Understanding your Medicare Part D

What is Medicare Part D?

Original Medicare Part A (hospital coverage) and Part B (doctor and outpatient care) help pay for some of your health care costs, but they don't cover many prescription drugs. Medicare Part D plans help with prescription drug costs. You can get Part D coverage through a private insurance company, like UnitedHealthcare.

Do I have to enroll in a Medicare Part D plan?

Enrolling in a Part D plan is your choice, but delaying your enrollment could cost you more money in the long run. If you do not enroll in a Part D plan when you first become eligible, you may incur a Late Enrollment Penalty (LEP), which is a late fee Medicare charges if you had 63 days or more without creditable prescription drug coverage. This can happen if:

- You didn't enroll in a Medicare prescription drug plan when you were first eligible
- You didn't have a plan that met Medicare's minimum standards

The LEP is added to your monthly premium every month and billed to you separately by UnitedHealthcare.

When you become a plan member, your former employer or plan sponsor will be asked to confirm that you have had continuous Medicare Part D coverage. **If your former employer or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary Late Enrollment Penalty.**

This plan has a comprehensive drug list to support your health

Even if you don't take any prescription drugs now, you may want to enroll in a Medicare Part D plan. If you don't get it when you're first eligible, you may have to pay a late enrollment penalty if you join a plan later.

Here's how this Medicare Part D plan works

Covered drugs are grouped into tiers

Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

Tier 1: Preferred Generic

Tier 2: Preferred Brand

Tier 3: Non-Preferred Drug

Tier 4: Specialty Tier

Always use network pharmacies

There are thousands of network pharmacies you can go to — including local and national options. Be sure to use a network pharmacy, or the plan may not pay for your prescriptions, except in an emergency. To search for a network pharmacy, visit retiree.uhc.com.

Your plan's drug coverage stages and costs

Initial coverage – You pay a copay or coinsurance (percentage of a drug's total cost) for covered drugs.

Catastrophic coverage – After you and others on your behalf have paid a combined total of \$2,100 for your prescription drugs, you won't pay anything for your Medicare-covered Part D drugs for the rest of the calendar year.

Enjoy the convenience of prescriptions delivered right to your door

Optum® Home Delivery Pharmacy is part of our network.* Optum Home Delivery Pharmacy will send the medications you take regularly right to your door with no cost for standard shipping. Once you have your member ID number, you can save time by registering online at retiree.uhc.com to place your first order, request refills and more.

Get to know your plan

It's important that you understand your plan and what benefits are covered. You can find the Drug List, Pharmacy Directory and more at retiree.uhc.com.

Review the online Drug List to see what prescription drugs are covered

And what drug tier they are in. Generally, the lower the drug tier, the less you'll pay.

Review the online Pharmacy Directory to see what pharmacies are in our network

If your pharmacy is not in the network, you will need to select a new network pharmacy to pay your plan's lowest cost for prescription drugs.

Review the Summary of Benefits in this guide to see how much you'll pay for prescription drugs

You can also review the Summary of Benefits online.

If you're not sure if you are enrolled in Medicare Part B, check with Social Security at ssa.gov/locator or call 1-800-772-1213, TTY 1-800-325-0778, 8 a.m.–7 p.m., Monday–Friday, or call your local office.

You may be disenrolled from this plan if you stop paying your Medicare Part B premium.

You're eligible to enroll in this plan if you:

Are entitled to Medicare Part A and/or enrolled in Medicare Part B.

Continue to pay your Part B premium (unless it's paid for you).

Remember: If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer or plan sponsor.

Prescription drugs

Catastrophic coverage

Once you're in this stage, you won't pay anything for your Medicare-covered Part D drugs for the rest of the plan year.

If your plan includes additional prescription drug coverage, you will continue to pay the cost-sharing amounts from the Initial Coverage stage for those drugs. Please see your Additional Drug Coverage list for more information.

~ You will pay a maximum of \$35 for a 1-month supply of each Part D insulin product covered by our plan. Most adult Part D vaccines are covered at no cost to you.

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor offers drug coverage in addition to your Part D prescription drug benefit. The drug copays in this section are for drugs that are covered by both your Part D benefit and your additional drug coverage. For more information, see your Additional Drug Coverage list. You can also view the Certificate of Coverage at retiree.uhc.com or call Customer Service to have a hard copy sent to you.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

You may qualify for Extra Help from Medicare

Extra Help is a program for people with limited incomes who need help paying Part D premiums, deductibles and copays. There's no penalty for applying, and you can re-apply every year. To see if you qualify for Extra Help, call:

- The Social Security Administration at 1-800-772-1213, TTY 1-800-325-0778
- Your state Medicaid office

The UnitedHealthcare Savings Promise

Drugs with coverage rules or limits are noted in the chart and described below.

QL - Quantity limits

The plan will only cover a certain amount of this drug for one copay or over a certain number of days. These limits can help ensure safe and effective use of the drug.

MME - Morphine Milligram Equivalent

Additional quantity limits may apply to all opioid drugs used to treat pain. This additional limit is called a cumulative Morphine Milligram Equivalent (MME). It's designed to monitor safe dosing levels of opioids for people who may be taking more than one opioid drug for pain management. If your doctor or prescriber prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor or prescriber can ask the plan to cover the additional quantity.

7D - 7-day limit

An opioid drug used to treat pain may be limited to a 7-day supply if you don't have a recent history of using opioids. This limit helps minimize long-term opioid use. If you are new to the plan and have a recent history of using opioids, the pharmacy may override the limit when appropriate.

DL - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.
