components: fixed costs, such as those for billing, meter reading where applicable, and other general overhead, and variable costs, such as proportionate costs of the acquisition and transmission of water, removal of deficiencies, higher operating and maintenance costs apportioned to ratepayers with service demands requiring larger meters, and the costs of the

commitment of the System to high-quality maintenance, and the provision of clean water at adequate pressure under all circumstances under the System's control, or as mandated by agencies outside the City as elaborated more fully below.

The City Council has evaluated the costs of service, including the costs of correcting existing deficiency in its water System and of growth, and of underwriting certain commitments to its rate base on a System-wide basis. The City's water utility is regional in nature, and its revenue requirements, or cash needs, have been attributed to the System as a whole. In certain cases, costs of only the engineering characteristics of the System may vary with a ratepayer's location. Nevertheless the Council believes the cost of service exceeds asset costs, because the Council has committed to intangible service elements in addition to fixed asset costs. These are:

1. To provide high-quality maintenance at cost.
2. To plan for and provide adequate future supplies of water for the metropolitan area.
3. To act promptly to assure a clean water supply in light of the likelihood that unpredictable and possibly dramatic changes in the regulatory climate will occur.
4. To provide clean water at adequate pressures under all reasonable circumstances.

The Council is advised that some, or perhaps many, of the assets planned to insure its promises will be located geographically apart from existing System components because different areas of a large regional System will have differing physical asset requirements through time. Thus, the primary benefit of the System to any individual ratepayer will be in the fulfillment of the Council's commitments, in contrast to the ratepayer's proximity to any specific existing or planned physical asset. In sum, the principal service of the System is and shall be the keeping of its commitments, not the geographical distribution of its physical components, or their physical effects on the water commodity those assets provide.

SECTION 2. COST OF DELIVERED WATER BASED ON QUANTITY USED IN BILLING CYCLE. It is the policy of the City of Modesto that all charges for water delivered by the System shall be determined by the quantity of water used in a standard billing cycle as determined from metered water usage for metered services, and estimated usage of unmetered (flat-rate) services, where services are metered and said meters are read for billing purposes. All estimated flat rate services will be a metered rate as services are converted and/or as funds become available.

SECTION 3. PAYMENT OF CONNECTION CHARGES. In the case of new subdivisions or parcel maps the fee shall be collected upon the issuance of the building permit.

SECTION 4. DEFICIENCY CHARGES. System modernization and improvement, as opposed strictly to expansion, benefits all of the rate base. Accordingly, the cost of removing deficiencies shall be borne by the entire rate base as a component of the variable cost per 100 cubic feet of delivered water.

SECTION 5. ALLOCATION OF WATER ACQUISITION AND TRANSMISSION COSTS. Water acquisition and transmission costs for the System are appropriately apportioned between existing deficiencies and growth requirements. Accordingly, an engineering determination has been made in the West Yost "Justification and Cost Allocation for Proposed Water System Improvements Study", accepted by Council on September 14, 2004, that 74.2% of the City's water acquisition costs be included in deficiency charges, and that the remaining 25.8% be attributed to growth, and apportioned to and collected in connection charges.

SECTION 6. DETERMINATION OF FIXED AND VOLUME BASED CHARGES FOR DELIVERY OF WATER TO RATEPAYERS. The charge for all water delivered through

a metered service where the meters are read for billing purposes, as practical, and as determined by the Finance Director, or designee, with the concurrence of the Public Works Director after December 31, 2004, set forth in the *Water Utility Cost of Service Rate Study* prepared by Foresight Consulting, accepted by Council on September 14, 2004, shall be:

Proposed Monthly Metered Water Rates (by meter size)					
	Year 1 1-Jan-05	Year 2 1-Jul-05	Year 3 1-Jul-06	Year 4 1-Jul-07	Year 5 1-Jul-08
Volume-based Rate (\$/hcf)	\$0.84	\$1.01	\$1.16	\$1.22	\$1.28
Fixed Monthly Meter Charge (in addition to volume-based charges)					
5/8"-3/4" meter	\$9.01	\$10.82	\$12.44	\$13.06	\$13.71
1" meter	\$12.78	\$15.34	\$17.64	\$18.52	\$19.45
1-1/2" meter	\$22.13	\$26.55	\$30.53	\$32.06	\$33.66
2" meter	\$33.38	\$40.06	\$46.06	\$48.37	\$50.79
3" meter	\$63.43	\$76.12	\$87.53	\$91.91	\$96.51
4" meter	\$97.19	\$116.63	\$134.13	\$140.83	\$147.88
6" meter	\$190.95	\$229.14	\$263.51	\$276.68	\$290.51
8" meter	\$303.49	\$364.19	\$418.82	\$439.76	\$461.75
10" meter	\$434.84	\$521.80	\$600.07	\$630.08	\$661.58
12" meter	\$809.95	\$971.95	\$1,117.74	\$1,173.62	\$1,232.31

hcf = Hundred cubic feet

The above listed fixed meter charges shall be charged to all ratepayers in every billing cycle. This fixed cost will be charged whether or not any water is actually used by a ratepayer in a given billing cycle until such time as water service is terminated by the customer.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

SECTION 7. CHARGES FOR UNMETERED WATER SERVICES. The charge for all water delivered from an unmetered service after December 31, 2004, has been cost-estimated as closely as possible to average metered rates as follows: Until such time as the subject residential property is billed at a metered rate:

Proposed Monthly SFR Flat Water Rates*					
	Year 1 1 Jan-05	Year 2 1-Jul-05	Year 3 1-Jul-06	Year 4 1-Jul-07	Year 5 1-Jul-08
0-5,000 sq. ft. lot	\$24.47	\$29.36	\$33.77	\$35.45	\$37.23
5,001-7,000 sq. ft. lot	\$27.81	\$33.37	\$38.38	\$40.30	\$42.31
7,001-11,000 sq. ft. lot	\$33.00	\$39.60	\$45.54	\$47.82	\$50.21
11,001-17,000 sq. ft. lot	\$35.03	\$42.04	\$48.34	\$50.76	\$53.30

Over 17,000 sq. ft.	\$41.19	\$49.42	\$56.84	\$59.68	\$62.66
lot					

SFR = Single Family Residential

\* If a SFR property has a water meter that is read, then the appropriate Metered Water Rate will be used.

The proposed rate increase(s) are based on currently available information. The actual bills are rounded and may be slightly different than listed above.

When water service is turned on or off anytime between the beginning and end of a billing cycle, the amount charged to an unmetered (flat-rate) service shall be pro-rated.

SECTION 8. RESCISSION OF ALL PREVIOUS RESOLUTIONS RELATING TO WATER DELIVERY OR WATER OPERATIONS AND MANAGEMENT. All resolutions of the City Council setting any rates or fees whatsoever for the delivery of water, or for costs associated with operation or management of the water System, are hereby rescinded; except that water rates established by the rescinded resolutions shall remain in effect until the rates established in this resolution take effect on January 1, 2005. This resolution shall be the sole basis for determining any water fee to be charged to a ratepayer or potential ratepayer, or paid on behalf of a potential ratepayer by the City on and after January 1, 2005.

SECTION 9. COST OF METERS AND INSTALLATION. The cost of meters and of meter installation and repair for existing ratepayers when this resolution is enacted has been included in the fixed cost assigned to the rate base for water consumption, since metering has been determined to benefit the rate base as a whole.

SECTION 10. CONNECTION FEES. The law requires that charges attributable purely to growth (new connections) be borne solely by those new connections. Accordingly, the planned infrastructure cost for deficiencies in the existing System, and for costs associated with new growth have been apportioned as follows: 74.2% attributable to existing deficiencies and 25.8% attributable to new growth. These percentages have been applied to anticipated capital costs on a going forward basis for the five-year period following the date of this resolution. Combined with the growth-induced component of water acquisition costs and the apportioned cost of "buying-into" the existing system, this will result in the establishment of connection charges.

SECTION 11. WATER DISCOUNT FOR LOW INCOME SENIOR CITIZENS AND LOW INCOME DISABLED. The law prohibits all such cross-category subsidies requiring one ratepayer to subsidize the costs of another. Accordingly, the City Council may from time to time, by separate resolution, enact subsidies for certain categories of ratepayers, as the City Council may see fit, provided that the source(s) of funds to implement such subsidies are source(s) separate from the water enterprise fund.

SECTION 12. INFLATOR INDEX AND REASSESSMENT OF COST OF SERVICE. The costs of service set forth above shall be re-examined every two years by engineers, consultants, and professionals competent in the field. Such engineers, consultants and professionals shall provide a report to the City updating both fixed and volume based costs as appropriate and as recommended to the Council by the Finance Director and the Public Works Director. After June 30, 2009, the Finance Director, or designee, with the concurrence of the Public Works Director, shall have the authority, on an annual basis, to raise either fixed or

variable costs, or both, as appropriate, by an amount not to exceed the percentage increase in the Consumer Price Index (CPI), Urban Wage Earners and Clerical Workers Series for the San Francisco CMSA, as prepared by the California Department of Finance Demographics Research Unit.

SECTION 13. WATER CHARGES FOR WATER USED DURING BUILDING CONSTRUCTION.

- (a) The water service charge furnished to single-family residences, duplexes, and triplexes that are under construction will be a flat rate charge based on the formula below. This charge will be assessed and paid at the time of building permit issuance.

120 Day Residential Construction Water Rate:  
Current Flat Rate for Smallest Lot Area +  
Current City Utility Tax x 4 months

- (b) The water service charge specified in the first paragraph provides for water service for 120 days. Subsequent to that time, the water service fee shall be collected on a regular monthly billing based on the full size of the lot unless the owners request the water to be turned off at the end of 120 days.
- (c) In the event construction ceases before the building is completed, the water to the building site will be turned off unless the property owner has made arrangements for regular service.
- (d) In the event a structure is occupied before final inspection of the structure, or water is used for other than normally required for construction, the water service charge will be made at the established rate for regular service.
- (e) Charges for water services during the construction of apartments, commercial buildings, and industrial buildings will be at the regular metered water service charge.

SECTION 14. Fixed fees for all System operations and management services have been calculated and are hereby imposed as follows:

<b>USER FEES</b>	<b>AMOUNT</b>
Deposit	Not to exceed 3 times the estimated average bill or 2 times the normal monthly bill.
Disconnect	\$10.00
Reconnect	\$10.00
Late Payment Penalty	\$4.35

1" Meter/Retrofit Service - pedestrian lid	\$520.00
1" Meter/Retrofit /Service - traffic lid	\$600.00
1-1/2" Meter with pedestrian lid	\$484.00
1-1/2" Meter with traffic lid	\$545.00
2" Meter with pedestrian lid	\$520.00
2" Meter with traffic lid	\$582.00
4" Meter	\$1,820.00
6" Meter	\$2,400.00
8" Meter	\$3,350.00
10" Meter or larger	At Cost
Pavement	\$439.00 for each trench
Parcel Reduction	\$37.00
Water Connection for Main extension	\$2,820.00
Reimbursement Agreement Preparation	\$175.00
Outside City Limits Agreement	\$35.00
Fire Hydrant Installation (each)	\$2,635.00
Fire Hydrant Line from Main per Lineal Foot	\$3.00
Pavement Replacement	\$439.00
Fire Main Test	\$90.00
Deposit to Install Meter on Fire Hydrant for Construction Water	\$500.00
Fire Hydrant Meter Use Deposit	\$500.00
Fire Service Installation Inspection/Test	\$90.00
Install 4" Single Check Valve	\$390.00

Install 6" Single Check Valve	\$479.00
Install 8" Single Check Valve	\$688.00
Voluntary Installation of Fire Sprinklers, Apartments	8.3% of normal charge
Voluntary Installation of Fire Sprinklers, SFD, Duplexes, Townhouses	\$50.00

\*1 Connection charges effective 7/25/05. These charges will be reviewed and updated annually after fiscal year 2005-06 for inflation adjustments based on the engineering construction cost-index beginning July 1, 2006.

\*2 Single family residences qualify for the 5/8" connection fee only under the following conditions:

- Single story, single family residences on a lot of 4,000 square feet or less.
- Two-story single family residences on a lot of 4,000 square feet or less, provided the request for such a service is accompanied by a report from a licensed professional engineer (and approved by the Public Works Director) that certifies that the 5/8" service is adequate to meet the needs of the proposed dwelling.
- A 5/8" "service" shall not be allowed for single family dwellings of greater than 2 stories on lots less than 4,000 square feet.

\*3 Service upgrades shall be subject to the connection charge set forth in this resolution, less the amount of the connection charge set forth in this resolution for the size of the initial installation.

All Development fees shall be due and may only be paid at the time a building permit is issued. Development fees shall be calculated and collected based on the proportionate area of the parcel for which the building permit is being issued and/or the parcel is being developed and only for those connections required for actual issuance of the building permit. No other Development fees for the remainder of the parcel may be paid until further building permits are issued. For purposes of this paragraph the Public Works Director, or designee, shall determine the proportionate area of the parcel being developed. The decision of the Public Works Director in this regard shall be final.

SECTION 15. For purposes of supporting an exemption from CEQA pursuant to Section 15273(4) of the CEQA Guidelines, the City Council finds with respect to the water rates and connection charges set forth above, that they are for the following purposes:

- (a) Meeting operating expenses;
- (b) Purchasing or leasing supplies, equipment, or materials;

- (c) Meeting financial reserve needs and requirements; and
- (d) Obtaining funds for capital projects necessary to maintain service within existing service areas.

SECTION 16. This resolution shall become effective on and after July 25, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 24th day of May, 2005, by Councilmember Hawn, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

## EMPLOYMENT AGREEMENT

This Agreement, made and entered into this 7th day of June, 2005 by and between the CITY OF MODESTO, State of California, a municipal corporation, hereinafter called, "CITY" and JUDITH E. RAY, hereinafter referred to as "EMPLOYEE," both of whom understand as follows:

### RECITALS:

WHEREAS, EMPLOYEE has been continuously employed by the CITY in the Classified Service, since June 8, 1982, and currently retains the classification of Deputy Director of Public Works, and

WHEREAS, EMPLOYEE has been serving in the acting capacity of Assistant to the City Manager since October 5, 2004, and as Acting Finance Director since April 12, 2005, and

WHEREAS, Section 900 of the CITY's Charter provides that the City Manager of Modesto, California, shall appoint the Deputy City Manager, in the Unclassified Service, to serve at the pleasure of the City Manager for an indefinite term, and may remove the Deputy City Manager at his pleasure, and

WHEREAS, it is the desire of the parties hereto to provide the terms and conditions by which CITY shall retain the service of EMPLOYEE and to provide for her to remain in such employment.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties agree as follows:

### Section 1. Duties

CITY hereby agrees to employ said Judith E. Ray as Deputy City Manager of said CITY to perform the functions and duties specified in the attached job description.

### Section 2. Term

- a. Effective June 7, 2005, EMPLOYEE shall be promoted to Deputy City Manager in the Unclassified Service, at the salary set forth herein and shall serve in this capacity until such time as EMPLOYEE terminates or resigns from the position of Deputy City Manager.
- b. Nothing in this agreement shall prevent, limit or otherwise interfere with the right of the City Manager to terminate the services of EMPLOYEE at any time, subject only to the provisions set forth in Section 3, below.
- c. Nothing in this agreement shall prevent, limit or otherwise interfere with the right of EMPLOYEE to resign at any time from her position as Deputy City Manager, subject only to the provisions set forth in Section 3, below.

### Section 3. Termination

- a. Notwithstanding any contrary provision of the Modesto Municipal Code and/or Personnel Rules of the City of Modesto, in the event the City Manager elects to terminate this agreement on or before October 5, 2006, said EMPLOYEE shall have reinstatement rights to the classification of Deputy Director of Public Works, provided that such termination is for reasons other than good cause.
- b. In the event EMPLOYEE voluntarily resigns from the position of Deputy City Manager on or before October 5, 2006, EMPLOYEE shall have reinstatement rights to the classification of Deputy Director of Public Works.
- c. Termination of this agreement by either party after October 5, 2006 shall not provide for reinstatement to the classification of Deputy Director of Public Works or to any other position in the Classified Service.

### Section 4. Salary and Benefits

- a. CITY agrees to pay EMPLOYEE for her services rendered pursuant to this agreement a monthly base salary of \$10,200.00, payable in the installments at the same time as other employees of the CITY are paid. In addition, EMPLOYEE shall be granted salary increases within the salary range established by the City Council, based on merit and fitness as determined by the City Manager.
- b. EMPLOYEE shall be eligible for all benefits currently authorized by the City Council for non-sworn Executive employees, and as such benefits may be amended from time to time by Council.

### Section 5. Notices

Notices pursuant to this agreement shall be given by deposit in the custody of the United States Postal Service, postage pre-paid, addressed as follows, or as such address may be changed from time to time upon notice to the other:

CITY:  
 City Manager  
 City of Modesto  
 1010 Tenth Street  
 P. O. Box 642  
 Modesto, CA 95353

EMPLOYEE:  
 Judith E. Ray  
 924 Gina Court  
 Escalon, CA 95320

Alternatively, notices required pursuant to this agreement may be personally served in the same manner as is applicable to civil judicial practice. Notice shall be deemed

given as of the date of the personal service or as of the date of deposit of such written notice in the course of transmission in the United State Postal Service.

Section 6. General Provisions

- a. The text herein shall constitute the entire agreement between the parties.
- b. This agreement shall be binding upon and inure to the benefit of the heirs at law and executors of EMPLOYEE.
- c. This agreement shall become effective commencing the 7th day of June, 2005.
- d. If any provision, or any portion thereof, contained in this agreement is held unconstitutional, invalid or unenforceable, the remainder of this agreement, or portion thereof, shall be deemed severable, shall not be affected, and shall remain in full force and effect.

IN WITNESS WHEREOF the CITY OF MODESTO, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. 2005-285, adopted by the Council of the City of Modesto on the 7th day of June, 2005, and EMPLOYEE has caused this Agreement to be duly executed.

EMPLOYEE:

  
JUDITH E. RAY

DEPUTY CITY MANAGER

DEFINITION

To assist the City Manager in planning, organizing and directing the overall administrative activities and operations of the City; to coordinate activities among and with other departments; and to provide staff assistance to the City Manager and City Council.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the City Manager.

Exercises direct and indirect supervision over professional and clerical staff

EXAMPLES OF DUTIES - Duties may include, but are not limited to, the following:

Assist the City Manager in developing, planning, implementing and administering City-wide goals and objectives as well as policies and procedures necessary to provide City services; approve new or modified programs, systems, policies and procedures.

Provide direction and advice to City Department management; coordinate interdepartmental activities as well as City activities with outside agencies and organizations.

Assist the City Manager in directing the development and administration of the City's budget; analyze and forecast City revenue and expenditures; monitor and approve expenditures.

Participate in the City's labor relations activities; assist in developing labor relations objectives and strategies.

Direct, oversee and participate in a variety of activities within the City Manager's Office; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.

Perform or supervise comprehensive management analyses in a wide range of municipal policies, organization, procedures, budgetary and finance areas; prepare and present staff reports and other necessary correspondence.

Meet with members of the public including members of the business community and citizen groups to explain City policies, procedures, goals and objectives; negotiate agreements and resolve difficult City administration related problems and questions.

CITY OF MODESTO  
Deputy City Manager (Continued)

EXAMPLES OF DUTIES (Continued)

Provide staff assistance to the City Council, committees, commissions and the City Manager in matters related to a wide variety of City administration activities and programs.

Review and respond to citizen complaints or requests for information; oversee the preparation of City publications.

Train, motivate and evaluate staff; establish and monitor employee performance objectives; prepare and present employee performance reviews; provide or coordinate staff training; work with employees to correct deficiencies; implement discipline procedures.

Assume overall administrative responsibility for all City activities in the absence of the City Manager.

Perform related duties as assigned.

QUALIFICATIONS

Knowledge of:

Modern and highly complex principles and practices of municipal government administration; departments, organization, and economic development functions and services.

Principles of personnel administration, supervision and training.

Methods and techniques of public administration research, analysis and report preparation.

Principles and practices of municipal budget preparation and administration.

Pertinent Federal, State, and local laws, codes and regulations.

Ability to:

Select, supervise, train and evaluate professional staff.

CITY OF MODESTO  
Deputy City Manager (Continued)

Ability to: (Continued)

Interpret applicable laws, rules and regulations. Prepare and analyze fiscal and organizational reports, statements and correspondence.

Analyze, interpret, summarize and present administrative and technical information and data in an effective manner.

Develop, prepare and administer a large municipal budget.

Establish and maintain cooperative working relationships with City Council members, staff, committee members, public officials, business leaders and the general public.

Communicate clearly and concisely, both orally and in writing.

Experience and Training Guidelines

Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience

Six years of increasingly responsible municipal administrative experience including significant administrative and personnel management responsibilities.

Training:

Equivalent to a Bachelor's degree from an accredited college or university with mayor course work in public or business administration or a closely related field. A Master's degree in public administration is highly desirable.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-251**

**A RESOLUTION APPROVING THE DRAFT FIVE-YEAR (2005-2009)  
CONSOLIDATED PLAN FOR THE USE OF COMMUNITY DEVELOPMENT  
BLOCK GRANT (CDBG), HOME PARTNERSHIP GRANT (HOME), AND  
EMERGENCY SHELTER GRANT (ESG) FUNDS, AND AUTHORIZING THE  
CITY MANAGER OR HIS DESIGNEE TO SIGN THE REQUIRED  
CERTIFICATION AND DOCUMENTS FOR SUBMITTAL TO THE  
DEPARTMENT OF HOUSING AND URBAN DEPARTMENT (HUD)**

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees to adopt a comprehensive, long-term plan for the use of HUD funds; the Five-Year Consolidated Plan analyzes the City's housing and community development needs, with a priority focus on low- and moderate-income individuals, households, and neighborhoods, and describes long-term strategies for meeting those needs, and

WHEREAS, in addition to the development of a broad policy framework, the Five-Year Consolidated Plan also addresses how the City will utilize funding from three different entitlement grants to meet those needs: the Community Development Block Grant (CDBG), the HOME Investment Partnership Grant (HOME), and the Emergency Shelter Grant (ESG); in general, these funds must be used to revitalize low-income neighborhoods, and to assist disadvantaged populations by providing adequate public facilities and services, generating affordable housing opportunities, and implementing effective strategies to reduce and end homelessness, and

WHEREAS, citizen participation is a key component of the consolidated planning process; the federal regulations implementing the three entitlement grants require that the City provide ample opportunity and means for the populations served by the grants, as well as the general citizenry, to provide input to the goals and priorities that should be

reflected in the plan, and the specific types of activities that will fund development of the community, and

WHEREAS, four community meetings on the Five-Year Consolidated Plan process were made available during February 2005; additionally, a presentation on the draft Five-Year Consolidated Plan has been presented to “Modesto’s Executive Team,” which consists of Department Directors from each City department, and all Charter Offices and support staff; finally, staff has worked with citizens to complete the “Citizens Survey,” and with service providers to complete the “Providers Survey;” all data was used in compiling information and making recommendations for funding priority in the Five-Year Consolidated Plan, and

WHEREAS, City staff has proposed the draft Five-Year Consolidated Plan as set forth in Exhibit “A” attached hereto and incorporated herein by reference, and

WHEREAS, the Citizens Housing and Community Development Committee (CH&CDC) considered the draft Five-Year Consolidated Plan at its meeting on May 6, 2005, and the Committee recommended that the City Council approve the draft Five-Year Consolidated Plan as proposed by staff, and

WHEREAS, a duly noticed public hearing was held by the City Council on May 10, 2005, at 5:30 p.m., in the Tenth Street Place Chambers, located at 1010 Tenth Street, to consider approval of the draft Five-Year Consolidated Plan,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the draft Five-Year (2005-2009) Consolidated Plan document as presented to the Council is hereby approved, and a copy of said draft Five-Year (2005-2009)

Consolidated Plan document is attached hereto as Exhibit "A" and incorporated herein by reference.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the City Manager, or his designee, is hereby authorized to execute any documents with respect to the Five-Year (2005-2009) Consolidated Plan to be submitted to HUD.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 10<sup>th</sup> day of May 2005, by Councilmember Dunbar, who moved its adoption, which motion being duly seconded by Councilmember Jackman, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

ABSENT: Councilmembers: None

Attest: Jean Zahr  
JEAN ZAHR, City Clerk

APPROVED AS TO FORM:

By: Michael D. Milich  
MICHAEL D. MILICH, City Attorney

## Introduction

### Purpose of the Plan

*The Consolidated Plan directs the City's investment of federal funds to meet priority needs for housing, public services, and community and economic development*

The City of Modesto (City) receives funds each year from the federal government for housing and community development activities.<sup>1</sup> These funds are intended to meet priority needs locally identified by the City. To receive these federal funds, the City must submit a strategic plan—the Consolidated Plan—every five years to the U.S. Department of Housing and Urban Development (HUD) that identifies local needs and how these needs will be addressed. The Consolidated Plan must also demonstrate how the City will meet national goals set by the U.S. Congress to develop viable communities by providing decent housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income<sup>2</sup> (lower-income).

The Consolidated Plan is guided by three overarching goals:

*The overall goals of the Consolidated Plan are:*

- Provide decent and affordable housing*
- Provide a suitable living environment*
- Expand economic opportunities*

- **To provide decent and affordable housing** for lower-income and homeless persons and increase the supply of supportive housing to enable persons with special needs to live with dignity.
- **To provide a suitable living environment** by improving the safety and livability of neighborhoods.
- **To expand economic opportunities** by creating jobs accessible to lower-income persons and empowering lower-income persons to achieve self-sufficiency.

### Focus of the Plan

As required by the federal government, the identification of needs and the adoption of strategies to address those needs must focus primarily on lower-income individuals and households. The Consolidated Plan must also address “special” needs identified by the federal government or locally, such as the needs of the elderly, persons with disabilities, large families, single parents, homeless individuals and families, and persons with HIV/AIDS.

<sup>1</sup> Federal programs covered by the Consolidated Plan are: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

<sup>2</sup> Low-income households are defined as earning 50 percent or less of the Stanislaus County area median income (AMI), as defined by the federal government. Moderate-income households earn between 50 percent and 80 percent of the County AMI.

## Priority Needs and Strategies

The City's overall priority is to increase economic opportunity and self-sufficiency for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. This priority can be achieved through a combination of:

- Affordable housing;
- Supportive services to maintain independence;
- Education and technical skills that allow individuals to obtain jobs paying self-sufficiency wages; and
- Investment in lower-income and deteriorating neighborhoods, and in facilities that serve lower-income populations.

*The housing affordability gap leads to high rates of overcrowding, overpayment, and substandard housing conditions among lower-income households*

The City, by focusing on these overall priorities, seeks to address community concerns such as:

- A need for additional affordable housing to address the growing gap between housing costs and local incomes, which leads to rising rates of overcrowding, overpayment, and substandard housing conditions for the City's lowest income residents;
- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently and avoid institutions;
- A network of shelter, housing, and support services to prevent homelessness, move the homeless to permanent housing and independence, and eliminate homelessness within ten years; and
- Programs that promote economic development and create jobs, and that increase the job skills level of potential employees.

Specific priorities and how these priorities were established are described below.

One of the main obstacles to meeting community needs is inadequate resources for programs that could address these needs. Although California voters approved dedicated funding for mental health services through a 2004 voter initiative, other State and federal funding sources for housing and community development programs are expected to be limited for the foreseeable future.

## Housing Needs

*Housing costs have increased significantly in Modesto, causing a growing gap between home prices and local incomes*

In recent years, Modesto has experienced a significant increase in home prices and rents. High housing costs reduce economic opportunities, access to jobs and services, and the ability of lower-income households to live in the

communities and neighborhoods of their choice. The affordability gap results in a concentration of lower-income households in older neighborhoods that have higher levels of substandard housing and overcrowding. Some of the indicators of housing need and the challenges facing the City are described below.

- Since 2000, the median home price in Stanislaus County has doubled, while the median rent has increased by over 50 percent. From 2002 to February 2005, the median home price in Modesto increased by 44 percent.
- Few lower-income households can afford to purchase homes. Most households earning less than 50 percent of the area median income face difficulties in finding affordable rental housing, as well.
- Approximately 18,100 lower-income households in the City did not have adequate housing in 2000.<sup>3</sup>
- There are only approximately 1,180 assisted rental units affordable to lower-income households, of which 735 units are at risk of converting to market-rate housing within the next ten years.
- Over 2,600 rental housing vouchers are provided to City households by the Housing Authority of the County of Stanislaus (HACS). The HACS reports over 1,600 City applicants on its waiting list for rental housing vouchers.
- According to the Stanislaus Council of Governments (Stan COG) regional housing needs allocation, the City should accommodate 5,985 new housing units affordable to lower-income households between 2001 and 2008 (800 per year).
- Approximately 2,000 beds in 78 residential care facilities are available for individuals with special needs, (such as frail elderly and persons with disabilities) who cannot live independently in conventional housing. However, this is significantly less than the population of frail elderly, disabled, and others who may need a supportive housing environment.

*Households most affected by the cost of housing are those earning 30 percent of median income, large families, senior renters, and others with special needs*

Due to the ongoing gap in the availability of affordable housing, the City has assigned a high priority to new housing construction, homeownership assistance, and housing rehabilitation, particularly for households earning less than 50 percent of the area median income. Despite the high cost, it is essential to expand the supply of affordable housing and supportive housing,

<sup>3</sup> Based on calculations provided by HUD from the 2000 Census on overpayment, overcrowding, and substandard housing conditions.

because the affordability gap cannot be addressed solely through existing housing.

Priorities and strategies for addressing affordable housing needs are as follows:

### **Priorities**

**Priority H-1. Increase the supply of affordable rental housing.**

**Priority H-2. Provide homeownership opportunities.**

**Priority H-3. Preserve existing affordable housing stock.**

**Priority H-4. Continue to support fair housing.**

### **Strategies**

- Increase rental housing by partnering with the Modesto Redevelopment Agency (RDA) to develop housing units.
- Use HOME funds to leverage funding for the construction of new housing units.
- Use the Revolving Loan Fund to acquire property for affordable housing.
- Continue monitoring the Down Payment Assistance Program closely, along with the housing market, to ensure the program can benefit as many first-time homebuyers as possible while protecting the City's investment.
- Investigate preserving existing affordable housing covenants in Section 8 rental housing units.
- Complete the Highway Village Mandatory Housing Rehabilitation Target Area project.
- Begin a new City-wide Housing Rehabilitation Program, with fewer restrictions and higher loan limits, to encourage rehabilitation of existing housing units.

The City shall increase rental housing by partnering with RDA to develop housing units

- Consider new Mandatory Target Area to coordinate with the Police Department's "Weed and Seed" designation, starting with Roselawn Area "A".
- Implement the recommendations in the City's Analysis of Impediments to Fair Housing Choice, currently being prepared.

An estimated 2,000-2,500 persons in Stanislaus County become homeless each year, and an estimated 5,400 households in Modesto are at risk of becoming homeless

## Homeless Needs

The priorities for ending homelessness are based on the recognition that homelessness results from more than just a lack of affordable housing, although providing housing is the ultimate objective.

An estimated 2,000-2,500 people experience homelessness in Stanislaus County at some point during the year. A homeless point-in-time count conducted in January 2005 found 1,613 homeless persons countywide, 935 of whom were living outdoors and the rest in shelters, transitional housing, soup kitchens, and other programs serving the homeless. Of the homeless persons counted, 623 were members of homeless families, and the remainder homeless individuals. It is not known how many of the homeless were identified in Modesto, but it is expected that a majority were located in the City, due to the size and availability of services.

In addition, an estimated 5,400 households in the City have extremely low incomes and are at risk of homelessness, paying an excessive portion of their income for rent. An unexpected job loss, illness, or eviction can force these individuals and families onto the streets because high rents and other financial problems preclude them from accumulating a savings cushion to protect themselves.

The City has participated in countywide planning to move individuals and families from homelessness to permanent housing and independent living through a network of supportive services linked to housing. The primary strategy document is the Continuum of Care. A draft plan to end homelessness has been prepared for Stanislaus County, but has not yet been adopted by the County or the City.

Priorities and strategies for addressing affordable housing needs are as follows:

### Priorities

**Priority HM-1. Address chronic homelessness.**

**Priority HM-2. Increase transitional housing.**

**Priority HM-3. Provide permanent supportive housing.**

**Priority HM-4. Prevent homelessness for those at most risk.**

**Priority HM-5. Provide intensive and coordinated case management.**

### Strategies

- Establish a "One-Stop Homeless Service Center" within the former Social Security Administration building at 1230 12<sup>th</sup> Street.
- Enter into "Master Leasing" arrangements with non-profit organizations and the County's Behavioral Health Department.
- Consider longer-term contracts for Direct Shelter Services for ESG or CDBG funding.
- Develop and adopt a ten-year plan to end long-term homelessness, and identify the number of units and the support services needed to assist the homeless.
- Increase options for long-term transitional housing, especially for certain affected groups such as women with children, and those with mental health and chemical dependency issues.
- Apply for federal and State grants and other special funding that is designed to increase shelter and transitional housing options for homeless individuals, such as State of California Proposition 46 funds.
- Support services and agencies listed in the Stanislaus County 2004 Continuum of Care Application.
- Fully implement the Homeless Management Information System (HMIS) to better identify gaps in service and to maintain accurate data about housing and service needs.

### Community Development Needs

*Many individuals with special needs require access to a coordinated network of support services to achieve economic self-sufficiency and independent living*

To achieve the City's goals for economic opportunity leading to self-sufficiency, a suitable living environment, and decent housing, a network of support services is needed to ensure that lower-income residents are trained and educated for the labor needs of today and tomorrow. This network is

also needed to ensure that lower-income residents have access to transportation between work, home, and other daily activities; and have access to health care to remain self-sufficient. For working parents, access to child care and/or programs for their school-age children is important. The network of services must ensure that lower-income residents can live as independently as possible within their physical and developmental abilities, and can be secure in their homes without the threat of violence.

Within the City, in various degrees, there is an ongoing gap in the availability of services across most categories of special need, including seniors, at-risk youth, working parents, persons with disabilities, individuals with chronic illness, and persons with other conditions affecting their ability to function independently and productively. In addition, there is a need to link access to supportive services to affordable and appropriate housing. More coordination and collaboration is needed between housing providers and service providers.

