

Turf Replacement Rebate Program and Application

Offer available July 1, 2022 thru June 30, 2023 and subject to fund availability

City of Modesto water customers may be eligible for a \$2 per square foot rebate when they convert their existing grass area with any qualifying artificial turf products or drought tolerant landscape products. The rebate amount may not exceed \$3,000 per residential City of Modesto water account and/or \$6,000 per commercial City of Modesto water account. Funding is limited and applications will be accepted on a first come, first served basis. The City reserves the right to terminate this program at any time and for any reason.

Outdoor landscaping is the single largest use of water in a typical California home or business. In most yards, grass consumes the most water, therefore reducing or eliminating how much grass you have can significantly reduce your water use.
