

**The MJC Campus Connection** is a 2.2 mile protected bike path that gives students and faculty the opportunity to commute between east and west campuses by bicycle. This is a great way to "go green," get exercise and avoid dealing with parking on or near campus. So don't delay, start commuting by bike today!

**Class IV Bike Route**

Separated bikeways provide a designated path in the roadway exclusively for bicycle travel and are protected from vehicular traffic.

**Planning your Trip**

- Give yourself about 10 to 12 minutes to go from one campus to another
- Bring a water bottle
- When using a crosswalk walk your bike
- Always wear a helmet

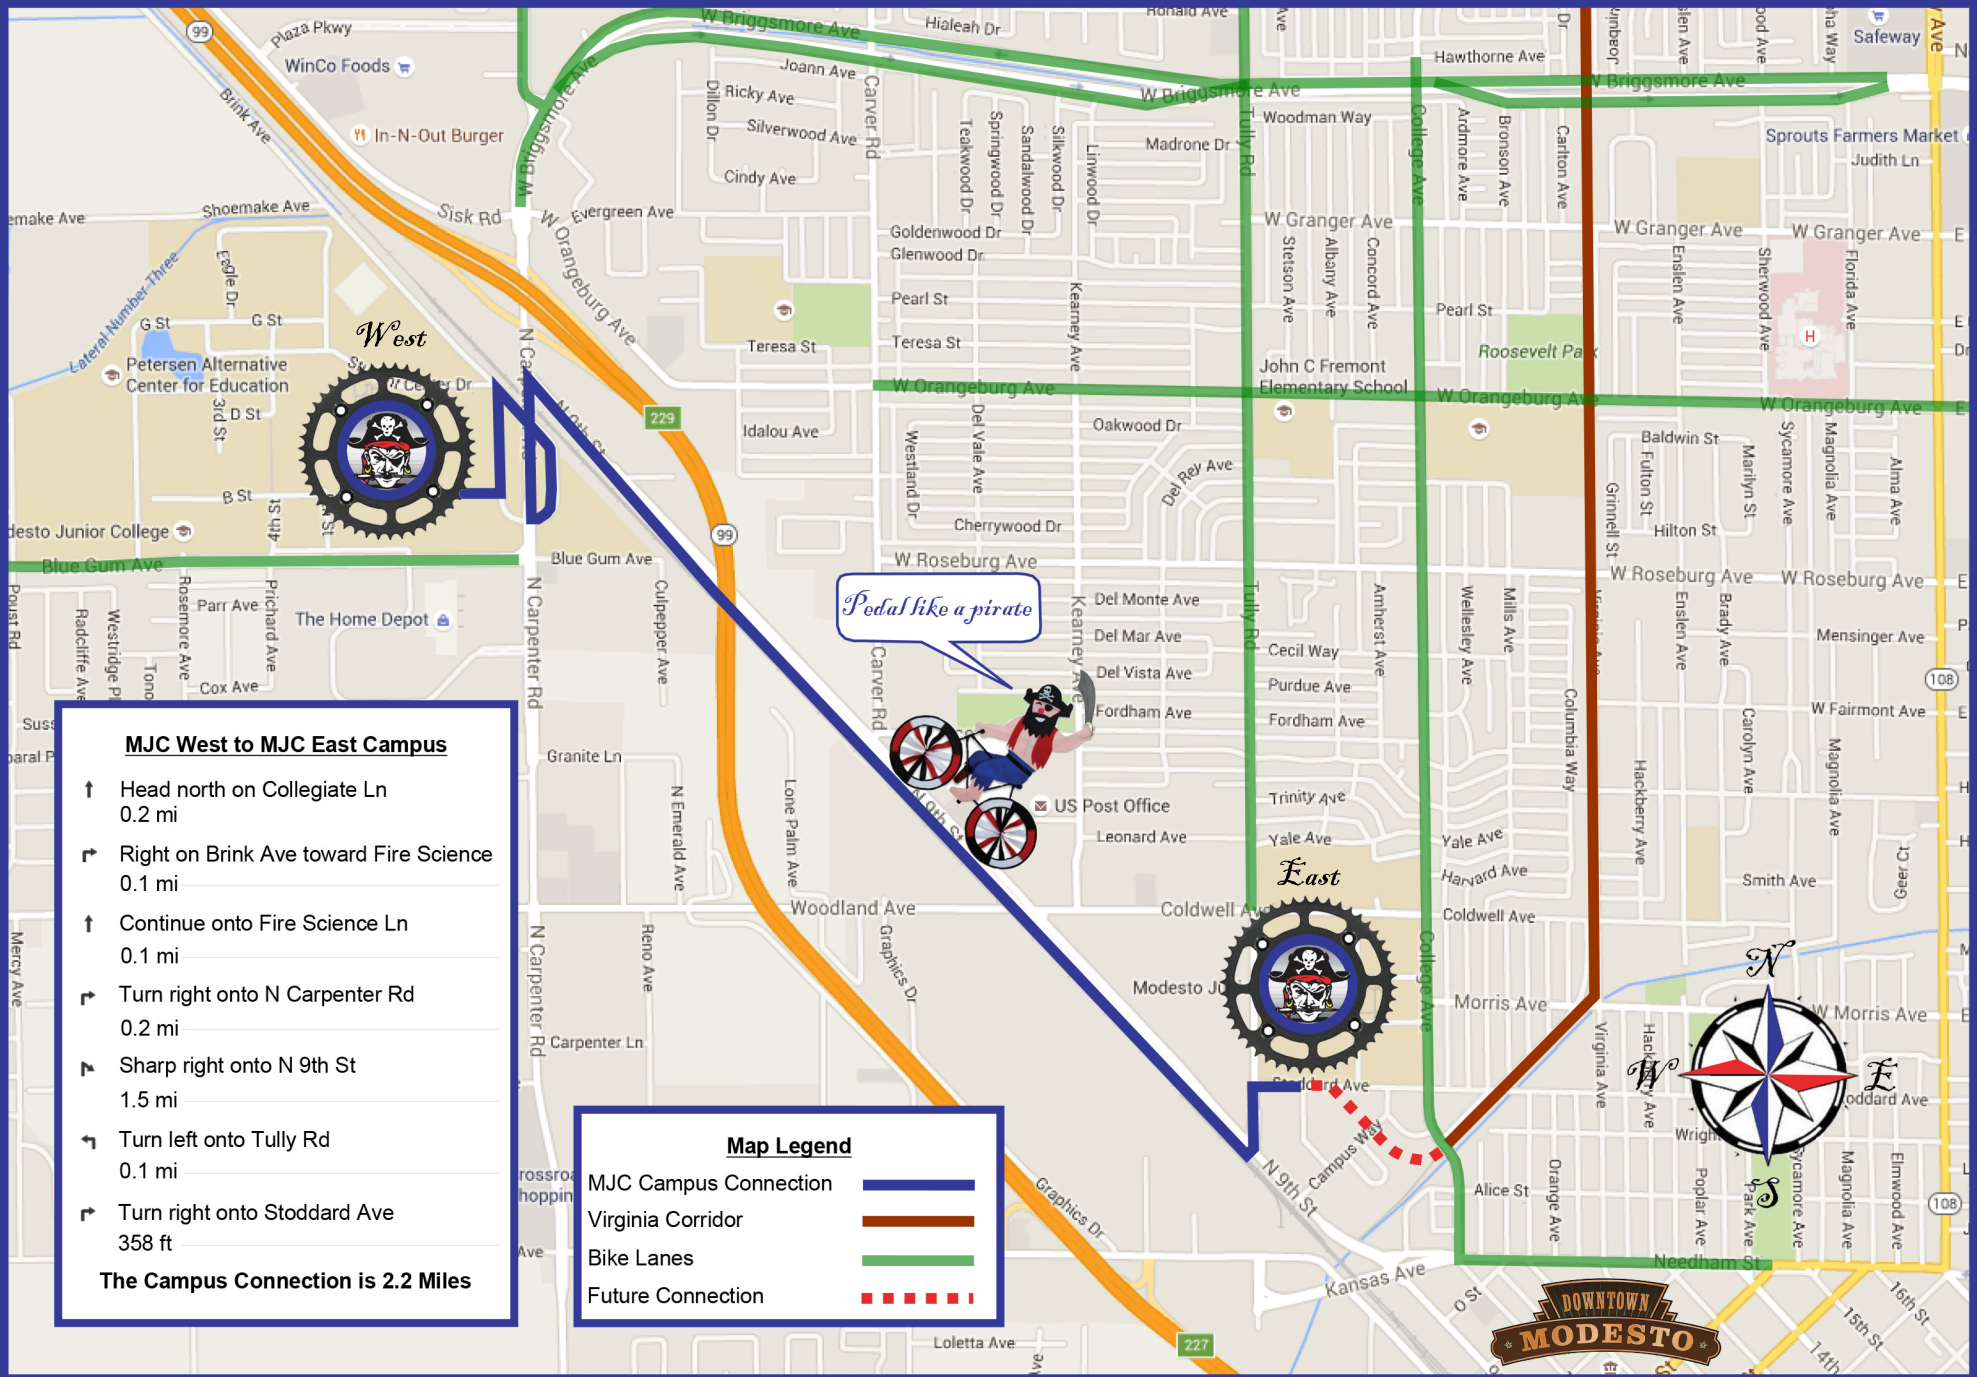

**Bike Route Etiquette**

Be mindful of other cyclists using the two-directional bike path, especially when passing slower cyclists.