Based upon a community questionnaire, the following community development needs were determined to have a High priority:

- Affordable housing
- Health care facilities and health services
- Youth centers
- Fire stations and equipment
- Anti-crime programs
- Youth activities
- Child care centers
- Transportation services
- Park and recreational facilities
- Community centers
- Libraries
- Homeless shelters/services
- Child care services

Affordable housing and homeless needs are addressed under their respective sections. Priorities and strategies for addressing community development needs are as follows:

### Community/Economic Development

#### **Priorities**

#### **Priority CD-1. Infrastructure improvements in low-income neighborhoods.**

General public services are intended to improve the quality of life and independence of lower-income persons, and promote prevention and early intervention on a variety of social concerns

**Priority CD-2. Americans with Disabilities Act (ADA) accessibility improvements.**

**Priority CD-3. Community centers/recreation facilities in low-income neighborhoods.**

**Priority CD-4. Infrastructure improvements to attract job-creating businesses.**

**Priority CD-5. Comprehensive workforce training.**

**Priority CD-6. Business recruitment and retention.**

### Strategies

- Continue street paving in low-income areas as defined by HUD.
- Continue with installation of ADA curb cuts.
- Develop a Neighborhood Revitalization Strategy that will complement the "Weed and Seed" program. Components of this strategy will include the following:
  - Code enforcement
  - Housing rehabilitation
  - Police Department's "Beat Health" programs
  - Neighborhood clean-ups

### Public/Supportive Services

#### Priorities

**Priority CD-7. Supportive services that allow for independent living by populations with special needs.**

**Priority CD-8. Supportive services combined with housing programs for homeless persons and families.**

**Priority CD-9. Training in life skills and job and language skills.**

**Priority CD-10. Child care services.**

**Priority CD-11. Programs for at-risk youth.**

**Priority CD-12. Transportation services for those with special needs.**

**Strategies**

- Continue to fund public services at the highest percentage allowed by HUD regulations.
- Combine housing and services for homeless populations.
- Investigate new program to increase child care opportunities to low-income families.
- Investigate the use of CDBG funds for addressing health care issues.

**How Priorities Were Established**

Priorities for the Consolidated Plan derive from the primary goals described at the beginning of this Executive Summary:

- To provide decent housing;
- To provide a suitable living environment; and
- To expand economic opportunities.

Priorities are also based on the City's belief that, by increasing economic opportunity and self-sufficiency, many of the housing, social service, educational, and other needs can be addressed more readily.

Members of the City are committed to allocating funds that serve the needs of the lowest-income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low incomes (less than 30 percent of area median income), are particular priorities. The City has also identified special needs individuals as among those who face the greatest challenges and who should receive high priority in the expenditure of federal funds, including at-risk children and youth, lower-income families, the homeless and persons threatened with homelessness, the elderly (especially frail elderly), and persons with disabilities.

As described below, the City undertook an extensive outreach process to public and private organizations and individuals to identify priority needs and methods establishing those priorities.

## **The Planning Process**

The preparation of the Consolidated Plan began with “in-reach” among public agencies in the City. The City sought first to identify potential needs, service gaps, and key issues on which to focus the community outreach process.

The City also solicited input through the distribution of service provider questionnaires and resident surveys. Service providers were asked to identify critical issues pertaining to housing and community development needs, and any unmet needs or gaps in service. Residents were asked to rank various service and public facility needs in the City. The results were tabulated and priorities were established based on an average score.

To obtain further public input on the identification of priority needs and proposed strategies to address those needs, the City conducted a public workshop on the Consolidated Plan in February 2005, and a public hearing on the draft Consolidated Plan in April 2005.

## **Funding to Implement the Plan**

City members have identified several potential funding sources to implement the strategies contained in the 2005 – 2009 Consolidated Plan. These sources include, but are not limited to:

- Federal funds covered under the Consolidated Plan: CDBG, HOME, ESG, and HOPWA (provided through an agreement with the State of California as a recipient of HOPWA funds);
- Funds provided under other HUD programs, the Department of Commerce, the Federal Emergency Management Agency, and other federal agencies;
- State funds provided under various programs of the California Department of Housing and Community Development and the California Housing Finance Agency;
- State and federal tax credits and mortgage credit certificates;
- Tax-exempt bond proceeds;
- City's Redevelopment Agency tax increment funds and the low/moderate income set-aside from those funds;
- City's General Fund; and

- Private industry sources such as the Federal Home Loan Bank Board's Affordable Housing Program.

# 3-5 Year Strategic Plan

This document includes Narrative Responses to specific questions that grantees of the Community Development Block Grant, HOME Investment Partnership, Housing Opportunities for People with AIDS and Emergency Shelter Grants Programs must respond to in order to be compliant with the Consolidated Planning Regulations.

## GENERAL

### Executive Summary

*The Executive Summary is optional, but encouraged. If you choose to complete it, please provide a brief overview that includes major initiatives and highlights that are proposed throughout the 3-5 year strategic planning period.*

3-5 Year Strategic Plan Executive Summary:

The Executive Summary is presented as a separate document from the Strategic Plan.

### Strategic Plan

*Due every three, four, or five years (length of period is at the grantee's discretion) no less than 45 days prior to the start of the grantee's program year start date. HUD does not accept plans between August 15 and November 15.*

Mission:

The Consolidated Plan identifies three overall goals that relate to the major commitments and priorities of HUD:

- Provide decent and affordable housing for low-income and homeless persons and increase the supply of supportive housing to enable persons with special needs to live with dignity.
- Provide a suitable living environment by improving the safety and livability of neighborhoods.
- Expand economic opportunities by creating jobs accessible to low-income persons and empowering low-income persons to achieve self-sufficiency.

### General Questions

*1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed.*

*2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) and the basis for assigning the priority (including the relative priority, where required) given to each category of priority needs (91.215(a)(2)).*

*3. Identify any obstacles to meeting underserved needs (91.215(a)(3)).*

3-5 Year Strategic Plan General Questions response:

**1. Geographic Areas of Low-Income and Minority Concentration**

Refer to maps in Attachment A, which depict areas of low-income and minority concentrations. The City seeks to direct funds primarily to these areas of the City and to programs and projects that serve residents of these areas.

**2. Bases for Allocating Investments and Assigning Priorities**

Allocation of CDBG and HOME funds, and assignment of priorities for funding, are based upon the national goals set forth by HUD regulations, and local goals for housing and community development. These local goals, which are consistent with HUD regulations, focus on building up and improving the City's people and neighborhoods. The City's priorities are based on the following broad principles:

- A community that values diversity; respects cultural, ethnic and individual differences; and provides equal opportunity and access to services.
- A community where children and youth can thrive and succeed, with adequate education, health care and nutrition.
- A community that has a labor force able to secure and maintain employment.
- A community that provides senior citizens and disabled persons with the support needed to be secure, to function independently, and to contribute to the community.
- A community that has an adequate supply of affordable housing dispersed throughout the community.

Goals contained in the *City of Modesto 2001 - 2004 Strategic Plan* that the City deemed relevant for the Consolidated Plan were also among the bases for assigning priorities and include:

- The City encourages opportunities for all levels of education and workforce development, including trade school, college and university.
- Our downtown is a vibrant, government, financial, corporate and regional entertainment center with high-density housing and services.
- Identify opportunities for collaborative delivery of police, fire, recreation and neighborhood services.
- Promote a variety of housing types to address the diversity of needs for people throughout their life cycle and across income levels.
- People in neighborhoods have convenient linkages to services.
- Collaborate for health services delivery with our partners, such as the County.
- Actions support the safe and healthy, drug-free, gang-free development of young people.

Several policies contained in the City's 2004 Housing Element (a part of the Modesto General Plan required under State law) were also relevant to the shaping of Consolidated Plan priorities. These policies include:

- Policy 1.1: Establish and/or support programs to supply below market housing for very-low, low- and moderate-income households, as well as market rate housing.
- Policy 1.2: Promote the development of affordable housing throughout the community, where appropriate and where compatible with existing uses.
- Policy 1.3: Facilitate the development of entry level housing as well as "step-up" housing.
- Policy 1.4: Facilitate the development of housing for the unmet needs of lower-income special needs groups, including the disabled, elderly, homeless and large families (families with five or more persons).
- Policy 2.1: Promote equal opportunity for all residents to reside in the housing of their choice.
- Policy 2.2: Continue to make a strong commitment to the issue of fair housing practices, as well as ensure that fair housing opportunities prevail for all City residents regardless of age, sex, religion, ancestry, marital status, family status, income or source of income, race, creed, national origin, sexual orientation, or disabilities.
- Policy 2.3: Encourage a range of housing types to be constructed in subdivisions and large developments.
- Policy 2.4: Facilitate the development of second units as an affordable housing alternative.
- Policy 2.5: Encourage the development and rehabilitation of housing that is accessible to persons with disabilities.
- Policy 3.1: Maintain the supply of safe, decent and sound affordable housing in the City of Modesto through the conservation and rehabilitation of the City's existing housing stock.
- Policy 3.2: Focus the use of City resources for housing rehabilitation and assisted housing on those neighborhoods and residents having the greatest need for housing assistance.
- Policy 3.3: Make a maximum effort to preserve, for its lower-income households, the units in assisted housing developments that are eligible to change to non-lower-income uses, due to termination of subsidy contracts, mortgage prepayment, or expiration of use restrictions.
- Policy 3.4: Assist non-profit housing providers in the acquisition and/or rehabilitation of older residential structures, and maintenance as long-term affordable housing.

- Policy 3.5: Promote energy conservation activities in all residential neighborhoods.
- Policy 5.1: Establish and maintain development standards that support housing production while protecting quality of life goals.
- Policy 5.2: Continue to provide financial incentives such as fee deferrals and exemptions for developments meeting the affordable and special housing needs of the community.
- Policy 5.3: Continue to provide for timely and coordinated processing of residential development projects to encourage housing production within Modesto.
- Policy 5.4: Review the City's fee structure, including development fees, impact fees, and other municipal costs periodically to ensure that they do not unduly constrain the production of housing, especially affordable housing.

In addition, priorities were established on the basis of comments received from the general public and interested parties from community workshops, surveys, and comments received during the Consolidated Plan preparation process. Priorities were also developed as a result of City outreach to non-profit agencies, neighborhood groups, the private sector, other government agencies, and service clubs.

### **3. Obstacles to Meeting Underserved Needs**

The primary obstacle to meeting underserved needs is availability of funding. The availability of funding from both federal and State sources is a primary determinant in the ability of the local jurisdictions to address identified needs. Budget problems at both the federal and State levels make funding for housing programs uncertain. In part to make the most of limited resources, the City has formed partnerships with a variety of governmental, non-profit and service agencies to combine resources to implement programs related to housing and community development needs.

Another obstacle, as discussed in the Housing Market Analysis section, is the increasing cost of housing and the provision thereof, which increases the difficulty of meeting affordable housing needs. Also, as described in the Barriers to Affordable Housing section of this document, another potential obstacle is local ordinances and regulations that could limit the provision of housing for lower-income households and special needs groups.

Service providers identified a number of obstacles to meeting underserved needs, including:

- Lack of sufficient volunteers to support service delivery;
- Language and cultural barriers that impede access to information;
- Income guidelines used to qualify residents for service eligibility (many residents have incomes just above the eligibility limits but still need assistance);
- Lack of accessible facilities to serve special needs groups with disabilities;
- Lack of proper documentation by many special needs individuals;
- Insufficient collaboration or networking among some service providers.

## **Managing the Process (91.200 (b))**

1. *Lead Agency. Identify the lead agency or entity for overseeing the development of the plan and the major public and private agencies responsible for administering programs covered by the consolidated plan.*

2. *Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.*

3. *Describe the jurisdiction's consultations with housing, social service agencies, and other entities, including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.*

*\*Note: HOPWA grantees must consult broadly to develop a metropolitan-wide strategy and other jurisdictions must assist in the preparation of the HOPWA submission.*

3-5 Year Strategic Plan Managing the Process response:

### **1. Lead Agency**

The City of Modesto is the Lead Agency overseeing the development of the Consolidated Plan. Refer to the response to Item 1 in the Institutional Structure section of this Strategic Plan for a listing of agencies responsible for administering programs covered by this Consolidated Plan.

### **2. Significant Aspects of Plan Development Process**

The Consolidated Plan was prepared with oversight by the Citizens Housing and Community Development Committee (CH&CDC). This committee, appointed by the City Council and chaired by the Mayor, has representatives of various other City committees (Community Development and Housing, Planning Commission, Housing Rehabilitation Loan Committee, etc.), as well as a Stanislaus County Supervisor's delegate representing the low-income areas in the City. In addition, at-large seats, generally representing low-income and racial minority groups, fill out the 11-member committee.

Other key aspects of the planning process were:

- Consultation with representatives of City and County agencies to identify priority unmet needs.
- Consultation with non-profit organizations that provide housing, facilities, and/or services to low- and moderate-income residents (see Item 3 below).
- Consultation with the general public through workshops, public hearings (see Citizen Participation below), and a resident survey.

### **3. Consultations with Housing, Social Service and Other Agencies**

The City conducted a consultation with City agencies during February 2005. It also consulted non-profit organizations funded by the City during March 2005, as part of the City's funding process under the 2005-2006 Action Plan. The City also

distributed a service provider questionnaire to solicit information on priority community needs. Attachment A (Public and Agency Comments) contains details regarding service provider input. Service providers offered the following recommendations regarding priority needs:

- Additional affordable and accessible housing (particularly rental housing for those earning less than 50 percent of median income) due to the growing gap between local wages and housing costs;
- Supportive services (particularly in-home services) to allow frail elderly and persons with disabilities to live independently;
- Greater financial resources for staffing of supportive services;
- Rental assistance (credit counseling, assistance with move-in expenses, utility assistance, etc.) for those transitioning from homelessness or most at risk of becoming homeless);
- Financial assistance for housing rehabilitation and home modifications to increase accessibility and independent living;
- Transportation for those without access to private vehicles;
- Additional homeless and transitional housing shelter space (particularly accessible space for those with disabilities);
- Anti-crime and youth activities aimed at minors at-risk of participating in gangs;
- Sidewalk and other street improvements in low-income neighborhoods, particularly to increase accessibility and provide safe routes for children;
- Health care for the "working poor" without medical insurance;
- Food and clothing support for families and seniors (particularly those with extremely low incomes);
- Workforce development, including job and skills training, English literacy, and job placement services to ensure low-income residents are prepared for, and have access to, jobs that pay self-sufficiency wages; and
- Continued awareness and education programs to promote fair housing knowledge and practices among residents, property owners, and property managers.

### **Citizen Participation (91.200 (b))**

1. *Provide a summary of the citizen participation process.*
2. *Provide a summary of citizen comments or views on the plan.*
3. *Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.*
4. *Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.*

*\*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.*

3-5 Year Strategic Plan Citizen Participation response:

#### **1. Citizen Participation Process**

Citizen participation in the Consolidated Plan process included a public workshop on the Consolidated Plan held February 18, 2005, a public review period for the draft Consolidated Plan during April 2005, a public hearing by the Citizens Housing and Community Development Committee on April \_\_ 2005, and a public hearing by the Modesto City Council on May \_\_, 2005.

The City distributed resident questionnaires in English and Spanish among community organizations and neighborhood centers seeking public input on community needs and priorities. Approximately 100 resident surveys were submitted. Attachment A details the results of the survey. The City also provided surveys to service agencies involved in housing and community development, who in turn distributed the surveys to their clients.

## **2. Summary of Citizen Comments**

Refer to Attachment A of this document, which provides a summary of comments made by citizens at the public hearings and workshops. According to the results of a resident survey, community needs with the highest priority scores, based on a scale of one to four with one being the lowest priority, were:

- Fire stations and equipment;
- Health care facilities and services;
- Youth centers and activities;
- Anti-crime programs;
- Child care centers and services;
- Transportation services;
- Park and recreation facilities;
- Community centers;
- Libraries; and
- Homeless shelters and services.

Medium priority community needs were:

- Senior centers and activities;
- Facilities and services for neglected or abused children;
- Street lighting;
- Homeownership assistance;
- Mental health services;
- Substance abuse services;
- HIV/AIDS services;
- Legal services;
- Street/alley improvements;
- Facilities and services for persons with disabilities;
- Sidewalk improvements; and
- Drainage improvements.

It should be noted that, although affordable housing was not on the resident survey, it was the most frequently mentioned need that was considered a high priority by survey participants. Affordable housing was also the highest priority need named by service providers participating in a separate survey.

## **3. Efforts to Broaden Participation**

The City prepared survey forms in Spanish in an effort to increase participation by Spanish-speaking residents. Public notices pertaining to the Consolidated Plan were issued in English and Spanish. Public meetings were held in areas with predominantly low- and moderate-income residents, and meeting facilities were accessible to disabled persons.

#### 4. Comments Not Accepted

The City accepted all public comments on the Consolidated Plan and seeks to address as many of the public's concerns and priorities as possible. However, the lack of adequate funding to address all needs during the five-year period covered by this Consolidated Plan (2005 - 2009) means that not all priority needs can be addressed, or fully addressed. Public comments related to the City's processes for funding, coordinating, and monitoring projects, programs and services under the Consolidated Plan were also accepted, and will be considered in the City's review of its internal processes.

#### Institutional Structure (91.215 (i))

*1. Explain the institutional structure through which the jurisdiction will carry out its consolidated plan, including private industry, non-profit organizations, and public institutions.*

*2. Assess the strengths and gaps in the delivery system.*

*3. Assess the strengths and gaps in the delivery system for public housing, including a description of the organizational relationship between the jurisdiction and the public housing agency, including the appointing authority for the commissioners or board of housing agency, relationship regarding hiring, contracting and procurement; provision of services funded by the jurisdiction; review by the jurisdiction of proposed capital improvements as well as proposed development, demolition or disposition of public housing developments.*

3-5 Year Strategic Plan Institutional Structure response:

##### 1. Institutional Structure

The City of Modesto will implement the Consolidated Plan through the following agencies and organizations. The City will serve as the lead agency in coordinating and monitoring the use of federal funds.

**City of Modesto.** The following City departments are involved in the implementation of the Consolidated Plan:

- **Parks, Recreation and Neighborhoods Department.** The Parks, Recreation and Neighborhoods Department is responsible for managing the implementation of the Consolidated Plan and overseeing the use of federal funds. This department also oversees the City's housing, public services, neighborhood preservation, and other programs that are funded under the Consolidated Plan.
- **Community and Economic Development Department.** The Community and Economic Development Department is responsible for development review and permitting; building inspection, plan checking, and permitting; and business development. Programs and projects that seek to create housing and jobs for low- and moderate-income residents are the responsibility of this department. The Department also implements the Workforce Development Program.

- **Public Works Department.** The Public Works Department is responsible for publicly-owned facilities and infrastructure, such as streets, sidewalks, and other public rights-of-way; water, sewer, and storm drain facilities; and landscaping in public areas other than community parks and recreation facilities. This department directs projects and programs that seek to improve community facilities and infrastructure in low- and moderate-income neighborhoods and to improve handicapped access in public areas.
- **Police and Fire Departments.** These departments provide law enforcement, public safety and emergency services, and are involved in the implementation of anti-crime, homeless, public safety and emergency services funded under the Consolidated Plan.

**Stanislaus County.** Stanislaus County is the primary provider of public services through the departments listed below. The City of Modesto coordinates the delivery of public services and programs operated by public and non-profit agencies through these various County departments.

- Homeless Assistance Program
- Health Services Agency
- Department of Mental Health, Behavioral Health and Recovery Services
- Department of Social Services
- Stanislaus County Area Agency on Aging

**State of California.** The State of California provides funding and services to cities and counties in California through several State agencies to meet a variety of housing, community development and social service needs. The following agencies, while not a complete list, provide much of the funding and services to low- and moderate-income Modesto residents.

- Department of Rehabilitation, Modesto office
- Valley Mountain Regional Center
- Rehabilitation Hospital
- California Department of Housing and Community Development

**Other Public Agencies.** There are public agencies, other than those that are part of the City, County or State, that participate in housing and community development programs. Two of these agencies include:

- **Housing Authority of the County of Stanislaus (HACS).** The Housing Authority of the County of Stanislaus is responsible for the County's public housing and rental assistance programs (e.g., Section 8 vouchers), operates rental housing rehabilitation programs, and is the project sponsor for selected affordable housing projects.
- **Modesto School Districts.** Eight school districts serve the City of Modesto. The primary districts are the Modesto City Elementary School District and the Modesto City High School District, which operate jointly as the Modesto City Schools under a single board of education. School districts partner with the City in providing youth services, such as before- and after-school programs, nutrition programs, health services, anti-crime programs, and other programs for Modesto's low- and moderate-income families. The school districts also provide

facilities from which these services can be provided, and collaborate with the City in providing joint recreation programs and facilities for low-income and at-risk youth.

**Non-Profit Organizations.** Private, non-profit organizations provide the majority of housing, shelter and direct services funded under the Consolidated Plan. Among the agencies that deliver services to low- and moderate-income Modesto residents, many of which are funded by the City, are:

- ARC of Stanislaus County
- California Association of the Physically Handicapped, Chapter No. 37
- Center for Human Services
- Central Valley Homeless Veterans Project
- Central Valley Opportunity Center
- Children's Crisis Center
- Community Transitional Resources
- Community Housing and Shelter Services
- Daily Bread Ministries
- Disability Resource Agency for Independent Living (DRAIL)
- Doctors Medical Center Foundation
- Golden Valley Health Centers Homeless Health Project
- Habitat for Humanity
- Haven Women's Center of Stanislaus County
- Healthy Aging Association
- Interfaith Ministries
- Modesto Gospel Mission
- Modesto Love Center Ministries
- Parent Resource Center
- Project Sentinel
- Salvation Army
- Second Harvest Food Bank
- Self-Help Enterprises
- Stanislaus Community Assistance Project (SCAP)
- Stanislaus County Affordable Housing Corporation (STANCO)
- Stanislaus Literacy Center
- Telecare/SHOP
- United Way of Stanislaus County (*not a direct service provider, but a funding agency*)
- West Modesto/King Kennedy Neighborhood Collaborative
- YMCA

**Private Entities.** Various private entities, including homebuilders and homebuilder associations, lenders, real estate professionals and associations, and rental property owners and associations collaborate with the City, other public agencies, and non-profit organizations to provide housing, financing for housing, and promote fair housing programs.

**Stanislaus County Housing and Supportive Services Collaborative.** The Stanislaus Housing and Supportive Services Collaborative (SCHSSC) is comprised of over 88 members and more than 50 agencies and organizations representing all

cities within Stanislaus County. Representation includes non-profit organizations, homeless persons, formerly homeless persons, local government, disability service organizations, the public housing authority, police and fire service departments, faith-based and other community-based organizations, service agencies, community members, government agencies and housing developers. In July 2001, the Stanislaus County Board of Supervisors and the City of Modesto officially recognized the SCHSSC as the coordinating body for homeless programs and services in Stanislaus County. The SCHSSC is also the lead agency for the Stanislaus County Continuum of Care.

## **2. Strengths and Gaps in Delivery System**

The comprehensive nature of the delivery system in Modesto is one of its strengths. The delivery system includes public agencies, private firms and non-profit organizations that have involvement in housing and community development issues. Each type of organization involved contributes its own knowledge of local conditions, which ensures a more comprehensive approach to solving housing and community development problems. This also leads to a greater sharing of resources, both financial and personnel, which increases the effectiveness of these otherwise limited resources. The predominantly local nature of the institutional structure is another strength, as this makes it more likely that actions on housing and community development consider local conditions and address local needs.

However, the comprehensive nature of the delivery system also contains problems. Coordination among the various agencies can be difficult, even among agencies within the same organization. For example, four division/departments within the City of Modesto are responsible for various housing and community development programs. The number and variety of participants in the delivery system makes it more difficult to establish priorities and to allocate resources. Finally, the complexity of the delivery system may increase the possibility of a client "falling through the gaps" and not receiving the services required.

The City has made several efforts to address the potential gaps in the delivery system. Among City departments that are involved in housing and community development programs, Memorandums of Understanding (MOUs) are in place that delineate the program and reporting requirements for each department. Other examples of efforts to overcome gaps in the institutional structure and to enhance coordination include:

- The City's CDBG staff works with the City's Finance, Parks Planning, and Public Works Departments to ensure that capital improvement projects are on schedule, and that invoices are paid in a timely manner.
- The Deputy Director for HUD programs meets on a weekly basis with the key CDBG and HOME staff members to discuss the status of projects and upcoming meetings.
- The HOME program manager is a member of the City's Development Review Team, which meets weekly to review and discuss all proposed residential and commercial developments in the City. The team includes traffic engineers, landscape architects, planners, etc., to ensure that all developments are looked at from every angle in terms of their impacts to the surrounding neighborhoods, and how the project fits in with "Smart Growth" principles.

- CDBG staff provided a technical assistance workshop to non-profit agencies on the types of services that are eligible for public service funding, as well as a detailed explanation of ESG requirements. The workshop also covered how to properly fill out an application package.
- CDBG and HOME staff participated in the following community/collaborative committees: Stanislaus County Housing and Support Services Collaborative, Emergency Food and Shelter Board, United Way Impact Councils on Building Strong Neighborhoods, and Safety Net.
- CDBG and HOME staff was involved in the update of the City's Housing Element. The HOME program manager was especially involved in the discussions surrounding multi-family and affordable housing, and a review of existing HUD-funded housing programs and an evaluation of their effectiveness.
- City staff worked with staff from the Fresno HUD office, Stanislaus County, Federal National Mortgage Association (FNMA or "Fannie Mae") and local housing agencies to present a Homeownership Expo at the Modesto Centre Plaza in June 2004. Real estate, mortgage and financing companies and housing developers provided information to consumers at their booths, while classes were provided on the home-buying process, down payment assistance programs, "sweat equity" programs, and HUD homes.
- The Director of the Parks, Recreation and Neighborhoods Department serves as a chair of the United Way Building Strong Neighborhoods Impact Council, whose goal is to build capacity among neighborhood-based organizations, many of which are in low-income areas.

### **3. Strengths and Gaps in Public Housing**

The HACS is a public agency independent of the City of Modesto. Although the City and HACS have collaborated in the past on several issues related to housing, the HACS is governed by its own commission and executive director. Therefore, the City does not have a direct influence on HACS operations.

However, the City and HACS have collaborated on several projects of note. The HACS has coordinated its crime prevention measures with the Modesto Police Department. This has included the establishment of a physical presence of police on HACS property, involvement in the development and implementation of a drug-elimination plan, and regular meetings with HACS management and residents. Also, HACS and the City participated in the construction of the Miller Pointe Apartments, a 16-unit complex designated for people with mental illness.

Funding limitations for both agencies may encourage more collaboration. However, since HACS focuses mostly on lower-income households, collaboration between the City and HACS would be focused mainly on housing for these households. Also, since the City has other housing and community development needs to address, its participation with HACS may be further limited. In addition, HACS faces funding and staff constraints, and availability of sites for assisted housing is considered limited by HACS. Therefore, there may only be an incremental amount of assisted housing made available in the City through HACS participation.

## **Monitoring (91.230)**

*Describe the standards and procedures the jurisdiction will use to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.*

3-5 Year Strategic Plan Monitoring response:

### **General**

The City monitors its performance in meeting the goals and objectives set forth in the Consolidated Plan in the following ways:

- Keeping the community aware of the Consolidated Plan and asking for its input on the City's progress in meeting the Plan's goals and objectives at various public forums.
- Staff review of proposals for consistency with the Consolidated Plan.
- Evaluating and discussing in detail the City's performance as it related to the Consolidated Plan during preparation of the Consolidated Annual Performance Evaluation Report (CAPER).

In addition, a coordinated procedure has been established within the Parks, Recreation and Neighborhoods Department to verify and confirm that grant funds have been used in an eligible and appropriate fashion. The Department receives monthly budget printouts from the Finance Department, and staff verifies and cross-references the information on the printouts, with supporting documentation maintained at the Department office. Department staff also assigns a unique number to each activity, which provides easy identification on both the City's financial reporting system and IDIS, the federal financial cash management system.

### **Housing Rehabilitation and Loan Program**

For projects funded under the Housing Rehabilitation Loan Program, both the Housing Financial Specialist and the Housing Rehabilitation Specialist monitor the use of those funds. Funds are disbursed according to a detailed Real Property Improvement Agreement that is executed by the property owner and the contractor. When a phase of the work is completed, the Housing Rehabilitation Specialist confirms the completeness of the phase of rehabilitation and reviews the work with the property owner. The owner signs a payment request voucher that authorizes the disbursement of funds according to the contract. The Housing Financial Specialist reviews the payment voucher, after which time it is approved by the Deputy Director of the Parks, Recreation and Neighborhoods Department. The City's Finance Department monitors the disbursement of funds and balance of the project account. For owner-occupant deferred loans, the City monitors compliance with loan terms every 18 months.

### **CDBG and ESG Funds**

As contracts are written for the various organizations (subrecipients) receiving CDBG or ESG funds, strict controls are placed on the use of the funds. Whenever possible, payments are made for units of service delivered to beneficiaries. Performance measures (i.e., number of individuals served, type of activity, accomplishments, etc.) are established as part of the agreement. This enables City staff to monitor the effectiveness of the funded project. The agreement for services also includes

general performance standards, including the provision of monthly activity reports to the City, and written requests for reimbursement of expenses.

In addition to implementing agreements for services with local non-profit organizations, the Parks, Recreation and Neighborhoods Department has written "Memorandums of Understanding" (MOUs) with other City departments. These MOUs describe, in general, the services that are to be delivered to the community, quantify the services in measurable objectives and terms, and lists the funds dedicated to these activities. The staff then follows up on the conditions of the MOUs and monitor the progress of City departments, as well as non-profit agencies. The Police Department also submits written requests for disbursement of funds.

City staff conducts an on-site monitoring session annually to confirm the supporting documentation for use of funds and to confirm that the services were rendered as reported. Staff also addresses key issues that may arise from general programmatic concerns, audit findings, or public concern.

The City of Modesto, beginning with the funding cycle for Fiscal Year 2003-2004, changed the funding process for ESG and CDBG Public Services funding. A pre-qualification process was implemented. Agencies interested in applying for these funds were required to submit a complete pre-qualification package that included a specified list of document. Once the package is submitted, the agencies were notified of being pre-qualified to apply for the funding cycle. The CDBG Request For Proposals (RFP) was released in February, advertising the availability of ESG funds for the coming year. Eligible non-profit agencies were invited to attend a technical assistance conference, in which staff covered the eligible uses of CDBG and ESG funds and described the application process. Once the Request for Proposals (RFP) cycle was closed and proposals had been received, a review committee made up of staff, the president of the SCHSSC, and members of the Citizen's Housing and Community Development Committee read each proposal and provided funding recommendations based upon the following criteria:

- Soundness of the agency.
- Eligible activity.
- Alignment with community need.
- Quality of service.

Funding recommendations of the Review Committee were provided to the Citizens Housing and Community Development Committee, as well as the City Council. Once approved, these projects were included in the list of projects for the Annual Action Plan.

The City of Modesto has a Small, Minority Business Enterprise/Women's Business Enterprise (MBE/WBE) policy and procedures guideline that was accepted by HUD in May 1994. The City's Recreation and Neighborhood Services Division conducts outreach efforts throughout the year to inform licensed minority and women contractors and prospective MBE/WBE contractors about the advantages of making bids on rehabilitation projects, as well as new construction. The MBE/WBE item is included in the City's request for proposal process. For the City's rehabilitation program, applications are sent to non-profit agencies, construction firms, developers, and real estate agents that may qualify as MBE/WBE.

### **HOME Program**

- Complexes containing one to four HOME-assisted units are monitored not less than once every three years; complexes containing five to 25 units are monitored every two years, and projects containing 26 units or more are monitored every year. HOME-assisted rental units are inspected for rent, income, housing quality, and other affordability criteria in accordance with HOME requirements. Physical inspections are conducted to ensure that properties provide decent, safe and sanitary housing for all residents. In addition, all property management agents at each complex are expected to maintain physical conditions above the minimum maintenance standards as required by Section 8 Housing Quality Standards and local housing codes.
- Recapture/Resale for Home Ownership Activities: The City of Modesto has elected the recapture option during the affordability period. As such, the full amount of the HOME down payment assistance loan made to the homebuyer is recaptured and returned to the HOME program account. Loans are deferred. Full repayment (principal plus accrued interest) is due at the time the owner sells, transfers title, refinances, or discontinues using the home as a principal residence. The City monitors compliance with deferred loan terms.
- Tenant Based Rental Assistance: The City has provided Tenant-Based Rental Assistance through HOME funds for persons who are low-income and who are rent-burdened. This program has been discontinued, and is undergoing City review.
- Affirmative Marketing: The City of Modesto implemented an Affirmative Marketing Policy for use in its HOME program in order to comply with HUD fair housing objectives. Both the borrow/developer and the City share the responsibility to inform the public about federal fair housing laws. The City, through its monitoring of the HOME units, evaluates the effectiveness of the marketing efforts. The beneficiaries are held to the terms of the policy by reference in the HOME Loan Agreement and Trust Deed executed to secure the HOME loan.

### **Priority Needs Analysis and Strategies (91.215 (a))**

*1. Describe the basis for assigning the priority given to each category of priority needs.*

*2. Identify any obstacles to meeting underserved needs.*

3-5 Year Strategic Plan Priority Needs Analysis and Strategies response:

#### **1. Basis for Assigning Priority to Needs**

Refer to response to Item #2 in the General Questions section.

#### **2. Obstacles to Meeting Underserved Needs**

Refer to response to Item #3 in the General Questions section.

## **Lead-based Paint (91.215 (g))**

*1. Estimate the number of housing units that contain lead-based paint hazards, as defined in section 1004 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, and are occupied by extremely low-income, low-income, and moderate-income families.*

*2. Outline actions proposed or being taken to evaluate and reduce lead-based paint hazards and describe how lead based paint hazards will be integrated into housing policies and programs.*

3-5 Year Strategic Plan Lead-based Paint response:

### **1. Housing Units Containing Lead-Based Paint Hazards**

This estimate is based on the number of housing units constructed prior to 1970, as indicated in the HUD Comprehensive Housing Affordability Strategy (CHAS) table for Modesto. As of 2000, there were 635 housing units occupied by extremely low-income households (rental only), 2,574 units occupied by low-income households (own and rent), and 9,661 units occupied by moderate-income households (own and rent). National studies indicate that approximately 75 percent of these housing units contain a lead-based paint hazard. Therefore, a worst-case estimate is that a lead-based paint hazard exists in 476 housing units occupied by extremely low-income households, 1,931 units occupied by low-income households, and 7,246 units occupied by moderate-income households. The actual number is likely less, due to City programs that incorporate a lead-based paint hazard reduction component, as well as actions by individual property owners. (Source: HUD CHAS Data Book)

### **2. Actions to Evaluate and Reduce Lead-Based Paint Hazards**

City of Modesto staff has implemented the lead-based paint regulations effective September 15, 2000. Additionally, Senate Bill 460 (February 2003) and Final Lead Regulations by the EPA (July 2003) have been added to assist contractors and staff with becoming more knowledgeable with lead-based paint regulations. To assist City staff with becoming more knowledgeable with the regulations, the City's three housing rehabilitation specialists completed the Visual Assessment Course by HUD's Office of Lead Hazard Control. In order to have a guideline when working with lead-based paint, the City's rehabilitation staff developed a workbook to provide guidance through the process when lead-based paint is found or presumed to be present during construction. Since September 2002, one of the City's rehabilitation specialists became a California Department of Health Services (DHS) Certified Inspector/Assessor, and followed up to become a DHS Certified Supervisor in 2003.

The City has implemented a Lead-Based Paint Stabilization Grant Program for mandatory targeted areas designated by the City (refer to City of Modesto Annual Action Plan FY 2004-05, Appendix B). This program reimburses property owners for the costs of lead-based paint inspection reports, clearance reports, and paint stabilization work. This program is conducted as part of the City's Housing Rehabilitation Program.

In an effort to assist contractors, prospective contractors and other individuals with becoming certified for lead-based paint work, the City undertook the following actions:

- Published a display advertisement in local newspapers informing people of the free HUD-sponsored lead training, as well as sending letters to contractors and prospective contractors.
- Provided assistance to those needing help in enrolling for the training.
- Distributed English and Spanish versions of the EPA's pamphlet "Protect Your Family from Lead in Your Home" at neighborhood meetings in low-income neighborhoods.
- Held a training workshop for contractors on November 2, 2004.

## HOUSING

### Housing Needs (91.205)

*\*Please also refer to the Housing Needs Table in the Needs.xls workbook*

1. Describe the estimated housing needs projected for the next five year period for the following categories of persons: extremely low-income, low-income, moderate-income, and middle-income families, renters and owners, elderly persons, persons with disabilities, including persons with HIV/AIDS and their families, single persons, large families, public housing residents, families on the public housing and section 8 tenant-based waiting list, and discuss specific housing problems, including: cost-burden, severe cost-burden, substandard housing, and overcrowding (especially large families).

2. To the extent that any racial or ethnic group has a disproportionately greater need for any income category in comparison to the needs of that category as a whole, the jurisdiction must complete an assessment of that specific need. For this purpose, disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least ten percentage points higher than the percentage of persons in the category as a whole.

3-5 Year Strategic Plan Housing Needs response:

#### 1. Estimated Housing Needs

The primary method of establishing housing needs for the purpose of the Consolidated Plan is by examining the extent of housing problems by income level, tenure, and household type based on the HUD CHAS tables.<sup>1</sup> Refer to the Non-

---

<sup>1</sup> Data for extremely low-, low- and moderate-income households were provided by the Comprehensive Housing Affordability Strategy (CHAS) tables for the city of Modesto prepared for HUD, based on U.S. Census data. The CHAS tables contain information on households experiencing housing problems, defined by HUD as overcrowding, without adequate kitchen or plumbing facilities, and paying over 30 percent of household income for housing costs (cost burden). A subcategory of cost burden is extreme cost burden, defined by HUD as paying over 50 percent of household income for housing costs.

Homeless Special Needs and Public Housing Needs sections for more information on special housing needs over the next five years.

In summary, these housing needs include:

### **Housing Problems**

- Households with Incomes Less than 30 Percent of median family income (Extremely Low Income). There were 6,647 households within this income category in Modesto. Of these households, 83.4 percent experienced housing problems. Approximately 84.7 percent of renter households reported having housing problems, compared with 79.3 percent of owner households.
- Household with Incomes between 30 and 50 Percent of median family income (Low Income). There were 7,222 households within this income category in Modesto. Of these households, 81.5 percent experienced housing problems. Approximately 88.1 percent of renter households reported having housing problems, compared with 70 percent of owner households.
- Households with Incomes between 50 and 80 Percent of median family income (Moderate Income). There were 10,923 households within this income category in Modesto. Of these households, 61.5 percent experienced housing problems. Approximately 62.1 percent of renter households reported having housing problems, compared with 60.9 percent of owner households.

### **Housing Problems by Household Type<sup>2</sup>**

The following information provides details on housing problems by households type, income, and tenure. Although the proportion of households that experience housing problems generally declines as income increases, there are exceptions. Household types with the highest proportion of housing problems (80 percent or more) are as follows:

- All households earning 30 percent or less of median income, except for elderly renters and "other" owners.
- All households earning between 50 and 80 percent of median income, except elderly renters and owners.
- Large family owners earning between 50 and 80 percent of median income.

#### **Renters with incomes up to 30 percent of median income.**

Elderly - 71 percent experienced housing problems, of which 71 percent experienced cost burden and 61 percent experienced extreme cost burden.

Small Related - 90 percent experienced housing problems, of which 88 percent experienced cost burden and 77 percent experienced severe cost burden.

Large Related - 96 percent experienced housing problems, of which 90 percent experienced cost burden and 73 percent experienced severe cost burden.

---

<sup>2</sup> Percentages for this section are rounded to the nearest whole number.

Other - 80 percent experienced housing problems, of which 80 percent experienced cost burden and 70 percent experienced severe cost burden.

**Owners incomes up to 30 percent of median income.**

Elderly - 86 percent experienced housing problems, of which 86 percent experienced cost burden and 62 percent experienced extreme cost burden.

Small Related - 81 percent experienced housing problems, of which 81 percent experienced cost burden and 77 percent experienced severe cost burden.

Large Related - 85 percent experienced housing problems, of which 80 percent experienced cost burden and 78 percent experienced severe cost burden.

Other - 61 percent experienced housing problems, of which 61 percent experienced cost burden and 50 percent experienced severe cost burden.

**Renters with incomes between 30 and 50 percent of median income.**

Elderly - 78 percent experienced housing problems, of which 77 percent experienced cost burden and 40 percent experienced extreme cost burden.

Small Related - 90 percent experienced housing problems, of which 85 percent experienced cost burden and 34 percent experienced severe cost burden.

Large Related - 95 percent experienced housing problems, of which 77 percent experienced cost burden and 25 percent experienced severe cost burden.

Other - 86 percent experienced housing problems, of which 86 percent experienced cost burden and 43 percent experienced severe cost burden.

**Owners with incomes between 30 and 50 percent of median income.**

Elderly - 52 percent experienced housing problems, of which 52 percent experienced cost burden and 37 percent experienced extreme cost burden.

Small Related - 84 percent experienced housing problems, of which 84 percent experienced cost burden and 63 percent experienced severe cost burden.

Large Related - 97 percent experienced housing problems, of which 92 percent experienced cost burden and 52 percent experienced severe cost burden.

Other - 80 percent experienced housing problems, of which 88 percent experienced cost burden and 60 percent experienced severe cost burden.

**Renters with incomes between 50 and 80 percent of median income.**

Elderly - 57 percent experienced housing problems, of which 56 percent experienced cost burden and 21 percent experienced extreme cost burden.

Small Related - 59 percent experienced housing problems, of which 46 percent experienced cost burden and two percent experienced severe cost burden.

Large Related - 78 percent experienced housing problems, of which 36 percent experienced cost burden and two percent experienced severe cost burden.

Other - 60 percent experienced housing problems, of which 56 percent experienced cost burden and four percent experienced severe cost burden.

**Owners with incomes between 50 and 80 percent of median income.**

Elderly - 34 percent experienced housing problems, of which 34 percent experienced cost burden and 17 percent experienced extreme cost burden.

Small Related - 76 percent experienced housing problems, of which 73 percent experienced cost burden and 24 percent experienced severe cost burden.

Large Related - 84 percent experienced housing problems, of which 58 percent experienced cost burden and 11 percent experienced severe cost burden.

Other - 78 percent experienced housing problems, of which 78 percent experienced cost burden and 33 percent experienced severe cost burden.

In addition, housing needs were assessed for special groups. The Non-Homeless Special Needs and Community Development tables provide information on the housing needs of some of these groups. The Non-Homeless Special Needs section discusses housing needs for seniors, frail elderly, the physically and mentally disabled, persons with HIV/AIDS, single-parent households and large families. Housing needs of public housing residents are discussed in the Needs of Public Housing section.

**Substandard Housing Conditions**

According to the City's Housing Element, approximately 64 percent of the housing stock was built between 1970 and 1990, and approximately 25 percent was built between 1950 and 1960. Approximately 11 percent of the City's housing stock is 50 years or older. Based on the number of housing units in the City that are currently or will be 30 years old or older in the near future, housing maintenance and rehabilitation will become an important issue in the City.

Overall, the housing stock in Modesto is well maintained. However, City staff has estimated that approximately 15,000 housing units require rehabilitation and 500 housing units require replacement. The areas with the oldest homes include the downtown area and areas north of downtown. Many of these areas have well-kept vintage homes that are among the City's most valuable, although median owner costs are among the lowest in the City. The median home values for the older housing stock northwest of Paradise Road and southwest of Highway 99 are some of the lowest in the City, as reported by the U.S. Census. Median home values in the Airport Way area west of Vista Road are in about the middle, compared to other census tracts in the City.

Many of these areas with older homes correspond with census tracts with higher concentrations of lower-income households. Lower-income homeowners and landlords renting to lower-income households are sometimes more apt to defer maintenance on their homes. Due to the age of housing stock in some of the neighborhoods near downtown, considerable maintenance would be necessary to maintain adequate living space conditions. The census tract that most represents the downtown and central portion of the City has the lowest median gross rental rate, and the Paradise/Highway 99 area is also more affordable relative to rents compared to almost any City census tract.

Figure 1 (Figure 2-10 from the 2004 Modesto Housing Element) shows the median age of the housing stock by census tract (2000 Census).

**Figure 1 Age of Housing Stock by Census Tract, 2000**

## **Overcrowding**

Overcrowding is a serious problem in Modesto, particularly for renter households and households living below the poverty level.

**Renters.** There were 26,787 housing units occupied by renters in 2000. Of these units, 4,783 had 1.01 or more occupants per room, and 887 had 2.01 or more occupants per room. In 2000, 6,264 renter households had incomes below the poverty level. Of these households, 1,776 lived in housing units with more than 1.01 occupants per room.

**Owners.** There were 38,316 housing units occupied by owners in 2000. Of these households, 2,911 had 1.01 or more occupants per room, and 325 had 2.01 or more occupants per room. In 2000, 1,986 homeowners had incomes below the poverty level. Of these households, 324 lived in units with more than 1.01 occupants per room.

Priorities were established for housing needs based in part on this housing market analysis. These priorities are listed in the Priority Housing Needs section of this document.

## **2. Disproportionate Housing Needs**

There are three specific ethnic groups that have a disproportionately greater housing need. HUD defines a "disproportionately greater need" as a proportion of households experiencing housing problems that is ten percent or greater than the overall percentage experienced by households in a specific income category.

- Pacific Islanders. All (100 percent) Pacific Islander households with incomes less than 30 percent of median family income reported having housing problems, compared to 81.7 percent for all households in this income category.
- Asians. Approximately 75 percent of Asian households with incomes between 50 and 80 percent of median family income reported having housing problems, compared to 61.5 percent for all households in this income category.
- Black. About 95.2 percent of Black households with incomes between 30 and 50 percent of median family income reported having housing problems, compared to 81.5 percent for all households in this income category. Among Black households between 50 and 80 percent of median family income, 73.4 percent reported having housing problems, compared with 61.5 for all households in this income category.
- Hispanics. Among Hispanic households, 72.2 percent with incomes between 50 and 80 percent of median family income reported having housing problems, compared to 61.5 percent for all households in this income category.

## **Priority Housing Needs (91.215 (b))**

*1. Identify the priority housing needs in accordance with the categories specified in the Housing Needs Table (formerly Table 2A). These categories correspond with*

*special tabulations of U.S. census data provided by HUD for the preparation of the Consolidated Plan.*

*2. Provide an analysis of how the characteristics of the housing market and the severity of housing problems and needs of each category of residents provided the basis for determining the relative priority of each priority housing need category.*

*Note: Family and income types may be grouped in the case of closely related categories of residents where the analysis would apply to more than one family or income type.*

*3. Describe the basis for assigning the priority given to each category of priority needs.*

*4. Identify any obstacles to meeting underserved needs.*

3-5 Year Strategic Plan Priority Housing Needs response:

### **1. Identification of Priority Housing Needs**

Refer to the Housing Needs table for identification of priority housing needs. Priority housing needs have been summarized from Chapter 1 (Introduction) and Chapter 2 (Housing Needs Assessment) of the City's 2004 Housing Element.

The City of Modesto faces a critical need to plan for and provide sufficient housing units, resources, and programs for our residents. Rising housing costs, a large anticipated population growth, and changing demographics illustrate the need to develop an approach and strategy to produce housing that matches the needs of Modesto residents.

Since the late 1990s, Modesto has experienced a substantial rise in housing costs for both rental and ownership housing. Despite a relatively high rate of housing production between 2000 and 2005, housing costs have continued to rise. This threatens to make the average home unaffordable to the average working family in the City. Diminishing housing affordability in San Francisco Bay Area jurisdictions has increased the demand for housing in Modesto, resulting in increased housing prices, increased cost burden for households, and lack of affordable housing production. Meanwhile, the City faces a need to continue upgrading housing and reinvesting in neighborhoods.

Under California law, cities and counties must plan to accommodate their "fair share" of a region's future housing need. Future housing need refers to the share of the regional housing need that has been allocated to the City. Regions are largely based on the geographic areas covered by councils of government, which prepare regional housing allocation plans. Modesto is located within a single-county council of governments, the Stanislaus Council of Governments (Stan COG). Stan COG's regional housing allocation plan covers a 7.5-year period from January 2001 through June 30, 2008.<sup>3</sup> Stan COG assigns future housing needs according to four income categories:

---

<sup>3</sup> Stanislaus Council of Governments *2002 Regional Housing Needs Assessment*. Subsequent to the start of the period covered by the plan, the California Legislature extended the planning period by one year, to June 30, 2009.

- Very low-income (50 percent or less of median income);
- Low-income (50 – 80 percent of median income);
- Moderate-income (80 – 120 percent of median income); and
- Above moderate-income (over 120 percent of median income).

The major goal of the regional housing plan is to assure a fair distribution of housing among Stanislaus County and its cities so that every community provides an opportunity for a mix of housing affordable to all economic segments. The housing allocation targets are not building requirements, but goals for each community to accommodate through appropriate planning policies and land use regulations. Allocation targets are intended to assure that adequate sites and zoning are made available to address anticipated housing demand during the planning period, and that market forces are not inhibited in addressing the housing needs of all economic segments of a community. According to the Stan COG housing plan, the City of Modesto should accommodate 3,376 housing units affordable to very low-income households and 2,609 units affordable to low-income households. The City's allocation of 5,985 housing units for households earning 80 percent or less of median family income represents an annual need of approximately 800 housing units per year.

Within this broad context, Modesto has established the following housing priorities during the 2005 - 2009 Consolidated Plan period:

**Priority H-1.** Increase the supply of affordable rental housing.

**Priority H-2.** Provide homeownership opportunities.

**Priority H-3.** Preserve existing affordable housing stock.

**Priority H-4.** Continue to support fair housing.

Strategies to meet these priority needs include:

- Increase rental housing by partnering with the Modesto Redevelopment Agency (RDA) to develop housing units.
- Use HOME funds to leverage funding for the construction of new housing units.
- Use the Revolving Loan Fund to acquire property for affordable housing.
- Continue monitoring the Down Payment Assistance Program closely, along with the housing market, to ensure the program can benefit as many first-time homebuyers as possible while protecting the City's investment.
- Investigate preserving existing affordable housing covenants in Section 8 rental housing units.
- Complete the Highway Village Mandatory Housing Rehabilitation Target Area project.
- Begin a new City-wide Housing Rehabilitation Program, with fewer restrictions and higher loan limits, to encourage rehabilitation of existing housing units.

- Consider new Mandatory Target Area to coordinate with the Police Department's "Weed and Seed" designation, starting with Roselawn Area "A".
- Implement the recommendations in the City's Analysis of Impediments to Fair Housing Choice, currently being prepared.

## **2. Impacts of Housing Market on Determination of Priorities**

Housing market conditions have caused the City to assign a high priority to the construction of additional affordable housing, the preservation of affordable subsidized rental housing at risk of conversion to market-rate housing, and the conservation of the City's older housing stock, much of which is of lower cost than newer stock. Specific priorities include extremely low- and low-income special needs households (e.g., seniors, persons with disabilities, and large families), and low- and moderate-income families seeking to become homeowners. Goals and priorities are listed in the responses to General Questions, page 3.

To address these priorities, the City implements the following programs:

- **Disabled Access Assistance Program.** This program is designed to provide assistance for disabled persons in making their homes more accessible.
- **Emergency Home Repair Program.** This program is designed to repair or eliminate emergency health and hazardous conditions in homes.
- **Housing Maintenance Program.** This program is designed to eliminate health and safety hazards within the home and promote beautification.
- **Property Enhancement Program.** This program provides financial assistance to enable property owners to improve the exterior appearance of their properties.
- **Down-payment Assistance Program.** This program helps homebuyers purchase homes by providing financial assistance toward a down payment and closing costs.
- **Lease-to-own Program.** This is a new lease-to-own program that will pay down payment and closing costs.
- **Minor Home Repair Grant Program.** This program provides financial assistance for minor home repairs for owner-occupied single-family homes and mobile homes.

## **3. Basis for Assigning Priority to Needs**

Refer to response to Item #2 in the General Questions section.

## **4. Obstacles to Meeting Underserved Needs**

Refer to response to Item #3 in the General Questions section.

## **Housing Market Analysis (91.210)**

\*Please also refer to the Housing Market Analysis Table in the Needs.xls workbook

*1. Based on information available to the jurisdiction, describe the significant characteristics of the housing market in terms of supply, demand, condition, and the*

*cost of housing; the housing stock available to serve persons with disabilities; and to serve persons with HIV/AIDS and their families.*

*2. Describe the number and targeting (income level and type of household served) of units currently assisted by local, state, or federally funded programs, and an assessment of whether any such units are expected to be lost from the assisted housing inventory for any reason, (i.e. expiration of Section 8 contracts).*

*3. Indicate how the characteristics of the housing market will influence the use of funds made available for rental assistance, production of new units, rehabilitation of old units, or acquisition of existing units. Please note the goal of affordable housing is not met by beds in nursing homes.*

3-5 Year Strategic Plan Housing Market Analysis responses:

### **1. Significant Characteristics of Housing Market**

#### **General Housing Characteristics**

According to January 2004 data from the California Department of Finance, the City of Modesto had 72,017 housing units. Of that total, 50,524 were detached single-family homes and 4,010 attached single family homes. There were 6,239 multi-family units with two to four units, 9,253 multi-family units with five or more units and 1,991 mobile homes. Occupied housing units totaled 69,637, with a vacancy rate of 3.3 percent. The 2000 U.S. Census indicated that the total number of housing units in Modesto were 67,278. Therefore, the City's housing stock increased by 4,739 units between 2000 and 2004 - an approximately seven percent increase.

#### **Housing Cost and Affordability**

The San Francisco Bay Area is adjacent to Stanislaus County to the west. The expansion of the Bay Area economy during the 1990s attracted workers from all over the country and around the world, creating a high demand for housing. The expansion of the Internet business and high-technology sectors generated sudden wealth that pushed housing prices to new heights.

Between 1990 and 2000, housing prices have increased dramatically in the Bay Area, while the cost of housing in Stanislaus County has remained relatively affordable, although local housing costs began to rise faster than local incomes in the late 1990s (Figures 2 and 3). As Bay Area workers sought affordable housing in the San Joaquin Valley, housing prices in Stanislaus County have soared. Since 2000, the median home price in Stanislaus County has doubled, and the median rent has increased by over 50 percent. Essentially, the housing crisis that originated in the Silicon Valley and Bay Area has shifted eastward to the San Joaquin Valley.

Average wages for Bay Area workers have increased in tandem with the cost of living, making Stanislaus County homes inexpensive to those with jobs in Silicon Valley and other Bay Area employment centers. Many who seek affordable housing are willing to make the long commute between the Bay Area and Stanislaus County. The California Department of Transportation estimates that approximately 23,000 Stanislaus County residents make this long-distance commute. Trips over the Altamont Pass, the principal gateway between the San Joaquin Valley and the Bay Area, have increased by 400 percent since 1971, from 29,000 to 117,000 per day.

Figure 2 Median Home Value, California Counties, 2000

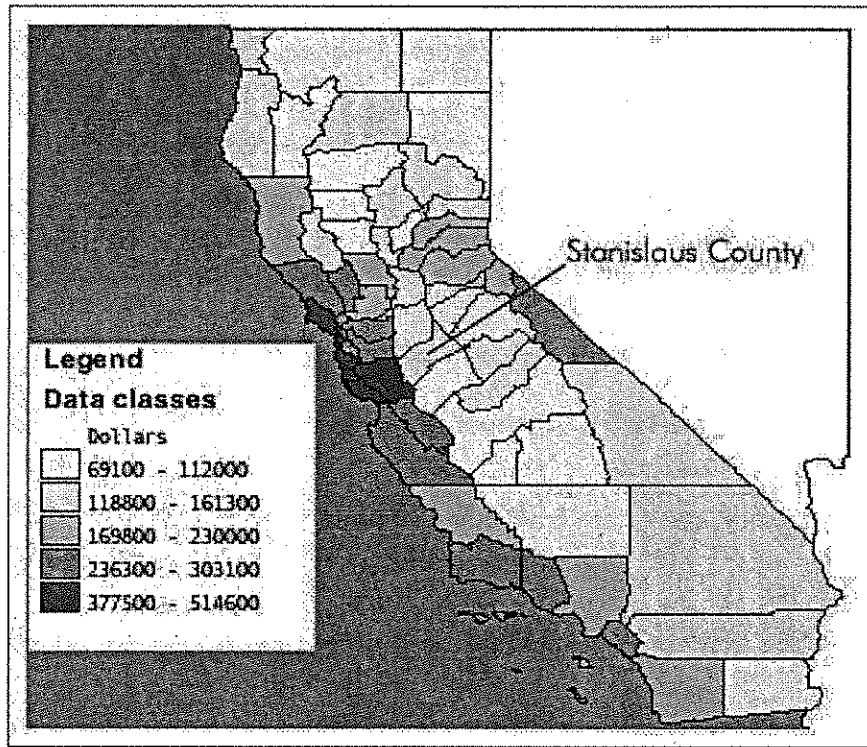

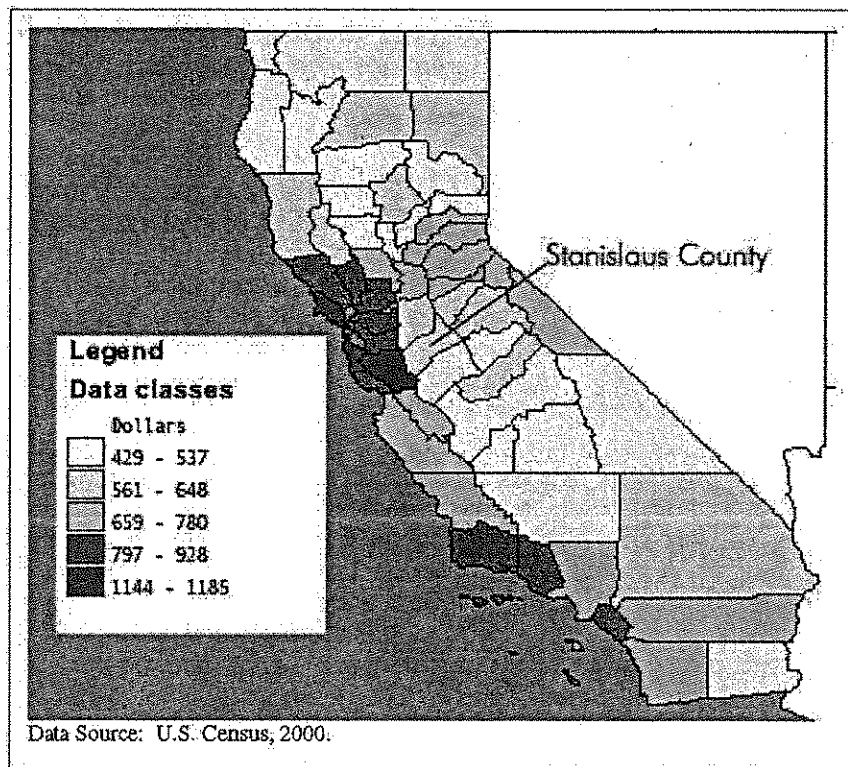

Figure 3 Median Rent, California Counties, 2000

The rising demand for housing in Modesto is driven in part by commuters from the Bay Area. With higher wages, Bay Area workers have the purchasing power to pay higher rents and high prices for homes, pushing the cost of housing in Modesto to levels beyond the reach of many existing Modesto residents.

Recent increases in housing costs in Modesto, with the lack of a commensurate increase in wages, have increased the challenge for low- and moderate-income households in finding adequate and affordable housing. The median price for single-family homes in 2002 was \$194,000, and the average price was \$209,000, neither of which the extremely low- or low-income family in Modesto could afford (Source: Dataquick, a real estate database). Only moderate-income households (those earning between 80 and 120 percent of median income) could afford the median-priced home as of 2002. By February of 2005, the median-priced home in Modesto had increased in value to \$280,000, an increase of 44 percent in three years. While high, the median price in Modesto was still lower than most other cities in Stanislaus County.

In Modesto, there are a small number of two-bedroom homes that would be affordable to the low-income small family and a larger number available to the moderate-income small family. Condominiums, while small in number in Modesto, represent a viable affordable market-rate housing option for some low-income households and most moderate-income households. According to sales data, there are a smaller number of these units that would be affordable and appropriately sized for low-income small families as well.

The median gross rent, as reported by the 2000 U.S. Census, was \$639. By 2002, the median rent was in the range of \$750 - \$850 per month. In March 2005, the median rent of 215 housing units listed by the Stanislaus County Housing Authority ranged from \$600 for a one-bedroom unit to \$1,700 for a five-bedroom unit. Median rents in Modesto were roughly similar. The overall median rent, approximately \$1,000, represents an increase of more than 50 percent since 2000, and over 25 percent since 2002. Rent levels are out of reach for extremely low-income and most low-income households, but are in the affordable range for households earning more than 80 percent of median income.

Tables 1 and 2 summarize home sales and price information through February 2005. Table 3 summarizes rental information for 215 listings in Stanislaus County.

**TABLE 1**  
**Home Sales Prices, 1997-2002**

Year	Median Sales Price	% Annual Change	Period	Average	% Annual Change	Period
1990	\$130,700	N/A	Annual	\$134,921	N/A	Annual
1991	N/A	N/A	Annual	\$138,480	3%	Annual

Source: Stanislaus County Housing Authority at [www.stancoha.org/rental\\_listing](http://www.stancoha.org/rental_listing)

**Housing Rehabilitation.** The City has identified several targeted neighborhoods for needed housing rehabilitation improvements. These neighborhoods include the 400 blocks of Maple, Oak and Pine Avenues located near the downtown area, Brenner Way, Strivens Avenue, Sparks Way, Whitcomb Way, Crommelin Avenue, Gravey Avenue, Budd Street and Earl Street in the Highway Village Community north of the

downtown area near Highway 99 and Oregon Avenue (City limits only), Santa Cruz Avenue, Empire Avenue, Thrasher Avenue, Benson Avenue, Larkin Avenue and Kerr Avenue in the Airport Area within the City. (Source: Parks, Recreation and Neighborhood Department, March 24, 2004).

## **2. Assisted Housing Units at Risk of Conversion**

The City of Modesto has assisted in the development of more than 22 affordable housing projects, including nine multi-family complexes that total 400 units, six single family developments that total 129 affordable units, and seven transitional housing projects that total 42 units. All of the multi-family developments with affordability covenants are recent projects, and none are at risk of converting to market-rate housing. In addition, eight affordable housing projects were developed with federal subsidies. Four of the eight are reserved for families and four are reserved for seniors. Two of the family and one senior Section 8 projects are annual contracts. According to HUD records, all federally assisted projects in Modesto have affordability restrictions/subsidy contracts that are due to expire in the next decade. A total of 735 units are at risk of losing Section 8 subsidies over the 10-year period. The Marple Manor contract expired November 2003, and the Ralston Tower contract expired November 2004. The Vinewood Apartments and the Cameron Villa Apartments contracts will expire in September 2005, and the Colonial Farms contract will expire in February 2013.

## **3. Influence of Housing Market on Affordable Housing Availability**

The growing gap between housing costs and local incomes has created an increasing need for affordable housing in Modesto. At the same time, existing housing that could be a source of affordability should be preserved so as not to increase the affordability gap even further. To that end, the City has established the following goals related to affordable housing:

- a. Focusing on Concerns of Persons in Low-Income Neighborhoods**
  - Support neighborhood efforts to eliminate slum and blight.
  - Strongly market and fund the Housing Rehabilitation Program, to preserve existing housing stock and to prevent further decline of older neighborhoods.
  
- b. Continued Efforts to Develop and Facilitate Construction of Affordable Housing**
  - Continuing to educate citizens about quality affordable housing developments that have been and are being built.
  - Continue the Down Payment Assistance Program.
  - Working closely with the City's Redevelopment Agency to ensure that Housing Set-Aside funds are used in a timely and efficient manner.
  - Evaluate the feasibility of inclusionary zoning and financial incentives for developers as recommended in the City's Housing Element.
  
- c. As Part of the Continuum of Care Consortium, Address Both the Short- and Long-Term Needs of the Homeless**
  - Increase options for long-term transitional housing, especially for certain affected groups such as single women with children, and those with mental health and chemical dependency issues.
  - Continue to increase affordable housing options so that very low-income working families will not be at-risk of homelessness.

- Apply for state and federal grants and other funding to provide transitional and permanent housing for homeless individuals and families.

As previously noted in the Housing Needs section (page 26), the City of Modesto offers programs to assist working families in gaining or maintaining a home. The City offers many government programs to assist with the provision of housing, using contracts that ensure that the units remain affordable. Publicly assisted housing in the City includes housing developments that were provided with low-interest loans and rent subsidies through various Department of Housing and Urban Development (HUD) and Federal Housing Administration (FHA) programs, City-assisted development, and other privately developed affordable housing using a variety of funding sources. According to the City's Housing Element, the City can maintain the existing affordable housing stock by preserving existing housing assisted units or replenish the affordable housing inventory with new units.

### **Specific Housing Objectives (91.215 (b))**

- 1. Describe the priorities and specific objectives the jurisdiction hopes to achieve over a specified time period.*
- 2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the strategic plan.*

3-5 Year Strategic Plan Specific Housing Objectives response:

#### **1. Priorities and Objectives**

Refer to the Housing Needs table for priorities and objectives regarding housing needs.

#### **2. Use of Federal, State and Local Resources**

Refer to the Housing Needs table for a description of resources to be used to address identified needs.

### **Needs of Public Housing (91.210 (b))**

*In cooperation with the public housing agency or agencies located within its boundaries, describe the needs of public housing, including the number of public housing units in the jurisdiction, the physical condition of such units, the restoration and revitalization needs of public housing projects within the jurisdiction, and other factors, including the number of families on public housing and tenant-based waiting lists and results from the Section 504 needs assessment of public housing projects located within its boundaries (i.e. assessment of needs of tenants and applicants on waiting list for accessible units as required by 24 CFR 8.25). The public housing agency and jurisdiction can use the optional Priority Public Housing Needs Table (formerly Table 4) of the Consolidated Plan to identify priority public housing needs to assist in this process.*

3-5 Year Strategic Plan Needs of Public Housing response:

**Number of Public Housing Units**

The HACS has 433 public housing units in Modesto. The Housing Market Analysis table provides a breakdown of these units by occupancy status and by number of bedrooms per unit. In addition, the HACS has responsibility for 224 housing units classified as private housing stock.

**Physical Condition, Restoration, and Revitalization Needs**

As indicated in the Housing Market Analysis table, there are 36 public housing units in Modesto that are classified as substandard. These units are currently vacant and are undergoing rehabilitation. The HACS has established as an objective the completion of public housing modernization activities in a timely manner. Its Five-Year Plan includes a Capital Fund Program Action Plan as an attachment.

**Public Housing and Tenant-Based Section 8 Waiting Lists**

Public Housing. There are 3,143 families in Stanislaus County that are currently on the HACS's public housing waiting list, according to its Five Year Plan. It is not known how many of these families are from Modesto. Of the families on the public housing waiting list, approximately 57 percent have incomes less than 30 percent of median. Approximately 45 percent of these families have children.

Section 8 Program. According to the HACS, there are 1,643 applicants on the Section 8 waiting who live in in Modesto, compared to 2,655 Section 8 program participants who presently live in the City. Table 4 compares the characteristics of Section 8 voucher holders with those on the waiting list. About two-thirds of Section 8 participants and those on the waiting list have incomes less than 30 percent of median. Female-headed households, primarily single mothers, comprise the largest percentage of Section 8 participants, followed by families without a disabled head of household and families with a disabled head of household.

**TABLE 4**  
**Comparison of Section 8 Voucher Holders and Waiting List**

	Section 8 Vouchers	Section 8 Waiting List
<b>Household Type<sup>1</sup></b>		
Elderly	4%	4%
Single Disabled	22%	12%
Family w/Disabled	32%	10%
Other Family	74%	71%
Female Head of HH	77%	46%
<b>Income Level<sup>2</sup></b>		
Extremely Low (<30%)	64%	70%
Very Low (30% - 50%)	30%	26%
Low (50% - 80%)	6%	4%
<b>Ethnicity</b>		
White, Non-Hispanic	55%	---
Hispanic	23%	---
Black	11%	---
Asian	9%	---
Native Hawaiian	1%	---
American Indian	1%	---
<b>TOTAL NUMBER</b>	<b>2,655</b>	<b>1,643</b>

1. The percentages exceed 100 because a household may fall into more than one category.
2. Percentages do not add to 100 due to rounding. Information on ethnicity is not available for Section 8 applicants on the waiting list.

### **Public Housing Strategy (91.210)**

1. Describe the public housing agency's strategy to serve the needs of extremely low-income, low-income, and moderate-income families residing in the jurisdiction served by the public housing agency (including families on the public housing and section 8 tenant-based waiting list), the public housing agency's strategy for addressing the revitalization and restoration needs of public housing projects within the jurisdiction and improving the management and operation of such public housing, and the public housing agency's strategy for improving the living environment of extremely low-income, low-income, and moderate families residing in public housing.

2. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake to encourage public housing residents to become more involved in management and participate in homeownership. (NAHA Sec. 105 (b)(11) and (91.215 (k))

3. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation. (NAHA Sec. 105 (g)).

3-5 Year Strategic Plan Public Housing Strategy response:

### **1. Public Housing Agency Strategy**

The HACS has prepared its Five-Year Plan for Fiscal Years 2005-2009, which proposes the following strategies for serving the needs of extremely low-, low- and moderate-income families, including those on the public housing and Section 8 waiting lists:

- Maximize the number of affordable units available to the HACS within its current resources.
- Increase the number of affordable housing units.
- Target available assistance to families at or below 30 percent of AMI, and from 30 to 50 percent AMI.
- Target available assistance to the elderly.
- Target available assistance to families with disabilities.
- Increase awareness of HACS resources among families of races and ethnicities with disproportionate needs.
- Conduct activities to affirmatively further fair housing.
- Continue to pursue collaborative projects with local agencies to increase the level of permanent supportive housing for persons with disabilities and special populations.
- Continue to participate as a lead agency in the Countywide Continuum of Care Plan to identify potential collaboratives, pursue local resources, and identify the greatest area of housing needs within Stanislaus County.

The HACS's Five-Year Plan contains details on how these strategies will be implemented. In addition, as described in the Needs of Public Housing section, the HACS intends to perform some remodeling, modernization, repair and repainting work at some of its public housing complexes.

### **2. Actions to Encourage Public Housing Resident Involvement in Management and Participation in Homeownership**

In its most recent Annual Plan, the HACS has the increase of customer satisfaction as an objective. Strategies to accomplish this objective include:

- Improve communications with residents and program participants through the use of newsletters and resident meetings.
- Monitor results from HACS's Customer Service Evaluation System and use the results to implement changes that improve customer service.
- Continue to provide staff training opportunities that support improvements in the quality of HACS's housing programs.

In addition, the HACS intends to implement the following objectives that are designed to encourage assisted households to make steps toward homeownership:

- Increase the number of Family Self-Sufficiency Program participants.
- Initiate and enroll families in a new Focused Self-Sufficiency Program in the public housing program.

- Expand and enter into partnerships that will provide self-sufficiency services in the HACS's community centers.
- Initiate an Individual Development Account program for public housing residents.
- Apply for IDEA Program funds, as opportunities become available, that will allow up to \$10,000 in down payment assistance for graduating Family Self-Sufficiency Program participants.
- Create a Lease-to-Own Homeownership Program for Family Self-Sufficiency Program participants.

### **3. "Troubled" Public Housing Agency**

The HACS is not classified as "troubled" by HUD, nor is it considered to be performing poorly.

### **Barriers to Affordable Housing (91.210 (e) and 91.215 (f))**

*1. Explain whether the cost of housing or the incentives to develop, maintain, or improve affordable housing are affected by public policies, particularly those of the local jurisdiction. Such policies include tax policy affecting land and other property, land use controls, zoning ordinances, building codes, fees and charges, growth limits, and policies that affect the return on residential investment.*

*2. Describe the strategy to remove or ameliorate negative effects of public policies that serve as barriers to affordable housing, except that, if a State requires a unit of general local government to submit a regulatory barrier assessment that is substantially equivalent to the information required under this part, as determined by HUD, the unit of general local government may submit that assessment to HUD and it shall be considered to have complied with this requirement.*

3-5 Year Strategic Plan Barriers to Affordable Housing response:

The following analysis of barriers to affordable housing, and the City's strategies for the removal of such barriers, is a summary of Chapter 3 of the 2004 Housing Element (Constraints) and programs contained in Chapter 6 (Housing Plan) to address those constraints. Only those goals and programs relevant to the removal of barriers to affordable housing resulting from City policies are summarized in this section.

#### **1. Affect of Public Policies on the Cost of Housing.**

**Multi-Family Housing.** A potential constraint to the provision of sufficient multi-family housing is the allowance of single-family residential uses in the R-2 and R-3 zones as a matter of right. This concept is typically referred to as the "pyramid" zoning system, where most permitted uses in a lower density zone are permitted in the next higher density zone. Allowing single-family developments within R-2 and R-3 zones reduces the likelihood that vacant R-2 and R-3 properties will be developed for multi-family uses, which are permitted in these zones. Two housing developments where single-family housing was proposed on R-2 and R-3 properties were approved in 2002. Program 4.2 of the Housing Plan in this Housing Element proposes revisions to the Zoning Ordinance to eliminate this practice.

**Second Units.** The Zoning Ordinance allows the development of a second living unit in all residential districts. The purpose of permitting additional living units is to allow more efficient use of existing housing and to provide the opportunity for the development of small housing units to meet the special housing needs of seniors and others, while preserving the integrity of single-family neighborhoods. Approval of an accessory unit is permitted through a building permit. The City will be updating the Zoning Ordinance to reflect changes in State law (see Programs 2.2 and 4.2).

**Transitional Housing:** Transitional housing is typically defined as temporary (often six months to two years) housing for an individual or a family that is transitioning to permanent housing, or for youth who are moving out of the foster care system. While the Zoning Ordinance does not expressly address these types of facilities, a development application for a transitional housing shelter would most likely be considered as a multi-family residential development, and would be allowed if consistent with the locations and conditions of multi-family residential uses. Such uses may be provided for in R-2, R-3, and P-O zones with a Plot Plan approval by the Planning Commission. Transitional housing uses would also be permitted in the C-1, C-2, and C-3 zones with approval of a Conditional Use Permit by the Board of Zoning Adjustment. These uses may also be allowed as part of a Planned Development in a P-D zone. Currently, the City has seven transitional housing facilities, totaling 42 units. While the Zoning Ordinance should be updated to explicitly address transitional housing facilities (see Program 4.2), the City has a history of facilitating the provision of transitional housing opportunities.

**Farm Labor Housing:** Housing for migrant or short-term farmworkers, such as labor camps and specialized dormitory-style living facilities, are not specifically mentioned in the Zoning Ordinance. As with other forms of housing not explicitly mentioned in the Zoning Ordinance, an application for the creation of farmworker housing would be subject to a zoning interpretation from the Community and Economic Development Director or with decisions appealable to the Board of Zoning Adjustment. Housing for permanent or longer-term agricultural workers may be developed in any zone where residential uses are permitted, governed by the development standards placed on similar types of structures (for instance, if proposed as a medium density residential use, farm worker housing would be permitted in the R-2 zone).

**Residential Density.** The maximum permitted density, as defined in terms of the number of units per acre, varies by zone. The maximum density ranges from 8.7 units per acre in the R-1 single-family zone to 28 units per acre in the high-density R-3 zone. In addition, the Planned Development or Overlay zones have no prescribed maximum density. By permitting a range of densities, the City facilitates the development of a variety of housing types, ranging from low-density single-family residences to larger apartment complexes. However, as discussed above, the Zoning Ordinance currently permits single-family housing in multi-family zones, potentially reducing the density that can be realized in multi-family zones. The continued appropriateness of this practice should be reviewed.

**Parking Requirements.** The City's parking requirements for residential uses vary by type. Single-family homes are required to have two off-street parking spaces per home, plus an additional space if the property includes a two-car garage (one-half space extra if the garage is only one-car). If the single-family home has a second dwelling unit on the premises, then another space is also required. All other residential uses are required to provide two parking spaces per dwelling unit, plus

one recreational vehicle space for each 25 dwelling units. Guest parking is included in the requirements. The City offers flexible parking standards for housing for seniors and persons with disabilities. To facilitate the development of small-size units and mixed-use developments particularly along commercial corridors, the City will review its parking requirements for studio and one-bedroom units, as well as shared parking/off-site parking arrangements for mixed-use developments.

**Density Bonus.** Modesto offers a density bonus to developers who agree to set aside a portion of their housing units for low-income residents in accordance with state law. Two density bonuses were granted over the past ten years. The City revised its density bonus standards to comply with recent revisions to state law requirements, and reviewed its density bonus practices to ensure that the bonus provides an incentive for the production of affordable housing.

**Reasonable Accommodations for Persons with Disabilities.** State and federal housing laws encourage an inclusive living environment, where persons of all walks of life have the opportunity to find housing suited to their needs. As discussed earlier, the Zoning Ordinance permits a range of housing types suitable to special needs groups covered under the uses "Residential Care Facilities." Group homes serving six or fewer persons are permitted by right in all residential zones, and larger facilities (seven or more persons) are permitted in all residential zones with a Conditional Use Permit.

Nevertheless, opportunities exist for making changes to better facilitate the development of housing for persons with disabilities. For instance, all uses that are not listed within the Zoning Ordinance are subject to interpretation by either the Community and Economic Development Director or the Planning Commission. Many typical housing options for the disabled, including single-room occupancy hotels, transitional housing and the like, are not explicitly defined in the Zoning Ordinance and are therefore open to interpretation. The City may consider updating the Zoning Ordinance to define these types of housing and specify the conditions and process required to develop such facilities within the City. This can improve the clarity of the code and ensure that those seeking to provide housing and housing services for the disabled clearly understand the City's zoning and land use policies relating to these uses.

One potential constraint in the City's permit processes for reasonable accommodations is the lack of a specific procedure for processing such requests. The City will establish a formal process to provide individuals with disabilities reasonable accommodations in rules, policies, practices, and procedures that may be necessary to ensure equal access to housing (refer to Housing Element Program 4.3). The purpose will be to provide a process for individuals with disabilities to make requests for reasonable accommodation in regard to relief from the various land use, zoning and building laws, rules, policies, practices and/or procedures of the City.

## **2. Strategies to Remove Barriers to Affordable Housing**

The following goals and implementation measures are from the City's 2004 Housing Element. Only those goals and programs relevant to the Consolidated Plan requirement to remove barriers to affordable housing are cited below.

**Goal 2: Maximize Housing Choice throughout the Community**

Program 2.1: Manufactured Housing

Pursuant to State law, the City will continue to permit manufactured housing/mobile homes in all residential districts, provided that they meet the same standards as conventional housing and are placed on a permanent foundation.

Program 2.2: Second Units/Accessory Units

The Zoning Ordinance allows the development of a second living unit in all residential districts. Currently, approval of a second unit is granted either by the Planning Commission or Zoning Administrator, depending on the zoning district in which it is proposed. Recent changes to State law (AB 1866) require that second units be allowed by a ministerial permit rather than a discretionary permit.

Program 2.5: Fair Housing Services

The City actively furthers fair housing in the community. Specifically, the City continues to support the Human Relations Commission in their activities to promote fair housing. The Human Relations Commission is a seven-member advisory group that meets bi-monthly to promote good human relations in the community and is staffed by the City Manager's Office.

**Goal 4: *Ensure Land Use and Zoning Procedures are Accommodating to Housing***

Program 4.2: Zoning Code Amendments

As part of this Housing Element update, the City has identified several revisions to the Zoning Code necessary to meet recent changes to State laws and to further facilitate the development of affordable housing and housing for persons with special needs. These include:

- Revision to the density bonus provisions to eliminate the low income requirement for senior projects and condominium projects to receive a density bonus in compliance with State law (Program 1.7);
- Revision to specifically identify in which zones transitional housing is permitted through a Conditional Use Permit subject to approval by the Board of Zoning Adjustment;
- Revision to reflect recent changes in State law regarding second units (Program 2.2);
- Revision to eliminate pyramid zoning system that permits single-family housing to be constructed in multi-family zones; and
- Revision to establish a formal procedure for persons with disabilities seeking reasonable accommodation (see Program 4.3).

Program 4.3: Reasonable Accommodation

The City will establish a formal reasonable accommodation process to provide individuals with disabilities, reasonable accommodations in rules, policies, practices and procedures that may be necessary to ensure equal access to housing. The purpose of this effort is to provide a clear and consistent process for individuals with disabilities to make requests for reasonable accommodation in order to obtain relief from the various land use, zoning, and building laws, rules, policies, practices and/or procedures of the City.

**Goal 5: Reduce Governmental Constraints**

Program 5.1: Multi-Family Developer Incentive Program

The Stanislaus County Housing Authority and non-profit sponsors of housing for very low-income households are exempt from the City's Capital Facilities Fees (developer fees). For multi-family projects with density bonuses, 20 percent of the project units must serve low-income households or 10 percent of the units must serve very low-income households. For these projects, developer construction fees are levied by deferring payment of Capital Facility Fees with 20 percent required down and five years to pay.

Program 5.2: Streamlined Application Review and Permit Processing

The City complies with the State-mandated Permit Streamlining Act, which ensures timely processing of planning development applications. The City building permit inspections and review have a minimal turnaround time, and no processing procedures result in extensive delays for affordable housing. The City Council has available to it the ability to declare a "shelter crisis" eliminating the requirement for a use permit for the establishment of an emergency shelter for any period of time so designated. By adopting such a declaration, the City may also suspend certain development standards and building code requirements that were non-safety in nature.

Program 5.3: Reduction of Parking Standards

In general, parking requirements in the City do not serve as a constraint to housing development. However, the City allows a reduction in parking standards for senior housing developments. The objective is to match parking standards with need to reduce costs. As the City begins to promote mixed-use developments along the commercial corridors, flexible parking standards may be adopted for mixed use projects and projects that involve small-size units.

---

**HOMELESS**

---

**Homeless Needs (91.205 (b) and 91.215 (c))**

*\*Please also refer to the Homeless Needs Table in the Needs.xls workbook*

*Homeless Needs— The jurisdiction must provide a concise summary of the nature and extent of homelessness in the jurisdiction, (including rural homelessness where applicable), addressing separately the need for facilities and services for homeless persons and homeless families with children, both sheltered and unsheltered, and homeless subpopulations, in accordance with Table 1A. The summary must include the characteristics and needs of low-income individuals and children, (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered. In addition, to the extent information is available, the plan must include a description of the nature and extent of homelessness by racial and ethnic group. A quantitative analysis is not required. If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates.*

3-5 Year Strategic Plan Homeless Needs response:

On June 26, 2001, the Modesto City Council approved the designation of the Stanislaus County Housing and Support Services Collaborative (SCHSSC) as the planning and coordinating body for homeless issues in Stanislaus County. The SCHSSC is composed of public and private entities concerned with providing safe, affordable housing access and supportive services for the people who are homeless, or at risk for homelessness. Staff from the Modesto Parks, Recreation and Neighborhoods Department responsible for administering HUD funding participates in this collaborative, which meets on a monthly basis. Responsibilities include:

- Preparing Stanislaus County's annual Continuum of Care Plan, and applies for funding through the Super NOFA.
- Collecting and reporting on data on the homeless population to HUD. Oversees the implementation of a Homeless Management Information System (HMIS) in Stanislaus County.
- Evaluating the effectiveness of existing homeless service programs and provides recommendations for change.
- Providing an arena for partnerships and collaboration for housing projects.
- Acting as a clearinghouse for information regarding homeless issues, affordable housing, etc.
- Seeking grant opportunities that will assist us in improving the condition and supply of the wide range of housing that is needed in our county.

The County's Draft Plan to End Long Term Homelessness, which has not yet been adopted by the County or the City of Modesto, states that long-term homelessness will make up approximately 10 to 20 percent of those who are homeless in any given year. It also estimates that 2,000-2,500 persons are homeless at any given time in Stanislaus County. No estimate was available for Modesto.

The Stanislaus County Continuum of Care consortium conducted a point-in-time count in January 2005 and included a survey of all shelter and county-wide emergency beds, institutions and wait lists. The purpose of the survey for this time period was to capture the largest number of homeless persons who would be utilizing a shelter facility. During the time the count was conducted, a large number of homeless who typically sleep along the riverbed were forced to vacate due to the dangers of high waters. As a result, a greater number of homeless utilized the homeless facilities during that time period, particularly the chronically homeless population.

Table 5 summarizes the results of the 2005 count. There were 1,613 homeless individuals, of which 484 were in emergency shelters, 194 in transitional housing, and 935 in unsheltered locations. Of the homeless individuals counted, 623 were in families, 675 were male individuals, and 263 were female individuals.

<b>Population</b>	<b>Emergency Shelter</b>	<b>Transitional Shelter</b>	<b>Unsheltered Interviewed</b>	<b>Unsheltered Observed</b>	<b>Total</b>
Individual Male	195	90	195	195	675
Individual Female	63	13	74	113	263
Individual Unknown	16	0	4	32	52
# of Families	63	39	91	9	202
# of Persons in Families	210	91	291	31	623
<b>Total</b>	<b>484</b>	<b>194</b>	<b>564</b>	<b>371</b>	<b>1,613</b>

Table 1A in the Continuum of Care Plan (CofC) indicates that, as of 2004, there were 628 beds for individuals in emergency shelters, transitional housing or permanent supportive housing, with 44 beds under development. According to the CofC, there is an unmet needs/gap for 1,784 additional beds for individuals. The CofC identifies that there were a total of 384 beds for persons in homeless families with children, with 149 beds under development. The CofC also identifies an unmet needs/gap for 1,664 additional beds for families. The numbers in the Unmet Need/Gap column represent the Continuum of Care's judgment on the need for additional beds under each category. The SCHSSC's Special Population Subcommittee determined the numbers for the Unmet Need/Gap column.

The Continuum of Care Homeless Population and Subpopulations Chart shows that there are 203 chronically homeless individuals, 118 severely mentally ill individuals, 183 chronic substance abusers, 25 veterans, 71 victims of domestic violence and youth (under 18 years of age). These individuals were quantified using the point-in-time count. This number indicates the number of people who were counted on any given day.

## **Priority Homeless Needs**

*1. Using the results of the Continuum of Care planning process, identify the jurisdiction's homeless and homeless prevention priorities specified in Table 1A, the Homeless and Special Needs Populations Chart. The description of the jurisdiction's choice of priority needs and allocation priorities must be based on reliable data meeting HUD standards and should reflect the required consultation with homeless assistance providers, homeless persons, and other concerned citizens regarding the needs of homeless families with children and individuals. The jurisdiction must provide an analysis of how the needs of each category of residents provided the basis for determining the relative priority of each priority homeless need category. A separate brief narrative should be directed to addressing gaps in services and housing for the sheltered and unsheltered chronic homeless.*

*2. A community should give a high priority to chronically homeless persons, where the jurisdiction identifies sheltered and unsheltered chronic homeless persons in its Homeless Needs Table - Homeless Populations and Subpopulations.*

3-5 Year Strategic Plan Priority Homeless Needs response:

**1. Homeless and Homeless Prevention Priorities.**

Based on identified homeless needs, the City of Modesto has established the following homeless priorities during the 2005 - 2009 Consolidated Plan period:

**Priority HM-1.** Address chronic homelessness.

**Priority HM-2.** Increase transitional housing.

**Priority HM-3.** Provide permanent supportive housing.

**Priority HM-4.** Prevent homelessness for those most at risk.

**Priority HM-5.** Provide intensive and coordinated case management.

Strategies to meet these priority needs include:

- Establish a "One-Stop Homeless Service Center" within the former Social Security Administration building at 1230 12th Street.
- Enter into "Master Leasing" arrangements with non-profit organizations and the County's Behavioral Health Department.
- Consider longer-term contracts for Direct Shelter Services for ESG or CDBG funding.
- Develop and adopt a ten-year plan to end long-term homelessness, and identify the number of units and the support services needed to assist the homeless.
- Increase options for long-term transitional housing, especially for certain affected groups such as women with children, and those with mental health and chemical dependency issues.
- Apply for federal and State grants and other special funding that is designed to increase shelter and transitional housing options for homeless individuals, such as State of California Proposition 46 funds.
- Support services and agencies listed in the Stanislaus County 2004 Continuum of Care Application.
- Fully implement the Homeless Management Information System (HMIS) to better identify gaps in service and to maintain accurate data about housing and service needs.

One of the highest priority needs in the County is permanent supportive housing and transitional housing for families and individuals who are homeless. Permanent, affordable housing that is tied to supportive services is a critical gap in Stanislaus County, particularly for people with disabilities, serious mental illness, chronic substance abuse and persons with AIDS. These are individuals that require intensive supportive services to maintain a stable housing situation over the long-term. In addition, many shelters cannot move families because of a lack of housing vouchers,

affordable permanent housing, or transitional housing, as well as a lack of supportive services to accompany permanent housing.

The County's CofC has identified the renewal of transitional housing and supportive services as vital, in order to continue addressing needs of homeless families and persons with chronic illness and substance abuse. A new supportive service for runaway youths is also a priority for the County. The CofC has identified gaps in the continuum of supportive services for youth, particularly those not currently supported through foster care or other youth service systems.

Project priorities were determined by rating criteria similar to the Notice of Funding Availability (NOFA) requirements, along with data collected in 2003 from the Special Populations Committee and additional data collected by the CofC Development Committee in June 2004, which identified the greatest needs and gaps in services. Additional criteria established was a ranking of application based on agency capacity to carry out the project, soundness of approach, need, coordination with other agencies to avoid duplication of services, leveraging of other resources, and the continued need of the project (for renewal projects only).

## **2. Priorities for Chronically Homeless Persons.**

"Chronically homeless persons" include individuals or families who have been homeless for a year or longer, or who have experienced four or more episodes of homelessness over a three-year period. A significant majority of this population is comprised of individuals or families with individuals who suffer from mental illness, substance abuse issues, HIV/AIDS, and other health conditions or disabilities. Members of this population have often been released from an institutional setting or incarceration, or from a support system such as foster care.

Communities and agencies in Stanislaus County have taken some specific actions towards ending chronic homelessness in the County. The CofC strategy to end chronic homelessness is implemented countywide by the SCHSSC. Activities and strategies in place are as follows:

- Identify and secure funds for permanent supportive housing;
- Review county-wide discharge planning policies and establish a committee to monitor discharge planning procedures;
- Expand upon existing collaboration between housing and supportive service providers;
- Advocate, provide public education, and raise awareness;
- Collect and analyze data on the chronically homeless population and their needs, including development and implementation of the HMIS;
- Continue research into best practices and technical assistance;
- Initiate further County-wide strategic planning; and
- Conduct and disseminate research on national best practices and lessons learned from other Continuum of Care plan strategies.

Much of the work to alleviate chronic homelessness occurs at the agency level, where service providers are interacting on a daily basis with this population. Strategies to end chronic homelessness are as follows:

- Develop new housing and manage tenant-based rental assistance programs;

- Increase the level of affordable housing within the County as funding opportunities arise;
- Increase the level of outreach services to identify and assist chronically homeless individuals;
- Provide direct services to people who are chronically homeless;
- Conduct outreach to people who are chronically homeless;
- Create venues for inter-agency collaboration so that key housing and supportive services providers can develop individualized strategies for people who are chronically homeless;
- Collect local data and assess local needs;
- Raise awareness and educate their communities;
- Conduct outreach to businesses, citizens, local government agencies, faith-based organizations, and service providers to inform them about the Continuum of Care and encourage their participation;
- Increase community-based services access to the chronically homeless population; and
- Contribute to data collection through participation in the HMIS system.

### **Homeless Inventory (91.210 (c))**

*The jurisdiction shall provide a concise summary of the existing facilities and services (including a brief inventory) that assist homeless persons and families with children and subpopulations identified in Table 1A. These include outreach and assessment, emergency shelters and services, transitional housing, permanent supportive housing, access to permanent housing, and activities to prevent low-income individuals and families with children (especially extremely low-income) from becoming homeless. The jurisdiction can use the optional Continuum of Care Housing Activity Chart and Service Activity Chart to meet this requirement.*

3-5 Year Strategic Plan Homeless Inventory response:

Stanislaus County and the City of Modesto offer a range of outreach assessment services to individuals and families experiencing homelessness. These services range from supportive housing, emergency housing, transitional housing, and permanent housing. According to the Continuum of Care document, as of 2004, there were 11 emergency shelters in the County. Four out of the 11 target youths both male and female, five shelters target males and one facility targets women. Currently, one facility is under development and it will serve males. There are currently 24 transitional housing facilities, targeting men, women, and families. No additional transitional facilities are in development at this time. There are currently five permanent supportive housing facilities in the County, and four more are under development. These facilities also target men, women, and families.

Other outreach and assessment include the Community Housing and Shelter Services (CHSS), Daily Bread Ministries, Golden Valley Health Centers Homeless Health Project, Doctors Medical Center Foundation, the United Way, and the County's Department of Mental Services, Behavioral Health and Recovery Services.

Further details on the Continuum of Care participating agencies, services, and clients can be found in the *2004 Stanislaus County Housing and Supportive Services Collaborative* application to the U.S. Department of Housing and Urban Development.

The application is available through the Housing Authority of Stanislaus County as the lead agency (<http://www.stancoha.org/>).

### **Homeless Strategic Plan (91.215 (c))**

1. *Homelessness— Describe the jurisdiction's strategy for developing a system to address homelessness and the priority needs of homeless persons and families (including the subpopulations identified in the needs section). The jurisdiction's strategy must consider the housing and supportive services needed in each stage of the process which includes preventing homelessness, outreach/assessment, emergency shelters and services, transitional housing, and helping homeless persons (especially any persons that are chronically homeless) make the transition to permanent housing and independent living. The jurisdiction must also describe its strategy for helping extremely low- and low-income individuals and families who are at imminent risk of becoming homeless.*

2. *Chronic homelessness—Describe the jurisdiction's strategy for eliminating chronic homelessness by 2012. This should include the strategy for helping homeless persons make the transition to permanent housing and independent living. This strategy should, to the maximum extent feasible, be coordinated with the strategy presented Exhibit 1 of the Continuum of Care (CoC) application and any other strategy or plan to eliminate chronic homelessness. Also describe, in a narrative, relationships and efforts to coordinate the Conplan, CoC, and any other strategy or plan to address chronic homelessness.*

3. *Homelessness Prevention—Describe the jurisdiction's strategy to help prevent homelessness for individuals and families with children who are at imminent risk of becoming homeless.*

4. *Institutional Structure—Briefly describe the institutional structure, including private industry, non-profit organizations, and public institutions, through which the jurisdiction will carry out its homelessness strategy.*

5. *Discharge Coordination Policy—Every jurisdiction receiving McKinney-Vento Homeless Assistance Act Emergency Shelter Grant (ESG), Supportive Housing, Shelter Plus Care, or Section 8 SRO Program funds must develop and implement a Discharge Coordination Policy, to the maximum extent practicable. Such a policy should include "policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons." The jurisdiction should describe its planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how the community will move toward such a policy.*

3-5 Year Homeless Strategic Plan response:

#### **1. Strategy for Developing a System to Address Homelessness**

The CofC Development Committee assessed the data provided from the 2003 Consumer Resource Survey and the 2004 Housing and Resource Survey, met to discuss the data, and determined County-wide priorities. Priorities were then shared with the Grant Review Committee to assist them in evaluating project applications.

The project rankings show an overall Countywide commitment to permanent supportive housing and meeting the needs of people who are chronically homeless.

Identified below are major strategies identified within the existing Continuum of Care Plan:

**Strategy 1: Permanent Supportive Housing/Homeownership - A Hand Up.**

This project, proposed by Habitat for Humanity, would provide permanent supportive homeownership opportunities for homeless persons with disabilities. This program would provide targeted homeownership assistance to this population along with supportive services from a consortia of six support services agencies specializing in services for families and the disabled population. The project would develop seven, three-bedroom single family dwelling units for a total of 25 beds. This project would address the highest priority need of permanent supportive housing for families, and fills the critical gaps of permanent supportive housing for people with disabilities, and housing and supportive services for people who homeless and seriously mentally ill and/or have a chronic substance abuse problem. However, this program did not received funding in the current funding cycle.

**Strategy 2: Permanent Supportive Housing – HALO Houses.**

This project, proposed by the Stanislaus Community Assistance Project (SCAP), will provide permanent supportive housing for chronically homeless individuals with HIV/AIDS. Approximately 71 percent of the funding request is specifically for leasing and operational costs. This project will provide four one-bedroom, three two-bedroom, and one, three-bedroom permanent supportive housing units. The units will be open-market rental units and the supportive services will primarily provided by SCAP, an agency which has been providing supportive services and housing to persons with disabilities for over 18 years. Other participating agencies in the monitoring include the Housing Authority, who will provide technical support and inspection services to the units, and homeless and disabled service providing agencies such as BHRS. This project addresses the highest priority need of permanent supportive housing and services for persons with HIV/AIDS.

**Strategy 3: HMIS Project – Stanislaus HMIS Project.**

The Housing Authority of the County of Stanislaus is submitting this project to complete development of an HMIS. The request for funding will allow the County to obtain software, support and maintenance, training, a project coordinator and part-time support staff to ensure the success of implementing a county-wide HMIS. Supportive services will be provided through the technology staff of BHRS and monitoring services will be provided through the Stanislaus County Redevelopment Agency (RDA). This RDA had made implementation of the HMIS a priority and has mandated that any recipient of CDBG, ESG, or local funds become a participant in the HMIS, thereby ensuring a greater level of data which can be used to assess services, gaps, and needs within the existing CoC System. City of Modesto staff is also working on this project.

**Strategy 4: Supportive Service Project – Families in Transition.**

This is a renewal project sponsored by multiple service providers. The first service is designed to break the traditional transitional housing philosophy of providing temporary housing with supportive services by providing permanent housing and "transitional" services (home-based case management). Families in transition services provide an essential link between homelessness and permanent housing through the provision of supportive services to homeless families and individuals,

addressing the gap of services between emergency shelter for homeless individuals and permanent housing. Such services include outreach, housing counseling, goal setting, and home-based case management.

**Strategy 5: Supportive Service Project – Pathways to Independence.**

This project is a new project proposed by Center for Human Services designed to increase the level of supportive services for youth transitioning out of foster care. This project provides transitional housing, vocational, and supportive services necessary to prepare youth out of foster care for greater independence. While there are existing programs in place, there is a great gap in the availability of transitional housing facilities for youth out of foster care and this project will serve to fill that gap in services for this population

**Strategy 6: Supportive Services Project - Stanislaus Homeless Collaborative.**

This project is a renewal project submitted by CHSS that is designed to address gaps in the community's Continuum of Care through a collaborative group of agencies providing supportive services to the underserved rural areas of Stanislaus County. CHSS, United Samaritans Foundation, and United Way are the collaborating agencies. United Samaritans provides meals and is the entity which provides outreach to the homeless population. Homeless individuals are then assisted through case managers stationed in the rural areas of the County to connect them with the appropriate homeless providers. CHSS, as the homeless service providing agency, then provides housing search assistance, case management services and referral services through United Way. This project has been in existence since 2000 and has provided an essential service within the CofC System.

**Strategy 7: Transitional Housing - Pathways to Hope.**

This renewal project, submitted by NIRVANA, is a transitional housing facility that provides housing and supportive services to the chronic substance abusers. This is a 12-bed facility which provides case management services, health services, treatment plans, and life skills counselors to stabilize homeless persons for transition into permanent housing and employment. This project will primarily provide transitional housing services for the chronically homeless population.

**Strategy 8: Supportive Services – Pathways to Recovery.**

This renewal project, submitted by NIRVANA, is another transitional housing facility that provides housing and supportive services to chronic substance abusers. This is NIRVANA's second 12-bed facility, which provide case management services, health services, treatment plans, and life skills counselors to stabilize homeless persons for transition into permanent housing and employment. This project will primarily provide transitional housing services for the chronically homeless population, and would create a greater gap in the continuum if unfunded.

**Strategy 9: Permanent Supportive Housing – Shelter plus Care Project #1.**

This renewal project, submitted by the Housing Authority of the County of Stanislaus, will continue to provide six permanent tenant-based rental units to persons who are homeless and disabled in Stanislaus County. Assisted households are comprised of individuals who are homeless and diagnosed with a mental illness, chronic substance abuse problem, and/or HIV/AIDS. This project has targeted individuals who are dually diagnosed. Support services are provided through BHRS and SCAP. The project addresses the highest priority need of permanent supportive housing for individuals with disabilities including serious mental illness and chronic substance abuse problems.

The County's CofC identifies the fundamental components necessary to identify, assess and support homeless individuals and families in the community. Emergency Assistance provides aid to prevent homelessness by providing funds for rent, security deposits, utilities and other basic needs. This component assists very low to low-income families who may be at risk for homelessness due to a job loss, illness or eviction. Many local and regional agencies in the County offer education, information and counseling that helps to prevent homelessness by providing referral services, housing counseling services and tenant advocacy to those very low- to low-income families, individuals with mental illness and/or disabilities, and persons with HIV/AIDS. Agencies that participate in the SCHSSC work to prevent homelessness through advocacy and awareness by offering legal aid services, fair housing and discrimination investigations.

As identified in the CofC, the SCHSSC plans to provide the following services:

- The County of Stanislaus plans to award thirty percent of Emergency Shelter Grant funds to agencies that provide prevention activities targeted to low-income families who are at risk of becoming homeless. The cities of Modesto and Turlock have also designated a portion of ESG funding to homelessness prevention.
- Children's Crisis Center plans to provide assistance to women and children who are homeless or at risk of becoming homeless.
- Interfaith Ministries plans to open an additional winter shelter to house families who are homeless or at risk of becoming homeless.
- Community Housing and Shelter Services is planning to secure funding to continue to provide homelessness prevention through financial assistance and education.
- Project Sentinel plans to increase awareness and advocacy by expanding its landlord/tenant program.

## **2. Strategy for Eliminating Chronic Homelessness**

According to the Continuum of Care, the primary contributing factors to chronic homelessness in Stanislaus County are substance abuse and serious mental illness, either undiagnosed or diagnosed with inconsistent use of treatment or use of prescribed medication. Many of these individuals are unemployable or unable to keep a job because of their disability (this also includes homeless youth). The cycle continues in that those individuals with substance abuse or mental illness disabilities often have poor rental histories and can have criminal backgrounds, which preclude them from obtaining admittance to federally subsidized housing.

It is essential to remove individuals from the homeless assistance system. Therefore, adopting a "housing first" approach to dealing with people who are chronically homeless is an essential first step to implementing an effective strategy for ending chronic homelessness. Once an individual's housing has been stabilized, then they can be connected with services that exist to meet the other needs that led to the housing crisis in the first place.

Institutional, regulatory and cultural obstacles must be overcome in order for the County to make progress toward the goal of ending homelessness. After permanent residence is obtained, support services for individuals and families must continue.

These services include but are not limited to various treatment and training opportunities.

As part of the Continuum of Care, a Ten-Year Plan Committee was established. The Corporation for Supportive Housing is in its final stages of assisting Stanislaus County in the development of its' ten-year plan to end chronic homelessness. This sub-committee has been meeting regularly to provide data and input into the development of the plan. The purpose of this plan is to meet the permanent supportive housing needs of the long-term or chronically homeless. The plan will be completed and adopted into the Continuum of Care's strategies to end chronic homelessness by June 2015. The Draft Plan to End Long Term Homelessness has been prepared, and the Priority Homeless Needs section of this document presents a summary of its strategies. However, this plan has not yet been adopted by the County or the City.

Communities and agencies in Stanislaus County have taken some specific actions towards ending chronic homelessness in the County and made progress towards the goals established. To ensure the Continuum of Care Plan for Stanislaus County remains on track in evaluating and meeting specific targeted goals, the CofC Development Committee recently incorporated as a task to begin a tracking progress toward meeting stated goals within the CofC plan. Specific actions taken by organizations within the SCHSSC toward meeting chronic homelessness goals include:

- Increase availability of affordable service-enhanced housing units in the County (permanent supportive housing).
- Bolster the comprehensive network of outreach and support services that must accompany permanent housing for people who are chronically homeless.
- Provide a one-stop homeless service center in the former Social Security Administration building on 12<sup>th</sup> Street.

Service providers interact on a daily basis with the chronically homeless population. The SCHSSC and its membership will share the responsibility of implementing the strategy to end chronic homelessness. The following actions to end chronic homelessness are as follows:

- Develop new housing and manage tenant-based rental assistance programs;
- Increase the level of affordable housing within the County as funding opportunities arise;
- Increase the level of outreach services to identify and assist chronically homeless individuals;
- Provide direct services to people who are chronically homeless;
- Conduct outreach to people who are chronically homeless;
- Create venues for inter-agency collaboration so that key housing and supportive services providers can develop individualized strategies for people who are chronically homeless;
- Collect local data and assess local needs;
- Raise awareness and educate their communities;
- Conduct outreach to businesses, citizens, local government agencies, faith-based organizations, and service providers to inform them about the Continuum of Care and encourage their participation;

- Increase community-based services access to the chronically homeless population; and
- Contribute to data collection through participation in the HMIS system.

### **3. Strategies to Prevent Homelessness for Individuals and Families with Children at Imminent Risk of Becoming Homeless.**

The County offers services for the prevention of homelessness. These include emergency assistance, education, information and counseling, and advocacy and awareness. Emergency assistance consists of various agencies providing emergency financial assistance to prevent homelessness by providing funds for rent, security deposits, utilities and medical and other basic needs. In addition to governmental assistance, other groups provide emergency assistance to persons in need. These include the Interfaith Ministries, The Salvation Army, Calvary Temple Care Center, The Love Center, and United Samaritans. These organizations provide emergency assistance for food and clothing. Seven communities within Stanislaus County provide food to their local residents through community food pantries. Twenty local churches also operate food pantries or similar programs that provide emergency food, clothing and other financial assistance to families in need.

Several agencies throughout the County offer education, information and counseling. These services include hotlines, tenant education and counseling and case management. Tenant advocacy agencies coordinate with the County's Sheriff's eviction unit or property owners to identify those facing eviction. The tenant advocacy agency provides outreach services and work with the family or individual to resolve or prevent eviction.

Agencies that participate in the SCHSSC work to prevent homelessness through advocacy and awareness. Members of the SCHSSC regularly make presentations to community organizations, schools, churches, clinics, hospitals, law enforcement and social service agencies to increase awareness about ways to prevent homelessness and the status of the region's homeless population. The SCHSSC promotes collaboration among the county service agencies in order to improve service delivery and prevent homelessness among low-income individuals and families. For example, one agency - Coalition on Homelessness, Stanislaus County - publishes a newsletter called The Curbside News, which serves as an excellent tool to share information on homeless issues in Stanislaus County.

Agencies throughout the County provide outreach services to people living on the streets and to persons living in shelters, jails, hospitals or other temporary housing. Outreach for those living on the streets include providing services to meet the immediate needs of an individual and making referrals to additional resources such as mental health or substance abuse programs. Outreach staff links persons living in temporary housing with housing services, beginning the process of achieving stable housing.

### **4. Institutional Structure to Carry Out Homelessness Strategy.**

The City of Modesto, through its CDBG program, provides funds for several agencies providing services to homeless persons. There are 17 agencies which receive CDBG funds to provide social services, shelter and food. The City of Modesto provides rental assistance through the HOME program. The ESG program provides funds to the City and Stanislaus County for shelter, rental assistance and rehabilitation of

shelter units. Housing Choice Vouchers are provided by the HACS, and there is a waiting list. A preference for homeless individuals will begin in fiscal year 2004-2005. Public housing is provided only if units are dedicated to homeless individuals. Stanislaus County offers various programs to achieve the goal of ending homelessness.

Many agencies, governmental and non-governmental, coordinate work efforts to implement their homelessness strategies. The City and County provide funds to several agencies which provide shelter, food and rental assistance. The Community Housing and Shelter Services (CHSS) is a private resource which provides housing counseling, referrals and homeless services. In addition to federal, state, local and private assistance, there are approximately 34 foundations that provide funds to various agencies. These include, but are not limited to, the United Way, Interfaith Ministries, the Salvation Army and the Red Cross. Many of the foundations provide annual grants which help support shelters and transitional, permanent and emergency housing. Other services which the foundations support include rehabilitative services, job counseling, teen shelters, family centers and emergency food programs.

#### **5. Activities to Implement Community-wide Discharge Coordination Policy**

There are several agencies in Stanislaus County which help ensure persons are not discharged directly from publicly funded institutions or systems resulting in homelessness. Telecare/SHOP is the County's primary agency which conducts extensive outreach to chronically homeless mentally ill individuals. Behavioral Health and Recovery Services (BHRS) provides treatment and discharge planning to adults with serious mental illness and/or chemical addiction. Telecare/SHOP has extensive policies in place to ensure that patients and mentally ill inmates are not discharged into inappropriate settings such as shelters, the streets, hotels or motels. The discharge planning process includes looking at a supportive or protective environment if the patient is expected to be incapable of independent living. Telecare/SHOP case managers work directly with BHRS to arrange appropriate follow-up services, including housing for the patients who are discharged.

Appropriate discharge settings include nursing homes, basic care facilities, adult foster care, and independent living. Telecare/SHOP assists individuals in completing applications for this and other mainstream resources such as Social Security prior to the patient's discharge. In addition, the Housing Authority will be collaborating with BHRS to provide Section 8 Vouchers for persons who are homeless and being discharged from institutions, hospitals, or jail facilities.

The County Social Services Agencies of Stanislaus County are responsible for ensuring that children and youth in foster care settings are returned to their families or to settings other than homeless circumstances. The Stanislaus County Community Services Agency, in collaboration with supportive service and housing providers, has developed programs to prevent youth from entering McKinney-Vento emergency shelter systems. Presently, there are four government and community-based projects designed to provide transitional to permanent supportive housing. Supportive services through Child Welfare includes an after-care social worker who connects the youth with services such as access to mainstream resources, education, financial, vocational and mental health/substance abuse services. Transitional and permanent supportive housing service programs are offered for

young adults, and young families through age 24, and one program is specifically designed for youth 17 to 19 years of age.

The California Department of Corrections recently developed the Police and Corrections Team (PACT) Program, which is required within each parole district statewide. This program, also referred to as Community Policing, is a nationally recognized partnership between law enforcement and local service providers to ensure that parolees are provided with a connection to adequate supportive and housing services to improve their success in reintegrating into the community. The goal is to begin the discharge planning process at the time of admission to a facility; however, this is not occurring consistently.

The SCHSSC is working with the coordinators of PACT and is in the process of establishing a Discharge Planning Sub-Committee. This committee will comprise of members who represent the mentally ill, substance abusers, youth out of foster care, disabled, and parolee populations who can identify the specific needs within each sub-population in order to create better discharge plans for these populations. This committee will be a liaison to the SCHSSC, Department of Corrections, local law enforcement, service providers, housing providers and other institutions or facilities. Based on results of the Continuum of Care, the SCHSSC will consider the needs in developing permanent supportive housing for inmates released from facility settings.

### **Emergency Shelter Grants (ESG)**

*(States only) Describe the process for awarding grants to State recipients, and a description of how the allocation will be made available to units of local government.*

3-5 Year Strategic Plan ESG response:

Since this section applies to states only, no response is required.

## **COMMUNITY DEVELOPMENT**

### **Community Development (91.215 (e))**

*\*Please also refer to the Community Development Table in the Needs.xls workbook*

*Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), – i.e., public facilities, public improvements, public services and economic development.*

*Describe the basis for assigning the priority given to each category of priority needs.*

- 1. Identify any obstacles to meeting underserved needs.*
- 2. Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and*

*moderate-income persons.*

*NOTE: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.*

3-5 Year Strategic Plan Community Development response:

### **1. Priority Non-Housing Community Development Needs**

As noted in the General Questions, Managing the Process and Citizen Participation sections, the City of Modesto identified community development priority needs based in part on surveys of residents and service providers. It also developed its priorities on needs as determined by City departments, and on analysis of statistics from sources such as the 2000 Census. The Community Development table contains projected needs of Modesto, the goals in meeting these needs, and the priorities assigned to these needs. For some items in the Community Development table, the City determined that no need existed.

General community development priorities established by the City include:

**Priority CD-1.** Infrastructure improvements in low-income neighborhoods.

**Priority CD-2.** Americans with Disabilities Act (ADA) accessibility improvements.

**Priority CD-3.** Community centers/recreation facilities in low-income neighborhoods.

**Priority CD-4.** Infrastructure improvements to attract job-creating businesses.

**Priority CD-5.** Comprehensive workforce training.

**Priority CD-6.** Business recruitment and retention.

**Priority CD-7.** Supportive services that allow for independent living by populations with special needs.

**Priority CD-8.** Supportive services combined with housing programs for homeless persons and families.

**Priority CD-9.** Training in life skills and job and language skills.

**Priority CD-10.** Child care services.

**Priority CD-11.** Programs for at-risk youth.

**Priority CD-12.** Transportation services for those with special needs.

Strategies to meet these priority needs include:

- Continue street paving in low-income areas as defined by HUD.
- Continue with installation of ADA curb cuts.

- Develop a Neighborhood Revitalization Strategy that will complement the "Weed and Seed" program. Components of this strategy will include the following:
  - Code enforcement
  - Housing rehabilitation
  - Police Department's "Beat Health" programs
  - Neighborhood clean-ups
- Continue to fund public services at the highest percentage allowed by HUD regulations.
- Combine housing and services for homeless populations.
- Investigate new program to increase child care opportunities to low-income families.
- Investigate the use of CDBG funds for addressing health care issues.

## **2. Basis for Assigning Priorities**

The City assigned priorities to its community development needs based upon results from a resident survey. It also used information obtained from responses to a service provider questionnaire, and from responses to a questionnaire distributed to City agencies.

## **3. Obstacles to Meeting Underserved Needs**

A lack of sufficient funding is the primary obstacle to meeting underserved needs. As the HUD entitlement grants cannot address all of the identified needs with entitlement dollars, additional funding is necessary. In recent years, the City has received funds from the HUD Section 108 Loan Guarantee Program to finance construction of a neighborhood center and renovation of a youth center. The City is also looking at other federal and State funding sources for its community development needs. However, due to budget problems at the federal and State level, there is no guarantee that adequate funding will be obtained.

Another obstacle is the lack of facilities to house service agencies that could be brought together to deliver more comprehensive and efficient services to clients. The City of Modesto has applied to the U.S. Department of Health and Human Services to take over the Social Security Administration building at 1230 12<sup>th</sup> Street, which has been declared surplus government property. The City plans to use the building as a one-stop shop for homeless service. The Stanislaus County Housing and Supportive Services Collaborative is also interested in using this building as its headquarters for a variety of collaborative agencies, both government and non-profit.

Finally, Modesto has suffered from an imbalance of jobs, particularly higher-paying jobs, in relation to housing, as much of the City's housing development since the late 1990s has been occupied by workers who commute to jobs outside Stanislaus County. The following narrative summarizes a discussion of employment trends in Modesto from Chapter 2 of the 2004 Housing Element.

**Employment Trends.** Between the 1990 and 2000 Census, service occupations had the largest employment increase in Modesto, which is typical of the time period for most cities in California. At the same time, the proportion of Modesto residents employed in farming and as machine operators/laborers decreased (Table 6). Overall, Modesto's employed population increased by 10 percent, while the overall population increased by 15 percent (Table 7). Major employers in Modesto include those associated with general government, education, agricultural products, and health services.

**TABLE 6**  
**Occupations of Modesto Residents, 1990 and 2000**

Occupation	1990		2000		% Change
	#	%	#	%	1990 - 2000
Managerial/Professional	16,729	24%	21,760	28%	30%

Source: Data from the California Employment Development Department.

While some Modesto residents work in higher-paying occupations, many others work in the service sector, providing essential services to residents and businesses in the community. These residents may not be able to afford adequate housing in the City. Table 8 shows the average salary of selected jobs in Modesto. Many of these are low-paying jobs that fall within the lower-income categories. The City is expected to see the addition of an estimated 106,000 jobs by 2020, many of which, particularly those in the service sector, will be lower paying. Housing costs, as estimated by the median home price, have increased dramatically – by 37 percent in Modesto between 2000 and 2002. As a result, homeownership is becoming increasingly difficult to achieve for moderate-income working professionals, and is almost out of reach for low-income households.

**TABLE 8**  
**Modesto Annual Salaries Compared to County Average Income (2000)**

Occupation	Mean Annual Wage	% of County Average Income
Social and Community Service Managers	\$44,140	101%
Community and Social Services Occupations	\$36,863	84%
Child, Family, and School Social Workers	\$35,377	81%

 Note: County Median Income in 2000 was \$43,900.

**Jobs-to-Housing Ratio**

Modesto’s jobs-to-households ratio is higher than that of San Joaquin County, at 1.1, according to Stan COG estimates, though it is unclear to what extent the jobs are geographically matched with the population (Table 9). The Census identifies 76,567 employed persons in Modesto, averaging 1.12 wage-earners per household. A jobs-housing ratio of 1.1 seems to indicate that the City does offer an adequate number of jobs. The jobs-housing issues confronting the City seem to relate more to the spatial mismatch between the jobs located in Modesto and the people working those jobs, as evidenced by the large number of commuters crossing the Altamont Pass daily. Of equal concern is the mismatch between the types of jobs offered and associated pay scales, and the costs of housing in the City.

**TABLE 9  
Jobs to Housing Ratio (2000)**

<b>Geographic Area</b>	<b>Households</b>	<b>Employment</b>	<b>Jobs to Households</b>
Ceres	10,967	12,128	1.1
Hughson	1,263	1,670	1.3
Modesto	67,959	75,645	1.1
Newman	2,047	1,883	0.9
Oakdale	5,778	4,923	0.9
Patterson	3,147	3,846	1.2
Riverbank	3,907	4,334	1.1
Turlock	18,658	19,766	1.1
Waterford	1,873	1,849	0.9
Unincorporated County	39,328	42,082	1.1
Total County	154,927	168,126	1.1

Source: Stan COG, 2002; U.S. Census, 2000.

**Local Economic Development Trends and Initiatives**

As discussed above, the jobs-to-housing ratio in Modesto is improving and is better on the aggregate level than in many other cities in the region. However, because of an increasing number of residents who work out of the City and County, and an increasing number of workers in Modesto who live elsewhere, traffic congestion is becoming worse, impacting the City’s ability to provide adequate transportation infrastructure and expand economic opportunities. The Inter-Regional Partnership (IRP), a partnership formed in 1998 consisting of 15 selected officials from 5 counties — Alameda, Contra Costa, San Joaquin, Santa Clara, and Stanislaus — indicates that the most effective incentives for economic development in job-poor areas would be those that:

- Improve their competitive position in the marketplace by reducing the cost of off-site improvements;
- Improve the quality of the workforce; and/or,
- Reduce the time for processing local development proposals.

In the City, though plenty of land may be zoned to allow economic development, the cost of providing infrastructure to this land, especially transportation infrastructure, is seen as a constraint to development. Adaptive reuse of redevelopment areas and existing buildings is a potential mechanism for economic development with less-burdening infrastructure costs. Modesto's Community and Economic Development Department has several programs intended to encourage economic activity that will benefit current and future residents:

- Modesto Redevelopment Project Area Incentives;
- Economic Development Revolving Loan Program;
- Economic Development Revenue Bonds; and
- Enterprise Designation Areas.

#### **4. Long-Term and Short-Term Community Development Objectives**

Long-term objectives to address community development needs include the following:

- Neighborhood revitalization - housing rehabilitation, neighborhood clean-up.
- Economic development - job and skills training, adult literacy, small business loan program, English as a Second Language, provision of infrastructure for the development of industrial parks, etc.
- Public services, with priority given to emergency food and shelter, youth services and health care.
- Provision of infrastructure and other capital improvements in low-income neighborhoods.

Short-term objectives that address the above long-term objectives include the following (reference to line items in Community Development table in parentheses):

##### Neighborhood Revitalization

- Housing rehabilitation loans to property owners in the City's two residential target areas (Highway Village and Airport Neighborhood) (Line 14A).
- Property enhancement program to enable very low- and low-income property owners to improve exterior appearance of their property (Line 14A).
- Paint and insulation rebate program that provides property owners an incentive to improve condition of their homes (Line 14A).
- Cover portion of salary for a City Building Inspector to perform necessary inspections, clearance and documentation work for City's target area housing rehabilitation and maintenance program (Line 14H).
- Staffing, services and supplies necessary to provide technical support and oversight of the City's housing maintenance programs (Line 14H).
- Installation of gates with locks in alleys in low-income neighborhoods, to prevent nuisance and criminal behaviors from occurring in these alleys (Line 03K).
- Assist neighborhood clean-up projects for the City's low-income residents, through placement of dumpsters in qualifying neighborhoods where an imminent health or safety risk is identified (Line 03K).
- Code enforcement officers that work in low-income census tracts, along with support staff (Line 15).
- Funding for eligible Community Based Development Organizations (CBDO) to carry out allowable neighborhood revitalization activities in a specific geographic area (Line 19C).

- "Weed and Seed" program, managed by Modesto Police Department, which reduces crime in designated area while encouraging positive activities (Lines 03K, 05I).

#### Economic Development

- Funding of an Administrative Support Officer to provide City input and oversight into programs operated by the Workforce Development Collaborative. The City is interested in developing a new workforce development program, which may include a partnership with Kaiser Medical Corporation for a nurse's assistant program (Line 21A).

#### Public Services

- General public services such as adult literacy services, United Way information and referral services, and case management for families and/or individuals who are homeless or at risk of homelessness (Line 05).
- Food programs for low- and moderate-income persons, including delivery of food to homeless individuals or referred clients temporarily living in hotels, and delivery of food to persons with HIV/AIDS (Line 05).
- Shelter services, including a seasonal homeless emergency shelter and a transitional shelter for women recovering from alcohol/drug addictions and their children (Line 05).
- Health services for disabled persons, mainly funding for medical equipment, adaptive aids or assistive devices for the DRAIL program (Line 05B).
- Child care services, including expansion of existing facilities and respite childcare for low-income at-risk children and families who are homeless (Line 05L).
- Youth services, including shelter for runaway or homeless youth (Line 05D).
- Crime awareness program that provides training to tenants and landlords on crime prevention in rental complexes (Line 05I).
- Funding for childcare services at shelter for abused, neglected and at-risk children (Line 05N).
- Fair housing and tenant/landlord counseling services to be provided by Project Sentinel (Lines 05J, 05K).

#### Infrastructure and Capital Improvements

- Installation of ADA-compliant curb ramps at priority intersections (Line 03L).
- Paving of streets in low-income areas where such amenities are non-existent or in a state of neglect (Line 03K).
- Retrofit of former Social Security Administration building on 12<sup>th</sup> Street for "one-stop shop" for homeless services (Line 03).
- Grants to neighborhood groups to carry out small infrastructure or beautification projects, if the beneficiaries are low or moderate income (Line 03).
- Funding support for the City's Property Agent to pursue the purchase of land or right-of-way for CDBG-funded projects (Line 01).

### **Antipoverty Strategy (91.215 (h))**

1. *Describe the jurisdiction's goals, programs, and policies for reducing the number of poverty level families (as defined by the Office of Management and Budget and revised annually). In consultation with other appropriate public and private agencies, (i.e. TANF agency) state how the jurisdiction's goals, programs, and policies for producing and preserving affordable housing set forth in the housing*

*component of the consolidated plan will be coordinated with other programs and services for which the jurisdiction is responsible.*

- 2. Identify the extent to which this strategy will reduce (or assist in reducing) the number of poverty level families, taking into consideration factors over which the jurisdiction has control.*

3-5 Year Strategic Plan Antipoverty Strategy response:

### **1. Antipoverty Goals, Programs and Policies**

Providing opportunities for low-income families to improve their economic status is a focus of effort for the City. The City will work in this area in the following ways:

- Continue to work cooperatively with the local Workforce Investment Board, the Workforce Alliance, community colleges and other partners to implement innovative training programs in the City which address the needs of both families receiving public assistance and the working poor. The Workforce Alliance is a newly reformed coalition that brings together economic development efforts with workforce training efforts.
- Continue to provide staff support to the City's Workforce Development Program operated by the Community and Economic Development Department.
- Enhance relationships with other public agencies that work with low-income families through non-profit workgroups, to address the potential of joint applications for grants that address the needs of low-income families.
- Continue with efforts to increase the supply of affordable housing in the City. While the production and preservation of affordable housing on its own will not raise people's income or lift them from poverty, it does contribute to stabilizing living expenses for low-income families, which provides them with more discretionary income for other living expenses.

### **2. Extent to Which the Strategy Will Reduce Number of Poverty-Level Families**

The City's strategy for reducing poverty will be successful only to the extent that:

- Adequate state and federal funding is available for education, job training, and supportive service programs that will increase economic opportunity and self-sufficiency;
- Adequate state and federal funding is available for regional infrastructure necessary to support economic development; and
- Modesto's competitiveness in relation to other regional economies attracts employers and industries that create higher paying jobs.

Unfortunately, the City of Modesto has little or no direct control over these factors and can make only marginal improvement in the local rate of poverty through its use of federal and other funds.

## **Low Income Housing Tax Credit (LIHTC) Coordination (91.315 (k))**

*(States only) Describe the strategy to coordinate the Low-income Housing Tax Credit (LIHTC) with the development of housing that is affordable to low- and moderate-income families.*

3-5 Year Strategic Plan LIHTC Coordination response:

Since this section applies to states only, no response is required.

## **NON-HOMELESS SPECIAL NEEDS**

### **Specific Special Needs Objectives (91.215)**

*1. Describe the priorities and specific objectives the jurisdiction hopes to achieve over a specified time period.*

*2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the strategic plan.*

3-5 Year Non-Homeless Special Needs Analysis response:

#### **1. Priorities and Specific Objectives for Non-Homeless Special Needs**

Refer to the Non-Homeless Special Needs table for a description of priorities and objectives regarding non-homeless special needs. A High priority has been assigned to the following:

- Elderly housing.
- Frail elderly housing and supportive services.
- Disabled persons housing.
- Housing and supportive services for persons with HIV/AIDS.

In addition, the City proposes to provide services for other special needs groups not listed in the Non-Homeless Special Needs table. These include large families, single-parent families, and farmworkers. The needs of these groups are discussed in the Non-Homeless Special Needs Analysis section below.

#### **2. Use of Federal, State and Local Resources**

Refer to the Non-Homeless Special Needs table for a description of resources to be used to address identified needs. In general, most non-homeless special needs for housing will be met by using CDBG and HOME funds in combination with the State of California's CalHOME funds and funds from the City's Redevelopment Agency. Supportive services would be funded primarily by the CDBG program, both with grants and by the revolving loan fund. Housing and supportive services for persons with HIV/AIDS would also receive HOPWA funds.

## **Non-Homeless Special Needs (91.205 (d) and 91.210 (d)) Analysis (including HOPWA)**

*\*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.*

1. *Estimate, to the extent practicable, the number of persons in various subpopulations that are not homeless but may require housing or supportive services, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental, persons with HIV/AIDS and their families), persons with alcohol or other drug addiction, and any other categories the jurisdiction may specify and describe their supportive housing needs. The jurisdiction can use the Non-Homeless Special Needs Table (formerly Table 1B) of their Consolidated Plan to help identify these needs.*

*\*Note: HOPWA recipients must identify the size and characteristics of the population with HIV/AIDS and their families that will be served in the metropolitan area.*

2. *Identify the priority housing and supportive service needs of persons who are not homeless but require supportive housing, i.e., elderly, frail elderly, persons with disabilities (mental, physical, developmental, persons with HIV/AIDS and their families), persons with alcohol or other drug addiction by using the Non-homeless Special Needs Table.*

3. *Describe the basis for assigning the priority given to each category of priority needs.*

4. *Identify any obstacles to meeting underserved needs.*

5. *To the extent information is available, describe the facilities and services that assist persons who are not homeless but require supportive housing, and programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing.*

6. *If the jurisdiction plans to use HOME or other tenant based rental assistance to assist one or more of these subpopulations, it must justify the need for such assistance in the plan.*

3-5 Year Non-Homeless Special Needs Analysis response:

### **1. Estimate of Persons in Subpopulations Requiring Housing and Supportive Services**

Refer to the Non-Homeless Special Needs Table for estimates of persons in need. The following narrative summarizes the estimated number and need of special population groups. Information contained in this section are from the City's 2004 Housing Element, unless otherwise noted.

#### **Special Needs Groups**

Certain groups have greater difficulty in finding acceptable, affordable housing due to special circumstances relating to employment and income, household characteristics, and disabilities. Special needs groups, for the purposes of this analysis, include:

- Seniors.

- Persons with disabilities.
- Single-parent households (particularly female-headed households with children).
- Large families.
- Agricultural workers.
- Individuals with alcohol or other drug addiction.
- Individuals with severe mental illness.
- Persons with HIV/AIDS.

Each special needs group has particular housing needs. While single mothers with children continue to outnumber single fathers with children, single-father households experienced the largest increase of the special needs populations, at 78 percent. Single mothers with children increased in the City by 40 percent and represented 74 percent of the single-parent households with children in 2000. Farmworkers in Modesto decreased in population, with a migration toward unincorporated areas of the County.

#### **Persons with Disabilities**

Physical, mental, and/or developmental disabilities may prevent a person from working, restrict one's mobility, or otherwise make caring for oneself difficult. Individuals with physical and mental disabilities often have special needs related to housing that go unmet by the private housing market. Special issues relate to inability to earn a sufficient income for market rate housing, the lack of accessible and affordable housing, and the need for supportive services.

The 2000 Census documented the following disabilities: sensory, physical, mental, self-care, going-outside-home, and employment. Due to the large range of disabilities recorded, the proportion of residents with one or more disabilities reported by the 2000 Census generally is larger than that reported in the 1990 Census. According to the 2000 Census, more than 38,000 residents in Modesto had one or more disabilities, representing approximately 22 percent of the total population (Table 10). However, almost half of the non-senior adults with disabilities are employed.

Among the Modesto children with disabilities, most are inflicted with mental disabilities, which include development disabilities. Among the disabled persons age 16 to 64, physical disabilities, going-outside-home disabilities, and employment disabilities are most common. Seniors age 65 or above are more impacted by physical and going-outside-home disabilities than other types of disabilities. To accommodate the housing needs for persons with disabilities, housing designs must be particularly sensitive to the constraints caused by physical and sensory disabilities. Modesto has a number of State-licensed community care facilities to meet the needs of persons with special needs, including those related to physical and mental disabilities.

**TABLE 10**  
**Disability Status of Modesto Residents Aged 5 or More**

Disability Status	Total	Male	Female
Age 5 to 15	36,734	18,667	18,067
With a Disability	2,285	1,485	800
No Disability	34,449	17,182	17,267
Age 16 to 20	14,567	7,105	7,462
With a Disability	2,229	1,124	1,105
Employed	42%	47%	37%
Not Employed	58%	53%	63%
No Disability	12,338	5,981	6,357
Age 21 to 64	102,510	49,370	53,140
With a Disability	24,593	12,408	12,185
Employed	50%	58%	41%
Not Employed	50%	42%	59%
No Disability	77,917	36,962	40,955
Age 65+	19,727	7,975	11,752
With a Disability	9,250	3,574	5,676
No Disability	10,477	4,401	6,076

Source: U.S. Census 2000.

Note: Totals may deviate slightly from 100% count of population.

**Senior Households**

Senior persons often have special housing needs for three key reasons: income, health care costs, and physical disabilities. Some of the most important issues for seniors are presented in Table 11. Among the senior population in Modesto, 27 percent of all seniors live alone (Table 12). This proportion is significantly higher than in California and indicates a need for housing options designed to meet senior needs.

**TABLE 11**  
**Housing Issues of Special Importance to Seniors**

Senior Issues	Description	Incidence in Modesto
Fixed/Limited Income	Many seniors have a limited, and/or fixed income from which they pay for health care, housing, and other expenses.	Approximately 33 percent of senior households in Modesto have low or very low incomes.
Disabilities	Seniors have physical disabilities at a higher rate than does the general population. Senior homeowners, particularly elderly women, may require assistance in performing regular home maintenance or repair activities due to physical limitations or disabilities.	Out of the senior population in the City, 37 percent have a disability.
Cost Burden	Limited income and a lack of affordable housing leads to a cost burden (more than 30 percent of one's income spent on housing).	61 percent of renter senior households in the City experience a housing cost burden.

**TABLE 12  
Senior Population**

Senior Population Category	Modesto		California % of Senior Persons
	Number of Persons	Percent	
<b>Total</b>	20,962	100%	100%
<b>In households</b>	19,325	92%	95%
In family households	13,146	63%	67%
Householder	6,867	33%	34%
<b>In non-family households</b>	6,179	30%	28%
<b>Living alone</b>	5,574	27%	7%
<b>In group quarters</b>	1,637	8%	5%
Institutionalized population	1,144	5%	3%
Noninstitutionalized population	493	2%	1%

Source: U.S. Census, 2000.

Many senior households in Modesto pay more than 30 percent of their often-limited and small incomes on housing. According to the 2000 Census, 26 percent of the senior owner households and 59 percent of the senior renter households assumed a housing cost burden of more than 30 percent of their incomes. Affordable housing opportunities for seniors, particularly those who rent, are needed in Modesto. Several housing developments in the City offer affordable housing for seniors. These include the Sherwood Manor and Conant Place.

The special needs of seniors can be met through:

- Congregate care;
- Other senior housing with supportive services;
- Transportation services;
- Architecture to accommodate disabilities;
- Rent subsidies;
- Shared housing programs; and
- Housing rehabilitation assistance.

Social and supportive services are available from the City's Parks, Recreation and Neighborhoods Department, as well as the Stanislaus County Department of Social Services. The City's Senior Citizens Center offers recreational and social activities, driving courses, tax consulting, health exams, immunizations, lunch program, and a resource and referral service. Several retirement communities throughout Modesto offer assisted living in for-rent and for-purchase units. The Salvation Army's Senior Information and Referral Program helps seniors with issues related to financial planning, health, and housing assistance. The Stanislaus County Area Agency on Aging<sup>4</sup>, which provides information and referral services, as well as advocating for

<sup>4</sup> Area agencies on aging are non-profit organizations established in each of California's 58 counties (with several exceptions), including Stanislaus County, to coordinate programs for

senior needs locally, is located in Modesto. Also in Modesto is the Services to Older Adults Advisory Council (STOAAC), which consists of local service providers and senior advocates. The County's Department of Aging and Veterans Services provides staff support for STOAAC.

### **Single-Parent Households**

Single-parent households, particularly female-headed households often face difficulty in finding adequate and affordable housing, due to their single incomes. Female-headed households also tend to earn lower incomes. Compared to two-parent households, single parents also must dedicate a larger portion of their limited incomes to child care, food, and health care expenses. According to the 2000 Census, Modesto had 8,122 single-parents with children under the age of 18. Specifically, 5,998 (74 percent) were female-headed families and 2,124 (26 percent) were male-headed families. Provision of affordable family housing near transit centers and child care and other supportive services helps address the housing needs of this special group. Needs often identified specifically with female-headed households include child care and after-school care/programs.

### **Large Families**

Large households, defined as those with five or more persons, have a need for larger dwelling units, which are often in limited supply and more expensive. To save money for other basic necessities, many lower-income large households live in overcrowded apartments or homes. According to the Census, 10,054 large households resided in Modesto, representing approximately 16 percent of all households in the City. Among the large households, 5,760 (57 percent) were owner-households and 4,294 (43 percent) were renter-households. Generally, these households require dwelling units with three or more bedrooms for adequate housing. Approximately 76 percent of owner-occupied units have 3 or more bedrooms, but only 27 percent of renter-occupied units have 3 or more bedrooms. Availability of rental housing may be a problem for large families. According to CHAS data, approximately 76.6 percent of large renter households experienced housing problems (approximately 3,242 households), while 53.5 percent of large owner households experienced the same (approximately 3,069 households).

To address overcrowding, communities can provide incentives for developers to build larger apartments with three or more bedrooms that can accommodate larger households. Often, the shortage of large rental units can also be alleviated through the provision of affordable ownership housing, such as condominiums coupled with homeownership assistance. However, since 1990, only 10 percent of housing built was multi-family housing.

The threat of litigation over construction defects has been a major constraint to multi-family condominium housing construction. Recent legislative changes allow developers to negotiate and mitigate construction defects before going to court, which may relieve some of the concerns for builders, freeing up the for-sale multi-family housing market.

### **Agricultural Workers**

Agricultural workers are traditionally defined as persons whose primary incomes are earned through permanent or seasonal agricultural labor. Permanent farm laborers

---

seniors that promote independent living. The Stanislaus Area Agency on Aging coordinates the delivery of services to older adults through the California Department of Aging.

---

work in the fields, processing plants, or support activities on generally a year-round basis. When workloads increase during harvest periods, the labor force is supplemented with seasonal labor, often supplied by a labor contractor. For some crops, farms employ migrant workers, defined as those whose travel distance to work prevents them from returning to their primary residence every evening.

Farmworkers work in two major types of situations: farm services, which have higher rates of pay and are less seasonal, and farm production workers. The following addresses only farm production workers. The housing needs of those employed in farm production differ from the rest of the population due to:

- The seasonal nature of farm employment;
- Typically low wages; and
- Language barriers

Between 1990 and 2000, the number of farmworkers in Stanislaus County decreased by approximately 24 percent from 12,000 to 10,000, and the countywide farmworker population in 2008 is estimated at approximately 6,660, representing another 30 percent decline. Similarly, the number of farmworkers residing in Modesto decreased by 45 percent during the 1990s. As of 2000, most farmworkers in the County lived in the unincorporated areas, but approximately 1,351 lived in Modesto, representing 0.3 percent (less than one-third of one percent) of the City population. Planning for low-and very-low-income households as a part of the Housing Element update and continued implementation of fair housing programs will provide housing opportunities for farmworkers wishing to live in Modesto.

#### **Individuals with Alcohol or Other Drug Addiction**

Based on adult alcohol and drug treatment admissions data for Stanislaus County published by the California Department of Alcohol and Drug Treatment Programs, it is estimated that Modesto has approximately 2,000 individuals with alcohol or drug addictions. This estimate assumes that Modesto has 42 percent of the countywide cases based on its proportion of the countywide general population.

#### **Individuals with Severe Mental Illness**

It is estimated that there are 6,800 cases of severe mental illness in Modesto, based on 2004 countywide data from the California Department of Mental Health. This estimate assumes that Modesto has 42 percent of the countywide cases based on its proportion of the countywide general population. According to the U.S. Center for Mental Health Services, severe mental illness is defined as any psychiatric disorder during present during the past year that seriously interfered with one or more aspects of a person's daily life.<sup>5</sup>

#### **Persons with HIV/AIDS**

According to data from the California Office of AIDS, there are 313 persons with AIDS and 199 persons with HIV in Stanislaus County, as of February 2005. It is not known how many of these persons reside in Modesto. However, given its population and the availability of services for such persons, Modesto is likely to have a majority of the persons with HIV/AIDS in Stanislaus County.

## **2. Priority Housing and Supportive Service Needs**

---

<sup>5</sup> Crystal Kuntz, "Persons with Severe Mental Illness: How Do They Fit Into Long-Term Care," May 5, 1995, U.S. Department of Health and Human Services.

Refer to the Non-Homeless Special Needs table for identification of priority needs.

### **3. Basis for Assigning Priority to Needs**

Refer to response to Item #2 in the General Questions section.

### **4. Obstacles to Meeting Underserved Needs**

Refer to response to Item #3 in the General Questions section.

### **5. Description of Facilities and Services**

Refer to the Continuum of Care application for Stanislaus County. An summary of services and facilities from the application is contained in Attachment C.

### **6. Justification of Use of HOME for Other Tenant-Based Rental Assistance**

The City does not propose to use HOME funds for tenant-based rental assistance.

## **Housing Opportunities for People with AIDS (HOPWA)**

*\*Please also refer to the HOPWA Table in the Needs.xls workbook.*

*The Plan includes a description of the activities to be undertaken with its HOPWA Program funds to address priority unmet housing needs for the eligible population. Activities will assist persons who are not homeless but require supportive housing, such as efforts to prevent low-income individuals and families from becoming homeless and may address the housing needs of persons who are homeless in order to help homeless persons make the transition to permanent housing and independent living. The plan would identify any obstacles to meeting underserved needs and summarize the priorities and specific objectives, describing how funds made available will be used to address identified needs.*

*The Plan must establish annual HOPWA output goals for the planned number of households to be assisted during the year in: (1) short-term rent, mortgage and utility payments to avoid homelessness; (2) rental assistance programs; and (3) in housing facilities, such as community residences and SRO dwellings, where funds are used to develop and/or operate these facilities. The plan can also describe the special features or needs being addressed, such as support for persons who are homeless or chronically homeless. These outputs are to be used in connection with an assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.*

*For housing facility projects being developed, a target date for the completion of each development activity must be included and information on the continued use of these units for the eligible population based on their stewardship requirements (e.g. within the ten-year use periods for projects involving acquisition, new construction or substantial rehabilitation).*

*The Plan includes an explanation of how the funds will be allocated including a description of the geographic area in which assistance will be directed and the*

*rationale for these geographic allocations and priorities. Include the name of each project sponsor, the zip code for the primary area(s) of planned activities, amounts committed to that sponsor, and whether the sponsor is a faith-based and/or grassroots organization.*

*The Plan describes the role of the lead jurisdiction in the eligible metropolitan statistical area (EMSA), involving (a) consultation to develop a metropolitan-wide strategy for addressing the needs of persons with HIV/AIDS and their families living throughout the EMSA with the other jurisdictions within the EMSA; (b) the standards and procedures to be used to monitor HOPWA Program activities in order to ensure compliance by project sponsors of the requirements of the program.*

*The Plan includes the certifications relevant to the HOPWA Program.*

3-5 Year Strategic Plan HOPWA response:

The City does not receive HOPWA funds directly. Programs that operate in the City receive HOPWA allocations through the State of California. Doctors Medical Center Foundation acts as the fiscal agent for HOPWA funds allocated to Stanislaus County through the State. As the lead agency for HOPWA funding, the State is responsible for preparing plans for the distribution of HOPWA funds.

Doctors Medical Center Foundation currently contracts with the Stanislaus Community Assistance Project (SCAP) to provide housing services for persons with HIV/AIDS. Also, the Foundation contracts with the Community Assistance Project and with the Stanislaus County Health Services Agency to provide services such as case management, benefits counseling, client advocacy, home health, and mental health counseling.

### **Specific HOPWA Objectives**

*Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the strategic plan.*

3-5 Year Specific HOPWA Objectives response:

The City does not receive HOPWA funds directly. Programs that operate in the City receive HOPWA allocations through the State of California. Doctors Medical Center Foundation acts as the fiscal agent for HOPWA funds allocated to Stanislaus County through the State. As the lead agency for HOPWA funding, the State is responsible for preparing plans for the distribution of HOPWA funds.

### **OTHER NARRATIVE**

*Include any Strategic Plan information that was not covered by a narrative in any other section.*

*See the attachments below for additional information and narrative.*

## **Attachment A: Public and Agency Comments**

### **Public Comments**

#### **Resident Survey Results**

The City distributed a resident questionnaire to solicit community opinions and concerns regarding community needs that can be addressed through federal funds covered under the Consolidated Plan. These categories of need were:

- Community Facilities
- Community Services
- Infrastructure Improvements
- Neighborhood Services
- Special Needs Services
- Economic Development
- Housing

These categories of need were further divided into specific topics, such as "senior centers" (from the Community Facilities category), "street/alley improvements" (from the Infrastructure category), and "youth activities" (from the Community Services category). For each topic, the respondent was asked to indicate unmet needs that warrant expenditure of public funds by checking a "priority" level from Lowest to Highest need, with one denoting the lowest need and four the highest need.

The questionnaire was distributed to community organizations and neighborhood associations who were notified of the Consolidated Plan update and to attendees at public meetings on the Consolidated Plan.

Questionnaires were completed by 101 respondents. Female heads-of-household were heavily weighted in the resident responses, so their concerns and opinions regarding priority community needs are likely to weigh heavily in the survey results. Approximately 31 percent of survey participants were female heads of households, 27 percent were individuals with disabilities, 16 percent were seniors, four percent were 18 years of age or less, and 22 percent identified themselves in various other categories.

The three levels of importance—high, medium, or low—were assigned based on the average score received for each topic. The higher the averages score the more important the topic as a priority need.

High priority needs were those with an average score of 2.6 or higher. There were 13 topics that received a score greater than 2.6, and they ranked as follows:

- Fire Stations and Equipment
- Health Care Facilities
- Health Services
- Youth Centers
- Anti-Crime Programs
- Youth Activities
- Child Care Centers
- Transportation Services

- Park & Recreational Facilities
- Community Centers
- Libraries
- Homeless Shelters/Services
- Child Care Services

Moderate priority needs were those with an average score of 2.0 to 2.59. There were 18 topics that received a score greater than 2.0 and less than 2.59, and they ranked as follows:

- Senior Centers
- Neglected/Abused Children Center and Services
- Street Lighting
- Homeownership Assistance
- Mental Health Services
- Substance Abuse Services
- HIV/AIDS Centers & Services
- Legal Services
- Street/Alley Improvement
- Centers/Services for Disabled
- Sidewalk Improvements
- Senior Activities
- Drainage Improvement
- Water/Sewer Improvement
- Domestic Violence Services
- Job Creation/Retention
- Employment Training
- Affordable Rental Housing
- Accessibility Improvements

Low priority needs were those with an average score of less than 2.0. There were 19 topics that received a score less than 2.0, and they ranked as follows:

- Fair Housing Services
- Rental Housing Rehabilitation
- Housing For Disabled
- Senior Housing
- Housing for Large Families
- Graffiti Removal
- Trash and Debris Removal
- Ownership Housing Rehabilitation
- Energy Efficient Improvements
- Code Enforcement
- Cleanup of Abandoned Lots and Buildings
- Start-Up Business Assistance
- Lead-Based Paint Test/Abatement
- Small Business Loans
- Commercial/Industrial Rehabilitation
- Parking Facilities
- Business Mentoring
- ADA Improvements
- Facade Improvements

## **Public Comments from Workshops and Hearings**

*To be completed after public review process is finished.*

### **Service Provider Comments**

The following comments were submitted by service providers:

#### **West Modesto/King Kennedy Neighborhood Collaborative**

##### Critical Issues

- Job training/employment
- Health care access
- Affordable housing
- Alcohol/drug abuse
- Education

##### Unmet Needs/Gaps

- Unskilled workforce
- Access health care for working poor/uninsured
- Lack of housing/rental assistance

##### Changes in Needs and Services in Past Five Years

West Modesto/Paradise Medical Office has addressed some of the challenges surrounding accessing health care, but there still remains the issue of coverage and education.

##### Other Comments

Resources to educate and inform the community regarding health care coverage and access is paramount in light of budget cuts to local CBO, as well as issues relating to job training/employment.

#### **Telecare/SHOP**

##### Most Common Barriers

- Affordability (housing)
- Evictions/poor credit
- Stigma/acceptance

##### Critical Issues

- Resources/staffing
- Program cut-backs
- Cost of housing versus benefit of unemployment/underemployment

##### Unmet Needs/Gaps

- Programs for severe mentally ill
- Safe and affordable housing

#### **Healthy Aging Association**

##### Critical Issues

- Health and well-being
- Transportation
- In-home assistance
- Depression
- Affordable housing

Unmet Needs/Gaps

- In-home strength training for frail elderly and adults

Changes in Needs and Services in Past Five Years

Tremendous growth in program participants. Program has doubled in the past the three years. I expect it to even more than double in the next five years as the population of Stanislaus County seniors increases.

Other Comments

The Stanislaus County Area Agency on Aging Four-Year Area Plan should be used to evaluate the needs of seniors in Stanislaus County.

**United Way of Stanislaus County**

Most Common Barriers

- Lack of available resources
- Income guidelines qualifications
- Transportation

Critical Issues

- Lack of funding
- Lack of resources
- Service collaboration
- Turf issues
- Consumer identified (needs) versus provider identified

Unmet Needs/Gaps

- Rental and utility assistance
- Deposit assistance
- Access to affordable housing
- Staff funding to support shelters and other assistance programs

Changes in Needs and Services in Past Five Years

- Lack of increased wages and employment opportunities to match housing costs/living costs.
- Increased number of agencies competing for reduce available dollars

Other Comments

Hopefully, increased collaboration efforts that result in "new" dollars supporting needs of the community.

**Disability Resource Agency for Independent Living (DRAIL)**

Critical Issues

- Accessible and affordable housing
- Low-income housing
- Rental and utility assistance
- Housing rehabilitation
- Homeless shelters

Unmet Needs/Gaps

- Lack of affordable, accessible housing for persons with disabilities who are unable to affordable housing and becoming homeless in Modesto
- Lack of accessible homeless shelters for persons with mobility, respiratory, hearing, , and vision disabilities

Changes in Needs and Services in Past Five Years

Availability of accessible, affordable housing will continue to deteriorate in the coming years

Other Comments

Lack of home modification assistance for person with disabilities. Homeless individuals with disabilities will continue to increase unless more accessible, affordable housing is made available.

**The Salvation Army (Modesto Citadel Corps)**

Critical Issues

- Funding
- Staffing

Unmet Needs/Gaps

- Permanent emergency shelter
- Transitional housing
- Senior outreach

**Parent Resource Center**

Critical Issues

- Increased need for parenting education
- Increased need for intensive case management
- Increased need for volunteer base
- Housing assistance
- Affordable job training
- Child care for working poor

Unmet Needs/Gaps

- Services for youth not in child welfare system
- Not enough affordable housing
- Safe, reliable child care not available and affordable for working families

Changes in Needs and Services in Past Five Years

Increased number of families needing above services in all income levels, especially the working poor

Other Comments

Non-profits in the City of Modesto and other community organizations have limited resources to deliver these services to the increased numbers. We thank the City of Modesto CDBG program for the generous funding we receive.

**Second Harvest Food Bank**

Critical Issues

- Affordable housing for low-income
- Nutritional supplemental groceries for low-income
- Public transportation for low-income, especially seniors
- Affordable health care and prescription medicine

Unmet Needs/Gaps

- Within our hunger relief programs, we have many schools within the city of Modesto and the rest of the County that have requested the expansion of our Food 4 Thought program. We are, however, unable to bring this program to all these schools without attaining additional funding.
- As part of our Food Assistance Program, we provide food to local non-profit charities throughout the County. There is a greater need for increased distribution and infrastructure in the unincorporated areas.

#### Changes in Needs and Services in Past Five Years

Since the end of the 2000 fiscal year, we have experienced an increase of 11.3% in the distribution outputs of our service programs.

#### **Modesto Love Center Ministries**

##### Critical Issues

- Resources to help individuals obtain proper documentation
- Food security
- Housing/shelter
- Medical care
- Advocacy to help seniors unlock the resources available to them

##### Unmet Needs/Gaps

- Help for individuals to secure documentation necessary to obtain services from the different agencies

#### **Modesto Police Department ("Weed and Seed" Program)**

##### Most Common Barriers

- Funding
- Low incomes
- Unemployment

##### Critical Issues

- Street lighting
- Infrastructure, sidewalks for County pockets
- Crime and gangs
- Speed bumps
- Blockage of alleys - need to decrease illegal dumping

##### Unmet Needs/Gaps

Although they are working these critical issues, the resident collaborative is looking into alternative youth activities at the same time. They are finding that residents are not aware of current City-sponsored youth services. Some suggestions are to advertise through community-based meetings and brochures translated into other languages.

#### **Interfaith Ministries**

##### Critical Issues

- Homeless families with drug issues
- Affordable housing
- Access to health care - no medical insurance
- Families needing food and clothing
- Jobs

Unmet Needs/Gaps

- The whole area of affordable, long-term housing
- Agencies providing emergency and transitional shelter working with their families to access housing and rental assistance are unable to get help for their clients from the agency with housing and rental assistance.
- Working poor unable to access health insurance

Changes in Needs and Services in Past Five Years

New players have come on the scene to provide services to the homeless and low-income persons. There has been more collaboration between agencies, particularly with the SCHSSC and the agencies who participate. However, more collaboration is always needed and territorial issues addressed.

Other Comments

Concern about the federal budget and cuts to the CDBG and ESG funding in the next few years.

**Stanislaus Literacy Center**

Critical Issues

- Workforce development
- Growing need for English language classes
- Health literacy

Unmet Needs/Gaps

- Funding to provide necessary services (teachers, books)
- Enough volunteers to meet needs
- Better facilities

Changes in Needs and Services in Past Five Years

- Funding for literacy is being cut at federal, state, and local levels
- Will need more local donations

**Project Sentinel**

Critical Issues

- Awareness of fair housing rights and responsibilities
- Rental practices which are discriminatory in their effect
- Cooperation of property owners and managers
- Providing timely and effective services
- Provide dispute resolution alternatives

Unmet Needs/Gaps

- Extensive community education
- Intensive investigation
- Agency effort for surveys and testing
- An additional full-time staff person

Changes in Needs and Services in Past Five Years

- Promoting fairness and equality in housing for all persons regardless of race
- Increased awareness of fair housing laws

Other Comments

Networking with other social service providers who are knowledgeable in recognizing a fair housing complaint.

### **Children's Crisis Center of Stanislaus County**

#### Critical Issues

- Child abuse prevention
- Drug abuse
- Domestic violence
- Homelessness

#### Unmet Needs/Gaps

- Hours of public transportation
- Homeless shelters for families
- Services for homeless teens

### **Comments from City Agency Meeting (2-8-05)**

The following is a summary of comments received at a City agency consultation meeting conducted on February 5, 2005:

- The City presently uses its 15% of its CDBG funds for a variety of public services. The City may want to evaluate the consolidation of the public services funding into single program, such as one focused on homeless needs.
- The City has targeted specific neighborhoods in the past for housing rehabilitation. It has taken nearly 20 years, but the City is close to completing the rehabilitation of housing in these targeted neighborhoods. The City may want to re-consider whether it continues to target specific neighborhoods over the next five years.
- The City should consider funding infrastructure in support of long-term affordable housing. The cost of such infrastructure will need to be examined.
- Older industrial areas need sewer upgrades to expand, modernize, and create jobs. The City could consider CDBG funding for such improvements.

## **Attachment C: Continuum Of Care Homeless Facilities And Services**

The following information has been excerpted from the *Stanislaus County 2004 Continuum of Care Application* to the U.S. Department of Housing and Urban Development.

### **The Continuum of Care Collaborative**

The lead entity for the Stanislaus County Continuum of Care (COC) development is the Stanislaus County Housing and Support Services Collaborative (SCHSSC). The SCHSSC was originally established in 2000 through the merging of several small collaboratives which focused on service and housing needs for various populations. In July of 2001, The Stanislaus County Board of Supervisors and the City of Modesto officially recognized *the Stanislaus County Housing and Support Services Collaborative* as the coordinating body for homeless programs and services in Stanislaus County. The mission of the SCHSSC is to advocate, coordinate, and optimize services for men, women and families who are homeless in Stanislaus County. The SCHSSC's activities include data collection, education, outreach, advocacy, development of the Homeless Management Information System (HMIS), and updating of the Continuum of Care Plan.

The SCHSSC is comprised of over 88 members and more than 50 agencies and organizations representing all cities within the County of Stanislaus. Representation includes members from non-profit organizations, homeless persons, formerly homeless persons, local government, disability service organizations, the public housing authority, police and fire service departments, faith-based and other community-based organizations, service agencies, community members, government agencies and housing developers. The SCHSSC has an Executive Committee and seven standing and/or temporary committees established in order to accomplish a specific goal. These committees are dedicated to working on 1) The 10-year plan to end chronic homelessness, 2) Needs for different sub-populations, 3) Technical Support for grantees and HMIS Development, 4) Day Facility Development and Homeless Outreach, 5) Continuum of Care updates, 6) Grant Review and Program Performance Evaluation. In addition, the City of Turlock has developed a committee to address specific needs within the City of Turlock which is reported to the SCHSSC for incorporation into the overall COC Plan.

Members of the collaborative meet monthly as a group and sub-committees meet either monthly or as needed to work towards the goal of improving the existing plan, discussion of new programs, development of greater collaboratives, and identifying gaps in the existing plan. The SCHSSC draws on the strength and experience of its membership as well as the experience and commitment of other key stakeholders. SCHSSC ensures fairness and equity in the development of its COC process and related funding applications by seeking the participation of diverse individuals and organizations that represent all communities and sub-populations within the County.

### **Planning Process**

The SCHSSC is the entity that coordinates the on-going development of the County-wide Continuum of Care. Building on the network of organizations and coalitions developed over the last four years, its efforts have enriched the ability of organizations to draw upon each other's expertise and resources to address homelessness, streamlined service delivery, and enhanced coordination between agencies and state and local providers. Overall, its efforts have resulted in a Continuum that is productive, vibrant, and sustainable over the long term. Many accomplishments and the progress made in increasing the level of housing and supportive service programs within the past year are identified in the COC planning meetings and topics illustrated further in this section of the narrative.

The SHSSC has appointed the seven sub-committees to be responsible for the day-to-day work of developing the Continuum. The SCHSSC is charged with meeting the challenges of developing a fair, open, participatory, and effective County-wide Continuum of Care in Stanislaus County. The vision of the SCHSSC is: "Housing is a basic human right. People who are homeless should have adequate, affordable housing and access to comprehensive services tailored to their individual needs." The SCHSSC holds regular monthly meetings for all members within the collaborative. The subcommittee groups meet either monthly or as needed depending upon the project to develop the Continuum of Care and its associated application. Members of the Sub Committees undertake tasks including:

- 1) Organizing the planning process
- 2) Collecting needs data and inventorying system capacity
- 3) Determining and prioritizing gaps and needs
- 4) Developing policies and setting priorities to ensure service effectiveness
- 5) Reviewing grant applications and providing technical support to grantees
- 6) Identifying funding resources available for development of housing and supportive services
- 7) Developing strategies to strengthen the existing continuum of care plan

#### Continuum of Care - Service Activity Chart

The Stanislaus County Continuum of Care has all the essential components in place to prevent, identify, assess, and support the individuals and families who are homeless in its communities, although the availability of services varies by area. These fundamental service components include: Prevention, Outreach, and Supportive Services. The following components are described in the following table, including the services in place, how individuals and families access the services, and services that are planned.

<b>Fundamental Components in CoC System (Service Activity)</b>
<p><b>Component: Prevention</b> - Prevention services in place fall into three main categories: emergency assistance; education, information, and counseling; and advocacy and awareness raising.</p> <p><b>EMERGENCY ASSISTANCE</b></p> <p>Several agencies offer emergency financial assistance to prevent homelessness by providing funds for rent, security deposits, utilities, and medical and other basic needs.</p> <p><b>Service in Place: Emergency Rental Assistance to Avoid Eviction</b></p> <p><u>Service Providers:</u></p> <ul style="list-style-type: none"><li>• Community Housing and Shelter Services – low-income families and individuals.</li><li>• Stanislaus County Behavioral Health and Recovery Services - persons with mental illness/substance abuse</li><li>• The Stanislaus County Community Services Agency – current TANF recipients</li><li>• Central Valley Opportunity Center - families</li><li>• Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS</li><li>• Telecare SHOP – Persons with mental illness/substance abuse</li></ul> <p><b>Service in Place: Utility Assistance</b></p> <p><u>Service Providers:</u></p> <ul style="list-style-type: none"><li>• Modesto Irrigation District/Turlock Irrigation District – offers lower rates to low-income households</li><li>• Central Valley Opportunity Center</li></ul>

- Project Reach
- Salvation Army – Seniors and families with children
- Department of Social Services – Co-Signing Program
- Stanislaus County Behavioral Health & Recovery Services – persons with mental illness
- Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS
- Telecare SHOP – Persons with mental illness/substance abuse

**Service in Place: Security Deposit Assistance**

**Service Providers:**

- Community Housing & Shelter Services
- Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS
- Stanislaus County Behavioral Health & Recovery Services – persons with mental illness/substance abuse
- Housing Authority of the County of Stanislaus – Shelter plus Care, loan program for TANF recipients
- Community Services Agency – families with children/TANF
- Telecare SHOP – Persons with mental illness/substance abuse

**Other emergency assistance activities are as follows:**

Interfaith Ministries, The Salvation Army, Calvary Temple Care Center, The Love Center, and United Samaritans provide emergency assistance for food and clothing. Seven communities within Stanislaus County provide food to their local residents through community food pantries. Twenty local churches also operate food pantries or similar programs that provide emergency food, clothing and other financial assistance to families in need.

**EDUCATION, INFORMATION, AND COUNSELING**

Several agencies provide individuals and families with education and information that helps prevent homelessness in the form of information hotlines, tenant education, and counseling and case management. Agencies providing tenant advocacy coordinate with the Sheriff's eviction unit or property owners to identify individuals and families facing eviction, provide outreach services and work with the family or individual to resolve or prevent eviction.

**Service in Place: Information & Referral Services**

**Service Providers**

- United Way Central Valley Information & Referral
- American GI Forum - Veterans
- Behavioral Health and Recovery Services, SHOP, SISA – persons with mental illness/substance abuse
- Community Housing and Shelter Services
- Haven Women's Center– victims of domestic violence
- Stanislaus Community Assistance Project – persons with HIV/AIDS
- Disability Resources Agency for Independent Living – persons with disabilities
- Salvation Army
- Coalition on Homelessness, Stanislaus County
- Children's Crisis Center
- Catholic Charities/Stanislaus Elder Abuse Prevention Alliance
- Habitat for Humanity, Stanislaus
- United Samaritans Foundation

**Service in Place: Housing Counseling Services**

**Service Providers:**

- Community Housing & Shelter Services
- Housing Authority of the County of Stanislaus – Section 8 Voucher Holders
- Disability Resources Agency for Independent Living – persons with disabilities
- Behavioral Health and Recovery Services, SHOP, SISA – persons with mental illness/substance abuse
- Community Services Agency – families on TANF
- Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS

- Habitat for Humanity, Stanislaus

**Service in Place: Tenant Advocacy**

**Service Providers:**

- Housing Authority of the County of Stanislaus – housing program participants
- Community Housing and Shelter Services
- Community Services Agency
- Disability Resources Agency for Independent Living – persons with disabilities
- California Rural Legal Assistance (CRLA)
- Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS

**ADVOCACY AND AWARENESS-RAISING**

Agencies that participate in the SHSSC work hard to prevent homelessness through advocacy and awareness. Members of the SHSSC regularly make presentations to community organizations, schools, churches, clinics, hospitals, law enforcement and social service agencies to increase awareness about ways to prevent homelessness and the status of the region's homeless population. The SHSSC promotes collaboration among the county service agencies in order to improve service delivery and prevent homelessness among low-income individuals and families. For example, one agency, Coalition on Homelessness, Stanislaus County publishes a newsletter, The Curbside News, which serves as an excellent tool to share information on homeless issues in Stanislaus County.

**Service in Place: Fair Housing/Discrimination Investigations**

**Service Providers**

California Rural Legal Assistance (CRLA)

- Housing Authority of the County of Stanislaus
- Project Sentinel

**Service in Place: Legal Aid Advocacy**

**Service Providers:**

- Disability Resources Agency for Independent Living Housing Authority of the County of Stanislaus
- California Rural Legal Assistance
- Haven Women's Shelter – victims of domestic violence
- Project Sentinel – housing discrimination

**Service in Place: Legal Aid Services**

**Service Providers:**

- California Rural Legal Assistance

**Services planned:**

- The County of Stanislaus plans to award thirty percent of Emergency Shelter Grant funds to agencies that provide prevention activities targeted to low-income families who are at risk of becoming homeless. The cities of Modesto and Turlock have also designated a portion of ESG funding to homelessness prevention.
- Children's Crisis Center plans to provide assistance to women and children who are in jeopardy of becoming homeless due to domestic violence.
- Interfaith Ministries plans to open an additional winter shelter to house families who are homeless or at risk of becoming homeless.
- Community Housing and Shelter Services is planning to secure funding to continue to provide homelessness prevention through financial assistance and education.
- Project Sentinel plans to increase awareness and advocacy by expanding their landlord/tenant program.

**How persons access/receive assistance:**

Prevention services are accessed mainly on a walk-in basis to the local Community Services Agency, police station or other service provider..

Service providers then make referrals and directly assist the client as needed. Information referral lines are publicized in community gathering areas and public places. Several agencies provide flyers that describe services available as well as contact and eligibility information.

**Component: Outreach**

**Outreach in place:**

**Outreach to homeless persons living on the streets**

Service agencies in Stanislaus County regularly provide outreach to people who are living on the streets by visiting places where the unsheltered homeless congregate and canvassing outdoor locations. Many of the various outreach service providers work to meet the immediate needs of persons who are homeless (food, clothing, medical care, etc.) and make referrals to resources such as mental health or substance abuse treatment and other social services as needed.

**Outreach in Place: Street canvassing and outreach to the homeless living on the streets and in homeless camps**

**Service Providers/Target Populations:**

- Coalition on Homelessness, Stanislaus County (COHSC) – general homeless population, youth and adults
- Telecare SHOP – chronically homeless population/substance abuse
- Turning Point/SISA – mentally ill homeless
- Modesto Police Department Restorative Police Program – homeless persons with SMI/SA, victims of domestic violence
- United Samaritans – general homeless population
- Victory Outreach Ministries – adults with SA
- Families First Visions – chronically homeless, disabled persons, youth, families, young adults with MI

**Outreach in Place: Outreach via mobile units**

**Service Providers:**

- Golden Valley Health Care – mobile clinic
- Modesto Police Department –Restorative Police Program
- Victory Outreach Ministries
- Nineveh Outreach/Calvary Temple
- Daily Bread Food Ministry/United Samaritans
- Coalition on Homelessness, Stanislaus County
- Various Church Organizations
- Stanislaus Community Assistance Project (SCAP)

**Outreach in Place: Newsletter for the homeless population**

**Service Provider:**

- Coalition on Homelessness, Stanislaus County – The COHSC develops a monthly newsletter that includes information on services available, current housing, local news and stories written by homeless persons. The newsletter is designed to assist the chronically homeless and is distributed at location where the unsheltered homeless gather including shelters, day center and lunch programs. The newsletter is also provided to the general public and service-providing agencies to enlighten the public on issues homeless persons face on a daily basis.

**Outreach in Place: Day centers for the homeless**

**Service Provider:**

- Sunshine Place, a day center for the homeless mentally ill, is located in the center of the city of Modesto and can be accessed via public transportation. Persons may visit the site during daytime hours and receive services and referrals.
- The Salvation Army operates a day center that provides clothing, socks, phone use, storage, bus passes and lunch. Day center visitors receive referrals and help with paperwork for various services. HIV, and TB testing is provided in cooperation with other area agencies.
- United Samaritans Foundations, Turlock and Hughson centers offer laundry facilities, message/phone service, mail delivery and referral services to homeless persons.

**Outreach to other homeless persons**

Members of the SHSSC provide outreach to homeless in shelters, jail, hospitals or other temporary housing. Outreach activities involve looking for, identifying, meeting with, engaging, and assisting individuals who are homeless in accessing shelter, food, and other services that meet basic human needs. In addition to identifying and engaging persons who are homeless, outreach staff and programs link persons who are homeless to housing and services, thus beginning the movement along the continuum toward the end goal of quality, stable housing.

**Outreach in Place: Outreach to homeless through service agencies**

**Service Providers:**

- The Salvation Army – day center, winter shelter, food
- Community Housing and Shelter Services – emergency shelter
- Stanislaus County Behavioral Health and Recovery Services - persons with mental illness/substance abuse
- Stanislaus Community Assistance Project (SCAP) – persons with HIV/AIDS
- Telecare SHOP – homeless mentally ill/substance abuse
- Central Valley Homeless Veterans
- Interfaith Ministries – shelter, food
- United Samaritans – shelter, food
- Modesto Gospel Mission – emergency shelter, food, recovery program
- Families First/Visions – homeless youth
- Hutton House – homeless youth

**Outreach in Place: Outreach to persons that are homeless due to domestic violence**

**Service Providers:**

- Haven Women's Center
- Community Housing & Shelter Services
- Children's Crisis Center

**Outreach in Place: Outreach to other homeless persons**

**Service Provider/Target Population:**

- Central Valley Homeless Veterans –veterans in hospitals
- Friends Outside –persons in jail
- Modesto Restorative Police Program –persons in jail
- Victory Outreach –persons in jail
- Telecare SHOP –persons in psychiatric hospitals and in jail facilities
- First Baptist Church – provides outreach on site through their Monday evening meal program
- Coalition on Homeless, Stanislaus County – provided civil rights education to homeless and service providers at Housing California
- Nineveh Outreach/Calvary Temple – outreach at local parks

**Outreach in Place: One-stop outreach centers**

**Service Providers:**

- Four one-stop outreach centers in Stanislaus County provide information and referrals, vocational training, resume building, referral services for the homeless and assistance to families entering the job market who need vocational assistance. Participating agencies include Community Services Agency, Department of Employment and Training, Stanislaus County Behavioral Health & Recovery Services, Housing Authority, Modesto Junior College, Central Valley Opportunity Center, Modesto City Schools, Dept. of Rehabilitation, Stanislaus Economic Development and Workforce Alliance and DRAIL.

**Outreach planned:**

- (1) **Persons living on the streets**

- Urban Ministry's Vine House plans to provide outreach health fairs to provide information regarding services to persons that are homeless or at-risk of becoming homeless.

**(2) Other homeless persons**

- Interfaith Ministries plans outreach activities to inform homeless families about the Santa Fe winter shelter scheduled to open in December 2004. Planned outreach includes providing flyers and requesting referrals from faith-based and other social services agencies.
- United Samaritans Foundation plans to add a roving case manager position on the Daily Bread trucks to provide homeless and impoverished persons with assessments and referrals to services.

**Component: Supportive Services**

**Services in place:** An array of supportive services is provided throughout Stanislaus County to assist individuals and families who are homeless. Below are descriptions of the case management, life skills, alcohol and drug abuse treatment, mental health treatment, education, employment assistance, childcare, transportation, and other services available to individuals and families who are homeless in Stanislaus County.

**Services in Place: Case Management**

**Target Populations/Case Management Providers:**

- Persons with HIV/AIDS – Stanislaus Community Assistance Project, Stanislaus County Health Services Agency
- Persons with Mental Illness – Stanislaus County Behavioral Health & Recovery Services (SCBHRS), Turning Point/SISA, Telecare SHOP
- Developmentally Disabled Persons – Disability Resources Agency for Independent Living, Valley Mountain Regional Center
- Victims of Domestic Violence – Haven Women's Shelter, Community Housing & Shelter Services, Children's Crisis Center
- Youth – Families First-Visions, Stanislaus County Behavioral Health & Recovery Services, Children's Crisis Center, Center for Human Services, Community Services Agency
- Elderly – SBHRS Older Adult Services Team, Area Agency on Aging
- Persons with Substance Abuse – SBHRS, Nirvana, Stanislaus Recovery Center, Victory Outreach, Lazarus House

**Services in Place: Life Skills Service Providers**

**Service Providers:**

- Agape House
- Center for Human Services
- Community Housing & Shelter Services
- Community Services Agency
- Disability Resources Agency for Independent Living
- Families First-Visions
- Lazarus House
- Mighty Women of Modesto
- Modesto Junior College Workforce Training
- Stanislaus County Behavioral Health & Recovery Services
- Telecare SHOP
- Turning Point/SISA
- Valley Mountain Regional Center
- Victory Outreach

**Services in Place: Alcohol and Drug Abuse Treatment**

**Service Providers:**

- SCBHRS Substance Abuse Division
- NIRVANA
- Latino D&A (Casa de Vida)
- Laura's House
- Samaritan House

- Health Services Agency
- Al Anon
- First Step
- Genesis – Heroin Treatment Services
- New Hope Recovery House
- Teamsters Alcohol Rehab
- Lazarus House
- Victory Outreach

**Services in Place: Mental Health Treatment**

*Service Providers:*

- Stanislaus County Behavioral Health & Recovery Services
- Stanislaus County Health Services Agency
- Telecare SHOP
- Modesto Junior College
- CSUS – Student Services

**Services in Place: AIDS-related Treatment**

*Service Providers:*

- Stanislaus Community Assistance Project (SCAP)
- Stanislaus County Health Services Agency

**Services in Place: Education**

*Service Providers:*

- Stanislaus County Department of Employment & Training
- Modesto Junior College
- Stanislaus Career Network
- Coalition on Homelessness, Stanislaus County
- Modesto Gospel Mission
- Central Valley Opportunity Center
- Howard Training Center – Developmentally Disabled
- Stanislaus County Community Services Agency
- United Cerebral Palsy
- Housing Authority of the County of Stanislaus
- Bethesda Ministries
- Elliot Alternative Education
- Turlock Adult School
- Ceres Adult School
- Turning Point Community Programs
- CSU Stanislaus
- Habitat for Humanity, Stanislaus

**Services in Place: Employment Assistance**

*Service Providers:*

- Stanislaus Career Network
- Employment Development Department
- Friends Outside
- Telecare SHOP
- Howard Training Center
- Community Services Agency – Stan Works

- United Cerebral Palsy
- Central Valley Opportunity Center
- Stanislaus County Department of Employment & Training
- Modesto Junior College
- Turning Point

**Services in Place: Child Care**

*Service Providers:*

- Community Services Agency
- Salvation Army
- Stanislaus County Recovery Services
- YMCA
- Red Shield Center
- Head Start Programs
- Healthy Start Programs
- Stanislaus County Child Care Referral
- Modesto Junior College
- Children's Crisis Center

**Services in Place: Transportation**

*Service Providers:*

- Project REACH
- Older Adult Services Team
- Community Housing & Shelter Services
- SCBHRS
- United Cerebral Palsy
- NIRVANA
- Stanislaus Community Assistance Project
- Central Valley Homeless Veterans
- Salvation Army
- United Samaritans

**Services in Place: Other**

**Type of Service/Service Providers:**

- Pre-parole Preparation & Vocational Training – Friends Outside, Stanislaus County Sheriff's Department- TRACS Program
- Hot Meals - Salvation Army, United Samaritans, Nineveh Outreach, Modesto Gospel Mission, Interfaith Ministries, Red Cross, Riverbank Christian Food Sharing, First Baptist Church, The Vine House, Bethesda Ministries
- Clothing – Interfaith Ministries, Red Cross, Salvation Army, City Care/Calvary Temple, Agape-Ceres, Bethesda Ministries, Coalition on Homelessness, Soroptomists
- Groceries – Nineveh Outreach, City Care/Calvary Temple, Westside Food Pantry, Riverbank Christian Food Sharing, First Southern Baptist Food Ministry, Salvation Army
- Health Care Services – Golden Valley Health Care, Modesto Gospel Mission, Health Services Agency

**Services planned:**

- Children's Crisis Center plans to increase their services by opening an additional site in Turlock. CCC offers assistance to families through respite childcare, guidance/advocacy to victims of domestic violence, family nurturing classes, overnight care and emergency shelter for children.
- Victory Outreach, a faith based drug and alcohol treatment program, plans to increase their program size by adding fifteen beds to their facility. The agency currently has the capacity to serve fourteen men and four women in a transitional housing program.
- Lazarus House Ministries, a faith based recovery home for women, plans to add a facility to serve men in the Turlock area.

**How homeless persons access/receive assistance:**

Persons who are homeless access supportive services either through their case managers or by directly contacting individual service providers. Information about service providers is accessed through pamphlets and service directories, which are available at shelters, social services offices, and other service providers. Through the Stanislaus County Housing & Supportive Services Collaborative, strong networks of relationships have developed between various agencies in each region. Case managers as well as other professionals working with persons who are homeless provide referral services for the above services. Providers work collaboratively to coordinate referrals and case management between agencies to ensure that people who are homeless have access to the services for which they are eligible.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-289**

**A RESOLUTION AUTHORIZING THE PURCHASING SUPERVISOR TO  
FORMALLY SOLICIT REQUEST FOR BIDS FOR THE PURCHASE OF  
NINETEEN (19) MOTORCYCLE HELMET RADIO COMMUNICATION KITS  
FOR THE POLICE DEPARTMENT, FOR A TOTAL ESTIMATED COST OF  
\$56,017**

WHEREAS, the Police Department, Traffic Unit, transitioned from using Motorola mounted radios on their police motorcycles to using a “stand-alone” portable radio system, due to frequent repairs on the older mounted radios, which created excessive downtime for the motorcycles, and

WHEREAS, the stand-alone portable radio system consists of a Motorola HT1000 radio attached to a set of Set-Com Super Mic ear speakers, and

WHEREAS, the ear speakers are mounted inside of the officer’s motorcycle helmet, and relay to a push-to-talk switch on the motorcycle, which receives and transmits calls to dispatch and other officers, and

WHEREAS, traffic officers began experiencing problems in the clarity of the reception coming from the ear speakers, and

WHEREAS, a few of the portable radio systems were brought to Set-Com for analysis, and

WHEREAS, Set-Com acknowledged there seemed to be an unusual amount of distortion in the sound coming from the ear speakers, and

WHEREAS, Set-Com gave the Police Department six (6) new sets of ear speakers to test, and

WHEREAS, these speakers were installed in the motorcycle helmets and tested, and the results were the same, distorted sound, and

WHEREAS, the Police Department contacted Set-Com several times trying to remedy the clarity problems, but was met with very slow responses, and no corrective action taken from the vendor, and

WHEREAS, the Police Department then sought the help from a local communications company, which examined the Set-Com system and discovered that the distorted sound was due from an “impedance mismatch”, caused by the Set-Com Super Mic ear speakers, and

WHEREAS, in order to correct the problem the Super Mic system would have to be dismantled and rewired, and

WHEREAS, the Police Department determined that this was not a cost effective option, and

WHEREAS, the Police Department polled the law enforcement community and found many local law enforcement agencies using portable radio equipment produced by a company named PVP Communications, Inc., located in Torrance, CA, and

WHEREAS, the Police Department contacted PVP Communications, INC. to inquire about the possibility of testing their equipment, and

WHEREAS, PVP Communications, Inc. provided the Police Department with sample equipment to test of the newest technology, “Blue-Tooth” wireless, which is proximity based, and

WHEREAS, the system senses when an officer is on his/her motorcycle, in proximity to the radio, and automatically switches to the portable radio when the officer walks away from the motorcycle, and

WHEREAS, the officer does not plug any connections into the motorcycle, thus eliminating the issue of worn out connectors (the most common reason why police motorcycles are taken out of service), and

WHEREAS, the Blue-Tooth wireless system links to a Kenwood 90 series radio, and

WHEREAS, the Kenwood radio is more weather resistant than the Motorola HT1000 currently in use, and its cost is about one-third the cost of the Motorola radio, and

WHEREAS, the Kenwood is easier to repair than the Motorola, which in turn reduces overall repair costs, and

WHEREAS, if the radio's circuit board is completely disabled due to water damage, the face of the radio is simply removed and the circuit board replaced, at a cost of about \$200.00, and

WHEREAS, the Police Department contacted several law enforcement agencies using the Kenwood radio on their police motorcycles and found no reports of weather related problems, and

WHEREAS, the Police Department has thoroughly tested the Blue-Tooth system and is very pleased with the overall test results, and

WHEREAS, motorcycle officers can clearly hear themselves speak through their helmet speakers when communicating to dispatch and other officers, and

WHEREAS, the Blue-Tooth wireless system is “cutting-edge” technology, and WHEREAS, the cost of the Blue-Tooth wireless system is about \$150.00 per unit more than the Set-Com system currently in use, however the Police Department believes that officer safety and confidence in their equipment is worth the extra cost, and

WHEREAS, because of the successful test results from the new Blue-Tooth wireless technology, providing the motorcycle officers with reliable and dependable transmission quality, and due to the inability of Set-Com to remedy the quality problems of their equipment, the Police Department recommends discontinuing the use of all Set-Com systems and converting all of their motorcycles over to the Blue-Tooth wireless system, and

WHEREAS, Modesto Municipal Code, Section 8-3.203, generally requires all purchases, which meet or exceed \$50,000.00 for material, equipment or contractual services to be formally bid, and

WHEREAS, the issuance of a formal Request for Bid for the purchase of nineteen (19) motorcycle helmet radio communication kits will conform to Modesto Municipal Code Section 8-3.203,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Council of the City of Modesto as follows:

SECTION 1. The City Clerk is hereby authorized to call for public competitive sealed bids for the purchase of nineteen (19) motorcycle helmet radio communication kits, to be opened in the office of the City Clerk, 1010 Tenth Street, in the City of Modesto. The City Clerk shall be directed to give notice inviting such sealed bids in the time, form, and manner provided by law.

SECTION 2. After the sealed bids are opened, they shall be tabulated and analyzed by the Purchasing Division and a report submitted to Council.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmemeber Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh,  
O'Bryant, Mayor Ridenour

RESOLUTION NO. 2005-290**

**A RESOLUTION AUTHORIZING THE RENEWAL OF AN ANNUAL  
MAINTENANCE CONTRACT FOR NOVELL SOFTWARE, FOR A TOTAL  
COST OF \$53,977.51 AND AUTHORIZING THE CITY MANAGER TO  
EXECUTE THE CONTRACT**

WHEREAS, the Information Technology Department (IT), purchases annual maintenance agreements on most of its software applications for the purpose of receiving technical support and to keep current with software releases, and

WHEREAS, this annual maintenance contract for Novell software products (ZEN, GroupWise, NetWare) will provide the City with uninterrupted technical support and future Novell product upgrades as they occur, and

WHEREAS, IT has budgeted for this item in its annual FY 04/05 budget, and

WHEREAS, all purchases which meet or exceed \$50,000.00 must be approved by Council, and

WHEREAS, at its May 23, 2005, meeting the Finance Committee supported Staff's recommendation,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves the renewal of the annual maintenance contract for Novell software in the amount of \$53,977.51 and authorizes the City Manager to execute the contract.

**RESCINDED**

OCT 25 2011

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-291**

**A RESOLUTION APPROVING THE REVISED GUIDELINES FOR THE CITY OF  
MODESTO DOWN PAYMENT ASSISTANCE PROGRAM FUNDED THROUGH COUNCIL RESOLUTION  
FUNDS, AND RESCINDING RESOLUTION NO. 2003-529.**

2011-408

WHEREAS, the City of Modesto has been providing the Down Payment Assistance Program (DPAP) since 1994; to help low and moderate income households purchase a home in Modesto, and

WHEREAS, the DPAP has been amended a number of times; the last amendment was approved by the City Council on October 7, 2003, by Resolution No. 2003-529, and

WHEREAS, staff recommends that the Down Payment Assistance Program be further amended to provide better guidelines and a better format to expedite the loan process, and make it consistent with the new pre-qualifying format, and

WHEREAS, staff is recommending the following modifications to the guidelines:

1. Change verbiage on the purchase price section of the terms and conditions to read: "The loan limit allowed under this program shall not exceed the FHA mortgage limit amount for the City of Modesto by the U.S. Department of Housing and Urban Development for the City of Modesto". (The current FHA mortgage limit allowed for Modesto is \$280,700).
2. Allow one to three-year interest buy-downs under the CalHFA program, instead of the one-year interest buy-down.
3. Require participants to select a "certified" home inspection service, complete a home inspection and pay for this inspection from private funds, regardless of the outcome of the loan.
4. Consider ratios in excess of 43% on an exception basis depending upon the overall strength of the application.
5. Applicants with no credit history must submit utility bills, cell phone bills and letters of credit from the utility companies.
6. Eligible participant(s) must contribute with a minimum initial investment of 1.5% of the sales price. Proof of the availability of these funds shall be submitted to the City of Modesto.

7. The definition of a "first-time homebuyer" is an individual (and his or her spouse) who have not owned a home during the three year period prior to purchase of a home with assistance under CDBG.

and,

WHEREAS, the Housing Rehabilitation Loan Committee met on April 14, 2005, and the Citizens Housing and Community Development Committee met on May 6, 2005, and approved staff's recommendations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the revised guidelines for the City of Modesto Down Payment Assistance Program as shown on Exhibit "A", attached hereto and incorporated herein by reference.

BE IT FURTHER RESOLVED that Modesto City Council Resolution No. 2003-529 is hereby rescinded effective June 8, 2005.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**INTRODUCTION**

The City of Modesto Parks, Recreation & Neighborhoods Department offers a Down Payment Assistance Program (DPAP) to assist low-income families purchase a home. With funding from the Community Development Block Grant (CDBG) Program and through partnerships with local lenders we can make homeownership dreams a reality for low and moderate-income families.

The DPAP is designed to assist families that have adequate incomes to afford monthly mortgage payments, but have not been able to save enough money for the down payment and closing costs associated with buying a home. Eligible homes must be located within Modesto city limits and can be either new or existing homes. The program helps homebuyers by providing financial assistance in way of a low interest loan toward down payment and closing costs.

The City of Modesto believes that affordable homeownership opportunities can provide the foundation whereby individual families, and entire neighborhoods, can achieve a sense of stability and community pride.

**MAXIMUM LOAN AMOUNT**

There is no application fee to apply for a DPAP loan. The maximum loan for each household is determined as follows: For households earning up to 80% of area median income (AMI), the maximum loan is up to \$60,000. The current income eligibility limits for low-income households are:

HOUSEHOLD SIZE	INCOME LIMIT	HOUSEHOLD SIZE	INCOME LIMIT
1 Person	\$29,500	5 Person	\$45,550
2 Person	\$33,750	6 Person	\$48,900
3 Person	\$37,950	7 Person	\$52,300
4 Person	\$42,150	8 Person	\$55,650

(Effective February, 2005 and updated annually)

**TERMS AND CONDITIONS**

**A. Purchase Price**

The loan limit allowed under this program shall not exceed the FHA mortgage limit amount for the City of Modesto. This loan limit shall be modified based upon information available from FHA Mortgage Limits provided by the U.S. Department of Housing and Urban Development.

The current loan limit amount for the City of Modesto is: \$280,700.

**B. Terms**

- The loan shall not accrue interest during the first five years of the term of the loan.

ATTACHMENT "A"

- During the first five years of the term of the loan, applicants shall make monthly payments of 1% annually of the original loan amount. These payments will go towards the principal of the loan.
- On the sixth year interest will start to accrue at a 3% annually on the balance of the loan. For example: The principal balance on a \$60,000 loan would only be \$57,000.00. The payments under these conditions will be approximately \$270.30.
- Applicants can qualify for a grant of 1/5 of the balance of the loan and amortize the balance under a new agreement if they meet the following conditions:
  - i. Must reside in the property purchased with the assistance of the DPAP for 10 consecutive years,
  - ii. Have a good payment history, which includes no late payments, missed payments, or payment arrangements.

Other repayment provisions include the following:

1. The total amount of the loan, plus accrued interest, becomes due and payable at the time of sale or transfer of ownership, refinancing of the property, upon death of owner(s), or upon change of use of the property (if applicant moves out and rents the property).
2. No prepayment penalty. There is no charge or penalty for making full or partial payments on the loan.
3. The DPAP loan is generally not assumable. However, if the subsequent purchaser of the home is otherwise eligible for the Down Payment Assistance Program, the applicant may apply to the City for a waiver of the non-assumption of the loan.

---

**SILENT SUBORDINATE MORTGAGE/SUBORDINATION  
POLICY**

---

The DPAP loan is silent, subordinate mortgage secured by a promissory note and City or Agency trust deed, and is recorded junior to the primary mortgage.

**Subordination Policy:**

Subordinations are not generally allowed. Any first lien on the property ("First Lien") held by an individual lender or investor (the "Lender") shall be prior and superior to the City Loan Agreement, the Declaration of Conditions, Covenants and Restrictions and the City Deed of Trust. However request for subordinations could be approved under the following conditions:

- The new loan shall not be larger than the original first loan.
- The new loan shall bear a fixed interest rate.
- The buyers shall not be allowed to take cash out.
- The buyers shall be responsible for paying the closing costs associated with the refinance.
- The City loan shall not be subordinated to a lower position than the original rank.
- The lender/title company shall provide a copy of cost comparison showing the original terms and the proposed new terms.
- The lender/title company shall be responsible for preparing the subordination instrument at the sole costs of the borrowers.
- The lender/title company shall submit a Good Faith Estimate.
- The lender/title company shall submit a Closing Statement of the new loan.

---

**PARTICIPANT ELIGIBILITY REQUIREMENTS**

---

Eligible participants must meet the following eligibility criteria in order to participate.

ATTACHMENT "A"

1. Participant(s) must qualify as a low or moderate-income household. To qualify under these criteria, participant(s) must be household(s) whereby total annual income does not exceed 80 percent (80%) of the area median income (AMI). This is adjusted for family size for Modesto at the time the household initially occupies the property, or at the time the City funds are invested, whichever is later (see income limits previously specified). CDBG funds can only be used to assist households at or below 80% of AMI.

Section 8 income guidelines are used to determine annual income, which is defined as the gross amount of income of all adult household members that is anticipated to be received during the coming twelve-month period. Income re-certification will be required if more than 180 days have elapsed from the date of the original certification and the date of loan closing or occupancy of the property.

2. The applicant must obtain the maximum loan amount from the first mortgage loan. The City of Modesto will determine the loan amount or gap by calculating the difference between the home sales price and the base loan amount obtained from the first mortgage loan.
3. Participant(s) must complete a homebuyer-counseling workshop from an agency approved by the City, prior to participating in the program.
4. Participant(s) or any household member cannot have owned a home during the three-year period prior to the purchase of a home with CDBG assistance. (Exceptions are: death of spouse, recorded dissolution of marriage and relocation due to employment)
5. Eligible participant(s) must contribute with a minimum initial investment of 1.5% of the sales price.
6. Participant(s) must have sufficient income and credit to qualify for a mortgage loan through a reputable lender.

7. There are some credits issues that applicants must allow for certain time to pass before they can qualify for a DPAP loan. These exceptions are as follows:

- Two years from the date of discharge for a Bankruptcy, Chapter 7 or Chapter 13. (Applicant should have good credit since to qualify for the program)
- Three years from the date of foreclosure. (Applicant should have good credit since to qualify for the program).

8. Applicant's FICO (Fair Isaac Company) score must be 610 or higher.
9. Participant(s) must occupy the property as a principal residence. This means that the participant(s) household must use the property as its primary place of residence.

**Note:** Use of the property for rental purposes, including temporary leases, is not allowed and, if at any time during the loan term, the property is no longer the principal residence of the participant(s), the loan will become immediately due and payable in full. The loan documents (loan agreement, deed of trust, promissory note) executed by the City and the participant(s) will incorporate this requirement. The property must be occupied within 60 days of loan closing.

*When making eligibility decisions, only the household composition, employment data, or other relevant information as presented in the original DPAP application will be considered. Applicants will not be allowed to make any material changes in the DPAP application in an attempt to reverse a City loan denial.*

ATTACHMENT "A"

---

**LOCAL RESIDENCY REQUIREMENT**

---

In order to be eligible to apply for the Down Payment Assistance Program, the applicant must meet the income eligibility requirements and must have:

- resided in the City of Modesto, including unincorporated areas, with a Modesto address, for the past six (6) consecutive months, or
- resided in the City of Modesto's sphere of influence, with a Modesto address, for the past six (6) consecutive months, or
- been employed in The City of Modesto for the past six (6) consecutive months.

---

**ELIGIBLE HOMES**

---

Homes considered for purchase with a City DPAP loan must meet the following requirements:

1. The home to be purchased must be owner-occupied, vacant or occupied by the tenant making the purchase.  
  
*Homes are considered vacant if they have been unoccupied for at least 6 months prior to date that the purchase agreement was signed. Acquisition of a house must not result in the displacement of any tenants residing in the unit. DPAP loans cannot be used to assist in the purchase of tenant-occupied properties, unless the tenant is to be the purchaser.*
2. A professional home inspector must inspect the property. Items identified as potential health or safety risks to the occupants must be corrected prior to any commitment of City funds. Also, any

housing code violations as determined by a professional property inspector must be corrected if they are determined to pose a health or safety risk.

3. The purchase price of the home must not exceed the current FHA Mortgage limits.
4. The property must be appraised by a licensed real estate appraiser and the appraised value of the property must equal or exceed the purchase price.
5. Houses built prior to January 1978 must be inspected for lead-based paint by a Certified Risk Assessor/ Inspector. Proof of corrections or of passing must be provided to the City prior to any commitment of City funds.

*The City can refuse to participate in the purchase of homes that are clearly not in good repair, determined to contain illegal additions or conversions, or if lead-based paint is found on the property (common in homes built before 1978) and the hazard is not properly abated.*

---

**COMBINING THE DPAP LOAN WITH OTHER PROGRAMS AND SUBSIDIES**

---

The DPAP loan may also be combined with other homebuyer programs and subsidies, such as approved sweat-equity programs, FHA 203K loans, HUD homes, Stanislaus County public facilities fees (PFF) waivers/deferrals, City of Modesto CFF waivers/ deferrals, and ADDI Program. Homebuyers are encouraged to request that participating lenders apply for PFF waivers/deferrals on their behalf, since such studies may allow homebuyers to qualify for a higher mortgage.

ATTACHMENT "A"

---

**ASSETS LIMITS**

---

A household's assets (i.e., cash or non-cash items that can be converted to cash) are recognized when determining program eligibility and need for assistance. Households can have no more than \$15,000 in liquid assets to be eligible for the program. Should the household's assets be greater than \$15,000, the household is not eligible to participate. Also, ownership of any real estate asset will disqualify an applicant from participating in the program. Examples of assets to be considered include:

- Savings account and the average 6-month balance of checking account(s).
- Stocks, bonds, certificates of deposit, money market funds, and other investment funds.
- Inheritance, lump-sum insurance payments, already received.
- Settlements for personal or property damage already received.
- Cash value of trusts that are available to the household.
- Marketable securities, stocks, bonds and other forms of capital investment, including tax-exempt securities other than an Individual Retirement or Keogh plans.
- Contributions to company retirement/pension funds that can be withdrawn without retiring or terminating employment.
- Assets that, although owned by more than one person, allow unrestricted access by the applicant.
- Lump-sum receipts such as inheritances, jewelry, coin collections, antique cars, capital gains, etc.

- Personal property held as investment such as gems, jewelry, coin collections, etc.
- Cash value of life insurance policies.

---

**CLOSING COST AND FIRST MORTGAGE LOAN TYPE LIMITATIONS**

---

DPAP loans may be used to cover all reasonable closing costs the buyer is responsible for paying. Examples (list not inclusive) include:

- Loan origination fee
- loan discount fee,
- appraisal fee,
- title report/insurance,
- credit report,
- pre-pays,
- professional home inspections, and other normal settlement charges.

**Reimbursement for loan origination fee is limited to 1 percent (of base loan) and reimbursement for loan discount fee is limited to actual cost** (applies to CHFA 1-year to 3-year buy-downs only). DPAP loans cannot be used to pay off previous debts incurred by the buyer.

ATTACHMENT "A"

**DPAP loans cannot be used with variable rate loans** (first mortgage) or used to pay discount points on 3-2-1 interest-rate buy-downs. The only buy-downs allowed under the DPAP program are (1) one-year to (3) three-year interest rate buy-downs under the CHFA program, and (2) interest-rate buy-downs that offer a permanent rate reduction for the life of the first mortgage loan. Lenders must submit a copy of the buy-down agreement and calculation showing the actual cost of the interest rate buy-down. All loans must be delivered at par with no rebate or overage to the originator.

---

**CO-SIGNER RESTRICTIONS**

---

The City loan shall not be used to assist in the purchase of any home in which ownership in the property is granted to any party other than the borrower(s) (participant) approved by the City loan. In some instances, the first mortgage lender may require a co-signer as a condition of the participant's loan approval. When co-signers are required, such co-signers cannot hold title to the property being purchased with DPAP assistance. Co-signers must sign the City's Promissory Note, as they, along with the borrower(s), will be held equally responsible for repayment of the City loan. Co-signers, as used in this section, are non-household members. As such, co-signers' income and other criteria (e.g., real estate ownership) are not considered in determining the household's eligibility. The City reserves the right to request co-signer information supplied to the first mortgage lender as part of the loan application.

---

**HOMEBUYER COUNSELING WORKSHOP**

---

Program participants will be required to complete a homebuyer-counseling workshop from an agency approved by the City.

The purpose of the workshop is to provide the homebuyer with step-by-step guidance to successfully purchase and maintain ownership of a home.

The workshop also helps homebuyers by educating them on how to obtain mortgage financing they can afford. Subjects covered include shopping for a home, shopping for a mortgage loan, home maintenance, and budgeting, and on-going financial costs.

The workshop provider upon the participant's completion of the class will issue a certificate of completion. Participant must present the certificate (evidence of program completion) to the City of Modesto for inclusion in the City DPAP loan application. The workshop provider may charge participants a nominal fee. This fee is non-refundable and is not reimbursable as an eligible closing cost.

---

**PROFESSIONAL HOME INSPECTION**

---

To give homebuyers a better understanding of the quality and condition of their future home, the City requires that all existing homes considered for purchase have a professional home inspection.

Real estate purchase agreements must contain a 17-days right of rescission to review the results of the home inspection.

Professional home inspections generally cover the inspection of items such as the home's foundation, drainage, attic, crawl space, electrical systems, walls, heating, floors, roof, tiling, painting, siding, plumbing, insulation, porches, patios, decks, hot water heaters, fireplaces, kitchens, appliances, garages, baths, overview of the site, landscaping, retaining walls, and fences.

Participants will be required to select and pay for the home inspection up front.

ATTACHMENT "A"

---

**CONDITIONS FOR DISBURSING FUNDS**

---

Before disbursing any funds the homebuyer must:

1. Meet all the Down Payment Assistance Program eligibility requirements.
2. Execute City loan documents (loan agreement, promissory note, subordinate trust deed) assuring compliance with the applicable requirements of the program.
3. Meet all the conditions outlined in the City conditional letter of credit.
4. Submit all the documents required by the City of Modesto.
5. Secure permanent financing (first mortgage).

---

**APPLICATION PROCESS**

---

1. Prospective homebuyer (Participant) contacts City of Modesto, Parks, Recreation and Neighborhoods, at (209) 577-5247 to see if they meet basic program qualifications. Participant completes homebuyer-counseling workshop and has the voucher certified by a workshop provider.
2. Participant must provide to the City a Certificate of Completion of the homebuyer-counseling workshop.
3. Participant works with a lender to apply for a first mortgage and to complete a DPAP application. While qualifying the participant for a first mortgage, the lender will also assist them in completing the

DPAP application, verify the information, and submit the complete loan application package to the City for approval.

4. Staff will review application and prepare proper documents to submit loan to the Housing Rehabilitation Loan Committee (HRLC) for pre-qualification.
5. Participant shops for a home. A real estate agent can assist participant in selecting a home, and will execute a purchase contract and determine if household has adequate resources to qualify for a loan. The purchase offer will allow for a 17-day review of home inspection report. Participant is not obligated to use the lender referred to by the real estate agent. Any reputable lender can participate in the program.
6. Upon approval of the DPAP application, the City will issue a conditional letter of commitment good for 45 days from the date of issuance.
7. Staff will prepare the necessary loan documents for the silent subordinate mortgage.
8. Staff will schedule an appointment and will meet with applicant(s) to sign loan documents.
9. The down payment assistance funds will be provided to a title company at escrow, to be applied toward the purchase of the home.
10. Escrow agent shall record the City's Deed of Trust, the Declaration of Conditions, Covenants and Restrictions and send certified documents to the City of Modesto within seven (7) working days from the date of closure.

ATTACHMENT "A"

- 11. If there are any cancellations or disqualifications of the first mortgage loan the lender shall immediately notify the City in writing and shall include the reason for this action.
- 12. Any material change in income, assets, household composition, or other eligibility determination occurring after application, but prior to closing, shall be immediately reported to the lender and the City for review.

---

**RECERTIFICATION**

---

- 1. Annual:
  - Borrower shall be required to submit an annual affidavit of occupancy;
  - Lender shall, upon receipt provide, City with any Notice of Default on taxes;
  - City shall be named as a beneficiary on hazard insurance policies and shall be notified of modifications or cancellations of insurance coverage.
- 2. Periodic Recertification:
  - The City may require periodic recertification other than at annual where change in occupancy or other circumstances may necessitate and eligibility review.

---

**VIOLATIONS AND PENALTIES**

---

The acceleration clause shall be invoked if the borrower willfully and knowingly makes a false statement or representation, or knowingly fails to

disclose a material fact for the purpose of qualifying for the program, or, in completing certifications, affidavits, or recertification documents. The City shall demand full repayment of principal and interest rate from the date of violation.

---

**DEBT RATIO'S GUIDELINES**

---

Following are the two types of debt ratios the City of Modesto will use:

- **Front-End Ratio:** The standard guideline is 31%. The front-end ratio is the gross income divided by the new PITI (Principal, interest, taxes and insurance). Homeowners Association (HOA), mortgage payment.

The typical debts used to determine the qualifying front-end ratios are the current and or future house payment.

- **Back-end ratio:** The standard guideline is 43%. This is the gross income divided by the new PITI mortgage payment and also the minimum monthly payments from the applicant's liabilities.

The typical debts used to determine the qualifying back-end ratio's are the minimum required monthly payments on all of the following:

- Auto loans
- Student loans
- Personal loans
- Charge cards
- Child Support

ATTACHMENT "A"

- o Alimony
- o Federal Tax Lien Repayment Schedules

Ratios in excess of 41% will be considered on an exception basis depending upon the overall strength of the application.

**DETERMINING ANNUAL INCOME**

Section 8 income guidelines are used to calculate annual income to determine program eligibility. Annual income is defined as the "gross" amount of income of *all* adult household members, which are anticipated to be received during the coming 12-month period. The following definitions are key to understanding the requirements for calculating Annual Income.

1. **Gross amount.** For those types of income counted, gross amounts (before any deductions have been taken) are used.
2. **Income of all adult household members.** The definition of Annual Income contains income "inclusions"—types of income to be counted—and income "exclusions"—types of income that are not considered (e.g., income of minors); and
3. **Anticipated to be received.** Annual income is used to determine eligibility and a household's expected ability to pay, rather than past earnings, are used to estimate housing assistance needs.

Annual gross income shall be determined in accordance with the Code of Federal Regulations (CFR), Title 24, Part 5, Section 5.609(b)

24 CFR PART 5 ANNUAL INCOME INCLUSIONS AND EXCLUSIONS

*The following items shall be **included** in determining Annual Income:*

1. All wages and salaries, overtime pay, commissions, fees, tips and bonuses, and other compensation for personal services (before any payroll deduction);
2. Net income from the operation of a business or profession;
3. Interest, dividends, and other net income of any kind from real or personal property. Income shall include the greater of the actual income derived from all assets or a percentage of such assets based on the current passbook saving rate, as determined by HUD.
4. Lottery winnings paid in periodic payments.
5. All gross periodic payments received from Social Security, annuities, insurance policies, retirement funds, pension, disability or death benefits, and other similar types of periodic receipts, including a lump-sum payment for the delayed start of a periodic payment (except Social Security).
6. Payments in lieu of earnings such as unemployment, worker's compensation and severance pay;
7. Welfare assistance;
8. Periodic and determinable allowances, such as alimony and child support payments, and regular contributions or gifts received from persons not residing in the dwelling;
9. All regular pay, special pay, and allowances of a member of the Armed Forces.

*The following items shall be **excluded** in determining Annual Income:*

1. Income from employment of children (including foster children) under the age of 18 years.

ATTACHMENT "A"

2. Payment received for the care of foster children.
3. Lump-sum additions to family assets, such as inheritances, insurance payments (including payments under health and accident insurance and workers compensation), capital gains and settlement for personal or property losses.
4. Amounts received by the family that are specifically for, or in reimbursement of the cost of medical expenses for any family member.
5. Income of a live-in aide.
6. Amounts of educational scholarships paid directly to the student or to the educational institution, and amounts paid by the government to a veteran, for use in meeting the costs of tuition, fees, books, equipment, material, supplies, transportation, and miscellaneous personal expenses of the student.
7. The special pay to a family member serving in the armed forces who is exposed to hostile fire.
8. Amounts received under training programs funded by HUD.
9. Temporary, nonrecurring, or sporadic income (including gifts).
10. Lump sum payment of SSI and Social Security benefits.
11. Amounts specifically excluded by any other Federal statute from consideration as income for purposes of determining eligibility or benefits under a category of assistance programs that includes assistance under the 1937 Act.

---

**DOCUMENTS NEEDED TO PRE-QUALIFY FOR THE DPAP**

---

The loan approval process depends on the applicant's documentation. To insure a smooth transaction, it is imperative that the applicants have all their documents gathered prior to the initial loan application. Following is a list of all the documents they will need.

**1. Down Payment Assistance Application**

**2. Employment Information:**

- Most recent two years complete tax returns with all schedules.
- Most recent two years W-2's, 1099's, etc.
- Most recent pay stubs covering one-month period.
- Verification of Employment for all adults wage earners in the applicant's household.
- *If applicable:* Self-employed will need three years tax returns and YTD Profit & Loss Statement.
- *If applicable:* Statement under penalty of perjury of unemployment status for unemployed adults.
- 

**3. Savings Information:**

- Most recent three months complete bank statements for any and all accounts with all pages.
- Most recent statement from retirement, 401k, mutual funds, money market, stocks, etc.
- If you are receiving a "gift", you must provide the complete paper trail of the money's being given to you. Typically we will need the person's bank statement that is giving you the money.
- Documentation of other income sources and asset information.

**4. Credit information:**

- Most recent statements from your bills, indicating minimum payment and account numbers.

## ATTACHMENT "A"

- Name, address and phone number of your landlord or 12 months cancelled rent checks.
- *If applicable:* should you have no credit. Copies of your most recent utility bills, cell phone bills and letters from the utility companies addressing your payment history will be needed.
- *If applicable:* copy of complete Bankruptcy and discharge papers.
- *If applicable:* if you co-signed for a mortgage, car, credit card, etc. need 12 months cancelled checks, front and rear, indicating you are not making payments.
- Copy of drivers license
- Copy of Social security card
- *If applicable:* Copy of complete Divorce, Palimony, Alimony papers
- *If applicable:* copy of green card or work permit

### 5. First Mortgage Loan Documents

- Copy of Credit Reports (for each adult applicant). First Mortgage loan application, signed by lender and applicant
- Good Faith Estimate of settlement charges.
- Truth in Lending Disclosure Statement.
- Mortgage Credit Analysis worksheet.
- *If applicable:* for FHA loans include case number.
- *If applicable:* Copy of CHFA Buy down agreement.

---

### DOCUMENTS NEEDED AFTER PRE-QUALIFICATION

---

After pre-qualifying for the DPAP and before disbursement of funds, applicant(s) have 30 days to submit the following documentation:

#### 1. First Mortgage Loan Documents

- Copy of the California Residential Purchase Agreement and Joint Escrow Instructions signed by the buyer and the seller. If applicable copy of the attachments/ amendments.
- Copy of current appraisal and legal description.
- First Mortgage approval letter with any conditions attached.

#### 2. Reports

- Home Inspection Report
- Termite Pest Control Report
- If the home was built before 1978 please submit a Lead Based Paint Inspection Report.

**NOTE:** The mortgage lender must submit the HUD-1 report to the City of Modesto within 5 days of closing of escrow.

---

### EQUAL CREDIT OPPORTUNITY ACT

---

This Down Payment Assistance Program will be implemented in ways consistent with the City of Modesto's commitment to Fair Housing. No person shall be excluded from participation in, denied the benefits of, or be subjected to discrimination under the program on the basis of race, color, ancestry, religion, sex, marital status, physical or mental disability (including AIDS and HIV diagnosis), national origin, familial status (children), age, sexual orientation, source of income or other arbitrary reason.

---

### CONFLICT OF INTEREST

---

In accordance with title 24, Section 570.611 of the Code of the Federal Regulations, no member of the governing body and no official, employee or agent of the local government, nor any other person who exercises policy or decision-making responsibilities (including members of the loan committee and officers, employees and agents of the loan committee, the administrative agent, contractors and similar agencies) in connection with the planning and implementation of the program shall directly or indirectly be eligible for this program.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-292**

**A RESOLUTION APPROVING THE DRAFT REQUIREMENTS FOR THE CITY OF  
MODESTO FIRST TIME HOMEBUYER MORTGAGE ASSISTANCE PROGRAM,  
FUNDED THROUGH STATE CALHOME FUNDS**

WHEREAS, on October 3, 2003, the City of Modesto submitted an application to the State Department of Housing and Community Development applying for a \$300,000 grant to fund the City's First Time Homebuyer Mortgage Assistance Program, funded through State CalHome funds, and

WHEREAS, on February 4, 2004, staff was notified that the City of Modesto was awarded \$300,000, and

WHEREAS, CalHome requires that each City develop the guidelines for this program based on CalHome regulations; a draft of the guidelines have been submitted and approved by the Department of Housing and Community Development, and

WHEREAS, the pertinent areas of this program are:

1. CalHome funds may be used only to provide secondary mortgage assistance in connection with a primary loan to purchase a principal place of residence.
2. The maximum loan amount for households earning up to the 80% of the area median income (AMI) is up to \$60,000.
3. Principal and interest payments shall be deferred for the term of the loan.
4. The CalHome loan shall be repaid upon sale, transfer or lease of the property, borrower's failure to occupy the property as their principal place of residence, maturity date or default of the loan.
5. The term of the loan shall be for 30 years.
6. No initial investment is required to receive the CalHome funds.
7. Loan to Value shall not exceed 100% plus 5% of the sales price to cover closing cost.
8. The interest rate shall accrue at a 3% simple fixed interest per year.

and,

WHEREAS, the Housing Rehabilitation Loan Committee met on April 14, 2005, and the Citizens Housing and Community Development Committee met on May 6, 2005, and approved staff's recommendations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the draft guidelines for the City of Modesto First Time Homebuyer Mortgage Assistance Program funded through State CalHome funds as shown on Attachment "B", attached hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

AYES: Councilmembers: Dunbar, Hawn, Jackman, Keating, Marsh, O'Bryant, Mayor Ridenour

NOES: Councilmembers: None

**City of Modesto  
CalHome Program Requirements**

**1. Overview**

The State of California CalHome Program is one of the funding sources providing assistance to eligible Borrowers under this program.

**2. Eligible Use of Funds**

CalHome funds may be use only for the provision of permanent secondary mortgage assistance to first time homebuyers in connection with a new primary mortgage loan for the purchase of a principal place of residence.

**3. Ineligible Uses of Funds**

CalHome funds may not be use for:

- a. Refinancing existing loans
- b. Recurring loan costs
- c. Payoff of all or any portion of a Borrower's consumer debt, liens or judgments.

**4. Eligible Households**

1. To be eligible to receive CalHome funds an applicant household must:

- a. Be a very-low or low- income household (80% or less of the area median income as adjusted for household size) when considering the gross income of all household residents 18 years old or older.

- i) Gross income is as defined in the California Code of Regulations (CCR), Title 25, Section 6914 and is: "The anticipated income of a person or family for the 12 month period following the date of determination of income."

- ii) Lender shall determine annual gross income in accordance with the CCR, Title 25, Section 6914.

- b. Include as Borrowers all persons who will be or are on title to the property.

- c. Be a first time homebuyer and occupy the property as principal place of Residence.

2. The following individual or individuals may not be excluded from consideration as a first time homebuyer under this section:

- a. A displaced homemaker, who, while a homemaker, owned a house with his or her spouse or resided in a house owned by the spouse. A displaced homemaker is an adult who has not, within the preceding two years, worked

on a full-time basis as a member of the labor force for a consecutive twelve-month period and who has been unemployed or underemployed, experienced difficulty in obtaining or upgrading employment and worked primarily without remuneration to care for his or her home and family;

- b. A single parent who, while married owned a house with his or her spouse or resided in a house owned by the spouse. A single parent is an individual who is unmarried or legally separated from a spouse and has one or more minor children for whom the individual has custody or joint custody or is pregnant; or
- c. An individual or individuals who owns or owned, as a principal place of residence during the three-year period before the purchase of a house with CalHome assistance, a dwelling unit whose structure is:
  - 1) Not permanently affixed to a permanent foundation in accordance with state or local regulations; or
  - 2) Not in compliance with state, local or model building codes and cannot be brought into compliance with such codes for less than the cost of constructing a permanent structure.

**5. Eligible Property**

- 1. Property purchased with CalHome funds must be located within the City of Modesto limits.
- 2. Property type must be:
  - a. Single-family housing
  - b. Condominium unit; or
  - c. Manufactured housing unit on a permanent foundation
- 3. Eligible property must have the following occupancy characteristics:
  - a. Currently occupied by the owner-seller of the property; or
  - b. Vacant for six months prior to acceptance of a contract to purchase.

**6. Maximum Sales Price / Value Limit**

The maximum sales price/value limit for a home purchased with the assistance of CalHome funds shall be the current FHA mortgage limit of a single family home in Modesto. The FHA mortgage limits are provided by the U.S. Department of Housing and Urban Development.

**7. Maximum Loan Amount**

The maximum loan amount for households earning up to 80% of the area median income (AMI) is up to \$60,000.

Applicant will receive the minimum amount of financing to ensure affordable monthly housing costs as defined by the first mortgage lender (the first lender shall make the largest first loan possible given the ability of the Borrower to repay in order to keep the CalHome loan amount at the minimum amount necessary).

**8. Loan Documentation**

All CalHome loans shall be evidenced by the following documents and provisions:

- a. Promissory Note, payable to the City of Modesto in the principal amount of the loan and stating the terms and rate interest.
- b. Deed of Trust, securing the Note; this deed shall be recorded and shall secure the City's financial interest in the property.
- c. Other appropriate security instruments naming the City of Modesto as beneficiary.

**9. Loan Terms**

1. Security:

- a. CalHome loans shall be secured by the property or leasehold interest, as applicable.
- b. The lien securing repayment of the CalHome loan shall be subject only to liens, encumbrances and other matters of record reviewed and approved by the City.

2. Deferment:

- a. Principal and interest payments shall be deferred for the term of the CalHome loan.

3. Repayment:

- a. The CalHome loan principal and interest shall be repayable upon:
  - 1. Sale, transfer or lease of the property.
  - 2. Borrower's failure to occupy the property as Borrower's principal place of residence (Borrower must certify occupancy annually).

3. The CalHome maturity date.
  4. The maturity date, or full repayment, of any debt secured by lien on the property that is senior to the CalHome deed of trust.
  5. Upon default of the CalHome promissory note, deed of trust or other recorded documents pertaining to the property.
- b. If it is determined by the City that repayment of the loan at maturity will cause a hardship to the Borrower, the City may, at its option, elect to:
1. Approve a one-time additional deferral period of up to 30 years in length at 0% interest, or;
  2. Convert the debt (principal and accrued interest) to a 15 year amortized loan at 0% additional interest.
4. Assumability:
- a. CalHome loans are not assumable.
5. Transfer of Interest Exceptions:
- a. The following transfers of interest shall not require repayment of the CalHome loan:
    1. Transfer to a surviving joint tenant by devise, descent or operation of the law on the death of a joint tenant.
    2. A transfer, in which the transferee is a person who occupies or will occupy the property, which is:
      - i. A transfer in which the spouse becomes an owner of the property.
      - ii. A transfer resulting from a decree of dissolution of marriage, legal separation agreement, or from incidental property settlement agreement by which the spouse becomes an owner of the property.
    3. A transfer into an inter vivos trust in which the Borrower is and remains the beneficiary and occupant of the property.
6. Loan Term:
- a. The CalHome loan term shall be for 30 years, except upon the

occurrence of any condition requiring repayment as noted above.

- b. When the United States Department of Agriculture, Rural Housing Services (ESDA-RHS) 502 mortgage loans are in first lien position; the CalHome loan term shall be the term of the 502 mortgage (30 to 38 years).

**7. Prepayment:**

- a. A Borrower may prepay the CalHome loan, in part or whole, at any time without penalty.

**8. Interest:**

- a. Interest shall accrue at a 3% simple fixed interest per annum.

**9. Restrictions on Sale:**

- a. In any loan transaction in which the CalHome loan is the only secondary financing, the Borrower cannot be restricted from selling the home at its fair market value at any time.
- b. Subsequent buyers, unless assisted with a CalHome loan under this Program, do not need to meet the Eligible Household requirements set forth above.
- c. Resale restrictions required by other secondary financing sources used in conjunction with a CalHome loan shall prevail.

**10. Loan-to-Value Limits**

The loan-to-value (LTV) ratio for a CalHome loan, when combined with all other indebtedness to be secured by the property, shall not exceed 100% of the sales price plus a maximum of up to 5% of the sales price to cover closing cost.

**11. Downpayment**

No downpayment shall be required of an eligible Borrower in order to receive CalHome funds under this program.

**12. First Mortgage Underwriting Requirements**

- 1. In addition to the first mortgage requirements of the primary lender, the following First Time Homebuyer Program requirements shall also apply to first mortgages issued in conjunction with a FTH second mortgage:

- a. Borrower shall obtain the maximum first mortgage loan with a term and interest rate from a mortgage lender consistent with affordable housing costs as defined in herein.
- b. First mortgage loans shall not include provisions for negative amortization, principal increases, balloon payments, deferred interest or temporary buy-downs.
- c. Front End Ratio:
  1. For purposes of qualifying a Borrower for a first mortgage, and as defined herein means the ratio between monthly household income and monthly housing cost, including first mortgage principal, interest, taxes and insurance.
  2. This ratio shall not exceed that set by the primary mortgage lender.
- d. Back End Ratio:
  1. For purposes of qualifying a Borrower for a first mortgage, and as defined herein means the ratio between monthly household income and monthly housing cost plus all payments on long-term installment debt.
  2. This ratio shall not exceed that set by the primary mortgage lender.
- e. Credit Worthiness Criteria:
  1. Borrower's FICO (Fair Isaac Company) score must be 610 or higher.

**13. Appraisal**

1. Prior to close of escrow an appraisal which meets must the following criteria must be obtained:
  - a. The appraisal shall be prepared by a state-licensed residential property appraiser.
  - b. The appraisal shall use the sales of comparable properties approach to determine value.
  - c. Maximum appraised home values at time of purchase shall not exceed the purchase price/value limits established by the State of California Department of Housing and Community Development as published in the latest Notice of Funding Availability (NOFA).

**14. Cash-Out of Escrow**

Borrowers may not receive cash out of escrow from any loan package containing secondary CalHome financing.

**15. Title Insurance**

The Borrower shall provide the City of Modesto with an ALTA title insurance policy in the amount of the CalHome loan at Borrower's expense.

**16. Hazard Insurance**

1. Borrower must provide and maintain fire and flood (if the property is located in a 100 year floodplain) insurance in an amount at least equal to the replacement value of the improvements.
2. The City of Modesto must be named as an additional loss payee on the policy.

**17. Financing Subordinate to CalHome Loans**

1. Fees and/or charges for subordinate loan financing shall be consistent with reasonable loan origination fees for first mortgage financing as determine by the City based on industry standards.
2. Balloon payments due before the maturity date of the CalHome loan are not permitted.
3. All subordinate financing shall defer principal and interest payments for the term of the CalHome loan.

**18. Homebuyer Education**

1. Borrowers will be required to complete a Homebuyers Education Workshop from an Agency approved by the City.
2. The purpose of the workshop is to provide the Borrower with a step-by-step guidance to successfully purchase and maintain ownership of a home. The workshop also helps homebuyers by educating them how to obtain mortgage financing they can afford. Subjects covered in the workshop include shopping for a home, shopping for a mortgage loan, home maintenance, budgeting, and ongoing financial cost.
3. The workshop provider upon the Borrower's completion of the class will issue a Certificate of Completion. The Borrower must present the Certificate to the City for inclusion in the loan application.
4. City may, at its option, request a grant from the Department of Housing and

Community Development for providing homebuyer education to Borrowers up to the maximum amount as published in the latest NOFA. The sum of loans made under this Program plus grants received may not exceed the total funding made available to City under the terms of the Standard Agreement between the City and the Department.

**19. Re-Use Account**

1. All repayments of CalHome loan principal and interest shall be received by the City and deposited into a separate reuse account maintained by City's Finance Department.
2. The reuse account shall be an interest bearing account into which all earned interest shall be deposited.
3. All funds deposited into the reuse account shall be the property of the City.
4. A line item for reuse of CalHome funds will be inserted into City's fiscal year budget allocating and approving use of funds for CalHome eligible activities.
5. All reuse funds shall be expended in accordance with the CalHome Regulations and the Standard Agreement between the City and the Department. Reuse funds may be used for:
  - a. Additional CalHome mortgage assistance.
  - b. Costs of homebuyer education for each first time homebuyer receiving mortgage assistance from the reuse account.
  - c. CalHome loan processing activity delivery fees as applicable.
  - d. Cost (up to 5% of the reuse funds deposited) of loan servicing contracted by City.
6. City shall allow the Department full access to the reuse account records for the purpose of determining City's compliance with CalHome Regulations.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-293**

**A RESOLUTION APPROVING THE GUIDELINES FOR THE CITY OF MODESTO  
AMERICAN DREAM DOWN PAYMENT ASSISTANCE INITIATIVE (ADDI)  
PROGRAM, FUNDED THROUGH HOME FUNDS**

WHEREAS, the American Dream Down Payment Assistance Initiative (ADDI) was signed into law by President Bush on December 16, 2003, under the American Dream Down Payment Act (Public Law 108-186) (ADDI statute), and

WHEREAS, these funds were allocated to participating HOME program jurisdictions to assist low-income families become first-time homebuyers, and

WHEREAS, staff developed the guidelines for this program based on the ADDI regulations found in 24CFR Part 92.600 (Subpart M of the HOME Rule), and

WHEREAS, the pertinent areas of this program are:

1. Under ADDI, the definition of a “first-time homebuyer” is an individual (and his or her spouse) who have not owned a home during the three year period prior to purchase of a home with assistance under ADDI.
2. The unit must be a single-family residence, condominium unit, cooperative unit, or manufactured housing on its own lot and affixed to a permanent foundation.
3. The amount of ADDI assistance provided to any low-income family cannot exceed the greater of 6% of the purchase price of a single family housing unit or \$10,000.
4. The loans are 0% interest.
5. Repayment is required upon the sale, refinance, and transfer of the property or the maturity of the loan.
6. Household annual gross income must not exceed the maximum income level provided by the U.S. Department of Urban and Housing Development.

and,

WHEREAS, the Housing Rehabilitation Loan Committee met on April 14, 2005, and the Citizens Housing and Community Development Committee met on May 6, 2005, and approved staff's recommendations,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council hereby approves the guidelines for the City of Modesto American Dream Down payment Assistance Initiative (ADDI) funded through HOME funds as shown on Attachment "C", attached hereto and incorporated herein by reference.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**Attachment C**  
**City of Modesto**  
**HOME**  
**American Dream Down Payment Initiative (ADDI)**

**Purpose of the Program:**

The American Dream Down Payment Initiative provides down payment assistance towards the purchase of single family housing to eligible households who are first-time homebuyers.

**Assistance:**

The assistance is provided in the form of a deferred loan and will be secured by a deed of trust.

The amount of ADDI assistance provided to any low-income family cannot exceed the greater of six percent of the purchase price of a single family housing unit or \$10,000.00.

The loan could be used in combination with other down payment assistance provided by the City of Modesto and can be recorded in third position if necessary.

**Benefits:**

Benefits of this Program include:

- No monthly payments.
- 0% interest.
- Lower housing payments.
- Reduce debt-to-income ratio makes it easier to qualify for a home loan with a private lender.
- Repayment only upon the sale, refinance, transfer of the property or maturity of the loan.
- Tax write-offs in the form of interest deductions.
- Property value appreciation and accumulation of equity.

**Eligibility:**

***Applicant Criteria:***

- Household annual gross income cannot exceed the maximum income level (See chart below)

<b>HOUSEHOLD SIZE</b>	<b>INCOME LIMIT</b>	<b>HOUSEHOLD SIZE</b>	<b>INCOME LIMIT</b>
1 Person	\$29,500	5 Person	\$45,550
2 Person	\$33,750	6 Person	\$48,900
3 Person	\$37,950	7 Person	\$52,300
4 Person	\$42,150	8 Person	\$55,650

## Attachment C

FY-2005 Income limits subject to change

- Applicant must live in the City of Modesto, including unincorporated areas/sphere of influence, with a Modesto address, for the past six (6) consecutive months, or been employed in the City of Modesto for the past six (6) consecutive months.
- Participant(s) must complete a homebuyer-counseling workshop from an agency approved by the City, prior to participating in the program.
- Participant(s) or any household member cannot have owned a home during the three-year period prior to the purchase of a home with assistance under ADDI.
- Eligible participant(s) earning up to 80% of the Area Median Income must contribute with a minimum initial investment of 1.5% of the sales price.
- Maximum loan amount must not exceed the FHA mortgage limits established for the City.

### ***Property Criteria:***

- The home to be purchased must be owner-occupied, vacant or occupied by the tenant making the purchase.  
*Homes are considered vacant if they have been unoccupied for at least 6 months prior to date that the purchase agreement was signed. Acquisition of a house must not result in the displacement of any tenants residing in the unit. DPAP loans cannot be used to assist in the purchase of tenant-occupied properties, unless the tenant is to be the purchaser.*
- Participant(s) must occupy the property as a principal residence. This means that the participant(s) household must use the property as its primary place of residence.  
***Note:** Use of the property for rental purposes, including temporary leases, is not allowed and, if at any time during the loan term, the property is no longer the principal residence of the participant(s), the loan will become immediately due and payable in full. The loan documents (loan agreement, deed of trust, promissory note) executed by the City and the participant(s) will incorporate this requirement. The property must be occupied within 60 days of loan closing.*
- The unit must be a single-family residence, condominium unit, cooperative unit, or manufactured housing on its own lot and affixed to a permanent foundation.
- The property must be located in a residentially zoned area within the city limits.

## Attachment C

- The home must undergo a professional property inspection. If the home was built prior to 1978, a Lead Based Paint inspection is also required.

*The City can refuse to participate in the purchase of homes that are clearly not in good repair, determined to contain illegal additions or conversions, or if lead-based paint is found on the property (common in homes built before 1978) and the hazard is not properly abated.*

### **Application Process:**

1. Prospective homebuyer (Participant) contacts City of Modesto, Parks, Recreation and Neighborhoods, at (209) 577-5247 to see if they meet basic program qualifications Participant completes homebuyer-counseling workshop and has the voucher certified by a workshop provider.
2. Participant must provide to the City a Certificate of Completion of the homebuyer-counseling workshop.
3. Participant works with a lender to apply for a first mortgage and to complete a DPAP application. While qualifying the participant for a first mortgage, the lender will also assist them in completing the DPAP application, verify the information, and submit the complete loan application package to the City for approval.
4. Staff will review application and prepare proper documents to submit loan to the loan committee for pre-qualification.
5. Participant shops for a home. A real estate agent can assist participant in selecting a home, and will execute a purchase contract and determine if household has adequate resources to qualify for a loan. The purchase offer will allow for a 17-day review of home inspection report. Participant is not obligated to use the lender referred to by the real estate agent. Any reputable lender can participate in the program.
6. Upon approval of the DPAP application, the City will issue a conditional letter of commitment good for 45 days from the date of issuance.
7. Staff will prepare the necessary loan documents for the silent subordinate mortgage.
8. Staff will schedule an appointment and will meet with applicant(s) to sign loan documents.
9. The down payment assistance funds will be provided to a title company at escrow, to be applied toward the purchase of the home.
10. Escrow agent shall record the City's Deed of Trust, the Declaration of Conditions, Covenants and Restrictions and send original documents to the City of Modesto within seven (7) working days from the date of closure.

### **Attachment C**

11. If there are any cancellations or disqualifications of the first mortgage loan the lender shall immediately notify the City in writing and shall include the reason for this action.
12. Any material change in income, assets, household composition, or other eligibility determination occurring after application, but prior to closing, shall be immediately reported to the lender and the City for review.

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-294**

**A RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND CLEARWIRE LLC, A NEVADA LIMITED LIABILITY COMPANY, FOR A CELLULAR TOWER SITE LOCATED ON A PORTION OF BEYER COMMUNITY PARK, WITH FOUR FIVE-YEAR OPTIONS TO EXTEND THE LEASE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE LEASE AGREEMENT**

WHEREAS, Clearwire LLC (Clearwire), a Nevada limited liability company, desires to lease a cellular tower site located on a portion of Beyer Community Park for a period of five years, with four five-year options to extend the lease, for the installation of phone equipment, and

WHEREAS, the City of Modesto is willing to lease a portion of Beyer Community Park to Clearwire for said use for the sum of \$1,800.00 per month with a rental increase equal to the Consumer Price Index for the San Francisco/Oakland/San Jose Metropolitan Statistical Area (MSA) at the beginning of each renewal period, and

WHEREAS, Clearwire will provide a one-time payment of \$10,000 to be used towards the Parks, Recreation and Neighborhoods Department's Youth Financial Assistance program, and

WHEREAS, Clearwire will collocate on an existing ball field light pole,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Five-Year Lease Agreement between the City of Modesto and Clearwire LLC, a Nevada limited liability company, for a cellular site located on a portion of Beyer Community Park, with four five-year options to extend the lease.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Lease Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-295**

**A RESOLUTION APPROVING A FIVE-YEAR LEASE AGREEMENT BETWEEN THE CITY OF MODESTO AND CLEARWIRE LLC, A NEVADA LIMITED LIABILITY COMPANY, FOR A CELLULAR TOWER SITE LOCATED ON A PORTION OF DAVIS COMMUNITY PARK, WITH FOUR FIVE-YEAR OPTIONS TO EXTEND THE LEASE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE LEASE AGREEMENT**

WHEREAS, Clearwire LLC (Clearwire), a Nevada limited liability company, desires to lease a cellular tower site located on a portion of Davis Community Park for a period of five years, with four five-year options to extend the lease, for the installation of phone equipment, and

WHEREAS, the City of Modesto is willing to lease a portion of Davis Community Park to Clearwire for said use for the sum of \$1,800.00 per month with a rental increase equal to the Consumer Price Index for the San Francisco/Oakland/San Jose Metropolitan Statistical Area (MSA) at the beginning of each renewal period, and

WHEREAS, Clearwire will provide a one-time payment of \$10,000 to be used towards the Parks, Recreation and Neighborhoods Department's Youth Financial Assistance program, and

WHEREAS, Clearwire will collocate on an existing ball field light pole,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that it hereby approves a Five-Year Lease Agreement between the City of Modesto and Clearwire LLC, a Nevada limited liability company, for a cellular site located on a portion of Davis Community Park, with four five-year options to extend the lease.

BE IT FURTHER RESOLVED that the City Manager, or his designee, is hereby authorized to execute the Lease Agreement.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7<sup>th</sup> day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-298**

**A RESOLUTION AMENDING THE CURRENT CAPITAL IMPROVEMENT FY  
2005 BUDGET TO CLOSE CIP PROJECTS 1410-430-N495 (BRIGGSMORE –  
OAKDALE TO ROSELLE), AND 1410-430-A216 (BRIGGSMORE – ROSELLE  
TO CLAUS), RETURN FUNDS TO RESERVE BALANCE, AND RE-  
APPROPRIATE FUNDS TO ESTABLISH 1410-430-H719 (BRIGGSMORE -  
OAKDALE TO CLAUS)**

WHEREAS, the 1410-430-N495 (Briggsmore – Oakdale to Roselle) and 1410-430-A216 (Briggsmore – Roselle to Claus) are current FY2005 Capital Improvement projects, and

WHEREAS, combining the two projects will provide an economy of scale for construction costs, and

WHEREAS, certain budgetary transactions are necessary to combine two projects, and

WHEREAS, the two projects will be closed, taken to CFF Reserves, then re-opened as a new Capital Improvement project 1410-430-H719 (Briggsmore – Oakdale to Claus), and

WHEREAS, once opened as a new Capital Improvement project, a construction contract can be executed to draw from these funds,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Modesto hereby approves funding transfers as set forth herein to provide \$3,279,535 to fully fund the Briggsmore – Oakdale to Claus project.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**MODESTO CITY COUNCIL  
RESOLUTION NO. 2005-299**

**A RESOLUTION FINDING THAT THE PROJECT IS WITHIN THE SCOPE OF  
THE VILLAGE ONE SPECIFIC PLAN (SCH NO. 90020181)**

WHEREAS, on September 11, 1990, the City Council of the City of Modesto certified the Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181), and

WHEREAS, the Public Works Department, by Initial Study, EA/ET 2001-30, reviewed the proposed Briggsmore Avenue Widening – Oakdale Road to Claus Road, and made the determination that the proposed project will have no additional significant effect on the environment that was not identified in the Master Environmental Impact Report (MEIR); and further, that no new or additional mitigation measures or alternatives may be required, and that, therefore, the proposed project is within the scope of the project covered by the MEIR, and

WHEREAS, Section 21157.1 of the Public Resources Code, relating to reviewing subsequent projects for a MEIR, states that the lead agency shall prepare an Initial Study on any proposed subsequent project to analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the MEIR and whether the subsequent project was described in the MEIR as being within the scope of the project,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Modesto that the Council has reviewed and considered the Initial Study prepared for the proposed Briggsmore Avenue Widening – Oakdale Road to Claus Road, a copy of which is

attached hereto as Exhibit “A”, and incorporated herein by reference, and based on the substantial evidence included in said Initial Study makes the following findings:

- A. The proposed Briggsmore Avenue Widening – Oakdale Road to Claus Road is within the scope of the project covered by the Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181).
- B. The proposed construction of Briggsmore Avenue Widening – Oakdale Road to Claus Road will have no new additional significant effect on the environment not addressed in the Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181).
- C. No new or additional mitigation measures are required for the proposed Briggsmore Avenue Widening – Oakdale Road to Claus Road.
- D. No new environmental document or findings pursuant to Section 21081 shall be required by the California Environmental Quality Act (per section 21157.1) for the Farmland Stabilization Initiative.
- E. There are no specific features unique to this proposed Briggsmore Avenue Widening – Oakdale Road to Claus Road that require project specific mitigation measures. All certified mitigation measures identified in the Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181) will apply to all projects within the Village One Specific Plan including this project as appropriate.
- F. This Initial Study provides substantial evidence to support findings “A, B, C, D and E” above.

BE IT FURTHER RESOLVED by the Council of the City of Modesto that the Public Works Director is hereby authorized and directed to file a notice of approval or determination within five (5) business days with the Stanislaus County Clerk pursuant to Section 21152 of the Public Resources Code.

The foregoing resolution was introduced at a regular meeting of the Council of the City of Modesto held on the 7th day of June 2005, by Councilmember Jackman, who moved its adoption, which motion being duly seconded by Councilmember Hawn, was upon roll call carried and the resolution adopted by the following vote:

**Initial Study**

**PURCHASE OF PROPERTY FOR THE  
BRIGGSMORE AVENUE/CLAUS ROAD URBAN INTERCHANGE  
WITHIN THE VILLAGE ONE COMMUNITY FACILITIES DISTRICT**

EA/ET 2001-30  
August 29, 2001

**I. PURPOSE**

On September 11, 1990, the Modesto City Council certified a Final Program Environmental Impact Report for the Village One Specific Plan (SCH# 90020181). This Program EIR analyzed the impacts of build-out of the Village One Specific Plan, which includes the area in which this project is proposed.

Subsequently, on May 24, 1994, the City Council certified a Supplement to the Village One Program EIR. This supplement updated and modified the original EIR.

Sections 15168(c) and 15162 of the CEQA Guidelines allows the approval of subsequent projects within the scope of the Project EIR without further environmental review, provided the following findings are made:

1. The proposed Specific Plan Amendment is consistent with the Modesto Urban Area General Plan.
2. As per Sections 15168(c) and 15182 of the California Environmental Quality Act ("CEQA") Guidelines, the project is within the scope of the projects covered by the Program EIR and no new environmental document or findings are required by CEQA.
3. The project will have no new effects which were not examined in the Village One Specific Plan Program EIR, as amended by the Village One Supplemental EIR ("Program EIR") and no new mitigation measures would be required.
4. There are no substantial changes proposed in the project which will require major revisions of the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
5. There are no substantial changes occurring with respect to the circumstances under which the project is being undertaken which will require major revisions in the Village One Specific Plan Program EIR as amended by the Village One Supplemental EIR.
6. No new information, which was not known and could not have been known at the time the Village One Specific Plan Program EIR was certified as complete, has become available.

7. There are no specific features which are unique to the proposed project that require project specific mitigation measures. Accordingly, the certified mitigation measures identified in the Program EIR will be sufficient for this project.
8. All feasible mitigation measures set forth in the Program EIR which are appropriate to the project shall be incorporated in the project.
9. The Initial Study, Environmental Assessment No. EA/ET 2001-30, provides the substantial evidence to support findings 2-8 noted above.

## **II. PROJECT DESCRIPTION**

- A. Project title:  
Purchase of property for the Briggsmore Avenue/Claus Road Urban Interchange within the Village One Community Facilities District.
- B. Lead agency name and address:  
City of Modesto, PO Box 642, Modesto, CA 95353
- C. Contact person and phone number:  
Dean Phillips, Engineering and Transportation Department, 209 577 5260
- C. Project Location:  
The project is located at the Briggsmore Avenue and Claus Road intersection, within the Village One Specific Plan.
- E. Project Sponsor:  
City of Modesto, 1010 Tenth Street, Modesto, CA 95353
- F. General Plan Designation:  
Village Residential (VR)
- G. Current Zoning:  
Specific Plan-Holding (SP-H) Zone
- H. Description of Proposed Project:  
The purchase of real property located in the Village One Specific Plan Area that is to be improved as the Briggsmore Avenue/Claus Road Urban Interchange totaling 27.84 acres for this acquisition.
- I. Surrounding land uses:  
The project is bounded on the north, south and west by developing single-family subdivisions designated in the Village One Specific Plan for residential development, and on the east by a proposed industrial area.
- J. Other public agencies whose approval is required:  
None

### **III. ANALYSIS OF CONFORMANCE WITH SECTION 15168(C) FINDINGS**

Following is an analysis of how the project is within the scope of the Village One Program EIR and how there are no substantial changes proposed in the project which would require major revisions of the Village One Program EIR, broken down by each impact area identified in the Village One Program EIR:

#### **A. Traffic and Circulation**

Impacts to traffic and circulation are discussed on pages III-40 through III-44 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in land use and intensity. It also provides a circulation system in accordance with the Specific Plan for the Claus Road Expressway. Therefore, impacts to traffic and circulation for this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

#### **B. Degradation of Air Quality**

Impacts to air quality are analyzed on pages III-45 through III-54 of the Supplemental EIR. Air quality impacts for this project are directly related to traffic impacts. Because traffic impacts for this project are within the scope of those in the Village One EIR, air quality impacts are also within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

#### **C. Generation of Noise**

Noise impacts are analyzed on pages III-55 through III-67 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the noise impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

#### **D. Vegetation and Wildlife**

Impacts to vegetation and wildlife are analyzed on pages III-68 through III-79 of the Supplemental EIR. The project is located in an area analyzed by the Village One EIR separating residential and industrial development. Therefore, the impacts to vegetation and wildlife of this project are consistent with the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

#### **E. Land Use**

Land use impacts are analyzed on pages III-80 through III-94 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the land use impacts of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**F. Population, Employment and Housing**

Impacts to population, employment and housing are analyzed on pages III-95 through III-99 of the Supplemental EIR. The land to be acquired is consistent with the Village One Specific Plan in terms of land use and intensity. Therefore, the impacts to population, employment and housing of this project are within the scope of the analysis presented in the Village One Specific Plan Program EIR, as modified by the Supplemental EIR.

**G. Urban Design and Visual Quality**
